Tito Talks Of Accord With Soviet Gang

MOSCOW, June 2 (AP)—President Tito of Yugoslavia, arriving for a triumphal state visit, declared today the Communist nations would never again be split as they were when the Kremlin tossed Tito aside in 1948.

Tito, resplendent in his gold braided marshal's uniform and with cheers of thousands of Russians ringing in his ears, said in a speech broadcast from gaily decorated Kievsky railroad station:

"The spirit of Lenin's principles of collective leadership are such that I am sure there never again will be misunderstanding among the nations of the Socialist (Communist) camp."

Standing beside Tito in brilliant late afternoon sunshine as he spoke were Premier Nikolai Bulganin, Communist party chief Nikita Khrushchev, and President Klementi Voroshilov.

Others included newly appointed Foreign Minister Dmitri Shepilov and the veteran old Bolshevik he succeeded, V. M. Molotov.

Tito came to Moscow to patch up what differences remain between him and the present Soviet leadership. There was wide belief that last night's naming of Shepilov, a friend of Tito, as foreign minister, had been timed to coincide with the arrival of Tito, who has little love for Molotov.

Thousands turned out to give Tito the biggest welcome Moscow had seen since the arrival of Indian Prime Minister Nehru last year.

Tito did not hesitate to refer to what he termed the "difficult" period after the 1948 break between Yugoslavia and the Communist countries led by the Soviet Union. Molotov, as foreign minister under Premier Stalin, played an important role in bringing it about.

Speaking in Russian with a heavy Yugoslav accent, Tito declared:

"We have come with the best wishes of our people. We were very happy to receive your invitation to see your wonderful country. It is not necessary to repeat that your efforts in constructing socialism have achieved great results. Since the days of the October Revolution and through the years of the great patriotic war the hearts of the Yugoslav people have been with you.

"Our history, old and new, has been full of suffering, and we can understand your suffering. Our ties have been strengthened in blood.

"Things were very difficult for us at one time, but we had faith the time would come when our friendship would be strengthened again."

Tito stressed that he felt sure under the Soviet Union's new collective leadership there could never be such a "misunderstanding" again.

A Final Decoration

Gen. Anthony C. McAuliffe, the hero of Bastogne in World War II and the retiring commander of the U.S. Army in Europe, receives a final decoration at a retreat review at Ft. Myer, Va., marking his retirement from active service. Secretary of the Army Wilber Brucker, left, pins the Distinguished Service Medal, First Oak Leaf Cluster, on his tunic as McAuliffe is honored for "exceptionally meritorious service in a duty of great responsibility." (AP Wirephoto.)

U.S. Taking New Look At Disarmament Plan

Seek Channels To Keep Open For Red Talk

WASHINGTON, June 2 (AP)—The Eisenhower administration is re-examining its strategy for disarmament negotiations with Russia. It hopes to avoid a new deadlock due to flat Soviet rejection of President Eisenhower's "open skies" approach to arms control.

President Eisenhower and his special assistant on disarmament, Harold E. Stassen, are reported to believe that the Soviet government also may be trying to find ways to keep disarmament talks fluid. They hope that Russia will move toward an eventual agreement.

Whether Secretary of State Dulles shares such hopes is unclear. Dulles has recently given evidence of disagreement with Stassen in estimating Russian behavior. Some informants say the "differences of emphasis" in recent public statements by the two men are reflected in the secret discussions among the President's advisers on foreign policy moves.

There also apparently have been differences of judgment between Stassen and military authorities. This situation is said to have made it necessary for Eisenhower personally to resolve disagreement within his official family by making presidential decisions on the course to be followed.

Decisions taken so far in preparation for further talks between the Western Powers and the Soviet government on the arms issue were reported today to represent a shift of American policy away from the "open skies" proposal and toward the concept of "bringing the nuclear threat" under control.

This concept was advanced by President Eisenhower in a letter to Premier Nikolai Bulganin three months ago. It means simply that Eisenhower believes it would be possible for the world's atomic powers to make a start on checking the development of atomic power by diverting new production of atomic materials to peaceful rather than military purposes.

Eisenhower and Stassen, Dulles and other officials all have agreed that new production of nuclear explosives—most of which may be diverted into peaceful nuclear fuels—can be inspected and controlled by techniques now known to the scientists. Explosives already produced, however, can be hidden so well that no inspection could find them. That is the reason for concentrating United States strategy on new production.

French Claim Major Victory Against Rebels

ALGIERS, Algeria, June 2 (AP)—Two French divisions smashed through the "Gates of Iron" triangle today in northeast Algeria. The French said they were already mopping up remnants of a big Algerian force trapped in the sun-baked gorges of the Biban Mountains.

Claiming its greatest victory in the Nationalist rebellion now more than 1½ years old, the French army declared that its first estimates put rebel casualties at 290 killed and 110 captured. The French admitted losses of their own but gave no figures.

Some dispatches estimated the rebel toll would soar above 500 in dead and captured when full reports are in from troops still battling southwest of Bougie.

The French said they had smashed a major rebel base and captured or destroyed important stocks of rebel equipment, including some U. S. military uniforms. At one point they found two U. S. Navy seabags stuffed with American field uniforms.

The French also said they had captured 200 pounds of explosives, two small outfits for making hand grenades, a uniform plant, more than a ton of guerrilla field rations, and stocks of small arms.

The crack French mechanized division swept in on the desperately resisting rebels from the western edge of the Akbou-Lafayette-Bordjbou Arreridj triangle. An infantry division—thrown in during the later stages of the three-day encircling movement—closed in on the triangle from the east.

Three companies of helicopter-borne troops hovered over the desolate battle field and dropped men at critical points to support the attacking infantry.

Artillery and fighter-bombers raked the rebel positions and left rebel dead strewn over the mountainsides, dispatches said. The troops overran two small rebel arms factories and seized stores of weapons and explosives.

FRIENDS STAND BY ROBBER; HELP HIM WITH HIS PLOWING

FERGUS FALLS, Minn., June 2 (AP) — Neighbors from miles around rolled their tractors to the farm of confessed bank robber Vernon Richter today to help plow his soybean and corn fields.

Overwhelmed with gratitude, Richter 31, the father of six children, said he "couldn't understand why they are willing to help me after the mistake I made."

Fourteen tractors operated by friends who refused to turn their backs on Richter, worked the 135-acre tract.

Sheriff Russel Broberg said Richter admitted robbing the Northwestern State Bank at Ulen, Minn., of $1,159 two weeks ago because his bills were piling up and he was desperate for money.

Richter is free on $10,000 bail posted by his parents and his wife's parents. Neighbors offered to furnish the bond if the family couldn't.

Economist Views Business Leveling

WASHINGTON, June 2 (AP)—Government analysts today expressed belief the "sharp edge of inflation has been blunted."

This doesn't mean, one economist stressed, that any general decline in business and the economy is under way. Nor does it mean, he added, that the threat of inflation has entirely disappeared.

It does mean, he added, that inevitable adjustments are taking place that were to be expected after the booming business of 1955, which carried over into the early months of this year.

And, this economist said, there is no reason for pessimism over certain downward trends that may well prove to be temporary. Generally, he said, the outlook is for a continued high-level economy but at rates in the immediate future below those of recent booming months. This may extend into the third quarter of the year but with a recovery anticipated in the last months of 1956.

On the bright side these factors were noted:

The continued high level of construction activity at a 42-billion-dollar annual rate, especially in commercial and industrial lines;

Expected expenditures of 35 billion dollars or more this year by business in expanding its plants and equipment;

High personal income, at an annual rate of near 315 billion dollars;

High government spending, including the usual cleanup in payments as the fiscal year draws to a close June 30;

A rise in farm product prices to levels even with last year; a firming up in used car markets.

On the downward side, analysts noticed especially the rise in manufacturers' inventories which had a book value of 48½ billion dollars at the end of April or about five billion higher than a year ago.

Other declines noted were the decrease in new automobile sales from a year ago, a cut in production of copper and some other metals, the recent general downward trend on stock exchanges and sales declines in many lines in recent weeks.

$1,400 Worth Of Gems Stolen

Two diamond rings — valued at $1,400 — were stolen from Mrs. James T. Brooks Jr. sometime Friday.

Mrs. Brooks told the police that the two rings were taken from their 606 Johnson residence between 10 a.m. and 4 p.m. Friday. The Brooks live in a trailer house.

She said that she left the two rings on a dresser and left the house for a short time. She left the door open. When her husband came home about 4 p.m., the door was closed, she added.

Then they discovered the rings missing.

The larger of the two rings had a karat diamond with smaller stones on each side. It was valued at $1,000. The other had a 3-4 karat stone, with four smaller diamonds mounted on each side. Mrs. Brooks said the smaller stone was worth $400.

She said they had searched the trailer house completely and were positive the rings has not been lost.

Brooks called the police department Saturday morning and said that he would give a reward for the return of the jewels.

Young To See Housing Plans

Col. Charles M. Young, Webb AFB commander, is due in Washington this week for a look at final plans on the 460-unit military housing project for Webb.

It is expected that construction bids will be requested soon after the plans get final Air Force approval. Tentative schedule calls for start of construction this fall and completion of the work by Sept. 1, 1957.

The houses will be constructed in an area immediately southeast of the air base. Access to the project will be from the old San Angelo highway southwest of Big Spring.

Quarter Horses For Ike And David

GETTYSBURG, Pa., June 2 (AP)—A delighted President Eisenhower and his eight-year-old grandson today each received a sleek Western horse—one named Doodle De Do, the other Sporty Miss.

The two brown horses were the gifts of the American Quarter Horse Assn. and its president, Lester Goodson of the J-3 ranch at Magnolia, Texas.

Doodle De Do, a gentle 7-year-old mare, was for the President.

Sporty Miss, a spirited two-year-old filly, was left at the farm for the President's grandson, David Eisenhower. David, who lives at Ft. Belvoir, Va., did not get to the farm this weekend.

Duval Trial Due To Open Monday

FORT STOCKTON, Tex., June 2 (AP)—The D. C. Chapa trial on charges of misappropriation of Duval County funds will be called Monday in court here. The trial was postponed last month when defense attorney Percy Foreman of Houston was ill.

Banks Will Close

Big Spring banks will be closed Monday. Occasion is observance of the birthday of Jefferson Davis, president of the Confederate States of America. Banking will resume at the usual hours on Tuesday.

Britain Plans New Navy Bases For Defense

LONDON, June 2 (AP)—Construction of two new naval bases on Africa's eastern seaboard and on Australia's west coast were reported under consideration today to bolster British Commonwealth Far Eastern defense lines.

Authorized informants reported a high-level reappraisal of Commonwealth defense strategy in the Middle and Far East is now far advanced. It has been supervised personally by Adm. Lord Mountbatten, Britain's first sea lord, who toured the country's main naval installations in the Pacific and Indian Ocean areas two months ago.

Mountbatten's mission was to check the needs and the strategy of Britain's navy against the changing political background of the Middle and Far East.

The urgency of Mountbatten's task has been underscored by events in Ceylon, where a new Nationalist premier, Solomon Bandaranaike, has said his government will demand Britain's withdrawal from her naval and air installations at Trincomalee.

Prime ministers of the other Commonwealth countries mainly affected—Britain, Australia, New Zealand, South Africa and the Central African Federation — will discuss the new strategic pattern later this month.

Favored setting now for a new Africa royal naval base is Kenya's deep water port of Mombasa. Its Kilindini Harbor was big enough to shelter the whole of the British East Indies fleet during World War II.

Site of the projected Australian base would be at Cockburn Sound, 12 miles south of Fremantle.

California Climaxes Battle Of Primaries

By The Associated Press

A bitter California campaign strongly reminiscent of their Florida battle last week neared its end today for Adlai E. Stevenson and Sen. Estes Kefauver.

The winner in Tuesday's balloting takes all of California's 68 votes for the Democratic presidential nomination into the August national convention.

Each side was cautious in victory claims. F. Joseph Donohue, Kefauver's campaign manager, forecast "a horse race" with his man nosing out Stevenson. James Finnegan, Stevenson's manager, said he was "cautiously optimistic." Paul Ziffern, Democratic national committeeman who is supporting Stevenson, predicted the former Illinois governor will win by 100,000 votes.

The California primary, one of four scheduled Tuesday, provides the last direct contest between Stevenson and Kefauver before the convention.

New York, South Dakota and Montana also hold preferential primaries Tuesday, the last voting date before the convention. New York's Gov. Averell Harriman is expected to capture most of his state's 98 delegate votes, while Kefauver is unopposed for Montana's 16 and South Dakota's eight.

In primaries and conventions this week, Democrats will pick 208 delegate votes and Republicans 202.

Kefauver and Stevenson were not using kid gloves on each other in their California campaign, which sounded like a replay of their Florida efforts. Segregation, pensions, monopoly and other Florida issues were rehashed as they toured California.

Kefauver charged that Stevenson had been presented in Florida as a "moderate" and in California as a "crusader." He called it "civil rights equivocation," and said it has "made it almost impossible" for Stevenson to win the nomination.

He referred again to Stevenson's action, as Illinois governor, in vetoing a bill to increase old age pensions. Stevenson replied again that he had done so because the Republican Legislature had provided no money to pay them.

Without mentioning Kefauver by name, Stevenson said he did not plan "to answer the kind of personal attacks" being made on him.

"I do not wish to degrade either myself or my opponent or hurt the Democratic party or demean the greatest office in the world," he said.

Named By Baptists

DALLAS, June 2 (AP)—The Rev. Bruce McIver, former student director and Bible teacher at Texas Tech, today was named associate director of the student department of the Baptist General Convention of Texas. McIver had been at Lubbock two years.

No Change In Russ Policy Seen From Molotov Ouster

LONDON, June 2 (AP)—Western Europe received the news of the resignation of V. M. Molotov as Soviet foreign minister with considerable satisfaction today but could foresee no spectacular changes in Russian foreign policy. That pretty much reflected the reaction in Washington, too.

Molotov was the man who most persistently said "no" to Western suggestions for an East-West accord. Diplomats hoped there may be a somewhat different refrain now.

Molotov's removal as the chief director of Russian foreign policy was generally regarded as an assurance that the Kremlin, slowly unfolding its new look attitude in world relationships, is not thinking of any retreat to Stalinism.

Molotov's going was big news everywhere in Europe, but there was little official comment. In many quarters his retirement was expected, and a general view was that he no longer fitted into new Kremlin patterns. British government sources said his departure "just catches up with events in Russia."

Western newspapers generally regarded the acceptance of Molotov's resignation as an extraordinary gesture of conciliation to President Tito of Yugoslavia. Tito began an official visit to Russia today. Molotov was a prime mover in 1948 in the expulsion of Tito from the Cominform. The timing of the Molotov resignation was regarded a pointed indication that Russia places high value on healing the breach with Yugoslavia.

There was no disposition in Western Europe to believe Russian foreign policy is softening to any remarkable degree. The independent West Berlin Morgenpost said Molotov's successor as foreign minister, Dmitri Shepilov, will be "definitely no less dangerous in negotiations with the free world."

Many Cities Have Water Shortages

AUSTIN, June 2 (AP)—The chairman of the Texas Water Resources Committee said today more than half of the cities in the state do not have water supplies adequate to meet future needs.

Sen. George Parkhouse of Dallas, said 54 per cent of 255 Texas cities surveyed by his committee fall in this category.

The committee chairman said 30 per cent of the cities said lack of funds had prevented them from building dams and 37 per cent said they would have undertaken water supply projects if they had been able to borrow money from the state.

Drowns In Lake

DALLAS, June 2 (AP)—Robert Anderson, 55, Dallas baker, drowned today when his boat sank in Mountain Creek Lake.

"Wish I Had More To Sell"

The response to this Herald Want Ad was so fine that the advertiser reported, "I wish I had four or five more to sell." This is the low-cost Want Ad which got such excellent results:

TWO AIR CONDITIONERS, 3500 and 4500 CFM with pumps and floats. Bargains. 1101 Scurry.

Whatever you have to offer, in the way of merchandise or service, you'll find quick response at the least cost through Herald Want Ads. It's a proven proposition! Dial 4-4331.

Reviewing The Big Spring Week

With Joe Pickle

May has passed without leaving its "normal" contribution of moisture, and crop prospects are dimming steadily. Thanks to some localized and heavy showers, part of the northern tier of the county has cotton up to a reasonably good stand. If all the cotton in the county were up and concentrated into a fair stand, it wouldn't amount to more than half the allotted acreage. Most of what is up won't hang on long without some more seasoning soon.

* * *

Death by drowning came to James Richard Knight, 15-year-old son of Mr. and Mrs. J. C. Knight, on Tuesday. As is all too easy to do, he apparently misjudged the distance from shore to a small island in Cosden lake. It wasn't far — but it was too far.

* * *

The joint stadium committee of the Big Spring schools and Howard County Junior College met Friday to expedite plans for a new plant and field. The latter is the item calling for prompt action, for grass will only grow so fast no matter what . . . and the home grid season rolls around by late September.

* * *

If the two pools under contract for the north part of town get anything like as much use, ours will be a mighty swimming town before the summer is over. The first two days of the season at the muny pool produced 1,169 customers.

* * *

County commissioners promised favorable action on petitions for a county airport bond vote last week and may set a date on Monday. They have been looking over some other county ports and have expressed some concern that the $400,000 petitioned may not be enough to do the job.

Webb AFB is getting ready for

(See THE WEEK, Page 6, Col. 3)

Texan's Career With Two Wives Exposed When One Tries Suicide

FORT WORTH, June 2 (AP)—A 30-year-old government electronics worker who divided his time between two wives without either knowing the other existed, was exposed today when wife No. 1 tried to commit suicide for the second day in a row.

Edward Voss, employe at Fort Worth General Depot, told Detective Capt. O.R. Brown he married wife No. 1 five years ago in Panama and picked up wife No.2 last December in California.

Bigamy charges were filed this afternoon and Justice of the Peace R. S. Callway released Voss on $5,000 bond.

While both women wept at police headquarters, the red-headed Voss told reporters, "I really got myself in a mess."

Said wife No. 1, Mrs. Sixta B. Voss, 35, of Central America: "I can't live without him."

Said wife No. 2, Mrs. Doris Voss, 32, of Los Angeles: "Of course, I still love him. You can't turn love on and off like that."

Voss painfully detailed how he shuttled between wife No. 1, who lived with him in an apartment here, and wife No. 2, who lived with him in a converted trailer at Arlington.

"I told them both I traveled a lot," he told a Fort Worth Star Telegram reporter.

"And I believed him," wife No. 2 screamed. "I'd sit home thinking he was on the road, I had no reason to doubt him."

Voss held her and moaned: "I'm sorry. I'm sorry. I made a mistake. I shouldn't have deceived you. But it's you I love. I want to send Sixta back to Panama."

Sixta, at the moment, was on her knees praying in a cell where she had been placed after police said she tried to kill herself this morning in her gas-filled bedroom.

She has two sons, 10 and 6, by a man in Central America. The elder boy called police this morning when he found his mother. Police officer D. A. Cardwell and Sgt. Sam Latham revived her and brought her to headquarters.

The same two officers made a similar call yesterday when the boy phoned that his mother was going to shoot herself.

She had written a farewell note and told officers then that she wanted to die because she understood her husband was "going with another woman."

But last night the three met for the first time, and the story came out.

Voss took wife No. 1 to the trailer home and introduced her to wife No. 2, telling them the whole story. He told wife No. 1, he wanted her to go back to Central America.

"You can't imagine what it was like, learning he was already married," No. 2 said Saturday. "We all cried, and then my husband took Sixta home. He came back about 3 o'clock this morning and we sat up talking all night. We went back over to the house (in Fort Worth) this morning, and the police were waiting."

Voss said he married wife No. 1 while in Panama working for the government. He said he thought a relative had annulled the marriage when he returned to this country, but had never known for certain.

Wife No. 2 said she began corresponding with Voss last year when he was on a government job in Japan. She said she got his name from a pen pal list. She said she had been married once before.

"The letters kept getting more serious," she said, "and when he got back to the states I went to meet him at the boat." She said they were married a few days later, and then Voss left her in Las Vegas, saying he had to go on to Fort Worth and a job.

"He really picked up Sixta, who had come up to the United States. A month later I got tired of waiting and came out here. He met me, and we got the trailer."

Said wife No. 2 at police headquarters: "I love him but I'll go back to California if he wants me to."

Then, to the reporters: "what would you do?"

Labor Merger In Texas Postponed

DALLAS, June 2 (AP)—The Dallas Times Herald says it has learned that the statewide merger of the Texas AFL and CIO forces, previously set for late June, has been postponed four or five months.

The delay, according to the newspaper, was blamed partly on a national "go show" directive resulting from AFL building trades unions jurisdictional disputes within the national labor merger.

The Times Herald said this would mean the two major Texas labor branches would not go into the national election campaigns with the solidarity of combined force.

Rare June Bargains Listed For Big Spring Dollar Day

What is so rare as a day in June? This was the poet's question.

The thrifty-minded might be tempted to observe in reply that a June Dollar Day in Big Spring is a rare attraction itself, since, on a city-wide basis there are bargains galore offered.

Practically all major mercantile establishments, downtown and in suburban areas, have coordinated sales efforts for the traditional first-Monday value event in the city. Result is some spectacular buying opportunities in Big Spring Monday — and these should draw large shopping throngs. Most of the outstanding offerings appear in Herald advertisements today.

Free bus transportation again is offered for women shoppers during specified hours, with the City Bus Lines and The Herald sharing costs. The coupon below may be clipped and used as regular fee.

$$$ FREE BUS RIDE $$$

CLIP THIS COUPON

This coupon entitles one adult woman to ride down town or to neighborhood shopping centers, FREE, between 9 a.m. and 11:30 a.m. and between 1 p.m. and 3 p.m., June 4, 1956. Good on any City Bus.

Good Only This Dollar Day

W. Lee Repeats Old Refrain: 'Ain't Gonna Be No Runoff'

Classifying Price Daniel as "one of the big three" of the veterans land scandals and dismissing his other opponents as "just running for the exercise," W. L. O'Daniel said here Friday night that "we're not gonna have any runoff" in the governor's race.

"We're gonna close it all out July 28," the former governor predicted.

O'Daniel, accompanied by just one member of his old campaign cast — his son, Pat, spoke for nearly an hour from the back of his fire truck at the courthouse square. About 300 persons—possibly 500, counting the ones in cars parked nearby—heard his appeal for another term as governor.

Hoarse and tired from a day of travel and speech-making, he appeared in a dark suit and fresh shirt and passed "the same old barrels" for campaign contributions.

O'Daniel's Hillbilly Boys opened the program with O'Daniel songs. He mounted the fire truck while they played "Beautiful, Beautiful Texas."

"It seems kind of quiet, this campaign now. Always before we had some opposition," he said in opening his speech. He then lit into the veterans land scandals, charging that Daniel is a candidate because "they want to get somebody in the governor's office who was a member of the Veterans Land Board."

"That takes care of the junior senator; he might as well go home," O'Daniel declared. "There are three or four more (candidates), but they just run for the exercise."

O'Daniel also charged that Daniel was "one of the 56'ers" who blocked his efforts to get old age pensions raised during his first term as governor in 1939-40.

Claiming that he got old age assistance raised from $5 to $30 per month during his second term as governor, the candidate hinted at another boost if he's elected.

"The old people of Texas are just as good as the ones in Colorado or any other state," he said.

O'Daniel also promised to "do something for the veterans" and urged farmers to take advantage of the federal government's soil bank plan.

"Get anything you can out of that bunch up there. If you don't get it, they'll give it away to some broke down foreign country," he said.

He promised to propose a constitutional amendment "and when you pass it, it'll mean tax relief for the low income group." He said citizens of Texas would be able to save 25 per cent of their present income tax, but didn't explain how his plan would work.

On desegregation, O'Daniel said there won't be any if he's elected governor.

"We'll simply tell those nine old men in Washington we're not going to do it, and then see how they keep their mouth shut," he declared.

"Mothers, stop worrying," he said. "We're going to continue to have segregation in Texas just like we've always had it. We'll tell them in Washington that we're going to continue to live by the Texas Constitution and the Holy Bible."

After spending the night here, O'Daniel's party left Saturday morning for Midland, Odessa and El Paso to conclude his campaign tour of West Texas.

"We can't come back," he said, declaring that he will speak in every town in the state before the July primary.

FAMED 'DR. CHRISTIAN'

Jean Hersholt Of Movies, Radio Dies

HOLLYWOOD, June 2 (AP)—Actor Jean Hersholt, the kindly Dr. Christian of movies and radio, died of cancer today after a year-long siege of operations and illnesses.

Had he lived until July 12, he would have been 70.

The onetime Danish immigrant, 50 years an actor, had received in his lifetime such honors as knighthood from his native land; two special movie Oscars, honorary degrees from four American colleges and, only last month, one of the biggest civic testimonials in Hollywood history.

He died in the nearby Beverly Hills home where he had lived for more than 30 years. With him at death was his wife, Via, to whom he had been married 42 years.

Dr. Maynard Bransma said death was caused by progressive cancer of the pancreas.

Hersholt's philanthropies earned him the love and respect of the film industry.

Hersholt served four years as president of the Academy of Motion Picture Arts and Sciences.

JEAN HERSHOLT

From the academy he received two special Oscars, in 1939 and 1941, for his activities on behalf of his fellow actors.

Hersholt was a founder of the Motion Picture Country Day Home and, for 18 years, headed the relief fund which took care of needy actors in their old age.

Veteran actor Charles Coburn said:

"Jean had a glorious knack of making actors who were broke feel they were not accepting charity—just the comfortable retirement that their work through the years had earned them."

The world, in recent years, had known Hersholt only as the beloved Dr. Christian. But his success as the villain with Mary Pickford in "Tess of the Storm Country" made him one of the most sought-after heavies of the silent movies.

After he had done Dr. Christian for several years, he tried to play a heavy again but his fans would not go for it.

"The complaints poured in," he recalled. "Even when I appeared in a beer ad, I got a flood of protests. People are very sensitive about Dr. Christian."

Hersholt was born to the theater. His father and mother were leading players in a Copenhagen stock company when he was born in 1886.

Sailor Wounded, Left On Roadside

NEWHALL, Calif., June 2 (AP)—A Navy sailor stationed at Orange, Tex., was found lying near a canyon road last night with a gunshot wound near the heart. Sheriff's deputies quoted him as saying he had been shot by a motorist from whom he hitched a ride.

Jacob Joseph Orre, 25, Los Angeles, was taken to Los Angeles County General Hospital in critical condition.

A U.S. forest ranger heard his cries for help and found him lying 100 feet off the road. Orre described the driver as middle-aged and of medium height.

Officers said the motive apparently was robbery because $350 cash which Orre said he was carrying was missing.

Embassy Status

ADDIS ABABA, Ethiopia, June 2 (AP)—Ethiopia and the Soviet Union have agreed to raise their respective legations in Moscow and Addis Ababa to embassy status, the Ethiopian Foreign Ministry said today.

BABY PUT ON TRAIN TRACKS

NEW YORK, June 2 (AP)—A father placed his 3-month-old son on the tracks in front of an approaching train today, police reported, but a watchman rescued the infant.

The father, John Birk, 35, an Estonian refugee, then pummelled the watchman, Henry Davis, 35, officers said. Onlookers at the New York Central yards summoned police who subdued Birk and arrested him on charges of endangering the life and limb of a minor.

Police said the episode followed a fight between Birk, who had been drinking, and his wife.

The baby was placed in the New York Foundling Home.

Indian Police Battle Rioters

BOMBAY, India, June 2 (AP) — Antigovernment demonstrators by the hundreds battled massed police squads today outside an all-India Congress Party committee meeting. Inside, Prime Minister Nehru thundered that he would not tolerate violent agitation in India "even if the Congress party is destroyed."

Several hundred demonstrators demanding inclusion of Bombay in a proposed Marathi-speaking state were arrested by police as they sought to disrupt the session.

The rioters, most of them youths shouting slogans against the Nehru government proposal to make Bombay a centrally administered area, were halted by double lines of police around the Congress meeting tent. By scores they were hauled into special buses and carted off to overcrowded Bombay jails.

It was the worst example of mob violence in Bombay since the February riots against the state reorganization program under which New Delhi proposed to split Bombay into Marathi and Gujerati-speaking states while keeping the City of Bombay separate. Then police fired into mobs, killing between 100 and 400 people. The official figure of less than 100 is generally disputed.

Doris Day Operated

HOLLYWOOD, June 2 (AP)—Actress Doris Day underwent minor surgery today at nearby Glendale Memorial Hospital, her agent announced.

School Bonds Purchased By State Board

AMARILLO, June 2 (AP)—The State Educational Board met here today and bought $1,110,850 in four bond issues from Texas school districts.

Purchased was a $20,850 issue from the Delta County Consolidated School District No. 3 with a yield of 4 per cent; $50,000 issued by the Spearman Independent School District with a yield of 3.10; McAllen Independent School District, 1 million dollars, 3.261 per cent, and Taylor County School District $40,000, 3.5 per cent.

The board reported that the purchases left a net balance of $379,000 in its fund for investment. June income was expected to total about 1½ million dollars.

The board approved an operating budget of $1,951,000 for the Texas Educational Agency, $775,000 for the School for the Deaf and $349,000 for the School for the Blind.

Action was deferred on the proposed budget of the Vocational Rehabilitation Agency until the July meeting.

Youth Directors Due For Churches

LAMESA — Two Lamesa churches this week expect youth directors to arrive to assume activities for the summer.

Phyllis Pratt, Lake Jackson, will serve the First Baptist Church as she did last year. She is a student at Baylor University. John Davis, student at McMurry College, will reassume his duties at the First Methodist Church here. This will be his third summer with the church.

Chiropractors To Convene At Tyler

TYLER, Tex., June 2 (AP)—Dr. R. S. Florence of Tyler, general chairman for the 41st annual convention of the Texas State Chiropractic Assn., said today that between 400 and 500 delegates were expected here for the 3-day convention to open Thursday.

Policemen To Meet

FORT WORTH, June 2 (AP)—The 57th annual convention of the Texas Police Assn. will be held here June 10-13.

Woman Killed In Dawson Co. Wreck

LAMESA — Negligent homicide charges were filed Saturday against Ernest Edmond Abbitt, Big Spring, after a Friday night collision took the life of an El Paso woman.

The complaint was signed by County Attorney George Hassard. Abbitt was not injured.

Killed was Mrs. B. B. (Sybil) Lambert, 45, of El Paso. She died en route to a Lamesa Hospital. Her daughter, Mrs. Robert Wilson, also of El Paso, is being treated in a Lamesa hospital for slight concussion and cuts and bruises about the face.

Doctors at the hospital termed her condition as not serious. Mrs. Wilson's two children riding in the car were uninjured.

Mrs. Lambert was driving one car, Ernest Abbitt, Big Spring, was driving a second, and Matt Tinsley of Denver City was driver of a third. Reports were that a fourth auto was involved, but driver was not identified.

According to investigating officers, the accident occurred as Tinsley and Abbitt tried to push Abbitt's 1947 Ford and get it started. Tinsley's car was also stalled, and the two men were attempting to get Abbitt's auto started by pushing it down a slight incline.

The accident occurred on Highway 180 about midnight.

Mrs. Lambert is survived by her husband, B. B. Lambert; one son, Bobby G. Morrow; two daughters, Mrs. Robert Wilson and Wanda Lambert, all of El Paso. She also leaves her parents, Mr. and Mrs. D. N. Greenslade, Kaufman; two sisters, Mrs. William Averitt, Los Alamos, N. M., and Mrs. Preston Clayton, Kaufman; a brother, D. E. Greenslade, Athens; and four grandchildren.

The remains were taken from Higginbotham Funeral Home to Kaufman late Saturday.

Department Not Yet Ready To Launch New 'Soil Bank'

WASHINGTON, June 2 (AP) — There are signs that President Eisenhower's approval of the new farm bill largely caught the Agriculture Department unprepared to put the soil bank into effect this year.

The President signed the bill, with its $1,200,000,000 annual soil bank program, Monday. Secretary of Agriculture Benson outlined in a general way Thursday how it would work on 1956 crops.

But department officials said today it may be another 10 days or two weeks before the agency's local agricultural adjustment and conservation committees will be able to tell individual farmers whether they are qualified for the program.

They said top officials had not yet decided on regulations defining eligibility because of a conflict of views.

The department had done much work on the soil bank—a system of paying farmers to take land out of the production of surplus crops. But that work was done on the assumption that the plan would be offered before the spring planting season.

As it turned out, final congressional action on a bill acceptable to the administration came late in the season, and not without administration criticism of what it called congressional delays.

Offering the soil bank after crops had been planted posed problems not contemplated earlier, officials explained.

Benson told a news conference Thursday that farmers "in areas where crops are not too far advanced will be able to earn (soil bank) payments in connection with 1956 crops of corn, wheat, cotton, peanuts, rice and tobacco.

This was interpreted at the conference — and without contradiction from Benson—as meaning that farmers would be permitted to plow under immature crops regardless of their condition and get soil bank payments.

Department officials said later, however, that this was not necessarily correct. They said some top officials oppose payments on land which was already destined to crop failure or near failure because of bad weather or other conditions.

Making payments on land where crops were poor, some officials argued, would violate the intent of the soil bank, which is to obtain a cut in production for every dollar spent. Such payments, they said, would be drought relief, or poor crop relief, because nature had already reduced production on the acreage.

On the other hand some officials —backed by farm state congressmen—want the payments offered to distressed farmers as a means of tiding them over.

COUPLES KEEP CLERKS BUSY, CALLS FOR LICENSES CLIMB

June is the month of marriages and the arrival of the month is pointedly reflected in the records of Mrs. Pauline Petty, county clerk.

Mrs. Petty's office is the source of marriage licenses.

Fourteen marriage licenses have been issued in the past 10 days — six of which have been sold from May 28 through June 2.

An average week's business in marriage licenses in the office of the county clerk will run from three to perhaps five. Most of the weeks show only two or three.

The appeal of June to the folk bent on matrimony is clearly indicated in the grand rush now being handled by the office.

Marriage licenses have been issued recently to:

Robert Arnold Wall and Sue Ann Zollinger; Dougald Clinton Cameron and Mary Helen Lee; Johnny Clay Moore and Shirley May Allison; Charles Thomas Hale and May Evelyn Hanson; Jesse Louis Overton and Mary L. McElrath; Richard L. Deats and Janice Baggett; William J. Epperson and Evelyn R. Jones; James Gordon Frederichs and Lois Truex; Ernest David Dorchester and Mary Ellen Felts; Elias Galindo Barrera and Felice Sandoval Trevino; Jose Angel Alvarez and Olivia Hernandez; Johnny Joe Rowe and Thelma Joyce Stansberry; Frank Joseph Clavetta and Elizabeth Carol Robinson; Lewis Thomas Brown and Patricia Charlene Smith.

Mrs. Petty must have anticipated the rush. A new marriage license record book was put into service on May 28.

Experts Look At Lake Dam

Bramblette McClelland, Houston, and W. J. Turnbull, Vicksburg, Miss., consultants on special maintenance work on the Lake J. B. Thomas Dam, were here Saturday for routine inspections.

The experts have been advising on maintenance steps to provide additional strength to the dam. They were called in six months ago when longitudinal tension cracks occurred on the upstream side of the dam with settlement of the big earthen structure.

Since February, borings have been made at fixed intervals along the face of the dam and a special grouting mixture forced in under pressure. This has been to fill any internal cracking and to guard against internal migration of water, although tests had shown no penetration past the clay core.

Texas Electric Service had become interested in their maintenance suggestions and they were to look at the Lake Colorado City dam four miles southwest of Colorado City while in this area. E. V. Spence, manager of the Colorado River Municipal Water District, said that others with earthen dams had expressed interest in the project at Lake Thomas.

Training Officer Assigned For Webb AFROTC Unit

A veteran B29 pilot who is presently assigned to Oklahoma A&M College, Stillwater, has been assigned at Webb as training officer for the first AFROTC summer training unit.

Lt. Col. Wendell W. Hutchison, executive officer of the 670th AFROTC Detachment, will be responsible for supervising the training of 200 cadets from 29 universities and colleges throughout the nation and will be working directly under Col. John L. Weber, summer training unit commander.

Hutchison graduated from aviation cadet training in October, 1941 and was immediately assigned to Biggs Field, El Paso, for Border Patrol duties. In the Asiatic-Pacific Theatre during World War II, he flew 35 combat missions in B-29's. After the war he was assigned as technical operations officer at Chanute Field until August, 1948 at which time he became a United Nations observer in Palestine.

He flew as personal pilot for the commander, Far Eastern Air Force, from July, 1950, until January, 1951. Finishing out his tour in Japan, he served as chief of operations and training for the 315th Air Division and as wing inspector for the 374th Troop Carrier Wing at Tachikawa Air Base.

He later attended the Air Command and Staff School from which he was assigned as wing operations officer, Andrews AFB, Md. In April 1955, Hutchison was assigned to his present position at Oklahoma A&M.

Infections Hit 207 Persons

The number of contagious diseases reported to the Big Spring-Howard County Health Unit for the past week totaled 207. Heading the list were tonsilitis with 42 cases; upper respiratory infection, 39 cases; and measles with 27 cases.

The other diseases reported and the number of cases of each were diarrhea, 24; pneumonia, 23; strep throat and influenza, 15 each; gastroenteritis, 13; roseola, 9; chickenpox, 6; virus infections, 4; trenchmouth, 3; and pink eye and scabies, 2 each.

Cerebral Palsy, Mental Deficiency Can Now Be Treated at Home

Denver, Colo., Special—Our researchers have definitely found the cause and a successful method of detecting, preventing and correcting cerebral palsy and mental deficiency in their early stages, says Denver Doctor. And so that no child may be denied the benefits of these discoveries, a home treatment so simple and highly illustrated that mothers can treat their own children is now available in book form at $5—free to mothers who cannot pay. Family chiropractors will provide any chiropractic care and guidance needed.

Dr. Leo Spears

Literature explaining these great discoveries and the relief being given thousands of victims of cerebral palsy, mental deficiency, cancer, polio, multiple sclerosis, arthritis, tuberculosis, epilepsy, rheumatic fever, asthma, headaches and scores of other diseases will be sent free to you and your friends by the world-famous Spears Chiropractic Hospital, Denver. By writing today you may prevent or eliminate untold tragedy in your home.

Summer Session Opens Monday At High School

Summer school will begin Monday at 9 a.m. at the Big Spring High School.

Advance registration indicates a fairly large number signed for courses, although the actual number will depend on how applicants fit into the schedule of work that can be offered. Subjects will be included only in accordance with demand. Colleen Slaughter and Tommy Ann Hill will be instructors.

In addition to high school level work, prospects are good that there will be offerings for those in junior high levels.

The summer band school also is starting at 9 a.m., and pupils in surrounding schools such as Coahoma, Forsan, Garden City, Ackerly and Stanton would be welcomed since most of them are not large enough for a summer program. Emphasis is being placed on beginning band students because no beginning program will be offered in the autumn.

Clyde Rowe, director, said that representatives of firms with instruments for rent would be present Monday. Some people prefer to rent instruments for beginners until they ascertain if the child will continue. Approximately 70 have signed for beginning, intermediate and advanced instruction, and for twirling.

Order Ships In Japan

TOKYO, June 2 (AP)—The Brazilian navy is helping to keep Japan's ship yards humming. It has placed orders for two hydrographic survey vessels costing $32,850,000 each. These are in addition to two troop transport cargo ships, of 5,000 gross tons each, already delivered, and two more of the same type to be delivered by January, 1957.

