Retail Sales In County $14 Million Past Year

(Special to The News)

New York — A new survey of consumer markets in the United States, compiled on a fiscal year basis, shows Lynn County's economy to be in good shape.

Its vitality is evidenced by strong buying power and by the large volume of business done by local retail stores.

The mid-year report, produced by the Standard Rate and Data Service, gives the first detailed figures on income and spending for the 12 months ending June 30, 1962. It covers every part of the country.

The best gains, nationally, were recorded by some of the retail lines that had not been doing too well previously. Among them were autos, household appliances and other costly equipment.

On the other hand, while the service businesses advanced, it was at a slower pace than in prior years.

The survey shows that retail stores in Lynn County, despite the tightening up that followed the President's controversy with the steel industry and despite the subsequent stock market drop, were able to account for sales in the amount of $13,714,000. This was a gain over the previous year's $13,569,000.

In some sections of the country, especially those hit by heavy unemployment, retail business dropped considerably.

Where advances were made during the year, the underlying force behind them was the rise in income. Most families, it is found, had more money to spend than before.

In addition, they were in better financial shape otherwise, with smaller installment debt than usual and more cash set aside in banks and in other savings.

The report shows that net income in Lynn county, after tax deductions, amounted to $18,509,000 as against $16,170,000 in fiscal 1961.

This breaks down to an average

Mrs. Lewis Allsup Is Buried Friday

Mrs. Dorothy Ann (Dot) Allsup, who lived in Tahoka all of her life, died at the age of 37 Thursday at 11:00 a. m. in West Texas Hospital in Lubbock following a long illness.

Funeral services were held Friday at 2:00 p. m. in the First Methodist Church with Rev. Aubrey White, pastor, and Rev. Hugh Daniel of Idalou and formerly of New Home officiating. Burial was in Resthaven Memorial Park in Lubbock under direction of White Funeral Home.

Mrs. Allsup, the former Dorothy Ann Roberts, was born Aug. 15, 1925 in Tahoka and graduated from Tahoka High School, where she was a popular student. She was married to Lewis Allsup in Brownfield Jan. 14, 1945. From the early 1940's until 1946 she worked at the Lynn county AAA office and on the rationing board. She was a member of the Methodist Church and the Ladies Oriental Shrine of North America Elminya Court No. 46 of El Paso, of which only a very few ladies in Texas can claim the distinction.

Survivors include her husband of Tahoka; three daughters, Becky, Barbara and Lisa, all of the home; her parents, Mr. and Mrs. R. C. Roberts of Tahoka; one sister, Mrs. Charles (Alice) Reid of Tahoka; her paternal grandmother, Mrs. R. J. Roberts, and her maternal grandmother, Mrs. W. T. Clinton, both of Tahoka; and a large group of other relatives of Tahoka.

Pallbearers were Jimmy Applewhere, Clyde Ashcraft, A. L. Holder, Roy Lee Williams, Winston Wharton, Frank Lisemby Jr., Dick Turner and E. R. Blakney.

'47 Football Team Holds Reunion

The Bulldog football team of 1947 held its 15th anniversary reunion here in Tahoka gymnasium Wednesday night, and 14 members of the squad, the two coaches, and many of the wives and children attended the event.

Coach and Mrs. Jim Foust and Eddie of Amarillo came to Tahoka for the reunion. Foust was head coach of the team and Jake Jacobs was assistant coach.

Team members here included Mr. and Mrs. Wayne Sherrod of Tulia, Jesse Dorman of Tahoka, Ronny Gurley of Sweetwater, Capt. Almon Crotwell of Greenville, South Carolina, Billy Dorman of O'Donnell, Lt. and Mrs. Duane Carter of Monterey, Calif., Mr. and Mrs. Don Cowan of Panhandle, Mr. and Mrs. Dan Cowan of Dallas, Mr. and Mrs. Don Akin and daughters of Floydada, Mr. and Mrs. W. J. Kahl of Tahoka, John Henry of Tahoka, Bill Chancy and children of Tahoka, Mr. and Mrs. Shorty McNeely and Tom of Brownfield, and Gilbert Hough of Tahoka.

The group was served coffee and cokes and enjoyed looking through their old 1947 annual. The team also held a reunion five years ago.

L. W. Gandy, 71, Dies Saturday

Funeral services for L. W. Gandy, 71, were held Sunday at 3:00 p. m. in the Sweet Street Baptist Church with Rev. Joe Webb, pastor, and Rev. E. W. Way, pastor of the Tahoka Assembly of God Church, officiating. Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mr. Gandy, a resident of Lynn county for nearly 30 years, died Saturday at 10:00 a. m. in Tahoka Hospital, where he had been a patient for about a week. He had been in ill health the past several months.

Born May 14, 1891 in Winters, he was married to Miss Minnie James on July 11, 1912 at Mullin. The couple came to Lynn county Jan. 5, 1934 from Post. Mr. Gandy farmed in Lynn county for many years and owned a grocery store six miles east of Tahoka for 12 years. He sold his business and moved to Tahoka in May. He was a member of the Baptist Church.

Survivors include his wife; one daughter, Mrs. Irene Fluitt of route 3, Post; six sons, Clifford of Tahoka, Gilbert of route 1, Tahoka, Clinton of route 2, Post, Dorman of route 5, Tahoka, Rubin and Dale, both of Tahoka; one sister, Mrs. W. C. Cox of Mullin; 25 grandchildren and three great grandchildren.

Brother Calls Mrs. Sproles Christmas

Mrs. Elmer Sproles received a telephone call Christmas Day from her brother, Pierce Hallmark, who lives in the Philippine Islands from the town Subica Bay. He and his wife, Connie, and their six months old daughter are doing fine. He has lived there since 1944. Mrs. Sproles and her brother talked for about fifteen minutes. It was a very nice Christmas gift for both.

Ted Kuwaski was dismissed Wednesday from Tahoka Hospital, where he had been a medical patient since Saturday.

John Witt was admitted to Tahoka Hospital Wednesday where he is a medical patient.

Coach Dave Easterday has spent the Christmas holidays in Kansas, his native state.

MR. AND MRS. A. R. KIMBRELL

A. R. Kimbrells, Pioneers of County Observe 69th Wedding Anniversary

Mr. and Mrs. A. R. Kimbrell, aged pioneer settlers of Lynn county, had been married 69 years on Christmas Eve. They have lived in this county for 55 years, the last 36 on their one-section farm three and a half miles east of O'Donnell. Since they have no family, the occasion passed quietly, but the happy couple still look to the future.

