Red 'Copter Violates Sector Lines

BERLIN (AP) — An armed helicopter manned by East German Communists flew over U.S. Army installations today, a U.S. Army spokesman said. He called this a dangerous challenge against the Western Allies.

The Soviet - built helicopter was marked with East German insignia, the spokesman said, and on the bottom of the fuselage was a 12.7mm machine gun.

The aircraft flew over the U.S. Army quartermaster compound and near the McNair Barracks, which house the U.S. Army Combat Infantry Brigade.

It was the first time that an East German army helicopter had flown over the U.S. sector of Communist-surrounded West Berlin.

Flights of East German aircraft over the Berlin air control zone, which extends 20 miles in radius, are a violation of postwar four-power agreements.

The East German helicopter changed its course and flew back into East Germany after a U.S. Army helicopter arrived and shadowed it.

The quartermaster compound and the barracks are about 500 yards from the East German border on the southern end of the American sector.

Rebels May Release US Paratroopers

By ROBERT BERRELLEZ

SANTO DOMINGO, Dominican Republic (AP) — Arrangements were reported being made today for the release of two U.S. paratroopers captured by Dominican rebels.

Pfc. Larry Leed of Conestoga, Pa., and Spec. 4 Donald Jones of Pomona, Calif., were captured Thursday after entering the rebel sector of the capital in a jeep and trailer. The two told newsmen they had driven up to a checkpoint at the security zone boundary and had been waved on into rebel territory by Honduran guards of the Inter-American Peace Force.

Col. Francisco Caamano Deno, the rebel leader, indicated their release was contingent on the peace force returning rebel prisoners in its hands. He told a newsman they would be held "until we hear about 30 of our prisoners."

But Gen. Telmo Vargas of Ecuador, military adviser to OAS Secretary-General Jose A. Mora, said arrangements were being made for release of the paratroopers probably today.

Vargas said rebel leaders in notifying the Inter-American Peace Force of the paratroopers' capture, had also asked about 30 Dominican civilians detained by the peace force Tuesday, the first day of renewed fighting in the Dominican capital.

But Vargas stressed that rebel leaders had said nothing about holding the Americans hostage until the Dominicans were released.

RUSK SAYS

Viet Peace Hopes Dim

WASHINGTON (AP) — Secretary of State Dean Rusk reported to the Cabinet today that some potential paths to peace in Viet Nam remain open but that Hanoi and Peking do not appear interested in peace at this time.

"We do not see at the present time active interest on the part of Hanoi or Peking to bring this matter to a peaceful conclusion," Rusk said.

He spoke to newsmen after a session of more than an hour with President Johnson and the Cabinet, reviewing the international situation and ways of seeking a Viet Nam solution.

Rusk also said that he believed today's raids on suspected Viet Cong positions by Guam-based B52 bombers were worth the effort. He said the matter was briefly touched on during the Cabinet session.

Also figuring in the discussion was a new move by British Commonwealth prime ministers to establish a five-member peace-seeking mission that will seek talks with governments concerned.

Johnson told a 93-minute news conference Thursday that he welcomed this initiative.

"We are very happy they have made this suggestion," he sad. "We have talked to them, communicated with them about it and they will have our full cooperation."

But Johnson volunteered at another point that someone who contacted top officials of Communist North Viet Nam in behalf of the United Staes reported as recently as June 7 "they are not now interested in any negotiations of any kind." Johnson said he got a similar report from the same source, not identified, on Feb. 15.

The President, who did not go into detail on the peace ideas placed on the Cabinet agenda, made it clear in response to a question that he does not favor negotiation with the Communist Viet Cong guerrillas in South Viet Nam. He said they represent no government.

Asked if he was thinking about asking Congress for a broader mandate to prosecute the Viet Nam war, Johnson said he has ample power as commander in chief and that a resolution Congress passed last August authorized "all necessary measures."

Humphrey, Spacemen To Paris

By DAVID MASON

PARIS (AP)—U.S. Vice President Hubert H. Humphrey will be received by President Charles de Gaulle on Sunday, American officials announced today.

Humphrey left Washington for Paris early today with American Gemini Astronauts James McDivitt and Edward White. They were coming for the International Air and Space Show.

Humphrey will call on De Gaulle at the Elysee Palace Sunday afternoon.

American B52s Make Viet Debut

By EDWIN Q. WHITE

SAIGON, South Viet Nam (AP)—Scores of U.S. planes — including 27 B52 heavy bombers making their debut in combat—rained tons of bombs, napalm and rockets into three square miles of Viet Cong jungle today. Ground troops, that searched the area found no enemy casualties from the big air attack, military spokesmen said.

Two of the giant eight-engine bombers were lost in a collision over the South China Sea. An amphibious rescue plane made a perilous landing in 12-foot seas to rescue four survivors and picked up the body of a fifth flier, an Air Force spokesman in Manila reported.

Seven other airmen were missing, and the rescue plane was tossing on the stormy sea, unable to take off because of a damaged propeller. The survivors were transferred to a passing freighter, but the plane's crewmen stayed aboard to await a Navy ship.

Vietnamese ground units clashed briefly with an estimated 20 Viet Cong in the bombed area, killing one guerrilla and wounding 10 others. The troops also reportedly destroyed about 6,000 pounds of rice, but no other major results were reported.

The object of the mission was to catch a large concentration of Viet Cong believed to be in the jungle. Some reports said it was believed accompanied by Chinese Communist advisers.

Solon Pleads For Oil Import Study

By CHARLES HASLET

WASHINGTON (AP) — A congressional inquiry into the regulation of oil imports is "imperative at an early date," Rep. Wright Patman, D-Tex., said this week.

Patman said the Interior Department, which administers the program, seems to be pursuing "a dangerous course" and it is time "to face up to a bad situation which requires correction," adding:

"The interests of this nation cannot safely be subordinated much longer to the interests of a few international oil companies."

The Texan said either the House Banking Committee or the Senate-House Joint Economic Committee, both of which he heads, would conduct an early hearing to examine the present imports control machinery.

"The Johnson administration is currently in the process of deciding in what form it will perpetuate mandatory oil import limitations," Patman said.

"Because nothing less than the security of this nation is involved — not to mention the survival of a health small business segment in the producing end of this nation's petroleum industry — I believe the time has come to express the concern long held by many of us over the structure of the imports program inherited from the Eisenhower administration."

He previously had told the House that "favored treatment to American international oil companies is a principal factor in the present balance-of-payments deficit" and a primary cause of the distress in which the small domestic independent oilman finds himself. Then he went on to say:

"There is excellent reason to question whether the imports program, in the form devised by the Eisenhower administration, is properly responsive to the purpose of import controls."

Recalling that the Kennedy administration was re-examining the import control program at the time of President Kennedy's assassination in November, 1963, Patman said President Johnson then undertook to entrust oil policy decisions primarily to the secretary of the interior.

