Blaze Tumbles Off Railroad

This railroad car loaded with rubber caught fire on the T&P line Thursday morning. Colorado City and Loraine firemen rushed to the car at a point 4 miles east of Colorado City at 6:10 a. m. and finally extinguished the flames at 12:26 noon. But early in the fire fighting the car was pulled off the railroad to its location shown in above photo so other T&P traffic could move without hindrance.

DIRECTORS APPROVE

Museum, Civic House Project for Jaycees

Jaycees will spend $700 for Civic House equipment and purchase 1,000 auto bumper stickers to publicize Colorado City Museum.

The 2 community projects were approved Tuesday night by Junior Chamber of Commerce board of directors.

And there will be no wasting of time in carrying out the projects.

Infact, the new equipment for Civic House is being purchased with aim for delivery before the Chamber of Commerce annual membership banquet Jan. 13.

Jaycees will buy 75 new Samsonite folding chairs and 10 more banquet tables for Civic House. Cost of the tables and chairs will be approximately $700, according to Don Benson, Jaycee president.

The additional equipment will increase Civic House banquet seating facilities to more than 300 persons. Although 300-persons crowds have been served numerous times in Civic House, these occasions have necesssitated the moving of borrowed chairs and tables into the building from other locations.

"Special effort is being made to have the chairs and tables delivered before the Chamber of Commerce banquet," Benson said, "because more than 300 persons are expected for the event."

One thousand auto bumper stickers will be sought by Jaycees to publicize the museum. Cost of these will be about $100.

The stickers will be distributed to car owners and will publicize the museum's location, hours of opening and its free access to citizens.

There will be more publicity, too, for the museum on the part of Jaycees. Signs — pointing out directions to the museum — will be placed at several locations on main thoroughfares of the city.

In additional business Tuesday night, Jaycee directors voted unanimously to support Lewis Timberlake of Stamford for 1961-62 president of Texas Junior Chamber of Commerce. Balloting will be in May at the state Jaycee convention in San Angelo.

14-Year-Old In Serious Condition

An auto carrying 2 Colorado Junior High students flipped over Wednesday night at Hickory and 21st Street seriously injuring 1 of the youths.

The injured boy is David Taylor, 14, son of Mr. and Mrs. Jeff Taylor.

Taylor, passenger in a car driven by a fellow 9th grade student, Bill McGuire, received serious head injury, severe cut across the left side of his face, nose and arm injuries.

He was partially pinned under the car after it went out of control and turned over near a drive-in eating establishment off Hickory at 8:50 p. m.

Doctors at Root Memorial Hospital reported Taylor's condition improved Thursday and he was partially conscious through the day.

However, the boy was moved by ambulance late Thursday afternoon to Lubbock for additional tests and treatment by a specialist.

McGuire and Taylor, chums in school and sports, were on a brief ride when the accident happened.

The Taylor boy was preparing for an early bedtime when he decided to have a brief joy ride with McGuire.

McGuire, who was driving his parents' 1956 Chevrolet sedan, reported that he turned off Hickory, hit a mud puddle and then lost control of the car. As a metal post at the drive-in loomed in the car's path, McGuire applied the brakes and the auto turned over.

The driver escaped injuries in the mishap.

Service Pipe Line Sets Wage Boost

Service Pipe Line Company's headquarters in Tulsa, Okla., Thursday announced a 5 per cent wage increase for its employes below the executive level and who are not represented by unions.

The company has employes in Colorado City and operating facilities at pump station in the China Grove community.

Wage increase is effective Sunday, Dec. 18, according to J. L. Burke, Service Pipe Line president.

Meetings are being arranged with union representatives of the company's organized employes at which time a similar increase will be offered and will become effective when accepted by the individual unions.

Burke said the increase is effective for eligible employes in the Tulsa office and all divisions and districts in Service's 15-state operating area.

Executive salaries, Burke said, are based on performance and handled individually.

Brother of C-City Residents Dies

Charles Curtis Buckner of Waxahachie, age 57, died Monday of a heart attack in Waxahachie Hospital.

Burial was in Oak Branch Cemetery Tuesday under direction of Rudolph Funeral Home.

Buckner is survived by 2 sisters, Mrs. E. V. Alsobrook and Mrs. H. A. Moore and a brother, J. B. Buckner, all of Colorado City.

RECORD CITY BALLOTING

Drys Win With 264 - Vote Lead

Colorado City established a voting record Saturday and, at the same time, said "no" to off-premises legalized sale of alcoholic beverages.

A total of 1,698 persons cast their ballots in the local option election.

Against the proposal of legalized sale were 978 voters.

For the "wet" proposal were 714 voters.

The margin was 264 votes —fairly close according to the heavy balloting, but still a strong declaration for the "drys".

Just 8 votes short of 1,700 —the election established a record high balloting for the city. And Courthouse observers reported that the icy weather kept probably another 300 persons from casting their ballots.

The local option question was confined to persons residing within the city limits. It was placed before the public by a petition bearing almost 500 signatures, a procedure which required Commissioners Court to call the referendum.

Had the proposal carried "wet," then the sale of all alcoholic beverages would have been legalized within the city limits and a new city ordinance would have been required to set out laws and regulations for the sale.

Campaigning warmed up during the final days before the voting — the Mitchell County Moral & Civic League directing the "dry" campaign, and Colorado City Citizens for Legal Control heading the "wet" campaign.