Mr. Kimbrell was 91 on November 10, and Mrs. Kimbrell will be 88 on January 22. Although both were born in Mississippi, the two didn't meet until the 16-year-old Ella Foster moved with her parents to Bell county, the same community where Alfred R. Kimbrell had come earlier with his parents, five miles south of Belton on the Lampasas River. They were united in marriage on December 24, 1893, and less than a year from now they will have the unusual distinction of celebrating their 70th wedding anniversary.

Mr. Kimbrell went to school at Sulphur Springs, Amity and Salado, all in Bell county, and he and the late Governor Jim Ferguson grew up together and were deskmates while in school.

The couple came out to Lynn county in 1907, this being a new farming country at the time, and farmed the Dr. Campbell place where Graham Tyler now lives. That was three years before the town of O'Donnell was established and Tahoka was just a small trading post for new settlers coming to this area.

They bought their home section in 1917, although they didn't move to this place until 1926. They followed cow trails or primitive roads to town in those days, but now a paved farm-to-market road passes their door.

The Kimbrells say they have taken The Lynn County News ever since they have been in the county, except for two or three years during the 1917-1918 drouth, when they simply didn't have the $1.00 for the price of the subscription and couldn't spare hens or eggs to trade for the newspaper.

Each year they enjoy attending the annual Pioneer Reunion in June, but missed last year because Mrs. Kimbrell was ailing. However, she is as spry as a lady half her age, and the happy couple are still able to do the housework and farm chores, although he leaves the field work to others.

Mrs. Kimbrell has one sister living at Eden and a brother living in Nebraska. Mr. Kimbrell has a sister in Tennessee and another in Colorado. He has two nephews living nearby who visit them frequently, Rollie Kimbrell of Lubbock and Price Kimbrell of Klondyke.

The Dumas Shelton family of southwest of town spent the Christmas holidays in Oklahoma City.

Karl Prohl, student in North Texas State University at Denton, is among the college students home for the holidays.

Every day is safety day.

Schools Resume Classes Wednesday

Christmas holidays will end for 1200 Tahoka school students on Wednesday morning, Jan. 2, following an 11 day absence from classes.

Classes will begin at their regular time on Jan. 2.

Guy Bradley of O'Donnell Dies

Guy Bradley, 71, pioneer O'Donnell businessman, died Saturday morning at his home. A retired oil and gasoline dealer, he had lived in O'Donnell 38 years.

Funeral services were held Saturday at 2:00 p. m. in the First Methodist Church with the pastor, Rev. David Hamblin, assisted by the Baptist pastor, Rev. Calvin Partain, officiating. Burial followed in O'Donnell Cemetery.

Mr. Bradley was born in Grayson county on Sept. 4, 1891.

Survivors include his wife; a son, Mack C. Bradley of Lubbock; three sisters, Mrs. Mary Smith of Houston, Mrs. Kitty Massey of Tulia, and Mrs. Opal King of Abilene; one brother, Fred Bradley of Miles; and two grandchildren.

Sam Price Here Thursday Morn

Sam Price, formerly of Tahoka, visited friends here Thursday after having attended funeral rites in Brownfield Wednesday at 3:00 for his brother, L. P. Price, 78, pioneer citizen of Terry county who died on Monday.

Sam is now a special deputy working at the Star Dust in Las Vegas, Nevada.

Miss Berta Hill of Seguin, Mrs. Myrtle Rochelle and Anita of Lubbock were here Wednesday visiting their brother, Frank Hill and family.

Jean Flippin Writes Second Place Essay On Trading In Home Town

Following is the second place essay by Jean Flippin, sophomore student in Tahoka High School and daughter of Mr. and Mrs. Welch Flippin, on the subject "The Value of Trading at Home" entered in a recent contest sponsored by C. Edmund Finney, photographer, and the Lynn County News:

• • •

Have you ever stopped to think just how much our home town merchants do for us? Do you realize where we would be without them? Do you appreciate them for the many extra services they perform to make our town what it is?

The businessmen in our town care about us as customers. They work so that we may receive only the finest merchandise for our

Seven Injured In Car Wreck

Seven Lynn county people were injured in an automobile accident Saturday at 6:00 p. m. at the intersection of FM 1585 and South College Ave. near Lubbock, and two are hospitalized.

Taken to Methodist Hospital in poor condition was Fernella Graves Owens, 21, of O'Donnell. She received shoulder, back and neck injuries when thrown from her overturned compact car.

Mrs. Ofelia Garcia, 34, is in Tahoka Hospital with a fractured pelvis. Her husband, Manuel Garcia, 57, and their four children, Yolanda, 7; Connie, 4; Angelita, 2; and Ofelia, 1, were treated and released at Tahoka Hospital. The Garcias live on route 4, Tahoka.

Highway Patrolman C. R. Andrews said the car driven by the O'Donnell woman was headed south on College Ave. The Garcia station wagon, in which the six persons were riding, was driving west on FM 1585.

The station wagon struck the left side of the car, just behind the front wheel, and spun the car in a 90-degree angle. The car left the ground, as it overturned and slid several feet on its top.

Mrs. Owens was thrown from the car 34 feet west of the point of impact. The station wagon came to a stop in a plowed field. Andrews said stop signs mark the north-south lanes of the intersection.

Postage Rates In Effect January 7

On Monday, January 7, 1963, the following new postage rates will go into effect:

First Class Mail (letters and post cards)—Letters, 5c per ounce for local rural routes and out of town; 4c per ounce for "drop" letters to local boxholders and general delivery. Post cards—4c each for regular size cards or 5c each for oversize cards.

Airmail letters—8c per ounce up to 8 ounces, after which zone rates apply. Regular size post cards 6c each; oversize post cards 8c each.

RODEO MEETING

Tahoka Rodeo Association will meet next Thursday evening, January 3, at 7:30 o'clock at the Lyntegar Warehouse, according to Jerry Church, acting president.

Mr. and Mrs. B. L. Parker and daughter of Austin, spent the pre-Christmas week end here with his parents and other relatives.

The River Nile is approximately 4,000 miles long.

Winter Weather Finally Arrives

Snow Sunday night and Tuesday night totaled about three inches in Tahoka and brought with it .29 inch of moisture. Most of this came on Sunday night, with lighter snowfall coming Christmas night.

Temperatures have been below 20 degrees three mornings this week, the low here being 17 degrees.

