Major Atomic Test Delayed Third Time

SURVIVAL CITY, Nev. (AP)—Fear that three Nevada communities might be engulfed in a fall-out of radioactive dust today caused further postponement of this spring's major atomic test.

The delay, the third in a row, came less than half an hour before the scheduled shot time, 5:15 a.m. Atomic test chiefs had gambled that the weather would remain favorable and nearly 5,000 observers and participants were at their stations.

Instead, the wind shifted and Operation Cue, the big test of this nation's civil defense against atomic warfare, was dubbed Operation Miscue.

Observers and participants were at their stations on Yucca Flat near this model community when the announcement was made. It was the second straight day that all had been ready for the long awaited shot, only to have weather prevent it.

An unacceptable fall-out pattern, potentially dangerous to three small communities in north central Nevada, caused the postponement this time.

Another weather evaluation is to be made today, but the chances of a shot tomorrow or Saturday were considered doubtful. Another bad weather front was reported moving in from the Pacific.

One of the disappointed observers was actress Sarah Churchill, daughter of the former Prime Minister of Great Britain. British WAF member during World War II, she is now a television performer in Hollywood.

One woman, however, said she's enjoying herself. Mrs. Dewey Jordon, Dallas, Tex., commented: "I came out here to stay until it's over. I'm enjoying every minute of it. If only I could get five hours sleep a day, though. It will be something to tell my grandchildren."

READS AFFIDAVIT—Osteopath Samuel H. Sheppard, right, reads an affidavit in Cleveland, Ohio which his lawyer, William J. Corrigan, left, hopes will help gain Sheppard a new trial. Sheppard has been convicted of second degree murder in the slaying of his wife. The affidavit is from Dr. Paul L. Kirk, University of California criminalistic's professor. Dr. Kirk, who will testify at a hearing on the new trial motion, says his studies show the man who killed Sheppard's wife was left-handed, not right-handed like Sheppard.

Saigon Area In Flames, Many Killed As Heavy Battle Rages

General Says Soviet Would Lose War Now

WASHINGTON (AP)—Gen. Alfred M. Gruenther says that the Russians, despite their strength in Europe, "would lose . . . if they went to war today . . . because of our overwhelming air capability."

Gruenther, North Atlantic Treaty Organization commander in Europe, said the Soviets are "having plenty of trouble" and "may well be overextending themselves" in view of complex domestic economic problems.

In closed-door testimony given to the Senate Foreign Relations Committee March 26 and made public today, Gruenther said:

". . .These folks are having trouble. There is a creaking in the machinery. They are not flying apart, but the emphasis more than ever should be on the necessity for our side maintaining its unity and spiritual values."

Gruenther said he is "very much afraid that we overestimate from time to time their capabilities which are already high enough" and he added:

"By our own introspective horror and consideration of our own fears we actually make ourselves in my opinion, tools of the Soviets —unwitting tools—and from the standpoint of the determination and stoutheartedness that is necessary in dealing with the Soviets, we serve our own interests badly."

Gruenther said Soviet satellite forces in Eastern Europe are "not strong enough to overwhelm the shield" of NATO forces across Europe. "They would have to bring in additional forces from the Soviet Union," he said. "They could do that, but we would have warning."

Most heartening factor in Europe, the general said, is that "the Soviets are not in the same league with us" in capacity to deliver nuclear weapons.

"At this time that delivery capacity is limited," Gruenther said. "I do not say it does not exist, but it is limited and to develop it will take time."

GIRL RECOVERS FROM POLIO—Seven-year-old Leslie Davis says "no shots" to Doctor E. B. Gall in Dayton, Ohio during inoculations of polio vaccine to her class mates. Leslie received the Salk polio test shots last year and shortly after that, contracted bulbar polio which sent her to the same hospital with her little brother, Geoffrey. Leslie is the only girl in Ohio who came down with the desease after test shots last year.

Fight To Finish Declared By Diem

By JOHN RODERICK

SAIGON, Indochina (AP) — Flames burned a square mile of Saigon tonight and hundreds were killed or wounded in bloody fighting for control of South Viet Nam's government.

The American-supported Premier Ngi Dinh Diem declared war to the finish against the rebel Binh Xuyen society after a triple attack on Diem's palace, army and police headquarters.

Three battalions of Nationalist infantrymen and parachute troopers, supported by tanks, pressed the attack on the 5,000-man private army.

At nightfall, with Saigon under a pall of smoke, the Premier appealed over the government radio for calm. He said the government troops had the situation in hand.

He accused Binh Xuyen Gen. Le Van Vien of touching off a civil war and disobeying an order from Chief of State Bao Dai to refrain from violence.

After six hours of fighting the army said it had disengaged the Binh Xuyen from both Nationalist army headquarters and the headquarters of the National Surete, or security police, where there had been some hand-to-hand fighting.

Massed Nationalist forces were pressing the Binh Xuyen back toward the bridge which leads to their territory in Cholon, about seven miles from the French residential business area.

Binh Xuyen, a society of former river pirates which controls Saigon's gambling and vice spots, started the battle at 1:10 p.m. with two mortar bombardments of the Nationalist Premier's palace.

MEETS CHALLENGE

Diem met the challenge promptly by declaring all-out war on the Binh Xuyen. He had held off direct military intervention because of French fears such action would touch off civil war.

Initial fighting appeared to be favoring the well-equipped Diem forces, which outnumber by far the estimated 5,000 men of the Binh Xuyen.

Casualties were estimated in first reports at 120 dead and 300 wounded. Hospitals were filled with the dead and dying.

Punching swiftly and hard, Diem's troops knocked over four principal garrisons and posts held in Saigon and Cholon, the Chinese sector of the capital several miles from the French section. The total population of the city, swollen by an influx of refugees from the North, is about two million. The Nationalists threw an artillery barrage against the Binh Xuyen headquarters near Cholon.

This, in brief, is the background behind the struggle for control of non-Communist South Viet Nam, upon which the West and particularly the United States is counting to hold the tide against the Communist North:

The Binh Xuyen, along with two religious sects, the Hoa Hao and Cao Dai, have been demanding that Diem quit in favor of a coalition in which they would have increased representation. Diem has refused. Last March 30 the Binh Xuyen touched off an attack in which at least 26 persons were killed. A truce ended that fighting, but Diem did not relent in his efforts to put his government in complete control. To gain that control Diem sought to take over the security police, called the National Surete, from the Binh Xuyen.

DEADLINE PASSES

Today's fighting broke out within 90 minutes of a deadline set by army Col. Nguyen Ngoc Le to get the Binh Xuyen troops off the streets. Le was named head of the surete two days ago by Diem, to be named commented:

An American source who refused to be named commented:

"Diem must meet this challenge firmly and with force. If he stops now he might as well resign because he will not be able to govern later."

Although the French had opposed direct military action against the Binh Xuyen, the Premier's secretary said Diem gave the order to attack after consulting with Gen. Paul Ely, the French commissioner general.

The Premier ordered the army to attack after two mortar bombardments of his palace.

The army laid down artillery barrages immediately on Binh Xuyen headquarters near Cholon, Saigon's Chinese sector of two million people several miles from the French section of the city.

In swift, bloody blows Diem's troops knocked over four principal garrisons and posts held in Saigon and Cholon by the rebellious armed society, which controls vast business and vice interests in the Vietnamese capital.

The fighting continued through the afternoon, then lulled about 5 p.m., and a report circulated that a cease-fire had been reached. However, the struggle flared up again behind army headquarters as the army pursued Binh Xuyen elements it had ousted from a Vietnamese school.

Three battalions of paratroopers and infantrymen, supported by tanks, armored cars and artillery, moved into the area to track down the green-bereted commandos of the society which has led the armed opposition to the Premier.

The shells set off huge fires in straw huts around Cholon, sending big columns of smoke climbing into the skies. The screams of wounded and those being burned in flaming homes mingled with the sounds of rifle, machine gun, mortar and artillery fire.

Though the population hastily fled from immediate danger spots, thousands lined the streets in stunned silence to watch and listen.

In the French residential area life went on almost normally. Shops stayed open, the sidewalk cafes were filled and traffic moved in its accustomed manner.

Neutral Formosa Delegate Proposed

By ROWLAND EVANS JR.

WASHINGTON (AP)—Sen. George (D-Ga) suggested today the possibility that some neutral nation might represent the Chinese Nationalists at any international talks aimed at settling the future of Formosa.

George said that "unavoidably we would have to bring in the Chinese Republic or some representative of the Chinese Republic" to such a conference. But he added in an interview that Chiang Kai-shek's interest could be represented by "any agreed representative," such as a neutral nation.

Any such proposal was certain to be opposed by Chiang and by Nationalist supporters in this country. Formosa, Chiang's seat of government, is claimed both by him and the Communists.

George, chairman of the Foreign Relations Committee, has expressed high hopes for a meeting between the United States and Communist China. After Red Chinese Premier Chou En-lai suggested talks aimed at easing tensions in the Formosa Strait, it was George who said such talks could be held whether the Nationalists are present or not.

President Eisenhower agreed yesterday that Chiang would not necessarily have to be represented in talks with Chou.

But Eisenhower also told his news conference that "when it comes to talking about the affairs that involve our ally bound to us by treaty (Chiang) we are not going to talk behind their backs."

Sen. Knowland (R-Calif), a strong Chiang supporter, took direct issue late yesterday with what he called an administration intention "to negotiate directly with the Chinese Communists."

Knowland threw out a hint that he might resign his position as Senate GOP leader if his views toward Formosa and those of the administration continue to diverge.

In reply to questions, he said the administration's policy on Formosa "does not, up to the present moment" affect his position as the Senate's Republican leader. He declined to discuss this aspect further.

Government Sells Plants

HOUSTON (AP) — The government sold 60 million dollars worth of synthetic plants in this area to private industry today.

The deeds changed hands in the county clerk's office.

The money changed hands in Washington, D.C.

The transaction involved the sale of four rubber plants. A fifth plant, operated by General Tire and Rubber Co. in Baytown, will be sold soon, the government says.

Its sale was delayed "because we received no satisfactory bid," a government spokesman said.

The government sold these four plants:

The butyle plant at Baytown to Humble for $17,512,642.14.

The butadiene plant at Baytown to Humble for $9,000,550.10.

The copolymer plant on the La Porte road, to Goodyear Rubber Co., $8,900,000.

The butadiene plant on the La Porte road, to the Food Machinery and Chemical Corp. of San Jose, Calif., $24,767,509.54.

Lubbock Girl Flown To Army Hospital

SAN ANTONIO (AP)—An 19-year-old Lubbock girl, Lexie Arnold, was reported in critical condition today at Brooke Army hospital, to which she was flown for treatment of a kidney ailment.

The girl was brought to the hospital Monday in a plane of the 1734th Air Evacuation Squadron at Brooke Air Force Base.

