READ BUILDING PURCHASE BY HERALD

Discontinued into Permanent Home for Newspaper and Office Supply Store

Removal Sale Now On

of Supply Department Will be Discontinued in New Home; Closing Out Same

The Stewart Printing Co. and Ochiltree County Herald news office and plant will be moved to a new home after April 1. The Herald owners have recently closed a deal for the purchase of the building located just west of the Universal Motor Co. building, which was erected several years ago for use as a grocery store by E. A. Purcell, is now being remodeled and repaired. A new roof will be put on the building, the plumbing run and the front entrance will be altered. The wheat farm expenditure will be used to convert the building for newspaper use. Concrete bases will be installed for the heavy printing machinery and linotypes. Windows will be put in the basement to give ventilation as it is planned to use the basement room for room and bindery equipment. The Herald's new home, the size of which will be considered less than at present. School supplies will be discontinued, but a more complete line of office equipment supplies will be carried. Party cards and greeting cards will be ready. Special removal sale prices now being made on office and supplies and party goods. New job presses, a saw, a press and several series of new job faces have been purchased so the Stewart Printing Co. and Ochiltree County Herald will be prepared than ever to serve patrons and the Perryton community in the new home. The move of the plant will take several weeks as production and publication of the Herald will be maintained on regular schedule.

JUNIOR C OF C SPONSOR DANCE

ORCHESTRA FROM GARDEN CITY WILL BE FEATURED AT DONLEY HALL ON MONDAY, MARCH 10

The Perryton Junior Chamber of Commerce is sponsoring a dance at Donley Hall next Thursday evening, March 10. According to members of the committee promoting the dance, one of the best dance bands in the country has been engaged in the person of Marjorie Brown and her Royal Ambassadors from Garden City, Kansas. The band has fulfilled engagements in some of the leading night spots of Mexico and was formerly the orchestra of radio station KB at Tyler, Texas. The Junior Chamber of Commerce has been setting the pace with some of the best orchestras since organizing several months ago and all who attend this affair are assured of an evening of good entertainment. Admission for the occasion will be \$1.00 couple.

APPLICANTS FOR WORK ON NO. 83 TO REGISTER

John R. Smith, Borger, interviewer in charge for the Northeast Panhandle district for the Texas State Employment Service, advises that applicants for work on Highway No. 83, to be paved under contract by Coker & Braden, must register with the Texas State Employment Service which replaced the National Employment Service in Ochiltree county on June 1, 1933. Mr. Smith states that a representative of Texas Employment Service will be in Perryton at the courthouse every Wednesday between the hours of 10:30 a. m. and 12:00 noon, at which time applications for employment, claims for Texas Unemployment Compensation, referrals to job openings, and other work in connection with the service are handled. Mr. Smith also adds that if extra activities arise such as the paving of this highway or other public projects, then the Perryton office will be adequately staffed to handle whatever work is required.

START SPRING TRAINING MON.

SPRING FOOTBALL PRACTICE OPENS WITH 35 REPORTING; CAPTAINS ARE LEWIS-LILLY

Otis E. Burk, athletic coach Perryton high school, will start spring football practice Monday, March 7. Clarence Lewis and Irvin Lilly were elected co-captains of the 1933 Ranger squad. A total of 35 candidates are expected to report for practice on Monday. Nine lettermen from last year's squad will be back this year, states Coach Burk. Three of these were members of the regular team: Clarence Lewis, back, Irvin Lilly, left end, and Clyde Flowers, right end. Other lettermen reporting are: Clarence Morris, end, Glen McWilliams, back, Dickie Littleton, back, Mack Winters, back, Bobby Lawrence, guard, and Wayne Symons, guard. Graduation and other reasons will cause the Rangers to lose ten of last year's players: Ray McWilliams, Edward Schroeder, Wayne Gyger, Wm. Flowers, Truman Garrison, Leon Morris, Leland Horne, Warren Cudd, Cecil Tevis and Phillip Daley.

AMARILLO FIRM INTO TEMPORARY QUARTERS

According to an advertisement in this issue of the Herald, readers will note that the Amarillo firm of White & Kirk have moved into temporary quarters, at 4th and Tyler. White and Kirk, known as the Panhandle's oldest store, refer to their temporary location as the "Old Rock Barn," which is across the alley behind the Silver Grill Cafeteria.

Walter Wilson has purchased the home of Mr. and Mrs. A. C. Johnson, The Johnsons former residents of Perryton are returning to their home in Pueblo, Colorado, today. They have been in Perryton the past few days closing the deal.

Sixth Grade Exhibits Work In New Curriculum Set-Up

About 100 parents, teachers, pupils and guests gathered in the Perryton school cafeteria on Friday evening of last week for sixth-grade open house and pot-luck supper. Sponsors of the program were E. D. Kelley, principal, Miss Katherine Winkler, Mrs. Frank Boyle, teachers, and Mrs. W. B. LaMaster, Mrs. O. A. Schuster, Mrs. Herring Lance, Mrs. R. B. Orrill, room mothers. Following the pot-luck supper, Supt. Roger A. Burgess gave a few words of welcome. Mr. Kelley explained the purpose of the meeting and the plan of the present junior high school organization. Don Schuster and A. R. Hogland gave a trumpet duet and Lena Mae Wilson, an enjoyable reading. Jack Allen and Mrs. LaMaster spoke

H. D. COUNCIL AND "AG" MEET

MET IN COURTHOUSE MARCH 1 TO SELECT ENTRIES IN FARMER CONTEST AND DISCUSS FLOAT

The Ochiltree County Home Demonstration council met with the Agricultural Association Council March 1 to elect entries in the Master Farmer contest for the county. Two members were selected from each club. Mrs. C. O. Roach was elected delegate to the district meeting at Amarillo on March 8. Each club will send their president or elected delegate. The council will bear the expense of the chairman, delegate and 4-H Club sponsor to the meeting. Mrs. C. O. Roach, exhibit chairman asked that each club send approval or correction for the exhibit list. The educational exhibit will be decided upon soon. The exhibit committee is working on a cold frame garden to be shown for Mrs. Roosevelt on March 9. The float was accepted by the Amarillo News on Monday of this week. The Council wishes to thank all who helped to prepare the float. The children to ride in the basket were selected. They are Emma Jean Jennings, Martha Barnes, R. W. Taylor and J. B. Davis. The boys will wear white suits and the girls orchid dresses and bonnets. All are between the ages of 6 and 8 years of age. The council will have their next meeting the last of this month, date to be announced later. Expansion reports are to be in to the County Chairman and the Educational fund is to be paid at the meeting. Women Council members present were Mesdames Max Blain, Blain Carter, C. O. Roach, Loyd Furnish, Kirt Williams, J. H. Kershaw, A. W. Henry, Fred Huston, Carl Carter, Jack Dodson, Ray Jennings and C. C. Crouch. Visitors were Misses Wantha Tarter and Loraine Martin.

PUTMAN MOTOR NEW BUILDING

STARTS ERECTION OF A NEW BRICK AND TILE BUILDING ON SOUTH MAIN FOR OLDSMOBILE

J. W. Putman, owner of the Putman Motor Co. has started the erection of a new 25x60 brick and tile building on the property he recently acquired on South Main street. The buildings of this lot, formerly occupied by the Rifenburg second-hand store, are being moved to the rear of the lot. The Putman Motor Co., now located in the Champlin building, will be moved into the new building as soon as it is completed. Mr. Putman announces that he will feature the sale of Oldsmobile automobiles exclusively in the future, having relinquished the Willys and Studebaker agencies.

SHERIFF SID TALLEY ON FIRST LADY'S BODYGUARD

Sheriff Sid Talley of Ochiltree county having the distinction and honor of being the sheriff with the longest record of successive service for the entire United States, has been invited to come to Amarillo on Wednesday, March 10, and serve on the guard of honor for the first lady of the land, Mrs. Eleanor Roosevelt, who will be the honor guest at Amarillo's "Mother-in-law" celebration. This guard of honor will be composed of outstanding peace officers of the Panhandle and West Texas.

CITY ELECTION ON APRIL 5TH

THREE ALDERMEN ARE TO BE ELECTED; THE MAYOR, CITY CLERK AND TWO ALDERMEN ARE HOLDOVERS

Mayor C. E. Forbes has issued a call for the regular Perryton city election to be held on Tuesday, April 5, at the city hall. Three aldermen are the only officials whose terms expire at this time. Aldermen to succeed G. T. Leatherman, W. E. McMillen, and Sam Hergert are to be elected. The terms of Mayor Forbes, Aldermen Howard Holt and F. P. Dodson, and City Clerk J. C. Beeser do not expire for one more year. Officers for the election have been designated as follows: J. N. Conley, presiding judge; H. P. Richardson, judge; Cecil Dodd and Viola Glaspie, clerks.

JAYCEES BEGIN MEMBER DRIVE

TWO FACTIONS ORGANIZED FOR CONTEST WITH LOSING SIDE TREAT WINNERS WITH STAG PICNIC SOON

At a meeting of the Perryton Junior Chamber of Commerce last Monday night in the Perryton Hotel members laid plans for staging a membership drive for the next three weeks. The organization which now has 38 members was divided into two equal parts for a contest to secure new members. Miles Edwards and E. W. LeMaster were chosen as captains of the "Palookas" and "Pop-eyes" respectively. Beginning at the next meeting on March 7, each group will be allowed 100 points for each new member and 25 points for each old one attending. It was voted that the losing side treat the winners to a Stag Party during the month of April in the form of an outdoor picnic.

The contest committee appointed at the meeting to promote the drive were J. E. West, chairman, Jack Todd, Irvin Gerlach and Lester Evans.

Any young man in this territory between the ages of 18 and 35 is eligible to become a member. All old members are urged to attend each meeting and bring a new member if possible.

Mr. and Mrs. George Schollenbarger and daughter, Kay, of Pampa visited Sunday in the Joe Schollenbarger home.

Just as the Herald went to press Thursday night came the word that Mr. and Mrs. Miles Edwards were the proud parents of a baby girl.

SHORT TERM OFFER NOW AMARILLO DAILY NEWS

The Herald is now able to offer three and six months subscriptions to the Amarillo Daily News at a special price. The regular subscription price is \$8.00 per year. For six months, the special rate is now \$3.00; for three months, \$1.75. This offer is for mail subscriptions to residents of Texas, New Mexico and Oklahoma, by mail only.

Borger Celebrates

Borger to Observe 12th Birthday with All-day Affair Next Tuesday, March 8

"The biggest birthday Borger ever has had" is the goal of the Hutchinson County American Legion Post, sponsor of an activity-crammed program to celebrate the city's twelfth anniversary on March 8. The birthday celebration will be combined with a regular monthly Trades Day. All stores will remain open. A long parade to be staged at 10:30 a. m. will highlight the day's activities. Prizes will be awarded to the best entrants in parade. Hutchinson County's "Queen" Mother-in-Law and three princesses will be selected at a Mother-in-Law dance on Monday night, March 7, the first of three dances during the celebration. There will be two dances on Tuesday night. Chamber of Commerce, Rotary, Junior Chamber of Commerce and Lions will gather at noon Tuesday for a joint civic club luncheon. A full sports schedule also has been arranged.

TEACHERS ORGANIZE HERE

LOCAL TEACHERS FORM UNIT OF STATE ORGANIZATION WITH KELLEY AS THE FIRST PRESIDENT

Teachers of Ochiltree County, who are members of the Texas State Teachers' Association, met in Perryton on Wednesday, February 23, and organized a county unit of the State Teachers' Association. Twenty-five of the twenty-six members living in Ochiltree County are members of the Perryton public schools faculty. Officers elected to head the Ochiltree County Unit were: E. D. Kelley, president; Miss Willie Allen, 1st vice president; Miss Mary Louise Yoe, 2nd vice president; W. F. Haggard, secretary-treasurer; Roger A. Burgess, delegate to district meeting.