OFFICERS NAMED

Farmers Union Is Formed In Howard

A. H. Tate, Knott farmer, was elected first president of the Howard County Farmers Union Friday when about 35 farmers decided to organize at a meeting in the Knott school gymnasium.

Also elected were R. C. Thomas, vice president; and Morris Barnes, secretary-treasurer. Tate announced that a Farmers Union insurance representative will be appointed at the group's next meeting.

Organization of the county union came after several weeks of ground work laid by Tate and others interested in establishing the national farm organization in Howard County.

Alex Dickie of Denton, president of the Texas Farmers Union, spoke at the organizational meeting. It was his second visit to the county. He spoke at a preliminary meeting at Howard County Junior College a month ago. He outlined the program and farm services of the union.

Tate announced Saturday that 65 members have been secured for the young organization. He said that a drive is being launched to increase membership to more than 100 by Thursday, June 14, when the group will again meet at Knott. A membership of 100 farmers is required for a state charter.

Several Scurry and Fisher County farmers also were present for the Knott meeting. Farmers Union chapters already have been established in those counties.

Dickie told the Howard County group Friday night that the Farmers Union stands for 100 per cent of parity price supports for all farm products. He also described insurance, insecticide and fertilizer services the organization provides for members.

Martin Hospital Manager Named

STANTON, June 2 — Charles B. Lacy, formerly of Midland, is now administrator of the Martin County Memorial Hospital. He succeeds Mrs. Ruth Barnes, who resigned.

Lacy formerly was business manager of the Midland Memorial Hospital and worked for the Western Clinic-Hospital in Midland as accountant. Before moving to this area, he worked at the Shannon Hospital in San Angelo.

Mr. and Mrs. Lacy and their children, Becky Mae, 7, and C. B., 9, will move to Stanton in the next few weeks.

District Court To Open In Stanton

Grand jurors have been ordered to report in 118th District Court at Stanton for Martin County on Monday, morning, Judge Charlie Sullivan has announced. A petit jury docket will open at the same time.

Guilford Jones, district attorney, said that he had seven matters to present to the grand jury. Most of the cases, he said, are "run of the mill" offenses.

Charles Kee, Jones and Judge Sullivan will be in Stanton for the session.

'56 Rainfall Less Than Half Normal

No wonder farmers are getting uneasy — rainfall for the first five months of 1956 is only 45.5 per cent of normal, according to the United States Experiment Station.

During May the total precipitation was measured at 1.12 inches at the station, which made the total for the year 2.99 inches, or considerably less than half of the 6.57 listed as an average for the period.

The 1956 figures are bad enough within themselves, but actually the drought is worse than mere statistic reflect. For instance, the 1.12 inches in May required five separate showers of .49 of an inch, .29, .25, .03 and .06 of an inch to account for the total. Only one time, on April 15 when an even .50 fell, has there been a single shower of as much as half an inch. Rains under that figure — indeed under an inch — rarely do much good.

A few localities along the northern edge of the county have received some dashing rains which have run their totals higher than those of the Experiment Farm. However, south of Big Spring, the picture is substantially worse.

In a report titled "Farming and Ranching Risk as Influenced by Rainfall," recently released by the Texas Agricultural Experiment Station, part of the Texas A&M College system, some interesting facts are revealed. As pertains to the Big Spring station (the report covers all of West Texas), the study shows a 39-year aevrage of 18.30 inches per annum. (Records go back further than that but the station was established here 39 years ago). The report continues:

"This figure is misleading, however, in view of the fact that the records show 59 per cent of the years on record had less than 18 inches of rainfall.

"Variations have been extreme, from a high annual rainfall of 34 inches in 1919 to a low of 4.5 inches in 1917. In half of the 39 years, annual rainfall was above 16.2 inches; in 25 per cent of the years studied annual rainfalls were less than 13 inches.

"Big Spring has been in a drought condition almost continuously since 1946. Only in 1950 was the rainfall above 18 inches. In 1949 and 1955 the area received more than 13 inches, and in the remaining years from 1946 through 1955 annual rainfall was less than 13 inches per year.

"Seasonal distributions in Big Spring show most rains come in May and September, with the highest average monthly rainfall (2.8 inches) due in May and the lowest (0.6 inch) in January."

Needs Library Space

COPENHAGEN, Denmark, June 2 (AP)—King Frederik IX needs more library space. Librarians counted more than 100,000 volumes in the Christiansborg Castle library and weeded out 1,000 duplicates. These will be sold at a Copenhagen second-hand bookshop at their market value.

CARD OF THANKS

We would like to express our sincere appreciation for the food and flowers given by our friends and relatives in the time of our sorrow. We would like to especially thank Dr. Talbott and those at the River Funeral Home.

Just A Shower, But It's Worth A Lot!

So, you say, It only rained .03 of an inch here Thursday night? And the tone of your statement is sarcastic — sort of like you regarded .03 inch of rain hardly worth mentioning.

It all depends on how you look at it.

If you had a water bill charged to you at current city rates for the total amount of water which fell on Howard County Thursday (assuming for the sake of illustration that the .03 inch precipitation was uniform and general) you wouldn't take such a critical attitude toward it.

You'd have to pay a pretty smart sized bill, pal, — you'd owe for 41,674,520 gallons, in fact.

Big Spring Water Department patrons use somewhere between 5,000,000 and 6,000,000 gallons of water per day at this season of the year. Strange as it may seem, a shower which measures only .03 inch precipitation will pour as much moisture on the parched lands of this county as would be required by Big Spring property owners and industrialists for a full week.

How was this total reached? A check shows there are 583,680 acres in Howard County. An inch of rain will dump 27,143 gallons of water on an acre of land. Hence, a shower equal to .03 inch will dampen an acre with 714 gallons. Multiplication gives the total galloniage which falls in an .03 inch rain on the county at large. That's the 41,674,520 gallons quoted above.

Rain's a pretty weighty substance, too. An inch of rain will dump 226,512 pounds of water on a single acre. An inch of rain over all of Howard County will mean that we have received 1,250,826,240 gallons of water.

Let's cut it down smaller.

Suppose your lot is 50 feet wide and 60 feet deep. If you get a shower which equals an inch of rain, you receive 1,870 gallons or 15,421 pounds of water on your property.

So let's not be so snooty about only getting .03 inch of rain.

It's more than you might think.

COMING AGAIN!

TRINITY BAPTIST CHURCH

City-Wide Recreation Program To Start Operating This Week

On several fronts the city-wide recreational program will begin operation Monday. Before the week is out, all of the multiple activities will be brought into play.

Administering the program will be the YMCA, which shares with the City of Big Spring and the Big Spring Independent School District in financial backing. Principal supporter, however, is the United Fund.

Bobo Hardy, executive secretary of the Y, will serve as director and has assisting him Johnny Johnson, Jimmy Ray Smith, Jo Ann Young, Mary Anna Jones, Truett Mobley, Gary Tidwell and Judy Cauble.

The YMCA swimming program will begin at 9 a.m. Monday at the City Park when boys (and girls specifically notified) begin receiving instruction. Girls will report the same day at 10 a.m. for their daily hour of practice.

The Fun Club at the West Side Park, across the street from the West Side Baptist Church on Fourth Street, will start activities at 9 a.m. Monday with organization. Arts and craft will follow with swimming at 11 a.m. The Lakeview Elementary school will be opened at 9 a.m. Monday for organization of the Fun Club there, with games, arts and crafts on tap along with organization.

With minor variations, depending upon facilities, the Fun Club at Junior High (for boys) and at Kate Morrison School will begin Tuesday at 9 a.m. at Washington Place School at 9 a.m. Wednesday. The Kate Morrison night playground will be opened at 8 p.m. Monday. Johnny Johnson and Miss Young will direct these activities, assisted in the arts and crafts by Mrs. Nadine Hodnett.

The special classes schedule includes:

TENNIS — Boys and girls 12 years and older on Monday, Wednesday, Friday from 2 p.m. - 4 p.m.; meet at the courts back of the high school; boys and girls 11 and under on Tuesday and Thursday. Instructors Jimmy Ray Smith and Mary Anna Jones. City courts also will be utilized.

ARCHERY — Boys and girls Monday through Friday, 1 p.m. to 2 p.m., Birdwell Park, north of high school; Jimmy Ray Smith, instructor.

GIRLS GYM — Monday, Wednesday and Friday at Junior High gym for girls 7-10 years; 1 p.m. folk dancing, 2 p.m. gymnastics; 3 p.m. arts and crafts, 4 p.m. organized games: Tuesday and Thursday, same schedule for 11 and above; Jo Ann Young and Judy Cauble, instructors. (Older girls program may be increased.)

TRAMPOLINE — Tuesday and Thursday at YMCA for girls of 7-10 years of age from 2 p.m. to 3 p.m.; boys 7-10 years age from 3 p.m. to 4:30 p.m.; Monday, Wednesday, Friday from 2 p.m. to 3:30 p.m. for girls 11 years and older; 3:30 p.m. to 5 p.m. for boys 11 years and older; instructors Truett Mobley and Gary Tidwell. Miscellaneous game activities and clerical work for the program will be handled at the Y by Mrs. Ray Fortson.

Suspension Of Term Revoked

Alfred M. Crump, under a five-year suspended sentence, was ordered committed to the state penitentary Friday by Judge Charlie Sullivan in 118th District Court.

Judge Sullivan granted a motion by Guilford Jones, district attorney, that suspension of Crump's sentence be revoked.

Jones said that Crump was charged with forgery and pleaded guilty before the court on March 30, 1954. He was given the suspended sentence.

On May 24, 1956, Crump was brought before the county court on a misdemeanor charge of writing a worthless check. He pleaded guilty to that offense.

Jones informed the court that Crump had violated the terms of his suspended sentence and said that the defendant should be committed to the penitentiary.

Jerry Teaff Wins Lamesa Road-E-O

LAMESA — Jerry Teaff was announced winner of the Jaycees first Road-e-o here Friday evening. This is a contest for teenage drivers.

He took part in the regional tournament at Ralls Saturday. Second place winner was Duane Whitlow; third place went to Neal Echols, and fourth place to Jimmy Boykin.

The first three places in the regional meet will go to the state meet in Galveston June 2.

'Amateur Baker' Has Own Formula For Fancy Cakes

By NITA HEDLESTON

Baking candy and cakes is nothing new for Mrs. R. D. McMillan, but it was not until last fall that the public started receiving the benefits of her cooking talent.

The first chance to show her stuff came when she was called to make sandwiches to serve 900 people. The occasion was the open house of the Cosden Country Club.

"That was sure a lot of work," she sighed.

Since then she has been catering to teas, parties, and weddings doing all the work in her own home by herself.

She has baked lots of cakes in her life, but it was something new for her when she started on the fancily decorated wedding and birthday cakes.

Mrs. McMillan said she never took any lessons on how to bake or decorate the fancy cakes although she did take cooking in school.

"I'm not a professional. My teacher used to tell me if I kept on cooking, I might make a lot of money at it someday. I never dreamed that I would," she said.

As for the formula for her baking success, Mrs. McMillan had this to say:

"I just go by the recipes for baking plain cakes that I learned in school and add to and take from."

The biggest cake she has baked was a wedding cake which served 100 people.

She believes she did her most decorative job on a Valentine cake she baked for a 92-year-old man. The heart-shaped cake was white with scarlet decorations.

One of her more unusual cakes was one she baked for the First Methodist Church on the celebration of its 72nd birthday in Big Spring. The cake was in the shape of steps leading up to the top of a hill on which was perched a church.

"We had a little trouble with that cake though," she said, "The party was being held outside and a windstorm blew up. We couldn't light the 72 candles."

A delicacy which Mrs. McMillan enjoys making is the candy Easter egg. These she uses for decorations for teas and parties during the Easter season.

"My husband says I have more fun with those candy eggs than anything else."

It takes her a good day to decorate a wedding cake. She likes to get it done a day early so that will have plenty of time to cool. A birthday cake usually takes about 2 hours.

To Mrs. McMillan though, the biggest job is cleaning up the mess. "If I just had someone to clean it up, it would be all right," she said.

She gets a "big kick" out of making colonial doll cakes. This doll cake is the current craze for little girls's birthday parties. Wanting to make a bridal doll cake for a long time, she finally got a chance to do this recently, also.

Although baking takes up most of Mrs. McMillan's time, she has found time to take an active part in the church and to raise three sons, Ray, 28; Roy Lee, 27; and Bobby, 17.

Even with all the good things to eat which constantly surround them, Mrs. McMillan's family doesn't take to cake eating. Whem questioned about this she laughed and said, "I've got a cake in the kitchen right now that I baked a few days ago and I bet there are not more than two slices gone out of it."

What's the reason for this neglect of cake? Mrs. McMillan herself provides the possible reason. "I guess my family gets filled up by just smelling."

MRS. R. D. McMILLAN
Bride's cake, fresh from oven.

Programs Set For Patients

A wide range of activities has been set up for next week for the patients of the VA Hospital.

Today church services were held in the chapel at 9:45 a.m. with Church of Christ services being held at 4 p.m. and a devotional featuring a religious movie at 6:30 p.m.

Monday the movie, "Bring Your Smile Along" will be shown in the Rec Room at 1 p.m. and 7 p.m. The American Legion will visit the wards at 2 p.m.

Tuesday entertainment and refreshments will be furnished by the DAV of Big Spring.

On Wednesday another movie, "Sports," will be shown in the Rec Room at 1 and 7 p.m. The Red Cross will be in charge of the wards.

Thursday the American Legion Auxiliary of Midland will provide entertainment and refreshments.

The local VFW will be in charge of the wards on Thursday afternoon with the movie, "Kiss of Fire," being shown at the regular times.

Catholic Mass will be held at 9 a.m. Saturday followed by the Chaplain's coffee hour at 10. Feilowship hour will be at 7 p.m.

Union Leaders To Take Stock After Merger

WASHINGTON, June 2 (AP) — Leaders of the 15 million member combined AFL-CIO labor movement meet next week to take stock six months after their merger and plan organized labor's 1956 political role.

The union chiefs will dedicate a new four million dollar headquarters building Monday and then spend the rest of the week on political and organizing plans and ironing out feuds which have continued under the merger.

Both George Meany, AFL-CIO president, and Walter Reuther, former CIO chief now an AFL-CIO vice president, have hinted that the AFL-CIO may remain neutral this year as between the rival presidential nominees. Both the separate AFL and CIO endorsed Adlai Stevenson against Eisenhower in 1952.

The AFL-CIO chiefs have decided in any event to wait until after the Democratic and Republican party conventions before taking any position in the presidential race.

They plan, however, to make the biggest vote drive in labor's political history to elect a Congress considered favorable to union labor views.

Major emphasis in next week's meeting will be on tallying up the progress in making the AFL-CIO merger work and laying plans to improve the alliance of 140 separate labor unions.

Medical School Aided By Grant

AUSTIN, June 2 (AP)—The Board of Regents of the University of Texas says the major portion of a half million dollar grant from the William Buchanan Foundation will be used at Southwestern Medical School at Dallas.

The board accepted the grant from the Texarkana foundation yesterday.

Research and study of tuberculosis and related diseases in children will be continued with $38,000. The remainder is to be allocated for "training programs, postgraduate programs, teaching programs, fellowship and scholarship programs and research in medicine, public health, sanitation, nursing and related medical fields."

Miss Lufkin Named For State Contest

LUFKIN, June 2 (AP)—Miss Sylvia Alexander, 17, will represent Lufkin in the Miss Texas contest. She was chosen in ceremonies last night. The state contest will also be held in Lufkin in August.

Ex-German Soldier, Linguist Dies Here

George M. Hank, 56, who made good on a resolve to serve the nation he once fought, died unexpectedly at 3 a.m. Saturday of heart attack.

Mr. Hank, a teacher, had been, during his checkered career, a machine-gunner in the Kaiser's army, pastor, teacher, linguist.

Services have been set for 4 p.m. Sunday at the Mexican Baptist Church with the pastor, the Rev. Albert Joaquin, officiating. Burial will be in the City Cemetery under direction of the Nalley-Pickle Funeral Home.

Surviving him are his wife, Mrs. Cirila Hank, and one daughter, Mina Hank, Big Spring; three sisters, Mrs. Mina Baumgart, and Misses Mary Hank and Betty Hank of Germany.

Mr. Hank had suffered from a heart condition for several years, but he had not been seriously ill. He was stricken at his home at 608 NW 7th Street and died shortly afterwards.

Born in Munich, Germany, March 9, 1900, he was decorated for his service as a machine gunner. On the body of a dead American one day he found a New Testament. He read it avidly and was converted, ultimately becoming a Baptist pastor.

"I realized," he told friends later, "that I had been on the wrong side and I resolved to come to the United States and become a citizen and to serve her in what way I could."

Treatment was so inhospitable when he first came that he eventually went to Mexico as a pastor. While in Mexico, he was married

GEORGE M. HANK

in 1939 to Miss Arila Castro.

It was in 1940 that he came to Big Spring as the pastor of the Mexican Baptist Church. He left his post to become a teacher in Big Spring schools, and also to be a language instructor at Howard County Junior College. He resigned the latter position to enter Howard Payne College to complete work for his bachelor of arts degree. Returning here he took up teaching in the public schools and did some part-time work on weekends as a lecturer in Spanish at various Mexican Baptist churches.

When World War II came on he was past service age, but he volunteered for and served in the Texas State Guard. He spoke English and was expert in German, Italian, French, Spanish, Greek and Hebrew.

Pallbearers will be fellow ministers in this area.

Water Therapy Aides Needed

Volunteer instructors are needed for the water therapy program being sponsored by the Big Spring-Howard County Health Unit, according to Jewel Barton, nurse.

There are 34 children taking part in this program and Miss Barton stated that an instructor was needed for each child. Up to the present there are only six instructors who have signed up.

There is a need for boys 14 and over to handle the bigger boys in the water.

Anyone interested in this program can contact Miss Barton at the health unit at the Read Hotel.

This new Easy washes and dries a full load in one continuous automatic operation. You just *push a button* and Easy "delivers" clothes just as you want them . . . washed, rinsed and *dry*, ready to iron or put away! With Easy, your washday's only 1 minute long—the time it takes to put in clothes and detergent and push a button. Load Easy at night . . . have clean dry clothes next morning. Or let Easy wash and dry while you work or shop!

- Exclusive Tilt Tub, gives you new "Deep Well" laundering . . . it's a full-size tub in smallest possible cabinet.
- Uses Less Water and Soap Than Other Washers without ever re-using dirty, sudsy water!
- Tumb-L-Ator Washing Action, first to take full advantage of modern detergents!
- Deep-Spinaway Rinsing—greatest laundering development in 20 years!
- Better Drying with "twice the air" and exclusive "Safety Pre-Heat"!
- Fewer Parts than other combinations . . . trouble-free.

Nation Mourns Jesse Jones; Funeral Services Monday

HOUSTON, Tex., June 2 (AP)—Texas and the nation mourned today the passing of Jesse H. Jones.

Messages of sympathy by the thousands poured into his home here. They came from government and business leaders and others in many walks of life. He had been associated with many of them in his long and varied career.

Jones, who headed the Reconstruction Finance Corp. for a number of years and was wartime secretary of commerce, died last night at the age of 82.

He had been in frail health since March 28 when he underwent a kidney operation.

Funeral services will be held at 4 p.m. Monday from St. Paul's Methodist Church. The body will lie in state two hours preceding the services. Burial will be in Forest Park Cemetery.

Survivors include his widow, Mrs. Mary Gibbs Jones.

Jones, a Tennessee farm boy who left school in the fifth grade, amassed one of the nation's largest fortunes, mainly from lumbering and real estate.

He retired more or less from politics in 1945 when he resigned his dual position as secretary of commerce and head of the RFC after a dispute with Henry A. Wallace.

Jones, in his lifetime won national respect as a publisher, hotelman, banker and was admired for his philanthropies and scholarships bestowed on more than 50 institutions.

He has been credited with having done more than any other individual to make Houston the largest city in the South. Thirty-five of the downtown buildings, including the tallest, the Gulf Building, belonged to him.

Jones died in St. Luke's Hospital in the Medical Center. The center includes the Jesse H. Jones Library Building, built after the financier donated $600,000 toward its construction.

The family has requested that no flowers be sent. Friends wishing to honor Jones were asked to contribute in his memory to charities of their choice.

Pallbearers, all relatives, include: William S. Bailey, John Beck, John Booth, George A. Butler, Milton Farthing, Dan E. Garrett, John T. Jones Jr., Hugh Juenger, Gene Meador and Gibbs Meador.

Noted Leaders Pay Tribute To Jones' Achievements

By The Associated Press

National and state leaders paid great tribute to Jesse H. Jones, in commenting on the death of the 82-year-old Houston financier and former U.S. Cabinet member Friday night.

Numerous newspapers expressed regret in their editorial columns.

"Jesse H. Jones' life is a record of extraordinary achievement both as private citizen and public official," said President Eisenhower in a statement. "He will be long remembered as one of the great builders and philanthropists of the South and as a loyal and effective public servant of the nation."

"I am sorry to hear of his death," said former President Harry S. Truman. "I knew Mr. Jones well and liked him very much. He did an outstanding job as head of the Reconstruction Finance Corp."

"Jesse Jones was a great American," said former President Herbert Hoover. "He gave nearly a quarter of a century to public service. He was so devoted and objective that he was appointed to high responsibilities in both Republican and Democratic administrations. I greatly grieve the loss of a personal friend of so many years."

"In the passing of Jesse H. Jones America has lost one of its greatest citizens," said former Vice President John Nance Garner.

Vice President Nixon said in a statement:

"From conditions of poverty he rose to be one of the truly powerful men of this country. His lending of 50 billion dollars when he was chairman of the Reconstruction Finance Corporation without a breath of scandal is an epitaph in itself."

Secretary of Treasury Humphrey, statement: "Mr. Jones served his country well in positions of great trust in both public and private life. It was a real honor for me to have had him as a personal friend."

Former Vice President Henry Wallace, statement: "Jesse Jones wielded greater power for a longer period than any human being in the history of the United States. No man so assidiously and successfully cultivated the good will of Congress. His philanthrophies in Houston will long be remembered."

JESSE JONES

Traces Of Rain Over Plains Area

By The Associated Press

Thunderstorms rumbled over the South Plains of Texas Saturday night but rainfall was light.

Lubbock had a trace, enough to rain out a Southwestern League baseball game.

Traces also fell at Big Spring.

Local ground dust obscured visibility at San Angelo.

Elsewhere, most of Texas was warm and clear.

The highest afternoon temperature was 102 degrees at Presidio. The lowest maximum was 81 at Galveston.

Favors Indian Aid To Hold Red China

WASHINGTON, June 2 (AP)—Sen. Mansfield (D-Mont) tonight suggested more economic help to India lest Red China dominate Asia and present a "dangerous" new threat to this country.

Mansfield, as chairman of a Senate Foreign Relations subcommittee, made public a study of the economic development race between India and China. He said:

"A dispassionate review of the relative progress of India and Communist China today raises a serious question as to whether India's rate of development is fast enough to serve free world interests.

"It seems to me that Congress, the administration, and the American people might well reconsider our assistance to India from the point of view of whether it is, in fact, of sufficient magnitude to accomplish its objectives."

The study, entitled "Economic Development in India and Communist China," was made under supervision of the committee staff. It was released at a time when Congress is considering the Eisenhower administration's $4,900,000,000 foreign aid program which the House Foreign Affairs Committee voted to cut by more than a billion dollars.

It came at a time, too, when some members of Congress are critical of aid to India because of its neutral position in the cold war.

Mansfield voiced faith in "the devotion of the Indian people and their leaders to their democratic institutions" and said it was important "to demonstrate a clear superiority over totalitarian methods in economic as well as in spiritual terms."

Marilyn Evasive On Marriage Plans

NEW YORK (AP)—Marilyn Monroe sidestepped questions today as to whether she and playwright Arthur Miller planned to marry.

"No comment, we're really good friends," said the movie actress as she arrived at Idlewild Airport from Los Angeles.

A newsman referred to the fact that yesterday had been her 30th birthday and asked "How does it feel to be 30?"

"Kinsey says a woman doesn't get started until she's 30," she replied, referring to sex studies by Dr. Alfred C. Kensey.

Miss Monroe said she came here for five or six weeks of rest and then will go to London to work with Sir Laurence Olivier in the movie, "The Sleeping Prince."

Carrier Saratoga Under Own Power

NEW YORK, June 2 (AP) — The aircraft carrier Saratoga, the Navy's newest and biggest ship, went for its first sail today under its own power.

The 60,000-ton vessel steamed from the Brooklyn Navy Yard through the harbor to a point near the harbor entrance. It anchored there until Monday, when it will take to the open sea for testing.

Big Springer Leads Ropers At Midland

Bill Murrey, Big Spring, led the calf ropers in the Friday night performance at the Midland rodeo, tying his animal in a sparkling 12.9 seconds.

Also among the night placers was G Spunky, the cutting horse owned by Terry Brothers, Big Spring. Spunky rated fourth in the field.

Hearing Set On Zoning Changes

Realigning of zoning lines in the southeastern part of Big Spring and a slight change on W. Highway 80 will be considered at a public hearing at the city hall June 25.

The recommendations were approved by the zoning board at a meeting Thursday night. A public hearing is necessary, however, for a legal change. The hearing on June 25 will be at 5:15 p.m. in the city hall.

The principal recommendation is for a change from A to B zone for a seven-block area in the southeastern part of the city. Affected will be blocks bounded by Fourteenth and Sixteenth, Young, and Settles Streets, and one block east of Settles and north of 16th.

The proposed change would convert the area from a one-residence zone to permit duplex housing.

The other recommendation is for a change allowing a fraternal organization to build a structure at the corner of Harding Street and the highway, or a one-block change.

Radar Unit Costs $900

Should the city commission decide to purchase a radar unit for the police department, the equipment will cost about $900.

H. W. Whitney, city manager, was instructed by the commission to check prices on the equipment, and he said Saturday that with all accessory gear, the unit would cost approximately $900.

Purchase of the unit will be considered by the commission at its next meeting, June 12. The Citizens' Traffic Commission recommended buying of a radar unit in an attempt to cut down on traffic accidents in Big Spring.

THE WEEK

(Continued from Page 1)

the summer ROTC program which has its initial phase starting June 17. Upwards of 500 young men from 43 colleges throughout the nation will be here for intensive training. Here's a chance to make a special effort to be good neighbors during their visit among us.

* * *

Texas Tech exes lived it up last week when, together with friends, they celebrated Tech's admission to the Southwest Conference. As sweet as was this long delayed blossom, it carried some thorns in integration of various schedules, "buying" into the conference, stadia enlargement, etc.

* * *

First National Bank announced plans for a drive-in facility (connected by a tunnel with the main bank). State National has had a drive-in window for a long time, the Security State is due to have similar facilities. All this may help us get our checks to the bank as fast as we manage to spend them.

* * *

The Citywide Recreation program, with the YMCA as the administering agency, begins Monday. There will be Fun Clubs (playground activity) at Washington Place, Junior High, Lakeview and Kate Morrison Schools and at West Side Park; swimming at the city pool; activities at the Y; and special classes. Youngsters who haven't signed up should do so at once.

* * *

The commissioners court caught its collective breath last week when a paving request from HCJC was relayed to it. The bid for 116-ft. paving resulted from misunderstanding; actually HCJC trustees were asking for regular width paving with bladed (and perhaps gravelled) shoulders for head-in parking.

Traffic Charge Is Crash Aftermath

Clinton Small, Colorado City, pleaded guilty Saturday afternoon in the court of A. M. Sullivan, justice of the peace, to following a car too closely. He was fined $25 and costs bringing the total to $40.50 he had to pay.

Charges against the Colorado City man were filed by the State Highway Patrol after Small's car had crashed into the rear of another car on U.S. 80 at 3:35 p.m. Saturday. The accident occurred 2.6 miles west.

Patrol officers said that Small was driving a 1950 Chevrolet and was following a 1955 Buck driven by Helmer Stern, Wichita Falls. Both cars were going west. Stern slowed to deal with a traffic situation, and Small's car crashed into the rear of the Buick.

Small's car was damaged $125 and the Buick $60 in the crash.

PUBLIC RECORDS

BUILDING PERMITS

City of Big Spring, build police building at 402 E. 4th, $208,500.

City of Big Spring, erect fire station at 100 NE 8th, $42,700.

Roy L. Tubb, build an addition to a garage at 609 State, $300.

City of Big Spring, build concrete water reservoir in Section 6, Block 33, Township 1-south, T&P Survey, $64,300.

Narcotics Bill Okayed

Sen. Price Daniel (D-Tex), (left), cups his hands into an "okay" sign as he poses in his office in Washington, D.C., with Henry J. Anslinger, U.S. Commissioner of Narcotics, after Senate passage of a bill which permits juries to impose the death penalty for the peddling of heroin. Daniel, sponsor of the bill, is chairman of a Senate Judiciary Subcommittee which has been investigating the U.S. narcotics traffic. (AP Wirephoto.)

Aid To Egypt Gets Praise And Censure

WASHINGTON, June 2 (AP)—Federal investigators say the United States has financed farm projects in Egypt that failed of their goals, paid for still-unused industrial surveys there, and put a bigger program on its foreign aid officials than they were prepared for.

This report by the watchdog General Accounting Office also had some kind words for the U.S. aid program for Egypt in the 1952-'55 period, which totaled nearly 60 million dollars.

It said there have been "noticeable improvements" in efficiency in the past two years.

But the bulk of the 73-page report was devoted to what it termed "deficiencies" such as unrealistic planning, conflicting policy decisions and "inordinate delays" by U.S. officials. In some cases the Egyptians "have shown reluctance in their cooperation," it said.

The report covered a period prior to Egypt's arms deal with the Communists, her recognition of Red China and reported coolness towards a U.S.-British offer to help finance the big Aswan Dam on the Nile.

The GAO study has been sent to Congress as a sequel to a similar report on U.S. aid to Iran. A House subcommittee headed by Rep. Hardy (D-Va), which is now investigating the Iran program, received a copy of the report on Egypt.

Both Egypt and Iran are slated for further American assistance in President Eisenhower's $4,900,000,000 aid program for the fiscal year starting July 1. The House votes next week on the bill, which was cut by more than a billion dollars in committee.

Sterling Ranchers To Market Rams

SAN ANGELO, June 2, (SC) — Two Sterling City ranchers have rams consigned for the 20th annual San Angelo Registered Rambouillet Ram Sale June 14-16.

They are Clinton Hodges and L. F. Hodges. L. F. Hodges is on the committee of Rambouillet breeders managing the sale.

THE WEATHER

WEST TEXAS: Cloudy to partly cloudy; widely scattered thundershowers Panhandle and South Plains Sunday and Monday. No important temperature changes.

EAST, SOUTH CENTRAL AND NORTH CENTRAL TEXAS: Partly cloudy to cloudy Sunday and Monday; widely scattered thundershowers; not much change in temperatures.

TEMPERATURES

CITY	MAX.	MIN.
Abilene	93	65
Amarillo	93	62
BIG SPRING	96	69
Chicago	69	45
Denver	89	61
El Paso	96	69
Fort Worth	85	69
Galveston	81	74
New York	63	57
San Antonio	92	77
St. Louis	71	48

Sun sets today at 7:49 p.m., rises Monday at 5:40 a.m.

Highest temperature this date 106 in 1927; lowest this date 34 in 1919; maximum rainfall this date 1.59 in 1906.

Christianity On Upsurge, Says Bishop

DALLAS, June 2 (AP) — Christianity is experiencing a "tremendous rising tide" of interest and a widespread "return to the church," Bishop William C. Martin told the 91st annual North Texas Methodist Conference today.

"Ministers should recognize the power of the tide of interest in religion and give thanks to God for it," Bishop Martin said: "Christianity is coming in for a wider hearing. The church is recognized as a divine human institution, with more persons participating in it than ever before."

In a business session, the conference Commission on Education reported there is an immediate need for 1,200 ministers and 5,000 young people to devote their lives in service to the Methodist church.

If Methodist churches do not raise their giving to Methodist colleges, these needed workers cannot be trained, the commission reported.

Churches should raise their giving to the Texas Methodist College Assn. to support Texas' five Methodist colleges, the commission recommended.

Johnson Gets Nod Over Ike, Other Demos Trail In Texas

The BELDEN POLL

The latest presidential "trial heat" conducted by The Texas Poll shows U.S. Senator Lyndon Johnson has increased his lead over President Eisenhower in this state by 7 percentage points since establishing himself as a favorite-son candidate for the Democratic presidential nomination.

The survey indicates, however, that Eisenhower as of now would carry this traditionally Democratic state for a second time if he were opposed by either Adlai Stevenson or Estes Kefauver, the two major Democratic contenders. Eisenhower defeated Stevenson in Texas in 1952 by a vote of 53 to 47 per cent.

Launched after Johnson's overwhelming victory in the precinct conventions over Governor Allan Shivers, the latest state-wide survey showed the Texas Senator favored for president over Eisenhower, 51 per cent to 41 per cent, with 8 per cent undecided.

In a comparable survey of voters in April, one month before the precinct conventions, Johnson held a margin of only 3 percentage points over Eisenhower. Last November, he had only a 1 point lead.

The trend is reflected by the following survey results based on interviews with comparable statewide cross sections of qualified voters:

EISENHOWER VS. JOHNSON

	Per cent Nov. 1955	Apr. 1956	May 1956
Johnson	45	48	51
Eisenhower	44	45	41
Undecided	11	7	7
	100	100	100

In each of these surveys, voters were asked to choose between Eisenhower as the Republican candidate for president and Johnson as the Democratic candidate. In each cross section, voters who balloted in the 1952 presidential election are represented in the proper ratio of 53 Eisenhower voters to every 47 Stevenson voters, matching the official count.

Although still trailing, Stevenson's relative standing appeared slightly improved in the May survey over April, when after his unexpected defeat by Kefauver in the Minnesota primary he ran 13 points behind Eisenhower in a Texas Poll survey. In May, he was only 8 points behind, about the same as last November, as indicated by the following survey results:

EISENHOWER VS. STEVENSON

	Nov. 1955	Apr. 1956	May 1956
	Per cent		
Eisenhower	48	54	50
Stevenson	41	41	42
Undecided	11	5	8

Kefauver's prestige in Texas apparently has suffered since his showing in April when he led Eisenhower by 1 point in a state-wide survey. In the latest survey, he trailed by 7 percentage points. The Texas Poll has conducted three trial heats between Kefauver and Eisenhower, the first one a year ago. The trend is indicated below:

EISENHOWER VS. KEFAUVER

	May 1955	Apr. 1956	May 1956
	Per cent		
Eisenhower	42	44	48
Kefauver	37	45	41
Undecided	21	11	11
	100	100	100

State-wide surveys have consistently indicated that Senator Johnson would be more effective than either Stevenson or Kevauver in leading Eisenhower voters back into the Democratic Party. At the same time, however, indications are that even with Johnson as the Democratic nominee the overwhelming majority of Texans who voted for Eisenhower in 1952 intend to vote for him again.

In the latest trial heat pitting Eisenhower against Johnson, persons who voted for Eisenhower in 1952 divided 68 per cent for Eisenhower and 26 per cent for Johnson, with 6 per cent undecided. Those who voted for Stevenson in 1952 divided 84 per cent for Johnson and 11 per cent for Eisenhower, with 5 per cent undecided. Among qualified voters who did not vote in the 1952 presidential election, opinion in May was weighted in favor of Johnson, 45 to 39 per cent, with 16 per cent undecided. In April, opinion among this latter group was tipped slightly in favor of Eisenhower.

Plan Bill For Succession When President Disabled

WASHINGTON, June 2 (AP) — Chairman Celler (D-NY) of the House Judiciary Committee, said today Congress should provide for these steps to be taken if a president becomes disabled:

The vice president on his own initiative declares the president unable to exercise his office and takes over as acting president.

Celler said in an interview he will ask the Judiciary Committee to approve a bill directing vice presidents to assume this responsibility. A special subcommittee which has made an extensive study of the constitutional problems raised when a president is disabled, but still alive, will meet Wednesday to consider the recommendation.

The subcommittee has sifted dozens of suggestions from constitutional scholars and former officials, including former President Herbert Hoover.

"There are disadvantages to all of them," Celler commented. "This one seems to have the least disadvantages."

Basically, he said, his proposal assumes the vice president will be guided by his own sense of responsibility and respect for public opinion.

Celler said public opinion, for example, would not support a vice president in supplanting a president who suffered an illness like President Eisenhower's heart attack last year.

Building In Texas Shows Sharp Hike

AUSTIN, June 2 (AP)—Construction in Texas through the first four months of 1956 is running 36 per cent ahead of the same period in 1955, the Bureau of Business Research said today.

Contracts awarded during January to April totaled 656 million dollars, compared to 496 million during the same months last year.

The major portion of the contracts, 462 million dollars, involved private funds with residential buildings cost 277 million and other buildings 181 million. The remaining 4 million dollars were private funds for public works and utilities.

State highway projects, not counting toll roads, during the fiscal year are expected to top any year in Texas history, the University of Texas bureau said.

With $210,300,000 expected to be spent for construction and maintenance of roads, Texas has the second highest state appropriation in the nation.

Together with the $94,700,000 expected to be spent on toll roads, Texas would surpass the No. 1 road expansion program of Ohio, whose $229,500,000 total does not include toll roads. None are being built in Ohio, the bureau said.

At the present time, Texas has 829 highway jobs under way. This covers more than 5,500 miles at a total cost of 164 million dollars with more than half of the projects in early stages of construction. Projects more than half finished total 389.

Although total construction is up, homebuilding is beginning to dip. A cutback in one-family houses during April, brought a 14 per cent tumble from March building and was 9 per cent down from the average 1955 month.

Nonresidential construction during April was above March's authorization. Factories and workshops were 127 per cent above March and amusement buildings set the pace with a 532 per cent increase.

June's Fourth Mishap Occurs

Fourth accident of the month was recorded Saturday. The first three were reported Friday.

The Saturday collision occurred at 500 Johnson. Wayne Wilber Earle, Howard House, and Janice Elliott Harrington were involved. Earle had a 1955 Mercury. The Harrington car was a 1955 Oldsmobile.

Friday, Millard Garner, Webb AFB, was in collision with George J. Foster, San Angelo Highway. Garner was driving a 1951 Ford owned by Glenn Carmon.

Mackie Lee Brooks, Coahoma, and Verdean M. Kirby were involved in a mishap at Fourth and Nolan Friday. Brooks had a 1950 model Chevrolet, and Kirby was driving a 1953 Mercury.

Harold Gene Bledsoe, 207 Jefferson, and Clyde R. Higginbotham, Crosbyton, collided at 100 Eleventh Place. Bledsoe occupied a '55 Buick, and the Crosbyton man was driving a Pontiac of the same model.

Patrol Openings Attract Many For Applications

More than a score of young men have applied to the local highway patrol office for application blanks in connection with the current recruiting drive for patrol officers.

The Big Spring office said that it probably would not be advised as to the outcome of the local applicants' bids for places at the Public Safety Department's school.

Deadline for applicants will be July 20.

Application blanks and additional details about phases of life as a highway patrol officer are available at the patrol office in the basement of the Howard County Court House.

The patrol officers here are eager to assist any possible applicant for a place on the highway patrol.

State Will Open Road Bids June 12

AUSTIN, June 2 (AP)—The Texas Highway Department today said it will take bids June 12-13 on 402 miles of construction work on highways and farm to market roads.

Low bids on the projects will total an estimated 11 million dollars, the department said.

About 176 miles will be construction on farm roads with 266 miles covering state and federal highways.

The department also will take bids for the sale of a 7-acre commercial and industrial land tract on Hines Boulevard in Dallas.

