

SAVED, ONE CHAIR—A man carries a chair from a burning West Los Angeles home during the disastrous brush fire. Little else was saved before flames consumed the structure. (AP Wirephoto)

2,300 Men Hope To Control Costly Fires

By JOE LEWIS
LOS ANGELES (AP)—An army of 2,300 men, hacking across flaming canyons, have encircled one of two monstrous fires in the Santa Monica Mountains—and fought the fire to a standstill.

If winds stay down today, firemen hope to gain the upper hand against both blazes, termed the worst fire outbreak in Southern California history.

Firemen contained—but did not control—the fire in the Bel-Air area, home of millionaires and movie stars. They drove tractors and bulldozers around fiery brush and inaccessible canyons to clear a swath 20 to 50 feet wide around the flames' perimeter.

A few miles away, in sparsely settled Topanga Canyon, wind-fueled "hot spots" prevented similar encirclement. But firemen kept this blaze from expanding.

Assessing damage from the three-day-old fires, officials gave this estimate: more than \$15 million worth of property damage; 250 homes destroyed; all but nine in the Bel-Air section; hundreds of others badly damaged and scorched; 11,000 acres of mountain watershed, prime defense against spring floods, destroyed.

The Topanga blaze has covered

Most Skies Are Clear

By The Associated Press
Most of Texas had clear skies Wednesday but it was cloudy west and southwest of Midland to the Texas-Mexico border.

A light rain fell at El Paso shortly before dawn, the state's first precipitation reported in more than 48 hours.

Temperatures were slightly warmer around the state in a pre-dawn range from 21 at Dalhart to 33 at Galveston.

Forecasters expected a few light showers in the west portion of extreme southwestern Texas and little change in temperatures during the day.

Other pre-dawn temperatures included Wink 50, Midland 48, El Paso 47, Dallas 44, Fort Worth 42, Abilene 42, San Antonio, Waco, College Station and Alice 50, Texarkana 41, Tyler 45, and Laredo 46.

C-C Board Sets Annual Election

The Board of Directors of the Chamber of Commerce met for their regular monthly meeting last night at the Chamber offices.

A discussion was held of the plans for the Fourth of July Celebration at Tovee Park next year.

The Jaycees and Downtown Lions Club had independently planned to supplement the activities at the park with "kiddie rides." A committee was appointed to iron out those difficulties and to further make definite recommendations for this and subsequent celebrations.

Nominations for the new board were submitted by the nominating committee. They are: Shelby Co-

3 Dead In Ship Crash

HOUSTON (AP)—A Norwegian tanker and a Chinese freighter collided in clear weather on Galveston Bay Tuesday night, setting off explosions and fires fed by oil and chemicals.

Three men were killed and seven were missing.

Wen Tsai Hsu, 46, captain of the Union Reliance, a Nationalist Chinese freighter, said his ship was anchored when it was struck by the M. S. Bercan, a new Norwegian tanker.

All the dead and all but one of the missing were from the Union Reliance. Also missing was Capt. David Duncan of Houston, who was piloting the freighter down the 50-mile ship channel that links Houston with the Gulf of Mexico. All 46 persons aboard the Bercan escaped injury but 11 men aboard the Union Reliance were treated for burns, exposure, and shock.

Fire, with hospitals and three were in critical condition.

Capt. L. G. Hayward, commander of the Galveston Coast Guard station, said three bodies were found in the bay.

The freighter still was burning at 10:20 p. m., more than 12 hours after the collision, and Hayward said it was possible that more bodies would be found on the vessel.

The Bercan got adrift after heaving to under its own power to allow tugs near the Port of Galveston. Agents for the vessels indicated 50 persons were aboard when the ships collided 35 miles southeast of Houston.

The M. S. Bercan, a 4,000-ton Norwegian tanker, and the 400-ton Union Reliance, a Nationalist Chinese freighter, collided each other. The cause had not been determined. The weather was clear.

The Union Reliance said the collision occurred after he had anchored for the night.

Names of the dead were not disclosed. Coast Guard officials said all were crewmen aboard the Union Reliance.

The Bercan got adrift after heaving to under its own power to allow tugs near the Port of Galveston. Agents for the vessels indicated 50 persons were aboard when the ships collided 35 miles southeast of Houston.

The Bercan, launched earlier this year, was bound for Houston. The Union Reliance had left Houston six hours before the collision bound for New Orleans.

Four bodies, burned men were pulled from Galveston Bay and taken to Sun County Hospital in Houston. Another body was pulled from the La Porte area.

The Coast Guard spokesman said the Marine Inspection Office of the Coast Guard would start an inquiry.

The Bercan carried explosive chemicals, solvents and animal fat. The freighter had oil in ballast tanks and lumber stowed in its hold.

The loss of the M. S. Bercan, a good vessel for 1961, and a "victory of major proportions" was given the Democrats another

Cotton Yield Estimate Is Increased

WASHINGTON (AP)—The Agriculture Department estimated this year's cotton crop today at 14,538,000 bales, a 470,000 increase.

This estimate is 304,000 bales more than the 14,234,000 bales indicated a month ago. It compares with 14,272,000 last year and 13,533,000 for the 10-year average.

A reserve of about 7 million bales exists from past crops. Department forecasts are that domestic and export demand from this year's crop will total about 14.5 million bales. Some trade groups say this estimate is too small.

The department estimated the production of cotton per harvest acre at 446 pounds, compared with 446 pounds last year and 362 for the 10-year average. The Texas average was 348.

The Census Bureau said cotton picked to Nov. 1 totaled 8.6 million bales compared with 8,430,294 to the like date last year.

The department said production of cottonseed would be 6,028,000 tons compared with 5,886,000 last year.

The indicated yield by states included: Arkansas, 1,450,000; Louisiana, 500,000; Oklahoma, 275,000; and New Mexico, 300,000.

New Appeal For Stickney Is Scheduled

AUSTIN (AP)—The Court of Criminal Appeals scheduled another appeal today for the Galveston Beach slaying of Mrs. Shirley Barnes.

The hearing was set on a stay of execution issued by Laredo Judge E. D. Salinas. Stickney was scheduled to die Oct. 26, but was granted a 15-day stay of execution.

Three federal judges refused Monday to halt the scheduled execution, ruling that Stickney has not exhausted all the remedies open to him in the state courts.

The Houston hearing was on a stay of execution issued by Chief Justice Elbert Tuttle of the U.S. Court of Appeals in Atlanta, Ga.

Another Houston hearing is scheduled on an appeal from an order by U.S. Judge Joe Fisher denying Stickney writ of habeas corpus and refusing him a stay of execution. No action has been taken on this appeal as yet.

Earlier, Chief Justice Earl Warren and four other justices of the U.S. Supreme Court refused to intervene. The pardon board also denied a last minute appeal.

Stickney was arrested in Canada following the slaying of Mr. and Mrs. Clifford Barnes. He was charged in both deaths but was tried only for the slaying of Mrs. Barnes, 26.

Storm Inga Fades From Scene Today

NEW ORLEANS (AP)—Tropical storm Inga gasped her last chilly breath in the Gulf of Mexico today.

The Weather Bureau at 10 a. m. said the storm's circulation had been destroyed by cold air which moved into it.

The advisory said the western Gulf of Campeche would be buffeted by northerly winds of 35 to 50 m.p.h. with the winds and seas slowly subsiding through Thursday.

Inga never reached hurricane force.

Democrats Capture Top Prizes In Tuesday Vote

By The Associated Press
Democrats have captured both prizes in the two big elections, crowding out an upset by electing the governor in New Jersey and easily winning the New York mayoral race.

Both elections Tuesday were intensely watched by politicians who regarded them as important in gauging how the political winds may blow in 1962 and 1964.

In New York, Robert F. Wagner breezed past Republican Louis J. Lefkowitz and independent Lawrence E. Gorso to win his third term as mayor, as had been expected.

Across the Hudson River, New Jersey voters overturned predictions and elected Democrat Richard J. Hughes over Republican James P. Mitchell in the contest for governor.

Both parties had wheeled their big guns into the New Jersey campaign. President Kennedy and former President Harry S. Truman campaigned for Hughes. Former President Dwight D. Eisenhower campaigned for Mitchell.

Mitchell held out overnight but finally conceded defeat this morning when the count in all but 14 of the state's election districts showed him more than 40,000 behind. At that point the vote stood: Hughes 1,076,356; Mitchell 1,037,113.

The White House reported Kennedy was extremely pleased by the outcome in both New York and New Jersey.

In Gettysburg, Pa., a spokesman said Eisenhower planned to make no comment on the New Jersey election.

Virginia voters followed tradition by giving Democrat Albert S. Harrison Jr. and the state organization of U. S. Sen. Harry F. Byrd—a one-sided victory over Republican H. Clyde Pearson in the race for governor.

In Kentucky, however, Republicans cracked 26 years of Democratic rule in Louisville by sweeping into the mayor's office and other top posts. The GOP

UPSETS PLAGUE GRID PICKING CONTESTANTS

Unforeseen upsets over the past weekend served to send the majority of the Snyder News football contest entries soaring into orbit. One contestant, however—Bill Davis of Route 2, Box 253—managed to snooker the remainder of the field and take the top prize money of \$10 on the strength of his five incorrect choices.

