

DEFENSE HITS HARD

PINKERTON REPORTS ADMITTED AS EVIDENCE.

THEY ADVISED STRIKE

Gratias Manipulated Relief Funds of Miners to Create a Sentiment Against Haywood.

By Associated Press.
Boise, Idaho, July 1.—On the opening of court this morning in the Haywood trial, Morris Friedman was recalled to the stand by the defense. He identified many reports from the secret operatives, which he said he made copies of while in the Pinkerton office. He also identified thirty letters, said to have been written by James McPartland, superintendent of the Pinkertons in the West, and records of several of the operatives. Senator Borah for the State asked permission to examine the letters signed by McPartland, but was refused. "I have not decided whether to offer these letters of fidelity in evidence," explained Darrow, "and while I do not want to appear discourteous, I must decline the request for the present. The prosecution offered no objection to the introduction of the reports of the defectives in evidence and many of them were read to the jury by Darrow.

Manipulated Relief Funds.
The first of the detective reports read showed that operative A. W. Gartias handled the Federation relief funds at Globeville during the strike there and that Gratias cut down the relief in order to create a sentiment against Haywood. The succeeding reports dealt with the Federation convention in Denver in May and June, 1904, the actions and sentiments of the miners at Victor before the strike in 1905, the progress of the strike at Cripple Creek and the proceedings of the district convention of the United Mine Workers of America in Colorado in 1903.

Pinkerton Man Made a Deputy.
Darrow read two lengthy reports from Pinkerton operative J. N. Londoner, now assistant superintendent at the Denver office. These reports were from Victor, Colorado, at the time of the Independence depot explosion on June 6th, 1904. Londoner told graph-

TROOPS ARE READY

APACHES THREATEN TROUBLE AT FORT McDOWELL.

MEMBER OF TRIBE KILLED

By Government Agent and Members of the Tribe Seek Revenge.

By Associated Press.
El Paso, Tex., July 1.—The troops at Fort Apache, Ariz., it is announced, have been ordered to be in readiness to proceed to Fort McDowell, Ariz., where, it is said, an outbreak of the Indians is feared as the result of the killing of a Navajo Apache last Saturday by W. H. Gill, sub-agent at McDowell, who claims to have shot the Indian in self defense. Gill has been warned by Indian friends that it is not safe for him to remain upon the reservation. He called upon Sheriff Hayden at Phoenix for protection and Hayden, with five deputies, has gone to the reservation.

ically of the intense excitement prevailing in the Cripple Creek district and threats made against the Union. "I was made a deputy as soon as I showed my face," Londoner wrote, "and was told to kill any union man or sympathizer who spoke to me." The operative added that at the time of writing these reports there is a strong talk of taking the leaders of the union from the "bull pen" and hanging them. Londoner's report told of the speech made by C. E. Hamlin, secretary of the mine owners' association. Hamlin had spoken less than five minutes when the firing began. There is no doubt but that an attempt was made to kill Hamlin, as one of the bullets grazed his hand. The soldiers were called out and some were stationed on house tops. Without a request for surrender they began firing into the union hall until the white flag was displayed. In the union hall several hundred rifles, three barrels of ammunition and a big supply of provisions were found. Altogether, eighteen men were killed at Victor.

Under the date of June 29th, 1904, Londoner reports from Victor that in a search of the union hall he found photographs of two non-union men. Upon

MINERAL WELLS FIRE

SEVENTY-FIVE THOUSAND DOLLAR BLAZE LICKS UP MANY BUILDINGS.

SANITARIUM BURNS DOWN

Patients Removed From Four-Story Structure—Bath Houses Destroyed as Well as Other Property.

Special to the Times.
Mineral Wells, Tex., July 1.—Fire of unknown origin at 10 o'clock last night destroyed property in Mineral Wells conservatively estimated at \$75,000 and for a time placed in danger a number of patients at a large sanitarium, though all were removed without harm. The fire originated in a vacant building known as the Mineral Wells Amusement Palace, which is located in the Hawthorne block. The building was destroyed as was also the old Hawthorne pavilion. Ten or twelve smaller frame structures in the Hawthorne block were consumed by the flames and across the street from the blazing structures was the pool hall belonging to Dr. C. P. Williams, which caught fire and was burned.

The chief loss is on the Mineral Wells Sanitarium, a four-story brick building, owned by Flake Barber and H. M. Coleman. This building and its contents were burned, the loss being figured roughly at \$35,000, with \$12,000 insurance.

The fifteen or twenty patients in the building were successfully removed from danger. The sanitarium was operated by Dr. Massey.

The Mineral Wells bath houses, well known to people all over the State and those from outside, burned to the ground, the loss being about \$25,000, partly insured.

The drug store of Dr. R. L. Yeager was damaged and the Vernon barber shop destroyed.

No one was hurt, though the confusion was great during the big blaze.

The operators of the mattress factory are to construct a building near the Moore & Richolt place and move their factory into it in the near future.

VOLCANO MAKES DAM.

Boiling Water Fills the Valley, Dam Breaks and Great Loss of Life Follows.