Projects by counties are:

Kasch Family Back

Mr. and Mrs. Paul Kasch and Nancy have returned to Big Spring to make their home, after spending the last two years in Bryan. Kasch supervised construction of a building in Bryan.

Mrs. Marchbanks Rites Set Today At River Chapel

Rites will be said at 3 p.m. today at the River Funeral Chapel for Mrs. Mary M. Marchbanks, who died here Thursday at the age of 94. Mrs. Marchbanks had been a resident of Howard County since 1907.

Officiating will be the Rev. L. W. Tucker, pastor of the Methodist Church at Coahoma, and burial will be in the City Cemetery beside the grave of her husband, C. R. Marchbanks, who died in 1929. Pallbearers will be Ed Martin, Halladay Wise, Eston Barbee, O. J. Henderson, Jack McKinnon and Elton Wallace.

Surviving Mrs. Marchbanks are two daughters, Mrs. Bertie Mae Buchanan, Big Spring, and Mrs. J. H. Martin, Carmen, Ill.; three sons, John Marchbanks, Austin, R. C. Marchbanks, Cuyahoga Falls, Ohio, and L. Z. Marchbanks, Big Spring.

169 Million Gallons Of Water Used Here During May

Water usage in Big Spring during May ranged from 2,295,000 gallons to over seven million gallons on various days, and totaled 169,340,000 gallons.

The highest single day's consumption was on May 18 when the city used 7,140,000 gallons. The minimum usage was 2,295,000 gallons on May 1. Average was 5,462,580 gallons per day.

Wednesday was the high day for the past week, when 6,800,000 gallons were necessitated. Thursday's consumption was 6,001,000. Sunday the amount was 5,143,000, and Monday, it was 5,603,000 gallons. Tuesday's total was 6,242,000.

The first day of the new month Friday saw 5,928,000 gallons swish through the meter.

Bicycle, Razor Thefts Listed

A bicycle and electric razor held the fancy of vandals in Big Spring Friday and Saturday.

Mrs. R. W. Andrews, 1601 Wood, reported loss of a bicycle. She said a maroon and silver bike was taken from in front of the Ritz Theatre sometime Friday afternoon.

Collins Drug Store, 122 E. 2nd, reported the razor was taken Saturday morning. Description of the man taking the razor was given the police department by employes of the store.

A second bicycle was taken from the Ritz Theatre Saturday afternoon. It belonged to Bert Bill, who listed his address as the Big Spring Hospital.

SAYS SALES MANAGEMENT

Average Family Income In County Is $6,051 Per Year

Your bankbook may not show it and your paychecks may not add up to the proper total but you are supposed to have a per family buying income of $6,051 — assuming you are a resident of Big Spring and entitled to the classification "average."

This figure is from the current issue of Sales Management, a ponderous volume replete with thousands of figures dealing with the economic situations in towns, counties and states in this nation.

Big Spring's high per family buying income—which means literally the amount of money spendable for those things needed for the maintenance of a family — is achieved by taking the total income of the town and county and dividing it by the total number of families. It is the highest of any community in this general area.

The Survey says there are 8,800 families in Howard County. Of this total, 8,000 are in Big Spring.

Estimated population of the county, the Survey says, is 31,800. Big Spring's present population, as determined by the research economists who prepared the survey, is 26,400.

Total retail sales for the county is set at $43,986,000 per annum. The average family in Howard County, according the Survey report, spends $5,567 for food, general merchandise, apparel, furniture, automobiles, gasoline, lumber, drugs and with eating and drinking establishments in the county.

The survey shows that farm families of the county have a retail sales dollar total of $10,300,000 of the county's total of nearly $49,000,000.

A heavy share of Howard County family's spending income goes for two items — automobiles and food.

The families of this county, the Marketing Survey says, will spend $13,413,000 for automobiles. They will also spend another $4,706,000 for gasoline, oils, tires and other accessories to keep those automobiles operating.

At the same time, the families will dump $9,990,000 into the cash registers of the grocers and food stores of the county.

They will spend $4,358,000 for what the survey classifies as "general merchandise." Clothing will require expenditure of $2,234,000.

The Howard County families will dine out rather extensively, the estimate reveals. The tabs for eating and drinking in establishments of this character will total $2,659,000.

To keep their homes comfortable, the families of the county will invest $1,586,000 in furniture. At the same time, they will use up $1,288,000 of their collective spending income in buying what the Survey classifies as "drugs."

The Survey gives the following figures for other counties in the Big Spring area:

Dawson County: total retail sales, $25,088,000; per family average $4,252. Estimated present population 22,000.

Andrews County: total retail sales, $10,059,000; per family average $3,869; estimated population, 9,100.

Mitchell County: total retail sales, $12,114,000; per family average $2,955. Estimated population 14,600.

Scurry County: total retail sales, $26,335,000; average per family, $2,634; estimated population 34,200.

Borden County: total retail sales, $215,000; per family average $1,075; estimated population 11,000.

Ector County: total retail sales, $100,793,000; per family average $5,143; estimated population 66,800.

Midland County: total retail sales, $73,276,000; per family average $5,388; estimated population 44,900.

Glasscock County: total retail sales, $170,000; per family average $850; estimated population 9,000.

Martin County: total retail sales, $7,483,000; per family average $5,345. Estimated population 5,700.

The Survey reports that Big Spring has 380 "outlets" — which is to say establishments into which our total retail sales dollars trickle.

Seventy-two of these are food stores; 62 are eating and drinking places; 22 are general merchandise establishments. Twenty-five stores handle apparel; 16 distribute furniture, household goods and radios. There are 42 distributors of automobiles; 56 gas stations and 14 drug stores.

Maj. Wall Gets Cuba Assignment

Maj. Risden B. Wall, chief of maintenance and a former interim commander of the M & S Group, checked out of Webb AFB Saturday for his new assignment as military advisor on the staff of the U. S. Ambassador to Cuba.

Maj. Wall came to Webb in April, 1952, as a jet pilot instructor, shortly thereafter was made flight commander, and later was given command of Section IV.

In August 1954, he went to the M & S Group as maintenance officer. When Col. Newton D. Haggins, commander of the group, was ordered to Gary AFB, Maj. Wall was named interim commander and remained in command until the arrival of Col. Raymond J. Downey, some five months later.

Maj. Wall has had a colorful record: a native South Carolinian, he enlisted in the U.S. Infantry and served a tour at Panama, returning to the States in 1936.

Following his discharge from the Army, he attempted to enter the Air Force pilot training school but was rejected. He then went to Canada, where he was accepted for pilot training in the Royal Canadian Air Force. Completing his training, he was given the rank of sergeant-pilot, and remained with the Canadian Air Force as instructor and fighter-pilot, until May, 1942. He then returned to the United States and was given a commission as a second lieutenant in the U.S. Air Force.

Shortly after his commission in the USAF, he was sent to the European Theatre of Operations, where he was assigned to the 79th Fighter-Bomber Group. Flying a P-47, he chalked up 4½ kills. In 1944 Maj. Wall returned home and after several state-side assignments was ordered to Okinawa. Assigned to the 51st Fighter-Bomber Group, doing dive-bombing and strafing in the F-80, he was credited with one MIG.

Promotion-wise, he was made a first lieutenant in March, 1943; he was promoted to captain in 1944. He attained his present rank of major in September, 1951.

Decorations awarded Maj. Wall, include the Distinguished Flying Cross with two Oak Leaf Clusters; the Air medal with eight Oak Leaf Clusters; the EAME campaign ribbon; the WWII Victory medal; the American campaign medal; the Japanese Occupation medal; the Korean Service medal and the National Defense medal. Currently the Maj. Wall is "sweating out" a recommendation for the Distinguished Service Cross for his work on a dangerous mission at Rapido.

During his five-year tour he contributed to Webb's outstanding maintenance record: had a part in the planning of the first Officers' Club; supervised the installation of the first test cell; aided in establishment of the rod and gun club; the kiddies swimming ppol; the skeet range; the lake and recreation center; the aircraft washrack and many other projects. In addition to these, the major found time to serve as president of the Episcopalian Fellowship Club. He was a leader in the Boy Scout movement at Webb, and served as Scout and Cub Scout representative.

LETTER TO EDITOR

Says Racing Not A Test Of Noise

To The Editor:

In Thursday's edition of the Herald, on the editorial page, was an article written by Mr. Wayland Yates in regard to "Dragging."

Mr. Yates seems to be of the opinion that all one needs to stop drag races on Main and other streets of our fair city is to eliminate loud exhaust systems on the so-called 'hot-rods.' Yates is misinformed as to what constitutes a drag race. When one automobile drags with another, it is not for the purpose of which car makes the greater noise, rather, it is that of ascertaining which car is superior to the other in acceleration from a stop position to a specified distance. These distances vary, but are usually the equivalent to 5 or 6 city blocks. Dragging, as a rule, is not performed on main streets of a city, and the excesive noise heard on some automobiles does not constitute higher speed in dragging.

The roaring, popping, and sputtering exhaust systems is not necessarily of drag racers, as they have no reason to ease off the accelarator, but that of some of the unconcerned drivers who like to be seen and heard.

Mr. Yates and I differ in the part that was detriment to our local police officials. My position calls for constant contact with these very fine gentlemen and officers of the law. I have never seen an officer stand by nonchalantly and watch a drag race in the making, or one in progress. Straight exhausts and vehicles with holes in their mufflers are not taken mildly by our local constabulary, either. If you would like to put it to test, use your hammer, knock a few holes in the muffler, then pull up alongside a patrol car, and start off like these 'hot-rodders' are believed to do.

I'm positive that the boys will stop you, and not for the reason of inviting you to a cup of tea. Just remember, we as citizens make the laws, police officers are paid to enforce them, and as far as I know, there are not any laws in Big Spring prohibiting straight exhausts, gutted mufflers and the like. Please permit me to add that I think our policemen, as well as other public servants, are underpaid in relation to the work they perform for us.

I am a firm believer in drag racing under one condition. . . that it be controlled. Why not give these fellows a drag strip away from the residential sections, name a local man of good standing, and let these cars drag at specified dates and at pre-set times. Then I would suggest a vigorous campaign against these main-street drag racers and cars with ridiculous loud mufflers. That's where we as citizens can help. As soon as we see a drag race, or someone making unnecessary noise, we should get the license number and call 4-4311, the police dispatcher.

I am of the same opinion with Mr. Yates on these loud exhaust systems. They are irritating and unnecessary to say the least.

Now. . how about that campaign?

Uncle Ray:

Dead Sea Is Far Below Sea Level

By RAMON COFFMAN

Yesterday I answered several questions about the Dead Sea, but others remain.

Q. How large is the Dead Sea?

A. It contains about 360 square miles at present, but was much larger long ago. Judging by old marks, made when the shores were at a higher level, it once had an area of several thousand square miles.

Geologists speak of a "pluvial" or rainy period during ages past. At that time, they declare, the surface of the Dead Sea was about a quarter of a mile higher than it is today.

Q. Do fish live in the Dead Sea?

A. The Dead Sea fails to serve as a home for any kind of fish. That is one reason why it is called "dead."

The Dead Sea has a deep coloring and the gorges about the shores present a picture of "wild beauty."

Q. Do rivers flow into the Dead Sea?

A. It receives the waters of a dozen streams, chief among them the River Jordan. These might make the level rise to a high point except for the sunshine which evaporates the water rapidly. As the water turns into vapor, a little more salt is left behind each day.

Q. Is the Dead Sea the same as the Salt Sea mentioned in the Bible?

A. It is the same. The Hebrews of ancient times sometimes called it the Eastern Sea, also the Asphalt Sea. The Moslems (who have some faith in the Old Testament of the Bible) call the Dead Sea the Sea of Lot.

Q. If the water of the Dead Sea is too salty for fish to live there, how does it happen that birds have been observed lifting fish from the surface?

A. Birds lift DEAD fish from the surface. The fish come in with river water, chiefly from the River Jordan, and die soon after they start to swim in the intensely salty water.

Equalization Board To Meet

County Commissioners Court will convene Wednesday in its role as a board of tax equalization.

Official notice has been sent to others who have business with the board to be present at the session which will be the initial meeting of the current year.

Resolution setting the date and scheduling the meeting was adopted at a regular session of the commissioners some weeks ago.

The board of equalization will continue to schedule meetings until all tax protests and other matters relating to tax assessments and levies brought before it have been resolved.

Upturn In Spending Seen; Retailers Are Optimistic

NEW YORK, June 2 (AP)—Businesmen were betting most of their chips this week on an early upturn in consumer spending.

That was the brightest ray of hope as the boom—particularly on the industrial front—showed further signs of slowdown.

There was evidence that a modest pickup in retail trade might be under way right now.

Morton J. May, chairman of May Department Stores Co., said the big chain's sales slumped during Easter but now "appear to be following an upward trend." Said May: "We believe the outlook is favorable for continuing increases both in sales and profits."

Equally bright prospects were seen by Wheelock H. Bingham, a director of R. H. Macy & Co. and head of its big New York store. Bingham's view: With consumer incomes high and likely to stay that way for a long time, retail sales this year should show a gain of 3 or even 4 per cent above last year's record level.

Other cheerful spots on the business scene this week: New proof of a rising trend in farmers' income, a brilliant if brief rally on the New York Stock Exchange, and hints that the tight money and credit situation might ease up soon.

Looming large on the minus side were new cutbacks and layoffs in the auto and home appliance industries, a continued lag in housing starts. Builders filed only 22,276 applications for FHA loans in April—2,608 less than in March and 10,852 less than in April last year. And there was the prospect of a greater-than-seasonal dip this summer in the nation's steel production rate.

Much of the booming steel production of recent months—this week's output was scheduled at a hefty 96.5 per cent of capacity—has been the result of stockpiling by consumers eager to beat the new price rises many feel are coming soon.

Nears Completion

STANTON, June 2—New annex to the First Baptist Church is due to be completed this month. It will provide facilities for the young people of the church.

Blazes Keep Firemen Busy

BIG LAKE, Minn. (AP)—The volunteer fire crew never dreamed there were so many things in Big Lake that could burn.

They got their first alarm at 2 p.m. and kept spraying water steadily until midnight.

Their assignments included a grass fire, a burning cottage, another grass fire, one at a brooder house and barn, a flaming car and a third grass fire. Then the car broke out in flames again and had to be doused for good.

Leaders Workshop Planned At Tech

A "Workshop on Leadership and Program Planning" is scheduled at Texas Tech June 14-15.

The intensive short course is planned for community leaders including program chairmen, board members and committee chairmen for church organizations, service clubs, and chambers of commerce, and for public officials. Details are available at the local Chamber of Commerce.

Scouts Due At Camp

FORSAN, June 2 — Ten Boy Scouts and Scoutmaster J. C. Ferguson are to leave Sunday for the summer Scout camp in the Davis Mountains.

Reef Yields Show Of Oil, Gas And Water

Shows of oil and gas, along with some salt water, were reported as the Canyon reef was tested by Phillips Petroleum Company No. 1-A Othello in the Big Spring Fusselman Field northeast of here.

Saturday this venture was preparing to take a drillstem test in the top of the Strawn at 8,640-8,720.

Earlier, operator had run a test in the reef from 8,640-8,720 with gas surfacing in 12 minutes at the rate of 86,000 cubic feet per day. This decreased to the rate of 50 mcf per day at the end of the test. Recovery was 190 feet of free oil, 630 feet of heavily oil and gas cut mud and 680 feet of salt water.

Location, on the northwest side of the pool, is 665 from the south and 1,986 from the west lines of section 1-32-1n, T&P.

Phillips No. 1-B Johnie, located on the east side and 660 from the north and west lines of section 7-31-1n, T&P, was squeezing off perforations in the lower Strawn between 8,958-68, which had some slight gas and oil yield but also salt water. Previously, the test of the Fusselman from 9,564-80 was unprofitable and the section was abandoned.

Plans were to test more lower Strawn perforations from 8,934-44. While drilling, this venture had shown signs of possible production from the Canyon reef.

Phillips No. 2-B Johnie, 2,006 from the south and 660 from the west lines of section 7-31-1n, T&P, set the 9⅝-inch intermediate string at 3,166 feet and Saturday waited on cement to set.

Jo-Mill Well Finals, Borden Gains Test

Midwest Petroleum brought in a 240 gallon plus well in the Jo-Mill (Spraberry) field last week, with the flow being through a partial choke.

The No. 5-A Morris Miller, nine miles north of Vealmoor, flowed 243 barrels of oil, plus 14 per cent water, in 24 hours. Flow was through a 16-64-inch choke. Gravity is 39 degrees, and gas-oil proportions are 680-1.

It is 1,429 feet from south and 3,660 feet from east lines, 24-33-4n, T&P Survey.

Top of the Spraberry pay zone is 7,188 feet, and the hole is bottomed at 7,695. Five and a half-inch casing is set at 7,685 feet and perforated between 7,188-224 feet.

Tubing pressure is 400, and operator fractured with 15,000 gallons in prepping for the potential.

Continental has staked a venture in the Arthur (Spraberry) zone about seven and a half miles north of Vealmoor. It will be the No. 2 J. T. Good. Drillers will be projecting to 7,700 feet with rotary equipment.

It will be located 660 feet from south and east lines, 33-33-4n, T&P Survey, on a 160-acre tract.

Test Located, Another Spuds

Fleming-Fleming-Kimbell of Fort Worth is staking the No. 17 Percy Jones about eight miles south of Coahoma, in the Iatan, East Howard field.

Site is 990 feet from south and 1,650 feet from east lines, 15-30-30-1s, T&P Survey. Operator will be drilling to 3,200 feet with rotary equipment.

Cosden No. 16 Clay, in the Howard-Glasscock pool, spudded and set the surface string at 313 feet. Saturday operator waited on cement to set. Location is 990 from the north and 1,650 from the west lines of section 126-29, W&NW.

Continental Oil No. 3-1 Clay, 871 from the south and 330 from the west lines of section 127-29, W&NW, was rigging up. This location is two miles east of Forsan.

Over in the Snyder area of eastern Howard County, Cosden No. 2 O'Daniel, 330 from the north and 990 from the east lines of the southeast quarter of section 29-30-1s, T&P, was drilling ahead at 2,305 feet in lime.

C. D. Turner No. 1 Cora Lee Echols, 330 from the north and east lines of section 7-30-1s, T&P, continued swabbing and testing.

Compact Asks For New Laws

DALLAS, June 2 (AP)—The Interstate Oil Compact Commission today called for new legislation covering the "fundamental purposes approved by the President in his veto of the Harris-Fulbright bill."

The legislation would exempt from federal control the "local activities of development, producing and gathering of natural gas."

Commissioners also reaffirmed their position that foreign oil imports should only be in the amount "to supplement domestic crude oil production, produceable without waste and within maximum efficient rates."

"Federal control of this industry can only end in conflict with the administration of state oil and gas conservation laws and the eventual destruction of the conservation program of the several states," the resolution said.

L. Dan Jones, Washington, assistant general counsel of the Independent Petroleum Assn. of America, said second and third quarter total oil demand now averages more than one million barrels daily less than in winter quarters.

"Reductions have been made in domestic production," he said. "Crude oil imports, however, are scheduled to increase from an average of about 850,000 barrels daily during the 1955 fourth quarter and the 1956 first quarter to about 950,000 barrels daily during the second quarter and one million barrels daily during the third quarter."

Completions Over 7,000

AUSTIN, June 2 (AP)—The Railroad Commission said today oil well completions in Texas this year have sailed past the 7,000 mark.

This week, 266 new wells were reported. This brought the year's total to 7,003 compared to 6,256 a year ago.

Gas wells totaled 24 and lifted the 1956 total to 729, well above the 467 for this date last year.

Twelve wildcat oil wells and 2 wildcat gas wells were included.

However, 266 wells were plugged, including 79 oil and 3 gas wells. There were 184 dry holes reported last week.

Total wells plugged for the year are 4,760, about 800 more than this date in 1955.

The commission reported a decrease of 143,051 barrels daily in the crude oil allowable as of today compared with a week ago. The allowable now is 3,219,639 barrels compared with 3,362,690 a week ago.

University Geology Students Plan On Summer Field Trip

AUSTIN — University of Texas geology students will scatter across the state during the summer to gain practical experience in field courses.

The required courses are scheduled at field stations in West and Central Texas, Dr. S. P. Ellison Jr., said.

Field courses for some 100 senior students will be conducted June 5 to July 17 at three stations, Smithville, Marathon and Brady. During the six-week session, students will learn basic techniques of geologic exploration and study, such as map making, use of surveying instruments and air photographs, and preparation of reports.

An elementary field course has been scheduled August 28-September 15. Some 120 students will study the geology of Central Texas in the area around Mason, Burnet, Llano and Fredericksburg.

Glasscock Venture Is Drilling Ahead

Southland Royalty No. 2-34 McDowell, bidding for production in the Rosemary (San Andres) pool of northern Glasscock County, drilled Saturday below 2,300 feet in anhydrite and redbeds. Projected depth is 3,030 feet. Location is 467 from the south and west lines of section 34-34-2s, T&P.

Two New Wells Completed In Mitchell Co.

New wells in Mitchell County are reported in the Westbrook and Sharon Ridge 1700 fields this weekend.

In the Westbrook pool, S. B. Roberts and Eastland No. 1 Trulock finaled for 62.94 barrels of 28 gravity oil in a 24-hour potential test, after operator had acidized with 400 gallons.

Site is 1,650 feet from west and 2,090 feet from north lines, 6-28-1s, T&P Survey, and about four and and a half miles southwest of Westbrook.

The hole bottoms at 3,270 feet and is plugged back to 3,150 feet. Five and a half inch casing is cemented at 2,254 feet, and perforations are between 3,045-6 feet.

M. L. Melton and W. W. King completed the No. 2 E. T. Strain about seven miles southeast of Ira, in the Sharon Ridge 1700 field.

It pumped 52.2 barrels of oil, plus 25 per cent water, in 24 hours. Gravity is 28 degrees, and the gas-oil ratio was nil.

Total depth is 1,730 feet, and 4½-inch string is set at that depth. Top of the pay zone is at 1,650 feet, and perforations are between 1,684-1,704 feet.

Site is 330 feet from south and west lines of the Northeast quarter, 32-97, H&TC Survey.

Sunray Names Refinery Head

TULSA, Okla. — Harry A. Brown of Cheyenne, Wyo., has been named vice president in charge of refining for C-X Sunray Oil Co., it has been announced by Glenn E. Wynn, executive vice president in charge of manufacturing.

Brown will assume his new position July 2. He will be in charge of refinery operations at the D-X Sundry refineries in West Tulsa and at Sunray Village (Duncan).

Wynn said the position of vice president in charge of refining is a new job established by C-X Sunray as a result of the growth of the company's refining operations following the merger of Sunray Oil Corp. and Mid-Continent Petroleum Corp. last year. Throughputs of both refineries has been increased considerably and more expansion of operations is scheduled.

D-X Sunray, the refining and marketing subsidiary of Sunray Mid-Continent Oil Co., recently announced it will spend $8 to $10 million on an expansion program at the West Tulsa and Sunray Village refineries.

NATIONAL DRILLING OFF SLIGHTLY, AREA STEADY

Drilling on a nationwide basis slackened slightly in the fourth week of May, according to a weekly report made to the American Association of Oilwell Drilling Contractors.

As of May 28, a survey by Hughes Tool Company showed 2,893 rigs active in the United States and Canada. A week before the total had been 2,966. In the U.S. proper there were 2,673 rigs against 2,768 for the previous week. Some of the slack was attributed to mid-year slack.

West Texas was fairly static, showing 403 rigs on May 28, a decrease of only two for the week. All of Texas had 1,090 against 1,122.

Wildcats Staked In Six Area Counties

Wildcats have been staked for immediate drilling in six west Texas counties.

New locations have been reported in Andrews, Lynn, Culberson, Garza, Reagan, and Runnels Counties.

Being drilled about 17 miles northeast of Andrews will be the Texas Company No. 2-BL State of Texas. It will be drilled 660 feet from south and east lines, 23-6, University Land Survey. It will be projected to 12,800 feet with rotary tools.

Huber and Wagner will try the No. 1 C. B. Bryant about six miles northeast of Wilson in Lynn County. Operator will be drilling to 5,000 feet.

Location will be 330 feet from north and east lines, 8-L, BS&F Survey.

In Culberson, about 14 miles northwest of Oral, Continental is staking its No. 1 Billie Prewitt wildcat. It is 660 feet from east and 1,980 feet from north, 24-59-1, T&P Survey. Rotary tools will be employed in projecting to 2,800 feet.

Pimrose and Anderson No. 1-X Miller will be located in Garza County about three miles west of Jucticeburg. It will be testing to 8,500 feet.

Site is 660 feet from north and west lines, 39-6, H&GN Survey.

Eight miles southeast of Big Lake, a 2,600-foot wildcat prospect will be drilled as the Hodge No. 1 University. It will be 330 feet from north and west lines, 22-48, University Lands Survey.

Katz No. 1 W. W. Parramore will be drilled in Runnels County to a depth of 3,400 feet. It is 1,061.6 feet north of the northeast corner of the R. B. Craft Survey.

Production Sets Record

TULSA, Okla., June 2 (AP)—An all-time record of 14,980,000 barrels of crude oil was produced daily by non-Communist nations in March, the Oil & Gas Journal reported today.

Output in the United States was at a new high—7,278,000 barrels per day, up 70,000 daily from February. However, the largest boost was outside this country.

The Middle East had the biggest gain in two years, averaging 3,624,300 barrels daily, the magazine said. This was a 208,600 barrel gain daily over the previous month.

Iran climbed 105,000 per day to 539,000 daily in March; Iraq was up 58,400 to 715,800; Kuwait up 50,100 to 1,175,100; and Venezuela up 39,300 to 2,392,000 for a new record.

Production in Saudi Arabia slipped 4,800 barrels per day to an average of 1,009,000. Output in Russia and other Red nations was estimated by the Journal at 1,600,000 barrels daily, unchanged from February.

Oklahoma Totals Showing A Gain

OKLAHOMA CITY (AP)—Oil completions by Oklahoma operators rose by 16 above last week with operators currently adding 176 wells against 160 before, according to a survey by Research Oil Reports.

Oilers increased by 13 to number 116, dry holes remained unchanged at 45, gas wells increased by four to nine, and service wells slipped by one to total four. Locations declined from 176 to 140.

Andrews Field Is Extended

The McFarland (Wolfcamp) field of northeastern Andrews County has been extended with completion of Humble No. 93 Means, three-fourths mile west of the present field lines.

The extender was completed for a 24-hour flowing potential of 220 barrels of oil, through a one-fourth inch choke, and perforations from 9,271-93 feet and 9,233-55.

Gravity of the oil is 37.8 and gas-oil ratio is 653-1.

Location is 660 feet from the most northerly south line and 660 feet from east lines, 6-A 19, PSL Survey, and 14 miles northeast of Andrews.

Humble has since staked a location five-eighths mile southwest of the No. 93 Means. The new drill-site will be the No. 209 J. S. Means. Site for it will be 660 feet from north and west lines, 1-A19, PSL Survey.

Operators will be projecting to 9,000 feet.

In the southeast part of the county, White Eagle Oil Company has completed No. 1 D. W. Carmichael. It is in the Argo (Clear Fork) field.

It finaled for a 24-hour flowing potential of 115 barrels of 38.6 gravity oil, plus 10 barrels of water. Gas-oil ratio is 800-1.

Production was from pay behind four sets of perforations: 5,662-76 feet, 6,713-38 feet, 5,752-66 feet, and 5,774-88. Location is 660 feet from north and east lines, 16-A41, PSL Survey.

Duncan Operation Reported Swabbing

Duncan Drilling Company No. 1-B Gregory, located four miles northwest of Westbrook in western Mitchell County, continued swabbing Saturday. Total depth on the test is 2,780 feet. The hole is 1,650 feet from the north and 2,310 from east lines of section 19-28-1n, T&P.

Gas Production Is More Than Double Its War-Time Peak

By CHARLES HASLET

WASHINGTON (AP)—Natural gas production in 1955 was 131 per cent above the war-time peak. Crude oil production was 45 per cent higher.

This report was made by the Independent Petroleum Assn. of America in its recently issued 1956 edition of "The Oil Producing Industry in Your State."

Domestic production of natural gas in 1955 totaled 9,340,000,000,000 cubic feet, the IPAA said. Crude oil production amounted to 2,484,521,000 barrels in the United States.

Value at the wells of natural gas produced last year was $997,506,000.

Other statistics culled from the reference:

Last year 232 new gas wells were found. New natural gas reserves discovered amounted to 22,107,194,000,000 cubic feet. This brings the total proven reserve of natural gas as of Jan. 1 this year to 223,697,445,000,000 cubic feet.

During the 1946-1955 period, the oil and gas industry drilled 33,000 producing gas wells.

Texas led all other states in the production of crude oil and natural gas liquids during 1955 and in proved reserves of petroleum for that year.

Production in that state was listed at 3,293,600 barrels daily in 1955 compared with 1,056,200 in California; 803,100 in Louisiana; 618,900 in Oklahoma; 350,300 in Kansas and 285,500 in Wyoming.

Proved petroleum reserves in Texas in 1955 totaled 17,978,863,000 barrels of crude and natural gas liquids.

Louisiana reserves totaled 4,191,237,000, California 4,126,349,000, Oklahoma 2,370,399,000 and Kansas 1,171,304,000.

Texas also led in the estimated value of crude, natural gas and natural gas liquids at the well in 1955 with a total of $3,757,460,000, followed by California with $1,124,110,000, Louisiana $1,008,330,000, Oklahoma $654,860,000 and Kansas $403,190,.

Current conditions in the domestic oil industry call for an immediate adjustment in crude oil prices to cover increases in wages and higher prices of steel and other materials, Robert L. Wood, president of IPAA, said in a statement this week.

He declared that an increase in crude prices is "both necessary and justified," contrary to "opinions being expressed by officials of some oil importing companies."

"With steadily increasing costs, there has been no general crude oil price adjustment in three years and only one small increase in eight years," Wood said.

"Under these conditions, domestic producers cannot continue to find and develop domestic reserves needed to keep pace with increasing demands.

Exploration Making Hole

Cosden Petroleum Corp. No. 1 Ricker Ranch, northern Reagan County deep explorer, had drilled to 7,124 Saturday in lime and shale.

Previously, shows had been logged in the Spraberry section and could be tested after the hole is carried to the Ellenburger. Contract depth is 11,000 feet. Location is 1,980 from the north and 660 from the east lines of section 45-A, L&SV RR survey.

Officers Of New Company Revealed

The Board of Dirctors of Imperial Oil Company of Texas, in a recent meeting announced the election of J. F. Epley, independent oil operator from Midland, as president; Richard G. Boren of Houston, vice president; and Raymond P. Elledge of Houston, secretary-treasurer.

The offices of the new Imperial Oil Company of Texas are in the new Texas National Bank Building, Houston.

The company was recently organized by a group of oil men and businessmen for the purpose of developing additional production on proven properties as well as acquiring additional properties.

Devonian Cores In Martin Outpost Return Good Show

Cores below 11,968 feet in the Devonian at the Pan American No. 1 Turnbow in Martin County have produced good shows of oil.

The project is the northeast offset to the lone producer in the North Breedlove (Devonian) field in the northwest part of the county.

Operator topped the Devonian at 11,968 feet, which is 112 feet high to the same concern's No. 1 Shook, opener of the field. Cores from 11,968 feet down to 12,074 feet have shown good pay. The section is porous, vuggy, and fractured, and it has bleeding oil, oil stain and odors.

The 5½-inch casing has been cemented at 12,074 feet, and operator is preparing to core deeper.

The location is three miles southwest of Patricia, at 467 feet from south and 1,000 feet from west lines, Labor 10, League 259, Borden CSL Survey.

THIS ANNOUNCEMENT IS NEITHER AN OFFER TO SELL NOR A SOLICITATION OF AN OFFER TO BUY ANY OF THESE SECURITIES. THE OFFERING IS MADE ONLY BY THE PROSPECTUS.

FOR PROSPECTORS

New Mexico, Louisiana Are Happiest Hunting Grounds

By MAX B. SKELTON

HOUSTON, June 2 (AP)—Wildcat drillers in major oil producing states had their best batting averages last year in New Mexico and Louisiana.

New Mexico operators made discoveries on 32.9 per cent of their wildcats. Louisiana had a 32.8 performance.

The national average last year was only 17.7 per cent.

Among other major producing states, Texas found oil or gas with only 19.8 per cent of its wildcats. California 11.1, Oklahoma 22.2, and Kansas 16.6.

Of 12,271 wildcats drilled in 29 states last year, 1,812 struck oil, 353 found gas and 10,106 were dry holes.

New Mexico found 41 oilers and 11 gasers while drilling 158 wildcats. Louisiana had 195 oil discoveries and 33 gas discoveries on 695 wildcats.

Texas and Kansas were the only states drilling over 1,000 holes in new areas. Texas tried 5,124 wildcats with 883 oil wells, 132 gasers and 4,109 dry holes. Kansas had 1,018 tests, found oil 135 times and gas 34 times.

The report on wildcats is included in the 1956 edition of "The Oil Producing Industry in Your State," published by the Independent Petroleum Assn. of America.

This year's edition is a report on the industry's progress the 10 years since the end of World War II.

Oil and gas were estimated to have supplied 67 per cent of the nation's energy requirements last year, compared to 48.2 per cent in 1946.

During the same period, coal was said to have dropped from 47.2 per cent to 29.2, water from 4.6 to 3.8.

Natural gas production has increased 131 per cent since the war, crude oil production 45 per cent.

Employment within the oil and gas industry rose from 220,200 in 1946 to an estimated 312,000 last December.

New Mexico and California had the best 1955 drilling records among major producing states when development wells were figured with wildcats.

New Mexico drilled 1,663 wells and found oil or gas production on 85.6 per cent. California recorded a 73.5 average while drilling 2,465 holes. New Mexico's overall dry hole record was only 14.4 per cent against California's 26.1.

Of the 56,682 wildcat and development wells drilled in the nation last year, 62.1 per cent were dry holes and the remaining 1.3 were service wells.

Texas, with 19,981 wells drilled, had a 65.4 per cent completion record, compared to 65.3 for Oklahoma and 56.4 for Kansas.

Adlai, Estes Campaign Hard, California Voters Apathetic

SAN FRANCISCO, June 2 (AP)—Adlai E. Stevenson and Sen. Estes Kefauver of Tennessee appeared locked today in a close battle for California's critical 68 Democratic presidential nominating votes.

In a campaign sharpened with bitterness, the two rivals left almost no part of sprawling California unvisited in their quest for votes in the last and most important of the nation's presidential primaries here next Tuesday.

But there were signs that the candidates themselves were much more concerned about the outcome than the average California voter. Street corner and supermarket crowds were generally small. The apathy spelled out the prospect of a relatively light turnout among the state's 3,059,873 registered Democrats.

By and large, Stevenson's crowds were bigger than those which came out to hear Kefauver, particularly after Stevenson's victory in the Florida primary last Tuesday. Kefauver's backers attributed this to better organization work than they could provide for their catch-as-catch-can campaign.

Both candidates expressed confidence about the outcome.

Stevenson, campaigning in the San Joaquin Valley, said he thinks he knows "what the outcome will be" when the voters answer what he called "personal attacks" against him by Kefauver that he said "hurt the Democratic party."

Kefauver said "I think I'm doing all right" in what obviously is his do-or-die effort to demonstrate to the forthcoming Democratic National Convention that he is the choice of the average voter.

As the candidates boiled down the home stretch, both were bidding desperately for support of Negro and old age pension voters who make up two of the largest blocs among the Democrats.

Kefauver accused Stevenson of "civil rights equivocation," contending that in Florida his rival was presented as a "moderate" on the school integration issue while in California he was being pictured as a "crusader" for civil rights.

Stevenson said he would not answer this kind of attack because "I do not wish to degrade either myself or my opponent or hurt the Democratic party or demean the greatest office in the world."

Kefauver has made what political hay he could with statements that as governor of Illinois Stevenson vetoed a pension increase bill. Stevenson replied that he had vetoed the bill because the Illinois Republican Legislature refused to provide the tax money to meet the increase.

Kefauver has the backing of the National Institute of Social Welfare and the California Institute of Social Welfare, pension groups the Tennessee senator's leaders hope will be worth 60,000 votes to him.

Stevenson's best appeal to these groups came in a one-day flying campaign for him here by Mrs. Franklin D. Roosevelt.

With defense industries stretched all over the state, both candidates have bidden actively for organized labor's vote. Generally, the labor leaders back Stevenson but Kefauver's friends said they are ahead with the rank and file.

Outward signs point to about an even break between them in the labor vote.

Airport Cost To Be Given More Study

Further discussions of a date for a proposed bond election to provide funds for a City-County airport for Howard County will be the principal item on the agenda of the County Commissioners Court at its regular meeting Monday.

The board had planned to set a definite date for the election at this meeting and to schedule the amount of bonds to be proposed. The original petition, presented to the court by the aviation committee of the Big Spring Chamber of Commerce, had suggested that $400,000 be spent on the port.

Since that time, the commissioners have visited the airports at Plainview and Snyder. There is some belief among officials at this time that $400,000 may not be enough to provide the facilities required.

Ralph Proctor, commissioner, said that if more than $400,000 is needed, it may pose a special problem. Whether more than this sum can be secured and stay within limits is the question.

It was thought that the commissioners would go into the matter thoroughly Monday. It was even possible, some observers believe, that the actual election date may not be set at the meeting. Commissioners may want additional time to study the problem.

Ground Broken For Lamesa's Community Hall

LAMESA, June 2—Ground-breaking ceremonies Saturday morning officially started work on Lamesa's $23,816.18 community hall. The project is being sponsored by the Rotary club.

Turning the first shovel was W. B. Collins, one of Lamesa's oldest citizens and manager of a dry goods store here.

Rotarians have raised all but $2,000 of the total and are hopeful that the remainder will be coming from city and county citizens. Also, the Club hopes to raise an additional $1,954.30 for a terrace.

The building will be constructed in the northeast corner of Forest Park on S. Houston Street. It will be of brick construction, matching colors with other buildings in the park.

Waller and Allen of Lamesa are the architects and contractors on the job, and crews are slated to start grading and levelling Monday.

Scouts Head For Davis Mountains

First of the troops from the Lone Star District to attend the summer camp at the Boy Scout Ranch in the Davis Mountains will leave here today.

The six-week's summer camping season opens officially this afternoon.

One of the units going today is Troop No 146 under the leadership of Sgt. Chester Abernathy, scoutmaster, and Airman Bob Seaborn, assistant. Sponsoring the troop is Webb AFB Chapel. Sixteen boys have signed for the week in camp.

Troop No. 136, sponsored by Midway P-TA, also is leaving today with 17 boys under the leadership of Harvey Hooser, scoutmaster. Other leaders will be Jack Rhoton and M. A. Lilly. Practically all other units in the district will be represented at one of the weeks between now and July 15.

Mother Nature Gets Low Salary

ANN ARBOR, Mich. (AP)—It took nature more than two billion years to tuck away natural resources in Michigan worth some 250 million dollars says geologist James H. Zumberge.

ROBERT POST

VA Teacher At C-City Resigns

COLORADO CITY, June 2—Robert E. Post, head of the vocational agriculture department of Colorado High School for 12 years, has resigned to become manager of the Southwestern Livestock Show and Rodeo at El Paso.

A graduate of Texas A&M and holder of a master's degree from Sul Ross, Post is president of the Vocational Agriculture Teachers Association of Texas.

