Staff members at the Enterprise join all Oltonites in wishing success to Olton High's two state competitors this weekend.

Tim Givens will be trying for the Texas championship in 120 high hurdles with running events beginning at 7:30 p. m. Friday.

Deborah Sweatt will compete with seven other outstanding business students from Texas in short-hand contests Saturday morning at 10:30 a. m.

Good Luck, Tim and Deborah!

GRASS ROOTS GEORGE SAYS:

A judge says it's illegal for the Nixon administration to close down the war on poverty...but apparently it's okay to go bankrupt trying to finance it.

If you put off until tomorrow what you should do today, it probably will cost more or there'll be a higher tax on it.

Circus Coming

To Olton Friday

Two performances of Fisher Brothers Circus will unfold here Friday. The big show will go on at 6 and 8 p. m. on the Olton Co-Op Gin lot. The performances are sponsored by Olton Baseball Association.

Special attractions to provide fun and laughter for the young and the young at heart are monkeys, apes, llamas, an elephant, a Sicilian donkey, ponies, trained dogs and other attractions.

Particularly entertaining will be Tiny Mite, the little horse just 18 inches tall; Trigger, a five-footed horse; Dixie, the wire-walking elephant; Miss Luci, trapeze artist and audience winning clowns.

Advance tickets are \$1 for persons of any age and may be purchased at Leon's, Sherman Agency, Olton Drug, Givens Texaco and the Enterprise. Tickets at the gate are \$1.50 for adults and \$1.25 for children 13 and younger.

For Fred Gordon

30 Years At School Ends

School rooms will be stilled and hushed in a few short days as another school year comes to a close. For shy, soft-spoken Fred Gordon, it will be the conclusion of three decades of dedicated service as an educator.

Retirement for the H. P. Webb Elementary School principal also means a move from the community as Fred and Ethel Gordon begin a new life in Rogers, Ark.

The Gordons have already purchased a home and moved most of their possessions to their retirement home near their only son and daughter-in-law, Freddie and Suzanne Gordon.

End of a teaching career that has been "filled with lots of fine experiences and a lot of good memories" will open a future promising opportunities for pleasures there's been little time for before.

Fishing and hunting are two hobbies that will fill happy hours ahead. Gordon also enjoys woodworking and will have more time for that satisfying avocation.

Located in the northwestern part of Arkansas, the countryside around Rogers will abundantly provide for still another of Gordon's hobbies. A bird-watcher, he plans to build houses for Martins in the yard of their new home.

Foremost, however, retirement will give Fred and Ethel time to "enjoy the kids," for the first time since Freddie and Suzanne's marriage.

children. Each youngster secured as many sponsors as he could find to pay him to walk so much per mile. The towns with the largest amount per person collected for the cause will get a visit from Dallas Cowboy, Calvin Hill.

Gordon Wood, head football coach of Brownwood High School, will be guest speaker. Widely known speaker at clinics and banquets across the nation, Wood has piloted seven teams to state championships—three more than any other

coach in Texas history.

He coached at Rule, Roscoe, Seminole, Winters, Stamford and Victoria before coming to

Brownwood in 1960. At Brownwood, he has compiled 128 wins, 25 losses, five ties, five state championships, eight district titles and a share of another.

Wood's career record is 277 victories with 60 losses and nine ties. He is a member of the Texas High School coaches Association Hall of Honor and the National High School Coaches Association Hall of Honor.

Brownwood staged a "Gordon Wood Day" in May, 1971 complete with attendance of the late President Lyndon Johnson and former greats who played high school football under Wood.

Coaches will be recognized and athletes introduced. Special awards will be presented including the Fighting Mustang, Best All Round Football Player, Best Defensive Football Player, Best Boys Basketball Player, Best Girls Basketball Player, Most Valuable Trackman, Most Valuable Golfer, Best Student Athlete and Fellowship of Christian Athletes awards.

Meat Purchases On Saturday Are Increased

Grocery shoppers in Olton last weekend may have not set record purchases from meat counters but meat sales did show either an increase or remained steady.

Local grocers stated that meat sales had not been hurt by the recent attempt to force meat prices down by boycotts in cities and large urban areas.

Residents, meanwhile, expressed appreciation at the community-backed endeavor to show support of the area's livestock industry.

Olton Has A Problem With Drugs, Says Speaker

Roy Nickell, member of Mental Health and Retardation Center in Plainview, was guest speaker Monday night for the Drug Seminar held in school cafeteria.

Discussing the drug problem in general and Olton in

particular, his disillusioning statement was that "Olton does have a drug problem." He is in position to know that Olton youths have had treatment for drug effects.

Nickell said he had no solution to offer for the problem, but urged hearers to work on the cause. The "cause" he attributes to pressures...too much money to spend, too much time on hands, pressures from parents, peers and television, and the fast-paced life as it is lived today.

Some 105 people registered for the first session and almost as many returned Tuesday night for the second session.

Tuesday night's program included a film, and small discussion groups. Each teacher serving on the drug committee headed a small group as information was discussed openly.

Carl McClure, committee chairman, stated that he was well pleased with attendance of the seminar and with information gained.