"However," he continued, "I am absolutely certain that the President, in delegating this responsibility, had no intention whatever of shortcircuiting the movement toward developing an imports program which will function in terms of purpose."

Crash Injuries Fatal

PAULS VALLEY, Okla. (AP) —Injuries suffered as two Texas cars collided near here Monday night claimed a third member of a Gainesville family today.

Ricky Phillips, 12, son of a Gainesville druggist, died at a hospital.

His mother, Mrs. Jean Phillips, 33, and a sister, Janet, 10, were killed in the crash. The father, Dean Phillips, 35 escaped serious injury.

Injured occupants of the other car were Mrs. Ruby Castle, 40, of Midland and her son Lynn, 13.

MIGHTIEST ROCKET—The Titan 3C stands poised on its Cape Kennedy launching pad before today's lift off. The powerful rocket consists of a three-stage core with two huge solid rockets strapped to its side. Its 2.65 million pounds of liftoff thrust is four times greater than the Titan 1 space booster that launched Gemini astronauts into orbit.

Big Boost To Military

CAPE KENNEDY, Fla. (AP) —A triple-barreled Titan 3C — the mightiest rocket ever fired —scored a resounding success on its maiden test flight today and gave the United States a great boost toward developing a military space capability.

The huge rocket drilled into orbit 115 miles high a 21,000-pound dummy satellite that could be the forerunner of manned and unmanned military machines which would patrol and perhaps control outer space.

The satellite was the biggest true payload ever put into space.

The Titan 3C—actually three rockets lined up single file — thundered away from its launching pad at 9 a.m. EST on 2.65 million pounds of thrust generated by two solid - fuel boosters.

A combination of weather and technical troubles blocked an effort to put it up Thursday.

Hooked between the two 85-foot-tall solid-fuel boosters was a three-stage liquid-fuel Titan A rocket. This 127-foot-tall segment was designed to ignite 24 miles up and provide 474,000 pounds of high-altitude thrust to push the satellite into orbit.

The launch was the loudest and one of the most spectacular ever witnessed here.

Two minutes later the flight control center reported the solid boosters had cut off as planned and jettisoned, and the first stage of the central cylinder had ignited.

The Titan 3C was heavily instrumented to provide data on the first firing of the combination. Of special interest were how precisely in unison the two solid rockets burned, the vibration they created, their separation and the ignition of the center rocket.

The Air Force hopes to develop the Titan 3C as a workhorse, quick - reaction booster for a series of manned and unmanned military payloads.

The major project is a manned orbiting laboratory — a space station that would keep astronauts in orbit a month or more to determine if man can effectively perform military tasks in space.

The astronauts would try to determine whether they or automatic satellites can better perform such duties as reconnaissance, navigation, surveillance of ocean traffic, communications, and inspection and perhaps destruction of enemy satellites.

Two unmanned laboratories are scheduled for launching aboard Titan 3C rockets late next year. If no hitches develop, an Air Force spokesman said, the first manned lab, with two astronauts, could be sent aloft in late 1967 or 1968.

Because of the test nature of the flight, the satellite carried today an inert piece of lead. A useful payload, perhaps a communications satellite, might be launched on the second test flight in September.

Before today, the U.S. Saturn I was the most powerful rocket fired. It develops 1.5 million pounds of booster thrust, slightly higher than the 1.43 million pounds of Russia's biggest rocket.

Deluge Hits New Mexico

RATON, N.M. (AP) — Crippled northeast New Mexico was awash with flood waters today after a six- eight-inch rainfall blocked highways, washed out communications and sent normally quiet streams spilling across the countryside and into many communities.

At least two persons were dead. State police said that until communications were restored there was no way of telling how many casualties there might be.

The two confirmed dead were in a traffic accident Thursday night during the storm 17 miles east of Raton on U.S. 64-87. Officers said the bodies were in an ambulance that was stranded between the accident scene and Raton.

There was an unconfirmed report of a fatality in a car that washed into Crow Creek near Springer. Another report said two pickup trucks were swept off a road at the Chico Creek crossing east of Springer on U.S. 56 but that the occupants escaped.

Bridges on the Canadian River and creeks in the area were either under water or washed out. Highways were inundated, stopping traffic on U.S. 56 east of Springer, New Mexico 58 east of Cimarron, New Mexico 72 east of Raton, New Mexico 120 at Mora, U.S. 285 between Raton and Mesa, U.S. 85 south and north of Raton, and U.S. 64-87.

National Guard units evacuated a five-block square area in Springer as the flood-swollen Cimarron River carried more water into the area.

There were many reports of families fleeing homes throughout Colfax and Union counties.

Buses laden with passengers were stranded at Maxwell, Springer, Raton, and on New Mexico 729.

The Santa Fe Railway night agent at Raton said the Grand Canyon passenger train was trapped north of Raton Pass across the Colorado border when tracks washed out both in front and behind the train.

Several motorists were stranded at Hoxie Junction 16 miles south of Raton on U.S. 85.

There were no injury reports in Raton where the rainfall measured more than five inches. The city has recorded more than 10 inches since Tuesday night.

Trading Slow But Rally Continues

NEW YORK (AP) — Despite increasing softness in the stock market, a rally continued into its fourth straight session early this afternoon.

Trading was at the slowest pace of the week. Preweekend caution was apparent.

Prices were mixed at the opening then showed a gain on balance. After the first hour this advance was trimmed considerably.

Baker Hotel Reopens

MINERAL WELLS (AP) — The Baker Hotel opens tonight after a two-year closedown.

A gala ceremony will start the refurbished spa back to a fully active state for the first time since its founder, Karl Baker, closed it May 31, 1963.

Three bands — at poolside, on a terrace and in the Brazos club — will be blaring out music for the big crowd of citizens expected.

Excise Slash Awaiting LBJ's Pen

WASHINGTON (AP) — The big excise tax cut bill is on President Johnson's desk. It does away with most of the federal sales taxes, hangovers from Korean War days and even earlier.

It was indefinite when Johnson would sign it into law. He was asked about it at a news conference Thursday, but gave no definite answer.

Price tags on autos and a number of household and gift items will be lowered the day after the bill is signed. Other reductions will be in stages. By 1969, when the whole thing is in effect, the estimated annual tax saving for John Q. Public will be $4.6 billion.

When all the cuts are in effect, the major remaining excise taxes will be those on liquor and cigarettes, a 1 per cent tax on automobiles — down from 10 per cent — and a group of taxes considered to be user charges for highways and other special facilities.

The most visible tax cut to be triggered by the President's signature probably is the first-stage reduction in the automobile excise tax — it amounts to about $70 on an average car; more, of course, on higher-priced models. The reduction is from 10 per cent to 7 per cent of the manufacturer's price, the first stage in a phasing out that would bring the tax down to 1 per cent Jan. 1, 1969.