During his tenure at Colorado City, his students have won awards at many of the major livestock shows, including those at the State Fair of Texas, Fort Worth, Abilene, San Angelo and Sweetwater.

Mr. and Mrs. Post have three children, Bob Post Jr., a lieutenant in the Navy, Bill Post, a senior at Texas A&M, and Martha Jo Post, a teacher in the Fort Worth Schools.

Many Youths Jobless

VIENNA, Austria, June 2 (AP) — Hungary is worried about "youth unemployment." Newspapers report 30,000 Hungarians between 14 and 16 are idle because there are no openings at high schools or trade schools. Laws prevent their employment in factories.

Texan Pledges Full Appeal Against 'Radar Trap' Case

AMARILLO, Tex., June 2 (AP)—Amarillo attorney Horace E. Wilson thinks the State Highway Patrol is setting illegal speed traps "and I'm going to appeal it to the Supreme Court if necessary to prove it."

Wilson will appear in justice court at Seguin Tuesday morning to answer the speeding summons handed him May 11 by a patrolman just west of Seguin.

"The radar said I was going 70 miles per hour but I'm not attacking the authenticity of the radar," Wilson said. "The radar unit was hidden on the shoulder of the road and the patrolman was hidden in the trees near the road. Section 803 of the State Penal Code prohibits such a speed trap and that will be the basis of my appeal.

"I feel that the statute specifically covers the situation and if such is the case, the statute directs the dismissal of any charges filed on evidence obtained in a hidden speed trap.

Wilson stressed that he was not trying to escape punishment for any violation of a law.

"I'm informed the fine would be only $20 and I'll spend many, many times that amount in attorneys' fees alone by appealing it up through the courts.

"I feel that it is my civic responsibility. As long as there is such a statute on the books the public is entitled to its protection. If the law is not needed then it should be repealed by the Legislature."

Wilson said he had employed Joel Westbrook, prominent San Antonio attorney, to handle the case. He said he would personally take no part as an attorney.

In Austin, W. J. Elliott, chief of the Texas Highway Patrol, said there is "nothing in the state law that prohibits hiding the radar units, but the Highway Patrol does not make this a practice."

"We can do more good by putting ourselves out in the open than we can by trying to keep hidden," said Elliott.

Takes Healthy Cut

Ward Booth of the Sportsman Paradise team takes a wicked cut at the ball after play officially gets under way in the National Minor Little League on the 17th and Lancaster streets diamond. The catcher is Bob Moore of Newsom's Braves. The Fishermen won the game, 18-17.

Argentine, Littler Share Dallas Lead

By HAROLD V. RATLIFF

DALLAS, June 2 (AP) — Californian Gene Littler rolled in with a 4-under-par 66 late today to tie Roberto de Vicenzo, the hot-putting Argentine, for first place at 36 holes in the $70,000 Texas International Open.

De Vicenzo, professional at Mexico City's country club picking up vacation expense money, shot a 65 five hours earlier and his 130 for 36 holes stood up until Littler birdied the 18th hole with an 8-foot putt.

Just before Littler pulled his stretch drive, Cary Middlecoff, the Memphis dentist-golfer, posted a 67 for a 2-day total of 131. Cary missed a birdie by two inches on the 18th or he would have tied for the lead, too.

Big Bill Casper of Chula Vista, Calif., who had been tied with Littler and Middlecoff for the opening-round lead, took a 69 today and fell to fourth.

Littler's push down the last nine was an up-and-down affair. He hit 14, four under par, but missed the green and took a bogey. He also bogeyed 15 when he three-putted but he birdied 16 with a 12-foot putt and then, after parring 17, got his clinching birdie on 18.

De Vicenzo, 33-year-old native of Buenos Aires, said, "I had much luck but was putting well." He has played on U.S. tours several times and won his share of the money but it has been several years since he won a first place.

He said he was here "on vacation" and "this is a good way to spend it."

De Vicenzo had six birdies in his string and narrowly missed an eagle from 8 feet on the first hole. His only bogey was at the second hole when he landed on what he called "the slope" of the green and took two to get down.

Middlecoff said he was pleased with his round, particularly his putting, and pointed to two long downhill putts-12 feet at 2 and 18 at 17.

Littler is on the tour for the third year and has been a heavy winner from the start. Middlecoff has been one of the top men for years. Each has won two tournaments this year.

Sam Snead of White Sulphur Springs, W.Va., still the biggest gallery draw and the pre-tournament favorite, had another 67 for 134 and stayed in strong contention for the $14,000 first money. The Slammer said: "I played terribly" but admitted he was putting well for a change. He had two 13-foot putts for birdies.

Snead was tied with Bill Trombley, Dallas professional, for fifth place. Trombley shot a 66 today. In sixth place was Tommy Bolt of Houston, who had 69 today for 135.

Tied at 136 were Ben Hogan of Fort Worth, Ted Gwinn of Tulsa, Ernie Vossler of Fort Worth, Don Fairfield of Casey, Ill., Harry Todd of Dallas, Peter Thomson of Melbourne, Australia, and Don January of Abilene, who won last week's $30,000 Dallas Centennial Open. January had a 68 today.

Par took a terrific hammering again over the 6,216-yard Preston Hollow Country Club course but generally it was tougher than yesterday.

The leaders:

Roberto de Vicenzo	65-65—130
Gene Littler	64-66—130
Bill Casper	64-69—133

LOOKING 'EM OVER

With Tommy Hart

Carl Coleman, the Big Spring High School grid mentor, found out he had a lot less about which to worry when he learned Billy Johnson, the Steers' first string quarterback, passed his school work this spring . . . Without the nimble, durable Johnson, the Steers would have been in sad shape this fall . . . Danny Birdwell, who missed baseball season due to low grades, will be eligible to play football this fall . . . He has the physical equipment to be as good as his brother, John, who is now at Hardin-Simmons . . . Clyde McMahon Jr., the Steer halfback last fall, is planning to attend the University of Texas . . . He won't try out for athletics, instead will concentrate on studies for a career in business . . . Larry Druitt, a hard-running back who has signed a letter of intent to attend Rice Institute, is supposed to be the finest player ever to perform for a Corpus Christi high school . . . Michigan, among other schools, had sought him . . . Taft Wright, who put in the 1955 baseball season with the Amarillo Gold Sox, is now manager of the Orlando team in the Florida State League . . . The Sugar Bowl in New Orleans probably won't be equipped with lights before the 1957 season, although school officials had hoped to have them this fall . . . Larry Click, who played freshman football at SMU along with Big Spring's Frosty Robison last fall, will play amateur baseball in Kansas this summer . . . He'll be with McPherson in the Ban Johnson League and work for the oil refinery there . . . No one over 21 years of age can perform in the circuit . . . Grave concern has been expressed over several Southwestern League teams but all are outdrawing Beaumont of the Big State League, where the financial losses must be heavy . . . And Amarillo and Albuquerque, the newest members, are healthier than any other teams in the Class A Western League . . . Ralph Atkinson, the former Big Spring pitcher, is in Texas Tech where he's studying Geology.

* * *

Cliff Grubbs — Best Since Kyle Rote

The University of Texas has come up with two excellent footballers in Larry Stevens, the Angleton boy who was named to the Fort Worth Star-Telegram's "super" All-State team, along with Big Spring's Jerry Graves; and Cliff Grubbs, said to be the best back to come out of San Antonio since Kyle Rote . . . Beattie Feathers, the Texas Tech coaching aide and former All-American gridder, was 44 years of age the past week . . . The finest putter among the golf professionals men or women is supposed to be Marlene Bauer Hagge who used to register out of Midland, Texas . . . Bertie Baez, the one-time Big Spring hurler, is returning to action with a Hobbs' team that meets the Havana Cuban Giants, a barnstorming club, in a game at Hobbs today. Joe Bailey Cheaney, who has served as starter in the last seven or eight American Business Club Relays here, will serve in a similar capacity for the NAIA meet in San Diego again this year . . . The 1957 West Texas Relays at Odessa will be staged March 22-23 . . . If the University of Houston gains admission into the Southeastern Conference, it will be the biggest school in the setup, with something like 14,000 students . . . Don Trautman, the Roanoke, La., youth who whipped the Southwest Conference's best broad jumpers recently at Houston with a leap of 24-6½, is only a junior in high school . . . He may attend the University of Houston . . . John Pipes, the local golf archivist, was cheered recently by the news that his brother, Bob, one-time all-city footballer in Dallas, had been transferred to Webb Air Force Base here . . . Bob has been in the service 16 years . . . Don Petschow, who gained a measure of fame with local baseball fans when he crashed into and broke the Broncs' Mike Lastra's leg back in 1950, recently was sent to Tucson by Albuquerque . . . The late Dr. W. A. Jackson is credited with being the first to propose that Texas Tech seek entry into the Southwest Conference . . . It's in the minutes of a Tech faculty athletic council meeting for Sept. 17, 1927.

* * *

Walmsley A Surgeon At Local Base

Like some one said, the AAU appears to need a new Santee clause . . . Ott McKinstray of the Webb AFB Duster pitching corps is a former SMU hurler . . . One of the surgeons at Webb, incidentally, is Maj. George Walmsley, one of Rice Institute's all-time athletic greats . . . Going into the state meet, Abilene High School's baseball teams had won 138 games against only 42 losses since Blacky Blackburn took over as head coach in 1948 . . . John Paul Jones, who coached the Plainview High School backfield last fall, will serve as first coaching aide at Hereford High School this year . . . Bob Swanson, who once blew a chance with Buffalo because he was talking when he should have been listening and who later parted company with Midland for much the same reason, recently departed the Carlsbad Southwestern League following a tempermental outburst . . It's figured that a baseball player would have to be earning $345,000 now to have the same buying power Babe Ruth did when he was earning $80,000 a year with the New York Yankees in 1931 . . . Chuck Spieser, who fought Willie Pastrano in New Orleans recently is qualified to teach journalism, physical education and social studies . . . He's a graduate of Michigan State . . . The local YMCA is planning another swimming show for the city pool for the latter portion of July . . . Truett Mobley will serve as director . . . Paul Shaeffer, the former Texas A&M diver, will probably be featured and efforts may be made to get B. B. Lees, a clown in the last aquacade held here, back to serve in a similar capacity . . . When Texas' Bobby Whilden ran that sensational 9.2 hundred at Fayetteville, Ark., recently, Clyde Hart of Baylor, who finished right behind him, was clocked in 9.3 and that will go into the books as a school record. . . Incidentally, timer in that historic race was Clyde (Smackover) Scott, former Arkansas grid star.

John Beharrell Sacks Up British Amateur Crown

By TOM OCHILTREE

TROON, Scotland, June 2 (AP)—John Beharrell, told to quit school this year to protect his health, won the British Amateur golf championship, one of golfdom's greatest titles, today at the record - smashing age of 18.

The chunky, blond youngster hailed as a budding Bobby Jones, defeated 32-year-old Leslie Taylor, 5 and 4, as gales howled across the Firth of Clyde with such fury that they drove putts off line as they rolled toward the cups.

No golfer so young ever before has won either the British or American Amateur titles. The immortal Jones reached the U. S. finals at 17 back in 1919 but was defeated. Francis Ouimet of Boston took the U. S. crown in 1914 the year he became 21.

The previous youngest winner of the British Amateur championship was A. G. Barry of Great Britain, who won it in 1905 at the age of 19.

Beharrell, poised and unsmiling, took up golf seriously only a year ago for the sake of his health. He had never touched a club until four years ago.

But today he won by playing impeccable shots around the gale-swept greens and drilling his drives through the screaming winds.

Beharrell, the son of an importer, succeeds Joe Conrad of San Antonio, Tex., who was eliminated in Thursday's quarter - final round. He is the first Englishman to win the British Amateur title since Alex Kyle did it in 1939.

Beharrell saw a 6-up lead melt to only 2-up and shook his head in amazement as the wind whirled his ball out of line.

But he had great shots when disaster threatened. The Birmingham teen-ager, playing nervelessly as a robot, holed a remarkable 70-yard iron shot at the 368-yard 25th for an eagle 2. Under the prevailing playing conditions it was little short of miraculous. Even more important was a 15-foot putt he sank at the 30th hole to halt Taylor's last bid.

Athletics Rip Boston, 11-3

BOSTON, June 2 (AP) — Enos (Country) Slaughter, an old Red Sox nemesis, and Johnny Groth, both doubled in the seventh inning today to account for the three tie-breaking runs that launched Kansas City toward an 11-3 victory over Boston.

Plucky little southpaw Bobby Shantz relieved Tom Gorman as the pair limited Boston to six hits. All the Sox runs came on Mickey Vernon's sixth home run in the first inning.

The triumph was Gorman's eighth in nine decisions with the Red Sox over a 5-year period.

Harland Is Base Champ

John Harland has been crowned golf champion of Webb Air Force base.

Harland won the title at the Muny Course the past week by subduing Jerry Noren, 2-1, in the 18-hole finals.

In first flight finals, Capt. Larry Boland trounced Sgt. McGee in the finals, 1 up.

J. H. Kennedy nudged Sgt. Bowling, 2-1, in second flight finals.

Most of the matches in the third flight remain to be played.

Andy Santos Plans To Attend Texas

LAREDO, Tex., June 2 (AP) — Andy Santos, an all-state high school basketball tournament guard who led Laredo to the state championship in Conference AAAA, today signed a letter of intent to enter the University of Texas.

A three-sport star at Martin High School for three years, Santos was named the outstanding player in the 1956 Austin tournament. He captained the football, basketball and baseball squads in his senior year.

He was signed by Jimmy Viramontes, former Longhorn cage star who recently joined the university athletic staff as assistant basketball coach.

Fishermen And Braves Triumph

The Rails and Sportsmen Paradise teams got off to fast starts in National Minor Little League play here Friday. Both won one-run decisions.

The Rails scored three times in the last inning before a man could be retired to nip the Disabled American Veterans club, 14-13.

The Fishermen staged a similar rally to nose out the Newsom Grocery Braves, 17-16.

Gary Holmes broke up the Rails-DAV contest with a base hit.

James Flint pitched and batted the Paradise Sportsmen team to victory in the other contest. He clubbed a third inning home run for his club and wound up with three hits in as many official 'at bats.'

Jody Thompson drove out three safeties for the losers while Richard Rigsby collected two blows for the Braves.

The teams play again Monday afternoon.

Abilene, Amarillo, Port Arthur Meet Favorites

AUSTIN, June 2 (AP) — The state's top eight high school baseball teams start battling in the eighth annual University Interscholastic League State Baseball Tournament Wednesday.

The teams will be Abilene, Amarillo, Dallas Highland Park, Edinburg, Fort Worth Paschal, Lufkin, Port Arthur and McCallum of Austin. All but Abilene, Amarillo and Highland Park will be making their first state baseball tournament appearance.

The tourney will be played through Friday at Disch Field. There will be afternoon and night sessions Wednesday, but Thursday's and Friday's play all will be at night.

Three teams — Abilene, Amarillo and Port Arthur — loom as early favorites in the 1956 tournament, which is certain to crown a new state champion. Not only has defending titlist Paris been eliminated, but none of this year's entries ever has won a state baseball crown.

Abilene, which twice has gained the finals only to lose by one run (including a 2-1 loss to Paris in last year's championship game), returns with a veteran team and an outstanding catcher, Glynn Gregory. The Eagles have a 23-3 record, including three consecutive victories over Paschal, another tourney team.

Power-happy Amarillo, making its fifth tourney appearance, has averaged something more than 12 runs per seven-inning game this year. The Sandies, owners of a 19-5 season record, include a 35-0 triumph over Borger in their string of successes.

Port Arthur, the other logical favorite, is undefeated in 21 games, although the Yellow Jackets played to a 3-3, rained-out tie with Orange. Senior lefthanded pitcher Bobby Copple (8-0) has been the Southeast Texans' mainstay.

Although those are the big three—at least on paper—any of the other entries could win without causing an undue stir.

Edinburg has racked up a 21-5 record, and eliminated Corpus Christi Ray, an almost-every-year tournament entry, in bidistrict.

Highland Park has won 19, lost six, and is a good pressure team. The Scots won two playoffs—for district and bidistrict—in straight games.

Lufkin has a 17-3 mark. The Panthers' major claim to fame is that they eliminated defending champion Paris in bidistrict, two games to one.

Paschal has a 16-9 record. The Panthers, after a slow 6-7 start in non-district games, seem to have hit their stride and upset favored North Dallas in bidistrict.

McCallum has won its last seven games and has a 15-6 record.

The schedule (numbers in parentheses refer to district represented by the eight teams):

WEDNESDAY:
1:30 p.m.—Lufkin (10) vs. Fort Worth Paschal (5).
3:30 p.m.—Edinburg (16) vs. Abilene (4).
7 p.m.—Dallas Highland Park (8) vs. Amarillo (1).
9 p.m.—Port Arthur (11) vs. McCallum (15).

THURSDAY:
7 p.m.—Upper bracket semi-finals.
9 p.m.—Lower bracket semi-finals.

FRIDAY:
7 p.m. Consolation (third place) game.
9 p.m.—Championship game.

SPRINKLER SYSTEM

Stadium Work Will Be Started Monday

Work will start Monday on installation of a sprinkler system and preparation of a playing field for the new high school football stadium to be constructed at Howard County Junior College.

Contract already has let for erection of a 9,888-seat set of stands along the sides of the HCJC track. The playing field will be developed inside the track oval.

Pat Murphy, public schools business manager, will be in charge of work on the playing area. He was named by committees representing the boards of HCJC and the Big Spring school district Friday.

The two committees also worked out details of a plan they will recommend to the two school boards for development of the stadium.

In addition, they agreed for Walton Morrison, HCJC attorney, to prepare a lease agreement which will give the Big Spring district control of the stadium site for 30 years — until all indebtedness against the plant is retired. The stadium will be constructed principally with $140,000 in bond funds provided by the city school district.

It was agreed Friday that the junior college will furnish pipe and fixtures and dig a ditch for installation of the sprinkler system that will water both the playing field and the track. The city schools will provide labor for installing the equipment.

The two agencies will cooperate in establishing grades, filling and sodding the playing area and working out a drainage system for the stadium. Committees decided to leave up to architects the planning of public address facilities. These will be incorporated in plans which the architects are preparing for lighting. Architects, employed by the city district, also will provide plans for other development, including restrooms, fencing, ticket booths and concession stands.

Central Texas Iron Works has the $96,000 contract for erecting the stands. This work is expected to be completed by Aug. 15.

Slumping Dodgers Yield Two Games

CHICAGO, June 2 (AP)—Right-handers Dave Kaiser and Bob Rush shacked Brooklyn's vaunted power today and hurled the Chicago Cubs to a double victory over the world's champions 8-1 and 5-4 before 20,751, as Jim King's perfect throw nailed Gino Cimoli at the plate with the tying run in the ninth inning of the second game.

Cook's In Double Softball Success

Cook Appliance Store twice flattened Webb's Dusters in a softball doubleheader at the City Park Friday night, winning by scores of 5-1 and 7-0.

Cotton Mize tossed a two-hitter and fanned 15 batters in the seven inning opener.

Cook Appliance failed to register a hit off Jack Long in that game but won on defensive shortcomings of the Dusters.

Troy Wetsel and Spec Franklin combined to pitch a no-hitter for Cook's in the second go, which was halted after six innings. Franklin pitched the final inning.

The double win left Cook's with a 6-2 won-lost record.

Open Players Buck Qualifying Odds

By HUGH FULLERTON JR.

NEW YORK, June 2 (AP)—About 1,900 golfers will buck 13-1 odds Monday and Tuesday in an effort to qualify for the 56th U.S. Open Golf championship.

The odds are a little better than they have been in some previous years, but the competition is tougher and there'll be a record number trying.

The Open, to be played at the Oak Hill Club, Rochester, N. Y., June 14-16, drew a record number of 1,934 entries. That passed the mark of 1,928 set two years ago when the championship was at Baltusrol. Of these, 16 were exempt from sectional qualifying and one other already has qualified.

The Honolulu Section, which drew 11 entries, played last Monday. Jimmy Ukauka topped the field with a 146 score for the 36 holes but said he couldn't make the trip, so the place went to runner-up Ted Makalena, who shot 148. The sectional qualifying rounds at 25 other sites are scheduled next Monday with 145 places to be filled.

By far the strongest field will shoot at Dallas, where most of the touring pros will stop off to try for the big one Tuesday in play that was postponed from Monday because rain delayed the start of the Texas International. The names listed there sound like a field for the Open itself and the USGA alloted 37 places to the 126 entries. Elsewhere the entry list is notable for the number of top-flight amateurs who will try to qualify.

Under new regulations adopted a year ago, a lot of old-timers who used to get in automatically now have to qualify. Some didn't enter, but five ex-champions and a three-time winner of the British Open will make the attempt. Lloyd Mangrum (1946) and Lawson Little (1940) are in the Dallas group. Gene Sarazen (1922 and 1932), Tony Manero (1936) and Britain's Henry Cotton are in a field of 168 shooting for 11 qualifying places at Rye, N.Y. Sam Parks (1935) will play at Pittsburgh.

Three former U. S. Amateur champions, Gene Littler, Arnold Palmer and Billy Maxwell, and such top-line pros as Jimmy Demaret, three-time Masters winner; Bob Toski, Al Besselink, Don Fairfield, Jay Hebert, Don January, George Bayer, Ernie Vossler, Jerry Barber, Fred Hawkins, Fred Wampler, Bo Wininger, Jerry Barber, Dutch Harrison and Dick Mayer, top the Dallas field.

A group of foreign players who also will try to qualify there includes Roberto De Vicenzo and Percy Clifford of Mexico. Canada's Al Balding and Gerry Kesselring and Mario Gonzalez of Brazil.

Bucking these pros will be amateurs Rex Baxter Jr., former USGA junior champ, and John Garrett.

Probably the outstanding amateur trying to qualify is Ken Venturi, the San Francisco youngster who led the pros through three rounds of the Masters this year. He's among 36 entered at San Francisco along with amateurs John Dawson, Bob Roos, Henry Timbrook and pro Bud Ward, a former amateur champion.

A quick look through the other sections shows such names as Billy Joe Patton, Dave Smith, Ray Taylor, intercollegiate champion Joe Campbell, Dale Morey, Jimmy McHale, Dick Chapman, Art Butler, Gene Dahlbender, Charles Harrison, Jake Howard Jr., Don Bisplinghoff, Jim Tom Blair, Frank Strafaci, Don Cherry, Frank Souchak and Dick Yost.

BOARDMAN IS SURPRISE CONQUEROR OF RYFF

NEW YORK, June 2 (AP)—Larry Boardman, 20-year-old Marlborough, Conn., lightweight, may be in line for a September title shot at champion Wallace Bud Smith as a reward for his knockout over Frankie Ryff.

Sam Silverman, Boston promoter, said he could present a deal by which Smith would be guaranteed $50,000 to fight Boardman for the title in Boston, Sept. 10, after the New England youngster knocked out Ryff Friday night in 46 seconds of the ninth round at Madison Square Garden.

Silverman's deal is a complicated maneuver involving Ted Hilston, a resort owner from Modus, Conn. It remains to be seen whether Smith will be interested. The champ has an over-the-weight match at Milan, Italy, June 23 with Duilio Loi of Italy, the No. 1 contender.

Tony Petronella, foreign coordinator of the National Boxing Assn., said last night in Providence he thought Boardman should box Loi for the right to fight Smith.

Whether or not the curly haired blond lad gets his title shot, he owns the championship of Mr. Ryff who claimed he never before had been knocked off his feet.

A left-right combination to the chin dropped Ryff on his face. He tried to get up at seven, crumpled and fell on his back. The corner crew dragged a stool to mid-ring before helping him to his corner. After the fight, Dr. Ira McCown took Ryff to St. Clare's Hospital for "observation." The fighter talked to newsmen and chatted with friends before he left the Garden. In his dressing room he was talking about retiring from the fight game.

Yanks, Eye-Ties Tied For First

ROME, June 2 (AP)—The United States tied with Italy for second place today in the live pigeon shooting team championships.

The Americans and the Italians scored 53 kills of a possible 60 birds. France took first place with 54.

William Perdue of Mobile, Ala., Homer Clark of Alton, Ill., and Lt Col. W. C. Everhart of Spokane, Wash., formed the three-man U.S. team.

Bengals Visit Angelo Today

Elias Gamboa takes his Big Spring Tigers to San Angelo today, where at 3 p.m. they take the field against the powerful Greyhounds of that city.

Next Sunday, Manger Gamboa hopes to book the Bengals in a double header in Steer Park, Colorado City's Brown Eagles have already been lined up as one of the teams the locals will face.

Al Valdes, former professional catcher, will play first base for the Big Springers today. He replaces Pat Martinez, who cannot make the trip due to the fact that he is working on Sundays.

Charles Fierro will probably toss today's game for the Tigers. Gus Fierro and Mike Rainey will be available for relief mound chores, though Rainey is due to start in right field.

Andy Gamboa will play second base, Jimmy Fierro or Guy Lara shortstop, Elias Gamboa third base, Isa Mendoza left field and Tom Arista center.

Ben Marquez will also see action somewhere on the picket line.

The Tigers will be seeking their second victory of the season and have their work cut out for them, since the Greyhounds are one of West Texas' best Latin-American teams, year in and year out.

Cabot, Grocers Register Wins

Cabot Carbon continued unchecked in American Little League play Friday night, belting the Cubs, 7-0, behind the five-hit pitching of Jerry Dunlap.

In the evening's other contest, Piggly-Wiggly snapped out of its doldrums by bruising past the Flicks, 12-6, making the most of nine hits.

Robert Wilson helped Piggly-Wiggly's cause along by driving out a first-inning home run with one aboard.

Al Paschal Signs

DETROIT, June 2 (AP)—The Detroit Tigers today signed Al Paschal, a shortstop from Texas Christian University, to a minor league contract. He will be assigned to Augusta of the Sally League.

Paschal, 20, of Fort Worth, Tex. was an All-Southwest Conference shortstop and batted .394 this season.

Tulsan Is Signee

CHICAGO, June 2 (AP)—The Chicago White Sox today signed Bob Latch, captain and center fielder of the University of Tulsa's baseball team for their Memphis affiliate in the Class AA Southern Assn.

Delany And Nielson Run Mile Under 4 Minutes

By BOB MYERS

COMPTON, Calif. (AP)— The still select sub-four-minute mile club admitted two more members today, Ron Delany of Ireland and Gunnar Nielsen of Denmmark.

The two made the grade Friday night in the Compton Invitational Track and Field Meet, 21-year-old Ron, a student at Villanova University, qualifying first with a stunning, hard won duel to the tape with Nielsen.

Delany was timed at 3:59.0 and Nielson at 3:59.1.

No U. S. miler belongs to the club. The two foreigners qualified for membership on the track where America's best bet, Wes Santee, three times tried to break the fearsome four.

Delany won athlete-of-the-meet honors, overshadowing such co-features as:

The victory of ex-Fordham runner Tom Courtney over Belgium's Roger Moens in the 880-yard race.

The achievement of Ira Murchison of the U. S. Army, who got into the meet as an added starter and proceeded to tie the world record in the 100 meters at 10.2.

Another prodigious put of the shot by the world king, Parry O'Brien, at 60 feet 5¼ inches which went virtually unnoticed because such throws, including his official record of 60-feet-11, are customary for him.

A pole vault of 15 feet ¼ inch by Bob Richards, and another of the same height by Ron Morris of Southern California, his first at such a dizzy altitude.

Today most of the athletes fly to Stockton, Calif., for a meet tonight.

Jim Lea, another Air Force athlete, won the 220-yard dash in 21.0 and the 440-yard in 46.2.

In the 880, Courtney managed to hold off a belated surge by Moens, coholder of the world 880-meter record, and win in 1.49. But it was the mile run that stood out.

Nielson was running for the first time since February, he made his own pace for a while and had nothing to kick back with when Delany drove up and passed him 70 yards from the finish.

ON GRAPPLE NIGHT

Duran And Drapp Save The Show

Betty The Bear wanted to be a lady and refused to fight but a jam-up scrap between Ray Duran and Andre Drapp helped save the wrestling show at the Howard County Fair Building Friday night.

The Latin-American and the Frenchman went on first and for the better part of 35 minutes delighted the near-capacity crowd with some plain and fancy hamming.

Duran tried hard at being a villain and grinned in self-satisfaction when the crowd roared their approval of Drapp's rallies.

Drapp, whose physique once won him the honor of being the most perfectly developed man in all of France, lost the first fall to Duran in 6:45 minutes. Duran used a body slam, a pin — and the ropes — to go ahead.

The two remained inside the ring to mix it up during what would have been the intermission. Referee Toro Perez elected to let them go at it, rather than to try and restore peace and harmony.

Drapp used a pancake pin to win the second fall in 50 seconds.

After 17 minutes, the Frenchman ended the tussle with a series of flying tackles and drop kicks that took all the fight out of Duran.

Gorgeous George, the fellow most of the patrons came to see, didn't fare so well in his imbroglio with Jesse James.

Referee Perez reversed a decision to give James the first fall after seven minutes, after which James sent the onlookers home happy by blocking the Orchid Man into submission in 9:60.

George probably was out of sorts to start with. He arrived in town too late to have his hair fixed. In addition, his valet left him recently and he had no one to do the chores about the ring for himself before he entered.

The perfume he wore signalled his approach, however, and he had the crowd in fine voice by the time he tossed out his bobby pins.

Betty The Bear simply wouldn't fight, though her paw was raised in victory over Art Nelson.

Little League Play To Start Tuesday

STANTON, June 2, (SC)—Play will begin in the Stanton Little League here Tuesday.

Names for the clubs have not been selected but their managers will be L. D. Davis, Marshall Yates, Kenneth Henson and Donald Keaton.

Dunlap Paces AL Clouters

Jerry Dunlap, Cabot Carbon player, has become the leading hitters among the regulars in the American Little League through games of last Friday.

Dunlap has collected eight hits in 11 trips for a robust average of .727.

Six players are hitting .500 or better in the circuit, two others .400 or better and nine other .300 or more.

Following is a list of players hitting .250 or more. The averages were prepared under the supervision of J. W. Dickens, league president:

NAME	TEAM	AB	H	Pct.
Chrane	Cabot	1	1	1.000
Dunlap	Cabot	11	8	.727
Patterson	Flicks	6	4	.666

Boles	Cubs	8	2	.250

Olympic Flame Is On Way To Sweden

OLYMPIA, Greece, June 2 (AP)—The Olympic flame was lit early today in the birthplace of the ancient games and was started on its journey to Stockholm for the equestrian events, June 10-17.

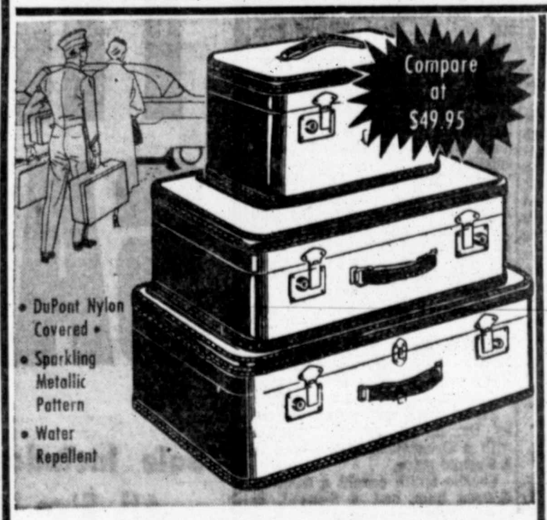

The equestrian phase of the 1956 Olympics could not be held in Melbourne, Australia, because of that country's quarantine laws governing horses.

The flame was handed to the Swedish charge d'affairs in a colorful ceremony reminiscent of the pageantry of antiquity.

A beautiful Swedish actress, Aleca Katselis, dressed as a high priestess, carried an urn to the Temple of Zeus to get the flame. The flame was lit by the sun's rays.

Dave Sime Equals World's Record In Century Dash

Beats Fresno Ace, Agostini

STOCKTON, Calif., June 2 (AP)—Duke's sensational Dave Sime again equalled the world record of 9.3 seconds for the 100-yard dash tonight, leading from start to finish.

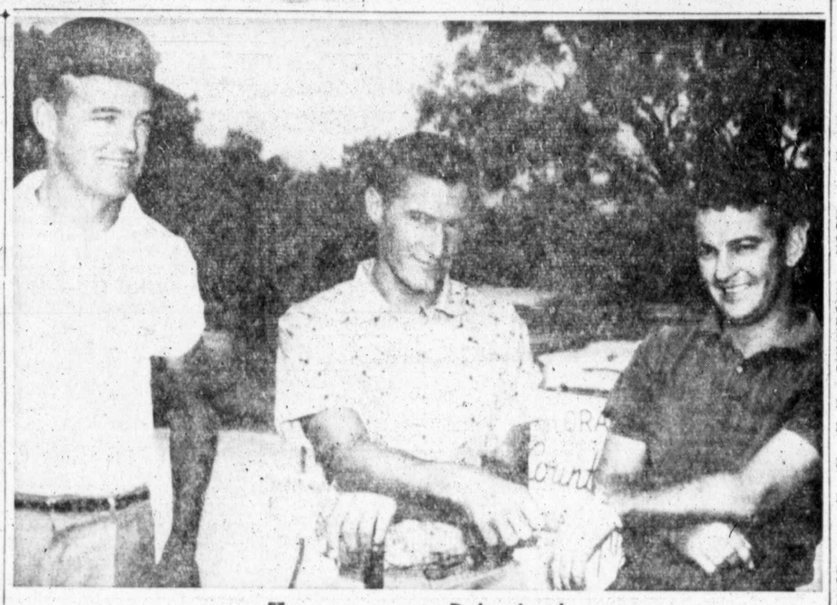

The powerful sophomore broke the tape about four yards ahead of Fresno State's Mike Agostini, who was well in front of the rest of the field at the AAU Pacific Assn. meet at College of Pacific's Baxter Stadium.

Sime, called back for one false start, got off fast with the gun the next time. He sped ahead of Agostini by four yards when they passed the halfway mark.

Agostini took second in :9.6 with Ray Norton of Oakland Junior College third.

The world record of :9.3 was set in 1948 by Mel Patton of Southern California and tied officially by Hec Hogan of Australia and Jim Golliday of Northwestern. Agostini also has a :9.3 mark pending before the International Amateur Athletic Assn.

The 19-year-old Sime, a 185 pounder standing 6-3, already this year has smashed two world's records with 22.2 seconds for the 220-yard low hurdles and :20.1 in the 220-yard dash.

Tournament Principals

Three youngsters who are still in the ruaning for championship honors in the Colorado City Invitational golf tournament are pictured above. They are, left to right, Frank Freer of Lamesa, winner of three tournaments already this year; Luke Thompson of Big Spring; and Midland's Jay Smith. (Photo by Tom Jay Goss II, Colorado City.)

Yanks And Vets Register Wins

The Yankees and the VFW mauled their opponents in National Little League competition here Saturday night.

The Yanks, still unbeaten and improving with every start, scored ten runs in the first two innings and went on to better the Owls, 14-7.

Bill Andrews, on the mound for the Yanks, set the losers down with three hits. All were singles.

The Vets scored in every inning to rout the Gold Sox, 22-9.

Sam Mesker, who toiled on the mound for the VFW, had the Sox eating out of his hand until the sixth, when the losers rallied for five runs.

The leading hitter of the evening was the Yanks' Jeff Brown, who clubbed four singles in as many tries.

Corbin And Craig Hold Lead At Colorado City

COLORADO CITY, June 2 — High hot winds quartering the course at Colorado City sent scores soaring in the annual Country Club Tournament Saturday.

Dallasite Art Corbin and Bill Craig of Colorado City continued to set the pace, though Corbin carded a 73 and Craig a 72, the two are tied for the tournament lead with totals of 140.

Frank Freer of Lamesa was the only player to manage a par and his 70 coupled with Friday's 71 set him in third place, only a stroke behind the leaders. Ronnie Honeycutt of Abilene had a 75 for a fourth place total of 144.

Medalist Jim Copeland of Dallas who qualified with 66, got a 74 for a total of 152, which is almost out of the running for first place.

Other championship flight scoring: Luke Thompson, Big Spring, 149; Jay Smith, Midland, 146; John Grubbs, Colorado City, 153; Don Wharton, Sweetwater, 150; Graham Mackey, Midland, (defending champion), 151; Ben Alexander, Lamesa, 151; Russell Coffee, Weatherford, 154; Gary Alston, Sweetwater, 155; Ben Wilkinson, Colorado City, 157; John Simms, Mineral Wells, 162; Tom Davis, Sweetwater, 154 and Bob Henderson, Sweetwater, 158.

First flight — Pickle Nickson, Roswell, N. M., 158; Travis Horton, Stamford, 160; Tommy Hutto, Big Spring, 161; Leonard Perry, Sweetwater, 162; Grady Norris, Sweetwater, 163; Randall Carpenter, Big Spring, Richard Paschall, Big Spring, Red Alston, Snyder, all with 164; Blue Goodwin, CC, 165; Holly Toler and Clyde Southworth, both of Sweetwater, tied at 167; Doug Hill, Big Spring, 168.

Second flight (match play)—Joe Owen, CC, Def Frank Mackey, CC. Don Lovelady, Big Spring; Default from Bill White, Lamesa; Moe Madison of Odessa Def R. P. Ainsworth, CC, 3&2; Frank Glass of Sweetwater Def Bob Hankins, Lamesa, 4&3.

Third flight (match play)—Earl Fish of Snyder Def W. B. Rice of Sweetwater, 2 & 1. Son Powell, Big Spring Def P. W. Cloud Jr., Snyder, 2 & 1. H. T. Kennedy, Wichita Falls Def Phil Fortune, Pecos, 1 up-19. Don Henson, CC, Def Johnny Moore, CC, 1 up-19.

Fourth flight (match play) — Matt Harrington, Big Spring, Def Arch Pardue, Stamford, 3 & 2. Henry Bennett, Sweetwater, Def Jinx Powell, CC, 6 & 5. George Powell, CC, Def Don Wallace, CC, 3 & 1. Lan Wilson, Dallas, Def Abe Dolman, CC, 2 & 1.

Fifth flight (match play)—Jack Harris, Dallas, Def Jay McPherson, CC, default. Buck Geer, CC, Def W. L. Hooks, Ft. Worth, Texas, default. Ray Mize, CC, Def Johnnie Guelker, Sweetwater, 3 & 2. Burt Pardue, Stamford, Def Tommy Elliott, Lubbock, default.

Tournament leaders are slated to tee off at 9 Sunday morning with the championship bracket scheduled for 36 holes.

Webb Plays Snyder At 3

Jim Zapp sends his Webb Air Force Base Dusters into baseball combat here today against Snyder.

Game time is 3 p.m., scene of action Steer Park, where Zapp has clubbed many a home run in the past for the Big Spring professionals.

The Dusters are still undefeated this season.

Webb has four games lined up with Goodfellow Field of San Angelo this month but all may have to be cancelled, Zapp indicated. He is seeking to line up a contest with the Lamesa All-Stars.

Prancing Pirates Clout Milwaukee

MILWAUKEE, June 2 (AP)—The prancing Pittsburgh Pirates drove to within eight percentage points of the first-place Braves tonight as rookie Lee Walls scored one run and drove in two more in beating Milwaukee 4-2.

Mrs. Rockne Dies

SOUTH BEND, Ind., June 2 (AP)—Mrs. Knute Rockne, widow of Notre Dame's famed coach, died today at St. Joseph's Hospital.