By Associated Press.
Valparaiso, Chile, July 1.—The volcano which appeared in the Launceon district in the Province of Valdivia stopped the course of the Papasun river with an immense stone dam. An extensive lake soon formed, the waters of which filled the valley up to the crater. Soon after the water began to boil and as it continued to rise its pressure swept away the dam, inundating the neighborhood. Everything living was killed. Fourteen corpses were found amongst the steaming debris.

Earthquake Shocks Recorded.

By Associated Press.
Washington, D. C., July 1.—The coast and geodetic survey service reports that an earthquake was recorded this morning at a station situated at Chellenham, Maryland, by the observatory this morning, lasting one hour. The shock was comparatively greater than at Kingston, but not so great as the San Francisco earthquake.

Shocks Recorded at Washington.

By Associated Press.
Washington, D. C., July 1.—A special bulletin issued by the weather bureau says that the seismographs at the weather bureau today recorded an earthquake with greater intensity than the record of the Kingston earthquake on June 14th, 1907. From the general details of the record, the weather bureau officials are led to conclude that the disturbance may have been south of Washington and at a distance of 1500 to 2000 miles.

THE WICHITA FALLS & NORTH-WESTERN.

Progress on the Extension—A Change of Schedule and Other Items of Interest.

Trainmaster Tipton is loading his household goods in a car today, preparatory to moving to Kell. The family of Chief Engineer Fields are going along, too, and will reside at that place temporarily. The reason for the move is that the dispatcher's office is to be moved from this place to Kell and hereafter all the business of that office will be transacted at the other end of the line.

There is also to be a change of the schedule. Hereafter the trains will leave Kell in the morning and return in the afternoon, thus giving the people along the road an opportunity to come to Wichita Falls to do their shopping and return the same day. The advantage, both to the people and to our merchants is apparent. Heretofore it has been impracticable for the people to come here and trade, as they had to remain one whole day and two nights to do business of any kind.

The steel gang has finished the work of laying steel on the road as far as Kell and was brought into this place Sunday. The cars are standing on the siding here in the yards. There will be no more work for them for about thirty days and after the expiration of that time they will be put to work on the extension from Kell to Frederick.

Mrs. Carrie C. Lomax Dead.

By Associated Press.
Montgomery, Ala., July 1.—Mrs. Carrie C. Lomax, one of the most noted women of Alabama, died last night. She was the widow of Col. Tennes Lomax, who was killed at the battle of Seven Pines.

CONTRACT IS AWARDED.

H. Cranmer of Fort Worth Gets Contract for Building Houses.

Bids were opened at Bean & Stone's real estate office this afternoon for the construction of the first twenty-five of the one hundred new houses which are to be erected in the Crescent Lake addition by the Wichita Development Company.

Some fifteen or twenty bids were presented and H. Cranmer of Fort Worth was the lowest and best bidder and was awarded the contract.

THE QUEST FOR ROCKEFELLER.

U. S. Marshal Does Not Find Him at His Cleveland Home.

By Associated Press.
Cleveland, Ohio, July 1.—United States Marshal Chandler was an early visitor today at Forest Hill, the suburban home of John D. Rockefeller. Chandler, however, did not get farther than the lodge at the entrance to the estate. Patrick Lynch, the lodge keeper, declared positively that Rockefeller was not at Forest Hill.

Pure fruit jollies in glass. 15c, 25c and 30c per glass. Nothing better. Nutt, Stevens & Hardeman. 39-17

AMBITIOUS PLANS

DIAZ WOULD INCREASE MEXICO'S POWER AND PRESTIGE.

INVESTIGATIONS IN U. S.

Are Ordered on Matters Pertaining to Immigration and Agriculture—Progressive Policy.

By Associated Press.
Chicago, Ill., July 1.—A dispatch to the Tribune from Washington says that Mexico is preparing to increase her power and prestige and also to improve the good relations that exist between herself and the United States. It developed yesterday that President Diaz has charged Senor Enrique Creel, his ambassador at Washington, to make comprehensive investigation of matters pertaining to immigration, agriculture and strikes, the result of which will be valuable in connection with the development of the republic. President Diaz also decreed that the magnificent receptions Secretary Root enjoyed last year at the capitals of the various South American countries shall be eclipsed by that which is to be tendered by Mexico.

Beggars Must Learn a Trade.

By Associated Press.
Saltillo, Mexico, July 1.—A plan to rid the sidewalks and public gardens of street beggars is under advisement by the Federal authorities of Mexico. A commission is to be appointed to investigate the matter. It is the intention to compel all able bodied men found begging to learn some trade by which they can make a living.

ICE DELIVERY DRIVERS STRIKE.

Police Reserve is Called Out in New York to Quell Disorders.

By Associated Press.
New York, July 1.—The police reserves were called out to quell several street disorders today when the American Ice Company made an effort to break the strike of the delivery wagon drivers. The ice company declares that the strike is broken and that it can employ all men needed to fill the positions of the strikers.

THE TREATY RIGHTS

HAVE BEEN VIOLATED, CLAIM INDIGNANT JAPANESE.

GENERAL INDIGNATION

San Francisco Correspondents for Japanese Papers are Silent—Danger Point is Reached.

