AND SNYDER SIGNAL

WEST TEXAS' LARGEST WEEKLY NEWSPAPER

OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

SNYDER, TEXAS. The busiest small city in West Texas; inhabited by the busiest people living and the best in the world.

VOLUME XLII — SNYDER, TEXAS, THURSDAY, MAY 2, 1929 — NUMBER 46

BIG SPRING BOASTS FIRST AVIATRIX IN WEST TEXAS

Miss Byrne Peddles Planes Over Many States in U. S. A.

Big Spring boasts of West Texas' first aviatrix in the person of Mrs. G. H. Byrne, whose husband is well known here, Mr. Byrne having landed at Yoder Field many times with a monocoupe plane.

Marie Theresa, writing in yesterday's Big Spring Herald, said:

Time was when the public thought that to be air-minded one had to be airy minded—sort of empty if you get the general idea.

A flyer was a person who might just as well take up flying for all the weight he could bring to bear here on the ground. They might just as well be spending their time in risky venture as puttering about on the ground in the way of others who had something sensible to think about.

Then the world war came on, and then Lindy came along and rediscovered America to the rest of the world—and here we are thinking seriously of fliers and their place in the general scheme of things.

But how far wrong we have been on the matter can only be brought to light when you begin taking a who's who among successful fliers.

An Aviatrix

Big Spring has an aviatrix—she will soon be a licensed pilot who can show the great unwashed a thing or two along lines other than aviation.

She is Mrs. G. H. Byrne, registered nurse, registered pharmacist, competent bookkeeper, who has engaged in all these pursuits with great success, and who has in addition owned and operated her own drug store, has been laboratory technician, and is at present peddling airplanes at any price between $2675 and $7500.

Mrs. Byrnes takes a trip in her plane every morning just after dawn and long before the rest of the world is quite wide awake. She has been flying for about a year and took her solo flight about three months ago.

Husband Pilot

Mr. Byrne thinks she got the idea of flying from her pilot husband, but no such secret was brought to light in the conversation with Mrs. Byrne. Incidentally, Mr. and Mrs. Byrne are the average husband and wife in one respect, they took their first ride together last Monday when they flew to Waco to the wedding of Mr. Byrne's brother, Eugene.

There is another man who flies with Mrs. Byrne, piloting the sky chariot—T. J. Richards, also a pilot and instructor in the Big Spring aviation field. A few months ago Mr. Richards and Mrs. Byrne were forced down in Iola, Kans., on their way home from Moline with a new plane. Time hung heavily on their hands in this small time, so they staged an exhibition for the natives.

Little Exhibition

With Mrs. Byrne piloting the plane, Richards did some wing walking—he hung off the wings, he hung off the tail and all intermediate parts of the thing, giving the spectators a thrill as well as a lesson in air mindedness.

No mention has been made of Mrs. Byrne's registered police shepherd dogs. She takes a great deal of pride in her puppies even though her many duties allow her little time at home.

Mr. and Mrs. Byrne live in Highland Park. They were married four years ago in Fort Worth where Mr. Byrne at that time owned a chain of filling stations.

NOTE—In a letter to the Times-Signal Mrs. Byrne promised to fly to Snyder when the new Yoder Field is dedicated and will give an exhibition.

Mr. Richards, the gentleman referred to in the Herald, landed at the local airport last Friday to pick up a passenger (Nate Reynolds) who had a business engagement at Midland.

With the early completion here of Yoder Field and the employment of a licensed pilot, Snyder will be fully capable of handling all passenger business, as well as establishing a first class flying school.

Graduate nurse, registered pharmacist, former owner of her own drug store, this young woman has added flying to her list of accomplishments.

DALLAS HERE

The Dallas Good Will Trade Trippers arrived in Snyder early Monday morning 125 strong and with a band. They were given a royal welcome, and a large crowd turned out to greet them. They were intensely interested in investigating Yoder Field, and the Dallas News, in describing the visit here, said the local airport was the best located and finest arranged they had ever visited.

CONSTRUCTIVE WORK

Some of the outstanding and constructive work that the Seventh District Texas Federation of Women's Clubs is doing were noted by Mrs. Dora Cunningham during the three day session here last week. According to Mrs. Cunningham, who attended every session, the Seventh District is fostering:

Citizenship and patriotism, scholarship and loans, love of art and sculpture, car and fire prevention, play grounds and music, beauty in all aesthetic forms, club houses, trees and applied education, Red Cross and charity and encouraging every form of home demonstration work."

Leave it to the ladies to suggest the real leads—so that the playful men may follow real constructive suggestion and example. With such laudable and understanding work, is it any wonder that the Seventh District stands head and shoulders over any other district in the state of Texas?

WANT FASTER FREIGHT

Snyder merchants are incensed over the Texas & Pacific railway taking off its package car service. Shipments from Dallas and Fort Worth that formerly took from 36 to 48 hours to reach Snyder now require from six to ten days.

The railroad is to be asked to give the same service as formerly given. Express shipments ordinarily are too expensive, and Snyder citizens are anxious to see the T. & P. return the same fine service formerly enjoyed here.

PRAISES SPECIAL EDITION

Editor J. E. Kelley of the Graham Leader in commenting on the special Federation edition issued by the Times-Signal said last week:

"The Seventh District Federation of Women's Clubs opens its session in Snyder today. Last week the Scurry County Times issued a special edition, being assisted in the task by the local members of the federation. This necessitated the printing of 18 pages, which were filled with well written articles from various members, and advertising. Geo. E. Smith is editor and W. H. Ritzenthaler is business manager of the Times, and they are both capable, industrious, up-to-the-minute, live-wire newspaper men. The merchants of Snyder realize that fact and they give these boys their liberal support."

NEW DRY GOODS STORE OPENS IN SNYDER THIS WEEK

Announcement is made in this issue of the opening of a new store in Snyder, the Howard Dry Goods Company, in the room formerly occupied by Stinson Drug No. 2.

Messrs. W. F. Babb and C. C. Eager are the owners, moving the store here from Brownfield. They have another store at Abilene. Mr. Babb is widely known in this section, having been manager for the Cecil-Collier store when it was formerly located here. Mrs. Eager arrived with her husband, while Mrs. Babb and two children will not arrive until school is out at Brownfield, where a son is graduating this year.

The Times-Signal wants to join in a welcome to the new citizens and store, and we hope they may be successful in their efforts here.

TITMAN EGG CORP. LARGEST IN U. S.

The Titman Egg Corporation, which has located a concentration plant in Snyder, bears the reputation of being the largest egg corporation in the United States, with a financial backing of forty-five million dollars. Eggs and cream are delivered to Snyder from as far east as Anson, and as far west as Coahoma.

Bob Terry, local manager, has announced the early erection of a group of steel batteries for feeding purposes, and that he is highly pleased with the fine business being given the concern here. Bob Terry has many friends in Scurry County, friends of a lifetime, who will co-operate with him to the limit.

ANOTHER ICE PLANT

Glenn Sample of the Citizens Ice Company, who is just completing a new ice plant at Lovington, N. M., has announced the erection of another plant at Jal, N. M.

Consolidation Elections Carry Last Saturday

Fluvanna Now Has Four Outlying Districts United

Three rural school consolidations were completed in Scurry County Saturday that will further school interests. Sharon school district is said to have made a state rural school consolidation record vote when with 20 votes polled, every vote was for consolidation with Ira High School.

Snelling voted 19 to 5 to consolidate with Fluvanna High, while Hackberry voted 10 to 8 to consolidate with Fluvanna.

The Fluvanna school board is now preparing plans for a new $50,000 high school building, and bonds will be voted. Over 146 sections of land in the district will include Hackberry, Snelling, Mooar, and Faver, with Fluvanna.

E. O. Wedgeworth, superintendent of the Fluvanna schools, is said to be the youngest school head in the state, being 23 years old.

Gannaway and Hermleigh are to vote on consolidation issue May 11, and reports indicate a wide majority for the move, which will aid these school districts.

Scurry County, according to County Supt. A. A. Bullock, has thus far been granted $16,456 state aid, and with the consolidations this total will be materially increased.

THANK YOU, SEVENTH DISTRICT

Now that the federation meeting is over and the visitors have gone home, memory is rife, recounting those days of labor, fellowship and happiness. We felt that your inclination to come to us was an honor, your presence a benediction. You graciously complimented us for the small attentions so freely and so cheerfully given; you politely refrained the mention of the many oversights, which, doubtless in our anxiety to contribute to your comfort, were overlooked. You made us happy in this.

At the American Citizenship Luncheon, Snyder was awarded a framed picture of George Washington as a prize for the best report in the district in American Citizenship. This report was given by Mrs. J. T. Whitmore, being gathered from the several clubs functioning in this line of work.

In the singing contest Thursday afternoon the Snyder Choral Club won first prize. A beautiful silver loving cup was awarded on Saturday morning, to be held for nine months as a trophy by the members of the choral club for distinctive merit. Lamesa, who won second honors, was to hold the cup for three months. Those of our choral club who participated in the singing contest were: Mesdames Fritz R. Smith, C. E. Fish, Hugh Boren, R. S. Snow, A. C. Preuitt, Howard McDonald, W. W. Hamilton and J. E. Sentell. This beautiful cup was received in behalf of the club Saturday morning by Mrs. Fritz R. Smith, whose gracious word of thanks and beaming face was but a reflection of the joy in the hearts of all our women.

But the crowning summit of happiness was reached when the nominating committee bringing in its report, named a Snyder woman for president. In a call for nominations from the floor, no response was made, evidencing the fact that she was the unanimous choice of the Seventh District for the place. Mrs. J. T. Whitmore, whom Snyder knows and appreciates for her virtuous life of service to others, for her mental endowment, her poise and composure, her tact and sense of fairness and justice, her twenty years enlistment in club work and in every department of public service departments of club work and her thorough knowledge of parliamentary usage coupled with dispatch inexecutive ability, has been properly evaluated, and your sense of good judgment in her selection has been vindicated.

The Snyder women love Mrs. Whitmore because of her unquestionable merit. Therefore, your choice of her for Seventh District leader invoked that degree of gratitude which stirred our emotional natures.

Again, after the election of Mrs. Whitmore to the presidency, and when she had given her appointment of Mrs. Howard G. Towle as secretary-treasurer, Snyder women were again transported with delight. Mrs. Towle as general chairman of the federation meeting has carried on with a full enlistment of co-operation remarkable indeed, and with a vision that in being wrought out by her able helpers has brought whatever success you may attribute to your entertainment here. We earnestly believe that no greater pair could be found for these responsible offices. They have been tried in Snyder, and in no instance have they been found wanting.

Mrs. W. D. Beggs was an Amarillo visitor last week.

NATIONAL EGG WEEK

"During the first week in May the poultry producers and allied industries in America are uniting to pay a great national tribute to the American hen and to the billion-and-a-quarter dollar industry which she represents," declares the National Poultry Council in announcing National Egg Week.

Through all channels of publicity the story of the share in modern life of the egg, "sunshine in sealed packages," will be carried to American consumers, in the work to increase still further the demand for the product of the nation's flocks.

Future Farmers Plan Big Year's Program Here

By C. C. Redman
Vocational Agriculture Teacher

The vocational agriculture class of the Snyder High School is one of the largest classes in the state and is composed of some of the most enthusiastic future farmers that can be found. The first week in October the class met and organized a local chapter of the Future Farmers of Texas organization with an enrollment of fifty. In making plans for the year's work the chapter decided to sponsor the entry of teams at the annual meet of Smith-Hughes contests held at A. & M. College, to hold a Father and Son banquet, to meet and have a program each month, and to boost the department of vocational agriculture.

The members decided that one hundred per cent of their supervised practice work should be completed this year, that every member should have a savings account, that the class should have the best projects ever shown in the history of the vocational agriculture work in Snyder, that the class should make a project net income of five thousand dollars during the year, that the class would prepare a Future Farmers of Texas booth at the Scurry County Fair in 1929, and endeavor to make the farm shop more attractive.

The Snyder Future Farmers of Texas not only study scientific principles and improved farm practices, but they use them in carrying on their home projects.

These projects include for the class as a whole, twenty-eight hogs for pork production, twenty-three sows and gilts for swine production, eighteen dairy cows, six baby beef calves, two beef breeding cows, three home gardens, one dairy heifer, three hundred seventy-three hens, ninety-three acres of cotton, six hundred fifty baby chicks, ten ewes and thirty acres of grain sorghums.

The Snyder Future Farmers of Texas have the hearty cooperation of parents, business men and citizens, which makes it possible for them to carry out the program of work set up and do many worthy things. Supt. C. Wedgeworth, who believes in giving boys the advantage of every educational opportunity, made it possible for the class to visit the Fat Stock Show under the supervision of the instructor. The class spent three days at the Fat Stock Show making a study of livestock and exhibits; also visiting places of interest in the city. The trip was both pleasant and educational. Many class room discussions have followed on various phases of the show which has resulted in stimulating a greater interest in the Future Farmers of Texas for more and better livestock on the home farms.—From West Texas Today.

Local Men Shipping Hogs to California

One of the greatest feeding projects ever attempted in Scurry County is now being conducted by L. O. Smith and Pierce Moffitt, who are in the hog-buying game and up to this week have shipped five car loads of real hogs to the California markets.

Messrs. Smith & Moffitt are buying hogs and bringing them here to finish with a real feeding project and then load them aboard cars for the trek to the west coast. Already they have bought hogs as far away as Hamlin, Lubbock, Abilene, Sweetwater, Colorado, Big Spring, Midland and Lamesa. They expect to ship five carloads this Saturday and twenty more cars in May if possible to purchase the hogs. Their aim has been to average a carload a week, but their market on the west coast has asked for more so satisfactory have been the shipments thus far. Shell corn has been the main feeder for the hogs that are brought here.

According to Mr. Smith, better known as "Chunk", the project has exceeded their expectations and believes that the hog market is due for an increased price.

E. E. Wallace and Pete Brady have been cooperating and feel with the other two men that Snyder can be made a potential market for shipment of hogs to any market. The Times-Signal wants to join in presenting this quartet with the finest, rosiest, bouquet obtainable. They are assisting in placing Snyder in its rightful place in the sun. builders who are doing things for the best small city in West Texas, where everyone is friendly and wishes his neighbor well. That spirit builds.

ANNUAL CLEAN-UP AT SNYDER CEMETERY

Don't forget that beginning Monday, May 6 and continuing through the week will be the annual public clean-up at the Snyder Cemetery. Anyone wanting to work and not having a conveyance call Mrs. J. W. Warren or Mrs. S. T. Elza, and they will provide a way.

OF CIVIC INTEREST

Milk that is being sold in Snyder today by three dairies and has been labeled Grade "A" Raw Milk is NOT that grade, and there is not a single pint that is being sold that should be classified higher than a "D" grade, which is considered very unsatisfactory.

This information comes from H. E. Hargis, sanitary engineer with the State Board of Health, who was here Friday inspecting the dairies.

Snyder has an iron-clad Sanitary Milk Ordinance that should be rigidly enforced, and citizens will join heartily with Mayor Towle and the city aldermen in seeing that it is enforced and will back them up, as well as the city health officer, Dr. Griffin.

Snyder needs pasteurized milk that means for absolute health, and there should be no "beating around the bush" in the citizenship absolutely demanding that product—either that or nothing at all.

Sanitary Engineer Hargis also advised that a state veterinarian would arrive in Snyder next week to examine all cows and give the tubercular test, which will cost individuals $3.00 per head. The examinations must be made, according to Mr. Hargis, and each cow must show a clean bill of health.

