Goat Will Take Part In Ritual

TO OFFER PRAYER FOR CONDEMNED MAN ON ADDING MACHINE

DENVER, April 2. (AP) — Supreme Pontiff Frank H. Rice of the "Liberal Church of America" has announced he will carry out his plans for a "goat and adding machine" ritual for William Moya, condemned slayer, despite objection to his program by cardinals of the sect.

Yesterday Rice declared the goat would be used as a part of a "sack cloth and ashes" service shortly before and after Moya's execution set for the week of June 20. Prayers for the condemned man's soul will be offered on an adding machine. Numbers, he explained, constitute the only universal language.

Moya killed Joseph Zemp, an aged recluse, in an argument over a small amount of money.

ENUMERATORS IN CENSUS TO GATHER HERE

POPULATION COUNTING IS STARTED OVER NATION TODAY

Twenty-four enumerators of Lubbock county, those appointed to date, have been called for a meeting in this city tonight by Dr. I. E. Barr, supervisor of this district for the 1930 U. S. census. The meeting tonight will be held at 7:30 o'clock in the supervisor's office at 1212 Texas avenue.

Actual work on the population census was started today throughout the district. Dr. Barr returned this morning from a tour of the district in which he was engaged in giving instructions to the enumerators.

Plan Other Meetings

Meetings similar to the one to be held tonight will be held in each of the 17 counties before next Saturday. Purpose of the gatherings are for final instructions.

Dr. Barr stated this morning that results of the census in Lubbock county probably would be announced about April 20 and that 30 days would be required for tabulation of the entire district.

Those who will attend tonight's meeting here include: Mrs. C. Mary Bennett, Lubbock; Rev. Gregory A. Boeckman, Lubbock; Mrs. Watts H. Vaughan, Lubbock; Walter S. Dickinson, Lubbock; Mrs. Bessie T. Southwell, Lubbock; Mrs. Kate T. Rix, Lubbock; Helen E. Chase, Lubbock; Ruth Baker, Lubbock; Mrs. Kate J. Lee, Lubbock; John W. Griffin, Lubbock; Mrs. Mary Revier, Lubbock; Howard T. Swanner, Slaton; Mrs. Nan L. Tudor, Slaton; Mrs. Annie Bradley, Slaton; Claude A. Bruner, Slaton; Magnus F. Klattenhoff, Slaton; Joes C. Reese, Idalou; John A. Porter, Lubbock; John D. Love, Lubbock; Albert G. Odom, Lubbock; Royal W. Arnold, Shallowater; J. Lee Tubbs, Lubbock; L. C. Beaty, Jr., Lorenzo, and William E. Duke, Lubbock.

CHARGES ECHO SHOOTING HERE

H. H. SOWARDS CHARGED WITH ASSAULT HERE

LUBBOCK MAN ON BOND AFTER THREE SHOTS FIRED IN CITY

H. H. Sowards, employe of the Panhandle Construction company, was released shortly after 2 o'clock today on $300 bond, charged with aggravated assault and battery, while T. C. Rogers, also an employe of the company, paid a fine in city corporation court for fighting, as result of a shooting affray this morning about 11:30 o'clock.

The shooting occurred at the intersection of Avenue H and the Santa Fe tracks, scene of activities by the construction company in erecting an underpass. Both men were arrested a short time afterwards.

Sowards is alleged to have shot three times at Rogers, none of the bullets, however, taking effect. Cause of the difficulty was not advanced by either of the men.

Lubbock Youths Are Paroled To Parents

Four young Lubbock boys, all about 14 years old, yesterday afternoon were paroled in care of their parents by Judge Robert H. Shean, following a moral lecture regarding their behavior.

All of the boys were charged with tampering with an automobile and several nights ago were caught when pushing an automobile from a driveway preparatory to taking it for a joy ride.

SCOUT FIELD DAY PLANNED

ANNUAL EVENT TO BE HELD HERE MAY 17 AT TECH FIELD

Fifth annual field day meet for boy scouts of the South Plains Area council will be held in Lubbock on Saturday, May 17, according to an announcement this morning by D. T. Jennings, scout commissioner.

The meet probably will be held at the Texas Technological college athletic field.

Details Incomplete

Full details of the program have not yet been completed, however, the event will include such contests as knot tying, first aid, signalling, firemaking, arrow throwing, string burning, games, relays, and various races.

All troops of the South Plains Area council have ben invited to the gathering and information has been received here that plans are going forward among all units to send able representatives for the contests. Troop inspections also will be held and will play a big part in in the outcome of the contests.

Mr. Jennings stated this morning that he will visit all troops of Lubbock boy scouts on Friday at their regular meetings. The new scout executive took over his duties in the local office here yesterday.

Clements Elected Mayor As Record Vote Recorded

EDITOR, SHOT BY MAYOR, PROVES REAL NEWSPAPERMAN ON DEATH BED

(By the Associated Press)

YAZOO CITY, Miss., April 2.—Frank R. Birdsall, editor and member of the State Tax commission, died today of bullet wounds received at the hands of Mayor J. T. Stricklin, who after the shooting yesterday killed himself.

The shooting was attributed to an old feud between the two prominent Yazoo City men growing out of the publication in Birdsall's weekly newspaper of a story in connection with the indictment last year of the mayor in connection with the theft of cattle.

Mr. Birdsall was 65 years old.

The publisher proved himself a newspaperman to the bone. Warned of his dangerous condition, he stayed the hand of the surgeon until he could give explicit instructions to his reporter to write a full and unbiased account of the Main street shooting in which he fell mortally wounded and send it to The Associated Press. The reporter did that, and the publisher went on the operating table.

Dr. R. E. Hawkins, dentist, who backed into the feud by opposing the mayor in the election, was today thanking his stars for the poor aim of the mayor, who also sought to bring him down. The bullet passed through his coat as he fled up the stairs toward his office when the mayor opened fire.

ROACH, BENSON NAMED CITY COMMISSIONERS HERE YESTERDAY

Three new city officers, elected Tuesday, will be installed in office at a meeting of the Lubbock City Commission to be held Thursday afternoon at 1:30 o'clock in the city hall, according to an announcement today by Mayor Harley D. Woods.

The new men are to be qualified, sworn in and will immediately take office. They include Jerry J. Clements, mayor; George E. Benson, commissioner of streets, parks and alleys, and J. E. Roach, commissioner of utilities.

The meeting tomorrow afternoon also will make a canvass of the election.

An all-time vote record was established here yesterday for municipal elections when J. J. Clements was elected mayor of Lubbock over his eleventh hour candidate, J. K. Wester, and George E. Benson and John E. Roach were named as new city commissioners.

Results of the balloting follow: For Mayor—J. J. Clements, 918; J. K. Wester, 742; for commissioner of utilities—John E. Roach, 933; J. H. Hankins, 690; for commissioner of streets, parks and alleys—George E. Benson, 934; G. W. Pickle, 713. Seven proposed charter amendments to the city charter were carried overwhelmingly. A total of 1,673 votes were cast, shattering all former records.

Close Race Throughout

Each division of the election presented a close race and definite results could not be obtained as to winners until within a few minutes of the final tabulations.

SENTENCE OF YOUNG DAVIS IS REVERSED

DEATH PENALTY TODAY REMANDED IN A. L. SHOOK MURDER

(By Associated Press)

AUSTIN, April 2 — The death sentence conviction of Thomas Davis, Eastland county, for the murder of A. L. Shook, was reversed and remanded by the Court of Criminal Appeals today.

Davis, 17 at the time of the homicide, was said to have been of subnormal mentality. He and Clyde Thompson were arrested and charged with murder after the decomposed bodies of A. L. and Leon Shook, brothers, had been found.

Denied Confession

It was claimed Thompson did the actual killing, and Davis subsequently denied as true a confession he was said to have made.

In sending the case back for a new trial the court wrote that "the issue of appellant's subnormal mentality was overwhelmingly raised, if not established," noting also that "under such a statement of facts death is an extremely harsh penalty against a boy of only 17, charged with his first offense."

Two murder cases were reversed and remanded because the indictments did not allege malice aforethought although the verdicts carried more than five years imprisonment.

They were against O. T. Leonard, Brown county, given 50 years for the murder of J. R. Wilson on February 27, 1929, and W. F. Allen, Knox county, 15 years for the murder of Lee Stegall on November 28, 1927.

Conviction Confirmed

The five years conviction against B. F. Ellison, Llano county, was affirmed. Ellison and his father, D.

Burglars Slain By Kansas Cops

PITTSBURG, Kas., April 2. (AP)—Two alleged burglars paid with their lives here last night when they were trapped by three officers inside the home of J. E. Klaner, prominent citizen.

Receiving a tip that the burglary was planned, Ross Armstrong, chief of police, Tom Stower, police sergeant, and Mil Gould, special officer for the Kansas City Southern railway, hid inside the house.

Tom Bousfield was wounded fatally when he and Harold Andrews approached Mr. Klaner, who was reading in a sun room. The officers said they shot Andrews when he cohtinued his demands, following the wounding of his partner, for a $3,000 diamond ring Mr. Klaner was wearing.

C. M. Andrews, brother of Harold, was later arrested when found seated in an automobile parked in front of the Klaner home.

PANHANDLE TO PIPE GAS TO CHICAGO AREA

MILLIONS OF DOLLARS TO BE INVOLVED IN GIANT PROJECT

(By Associated Press)

CHICAGO, April 2.—Preliminary negotiations have been completed for the projected delivery of natural gas from the Texas Panhandle to the Chicago area.

The project was announced today by Insull Son & Company. Associated with the Insull firm are the Cities Service company, the Texas company; the Phillips Petroleum company, the Skelly Oil company, the Columbian Carbon company and the Standard Oil Company of New Jersey.

To Distribute Gas

The Peoples Gas, Light & Coke company, an Insull company, will distribute the natural gas in the city of Chicago, probably as a part of its general supply.

The Northern Indiana Public Service company also may participate in the project.

LUBBOCK MAN IS OUT UNDER BOND

Frank Trotter, of Lubbock, living on Texas avenue, is at liberty on $1,000 bond following his arrest here by Sheriff Arthur Vaughan, of Sherman, on charges of accepting a bribe.

Trotter, a former deputy sheriff under Vaughan at Sherman, moved to Lubbock on March 1, having resigned his office.

The indictment against the local man, returned in the 59th district court at Sherman, was based on a statement of a negro accused of a liquor law violation.

FOUR MEMBERS OF GANG DEAD AFTER BATTLE

OTHERS ESCAPE WITH PRISONER HELD FOR $15,000 RANSOM

(By Associated Press)

TEPIC, Nayarit, Mexico, April 2.—Four members of the bandit gang holding J. E. Bristow, oil operator of San Angelo, Texas, prisoner, were killed in a clash with federal troops south of Ixtlan, Nayarit, Tuesday. Others of the gang escaped with the prisoner, being held for 30,000 pesos ransom—about $15,000.

The troops, headed by Gen. Jose Lacarra, had been pursuing the bandits for several days. They finally caught up with them and in a bitter fight routed them. The bandits to escape were believed to have taken to a hill which now is surrounded by the soldiers.

No Attack Planned

There will be no attack, however, the soldiers preferring to starve the bandits out, rather than risk the bandits' killing their prisoner, or his being struck by a stray bullet from the attacking force.

The bandit gang is said to be headed by Cruz Delgado, former Cristero, or religious rebel, leader. Donaciano Flores and Trinidad Langarica. Delgado, the principal leader, according to reports, kept Bristow on the same horse with him and guarded him personally during the flight from the troops, who have been ordered by Gen. Pablo Rodrigues not to return without the captive.

Three members of the band sent to Tepic a few days ago to negotiate ransom for the prisoner were arrested there. Bristow's son, Gordon, has been here for a week trying to effect his father's release.

Man Jailed Here On Charges Of Robbery

O. L. Orman yesterday was lodged in the Lubbock county jail on a charge of robbery by placing complainant in fear of bodily injury. He is alleged to have robbed Pat Dumas, of Brownfield, of $5.90.

Dumas alleged that Orman, co-occupant of a room at a local hotel coaxed him to his room and that Orman and his roommate, who has not been located by officers, robbed his pockets.

The complainant says that he does not know Orman and had never seen him until late yesterday afternoon.

MURDER CASE NEARS CLOSE

FATE OF STRICKEL TO GO TO JURY TODAY AT LEVELLAND

(Special To The Journal)

LEVELLAND, April 2.—Following Judge Homer L. Pharr's charge, which was read to the jury this morning at 11 o'clock, arguments in the case of W. T. Strickel, Lubbock rancher, charged with murder in connection with the shooting of Francisco Carrasco, Mexican, at the Strickel Cochran county ranch in July of 1929.

Judge Pharr, in his charge, explained to the jury the law regarding self defense and also that relating for application for suspended sentence. Strickel's attorneys have argued self defense and are asking for a suspended sentence.

Arguments Start

Arguments in the case started at 11:30 o'clock and Carl Ratliff, Hockley county attorney, opened for the state. He was followed by W. F. Johnson, of Levelland, for the defendant. Hill Stewart, Lubbock attorney, spoke for the State at the opening session after noon. Others to follow include W. W. Campbell, Lubbock, for defendant; J. M. Marshall, State; J. E. Vickers, Lubbock, for defense and District Attorney

REPORT CASES OF PARALYSIS

22 VICTIMS OF "JAKE" REPORTED IN AREA; FLAY PEDDLERS

Twenty-two cases of "jake paralysis" were reported in Lubbock and vicinity last night when members of the Lubbock-Crosby County Medical society met in this city and plans were made for a war on jake peddlers in the city. Dr. J. W. Rollo, city health officer, issued a warning immediately following the meeting, against the drinking of jake or other similar intoxicants.

It was not until the meeting last night that so many cases of the malady became known here though some few cases had been previously reported.

Names Withheld

A poll of the doctors present revealed at least 22 established cases of the disease. Names of the victims were withheld. Other possible cases with symptoms were reported.

A U. S. prohibition officer was in Lubbock Saturday making an investigation of the cases and is said to be in the area at the present time.

About 15 cases were reported

LOCAL B. C. D. TO AWAIT SENTIMENT OF FARM HEADS OF SECTION BEFORE UNDERWRITING COTTON HEADQUARTERS IN LUBBOCK

In meeting this morning at the City Hall, the board of directors of the Lubbock Chamber of Commerce and Board of City Development went on record as being favorably disposed to helping organize district two of the Texas Cotton Cooperative association. But, according to members of the board, the local organization desires to get the sentiment of farmers and business men of this section before signing any contract to underwrite establishment of headquarters offices in this city.

A committee of three men, composed of B. Sherrod, J. A. Hodges and R. E. Overstreet, was appointed to work out ways and means for determining the sentiment of the people as regards the matter.

Must Underwrite Cost

Lubbock can secure the headquarters for the 67 counties of this district by its Chamber of Commerce underwriting the cost of organizing 400 new members of the cotton organization at $5 each, which will amount to $20,000, and for also underwriting $7,500 cost for establishment of a local branch office, in which would be a licensed federal cotton classer.

