

Run-off Election Saturday

Saturday is once again election day in Mitchell County as there is a run-off election in the Democratic Primary for the party's nominees for the post of Railroad Commissioner and Judge of the Court of Criminal Appeals, unexpired term.

The short ballot lists the following:

--Railroad Commissioner: Jon Newton, Jerry Sadler.
--Judge of the Court of Criminal Appeals, unexpired term: W. T. Phillips, Carl Dally.

Polls will open from 7 a.m. until 7 p.m., a county clerk's office spokesman said. The polling places are as follows:

--Precinct One, Mitchell County Courthouse.

--Precinct Two, Westbrook High School auditorium lobby.

--Precinct Three, Community Room of the Housing Authority Bldg., 5th and Oak.

--Precinct Four, Loraine Lions Bldg.

--Precinct Five, Buford Coop Gin office.

--Precinct Seven, Oak Street Baptist Church wooden annex.

Play Contest Draws Entries

Some 10 plays have been received in the Mitchell County Bicentennial Commission's playwriting contest for an original play dealing with the history of Mitchell County.

Writer of the play selected as the winner in the contest will receive \$1,000.

George Womack, whose Horizons Committee of the Bicentennial Commission is sponsoring the contest, said he received more than 60 inquiries about the playwriting contest.

Deadline for entry was June 1 but plays are continuing to come in that were postmarked prior to that date, Womack said.

None of the plays have gone to the judges yet, Womack said. He noted that in going through the plays that have come in so far, there are some very good entries.

Prize money for the playwriting contest was donated by Mr. and Mrs. C. C. Thompson, Texas Electric Service Co., Mitchell County Bicentennial Committee, Colorado City Record, City National Bank, Colorado City Playhouse, Inc., and Radio Station KVMC.

Shotgun Blast Breaks Up Gang Fight

A gang fight which threatened between two groups of young men gathered on the Villa Restaurant parking lot Saturday night shortly before 11 o'clock, was broken up when someone fired a shotgun blast and the gang dispersed.

Some of the weapons of groups of boys and young men were taken from them by police officers later in the night.

Observers at the scene said that it looked like a gang war was about to begin as both sides were armed with chains and bats but when a scuffle ensued and the shotgun went off, the ugly scene broke up.

According to most reports, the bad blood started at a party at Lake Colorado City following graduation Thursday night. Some out-of-school men showed up and fights broke out at the lake.

The fracas erupted over ownership of a quantity of beer.

The bad feeling was brought back to town with some of the men and there was some disturbance Thursday night and early Friday morning.

A check with the police department and Sheriff's Office showed that only two arrests had been made, two men charged with disorderly conduct. Sheriff Bill McGuire said that some assault charges might be filed but so far, none have.

SPLASH DAY at the city swimming pool in Ruddick Park was a cool success Saturday, the first day the pool opened and the first day of summer vacation for the city's students. Pool manager is Jean Ann Gray and Lifeguards are Ginger Noel and Beverly Fuller.

For Jim Bo Morgan

Benefit Concert 7 p.m. Friday

The Jay Boy Adams concert to benefit Jim Bo Morgan starts 7 p.m. Friday in the Middle School auditorium.

Tickets for the concert are \$5 each and can be purchased from various businesses, including City National Bank, Bowers Z Bar B, Woods Boots, Stereo Corral, Colorado Floral and Jay Adams Chevrolet-Oldsmobile.

Should the 7 p.m. concert be sold out, there will be another performance at 9 p.m. It is also hoped that a folk singer will also perform at the benefit.

Morgan was seriously hurt in a pickup-truck wreck on I-20 May 22 and is still in critical condition in the intensive care unit of Hendrick Memorial Hospital in Abilene.

In addition to the concert, a special fund has been started at City National Bank to take donations to help defray medical expenses for Morgan. Anyone may make a donation at any of the teller windows at the bank.

Jay Boy and his band which includes Danny Rain-

es, bass guitar; Davis McLarty, drums; Cal Freeman, steel guitar and Paul Culver, keyboard, will be featured in the concert performance.

Adams is the son of Mr. and Mrs. Jay Adams of Colorado City, a guitarist,

Twirlers Rated I

Colorado High School twirlers participated in the State Solo and Ensemble contests at the University of Texas campus in Austin last Saturday, bringing home a I (Superior) rating on the routine performed by the line of Beth Hanks, Lesa Wilkinson, Shari Lewis, Kathy Ratliff, Beverly Fuller, Sharon Coldey and Kathi Wilson.

The trio of Shari Lewis, Kathy Ratliff and Beverly Fuller was rated II (Excellent) as were solo performances by Beth Hanks and Lesa Wilkinson.