In winning, he failed to hit on Notre Dame's 13-10 upset at the hands of Navy, on Iro's romp past Divide, on first-ranked Michigan State's 13-0 defeat as handed up by Minnesota, on Snyder's 27-14 upset as dealt by Colorado City, and on the Breckenridge-Brownwood scoreless tie. (Contest rules specify that tie game must be predicted as such in order to be counted right).

It marked the second time in which Davis has guessed the charmed circle in the weekly pickings, as he had previously tied for second on one other occasion. He finished "out of the money" at that time, though, due to a two-way tie for first in which the two winners split the combined winnings of \$12.50.

A healthy crop of seven entrants deduced for second the past week with six misses apiece. In that more than two tied for the spot, the \$2.50 second place loot will be carried over and applied to this week's contest, which may be found elsewhere within the pages of today's edition.

Included on that list of second placers are L. E. Allen, Aroh Route—Janice Ames—2409 Forty-second Street; Bob Rathif, 503 Thirty-fifth Street; Eunice Davis, 116 Twenty-fourth Street; Roy Hanson, 3765 Highland Drive; Willie T. Marrow, 1301 Avenue R; and Johnnie J. Pitner, 2110 Forty-second Street.

Some 14 contestants were one pick away from the winners with seven bobbles each. They were Billy Banks, Bobby H. Burney, Arturo Espinoza, Mrs. E. D. Flynn, John Flynn, Jack Hill, Gilbert Hinojosa, Hugh C. Lowry, Frank Overton, Katy Phipps, Joe Rollins, Terry Smithere, Mrs. J. B. Taylor, and W. E. Wright.

Army, Congress Each Name New President In Ecuador

QUITO, Ecuador (AP)—Jose Maria Velasco Ibarra resigned a president during the night under pressure from the military. The army then installed the president of the Supreme Court in the office. But Congress named left Vice President Carlos Julio Arosemena to head the country.

The Supreme Court president, Camilo Gallegos, took the oath of office as president. There was no clear word as to the whereabouts of Velasco Ibarra.

The army announced it had stalled Gallegos because of the breach between the executive and legislative powers had become so deep it could not be bridged.

Congress, on the other hand, elevated the vice president to the position as prescribed in the constitution.

Before being elected as a president for the third time in four times elected to the office, Velasco Ibarra accused Arosemena of being a Communist and trying to set up a dictatorship and said he no longer was vice president.

Army leaders met for four hours before deciding to support Gallegos. Later Gen. Gonzalo Vidales, director of the National Military Academy, announced the army's decision to the country by radio.

Gallegos was reported to be making up a Cabinet list representing all parties in an effort to restore peace to this strife-torn country.

By backing the Supreme Court president, the army passed over both Velasco Ibarra and left-leaning Carlos Julio Arosemena, the vice president. Gallegos was second in succession to the presidency after Arosemena. Reports from Guayaquil during the night had said Congress proclaimed Arosemena president.

Velasco Ibarra apparently resigned under army pressure. There were reports he had flown to Panama. Other reports, not confirmed, immediately said he had taken refuge in the Argentine Embassy.

Arosemena, arrested by Velasco Ibarra, was released from prison during the night, but his whereabouts were still unknown. Velasco Ibarra had admitted the charge of being a Communist and attempting to set up a dictatorship.

Gallegos is expected to call national elections soon to choose a constitutional president for the country.

Gen. Villalaz said the army is making itself responsible for public order and called on all workers to return to their jobs.

...and C. J. Ho, the first assistant engineer on the Union Reliance.

We stopped the main engine. We escaped by the shaft alley to the main deck. The ship has many decks on fire. Most people on deck seem to go away from the main deck.

He is one of six crewmen from the Union Reliance who took refuge at the La Porte corporation's courtroom. He was the only one of the group who spoke English.

Mrs. Brigit Larsen, 30, of Copenhagen, Denmark, wife of Capt. Sven Larsen, 35, of the Bercan, said she was in bed when "suddenly there was this awful shaking."

expected victory in strongly Democratic Wayne County (Detroit) Mich. Democrat Lucien N. Noddi defeated Republican Walter Carr (Detroit) in a special election to fill a vacancy in the First District.

The nation's attention was occupied by the barometer races in New York and New Jersey.

The chairman of the Democratic National Committee, John M. Bailey, said Wagner's victory was a result in New York Gov. Nelson A. Rockefeller's efforts to use the New York mayoral campaign to advance his own personal national ambitions and a warning to him that he faces a hard fight for reelection as governor.

In New Jersey Hughes was a relative unknown, a former state judge who campaigned in hotbeds of towns and came from behind to win.

Mitchell was a nationally known figure as a member of the Eisenhower Cabinet. He had to limp through the campaign on a broken leg.

New Jersey has had a reputation for never slaying long in office party's stall. Since the turn of the century it has elected Democrats and also Republicans as governors.

Fire Destroys Two Midland Buildings

MIDLAND (AP)—A fire in downtown Midland which destroyed two buildings raged for two hours early today before firemen brought it under control.

Loss was estimated by one of the building owners at \$200,000. Destroyed was a building containing an auto supply firm and a vacant structure.

Fire Marshal Bill Klatt said several of his firefighters who fought the blaze suffered from smoke inhalation but that there were no injuries.

The raging fire, in the midst of a group of one-story buildings, for a time threatened another half-block of buildings but Klatt said they suffered only smoke and water damage.

WHAT PRICE GLORY? ... Mrs. Alon Shepard, "Mrs. Astronaut," accepts her celebrity role with serenity.

Fans Keep Her Busy

By MARGARET WILKINS
VIRGINIA BEACH, Va. (AP)—The wife of astronaut Alan Shepard has broken a lengthy silence to tell of the busy, busy life her family has led since Shepard's flight.

Since the shot from Cape Canaveral on May 5, which Louise Shepard says she "couldn't have stood" if it lasted another minute, she has given up most of her outside activities to answer mail.

"Right after the shot I got about 100 letters a day," she says. "They've tapered off a little, but they're still coming in."

Mail to Louise Shepard usually goes to Langley Field, where seven secretaries work fulltime answering it.

When she's not answering letters, Mrs. Shepard is apt to be answering the doorbell at the family's bay colony, Virginia Beach home.

The doorbell ringers have dwindled since Labor Day, but enough remain to be at least a minor problem. Curiosity sometimes pays off when Shepard himself appears at the door. He turns away all but the neighborhood children, whom he sends around to the back door so passively, "we don't know he's letting them in."

The family also has been offered, by mail and telegram, homes, cars and other gifts—all of which have been turned down.

The Shepards often are amused by mothers who write of their relief that the astronaut has replaced Elvis Presley as a teenage idol.

Prayers Related

Bill Mrs. Shepard seems especially to treasure the letters from mothers and wives who prayed for Alan Shepard throughout his flight.

"Some of them tell how they got down on their knees and one I remember well, she could only watch her children to her and pray to heaven."

Knapp News

By MRS. BEN WEATHERS
Mr. and Mrs. Gilbert Richter visited Wednesday in the Nolan Van Hooker home at Snyder.

Bethel Graham of near Midland visited Saturday afternoon in the Ben Weathers' home.

Miss Minnie Weathers of Robert Lee, spent Sunday night in the Ben Weathers' home at Snyder.

Dorothy Douglas of Texas Tech spent Wednesday night and Thursday with her parents the D. L. Bowles, and Mary.

A couple of Jack Benny's 20th birthday's were celebrated Sunday in the Ben Weathers' home at Snyder by a life-long Burden County resident of Murphy community and his sister, Mrs. Harley Smith of Crossville, Tenn. A roasted fish, turkey and dressing dinner was enjoyed by Mr. and Mrs. Hugh Birdwell, Mrs. Mamie Cain, Mrs. Leona Weathers, Mr. and Mrs. H. A. Smith and three children, Mr. and Mrs. Robert Warren, Mr. and Mrs. Ralph Price and two daughters, Mr. and Mrs. Jake Warren, and son, Mrs. Clara Weathers, Miss Minnie Weathers, Mrs. Willie Berry and daughter, Mrs. Trinita Mullinger and family, and Ben Weathers and wife. Gifts by the honoree were opened after lunch.

Rev. and Mrs. D. W. Copeland, left Monday to attend the Baptist Bible Convention at Austin the first of the week and to visit with relatives at Houston and Gatesville.

Mrs. Fred McCall of Lake Thomas attended the Bible Convention at Austin the first of the week.

By LINDA STEWART
Mrs. Suzanne Becken of Corpus Christi is visiting her grandparents, Mr. and Mrs. Clyde Bolding.

Recent guests of Mrs. Bettie Smith included Mr. and Mrs. Ralph Ferguson and Mrs. J. O. Fennester of Nashville, Ark. and Mrs. Zola Miller of Snyder.

Recent guests of Mrs. W. A. Johnson and Lorena included Mr. and Mrs. Albert Johnson of Big Spring and Mr. and Mrs. Doc Sellers of Haskell.

Mrs. W. A. Johnson and daughter visited with Mr. and Mrs. W. O. Christopher in Colorado City Sunday who were celebrating their 40th wedding anniversary.

Brownie Scott spent Wednesday night visiting Miss Sherry Tecol in Snyder.

Mr. Carl Ashley of Snyder visited his mother, Mrs. L. Z. Ashley and Mr. and Mrs. Morris Asher, Wednesday.

