

Ration Book 4 Registration Due This Week

All families of the county should register for Ration Book 4 on Thursday, Friday, or Saturday, October 21, 22, and 23, Cameron Beam, chairman of the county War Price and Rationing Board reminded today.

Registration will be held at designated schools, beginning Thursday at noon. Each place will determine its hour of closing.

Places of registration are Lone Mound, Shinnery, Needwood, Samnorwood, Dodson, Quail, and Wellington.

Persons who registered at Elm Valley for Ration Book 3 may register either at Needwood or Samnorwood. Those who registered at

Superintendent of Schools Logan Cummings announced Tuesday that registration in Wellington will be confined to Friday afternoon and Saturday.

This decision was made because school has just taken up after the cotton picking vacation and school officials felt that all registrations could be taken care of in the day and a half and that it was inadvisable to dismiss for more than one-half day.

Buck Creek, Cross Roads and Midway will register at Wellington this time.

Persons here to pick cotton, or others here temporarily will register at the school nearest them.

All those registering should bring with them Ration Book 3, Miss Merle Hays, clerk of the ration board, said. She also stated that one adult member can register for the entire family.

Those who fail to register during the three days this week cannot register until after November 10. This is due to the great amount of work that employees of the ration board will have to do in connection with this registration.

Baptist Services Are Announced

Services for the First Baptist Church during the absence of the pastor, Rev. H. H. Kinkeade, were announced this week.

Judge C. C. Bishop will be the speaker at the morning service Sunday, October 24. Charles Casson, Jr., will preach at the evening hour.

Rev. J. C. McKenzie of Amarillo will preach at both the morning and evening services Sunday, Oct. 31.

All members of the church are urged to be present and visitors are cordially invited.

J. A. Lucas Is Seriously Ill In North Hollywood

J. A. Lucas of North Hollywood, California, formerly of Wellington, has been seriously ill of a heart ailment since October 6, his daughter-in-law, Mrs. Robert Lucas, said in a letter to Mrs. Jack Hurst of Wellington last week.

Mr. Lucas has been critically ill of the same ailment several times

Homecoming Of Dodson Church This Weekend

A highlight of the church year for the Church of the Nazarene at Dodson will be an all-day homecoming Sunday, October 24. This will be preceded by services on Friday and Saturday nights, Rev. J. E. Perryman, the pastor, has announced.

Returning to preach at the homecoming service and at the two night services is Rev. P. R. Jarrell of Electra, who has been pastor of the Dodson church on two occasions in the past. Altogether, he and his family made their home in Dodson for several years.

UPHOLD SPLENDID TRADITION OF SKYROCKETS

Shown here are the 1943 Skyrockets, contenders for this year's district championship. Friday night they meet the Memphis Cyclone at Memphis in what is expected to be one of the toughest games of the season. Pictured above are, top row, left to right: Edward Harrison, Quince Fulton, Bobby Joe Spears, Clay Kutch, Harold Burns, Don Leach, I. D. Russell, Ernest Kendrick, Fred Covey and Alton Hobbs. Middle row: Supt. Logan Cummings, Coach Al Duncan, Jap Thomas, Ted O'Neil, Harold Maddox, Jimmie Aduddell, Tim Hatch, Dale Scott, Junior Melton, Assistant Coach Robert Percival. Third row: Jack Covey, Bernard Smith, James Winters, Dan Austin, Marion Baumgardner, Dan Trew, and Teddy Richards. Front row: Clifton Clark and Jack Boverie, managers.

County Is Taking "A Texan's Share" In War Fund Drive

Hyde Rites Held Wednesday

Funeral services for Thomas Walter Hyde of Amarillo were scheduled to be held in Wellington Wednesday afternoon, October 20, from the Church of Christ with Min. Will M. Thompson officiating.

Mr. Hyde, who formerly lived here, died Monday in Amarillo. He was 65 years of age.

Mr. Hyde was the father of Mrs. Ott Sisk, who also now lives in Amarillo.

Burial was to be in the Wellington cemetery.

Merle Walker Breaks Ankle In Farm Accident

Merle Walker of the Samnorwood community received a broken ankle recently while working in a cistern at the home of his father, Barney Walker.

Friends reported that Mr. Walker was being lowered into the cistern when the rope by which he was fastened broke, allowing him to fall.

Due to the way in which his ankle was broken, it will be severe.

Benefit Dance Set For Oct. 28

Benefit dances sponsored by the Cross Roads community will be continued, but they will be moved to town where more people can enjoy them, George Richards, who is in charge of plans, announced last week.

The next dance will be held Thursday night, October 28, at the Municipal Auditorium. This is open for all who wish to attend.

As in the past with these dances, proceeds will be turned over to the American Legion to buy War Bonds. These will later be used for the benefit of disabled veterans of this war.

First of the Sunday services will be a big Sunday School Rally at 10:30 a. m. Following the morning services, dinner will be served on the ground.

The afternoon service, beginning at 2:30 p. m., will honor the boys now in the armed services of the country.

"The community will be glad to hear Rev. Jarrell on these occasions, and to visit with him again," Rev. Perryman said.

"This is expected to be the outstanding event of the year for the church, and the public and all members of other denominations who desire to do so are invited to attend and enjoy this occasion with us."

One of the most vital purposes of the county War Fund Campaign is to provide a sensible answer to the question of the American soldier on the battle front who asks, "How's home?" He wants to know that the home folks are with him in this global war, leaders of the Collingsworth County United War Fund drive declared Wednesday, less than five days after the campaign to raise the \$4,500 quota got under way.

"Response has been good. I believe the people realize the seriousness of this drive. They know it is something that will really help our men on the front and those who are unfortunate enough to be prisoners of war," Cameron Beam, special gifts chairman, declared.

One community, Midway, has already completed its campaign and turned in \$152 to B. W. Beard, who is in charge of the work in the communities.

Others were expected to report within the next few days.

The drive was opened last week when the Special Gifts Committee began contacting local business men. While a total of the money collected had not been secured, Mr. Beam reported that splendid cooperation had been given the workers.

The general solicitation drive, under the direction of Ernest Lewis, was due to begin work Thursday, October 21. This committee will contact all persons in Wellington who were not reached by the special gifts committee.

The drive in all other parts of the county either began early this week or will begin Thursday.

Elaborate plans were reported from the Quail community by Noah Cunningham, who is helping with the work there. A war fund booth will be established at the school during the registration for Ration Book 4 Thursday, Friday and Saturday.

"We urge all people of the community to give to this worthy cause. We want to do it at the beginning of the drive, too."

"Just remember that every dime you spend will go to the betterment of some boy. It may not be your boy, but it will be some American boy," Mr. Cunningham told the people of his community. "Our total quota equals less than

Mrs. Loula Daniel Is New Junior High Faculty Member

Mrs. Loula Daniel has been elected to teach music in Wellington Junior High School, as well as other subjects which will be assigned this week, Sept. Logan Cummings has announced.

Mrs. Daniel taught at Samnorwood last year and before school was dismissed for cotton picking this term. Before that time, she taught in the Ackerly system. She is regarded as an outstanding musician and comes to Wellington highly recommended.

Mr. Cummings also announced

Norwood School Opening Set

Opening of the Samnorwood School following the cotton picking vacation has been set for Monday, November 1, Earl Ponder, superintendent, announced Monday.

At the same time, Mr. Ponder announced the election of Mrs. Merle Walker as a faculty member of the school. She takes the place of Mrs. Loula Daniel and will teach commerce in the high school.

Mrs. Walker, who lives at Samnorwood, served as a substitute teacher in the system year before last.

One other place remains to be filled, Mr. Ponder said—that of an English teacher in the high school, to take the place of Mrs. Erlene Bednorz, who resigned recently.

Mr. Ponder also announced that shortly after school is resumed, the compulsory school law will be put in effect in the Samnorwood system. The superintendent explained that this requires that students attend school at least 120 days out of each school year.

Quail School To Open November 1

Opening of the Quail school has been postponed until Monday, Nov. 1, Superintendent Noah Cunningham announced this week.

It is one week later than originally planned, but was necessary because considerable time was lost during bad weather just after school was dismissed, and because many farmers of that area have not yet begun harvesting their cotton.

"This will make it necessary to teach straight through until the close of school in order to complete the term at a reasonably early date next spring, but we feel that it is justified and that it will be appreciated by our patrons," Mr. Cunningham said.

Women Needed On Relief Drive

More women are needed to help conduct the United War Fund Drive in Wellington, Ernest Lewis, who is in charge of general solicitation, said Tuesday evening.

Any woman who wishes to contribute her time to this patriotic and worthy cause is urged to contact Mrs. Fleet Pruden, who is in charge of the women workers.

"It isn't necessary for you to have done work like this before. You must just be anxious to help and willing to contact people here in town," Mr. Lewis said.

County Gins 5750 Bales As 1-3 Of Crop Harvested

Rockets Face Tough Game With Cyclone Friday

One of the hard games of the season is in store for the Wellington Skyrockets when they meet the Memphis Cyclone next Friday.

The Cyclone has emerged this year with the heaviest team in the conference and although they were defeated by Shamrock 20 to 0 they have kept other worthy opponents in hot water during the entire game and were able to defeat McLean 13 to 7.

On the other hand, the Rockets will likely be at full strength. Baumgardner, who represented the FFA department of the school at the American Royal Livestock Show in Kansas City and did not see action Friday, will be seen again in the backfield, as well as Ernest Kendrick, who was out of several games due to a leg injury.

"We'll give the Cyclone everything we have. It will be a hard fight, but it will probably be one of the most exciting games of the season," Coach Al Duncan said.

Plans are being made to take the band and pep squad to the game, and Mr. Cummings has requested that any person going to Memphis who has room for one or more of the boys and girls to contact him or O. B. Wilson, band director.

Probable starters for the Cyclone are Robertson, right end; Bruce, right tackle; McMillian, right guard; Lamkin, center; Ballew, left guard; Mauck, left tackle; Sargent, left end; Vandeventer, left half; right half; Hanvey, quarterback; and Sherley, full-back.

Arthur Capps On Broadcast

Arthur V. Capps of Wellington, now a prisoner of the Japanese, was heard on a prisoner's broadcast from Tokyo Saturday, October 16.

His parents, Mr. and Mrs. Fred Capps, received a copy of the broadcast from the American Women's Voluntary Service. They also have received seventeen messages from persons in five states telling them of hearing the broadcast.

The broadcast, as picked up in America, read:

"This is Arthur V. Capps of Wellington, Texas, now in a War Prisoner's camp near Tokyo, Japan, speaking: Dear Mother, Daddy and family: I hope you are all well and hope all is well with you. Please give my regards to all my friends. I have received four letters with photographs, all from mother. Write Harold Clift's father who lives in Lewiston, Idaho,—Harold Clift, Lewiston, Idaho,—and tell him that Harold was well the last time I saw him. Give Lucille my regards, also my friends and loved ones. I hope Nola's and Walden's baby is well. I would like to see all of you soon. Write often, enclosing photographs, and send any packages allowed by the American Red Cross. I have been well all the time and hope to remain so. With love to all, Arthur.

Arthur V. Capps, Wellington, (Continued on Page Twelve)

Wellington Woman Breaks Hip In Fall Sunday

Mrs. E. E. Bridgewater, 76-year-old Wellington woman, sustained a broken right hip when she fell at the home of her daughter, Mrs. R. C. Stephenson, in Wellington Sunday morning, October 17.

Mrs. Stephenson said that her mother apparently was making up the bed in her room when she tripped on a quilt.

Mrs. Bridgewater has made her home here for the last 15 years. Her condition early this week was reported by her daughter as being as good as could be expected considering the seriousness of her injury.

Draft Board Seeks Addresses Of Nine Men

The Collingsworth County Local Board of the Selective Service System is seeking the addresses of nine registrants. These men, it was pointed out, have failed to notify the board of their change of address and at present they cannot be reached.

The men are:
Claude Leaylor Essman
Terry Clell Hall
Earl Sidney Brown
Loyd Lamar Finley
Paul Millard Ford
Gilbert Franklin Bell
Everett Sherwood
Herring
Sammy Moore, colored
Iruen Key, colored
Anyone knowing the address of any of these men is requested to notify the local board.

Dozier Man Critically Hurt In Car Accident

David Clark, young Dozier man, was critically injured in a car accident near McClellan Lake Saturday night, October 16, which took the life of Miss Willie Dean Lingo of Alanreed and critically injured Miss Dorothy Lee Hardman of McLean.

Mr. Clark is in a Pampa hospital with a broken back, broken collar bone and broken ribs. Friends in Wellington said Tuesday that his recovery was believed doubtful. He is the son of Mr. and Mrs. Josh Clark, residents of the Dozier community for many years.

The accident occurred when the pickup in which they were riding

(Continued on Page Twelve)

Abra Child Is Injured In Binder Accident Friday

R. B. Wilson, 7-year-old son of Mr. and Mrs. Elmer Wilson of the Abra community, received a crushed right hand in a feed binder accident Friday, October 15.

Friends of the family reported that the child was riding the binder and fell off, the wheel passing over his hand.

He was rushed to a Shamrock hospital for treatment, and early this week attending physicians were not certain whether or not it would be necessary to amputate his hand, it was reported.

Local Family On List Of Exchange Prisoners

Rev. and Mrs. Oscar Wells and their baby daughter, Matilda, are among the Americans returning home from Japanese occupied China on the exchange liner Gripsholm, his parents, Mr. and Mrs. J. O. Wells of Wellington, were notified Wednesday, October 13, by the State Department.

That was no surprise to Mr. and Mrs. Wells, as they had believed for many months that their son and daughter-in-law would be included in the next exchange of prisoners made by the United States and Japanese governments.

Rev. Wells has been in Shanghai, China, since July 1940 as a missionary for the Baptist Church.

The exchange was made Saturday when the Gripsholm, a Swedish ship, and the Japanese liner Teia Maru, met at Mormogoa, Portuguese India. One other Panhandle resident was named on the exchange list, Lillie M. Hundley of Claude.

The Gripsholm is due to arrive in New York early in December, and Rev. Wells and his family are expected to arrive here shortly afterward.

This will be the first time for

Cotton ginnings for the county so far this season amount to 5750 bales, ginnermen revealed in a survey late Tuesday evening. This is the first complete report received since October 1, when the bureau of census figures showed that 2,011 bales had been ginned.

Reports from various sections indicate that as a whole the cotton is about one-third out.

Ginnermen report, too, that the crop is turning out considerably better in all sections than it was at first believed. While the staple is a little shorter than last year, several state that the grade is just as good if not some better.

With this report, it is believed that the total yield for the county will be around 15,000 bales. While this is only about half the number of bales ginned last year, it is considerably more than was first predicted for the county.

Ginnings for the area as a whole indicate that the crop is about one-third below the 1942 crop for all of West Texas and southwestern Oklahoma. These predictions are based on the Bureau of Census report as of October 1, which was made public last week. The next report will not be available until around October 30.

Ginning reports as of this year and last year, October 1, include:

County	1943	1942
Childress	1,723	3,049
Collingsworth	2,011	1,429
Cottle	1,584	1,858
Donley	750	173
Hardeman	1,404	2,613
Hall	2,466	3,242
Wheeler	863	30
Harmon (Okla.)	1,052	1,725
Greer (Okla.)	2,750	5,343

Farm Machinery Classes Open

Two farm machinery courses have been started in the Samnorwood School district under the rural war production program. Lee B. Carter, vocational agriculture teacher of the school, is supervisor and H. E. Conway is instructor.