Hospital authorities said she was sent to Brooke because it is the only hospital in the state with a mechanical kidney. However, it has not yet been found desirable to employ the apparatus.

The patient's condition has been complicated by pneumonia.

The Lubbock high school senior is the daughter of Harry T. Arnold.

TED C. CONNELL

VFW Set For District Meet

Ted C. Connell of Killeen, senior vice-commander of the Veterans of Foreign Wars Department of Texas, will be speaker Saturday night at the VFW's District 8 convention here.

The convention will officially open at a buffet supper at 5 o'clock Saturday afternoon at the veterans club, according to Ray Devers, local post commander. At 8 o'clock that night a stage show will be held followed by a dance at 9 o'clock with the Dixieland Music Makers of San Angelo furnishing music.

A Sunday morning church service is also planned at the clubhouse with Lt. William H. Barker, chaplain from Webb Air Force Base, as speaker. At noon that day a banquet will be held with Mayor Malven Stevenson as guest speaker.

The district's business meeting will be held at 1:45 that afternoon, with J. A. Sadler, Jr., of Colorado City, district commander, presiding. At that meeting, district officers will be elected.

Posts to be represented at the convention are Abilene, Sweetwater, Brownwood, Cisco, Haskell, Eastland, Rotan, Merkel, Ranger, Hamlin, Breckenridge, Comanche, Cross Plains, Albany, Anson, Colorado City, and Stamford. The host club here has 310 members, Devers said.

Cool Breeze Returns

The mercury dipped to 55 degrees in Snyder overnight after a maximum reading of 94 degrees yesterday. It was Snyder's coolest minimum in several days. At 7:30 this morning the temperature stood at 57 degrees, David Strayhorn, weather observer, said.

Storm Alert Scene Shifts

By The Associated Press

A four-hour alert for severe thunderstorms in North Texas ended without incident at 5 a.m. Wednesday, but it looked like the weather was feinting the observers.

The thunderstorms skipped the area alerted—bounded by Dallas, Wichita Falls, Denison and Mineral Wells—but rocked the Lufkin and Beaumont areas of Southeast Texas most of the night.

Earlier there had been a tornado warning for Montague and Cooke counties of North Texas, but the warning was revised to place the center of the violent weather in Oklahoma.

During Wednesday afternoon, rain, wind and hail struck Perrin Air Force Base in Grayson County. Denison and Gainesville reported rain and hail, Longview had a thunderstorm, and lightning disrupted power at some points.

But there was no damage reported.

Dust, symbol of despair for drought-weary farmers and ranchers, rolled again into the Panhandle Wednesday night. But the Weather Bureau said that only two points—Amarillo and Childress—reported dust at 5:30 a.m. Thursday. Visibility in both cities was 6 miles, observers reported.

Slightly cooler weather for most of the state Thursday was expected to drop maximum temperatures below Wednesday's highs, ranging from Presidio's 96 to 76 at Alice and San Antonio.

Scattered thundershower activity still was in the forecasts for all sections of the state except West Texas.

Five Die In Chicago Fires

CHICAGO (AP)—A father and his three small children were killed in a fast-spreading extra-alarm fire in a four-story apartment building early today. The mother and another child escaped from their fourth-floor apartment.

About 50 other residents of the building at 658 N. May St. on the city's near Northwest Side also fled to safety.

In another extra-alarm fire in a hotel in the same neighborhood an unidentified woman was killed and 16 persons injured none seriously. Two firemen were among the injured.

Firemen found the victims in the May Street fire in their fourth-floor apartment and said they apparently died of suffocation. They were John R. Irving 30 his daughters, Susan, 6, and Helen, 4, and a son, Charles, 2.

The second fire wrecked the upper floors of the Green Mill Hotel at 518 N. Green St. More than a score of residents fled.

The cause of neither fire was determined.

Governors' Advice Asked On Drought

By OVID A. MARTIN

TUCUMCARI, N.M. (AP)—Secretary of Agriculture Benson looked to the governors of 10 Great Plains states today for help in drafting a program that would maintain a "stable, prosperous and free agriculture" in areas now suffering from drought and dust storms.

Completing a two-day motor tour through distressed areas of Colorado, Kansas, Oklahoma, Texas and New Mexico to get a close view of the situation, Benson invited the state chief executives to meet with him in Denver June 1 to draw blueprints for future governmental actions.

The invitations went to the governors of Montana, North Dakota, South Dakota, Wyoming, Nebraska, Colorado, Kansas, Oklahoma, New Mexico and Texas.

In asking governors of both major political parties for this aid, the GOP farm chief said "No farm program should be manipulated to serve partisan political purposes."

Meeting a day ahead of the governors' conference will be the Great Plains Council, an organization of land grant colleges and officials heading agriculture department agencies in the plains states. The council has been studying drought problems of the area for years. It, along with an agriculture department drought committee, will help formulate the proposed program.

Benson made it clear in talks with farmers on his tour that, in his view, such a program should include these points:

1. Close cooperation between the respective states and the federal government.

2. No compulsion on farmers to change farming patterns.

3. No government purchase of land for retirement from cultivation and no action to move people off the land.

4. It must be founded on the belief that the plains have a future in agriculture despite a variable weather pattern, fluctuating between ample rainfall and severe drought.

5. Increased emphasis upon production of livestock and livestock feed and less on wheat.

Its broad objective, Benson said, should be to help farm people "achieve the goals they themselves desire."

In a speech before a gathering here last night, Benson staunchly defended the administration's farm politics, particularly its espousal of flexible price supports.

The secretary said, as he prepared to return to Washington, that his tour had shown him that there is a severe drought in many parts of the plains and that many farmers are undergoing hardships.

But he said he had found farmers and ranchers were strong in a faith that the region will come back economically, just as it did after an even more disastrous drought in the '30s. All that is needed, he said in echoing statements made by farmers, are some good rains.

Sentence For Jelke Imposed

NEW YORK (AP)—Mickey Jelke today was given a prison sentence of two to three years on his conviction in the cafe society vice case.

The sentence was imposed on the young heir to an oleomargarine fortune after a 13-minute plea by defense attorneys for leniency.

Jelke, who was tried twice, was convicted of inducing Pat Ward to live a life of prostitution and of attempting to induce Marguerite Cordova to do the same.

His first conviction was thrown out because the trial judge excluded press and public during presentation of prosecution testimony.

The sentence given in the second trial was less than that imposed after the first—three to six years. He could have received a maximum term of 40 years. Jelke is 25 years old.

Judge Francis L. Valente, who heard both trials, said before the sentencing today that there never had been any question of Jelke's guilt.

Ike Appoints Conant German Ambassador

WASHINGTON (AP)—President Eisenhower today nominated James B. Conant to be ambassador to the new Federal Republic of Germany.

Conant, former president of Harvard University, has been serving as U. S. high commissioner to West Germany under the Allied occupation since Feb. 7, 1953. He assumed the personal rank of ambassador on June 17, 1953.

Treaty Clears Final Hurdle

THE HAGUE Netherlands (AP)—The Paris treaties cleared the final parliamentary hurdle today. The Dutch Senate approved the pacts — previously ratified by the legislatures of all 14 other countries affected — to rearm West Germany for Western defense.

The vote was 32-2. The Dutch House endorsed the treaties 71-6 March 30.

The West Germans expect the Allied occupation to end and their sovereignty to be restored early next month. Their enrollment in a seven-nation Western European Union and in the North Atlantic Treaty Organization is planned for meetings scheduled to begin in Paris May 7.

All of NATO's present 14 members and West Germany signed one or more of the four Paris agreements. The pacts are to (1) end the Allied occupation while authorizing Allied troops to remain on duty inside Germany; provide for the Bonn Republic's armed partnership with the West in (2) WEU and (3) NATO; and (4) give WEU political control of the Saar, the German-speaking border state which has been linked economically to France since World War II.

George Doubts Bricker, Ike Can Agree On Treaty Curbs

By JOHN CHADWICK

WASHINGTON (AP)—Sen. George (D-Ga) today voiced "strong doubts" that Sen. Bricker (R-Ohio) and the Eisenhower administration could agree on a constitutional amendment to limit the treaty power.

And in the absence of such an agreement, George said in an interview, he thinks it will be impossible to get any amendment dealing with the subject through the Senate this year.

George, chairman of the Senate Foreign Relations Committee, added that he won't be able "to take the initiative or the burden this year" of trying to work out a compromise as he did last year.

He said he had so advised Bricker when the Ohio senator talked to him recently about the possibility of a compromise.

Bricker said that he had consulted with Atty. Gen. Brownell and Secretary of State Dulles.

"I haven't got any agreement with the administration" Bricker said "but I am very much encouraged." He said he was "confident something can be worked out."

President Eisenhower, whose opposition to the Bricker amendment last year helped to defeat it in the Senate, said yesterday, "I have not changed my mind one iota."

A Senate Judiciary subcommittee started hearings yesterday on the proposed constitutional change.

Chairman Kefauver (D-Tenn) said he favors suspending the subcommittee's hearings after today's session until administration witnesses are ready to testify. He said he feels the subcommittee would just be "groping around" if it goes ahead without first obtaining the administration's stand.

The core of the controversy is the part of the Bricker amendment providing that no treaty or other international agreement shall be effective as internal law except through the enactment of legislation valid in the absence of such an agreement.

At his news conference yesterday, Eisenhower said "a great fear" has developed in the country that treaties can be written that are in violation of the Constitution.

"If it would reassure the people of the United States to have an amendment saying that any treaty or executive agreement in conflict with this Constitution shall have no force or effect, I am perfectly willing to say it," Eisenhower said. "But I will go no further."

Doctors Keeping Careful Eye On Questioned Polio Vaccine

By The Associated Press

Doctors kept a careful eye Thursday on more than 1,000 Texas children who received questioned Salk polio vaccine made by the Cutter Laboratories.

Pharmacists in the state estimated the number of children injected with the Cutter made vaccine may number more than 1,000. Private physicians were the only ones who received this vaccine. No child in the school injection program received the questioned vaccine.

Use of the Berkeley, Calif., firm's anti-polio product was ordered suspended Wednesday by the U.S. Public Health Service. At least eight children had been reported as having contracted polio after taking the Cutter shots.

Health authorities said there was no indication the shots caused the disease, however. The suspension was made by the federal government as a precautionary measure.

After a spokesman for the Cutter firm said in Dallas that some of the suspended vaccine had been distributed in Texas, Houston pharmacists estimated that between 500 and 1,000 Harris County children had received Cutter shots.

In Tyler, a survey of physicians showed an estimated 200 to 300 children in that East Texas area had been injected with the suspended vaccine.

The Austin American said between 120 and 150 youngsters in the Central Texas area had received the Cutter vaccine injections.

Other distributions of Cutter poliomyelitis vaccine were made in Corpus Christi, Taft, and Kingsville. But there was no estimate as to how many shots had been administered in those localities.