Mrs. Allen Currie of Colorado City visited Mrs. L. A. Scott Friday.

Mrs. M. W. Helm of Comanche spent the week visiting her son, Rev. L. J. Helm and family. Rev. Helm accompanied her to Comanche and visited other relatives Friday.

Plans are being made for the Dunn homecoming supper to be held at the community center Saturday, Nov. 11, 7 p.m. All veterans and their families of the community are invited to bring a basket supper. Coffee, tea and bread will be furnished by the community.

Mr. and Mrs. James Chandler of Dallas were weekend guests of Mr. and Mrs. Eunice Goddett.

Miss James Stewart visited her parents, Mr. and Mrs. James C. Stewart, Sr. recently. He attends Arlington State College.

Jimmy Townsend visited Mr. and Mrs. Jerry Townsend in Snyder Tuesday and Wednesday.

Mrs. Richard Smith of Snyder visited Mr. and Mrs. L. T. Nail and family Friday.

Mr. and Mrs. Marvin Fargason Snyder were guests of Mr. and Mrs. H. L. Fargason and children last week.

Mr. and Mrs. H. L. Fargason and children and Mr. and Mrs. Marvin Fargason attended the football game between Hermleigh and Roby at Roby Friday night.

Mrs. Dale Weaver, Ricky and Angie of Big Spring visited Mr. and Mrs. Pete White and family Saturday.

Glenda White spent Saturday and Sunday with the Russell Jones family of Snyder and Tommy from Texas Tech, Lubbock.

Mrs. Pete White and Rayburn accompanied Mrs. Vernon Duncan of Goshoma to Lamesa recently.

"When you put your faith in something beyond yourself, you can be calm," she says.

Calm, Not Bored

Mrs. Shepard's calm is not to be confused with nonchalance of a blasé attitude. Despite the flood of attention she has received, she can't get used to it, bubbles with enthusiasm when asked about her visit with the President and First Lady.

When the Shepards were suddenly swept from talks at the white house to a TV interview, a secret service agent motioned Mrs. Shepard into a nearby car. At that moment, Mrs. Shepard says, she heard a New England accent call out behind her, "Mrs. Shepard, come with us."

"I just said to heck with the secret service and popped in with Mr. Kennedy," she says. "It was so exciting. We went so fast, and there were all those motorcycles in front of us. It was fascinating watching the President go over his notes for the speech."

He's Never Home

Right now, Mrs. Shepard, along with the other six astronauts' wives is anticipating the move of the Space Task Force from Langley Field to Houston, Tex. As a Navy wife, she viras the upcoming move of her family with composure, even down to the fact that Shepard probably won't be around to help. "He's never home."

"There's some fine print in the Navy contract that says husbands will be away when the family moves," she laughs. "I was evicted twice while Alan was at sea, and I really did pay my bills."

Both times, leases were terminated suddenly by sale of the property, Mrs. Shepard indicated that her husband was as grateful as most Navy men to avoid these domestic crises.

The family will almost certainly stay in Virginia until the school year ends. A daughter, Juliana, and a niece, Alice, 9, are at Langley Park Elementary school and The Beach. The older daughter, Laura, 13, attends a private school in Missouri.

But the Shepard children have their own ideas about where they'd like to live.

They all want to move to Cape Canaveral.

From me to you A DAILY VIEW

By Rev. R. Charles Spivey

"And Absalom used to rise early and stand beside the way of the gate. So Absalom stole the hearts of the men of Israel." II Samuel 15:26 (read chapters 13, 14, and 15).

It seems that some people think that the only way to correct a wrong is to do so. So it was with Absalom. He had committed one wrong and as far as he was concerned, the only way out was to do something else wrong. The ruler will usually try to cover over their own sin in one way or another. But, none of the ways of men really ever cover over sin, especially doing another wrong thing.

There is only one way to cover over guilt and that is to turn it over to God. In Him you will find forgiveness and a great peace that surpasses understanding.

Altrurian Club Hears Roy Dunlap

Twenty-two members of the Altrurian Club met Friday at the Martha Ann Woman's Club with Mrs. C. T. McLaughlin as hostess.

Each member brought Christmas gifts for the Big Spring State Hospital. Mrs. Dave Harlin, club president presided over the business session.

The meeting was then turned over to Mrs. Com. Ezell, program chairman, who introduced Mr. Roy Dunlap, head of the local civil defense unit. Mr. Dunlap gave an interesting talk using a unique approach to civil defense, saying the "definition of civil defense is self protection and self preservation, how these date back to our forefathers in their struggle for freedom and their rights."

The part women played in the defense of the home by their courageous fight through suffering and hardships. Should atomic war come, women will again shoulder the task of defense in the home with their husbands away in battle.

He said: "The key to survival in all phases of disaster, is in our preparedness, participation and removal of apathy. Citizens should take part in all community endeavors, stand up and be heard, believe in democracy and fight for democracy in order to strengthen our defense at home."

Add a teaspoon of curry powder to a standard recipe for biscuits; serve the biscuits piping hot with butter as an accompaniment to a fruit salad topped with grated fresh coconut. Nice for that Ladies Lunch!

Texas Should Keep Rolling

By HAROLD CHAMBERLAIN
Associated Press Sports Writer
NEW YORK (AP)—A year ago, when the "Big Game" was still a distant memory, college football was in a state of confusion. The season had just begun, and the teams were still finding their feet. But now, the season is well advanced, and the teams are beginning to show their true colors.

Alabama, who were the defending champions, have been defeated by Texas Tech. This was a major upset, as Alabama was considered the favorite to win the national championship. Texas Tech, on the other hand, was considered an underdog.

Other notable games include Michigan State's victory over Notre Dame, and Ohio State's win over Wisconsin. These games have set the stage for a highly competitive season.

As the season progresses, fans will be looking for more exciting games and upsets. The rivalry between Texas and Texas Tech is expected to be particularly intense.

The national championship game is still a long way off, but the season has already been a success for many teams. The excitement and competition are what make college football so special.

With the season in full swing, fans are encouraged to stay tuned for more sports news and updates. The action is sure to be non-stop.

As the season draws to a close, fans will be looking back on the highlights and memorable moments. The season has been a great one for everyone involved.

The season has been a success for many teams, and fans are looking forward to next year. The excitement and competition are what make college football so special.

MORRIS MARCUM ROBINSON

Quarterback Clubbers Briefed

Tornadoes To Field A Strong Defensive Outfit

The Tornadoes are in their best defensive form since the start of the season. They have a strong secondary and a solid line. The coaching staff is confident in their ability to stop the opposition.

The team's defense has been a key factor in their success. They have been able to shut out several opponents and keep their opponents' offense in check.

The coaching staff has been very effective in preparing the team for each game. They have made adjustments as needed and the team has responded well.

The team's defense is expected to be a major strength in the upcoming season. They have the talent and the coaching to be a formidable force.

The team's defense is expected to be a major strength in the upcoming season. They have the talent and the coaching to be a formidable force.

The team's defense is expected to be a major strength in the upcoming season. They have the talent and the coaching to be a formidable force.

Trio Pacing Tiger Stats

Halfback Mike Morris, quarterback Tim Marcum and linebacker Joe Robinson continue to be the "big guns" in the Snyder Tiger attack, as the team prepares to snap off its season here Friday against Lamesa.

Morris is currently leading his mates in scoring, net yards rushing and pass receiving, while Marcum — who missed the first four games of the season due to injury — leads the way from the standpoint of the Tiger aerial circus.

Morris, with his combined rushing and pass receiving totals of 910 yards over the nine-game span, an average of approximately 101 yards per contest attributed to him. Marcum's rushing and passing totals are 470 yards and 1,100 yards, respectively.

Robinson represents the defensive rock for the team. He has been credited with a total of 82 tackles and assists for the season to outdistance his contemporaries in that area.

Steve Free's punting average has been climbing steadily, so that his average for the year is up and over the 30-yard average mark. His average per punt falls in district competition stands at 34.4 yards.

A capsule glance at the team's statistical leaders for the season follows:

Player	Position	Games	Yards	Avg
Mike Morris	Halfback	9	910	101
Tim Marcum	Quarterback	9	1,100	122
Joe Robinson	Linebacker	9	82	9.1

Coach Bill Hartsfield also announced that after considerable jockeying of kickoff times that a 5 p.m. kickoff will be observed when his team plays its final game of the year in Colorado City this Thursday. An earlier time had been hoped for locally to facilitate the team members return in order to see the three junior high games of that night, but could not be mutually arranged.

The Thursday evening represents the "big one" for Lamar and Travis Junior Highs, as that is the time when they are to meet each other in Tiger Stadium. The seventh graders are to clash at 3 o'clock, followed by the eighth graders at 6:30 and the ninth at 8 o'clock.

After the showing of the Snyder-Lake View game film, Hartsfield offered members a rundown on the offensive machine which Lamar is expected to manipulate here Friday.

"They don't have a whole lot of speed," he advanced, "but they drive" well, especially their fullbacks, Earl Hartsfield. "Their favorite formation is placing a wingback to the right, and they've had a lot of success in sending both that wingback out short and hitting right and a little deeper, then throwing to the short man when there is only one defender to cover them both." He went on. He also specified that the Tornadoes have a fine throwing

Lincoln Cage Teams Take Twin Bill

Lincoln High began its basketball season Monday with a bang, winning two scheduled games of that night.