He also stated that the group was made aware of the services rendered by Mental Health Center, to advise or treat, once a parent discovers or suspects the use of drugs.

"beyond the call of duty."

Professionally, he is associated with the Texas State Teachers Association, National Education Association, Texas Elementary Principals and Superintendents Association and has served as vice president of Lamb County Administrators. He holds a life membership in the Parent-Teacher Association and is an honorary member of Lambda Chi Alpha.

Selected for "Who's Who Among American Educators," his workday almost invariably begins at 7 a. m. and frequently has not ended before 5 or 6 p. m.

His profession is not the only facet of his dedication. A devoted family man, he was especially close and considerate of his own father who lived here from 1950 till his death in 1961 and showed the same loving concern for his parents-in-law, the late Mr. and Mrs. C. A. Hulsey.

The Gordons have been faithful members of the Methodist Church. Keeping his pledge to be loyal with "his prayers, his gifts and his time", he has served almost a quarter-century as Sunday School superintendent. He has also taught a Sunday School class, served as chairman of the church's governing board and served a number of years on the commission on education.

Mr. and Mrs. Gordon will be honored Sunday afternoon with a reception from 3 to 5 p. m. in the foyer of H. P. Webb Elementary School.

"SUPERPRINCIPAL" FRED GORDON holds a scrapbook presented by members of Classroom Teachers. The scrapbook was submitted with his nomination by the CTA for Texas Administrator of the Year. CTA members cited Gordon for the honor prior to learning of his retirement this year.

through seven, Gordon recalls his arrival in Olton.

"I thought I'd really come way out west," he says in remembering the town's unpaved streets and board walks and two saddle horses tied to a hitching rail in front of "Frank's Cafe."

Happy memories of those early days include carefree fellowship with the faculty and bus drivers and games of basketball and volleyball in the "old gym" which stood almost in the spot where his office is today.

"Those bus drivers were the most congenial men I've ever known," he recalls. Those fun games were often matched against faculty and bus drivers from Springlake and Amherst schools.

Gordon remembers riding the buses of that day and taking his turn accompanying the football team to out of town games. Three teachers were assigned to ride the bus with the players and out of town games made for full days.

One of those early day games he made with the team was a district or bi-district game with Roscoe. He recalls they left home about 4 a. m. and arrived at Sweetwater, where the game was to be played, about noon. In the era before lights, the game was played that afternoon and then came the long trip back home.

In December 1940, Fred married a fellow teacher, Ethel Hulsey. Ethel was granted special permission to complete that school year since Olton

Clean Up Contest?

May has been proclaimed "Clean Up Month" by the city fathers and they have already started! Have you noticed how many vacant lots have been mowed?

We want to commend them on their efforts to control weeds on these vacant lots, but there are some places that the city mower cannot get into and mow and that's where we come in.

Do you have a vacant lot next to you? Why not mow down the unsightly weeds as you are mowing your lawn. It would make the entire block look much neater and make your home much more attractive.

There is much needed work on the streets, still a need for removal of old appliances and discarded automobiles plus the

tearing down of old shacks in town, but with everyone's cooperation, we feel that Olton could be cleaned up and made a very attractive little town again.

A few flowers in front of some of the vacant businesses would look much better than the weeds that are allowed to grow waist high.

We suggest a real organized clean up day several times during the month, with organizations like 4-H, Scouts, Women's Clubs, Lions and maybe even FFA, FTA and FFA and the like joining in for a contest of some sort to see what group can clean up a certain part of the city before the other group. Then cap it all off with luncheon on the square and due recognition to all those involved.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

We're not tooting our own horn, really we aren't, but we were real proud of the Enterprise YOU helped us put out last week backing our farmers and stockmen. It was satisfying tiredness we felt when it took midnight oil to get it ready.

After working with that issue and fretting at all the big city fuss over the high price of MEAT, it was pretty fretting to get a copy of Sunday's Houston Post and read a big article about "The May 5 Coalition" they were working up.

The WHOLE THING - Houston's May 5 Coalition - was started by this poor housewife who can hardly feed her family because of the high price of meat and "convenience foods." It's especially difficult for her to make her budget meet because her husband - a member of the Oil, Chemical and Atomic Workers Union Local so-and-so is on strike.

All this is just further reason to believe the more-truth-than-

fiction statement by a commentator that many of the boycotting women drove up in Cadillacs, wearing \$100 pants suits to protest the high cost of feeding their poor families.

Let them eat their caviar and lobsters - that may be all they can buy when there's not meat enough to supply the demand.

CHILDREN'S NIGHTIES

Cook Of The Week

Interior decorating is a dream of the future right now for our Cook of the Week, Janet Spain, a junior at Olton High School.

Janet, daughter of Don and Susie Spain, likes to draw and plans to major in home economics or art after high school graduation. Right now, Tech is her probable choice of schools. Attending Tech will carry on a family tradition, her dad attended Tech before transferring to Oklahoma A&M for his degree; her mother earned degrees from Raiderland and her older brother and sister, Steve and JoEllen are presently enrolled there.

