

The Gay Philosopher

By J. W. S.

THE PRESS HAS just completed a deal to sponsor a contest in Thursday night's Pancake Eating Contest at the Boosters club party at the First Christian Church. Our contestant will be Eugene Pallette, a CJC student from May, who says he is right at eating pancakes. Some of the college boys will serve as his coaches and act in an advisory capacity. The big pancake supper will begin at 5 p. m. and the contest will start at 6:30 p. m. See you there.

THE TEXAS PUBLIC School program was a big success last week. Superintendent Arlin Bint wrote a letter to the Cisco Masonic Lodge in connection with the program as follows:

On behalf of the Cisco Public Schools, we, the administration and faculty, wish to express our appreciation for the interest shown by the citizens during the Education Week.

We are especially grateful to Mrs. Jackson and the Masonic Lodge for helping to plan the program and to the Cisco Daily Press for the excellent publicity. We are appreciative of the genuine and friendly interest of those who visited the schools, and feel that the week was very successful.

We invite and encourage parents to visit the schools often."

THE COLORED School received 46 books last week. The books were donated by Cisco friends to the school's library. Mrs. Mary F. Jones, the teacher, wrote a letter on thanks as follows: "We are very pleased to have had a goodly number of parents and friends visit our school. We extend our thanks to the number of people who brought books for our library. Education Week was a very successful one."

THE OLD TIMERS tell us that signs are good for some wet weather. A significant sign, they report, is the fact that dry springs in some places have started running. There's an old spring over the back of the National Guard armory that began trickling water last week. Out south of town, other springs started running before the weekend rain. Maybe the rain will come back and put some water in our lake.

THE WATER Department has been running some tests at the lake to see how much water the city has on hand. The deepest water they found was about 35 feet. The lake is now about a mile long and from 600 to 700 feet wide. The average depth is probably from 10 to 15 feet. If the lake doesn't catch any water and if Cisco conserves its supply, we could probably get along for a year with the present supply.

Right now, the lake is four feet lower than it was this time last year.

WAS READING AN item in the papers the other day about how much water Americans use. The story said that Americans are either the cleanest or the dirtiest people, depending on how you want to look at it. Our nation has 90 per cent of the world's bath tubs and most of the people take a bath daily.

MRS. PAUL WOODS tells us that the Cisco Country Club entertainment committee has completed plans for a family covered dish supper at 7 p. m. Thursday at the club. Members are to bring a dish of food and themselves. Mrs. Woods reports that the committee will try to have something every week henceforth.

DR. CHARLES M. Cleveland reports that Mrs. C. has been taken home from the hospital and is doing nicely at the family home. Her mother, Mrs. R. F. Scoggin of Beatrice, Neb., is here for a visit while Mrs. C. is recovering.

MR. BOB LATSON was out in the country yesterday and saw a farmer with his pickup truck stuck in the mud. And the man was all smiles, Bob reports. Getting stuck in the mud is novel for West Texans.

Bob reports that all plans are completed for the big Pancake Supper.

Turn To Page Three

LOVE ME, LOVE MY LION—When his neighbors objected to his pet baby mountain lion in Sacramento, Calif., Charles Hughes moved into the country with it, rather than part with the animal. Mrs. G. V. Henson and her two small children seem somewhat astonished at sight of Hughes' unusual pet as he strolls along a thoroughfare with the lion on a leash.

Ciscoans Attend Short Course At College Station

COLLEGE STATION, Mar. 11.—The thirty-fifth annual Texas Water and Sewage Works Association's Short Course is being held at Texas A. and M. College March 8-12. The school is held in cooperation with the State Department of Health, Southwest Section, American Water Works Association, State Board for Vocational Education and A. and M. College.

More than 600 are attending the school. Dr. M. T. Harrington, president of the college, gave the welcome address.

Sessions on water supply, industrial, sewage, laboratory demonstration, bottled water, were on the program.

Alfred Neffendorf of Fredricksburg is president, J. E. Williams of San Angelo, J. R. Bryan, McKinney, R. H. Tate, Post and N. W. Black of Greens Bayou, are vice-presidents; V. M. Ehlers of Austin, is secretary and Mrs. Earl H. Goodwin of Austin is assistant secretary-treasurer; C. H. Billings is administrative assistant.

Joe Sorrels of the Civil Engineering department is in charge of local arrangements.

Registered from Cisco were John Rodden and Arlin Agnew.

TO LEAVE THURSDAY

Donald Ray Kent, recent mid-term graduate of North Texas State College, Denton, will leave Thursday for Quantico, Virginia, to begin training in the U. S. Marine Corps. He will enter the officer candidate school. He is a graduate of Cisco High School and is the son of Mr. and Mrs. M. L. Kent of Cisco.

MOST AREA SCHOOLS HOLDING CIVIL DEFENSE SAFETY DRILLS

AUSTIN, Mar. 11.—A large majority of North Central Texas School systems are now holding regular civil defense safety drills and are working to perfect other defense measures, a survey recently completed reveals.

A total of 36 school systems in the area reported that complete disaster drills are held regularly, while seven more reported partial ones. Only four said that no safety drills are held.

Also, 29 school systems said that safety education is a regular part of their programs, and another 12 systems reported that partial safety programs are now underway.

And with an eye toward the rigors of our atomic age and the world situation, every school which took part in the survey reported that some form of citizenship training is being given students now. Many of these include mental hygiene, conservation of resources and other activities aimed at helping the state's civil defense and disaster relief program.

