Reds Thrown Back From Heavy Attack On Seoul

Confirm Right Not To Reply

WASHINGTON, May 17. (AP) — Senate investigators upheld today the refusal of Gen. Omar N. Bradley to testify about President Truman's private talks with his advisers on firing Gen. MacArthur.

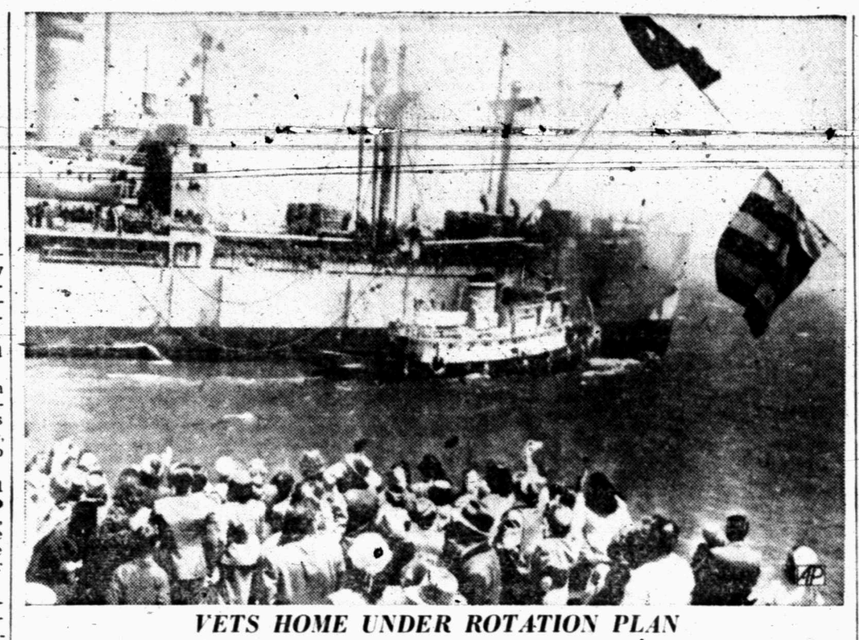
Senator McMahon (D-Conn) said the vote was 18 to 8.

The action sustained a decision by Senator Russell (D-Ga), chairman of the Joint Armed Services and Foreign Relations Committee, that Bradley had a right to keep silent on the talks.

Bradley declined Tuesday to tell the committees, in response to questions by Sen. Wiley (R-Wis), what was said at a White House conference April 6 which led to the President's dismissal of MacArthur as Pacific Commander.

A vote to overturn Rusell's ruling could have led to a formal demand that Bradley answer the questions or face possible charges of contempt of Congress.

While the senators were settling this matter, President Truman put in some licks for his point of view in the controversy with MacArthur over Korean war strategy.



VETS HOME UNDER ROTATION PLAN

Friends and relatives aboard a ferryboat, foreground, wave greetings to 1,422 American veterans of Korean fighting who crowd the rails of the transport Lieut. Raymond Beaudoin as it steams toward its berth in San Francisco harbor. The troops were brought home under the Army's rotation plan.

Extension Of Sharon Canyon Is Indicated

Warren Oil Corp. appears to have assured a three-quarter mile northwest extension to the northwest side of the Sharon Ridge-Canyon field in Southwest Scurry County.

Warren No. 1 Marion Addison, located 330 feet from south and east lines of section 144, block 25, H&TC survey, is bottomed at 6,709 feet in the Canyon lime reef.

The reef was topped at 6,663 feet. Datum on that point is minus 4,348 feet. The project was drilled to total depth of 6,709 fee.

Samples through the section of the reef which was penetrated show good signs of production.

No water was found. The seven-inch casing was then cemeted at 6,691 feet. Operator is now drilling out the plug on that casing and will follow by making production tests.

Informed sources say that the project will be completed as an oil well and as an important extension to the Sharon Ridge - Canyon producing area.

HOWARD LOCATION

Four and one - quarter miles southeast of the closest producer in the East Vealmoor - Pennsylvanian reef field in Central-North Howard County, Shell Oil Co. has staked location for its No. 1-C E. T. O'Daniel, which is projected to 9,500 feet to test the Ellenburger.

Drillsite is 660 feet from north and west lines of the northwest quarter of the southeast quarter of section 29, block 27, H&TC survey. That puts it four miles northwest of Shell No. 1 E. T. O'Daniel, a discovery from the Pennsylvanian reef which developed only water in the Ellenburger.

No. 1-C O'Daniel is spearated from the No. 1 O'Daniel by a dry hole drilled by Star Oil Co.

TESTS STRAWN

Sinclair Oil & Gas Co. No. 1 Hunsaker, Central - North Fisher County wildcat, has been plugged back to 5,780 feet and is preparing to run pipe and test in the Strawn sand. The hole has previously been plugged back to 6,300 feet and operator was considering testing in the Strawn and Mississippian or Strawn only.

SCURRY WILDCAT

R. Olsen Oil Co. No. 1 J. W. Templeton, East - Central Scurry wildcat, is drilling below 7,120 feet in sand and lime. No shows have been reported since a drillstem test in the upper Strawn sand at 6,865-6,907 feet.

KENT REPORTS

Kewanee Oil Co. No. 2 Oliver, Kent County propsector, is drilling in lime and shale below 5,154 feet.

Kewanee No. 1-A Bill Wyatt, wildcat northwest of the Salt Creek field, is drilling below 4,553 feet in lime and shale.

Sun Oil Co. No. 1-C Bilby Wallace is coring at 6,738 feet in lime. Operator has been coring for the past several days with no shows.

Gulf Oil Corp. No. 2 A .C. Cairns, Central Kent wildcat, is drilling below 415 feet in red beds.

IN BORDEN

Gulf No. 1-G Higginbotham, Southwest Borden County wildcat, is drilling below 8,973 feet in lime and chert.

Shell Oil Co. No. 3 Sterling is at total depth of 2,139 feet in lime and waiting on cement on intermediate casing. Location is in sectio 70, block 24, H&TC survey 1 Southwest Borden County.

Shell No. 1 Long, North-Central Borden wildcat, is drilling below 8,832 feet in chert and lime.

Recently-Filed Cases Due for Hearing Soon

Several criminal cases are slated for hearing at the conclusion of the current civil docket in 132nd district court, according to Bob Davie, district attorney.

These cases will include those which have been filed since Davie assumed the office of district attorney.

Brannan Worried About Long Range Effect Of Beef Rollback

WASHINGTON, May 17. (AP)—Secretary of Agriculture Brannan said today the government's recent price ceiling rollback on cattle may put more beef on dinner tables over the next year or two, but less three to five years hence.

This was in a statement the secretary prepared for the House Agriculture Committee. The committee had asked for information from the department in connection with its study of the rollback order.

Brannan's prediction that the price order might have a discouraging effect on the long-range production picture for cattle was a slight modification from testimony he gave before the Senate Banking Committee Wednesday. He said then the rollback would not "jeopardize production."

Today, Brannan qualified his prediction with the words that: "It is too early to be sure of the answer, and we shall have to watch developments in cattle marketing and production closely during the months ahead."

FORECAST EXPLAINED

The secretary explained that when the long-range price prospects for cattle are favorable, farmers tend to hold back more cattle for preeding purposes and herd expansion. In other words, the number of cattle sold for beef is below the rate of production at any one time.

But when future prospects turn less favorable, cattlemen tend to sell off more than their current rate of production. This has the effect of swelling beef supplies above the actual rate of cattle production, with a consequent reduction of cattle numbers and smaller beef supplies later on.

Under the rollback, cattle prices by fall would be down about 19 per cent from recent levels.

Brannan emphasized, however, that there are other factors which help control meat production, including supplies and prices of livestock feed grains.

STORM CLOUDS GATHER

The administration meanwhile plowed on in the economic controls field while keeping one eye cocked at storm clouds gathering over Capitol Hill.

With the present defense act due to expire June 30, and several congressmen declaring they'll balk at the broader control powers asked by President Truman, defense agencies:

1. Planned further cuts in production of 57 civilian goods, including passenger cars, starting July 1.

2. Ruled that retail prices of automobiles must be reduced May 22 to allow for the absence of spare tires and tubes as standard equipment.

3. Directed manufacturers of cotton yarns and textiles to compute new ceiling prices effective May 28.

4. Ordered a nationwide inquiry into reports of illegal livestock slaughtering.

5. Laid down a formula for figuring ceiling prices for soybeans at the farm level.

PLAN EXTENSION

In the meantime, talk grew in Congress in favor of a mere extension of the present Defense Act—under which controls are authorized—instead of the broader powers Mr. Truman requested.

Hearings on these requests are being held by both the Senate and House Banking Committees but many legislators fear they might not be able to finish the job before the June 30 deadline.

Chairman Maybank (D-SC) of the Senate Committee said Wednesday the administration had better start thinking of a temporary extension or run the chance of not having any controls.

Secretary of Commerce Sawyer cautioned the House Committee the United States is scraping bottom on some important defense materials, including copper and zinc.

And Secretary of Labor Tobin told the same committee the wage line simply cannot be held if living costs keep soaring.

City Asks That Cars Not Be Driven Over Parts Of 26th Street

Automobile drivers are asked not to drive or park their cars over the area along the north side of Twenty - sixth Street between Avenues L and O, W. J. Ramsey, city superintendent, said today.

A new storm sewer was recently laid along the north side of the street, and dirt used to cover it has settled following today's rain.

A caliche paving foundation put in when the sewer installation was completed is now suspended in the air, and will cave in under the weight of a car, Ramsey said.

The street will be repaired this afternoon or tomorow, he said.

Mr. X Freed From Charges

WASHINGTON, May 17. (AP)—Dr. Joseph W. Weinberg, the "Scientist X" who figured in investigations of atomic spying, was freed today of contempt of court charges.

Four contempt charges against the scientist were thrown out by U. S. District Judge Alexander Holtzoff.

The judge ruled that Weinberg had a right to refuse to answer questions put to him by a federal grand jury on the ground that answers might tend to incriminate him.

The contempt charges were lodged against the scientist by Judge Holtzoff Friday when Weinberg repeated, in open court, his refusal to asnwer questions before the jury.

Dr. Weinberg was suspended Wednesday night from the University of Minnesota faculty as an outgrowth of the contempt citation.

The House Un-American Activities Committee has said that Weinberg passed atom bomb secrets to Communists during the war, while he was a physicist at the University of California.

Judge Holtzoff asked Weinberg's attorney whether Weinberg was "a possible defendant in a possible future criminal case." He said he was.

5 Groups Name Directors To Youth Council

A report on the Youth Center was given to the Kiwanis Club at its luncheon yesterday by the Rev. Clifford Taylor, chairman of the center's board of directors.

The speaker cited the mistakes made in constructing the $20,000 Youth Center building, and pointed out that in several instances savings could have been made if cheaper materials had been used, but he questioned that they were economical in the long run. Mr. Taylor also said free labor and materials that had been expected did not materialize when wanted.

OFFER MADE

"The center now owes about $12,000, but there is an out-of-the county man who has signified his willingness to assume this indebtedness if a new board of directors is named and is assured that the Youth Center will be properly managed," Mr. Taylor said.

The board chairman urged civic clubs and other organizations to act quickly on this project, before the prospective donor changes his mind.

In connection with this, the Kiwanians named George E. Frazier to represent them on the Youth Center council.

Other Youth Center directors already named by sponsoring clubs will be Dr. Robert F. Wasson, Junior Chamber of Commerce; Hilton Lambert, American Legion; J. C. Williamson, V.F.W.; and Mrs. P. W. Cloud, Altrurian Daughters.

KIWANIS GUEST

Frank Jackson, of San Angelo, lieutenant governor of this Kiwanian district, was a special guest. He lauded the Snyder club for its work, particularly in its underprivileged children program.

Other special guests of the club were Billy McCormick and Joe Cargile, president and secretary of the Kiwanian Key Club, and T.D. Wiman, principal of the high school.

A film, "Fishin' For Fun" was shown as an entertainment feature by Nolan von Roeder.

Russians Fail To Hold Up UN Action On Embargo On China

NEW YORK, May 17. (AP) — Russia failed today to shift debate on a proposed world arms embargo against Red China to the United Nations, Security Council, where a Soviet veto could kill it.

The question was settled without a vote in the General Assembly's 60-nation Political Committee after the Soviet bloc announced it would not participate in the committe's discussion on the ground that the Security Council was the only competent agency to debate the question.

