Miss Nancy Friend to be crowned Miss Mohair

Miss Nancy Friend To Be Crowned Miss Mohair At Annual Convention Of Goat Raisers In Fredericksburg

Miss Nancy Friend, daughter of Mr. and Mrs. Bill Friend of Ozona, will be crowned Miss Mohair in the coronation ceremony to be held in Fredericksburg Aug. 2, at 8 p. m.

The coronation will be held in the air conditioned auditorium of the Community Savings and Loan Association building in Fredericksburg and will highlight a day of activity for the incoming Miss Mohair and her court.

Beginning at 9 a. m. a style show and coffee with Nancy and Miss Carlene Brown, the present Miss Mohair, from Brady, serving as models will be open to the public.

At noon a luncheon for Miss Mohair and her court and the candidates for next year will be held and then from 2 to 5 p. m. there will be a rehearsal for the coronation.

Miss Friend will be escorted at the Coronation by Epp Epperson of Roeksprings, a Sophomore at Texas Tech, and will have as her attendants Miss Glenda Friend of Ozona and Miss Connie Mitchell of Roeksprings. Nancy's sister, Mitzi Friend, will be the crown bearer along with John M. Powell Jr., of Ft. Stockton. Glenda will have as her escort John Parks of San Saba and Miss Mitchell will be escorted by Tommy Owens of Barnhart.

Following the coronation a dance will be held in honor of the incoming Miss Mohair.

A number of Ozona residents plan to be on hand for the day's activity and reports from Fredericksburg indicate that about 100 reserved seats plus a few general admission seats were still available. Purchasers of reserved seats also get tickets to the dance and a vote in next year's election.

Goat Raiser Group To Attempt Organization Of Auxiliary Aug. 2nd

The organization of and the election of officers for an auxiliary of the Texas Angora Goat Raisers Association will be held in Fredericksburg at 3 p. m. Aug. 2, it was announced this week.

Ozona women who are interested in the organization are urged to be present or to contact Mrs. John D. Phillips of Junction or Mrs. Milton Walters of London who are to the membership chairmen of the new organization.

Mrs. Robert Stone of Zephyr headed a group of interested women who met in Junction in June and set the Aug. 2 meeting for organization. Mrs. Stone served as chairman and Miss Carolyn Upton of San Angelo was appointed secretary pro-tem.

Membership dues for the first year were set at \$2.00 and it was felt that the occasion of the crowning of a new Miss Mohair would provide an excellent occasion for the official organization meeting.

Water Use Record Set Tuesday As Sweltering Heat Continues Grip

One of the hottest — and driest — summers in recent history continued to hold its spell over Ozona this week and water consumption reached a new all-time record Tuesday.

In a 24-hour period Tuesday, Ozonans poured out 2,257,000 gallons of water to set a new record one-day use, Bill Cooper, water works manager, reported yesterday. The day saw the thermometer climb to 102, but that wasn't the hottest day of the summer nor was it unusual for this summer, since the mercury has hovered at the 100 mark or above since the middle of June.

Even though some parts of the county have received a great deal more rain than has fallen in Ozona, the scorching heat has offset this in most places, and has dried out lawns and range lands alike unless watered.

Ozona has received some moisture on eight occasions since the first of June, the only rain of any note occurred on the 17th of July when about .38 of an inch fell in the city.

Tuesday's record water consumption kept all five of the city's pumping wells in action most of the day, with only two pumps idle during the twenty-four hour period.

Prior to the record breaking day Tuesday, Ozona has been using about 2,000,000 gallons of water a day for the past several weeks.

Funeral Here Sunday For Former Ozonan, Victim of Cal. Accident

Funeral services were held at 5 o'clock Sunday afternoon from El Templo Jerusalem Baptist Church here for Salomon Longoria Alba, who was killed in an automobile accident near San Diego, Calif., Tuesday of last week. Alba, a former Ozonan, had made his home in California the last seven years.

Services were conducted by the pastor, Rev. Raul Solis, with arrangements under the direction of Janes Funeral Home. Interment was in the Latin-American Cemetery with full military rites conducted by a squad from Goodfellow AFB in San Angelo.

World War II veteran, Alba was a government employe in California. He is survived by his widow, two children, Bill and Sandra Alba of the home; two sisters, Elovia Gomez and Ester Valdez, and a brother, Pedro Alba, all of Ozona; four sisters, Lupe Munoz, and Beatrice Garza, both of Mc-Camey, and Carmen Trujillo and Maria Garcia, both of Odessa.

Three Ozona Boys To Attend Annual Youth Range Camp

Two From FFA Chapter, One 4-H Member To Junction Camp

Three Ozona boys, two members of the Ozona FFA chapter and one representative of the Crockett County 4-H Club, will attend the eighth annual Youth Range camp for outstanding 4H and FFA boys to be held July 29 through August 4 at the A & M College Adjunc Junction, Texas.

Keith Mitchell and Moe Barbee are representatives from the FFA chapter to attend the camp and the Crockett County 4-H Club will be represented by Larry Williams. Mitchell is the son of Mr. and Mrs. G. K. Mitchell and Barbee is the son of Mr. and Mrs. Beall Barbee. Larry Williams is the son of Mr. and Mrs. Troy Williams.

Keith will be sponsored to the camp by Mrs. H. C. Noelke. Moe will be sponsored by the Ozona Wool and Mohair Co. Both of these boys were members of the FFA plant identification and range teams during the 1961-62 school year. The teams participated in contests at San Angelo, Alpine, Lubbock and Sonora as well as at home. The boys were selected for the camp on their interest and achievements in plant and range conservation work.

Larry has been a 4-H Club member for seven years. He attended District Leadership Camp this year. He has been a member of 4-H judging teams in range, grass, wool and mohair for several years. Larry has a grass garden in which he has experimented with growing different varieties of grasses. He is sponsored to the Range Camp by Ozona National Bank.

