Trustees face heavy agenda

Canvassing Saturday's election results, action on the district dress code committee's recommendations, and personnel will highlight Monday's meeting of the school board.

To begin at 7:30 p.m., the meeting will be held in the junior high school library.

Because considerable interest has been shown in this year's trustee election, in which all four incumbents have drawn opponents, the canvassing of the votes will be an important part of the evening.

Following the canvassing, the winners will be announced, and a date will be set to administer the oath of office to the winners. At that meeting, the board will be reorganized.

Prior to the canvassing of the

election, the board is to consider recommendations for the 1994-95 school year by the district dress code committee.

A large turnout of parents attended the dress code committee meetings of the junior high committee, and later the district committee.

Those attending the junior high committee meeting complained they had never been allowed to address the group with suggestions, and at the district meeting, parents said their suggestions were rejected, and the group voted to not make any changes from this year's requirements.

At issue, the parents complained, is the length of shorts students can wear to school.

The final topic on the meeting's agenda is personnel, which is to begin with an executive session.

When the board resumes its meeting in open session, three topics are

listed to be considered: "accept resignations," "employ personnel," and "employee hearing."

Because no action was taken last month, when the original 1994-95 school calendar was proposed, action on a revised calendar is expected at Monday's meeting.

Other topics the trustees are to consider are student transfer requests for next year, and a request to allow the high school gymnasium to be used for a summer basketball league.

Also, band directors Greg Miller and Ed Hefli are to be recognized for the Hawk Band's earning of its 11th consecutive Sweepstakes Award, and authorizing Assistant Supt. Robert Palmer to be the district representative for federal reports.

Routine tax, transportation, cafeteria and enrollment reports also appear on the agenda.

Four homes to be built

April's building permits issued by city hall almost equaled the total of the preceding three months.

Boosted by permits for construction of four new residences, the total for April was \$407,728.

That, added to the earlier three-month total of \$426,396, brought the year's sum to \$834,124.

Permits issued during April included:

Matt Kirk, 1308 Emma, carport, \$400;
Robert Wilson, 611 West Manes, alteration, \$3,000;
Eddie Jones, 604 West Comelia, carport/garage, \$4,500;

Terry Baker, 209 West Lafayette, enclosure porch, \$3,200;
Electra Construction, 715 West Alameda, remodel carwash, \$10,000;

Board slates called meeting

School trustees will hold a retreat early this evening in the high school library, followed by a special called meeting.

The retreat is to begin at 6 p.m. and conclude at 8:30, just in time for the called meeting.

The agenda for the called meeting indicates the board will hold an executive session to consider a student discipline appeal.

New housing area planned

Development of a new residential area north of US 287 will be one of the topics considered during Monday night's regular meeting of the city council.

The meeting is to begin at 7 p.m. in council chambers.

Richard Porter, who owns the property north of the highway and on the West side of FM 368, has already had the land cleared for development.

He is to request the city to furnish water, sewer and storm drainage to the area, to be known as Highland Park Addition, and also to allow him to use asphalt in the construction of the streets.

Two resolutions are on the meeting agenda for action.

The first would authorize the mayor to execute a loan contract with State National Bank for \$32,677 for

Following that, the board will return to open session to take whatever action on the appeal members may decide.

Following a sandwich supper, the retreat topics will include a taped presentation of quality schools, review board goals from 1992-93, review districtwide committee requests, report on dress code, reports from principals and discuss board goals for 1994-95.

the purchase of a truck chassis and cab for the fire department.

The second would authorize Lifeline Emergency Medical Services to assign ambulance service to Careline, Inc. Careline is purchasing Lifeline, which serves Iowa Park as well as Burkburnett and Wichita Falls.

At the outset of the meeting, the votes to be cast Saturday in the city election will be canvassed, followed by the swearing in of the mayor and two aldermen, all of whom are unopposed in the election.

Following that, the council is to confirm appointment of the mayor pro tem, a position Johnny Crawford has held the past four years.

Also on the agenda are a proclamation declaring May 15-21 as Optimist Bicycle Week in Iowa Park.

School, city elections set Saturday

Saturday is election day in Iowa Park.

Polls for the city and school voters are to open at 7 a.m. and close at 7 p.m.

The city and school will share the two polls in the city, at Kidwell Elementary and Bradford Elementary. The school will have a third poll, located at the West Wichita Coop Building in Valley View.

None of the city candidates drew any opposition this year. Running for re-election unchallenged are Wayne House, for mayor, and incumbent al-

dermen Bud Mercer and Johnny Crawford.

Only 17 early vote ballots were cast before Tuesday afternoon's deadline.

All four of the incumbent school board candidates were challenged, however. And that election may have drawn a record number of early votes, 107.

Candidates for the school board and the places, in order of appearance on the ballot, include:

Place 1 - Martha Dudley, Carmen Lozipone, George Bushfield.

Place 2 - Wendall House, Larry Dutton. Place 3 - Bert Williamson, Sheri Kennedy.