Colorado Reports Five Flood Dead

DENVER (AP) — Flood-swollen rivers and creeks spread wider damage today in Colorado, hit by the worst series of June storms in years.

At least five deaths have been attributed to storm conditions. Two persons drowned, including a 13-year-old girl trying to cross a swollen creek near Loveland Thursday. One man was killed in a plane crash and two men died of heart attacks working around their flood-threatened homes.

A 15-foot flood crest on the Fountain River struck Pueblo, Colorado's second largest city, Thursday night and scores of persons left their homes near the river.

All telephone wires into Pueblo were down and it was impossible to learn what conditions were today in the steel city.

Dams have burst and numerous bridges in the state have been knocked out. One dam was near Agate, about 65 miles east of Denver, and as a result U.S. Highway 40 was closed by the state patrol.

Meanwhile, the metropolitan area of Denver continued to dig out of the mess left by the South Platte River.

Surveying flood damage to his home district, Rep. Roy McVicker, D-Colo., said "It isn't possible."

Representatives of federal and state agencies planned to meet in Denver to discuss flood relief action for the city and other areas of the state. President Johnson said the federal government would offer every resource at its command to the stricken areas.

The Red Cross disaster team gave a tragic boxscore of estimated flood damage. 1,350 families suffered loss; 30 homes destroyed; 175 homes received major damage; 480 homes received minor damage; 89 house trailers destroyed; 479 trailers damaged; 62 small business es damaged.

New Bill For Teachers

AUSTIN (AP)—Another bonus for educators became law Thursday when Gov. John Connally signed a bill letting newcomers to Texas teaching in state colleges qualify for low resident tuition rates.

"Heretofore, faculty members who are new residents have had to pay non-resident fees to continue their own education or that of their families," Connally said.

Texas residents pay $50 per September - to - February semester. Persons who have lived here less than one year must pay $200.

The bill, sponsored by Sen. Jack Hightower of Vernon and Reps. Vernon Stewart and Maurice Doke of Wichita Falls, should be of great benefit in recruiting out - of - state faculty members for colleges and universities, Connally said.

Spouses and children of new faculty members also would be eligible for the resident tuition rate.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: We have neighbors who are constantly getting into fights. You can hear them a block away. The trouble is that they happen to be friends of ours. Every time they have a fight (which is about three times a week) the wife comes over here to cry on my wife's shoulder. It's usually in the middle of our dinner. Then the husband comes over here and tries to get his wife to go home with him. Then they start up all over again. Abby, we have three small children and you can imagine what it looks like to them. Please tell us how to put a stop to all this.

J. AND R.

DEAR J. AND R.: If your wife wants to be a human wailing wall for her neighbor, tell her to do it during the daytime — and preferably at the neighbor's house. Furthermore, if you permit your home to be used as a domestic battleground, you are foolish. Tell your neighbors that you enjoy their company when they're compatible, but please to bury the hatchet at home because they are giving your children a rather ugly perspective of married life.

• • •

DEAR ABBY: I work in a large office. Recently a young man bought a toupee. It made him look years younger and very attractive. Yet the other men in the office kidded him about it until he doesn't wear it any more. What do you think of toupees for men, Abby?

JERKYLL ISLAND, GA.

DEAR J.I., GA.: I think a good toupee — properly fitted — can do wonders for a man's morale. Some men are bald and couldn't care less. But if a man feels that he NEEDS hair, I say, buy a toupee, and turn a deaf ear to all the kidding. (And don't listen to any hair raising stories.)

• • •

DEAR ABBY: In your opinion is there any help or hope for a liar? My son is married to one. She lies about anything and everything when the truth would do just as well. I've caught her in some big ones, but she makes up more lies to cover up. I have never made a scene about it. I pretend I believe her and change the subject. I love my son very much and would like to love his wife, too, but is impossible under the circumstances. I have heard that lying with some people is a disease. If so, is it hereditary? My daughter-in-laws mother has a reputation for telling some pretty tall tales, but I do believe my daughter-in-law has her beat. What makes people lie anyway?

FOR TRUTH

DEAR FOR TRUTH: Most people lie occasionally because they aren't big enough to tell the truth, or because they don't want to admit they don't know. The pathological liar lies compulsively for no apparent reason. Your daughter-in-law could be this type, in which case she needs professional help. Lying is not hereditary, but children tend to imitate their parents, which accounts for successive generations of liars. I suggest you tell your son the truth about how you feel.

• • •

DEAR ABBY: Why was that reader "flabbergasted" to learn that maternity stretch pants are on the market? Just because a woman is in maternity clothes doesn't mean she can't wear the newest fashions and fabrics.

Telephone Co. Names Midland Man As New Plant Foreman Here

Johnny Wayne Wise, switchman for the Southwestern Bell Telephone Company in Midland, has been named Plant Foreman in Snyder. He succeeds William M. Starnes, who has been promoted to Wire Chief in Snyder for the telephone company here.

Wise has been with the telephone company since 1951 when he started as a lineman in Midland. He served there in the Plant Department prior to his promotion to Snyder.

He attended Hardin - Simmons University and Odessa Junior College. He is married and has two children.

Wilkins Is Harvard Cum Laude Graduate

Ronald W. Wilkins, son of Mr. and Mrs. Wiley C. Wilkins, 2307 Forty-first Street, received a Bachelor of Arts degree Thursday at the 314th Commencement of Harvard University.

Wilkins, who graduated cum laude, was one of about 1,100 young men completing college. Advanced degrees were conferred by the college on about 2,400 students.

Traditionally held in the tree-shaded Yard on a newly-constructed permanent stage adjoining the Memorial Church, the ancient ceremony of conferring degrees was followed by a series of small, informal "commencements" in the Harvard Houses and graduate schools. There each student received his degree individually from officials of the School or House with which he was associated.

Father Has 17 Reasons To Celebrate

YPSILANTI, Mich. (AP) — LeBlanc has 17 reasons to look forward to Father's Day Sunday.

The reasons are nine daughters and eight sons. They eat 9 pounds of steak a meal, 84 quarts of milk a week, sit down at a 14-foot dining table and live in a 6-bedroom house.

But don't feel sorry for Mrs. LeBlanc.

"It's as easy to put a 10-pound roast into the oven as it is to put in a small one," she says.

Labor-saving devices are a must and there is help from the children, who range in age from 21 years to 9 months.

After dinner, the boys take turns doing the dishes. The girls give the smaller children their baths and put them to bed.

There are two ovens in the kitchen, extra refrigeration and lots of cupboard space and automatic laundry equipment and a dishwasher.

Mrs. LeBlanc prepares 35 to 40 sandwiches a day for the children to take to school.