The chamber officials deferred action on the proposal when they met with C. O. Moser, vice-president of the co-operative association, last Monday.

LOCAL MAN HELD ON BOOZE COUNT

J. J. Crow, of this city, was arrested at 10:30 o'clock this morning and lodged in the Lubbock county jail on charges of violation of the prohibition law.

Crow was apprehended by officers of the sheriff's department on the second floor of the Temple Ellis building and, according to officers, had a half-gallon jar of alleged whiskey in his hands when first seen.

At sight of the officers, however, Crow is said to have thrown the jar, which was wrapped in a newspaper, forcefully against the floor and shattered it, spilling the contents. Following this the man is said to have started to run but was overtaken in the corridor by officers. Sufficient of the liquor was said to have been mopped up for evidence.

An examining trial was held shortly before noon in the court of Justice of the Peace G. R. Scott at which time bond for Crow was set at $1,500.

ARTHUR PILLSBURY WILL APPEAR ON TECH ARTIST COURSE HERE TONIGHT

Arthur C. Pillsbury, naturalist and lecturer, will speak in Lubbock tonight at 8:15 o'clock at Texas Technological college gymnasium. Mr. Pillsbury comes to Lubbock through the Tech Artist course.

The address tonight will be a combination motion picture and lecture and he will present "Miracles of Nature," a series of eight or nine reels dealing with plant production and growth. A number of the films depict the complete life of a plant from the time it comes from the ground until it has fully leafed out, has borne flowers that have faded and dropped away.

It required an entire year to make the picture while the showing takes only about 10 minutes.

Known for many years as Pillsbury, the flower man, the lecturer has added many interesting features to his set of sensational film. An interesting lecture is presented in connection with his program.

HAWKS REACHES OKLAHOMA CITY IN GLIDER FLIGHT OVER UNITED STATES

(By Associated Press)

OKLAHOMA CITY, April 2.—Captain Frank Hawks arrived over the Oklahoma City municipal airport in his glider attached to an airplane at 12:30 o'clock today. He cut the sail plane loose from the tow ship to entertain the spectators with a glider demonstration before landing. Hawks left Wichita Falls, Tex., at 11 a. m.

The fragile craft landed lightly at the north end of the field at 12:40 p. m., 13 minutes after it had been cut loose from the towing plane.

PETE CAWTHON, NEW TECH COACH, IS INTRODUCED AT CONVOCATION TODAY

Met by an enthusiastic Texas Tech student body, Pete W. Cawthon, newly elected director of athletics and head coach of the state institution here, pledged his untiring efforts to the cause of Matador athletics this morning as he spoke before special convocation in his initial public appearance in Lubbock.

Introduced to approximately 1,000 students assembled in the Matador gymnasium by Dr. Paul W. Horn, president of the college, the new athletic head expressed high hopes for the future of the college, bearing down on the keynote of his system—"work."

"Don't expect too much too soon," Cawthon warned as he brought to a close his sincere remarks. "Don't forget that we're starting a new system and a new policy and it will take time to get the new organization in working order. The disasterous

REASONS FOR SIGNING PACT ARE REPORTED

AMERICAN SENTIMENT TOWARD JAPAN IS REASON GIVEN

(By Associated Press)

TOKYO, April 2—The newspaper Nichi-Nichi today gave prominence to an article asserting that the fundamental reasons for the cabinet acceptance of the Reed-Mastsudiara formula of American-Japanese naval armaments was found in recent evidence of American recognition of Japan's position of predominance in the Far East.

Authoritative American assurances, the paper said, of a more favorable attitude toward Japan's desires for an alteration of the American law excluding Japanese immigrants, also played an important part in the acceptance.

Nichi-Nichi referred to an address of American Ambassador William R. Castle, jr., February 2, as the outstanding statement of this friendly American sentiment toward Japan. The ambassador's reference to Japan's leadership in the Orient and the need of American-Japanese co-operation in respect to the growth of China, it was said, has been repeated by Secretary Stimson to the Japanese chief delegate, Admiral Wakatsuki, at London.

Nichi-Nichi said that never before had American spokesmen accorded such definite recognition of Japan's position. The paper added that "such assurance of the American government's sentiments and policy by that government's highest representatives on questions which hitherto have constituted a cancerous growth in Japanese-American diplomatic relations, could not fail to strongly appeal to Japanese authorities and the acceptance of the London formula is the result."

Germany Needs Work Bruening Declares

BERLIN, April 2, (AP)—Dr. Heinrich Bruening, the German chancellor today stood with a decree of dissolution in his pocket and told the Reichstag Germany needed work—not words—and action—not argument.

The chancellor so served notice that his cabinet was determined to operate on these principles and a threat of dissolution was implied if the Reichstag does not fall in line.

Dr. Bruening has been authorized by President Von Hindenburg to dissolve parliament and conduct the government under article 48 of the constitution should the Reichstag give a note of non confidence.

POLICE QUIZ "COUNT" IN PROBE OF $50,000 JEWELRY HOLDUP YESTERDAY

CHICAGO, April 2 (AP)—Police today looked askance at the family connections of "Count" Enrique Dechow Von Buelow as they investigated the seizure of $50,000 in jewels from Mrs. Lottie Brenner Von Buelow's palatial Sheridan road residence last night.

Deputy Commissioner John Stege said he was keeping the "Count" under surveillance to question him about the robbery. The commissioner said he had learned definitely that Von Buelow was not a Count and not a World war German aviation ace, but an untitled chauffeur. Mrs. Von Buelow, 37, is suing her husband, 20 years her junior, for divorce, charging infidelity.

Husband Arrives

Three robbers, posing as census takers, trussed up Mrs. Von Buelow her sister and brother-in-law and two servants, after herding them upstairs. One robber remained downstairs. A few minutes later, Stege said, Von Buelow let himself into the house. He was seized by the third robber and taken to a room other than the one in which Mrs. Von Buelow, the visitors and servants were held prisoner.

Another faction which interested the police official was that one of the robbers knew just where the jewels were kept.

Widow of Alderman

Mrs. Von Buelow is the widow of former Alderman Nathan T. Brenner. Estranged before his death, he made a settlement of $750,000 for her.

A year ago, Mrs. Von Buelow met Von Buelow, whom she supposed to be a German Count, in Central America. She said he was piloting a mail plane there.

A few days ago she filed the suit for divorce. Today she told police that, although estranged from Von Buelow, she purchased an automobile for him yesterday.

"I like to see him in a happy frame of mind," she said.

SCOTT GIVES UP PLACE ON PRISON BOARD

TEMPLE MAN URGED TO RECONSIDER BY DAN MOODY

TEMPLE, April 2, (AP)—Although urged by Governor Moody to reconsider, Dr. A. C. Scott today announced he would not change his mind about withdrawing as vice chairman of the state prison board.

Dr. Scott when asked to reconsider declared that "considerations remain the same as when I resigned last week. I cannot be a party to spending the state's money in a useless effort to remodel the present prison system. I am totally out of harmony with the legislature and there would be no use for me to remain on the board. I appreciate Governor Moody asking me but it is impossible to remain without going against my own conscience," Dr. Scott declared.

Governor Moody declared here today he did not blame Dr. Scott for resigning.

The legislature's action on the prison situation "was totally inadequate," Moody asserted, adding "I am as disappointed as Dr. Scott."

Dan Moody Visits State Orphan Home

CORSICANA, April 2 (AP)—Gov. Dan Moody Monday visited the state orphan home and the Odd Fellows home here, making short addresses and shaking hands with between 600 and 700 students.

"Well, I don't know about that," was the governor's reply to suggestion that he return here as a campaign speaker during the summer. He avoided politics in an address before luncheon clubs here.

CITIES OF TEXAS PREPARE TO WELCOME NEW OFFICIALS

INTEREST IS REVEALED IN CITY VOTING

ELECTION DAY QUIET AFFAIR AT PAMPA YESTERDAY

(By Associated Press)

Cities and municipalities all over Texas today prepared to welcome into office new officials chosen at the polls in yesterday's elections.

Much interest attached to the contest in Pampa, where city administration candidates were overwhelmingly victorious and election day was a quiet affair.

Sheriff E. S. Graves said "the only election excitement was a dog fight," although Monday state rangers went there to investigate a report that violence was expected. The rangers left before the polls opened, satisfied the report was unfounded.

Dry Crusader Held

Miss Beulah Allred, dry crusader who was still in jail refusing to make bond on a charge of unlawfully transporting liquor, had supported the defeated "law and order league" faction.

D. W. Osborne, out for re-election as mayor, defeated R. C. Campbell 926 to 240, and Lynn Boyd and Clyde Fatheree were elected commissioners.

Dallas, by a two to one vote, passed a $4,000,000 sewer bond issue.

All city officers of Laredo, headed by Mayor Albert Martin, as well as eight aldermen, were re-elected.

Gainesville retained the city manager form of government by voting 410 to 696 to defeat fourteen amendments to the charter proposing return to the aldermanic form.

Win By Landslide

In Waco, two eleventh hour candidates, drafted Monday night by a citizens committee opposing Cecil Shear, chairman of the Waco water board, and Dr. Ed Smith, seeking re-election, went into office by a landside.

Walter Nelson, jr., was elected mayor of Wichita Falls, defeating P. B. Curd; and O. B. Kelly, E. H. Eddleman and J. N. Prothro, aldermen, were elected. The victors espoused the city manager form of government, in effect in Wichita Falls for the last two years.

In a spirited election at Temple, D. K. Northington, W. S. Sealy, A. J. Kuykendall, W. W. Sellers and Louis Bryan were elected city commissoners. A total of 1,675 votes, the largest ever polled in a city election there, was recorded.

Plainview Names Mayor

L. B. Cardwell was elected mayor of Plainview, defeating T. J. Shelton, incumbent, by 123 votes.

Joseph F. Nichols was elected mayor of Greenville by a margin of 76 votes, defeating C. P. Nevill, who had been declared the nominee as a result of the contest of Nichols' one-vote margin nomination on Feb. 22.

Bert Hise, former sheriff of Brown county, was elected chief of police of Brownwood over a field of five candidates. O. W. McDonald was re-elected mayor, unopposed.

Mayor H. D. Hockersmith won a plurality of votes at Vernon with A. M. Bourland second and W. W. Gilbert, third; but Hockersmith and Bourland face a run-off.

A. A. Glover was re-elected mayor of San Angelo and R. A. Hall and W. S. Metcalf were elected commissioners. All were unopposed.

J. Morgan Crook was re-elected mayor of Paris by a margin of 25 votes, defeating T. J. Record, city secretary.

L. S. Kennedy was re-elected mayor of Texarkana, without opposition.

85 Votes Cast

Only 85 votes were cast in the Corsicana election, where W. C. Strube and R. D. Fleming were re-elected city commissioners without opposition.

J. B. Pickle, R. L. Cook and C. E. Talbot, all favorable to major policies of the city administration, were elected commissioners in Big Spring.

A hotly contested city election in Kerrville resulted in Major A. T. Adkins and Commissioners A. C. Schreiner and Milton Pampell being returned to office by a vote of nearly two to one.

Pharr elected G. B. Fleming mayor and E. J. Kelso and E. L. Greene commissioners on the good government league's ticket. At Mission, Ross Marcus was elected mayor and Commissioners Card, McHenry, Lockhart and Brady were returned to office.

R. L. Spalding and W. W. Whitkey were re-elected aldermen at Colorado.

McCamey re-elected Earl Butler and W. A. Halamicek as commissioners.

In the heaviest voting in the history of Luling, Henry G. Stein, secretary of the chamber of commerce, was elected mayor and Neal Stair and Ernest Wilson were elected city commissioners.

Although the count remained to be completed today, an incomplete tally of votes late last night indicated Mayor B. W. McKenzie of Denton would be elected over his opponent, W. E. Smoot.

SOUTH PLAINS PARTICIPATES IN ELECTIONS

NUMBER OF CITIES IN SECTION SELECT CITY OFFICERS

SLATON, April 2. (Special)—Two men were elected here yesterday to offices of commissioners of wards number 2 and 4 without opposition. They were J. H. Brewer and E. N. Pickens. Less than 50 votes were cast out of a possible 800.

BROWNFIELD, April 2. (Special)—A narrow margin of seven votes, cast here yesterday in the municipal election, again elected Joe J. McGowan as mayor for a fifth term. Four hundred forty-seven voters were attracted to the polls, the greatest number of votes cast in any election in history of the city.

McGowan received 223 votes and his opponent, Will Alf Bell, trailed near with 217.

E. Brown, with 207 votes, received greater support than the combined votes of his four opponents in the race for city marshal. Votes received by others were George E. Tiernan, 81; J. R. Barnett, 46; A. N. McBurnett, 75, and Bob Simmons, 38.

In a field of 12 candidates, Dick Brownfield and Ben Hurst, received 170 and 165 votes respectively, for offices of aldermen. Only two such offices were to be filled.

LAMESA, April 2. (Special)—By a vote of 552 to 83, J. R. Lowrie, democratic candidate, yesterday defeated his independent opponent, R. L. Meyers, for office of mayor in this city.

W. L. Marrand J. R. Williams were elected commissioners receiving 620 and 605 votes respectively.

T. S. Christopher was elected city recorder by a vote of 472 against 115 for his oppponent, E. B. Warren.

LOCKNEY, April 2. (Special)—In one of the warmest elections ever witnessed in this city, E. L. Woodburn and J. H. Hohlaus were re-elected aldermen in the municipal election yesterday.

Woodburn and Hohlaus received 126 and 145 votes, respectively, and led the field of eight candidates.

TAHOKA, April 2. (Special) — J. B. Walker was re-elected city secretary and W. O. Thomas and W. F. Taylor as aldermen in a quiet city election here yesterday. Voting was very light.

REPORTER IS ARRESTED FOR SLANDER

AMERICAN CHARGED IN VERBAL ATTACK ON ORTIZ RUBIO

MEXICO CITY, April 2 (AP)—Preliminary hearing for Jack Barry of Omaha, Nebraska, former newspaper man who has lived here 15 months, on charges of uttering defamatory remarks about President Ortiz Rubio has been postponed until tomorrow, when it will be decided whether the charges shall be turned over to the department of the interior.

If they are, it is likely that President Ortiz Rubio himself will investigate them, to see whether they constitute a serious offense.

Barry, who said he formerly worked in Omaha, Brooklyn, Houston and Wichita, was arrested about midnight yesterday after an altercation with a Los Angeles private detective, C. T. Rule. Rule said he struck Barry three times for making insulting remarks. Both were taken to a police station, where, police charge, Barry made defamatory statements about Mexico.

Barry, who spoke in English Spanish and Greek, said today that what he might have said last night under the influence of liquor did not reflect his real sentiments toward the country, even though he might have insulted it in three different languages. He said he felt he could prove this by extracts from a tourist booklet on which he has been working.