The first Cutter shots were given in Tyler, the Tyler Telegraph said, on April 13. There have been no reports there of any child taking the vaccine and later contracting the disease.

At Austin, Ted Deeming of the Texas Pharmaceutical Assn., said the amount of the vaccine distributed in Texas and the nation must have been slight. Only one per cent of the entire current supply was released commercially, he said, and only a small fraction of that amount came from Cutter.

In Berkeley, President Robert K. Cutter of the firm whose vaccine was suspended said:

"Symptoms diagnosed as poliomyelitis have been reported as occurring in several children who have received Cutter poliomyelitis vaccine. It is not known whether there is any relationship to the injections. However, in view of serious possibilities, the only proper safe course is to immediately stop any further use of Cutter poliomyelitis vaccine until the facts can be re-established as to whether these are naturally occurring infections or are connected with the vaccine.

Cutter sent this wire to all wholesalers and druggists:

"Urgent. No further injections of Cutter polio vaccine are to be made. Immediately advise your physicians. Please return unused supplies of poliomyelitis vaccine."

AREA OIL ROUNDUP

Howard, Fisher Prospecters Set

A shallow wildcat in Howard County and a deep prospector in Fisher County have been planned for drilling soon.

Continental Oil Co. will drill the Howard County tester as the No. 1 W. B. Connally, two miles southwest of Big Spring in west Howard County. It is slated for a 3,300-foot bottom. Location is 2,310 feet from north and west lines of 14-33-tls-T&P.

Bright & Schiff of Dallas will drill the No. 1 Gerald Byrd as a 7,000-foot rotary wildcat six miles north of Sweetwater in south Fisher County.

Drillsite, on a 320-acre lease, is 660 feet from south and east lines of 7-Y-T&P. That is three miles north of the recently designated Sweetwater-Canyon sand field. It is also one and three-quarter miles northeast of a wildcat failure, Progress Petroleum Co. No. 1 Nunn a wildcat abandoned Nov. 25, 1947, at 6,831 feet. It reported the top of the Flippen at 4,085 feet and the Ellenburger at 6,831 feet. Elevation was 2,237 feet.

SCURRY COUNTY

Pete Lomax of Midland has filed application with the Railroad Commission to drill the No. 2 T. R. Martin in the Corozon-San Andres field of northwest Scurry County.

The location will be three miles east of Fluvanna and 2,310 feet from south and 330 feet from east lines of 575-97-H&TC on a 160-acre lease. Rotary tools are to be used to drill to 2,400 feet.

Sun No. 1-D Shannon, Scurry wildcat, is drilling below 5,665 feet in lime and shale.

DORWARD TESTS

H. C. Denson and others of Snyder have staked two locations in the Dorward pool of southeast Garza County.

The No. 2 Justice Heris will be 1,538 feet from south and 330 feet from east lines of 3-6-H&GN. The No. 3 Justice Heirs is 330 feet from north and east lines of the south half of the same section.

Both the projects are to drill to 7,600 feet with cable tools. The locations are about three miles southeast of Justiceburg.

TAKING TESTS

Humble Oil & Reining Co. No. 2 Helen Harris Weaver, south Coke County, has been opened up for a preliminary production test after being shut in for several days.

During the first 12 hours of testing to tanks, this Strawn discovery flowed 257.85 barrels of oil through an 11-64th-inch choke. Production is through perforations from 6,250-260 feet which had been acidized with 500 gallons of mud acid. Gas flowed at the rate of 537,200 cubic feet daily, giving the project a gas-oil ratio of 2,122-1 on the test. Testing is continuing.

The project is seven miles south of Robert Lee in section 16, Isaac Mooreland survey, abstract 511.

AMENDED APPLICATION

Blanco Oil Co. and others have filed an amended application to change the fee name of a project recently staked in the Jo Mill-Spraberry field of southwest Borden County. The well will now be carried at the No. 1-13 W. L. Miller and others. It is in 13-33-t4n-T&P, 15 miles southwest of Gail.

Tickets Out For CTA Play

The Classroom Teachers Association of the Snyder schools is now selling tickets for its annual teacher play, "Galloping Ghosts," which will be presented next Friday and Saturday nights.

The play will be staged in the high school auditorium. It is a three-act comedy.

Tickets are 50 cents for adults and 25 cents for students and are on sale by all teachers. The play is presented annually by the association to raise money for its scholarship fund, used to aid students who plan to become teachers as they enter college. Tim Dennis is president of the association.

The play will be directed by Katherine Northcutt. Characters are Mr. and Mrs. Frank Miller, Mrs. Rex Nall, Dennis, Franklin Pruitt, Joe Marshall, Mrs. Bill Campbell, Miss Northcutt, Lamoyne Harrell, Jimmy Stewart, and Ruth Womack.

BIRTHS

Mr. and Mrs. O. H. Lee, route 2, are the parents of a nine-pound, eight-ounce son born at 1:35 a.m. today in Cogdell Memorial Hospital.

Mr. and Mrs. Leonard Pickett, 2409 Thirtieth Street, are the parents of a son weighing nine pounds, nine and a half ounces, born at 8:51 a.m. today in Cogdell Memorial Hospital.

Mr. and Mrs. Gale Blacklock of Snyder are the parents of a son born at 3:31 a.m. Wednesday in Sweetwater Hospital.

Amoebas move by rolling their bodies along a surface.

Negro Draws Sentence On Liquor Count

A county court jury of one woman and five men deliberated only five minutes this morning and returned verdict of guilty against a Negro bootlegger, sentencing him to six months in the county jail and assessing a fine of $250 plus court cost.

The defendant, Earnest James, 22, an ex-convict, entered a formal plea of guilty when the charge was read to the jurors. A jury trial was scheduled, however, inasmuch as James requested such at the time he was previously brought before the court on the charge and pleaded innocent.

James was not represented in today's trial by legal counsel but stated that he would plead his case himself. He also told the court that a brother, Freddie James, was in Colorado City this morning to obtain a lawyer for him. James had been notified a week ago that his trial was set for this morning.

The defendant, charged with selling two half-pint bottles of whisky to an officer of the Texas Liquor Control Board on April 9, did not question the panel from which the jurors were selected and did not question any witnesses in the case. He spoke briefly to the jury just before its deliberation, saying he had been hunting and had found "another man's stash" of two bottles and wanted to get rid of it because he didn't want to drink it himself. He said the control board agent (whom he did not know) "happened to come along at just the right time, and I sold it to him."

Only two witnesses were questioned by the county attorney, Wayland Holt. They were the agent who said he purchased the liquor for $6 and his district supervisor, J. T. Morgan of Big Spring, who identified the liquor as that turned over to him by the agent. The agent also identified the liquor in evidence as that he purchased.

Range of punishment allowed in such conviction is a fine of from $100 to $1,000 or up to a year in jail or both. No recommendation concerning the extent of punishment was made by Holt who only presented one brief argument although prosecuting attorneys are allowed both the opening and closing arguments to the jury.

Presiding over court was Edgar Taylor, county judge. Jurors were Fred Gary, Mabel Glass, C. E. Ray, Curtis R. Hays, Elvin R. Thompson and Paul Moore.

James was sentenced in district court here on March 28, 1952, to five years in the state penitentiary for robbery by assault. He has been free from prison several months, however. At the time of his sentence to prison he was already under a five-year suspended sentence for theft committed in 1950. He has twice been in jail on charges of fighting and was once arrested in a fight here while out of jail on release to receive treatment for a previous wound. He was fined $100 plus court cost in county court last Sept. 10 for carrying a knife.

Recruiter Speaks At Lincoln Assembly

Sgt. Cecil Deakins, Air Force recruiter here, gave a talk to students of the Abraham Lincoln School in an assembly this week, telling the group of the military's "stay in school" policy.

Deakins told the students that the Air Force and Army encourages students to remain in school until they complete high school work. The military needs high school graduates for technical training, he said, adding that high school graduation gives a good basic foundation for all military training.

Daniel Johnson, principal of the school, said several of the students are planning to join the Army or Air Force when they complete schooling.

Amarillo-Lubbock Paper Deal Near

LUBBOCK, Tex. (AP)—Month-long negotiations between the Whittenburg family of Amarillo and associates of the late Gene Howe are nearing completion, leading to majority ownership by the Whittenburgs of the Globe-News Publishing Company.

The Globe-News Publishing Company owns and operates morning, evening and Sunday newspapers in both Lubbock and Amarillo, radio stations in both cities and a television station in Amarillo.

These properties include:

Lubbock Morning Avalanche; Lubbock Evening Journal, with a combined circulation of 55,000 and the Lubbock Avalanche-Journal (Sunday); Amarillo Daily News (morning); Amarillo Globe-Times (evening), with a combined circulation of 75,000; and Amarillo Sunday News-Globe; radio station KFYO, a CBS affiliate, Lubbock; radio station KGNC and station KGNC-TV, Amarillo, both affiliated with NBC.

Parker F. Prouty, president of the Globe-News Publishing Company, announced details of the transaction after conferring with the buyers.

He said there will be no changes in operations, policies, or personnel in either Lubbock or Amarillo.

Chas. A. Guy will remain as editor and publisher of Avalanche-Journal newspapers and Prouty will continue both as president of the Globe-News Publishing Company and the Avalanche-Journal Publishing Company. Prouty has headed business office operations of the Avalanche-Journal since early in January, 1931, and Guy has been in charge of news and editorial operations since the Avalanche-Journal was formed in September, 1926, after serving as the Journal's editor for its inception in 1924. Each will continue in his present capacity, as will Gordon Thompson, manager of radio station KFYO; C. W. Ratliff, associate editor of the Avalanche-Journal; Chas. C. Watson Jr., and Jay Harris, respectively managing editors of the Journal and the Avalanche.

Wes Izzard, editor and publisher of the Amarillo Daily News and general manager of stations KGNC and KGNC-TV, will remain in his present capacity. He has been with the Amarillo papers as an executive since March, 1924, and has been in charge of radio and television there for the past 15 months.

S. B. Whittenburg, editor and publisher of the Globe-Times and a vice president of the Globe-News Publishing Company, will continue in his present post as will B. E. Walker, president of the Plains Radio Broadcasting Company, a Globe-News publishing company subsidiary; and Shelby Kritser, as Globe-News Publishing Company vice president and general manager of the Amarillo Daily News.

David Rasco was to have continued as managing editor of the Daily News and Globe-Times. Rasco died suddenly of a heart attack late last night. Fred Post will continue as editor of the Sunday News-Globe.

In addition to Prouty, Whittenburg, and Krister, other officers of the Globe-News Publishing Company are T. E. Snowden, vice president, Izzard, secretary; and Grady Camp, treasurer and assistant secretary. Directors are S. B. Whittenburg; Roy Whittenburg; W. Glynn Morris; Jack D. Liston; Mrs. Jeanne Howe Kritser, daughter of the late Gene Howe; Thomas Thompson and Walker, all of Amarillo; Prouty and Guy of Lubbock; and Snowden, of Athicson, Kan.