Mrs. von Roeder Gives Rotary Club Program

Snyder's Rotary Club met Thursday at noon for its regular weekly meeting with president Rayburn Burgess presiding.

The program was presented by Mrs. Opal von Roeder, who presented slides and comments on an African safari made in 1963. Club members noted the program was both informative and entertaining.

New members inducted included the Rev. John Gordon, sponsored by Ed Dickerson; and Malcolm Keeble, introduced by Leon Autry and sponsored by Hicks Allen, who was unable to attend.

Visitors included L. E. Newton of Midland and Claude Westerman of Palestine.

Revenue Agent Sues The Bureau

MIAMI, Fla. (AP)—Bernard L. Jaffe, Internal Revenue agent, is suing the Internal Revenue Service for an income tax refund.

It all started, the IRS tax examiner said, when he asked a refund of $837 for the years of 1960-63 when he studied law in night classes at the University of Miami.

Jaffe did it "to improve his skill as a revenue agent," claimed the suit, filed in federal court here.

The IRS refused to refund the money, which Jaffe claims is due him on $3,600 he deducted for the cost of his studies.

BOLGER FUNERAL HOME

FOR SUMMER WEDDINGS—The Mother of the Bride can use a pound cake mix to produce a delightful cake.

Mama Bakes The Wedding Cake

By CECILY BROWNSTONE
Associated Press Food Editor

IT'S A GREAT day when the Mother of the Bride can bake her daughter's wedding cake without undue fuss and trouble.

How can this be done? By using several packages of poundcake mix and baking them in a rectangular roasting and baking pan — the roomy sort with rounded corners. Then an apricot glaze, a base coat and Royal Icing frost and decorate the cake.

We first came upon wedding cake baked in this particular shape when a neighbor's daughter got married. It was a pretty home wedding and we were asked to slice the cake. We had some trepidation until we saw the cake had been baked in this one-layer shape with the frosting piped to make neat demarcations. Our cutting task was easy — and most important, all comers were quickly satisfied.

Royal Wedding Cake

3 packages (each 1-pound and 1 ounce) pound cake mix
2 cups milk
6 egg yolks
3 whole eggs
1 cup commercial sour cream
Apricot Glaze and Base Coat Royal Icing

Empty pound cake mix into large bowl of electric mixer. Add milk; stir to blend; beat 1 minute at medium low speed. Add egg yolks; stir to blend; beat 1 minute at medium low speed. Add whole eggs; beat 1 minute at medium low speed. Stir in sour cream. Pour into greased roasting and baking pan (13½ by 9 by 2½ inches). Bake in a slow (325 degrees) oven for 1½ hours or until cake tester inserted in center comes out clean. Cool in pan. Turn out of pan; trim ½ to ¾ inch from ends of cake to make sharp corners; wrap in foil until ready to glaze. Add Apricot Glaze and Base Coat and Royal Icing as directed in those recipes. Makes 50 servings.

NOTE: Cake may be baked about a week ahead and stored at room temperature; or it may be baked many weeks ahead and freezer - stored. Do not add glaze, base coat and icing more than 2 days before using because of the possibility of moisture from the Apricot Glaze discoloring the white Royal Icing.

The 6 egg whites leftover after making cake are for use in the Royal Icing.

Apricot Glaze and Base Coat

2 cups apricot preserves
½ cup cognac
2 cups sifted confectioners sugar
4 tablespoons warm water

In a heavy 1½ quart saucepan over low heat, heat the preserves, stirring often, until they liquefy somewhat; over moderate heat, continue cooking for 12 to 20 minutes or until preserves reduce by about ½ cup; stir often at beginning and constantly toward end of this cooking period because preserves become a thick glaze and may scorch. Remove from heat; cool for about 1 minute; thoroughly stir in cognac; cool for 5 minutes. Stir and spread over top and sides of cake. Allow to set before applying base coat.

For base coat — stir together the confectioners sugar and water to make a smooth, thin mixture. Place cake on wire rack; pour base coat over top, allowing it to flow down sides and spreading it with a spatula. Allow to dry. Add Royal Icing.

Royal Icing

6 egg whites (use those left over after making cae)
1 teaspoon cream of tartar
5½ cups sifted confectioners sugar
1 teaspoon lemon juice

Have egg whites at room temperature. In electric mixer and large bowl, beat egg whites and cream of tartar until foamy; gradually beat in sugar. Add lemon juice. Beat at medium speed for 10 minutes. Reserve 2 cups of this icing for decorating, covering it tightly and refrigerating. Spread remainder of icing over entire base coat of cake. Allow to dry before decorating.

To decorate: Because a slightly stiffer mixture is needed for use in a decorating tube than for icing cake, it may be necessary to add a little confectioners sugar to the reserved icing — mark the surface of the iced cake, crosswise and lengthwise, into 5 equal portions. Using a number 30 rose tube, pipe decorating frosting over top surface to form squares — there should be 15. Pipe rows down each of the four sides of the cake to continue the top surface piping; pipe rows down corners. Pipe base edge of cake — using a larger rose tube if you like.

Union 4-H Club Has Sewing Session Monday

The Union 4-H Club met Monday in the recreation hall of the Union Methodist Church for an afternoon of sewing. The members of the older group worked on dresses and the younger group worked on blouses.

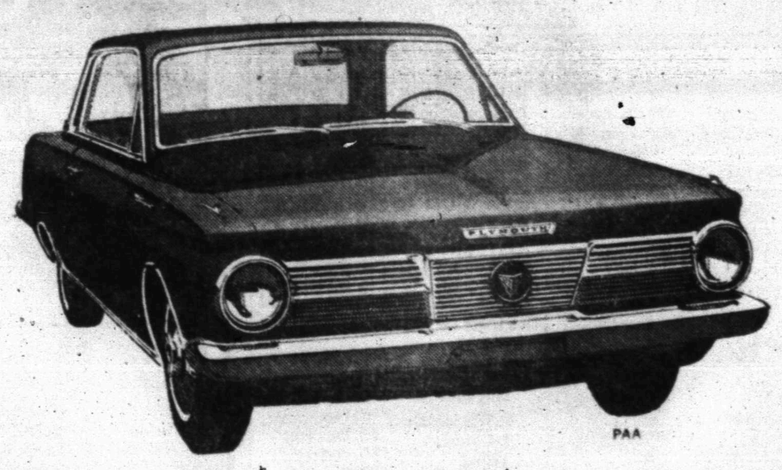

A demonstration was given on straightening the material, laying the pattern on, cutting out, and stay stitching.

Roxanna Ainsworth, hostess for the meeting, served refreshments of ice cream cups to Freda Pitts, Judy Tate, Barbra Tate, Lou Alice Mathis, Sandra Grant, Martha Stephens, Julia Griffin, Jane Ann Harrington, one visitor Nancy Henry, and the leaders, Mrs. Mathis, Mrs. Tate and Miss Butts.