One course began in the Dozier school building October 11. Classes are held Monday through Friday of each week from 1:00 to 5:00 p. m.

The Samnorwood course opened October 18 in Conway's Shop. Classes are also held Monday through Friday, from 8:00 a. m. to 12:00 a. m.

"All who are interested and have work to be done are urged to make use of the courses as much as possible. The amount of funds available and the popularity and extent of use made of the courses by the people of the Dozier, Samnorwood and Lutie area will largely determine how long they will operate. We hope that the demand will be for continuous operation," Mr. Carter said.

Mr. and Mrs. Wells to meet their daughter-in-law, whom their son married in Shanghai June 28, 1941.

Although their little granddaughter was born on January 13 of this year, Mr. and Mrs. Wells did not learn of her birth until about a month ago, when notice of this was sent them by the State Department. Two weeks ago they received a letter from Rev. Wells, written January 28, telling of the child. This was one of half a dozen letters from him they have received during the last two months, but all have been from eight to ten months old.

Mr. Wells said Saturday that they had been unable to learn whether Mrs. Oscar Wells' parents, Dr. and Mrs. Lee L. Huizenga, were included among the repatriates returning home on the Gripsholm. They formerly lived at Gallup, New Mexico, but have been in Shanghai since 1913. Dr. Huizenga was head of the Protestant Hospitals in Shanghai when that city was captured by the Japanese.

The family here had their first direct word from Rev. and Mrs. Wells last year from Miss Blanche Groves, also a missionary of the

(Continued on Page Twelve)

Rockets Defeat Pirates 41 To 0 In Friday Game

The Wellington Skyrockets, minus two halfbacks who may or may not be in the tilt with Memphis, had no difficulty in piling up a 41 to 0 score against the Lefors Pirates last Friday.

The first touchdown came early in the first quarter. Lefors received the ball and after failing to make a first down on three tries punted to the Wellington 30 yard line. Straight ground football was used by the Rockets to take the ball across the goal line with Austin, Covey and Melton lugging the leather and Melton carrying it over from the three yard line. The try for conversion was good. In fact Melton kicked five out of six in trying for the point after touchdown.

Wellington's second scoring chance came early in the second quarter when Scott blocked a Pirate punt on the Lefors 37 yard line. After running two plays for short gains Melton passed 30 yards to Scott who took it in an open field across the goal line for the second touchdown.

In the same period Russell kicked out on the Pirate 40 yard line. After attempting to make a first down with three running plays, the boys from Lefors attempted a punt which was blocked by Burns and recovered by Burns on the Pirate 25 yard line.

From this point the Rockets started a strong running game which was climaxed by a 20 yard pass to Dan Austin for the third touchdown.

The second half opened with Lefors taking the ball on their own 25 yard line. After picking up a first down, London fumbled the ball which was recovered by Scott on the Pirate 35 yard line. Melton went over center for six, Austin plowed through right tackle for seven and Melton again went through the middle for 15 more yards, placing the ball on the 9 yard line. On two thrusts Covey carried the ball first for a five yard gain and again for four yards and the fourth touchdown of the game.

The fifth touchdown came after Lefors had punted to Wellington on the Rocket 49 yard line. Austin picked up 9 yards on a brush through tackle and on the next play Melton passed 40 yards to I. D. Russell for the touchdown.

In the last quarter with all of the starting Rockets out of the game except Leach, Austin and

S-S-S-S!

Only 2 months old, and already you can see why the black leopard is one of the most ferocious members of the cat family. This is one from the second litter to be born at New York's Bronx Zoo.

Russell, Wellington made its final count when it started a drive from their own forty yard line after Austin had made a nice return from his own 10. On straight football with Austin and Russell carrying the ball behind good blocking on the part of Hatch, O'Neil and Maddox, the Rockets carried the ball over for the final score without losing possession of the ball.

Statistics of the game reveal the superiority of the Rockets. Wellington made 219 yards rushing and 99 yards passing. Lefors made 56 yards rushing and 19 yards passing. Lefors completed 2 out of 8 passes for a total gain of 19 yards while Wellington completed 4 out of 9 for a total of 99 yards. Wellington made fourteen first downs and Lefors made four.

The starting line up:

Wellington	Pos.	Lefors
Scott	LE	Kennedy
Burns	LT	Stonesipher
Harrison	LG	Johnson
Leach	C	Clemmons
Winters	RG	Tubbs
Hobbs	RT	Stonesipher
Russell	RE	Browning
Hatch	LH	Ferguson
Austin	RH	Arrington
Melton	QB	Brock
Covey	FB	London

SAMNORWOOD By MRS. C. W. FRITTS

Cotton pulling is in full way. A few hands are coming in. Wheat is looking good after the recent rains.

Mary Ruth Montgomery, who has been in the Wellington Hospital for eighteen days, underwent another operation Saturday night.

Those visiting her while she was in the hospital were her parents, Mr. and Mrs. Jake Montgomery, and sisters, Geneva, Martha Fern, Shirley and Reba, her grandmother, Mrs. Lucy Montgomery, uncles and aunts, Mr. and Mrs. Lee Thompson, Mr. and Mrs. Henry Bockman, W. L. Cooper of Shamrock, Mrs. Charlie Clement of Shamrock, Mr. and Mrs. Luther Thompson of Norwood, and friends, Emory Ezzell, George Childress, Mr. and Mrs. Walter Fritts, Mae Jean and Belva, Nellie Jolly, and Leon Patterson.

Mr. and Mrs. Granville Riley are remodeling their farm home 2½ miles south of Norwood. They have built two new rooms and shingled the old part of the house.

Mr. and Mrs. Granville Riley, Mr. and Mrs. Bartow Riley, Mr. and Mrs. Walter Fritts and Mae Jean and Belva attended church at the Church of Christ in Wellington Sunday morning and attended the singing in the afternoon at the Community Building.

Walter Fritts and daughter, Belva, and Roland Bryan were in Amarillo Thursday. Mr. Fritts' mother, Mrs. Rhoda Fritts, returned with them to make her home.

Mr. and Mrs. Walter Fritts, Mae Jean and Belva, visited Mr. and Mrs. O. A. Fike and Mrs. Eula Bishop in Wellington Sunday afternoon. Mrs. Bishop is very ill.

Mr. and Mrs. J. H. Anderson are visiting their daughter and son-in-law, Mr. and Mrs. S. B. Jacson, this week.

Former Resident Turns Inventor On War Job

Two inventions of a former Colingsworth County man now employed in the Brown Shipyards at Houston mean a saving of many hours of work and much material in the construction of destroyer escorts. The inventor is Jack Stout, son of Mr. and Mrs. H. C. Stout of the Rolla community. He was employed in this county during the winter of 1942.

Both Stout's inventions are now in use at the Brown Shipyards. Concerning them the Brown Victory Dispatch, paper published for employees of the company, says:

Many hours of work and a great amount of material have been saved in construction of destroyer escorts at Brownship through two inventions of Jack Stout, journeyman on the Swing Shift in the Division B Paint Shop.

One of Stout's inventions cleans paint spray guns and hose. Another makes it possible to paint around corners.

One of the toughest problems of painters is the clean-up job following each day's work.

If paint spray guns and hose were not cleaned regularly, they would soon be put out of action by congealed paint.

Before Stout put his brain to work and invented a quicker way, it took 45 minutes for each spray painter to clean up his equipment after the job, and each required three or four gallons of cleaning fluid.

Stout had seen sand blasters cleaning rust from steel with a stream of air and sand.

"Why not apply the same principle in cleaning paint guns," he asked himself.

The idea of a blast of air saturated with a cleaning fluid being run through paint equipment seemed practical, so he went to work.

He built a pressure tank to hold

cleaning fluid and from it extended lines to which were attached valves and nozzles.

Some of the nozzles will fit paint guns; others will fit paint hose.

All the painters have to do now is attach the gun or hose, turn on the valve and cleaning job is over in a jiffy.

Guns and hose now may be cleaned in 15 minutes instead of 45 minutes and one quart of fluid is required instead of three or four gallons.

Orders for cleaning fluid have been cut from 36 barrels a week to 18, and a reserve supply is accumulating so fast another cut will be made soon.

Stout also noticed the trouble painters were having inside DE compartments in getting their brushes and guns behind stringers.

He came up with a gun with a twisted nozzle that shoots paint around a corner and now it takes one man only three hours to finish a compartment where it formerly required 75 hours to do the work.

Mrs. W. H. Castleberry and Mrs. Paul Castleberry of Seagraves, visited Mrs. A. E. Watson and Mrs. R. S. Fisher over the week end.

Mrs. Jimmie McKenzie of Childress visited in Wellington last Thursday.

G. E. Mack and son, Bob, of Perrin are visiting friends and relatives here this week.

Overweight Oil makes Old Cars Older—Fast

A Light grade of oil can make good, with your engine Winter OIL-PLATED

You can change to an OIL-PLATED engine by changing to any grade of Conoco Nth motor oil—from lightest to heaviest—and you can change to any grade of Conoco Nth at the same popular price. But the lightest possible grade of oil that's fit for the Winter change your car needs now will help to save your battery—your gasoline—your engine. The more the oil is overweight the greater the wear, and when that makes you try still heavier oil you get still more wear—still more oil and gasoline consumption—worse and worse and worse. Short-circuit this ruinous process by having your engine OIL-PLATED.

OIL-PLATING is distinct from the familiar liquid type of high-strength oil film also provided by Conoco Nth oil. Both oil film and OIL-PLATING are paired against wear every mile. Every time your engine rests, however, any liquid film drains down to the crankcase. But OIL-PLATING doesn't all drain down. It tends to stay wherever attached by Conoco Nth oil's "magnet-like" action—achieved synthetically. Often now you don't use your car for days. Yet when you start, the OIL-PLATED surfaces are still ready-lubricated... "faster than instantly." That's how the former fierce wear of cold starting is reduced by OIL-PLATING your engine. All other wear, too, meets its match in your OIL-PLATED engine. Change at Your Mileage Merchant's Conoco station—today. He knows the lightest grade of Nth for you. Continental Oil Company

Dread Engine Acid Fought by OIL-PLATING
Normal combustion always leaves acids inside of your engine when it stops.
Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.
But nowadays rationing may force long rests, while corrosive acids gnaw. To combat acid corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

WE DO OIL PLATING

Arthur Wells, son of Mr. and Mrs. J. O. Wells visited here last week while on furlough. Arthur is stationed at Fort Sam Houston in the artillery division. Arthur works in front of guns and tells them where to shoot by giving the location of the target. He entered the Army one year ago on October 2, 1942, and has been on maneuvers in Louisiana for three months.

Walter Dean Durfey, USNR Navy Department, Bureau of Navy Personnel, Washington, D. C., has been promoted to Yeoman First Class. He is the son of Mr. and Mrs. W. D. Durfey of Loco.

Cadet Roy Ennis Parker, who has completed his primary training at the Naval Air Station at Dallas, has been ordered to the U. S. Naval Air Station, Corpus Christi. There he will continue basic and advanced work. Upon successful completion of this course, he will be awarded wings and commissioned as a flight officer.

Cadet Parker is the son of Mrs. Tot Parker of Wellington.

Major Wood Coleman of Dozier has reached North Africa, Mrs. Coleman said last week. A letter received a short time previously was the first word she had had in more than a month. Neither has he been able to receive mail from home, he told her, although he reassured her that he knew it would all catch up with him somewhere.

He had been in Algeria, from where he sent money to his two young sons, and at Tunisia, which he said was not bombed as badly as he had expected. Bizerte, however, he described as flat with the earth.

Major Coleman said he was living in a tent, to which he had just added a floor, a chair and desk which he had made himself, and a clothes closet which he had to keep out the dust.

A reserve officer with the U. S.

Army, Major Coleman was one of the first men called into service from this county when troops were mobilized. Before that time he engaged in farming at Dozier.

Mrs. Morris Brown was notified that her husband, Pvt. Morris W. Brown, was stationed in San Diego, Calif., in the Marine Corps, and that he will have seven weeks training there.

Pvt. William H. Langley of Wellington is now stationed at the University of Georgia in Athens, where he is receiving training in basic engineering under the Army Specialized Training Program.

This army specialized program includes 36 weeks of course study and physical training, and when successfully completed, Pvt. Langley will be sent to an advanced school in army engineering.

Subjects taught at the ASTP school in Athens are physics, chemistry, mathematics, history, English, geography, military science, and physical training.

Facilities at the University of Georgia have been turned over to the ASTP and the army boys are regarded as regular students on the campus. They are housed in University dormitories and fed at University cafeterias.

Staff Sergeant Elton Kesler, son of Mr. and Mrs. F. H. Kesler, has been on maneuvers with the Army in Arizona since July 1, his mother said this week. He is with an anti-tank division and oversees the care of jeeps, trucks, and other army vehicles.

There's nothing in this section of Arizona but soldiers and rattlesnakes, Sgt. Kesler wrote his parents. In three days he killed four snakes. During the summer months temperature ranged from 120 to 135 degrees, but nights now are much cooler. Their camp is located in the desert section of Arizona, and rain has fallen only once in two years, the soldiers have been told.

Sgt. Kesler has been in the army for 16 months.

CPL. MARVIN CAPERTON JACK M. SCOTT WAYNE W. JOHNSON

Trained in the superior ways of fighting are these three men, who have gone into the Army and Air Corps from this county. Cpl. Marvin L. Caperton, left, is the son of Mrs. W. A. Jones of Los Cruces, New Mexico. Cpl. Caperton entered the Army in 1942 and is now on the maneuvers in Oregon. Cpl. Jack M. Scott, center, son of Mr. and Mrs. W. M. Scott, entered the Army Air Forces in July, 1942. Jack says he likes his work fine. He has been offered a promotion several times, but says he had rather remain as Cpl. Wayne W. Johnson entered the Army in February of this year. He is in the Air Signal Corps at Camp Crowder. Wayne is the youngest son of Mr. and Mrs. Ted Johnson, who have lived here 35 years. He entered the Army when he was 19.

S-1c T. D. Austin returned on leave Oct. 12, to visit his mother and other relatives here.

T. D. is with the Atlantic Fleet. He says he has seen lots of action, and has been in four major battles. T. D. was in a hospital eight days in England.

On his return trip he brought with him several souvenirs from North Africa, handkerchiefs, pictures and foreign money, which was all very interesting. T. D. was usher in his buddy's wedding. His buddy's father is vice president of Eastman Kodak Co.

T. D. says he likes his work fine and is determined to stay with it until the end.

Cpl. Jack Scott, son of Mr. and Mrs. W. M. Scott, has been serving with the Army Air Forces in New Guinea approximately five months and during that time has seen action against the enemy, his father said last week.

Cpl. Scott is a ground man with a radio crew.

Many times the small group must go out alone, Scott told his parents, carrying their entire equipment of tommy gun, pistol, knife, radio, food, and bedding—a total of from 75 to 100 pounds—on their backs.

Capt. William T. Cherry, Jr., just returned from duty with the Army Air Forces in India, was in

the county Friday night and Saturday, visiting his parents, Mr. and Mrs. W. T. Cherry of Quail and with friends and relatives in Wellington.