Place 5 - Pat Pelz, Mary Biddy, Dennis Yeager, Mike Swenson.

Drawings were held to determine the order in which the candidates' names would appear on the ballots.

Dudley, House and Kennedy have completed their terms of office.

Yeager completed the first year of Robert Cook's term of office, after Cook was forced to resign when he moved from the school district. One full year remains on that term.

NO FATALITIES resulted from a two-vehicle collision Tuesday afternoon at the intersection of FM 367 and Bell Road. Johnna Sue Adams, a teacher at Bradford Elementary, was eastbound when a northbound pickup driven by Dale Glynn McCoy failed to stop at the intersection, striking the Adams at the time. Mrs. Adams' injuries were minor, and she is expected to return to her classes today. McCoy was issued a citation for failure to obey the stop sign.

Four drinkers are arrested

There were no holidays or other reasons for celebrations, but the past week was highly unusual for the Iowa Park Police Dept.

Four men were arrested in separate situations on the charge of public intoxication.

Jeffery Glenn Thompson, 23, was taken into custody at 11:08 p.m. Saturday in the 600 block of West Magnolia for public intoxication. He was later released after signing a promise to appear in municipal court.

Less than two hours later, at 12:37 a.m., Matthew Curt Wallace, 36, was arrested for public intoxication in the 700 block of Johnson Road. He also was released on a personal recognizance bond.

The only arrest for public intoxication made during daylight hours was at 5:42 p.m. Sunday, when Marvin Dewayne Parks, 20, was taken into custody in the 500 block of North Victoria. He also was released on a personal recognizance bond.

The fourth such arrest was made

at 2:40 a.m. Wednesday in the 900 block of Jefferson, when Marcus Anthony Collins, 23, was taken into custody. He was released after posting a bond of \$81.50, according to police.

Two calls were made within a few minutes of each other Thursday afternoon that a man was going door to door in the south part of the city, soliciting sales of cleaning materials.

Because that is a violation of city ordinance without a permit issued by city hall, an officer contacted the individual.

Henry Carlile Jackson, 22, was contacted by an officer in the 1200 block of South Wall. When his identification was checked through the computer, it was determined there was an outstanding warrant issued for

Jackson's arrest out of Tarrant County.

The charge was Class B theft by check. So Jackson was taken into custody and turned over to a county sheriff's deputy to be transported to the jail.

After hearing a complaint from a local business man that he had taken a check for merchandise, and then learned from the bank on which it was drawn that the account had been closed, police located the individual.

Larry Dean Kimbro, 46, had returned the money to the businessman, but it was determined a warrant for his address had been issued by the Wichita County sheriff's office.

Kimbro was wanted for assault.

News Briefs

Water service to be cut off Friday

Water service will be cut off between two and three hours Friday afternoon to all homes and businesses north of the railroad tracks.

At 2 p.m., the water pressure will be off in that area to enable workers to make a tie-in on Johnson Road, said

Belvin Lytle, public works director.

The connection will be made at the Johnson Road tower area, which will supply water to the new tower to be built north of US 287.

The interruption is necessary because there is no valve that can permit the tie-in of the new line.

City receives 2.44 inches of rain

Rains of the past week brought smiles to homeowners and cotton farmers, but they likely were too late to benefit the area's wheat crop.

Iowa Park received 2.44 in all, according to Virgil Woodfin. He measured .22 of an inch Thursday,

1.47 Friday and .75 Monday.

Wheat farmers in general say the rains came about 30 to 40 days too late to benefit their crop. The moisture will serve cotton farmers well, however, providing adequate subsoil moisture as planting season nears.

Students launch subscription sale

Members of the Junior High Band launched their annual fund-raising sale of subscriptions to the Iowa Park Leader Wednesday.

The youthful musicians have earned several thousands of dollars for the purchases of additional equipment

through their efforts over the past few years.

Besides the commission paid to the band program, the students will be competing for three individual prizes: most new subscriptions, most renewals, and most subscriptions sold.

GROUND BREAKING ceremony was held Wednesday of last week for a gymnasium to be built by the Iowa Park Optimist Club, just South of the Recreational Activities Center. On the shovels are Lesa Bushfield, center, club president, Mrs. Everett Boulware and Mayor Wayne House. Behind them are members of the Optimist Club and local dignitaries.

IPHS senior honored

A party and cook-out honoring Iowa Park High School senior Jennifer Eiben was held Sunday at the Optimist Club Building.

Hostesses were Mr. and Mrs. John Frederick, Cheryl Frederick, Mr. and Mrs. Blaine Horton, Jonathon and Megan, Mrs. Johnna Bounds, Bridgette, Brooke, Brandi and Blake.

Tables were decorated in green, white and black with green and white balloons.

Those attending were Casey Hunter, Robin Lane, D'Lane Dawdy, Mr. and Mrs. Graten Eiben and Stacie, Marianne and Tari Yarbrough.

Granbery to be speaker

Diane Granbery, M.Ed., LPC, counselor at Bradford Elementary School, will discuss "Modifications in the Regular Classroom," at today's meeting of the Learning Disabilities Association of North Central Texas.