Commissioners Court canvassed the election returns this week at the Courthouse and the totals remained the same as unofficially reported Saturday night — 978 to 714.

COUNTY BUYS CAR, TRUCK

Construction Ends For Ag Bulding

Construction work has been completed on Mitchell County's new Agriculture Building.

The fabricated metal building makes a striking appearance on south side of U. S. Highway 80, west of Colorado City, with its white roof, aqua sides, tangerine door.

County officials this week reported the construction work was completed. Only remaining work before the building is used will be the connecting of water, electric and gas lines to the building area.

Completion comes in ample time for the Agriculture Building to be used next month for Mitchell County 4-H & FFA Livestock Show and Mitchell County Hereford Breeders Association annual sale.

Commissioners Court Monday approved purchase of a car and dump truck on low bids submitted by Craddock-Witten Ford agency.

Craddock-Witten's low proposal for a new car for the sheriff's department was trade-in and $1,394.79—a 1961 Ford Fairlane with 220-horsepower V-8 engine and air-conditioner.

Only other bidder was Jay Adams Chevrolet with a proposal of $1,752 plus trade-in.

Craddock-Witten's successful low bid for the new dump truck—2 ton, 132-inch wheelbase, V-8 engine and 4 speed transmission—was $3,290 and

DAY & NITE STORE

Carl Gary Buys Drive-in Grocery

Carl Gary has re-entered the grocery business here, purchasing Day & Nite Drive-In Grocery at 469 E. Second.

The former Piggly-Wiggly owner bought Day & Nite from B. H. Gary Jr., who will concentrate his interest on his new store, E-Z Way Superette.

Gary, who has been out of the grocery business here since last June 11, will continue to operate the drive-in under the Day & Nite name.

His store will be open 7 days a week from 6:30 a. m. until 10:30 p. m. Facilities, in addition to the regular grocery and market lines, will include drug and cosmetic rack.

"I am happy to be back in active business," Gary said, "and I will appreciate seeing all my old customers. At the same time I invite all the public to visit my store."

Gary owned and operated Piggly-Wiggly grocery at the corner of E. Second and Elm for years. However, the store was destroyed by fire last year just before Christmas—a blaze which also knocked out C. R. Anthony Store and damaged White's Auto.

Following the fire, Gary moved Piggly-Wiggly to an East Hill location on E. Highway 80. He closed the store, though, last June 11 and stepped out of business temporarily to take his son, a polio victim, to New York for special medical examinations.

The Gary's, who have been living outside of Colorado City since return from New York, this week purchased a residence at 1344 Elm and now have moved into town. Their rural residence is for sale.

BY STATE AGENCY

City Water Head Awarded Citation

An official State Health Department citation was awarded this week to J. A. Sadler Jr., Colorado City water superintendent, for proficiency in water plant management.

The certificates of competency, signed by the state commissioner of health and authorities of the Texas Water and Sewage Works Association, credit recipients with having demonstrated "skill and knowledge" of water treatment plant management and an understanding of the public health importance of the work.

Under the State Health Department's operator certification program, operators are carefully examined on their technical ability and on their knowledge of their work's influence on community health. Each must pass a stiff written test to qualify for certification.

"The recipients of these certificates are a credit to their profession and to their communities," sponsors of the certification program said.

Points toward certicifation are earned through actual work experience and by attendance at annual district and state short schools sponsored and conducted by the Texas State Department of Health, the engineering extension service of Texas A & M College, and the Texas Water and Sewage Works Association.

Mrs. Byrd Dies After Brief Illness

Funeral services for Mrs. Emily Byrd, age 85, were conducted Monday at 2:00 p. m. at the Southside Baptist Church with the pastor, Rev. G. A. Shoff, officiating.

Mrs. Byrd passed away at her home in south Colorado City at 214 New Street Sunday after an illness of 2 weeks.

Mrs. Byrd was born in Pulaski, Tenn., July 17, 1875, and was married there to J. W. Byrd, who died in 1932. They had lived in Mitchell County for many years. Mrs. Byrd had lived in Westbrook and Loraine before coming to Colorado City to make her home six months ago.

Mrs. Byrd was a member of Southside Baptist Church. Burial was in Champion Cemetery under direction of Kiker and Son Funeral Home.

Pallbearers were Holly Jackson, Matt Matlock, Novie Phillips, Walter Prescott, Tom Jackson and Billy Don Green.

Mrs. Byrd is survived by 2 sons, Alvin Byrd of Westbrook and Herman Byrd of Lubbock; 2 brothers, Marvin Claxton of Irving and C. W. Claxton of Colorado City; one sister, Mrs. Fred Lankford of Loraine, 10 grandchildren, 32 great grandchildren and 7 great-great grandchildren.

Funeral Rites Conducted for A. E. Smith, 71

William A. E. Smith died early Wednesday morning at Cassie's Hotel, 347 Walnut St.

Smith was found in his bed Thursday morning. Justice of the Peace, T. E. Arnold, ordered an autopsy and ruled the death of natural causes.

Smith had lived in Mitchell County since 1919, having been a farmer, car salesman and cafe operator. He was a member of the First Methodist Church. He was born Nov. 3, 1889, in Mississippi and was married to Miara Mimms, Dec. 2, 1908, at Frost. Mrs. Smith passed away Dec. 31, 1958.

Funeral services were conducted Dec. 13 in the Kiker

Mrs. Durham Returns From Sister's Side

Mrs. Pearl Durham returned to Colorado City Sunday night after 10 days at the bedside of her sister, Mrs. Zona Cochran, in Hereford.