He was accompanied by Mrs. Cherry and their little daughter, Paula.

Capt. Cherry is in the Ferry Command.

From here he, Mrs. Cherry and Paula left for North Carolina, where he will be stationed for a short time. He later will return to India, he told friends. He did not discuss any further his stay here or the work he had been doing.

Seven of the nine top editorial jobs on the Daily Texan, University of Texas student newspaper, this year are handled by girls. Editor Weldon Brewer and one is-

sue editor are the only men students left in first-line staff positions. The four issue editors and three editorial assistants are women.

"I LOST 52 Lbs.!
WEAR SIZE 14 AGAIN!"
MRS. C. B. WELLS, FT. WORTH
 As Pictured Here?

You may lose pounds and have a more slender, graceful figure. No exercise. No drugs. No laxatives. Eat meat, potatoes, gravy, butter. The experience of Mrs. Wells may or may not be different than yours, but why not try the Ayds Plan? Look at these results.

In clinical tests under the direction of Dr. Von Hoover, 100 persons lost 14 to 15 lbs. average in a few weeks with the Ayds Plan, sworn to before a Notary Public.

With this Ayds Plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. It's simple and easier when you enjoy delicious (vitamin fortified) AYDS before each meal. Absolutely harmless. Try a large size box of AYDS now. 30 days supply only \$2.25. Money back GUARANTEED if you don't get results. Those

LETTERS FROM MEN IN SERVICE

(This letter was received by Mrs. J. G. Hunt from her son Randy.)

Dear Folks:
 Well, this is the first chance I've had to get a letter out of here, so I hope you get it. All I can say is that I am in Corsica. This is the way one sailor told everything and passed the censor: "I'll describe our place and how we got here, after leaving where we were before we left for here. Not knowing we were coming here from there, we couldn't tell whether we had arrived here or not. Nevertheless, we now are here and not there. The weather here is just as it always is at this season. The people here are just like they look. I had better close now before I give away too much military

information."
 Maybe you've read that before, but that just about fits what I am allowed to say.
 I could write a book on what I've seen since I've here, only I can't.
 Witre soon.
 Love,
 Randy.

CARD OF THANKS

We wish we could only find words to express our sincere thanks to our many, many friends for the kind deeds they have done and the many comforting words they spoke in the death of our loved one. May God's richest blessings rest on each and every one.
 Mr. and Mrs. T. D. Nored and family and relatives.

Ten women trained in University of Texas war course as "junior engineers" wanted jobs with Texas war industries and turned down good offers to stay in Texas.

Winter Care Important To Fruit Trees

COLLEGE STATION. — The winter months, when fruit trees are dormant, is the best season to prepare the farm orchard for next year's production, says J. F. Rosborough, horticulturist for the A. and M. College Extension Service.

According to dietitians, two servings of fruit daily are needed to maintain a person's health. Fruits are a free source of vitamins, and also supply iron and calcium as well as other minerals for blood, bone and body processes.

To obtain highest yields trees should be treated now for harmful pests and surface diseases like borers and scale. Gummy exudations filled with sawdust pellets at the ground line of a tree is symptomatic of borer damage. Rosborough recommends paradichloro-benzene, commonly called PDB, as most effective against borers when used from the middle of October to mid-November.

No soil preparation is necessary in administering this treatment except to break the crust for 15 to 18 inches around the tree and remove any grass or weeds. Place the PDB crystals in a circle about three inches from the trunk. For mature trees one ounce is used, and for young trees one half ounce is enough. The crystals should be covered with dirt immediately after being applied, and firmly packed with the back of a shovel to make a cone-shaped mound. The cone should be torn down after six weeks and the remaining crystals removed.

If only a few trees are infested, the simplest treatment for scale is a wash composed of two and one-half tablespoons of lye in one gallon of water. This may be applied to the affected parts with an old paint brush. More extensive scale infestation in a large orchard may be dealt with by spraying during the winter with oil emulsion or concentrated line sulphur.

Shoe Stamp 18 Goes On And On

WASHINGTON.—The Office of Price Administration declares it has no intention or plan to fix any expiration date for shoe stamp No. 18, now valid.

Furthermore, OPA promises that if it ever becomes necessary to order some final date for No. 18 or other shoe stamps, the public will be given "very adequate" notice in advance.

That the official response to rumors heard occasionally that some day OPA might spring an announcement to the effect that "as of midnight last night," or something like that, this or that stamp wouldn't be good any more. The shoe situation is termed "tight," and all hands agree that eliminating expiration dates of ration stamps loosens the amount of government control over the supply of rationed goods.

However, OPA has come around to the theory—long advocated by many persons and groups—that fewer shoes will be sold under this system than when everybody knew that after a certain date a stamp would be worthless.

SOMETHING FOR THE BOYS

At the largest U. S. heavy bomber base in North Africa, fliers and ground crew members of the Army Air Forces are entertained by Martha Raye, screen and radio singer, one of the leading figures in the show world sent wherever American Boys are stationed, by USO-Camp Shows, a member agency of the National War Fund.

Draft Delinquents To Be Reclassified Into 1-A

Moving to close in on "draft dodgers," Selective Service regulations have been amended to provide for the immediate induction or prosecution of men 18 through 44 who become or remain delinquent on or after November 1, State Director J. Watt Page informed J. M. Strong, clerk of the local board, this week.

"The continuing manpower demands of the armed forces and the manpower needs of war production and agriculture, plus fairness to men already serving in the armed forces and to men, including fathers, who will soon be inducted, make it imperative that every man acceptable to the armed forces, who knowingly becomes delinquent, should be promptly made available for service in the armed forces or prosecuted under the terms of the law," General Page said.

The new regulations provide (1) for the prompt classification into Class 1-A, Class 1-A-O, or Class 1-B, without reference to sequence of order numbers or dependency groups, of all delinquent registrants 18 through 44; (2) that all delinquent registrants 18 through 37 so classified shall be immediately ordered to report for induction or for work of national importance, as the case may be, by ANY local board to which he reports or before which he is brought after apprehension; (3) for the registration of a non-registrant delinquent and his classification and induction by ANY local board before which he is brought or to which he voluntarily reports; and (4) for the correlation of actions concerning delinquents among all Selective Service agencies and United States Attorneys.

General Page pointed out that no man is relieved from complying with the Selective Service law during the time he is in custody, con-

finement or imprisonment, and that immediately upon his release from such confinement he must advise his local board of the fact and perform the duties and be accorded the rights of all registrants. This obligation, he said, applies equally to a man confined for a violation of the Selective Service law and to a man confined for any other cause.

In a great many instances, General Page said, cases of delinquency investigated by the Department of Justice have been due to carelessness of registrants concerning their duty to keep their local boards advised of changes of address. If a registrant has failed in this obligation, then he is suspected of delinquency and has been or will be classified as a delinquent. He warned that any regis-

trant who is not absolutely certain that his current address is on record with his local board, or that his whereabouts are known to the "person who will always know," as shown on his Registration Card, should immediately communicate with his own local board and keep that board advised of all future changes of address.

General Page also cautioned every person required to register under the Selective Service Act to have in his personal possession at all times both his Registration Card and his current Notice of Classification. If a registrant has lost his Classification Notice, he should immediately make application to his local board for the issuance of a duplicate.

Scientists believe the sun to be approximately one and one-half times as dense as water.

Rural Churches Name Officers

By REV. MELVIN MATHIS

The Fourth Quarterly Conference for the Wellington Methodist Circuit was held at Salt Fork Saturday, October 16. Rev. G. T. Palmer, Clarendon district superintendent, presided at the morning service and conducted the business session in the afternoon.

Officers for the circuit for next year were elected and include charge lay leader, Floyd McNabb; district steward, W. M. Durfey; reserve district steward, C. A. Wright; charge director of Golden Cross, Lucille Self; lay delegate to the Northwest Texas Annual Conference at Lubbock, Nov. 9 to 12, Mrs. E. G. Pierce; alternate, F. B. Hudson; charge recording steward, Mrs. J. P. Cummings.

The only vacancy among church trustees was filled with the election of R. E. Graham for the Quail church. This is a permanent office.

General superintendents of church schools who were elected include: Marella, J. H. Winegeart; Quail, John Aaron; Salt Fork, C. A. Wright, and Bethel, W. M. Durfey. E. L. Wilson, Jr., is assistant at Salt Fork and Floyd McNabb at Marella. Others will be announced later.

Stewards for the circuit are: Bethel, W. M. Durfey, F. B. Hudson and B. F. King; Quail, V. D. Atkinson, Mrs. Eula Brown, Mrs. Leon Brisbin, Mrs. J. W. Bishop and John W. Messer; Marella, E. G. Pierce, Preston Gilbreth, Mrs. Edna Self and Floyd McNabb; Salt Fork, C. A. Wright, Lewis

Jones, G. C. Wright, O. B. Wilson and J. P. Cummings.

Committees of evangelism include Marella, Mrs. J. H. Winegeart, Mrs. E. G. Pierce, Miss Pauline Cherry and Mrs. W. T. Cherry; Quail, Mrs. O. E. Dodson, Miss Ruth Aaron, Mrs. John Aaron and Miss Mary Lee Bishop; Salt Fork, Mrs. J. P. Cummings, Mrs. E. L. Wilson, Jr., Mrs. C. A. Wright and Mrs. Lewis Jones; Bethel, Mrs. Delia Lawrence, Mrs. W. M. Durfey, Mrs. B. F. King, and Mrs. Lloyd King.

The Methodist Youth Fellowship was recently re-organized at Quail with Grace Aaron as president. Other officers are Betty Vaughn, vice president; Ruth

Aaron, program chairman, and Miss Frances Smith, sponsor.

Rev. Palmer will hold a special check-up meeting for the circuit at Quail at 5:00 p. m. Sunday, October 31. On the same week end, the pastor, Rev. Melvin Mathis, will preach at Salt Fork Saturday evening, Marella Sunday morning and at Quail Sunday evening. He will close the conference year with the regular Saturday evening service and two Sunday services at Bethel the first week in November.

The great deluge mentioned in the Bible is believed to have occurred around 4,000 B. C.

LET Freedom RING!

Once upon a time the ringing of a bell signified independence for the American colonies. From that day, independence has been an American symbol, representing not only our independence as a nation, but also the personal freedom of thought and action that is typically American.

Today, with our nation engaged in a struggle for Victory, it is fitting to consider again all the meanings of the phrase — "Let Freedom ring." There are the four freedoms, for instance—freedom of worship, freedom of speech, freedom from want, freedom from

fear. In the America we hope for after the war, we want to know that all of us can enjoy these freedoms, and the security they afford.

There is a fifth freedom that we, as Americans, must treasure and uphold. It is the freedom of private enterprise—our right as Americans to work, to build, to invent—to seek our fortune and, perhaps, to find it!

That is the kind of independence that has made this country great. Freedom of enterprise—let's keep that, too, for post-war America!

Good Management Can Help Solve Feeding Problems

(Editor's Note: This is the 5th of a series of articles for livestock feeders.)

Plenty of water—in the cow—is one of the most important ways to maintain milk production during winter months, dairy authorities agree. Since milk consists of about 85% water, cows should always have clean, fresh water available, a fact often overlooked during winter months.

With both feed and labor limited, dairymen this winter will need to exercise greater skill than ever before to meet the nation's milk requirements; and better management can do much to increase production and offset shortages of feedstuffs.

Concentrating feed and labor upon efficient producing cows is a first step in sound management, with prompt elimination of inefficient cows from herds. Some authorities have estimated that total production would not suffer, but increase, if as many as 15 percent of the low-producing cows in Cotton Belt herds were culled and available feed used for the remaining animals.

Providing more green feed, especially during winter, is another major recommendation. Well-planned pastures not only provide vitamins, minerals and roughages; they also can reduce concentrate requirements by one-half to two-thirds. Oats and other small grains make winter grazing and the first grain for harvest next spring. Dairymen should follow Extension Service planting recommendations for their locality and produce maximum grazing this fall and winter. In addition to pasture, or when in the dry lot, every dairy cow should have all of the dry roughage she will eat. Silage is ideal for cows where only dry grass or roughage is available.

With ample green pasture, or legume hay, cows can be fed a 12 percent protein mixture. Cows receiving medium protein roughage need a mixture containing 15 percent protein; and with low protein roughage and 18 percent to 29 percent protein mixture is required.

Proper shelter, better care, adequate mineral supplies and other sound practices are essential to maintain production and use available feed efficiently.

Mrs. Lena Miller returned from Camp Gruber, Oklahoma, where she has been visiting her son, Pvt. Jack Miller. Pvt. Miller is in the Forty-second (Rainbow) Division. He says he likes it fine and is determined to whip the Japs before he returns.

Mrs. J. B. Clark left Friday for Belleville, Ill., where she will visit her two daughters, Mrs. John Coy and Mrs. Charles King.

Rites For Mrs. R. J. Griffin Held At Loco

Funeral services for Mrs. R. J. Griffin, 81, were conducted from the Loco Baptist Church Monday, October 11. Mrs. Griffin died Saturday, October 9, in a hospital at Childress.

In charge of the services was Rev. Bradley Allison, pastor of the First Baptist Church at Childress. Interment was in the Loco cemetery.

Surviving are two daughters and three sons, Mrs. Howard Johnson of Levelland, Mrs. W. L. Harris of Morton, E. J. Woods and F. E. Woods of Childress and Z. A. Woods of Duncan, Arizona; two step sons and five step daughters, Ed Griffin and Harry Griffin of Childress, Mrs. Henry Hassell of Childress, Mrs. Roy Young of Loco, Mrs. T. L. Thompson of California, Mrs. Virgil Cole of Littlefield, and Mrs. Henry Payne of Mexico.

Pink Sullivan and Tom Somerville attended a district meeting of the International Harvester Co. in Childress last week.

"BUT THE FLESH IS WEAK"

Eddie "Rochester" Anderson doesn't know which way to turn. He is torn between love for his wife, Ethel Waters, and the seductive wiles of Lena Horne in the M-G-M musical fantasy, "Cabin in the Sky," which starts Sunday at the Ritz Theatre.

One Job Well Done Begets Another

THERE'S no satisfaction in all the world like the feeling of having done a job well—of being able to see the results of your work. This is one thing that all producers of useful things have in common.

And those of us whose job is production—whether of goods on farms and in factories, or of services in stores and banks and utilities—can best see the results of our work in the high standard of living which we have helped to create in America. For this standard is built on our ability to produce more per person than any other nation on earth. And the people of every country, who are looking hopefully to us for food and weapons, can count on America because it has this great productive might.

After the war is over? Many people are talking about a richer life for all of us then. And they're right! For that richer life will be brought about, not by promises, but by hard work on the part of America's producers. And they—those who grow and make and do things—can do this post-war job better if they work together and understand each other. General Electric Co., Schenectady, N. Y.

Hear the General Electric radio program: "The G-E All-girl Orchestra" Sunday 10 p.m. EWT, NBC—"The World Today" news, every weekday 6:45 p.m. EWT, CBS.