The meeting will begin at 7:30 p.m. at the North Texas Rehabilitation Center, 1005 Midwestern Parkway East, in Wichita Falls.

As I See It . . .

By Bob Hamilton

It seems like, for the past couple of months, we keep reading about this type and that type of poll being done and what the results were.

Polls are especially popular during election years, and I feel they are done by those who have something they want to prove, and convince you of what they want you to believe.

I will be honest with you, I pay no more attention to an article concerning a poll than just to note that one was

reportedly conducted.

The results of a poll mean absolutely nothing to me, even if I should agree with the results.

First one group and then another conducts a poll about what kind of job we believe the president is doing, whether we think some regulation should or shouldn't be passed, and so forth.

Other than filling out an information sheet for the U.S. Census Bureau, have you ever been contacted by a poll

taker? Has anyone you know been?

The pollsters say they contact so many thousand people, and that their results could be "plus or minus" five points in error.

Does anyone know what that plus or minus correctness mean, and how they come up with such a figure?

One reason I never pay attention to the results of polls is because the people taking it never tell me who it was they asked. So I can only assume they did, in fact, ask someone their questions.

But poll taking and statistics are about the same breed of insult to the public.

I'll guarantee you, I can conduct a poll right here in Iowa Park, and come up with a report that the residents don't feel we are paying enough taxes!

All I have to do is pick and choose the people I ask, and I can show you anything I want. Complete with figures and facts.

And I wouldn't add on that plus or minus business, either. The results would be absolute . . . and I'd have the count to prove it.

Polls are not poles. They can't stand inspection by the general public. You can look at a pole, and tell if it's on the up and up.

But you can't by looking at a poll.

GARDENING HINTS

By MARK TERNING, COUNTY AGENT - HORTICULTURE

Unusual swellings or growths on your favorite oak tree are caused by insects.

These insect-induced galls are very alarming, however, no measurable amount of plant damage results. Moth caterpillars, beetles, flies, aphids, and small wasps among other insects actually cause these plant galls.

Chemicals are secreted by special glands in the insect's body and these in turn interact with certain plant chemicals to produce these unusual plant growths. After a brief period of cell growth, gall development stops completely.

It is important to understand that once formed, these growths do not continue to feed on tree nutrients.

Galls may cause concern to homeowners from fear that these abnormal swellings may threaten plant health. Only very few insect species in the United States damage ornamental plants by gall formation.

One exception to this is the damage caused by phylloxera gall on pecan trees. Phylloxera can cause some stress on pecan trees.

Galls cannot be controlled, or eliminated with any type of chemical application at this stage of the game. Once the gall begins to develop, it is impossible to stop or reverse its growth.

Dormant oil applications applied according to label directions in late winter of next year before gall-prone

trees leaf out are your best bet.

Make a note of which trees you are having gall infections on this year for control applications next year.

Certain trees in the same species will experience worse gall problems than others. For example, two Red Oaks in the same yard may have great differences in the number of galls on each tree.

Galls are certainly an unusual sight, but remember, in most situations they are potentially harmless.

Finnell bill would speed up highways

Rep. Charles Finnell participated last week in a public hearing on proposed changes in the federally-mandated 65 and 55 mile per hour speed limits on the state's interstate highways.

It is Finnell's 1991 legislation (HB 454), which became law, that would allow Texas to reimpose the state's traditional highway speed limits if federal speed sanctions are lifted.

In 1975 federal policies imposed the limits on the states as part of a "fuel conservation and safety policy."

Currently, if a state does not comply, it can lose federal highway funding. Finnell continues to champion 65 mph limits on four-lane divided state highways in sparsely populated areas as an economic development issue in northwest Texas.

Thursday's hearings by the Texas Transportation Commission in Austin focused on changes in speed limits on interstate highways prompted by the population changes identified in the 1990 census.

The interstate 65 and 55 mph limits are based on a formula which factors population density.

Finnell stated that there are no interstate highways in his 12 and one half county district.

He said he appreciated the efforts of US Rep. Bill Sarpalius introducing legislation (HR 1512) in reference to highway speed limits and asked Texans to contact their congressmen to urge the bill's passage in Washington D.C.

Mrs. Robert Horton

It is obvious that her husband, children and grandchildren are the center of Lydia (Mrs. Robert) Horton's life. But this energetic mother of six and grandmother of 13 still has time to devote to her church, civic organizations, youth programs, and for 18 years, worked with Home Interiors and Gifts. Lydia and her husband Robert both grew up and graduated high school in Biloxi, Miss. Robert joined the Air Force and, in 1962 when he was transferred to Sheppard Air Force Base, he moved Lydia and the children to Iowa Park.

When Robert retired from the Air Force after 23 years of service, his children were in high school and wanted to stay in Iowa Park. So he went to work at Sheppard Air Force Base in the training of German Air Force personnel, and retired three years ago, after 22 years.