Mrs. Cochran has been critically ill in a Hereford hospital following 3 heart attacks. Her condition improved at the weekend, but was still critical.

JUDGING SET NEXT WEEK

15 Homes Compete for Yule Decoration Prize

Fifteen residences have been entered in the Chamber of Commerce's Christmas decorations contests.

The residential competition is 1 of 2 Yule motif contests which will be judged next week before Christmas. The other is the traditional Light-a-Window program, sponsored this season by Junior Chamber of Commerce.

While the home decorations competition has 15 contestants, the Light-a-Window contest has 9 organizations.

Here are the residences which have been entered: Joe Earnest, 304 E. Third; Brooks Teague, 907 Marshall; Mrs. L. B. Elliott, 405 E. Fifth; Mrs. Oscar Majors, 425 Chestnut; Bill Everett, 1537 Waco; Bill Holbert, 305 E. 19th St.

M. N. Caddell, 1436 Austin; W. H. Houck, 1202 Elm; Pat Shields, 1233 Walnut; Porter Richardson, 1736 Chestnut; Mrs. Wayne Griffin, 545 Cedar; Mrs. Charles Snyder, 958 Rusk; W. W. Whipkey, 627 Hickory; Leonard Valdez, 1211 Cherry, and Jack Jordan, 976 Marshall.

The homes will be judged next week to determine which three win the $100 prize money — $50 first, $32.50 second, $17.50 third.

There is still time for additional persons to have their homes judged in the contest if they notify the Chamber of Commerce before the judging starts.

Entry of Hutchinson Elementary School's Student Council expanded the Light-a-Window contest to 9 organizations.

Other groups already in window decorations are the Debs, Homemaking of Wallace High, Junior High Student Council, Jaycee-ettes, Zetagathian Study Club, Mitchell County Tuberculosis Association, 1949 Study Club, Maranatha Study Club.

Prizes totaling $100 — the same as home decorations — will be awarded to the top 3 windows after next week's judging.

Hotel Begins 24-Hour WU Service

Twenty-four hour Western Union service is now provided Colorado City at Baker Hotel.

The Western Union facilities are at the main desk in the hotel lobby and under the supervision of Sam Margolies, Baker manager.

Miss Ann Martin, special Western Union supervisor, was here from California to conduct a training program for Baker Hotel employes who

DUE SOON, THOUGH

Phone Rate Case Still "In Making"

An official request for a phone rate increase failed to materialize Monday night before City Council.

But the rate increase will be coming within a month or two.

Reason why the rate hike wasn't on the council table Monday night was because city officials had told Southwestern Bell Telephone representatives they wanted all the data possible concerning the phone situation.

And the company is still preparing the data — and will be until probably the January or February meeting of City Council.

In official business, the council:

1. Authroized purchase of a 1960 Ford pickup and a Ford truck from Craddock-Witten on low net bids of $1,522.85 and 3,485.

2. Authorized payment of the electric bill for the Christmas street lighting of Colora do City Chamber of Commerce.

3. Leased the city's old airport site from W. W. Watson for use as a city dump area. Lease will be for 5 years at $100 per year.

4. Authrozied $25 cash Christmas bonuses for municipal employes with 6 months or more of service.

Yule Mailing Nears Peak

With the Christmas mail load hitting its peak this week Postmaster A. M. Morris expressed his appreciation today for your cooperation on his annual "Mail Early For Christmas" campaign.

"While it's too late to talk about early mailing of Christmas gifts and cards," the postmaster said, "you can avoid disappointing your friends and loved ones on Christmas Day by using Air Mail.

HONORING H. D. CLUBS

Dr. P. D. O'Brien Speaks at Luncheon

Dr. P. D. O'Brian was guest speaker at the annual Christmas luncheon of Mitchell County Home Demonstration Clubs in Civic House Dec. 2.

Dr. O'Brien used as his topic, "Leader." He told how important it was to have the right kind of leadership.

Mrs. Ruth Airhart installed new officers, who were as follows:

Mrs. Charles Stubblefield, chairman; Mrs. Francis Winn, vice chairman; Mrs. J. C. Womack, treasurer; and Mrs. Parker Jarman, T. H. D. A. chairman.

Acting as mistress of ceremonies was Mrs. Stubblefield. She welcomed and introduced guests.

Wolves Nip Big Spring In 53 to 47 Thriller

By JERRY MCKAY
Record Staff Writer

John Moore, Buddy Compton and Steve Hillhouse teamed up for a 53-47 Colorado High victory over Big Spring in Wolve's Gymnasium Tuesday night.

The Wolves took an early lead, but Big Spring overcame this. Moore took over the scoring duties, and Perry Loveless handled the rebounding chores to put CHS ahead 16-15 at the end of the first quarter.

Big Spring took another lead, but once again Moore popped the nets for a 20-20 tie.

The Steers hit 5 quick points before the Wolves could strike back. When they did hit, Compton and Hillhouse put the Wolves even with four and two points respectively.

For 3 and a half minutes in the second half, no one could score. Big Spring finally broke the ice, and Compton quickly added 6 points to put the Wolves ahead.

Alternate volleys kept the score about even until Hillhouse hit a few free throws for a 40-41 lead at the end of the third quarter.

Compton struck at the Steers in the fourth quarter. He put 6 points on the board before Big Spring could find the basket. The Red and Black pulled to a 4 point lead.

