Noise, Vandalism Bring Complaints

Loud "yelling and carrying on", profanity, beer containers strewn in the streets, fireworks set off in the city at night and vandalism were among complaints called into the Tahoka Police Dept. and Lynn County Sheriff's office over the holiday weekend. There were no reports of tickets given, however.

The south concession stand at the high school football field was burglarized, with slight damage and nothing missing, and the ticket booth nearby also was damaged sometime Sunday night, police said.

A grass fire on the southeast part of town plagued Tahoka Volunteer Fire Dept. July 4 as the units had to return to the scene at least twice.

A dumpster was overturned and vandals caused some damage to drain pipes at Whitaker Hardware Tuesday night.

Last Wednesday at Lockwood and Ave. E a 1981 Chevrolet pickup driven by Thomas Lee Ellis, Rt. 4, Tahoka, and a 1970 Chevrolet driven by T.C. White of Tahoka were involved in a collision. There were no injuries.

On Sunday Perry Bryant of Bryant Grocery and Implement in O'Donnell reported a 1974 Ford pickup had been driven into a corner of his building. The driver was identified as Albert Castro, 20, of O'Donnell. There were no injuries and damage was minor.

Allen Nettles, FM 211 and FM 179, reported his yard damaged by vehicles driven through it recently.

A 1981 Honda 250 dirt bike stolen four miles east of Wilson last October was recovered in good condition this week in Page, Ariz. A suspect, a resident of Page, was questioned, but no charges were filed. THe motorcycle is owned by Keith Spears.

In jail during the week were one person each for criminal mischief and driving while intoxicated.

THE WOODBOX

BY TERRY WOOD

DID YOU ever hear of two people watching three televisions at once? Well, this is what happened at our house the other night.

Sometimes the TV networks will conspire against those viewers who can't afford video and will air a good movie at the same time as another network so that husbands and wives can fight it out among who gets to see what. I think you know what I'm talking about.

Anyway, we have three TVs — one in the living room (it's the only one hooked up with cable), one portable TV, and one big color TV that's about 100 years old and too heavy to move from our bedroom. It still works, but barely. It's one of those where the people look ten feet tall with flat heads (Mickey Rooney looks like Wilt Chamberlain).

I had decided to watch a movie on HBO that started at 8 o'clock one night and my wife wanted to watch two other movies that also started at the same time. She wanted to see my movie too, but they repeat HBO movies 37 times a month anyway, so she knew she could watch it at another time. I had figured that she would surely just watch one show, but while I sat in the living room for a while and hadn't heard a peep out of Kathy for a while, I walked in to check on her and found that she had the portable on the bed next to her and was also watching the old set on another channel at the same time. This raised two thoughts in my mind: Either my wife should belong to the State School instead of being employed there, or else she is a lot smarter than me if she can recall what happened in both movies that she watched.

Since this situation may come about again concerning television programming, we have agreed that we should try to buy a VCR which hopefully would eliminate such confusion.

No Asbestos In Schools

The Tahoka ISD has been informed by the Department of Health that it has no asbestos in its buildings. In compliance with Public Law 96-270, samples were taken in all areas that might possibly have contained asbestos. These samples were sent to the Department of Health in Austin, Texas, for analysis.

All laboratory tests using polarized-light microscopy were negatives, according to Supt. Jim Coulston.

DRAW GROCERY STORE

Draw Grocery Closing Signals End Of An Era

BY DEAN BARTLEY

The closing of the Draw Grocery Store last Thursday brought a nostalgic ending to a longtime tradition in the small Lynn County Community.

The store, built in 1923 by brothers, D.G. and A.C. Cook, is owned by Mr. and Mrs. Gus Sherrill.

Mary V. (as Mrs. Sherrill is known) reminisced, "Gus grew up in this community and I lived in O'Donnell when we married. We can't remember when the store was not open except maybe a month or two between owners."

"The north side of the building was a barber shop in the early years," Gus recalled, "then, when it closed, that area was included in the present structure."

The store, one of the last two rural grocery stores in the county, (the other one being the Lakeview Grocery Store in northwestern Lynn County) has been burglarized four times in the ten years the Sherrill's have owned it. In one of those robberies, watches, radios and cigarettes were taken. In the other robberies less expensive items were taken. The culprits were apprehended two of those four times.