By Associated Press.
Tokio, Japan, July 1.—The impression is growing here that the anti-Japanese feeling and demonstrations in San Francisco are the outcome of a deeply laid plan based upon racial hatred and recent developments apparently support this impression. The newspapers here which have had special correspondents of American nationality in San Francisco, have ceased to receive news from them. No explanation was offered for the discontinuance of news dispatches, but the impression here is that pressure was brought to bear upon the correspondents not to serve Japanese papers. The fear is expressed that the danger point will soon be reached, although war is not dreamed of. Mutual feelings of good will and friendship will be seriously alienated if prompt measures are not taken to allay the general indignation here against the latest discrimination in San Francisco which, according to the Japanese contention, is a flagrant violation of treaty rights.

TWO-CENT FARES IN ILLINOIS.

Interstate Fares, However, Will Remain Unchanged.

By Associated Press.
Chicago, Ill., July 1.—The two-cent fare law went into effect on all railroads in Illinois today. The interstate rates now in effect, however, will be maintained until the new tariff has been prepared. Litigation will be delayed until the new rate has been tried.

Judge McCoy, representing the Fort Worth and Deaver and Wichita Valley roads, is here before the commissioners court conferring with them about railroad valuations in this county.

Prof. Lee Clark brought a Jersey cow down from the Park today for Mr. Huff. He was about six hours making the trip.

TO FORM NEW PARTY

WESTERN FEDERATION OF MINERS PLEDGED TO SOCIALISM.

NEW PREAMBLE ADOPTED

Leaders Will Meet in Chicago to Organize New Industrial and Political Party.

Denver, Colo., July 1.—By a vote of 238 to 66 the convention of the Western Federation of Miners today adopted a new preamble for the constitution and by laws of the Federation, which in effect pledges all the members to socialism. It is announced that it is the intention of the leaders of the Federation to call a convention in Chicago for the purpose of organizing industrial and political party and place a ticket in nomination for next national election. The Western Federation of Miners and the Bre Workers' Union, it is expected, form the nucleus of the new organization.

STORE CLOSED ALL DAY JULY 4th.

BICYCLE THIEVES

ARE TAKEN INTO CUSTODY AT HARROLD.

OFFICERS QUICK WORK

Sheriff Davis Lands Thieves at Harrold With Aid of Deputy.

The theft of two bicycles Sunday night was reported to the police this morning.

Both wheels were taken from yards where they had been left over night. One of the wheels belonged to R. J. Abbott. This wheel was of the Andrea make and the frame was blue in color. The other wheel belonged to Rhea Howard.

Neither the police nor the owners had found any trace of the wheels this morning.

Later.—Sheriff Davis did some quick and effective work in bringing about the capture of two bicycle thieves this morning.

A few hours after the thefts were reported Sheriff Davis found a clew, learning that the thieves had been seen riding north near Iowa Park at daybreak this morning. Following up this clew he learned that one of the wheels had been sold at Electra. He secured a description of the thieves and a short time later his deputy at Harrold had the men under arrest. The man who sold the wheel at Electra had caught a freight and had joined his companion at Harrold.

Mr. Davis went up to Harrold this afternoon and will return with the prisoners tonight.

The Wichita Grain and Coal Company well fixed to supply your wants in coal or feed. Phone 33.

MORE PLAYERS SIGNED.

Lucid Signs Star Men From Defunct North Texas League.

Through the disbanding of the North Texas League, Manager Lucid has been enabled to sign some strong men for the local team.

From the Terrell team he has signed pitcher Touchstone and catcher Bell and from the Greenville team he has secured pitcher Bunch and third baseman Yohe.

As now organized the team is made up of the following players: Yohe, third base; Earthman, shortstop; Thomas, second base; W. Huff and C. G. Lucid, first base; Smith, left field; Bozalina, right field; Bell and Brockman, catchers; Touchstone, Bunch, Jollier and Bozalina, pitchers.

After the series here with Decatur on July 3, 4 and 5, Stamford will come for a series of three games on July 8, 9 and 10.

Arrangements are being made for a series of games away from home at Stamford on the 11th, 12th and 13th 17th.

NEW PASSENGER CARS.

Denver Receives Dozen Elegant Coaches and Four Baggage Cars.

The Denver road yesterday received twelve new passenger coaches and four new baggage cars from the Pullman company. They will be pressed into service at once. The passenger coaches are electric lighted and among the most modern and elegantly appointed made. The baggage cars are also of the latest pattern, with electric lights and other improvements. This new equipment is needed owing to the constantly increasing travel on the Denver road, which is attributed largely to the increase in population in the Panhandle.—Fort Worth Record.

A PRETTY HOME WEDDING.

Miss Lena Bennett and William A. Thomson United in Wedlock.

A pretty home wedding took place at the home of the bride's parents, Mr. and Mrs. T. M. Bennett, at the corner of Ninth street and Lamar avenue at 1:30 o'clock Sunday afternoon, when their only daughter, Lena, one of Wichita's most popular and accomplished young ladies, was united in marriage to William A. Thomson, head bookkeeper for the Wichita Falls Implement Company and a young business man of sterling worth.