STATE PARK CROWD was the largest ever on hand for a Memorial Day weekend as an estimated 15,000 or more people visited the park at Lake Colorado City for the holiday. Park Superintendent Joe Robinette said that there were 2,184 visitors Friday, 4,701 Saturday, 6,458 Sunday and more than 2,000 Monday. About 12,000 visitors attended the park during the same period last year.

CCMP REST STOP was a popular stopover and resting place for tired motorists to stretch their legs and relax while enjoying refreshments over the Memorial Day weekend. A group of vacationers is pictured here as they get cups of iced tea and soft drinks from the volunteers manning the Rest Stop, members of Colorado City Mounted Patrol, the local CB radio group. The stop was set up in the parking area west of Cattlemen's Restaurant on West Interstate 20 and was operated from Friday afternoon through the early morning hours Tuesday.

Surgical Suite To Be Finished

With the completion of a basement surgical suite at Root Memorial Hospital in from four to six months, Hospital Administrator Charles Root said it would bring the hospital right up-to-date, offering modernized services.

The about 1,800-square-foot area was roughed in when the two new wings to the hospital were constructed about a year ago.

Bids for completing the physical facilities, not in-

cluding equipment, were opened in a special meeting of the hospital district board of directors and low bidder, K-Lain Inc. of Big Spring was awarded the contract during the May 25 regular meeting date of the board.

Winning the contract with a low bid of \$169,500, K-Lain Inc. gave an estimated time of completion of 170 days.

Other bidders were as follows:

--\$175,400, 190 days, Rose & Son Inc. of Abilene.

--\$187,403 less \$7,000, 120 days, Stone Construction Co. of Colorado City.

Construction will start August 1, Root said.

Root and the board were estimating that the physical suite would cost about \$100,000 to complete and the high bids were a shock.

"Mrs. (Marion) Bassham donated \$100,000 toward the suite's completion," Root said. Mrs. Bassham also donated money to the hospital for construction of a new wing and it was named the

Dee Bassham wing in memory of her husband.

The reason bids were so high is the high cost of meeting Life, Health & Safety Code requirements, including over \$80,000 for an isolated electrical system, auxiliary power plant, electronic equipment hookups for oxygen and electrocardiogram machines, etc.

Also, the area must have 100 per cent fresh air, and separate heating and cooling systems.

"All of these safety features are expensive," Root pointed out, but are necessary to meet the strict safety requirements and keep the hospital up-to-date.

The 45 x 40-foot area will include a major surgery room, a minor surgery room, cleaning area, sterilizing room, recovery room, a doctors waiting room and both nurses' and doctors' locker and bath area.

Root said the existing surgical suite will be converted solely to obstetrical

use, meaning that both surgery and obstetrics areas will be less crowded. The present surgical area is being used for both obstetrical and surgical patients.

The new suite will also mean that the hospital will have both major and minor surgical rooms, something not now available and there will also be a recovery room, another area now lacking in the present facility.

Dally Gets Support For Post

District Attorney Frank Ginzel of Colorado City, has announced that he will support Carl Dally for the court of Criminal Appeals in the June 5 Democratic Primary runoff election.

Ginzel pointed out that this is an important position on the state's highest court for the appeal of criminal matters.

Dally is now serving as Commissioner of the Court of Criminal Appeals.

Also on the ballot is W. T. Phillips, 63, of Waco.

Dally has received the support of most of the major newspapers in the state including the *Houston Chronicle*, *Dallas Morning News*, *Corpus Christi Caller*, *Lubbock Avalanche Journal*, *San Angelo Times*, *Austin American-Statesman* and *Fort Worth Star-Telegram*.

Museum Meeting Monday

The next meeting of the Colorado City Historical Museum Committee has been set for 5 p.m. Monday in the museum.

Chairman of the committee, J. Lee Jones Jr., urges all public officials, including the Mayor, City Manager, City Council, Museum Curator, County Judge and County Commissioners, Chamber of Commerce officials and all members of the Mitchell County Bicentennial Commission, as well as representatives of the news media, to attend.

"The primary purpose of the meeting is to call attention to the many improvements and other items made possible by the city and county generally and by the Mitchell County Bicentennial Commission in particular," Jones said, "including the listing of our museum in the Bicentennial Edition of the brochure published by the West Texas Chamber of Commerce."

Bee Losses Filed Through ASCS

A little-known service of the Agricultural Stabilization and Conservation Service is inspection of bee losses and indemnification for losses from pesticides.

TESCO Enters Coal Agreement

Texas Electric Service Co. has announced an agreement to acquire coal from New Mexico for use in making electricity starting in the mid 1980s.

The company said a memorandum of intent has been signed by Texas Utilities Services Inc. (a TESCO affiliate) with Santa Fe Industries Inc. of Chicago for rights to more than 550 million tons of low-sulfur coal.