A number of the school systems are going even further with their

MAYOR PROCLAIMS THURSDAY AS 'AUNT JEMIMA PANCAKE DAY'

In a proclamation issued today, Mayor G. C. Rosenthal declared Thursday to be "Aunt Jemima Pancake Day" in Cisco and called upon all Cisco citizens to back the Boosters Club in its efforts to build a better athletic program in Cisco schools, by attending the Aunt Jemima Pancake Supper to be held at the First Christian Church Thursday night.

The pancake supper was planned by the Boosters club to aid in raising funds to help the

Legion Post To Entertain Vets Of Korean War

Post Commander W. J. Foxworth today announced that all Cisco area Korean conflict veterans will be guests of the John William Butts Post 123 on March 19 at the post's annual dinner commemorating the 35th anniversary of the American Legion.

The American Legion was founded in 1919. Plans call for all members of the Post to be contacted to help invite the Korean veterans.

A committee headed by Stand-lee McCracken will make plans for the March 19 dinner, which will be held at 7:30 p. m. at the Legion Hall. Because of the dinner next week, no meeting of the Legion will be held Thursday night, March 12, Mr. Foxworth said.

The Legion's birthday event is a state-wide affair to be celebrated by all Legion posts.

DRIVE AN OLDSMOBILE Before You Buy! Osborne Motor Co. — Eastland

coaches in their efforts to field better teams during the coming years. The supper will be held in the basement of the church between the hours of 5 p. m. and 8 p. m.

The menu will consist of a stack of pancakes, two strips of bacon, oleomargarine, coffee or milk. Second helpings of pancakes and coffee will be allowed free. The price for tickets to the supper was set at 50 cents per person.

The feature of the supper will be a pancake eating contest with Cisco High School boys as the contestants. The sponsors and their contestants are: Stafford Roofing Company, Jim Webb; J. H. Latson Construction Company, Irvin Brunkenhoefer; Cisco Lumber and Supply Co., Buddy Deen; Sawyers Drilling Company, Fred Hayes; Lee Super Service, Edward Birnie and Nick Miller, the Man's Store, Joe Wayne Farrow. Each contestant must have a sponsor and the sponsor pays \$5 to enter his boy. The winner will be given a valuable prize. Officials of the Boosters Club said that there was room for two or three more contestants and asked prospective sponsors to call 30 after 5 p. m.

A musical program has been arranged for the full three hours and anyone attending the supper at any time during the three hour period will receive full benefit of the program. The contest will be held from 6:30 to 7 p. m. and a running score will be announced during the contest.

Aunt Jemima, famous the world over for her pancakes, will be at the supper in person and aid in the cooking of the pancakes. Her company donated the pancake flour for the project. The bacon, oleo, coffee and milk were donated by manufacturers, jobbers and local merchants.

Mayor Rosenthal's proclamation was as follows:

Whereas: The Cisco Boosters Club is an organization dedicated to the building of a better athletic program in the Cisco schools, and

Whereas: their program will aid in making better citizens of Cisco boys and girls through the teaching of sportsmanship and teamwork, and

Whereas: The Cisco Boosters Club is actively engaged in a project to raise funds for their work through their Aunt Jemima Pancake Supper Thursday night, and

Whereas: the citizens of Cisco appreciate their efforts, I, Mayor G. C. Rosenthal, do hereby proclaim Thursday, March 12, as Aunt Jemima Pancake Day in Cisco, and call upon all Cisco to back the Boosters Club by attending the pancake supper at the First Christian Church Thursday night."

Mr. and Mrs. C. B. Leard and daughters visited in Snyder over the weekend with their son and wife, Mr. and Mrs. Leroy Leard and their daughter, Mrs. Joe Rue Burney and baby, Joyce. They also visited Mrs. Mildred Weir and family at Ira, Texas.

Red Cross Blood Film Is Shown At Credit Meet

A motion picture, "Blood and Bullets," which told the story of the Red Cross blood program, was shown Tuesday as the program feature at the quarterly luncheon meeting of members of the Merchants Credit Association at the Victor Hotel Coffee Shop.

The picture was shown by Roy Killingsworth through the courtesy of the Eastland County Chapter of the American Red Cross. The program was arranged by Dick Lauderdale and Norman Huston.

Mr. Lauderdale announced that a Red Cross Bloodmobile Unit will be in Cisco on March 31 to collect blood for use in making serum by the National Polio Foundation to prevent paralysis in polio. He added that a speaker will be here for a talk at 7 p. m. Wednesday at the First National Bank's community conference room.

The Bloodmobile will seek 150 pints of blood when it spends March 31 in Cisco. Details of the project are being worked out by a committee headed by Mrs. W. W. Wallace. Mrs. Charles S. Sandler is chairman of the county blood program.

Charles S. Sandler presided over the meeting. He is vice-president of the association. Some 50 members and guests attended the luncheon. Guests included J. W. Shepard of El Paso and Bob Hammett of Cisco.

High School Day Planned At A&M

COLLEGE STATION, Mar. 11.—More than 1200 high school seniors of Texas are expected on the campus of Texas A. and M. College March 13-14 for High School Day. They will be given a preview of campus life.

The seniors will be guests of the students and former students of the college and will be welcomed by Pres. M. T. Harrington at an address in Guion hall at 9 a. m. March 14. Talks also will be made on the military life and the Junction Adjunct, summer training camp for freshmen.