They are members of Our Redeemer Lutheran Church in Wichita Falls, where Lydia belongs to the Young at Heart group, is on the board of the Lutheran Brotherhood, and on Wednesday nights, helps cook meals for the congregation. She is a member of Red River Optimist Club, works with children at First Step, is a Casa Advocate, and works in the reading program and honor club at Fannin Elementary School.

The Horton's children are: Beverly, who lives in Star and has two daughters; Billy has 2 daughters and lives in Arlington; Bobby has two sons and one daughter and lives at Kamay; Bennie, the father of two sons, Beckie, the mother of two daughters, and Blaine who has one son and one daughter, all live in Iowa Park.

Lydia likes to collect antiques, dolls, Teddy bears, and Santas. She likes to refinish furniture and sew, and she still enjoys doing interior decorating.

One of her granddaughters is getting married in June, and Lydia is doing the flowers and decorations for the wedding and reception. She and Robert like to travel since they have retired, and they like to spend time with their grandchildren.

Being a native of Mississippi, Lydia cooks a lot of Cajun and Southern dishes. She said that she buys more

COOK OF THE WEEK

seasonings than food. She and Robert have a small garden where they grow herbs and peppers to season their food. She likes to make pickled peppers and garlic spread and give them away for gifts. The garlic spread is popular with members of her church, and she said some of them would rather have that than cake.

Lydia said she taught all of her children how to cook, and the boys especially are super cooks because they enjoy cooking.

Garlic Spread

2 sticks oleo, softened
2 sticks of butter, softened
1/2 cup mayonnaise
1/2 cup grated Parmesan cheese
3/4 cup Cheddar cheese, grated
3 Tbsps. minced garlic (or more if you like garlic)
Mix softened butter and oleo. Add mayonnaise and mix thoroughly. Add cheeses and garlic and mix well. Spread on thick bread. Heat in 350 degree oven until brown.

Leftover spread may be kept in refrigerator for several weeks. This is so delicious with spaghetti or barbe-cue.

Banana Pudding

2 boxes vanilla wafers
9 bananas
2 reg. boxes instant pudding mix (vanilla or banana cream)
1 - 8 oz. ctn. sour cream
1 - large Cool Whip
Mix pudding according to instructions on box. Add sour cream and mix well. Fold in Cool Whip.
Layer cookies, sliced bananas and pudding. Finish with layer of pudding mixture and crumble a few cookies on top. Refrigerate a couple of hours and enjoy.

Red Beans and Rice

1 ham bone or 3 slices of bacon
1 lb. dried red beans
1 large onion
2 cloves of garlic
2 bay leaves
1/4 cup butter
Salt
Pepper or Tabasco

Soak beans overnight or bring beans to a boil for a couple of minutes, then turn off heat and let set for 30 to 45 minutes.

Drain beans and add fresh hot water, chopped onion, garlic, bay leaves, and the ham or bacon. Bring to a boil, then reduce heat and simmer about 3 hours until beans are soft. Then add butter. Season with salt and pepper to taste, and serve over hot rice.

Fried Green Tomatoes

1 medium green tomato (per person)
Salt
Pepper
White corn meal
Bacon drippings or oil
Slice tomatoes about 1/4 inch thick and season with salt and pepper, then coat both sides with corn meal.

In a large skillet, heat enough bacon drippings or oil to coat the bottom of the pan and fry tomatoes until lightly brown on both sides.

You'll think you have died and gone to heaven!

Pumpkin Cheese Bread

2 1/2 cups sugar
1 - 8 oz. pkg. cream cheese, softened
1/2 cup margarine
4 eggs
1 - 16 oz. can pumpkin
3 1/2 cups flour
2 tsps. baking soda
1 tsp. salt
1 tsp. cinnamon
1/2 tsp. baking powder
1/4 tsp. ground cloves
1 cup chopped nuts
2 cups powdered sugar
3 Tbsps. milk

Preheat oven to 350 degrees. Mix sugar, cream cheese and margarine at medium speed on electric mixer until well blended.

Add eggs, one at a time, mixing well after each addition.

Blend in pumpkin. Add combined dry ingredients, mixing just until moistened. Fold in nuts.

Pour into two greased and floured 9x5-inch loaf pans and bake 1 hour or until wooden pick inserted in center

comes out clean. Cool 5 minutes and remove from pans.

Glaze with combined powdered sugar and milk. Garnish with pecan halves and red maraschino cherry halves, if desired.

Shrimp Creole

1/4 cup oil
2 large cloves of garlic, chopped fine
1/2 cup chopped celery
1 tsp. salt
1/2 tsp. black pepper
1 large onion, chopped
1/2 cup green pepper, chopped
3/4 cup water
Few springs parsley
2 cans of tomatoes
1 can tomato sauce
1 lb. cleaned shrimp

Put oil into skillet and saute onion, garlic, bell pepper and celery until onion is lightly browned. Add remaining ingredients except shrimp. Mix well; cover and simmer 45 minutes. Stir in seafood and cook 15 minutes longer. Serve over hot rice.