With 4 minutes left in the game, the Wolves began to stall. In these few minuttes, Big Spring tried desperately to steal the ball. But they committed several fouls which cost them 11 points and the game.

Buddy Compton was high scorer for the Wolves and the game with 21 points. Jon Moore was next with 15 Steve Hillhouse had 11, 9 of which were free throws.

George Ryan was tops for the Steers with 16. Dick Ebling accounted for 15 points.

Coach Caddo Matthews said "We had a 100 per cent effort and that's what it takes to win. Our boys are improving steadily."

Compton All-Tourney Player at San Angelo

By JERRY MCKAY
Record Staff Writer

Colorado City's Wolves took seventh place in the San Angelo public schools tournament and landed Buddy Compton on the all-tournament team over the weekend.

Wolves lost their first two games to Brownwood by a score of 67-49 and Brady by a score of 53-51. In the Brownwood game, C-City led at the end of the first quarter by a score of 18-17. The Lions put on a determined second quarter effort to tie the Wolves 33-all at the half.

When Brownwood came out at the half, they were a new team. They held C-City to 16 points in that half, downing the Wolves to the tune of 67-49.

Smith hit 24 points for the visitors. Perry Loveless had 13 points followed by Jon Moore with 12 for the Wolves.

A determined fourth quarter brought Colorado City a near victory against Brady. Brady led all the way by scores of 19-9 at the end of the first quarter, 31-22 at the half and 44-37 at the third quarter's end.

Buddy Compton scored 8 points to lead the Wolves struggle for victory in the fourth quarter. The Bulldogs already had enough points to tide them over and squeeze a 53-51 victory.

George Kidd and Charles Reynolds both had 21 points for Brady. Buddy Compton led C-City's scorers with 19.

Steve Hillhouse and Buddy Compton led Colorado City past Lake View 67-43.

The Chiefs never threatened the Wolves. Compton made 12 points in the first quarter which pulled the Wolves away out ahead.

Steve Hillhouse made 21 points for the Wolves eleven from the free throw line. Buddy Compton was next with 19. Probst led the game's scorers with 23.

Ooops! Wallace Hi Is Tripped Again

The Wallace Wildcats and Cubs went to Odessa last Thursday night to play three games.

The results: Won 0; Lost 3.

In the A boys' game, Odessa edged out C-City 51-49 in a game that saw Odessa lead the entire first half. The score after two quarters was Odessa 25-Wallace 20.

The Wildcats, becoming used to trailing in the first half, roared back and came to within one point at the end of the third frame — 38 to 37.

M. Garrett of Odessa wasn't about to taste defeat and made all but two points in the final quarter (11). His over-all total was 29.

Curtis Scott, who seemed to pop nets whenever he wished made 29 for C-City. The other Colorado City point-makers were Tony Jones 11, David Miles 6, and Henry Burton 3. T. Morris was second high for Odessa with 12 points.

The Odessa girls slaughtered the Colorado girls 47-10. B. Smith made 17 for Odessa while teammate C. Wallace burned the nets with 11. Dorothy Johnson had 5 for C-City.

The Wallace B team lost to the Odessa 'Bees' 31-48. Playing with the scores tied at the beginning of the third frame, Odessa slowly eked away.

W. Smith and N. Hudson made 22 points and 12 points respectively. Frank Biggers had 12 for the losers.

Wallace will host Lamesa Tuesday night here in Colorado City.

Freshmen in 27-25 Loss To Coahoma

Freshmen Wolves dropped a "heartbreaker" to Coahoma Tuesday night by a score of 27-25.

In the final seconds of the fourth quarter, Dale Walker's pass was taken by opposition players for a tie-breaking score. This proved to be the fatal touch, and the game ended with the Wolves two points behind.

Wolves were behind until the fourth quarter when they exchanged the lead several times with Coahoma, who eventually came out with a victory.

Danny Kennemur was high point man for the Wolves with 8 points. Dyle led Coahoma with 15.

Our Bill of Rights Anniversary

December 15 is observed each year as "Bill of Rights Day" throughout the United States. What does this important "document" mean to us?

The American "Bill of Rights," consisting of the first ten amendments to our federal constitution, all adopted at one time in 1791, specifies in some detail a number of basic civil rights of the individual citizen. Unaltered by subsequent amendments and jealously guarded by our courts, these privileges must still be respected by our government bodies today.

Among the most familiar of our constitutional guarantee are those relating to freedom of religion, speech, and of the press. The same article protects the rights of peaceable assembly and the privilege of petitioning the government for redress of grievances.

Another amendment secures our persons, houses, papers and effects against unreasonable searches and seizures, and specifies that no warrants shall issue but upon probable cause, and unless supported by oath or affirmation.

The due process of law amendment encompasses not one but several guarantees. Every American is secured against being placed twice in legal jeopardy for the same offense; against being compelled to be a witness against himself in a criminal case; and against having his private property taken for public use without just compensation.

He is also secured against being held for trial for a capital (death penalty) or other infamous crime, unless upon a presentment or indictment of a grand jury. And, of course, no person may be deprived of life, liberty or property without orderly court proceedures, or due pocess of law.

The right to a speedy and public trial, by an impartial jury, in the locality where the crime was committed, the right to be informed of the nature and cause of the accusation, and the rights to compel attendance of defense witnesses and to have the assistance of defense counsel in all criminal prosecutions are secured by another section of the "Bill of Rights."