The ceremony was pronounced by Rev. Stuckey of the First M. E. church, in the presence of a few friends and relatives.

At 4:40 Sunday afternoon Mr. Thomson and his bride left on a trip to Galveston, where they will spend a month's honeymoon, after which they will return and will start housekeeping in this city.

Post Office Clerks Get Raise.

There was rejoicing among the clerks at the Wichita Falls postoffice this morning and for good reason, too. Effective July 1st, each of the four clerks will receive an increase in salary of \$100 per annum.

While the clerks receive an increase, the duties will be heavier. Beginning with today, every piece of mail which comes into the office will be counted, weighed and classified.

Our sales on 25c Richelleu coffee are increasing daily. Try it and be convinced of its merit.

LARGEST ENGINE IN THE WORLD.

Boilers of Monsters are More Than 43 Feet Long.

New York, June 29.—Three locomotives now building for the Erie railroad at the Schenectady works of the American Locomotive Company, will be the heaviest and most powerful engines of their kind ever constructed.

Each locomotive alone, without its tender, will weigh 205 tons and will haul, on the level, 320 loaded freight cars, or a train about two miles long.

These enormous machines are of the type known as the Mallet compound, and will have sixteen drive wheels, arranged in two independent groups of eight each. The boilers used are more than forty three feet long, and the inside diameter of the largest firebox foundation ring is eight feet. It is provided with 404 tubes two and one quarter inches in diameter and twenty-one feet long. The water in the boiler will weigh 42,700 pounds and the tubes 23,700 pounds. One of the fireboxes would make a good sized living room, being ten and one half feet long and nine and one-half feet wide inside, and having a grate area of one hundred square feet.

First of the locomotives of this type in this country was that built by the same company for the Baltimore and Ohio railroad in 1904. This engine astonished the engineering world at that time by its enormous size, but these engines for the Erie Railroad will be as much heavier than their predecessor as that engine was heavier than the next largest locomotive of its time. The decided success of the Baltimore and Ohio engine, however, has proved the advantages offered by this type for exceptional weight and hauling power, and justifies this still greater development of the type.

HIS SHOES TORN OFF.

Negro Struck By Lightning While Reading Bible.

A young negro by the name of James, of whom little is known even by the colored family with whom he lived and for whom he chopped cotton on the Will Leslie place just southeast of the city, was the victim of a bolt of lightning this morning which tore off both his shoes and slightly injured his feet.

He was sitting in a chair near a stove reading the Bible during a thunder storm. The electric current came down the stove pipe to the floor and James' wet shoes being the best conductor in reach attracted the current.

Quite a rent was made in the floor under his feet.

He was only partially stunned and under the attention of a physician, who was quickly summoned, he soon revived.

There were other occupants of the room, but none of them were injured.—Sherman Democrat.

Happenings at Dundee.

Special to the Times.

Dundee, Tex., June 30.—Yesterday was the hottest day Dundee has experienced in years. The thermometer registered 107 in the shade.

Threshing has been retarded by two machines breaking down, and repairs being ordered from Dallas.

Wheat is yielding from ten to twelve bushels per acre and is selling in this market at 90 cents. Oats are yielding about thirty bushels and are selling at 43c per bushel.

The corn is beginning to suffer from the hot dry winds and should these winds continue will be seriously damaged very soon.

Mr. John Hayley returned Friday from a business trip to Archer City.

Mr. and Mrs. George N. Rice returned to their home at Gaineville on Friday, after a visit of several days to their ranch and with friends in Dundee.

Hotel Arrivals.

Wichita Falls, Texas, July 1st, 1907.

To the Henrietta Weekly "Knocker." For your information the Times will state that every foot of the steel rails necessary for the building of fifty-five miles of the Wichita Falls and Southern railway (our sixth railroad), has been purchased; an order for a portion of the rolling stock has been given, and the grade from here to Archer City will be finished within the next sixty days. Now, quit your knocking. You have been engaged in this kind of business for years and, judging from outside appearances, have accomplished nothing worthy of note either for yourself or your town. That the people of Henrietta are a good kind of sort is evidenced by the fact that they have not long since spent a portion of the money they have been giving up monthly to support your miserable apology for a newspaper in a railroad ticket and loaded you and your "rag" into a box car and shipped the outfit to some town against whose people they have a grudge. The Lord spare us from such an affliction. We are now sorry, before finishing the writing of this article that we made any such suggestion. Take our railways; build a belt line of railway to run out of Henrietta clear around Wichita Falls, if you will, but spare us from your "stink not" and his rag. If you really want to get rid of him take him out on the Little Wichita and set him for eels.

BOARDS OF EQUALIZATION

Convened This Morning to Hear Protests of Property Owners.

Both the city and the county boards of equalization convened in separate session this morning to hear the protests of property owners against the raise in values and to fix the assessments.

The city board, comprised of N. Henderson, L. M. Jackson and W. A. McCutchin, is sitting at the City Hall, and throughout the day have heard objections from property owners.

About fifty property owners appeared before them this morning, but in only a few instances was the board convinced that the assessments were not equitable.

Both boards will probably be in session several days.