The camp is sponsored by the Texas section of the American Society of Range Management to recognize and develop leadership and to give advanced training in range management. Boys are selected who have conducted outstanding demonstrations or projects in range management, participated in range or plant judging or shown an active interest in range management.

Each camper will have a full schedule of activities for the entire week. Each boy will study (Continued on Last Page)

QUARTET CHARGED IN ARMED ROBBERY OF OZONA STATION ARE CAPTURED AT COMSTOCK

Doyle Elmore Victim Of Attack; Suffers Scalp Wound

A few minutes after he had opened for the day's business Tuesday morning, Doyle Elmore, operator of the Gulf Service Station here, looked into the business end of a snub-nosed revolver held by a 21-year-old hold-up man and was told to lie down in the back room of the station.

After lying down as directed, Elmore was slugged by the same bandit, who, with his two men and one woman companions rifled the station's cash register and Mr. Elmore's billfold of a total of around \$125 in cash and fled in a 1955 Oldsmobile. Mr. Elmore suffered a gash on his head which required four stitches to close but was not otherwise hurt.

The three men and one woman, wife of one of the men, were captured at a road block near Comstock an hour and a half later and were brought back to Ozona.

The three men, S. L. Nicholas, Edward Ray Byrom and Joe B. Stone, all 21, and Byrom's wife, Marlyn Byrom, 17, were from San Antonio and were on their way to California, they told officers, when they took the wrong road at Barnhart and wound up in Ozona.

It was Nicholas, an ex-convict, who got out of the car about a block from the filling station and walked to the station where he held up and robbed Elmore, officers charged. In a written statement given officers after his arrest, Nicholas said that he walked to the station and "asked the attendant for change."

"He went inside the station and I pulled a gun and said, 'Come on back here to this little room' and I told him to lie down on the floor. He asked me not to shoot him and I said I didn't want to because all I wanted was the money."

"I left him on the floor and I went and got the money out of the cash register. When I started to leave I went back to see if the station attendant was still on the floor. I told him not to get up but I was afraid he would and I hit him with my .38 revolver. The others had driven the car up in the driveway and filled it with gasoline and I went out and got in the car and we drove off."

"As we were leaving I saw the station attendant come out of the station."

Mr. Elmore said he heard the bandits in the cash register and heard them leave, he thought. He went to the door of the station (Continued on Last Page)

Ed Foreman to attend Republican rally here

Crockett Voters Are Invited To Attend GOP Rally Saturday Night

Invitations over the signature of James Baggett, Crockett county Republican party chairman, went out this week to all Crockett county voters to attend a rally of Republicans, and those Democrats who are interested in embracing a conservative cause, to be held in the district courtroom of the courthouse Saturday night, July 28, at 7:30 p. m.

"If you are a conservative, whether you call yourself Republican Democrat or whatever, and you want to see less not more government and government controls, and you want less not more spending in Washington, we invite and urge you to attend a Crockett County Republican Party meeting in Ozona Saturday, July 28, 7:30 p. m. in the courthouse," the invitation, broadcast in a mass mailing, said.

Expected to be present for the meeting is Ed Foreman of Odessa, Republican candidate for United States Representative from the 16th District in the November general election.

Body of Tourist Who Died Here Of Stroke Sent To California

The body of Alfred L. Parker of La Puente, Calif., who died of a cerebral hemorrhage in the Crockett County Hospital last Friday morning, was sent by rail to El Munte, Calif., for interment. Arrangements were under the direction of Janes Funeral Home of Ozona. Mr. Parker was admitted to the local hospital Thursday night, after having registered with his wife at a local motel. He had become ill in Fort Stockton but the couple continued on their way to Ozona, checking into the local motel in late afternoon. He was taken to the hospital in the Janes ambulance about 7:30 p. m. and died at 10 the next morning.

Mr. Parker was a retired chemical engineer in the plastics industry.

Student Loan Fund Established By Club

The Ozona Woman's League has announced the establishment of a student loan fund available to Ozona college students to help defray expenses of college.

Money for the fund came from the Bazaar held by the club last fall and even though the fund is now rather small, it is hoped by its founders that the fund will grow and be of aid to more students as time goes by.

Students desiring to borrow from the fund may receive loan application blanks from Mrs. Jack Brewer. Loan requests will be reviewed by a board, and if approved, will be handled in much the same fashion as a bank loan except for the interest.

Vacation Bible School To Open Mon., July 30 At Church of Christ

Monday, July 30th, is the day set for the beginning of the vacation Bible school at the church of Christ in Ozona. Great lessons have been prepared by capable teachers and the children who attend these classes will be taught lessons that will be helpful to them all through life, Jess Hall, minister, said in announcing the school. "The Asked Jesus" is the study theme in the school. Throughout the entire school lessons will be emphasized with apt illustrations helpful to the student in better understanding the particular lesson. Work books will be furnished to each student attending and each one will be permitted to take his workbook home with him at the end of the school. This will furnish the parents an opportunity to go over some of the lessons and to know themselves what the child has studied.

At the close of the school, Friday night, August 3, there will be a meeting to which all the parents will be invited for the purpose of seeing the children demonstrate some lessons learned during the Bible school. In addition to the parents, all others are invited also. All mothers who bring their children would profit greatly if they would remain for the special class designed for women, Mr. Hall declared. This class is open to all women who would be interested in the study of some special lessons having to do with the power and influence of Christian womanhood in America today.

Ozona Boy Back From Visit With Father In Turkey

Bobby Amthor, grand son of Mr. and Mrs. Sam Beasley, has returned to Ozona from Turkey where he has been visiting with his father, Joe Busse.

On his return trip to the United States, Bobby stopped by visit with his uncle, Jerry Beasley, and family near Washington, D. C. and brought his three nephews and nieces back to Ozona with him for a visit with their grand parents, Mr. and Mrs. Cleophas Cooke and Mr. and Mrs. Sam Beasley.