Excessive bail and fines, and cruel and unusual punishments, are prohibited in Amendment VIII. Other articles insure the right to bear arms and ban quartering of soldiers in private homes during peace time.

Then, to make quite clear to our governing bodies the underlying intent of the preceding provisions, the Ninth Amendment states: "The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people."

The Tenth Amendment further emphasizes this basic theory by providing: 'The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

Thus, that fundamental philosophy expressed in the Declaration of Independence, that men are endowed with certain unalienable rights, and that "to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed," has been carried forward into the highest code of our land.

Voting Voice Speaks To Community

Our local option question, no doubt, is settled for quite a while.

Neither side should have any complaints about the decision — at least, from the aspect of voting response. For approximately 1,700 persons cast their ballots at the Courthouse despite severe wintry weather. And the margin against legalized sale of alcoholic beverage was convincing.

Supporters for both sides of the question conducted themselves in fair-minded and dignified manner in most instances in the campaign build-up before balloting closed. This fact is a credit to the community citizenship because it reveals the splendid characteristic of respecting personal opinion.

There were reports, however, of a few instances when persons — both wets and drys — sought to use the threat of business boycott to influence the vote.

We should be glad those threats were of the isolated minority because such attempts for support — regardless for which side — seek to intimate. And even when securing their object, they only force . . . never convince.

WASHINGTON REPOR

New Japan Needs Our Understanding

Last summer we reported that some of our friends in Japan did not believe the riots which resulted in President Eisenhower cancelling his visit represented the feeling of the majority of the Japanese people.

A more recent appraisal of what is happening in Japan, and what it means to us, has been written by another long-time friend, Charles W. Doyle, who has lived in Japan for many years.

He reminds us that the difficulties of American-Japanese relations grow out of the fact that each nation's views have been shaped by a different history. The Japanese are fearful of a return to the totalitarian police state that existed before World War II, he points out.

Many of them view the military alliance with the United States as increasing the danger that the Japanese army will again become so strong as to again rule the nation and destroy their new democratic government.

"It is definitely a mistake to explain the recent agitation as an outburst of anti-Americanism," Mr. Doyle writes. "On the other hand," he cautions, "to attribute it merely to the work of a noisy minority is misleading. Popular sentiment supported the demonstrators in their general aims."

The demonstrations, he contends, were not so much anti-American as they were anti-military. Mr. Doyle emphasizes that we need to understand the reasons behind the riots in order not to jump to the conclusion that Japan is turning against the U. S.

"Americans see international communism as the greatest threat to security, and all of our defenses are alerted in this direction," Mr. Doyle writes. "But the Japanese consider that the greatest menace is from the right.

"To them anything is preferable to returning to the totalitarian police state. This cleavage of thought makes Americans not as acutely sensitive to the signs of resurgent militarism in Japan as we ought to be, and it makes the Japanese somewhat naive in their evaluation of communism."

Because of their different background, Japanese find it hard to understand what the true aims of America are, Mr. Doyle says.

"On the one hand," he says, "America destroyed the hated militarists; on the other she is now encouraging the creation of a new army. America made the present peace and prosperity possible, but now she seems to be jeopardizing this by pushing measures that antagonize Russia.

"She gave Japan her constitution with the clause that renounces war, and now seems to be urging disregard of the constitution. She encouraged the Japanese to be politically active, but now frowns upon the political activity of students," Mr. Doyle says.

The article by Mr. Doyle emphasizes a point in our international relations which, it seems to me, is of paramount importance: We Americans need to make a greater effort to understand the viewpoint of others, and to take that into account before criticing them for not seeing communism through the same eyes as we see it.

TO PAY ITS DEBTS

New Money? In Next 2 Years Texas Must Dig Up 2 Million

By VERN SANFORD
Texas Press Association

Texas will need $215,000,000 in new money during the next two years to pay its debts and make needed improvements.

This is the conclusion of the State Finance Advisory Commission. To get the money, the Commission is officially recommending a one-per-cent, state-payroll tax as a revenue source that would grow as the state grows. Half the tax would be paid by employers, half by employees.

The Commission made a six-months' study of the state's fiscal problems at Gov. Price Daniel's request. It is made up of leaders from the fields of business, labor, and the professions.

As a second choice, the Commission proposed increasing selective, sales taxes. Main emphasis, however, was on the payroll tax which, it was noted, both employers and employees could deduct from federal income taxes.

In addition, the Commission endorsed several secondary methods of fattening the treasury. Among them: increasing college tuition, enacting the governor's abandoned property measure, halting refunds of gasoline taxes to non-highway users.

The Commission outlined need for 1961-63 spending increases that would total approximately $189,000,000. Extra money would go to: (1) public school improvements, including $400 a year raises for teachers (2) medical care for the aged, (3) faculty raises in state colleges and universities, (4) expansion of the state hospital and prison systems, (5) increasing legislators' salaries as provided by constitutional amendment, and (6) stepping up the state water program, parks development, tourist and industry promotion and several others.

Besides this $189,000,000 the state will need an estimated $70,000,000 to cover the deficit in the general revenue fund. This brings total new needs to $259,000,000. But the Commission believes increased income from present sources could bring is as much as $44,000,000, leaving only $215,000,000 to be raised.

A payroll tax, according to the Commission estimate, would bring in $217,000,000 in the two-year period ahead.

HELP FOR RETARDED — State Hospital Board has been urged to make another try at getting a new school for retarded children in the 1961-63 budget.