PAT BROWN BUYS HOLLINGSWORTH GROCERY-MARKET

Pat Brown has purchased the Hollingsworth Grocery and Market this week, and according to an announcement in this issue will start a Saturday-Monday special on groceries.

Mr. Brown is one of the old and substantial citizens of this section with a large circle of friends who will be pleased to greet him at the new place of business. "Pat" will have John Nichols as his head stand-by. Everybody knows him, too, so that the new owner should enjoy a very fine patronage.

The trapdoor spider gets its name from the hinged lid with which it covers the hole it lives in.

Popular Snyder High Students

In the annual popularity contest held at the Snyder High School, the above were declared winners. They are, left to right, as follows: Top row, Miss Frances Lawlis, daughter of Mrs. J. F. Lawlis, the most beautiful girl; and Miss Katherine Northcutt, daughter of Mr. and Mrs. George Northcutt, the most sensible girl. Bottom row: Herman Trigg, son of Dr. and Mrs. L. E. Trigg, best-looking boy; and Sykes Curry, son of Mr. and Mrs. A. M. Curry, most sensible boy. The above pictures were taken by Miles Studio, Snyder.

Dal-Paso to Meet at Anson On May 8th

The date for the third annual meeting of the Dal-Paso Cavern Highway Association has been set for Wednesday, May 8, to be held at Anson. Invitations have gone out to both the Texas and New Mexico Highway Commissioners to attend this meeting.

Officers will be elected for the ensuing year and plans made for the largest motorcade that ever traversed Texas. It will begin at Shreveport, La., and proceed thru the heart of Texas by way of Marshall, Longview, Mineola, Grand Saline, Terrell, Dallas, Fort Worth, Weatherford, Mineral Wells, Palo Pinto, Breckenridge, Albany, Anson, Roby, Snyder, Gail, Lamesa and Seminole, Texas, thence to Hobbs and Carlsbad, New Mexico. The party will stop at the Carlsbad Caverns for a day's visit and then proceed to El Paso for a terminating festival.

The Dal-Paso Cavern Highway, which has developed from a mere "cow trail" in the past two years, is now a quite popular highway that furnishes the tourists of the Southwest one of the straightest and shortest routes to the Carlsbad Caverns, El Paso, California and other points in the Southwest.

May Pageant Pleases Crowd

A capacity crowd greeted the most colorful and beautiful May Day Fete pageant ever given in Snyder last night when Miss Katherine Northcutt was presented the Queen's Crown of Jewels by Miss Polly Harpole, 1928 Queen. Herman Trigg was the King.

The pageant, written and directed by Homer F. Springfield, was a masterpiece. Mrs. Hugh Taylor, chairman, with the assistance of the P. T. A. and Mrs. R. L. Gray, accompanist, are due the highest congratulatory words possible to give.

Dukes and Duchesses were present from Colorado, Big Spring, Stanton, Dunn, Fluvanna and Sweetwater—twelve of them—with 18 couples from Snyder High presenting a background in which more than 300 public school children entertained the vast assemblage for more than two hours. A reception was tendered the leading participants at the Joda Monroe home following the show.

Space and time limit our description in this issue. It would require a full page to do it justice.

The Yoder Electric Company is the new Snyder dealer for Frigidaire. District Manager R. W. Mulford consummated a deal last week which places this well known company's products in fine hands here.

Business for the Frigidaire has been remarkable, and the Times-Signal wants to warn Mr. Mulford that Frigidaire is in good hands and that when Carl Yoder turns loose, some district records are bound to be broken.

TELEGRAM FROM MITCHELL CO. WAR FRONTS

Colorado, Tex., 4-26.
Times-Signal,
Snyder, Texas.

WON'T BE LONG NOW. CONCRETE BEING POURED IATAN FLAT.

JIMMIE GREENE.

The United States in one wholesome "hurrah" will offer words of congratulation to the citizens of Mitchell County, and particularly Colorado boosters for "finally" getting the battle-scarred trenches of Iatan Flats in passable shape. From here on out Jimmie Greene should not be called "the only living gas well," but should be titled the "only successor to the Pied Piper of Hamlin."

CAPT. C. S. NUSBAUM TO LECTURE HERE NEXT WEEK

Week's Program Begins on Sunday Night; C. of C. Sponsors Affair

Sunday night opens the big community service program when Capt. C. S. Nusbaum will entertain guests at the City Tabernacle with a lecture on "The Church and the Community." Local pastors and churches will co-operate in the meeting which will open with a musical prelude.

Continuing through to Friday night, every evening will be given over to lectures and music, and preliminary plans indicate the week will be a high point in the history of the city.

Committees who are co-operating with the Scurry County Chamber of Commerce include:

General Arrangements: J. C. Stinson, chairman; A. J. Cody, Clarence Wenninger.

Publicity: Geo. F. Smith, chairman; James A. Autry, Rev. W. F. Ferguson, Rev. G. S. Hardy, Rev. W. M. Speck, Rev. Thos. M. Broadfoot, A. A. Bullock, Mrs. Joe Caton, Mrs. C. R. Buchanan, Mrs. A. J. Cody, Miss Eloise Scott.

Music and Entertainment: Homer Springfield, chairman; C. Wedgeworth, Mrs. Hugh Boren, Mrs. R. S. Snow, Mrs. Earl Fish, Mrs. A. C. Preuitt.

Luncheon: Henry Rosenberg, chairman; J. E. Blakey, Roy Strayhorn, Ivan Dodson.

Finance: Hugh Boren, chairman; O. P. Thrane, Sam Hamlett, A. C. Alexander, Ernest Taylor, Henry Rosenberg.

Community and Sales Day: Joe Caton, chairman; H. L. Davis, Forest Sears, A. V. McAdoo.

Mrs. Whitmore New President Seventh District

Pampa Get Convention For 1930; Snyder Wins Many Honors

Pampa won honors for the 1930 convention city Seventh District Federation of Women's Clubs at the closing session Saturday.

Mrs. J. T. Whitmore, Snyder, was elected president; Mrs. Tillman Jones, Post, first vice president; Mrs. W. T. Whitsell, Canadian, second vice president; Mrs. Howard G. Towle, Snyder, appointed secretary-treasurer.

Outstanding accomplishments of the district during the past administration of Mrs. F. T. Collins, Amarillo, include planting 18,000 trees in the district, with unsurpassed groups of shrubbery and beautification in member towns and propogation of world wide peace efforts.

The annual President' Dinner Friday night honoring the District President, Mrs. F. T. Collins, and State President Mrs. W. R. Potter, was one of the greatest in the history of the district. During Mrs. Potter's address she stressed world peace with a plea for education of our youth to peace. "Think of the things that bind us together rather than the things that separate us" was her major thought.

The theme of the meeting here, "Thinking, Planning, Building," constituted the major discourse of Mrs. F. T. Collins, recalling the achievements of women from the dim ages down to the present with the value of federated club work leading to higher cultural life and opportunity for perfect blending of friendship between women of country and towns.

The exhibition of art subjects from over the district was the largest ever shown at any meeting. The Childress County Federation was complimented for great work.

Resolutions included scenic highway through Palo Duro Canyon, Dean of Girls for every high school faculty, memorial established for historic preservation; arterial highways through towns and cities marked with "stop" signs; March 2 selected as annual Texas Artists and Sculptors Day; Homer D. Wade of West Texas Chamber of Commerce asked cooperation tending toward commissioners courts removal of wrecked autos from public highway.

Prize awards included Thursday Literary Club, Shamrock, winning first in best individual club report. The club is only four months old.

Potter County, Amarillo, won first in County Federation reports.

Snyder Choral Club won first in singing contest and will share with Lamesa for the year.

Best high school essay, "Why Not Favor American Artists First," won by Mary Jacobs Johnson., Childress, first; Miss Ruby Curry, Jayton, third. Prize given by Mrs. Sam Isaacs, Canadian.

Seventeen new clubs were organized in the Seventh District during the present administration.

Mrs. J. T. Whitmore, Snyder, newly elected president, in her speech of acceptance emphasized the work of the Seventh District and her desire to promote the general welfare of the district and the furtherance of aims.

Following the noon day banquet Saturday by the Scurry County Federation, Mrs. J. Nelson Dunn, president, the visitors declared Snyder hospitality and fellowship had never been exceeded by any other host town.

JUNIOR MEMBERSHIP LUNCHEON SUCCESS

It remained for the Scurry County Federation to cap the climax of three remarkable days of meeting last week with the luncheon they gave the visitors last Saturday noon. With every home demonstration club assisting and with Miss Jessie Lee Davis, county home demonstration agent, at the helm, assisted by Miss Myrtle Murray, district leader, Snyder and Scurry County ladies gave the finest banquet during the sessions here.

Mrs. S. J. Bailey of Quamah presided with Mrs. W. W. Hamilton as hostess. The greetings to the visitors were given in a most pleasing manner by Mrs. Hamilton.

Miss Gladys Wright of Clarendon responded, with further responses being given by the junior clubs of the county assisted by two 4H girls of Lubbock, led by Miss Louise Baird.

Mrs. J. Nelson Dunn, president of the Scurry County Federation, gave an address on the 4H Clubs and stressed the fine work that was being consummated in this county. A pageant by the junior club girls demonstrated by example what a wonderful work they are coupled with and gave a most interesting and enjoyable slant to the program.

The banquet itself, the eating part, left nothing to the imagination as to the many good things produced in Scurry, as everything served was raised within the county including black eyed peas which have become a remarkable product and are being shipped to many foreign markets.

Other talks were made by Mrs. Lucile Corlton, Shamrock; Mrs. F. T. Collins, Amarillo, and Mrs. T. V. Reeves, Canyon.

Closing with "God Be With You Till We Meet Again," the luncheon was indeed a most complete climax to a truly great program and firmly placed Snyder and Scurry County in the minds of the visitors as a place where hospitality reigns supreme.

District Head Attends Meeting of Local Lions

The regular luncheon of the Lions Club was marked by the appearance of the district governor, T. N. Carswell of Abilene, who brought a great message to the attendants with a description of the services that Lions Clubs are performing.

Earl Fish, Ivan Dodson and J. E. Blakey were appointed delegates to the state convention at San Angelo May 9 and 10.

Friday night, May 31, was set for the Lions Club Minstrel which will be directed by Homer F. Springfield.

The "day" was also pay-off day for the Reds who with their captain, Abe Rogers, were served bean soup. Bean soup "eaters" included J. E. Blakey, Roy Strayhorn, Hugh Boren, Abe Rogers, Earl Brown, Howard McDonald, J. L. Caskey, E. M. Deakins, Dr. Griffin and Sam Large.

JOHN PHILIP SOUSA WILL BROADCAST OVER RADIO MAY 6

John Philip Sousa and his world famous band will be heard over the radio for the first time on Monday evening, May 6th, in an hour broadcast, sponsored by Chevrolet Motor Company to signalize the achievement of placing on the road over a half million new six cylinder cars in four months time.

The radio debut of the famous "March King" will come through the National Broadcasting Company coast to coast chain during the regular General Motors "Family Hour," starting at 8:30 p. m.

According to Yoder-Anderson Motor Company, local Chevrolet dealers, Chevrolet was particularly fortunate in seeking an attraction to emphasize its latest record to secure the first radio performance of this famous director-composer who has been an American institution for more than two decades.

"Naturally, we Chevrolet dealers are proud that our company has been instrumental in introducing Sousa and his band to the microphone," Mr. Anderson said. "We are equally proud, however, of the occasion marked by Sousa's first broadcast. By putting on the road over 500,000 new Chevrolet sixes since January 1, we have established a record never before duplicated by any dealer organization distributing six cylinder automobiles. In fact, no other dealer organization in the history of six cylinder manufacture has ever equalled this record in the course of a full year.

W. D. Beggs attended the wedding of a niece in Fort Worth last week.

HIGH LIGHTS DISTRICT MEETING HERE

Mrs. J. T. Whitmore elected president of Seventh District.

Mrs. H. G. Towle appointed secretary-treasurer.

Pampa next convention city.

Scurry County Federation Banquet.

Mrs. F. T. Collins' masterly handling of all meetings.

State President, Mrs. W. R. Potter's presence in Snyder.

Snyder Choral Club winning first prize.

Board Luncheon opening day.

Co-Operation of Snyder Club women in reporting various meetings.

Snyder's hospitality, good fellowship and eminent sportsmanship.

Memphis stepping out for Pampa in 1930.

Mrs. Phoebe Warner's presence here.

President's Night program.

Snyder's Sixteen Pages.

Efficiency of all committees.

OUR FRIEND—THE DAIRY COW

Someone has called the cow the mother of prosperity, which name fits with a whole lot of accuracy, especially in this country. Introducing purebred stock is working wonders in the way of increasing Quality and Quantity.

Good dairy herds furnish a steady revenue to tide over the otherwise unproductive period between crops. May Scurry County lead in pure breds and prosperity.

How to Raise Poultry

By Dr. L. D. LeGear, V. S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

ARTICLE XVII
"EGGS IS EGGS"—BUT NOT FOR HATCHING

Too Great Care Cannot Be Observed in the Selection of Eggs for Hatching. In Choosing the Right Eggs for the Purpose Lies Much of the Secret of Successful Incubation.

Editor's Note—This is another story in aseries of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

"Pigs is pigs," according to the famous story by Ellis Parker Butler, and to a great many people eggs is eggs, regardless of the way in which they are to be used. When it concerns eggs for any purpose but hatching, that view may be as good as any other, but eggs for hatching should certainly be selected with extreme care if best results are to be obtained. There is no great mystery about the process of making proper selection. On the contrary, it is a very simple matter. I have seen so much of random selection, however, that I am sure a few pointers on the subject will not be amiss.

First of all, let me say what kind of eggs not to use. Discard all eggs that are small, abnormally large, very dirty, irregularly formed and those with cracked, rough, thin or irregular shells. I would especially warn everyone against accepting the common belief that large eggs are best for hatching. Years of careful experimentation and close observation of the work of others has convinced me that the average size egg of regular form and color is the best for hatching. The exact size will vary, of course, with different breeds. The same is true of color. Any chicken raiser can easily judge the size of eggs to use according to this advice and detailed instructions are not necessary.

The hatching egg should be sound of shell. It should be smooth, free from uneven or rough spots; should not be mottled or uneven in color; should not be thinner in one part than in another; should not have ridges, bump, humps or bulges, but should be as near to the true egg shape as possible. A slight unevenness or variation from the ideal shape does not necessarily mean poor hatches, but if the unevenness of whatever kind you may use is very noticeable, better put such eggs aside for market or table use.

Eggs with unusually thin or porous shells are undesirable for hatching. The thin shelled egg is easily broken in turning.

To many people it will come as a surprise when they learn that dirty eggs should not be used. I speak from experience, however, when I say that such is the case. Slightly soiled eggs may be used if they are first carefully cleaned by rubbing lightly with a damp cloth or sponge. If that will not clean them, they should be put aside for other uses. Under no circumstances should eggs be washed thoroughly. The thorough wetting and hard rubbing will destroy nature's protective surface film, thus hastening evaporation of the contents and allowing harmful odors to penetrate the porous shell.