Other teachers who are members of the state association and eligible to participate in the county organization are: Oliver A. Bush, Otis E. Burk, Mrs. W. F. Haggard, Miss Eugenia Mitchell, Miss Rita O'Bryen, Miss Ruby Rabel, Miss Hazelle Scott, C. H. Williams, Miss Lida Beasley, Mrs. Frank Boyle, Miss Betsy Wilson, Miss Katherine Winkler, Sumpter Reed, R. L. Duke, Miss Annette Glick, Mrs. E. D. Kelley, Miss Rheba Pate, Miss Margaret Prewitt, Miss Nora B. Stump, Miss Virginia Vaughn, Miss Nellie Wingren, and Mrs. R. T. Bowen of Huntcoon school.

With no reflections on anyone we say that Jim Palmer pulled a good one when he said, "The business men of Perryton have donated to a fund to buy equipment for a WPA baseball team so that the boys can get some exercise."

Seriously the WPA boys are going to have a real baseball club and some of these teams through this section had better look to their laurels. We understand that they have prevailed on Postmaster M. R. Coffee to assume the managerial duties for the club. Well Mansell is a former baseball star and for See No. 2, Back Page

Banner for Best Camp Comes To Company 2874 2nd Time

Company 2874, Perryton CCC, has set a record! For the second consecutive month, the Company won the banner awarded monthly to the best camp in the district. Word was received this morning by Commanding Officer Capt. O. W. Goffman Jr., from North Texas District headquarters at Fort Worth. This large blue pennant, inscribed in white letters, "Best Camp in North Texas District CCC", will be seen flying at the camp for another thirty days. To win this banner is a singular honor and means that the Company must excel all other camps in the district. When the banner came to Perryton in January, this was the first time that it had ever been won by Company 2874, which was organized

SPIRIT OF OPTIMISM PREVAILS THROUGHOUT PERRYTON AREA AS RESULT OF MOISTURE AND SCP

Soil Conservation Payments now up to \$251,688.12; Control Checks for \$6,880.00 Received Today; \$164,844.00 Road Contract Let

FIELDS ARE SOAKED WITH MOISTURE

As a result of the payment of \$251,688.12 in soil conservation and domestic allotment checks, \$6,880.00 for range control compliance, the letting of a \$104,844.00 highway contract, the new FHA building program, and last but not really the best of all, the 1.32 inch of moisture, the spirit of optimism once more prevails in the Perryton area. Business is better, people are looking forward to a good crop, and it looks like we are definitely on the way out of the sub-normal condition that has existed here for several years due to drought and general world and nation-wide depression. Give this country fair crops at a fair price and these depressions will never be noticed locally.

Payments for compliance with the farm program now total over \$250,000.00. There is an estimated \$150,000 yet to be paid Ochiltree county farmers, the 831 checks already received representing about 65 per cent of the total due at this time. Range control payments received today amount to \$6,880.00. There are yet to come only 15 checks that will bring the total to \$7,500.00.

JUST HERE and THERE

Perryton motor car dealers are to be congratulated for their one hundred percent cooperation in the "National Used Car Exchange Week" being sponsored by motor manufacturers and dealers. Every local dealer is "in" on this campaign to reduce used car stocks, rid the highways of obsolete automobiles, and thus pave the way for the resumption of production of new cars and put thousands of men back to work in the auto factories.

Perryton's one and only hatchery operated by Mont Cook is a busy place these days. Mont has one of the best chick hatcheries in the Southwest and the high quality of his chicks gives him a large volume of repeat business each year.

"Lobo Jim," the advance information ambassador for the Pioneer Day Celebration to be held at Guymon, Okla., May 2, will arrive in Perryton tomorrow (Friday) evening on the first leg of his "Pony Express" trip to Ft. Worth. He will remain here Friday night, leaving early Saturday morning to continue his ride. He will be carrying a pouch of first-class mail, the postage rate of which is 25c per letter, written by Guymon business men to officials and others in and near Ft. Worth, inviting them to attend Guymon's and No-Man's-Land's premier party. Lobo Jim expects to average about sixty miles per day, and arrive in Ft. Worth on March 11, the opening day of the Fat Stock Show.

NEW CAR TAGS BEING PUT ON

THE 1938 LICENSE TAGS CAN BE DISPLAYED ON OLD CARS NOW; MUST BE ON BY APRIL 1

Sheriff J. S. Talley states that owners of trucks and automobiles must purchase and display 1938 license tags on or before midnight, April 1, and that no cars or trucks without the 1938 plates can be operated on any highways after that date.

The plates are now ready and can be applied to old cars. However purchasers of new automobiles or trucks are required to purchase 1937 plates if they wish to operate their cars.

Plates must be purchased in the county where the owner resides and a severe penalty is provided for any car owner who purchases a license plate in any other than his home county. All drivers of any kind of a car or truck must procure and carry a drivers license. These can be secured from the State Highway Patrolmen each Tuesday morning at the courthouse.

MAGIC CITY ON SAN FRANCISCO BAY FOR 1939 FAIR

Nations, States Participate In Golden Gate Exposition

SAN FRANCISCO.—Mammoth exhibit palaces are rising, spectacular towers are etching a new pattern on the skyline and a "magic city" is taking shape in San Francisco Bay for the \$50,000,000 World's Fair of the West, to be held on Treasure Island in 1939.

Temple of Music, above. Right, Lenore Lombard shows Hawaiian Palace model.

On the largest man-made island in the world, dredged up from the bottom of the sea, a \$16,000,000 building program is under way. Contracts totalling over \$10,000,000 have been let and ten buildings are practically completed.

Two million dollars budgeted for landscaping and illumination will assure "the most beautiful World's Fair in history," experts declare. One outstanding building will be the Temple of Music.

More than half the states in the Union have already asked for exhibit space in the 1939 Golden Gate International Exposition, millions already having been appropriated for state exhibits.

Japan, Mexico, the Dutch East Indies and Ecuador are the latest foreign nations to announce plans for colorful exhibits. Other countries which have announced participation are Cuba, Santo Domingo, Guatemala, Honduras, Nicaragua, Costa Rica, Panama, Peru, Venezuela and El Salvador. Thus a true "Pageant of the Pacific" is assured.

Exhibit palaces will be windowless, with spectacular illumination by day and by night. In a 40-acre Midway, San Francisco will again reign as "Queen of the Amusement World," with a galaxy of kaleidoscopic amusements for millions of visitors.

Name "Bock" Beer Comes From Einbeck in Germany

The name "Bock" beer is traced to the town of Einbeck in Germany, 40 miles from Hanover, famous in the Fifteenth century for its beer. It is a strong beer, sweeter, darker and heavier than lager, first drawn in the spring when the winter's brew of lager beer is broached. In the old days of brewing, when beer was all brewed in the cool months of autumn and winter, the first drink drawn off in early spring was bock and it was greeted "with great high jinks." Though under later conditions beer is made at any time in the year, but brewers still stick to the old tradition, observes a writer in the Detroit News.

Emerson's "Beverages, Past and Present" says that bock beer "is a savoury, seductive beverage and will soon overpower the drinker if he attempts to use it as he does his common beer." He repeats the common legend about the bock (German for "goat") giving its name to the drink three centuries ago, when contestants for a beer-drinking championship were bowled over by a goat. Another explanation is that the stupid antics of the drinkers were termed "bock-isch" or goat-like.

Louisiana's Parishes

Soon after the purchase of Louisiana from France, that part of the territory which comprises the state was divided into twelve settlements called counties. These districts were not clearly defined and proved unsatisfactory for the purposes of civil government. In 1807 the legislature of the territory of Orleans divided the territory into nineteen districts and called them parishes, from the old French and Spanish ecclesiastical districts or parishes. And when the state was admitted to the Union the name parish was applied to additional civil districts which were afterwards created.

Nordic Drama of Creation
The old Nordic drama of creation is much longer than the Bible one. In the beginning, so the drama starts, there was no heaven, no earth, but in the middle a vast abyss, Ginnungagap. A hot wind struck against the ice of Ginnungagap, melting and dripping the ice into living drops, and the drops took the shape of man. Thus arose an immense giant, Ymir, and while Ymir was asleep a perspiration started all over his body; in his left armpit a man and a woman grew out . . . and so on, for long interminable pages.

MISSOURI AVE. CLUB

Mrs. Fred Huston, Reporter

"A hobby is doing something without apparently accomplishing anything," quoted Mrs. Eton Lawrence, program chairman, to the members of the Missouri Avenue Club, which met in the home of Mrs. L. D. Stinson, Wednesday, February 23, at 2:00 p. m.

"Hobbies fill a need for relaxation," continued Mrs. Lawrence. "Change from work to play is restful. Human nature demands something to satisfy the soul. Creating both with body and mind, satisfies this need. If you cannot create, collect. These hobbies need not be expensive, such as embroidery, rocks, wild flowers or books.

Roll call was answered by members giving their pet hobby. "My basket of curias that have come from many places have very little value to anyone but me, but to me they are priceless," stated Mrs. Stark. Begin early

in life, choose your own hobby and never be ashamed of it.

During the business session Mrs. Stinson was elected to attend the cookie demonstration given by Miss Wertha Tarter, agent. Plans were made for attending the Fat Stock Show in Amarillo on March 9th. The regular meeting date for March 9th was changed to March 16th.

Dainty refreshments were served to Mrs. A. B. Hamman and Mrs. Curtis King, visitors; Mesdames Jim Haley, A. W. Henry, John Johnson, Curtis Roach, Eton Lawrence, Curtis Lawrence, Beulah Stark, Walter Bowen, L. H. Kaup, E. W. Witt, Fred Huston, J. D. Copeland, Geo. Dietrich, L. E. King, J. H. MISSOURI AVE. CLUB TO MEET WEDNESDAY, MARCH 16

The Missouri Avenue Home Demonstration Club will hold its next

regular meeting Wednesday, March 16, 2:00 p. m. in the home of Mrs. J. E. Johnson. A cookie demonstration will be given with Mrs. L. D. Stinson in charge.

Palace Famous for Library

The Antici Mattei palace in Rome is known chiefly for its library, which has a huge collection of books dealing with American history and numerous other subjects. The library also has 10,000 prints and engravings, some of which are of great value, and paintings representing memorable events in American history. It is regarded as one of the best specimens of Sixteenth century architecture.

"Adobe" and Soil

A term often wrongly applied with respect to the texture of soils is "adobe," but the true use of the term "adobe" refers not to the texture of the soil but to a condition of soil structure, according to a writer in the Pacific Rural Press. Any soil that will shrink considerably on drying and break into blocks with wide cracks is an adobe. Most of the adobes have a clay texture, and they should be called "adobe clays."

Attend Maytag Meet

Representatives of the Plainview Hardware & Furniture Co. Go To Amarillo Tuesday

B. B. Kent, Sam Hergert and Ray Bowen of the Plainview Hardware Company were in Amarillo Tuesday to attend a District Maytag meeting held in the Amarillo hotel in the evening.

Appearing on the program presented to 60 dealers from the Panhandle were Walter Rogers, president of the Southwestern Maytag Division, Dallas, Mason King of the Amarillo News-Globe and many other notable speakers. The Beacon Male Quartet entertained with several vocal selections. A banquet was held in the coffee shop in honor of the dealers present.