Mexican Casserole

3 lbs. ground meat
2 onions, chopped
2 cans ranch style beans
2 cans Rotel tomatoes
2 cans cream of chicken soup
1 large pkg. soft tortillas (1 use corn tortillas)
2 lbs. chard Cheddar cheese
Pepper
Salt
Garlic Powder

Brown meat and onions and pour off any excess grease. Add beans (drained), tomatoes, and soup. Layer in a large casserole dish, the soft tortillas, then meat mixture, then grated cheese. Do another 3 layers ending with cheese.

Bake in 350 degree oven until bubbly, about 35 minutes. Serves 20 people. You may make half a recipe to serve 10 people. I use leftover tortilla chips in place of soft tortillas.

Beef Stew

2 lbs. beef stew meat, cut into cubes and dusted with flour
3 Tbsps. cooking oil
3 cups water
1 large onion, chopped
2 tsps. salt
2 tsps. pepper
1 1/2 tsp. garlic powder
1 tsp. dried basil
2 bay leaves
1 - 6 oz. can tomato paste, or 2 cans of tomato sauce
2 cups cubed potatoes
1 cup sliced carrots
2 pkg. celery, chopped
1 - 16 oz. bag mixed vegetables
1 can tomatoes

Brown meat in oil in a Dutch oven. Add water, onion, seasonings and tomato paste. Cover and simmer 1 1/2 hours, or until meat is tender. Stir in potatoes, carrots and cook 30 minutes. Add additional water (1 use beef broth in place of water) if necessary. Stir in remaining ingredients, cover and simmer 35 minutes longer.

NOTE: I cook my carrots and potatoes in the microwave before adding to stew. Remove bay leaves before serving.

ESA 45 years young

By MYRNA SMITH

Forty-five years ago Iowa Park Epsilon Eta Chapter 1094 of Epsilon Sigma Alpha International was organized, becoming the first organization for young women in Iowa Park.

A Founders Day picnic is planned Saturday at 5 p.m. in observance of the many active years of service the organization has given to the community.

The picnic supper will be in the Chamber of Commerce building. People of the community are invited to join chapter members in celebration.

A highlight of the Founders Day program will be the planting of a tree in the Pocket Park in the 100 block of West Cash. The tree will be dedicated to the memory of the late Lela (Mrs. Bud) Mercer, long-time member and four-time past president of the organization. Her final term of office was 1992-93.

Guests and former members of Epsilon Eta are expected to attend from Fort Worth and Arlington.

Beverages, desserts, plates and glasses will be furnished by the sorority. Those attending are asked to bring a covered dish.

The organization of the local chapter was the culmination of the efforts of the late Audra (Brownie) Tanner, a teacher in the Iowa Park school system at that time, and Cecilia Cowan, a Headquarters staff member who met with the Texas delegation in Denver, Colo., to formulate plans for the Texas State Council.

Iowa Park's Epsilon Eta chapter was one of the first of 36 wide-spread chapters in the newly organized Texas State Council which consisted of

seven districts.

Mrs. Tanner and a representative of ESA contacted young women in Iowa Park and presented the plan for organization. Twenty young women formed the charter group and the late F.E. Hill, president of State National Bank, provided the bank directors' room for a meeting place.

Charter members were Ardith Bell, Claydene Bell, Raydean Brown (Mattis), Fern Corder, Jane Gauntt, Frances George, Edna Ruth Good, Annie Lee Hill, Roberta Hill, Mary Ellen Johnson, Sue Jones, Kay Kildow, Bonnie Metz (Medlinger), Maye Mitchell (Kelly), Mary Miles Mixon, Mary Ann Spence Shook, Ela Simmons, Audra (Brownie) Tanner, Mildred Traylor, and Martha Zeck.

The late Maye Mitchell Kelly served as the first president the 1948-49 term. Bonnie Medlinger was vice president, and Mary Ann Shook was recording secretary.

The members immediately began to build on the foundation of self-improvement and service to others that has characterized Epsilon Eta during its 45 years of organization.

Some other names mentioned in the minutes of the meeting that first year were Kitten Thompson, Mrs. Yeagan (probably Mrs. M.C. Yeagan, chamber of commerce manager at that time), Fran Reed, Faye Guthrie, Betty Birk, and Wynell Cathy.

In 1950 membership was limited to 30 active members. First ways and means project was a handicraft carnival.

That year the First Jewel Pins were received by Faye Guthrie, Kitten Thompson, Helen Mitchell (Miller), Betty Birk (Hansen),

Mauryne Overbey, Wynell Cathey, Fran Reed and Jeannine Parrish. The Jewel Pin Ceremony was conducted by Mrs. Medlinger and Frances George.

The second year of organization three members, Raydean Brown (Mattis), Martha Zeck and Faye Guthrie attended the state convention in Dallas. Lila (Mrs. Herman) Mitchell and Mrs. Maudie Owens were asked to be the first sponsors of the group.

That year Alan Berry and members of the City Council pledged their support in any way if the sorority would take the City Park as a project. It became their project several years.

Epsilon Eta sponsored card and domino party games to raise money for the project.