WTCC Backs Special Quota Boost Plan

ABILENE — The West Texas Chamber of Commerce announced Thursday that it is supporting legislation introduced in Congress by Representatives Omar Burleson of Anson and W. R. Poage of Waco which would provide additional acreage for the six basic crops in areas of general crop failure, to be effective for 1955 and subsequent years.

The bill provides for temporary additional acreage in areas where the Secretary of Agriculture finds that a natural disaster has reduced the average yield for the immediately preceding two years to less than 50 per cent of the highest average yield for such areas for any three consecutive years of the preceding ten years.

WTCC spokesmen said that yields per acre in cotton and wheat production in West Texas were drastically reduced in 1950, 1951, 1952 and 1953 because of drought.

"About the only way our producers can recover the financial losses they have suffered will be to have the opportunity to increase their acreage, and unless some special legislation can be enacted they will be unable to do this under the acreage control program," Loyan H. Walker, WTCC agriculture department manager, pointed out.

In the case of cotton, wheat and corn the Secretary shall allot to each eligible farm such additional acreage as may be requested by county agricultural stabilization and conservation committees.

ICT Students Plan Barbecue

Employers of industrial co-operative training students of Snyder High School will be feted tomorrow night along with several other special guests at the ICT students' annual employer-employe barbecue.

The barbecue will be held at 6 o'clock tomorrow night in the new large picnic pavilion in Towle Memocial Park. Underwood's Chuck Wagon of Lubbock will serve the meal.

Main speaker of the evening will be Welcome E. Wright, director of industrial arts at East Texas State College, Commerce. He will be introduced by W. A. Mayfield, head of the high school industrial education department.

Mistress of ceremonies for the program will be Venitta Jo Terrall, one of the ICT students. The welcome address will be given by Dwayne Norris, another student, while Ab Williamson, president of the school board and chairman of the ICT advisory committee, will give the response. Dr. Cecil Yarbrough, superintendent of schools, will introduce special guests, who will include school board members, the advisory committee, and several out-of-town guests.

The high school boys quartet, made up of Douglas Smith, Herb Portis, Kent Fields, and Bryan Boss, will present music entertainment.

J. C. Jackson, ICT co-ordinator, said there are 20 students in the ICT program and 18 employers. Students and guests, employers and wives or husbands, and special guests are expected to number about 160 at the barbecue.

Two Fines Are Paid Off In County Court

Fines were paid yesterday afternoon and this morning for two persons who had entered guilty pleas to county court charges of swindling by worthless checks.

Mrs. Douglas Smith, about 19, Snyder, charged Friday with giving a worthless check for $3.97, paid a fine today of $5 plus court cost of $23.50. The check was given to Joe Eades for $3 cash and 97 cents worth of gasoline.

A fine of $48.50, including court cost, was paid through an attorney here for Marjorie LaBarbera of Dallas, when a plea of guilty was entered for her on a check swindling charge.

Baby's Mealtime Should Not Be An Obstacle Race

By CECILY BROWNSTONE
Associated Press Staff Writer

It's baby's turn! National Baby Week is coming up, (April 30 to May 7) to remind mothers to keep our youngest generation well fed.

Mothers are getting younger all the time—so a few tips may be in order. One piece of advice from the experts is easy for most young mothers to follow: relax while you are feeding the baby and don't rush him. Enjoy giving him his food and he'll probably enjoy eating it. The baby's mealtime should in no way resemble an obstacle race.

Don't worry if your baby misses a meal now and again. He's got more sense than some grownups think —he'll eat when he's hungry if his parents don't start getting mad by forcing food down him.

Although epicures may insist that hot foods be served very hot and cold foods be served very cold, the baby has his own ideas about temperatures. He likes both his liquids and solids on the tepid side —neither too hot nor too cold.

Prepared baby foods — cereals, vegetables, fruits, custards — are wonderful everyday help to a young mother who may have boundless energy but not enough time for all the things there are to do in this wide and wonderful world. Then, too, when the child is left with grandparents, cousins, sisters or aunts, mother can bring along his foods in handy cans or jar—and she won't have to worry about what fond relatives are feeding him.

When your doctor says your baby is ready, you can change over from the finely strained foods to the evenly chopped junior foods that are also in handy containers on grocers' shelves. Baby will need to learn to use his new teeth—what are they there for?— and some of the junior foods will encourage him to do so. And don't forget about teething biscuits. They come in packages, too, and are a great comfort to the young set during a trying period. Teething biscuits have another value, too: they are "finger foods" that start Baby off on the road to feeding himself.

An important adjunct to eating is sitting. Make sure the baby's chair is comfortable. There should be enough room between the feeding tray of his chair and his body to allow him to move freely.

Don't try to make him follow Emily Post. Praise him when he manages spoon and cup well; be patient when he messes. It's quite an achievement to get a spoon from a plate to a mouth. Babies don't care about eating stylishly, and they're totally dis-interested in what the neighbors think.

Don't despair when there's more applesauce spread over Baby's eyes, nose and ears than has gone into his mouth. One of these days he'll discover the tricks of the trade.

A favorite cookie from Holland are these Holland Snaps.

Sift together and set aside:
1 cup sifted flour
⅛ teaspoon salt
½ teaspoon baking soda

Combine and melt over hot water:
1 cup semi-sweet chocolate morsels
½ cup butter
¼ cup light corn syrup
1-3 cup sugar

Remove from the heat and let cool for five minutes. Then add and beat well the flour mixture, 1 teaspoon vanilla and 1 egg.

Drop by half teaspoonfuls on a greased cookie sheet. Bake about 10 minutes at 350 degrees. Yield: six dozen.

History Topic Of Club Study

The history of Scurry County was reviewed by Mrs. Lora Miller when the Woman's Culture Club met Tuesday afternoon. Mrs. A. P. Morris was hostess.

The 16 club members present answered roll call with an interesting event from the history of the county. Mrs. Miller began her review with stories of the buffalo hunters as early as 1876. The county was organized in 1884. Mrs. Miller also traced the development of the school system from the first two-room building to today's modern facilities. The first settlers in the county depended on ranching for their livelihood, she said, with farming later becoming a major contributor to the county's economy and industry following that. The county now has 134,000 acres of oil-producing land which contribute great sums to the wealth of the county, she said.

Best Assets Are Hidden, Anita Says

By BOB THOMAS

HOLLYWOOD (AP)—Anita Ekberg, a blonde Venus from Sweden, today lamented that Hollywood covers up a girl's best assets.

What's more, she claims this is due to this country's distorted view of sex appeal.

Miss Ekberg, who was Miss Sweden of 1952, is filmland's latest sexboat. Her cheesecake is being broadcast in a volume that recalls the early days of Marilyn Monroe. Unlike *Miss Monroe*, she is a talkative type and excites easily. Her latest passion is what she considers an unfair cover-up.

"It's ridiculous!" she exclaimed. "When a girl comes to Hollywood, the first thing she is asked is her measurements. If she happens to have a good figure, the men whistle and carry on. The wardrobe women marvel about how great it is to have such a fine figure to dress.

"So what happens? If a girl has a beautiful bust with a nice curve to it, she shouldn't be covered up. She should be allowed to show her beauty. I don't mean that we should go around with nothing on above the waist. But she shouldn't be completely hidden either."

The 24-year-old actress, who said her own measurement is 39 inches, said this overzealous censorship is due to the American attitude toward sex. She declared that Swedes have a different viewpoint.

"The whistle at a pretty girl is an international language," she said. "But in this country men whistle at girls with more of an evil intent.

"It is different in Sweden. The body is considered a thing of beauty. Its beauty is to be enjoyed, not considered in an evil light.

"That's why nudity is featured in some of the movies made in Sweden. Boys and girls appear nude on the beaches up to the age of 8 or 10. I think it's ridiculous to see 2-year-old girls at the beaches here wearing pants and little strips of cloth across their chests."

Knowland's Attitude Doesn't Indicate Confidence In Regime

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP)—Sen. Knowland, Republican Senate leader, has repeated misgivings that if this country tries to talk peace face to face with the Communists it may lose its shirt.

This hardly indicates full confidence in the Eisenhower administration's ability to come out even in dealing directly with the Reds. The administration has just expressed willingness to have Formosa cease-fire talks with the Red Chinese.

President Eisenhower and Secretary of State Dulles seem to have confidence enough in themselves to believe they can at least talk with the Reds about a cease-fire without coming home in a barrel.

Last weekend the Chinese Communists suggested talks with the United States to "relax tension" in the Formosa area. At first the State Department said there could be no discussion concerning anything in the area unless Chiang Kai-shek's Nationalist government sat in.

Knowland, California Republican who is a strong opponent of yielding an inch of Formosa or other Chiang-held islands, had an immediate reaction to the Red Chinese suggestion:

Direct negotiations with the United States—the Red Chinese seemed to say Chiang must be left out—could only "lead to a Munich, Yalta, or to a Geneva-type conference." At Geneva, the French last year let the Reds have half of Viet Nam.

But this week Eisenhower and Dulles softened the State Department's Saturday statement by saying they would have cease-fire talks with the Chinese Communists so long as Chiang and Formosa were not directly affected.

Yesterday Knowland had another statement which suggested the Reds were up to their old tricks of double-cross and could not be trusted. This statement didn't contain language as strong as the previous one.

Last month when Eisenhower and Sen. George (D-Ga) were publicly discussing the possibility of Big Four talks Knowland said:

There are substantial dangers in a big power conference which he believes would show the Western Allies divided. He said some American allies are "appeasement-minded" and might isolate the United States at a meeting with Russia.

That was on March 23, but on March 30 he shifted his position and suggested a high-level big power conference this year to deal with European questions.

Guard Bill Of Rights, HST Tells Lawyers

CHICAGO (AP)—Former President Harry S. Truman last night called for vigilant watchfulness in the protection of rights to individuals in a free society.

Terming the Bill of Rights the "most sacred part" of the Constitution, he cautioned against taking the rights for "granted."

"They are so much a part of our lives that they may seem dry and uninteresting," he declared in an address to the Decalogue Society of lawyers. Earlier he received the 1954 award of merit from the organization for outstanding service to humanity.

He said the recent Fascist and Nazi ideologies have "demonstrated that the unrestrained use of force by government is just as great a danger to human progress now as it was ages ago."

"The only guarantee against such a society of fear and cruelty is the principle that the government is not above the law," he declared.

He told the lawyers' group to "keep a constant lookout" against any attack on the people's rights "even at times when the people grow a little weary of being reminded about the dangers to their rights."

At a news conference upon his arrival in Chicago, Truman pictured Adlai E. Stevenson, the Democratic party's 1952 presidential nominee, as the "outstanding candidate" for the 1956 nomination.