INSIDE BASEBALL for Little Leaguers

By MICKEY McCONNELL
Major League Scout and Instructor

Being in the right place at the right time usually makes the double play possible. The famous double-play combinations such as Marion and Schoendienst, Boudreau and Gordon, Crosetti and Lazerri, and Carrasquel and Fox spent many hours in practicing their specialty and studying how to play certain batters.

In getting set for a double play the shortstop and second baseman move in toward second base and home plate from their normal fielding depth. How far they move depends on the speed of the runner at first base and of the batter. Only practice and experience will determine the proper distance.

If the ball is fielded by the shortstop or second baseman more than 15 feet from second base, he should throw the ball overhand to the pivot man. He should throw hard, but not too hard for the pivot man to handle, and he should be sure that it is a good throw, aimed at the chest. A poor throw can keep the pivot man from completing the play.

When the underhand toss is used, the toss is made with the throwing hand so that the pivot man will get a clear view of the ball. Always keep in mind that it is better to get one man out than to hurry the play in an effort to get two and miss both of them. Be sure of the first out before worrying about the second one.

Nearby Communities Can Enter Teams In Leagues

Teams from Coahoma, Ackerly and other surrounding communities have been invited to compete in the Big Spring Teen-Age baseball movement.

As of now, eight teams are already entered in the two-league association but the membership is not necesarily closed, Tom Farquhar, one of the association's officials, has stated.

Teen-Age baseball is not limited by city boundaries, as is Little League ball. For that reason, the association is eligible to take in any of the outlying communities.

Registration of the 13-14 year age bracket, or Junior Teen-Age League, will be held at Steer Park starting at 5 p.m. Monday. All eligible players have been advised to show up, whether or not they played last year.

Workouts of the candidates will get under way at the Teen-Age park at 5 p.m. Tuesday. The player auction will be held Friday night.

Play will definitely be started the night of Monday, June 18, Farquhar said. One game will be played nightly in each league, starting at 8 p.m.

Sponsors for three of the four clubs already organized have been found and the fourth is being sought. It is estimated expenses for each club will run about $300 for the season. That figure includes the cost of uniforms.

Fishermen Out In Record Numbers At Moss Lake

Lakes in the area got the rush on Wednesday — Memorial Day—but none like Moss Creek Lake, 10 miles southeast of Big Spring. For a time it wasn't a question of whether you would catch anything, but rather if you could get through the crowd to get up and cast a line. There weren't many reports of catches out that way. Boaters were out in numbers, having plenty of fun.

Friday Hiram Reid, patrolman at Lake J. B. Thomas said that fishing had suddenly taken an upward turn. It was the best in the past two weeks, he said. Jack Graham and Henry Moates had big catches (earlier in the week Henry had seven cat weighing 42 pounds). Leslie Barr equalled this with a string weighing 42 pounds. Reid said that cat, crappie and white bass were all biting well.

C. A. Tonn got the fever on the strength of approximately a dozen and a half nice fish landed at Lake Thomas Wednesday. He had crappie and channel cat, and at the end of the week he was talking to John Knox about a boat. John and family, along with Mr. and Mrs. Lucious Saunders and family, had been near where C. C. was doing all his high-powered fishing but they had little luck. They did have a pleasurable afternoon boating about the lake and picnicking.

Claude Majors landed a nice channel cat at Lake Thomas.

Odell Roman put in a couple of days at Moss Creek but didn't have much luck.

A. A. Cooper and J. S. Walker left this weekend for Colorado to get in some trout fishing.

Mr. and Mrs. Richard McCullough, Mr. and Mrs. Ben McCullough and Gwen are to be in Olney today for boat races. Ben and Richard plan to enter the A, B, and D hydro classes and the D class for runabouts. Richard received word from Fort Worth, where a week ago his hydro, skimming the water about 60 m.p.h., struck W. T. (Pete) Yancey, Wichita Falls, as he fell from his boat directly in front of Richard's craft. Yancey has regained consciousness and did not suffer a skull fracture as at first feared. He got off with a chin fracture and is convalescing. The mishap happened a week ago at Eagle Mountain Lake near Fort Worth.

Bill Bolen, Jack Grigg and Donald Gibson of Ackerly have returned from a fishing trip to Buchanan Dam.

Mr. and Mrs. Lonnie Kemp, also of Ackerly, spent last week fishing on the Colorado River and visiting Mr. and Mrs. M. E. Maxwell.

Fishing during the past week at Lake Brownwood were Mr. and Mrs. Burl Griffith and sons, and Mr. and Mrs. Sam Rust of Forsan.

Mrs. Smith Cochran, Mrs. J. D. Spears of Coahoma, Mrs. A. M. Sullivan of Big Spring and Mrs. J. A. Flache of Lamesa, were fishing during the past week at Buchanan Dam. They reported good catches.

Ray Clark came in Saturday from three days of fishing at Cedar Creek at Possum Kingdom and was bulging with luck. He had 15 black bass and 35 white bass. Fishing with minnows, he caught them about 10 feet off bottom in 50 feet of water. Twice, he had simultaneous strikes on a line with two hooks.

Bass fishermen were hogging the luck at Lake Colorado City, but there were reports, too, of good catfishing.

Finest bass catch was clamed by Dr. E. G. Brunner. Casting with a Dragnetter, Doc hauled in a 6-pound prize.

Charlie Smith caught a 5-pound, 8-ounce bass and a 2-pound, 8-ounce bass, also casting with a Dragnetter.

Joe Barnett reeled in a 5-pounder, and Arvel Smith came in with one weighing four pounds and eight ounces.

A Denver City party, consisting of Mr. and Mrs. Joe Green, Mr. and Mrs. Franie Minor, Mr. and Mrs. Lomas Freeman, went home smiling and with 20 channel cat, some weighing up to three pounds. In the string was a bass tipping the beam at four pounds and eight ounces.

C. C. Dorn continued to make good use of his trotline. He landed a 10-pounder and a 13-pounder, both channel cats. He had baited with shad, according to Howard Bynum, patrolman.

There were glowing reports from Possum Kingdom, said Mrs. Phil McCanlies, reporter for the Possom Kingdom Association. R. L. Beale, Big Spring, fishing out of Fox Hollow Camp, caught his limit of sand bass and also some black bass on minnows. O. W. Scudday and Bobby Asbury, Forsan, operating out of Possum Hollow Camp, caught 42 white bass and 15 black bass. The whites were caught mostly on Mr. Champ Spoon and the blacks on Swimmin' Minnows, Chuggers and Devil Horse.

Mr. and Mrs. Fred O. Neuberger, Snyder, were fishing at Fox Hollow Camp and each caught their limit of sand bass by casting.

R. R. Watkins, 1710 Rosewood, Odessa, and B. O. Griffith, 426-B West May, Odessa, fishing out of Vick's Lodge, caught 40 bass and three nice channel cat.

Leonard Chesser, Loyd Hahn, Kenneth Pertel, Marshall Dremmal, Milton Addison, Johnny Criswell, J. V. Burnett, all of Brownfield, operated out of Possum Hollow Camp and reported a total of 73 white bass and crappie, caught mostly on minnows and Pluggin Shorty.

R. L. Cook, on the board of directors of the Colorado River Municipal Water District, to which Lake J. B. Thomas belongs, has tried his luck in the big lake lately. His best catch so far was a 3-pound channel cat.

Fay Crocker Keeps One-Stroke Lead

PITTSBURGH, June 2 (AP) — Smooth-swinging Fay Crocker of Uruguay, U.S. National Open Champion, retained her one-stroke lead over the field today in the $7,500 Churchill Valley Women's Invitational golf tourney.

Phillies Outlast Cardinals, 6-4

ST. LOUIS, June 2 (AP)—Richie Ashburn's two-out double with the bases loaded followed four straight walks in the fourth inning today as the Philadelphia Phillies stopped the St. Louis Cardinals, 6-4.

Reliefer Bob Miller turned back a Redbird rally in the ninth inning by forcing third baseman Ken Boyer to hit into a game-ending double play with the bases loaded.

Score Fans 13 As Tribe Wins Over Nats, 15-0

WASHINGTON, June 2 (AP) — Herb Score struck out 13 allowing only three hits and Jim Hegan smashed a bases-loaded homer tonight as Cleveland mauled Washington 15-0. Vic Wertz, Rocky Colavito and Sam Mele also hit home runs for the Indians as the Senators were handed their first shutout of the season.

LOCAL LASSES OUSTED IN MIDLAND FINALS

MIDLAND, June 2, (SC) —Four Big Spring girls who made their way to the finals in the Midland JayCee Tennis Tournament lost out here Saturday.

In one division of girls' singles, Ann Sitton of Pyote turned back Nita Farquhar, Big Spring, 6-2, 6-0. In another division, Glenda Wilson, Big Spring, lost to Linda Lasater, Pyote, 6-0, 6-1.

In doubles competition, Lasater and Frances Lopez, Pyote, trounced Wilson and Joan Bratcher, Big Spring, 6-3, 6-2.

On Friday, Farquhar had decisioned Jenetha Holt, a district champion representing Midland, 6-2, 6-3.

Wilson nudged Wana McDonald, Pyote, 6-2, 6-1, and Lopez in that order, 6-4, 6-4, to earn the right to face Lasater.

Wilson and Bratcher prevailed over Lynn Nodgrass and McDonald of Pyote, 6-0, 3-6, 6-3.

Shirley Killough and Layla Glass, Big Spring, were ousted in a doubles match, 6-3, 6-1, by Lasater and Lopez, Pyote.

Bratcher kayoed Nodgrass, 6-2, 6-4, before losing to Lasater, 6-0, 6-0.

Janice Downing, Big Spring, was blanked by Sitton, Pyote, 6-0, 6-0.

Farquhar and Downing were sidelined by Sitton and Mary Griffin, Pyote, 6-0, 7-5. The Pyoté pair were 1955 state champions in Class B.

In another Friday duel, Layla Glaser, Big Spring, lost to Lopez of Pyote, 6-3, 6-1.

The Big Spring girls were accompanied to Midland by Billie Clyburn, their coach; and Bill Gray, sports director of the Big Spring Junior Chamber of Commerce.

Cincinnati Enjoys Big 8th In Win

CINCINATI, June 2 (AP)—The Cincinnati Redlegs, held to four hits through the first seven innings, scored four times in the eighth today off Ruben Gomez to win a 5-2 decision over the New York Giants.

Ruben Gomez's first sign of weakness came in the seventh when a double by Ray Jablonski and a single by Ed Bailey accounted for the first Cincinnati run.

INTER-SERVICE SQUABBLE

Military To Fuss While At Picnic?

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON, June 1 (AP)—Secretary of Defense Charles E. Wilson is going to take his quarreling military family to the annual four-day picnic where serenity is supposed to reign.

Perhaps the expected presence of the commander in chief, President Eisenhower, will help induce harmony at this fourth annual "secretaries' conference."

Or maybe it will be like other picnics, and the little ants of dissension will crawl over the table while the Army and the Air Force and the Navy rehash their disputed claims to roles and missions.

The big Quantico, Va., Marine base 35 miles south of here — where the generals and the admirals and the shirt-sleeved secretaries of the Defense Department and the separate services meet — is a fine place for either fight or frolic.

The dates this year are June 21-24. The agenda follows the pattern of the three previous conferences called by Wilson—to provide a chance for golf and swimming and relaxation, combined with an opportunity for the civilian and military chiefs to talk shop. This year, the latter has interesting possibilities.

What about that good old question, now renewed in another controversial exchange:

If war comes, what service should do what with which weapons?

The 1956 model of the argument now is built around a dispute between the Army and the Air Force over aircraft, missiles and missions in general. The Army is unhappy too over its shrinking share of the defense dollar. The Navy in the past never has been reluctant to join in.

Roles and missions assignments for the armed forces were supposed to have been pretty well pinned down and defined by the "Key West" and "Newport" papers. The first defense secretary, James Forrestal, succeeded in getting the Army, Navy and Air Force to agree, in the documents, on the general function of each. The documents are still in existence, but events have reduced their value.

Armed forces expansion in the Korean War, followed by shrinkages, new weapons of the jet-atomic-missile age, cutbacks under reduced national budgets—all these have sharpened the rivalry among the services.

Forrestal took the service officials to the Florida and Rhode Island naval bases to get them away from the atmosphere of Washington while they drafted the Key West Agreement. Wilson has the same idea about the Quantico conferences—to get his secretariat and military staff together around a conference table away from the Pentagon.

While Wilson didn't mention it then, one of the troubles is that the Key West Agreement on roles and missions was drafted before missiles, jet aircraft and nuclear weapons had come into operational use. For example:

1. The longest-reaching Army weapon was a conventional artillery piece which could lob a shell no farther than immediately befiad an enemy line. The Army's scope of operation thus was entirely tactical, on the battlefield itself. Today the Army has guided and unguided missiles which, armed with nuclear warheads, can reach from 50 to 300 miles back of an enemy line. Is this tactical warfare or strategic, designed to destroy enemy capability? The Air Force looks upon it as strategic, and claims priority for that mission.

2. The Air Force has unmanned guided bombers—in the category of missiles—which can strike at targets hundreds or even thousands of miles away. It is working toward intercontinental ballisbasicalisiles. A ballistic missile is basically a form of artillery—it is pre-aimed, it travels through a trajectory. The Army is the traditional user of artillery and bombardment rockets. Is the Air Force encroaching on an Army mission?

3. When the Key West Agreement was made, the Navy still was using planes of comparatively short range, capable of handling only conventional bombs, and operating from carriers which then could carry no bigger or heavier aircraft. Today, the Navy has the Forrestal class carrier and planes able to tote nuclear bombs. The radius of action of the new carrier aircraft is stepped up to over 1,000 miles. Is the Navy prepared to join in strategic warfare against targets well inland? The Key West Agreement said the Air Force was to be "responsible for strategic air warfare?"

This is where interservice argument gets really involved.

At least unofficially, the Air Force has indicated that the Navy should join in strategic air warfare only by invitation. Adm. Arleigh Burke, chief of naval operations, says there can be occasions when an individual target is in doubt, as related to who should attack, and that on those occasions the doubt would be resolved by the Joint Chiefs of Staff.

At his news conference last week, Wilson insisted that the present interservice controversy between the Army and Air Force was exaggerated, but conceded that it "blew up a bigger wind than I like." Then he mused:

"I have said—and I know it so well—that the price of progress is trouble. We are making a lot of progress and we are having some trouble."

MEN IN SERVICE

ELZY DAVIS

Elzy E. Davis left Thursday for Albuquerque, N. M., to take his physical for the U. S. Navy. He will go on to San Diego, Calif., where he will undergo nine weeks of boot-training. Afterwards, he will return here for a two-week leave. He is the son of Mr. and Mrs. J. P. Davis, and has been employed by Safeway and by Reed Oil No. 3 before his entry into the service.

* * *

Pfc. Jimmy J. Moore, whose wife, Barbara, lives at 708 Eleventh Place, is a member of the 606th Antiaircraft Artillery Battalion at Grand Island, N. Y.

Moore is a radar computer operator in Battery D. He entered the Army in October 1954. His father, James E. Moore, lives in Fort Stockton. He attended Fort Stockton High School.

No Complaints Can Be Filed On 'Hold' Checks, Says DA

Guilford Jones, district attorney, said that many persons in this area have a confused understanding of just what constitutes a violation of the law in connection with the writing of a worthless check.

"My office and, I imagine, the office of Harvey Hooser, county attorney, have many callers who want to file complaints in connection with bad checks," he said.

"Very often, the complaining witness has no case even though he actually believes that he does. Sometimes we have a difficult time explaining to him why we will not file the complaint.

"A considerable number of business establishments here make it their practice to sell merchandise to customers and to permit the customer to give them a 'hold' check. These checks are sometimes sent through the bank and often are turned down for insufficient funds or other reasons.

"Many times, however, the agreement seems to be that the customer—when he gets paid—will come to the store and give the dealer cash. The dealer then tears up the check and the transaction is closed.

"Frequently, a business establishment which has accepted such 'hold' checks will wait for a few days after the scheduled date the writer is supposed to redeem them and then bring them to us and ask that we file a complaint on the persons who wrote the checks.

"We refuse to do so. Under the law such checks — written and accepted on such an agreement — do not constitute a check violation as defined by law."

Texas law, Jones said, dealing with hot checks, defines a check under the amount of $50 as a misdemeanor. A check for more than $50 which is worthless constitutes a felony.

Forgery at any time is a felony regardless of the face of the check.

Jones also warns complaining witnesses who bring in the traditional "hold" checks and clamor to have charges filed on the person who wrote it that to proceed with prosecution could be the basis for the writer to bring a suit for false arrest against the complainant.

"There are cases exactly to the point on record," he said.

"The safest way to deal with the situation is for the business establishments to abandon the practice of accepting 'hold' checks.

"Of course my office, in the case of a felony, and that of the county attorney, where the offense is in the misdemeanor category, are always willing to take action in all worthless checks.

"We file scores of such complaints — both for felony and for misdemeanor — each year.

"It is the 'hold' check situation which seems to be so little understood by the business men of the community."

Motor Races Cancelled Out, Re-Set July 8

Motorcycle races under the aegis of the Whitehawk Motorcycle Club of Big Spring scheduled for today have been cancelled.

Next races by the club will be on July 8.

Cancellation of the scheduled event for today was brought about by the fact that a conflicting race is set today in Lubbock and a large number of the competitors who were to have ridden here will be at that contest.

The club here has set all planned activities in connection with the race ahead to July 8. A get-together which was originally set for last night, will be on the night of July 7. At this preliminary meeting, there will be a dance, motion pictures of a major motorcycle race, refreshments and other features. The place for the Saturday night gathering will be the pavilion on top the Scenic Mountain.

Whitehawk Motocycle Club is affiliated with the American Motrocycle Association. It has 12 members who meet each Tuesday night. Jamie Fryar is the president of the club.

Edgar Phillips Gets Degree In FFA Work

Edgar Phillips, member of the Big Spring FFA chapter, was awarded his degree as Lone Star Farmer at the annual area meeting of Future Farmers of America, Area II, last week at Sul Ross College.

Attending the conference from Big Spring were Clemon Montgomery, supervisor Vocational Agriculture, Area II, and Truett Vines, vocational agricultural teacher.

Johnny Grisson, Lamesa, was named as a candidate for state office at the conference.

Pete Baker was elected as area president. His home is in Anson.

Nelda Smith of Hermleigh was named as district sweetheart.

State FFA meeting will be held in Dallas on July 25-27.

Ninety FFA members from Area II applied for degrees as Lone Star Farmer.

Sees Improved Guided Missiles

MONTEREY, Calif., June 2 (AP)—The United States soon will have a guided missile "capable of hitting any target in the world," Navy Secretary Charles S. Thomas said last night.

Thomas, speaking at a dinner given in his honor by the Monterey Peninsula Navy League, denied that this country was backward in its missile program.

"We have the most advanced missiles in the world," he said. "It will not be too long before we have a guided missile capable of hitting any target in the world."

Political Announcements

The Herald is authorized to announce the following candidacies for public office, subject to the Democratic primary of July 28, 1956.

DISTRICT ATTORNEY
Guilford L. (Gil) Jones

SHERIFF:

BIG QUESTIONS and Little Answers

WOULDN'T IT BE MORE ECONOMICAL TO TRADE WITH US THAN FIX UP YOUR PRESENT CAR?

So, the motor has been knocking lately, you need a couple of new tires—wouldn't it be wiser to trade it in?—you'll be dealing with an established concern—you can count on getting a fair deal. Liberal trade-in, the lowest of prices.

'56 FORD Customline 4-door sedan. 10,000 actual miles. Heater and turn indicators. White sidewall tires. This car must go. A steal, at only $2095
'52 FORD Customline 4-door sedan. Radio, heater and Fordomatic drive. Beautiful red and white finish. A real nice car. $795
'52 FORD ½-ton pickup with radio and heater. A very low mileage pickup. $695
'53 CHEVROLET 2-door sedan. Heater, turn indicators, 28,000 actual miles. One owner, real nice. $895
'51 STUDEBAKER Commander 4-door sedan. V-8 engine, radio, heater and overdrive. A nice car for only $495
'49 CHEVROLET 4-door sedan. Has radio and heater. A very low mileage car. A perfect family car or a second car. $295

NO VACATIONS HERE

End Of School Busiest Time For Many On School's Staff

School may be over for more than 5,000 youngsters in Big Spring, and for many of their teachers—but not for custodians, secretaries, administrators, and supervisors.

Any operation of such size and scope as is required to serve this number of young people just doesn't come to a sudden halt. Shutting down the machinery in an orderly fashion and trimming it for next year's operations takes weeks—even months. Actually, on most fronts, something will be going on all summer long.

Most of the teachers will either be going back to college to take specialized courses or to work toward higher degrees, or perhaps to enter private employment. When school stops, pay stops for all except those required on 10 to 12 months schedules.

At every level, transcribing each child's grades in each subject to the permanent record is a major chore. At senior high school, this is being done as rapidly as possible in order that graduates planning on attending college may have a transcript of their credits. This also is needed for those who are transferring to other schools.

All books are checked in (by number). The damaged ones are returned to the state along with those which may be going out of action (regular use). Damaged books must be paid for and new books requisitioned. Materials estimates are estimated and checked, and steps taken toward ordering.

All schedules are checked to make sure they are in order. Where there are discrepancies, efforts are made to locate the pupil and to close the gaps. All of this is necessary to set up the program of making time schedules later in the year.

Junior high has much the same problems along with an inventory of the building for all equipment and supplies. As in the high school, the principal's reports (and all auxiliary reports) must be prepared, permanent records transcribed, testing results assembled, contacts made with parents of youngsters who failed subjects to see if they want summer schooling. Books must be checked in, some returned to the state, and new ones, including those for a couple of new courses, ordered. Here again pre-registration forms must be checked in order to plan for advance registration late in the summer. Folders containing the permanent records of all ninth grade graduates must be checked and taken to senior high school. Teacher demands (at least four more will be needed) are reviewed.

No less complex is the problem on the elementary front where every subject grade of 3,417 youngsters must be put on the permanent record along with the intelligence, general achievement and attitude tests, health records, etc. Books must be checked in, some returned, others requisitioned. All property must be inventoried. Requisitions for teaching supplies ($1 is appropriated for each child) are appraised, compiled and then are appraised, compiled and then the process of ordering started.

Teacher records are studied so that supervisors may counsel with teachers on courses needed to lead to their permanent certification. As vacancies are confirmed, some returning teachers may be transferred to the administration for location and recommendation.

In addition to overseeing all of this and attending to a host of annual reports, the administration must be interviewing teachers and scouring the woods for others.

Nor is summer a time for coasting by members of the maintenance and custodial force. Most of them grab their vacations the first two weeks after school is out, returning to find a busy schedule for the remainder of the summer. Every building will get a thorough cleaning; floors will be scrubbed, sealed, waxed, polished. Windows will be cleaned and repaired.

Several buildings will be repainted inside and outside, and all exterior surfaces in need of it will be painted. Extensive repairs will be made so some of the plant grounds will be shaped up. All wiring, plumbing and heating facilities will be checked and given official tests and inspections. Forced air units will have motors cleaned, belts replaced, filters checked.

The east stands at Steer stadium will be demolished with material perhaps being utilized elsewhere. Practice fields will be resodded, at least in part; the new playing surface on the HCJC campus (where the new stadium will be located) will be developed; dressing rooms will be repaired.

By the time all of this is done, the tempo will be stepped up to get everything ship-shape for opening of school next September.

Essays Wanted For Contest On 'My Pop Is Top'

Some young person, in paying tribute to his or her Dad, can win some special awards for the "old men."

That's through the "Pop Is Tops" contest being sponsored by local mens-wear stores in connection with Father's Day. Stores reported Saturday that considerable interest had been manifest in the "Pop Is Tops" essay contest, but they are hoping for many more entries.

Young people of grade school and high school level have only to go into any one of the participating stores, obtain an official entry blank, then complete in 50 words or less the sentence "My Pop Is Tops Because . . ." Then the entry must be returned to the store from which it was obtained.

Young people are urged to start their essays at once, because deadline is 6 p.m. on June 13.

The "Top Pop" will be announced on Father's Day, will receive a special plaque, and is to receive $15 in merchandise credit from each of six participating stores. These are Prager's, Mellinger's, Men's Store, Elmo Wasson's, Lee Hanson's and Hemphill-Wells.

W. B. BEESON

Lamesa Bank Officer Named

LAMESA, June 2 — William B. Beeson has been elected assistant vice president of the First National Bank of Lamesa, J. W. Bryant, chairman of the board announced.

He will assume his duties with the bank on July 2, at which time his resignation is effective with the Farmers Home Administration.

Beeson has been supervisor of the Dawson County office of the FHA since coming to Lamesa in May, 1953. Prior to that time he had worked as county supervisor in Haskell and Eastland Counties.

A graduate of East Texas State College, Commerce, he spent some time there as instructor of freshman courses while working on his master's degree in agriculture. During World War II, Beeson served with the Navy, on duty with the security division of the Naval Air Stations at Corpus Christi and Clinton, Oklahoma. He also worked with the Texas Department of Public Safety before and after the war.

Beeson is married to the former Miss Juanita Kinnaird of Sulphur Springs, and has two daughters, Joanne and Linda Gail.

Midland Attorney Injured In Crash Of Private Plane

KERRVILLE, Tex., June 2 (AP)—Hal F. Rachal, 44, president of the Mooney Aircraft Manufacturing Co. here and a Midland attorney, was seriously injured yesterday when his private plane crashed on the Circle E Ranch near here.

Hospital attendants said today Rachal suffered a fractured skull but had a "good night."

Rachal commutes each weekend between Midland and here.

His plane apparently had an engine failure yesterday and he tried to land in an open field on the ranch but overshot and went through a fence into a stone gate post.

He was flying a Mooney Mark 20, four-place plane, made at his plant here.

BIG SPRING DAILY HERALD

SECTION II BIG SPRING, TEXAS, SUNDAY, JUNE 3, 1956 SOCIETY

Starting In Early

Gerald Bennett is getting an early start with training daughter, Debra Lynn, on the art of holding a fishing rod. With Mrs. Bennett, the family is shown at their home, 1002 Nolan. Former residents of Big Spring, the Bennetts have moved back after living in California for four years while he served in the Navy. (Staff Photo).

Fishing Is Favorite Sport Of Newcomers

Shooting sharks in the Pacific and pulling in a crappie from the city lakes are far apart in the fishing department, but Gerald Bennett is planning to get back to casting as soon as the family gets settled.

Born and reared in Big Spring, Mr. and Mrs. Bennett and two-year-old daughter, Debra Lynn, have come back home again after being in San Diego, Calif., for four years. Papa was doing a hitch in the Navy and was stationed aboard the submarine tender, Nereus.

It was while he was on the tender that he and his shipmates fished for sharks. While they couldn't surface them they could derive a great deal of sport by shooting them with rifles.

Twice during his stint in service he spent some time in Hawaii, but when the big event brought on by the birth of Debra took place, Uncle Sam gave him a 30-day leave. He came home to be with Mrs. Bennett, who had already came back to Big Spring to be with her parents, Mr. and Mrs. R. W. McNew. She remained here until the baby was eight months old and then returned to California.

Mrs. Bennett is a Big Spring High School graduate, and he is the son of Mr. and Mrs. J. R. Bennett of Sand Springs.

The family has just recently returned here to make their home and are residing at 1002 Nolan. He is a driver for the Coca-Cola Bottling Company.

Writer Urges Women In Washington To Write Experiences

Congressional wives have much to write home about and have been urged to "write your experiences down on paper, maybe for publication, but at least for the benefit of your children and nieces and nephews."

Giving this advice was Mrs. Len Jordan, whose husband, a former governor of Idaho, is now chairman of the International Joint Commission of the United States and Canada.

So many people like to hear the experiences that families of government officials have and to compare them with their own, Mrs. Jordan said.

It was the many letters she herself received on her book, "Home Below Hell's Canyon," that prompted her suggestion to the congressional wives.

Mrs. Jordan's book tells of the pioneer existence led by her family when it operated a large sheep ranch in almost-inaccessible Hell's Canyon from 1933 to 1941.

To Wed

Mrs. J. C. Venable of Garden City announces the approaching marriage of her daughter, Ruby Joyce, to Harold Trent Collins of Lubbock, son of Mr. and Mrs. George J. Collins of Goodlett. The wedding will be held in late August at the home of Mrs. Lane R. Black of Longview.

Smart Shell Pins

Small sea shells found at the shore may make attractive costume pins. Glue a safety pin to the back of the shell.

Candlelight Wedding Read For Miss Felts, Dave Dorchester

In a formal, double ring ceremony, Mary Felts became the bride of Dave Dorchester in the First Baptist Church of Big Spring Saturday evening at 8 p.m.

Parents of the bride are Mr. and Mrs. James E. Felts of 1201 Wood. N. C. Dorchester is the father of the bridegroom. He resides at 618 W. Texas St., Denison.

The ceremony was read by Dr. P. D. O'Brien, pastor of the First Baptist Church.

The couple was wed before an arch entwined with lemon foliage and flowers. White candles were on the arch columns with candalabra on each side. Flanking the arch were graduating palms tied with silk roping bows. A basket of gladioli also stood on each side. Pews were marked with white satin bows.

Jack Hendrix furnished organ music and accompanied Bill Myers as he sang "Because" and "The Lord's Prayer."

GIVEN IN MARRIAGE

Given in marriage by her father, the bride wore a waltz-length gown of frothy white nylon tulle over de-lustered satin. The closely molded bodice was designed with a deep lace yoke of imported Chantilly lace ending at the midriff in an edge of dainty lace scallops, scattered with iridescent sequins. The lace yoke formed a Sabrina neckline with lace scallops hugging the throat and extending to form a deep v at the back bodice.

The brief sleeves were complemented with petal pointed tulle mitts edged in a scalloped design traced with French val lace. The bouffant tulle skirt fell from a pointed midriff over multiple layers of nylon net and satin. The skirt, tiered together below the hip line in a scalloped design, was accented with French val lace.

The hat was a halo made of imported Chantilly lace and covered and edged with iridescent sequins; the veil was of silk illusion of finger-tip length.

For something old the bride wore a pin given to her by her grandmother, Mrs. Minnie Williamson. Her dress was new and a handkerchief of the late Mrs. N. C. Dorchester, the bridegroom's mother, was something borrowed. Something blue were garters given to her by Mrs. Wade Shanks.

The bride also wore a short strand of white pearls and matching earrings, a gift from the bridegroom.

BRIDAL FLOWERS

The bride's bouquet featured a white orchid centered in an arrangement of feathered mums with showers of picoted ribbon and lace leaves carried on a white Bible. The Bible was given to the bride by Mrs. Ray Fortson, who was matron of honor.

Maid of honor was Mrs. Jimmy Felts, sister-in-law of the bride. She and Mrs. Fortson wore bouffant, street length dresses of turquoise crystalene with a wide square neckline and short cap sleeves. Their halo hats were made of tulle and turquoise velvet outlined with lily-of-the-valley. They wore short, white gloves. Colonial lace holders filled with pink and white flowers and streamers of turquoise and white ribbon were carried.

The bride's mother was attired in a rose shantung dress with white accessories. Her corsage was a Vandas orchid.

Annette Felts, niece of the bride, was flower girl. She wore a frilly pink dotted swiss and lace dress with a band of ribbon and flowers in her hair. She carried a pink basket of rose petals.

Ray Fortson was best man. Jimmy Felts, the brother of the bride, was groomsman. Ushers were Charles Phillips, Fort Worth; Ronald Burton, Eastland; Dee Wayne Eason, Arlington; and Jim Hart, Sherman.

Luan Nall, dressed like the other feminine attendants and carrying a white candle centered in a bed of pink carnations, lighted tapers, while a nephew of the bride, Farrel Felts, was ring bearer.

Following the wedding, a reception was held in the parlor of the church with the bridal party and Mrs. Williamson, Mrs. B. F. Spindle, aunt of the bridegroom; Mr. Dorchester and Mr.and Mrs. Felts in the receiving line.

The refreshment table was laid with pink with a white organdy cloth tied in the corners with pink satin bows. The centerpiece was formed of six pink candles and the bouquets of the bride's attendants.

The three-tiered white cake topped with a miniature bride and groom and punch were served by Mrs. Thelbert Camp and Mrs. Shanks.

Mrs. Festus McElreath was in charge of the guest register.

Other members of the house party were Mrs. Bryon Neel, Mrs. Charlie Harwell, Mrs. Judson Lloyd and Mrs. Lucian Jones.

Out of town guests were Mr. and Mrs. J. H. Eason and Dee Wayne of Arlington; Sharon Browning, Dallas; Mrs. Mamie Dare, Gainesville, Mr. and Mrs. B. F. Spindle, aunt and uncle of the bridegroom, Jane and Franklin, Sherman; Mrs. Williamson, Heber Springs, Ark., C. E. Wiliamson, Hashville, Ill., uncle of the bride; Mrs. R. D. Burton of Eastland; Mrs. Charles Phillips, Fort Worth; Mr. and Mrs. J. A. Wright, Van Horn; Mr. and Mrs. J. B. Dalton, Abilene; and Mr. and Mrs. R. E. Wellman, Dallas.

TO MAKE HOME HERE

The couple will make their home at 1740 Purdue after a wedding trip to El Paso, Juarez, and points in New Mexico.

Leaving on the wedding trip, Mrs. Dorchester wore a dress of blue handkerchief linen with a short white lace jacket. She wore a large white hat and other white accessories.

The bride was graduated from Big Spring High School and attended Howard County Junior College, where she was president of the Lasso Club and secretary of the Student Council. She formerly was employed by the Texas Electric Service Company.

Mr. Dorchester was graduated from Denison High School and received his degree in Electrical Engineering from Texas University. He is a member of the American Institute of Electrical Engineers and is presently employed by Texas Electric Service Company in the power department as transmission division superintendent.

Talent Show Winners Named By Rebekahs

First place winner in the Talent Show Friday evening at the City Auditorium was a group from the Farrar School. The show was sponsored by the Big Spring Rebekah Lodge as a benefit for the Theta Rho fund.

Judy Carlson, with acrobatic dancing, was second place winner, and third place went to Kay Leatherwood, accordionist.

Proceeds will be used to help with the expenses of the girls going to the Theta Rho Assembly to be held in Fort Worth from Thursday to Sunday.

September Wedding Planned

The Rev. and Mrs. Fred Tillman Collins of Apex, announce the engagement of their daughter, Cynthia Lynnelle, of Atlanta, Ga., to Lt. Norman Burr Furlong Jr., son of Dr. and Mrs. Norman Furlong. The wedding will take place Sept. 8 in Durham Chapel on the Emory University campus, Atlanta. Miss Collins received her B. S. from Wake Forest College in 1953 and her M. S. from Emory University in 1954, where she has the position of research assistant in the biology department. Lt. Furlong is a graduate of Southern Methodist University and received his M. S. from Stanford University in 1954. He is now stationed with the Aero Medical Laboratory at Wright-Patterson Air Force Base, Ohio.

Sylvia Bentley Is Married To Wayne Lankford Saturday

Sylvia Lynn Bentley, daughter of Mr. and Mrs. C. M. Bentley became the bride of Wayne Lankford, son of W. M. Lankford, Saturday night. The double ring ceremony was read by the Rev. A. R. Posey, pastor of the Baptist Temple, where the service was held.

The bridal group stood before the altar that was centered with an arch fashioned from fern and baskets of gladioli. On either side were candelabra holding lighted tapers.

Mrs. Charles Warren preceded the rites by singing "Always" and concluded with "The Wedding Prayer." She was accompanied at the organ by Mrs. H. M. Jarratt.

The bride, who entered on the arm of her father, wore a gown of white lace and tulle. The fitted bodice was of lace and came to a point at the waistline, a feature repeated in the long sleeves that terminated with a point over the hands. The sweetheart neckline was accented with seed pearls. An overskirt of lace was worn over the ballerina length skirt of tulle. The finger tip veil of nylon tulle fell from a tiara of white flowers.

A white orchid was carried on a white Bible, a gift to the bride from members of the Young Women's Association of the Baptist Temple.

Pearls from Mrs. Don Swinney provided something borrowed; a garter was something blue, something old was a handkerchief belonging to the bride's grandmother, Mrs. H. L. Helton; something new was her dress, and she carried a penny for good luck.

ATTENDANTS

Mrs. Glynn Cunningham of Midland, was matron of honor and was gowned in pink, while Joyce Lankford, sister of the bridegroom, wore blue. The dresses were identical in design and were of antique taffeta with full waltz length skirts. The sweetheart necklines were accented with pearls. Their nosegays were pink carnations.

Jennie Lee and Gwen Lankford, cousins of the bridegroom, were the bridesmaids. Their waltz-length dresses were of yellow crystalette, full skirted with scooped necklines. They wore yellow carnation wristlets.

Robert Roberson served as best man and Glynn Cunningham was a groomsman. Ushers were Jimmie King and Charles Modisette. Kenneth Bentley was the ring bearer. The bridesmaids lighted the altar tapers.

The bridal couple left immediately following the reception for a wedding trip to Ruidoso, N. M. The new Mrs. Lankford wore a navy sheath dress with white accessories and an orchid corsage. The couple will make their home in Lubbock.

Mrs. Lankford was graduated from Big Spring High School and has been employed by Cosden Petroleum Corporation.

The bridegroom is employed by the Ferguson-Steere Motor Company and was graduated from the Big Spring High School and Howard County Junior College.

RECEPTION

At the reception held in the church parlor, guests were received by the bridal couple, Miss Lankford, Mrs. Cunningham, Mrs. Bentley and Mrs. Loy Phillips, an aunt of the bridegroom.

The refreshment table was laid with an eggshell lace cloth over pink and was centered with an arrangement made by the bouquets of the attendants. The three tiered cake, topped with a miniature bride and groom, was served with punch by Betty Cain and Mrs. Jack Haptonstall.

Mrs. Maurice Griffith was at the guest register.

Out-of-town guests were Mr. and Mrs. C. F. Tidwell, Midland, Mr. and Mrs. Gene Lankford, Mrs. Wayne Richardson and Mr. and Mrs. Loy Phillips.

Bible School Ends Friday At Forsan

This afternoon at 3 o'clock at the Country Club a swimming meet will be held for the children. Medals will be awarded to the winners of the meet. A picnic will be held afterwards.

A Sunday night supper consisting of steaks and chicken will be served at the club house from 6 until 9 p.m.

Tuesday is Ladies' Day, while hors d'oeuvres will be served on Saturday from 4 to 11 p.m.

Sunday, a Scotch foursome will be held at 1 p.m.

Mr. and Mrs. Morrison Dorsett and the four children of Lubbock visited in the home of his uncle and aunt, Mr. and Mrs. Ernest Dorsett, Friday and Saturday. They are making a tour of Texas.

Wedding Ceremony Unites Forsan Pair

FORSAN—Wedding vows were exchanged Saturday evening by Mary Lou McElrath and Jesse Louis Overton in the Forsan Baptist Church.

Mr. and Mrs. L. B. McElrath, Sterling City Route, are parents of the bride; the bridegroom's parents are Mr. and Mrs. J. W. Overton, Sterling City Route.

Floor baskets of shasta daisies and emerald fern combined with candelabra to form a background as rites were read by the Rev. J. M. Stagner of Edgewood, former pastor of the Forsan church.

Preceding the semiformal, double ring ceremony, Jeanette Paylor sang "Thine Alone" and "O, Perfect Love." She was accompanied by Mrs. L. W. Monroney.

Miss Paylor wore a white sheath and a corsage of yellow carnation. Mrs. Monroney chose a two-piece dress of shaded blue with bouffant skirt.

Wearing a semiformal white embroidered cotton frock, the bride was given in marriage by her father. Her dress was fashioned along princess lines and featured a low scalloped neckline with three-quarter length sleeves.