The meeting was the first held during 1938 for the purpose of discussing sales promotion and general business conditions for the company.

A Typical Noon Hour

How to spend the noon hour is a problem which confronts most of the school students. While the snow was still on the ground, some of the boys cleaned off the basketball courts, while many of the students enjoyed getting out in the snow and snow-balling. Others stayed in the house whiling away the hours as best they knew how.

The DOCTOR says:

What are Colds?

The common term "a cold" may mean any of a number of respiratory infections. Most colds seem to be simple matters to cure and they frequently excite little concern from the victims.

But colds are not a simple matter by any means. Disregard of their dangers may lead to the development of more serious disorders. The safe and sure prevention method both before and during a cold is to confer with a reputable physician. He is the man to protect your health.

LURE OF GOLD IS PORTRAYED

ALL TECHNICOLOR PICTURE OF THE BUILDING OF AN EMPIRE COMING TO ELLIS THEATRE MARCH 6-7

"Gold Is Where You Find It," a Warner Bros. all technicolor production starring George Brent and Olivia DeHavilland, is scheduled at the Ellis Theatre on Sunday and Monday, March 6-7.

Based on the best selling novel of the same name by Clements Ripley, it is the story of the famous feud between the wheat ranchers and the hydraulic miners of California during the 1870's.

During this period California was in an unsettled condition. The ranchers had not had time to organize and consolidate themselves before the land was overrun by miners backed by large eastern financial interests.

The mining operations in the mountains caused large quantities of dirt and gravel to be washed down onto the wheat covered plains below. Thousands of acres were inundated and the damage ran into millions.

"Gold Is Where You Find It" is the dramatic story of the final outcome of this battle for supremacy

between the miners and the ranchers which is now one of the high spots of California's history. The large cast includes such outstanding players as Claude Rains, John Litel, Margaret Lindsay and Barton MacLane.

Plan for Ochiltree County Boys to Attend Fat Stock Show in A Group, March 9

Plans are being perfected for Ochiltree county club boys to attend the Amarillo Fat Stock Show next Wednesday morning, March 9 in a group. The boys will parade with representatives from Panhandle counties beginning at 10:00 o'clock. The movement is being sponsored by the Perryton Chamber of Commerce.

Ochiltree county citizens had an opportunity to see the calf being entered at the Amarillo Show by Clair Brillhart when it was shown prior to the regular Tuesday sale this week. The calf will be taken to Amarillo Sunday and will be shown on Tuesday and sold the following Friday morning.

Notice To Car Owners

Cars Must Be Registered In County Where Owner Lives

1938 Motor Vehicle Licenses are now due and must be paid between now and April 1st. License plates can be placed on your cars after March 1st, and we urge you to buy them early in order to avoid such a rush at the last day.

Owners, who obtain license plates by purchasing them in counties other than the county of their residence, are subject to arrest and fine for operation of such motor vehicles improperly registered, and will be required to re-register them in the county of their residence.

Money for all Car and Truck Registrations remains in Ochiltree County.

HOMEMAKERS TO LUBBOCK RALLY

FUTURE HOMEMAKERS CLUB TO ATTEND DISTRICT MEETING IN LUBBOCK THIS WEEK-END

The club has completed plans for the members to go to the district rally at Lubbock Saturday, March 5. Suitable types of clothing for the trip were discussed at a meeting February 17, and tailored clothes were selected as the most suitable. Plans were made to leave the school building at two o'clock Friday afternoon.

The girls who plan to attend the meeting are: Glenna Williams, Esther Cudd, Mary Ellen Newman, Myrtis Dowers, Virginia Hoghland, Jesse Mae Reagan, Dorothy Osborne, Emma Fae Bull, Dorothy Budock, Ruby Hardy, Eula Copeland, Billie Keim, Hope Gardner, Lois Flowers, Margaret Drake, Emily Buller, Clarine Buller, Betty Joe Perry, Maxine May, Ruth Jeffroy and Wilma Anderson.

Typing Contest

Spearman Team Wins Over Perryton in Typing Speed Test Held Here February 23

Spearman's typing team came to Perryton Wednesday to compete with our team. Spearman's team consisted of Estella Garnett, Betty Morton, Beuna Vernon, Earnest Wilmet, and Olen Reggs. The first speed test was shortened to five minutes so that Helen Doerrie and Annabelle McCartor could take part. They had to leave on the school bus. The other members of our typing team were June Phelps, Glenna Williams, Lenora Reimer, and Benton Bowen. Helen Doerrie and Annabelle McCartor were replaced in the second test by Ruth Sharpe and Ruth Jeffroy. Spearman won in both tests. Perryton will attempt to avenge defeat next Wednesday afternoon at Spearman.

Elect Officers

Ochiltree County Members of the Texas State Teachers Association Met February 23

Ochiltree county members of the Texas State Teachers Association met on Wednesday, February 23 and organized according to the new federated plan of the association for 1938. At this meeting the following officers were elected: E. D. Kelley, president; Willie Allen, first vice president; Miss Mary Louise Yoe, second vice president; Roger A. Burgess, district delegate; W. F. Haggard, secretary-treasurer.

TRAVEL CLUB

The Travel club met Thursday during regular club period. Lillian Williams, president, called the house to order. Leola Jenrich, secretary, called roll and read minutes of last meeting.

Joy Nowlin and Annabelle McCartor gave reports on Arizona. The history of Arizona, Boulder Dam, and the Petrified Forest were discussed. Many interesting pictures and examples of rock were exhibited.

JUNIOR CLASS

One of our Juniors, Nellie Stollings, has returned home from the hospital where she underwent an operation for appendicitis. The Junior class wishes for her a speedy recovery.

Among those entering the typing contest Tuesday were two Juniors, Glenna Williams and Helen Doerrie. We are glad to have Esther Rahenkamp back in school after several months of illness.

The Future Homemaking Club is going to a district rally Friday at Lubbock. The Juniors who are going are: Glenna Williams, Emma Fae Bull, Dorothy Budock, Billie Keim, Wilma Anderson, Mary Ellen Newman, Dorothy Osborne and Eula Copeland.

DEBATE NEWS

The Perryton High School Debate Club met the Pollett team Tuesday, February 22. The subject for debate was "Resolved, That Texas Should Adopt the Uni-cameral System." Both teams have shown considerable improvement since their first meeting.

The Perryton High School Debate team is looking forward to the district meet and expects to "bring home the bacon."

Senior Play

Seniors to Present "Life Begins at Sixteen" on Friday Eve, April 8, at Auditorium

The Senior class announces that they have secured the local rights to show the sparkling comedy success, "Life Begins at Sixteen." It will be presented by members of the Senior class on Friday, April 8, in the high school auditorium.

In "Life Begins at Sixteen," Miss Hilda Manning, the author, has pictured a group of young people of sixteen as they really are, with all their hopes and ambitions, their trials, tribulations and petty tragedies.

CAMPUS CHATTER

Boo! Step Aside. Make way! This is our week to say things. Next week is yours—we hope. We need a few top-notch ideas ONCE in a while.

Mary Ellen thinks one good thing about having such an innocent expression is that it gives a person the same advantage the Indians used to have when they hid in ambush.

We heard Billie Keim asking a first grade child if he knew how many seconds are in a minute. We are wondering if she meant a real minute, or one of her long wait-a-minutes.

Doris informs us that she has bought a common-sense hat. We'd like to see it, because that is one kind we have never seen a woman wear.

"And," asks Sibyl, "what do you think of a man who will cheat you at bridge?"

Bob Schuster thinks he must have organic trouble, because he can't even carry a tune.

Ray is worried because he bought a tube of shaving cream on which is printed "No mug required." What shall he shave?

Everybody likes discount. Betty Jo says, but experience is one thing we pay full price for.

We believe the last statement is rather philosophical. If we kept on, we might even become sentimental, so we're calling off until next week, when another scribe will put you in the know—we hope.

2A NEWS

We are glad to have a new pupil in our class. Her name is Saphronia Myatt.

These children made "A" in the 25 word test: Eleanor Witt, Harold Williams, Max Replogie, Keith Fuller, Tommy Jean Weldon, Edward Dear.

2H NEWS

The sixth grade had parents' night last Friday night. This was sponsored by the room mothers, Mrs. W. B. LaMaster, Mrs. O. A. Schuster, Mrs. Herring Lance and Mrs. R. B. Orrill.

Some of our pupils have been practicing on declamations.

We have two new pupils, Violet and Fern Suddeth.

CULTIVATING A LOW VOICE

(By Cleo Payne)
Have you ever heard a beautiful, low, well modulated voice coming from the loudspeaker of your radio and wish that you might have such a glamorous voice? This wish need not merely be a pleasant dream, but it can become a reality.

The first step in "making over" your voice is to stop and listen to yourself. Do you boom, squeak, or do you just sound sloppy? Whatever it is, just remember that a plain person with a smooth, pleasing voice is more welcome than a beautiful one, who upon opening her mouth, utters sounds like the strapping of a snow shovel on a cement walk.

The second step is that old health exercise, deep breathing. Are you the sort of person who can't get a three syllable word out without chopping it up by taking a breath between each syllable? Then this is exactly what you need. Don't try to burst your lungs—just let them learn to hold air. Learn how to regulate your breath.

Step three is variety. Don't let your voice be a dull, monotonous, one-key voice. Give expression to the things you say. Vary the pitch, force and rate.

And now the practice. This is what will make or break your program for a better voice. Get into the habit of listening to your own voice. Reading aloud for two five-minute periods each day will help you become accustomed to your own voice and will fix your pronunciation at the end of each day.

A mirror and mouth exercise will give you the answer to whether you look as glamorous when you are speaking as you want to sound. Talk to yourself while you are looking in a mirror and notice the shape each sound gives to your lips.

Come on let's all of us go in for more fluent speech.

LIBRARY SCIENCE

The new state law requires that twelve lessons in Library Science be taught in the eighth grade.

Library Science under the direction of Mrs. O. E. Burk, librarian and English instructor, is being taught in Junior high for the first time. Mrs. Burk has taught this work to all of the eighth grade classes and is starting on the seventh grade section.

The sixth and seventh grade sections are receiving most of their instructions in a play to be given in chapel entitled "Four Keys to the Library."

Special English Work

"Readers Digest" Magazine Studied One Day Per Week by Senior and Junior Classes

In keeping with modern plans of other leading high schools in our state and nation, "Readers Digest" magazine has recently been introduced to the Senior and Junior students in Perryton Senior high school.

This is a worthwhile and pleasant part of the English work, and one day each week is donated to the reading, study, and enjoyment of this periodical. Tests will be given on the material.

Some of the articles which the students read last week are "Reading—The Key to Personality" by Lin Yutang; "The Dust Bowl Can Be Saved" from the Saturday Evening Post; "Country Doctor" by Don Marquis; "They've Got Your Number" from Commentator; "No Third Term for Roosevelt" from American Mercury; and "When Every Clerk Uses the Right Word."

Special attention will be given to words which are new to the students. Miss Allen teaches Senior English and two sections of Junior English. Miss O'Bryant instructs one class in Junior English.

JUNIOR RED CROSS NEWS

The Junior Red Cross Club met last Thursday. The minutes were read and approved. The president read a letter from the orphans who want the Perryton Junior Red Cross to supply them with ten dozen Easter eggs. Our club is going to do its best to send the eggs so each orphan will have at least one egg.

We adjourned and the meeting was turned over to Murel Rahenkamp, who served refreshments.

DRAMATIC CLUB

The Dramatics Club members are still experimenting with make-up on certain other unfortunate members of the club. We are now trying our hand at Japanese make-up. Margaret Farnsworth and Harold Witt showed some artistic ability in making up Yvonne Zoe Lewis and Leland Horne last Thursday at our regular club period.