The Lincoln "B" teams of both boys and girls took on Post Junior High, with scores in both contests being close ones.

Lincoln's girls triumphed by 15-12 in a game which saw Emma Garrett scoring all the winning points. Ruby Manual paced Post with six.

In the boys' game, Lincoln had to come from behind in winning by the narrow margin of 20-18. Lonzo Brown topped the winners' point production with 23, followed by Linwood Durst with 19, Vernon Clay with four, and Curtis Clay and Brady Cobb with two each. Jimmy Doss was high for Post with 20.

Lincoln will next try Slater in a home game slated for November 28.

Five of Michigan State's 2001 football rivals — Wisconsin, Michigan, Notre Dame, Purdue and Northwestern — have been Spartan grid foes for more than 40 years.

Bluebonnet, Cotton Bowls In Competition

DALLAS (AP)—Three Texas bowl games are running out for prospectors and two of them are after the same team.

A Southeastern Conference rule that prohibits one bowl bid before the regular season ends is keeping the Bluebonnet Bowl at Houston and the Cotton Bowl at Dallas from signing, or somebody else, that and some big games yet to come.

The Cotton Bowl, scheduled for Jan. 1 with a sellout crowd expected, has Mississippi, Louisiana State, Alabama, Georgia Tech and Auburn on its list of prospects for visiting team. The Southeastern Conference champion is expected to coach.

Harry Stanford, president of the Cotton Bowl, said he could be sure now since all those teams are in the Southeastern Conference and can't be invited until this time this season. Besides, he pointed to such games as Alabama and Georgia Tech Nov. 11 and Alabama Auburn Dec. 2 as possible determining factors.

The Bluebonnet Bowl at Houston Dec. 16, where a sellout of 70,000 is anticipated, bids the same teams as the Cotton Bowl on its list. The latter plays Auburn Army Dec. 2 and probably wouldn't make a decision until then.

The Rice Bowl at El Paso, scheduled for Dec. 30, has a dozen teams listed from which to choose. The Rice Bowl formerly leaned toward the Border Conference champion as one of its teams, but isn't thinking about this time since the Border Conference is down to five teams with another to leave it next year.

Unbeaten Fresno State and Utah State are in the list along with Central Florida, Mississippi State, New Mexico, North Texas State, San Jose State, Utah, Villanova, Wichita and Wyoming. Utah State and Wichita are considered probably the leading contenders right now, although game chairman Bob Kollmer does not so indicate.

HOW THEY STACK UP

Team	W	L	Tie	Opp
Lamesa	1	1	0	22
Lake View	4	7	0	33
Colorado City	2	4	1	30
Sweetwater	3	3	0	14
Bojars	1	1	0	10

Richard A. Goodson is an interview with Richard A. Goodson, Southwestern Bell Vice President and General Manager for Texas.

BEHIND THE SCENES OF YOUR TELEPHONE SERVICE
An interview with Richard A. Goodson, Southwestern Bell Vice President and General Manager for Texas.
BY DON DAVIS, TELEPHONE NEWS WRITER

Here today: A wide range of convenient communications services to fit any need

CALL DIRECTOR phone is ideal for businessmen, secretaries. You can phone people in your plant or office by pushing buttons, hold conference calls over an intercom, add another person to an outside call. A secretary can answer calls on as many as 29 lines.

HOME INTERPHONE is a complete residential communications system, even lets you answer the door by phone. With the Home Interphone, you also can phone from room to room, call the family to dinner, listen to the baby in another room.

THE Princess® PHONE gives you smart styling. So petite it fits in the smallest space. Even has a dial that lights. It's little. It's lovely. It lights.

FOR CHRISTMAS GIVE HER A SEWING MACHINE

That will keep on giving to her for a lifetime more and prettier clothes at half the cost of store bought ones. You will find no better sewing machines in the world than NECHIELNA and other brands at Allen Sewing Machine Center, where service and free personal help is as close to you as your telephone. Check our prices and terms you will find they are far below mail order and out of town stores. Trade at home, you will always be glad you did.

HERE ARE THE RULES OF THE CONTEST

In each advertisement on this page you will find the contestants in a prominent football game being played in the country this week-end. Get an entry blank from one of the merchants who are helping sponsor this contest and whose message is on this page. Fill in your selection of the WINNING TEAM only — opposite the name of the firm on the entry blank. Then send your complete blank to FOOTBALL CONTEST EDITOR, THE SNYDER DAILY NEWS. Entries must be in the hands of the editor by 12 o'clock noon, Friday. Games ending in a tie score must be specified as a tie or else it will be considered a miss.

If there is a tie for first place the winners will divide the cash money of \$12.50 and no second prize will be given. If there is a first place winner and a tie for second place, the second prize winners will divide the money for the place. If more than two persons tie for second place, no second prize money will be awarded and the cash will be added to next week's prize. Tie for perfect score will split \$25.00. There will be fun for the entire family. Only one entry blank will be permitted from any one person. More than one will disqualify all of the person's entries. Scores listed on the entry blank will have no bearing on the choice of the winner. Sign your entry blank and list your address and phone number — and watch for the story on next Wednesday's front page for the winners. Hurry now, and get your entry blank from one of the merchants on this page. The contest blank must be in your own handwriting. Employees of The Snyder Daily News and their families not eligible to enter.

Junior Editors Quiz on FROGS

QUESTION: What frogs hibernate, do they stop breathing?

ANSWER: Since frogs are cold blooded, if they tried to stay above ground during our northern winters they would quickly freeze to death. So, when they feel the cold coming, they burrow deeply into the mud, put their front feet around their faces and go into a deep sleep, or hibernation. Like other hibernating animals, their bodily functions slow down until they seem dead. Their breathing appears to stop. Yet we know that air is necessary to living creatures. How do the frogs manage to get enough air? Remember that a frog was once a tadpole and had gills like a fish with which he could breathe underwater. Then when he developed legs and crawled out on land, he developed lungs like other land animals. For his winter hibernation, the frog has another amazing trick up his sleeve. Frogs are able to breathe through their skin, and this is how they survive those long winter sleep.

FOR YOU TO DO: In all of nature there is nothing more wonderful than the changes in a frog's life. So if you can find a book to tell you more about it and to show pictures of various kinds of frogs.

(Ronnie Joyce of Collingsville, Pa., wins \$10 for this question. Mail yours in a postcard to Junior Editors in care of this newspaper.)

Livestock Survey Set

Rural mail carriers from the Snyder Post Office will leave some livestock survey cards along their routes beginning Nov. 16.

Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms, said H. D. Moreland, postmaster. Rural carriers will distribute the cards at random along their routes. "This means that not every box will get a card," Moreland said. "For this reason it is important for everyone who gets a card to return it filled out so that USDA can get a true sample of the state's livestock holdings."

Carriers assisting with the survey are Warren Dodson, Route 1; Hilton Lambert, Route 2; and Joel Hamlett, Route 3. Facts and figures secured in the survey are the basis for the Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Audie Murphy Now Has Another Medal

LOS ANGELES (AP) — Actor Audie L. Murphy, whose 24 prior decorations included the Medal of Honor, now has the Civilian Service Medal as well. The Army's highest civilian honor was bestowed Tuesday night for Murphy's contribution to an Army film concerned with the missile program.

LEGAL NOTICE

THE STATE OF TEXAS vs. Sheriff or any Constable within the State of TEXAS. GREETING: You are hereby commanded to cause to appear before the Honorable District Court of Scurry County, Texas, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Scurry County, Texas, the accompanying citation, of which the terms below following is a true copy: CITATION BY PUBLICATION TO THE STATE OF TEXAS: TO J. L. Tunnell, his unknown heirs and legal representatives, and Dave Brothers, a partnership, their unknown heirs and legal representatives, and all other unknown owners or claimants of the land hereinafter described: Defendants, Greeting: YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Scurry County at the Courtroom thereof, in Snyder, Texas, by filing a written answer at or before 10 o'clock A.M. of the 11th day Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of December A.D. 1961, to Plaintiff's Petition filed in said court on the 29th day of October A.D. 1961. In this case, numbered 879 on the docket of said court and styled C. D. Hicks, Plaintiff, vs. J. L. Tunnell et al., Defendants. A brief statement of the nature of this suit is as follows, to-wit: Plaintiff's Petition alleges ownership of the following: All of Lot 2, Block 49, in the Grayson & Nelson Heights Addition to the City of Snyder, Scurry County, Texas, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance it shall be returned unserved. The officer executing this writ shall promptly serve the same according to the requirements of law, and the mandates hereinbefore given under my hand and the seal of said court at Snyder, Texas, this 26th day of October A.D. 1961. (s) Attest: Justice Weatherbee, Clerk, District Court Scurry County, Texas. S.E.A. By Deputy.

ALL YA CAN EAT FOR SIX BITS — Lined up ahead of time and ready for some of those juicy Kwanis Club pancakes are Red Robinson (left) and Travis Junior High and Bill Wiman of Lamar, while outgoing Kwanis prexy Frank Stephenson (second from left) and incoming president G. W. Sheid prepare to serve them. All townspeople, and especially those football fans who turn out for the important Lamar-Travis grid contests in Tiger Stadium tomorrow night, are invited to have their supper with the Kwanians in the high school cafeteria, the price being 75 cents for "all you can eat." The funds are gained from the supper will go into the club's Goodfellows Benefit Fund. (Photo by Jackson)

Survey Of Welfare Need Authorized

The Scurry County Welfare Board had a called meeting last night. The Commissioner's court, the County Judge and County Juvenile Officers met with the board to hear a discussion by members of the Texas State Welfare Board, Child Welfare Division.