Some of the former owners of the store were Hubert. Ralph and Thurman Aldridge, all cousins, Joe Brooks, Otto Carter, Deek Porterfield, W.L. Palmer, Ivy Berry Eldridge, Jimmy Williams, Leo Barrington and Louis Kenley.

The Sherrills will sell the fixtures in the store and donate many of the rest of the contents to Girlstown. "We don't think it is feasible to keep the store open because of economical reasons and we are ready to retire," the Sherills concluded.

Some Crops Hailed Out

Rain, hail, an almost unprecedented heat wave and hot winds have featured the last days of June and the first of July.

Hail and wind destroyed crops at Grassland and northeast of Wilson, and did damage to other small areas, but Tahoka and southwestern Lynn County have received little or no rain.

Some crops are still holding up well in some dry areas, but thousands of farm acres have little or no prospect of a cotton crop.

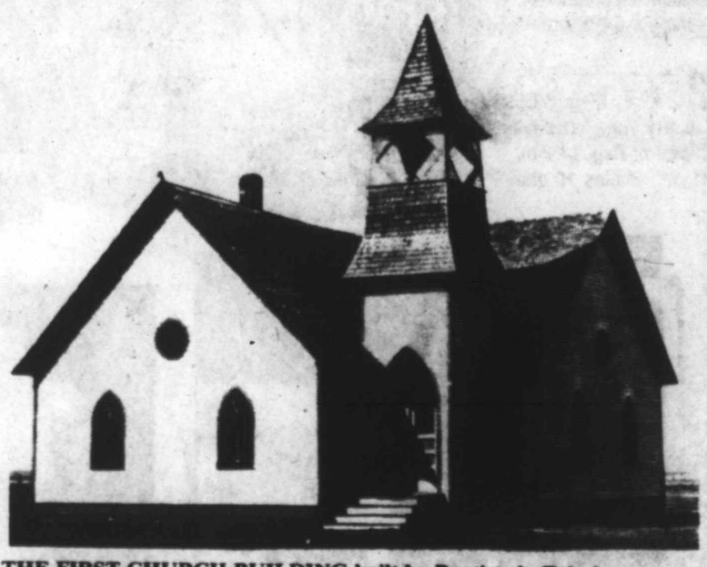

The hail at Grassland covered an area from northwest of the community center to the south and southeast into Double-U ranch. Many potential crops, however, were wiped out along the strip which reached two miles east of Grassland to a mile or two west.

From Slaton south to northeast of Wilson, other crops were completely to partially destroyed.

Showers did help some areas over most of the eastern part of the county.

June was hot and dry in Tahoka and a majority of the county. Only .12 inch of rain was reported in Tahoka since June 8. Ninety-degree readings were the rule for the month, then beginning on June 26, temperatures were 99, 102, 85, 100 and on July 1, 100, followed in sucdession by 100, 104, 102, 105, and 98, followed by a cloudy, cool spell on Tuesday. High hot winds, most of the time from the southwest and south caused some dryland cotton to "turn up its toes."

Record high temperature in Tahoka was 109 degrees, officially, recorded on July 14, 1933. Incidentally, the all time low temperature recorded here was 15 degrees below zero on Feb. 8, 1933, a difference of 124 degrees in that one year.

THE FIRST CHURCH BUILDING built by Baptists in Tahoka was completed in November, 1907, and was located one block east of the present Court House.

Tahoka First Baptist Celebrates 80 Years

On Sunday, July 10, First Baptist Church of Tahoka will celebrate its 80th Anniversary.

The morning worship service will start at 10:45 a.m. and will feature special music by individuals and ensembles, reflections on the past, challenges for the future, and a special "Anniversary" message by Dr. George E. Ray, Jr., pastor of First Baptist.

Following the morning service, there will be a covered dish dinner and fellowship with time for plenty of visiting. To close the day's celebration there will be an afternoon service at 2:30 p.m. which will feature singing, special music, fellowship, and several people sharing their remembrances of the church and its ministry.

First Baptist was organized on July 5, 1903, just three months after Lynn County and Tahoka were organized. The 16 charter members "called" Ira Parrack to be the first pastor. The church worshiped in the district court room of the courthouse until Nov. 22, 1907 when they moved into the first of three auditoriums, the last of which was completed in December of 1975.