NEWS 61

We entertained our parents Friday and exhibited some of the work that we have done this year.

We are glad to welcome two new pupils in our room, Miles Sumpter and Margaret Kershman.

GIRL SCOUT NEWS

The Girl Scouts met Thursday, February 24, during the regular club period. Letha Nichols called the meeting to order and Lila Jackson gave a report on "The Training of a Girl Scout." Virginia Russell gave a talk on "The First Girl Scout," and Doris Cox sang a song entitled "The Lightning Express."

The rest of the club period was spent discussing plans for a play and a party.

STUDENT FORUM

The Student Forum met Friday evening in Miss Mitchell's room. Paul Caldwell led the discussion on the farm bill and Bill Phillyaw on hydro-electric plants.

Present for the discussions were Charline Jackson, Billie Boston, Bobby Lawrence, Paul Caldwell, Billy Phillyaw, Bobby Schuster, Fountain Wade, Hazel Reynolds, Mary Ellen Newman and Carl Godfrey.

CHAPEL PROGRAM

During the high school assembly Thursday, the Hillbilly Boys entertained the high school with a group of musical numbers.

Those who played were Thurman Trew, Leonard Barlow, Clark Osborne and Atlas Flowers. Two of the numbers played were "Girl of My Dreams" and "Rancho Grande." Harry Reimer was awarded his basketball sweater and letter during assembly.

NEWS of the WEEK

by FOSTER GILROY

SPY HUNT CONTINUES

New York City.—Arrest of two soldiers and a woman confederate charged with furnishing United States Army information to a foreign power is believed to be only the first step in a sweeping inquiry into widespread espionage system in this country. A large squad of operatives of the Federal Bureau of Investigation are active in this city working on various leads thus far uncovered.

AUSTRIA CURBS NAZIS

Graz, Austria.—A proposed demonstration throughout Styria by 60,000 Nazi sympathizers in celebration of the German-Austrian alliance, was frustrated by a rapid concentration of army units and the police. Leaders were warned that any further attempts of the kind would be sternly dealt with by the Austrian Government.

IMPORTANT BILLS IMPEND

Washington, D. C.—With the eight-week filibuster over the anti-lynching Act disposed of, Congress settles down to consideration of many of the most important pieces of legislation now pending. Among the measures on which speedy action is expected are tax revision, reorganization of Government departments, and naval appropriations. Many public hearings are scheduled during the week on highly controversial bills before both houses.

MEME CHIANG QUILTS

Hankow, China.—It is reported that Mme. Chiang Kai-shek will relinquish command of China's air forces, which she has directed for two years. The terrific strain of the Japanese invasion is said to have impaired the health of the Voltaire-educated wife of China's generalissimo. Chinese planes have taken a sudden offensive, not only bombing nearby Japanese islands, but halting the Jap penetration toward South China.

FIVE SUITS IN NEW DECK

New York City.—From England comes a new deck of cards for bridge addicts containing a new suit called "Royals," designated by a green crown symbol. The 65-card game is said to provide many additional combinations highly popular with devotees of the game.

LIBRARY SUGGESTS NAMES

Brooklyn, N. Y.—From 300 to 400 requests for suggestions in naming books are received weekly by the Brooklyn Public Library. Among many weird cognomens suggested are Isolda, Earline, Nylete, Flor-yne, Arlemer, Zipperath and Edel-son. One youngster even drew the surname of Ordinary!

ARMY IN NEW DRESS

Washington, D. C.—It will cost the U. S. Army officer \$294.50, out of his own pocket, to don the new regulation uniform. Instead of the familiar khaki, he will now wear a dark blue blouse with lighter blue trousers, down the sides of which run two-inch stripes; deep blue for infantry, yellow for cavalry, red for artillery and gold and blue for the air force.

NAVY BEGINS WAR GAMES

San Juan, P. R.—Every mobile unit of the U. S. Navy along the Atlantic Seaboard is engaged this week in a theoretical attack on Porto Rico, which is being defended by land forces consisting of Marines, army forces, Coast Guard and the island's National Guard, supported by all available air squadrons. The President's son, Lt. Col. James

Roosevelt of the Marine Reserves, is taking part in the manoeuvres.

ENDS RECORD CRUISE

New York City.—Largest and fastest ship ever to cross the Equator, the French liner Normandie returned from a 22-day cruise to South America with what is believed in shipping circles to be a record for income from a single voyage. Her 975 passengers are estimated to have paid total fares of more than \$1,000,000 and to have spent as much more in extra services on board. They consumed 269 tons of food, 2 tons of caviar, and 150,000 quarts of champagne.

TRAFFIC FATALITIES DOWN

Chicago, Ill.—The nation's concerted drive against reckless driving is reflected in a report of the National Safety Council, showing that traffic deaths declined 17 per cent in January over the same month last year, and 30 per cent over December 1937. Of the big cities, Milwaukee led in safety, reporting only four fatalities per 100,000 of population.

FEDERAL SCHOOL SUPPORT OPPOSED

Atlantic City, N. J.—Delegates to the American Association of School Administrators recorded their disapproval of any allocation of Federal funds for parochial or non-public schools, as recommended recently by President Roosevelt's Advisory Committee on Education. The provision was condemned as "a clear violation of the principle of separation of Church and State, therefore vicious and un-American."

USED-CAR DRIVE STARTS

Detroit, Mich.—In an effort to move the glut of second-hand cars turned in last Spring during the boom in new automobile sales, motor car manufacturers will begin next Saturday, an intensive drive for one week in which they will spend \$1,250,000 in advertising in a concerted effort to reduce the used-car stocks of 46,000 dealers. They realize that the overstock in used-cars may seriously affect the sale of new models now ready for public inspection.

Peculiarities of the Eel

The eel is a peculiar aquatic creature. Those taken in fresh water are all females. The males never leave the brackish coastal waters. When the spawning urge sets in the breeding females leave fresh water and travel to the ocean, if they can make it. Here they meet the males and a strange migration sets in to great ocean depths. The young fry, hatched in salt water, begin their journey to the coastal waters when about one year old. At this time they are transparent and known as glass eels or elvers. The females ascend fresh water streams and rivers, while the males remain in salt water. They feed and grow until maturity is reached and then this life cycle is repeated.

Early Gothic Architecture

The Gothic revival of the Nineteenth century manifested itself in the United States as early as 1839, when Richard M. Upjohn undertook the design of Trinity church, New York. At the same time was the Church of Holy Trinity, Brooklyn, New York, designed by Lefevre, Grace Church, New York, by James Renwick and by the same architect, St. Patrick's Cathedral, New York, are among the most successful efforts of the period. The Gothic style was for the most part restricted to churches.

Imitation Pearls

There are many necklaces of imitation pearls on the market—some so beautifully made that only experts can detect that they are not the real thing. These imitation pearls are made in factories by the following process: The scales of certain fresh water fish are dissolved in ammonia, then the solution thus obtained is injected into thin glass balls until a thin film is seen to have formed on the inner surface. Gum or wax is injected to fill up the hollow interior, and lastly the glass coatings are removed by acid.

Fortress of Christophe One of Greatest Ruins

A mystery equivalent to the one concerning how the stone was transported to build the pyramids of Egypt is duplicated in the great fortress of Christophe at Cap-Haitien, Haiti, one of the greatest ruins in the world, according to the Baltimore Sun. Built by Christophe, an early negro president, later declared king, it is not far from where Columbus installed his first garrison and established his first colony, Columbus returned after a year's absence to find both garrison and colony wiped out—massacred by the natives.

The walls of the fortress—which was also a palace—rise from a precipice to a height of 150 feet. There are many tiers of corridors. The lower ones—dark and musty—show the cells where prisoners were forced to stand upright for days at a time. The higher corridors show long rows of old naval guns lying askew on their brokdown carriages. At many points are great piles of cannon balls.

So strong is this palace-fortress that in the days for which it was built it was considered doubtful if the combined armies of Europe could have taken it without recourse to a long siege. One of Christophe's outdoor sports was to invite men who displeased him—and thus were considered his enemies—to visit the top of the ramparts of the fortress and then push them over in the abyss far below.

Church of England Has Endowments for Income

The greatest source of income of the Church of England is its endowments. Many of these are very old, often antedating the Reformation, and some are very large. They are of all descriptions. Colleges and individual parishes have been left properties in London and other cities which have grown to be of great value.

In other cases, observes a writer in the Cleveland Plain Dealer, old families have given their churches or church institutions perpetual rights to certain shares of their income, and numerous other old titles and voluntary rents, of great or little importance, survive.

Many congregations, by reason of their endowments, are wholly or partially free from the necessity of contributing to the support of their clergy and are thus more free to give to other ecclesiastical objects.

There are also numerous old endowments the objects of which have become defunct. A Church Estates Commission, created by Parliament in 1836, has charge of these, and a board of ecclesiastical commissioners is empowered to assign the income from these sources to current uses.

Aside from the endowments, the English church derives its income in the same manner as churches in this country—by general appeal.

Sheep Chops, Peeg Sausages

Why is it that the name of most meats differ from the names of the animals from which they come? Why, for instance, does sheep in the field become mutton on the table? Because of the Norman Conquest! After that, you see, two languages were used in England—Saxon and Norman-French. The conquered Saxon, who looked after the animals, called them by Saxon names; the superior Normans who ate the meats called them by their Norman-French names. Hence the Saxon peeg (pig) became the Norman-French pork; the ox became beef (beuf); the sheep became mutton (mutton), the deer became venison, and so on, according to a writer in Pearson's London Weekly.

Birds' Muscles Centered; Body Is Short and Deep

The whole secret of a bird's structure is found in its adaptation to flight. This seems like stating a commonplace, yet if we look into the changes which flight has brought to the structure of the bird, we open a whole storehouse of interesting information, observes an authority in the Detroit Free Press.

On first glance, it may seem that birds have nothing in common except wings and feathers. Yet, strip them of their feathers and all birds are fundamentally alike. The majority of their adaptations are directed toward one end: to transform a heavier than air body into a flying machine.

First of all, the body of a bird is light. Feathers, beautiful and delicate as they are, are the strongest structures for their size and weight known. Bones are hollow and thin-walled, not heavy and filled with marrow as those of mammals. There are no heavy teeth, but instead a light horny beak. The tail has been telescoped and a secondary tail of light, air-resisting feathers is used as a rudder in flight.

The birds' muscles are not scattered all over the body, but instead are centered in a compact mass. The large, heavy flight muscles of the wings are located on the breastbone. Birds have small calves and most of the muscles are on the upper legs close to the body. The body itself is short and deep, with all its parts centralized, thus bringing the relatively heavy liver, gizzard and intestines close to the center of gravity and affording the smallest possible bulk to pass through the air.

Among the Toy Dogs

One of the smallest members of the toy group of dogs, the tiny fellow known as a Yorkshire terrier, was once a small workable sporting dog. Several theories are advanced on the subject of their origin but it is generally agreed that they owe the majority of their very good traits as well as their beauty to the Skye terrier and a small dog known in the middle eighties as a Waterside terrier, says a writer in the Los Angeles Times. The "York's" most distinguishing feature is its exceedingly long, silky coat, which many times will touch the floor.

Mark Twain's Pun

Some years ago Mark Twain and Rudyard Kipling happened both to be ill at the same time and many sympathetic messages were flashed by cable across the Atlantic, from America with inquiries concerning Kipling and from England for Mark Twain. After they had both recovered Mark Twain gave forth this pun: "England and America, which have been brought nigh to each other in Kipling, will not be divided in Twain."