Many of the seniors are expected to check in on the campus March 13. The students will be housed in the dormitories, eat in the mess halls and taken on conducted tours of the campus. They will be shown the classroom work, experiment work and research programs in the center across the tracks.

In the afternoon and at night they will be guests at athletic events.

Report Of Blood Workers Is Given

AUSTIN, MARCH. 11.—Blood centers in five Texas cities collected a total of 8,178 pints of blood during the month of January, a survey just complete shows.

William L. McGill, state coordinator of civil defense, said that of that amount, 7,087 pints will be used to bolster the nation's defense program. The difference — 1,091 pints — was collected at Waco for civilian use only.

McGill based his report on figures supplied him by the Red Cross. The blood was collected through donors at Red Cross blood centers concerned, as well as through donors who gave to Red Cross bloodmobiles which made visits to surrounding communities.

A total of 1,902 pints were collected by Beaumont, 3,777 by Ft. Worth, 847 pints by Houston, and 150 pints by Dallas. Waco collected 402 pints of blood for defense in addition to 1,091 for civilian use. Not included in the total of 8,178 pints are various other civilian blood collections in the state which aren't connected with the Red Cross.

Allocations of the defense blood will be made by the Office of Defense Mobilization.

City Election Ballot Places Drawn; Water Outlook Studied

A TRAVELER'S AIDE—Luncheon for three-month-old Mike Ashworth is being facilitated by airline hostess Sylvia Velez at a New York airport. The tot's mother was making final preparations for a flight to Cairo, Egypt, and Miss Velez took over the supervision of Mike's luncheon activities.

COUNTY AGENT OFFERS ADVICE AND SUGGESTIONS FOR GARDEN

A nine point program for Eastland County gardeners was offered by the County Agent's office today.

It was suggested that the following points be observed in order to get more food and fun from the garden in 1953:

- (1) Plan the garden in advance.
- (2) Keep it small.
- (3) Make a succession of plantings (for top quality over a longer period of time).
- (4) Plant several kinds of vegetables (12 to 15 kinds as a minimum).
- (5) Have the right tools such as spade, hoe, rake, yardstick, twine, 2 stakes, dibble, trowel, dust gun, garden hose and push plow.
- (6) Have necessary materials such as fertilizer, insecticide seed treating chemicals and inoculants for beans and peas.
- (7) Use good soil management (plenty of organic matter, supplemental commercial fertilizer, supplemental watering, mulches, and rotation).
- (8) Plant adapted kinds of vegetables (See Gardening Bulletin B-70 in County Agent's office).
- (9) Harvest at peak of quality.

Gardeners were warned that time was running out on cool season vegetables, such as English peas, Irish potatoes, Carrots, Mustard and Lettuce, but that some time was still left to plant them.

It was said that Laxton's Progress, Little Marvel, and Bliss Everbearing are good varieties of English Peas. It takes about 1

pound of seed to plant 100 feet of row and the peas will mature in 60-75 days.

Bliss Triumph, Irish Cobbler and Katadin were recommended varieties of potatoes. Plant 8-10 pounds of certified seed to 100 feet of row and expect potatoes in 75 to 100 days.

Plant 1/2 ounce of Danvers Half Long or Red Core Chantenay Carrot seed to 100 feet of space and begin putting carrots on the table in 70 days.

Tendergreen mustard matures quick and is resistant to hot dry weather. This variety matures in 25-30 days and requires 1/4 ounce of seed to 100 feet of row.

For head lettuce in 80 days, plant the Great Lakes variety at the rate of 1/2 ounce per 100 feet of row.

For the warm season garden, it was recommended to plant Tomatoes, Green Beans, Sweet Corn and Squash. Plant these 7-10 days after the last frost. Plant successive crops of tomatoes and sweet corn to insure a supply over a long period.

For tomatoes start out with Rutgers, Stokesdale, Marglobe or Pritchett. When these stop bearing, try Porter, Summer Prolific or Red Cloud.

Good varieties of sweet corn were said to be Ioana, Aristogold and Aristogold Bantam Evergreen. About 1/4 pound of seed will plant 100 feet of row.

Persons wanting more information on their garden are invited to call at the County Agent's office.

BLOODMOBILE COMMITTEES OF COUNTY MEET HERE THURSDAY

Red Cross Bloodmobile committee workers from Cisco, Eastland, Ranger, Rising Star and Moran will attend a meeting at the First National Bank here at 9:30 a. m. Thursday to begin a drive for pledges of blood.

Larry Hayes of Fort Worth, director of the North Texas Defense Center, will be present to discuss the blood program and to answer any questions the committee workers may wish to ask. He is also scheduled to speak at 7 p. m.

Wednesday at the bank at a public meeting.

Mrs. W. W. Wallace, chairman of the Cisco committee, has urged all of her workers to attend Thursday morning's meeting, which will formally begin the drive to enroll prospective donors. The Mothers' Marchers are to attend this meeting, too.

In Cisco, the committee will seek 250 signatures on pledge cards. The blood will be turned over to the National Polio Foundation by the Red Cross. It will be used to make serum to prevent paralysis in polio.

City Buys Pump For Lake Station

The ballot for the April 7 city election, when a mayor and two commissioners will be elected, was arranged Tuesday night at the semi-monthly meeting of the city commission. Absentee voting for the election will begin as soon as the ballots are ready.

In the drawing for places on the ballot, the order of names of candidates was arranged as follows:

For Mayor — H. V. Kirby, G. C. Rosenthal and Joe Britain.