The cold spell followed an unreasonably warm spell during which fruit trees were attempting to bloom out. Although this was a "wet cold," late cotton should now be definitely killed and ready for harvest as soon as it has time to dry out.

Combo Band On Rotary Program

The six-piece combo band from Tahoka High School entertained Tahoka Rotarians with a program of music Thursday of last week.

The band is composed of Ralph Brock, trumpet; John Huffaker, saxophone; Carroll Curry, clarinet; Paul Douglas Kenley, trombone; Ronnie Hudgens, drums; and Marla Bray, piano.

Vic Kyler, local band director, stated the group is strictly a voluntary band which asked him to help them, all being members of the high school band and the school stage band.

At any rate, the combo proved to Rotarians they are a talented group and could hold their own with many professional bands.

Dr. Skiles Thomas arranged the program.

Student guests for the month are Roger Renfro and Jimmie Wright, and were introduced by E. L. Short and H. B. McCord Sr., respectively.

President Calloway Huffaker reported the Governor's report showed Tahoka in fourth place in district attendance for November, and the club has one meeting with 100 percent attendance for December.

No meeting was held this Thursday on account of Christmas.

Coach Jim Foust Is Visitor Here

Mr. and Mrs. Jim Foust and Eddie of Amarillo, who were here for the 1947 football team reunion, stated that they are grandparents of an eight month old grand daughter. Jimmy, who is a senior at Oklahoma University, was married two years ago and is the father of the newest member of the family.

The Fousts operate a variety store in Amarillo and are in the process of building a motel at Fritch, near the Canadian River dam.

Two Plead Guilty To Shoplifting

Two Tahoka women pleaded guilty Wednesday of last week to shoplifting charges in Lubbock's County Court-at-Law No. 2. They were charged with taking two dresses on the preceding Tuesday from a Lubbock store.

Alicia Perez Garcia, 29, was fined $25 and court costs and assessed 10 days in jail. Janie Perez Florez, 32, was fined $100 and court costs.

Mr. and Mrs. H. F. Ray of Quemado, N. M., spent Christmas with his parents, Mr. and Mrs. J. B. Ray. He says there has been almost no snow in the high country this year and the weather has been almost like spring. H. F. has farm land at New Home.

Lynn county has ginned approximately 84,000 to 85,000 bales of cotton to date, according to an estimate made Thursday morning by The News following a spot check of the county's gins.

Tahoka's gins had turned out a total of 16,672 bales at the time.

Cotton harvest was brought to a virtual stop by Thursday as a result of the snow Sunday night, but this had enabled gins to catch up, in fost instances, from the big backlog of unginned cotton on the yards.

Close observers estimate that the crop is probably about 60 to 70 percent ginned. However, most agree an estimate is hard to arrive at because of the various stages of harvest from field to field and from community to community.

A local grain man estimated that this year's maize crop probably averaged about 1,200 pounds to the acre, far below last year's record crop.

Most farmers will wind up the major part of the cotton harvest in a hurry, barring more unfavorable weather, and gins are expected to fall away behind again.

The U. S. Census report received Tuesday listed Lynn county ginnings up to Dec. 1, 1962, at 38,580 bales. On November 30, The News had estimated the ginnings at a little over 35,000 bales. On Dec. 1, last year, 1961, Lynn had ginned 101,671.

Wilmer Smith of New Home says ginning in that area is not over 75 percent complete, possibly much less, and he estimates the Co-op gins at New Home and Lakeview will gin about 20,000 bales. Wilson's ginnings are estimated to be about 60 to 65 percent completed, much of the cotton remaining being that from farms east of town.

The Gordon and Hackberry areas are estimated to be about 60 percent complete, up near Southland about 75 percent, and the New Lynn, Grassland, and Draw areas are also not much over half complete. Over the east half of the county there are still many fields of late cotton that haven't been touched. However, production is light on this late cotton.

A Grassland [illegible] told The News Thursday not over 30 per cent of the crop had been ginned in his area but that total ginnings for the two gins would probably not run over 6,000 bales.

O'Donnell is estimated to have ginned more than 20,000 bales, with the crop 60 to 70 percent harvested.

Milton Fuller, 82, Dies Tuesday

Milton Fuller, 82 year old O'Donnell farmer, died Tuesday morning in a Lamesa hospital. Retired at the time of his death, he had lived in this area since 1917.

Funeral services were held Wednesday at 3:30 p. m. in the chapel of Higginbotham Funeral Home in Lamesa with Rev. Billy Ferguson, pastor of the O'Donnell Nazarene Church, officiating. Burial was in Plainview Cemetery.

Survivors include his wife; three daughters, Mrs. Jesse Harris of Albuquerque, Miss Fuller of Whiteface, and Mrs. Wayne Hagerman of Lubbock; one son, Keenan Fuller of Coronia, N. M.; three step-daughters, Mrs. Dolly Dwyke of Lubbock, Mrs. Bill Van of Lubbock and Mrs. Velma Roper of Hobbs; two brothers, Calvin of Santa Anna, Texas and Cornelius of Vince, Calif.; five grandchildren and two great grandchildren.

Coach and Mrs. Gilbert Hough, Mike and Ruth Ann returned home Wednesday night from Kansas where they spent Christmas with relatives and friends.

A weekly newspaper, unlike a daily, is not all printed on one day. The News prints its first four pages on Tuesday afternoon. For mechanical reasons, we almost have to print the classified page on this first run.

Therefore, new ads, changes and "kill" information must be in the hands of the printers by Tuesday noon. However, late day morning will be printed in the "Too Late to Classify" column.—The Publishers.

Miss Nancy Merritt Weds Truiett McAda

Nancy Haggard Merritt and George Truiett McAda were married at 6:30 p. m. on December 18, 1962 in the home of his parents, with Rev. Joe Webb officiating at the double ring ceremony.

Parents of the couple are Mrs. M. V. Haggard, 3002 Bates of Lubbock and the late Mr. M. V. Haggard and Mr. and Mrs. G. B. McAda, 2000 Lockwood of Tahoka.

The bride wore a grey suit, and for something borrowed she carried a white Bible that Truiett's grandmother Kidwell had given him when he was quite young She carried a corsage of yellow buds on top of the Bible.

There was a reception that followed with only relatives attending.

The couple will make their home in Lubbock where he is employed by the Oil Transport Company.

Family Night At Methodist Church

Members of the First Methodist Church attended family night in Fellowship Hall Wednesday night of last week, when a covered dish supper was served.