Functions Are Held By Mesdames W. P. Jennings, F. L. McRee Tuesday Afternoon

Program Is Feature Of Reception For One Hundred Twenty-Five Women

In an entertaining suite made colorful through an attractive arrangement of tulips and sweet peas, Mrs. W. P. Jennings, 1016 17th street, held open house for women of the First Christian church Tuesday afternoon. About 125 persons called.

Guests were met at the door by Mrs. G. P. Kuykendall who presented them to the hostess. In the receiving line were Mrs. Arthur Brown, president of the Aid society; Mrs. W. T. Milam, chairman of circle 1; Mrs. W. R. Blake, chairman of circle 2; Mrs. L. W. Squyres, chairman of circle 3; Mrs. E. L. Selhaver, chairman of the Young Matrons Auxiliary.

New members who were honor guests for the occasion, were Mesdames George McCarty, W. D. Benson, jr., Dwight Hale, C. D. Shaw, and W. P. Morris.

Others in the house party were Mesdames R. W. Walker, N. L. Benson, Mary Hinton, J. A. Hodges, C. O. Marquart, N. H. McFarland, W. P. Casey, and J. A. Odom.

A program was rendered throughout the afternoon, and at the close of each hour refreshments of strawberry ice cream and pink cake squares were served, with clusters of sweet peas going as plate favors. A pink basket filled with sweet peas and ferns formed a lovely centerpiece for the lace-covered table, and pink tapers completed the effect.

The program included piano numbers by Martha Kuykendall, Harriet Carlock, Luella Benson, Hugh McFarland, Mary V. Ballinger, Nancy Ruth Leaverton, Roddie O'Neall, Lois Pitts, Priscilla Watson, and Cecile Horne; vocal selections by Mesdames F. O. Kelly, D. W. Robertson, C. C. Lindsey, Townsen Waddill, Luella Johnson, Paul Barrier, and Joe Coursey; readings by Misses Annah Jo Pendleton and Josfline Vannoy. Mrs. Paul Morgan played the piano accompaniment for the vocal selections.

Forty-Two Played At Club Function

Yellow and white were prettily favored in a party given for members of the T. N. T. club Tuesday afternoon in the home of Mrs. Raymond Thomason, 2423 22nd street.

After an hour of forty-two, refreshments of yellow and white brick ice cream was served with cake in the same colors, with individual cups filled with yellow Easter eggs going as plate favors.

Guests were Mesdames Ode Lam, J. C. Rigney, Earnest Dye, Sam Parkinson, Elmo Payne, Winifred Disheroon, Clyde Tatum, J. W. Morgan, James Pruitt, George Rayburn, Hale, and one visitor, Mrs. Edwards.

On the evening of April 15 Mrs. Elmo Payne and Mrs. George Rayburn will entertain members of the club and their husbands with a tacky party in the Payne home, 1628 16th street.

R. V. Willis Chosen Best Male Player

R. V. Willis, student of Texas Technological college, was chosen best male actor in the one act play tournament for colleges of West Texas, which closed Tuesday evening at Simmons university, Abilene.

Considering the plays as a whole, representatives of Howard Payne college were declared winners over Tech in the finals. It was the second time in two years the Brownwood school had carried off first honors.

Using the play, "Dress," by Frances Spencer, Howard Payne players scored only a few points higher than the Tech group which used "His Inheritance," by James Parke. Robert Randol of Fort Worth, judge of the meet, said the Tech play had the strongest finish of any drama in the meet, but failed by a few points to equal the Howard Payne play throughout.

The Tech group and Miss Ruth Pirtle, sponsor, are returning to Lubbock today.

Memorial Service Is Held By Order

A memorial service honoring Robert Morris, founder of the Order Eastern Star, was held by the local order at a meeting Tuesday evening in the Masonic hall.

Mrs. G. H. Park read a paper on Mr. Morris, and Mrs. H. W. Sims conducted a brief memorial for the late Dr. R. J. Hall, who was a worker in the local order.

Mrs. George Duval presided during a short business session, and announcement was made regarding the contest led by Mrs. Lonnie Montgomery and Mrs. C. H. Park. The membership has been divided into two groups, and the group receiving the largest number of certificates in the school of instruction to be held the latter part of May will be declared winners and will be guests at an entertainment given by the losing team.

Mrs. Spencer Is To Favor Group

Mrs. W. R. Spencer will be hostess to members of the S. and S. club Thursday afternoon at 3 o'clock in her home, 2121 16th street.

The new ruler of Afghanistan intends to introduce prohibition in his country. If it works there maybe this country will give it a try.

Dinner Given By Mr. And Mrs. Dingus

An unusually pretty dinner was given Tuesday evening by Mr. and Mrs. William Dingus in their home, 2502 21st street.

Each woman was presented a dainty corsage of pink sweet peas and each man was given a boutonnaire. A pleasant informal hour was spent after dinner. Guests were Dr. and Mrs. Paul W. Horn, Mr. and Mrs. Tom Gaston and Mrs. William J. Miller.

Banquet Is Given Group On Tuesday

Pot plants and ferns arranged in the private dining room of Hotel Lubbock gave color and beauty to the occasion when employes of the Carter-Houston store, as well as general office employes for the Grissom-Robertson stores, joined in a banquet Tuesday evening.

Table decorations were of pink rosebuds, white carnations and fern. The banquet was served in six courses and E. H. Robertson, president of the Grissom-Robertson Stores, inc., was toastmaster for the occasion.

Those present were E. H. Robertson, Addison Wadley, R. J. Keller, J. C. Tallichet, Joe Wilcox, Guy Hughes, Truett Brooks, Sam Cole, J. D. Everhart, W. J. Moore, C. B. Stone, Milton Thomas, Boyd Wisdom, Charles Wright, Mesdames C. C. Arnold, Lorene Ayeres, L. H. Caldwell, Harry Green, C. B. Metcalf, C. C. Reed, B. Croxton, Elizabeth Hailey, Grace Irby, R. R. Lewis, Jack Martin, Misses Exa Brown, Lucile Hailey, Ethel Hancock, Lexia Perkins, Thelma Trimble, Louise Blackburn, Evelyn Turner, Bobbie Grimes, Mary Spencer, Lorene Powell and Alene Spears.

The life and works of Racine and Moliere were studied by members of the Daleth Delphian chapter when they met Tuesday afternoon in the home of Mrs. O. R. Copeland, 1610 Avenue K. The program was led by Mrs. Marvin Stovall.

A preliminary survey of the subject was given by the president, Mrs. W. S. McDonald, who also presided during a brief business session. This was followed by a report on "Racine's Life and Work" by Mrs. Marvin Stovall.

Mrs. C. C. Webb spoke on "Moliere, First of the Moderns" including the life and art and philosophy of the writer, and Mrs. Chandler discussed "The Affected Young Ladies."

Eighteen members and one guest were present.

Easter Motif Is Stressed In Pretty Bridge Party; Five Tables Progress

Vari-colored spring blossoms were used to decorate the entertaining rooms of Mrs. F. L. McRee, 2424 22nd street, when she was hostess at bridge Tuesday afternoon.

Five tables were arranged for the games, with the Easter motif being stressed in score pads and tallies. Miniature Easter baskets went as favors on the dainty salad plates served at the close of the afternoon.

Mrs. Ben F. Condray was favored with potted yellow tulips for high score, and Mrs. K. M. Renner was given a pink satin pillow for consolation. A shoulder corsage of sweet peas went as a cut prize to Mrs. W. E. Long.

Guests were Mesdames G. L. Tuve, O. V. Adams, R. A. Mills, M. E. Heard, W. A. Jackson, D. D. Cross, B. F. Condray, Vaughn Wilson, G. H. Ater, Dewitt Fears, W. L. Stangel, W. F. Helwig, S. J. "April Fool" Party Is Given By New Girls Of Sans Souci Club On Tuesday

The "formality" of the dinner-party given by new members of Sans Souci club honoring old members and their dates proved to be the opportunity for an April Fool joke Tuesday evening.

Guests appeared at Hotel Lubbock in formal dress, since the invitations had read that it was an occasion of formality. Much to their surprise, they were greeted on the mezzanine floor by a group of young men and women clad in overalls and aprons, and were required to walk over stiles in order to reach the ballroom. Just inside the door were placed in bold letters the words "April Fool."

A crude fence surrounded the orchestra pit, and bales of hay, harness, wagon wheels, horseshoes, sawhorses and wheel barrows were placed in every appropriate place throughout the room.

Covering a long table was a red and white checked cloth and it was from this table that beans, cold meats, potato salad, cheese, crackers, blackberry cobbler and coffee were served "chuck wagon" style from tin cups and tin plates.

A formal toast was given by the club president, Miss Geraldine Smith, and a toast to the "April fools" was proposed by Miss Christine Carter.

New members, who acted as hostesses for the occasion, were Misses Mary Allen, Louise Pressgrove, Hazel Ligon, Alma Ralls, Dorothy Rushing, Dorothy Oxsheer, Christine Carter, Cornelia McCanne, Catherine Jameson, Mary Ann Thompson and Mary Lee Bardwell.

The guest list included Misses Blanche Bradley, Zona Stiles, Lucile Moxley, Kate Boyd, Alma Spikes, Virginia Conley, Juanita Wiles, Helen Womack, Donna Vaughn, Mary and Anne Snyder, Mary Lou Bayless, Geraldine Smith and Faye George.

Hooks Boyd, J Lumsden, Oscar Slaton, J. C. Alexander, Clarence Wiginton, Winfield Watkins, Johnnie Keathley, John R. Powell, Johnnie Young, Weaver Medlin, Merrill and Julius Craver, Dr. W. J. TWO ARE HELD FOR NARCOTIC RING MEMBERS

FEDERAL AND STATE OFFICERS PROBE OPERATIONS

MIAMI, Fla., April 2 (AP)—Federal and state authorities last night sought further information regarding operations of a narcotic ring, after arrest of a man and woman here Monday and seizure of narcotics.

Investigation also was made into the discovery of letters and documents which officers believed might give a new angle on the killing of Arnold Rothstein, New York gambler, more than a year ago.

The persons arrested gave the names of Hugh Inman, 33, and Ruth Parmer, 31, both formerly of New York City and Miami residents since December. Later authorities arrested Paul Friedman, 35, who, they alleged, had gone to the room where the pair lived to purchase narcotics.

Officials declined to give out information regarding the papers which were found, except to say that they had communicated in this connection with officers in New Jersey, New York and Texas.

HOPE TO RESCUE BLAST VICTIMS

KETTLE ISLAND, Ky., April 2 (AP)—Volunteer rescue workers who for three days and nights have risked their lives in the hope of saving sixteen men entombed Saturday by an explosion risked them again tonight to restore bodies to loved ones.

Hope was expressed that the remaining ten might be reached late tonight or tomorrow morning. Six bodies were brought out last night and taken to Pineville and hope was abandoned that the others might have survived.

Seek Curtailment Of California Area

LOS ANGELES, April 2 (AP)—Further curtailment of oil production in virtually all California fields was asked Monday by the general committee of fifteen, the industry's organization in this state formed to put a halt to over production.

The committee also announced a new quota for total production in California of 603,289 barrels daily, a decrease of about 6,000 barrels from the figure set several weeks ago. Adherence to this quota is necessary to achieve practical curtailment, the committee feels.

The committee said the potential production for the state is 1,081,382 barrels, while the actual production is about 612,000 barrels, or approximately 9,000 barrels above the new quota.

THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

The plane kept sailing through the air and didn't bring a single scare to any of the Tinymites. They all felt safe and sound. Across the English Channel they were now upon their merry way. It gave each one a thrill to know that they were Paris-bound.

Soon, to the pilot, Scouty cried. "Say! Just where will we end this ride? I know we'll go to gay Paree, but where will we all land? This is the first trip we have made to Paris and I am afraid that we'll ask lots of questions. It all seems mighty grand."

The Travel Man then said: "Say boys, the airplane's making too much noise for you to understand what anybody says up here. Let's all be still for just a while. We're speeding now, mile after mile just below. Just watch us now, 'cause here we go! Oh, I am really thrilled and gee, but I am glad we're here."

And then they drifted to the ground. The big plane took one sudden bound and drifted to a standstill. "Here we are," the pilot cried. "This is Le Bourget Field you see, and it got notoriety when Lindbergh landed here to end his New York-Paris ride."

They left the plane and looked around and every single Tiny found that it was interesting. Then they found a taxi near. The Travel Man said, "Hop inside. To Paris we will gaily ride. And there we'll find a lot of things, I know will bring you cheer."

We've traveled quite a distance and the trip's end must be near."

And, sure enough, the plane nosed down and head slowly toward the ground. "We're going to land! We're going to land," cried Clowny, full of cheer. "The landing field is

LIQUOR CARGO IS CAPTURED

$225.000 WORTH OF BOOZE TAKEN IN LONG CHASE

NEW YORK, April 2 (AP)—The captain and ten members of the crew of the British schooner Ada M., captured with a $225,000 liquor cargo after a 10-mile chase along the Jersey coast, were arraigned Monday before United States Commissioner Garrett W. Cotter.

The schooner whose home port is Le Have, N. S., was taken about daybreak Monday three miles off Asbury Park, N. J., after coast guardsmen said, she attempted to escape to the open sea. Customs officials said the schooner's cargo consisted of 5,000 cases of liquor bottled in quarts, which had been fitted into tins bearing olive oil, crushed fruit and food labels.

FIVE KILLED IN RIOTS IN INDIA

CALCUTTA, India, April 2 (AP)—A new rule which forbids carters to take their buffalos out in the hottest part of the day led to rioting here yesterday in which five persons were killed. Fifty policemen and fifty civilians were injured. Twenty persons were arrested.

Students also demonstrated in sympathy with the carters outside the student hotel in Cornwallis road. They erected barriers formed from material taken from a road repair job, and threw brickbats at the police. Police retaliated by dispersing them with barrel staves.

Double police patrols were in the streets last night to prevent further disorder.

SUPER-AUTOMATIC

KELVINATOR

Iso-Thermic Tubes For Automatic Fast Freezing

Here is a feature that will appeal to every user of electric refrigeration—a special Kelvinator compartment that gives extra-fast freezing, automatically. Note the spiral coil of Iso-Thermic Tubes, indicated by arrows. This is, in effect, a Cold Plate, in which intense cold is concentrated. Ice cubes and desserts are frozen in half the usual time. Yet food compartments are not affected. A feature exclusive to Kelvinator and standard equipment on all 1930 Kelvinator models.

NOW you may turn over the entire problem of healthful food preservation in your home, to an electric servant—the new Super-Automatic Kelvinator. Without care or worry on your part, this marvelous new development of Kelvinator engineering will efficiently supervise every task for which modern electric refrigeration was designed.

Record Fast Freezing With Iso-Thermic Tubes

Iso-Thermic Tubes, a new Kelvinator discovery, make possible the freezing of ice cubes and delicious desserts in an amazingly brief period. No regulation or hand controls. A special flexible rubber tray releases the ice cubes without melting or waste.