All eggs in any one hatch should be as nearly uniform as possible in size, weight and thickness of shell. They should also be of approximately the same age and from the same variety of fowl. Thin shelled eggs hatch more easily, as a rule, than thick shelled ones. White eggs usually hatch more quickly than dreker ones. Leghorn eggs will probably hatch 24 hours sooner than those of Plymouth Rocks. It will, therefore, be easy to see why uniformity in all the ways just mentioned is desirable whenever practicable. If this rule is followed, practically all eggs will hatch at or very near the same time, thus far greater chance for complete success than would be possible where eggs of widely varying characteristics are mixed together.

I do not recommend the use of pullet eggs for hatching. All breeding hens should be of good size for the breed and from one to two years of age. If pullets are used at all for breeders, they should be well matured, lay good size eggs and be mated to old roosters.

Another important factor that greatly influences the chances for successful incubation is the relative freshness of eggs. Those from 1 to 4 or 6 days old show little difference as to hatching quality, but after that they deteriorate rapidly. This is easily explained. A fresh egg contains just enough water to develop the embryo while it is gradually developing into a chick. As an egg shell is porous, the water will evaporate more or less rapidly, the exact degree depending on the temperature and relative humidity of the place in which the eggs are kept. After that natural internal moisture has passed out of the shell, there is no way on earth of restoring it in such a way that it can contribute to the building up of bone, muscle or nerve tissues in the baby chick. Exactly how long eggs may be safely held before their hatching qualities are seriously affected cannot be arbitrarily stated. It is worthy of note, however, that many commercial hatcheries invariably show a very high percentage of eggs successfully hatched in each setting, and they are often set when from 10 to 12 days old.

Breakfast Hour Is Enjoyed Sat.

By Mrs. C. Wedgeworth

More than one hundred delegates of the Seventh District Federation attended the "Every Woman's Breakfast" given by the Snyder Parent-Teachers Association at 7 o'clock Saturday morning. Mrs. Hugh Taylor, president of the P. T. A., was hostess to the occasion, with Mrs. R. R. House of Pampa acting as toastmistress.

Members of the Snyder High School Orchestra, directed by Homer F. Springfield, furnished music for the occasion. The music consisted of popular airs.

At seven o'clock the invocation was given by Supt. C. Wedgeworth. This was followed by a "sing-song" by the assembly. Mrs. Taylor gave a welcome to the delegates. She stated that she was "glad to know the club women as neighbors and friends." The toastmistress, Mrs. House, then expressed herself as thinking that Snyder had been an unusually charming hostess to the Federation. She said that "Snyder never fails; everything Snyder gives is good."

The waitresses, girls of the home economics department of Snyder High School, sang two very appropriate songs on the subject of foods.

A very interesting program was then given, which consisted of two songs by Brentz Anderson, "One Sweet Letter From You" and "St. Louis Blues." "Rain" was the piano solo played by Eula Pearl Ferguson. Herman Trigg sang "The Gay Caballero." Mr. Springfield and Miss Anderson then sang "That's My Weakness Now." E. O. Wedgeworth favored the guests with a trombone solo, "Silver Moon."

Short talks were made by Mrs. H. G. Towle, Mrs. P. K. Warner and Judge Fritz R. Smith. Mrs. F. T. Collins, district president, then spoke. She stated among other things that she hoped the breakfast honoring every woman would be continued in other district meetings. Mrs. House gave a tribute to the clubs. She said that "Clubs bring added friends and accomplishments to their members."

The table decorations were most attractive, being in the form of May poles wrapped with pink and green ribbons. From the May poles placed in the center of the tables, long pink and green streamers extended to each plate. At the termination of each streamer was a dainty favor in the form of candy suckers dressed in pink and green dresses. The suckers had piquant faces painted on them, and each tiny figure was crowned with a miniature gingham sun-bonnet.

The menu consisted of grapefruit, eggs, sausage, hot biscuits, coffee and preserves.

Miss Rosemary Lytton, daughter of a millionaire Chicago merchant, tried society life for a while but it bored her. She got her father's consent to work in his men's clothing store. She likes that better and hopes to make good.

Mrs. John Whatley, accompanied by Mrs. Dan Whatley of Wichita Falls, went to Floydada Sunday.

In forty-nine years Minnesota has paid out $1,243,165.53 in wolf bounties.

WOMAN EATS ONLY BABY FOOD 3 YEARS

"For 3 years I ate only baby food, everything else formed gas. Now, thanks to Adlerika, I eat everything and enjoy life."—Mrs. M. Gunn.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried, for sour stomach, bad bowels, Adlerika will surprise you. Warren Brothers, Druggists. 1

CATON-DODSON DRY GOODS CO.

LOCALS

Henry Rosenberg returned Saturday from a week's visit in Fort Worth with his wife, who has been visiting her parents for the past few weeks. Mrs. Rosenberg remained for a longer visit.

Mr. and Mrs. D. R. Crowell and baby of Hale Center were last week-end visitors with Mr. and Mrs. Walla D. Fish.

Mrs. W. R. Fickas of Lubbock was a guest in the home of Mrs. J. J. Taylor last week.

R. E. Gray and daughter, Miss Martha, returned last Wednesday from a several days business trip to Dallas.

Mr. and Mrs. Will Shaw and daughter, Miss Jonnyle, Mrs. A. G. Eiland and son, and Miss Mabie Isaacs spent Sunday with Mr. and Mrs. A. C. Humphrey in Roby.

Mr. and Mrs. Ike Moore, Mr. and Mrs. Kirkendall and Miss Margaret Thompson of Post were Sunday visitors in Snyder.

Miss Lois Clark of Lamesa was a visitor in the city Saturday.

Miss Margaret Dell Prim, who is attending school at the Texas Tech, visited her parents, Mr. and Mrs. Richard Webb, Saturday and Sunday.

Mr. and Mrs. Erle Grantham and two children and Mr. and Mrs. W. E. Bertram and daughter, Doris, of Sweetwater were visitors in Lamesa Sunday.

Mrs. John Case and little son returned to their home in Corsicana Friday after a pleasant visit here with relatives and friends. Mrs. Case was accompanied to Fort Worth by Mrs. A. L. Stoker, who will visit in Weatherford before her return home.

Mr. and Mrs. G. B. Clark spent Sunday in Abilene.

Mr. and Mrs. Zack Brooks of Sweetwater and Miss Emma Lee Brooks of Rising Star, Mr. and Mrs. Scott Stanfield of Polar and Mrs. Eva Warren of Post were visitors in the home of Mr. and Mrs. W. B. Stanfield Sunday.

Mr. and Mrs. O. E. Oestham, Mrs. J. J. Price, Mr. Morris and Walter Cooper of Baird were Sunday guests of Mr. and Mrs. B. G. Johnson.

Mr. and Mrs. J. C. Dawson and Mrs. W. S. Bruton visited their sister, Mrs. J. W. Howell, and family last week in Lamesa.

Mrs. A. M. Jones returned to her home in Abilene Tuesday after a week's visit with Mrs. Scott Porter.

Mrs. D. Cullum of Tulia, who was a delegate to the Federation convention, spent the time with her niece, Mrs. Scott Porter.

Mr. and Mrs. S. T. Elza spent last week-end with their daughter, Miss Doris Pope Elza, at Waxahachie. Miss Elza is a student at Trinity.

Errol Taylor, who attending the Tech, spent last week-end with his parents, Mr. and Mrs. J. J. Taylor.

Mr. and Mrs. Ray Huckabee and daughter, Maxine, visited relatives in Big Spring Sunday.

Mrs. B. A. McPherson and Miss Ruth Seabourn were visitors in Colorado last Thursday.

Mrs. Finn Whitaker of Jayton visited Mr. and Mrs. H. C. Huckabee several days last week. R. W. Huckabee accompanied Mrs. Whitaker home.

Mrs. Vernon Forsythe of Quanah came Sunday for a week's visit with Mr. and Mrs. Walla D. Fish.

Mrs. George Bickham returned to her home in Shreveport, La., last Friday. She attended the funeral of her mother, Mrs. T. B. Falls.

Z. C. Hull of Atlanta, Ga., visited his aunts, Mrs. D. J. Hull and Mrs. E. B. Reneau, last week-end.

Mrs. Ed Abbott of Lubbock, Mr. and Mrs. E. B. Hull of Sweetwater, Mr. and Mrs. W. J. Hull and family and Mr. and Mrs. D. N. Hull and family of Rotan visited Mrs. D. J. Hull and other relatives here Sunday.

Miss Evelyn Richardson spent Sunday with her parents in Post.

Mrs. Gus McClinton and her parents, Mr. and Mrs. J. V. Riley, spent several days in Abilene this week.

Wilmott 'Cloud and E. M. Deakins returned today from a several days business trip to Dallas.

Dr. and Mrs. A. O. Scarborough attended a district meeting of the Medical Association at Abilene Tuesday.

John Miller is the new janitor at the public school buildings, and his courteous and prompt attention to detail has won for him fine boosts already.

Mrs. L. O. Smith and son, Jack, with Mrs. John Arnett, are spending part of the week in Littlefield.

The regular meeting of the Snyder Chapter, No. 450, O. E. S., will be held Thursday night, May 8.

Roy Floyd, who has been with the Hollingsworth grocery, is now with the Piggly Wiggly store and would be glad to meet his friends there.

Mrs. Henry Shuler has purchased a half interest in the "Vogue," with Mrs. Stewart Womack.

Miss Margaret McByrd of Lubbock came last Thursday for a visit with Mr. and Mrs. Pete Bridgeman.

Mrs. Fowler of Lubbock spent several days last week with Mrs. J. J. Taylor.

W. R. Fickas and daughter, Miss Addie of Lubbock spent Sunday here with relatives.

ROY STRAYHORN GIVES (?)

Roy Strayhorn, whose ability to step into the realms of anticipated delights with rosy stories of what might happen, has officially announced he is prepared to donate the turkeys for the Reds, who were losers in the Lions Club contest. This will be notice to Abe Rogers, captain of the losers, to closely check up on Strayhorn's statement, for with Blakey, another loser, these boys are past masters in pulling good ones.

FISHING SEASON OPENS

West Texas addicts of the rod and reel swing back into action this week, for the lid was off on the two game fish, Mr. Bass and Mr. Crappie, last Tuesday at midnight. That is, the angling season, closed the past couple of months, was opened Wednesday, May 1.

SWEETWATER LADIES ATTEND CONVENTION OF SEVENTH DISTRICT HERE

Mrs. John Perry, president of the Sixth District T. F. W. C., Mrs. Royal Headrick, secretary of the district, and Mrs. R. C. Crane, chairman of the credentials committee of the Sixth District, all of Sweetwater, attended the convention of the Seventh District T. F. W. C. here Friday.

Mrs. Whitmore Accepts Office

Mrs. J. T. Whitmore, Newly Elected 7th District President

My first duty, ladies, is to return you my thanks for the high honor you have conferred on me. That honor, as you well know, was wholly unsolicited by me, and may I not add that if I had been invited to become a contestant for your suffrage I should have respectfully declined the invitation, but it is not for me to question the propriety of your decision in a point on which you are the sole judges. I, therefore, accept the office to which I am called, fully purposing to use whatever powers belong to it with the single view of the promotion of the credit and the welfare of the District.

I have no ambitions so far as the office goes, except to honorably, courageously and efficiently meet its responsibilities and respond to its duties.

In return for your confidence and trust it shall be my aim and desire to give of my best to your interests. Hence I shall dedicate my thought, my energy and whatever talents I may possess to the furtherance of the progress of the Seventh District of the Texas Federation of Women's Clubs.

At this time I am giving a part, and a part only, of the anticipations of which my mind is full.

Again I thank you for the honor you have bestowed on me, and assure you that during the next administration I shall not cease to take the deepest interest in this body with which by your kindness I am to be so vitally connected.

MRS. J. T. WHITMORE.

SILK "UNDIES" TABOOED IN TALKIE STUDIOS; TOO NOISY, SAY ENGINEERS

After a desperate battle with temperamental women stars, silk underclothes have been ruled out of the talking picture studios of Hollywood. They are too noisy.

Peter Vischer, noted movie critic, writing of the difficulties of the new industry in Farm & Fireside, relates how one film was continually harrassed by noises appearing in a drawing room scene. One expedient after another was tried but that harsh, swishing noise continued to mar the picture. A research man who was called in finally pointed to the woman star and declared that she must be wearing silk underclothes. The star admitted that she was wearing silk underclothes and said she would like to see the director, manager or president of a company who could make her stop wearing them. She insisted that it was ridiculous to think that silk undergarments could make noise enough to spoil a picture.

The incident served to show, however, the keenness of the "ears" of the modern talkie camera. The microphones are especially sensitive to the rustle of silk, and it is magnified to tremendous proportions in comparisons with other sounds. Recently in a picture with Jeanne Eagels playing the murderess two days were required to figure out a method by which she could light a cigarette. The scratch of a match or the click of a lighter came out with the violence of explosions.

Other films have found it necessary to make their stars wear rubber jewelry, as the clicking of a bracelet or of friction between two stones are magnified to the most grotesque proportions. In a recent picture, "The Letter," a cat was made to paw gently at a door. To the ears of the company and the director this made no sound. Reproduced, it sounded like a thunderstorm. Composition gears for the cameras are the latest invention in the fight against sound.

"IT WAS A PIPPIN"

Charley Ross, who comes in and out of the Times-Signal every once in a while, said Monday while renewing his paper for another year: "I want an extra copy of your paper of the 18th, the eighteen page one, to send to my sister. It was the greatest and best Snyder paper that was ever issued." For those fine remarks, Charley now stands in line to receive the fur-lined bath tub.

ATTENDS DEALERS MEETING IN ABILENE

New methods of tire servicing and the proper equipment for enabling Goodyear dealers to help their customers get the most mileage out of tires was the theme of the dealer meeting held at the Hilton Hotel in Abilene last week at which Goodyear dealers were the guests at dinner of the Goodyear Tire & Rubber Co.

Ralph Hicks of the Highway Garage, local Goodyear service station, attended.

"Better ways of merchandising tires, better methods of servicing tires so the customer will get all the mileage that is built into them and up-to-date methods of operating a service station were some of the more important features of the program," said Mr. Hicks.

A six-reel motion picture entitled "Going Ahead with Goodyear" showed up-to-date methods of tire merchandising and of servicing tires, which gave everyone a lot of good ideas, according to Hicks.

Some of the ideas which he received he said were to be included in his service and sales departments as quickly as possible.

ANNOUNCING

Having purchased the Hollingsworth Grocery and Market this week we are establishing Saturday and Monday Specials that are appealing to the pocket-books of Snyder and Scurry County buyers.

OUR SPECIALS THIS SATURDAY AND MONDAY

THE SNYDER NATIONAL BANK

The Oldest Bank in Scurry County—Nearly a Quarter Century Complete Banking Service.

POLAR NEWS

It looks very favorable for a rain at this writing. Polar people would wear a broader grin if we could get a good rain.

Bro. Mac Wytte of the Apostolic faith has been holding services at Polar since Saturday night and will continue through a part of this week. Everyone is invited to attend.

Sunday school was well attended Sunday. There were many mothers and fathers present. We hope the parents of Polar will take more interest in the Sunday school.

A crowded house met for singing again Sunday night. A number of visitors were present from Dermott and Snyder. Among them were three members of the Dixie Quartet. Visitors are always welcome at Polar.

On last Thursday night the Clairemont Dramatic Club presented the play, "Always in Trouble," at Polar school house. Everyone present reported the play a success, and a scream from start to finish.