For Commissioner — Ace Lucas, John M. Dunn and Albert Hansen.

R. B. (Bob) Harper, who filed for a place on the ballot as a candidate for the commission, withdrew Tuesday and asked that his name not be printed on the ballot.

In other action, the commission accepted the bid of the West Texas Utilities Company for a new pump to be installed at the Lake Cisco water pump station. A pump that had been in use there for some 25 years recently was discarded after it burned out.

Specifications called for a pump capable of delivering 1,800 gallons of water per minute to the city settling basin on college hill. The new pump will be equipped with a 150 horsepower motor. The pump and motor will cost the city about \$2,900 installed.

The commission, discussing the water situation, ordered City Attorney Edward Brown to make a study preliminary to considering a proposition of creating a water district with the view of building a reservoir on Battle Creek, north west of Cisco. Under the proposal, a dam on Battle Creek would impound water to be pumped to Lake Cisco. This matter is due for further study in the near future.

Mayor G. C. Rosenthal indicated that unless rain replenished the city water supply at Lake Cisco soon the city will have to pass an emergency ordinance to ration city water. Action of this matter is due to come up at the first meeting in April.

Mr. Rosenthal reported that he had notified all large users of city water of the short supply and of the need for voluntary rationing. He has urged all residential and industrial water users to check and repair all leaks and has suggested that new shrubbery and beautification projects not be started until the water supply improves.

Regular monthly bills were ordered paid. All members of the commission were present for the meeting.

Among those attending the Workers Conference in Mangum Tuesday from Cisco are Rev. W. R. Ivie, Mart Agnew, and Mesdames Leroy Taylor, R. L. Bailey, M. Slaughter, Don Rupe, Cecil Adams, R. E. McCord, B. F. Thomas, V. H. Bosworth, Dora Kennedy, R. C. Smith, J. E. Whisenant, A. A. Coats, W. L. Lewis, Miss Ola Mae Henderson, Mr. and Mrs. J. O. Warren, and J. C. Pelfrey.

CLASSIFIED QUIZZERS

How extensive is your "domestic" vocabulary? The following questions are about words which have two meanings—one pertaining to cooking and one to sewing. See how many you can guess and turn to the Classified Page for the answers.

1. What word means (1) to moisten meat lightly during cooking, and (2) to sew loosely with long stitches?
2. What word refers to (1) a certain method of cooking eggs, and (2) decorative gathers on material?
3. What word means (1) to beat eggs or cream into a froth, and (2) to finish by hand with fine stitches?
4. What must be done (1) to a pastry tin before the pie is baked, and (2) to a coat before it is finished?
5. What is usually done twice to a hem, and once to flapjack? "Classified Has The Answers"

AUSTIN — It's either trim or tax, now!

Speaker Reuben Senterfitt stumped the House with word that the state had enough money in sight to maintain the present level of spending — "and no more."

He deviated from the usual by taking the floor himself to lay all the cards on the table.

Said Senterfitt, "If any additional appropriations are made, the Legislature will have to pass new tax bills."

The State Constitution prevents any appropriation bill from becoming law unless the money it spends is available. Comptroller Robert S. Calvert estimates how much revenue the state will receive and returns to the Legis-

lature any bill authorizing expenditures in excess of anticipated income. The Legislature must then make the appropriation conform to income, or increase taxes to pay the cost, or let the bill die.

Max C. Smith of San Marcos, chairman of the House appropriations committee, said his group is planning a budget that calls for expenditure of about \$162 million from the general revenue fund during the next two years. According to Comptroller Calvert, that is the amount that the general revenue fund will receive by August 31, 1955.

The state spends about a billion and a quarter per biennium, but the greater part of the money comes out of special funds — not the general revenue fund. Appropriations made by the Legislature come out of the general revenue fund.

The difficulty now is there are strong demands for more spending. Powerful groups are calling for better roads, higher salaries for teachers, and more money for old age assistance.

Recommended by Rep. Joe Pyle of Fort Worth, as his answer to the highway problem, is a toll road bill. It passed the House 122 to 8 and is now ready for Senate consideration. The bill would set up a Dallas-Fort Worth Turnpike Authority which could issue revenue bonds and use the proceeds to build an expressway between the two cities.

Although the turnpike authority would be composed of three members of the state highway commission and three others appointed by the governor, the property would not belong to the state until after the bonds were paid off. A 35c per trip charge, or thereabouts, is anticipated for use of the 31-mile road, the total cost of which is estimated at \$30 million.

Rep. George T. Hinson of Minneola said the proposed management would give the toll road a state flavor without state jurisdiction.

DeWitt C. Greer, state highway engineer, doubted the wisdom of the toll road proposition. He said that taking tolls from motorists, who already pay road user taxes, amounts to double taxation.

Some members of the legislature feel that if bonds were issued, the Highway Department should be the authority to do it. These members reasoned that the Highway Department bonds would pay a low interest. Also the department could provide the roads quicker and better than a private agency. Then too, the roads would belong to the public and no tolls would have to be paid by the motorists for their use. Furthermore, private property holders would get the benefit of increased values along the right of way.

Representative Pyle contends that building the pay-as-you-ride thoroughfare would not diminish the state highway department's program in the area . . . that two free highways already connect the two cities . . . and that few residents would be displaced because the road would run mostly along the Trinity River . . . and that 90 per cent of the property along the right of way is owned by persons who live in Dallas and Fort Worth.