100% Automatic Refrigeration

Food compartments are always between 40 and 50 degrees. Not affected by lower temperature in ice chamber. No possible danger of food freezing. And the Kelvinator Cold-Keeper cuts down operating periods fully one-third.

Cold Storage Compartment For Meats, Eggs, Game, Etc.

Larger size Kelvinators have a separate compartment where perishable foods may be kept indefinitely. Renders a service similar to that of big cold storage plants. Invaluable for large homes, country estates and clubs. For greater ice capacity up to 35 pounds at a freezing.

See These New Kelvinators Today

Before reaching any decision on a new electric refrigerator, see the new Super-Automatic Kelvinators at our showrooms. In beauty and in the durability of their rugged, metal construction, they surpass any refrigerator ever built by Kelvinator. Learn how easily you may own a new Kelvinator on easy terms, through the convenient Kelvinator ReDisCo monthly budget plan.

LUBBOCK FOOTBALL FANS WELCOME PETE CAWTHON TODAY

IN THE REALM OF SPORT

WITH ALLAN CARNEY
Journal Sports Editor

It now appears safe to predict a more harmonious season for the Lubbock City League this season after the Monday night meeting of local baseball enthusiasts. All who were associated with the twilight loop here last season are convinced that several practices that were prevalent throughout the 1929 season must be sidetracked. Petty jealousies came near ruining the league last year; all rules were forgotten and there was a wild scramble by the players to line up with the winning club.

Instead of working in harmony with the Hubber nine, the rival city league managers and players did the opposite. There seemed to be a prevailing idea that the manager and members of the Hubber outfit were making a fortune out of Sunday games. A raft of second-rate players were in a constant uproar, feeling slighted because they were not allowed to play with the Hubbers. Such a feeling is poison to the progress of the ball club that represents Lubbock. It is entirely possible that a number of capable performers were left off the city team last season, but in the majority of instances, this could have been attributed to oversight.

This new spirit which we have detected will be put to a test on May 2 when the House of David baseball aggregation comes to town for a single engagement with the local semi-pro nine. City leaguers voted Monday night to furnish all possible assistance to Dee Puckett in his efforts to assemble a strong club for the battle with the whiskered team. It will likely be necessary to import a number of players for this game but most of the talent will come from Lubbock.

Maybe the reason college baseball is falling off is because all the prospective diamond spectators went broke last fall buying 50-yard line seats in the football stadiums.

O. B. Keeler, well-known golfing expert has the following suggestion for those who would watch a finished golfer perform for points in his method:

"Playing the first hole, watch the stance on all shots. That's easy—open, square or (infrequently) closed. But be sure to stand at right angles to the line of the shot, so you can see where the ball is played, with reference to the stance. Most good players have the ball about opposite the left heel, in the bigger shots. Most dubs have it near the line of the right heel.

"Then watch a set of shots, concentrating on the position of the hands and the club at the top of the swing only. Notice now the toe of the driver points to the ground at the top of the swing, like a pear hanging from a branch. That's orthodox stuff.

"Watch the left arm. Straight, usually, all the way through the stroke. Then the start of the downswing. What moves first? What leads the stroke? You may find it's the left hip. Watch the next anyway; it is likely to astonish you. Watch the head through several strokes. How long has the ball been away from there when the head starts to come up?

"At the address, which eye does the expert keep in line with the ball? Did you know that you were right-eyed or left-eyed, the same as right-handed or left-handed.

"Try this system some time. It's a lot of fun. You might even learn something for your own game watching how the expert makes the little ball behave, rather than watching the little ball itself."

In our experience, every time we have started out to watch how a certain person takes his stance and socks the ball, we find ourselves watching the flight of the ball rather than the movements of the player. It isn't easy to do—this watching the finished golfer perform. It requieres concentration.

The Chicago Cubs claim they will repeat their 1929 performance. That is, up to the opening day of the world series. They won it last year.

Bucky Harris, manager of the Detroit Tigers, who is considered one of the smartest managers in the game, sees the Brooklyn Robins as possible pennant contenders in the National League.

"Unless I badly miss my guess, Glenn Wright's arm is O. K., and about as good as ever," Bucky remarked, after watching the veteran Brooklyn shortstop let loose in an exhibition game. "If Wright is in shape, keep an eye on Uncle Robbie's flock. Wright's arm and cleanup wallop, in daily use, may mean the difference between an ordinary club and a pennant contender."

ATHENS DEFENDING NATIONAL TITLE

NEW DIRECTOR AT ATHLETICS ARRIVES HERE

TECH COACH AWARDED BIG OVATION WITH ARRIVAL TODAY

A genuine welcome was extended Pete Cawthon, new director of athletics and head coach of Texas Technological college, this morning when he landed in Lubbock to assume his new duties with the local institution.

Arriving in the city at nine o'clock, following an overland trip from South Bend, Ind., Cawthon was greeted by more than a score of college varsity gridmen, Tech officials and local football enthusiasts. Dr. Paul W. Horn, president of the college, and Jack Durham, football captain-elect, headed the welcoming delegation.

"This is certainly nice of you fellows," were Cawthon's first words as he was introduced to the men who will form the nucleus of his 1930 grid machine. Typical of his nature and full of meaning, the new coach's first remarks were enthusiastically received.

Following his "inaugural" address before the special convocation of Tech students this morning at 11 o'clock, Cawthon plunged headlong into the task ahead.

Football equipment will be issued this afternoon after the new athletic head has held his first session with the athletes of the college. Opening of spring football training will follow.

Although all plans for the spring training grind have not been worked out, the camp is likely to run for a period of at least six weeks. Other members of the coaching staff will not be known until the latter part of April, Cawthou has announced.

SMITH GETS MONEY AS ATLANTA AMATEUR SHOOTS LOW

AUGUSTA, Ga., April 2 (AP)—The golfing house of Robert Lee Jones was back in order today.

The Atlanta amateur and national open champion shot sub-par golf yesterday to win the Southeastern Open tournament here with a total of 284, thirteen strokes better than the field and his closest rival, Horton Smith, professional.

Jones avenged a recent defeat at the hands of Smith, but the professional, as second man in the tournament, gained the $1,000 cash first prize.

Plan To Dispose Of Flathead Contracts

WASHINGTON, April 2 (AP)—Secretary Wilbur said today he would endeavor to dispose of contracts for the development of the Flathead Montana hydro-electric power site "within the next ten days," after a conference with the Montana congressional delegation.

Senator Wheeler, democrat, Montana, said after the conference that Secretary Wilbur would submit a proposal to the Rocky Mountain Power company and that this company would be awarded a contract for the first of the five Flathead sites "if the company agrees to figures proposed by the interior secretary."

Longhorns Outsmart New York Yankees In Battle

IMPROVED LUBBOCK TRACK MACHINE DETEATS TOUTED TAHOKA TRACKMEN IN DUAL FIELD MEET HERE TUESDAY

A fast-improving Lubbock high school track machine administered a crushing defeat to the much-heralded Tahoka cinder artists Tuesday afternoon, breezing through to a one-sided triumph, 76 to 33.

While the Lynn county tracksters failed to come up to advance predictions, the Westerners came through in impressive style to send the Nicklaus crew home with their first defeat of the season. Coach E. J. Lowrey called out his full strength to cope with the Bulldogs and the result was 10 first places out of a possible 14.

Yancey Price and his mates jumped into the scoring lead at the outset and were never in danger of being headed.

Divide Hurdle Points

Tahoka was spotted six points before the first event was called, due to the fact that the invading team carried no hurdlers. By special agreement, the Bulldogs were credited with second place in both the 120-yard high hurdles and the 220-yard low hurdles. Lubbock took 10 points on the two events.

Yancey Price regained his winning stride, running a pair of nifty races to pace the field in the 100 and 220-yard dashes. In the century, Minor of Tahoka, was a mere jump behind the Lubbock sprinter. The Tahoka flash fell far behind in the furlong, apparently spent by the hard quarter mile which preceded the 220.

Reagan Steps Mile

Lee Reagan, hard-working Westerner miler, turned in the best performance of his high school career when he made the four laps in the impressive time of five minutes flat. Grider, of Tahoka, who finished second, was more than 100 yards behind Reagan at the finish line. Had he been pushed the local long distance specialist would have likely broken five minutes.

Watkins, of Lubock, and Fox, of Tahoka, staged a merry struggle in the running broad jump, the latter winning by a scant half inch. The Bulldog jumper's first place mark was recorded at 21 feet, 2 inches, while Watkins was credited with a leap of 21 feet, 1 1-2 inches.

The summary:

100-yard dash—Price, Lubbock, first; Minor, Tahoka, second. Time 10.3 seconds.

880-yard run —McCasland, Lubbock, first; Easterage, Tahoka, second. Time 2 minutes 14.5 seconds.

440-yard dash —Minor, Tahoka first; Watson, Lubbock, second. Time 54.6 seconds.

220-yard dash— Price, Lubbock, first; O'Hair, Lubbock, second. Time 23 seconds flat.

Mile run — Reagan, Lubbock, first; Grider, Tahoka, second. Time 5 minutes flat.

One mile relay—Won by Lubbock. (Price, O'Hair, McGeehee and Watson) Tahoka team composed of Fox, Benson, Easterage and Ketner.

Pole vault — Kittrell, Lubbock first; Pressley, Lubbock, second. Height 11 feet.

Discus throw — Price, Lubbock first; Moffitt, Tahoka, second. Distance 105 feet, 8 inches.

Shot put — Moffit, Tahoka, first; Watkins, Lubbock, second. Distance 43 feet, 1- 2 inch.

Javelin throw — Watkins, Lubbock, first; Ritchie, Lubbock, second. Distance, 142 feet, 7 inches.

Broad jump—Fox, Tahoka, first; Watkins, Lubbock, second. Distance 21 feet, 2 inches.

A quadrangular track and field meet will be held at Tech field next Monday afternoon when the Lubbock High tracksters play hosts to cinder aggregations from Brownfield, Littlefield and Crosbyton.

This will be the last practice meet for the Westerners before they go to Amarillo April 11 and 12 for the invitation News-Globe tournament.

Formula Reported In Naval Session

LONDON, April 2. (AP)—The Daily Herald, labor party organ, said this morning that, as a result of conversations yesterday between Foreign Secretary Henderson of Great Britain and Foreign Minister Briand of France, a formula has been found that may give France the security she has been demanding and enable her to enter a five-power naval disarmament treaty.

A draft of this formula, according to the Herald, was sent to Paris last night for thorough consideration by Premier Andre Tardieu, and the French cabinet.

The newspaper understands that in view of these new circumstances Italy has at last agreed to eliminate the contentious word "parity" with reference to her naval claims, which has been a rigid barrier in Franco-Italian negotiations.

BRAVES LEAD IN WINNINGS

NATIONAL LEAGUE HAS COMFORTABLE MARGIN IN EXHIBITIONS

BY HERBERT W. BARKER
Asociated Press Sports Writer

NEW YORK, April 2 (AP)—With the Boston Braves, perennial holders of the grapefruit league championship, showing the way, representatives of the National League have taken a comfortable lead over their rivals from the American in inter-league encounters this spring.

Fifty games involving teams from each major league have been played, and twenty-seven of them have gone to National League clubs. The American has won twenty-two, and one was tied.

The Braves have accounted for ten of the National League's victories, five over the New York Yankees and five over the world's champion Philadelphia Athletics. Brooklyn and Cincinnati are the only other clubs with better than an even break against teams from the rival circuit.

Cleveland and Detroit are the only American League clubs with better than a .500 percentage in inter-league warfare. The Indians beat the New York Giants in their only start against a major league club while Detroit has won five and lost four.

MAJOR LEAGUERS NEED COLLEGE EDUCATION, THEY DECIDE

(By Associated Press)

NEW YORK, April 2.—New York's Yankees have just about decided that what they need to win more ball games is a college education. They played major league baseball against the University of Texas team yesterday and found on at least two occasions that the Longhorns could out-think them.

In the fourth inning Lou Gehrig made a break for second when the Texas first baseman left his bag after Lou's single, and found that the Texas catcher had slipped up to take the throw from shortstop to tag him out. In the eighth inning Mark Koenig was the victim of a similar play on a quick relay from shortstop. The Yankees had to stage a ninth inning rally to gain a 4-2 victory.

Two Released

Two more members of the Brooklyn Robins have been released by Manager Wilbert Robinson. Kent Greenfield, who has seen lots of big league service with the New York Giants and Boston Braves, has been sent to Fort Worth of the Texas league, and Luther Roy, another pitcher, obtained from the Phillies, has been released to Chattanooga of the Southern association.

If the New York Giants stay at New Orleans much longer, they'll lose the services of Mel Ott, the one-time boy wonder who clouts them far and often.

New Orleans is Ott's native city and apparently he could be elected mayor without making a speech. Everywhere the Giants go Ott is pointed out, the hero of the hour. And the city has taken to Manager John McGraw as well, ever since he declared Ott to be "a phenomenal outfielder and the greatest natural hitter in the business."

Mahon Looks Good

The more the Athletics see of Alfred Mahon's pitching, the more the idea grows that he will stick with the team. According to Captain Eddie Collins the rookie left-hander from Nebraska has pitched as well as any regular during the training season. He is cool under fire, has good control, a wide curve and a smoky fast ball.

Manager Shotton's early enthusiasm over the Phillies has cooled considerably in the last week. His pitchers are slow rounding into form and his hitters, even against minor league pitching have failed to hit. The Phils left Winter Haven, Fla., for home today. Their only major league victory in the South was over the Athletics.

The Chicago Cubs apparently are working overtime to get a whole season's supply of bad baseball out of their systems before the championship campaign opens.

Yesterday's 13 to 12 defeat by Los Angeles, was redeemed only by a display of batting power. The young Cub pitchers, Nelson and Shealy, were punched around and the base-running of the National league champions was not what it should have been.

Art Shires is reaching mid-season form. The White Sox first baseman yesterday played his first full practice game and got a double, single and a walk—and bantered with the spectators. The Sox today had a game with the Fort Worth club of the Texas league, at Fort Worth, and were out to follow up yesterday's 7 to 1 victory over Dallas.

TEXAS BASKET TEAM TO PLAY LANKIN TODAY

SIX OF TEN VICTORS YESTERDAY ARE FROM DIXIE

By PAUL MICKELSON
Associated Press Sports Writer

CHICAGO, April 2.—The skirmish for the 12th national high school basketball championship was tinged liberally with southern Hardwood artistry as the second section of a large field from 26 states drove forward to complete first round games at the University of Chicago today.

Six of the 10 victors in yesterday's inaugural contests were representatives from Dixie, while scattered in today's field were as many more.

Athens In Race

Listed along today's battle front was the defending titleholder from Athens, Tex. The Texas team appears to be as big and fast as they were in 1929 when they fought through a strong field to carry the title back with them. Although they lost the state title to Denton, another entrant in today's first round games, they are considered one of the teams to beat for the 1930 crown.