Polar people met at the school house Friday night to help decide whether Kent County should have a farm agent. A number of speakers were present who discussed different phases of the work of a county agent. Among the speakers were Judge Horace Holley, A. A. Bullock, County Agent W. O. Logan, of Snyder; Mr. Billings, Kent County commissioner, and others whose names this writer did not get. We hope Kent County can have a farm agent if he will work at the job and cause our county to come out of the ruts.

G. M. Elkins and wife and A. C. Elkins and wife were called to the bedside of Joe Stokes of Big Spring last week. Mr. Stokes is an uncle of Mrs. G. M. Elkins and has been bedfast with paralysis for some time.

Mrs. Thompson and baby girl, cousins of J. T. Simms, are guests at the Simms ranch.

A. C. Elkins, G. M. Elkins, Mr. and Mrs. B. A. Moore and Mr. and Mrs. E. L. Patterson attended quarterly conference at Gail Sunday.

Mr. and Mrs. Johnnie Hoyle were visitors with Mrs. Hoyle's parents near Snyder Saturday night.

Ivan Elkins is working for the J. C. Penney Company at Snyder. We regret losing Ivan, especially from our Sunday school, but we wish for him success.

Mrs. Ethel Butts, daughter of Mr. and Mrs. R. C. Hoyle, was among the visitors at Polar Sunday night.

Burl Ford returned from the Snyder hospital last week, and we are glad to report him able to be up some.

Misses Pauline Kelly, Iris Bullock, Dell, Marie Cumble, Gladys Vick, Aletha Vick, Mrs. G. M. Elkins and Mr. and Mrs. W. T. Vick were all Sunday guests in the home of Mr. and Mrs. J. A. Martin.

A Heath boy, brother of Mrs. [illegible] was a Polar visitor last week.

F. A. M.

DERMOTT NEWS

Good Sunday school at Dermott and a fine congregation at preaching service conducted by Rev. W. H. Harris of Fluvanna.

The play, which was given Saturday, "The Daughter of the Desert," was a good success and was enjoyed by a large audience.

Our school will close Friday, and a program will be given Friday night. Everybody is invited to attend.

We are sorry to report the illness of Mrs. Warren Scrivner. We are hoping for her an early recovery.

Mrs. William Chowns is sick this week.

Mrs. Emma Browning left Saturday afternoon for an Abilene sanitarium for treatment.

Dewey McKay and wife of Oklahoma are visiting his sister, Mrs. J. L. Locke, this week.

Mrs. Mary Hulsey and children spent last week visiting Mrs. W. K. Reagan in Post.

Mr. and Mrs. Fletcher of the Bethel Community spent last weekend with her mother, Mrs. Jim Steel.

Richard O. Blair and wife left last week for Los Angeles, Calif.

Mr. Jacobs of Bethel attended church at Dermott Sunday morning.

Ira Burroughs, who recently had a well drilled, struck plenty of water at 259 feet. The well is standing 59 feet in water.

The Dermott baseball team played Snyder and Bethel Sunday afternoon: Dermott beat Snyder 9 to 2, but Bethel beat Dermott 6 to 5.

Edgar Scrivner of Oklahoma is visiting with relatives here.

J. L. Locke and family visited relatives in Snyder Sunday.

M. J. H.

Citizenship Luncheon Held

By Mrs. Wraymond Sims

Following the Friday morning session of the Eighth Annual Convention of Seventh District Clubs, a luncheon program at the basement of the Presbyterian Church was served in three courses, honoring the state officers and chairmen.

The patriotic color scheme was carried out in table decorations, with red carnations, flags and table favors of gold mint baskets tied with red, white and blue ribbons. Special decorations that added taste were a miniature Mayflower and miniature fort equipment. Another colorful note was Martha and George Washington, Betsy Ross and our Boy Scouts.

Mrs. J. E. Sentell, being hostess, introduced Mrs. W. P. Averitt of Lamesa, chairman of the Department of American Citizenship. The invocation was given by Rev. Thos. M. Broadfoot. Music during the luncheon was furnished by the Snyder High School Orchestra. A reading, "Your Flag and My Flag," was given by Betsy Ross, being Mrs. Ivan Dodson of Snyder. Salute to the Flag was also given by Mrs. Dodson and Banie Smith and Billie Lee, Boy Scouts.

"America, the Beautiful" was rendered by Mesdames Sentell, Boren, McDonald and Smith.

Then came the general reports under the general chairman on Americanization by Mrs. Huey of Pampa; on citizenship training by Mrs. R. R. House, Pampa; co-operation with war veterans, by Mrs. T. L. Brown of Tulia; Indian welfare, by Mrs. J. M. Rutherford of Chillicothe. Public welfare was given by Mrs. W. R. Blake of Paducah and others on the committee. The program continued with a vocal solo, "Indian Love Song," by Mrs. Chas. Smith of Amarillo. With introduction of the American home, Miss Thelma Lee Norman of Lamesa gave a reading, "Home."

Mrs. R. A. Baldwin of Slaton being ill and unable to attend, Mrs. Phebe K. Warner gave an interesting talk on "Boys and Girls," featuring proper training in the home to make proper men and women, also their neglect due to finances as well as disregard for them. Mrs. Biddy of Paducah sang a solo, "Little Grey Home in the West."

"Key Homes" and the American Home reports were then given, with Mrs. R. L. Young of Mineral Wells giving the main report.

Following the American Citizenship report, a first prize of ten dollars was presented to Slaton and a second prize, a picture of George Washington, was presented to the Altrurian Club of Snyder from the Citizenship Department.

District and state prizes were awarded, and from the Public Welfare Department on essays in high school and college competition, the district and the state prizes were each won by the same persons.

"The Star Spangled Banner" was sung in unison and was led by the Snyder High School Orchestra.

Friday Night Program Good

By Mrs. E. J. Anderson

Following the president's dinner honoring Mrs. F. T. Collins, came the President's Evening with Mrs. S. J. Bailey of Quanah, first vice president, presiding.

Following the invocation by Rev. G. S. Hardy, Mrs. Howard McDonald and Mrs. W. W. Smith sang "Barcarolle" from "Tales of Hoffman," with Mrs. A. C. Preuitt accompanying.

Mrs. Wayne Boren gave greetings from Snyder. Miss Helen Boren, undergraduate assistant in the music department of T. C. U., gave two piano numbers, Waltz in E by Moszowski, and "Butterfly Etude" by Chopin.

important place in every woman's life of federated club work, and gave particular emphasis to one department of club work, that concerning world peace, with a plea for the education of our youth to peace. Her parting message to the women of the Seventh District was, "Think."

Mrs. W. R. Potter, president of the Texas Federation, praised the achievements of the Seventh District the past two years, one of which is the planting of 18,000 trees under the able and efficient leadership of Mrs. Collins, retiring president of the district. Mrs. Potter stressed the very definite and on the things that bind us together, rather than the things that separate us."

Miss Evelyn Doolin of Paducah gave two violin numbers, "Transquita" by Kreisler, and "Kopoldanz" by Eberhardt.

Mrs. Collins introduced the department chairmen—the woman power of the district—each chairman explaining briefly the purpose of her department. Mrs. Chas. F. Smith of Amarillo sang "Invocation to Life" by Spross.

In a wonderful address, "Thinking, Planning, Building," Mrs. Collins recalled the achievements of women from the dim ages down to the present. She stressed, as did Mrs. Potter, the value of federated club work for every woman, opening as it does, countless avenues leading to a higher cultured life and giving the opportunity for a perfect blending of friendship between the women of country and town.

WHAT'S DOING IN WEST TEXAS

ROCHESTER is laying claim to being the smallest town in the world with talking pictures. Greenwade, owner of the Rochester Theatre, says that the newly installed machinery will make it possible to feature all the latest Vitaphone pictures. All talking pictures will be shown the first three nights of the week.

SWEETWATER'S band will be in charge of Geo. H. Winter after May 1. Winter has a record of 24 years in band experience in university and industrial organizations. He was leader of four different army bands during the war. He will conduct classes in band and orchestra instruments at his Municipal Building offices.

WINTERS will hold an annual "Living at Home Fair" beginning with June 20, 21 and of this year. Exhibits by communities and individuals, 4-H Clubs, vocational agricultural judging contests, short courses and field day, a "Live at Home" banquet and the opening of the airport will be featured.

FELT BAD AFTER EATING

"FOUR YEARS ago, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. "I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation. "I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught." —Mrs. G. C. Leary, 103 North Alston Ave., Durham, N. C.

Thedford's BLACK-DRAUGHT for Constipation, Indigestion, Biliousness

WOMEN who need a tonic should take CARDUI. Used by women for over 60 years. EX-143

CHURCH OF CHRIST
at
Scarborough & Faught Sts.

Lest we forget, let us recall the major objective of all mankind; that is, the welfare of man. I fully believe that all men are earnestly seeking this end, though we seek it each according to his own personal views. So is it in the economic world. Each seeks wealth according to his own way, and there are many ways. According to statistical record, only five per cent attain the end sought. The other 95 per cent fail. What is wrong? The answer is easy—they have followed the wrong course. They have possessed poor business vision, have exercised the wrong business judgment in purchase or in credit, or they have let the overhead expense eat up their profits.

So it is in the pursuit of life and our intentions toward the betterment of mankind. Some pursue this course and some pursue that or the other. The sad part of it is that too many pursue it according to their own limited human wisdom. In so doing they leave out the great fundamentals of life given to man for his benefit by divine inspiration from the throne of wisdom. The Christ has left His Church to labor among men for this distinct purpose. Through it, the ministry strives to enlighten men concerning these great underlying principles. It may be that this ministry, in many cases, fails; but in most cases we have found it in a receptive attitude, offering an attentive ear to suggestions from the so-called laity. In any event the inspired prophet said: "Come, let us reason together." It too often happens that when we neglect the church by reason of the fact that we do not like its policy or its methods, we neglect that which points toward the goal of our life and take up with that which points, though not openly, to the destruction of that great end. Might we, in so doing, be among the 95 who are mistaken? Christ, than Whom the world cannot boast a greater, came and taught us those great fundamental principles. He invites mankind, through His Church, to heed them.

The Church of Christ at Scarborough and Faught streets invites you to come to each of its services and study them with it.

Bible School, 9:45 a. m., A. J. Cody, superintendent.

Dear Times-Signal:
Will you please announce through your paper that Ruth Letcher's name, High Fourth Grade, was left off the honor roll by mistake of her teacher copying list.
Very truly yours,
Mrs. Lemley.

TURNER SCHOOL VISITS CANYON

The Turner school children with Miss Mell Thompson, principal, and Miss Tiny Poteet, with their trustees and other progressive citizens of the Turner community visited the Canyon school last Friday afternoon for the purpose of seeing with their own eyes the great value of the vocational work when it is installed in a rural school.

The visitors arrived at 1:15 p. m. The Canyon school entertained them with a 45-minute program which consisted of songs and readings given by the primary room, directed by Miss Stark, songs by the high school quartet, and readings, songs and two songs were rendered by the primary orchestra which is directed by Mrs. Harris.

Mr. Bratton, one of the Canyon school trustees, gave an outline of the building program which was made just before this school term.

After Miss Thompson assured the school of the visitors' appreciation of the program, they were directed to the domestic science room by Mrs. Harris, instructor of this department, where the sewing class was inspected, also the cooking equipment.

The visitors were directed to the shop building by Prof. Harris, instructor of this department where they inspected some up-to-date cabinet work, and the mending chairs that were previously discarded from use, and other articles of wood work, also the germination seed tests in the agriculture class.

After the inspection of this work and equipment, the Canyon school baseball team played a 7 to 4 victory over the Turner team.

The Canyon school is one of the leading rural schools in Scurry County. This is the second school that has visited the Canyon school for the purpose of getting ideas to take back to its community and school. It also has an accepted invitation of another.

Reception Is Given Thursday

By Mrs. Nelson Dunn

A most colorful event and a very appropriate one for welcoming the delegates to the Eighth Annual Convention of the Seventh District to Snyder was the complimentary tea given at the spacious home of Mr. and Mrs. O. P. Thrane in West Snyder from 5 to7 o'clock Thursday afternoon.

Bright pot plants and great bowls of beautiful roses made the reception rooms more attractive. The lovely dresses of the house party added much to the scene, and the pretty little pages in their party frocks looked like huge rosebuds as they clustered on the stairs.

A delightful program was rendered throughout the two hours, featuring Mrs. Charles F. Smith of Amarillo, singing three favorite negro spirituals in her inimitable way, Lucille Brown reading "Ann of Green Gables," the Snyder Choral Club in two numbers, the High School Choral Club in two numbers, Herman Trigg in a saxophone solo, Harold Brown singing a group of songs, and Mesdames Preuitt and Banks in a piano duet.

Pink and white carnations were given to everyone with the compliments of Bell's Flower Shop. About 375 were served a dainty two-course plate intended to take the place of the evening meal. It was a massive party, and although the out-of-town guests seemed glad to be here and were easy to entertain, Snyder women put forth their best effort and gave them a very hospitable welcome.

Beryllium, a metal lighter than aluminum, is much harder, and scratches glass easily.

Gordon Says He Is Like New Man

"Words cannot express the good I derived from Sargon," recently declared B. H. Gordon, Southwestern Representative of Dodd Mead & Co., one of the largest school book publishing houses in America.

B. H. GORDON

"I was in a terribly run-down condition and suffered constantly from stomach trouble. My kidneys gave me so much trouble I had to get up eight or ten times every night. I was underweight and had so little strength I could attend to no business at all that required physical exertion. Treatments and medicines consistently failed to help me.

"I talked with several people who had taken Sargon. They were so enthusiastic over the medicine I decided to try it. I was greatly surprised by the actual results. I am like a new person. I am no longer troubled with my kidneys, and I sleep like a child. I relish my meals and everything agrees with me. I have gained ten pounds and attend to my every duty now without tiring.

"Sargon is wonderful, and I would tell everybody in the world about it if I could."

Mr. Gordon maintains offices in the Gunter Bldg., San Antonio. He is one of the foremost authorities on educational matters in the Southwest.

Sargon may be obtained in Snyder at Warren Brothers. 46-1tc

LOOK NOW FOR GOOD INFERTILE EGG MARKETS

It is wise for poultry raisers to begin now to look for markets that will pay a premium for infertile eggs, for with the coming of warm weather next month farm eggs will likely be discriminated against in price because of the wide prevalence of fertile eggs. Producers who follow the good management method of selling off most of the roosters now and penning the remainder will be well repaid, provided they make arrangements to dispose of fresh infertile eggs for extra prices. It is usually possible to do this, either individually or through egg circles or associations, for the public demands good eggs and is willing to pay extra to get them.

In suggesting such a course of action, E. N. Holmgreen, poultry specialist in the Extension Service of A. and M. College, calls attention to the great increase in recent years of co-operative selling of fresh, infertile eggs in Texas. Last year alone groups of farmers and farm women in more than 100 counties sold eggs for premiums ranging from two cents to seven cents per dozen. In most cases local merchants handled these quality eggs on a small margin or bought them outright for re-sale.

"Summer poultry success," says Mr. Holmgreen, "depends on keeping up production and getting premiums on infertile eggs. With the coming of warm weather broodiness increases and production falls off unless something is done about it. Put the broody hens into coops in order to break up broodiness and maintain high production so necessary to profits."

FINE ARTS REPORT

Madam President and members of Seventh District, T. F. W. C.:

To present a comprehensive report of this department would be impossible, for it is bound up and woven into the lives of women all over Seventh District.