The coal is located in three deposits in North Central New Mexico. It will be used to make electricity for the customers of TESCO, Dallas Power & Light, and Texas Power & Light, the three operating companies of the Texas Utilities Co. system.

"This action is another step in our program to assure a long-range fuel supply and to keep electricity for our customers at the lowest possible cost," said W. G. Marquardt, president of TESCO.

Cost of the coal, including mining and transportation, is expected to be well below today's market price for natural gas or oil, Marquardt said.

TESCO's fuel plans also include construction of power plants that use East Texas lignite coal for fuel, and construction of a nuclear power plant near Glen Rose.

Fuel supplies for those plants have already been acquired.

Transportation of the coal from New Mexico to Texas is planned primarily on the Atchison, Topeka and Santa Fe Railway.

No firm plans have been made for where the coal will be used, but it is anticipated that some gas-fired plants will be converted to use the coal and some new coal-burning plants will be built in the 1980s.

In addition to the 550 million tons of coal, the utilities will have options on more than 300 million additional tons from the same deposits. Surface mining operations of the coal will include a land reclamation program.

ASCs executive director Don Stewart said that the Beekeeper Indemnity Payment Program requires beekeepers to submit a report to the ASCS office by July 15 each year on the number of colonies of bees and queen nuclei maintained at each apiary and the location of each apiary.

"The colonies and queen nuclei so reported will be the maximum number for which beekeepers will be eligible to receive an indemnity payment for the year," Stewart said. "This report is required for a beekeeper to become eligible for an indemnity payment for bee losses by pesticides."

Colonies or queen nuclei bought, sold or leased after July 15 should be reported to the ASCS office.

"If you establish colonies or queen nuclei after July 15 for your normal yearly operations, notify this office at such time so that we can assist you in preparing an amended report," Stewart said.

Claims may be filed for indemnification on the basis of an established rate per colony damaged: \$22.50 for destroyed; \$15 for severely damaged; \$7.50 for moderately damaged, and \$7.50 for each queen nucleus destroyed.

Applications must be filed by April 1 following the year in which the loss occurred.

Names, Charges Corrected

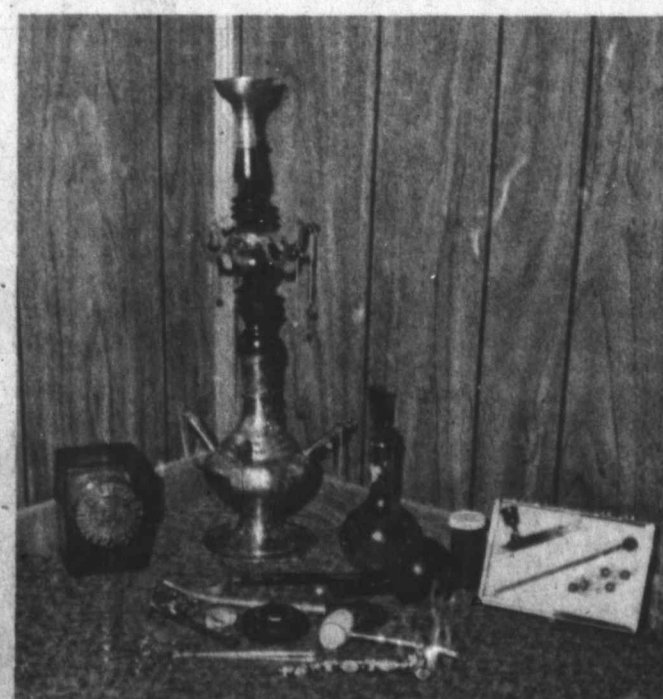

In Sunday's issue of the Record, there was a mix-up of names in the story about the police department confiscating some marijuana plants, pipes and other marijuana-smoking paraphernalia.

The names should have read as follows:

--Sam Steven Williams, 20, Rt. 1, Box 1, Loraine, charged with possession of less than two ounces of marijuana; also charged with theft over \$20 and less than \$200. Complaint filed May 28.

--Johnny Lee Williams, 19, Rt. 1, Box 1, Loraine, charged for theft over \$20 and less than \$200. Complaint filed May 28.

--Jesse Rene Garcia, 17, 1712 Peach, Colorado City, charged with possession of less than two ounces of marijuana; also charged with theft over \$20 and less than \$200. Complaint filed May 28.

CONFISCATED PARAPHERNALIA was taken by the Colorado City Police Department when three young men were arrested early Friday morning. Police Chief Jesse Browning said that this is the biggest haul of marijuana paraphernalia taken from one place by the department. Pictured here are, from left, an elaborate brass upright pipe that permits four people to use it at once; eight smaller pipes, three holders and at the far left, a special contraption which refines leaves from stems, called a "Mary Gin." Two tubs of growing plants were also taken in the haul, one a plastic container and one a gasoline tank cut in half.