Caught to a halo was an elbow-length veil of tulle. The bride carried a purple orchid, encircled with white Frenched carnations, with ribbon streamers. This was atop a white Bible.

Following wedding tradition, for something old, she carried a handkerchief belonging to the bridegroom's grandmother, Mrs. Bell Overton; her dress was new; she had borrowed the bridal veil from Mrs. Dan Hayhurst, and she wore a blue garter. In her shoe, the bride wore a penny with her birth date on it.

Mrs. Carl Flores of Grand Prairie, a cousin of the bride, attended as matron of honor. She was attired in a dress of translucent taffeta in a pale green, made with scooped neckline. Her flowers were a yellow nosegay. She wore a white cap of nylon in lattice design and used white accessories.

Candles were lighted by the bridegroom's two sisters, Lorita and Lanell Overton, wearing yellow and blue, respectively. Their cotton dacron dresses were street length and were matched by wristlets of flowers.

Serving as best man was Johnny Jay Phillips of Odessa, a cousin of the bridegroom. Ushers were Leroy Rankin of Odessa, also a cousin of the bridegroom, and Jimmy Smith of Garden City.

Fellowship Hall of the Methodist Church was the scene of the reception following the wedding ceremony. A receiving line was formed of the bridal couple and their parents.

Serving from a table covered with a cutwork cloth over green were Bobbie Ruth Henderson, Jerry Lynn Stephenson and Nancy Lou Story. Mary Lovelle Fletcher was in charge of the register.

A three-tiered cake, topped with a miniature bride and groom, centered the table. Silver and milk glass were used in the serving.

Coming from out of town were Mrs. Al White and sons of Austin; Mr. and Mrs. Walter Fry of Sweetwater; Mrs. H. D. James, Mr. and Mrs. Leroy Rankin and Mr. and Mrs. T. C. Rankin.

Mr. and Mrs. V. L. Cunningham, Mr. and Mrs. J. J. Phillips, Mr. and Mrs. A. W. Tyree and Mr. and Mrs. Roy Tyree, all of Ballinger; Mr. and Mrs. Rube Schuessler of Goldsmith; Mr. and Mrs. James Miles of Colorado City; Carl Flores of Grand Prairie; and Mr. and Mrs. T. A. Rankin of Loraine.

BRIDAL TRIP

A wedding trip will take the couple to San Diego, Calif., and to other points in the western states. When they left, Mrs. Overton wore a tweed linen in avocado and white with white accessories. The orchid from her bridal bouquet formed her corsage.

Upon their return, they will be at home on the Overton ranch on the Sterling City Route.

The bride is a graduate of Forsan High School with this year's class. She has been a member of the FHA, served as a member of the staff on the school paper and as annual editor. She was accompanist for the high school chorus and was a member of the special music ensemble; another phase of her work was as manager of the girls' sports teams.

The bridegroom is also a graduate of Forsan High School and is now engaged in ranching. In school, he was a member of the football, basketball and track teams; he was a class officer in his sophomore and junior years, and was senior favorite, as well as acting as a member of the student council.

MRS. JOHN BENJAMIN STICKELS

Wedding Vows Taken By Ackerly Couple

Before a tapered arch of candles, palms and a basket of pink gladioli, Cecil Niblett was married to John Benjamin Stickels Friday evening in the Church of Christ at Ackerly.

Pew markers trimmed with white satin were used to mark the aisle.

Mr. and Mrs. J. C. Niblett of Ackerly are parents of the bride. Mr. Stickels' parents are Mr. and Mrs. James M. Stickels of Bloomington, Ind.

The formal, double-ring ceremony was read by Fred Weiseman of Paoli, Ind., uncle of the groom.

A chorus from Abilene Christian College, under the direction of Robert Boyle, sang the traditional wedding music. Barbara Hart of Abilene sang "Through The Years." Other wedding music was "Because," "I Love You Truly," and "The Lord Bless Thee and Keep Thee."

The bride was given in marriage by her brother-in-law, Rodney Peterson.

The bride's dress was of white Chantilly lace over tulle and satin. The neckline was square with scalloped edges. The bouffant skirt, which turned into a chapel train in the back, was formed in front by a split in the Chantilly lace which opened into a "V." Lace in the form of appliqued embroidery was scattered over it and pearls were hand sewn to the "V" edges.

A fingertip circular veil was attached to a calot of French illusion and seed pearls.

White roses over a Bible were carried by the bride.

Mrs. Jimmy Charles Shoults of Big Spring was matron of honor. She wore a full skirted dress of pink crystalene which featured capped sleeves, a scooped neckline and a torso waist. Her flowers were pink carnations trimmed in burgundy.

Bridesmaids were Ann Swingler of Grand Prairie and Betty Hulsey of Courtney. Their dresses, fashioned identical to the maid of honor's, were burgundy. They carried pink carnations.

Best man was William E. Stickels, Bloomington, Ind., brother of the groom.

Elwin Setliff of Crowell and Freddy Weiseman of Bloomington, Ind., cousin of the groom, were groomsmen.

Ushers were Joe Setliff of Lubbock, and Homer Benson of Abilene. Sammy Moore of Lamesa, and Janice West of Big Spring, both cousins of the bride, lighted the altar tapers.

A reception was held following the wedding in the home of Mr. and Mrs. A. W. Reed, uncle and aunt of the bride. In the receiving line were the bride and groom and their parents, Mrs. Shoults, and Mr. Stickels.

The pink and burgundy colors of the attendant's dresses were used in decorations of the same colors throughout the house. The candlelighted refreshment table was laid with an ecru lace tablecloth over pink. A white three-tiered cake was topped by a miniature bride and groom. The burgundy punch was served from a crystal punch bowl, and the cake was served by Mrs. James D. Blankenship of Snyder, and Betty Jean Terry of Dallas.

Mrs. Joe Blassingame was in charge of the register; and Mrs. Reed, Mrs. Jess Billingsley and Mrs. Doris Carmichael were other members of the house party.

Out-of-town guests were from Stanton, Abilene, Bloomington, Ind., Paoli, Ind., Lubbock, Plainview, Lamesa, and Big Spring.

For a wedding trip to points in South Texas, Mrs. Stickels wore a pink linen sheath and matching duster. She wore black patent pumps and matching bag with a black straw picture hat trimmed with pink velvet ribbon.

Mrs. Stickels is a graduate of Howard County Junior College and Abilene Christian College. At the Junior College she served as a cheerleader and wrote The Herald's column, "Campus Chatter." At the Abilene school she was vice president of Cadettes, a member of the PE Major-Minor Club, and Phi Rho Alpha.

Mr. Stickels is attending Abilene Christian College, where he is a member of the Veteran's Club. He is employed by the Chronicle Publishing Company.

The couple will make their home in Abilene.

COSDEN CHATTER

K. S. Chang Of Formosa Is Visitor To Refinery

K. S. Chang of the Chinese Petroleum Corporation, Formosa, has been visiting the refinery this week.

Angy Glenn was in Lovington and Hobbs, N. M., on company business.

Mr. and Mrs. Don Gorman are spending the weekend in Baird visiting Mr. and Mrs. W. F. Gorman.

Out-of-town visitors to the refinery have been: H. P. Smith, Wyatt Metal & Boiler Works, Dallas; Al Arnold and Elvin H. Ryder, Sivalls Tanks, Inc., Odessa; C. F. Zaner, Dean Hill Pump Co., Inc., Marshall; Tony Decamp, Tube - Turns, Midland; J. P. French, Delta Engineering Sales Co., Odessa.

The following refinery employes are on vacation this week: N. R. Harvell, H. A. Rogers, H. D. Drake, R. L. Chambers, J. C. Tonn, Brandon Curry, D. B. McKinney, B. F. McChristian, Aubrey Armistead, J. F. Reidy, J. S. Pedigo, B. R. Carter, C. M. Brown, Jack Reed, Billie R. Davis, L. V. Morgan, J. R. Bennett.

Also Carl Hollinsworth, V. E. Best, W. H. Shanks, Geo. Phillips, R. H. Long, L. V. Morgan, E. J. Thomas, C. M. Williams, Speedy Nugent; Ray Shaw, Slim Broughton, V. P. Holden, John Wood, R. W. Halbrook and Henry Stewart.

Warden Mays has become a full-time chemical engineer with the refinery after part time summer work the past few years.

Mr. and Mrs. Don Yates and daughter spent the weekend visiting friends in Midland.

Chubby Jones and Donald Lester, yield men from the refinery, have gone into business on the City Park Road selling "Charcoal Burgers and Watermelon." The new business is being called "Chubb's Drive Inn."

A party of sixteen assembled at Tulsa today to leave on a fishing trip in Saskatchewan sponsored by the Refinery Engineering Company. Among those included were George Grimes and Dan Krausse from the refinery.

Kelley Lawrence motored to Columbia, Mo., for the dismissal of Stephens College.

Ruby Powers of Abilene is spending the weekend with Alma Golnick.

Mr. and Mrs. Leon Kinney and Eddie are spending the weekend in Amarillo.

Officers' Wives To Meet For Luncheon

Reservations for the Officers' Wives' Club luncheon and business meeting, scheduled for 1:30 p.m. Thursday, must be made by Tuesday at noon. Either Mrs. James Carson, 4-8169, or Mrs. L. D. Hale, 4-6508, will take the reservation.

Members are to bring an inexpensive gift, to be entered in a white elephant sale. Prizes will be given for the most actractively wrapped package and for the one wrapped in the most unusual way.

Frances Reagan Becomes Rainbow Worthy Advisor

In a formal ceremony Friday evening at the Masonic Temple, Frances Reagan was installed as worthy advisor of Big Spring Assembly, Order of the Rainbow for Girls.

Miss Reagan is the daughter of Mr. and Mrs. Horace B. Reagan, who were presented to the group by their daughter. She then gave a tribute to her parents and presented them with flowers.

Installing officers were, Jacqueline Smith, worthy advisor; Sally Cowper, chaplain; Kenda McGibbon, musician; Bettie Jo Anderson, marshal, and Marlene Mann, recorder.

Those installed were: Frances Reagan, worthy advisor; Lucy Thompson, worthy associate advisor; Kathy McRee, charity; Annette Boykin, hope; Barbara Coffee, faith; Marlene Mann, recorder; Jennie McEvers, treasurer; Linda Woodall, chaplain; Judy Reagan, drill leader.

Others were Mickey Kinney, love; Kathleen Soldan, religion; Kathleen Thomas, nature; Jane Guin, immortality; Beverly Martin, fidelity; Sue Boles, patriotism; Mary Jane Engstrom, service; Martha Haynes, confidential observer; Jo Ann Horton, outer observer; Jane Cowper, musician; Mary Jane Trego, choir director, and LidaLou Fiveash, prompter.

Past term officers opened the installation with a drill. The invocation was offered by the Rev. P. D. O'Brien, and special guests were introduced.

A tribute was given to Miss Reagan by the old officers who presented her with a styrofoam and net rainbow. Sue Wheat sang "I'm Always Chasing Rainbows" as the officers pinned flowers on the rainbow and then joined Miss Wheat in the song.

New officers were presented to the assembly through an archway with the theme of the installation, "Faith" inscribed on it. Each officer carried a white Bible with a net corsage with a background of rainbow colors. Arrangements of white flowers completed the decorations.

Miss Smith was presented with a past worthy advisor's pin and the gavel she used while in office. She in turn presented Miss Reagan a white Bible with violet flowers, which is a traditional gift in the assembly.

FRANCES REAGAN

Mrs. John Coffey was speaker for the evening. In line with the theme of the evening, Miss Wheat sang "Faith Can Move Mountains," and as a benediction, "The Lord's Prayer."

Refreshments were served in the banquet hall by the advisory board. The table was laid with a white organdy cloth and centered with a doll dressed to resemble Miss Reagan standing in a rainbow and white flowers.

As is the custom after each installation, the assembly will go in a body to a church service. They will attend the First Baptist Church this morning.

Morris Students To Give Piano Recital

Piano students of Mrs. R. L. Morris will be presented in recital at 3 o'clock this afternoon at the Howard County Junior College.

Those who will perform today are Linda Kay Kirby, Larry and Sue Scott, Lonnie, Marion and Shirley Newton, Catharine Jane Cantrell, Claudia LaVae Sullivan, Carmen Lopez, Mina Hank, Janice Chapman, Elizabeth Feather, Danny Carrigan, Lawana Froman, Renee Beth Metcalf, Mary Elizabeth Abero, Billie Kitching, Camella Ryan, Susan Everhart, Mickey and Lona Anglea, Perry Lee Daily and Dean Terrazas.

Water Event Set For Country Club Kids

A swimming meet for children of club members was announced Friday at the luncheon of the Ladies Golf Association of the Big Spring Country Club.

To begin this afternoon at 3 o'clock, the contest will end with a wiener roast about 5 p.m. Children of club members are urged to attend the swim and supper whether or not they participate in the contest.

Olen Puckett will have charge of the affair, and medals will be awarded in several events.

Hostesses for Friday's luncheon were Mrs. Bernie Coughlin, Mrs. Rayford Liles, Mrs. C. A. DeWees, Mrs. Howard Schwarzenbach and Mrs. Joe Williamson.

Serving was done from a buffet table decorated with an arrangement of salmon gladioli and painted daisies. This was awarded as a special prize to Mrs. John Hatch.

Guests were seated at quartette tables, which held small bowls of shasta daisies and gaillardia.

During a business meeting, announcement was made of a Scotch foursome to be held at the club on the second Sunday of the month. There will be a club tournament for the women in the final week of the month, with various flights having handicaps.

Mrs. Hatch was in charge of the bridge games for the afternoon. About 40 attended the luncheon, including a guest Mrs. Marie Carter, and a new member, Mrs. Douglas Orme.

Ice Cream Supper Is Given For Billses

FORSAN — As a parting favor to the family of Mr. and Mrs. Sterling Bills, members of the Church of Christ honored them with an ice cream supper following services Wednesday night. The family will move to Stephenville soon.

A gift was presented to the departees from the 40 people who were present.

* * *

Nona and Donald Prescott have returned home after visiting in Midkiff with their grandparents, Mr. and Mrs. E. B. Prescott.

Mr. and Mrs. Earl Beeson, Vicki and Wanda, are vacationing with relatives in Crowe and Magnolia, Ark.

Mr. and Mrs. George Gray and children are expected to return Monday after a weeks' visit in Gladewater.

Mrs. F. P. Honeycutt and Steve are visiting in Abbott with relatives.

Mrs. D. M. Bardwell and Hubert are in Waxahachie where they plan to spend several days.

Marriage Announced

Mr. and Mrs. A. A. Zollinger, 607 W. 6th, have announced the marrige of their daughter, Sue, to Robert A. Wall Jr. of Savannah, Ga. Vows were exchanged May 29 in the parsonage of the Calvary Baptist Church, Midland, before the Rev. Travis LaDuke, pastor of the church. The couple, who was accompanied by Mr. and Mrs. Ronald Hassler, will make a home at 605 Main.

Eager Beaver Club Elects Officers

New officers were elected by members of the Eager Beaver Sewing Club Friday afternoon in the home of Mrs. A. D. Jernigan.

Mrs. H. D. Bruton was chosen president; Mrs. Jernigan, vice president; Mrs. Dick Hooper, secretary-treasurer, and Mrs. M. W. Rupp, reporter. The social committee is made up of Mrs. R. G. Burnett and Mrs. W. O. Washington.

Members spent the afternoon on handwork; the occupation next week will be making bandages for the Red Cross. Hostess will be Mrs. D. D. Johnston, 600 E. 16th.

Refreshments were served to eight members and a guest, Mrs. Bill Swindell.

Formal Wedding Rites Unite Jan Baggett, Richard Deats

In the soft glow from the light of cathedral tapers Jan Baggett became the bride of Richard Louis Deats in a formal double ring ceremony performed Saturday evening in the First Methodist Church.

Dr. Jordan Grooms read the vows, which were repeated before the altar decorated with fern trees and baskets holding white gladioli and majestic daisies.

John Tedford of Dallas was the organist for the wedding, and he played as a prelude "Jesu, Joy of Man's Desiring," "Sheep May Safely Graze," "Bist du Bei Mir," "Arioso" and "Air on G String." The processional was "Ein Feste Burg." All are compositions of Bach. An octette composed of Mr. and Mrs. Keith Hansen, Joyce Howard, Nola Colwell, Mrs. Don Newsom, Hayes Bacus, Barrett Thiele and Paul Schafer sang Barnsby's "O Perfect Love" following the vows.

Wedding communion was taken by the couple and the service ended with the wedding guests joining in repeating The Lord's Prayer.

The processional was Bach's "Now Let All the Heavens Adore Thee."

The tapers were lighted by Mike Baggett, brother of the bride, and Arthur Butler Splawn III of Electra, cousin of the bride.

The ring bearer was John Wesley Deats of Houston.

The bride entered on the arm of her father. Her wedding gown was of white embroidered cotton satin with sweetheart neckline embroidered with seed pearls. The long sleeves terminated in points at the wrist, and the pointed effect was repeated in the bodice at the waistline. Tiny self-covered buttons and loops closed the bodice at the back. The skirt was full and extended into a chapel train. Her veil of silk illusion draped from a coronet of seed pearls. Her bouquet was of white roses backed with embroidered lace that matched her dress.

ATTENDANTS

Mrs. Wesley Deats of Houston was matron of honor and wore an aqua cotton tea length dress and a half hat, aqua flower trimmed. Her flowers were white majestic daisies.

Bridesmaids, dressed in the same manner as the matron of honor, were Ann Alland, Fort Worth, cousin of the bride; Norma Willingham of Abilene, Mrs. Walter Wink of Beaumont, Mrs. Charles Allen of Dallas and junior bridesmaid, Sarah Frances Moody of Dimmit.

Wesley Deats was his brother's best man. Groomsmen were Orlie White of Silver City, N. M.; Walter Wink of Beaumont; Charles Allen of Dallas; Omar Pitman Jr. and Charles Rainwater.

The bride, who is the daughter of Mr. and Mrs. Rex Baggett, 1507 Aylford, was a piano major at Oberlin Conservatory of Music, Oberlin, Ohio, and also at Southern Methodist University. She was an honor student in both schools. She was an officer of Mu Phi Epsilon and in the Methodist Student Movement at SMU.

The bridegroom is the son of Dr. and Mrs. C. W. Deats and was graduated magna cum laude with a BA degree from McMurry College, where he was president of the senior class and a Knight of Cycen Fjodr. At SMU he was president of the student body and also state president of the Methodist Student Movement. At Perkins School of Theology in Dallas he was graduated with honors with a BD degree and was president of his class.

Following a wedding trip to Mexico City, the couple will make their home here, where he is to serve as associate pastor of the First Methodist Church.

The bride's going away dress was of Hope Skilman cotton in gray, tailored in pin tucks. The self-covered buttons were centered with seed pearls. Her hat and gloves were yellow and her pumps were gray.

RECEPTION

The parlor of the church was the scene of the reception where the bridal couple, with their mothers and feminine members of the wedding party formed the receiving line. Baskets of white gladioli and garden palms were used to decorate the reception room.

Point of interest on the bride's table was the cake fashioned as a bride and placed on a musical turntable banked with white daisies as was the crystal punch bowl. Guests were served punch and individual cakes topped with aqua roses.

Serving were Mrs. A. H. Alland of Fort Worth, Mrs. Gloria Jeanne Splawn of Electra, Nina Fryar and Joyce Gound.

Mrs. Edward Rose of Houston, aunt of the bridegroom, registered the wedding guests.

Other members of the house party were Mrs. Arnold Marshall, Mrs. W. A. Hunt, Mrs. John Davis, Mrs. Jordan Grooms, Mrs. Hubert Bratcher, Mrs. Sam Hefner, Mrs. Lowell Baird, Mrs. R. W. Thompson, Mrs. John L. Dibrell, Mrs. J. D. Cauble and Mrs. Horace Garrett.

Out-of-town guests included Dr. and Mrs. Ed Mueller, Dr. and Mrs. Eddie Mueller, Mr. and Mrs. Ed Spalten, Mr. and Mrs. Riley Kothman, Mrs. Stella Burge, Mr. and Mrs. John McGarr, Mr. and Mrs. George Mueller, Mr. and Mrs. Ott Koecker and Mr. and Mrs. William Stokes all of San Antonio; Dr. and Mrs. Robert Spalten, Roswell, N. M., Mr. and Mrs. S. E. Brown, Dalhart, Edward Rose, of Houston, Mr. and Mrs. Perreo Bryant of Electra, Mr. and Mrs. Graden Beasley of Fort Worth, Mr. and Mrs. Joe Aycock Menard.

Straughan, Blanchard Vows Are Exchanged

Standing before a white wrought iron arch, entwined with fern, Martha Straughan and A.2C. Leon Eugene Blanchard were wed in the First Christian Church Saturday evening.

Large baskets of gladioli and stock flanked the archway, while white wrought iron candelabra and banks of fern completed the background.

Parents of the bride are Mr. and Mrs. H. K. Straughan of McKinney; the bridegroom's parents are Mr. and Mrs. Rufus B. Blanchard of Martville, N. Y.

The Rev. Clyde E. Nichols, pastor of the church, read the double ring semi-formal service.

Betty Earley, organist, accompanied Judge George, brother-in-law of the bride, as he sang "The Lord's Prayer" and "Through The Years."

The bridal gown was waltz-length, fashioned of Chantilly lace and tulle over taffeta. The lace of the fitted bodice, with a scooped neckline and tiny cap sleeves, extended on into the skirt of tulle. Gauntlets were of lace and were accented with seed pearls.

A shoulder length veil of tulle was attached to a half cap of Chantilly lace; the wedding flower, an orchid encircled with tulle and ribbon streamers, was carried on a white Bible.

Mrs. George of Irving, attending her sister as matron of honor, was attired in a frock of pastel green antique taffeta. Made with a scooped neckline, the fitted bodice featured short sleeves, with which Mrs. George wore short gloves. Her flowers were formed into a pink and white nosegay.

For her daughter's wedding, Mrs. Straughan wore a powder blue Egyptian cotton, with lace outlining the v-neck. The tucks of the bodice extended into the full skirt, worn over crinoline. Her shoes were in a shade to match that of the dress, and her hat was of flowers. She wore short gloves and a corsage of white gardenias.

The flower girl was Becky George, four-year-old niece of the bride. Her dress was of white organdy, with bouffant skirt over crinoline petticoats. Her bertha collar was edged in lace, and she wore a sash of pastel green.

Gene Mitchell of Jal, N. M., a cousin of the bride, served as best man. Guests were seated by Clifton Lee Cook, a cousin of the bride, and Richard S. Moore of Lubbock. The ushers also served as candle-lighters.

The church parlor was the scene of the wedding reception; here, the bridal pair received guests, assisted by the bride's parents, her matron of honor and the flower girl.

A white tulle cloth was used with white satin for the table covering. An arrangement of pink and white carnations was matched by the carnations and fern encircling the three-tiered cake. This was topped with a miniature bride and groom.

Mrs. Moore served cake, and Carolyn Scott of Jal poured punch. Crystal appointments were used. Ruth Perkins was at the guest register. Others in the house party included Mrs. A. G. Mitchell and Mrs. Manley Cook.

Out of town guests were Mr. and Mrs. J. C. McCollum of Nacogdoches; Mr. and Mrs. James Boone of Houston; Mr. and Mrs. R. L. Glenn, Ronnie and Harold, and Mr. and Mrs. Lee Cook, all of McKinney. The Cooks are grandparents of the bride.

TO NIAGARA FALLS

After a wedding trip to Lake Ontario, Niagara Falls and Canada, the couple will be at home at 105½ W. 8th.

For traveling, the bride chose a suit of rosy tan with white collar and cuffs. The sleeves were three-quarter length, and she wore white gloves. Her hat was white; her shoes and bag were of black patent.

Mrs. Blanchard is a graduate of North Texas State College, where she was a member of the junior and senior Mary Arden Clubs, W. N. Masters Chemical Society and Meritum Honor Society.

She is now employed at Howard County Hospital Foundation as registered medical technologist. She is a member of the Pythian Sisters.

The bridegroom is a graduate of Hannibal High School, Hannibal, N. Y. He is now serving in the United States Air Force.

Bride Feted At Shower

Mrs. James Michaels was honored Friday evening at a miscellaneous shower in the home of Mrs. R. B. Abernathy.

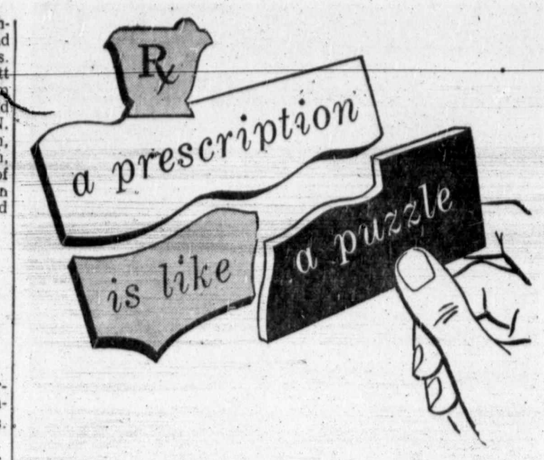

The honoree, daughter of Mr. and Mrs. L. L. Miller, is the former Jody Miller. She was married May 21.

Cohostesses were Mrs. A. G. Eitzen, Mrs. Don Crittenden, Mrs. G. C. Broughton Jr., Mrs. R. H. Gillihan, Mrs. R. B. Campbell and Mrs. W. G. Parks.

The tea table was laid with a pink linen cloth and centered with a cluster of silver bells based in tulle, with an arrangement of shasta daisies, pink roses and sweet peas.

Mrs. Broughton registered guests, who had been greeted by Mrs. Abernathy, Mrs. W. R. Yates, the grandmother of the bride; Mrs. Miller, and the honoree.

For the party, to which 112 had been invited, Mrs. Michaels was attired in a white linen sheath. The upper part of the frock was embroidered with seed pearls and rhinestones, and she wore a white carnation corsage.

'ROUND TOWN

With Lucille Pickle

Now that school is out, things are still in a bustle what with Bible Schools starting and the social activities that precede the numerous weddings going at full swing. From the big start, it truly looks like June is going to "bust out all over."

* * *

MR. AND MRS. CARL BENSON and their children, Bennie and Sally are vacationing in Columbus, Ohio, and Chicago, Ill. They plan to return by way of Emporia, Kan., where they will visit with her mother, Mrs. Sam Gage, who will then accompany them back home for a visit.

* * *

Back to school today went MRS. CHARLES PETERSON who will enter summer school at Sul Ross in Alpine. She has rented a small house for the summer and her son, Randy, will be with her. Mr. Peterson and another son, Charles Ray, will remain here.

* * *

MR. AND MRS. JIM ZACK have been to Dallas, marketing for their women's store.

* * *

In London on May 24 was MRS. RUSSELL SCOTT (Janice Nalley) who with other Air Force wives went in from Wethers Field, England, to see the festivities for the Queen's birthday. Among the interesting things they saw was the trooping of the colors at Buckingham Palace.

* * *

MR. AND MRS. H. G. KEATON and MR. AND MRS. TRUMAN JONES are in Columbia, Mo., to attend the exercises, at which their daughters, Margie Beth Keaton and Libby Jones, will be graduated.

Other Big Spring people who will attend the exercises will be Mr. and Mrs. Bill Edwards and Kelley Lawrence Jr. They are in Columbia to bring back Joyce Edwards, who has finished her first year.

* * *

DR. AND MRS. AKIN SIMPSON are to return today from Bryan where they have attended the Ninth Annual Conference of the Texas Association of Veterinary Medicine. Their son, Dale, accompanied them to Mexia, where he will spend the summer with his aunt, Annie Lou Roller.

* * *

Attending the graduation at Southern Methodist University in Dallas were MR. AND MRS. W. E. WOZENCRAFT whose son, Billy, earned his degree.

* * *

CAPT. AND MRS. L. R. HICKS and family, whose home is in Tucson, Ariz., are expected today to spend several weeks with Mr. and Mrs. Ben Hogue.

* * *

The July 4th show sponsored by the Business and Professional Women should be extra good this year with Mrs. C. W. Mahoney at the helm. She has begun working on the theme and plans numerous entertaining features.

* * *

When you are driving, remember — Driving like your car had wings doesn't guarantee your a pair in heaven.

* * *

MRS. NORMAN READ has returned from a ten-day trip to Dallas, where she attended the Democratic convention, and Waco, where she was one of several thousand who saw and heard President Eisenhower. She was delightfully surprised at the President's apparent good health and good humor. However, I understand that before the President entered the coliseum he got rather 'teed' off with some over-zealous press cameramen.

* * *

MR. AND MRS. C. D. HERRING Sr., and Mr. and Mrs. C. D. Herring Jr. and their son, will be joined here tomorrow by their daughter and sister, Mrs. Charles Turner, and her family of Sweetwater for an automobile trip to Fresno, Calif. The group will visit with Mr. Herring's mother, Mrs. Mary S. Cowee, who is 87 years of age.

* * *

SANDRA FLOWERS and her aunt, Paula Lester are in Port Lavaca where they will spend several weeks with Dr. and Mrs. Stanley Lester.

* * *

MRS. ALICE RIGGS spent several days this past week with her daughter, Mrs. J. C. Anderson, and her family in Odessa and with a son and his family, Mr. and Mrs. Jack Riggs in Midland.

* * *

There is finally a boy in the W. R. Douglass family. He is Tom Douglas Adams who was born to Mr. and Mrs. Alfred G. Adams May 15 in Abilene. Paternal grandparents are Mr. and Mrs. Tom Adams. He is the first grandson on both sides of the family.

* * *

At the Sweeney-Simpson party during the week, I was delighted to see MRS. WOODROW DOWLING, a former resident, who is now making her home in Midland. Also, we are happy to meet Mrs. Rudolph Rubin, sister of Mrs. T. H. McCann, who was recently named Midland's first Woman of the Year. Even if she had done nothing outstanding, her attractiveness and charming personality would probably have won her the honor.

Two very attractive members of the younger set, who helped with the party, were DeeAnn Sweeney and Marilyn Mann. They were so busy keeping the cold drink cart filled, their pony tail hairdoes were kept bouncing all morning.

* * *

When the J. C. PICKLES visited in Memphis, Tenn., recently, they were houseguests of former residents, MR. AND MRS. IKE PHILLIPS, and her mother, Mrs. Jamie Hancock. The Phillipses have recently purchased a new home.

* * *

The J. T. BAIRD family left Saturday morning on a vacation trip that will serve several purposes. they plan to make an automobile trip through the southern states and into Pennsylvania and Maryland. They will be guests of her brother, Lt. Cmdr. George DeVilbis at Fort Hancock, N. J. After the visit here, they will continue on to Boston, Mass., where they will visit the campus of Harvard University. J. T. Jr. plans to enter the university as a freshman next fall. He was awarded a scholarship by the school.

They will make the return trip through the Midwest states.

* * *

Guests in the home of her parents, MR. AND MRS. SOL BLEDSOE, are their youngest daughter, MRS. JESSE JONES, and her four children. Mrs. Jones makes her home in Fayetteville, Ark., and she plans to return there the early part of the week. Her two daughters, Frances Kay and Ann, have been here with their grandparents for several weeks and will return home with their mother and two brothers.

* * *

MR. AND MRS. WILLIAM MCREE have as their guests, his mother, Mrs. Fred McRee of Borger who is to spend a month here, and their daughters, Nancy and Sharon. Nancy, who teaches in Albuquerque, will spend several days here and Sharon, who is a student in Eastern New Mexico University at Portales, will spend the summer.

John Little, Houston Girl Wed In Austin

Before an altar trimmed with ivy and other greenery, interspersed with yellow gladioli, Gayle Worth Harlan became the bride of John Newell Little Friday night at the Austin Presbyterian Seminary Chapel.

The semi-formal double ring ceremony was performed by the Rev. John Lewis.

Organist for the rites was Margaret Brous of Fort Worth, who accompanied Garland Hayes as he sang "The Lord's Prayer."

The bride was given in marriage by her father, G. W. Harlan. She wore a ballet length wedding gown of white taffeta. Fashioned with a portrait neckline, it had brief sleeves, complemented by short gauntlets. Small French buttons extended down the back and into the multi-gored princess skirt which featured a butterfly bustle bow with floating panel sashes.

Fastened to a flower cloche, tiers of white French illusion were gathered and cascaded over the shoulders of the gown. Her flowers were white roses in a half cascade with bridal wreath and streamers.

The maid of honor was Gracie Jane Super of Houston. Bridesmaids were Nancy Cunningham and Sally Jean Chote, both of Austin. They wore identical gowns of powder blue taffeta with matching hats and carried yellow roses in a cascade.

Jim Bill Little of Big Spring was his brother's best man. Groomsmen were Bill Harlan of Houston and Ray Adams of Big Spring. Ushers were Alan Davis of Fort Worth, Sam Perry of Rockdale and Curtis Roberts of Houston.

When the couple left for a short wedding trip, Mrs. Little wore a pink linen sheath dress with a cherry red linen duster with accessories to match.

The bride is the daughter of Mr. and Mrs. G. W. Harlan of 5306 Tallow Lane, Houston. She is a member of Alpha Delta Pi sorority and is a University of Texas Bluebonnet Belle.

Mr. and Mrs. James Little, 112 Lexington, Big Spring, are parents of the bridegroom. He is a member of the Delta Tau Delta social fraternity; Phi Delta Phi legal fraternity, past abbot of Friars and foreman of the Cowboys. The couple plans to resume studies at the University and will make their home in Austin.

Following the wedding, a reception was held at the Alpha Delta Pi sorority house where the entertaining rooms were embellished with magnolia leaves and yellow gladioli. The wedding cake was decorated with pastel shades of blue and yellow.

Serving the guests were Frances Brown of Austin and Mrs. James Harrison of Houston. Carolyn Koetling of Houston was at the registry.

Out-of-town guests were Mr. and Mrs. James Davis, Mr. and Mrs. R. F. Schieg all of Fort Worth, and from Houston were Mrs. John C. Koetling, Mr. and Mrs. Frank Pound and Mr. and Mrs. W. W. Zingery.

Ice Cream Social

The primary department of the First Assembly of God was entertained Friday evening in the home of Mrs. Walter Grice with an ice cream social. Cohostesses were Mrs. Cecil Leatherwood, Mrs. Clarence Reece and Mrs. Lloyd Arnold. Nineteen attended the party.

Miss Bownds Becomes Bride Of Mr. Kreidel

The Main Street Church of Christ was the scene of the wedding of Mary Nelle Bownds and Walter Edwin Kreidel Friday evening.

Mr. and Mrs. J. C. Bownds, 1602 East 17th, are parents of the bride. The bridegroom's parents are Mr. and Mrs. E. A. Kreidel of Azle.

The formal, double ring ceremony was read by Lee A. Kreidel, brother of the bridegroom, before a trellis entwined with white carnations, roses and ferns. Candles were used as a part of the background, and they were lighted by Jack McCall of Abilene and Leroy LeFevre.

Mrs. McCall sang "Through The Years" with a background of music by the mixed chorus of the church, directed by Dan Conley.

The father of the bride gave his daughter in marriage. She was attired in an embroidered satin gown of white, made on Empire lines, with a short train. The long sleeves came to points over her hands.

A veil of rosepoint lace was attached to a halo hat of the lace. The bride carried a bouquet of white roses centered with a white rose corsage.

Gay Bownds was her sister's maid of honor. LaVerne Kreidel of Azle, sister of the bridegroom, and Ann Chaney of Mineral Wells were bridesmaids.

All attendants wore dresses of Wedgewood blue chintz, fashioned in the same style as that of the bride's gown. The maid of honor carried pink roses; mixed flowers made the bouquets of the bridesmaids.

Ann Taliaferro of Dallas, a cousin of the bride, served as flower girl. Her frock was of organdy, embroidered all over with pink rosebuds. She carried a basket of rose petals.

The father of the bridegroom served as his son's best man and groomsmen were Clyde Antwine of Fort Worth and Jimmy Davison of Abilene, brother-in-law of the bridegroom.

Guests were seated by the candlelighters, McCall and LeFevre. Johnnie Taliaferro of Dallas carried the rings.

Parents of the bridal couple and their attendants assisted them in greeting guests at a reception held in the Colonial Room of the Howard House.

A white organdy cloth covered the table, which held a silver punch bowl and a tiered cake, decorated with a tiny bride and groom.

Members of the house party were Vicki Kreidel of Azle, a sister of the bridegroom, Dorothy Jones of Dallas, Charlene Wasson and Frances Walker.

OUT-OF-TOWN GUESTS

Attending from out-of-town were the grandparents of the bride, Mr. and Mrs. A. S. Taliaferro of Dallas and Mrs. C. H. Bownds of Memphis, Texas, Mr. and Mrs. A. A. Taliaferro of Dallas, uncle and aunt of the bride; Mrs. Roy Whisenhunt and Jim, Mrs. A. C. Aechternacht and Verda and Jewel Guiles, all of Dallas.

Nashville, Tenn., and points in Ohio are the destination of the couple in their wedding tour. They will make a home in Ohio this summer and will attend school at Abilene Christian College this fall.

For the bridal trip, Mrs. Kreidel chose a silk suit in Wedgewood blue with a white beaded hat. Her accessories were patent.

The bride was graduated from Highland Park High School, Dallas, and has been attending Abilene Christian College. She is a junior and is a member of the women's honor society, the "W" Club. She is a member of the Ellen H. Richards Club, the Home Ec Club and the Future Teachers of America.

A graduate of Northside High School of Fort Worth, the bridegroom is a senior student at Abilene Christian College. He is a member of the Circle K Club, Sales Club, a member of the student council house of representatives and is vice president of the student body for the year, 1956-57.

* * *

Following a wedding rehearsal Thursday evening, the parents of the bride were hosts for an informal party at their home. Refreshments were served buffet. Attending were members of the wedding party, members of the church chorus and their wives or husbands.

"THERE IS A SUCKER BORN EVERY MINUTE."
(*Author's name below)

There is a growing effort, by get-rich-quicks, to devise methods of selling vitamins and other medicines in places that do not have a pharmacy license.

There are many laws, that we pharmacists gladly observe, which protect you. We had to attend a College of Pharmacy, where we were also taught how best to preserve the potency of any medicine. Judge carefully the claims of glib door-to-door salesman, here today, and gone tomorrow. Be Wise! Be Safe! Let our pharmacy license and reputation protect you.

Garden City Bible School Announced

Monday will mark the opening of the Union Bible School at Garden City. It is sponsored by the Baptist, Methodist and the Cumberland Presbyterian Churches.

For five days, classes will be held from 8:30 to 11:30 a.m. Opening exercises will be held at the Methodist Church. Juniors and intermediates will then go to the Baptist Church for work, with the other groups remaining at the Methodist Church.

Commencement exercises will be held Sunday evening at 8 o'clock at the Methodist Church.

Gerald Oakes is principal of the school; Mrs. Bill Cook is pianist. In charge of the nursery is Jackie Wilson; Mary Duncan will work with the beginners.

Mrs. Clyde Reynolds is head of the primary group, and Mrs. Nolan Childress will supervise the juniors. Mrs. Oakes will have the work of the intermediate department.

Stanton FHAers Set Nursery School

STANTON — Mrs. Kenneth Dismuke, homemaking teacher, will be in charge of a nursery school for three, four, and five-year-olds, beginning Monday for 10 days.

It will be held from 9 to 11:30 a.m. each morning Monday through Friday and will include a supervised play and rest period. The registration fee is $1.50 and 10 children will be accepted in the school.