Eight first-round and two second-round matches were on today's program, the feature of which will be that between Athens and Lankin, a team of Giants from North Dakota.

The program:

First round games:

10 a. m.—Brahelton, Ga., vs. South High, Minneapolis.

11 a. m.—Waterloo, N. Y., vs. Kavanaugh, Lawrenceburg, Ky.

12 noon—Denton, Tex., vs. Baylor, Chattanooga, Tenn.

1 p. m. — Casper, Wyo., vs. St. Johns, Delafield, Wis.

2 p. m.—Durham, N. C., vs. Morgan Park Military Academy, Chicago.

3 p. m.—Roanoke, Va., vs. Wheatland, Wyo.

5 p. m.—Y. M. C. A. Day School, Chicago, vs. Lee, Jacksonville, Fla.

7 p. m.—Lankin, N. D., vs. Athens, Tex.

Second round

8 p. m.—Spartanburg, vs. Linsley, Wheeling, W. Va.

9 p. m.—Corinth, Ky., vs. Chinook Mont.

TEXAS LEAGUERS HUSTLE WITH ONLY LITTLE MORE THAN WEEK TO TRAIN

(By Associated Press)

Little more than a week and a few hours remained today before leaguers would be looking across the diamond with one eye on the pennant. And managers were beginning to shuffle their squads around this way and that, pretty well lined up now by exhibition games, to know something about the points, weak and strong, of their mounders.

Waco had in prospect a tussle with the New York Yankees, and Manager Pratt announced he would use Tony Piet at second instead of Banrimer. Piet may be Waco's regular second sacker this year, although he has been playing shortstop.

Indians Train

Now that Babe Ruth is gone, the San Antonio Indians are back on the ground, training for their next games at Kingsville Saturday and Sunday with the Pioneers of the Missouri-Pacific Railroad baseball league.

Jakie Atz planned to take his Dallas Steers to Ennis for an engagement with the Southern Pacific team of that city. He announced he probably would use Bert Grimm and Philip Hensick, both right-handers, on the mound.

Because he wishes to give Cary Selph's lame knee ample time to heal, Manager Joe Schultz of the Houston Buffs is considering advisability of starting the season with "Watty" Holm at second. Holm, an accomplished utility man, can play any position. Should Holm be on second today for the Buffs' game with San Antonio, the Buff outfield would be composed of Williamson, Kaufman and Gus Felix.

White Sox Win

Ted Blankenship, Chicago White Sox hurler, was a better pitcher than his brother, Homer, and the American Leaguers scored a 7 to 1 victory yesterday over the Dallas Steers.

The Texas Christian University Horned Frogs put up a stiff fight for seven rounds, then dropped the rubber game of their spring series to Fort Worth, 12 to 2.

Spudder Yannigans, in Wichita Falls bowed to the regulars, 13 to 1, and Skipper Carl Williams kept the squad on the move, preparing for the tilt tomorrow with the New York Yankees.

Eddie Lennon and Phil Waggoner, hurlers, and Clyde Pratt, outfielder, were released. Catcher Ralph Butler was sent to Pine Bluff.

WILL BOOM TRACK SPORTS

Fritz Crisler, who recently was appointed director of athletics at the University of Minnesota, has gone on record as strongly favoring a better development of track and field sports at the Gophes school.

With an area nearly equal that of the United States, Australia has a population only slightly more than 6,000,000.

The law says "No" to the spitter! But we all know there still exist hundreds of dirty places where the cigar-maker rolls the leaves with filthy fingers... and seals the ends with spit! In fact, more than half of all cigars made in this country are still made *by hand*, and therefore subject to the risk of spit!

Certified Cremo protects you against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture. And its purity is safeguarded along every step of the way by amazing inventions that foil, wrap and tip the cigars without the possibility of spit!

Try a Certified Cremo—see how wonderfully good it is! Made of the choicest, tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Your physician has in mind a cigar like Certified Cremo when he recommends a mild smoke in place of heavy brands.

Crush-proof... immaculate... foil-wrapped... Certified Cremo is the kind of cigar the late Vice-President Marshall undoubtedly was thinking of when he said: "What this country needs is a good 5c cigar!"

CROWDS CHEER TYDINGS WHEN PRO ATTACKED

MARYLAND WET FLAYS PROHIBITION IN BITTER ATTACK

WASHINGTON, April 2 (AP)—Warned of defeat for his attacks on the dry law, Senator Tydings, democrat, Maryland, was applauded enthusiastically from the galleries in the senate Monday as he shouted he would continue to fight a "cause which is simply dragging the United States and all its traditions and philosophy down into the mire of crime and corruption and hypocrisy."

The Maryland wet was replying to Senator Brookhart, republican, Iowa, a dry, who had warned Tydings that his former colleague, Senator Bruce, democrat, Maryland, had been retired to private life at the last election after making wet speeches.

Will Pay Price

"If I can pay that price to render some slight service to my country," Tydings said, "at least I will not be running with the crowd just to get re-elected."

The Maryland wet and the Iowa dry had been exchanging pointed remarks for more than an hour in the first prohibition debate in the senate in weeks, after Tydings undertook—with displays of statistics—to drive what he termed "the bunk" out of prohibition.

The demonstration from the galleries startled the meagre membership in the floor; ended the heckling by Brookhart and brought a warning from the presiding officer that any other such outbreak would result in clearing of the galleries.

Challenging the Tydings figures on the effect of the prohibition law, Senator Brookhart contended that showing increases in drunkenness were faulty because they included figures for cities which were dry before national prohibition went into effect. He said the many tables of data merely indicated a "failure to enforce the dry law."

Tydings contended the government was losing $343,000,000 annually in taxes on account of prohibition and he added to this the $15,000,000 spent annually in enforcement of the dry law.

Concluding his argument, Tydings said:

"Judge from the standpoint of drunkenness among adults or among drivers of automobiles, the facts are against the merit of prohibition.

Deaths Cited

"From the standpoint of deaths from alcoholism based on the figures of the Department of Commerce and the Metropolitan Life Insurance company, the figures are against the success of prohibition.

"Based upon the consumption of alcoholic beverages, as evidenced by the increase in the grape crop, in the corn sugar crop, and other things from which beverages are made, the consumption of liquor today is at least as great, if not greater than before prohibition. We are spending more for our liquor today than we spent for it in the days before national prohibition was adopted.

"Judged from the standpoint of crime and corruption, there is no period in the history of the nation where the murder record and the graft record and the crime record ever reached the point where it now thrives and exists in this country."

ENFORCEMENT OF NEW BILL IS DOUBTFUL

MOODY PLANS TO VETO APPROPRIATION FOR PIPE LINE LAW

AUSTIN, April 2. (AP)—If Governor Moody stands by his plan to veto the appropriation to meet expenses of enforcing the pipe line law recently enacted he would severely handicap if not prevent the railroad commission from enforcing it, R. D. Parker, chief supervisor of the oil and gas division of the railroad commission said today.

Governor Moody yesterday announced he believed contingency appropriations allotted the railroad commission would be sufficient to meet enforcement outlays.

I cannot see the good business sense of attempting to finance the enforcement of this legislation on the crippled process of creating deficiencies and passing the responsibility for appropriations to the next legislature when there has already just been made by the legislature an appropriation for this work," Parker said.

Parker said he had been advised on good authority that appropriations made for several divisions of the commission, other than the oil and gas division, cannot be diverted for the use of the oil and gas division, and that the contingent fund of the division which does not provide for salaries of employes, but covers contingent and miscellaneous expenses only, cannot be supplemented by deficiency warrant to cover salaries.

WOULD PREVENT MERGER

WASHINGTON, April 2. (AP)—Charging that the proposed merger of the Bethlehem Steel corporation with the Youngstown Sheet & Tube company "is the first step in the formation of a gigantic steel trust," Representative LaGuardia, republican, New York, introduced a resolution today calling upon the attorney general to prevent the action.

A prize fighter of some success is named "Gorilla" Jones. Now watch other boxers try to ape him.

SHERIFF DEFIES PADLOCK LAW

MENOMINEE, Mich., April 2 (AP)—The sheriff violated a federal dry law padlock today, because of a cat, but he's hoping the prohibition department won't take the matter seriously.

Weeks ago the cat was locked in the building when prohibition agents sealed the place up. Since then its daily cries, growing weaker and weaker, have been heard by scores of citizens until the sheriff finally took matters into his own hands and decided that it was time the cat had its liberty.

School children cheered as the sheriff broke into the building.

EXTORTION OF MICHAEL KATZ TO BE PROBED

GRAND JURY TAKES UP INVESTIGATION OF KIDNAPING CASE

KANSAS CITY, April 2 (AP)—Grand jury investigation of the $100,000 Michael H. Katz kidnaping and extortion case started today witnesses to appear on subpoenas to tell the story which has been pieced together by the Kansas City Star, aided by detectives and police.

Three men mentioned by the newspaper as unwilling go-betweens enlisted to counsel the Katz brothers, Michael and Isaac, as to the best methods of dealing with extortionists, were among expected witnesses.

The Katz brothers, wealthy operators of a drug company, probably will be called in an effort to break the silence they have maintained presumably under threat of violence or death.

While the grand jury was organized Monday, Eddie "Goggle-Eyed" Leonard, St. Louis gangster, and Bossie Nigro, of Kansas City, still were held in jail without bail. They were the first charged in the alleged plot in which the Star said five took part last March 18 and 19 and evenly divided the $100,000 reported paid by Isaac Katz for release of his brother.

There were 275 warships of all kinds under construction for the navies of the world during last year; of these, 58 were for Great Britain.

NEXT MEETING OF JUDGES PLANNED

Judge G. C. Grider, of Lynn county, Judge W. M. McGehee, of Floyd county, and C. C. Williams, secretary of the Tahoka Chamber of Commerce met in Lubbock yesterday with Judge Robert H. Bean to form tentative plans for the April meeting of the West Texas County Judges and Commissioners association.

The meeting will be held at Tahoka April 17 and 18.

D. A. Bandeen, manager of the West Texas Chamber of Commerce, will speak before the officials on the subject of "Equalization of Taxation."

Others who have been invited to speak are Judge J. P. Marrs, of Wichita Falls, and W. R. Ely, of Abilene, member of the state highway commission.

TUGS TO RESCUE

LONDON, April 2. (AP)—Lloyds reported today that a tug was proceeding from Cobh and another from the Azores to the assistance of the steamer Bismarckhof of the Holland-America line which lost her rudder post and was drifting southward in a decreasing northerly gale in mid-Atlantic.

Gross receipts from the tobacco monopoly in Czechoslovakia last year were $250,000,000.

Thought For Today

Now I rejoice, not that ye were made sorry, but that ye sorrowed to repentance.—II Corinthians 7:9.

When a man has been guilty of any vice or folly, I think the best atonement he can make for it is to warn others not to fall into the like.—Addison.

Disarmament

In casting about for reasons why the naval delegates at London are having such a desparately hard time reaching an agreement, one comes to the rather surprising conclusion that everything would be going more smoothly if the French only were not so prosperous.

A few years ago French finances were in a desperate condition. The franc was tobogganing downward until it looked as if it might follow the German mark to complete collapse. Poincare was hurriedly made premier, with a mandate to stabilize the franc. New York and London bankers came to the rescue, and the franc was finally rescued.

The influence of the bankers was long remembered, however, and when the present naval conference was suggested there were Frenchmen who feared that these bankers might force concessions out of the French delegation. But France, in the meantime, had become prosperous.

The franc has been stabilized. The French budget for 1930 will have an excess of some $12,000,000. Furthermore, the Bank of France holds in gold reserves the huge sum of $1,725,000—a greater reserve than any other nation possesses, except the United States.

Because of this huge reserve, the government has reduced the bank rate to 3 per cent, thereby favoring internal trade and preventing foreign capitalists from getting a stranglehold on the country.

So it is that a member of the French delegation recently remarked to Milton Bronner, London correspondent for this newspaper and NEA Service:

"In this naval conference France is in an almost impregnable position. She does not have to fear America and England, because she is shielding herself with a golden buckler and she can, if need be, fight with a golden bullet."

And a leading French editor the other day wrote:

"France entered the naval conference of her own free will. If things do not please her, the French delegates can walk out and there will be nobody who can stop them."

All of which, of course, means that the French do not propose to make any concessions and that they can afford to be independent about it. Their delegates represent a busy country which has practically no unemployment, a country that has the world's largest effective army and the world's largest military air fleet and a program for the world's largest submarine fleet.

It is nice, of course, to know that our former ally in the fight for democracy is getting along so nicely. But it is a trifle disconcerting to find that the cause of disarmament might be advanced more if she were only having hard times.

Escaped?

Although wheat prices have slumped disastrously recently, Vice President Allard Smith of the Union Trust Company of Cleveland, is authority for the statement that the farmer is not the big loser, after all.

Most wheat growers, he says, sold their crop before the slump came, and the big losers are the speculators and middlemen.

This is encouraging news—not that anyone has any grudge against the speculators and middlemen, but because the poor farmer has taken enough bumps in the last few years. If he has avoided this one, so much the better.

The news suggests, furthermore, that we might as well reserve judgment on the complaints that are made about the farm board's responsibility for the price decline. The wheat speculator has no love for the farm board, and nothing would please him more than to persuade the average citizen that the farm board has hurt the farmer.

"I have never known a husband," says Peggy Joyce, "to wear longer than six months." Wear what?

THE PLAINSMAN Says:

That Girl on Broadway says it's always the blowhard who gets the harpoon. The whale would be all right if he didn't come up to spout.

* * *

THE biennial city elections are over and the great excitement attendant to them has just about died down. All we have to look forward to now in the way of a furore will be the next annual meeting of the Octogenarian club.

* * *

You can get the citizens of Lubbock hot and bothered over water and gas rates, whether or not carnivals should be permitted to feature a "hootch show," and the relative merits of Sartone and Orgagon, but when it comes to city politics you just might as well try to start a charades game at a funeral.

* * *

You know, folks, it must be a pain-in-the-neck to be president of the United States—particularly when the going gets tough. Our old friend Herbert Hoover is getting one kick after another and the "I-told-you-so" glee club is making the anvil chorus sound like a tinkle of fairy bells.

* * *

BUT as every cloud has its silver lining, so does the Anti-Hoover brigade and every once in awhile you hear a pretty funny story. Here's one Mrs. J. Watkins Clapp, 1622 13th street, saw in the Memphis Commercial Appeal and relayed to The Plainsman.

"A few years ago the United States government decided to erect a great dam in New Mexico and, seeking to honor a great American, constructed the Roosevelt dam.

"Somewhat later the government planned another great dam in Alabama and, wishing to honor another great American, constructed the Wilson dam.

"Then it became apparent that a great dam was needed in Arizona so the government honored a third great American and built the Coolidge dam.

"Thus far Herbert Hoover hasn't been worth a dam!"