Poetry Society

Met May 27

The local chapter of the Poetry Society of Texas met Thursday, May 27, in the home of Mrs. C. P. Gary. The president, Mrs. L. B. Elliott, presided. Mr. Elliott led the invocation.

Mrs. Elliott mentioned the pleasures and advantages of attending the various conferences held by the Poetry Society in different parts of Texas throughout the year and urged members to attend.

The Bicentennial theme was carried out in dress and in the reading of original poems.

Mrs. Houston Quiett of Snyder was program chairperson for the month of May. She gave a talk on "The Sound of Poetry" and gave examples of word sounds.

Original poems read were Poppy Day by Mrs. Quiett; Where Are They? by Mrs. Elliott; We Give Thanks by Mrs. Fargason and Ruth Morgan read Old Colorado Town written by Howard Lindley, a local poet.

Mrs. Gary read I Only Touched The Hem of His Garment, a poem written by Mrs. Willie Mae Thompson, formerly of Lorraine but is now residing in Midland. Refreshments of cake and punch were served by the hostess to Joe Earnest, Mr. and Mrs. Elliott, Mr. and Mrs. Fargason, Mrs. Quiett and Mrs. Morgan.

Only a Dodge pickup can handle all you're cravin' for.

The lowest price.

The Dodge D100* is the lowest priced pickup made in America. (Based on a comparison of manufacturers' suggested retail prices for six-cylinder half-ton pickups excluding state and local taxes, destination charges, and optional equipment.)

The best gas mileage.

In the latest EPA tests for half-ton pickups, a 76 Dodge D100 powered by a 225 six-cylinder engine with a manual transmission turned in an estimated mileage of 25 miles per gallon on the highway and 16 in the city. Of course, your actual mileage may vary depending on the type of driving you do, your driving habits, your truck's condition and optional equipment.

The biggest standard payload.

The Dodge pickup can haul a load of up to 1,505 pounds. That's more than any other American made pickup. And the more you can carry, the fewer trips you'll have to make.

*Pickup shown. The Dodge D100 Adventurer will be priced higher because of optional equipment.

Litton just took the guesswork out of microwave cooking.

Pricing Starting At

\$229

Introducing new Vari-Temp™ automatic food temperature control.

Now just preset the food temperature control to the degree of doneness you want and the new Litton "418" microwave oven with Vari-Temp control does the rest. Automatically cooks and shuts-off.

Cook exactly to your tastes.

Roasts come out browned and naturally juicy. Leftovers and casseroles are warmed to a flavorful freshness. Soup or coffee are served up just as hot as you like.

Complete cooking flexibility with Vari-Cook™ Control.

This new microwave oven also comes with solid-state Vari-Cook oven control. It lets you change speeds infinitely as you change foods: Cook, reheat, roast, simmer, warm, even defrost.

The fact is, while most microwave ovens cook by time alone, the new Litton Model 418 with Vari-Temp and Vari-Cook controls lets you cook by time or temperature—giving you complete cooking flexibility.

Features you'd expect from Litton.

- Vari-Temp food temperature control • Vari-Cook variable-power oven control • 60-Minute Micro-Timer™ digital control • Extra-large easy-clean acrylic 1.2 cu. ft. interior • Intrusion-proof see-thru glass door with safety latch door release • 650 watts power • Plugs into any standard 110 volt outlet.

You'll find other innovative and energy-saving ways to cook in Litton's complete line of countertop microwave ovens, combination and double-oven microwave ranges.

Bill Crockett

Brother & Sister Finish Med. Educations

A brother and sister, both Big Spring High School graduates, will be graduating from medical institutions this month.

They are the children of Mr. and Mrs. Don Crockett, Sr., Big Spring and cousins of Bill Crockett of Colorado City.

Caren Crockett Yeats, a 1972 graduate of Big Spring High School, received her associate degree of nursing from Odessa College on May 14.

She completed the majority of her pre-nursing work at Howard College from January 1972 to January 1974.

She is married to David Yeats, an employee of Cosden Refinery. Caren will

begin work at a Big Spring hospital this month.

Don Crockett, Jr., a 1968 graduate of Big Spring High School, will receive his medical degree from the University of Texas Medical School at San Antonio on May 29.

He attended Rice University in Houston and received his under-graduate degree in May 1972. He entered medical school in July 1972.

During this time he has been a delegate to the National Student Medical Association; has received the Texas Legislative Merit Scholarship for outstanding senior medical student at San Antonio Medical School.