Following the meal Santa Claus paid a visit to the children in the sanctuary, where the children sang Christmas carols and songs before the Chancel rail decorated with Christmas lights. A large tree filled one corner of the sanctuary. Mrs. Rush Dudgeon, superintendent of the children's department, was in charge of the event.

THOMAS VISITORS

Miss Susan Thomas is spending Christmas holidays with her parents, Dr. and Mrs. Skiles Thomas. Also a guest in the Thomas home preceding Christmas was Harlan Roberts, of near Lockhart and a student at Texas A&M.

The Thomases expect to be hosts to Mr. and Mrs. Kenneth Lyon and children of San Angelo and their daughter and family of Lubbock on New Year's Eve.

Mr. and Mrs. Frantz Sherman of Dallas spent Christmas here with their old friends, Mr. and Mrs. A. M. Bray.

Argentina Couple Make Surprise Visit To Son, Pastor of Local Church

Many family reunions were held during Christmas, but none were so gay or full of joy and tears as that of the family of Rev. John William Pistone of Tahoka, who is pastor of the Baptist Mission here.

On the morning of Dec. 24, the day before Christmas, the Pistone family received a surprise they will never forget. Rev. Pistone was holding one of his two children to look at the snow out of the window, but what he saw he could hardly believe! Outside, walking toward his front door were his mother and father, Mr. and Mrs. S. Pistone, who had some how materialized out of nowhere, all the way from Argentina.

And the happiness was not one-sided. For the South Americans were having their first visit with their two grandchildren, Bryan who is one and one-half years old, and Arleen, three months old, as well as three other sons and a daughter and their families of the area.

"You cannot imagine what I felt when I saw them." Rev. Pistone said. "No one can say what you feel at such a time." It had been three years since the parents and sons had been united, and although a visit from the elder Pistones was expected sometime during the coming year, the timely Christmas visit was probably the best Christmas present anyone in Tahoka received this season.

Also reunited with their parents are Andy Pistone, who lives in Tahoka with his brother, Rev. David Pistone, pastor of the Baptist Mission at Woodrow, Rev. Joel Pistone, pastor of the Baptist Mission at Post, and Mrs. Henry Medina, whose husband is pastor of the Baptist Mission at Rotan. They will also be reunited with Rev. Sidney Pistone of California, who will arrive here next week. Another son and a daughter live in California and a son lives in Canada.

A family of preachers, the father is a Baptist preacher in Argentina as well as a wholesale businessman. The couple had been making plans to come to Texas, but with the wholesale business it was difficult to make arrangements. Finally, last week, things seemed to work out. On Thursday morning the couple boarded a plane and flew ot Miami, Fla. There they took a bus and wound up the trip to Tahoka, arriving by bus on Monday morning. The total trip covered a distance of from 13,000 to 16,000 miles.

Mr. and Mrs. Pistone had planned to walk up to the door of the home of Rev. and Mrs. Pistone and begin singing carols. They were almost there when Rev. Pistone spotted his father.

Mr. S. Pistone was born in Italy and moved to Argentina at the age of two. He has never returned to his birth place. Mrs. Rosa Pistone was born in England and moved to Argentina at an early age. Two years ago she returned to England and also visited in Scotland. This is their first trip to Texas, although they were in Los Angeles, Calif. about two years ago.

They were expecting to see snow while in the Lone Star State and were not disappointed, for snow fell here the night before their arrival, the first of the winter. Since summer is just beginning in Argentina, they found quite a change of weather during their trip. They like Tahoka very much, and certainly the happiness that surrounds the family during this holiday season is partly responsible.

"Maybe on their next visit to Tahoka it will be for good. I hope so," Rev. Pistone said.

Rev. and Mrs. John William Pistone also celebrated an anniversary here this week. On Thursday the couple had been in Tahoka for one year, coming here from Argentina to serve the local Mexican church.

Howard Family In Reunion Here

Mr. and Mrs. Harley Henderson were hosts to the Howard family Sunday when a turkey dinner was served to 28 persons.

Attending were Mrs. Guy Reeves, Mr. and Mrs. Amos Howard, and Uris Howard, all of Lubbock, Mrs. Howard Crausbay of Crosbyton, Mrs. John Reagan of Floydada, Mr. and Mrs. Grady Howard of Idalou, Mr. and Mrs. Dan Boston and two sons, Jimmy and Ricky, of Amarillo, Mr. and Mrs. Shorty McNeely and Tom of Brownfield, Mr. and Mrs. Claude Chapman, Dennis and Claudia Ann of Plainview, Mr. and Mrs. Frank Hill, Mr. and Mrs. Jake Jacobs, Vicki, Becky and Fran, all of Tahoka.

MRS. MARY THOMAS VISITS WITH SON AND FAMILY

Mrs. Mary Thomas from Childress, Texas visited with her son and his family, Mr. and Mrs. Kenneth Thomas and boys, through the holidays.

Nephew of Allens Is In New York

Mr. and Mrs. J. O. Allen received an interesting Christmas picture-letter from his nephew, Dr. Walter T. White, and family of Garden City, N. Y., where he does scientific work for Sperry Gyroscope Co.

Dr. White was reared at Lamesa and Lubbock, attended Texas Tech, and on several occasions worked on the farm here for J. O.

Dr. and Mrs. White's daughter, Marian, this last year was one of the six winners of Garden City International Student Exchange scholarships under the Experiment in International Living, the same program with which Tahoka Rotary Club cooperates in bringing foreign students to Tahoka. The daughter is spending a year studying in France.

Mr. and Mrs. Allen spent Christmas in Wichita Falls with their son, Johnny, and family.

CONNOLLY CHILDREN HOME

Mr. and Mrs. Keith Connolly of Denver, Colo., and Mrs. Maxine Conrad and son Mark of Richmond, Calif., have been here during the Christmas holidays visiting their mother, Mrs. Myrtle Connolly, brother Bob and sister Mrs. Reid Parker and families.

Judge and Mrs. Truett Smith and daughter, Carol, who is home from Baylor University for the holidays, spent Christmas in Claude with Mrs. Smith's relatives, and also visited in Borger with son Gordon and his wife's folks.

Leighton Roddy, accountant major at Texas Tech, visited his parents, Mr. and Mrs. Harry Roddy over the holidays. Leighton also works for Continental Airlines in Lubbock.

Supt. and Mrs. Jerry Jacobs, Sharlette and Eddie, of Edna, near the Gulf coast, were overnight visitors here Saturday of Mr. and Mrs. Jake Jacobs. The men are brothers.