Gulf To Drill Deep Test In Vaughn Area

Gulf Oil Corp. will drill a 7,800-foot Ellenburger wildcard in the north portion of the Vaughn multipay field of Crockett County, 11 miles northwest of Ozona, and 2 1/2 miles northeast of the field's lone Ellenburger producer. It is the No. 1-A Isabel Vaughan.

Location, on a 699.5-acre lease, is 1,980 feet from the north and east lines of 85-OP-GC&SF.

KILL THAT POSTAL RATE BILL

It is time to kill once and for all the House-passed and Administration-backed postal rate bill (HR 7929).

Testimony has shown how this onerous bill would decimate the ranks of weekly and daily newspapers and magazines and add literally thousands from these and allied industries to the unemployment rolls.

Now the magazine "Electronic Design" points to the disastrous effect this legislation would have among controlled-circulation publications in the scientific, engineering and technical fields - at a time when engineering know-how is so important to the nation's economic growth and national defense.

It is time to direct the Post Office Department to accelerate the electronic handling of mail and other mechanization to cut costs, with the objective of possible rate reductions, instead of further increases. More intensive automation and mechanization, and at faster pace, are the only hope of the Post Office for handling, without business-wrecking hikes in mail rates, the huge mail increase it projects.

The exorbitant increases adopted by the House already have been thoroughly exposed as the most destructive ever enacted - affecting the publishing and business mail industries in particular. Witness after witness has appeared before the Senate Post Office and Civil Service Committee testifying to the loss of jobs, wages, Federal tax and suspension of publications and wrecking of small businesses

that would result if HR 7927 becomes law.

The Administration would be well advised to tell Congress now to kill the postal rate legislation. Then the Post Office should be advised to automate and come to Congress with appropriation requests for equipment that will enable the department to cut costs and reduce rates.

That would be good business, good for business, and good for all the people.

News that the Federal Budget for the fiscal year just ended is just under \$7 billion, about 10 percent less than anticipated, reminds us of the Smith-Bow Amendment that its authors hope to attach to the foreign aid authorization bill.

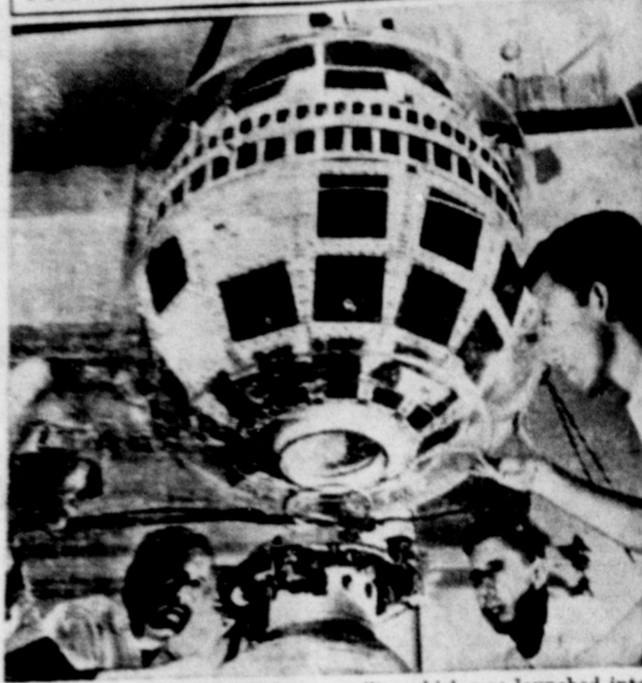

Distinguished for their stubborn belief in fiscal solvency, Virginia's Democratic Rep. Howard A. Smith and Ohio's Republican Frank Bow, are pressing for a rider which simply says that no money authorized for foreign aid shall be appropriated if there was a budget deficit the preceding year.

We are hoping that the sheer novelty of the idea that we should not give away money we haven't got may win some votes.

"To get a man today, a girl should be able to play tennis, golf, bridge and dumb." — Langford (S. D.) Bugle.

"A pat on the back develops character — if administered young enough, often enough and low enough." — Schaller (Ia.) Herald.

Telstar Model To Be At 1962 State Fair

A full size model of the Telstar satellite which was launched into orbit early in July will be a feature of the new Telephone Exhibit at the 1962 State Fair of Texas, Oct. 6-21, in Dallas. The Telstar, shown here undergoing tests, is 34 inches in diameter and has 72 flat faces or facets. The Telephone Exhibit, to be completely redesigned for the 1962 Fair, will occupy a prime exhibit area in the World Exhibits Building.

Moe Barbee Winner Of Top Greenhand In Area II FFA Chapters

Moe Barbee, son of Mr. and Mrs. Beall Barbee of Ozona, a member of the Ozona FFA Chapter, was introduced as top Greenhand in Area II, along with winners from nine other areas of the state at the state FFA convention in Ft. Worth last week.

Tommy Everett of Ozona was another winner at the convention, winning the Texas Sheep & Goat Raisers Association award and a trip to the National FFA convention in Kansas City next October. He is the son of Mr. and Mrs. Tom Everett of Ozona. Also attending the Fort Worth convention were Douglas Moore, son of Mr. and Mrs. Kirby Moore, who was the Ozona chapter's delegate, and Vocational Ag teacher M. A. Barber.

Barbee, in his first year, was Area II Greenhand winner, having fed out five lambs and four goats. He has a herd of 23 Angoras,

a flock-sheep and a herd of 13 commercial cows. He was a member of the grass judging range and wool judging teams that either won or scored high in every contest entered.

Barbee, 15 years old, is a son of Mr. and Mrs. Beall Barbee. His father operates the Ozona Wool & Mohair Co. He was a member of the first place chapter conducting team in the district, freshman class favorite, and a member of the freshman basketball team this last spring.