The Board had originally included a request for $1,500,000 for a school in the Gulf Coast area in its budget, but took it out after budget officials said the Capital budget was too big.

Harvey Phillips, president of the Texas Association for Retarded Children, said the school was badly needed. State schools for retarded children have long waiting lists of applicants.

At present the Board is seeking to expand present schools quickly with low-cost housing units. Phillips said the Association recognizes the necessity for this, but feels the state should move toward having smaller schools in more locations.

LOANS HELD ILLEGAL — Austin Court of Civil Appeals upheld a district court decision outlawing a brokerage system for loan companies.

Atty. Gen. Will Wilson, who filed the suit against an Austin loan company and a Corpus Christi loan company, called the ruling "an important victory in the war against loan sharks."

According to the attorney general's charges, people who borrowed money from the Austin company had to pay a brokerage fee to the Austin loan company for obtaining the money from the Corpus Christi company. Appeals court agreed with the trial court that this was an illegal means of charging excessively for loans.

Attorney General Wilson said the Corpus Christi firm has such brokerage arrangements with about 175 loan companies over the state.

ADC TOTALS FOR — Development of a corps of intensively trained case workers resulted in a 17-per-cent drop in aid to dependent children payments, says the State Welfare Department.

In the past fiscal year the number of families receiving ADC declined from 23,147 to 19,662 for a saving of $3,103,614. The Department said specialization enabled case workers to help some of the ADC families overcome their problems.

The Department report also showed a decline in the number receiving old age assistance — from 5.38 per cent of the population over 65 to 5.29 per cent. Average monthly check for year was $52.89.

SCHOOL LEASES — High bids totaled $6,536,606 in the first sale of drilling rights on Texas school land since the U. S. Supreme Court affirmed state ownership of 10.5 mile-wide tidelands.

Twenty of the 243 tracts on which leases were sold are in the Gulf. Largest individual bid was $1,091,188 for drilling rights on 1,440 acres in Kleberg County.

Money from the sale will be added to the $440,000,000 already in the parmanent school fund. Only earnings from the investment of this fund may be spent on the schools.

A sale of mineral leases on University of Texas lands had been scheduled for March, but has been postponed.

LEADER QUITS — Guy Harrison of Waco resigned as chairman of the State Library Commission amid what he termed "a hodge podge of confusion" over rural library programs.

The five-member Commission has been divided over whether to merge the State Library's Extension Division and the federally financed Rural Library Service.

SHINNERY PHILOSOPHER

Russians' Missile Fizzle Reassures

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek seems cheered by news out of Russia this week.

* * *

Dear editor:

I ran into a news item the other day which deserves more attention than it got. It was in a newspaper which a man in town handed me and said, Here, you can have this, not any news in it.

According to this item, Russia sent a big space ship into orbit and was figuring on bringing it back to earth when the thing disintegrated, burned up in the atmosphere.

The reason this is important news is because it lets us in on what we should have known all along, that Russia ain't mechanically perfect. They're experts all right when it comes to space, they beat us at the start, but everything about their efforts aren't smooth-working and always on target.

I don't care what your political philosophy is — Democratic, Republican, Socialist, Communist, Nobleman.

When you're dealing with machinery, something is gonna go wrong sooner or later. If a tractor won't start on a cold morning, it just won't start, whether it's in Texas or Russia. If you get your mind off your business when you're driving a nail, your thumb is going to get smashed, whether the President is Democratic or Republican or you're in Moscow or London.

I'll admit though that when you hear of one success after another from space exploits out of Russia and nothing about any failures, you develop a one-sided idea about their prowess, and it's very balancing to learn that Russia has missile fizzles the same as the rest of us.

I have a notion also that Russian women scorch shirts the same as any others, if they do much ironing over there, that Russian doctors sometimes treat a patient for the wrong disease, that some farmers over there have weeds growing in their crops, that newspapers misspell names and their presses sometimes break down, that Russian shoe laces break and their shirts wear out, that insects bother their crops and that bad colds are common over there too.

In the world of space, guided missiles are sort of like child direction. Sometimes it works, sometimes it doesn't, and you can't be sure ahead of time what the results will be.

Yours faithfully,
J. A.

TEXAS AGRICULTURE

Irrigation Growth Has Sound Basis

By JOHN C. WHITE
Agriculture Commissioner

Despite the past three years of favorable rainfall condftions, irrigated acreage in Texas has continued to show a slow but steady increase instead of a curtailment.

This was brought out in the latest biennial survey completed last year by the Texas Agriculture Extension Service. The survey was completed from information gathered by county agents from each Texas county, and the results have been carefully checked with figures from previous surveys.

The total irrigated area in Texas in 1959 amounted to 7,140,443 acres. In 1957 the total acreage under irrigation was 6,962,234 acres, and in 1955 it was 6,208,022. The increase from 1957 to 1959 was markedly lower than in the preceding two years, and this was attributed to conditions of favorable rainfall which were generally in nearly every area of the state.

Reports by counties show that there is at least a sprinkling of irrigation in 239 of the 254 counties in Texas. Areas of heaviest irrigation, of course, are in the Rio Grande Valley and in the High Plains.

The 1959 survey showed that some 6,445,155 acres are irrigated by surface methods and 695,288 acres by sprinkler systems, and indications are that the sprinkler method is growing steadily in spite of the heavy expense involved in installation.