John Hegi of Baylor University and Fred Hegi of Southern Methodist University are here for the holidays visiting their parents, Mr. and Mrs. Pete Hegi.

New postal rates will become effective January 7, 1963.

Bulldogs Playing In Tournament

The Bulldogs were playing Dimmitt in their initial game in the fourth annual Caprock Holiday Basketball tournament Thursday afternoon at 4:00 p. m., the first year the Tahoka team has been invited to participate in the event.

Two brackets will be run in the tournament, one for Class A and AA teams, and one for Class AAA and Class AAAA teams. The winner of the game Thursday afternoon will play the winner of the Abernathy-Floydada game at 2:30 p. m. today. Losers will play at 12:00 noon Saturday.

Other teams in the Class A and AA bracket are McAdoo, O'Donnell, Denver City and Lockney. Teams in the bigger school bracket are Lubbock, Midland, Vernon, Seminole, San Angelo, Lamesa, Monterey and Snyder.

Trophies will be given to winners, runners-up and consolation winners in both brackets, individual trophies to those named to all-tournament teams, and trophies to the two outstanding players of the two divisions.
to the outstanding player of the event.

Five sessions are being run in the tournament, Wednesday night, Thursday night, Friday afternoon, Saturday morning, and Saturday night, when finals will be played.

Beginning next Thursday for three days, Jan. 3, 4, and 5, Tahoka varsity boys and girls will be entered in the Slaton tournament.

Tahoka Wins Over Antelopes

Tahoka Bulldogs overcame a 10-point half time deficit to edge out the Post Antelopes there Thursday night of last week 39-36. The girls basketball team was defeated 71-40.

Two of the quarters of the boys game was practically scoreless as far as the Bulldogs were concerned, but Post had the same luck during the second half. Tahoka trailed 15-14 at the end of the first quarter and the score stood at 25-15 at halftime. With the Bulldogs getting back into the game in the third, things livened up and the local team pulled ahead 32-31. The fourth quarter saw each team making very few baskets.

Tony Spruiell led Tahoka with 13 points, Billy Clinton had 11, and Craig Leslie 10. Nichols made 14 for the losers.

The girls were defeated by the hot shooting of Wilson who made 31 points and Craig with 26, but Louella Tomlinson made 20 and Linda Thomas 11 for Tahoka. Post had 18-7 at the end of the first, 40-18 at halftime, and 60-32 at the end of the third.

Mr. and Mrs. Eddie Bowman and Tom of Denver, Colo., formerly of Tahoka, were here this week visiting friends.

Gary Herzog On All-District Team

Gary Herzog of Wilson was named to the Lubbock Avalanche-Journal's All-South Plains football team for 1962 in the selection announced Wednesday.

Herzog is a junior weighing only 150 pounds.

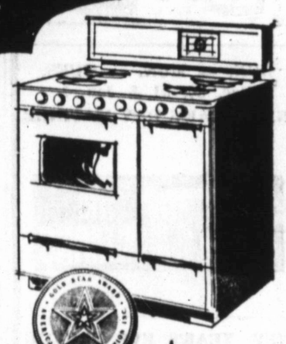

The Avalanche says: "Herzog is the smallest interior lineman, but this didn't bother him when it came to blocking and tackling. He made the all-district defensive unit, but is regarded as the best blocker on the Wilson team, which tied for the District 3-B crown with Cooper.

"Death Watch" Is To Save Lives

An estimated 180 persons will meet violent death in traffic, murder and suicide, and other fatal accidents during the eleven day Christmas -New Year holidays, stated Major Harry Hutchison, Regional Commander of the Texas Department of Public Safety for this area.

The Major said, "Experience in previous holiday periods and other statistical factors indicate 92 persons will be killed in traffic, there will be 42 suicides and homicides and 46 will die in other non-traffic, accidents."

He announced that "Operation Deathwatch," a grim tabulation of all violent deaths throughout the state, will be in effect from 12:01 A. M., Saturday, December 22 through 11:59, Tuesday, January 1, 1963.

In addition to being faced with an official estimate of 92 traffic deaths during the eleven holiday season we are face to face with another official estimate of about 2,453 traffic deaths for the entire year. This is 139 more traffic deaths than the total of 2,314 in 1961.

The fact that we will be looking at two week-ends just prior to Christmas and New Year's days makes the picture even more gruesome. In 1961, the two weekends plus the two holidays accounted for 66 of the 77 traffic deaths during the ten day holiday season. In other words these six days accounted for 81% of the total traffic deaths.

Major Hutchison went on to say, "We plan to do everything possible to prevent the estimated 92 traffic deaths from happening. We plan around the-clock schedules for our enforcement officers. Our radar units will be in constant operation on as many highways as possible. Our regular Highway Patrol Service will be strengthened by personnel from the License and Weight and Motor Vehicle Inspection Services, thereby giving broader patrol coverage. However, it is still true, as it has been in the past, we are short of manpower, particularly so when you realize that there are only 825 patrolman trying to keep tab on 5,000,000 drivers. Therefore, a big share of responsibility of preventing accidents must rest on the shoulders of the individual driver."

Hutchison listed three simple "rules of the road" for the hoiday season:

1. Allow ample time for the trip
2. Stop occasionally for rest breaks
3. Report unsafe acts by other drivers

"By allowing plenty of time for the trip, you will not have to speed to get to your destination on time," Major Hutchison said. "Occasional stops for rest will keep you mentally alert, and by reporting to law enforcement agencies the unsafe acts of other drivers, you may save a life."

Slavery was abolished in the U. S. by the 13th Amendment to the Constitution in 1865.

Farm Facts

The European Common Market is already the biggest foreign cash buyer of U. S. farm products, according to Raymond A. Ioanes, administrator of the Foreign Agricultural Service.

It includes France, West Germany, Italy, Belgium, The Netherlands, and Luxembourg. Eventually, as in the U. S., there will be no restrictions on movement of goods, capital, services, and workers within the area.

"The population of the Common Market as now constituted is close to that of the United States. Another 55 million persons are added by the overseas countries and territories. However, the addition of countries seeking membership or association could well bring the population to over 300 million," Mr. Ioanes notes.

"A strong demand exists in the Common Market for a long list of the farm products we want to sell. The quality of our food and fiber is high, and our prices are competitive.

"These factors, despite restrictions which have hampered access of our farm products to the Common Market, have generally worked in our favor—at least up to now."