FHA girls are holding the school in connection with their homemaking summer projects.

* * *

Mrs. Ed Bloomer is leaving this weekend to be gone approximately one year. She will visit her two sons in Oregon and Washington.

Mrs. Mary Bridges and Mike of Big Spring visited recently in the home of Mr. and Mrs. G. A. Bridges.

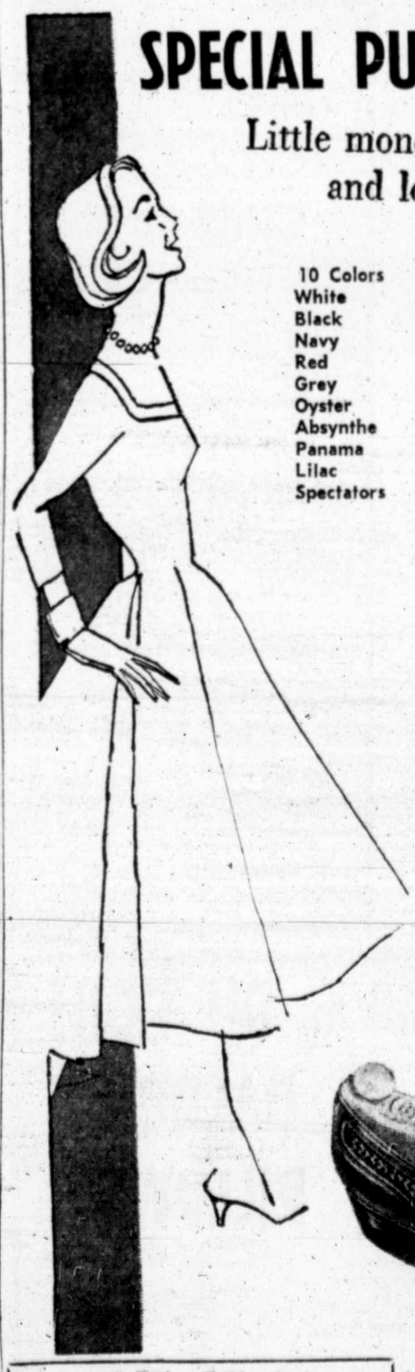

Mr. and Mrs. Tull Ray Louder are the parents of a son, Albert Eugene, born May 26, at a Big Spring hospital. He weighed 6 pounds and 7½ ounces.

Grandparents are Mr. and Mrs. Albert Louder of Stanton and the Rev. and Mrs. N. L. Range of Waco.

Mr. and Mrs. Garnett Davis and daughters of Kingsville have been guests of his mother, Mrs. Stant Davis.

HI--TALK

By Mary Sue Hale

An exit carried with dignity was quickly followed by boisterous shouts and yells as seniors acknowledged the end of their high school education. After the final march from the gymnasium, where the commencement exercises were held, 154 seniors announced in unison that they were no longer bound by high school chains.

Following the graduation exercises, the Settles ballroom was the scene of a Senior Ring Dance. Following tradition, seniors and dates passed through a giant senior ring and at that time turned their rings. This signified their graduation.

Included in those following suit with tradition were LaRue Casey, Randy Hickman; Joyce Horne, Dickie Milam; Stormy Edwards, JoAnn Ebling; Jerry Foresyth, Darlene Williams; Sandra Webb, Lynn Thames; Jacqueline Smith, Norman Gound; Preston Bridges, Sandy Sloan.

A few of the sleepy-eyed kids eating an early breakfast at Tom Henry Guin's after the earlier festivities were Sarah Simmons from Lubbock; Don Shore, Nelda Williams; Ann Richbourg, John Davenport; Sally Cowper, Rodney Sheppard; Marlene Mann, David Dibrell; Julie Rainwater, Johnny Janak.

"Gettin' away from it all" pretty early is descriptive of Donnie Hewett, as he left Friday for Mississippi, where he will stay for about 10 days.

Bruce Moore, accompanied by Mr. Truett Vines, has spent a portion of this week at Alpine, where he has attended an area FFA leadership school. Bruce was elected by his fellow club members to this honor.

Donald Hewett, Tommy Buckner, Edgar Phillips, Lesley White, and Lanny Hamby joined their fellow FFA member Wednesday at Alpine, as they went down at that time for roping competition staged there.

Frances Reagan, succeeding Jacqueline Smith, was installed as Rainbow worthy advisor Friday night at the Masonic Building.

Following up with another installation, the DeMolay Chapter will install new officers Tuesday evening.

Heading the local chapter this term will be Richard Engle as master counselor; Wesley Grigsby will aid as senior counselor. Next in line will be George Peacock as junior counselor. To be serving as senior deacon is Julius Glickman, with Norman Gound to be junior deacon, Haley Haynes as senior steward, Joe Conrad as junior steward and Barton Grooms as scribe, a position that will be held for an entire year.

Next Sunday morning a new face and name, Carol Rogers, will greet Hi-Talk readers. Having been

CAROL ROGERS

selected to assume this position, Carol has excelled remarkably in the journalism field. She filled a position of the Corral staff this past year and has been added to the El Rodeo staff as copy editor. Perhaps her greatest achievement in this field occurred earlier this year, when Carol chalked up the highest individual score at regional interscholastic journalism competition.

Varied and numerous activities complete the list of this gal who is known widely around the halls of BSHS for her interest in others and her keen sense of humor. She is a member of Feta Tri-Hi-Y, Rainbows, and FHA and is active in work at the First Baptist Church where she is a member.

Tommy Pickle has departed from Big Spring for a sizeable portion of the summer. Buffalo Trail Scout Ranch will be the site of his makeshift home, where he will be in charge of Jersey Lily, a store where candy, drinks, etc. are sold.

Also, a large slice of his time will be spent in unbroken bliss with his model airplanes, which he hopes to sell to younger unsuspecting scout campers. Along with Dell McComb, who is a member of the senior staff, Tommy will return at the end of the Scout season, around mid-July.

Crouches Honored By GC Methodists

GARDEN CITY—The Rev. and Mrs. Lee Crouch, who are leaving to make their home in Clyde, were honored with an ice cream supper at the Methodist Church Wednesday evening.

Gifts were presented to the couple. About 60 people attended.

Mrs. Ray Hightower was hostess to the Afternoon Bridge Club recently and Mrs. J. A. Bigby won high score. Mrs. W. C. Underwood was second high and Mrs. Glenn Riley won the bingo prize.

Anna Mae Thorp Is Honored At Shower

Five hostesses entertained for Anna Mae Thorp with a miscellaneous shower at the home of Mrs. A. C. Bass Thursday evening. Miss Thorp will be married on June 16 to Roger Brown, son of Mrs. J. E. Brown.

Mrs. Bass met the guests at the door and presented them to the honoree, her mother, Mrs. Murph Thorp, and Mrs. Brown.

Hostesses, in addition to Mrs. Bass, were Mrs. L. T. King, Mrs. E. W. Love, Mrs. Kelley Lawrence and Mrs. W. T. Martin.

For the party, Miss Thorp wore a pink candy striped cotton dress fashioned with a fitted bodice and a very full pleated skirt. The neckline was low. Her jewelry was pink and her pumps were white. White carnations were used in her corsage.

Mrs. Savoy Kay and Nancy King served at the refreshment table. The cloth was of cutwork, and silver and crystal were used as table appointments. Green carnations formed the centerpiece.

'More-Hat' Style Is Taking To The Water

The "more-hat" styles of the season now take to the water.

New bathing caps slated for airing on fashionable beaches this summer are designed for glamour, as well as to keep the hair dry. Some are decorated with embossed flowers, others adopt some of the new hat silhouettes such as the beret and the tam o'shanter.

CAMPUS CHATTER

By Margaret Pierce

Final exams, ending Tuesday, closed out the 1955-56 school year for the Jayhawkers. Of course, all the kids were happy for the dreaded tests to be over, but were slightly unhappy to be leaving all the fine friends they had made.

There will be two six-week summer sessions this summer. The first, to begin June 4, will end July 13. The second one will begin July 16 and end August 24. Complete information about these sessions can be obtained by seeing the registrar, B. M. Keese, at the college.

The tenth annual baccalaureate services for the 54 1956 graduates were observed Sunday afternoon at 4 o'clock. Ushers chosen for the occasion were Louise Burchett, Edna Harrell, Marijon Harrison, Betty Hester, Marilou Staggs, and Jo Ann Watkins. All were freshmen. Following the service, the graduates and their parents and friends were honored at a reception in the Student Union Building.

Mr. and Mrs. H. A. Hays of Howard County have presented a gift of $100 to the social science department of HCJC. Books will be chosen by Miss Ina Mae McCollom, in co-operation with the librarian, Paul Vagt.

Mrs. Etta Wade, also of Howard County, recently gave a scholarship for a student in the business administration department. This student has not been named yet.

A fried chicken supper was given Monday evening in the home of Don Lovelace. Those attending were Mary Forehand, Yvonne Peterson, Margaret Pierce, Charlie Brown, Neldon Milstead, and the host, Don Lovelace. After the supper, which was prepared by Don's mother, the group sang songs.

The city swimming pool seems to have been the meeting place for a great number of the Jayhawkers and their friends the past week. Among those seen there were Jack Williams, Jimmie Joe Robinson, Silas Flournoy, Jim Blassingame, Bobby Wardell, Buddy Mayes, Glenn Jenkins, Jimmy Castleberry, John Dale Curtis, Toni Barron, Myrna Sproul, Margaret Pierce, Phil Stovall, Mary Forehand, Wilella Hanks, Marvin Wise, Yvonne Peterson, Homer Lucas, Ertis Davis, Marilou Staggs, and Charles Clark.

Tuesday night an informal party was given by Margaret Pierce. Refreshments were served to Wilella Hanks, Marvin Wise, Mary Forehand, Neldon Milstead, Yvonne Peterson, Glenn Jenkins, R. J. Hanson, Phil Stovall.

The commencement banquet was held Tuesday evening at 6 o'clock. The graduates their dates and their parents attended.

Well, this seems to wind up this year of Campus Chatter for me. It has been fun relating the Jayhawker's news and gossip to you. Thanks ever so much to each of you who have read this column. See you around????

Bridal Shower, Tea Given Friday For Janice Anderson

A bridal shower was given for Janice Anderson Friday evening in the home of Mrs. T. B. McGinnis. Mrs. E. C. Casey, Mrs. J. T. Anderson, Mrs. G. B. Pittman, Mrs. H. W. McCanless and Mrs. Willard Hendrix were cohostesses.

Miss Anderson, daughter of Mr. and Mrs. M. E. Anderson, is to be married to John Minter of Fort Worth on June 30.

Welcoming guests was Mrs. McGinnis, who presented the honoree and her mother. The bride-elect was dressed in an embossed cotton in dusty rose, full-skirted and featuring a scooped neckline. With this, she wore a pearl necklace.

Nina Fryar was at the bride's book.

Serving was done by Martha Winans and Mrs. Luther McDaniel from a table laid with a white Madeira cloth. In the central spot was an umbrella of white net sheltering a tiny bride and groom. Candles flanked this arrangement.

The guest list included about 150.

PENNEY'S

Spadea's american designer pattern

1266

ACCURATELY SCALED

Good Fit For 'Shortie' Assured By Pattern Cut

The little lady whose measurements belong in the 5'5" or under class, is in luck with this Martini Diminutive.

Trickily styled, it is nevertheless simple to make because the pattern is scaled to her size and accurately perforated assuring a better fit, professional finish and less altering.

The clever neckline features a pleated twist on either side, with the soft drapery on the bodice back continuing around to the front to cap the shoulders. Modeled on basque lines, it has full length side gores that lend height to the figure.

Choose pretty prints in cotton or silk, plain fabrics, such as linen, shantung, faille, or rich materials like brocade and peau de soie for fall parties.

Size 12, bust 35, waist 26, hips 36 inches, neck to waist length 16½; size 14, bust 36½, waist 27½, hips 37 inches, neck to waist length 16½; size 16, bust 38, waist 29, hips 39 inches, neck to waist length 16¾; size 18, bust 40, waist 31, hips 41 inches, neck to waist length 17; size 20, bust 42, waist 33, hips 43 inches, neck to waist length 17¼.

Size 12 requires 4¾ yards of 39-inch material for dress and ⅜ of a yard of 39-inch material for lining.

To order Pattern No. 1266, state size, enclose $1.00. Airmail handling requires 25 cents extra. Address AMERICAN DESIGNER PATTERNS, P. O. Box 535, G.P.O. Dept. B-5, New York 1, N. Y. 144 page Pattern Booklet XII- 50 cents. If paid by check add 4 cents.

(Next week look for Spadea's American Designer Pattern by Toni Owen.)

Mrs. Cockrell Is Shower Honoree

KNOTT—Mrs. Forrest Cockrell was honoree for a baby shower recently in the home of Mrs. Lonnie Smith. Other hostesses were Mrs. Guy Ditto, Mrs. A. H. Tate, Mrs. Earl Freeman and Mrs. M. A. Cockrell.

Twelve attended the party.

* * *

Mrs. Arnold Lloyd and children and Mrs. Cecil Autry and Gordon are visiting their sister and her family, Mr. and Mrs. Billy Mack Crawford in Waco.

Mr. and Mrs. Joe Myers and Mr. and Mrs. O. B. Gaskins attended the open house at the IOOF Lodge in Lamesa Thursday evening.

Sun Co. Transfers Andrews To Snyder

FORSAN — Mr. and Mrs. Hoyt Andrews and Dana are in Snyder today where Mr. Andrews has been transferred by the Sun Oil Company. They plan to complete the move in the near future.

Mrs. Virgil Bennett Jr. of Hereford has been a guest during the past week of Mr. and Mrs. V. L. Bennett Sr.

Mr. and Mrs. Curtis Grant and children of Snyder, and Mr. and Mrs. A. L. Grant of Fullerton have been visiting in the home of Mr. and Mrs. Curtis Grant.

Jesse Louis Overton and Mary Lou McElrath attended the Midland rodeo recently.

Roy Klahr was a business visitor in San Angelo recently.

The Rev. and Mrs. J. M. Stagner and Mike of Edgewood were visitors here Friday and Saturday.

Daughter Born

Announcement of the birth of a daughter, Karen Sue, on May 30 at Big Spring Hospital, has been made by her parents, Mr. and Mrs. Bobby Sledge. The child weighed 7 pounds at birth. Maternal grandparents are Mr. and Mrs. Jim Kinsey of Big Spring, and paternal grandparents are Mr. and Mrs. W. W. Sledge of Truscott.

Constance Bennett Sings For Supper

Glamorous Constance Bennett, stage and film actress, is going to give Washington audiences a chance to see her in a role much more familiar to her than that of housewife, which she's been since her marriage, a few years ago, to Air Force Col. John Theron Coulter.

After a brief stint in a New York nightclub, she will sing for diners at a Washington hotel. Miss Bennett's new repertoire ranges from a very colonel's lady type of song to a rollicking rock and roll pace.

SEC. III — BIG SPRING, TEXAS, SUNDAY, JUNE 3, 1956 — SEC. III

To Take Over DeMolay Offices

Installation ceremonies are set for 7:30 p.m. Tuesday for these new officers of the Big Spring Chapter of DeMolays. Richard Engle, left, will be installed as master councilor. Wesley Grigsby, center, will become senior councilor, and George Peacock, right, will be installed as junior councilor. Julius Glickman will be in charge of the ceremonies in the Masonic building on Lancaster.

DeMolays Set Induction Rites

A score of young men will be inducted into office in special ceremonies by the DeMolays Tuesday at 7:30 p.m.

The rites will take place in the Masonic Hall at 21st and Lancaster. Installing officer will be Julius Glickman.

To be installed as master councilor is Richard Engle, while the senior councilor will be Wesley Grigsby, and George Peacock Jr. will be junior councilor.

The senior deacon will be Julius Glickman; junior deacon, Norman Gound; senior steward, Haley Haynes, junior steward, Joe Conrad; almoner, Dennis Jones; scribe, Barton Grooms; orator, Wesley Grigsby; sentinel, Bob Leach; chaplain, Jerry McMahen; marshal, John Puckett; standard bearer, Jimmy Simmons.

Preceptors will be Bobby McMillan, Jimmy Robinson, Donald Cook, Julius Glickman, Richard Engle, Barton Grooms and Haley Haynes.

Biggest Quiz Prize Is Target

HOLLYWOOD (AP) — A Negro liquor store owner-insurance broker and his wife appear to be headed for the biggest jackpot earnings in radio-TV history.

Last Tuesday Steve and Dorothy Rowland won for the eighth time on Edgar Bergen's "Do You Trust Your Wife?" Each victory has entitled them to $100 weekly income for a year, and the end is not in sight yet. Because the income is spread over eight or more years, their net return will be more than the heavily taxed $100,000 and $64,000 winners.

The Rowlands, a personable, soft spoken couple, are naturally elated, but they remain level-headed about their winnings.

"We're setting up a trust fund to handle the money," said Rowland. "The money won't change our lives. After five years or so, perhaps my wife and I will take a trip. But most of the money will be held in trust for our children's college education and to give them a little nest egg to start out in life with." Their children are Steve Jr., 13, and Nancy, 11.

How were the Rowlands chosen for the show?

He remarked that the sponsor wanted a Negro couple on the program and the local office of the National Assn. for the Advancement of Colored People was consulted. The Rowlands, who had been active in the NAACP, were recommended. After three interviews, they were chosen.

"Indeed, I did trust my wife," Rowland remarked. "She answered 99 per cent of the questions; I only did the ones on sports and music. She did anything that required any intelligence.

"Of course, the questions aren't as difficult as those on 'the $64,000 questions.'" They are seventh and eighth - grade questions. They came easily to my wife because she has been a school teacher and she helps the children with their homework. Also, she's an avid reader."

Rowland, 40, was born in Los Angeles and majored in business administration at USC and the University of Hawaii. His wife, 39, is from Phoenix and was graduated from Arizona State Teachers College. He is an Army veteran, having won a battlefield commission in Europe during World War II.

Red Cross To Send Delegate To School

Howard-Glasscock County Chapter of the American Red Cross is sending Mrs. H. L. Derrick, county Junior Red Cross chairman, to Lake Forest, Ill., to attend a week's training program.

Mrs. Derrick will leave in time to be in Lake Forest by June 24. She will return to Big Spring early in July.

Object of the trip to the Lake Forest session is to prepare Mrs. Derrick for what the chapter hopes will be a widely expanded Junior Red Cross program in this county.

This will be the first time the chapter has been represented at the Lake Forest training school.

Water Therapy Enrollment Set

Miss Jewel Barton, county health nurse, reiterated her appeal to all parents of crippled children to be at the City-County Health Office on East Second at 10 a.m. Monday.

Purpose of the meeting is to enroll the children in the summer water therapy program which will begin on Wednesday at the Westward Ho Motel swimming pool.

Miss Barton asked all of the parents to bring their child with them to the meeting. She hopes to have as many as 30 to 35 youngsters enrolled when the initial swimming session opens at 10 a.m. Wednesday.

"I know of 36 youngsters in Big Spring who are suffering from some type of crippling," she said. "I am certain there are others of whom we have no record. The water therapy program will be of immeasurable benefit to such children. Not only will it provide them with a form of treatment which has helped redeem many crippled children, but it will also afford them a pleasant and healthy activity for the summer season."

A professional water therapist will be on hand to consider each child's case and to prescribe specific exercises recommended to assist that child in regaining use of his helpless limbs.

Sessions are to be at 10 a.m. on Monday, Wednesday and Friday each week throughout the summer.

Work Starts On Police Station, Other City Projects Progress

Work began Friday on the police station to be erected on the corner opposite the city hall.

General contract was let by the city commission to J. D. Jones on May 15, but the work order was issued only last week. He had planned to start work Thursday but was delayed a day.

Workmen started leveling the lot Friday. Jones received the job for $124,750 for general construction. Separate contracts were awarded for electrical and mechanical work and for jail equipment. Jones estimated completion of his part in 200 days.

City officials conservatively set July 1 as completion date of the fire station being built at Eleventh and Birdwell. Firms will be submitting bids for equipment for the station and the fire station to be built on the north side at the next meeting of the city commission June 12.

Work has not yet begun on the north side fire station. G. A. Jones of Lamesa received contract for the structure, but Puckett and French, architects, have not issued the work order. Construction could be initiated Monday, H. W. Whitney, city manager, said Saturday, if the work order is issued.

Holdup has been in waiting on getting the bid bond accepted.

Clay Carey of Brownwood has started his remodeling of the filter plant. The additions will double the treating capacity of the plant. Included in the construction will be addition of a chlorine storage room, which will cut chlorine costs in half.

At the present system, the city ois purchasing chlorine in 150 pound cylinders at a price of 12 cents per pound. But when the new storage room is ready, they can order the chemicals in 2,300-pound cylinders at a cost of less than six cents per pound. On an average, the city uses 130 pounds of chlorine per day at the filter plant alone and about 110 pounds per day at the sewage disposal plant.

Fine grading is under way on the Negro Park swimming pool project, and officials at A. P. Kasch & Sons said they would start setting forms early this week and probably pour concrete by the latter part of the week.

The pool is one of two being constructed by Kasch, the other being also on the north side. The other is in the same block with the fire station, bounded by N. Main, Runnels, Seventh, and Eighth.

Kasch is pushing the pool in the Negro park in an effort to complete it as fast as possible.

Although work at the pool has been going slightly slower than expected because of the rock in the area, officials said they are still ahead of schedule on the project.

Building Passes $2 Million Mark

Building permits during May ran the year's total to over the $2.1 million mark in Big Spring. The month's total was also the second highest month of the year.

Permits numbering 76 were issued during May, and their total was $451,510, topped this year only by the $770,910 in January.

For the first five months of 1956, the total number of permits issued was 375, and the monetary total is $2,111,260.

The total for May, 1956 was $120,730 from 71 permits. During the first five months of 1955, the aggregate figure was only $708,175. The entire 1955 total was $2,518,125.

Grand Jury To Face Big Task

When the Howard County Grand Jury is called into session late this month, it will have its work well cut out for it.

Walter Grice, justice of peace, has been keeping box score on the number of felony cases which have been logged in his court since Jan. 1.

May, which ended on Thursday, had a total of 32 felony cases docketed — slightly better than one a day. However, one or two of the cases filed have been dismissed so that the final result is about an average of one for each calendar day in the month.

May was the busiest month of the five which have passed in 1956 although April had 31 to push it closely for high rating. There were 16 felony matters lodged in Grice's court in March, 15 in February and 20 in January.

This brings the actual number of felony cases filed in this court for the first five months of this year to 144. Grice said this is well above any five months in his remembrance.

A Bible Thought For Today

The mouth of a righteous man is a well of life: but violence covereth the mouth of the wicked.
(Proverbs 10:11)

Editorial

West Texas Needs Business Bureau

The West Texas Chamber of Commerce, with a strong assist from Texas Technological College, has embarked upon a project which will fill a tremendous need in West Texas.

This is the establishment and operation of a West Texas Business Bureau, a research agency which, with proper support, can accumulate, compile and report data that can be accepted everywhere as authentic and accurate.

Many Texans are familiar with the Bureau of Business Research at the University of Texas which performs a meritorious job. The catch is that the great expanse of Texas is made up of so many factors that a state-wide survey cannot always reflect accurately some sections of the state. If the Texas University Bureau reports findings from the big cities, then these statistical data are not necessarily pertinent to West Texas.

Industries, transportation and utility interests, advertising media, and many others have for some time felt the need of providing a real statistical picture of what is going on in West Texas. We who live in the region know that tremendous development is going on, but it is difficult to convince far-off investment and marketing interests of this — without sound figures to back up the promotional material.

The West Texas Business Bureau proposes to go permanently into the business of gathering accurate business reports, so that complete statistics will be available, from the standpoint of marketing, industrial development, or whatever. This is extremely important. West Texans, with their zeal to build bigger communities, are always in the promotional attitude of going after industries and payrolls, of developing new market outlets, but very likely proceed at times without sound statistical analysis.

"The West Texas Bureau should be able to meet this need. After all, the 132 counties in the WTCC region is an empire within itself, and the strength of that empire, in finances, in resources and in growth, ought to be pictured.

While Texas Tech, through its Department of Business Administration, will supply most of the manpower, brains, and know-how in the setup and running the Bureau, the college at the present has no way of financing the project. Later on, it plans to do so. For the time being, however, the WTCC has assumed the task of getting pledges amounting to $20,000 per year for three years, to get the Bureau "off the ground."

This seems like the very minmum investment that West Texas business interests would want to make to provide a real statistical picture of West Texas. The research must come before development, and statistics have to back up our claims. West Texas needs both. Surely it will be quick about making this investment for further expansion.

The General Idea

Around The Rim

Some Can Do Things, And Some Can't

Every man to his own whittling, I always say.

To be happy, a person has to seek out those things that interest him most. Some people glorify in painting, others find their ecstasy in symphonies. Some women, I'm told, are happiest in their kitchens, busily stirring up a cake. There must even be some poor male wretches who enjoy manual labor.

Otherwise how could this "do-it-yourself" business have mushroomed until it has become one of the great social issues of the day, like old-age pensions, desegregation and the like?

As in any other trend, the peak can be reached. The pendulum, as it were, reaches one tip of the arc and must of scientific necessity start in counter-direction. This always pleases some of us reactionaries.

So, I am comforted to know that somebody, somewhere, has instituted a "Don't Do It Yourself Club," to be composed of men who can offer satisfactory proof of having "not fixed" a wobbly table or chair, replaced a burned-out fuse, or performed other assorted chores about the house.

This organization appeals to me as having a great future, if only men will refuse to be intimidated, or to be driven to undertake what is for them the impossible, simply because of the boastings of skilled do-it-yourself partisans. Pretty difficult not to keep up with the Joneses, you know.

No one is quite so superior and condescending as the man who brags about how he papered the parlor or added an additional room, erected his own TV antenna, or built his own rock wall around the garden. His recitals of such feats always carry the implication that you are a moron or a drone — or both — if you don't do likewise. This sort of attitude prompts the lesser talented either to run off and hide in a great flood of self-pity and frustration; or else it prompts him to set about proving his own handiwork by attempting something far beyond his depth.

A certain degree of self-respect would prompt the latter. Take me. There were a few assorted chores around the house that I felt could be easily accomplished.

One of the straight chairs had a leg that seemed a little too long; the chair wobbled, at any rate. Although the saw at our house (circa 1934) is a bit rusty and dulled from non-use, I set to work with it. Only a couple of splinters ripped off that chair-leg up to the seat while I was a-cuttin'. Trouble was that I got this leg just a mite too short for the other three. This tripled the work, but nothing undaunted, I set about getting these three at a corresponding length.

Something must have slipped. Out of the three new sawing projects, two came out at odd lengths, so that there were now two chair legs at one length, two at another. Any dumbkopf knows that this can be corrected by a little more sawing, but reaching the quitting point in this chair-leg shortening process is quite another.

Oh, well, to make the story short (as well as the chair legs), we passed this particular piece of furniture on to a kindergarten. Was just the right height for the kiddos, too.

Then, I should relate the business of fixing the door buzzer, but there would be little point in reciting that when I unscrewed the little frame from the side of the door, buzzer button, spring and all flew right past my shoulder and out into the yard. If you ever searched in the grass for a door-buzzer spring, you will understand that the next operation called for mowing the lawn, then raking up the area, then surrendering to Fate and calling the electrician to put in a new door buzzer.

These are things that try men's souls. And the things that make this "Don't Do It Yourself Club" most appealing to me. I ask to be a charter member.

—BOB WHIPKEY

Marquis Childs

Kefauver Has Damaged Demo Chances

WASHINGTON — Most of the comment on the Democratic Presidential primary in Florida has been to the effect that the small vote and the close margin for Adlai Stevenson's victory proved little or nothing. But the majority for Stevenson, narrow as it was, does establish one thing.

It ends any hopes Senator Estes Kefauver may have continued to cherish that he could come to the Democratic convention in August with such a proven record as a vote-getter that the convention "bosses" could not turn him down.

This is obvious when the Florida defeat is added to the Senaor's rejection in New Jersey, Alaska, the District of Columbia and Oregon.

That covers a wide geographical and political range and it cannot be concealed by brave talk about "moral victory." The Stevenson write-in vote in Oregon, where he carried 24 of the 36 counties, was especially impressive. In nine of the 12 counties that Kefauver won in Oregon, his margin was less than 100 votes.

An overwhelming triumph in California for the Senator from Tennessee might at least obscure this record. But reports from California indicate that no such one-sided victory is in sight. Most of the indications are for a win for Stevenson, perhaps again by a small margin.

If a blitz of the convention by a triumphant primary victory is ruled out for Kefauver, then all that is left for him is to destroy his chief opponent, Stevenson.

He seemed in the last days of the Florida primary campaign to be setting out to do just that, charging that the former Illinois governor represented big business against the government as a private lawyer, that he had been cold, if not heartless, toward the aged in his stand on social security and that a once-beaten candidate could not win in a second try. To make these charges, Kefauver freely distorted the Stevenson record.

Unquestionably Kefauver, by his tactics, has hurt Stevenson. He has done more than that since, in state after state, he has damaged the cause of the Democratic party itself and the frail chance of an upset victory in November.

To suggest, as Kefauver has done, that the "bosses" want to dictate the nomination is to bring back to memory the old ghosts of the city machines and the shadow that Harry S. Truman, himself a product in the first instance of bossism, casts over the party.

The Republicans are duly grateful for this contribution and Republican newspapers are only too happy to give the widest currency to the Kefauver charges.

It is too early to say how badly Stevenson has been hurt in his skirmishes with Kefauver at a level at least two or three feet below the grass roots. If Stevenson should now win a majority in California, where the winner takes all the state's 68 delegate votes, he would have a momentum hard to stop.

The belief in Washington is that the active help of Mrs. Eleanor Roosevelt will be of inestimable value. Kefauver cannot put the brand of "boss" on this remarkable woman who, at the age of 71, is stumping the state for the candidate in whom she believes.

Now that this catch-as-catch-can business of the Presidential primaries is nearly over, some serious thought should be given to a saner method of selecting the Presidential nominees of the two major parties.

That candidates for the Presidency should run as though they were campaigning for sheriff is little short of lunacy. It downgrades the whole political process, blurring over the difficult decisions that today are going by default.

While this may, for the time being, benefit one man or one party, and by keeping a discreet, above-the-battle silence on most troublesome issues President Eisenhower is the momentary beneficiary, it cannot in the long pull benefit the nation.

Soviet Union Opening To More And More Travelers

MOSCOW — No doubt about it. The Soviet Union is opening up. On the plane into Russia, I sat next to the wife of an English journalist. She was coming to visit him for two weeks. In back of me were two Americans, one a professor of history at the University of Georgia, another a physician from Atlanta.

A representative of the Scandinavian Air Line (SAS) also was aboard. SAS has begun service to Russia in conjunction with Aeroflot, the Russian air network. Each will fly four trips per week — Moscow via Riga to Copenhagen and/or Stockholm and return. Previously, the Soviet Union had admitted Finn-Air, but its air space otherwise had been confined to Yugoslavia and the satellite countries —Poland, Czechoslovakia, Romania, Hungary, Red China, and East Germany.

Once in Moscow you quickly glom onto other Americans—at the three Intourist hotels, the National, the Savoy, and the Metropole, at cocktail parties, if you happen to get invited to one of the embassies, at the theater, where tourists invariably get close-up orchestra seats, at prices which cannot be considered negligible. Twenty rubles for an orchestra ticket to a symphony concert ($5 at the rate of exchange of 4 rubles to the dollar), 23 rubles to a performance of Shakespeare's Hamlet at the Mayakovsky Theater, and 32 rubles ($8) for performances at the Bolshoi, which means Big. Only the splashiest musicals on Broadway would set theater-goers back that much.

If you have fears about Soviet travel, shed them. Of course, you'll be nervous. Anyone entering a foreign country for the first time is: Will I be understood? Does the hotel really know I'm coming? Will the customs inspector make a fuss about the nylons?

Your imagination grips you. And on the way to Russia, the grip is fearsome. You wonder why you ever dreamed of such a trip. You're unlikely to have a letter of introduction to a Russian. Because Americans in Russia are so few, you're not likely to be met by a friend's face at the airport or train. You feel you're strictly on your own. And if you fly in by Aeroflot, that feeling is amplified. Aeroflot planes, on takeoff, flash no signal, "Fasten Your Seat Belt." You're expected to be adult and do it without being told. On domestic flights, seat belts are frequently not even used.

Later, you look back on those qualms amusedly. The customs inspection is a cinch. A single form to fill out on contraband, another form on your foreign currency. My luggage wasn't looked at. Nor was the luggage of any other passenger on the plane on which I came in. At your destination, an agent from Intourist, the Soviet travel agency and control, puts you into an automobile which takes you to your hotel. There you are taken in tow by the Intourist Service Bureau, assigned a room, and still later an Intourist interpreter-guide sees that you see the sights. In Moscow, the Kremlin, the subway, the Tretyakov gallery, and so on.

The price of this attention is competitive with what can be bought in other countries. Tours run from 40 rubles a day ($10) for large groups to 70 rubles ($17.50) for smaller groups. Most Americans on a grou tour would come at the $17.50 rate, called first class. There are two other rates — 85 rubles ($21.25) for superior class, and 120 rubles ($30), deluxe. This last is primarily for individuals and small families.

All the rates include meals, an interpreter-guide, transportation to and from airplane and railroad terminals, tourist trips, and, if on a regular tour, special rail or air transportation rates. First class, superior class, and de luxe provide for a private room with bath. A tour worked out by SAS for Russia and Europe averages $21 a day for hotel, meals, and sightseeing, exclusive of transportation to and from America. Thus, Intourist first-class and superior rates are in line. Not covered, of course, are taxis, theaters, laundry, presents, and other items, including those ever-so-necessary postcards. To "wish your friends were here" costs one ruble 25 kopecks for airmail postage — 31 cents. Ordinary mail from this distance, by rail and sea, could take a month.

V. M. Ankudinov, head of Intourist, aims to build up reciprocal tourism: Groups from one country visit the Soviet Union and a group from the Soviet Union goes to the other country. But the United States is not yet in this plan.

"Why not?" I asked.

He lifted his thumbs. "Only criminals get fingerprinted in the Soviet Union." The government in Moscow is unrelenting about the U. S. regulation requiring all foreigners to be fingerprinted for visas. Therefore, Russian travelers to the U. S. will be limited.

Mr. Ankudinov estimates that in 1955 more than 2,000 Soviet citizens traveled abroad, and that this year the number will be 20,000. Travel into Russia will increase five-fold, according to his estimates. France will send in the most tourists; followed by Sweden and Poland with about the same number; then Finland, Bulgaria, and Romania in the same bracket; then Hungary and Great Britain; then Germany; then, in eleventh place, the U. S. China hasn't yet organized for tourism, hence no large influx is expected.

Already, some 200 Americans have come to Russia this year, including the triumphal troupe of 80 in the "Porgy and Bess" Negro company of actors, and Isaac Stern, the violinist. Obviously, the nervousness about traveling in Russia is disappearing. An American can expect plenty of food, plenty of courtesy, and plenty of interest from persons on the street —in shoes, dress, cameras. But there's the cost of that extra distance — $332 more to fly from New York to Moscow than Paris. For that, you can say, "I've been to Russia."

Walter Lippmann

No Proper Case Made For Foreign Aid

It is not in the least surprising that Congress is showing so much opposition to this year's request for foreign aid. Ever since the middle of March, when the President asked for a new authorization of nearly five billions, it has been plain enough that he and his advisors were not taking into account how much world public opinion, including American, was being affected by the changing world situation.

The Administration has put forward its request for another and a bigger authorization, using the same old slogans that have been doing duty year after year. It has taken no serious notice of the fact that foreign aid, both military and civilian, is undergoing a revolutionary reappraisal throughout the world. It has treated this great development as not strictly relevant to the business before Congress.

• • •

Congress has reacted to this lack of plainness and candor. It knows that the whole subject of foreign aid has to be reconsidered. It knows that the Administration is in fact beginning to reconsider it. It knows that the Administration has not reached many definite conclusions as to how, in the light of the new world situation, to form a sound foreign aid policy.

Then Congress finds that the new money it is being asked to vote is to be used to finance the flow of military assistance, not this year and not next year, but in 1958 and 1959. Knowing that the strategical planning of NATO and of our other alliances may be seriously revised in the next two years, Congress is in no mood to authorize large funds to be used two or three years hence. "The Congress," said the chairman of the House Committee on Foreign Affairs, Mr. Richards, "may well regard the pending mutual security bill as only an interim measure." As there are nearly two years' funds already in the pipe line, the committee felt that after cutting the authorization by over a billion dollars, "the sums recommended in this bill are ample until we know more about the direction in which the program will move.

The Administration would have done well to listen to those who advised it to go to Congress saying that foreign aid was going to be revised, that while the revision was going on the existing programs should not be disturbed, and that as and when new programs were worked out, Congress would be told all about them. On that kind of a submission, the President would in fact have been asking Congress not to approve a program that is out of date but to trust him while a new program is being worked out. He might well have gotten such a vote of confidence.

• • •

In reacting as it has reacted, the House Foreign Affairs Committee is moving with, not counter to, the tides of opinion in Western Europe. When it voted to reduce military aid by a billion dollars, it did not in the least believe that it was voting to reduce the military security of the United States and of its allies. It was in the same mood as are the Germans who do not want to conscript the promised German divisions, as the French who have now moved virtually all their infantry to North Africa, as the British who are beginning to think about abolishing conscription.

It is the mood of people who do not want to waste their time and money preparing not for the next war but for the last war.

• • •

The attitude of Congress is the American expression of the same mood which we are thinking about when we talk of the decline of interest in NATO. I do not believe that the deep cause of this loss of interest is due to the new look of Soviet policy. The deep cause is that the higher leadership of NATO, as it reflects itself in the requests to the governments, has not kept abreast of the revolution in the military art. The loss of interest is due to a loss of belief in the realism of NATO's strategical conceptions.

If we are wise, we shall not regard the action of the Committee as merely a relapse into isolationism and know-nothingism. Insofar as there has been such a relapse, it is due to a failure in leadership — a failure to argue the case for foreign aid in terms which are relevant and convincing.

Norman Vincent Peale

How To Handle Any Handicap

I receive a great many letters a day and they contain all manner of fascinating human stories. Just recently, however, there came in the mail one of the most interesting I ever had.

"My letter will be a bit different from the ones you usually receive," it read. "I have everything to make life wonderful, good, and beautiful, God and I are very personal friends. I can do all the things I love to do for others because of His blessed help. I have a fine, kind husband, a very beautiful daughter, and I also enjoy a host of wonderful friends. I sing, play the piano, and give talks of a devotional nature. I pray that I am a blessing to those who need a blessing. What more could anyone ask of life than this:

"Incidentally, I am without sight . . ."

A very different letter indeed! "Incidentally I am without sight"! Here is a woman who certainly knows how to handle a handicap. She seems actually to disregard it. She hasn't her thoughts fixed on the fact that she is blind. She does not concentrate on her difficulties nor complain about them. She does not dwell on the hazards of life, but rather upon the positive values. She fixes her thoughts on God and the welfare of others, overcomes her handicap, and so lives joyously.

Fortunately, very few of us are born sightless or become blind. But all of us do grow older — and age seems a big handicap to many. Here is another letter from the pile on my desk, a letter showing how one man handles the age and retirement problem, which becomes such a difficult experience for some.

"I reached the retirement age of 65, and against my wishes, was compelled to retire by the bank I had been with for 24 years. I won't go into detail as to how I felt. This happened on a dismal and rainy night — I was walking through Rector Street, and I never felt more depressed or useless in all my life.