In all, irrigation is used on 48,110 farms out of approximately 292,000 farms enumerated in the state. Ground water supplies, obtained from 60,708 wells, are used to irrigated 5,914,753 acres.

The leading irrigated crop is cotton, which shows a total of 2.2 million acres, and grain sorghum is second with slightly more than two million acres. Wheat comes third with 637,000 acres, and other top-ranking irrigated crops include rice, with 436,000 acres; vegetables, 375,000 acres, and pastures, 200,000 acres. There is also irrigated acreage in lesser amounts for corn, forage sorghum, alfalfa, oats and various other types of production.

BIBLE COMMENT

Christmas Light Always Is Within

"But it shall come to pass that at evening time it shall be light."

From the Book of Zecharia comes the prophecy that was to change the world. As Christmas approaches once again millions will pause in their journeys to turn their eyes skyward.

What will be there? From the tops of buildings illuminated billboards will urge the viewer to purchase the "ideal" gift this year.

Fifty-foot Santas will wink at shoppers from store fronts. Perhaps snow will fall upon electrified plastic Christmas wreaths in the city square.

Is this the light we are seeking?

Of course, the gift-giving, the hustle of last-minute shopping, the decorations all have their places in the scene enacted annually with a cast of millions. But each of us must sooner or later come to realize that the "light" of which the Bible speaks is not the illumination that the Merchants' Association and the Chamber of Commerce tears down on the first week in January.

The light that must finally come to each of us in this holy time comes from our own hearts. It is the light of Christ's word.

Ten Word INTELLIGRAM

60 VOICE CHOIR SINGS AT SCHOOL

The 60-voice touring unit of the West Texas State College Acappella Choir appeared in a concert in Colorado City at 1:30 p. m. Thursday in the High School Auditorium.

The Colorado City concert was one of 10 by the group on its annual pre-Christmas concert tour of West Texas cities. Directed by Dr. Houston Bright, nationally known conductor and choral music composer, the choir this year is touring as far south as Coleman, Midland and Colorado City. Other appearances are in Plainview, Childress, Quanah, Vernon, Sweetwater, and Lubbock.

Among members of the choir is Jenny Lynn Massad, daughter of Mr. and Mrs. Frank Massad, formerly of Colorado City.

A variety of sacred and secular numbers make up the 1960-61 repertoire of the choir, including favorite Christmas carols, spirituals, novelties, and the devotional "Holy Radiant Light" by Gretchaninoff. Also among the songs used on tour are Dr. Bright's latest three choruses, "Reflection," "Winter Song," and "Song of the Meadowlark."

The West Texas State choir, organized in 1941 by its present director, Dr. Bright, each year tours the Tri-State area for some 10 days, performing in 20 to 25 high schools annually. Extensive local concerts, television shows, performances with the Amarillo Symphony, recording sessions, and assistance with operatic productions make it one of the busiest concert groups in the Southwest.

BIG SPRING TRIP

8th Graders Lose By 49-33 Margin

By JERRY McKAY
Record Staff Writer

Goliad of Big Spring was victorious over the Eighth grade team in Big Spring Goliad of Big Spring last Thursday night.

Goliad had an impressive five point lead at the end of the first quarter. In the period Roger Proctor and Ronald Hillhouse were hitting well with 4 and 3 points respectively.

At the end of the first half, the Big Spring quint pulled away to a comfortable 11 point lead.

"WE NEED FIRST OF ALL TO BE THOROUGHLY FRIGHTENED"

by Harold Urey (Born 1903)

Whenever a physician becomes sick, he consults another Doctor. He knows how difficult it is to diagnose the cause when influenced by personal observation alone.

Physicians know how quickly a minor ailment can develop into a serious problem. They fear the consequences of neglect.

People with lesser knowledge often wait until they are real sick before consulting a physician. They attempt to treat themselves. This is most unwise and can lead to much future bad health. Be safe. See your physician quickly when sick.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

You May Know This Boy*

*He is typical of 3,000 crippled children scattered over Texas. Boys and girls who have become crippled for one reason or another during the past 12 months. His folks can not pay for corrective treatments at a private hospital. He needs to get into *this Hospital* right away.

HE IS WANTED AT THIS HOSPITAL *RIGHT AWAY!*

There is room for him today. You see, he is badly crippled. Chances are that he can be completely rehabilitated at *this Hospital*. He may live near you. His folks may not know of *this Hospital's* program of providing corrective treatments (including the most costly surgery) at not one penny of cost to the child or his parents.

Hope for them Glory for you

"The departed whom we now remember have entered into the peace of life eternal. They still live on earth in the acts of goodness they performed and in the hearts of those who cherish their memory. May the beauty of their life abide among us as a loving benediction."

A VERY PERSONAL AFFAIR

You can make this Christmas their most wonderful one by getting them in touch with this Hospital today! For the family of a crippled child, Christmas could not possibly hold any brighter promise than that of the rehabilitation of their child. For the child, itself, it would be manna from heaven.

And you would, in very real effect, be their Santa Claus. So, if you do know of such a child, *get in touch with this Hospital at once*. Give us the name, address and as much of the circumstances as you know. We'll take it from there. *And the glory will be in your name!*

HELPING Texas crippled children is a very personal affair. You see, *this Hospital* is supported entirely by gifts from generous-hearted Texans. Each penny of each gift is used for the personal care of Texas crippled children. Each child is a very personal case. He must have special surgery, special braces, special medications, special therapy, special and highly personalized attention from entry to successful completion of his treatments

FOR YOU it is a very personal affair. You make a gift from your heart. That is personal. In one way or another you immortalize your name with your gift. That is personal. In making your gift you may be denying yourself some indulgence. That is very personal. Above all, you know of the unbounded joy given to crippled children and their parents. That is personal.