* * *

That's tough on Mr. Hoover but it's a good story. Here's another which emanated from the ready typewriter of Gene Howe, editor of the Amarillo Globe-News and author of "The Tactless Texan"

It seems that one of Mr. Howe's reporters came running into the boss' office the other day with:

"Say, Gene, the Farm Board has decided what to do with that 150 tons of hay it bought the other day!"

"Zat so," returned the editor, "what are they going to do with it?"

"Hee, hee," said the reporter, "they're going to feed it to all the jackasses that voted for Herbert Hoover!"

—And The Plainsman has a hard enough time eating breakfast cereals let alone raw hay!

* * *

However, in all fairness to Herbert Hoover, (yep, The Plainsman voted for him) he fell into a bed of thorns when he took over the White House after wise Mr. Coolidge did 'not choose to run again in 1928.' And, while it may be some salve for the Smith supporters to romp on Hoover, The Plainsman doubts that the New Yorker would have done any better and, confidentially, doesn't think he would have done as well.

* * *

THIS much is certain. Al Smith didn't convince many Americans that he was the man for the Presidency during the late, lamented campaign and for that reason The Plainsman can't see that Mr. Hoover's disappointing showing indicates that Mr. Smith would have been a cure-all for these perilous times. All we can do, of course, is speculate on the proposition but don't forget that "Of all the words of tongue or pen, the saddest are these—It might have been!"

* * *

Here's one more story that emanates from local railroad circles. It may or may not have happened on one of the branch lines radiating from Lubbock:

There was a sharp blast of the whistle, brakes screeched, and the train came to a sudden stop. Passengers flocked up to the conductor.

"What has happened, conductor?" cried a nervous little old lady.

"Nothing much, we just ran over a cow."

"Why—was it on the track?"

"No," replied the conductor. "We chased it into a barn!"

Hoover's Success In Dealing With Latin-America Stands Out As Biggest Achievement Of Administration—Dutcher

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 2—While Mr. Hoover was secretary of commerce he doubtless had time to figure out how he could avoid the mistakes Mr. Coolidge was making. Now there are plenty of problems and difficulties annoying him which never seemed to bother Mr. Coolidge very much, although they include a pile of dirty dishes which the last administration left to be washed.

Thus far there is only one real outstanding cleanup job to the credit of Mr. Hoover, but it has been performed in a manner that defies criticism and recent developments have tended to accentuate a sincere determination to carry it to logical conclusions. One refers to the change in the method of dealing with Latin America and the much better feeling that has been engendered between the United States and the other republics of the hemisphere.

When Hoover was elected we were still pretty generally regarded as a great big imperialistic giant bent on gobbling up all the younger and smaller neighbors. After the president-elect came back from his amiable voyage to South America your correspondent pointed out that everything would be lovely if the spirit of the visit were introduced into our foreign policy. Otherwise the gesture would have been considerably worse than useless and disillusioned Latin-Americans would have disliked us more than ever. Hoover's foreign policy, however, has been consistently liberal and friendly toward Latin America; the recent work of his commission in Haiti, and the State Department's semi-official reinterpretation of the Monroe Doctrine are excellent examples.

South and Central America never boiled over about the dictatorship of American marines in Haiti, but example of the way we did business with weak little nations. The Haitians are black people and that fact kept the Latins from becoming as sore as they were when the State Department was in difficulties with Nicaragua and Mexico.

The new Haitian policy is a complete reversal. Instead of, as in the past, having a puppet president dominated by Brigadier General John H. Russell, the Haitians are going to elect their own Congress which will then proceed to elect a president of Haitian choice. Until Hoover's commission arrived it appeared that President Borno and Russell were about to pick their own man to succeed Borno and that American suppression of free elections, free press and other civil liberties would continue. A civilian American minister is expected to replace Russell and although the Haitians may make a mess of governing themselves, an existing treaty will maintain the marine occupation until 1936, by which time they will have had some practice at free and peaceful government.

Publication by the State Department of former Undersecretary J Reuben Clark's lengthy memorandum on the Monroe Doctrine indicates an even more drastic reversal of policy and one of vastly more importance. Although Clark's views are set forth as personal opinions, their publication in such manner virtually amounts to a repudiation of the long series of military interventions in this hemisphere. For Clark holds that the Monroe Doctrine was meant to apply solely to relationships between European governments and American governments. It guaranteed to protect the latter from European aggression, but, says Clark, it "does not apply to purely inter-American relations" and "lays down no principles to govern the inter-relationship of the states of the western hemisphere as among ourselves." Under such an interpretation, of course, there is little place for any exercise of "police powers" over the Latin countries such as have often been claimed and exercised in the past.

LARGE LOSS OF WEIGHT AIDS OTGERS

Reduced Eighty Pounds

"DEAR DOCTOR" It has been two years since I received your pamphlet on reducing. I was then 24 years old and weighed 220 pounds; height 5 ft 7 in.

"Now I am still the same height but only 140 pounds of that terrible parasite, so I now weigh but 140. I used to wear an 8 double E shoe, now a 6-D, a size 50 dress now a 38.

"I frequently backslid, but prayed, cried and tried again and now here I be! Oh the blessedness of being normal, and dear Dr. Lulu, the blessedness of you. I am still plump, but much more pleasing. Thank you and God bless you.

"MRS. M."

Thank you for your letter with the cheerful news of victory over vittles. Mrs. M. Your letter I am sure, will be a great incentive to many flabby pounds to some loss. And I can well imagine how much better you look and feel.

Those who need the instructions that Mrs. M. followed may have our Reducing and Gaining pamphlet by following column rules.

* * *

Mr. S: I do not remember writing an article headed "No Food Hard to Digest." However, in reality there is truth in this to the normal intestinal tract.

Foods are considered hard or easy to digest, according to the length of time they have to remain in the stomach. Fats remain the longest, proteins next (meat, fish, white of eggs) and the starches and sugars next. Of course, most foods are a combination of all these elements. When a frankly starchy food, such as bread, is taken with butter, the bread is also retained in the stomach longer.

To those who have some irritation of the intestinal tract, certain foods may be "hard to digest," because of deficiency of the digestive secretions. And then, of course there are those who are upset in various ways (hives, asthma, headache) by foods that agree with the large majority. (They have what is known as an idiosyncrasy or allergy or sensitization to these foods.) If excess starches or proteins are eaten, there may be fermentation, or putrefaction, with gas, and that may give the impression that these foods were hard to digest, while in reality it was the excess that caused the difficulty. Foods taken under strong emotions or under great fatigue, are harder to digest—that is, they may be retained in the intestinal tract much longer than normal—because of the influence of strong emotions and fatigue upon the digestive organs.

Have I made myself clear?

For those who are interested we have an article on Balanced Diet. See column rules for obtaining it.

Worried Daughter: You didn't read my answer correctly. I did not say that diseased tonsils should not be taken out. What I did say was that they are not taken out while they are acutely inflamed. The surgeon always, so far as I know, waits until the acute inflammation abates.

If you are going to a competent throat specialist for to a reliable clinic) you should rely on his judgment as to whether your mother's tonsils should come out or not.

Editor's Note: Dr. Peters cannot diagnose nor give personal advice. Your questions of general interest will be answered in the column in their turn. Requests for articles or pamphlets on hand must be accompanied by a fully self-addressed, stamped envelope, plus the following small charge to help cover cost of printing and handling, for each article wanted, two cents in coin for each pamphlet ten cents in coin. The pamphlets are Reducing and Gaining, Hygiene of Women, Kidney and Bladder Disorders. Address Dr. Peters in care of this paper. Write legibly, and not over 200 words.

Resume Search For 10 Entombed Miners

KETTLE ISLAND, Ky., April 2 (AP)—Rescue workers endangered last night by failure of a power line which halted an exhaust fan drawing lethal gases from the Pioneer Coal company's mine today resumed search for ten of the sixteen men entombed Saturday by an explosion.

With the finding of the bodies of six yesterday, only a forlorn hope was held that any of the others was alive. The opinion that the explosion, cause of which has never been definitely determined, snuffed out the lives of the miners was held virtually by all the rescuers.

Infant Hog Market Pronounced Success

CHICAGO, April 2. (AP)—Three million pounds of live pork were traded in on the floor of the Chicago Livestock exchange in the first month of the hog futures market. The infant market was pronounced a success by its sponsors as it entered today its second month, the world's only hog futures exchange.

The first month's business totaled 184 cars, representing 13,250 hogs weighing 3,036,000 pounds. Deliveries on contract totaled 315,470 pounds. The prices ranged from a high of $12.50 per hundred weight for September lights, down to $9.50 on March heavies.

NEW YORK, April 2.—The winds of March still carry a sting and a bite.

But over on Avenue A, across the river in Jersey towns, and "down the island" the children of Romany are getting ready for the open road.

So spring must be just around the corner.

The gypsy and the circus press agent are always three or four hops ahead of the first robin. And in New York, the bustle of preparation may always be noted in the latter days of March when gay skirts and gaudy sashes are freshened for the gypsy trail which knows no end this side of the grave.

The "chis" and the "chals" are beribboned and bejeweled. Along the intricate lanes of the lower East Side, their very snappy-looking autos wait at the curb to form the annual caravan for the gypsy of today travels in style and in state. His first stop, generally, is a camp in Jersey. Then on he moves into Pennsylvania and way states, from camp to camp, until the skies tell of snows. Then, oddly enough, he seeks out the most metropolitan centers, moves his colossal family into empty storerooms and dingy tenements.

So long had it been since Mississippi was a regular daily attraction of Broadway that few knew he had died.

It was a week or more after his demise that I noticed a paragraph about "Sippi" in a morning paper.

They say that his greatest regret, when lying on his deathbed was that his friend and benefactor, Al Jolson, was off somewhere on a concert tour and couldn't be called in for a last farewell.

Sippi—whose name was John Wall — was Broadway's favorite hack driver. An elderly negro, ambling down the street with his crumbled silk hat and his shiny swallow tail. Sippi was known the length and breadth of the street. About a year ago his horse died, and Sippi could be seen for a change on foot, stumbling along through the crowd, being greeted by the famous ones of the theater.

He complained of aching then. And some time passed before he was seen again. Who was there to miss him? What is one person more or less in the Broadway millions?

Still and all something of the old flavor of the big street went when Sippi stooped driving his hack. He was part of a tube that was.

They used to tell on Broadway ... yes, Sippi used to tell himself how Mistah Al ... meaning Jolson ... "jes couldn't get along widout me."

The fact was that when Jolson was in his hey-day as a musical comedy performer Sippi's hack always waited for him at the stage door. There was a legend that Jolson never left the theater without tracking across a few blocks in the old reform cab. It got to be quite the thing to have Sippi pack you up after a night club revel. Theater folk practically adopted him. They bought his horses when one died, they paid for the fixing of his cab.

There aren't many of these old Broadway characters left. But, I assume, new ones will come along and live for their moment in its fantastic life.

Suicide Verdict Is Returned At Dallas

DALLAS, April 2 (AP)—Pellum O. Curtis, 45, garage operator, was found dead near here Monday with a bullet wound in his breast. Friends told officers he had seemed depressed for several weeks. Justice Ben H. Fly returned a verdict of suicide at the coroner's inquest.

Curtis left home Sunday afternoon, telling his wife he would be gone only a short time. She became alarmed when he did not return after several hours and telephoned Dallas' hospitals, thinking he might have been injured in an accident. Early Monday his body was found by two men near Bachman's lake.

Duchess Near Death In Gas-Filled Room

LONDON, April 2 (AP)—The Duchess of Leinster, one of the brightest stars in the Piccadilly theatrical firmament before the war today lay dangerously ill in Lambeth hospital. She was found half conscious early Monday in a gas filled room of her small flat in the drab district of Brixton.

The Duchess was discovered, in circumstances that are still obscure, in the unpretentious apartment she occupied, half-suffocated by gas fumes.

The Duchess, before her marriage in 1913 to the Duke of Leinster, was famous among London playgoers as May Etheridge of musical comedy fame. But to her neighbors in shabby Brixton recently, she was known simply as "Mrs. Williams."

Suit Is Filed To Enjoin Quarantine

AUSTIN, April 2 (AP)—Suit to enjoin enforcement of the state quarantine against the shipment of Florida citrus nursery stock into Texas was filed Monday in the 53rd district court by M. G. Black of Hidalgo county. The suit was directed against Geo. B. Terrell, commissioner of agriculture, Governor Dan Moody and Attorney General Robert Lee Bobbitt. A similar proceeding is now pending in the federal district court at San Antonio and was brought by the Glen St. Mary's nurseries.

NOVELIST MAY DIE

PARIS, April 2 (AP)—William J. Locke, British novelist who underwent a dangerous abdominal operation Monday, was making a stubborn fight for life. His doctors said his condition was "extremely critical."

ARTHUR PILLSBURY

KNOWN for many years as Pillsbury, the flower man, Mr. Pillsbury has now added many interesting features to his set of sensational films; aside from those showing the complete growth of shrub and flower. It is said that no more interesting moving pictures have ever been made than those to be shown here in the near future by this wizard of photography. A picture that shows, for instance, the complete life of a plant from the time it come from the ground until it has fully leafed out, has borne flowers that have faded and dropped away, has then lost its leaves and is only a stripped stalk, may take only ten minutes in the showing but it took Mr. Pillsbury a full year to make the moving picture. There is great variety in his program which is called "Miracles of Nature," and from eight to nine complete reels are shown. Best of all, the man who invented and built most of the intricate apparatus that is needed to make such a film will appear and talk interestingly about the scenes depicted.

FARM RELIEF IS PICTURED AS DAMAGING

BOARD IS ATTACKED BY GARNER FOR $5 LOSS ON COTTON PRICE

WASHINGTON, April 2. (AP)—Representative Garner of Texas, the democratic leader, assailed the farm board tonight as having "relieved" the American farmer "to the extent of more than $5.00 a bale on his cotton and approximately 25 cents a bushel on his wheat."

In a statement issued through the democratic national committee, the Texan replied to a summary of the achievements of the first year of the Hoover administration made several days ago by Representative Tilson, the republican leader. Garner devoted the entire statement to the farm board's activities.

After reviewing the various actions of the board, he said the farmers, by following its advice, had sustained losses which the board seemed powerless to prevent.

"The only suggestion made as to the future," he said, "is to raise less crop. This is being urged as to cotton, wheat, barley, tobacco and dairy products. No suggestion has been made as to substitutes for these products with the single exception that everybody plant a wood lot—this will be of especial interest to our prairie farmers."

170 RESIGN

SURAT, India, April 2 (AP)—Mahatma Gandhi, leading his volunteers on the march opening the civil disobedience campaign addressed a meeting here today so persuasively that 170 village officers of the district resigned. Gandhi is marching to Jalalpur and, on reaching the shores of the Gulf of Bombay, will manufacture salt in violation of the government salt monopoly.

INSPECT HIGHWAYS

GALVESTON, April 2. (AP)—Members of the State Highway commission and other officials of the department were in Galveston today after finishing the second lap of an inspection trip which will take them over highways from the Sabine river on the east to the Rio Grande on the west.