BUY WAR BONDS

Have a "Coke" = Auld Lang Syne

... or how to welcome a returning hero

He'll be looking for the old familiar things—the gang at the corner store, his old room, the family radio. That's why Coca-Cola makes such a perfect welcome. He learned to like its ice-cold refreshment in his boyhood. In camp and overseas it helps him make new friends. On his return it says to him, *Son, you're home again.* In all the world there's no better way to say *Auld Lang Syne* than that simple American phrase—*Have a "Coke"*.

It's a Family Affair

YES, SOUTHWESTERN LIFE INSURANCE is a family affair... an institution in which a family of more than 160,000 Texans are regularly placing their surplus funds, assuring that their future will have an income when cash is needed most.

By purchasing Twenty-Year Family Income, many of them are guaranteeing that their loved ones will have a debt-free home, and a check for family needs every month... Some are using SOUTHWESTERN Ordinary Life to assure their children of a college education... Others are arranging for their families to carry on their businesses through the wisdom of SOUTHWESTERN Business Life Insurance... And some are looking forward to the day when they retire with their families, on checks that will come to them each month from a SOUTHWESTERN LIFE Retirement Savings Plan.

You, too, may make your financial future a happy family affair by placing your surplus funds in the hands of SOUTHWESTERN LIFE. Let us tell you more about it today.

Deck's

DIDACTICS

—By Deskins Wells

Wednesday morning I had little chance to work, because people kept stopping me to tell me how much they had enjoyed the Alaska picture that was shown by Jack Lamb. On his part, Jack Lamb was highly pleased with the crowd that filled the high school auditorium to overflowing.

The United War Chest drive is starting off in a splendid manner. Sincere thanks to every person who is taking part in the drive.

Here is just one of the things that is being done with the money raised in this drive. War Prisoners Aid, agency of the National War Fund, reports that Swiss and Swede members of the War Prisoners Aid Committee have been successful in distributing a large number of books, musical instruments, indoor games, athletic equipment, garden seed and tools to American prisoners of war in camps in Japan, Korea and Formosa.

Farmers are receiving over \$100 a bale for their cotton this fall. The price of seed is high enough to more than pay the cost of ginning. Estimates of the ginning to date lead to the belief that the county will gin over 15,000 bales. This is at least 5,000 more than the average farmer expected one month ago.

I wish all community and unit chairmen in the United War Chest drive would keep a list of the workers who help them—especially the extra ones they call on themselves. The reason is that I intend to have each one of these be my guest to see "So Proudly We Hail," which will show at the Ritz in November. It is an outstanding show, and it is one that I believe will make each worker proud he did a Texan's part as well as gave a Texan's share in one phase of the war effort.

Australian War Facts

In introducing Australia's new budget, Treasurer Joseph B. Chiefly revealed that more than 50 percent of the Australian working population is under arms or engaged in war effort. One-sixth of Australia's total war expenditure in the present year, he said, will go for reciprocal aid—"reverse lend lease"—to the United States forces in Australia and the Southwest Pacific.

Labor Minister E. J. Holloway pointed out that nearly one in every three workers in Australian government and semi-government munitions, shipbuilding, and aircraft works are women. The Commonwealth Food Production Executive has launched the biggest seed production program ever launched in Australia. Many farms will devote large areas to producing vegetable seed.

Before the war, much of the vegetable seed used in Australia was imported.

Dutch Farmer Finds Neat Way To Trick Nazis

One Dutch farmer has devised a novel method of evading Nazi restrictions on sale of fowl. The farmer advertised in the lost and found column of a local paper that he had lost a purse containing 100 guilders and offered one goose as a "reward for its return." Next morning dozens of persons lined up with purses which they offered to "return" for the "reward."

PIG PARTY

Field rations will keep body and soul together, but there's nothing like a good old-fashioned barbecue to make a guy feel at home, say these overseas service men at Noumea, New Caledonia, as they impatiently sniff roasting pig. (U. S. Navy Photo.)

Panhandle Makes Blockbuster Bomb

Some idea of the increasing importance of the Panhandle's part in the war program is revealed by the fact that more Army Ordnance bombs are now being dropped on Hitler's European Fortress in one raid than were dropped during the entire month of June, according to Lt. Colonel R. M. Bacher, commanding Pantex, the Government-owned bomb loading plant near Amarillo.

"The ammunition record of the Eighth Air Forces in Great Britain," he said, "tells an amazing story. It is typical of Ordnance-Air Corps co-operation. We pass the blockbusters. Our airmen unload them on Axis industrial plants and naval installations."

The record shows that one year ago, in August, 1942, the Eighth Air Force dropped 340,000 pounds of bombs on Nazi installations. In 1942, his total was more than doubled—762,000 pounds. In April, 1943, the figure was 1,994,000 pounds. For the period June-July 4, the Eighth Air Force called on Army Ordnance for 5,024,000 pounds of bombs.

However, in one 45-minute raid on Hamburg, Flying Fortresses unloaded 5,152,000 pounds of assorted blockbusters.

"Few people," Lt. Col. Bacher said, "have any conception of the magnitude of 65 million pounds of

high explosives. Yet this total would make available a month's supply of coal in the United States. It represents approximately a year's supply of explosives used in the blasting of the route of the Panama Canal."

Army Ordnance not only supplies the bombs and blockbusters to the Eighth Air Forces but to 20 other United States Air Forces as well.

2 New B Vitamins Discovered At University Of Texas

AUSTIN.—Two more of the life-essential B vitamins have been discovered by the Biochemical Institute of the University of Texas during the last three years of research, Dr. R. J. Williams, director, has reported.

Folic acid and pseudopyridoxin are the two vitamins discovered in Institute laboratories—folic acid has been publicized as the "Popeye" vitamin because of its presence in spinach. It is believed to be very important in combating certain types of anemia.

The Biochemical Institute has been partially financed for three years by the Clayton Foundation for Research. Plans for the future, Dr. Williams reveal, include further extensive study of vitamins and their relationships to cancer.

There are approximately 8,000,000 bicycles in use on British roads.

A-C C. A. Crawford And Neil Clark, Jr., Honored At Party

Mr. and Mrs. W. A. Morrow were hosts at a party Friday night given in honor of A-C C. A. Crawford and Neil Clark, Jr.

A-C Crawford was home on leave a few days last week. Neil Clark, Jr., is leaving for school soon.

Various games were played throughout the evening and all had a most enjoyable time. Refreshments were served to: Wandalin Young, E. W. Clement, Maxine Roberts, Neil Clark, Jr., Freddie Skidmore, Joyce Van, Charles Roberts, Erma Lee Bailey, C. A. Crawford, Billie Lou Moates, Ernestine Bailey, Bobbie Copeland, and Tommie Skidmore.

Sour Kraut Demonstration Held In Home Of Mrs. Elmer Smith

A demonstration was given on making sour kraut by Miss Rose Erisman at the home of Mrs. Guy Beasley October 13, when the Abra Club met.

Those present were Mrs. Oat Bradley, Mrs. W. M. Laycock, Mrs. Joe Laycock, Mrs. A. R. Clay, Mrs. Gus Gooch, Mrs. Roy Billingsley, Miss Rose Erisman, Miss Estelle Clay and the hostess, Mrs. Beasley.

The next meeting will be November 10 at the home of Mrs. W. M. Laycock.

MARELLA

By MRS. PRESTON GILBRETH

There was a fair crowd at Sunday School Sunday morning.

Buck Ogletree and family visited his parents, Mr. and Mrs. C. T. Ogletree Sunday.

Capt. and Mrs. Bill Cherry and daughter spent the week end with home folks, Mr. and Mrs. W. T. Cherry.

Mr. and Mrs. B. F. Farmer and Evelyn Jo have returned from a week's visit to the south plains. They reported some good crops in that section.

Mr. and Mrs. John Gollighugh and family of Salt Fork spent Sunday with Albert Gollighugh and family.

Herbert Winegeart and family took dinner with Bead Glenn and family Sunday.

Raymond Graham and family were guests in the B. B. Morris home Sunday.

Mr. and Mrs. H. O. Breeden visited in the Walter Byrd home Sunday afternoon.

Nell Jones spent Sunday afternoon in the Farris Pierce home.

Miss Mildred Walker returned from Fort Worth late last week.

Cottonseed Crushers Use Article By Local Youth

As a part of his duties as an officer in the State Future Farmer setup, Marion Baumgardner recently wrote a short article for the Lone Star Farmer, the official Texas FFA magazine.

A short time later B. Wallin, secretary-treasurer of the Texas Cottonseed Crushers' Association, read the article and, realizing its worth, had it mimeographed and mailed to all members of the Association.

In his letter that accompanied the article, Mr. Wallin said:

"Yes, I know you are thoroughly absorbed in the perplexing problems that are facing the industry today; and it may seem that you have no time to read anything that does not pertain directly to your own business. However, if you will take a few minutes to read the open letter, below, I believe you'll have renewed courage and inspiration to go back to the day's problems. . . Since Marion Baumgardner is a younger brother of Lieutenant John Henry Baumgardner (a member of your Educational Service Staff, now serving as Pilot of a B-17) his letter is of special interest. The future development of Texas agriculture is really in the hands of these boys who are, now, leaders in the Texas Association of Future Farmers; and so long as they have the vision and the understanding of objectives shown by Marion Baumgardner, that future is safe.

Baumgardner's article read: "FUTURE FARMERS OF TEXAS:

"To win this war—that is the goal of every true American today. Why is that our goal? What are we fighting for? Just this—we are fighting to preserve our America where Future Farmers can meet and make plans for the future, where Future farmers can discuss their problems and make their own decisions. American boys are dying for OUR America.

"I know that all of us must have brothers, relatives or friends serving our country in the armed forces somewhere in this global war. Yes, and there are thousands of our fellow Future Farmers fighting for the right to return to America to till the soil and feed livestock—to return to the America they left.

"But they will not come back to the same America. It will either be a better America or a worse America, and it is up to us to make it better. To make America better for the returning boys, we must develop leadership, cooperate, and make ourselves heard above the turmoil of war.

"We could strike, but we will not, because Future Farmers are not the kind to betray their country.

"As a State officer, it is my duty not only to serve my local chapter, but to serve my district, my area, and my state. In other words, I am at the service of every Future Farmer of Texas. If I can be of any service to any member, please do not hesitate to call on me.

"Future Farmers, we can, we must, and WE WILL."

Legion Opens Membership Drive

The Frank King Post of the American Legion now has under way one of the most intensive membership campaigns in recent years, Riley Dunson, post commander, said Monday.

"We are forced to conduct it differently than in former years, when we could contact each one individually. This time we are having to appeal by letter, newspaper, and word of mouth.

"But we want to urge each person who can to attend the Legion meetings and pay their membership dues. If you can't come, send your dues or mail them to Dewey Ellis, post adjutant. We need your help and your co-operation. And the Legion can help you just as you can help the Legion," Mr. Dunson said.

John Forbis is chairman of the membership committee. The next meeting of the post will be Thursday, November 4, at 8:30 p. m. All who can are urged to attend.

To become a ferry pilot, a man must have had at least 300 hours of flying, 100 of which must have been behind an engine of at least 200 horsepower.

"NUMBER, PLE-EZZ"

Sgt. Joseph Pollarine takes a stance halfway up a South Pacific palm tree while Sgt. Claire Saulter serves up equipment via a line. They're trouble shooters for an anti-aircraft battery. This is the type of telephone system in vogue nowadays in those parts. (U. S. Marine Corps Photo.)

Cpl. and Mrs. Monroe Hardin are the parents of a girl, Gayland Lavell, born Wednesday, October 13, in St. Joseph's Hospital. She weighed six pounds and one ounce. Cpl. Hardin of the U. S. Army is due to leave for overseas duty in the near future.

Mr. and Mrs. H. D. Duckworth of Hollis, Oklahoma, are the parents of a son born October 15. He weighed eight pounds and has been named Delmer Brice. Mr. and Mrs. Duckworth formerly lived at Wellington.

SWEARINGEN

By MRS. FRANK BOYLES

A large crowd attended Sunday School and the Sunday morning service and the singing and prayer meeting Sunday.

Mrs. Doc Turner suffered a severe injury when she fell from a wagon last week; she is improving at the present time.

Mrs. Bell has returned from the hospital and is doing nicely.

Mr. and Mrs. H. C. Martin received word Sunday that their daughter was seriously ill. She lives near Paris, Texas. Mrs. Martin plans to leave Monday to be with her for the operation.

The ordination service will be held at the Swearingen church house Wednesday night at 8:45. Everyone is invited to attend.

J. E. Gentry of Borger spent the week end in the home of Frank Boyles and Walter Gentry.

Lakes and rivers are more numerous in Finland than in any other country.

The English language is spoken by 270 million people.

A best-selling laxative ALL OVER THE SOUTH because it's thrifty and fits most folks needs

Caution, Use Only as Directed

SAMNORWOOD

By MRS. C. W. FRITTS

Mary Ruth Montgomery who has been seriously ill in the hospital at Wellington is still in a critical condition, but there is some hope for her recovery.

Murel Walker had a very serious accident last week. While helping his father, Barney Walker, clean out a cistern, he was being lowered and the rope broke. He fell from the top to the bottom. It broke his right heel. His foot is in a cast and he will be unable to walk for several months.

Mr. and Mrs. Raymond Ledbetter and family returned here last week from California, where they had lived for the past several years. They have returned to their farm west of Old Plymouth and are doing defense work at Tucson.

Mr. and Mrs. Robert Young and son and his parents, Mr. and Mrs. W. H. Young have moved from near Quannah to the Vernon Fritts farm three miles south of Norwood where they will farm another year. They bought the crop from Homer

FLYING FIELD CONTRIBUTES CATTLE FEED

With a line of Army "Bobcat" trainers for a backdrop, farmers harvest hay for cattle feed on the fringe of Cessna Aircraft's flying field at Wichita Kan., where a large percentage of our training planes are made.

Amerson. The elderly Youngs are the parents of Jess Young of south of Norwood.

Bill Ponder who has moved to California is visiting his parents, Mr. and Mrs. Earl Ponder, and sons.

Mrs. Lee Carter was a patient in the Wellington hospital last week. Mrs. Carter's mother of Darrouzett has been with them during her illness.

Mr. and Mrs. Clancy Morrow and granddaughter, Dona, visited in the home of Walter Fritts Sunday afternoon.

Maxie Montgomery of Dallas visited her father and grandmother, Albert Montgomery and Mrs. Lucy Montgomery, two days last week. She came to see her cousin, Ruth Montgomery, who is seriously ill.

Chinese Get Liberty Ships

Two American Liberty ships recently assigned by the United States to the Chinese government for operation during the war are the beginning of the first Chinese overseas merchant marine. Dr. T. V. Soong, Chinese foreign minister, commenting on the event said: "Flying the Chinese flag and manned by Chinese crews these ships will represent an important symbol for China and the thousands of Chinese sailors now sailing on ships of the United Nations."

One of the ships was named "Chung Shan" in honor of Dr. Sun Yat-sen, father of the Chinese republic, and the other, "Chung Cheng," courtesy name of Generalissimo Chiang Kai-shek, China's president and wartime leader.

Mrs. Hayden White and small daughter, Joan Leslie, arrived Monday evening from Portland, Oregon, to visit Mr. and Mrs. A. L. Nowlin. Mrs. White plans to make her home in Wellington for the present, as her husband has just entered the U. S. Army. Mr. White is a nephew of Mrs. Nowlin.