Bombing Mystery In Detroit Cleared Up

DETROIT (AP)—The mystery of the homemade bomb set off near the home of Recorder's Judge W. McKay Skillman Tuesday night has been solved, police said today.

Detectives quoted a 15-year-old boy who lives in the judge's neighborhood as saying he did it "just for the fun of it."

The boy told police he made the bomb from a six-inch lead pipe stuffed with chemicals taken from a high school laboratory. It did no serious damage. He was ordered to report with his parents to the youth bureau.

New Tractor To Be Shown Here Friday

Three new tricycle farm tractors in two power series, along with front-mounted implements for the new tractors, are being shown starting tomorrow at Scurry County Tractor Co., 2401 Avenue T.

Sid Worrell and Floyd Boston, Ford tractor dealers, said farmers and others interested in farm machinery are invited to visit the showroom to view the equipment display.

A major feature of the new tractors is the power-spread rear wheels, the first tricycles ever built by Ford. The operator uses the tractor's own power to turn the wheel discs to obtain desired spacing in one-inch increments from 56 to 76 inches, or from 64 to 84 inches with the discs reversed, rather than working by hand with the 300-pound rear wheels.

Front-mounted equipment designed for use with the tractors includes two and four-row cultivators with planter, fertilizer and side-dresser attachments. Other Ford implements, including a two-row mounted corn picker, will be available soon.

Five new four-wheel models of Fords were introduced in January. The addition of the tricycle tractors brings the number to eight. The new tractors, two models of which are in the "900" series and one in the "700," have high crop clearance while retaining Ford's low center of gravity safety design. The "900" series is designed as full three-plow tractors with power to handle four-row planting and cultivating equipment. Like the four-wheel models, the tricycles have the Ford "red Tiger" engine with short stroke and large bore. The "900" series is 30 per cent more powerful than the "700."

Standard equipment on the tricycles include the three-point implement with a built-in hydraulic system, custom seat, weatherproofed ignition, compact instrument panel, headlights and taillight, wide, low-step plates for getting on and off, safety starter, one-piece front wheel pedestal with two-bearing design, automotive type steering, ignition key lock, rear power takeoff, and others.

Kentucky Product Match For Vodka

By HAL BOYLE

NEW YORK (AP)—America introduced a secret weapon to win a draw with the Russians in an odd hospitality war fought along the Elbe River 10 years ago.

That weapon, it now may be revealed, was Kentucky's bottled breakfast of champions — 100-proof bourbon.

As soon as the two Allied armies linked up, a number of celebrations were held. In the first flush of enthusiasm they were largely spontaneous get-togethers between small groups of individuals or officers from both armies, marked by cordiality and good will on both sides.

But as the parties went up, echelon by echelon, from division to corps to army level, the atmosphere subtly changed. The cordiality and good will became formalized.

In this exchange of hospitality the Russians held a big edge. We wealthy Wall Street imperialists had little more than stern canned combat rations to offer. The simple virtuous peasant Soviet warriors, on the other hand, seemed to have a pipeline of plenty that led straight to Moscow. When they were hosts, the tables groaned with piles of caviar, fat cheeses, fresh cucumbers, all kinds of rich tidbits you usually find only in expensive restaurants — and an endless number of carafes filled with vodka.

The Russians took a rude delight in trying to toast the Americans under the table. And it must be admitted that many of our men, worn down by months of clean living in the field, were ill-prepared to face the Soviet vodka barrage. As one officer remarked weakly after the 20-umpth toast:

"I thought Russian roulette was played with revolvers, not vodka glasses."

The lavishness reached its peak at a party thrown by Marshal Ivan Zonev, now Russian deputy minister of defense, for Gen. Omar Nelson Bradley and his staff.

Forewarned on the insidious impact of vodka, Bradley and his officers had guarded against it by swallowing quantities of canned milk and mineral oil.

Following a tremendous repast, a Red army chorus sang the "Star Spangled Banner," but apparently were safe from being corrupted by it as they had memorized the lyrics without understanding them.

A ballet troupe, obviously professional, then put on a splendid performance, but when Bradley praised the dancers, Konev merely remarked blandly:

"Just a few girls from the Red army."

When it came time for Bradley to hold a return courtesy party, a question arose over what liquid refreshments to offer.

"They served us their national "We'll introduce them to one of ours—bourbon."

Although it was evident the Russian officers had been warned to be on their best behavior, two of them quickly wilted under the belting of bourbon toasts. After a polite snifter, Konev turned to his interpreter with a strained look and muttered, "too strong. too strong."

After dinner a violinist who had been specially flown there from Paris entertained the group. When Konev praised his playing as magnificent, Bradley replied with a straight face:

"Oh, it's really nothing. He's just one of our American soldiers."

The violinist happened to be a guy named Jascha Heifetz.

Finds Burglar

CAMPBELL'S FERRY, Idaho (AP)—Monroe Hancock left his front door open to air the house. He got home late in the afternoon and found a wild bobcat sampling the sugar in a bowl on the dining room table.

5th Column Is Urged To Curb Commies

TOKYO (AP)—Former Prime Minister Shigeru Yoshida today recommended that the non-Communist world use 10 million Chinese outside Red China as a fifth column to detach Red China from Soviet Russia.

He called splitting the Communist bloc the best way to overcome the Communist threat in the Far East. It appears strong, he said, because of the long common frontier China and Russia share.

He said the overseas Chinese in [illegible] could be shown through freedom and world trade that communism does not pay and then they would become "an effective fifth coluinn for the freedom and welfare of mankind by calling out to their compatriots at home.

"It would have great impact on the (mainland) Chinese people and contribute much toward detaching Communist China from the Soviet Union."

Yoshida's advice was in a text prepared for a speech to the Tokyo Foreign Correspondents Club.

He left that portion out of his talk, but told The Associated Press that was inadvertant and he stood by the text.

In the packed club dining room he said communism threatens all Asia and criticized as extremely dangerous the present Japanese government's policy of trying to deal with the Reds.

At the same time he said he did not believe the Soviet Russia-Red China bloc was as strong as "some fearful-minded persons in the free world believe."

"If Soviet Russia and Communist China were truly that strong" he said "they would attack the United States which is the mainstay of the free world."

The cancer death rate among U. S. surgeons is only 66 per cent of the rate for the entire population.

KC Can Hit Homers But Can't Win Games

By ED WILKS
The Associated Press

It may be those Kansas City steaks, but the Athletics are sprouting biceps and a home run punch. Trouble is, they were better off as puny singles hitters back in Philadelphia.

The A's have swatted 17 home runs so far, yet have won only 5 of 12 games. A year ago, with a mere four homers, they were 7-5. And in '53 with nine home runs, they also were 7-5.

The A's have a three-game winning streak going now, of course, and may be set to pad it. But the 1954 crew had won three straight after their 12th game too.

Bill Renna, Gus Zernial and Bill Wilson connected for homers yesterday as the A's, with a dandy three-hit performance by sore-arm Lloyd Boyer, knocked off the Boston Red Sox 6-1. That left the A's, despite their 5-7 mark, in a tie for sixth place with Washington, just 2½ games behind the White Sox in a surprisingly tight AL race.

Chicago took first by clubbing the New York Yankees 13-4. The Yanks slipped to a second-place tie with Cleveland—only .2 percentage points back—as the Indians beat Washington 6-5 in 17 innings. Detroit replaced Boston in fourth place by beating Baltimore 11-3.

In the National, Brooklyn beat Cincinnati 7-2 last night to stay three games up on Milwaukee. The Braves whipped the New York Giants 9-6 in a day game. Pittsburgh slipped out of the cellar as the Redlegs fell in, beating Chicago 4-1.

Boyer, a St. Louis Cardinals castoff and brother of Redbird rookie Ken Boyer, was troubled only by his own wildness and Faye Throneberry's home run as he beat the sagging Red Sox. He walked the bases full in the fifth after Norb Zauchin's leadoff double, and Billy Goodman's sacrifice fly scored the other Boston run.

The White Sox got four-hit relief work from Billy Pierce over 6 2-3 innings after Virgil Trucks' departure. Pierce won it, with Walt Dropo hammering home three runs with fourth and fifth-inning homers. Sherm Lollar homered for two as the Sox routed Whitey Ford with five runs in the first.

The Yanks also lost hard-hitting Bill Skowron for an indefinite time when he pulled a leg muscle running out a triple. The young first baseman leads the AL with a .451 average.

Cleveland didn't shake off Washington until Bobby Avila lifted a sacrifice fly with the bases loaded and one out in the 17th inning. Both clubs used four hurlers. Chuck Stobbs lost it and Art Houtteman won it. Mickey Vernon batted in four of the Nats' runs with a three-run homer off starter Early Wynn in the third and a single that tied it in the seventh.

Detroit had a grand-slam from catcher Frank House, his first in the majors, and three free runs to beat the Orioles. Bill Miller walked five in a row for two Tiger runs in the fifth and Lou Kretlow gave up a single before walking three in a row for another gift in the eighth.

Pitching was the big thing in the National League games. Bob Purkey gave up just four hits as Pittsburgh snapped a three-game Chicago winning streak.

At the Polo Grounds, big Gene Conley held the Giants to two hits for eight innings and had a 9-1 lead that withstood a five-run New York rally in the ninth. Five Milwaukee runs chased starter Ruben Gomez in the second and Hank Aaron, Bobby Thomson and Danny O'Connell followed it up with home runs. Willie Mays homered for New York in the second and Hank Thompson capped the too-late, too-little heroics with a three-run pinch homer.

Billy Loes had the feeble Redlegs hitless for 5 2-3 innings, then Ed Bailey's single followed an error for Cincinnati's second run. The first came when Loes walked three and hit another in the second.

The Dodgers got 13 walks, and three runs in the eighth without a hit, off five pitchers. Roy Campanella batting cleanup for the first time this season, drove in two runs with a bases-loaded single off loser Corky Valentine in the fourth.

One Little League Picks Its Members

One of Snyder's two Little Leagues has announced player selections and will begin team workouts today.

The National League, which has as its area the western half of the Snyder school district, extending west from Avenue S, Clairemont Road, and Roundtop Road, has completed player tryouts. It has chosen 34 boys who are new to the teams this year.

In addition to the 34 new boys, the league has 26 boys retained on the teams from last year's rosters. Teams in the National League are the Quarterback Club Giants, Lions Club Cubs, Rotary Club Cardinals and Kiwanis Club Braves.

The American League which has boys in the eastern half of the school district is to announce its player selections within the next three days.

The Giants selected a complete roster of 15 players. That team name was used here last year in the Snyder Little League but when two leagues were organized this year members of that team became members of a new team in the American League leaving the Giant roster vacant.

Boys 12, 11, and 10 and under will play in the Little Leagues here this season.

Team managers will contact players individually and notify them of time and location of team workouts. The managers are Buck Logan for the Cardinals, Leland Herod for the Cubs, Fay Finley for the Braves, and Milton Milner for the Giants.