Sam Granado and Billy Trigg from Lubbock discussed the way in which the State Board could help local organizations and give technical assistance. They were granted permission to come into Scurry County and make a survey to determine the number of cases and the degree of need of Scurry County children. The survey will take about three months and will be started soon.

State programs in Sweetwater and Plainview have an annual budget of about \$15,000 with one-half the cost assumed by the state the other half by the county. At the present time several agencies in Scurry County do child welfare work, and it is possible that as a result of the survey the only recommendation will be for better coordination between existing facilities.

The survey will be done at no cost to the county.

GOP Loses In Nassau

MINEOLA, N. Y. (AP)—Republicans have lost the top post in a rich Long Island county almost impregnable Republican since its founding in 1896.

Voters in Nassau County elected Eugene H. Nickerson, 43, a Democratic lawyer, as county executive Tuesday by a narrow margin.

Only once before—in 1912—had the county bordering New York City ever elected a Democrat to countywide office, sending an assemblyman to Albany.

Nassau, long famous for large estates, has been called the state's fastest-growing county with an influx of industries and commuters who work in New York City.

Nickerson defeated Robert W. Dill, an investment broker, 216,151 votes to 209,581.

Methodist University.

In the course of his residency at SMU, Watlington has spent 123 hours in a classroom listening to qualified experts on all phases of personal and business life insurance and estate planning. In addition to classroom work, required study primarily of actual cases, covered another 250 hours.

The only two universities offering the specialized training are SMU and Purdue University.

Steve Bilko of the Los Angeles Angels hit in 10 straight games this spring.

Radio Relay System Being Constructed By Phone Co.

Construction has begun on a 600-mile radio relay communications route spanning West Texas through the Snyder area, according to Truman Black, manager of Southwestern Bell Telephone Co. The long distance telephone sky-

way will be placed in service connecting Dallas and Phoenix, Ariz. in late 1962.

The project will include the erection of a station at a site seven miles northeast of here near Highway 1673, which will include a 200-foot steel tower for microwave antenna, and a 1,200-square-foot equipment building. The station will be built by the Long Lines Department of American Telephone and Telegraph Co.

This will be one of 15 stations between El Paso and McCaulley,

CRMWD To Study Bids

Bids for microwave equipment to be used in automatic control of a booster pump station will be analyzed in Big Spring Thursday by the Colorado River Municipal Water District.

General Electric appeared to be the low bidder on the basis of two proposals opened here Tuesday morning. Bids will be checked by specifications Thursday when James Nichols, representing Freese & Nichols, consulting engineers, comes here for a conference with O. H. Ivie, assistant manager.

The GE proposal will range from \$11,373 to \$22,436, according to figures listed Tuesday. The other bid, submitted by Motorola, was for \$24,964. Motorola's proposal was on a base bid, while the GE offers included a base bid and alternates.

The microwave equipment includes a 250-ft. tower at the Morgan Creek pump station in northeastern Howard County and a tower at Lake J. B. Thomas. Ivie said that the microwave would be the first leg of a system that ultimately would permit control of the district's long-hauling pumping operations from one point.

Pollution Problem Due Up Again

Directors of the Colorado River Municipal Water District are scheduled to meet in Big Spring at 4:30 p.m. Nov. 27 in what could prove a brief but important session.

Ostensibly, the board will meet to formally adopt the tentative budget which was presented a month ago. The indenture requires that the budget be submitted to bondholders and since there has been no comment from that quarter, the final approval of the budget is expected.

However, E. V. Spence, general manager, is preparing to submit a recommendation to the board regarding control of pollution of the upper Colorado River watershed in the Sharon Ridge oilfield of Mitchell and Scurry Counties. The district met with operators approximately a year ago, pointing out that a permit to impound a second lake on the Colorado River was contingent upon clearing up the pollution problem.

Black said, the route also will be extended eastward to Dallas, where it will connect to other major communications systems as part of the Bell System's nationwide network. It also will be connected to the system at Phoenix.

The new route will accommodate present needs and future growth in long distance calling through this area to other parts of the country, according to Black. Greater flexibility in network television programming throughout the Southwest will result, he said.

Black explained that in radio relay transmission, super high frequency radio waves, called microwaves, are beamed from station to station by means of giant horn-shaped antennas mounted atop towers.

"As signals are received by one antenna, they are gathered together and sent down to complex electronic equipment inside the building. This equipment amplifies the incoming signals some million-fold, then sends them back up to the transmitting antenna which beams them on their way to the next station in the chain," he said.

"Since microwave signals travel in a straight line, and do not bend with the curvature of the earth, radio relay stations must be placed at 25 to 30 mile intervals to maintain a direct line-of-sight transmission path," the manager continued.

He noted that tower heights are determined by the lay of the land between stations. The heights of towers on the route between El Paso and McCaulley will range from 30 to 350 feet.

Be our guest... SAMPLE A NEW '62 CHEVROLET

Come in and drive any (or all three) of these new cars for '62

Impala Sport Coupe... goes as smooth as it looks

1 JET-SMOOTH 1962 CHEVROLET
If you've a yen for room, refinement and riding comfort (at a price that takes the high cost out of feeling luxurious), take a guest drive in a '62 Jet-smooth Chevrolet. You'll see right quick why this is all the car anyone could reasonably want. That head-in-the-clouds Jet-

smooth ride, for instance. The inviting wide-opening doors. Those sofa-sized seats. The power choices up to a pulse-racing 409 h.p.* And notice the whopping deep-well trunk and the slick way those steel inner shields protect front fenders against corrosion. The more you get to know this built-for-keeps beauty, the more worth and satisfaction you'll find.

2 NEW CHEVY II
Sample this savvy saver and you'll discover just how dapper dependability can be. Here's a brand-new line of cars, including sedans, wagons, a hardtop and even a convertible. Stylish, sturdy simplicity is their stock in trade. They're sensibly designed to save you money on service, maintenance and operation. You've a choice of a thrifty 4- or a snappy 6-cylinder engine in most models.

The ride is wonderfully gentle and precise, thanks to new Mono-Plate rear springs. Roominess, for people and stuff, is so remarkable that many a big car is wondering how we did it. We could go on and on... but why don't you go on-to your Chevrolet dealer—and discover all the happy details for yourself. The price? It's just as sensible as the car itself.

smooth ride, for instance. The inviting wide-opening doors. Those sofa-sized seats. The more you get to know this built-for-keeps beauty, the more worth and satisfaction you'll find.

3 '62 CORVAIR
Here's a fleet-footed blend of sports car spirit and thrifty practicality. Along with some neat new refinements, Corvaire's rally-proved four-wheel independent suspension, rear-engine design, tenacious traction and split-second reflexes are all back, as rarin' to go as ever. If you haven't had a go in Corvaire, your Chevrolet dealer's the man to correct that oversight.

Corvaire Club Coupe... sporty goes with savings galore

It's as easy as 1-2-3 to pick the car you want at your local authorized Chevrolet dealer's New World of Worth.

IT'S A FUNNY WORLD

There's A Vacant Chair In Tomb Waiting For Krush

BY INEZ ROBB

Would anyone care to make book on how long the statue of Karl Marx will be permitted to remain as a peddler, hard by the Bolshoi Theater in Moscow, where it was placed a few weeks ago?

Or would anyone care to speculate on the reasons it has taken more than 40 years for the USSR to erect in Communist's capital a monument to the author of Communism?

In life, Marx was anything but lovable. He cultivated a brutal penchant for biting the heads that fed and helped him. Like a certain other current Communist leader, Marx would not brook a rival in the political movement he spawned.

Throughout his life, Marx be-layed and brought down any political disciple, no matter how de-voted the man was to the founder. If Marx so much as suspected that the luckless follower was attaining any stature in the Communist movement,

The "cult of personality" was well founded by Marx himself, before the phrase was dreamed up by Khrushchev as a cudgel with which to beat the dead Sta- lin.

In the last year of his life, Marx was planning to betray and drive out of the party the man who had been his main source of financial support for almost 40 years. That man was Friedrich Engels, a rich and successful German business- man. He supported Marx and his family during the long Marx-Engels collaboration on Communism.

Certainly Engels is a co-founder of Communism with Marx. To- gether, they issued the Communist Manifesto in 1848. Before that date and until Marx's death in 1883, En- gels supported Marx, who was never able to support himself, his wife and children.

For his pains and devotion to Marx, Engels was slated for the old snickernee treatment at the time of Marx's death.

Flouridation Plan Rejected By Voters

SALT LAKE CITY, Utah (AP)—Flouridation of the city's water system was soundly defeated in an election Tuesday.

The vote from 143 of 203 districts was 8,770 in favor of flouridation to 31,338 opposed.

Organized medical groups all supported flouridation, arguing that it would reduce tooth decay. Several groups actively opposed it, contending that flouridation amounted to mass medication; that it was thus a step toward socialized medicine; and that if anybody wanted such use of fluorine, he should get it from his dentist.