The castle at Alhambra, Spain, originally was capable of holding 40,000 persons.

Boy Scout Notes

Boy Scouts of Troop 31 will conduct a drive in Wellington for old clothes to be used for war and defense purposes, Rev. H. H. Kinkead, Scoutmaster, said Monday.

Further details will be announced concerning the drive at a later date.

IF YOU CAN SMELL IT
Don't buy it!

Does your coffee "bite" like a sergeant's bark? Is one package "good" and another "terrible"—or tasteless, or weak, or rancid? Well, there's a reason... maybe two or three. To be sure, a coffee that doesn't have certain good qualities to begin with won't gain them by lying on a grocery shelf.

ALWAYS OBSERVE ONE CAUTION
If you can smell the coffee in the package, *don't* buy it! It means the *freshness* of the newly ground coffee is evaporating. When freshness evaporates, losses simultaneously occur in *flavor* and *strength* and *richness*. A package this week, though of identical blends, won't taste like last week's.

ESCAPING AROMA MEANS LOSS
To eliminate any such possibility, we developed for ADMIRATION Coffee, when tin went to war, a special, scientific, aroma-proof package. It's called the Triplex LAMOFILM Package. Admiration's wonderful aroma can't leak from it unless of course the package is dropped or its seals are otherwise loosened. Four walls of treated paper lock in the goodness, three of which are moisture-proof.

MOISTURE CAUSES RANCIDITY
Moisture seeping into freshly ground coffee causes rancidity. ADMIRATION'S Triplex LAMOFILM Package is twice sealed against moisture. First in the *inner liner*. Here two sheets of grease-proof paper are bonded together with a film of rubberized cohesive. The second proofing is in the cellophane, which is wrapped around the entire Admiration Lamofilm package. For extra precaution, the cellophane is *heat-sealed*.

ADMIRATION IS ALWAYS FRESH
Buy your Admiration Coffee in the Lamofilm package—and save the difference. You'll enjoy a roast of the finest green coffee money can buy, expertly and consistently blended. Each package tastes exactly like the one before... for Admiration's freshness is fully protected. TUNE IN PARKER WILLSON AND HIS GANG, 12:30 NOON WEEKDAYS, LONE STAR CHAIN.

Editorial

Special gifts campaigns are already under way in Wellington and will be in all parts of the county not later than October 25, to raise Collingsworth County's quota of \$4,500 in the United War Chest Drive.

Since the sum is the largest that has ever been asked for charity in this county, those who are able will need to give generously in order to reach the county goal. This brings up the question of how much is a Texan's share in this campaign.

In terms of the salaried worker and the industrial employee, a Texan's share has been construed to be a minimum of two days pay, but there are others who can and will give more. It is something for each man to decide for himself and to settle with his own conscience.

Invariably, it is those few in the community who are able to give generously who set the pace of giving in that community. And in this campaign, as has been the experience in others, the success of each community campaign in this county will be determined by those special givers who are called on first.

The campaign has started in a splendid manner in Collingsworth County. If the workers in every community will work as hard and as fast as some have done, Collingsworth County has a chance of being the first county in the state to reach its goal. Our greatest rival in the Panhandle will probably be Ochiltree County which has a magnificent record in both bond and charity drives.

But there are certain counties in other parts of the state such as Comal and Austin where the population is largely of German descent where they raise their Red Cross and United War Chest money in one day. The editors in some of these report that there is not much individual solicitation. Announcement is made of the places where the donations will be collected and the people flock there in droves. Collingsworth will have to hurry to beat such people as these, but we do have a chance to be the first county to go over the top.

A survey says the poultry population is at an all-time high of 500,000,000. Not just another fowl rumor, it is hoped.

Speaking of invasions, the last folks to invade Britain, the Normans in 1066, are still running things there.

Frau Emmy Goering's junket to Switzerland is really the logical move, the housing situation in Germany being what it is.

Other Editors Say

• Idle Promises Home To Roost

The closer one gets to the complicated problems sure to face us at the close of the war, the more ridiculous are the weird promises being made by thoughtless Americans in various official capacities.

This is being daily driven home by foreign correspondents, senators returning from the battlefields, close observing American diplomats, in fact everyone who uses first hand information rather than an inflated ego as the restraining influence upon his mouth.

How can one promise the Jews a ticket to heaven in Palestine, owned by the Arabs to whom Britain has binding commitments made by Lawrence of Arabia in World War I, when Arab and Jew are deadly enemies.

How will we perfect an Anglo-American, Russo harmony with Stalin, who came from exile in Siberia, to battle British and French financed and inspired invasions of Soviet territory in the struggling early days of that nation and who has seen a grim policy of isolation of Russia in evidence, down to the time we had to forsake it to save our hides in this war?

Who will reconcile the demands of the Partisans and Chetniks in Yugoslavia, who both fight the Germans but who hate each other? What will be done with Allied sponsored governments in exile, who are now being scorned as deserters by their own subjects who remained at home to suffer at the hands of the enemy?

How will we support Chang Kai Shek's efforts for a strong China against a traditional demand policy of doing nothing for China by Britain and the desire of Stalin for Soviet states in Asia, needed for a bulwark against Japanese invasion.

Merely to glance at these few headaches is to see the utter folly of loose-lipped and glib declarations of postwar policy being made by our own leaders of today.

The clincher is that no promise made by an American administration of today may be ratified or kept by a hostile Senate or a hostile American popular opinion of tomorrow.—W. R. Rutherford in the Moore County News.

• Hope For The Little Town

Manufacturers are learning, after so long, that there are many advantages in the small cities. Not the least of these are available help and desirable living conditions. In the congested districts a family finds it burdensome to secure a house to live in—at a reasonable price. Often, there are children to be educated, as well as clothes to buy, not to mention the all-important problem of food.

These requirements can be met far easier in the small cities than in the overcrowded district of any metropolitan area. More than that, the man or woman who must can produce far better results when they have the happy environment of a comfortable home—which is usually available in any small town.—Rufus Higgs in the Stephenville Empire-Tribune.

• You Name It

This column is under obligations to Morris McLarty, with the army air forces somewhere in England, for noting the names of other flying Fortresses and listing them as follows: The Spook, El Diablo, Battlin' Bobbie, Wabbit Twacks, Dangerous Dan, Ragin' Red, The Hag of Harde-wyk, The Stump Jumper, Werewolf, and Cotton Eyed Joe II. Another name should be added to the list, Bad News.—O. C. Harrison in the Baylor County Banner.

I GIVE YOU TEXAS by BOYCE HOUSE

I have no liking for rattlesnakes—but I can see their point of view.

One thing that could be rationed without any inconvenience to me is alleged "news" about the frequent divorces and marriages of that millionaire no-good, Manville. In fact, all his doings could be left out of the public prints entirely, and no loss. We have things more important to think about. Besides, there's a paper shortage.

After seeing all the front page space devoted in some of the metropolitan dailies to the domestic difficulties of the former heavyweight champion, it is refreshing to pick up a typical home town newspaper, such as this, and read the wholesome news about worthwhile Texas people who are doing clean, worthy things. One city editor tried to defend himself by saying that it wasn't he but the Dempseys who did the things chronicled. Maybe so, but he didn't have to print the stuff.

A story from the other World War:

About to serve as sentry for the first time, a colored soldier was being instructed by his lieutenant: "If you see anything move, you challenge and then you shoot; do you understand?" Sam replied, "Yes, suh, and vice versa." The officer asked, "What do you mean by vice versa?" The darkey answered, "If something moves, I shoots; if something shoots, I moves."

For some time, I've been intending to express my opinion of that so-called news commentator in the North who wrote a slur on the young ladies belonging to the W.A.C. He reflected upon their honor and the result was that enlistments slowed down. That is what Hitler likes to see. The rat who wrote the slander on American womanhood has already been handed an Iron Cross by the President in recognition of previous service that he had rendered against the United States and for the Axis.

Bootblack: Shine your shoes?
 Man: No.
 Bootblack: Shine 'em so you can see your face.
 Man: No.
 Bootblack: I don't blame you.

BRIEF TOPICS

It's your own fault if you prefer to forget the past rather than use it for the future.

Inside the capized Normandie are 109,000 tons of water, 10,000 cubic yards of mud, hundreds of tons of debris.

New fall gloves now being shown for fall and winter are made of double-woven cotton. After many tubblings they still retain their same soft antelope finish.

A "new deal" that occurred in the seventh century B. C. is analyzed in a book just released by the University of Texas press. "Modern Problems in an Ancient World" was written by the late Dr. F. B. Marsh, professor of history.

In a period of three months the hydrographic office of the navy printed and distributed 12-, 900,000 charts.

A new colorful cotton scarf has pockets in the ends to hold a compact, comb, lipstick or even a small purse. Just toss it around your neck and you are ready to go.

There were no newspapers in the United States during the first 80 years of Colonization.

Folks in Uniform

"I think you're doing splendidly, captain. Won't be long before they'll make you a top sergeant!"

Town And Farm In Wartime

Ration Reminder

Gasoline—In 17 east coast states A-6 coupons are now good. In states outside the east coast area A-8 coupons are now good.

Fuel Oil—Period 1 coupons are good through January 3.

Sugar—Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning through October 31.

Shoes—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

Meats, Fats—Brown stamps C, D, E and F good through October 30.

Processed Foods—Blue stamps U, V and W expire October 20. Blue stamps X, Y and Z are good through November 20.

Help Farmers With Points

To assist farmers in sending OPA the ration points they collect from the sale of rationed foods, local rationing boards are mailing farmers the necessary reporting form, addressed envelopes, and complete instructions. Farmers who either sell or transfer rationed foods, such as fresh or smoked meat, all types of sausage, lard, butter and cheese, are required to collect ration points from purchasers. The full cooperation of farmers is essential for the success of the food rationing programs, OPA said.

Harmful Anti-Freeze

Operators of all kinds of motor vehicles have been warned by ODT against the use of harmful salt or oil preparations as radiator anti-freeze. Salt anti-freeze solutions may cause corrosion or shorting of electrical circuits.

Dairy Payment Rates

Rates of payment which will be made to farmers delivering whole milk and butterfat to offset increases in dairy feed costs since September, 1942, have been announced by WFA. The rates range from 30 to 50 cents a hundredweight on whole milk deliveries and 4 to 6 cents a pound on butter-fat. They are applicable for October, November and December, 1943.

Induct Delinquents

Beginning November 1, all men 18 to 38 years of age who are subject to selective service but who are delinquent will be put into class 1-A immediately and ordered to report for induction, the Selective Service Bureau of the War Manpower Commission has stated.

Use Book Four Nov. 1

Housewives will start using green stamps "A", "B" and "C" from new War Ration Book Four Monday, November 1. These stamps will be valid through December 20 and will be used for buying processed foods in the same way as the blue stamps in Book Two. The last blue stamps in Book Two ("X", "Y") remain good through November 20. Book Four is being distributed the latter part of October—the exact time and place being announced locally. One individual may apply for Book Four for all members of his family residing at the same address. The applicant must have a War Ration Book Three with him for each person for whom he wishes to obtain a Book Four.

Restrict Deliveries

Restrictions on all wholesale and retail deliveries ordered by the Office of Defense Transportation have gone into effect throughout the nation. The restrictions include—(1) No retail delivery of packages weighing five pounds or less or measuring 60 inches or less in length and girth combined; (2) Limitations upon the frequency of retail and wholesale deliveries of certain commodities; (3) No Sunday retail deliveries except of ice, milk or cream. Common carriers may not be used to make retail or wholesale deliveries to circumvent the order.

Rice Supply Normal

Rice will be available this year to consumers in average quantities of the past several years, but may not be adequate to meet the large demand resulting from increased buying power, the War Food Administration said recently. Under controlled distribution, however, states whose populations normally eat the most rice will get the most proportionately.

Ration Tokens In February

Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat-fats ration stamps. The blue tokens will be used with blue ration stamps for buying processed foods; the red tokens with the red stamps for buying foods rationed under the meat-fats program. The ration coins, made of layers of vulcanized fiber, will be slightly larger than a nickel and smaller than a quarter.

Alfalfa Hay Regulations

Prices of all alfalfa hay products are now set by Revised Maximum Price Regulation No. 456. Under the revised regulation, these products will cost somewhat more in Texas, Arkansas, Oklahoma, Tennessee, Mississippi, Utah and portions of Idaho and Oregon.

Higher Ceilings On Corn

Ceiling prices on wet corn milling by-products sold as animal and poultry feeds—but chiefly as protein supplements for dairy cattle—were set recently by OPA at levels around \$7 a ton above those set by the price "freeze" as of March, 1942.

Vegetable Price Ceilings

Ceiling prices that will prevail for 13 fresh vegetables at country shipping points have been announced by OPA and WFA. The vegetables are lima beans, snap beans, carrots, cabbage, cauliflower, celery, cucumbers, eggplant, lettuce, green peas, peppers, spinach, and tomatoes. Maximum prices for beets, asparagus, watermelons, cantaloupes and the 1944 crop of onions are to be announced soon. Prices were announced to assist vegetable growers in completing their production plans.

Frozen Fish Prices

Winter prices on many species of frozen fish have been set at the processor level by OPA. This action may mean an increase of

Navasot Philosopher

(From Madisonville Meteor)

(Editor's Note: The Navasot Philosopher on his stump farm on the Navasota River, in the following letter, seems to be carrying the Post-War Freedoms pretty far.)

Dear editor:

I been hearin on the radio and readin in the papers so much about post-war planning, which I at first thought was something about the Houston Post and the war but which I learn now is something else, that I been doin a little plannin of my own while resting from inspection trips over my stump farm which I combine with checkin on my trot lines, and I have decided President Roosevelt with his four freedoms and Vice President Wallace who has added three or four more don't go far enough.

Freedom from war and want and etc. is all right, but they is kinda vague like a bride promising to obey her husband when it turns out later she meant orderin him to cut stove wood, and what this country needs is more definite statements on post-war plans. If I am goin to sacrifice and save and buy war bonds, which I'm gonna do just as soon as I build my present investment of war stamps now totalin \$4.32 up to a point where they can be exchanged for a bond, then something oughta be promised in return, and I don't mean just general terms which has already been monopolized by Sen. O'Daniel.

I have fixed me a list of freedoms for the post-war world out here on the Navasot, and includes freedom from:

- Taxes
- Wood-cuttin
- Plowin
- Smaller pensions
- Naggin
- Fence-buildin
- Weed-cuttin
- Fire-buildin
- Dish-washin (for men)
- Strictly cash sellin

I will be pleased to have other suggestions added to my list before I send it to Washington. They will be listed under the general headin of Freedom From Ambition, which is the seat of most of the trouble with this world. It's ambition that makes a man plant corn and then spend all his time cultivatin it, which makes him want to buy round steak from the market when there is plenty of cat fish in the river. This will be known as the Navasot River Bottom Freedom From Ambition Post-War Plan. Hope you will get your Congressman and Senator lined up for it.

Yours faithfully,
 J. A.

Men and women students at the University of Texas divided the available part-time jobs pretty evenly last year, with men securing 1,077 jobs through the Student Employment Bureau, and girls finding 1,041 jobs.

about 10 to 15 percent in retail frozen fish prices, but it is expected to result in greater supplies of this product.