The team rosters:

Giants — 12-year-olds, Jesse Crawford, Joe Rosas, Jimmy McFarland, Joe Cates, Joe Burns; 11-year-olds, Mike Morris, Bill Prude, David Carey, Ray Fentor, and Neal Brinson; 10 and under, A. J. Sieker James Nidiffer, and John Hodges.

Braves — 12-year-olds, Jackie Evans, Roger McMannamy, Jerry Minor, Larry Smith, Billy Harless; 11-year-olds, Ronald Fleming, Dean Comer, Larry McNair, Ricky Williams, Jerry House; 10 and under, Ed Foree, Richard Smith, John Benny Minor.

Cardinals — 12-year-olds, Mike Moffett, Jimmie Don Robinson, Gaylan Prather, John Billy Koonsman, Darby Scott; 11-year-olds Larry Lindsey, Jerry Rogers, David Kee, Billy Busbee, Tony Bearden; 10 and under, Robert Hall, Terry Kruse, Edward Schulz, Joe Smartt, Bill Berry.

Cubs — 12-year-olds, Franklin Moore, Jack McDonald, John Curry, Tom Romero, Billy Wells; 11-year-olds, Weldon Ware, Bill Weaver, Benny Bollinger, Bob Smith, Mickey Birdsell; 10 and under, Pat Gibson, Willie Robinson, Stuart Long, Larry Jones, and Adam Romero.

North Texas Tries For Sprint Medley

DENTON (AP) — North Texas State goes to the Drake Relays this week gunning for a repeat victory in the sprint medley relay.

The Eagles won the event last year with 3:25.8 and have bettered that on two occasions this spring.

Ezzard Charles Is Stopped By Holman

By BEN FUNK

MIAMI BEACH, Fla. (AP)—They call the Miami Beach Auditorium "Upset Arena" because so many well-known fighters are beaten there. One of the most popular victims is Ezzard Charles.

Last night, an unrated, 27-year-old Negro from Chicago, John Holman, launched a thunderous surprise attack in the ninth round to stop Charles, a 4-1 favorite, on a technical knockout.

"I've got no excuse," Charles said later. "I really blew that one. He was a hard hitter and he wore me down."

It was the second bitter upset for Charles in Miami Beach. Two years ago, in the same auditorium, he was outpointed by Nino Valdes, an unknown Cuban underdog who went on from there to become the top contender for Rocky Marciano's heavyweight crown.

"This won't stop me," said Charles, who still has hopes of winning a third shot at Marciano's title. "I'll keep right on fighting."

Holman dropped Charles in the first round with a right behind the left ear but the 33-year-old former champion was up at the count of three and immediately took command of the fight.

Charles hurt Holman with a consistent body attack and was leading on all cards when the fight went into the ninth round. Then a sudden left-right-left barrage by Holman staggered Charles and another left flattened him for a count of nine.

Referee Eddie Coachman stopped the fight at 2:48 of the ninth after Holman had nailed Charles with three straight solid rights to the head and seemed on the verge of putting the ex-champ down for good.

1955-56 CAGERS PLAY TONIGHT

Next year's Snyder High School basketball team will wind up spring training at 8 o'clock tonight when it meets former cage players in the high school gym.

This is the second scrimmage for the two teams. In the first, the varsity won 61-50.

Coach J. P. Ward will be playing Jack Spikes, 6-foot-1; Dwayne Prince, 6-foot-3; Robert Dabbs, 6-foot-3½; Milton Ham, 6-foot-2; Jerry Taylor, 5-foot-7; and Ronnie Smith, 5-foot-10, in the game. Other prospective varsity teamsters for next year are Don McNew, Alan Snead, Powell Berry, Tommy Prichard, and Earl Rhoades. McNew and Snead were varsity regulars last year, as were Spikes, Ham, and Taylor. The rest were B team regulars.

Artesia Attempt To Take Midland Fails

By The Associated Press

Artesia made the supreme effort but fell short by one run Wednesday night as they lost to league-leading Midland 12-11 after a seven-run, last-inning rally.

Midland maintained its one-half game control of the Longhorn League by its victory as San Angelo slapped down the Hobbs Sports 8-4, Roswell whipped Big Spring 9-4, and Carlsbad defeated Odessa 7-2.

Macias Vs. Mario

SAN ANTONIO (AP)—Raul Macias, world's bantamweight champion, will meet Baby Moe Mario of Reno, Nev., in a non-title bout here May 13.

START OF DOUBLE PLAY—Chicago White Sox second baseman Nellie Fox is forced out at second base as New York Yankees second baseman Gil McDougald relays the ball to first base for a double play in the third inning of game in Chicago. The play started when Sox right fielder Minnie Minoso grounded to Yanks third sacker Andy Carey who threw to McDougald. The Yankees won, 5 to 0.

City League Set To Begin Play Monday

The City Baseball League has completed its re-organization for this year and has scheduled league play to begin Monday night.

Teams in the league are already playing practice games. Two of the teams, Sun and the high school team, will be in practice at 7:30 o'clock tonight in a game on the Towle Memorial Park field, where all league games will be played.

Four teams are entered in the league. Besides Sun and the high school team, there are Tri-Service, champion team last year, and Hermleigh.

Most of the boys who are members of the high school team which has almost finished its district schedule, will be playing through the summer on the squad, which is coached by Speedy Moffett. Tri-Service manager is Mickey Sterling, while Bob Parker manages Sun and Buia Sturdivant is manager of Hermleigh.

Playing in the league's opening game Monday night will be Hermleigh and Sun League games will start at 7:30 each night. Sun and Tri-Service will play on Thursday night, high school and Hermleigh on Friday night, and Tri-Service and high school Saturday night.

For the first two weeks, the league will play four nights each week. From that time on, both the city league and Pony League will be using the field, so the city league will then play two nights weekly on Mondays and Saturdays.

The league schedule is split into halves, and present plans call for the top team at the end of the first half to meet an all-star squad made up of members from the other three teams. That game has been tentatively scheduled for July 12, and it will be the only game that week, since the Scurry County Rodeo will be staged during the latter part of that week.

At the end of the second half of the schedule, winners of the two halves, if they are different teams, will go into a playoff series for championship of the league.

C. G. Fisher has been re-elected president of the league this year, while Charles Baker is secretary. Directors are W. T. (Moon) Mullins, Larry Hooker, and Clay Feagan.

Corpus Works Back To Top

By The Associated Press

Corpus Christi's Clippers were back on top of the Big State League Thursday but they sure had to work for it.

The Clippers went 11 innings to beat Texas City 4-3 Wednesday night and pull into the undisputed lead.

Port Arthur, which had been tied with Corpus Christi for first place, fell down to second by losing to Austin 4-3.

Ken Morgan furnished the punch that enabled Corpus Christi to beat Texas City. He doubled, stole third and scored on Larry Burgess' squeeze bunt in the fatal eleventh.

Austin broke a 2-2 deadlock in the seventh to lick Port Arthur. Stumpy Jones walked and was doubled home by Al McAfee. McAfee then scored on a 2-base error. Port Arthur got a run in the last of the seventh but George McDuff took over for Jones and Allowed only one hit the rest of the way.

Galveston beat Waco in a doubleheader to move within two games of Corpus Christi and within one of Port Arthur. Doug Alford homered in the sixth to give Galveston a 5-4 victory in the first game. In the nightcap Billy Bagwell held Waco to three hits while Galveston was winning the game 11-4 with a 9-run outburst in the first inning.

Keith Carpenter singled in the tying and winning runs in the seventh to give Harlingen a 5-4 victory over Tyler. Southpaw George New pitched 1-hit relief ball for four innings to get the victory.

Pony League Workouts To Start Today

The Pony League was to start workouts at 5 o'clock this afternoon for 14-year-old boys who wish to participate in the baseball program this year.

Boys who are already members of teams are also to report to the workout field, which is the softball diamond in the southwest corner of Towle Memorial Park. The 14-year-olds who are trying out for teams will work out today and tomorrow, while 13-year-olds are to work out next week.

All boys in the county who are 13 and 14 are eligible for Pony League. Managers will pick team members at the end of next week.

One-Run Decisions In Sooner League

By The Associated Press

Only two games were played in the Sooner State League Wednesday night but both were decided by one run.

The league - leading Shawnee Hawks turned 11 hits into a 7-6 decision over the Paris Orioles, and the Muskogee Giants moved past the .500 mark with a 5-4 triumph over the eighth-place Seminole Oilers.

Rain and threatening weather caused postponement of the Lawton-McAlester game and the Gainesville-Ardmore contest. The same teams resume their series Thursday night.

Billy Foree Enrolls In Big State Camp

Billy Foree, 13-year-old son of Mr. and Mr. and Mrs. D. M. Foree of Snyder, has registered for the Big State baseball camp at Meridian.

The camp gives specialized instruction in baseball and other recreation to boys nine through 18. It will open June 12 for its first three-week session, and the camp will be open through Aug. 13. It was established in 1950.

Those attending are taught baseball in four age groups under supervision of nationally - known coaches. Enrollment is limited to 90 boys each session.

Connie Mack once was the manager of the Pittsburgh Pirates. He was the skipper in 1894, 1895 and 1896.

Local Tennis Clinic To Start Saturday

A tennis clinic for all persons interested in learning to play or in improving their game has been scheduled for all day Saturday and the following Saturday.

Conducting the clinic will be G. C. Robinson, Bill Ballard, and M. R. Estes. High school tennis players will aid them. The clinic will be held on the courts in Towle Memorial Park, which have been reserved for all day each time.

The clinic is one of the events planned here to help stimulate interest in tennis, which has been increasing rapidly here. The Towle Park courts are now used daily and almost every night since lights were added last year. Also scheduled is the second annual city tennis tournament, which is set for May 26 through June 4.

Registration will be held at 9 o'clock Saturday morning at the courts, where groups will be organized according to previous tennis experience.

At 9:30, a review and explanation of the rules of the game will be held, along with scoring rules and court etiquette. When helpful in the explanation, these will be illustrated on the court.

At 10 o'clock, those participating will be divided into groups to work on basic strokes in illustration and practice, concentrating on the forehand for one hour, and at 11 o'clock, the same type exercises will be held for one hour on the backhand stroke.

After one and one-half hours for lunch, the group will start again at 1:30, working on the basic service and briefly on other strokes. At 2:30, one-court practice will be held. Tentatively scheduled is an exhibition match by experienced players during that period.

On the second Saturday of the clinic, the group will review its work of the first day, and emphasis will be placed on on-court practice.

Robinson said that any person in the area is eligible to participate in the clinic, regardless of age or sex. Advanced classes will be conducted during the clinic if there is sufficient demand, he said.

WT-NM Has Three Teams Tied For Top

By The Associated Press

The Albuquerque Dukes cracked Abilene's five-game winning streak 10-5 Wednesday night while Plainview and Pampa racked up victories to throw the West Texas-New Mexico League top spot into a three-way tie.