Public school teachers want annual pay increases of \$600, and they are asking the Legislature to provide the money, which would have to come out of new taxation. College and university teachers also want high salaries, which would be appropriated from the state's general fund.

Dr. Logan Wilson, new president of the University of Texas, recommends that the state appropriate for the school's basic operations, and that the University's revenue from oil lands be used for expansion and to hire a better faculty and staff.

IN THE WAR AGAINST COMMUNISM

DRAFT LAWS AND REGULATIONS

(Editor's note: This is one of a series of 10 short articles on the draft law and its rules and regulations.)

When a man is classified by the draft board, that classification is not permanent. It may be changed when the man's status changes.

Each classified man and each person who has filed a request for the man's deferment must report to the local board in writing any fact that might result in the man's being placed in a different classification. This must be done within 10 days after the change occurs.

Employers may be required to furnish information under the law, and police officials or other agencies may be requested to make investigations.

The local board may reopen and consider anew classification of a man (1) upon his written request, (2) written request of a person who claims to be his dependent, or (3) any person who has on file a written request for the man's occupational deferment. This can be done, provided such

request for reopening is accompanied by written facts not considered when the man was first classified, which, if true, would justify a change in his classification.

Draft regulations say that the "classification of a registrant shall not be reopened after the local board has mailed to such registrant an order to report for induction, unless the local board first specifically finds there has been a change in the registrant's status resulting from circumstances over which the registrant had no control."

Brig. Gen. Paul L. Wakefield, state draft director, points to two things which might happen to a man beyond his control: (1) a serious accident, or (2) death of his father, resulting in his becoming head of the family.

The local board must always reopen a case at either the request of the national or state director of Selective Service and must cancel any order to report for induction, if that is involved in the case.

"Right now," said Dr. Wilson, "based on average salaries, we are near the bottom among state universities belonging to the Association of American Universities."

Other institutions of higher learning also are having trouble keeping their top professors — and their troubles are complicated in that they have no revenue from oil.

Coke R. Stevenson Jr., Texas Liquor Control Board Administrator, is requesting a higher appropriation so that he can increase the number of his enforcement officers and cut down on liquor violations in the state.

The liquor board pays its own way — plus a healthy profit to the general fund — in terms of alcoholic beverage taxes.

Stevenson assured a senate finance subcommittee that the added number of enforcement officers he requests would pay for themselves and then some by bringing in a greater amount of alcoholic tax revenue.

Due in the Legislature is a bill setting up a program for the treatment and rehabilitation of the state's 50,000 alcoholics. The bill was prepared by the governor's statewide committee on alcoholism and backed by Alcoholics Anonymous.

Governor Shivers made two bills law by signing them — bills to provide two new state hospitals for tuberculars. One bill appropriated \$3,225,000 to build new hospitals at Harlingen and San Antonio. The other bill authorizes the removal of patients to other quarters while the new hospitals are being constructed.

Political Announcements

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

First Baptist Circle Meeting Tuesday

Where Catholicism Misses The Point was the theme of the program presented at the regular meeting of the First Baptist Church, held Tuesday, March 10. The program was in charge of the program with Mrs. O. L. Mason as the speaker.

The meeting opened with the reading of "I Surrender All," with Mrs. O. Guthrie leading and Mrs. E. Walker at the piano. Mrs. E. Poe led in opening prayer. Those taking part on the program were Mesdames C. S. Surber, E. J. Burnam, R. D. Guthrie, J. Martin, E. C. Duncan, G. B. Langston. Mrs. Langston closed the meeting with prayer.

Those attending were Mesdames M. Surles, J. E. Burnam, E. C. Duncan, O. L. Mason, R. D. Guthrie, Winston Boles, W. B. Cates, G. Lawson, O. J. Russell, A. Skiles, E. J. Poe, W. F. Walker, H. Cheves, O. T. Martin, P. Phippen, W. D. Hazel, and Mrs. H. M. Ward.

Friendship Program Open At OES Meet

A friendship program, under the direction of Mrs. H. L. Thompson, was presented at the regular meeting of the Order of Eastern Stars held Tuesday evening at the Masonic Hall.

The meeting opened in regular session with Mrs. Gladys Byrd presiding. Following the short business session, the program was presented with the regular officers and Mrs. Bess Moon, Mrs. H. Huffman, Mrs. T. E. Lisenbee, W. W. Fewell, Mrs. I. D. Brown, and Mrs. R. L. Carpenter taking part.

Mrs. Agnes Lee Howard, grand organizer of Albany and Mrs. Annie Carpenter, deputy grand organizer of Eastland were welcomed. The meeting closed in regular form after which refreshments were served to approximately eight members and guests from Eastland, Ranger, Rising Star, Moran, Albany, and Cisco.

Marguerite Leard Is Honored On Birthday

Marguerite Leard was honored recently on her birthday with a party given by her grandparents, Mrs. A. Henson Wagley and her mother, Mrs. C. B. Leard. Games were played and Misses Jean Moates and Kathy Leard sang "It Is No Secret." Gifts were then opened and displayed for all to see.

Refreshments of Chocolate cake and ice cream with plate favors of bubble gum were served to Martha Shirley, Sharon and Joyce Wende, Claudine Tucker, Brenda Posey, Katherine Fricke, E. Burnam, Sharon Rawson, Jean Walton, Mary and Starr, Roberta Mitchell, Jean Moates, Melba Leard, and Mrs. A. Henson Wagley. The gift was sent by Treva Wood.