RANCH RECORD

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Cancer Fund Chairman Baggett Gets Praise For Successful Drive

Jack Baggett, Chairman of the 1962 Cancer Crusade for Crockett County has received commendations from the state Chairman, Dr. G. V. Brindley, Sr., for the outstanding success of the educational and fund-raising campaign here this year.

Crockett County is one of one hundred twenty-six leading counties in the state which have reached or exceeded their minimum share in the 1962 Crusade. With a minimum share of \$750, Crockett County has already reported a total of \$770.58.

Dr. Brindley's letter pointed out that Mr. Baggett and all who helped with the Crusade here furnished inspiration to the entire state Crusade. "We could not have reached our state goal," he said, "without the leadership of counties like yours."

"Throughout Texas we are in the closing phases of the most successful Crusade we have ever conducted against cancer," Dr. Brindley said. "The gains made this year in reaching people for education and contributions are not limited to any one area of the state and are, in fact, a reflection of widespread knowledge and enthu-

siasm of thousands of volunteers."

Dr. Brindley reported that as a result of the leadership of such outstanding counties, Texas has already made a record contribution to cancer control in 1962. More than \$1,320,000 has already been contributed by Texans for Society's program of research, education and service.

Sixty cents of every Crusade dollar will be immediately available for use in these programs within the state of Texas. In addition to this, the national Society supports research in Texas directly to the tune of around forty cents of this dollar in the average year.

During the current year, support of this Texas research reached a record level and the Society is actually spending one dollar and ten cents in Texas, for all programs, for every dollar contributed by Texans during the Crusade.

Historical Building Medallions Awarded 8 Ft. Stockton Buildings

Eight Fort Stockton buildings have been awarded Historical Building Medallions, announced John Ben Shepperd of Odessa, member of the Texas State Historical Survey Committee.

Medallions have been sent to

Public to Build Salk Institute

Through their contributions to the Salk Institute Building Fund, the American people—who formed a partnership with science to bring about the Salk polio vaccine—will again share in a great scientific venture to help man make the best of his gift of life.

When there is a job to be done—whether it's a war to be won or a disease to be conquered—the American people have an amazing way of marshaling their efforts to produce maximum results in minimum time.

Such an effort is under way this month in the nationwide campaign—June 1 through 15—for public support for the construction of the Salk Institute for Biological Studies.

Millions of posters in public places, mailers in home letterboxes, coin collectors and canisters on counters everywhere proclaim, "You Can Build the Salk Institute for Biological Studies . . . for Life, Health and Humanity." Youngsters who, as "Polio Pioneers" helped prove the effectiveness of the vaccine developed by Dr. Jonas Salk, are expressing their gratitude for their protection from crippling polio with contributions in school envelopes.

People everywhere are proudly wearing tiny microscopes in their lapels, symbolic of their gifts to provide building blocks for a great new laboratory of life.

Millions of Americans, who won a great victory over one dread disease—paralytic polio—in partnership with Dr. Salk and other scientists, welcome this opportunity to become

shareholders in a new scientific venture which promises even greater benefits for them and for their children.

As he worked on the polio vaccine, Dr. Salk became more and more aware of the need for a better way to gain greater scientific understanding of the basic processes of life and their relation to health and disease.

In talking with men of science all over the world, he found that others shared his recognition of the need for a place where scientists could work together seeking answers to basic biological questions from many viewpoints, with fullest latitude for research, discussion and exchange of ideas.

Dr. Salk's planning will culminate in 1963 with the opening of the Salk Institute for Biological Studies which he will direct, in San Diego, Calif.

The land has been given by vote of the people of San Diego. The entire nation will contribute to the construction of the Institute through a campaign sponsored by The Na-

ional Foundation—March of Dimes—just as the American people totally supported Dr. Salk's polio research.

The Institute will serve as an international "crossroads" for new ideas and discoveries. Eminent scholars from such diverse sciences as biology, genetics, chemistry, physics, mathematics and philosophy will join Dr. Salk there as Senior Fellows. Visiting scientists will come from all parts of the world, and promising young men and women will be invited as Student Fellows to work with and learn from the established leaders.

Construction and equipment of the Salk Institute will cost approximately \$15 million.

Through their generous support of the Salk Institute Building Fund, the American people, who took such a vital part through the March of Dimes in bringing about the momentous medical discovery that was the Salk vaccine, will bring to reality a great international scientific center, dedicated to helping man make the best of his gift of life.

Fort Stockton for the Grey Mule Saloon; Old Fort Telegraph Office and First School Building; Courthouse, Jail and Zero Stone; Koehler's Saloon and Store; Three Officer's Quarters; Catholic Church; Oldest House and Young's Store.

"We are always pleased to present Medallions for buildings what played important roles in the history of Texas," Mr. Shepperd said.

"These buildings are significant to the history and culture of West Texas and are important historically to the State of Texas. The Medallions are presented in the hope that these buildings may be preserved for history."

Over 140 Historical Building Medallions have been presented since the program was inaugurated in March. The goal of marking

1000 of the 1200 historic Texas buildings has been set for the next two years.

Kenneth Deland, son of Mr. and Mrs. Ray Deland of Ozona, and a 1958 graduate at Ozona High School, was on the dean's list both semesters the past year at Texas Tech where he finished his Junior year.

The OZONA STOCKMAN

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman July 27, 1933

A total of \$88,644 in property valuations was added to the tax rolls of Crockett County by action of the Commissioners Court sitting as a final board of equalization last Saturday. Various oil and pipe line companies and West Texas Utilities Company were affected by the raise.

Varying the customary plan of meeting, the July workers Conference of the Baptist Sunday School, was held in McCollum trap Monday evening. Fourteen officers and teachers of the school were present including one visitor. Superintendent A. W. Jones was in charge of the meeting.

A new lane, 30 feet wide, has been opened from the new highway east of Ozona to the city dump ground, located along the old Sonora-Ozona road, making the dump ground, located along the Ozona after the closing of the old road by order of the Commissioners court last week.