Feed Needy Children

Local Organizations Pay for Noon Meal for Four Undernourished Children in School

Perryton organizations are making it possible for four school children to have a nourishing and wholesome noon meal during the remainder of the school year. These children, selected by the Primary teachers from a standpoint of need, are fed in the school cafeteria.

The Eastern Star is paying for the meals of one child, the three men's classes of the Baptist Sunday School pay for feeding two children, and the Wesley Class of the Methodist Church pays for the meals of the fourth child.

In order to provide suitable school clothing for several needy children, women of the Baptist Church spent last Friday evening.

E. M. Allen, J. N. Conley, Frank Reed, Lester Norris, Audie Conley and W. H. Lance were in Pollett, Monday evening, to attend a meeting of the Masonic lodge.

Supper and Program

Twichell Agricultural Association Met Last Friday Night for Social Affair

The Twichell Agricultural Association held its regular meeting on Friday evening, February 25 at 8 p. m. in the Twichell school house.

The following program was given: two songs, Mrs. Clarence Zirkle; talk on foods, Miss Wertha Tarter; reading, Fred Huston; Twichell News read by Mrs. Earl McGarragh; reading, Patay Henry; piano solo, Elaine Dietrich; and two minute talks by Curtis Roach, Mrs. Harold Kershaw, and Lornie and Earl McGarragh. These four people gave interesting talks on the advantage of having big feet, big mouth and being short or tall.

A pot luck supper was served to all attending after the program.

Attorney J. W. Payne and Mrs. Cecil Sharp were business visitors in Beaver, Okla., Monday.

LOCAL AUTO DEALERS MAP SALES DRIVE

Every Motor Car Dealer in Perryton Joins in National Used Car Program

March 5 to March 12

National Used Car Exchange Week Sponsored by Motor Car Dealers and Manufacturers

Perryton automobile dealers have joined a national drive to sweep the American automobile industry out of the current recession and stimulate American business generally. The campaign was announced in New York City Monday by Alvin Macauley, speaking for every American automobile manufacturer and the nation's 46,000 automobile dealers.

The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry. Mr. Macauley said. The President has been advised of plans for the campaign, which is the first cooperative effort ever undertaken in which all American automobile manufacturers have taken part.

Perryton motor car dealers are cooperating one hundred per cent in this campaign. The following local automobile dealers have joined in "National Used Car Exchange Week": Universal Motor Co., Perryton Motor Co., Holdeman Motor Co., Russell's Service, Putman Motor Co., O'Dell Motor & Implement Co., and L. S. Hobbs Inc. Each of

these dealers are making every possible effort to bring to the people of the Perryton area some of the most outstanding used car values ever offered to the motoring public.

The campaign is timed at the outset of the spring selling season when both new and used cars usually begin to move in greatest volume. It is aimed primarily at stimulating the disposal of used car stocks now in dealer hands. Once this is accomplished, a substantial increase in car manufacturing schedules and employment of wage earners in the automobile factories is anticipated.

To support the campaign, it was announced, the manufacturers will spend \$1,250,000 in newspaper, radio and outdoor advertising and in other promotional channels. Two-thirds of the advertising budget will be spent in newspapers.

"The motor car industry," said Mr. Macauley in making the announcement, "is generally credited with showing the way out of the last depression.

"Today, the automobile manufacturers, their suppliers, the nation's 46,000 dealers and allied industries are launching a similar drive."

So far as the automobile industry is concerned, the most serious barrier to business improvement is the large stock of used cars in dealers' hands, Mr. Macauley pointed out.

"Until these cars can be sold, it is impossible for dealers to handle a normal volume of new-car business," he explained. "This means that factories will be forced to continue on part-time, and thousands of men in the motor car plants and in allied industries must remain either out-of-work or on part-time schedules."

The primary purpose of the campaign, he said, is to make known to prospective owners the remarkable used car values which now are being offered by automobile dealers in all parts of the United States.

"The present situation has resulted in the best used car values in the country's history. We are confident that used car stocks will be reduced sharply as soon as the public becomes aware of the fact," he added.

During the last few years vast improvements have been made in motor cars and this improved transportation is available on easy terms to those who take advantage of the bargains to be offered during "National Used Car Exchange Week," Mr. Macauley stated.

"Too many unsafe, wornout, unreliable cars, without modern safety brakes, safety glass, large tires and steel bodies, are in operation today," he continued. "Too many are costly to operate. Eleven million seven years old or older are licensed for operation throughout the country.

"Many of these cars can be replaced during "National Used Car Exchange Week"—to the great advantage of the buyer and of the public—with newer, "up-to-date" cars, without initial investment beyond their present car and on

terms to suit the average pocket-book. These new cars offer modern equipment and are a good investment in comfort, safety and economy."

ROY COREY IS MECHANIC AT PUTMAN MOTOR CO.

Roy Corey, for many years a mechanic in Perryton garages but recently located at Anthony, Kans., and Borger, Texas, has returned to Perryton with his family. He is now located with the Putman Motor Co. Mr. Corey is an expert automotive mechanic and has many customers in this community who will welcome his return.

Mrs. J. M. North, who has been visiting in the home of her son, John at Norman, Okla., and with relatives in Fay, Okla., for the past three months returned to Perryton, Monday.

Mr. and Mrs. W. E. Crum, who have been visiting with his mother and other relatives in Sawyer, Kans., for several months, were in Perryton over the week-end, guests in the M. H. Crum home. They left on Tuesday for their home in McKenzie Bridge, Oregon.

Hugh Campbell of the Gray, Okla., community returned Saturday from a two months visit with relatives at Paradise, Texas.

BEGIN COURSE IN FIRST AID

CROSS FIRST AID CLASS WILL GIVE 20 HOURS OF TRAINING TO START ON MARCH 10

Classes in First Aid Training for the Red Cross Chapter of the American Red Cross, beginning next week. The first class meeting and first class will be held at the schoolhouse on Monday, March 10, 8:00 p. m.

The course includes 20 hours instruction in First Aid treatment to the injured and will extend over a period of five weeks, with two lessons each week. Any person, man or woman, is invited to take the course without any charge. A certificate will be awarded upon satisfactory completion of the course.

All State Highway employees working in Ochiltree County will receive training, as part of the Highway Department's safety program.

At the Thursday evening meeting, plans will be taken to determine the activities of the week for the future.

According to Oscar C. Flowers, Red Cross chairman, the classes will be held by W. L. Werneberg of this town. Mr. Werneberg, an employee of the Highway Department, has just completed an intensive two weeks training course in First Aid at Lubbock. This school, directed by the Red Cross, was sponsored by the Highway Department.

The greater part of his experience has been with Ford agencies at Dodge City and Wichita, Kansas, but for the past few years he has been connected with the Chevrolet dealer at Meade.

Monthly Meeting

Perryton Parent-Teacher Association Observes Founder's Day Monday, February 28

"Our nature demands homes. It is our social being and cannot be complete without family relations. There would be no proper equilibrium of life and character without home influence," quoted Mrs. E. W. Thomas from the message of Mrs. M. A. Taylor, state president, at the meeting of the Perryton Parent-Teacher association in the school auditorium Monday evening, February 28.

"Founder's Day was first celebrated February 17, 1910, and was originated by Mrs. David Mears. It is set aside each year as a tribute to the ideals and traditions which have made the parent-teacher movement a significant part of home, school, and community life in this country. The National Congress of Parents and Teachers, two million strong, exists for the sole purpose of safeguarding the best interests of the child," further stated Mrs. Thomas in her discussion of "Founder's Day."

Mrs. P. E. Gidley, membership chairman, reported 189 paid members. Mrs. O. C. Shearer, president for the past two years, was voted a life membership in the association. A nominating committee, composed of Mrs. Audie Conley, Mrs. O. A. Bush and Mrs. C. B. Rogers, was elected. Delegates selected to attend the Eighth District Conference which will be held at Childress, March 31 and April 1, are Mrs. P. E. Gidley, Mr. and Mrs. Roger A. Burgess, Mr. and Mrs. O. A. Bush, Mr. and Mrs. E. D. Kelley, Mr. and Mrs. R. L. Duke, and Mesdames Tom Ellzey, E. W. Thomas, H. I. Hudson, Rose Mitchell, Jack Allen, Audie Conley and W. F. Haggard.

Mrs. Roger A. Burgess and Mrs. E. D. Kelley gave interesting reports of the County Council which met at Waka during the month. The Boys Club club, directed by O. A. Bush and accompanied by Miss Ruby Neufeld, entertained with several numbers. Three selections were given by the boys quartet. Superintendent Burgess reported on the teachers association which met at Houston and on the administrators conference held in Austin on January 1. Mrs. W. B. LaMaster gave the highlights of

Arrangements have been made for the holding of another one of those big "Bingo" games by the American Legion in the showrooms of the L. S. Hobbs Inc. on Saturday evening, so states Legion Commander Harry Nail, and Herb Graham, chairman of the Legion's "Bingo" committee.

Valuable prizes will be given consisting of groceries, silk hose, ties, blankets, giftwares, and many other useful articles, all purchased from Perryton merchants. The "Bingo" party is open to the public and everyone is invited to attend. Cards will sell for five cents each, six for "two-bits".

Fire Call Thursday

Blazing Truck Extinguished Before Fire Department Arrived at Filling Station

The Armour Cream Company of Woodward almost lost a produce truck when the cargo of egg cases, butter and cream became ignited as it entered Perryton Thursday morning on its regular run. About \$25.00 worth of butter was thought to have been spoiled and several empty egg cases were consumed by the flames.

The cause of the fire was not determined. Observers assisting Tim Lawrence, driver of the truck, succeeded in extinguishing the blaze with a hose from the Walker Service Station before the fire department arrived.

Citation By Publication

Carrie M. Webb, A Feme Sole; Number 497.

vs. The unknown heirs of James F. Webb, also known as J. F. Webb, and Clara C. Webb, deceased.