CUBAN CRISIS NEWS STORIES SUPPRESSED

Tell City, Ind., News: "Assistant Secretary of Defense Arthur Sylvester frankly admitted that the Kennedy Administration engaged in an almost total management of the news during the Cuban crisis. Actually, instead of telling nothing they gave out misinformation and many newspapers over the country published these deliberate falsehoods. We who publish newspapers in the nation today are going to find it increasingly more difficult with each passing week to defend the free press. Publishers must summon up all their wisdom, watchfulness and courage for an all-out battle. We need the help of all Americans for it is they, more than the publishers and newspapers, who will suffer as the free press disappears."

"AMERICAN TAXPAYER DAY" IS OVERLOOKED

Coatesville, Pa., Record: "Surveying the calendar for local and national events that might be of significance, we find that hundreds of organizations have days or weeks set aside for special observance. Yet, no matter how long and searchingly we looked, we could see nothing in the way of a salute to the American taxpayer. Not too seriously, we protest the oversight."

Millington, Tenn., Star: "Loss of freedom of the press invariably precedes loss of other rights and the development of a dictatorship."

HAINES CITY, FLA., HERALD "A small boy's ambition: To grow up and be a farmer so he can get paid for not raising spinach."

DRIVE NEEDED TO STAMP OUT HIGHWAY ACCIDENTS

Fort Payne, Ala., Times-Journal: "We feel there is a need for people to respond and band together to stamp out . . . the mutilations and deaths of highway accidents. There is no fund drive here. There is no humane society for the prevention of these atrocities. Yet, every driver is exposed to these hazards. Why should there be an apathetic attitude against a killer and maimer that is not a germ? Perhaps the apathy is due to the fact that it takes more than money to fight this hazard. It may seem easier to donate to others to fight a cause than to have to dig deeper than the pocketbook."

CAN WE REDUCE TAXES?

Beeville, Tex., Bee-Picayune: "There is much talk of a tax reduction—a popular proposal, indeed—but how can this be possible if more spending is approved by Congress and we can't even pay for what had already been appropriated? We are deceiving ourselves if we believe we can reduce taxes and spend more. This is an inflationary masure and we are still in an inflationary spiral. If you doubt this last statement, talk to any merchant you may meet. Retail prices on many articles may be going up only a few pennies on some items, but the merchants are having to absorb an increase in wholesale costs from the manufacturers."

Calumet, Mich., News: "Most householders, in these days of the High Cost of Living, have to strain to make ends meet, and many have found the only way to come out even at the end of the month is to operate on a budget. To set up their budget, they list all expenses and all income. Then they allocate some of the income for this expense, some for that expense. If there isn't enough income to take care of all expenses, they pare expenses here and there until it comes out right. Okay, so we didn't have to draw a picture . . you knew this much all the time. The really funny, or pathetic, fact is that this simple, logical, sensible system does not lap over into the affairs of our government.

Lynn County Soil Conservation District News

E. R. BLAKNEY ELLIS BARNES
WARD EAKIN BOYD BARNES
MELVIN WUENSCHE

Whether we realize it or not our everyday activities are planned in advance. For better farm management we plan in some way our farming operations from year to year. Conservation should be no expection because it is an important part of farming operations. In most cases, in drawing up a conservation plan, there are practices that must be applied before other practices. In these cases planning is most important. Each phase of the operations should be layed down in a step by step order. As each phase is completed the next step is not started until the entire plan of operations is complete.

Conservation planning gives the farmer or rancher a true picture of his soil and water resources, his land conservation needs, and management problems. It insures that he will install only necessary practices; will install in the right order all practices supplementing each other and that he will avoid those that might throw his farming operation out of balance. Planning provides the most efficient use of his time, labor, money and equipment and farms an acceptable lease for loan application.

The Lynn County Soil Conservation District Board of Supervisors urges every farmer and rancher that is not a member of the District to set up a conservation plan of operations on his farm or ranch and eevry member to review his plan in a joint effort to prevent the waste of our most valuable natural resources, soil and water.

MISS DEWBRE HOME

Joyce Dewbre, daughter of Mr. and Mrs. Doc Dewbre, is home from LSU for the holidays. Mr. and Mrs. Dewbre and Joyce spent Christmas in Blanchard, Okla. with Doc's folks, the A. J. Dewbres. She is doing graduate work in the Library School of Louisiana State University at Baton Rouge.

Paula Wood, student at East Texas State, and Idalia Wood of Coleman were here for Christmas with their parents, Mr. and Mrs. N. E. Wood.

THE NEWS

Farm Facts

Labor costs, the U. S. Department of Agriculture points out, are the largest single component of the bill for marketing domestic farm foods to civilian consumers. They amounted to 46% of the total cost in 1961, or about $19 billion.

Of some $62.2 billion spent for farm foods, farmers received $20.8 billion and the marketing bill amounted to $41.4 billion.

Rail and truck transportation cost $4.3 billion. Corporate profits came to $2 billion before taxes and amounted to $1 billion after income taxes. Other costs—including fuel, electric power, containers, advertising, depreciation, rent, etc.—were estimated at $16.2 billion.

Costs per unit in marketing have been increasing since 1950, the USDA explains, due to wage increases, transportation charges, prices for machinery, equipment, fuel, containers, packaging materials, etc., and taxes, rents, and other costs.

Some of the rise is due to a shift in operations. Services previously performed by the farmer or left for the consumer have been shifted to the marketing system.

Ray Grider Back Home, Improving

Ray Grider, son of Judge and Mrs. G. C. Grider, was released temporarily last week from the Veterans Hospital in Albuquerque, N. M., and is home visiting his parents and other relatives.

Ray has been under treatment for about four months in the Big Spring and Albuquerque Veterans hospitals for cancer which developed on his neck and shoulder. At first, little hope was held for his recovery, but he has responded to treatment in remarkable manner, states his brother, Earl.

New postal rates will become effective January 7, 1963.

How's this for the Christmas spirit? When the gift certificates were dropped from the airplane at the merchant's Christmas program, the wind carried some of them far afield. Two little boys, Robert Lee Farris, 12, son of J. W. Farris, and Eddie Howard, 10, son of Thomas Howard, managed to gather up five of the certificates. After each had taken two, they were at a loss as to how to divide the fifth. But, a little Negro boy had found none, so they gave him the fifth certificate.