Something new under the sun is on display in the Flowers Grocery window this week. It is a half bushel or so of Crockett-grown potatoes — the old Irish kind. The potatoes were grown by Ray Piner in a vegetable garden on his ranch near here.

Miss Lois Nolen, daughter of Tom Nolen of McCamey, pioneer resident of Crockett County and former county and district clerk here, became the bride of Ramon Jones, son of Mr. and Mrs. Gus Jones of San Angelo last Thursday evening.

Mrs. Charley Butler, Mrs. Glyn Cates, Miss Louise Crowder, and Mrs. Lowell Littleton entertained

with a miscellaneous shower Friday afternoon at Mrs. Littleton's home in honor of Mrs. Ben Williams, who before her marriage two weeks ago was Miss Grace Butler.

Experts from the field of experimental animal husbandry will outline the results of their latest experiments and field tests in their efforts to improve the livestock industry in general at the seventh annual Ranchman's Roundup at the ranch experiment station near Sonora Aug. 7 and 8.

A. W. Jones and J. T. Keeton left Thursday afternoon for Del Rio and a fishing trip on Devils River.

Baseball Ballyhoo the baroque musical comedy which was scheduled to be presented tonight has been postponed until next Thursday night. The change in date of presentation was made necessary because of the illness of members of the troupe and their inability to attend rehearsals.

Collins Coates and son P. C. Coates were here from Ft. Stockton yesterday to visit with friends and relatives.

Mr. and Mrs. H. A. Moore have returned from Chicago where they attended the World's Fair.

NOTICE OF REWARD

I am offering

\$500 Reward

for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.

Billy Mills
Sheriff, Crockett County

Dr. and Mrs. F. T. McIntire have rented the Roy Miller home and will move into it the first of August.

LIGHTS AND LIGHTS
State Capitol

— In an effort to "bring the public" when the sleek, pink marble buildings on the Capitol grounds were completed soon, the Commission re- after famous Texas

Office Building — referred to as "S. O. B." is designated as the State Office Building, called "S. O. B." named after John

Publicized — State of Education J. W. list of 203 textbooks, adoption by Texas all county and inde-

are those which the Committee is stud- 1963-64 school year. be sifted down to

September 1 and 15,

the committee will hear any objections private citizens may have to the books. Last fall, there were plenty of protests.

Strong Voice Silent — When the Texas Railroad Commission held its monthly hearing to determine the August oil allow- able representatives from the major companies and independents were heard, but the strong voice of Commissioner General Ernest Thompson was missing.

As one oilman after the other went up to urge a low eight-day allowable, no member of the Rail- road Commission challenged them. If "the General" had been there, he might have done so, but he was seriously ill in his home in Amar- illo.

Property Tax Still Low — The State's Automatic Tax kept to the lowest legal minimum when it set the state ad valorem tax rate for next year at 42 cents on each \$100 valuation.

Tax boards have kept the State's property "tax take" down to the minimum for several years now. It was up to 77 cents per \$100 valuation before a 30-cent general revenue tax was abolished in 1951. in these three areas.

Coke and Tom Green counties and the Dallas County Flood Control District are the only exceptions to the new rate. Rate is 30 cents

The 42-cent tax rate will provide 35 cents for free public school purposes; two cents for Confeder- ate and Texas Ranger pensions and

the State Building Commission fund; and five cents for the college building fund.

LAMB RECIPES

LAMB HAWAII

1/2 lb. leg of lamb (boned)
Dressing: 1/2 clove of garlic, crushed; 1 tbs. onion, scraped; 2 tbs. parsley chopped; 1/2 tsp. ginger; salt & pepper to taste; 2 cups toasted bread crumbs; 1 cup fresh pineapple; 1 tbs. melted butter, pineapple juice.

Brush leg of lamb with lemon juice and let stand 2 hours. Then stuff the bone cavity with the following dressing.

Mix ingredients together and toss in pan for five minutes. Stuff the bone cavity and sew up neatly. Place meat in 426 degree oven until seared. Reduce heat to 350 degrees, cover and baste every 10 minutes with pineapple juice. Serve with pan gravy.

Several Good USED TV SETS. From \$35 up. 17 and 21-inch sets. Inquire at Ozona TV System.

Football Interest Rises As August Approaches Sports Scene In Ozona

With the Junior rodeo over, and Little League play into the playoff stages, talk in Ozona began to shift to the coming football season both high school and college wise, with the professionals getting more attention each year.

High School football practice in Ozona will not begin until mid-August but the professionals are already at it, and it was announced this week that the Dallas Texans and the Oakland Raiders would play an exhibition game in Midland early next month which is just a few weeks away.

Each year about this time foot- ball magazines begin to hit the news stands but the one drawing most attention in Texas is one edited by Dave Campbell, sports editor of the Waco News-Tribune which deals exclusively with Texas football, all the way from the Dal- las Cowboys in the National Pro- fessional Football League to the

six man high school conferences. The magazine which is in its third year of publication is avail- able for the first time in Ozona in at least one of the downtown Ozona cafes. Prior to this year se- curing a copy of the magazines was next to impossible short of a trip to San Angelo.

As usual Southwest Conference play is the top attraction in the state and the lengthy and highly informative information given on each team is handy reference mat-

erial all season long. Texas is pick- ed as an odds on favorite to repeat as champion but Arkansas, T. C. U. and A&M to name but three, will have their say first in all likelihood.

Mrs. Scott Peters of Austin was here this week visiting her sister, Mrs. Floyd Henderson and other members of her family.

CROCKETT PROGRESS REPORT—1924

Seeds of Community Growth Sown Along With Newly Planted Pecan Trees in Ozona In Mid Twenties As Commissioner Reports On Progress

Back when the big pecan trees in Ozona's attractive downtown city park were just little saplings, back when there wasn't even a stone wall around the park, when dirt roads all over the county were a nightmare in rainy weather and a traffic hazard in dry, back when street lights were inaugurated in Ozona — all these and other graphic reminders of Ozona's rapid growth from the mid twenties era are pictured in a report to the Commissioners Court made by retiring Commissioner B. B. Ingham, Sr., covering public improvements for Crockett county during the year 1924.