If you intend making a change for next month, you cannot do better than come to us. Make us prove it. Nutt, Stevens & Hardeman. etaofg-Stevens & Hardeman. Phone 232.

WHERE IS BUSTER BROWN?

WATCH THIS SPACE EACH WEEK YOU WILL SEE HE WILL TELL YOU SOMETHING

TIGER WILL SOON BE HAPPY. BUSTER BROWN WILL COME BACK. THEY WILL BE ON THIS PAGE A LONG TIME. THEY WILL DELIGHT YOU AND TALK TO YOU ABOUT OUR BUSINESS. PERHAPS YOU WONDER HOW WE GOT MR. R. F. OUTCAULT, THE CREATOR OF BUSTER BROWN AND THE WORLD'S HIGHEST PAID ARTIST, TO MAKE FOR US A FRESH, SIGNED DRAWING EACH WEEK. BUT WE DID—IT COST US NO SMALL PRICE. WE ARE GLAD THEY WILL BE HERE. BUSTER BROWN BELIEVES IN TRUTH. WE DO. WE MAKE A PROFIT, EVERY MERCHANT MUST. WE DO NOT "CUT PRICES"—EXCEPT ON BROKEN SIZES OR WHEN OVERLOADED.—WE MAKE PRICES RIGHT IN THE BEGINNING. WE WISH TO MAKE MONEY WHO DOESN'T? BUT WE CAN MAKE MORE SELLING AT A FAIR PROFIT AND DOING A BIGGER BUSINESS. HELP YOURSELF BY MAKING OUR VOLUME LARGER. WE INVITE YOU TO LOOK EACH WEEK AT MR. OUTCAULT'S CARTOONS. WE WILL GIVE TO THE CHILD THAT WILL BRING US THE GREATEST NUMBER OF THESE BUSTER BROWN ADS ON SEPT 1ST A PAIR OF FINE BUSTER BROWN SHOES.
RESPECTFULLY,
ROCK AND DUKE.

THE PILES OF FILTH

IN THE STREETS OF NEW YORK MAKE PASSAGE DIFFICULT.

EPIDEMIC THREATENED

As a Result of the Strike of the Drivers in the Street Cleaning Department of the Metropolis.

By Associated Press.

New York, July 1.—Renewed efforts were made today by the street cleaning department to obtain men to break the strike of the drivers. While the health department is aiding the street cleaning department in removing the piles of refuse, the work is slow and the menace of serious epidemic grows daily greater. Mayor McClelland believes that the strike will be broken today, when he hopes that many of the old drivers will return to work. Conditions upon the east side are fast becoming intolerable. Great heaps of decaying garbage and filth are piled in all the streets, making the passage of cars and trucks difficult.

Don't forget that we are anxious for your trade during the coming month. Give us a trial. We will please you, both in quality of goods and service. Nutt, Stevens & Hardeman. 39-4f

Spend a Dollar at Our Store and You Get the Most That A Dollar Will Buy Anywhere

In selecting a Store at which to buy your Dry Goods, Groceries, Shoes Etc., you have in mind the question, "Where I Can Get the Best Goods at the Most Reasonable Prices?"

After fifteen years of experience in dealing with housekeepers, we realized when locating here, that the only sure way to get trade and keep it, was by buying the kind of goods you want, and selling them at prices that will save money for you every week, not so much because they will be lower in price than at any other store, but because they will be of such high quality that there will be no waste in the foods, and the Dry good and Shoes will give better satisfaction and longer service

Catsup Cold meats call for catsup and the best is always cheapest. Our MONARCH BRAND is put up in accordance with the Pure Food Law—containing no artificial coloring or other foreign substance and makes a delightful dressing for any kind of meat, be it roast beef, salmon or what-not.

Salad Dressing For a cool refreshing lunch or for an ordinary meal you cannot find a dish that will satisfy any better than a well prepared salad; but in order to have the best possible flavor and piquancy, it requires a good dressing and when we offer you our Yatch Club Salad Dressing. We are satisfied you can get none better at any price. 35c per bottle.

Pickles For the table at home, for picnics or lunches, you always want pickles—some like sweet, some like sour, but pickles and warm weather go together as naturally as potatoes and gravy. We carry a full line of Heinz's Bottle Pickles—you know the quality. They are under rigid inspection from the start and you see the finish. They raise their own seeds and products on their own farms—fifty-seven in number scattered all over the United States and Canada. Heinz's different varieties, all prices. Sweet pickles 20 to 35c per bottle. Chow Chow in Bottles 10 to 35 cents per bottle. Olives, 15 to 65c per bottle. Sour Midget Gerkins in bottles, 35 cents per bottle.

Tea Lots of people who never drink hot tea at all are very fond of iced tea and this is just the reason for iced tea. Our MONARCH BRAND we consider best for serving cold and if prepared according to the following recipe will almost certainly find favor: First never boil tea—it makes it bitter—put fresh tea leaves into an earthen jar and pour boiling water, one cup per teaspoonful—let steep five or ten minutes covered tight—then strain and set away to cool. The above (Monarch) Brand \$1 per lb. Other Kinds 50c to 75c per pound.