Group Building Fallout Shelter

MUSKOGON, Mich. (AP)—Members of 50 families in Lake-on Township north of Muskegon are rushing construction of a huge privately owned fall-out shelter.

The shelter will accommodate 200 persons — members of families who are paying for it.

William Weisner, Muskegon insurance salesman who is chair- man of the project, said the shelter will have well water, a bottled gas-powered generating plant, showers, toilets, decontam- ination equipment and medical supplies.

Some insects live unscathed on insect-eating plants. Certain small moths, for example, lay their eggs only on pitcher plants and their larvae feed on the plant tissues.

Double Talk Big Aid To Civilization

By HAL BOYLE

NEW YORK (AP) — It's been some time now since we've had a drill on double talk.

Double talk, you remember, is the art of saying one thing while actually thinking another.

There are some who deplore double talk as a form of deceit and regard it as immoral. However, in most ordinary cases it is no more immoral than medicine.

For, in a schizophrenic world, double talk acts as the saving grace of civilization. It enables us to be pleasant to others while leaving us free to be true to our- selves within.

Here are some more useful phrases, and their literal transla- tions, to pep up your double talk vocabulary.

"I hate to ask you for \$8 until payday, but the truth is—" The truth is we've already borrowed from everybody else in the office, and you're the only sucker left.

"Let me be the first to con- gratulate you on your new pro- motion, Joe." What happened to the boss — he's losing his mem- ory.

"You'll love this apartment. It has 8 1/2 big rooms. That is, counting the 3 1/2 small closets."

"I don't want you to get the idea I simply hired you to be a 'yes-man.' But if any man is going to say 'no' in this organiza- tion, it'll be me!"

"Oh, darling, what lovely flow- ers!" What've you been up to now, you bum?

"You pick the restaurant. I really don't care where we eat." So long as the steaks cost \$8.50.

"If I were you, sir, I'd try the beef stew—it's especially good to- day." It was even better the day before yesterday, when the chef first cooked it.

"Now I want your honest opin- ion on this." If you don't like it, shut up.

"That's too bad, Wimberley. But stay home and take care of your- self. That's the important thing. The office can run itself." Nobody has been able to figure out what you do here anyway.

"You're not like most fellows I go out with, Wilbur. I feel safe with you." And so bored, I could scream.

"No, I don't feel angry because you forgot our anniversary, John — just hurt." And buddy boy, when you get the bill for the new wig, you'll see I bought, you're going to hurt too.

"Are they really dentures?" And all the time I thought they were real. Real walrus tusks.

"Well, it does fit a nice snug, size 12, after all, you've got such wide shoulders." They're particu- larly wide across the waist.

"Yes, Dr. Frothingham, that was one of the most inspiring ser- mons I've ever heard. The nap really did me a lot of good."

"I'm ready to go right this min- ute, dear." Just as soon as I take a quick bath, remove these curl- ers, put on my dress, fix my face, and—

Discoverer 34's Capsule Is Lost

LOS ANGELES (AP)—Because of an on-orbit malfunction, Discoverer 34's capsule won't be recovered.

The Air Force, in making the announcement Tuesday, gave no further details.

Discoverer 34 was fired into a polar orbit last Sunday from Van- denberg Air Force base. Six cap- sules have been recovered in the air and two from the ocean.

Texas Should Keep Rolling

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP)—A poet once wrote that "once to every man and nation, comes the moment to decide." That doesn't include college football forecasting, where you must decide every Wednesday. Last week there were 36 correct decisions, 16 wrong for 692. This week's picks:

Texas over Baylor. Texas has been on a roll since losing to the average time of 34.7. What makes you think they won't do the same to Baylor?

Alabama over Richmond. Alabama like an open date for the Alabama.

Ohio State over Indiana. Where do you find a better fullback than Bob Ferguson of the Buckeyes?

Louisiana State over North Carolina. This very easily could go the other way if the LSU Tigers spend too much time re-reading the clippings of their triumph over Mississippi last weekend.

Iowa over Minnesota. The nation's No. 1 team in September needs a victory here to carry its season from complete collapse.

Michigan State over Purdue. They can't stop the Spartans two weeks in a row. But the Boilermakers are rugged.

Mississippi over Chattanooga. The Rebels start another winning streak.

Colorado over Utah. Gale Waidner and his Colorado mates are headed for the Orange Bowl and they are not to be side-tracked at this stage.

Tennessee over Georgia Tech. Some of the wolves are beginning to yelp in Tennessee and this should inspire the Vols.

Missouri over Oklahoma. But not by last year's 41-9 margin. Syracuse over Colgate. Just when Colgate starts on the road back it runs into an angry Ernie Davis.

Wake over Navy. This is the Oyster Bowl game. The Duke razor-dazzle will decide it.

UCLA over Texas Christian. A toughie but the home field helps the Californians. It is a Friday night contest.

Washington over Oregon State. Too much Huskie speed in the person of Charlie Mitchell.

The others without comment: Friday, Detroit over Villanova, Furman over East Carolina.

Saturday, EAST: Army over William & Mary, Boston University over Connecticut, Buffalo over Virginia Military, Columbia over Dartmouth, Cornell over Brown, Princeton over Harvard, Holy Cross over Massachusetts, Yale over Pennsylvania, Notre Dame over Pittsburgh, Rutgers over Delaware.

SOUTH: Auburn over Mississippi State, Wake Forest over Davidson, Florida over Georgia, Florida State over The Citadel, Louisiana Tech over Mississippi Southern, Maryland over North Carolina State, Memphis State over North Texas State, Clemson over South Carolina, Miami over Tulane, Kentucky over Vanderbilt, Wake Forest over Virginia Tech, Penn State over West Virginia.

MIDWEST: Miami (Ohio) over Dayton, Michigan over Illinois, Houston over Tulsa, Iowa State over Nebraska, Kansas over Kansas State, Wisconsin over North Western, Wichita over Drake, Xavier (Ohio) over Marshall, Utah State over Western Michigan.

AFL Draft Date Is Set
DALLAS (AP)—The annual draft of the American football leagues will be held here Dec. 2. Commissioner Joe Foss said this date had been selected in cooperation with a request of the American Football Coaches Association that professional leagues wait until the final Saturday of college football.

Foss said the coaches association thought this would eliminate premature signings of players. "We have long insisted, and still do, that it is not the role of the draft but the coaches on a league in signing players that can eliminate premature signings," Foss declared. "But the coaches have asked us to try later draft dates as a remedy and we want to cooperate with them."

The AFL held a six-round telephone draft Nov. 23 last year. The remaining 24 hours were run off Dec. 6.

Bowl Sellout Looms
DALLAS (AP)—A sellout crowd for the Cotton Bowl football game Jan. 1 apparently is assured. The 25,000 tickets available to the public were oversubscribed before the 13-day mail order sale ended Tuesday midnight. The only tickets left unsold are those going to the competing teams. A drawing will be held Friday to determine the order in which ticket applications are to be filled.

SOUTHWEST: Arkansas over Rice, Texas A & M over Southern Methodist, Texas Tech over Boston College, Arizona State over Texas Western, West Texas State over Trinity (Tex.).

FAR WEST: Arizona over Idaho, Brigham Young over Colorado State Univ., California over Air Force, Montana over Montana State, Wyoming over New Mexico, University of Pacific over Stanford, Washington State over Washington State.

Between You And Me

BY JERRY JACKSON

Riddle: When can a steer be a duck?

Answer: When the steer is of the University of Texas. Then it can become a "sitin' duck."

The Longhorns are in that shaky position at this instant, riding high after seven lopsided victories and nursing top-ranked national billing. Their closest game of the season, from the standpoint of score, was a 28-7 clobbering of one-mighty Oklahoma. All of the rest have been by bigger margins, with a 41-9 bombing of Washington State representing their widest win margin.

This last week saw Southern Methodist trying to play giant killer against the Steers. SMU won a moral victory in the first half, outplaying the touted Texas team enough to score two touchdowns. The Steers, possibly a little aggravated from it all, picked up all the second half marbles, though, and won the game with comparative ease, 37-0. (Prior to the Texas game, the Methodists had given up only one second-half touchdown in all their five earlier outings, but...)

Baylor (a three-touchdown underdog), is next in line for Texas, followed by TCU and A&M. Victories in these three games would no doubt tend to preserve the Steers' top ranking and earn for them the conference's first national championship since the depression heydays of 1935-37 when two of their upcoming foes of this season—A&M and TCU—were acclaimed as best in the nation.

On paper, none of the three appear capable of upending Royal's boys, but therein lies the gimmick, sports fans. The games aren't played on paper.

Once you're on top, you become fair game, and the lowest of the low can become nine feet tall on any Saturday and knock you from off your coveted perch. It happened in the one-two teams last past week, as Kingpin Michigan State was jolted by Minnesota 13-0 and bridesmaid Ohio Miss lost out to pesky LSU, 7-0.

Anyone remember the last time a Southwest Conference team was a serious contender for a national championship? It was that wonderful year—1957—when the Texas Aggies were playing everybody under with consistency. They won their first eight games—giving up a total of only 31 points in the process—and following that eighth win, the powers-that-be recognized their hard-fought efforts by naming them the national champion of the continental U.S. and its territories, which at that time included Alaska, Hawaii, the Virgin Islands, the Canal Zone, Brooklyn and Little Rock.