Army Butter Allowance

The peacetime daily butter allowance of two ounces per soldier has been reduced to approximately 1.12 ounces per man, the War Department has reported. This includes butter used as a spread and in cooking.

Points Needed For Tongue

Ration points are required to buy all varieties of tongue, and no types of this meat may be sold point-free, the OPA said recently. Some consumers apparently believe tongue can be purchased without points, because beef "long-cut" tongue was removed from the current table of consumer point values for rationed meats. "Long-cut" beef tongue, OPA explained, is an untrimmed type which is not sold at retail.

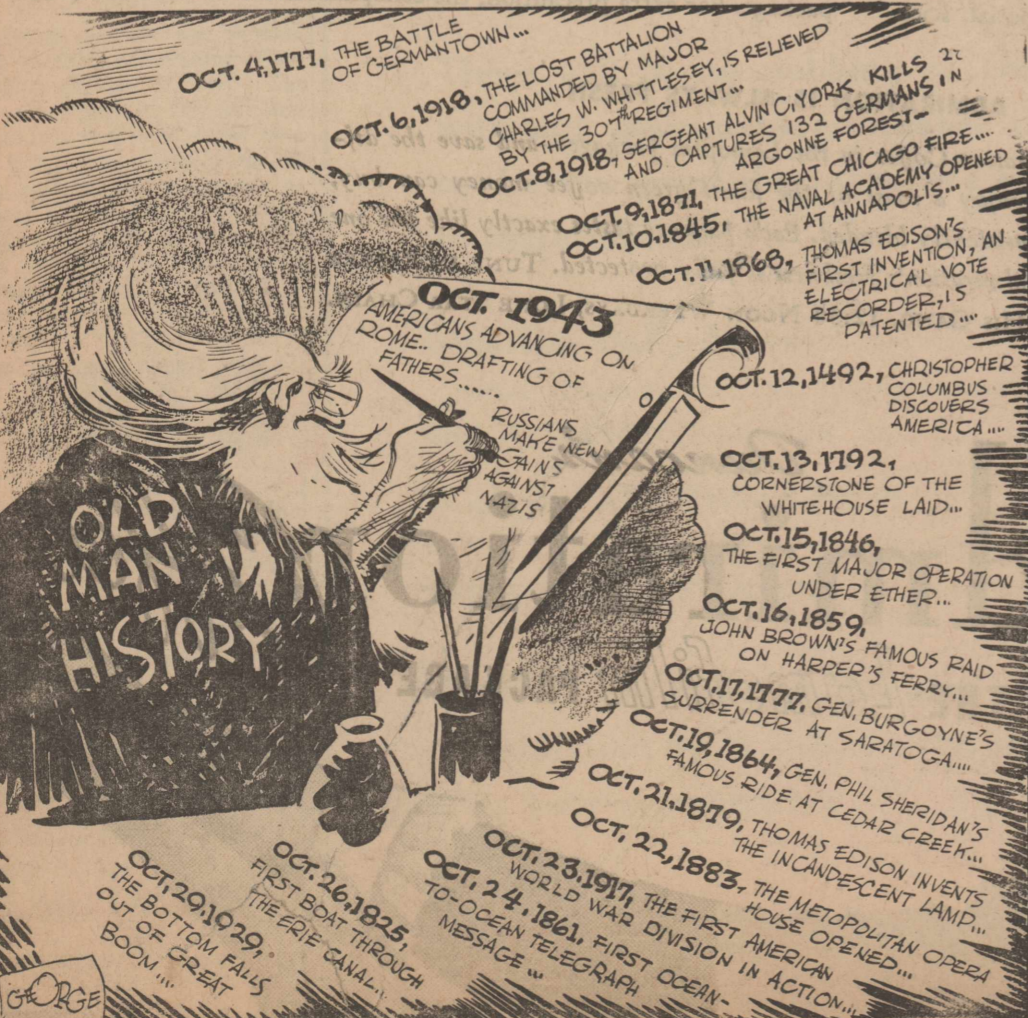

Soldiers Insured

The National Service Life Insurance Program in the army has grown to a 65 billion dollar enterprise, providing insurance protection to more than 95 percent of all members of the army, according to the War Department. The program was established three years ago.

Leaves For Harvest Work

Commanding officers of Army Service Forces Establishments have been authorized to grant vacation leave to civilian employees to assist in the fall harvest, according to the War Department. The action was taken at the quest of the Director of Labor of the War Food Administration.

Funeral Rites For Pfc. Nored Held Saturday

Funeral services for Pfc. Thomas Darrel Nored, Jr., 22, who died in a plane crash near El Centro, Calif., were conducted from the First Baptist Church in Wellington Saturday, October 16, at 3:30 o'clock. In charge of the rites there and at the cemetery were Rev. H. H. Kinkeade, pastor, Rev. Hubert Thomson, pastor of the Methodist Church, and Chaplain Ralph R. Pace of the Childress Army Air Field.

Pfc. Nored was the grandson of Mr. and Mrs. M. Winter of Wellington. He was born here and lived here as a small child.

He entered the Marine Corps a year ago. He was later transferred to the Marine Air Corps and at the time of his death he was gunner on a dive bomber. Members of the family were told that his death occurred while on a routine flight, when his plane failed to come out of a dive. Both he and the pilot were killed instantly.

Pallbearers for the service were members of the Childress Army Air Forces School and included Staff Sergeant Foster A. Roth, Staff Sergeant Chester Ciski, Staff Sergeant Eldon Berkey; Cpl. Herbert C. Snyder, Cpl. Dayton W. Green, and Cpl. Harold F. Newberry.

Flower bearers were Margaret Bumpass, Beth Maxine Bowen, Helen Langford, Virginia Sachse, Johnnie Wiles, Yvonne Shields, Peggy Ruth Ream and Noma Cris-ty.

The Marine Corps hymn was sung by Sgt. Robert W. Harper of Childress, accompanied by Miss Cornelia Maness of Childress.

Interment was in the Wellington cemetery with the Kelso Funeral Home in charge.

Pfc. Nored was born February 21, 1921, and at the time of his death he was 22 years, 7 months and 20 days of age.

After leaving Wellington he and his parents, Mr. and Mrs. T. D. Nored, lived at Clarendon and later at Uvalde. Mr. and Mrs. Nored now live at Hondo.

Immediate survivors include his parents, a brother and sister, Mrs. Garland Midgett of Uvalde and Donald Nored of the Army Air Corps, Scott Field, Ill.; and these grandparents, Mr. and Mrs. Winter of Wellington and Mr. and Mrs. J. E. Gill of Hico.

Other relatives here include the following aunts, Mrs. J. I. Thomas, Mrs. Bob Bowen and Mrs. Alvin Winter.

LETTERS FROM MEN IN SERVICE

Photo Lab.—N.T.S. San Diego, 33, Calif. October 17, 1943.

Dear Deskins: I am enclosing a money order for \$2.00 to renew my subscription to The Leader. It is a paper that we Collingsworth County boys in the service must have if our morale remains at its best, I'm telling you for sure. I really do look forward to reading the paper every week, and fortunately I do get it regularly every week.

I've been intending to write another letter for the paper, as you so kindly requested me to do periodically, but just now I'm rather rushed for time. I will write a letter before long if you will let me by with this note this time.

I see some of the boys from that part of the country often. So far I have seen forty-two people out here that I knew in Texas.

Everything is very well with me. My work remains pleasant, and I am having lots of fun.

Very sincerely,
Alvie E. Redden.

Two University of Texas professors have been called to work with Federal Reserve Bank systems in Texas.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

THE SPIRIT THAT IS CHINA

In the eyes of this Chinese mother shines anxious defiance of the invaders in the sky. To support the Chinese people in their fight for freedom United China Relief, member agency of the National War Fund, sends aid.

Relatives And Friends Here For Rites Of Pfc. Nored

A large group of relatives and friends were in Wellington to attend the funeral services for Pfc. T. D. Nored Saturday afternoon.

Relatives included Mr. and Mrs. V. L. Smith of Clarendon, Mr. and Mrs. L. C. Glasgow of Amarillo, Mr. and Mrs. H. C. Pickens and Lieut. A. A. Nored of San Antonio, Mr. and Mrs. J. E. Gill of Hico, Mrs. Leonard Neil of Waco, Mrs. J. R. Winter and Mr. and Mrs. Travis Winter of Amherst, Mr. and Mrs. Bill Hudspeth of Hollis, Oklahoma, and Mrs. Truman Parrish of Sudan.

Friends included Mrs. James Winn and Mr. and Mrs. W. J. Hudspeth of Hollis, Oklahoma,

Mrs. Ernest Hunt and Miss Carrie Davis of Clarendon.

Future Farmers Have Seven Calves Now On Feed

Future Farmers of the Wellington chapter now have seven calves on feed and seven more will be selected Saturday, Tom Henry, vocational agriculture instructor, said Tuesday.

Boys feeding calves include Melvin Thomason, two; Dale Scott, two; Wayne McClendon, one; Dan Kutch, one; and Clay Kutch, one.

Four of these calves came from the J. B. Johnson ranch in Childress County, while Thomason selected two calves from his own herd.

The seven to be selected Saturday will come from the Sewell ranch near Texola.

Poultry Hints

GREATER WORM INFESTATION DUE TO MORE POULTRY

Special emphasis is being placed on the danger of carrying the pullets into the winter in a wormy condition, the Clay Hatchery of Wellington points out. He stated that due to another increase this year in the poultry population in the United States, over that of the big 1942 crop, conditions have been favorable for the development and extension of trouble from poultry worms such as roundworms, capillaria worms, and tapeworms.

The essential thing to do at this season of the year, according to an urgent suggestion of the Clay Hatchery is to get rid of the worms before transferring the pullets into the winter quarters. Poultry experts generally are agreed that the wisest thing for poultry raisers is to do before moving the pullets from range houses or brooder houses to the regular chicken house is to get rid of the worms first.

Roundworms and cecal worms may be removed by use of a mash treatment. Many poultry raisers in this area make use of this treatment during the growing season of their chicks as well as during the winter laying season, as they have found this to be the easiest way to keep down the degree of worm infestation.

If tapeworms and capillaria worms are present, use a worm tablet which removes the heads of the species named on the label, as this assures more complete removal of the tapes. In addition, the Clay Hatchery pointed out that this does not upset egg production, which is a most important consideration when worming becomes necessary after egg production has started.

E. C. Scott and family and Mrs. Ruth Alexander spent Sunday at Crews Lodge with W. A. Scott.

YOU CAN'T COUNT EGGS BEFORE HENS LAY

The best feed in the world will not produce peak production if sound poultry management practices are not followed. To help poultry raisers increase production and improve profits, we offer these suggestions in this, the fourth in our series of Poultry Management Checklist Ads.

Check List No. 4

Putting The Pullets Into The Laying House

CHECK THE FOLLOWING SUGGESTIONS AGAINST YOUR POULTRY RAISING METHODS

Don't Overcrowd The House

Poultry, like humans can't be "crowded" too much. Congested laying houses are excellent places for the spread of colds, roup, and any other diseases which may gain entrance. Cannibalism often starts in overcrowded houses. Light breeds require three square feet of space per bird while heavy breeds need four feet. For example, a 20 x 20 house will hold a hundred heavy birds or about 135 light breed birds. DON'T OVERCROWD—IT DOES NOT PAY.

Watch Out For Slumps in Feed Consumption

Taking pullets away from the freedom of the range putting them into the confinement of the laying house often affects their appetites and results in feed consumption slumps. Such slumps can result in an untimely molt, so to help keep the birds eating we recommend mixing Dr. Salsbury's AVI-TAB in their mash for ten days right after housing. It's appetite stimulating and conditioning properties are valuable. Give AVI-TAB 10 days each month thereafter, too. We've found it pays.

Stick to a Proved Feed Program

Don't feed haphazardly. Use a balanced feeding program which has been proved successful. Hens cannot produce eggs from a feed that is lacking in the essential proteins, vitamins, and minerals. Every hen has a certain inherent egg-laying ability, but she will not lay all the eggs she can unless given the proper feed. We know that we can help you get the right program.

OUR SERVICE TO YOU—

We are completely equipped to help you meet the present feeding problems. Shortages have changed the picture considerably and we will be glad to help you work out the best possible solution to your case.

Regrouping Creates Startling Results
Want a new, friendly room at little cost? Regrouping seldom costs much money, and transforms an old tired-looking room into a bright, cheery arrangement. Dorothy Draper shows you the effects of regrouping in typical rooms. In a before and after series, she shows what can be done with a little careful planning. The picture above gives you an idea of such a change.

Miss Euba Faye Hillis Bride Of Howard Blevins On October 16

Miss Euba Faye Hillis, of Lakeview, and Howard Blevins, son of Mr. and Mrs. Carol Blevins, were united in marriage Saturday evening, October 16, in Childress. Rev. Orion Carter of Childress performed the ceremony.

The bride wore a two piece wine dress with wine and beige accessories. Her corsage was of sweet peas and roses. For something old she carried a handkerchief belonging to her aunt.

Mrs. Blevins has been teaching home economics in the Quail school system for the past two years. She plans to continue her teaching. Mrs. Blevins received her degree from West Texas State College at Canyon.

The groom has lived at Quail all his life. He graduated from the Quail High School and has just lately received a medical discharge from the Army and is now employed at the Quail Gin.

The couple will make their home at Quail.

Hallowe'en Party Given For Young People Of First Baptist Church

On Tuesday night, October 14, the teachers of the Sunday School Department of the Baptist Church gave a Hallowe'en party for their pupils. The group played several games and some music was furnished for entertainment.

Those attending were: Helen Langford, Carra Beth Ball, Betty Jean Richards, Margaret Bumpas, Peggy Riggs, Tommie Ann Campbell, Neeta Ball, Iona Walker, Lura Finley, Ruby Mae Blythe, Geraldine Langford, Martha Lou Roy, Margaret Vaughan, Martha Ferne Montgomery, Shirley Easter, Virginia Satche, Virginia Thomas, Noma Cristy, Edith Lindsey, Ruth Jesse, Ruby Nell Potet, Hattie Mae Kersten, Jessie Mae Clement, Louie Beam, James Winter, Howard Moore, Teddy Joe James, Benny Moore.

Teachers were: Mmes. Earl Smith, Jess Cook, Noble Murray, J. C. Whisenant, Pruett Garner, Mr. Charles Cason, Mr. Eugene McBride and Mr. Lester Thomas.

Peggy Ruth Ream Gives Slumber Party Friday

Miss Peggy Ruth Ream entertained a group of senior high school girls with a slumber party at her home Friday night, October 15. The party was in honor of Peggy Ruth's 15th birthday.

Those attending were: Yvonne Shields, Margaret Bumpas, Betty Jean Richards, Mary Sue Way, Margie Wilson, Mary Jo McClure, Helen Langford, Johnnie Wiles, and hostess, Peggy Ruth Ream.

Miss Jerry Graham Hostess At Dance Friday Night

Miss Jerry Graham was hostess to approximately fifty high school boys and girls at a dance Friday night, October 15, following the Wellington-Lefors football game. The dance was at the American Legion Hall.

Recorded music was used throughout the evening.

Sponsors for the occasion were Coach and Mrs. Al Duncan.

Special guests were the coach and members of the football team from Lefors.