However, Russia's Jacob Malik insisted that he was not asking the committe to vote on the question of competence. Chairman Roberto Arbelaez-Urdaneta, Colombia, then gave the floor to U. S. Ambasador Ernest Gross to introduce the embargo proposal.

The Soviet bloc delegates remained in their seats.

Malik argued that any question of world peace or security — like the embargo proposal advanced by a Special Assembly Sanctions Committee — belongs in the Security Council.

Russia does not have veto power in the assembly and overwhelming approval of the embargo plan had been foreseen.

The assembly took over all phases of the Korean question last fall after Russia paralyzed the Security Council by using the veto.

After making his objections, Malik said:

"In view of the lack of competence of the general assembly in this, the Soviet Union will not participate in consideration of this question."

Poland's Julius Katz-Suchy quickly supported Malik's stand.

PEACE MOVE DENIED

Before the meeting began Malik laughlingly declined comment on a magazine (Newsweek) story that he had approached U. S. delegates proposing a Russia-U. S. conference to arrange a Korean peace.

U. S. Delegates Warren R. Austin and Ernest A. Gross, named in the story as the Americans approached, denied the story without reservation.

Malik, in his attack on the embargo proposal, reiterated past statements that the U. S. was engaged in aggresion against Korea and Red China, and declared the embargo would not halt the conflict.

The issue goes to the full assembly for final ratification after approval by the Political Committee. Delegates disagreed as to whether the matter would be disposed of by the end of the week or would go over into next week.

Range Is Revived By .53-Inch Rain

Heavy low - hanging clouds finally turned loose a miserly amount of moisture over Scurry County this morning. The precipitation had totaled about .53 of an inch in Snyder by noon and showers were falling intermittently.

Showers at Dunn this morning were estimated to have brought about a quarter of an inch of moisture, with rain at Fluvanna estimated at slightly over a quarter of an inch. Estimates of rain in the east and north portions of the county were higher than that, with some ranging up to an inch. The rain was apparently heavier toward the east.

Little benefit for cotton was seen from the rain by Oscar Fowler, county agent, although he said it would help pasture land some. A slow, soaking rain is still desperately needed to bolster crop prospects over the county.

Today's precipitation brings the year's total to 2.7 inches, including the light snow last winter.

(By The Associated Press)

Flood waters two feet deep, coursed into the Texas Panhandle city of Plainview today as drumming rains continued to fall.

At least 25 families were made homeless.

The inundation was the result of run-off from Running Water Draw, a creek which went out of its banks.

Slate-dark raineclouds continued to dump record rains on the Panhandle and Plains Country, with no sign of a let-up.

Highway engineers said even more flood water was expected to hit Plainview before nightfall because the crest had not yet reached the city.

The flood waters sluiced into the northern part of Plainview, which is a city of about 10,000 people about 75 miles south of Amarillo. The water was a half mile inside the city limits.

POWER OUT

The northern part of Plainview was without power this morning.

Running Water Draw is dry except when it rains. It hadn't overflowed since 1941 when similar conditions prevailed. The creek's head is near Hereford, Tex., where heavy rains have fallen this week.

Up to 11 a.m. today, 6.51 inches of rain had fallen at Plainview. It was still falling shortly before noon. That total broke a 64-year record.

Three highways leading out of Plainview are under water. They were U. S. Highway 87 (the Amarillo to Lubbock highway), U. S. Highway 70 to the west and the state highway known as Petersburg Highway.

Ralph Thornton, news editor of Radio Station KVOP of Plainview, said the usually-dry creek bed was "roaring like a tempest."

"If the water rises just two or three feet more, the situation will be very serious," Thornton said.

MAN KILLED

Near Wheeler, in the eastern Panhandle, Marion Thomas, 40, of Canadian, was asphyxiated while repairing a break in a gas line of the Public Service Corp.

Ivin Conklin, regional manager of the company, crawled into the hole and also was overcome. Fellow workers were able to revive Conklin.

Santa Fe Railroad bridges were washed out near Shattuck, Okla.; and near Panhandle, Tex. Several Santa Fe trains were being held up at Amarillo.

More Cuts Set For Consumer Goods In July

WASHINGTON, May 17. (AP)—The government announced today that steel supplies for autos and other consumer "hard goods" will be cut about one-third below pre-Korea levels July 1.

Gibson said about two million tons of steel will be available for refrigerators, passenger cars, washing machines and other household appliances in the July-August-September quarter, as against three million tons on the average before the outbreak of fighting.

The announcement was made shartly after the outbreak of fighting.

The announcement was made shortly after the government ordered steel mills to set aside sharply increased percentages of their output for July delivery on military priorities.

The National Production Authority notified iron and steel producers that "an even larger share" of their output may be reserved for priority buyers in August to meet mounting defense demands.

The set-asides ranges up to 75 per cent of carbon steel plate, 68 per cent of heavy structural steel shapes and steel piling, 80 per cent of high grade electrical sheets and strips, and 95 per cent of wheels and axles.

In one case, oil-country tubular goods — meaning pipes and equipment used in oil drilling operations —the agency ordered 110 per cent of base period output set aside. The base period is the first half of 1950, so today's instructions mean that the set-aside is greater than total production a year ago.

Allowable Cut Order Issued

AUSTIN, May 17. (AP)—The Railroad Commission today set a production allowable of 2,939,868 barrels of crude oil daily for Texas in June, a decrease of 10,810 from the present level.

The cut is the result of a one-day reduction in the statewide producing schedule to 23 days, with the big East Texas field remaining on a 19-day schedule.

Though the allowable will drop behind the present figure momentarily, it will surpass the current permisive by roughly 30,000 barrels by the end of June, Commission Chairman Olin Culberson pointed out.

The next statewide hearing will be held in Austin at 9 a.m. June 15.

The new allowables by districts, compared with present figures:

1. Southwest Texas — 38,403 barrels daily, down 131.
2. Southwest Texas — 171,806 down 1,542.
3. Gulf Coast — 507,141 down 3,435.
4. Southwest Texas — 269,638 down 1,862.
5. East Central Texas — 55,489 down 470.
6. East Texas (Outside) — 119,401 down 966.
6. East Texas field — 282,056 up 8,596.
7B. West Central Texas — 106,211 down 624.
7C. West Central Texas — 102,377, down 729.
8. West Texas — 983,388, down 8,649.
9. North Texas — 197,539, down 996.
10. Panhandle — 106,419, down 2.

Rep. Kenneth B. Keating, above, New York Republican, said in Washington that he has "no pipeline" into the White House but that he had "a lot of friends in government." Keating for the second time produced information calculated to embarrass White House occupants when he revealed that a government limousine carrying the President's sister was stopped for speeding through Hopewell, N. Y.

Airmen Not Hot On Bombing Of China Proper

By WILLIAM JORDEN

OKINAWA, May 17. (AP)—Should the United Nations strike at Communist bases in Manchuria?

Many Air Force men at the big bomber base here — the men who would do the job — are not convinced it's a good idea.

Here is the way many said they see the problem:

If U. S. bombers were assigned to hit Red targets north of the Yalu River border of Korea, they could do serious damage to the Communists' war effort.

It would certainly make the Eighth Army's job of killing Communist soldiers a good deal easier.

If that were the whole story, Air Force men say, there would be no doubt about the military advantages of bombing Manchurian bases.

But there is another side to the purely military problem.

The air experts say that if B-29s flew to Red target areas very much north of Antung, Manchuria at the mouth of the Yalu, they would have to travel without fighter escort. Without jets flying cover, the Air Force would expect heavy losses of Superforts.

The Air Force is quick to agree that bombing Manchuria would have serious implications. The big question is: Would the Communists retaliate with their own bombers on U. S. installations in Japan and Okinawa? Would bombing Manchuria mean the beginning of World War III?

The airmen say that is a question for higher authority.

Masons Will Discuss Building New Lodge

Members of the Masonic Lodge here will discuss the possibility of building a new lodge or renovating the present one when they meet at 7:30 o'clock tomorrow night in a called meeting.

O. J. Martin, worshipful master, said two committees were to report to the group tomorrow before any vote is taken.

Committee members are: Blue Lodge — M. L. Andress, Hilton Lambert, and J. B. Turner; and Commandery — Nolan Watson, R. B. Sears, and Wayne Boren.

The lodge here, organized Dec. 3, 1890, now has 300 members and has been at the same location since 1912. J. E. LeMond has been secretary for the last 13 years.

Thrust Fails To Break In Main Defense

By OLEN CLEMENTS

TOKYO, Friday, May 18. (AP) — Chinese Reds smashed against strong Allied defenses ringing Seoul late Thursday night in a new blow of their second spring offensive, which exploded all along the Korean front.

But, so searing was United Nations fire on the Seoul perimeter, that the Chinese fled after a four and a half-hour battle.

AP Correspondent John Randolph, on the western front, said an estimated 400 Red casualties were counted on the moonlit battle field.

The Allied commander of Seoul's defenses expressed belief that his positions were impregnable.

Elsewhere along the rugged mountainous front, Red casualties were estimated in the thousands. The Reds failed Thursday to crack the main Allied lines.

On the east-central sector, the Chinese smashed a hole in South Korean ranks and poured through. Other Allied forces rushed up and plugged the gap by nightfall.

Waves of Chinese stormed U. S. positions. But every time the Americans were pushed off a hill they counterattacked to recapture the high ground.

The actions were along the east-central front, hottest sector of the 75-mile wide battleground.

Field dispatches said 96,000 Chinese were attacking in the 25 mile length of the east central sector in the opening stages of an all-out Communist offensive.

MORE REDS GATHER

Another 25,000 Reds were reported gathering on the Pukhan Valley invasion route of the west central sector. Slithering Chinese had crept close to American lines at the junction of the Han and Pukhan Rivers despite ceaseless aerial and artillery punishment.

Far to the west erupting attacks and mounting pressure threatened a major advance toward Seoul might be tried later.

All along the line Red reserves were packed deep behind the bugle blowing assault units.

Front line officers said Red strategy appeared to be to hit the center of the line regardless of losses.

Communists attacked relentlessly. U.N. planes, artillery and mine fields took a heavy toll.

"We are killing them by the thousands," an Air Force officer said.

Artillery batteries fired at a record pace. "We are not firing except at groups of 100 or more,"

The U. S. Eighth Army estimated Communist casualties Wednesday at 3,582. The Fifth Air Force said it added 850 Thursday in 617 combat strikes.

HEAVY CENSORSHIP

Heaviest fighting was on a 25-mile sector of the east-central front from Chunchon to Inje.

The Chinese breakthrough was south of Inje, north of the 38th parallel.

Field dispatches referred to the breakthrough was heavily censored. AP Correspondent William C. Bernard on the east-central front reported the break exposed the flanks of other Republican units. He said these troops were gravely threatened.

South Koreans to the west gave ground under heavy pressure.

In the neighborhood of Chunchon, Americans generally held their positions. In one instance U. S. troops counter-attacked.

American lines were dented in spots.

The Communist version of the battle was broadcast by Pyongyang Radio in North Korea. It said Reds "are successfully punishing savage American and British aggressors all along the front."

The attack began on the east coast Wednesday and exploded westward. AP Correspondent Nate Polowetzky compared it to a string of firecrackers exploded as the flame crept along the cord — for 54 miles.

Right-to-Work Bill Passes In House Today

AUSTIN, May 17. (AP) — A bill bringing violators of the right-to-work or anti-closed shop law under anti-trust law penalties was passed by the House today, 88 to 42.

It must return to the Senate for House amendments. The original measure by Senator George Parkhouse of Dallas, called for two to ten year prison terms for violation. The House knocked that out and made violations punishable by fines.

Rep. Gabe Garrett's amendment to strike out the terms "union" and "Labor organization" throughout the bill was defeated, 81 to 39.

Garrett attacked the bill as one that would throw laboring men "back into peonage." Rep. Horace Houston of Dallas, House sponsor, said the bill was directed at "unreasonable and wilful exercise of power" by the unions.

Britain Sends Note To Iran

LONDON, May 17. (AP)— Britain sent Iran a stern note today reportedly calling for high level talks to settle their oil dispute.

The note was dispatched to British Ambassador Sir Francis Shepherd in Tehran. The foreign office said Sir Francis would deliver it to the Persian government at the first opportunity.

This, however, may not be until Saturday, as Friday is the Moslem equivalent of Western World's Sunday.

Colorado City Police Chief Withdraws His Application for Post

COLORADO CITY, May 16 — Highway Patrolman Eddy Loene, who was tentatively appointed Colorado City chief of police, has withdrawn his application for the position.