THE DISTRICT COURT, OCHILTREE COUNTY, TEXAS. The State of Texas to the Sheriff or any Constable of Ochiltree County—GREETING:

YOU ARE HEREBY COMMANDED, that by making publication of this Citation in one newspaper published in the County of Ochiltree once in each week for four consecutive weeks previous to the return day hereof, you summon the unknown heirs of James F. Webb, also known as J. F. Webb, deceased, if living, and if deceased, their unknown heirs and legal representatives, and the unknown heirs of Clara C. Webb, deceased, wife of the said James F. Webb, deceased, if living, and if deceased, their unknown heirs and legal representatives; whose residence is unknown, who are alleged to be non-residents of the State of Texas, to be and appear at the next regular term of the District Court of Ochiltree County, to be held at the Court House thereof, in the City of Perryton, on the third Monday in April A. D. 1938, the same being the 18th day of April A. D. 1938, then and there to answer a petition filed in said Court on the third day of March A. D. 1938, in a suit, numbered on the Docket of said Court, Number 497 wherein Carrie M. Webb, A Feme Sole, is plaintiff, and The unknown heirs of James F. Webb, also known as J. F. Webb, deceased, if living, and if deceased, their unknown heirs and legal representatives, and the unknown heirs of Clara C. Webb, deceased, wife of the said James F. Webb, deceased, if living, and if deceased, their unknown heirs and legal representatives; are defendants; the nature of plaintiffs demand being substantially, as follows, to-wit:

Suit by plaintiff, as widow and sole and surviving heir at law of her deceased husband, Alvin C. Webb, against the unknown heirs of James F. Webb, also known as J. F. Webb, deceased, if living, and if deceased, their unknown heirs and legal representatives and against the unknown heirs of Clara C. Webb, deceased, wife of the said James F. Webb, deceased, if living, and if deceased, their unknown heirs and legal representatives, alleging that her husband Alvin C. Webb, during his lifetime purchased from his father, James F. Webb, the following described tract of land in Ochiltree County, Texas: All of Section Number Seven (7), in block Number Four (4) Certificate Number 32,542, Abstract Number 78; Original Grantee, G. H. & H. R. R. Company, three-fourths of said Section being purchased on, or about, the year 1900, for a consideration of \$3,500.00, and the remaining one-fourth, to-wit: The Southeast one-fourth being purchased about the year 1905 or 1906, that the deeds thereto, if delivered, were lost, plaintiff not being certain if said deeds were delivered, that the said land was claimed as by purchase from the respective dates above set out, by Alvin C. Webb and this plaintiff, his wife, and that their dominion and ownership was so recognized by James F. Webb and his wife Clara C. Webb during their lifetime. Alleging that James F. Webb was and is the common source of title, and that any claim of the defendants, unknown heirs, was inferior to and subsequent to the title and interests of plaintiff and pleading in the alternative, that the said section of land was the Community property of James F. Webb and wife Clara C. Webb, who lived together as husband and wife from the date of their marriage, on, or about the year 1875, until the date of their deaths, in 1905 and 1906, respectively, that neither was ever before married, and that at the time of their death there was no surviving child or children or their descendants, save only their son, Alvin C. Webb, that upon the death of said parents, Alvin C. Webb, plaintiff's husband became vested with the title to said real estate under the laws of descent and distribution, and upon the death of plaintiff's husband Alvin C. Webb, there being no child or children or descendants of child or children, and no brothers or sisters or their descendants surviving him, and his only heir at law being his wife, the plaintiff; she became vested with the title to said property under the laws of descent and distribution, that the claim of any of the defendants, could only be asserted only by and through the said common source of title, and as heirs of James F. Webb and Clara C. Webb aforesaid deceased, but that any such claim was and is inferior to and subsequent to the title and claim of plaintiff, praying for citation to all said defendants and judgement vesting in plaintiff the title to said property and confirming and quieting title thereto in her as against all of the said defendants, and for general and special, legal and equitable relief.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in the City of Perryton, Texas, this 3rd day of March A. D. 1938.

WITNESS, IRVIN R. BUCHANAN Clerk of District Court in and for Ochiltree County, Texas.

Sorosis

The Fine Arts department of the Perryton Sorosis club was entertained Wednesday afternoon, February 23, in the home of Mrs. C. E. Whippo with Mrs. J. H. Woodward, Mrs. R. T. Correll and Mrs. Frank F. Dodson assisting Mr. Whippo with the hostess duties.

The topic for the afternoon was "Frank Norris". Mrs. Dewey Allen related the main facts in his life and gave an estimate of his works. His book, "The Pit" was interestingly reviewed by Mrs. R. P. Hurn. Mrs. H. C. Sanford summarized his story of "Chicago's Wife". A delightful reading, "Mother Mouse," was given by Trilxie Childwell.

During a business session following the study new officers were selected for the coming year. They are Mrs. R. B. Orrill, chairman; Mrs. Virgil Castle, vice chairman; Mrs. Audie Conley, secretary-treasurer; Mrs. Max Boyer, program chairman; Mrs. H. C. Sanford, music chairman, and Mrs. C. B. Rogers, reporter.

Delicious refreshments were served by the hostesses to the following members: Mesdames Dewey Allen, Jack Allen, Vance Apple, Virgil Castle, Audie Conley, Carl Ellis, Oscar Flowers, W. C. Herndon, R. P. Hurn, Max Boyer, R. B. Orrill, Stanly D. Key, W. B. LaMaster, A. H. Nichols, C. B. Rogers, H. C. Sanford, D. D. Shanks, C. E. Woods and Miss Nellie Perry.

Honored with Shower

Miss Wilma Hardy entertained in the E. W. LeMaster home, Saturday afternoon, with a miscellaneous shower, honoring Mrs. Norman Crum, who before her recent marriage was Miss Nadine Bryan.

Guests called from 2:30 to 4:00 o'clock to pay their respects to the new bride and spend a short while visiting. A light refreshment plate was served.

Friends present were Mrs. M. H. Crum, Mrs. Willis Hardy, Miss Eida Hardy, Mrs. Earl Glasgow, Mrs. G. C. Brillhart, Mrs. W. J. Miller, Mrs. Andrew Milledge, Mrs. J. W. Putman, Miss Mary Hibbs, Miss Ruby Wahl, Mrs. Joe Schollenberger, Mrs. H. C. Brillhart, Mrs. E. W. LeMaster and Mrs. B. L. Barnes. Those who sent gifts but were unable to attend were Mrs. A. C. Nies, Mrs. Ray Batman, Mrs. Harold Brillhart, Mrs. T. R. Murray, Miss Rose Barnes, Miss Helen Hardy and Miss Bess Schollenberger.

Birthday Dinner

A surprise on the birthday anniversary of her daughter, Eulene, Mrs. Luther Wade, entertained with a lovely six o'clock dinner, Sunday evening.

The dining table was centered with the beautifully decorated birthday cake, lighted by twelve pink candles. Placecards and sweetpea favors were found at each place.

Friends present to help compliment the honoree were Peggy Jane Thomas, Ruth Shotwell, Norma Lawrence, Neida Beth Dodson, Margaret Jean Orrill, Lena Mae Wilson, Mary Kathryn Allen, Yvonne and Beth Trollinger and June Lance.

Just-a-Club

Mrs. R. L. Duke chose the St. Patrick appointments and decorations, Tuesday, when she entertained the Just-a-Club for several hours of pleasant bridge. Mrs. Campbell played high and received a lovely award. Seated with the hostess for the games were Mrs. J. E. West, Mrs. Earl Miller, Mrs. Oscar Flowers, Mrs. H. A. Hawk, Mrs. Leroy Hartman, Mrs. Chas. R. Garrett and Mrs. P. P. Campbell.

Dinner Honors Guests

The E. W. Witt home was the scene of a happy gathering Sunday, when Mr. and Mrs. Witt entertained with a savoury dinner for their house guests, Mrs. Katie Mills, mother of Mrs. Witt, and Mrs. Bessie Mills and son, Lawrence, all of Neosho, Mo. The occasion was also the 81st birthday anniversary of Mrs. Witt's mother.

Those enjoying the dinner were Mr. and Mrs. H. J. Wilson and Harvey Jr., Mr. and Mrs. D. K. Baumann, Mr. and Mrs. L. H. Kaup, Mr. and Mrs. G. W. Witt and Betty, Mr. and Mrs. Cecil Witt and children, Vernon and Harold Witt, the honorees and the host and hostess.

Friends and cousins calling in the afternoon were Mr. and Mrs. H. C. Barlow Sr., Leonard and Alec Barlow, Mr. and Mrs. Robert Barlow, Christine Portenberry, Mr. and Mrs. Gene Barnes of Gruver, Mr. and Mrs. Guy Gruver and baby of Gruver, Mr. and Mrs. Guy Coover and children of Gruver, Mr. and Mrs. Charlie Davis, Gruver, Mr. and Mrs. G. M. Dietrich and children, Mr. and Mrs. Harry Barlow and Patay and Miss Clara Copeland.

Lutheran Y. P. S.

Due to bad roads only a small group of young people were present for the regular Y. P. S. meeting Friday evening in the home of Miss Dora Wolff. Party games and magic tricks were the evening's diversions.

Delightful refreshments of sandwiches and punch were served to Hilda Seeding, Emma Fae Bull, Dorothy Budock, Adolph Seeding, Gene Budock, Mr. and Mrs. George Budock, Mr. and Mrs. Frank Wolff and the hostess.

Observe Birthday

Sunday, Miss Opal Foglesong was agreeably surprised when a number of relatives arrived to help her celebrate her birthday anniversary. Each family brought a part of the bountiful meal which was served at the noon hour.

Enjoying the day in the W. E. Foglesong home were Mr. and Mrs. J. C. Burks and daughters, Thelma and Clara Belle, Mrs. G. D. Isham, Miss Anna Lee Foglesong, and J. T. Foglesong, all of Hooker, Okla., Miss Lois Mae Jones and Miss Cleo Cudd.

Miss Avis Lee Wooten, who has been attending Baylor-Belton at Belton, returned home Saturday. Her parents, Mr. and Mrs. A. K. Wooten met her in Amarillo.

Mrs. W. M. Shrader and son, Paul, left Monday for Bellflower, Mo., where they were called on account of the serious illness of Mrs. Shrader's brother-in-law, G. F. Adams. They expect to visit other relatives which in that community and will probably be gone two weeks.

Sunday dinner guests with Mr. and Mrs. F. P. Campbell were Mr. and Mrs. Elvin Smith.

Galloping Hoofs! Gallant Hearts!

UNA MERKEL and STUART ERWIN (top, left to right) supply the romance, MARVIN STEPHENS and JANE WITHERS supply the thrills and together the foursome serves up laughs—and something more—in Twentieth Century-Fox's new hit, "Checkers," showing at the Ellis Theatre, Thursday and Friday, March 10-11.

Jane Withers Returns

Rip-Snorting Comedy of the Race Tracks Starring Jane Withers and Stuart Erwin Coming

There is wild excitement and cheers as Jane Withers rides down the home stretch in "Checkers," her newest Twentieth Century-Fox picture showing at the Ellis Theatre Thursday and Friday, March 10-11, but what will thrill most of all is the grand human story. The uproarious fun, the aching thrills and the bright enchantment that come once in every young life will be unfolded and the audience will share it all with Jane, so proud in those checkered racing silks.

Jane recently was voted one of the six most popular stars of today and in this story of galloping hoofs and gallant hearts she's at her very best. Stuart Erwin and Una Merkel play the lovebirds in a hilarious seven-year romance, and Marvin Stephens is the first "crush" of Jane's screen career.

Stuart, as the slickest horse-trader who ever got stung, keynotes his romantic life with the motto: "Love me, love my horse!" but Una is a girl who refuses to fill her hope chest with horse blankets. When, after the never-say-die courtship, Stuart again poses the question, it's not a pop—it's an explosion!

It's Jane who sets the fuse, for she would like to see her Uncle Stu living as cheaply as one with Una. The trouble all started when their beloved filly, "Blue Skies," won an impromptu race, resulting in the rival jockey's losing his job. Marvin, the jockey, joins up with Jane and Stu, and the horse-loving trio, accompanied by the object of their affections, descends upon the farm of Una, who hates racing and race horses—and people who like racing and race horses.

The result throws a new light on the "Sport of Kings" but all ends well in a hilarious climax.

CCC ACTIVITIES

Several enrollees of Company 2874, have received training as enrollees which enabled them to secure responsible positions. Thomas Van Webb Jr., Miami, who enrolled October 12, was discharged February 10 so that he could take a clerical position with the Farm Security Administration, Amarillo. Mr. Webb was company clerk and received his training under Commanding officer Captain G. W. Coffman Jr.

Two sub-district officers from Lubbock were making inspections last week. Lt. Harry Jacobson, surgeon, was here Thursday. Sub-district Commander, Captain E. L. Moldin, arrived Thursday and left Saturday.

Miss Wertha Tarter, Ochiltree County Home Demonstration Agent, held her first weekly school on cooking and preparation of food, last Thursday evening. Mess Sergeant, Fred H. Woodson, is supplementing her instruction by having special classes on Monday evenings for the cooks and their assistant. Mr. Woodson held his first class this week.