Through the 80-year history of the church, 26 pastors have led the church in sharing the gospel, discipling Christians, and glorifying God. Seventeen men from First Baptist have gone forth to serve the Lord as ministers and two are presently preparing for the ministry. Two couples, Robert and Margaret Tucker of Colombia, South America, and Ray and Patsy Eitelman of Upper Volta, Africa are currently serving as foreign missionaries of the Southern Baptist Convention. "Through its history First Baptist has sought to share the 'good news' of a risen Saviour both at home and abroad," Dr. Ray said.

All former members and friends of First Baptist are invited to come and participate in this time of recollection, celebration, and worship.

Church of Christ Sets Messages

The New Home Church of Christ announces a series of gospel messages beginning Sunday, July 10 through Friday, July 15. These presentations will be edifying and beneficial to those who attend. The speaker will be Roy Lanier Jr. of Denver, Colo.

Every message will be Bible centered designed to help the listener deal with life's perplexing problems.

Services will begin at 9:30 a.m. Sunday and worship will be at 10:15 a.m. and 6 p.m. The weekly schedule is 10:30 a.m. and 8 p.m.

Everyone is invited to attend.

MR. AND MRS. JACK FENTON

Jack Fentons To Celebrate 50th Wedding Anniversary

Mr. and Mrs. Jack Fenton will be honored with a reception Sunday, July 10, from 2:30 to 5 p.m. in the home of their daughter and son-in-law, Mr. and Mrs. Charles Louder. Also hosting will be the couple's grandchildren, Nancy Louder of Lubbock and Sam Louder of Dallas.

Fenton and the former Frankie Wells were married July 10, 1933 in Alamogordo, N.M.

All friends of the couple are invited. Your friendship through the years are gifts enough, therefore, we respectfully request no other.

ACS To Sponsor "Swim For Life"

The Lynn County unit of the American Cancer Society is sponsoring its second "Swim for Life" at the Tahoka swimming pool July 18 from 1 to 5 p.m.

All swimmers of the county, young or old, are urged to pick up an entry blank at the Tahoka pool. There is no admission charge for this event, but rather the swimmers will obtain a person or organization to sponsor them who will pledge so much for each lap the swimmer completes.

First and second place plaques will be presented to the person swimming the most laps and for the most money raised. Also a plaque will be presented to the youngest and oldest swimmer.

If anyone would like to sponsor a swimmer, or if a swimmer needs a sponsor, they may contact Vivian McAfee at the Tahoka pool or Macky Turner.

Refreshments will be served to the swimmers.

Plains Co-Op Oil Mill Elects New President

Chairman of the Board, M.J. Williams, recently announced the election of Wayne Martin as President and General Manager of Plains Cooperative Oil Mill following the retirement of Edward Breihan, current President and General Manager. Martin will assume duties as of Oct. 1. He is currently Vice President of Operations.

Martin was raised in Lynn County and is a graduate of Tahoka High School. He received his BBA degree from Texas Tech University and served in the U.S. Army from 1954-57. He has 26 years experience with Plains Cooperative Oil Mill serving as Vice President of Operations since 1975.

Girls State Officials Elected

Justice James P. Wallace of the Texas Supreme Court administered the oath of office to the elected state officials of Bluebonnet Girls State, Monday, June 20, in the Rotunda of the State Capitol. The Honorable Mark White, Governor of Texas, was guest speaker at the inauguration.

Among those receiving the oath of office was Terry Nolte, daughter of Mr. and Mrs. Vernon Nolte of Wilson, who was elected Chili County Sheriff.

PUBLIC NOTICE

Texas Electric Service Company, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of its intent to revise its Tariff for Electric Service in areas served by the company, effective July 14, 1983, or as soon thereafter as permitted by law.

The changes include a general rate increase and will result in a 16.1 percent increase in the adjusted gross revenue of the company.

A complete copy of the Tariff for Electric Service, as revised, is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality. Copies also are available for inspection in each of the company's public business offices.

Major Change- Terraces for CUA. We have just received notice of an exception to the minimum size and width of plots for CUA. There is now no minimum size or width of the plot of CUA on terraces only. All other plots of CUA must be at least 1 chain wide and contain at least five acres. All CUA must have been certified as planted to row crops, small grain, or CUA two out of the last three years.