Pampa, playing at home, rallied in the ninth frame on a two-run double to smash Clovis 8-7. Plainview, relying on fine pitching, whipped El Paso 7-3.

At Lubbock, cellar-dwelling Amarillo defeated Lubbock in a marathon match 15-14.

SPICES, VINEGAR OR LEMON JUICE AND OIL FORM BASIS OF DRESSING
. . . no matter how fancy, a salad is not finished without dressing

A Good Salad Dressing Is The Work Of Four Talents

An old Spanish proverb says that good salad dressings require the work of four people — a spendthrift for oil, a miser for the vinegar, a counselor for salt, and a madman to stir it up

Because most salad dressings come to the table as the product of one person, you can see how well rounded that person's talent must be. There are many who say a salad, no matter how big or beautiful, is not a salad until it has a dressing.

Even though most dressings are made quickly with a minimum of ingredients they can't be treated as unimportant, carelessly put together items. You likely will ruin the salad.

There are nearly 50 different spices, herbs, seeds, and seasoning salts available for tasty dressing combinations. You start with a basic oil, vinegar, or lemon juice mixture, and add whatever the salad demands. It is generally agreed that French dressing is best for leafy and fruit salad; mayonnaise tastes best with molded, main dish or heavier salads, and cooked salad dressings glorify almost any kind of salad.

If you absolutely are short on time for mixing a dressing, there are several short cuts that are much better than no or plain dressing. For a fruit salad, thin mayonnaise or cream cheese to any desired consistency with canned fruit syrup. Beforehand, sprinkle the salad with coconut, plain or toasted; walnuts or pecans, slivered almonds, chopped candied ginger or maraschino cherries.

For a tossed vegetable salad, mix blue cheese or Roquefort with mayonnaise. Or you can add sweet relish, pickles, chopped olives, catsup or mustard to either mayonnaise or French dressing.

BASIC FRENCH DRESSING
⅛ teaspoon salt
⅛ teaspoon sugar
¼ teaspoon paprika
Dash pepper
⅛ teaspoon dry mustard
¼ cup cider vinegar or lemon juice
½ cup salad oil.

Blend the dry ingredients. Add the vinegar or lemon juice and stir or shake thoroughly. Add the oil and shake or stir again. Always shake or stir just before serving. Makes ¾ cup.

CHILI FRENCH DRESSING
½ teaspoon salt
1 teaspoon sugar
½ teaspoon powdered dry mustard
⅛ teaspoon onion salt
¼ teaspoon paprika
⅛ teaspoon ground black pepper
¾ teaspoon chili powder
¼ cup tarragon vinegar
1 tablespoon lemon juice
¾ cup salad or olive oil

Mix dry ingredients together and add to vinegar and lemon juice. Add oil slowly to seasoned vinegar and shake vigorously in covered jar or dressing server. Makes 1 cup dressing.

FANCY CHILI DRESSING
¾ cup basic French dressing
1 hard cooked egg yolk
1½ tablespoons Worcestershire sauce
½ teaspoon chili powder
1 green onion or scallion
1 clove garlic

Sieve egg yolk into the French dressing. Blend the Worcestershire sauce and chili powder together and stir into the dressing. Add the finely cut green onion or scallion — top and all. Jab a toothpick through the garlic clove and drop into the dressing. Remove the garlic before serving. This dressing is best made several hours before. Serves 4.

MUSTARD FRENCH DRESSING
½ teaspoon garlic powder
½ teaspoon celery salt
2 teaspoons powdered dry mustard
¼ teaspoon sugar
1 tablespoon cider vinegar
1 tablespoon wine vinegar
1 tablespoon lemon juice
1 teaspoon Worcestershire sauce
5 tablespoons salad or olive oil

Mix the dry ingredients together and add to the vinegars, lemon juice and Worcestershire sauce. Beat well with fork and add oil gradually to this mixture. Shake well before serving. Makes ½ cup.

NUTMEG FRENCH DRESSING
½ teaspoon salt
¼ teaspoon paprika
1 teaspoon ground nutmeg
⅛ teaspoon ground black pepper
¾ teaspoon onion salt
¼ cup sugar
¼ cup honey
¼ cup lemon juice
¾ cup salad oil

Combine dry ingredients, then add remaining ingredients. Beat or shake well to blend. Makes 1¼ cups dressing.

MINT FRENCH DRESSING
3 tablespoons strained lime juice
1 tablespoon vinegar
2 tablespoons dried mint flakes
¼ teaspoon chili powder
½ teaspoon garlic salt
¼ teaspoon onion salt
⅛ teaspoon black pepper
¼ teaspoon paprika
1½ teaspoons sugar
½ teaspoon grated lime peel
8 tablespoons olive oil

Mix lime juice and vinegar. Heat just to boiling point. Add mint flakes and allow to steep ½ hour. Add remaining ingredients and let stand overnight (or about 12 hours). Strain and serve with fruit salad. Makes ½ cup dressing.

BASIC MAYONNAISE DRESSING
1 large egg yolk
1 teaspoon salt
½ teaspoon sugar
½ teaspoon dry mustard
3 drops Tabasco sauce
⅛ teaspoon onion juice
2 tablespoons vinegar or lemon juice
1¼ cups salad oil
½ teaspoon paprika

Combine egg yolk, salt, sugar, dry mustard, paprika, Tabasco sauce, onion juice and 1 teaspoon vinegar or lemon juice. Beat thoroughly. Add oil from bottle drop by drop at first, beating constantly. As mixture thickens oil may be added more rapidly. Beat in remaining vinegar or lemon juice slowly. Chill before serving. Makes approximately 1½ cups.

THOUSAND ISLAND DRESSING

Add 2 tablespoons catsup ¼ cup chopped stuffed olives, 1 diced hard cooked egg, 1 teaspoon grated onion, and ½ teaspoon Worcestershire sauce to 1 cup mayonnaise and blend well. Chill.

MUSTARD MAYONNAISE

Combine 1 cup mayonnaise with ¼ cup prepared mustard and blend well. Chill. Excellent with canned meats and vegetables.

AVOCADO CHUTNEY DRESSING
½ cup mayonnaise dressing
½ cup avocado pulp
⅛ teaspoon salt
3 drops Tabasco sauce
2 tablespoons chutney

Combine all ingredients and stir until smooth.

RANCHO DRESSING
1 cup sour cream
2 green onions or scallions
2 tablespoons mayonnaise
2 or 3 tablespoons lemon juice
1¼ ounces Roquefort cheese
Salt and freshly ground pepper to taste

Finely cut tops and all of the onions or scallions into the sour cream. Add remaining ingredients and season to taste. Allow to "ripen" for several hours before serving." Serves 4.

PIMIENTO MUSTARD DRESSING
3 tablespoons pimiento, minced
¼ teaspoon dry mustard
1 tablespoon vinegar
2-3 cup mayonnaise
1 tablespoon cream
Dash of salt, paprika

Add pimiento and mustard to mayonnaise, thinning with vinegar and cream. Season with salt and paprika.

CRABMEAT DRESSING
1 cup mayonnaise
¼ cup sherry wine
¼ cup catsup
1 cup flaked crabmeat
½ cup finely diced celery
2 tablespoons each, chopped capers, pimiento, and green pepper
Salt
Paprika

Blend mayonnaise, wine and catsup. Add crabmeat, celery, capers, pimiento and green pepper. Season with salt and paprika. Cover and chill one hour before serving. Best over avocado mousse or tomato aspic. Serves 6.

BASIC COOKED SALAD DRESSING
2 to 3 tablespoons sugar
1 teaspoon salt
1 teaspoon prepared mustard
1½ tablespoons flour
1 egg
¾ cup milk
1 tablespoon butter
¼ cup cider vinegar

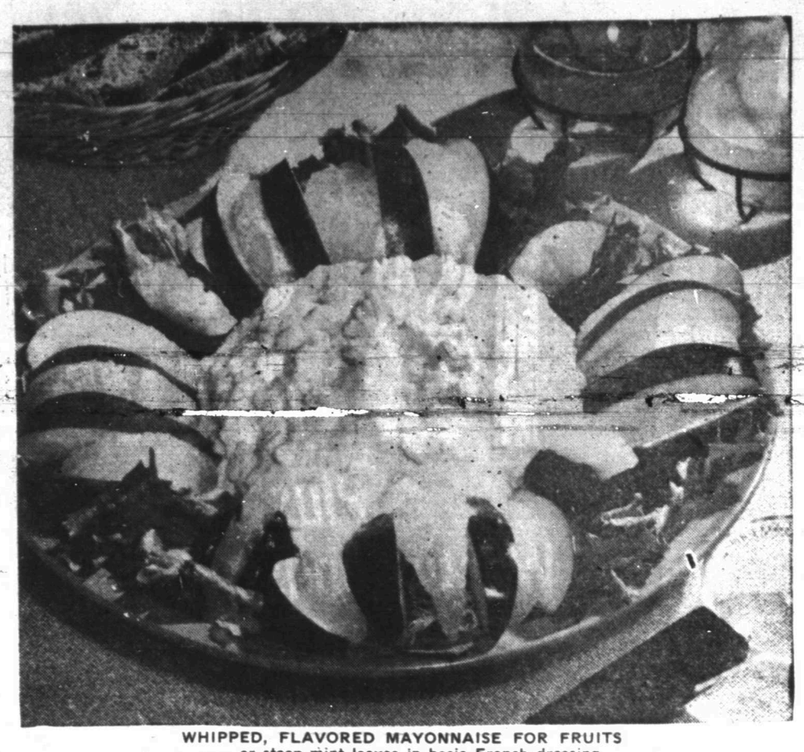
Blend all but the last ingredient thoroughly. Cook over hot water, stirring constantly, until thick. Add vinegar and cool. Yields 1¼ cups.

RUSSIAN DRESSING

Combine 1 cup cooked salad dressing, ¼ cup chili sauce, 2 tablespoons minced green pepper, 1 tablespoon cider vinegar, ½ teaspoon paprika, ½ cup top milk, and 1 hard cooked egg, finely chopped. Shake in a pint jar until thoroughly mixed. Chill. Yields 2 cups.

COOKED FRUIT DRESSING
1 tablespoon flour
1-3 cup sugar
1 egg, well beaten
½ cup canned pineapple juice
½ lemon, juice
1 tablespoon prepared mustard
3 tablespoons white vinegar
½ cup thick sour cream

Combine sugar, salt and mustard. Mix well. Add remaining ingredients and blend well. Yields ¾ cup.



WHIPPED, FLAVORED MAYONNAISE FOR FRUITS
. . . or steep mint leaves in basic French dressing

½ large orange, juice
½ cup heavy cream

Mix flour and sugar in top of small double boiler. Add egg and strained fruit juices; blend. Cook over hot water, stirring constantly until thick. Cool. Whip cream and fold in. Makes 6 servings.