Liel Lewellen, manager of the Universal Motor company, Ford dealers, attended the Wichita tractor show last week.

Mr. and Mrs. Curtis O. Roach made a trip to Amarillo Monday to take the float, which the home demonstration club women are entering in the parade on Mother-in-Law Day, March 9.

Mr. and Mrs. Claud Allen visited Sunday in Guymon, Okla., with his brother, Leon Allen and family.

MUST FILE SS PAYMENT CLAIM

ASSISTANT MANAGER OF THIS DISTRICT'S OFFICE WAS IN CITY TUESDAY TO CHECK RECORDS

Lang E. Holt, assistant manager of the Social Security Board of the Amarillo field office, was in Perryton Tuesday making an investigation of various records for eligibilities for lump sum payments under the Social Security Act.

Mr. Holt stated that he was reasonably sure that there were persons living in Ochiltree county who could qualify for these payments and efforts were being made to reach them. The Amarillo office covers a territory of 46 counties.

The most important essentials in the filing of a claim for a lump-sum payment have been emphasized by Dewey Reed, manager of the Amarillo field office, when he pointed out three "musts" necessary in determining eligibility for Federal old-age insurance lump-sum payments. Emphasis was placed on the following:

1. You must have attained the age of 65; or be the nearest relative of a deceased employee who has died before attaining age 65;
2. The worker must have been employed and received wages in a covered occupation;
3. Claims for lump-sum payments must be filed with one of the field offices of the Social Security Board.

Reed also explained that the amount of a lump-sum payment is 3 1/2 per cent of wages received in covered employment since December 31, 1936.

"If individuals will keep in mind the three 'musts' as given above, it will prove of much benefit to those who may be considering the filing of a claim for a lump-sum benefit," Reed said. "Lump-sum benefits paid during January averaged \$31.88."

The Amarillo Social Security Board office is located at 690 Polk street in the Oliver-Eagle Building, where complete information and co-operation in all matters pertaining to Federal old-age insurance will be given.

Mrs. L. S. Hobbs, Amarillo, Mrs. J. A. Willis, Enid, Okla., Mr. and Mrs. Ray Tindle of Hardesty, Okla., and Ernest Tindle of Stinnett came in Wednesday to visit with their mother, Mrs. W. H. Tindle, who is seriously ill at her home, 421 Southwest Fourth street.

Virby Conley, manager of the Ellis Theatre, made a business trip to Oklahoma City the first of the week. His mother, Mrs. J. N. Conley, accompanied him and visited in the home of her son, C. N. Conley and family.

It's Love On Screen

It seems like Love, it looks like Love, and it is Love between Melvyn Douglas and Virginia Bruce, pictured in a romantic interlude of "Arsene Lupin Returns," which brings the famous mystery fiction character to the Ellis screen Tuesday and Wednesday, March 8-9.

less speed from the Federal Bureau of Investigation in Washington and New York to the haunts of crime in Paris.

The story begins with Warren William taking a job with an insurance company to guard a valuable emerald, owned by Halliday. William falls in love with Halliday's daughter, Miss Bruce. Meanwhile a paste copy of the jewel is stolen. The thief leaves a card marked "Arsene Lupin." Accompanied by William, Halliday and his daughter move to Paris where they meet Douglas, a friend of the family. Several more attempts are made to get the jewel, and in the course of events two suspects are killed. Pendleton and Clive, two of Douglas' friends come to his country place and accuse him of "coming back to life" as Arsene Lupin. Lupin then enters the case, but not until the final scene is the real murderer revealed.

Boys and Girls: Do Not Fly Kites Near Electric Wires

Boys and girls, flying kites near electric wires is dangerous! Don't take chances. Follow these suggestions and be safe:

- 1 Do not use wire or metallic kite strings.
- 2 Do not climb poles to get tangled kites.
- 3 Do not poke sticks at kites caught in wires or try to pull them down by their tails.
- 4 Do not use metal kite sticks.
- 5 Do not fly kites with wet string or in damp rainy weather.
- 6 Fly your kites in parks, playgrounds or pastures, clear away from power lines.

If kites become entangled in wires, call our office at once. Our employees know how to remove them without endangering anyone or causing an interruption to electric service.

PARENTS: See that these suggestions are followed by the children in your neighborhood. You may save a life or prevent a serious injury.

BARREN SPOTS BLOW HAZARDS

LAND OWNERS ARE URGED TO GUARD AGAINST SOIL EROSION: RESULT OF MOISTURE ON BARE LAND

Amarillo, Texas, Feb. 28. Moisture received over most of the wind erosion region recently in the form of rain has proved a great benefit to farmers, but where fields already were subject to soil blowing this hazard may be made more serious, says H. H. Fennell, director of the Soil Conservation Service in the High Plains area.

"Where moisture has been received in sufficient quantity to penetrate the soil, benefit in increased ground cover may be expected in fields having a thrifty stand of wheat," the Soil Conservation Service official points out. "With the spring season near at hand, a rapid growth of wheat may be expected.

However, the effect of this moisture upon barren lands will be temporary and can be expected to check soil blowing only so long as the surface remains wet," Mr. Fennell believes.

Some fields or spots in fields where the surface trash from previous crops or weed growth has disappeared and which already may have had a tendency to blow now will be more susceptible to wind erosion because when the soil is wet and dries out it is left in a powdery or pulverized condition, it is pointed out.

"In such extreme cases," Mr. Fennell says, "the melting of the snow may present an opportunity for a type of emergency tillage not practiced very extensively heretofore.

"This type of tillage, which might be termed 'cultivation in the mud' should be considered only where it already is evident that ordinary maintenance control of soil blowing easily in such cases, light tillage by shovel cultivating, shallow chiseling, or spike-tooth harrowing in the mud will leave the surface of the soil in such condition that hard clods will be formed upon drying.

"These clods will prove more lasting and effective against wind erosion than when the soil is cultivated in a drier or more mellow condition," the Soil Conservation Service director states.

This emergency tillage operation, as well as any others on lands suffering from loss of water by runoff, should be performed on the contour or around the slope, rather than in straight rows, it is pointed out.

Such tillage operations, when done on the contour, not only serve the purpose of checking soil blowing during periods of high winds, but also place the land in condition to catch and hold later moisture, Soil Conservation Service technicians say.

Public Protection

Law Requires Physical Examination of All Persons Handling Food in State of Texas

Austin, Mar. 3.—For the protection of the public a law was passed in 1921 making it mandatory for every person who is employed in any public eating place, bakery, meat market, dairy or candy factory to secure a health certificate from a reputable physician. This law is intended to eliminate all persons having any communicable disease from handling any foodstuff. These certificates must be renewed every six months.

Typoid fever, diphtheria, and amoebic dysentery carriers have been found numbers of times working in dairies, cafes, and other places where food is prepared or offered for sale. It is not too much for the consuming public to demand that those who sell them food shall be free from communicable diseases. If the examinations for food handlers are properly carried out, much good will be accomplished in protecting the health of the buyer as well as giving the applicant for a certificate accurate information as to his physical condition.

The Texas State Department of Health has repeatedly advocated periodic physical examinations for the general public, as it is during these examinations that many incipient diseases may be discovered and treatment begun in time to stop its developing to such a degree that treatment will not be helpful. Many deaths and much suffering would be eliminated if every one would have this periodic check. In the case of food handlers, only the diseases that are communicable will withhold the issuance of a certificate. The cost is money well invested and the consuming public should demand that those they buy from have this evidence of good health.

"Yank at Oxford" With Robert Taylor and Lionel Barrymore in British Picture

Robert Taylor comes to the Ellis screen Thursday and Friday March 3-4 in "A Yank at Oxford," the widely-heralded picture made against authentic backgrounds in England with an American-British cast which includes such well-known American screen figures as Lionel Barrymore and Maureen O'Sullivan, and such British favorites as Vivien Leigh, Edmond Gwenn and Griffith Jones.

Taylor plays the star athlete of a small American college who is awarded a scholarship to Oxford where he promptly falls in love with Miss O'Sullivan but incurs the enmity of her brother, a rival undergraduate. His humiliations, comedy experiences, defeats and triumphs afford the story a wide variety of romantic and dramatic phases which culminate in a thrilling crew race between Oxford and Cambridge.

The picture was directed by Jack Conway of "Tale of Two Cities" fame.

CHRISTIAN SCIENCE

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday March 6.
"The Golden Text is: "As many are led by the Spirit of God, they are the sons of God" (Romans 8:14).
Among the citations which comprise the Lesson-Sermon is the fol-

lowing from the Bible: "For by grace are ye saved through faith; and that not of yourselves; it is the gift of God" (Ephesians 2:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The calm, strong currents of true spirituality, the manifestations of which are health, purity, and self-immolation, until the belief of material existence are seen to be a bald imposition, and sin, disease, and death give everlasting place to the scientific demonstration of divine Spirit and to God's spiritual, perfect man" (page 99).

Goodwell College Demonstrates the Molding of Adobe Brick from Natural Components

Goodwell, Okla., Mar. 3.—(Special)—Demonstrations in casting emulsified adobe brick were made the first of this week in the college experiment laboratories at Panhandle A. and M. college by Mr. Donnell of the Coltes Refining Company, which produces emulsion for such uses.

Mr. Donnell cast several bricks, using an emulsion with natural components, which makes brick several times more durable than ordinary adobe brick, according to

Pres. E. L. Morrison.

Several sheds will be built with this brick, which is more economical than other bricks. Other structures such as roadways may be constructed with this kind of brick, Morrison stated.

Miss Helen Buckland, Mary Hooper, Fred Nies and Irving visited Saturday in the home of Mr. and Mrs. J. W. Gert, Amarillo.

L. L. Lance and Luther Wagner representing the North Plains Case Implement Company, dealers for Case Implements, returned Saturday from Wichita, Kan., where they attended the tractor show.

YOU CAN OWN YOUR OWN FARM!

I have recently been given the listings on a lot of farms in Perryton's trade territory which the prices and terms are the most reasonable that I have seen lately.

These farms consist of 160, 320, 640 acres, and some larger tracts of land—both grass land and wheat land. Some of these farms are improved.
These farms may be purchased for only 20% down payment. Thereafter the annual payments will equal 5% of the remaining principal amount. When the purchase price is half paid out, the balance will be refinanced, and the remaining amount divided into five equal annual payments, all payments to carry 6% interest.
You will be buying any of these farms on 18% prices.

Accepts Position

Local Boy Attending PAMC With-Draws in Favor of Teaching Job In Balke High School

Roland Stewart, a graduate of the Perryton High School in the class of 1934 and who has been attending college at PAMC, Goodwell, for the past two years has withdrawn in favor of a teaching position in the Balke, Oklahoma, school. He began his new duties Monday, February 28. He expects to complete his major of Manual Training at the college during the summer terms. His present position will provide him with one year's experience.

Roland is the son of Mr. and Mrs. T. R. Stewart, who have resided on their farm west of Perryton for a number of years. His many friends here wish him luck in his new undertaking.

JUDGED APRONS LAST SATURDAY

WINNER IN THE 4-H GIRLS CLUB CONTEST AWARDED FREE TRIP TO AMARILLO ON MOTHER-IN-LAW DAY

The 4-H Club Girls of Ochiltree county held an apron exhibit contest at the courthouse last Saturday, February 26. More than 28 aprons were judged among entries from the Blue Bonnet, Busy Bee, Sunshine and Waka 4-H clubs. There are four girls' clubs in the county at the present time.