W.C.S.C. Circle Three Has Study Meeting

Mrs. G. W. Troxell and Mrs. Rue Logan were hostesses for the home Tuesday when Circle Three of the W.C.S.C. of the First Christian Church met for study.

Mrs. J. F. Benedict presided and Mrs. W. J. Armstrong led in opening prayer. The devotional on Family Life in the Church was given by Mrs. J. S. Stockard. Mrs. W. J. Armstrong, chairman of education, visited the group and brought the mission lesson on Health For Congo. A short business session followed and the meeting closed with the missionary benediction.

A social hour followed and refreshments were served to Mesdames J. F. Benedict, H. H. Davis, George Estill, A. L. Clark, J. B. Stockard, Jo Latson and daughter, Bill, G. W. Troxwell, Willie Rue Logan, and a visitor, Mrs. W. J. Armstrong.

Girl Scout Troop 7 Meeting Tuesday

Girl Scout Troop Seven met Tuesday at 3:30 p. m. at the American Legion Hall for their regular meeting.

The minutes of the previous meeting were read and approved and the dues collected. Plans were made for the Scout's 41st Anniversary Banquet to be held at the First Christian Church on Monday, March 16, at 7:30 p. m. and all members were urged to be present.

Those attending the meeting were Mrs. Flint and Mrs. Thompson, leaders, and Charlene Watson, Sandra Chance, Gene Burt, Julia McCanlies, Rose Starr, Carolyn McCune, Barbara Marshall, Thelma Phillips, Rhonda Grung, Karon Grung, Rhonda Grung, Joyce Ann Redwine, Jo Lisenbee, and Jean Thompson.

W.C.S.C. Circle Meets At Rainbolt Residence

Circle Three of the W.C.S.C. of the First Methodist Church met Tuesday in the home of Mrs. G. P. Rainbolt for their monthly circle meeting.

Mrs. Leslie Seymour, program chairman, led the devotional and presented the lesson on the Needs of Africa. She was assisted in the lesson by Mrs. G. E. Davis and Mrs. Carrell Smith. A round table discussion was then held on the subject with all members of the circle participating.

A short business session followed with Mrs. O. C. Lomax, president, presiding. Mrs. Dean read the minutes of the previous meeting in the absence of Mrs. Doss and Mrs. John Shertzer gave the treasurer's report. Pledges and the penny fund were collected and the meeting closed with the circle benediction.

A social hour followed and refreshments were served to Mrs. John Shertzer, Mrs. Leslie Seymour, Mrs. G. E. Davis, Mrs. Ed-Huestis, Mrs. Carrell Smith, Mrs. William Joyner, Mrs. O. C. Lomax, Mrs. J. B. McCanties, Mrs. Gay Weaver, Mrs. W. W. Moore, Mrs. J. T. Dean, and the hostess, Mrs. Rainbolt.

LIKES AND DISLIKES

WHO LIKES WHOM?—It's rather difficult to tell if the 12-foot boa constrictor had any love for Warren Prince, top left, when they were appearing at a Sportsmen's Show in New York. It's different in London where 16-month-old Philla is obviously annoyed by the affection of her mother's boxer, right. A horse cab driver in Rome, lower left, isn't taking any chances on his animal catching cold. He's taking the horse's temperature in front of St. Peter's, Bronx, N. Y., Zoo caretaker Richard Bergman doesn't know if Jimmy, a Kinkajou, is sticking out that long tongue at him, right, or if he's merely trying to catch an insect the Kinkajou way.

FOR DRAINAGE—A 540-ton drainage-control gate is being towed into position by workers on the Sri Menanti project to protect some 42,400 acres of agricultural land at Kuala Lumpur, Malaya. Probably the largest of its kind in Southeast Asia, the gate is made of reinforced concrete, is 123 feet long and measures 27 feet in width.

THEY'RE ON THE LEVEL—Jockey D. Fisher sprawled on the turf as his mount, Hawthorn Glen, fanned the air with all four hoofs, after a fall at the last hurdle of the Crowborough race at Plumpton, England. Ronald, with jockey A. Freeman up, was winner.

HEALTH TALKS

Prepared by the Texas Medical Association

Have you ever thought that it's harder to get out of a hospital than to get in?

Not that it really is, but often a patient and his family are baffled by the amount of checking, clearing, and paper work which seems to be necessary. This system of checks allows the hospital to operate with more efficiency and economy and eventually works to the benefit of the patients.

Usually the hospital asks the doctor to notify the staff that the patient may go home at least several hours in advance of his departure, and a definite check-out time is required. Rooms need to be cleaned and made ready early in the day. For example, a patient entering the hospital for surgery has to be in early enough for routine tests and examinations the evening before his operation.

By observation of check-out time, the main office can plan how to accommodate new patients who are expected, final arrangements can be made to take care of the bill, the diet kitchen can be notified to stop the patient's meals, necessary drugs or equipment to take home can be secured from the hospital pharmacy, and the patient or a relative can be taught how to take care of him at home. If the patient can't walk, the hospital personnel takes him to the automobile in a wheel chair or calls an ambulance.

About the time the doctor leaves an order with the hospital staff for dismissal, he is asked to finish his part of the patient's chart, usually in the form of progress notes. The nurse leaves an order on the nursing schedule that medicines are to be discontinued. After the patient leaves, the nurse finishes her part of the charting, rearranges the chart in the correct order, and sends it to the hospital record room. There the record is reviewed for completeness, then filed for future reference.