Since the question was asked by the General Federation, "What are women most interested in?" and the survey showed that they were most interested in life and its ever changing phases, we know that the club program is going to be made up of the topics that will develop and make each woman feel that she is achieving that finest of all fine arts—The Fine Art of Living.

Through the three divisions we have stressed the unique function of each art and shown the unity while preserving the proper balance of the three divisions.

Mrs. Ray Wheatley as chairman of the division of literature has done a splendid piece of work in arranging and putting into the hands of the clubs a program on Preservation of Legends and Romance of Texas; which have been heartily received.

Mrs. S. H. Madden, chairman Bible as Literature, has encouraged and insisted on clubs using the Bible more and that it be read in public schools.

The division of music has five chairmen. Mrs. J. M. Debenport has given untiringly of her time to help the clubs to a sympathetic understanding of her work as outlined by the General Federation.

Last year Dalhart won the loving cup and again this year the cup was contested for—Mrs. Smith of Amarillo conducting the contest.

The division of art has seven chairmen.

Mrs. Ted Bones, chairman of Education by Ownership, has carried forward her work and tried to give aid where needed.

Mrs. A. P. Duggan, chairman Texas Artists and Sculptors, has cared for her work in her own efficient way.

Mrs. Sterling Buster, chairman Industrial Art, which is a new department, has succeeded in doing some very constructive work.

Mrs. Sam Isaacs, chairman of Placing Paintings and Sculpture in the Schools, has shown her competence and comprehensive understanding of her task by the wonderful achievement she has attained. She has given generously of her time and money to make each community realize the importance of this phase of her work.

Drama division has been most splendidly cared for by Mrs. E. H. Rowley, who has given much help to those wishing programs on the drama, also to the Little Theatres in the selection of plays.

The department chairman has endeavored to answer all calls from each division having sent letters twice during the year to chairmen and much oftener when the work required it. She was invited to speak at Paducah on a county federation program, at Canadian on "Guest Day" at Fine Arts Luncheon at state meeting at Denton. She has also written two articles for press and prepared a full report of the year's work for the state chairman and cooperated with her on other occasions to promote the work.

Respectfully submitted,
MRS. J. H. JERNIGAN,
Chrmn. Dept. of Fine Arts.
Childress, Texas.

DEATH CLAIMS SEN. JOSEPH W. BAILEY

Joseph Weldon Bailey, former United States Senator from Texas and one of the last of the old-time silver-tongued orators, died suddenly in the district court room at Sherman in the midst of a law suit.

The echo of the former great statesman's last words hardly had died when his head was seen to fall to his chest.

A hurried examination revealed he was unconscious. Physicians and a pulmotor were summoned, but their efforts were unavailing and within a few minutes he was pronounced dead.

Dr. A. H. McElhannon, one of the four who examined the former senator, said death had been caused by a clot of blood in the heart.

Marked by his picturesque dress give you 30 minutes to write a oratory, Mr Bailey was at one time the United State's Senate's outstanding opponent of prohibition and woman suffrage. He held out against them, he frequently said, not because he regarded them as evil in themselves but because he saw in them an encroachment on state's rights, his fundamental political principle.

DO YOU KNOW THAT—

The first railroad in the United States chartered for general use was in the South?

The first successful steam locomotive in the United States was put into operation by a Southern railroad?

Over 34 per cent of the total railroad mileage in the country is in the South?

Since 1860, the South has shown an increase in railway mileage of 845 per cent, as against 465 per cent for all remaining states?

The first steamship to cross the Atlantic was owned by Savannah capital, and sailed from Savannah?

Southern export values are more than double those of the Pacific Coast?

Import values through Southern ports have, in the past quarter century, increased more than 840 per cent, as against approximately 350 per cent for all remaining ports in the nation?

Southern ports handle 42 per cent of the country's total water-borne tonnage?

Navigable rivers of the South, exclusive of the Ohio, the Monongahela, and canals, handle over 17,250,000 tons of water-borne commerce annually?

Would you throw away a diamond because it pricked your hand? One good friend is not to be weighed against the jewels of all the world. If there is coolness or unkindness between us, let us come face to face and have it out. Quick, before love grows cold!

The British peer who is going to wed our pretty Miss Bankhead evidently has a by no means uncommon case of Tallulahremia.

PICNIC AT SCOTT'S RANCH

A group of young people enjoyed a delightfully planned picnic at Scott's ranch last Thursday evening. Those present on this occasion were Misses Frances Harris, Martha Gray, Vera Nell Grantham, Eloise Scott, Mary Harkey, Ozelia Squyres, Evelyn Richardson, Etta May Ware, Clarabelle Clark, Vesta Green, Mary Lawlis, Margaret Carrell, Lucille Carpenter, and Messrs. Holey Lewis, Marshall Higgins, J. P. Strayhorn, Fritz R. Smith, Ralph Crenshaw, Fred Merrill, Adrian Rhea, J. D. Scott, Van Bratton, Jesse Sellers, Charles Cauble, and Mr. and Mrs. Noel Banks and Mr. and Mrs. W. H. Ritzenthaler.

MARRIED HERE

Dr. D. C. Wylie Jr. was married to Miss Blanche Jordan Sunday at the home of Mrs. Estelle Wylie by Rev. G. S. Hardy. Both parties live at Aspermont and are well known here. Congratulations are in order and extended to these fine young people.

THURSDAY NIGHT BRIDGE CLUB ENTERTAINED

Dr. J. G. Hicks entertained the Thursday Night Bridge Club members and guests at the home of Mr. and Mrs. George Oldham.

At the conclusion of the bridge play, Mrs. Ivan Dodson, Miss Edith Grantham and Wraymond Sims received high score awards. Refreshments were passed to Messrs. and Mesdames Maurice Brownfield, George Oldham, Sam Hamlett, J. E. Sentell, G. B. Clark Jr., Wayne Boren, W. T. Raybon, Ivan Dodson, and Messrs. Forest Sears, Albert Norred and Mrs. Lee Newsom and Misses Edith and Vera Nell Grantham.

MRS. R. S. SNOW ENTERTAINS MONDAY

Mrs. R. S. Snow named Mrs. Thos. M. Broadfoot honoree Monday afternoon when she was hostess to the Ladies Aid Society of the First Christian Church at her home.

Games were the diversion of the afternoon, after which a delicious salad course was passed to the following members and guests: Mesdames Thos. M. Broadfoot, A. J. Cody, Fritz R. Smith, W. B. Stanfield, A. C. Kendall, Pat Johnson, Lane, Wasson, Geo. Brown, J. H. Hamlett, George Harris, O. D. Carter, W., T. Baze, Smith, Pierce, and Misses Catherine Smith and Elizabeth Smith.

MISS WASKOM ENTERTAINS

Miss Larry Beth Waskom complimented Mrs. John Case of Corsicana with an attractively planned bridge party last Wednesday afternoon at her home.

At the conclusion of the interesting bridge play Mrs. G. B. Clark Jr. held high score. The hostess presented the honoree with a gift. A salad course was passed to Mesdames Garrett Harrell, G. B. Clark Jr., Clyde Shull, Fred Wagoner of Amarillo and Misses Frances Harris, Clarabelle Clark, Vesta Green and Forest Wicker.

MRS. JOHN CASE HONOREE AT PARTY

Mrs. John Case of Corsicana was named honoree by her aunt, Mrs. A. L. Stoker, at a prettily planned bridge party Thursday afternoon at the home of Mrs. Stoker.

In a setting of charm tables were arranged for the bridge play. At the conclusion of the games Mrs. Fred Wagoner of Amarillo received high score award, while Mrs. Case was presented with guest prize. Refreshments were served to Mrs. John Case and Maurice Brownfield, Robert H. Curnutte Jr., G. B. Clark Jr., George Oldham, Clyde Shull, J. P. White of Colorado, Mrs. Fred Wagoner of Amarillo, Melvin Blackard, Amos Joyce, and Misses Alma Nell Morris, Faye and Myrtle Harrell, Clarabelle Clark, Vesta Green and Larry Beth Waskom.

YO SAN CLUB MEETS

Mrs. Dee Singletary was hostess to the Yo San Bridge Club members last Wednesday afternoon at her home.

In the bridge play Mrs. Wesley Evans received high score and Mrs. Claude Sims second high, while Mrs. Addison Casstevens received low score.

A two-course luncheon was served to Mesdames Pill Hutchinson, Addison Casstevens, N. Von Roeder, Wesley Evans, Henry Ware, Claude Sims, and a guest, Mrs. Earl Johnson.

SAN SOUCI MEETS

Mesdames T. S. Gates, Clyde Shull and Miss Lucille Carpenter entertained the San Souci Club members and guests Tuesday evening at the home of Mrs. Shull.

After the bridge play refreshments of ice cream molded as roses and cake was passed to the following club members and guests: Mesdames J. P. Nelson, Wayne Boren, James R. Hicks, Forest Sears, W. H. Ritzenthaler, Robert H. Curnutte Jr., J. P. White, G. B. Clark Jr., Fred Wagoner of Amarillo, George Oldham, Lewis Blackard, Maurice Brownfield, Melvin Blackard, Amos Joyce, Ixon Joyce and Misses Cecile Strayhorn, Neoma Strayhorn, Myrtle and Faye Harrell, Hattie Herm, Gertrude Herm, Nell Gilley, Edith Grantham, Clarabelle Clark, Alma Nell Morris, Vesta Green, Eloise Scott, Martha Gray, Vera Nell Grantham and Larry Beth Waskom.

HONOR COMES TO SNYDER GIRL

Miss Constance R. B. McJimsey, eldest daughter of Judge and Mrs. C. R. Buchanan, who is attending [illegible], was recently notified that she had been appointed third alternate in the list of university fellowships under the Faculty of Philosophy. Awards totaling $70,000 went to students from 17 states and foreign countries. Miss McJimsey was one of 19 women to be rewarded, and the Times-Signal wants to join with the young lady's many local friends in extending hearty and sincere congratulations.

TWENTIETH CENTURY CLUB MEETS

Mrs. Wraymond Sims delightfully entertained the Twentieth Century Club Tuesday afternoon at her home. Mrs. P. C. Chenault conducted the lesson for the afternoon.

Those taking part on the program were Mesdames Joe Strayhorn, H. M. Blackard and Allen Warren. Little Miss Cyrella Fish gave a reading. Refreshments were served to the club members and the following guests: Mesdames B. G. Johnson, Wesley Evans, Earl Henry and N. B. Moore.

Much Business Done Saturday Morning at Meet

By Mrs. Dora Cunningham

The closing session of the annual convention of the Seventh District Federation of Women's Clubs opened at nine o'clock Saturday morning in the auditorium of the First Methodist Church. Mrs. F. T. Collins, president, was in the chair.

The invocation was given by Rev. W. F. Ferguson. Mrs. Fox, reporting for credentials committee, reported that fifty-seven delegates and sixty visitors had registered for the convention.

The chair called for county federation reprots. The following reports were gixen: County Council of Rural Women, Armstrong County; Department Club, Childress; Foard County Federation; Crosby County Federation, City Federation, Lubbock. Mrs. Brown moved adoption of reports, motion carried.

Club reports from clubs whose names began with letters from P to Z were called for and followed: Jr. Thursday, Shamrock; Thursday Fine Arts, Shamrock; Thursday Literary, Shamrock, E. R. Tinsley; Alpha Study Club, Snyder; Junior Athenian, Shamrock; San Souci, Snyder; Woman's Culture, Memphis; Sorosis Club, Paducah; Woman's Club, Canadian; Home Economics Club, West Texas State Teachers College, Canyon. Motion by Mrs. E. R. Tinsley that reports be adopted. Motion carried.

By special permission Mrs. Geo. Vineyard of Amarillo gave outstanding points from report of legislative chairman, Mrs. C. M. Holt, Amarillo. Mrs. J. H. Jernigan, chairman of department of fine arts, reported on that phase of work. Mrs. Fox, Childress, reporting for Mrs. J. M. Debenport, gave the report on musical education.

Mrs. Arthur Duggan, Littlefield, chairman of Texas Artists and Sculptors, brought a wonderful visionary report in the exhibit of paintings of Miss Eva Fowler of Sherman, one of our own Texas artists.

Mrs. J. C. Thomas, Childress, newly appointed chairman of art, expressed appreciation of opportunity to serve in this department of work.

Mrs. Sam Isaacs, Canadian, chairman of placing paintings and sculpture in schools, reported a generous response on the part of clubs in district to the requests of this department in answering letters and placing busts of artists and sculptors in schools.

Motion made that reports be adopted, carried.

Mrs. W. I. Whitsell, Canadian, read letter from Mrs. Maggie W. Barry, asking that clubs subscribe for the General Federation News.

Request of Mr. H. D. Wade asking cooperation in removing wrecked automobiles from along the highway was considered. Motion was made by the secretary that letter be written to Mr. Wade assuring him of our willingness to cooperate in the affair. Mrs. Warner suggested that said automobiles be filled with tin cans before being removed.

Mrs. T. V. Reeves, Canyon, spoke on the importance of resolutions and asked the delegates to take these resolutions to their clubs and ask the clubs to study them.

Mrs. S. E. Fish, Amarillo, gave a splendid report of Potter County Federation.

Mrs. W. B. Hampton announced the decision of the judges in best report of individual clubs. The prize of five dollars in gold given by Mrs. F. T. Collins, went to the Thursday Fine Arts Club, Shamrock. Best individual club report, Potter County Federation. Committee to judge health reports were not ready to report and will report through the press.

Mrs. S. J. Bailey, chairman of Junior Membership, awarded gavels to the following clubs: Junior Athenian Club, Shamrock; Senior Athenian Club, Shamrock; Junior Thursday Literary, Shamrock; Senior Literary, Shamrock; Thursday Fine Arts, Snyder.

Secretary read newspaper clipping announcing that Miss Katherine Marshall had won a state wide oratorical contest in competition with other high school pupils and will represent the state of Texas in the southern finals in New Orleans. Miss Marshall is a daughter of Mrs. J. C. Marshall, Quanah, chairman of club extension.

Pampa, through her representatives, Mrs. W. A. Bratton, Mrs. R. R. House and Mrs. James Todd, extended a cordial invitation to the convention to meet in that city in 1930. Mrs. Roy Guthrie asked consideration of Memphis as hostess city for 1931. Mrs. J. T. Whitmore, reporting for executive committee, announced that the committee voted to accept the gracious invitation of Pampa to have the Ninth Annual Convention of the Seventh District in that city.

Mrs. J. H. Jernigan announced the decision of judges in singing contest: Snyder, first place; Lamesa, second. Mrs. Fritz R. Smith in accepting the beautiful cup spoke very feelingly of their appreciation.

Motion by secretary that constitution and by-laws be set aside and the election of officers be by acclamation, and motion carried. Mrs. J. E. Griggs moved the election of Mrs. J. T. Whitmore of Snyder for office of president; Mrs. Whitmore unanimously elected.

Mrs. W. B. Hampton moved the election of Mrs. Tillman Jones of Post for office of first vice president; Mrs. J. H. Jernigan moved the election of Mrs. W. I. Whitsell for office of second vice president. Mrs. Whitmore introduced Mrs. H. G. Towle, Snyder, as secretary-treasurer for 1930-31.

Mrs. Phoebe K. Warner moved that the Seventh District observe March 2 as Texas Artist and Sculptors Day; motion carried.