His withdrawl was sent to Jack Tallent, city manager, yesterday. Koene referred to statements made at a recent council meeting when the proposed city budget was refused and Leonard Henderson, councilman, suggested that it be trimmed by cutting $10,000 from the police department appropriation. The council is holding the budget for further study.

Sam Hulme, acting chief of police since Dick Hickman was discharged, will continue to serve until a new chief is appointed.

Boy Tells Senate Of Blanket Parties And Sexy Literature

AUSTIN, May 17. (AP)—State Senators Wednesday heard about a summer camp for teenagers that allegedly had blanket parties and sexy literature.

The details came from Frank Rice, 18, of Houston. He was one of a group of witnesses to testify before the Senate State Affairs Committee in favor of a bill to regulate summer camps.

Rice did not identify the camp. He said he went there when he was 14. The blanket parties, he declared, often were unchaperoned, and the camp supplied books in which "sex stood out like neon signs."

Boys and girls were paired off with one blanket each, he continued.

"Each would spread one blanket out and cover up with the other," Rice said.

The committe sent the bill to subcommittee for further study.

If pased, it would require state inspection, regulation, and licensing of summer camps by the youth development council.

It would apply only to camps operated on a commercial basis. Camps for Boy and Girl Scouts, be exempt.

WEATHER

WEST TEXAS — Partly cloudy except scattered showers and local thunderstorms in Panhandl, South Plains and east of Pecos Valley this afternoon, tonight and Friday.

EAST TEXAS — Considerable cloudiness scattered thundershowers in west and north central portions this afternoon, tonight and Friday.

ADDITION TO FIRE STATION

Walls of the new annex to the fire station at the city hall are almost built. When completed the annex will give the city storage space for two additional fire engines. A new sub-station is also under construction in Southeast Snyder.—(Staff photograph).

NEWS FROM FLUVANNA

BY MRS. TENNIE J. CREEK

Mr. and Mrs. Tom Squyres of Lubbock were visiting his mother here Sunday.

Mr. and Mrs. Gene Trussel visited relatives here Sunday.

R. L. Lightfoot, Billy Lightfoot and family and Miss Merel Lightfoot visited relatives and friends in Fluvanna Sunday afternoon.

Visitors of Mr. and Mrs. Horace Carmichael Sunday were Mrs. Emma Hughes of Erick, Okla., Mrs. Oscar Maples and daughter of Kermit, Mrs. Clyde Smith and children of Big Lake and Mr. and Mrs. Harry Kingston and son.

Guests of Mr. and Mrs. Jack Hunnicutt Sunday were Mr. and Mrs. Carl Horton of Rotan.

Mr. and Mrs. Goerge Miller and son visited Mrs. Miller's parents, Mr. and Mrs. R. B. Wills, Sunday.

Mr. and Mrs. Tommy Farquhar and son, Ronald, from Big Spring visited Mr. Farquhar's parents Sunday.

Mr. and Mrs. J. J. Belew have returned home from Grand Prairie.

Mr. and Mrs. O. D. Jackson and daughter, Carol Sue, from Gail visited Mrs. Jackson's parents, Mr. and Mrs. A. L. Odom Sunday.

Mr. and Mrs. J. T. Sullivan and daughter and Mr. and Mrs. John Tysen of Lubbock were guests in the Wayland Mathis home Sunday.

Mr. and Mrs. Jake Ross of Lubbock visited her mother, Mrs. J. I. Borer, Sunday.

Mrs. Jessie Browning and daughters and Mrs. Carlyle Russell and daughters of Missouri are visiting relatives and friends here.

Truss Farquhar, who is now stationed in San Diego with the Marine Corps, is home on leave.

Mr. and Mrs. Dale Gleghorn of Artesia, N. M., were visitors in the V. L. Patterson home last week.

Mr. and Mrs. Victor Baze and Darvin of Snyder visited Mr. and Mrs. Buford Browning Sunday.

Mrs. Raymond Griffin and daughter, Shirley Raye, visited relatives in Sylvester, Hamlin and Stamford over the week end.

Mrs. Tennie J. Creek left Tuesday for a visit with friends in Houston.

Mr. and Mrs. Ray Fulford had as their week end guests Mrs. Fulford's brother and family, Mr. and Mrs. M. E. Kinsey and daughter, of Lampasas.

Mr. and Mrs. J. B. Jordan, Jr., and children of San Angelo visited relatives over the week end.

Pat Jones made a business trip to Lubbock Tuesday.

Mr. and Mrs. Guy Turner, Jr., visited her brother, Weldon Sneed, and family in Abilene Sunday.

Mr. and Mrs. J. C. Boyd and children of Dallas, Mr. and Mrs. Bert Plant of Big Spring, Mr. and Mrs. E. L. Nelson of Lubbock, Mr. and Mrs. W. E. Smith of Dermott spent Mother's Day with Mrs. J. G. Landrum.

Mrs. J. C. Dowdy, accompanied by her father, M. P. White, Mrs. J. E. Steele and son and E. P. White, all of Hobbs, N.M., attended funeral services for H. D. White in Avoca.

Mrs. Robert Warren spent Sunday with her mother, Mrs. W.F. Burney, in Snyder.

Miss Nell Waren accompanied Mr. and Mrs. Joe Rue Burney to Dora, N.M.

Mrs. C. F. Shurn of Lamesa spent the week end with her daughter, Mrs. V. L. Franklin.

Mr. and Mrs. Cecil Button of Snyder were house guests of Mr. and Mrs. V. L. Franklin. Mrs. Button, Mrs. Franklin, Mrs. Joe Shurn and Mrs. C. L. Franklin spent Thursday in Abilene.

Mr. and Mrs. J. R. Jones, Mrs. Dan Blair, Mrs. Edna Browning and Mrs. Tennie J. Creek attended the North Colorado Asociation meeting in Colorado City Friday.

Miss Pat Jones and Robert Lee spent the week end visiting relatives and friends.

Panch McDonald and Buford Browning made a business trip to Fort Worth this week.

Mr. and Mrs. John Stavely met their daughter, Mrs. T. M. Greenhaw, and her family of Dallas in Breckenridge Sunday. Mrs. Stavely's parents, Mr. and Mrs. W. R. Craft, and her sister, all of Sweetwater, accompanied them.

NEWS FROM UNION

BY MRS. J. B. ADAMS

Mr. and Mrs. John Hardeson of Vernon visited over the week end with their daughter, Mrs. T. H. Selman, and family.

Mr. and Mrs. A. C. Shultz attended funeral services for Gerald Dixon (Jake) Lewis in Bearden, Okla., last week.

Sunday visitors in the home of the Rev. Jack O'Neal were his mother, Mrs. Cora O'Neal, and his sisters, Mrs. Howard Smith, Mrs. Arldie Keener, Mrs. Chester Schick of Rotan, Mrs. Leo Clegg, Mrs. E. H. Robertson of Roby and Mrs. Travis Rhodes of Dallas.

Mr. and Mrs. W. L. Strange of Seagraves visited her parents, Mr. and Mrs. L. M. McWilliams, Friday.

Mr. and Mrs. Ray Lunsford took his mother, Mrs. S. G. Lunsford, to Lubbock Thursday to consult a throat specialist.

Donald Ray Branson, a student at Wayland College in Plainview, was home for the week end.

Guests in the Charlie Eastman home Sunday were Mrs. Gracie Arp and children from Abilene and Mrs. Arp from Turner.

Cpl. Jack Shinn has returned to Virginia after visiting his parents, Mr. and Mrs. M. L. Shinn.

Mr. and Mrs. J. B. Adams had as visitors Sunday their sons and daughters and grandchildren. Their visitors were Mr. and Mrs. M. Boles and children, Mr. and Mrs. J. B. Adams, Jr., of Lamesa, and Mr. and Mrs. Virgil Jones and children.

Kenneth Maugham, a student at Texas Technological College, visited in the M. L. Shinn home Sunday.

Mr. and Mrs. Sidney Stone of Burbank, Calif., are the parents of a daughter. She has been named Carolyn Ruth. Mrs. Stone is the former Luden Woolever of this community.

Suit for $1,195 Goes to Jury

The jury was slated to start its deliberations at noon on the case of Mrs. Callie Adair Sheshey, who is seeking $1,195 against Clem B. Richardson and J. K. Kolar in 132nd district court.

J. Ray Martin, counsel for Mrs. Sheshey, and H. J. Brice and Wayland Holt, attorneys for Richardson and Kolar, concluded their arguments before the jury shortly before noon.

Testimony in the law suit was concluded yesterday afternoon.

Judge Ben F. Thorpe then excused the jury until 9 o'clock this morning, when the charge and arguments to the jury were made.

Richardson testified that he was bookkeeper for the Kolar company when the transaction was made between him and Mrs. Sheshey on or about Sept. 1, 1950.

Richardson told the jury that Mrs. Sheshey wanted to trade a 1948 Ford for a new car, but never did make up her mind what model she wanted. She first wanted a 1950 four-door Plymouth deluxe, but the firm was not able to get it for her, Richardson said.

Warren Sheshey, son of Mrs. Sheshey, stated that he purchased a 1950 Ford convertible from the Kolar company, and signed a contract for its payment in a deal consummated Sept. 5, 1950. Richardson told the jury that he sold the convertible for less than the market value, because it was a seasonable vehicle. The 1948 Ford was used as a down payment on the Ford convertible, the testimony revealed.

The convertible later was wrecked, but Warren Sheshey said he continued to make payments on the car to the Pacific Finance Co. He was to pay $2,355 for the convertible.

Brotherhood Members Will Meet Tonight

Members of the Baptist Brotherhood of Snyder are planning to meet at the First Baptist Church at 6:30 this afternoon to pool cars for their trip to the associational meeting of Brotherhoods at Colorado City tonight.

The meeting will be held at the First Baptist Church in Colorado City at 7:30 o'clock tonight, C.E. McGaw, of Snyder, president of the Mitchell - Scurry Association, said.

Guest speaker is to be Wade Freeman of Dallas, superintendent of evangelism for the state organization of Brotherhoods.

Guilty Verdict Is Returned

A fine of $250 plus court costs of $28.50 was assessed shortly after noon yesterday when a county court jury returned a verdict of guilty in the case of Johnnie Ellis, 38-year-old manager of the Log Cabin night club, charged with possessing loquor for illegal sale.

The jury was in deliberation about 10 minutes. The trial began early yesterday morning, testimony ending at noon.

Ellis was charged with possession of both beer and whisky at the time of a raid made on the Log Cabin May 5 by Homer Whisnand and Charles Youngblood, deputy sheriffs. Both officers testified they found liquor in open containers on 10 of the 13 tables in the club.

Mrs. Mildred Wood, 33, the defendant's sister and owner of the club, testified that liquor was in no way connected with the operation of the firm.

During the trial, Mrs. Wood was taken from the courtroom by Youngblood on an order of Edgar Taylor, county judge, who had twice asked her and another witness, Miss Jo Ann Hunter, to refrain from talking in the courtroom.

Miss Hunter testified for the defendant that she had been employed by the club and that liquor was not offered for sale there.

Whisnand said he conducted the raid after learning that two drunken drivers arrested about an hour before had come from the club.

Ellis, represented by Fred Chandler, Colorado City attorney, Keith Merrick, county attorney, represented the state.

Two Patrolmen Are Hired Here

Two new men have joined the police department, Chester Bairrington, chief, said.

Both are native Texans, and both have had prior experience as police officers, he said.

They are Curtis E. Strange and Edward W. McCain.

Strange is 33 years old, is married and has four children. He was born and reared in Stamford and has been with the Hobbs, N. M., police department for the past three years.

Prior to that time, Strange worked for the City of Stamford four years, and during World War II was a crash fire fighting instructor at the Hobbs Air Base, then moved to Amarillo to work with the fire department there.

McCain is 34 years old, married, and has three children. He was born in Canton, Tex., but lived nine years in Colorado City before World War II. During the war, McCain served 21 months as a military policeman in the Army. He has been a member of the Hobbs police force the past four years.

Both men said they would move their families to Snyder in the near future.

Stock Market Pushes Higher

NEW YORK, May 17. (AP)—Prices pushed upward today in the stock market in a modest recovery movement.

Gaines ran beyond a dollar a share at the best, and backwardness was only occasional.

Texas Author Will Speak Here Tonight

Boyce House, author and newspaper columnist, will address the Snyder Rotary Club's farmer's night banquet tonight.

House has written a dozen books, the latest entitled "Roaring Ranger, the World's Biggest Boom." Ranger proclaimed a Boyce House day when the book was published. He was guest of honor at the annual Texas Author's Day in San Antonio last week.