Instructions for the patient and his family may have been begun early in the course of hospitalization. Patients who have just discovered they have diabetes, for example, are taught how to figure the right amounts of food for their diet and how to give their insulin shots. Some hospitals have outpatient clinics, which are a way of extending this instruction without keeping a patient in the hospital.

FOR SIZE—Sid Gordon, star outfielder of the Boston Braves, is trying a team shirt on his 10-year-old son, Tommy, at Bradenton, Fla. The National League baseball squad has assembled there for Spring training. Sid was still in civvies when this photo was taken, but he reported for workouts on March 1. Before that, he was strictly on his own, but he managed to arrive a few days early to be on hand for some extra training.

WHEN THE TIME COMES -

...to sign the deed both buyer and seller are usually in a hurry. But alas! it is then the buyer demands an abstract and the seller discovers that he has lost his abstract or never had one. As all title work must be carefully done in these modern days, it takes time and much work. To avoid situations such as these let us suggest you place your abstract orders well in advance of an anticipated need.

IT'S THE LAW in Texas

Does the law provide for persons whose character and reputations are wrongfully assailed? Lawyers say that it does, but with exceptions.

Occasionally the public is agitated by charges brought on the floor of Congress against various individuals — scientists, actors and highly placed government employees. In some cases, where the falsity of those charges has been established, we have become interested in what remedy is available to a person wrongfully accused, either orally or in print. This situation has given new emphasis and importance to the laws governing libel and slander.

What are libel and slander? Generally speaking, libel is a malicious or false publication, in print or in writing, about the character or reputation of a person, made without justification or excuse. This need not be something printed in a newspaper or magazine article — it may be a private letter in which something false and malicious is stated.

Slander is a defamation of a person's character, without legal excuse, made by the spoken word. This need not necessarily be a radio or television address but may be an oral statement which is not mechanically broadcast and which may be heard only by a few rather than by a great number.

Our system of jurisprudence, originating in the common law of England, has always recognized the right of the individual to be safe from an unjust or wrongful attack upon his character and reputation. The relief provided by our laws includes both penal action and civil action for damages. But these remedies do not exist without qualifications and exceptions.

Certain public officials such as members of Congress and members of legislatures, in the course of exercising their duties, have immunity from libel and slander laws.

On the surface this may appear to be somewhat unfair in that a congressman or state legislator may say things which are untrue

about a person and that person has no right to bring suit for damages against him. But there is a reason for it.

Although the rights of the individual are very dear and highly respected by our Constitution and laws, there are times when some of those rights must be suspended if functions of government are to be realized. If a congressman or legislator stands in fear of being sued because of what he says while advocating or opposing legislation, the function of Congress and the legislature would come to a standstill. For that reason the law gives them immunity.

However, recently some congressmen have been accused of abusing this privilege. There has been talk about our law being amended to give injured parties redress against them for false and libelous statements. Would such be desirable? That is a matter of considerable controversy. Although we may sympathize with any person whose personal character and integrity is assailed even by a member of Congress, many feel that the legislative function is so important that we should be cautious in making any changes that might hinder or impede the elected representatives of the people in the execution of their law-making duty.

BRIEFLY TOLD

Mr. and Mrs. C. B. Leard and daughters, Melba and Marguerite visited in the home of Mr. and Mrs. R. F. Leard of Hermleigh recently.

Glenn Tableman of Dallas spent the weekend at home with his parents, Mr. and Mrs. J. J. Tableman.

Mr. and Mrs. Ben Pierce of Cross Plains visited in the home of Mr. and Mrs. E. G. Pierce Friday.

CARD OF THANKS

Since I am leaving Cisco to accept a position in Paris, I wish to take this method of saying thanks to all who helped me in any way while I was technician with the Eastland County Dairy Association. I wish to especially thank the telephone operators who were so diligent and helped me a great deal. To my customers and friends I wish the best. I also wish the best for my successor.

Clyde Hickson

If ye love Me, ye will keep My commandments.—(John xiv. 15.)

It is not enough to go to church one day a week and thus, by devout attendance and attention, to express love for the Lord. His commandments are to be kept every moment of every day in all we do, say and think—only then are we loving Him, and deserving of Divine favor.

If driving makes you tired don't blame the road -it's your car's fault!

HERE'S HOW THE NEW '53 PLYMOUTH KEEPS YOU FEELING FRESH—ALL DAY LONG!

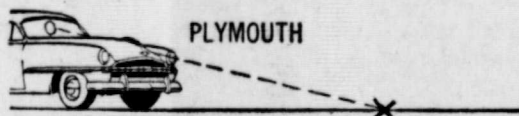

SMOOTH HERE ROUGH HERE

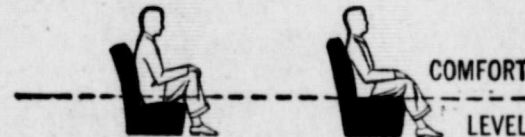

The new Plymouth fights the road for you, not with you! True balance designing "irons out" rough roads to give you a boulevard-smooth ride. Also, it takes the struggle out of steering, reduces the fatigue and nervous tension of long hours at the wheel. In the new Plymouth you know you've got complete control of the car and the road — and it's a mighty comforting feeling!

An old-fashioned "Rock of Gibraltar" hood design can keep you tense, on edge — worrying about what you can't see that's directly ahead of the car.