Mr. Ingham was retiring from the court after serving on it for ten years. He was later re-elected and served until his death, being succeeded by his widow under appointment of the court, the first woman ever to serve as a member of the court in this county.

His report to the court on progress in the county during the previous year, a document of more than passing interest for Ozonans who were present when events

described were taking place, follows:

TO THE HONORABLE COMMISSIONERS COURT OF CROCKETT COUNTY:

As requested by the court I herewith submit report of Public Improvements for Crockett County for the year 1924.

This has been, I think a very successful year for Crockett County as quite a few improvements have been undertaken and finished to the satisfaction of almost every one as well as this court, considering the limit amount of money available for this purpose.

It was the intention of the State Highway Department to take and maintain the O. S. T. Highway on the 1st day of January 1924, but as they were not in position to do so on that day they asked that this County continue to maintain same and State Highway Department would pay all expenses.

This was done until June 1st 1924, when this work was taken over by the State Highway Department after paying costs of said maintenance and proved very satisfactory. Much needed work was done that greatly improved the highway.

The crossing on Howards Draw was in bad shape, a bad mud hole on this side, also another West of Howard with bad ditches at the turn of the road in Childress Brothers land, at the last named place two or three cars were turned over and serious accidents were barely avoided. The Sheffield hill was also in bad shape. These have all been repaired and are now in good condition.

It has been the opinion of this court for some time that the State Highway Department has not been fair in the designation of Highways, some counties having a great many more miles of designated highways than others and were relieved of maintaining them. So at special session of February 18th, 1924, this Court took steps to get the Barnhart and Ozona Road designated a state Highway and were informed by the State Highway Department that owing to certain suits pending in the Higher Court no further designations would be made until suits were settled. This suit is still pending. In my opinion it would be well for this Court to keep this in mind and

keep after it until Crockett County gets what she justly is entitled to.

At the same session contract was let for the rock wall around the public park. This beautiful piece of work, and substantial, is something everyone is proud of and I think will prove very beneficial to the Park itself.

Having been instructed by the court to secure pecan trees and plant them in the Park, I have done so and the young trees are now doing nicely, and in my opinion will some day be something we will all be proud of, at the same time six pecans trees were also put out at the school house and are now growing nicely.

The planting of these trees together with the fact that pecans previously planted have done well

have started the tree planting movement in Ozona and Crockett County, as I have in the last few days sent orders for 120 pecan trees.

At regular term of court August 12th, 1924, deed was accepted from E. M. Powell to Crockett County for certain lands in Ozona to be known as Powell's park to be used for amusement. This is something that was badly needed by Ozona and is appreciated by its citizens.

At a special session of this court October 6th, 1924, contract was made with the Ozona Improvement Company for installing a street lighting system together with a twenty-four hour service for Ozona. This is now in operation and I think is satisfactory in every way.

In conclusion I will say it has been my pleasure to serve as a member of this Court for the past ten years and while we have sometimes differed in our opinions we have all worked for the good of Crockett County and it has been a pleasure to work with men of the type that has been members of this Court during that time. One thing especially I will mention is that no commissioner of any precinct has tried to get something for his precinct as is the case in some Counties but have all regarded the county as a whole and worked for the good of the entire County.

Assuring the new Court of my support and cooperation in every way. Respectfully submitted this 10th day of January, 1924. B. B. INGHAM

MRS. LEROY FREDRIC BUSS
... nee Miss Sarah Elizabeth Hicks

Miss Sarah Elizabeth Hicks Becomes Bride Of Leroy Fredric Buss In Rites Saturday Evening In Methodist Church

Miss Sarah Elizabeth Hicks of Ozona, Texas, and Leroy Fredric Buss of Austin, Texas, were united in marriage Saturday evening in the Ozona Methodist Church. The Rev. Joe Mathews, Director of Ecumenical Institute of Evanston, Ill., performed the ceremony assisted by the Rev. Morris Bratton, Minister of the Ozona Church.

The bride is a daughter of Mr. and Mrs. Lindsey Honaker Hicks of Ozona and Mr. Buss is a son of Mrs. James Bryan Speer of Austin.

Given in marriage by her father, the bride wore a gown of light ivory peau de soie in combination with applied Alencon lace. Fashioned with scoop neckline, the basque bodice was finished with short elbow-length sleeves with lace and bow detail. The waist was accented with lace overlays and the skirt belled from inverted side pleats and flared to a full back lace-showered court train.

The bride's veil a re-embroidered French lace mantilla, overlaid a silken pill box and cascaded in folds to fingertip length. She carried a bouquet of palaenopsis orchids with showers of stephanotis.

This fall she will be on the staff of Evanston Hospital School of Nursing, affiliate of Northwestern University.

Mr. Buss completed high school in Weslaco. He received his B. A. degree at the University of Texas and did graduate work at Delhi University, India. The Bachelor of Divinity degree was conferred upon him at Yale University Divinity School in June. At the University of Texas he was a member of Phi Gamma Delta social fraternity, elected Goodfellow, was Outstanding Student, Vice-President of Wesley Foundation, President of Silver Spurs, and elected to the Friar Society.

Mrs. Speer, mother of the bridegroom, was hostess for the rehearsal dinner on Friday evening at the Ozona Country Club.

The home of Mrs. Boyd Clayton was the setting for the bride's luncheon. Mrs. Massie West, Mrs. Roy Henderson and Mrs. George Bunker were cohostesses. Members of the wedding party and out-of-town guests were included on the guest list.

Mr. and Mrs. Bill Cooper, Mr. and Mrs. Early Baggett and Mr. and Mrs. Ernie Boyd and daughters were in Houston over the weekend to see the Houston Colts and the St. Louis Cardinals play. The four-game series drew over 50,000 paid admissions even though two of the games were played in the afternoon, cutting down the crowd considerably.