Through their fund-raising efforts, they put tables, playground equipment and a concrete slab in City Park for an army tank that was on display there.

Frances George was selected that year to represent the chapter as the beauty contestant.

The next year, 1951-52, the chapter had a style show to raise money. The show was presented by Mrs. Otis (Frankie) Hendricks. Members voted on who they considered the most becomingly dressed. Winners were Raydean Mattis and Mildred Mills.

Mrs. George, as project chairman, reported that lights for the City Park had been received at a cost of \$250 to \$300, and asked Alan Berry if the city would pay the electric bill.

She also reported that Charlie Metz would build a brick and rock barbecue pit in the City Park at a cost of no more than \$75, and he suggested

EARLY ESA MEMBERS AT ONE OF THE MANY FUNCTIONS THEY SPONSORED

if there was any money left it would be nice to have a concrete table and benches.

They had a number of welfare projects that year, including gifts to SAFB hospital patients, books or money for a chapter in Kansas to help rebuild a library that was destroyed in a flood. Chapter decided to have a volley ball team, and a canasta and "42" party fund raiser brought their bank balance to \$276.62. They bought ash trays for the directors' room at the bank, for using those facilities.

In the fifth year of organization Marilyn Chandler was president, Annie Lee Hill was vice president, Bobbie Mitchell, recording secretary, Mary Miles Mixon, corresponding secretary, and Louise (Mrs. Alan) Berry was treasurer.

THE TIES THAT BIND

The decision to place a loved one in a nursing home is a difficult one. Choosing the best long-term care facility makes the decision even more complicated. While a nursing facility can never take the place of home, we at Heritage Manor make every effort to provide each resident with an atmosphere that is as home-like as possible.

Heritage Manor is close to home -- close enough for personal involvement. In many cases family and friends will be the most important link between the resident and the outside world. The residents' world is still important to them; and if contact is not maintained, they will feel cut off. This is one reason we feel a facility close to home can best serve your family's needs.

If you have never been in Heritage Manor or visited several years ago, we invite you to stop by for a visit. We also invite your comments concerning ways we can better serve your needs and together keep Heritage Manor a facility the community can be proud of.

ESA observing anniversary

Continued from 8

Lucy Lee (Dale) Woods was selected the second Golden Girl of the chapter. That year Mrs. Mitchell moved to Wichita Falls and Harriett (Mrs. Charles) Coppock was asked to join as the next sponsor. Mrs. Sam Hill was asked to be the third sponsor, but she declined.

Yearbooks were discussed, with a \$20 bid for printing. The sorority emblem was ordered from headquarters for the chapter to use on the yearbook cover. An interesting bit was that the emblem was lost in the fire that destroyed the Iowa Park Herald.

New pledges that year were June (Mrs. Johnny) Crawford, Louise Clapp, Evelyn Farris Reed, Billie McCullough, Doris Perry, Bernice Watson and Lucy Lee Woods.

The City Park was accepted again as a project.

In April 1953 the first district meeting was held in Iowa Park. Organ music was provided by Lottie Lochridge and vocal music was presented by the late George Huckaby Jr.

Cost of the meal by "Chicken On the Run" was either \$1.05 or \$1 per person and included chicken, potato salad, tossed salad, beans, pie and rolls. Net profit for the chapter was \$15.65.

A bake sale and a flapper style show swelled their bank balance that year and four swing sets were bought for the City Park. Dutch George, John Clapp, Leslie Clapp, Jesse McCullough and Johnny Crawford set the swings in concrete.

Also the chapter won \$18.75 for taking first place prize in the Texas-Oklahoma Fair Parade.

Among the ways and means projects in 1954-55 was selling chances

on a pair of I. Miller shoes that netted the chapter \$286.

One of the main projects that year was the Highland Cemetery gates. They got a bid for \$150 for the two cattle guards, or \$80 if the pipe was furnished. The 23 Study Club offered to assist them.

One of the important donations made by the chapter during 1955-56 was a resusitator for the Volunteer Fire Department.

Three members, Louise Berry, Evelyn Farris and Louise Clapp served as district officers. New pledges were Theda Voyles, Patsy Cope and Essie Caldwell (Johnson).

The main chapter project was sponsoring a girl through nursing school.

Epsilon Eta chapter has for many years provided district and state level officers to represent them.

For many years the chapter has helped with the rehab center in Wichita Falls and has donated to St. Jude Hospital. ESA nation-wide has donated \$22 million to that hospital and sponsors one entire floor that is named in their honor.

One year chapter members painted fire hydrants in Iowa Park as characters like Uncle Sam, dogs, people,

farmers, etc.

They placed tables at Oscar Park before it went by that name. One year members washed windows in downtown businesses and swept the sidewalks.

One nursing student they sponsored through school became the county nurse. They have sponsored high school students, helping them buy their class rings, graduation announcements and paid their way on their senior trips. For many years they decorated for the chamber of commerce banquets and always had an act in the Lions Club Minstrels. The chapter also bricked the entrances to Highland Cemetery.