House is probably best known for his daily newspaper columns and two earlier books, "I Give You Texas" and "Tall Talk from Texas." He has also had articles published in the Saturday Evening Post, and was referred to by Life Magazine as "Texas' No. 1 Booster." He served as technical adviser for the motion picture "Boom Town," produced several years ago.

House, who averages 75 speeches a year, will speak in Missouri, Louisiana and Mississippi within the next few weeks.

Hughes Service This Afternoon

Funeral services for Mrs. T. F. Hughes, 78, a former Snyder resident, were to be held at 2:30 this afternoon at the North Side Baptist Church.

Mrs. Hughes died yesterday afternoon at the home of a daughter, Mrs. C. R. Cross, in Paducah, Tex. She had been making her home there for the past eight months, and had lived in Snyder for about 10 years before that time. Her husband died here in April last year.

Survivors in addition to Mrs. Cross include three brothers, Edgar Kennedy and Clark Kennedy of Dublin and W. A. Kennedy of Waco; three sisters, Mr. B. F. Moore of Gustine, Tex., Mrs. A. E. Rambo of Proctor, Tex., and Mrs. J. M. Hughes of Dublin; two granddaughters, Mrs. Bob Scott and Miss Yvonne Cross of Paducah, and a great - grandson, Michael Roy Scott of Paducah.

The Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, will officiate at the funeral services. Burial will be in Snyder cemetery under the direction of Bolger-Barnes Funeral Home.

33 Charged for Gaming Enter Pleas of Guilty

Thirty - three gamblers paid a total of $460 into the coffers of the court of W. C. Davidson, justice of the peace, late yesterday.

All had entered pleas of guilty to the charge of gaming when arraigned before Judge Davidson, who fined each person $1 and costs, which amounted to $14 each.

The raid on the dice game in the flats was made by members of the sheriff's office late Tuesday night.

Add some pickling spices to the water in which you cook shrimp for good flavor.

PERMIAN OIL NEWS

Martin County Wildcat Is Dry on Drillstem Test in Ellenburger

Gulf Oil Corp. No. 2-E-B George W. Glass, Southwest Martin County wildcat, 12 miles north of Midland and 18 miles west of Stanton, topped the Ellenburger at 12,610 feet. That makes it have a datum of minus 9,737 feet.

The No. 2-E-B Glass is 148 feet high on the top of the Ellenburger to the same concern's No. 1-E-B Glass, one half of a mile south and one-eighth of a mile west.

No. 2-E-B Glass drilled to 12,661 feet and took a one hour and 30 minute drillstem test at 2,600-661 feet. No gas or fluid came to the surface while the tool was open.

Operator was pulling the drillstem test tool at last report.

Location is 662 feet from south and 670 feet from east lines of section 12, block 39, T-1-N, T&P survey.

Gulf No. 1-E-B Glass drilled into the Ellenburger. It had slight shows of oil in that formation, but also made water. It was plugged back and completed as a discovery from the Spraberry sand to open the Glass field.

No. 2-E-B Glass has also shown for possible production in the Spraberry and it has flowed oil from the Pennsylvanian lime to assure a discovery from that formation.

• • •

Slight Show in Test Of Martin Fusselman

Standolind Oil & Gas Company No. 1 Mulkey, Southeast Martin County wildcat, is drilling ahead after a drillstem test in the Fusselman lime.

The test was taken from 11,045 feet to 11,000 feet. Tool was open one and one-half hours. There was a strong blow of air throughout the test.

Recovery was 108 feet of sweet gas, 3,000 feet of water blanket, the top 30 feet of it being heavily oil and gas cut and the remainder being slightly oil and gas cut, 1,100 feet of slightly oil and gas cut drilling mud and 200 feet of salt water.

No top of the Fusselman formation has been picked.

Location is at the center of the southwest quarter of the southeast quarter of section 20, block 35, T-1-S, T&P survey.

This wildcat had some slight shows of oil and gas in the upper Spraberry.

It is three miles southeast of Stanton.

• • •

No Show Recovered In Runnels Ellenburger

Vinciasent & Welch, Inc., of Midland and Lake Charles, La., and associates No. 1 Ben W. Glass, Tool was open one and one-half hours. Recovery was 4,370 feet of salty sulphur water with no shows of oil or gas.

Operators have plugged and abandoned the failure.

Top of the Ellenburger was reported at 4,565 feet and elevation was 1,754 feet.

The dry hole is two miles south of Rowena and about eight miles south of the West Ballinger field, the nearest proven producing area.

Location was 3,184 feet from east and 1,263 feet from north lines of section 200, D. R. Callander survey.

• • •

Pecos Wildcat Spotted

Nelson Bunker Hunt trust estate of Dallas No. 1 W. A. Stroman is to be a 13,500-foot wildcat in Central Pecos County.

Location is 1,320 feet from south and west lines of the Hunt lease in section 526, Comanche Creek Irrigation Co. survey. That makes it seven miles east of the town of Fort Stockton. Drilling is to begin in the near future.

Some geologists think the project should reach and test the Ellenburger by the time it reaches 13,500 feet.

Glasscock Wildcat To Go Into Ellenburger

Murphy Corp. and Ashland Oil & Refining Co. No. 1 M. L. Couey is to be an 1,000-foot wildcat to explore the Ellenburger in Southwest Glasscock County.

Operations at this exploration are to be started by June 1.

Location is at the center of the southwest quarter of the southwest quarter of section 13, block 36, T-5-S, T&P survey.

The development is to be drilled on a lease which was secured by Murphy and Ashland in a farmout deal with Tide Water Associated Oil Co.

The wildcat will be about 20 miles southwest of Garden City and approximately 12 miles southeast of the southeast side of the Tex-Harvey-Spraberry field.

• • •

13,000-Foot Wildcat Staked in East Gaines

The Alantic Refining Co. is to start operations soon at its No. 1 R. L. Burleson, which is to be a 13,000 - foot wildcat in Central-East Gaines County.

The prospector will be 23 miles southeast of Seminole and 660 feet from north and west line of labor 10, league 286, Schleicher County School Land survey.

The projected destination of 13,000 feet may take the venture into the Ellenburger.

• • •

Crockett Completion

Magnolia Petroleum Co. No. 1 Boyd Clayton, Central - East Crockett County project, was completed for a daily rating of 423,000 cubic feet of gas plus two and one-half barrels of 45.4 gravity condensate and basic sediment plus 29 and one-half barrels of drilling water.

Phoduction was through a ¾-inch tubing choke and from Ellenburger perforations at 8,510 to 8,560 feet, 8,590 to 8,640 feet, 8,665 to 8,730, and from 8,755 to 8,805 feet.

The producer is 1,320 feet from north and west lines of section 15, block IJ, GC&SF survey.

Weather Takes Toll In West Texas-New Mexico

(By The Associated Press)

The West Texas-New Mexico League continues to take a beating from the weather man.

The league has rarely enjoyed a day when one or more games have not been postponed because of rain wet grounds high winds or sandstarms. Wednesday night three of four games were rained out.

Albuquerque beat Lamesa, 5-3, to cut Abilene's first place lead to a half game. Abilene was scheduled at Clovis; Pampa at Amarillo, and Lubbock at Borger.

Jesse Priest scattered eight hits to notch his sixth win of the campaign.

California Open Starts

Sunbam Cash Food Market, because of its large volume, is in O. P. S. Store category 4 . . . Which in itself assures you that at all times you are buying groceries at the very lowest mark-up permitted in any city or town in the United States.

Sunbeam Cash FOOD

Of these three charming frocks which may be made at home for penny-bank prices, this light, airy voile in its demure print could dress you prettily for any dinner party.

Here is an afternoon redingote in permanent finish organdie over a slim broadcloth sheath which may be worn separately.

This sheer tissue gingham dress trimmed in white pique is the perfect perky morning dress. All of these dresses were made in fabrics designed by Nelo, treated for crease and shring resistance, and are easy to make for around $6 to $7 each.

Club Women Plug CARE Packages Shipped To Korea

By MARTHA COLE

HOUSTON, May 17. (AP) — The 2,000 delegates to the national convention of the Federation of Women's Clubs begin today a drive to combat world Communism.

Their program is a national campaign for CARE packages to Korea.

"The whole purpose of extending women's club work to foreign nations is to create a better understanding in order to combat Communism," said Mrs. John L. Whitehurst of Baltimore, Md.

"It's the Russian policy to belittle America and help the people in need," said Mrs. Whitehurst, who is chairman for the Council of International Clubs of the federation.

"Well, we are going to do what we can to answer that in our own way," she said.

Sparking the campaign are 23 women from 11 foreign nations who are international delegates to the six-day convention that opened here Monday.

Coming in today is the foreign minister of Korea, Y. T. Pyun, to tell the women what they can do to help his country.

Rep. Walter H. Judd of Minnesota, a former medical missionary in China, will talk to the convention tonight on the Far East situation.

Don J. Rafael Oreamuno, ambassador from Costa Rica, will speak on the Western Hemisphere and inter-American cooperation.

The superintendent of schools from Topeka, Kas., told the women Wednesday night that they must keep the spirit of competition in the schools.

"Life is not just one big continuous festival where no one excels and no one loses," Superintendent Kenneth McFarland said. "Therefore the schools which prepare for life should not operate under the delusion that no one can achieve more than anyone else.

"At the adult level this theory is Communism, but somehow we are making ourselves believe at the childhood level it is Democracy."

Sans Souci Changes Name to Cher Amis

The bridge club, formerly called Sans Souci, at its meeting yesterday changed its name to Cher Amis.

Mrs. E. L. Kownslar entertained the group, a branch of Newcomers' Club, in her home at Sun Oil Co. Mrs. George Lefler was co-hostess.

Mrs. Warren Richardson won high score, Mrs. Lonnie Smith, second high, and Mrs. John Pickering, bingo.

A bridge dessert was served. Mrs. Jack Morgan will entertain the group next meeting at the Village.

Present were Mrs. Joe Love, Mrs. Wade Pipkin, Mrs. J. T. Burris, Mrs. H. D. Sanders, Mrs. H. D. Jones, Mrs. Lon Smith, Mrs. Terry Holcomb, Mrs. W. W. Carey, and Mrs. V. K. Benson.

TALK OF THE TOWN

BY FRANCES BROOKS

H. GRADY STOVALL, who frequently visits Snyder offices which use his group hospitalization plan, was describing an interesting bit of transplanting lore. If you have a leftover hydrangea from Mother's Day, you might be interested. . . Stovall had excellent luck after Easter from planting his. Now they bloom profusely, have put on added foliage, and he thinks replanting the gift pot plants is worthwhile. Says he, dig a bed about 12 inches deep, properly wide, and to the natural soil add one layer of peat moss, some sand, and one layer of decayed leaves. This may be well-mixed, and you put in the plant, watering it faithfully until it is started. It thrives best on north side of house.

• • •

MRS. STERLING PARKER, nursing a small son with a good case of measles, told me over the phone about the soon-to-be organized Newcomers' Club branch, a book review club. The idea, already working well other places, will bring a professional book reviewer here to the once-a-month meeting. Dues of $6.00 yearly will cover charges, no social or business, just hearing the books you would like to hear reviewed. Twenty women have already evidenced interest by signing up.

Ordering another gift subscription to the Daily News, J. B. TINKER, 731 Eighth Street, Washington, D. C., added a personal note. "Please tell all old-timers, 1902-1912 that if any of them come to Washington they are welcome to visit me."

• • •

High winds without surcease bring on the jitters, sometimes good, sometimes moody. . . Several women today vowed if the wind dodn't let up, they would scream. . . Now it affected the classified advertising. A man is renting his two-bedroom house, with the firm notation, "If you don't have children, you're wasting your time." . . This could be descriptive of the desired renter or just general advice. We like kids, too, and thoroughly agree. you can also waste a lot of time WITH them.

Mrs. CHESTER LIKES of the Humble Oil Camp hopes that the Newcomers luncheon at 1 o'clock tomorrow at the Village will be well attended. . . if you have been in Snyder less than two years and want to meet other newcomers, you are welcome. Please call 1755-J if you desire information.

• • •

It was with a real concern that people in the oil business here heard of V. A. Knight's resigning from the Sun Ray Oil Corp. and leaving for another town. Mr. Knight's future plans are not definite.

• • •

A delicacy, certainly for these Pan handle parts, turned up at a birthday supper in Fluvanna Wednesday night, when the honoree MRS. A. L. ODOM received several cans of salmon, freshly caught and tinned after successful deep sea fishing by Mrs. Ruby Lee Beal of Oakland, Calif., formerly of Fluvanna.