Phipps Bill Passed By Senate Tuesday

WASHINGTON, April 2 (AP)—The Phipps bill to require publishers of newspapers and magazines to furnish the postmaster general with any information desired concerning the ownership of the publications was passed Monday by the senate and sent to the house.

Under present law, the publishers are required to file a statement with the postmaster general showing the ownership of the publications, but such information is not required when the security holders appear on the company's books as trustees or in some other fiduciary relation. The bill was introduced while the federal power commission was investigating the financing of newspapers by public utility companies.

RESOLUTIONS PASSED

WASHINGTON, April 2. (AP)—The Snell "Universal Draft" resolution to provide for a study of methods of removing the profits of war, was adopted today by the house and sent to the senate.

MADE AVIATORS IN SINGLE DAY

ROOSEVELT FIELD, N. Y., April 2. (AP)—Made aviators in a day, three Long Island young women completed solo flights safely just before sunset today.

They had taken off with instructions at sunrise for their first lessons in flying in an effort to demonstrate the simplicity of learning to operate a modern airplane.

The three, who were chosen as representative of college, business and domestic women of the county, were Miss Dorothy Galbreath, 18; Miss Esther Wagner, 24; and Mrs. Helen Gillespie, 30, mother of two children.

SLATON, April 2.—(Special)—Detailed plans are being made here to entertain a party of about 25 leading Dallas business executives who will visit in Slaton at 2 o'clock Thursday afternoon, stopping here on a tour of West Texas towns and cities. A committee composed of T. E. Roderick, T. A. Worley Jr., and L. A. Wilson, has been named by the Slaton Chamber of Commerce to arrange for reception of the Dallas visitors. Immediately after arrival here, the Dallas men will meet Slaton business men at the Slaton Clubhouse for an hour's program, when problems affecting this section will be discussed.

START CAMPAIGN ON PRAIRIE DOGS

Lubbock county farmers are being urged to visit the county agent's office and put in applications for help in destroying prairie dogs over the area. D. F. Eaton, county agent, this morning stated that an effort will be made within the next few weeks to make Lubbock county free of the pests if cooperation of the farmers can be obtained.

"We are very anxious for the farmers to come in and see us," said Mr. Eaton. "We want to line up everyone and make a concerted fight on the dogs within the next few weeks. W. T. Hill, of the U. S. Biological survey, is in the city and will be glad to aid farmers in this work. The only cost to the farmer will be for the poison grain."

The county agent also stated that as a follow up precaution, to assure complete riddance, cyanide gas poison is available.

The longest snake, of which there is authentic record was a few inches more than 30 feet in length.

Lubbock Woman Hurt In Fainting Spell

Victim of a fainting spell yesterday afternoon at 4:30 o'clock when she fell to the floor of the porch at the Barton House, 1304 Avenue L, Mrs. Wade McKinney sustained a fractured jaw and a laceration near her chin.

She was taken to the Lubbock sanitarium and did not regain consciousness until 5 o'clock. Attendants announce today that she is resting nicely and that her condition is not regarded as serious.

FOOTBALL AND MUSIC HEARD BY ROTARIANS

NEW COLLEGE COACH IS PRESENT AT WEEKLY LUNCHEON TODAY

Music and football prospects were mixed at noon today when the Lubbock Rotary club met in regular weekly luncheon session at Hotel Lubbock. Wallace W. Rix was in charge of the program which featured vocal selections by Mrs. V. W. Agniel and Edgar Shelton. President J. J. Clements was in the chair.

Pete W. Cawthon, newly elected head coach at Texas Tech, who arrived in Lubbock this morning, was introduced by Dr. Paul W. Horn, college president. With a few straightforward remarks, Mr. Cawthon told his listeners that he was here to work and produce, if possible, a winning football team for Tech.

Musicians Help

Misses Josephine Winslow, violinist, and Gertrude Evans, pianist, assisted by Wallace Rix, leader and cornetist, accompanied Mrs. Agniel and Mr. Shelton in selections from "The Prince of Pilsen" and "The Student Prince." Misses Winslow and Evans are Tech students, coming here from Big Spring and Meadow.

Henry Frnka, high school coach, headed a campaign to furnish a loving cup for the winner of the approaching Latin tournament, being staged by the schools here. Resignation of Harry Meyers, who is leaving the city, was read.

Wildcat Oil Gusher Continues Unabated

OKLAHOMA CITY, April 2. (AP)—A wavering plume of oil and gas still smashed high over the crown block of the Mary Sudik number 1 today, the seventh day of its wild rampage, as engineers assembled a new set of connections and valves in another effort to bring the mighty gusher in check.

Previous connections ripped out by the cutting sand hurled up with the column of gas and oil, the field men faced a difficult problem in their efforts to renew the pipes and casing torn by the blast.

Missionaries Held For $20,000 Ransom

HANKOW, April 2. (AP)—Miss Nina E. Gemmell, missionary formerly of Tacoma, Wash., and Girard, Kas., and the Rev. and Mrs. R. W. Porteus, British missionaries, all of whom were captured last Thursday when bandits raided the city of Yuanchow, are held for ransoms of $20,000 Mexican each.

Where the abducted missionaries are held is not known here. Three other missionary workers who escaped from Yuanchow are believed to be hiding in east Changsha, Hunan province.

Skeletons, believed to be those of Saracens, killed in the Mohammedan invasion of France, in 730 A. D., were unearthed recently near Nimes.

PROFESSOR AT DALLAS TO PROTEST PETITION AGAINST HISTORY TEXT

DALLAS, April 2 (AP)—Although claiming the "early European history," school text criticized in a petition signed by 400 Dallas residents, was "as a whole entirely harmless" and was standard in content, Ben P. Tisinger of Garland, chairman of the committee on textbook revision, said today the protest would be read before the state board of education at its meeting on April 14.

The chairman, in commenting on the petition, said no book could be judged by isolated passages. "Why, if you tried to read the Bible itself by bits, you could prove that the earth has four corners and that the sun revolves around the earth," he declared.

"I hope this won't stir up unnecessary dust," he declared. "We don't want any 'Tennessee publicity' of that kind for Texas."

Among signers of the petition, mailed to Austin Monday, was the Rev. Earl Anderson, pastor of the Dallas fundamentalist Baptist church. The petition charged that the text questioned the divine origin of the Bible and that Catholicism received undue emphasis. It asked that an investigation be made.

DAWSON DAIRY SHOW SUCCESS

OVER 1,200 FARMERS OF THE SOUTH PLAINS ATTEND TODAY

(Special to The Journal)

LAMESA, April 2—Stating that dairying, with organized methods, will play an important part in agriculture on the South Plains, D. T. Simmonds, secretary of the Texas Jersey Cattle club, this morning addressed Dawson county's first dairy short course during its second day. His statement followed an address concerning the influence of Jersey cows in agriculture.

The second day held an attendance of over 1,250 South Plains farmers and dairymen. A discussion of feeds was included in this morning's program. This topic was handled by A. H. Merrick, J. M. Peterson and Frank Simpson, agriculture service of the T. & P.

Fourteen hundred seventy-six persons over ten years of age have registered during the course. This afternoon's program will include addresses by Charles N. Shepherd, professor of dairying at Texas A. and M., and C. M. Evans, dairy commissioner for the T. & P. Frank Eaton and Alva Debman will lead a discussion on dairy feeds.

With the unexpected crowds attending the course, W. W. Evans, county agent and J. E. Barron, chairman of arrangements, notified those attending that the program will continue this afternoon in the Palace theater here instead of the district courtroom. Free moving pictures of dairying were shown this morning, and will be shown tomorrow.

Phipps Bill Passed By Senate Tuesday

WASHINGTON, April 2 (AP)—The Phipps bill to require publishers of newspapers and magazines to furnish the postmaster general with any information desired concerning the ownership of the publications was passed Monday by the senate and sent to the house.

Under present law, the publishers are required to file a statement with the postmaster general showing the ownership of the publications, but such information is not required when the security holders appear on the company's books as trustees or in some other fiduciary relation. The bill was introduced while the federal power commission was investigating the financing of newspapers by public utility companies.

STOCK MARKET BUYING HEAVY

STOCKS SENT HIGHER IN TODAY'S WALL STREET SESSION

(By Associated Press)

NEW YORK, April 2.—Large scale buying sent stock prices moderately higher at the opening of the market today. Leading shares generally rose 1-4 to 1 point, as blocks of 5,000 to 15,000 shares were taken. American Can, Westinghouse Electric and Missouri-Kansas-Texas rose about a point each, while U. S. Steel, General Electric, Radio, Anaconda, Studebaker and Radio Keith Albee sold up 3-8 to 5-8 of a point. Chrysler sagged 1-4.

New high records for the year were established in the first half hour of trading by Radio corporation, Anaconda Copper, American Water Works, U. S. Pipe, Standard Oil of California, Richfield Oil, Sinclair, National Power & Light, North American company, Raybestos, F. G. Shattuck and Pierce Arrow preferred, the gains ranging from fractions to nearly 2 points.

Foreign exchanges opened steady, with sterling unchanged at $4.86 9-16.

CHICAGO WHEAT

CHICAGO, April 2. (AP)—Unofficial crop estimates issued today approximated what had been expected; and wheat prices reacted from early upturns.

Opening 1-8 to 1 1-8 higher, wheat scored moderate additional gains, and the nsagged to about even with yesterday's finish. Corn, oats and provisions were firmer, with corn starting unchanged to 1-4 up and later averaging higher.

1929 football season is history; forget about that and buckle down with me in preparation with a new season.

"Other institutions of the state look upon Tech with favor and if representative teams are put on the field within the next few years, it won't be necessary to ask for admission into the Southwest Conference. We will be invited in."

Uniforms Issued

Varsity football men were the first to report this afternoon for spring training equipment. Other candidates followed in line as Cawthon handed out the paraphernalia that will be worn during the coming grind. Approximately seventy-five uniforms were issued today and the actual work will begin tomorrow with at least 100 men in camp.

All men of the college who are interested in any branch of sports will meet in the gymnasium this afternoon at five o'clock, at which time Coach Cawthon will explain his policies and outline plans for the spring training camp.

House Considering Tariff Controversy

WASHINGTON, April 2 (AP)—Dealing directly with the tariff for the first time in almost a year, the house today began consideration of the republican rule to send the Hawley-Smoot measure to conference without any previous votes on any of the 1200 amendments added by the senate. Adoption of the rule was looked for late today.

Opening the debate under an agreement providing for three hours' consideration, Chairman Snell of the rules committee emphasized that the people were not interested in parliamentary procedure, but only "in what the final provisions are to be in the bill."

Three Arrested In Attempted Assault

NEW YORK, April 2. (AP)—Three men, who said they had been hired, armed, and driven to the rendezvous by a man they knew only as "Tommy," with instructions to rob Miss Marian Weill, employee of a brokerage house, and slash her face, were arrested in front of her Brooklyn apartment today by detectives who had been tipped that they were coming.

Miss Weill was robbed a month ago, at the same hour, by two men who bound her and her negro maid and stole several thousand dollars' worth of jewelry.

AVIATORS END BERMUDA HOP

BIRDMEN REACH GOAL AFTER NIGHT SPENT ON CALM SEA

(By Associated Press)

HAMILTON, Bermuda, April 2. —The American monoplane "Pilot," carrying Capt. Lewis A. Yancey and two companions, arrived safely at Hamilton today.

The plane came into Hamilton harbor under tow of the motor launch Gregory, after spending the night on a calm sea.

The plane was anchored to a buoy off the dockyard at 9:50 o'clock this morning, completing her trip from New York to Bermuda almost 24 hours after it had started.

Soon after being anchored off the dockyard, the plane took the air and made a triumphant flight over the city of Hamilton. The ship, for the first time in the history of ocean flying, had descended at sea, spent the night there and then been able to continues her voyage under her own power.

The monoplane, equipped with pontoons, descended on the sea when but 60 miles from the tiny Bermudas group because of darkness last night. She had been in the air eight hours. This morning the sturdy craft appeared off North Rock, about five miles from St. George's and anchored there.

JAKE PARALYSIS

(Continued From Page One)

around Amherst and Littlefield, it was learned last night.

Several of the victims have admitted drinking "jake", it was said, from regular "jake" bottles but without the regular labels. It is thought that bootleggers were responsible for this type of drink. Other cases were reported as result of drinking "jake" from stock recently sent to dealers.

Medical science is baffled by the strange affliction and at this time there is no known cure and for that reason every precaution is to be taken to precent further cases.

Develop Rheumatism

Drinkers of the liquor develop rheumatism of the legs, numbness in the feet and sometimes paralysis from the hips down, physicians reported. The affliction usually comes from one to four weeks after drinking the ginger.

Samples of the Jamaica ginger to be secured and analyzed ether here or in Austin and possibly at Washington, Dr. Rollo said last night.

Although the names of the victims were withheld by all physicians reporting the cases last night, it was intimated that the malady had no favorites, leading citizens being affected as well as those of the labor classes.

Discussion in the society's meeting last night centered on the cases and it was decided to give the cases as much publicity as possible so as to prevent other victims.

The peculiar disease was reported in several leading cities in the nation several weeks ago with death resulting in several cases. Leading physicians and health officials at once began investigations.

The probe made by the government revealed that the cases were caused by a concoction of carbolic acid of creosote with a high alcoholic content and several other minor drugs, Commissioner Doran classed it as no better than "sheep dip."

Body Identified In Strange Death Today

BENTONVILLE, Ark., April 2 (AP) —The body of a man whose mysterious death near Gravette, Ark., has been attributed to what police described as a plot to collect insurance on his life, was identified today as that of William Robert Parman, Columbia, Mo., automobile mechanic missing since March 21.

JURY COMPLETED

NACOGDOCHES, April 2 (AP) — After exhausting several venires, a jury was chosen here today to try Will Tindall on a charge of murder in the slaying of John Ainsworth in December, 1928.

HUNDRED THOUGHT DROWNED

TOKYO, April 2 (AP)—More than 100 persons were believed drowned today when the ferryboat Wakatomaru, carrying 300 Japanese from Wakamatsu to Tobata, capsized. The ferryboat was overcrowded, and a high sea was running.

AID ASKED BY WAGNER TODAY

LEGISLATION IS SOUGHT BY SOLON TO MEET CONDITIONS

WASHINGTON, April 2. (AP)—Unemployment legislation proposed by Senator Wagner, democrat, New York, to meet present conditions and forestall future crisis today received final formal consideration without opposition in the senate unemployment sub-committee.

Chairman Johnson, republican, California, said after the meeting that the bills would be submitted to the full commerce committee tomorrow, after "one or two minor points" were threshed out in a conference between Wagner and Senator Jones, republican, Washington, author of another unemployment proposal that died on the senate calendar a year ago.

Johnson said the sub-committee is "ready to decide" on the Wagner measures, but that in view of Jones' earlier measure, it desired that Wagner and Jones confer befinal action were taken.