Nixon Concurs On Viet Nam Policy

SIOUX FALLS, S.D. (AP) — Former Vice President Richard M. Nixon says that with all the risks involved in Viet Nam, "This is perhaps the best time and the best place to resist the Communists." To have waited, he said Thursday at a news conference, might have meant settlement of the current Russo-Chinese dispute and the evolvement of China into a nuclear power.

Aptly Time Move Proves Johnson's Political Finesse

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — The timing of President Johnson's news conference was excellent for him in a couple of ways and once again he expressed hopes for peace. But when he was all through the prospect of peace looked dismal.

And while he was talking for an hour and 20 minutes to newsmen in the White House a fleet of B52 bombers was flying from Guam to do high-level saturation bombing on the Viet Cong guerrillas in South Viet Nam.

It was the first time those planes had been used in the war.

But by holding the news conference Thursday afternoon Johnson took the edge off, and the play away from, the news conference former Sen. Barry Goldwater had held just a short time before.

This didn't go unnoticed by Goldwater.

At the same time, by meeting the press when he did, Johnson was able to give the quickest public assurance of cooperation to the British Commonwealth which Thursday decided on a peace mission.

Two nights ago it was announced Goldwater would meet reporters yesterday to announced a crusade for conservatism through a new organization called the Free Society Association headed by Goldwater.

Then Thursday morning the White House announced Johnson would also hold an afternoon news conference, although the time was indefinite and reporters waited hours in the press lobby. Johnson met them after Goldwater's session.

The Arizonan, whom Johnson defeated for the presidency last year, told reporters that every time a Republican calls a news conference, Johnson has one of his own and grabs the spotlight. Thursday was no exception.

Earlier in London representatives of the 21 nations in the British Commonwealth decided to send a five-man mission in search of peace in Viet Nam. It will be headed by British Prime Minister Harold Wilson.

There has been increasing concern in Britain about America's war build-up in Viet Nam. The mission will try to visit the countries concerned, particularly the United States, Red China, North and South Viet Nam.

It's possible the Red Chinese and the North Vietnamese will refuse to receive the mission. If they do, they will damage themselves in world opinion, although that may not mean much to them.

But before they could say yes or no Johnson was telling his news conference "we are delighted" and he said the commission "will have our full cooperation.

Johnson seemed pleased by what he regarded as strong over-all support in Congress and this country for his Viet Nam actions. But when all was said and done there wasn't much new to report

Johnson indicated there is no sign the North Vietnamese want to talk peace. And he pretty much torpedoed the idea of talking about it with the Viet Cong guerrillas who, he explained, are only the tools of the North Vietnamese.

Nor did he offer any sign of early peace in the Dominican Republic's revolution. In view of this bleak outlook there seemed little reason to expect any new ideas or solutions from the Cabinet meeting he called for today.

This, he explained, will "review the international situation and U.S. policy" and perhaps come up with suggestions for some new way to find peace.

Nurse Leaves Fond Friends In Viet Nam

By HAL BOYLE

NHA TRANG, South Viet Nam (AP) — She was close to tears.

It was the last day of duty for Lt. Julie Klebaum, 24, Wapato, Wash., one of seven American nurses at the 8th U.S. Army Field Hospital.

She was going home after a year here, a year in which some 5,500 ailing, injured and wounded men went through the hospital.

Julie is 5 feet 3 and has dark hair, blue-green eyes and a nice figure. She would be called pretty in any part of the world, but it is her friendly, outgoing personality that has made her a favorite here.

She smiled a little tremulously when Capt. Frank Harbor of Starkville, Miss., told her a company of airmen wanted to turn out in formation to give her a farewell tribute salute when she left.

"That'll be lovely," she said warmly.

"I have mixed emotions about leaving. There is a job satisfaction here you don't find so frequently in the States.

"These wonderful men, wonderful patients. They aren't goldbrickers. I'll miss them."

As one of seven American women among several thousand men, Lt. Klebaum naturally received a flattering amount of male attention.

"You become a combined mother, wife, sister and girl friend," she said, laughing. "They all want you to help them shop for things for their women back home.

"It's an honor in a way. It's a very unusual position, one I've never been in before. The men are interested in you first because you are around, second because you speak English, and only third because you're an American girl. But they're great. They'll do anything for you."

Back home nurses aren't supposed to wear perfume on duty.

"But we all do here," said Julie. "The patients want us to. They also want us to wear lipstick and nail polish. They want us to look very feminine. To them we're the idealization of American women because they don't see any others."

The nurses work a 12-hour day or longer six days a week.

"I've helped nurse everybody from a Vietnamese baby with tuberculosis to GIs with worms, malaria, dengue fever, appendicitis, or gunshot wounds," she said.

The case that most upset her was a pilot about 30 whose abdomen was riddled by ground fire.

"He stayed at the controls for half an hour until he got his plane back," she said. "He died so well. He knew he was dying but he didn't give up.

"He wrote a letter to his wife. He joked. He shouldn't have lived even to land that plane. He talked about being operated on the next morning, but there was nothing that could be done for him.

"He lived 20 hours. He died just before daybreak and was alert until 15 minutes before the end. He never got to see the sun come up. I never saw a braver man."

Junior Editors Quiz on HANDSHAKES

QUESTION: What does a handshake mean and how did handshaking start?

• • •

ANSWER: There are some customs which we practice without realizing how they originated, yet which seem to fitting that we go on using them. Handshaking is one of these. It is one of the rules, based on the ideas of courtesy and fair play, which, grouped, together, are called etiquette.

The origin of handshaking goes back to the Middle Ages, when law courts and police were not so available for protection as they are now. To guard themselves from attack, most men carried swords. The custom arose of extending the empty right hand to someone you wanted to claim as a friend, in order to prove that there was no sword in it and thus had no intention of provoking a quarrel. If your friend extended his own right hand in response and grasped yours, he was signalling his own peaceful intentions. As society grew more friendly, with more protection under the law, it was no longer necessary to carry a sword for defense. Yet handshaking remains as a symbol of respect for another person, expressing your trust that he will deal fairly with you as you intend to do so with him.

• • •

FOR YOU TO DO: Young people are not generally expected to shake hands, but remember these rules about handshaking as given by an expert on etiquette. Grown-up men shake hands when introduced, but ladies rarely do so, except when the hostess at a party. Young people, both boys and girls, are supposed to shake hands when introduced, but not when greeting regular friends. At a party, shake hands with the host or hostess. 6-18

Walt Alston May Lose Pants If Promise Is Still Good

By MIKE RATHET
Associated Press Sports Writer

If you catch Walt Alston walking around in his underwear, you'll know the manager of the Los Angeles Dodgers has kept his word to Claude Osteen.