• • •

Spattered windshields, drowned carburetors, sloshy puddles, lakes all over town, muddy shoes..... and nary a complaint! In fact, as I drove to work slowly (because for some perverse reason my wind shield wipers won't work if you go over 20 mph) I observed more pleased expressions of early-outters than I have seen on bright, sunny mornings for about six months. If this spell goes typically, we are due for a five-or-six-day spring rainy season....as a high school kid here, my step brothers and sisters and I always revelled in it — no school busses could run over the sulicy black mud that makes such famous cotton, and we all got to ride horses into town for the mail....Anyhow, there is one thing that stands out about the RAINS COMING... it draws every Scurry County man, woman, and child together in a common delight, no matter what their business, or religion, or likes, or dislikes....We are thankful it rained.

Lewis Bird of Snyder Will Marry Sweetwater Woman

Miss Elnora Webster, who will become the bride June 2 of Lewis Bird, 1312 Avenue R.

Mr. and Mrs. H. L. Webster of Sweetwater have announced the engagement of their daughter, Miss Elnora Webster, to Lewis Bird, the son of Mr. and Mrs. A. L. Bird of Levelland. Mr. Bird is employed here with the Grimmett Sand & Gravel Co. and makes his home with his grandmother, Mrs. A. T. Deere, 1312 Avenue R.

The couple will be married June 2 in Sweetwater.

The birde - elect is a senior in Newman high school, Sweetwater, to be graduated a week before her wedding. She is business manager of the Pony Express, school paper, reporter for the Future Homemaker chapter and a member of the student council.

Mr. Bird graduated from Levelland high school, where he moved with his parents, former residents of Snyder. Returning here to live about two years ago, Mr. Bird has since been employed with the gravel company.

EVENTS OF WEEK

FRIDAY

Miss Merry Davellyn Bodie's dance 8:30 p. m., Country Club.

Newcomers' club luncheon, 1 p.m., the Village Restaurant.

El Feliz 42 Club, Mrs. R. E. Gray, 701 Twenty-ninth Street, 3 p.m.

Ladies Day, the Country Club, luncheon 1 p.m., games all day.

SUNDAY

Mr. and Mrs. John Spear's golden wedding anniversary open house, 2-6 p.m., 2212 Thirtieth Street.

Birthday Party Given For Mrs. A. L. Odom

Mrs. A. L. Odom was honored with a birthday supper last night at the ranch home of her brother Buster Robertson, of Fluvanna.

Ice cream and cake was served the group.

Present were Mr. and Mrs. O. D. Jackson and daughter, Carol Jackson, of Gail; Mrs. Myrtle McKnight from Fort Worth; Douglas Odom, Mr. Odom, Mrs. Robertson and their son and daughter, Glenn and Karen.

Twentieth Century Club Holds Final Meeting of Season

Luncheon at the Village was the scene Tuesday of the last meeting of the season for the Twentieth Century Club.

Hostesses for the luncheon were Mrs. L. A. McClanahan, Mrs. Ernest Sneed, Mrs. W. P. Thurmon, and Mrs. W. H. Cauble.

Mrs. H. J. Brice led a study program, taking a roll call answered with helpful suggestions for the next season's club work. The program also consisted of a talk by Mrs. J. Nelson Dunn on "The Influence of Movies and Comics" and Mrs. Thurmon's discussion of the "California Youth Program".

There was a round table discussion of the value of hobbies.

Present were Mrs. Waldo Montgomery, Mrs. Fritz R. Smith, Mrs. I. W. Boren, Mrs. W. J. Ely, Mrs. W. D. Harrel, Mrs. Ola B. Leath, and Mrs. J. E. LeMond.

The group will reconvene in September.

Dinner Party Honors Couple Moving Away

Mr. and Mrs. R. M. Erwin, 2108 Thirty - fifth Street, Tuesday night entertained with a buffet dinner honoring Mr. and Mrs. Guy Allen Baber, who are moving from Snyder this week.

Mr. Baber, who is associated with National Supply Co., is being transferred to Eunice, N.M., where he will fill the position of store manager. Mr. Baber left today Mrs. Baber, a teller at Snyder National Bank, will follow shortly.

The guest list included Mrs. Harvey Durham, Mr. and Mrs. J. W. Headstream, and Mr. and Mrs. Howard Crenshaw.

Mr. and Mrs. Moore Return From Capital

Mr. and Mrs. H. G. Moore, Snyder residents, have returned from a vacation trip to the eastern states. They spent 10 days with their son, Carl Raymond Moore, who is employed by the electronics division of the National Bureau of Standards, Washington D. C. They also visited relatives in Chattanooga, Tenn., and Atlanta, Ga.

ASK MILDRED

..(Please address your questions to Ask Mildred, Snyder Daily News, Snyder, Texas. Give your name and address. Initials only will be printed.)

..I have always heard that painting a new wood fence will keep it from decay. We prefer the rustic effect of the unpainted fence, but wonder if it is much more economical to protect the fence with paint. Mrs. L.C.Q. .. . .

The new paint colors sometimes "lift the face" of a landscape. However, the U. S. Forest Service says paint prevents the weathering of wood but does not preserve it from deterioration due to decay, except in that it might keep the wood dry. Wood rots over a period of time because of the spreading of fungus which needs moisture to grow. Incidentally, research shows that two of the oldest frame buildings in the U.S. have NEVER been painted, one located in Dedham, Mass, the other in St. Augustine, Fla.

* * *

..What is a way of tenderizing a hen or large fowl for frying? The hens one buys seem so tough after frying, even when steamed in water awhile, that they are tasty. Mrs. L.B.B.

This is supposed to be a surefire tasty way of preparing a large hen or capon (much cheaper by the pound than your tiny fryers as you know) and the lady who regularly serves it to a large family urges readers to try it.

Put the fowl, cut up, in you pessure cooker and leave it on from 13 to 15 minutes, depending upon the poundage. Take out the tender pieces, which nearly fall off the bone, saving your broth for noodles, dumplings, or other chicken dishes. Dip each piece of chicken generously in a thinned-down biscuit batter and put in a French fryer or in a large skillet with lots of hot fat. This chicken is tender and a boon to the budget.

* * *

..What type of sand is the best to fill a child's sand box? Is there any way to prevent its blowing out so much, and is it necessary to get sterilized sand, which we learned is sold some places? Mrs. V.K.B.

Sand, according to several young mothers, is not such a problem to procure in this town. (joke) seriously, any construction job, or even the roadside out of town will furnish the sand. Sterlizing it is a over - cautious practice. The treatment small children give the play box won't leave it sterile for long. Just be certain there are no insects or forign matter brought in with it. The common method among sand box owners for preventing blowing is to dampen the sand, sprinkling it from time to time. This is quite effective. Little moisture is needed for the right consistency. The children will enjoy the cool feel of the sand and can mold sand men from sand with a bit of water applied.

Zernial Becoming Great Home Run Hitter For Philadelphia

By JACK HAND
(Associated Press Staff)

Jimmy Dykes has lit a fire under big Gus Zernial. The slumbering giant is on a record-tying home run rampage.

With six homers in three consecutive games, old "Ozark Ike" goes into the little red book in such exclusive company as Tony Lazzeri and Ralph Kiner. And he hasn't stopped yet.

For years the Chicago White Sox did everything but stick pins into Zernial's hide. Nothing much happened. But they waited and waited.

He hit 29 homers last season but averaged only .280. His fielding wasn't too much better. When aggressive Paul Richards took over as manager, Zernial was ticketed to go sooner or later.

"He'll hit for me," said Dykes last winter.

A three-way swap involving the A's, White Sox and Indians brought bench riding Gus to Philadelphia April 30.

The home run spurt started Sunday when the A's dumped the Yankees twice. He hit two more Tuesday night against St. Louis. Then came another pair Wednesday night off the Brownies. Still the A's lost the ball game, 10-9, and tumbled into the American League cellar.

Johnny Kucab was the losing pitcher and Al Widmar the winner.

Vic Raschi set a new season high with 10 strikeouts in the New York Yankees 11-3 romp over Cleveland.

Mickey Mantle drove home four runs with his first Yankee stadium homer and fourth of the year.

A's, White Sox and Indians brought bench-riding Gus to Philadelphia April 30.

Hermleigh And Pasotex Win At Softball

Hermleigh won 27 - 21 over Texas Electric, and Pasotex defeated the American Legion by a score of 8-2, in windy ball games last night at Memorial Park.

The first game was consistent with the leagues ball in that heavy hitting rather than tight pitching predominated. However, pitchers were the outstanding players in the second game.

Hermleigh had 27 runs, 20 hits, four errors, and seven men left on base. Texas Electric had 21 runs, 14 hits, nine errors and nine men left on base.

Pasotex got their eight runs from five hits, four errors, and 10 men left on base. Legion statistics were two runs, three hits, two errors, and four men left on base.

No home runs were hit in the last game. Davis pitched for the losing Legion nine, and Lewis Beurelein was the winning Pasotex pitcher.

Williams was the winner for Hermleigh, and J. W. Tatum lost for Texas Electric.

Tatum, Bob Hardee, and J. Bryant hit home runs for Texas Electric.

Tonight the National Guard plays Sun Oil at 7:30, and Town & Country plays Pan American at 9 o'clock, according to the schedule, but if the field is too wet the games will be postponed, Eddie Hight, league president, said.

Corpus Christi Still Winning

(By The Associated Press)

The Corpus Christi Aces continue to run rampant through the Gulf Coast League. They boast a winning streak of eight straight games, the longest in the league this season.

Wednesday night the Aces mauled Harlingen, 9-6, to add another game to their lead. Laredo, second place club, fell before Port Arthur, 10-1, to lose ground.

Brownsville beat Galveston, 4-1 to move into a third place tie with Harlingen, two and a half game behind the leaders and only a half game out of second. Cellar-dwelling Texas City trounced Lake Charles, 7-4.

Jesus Valenzuela stopped Harlingen with nine hits. He topped off the performance with two home runs.

Veteran Ed Cole scattered six hits in pitching Port Arthur to its victory. He struck out four and didn't walk a man.

Manager Jess Landrum belted three doubles to lead his club into a third place tie.

Texas City broke loose for six runs in the ninth inning to overtake Lake Charles. Lefty Jim Hogan pitched the Texans to the win.

No. 17 Leroy Spires Will Be Drilled Soon

Humble Oil Co. is to start drilling immediately on the No. 17 Leroy Spires in the Cogdell field of Kent County.

Location is 1,980 feet from south and east lines of section 718, block 97, H&TC survey and 7 miles south of Snyder. Rotary tools will be used to drill to 7,200 feet.

The surprising Chicago White Sox knocked off the Boston Red Sox at Fenway Park for the second day, 9-5. Joe Dobson went all the way.

Detroit kept step with Chicago, tied for second place, by whipping Washington, 7-1. Dizzy Trout allowed only four hits.

Historians were searching the records to see if the National League ever was only three games from top to bottom after a month of play. Only three games separate the last-place Phillies from the league leading Brooklyn Dodgers.

The Chicago Cubs battered Brooklyn pitchers for 13 hits in a 14-4 slaughter.

Second-place Boston also was knocked off by Cincinnati, 4-3.

Jim Hearn found his old Pittsburgh cousins in their usual form and chipped out a 2-1 decision for the New York Giants.

Al Brazle came to the rescue of Gerry Staley in the ninth to preserve a 5-3 St. Louis win over Philadelphia.

First Division Teams Win In Big State Loop

(By The Associated Press)

The Big State League went according to the dope Wednesday night. First division teams won; second division outfits lost.

Sherman-Denison led fifth place Temple by two percentage points going into the game. Today they have a full game advantage.

League-leading Gainesville shut out Tyler, 7-0. Austin nipped Texarkana, 5-4 to hang on.

Waco beat Wichita Falls, 9-0. Sherman-Denison beat Temple, 11-10.

Bob Upton gave up only six hits for Gainesville.

George O'Donnell got the other shut out, stopping Wichita Falls with five hits.

Roy Hawes, Sherman-Denison first baseman, lined a home run over the left field wall with one away in the ninth inning to give the Twins their win.

An unassisted double-play with the bases loaded suffed out a Texarkana rally for Austin. Shortstop Morley Bockman took a sizzling line drive by Milan Vuclich and beat Moe Santamauro back to second base to stifle the rally.

Colts Stopped By The Rain

(By The Associated Press)

The San Angelo Colts failed to come through with their 18th straight victory in the Longhorn League Wednesday night but it was not the opposition that stopped them.