Closing out of Wilson Mercantile Company brings a note of sadness to a lot of people, for this pioneer institution has been in business for about 45 years. Among the operators have been J. A. Williams and son Webb, S. A. Cummings and son Earl, A. A. Teinert and son Hubert. Mr. Teinert had the business from 1945 until early in November, when he sold to a Mr. Blair of Kansas City and the latter sold to Ray Campbell of Fort Worth, who is closing out the stock. If we remember correctly, the Greens and the late Lonnie Lumsden were also interested in the firm years ago, and the Green Estate still owns the building.

* * *

Wilson Mercantile was one of the last of the general merchandise stores in this area that still handled just about everything including a spool of thread, yard goods, hardware, groceries, and what have you. For nearly twenty years, Mr. Teinert has opened the business each morning and put in many hours a week, accumulated some property, and will now be able to take things a little easier—if he can slow down. When one opens up a store six days a week year in and year out, it becomes almost impossible to live a life of leisure and we predict Mr. Teinert will remain pretty busy at something.

* * *

Some home people are prone to point to neighboring towns, hinting or coming right out and saying how much greener the grass is across the fence. Some times they are right but most times they are wrong. Even some Lubbock folks have been known to come to Tahoka to buy groceries. Some Lamesa and Big Spring ladies buy clothing in Tahoka. There are people in Terry, Gaines and Yoakum counties who bank in Tahoka. So, you see, the thing works both ways.

* * *

Lynn county has the biggest quota for U. S. Savings Bonds ($250,000) of any county between Amarillo and Big Spring, except for Lubbock, Hale, Lamb, and Randall. Yet, already in November Lynn citizens had invested $266,732 in bonds, seven percent over its quota. Terry, claiming a much bigger population and boasting of its rich financial standing, had purchased only 51.5 percent of its $190,000 quota. Dawson, whose supposedly rich capital city of Lamesa is a bit scornful of old Lynn and little Tahoka, has done real fine by investing $72,594, or 66 percent, of its whopping (?) quota set at $110,000. Even thinly populated Garza, although rich in oil and cattle and industry, outclasses Terry and Dawson, as well as Lynn, having bought 129.7 percent of its quota of $110,000. We don't know who sets these quotas, but Lynn's nearly two and a half times Dawson's—and Lynn, habitually, more than does its part.

County Clerk "Preacher" Roberts was looking over some of the old records in the office recently and found this notation made on August 14, 1925, while "Happy" Smith was county clerk: "Tahoka Cafe—Ruby (Leedy) does the work; Jake takes the money."

* * *

Walter Dubree says a farmer wrote out on a piece of paper the question, "What did the government do with my tax money?" and put it in an IBM machine. The IBM fluttered, sputtered, exploded, and this answer came out: "I take the Fifth Amendment."

* * *

Mrs. Pearl Calloway of Abilene has sent The News to her Lynn county farmers as a Christmas present, and says she hopes they will enjoy the paper as she does. She says she appreciates the soil conservation and agriculture news in the paper and hopes her farmers will also. She also says she has a fine group of farmers trying to carry out good farming practices that are appreciate by a landowner.

* * *

Roy Appling says he never before saw anything like this year's crop out east of town. Here it is nearly January and late cotton is still too green to harvest. He has pulled only one bale and it took 2100 pounds of seed cotton to get a 400-pound bale turn-out. He says his peach and apricot trees are about to blossom out just before Christmas.

* * *

But, as a whole, old Lynn has had a pretty fair crop again this year. Many farmers report their crops are turning out better than expected, especially out in the western and northern parts of the county.

* * *

Bank deposits will probably turn up short at the beginning of the new year due to the late crop, but most farmers eventually will get the crop harvested, sold, and be ready to pay off Uncle Sam. Some report they have a little problem—big expenses for 1962 but most of the income will be in 1963, which could really hurt on income taxes for the new year.

* * *

Marriage was planned, the experts tell us, so that men and women wouldn't have to fight with strangers.

* * *

During 1962, we didn't do a very good job of keeping our New Year's resolutions, so we'll just keep our 1963 resolutions to ourselves and see if that works any better. But, anyway, we wish all of you a happy, healthful, and prosperous 1963!

WASHINGTON AND
"SMALL BUSINESS"
By C. WILSON HARDER

It is written that Satan was cast out. He remains Satan for evermore, through all eternity. There is not, so far as it is written, any possibility of Satan, the evil one, ever making a deal, or somehow, becoming caste in the role of a misunderstood character.

* * *

This is the Christian belief in evaluating between the forces of good and evil. And perhaps it explains better than anything else the recent action taken by Senators William Proxmire and Frank Lausche on the foreign aid bill.

C. W. Harder

* * *

While at this writing, it is not known what action the House will take on the current bill to throw more money away on foreign give aways, regardless of what happens, there is an indelible record that these two senators took a stand against compromising with evil.

* * *

Both of them were behind the move which barred any foreign aid to communist controled governments. This was later amended to permit food to be released to the peoples of these nations, but this does not mitigate the principle involved.

* * *

Jugoslavia, as is well known, is controlled by a dedicated communist, one Tito, who has a long record of irresponsible butchery. He did fall out with his fellow Kremlin butchers.

* * *

So immediately, the U.S. taxpayers are plundered to give this Slavonian butcher jet planes, all sorts of hardware. But he's still a communist, and will live as a communist, and will die as a communist.

* * *

The State Dept. policy, soft headed as it may be, was also extended to a character named Gromulka in Poland, as nice a murdering little thug as it is possible to find anyplace. Of course he's a big hearted fellow, too. He takes the American tax dollars given him and in turn gives foreign aid to Communist China, and a few other places.

* * *

But it has been written there can never be any compromise with Satan. It is written that evil is evil, good is good, and never shall the twain meet.

* * *

However, for the past couple of decades, the United States State Department has been riddled throughout with those who would compromise with Satan.

* * *

And perhaps, in all fairness, perhaps these officials are just a product of the times which tries to establish that alcoholics, drug addicts, sex deviates, and all the rest of this motley crew, do not mean ill, they are just suffering from an illness and need sympathetic treatment, and perhaps the soothing ministrations of a psychiatrist.

* * *

And it is perhaps possible to understand why the State Dept. would take such a stand.

* * *

But good is good, evil is evil. Communism is communism, democracy is democracy. And perhaps the American nation today is a little better off, can face the future with a little more confidence, because, regardless of State Dept. attitudes, Senators Proxmire and Lausche, took a stand for plain old fashioned morality.

Changes Made In Income Tax Law

College Station, Dec. 21 - During the last session of Congress important legislation relating to income tax payments was passed. Among the changes were depreciation and tax credit on certain types of assets used in farm and ranch operation as well as other businesses, reports C. H. Bates, extension farm management specialist.