YES, the rehabilitation program of this Hospital for crippled children is, for you, *a very personal affair*. Faced with the privilege of doing something that is, in essence, monumentally great for someone else, man re-acts in the warm privacy of his own heart. Man, in such circumstances, is guided primarily by his own instincts for personal immortality. Searching himself thusly, man gives expression to his innermost convictions, showing forth to others the true measure of his stature.

SO, consider well your privilege of deeply and richly serving others through your gift NOW to, and for, the crippled children of Texas. It is truly *a very personal affair* for you!

Here are Five Ways to Give

LIVING TRUSTS can be established to benefit the Hospital during your lifetime by naming the Hospital Board, or any other person you designate, as your Trustee over the property, money, securities or other assets you set aside for that purpose.

BEQUESTS in your last will and testament will convey to the Hospital whatever gift you may desire to bequeath. (In connection with living trusts and bequests it is important to consult an attorney.)

LIFE INSURANCE can aid the Hospital through either a new policy, or by making the Hospital beneficiary on any existing policy.

MEMORIALS in honor of loved ones through a gift to the Hospital result in both the names of the donor and that of the memorialized one being permanently recorded in the Hospital's memorial records.

CASH TODAY! Gifts of cash today provide the Hospital with the all-important current operating revenue that makes possible the day-to-day activities of the Hospital.

These Texans as Trustees and hospital officials have dedicated themselves to the service of the Crippled Children of Texas

AT DALLAS MEETING

Kelley Named to State Cancer Secretary Post

Officers elected at the 15th annual meeting of the Texas Division of the American Cancer Society concluding its two-day meeting in Dallas Friday were:

Dr. John Childers of Dallas, president; Edwin T. Phillips Jr. of Fort Worth, chairman of the board; John Mobley of Corpus Christi, vice chairman; Dr. John F. Thomas of Austin, vice president and president-elect; Mrs. W. Aubrey Smith of Houston, vice president, Frank H. Kelley of Colorado City, secretary; and Raymond Gee of Fort Worth, treasurer.

Seven county units of the Society were also recognized with special awards for their outstanding program achievements during 1960.

They were Bexar County for service program, Dallas County for memorial program, Harris County for complete cancer control program, Midland County for April Crusade, North Jefferson County for mass-open showing of special films, and Nueces County for adult education program in schools.

More than 350 cancer unit leaders from all parts of Texas attended the two-day meeting at which the national American Cancer Society's chairman Rutherford L. Ellis and medical vice president, Dr. James P. Cooney, were the principal speakers.

While giving credit to research as the hope for the future, both Cooney and Ellis stressed the importance of annual health check-ups as the single factor which can save more lives from cancer today. Early detection and competent treatment is still, they said, the best safeguard.

In a press conference, Ellis pointed to the thirteen lifetime research grants made by the Society to promising young scientists as one type of program recently initiated to attract more long-term interest to this field.

Cooney said that the family doctor is the most important factor in the best line of defense against cancer. "But he can do nothing," he emphasized, "unless the patient comes to him."

At the concluding sessions, 46 directors-at-large were elected to the Texas Division Board of Directors, and 54 volunteer workers were presented special awards for ten years of active service with the Society.

Directors-at-large elected were:

Abilene—Mrs. L. E. Dudley; Amarillo — Wilbur Q. Budd, M. D., A. B. Goldston, M. D., and Leonard Gunderson; Austin — John F. Thomas, M. D., John D. Weaver, M. D., and Lewis Spears.

Sanders and Shelly In Film At Palace

What would you do if you love is possessed of supernadiscovered that the child you tural powers leading to acts of terror and evil? How would you react if every professional medical and ethical source informed you that nothing could be done to cure your child? What would be your answer to the advice that this child should be removed from any contact with the world?

These are the frightening questions faced by a father and mother in Metro-Goldwyn-Mayer's unique and gripping drama, "Village of the Damned," unfolding one of the most remarkable stories ever brought to the screen.

George Sanders and the lovely British actress, Barbara Shelley, co-star as the physicist and his wife faced with the realization that their handsome and outwardly normal nine-year-old son is actually a "monster." The role of the boy is played by Martin Stephens, remembered as the precocious juvenile of "Count Your Blessings."

"Village of the Dammed" is based on John Wyndham's novel. "The Midwich Cuckoos."

Unusual Film At Palace

George Sanders and lovely Barbara Shelley co-star in Metro-Goldwyn-Mayer's "Village of the Damned." One of the most remarkable dramas ever brought to the screen, it tells the story of twelve supernatural children, with evil intent, born in a small English village after a mysterious visitation from another planet.

1 Point Nips 7th Graders In Cage Test

Colorado City Seventh graders lost a close 24-23 game to Goliad of Big Spring Thursday night by a 49-33.

The first half was all Colorado City. They led 15-6 at the first quarters end. Although they were unable to score in the second quarter, they allowed only one point.

In the fourth quarter Goliad added 11 points to upset Colorado City's hopes for victory.

Mike Hillhouse was the game's leading scorer with 9 points. Next behind him was Jay Roy Sprott with 8.