A native of Olton, Janet has a younger brother, Robin. Her mother is commercial teacher at OHS and her father is owner of Olton Farm Supply.

In addition to drawing, Janet likes to play the guitar, ride horses and water ski. She also enjoys needlework and has made a pair of crewel embroidered wall hangings.

Janet's family appreciatively admits she's a good cook. Combining her artistic talents with her cooking abilities, she decorated a grand aunt's 86th birthday cake at Easter time.

Dennis-Voyles Vows Read In Home Ceremony

In a quiet ceremony, Friday, Apr. 27, attended only by family members and intimate friends, Brenda Ann Voyles became the bride of Darryl Curtis Dennis. The home of Mr. and Mrs. Houston Hamby was the setting for the double ring ceremony officiated by the Rev. John Lewis, pastor of First Baptist Church.

The bride is daughter of Mr. and Mrs. Bill Wisdom of Lockney. Dennis is the son of Mr. and Mrs. Vernon Nixon.

An improvised altar area was created by the use of multi-branch candelabra, fitted with tapers of spring colors, and embankment of greenery accented with white satin bows. Mrs. James McCoy, pianist, of Plainview, presented traditional wedding selections.

Attended by Mrs. Houston Hamby, sister of the groom, the bride wore a formal length gown of pale blue peau de soie styled with an Empire waistline, scoop neckline and A-line skirt. Pearl buttons accented the front of the bodice. The full sleeves terminated in cuffs of white fluted organdy lace, also accented with pearl buttons. She carried a bridal bouquet of spring flowers.

For "something old" she carried a lace handkerchief belonging to her grandmother. "Something borrowed" were earrings, belonging to the matron of honor; "something new" was a pearl pendant, gift of the groom, and her dress. She carried, in her shoe, pennies minted in the years of the birth of both bride and groom and one minted in the year 1973.

Mrs. Hamby, as Matron of honor, wore a formal length gown of hot pink crepe and carried a long stemmed rose. Serving as candle lighters were Misses Sharissa Hamby and Sharla Nicholas, nieces of the groom. They were gowned in formal length dresses of embroidered organdy, one pale blue, the other mint green.

Ronnie Dennis of Kress served as his brother's best man.

For her daughter's wedding Mrs. Wisdom chose a formal length gown of pink crepe, accented with white accessories. The mother of the groom wore a formal length gown of mint green, accented in gold. They wore corsages of daisies.

Following the ceremony the couple was honored with a reception in the Hamby home. Covered with an off-white lace cloth, the table was centered with an arrangement of pink flowers and white candles in a white wrought iron container. The two tiered wedding cake was topped with wedding bells and accented with flowers in pastel colors.

Following a short wedding trip the young couple will be at home at the corner of 11th and South Main Streets.

The bride, a graduate of Lockney High School, is presently enrolled in LVN Nursing School in Plainview.

Dennis, graduate of Olton High School, is employed at Nixon Auto Company.

Out of town guests included Mr. and Mrs. Bill Wisdom, Joe Wisdom, W. C. Wisdom, Mr. and Mrs. Jerry Dennis, Danny and Donna, Mr. and Mrs. Denzil McMillan, Pat Vick, Sue Jackson, Hazel Hustand, Veda Huckabee, J. Curtis Hall, Charlotte Wright, and Don Jaxson.

Scabies Quarantine Lifted From Panhandle Counties

U. S. Department of Agriculture (USDA) quarantines for psoroptic cattle scabies have been removed from five Texas panhandle counties, USDA was announced.

Quarantines were lifted Friday, April 27 from Bailey, Gray, Hale, Lamb and Swisher counties by USDA's Animal and Plant Health Inspection Service (APHIS). None of these counties have had a scabies outbreak in more than six months and the last inspection of all cattle in the counties revealed no signs of scabies, infection. The counties were quarantined in December, 1971.

There are 23 counties in the Texas panhandle and eastern New Mexico still under USDA quarantines for cattle scabies, said APHIS veterinarians. Since October 1971, when the current series of scabies outbreaks started, there have been 144 outbreaks involving more than 745,000 cattle. Most of these have been in quarantine counties, but isolated infections have also been found in Kansas, Iowa, Nebraska, Colorado and Idaho. Most of these outbreaks were traced to sources of infection in quarantined counties, according to the APHIS veterinarians.

Scabies is caused by tiny parasitic mites that feed on the skin of infected cattle. Cattle with scabies lick, rub and scratch to relieve intense itching caused by the mites.

Although scabies does not affect the animal's meat, the skin irritation can cause loss of weight and decreased feed efficiency in infected animals and thus is very costly for cattlemen. Scabies can be eliminated by dipping infected animals twice, 10 to 14 days apart, in a USDA approved dipping solution.

The 23 counties still under quarantine for cattle scabies are Chaves, Curry, DeBaca, Guadalupe, Harding, Lincoln, Roosevelt, Torrance and Quay in New Mexico; and Carson, Castro, Dallam, Deaf Smith, Hansford, Hartley, Hutchinson, Moore, Ochiltree, Oldham, Parmer, Potter, Randall and Sherman in Texas.