LOST — Cream tan billfold containing small amount of money and driver license of "Janice S. Lunsford" and other important papers. Reward for return to Melvin Semmler or to the Stockman office. 1tc

Sgt. and Mrs. Frank E. Harris are the parents of a son, Frank Edward, Jr. born July 21 in the Crockett County Hospital.

Humble Spots Wildcat In Western Crockett

Humble Oil & Refining Co. will attempt to re-open Pennsylvanian production in the shallow Clara Couch field of Crockett County, with the staking of its No. 2 Bertha M. Hobbs, a 6,400-foot wildcat, 13 miles southeast of Iraan.

Location is 1,980 feet from the south and 660 feet from the west lines of 5-GG-H&OB.

It is 2 1/2 miles south-southeast of the depleted Wolfcamp oil discovery and 3 1/4 miles southeast of the Cisco oil discovery, which later was recompleted as a gas producer.

LADIES GOLF-BRIDGE

Members of the Ladies Golf-Bridge Association enjoyed a luncheon at the country club last Thursday. Golf was played in the morning. Low putts award went to Mrs. Jack Baggett and low net on the club trophy was won by Mrs. Joe Pierce.

The luncheon table was centered with an arrangement of yellow marigolds. Hostess at the luncheon was Mrs. John Lee Henderson. She was assisted by Mrs. Jess Marley, Mrs. Jack Williams, Mrs. Joe Pierce and Mrs. George Bunker.

Mrs. Hugh Childress Jr., president presided at a short business session Mrs. Dempster Jones reported the purchase of two dozen stainless steel place settings, also ice tea and salad forks for the club and five new damask dinner cloths are being purchased for the club Mrs. Marshall Montgomery reported.

High score in bridge went to Mrs. Ashby McMullan, second high to Mrs. Jack Wilkins, low to Mrs. Geo. Bunker and cut to Mrs. Joe Pierce. Bridge hostess was Mrs. Sidney Millsbaugh Jr., Other members attending were Mmes. V. I. Pierce W. E. Friend Jr., Joe Clayton, Joe Couch, J. S. Pierce III, J. M. Baggett, C. O. Walker, Evert White, Coralie Meinecke, Sherman Taylor, J. B. Parker, Gary Garlitz, T. J. Bailey, Dempster Jones, Lee Fawcett and guests were Mrs. Tuffy Whitehead of Comstock and Mrs. Scott Peters of Austin.

Penn Baggett Taking Science Training At University of Houston

Houston — (Spcl. to the Ozona Stockman) — Penn D. Baggett, a student at Ozona High School, is one of 41 students from schools in Texas and Mexico attending the National Science Foundation summer training program at the University of Houston.

The purpose of the program, which began July 16 and runs August 24, and is to offer students opportunities to obtain intensive experience in science and mathematics.

The program includes instruction and research in multiple sciences, and field trips to Houston research centers.

Students were selected by the director of the institute, Dr. Max F. Carman, Jr., in consultation with other university faculty members. Dr. Carman is associate dean of the college of arts and sciences at the University.

Two Wildcat Tests Spotted On Miller Ranch South of Ozona

Crockett County gained locations for two wildcats during the past week.

Roy H. Smith Drilling Co., Wichita Falls, will drill two 3,400-foot Wichita - Albany wildcats in Crockett County, 10 miles south of Ozona and 1 3/8 miles south-southeast and 2 3/8 miles east-northeast of 3,200-foot (Wichita-Albany) production in the Refoil multipay oil field.

The No. 1 Roy Miller is 660 feet from the north and east lines of 3-0-TCRR.

The No. 2 Miller is 660 feet from the east and 1,980 feet from the north lines of the same section.

Strawn gas production in the area is assigned to the Hunt-Baggett field.

During the week will be held by Dr. Criswell of Baptist Church in Dallas, Chancellor of Baylor and Dr. Landis, pastor of Baptist Church of Ozona.

of Ozona Baptists at the encampment site Baptist Church has a with a capacity of 41 contains at the encampment.

Trulove of Ozona on the camp staff this year. Troy Williams of an assistant superintendent of cooking.

begun as a cowboy mission by Dr. George Baptist evangelist, years ago and has been near summer attraction Baptists for the past 42

Cool, Refreshing Foods On Aug. Plentiful List

College Station - Farmers are providing homemakers with a "bonus" list of plentiful foods for August, points out the Texas Agricultural Extension Service.

The "bonus" comes from the built-in "cool and refreshing" appeal of these foods - that is, their color, their texture and their natural goodness when served chilled.

Fresh peaches and cantaloupes top the August plentiful foods list, based on a survey of food stocks in this area by the Agricultural Marketing Service.

Fresh and processed lemons and limes as well as fresh pears and frozen orange juice are in much heavier supply than last year.

Turkey, always a star in cool and refreshing menu, is about as low in price as it has been in 20 years - especially at the farm level.

Both large turkeys for roasting and young turkeys for barbecuing are plentiful this month.

Lenore Miller, daughter of Mr. and Mrs. Eugene Miller of Ozona, is attending Heart of the Hills Camp for junior girls near Hunt, Texas.

Miss Mary Kathryn Buss of Austin, sister of the bridegroom, was matron of honor. Other attendants were Mrs. Gerald C. Nobles, sister of the bride, Mrs. Francis H. Whitehead, Jr., of Comstock and Mrs. Scott McGall of Austin.

Mrs. Bascomb Cox, Jr., Organist, presented the wedding music. Acolytes were Richard Buss, brother of the bridegroom and Jody Stocks, nephew of the bride.

R. Neal Good of Cambridge, Mass., attended the bridegroom as best man. Serving as groomsmen and ushers were L. Don Buss of Austin, brother of the bridegroom, Lin Weddell Hicks of Sonora, brother of the bride, Thurston Barnett of Austin, Ross R. Dunn of San Francisco, California, and Don Warren of Evanston, Illinois.