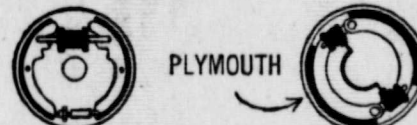

The new Plymouth has a low hood silhouette that lets you see more of the road directly ahead. This is modern styling—with a practical purpose!

COMFORT LEVEL

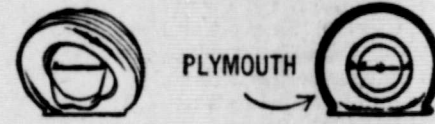

You can't relax, even on a short drive, if you're cramped or crowded in an unnatural seating position. The new Plymouth gives you the lasting comfort and posture protection of Comfort Level seats. Full-depth, full-width coil springs — not the common platform type — always give you correct, cushioned support.

PLYMOUTH

Nothing builds up nervous tension like brakes that give an uncertain, uneven response to the pressure of your foot on the pedal. But with Plymouth's Safe-Guard hydraulic brakes you drive relaxed, confident of smooth, even braking response at every stop. There are two hydraulic brake cylinders in each Plymouth front wheel,

where competitive cars have only one, plus greater areas of Cyclebond brake lining that assure longer, more dependable braking.

PLYMOUTH

How can you relax when you have to worry about blowouts? Plymouth's famous Safety-Rim Wheels protect you with special retaining ridges that hold a deflated tire safely on the rim in case of a blowout. These and many other thoughtful Plymouth features add up to the most carefree, as well as the most comfortable, ride ever built into a low-priced car!

Plymouth offers two great lines of cars: the CAMBRIDGE the CRANBROOK

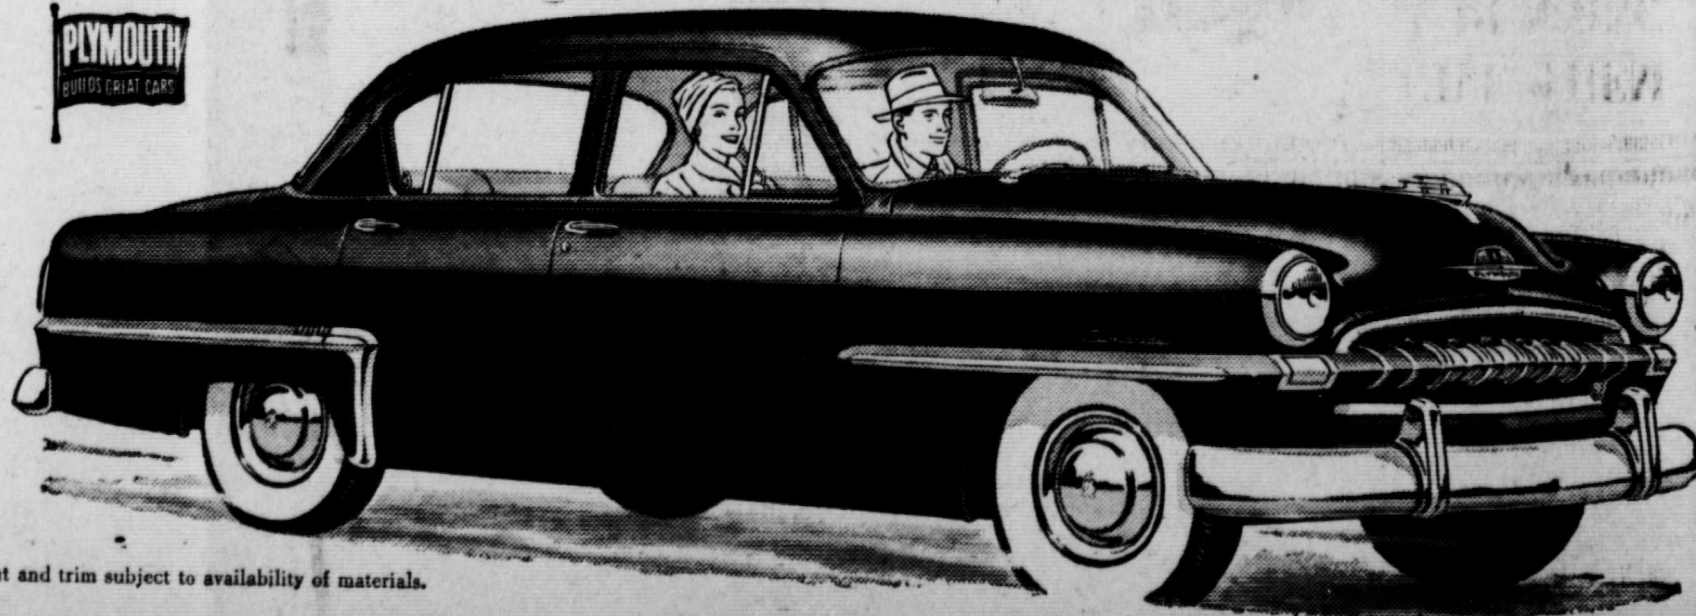

Illustrated below is the 4-door Sedan in the thrifty Plymouth Cambridge line—great value leader of the lowest-priced field. Same great value in the Plymouth Cranbrook 4-door Sedan, with luxury and refinements offered by no other low-priced car.

NEW '53 PLYMOUTH

THERE'S MORE QUALITY IN IT—YOU GET MORE VALUE OUT OF IT

The 1953 Cambridge 4-door Sedan. A demonstration drive of this big value awaits you at your nearby Plymouth dealer's.