Miss Euba Hillis Honored At Tea Party Friday

A tea was given at the home of Mrs. W. C. Starr honoring Miss Euba Faye Hillis Friday, October 11.

The color scheme of pink and white was carried out in the decorations. The table was covered with a white lace cloth, in the center of which was a pink satin book with the letters, "Saturday, October 16." The book was tied through the center with blue ribbons. On the ends of the ribbons were two hearts of pink satin with the names, "Blevins and Hillis" on them. At each side of the book were white candles in beautiful candle holders.

Miss Dorothy Jean Morgan presided at the bride's book. Mrs. W. C. Starr, Mrs. George Graham, Miss Euba Faye Hillis, Mrs. G. D. Hillis, mother of the bride, Miss Mary Foreman, aunt of the bride, and Mrs. Carol Blevins, mother of the groom, were in the receiving line.

Miss Jo Helen Norman and Miss Jessie Mae McDaniel presided at the tea table.

Music for the afternoon was furnished by Mrs. Jack Brisbin and Miss Naomi Neely sang "My Devotion." Miss Martha Allen read "A Modern Bride," and Miss Jane Allen read "When Boys Grow Up."

As the guests arrived they were taken to the room where many lovely gifts were displayed.

Those attending the shower were Mrs. T. H. Walters, Mrs. J. F. Coleman, Miss Pauline Cherry, Mrs. W. T. Cherry, Mrs. E. G. Pierce, Miss Mary Foreman of Memphis, Mrs. G. D. Hillis of Memphis, Mrs. Myron Messer, Mrs. R. M. Bourland, Mrs. O. E. Dodson, Mrs. Ira Morgan, Mrs. O. M. Hall, Mrs. G. T. Stephens, Mrs. Carol Blevins, Miss Jane Allen;

Miss Virginia Carroll Blevins, Miss Margaret McElreath of Memphis, Miss Adell Harrell of Memphis, Mrs. Tom Wilson, Mrs. Osa Black, Mrs. V. B. Allred, Mrs. Jimmie Kelso, Mrs. Elmer Hiett, Mrs. Earl Hunter, Mrs. Paul Bell, Mrs. Earl Allen, Mrs. Woodrow Wilson, Mrs. G. C. Graham, Miss Opal Hall, Mrs. T. C. Crabtree, Miss Dorothy Jean Morgan, Miss Martha Allen, Miss Jaunell Tate, Mrs. Jack Brisbin, Miss Naomi Neely, Miss Jo Helen Norman, Miss Jessie Mae McDaniel, and hostesses, Mrs. George Graham and Mrs. W. C. Starr.

Those sending gifts were Mrs. Sam Russell, Mrs. J. C. Lewallen, Mrs. Arthur Robinson, Mrs. Abe Shields, Mrs. H. E. Bell, Miss Evelyn Hays, Mrs. Clarence Blevins, Mrs. Johnnie French, Mrs. Ray Willingham, Miss Audrey Baggs, Mrs. Henry Wischkaemper, Mrs. D. W. O'Brian, Mrs. Hinds, Grandfather Blevins, Mrs. W. W. White, Mrs. Lelia Maxwell, Mrs. W. P. Gilbreth, Mrs. Noah Cunningham, Mrs. Herman Mosley, Miss Daisy Cagle, Mrs. H. I. Cagle, Mr. Carol Blevins, Mrs. Ott Floyd, Mrs. King Floyd.

Mr. and Mrs. John Groves and family of Aba, Nell Porter of Dozier and DeRoyce Ezzell of Wellington visited with relatives in Gray, Oklahoma, and Stinnett from Thursday until Sunday night.

Mrs. Lucy Wells, Miss Hattie D. Wells and Mrs. Pink Sullivan visited in Memphis Sunday with Mr. and Mrs. J. C. Wells and other relatives.

Local Teachers Present At Delta Kappa Gamma Meeting October 13th

Members of the Delta Kappa Gamma Sorority met in the home of Mrs. Franklin, the Home Economics teacher at Childress, in the Childress High School Wednesday night. The State President of the Delta Kappa Gamma, Miss Julia Hubbel, was present and spoke on the New Federal Aid Bill, which has been proposed on behalf of the teaching profession.

Those attending from Wellington were Miss Loeva Pierce, Miss Hattie D. Wells, Miss Bessie Jean Willis and Miss Bonnie Willis.

The Delta Kappa Gamma is a sorority for women of the teaching profession.

Catechism Class Organized For Boys And Girls Of Catholic Church Here

A Catechism Class was organized for the boys and girls of Our Lady of Mercy Catholic Church Saturday, October 16, at the Parish House. Rev. J. H. Krukkert is the sponsor.

The group will meet each Saturday morning at 10 o'clock for the lesson and the members will take turns as leaders. Johnny Jones will be the leader this week. The class will be divided into two groups, high school and grammar school.

Members of the class are: Lavora Hall, Edmund Schaded, Yvonne Shields, Billy Joe Hajek, Edward Hajek, Diane Schaded, Johnny Jones, Jeanne Jones, Frank Jones, and Jack Boverie.

Double Birthday Party Honors Marian Long And Edith Lindsey

Mrs. Rodman Stafford entertained Wednesday, October 13, with a double birthday party honoring her sister Edith Lindsey and Marion Long on their 13th birthday. An enjoyable evening was spent playing games.

Refreshments were served to the following: Evelyn Belew, Shirley Williams, J. Williams, Wanda Lou Simms, Neeta V. Ball, Zora Dell Austin, Billy Joe Hajek, Jimmy Terry, Richard McClaskey, V. C. Saied, Billy Wayne Karnes, Ethra Jean Norman, Elizabeth Ann Norman, Ina Jane James, Margaret Vaughan, Peggy Riggs, Joyce Wood, Jo Anne Thomas, and honorees, Edith Lindsey and Marian Long.

Mrs. Weldon Gardner and son, Freddy, of Salinas, Calif., are visiting her parents, Mr. and Mrs. Fred Capps. Mrs. Gardner and son will remain here for about six weeks.

Misses Larlu and Merle Hays returned last week from Dalhart where they visited their sister, Marp Frances Hays.

Why VICKS VAPORUB Is So Good For Relieving Miseries of Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason... The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—

Personal

Miss Marie Shadid of Childress visited her parents, Mr. and Mrs. Shadid, last week.

Mr. and Mrs. E. L. Winn of Stephenville are visiting friends and attending to business in Wellington this week.

Mr. and Mrs. John O'Hern of Lockney visited friends and relatives over the week end.

Ott Sisk and family of Amarillo visited his mother, Mrs. Sisk, over the week end.

T. E. Bengé made a business trip to Dallas last week. He will also visit his brother while there.

Mr. and Mrs. J. E. Hughs of Memphis visited with Mr. and Mrs. S. F. Hughs Sunday.

Mrs. Herman Lindley is in Kilgore visiting her sister this week.

Mr. and Mrs. Enis Schaded made a business trip to Dallas this week.

Mrs. E. J. Norman and daughter, Ethra Jean, attended church in Wheeler Sunday.

Mack Saied left Monday for Dallas where he will attend the Market Week.

Mrs. Harmon Lindley spent the week end in Kilgore where she met her son, Sam Lindley, who is stationed at Baton Rouge, La., with the U. S. Coast Guard.

Mr. and Mrs. C. T. Motesbocker visited Jess and Merel Motesbocker in Childress Sunday.

Mrs. J. L. Souder of Buck Creek is in Wellington on business this week.

Mrs. Lee O'Neil will arrive home late this week from Providence, Rhode Island, where she attended the marriage of her daughter, Miss Beth O'Neil, to Ensign Cliff Roberts. En route home Mrs. O'Neil visited with a friend in Cleveland, Ohio.

Mr. and Mrs. Ansel McDowell of Wheeler visited Sandy Parsons and family Sunday.

Lloyd Roberson of Oklahoma City visited Mrs. J. L. Roberson over the week end.

Erma Lee Ray and Margaret Hix of Childress were in Wellington on business last week.

Mack Saied and family visited Ben Saied and family in Childress Sunday.

Misses Nell and Ann Gholson are visiting T-Sgt. A. A. Rodriguez and wife in Childress this week.

Mr. and Mrs. Rodman Stafford left last week for Shamrock where they will make their home. Mr. Stafford will drive a truck for Johnny Hanciar.

Mrs. Percy Wells and daughter, Leta Ferne Lorente, left Saturday for Dallas. Mrs. Wells will attend Market Week there.

Mr. and Mrs. Lois Madden and daughter, Louise, of Childress visited with Mrs. Madden's mother, Mrs. O. O. Graham, Sunday.

Mr. and Mrs. Lee O'Neil, Peggy Whetstone and Ruby Clark spent the week end in Lubbock.

Judge W. H. Hite attended the funeral services of his brother-in-law, L. E. King, in Brownwood Thursday, October 14.

Mrs. Tom Singly underwent a major operation in St. Joseph's Hospital Sunday night.

Charles Hajek and Mack Saied of Texas Tech visited their parents, Mr. and Mrs. Mack Saied and Mr. and Mrs. Frank Hajek over the week end.

Mrs. Tot Parker left Friday for Corpus Christi. Her son, R. E. Parker, a Naval Aviation Cadet, is stationed at the Naval Air Station there. Mrs. Parker will be employed at the Air Base.

Mrs. Frank Massad is visiting in Childress this week with her cousin, Alex Saied, who is home on leave for a few days.

ABERDEEN

By MRS. JAMES L. LIGHT

Pfc. Waymon Moody of Fort Lewis, Washington, returned to his post of duty last week after visiting with his wife and small daughter, Anita, of Wellington, and his parents, Mr. and Mrs. W. H. Moody, and his brothers here. Mrs. Jack Colson and small sons, James and Ronnie, of Sudan, joined other members of the family during Pfc. Moody's ten-day stay. Mrs. Colson is his sister.

Other visitors in the W. H. Moody home from Monday until Wednesday of last week were two sisters and a brother of Mrs. Moody, Mrs. Lula Chinnault of Springtown, Mrs. Murl Chilcutt of Poolville, and O. D. Beene of Fort Worth.

Ramey West of the U. S. Navy, stationed at San Diego, Calif., left Sunday to report for duty after several days visit with his parents, Mr. and Mrs. Joe West, and with his sister, Mrs. Wesley Ammons, Mr. Ammons and their sons, James and Dan.

Mr. and Mrs. Bert Shaw and Misses Modena and Billie Shaw of Amarillo spent the week end visiting in the homes of M. P. Fletcher, S. D. Shaw and Johnny Pitcock.

Mrs. Wesley Terry of Amarillo visited Saturday night and Sunday with her parents, Mr. and Mrs. R. N. Johnson and family, and in the home of Mr. and Mrs. Oscar Terry of near Lutie.

Visitors in the John Deger home last week were Mr. and Mrs. Austin Collins of Littlefield, A. L. Walker of Texline, and Mrs. Dave Walker of Guy, New Mexico.

Raymond Earl Hobbs of near Texola visited Ramey West last week and with his sister, Mrs. Austin Deger, and Mr. Deger.

Mr. and Mrs. C. Biter and family of Phoenix, Arizona, returned to their home last week after visiting with his parents, Mr. and Mrs. Biter, and sister, Mrs. Earl Brashear, Mr. Brashear and family.

Mr. and Mrs. Buford Riley Honored With Miscellaneous Shower

Mr. and Mrs. Buford Riley were honored with a miscellaneous shower on Monday evening, October 4, in the home of Mr. and Mrs. W. T. Poff. Mr. and Mrs. Riley's home was completely destroyed by fire a few weeks ago.

Gifts were received from the following: Mr. and Mrs. Loyd Langford, Cliffa Jean, Jo Ann, and Wanda Langford, Mr. and Mrs. David Peters, H. Fourmentin, Mrs. Josephine Winders and daughter, Virginia, Mr. and Mrs. Frank Light, Jean, Wynona and Jimmie Faye Light, Mrs. Eldeen C. Jeffers, Mrs. Morris W. Brown and daughter, Rosetta, Mr. and Mrs. Richard Peters and son, Jimmie Dale, Mr. and Mrs. Tom Caldwell, Harold and Helen Caldwell;

Mr. and Mrs. J. G. Peters and daughter, Marie, Mr. and Mrs. E. U. B. Lockhart, Emma Lee and Travis Lockhart, Mr. and Mrs. Jess Hunsaker, Mrs. Maggie Donorell, Mr. and Mrs. Harlin Hunt, Buford and Patricia Ann Hunt, Pauline Emmert, Mr. and Mrs. A. J. Peters and son, Marshall, Mr. and Mrs. John Martin, Mr. and Mrs. Charlie Caldwell and son, Charles, Mr. and Mrs. A. G. Tyler and daughter, Dorna Lee, Mr. and Mrs. Hunter Peters;

Mrs. Inez Miller, Mr. and Mrs. Bob Bower, Pvt. and Mrs. Waymond Moody and daughter, Anita, Mr. and Mrs. W. T. Poff and son, Willie, Mrs. Jack Patterson and daughter, Quinda Jean, Mr. and Mrs. I. C. Ford, Mr. and Mrs. B. P. Ford and Olene, Mrs. S. E. Brown, Mrs. Dollie Mae Wilson, Mr. and Mrs. Charlie Motesbocker, Mrs. Mary Mauldin and son, Jimmie, Mr. and Mrs. Ernest Maxwell, Mr. and Mrs. Oliver Young, Mr. and Mrs. Vernon Rudy;

Mr. and Mrs. Tom Harper, Mr. and Mrs. W. C. Long, Mr. and Mrs. C. L. Brown, Mr. and Mrs. Wilson Green and son, Wayne, Mr. and Mrs. L. A. Manzer, Mr. and Mrs. W. H. Moody, Mr. and Mrs. C. L. Moody, Mr. and Mrs. Claude Neese, Mr. and Mrs. M. L. Roberson, Mr. and Mrs. Ervin Kersten and son, David, Mr. and Mrs. S. J. Lockhart, Mr. and Mrs. Enis Schaded, Mr. and Mrs. Mack Saied, Mr. and Mrs. George Shadid and Mr. and Mrs. H. L. Peters, Jr.

Mrs. Truman Parrish and baby of Sudan were here during the week end to attend the funeral services of her cousin, Pfc. T. D. Nored, Jr., who was killed in an airplane crash in California Oct. 11. Mrs. Parrish's sister, Mrs. C. L. Blandford, baby daughter, returned home with her to visit this week.

Mrs. Deskins Wells and mother, Mrs. Temple Atkins of Shamrock, and Lady Faith Atkins of McLean went to Houston last week to visit relatives.

Mrs. Paul D. Scott daughter of Mr. and Mrs. E. L. Stephens of Lubbock, was before her recent marriage in Lubbock, Miss Dorothy Stephens. Mrs. Scott received her education in the Dodson schools, and was an honor graduate of the Division of Commerce, Texas Technological College in May of this year. Lt. and Mrs. Scott will be at home in Great Bend, Kansas, where he is stationed.

Mrs. Herbert Bearden Honored With Bridal Shower

Mrs. Herbert Bearden was honored at a bridal shower September 30 when Mrs. Frank Light, Miss Hazel Bearden and Jean Light entertained in the home of Mrs. Frank Light.