Final Date Nears. The final date to certify or request measurement service is July 15. As of today only a few operators have completed this process. Please bring a sketch of your farm when you come in. You will probably have to wait in line to certify. If you have some fields to planimeter you need to sign up for measurement service. Time will not permit us to planimeter at the counter. The cost of measurement service is $20 per farm number plus $9 for each slide over two. If a farm visit is required to complete the service, the cost is $30 for the first plot and $15 for each additional plot.

The tolerance for 1983 is the larger of one acre or five percent of the reported crop acreage. This tolerance applies to irrigated and dry grain sorghum separately. CUA tolerance is not less than the larger of one acre or five percent of the required acreage.

Harvest For PIK

Commodity Credit Corp. has determined that it will exercise its option to require producers who are eligible to receive PIK from CCA inventory to obtain loans on their 1983 cotton and wheat production. This will then be returned to you to satisfy your PIK needs. Producers who have no 1983 cotton or wheat to harvest or have insufficient cotton for harvest to satisfy their PIK needs will receive PIK from CCC inventory. This is required on a farm by farm basis.

CUA Practices Reviewed

Now that many of you are beginning to catch up from getting a crop started, let me remind you to check your CUA. You may need to take some control measures for weeds. We are required to make spot checks throughout the year. The penalty rate for not controlling weeds is three times the estimated cost of control measures as determined by the County Committee. This amount will be subtracted from payments and you are still required to carry out control measures before you are in compliance. This can be pretty rough, so watch your management of CUA.

Nick Summitt Heads Rotary

New officers of Tahoka Rotary Club were installed last Thursday evening at a Rotary-Rotary Ann dinner meeting on the backyard lawn of the Harold Greens.

Nick Summitt advanced from vice president to succeed President Joe Hays, and Frank Barrow was installed as the new vice president.

New directors are Stanley Gill, Stanley Young and Will Parker, suceeding Jesse Dorman and Melvin Burks. Johnny Wells remains as club secretary, George McCracken as treasurer, and Don Dawes as song leader. Charles Louder is a hold-over director.

Summitt announced Jennifer Ehlers will be the new club sweetheart-pianist, succeeding Jana Hammonds.

Principal speaker for the occasion was Charles Neal of Lubbock, a former high U.S. Air Force official and more recently a Texas Tech professor. He spoke on the values to be received by Rotary membership, and he issued a challenge to the new officers and the membership for better service to the club and community.

About 90 men and women were present for the dinner and installation program.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective August 1, 1983, unless otherwise determined by the Commission.

A complete copy of the new rate schedule is on file with the Texas Public Utility Commission (PUC) at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

As a result of the settlement of a lawsuit brought by the U.S. Department of Justice against AT&T, Southwestern Bell, on January 1, 1984, (or as otherwise ordered by the United States District Court) will no longer be a part of the Bell System, but will be owned by public shareholders. Under the terms of the settlement, Southwestern Bell has identified 15 areas in the state within which it may provide service, and the federal court with jurisdiction of the settlement has tentatively approved these areas, called LATAs (Local Access and Transport Area). On or about January 1, 1984, Southwestern Bell can not provide service between these LATAs, and in addition, must transfer to AT&T customer premises equipment that it leases to customers.

Southwestern Bell has filed a proposed revised rate schedule with the PUC reflecting these changes. These rates would become effective August 1, 1983, if they are not suspended by the PUC; however, it is expected that they will be suspended and that the rates ultimately set by the PUC will become effective on or about January 1, 1984. If the rates were to become effective as filed, they would produce a 48.2% increase in Southwestern Bell's unadjusted test year revenues (or a 76.36% increase in Southwestern Bell's test year revenues adjusted to reflect the effect of Southwestern Bell's divestiture from AT&T). Any change in the rates for any interLATA services offered by AT&T or a subsidiary after January 1, 1984, could affect customers of Southwestern Bell Telephone Company.

Notice to Customers of Other Telephone Companies

While Southwestern Bell has proposed no increase in rates for intraLATA interexchange toll services, any change in those rates could also affect customers of other telephone companies. Southwestern Bell is proposing changes in the structure of the present private line and foreign exchange services. Changes in these rates may affect customers of other telephone companies. Any change in the rates for any interLATA services offered by AT&T or a subsidiary after January 1, 1984, could affect customers of other telephone companies.