It is difficult to enumerate the many good things the group has done through the years, along with their fun social activities that have helped give young women a sense of creating good will, along with helping improve the community and assisting many ways in needy situations.

Essie Johnson has served this year as Founders Day chairman.

Wheat tour Friday

By DAVID FINLEY

County Agent - Agriculture

The Wichita County wheat tour will start at 10 a.m. Friday at Texoma Ag Products in Burkburnett, a different location than we have used in past years.

We will look at some variety plots that were planted by Dr. David Worrall. It has most of the new varieties on the market along with the older ones as well. In addition, there will be some "blown-up" pictures of wild oat control plots using Assort. These plots are looking good even through dry weather has hampered them.

Speakers at the program will include Dr. Robert Lemon, Extension Agronomist from Vernon, and Emory Boring, Extension entomologist. They will go over the variety plots as well as the insect situation we have faced this year, and also in the future.

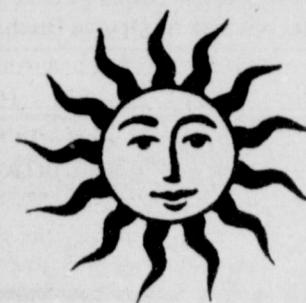

Sponsors for this year's tour include Texoma Ag Products of Iowa

Park, and Burkburnett, and Texoma Tractor of Burkburnett. Lunch will be served courtesy of these two businesses at noon in the Burkburnett Community Center.

Wheat producers in the area are invited to attend this year's tour. It should be a good one. In addition, those that attend and have a private applicators license will receive two CEU's for participating. We'll see you there.

Hawks thrash Jackrabbits

Bowie's Jackrabbits probably knew the outcome of their Dist. 4-AAA game here Saturday was a lost cause when Jim Garrett threw his first pitch.

Leadoff batter Brent Brown sent it over the fence for a home run, his third of the season.

And Iowa Park went on to beat the Hares 13-3 to extend the district record to 4-3, and 14-8 for the season.

Tuesday's game here against Breckenridge was postponed, because of wet field conditions caused by recent rains. It has tentatively been rescheduled for Friday of next week.

The Hawks are to travel tomorrow to Graham, and then return home Tuesday for their game with Henrietta. That's the final contest on the regular schedule for the Hawks, who made it all the way last year to the state tournament.

Two more runners followed

Brown across home plate before the first inning was finished, taking a 3-0 lead.

The two clubs matched each other in scoring once in the second and twice in the third. But Iowa Park sealed the victory in the fifth, racking up six more runs, and then tagged on one more for good measure in the sixth.

Leading the 12-hit onslaught were Brown, who went three-for-three, scored three runs and the same number of runs batted in.

Tony Lozipone had three hits in his four official trips to the plate, and Robert Klinkerman and Jason Maxwell each had a pair.

None qualify for state

Despite some outstanding efforts at the Region One track meet in Odessa, none of Iowa Park's seven athletes qualified for next week's state meet in Austin.

Mandy Threet placed third in the 100-meter hurdles with her second-best final time of the season. She covered the distance in 15.69. Her best this season was a 15.48 at Graham.

Stan Tigrett had a personal-best in the pole vault, clearing 13-0, for fourth place. Though that was the same height

of the third-place finisher, he had more misses.

Jayson Houston missed a trip to Austin by a mere three-quarters of an inch in the long jump. His best effort was measured at 21-11 1/2, which placed him fourth in the competition. Third place was 22-even, and second place was 22-1/4.

Jennifer Ricks placed fifth in the discus with a toss of 116-2, and 11th in the shot put, 32-6. Her sister, Julea, was seventh in the discus with a 108-5.

Dusti Welch was another fourth place finisher for Iowa Park, clearing 5-2 in the high jump. Her best this season was 5-6. She also was ninth in the triple jump, clearing 34-1.

Brandi Catlin competed in both distance events, the 1600 and 3200 meter runs.

Weather conditions were less than desirable, according to the coaches, who said the temperature dropped to the low 40s, but that was about the same miles per hour of the wind.

FUN AND FITNESS activities at Kidwell Elementary were forced to be held inside Friday, because of inclement weather. Utilizing all available space, this group was playing a game of "Simon Says" in the front hallway.

Graham forfeits all fall victories

For the record, the Iowa Park Hawks' 1993 football record was 5-5, not 4-6.

That came about because Graham was forced to forfeit all its victories, including the 31-8 win over Iowa Park.

The Dist. 4-AAA executive committee voted two weeks ago to require Graham High to forfeit all University Interscholastic League competitions in which 12 ineligible senior students participated during the fall semester.

Besides football, the ruling af-

fecting five who were in the band, one boy and two girl basketball players, and two on the girls' volleyball team.

The students involved will be allowed to keep their patches and other recognition for accomplishments, but school titles and team victories during that semester are forfeited.

Cause of the ineligibility problem

was the state's requirement that a student maintain a minimum of two and a half credits of schooling per semester.