In our Dry Goods Department we have kept two things constantly in mind when buying stock
1st. To get the styles and quality we know from experience takes well.
2nd. To buy them in such a way that we could sell the best there was to be had at a minimum price.
That we have succeeded in doing this will be apparent to the most exacting shopper.
So much in a general way about this department. Call and see for yourself.

TEMPERANCE ADVOCATE DEAD.

End Comes Peacefully to Francis Murphy in San Francisco.
By Associated Press. San Francisco, Cal., July 1.—Francis Murphy, the noted apostle of temperance, died peacefully yesterday at the residence of his daughter in this city, where for three weeks he has been ill. The immediate cause of his death was diabetes.

Leg Amputated.

Dr. J. C. A. Guest has returned from Fort Worth, where he accompanied his brother-in-law, Wilbur Sweeton, who had his leg crushed at Holliday last week. Sweeton's limb was amputated at St. Joseph's Infirmary several days ago and he is now getting along as well as could be hoped for under the conditions.

DEFENSE HITS HARD

(Continued From 1st Page.)

the back of each picture there was a cross. "This," said Londoner's report, "I am told is the plan of marking men for death."

Detective Advised a Strike.

Just before the luncheon recess was taken Darrow began to read from the report of operative A. H. Crane, who was secretary of the Smelters' union in Colorado City and who is charged by the defense with having done much toward starting the strike which led to all Cripple Creek disturbances. Crane's reports were simply detailed statements of his daily movements, his consultations with the men and his advice to them to strike.

STRIKE BREAKERS

Have Taken the Place of the Union Telegraphers in San Francisco.

By Associated Press. San Francisco, Cal., July 1.—The first installment of strike breakers to take the places of the telegraph operators now on a strike in this city, reached San Francisco yesterday and were put to work. The non-union operators are being paid large bonuses for their work.

WHITE MAN HANGED.

Self Confessed Assaulter of Child Pays the Penalty.
By Associated Press. Dalton, Ga., July 1.—Doc Posey, a middle aged white man, the self confessed assaulter of his 9-year old stepdaughter, was taken from jail here this morning and hanged to a railroad viaduct in the middle of the city.

DRUNKEN CHAFFEUR

DRIVES AUTOMOBILE INTO WAITING CROWD.

TWO FATALLY INJURED

And More Than a Score Narrowly Escape Death—Chaffeur and Companions Arrested.

By Associated Press.
Chicago, Ill., July 1.—A woman and child were seriously and perhaps fatally injured, one man badly hurt and a score of men, women and children narrowly escaped death last night when the big touring car automobile driven by Daniel Kwal's chaffeur, who is said to have been intoxicated, swerved from its track in Central street in Evanston and crashed into a crowd of persons waiting to take cars on the Chicago and Milwaukee electric railroad. The chaffeur made no attempt to slacken his speed and was making his escape when the men swarmed into the car and dragged him out, together with his companion, Martin Anderson, also said to be under the influence of liquor. The injured are Mrs. Minnie Senderl, 54 years old, who may die; Clara Nouckolz, aged 10, who also may die; Charles Senderl, husband of Minnie Senderl, who sustained severe cuts and bruises.

OLNEY EXPECTS TO BOOM.

Wichita Falls and Southern Railroad Progressing Finely.

Olney, Tex., June 29.—J. A. Kemp of the Wichita Falls and Southern Railroad Company in company with his civil engineer, John Fields, made an automobile trip from Wichita Falls to the coal fields of Young County and returned to Archer City yesterday. The surveyors are only about seven miles from Olney establishing a permanent right of way from Archer City to Olney, and will have it complete to Olney by next Monday.

When asked when the railroad would be completed to Olney, Mr. Kemp replied that he did not think it would be later than January 1 next. Many prospectors are visiting this town, and it is expected to take on the aspect of a boom in a very short while.—Fort Worth Record.

Complimentary to Miss Kahn.

Mrs. E. Harris, Canton street, and her little daughter, Hortense, entertained yesterday afternoon with a garden party in honor of Miss Blanche Kahn of Wichita Falls.

There was music and among many games, a contest in which Miss Hortense Dreyfus was victorious and was given the first favor. The second favor was given to Miss Alma Liebman.

Among the guests were Misses Hortense Dreyfus, Alma Liebman, Nellie Fitzgerald, Flora Stronge, Julia Rubenstein, Lillian Miller, Joe Mittenenthal, Hazel Munzeshelmer, Josephine Mittenenthal, Ruth Liebman and Frankie Brooks.—Dallas News.

Wichita Falls, 21; Chillicothe 3.

It was a desolate set of players which returned to Chillicothe Saturday night. The third and concluding game of the series was a worse disaster even than the preceding games. Wichita triumphed by a score of 21 to 3. Collier did the twirling stunts for the locals and allowed his opponents only three hits.

A cake made with Richellou pastry flour and Creamaple icing would be nice for the Fourth. Try it.

How to Prevent Lockjaw.