Osteen, who tried to get Alston's uniform number when he joined the Dodgers, had San Francisco's Thufsday night as he limited the Giants to just one hit — a second inning single by Jack Hiatt — while posting his first National League shutout in a 3-0 victory.

Acquired in the off-season trade that sent Frank Howard is Washington, the 25-year-old left-hander was looking over a Dodger roster in his Beltsville, Md., home last winter when he finally decided to ask for No. 24.

"I looked at the numbers, and there was no 24," Osteen explains. "Then I happened to look up at the top of the roster and spotted No. 24 — Walter Alston."

So Osteen settled for No. 23.

That's when Alston offered to do a modified strip.

"If that guy can win some games for me, I'll be glad to give him the shirt off my back," said the Dodger manager.

"I'll even throw in the pants."

Better that than the towel.

For it's pitching the Dodgers have had to rely on, and Osteen has combined with Sandy Koufax, Don Drysdale and Johnny Podres to form the most effective Big Four in the majors with all showing earned run averages under 2.50.

Despite a record of six victories against six losses, Osteen has a sparkling 2.49 ERA.

While Osteen was continuing his sharp pitching for the National League leaders, Vern Law posted his sixth straight victory by scattering seven hits as Pittsburgh downed St. Louis 4-1 and handed Bob Gibson his sixth straight setback.

Second-place Milwaukee remained 3½ back by defeating Philadelphia 4-2 and the Chicago Cubs edged Houston 6-5 in 11 innings. Cincinnati and New York were not scheduled.

In America League action, Minnesota downed the Chicago White Sox 3-1, Cleveland blanked Washington 5-0, Detroit edged Boston 6-5 and Baltimore whipped the New York Yankees 2-1 in 16 innings.

WALTER ALSTON

Osteen got the only support he needed from batterymate John Roseboro, who singled in two first inning runs off Gaylord Perry, then singled and scored the final Dodger run in the third on a passed ball.

Hiatt's hit, with two out in the second inning, was a clean single to left field.

Law, meanwhile, got more than enough support from Willie Stargell, who drove in three runs with his 15th homer and a single as the Pirates made it 23 victories in their last 27 games —an .852 percentage.

The Braves, trailing 2-1, whipped the Phillies with a three-run eighth-inning uprising that started when Felipe Alou drew a walk off Ray Culp. Richie Allen's throwing error on Mack Jones' bunt and an intentional walk to Hank Aaron filled the bases.

Joe Torre then singled in the tying and lead runs before another error, by John Hernnstein, enabled Aaron to score the final run.

The Cubs got the winner in the 11th against the Astros when Doug Clemens doubled, moved to third on an infield out and scored on a single by Billy Williams.

The Astros had tied the score in the seventh when Jim Gentile singled, moved up on a wild pitch and a force out and scored on Walt Bond's single.

Pro Football Expansion War Heating Up Between Leagues

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The pro football expansion war is heating up with the National Football League meeting Monday to consider accepting Atlanta in 1966 while the American Football League screens applicants for a new franchise in Philadelphia.

The battle for Atlanta's new $18-million stadium centers around the reaction of the Atlanta Stadium Authority which has set a July 1 deadline for a decision.

"We would like to see them both expand because we would like to be in a position of receiving proposals from both leagues and see which one is best," said Arthur Montgomery, chairman of the authority in Atlanta.

Montgomery said the authority could, if it wishes, change the deadline.

At least three applications have been made to the NFL for an Atlanta franchise. The AFL already has granted a franchise to the Cox Broadcasting Corp. for a record $7.5 million.

In addition to applications for NFL franchises from groups headed by Lindsey Hopkins, Jr. of Atlanta and individually by Rankin Smith, Atlanta insurance company executive, there is a bid by William G. Reynolds of Reynolds Aluminum Co., which has a major distribution center in Atlanta.

Commissioner Pete Rozelle, who called the NFL meeting, had visited Atlanta last week while the AFL was granting a franchise to the Cox company. Rozelle previously had recommended the NFL expand from 14 to 16 teams by 1967. In Atlanta, he said: "We could expand with no trouble in 1966."

If the NFL owners decided to go into Atlanta in 1966, the league undoubtedly would operate with 15 teams, pending addition of a 16th member in 1967.

It is expected that Rozelle will get the 12 affirmative votes necessary to bring in Atlanta as a 15th team.

The AFL will be starting the job of screening applicants for a Philadelphia franchise which probably would play in the new stadium to be built in that city. The NFL, of course, already has a club in Philadelphia.

Swim Meet To Be Held In Towle Pool

Towle Park Pool will be the host of a triangular swim meet between Andrews, Lubbock, and Snyder at 8 a.m. tomorrow.

Approximately twenty swimmers from Snyder are already entered in the meet, but there is room for more entrants according to Larry McNair. To enter the competition or the swimming team contact anyone at Towle Pool.

The meet will only last tomorrow morning.

Braves, Dodgers Take Pony Wins

The Braves beat the Rebels 2-1 and the Dodgers defeated the Buffs 4-2 in two games played in the Pony League Thursday night.

The Rebels scored one run in the sixth inning and left a runner on third base in dropping a 2-1 decision to the Braves. The Braves scored what proved to be the winning run in the fifth inning when Roxy Small scored on a single by Mitch Rambin.

Jackie Weaver scored two runs and got two hits in two trips to the plate and hit two doubles in leading the Dodgers in their win over the Buffs. The Dodgers scored all four runs in the first and second innings and hung on the rest of the game for the victory. The Buffs scored a single run in the seventh inning, but could not close the complete gap.

Farm League Has Action

Thursday night the Braves downed the Giants 10-4 and the White Sox beat the Athletics 18-8 in the Farm League.

The White Sox had two seven run innings in gaining their victory over the Athletics. They scored seven runs in the first and fourth innings. The A's did all their scoring in the first and fourth innings as they could never get a rally started after the first inning.

The Braves scored four runs in the fifth inning to capture a win over the Giants. The Giants scored three runs in the fourth inning, but could only manage to come with in one point of the winners at that stage of the game.

Texas Tennis Tourney Enters Fifth Day

DALLAS (AP) — Two championships had been decided and some other divisions were in their finals today as the Texas Open Tennis Tournament moved into its fifth day.

Charles Azar of El Paso won the boys 12 and under title Thursday when he beat Ronnie Brownstein of Corpus Christi 6-1, 6-1, in the semifinals and then took out Charles Emley of San Antonio 6-1, 6-1 in the finals.

Pancho Walthall of San Antonio and John Smith of San Antonio won the boys 16 and under doubles by beating Bruce Banisky of Odessa and Lee Busby of Abilene 6-4, 6-4.

The men's singles division was in its quarter-finals with top-seeded Ronnie Fisher of Houston and second seeded Don Walraven of San Antonio sailing along easily. But third-seeded Gordon Hebert of Houston was upset by Jerry Walters of Baytown 6-1, 4-2 (default).