Crockett, Alvarez Are '76 Graduates Of ASU

Bridget Acuff Crockett of Colorado City and Mary Ann Alvarez of Lorraine were among 322 students receiving degrees from Angelo State University during the University's spring commencement.

Mrs. Crockett received a Bachelor of Science degree and Miss Alvarez received a Bachelor of Arts degree.

Featured speaker for the university's spring commencement program was Dr. Kenneth Ashworth, commissioner for the Coordinating Board, Texas College and University System.

Speaking to a capacity crowd in the university's gymnasium in the physical Education Building, Ashworth told those graduating that they should not, "think they are escaping from the rituals of the world, but must realize that they have a responsibility to understand it and make it better."

Ashworth listed three things for the graduates to

keep in mind as they embarked on their new lives: Although a grade of 70 is passing in college, "you've got to start doing better."

The longer they're out of school, the less educated they will be. Therefore, he suggested, they should periodically ask themselves, "what have I done lately to improve my life?"

Juan Dellarose took a yellow cat at 18 lbs.; one channel cat at 11 lbs. 4 oz. Mr. and Mrs. Marvin Jones took two stripers at 6 and 3 lbs.

George Murphy of Midland took 4 stripers at 8 1/2 lbs., 6 1/2 lbs. and five lbs. Paul Parks, Robert McCoy and Marvin Beaman of Lubbock took two channel catfish weighing 2 lbs. each; 15 crappie and 12 black bass.

Earnest Petrova and Larry Shroyer of Midland took 27 channel cat up to 2 lbs. each.

LHS Class Of '76 Tours Austin, Houston On Senior Trip

(Editor's Note: Linda Belvin wrote the following story of the Loraine Senior Trip).

The Senior Class of Loraine High School returned last week from their senior trip, and all they could say was that it was fantastic.

The class left Loraine on Saturday, May 15 for Austin.

It took a little longer than was expected as they had trouble with the bus and had to stop in Brownwood for repairs.

The job took five hours, but fortunately the place where the bus was being repaired was in the middle of a shopping center. After walking around there, the seniors found that the parking lot was perfect for Frisbee competition.

Their late arrival didn't leave much time in Austin, so they made every minute count. They stayed at the Villa Capri, near the college campus.

They left Austin on the 16th, Houston bound. They checked in at the Towers Inn and went to Astroworld.

The next day they toured the Astrodome and that night watched the Astros battle the Braves.

Most of their time was spent on the beach or in the water. Though the class was skeptical at first and didn't

venture too far into the water not one pair of "Jaws" made its appearance.

The spirit of '76 returned home a little older, a little wiser, and ready to take their places in the world.

Arrested In Oklahoma

Three Oklahoma men are being held in Mitchell County following their arrest Tuesday afternoon in Elmore City, Okla. and they were brought back to the county by Sheriff Bill McGuire and Chief Deputy Mike Stutta.

Being held in lieu of \$5,000 bond for theft and \$2,500 for forgery and passing is 24-year old Glen Edward Simmons of P. O. Box 194, Elmore City, Okla.

Held on forgery and passing charges and in lieu of \$2,500 bond each are Ronnie Simmons, 25, and Bennie Ray Simmons, 33, giving the same address.

They were picked up in Pauls Valley, Okla. by the Sheriff's Office and brought to Mitchell County jail.

McGuire and Stutta on the way back to Colorado City, stopped in Sherman to pick up Russell Paul Eppler, 19, of Big Spring, who was wanted for probation revocation by the Sheriff's Office.

Eppler was convicted in November, 1974 for robbery in Mitchell County, probated for two years. He is being held in jail, no bond set, until a hearing can be arranged in District Court.

County Cases

A complaint was filed May 10 in county court against Ricky Lynn Sanford, charging him with evading arrest.

Cases heard in county court recently by county Judge Bill Carter include the following:

May 7, Travis Green pled guilty to two charges: failure to provide child support and unlawfully obtaining property, total value of \$20. He was sentenced to 90 days in jail, probated for one year on the child support charge and sentenced to 90 days in jail to be served on the worthless check charge. Information in the case claimed he gave a check for \$20 on City National Bank June 1, 1975 to Willis Taylor, receiving \$5 worth of gasoline and \$15 in cash. He had no account at the bank at the time.

'Fix-it-up' FmHA Loans Available

Improve Or Repair A rural homeowner whose house needs fixing up may be eligible for one or two "fix-it-up" loans from USDA's Farmers Home Administration.

The two FmHA programs are the home repair loan and the home improvement loan, said David Marion, County Supervisor.

Generally, home repair loans may be used to remove health or safety hazards by repairing roofs, providing water and waste disposal systems, installing screens, windows, or insulation, or

other steps to make the home safe.