Wynona Light was at the bride's book and Hazel Bearden presided at the punch bowl. Those attending and sending gifts are: Mmes. and Messrs. Jack Hiett, Lee Head, Jack Brewer of Memphis, Pete Brock, Charley Caldwell, Bob Bowen, N. C. Tension, Jack Pritchard, W. T. Poff, John Puryear, Clarence Cason, Charley Cason, Bob Wilder, Corbett Ford, A. G. Tyler, B. W. Bearden, Jim Light, Joe Brock, M. L. Roberson, Tom Berry, Hunter Peters, F. F. Popwell, John Martin, Lloyd Langford, Hershel Tyler, Pink Sullivan, Faye Bearden of Mobeetie, Ervin Kersten, M. L. James, Bud Davidson, Ben Hurst, Charley Hill, Lloyd Roberson, Barney Cook, Bill Hill, Dick Sweat, Everett Fain, Luther Ray Irwen, Bill Brock, Freeland Murray, O. A. Kiker, Bib Bower, Jimmy Wayne Cook, Buford Riley, Edgar Lockhart, Morris Brown, Beryl Faulkner of Wichita Falls, C. S. Bearden, G. H. Brewer, R. L. Gilentine, Levi Reed of Texico, New Mexico, Hohn Walker, Edd Riley of Briscoe, Cal Sugg, Homer Brewer of Albuquerque, New Mexico, Frank Fuson, Floyd McNabb,

Mmes. Ona Smith, Mildred Moore, Mary Patterson, Jessie Lee Trimble of Childress, Josephine Winders, Ola Wall, Arvezene Winters,

Misses Willie Poff, Ruby Hiett, Dorma Lee Tyler, Hattie Mae Kersten, Norma Brock, Wynona Light, Betty Berry, Ruth Bearden, Cora E. Clark, Jimmy Light, Verne James, Wilma Bearden of Mobeetie, Betty Fuson of Canadian.

Mrs. J. M. Bishop and daughters, Eva and Dona Bishop, visited Mr. and Mrs. U. O. Jett in Shamrock Sunday.

Sunday School 10:45 a. m.
Preaching 12.
Sunday night services 8:30.
Wednesday night services 9.
Located at Arlington Street between 10th and 11th.

New Feature At Quail Singing

Announcement of educational motion pictures, to be given in connection with the regular Third Sunday District Singing at Quail was made this week by Supt. Noah Cunningham of the Quail School, who is assisting with the singing plans.

This group of singers met Sunday, October 17, for the second time since its organization, with a large crowd attending.

The motion pictures, which are of an educational nature, will be shown for 30 minutes during the afternoon singing. Blackout curtains have been put up in the school auditorium during the cotton picking vacation, and the film service is already available to the school, the superintendent explained.

Most of the pictures will deal with the nation's war effort, Mr. Cunningham said.

CARD OF THANKS

We wish to take this privilege and pleasure in offering our sincere thanks and appreciation to our many relatives and friends in Wellington and surrounding communities for their expression of love and kindness shown by presenting us so many useful and lovely gifts in a bridal shower given in the home of Mrs. Ervin Kersten October 2.

We pray God's richest blessings on each of you.
With love,
Cpl. and Mrs. Raymond Mitchell
1210 North Alamo St.
San Antonio, Texas.

Mrs. J. E. Cooper left for San Diego where she will visit her husband, J. E. Cooper, who is in the U. S. Navy.

Judge and Mrs. W. G. Hite and Mr. and Mrs. Ellis Lahue visited relatives near Memphis Sunday.

'Common Folks' Are Hope Of Post War Industrialists

AUSTIN.—Biggest hopes for post-war industrialists lie in satisfying the desires of the "common

folks" rather than in technical developments in such fields as television and plastics, Dr. David Prince, vice-president of General Electric, told a University of Texas audience recently.

Dr. Prince spoke before a joint meeting of the student branch and

the South Texas section of the American Institute of Electrical Engineers.

Statistical analyses made by the Department of Commerce as well as by private industry indicate that the biggest single demand from civilians will be for housing,

Dr. Prince said. "This won't be government of publicly-financed projects," he explained, "but will be housing financed by individuals. Second on the list of things these people want after the war is house furnishings."

Miss Marie Shadid of Childress visited with her parents, Mr. and Mrs. N. Shadid, last week.

George Shadid is in Dallas attending the Market Week where he will buy merchandise for the Fair Store.

Sure, I'll take a Texan's Share

Your County War Fund is another "Victory weapon."

The United War Chest of Texas through war fund organizations in every county of the state is charged with the responsibility of raising \$4,885,781.00 for the 17 approved war appeals of the National War Fund. The national goal is \$125,000,000.

Each of the 17 participating agencies was carefully budgeted to stretch every dollar contributed before it received the approval of the President's War Relief Control Board.

Texans now are being asked to take a Texan's share in their County War Funds to aid three fronts with one gift—the Military Front, the United Nations Front, and the Home Front. Remember, President Roosevelt has said that a share in the National War Fund is a share in winning the war. Use this "Victory weapon." Give to your County War Fund.

NATIONAL WAR FUND

THREE FRONTS - ONE CAUSE

THE 17 PARTICIPATING AGENCIES ARE:

- ★ USO
- ★ United Seamen's Service
- ★ War Prisoners Aid
- ★ Belgian War Relief Society
- ★ British War Relief Society
- ★ Dutch Relief Fund (Queen Wilhelmina Fund)

Legend Tells Story Of Seal Of United States

The Official Seal of the United States was adopted by the Continental Congress, June 20, 1782. Previous to that time, the question had aroused considerable debate, Benjamin Franklin in particular favoring the wild turkey as a national emblem. Six committees wrestled with the problem, until finally the choice fell to that true native of America, the Bald Eagle, which ranges over nearly the whole of the North American continent.

Today the life and liberty of the American Eagle, symbol of strength and courage, is rigidly protected by a Congressional Act of 1940, providing a fine of \$500 and six months' imprisonment for capturing or harming this King of Birds. As John James Audubon wrote more than one hundred years ago, "It is one of the most inspiring wild creatures."

The design for the Great Seal of the United States was drawn by William Barton, with slight modifications by Sir John Prestwick, English antiquarian. The eagle is represented "displayed," with wings outspread and feet extended. In his talons he holds a bundle of thirteen arrows, denoting power in war and readiness to fight for the preservation of freedom; and an olive branch with thirteen leaves and berries, indicating a love of and desire for peace.

Borne on the breast of the bird without any other supporters is the escutcheon, denoting that the United States is self-reliant and independent. The upper part of the shield, known as the chief, is blue, representing the power of Congress and standing for justice, protection and vigilance. The red and white stripes below represent the thirteen original States, all joined in one solid, compact whole and kept closely united by the chief. The white stands for purity and the red for courage and valor.

Over the head of the eagle is a circle of light or glory, representing the sun as the source of spiritual strength. Surrounding this is a cloud symbolizing the protection and guidance of God. The constellation of thirteen stars in a blue field indicates that a new nation is taking its place and rank among other sovereign powers.

The eagle holds in his beak a scroll with the motto, "E Pluribus Unum." (One for many).

The seal itself has a limited use, which is strictly guarded by law, the Secretary of State being its guardian. It is affixed to papers bearing the President's signature and to documents such as commissions of Cabinet officers and diplomatic and consular officers, treaties and formal agreements of the President with foreign powers, Presidential proclamations, etc. This same seal, with slight modifications, becomes the personal seal of the President and is used on the President's flag. It is seen in the bronze plate on the floor of the entrance corridor of the White House, and is a favorite stickpin of Presidents.

Heraldry is a form of picture-writing. It came into use during the 12th century and became fixed as a definite system by the 15th century. There was a simple and concise form of rules governing its composition, proportions and significances. The result was not only ingenious and practical, but beautiful. The people of that period had fine artistic perceptions; they liked bright colors and had excellent taste in using them. Many of our present day commercial designs, seals and trade-marks are closely related to heraldry. The fact that every nation has its armorial bearings indicates that emblems and symbols are helpful in preserving traditions and inspiring love of country. Of these symbols, the coat of arms and the flag are the most important; and while the flag is the one more frequently used, the coat of arms is the older and often the foundation of the flag.

The use of coat-armor began in a thoroughly practical manner. Soldiers in early times wore no uniforms but carried banners bearing the emblems of their chiefs. Every man of importance had his armorial—clearly painted on his shield in bearings—his identification mark in time of war. It was carved on the front of his manor-house.

IDLENESS ENFORCED

War prisoners present a morale problem to their captors. To keep friction and boredom at a minimum War Prisoners Aid, a member agency of the National War Fund, supplies them with books, games and things to do.

Prevent Yellow Leaves On Shrubs

COLLEGE STATION.—Yellowing of the leaves of shrubs, rosebushes, shade trees, peach trees and other plants in spring and summer is preventable.

Generally, says Sadie Hatfield of the A. and M. College Extension Service, addition of copperas and sulphur to the soil at the rate of about one pound per large shrub or small tree corrects the trouble. Sometimes, too, fertilizers are mixed with the soil at the same time. But as wartime conditions limit the availability of these materials, Miss Hatfield who is the specialist in landscape gardening, suggests other effective means of control.

A four or five inch vegetable mulch applied to shrubs for the next few weeks will help to protect their roots from heat, cold and drying winds. Because it conserves moisture, a mulch reduces the amount of water needed by plants. It should be applied several inches thick over an area of several square feet about the trunk of the plant, where it will be gradually worked into the ground.

The materials for mulching plants may consist of compost, grass cuttings, straw, or almost any other kind of decaying plant substance. Grass clippings furnish nitrogen and other plant food. Also, in decaying they help to acidify the soil and release iron for the plants.

Miss Hatfield says that yellowing of leaves in Texas frequently indicates a lack of iron, although it might be lack of nitrogen or other elements. Most Texas soils have ample iron but it is combined with other minerals and not available for plant use. But as soon as the soil is acidified the iron is released for plant roots to take up. Iron deficiency is especially noticeable in limestone regions, blacklands and other areas containing an abundance of lime. However, ceniz jaujullo and other plants native to west and southwest Texas require alkaline or lime soils and to make them acid would spoil the health and appearance of these plants.

Norwegian Farmers Asked To Resist Nazis' War Program

Norwegian farmers have been urged by the Norwegian underground newspaper, Bonden (The Peasant), to sabotage the Nazis' program in Norway, according to a report received by OWI. The paper asked farmers to refuse "to comply with forced requisitioning of goods and raw materials, to hand over horses and to work for the enemy."

If they take help by force, the paper suggested, "then see to it that stolen goods are destroyed at places where the enemy has collecting centers and stores."

Chinese Republic Announces Casualty List For Whole War

On the thirty-second anniversary of the Chinese Republic, the statement was made that, "For every American casualty in this war, 34 Chinese have suffered death or wounding since the day which we now realize was the beginning of the world war, the invasion of China by Japan."

DOZIER By MRS. ROY BILLINGSLEY

A large crowd attended both of the churches Sunday. Rev. Pickens filled his regular appointment at the Methodist Church Sunday.

Miss Willie Massey of Shamrock spent the week end with her parents, Mr. and Mrs. Frank Massey.

Mr. and Mrs. C. M. Billingsley and daughters, Christene and Evlene, of Clarksville came last week to help gather the drop for his brother, Roy Billingsley.

Mrs. Helen Ross visited Thursday with her mother, Mrs. C. C. Hill.

Mrs. W. R. Coleman and sons and Mrs. Lockwood were dinner guests of Mrs. W. W. Breeding Sunday.

Mr. and Mrs. Odus Offutt and daughters of Lillie, Mr. and Mrs. Ernest Schaub of Childress visited Mr. and Mrs. Roy Billingsley Sunday evening.

Merle Walker -

eral months before he will be able to walk without assistance, it was added.

A short time ago Mr. Walker received a release from the Army Air Forces and returned to the county to engage in farming. At the time, he had the rating of sergeant and was stationed at Sheppard Field.

Mrs. Loula Daniel

(Continued from Page One)

that Mrs. Abbie Burch and Mrs. Irene Harris, who are in charge of the home economics work, will take charge of the science classes formerly taught by Kennard Smith, who reported for duty with the Air Forces recently.

Ninety-three percent of a total of 50,000 Frenchmen recently called up for compulsory labor service in Nazi war industry succeeded in evading the conscription, according to the Swiss newspaper Tribune de Geneve.

New Members Of Faculty Announced For Quail School

Election of two new teachers to fill resignations in the Quail School system have been made since the school was dismissed for cotton picking, Superintendent Noah Cunningham said Monday.

Mrs. Slats DeBord of the McKnight community has been elected in the grades, and Mrs. Jim Lowe, whose election was announced last week, will teach the first grade. These teachers replace Mrs. Cliff Leggitt and Marvain Lindsey.

Mrs. DeBord who is widely known throughout that section, is a graduate of North Texas State Teachers College at Denton. Mrs. Lowe is a former teacher in the Quail school and is well known to the patrons and student body.

Mr. Clark returned to the Dozier community only a few weeks ago after receiving a release from the United States Coast Guard to assist his father with farm work. At that time he held the rank of second class seaman and was stationed at Bull Island, Charleston, S. C.

Mrs. Juanita Kirk Named Teacher In Dodson School

Mrs. Juanita Kirk of Granite, Oklahoma, has been named a new teacher in the Dodson High School, H. H. Risinger, superintendent, said Monday.

She will teach English and history, and takes the place of Mrs. J. W. White, who has been serving as a substitute teacher. Mrs. Kirk is a graduate of Southwestern Tech at Weatherford, Oklahoma, and has had three years teaching experience.

Another new faculty member this year is Miss Margaret Marie Horton, who is teaching home economics. She took the place of Miss Eloise Duggan, who resigned to enter war work. Miss Horton is a graduate of Oklahoma A. and M. College at Stillwater. This is her first year to teach.

The Dodson school is now dismissed for cotton picking, and work will not be resumed for several weeks, Mr. Risinger said.

Dozier Man -

(Continued from Page One)

apparently ran off the road leading to McClellan Lake and rolled more than 100 feet into a ravine. The occupants were hurled clear of the vehicle as it stopped. They were not found until nearly an hour after the accident.

Miss Lingo, the daughter of Mrs. B. W. Lingo of Alanreed, is believed to have been killed instantly. Miss Hardeman is in a Shamrock hospital suffering from a crushed backbone, fractured skull and broken arm.

Mr. Clark returned to the Dozier community only a few weeks ago after receiving a release from the United States Coast Guard to assist his father with farm work. At that time he held the rank of second class seaman and was stationed at Bull Island, Charleston, S. C.

J. A. Lucas -

Local Family -

(Continued from Page One)

Baptist Church in China, a former Collingsworth County teacher, who was returned with the first exchange of prisoners. She told them that when she left Shanghai in June 1942, the young couple were still allowed to live in their home and to come and go at will, although they were not allowed to conduct services among the natives of the city, with whom they had worked. The latter were allowed to come to the Wells home, however.

Since that time Mr. and Mrs. Wells believe their son and daughter-in-law have been confined to a concentration camp by the Japanese.

Monday's daily papers carried an Associated Press story telling of the exchange of prisoners, which

took place in the tiny mining town of Mormugoa, in Goa settlement, owned by Portugal since the 16th century.

These stories stated that none of the Americans contacted had any serious complaint to make of the officers and crew of the Japanese ship Teia Maru that carried them to the exchange point.