The women's singles also were in their quarter - finals with Nancy Neeld of Albuquerque, N 1, and Lovie Beard of Houston, No. 2, encountering little trouble.

Favorites Falter In First 18 Holes Of U.S. Open

Associated Press Sports Writer

ST. LOUIS (AP) — Jack Nicklaus surveyed the collapse of his game, wrecked by the tricky winds and a kink in his swings, then calmly announced:

"I still think I can shoot this course in 65 or 66. And that kind of golf will win it."

The Ohio strongboy never recovered from a double bogey 6 on the first hole of the U.S. Open Golf Tournament Thursday and staggered in 10 strokes back of Australian Kel Nagle's leading 68.

Nicklaus, however, had some high-priced company. Arnold Palmer, the slumping four-time Masters champion, limped home with a 76 and defending champion Ken Venturi's dream of a repeat burst on a shocking 81.

All three may have trouble making the cut at the halfway point tonight when the starting field of 136 pros and 14 amateurs is trimmed to a low 50 and ties. Four already have dropped out and the troubled Venturi has hinted he, too, may have had enough.

Stricken with a circulatory ailment in his right hand, Venturi had 40 putts on his round and said: "I had practically no feeling in my hand. I hope I can play Friday."

The 7,191 yards of the Bellerive Country Club course, longest ever for a U.S. Open, shocked the experts who called it a hitter's course and gobbled up the sluggers.

All the leaders are singles hitters.

The 44-year-old Nagle, who once won the British Open but has never won in the United States, never has been a slugger. He's one stroke up on amateur Deane Beman, another light hitter, and Mason Rudolph, a tour regular, the only others to break par 70.

Little Gary Player of South Africa turned in a near flawless round for a par 70, matched by Rex Baxter, Al Geiberger and Lou Graham.

Nagle said the northeast wind — it usually blows from the southeast — helped him greatly.

"It was at my back on most of the long holes and, at 44, I'm not getting any younger," said Nagle, who is making a bid to become both the oldest man ever to win the Open and the first foreigner to take it since Britain's Ted Ray took it in 1920.

Palmer had no excuses.

"I really wasn't that bad, not as bad as a 76. But I'm not hitting the ball well, not well at all."

A's, Giants Win In Little League

The Athletics downed the White Sox, 6-3 and the Giants took an extra inning win from the Braves 8-4 Tuesday night in Little League action.

The A's scored six runs on three hits in taking their victory over the White Sox. They scored three runs in the third inning by virtue of a single by James Hood and three walks. Jack Tovar collected three hits and scored two of the White Sox three runs in the losing effort.

The Giants scored six runs in the seventh inning for extra inning win over the Braves. The score was 2-2 going into the seventh, and the Giants scored six while the Braves could only manage two. Bobby Thompson of the Giants got three hits and scored two runs. Gary Gallman of the Braves received three hits and scored a single run in the losing cause.

Spurs Play 25 Innings And Lose To Austin

By The Associated Press

Dallas-Fort Worth usually figures out something to take the play in the Texas League. Most times its with big attendance. Thursday night it was the longest game in league history—25 innings.

Dallas-Fort Worth lost it but was consoled with the thought that it was a startling record.

Austin, the third-place club in the Eastern Division, which is led by Dallas-Fort Worth, won it 2-1 when Butler Powell singled home the big run in the 25th.

The previous record was 24 innings played by Rio Grande Valley and San Antonio at San Antonio in 1960. Rio Grande won that one 4-2.

Dallas-Fort Worth and Austin struggled through five hours and ten minutes to get the game in and it was shortly before 1 a.m. when they put the finishing touches on the thing.

Austin got a run in the ninth on Barry Morgan's triple to tie the score at 1-1. Then the clubs moved along until there were hints a new baseball record for longevity would be set. But that would have have to be 28 innings since Elmira and Springfield of the Eastern League did 27 innings May 8 of this year, taking 6 hours and 24 minutes. Elmira won 2-1.

The major league record is 26 innings.

Dallas-Fort Worth lost but still clung to a one-game lead in the Eastern Division when second-place Tulsa also lost.

Amarillo clubbed Tulsa 11-2, pounding 16 hits, six for extra bases. Leo Posada hit a two-run homer in the first inning and a two-run triple in the seventh to lead the way.

Albuquerque lengthened its lead in the Western Division to 4½ games over second place El Paso by beating El Paso in a double-header.

Four Men Very Close In West Texas Meet

ABILENE, Tex. (AP)—Four players were within one stroke of each other today as the West Texas Men's Amateur Golf Tournament entered its second round.

Ed Smith of Coleman led with a seven-under-par 64. But Buster Carter of Pampa was second with a 65, Jerry Smith of Andrews next with 66, and Dick Grant of Abilene fourth with 67.

Two strokes back was Reeves McBee of Midland with 69 and Bob McCloud, who plays football with the Houston Oilers, and Bob French of Odessa were tied with 70.

The tournament, being played over the Abilene Country Club course, ends Sunday.

Loan Request Ok'd

WASHINGTON (AP) — A $120,000 Farmers Home Administration loan to the Martindale Water Supply Corp. in Caldwell County was announced Thursday by Sen. Ralph Yarborough, D-Tex. The loan will be used for improving the Texas corporation's system.

Narushua, last in the Flamingo at Hialeah last March at 90 to 1, was also last in the Kentucky Derby, at 92 to 1.

Randy Matson May Not Compete With Soviets

HOUSTON (AP)—Randy Matson, the world's top shot-putter, isn't sure yet that he will be able to compete in the U. S.-Russian meet July 31 but he's working out just in case.

Matson, who was informed that he could get into the meet because a knee injury prevented his competing in either the NCAA or AAU, has been unable to contact Col. Don Hull, executive director of the AAU, but will keep trying.

Meanwhile, he is working out daily and says his knee is showing great improvement since he had some shots last week. "I believe I can get in shape for the Russian meet," said Matson.

Matson has a strained ligament that caused bursitis in the knee and he said it started bothering him last November. "But I don't have to have an operation to straighten it out," he said.

Col. Hull was quoted as saying Matson could apply to the AAU for a place in the meet with Russia and make it on the basis of injury that is keeping him out of both the collegiate and AAU meets.

Matson passed up the NCAA and couldn't compete in the AAU because of the NCAA-AAU feud. But if he skips the AAU also, he will be able to qualify for the Russian meet on the grounds that injury kept him out of the other two meets.

Big Game Bill Inked

AUSTIN (AP) — Gov. John Connally signed a bill protecting big game animals such as deer from guns using .22 caliber rimfire ammunition Thursday.

Rep. Otha Birkner of Van Vleck sponsored the bill. It also covers elk, antelope, aoudad sheep and desert bighorn sheep, providing fines up to $200 for violation.