The approach of the Fourth of July and the danger from lockjaw, incident to the use of toy pistols and fire crackers, makes the following advice given by the state board of health in a neighboring commonwealth timely. The advice given is as follows:

The disease is caused by a specific germ, which is usually introduced into the body through slight wounds. The wounds from toy pistols and fireworks frequently cause lockjaw and we look upon every such wound as likely to be followed by lockjaw, and treat it accordingly. Wounds from splinters and rusty nails, especially if gotten in a barnyard or stable, are very likely to be followed by lockjaw. Lockjaw germs abound in barnyards and stables and are upon percussion caps, blank cartridges and fireworks.

A person who is wounded under the conditions described, even if the wound is ever so slight, should immediately have a surgeon attend to it. If no surgeon is near, open the wound freely with a sharp knife blade which has been passed through a flame, remove dirt, splinters, pieces of metal and all foreign matter, and let it bleed freely for a little while, and then pour peroxide of hydrogen into the cut. Or lacking the peroxide, the wound may be cauterized with carbolic acid or nitrate of silver. Now, to make certain that lockjaw will not appear, inject antitetanic serum near the point of the injury. There would be no deaths from tetanus or lockjaw if these directions were always followed out.

The injection of the serum should not be omitted or delayed. It should be given immediately if possible. Tetanus or lockjaw is a disease of the cells of the brain and spinal cord. It takes about eight days for the lockjaw microbes to grow produce their poison and for the nerves to transfer the poison to the brain and cord cells. It takes an equal time for the nerves to carry the antidote to the same cells, hence the necessity for its early administration.

An Enterprising Business Man.

In commenting on a business change in that town in which the partnership of Wynn & McFall was dissolved, the Weatherford Herald says:

"Mr. Wynn leaves immediately for Wichita Falls, Texas, where he has taken the contract for grading twenty-two miles of the new railroad from Wichita Falls to Young county.

"Mr. Wynn has made a success in business in Weatherford in the past three years. Starting in with his partner, with comparatively little capital, he has accumulated about \$7,000 worth of property, and besides sells out to his former partner at a reasonable profit. He is a young man of energy and determination, unafraid of work, and with these qualities any young man can make a success in business. If he pursues his new occupation with the vim that he has displayed in the course of his business life in Weatherford, he will undoubtedly make a success and make good money."

Sunday was one of the hottest days ever known in Wichita Falls. The heat was oppressive throughout the entire day and everybody sweltered and sought in vain for relief. Thermometers in various parts of the city registered from 100 to 110 degrees in the shade. Late last night, however, cool breezes sprang up and today the heat is not so oppressive and there are indications of rain. The crops have not been damaged to any great extent by the hot winds and the dry weather, and a good soaking rain will make them flourish.

To the People of Wichita Falls:

I am managing a plumbing shop here for my boys. I know where all the mains and cutoffs are and can save you money on your plumbing and pipefitting. Respectfully,
J. L. MOORE, The Plumber.

Taken for Bootlegging.

N. B. King of Eschitt was arrested Monday by Deputy U. S. Marshal Tom Walker and taken to Lawton under charge of selling liquor in the government town of Eschitt in the Big Pasture. The evidence against him is said to be strong and he is likely to be sent up.

The sale of intoxicating liquors in any of the government towns in the Big Pasture is contrary to the act of Congress of March 20, 1906, declaring that in none of the towns or lands opened for settlement in the Big Pasture reserves shall whiskey, beer or any intoxicating liquors be sold or in any way disposed of.

In spite of the heavy penalty attached to the offense, considerable bootlegging has been going on in the various towns.—Frederick Enterprise.

Phone us your orders Tuesday or Wednesday. Our store will be closed all day Thursday, the 4th.

OLD SETTLER.

The iron rule of guidance in all large establishments is to never question the orders of your superiors, however much you believe them to be erroneous. The powers that be will not stand for insubordination. The cast iron rule in the old time printing office was to follow copy if you were compelled to go out of the window after it when wafted away on a passing breeze.

That reminds me of two young men of well to do parents who left home with the intention of making their fortunes, but unfortunately carried with them expensive habits and before many weeks had passed found themselves reduced to beg, starve or accept humble employment. The old story of too proud to beg and too honest to steal reduced them to the necessity of seeking employment from an old farmer who, though kind hearted, had peculiar ideas of testing obedience. After listening to their bad luck story, he gave them something to eat and agreed to employ them provided they followed orders without question.

Much to the astonishment of both young men, they were given a pair of cabbage plants each with instructions to set them out with their tops in the ground and roots exposed. The farmer then announced that he was going to the city for the day and would give further instructions on his return. After his departure the young men looked at each other in blank astonishment and one remarked:

"Say, John, I know I'm green, but any fool knows that cabbage plants won't grow with their tops in the ground."

"Well, Bill," replied the other, "it is not my business to question orders, so here goes the tops in the grounds."

"Darned if I do," said Bill, and he proceeded to plant the roots in the ground.

When the farmer returned he looked over the patch and inquired who planted the cabbage with the roots in the ground.

"I did," answered Bill.

"Well, sir, I don't need a man that knows more about my business than I do. You are discharged."

Turning to John, he said: "Here is five dollars for your faith in your employer and if you desire to remain I will pay you twenty-five dollars per month and your board."