Home improvement loans may include similar purposes, but can go further by bringing the home up to minimum property standards and making changes for the convenience of the family, such as adding a room, remodeling the kitchen or otherwise modernizing the house.

Marion advised that a borrower's income is the key to the type of loan for which he may qualify.

For instance, a family with a very low income may borrow up to \$5,000 to remove health hazards; a family with a somewhat higher income can borrow up to \$7,000 to improve their home, he said.

FmHA county supervisors will help families determine their eligibility and the type of loan best suited to their needs and incomes.

For more information on the home repair and improvement loan programs, contact the local county office of the Farmers Home Administration in the Agricultural Service Center located in the G-Kell Building or phone 728-3473.

City Gets \$2,334.55 Tax Check

The City of Colorado City has received a sales tax check from the state for \$2,334.55 for the period ending April 30.

Loraine did not receive a check but will get one when the quarter ends June 30.

Comptroller Bob Bullock said his department has collected nearly \$1 million in sales tax judgments in the 16 months since he took office, more than was collected during the previous eight years.

Lynch Resigns

Colorado City Patrolman Jerel Lynch has submitted his resignation effective June 14 and Police Chief Jesse Browning is taking applications for a replacement.

Lynch, who has been on the force about two years, said he was going to work for Dowell, Inc.

Browning said he has hired a patrolman to take the place being vacated by Robert McMillan June 1, a Big Spring student who will be working on weekends until he finishes the basic 6-week law enforcement school.

Signup For Summer Recreation

The Summer Youth Recreation Program begins at Wallace Center June 7 (Friday) through July 30 and signup is continuing for students from ages six through 18:

A token fee of \$5 per family entitles those enrolled to take part in the activities including Swimming Lessons, Physical Fitness, Volleyball, Basketball, Dodgeball, Table Games, Softball, Croquet, Badminton, Horseshoes, Arts & Crafts, Tennis, Story Hour, Films, Singing and other activities.

The times scheduled for the program are as follows: -9-noon, activities varied for three different age groups, 6-9, 10-13 and 14-18. -12-1:30, noon hour. Students may bring a sack lunch and stay if transportation cannot be arranged during the noon hour.

-1:30-4 p.m., activities again scheduled for three age groups.

Tuesday night from 8-10, a recreation and social hour is also set up.

In addition to the above recreational activities, available for a \$5 per family fee, there will be special tuition pay courses in Basic Tumbling and Gymnastics, \$20 for six weeks on Tuesday and Thursday beginning Saturday and taught by Debbie Blair and Susan Anderson. Lessons are for ages 3-18 at 9, 10 and 11 a.m.

Another tuition pay course will be Twirling Lessons taught by Cheryl Hines at a fee of \$2.50 per one hour session, Mondays and Wednesday for five weeks beginning Friday for five-year olds and over.

The activities are made available through the Wallace Center by the City of Colorado City, Colorado Independent School District and the Youth Teaching Youth Program.

Bonnie Brumley is youth director and Barbara Gray, Center Coordinator.

Dr. Daniel C. Pfannstiel

Pfannstiel Appointed Director

Mitchell County Extension Agent Bob Benson says that he now has a new boss—Dr. Daniel C. Pfannstiel, recently appointed director of the Texas Agricultural Extension Service.

Dr. Pfannstiel's appointment was made Tuesday by the Texas A&M University System Board of Regents, subject to concurrence of the U. S. Secretary of Agriculture, effective June 1.

He now heads the Texas A&M University System's public service agency which provides agricultural, home-making, 4-H and consumer assistance to thousands of Texans throughout the state.

The 2,000-employee service, which operates offices in all but two of Texas' 254 counties, is a joint county-state-federal program which has traditionally served farmers, ranchers and residents of rural communities and is becoming increasingly popular with urban dwellers.

Dr. Pfannstiel, 48, has served the Texas Agricultural Extension Service for 27 years and as associate director since 1971.

He joined the Extension Service upon graduation in 1949 from Texas A&M, working his way up through the ranks from assistant county agent in Wharton County to county agent in Matagorda County in 1962.

He became administrative assistant at the service's College Station headquarters in 1956 and then assistant director in 1959.

Hitchhikers Arrested

Two young hitchhikers were arrested by Sheriff Bill McGuire and Police Chief Jesse Browning following an investigation of a report from the Rev. Phillip Hilton that someone had broken into the First Assembly of God and taken about \$3.

Arrested were Richard Lyles, 17, of 4408 NW 8th St. and a 16-year old, both from Sweetwater.

The complaint was phoned to the police dispatcher at 9:35 a.m. Thursday.

Westbrook's History Featured In Program

There were 103 people registered and more there who had not had time to register when the Westbrook Golden Age Club met for a special Bicentennial program Tuesday night.