What's the catch? There isn't any.
Plunk $1691 into a salesman's hand and he'll plunk you into the seat of a new 1965 Volkswagen Deluxe Sedan. (Give him $30 more, and you'll be plunked into a Volkswagen with matching leatherette upholstery.)
Of course, you'll have to buy license plates and pay local tax. But that is it.

Thornberry Moved Up; Texas Position Vacant

SAN ANTONIO (AP) — A Texas patronage plum is up for grabs following President Johnson's appointment Thursday of U.S. Dist. Judge Homer Thornberry of Austin to the 5th U.S. Circuit Court.

Thornberry's appointment was accompanied by the transfer of U.S. Dist. Judge Adrian Spears from San Antonio to Austin.

Spears, member of a family prominent in San Antonio politics, was a lawyer when named to the bench in 1961. Among the matters he handled were pretrial procedures in electrical equipment antitrust cases filed in Austin, Waco and San Antonio federal courts.

Thornberry, 56, was sworn as judge for the El Paso and Pecos divisions in December of 1963 and was shifted to his home town of Austin last year.

Joining him as a freshman on the circuit court bench will be former Mississippi Gov. J. P. Coleman, also appointed Thursday.

The circuit court recently has drawn attention because of the civil rights cases it hears. The court's jurisdiction includes parts of Georgia, Florida, Alabama, Mississippi, Louisiana, Texas and the Canal Zone.

Thornberry resigned from Congress, where he established a reputation as a firm supporter of the administration and held a seat on the House Rules Committee, after representing Johnson's old 10th Texas District for 15 years.

Johnson attended a Tornberry appreciation barbecue two months before he became president and told the crowd: "No man has ever had a brother who was more faithful to me or to the people of the 10th District than Homer Thornberry."

The son of deaf mute parents, Thornberry began a successful campaign for the legislature he as he was completing courses at the University of Texas law school in 1936.

He was district attorney in Travis County during 1941-42, served in naval intelligence during the war and was a city councilman before succeeding Johnson in Congress.

Flood Orphan Finds Home

GASTONIA, N.C. (AP) — Michael Johnson, 12, only survivor of an eight-member family caught in the Sanderson, Tex., flood last week, has arrived in Gastonia to live with his maternal grandmother, Mrs. David Wooten.

His mother and five brothers and sisters perished in the flood, and his father, John Wesley Johnson, 36, is missing and presumed dead.

Sitting on the front steps of his grandmother's three-room house Wednesday, Michael described how the flash flood swept down on his family, which had moved to Texas recently from Gastonia. The family climbed to the roof of the motel where they were staying. A big wave came, Michael said, and swept all of them away.

Michael, clutching his pet dog Butch, grabbed a tree, and was rescued when it washed ashore.

The boy said he went under three times, and added:

"The third time I went under I lost Butch."

BIRTHS

Mr. and Mrs. Odell Cox, 3707 Avenue U, are the parents of a 5 lb. 8½ oz. baby girl born at 11:54 a.m. June 17 at Cogdell Hospital.

Lynda Hopes Burdens Will Fit Basket

BIBECUE, Ariz. (AP) — "I just hope all my burdens are small enough to fit into this," said Lynda Bird Johnson.

The 21-year-old daughter of the President was referring to an Apache "burden basket," one of several gifts she received Thursday upon being inducted as an honorary member of the White Mountain Apache tribe.

Standing on a hastily constructed stage, tribal chairman Lester Oliver read an adoption resolution in an ancient, but brief, rite. A somber Apache chant was heard in the background.

But that was the only solemn moment of the occasion. From then on, it was feasting on barbecued beef, singing and dancing.

Miss Johnson had a kind word for the Apache cooks, saying they would please her father, a fancier of hot and spicy sauces.

In addition to the "burden basket," the tribe gave a traditional squaw dress and some jewelry to Miss Johnson, first member of a president's family ever to visit the reservation.

Miss Johnson arrived on the reservation last week. She is spending two weeks at the University of Arizona archaeological school at nearby Grasshopper.

"I'm having a wonderful time (at the school) but it's awful hard work," she said.

A spokesman for Miss Johnson said she will leave the school June 24, probably for Wyoming, where she hopes to visit Grand Teton National Park.

Church Would Make Bail For Righters

APPLETON, Wis. (AP) — The Wisconsin Conference of the United Church of Christ has urged its congregations to provide bond for persons arrested in peaceful civil rights protests.

The denomination, with 96,000 members in Wisconsin, renewed its support of participation in demonstrations and added in a resolution Thursday, "We call upon our churches and their members to look upon such bail as an investment toward the fuller realization of the kingdom of God."

Rev. Jack Dean's Church Honored

The Grace Baptist Church of Bowie, Md., has been declared the Grand Prize Winner in the Annual March to Sunday School in March, sponsored by the National Sunday School Association.

Pastor of the church is the Rev. Jack Dean, former pastor of the Northside Baptist Church of Snyder.

More than 500 churches competed for the honor which was symbolized by a trophy presented to the church by NSSA. In addition to the trophy, Rev. Dean and Sunday School superintendent Frank Hance will be guests of NSSA at the 20th anniversary Sunday School Convention to be held in Milwaukee in October. The expenses of the trip will be paid by the National Association.

The church showed an increase of over 200 per cent during the contest period.

Rev. Dean and his family moved from Snyder to the Maryland church in September of last year. During his tenure here, Rev. Dean was with the Northside Baptist Church as it grew from a membership of 321 to 785. He was also active in numerous civic undertakings including heading of the local chapters of the American Field Service and the Goodfellows organization.

Jackie, the Dean's daughter, is presently editor of a weekly newspaper, the Bowie, (Md.) Post - Times. Miss Dean, who attended Texas Women's University for two years before the family moved, also attended the University of Maryland last semester.

Be still

Whereas ye know not what shall be on the morrow. For what is your life? It is even a vapour, that appeareth for a little time, and then vanisheth away." James 4:14.

We think today, and so we are!
Not tomorrow do we reach a star.
Achieving and planning are both today;
Tomorrow is all time away,
From hands of God we have today.
Use it before it slips away!

HIS DAY

Come Sunday, the world will pay homage to a very special fellow. *He is the husband — the father — the breadwinner and the sturdy foundation of our community.* We pause to do him honor. He may be gruff, and stern, and tanned of face, but he is Dad. Just get an x-ray of his heart if you really want to see something rare. What strange, but wonderful people these fathers are. They are the world's easiest victims of love's attack. Just pour on a little attention, seasoned with about two parts of tenderness and give in very small doses... since he could never stand a big dose. Then just sit back and watch his big heart warm up. It will respond in true father fashion. *This Father's Day, won't you take him to God's House for an hour of worship?*