Each club held a preliminary contest for which prizes will be awarded later. Those placing in their respective clubs were as follows:

Busy Bee, first place, Ruth Ann Urban, second, Vivian Williams, third Gladys Schwab; Blue Bonnet, first Lena Mae Wilson, second, Margaret Fletcher, third, Angie Nell Tevis; Sunshine Club, first, Ruth Day, second, Lorene Littau and third, Elsie Littau; Waka club, LaVerna Glassey, first and Ardith Weibe second place. No third prize was awarded in this club.

The first place winners from the different clubs were judged for the county winners. The winner of first place, was awarded a trip to Amarillo for the Mother-in-Law Day celebration on March 9. Placing in this were Lena Mae Wilson, Blue Bonnet club, first; Ruth Day, Sunshine club, second; Ruth Ann Urban, Busy Bee, third.

The judges were Mrs. Loyd Furnish, Mrs. A. W. Henry and Miss Julia Morris.

Car Crash Fatal

C. E. Herndon Fatally Hurt in Car Accident near Panhandle On Wednesday, February 23

Pavement made slippery by rain and snow is believed responsible for the accident Wednesday afternoon, February 23, which caused the death of C. E. "Shang" Herndon, 38 of Panhandle. Mr. Herndon died early Thursday morning in an Amarillo hospital. Funeral services were held Friday afternoon at the Panhandle Methodist church, with burial in the Panhandle cemetery.

Surviving are the widow, the former Fay Roberts of Pampa, two sons, Wayne and Joe, at home, his parents, Mr. and Mrs. W. L. Herndon, Pampa, two sisters, Mrs. Fred Sloan, Pampa, and Mrs. Clifford Hawkins, Panhandle, and two brothers, Clifford Herndon and Walter "Poody" Herndon, both of Perryton.

The accident occurred between White Deer and Panhandle when Herndon's car left the slippery pavement and overturned. With him in the car was Gary Simms of Panhandle who suffered only minor injuries. Herndon was rushed to Panhandle and later taken to Amarillo where he died.

Mr. Herndon moved to Pampa with his parents, Mr. and Mrs. W. L. Herndon in 1912, settling on the Herndon ranch northwest of Pampa. He attended school in Pampa and Lawton, Okla. Since 1923, he has lived on a farm north of Panhandle.

Basket Tilt Monday

Farnsworth Independents Versus Liberal All Stars Promises To Be Lively Game

The Farnsworth Independent basketball team and the Liberal All Stars will meet in the Perryton High School gymnasium Monday evening March 7, at 8:00 o'clock, for an expected lively game between two evenly matched teams.

The Liberal All Stars have run up a surprising amount of victories this season, but do not outclass the Farnsworth Independents who have lost only two games out of fifteen played. The games were lost by small margins to the All Stars and the Berger Lions.

Members playing on the Farnsworth team will be Enzo Copeland, Guy Allen, Jim Anderson, Buster Brown and Nathan Newman. All are ex-Rangers.

The admission charge for the tilt will be ten and twenty cents.

NO. 2-Continued From Front Page

many years has been active in baseball life in the Panhandle. Charlie Jackson, another old time cowboy baseball player, is secretary of the club.

This running a newspaper is a funny game at times. In making our rounds soliciting advertising, we are continually reminded of the loss of trade to nearby larger cities that advertise in the daily newspapers coming into Perryton. Yet the irony of all these complaints is that they come from business houses that do little or no advertising. Herewith we give you a 12-page issue of the Ochiltree County Herald that carries not a single line of advertising from a grocery, dry goods or clothing business. Taken as a whole, not collectively, this class of firms in Perryton do not give much support to your home town newspaper.

Had the opportunity to attend the special night for parents and pupils of the Perryton sixth grade last Friday night. This was something new for the local school and we think it just all right. The evening was started off with a pot luck supper prepared by the mothers of sixth graders and served by the room mothers. Then after the children retired to their rooms, Grade Principal E. D. Kelley explained briefly the new plan for teaching. Then the parents were invited to go to the rooms of Miss Kathryn Winkler and Mrs. Frank Boyle where regular classes were held with no special preparation by pupils. It was quite different from the days when we attended school but it is only fitting that modes of teaching should change as everything else. Under the new system, courses are much more practical and an effort is being made to fit the pupil for thinking and meeting actual life conditions.

But what impressed us most about this "Parent's Night" was the contacts; the opportunity for teacher and parent to know each other, and for the pupils to know the other fellows dad and mother.

Due to the condition of the roads many parents and their children from the country were unable to attend. From our own angle the impromptu debate between six graders on the subject, "Resolved, that the radio is of more value than the newspaper," was most interesting. Those Junior minds brought out plenty of points on both sides. And by-the-way, the radio won. But you won't hear anything about it over the radio, you've got to read about it in your hometown newspaper.

We really think Superintendent Burgess and his faculty have something in this "Parent's Night" stunt, and we are sure every one present the other night will agree with us.

Fat stock shows featuring exhibits of calves, pigs and sheep by 4-H boys and Juniors are being held this week at many towns in the Panhandle. Canadian has a show with 13 boys showing 20 pigs and two boys showing four lamb. Wellington has a 4-H and F. F. A. show with 11 calves and 50 sheep entered. Clarendon has a similar show with 130 head of calves, pigs and sheep entered with over \$200 in prize money.

These shows are sponsored by different organizations. Some places the Chamber of Commerce, in other places civic clubs. The time is ripe, in fact its overdue for such a show in Perryton next fall and plans should be started right now. We understand that the Chamber of Commerce is considering setting aside at least \$150.00 for this purpose. Let's get behind a Junior Fat Stock show for 1939 right now. We wouldn't give a red cent for any kind of a movement to increase the wheat acreage but we will give \$25 toward financing a fat stock show.

Mr. and Mrs. G. A. Rupperecht had as their guests Saturday night Mrs. John Zurbuchen, Mrs. Mary Hoke and Will Zurbuchen of Dodge City, Kans., aunts and cousins of Mrs. Rupperecht.

FARMERS SENT ACREAGE FORM

INSTRUCTIONS ARE GIVEN IN FORMS ON AMOUNT ACREAGE TO BE PLOWED IF OVER SEEDED

All farmers operating in Ochiltree County have been mailed a form for designating wheat to be plowed up to comply for the 1938 Program in case of over seeding. Under instructions received in the County Agent's office this week in order for farms to comply which have over seeded their wheat the excess acres must be designated before March 15th and can not be harvested for hay or grain. They must be either planted to a soil conserving crop or placed under a soil conserving practice before May 15th.

Although it is impossible to state definitely at this time the amount of reduction required to comply with 1938 Program, it was suggested by the County Committee that if more than 75% of the cultivated land has been sown that sufficient land be designated to bring the wheat acreage into this figure. It is believed that the total reduction required for full compliance will be between 20 and 25%. It is expected that definite information on the reduction will be available before the date for plowing up the excess acreage.

OCHILTREE TO BROADCAST SAT.

PROGRAM UNDER DIRECTION E. W. THOMAS OVER KGNC AT 6:30 ON SATURDAY MORNING MARCH 5

A radio program featuring Ochiltree county will be broadcast under the direction of E. W. Thomas, county agent, over station KGNC, Amarillo at 6:30 Saturday morning, March 5 as follows: Calvert Norris—Showing calves at the first Amarillo show; Clair Brillhart—My 1938 Club calf; and Luther Wade—Curing beef and curing in cottonseed oil. The music for the program will be furnished by Leonard Barlow, harmonica and guitar, and Eugene Lawrence and Herbert Shindler trumpet duets accompanied by Jean Lynch at the piano.

Similar programs are put on the air regularly each Saturday morning at this hour by some North Panhandle county.

Many to Amarillo

Mother-in-Law Day in Amarillo to Draw Many Perryton People Wednesday, March 9

Not only the Southwest but the entire nation has caught the mother-in-law mood for the national celebration, which will be staged in Amarillo March 9. Mrs. Franklin D. Roosevelt, America's No. 1 mother-in-law will be the honored guest.

Four—maybe more—governors will be there and ride in the parade. Governors who have made plans to attend are James Allred of Texas, E. W. Marland of Oklahoma, Teller Ammons of Colorado and Clyde Tingley of New Mexico.

Ochiltree County Home Demonstration club members have worked several weeks making flowers for their float, which will be part of the spectacular parade, which promises to be nearly twelve miles in length. The world's largest float will be in the parade, carrying 500 to 600 mothers-in-law. The world's largest bouquet—so large it has its own irrigation system—will be presented to Mrs. Roosevelt.

It takes music and bands to make a parade a success, so Perryton will assist by sending its school band. Hundreds of local people are making plans to be in Amarillo and participate in this celebration.

Such crowds are expected that the Amarillo police force is being augmented by police from Fort Worth, El Paso, Dallas and other cities.

If someone's sick you may cheer them with a card from Stewart's.

Clarendon, Texas, February 25.—Forty delegates from Miami, Spur, Turkey, Dickens, and Childress attended a meeting of the 88-18 North-South Highway Association here Friday, called to sponsor a proposal for a new highway from Perryton to Del Rio, by way of Sweetwater.

A resolution adopted authorized the President of the Association to appoint a chairman and secretary of a delegation to meet with the Highway Commission at Austin this month. The conference urged each county along the route to send representatives to the Austin meeting. —Dallas Morning News.

HOLDEMAN CAR AUCTION SALE

OVER ONE THOUSAND ATTENDED JOINT AUTOMOBILE SALE OF HOLDEMAN AND JOHNSON

Harve Holdeman, general manager of the Holdeman Motor Co., reports that he was well pleased with the results of the big automobile sale held in his salesrooms Monday. Over fifty cars, owned by the Holdeman Motor Co. and R. C. Johnson were sold by the auctioneers. Many of the cars, especially the older models brought fair prices, while the late model used cars did not bring over two-thirds of their actual worth.

Based on the registrations for attendance prizes, it is estimated that well over a thousand persons attended the sale which started at 10:00 a. m. and lasted until late in the afternoon. Mr. Holdeman states that as a result of the sale advertising, he has sold a number of used cars since Monday to parties who were unable to get to Perryton on sale day due to muddy highways.

Auto-Truck Collision

Oklahoma Man Killed Near Panhandle When Car Hits a Truck Last Thursday Evening

W. S. Flynn of Oklahoma City died in a Berger hospital Thursday night as result of automobile-truck collision a half-mile north of Panhandle. The truck was driven by R. M. Brown of Amarillo and a former resident of Perryton. The accident occurred about 7 o'clock Thursday evening, February 24.

Mr. Brown said that the lights of the automobile were not turned on, and that the car was very close when he saw it, and was driven at a high rate of speed. The Flynn automobile plowed into the heavy transport truck tearing off a truck wheel, then hitting the truck just back of the driver's cab. Mr. Brown was not hurt, but his truck was damaged considerable. The car driven by Flynn was a complete loss.

Flynn sustained a brain concussion, fractured skull, six fractured ribs, fracture of the left knee cap, fractured left elbow, internal injuries and fracture of the left shoulder. He was unconscious when he was taken to the hospital and died at 10:05 that evening. Mr. Flynn was identified by papers found in his machine.

Mr. and Mrs. Clifford Beck and daughters, Fae Marie and Lois, were Sunday dinner guests with her parents, Mr. and Mrs. R. C. Pyle of Boyd, Okla. Mrs. Beck's sister, Mrs. Glen Myers, who teaches in the primary department at the Bethany school, was ill Monday and Mrs. Beck substituted for her.

Mrs. Otis Shearer returned home Monday from a three weeks visit in the home of her brother, Jerry Daniel, San Diego, Calif. She was accompanied by her step-father, Thomas Gosnell, and step-brother, Mr. and Mrs. Frank Gosnell of Enid, Okla.