Rain halted the San Angelo-Vernon game before it reached the halfway point and either robbed the Colts of their 18th straight or saved the streak for another day. The clubs were tied at 1-1 when the rains came in the fourth inning.

Roswell, in third place, gained a half game with a 6-0 win over Midland; Sweetwater beat Odessa, 7-2, and Big Spring trimmed Artesia, 13-8.

Knuckle-baller Walt Brickner, pitched his first game of the year for Roswell and let Midland down with four hits.

Sweetwater came to life in the final two innings to beat Odessa after trailing all of the way. The Swatters scored two runs in the eighth and four in the ninth.

Big Spring scored four times in the first inning and finished with six runs in the last three.

Oilers Showing Signs Of Life

(By The Associated Press)

Maybe it is too early to begin counting the Tulsa Oilers out of the Texas League pennant race.

Chosen as one of the top teams in the league by pre-season dopesters, Al Vincent's men got off to a bad start and are in the cellar. But they are beginning to show signs of life.

They have won five games in a row and are only five games out of the first division.

Jim Blackburn, 21-game winner with the Oilers last year, returned from Cincinnati and made his initial appearance of the year Wednesday night. He scattered ten Beaumont hits and pitched his way out of three big jams for a 5-2 victory.

He also drove in three Tulsa runs.

Both Dallas and Shreveport won with ninth inning stands. Dallas beat Houston, 5-2, to better its second place position and Shreveport downed Oklahoma City, 3-2.

San Antonio beat Fort Worth, 4-0. Bob Turley pitched his fifth victory in six starts.

Rugger Ardizoia struck out Les Fusselman in the ninth inning with two away and the bases loaded to preserve the Eagle lead.

Shreveport turned in a double-play with one away and the bases loaded in the ninth to beat Oklahoma City.

John Agar Marries Los Angeles Model After Drinking Black Coffee

LAS VEGAS, May 17. (AP)—Actor John Agar, Shirley Temple's ex-husband, had to gulp several cups of black coffe before he could get a license to wed Loretta Barnett Combs, Los Angeles model.

County Clerk Helen Scott at first refused to issue the license Wednesday on the ground that Agar was "too unsteady." He retreated across the street, ordered his coffee strong, and when he returned he passed muster. Judge Frank McName then married the couple.

Smaller Colleges In Texas To Experiment With Sports Plan

By WILBUR MARTIN
(Associated Press Staff)

You may not hear much about the new Big State Intercollegiate Conference now that it is organized, but you really ought to keep an eye on it.

For the seven small Texas universities and colleges who banded to form it are — intentionally or not — trying a noble experiment.

These schools are trying to promote an athletic program for their students, and they're not depending on high powered athletics to support it.

Just one of the seven schools—Texas Lutheran — is going to field a football team next season. Basketball, most likely, will be the main sports, but competition will be offered in golf, track, baseball, and tennis.

Football normally foots the bill for all sports at most institutions, with now and then baskeball paying it's way. But the other sports have never been noted for drawing large crowds.

The idea of the new conference is to provide an organized athletic schedule between the member schools.

So, it is very likely that only students at the seven schools will be able to tell you much about the new conference when it gets into operation this fall.

Newspapers don't devote too much space to minor sports, for the simple reason they don't have the space.

But the founding fathers of the new conference apparently don't care about too much publicity for their league, and aren't too concerned that they won't have thousands flocking to their campuses each week-end to witness the contests.

A lot of schools are very much interested in this.

No doubt the seven would like to draw well at the sports they will offer, but apparently they will be more interested in keeping their own students interested in the teams.

And if they can do this, they deserve a hearty round of applause.

You can hear these days about giving sports back to the kids on the campus

The new Big State Conference—Texas Lutheran, Southwestern, Daniel Baker, St. Mary's (San Antonio), East Texas Baptist, St. Edward's (Austin), and Texas Wesleyan (Fort Worth) is strictly for them.

For company fare staff celery with a mixture of Roquefort cheese and finely chopped almonds; cut in short sticks and serve on salad greens with French dressing.

Railroad Commission Cuts Allowable In The Fullerton Field

Allowable production in the Fullerton field of Andrews County was cut from 90 to 65 barrels per well daily by the Railroad Commission yesterday.

The commission cited an increasing gas-oil ratio and decline in bottomhole pressure as the reasons. The commision had recently noted that gas was being burned in field flares because of lack of equipment for processing it at present production rates.

The Railroad Commission also set a minimum between - well spacing of 1,200 feet in the Double Mountain field of Stonewall County. The minimum well-boundary spacing was set at 560 feet, a proration unit of 40 acres, and a gas-oil ratio of 1,000 cubic feet per barrel.

The commission has set June 21 for hearing the application of James H. Snowden and others for the allowable on their No. 1-30, Dawson County discovery well.

Husband of Snyder Woman Returns From Navy Action in Korea

Virgil Lee White, seaman, husband of Mrs. Vivian I. White, Box 311, Snyder Texas, returned to the United States aboard the dock landing ship USS Fort Marion after more than ten months of combat duty in Korean waters.

White's ship participated in the amphibious landings at Wolmido and Wonsan. During these landings she was charged with responsibility of transporting troops, supplies and equipment to the beachhead. The Fort Marion also took part in a commando raid on the east coast beaches of Korea.

While at sea near Kobe, Japan, the ship was struck by a typhoon with winds up to an estimated 93 miles an hour. She weathered the storm without damage.

Big Will Suit Set In Houston

HOUSTON, May 17. — A hearing was scheduled today into a court suit over the multi-million-dollar estate of Mrs. Helene Crosby Simmons, widow of the late A. W. Crosby.

Mrs. Hazel Crosby Wednesday filed a plea of intervention in Judge Clem McClelland's probate court here in the dispute over the estate.

Mrs. Crosby filed a plea in behalf of one of her two children, Donald W. Crosby, Jr., and asked that a hearing on Mrs. Simmons' will be postponed 60 days.

A will, dated Feb. 6, 1950, disinherited her husband, Frank A. Simmons, and named Baylor University as the principal beneficiary. It is this will which Simmons is contesting.

Simmons wants a 1946 will, in which he is principal beneficiary, accepted by the court. A divorce suit against him was pending at the time of his wife's death.

Chiang Kai-Shek Speaks For Himself On Asia's Problem

By FRANK H. KING

TAIPEH, Formosa, May 16. (AP) —Chiang Kai-shek told the Associated Press that his Nationalist forces on Formosa, by a body punch to the mainland, can halt Chinese Communist aggression in Korea.

The 64-year-old generalissimo has an estimated 500,000 men in training on this island bastion. These soldiers have figured in the great debate on U. S. policy in the Orient now raging in Washington.

During one of his rare, personal interviews, lasting nearly an hour, Chiang carefully guarded against discussion of specific issues involved in that debate.

CHIANG CALM

The interview took place in Chiang's office in the huge administration building whose cavernous corridors are like those of many American state capitols.

In adjoining conference rooms military and civilian delegations new American Military Assistance waited to see the "Gimo." Maj. Gen. William C. Chase, head of the Advisory Group, had just completed a visit.

Chiang was calm, relaxed and laughed quietly as he talked. He smoothed the rich covering of the conference table with long fingers from time to time.

Friends said he looked healthier in appearance than for several years.

Behind Chiang's chair were the crossed flags of Nationalist China and his Kuomintang party. Both have been driven from the mainland to this island 100 miles off the southeast coast.

WORKS LONG DAY

A large picture of Sun Yat-sen, founder of the Chinese republic, was on one wall.

Chiang was working a normal day, an aide said. He was up at daybreak, like the old soldier he is. He took a few minutes of exercise. Then he read the Bible and indulged in the first of two daily periods of meditation and prayer.

The Generalissimo works a long day. It is interrupted in the afternoon by 30 minutes of sleep. during the interview, a question brought from Chiang a reminder that he had been fighting Communists since 1927. He answered many questions ranging from charges of corruption in his Nationalist government to Soviet Russia's long-term program.

The first question I asked the generalissimo was whether in his opinion Europe or Asia were under greater immediate threat from Russia.

ASIA RED TARGET

"At this stage," he replied, "the objective of Russia is expansion in Asia, not Europe."

He next was asked if Russia was prepared to wage aggressive war East of the Lake Baikal region, which lies almost in the center of Siberia.

Chiang's answer was not so ready, but it was made in the same easy, low-toned voice.

"I do not think Russia will use her own strength in fighting an aggressive war in Asia," he said. "It is not necessary for Russia to use her own troops.

"In the past, the international Communists took the propaganda line that the Chinese Communists were agrarian reformers and that the Chinese Nationalist government was dishonest, corrupt and inefficient.

"Now the Chinese Communists have occupied the mainland of China. What they are afraid of is a nationalist counteroffensive.

"So their propaganda line now is: 1. The Chinese on the mainland will not welcome the return of the Nationalists. 2. If the United States aids the Nationalists, the Chinese people on the mainland will hate the Americans.

NEW LINE SEEN

"The new Communist line is to play on fear psychology. If you (Americans) aid the Chinese Nationalists you will incur the hatred of the Chinese people. This is their propaganda."

Asked for comment on United States desires to obtain a speedy, decisive termination of the Korean fighting, the generalissimo said:

"I cannot entertain an optimistic view of the Korean war. I cannot predict when it will end if continued on the present basis."

The old warrior against Communism then made his declaration that his Nationalists by a diversionary counteroffensive against the mainland would halt aggression in Korea.

"It would take six months for us to start the large-scale counteroffensive after necessary and adequate equipment and supplies are available in Formosa," he said.

I asked Chiang if the 33,000 troops he offered for service in Korea last year still were available.

"There has been no new approach by the United Nations," he replied. If there should be, consultations would be necessary to meet the new and changed situation. But in case of urgent need I certainly will not shirk my responsibilities."

I then said there was a widespread belief in the United States that the Nationalist government was corrupt in its administration of affairs on the mainland and that individual leaders of that regime took or exported to the United States much wealth. I asked if any such wealth had been recovered and used for the benefit of all China.

Chiang's reply, sources here said, was the first comment he ever has made on this subject.

ACTIONS EXPLAINED

"For many years," Chiang said, "the Chinese government has made inquiries of the United States government seeking cooperation and information as to Chinese who had taken wealth to the United States.

"We requested the United States government to inform us of this so that we could then take all measures to return this wealth or treasure to its rightful owners, the government of China.

"So far, our talks have produced no results. We are ready to proceed to reclaim any money taken from China to use it for the general good of the people."

Asked whether the Chinese people would accept militant communism and become resigned to the present rule in Peiping, Chiang declared:

"Absolutely not. The culture tradition, the philosophy of the Chinese people, is diametrically opposed to communism."

Here the generalissimo ventured a bit of humor.

"Even after the death of a Chinese," he said, "I don't think his ghost would become Communist."

The present Red purge of the anti-Communist Chinese "prevents local leaders from emerging on the Chinese mainland," Chiang said.

"Only when a counteroffensive is launched from Formosa will it be possible to start the liberation of the Chinese people from communistic oppression," he added.

In conclusion I told the generalissimo that some one had suggested he visit the United States and speak to a Joint Session of Congress.

"When we succeed in recovering the mainland of China," he said, "I would certainly deem it a pleasure to visit America to thank our friends who have helped us in our struggle."

Iran Situation Growing Tense

TEHRAN, Iran, May 17. (AP) — Pressure for nationalization of the giant Anglo-Iranian Oil Company was stepped up today as the press spread reports that Britain plans to parachute troops into Iran to hold her southern oil fields. The British government has not confirmed the report.

Public feeling also was aroused by yesterday's arrest of Abolgas sem Rafiee, No. 2 man in the Fanatical Fedayan Islam religious society on charges of plotting the assassination of Premier Mohammed Mossadegh.

Police quoted Rafiee as saying "Mossadegh is lucky I am caught. Otherwise he would have been shot within the next two or three days."

(U. S. Secretary of State Dean Acheson said Washington is urging Iran and Britain to avoid extremes in the oil crisis.)

Meanwhile, Mossadegh, who has remaintd barricaded in the Parliament building since Sunday, ordered all the windows of his locked rooms boarded up on the chance that a sniper might pick him off from the Seph Salar mosque, 200 yards distant.

PERSONALS

Mr. and Mrs. Joe Strayhorn and Miss Neoma Strayhorn, 2111 Thirtieth Street, entertained over the week end members of their family, Mr. and Mrs. W. W. Cork from San Angelo, Mr. and Mrs. Phil Baucher from Post, and Bob Strayhorn from Rotan. Mrs. J.P. Strayhorn and son dropped in Sunday to complete the family group.