Letter to The Editor

Dear Editor:

Last week some concerned citizens circulated petitions to be signed and mailed to the Federal Communications Commission protesting petition RM2493 which supposedly Madelyn Murray O'Hair had presented to the FCC along with 27,000 signatures requesting the removal of religious broadcasts from radio and TV. This is just a "false alarm" and a "dead issue" that has been circulating off and on for the past several years.

The facts are that in December 1974, two California broadcast producers, Jeremy D. Lansman and Lorenzo W. Milam, filed a petition with the FCC asking the agency, among other things, to stop accepting applications by religious institutions for television and FM channels which had been reserved for educational use. This petition was routinely assigned a rulemaking number, RM2493. On Aug. 1, 1975, nearly eight years ago, the FCC unanimously denied the petition by Lansman and Milam, thereby, killing RM2493.

Madelyn Murry O'Hair did NOT request a hearing before the FCC and did NOT testify before the FCC concerning RM2493. She also did NOT present a petition with 27,000 signatures to the FCC concerning RM2493. In fact, Mrs. O'Hair had nothing al all to do with the petition.

The FCC has stated that, "The commission is not considering taking religious programming off the air, nor has a petition making such a suggestion ever been filed with the agency."

Those well-meaning citizens who expressed concern for christian convictions and response, but RM2493 is a dead issue and no further response is needed. Please let us not waste our ammunition shooting at shadows.

If anyone has any further questions, please feel free to contact me.

Sincerely,
Carroll Rhodes

Donnie Morris of New Home and his sister, Jewell of Carter of Lubbock, went by plane June 15 to visit relatives and sight seeing in the northwest states. In Seattle, Wash. they visited their brothers, Norbert and Aubrey Morris, and sister-in-law, Doris Lamb, and their families. They went by private boat to Blake Island and had dinner cooked by Indians. They went up on the space needle, 600 ft. high; picked raspberries in Puyallup Valley and toured the Tacoma water front. Other interesting places they visited were Paradise Inn; Lookout on Mt. Ranier; the northwest trek wild animal refuge and also visited British Columbia; rode the ferry to San Juan Island and spent the night in Norbert's cabin near Friday Harbor. Donnie returned home Saturday, Jewell stayed for a few more days.

PUBLIC NOTICE

At the request of the Office of the General Counsel of the Public Utility Commission, the Commission has established Docket No. 5113 to inquire into pressing issues involving the entire telephone industry in Texas. Docket No. 5113 will deal with many issues resulting from the impending divestiture of American Telephone and Telegraph Company and Southwestern Bell Telephone Company. Some of those issues include establishing the service areas of Southwestern Bell after divestiture and assessing the impact on other telephone companies in Texas, including General Telephone Of The Southwest, of current settlement arrangements between Southwestern Bell and those companies. Additionally, Docket No. 5113 will deal with the issues arising from the Federal Communications Commission's Final Order in Docket 78-72 (the Access Charge Docket) as they impact all telephone companies, including General Telephone Company Of The Southwest. It is anticipated that Docket No. 5113 will be evidentiary in nature. RATES FOR GENERAL TELEPHONE COMPANY OF THE SOUTHWEST MAY BE DETERMINED BY THE COMMISSION IN OR AS A RESULT OF THIS PROCEEDING. Interested parties seeking further information or desiring to participate in Docket No. 5113 are advised to write to Rhonda Colbert Ryan, Secretary and Director of Hearings, Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 or telephone the Public Utility Commission Consumer Affairs Division at (512)458-0223 or 458-0227, or (512) 458-0221 TTY for the deaf.

A broken air conditioner can be the best thing that ever happened to your household budget.

Your air conditioner breaks down. You have several choices. Repair. Replace. Buy a whole new system. All major investments. Southwestern Public Service Company suggests that you consider a more efficient alternative.

Consider the electric add-on heat pump. The add-on heat pump is a very special air conditioner that works with your present furnace. Besides cooling your home in the summer, it helps heat your home in the winter.

The add-on heat pump is one of the most efficient ways to heat and cool. Call us to see what your savings can be.