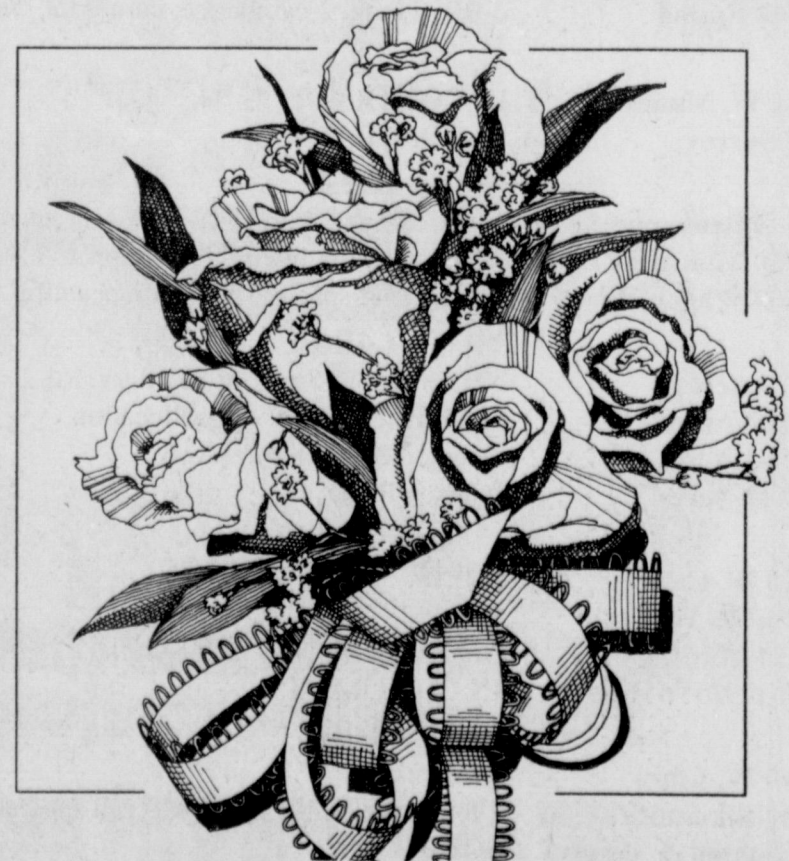

Graham administration was permitting the 12 seniors to attend only four courses in a day, rather than the required five needed to earn the necessary credits.

NEWS FROM THE HALLS OF THE HAWKS

BRADFORD

Earth Day activities

The students in all grade levels at Bradford, found interesting and productive ways to observe Earth Day.

Fifth grade classes planted flowers around the trees at school, and the fifth grade choir sang songs with an Earth Day theme for a meeting Tuesday night of Bradford P-TA.

Students in the fourth grade made colorful and informative posters showing ways to recycle.

Third grade teacher, Michael Bean, ordered Earth Day supplements from the Dallas Morning News, and from these, the students learned many ways to recycle, and to take care of the environment. The students are planning to write a letter to the city council members asking about starting a recycling program in Iowa Park.

The third graders also make posters with their handprint on them, and a promise to take care of the earth. The poem on the posters read:

In the end

We will conserve only what we love
We will love only what we understand
We will understand only what we are taught

by Senegal

Diamante poetry

Fourth grade students have been busy composing a type of poem called Diamante. A few examples of their work include:

Sport
Fun, intense
sliding, hitting, catching
Drinking water a lot
Pitching, throwing, running
Skillful, dirty
Baseball

God
Ruler, king
Creating, caring, loving
Always is awesome
Teaching, showing, ruling
Father, maker
Holy one

Fort Worth field trip

Bradford fifth grade students will be taking a trip to Fort Worth to visit the Fort Worth Museum of Science and History and the Omni Theatre.

The students will see the Jurassic Park exhibit at the museum, and a film, "The Secret of Life on Earth," at the theater.

The fifth grade has been studying the Rain Forest this six weeks.

KIDWELL

Teacher of the Week

Kimberly Mogg, kindergarten teacher, is Kidwell's Teacher of the Week.

Mrs. Mogg grew up in Eakly, OK., a small peanut-farming town. She received her degree from Southwestern Oklahoma State Univ. in Weatherford, OK.

This is her second year of teaching, her first spent as a third grade teacher in Kaufman.

She and her husband, Trevor, have an 18-month-old son, Zachary.

In her spare time, Mrs. Mogg says she enjoys, reading, painting, water skiing, scuba diving, swimming, basketball and softball.

Fun 'N Fitness Tons of Fun

Despite Friday's rainy, cold weather, Kidwell's Fun 'N Fitness was held this year inside the school building.

All the students, and most of the parents and teachers, wore identical blue shirts as they played a variety of games throughout the school.

Thanks to All

To: The Kidwell Elementary Parents and Teachers,

I just wanted to take this opportunity to thank you so very much for all your time and help on our Fun 'N Fitness day. It is you, our parents and teachers, who make our Fun 'N Fitness day a success.

Thank You,
Terry Davis,

Physical Education Teacher
Kidwell Elementary School