House Builders See Crisis In Vanishing Home Loan Money

By CHARLES MOLONY

WASHINGTON, May 17. (AP) — Money for home mortgage loans is vanishing across the nation — with a suddeness startling to builders and government officials alike.

Fear of a complete breakdown in new home building — smashing the dreams of potential buyers and threatening widespread unemployment among construction workers—was expressed at a meeting of building men here today.

Concern was shown too — although not so intensely — in government agencies dealing with the housing situation.

The swift, unexpected development was tied to price drops in the government bond market.

W. P. Atkinson, Midwest City, Okla., president of the National Association of House Builders, (NAHB), declared that disappearance of money to finance construction of homes has brought his industry to a crisis as serious as it ever faced.

A meeting of the NAHB's directors brought some 300 of the nation's most active builders hurrying here Tuesday to talk among themselves — and to government officials — about what can be done. They've been at it ever since.

Builders explained the chain of events this way:

Before last March, life insurance companies, banks and other lenders found it easy and profitable to sell part of their huge holdings of government bonds to the Federal Reserve System and to relend the money on mortgages at a further profit.

That was because the Federal Reserve supported bond prices by buying all bonds offered it, and paying par or better — assuring the financial institutions full return of invested funds, often with a profit.

In the last few weeks, however, the Federal Reserve's abandonment of that ten-year-old practice has resulted in lower prices for government marketable bonds (in contrast to savings bonds). Some bonds have been quoted below $97 on the $100 value.

A lender who paid par for a bond now selling at 97 would be taking an immediate three per cent loss if he sold, and he couldn't get more than four to five per cent interest out of a mortgage for each full year his money was tied up in it.

The consequence, builders contend — and government men acknowledge — has been a shrinkage in mortgage money funds far beyond anything that was foreseen.

Number Racket Man Sentenced

NEW YORK, May 17. (AP) —Numbers racketteer Louis Weber was convicted Wednesday night of lying to the U. S. Senate Crime Probe Committee about his relations with James J. Moran, pal of former Mayor William O'Dwyer.

Weber, 51 - year - old native of Puerto Rico, will be sentenced on the perjury conviction in federal court Friday.

He can get up to five years in prison and a $2,000 fine — the maximum imposed on Moran on the same charge.

The cases hinged on the number of times Weber visited Moran at his office when Moran was first deputy fire commissioner from 1946 to 1950.

Moran swore to the committee that there were no more than six visits. Weber testified he didn't even known Moran. Government witnesses told of more than 100 visits.

400 Sick Soldiers

FT. MEADE, Md., May 17. (AP)—More than 400 soldiers who got somach aches here and at Arlington, Va., had the authorities digging for the cause today.

None was seriously ill.

The finger apparently pointed to food poisoning. But so far the Army doctors haven't been able to pinpoint the reason.

Cook dried beans at a low heat; they should be simmered rather than boiled. This low heat helps them to cook tender.

Mrs. A. C. Leslie, 2711 Avenue W, and Miss Thelma Leslie last week entertained Lt. Commander S. C. Leslie and Mrs. Leslie from Charleston, S.C. A native of Snyder and a graduate of the high school here, Commander Leslie visited many old friends here.

32 Wildcats Among 125 Tests Staked In West Texas Counties

Twenty-nine West Texas Counties shared locations during the week April 29 to May 5 for 125 tests for oil, including 32 wildcats. The preceding week listed 136 tests for oil, including 15 wildcats.

Totals for the first 18 weeks in 1951 became 2,019 in proven areas and 347 for wildcats, a grand total of 2,366. This is a weekly average of 131.44, down from 132 through the 17th week.

District 7-C gained 26 field tests and 11 wildcats; District 8 added 67 projects and 21 wildcats .

Dawson, Pecos, Sterling, and Upton Counties were first in wildcat locations with three each, King, Runnels, and Tom Green two each, Borden, Coke, Cottle, Gaines, Glasscock, Howard, Irion, McCulloch, Midland, Reagan, Reeves, Ward, Winkler, and Yoakum one each.

Andrews County led in field starters with 13, Cochran, Midland, and Runnels added 11 each. Coke and Upton five each, Ector, Gaines, Pecos, and Scurry County four each, Glasscock, Howard, and Schleicher three each, Borden, Crockett, Dawson, Terry, and Ward two each, Loving and Reeves one each.

TIP FROM OLD MASTER—Fred Wilt (right), FBI man and runner, chats with Glenn Cunningham, Kansas' famed miler of '30's, after Wilt won Cunningham Mile in Kansas Relays.

TEXAS BRANDS

2 D

BY JOHN M. HENDRIX

Two D was the brand used by George and Frank Demere in Sterling and Tom Green Counties. Just when they started the brand is not known, but in 1933 approximately 800 head of cattle were wearing the brand.

Field Wells In Area Finaled

Completions were reported Tuesday on one field location in Scurry, Kent and Mitchell Counties.

In Scurry County, Sun Oil Co. No. 14 J. W. Voss, Diamond M Canyon location, flowed 24 hours for a potential of 284.77 barrels of 43.2 gravity oil with 3.3 per cent wash water. Gas - oil ratio was 855-1. Production is from open hole at 6,665-6,708 feet. Drillsite is in section 203, block 97, H&TC survey.

Oil Well Drilling Co. of Odessa reported completion of the No. 1 R. J. Byrd in the Mitchell County Sharon Ridge pool. It made 99.84 barrels of 28 gravity oil with no water on a 24-hour pumping test. Gas - oil ratio was negative. It is located in section 196, block 3, H&GN survey.

Chapman & McFarlin Producing Co. No. 43 Cogdell, drilled in the Cogdell pool of Kent County, made a potential of 1,843.68 barrels of 41.7 gravity oil. The gauge was based on an actual six-hour flow through a three-quarter-inch choke. Gas-oil ratio was 643-1. No water was made on the test. Location is in section 46, block 4, H&GN survey.

Track Stable Burns

MONTREAL, May 17. (AP)—Hundreds of race horses stampeded about a flame-lit enclosure Wednesday night and several broke loose into a crowded street as a fire gutted a $50,000 barn at Blue Bonnets race track. From 12 to 15 valuable horses died.

However, most of the 700 U. S. and Canadian horses here for the track opening Friday escaped injury. Only minor burns were suffered by persons on the scene.

Japanese Empress Dies

TOKYO, May 17. (AP) — The dowager Empress Sadako, 66, died today of a heart attack. She was the mother of Emperor Hirohito.

New Elections For Bolivians

LA PAZ, Bolivia, May 17. (AP) — Gen. Hugo Ballivian, head of the military junta which took control of tin-rich Bolivia in a bloodless coup Wednesday, said Wednesday night he may call new presidential elections next month.

This appeared to be a new step in blocking from the presidency exiled Victor Paz Estenssoro, leader of the National Revolutionary Party (MNR), who ran far ahead in the May 6 presidential election but failed to secure the majority.

Ballivian promised, meanwhile, that Bolivia would continue to maintain friendly relations with her Western hemisphere neighbors.

Women's Tourney To Open In Indianapolis

INDIANAPOLIS, May 17. (AP) — America's best women golfers will match shots at Meridian Hills Country Club Friday and Saturday in the third double round of the Weathervane Open Golf Tournament.

This will be the next-to-last stop in the 144-hole transcontinental tourney. Babe Didrikson Zaharias and Patty Berg are tied at 305 after 36 holes at Dallas and 36 more at Pebble Beach, Calif.

Acidizing Firm Sees Long-Term Need For Oil Servicing Here

"Many wells in the Scurry County oil fields probably will be producing 25 to 50 years from now," Sam Wooldridge, head of the perforating department of The Western Co., said yesterday.

Wooldridge believes that many of the wells in this area will be put on pumps within the next five to 10 years, but that most of them will produce long after that time.

FIRST HERE

His company, the first acidizing company to begin operating here, actually moved in before the boom struck.

The Western Co., acidized one dry hole and both the Magnolia and Sun Oil discovery wells here. Since then the company has built in Snyder one of its largest field offices.

Acidizing is an operation that usually is done at least twice during the productive period of every oil well. Muriatic acid is pumped into a new oil well to increase the porosity, and actually give new porosity in the producing stratum Wooldridge said.

The second acidizing operation usually comes when a flowing well is put on a pump. At that time a larger amount of acid is pumped into the hole to increase the size of the pores through which the oil flows so that it will flow more freely, he said.

Woldridge believes that there will be a definite need for the services of his company here for at least 10 years, and probably much longer than that.

A record for the Permian Basin was set by the Western Company's Snyder unit when they pumped 40,000 gallons of acid into one well in one operation.

ONE OPERATION

"On other occasions, other companies have put that much acid into wells in a series of operations, but our big operation is the only one in which that much acid was pumped in one phase," he said.

Acidizing an oil well means just that. Muriatic acid is pumped into the oil producing sands. A chemical re-action between the acid and limestone takes place which dissolves the limestone along the walls of the pores through which the oil is to flow. The solution is then swabbed from the hole and oil flows freely through the enlarged openings.

Service equipment in use by the Western Co. here includes seven pump trucks, three acid transport trucks, and one perforation truck.

The company also has a number of automobiles and smaller vehicles used for transportation of personnel. All their vehicles are equipped with two-way radio so that the headquarters can be in constant contact with field units, Wooldridge said.

But personnel of the unit is its greatest pride Wooldridge said that most all of their employees were married and had families. Careful selection of employees and early training helps the company to have a small turnover of personnel.

The Western Co. is not one of the largest oil field service companies, but it is a fast growing organization.

It is a closed corporation solely owned by Eddie Chiles, who began with two trucks in Seagraves, Tex., 11 years ago. Headquarters of the company is located at Midland, but the company now has eight divisions. They are located aat Midland, Seagraves, Odessa, Eunice, N. M., Snyder, Levelland, Borger, Ulysses, Kan., and Guyman, Okla.

C. E. Smith is in charge of the company's 17-man acidizing department here, and Wooldridge heads the four man perforating department.

Smith's department includes: four treating engineers; Ted Holland, Harold Parsons, Tom Lucas, and Glenn Holloway; and the truck department with Tom Marcom as foreman, and Joe Gregory, assistant foreman; and drivers J. T. Weaver, Cecil Dobbs, Bishop Moffett, Jr., Jerry Weatherford, Billy Epperson, Billy Hallmark, Rex Lane, Howard Autry, Dual Richardson, and E. C. Harris.

Wooldridge's department includes Charlie Deck, perforation engineer; and two men working on the perforation truck; Rufus Schofield, and Lynn Rose. A receptionist, Miss Gladys Hebel, is also a member of the staff.

NEWS FROM IRA

BY MRS. MABEL WEBB

Guests of Mr. and Mrs. John Webb Sunday were Mr. and Mrs. Hubert Webb of O'Donnell.

Mrs. Ray Crowder and children, Wynell, Darrell and Ridge, of San Angelo spent the week end with Mrs. Crowder's mother, Mrs. Annie Dosier.

Mr. and Mrs. Sam Webb of Brownfield spent the week end with her mother, Mrs. Des Bryant, and sons.

Mr. and Mrs. J. L. Byars and daughters, Linda and Jeanie, made a business trip to Water Valley Friday.

Mr. and Mrs. B. F. Eades and children of Fairview visited her parents, Mr. and Mrs. Oscar Webb, Tuesday.

Mrs. J. H. Allen visited her daugher, Mrs. O. W. Holladay, and family in Cuthbert part of last week.

Mrs. G. F. Chaney and Mrs. W. R. Stirling, Jr., visited Mrs. Charles Westbrook of Snyder Friday afternoon.

Harvey Morris suffered a hand injury while at work Friday.

Mrs. Oscar Webb spent Saturday night and Sunday with her mother, Mrs. J. R. Payne, in the home of her daughter, Mrs. W.C. Eades of Snyder.

Mr. and Mrs. Charlie Lindley of Coahoma visited Mr. and Mrs. J. E. Murphy Tuesday night.

Mr. and Mrs. Junior Russell and children of Waxahachie spent the week end with her parents, Mr. and Mrs. Charlie Bihl.

Mr. and Mrs. John Lewis spent the week end with her parents, Mr. and Mrs. H. L. Richmon, of Richland Springs.

Mr. and Mrs. J. L. Byars and daughters were shopping in Sweetwater Saturday.

Mr. and Mrs. J. L. Clark and children, Kelton, Jean and Drewell Dean, visited Sunday afternoon with her parents, Mr. and Mrs. C. C. James of Union.