The wedding reception was held at the Ozona Country Club. Following a wedding trip to the Coast the couple will reside in Evanston, Illinois, where the bridegroom is on the staff of the Ecumenical Institute.

A graduate of Ozona High School the bride received her B. A. degree from the University of Texas where she was president of Omicron Nu Honorary Society. She received her M. S. degree in Child Development and Family Relations in June at Pennsylvania State University.

Little League —

(Continued from page one)

break the string.

While Garza was showing the Sonora team how lucky they were not to play against him very often, his team mates capitalized on some loose fielding and some lusty hitting to pick up 6 runs in the first two frames and sew up the ball game.

The first three runs came this way, after Cox was called out for stepping out of the box, Flores was safe when the shortstop couldn't handle his ground ball that almost got by for a single. Catarino Cervantez was hit by a pitched ball and then Garza singled up the middle to score Flores. Cervantez scored when the Sonora center fielder threw high at home, with Garza going all the way to third on the play. Ferris grounded weakly to the pitcher but Garza beat the relay from first on delayed effort to score that worked.

So effective was Garza's pitching effort that the Ozona Club played errorless ball and shortstop Oscar Flores had the only assist of the night. The game was unrehearsed in a rapid one hour and four minutes before a large, near capacity, crowd.

Jim Ad Harvick of Monterrey, Mexico, was a visitor in Ozona early this week returning to his home today with his children, James A. and Jordis, who have been visiting with their grandmother, Mrs. S. M. Harvick, for several weeks.

Robbery —

(Continued from Page One)

just as the bandit car was pulling away. Somewhat addled by the blow on his head, Elmore failed to recognize the holdup men and, thinking they were just arrived customers, asked them to call the sheriff. The man with the pistol pointed it at him and said "You'd better lie down on the floor." Elmore ducked down behind the cash register and the car drove off. As it did he ran from the station across the street to the Tallafarro Garage and asked Tallafarro to call officers. Meanwhile he had watched the car and saw it turn south on Highway 163. Although he did not get the license number, he did have a fairly accurate description of the car which he gave officers.

Emergency radio calls went out from the sheriff's department here and within a few minutes roadblocks were thrown up in all directions. Sheriff Billy Mills was high in his praise of officers in surrounding counties for their prompt cooperation in apprehending the holdup men.

John Schrier, sheriff's deputy at Comstock and his assistant intercepted the fleeing car a short distance this side of Comstock. Calvin Walling, chief deputy, and Alex Martinez, another deputy, from the Val Verde county sheriff's office, had just arrived a few minutes before the bandit car arrived.

Roadblocks were up this side of Sheffield, between here and Son-

ora and on th Big Lake, Barnhart and Eldorado roads, Sheriff Mills said.

At a preliminary hearing before Justice of the Peace A. O. Fields, bonds for the three men were set at \$5,000 each and for Mrs. Byrom at \$2,500. The case will be presented at the next session of the grand jury. Nicholas is charged with armed robbery and the others with being accessories to the same crime.

Sheriff Orville Edmiston and Deputy Jack Jones from Eldorado, who came on to Ozona after the capture, took Mrs. Byrom to Eldorado where she was placed in jail in quarters provided for women prisoners. No such accommodations are available in the local jail.

Both Nicholas and Byrom are ex-convicts, officers said, Byrom having been released in February and Nicholas July 9 this year. Byrom is said to be under bond in San Antonio now on a charge of armed robbery. Both men had served time for burglary, officers here learned.

Range Camp —

(Continued from Page One)

range practices, conservation practices for good range management, stocking rates, range conditions and will make a plant mount of important range plants in the area. Other activities will include vesper services, swimming, baseball and other games.

A number of field trips are planned for the campers during the week for the study of practical range management. Ranches in Kimble and Sutton counties will be visited. Wednesday, August 8, the campers will visit the Sonora Experiment Station and will tour the Sonora Caverns before returning to camp. Ranchers in this area who would like to visit the station on Wednesday and see a lesson taught the campers on this stop will be welcome.

The camp will close Saturday morning when award winners will be announced.

Reddy Ideas

by REDDY KILWATT

"The kitchen is a country in which there are always discoveries to be made," said a famous French chef. And, bride or matron, you've probably found that out!

Want to dress up that whipped cream pie? Run your potato ricer over a chocolate bar (almonds and all) and make fancy chocolate curls over the whipped cream topping.

Freezing? Line casserole dishes first with aluminum foil. Be sure there's enough to fold over the top. Once frozen, the wrapped food can be lifted out of casserole, freezing it for other dishes. The foil-wrapped food back in casserole for reheating. (Just a nickel a day keeps a freezer full of food!)

Steak freeze very well. Freeze roast poultry unstuffed because of the danger of bacteria. Freeze pastries or meat or chicken pies unbaked. Undercook vegetables when adding to stews and casseroles so when reheated they won't have that warmed-over taste.

To press dark garments, put a black cloth on your ironing board. This prevents dark marks from picking up white lint, save looking like a blackboard.

Just count the ways you use electric ironing day. On the job around the clock, and a calendar—can you think of anything else that so much yet costs so little?

Here's another use for the spray cleaner your vacuum cleaner use it to apply liquid to linoleum or asphalt tile.

Your sewing machine needle won't sink into ing plastic materials if you sew a strip of paper into the seam. When finished, the paper seam will be perfect.

Something to think about! It has been estimated that in the course of his lifetime an individual consumes 64,000 meals, more or less. And wanted to plan, buy and cook 'em!

In the average American home electric lights one day what it would take 228 hours to do by hand. Nothing else does so much for so little. And you'll never run out of electricity. Invest your electric company plans and build in the supply years ahead of the need. Do you wonder why we say electric service is the biggest investment in your family budget?