Local historian Mrs. Mattie Hines, a member of the pioneering C. P. Conaway family, gave a history of Westbrook, introduced by Mitchell County Judge Bill Carter, dressed in a 1920's straw-boater and blazer, serving as Master of Ceremonies.

The audience sported turn-of-the-century dresses, cowboy and Indian dress, and other items taken from trunks for the occasion.

A flag ceremony was presented by members of Girl Scout Troop 282 of Colorado City, Dolores Hull Troop leader. Following the posting of the colors, Nell Shackelford led the audience in

3-Way Tie For Lead

In Little League action this past week, the Yankees, Tigers and Rangers stayed on top of the action, tied for the league lead with only one loss each.

Monday night, the Tigers won over Astros, 19-9, the Rangers won over the Dodgers 11-8. Tuesday, the Pirates downed the Giants 6-0 and the Yankees won over the Indians 5-3 in one of the best played games of the year.

Last night (Wednesday) a tied game was to be resumed between the Indians and Tigers in a disputed contest.

In Farm League action last Saturday, two teams remained undefeated, the Colts who won over the Blue Sox 15-3 and the Steers who won over the Cubs 9-0. The Lions edged the Mets 14-13.

Tonight (Thursday), the Indians play the Giants at 6 p.m., and the Dodgers and Tigers play at 8. Friday, the Astros and Rangers play at 6 and the Yankees and Pirates play at 8.

Saturday in the Farm League, the Cubs and Lions play at 4; Colts and Steers play at 6 and Mets and Blue Sox play at 8.

Veterinarian To Move Here

Colorado City will have a new veterinarian about mid-August when Rotan native Dr. Larry Helms moves here to become a partner with Dr. J. D. Williams Jr. in operation of Colorado City Veterinary Clinic.

Helms is still working toward his degree in veterinary medicine at Texas Tech University but will graduate in August.

Following his graduation, he and his wife and child will move to Colorado City.

* Bees From Page 1

Only one payment will be made to a beekeeper for the year, covering all bee losses sustained from pesticides by the beekeeper during the year.

"The appropriate time to submit your application would appear to be in the fall of the year when danger of exposure to pesticide is passed," the ASCS executive director said. "Make sure there is an official inspection report for each apiary for which a loss is claimed."

Stewart emphasized that all inspections of bees damaged by pesticides must be made by ASCS inspectors.

"If your bees are damaged from pesticides, notify the county office for the county where your damaged bees are located within three days after discovering the damage so arrangements for an inspection may be made," he stated. "There is a rate established for such service of \$5.85 per hour plus 15 cents a mile for travel."

Beekeepers in the county are especially concerned that they may lose bees from spraying during the Fall Diapause Spray Program designed to control the Cotton Boll Weevil.

Bee losses from the spraying program can be minimized by covering hives during days the spraying is going on. However, beekeepers may want to report their bees in order to be eligible for indemnification of losses. Contact the ASCS office in the Agricultural Service Center in the G-Kell Building for more information.

JON NEWTON

Texas Railroad Commission

The Railroad Commission is one of the most powerful regulatory and conservation agencies in America. Two candidates are in the June 5th Democratic runoff election:

JERRY SADLER, 68, who entered politics in the 1930's, was defeated as Land Commissioner in 1970 after an official reprimand from the Texas House for refusal to cooperate in an investigation... bad absentee record in public office... investigated by a grand jury for using a state employee to run his private motel... sued for civil tax fraud by the IRS... in 1969 the Dallas Times Herald declared "Sadler has made Texas government a universal target of ridicule and derision," and in 1976 the San Angelo Standard echoed, "Under Sadler, the Railroad Commission just might become the laughing stock he once made of the General Land Office."

JON NEWTON, 34, three-term House member with solid record of public service... authored the law regulating strip mining... fought for a Public Utility Commission... serves on Interstate Oil Compact Commission, Mining Council of Texas, Governor's Energy Advisory Council, House Energy Resources Committee (vice chairman)... endorsed by major newspapers throughout Texas... described by the Lubbock Avalanche-Journal as "the resident expert on energy matters in the State Legislature"... in the first Democratic primary his Bee County neighbors gave him an 85% majority over his seven opponents.

Texas' energy and utility rate problems can be solved only by vigorous, responsible leadership and fresh approaches.

VOTE FOR THE QUALIFIED, RESPONSIBLE CANDIDATE.

VOTE JUNE 5 FOR JON NEWTON.

CARL DALLY

Judge of the
Texas Court of Criminal Appeals

"Carl Dally has been a commissioner-in-aid to the court of criminal appeals for half a decade. He has argued before the U.S. Supreme Court and has had extensive experience in both the criminal and civil branches of the law. His opponent is a man with no judicial or appellate experience in criminal cases. We urge Texas Democrats eligible to vote in the June 5 runoff to inform themselves of the qualifications of the candidates in this and all races. We urge them not to vote for a vaguely familiar name, but to vote for the best man. In the case of the runoff for the criminal appeals court, the best candidate is clearly Carl Dally."