Mrs. Frank Neal, Amarillo, announced that the time for the essay on Peace had been extended to May 1. Mrs. J. M. N. Gill, state chairman of narcotics, made an interesting talk on the work of her department.

Mrs. H. G. Towle, memorial. Prayer and silent prayer. Minutes read and approved.

RESOLUTIONS

The following gracious resolution was read.

Whereas, the Seventh District of the Texas Federation of Women's Clubs in the eighth annual convention assembled April 25-27, has been so hospitably and delightfully entertained by the citizens of Snyder; Therefore, be it resolved, that we do extend to the hostesses of Snyder our sincere appreciation of the many courtesies which have been extended to our members and guests.

Be it further resolved that the Seventh District of T. F. W. C. express its deepest gratitude to the merchants, study clubs, social clubs, schools and churches for this colorful convention which has been prepared for and carried out so artistically and successfully; to the Methodist Church for the use of its spacious auditorium; to the charming pages for their untiring and cheerful services; to the Bell Flower Shop for the beautiful carnations; to the Chamber of Commerce and Lions Club for their generous cooperation; to the inspirational speakers and talented artists we are deeply indebted for their splendid entertainment on our program. To the Scurry County Times whose labors have kept pace with the activities of all proceedings, and to all the efficient local chairmen, we voice our appreciation.

To our president, Mrs. F. T. Collins, who has so ably conducted the business affairs of this convention, we express our sincerest appreciation.

MRS. W. B. PRICE, Chmn.,
MRS. S. E. FISH,
MISS CAPITOLA GERLACH.

Resolved, that Seventh District T. F. W. C. goes on record urging that all arteries, highways, including streets which are arteries of highways through towns and cities, be protected by stop signs and that no local road enter an arterial highway except past a stop sign. This needed protection can be secured only through the State Legislature, therefore, be it resolved that copies of this resolution be sent members of the Texas Legislature who represent the Seventh District of the Texas Federation of Women's Clubs.

MRS. W. I. WHITSEL, Chmn.,
Street and Highway Safety.
By Mrs. J. H. Jernigan.

We, the representatives of the Potter County Federation of Women's Clubs, do respectfully submit the following resolution:

WHEREAS, it is the policy of the Texas Federation of Women's Clubs to foster all improvements tending to develop scenic beauty, and, at this time there is a concerted desire to have a scenic driveway made through the Palo Duro Canyon, and the establishment of this driveway will result in the following:

First: It will open up a wealth of beauty in the Palo Duro Canyon that is now known only to a few;

Second: It will have an economic value in the increase of tourists travel;

Third, It will afford a location for Art Colonies;

AND WHEREAS this is the strategic time to present this question:

NOW, BE IT RESOLVED, that the Seventh District of Women's Clubs actively endorse the establishment of this scenic driveway and as clubs and individuals we not only seek to arouse and stimulate the interest of county officials and citizens in the territory contiguous to the Palo Duro Canyon, but that it also be called to the attention to our several Representatives and Senators.

RESOLVED: That the Seventh District Texas Federation of Women's Clubs go on record as favoring the inclusion of a Dean of Girls on each first class high school faculty, because of the need of a person trained in handling the problems of girls during a highly critical period. This does not mean an additional faculty member, or necessarily additional expense, but implies that of the women on the high school faculty one shall be a person trained in dealing with adolescent girls.

MRS. T. V. REEVES,
MRS. PHOEBE K. WARNER
MRS. J. A. HILL.

We, the representatives of the Potter County Federation of Women's Clubs, beg to submit the following resolution:

Since a division of the Texas Federation of Women's Clubs has for its basic interest the preservation of all things of historic value, and, since the purpose of the Panhandle Historical Society is to assemble and preserve memorials of interest, especially to the Panhandle section of Texas, therefore,

BE IT RESOLVED, that the Seventh District endorses the project of the society looking to the establishment at this historical location, to-wit, the Headquarters of the old T-Anchor Ranch, a museum to house the historic collections now in the possession of the Society, as well as those which may be added from time to time.

PHOEBE K. WARNER,
MRS. S. E. FISH,
LAURA V. HAMNER.

To the Seventh District Texas Federation of Women's Clubs:

The Woman's Department Club of Childress wish to submit the following report:

Active members 253; associate members 50; new members 50; departments 10.

Through all departments have raised $8870.97.

Through all departments have spent $3826.29.

This amount is exclusive of the building fund and donations for club building.

The outstanding accomplishment of the year was the completion and dedication of our new club building which was erected at a total expense of about $50,000 including furnishings and lots. The building is 45 by 95 feet and contains auditorium, club rooms, library, rest room and two modern apartments for rental revenue. The building was financed by a building fund accumulated through the years supplemented by donations of $1035 and a loan placed for the balance. At the dedication in October we were honored by having with us both our state president, Mrs. Potter, and our district president, Mrs. Collins. These ladies were guests of the executive board at a dinner after which the program of dedication was held at the club house. Both Mrs. Potter and Mrs. Collins favored us with an appropriate address, and talks were made by the

PRODUCT OF GENERAL MOTORS

Before you buy a car it's wise to compare with

THE NEW PONTIAC BIG 6

Some people make a fundamental mistake when they go to buy a car. They receive a demonstration and they compare the new car only with the car they are about to trade. To help you avoid this mistake we have arranged a special demonstration of the New Pontiac Big Six. See the others, by all means. But see the New Pontiac Big Six, if only for the sake of comparison.

Prices $745 to $895, f. o. b. Pontiac, Michigan, plus delivery charges. Bumpers, spring covers and Lovejoy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

School Affairs

On last Saturday, according to hedule, the Snelling and Hackberry school districts held elections determine whether or not they ould consolidate with the Fluvanna school. At the same time the luvanna district held a similar ection. The consolidation propotion carried at all the boxes. At luvanna there was only one negave vote. The Hackberry district oted 10 to 8, and Snelling, 19 to 5 a favor of the consolidations.

Now the next step will be an elecion, about May 25, for the purose of equalizing the taxes over he entire consolidated precinct. Thus, step by step, splendid progess is being made. Evidently, it is ow only a little time until the orthwestern section of Scurry ounty, together with a slice out of Borden County, will have a first lass high school—a school where he young people of these parts can tay at home and take a good high chool education. That will be fine.

V. P. is still wishing that he might have had such an opportunity when he was growing up. But a first class school, thoroughly graded and affiliated, is not the only advantage or benefit to be derived from the consolidation. There are now four outlying small school united with the Fluvanna school, and the students of each of these outlying districts will be conveyed to and from the school in school buses. Thus the young folks will be protected against rough weather and prevented from loitering along the way. Now watch Fluvanna grow and develop.

The Hackberry school closed last Friday with a good program and a fine basket dinner. V. P. has not learned the details, but he understands that Prof. Cleo Tarter as teacher has done a splendid piece of work among the youth of that community.

Next, the Fluvanna school reporter has a message for us, as follows:

There is still much progress being made in our school work. Although there is a very short period in which to complete our year's work, we believe that we will have accomplished a great deal by the end of the term.

Another step toward progress was made last Saturday when the election for the consolidation of the two additional districts, Snelling and Hackberry, was carried by a majority.

Our school is very proud of the fact that it will be represented at the state Interscholastic League meet by Burline Boynton, who is entering in senior girls declamation. Miss Boyton, accompanied by Mrs. E. V. Boynton and Supt. E. O. Wedgeworth left Wednesday, May 1, to attend this meet which is being held May 2, 3 and 4. We all wish Burline great success in her declaiming.

Fluvanna school was also represented in the May Fete held at Snyder Wednesday night.

The Juniors are now working on a play to be presented in the near future. The exact date for "The Face at the Window," the title of the play, has not been decided. We are sure the Juniors will make it a success.

The Senior class is the largest in the history of the Fluvanna school. It is not only the largest, but we believe the best. Indeed, this class has made a record this year in that all ten of the members have made an average of either A or B. The commencement exercises for this class will be held May 23.

Our school has made much progress in the past, but we believe that it is going to keep building and in the near future we will have a much larger and better school.

—School Reporter.

Church Services

Regular services were held last Sunday morning and evening at the Presbyterian and First Baptist Churches. At the Presbyterian the attendance was quite good, and it is hoped that the services were both inspiring and profitable.

Rev. R. H. Montgomery filled the pulpit at the Baptist Church. The former pastor, Rev. C. E. Leslie, after many years of faithful service with this congregation, is retiring from this field. Rev. Montgomery of this community has been called to the charge and has the matter under consideration.

On next Saturday night and Sunday Rev. D. G. Wells will fill his appointment with the Fluvanna Baptist Church.

The following is a message from the reporter of the Methodist Church:

Bro. Williamson and wife spent last Saturday night and Sunday at Gail attending quarterly conference. After conference they left for Abilene where Mrs. Williamson will visit her aged mother who has been quite ill for some time. Bro. Williamson will attend district conference.

Next Sunday being our regular preaching day, Bro. Williamson will hold services at the morning hour. He will not preach in the evening, as the Epworth Leaguers will put over a pageant play at the church hour, "The Fruits of His Labor," or "The Forgotten Man." Everyone is invited to come.

The ladies' Missionary Society did not meet Monday, as the fourth Monday is our social Monday. However, we did meet last night in front of the Haynes home and had a jolly good time around the camp fire roasting weenies and pop corn. Everyone seemed to enjoy herself, more especially the kiddies.

The Union Epworth Leaguers will all meet at Fluvanna next Sunday, May 5. Hermleigh will put on the devotional at 3 p. m. Come on, Epworth Leaguers. Let's make this a real meeting.

Miscellaneous

Mr. Josey of Tulsa, Okla., father of Mrs. J. G. Landrum of this place, died last Saturday. Mrs. Landrum was at her father's bedside when the end came.

L. T. Cole and wife have recently purchased the Jumbo Cafe and rooming business, also the filling station business at the same place. Mr. and Mrs. Cole now have the business in hand and will welcome the patronage of the people. We understand that Mr. Birchfield (Fatty), former owner of this business, has removed to Klondike, Texas.

One Mr. Williams of Marshall, Texas, was here the first of this week buying maize which is to be shipped to Louisiana. Thus Fluvanna is helping to feed the rest of the country.

Miss Nealy Sqtyres, having brought her school to a successful close, is now resting and visiting with home folks.

Deplorable and mean as it is, we have to say that more stealing has recently been reported about Fluvanna. Several people have lost chickens, and Bos Stavely lost several sacks of fine cotton seed which were taken from the field where they were left for planting—taken while all honest and worthy citizens were asleep. Stealing is a crime so low and mean that we find ourselves at a loss for language with which to describe it. A thief in a community is far more troublesome and dangerous than wolves. How any human being can stoop to such a low level is hard for an honest man to understand.

Visits and Trips

Grandfather Mears, after an extended visit to Galveston and other points, is back in Fluvanna visiting his son, Jim.

Rev. and Mrs. A. R. Toby of Dallas were in Fluvanna Tuesday in the interest of moral and social development.

Messrs. J. R. Patterson, J. R. Truss and W. R. Evans went to Cumby the first of this week on business.

Jack Conroe, reared in this community but now of Crosbyton, spent the week-end here visiting his mother, brother and sister.

J. E. and Mrs. Sneed of Winters are here for a few weeks stay, partly for business reasons and partly for visiting relatives.

Carl Davidson and family of Springs visited Mr. Davidson's sister, Mrs. Bos Stavely, here last Monday.

Messrs. Roy and Boren of the Justiceburg community were in Fluvanna last Friday on business of a social nature.

L. Clarkson of Abilene spent the week-end here with parents.

Prof. S. T. and Mrs. Matherly of Gail visited the Clarkson family here last Sunday.

JAS. H. TATE.

Fine Arts Program Draws Fine Crowd

By Mrs. C. J. Yoder

The fine arts program was held at the high school auditorium, and all available seats were used in seating the large audience. The fine arts programs are proving more popular each year in club work, and this appreciation and co-operation from the general public encourages the leaders to go forward with renewed zeal and earnestness.

Mrs. J. H. Jernigan of Childress presided. A folk dance was given by Little Miss Louise Wilsford. The interpretation was beautifully and gracefully done by this little local girl, under the training and direction of Homer Springfield, musical director of Snyder High School.

A play in one act, "Fleurette & Company" by Essex Dane, was presented by the Snyder Alpha Study Club under the direction of Mrs. J. E. Sentell. The cast included Mrs. Ixon Joyce, who played the part of Mrs. Margaret Paynter, society woman, who, suddenly found herself in a very embarrassing position with the disappearance of a love letter from her "latest" and with the accumulation of debts during the absence of her husband, Captain Harry Paynter of the American Navy; and Mrs. Tom Gates, playing the character of Madame Dufour, French clairvoyant, her visitor, entirely unexpected, who revealed the mystery and solved the problem quite cunningly. The play was highly entertaining and was excellently presented.

Part two of the program for the evening consisted of a joint concert by Miss Dorothy Greathouse, coloratura soprano, and Miss Kathryn Orr, pianist.

Miss Greathouse's first group consisted of Scott's "Joy" and the ever popular Polonaise from "Mignon", after which she graciously responded to the hearty applause with an encore.

Miss Orr beautifully and artistically played MacDowell's Prelude and gracefully acknowledged the hearty applause.

"My Love is a Muleteer" by Nagero and "Un Pajarito," a Spanish folk song, with arrangement by Ross, composed Miss Greathouse's second group, after which Miss Orr played two scintillating numbers, "Country Gardens" by Grainger, and "At the Donnybrook Fair" by Scott.

Miss Greathouse concluded the program with a group including her own arrangement of old songs, the German folk song, "Der Kleine Rekrut," and "Summer" by Chaminade.

Second Day Sees Federation In Full Swing

By Mrs. Dora Cunningham

The second day of the 8th annual convention of the Seventh District Texas Federation of Women's Clubs was called to order Friday morning at 9 o'clock in the auditorium of the Methodist Church with the president, Mrs. F. T. Collins, in the chair. Invocation was given by Mrs. J. A. Hill of Canyon.

Report of committee on Rules and Procedure was given by Mrs. Barrett.

Minutes of Board Meeting and afternoon session of April 25th were read by the secretary and approved by the body.

Mrs. W. R. Potter, state president, explained to the convention the plan of the General Federation for financing General and State Federations. She stated that the State Federation had found it possible to finance the painting of Mrs. Eda Rotan of Waco, first president of State Federation, without calling on the districts. Mrs. Collins, presiding, asked to be allowed to contribute $5.00 to this fund.

The secretary read telegrams of greetings from the Pierian Club of Amarillo and Mrs. R. T. Linsey of Mt. Pleasant. Mrs. Arthur Duggan, Littlefield, chairman of the division of sculpture and art, announced the art exhibit by Miss Fowler, who is the pioneer artist of the state and who teaches at Kidd Key. She had on exhibit some very masterful paintings in the pastor's study.

The chair offered $5.00 prize for the best club report and best county federation report given during the convention.

The following were named as the nominating committee: Mrs. I. D. Cole, Amarillo; Mrs. Cullen C. Higgins, Snyder; Miss Maud Milam, Memphis.

Mrs. Tharane brought greetings from A. M. Bourland, president, and Homer D. Wade, manager, of the West Texas Chamber of Commerce.

The chair called for reports from the following standing committees:

Club Houses, Mrs. H. G. Towle, Snyder; Junior Membership, Mrs. S. J. Bailey, Quanah; Resolutions, Mrs. W. B. Price, Lubbock; Club Extension, Mrs. Bailey reporting for Mrs. B. F. Holmes, Memphis. These reports were adopted as read. Mrs. S. J. Bailey of Quanah, first vice president, took the chair, and Mrs. F. T. Collins gave the president's report.