The Wagner bills would set up a stabilization board, with an appropriation of $150,000,000, the director of which would be responsible for accelerating government construction depression periods. They would also expand present machinery for collecting unemployment information, and create a federal unemployment agency.

Unidentified Man Is Found At Cisco

ABILENE, April 2 (AP)—An unidentified man, about 35 years old, was found with a bullet wound in the head in a gravel pit on the edge of Cisco today. Officers said tracks at the scent indicated the man was carried there in an automobile. He was taken to a Cisco hospital where attendants said there was no hope for his recovery. The laundry mark "C. T." on his shirt was the only clue oficers found to aid them in establishing his identity. His hat bore the label of a Cuero merchant.

DELAY FRIDAY'S PLENARY SESSION

LONDON, April 2 (AP)—Postponement of Friday's plenary session of the naval conference until some time next week and the delivery of the Japanese reply to proposals worked out in London today marked important developments in the naval conference negotiations.

It was stated in American conference circles that the postponement of the plenary session was to be taken as a good sign rather than the reverse and as indicating progress in the negotiations.

Conversations now proceeding between various groups, especially the French and British, were said to be progressing satisfactorily, but were not yet in a state to permit a satisfactory plenary meeting for the present. The big five leaders want something more definite for the plenary session than they now have.

Recess Ordered In Lila Jimerson Case

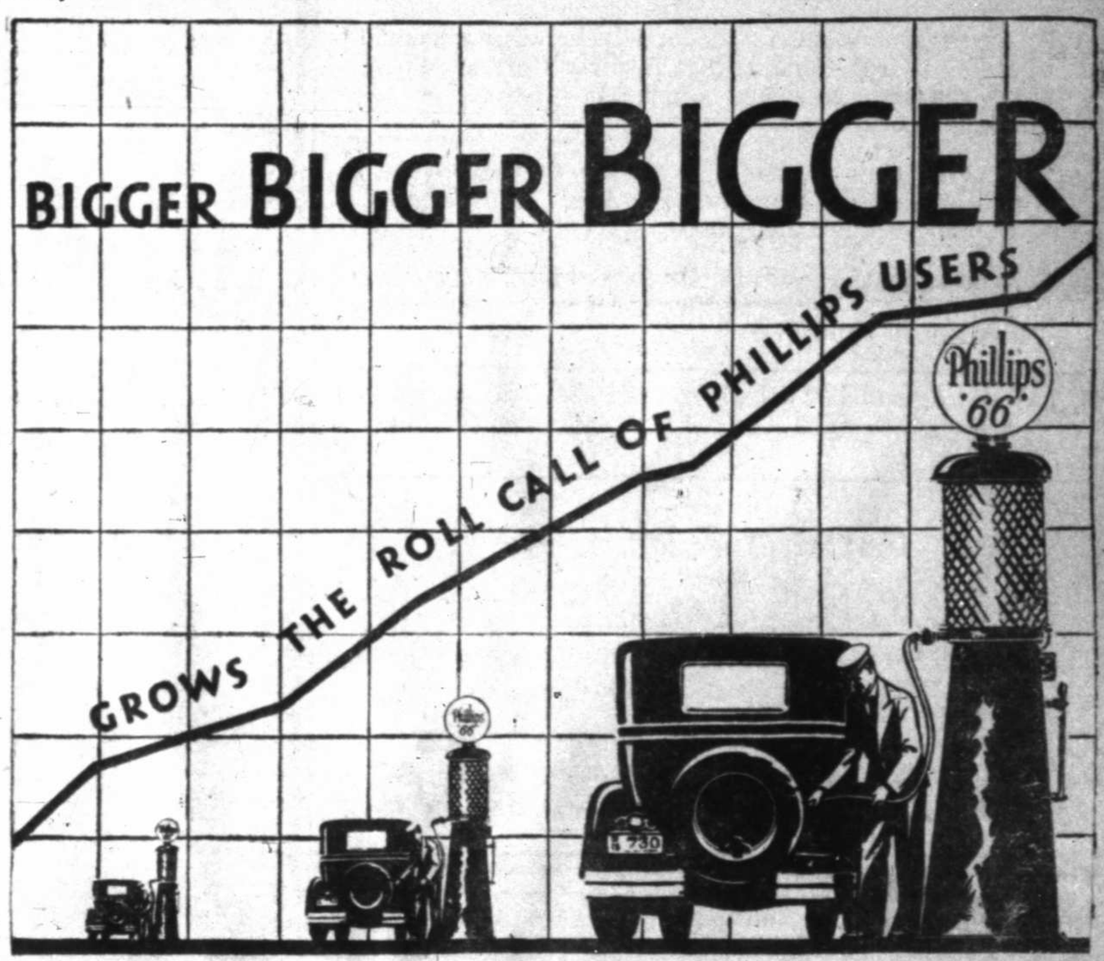

BUFFALO, N. Y., April 2. (AP)—Judge F. Bret Thorn convened the court trying Lila Jimerson for complicity in the murder of Clothilde Marchand this morning and ordered a recess to 2 p. m.

It was understood the judge had received no information from hospital authorities concerning the condition of the defendant, who yesterday was removed to a hospital following a tubercular hemorrhage.

The recess was directed in order to determine definitely the condition of the defendant and to permit a decision as to whether an adjournment would be taken pending improvement in Lila, condition or a mistrial declared.

Action Is Urged In Albert Fall's Case

WASHINGTON, April 2. (AP)—To expedite final action of the convicretary of the interior, on the charge of having accepted a bribe of $100,000 from Edward L. Doheny in making oil leases, the government today petitioned the Supreme Court to take jurisdiction of the case without awaiting action by the District of Columbia Court of Appeals, where Fall now has an appeal pending.

...controlled volatility is the reason!

When thousands upon thousands of car owners change their gasoline buying habits—there must be a reason! What's back of the big swing to Phillips 66? Controlled volatility! The sensational Phillips principle that creates a super motor fuel by scientifically combining natural gasoline with refinery gasoline. The new idea that assures year 'round easy starting, pep, power, mileage. It took us years to develop controlled volatility. It will take you only a few minutes to discover what it means to your car's performance. Fill up with Phillips 66.

K. Ellison, were charged with the murder of L. C. Calloway, the homicide having occurred on the streets of Llano on September 17, last. D. K. Ellison did not appear for his trial and his bond was ordered forfeited, after his son's conviction.

The case of Joe Brown, Floyd county, ten years for murder of Sylvester Jones on March 31 1929, was affirmed. Jones was stabbed to death.

Affirmance was given the conviction of W. T. Dunn, Collin county, former cashier of the Altoga State bank, and given four years imprisonment for violating the banking statutes.

GLIDER FLIGHT

he spent last night. His second stop of the day was planned for Oklahoma City.

SWEETWATER, April 2 (AP)—A dollar bill, carried with fliers on record flights to Paris, the Antarctic and Hawaii augurs well for the success of the glider flight of Captain Frank Hawks from San Diego, Calif., to New York City.

Hawks, who spent last night here, let it be known that he was carrying the bill, property of D. B. Burnett, mechanic of the Bowlus Sailplane company of San Diego, which Col. Charles A. Lindbergh flew across the Atlantic. Martin Jensen took on his trip to Hawaii in the Dole flight. Sir Hubert Wilkins pocketed before he started for the Antarctic and the late Carl Ben Eielson and the late Joe Crosson carried.

Given To Lindy

Burnett, mechanic for the "Spirit of St. Louis," gave the bill to Lindbergh when he started his hop for Paris. Lindbergh autographed it in France and returned it to Burnett.

Jensen, flying the "Aloha," autographed the bill in Hawaii after he landed there in second place in the Dole flight, and returned it again to Burnett.

Wilkins made his flight to the polar regions whti Eielson and Crosson as co-pilots. When he returned, he autographed the bill and gave it to Burnett.

Hawks is to autograph the bill again at the end of his glider flight and return it to its owner.

CENSUS

(Continued From Page One)

the gigantic task of counting the American population.

Ringing front door bells, tapping along the hallways of city apartment houses, driving through the gates of farmsteads, searching out obscure families in the mountains and on the plains, they embarked upon what was intended to be the most complete tabulation of the American people and their economic condition ever accomplished.

Questionnaire Carried

Each worker carried a portfolio containing dozens of copies of the long questionnaire being put to everyone. Important among their equipment was a detailed specially prepared map of their territory, showing every street, every alley and every tucked away corner where a human habitation had been placed.

The questions asked were intended to produce a valuable store of statistical information including not only the extent of population, but the extent of unemployment, illiteracy, and home ownership. There were questions, too, which were expected to produce important data on the American farm problem.

Biggest Attempted

Although the 1930 census chore is the biggest every attempted by the census bureau, modern accounting machinery will make it a speedy job. For months the bureau has been making its preparations and is ready to tabulate the results of the questioning with greater rapidity than ever before.

At the head of the vast organization is William M. Steuart, director of the census.

CITY ELECTION

(Continued from page 4

gin of victory, 243, defeating Mr. Hankins who was a candidate for re-election.

Balloting was orderly throughout the day and no demonstrations of any kind were reported. Absence of debate in the campaign promoted a quiet election, but number of votes far exceeded expectations. After the polls had closed last night at 7 o'clock hundreds of people visited the city hall seeking information as to outcome of the race. Thirty supporters of the various candidates remained in the corridor of the building to receive the final count.

Amendments Routine

The first five amendments to the city charter, pertaining to changes in styles of ordinances and auditing of books are purely routine in nature. The votes were: Amendment one, for 854; against, 245; amendment two, for, 848; against, 261; amendment three, for, 873; against 245; amendment four, for, 911; against, 227; amendment five, for 966; against, 163.

A total of 949 as against 277 voted approval of amendment six, requiring the sale of municipal light system or municipal water system or any real estate owned by the city to be approved by a two-thirds vote of the people.

Eight hundred and twenty approved while 198 voted against amendment seven, which is to amend Article 2 of the city charter by adding at the end a new article relating to an act of the first called session of the Fortieth Legislature of the state, concerning terms, powers, and provisions relating to street improvements and assessments therefore; and making same a part of the city charter of the city of Lubbock.

Election judges were W. E. Ballew, C. A. Burrus and H. G. Love. Clerks were Mrs. Tom Foster, Mrs. C. A. Burrus and Sam T. Davis. Those who aided in tabulations last night were J. M. Denman, Paul Hardwick, C. A. Gammill, Jr., Claxton Draper, A. L. King, R. S. Rogers, R. Bush Smith, Ray Stephenson and Tom Foster.

Although yesterday's total of 1,673 ballots set an all-time record for Lubbock municipal elections there have been two other years when "fur flew" at the polls here, a survey of city records showed last night.

According to documents in custody of City Secretary W. H. Rodgers, voting was hectic in 1926 and 1922, when Lubbock was considerably smaller than it is now. In 1926, Pink L. Parrish present state senator defeated F. R. Friend, incumbent, for mayor and the vote totalled 938. In 1922 the late Percy Spencer defeated J. T. Inmon, present police judge, and the ballots totalled 907. There were approximately 6,000 persons in Lubbock in 1922 and 15,000 in 1926, as compared to a probable citizenship of 23,000 today.

Other municipal election tabulations are as follows: 1916, 274 votes; 1918, 91 votes; 1920, 121 votes; 1924, 511 votes; 1928, 456 votes. Mayors chosen over that period include W. F. Schenck; J. K. Wester, C. E. Parks, Percy Spencer, H. G. Love, (pro-tem), F. R. Friend, Pink L. Parrish and Harley D. Woods.

NATURAL GAS

(Continued From Page One)

nomical, a pipe line 950 miles long and probably not less than 22 inches in diameter will be built by Henry L. Doherty & Company. The initial installation will consist of a single main and pumping stations so constructed to facilitate laying parallel mains as the consumption is increased.

A single pipe line of 22-inch diameter can deliver upwards of 100,000,000 cubic feet of natural gas daily.

Would Last 90 Years

The Insull company estimated the gas reserve in the Texas "pool" at 4,000,000,000,000 (four trillion) cubic feet, equivalent in volume to the 1929 rate of production of manufactured gas in the city of Chicago for 90 years.

The announcement said the market for gas in this area would have to be "enormously increased" to provide economic outlets. Mixing of natural and manufactured gas may open a question of rate readjustment.

The initial investment required will be "many millions of dollars," a more accurate guess being impossible until engineering details are worked out, officers said.

STRICKEL TRIAL

(Continued From Page One)

Durwood Bradley will close the arguments. Both sides have been allotted two hours.

The case is expected to go to the jury at 4 o'clock this afternoon.

Twelve Witnesses Heard.

Twelve witnesses, eight representing the state and four the defense, were placed on the stand during hearing of testimony Tuesday. The testimony ended at 7 o'clock.

Sheriff Montgomery of Cochran county, Sheriff Moreman of Yoakum county, Fred Hammick of Lehman and A. S. Hefrin, of Childress, who went to the body of Carrasco shortly after the tragedy testified in harmony that the hand of the slain man clenched a knife when the body was found. Testimony of each corroborated further to the statements that horse tracks were seen near the body.

Defendant On Stand.

The defendant, placed on the stand Tuesday afternoon, testified that he was threatened by Carrasco when he tried to influence the Mexican to return to the ranch for employment. "He had a knife in his hand and was approaching me," said Strickel. "I tried to get him to return, because the other Mexicans had agreed that they would continue to shear sheep if I would again employ Carrasco."

Eliezina Garcia, 65-year-old Mexican herder, who was at the ranch when the shooting occurred, testified that he had not seen Strickel assemble the Mexican ranch hands and that he had not heard any shots fired as threats. This testimony conradicted that of five other Mexicans.

Dry Forces Finish Case In Hearings

WASHINGTON, April 2. (AP)—The prohibition hearings of the dry forces were concluded today by Chairman Graham of the judiciary committee after one witness had taken the stand and several dry leaders had been permitted to place statements into the record without being subjected to cross-examination.

EATON, POUNDS GO TO MEETING

D. F. Eaton, Lubbock county agricultural agent; Douglas Pounds, Lubbock county farmer, and J. F. Montgomery, of Tynan, president of the State Farm Bureau federation, left today at noon for Brownwood where they will attend a Federal Farm board conference to be held in that city tomorrow.

W. F. Schilling, representing the poultry and dairy products division of the federal farm board, will be at the meeting and is scheduled as the principal speaker. County agents, members of cooperative societies and interested persons from all sections of West Texas are expected at the gathering.

The local party will return on Friday.

Miss Eileen Edwards, [illegible] London, girl athlete, has taken up the training of jumping horses.

Candidate Thought Kidnapers' Victim

CHICAGO, April 2. (AP)—William J. Healy, candidate for the republican nomination for state senator, reported seized by two men last night, had not returned to his home early today, and police expressed fear he had been kidnaped.

Amos Broad, who said he was with Healy in the latter's car last night, reported to police Healy's car was forced to the curb by another automobile and two men, armed with pistols, got out, ordered Healy into their car and drove off.

Healy was on his way to make a political address on the University of Chicago campus.