Mr. and Mrs. Charles Westbrook and daughter of Snyder visited Mrs. Westbrook's parents, Mr. and Mrs. W. R. Ashmore, Friday.

Sunday visitors of Mr. and Mrs. M. J. Bryant were Mr. and Mrs. Ralph Bryant and children, Mr. and Mrs. Bryant of Snyder, Mr. and Mrs. Frank Bryant and children, Mr. and Mrs. John Webb and Mr. and Mrs. Lloyd Webb.

Arlie Joe Burleson, who is now stationed with the Navy in Long Beach, Calif., visited his parents, Mr. and Mrs. N. J. Burleson, part of this week.

Guests Sunday of Mr. and Mrs. Evans Millhollen were Mrs. Kate Day and Mr. and Mrs. Junior Day and family of Odessa and the Rev. and Mrs. C. L. Voiles of Abilene.

Mr. and Mrs. Mack Kruse of Dell City visited over the week end with Mrs. Annie Stirling and A. H. Kruse.

The Rev. John Allen accompanied a group of young people to the West Texas Youth Rally at Abilene Saturday.

Mr. and Mrs. Alfred Clay and Mrs. W. P. Clay of Los Angeles are visited their daughter and sister, Mrs. J. D. Smallwood, and family this week.

Mrs. J. A. Williams, who formerly operated the Home Style Cafe, is moving to Buffalo Gap.

Guests in the A. H. Kruse home over the week end were Mr. and Mrs. Robert Ervin and daughter of Midland, Mr. and Mrs. Mack Kruse of Dell City and Mr. and Mrs. Hoyle Kruse and children of Snyder.

Mr. and Mrs. I. H. Suiter and son, Grady, visited Sunday with Mr. and Mrs. O. L. Free of Brownfield.

Sunday visitors of Mr. and Mrs. Essie Taylor were Truman Walker and Oleta Taylor of Dallas. Mr. and Mrs. Raymond Taylor of Arlington, Mr. and Mrs. Elmer Taylor, Mr. and Mrs. Bushy Hedges, Mrs. Pearl Taylor and Mr. and Mrs. Sterling Taylor, all of Snyder.

Mrs. Des Bryant returned home with Mr. and Mrs. Sam Webb of Brownfield for a week's visit.

Mr. and Mrs. J. D. Smallwood and son, J. W., accompanied Mr. and Mrs. Alfred Clay and Mrs. W. P. Clay of Los Angeles to Big Spring Saturday and visited their son and brother, who was ill in a Big Spring hospital.

Mrs. Marie Kruse and daughter, Sara, left Tuesday morning for Fort Worth. There they are to join Mrs. Kruse's sister, Mrs. Toy Gideon, and go to Milwaukee, Wis., to visit another sister, Mrs. Lavern Trotter, and family.

Mrs. M. L. Wilson is much improved after a week's illness in a Big Spring hospital.

Tommie Rea Falls, who is attending college in Alpine, spent the week end with his parents, Mr. and Mrs. Rea Falls.

Lindon Moses left Saturday for San Antonio where he will work. He was accompanied by Linion Burney, who spent the week end with him.

Mrs. Arnold Webb and grandson, Randy, of Dallas arrived Friday to be with Mr. Webb, who is ill.

Week - end visitors of Mr. and Mrs. Charlie Bihl and daughters were Mr. and Mrs. J. T. Russell and children, Genelda and Jerry, Mrs. Delma Hemmel of Crosbyton, J. T. Milton of Fort Worth, and Mr. and Mrs. Virgile Melton of Lubbock. They were en route to Maryneal, where they were to visit Marvin Melton and family.

Magazine Will Feature Young Snyder Singer

Tommy Guthrie, 13-year-old son of Mr. and Mrs. T. J. Guthrie, 409 Thirty-first Street, is one of four young musicians featured in the June issue of Country Song Roundup.

Tommy, who plays his own guitar accompaniment for his songs, is now playing at the Sweetwater Jamboree each Saturday night. That program is a regular feature of station KXOX in Sweetwater. Tommy formerly had a program on station KSNY here for Youth Center benefit programs.

His picture will appear in a feature section of Movie Fan magazine later this summer. He was selected from contestants all over the nation for notice in this feature section, entitled "You ought To Be In Pictures."

The Blue Ribbon Music Co. of Staunton, Ill., has forwarded the manuscripts of two new songs to Tommy for recording. He plans to make original recordings of the songs in Sweetwater Saturday night. These will be forwarded to the music publisher, and other recording dates in Illinois arranged later. The songs are "Can I Take My Pony To Heaven" and "Rose of Oklahoma."

Soldiers Don't Always Shoot

By ELTON C. FAY
(Associated Press Staff)

WASHINGTON, May 17. (AP)—The Army wonders why all its soldiers don't shoot their weapons in battle.

Although in Korea American forces have a potential "fire power" far beyond that of any previous conflict, the mystery of the non-shooting soldier still persists—as it has in two world wars.

The Army said it doesn't know the exact percentage or the exact reasons, but that:

"It is known that a significant number of infantrymen when actually engaged in combat fail to employ their individual weapons when observed and vulnerable targets (that is, something you could hit) are within effective range. The precise number . . . and the reason for the behavior phenomena, remain alike unknown. . . ."

While these official experts are not ready yet either to endorse or reject explanations which have been advanced, they did list some of them, including:

1. Paralysis of fear.
2. Lack of confidence in the weapon.
3. Hoarding of ammunition.
4. Lack of confidence in one's own skill in using the weapon.
5. Lack of motivation or the will to fight and kill a specific enemy soldier, rather than the anonymous "enemy" — a failure to realize it is a matter of kill or be killed.
6. Fear of provoking the enemy to direct, immediate retaliation — a desire to keep the front "all quiet."
7. Apprehension about disclosing one's presence or the location of a friendly position by opening fire.
8. A distorted notion of sportsmanship.
9. Just ordinary indolence.

THE STARS

By BOB THOMAS

HOLLYWOOD, May 17. (AP) — It will take a baby to do it, but Deborah Kerr finally gets a rest from her world-wide film making.

The carrot-topped English beauty is expecting a child. Her discovery of that fact came just in time to excuse her from trundling to England to appear in "Ivanhoe."

"But please don't mention it in print that I'm glad about getting out of the picture," she cautioned in mock seriousness. "The studio will think I did it on purpose."

On purpose or not, this will be Miss Kerr's first extended vacation at her California home. In the past two years she has become the film industry's most traveled actress.

First, she was sent back to her native England for "Edward, My Son." Then Bwana Metro hustled her off to the wilds of Africa in search of King Sol's Mines. The pursuit lasted five months through weather and conditions that strained but did not break Miss Kerr's even nature.

No sooner did she return to these shores than she was dispatched to Rome for the epic, "Quo Vadis." Six months and $6 million later, she came back to Hollywood, only to be assigned to "Ivanhoe."

I asked her which of the two big expeditions was worse.

"Funnily enough," she replied, "the trip to Rome was harder. Except for a couple of weeks when it was unbearable, the African trip wasn't too bad. But we worked in Rome during the hottest part of summer, and nothing in Africa was ever as bad.

"Even the natives said it was unusual (they sound like Californians). It was the hottest summer in 20 years. We were working indoors a lot, with great crowds of people under hot lights for the color film. Bob Taylor and I would come out of every scene wringing wet."

She added that the worst part of the African junket was spending the Christmas holidays in the Veldt.

Cosmic Rays Are Found High

DENVER, May 17. (AP)—Discovery of danger to humans in cosmic rays at high altitudes was reported by the Navy today to the Aero Medical Association.

This hazard begins at about 20 miles, where rocket planes are expected to fly. The harm is similar to the effects of radioactivity.

The report was by Dr. Hermann J. Schaefer, of the Naval School of Aviation Medicine, Pensacola, Fla. The Navy for years has been one of the foremost investigators of these rays, with emphasis on their possible effects on man.

LEGAL NOTICE

NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to an order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Snyder, Scurry County, Texas, at 9 o'clock A.M., beginning on Tuesday the 29 day of May, 1951, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Scurry County, Texas, until such values have finally been determined for taxable purposes for the year 1951, and any and all persons interested or having business with said Board are hereby notified to be present.

Pat Johnston,
County Clerk
Scurry County, Texas.
Scurry County,
Snyder, Texas.
19th day of May, 1951.

THE STATE OF TEXAS

TO: Florence Cornelius Nathan, Alvin Cornelius, Docia Lockwood Chessir, Lum Chessir, and Mattie B. Lockwood Taylor GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of June, A.D. 1951, at or before 10 o'clock A.M. before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas

Said plaintiff's First Supplemental petition was filed on the 5th day of December, 1950.

The file number of said suit being No. 6743.

The names of the parties in said suit are: C. T. McLaughlin, as Plaintiff, and T. T. Swan, Florence Cornelius Nathan, Alvin Cornelius, Docia Lockwood Chessir, Lum Chessir, Mattie B. Lockwood Taylor, Onie Lockwood, Martha Lockwood Dyer, Walter M. Dyer, Stella Lockwood Garner, Lee S. Garner, Florence Lockwood Scott, Earl T. Scott, Joseph Anderson Welborn, Bettye Rose Welborn Maynard, Charlie Bryan Maynard, Mildred Welborn, Florence Elizabeth (or Bettie) Welborn Porter, Dean Welborn Moor and Annie L. McDonald as Defendants.

The nature of said suit being substantially as follows, to wit:

A suit brought in trespass to try title and for the sale and partition of proceeds of the following described real estate, to-wit All of Lots No. 1,2,3,10,11, and 12 in Block No. Ten(10), A. C. Wilmeth Addition to the Town of Snyder, Scurry County, Texas.

Issued this the 23rd day of April, 1951

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 23rd day of April A.D., 1951.

SEAL

Eunice Weathersbee,
District Court, Clerk, of Scurry County, Texas.

THE STATE OF TEXAS

TO T. P. LOCKETT, IF LIVING, AND THE UNKNOWN HEIRS, DEVISEES AND LEGAL REPRESENTATIVES, AND UNKNOWN OWNERS GREETINGS:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of June, A.D. 1951, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas

Said plaintiff's petition was filed on the 13 day of April, 1951.

The file number of said suit being No. 6340.

The names of the parties in said suit are:

J. M. Smith and C. M. Chapman as Plaintiff, and T. P. Lockett if living, and the unknown heirs, devisees and legal representatives, and unknown owners as Defendants.

The nature of said suit being substantially as follows to wit:

Trespass To Try Title to the West Two Thirds (W2/3) of Lots No. Two and Three in Block No. Four (4), of the Lundys Park Addition to the Town of Snyder, Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 3rd day of May A.D., 1951.

SEAL

Given under my hand and seal of said Court, at office in Texas, this the 3rd day of May A.D., 1951.

Eunice Weathersbee
Clerk, District Court, Scurry County, Texas

PERSONALS

Paul Keaten, 3733 Dalton Drive, left this wek for Acapulco, Mexico, where he will fish for two weeks. Accompanying him on his vacation was his brother, Herbert Keaton.

Mrs. Sterling Parker, 3774 Dalton Drive, and children have returned from Austin where they visited Mrs. Parker's parents. Mrs. Parker returned Monday, her small son, Stephen, ill with the measles.

Mr. and Mrs. James L. Kincaid, 3789 Dalton Drive, entertained Mr. Kincaid's parents, Mr. and Mrs. D. D. Kincaid, last week, returning Saturday to Fort Worth to take them home.

Mr. and Mrs. Bill Branham, 2704 Avenue G, have as a house guest, Mrs. Branham's mother, Mrs. McKnight Graham from Wynewood, Okla., who will remain here indefinitely.

Newcomers to Snyder this week are a group of eight families, all from Freeport, Tex., having been transferred here by the Sun Oil Co. Arriving are Mr. and Mrs. C. M. Haigood, Mr. and Mrs. V. E. Delke, Mr. and Mrs. Bob Burch, John A. Henkel, Mr. and Mrs. G. E. Palmer, Kenneth Rite, all in the pumping and roustabout departments of the oil firm.

Mr. and Mrs. Ralph Wesson, 1600 Twenty - seventh Street, left this morning for Stigler, Okla., where he is to play a dedication recital at the First Baptist Church. Stigler is Mr. Wesson's home town. He is now music director for the First Baptist Church here.

Mr. and Mrs. Carl C. Stacey of Eunice, N.M., were week-end visitors with Mr. Stacey's parents, Mr. and Mrs. Earl Stacey, 118 Milburn Place. Mr. and Mrs. Stacey's daughter and her two children of Dallas are also here for a three-week stay.