CELERY SEED FRUIT DRESSING
½ cup sugar
1 teaspoon dry mustard
1 teaspoon salt
½ teaspoon grated onion
5 tablespoons white vinegar
1 cup salad oil
1 tablespoon celery seed

Mix sugar, dry mustard, salt, onion, and 2 tablespoons vinegar. Add salad oil, slowly, beating constantly. Add remaining vinegar and continue beating until dressing is thick. Stir in 1 tablespoon celery seed. Makes about 1½ cups.

FLUFFY PINEAPPLE FRUIT DRESSING
¼ cup sugar
½ teaspoon salt
1½ tablespoons flour
1 egg, slightly beaten
¾ cup syrup drained from pineapple
1 teaspoon grated lemon peel
½ cup whipping cream

Combine sugar, salt and flour. Blend in egg and syrup. Cook, stirring constantly, until thick. Remove from heat and cool slightly. Blend in lemon juice and peel. Chill. Whip cream stiff and fold into pineapple mixture. Makes approximately 1½ cups.

Now you can make a Treasure Cake without creaming, and in just one bowl
Spry makes the difference!

Here's All You Do!

Sift into mixing bowl 2 cups sifted cake flour, 1⅓ cups sugar, 2½ teaspoons double acting baking powder, 1 teaspoon salt. Drop in ½ cup Homogenized Spry. Combine ⅞ cup milk and 1½ teaspoons vanilla. Add about ⅔ of milk mixture and beat 200 strokes or 2 minutes on mixer at low speed. Scrape bowl and add remaining milk and two unbeaten eggs and beat the same as before. Bake in two 8-inch round Spry-coated layer pans 1¼" deep in moderately hot oven (375°F.) 25-35 minutes.

Lever Brothers Company *guarantees* that with pure all-vegetable Spry it's *easy* to make this heavenly light, tender Treasure Cake. You'll agree, or we'll return your money.

Gunman Makes Try At Suicide In Hospital

POTTSVILLE, Pa. (AP)—Charles Klevis, 28, captured by police after a shooting spree yesterday in which he held his own mother hostage, tried to kill himself in a prison hospital.

When left unattended for a moment late yesterday Klevis, an unemployed coal miner, broke a window, then used a jagged piece of glass to slash his wrists and throat.

Klevis was expected to live.

Klevis was captured in nearby Frackville, where he tried to escape as police surrounded his mother's home. He had shot and wounded a sister-in-law, Mrs. Cecilia Klebash, 41, and her daughter, Charlotte, 15.

The fracas started over divorce plans of Klevis' wife, Betty, who was staying with Mrs. Klebash.

Police bullets wounded Klevis, but not seriously. He was charged with assault with intent to kill.

The census bureau estimates that U.S. population will reach 217 million in the next 25 years.

The death rate of white females aged 1 to 28 in the United States is less than 1 per 1,000 a year.

West Texas Drilling Activity Has Increase In 15th Week

A sharp upturn in West Texas drilling activity was recorded during the 15th week of 1955 as applications to drill climbed to 111 from the 83 filed the previous week. Thirty-four counties were involved.

Weekly average was raised to 102 tests.

Wildcat applications reached 26, well above the 15 prospects scheduled the 14th week. There were 85 applications for field tests, up from 68.

Totals for the year are now 268 wildcats, 1,262 field tests, for a grand total of 1,530 applications.

Ten District 7-C counties shared 7 wildcat applications and 18 field tests while 24 counties in District 8 accounted for 19 prospectors and 67 field tests.

District 7-C wildcats were in: Tom Green and Concho, 2 each; and Coke, Irion, and Runnels, 1 each.

District 7-C field tests were in: Reagan, 6; Coke and Sterling, 3 each; Upton, 2; and Crockett and Sutton, 1 each.

District 8 wildcats were in: Mitchell, 3; Andrews, Midland, Scurry, and Yoakum, 2 each; and Crane, Gaines, Glasscock, Loving, Pecos, Sterling, and Terry, 1 each.

District 8 field tests were in: Andrews, 10; Crane and Ector, 8 each; Scurry and Ward, 5 each; Garza, Kent, and Midland, 4 each; Howard and Pecos, 3 each; Borden; Loving, Winkler, and Yoakum, 2 each; and Dawson, Lamb, Reeves, Terry, and Upton, 1 each.

Officers Seek Slaying Clues

CLARKSBURG, W. Va. (AP)—Police looked to autopsy reports today to give them some clue in their search for the slayer of the socially prominent wife of a Clarksburg dentist and the family's part-time maid.

The two women, Mrs. Frances Laughlin, 44-year-old wife of Dr. Carl A. Laughlin, and the maid, Mrs. Joan Bland, 31-year-old divorcee, were found shot to death in the Laughlin's fashionable ranch-style home yesterday.

An 8-year-old son, Mark, discovered the bodies when he came home from school for lunch.

"We're not holding anybody at the present time," State Police Sgt. T. A. Welty said early today. "We still have troopers out checking several angles right now. But we don't have a thing yet."

Dr. Laughlin, 42, said he knew no reason why anyone would want to kill his wife. Preliminary investigation failed to show anything of value had been taken, but robbery was not ruled out as a possible motive.

Laughlin was reported overcome with grief and shock.

The dentist, well known throughout northern West Virginia and recently elected to the national examining board of the American Dental Assn., was at his office, about six blocks away in downtown Clarksburg, when a neighbor telephoned him what had happened. He called the fire department rescue squad, which in turn notified police.

Coroner Kenna Jackson, who examined the completely clothed bodies about 1:30 p.m., estimated the two women had been dead about three hours.

Each had been shot in the head. "It looked like there might have been a struggle," Jackson said. He said there was a bruise on the chin and face of Mrs. Laughlin and her lips were cut inside, "like she had been struck in the face." Her hands and shoulders were badly scratched.

Actress Is Hospitalized

BOSTON (AP) — Actress Diana Barrymore 34 was reported recovering early today from what a Boston City Hospital doctor said was "drug intoxication—an overdose of sleeping pills."

Miss Barrymore collapsed last night in her room at the Hotel Touraine and was taken by police ambulance to the hospital where she immediately was placed in an oxygen tent.

Her husband Robert Wilcox denied the doctor's report to police that Miss Barrymore had taken sleeping pills.

"It's exhaustion" he said. "This collapse was brought about after six months of touring under adverse circumstances. One can't take too much of this knocking yourself out night after night."

A hospital report signed by Dr. Ellis Singer said however that Miss Barrymore had taken an overdose of the pills.

Miss Barrymore's name was taken off the danger list early today and a hospital spokesman said she was "resting comfortably."

The actress daughter of the late John Barrymore is appearing in Boston in the play "Pajama Tops." Her husband also has a part in the play. The production was staged last night with an understudy.

Coal Men Hurt By Long Rail Strike

HARLAN, Ky. (AP)—This community's economic heart died March 14.

The Louisville & Nashville Railroad was struck that day and one of the first casualties was Harlan County's 6,500 coal miners.

All are out of work. They're worried; the operators are worried; and some businessmen are preparing for a slump.

Since he is losing $18.75 a day in wages, the miner must fall back on unemployment compensation—$28 a week. Before the strike the county's average claim load was about 2,000 cases a month. Now it is four times greater.

Most of the coal firms are helping by extending credit to their men at the company stores. Some permit unlimited credit; others $4-$5 a day.

Privately, some miners will admit their sympathy lies with the strikers. When the coal mines were strike-bound during the war years, it was the railroader who suffered.

What about the miner's boss?

"Until March, our picture looked better than it had for two or three years," says George S. Ward, secretary of the Harlan County Coal Operators Assn.

"We had prospects of increased shipments to the Great Lakes but the strike has gone on so long, some firms have lost these orders."

The Harlan field ships 8 million tons or more of coal a year and has shipped as high as 14 million. But Ward says the operators are afraid customers will turn to another field next year.

Time is also a factor. The railroad plans a 35 cent a ton rate increase on steam (fine) coal on June 20 and most operators want to get their orders filled before then.

Ward says, however, the "frame of mind here isn't as low as it was in February, 1954, when there were no coal orders."

Some merchants disagree.

Their customers come from the 4,786 residents here and the 65,000 in the county. "Up until two weeks ago", said one, "optimism was high and people continued in trade because they expected the strike to be settled."

Today, he continued, "people are holding on to what little they've got until work starts again. I'm worried about the future. Remember, the miners won't get a payday for some time."

The Modern Bakery, which serves 20 counties in Southeastern Kentucky and Virginia, reports a 20 per cent cut in production. Six of its 142 employes have been laid off and the working hours of the others were cut 10 per cent.

The grocers, whose supplies are coming in mainly by truck, feel their business has been ruined for at least a year. As one put it:

"It's surprising how little people will eat when they're not working."

Zoo Keepers Await Kangaroo Arrival

BALTIMORE (AP)—How does one know when a lady kangaroo has had a baby?

That's the burning question at the Baltimore Zoo.

Director Arthur R. Watson says, "We're sure the baby is there." But the next minute he hedges: "At least, we think it is."

Watson and the keepers have noticed movement in the mother's pouch for several weeks. And once they thought they saw a tip of tail sticking out. But they can't be sure—the pouch movements might be the mother's nervous reflex twitches.

At birth baby kangaroos are no bigger than a man's thumb. So until junior grows a few inches and gains enough strength to peek out at those trying to peek in, the secret belongs to Momma.

As for Watson and the rest—they're still hoping. There's never been a kangaroo birth in the history of the zoo.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

IT'S ALWAYS HAPPENING, somewhere, somehow—that reverse twist, that ordinary situation doing a somersault.

And no wonder. No two human beings are alike. The fixes they can get into, the mistakes and misdemeanors, the snafus and rhubarbs, the tough breaks and happy endings, are practically infinite.

What man has bitten what dog today? That's what everybody picks up his newspaper—every single day—to find out.

Nobody is ever disappointed. There's always at least one "Well, whaddaya know...!" and usually a lot of them.

For you, the stopper of the day may be strange bedfellows in politics...for your wife, it may be a new inside-out pocketbook.

But neither one of you can do without your daily charge of amazement and amusement—your newspaper.

So you read a newspaper every day ...and so does everybody else.

If you're selling something that's advertised, make sure it's advertised to *all* the people in town who can possibly buy.

Just as you read the paper now, all your customers and prospects read the paper too—at the time they choose, for as long as they choose—for the advertising as well as for news or for fun.

When your selling is backed by newspaper advertising, your story has a chance to reach everybody. Your audience isn't just comedy fans, or mystery fans, or sports fans...but *everybody*.

Is it any wonder that advertisers today invest far more of their money in newspapers than in any other form of advertising?

Only the newspaper is first with the most *news*...first with the most *people*...first with the most *advertisers!*

The newspaper is always "first with the most"