The investment credit provision is a tax credit of 7 percent, computed on the purchase or investment in depreciable, personal property during 1962 and thereafter. Livestock, including race horses, are excluded from the list of eligible items, Bates points out. The credit is given only for the tax-year in which the business asset is acquired and includes such items as tractors, combines, trucks, cotton harvesters and new fences, explains the specialist.

Here is an example of how the investment credit provision works. Assume a tractor is purchased in November 1962 for $5,000 with no trade-in. The useful life of the asset determines the amount of tax credit allowed. If the tractor is set up on a life of 8 years, a full 7 percent of the purchase price or $350 is credited on the tax due from the taxpayer for 1962 business operations. If the asset has a determined life of 5 years, only a third of this amount is allowed as a tax credit. Assets having a 6 or 7 year life entitle the purchase to two-thirds of the $350 tax credit, explains Bates.

Used equipment items get the tax credit, too, but are reported separate from new assest, says Bates. In case of 'trade-ins,' the portion of the purchase price eligiible for tax credit is computed differently on new and used equipment.

Because this provision is new some taxpayers may overlook the requirement that the tax credit is compulsory on eligible assets. The basis or remaining cost for depreciation purposes must be reduced by the credit taken. If the taxpayer fails to take the credit for items purchased in 1962, he simply loses the amount involved and it cannot be recovered in future years, says Bates. All farmers are urged to get a copy of the 1963 Farmers Tax Guide at the offices of county agents or Internal Revenue when it is available.

money. They settle for only "the best" as far as our welfare is concerned.

Our merchants are always supporting us in worthwhile programs. They back our fund-raising drives. They lead in programs to make our town a better place to live. They care about Tahoka and its inhabitants. They are always near to serve us. When help is needed, they are always there to offer any aid within their power.

When we support home town business, we are investing in our town's future. The money we pay goes to better our community. This is essentially what we want, is it not? To make Tahoka better? To make it prosper?

The home town merchant is our best friend. Support him!

Cotton Offers New Features

Lubbock—Cotton products with more built-in attractions for consumers are the aim of three research grants announced today by the Cotton Producers Institute.

Roy Forkner of Lubbock and LeRoy Durham of Plainview, Institute trustees in West Texas, said grants have been made to Harris Research Laboratories, Washington, D. C. Projects and grants include warm cotton fabrics, $27,000; men's tailored suits and trousers, $35,000; and a delayed cure finish for cotton garments, $30,000.

The totals were announced by Russell Giffen, Fresno cotton grower who is chairman of trustees for the Institute.

In the warmth project, scientists are seeking to develop lofty cotton fabrics suitable for outerwear, suitings, and other uses requiring a high level of loft and warmth. The work could have applications in other areas, such as blankets.

Fabrics that retain these properties in prolonged use would enable cotton to compete in additional markets totaling 1.5 million bales and to solidify its position in others totaling 1.2 million bales.

Object of the second project is to develop suitably styled and designed all-cotton garments with maximum wrinkle resistance, freedom from seam pucker, good shape and crease retention, and good wash-wear properties. This would help fill an important need for cotton — development of men's light to medium weight better quality trousers and suits for summer, spring, and fall. Cooperating in the project is W-M Thomas Bros., Inc.

The plan for the third project is to "pre-sentitize" cotton fabrics with a resin so the curing step can be delayed until after a garment has been made and pressed into final shape. Seam pucker would be reduced, and cotton garments treated with the process would have wash-wear and shape-holding properties superior to competing products.

The projects at Harris are being supervised by the National Cotton Council staff. This was made possible through an Institute agreement with the Council's Board of Directors to use its staff without charge for developing and supervising projects.

Farm Facts

The United States is the world's largest producer of fats and oils. In 1961, U. S. production, estimated at 18.4 billion pounds, represented more than 1/4 of the estimated world production.

Our production of edible vegetable oils — mainly soybean oil and cottonseed oil — represents almost 1/3 of the world output.

In 1961, our production of industrial oils — chiefly linseed, castor, tung, and tall — totaled 1.2 billion pounds. This was more than a third of the world output.

Production of animal fats—lard, tallow, and grease—ran to 7.8 billion pounds in 1961, accounting for a little less than 1/3 of the world total.

Output of marine oils was around 0.2 billion pounds or slightly less than 10% of the world total. Marine oils consist of whale oil, sperm whale oil, fish oils, and fish-liver oils.

Food processors have long been the major single outlet for domestic fats and oils. From 1939-59, from 61% to 67% of our annual consumption was in the manufacture of food products.

Local Man Pays Tribute To Gandy

A. L. Shepherd pays the following tribute to L. W. Gandy, who passed away Saturday:

"I have known Mr. Gandy for 25 years, and never knew a nicer, more pleasant man. He always had a 'howdy-do', a smile, and a kindly feeling toward everyone. He never had much worldly goods, but he never complained and had such a friendly disposition that I never heard anyone say anything bad about him or him say anything bad about anyone."

Bulldogs Enter Slaton Tourney

Tahoka Bulldogs will take on Spur Thursday afternoon at 2:25 p. m. and the girls will play Lockney at 1:15 p. m. in the first round games of the Slaton basketball tournament to be played next week end.

In the boys bracket, McAdoo, Shallowater, Littlefield, Lockney, Post, Slaton, Spur and Tahoka are entered. Girls teams playing in the event are from Tahoka, Lockney, Post, McAdoo, O'Donnell, Shallowater, Spur and Slaton.

The winner of the boys first round will play the winner of the Post-Slaton game at 7:30 p. m. Friday. Losers will play at 3:45 p. m. Friday. Winner of the girls game will play the winner of the Post-McAdoo game at 6:16 p. m. Friday and losers will play at 2:30 p. m. Friday.

There will be trophies for the championship teams, runners-up, third place and consolation.

This will be the third and last tournament the Tahoka varsity teams will enter this year, both competing in the Tahoka tournament, the girls in the Abernathy, the boys in the Caprock.

Conference games are scheduled to begin Jan. 18 when the Sundown teams come to Tahoka.

of $5,913 in disposable income per local household, which compares favorably with the $5,699 averaged in the West South Central States.

Will there be good times in the year ahead? Most business analysts are forecasting a period of modest growth. Incomes will continue rising, they say, consumers will spend more freely, automobile sales will continue to be big and government spending will increase.

As to a recession, that is no longer in the books for 1963.