"Suddenly, it happened! I had got prayed, but felt I was not alone. A voice within me said over and over again, 'God is good; God is good.' I immediately felt uplifted. Every drop of rain broke the puddles into tinseled lights. It was beautiful! I went home, greatly comforted, and have had the feeling ever since that I am looked after.

"About two weeks later I had a call from another bank asking me to organize a credit department for them . . . It, too, has the 65 year limit, but they have made an exception of me . . .

"I am now 69, and in good health. I am young, I know, because I feel the best is still ahead . . . The good Lord is giving me the opportunity, the strength, and the courage to keep on."

Here is expressed that same dauntless, positive spirit. "I am young . . . because I feel the best is still ahead"! This man is not handicapped by his 69 years. He has fixed his mind on the Source of eternal youth.

The power to overcome handicaps is God-power. It lies dormant within each of us until we call upon it, and each time we use this force it grows in strength. The Bible explains this inner power by the statement, "The Kingdom of God is within you." What is this "Kingdom of God?" It is the total of His riches, His power, His greatness, His goodness, His invincibility. All of these are the invaluable assets available to us in meeting life's difficulties. So why should we ever feel defeated? That spiritual power is in you, and by wise and proper use of it, you can overcome any handicap.

Few Predictions On Outcome Of Ecuador Efection

QUITO, Ecuador (AP)—The next President of Ecuador will be a man in his 40s. That is the only sure prediction on the outcome of the June 3 elections.

The four candidates range in age from 42 to 45. The four-year job they want is held now by Jose Maria Velasco Ibarra, 63, a stormy political figure for four decades.

Men and women in this nation of 3½ million also will pick a vice president and a new Congress.

Presidential candidates are:

Raul Clemente Huerta, 42, of the National Democratic Front. This is a coalition of parties pledged to "halt the advance of conservative reaction."

Camilo Ponce Enriquez, 44-year-old standard bearer of the Conservative party.

Jose Ricardo Chiriboga Villagomez, 45, candidate of independent liberal groups and supporters of President Velasco Ibarra. A former ambassador to Washington, Chiriboga classifies himself as a centrist and attacks the extreme right and left with equal vigor.

Carlos Guevara Moreno, 42, and the only candidate who is not a lawyer. A biochemist, he is the candidate of the concentration of popular forces and regarded as left of center.

President Velasco Ibarra has denied charges by the National Democratic Front that he was working for the election of Chiriboga, who failed in a bid for the presidency four years ago. The President said the government has no official candidate, but that he couldn't stop his friends from supporting anyone if they acted legally.

Conservatives are united behind Ponce Enriquez, whereas the liberals are divided between Huerta and Guevara Moreno.

Bible Words for Today

MATTHEW 28:20—"I will always be with you, to the very close of the age." (Goodspeed)

• • •

Early in my first pastorate I was called to the home of one of our church members late one afternoon. Upon my arrival I discovered the husband and father of three small children had dropped dead as he walked in his front yard after his day's work was finished. You may easily imagine my feeling as I went in the home to try to offer comfort to that young mother who so suddenly was left a widow with the responsibility of providing for her children. My feeling of apprehension was soon assuaged by that noble Christian mother's statement to me: "The Lord is with me and will help me through this trying experience."

It is so wonderful to live the kind of Christian life that enables one to claim the promise of the Lord when He said, "I will always be with you, . . ."

The Rev. Gilmer H. Cross
First Baptist Church
Goldsboro, N. C.

Dog On Guard

MEMPHIS, Tenn. (AP)—A policeman complained that Alfred Dandridge's dog tried to bit him when he went to investigate a card game at Dandridge's house.

"That dog was sitting on the front porch like a lookout," the officer testified. "I think he's got him trained."

"No, sir, your honor," Dandridge protested. "He just don't like to see policemen around the house. The way it is, judge, he's been picked up by the dog catcher so many times that the sight of a policeman's badge drives him crazy."

City Judge Beverly Boushe dismissed gaming charges against Dandridge.

Not So High

MUSKEGON, Mich. (AP)—Roger Sloan, 15, was pretty high on his dad's business until he tried it. Now he's not so sure.

His father, Jack, 47, is a steeple jack. He sent Roger up a 60-foot flagpole to paint the top and "everything was fine until the wind started to whip the pole," says Roger.

After sliding down the pole in a hurry, Roger said: "I think I'll wait a few years."

Defense By Chance

MADISON, W. Va. (AP)—Circuit Judge K. K. Hall drew lots to determine what attorney would represent a man charged with the mutilation murder of a 47-year-old woman.

State law provides that the court designate legal counsel when a defendant has no funds. Judge Hall adopted the unprecedented procedure for Orlen Arnold Shaffer, 37, because all eight attorney practicing in this county appeared reluctant to take the case.

DO IT YOURSELF — A Fishing Box You Can Build Easily

By BILL BAKER

Why not build a new fishing box? You can do it, even if you've never tried working with wood before.

Using my pattern package 106, even the novice woodworker can turn out a professional-looking fishing box. And now that the summer is moving in for a long stay, what could be better?

Let me tell you about the box. It has all the good features a fishing box should have in its 16" by 10" area.

Three compartments are at the bottom of the box, each measuring 5 by 8 by 5. Here's more than enough space for all of your reels and line. Five separate compartments, in a removable tray, will hold leaders, weights and all of your other equipment. A drop-leaf section, which holds 12 corks, is the place for your hooks.

It may be hard to believe that a novice woodworker can build this box, but it's true. The help you'll receive from the pattern package makes this possible.

Exact-size pattern pieces, for example, make it possible for you to tack, trace and cut without a chance for error. Easy-to-understand assembly directions, an itemized material list of everything you'll need to build the box and helpful finishing suggestions are also included.

Your fishing box pattern package will be on the way to you when you do the following: send your name and address (clearly printed), together with only one dollar ($1) in check, cash or money order, to Bill Baker, Big Spring Herald, P. O. Box 1111, Los Angeles, 53, California. Be sure to ask for pattern package 106.

Novice Can Make Professional-Looking Box

Burglar Attempts Attack On Nurse In N. Y. Rectory

NEW YORK (AP)—A quiet Manhattan church rectory was thrown into an uproar early today when a burglar attacked a nurse attending a sick priest, dragged her screaming through the building and attempted to rape her.

The screams of the nurse, Miss Grace McLean, 59, aroused sleeping priests in other parts of the building.

They sped to the nurse's aid and her attacker plunged from a third-floor window in an effort to escape.

The man, identified by police as Cooper Jones, 28-year-old laborer, was captured in an areaway of the church by patrolmen.

Jones, a Negro, suffered a loss of teeth and body bruises in the plunge. He was charged with burglary, felonious assault and attempted rape.

More Vaccine

AUSTIN (AP)—Enough polio vaccine for 456,606 individual shots will arrive within the next two weeks, the State Health Department said yesterday.

"This is the largest shipment we have ever had," a department spokesman said.

OPENS SEPT. 4

HCJC Calendar For '56-57 Set

Howard County Junior College has posted its college calendar for the 1956-57 term.

School sessions at the college will begin on Sept. 4, 1956. A general faculty meeting, a conference of faculty members and meetings of the committees will mark the activities on that date.

On Sept. 5, orientation assembly for all new freshmen is scheduled in the college auditorium at 8 a.m. This will be resumed at an afternoon assembly. Continuation of the same activity is planned for Sept. 6.

Faculty committee meetings are scheduled on Sept. 7. On Monday and Tuesday, Sept. 10 and 11, registration will be in progress at the college.

First day of classes will be on Sept. 12. The last day to register for or add courses will be Sept. 24.

Thanksgiving Day holiday will begin on Nov. 28 at noon and will end on Dec. 3. Christmas Holidays start at noon on Dec. 21 and terminate on Jan. 7.

Final examinations for fall semester open on Jan. 22 and close on Jan. 25 — the last day of the first semester.

Spring semester opens on Jan. 28 with first classes of the session scheduled on Jan. 30. Easter holidays begin on April 15 at noon and extend through Monday, April 22, with classes resuming at 8 a.m. on April 23.

Baccalaureate services for the spring semester will be at 4 p.m. Sunday, May 26. The semester officially ends on May 31.

Summer session for 1957 opens on June 3 with registration of students. Classes begin on June 4. First six weeks of the summer session end on July 12. Second six weeks term opens on July 15 and ends on Aug. 23.

'Baptist Hour' Anniversary To Be Noted Here

The First Baptist congregation will join at 8 p.m. Sunday with others in the Southern Baptist Convention in observing the 15th anniversary of the Baptist Hour radio program.

A 35-minute recording entitled "The Baptist Hour through a Dramatic Era in World Events" will trace the 15-year development of the program. It will include excerpts from significant speeches by world leaders including Winston Churchill, Franklin Delano Roosevelt, Harry S. Truman and Dwight D. Eisenhower.

Coupled with these are excerpts from outstanding sermons during the radio program's history. Narration of the anniversary record is by Westbrook Van Voorhis, widely known as the voice of "The March of Time."

As the congregation here hears the recording, it will be joining with others in the Southern Baptist Convention for a prayer for peace. Dr. P. D. O'Brien, pastor, said that he felt that the occasion will prove a moving affirmation of faith and power of prayer for the welfare of men everywhere.

The Baptist Hour had its beginning with 16 stations in 11 states in 1941. Today it is heard over 375 stations in 32 states, the territories of Hawaii, Puerto Rico, Philippines, the Canal Zone and in Southeast Asia. Listening audience is estimated at 20 million.

Some of the excerpts are from sermons by Dr. R. G. Lee and the late Dr. George W. Truett.

Postal Receipts Maintain Gain

Big Spring postal revenues maintained their gains during May and pushed the city's total for 1956 to within the shadow of the $100,000 mark.

Receipts of $19,573.11 in May boosted the year's total to $99,862.11. At this time last year, aggregate of revenues was $92,078.90. May receipts last year were $18,083.09.

Monthly totals for the two years:

Month	1956	1955
Jan.	$21,465.44	$20,064.05
Feb.	17,265.77	16,693.14
Mar.	22,180.92	21,196.66
April	18,876.87	16,041.96
May	19,573.11	18,083.09
TOTALS	$99,362.11	$92,078.90

Brazil Put Under Censorship With A New 'Crisis'

RIO DE JANEIRO (AP)—Government imposed censorship on Brazil's radio and television stations last night as President Juscelino Kubitschek declared an economic-political crisis existed in the nation.

The government shut down radio station O Globo during a broadcast by an opposition congressman who said he had been beaten by police while conferring with students about this week's car fare riots.

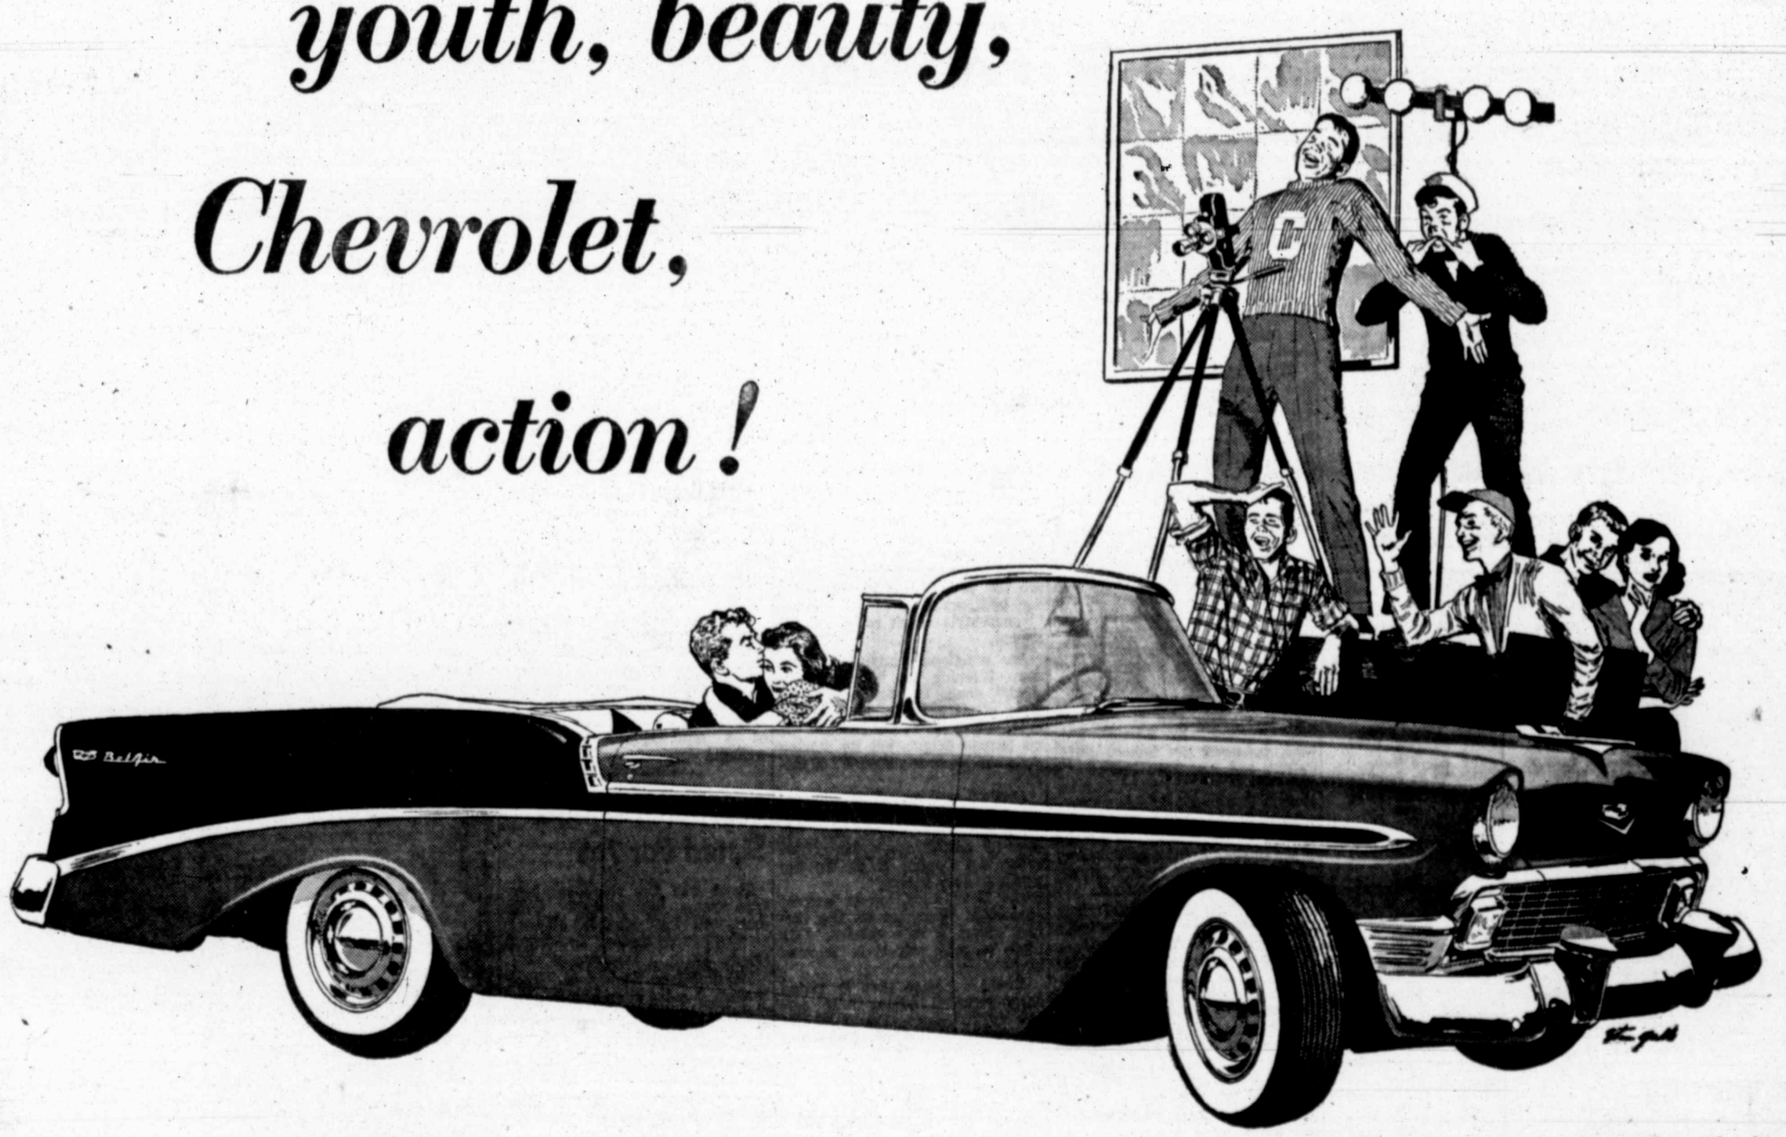

Kubitschek went on the air himself last night before censorship to defend the government's action in quelling the student riots protesting a boost in fares.

A spokesman for the National Students' Union said a nationwide students' strike will be staged from Monday through Wednesday to protest violence against the students.

The riots were crushed Wednesday when the armed forces took over police duties. Many students were injured in the clash.

The government has charged Communists took advantage of public discontent over rising living costs to foment the riots.

youth, beauty, Chevrolet, action!

The new Bel Air Convertible with Body by Fisher—one of 20 sassy-styled new Chevrolets

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Want to drive the new car that politely murmurs "Move over, big boy" to the high-priced jobs? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action.

Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the adjectives will take care of themselves. Once you've sampled Chevy's hair-trigger reflexes and nailed-down stability, you'll see why it's one of the few great *road* cars built today. It's a beautiful thing to handle!

Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and highway-test this new Chevrolet. We've got one ready and waiting for you.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE.

JET

Sunday through Tuesday
"ALL THAT HEAVEN ALLOWS," with Jane Wyman and Rock Hudson.

Wednesday through Saturday
"RAWHIDE YEARS," with Tony Curtis and Coleen Miller.

Memo: Better Movies Needed

By BOB THOMAS

HOLLYWOOD (AP) —Memos on movies. . . . Wonder if anyone in Hollywood realizes what the flood of big studio films on TV will mean to theaters. Wouldn't citizens rather stay home and see a good old movie than go out and see a mediocre new one?. . . . Folks are wondering if Marilyn Monroe is pulling a Garbo. Dodging reporters, photogs, etc. Never thought we'd see that. . . .

Humphrey Bogart is feeling much better after his throat operation. He's growling at reporters again. . . . Youngest looker at the Mary Pickford silent stars party: Laura LaPlante. Handsomest: Bill Boyd. Liveliest: Jack Oakie, despite rumors he was dead. There's plenty of life in those oldtimers still. . . . Seeing those wonderful reminders of Hollywood's past makes you realize how the town missed the boat in letting plans for a movie museum fall through. . . .

Reporters are sorry to see Frank Sinatra and Marlon Brando leaving the country for a spell. But at least we got Errol Flynn and Orson Welles back. . . . Confusion: Stars of "Tea and Sympathy" are Deborah Kerr (car) and John Kerr (cur). Do you care? (Kerr). . . .

PLATTER PALAVER

By Mary Sue Hale

Soon to be released on Capital is the "High Society" sound track album from the motion picture of the same name starring Grace Kelly, Bing Crosby and Frank Sinatra. For Crosby, it will be the first time in quite a while to have a new record on the market. Also, Crosby will very soon have a single record released on the Decca label.

Chief topic of music conversation among the younger set is a new record "Transfusion" by Nervous Norvus. A Dot recording, it features the confusions, confessions and resolutions of a drunken driver.

The best selling semi-classical LP album around town is a high-fidelity by RCA Victor. Conducted by Arturo Toscanini with the NBC Symphony Orchestra, the first is "Nutcracker Suite," which is made up of eight numbers including "Overture Miniature March," "Dance of the Sugar-Plum Fairy" and "Waltz of the Flowers." Side two includes "The Skaters Waltz" which has been the most enduring of Waldteufel's works. Another portion of side two is "William Tell Overture" by Rossini. This work concerns the famous Swiss patriot and has been called "a complete symphonic poem in miniature." The music of this number colorfully and dramatically describes in its progress a sunrise of the mountains; the building fury of an Alpine storm; and finally the march of Swiss soldiers.

A best selling instrumental album around this area is a Columbia LP, "Without A Word." Made up entirely of theme songs of popular artists, it is a memorable popular manifestation. In this day and age when the market has largely been confined to vocalists and vocal records, some would predict that a new trend is in sight—a trend for instrumental numbers. If this is so, this collection of smooth and sturdy ballads should lead in the move from concentration on vocal records. Theme songs of 12 artists make up this package. Included are Harry James with "Ruby," "Gigi" by Paul Weston, "The Theme from Limelight" by Wally Scott, "April in Portugal" by Ken Griffin, and "Song from Moulin Rouge" by Percy Faith.

The top pianist of the day, Roger Williams, is featured in a best selling Kapp hi-fi LP album, "Daydreams." Combined with the orchestra conducted by Martin Gold, Roger Williams, the "virtue of interpretive piano" plays such as "Tenderly," "To Love Again," "It Might As Well Be Spring," and "My Foolish Heart," with warm respect and a certain tenderness.

"Ella Fitzgerald Sings the Cole Porter Song Book" with Buddy Breghan as conductor is a package that should appeal to jazz, popular, and all Cole Porter fans alike. Varied and simple style mark the 32 numbers done by Miss Fitzgerald in her best style.

A whimsical bit of philosophy is relayed by Doris Day in her new record release, "Whatever Will Be, Will Be." On a Columbia label, the tune is from her current movie, "The Man Who Knew Too Much." The flip side, "I Gotta Sing Away These Blues," is a torchy blues number in first rate style featuring excellent orachestra backing.

From the musical "My Fair Lady" come two tunes done by another popular female vocalist, Rosemary Clooney. "I Could Have Danced All Night" and "I've Grown Accustomed To His Face" are the two ballads of this disk, and both are done in the regular Clooney style which rates popular appeal.

An emotional impact results from listening to "Never Turn Back" done in the unmatched style of Al Hibbler. A very new tune, it has not as yet reached the hit parade height, but its moving style carries near-guarantee of success.

Another new record arousing an enormous amount of attention is "Portugese Washerwomen" as done by Joe (Fingers) Carr. Carrying the Capital label, its flip side is "Lucky Pierre."

The Four Lads, whose current success is "Standing On the Corner," have a new release, "My Little Angel," which is showing early signs of promise.

Another release that is giving early signs of having been earmarked for success is "I Almost Lost My Mind." The vocalist, Pat Boone, has departed from his usual rock and roll style, but the fans don't seem to mind, as this record has a good early start. Back side is "I'm In Love With You."

"Treasure of Love," by Clyde McPatter is attracting buyers and listeners, and could have what it takes for a hit record.

Another in the current popular field is "Born To Be With You" as done by the Chordettes on a Cadence label. This unusual disk is doing nicely.

Quite a stir has been created by Kay Starr's newly released "Second Fiddle." Although this artist has been one of the best in the business for a long time, her "Rock and Roll Waltz," which graced the honor roll recently, brought her back among the top. This new ditty might be the link that will keep her there.

'Glass Slipper' Is Cinderella Story At Sahara

Remember the pixie who stole everyone's hearts in the award-wining movie "Lili?" That was Leslie Caron at her best. The French star has since been cast in films that tended to lower her rating somewhat. But, in "The Glass Slipper," scheduled this week at the Sahara Drive-In Theatre, Miss Caron is given another imaginative role to fill.

"The Glass Slipper" is an adaptation of the age-old Cinderella story, with plenty of music and dancing added. Most people know the story by heart now, but the screen writers have given it a new touch in a more realistic setting. The secret of "The Glass Slipper" lies mostly in Miss Caron's bewitching performance.

Co-starring with Miss Caron is Michael Wilding.

Hypnotism Latest Fad

HOLLYWOOD (AP)—Bridey Murphy has brought a new party craze to Hollywood—hyponotism.

Toast of the town after only six weeks here is a Scottish-born Canadian named Bill McGonigle. At various parties he has hypnotized Kathryn Grayson into telling of another life as an English housewife, Jane Powell into persisting with her diet and Phyliss Kirk into giving up sweets and cigarettes.

Hollywood embraces fads with vigor—author Gayelord Hauser's diet and scrabble struck hard here. So it was only natural that the movie folk should become intrigued with hypnotism. A professional entertainer is currently hypnotizing notables nightly at Mocambo. Volumes on hypnotism have been snapped up at the book stores.

McGonigle, 34, has been invited to 15 exclusive parties in recent weeks and, to hear him tell it, he has been a sensation. Among his amazing achievements was shutting up Mickey Rooney.

The obstreperous Mick was always getting into the act while McGonigle was hypnotizing others at a recent party. So the hypnotist put the whammy on Mickey and made him sit silently in a chair.

"I was a little nervous about working in front of these people," the Scotsman observed, "because all of them are entertainers in their own right. But they seemed to be fascinated by what I was doing."

And no wonder. He regressed Kathryn Grayson to a "previous life" as the wife of an older man and the mother of three children in 19th century England. McGonigle said that the singer gave an amazing reproduction of the talk of a semi-illiterate Lancashire woman.

Emotional Drama Slated For Jet

Those who like emotional love-type drama will probably weep over "All That Heaven Allows," playing Sunday through Tuesday at the Jet Drive-In Theatre.

Starring Jane Wyman and Rock Hudson, it is the story of a wealthy and still attractive widow who falls in love with a younger man, despite the objections of her nearly-grown children and the sneers of her social caste. If the story falters at times, the acting of Miss Wyman and the talented Mr. Hudson carry it over.

Flying Heroes

Phyllis Thaxter, Spencer Tracy and Van Johnson are shown in this scene from the World War II film, "Thirty Seconds Over Tokyo," the story of Gen. Doolittle's famed raid over Japan.

Terrace Slates Top Air Movie

One of the best films to come out of World War II returns this week to the screen of the Terrace Drive-In Theatre. "Thirty Seconds Over Tokyo," playing Sunday and Monday, stars Spencer Tracy as Lt. Col. Jimmie Doolittle, Van Johnson as Capt. Ted Lawson and Phyllis Thaxter as Mrs. Lawson.

It is the story of the first successful bombing raid on Japan in World War II, in the pre-atomic bomb era. The title's significance is reflected in the story, in that long and hard periods of preparation are necessary for the bombing run which in itself lasts less than a minute.

The story is based on the book by Maj. Ted Lawson and Bob Considine.

'Duke' Picks His Successor

By JAMES BACON

HOLLYWOOD, June 2 (AP)—In a town where jealousy among actors is the accepted norm, it's nice to report that the man who may someday be the new John Wayne was handpicked by Big Duke himself.

Jim Arness, who looks even taller than his 6 feet 6, would have had to quit the business long ago if it hadn't been for Wayne.

No big movie star ever allows himself to be in the same picture with another rugged character who towers over him. A pint-sized leading man stands a much better chance of getting ahead in this town.

When he first started in the business, Arness played most of his scenes standing in holes.

"I'm not kidding," he explains. "Half of my acting time was spent digging trenches so I could play closeups with short heroes."

One casting director told him his only future in the movies depended on a remake of "Jack and the Beanstalk." He was right only for the giant, he was told.

Then he heard about Wayne's company making "Big Jim McClain." He got an appointment with Duke, who is only 6 feet 4 in his stocking feet.

"I had misgivings," Arness recalls, "but I also was hungry, so I went anyhow."

Wayne gave him one of the key roles in the picture on sight. Arness said he offered to dig trenches for the closeups.

Katy Denies Feud With Lollobrigida

HOLLYWOOD (AP)—Katy Jurado, the brilliant Mexican actress, denies all the reports of a feud between her and the Italian Gina Lollobrigida during the making of "Trapeze."

Is There a Cure for Diabetes?

There is no cure for diabetes.
Ever since diabetes was discovered about 1552 B.C., some 200 years before the birth of King Tut, charlatans have claimed they had a "cure." Beware of all such claims. In 1921, however, a dependable treatment, although not a cure, was developed for diabetes. This preparation is Insulin.
Your physician is thoroughly familiar with this product and how it is employed to control diabetes. If he finds Insulin necessary in your case, we can supply it in exactly the right strength.

Uncle Remus

The kids gather round to hear Uncle Remus tell tales of B'rer Rabbit, B'rer Fox and all the other characters of Joel Chandler Harris, in this scene from "Song of the South," showing this week at the Sahara Drive-In Theatre.

'The Searchers' Is Wayne Western Epic At The Ritz

John Wayne, the nation's biggest box office draw, is starred in a new epic drama, "The Searchers," playing Sunday through Thursday at the Ritz Theatre.

Helping Wayne are an old-timer, Ward Bond, and a cast of newcomers, Jeffrey Hunter, Vera Miles and Natalie Wood.

Wayne portrays a Texas rancher coming home from the post-Civil War strife to find his home burned, his family killed or carried off. He sets out with his companions to track down the guilty Indians and rescue the young girl who was kidnaped. When he finds her he attempts a vicious kind of vengeance against her, since she has practically become an Indian.

The search lasts for several years, and carries Wayne and his friends all the way to Canada.

Youthful Stars In Double-Bill Set At State

It is expected among movie-goers that a double-bill will nearly always consist of a good film and a stinker. Such is generally the case. But the double-bill scheduled for the State Theatre Sunday through Tuesday is a double hit. Warner Brothers billed two top films for new release with the idea of playing up the two top young stars of last year.

The films are "East of Eden," with James Dean, Julie Harris, Raymond Massey and Burl Ives; and "Battle Cry," with Tab Hunter, Van Heflin, Aldo Ray, Mona Freeman, Raymond Massey, and Anne Francis.

"East of Eden" was a prize-winner, and Dean's portrayal of a crazy-mixed up kid was superb. It is the story of a youth rejected by his straight-laced father in favor of the "good" son of the family, and what happens when Dean's revolt finally breaks out into the open. There are those who will say there's "nothing to" the story, but that's because it was over their heads. It takes some knowledge of human nature to follow the thread of "East of Eden."

"Battle Cry" is a story of men going off to war, and the girls they left behind them. An old story, but one that's brand new with every generation. The film has an unusually large cast of "name" stars, but the acting of Tab Hunter, as the youngster who falls in love just before shipping out, puts the others to shame.

'Bottom Of Bottle' Depicts Southwest Cadillac Cowboys

The Arizona breeding ground of America's Cadillac cowboys is background for the film, "Bottom Of The Bottle," which plays Friday and Saturday at the Ritz Theatre.

The film, according to studio advances, lifts the thin veneer of a new and worldly social class—the ranch society of the Southwest. The story depicts Van Johnson as an alcoholic escaped convict who tries to force his snobbish brother, Joseph Cotton, into sneaking him back across the Mexican border. Cotton, for fear of his reputation, is forced to aid Johnson.

Ruth Roman appears as Cotton's wife, estranged because of Cotton's snobbish ways. Jack Carson is cast in a surprise, non-comedy role as a lynch-happy rancher.

As Johnson slips back into his alcoholic ways, finding plenty of the stuff around the modern ranch style homes, he and Cotton find themselves learning a few new and decent values.

LOOKS AT BOOKS

By Sam Blackburn

Here's word of a couple of new books that I have not had a chance to read (in fact, I haven't even seen copies of them) but I would like very much to have a chance at them.

These reviews from the Associated Press book feature section indicate that both are well worth one's time. I selected a serious study of world conditions and a novel because this seems somehow to be the season when you need both types.

When the summer really hits, the more weighty tomes will have to be laid aside and the lighter works, which require a minimum of concentration, will take over.

Here are the two reviews I spoke of:

RUSSIAN JOURNEY
By William O. Douglas.
Doubleday

Supreme Court Justice Douglas made a five-week journey to the Soviet Union in the summer of 1955. His book "Russian Journey" presents his findings on that trip. Rather than being a mere travelogue, "Russian Journey" is a survey of the entire Soviet scene. Some sections of the book were presented by Look magazines as articles.

The most valuable aspect of Douglas' book is that he approaches the Soviet Union from the viewpoint of Asia. Douglas has long been keenly interested in the countries of Asia and travelled in them extensively. On this trip he entered the U.S.S.R. via Asia—from Iran. He travelled to Moscow through central Asia and Siberia. Though he is a westerner himself he continually attempts to look at things in the U.S.S.R. as he feels Asiatic peoples must look at them.

He writes:

"It is not our reaction (to the U.S.S.R.) but the Asians' that is the important one. For the contest for the hearts and minds of men will be won or lost in Asia."

The task which Douglas has taken upon himself is a big one. His five weeks visit, it needs to be said, was hardly long enough to enable him to probe the depths of Soviet affairs. As a result though he acquired in his short stay a wealth of detail about Soviet life, it is not surprising that there are many inaccuracies in the book.

When he says, for example, that Khrushchev began to push his virgin land program vigorously only after he forced Georgi Malenkov to resign as premier in early 1955, that is a mistake. His statement that Soviet schools in central Asia are segregated is also an error. And there are othes. Despite these, "Russian Journey" will give the American reader much valuabe information.

A SINGLE PEBBLE.
By John Hersey, Knopf

Some 30 years ago a young American engineer is sent to see whether a dam may be built on the Yangtse, according to this welcome new novel by an author who spent his first 10 years in China.

From Ichang on to Wanhsien there are spectacular gorges and rapids, and dangerous rocks. The engineer takes passage on an old junk, with the owner Old Big his attractive wife Su-ling, the cook, the helmsmen, the heat tracker Old Pebble.

Old Pebble is content merely to cheer on his team, and can imagine no other future. Su-ling is horrified at any move to change the river on which junks like theirs have traveled hundreds of years. The American wonders how he dares question ancient ways, and is embarrassed to compare to his own youthful ambitions to the contentment of these beasts of burden with their philosophical resignation. Or is it only an air of resignation? For as real dangers confront them, they try to propitiate the gods, though not with a modern dam; they reveal pettinesses; they are not so contented but what they cheat; and their own countrymen observe crudities which the American ignored.

This is a novel about a man and woman who miss out on a love affair, about hands-across-the-sea that are not clasped in friendship, about gestures of affection which fade into cool, stony acquaintance. Hersey is neither cynical nor disillusioned, he merely examines the picturesque and finds it wanting. A young American for all his good intentions and a heart in the right place does not let the wood be pulled over his eyes—nor do his Chinese opposites. A wonderful tentative, undecided note is sounded in this penetrating novel: here is the unsureness of our unsure world.

Onions Aid Judy In Crying Scene

HOLLYWOOD (AP)—"This is your big emotional scene," director Richard Quine emphasized to Judy Holliday on the set of "Full of Life."

"I want you to break down and cry like a baby. Give it everything you got."

It's a hard thing for Judy to cry in a movie. Her specialty is laughmaking but, fortunately, the scene called for her to be at work in the kitchen. She just sliced a big Spanish onion instead of the potato the script called for.

The tears came like crazy and pleased Quine no end. In fact, he felt concern for her and asked her how she felt?

"Like the last act in a soap opera," sniffed Judy.

TOPS ON TEE-VEE

Pro Football Games On Air This Fall On Channel Four

KBST-TV will be carrying the pigskin in the parade of sports this autumn when the local CBS affiliate telecasts 15 professional football games Sept. 30 through Dec. 23.

Games will be televised on Sunday afternoons and in addition there will be two Saturday games on Dec. 8 and Dec. 15.

Channel Four's schedule of Saturday sports has been impressive this season, and in addition to being well into the baseball season with Saturday National and American League Games of the Week, the station is devoting daily telecasts to local sports activities.

* * *

Joe Reynolds, sports director for KBST-TV, has spent a busy week interviewing local people who have topped the news in athletic events. Included were Jim Blassingame, HCJC student who is national champion of the 880-run; George McAlister, track coach at the college; Roy Bennett, commissioner for Big Spring's Little League; Howard De Shazo, sponsor for the Aces Auto Motorama; women keglers from Webb Air Force Base; Elaine Russell, who received the Sportsmanship Trophy awarded annually by Dibrell's; and Miss Arah Phillips, girls' coach at the Big Spring High School.

* * *

The discovery of the treasures of ancient Troy by an amateur archeologist is John Nesbitt's subject in "The Man Who Believed in Fairy Tales" on Telephone Time over KBST-TV at 4 p.m. today. Robert Middleton plays the lead as Heinrich Schiemann with Kathleen Hughes as his wife and John Abbott as the long-suffering Russian friend, Jutchenko.

* * *

Burt Lancaster and Tony Curtis will re-enact a live scene from the newly released "Trapeze" on Ed Sullivan's "Toast of the Town" tonight, and other guests will include opera star, Lily Pons; and Benny Fields, minstrel man.

* * *

Pvt. Doberman (Maurice Gosfield) wins the drawing for the part of king in the post motor pool's Mardi Gras fete, and Sgt. Bilko decides the queen should be a local society girl in whom Doberman has a secret interest on the Phil Silvers show "You'll Never Get Rich" this Tuesday evening on KBST-TV. The young socialite haughtily refuses, whereupon Bilko teaches her a lesson.

* * *

"The Boarding House," adapted from James Joyce's "The Dubliners" will be presented on the "United States Steel Hour" Wednesday evening in a cast that stars Evelyn Arden and features Jerome Kilty, Lisa Daniels and Felix Munso.

July Fourth Plans Will Be Talked Monday

Plans for the Fourth of July celebration here will be discussed Monday by Chamber of Commerce directors.

Several other items are on the agenda for the Monday meeting, a luncheon affair to be held in the Permian Building, said Ira Thurman, Chamber president.

The directors will decide whether to sponsor a short course in "human relations" proposed for Howard County Junior College in July.

They will hear a report on Round Up Club activities from Chariman George Zachariah of the Chamber Membership Committee. Dr. W. A. Hunt, Dan Krausse and Dr. J. V. Norman will report on the Economics Discussion Group meetings being held at the Chamber under auspices of the U.S Chamber of Commerce.

Financial report for May also will be heard at the session. The report shows $10,244.39 was on hand at the beginning of the month. May receipts amounted to $2,165.92 and disbursements were $2,429.33, leaving a balance of $9,980.98 on June 1.

The Chamber cooperates with other agencies each year in staging the Fourth of July program. The traditional fireworks display is financed and presented by the Chamber.

Cooper Won't Run For Senate

LEXINGTON, Ky. (AP) — John Sherman Cooper definitely will not run for the U. S. Senate from Kentucky this fall, a Republican party official announced in advance of today's GOP State Central Committee meeting.

Cooper, U. S. ambassador to India and former senator, had said his decision on the nomination considered his for the asking, would not be announced until today's meeting.

But Committee Chairman Dewey Daniel said yesterday that Cooper had wired his decision not to seek the unexpired term—four years—of the late Democratic Sen. Alben W. Barkley.

The nominee will team with former U. S. Rep. Thruston B. Morton of Louisville in the November general election. Morton was nominated in Tuesday's primary to oppose Democratic incumbent Sen. Earle Clements.

Cooper's main reason for declining to run was figured to be his often stated belief that much remains to be done on relations with India and that he shouldn't quit the post after serving only a year.

His telegram was sent from a Boston hospital where he will undergo a minor throat operation Monday.

Troops In Fight Aboard Train

CROCKER, Mon. (AP)— City Marshal Clyde Frey said a troop train was halted here last night after it was reported that fighting had broken out between white and Negro troops on board.

Frey said Military Police from nearby Ft. Leonard Wood met the train and restored order. He said 400 soldiers aboard were removed and separated.

Authorities at Ft. Leonard Wood declined comment. The train, operated by the Frisco Railroad, was reported en route to Texas.