AUSTIN AMERICAN-STATESMAN

The Fort Worth Star-Telegram calls Carl Dally "eminently qualified" and the Houston Chronicle says he is "uniquely suited" to serve on the Texas Court of Criminal Appeals. Dally is also endorsed by newspapers in Dallas, Lubbock, Corpus Christi, San Angelo, Tyler, Bryan, Beaumont, Port Arthur, Victoria and Wichita Falls.

Ask your lawyer, your district attorney, any judge, or informed friend about the candidates in this important race. Then vote for the best man.

Local Women Attend Meeting

The Big Country Chapter of Social and Rehabilitative Directors met Wednesday, May 26 for their quarterly session.

The program for the day included registration in Old Abilene Town followed by coffee and doughnuts which were the courtesy of Happy Haven and Care Inn Nursing Homes of Abilene.

A crafts fair, to exhibit a display of items that directors had brought from their nursing homes, was held during the day.

Hostesses for the day, Marion A. Beck, president, and Peggy Vandeweerter, secretary aided a "Let's Get Acquainted" preceeding the program.

Topic of the program was "Death and Dying" presented by Don Caudle of the Abilene State School where he is the chaplain.

Lunch followed the morning program with a tour of Old Abilene Town on the agenda. Led by Marion A. Beck, a business meeting was held and the quarterly meeting was adjourned until

September 14 at the Lesire Lodge.

Twenty-four members were present from the Big Country Chapter including

Mrs. A. V. Nixon, RSVP clerk; Doris Clawson, from Claxton Lodge and Nell Baker from Root Valley Fair Lodge.

Maranatha Club Has Meeting

The Maranatha Study Club met May 20 in the home of Mrs. Woodrow Crabtree for the last meeting of the year.

The meeting was opened with prayer led by Mrs. P. H. Pace. A short business meeting preceeded the program given by Mrs. John Henry and Mrs. Pace.

The subject of the program was "Life More Abundant With Jesus, Formula For Peace of Mind."

A modern day parable illustrated the need for peace of mind as one missing ingredient in the lives of some people. The speakers went on to list the three elements that make up decisions: Commitment, Courage and Calmness.

Roll call was answered on "My Duty As A Christian."

After the program the hostess served refreshments to Meses. Tommy Putman, Dona Reed, Daisy Henry, Billie Martin, Edna Pace, Della Fox and the hostess, Midge Crabtree.

"Why does Texas Electric need a nuclear power plant?"

UNDERSTANDING YOUR ELECTRIC BILL

We need the Comanche Peak nuclear plant, which we're building near Glen Rose, for two very important reasons. It's vital to Texas Electric's ability to provide you with enough electricity in the coming years. And it will help us keep your electric bill as low as possible.

Natural gas, the main fuel we've been using to run our power plants, is running out. New supplies just aren't available in the huge quantities we need. Those supplies that are available have soared in cost.

The nuclear plant, along with our new

lignite coal plants, will help meet the demand for electricity and minimize future rate increases.

The Comanche Peak plant will begin operations in 1980—about the same time our major gas contracts run out. It will be producing 10% of your electricity in 1980 and 19% by 1982.

There are 59 nuclear plants in the U.S., and last year they generated about 9% of the nation's electricity. Nuclear energy is a safe, reliable technology used in this country for nearly 20 years.

B. B. HARDEE, Manager
Phone 728-2331

Lou Fikar, Vice President for Engineering, Power & Research for Texas Electric, holds a pellet of nuclear fuel. A pellet this size provides about the same amount of energy as a ton of coal.

Meeting opened with the group singing and prayer by Mrs. B. H. Bennett. Mrs. Harvey Leach read the prayer calendar and Mrs. Dexter Taylor gave the prayer for missionaries whose birthday was on this day.

The mission program "Meeting Human Need In Brazil" was brought by Mrs. Frances Porter and Mrs. Lynne Compton. They discussed methods of social ministries used by missionaries in Northeastern Brazil. They told about "Friendship House" in Recife and the Goodwill Center.

Mrs. Woodrow Pratt and Mrs. Clifton Henderson brought the Bible lesson from Colossians and Philimon. These scriptures tell that the gospel is not for a select few, but for all who will call upon Him.

Prayers were said for the needs of the missionaries. Present were Meses. Porter, Leach, L. E. Crutcher, Henderson, Dexter Taylor, Buck Taylor, Charlie Harris, R. H. Bennett, Pratt and Compton.