Then, on the first week following the New Birth, things got progressively worse. Rice Institute came bounding up to knock off the Aggies, 7-6, then Texas applied the clincher the game following by winning, 9-7. Not only did the Aggies' national prominence go down the drain, but they also lost the conference championship to the Insitutors, having to settle for the Gator Bowl instead of the Cotton, where they lost again, this time 3-0.

Texas, consequently, is in an enviable, but precarious position. Here's hoping they go all the way, but in the way of a friendly warning—don't bet next month's paycheck on it.

Minnesota's Twins lost 10 of their first 20 games this spring against Detroit, Cleveland and New York.

MORRIS MARCUM ROBINSON

QUARTERBACK CLUBBERS BRIEFED

Tornadoes To Field A Strong Defensive Outfit

"We went over there half ready and got the tar kicked out of us," Tiger coach Horace Bostick commented Tuesday night to Quarterback Club members in summing up his eleven's 23-14 upsurge to Colorado City. "We're going to try and get them ready for Lamesa this Friday," he added, and assured the Club that from all indications Lamesa will be primed and ready when it takes the field here at 7:30 that evening. The Lamesas still possess an outside shot at a tie for the district title Sweetwater-Lake View (tie) to Sweetwater and Lamesa beat both Snyder and Colorado City. Lake View, however, clinched the playoff spot Friday in getting past the Lamesas club, 15-8.

Opening business of the evening centered around the presentation of the organization's lineman and back of the week certificates to the players selected by their teammates for the honor. Dan Cotton presented the awards to halfback Dan Callaway and center Joe Robinson. Cotton represented the second week in a row in which Callaway had been so designated.

Club proxy Joe Williamson appointed a committee to work with Coach Bostick in planning a date and lining up a speaker for the annual football banquet, which is normally held in January. Freddy Bullard was named chairman of the committee and he will be assisted by Vestal Boothe and Arrel Faver.

Williamson also urged all members and townspeople to keep in mind and to try and attend the people all star game of this Saturday night in Tiger Stadium, which is the highlight of the season for Snyder's elementary school youngsters.

Tiger "B" team coach Bill Hartfield also announced that after considerable jockeying of kickoff times that a 5 p.m. kickoff will be observed when his team plays its final game of the year in Colorado City this Thursday. An earlier time had been hoped for locally to facilitate the team members return in order to see the three junior high games of that night, but could not be mutually arrived at.

This Thursday evening represents the "big one" for Lamar and Travis Junior Highs, as that is the time when they are to meet each other in Tiger Stadium. The seventh graders are to clash at 5 o'clock, followed by the eighth graders at 6:30 and the ninth at 8 o'clock.

Prior to the showing of the Snyder-Lake View game film, Hartfield offered members a riddown on the offensive machine which Lamesa is expected to manipulate here Friday.

"They don't have a whole lot of speed," he advanced, "but they drive" well, especially their fullback, Earl Hatchett.

"Their favorite formation is placing a wingback to the right, and they had a lot of success in sending both that wingback out short and their right end a little deeper, then throwing to the short end when there is only one defender to cover them both," he went on. He also specified that the Tornadoes have a fine throwing

club, and that they cut loose with 26 aerials during their narrow loss to Lake View.

"This boy (Sherrill) Kidd, their quarterback, is a fine passer," he warned. He added that Kidd can usually be depended on to hit his target, but that on occasion his receivers tended to drop the ball when it should have been gathered in.

Coach Jimmy Gafford reported on the Tornado defenses. Lamesa can be expected to run an "Arkansas monster" defense, with Hatchett being the so-called "monster," and he reportedly turned in as fine a job on defense as he does offensively.

Lamesa is a tough club from a defensive standpoint, as it was brought out that they held the high-geared Lake View team to only three first downs during the first half and a total of just eight throughout the entire game. Lamesa, on the other hand, rolled to a total of 17.

He also commented that Lamesa is the only team to date which has succeeded in stopping the devastating trap plays of Lake View's fullback Mike Sanders, as they turned the trick by cross-blocking in to the line.

Lamesa plays a basically "hard-nosed" brand of ball, and Gafford stated that "they do a real fine job for their ability." Except for two defensive switches, the same personnel go "both ways," also.

Gafford went on to comment that he has been highly impressed with Lamesa from the start, and that he thought if they played Sweetwater again (Lamesa won the Sweetwater contest by 7-6) that they would win it again.

Lamesa's primary weakness was thought to be their failure to have a breakaway back, which would tend to strengthen them offensively.

Snyder will go into the game in fairly good physical shape, although snafu fullback Eddy Kirby—who has been starting in the place of injured Bob Pena—will see no action due to an injured shoulder. Pena ran just three downs against Colorado City, and it is hoped that he will be ready to go full time against Lamesa.

Trio Pacing Tiger Stats

Halfback Mike Morris, quarterback Tim Marcum and linebacker Joe Robinson continue to be the "big guns" in the Snyder Tiger attack, as the team prepares to cap off its season here Friday against Lamesa.

Morris is currently leading his makes in scoring, net yards rushing, and pass receiving, while Marcum—who missed the first four games of the season due to injury—leads the way from the standpoint of the Tiger aerial circus.

Morris, with his combined rushing and pass receiving totals, tops a 77 yard offense reading of 910 yards over the nine-game span, an average of approximately 101 yards per contest attributed to him. Marcum's rushing and receiving combined tallies out at 706 yards for the five games in which he has appeared, so that he has been clicking off a healthy 142 yards per outing, or almost one and a half times the length of the field.

Robinson represents the defensive rock for the team. He has been credited with a total of 82 tackles and assists for the season; to outdistance his contemporaries in that area.

Steve Free's punting average has been climbing steadily, so that his average for the year is up and over the 30-yard average now. His average per punt tally in district competition stands at 34.4 yards.

A capsule glance at the team's statistical leaders for the season follows.

Player	TD	Yds	Per

Lincoln Cage Teams Take Twin Bill

Lincoln High began its basketball season Monday with a bang, winning two scheduled games of that night.

The Lincoln "B" teams of both boys and girls took on Post Junior High, with scores in both contests being close ones.

Lincoln's girls triumphed by 12-12 in a game which saw Emma Garrett scoring all the winning points. Ruby Mammal paced Post with six.

In the boys' game, Lincoln had to come from behind in winning by the narrow margin of 30-28. Lonnie Brown topped the winners' point production with 25, followed by Linwood Darnest with 19. Vernon Clay with four, and Curtis Clay and Brady Cobb with two each. Jimmy Deas was high for Post with 20.

Lincoln will next try Slaton in a home game slated for November 28.

Five of Michigan State's 1961 football rivals - Wisconsin, Michigan, Notre Dame, Purdue and Northwestern - have been Spartan grid foes for more than 40 years.

BEHIND THE SCENES OF YOUR TELEPHONE SERVICE

An interview with Richard A. Goodson, Southwestern Bell Vice President and General Manager for Texas

BY DON DAVIS, TELEPHONE NEWS WRITER

Here today: A wide range of convenient communications services to fit any need

"Not too many years ago," says Richard A. Goodson, who is in charge of Southwestern Bell's Texas operations, "most people probably thought of telephone service as a single black instrument.

"But nowadays it's increasingly common for people to have several phones in color in their homes. And over the years the available communications services have grown from a rather small number until now it takes a whole catalogue to list them all."

From all of the services mentioned by Mr. Goodson during an interview in his office, I've selected three to picture here,

Richard A. Goodson

CALL DIRECTOR phone is ideal for businessmen, secretaries. You can phone people in your plant or office by pushing buttons, fold conference calls over an intercom, add another person to an outside call. A secretary can answer calls on as many as 29 lines.

HOME INTERPHONE is a complete residential communications system, even lets you open the door by phone. With the Home Interphone, you also can phone from room to room, call the family to dinner, listen to the baby in another room.

THE Princess PHONE gives you smart styling. So petite it fits in the smallest space. Even has a dial that lights. It's little, it's lovely, it lights.

Southwestern Bell Telephone Company

Call by number... it's twice as fast

HERE ARE THE RULES OF THE CONTEST

In each advertisement on this page you will find the contestants in a prominent football game being played in the country this week-end. Get an entry blank from one of the merchants who are helping sponsor this contest and whose message is on this page. Fill in your selection of the WINNING TEAM only... opposite the name of the firm on the entry blank. Then send your complete blank to FOOTBALL CONTEST EDITOR, THE SNYDER DAILY NEWS. Entries must be in the hands of the editor by 12 o'clock noon, Friday. Games ending in a tie score must be specified as a tie or else it will be considered a miss.
If there is a tie for first place the winners will divide the cash money of \$12.50 and no second prize will be given. If there is a first place winner and a tie for second place, the second prize winners will divide the money for the tie. If more than two persons tie for second place, no second prize money will be awarded and the cash will be added to next week's prize. Tie for perfect score will split \$25.00. There will be fun for the entire family. Only one entry blank will be permitted from any one person. More than one will disqualify all of the person's entries. Scores listed on the entry blank will have no bearing on the choice of the winner. Sign your entry blank and list your address and phone number — and watch for the story on next Wednesday's front page for the winners. Hurry now, and get your entry blank from one of the merchants on this page. The contest blank must be in your own handwriting. Employees of The Snyder Daily News and their families not eligible to enter.