Mrs. W. R. Potter, state president, congratulated Mrs. Collins on the achievements of the Seventh District and expressed appreciation of the grand work done by Mrs. Collins as district president.

Other district officers giving reports were: Mrs. S. J. Bailey, Quanah, first vice president; Mrs. J. E. Griggs, Lubbock, secretary-treasurer; Mrs. J. A. Hill, Canyon, International Relations.

L. T. Sheffy, head of the history department of West Texas State Teachers College, addressed the convention on "Disarmament of War." This was, indeed, very helpful and was rendered in a most interesting manner.

Mr. Sheffy made an appeal as club women we lend our support and influence for creating sentiment for peace, stating that peace cannot be legislated into being but must come from the hearts and minds of future generations.

Very interesing reports were read from about thirty different clubs in the district. It was inspiring to listen as each representative told of the many worth while projects they were fostering. Their reports indicated very forceably that the Seventh District is living its theme: "Thinking, Planning, Building."

The session adjourned at 12 o'clock when a luncheon program honoring state officers and chairmen was given in dining room of the Presbyterian Church.

RESOLUTIONS

Continued from page 5

mayor, the county judge, the president of the club, and several musical numbers were given. This was an occasion of which we are very proud.

Have organized an Art Department and received for membership the Childress Alpha Delphian Chapter.

We sponsored the opening of the public library in October, giving to this cause the use of our library room in the club house and the 350 books contained in the club library and $50.00. We interested the Lions and Rotarians and together we made a drive for funds which netted $1116.00. With a book shower and through these clubs and the Children's Theatre and other donations and purchases, the library now has about 950 books with a reading membership of over 300 and a daily circulation of from 25 to 50 books. The library is open three hours each day with a paid librarian in charge.

We inaugurated an annual Past President's Breakfast and granted the request of the past presidents for permission to take out a life membership in the club. This membership will be $25.00, and any member may have this privilege. The seventeen past presidents have ordered a bronze tablet to be presented and placed in the entry of the club building; it will be a record of the name of the club, date of organization, date of the erection of the club building and the names of the past presidents.

We had six members to attend the bi-ennial at San Antonio. The club was official hostess to the Idaho delegation which numbered seven, meeting the train as they passed through. They were received with a chorus of song and presented with fruit and flowers. Have made several talks and have given advice on club house building to neighboring clubs.

Was so fortunate as to receive the prize given by Mrs. Collins for best report at Dalhart.

Helped collect about $115 for a page of advertising from our merchants for the Texas Federation News.

Was on the arrangement committee and furnished over 500 bags of candy for the first community Christmas tree at club house.

With the daughters of club members holding associate membership in the club our junior work is done through the various departments. A Mothers' and Daughters' Banquet is given each year in May with the mothers and daughters furnishing the program. We are gratified to note the increasing interest in girls' work. We have long strived for this goal and are still quite anxious to do our part and will. Will decide soon what help we can give toward employing a supervisor of the playground at Fair Park.

Have given programs on the Federation, the Fine Art of Living, Citizenship, etc. Besides a citizenship rally we had a beautiful Texas Day program with a pageant, "Texas Under Six Flags," and with Texas songs, legends, flags and flowers predominating. "America the Beautiful" and "Texas, Our Texas" have been used for assembly singing at all meetings. The Departmental Banquet was one of rare success, each repartment furnishing a part of the program.

The chairman of Health and Child Welfare sold $208 of Christmas seals through the schools and received from the Public Health Association four towel racks and 12,000 towels and 11 first aid kits.

Through the various departments we have accomplished much, working together for the benefit of all. Most of the departments contributed $2.00 per member toward the furnishings of the club house and assisted with many programs. All have stressed citizenship.

The Book Club has pledged $25 and the books studied this year to the library.

The Music Study Club presented the "Romany Glees" and will present Miss Dorothy Greathouse in May. They stress junior music study and music memory contests.

The Physical Culture Department has had interesting weekly meetings.

The Little Theatre has had six public performances and has engaged a musical comedy for May. It has equipped the stage in the club building at an expense of $390.

The Garden Club held a Beautiful Yard Contest with over $100 given in prizes. Have planted 30 feet of shrubs at the club building and held a Flower Show with premiums given by the merchants. Placed camp house in Fair Park.

Both Home Economics Departments have studied all phases of the American Home with various exhibits and demonstrations.

The Business Women's Forum have a fund for a business scholarship for some deserving girl and have donated a magazine to the library.

The two new departments have given programs in harmony with their objectives. The Art Department has has several exhibits and sponsored the essay writing among the high school pupils as requested by the district and for which the Department Club gave the local prize.

The Woman's Department Club was hostess to a tea given on the opening of Hotel Childress.

Assisted the County Federation in making a success of the co-operative marketing.

To raise money we have rented the club auditorium and apartments besides other club property; have given shows, dinners, rummage sale, bridge tournament, sold books, Christmas cards and have taken magazine subscriptions.

We have two members on the state board and six on the district board.

Sent 1.00 to the Soldiers' Hut at Kerrville.

A parliamentary drill has been held twice each month by the parliamentarian.

We have a chairman of Better Homes in America.

Plan to hold a candle-lighting service at the inauguration of new officers in May.

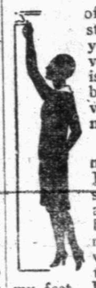

Have in some way observed most of the programs requested by the Federation and reported all work done to the district chairmen.

Have written approximately 500 letters.

Respectfully submitted,
MRS. O. S. BARRETT, Pres.
MRS. CHAS. BOYD, Sec'y.

Here's Feed for Chicks!

WALK in and let's talk over what to give your chicks to keep them alive and growing. Let us show you a way to raise your chicks to early maturity at a lower cost per chick.

Chicks need cod-liver oil to protect them against leg weakness. They need buttermilk, alfalfa leaf meal, granulated meat, bone meal, wheat germ and other ingredients to make bone, flesh and feathers.

We have all of these ingredients carefully chosen, tested, balanced, uniformly mixed and ready to feed. *Purina Chick Startena* is the name of the feed. You'll know it by the checkerboard on the bag. The new feeding discoveries that come to you in this year's Startena will give 15 to 20 per cent greater growth than ever before. More than 2,500 hatcheries say, *"Feed Startena."* So do we. How many bags do you need?

CHEVROLET

Another Record!

over

500,000

New Six Cylinder CHEVROLETS

since Jan. 1st

Sweeping constantly ahead to greater and greater heights of popularity . . . making and breaking new records of success with impressive regularity . . . the new Chevrolet Six has established one of the most remarkable records in automotive history—more than 500,000 on the road since January 1st!

Not only does this brilliant accomplishment surpass the greatest record that Chevrolet has ever achieved in the past—but it brings to Chevrolet the significant honor of having built in only four months a greater number of six-cylinder cars than any other manufacturer has ever produced in an entire year!

Even with such a record to focus attention upon the outstanding value of the Chevrolet Six—many people still do not appreciate what "a Six in the price range of the four" actually means!

To such persons, consideration of the features responsible for this tremendous popularity will prove a revelation. So read the adjoining column carefully—and then come in and ask for a ride in this sensational six-cylinder car.

The ROADSTER	$525
The PHAETON	$525
The COUPE	$595
The SEDAN	$675
The Sport CABRIOLET	$695

The COACH **$595**

All prices f. o. b. factory Flint, Michigan

The Convertible LANDAU	$725
The Sedan Delivery	$595
Light Delivery Chassis	$400
1½ Ton Chassis	$545
1½ Ton Chassis With Cab	$650

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Outstanding Features of the New Chevrolet Six that have created this Tremendous Popularity—

6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder motor—the new Chevrolet Six provides that smooth, quiet, flexible performance which is characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration.

6-Cylinder Getaway

In sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. Acceleration is remarkably fast. And a new non-detonating cylinder head eliminates every trace of "lugging."

6-Cylinder Speed

The new Chevrolet Six has speed in abundance—but even more important than its speed is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling of complete security.

Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be exceptional in any car. But in the new Chevrolet Six it is actually sensational—for here it is combined with an economy of *better than 20 miles to the gallon of gasoline!*

Exceptional Riding Comfort

Another vital factor that has influenced over a half-million people in their selection of the new Chevrolet Six is its marvelous riding comfort. It travels smoothly over rough roads—and its balance on turns and corners is exceptional.

Beautiful Fisher Bodies

Longer, lower and roomier—finished in attractive, long-lasting colors—and upholstered in rich, deep-tufted fabrics—the new Fisher bodies on the Chevrolet Six introduce into the low-price field an entirely new measure of style and distinction.

Proved Dependability

Tested for more than a million miles on the roads of the General Motors Proving Ground—the new Chevrolet Six went into the hands of its owners thoroughly proved in every detail. And now reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

Amazing Low Prices

An achievement that surpasses even the brilliant performance qualities of this sensational six-cylinder car are the prices at which it is offered. Study these prices, and compare them with any other car and you will recognize the remarkable value represented in this Six in the price range of the four!

YODER ANDERSON MOTOR CO.

SNYDER, TEXAS

A SIX IN THE PRICE RANGE OF THE FOUR

Formal Opening of Federation Last Thursday

By Mrs. Dora Cunningham

Nothing short of the zeal of a poet could do more than justice in describing the occasion which last Thursday afternoon called the priceless womanhood of the Seventh District Texas Federation of Women's Clubs into one body, with a united purpose—"Thinking, Planning, Building."

Assembled at the First Methodist Church among the many ferns, roses, verbenas and other nature flowers a pioneer of the West would have realized long ere the house was called to order that this occasion was purely symbolical of the spirit and the very living femininity of this geographical unit known as Seventh Federated District.

As Mrs. F. T. Collins called those on the program to the rostrum, a silence such as bespeaks a sincerity of purpose, fell over the assembly, and every woman realized that the Eighth Annual Convention was being swung into action. After the invocation by Rev. W. F. Ferguson, Mrs. Hugh Boren led the assembly in singing "America."

The address of welcome for the City of Snyder, which J. E. Sentell gave in behalf of Mayor Towle, sparkled with diamonds of wisdom, wit and eloquence.

For the women of Snyder our own Mrs. C. J. Yoder talked most entertainingly, welcoming the Federation to our city. She called our attention to the fact that club women do not set themselves apart as a peculiar people, but through love for humanity they have given of their time and their talent to adding to the stature of the races by helping people to think for themselves—to select, to reject and to organize out of the mass of life. Three quarters of a century ago there were so called menial tasks that women dared not recognize. But today these tasks are known as necessary elements of living. All usefulness has been raised to the plane of art, and art is just a beautiful way of doing things.

In conclusion, Mrs. Yoder said, "Our women are no longer mental mendicants. They are cultivating their intellect, thereby possessing minds that produce thoughts and ideals that make life more beautiful, pleasant, agreeable and safer, that serve as a solace in every storm of life."

Mrs. I. E. Griggs of Amarillo was in a very happy mood when she gave the response for the district. Telling us, among other interesting things, how glad they were to be here—that the lovely personality of the Snyder people had completely won their hearts, she very charmingly expressed many beautiful sentiments which completely rejuvenated the tired club women.

Every woman who has been fortunate enough to hear Mrs. Violet Grayum McKnight sing smiled in pleased anticipation of the pleasure in store for her when Mrs. McKnight, who is lovingly called "Sweetheart" by the Rotary Club of her home town, Lubbock, with Mrs. A. C. Preuitt, accompanist, gave us two beautiful vocal selections.

After being lifted to ethereal surroundings by this music we came back to earth when the following state officers, upon request by Mrs. Collins, came to the platform: Mrs. W. B. Price, Lubbock; Mrs. Lon Smith, Floydada; Mrs. J. T. Whitmore, Snyder; Mrs. Gil, Abilene; Mrs. Young, Mineral Wells; Mrs. Miller; Mrs. Barrett, Childress; Mrs. Jones. These ladies are sponsoring different phases of the club work. Mrs. C. F. Smith of Amarillo directed the singing of "Texas, My Texas."

Mrs. E. J. Anderson, at the request of Mrs. Collins, very graciously came forward and introduced the following pages, daughters of Snyder's club mothers: Mariwald Harless, Mary Janet Smith, Ida Sue Wallace, Charline Ely, Mildred Harless, Jeanette Lollar, Floye Brownfield, Reva Lewis, Brentz Anderson, Lucille Brown, Audra Jenkins, Gwendolyn Gray, Dale Warren, Frances Lawlis, Eula Pearl Ferguson and Bobby Chambers. Each of the pages was attractively attired in a beautiful gingham frock.

There were only two contestants, Snyder and Lamesa, in the song contest sponsored by the Federation. Eight Snyder ladies sang two songs, "Texas, My Texas," and "Bells of St. Mary's." The Lamesa contestants appeared in costume representing Blue Bonnets, singing "Texas, My Texas," and "When the Piper of Love Begins to Play." The prize, which is a loving cup, was awarded to Snyder.

"Today's Challenge," given by Mrs. W. R. Potter, president of the Texas Federation of Women's Clubs, was the outstanding address of the afternoon. The audience was spell bound as she graphically contrasted the advantages and opportunities of the past with the present. She reminded us that people of culture must now be the aristocracy of service. Today's greatest challenge is: "Are you willing to share?" Mrs. Potter expressed great confidence in the American Home, in our boys and girls—descendants of our pioneer ancestors. She reminded us that there were many attributes of the old home which we should treasure, especially the old home spirit, family worship and consideration of others.

At this time Mrs. H. G. Towle announced that from five until seven there would be a general reception at the home of Mrs. O. P. Thrane.

WHAT'S DOING IN WEST TEXAS

CARBON saw the installation of a cream route on April 22. This is the result of cooperation of the community club with farmers. O. Stone and County Agent Patterson made a canvas of the territory south and west of Carbon and reported at a meeting of the club presided over by S. P. Rumph that conditions were favorable.

MUNDAY will keep several hundred dollars at home since the establishing of a modern laundry at Knox City. The capacity of the plant will be increased as fast as the patronage grows. The plant is equipped with several washing machines and a drying closet.

Board Luncheon Is Fine Affair

By Mrs. C. R. Buchanan

Preliminary to the formal opening of the eighth annual convention of the Seventh District Federation of Women's Clubs at Snyder was the Board Luncheon tendered the District and State Board members in the home of Mrs. J. C. Stinson, at high noon Thursday. Under the management of Mrs. A. J. Towle, chairman of entertainment for this function, a very beautiful idea was carried out.

The decoraitons were suggestive of a spring garden in the fresh of May time. Soft shades of pink and green were obtained in arrangement of lights. Vine wreathed lattices centered the tables which were spread in green and sweet peas, in the pastel shades were found clustering among the vines.

The banquet table for the speakers was arranged in the spacious dining room, with the smaller tables grouped in the living room.

The large French doors were thrown open, and a trellis work was artistically placed in the opening upon which clambered the graceful vines with their dainty blossoms.

Mrs. A. J. Towle, assisted by Mesdames J. C. Stinson, W. R. Johnson, C. C. Higgins and W. W. Hamilton, served the menu in four courses, the artistic arrangement of the food and the harmonious color scheme being observed in every detail.

The luncheon was marked by informality, and a racy program of talks and music was interspersed between the courses.