If you want to be in the swim next winter when coal is scarce start in with the Wichita Grain and Coal Company who will be well prepared to protect your interests

24th J MILTON ERWIN, Mgr.
The Wichita Falls Dairy and Ice Cream Co. will pay a premium for sweet cream till July 3rd. Sell them your cream. It gives better returns than making butter. 39-5t

You Are Not Going Blind

If the services and advice of our optical department can in any way ameliorate a condition of your eyes, which is perhaps bordering on failing vision, our failures in fitting difficult cases, are few. Your case, although simple and easily corrected today, may be aggravated by waiting.

PROFIT BY THE mistake of others, do not put it off.

A. S. Fonville,
Jeweler and Optician.

FIERY CHARLES READE.

The Author-Manager's Way With Ellen Terry, the Actress.

Ellen Terry at the age of twenty resolved to leave the stage and went and stayed six years in the country. How she came back to it is told in "Ellen Terry," by Christopher St. John. Charles Reade when hunting in Hertfordshire met her by chance in a country lane and told her in his rough yet kindly way that she was a fool to have left the stage.

"Why don't you go back?"
"I don't want to."
"You will some day."
"Never!" Then, mindful of certain financial troubles threatening her rural peace, Ellen Terry added, "At least not until some one gives me \$200 a week."

"Done!" said Charles Reade. "I will." The part Miss Terry played for Reade was Phillippa Chester in "The Wandering Heir." At the end of the run of this piece she did not leave his management, but went on tour in several of his plays. The tour was financially disastrous, but a suggestion from Ellen Terry that her parts did not carry her salary and that she had better leave, as any one could play these parts equally well, was received with the greatest indignation by the fiery author-manager.

"Madam, you are a rat! Don't imagine it is generous to desert the sinking ship," expressed his view of the situation. An old lady who lived with Miss Terry at this time and was her inseparable companion remonstrated with Reade for his harsh language to her "Nelly." "I love her better than you do or any piling woman," Reade answered.—Manchester Guardian.

VANISHING TROUSERS.

A Simple Trick Which May or May Not Be Humorous.

This is a simple trick, and every married woman can perform it, but it requires the assistance of a confederate with a big bag of shining tinware on his back.

First get a husband with an extra pair of slightly worn trousers in his wardrobe; then have the confederate, the man with the bag of tinware, come to the back door and knock gently. The wife must then peep out in a frightened way, and immediately the man with the tinware tells a tale that resembles an advertisement. The wife stops to think a few minutes. Suddenly she must rush to the wardrobe, but only after the man rattles the brilliant tinware to arouse her. The wife must walk back to the man again with the trousers. The man must take them and hand the wife a few tin pans. All the while the man with the tinware must smile happily. At last the transaction is completed, and, presto change! the husband's trousers have disappeared and in their place appears some tinware on the kitchen table. This trick is very novel and will amuse the husband greatly. The trick should not be performed while the husband is in bed unless he has an extra pair of trousers.—F. P. Pitzer in Judge.

Another Nuisance.
It was the first time he was being married, and he was naturally a little nervous and upset, but he managed to say "Yes" all right and to keep time to Mendelssohn, sailing down the aisle, and to sign his name in the register without making more than a dozen blots.

He thought then that it was finished, but when they got to the church door they found it was raining.

"Confound it!" he cried, putting up his umbrella. "Another nuisance now!" And then, though he cannot guess why, the people around all laughed, and his mother-in-law bridled and his wife refused to speak.—London Answers.

Facts About Coffee.
Coffee originally came from the island of Mocha, whence in the year 1610 coffee trees were transported to Holland. This article of diet was first scientifically cultivated at Surinam by the Dutch in 1718. Though coffee was not known either to the Greeks or Romans, it was used as a beverage by the Persians in early times. The first coffee house of which there is any record was opened in Constantinople in 1511, and coffee was first brought to France in 1662 by Thevenet, the famous traveler.

The Thorn on the Rose.
In the old Bundeshesh of Zoroaster we are told that the rose grew fair and thornless until the entrance into the world of Ahriman, the evil one. According to this ancient narrative, the spirit of evil became universal, and not only man suffered thereby, but inferior animals as well as trees and plants.—Circle.

He Could Count.
A very little boy was in the room where a young lady was practicing on the piano. She was counting aloud. "One, two, three, four." The little fellow, quite surprised, after awhile went to her and said earnestly, "Ee next is five!"—Youth's Companion.

THREE MORE DAYS

And The "Glorious Fourth" Is Here!

You Will Want Something Nice for That Luncheon in the Country

Let Us Suggest: Some cold Boiled Ham, Smoked Beef and Fancy Bologna, sliced thin or thick as your fancy dictates, sliced just right—every slice alike; every slice perfection. A bottle of Mrs. Alvord's Old Virginia Corn Relish—the taste that tempts—a relish or dressing for anything. Your own selection in Sweet and Sour Pickles, Chows and Relishes. We cannot tell you ALL THE GOOD THINGS at once so WATCH THIS SPACE carefully the next two days and we will suggest the rest. If we don't happen to mention just what you want come down to the store. We have it.