Junior Editors Quiz on FROGS

HE'S ALL SET FOR WINTER

QUESTION: When frogs hibernate, do they stop breathing?

ANSWER: Since frogs are cold blooded, if they tried to stay above ground during our northern winters they would quickly freeze to death. So, when they feel the cold coming, they burrow deeply into the mud, put their front feet around their faces and go into a deep sleep, or hibernation. Like other hibernating animals, their bodily functions slow down until they seem dead; their breathing appears to stop. Yet we know that air is necessary to living creatures. How do the frogs manage to get enough air? Remember that a frog was once a tadpole and had gills like a fish with which he could breathe underwater. Then when he developed legs and crawled out on land, he developed lungs like other land animals. For his winter hibernation, the frog has another amazing trick up his sleeve. Frogs are able to breathe through their skin, and this is how they survive their long winter sleep.

FOR YOU TO DO: In all of nature there is nothing more wonderful than the changes in a frog's life. See if you can find a book to tell you more about it and to show pictures of various kinds of frogs.

(Ronnie Froese of Collierville, Pa., wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Livestock Survey Set

Rural mail carriers from the Snyder Post Office will leave some livestock survey cards along their routes beginning Nov. 16. Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms, said H. D. Moreland, postmaster. Rural carriers will distribute the cards at random along their routes. "This means that not every box will get a card," Moreland said. "For this reason it is important for everyone who gets a card to return it filled out so that USDA can get a true sample of the state's livestock holdings. Carriers assisting with the survey are Warren Dodson, Route 1; Hilton Lambert, Route 2; and Joel Hamlett, Route 3. Facts and figures secured in the survey are the basis for the Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Audie Murphy Now Has Another Medal LOS ANGELES (AP) — Actor Audie L. Murphy, whose 24 prior decorations included the Medal of Honor, now has the Civilian Service Medal as well. The Army's highest civilian honor was bestowed Tuesday night for Murphy's contribution to an Army film concerned with the missile program.

LEGAL NOTICE

THE STATE OF TEXAS We say Sheriff or any Constable GREETING We are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Scurry County, Texas, the accompanying citation, of which the herein below following is a true copy. CITATION BY PUBLICATION THE STATE OF TEXAS To: J. L. Tunstall, his successors, heirs and legal representatives, and Davis Brothers, a partnership, their unknown heirs and legal representatives, and all other owners, owners or claimants of the land hereinafter described. Defendants, Greeting: YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Scurry County at the Court House thereof, in Snyder, Texas, by filing a written answer at or before 10 o'clock A.M. of the 11th of Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of December A.D. 1961, in Plaintiff's Petition filed in said court on the 23rd day of October A.D. 1961, in this cause, numbered 879 on the docket of said court and styled C. D. Hicks, Plaintiff, vs. J. L. Tunstall, et al., Defendants. A brief statement of the nature of this suit is as follows: to wit: Plaintiff's Petition alleges ownership of the following: All of Lot 2, Block 48, in the Grayson & Nelson Heights Addition to the City of Snyder, Scurry County, Texas, as is more fully shown by Plaintiff's Petition on file in this cause. If this citation is not served within ninety days after the date of its issuance it shall be returned unexecuted. The office of executing this writ shall promptly serve the same according to the requirements of law and the mandates hereof, and make due return as the law directs. Issued and given under my hand and the seal of said court at Snyder, Texas, this 26th day of October, A.D. 1961. (s) Attest: Eunice Weatherhead Clerk, District Court Scurry County, Texas. A. T. J. By Deputy.

DeGaulle Fears Khrushchev Aims For Neutralism Wave

By WILLIAM L. RYAN
Associated Press News Analyst
PARIS (AP)—Westerners who see President Charles de Gaulle frequently are picturing him as convinced that the Kremlin is intent upon sending a shock wave of neutralism through the heart of Europe.

This is the reason, they say, why De Gaulle takes his voice against any negotiations with the Soviets in an atmosphere of manufactured crisis, why he considers feelings toward the Russians would be a sign of Western weakness.

De Gaulle is represented as solemnly warning the West: Beware of summit meetings. Beware of negotiating under the appearance of Soviet threat. Beware of Soviet designs in Western Germany.

De Gaulle is said to feel the Kremlin is operating on the theory of "disarming the enemy." It

considers West Germany an important link in the North Atlantic Treaty alliance, a link which must be removed if the alliance is to be broken up.

The Kremlin, so the thinking goes, wants to neutralize West Germany and create a no-man's land extending to the Rhine and the borders of France. De Gaulle considers this a peril.

Western sources enthusiastically credit De Gaulle with remarkable success in achieving French-West German cooperation, which De Gaulle seems to consider basic, a key to continued solidarity of the West.

Thus, De Gaulle would look down upon the notion of negotiations which even implied recognition of Communist rule in East Germany, or of any negotiations having the appearance of sacrificing West German

interests, damaging West German relations with the West or frightening the West Germans.

This seems to be why De Gaulle at times appearing to some British and Americans as stubborn, is cautious on tactics involving talks with the Russians. De Gaulle apparently sees no basis for negotiation with the Kremlin so long as it continues to generate crises and raise threats.

He is pictured as saying: Suppose a summit meeting were held on the German-Berlin questions and failed? What would be left? What possibly could come next?

France's president is said to feel the Russians will not take long risks to gobble up West Berlin. His argument is relayed like this: If the Russians are intent on going to war, there is no point in negotiating. If they are not go-

ing to war, there is still no point in negotiating.

This means he sees no reason to negotiate until the West is sure it is not approaching the Soviets from positions of weakness.

The French president is reported to have put the matter this way: If the Russians want a relaxation of tensions, there must be a balance in Europe and the world, there must be equilibrium in Europe without West Germany on the Western side, tightly tied in with Western policy.

De Gaulle, of course, is aware that eventually the Kremlin may go through with its plan, to sign a separate peace treaty with the East German Communist regime. If that happened, it is likely the West would be forced to deal with the East Germans, even if insisting they were only agents of the Soviet occupation.

De Gaulle seems to concede not much could be done about such a development. But apparently he remains dead set against any willing concessions to the Russians, and insists that the Russians make some concessions to the West, at least to the extent of easing crisis pressures. The

greater the noise the Soviets make, the less De Gaulle is inclined to talk with them.

De Gaulle does not view his own stand as presenting any complications with regard to building a united Western attitude toward the Russians. He admires President Kennedy, has faith in his ultimate ability to counter Soviet threats. He seems to understand Washington's eagerness to bring about some relaxation of the cold war.

But De Gaulle thinks in terms of continental solidarity and is unwilling to commit the continental powers to any course he considers dangerous to the future of Western Europe.

No Ducktail Rule Draws A Protest

PERRY, Ga. (AP)—Does an American teenager have a basic right to wear any kind of haircut he chooses?

Yes, says the father of a boy suspended from school for wearing a ducktail haircut.

No, says the school principal and the school board.

The father, Walter C. Sorrells, argued Tuesday that the ducktail is a harmless, pleasing fancy and he is going to court to prove his point.

Ducktail haircuts are popular among the rock 'n' roll set. The hair is worn long and combed to a point in the back.

The principal, Eric Staples, said the school board recently banned "unconventional haircuts" because they sometimes were associated with delinquency.

But Stanley Sorrells, 17, center of the controversy, contended that the ducktail was "the kind you see on all the popular young actors, singers and politicians."

At a hearing before the Houston County School Board, Sorrells said his son has a basic American right to wear any hair style he chooses.

"The right of choice was won when Cornwallis surrendered to General Washington at Yorktown," he asserted, "and I mean to defend that right."

Stanley's mother agreed.

"Why, if Stanley is willing to stand the ridicule, he has the right to wear a Chinese queue or go to a beauty shop and get a permanent," she told the school board.

The Sorrells argued unsuccessfully. The board voted unanimously

to uphold the eight-day suspension.

Sorrells said he would appeal to the State Board of Education. He has filed suit in Superior Court to enjoin the principal from enforcing the no-ducktail rule.

"Nothing has ever worried me as much as this," said Sorrells, a civilian employee at Robins Air Force Base. "With our freedom being challenged by Communism on all the world fronts, the least we can do is fight to protect our rights at home."

Jim Ellis Rites Held In Ft. Worth

Federal services were to have been held this afternoon in Fort Worth for Mr. Jim Ellis, 78.

Mr. Ellis was the son of pioneer settlers of Scurry County, and had lived his entire life here until moving to Fort Worth a few years ago.

He is survived by three sisters, two living in Fort Worth, the other Mrs. J. M. Duke, Route 2, Snyder.

The symbols for certain British monetary units, £ for pounds, \$ for shillings and d. for pence, actually denote the Latin words libra, solidus and denarius.

WRITE AD-RIMES \$310 Cash Given FREE SCURRY COUNTY SHOPPING GUIDE

HOW TO WIN AD-RIME PRIZES

The arrow points to the "Guideline"

AD-RIME means that the ad rhymes with the Guideline. Your entry MUST carry the Guideline. Rhyme is not among the ad—see word in each column. One word only.

You don't have to buy anything to win prizes but MUST find and write the Guideline. Professions in each column are a "Guideline." One which can win it.

All these firms are true and tried. But you must write original ads. Hand in—no stamp here.