Mrs. J. T. Whitmore as toastmistress with her characteristic grace and poise, brought a sincere message of welcome. She said: "True, we are looking forward to a very busy time, to a program of much value and merit. We have particularly arranged with the view of giving every visiting woman ample time to report her accomplishments, but we do desire to inject every bit of gladness possible into this meeting." She laughingly requested the guests to return the "keys of our city" to the mayor when they were through with them.

Mrs. Whitmore introduced Mrs. W. P. Averitt of Lamesa, who responded for the Board. Mrs. Averitt spoke fluently, and, as if inspired by the beautiful environment, her words flowed in rhythmical measure. The Snyder women were complimented to an extravagant degree, but for the sake of rhyme it seemed altogether appropriate and quite pleasing.

Metaphorically speaking, she said: "We've heard your skies are bluer, and your husbands truer; that your hearts are lighter and your children brighter. We've heard the wind never blows the sand in rows in Snyder; that the women have no woes and all the girls have beaux, in Snyder. But best of all, we've heard you stand together, in all kinds of weather, even if the sky does fall. So, we are here, and we are glad.

"If we were young Americans We'd say, 'O Boy, it's great.' But since we're more sedate, we'll say: "It's great to mingle with you and down your streets to roam; it kinder gives a hankering to call it 'Home Sweet Home.' But since we can't, we would like to make a wish while we are here to add to Snyder's bliss, but what could it be? You have health, you have wealth, you have gold in store. What could we wish you more? We shall make one dear to a woman's heart. We will wish that you live a hundred years and never grow old or gray; and that we live a hundred years, less one day. For we wouldn't care to live any longer after Snyder and her women passed away."

Mrs. R. L. McKnight of Lubbock favored the company with the solo, "By the Waters of Minnetonka," and after a hearty encore she sang "Indian Love Call."

Mrs. C. F. Smith of Amarillo, known over all the state for her beautiful interpretation of the negro spirituals, was asked to sing "Swing Low Sweet, Chariot," to which she graciously responded, giving as encore, "Hush, Somebody's Callin' My Name."

Mrs. J. L. Young of Mineral Wells, State Chairman of American Homes and candidate for first vice president of the State Federation, was called on to make an informal talk, and she gave a few hearty words of appreciation.

Mrs. F. T. Collins, president of Seventh District, in conclusion, expressed her pleasure of the opportunity which was afforded of our "breaking bread" together, and announced that the executive session of the district board members would be had immediately after the luncheon was over.

Miss Dorothy Greathouse and Miss Kathryn Orr, who appeared on the program of Fine Arts Evening Thursday, were guests at the luncheon.

Club Reports Heard at Friday Session of Clubs

By Mrs. Wayne Boren

Continuing with the Seventh District of Texas Federation of Women's Clubs annual meeting in Snyder, the Friday afternoon session opened with club reports. Activities of the clubs in their work of the year were given in these reports.

"Stumbling Blocks and Stepping Stones" by Mrs. Phoebe K. Warner of Claude, was an interesting talk to all. Mrs. Warner stressed the need of all to realize the needs of our club work. When we have learned the needs and supplied these learned of needs, then our problems will be near a solution. A stumbling block is the lack of understanding the needs.

Mrs. Warner is interested primarily in the rural woman's problems. Here are the facts she gave to think about. Three-fourths of the people in the United States live off of farms. So one-fourth raise and produce the food and clothing for all the others. People are leaving the farm at the rate of two million a year, and coming back at the rate of one and a half million. In 1926 the United States reached the highest standard of living of any nation in the world. The national income for that year was ninety billion dollars. One-third of the population which is on farms, or thirty million people, received less than one-eighth of the ninety billion dollars. And still it was this one-third population that produced all the clothing and food material for the nation. This third received only twelve billion while the other two-thirds received seventy-eight billion dollars.

There is a reason that cities are outgrowing the country. Something is wrong with the economic system if one-third of the population receives only an eighth of the national income. This problem must be solved or there will be more discontent, crime and murder. Situations and real conditions of farm life must be learned, and as a result stop pitying and trying to uplift the farmer, but cause the farmer to help himself.

Club women should see this need. County Federation work will aid. County demonstration and home demonstration work have helped. The orgnaization of six million women on farms is doing the finest piece of work in solving this rural economic problem.—Pooled brains, sentiments and ideals in organized clubs will attain the needs of our country and build up a greater country. Also club work serves as a development to the individual women. It educates and broadens. So think of our rural women who need the opportunities of organized and federated clubs.

One of the objectives of the Seventh District is the promotion of county federations.

At the conclusion of Mrs. Warner's talk, Miss Myrtle Murray, state home demonstration agent from A. & M. College, gave statistics and potent facts on county home demonstration work.

Reports of the Department of Applied Education were given with the chairman, Mrs. T. V. Reeves of Canyon, presiding. Representatives of this department were Mrs. R. E. Fry, Floydada, who gave a report on Scholarships and Loans; and Mrs. I. W. Whitesl of Canadian, reported on Street and Highway Safety.

Mrs. J. T. Whitmore, Snyder, as chairman of the Department of Natural Resources, gave the work of this particular department. Miss Capitola Gerlach, Canadian, talked on natural scenery, and Mrs. W. E. Davis, Childress, on gardens.

Report of the Department of Public Welfare was given by Mrs. W. R. Blake of Paducah.

After the reading of the report of the resolutions committee, the session adjourned.

PAINTINGS AND SCULPTURE

During the past year your chairman has written over hundred letters to which there has been good response.

Federated clubs in Seventh District have given one or more pictures to their local schools, with a total of thirty-nine.

Mrs. V. E. Fatheree sponsored a movement in Pampa, Gray County, schools whereby each room worked for money with which to purchase a picture to be left there when they passed to next grade.

Senior class in Littlefield High School recently placed bust of Major Littlefield in their school.

Essay contest sponsored by your chairman was entered into with zest by several county chairmen, resulting in some excellent essays on "Why We Should Use Work of American Artists and Sculptors in Preference to Work of Artists of Other Nations" being written. First prize is a choice between Mrs. Frank M. Neal's copy of Onderdonk's "Bluebonnets" and Putnam's Bronze Baby Paper Knife. This has been awarded to Mary Jacobs Johnson of Childress. Second prize of two dollars cash is awarded to Ruby Curry of Jayton. Honorable mention is due to Newell Porter of Jayton and Miss Jacqueline Jones of Pampa.

Respectfully submitted,

MRS. SAM ISAACS, Chairman.
Canadian, Texas.

After Careful Study—

IS it any wonder the Texas State Highway Department and many counties and cities in this great state build portland cement concrete pavements?

The Bates Road, built by Illinois Highway officials to test pavements, contained 63 sections of three principal paving materials in various combinations and thicknesses.

At the end of the tests, after 377,460 tons had passed—motor trucks gradually loaded until each rear wheel carried 8,000 pounds—only thirteen sections remained undamaged.

Ten were portland cement concrete; the other three had heavy portland cement concrete foundations.

Experience and use prove also—there is no other pavement like it!

ESSEX THE CHALLENGER

these important things
CHALLENGE TOO/

Hear the radio program of the "Hudson-Essex Challengers" every Friday evening

EASE OF BUYING

FOR INSTANCE, in this city your first payment, with your present car included, may be as low as $289, and your monthly payments $53.30.

Your present car will probably cover the entire first payment. The H. M. C. Purchase Plan offers the lowest terms available on the balance.

EASE OF OWNING

On our own streets Essex the Challenger, under competent observation, averaged 19 miles per gallon. The average owner in this city can expect 18 to 20 miles and upward..... Commercial users operating large fleets of Essex cars say that service and maintenance costs, covering millions of miles of operation, are lowest of any car ever tested.

ESSEX challenges the performance, the style, the luxurious roomy comfort *of any car at any price*, on the basis that no other gives you back so much for every dollar you put in.

That is why *the big buying swing is to Essex*. That is why motorists by thousands are switching from past favorites, and trading in their old cars for the big values Essex the Challenger gives. Essex challenges:

IN SPEED—challenging anything the road offers up to 70 miles an hour. IN FAST GETAWAY—any car regardless of size or price. IN RELIABILITY—60 miles an hour for hour after hour.

Essex offers a completeness of fine car equipment formerly identified only with costly cars, and available, when at all, only as "extras," at extra cost on cars of Essex price.

Check these items when you buy—they represent easily above $100 additional value in Essex.

Wide Choice of Colors at No Extra Cost.
The variety is so great you have almost individual distinction

Standard Equipment Includes: 4 hydraulic shock absorbers—electric gauge for gas and oil—radiator shutters—saddle lamps—windshield wiper—glare proof rear view mirror—electro-lock—controls on steering wheel—all bright parts chromium-plated.

NOTICE OF APPLICATION TO MAKE OIL AND GAS LEASE

No. 563, Guardianship, Estate of Lucile Hardin and Daisy Hardin, Minors, in County Court, Scurry County, Texas.

To All Persons Interested in the Estate of said minors.—

You are hereby notified that I have on this the 30th day of April, A. D. 1929, filed with the Judge of the County Court of said Scurry County, an application for authority to make an oil and gas lease upon the interest of said minors in and to Section No. 644 and the west 160 acres of the North 240 acres of Section No. 633, all in Block 97 of the H. & T. C. Ry Co. surveys in Scurry County, Texas, and such application will be heard at the county court room in the courthouse in said Scurry County on the 10th day of May, 1929.

MABEL HARDIN,
Guardian of the Estate of
46-1tc-HB. said minors.

CITATION BY PUBLICATION—PROBATE

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to cause to be published, once a week for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation, and which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

THE STATE OF TEXAS,

To all persons interested in the estate of Mose Walls, Pete Walls, Jack Walls, Velma Walls, and Ida Walls, minors,

You are hereby notified that W. V. Jones has filed in the County Court of Scurry County, Texas, an application for letters of guardianship of the estate of said minors, which will be heard at the next regular term of said court, commencing on the second Monday in May, A. D. 1929, the same being the 13th day of said month of May, at the courthouse in said county;

At which time all persons interested in said estate are hereby cited to appear and contest said application, if they so desire.

Herein fail not, but have you then and there before said court this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Snyder, Texas, this 24th day of April, A. D. 1929.

(Seal) MABEL Y. GERMAN,
Clerk, County Court,
HB-45-2tc Scurry County, Texas.

NOTICE

Notice is hereby given that the Commissioners Court of Scurry County will receive bids on the following road machinery, to-wit:

One 15-30 Austin Western Power Maintainer and One Austin Western Mammoth Sr. Grader. All bids must be in sealed envelopes addressed to Mabel Y. German, county clerk, and be delivered to said clerk on or before 10 o'clock A. M., May 13th, 1929. Each bid to be accompanied by certified check of 5% of amount of said bid, check of successful bidder to be held until above described machinery is delivered, all other checks to be returned to bidders.

HORACE HOLLEY,
Presiding Officer,
43-4tc Commissioners Court.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to summon Roy West by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the County Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the Second Monday in May, A. D. 1929, the same being the 13th day of May, A. D. 1929, then and there to answer a petition filed in said Court on the 8th day of August, A. D. 1928, in a suit, numbered on the docket of said Court as No. 1063, wherein W. R. West is plaintiff, and Roy West is defendant, alleging plaintiff as surety with tiefendant, executed note for $385.00, with ten per cent interest per annum from its date, Sept. 9, 1924, and ten per cent additional as attorney's fees, paid by plaintiff when past due on Dec. 6, 1924, to payee therein, the Snyder National Bank, whereby defendant became bound and liable to pay plaintiff according to its face and tenor the sum of $549.95; defendant secretes himself so ordinary process of law cannot be served on him and his residence is unknown, and prays for attachment and citation by publication, judgment for his debt.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, this the 14th day of March, A. D. 1929.

(Seal) MABEL Y. GERMAN,
Clerk, County Court, Scurry County.

Clerk County Court, Scurry County, Texas.
HB-44-3tc

LIVING ROOMS TO BE JUDGED SOON

Recognition of the home as the center of, and reason for, the farm is increasing rapidly in Texas as judged by the interest among farm women in making beautiful and comfortable living rooms, home demonstration authoritise of the Extension Service assert. It is pointed out that 1097 women in 86 counties are this year remodelling their living rooms as demonstrations of what can be accomplished by small expenditures of money, and that for every one of these improvements carefully supervised by county home demonstration agents, there are an average of five others made by neighbors who learn from the demonstrators.

This living room improvement is conducted in the form of county, district and state-wide contests, the final judging for which will be done in May by members of the home demonstration staff of the Extension Service. Preceding the judging, during "Better Homes Week," many home agents are conducting tours to these recently improved homes to enable as many persons as possible to get ideas for use in their own homes. How darkening the floors, lightening the walls, hanging suitable pictures, establishing reading and music centers, making rag rugs and removing the family bric-a-brac tones up a room will be shown to visitors on these occasions, to sketch only a few of the changes this contest is working.

Last year reports of home demonstration agents showed that 3353 women improved their living rooms, 4668 beautified bed rooms, 1496 changed their dining rooms about for greater convenience and beauty, and that 1747 remodelled other rooms in the house. Indications point to even greater progress in this line the present year as the demonstrations of past years continue to exert their silent influence on larger and larger numbers of people.

WHAT'S DOING IN WEST TEXAS

Memphis' building program is expected to set a new high record this year. Homes of both frame and permanent construction, business houses, and additions, including basements, to other business houses have been finished lately.

Grading and graveling is almost complete on the two mile stretch of road between the Electra-Archer paving and the Iowa Park road. The new road will give a direct outlet from Electra to the oil field and irrigated valley communities, shortening the route with an all-weather road.

Work has started on a white way lighting system for Tahoka's business section. By reducing the city water pumping rates approximately 30 per cent the whiteway will be practically no expense to the city.

Construction has started on Hamlin's large lake, and the site for the big iron reservoir has been cleared. Digging of the ditch and laying of the main to town is under way. This lake will hold sufficient water to furnish a city of 25,000 people, and supply Hamlin three years if necessary without rain.

More than $35,000 is being spent on changes and additions to the telephone system in the Pecos-Northwestern Telephone Company. Changing over to the common battery system is expected to be complete by May 1. Pecos has one of the four transcontinental repeater stations in Texas.

Miami has three study clubs, "Home Progress," "Study Club," and "Childs Study Club," which with the Lions Club and the church federation are expecting to put over many needed improvements in Miami this year. It is their desire to make Miami a town noted for its beauty and attractiveness, and for its moral and religious attitudes.

Perryton's fire record was one of two in Texas to win national honors. Perryton won second place in Class 5, made up of towns under 20,000 population; El Paso was placed fifth in Class 2 of towns under 500,000 and over 100,000 population. Only 57 cities and towns in the entire U. S. won honorable mention.

Shipment of marble from the Jordan marble mountain about 28 miles southwest of Alpine has begun. Two new engines, of 80- and 120-horsepower capacity with new saws, polishing machinery and other equipment have been installed. The lack of an adequate supply of water which was a handicap has been overcome with a new and a 100,000 gallon reservoir.

The West Texas Chamber of Commerce will be represented at the Lometa Chamber of Commerce annual banquet to be held on May 16, by a staff member who will be seated at the distinguished guest table, according to Lucius M. Stephens, secretary.

Hobbs, N. M., has organized a chamber of commerce with forty charter members, business men, bankers, professional men, merchants and others, including Alex Reeves, who wrote the WTCC for constitution and by-laws. A delegation was sent to the South Plains district meeting in which Hobbs is located.
