STUDY SCURRY CONSERVATION

Touring Scurry County to study conservation measures, the Venezuelan ambassador, Dr. Antonio Martin Araujo, above in the white suit, is photographed at the Lion Oil Company's gasoline plant in the Diamond M field, which makes four liquid fuels from the county's oil fields. Accompanying the ambassador are French M. Robertson from Abilene at the left and A. C. Floyd, superintendent of the Lion plant on the right. The visiting dignitaries made a whirlwind tour and then returned to Dallas and other points of interest while in Texas. The ambassador and his party will return to Washington, D. C. shortly. Allies Claim Third Straight Victory Over Red Jet Planes

By OLEN CLEMENTS

TOKYO, June 19. (AP) — For the third straight day American pilots today beat Red airmen in a big jet battle over Northwestern Korea.

United States Sabre jets damaged four Russian-type MIG-15's Tuesday as Allied infantrymen knocked North Koreans off key ridges on the eastern battlefront. On the sea fronts United Naticns warships silenced a challenge by accurate Communist shore batteries.

Twenty-seven Sabre jets battled 30 Red jets Tuesday in the most evenly matched of the current air fights. They ran their three-day score to six Red jets shot down, 12 damaged.

The battle spread over a wide area around Sonchon, 35 miles from the Manchurian border. It was the deepest recent penetration of Korea by Red jets in force.

ARTILLERY BARRAGE

The Fifth Air Force did not say, as it usually does, that all Sabre jets returned safely from Tuesday's air battle.

North Koreans opened up with a terrific artillery barrage in an effort to halt Allied infantrymen in the East. But U.N. troops drove ahead two miles in their deepest penetration of that front this year and straightened Allied battle lines.

Breaking out in a smashing pincers movement on an otherwise quiet front they captured heights looking down on a punchbowl valley the Reds have used as a supply and assembly center.

The drive carried Allies within artillery range of [illegible] stein area alive with Red activity. A corps spokesman said the Communists may be building up there for a new offensive.

SHORE-SEA DUEL

Eighty miles to the northwest Communist shore batteries fought an hour and a half artillery duel with beseiging United Nations warships.

The shore-to-sea battle erupted Monday afternoon at Wonsan, East Coast port besieged more than four months. Accurate Red fire burst close to U.N. warships and shrapnel splattered on the decks.

Marine Corsair fighter planes and naval gunfire silenced the shore batteries.

"The Red guns scored many near misses," the Navy said, "but only slight shrapnel punctures were inflicted on U.N. ships."

American planes swept freely through a cloudless sky and hammered Reds across North Korea. Four U.N. planes were shot down Monday.

UN OFFENSIVE—ENDED

U.N. patrols fanned out along the front. They met little opposition Monday except in the central sector around Kumhwa, eastern anchor of the Iron Triangle. Tank traps and mine fields were their greatest problem.

Mississippian Discovery In No. 1 Jones

The Superior Oil Co. and Intex Oil Co. have reported the completion of their No. 15-535 Wallace H. Jones as a natural flowing discovery from a Mississippian lime in Northeast Borden County.

A potential of 293 barrels of 41.2 gravity oil was filed with the Railroad Commission.

The flow was gauged through a 16-64th-inch choke. No water was made with the oil. Gas - oil ratio was 645-1.

Completion was from open hole at 8,175-8,195 feet. Pay was topped at 8,173 feet.

The new oiler is two and one-half miles northwest of Fluvanna and two miles southwest of the Windfield field. That field has only one producer. It was completed in 1949 as a small pumper from pay in the Mississippian lime at 8,220-60 feet.

Exact location of the new discovery is 660 feet from south and 1,980 feet from east lines of section 535, block 97, H&TC survey. That puts it one mile west of the orden - Scurry County line.

NO. 1 MILLER

In North -Central Borden County, Stanolind Oil & Gas Co. No. 1 Miller is still testing in the Spraberry.

Operator pumped 214 barrels of fluid on a 24-hour test in th zone. The fluid was approximately eight per cent water with the remainder oil. On a later 13-hour pumping test, the well made 80 barrels of oil and 19 barrels of water.

The No. 1 Miller has been plugged back to 5,535 feet in the Spraberry after failing to fnid pay at deeper zones.

BURDELL

Burdell Oil Co. No. 9 J. B. Humphrey is drilling below 135 feet in red sandy shale. This prospector, spudded in June 17 is 30 feet from east and 796 feet from north lines of lot 4, section 98, block 97, H&TC survey in Scurry County.

Yesterday One of Year's Hottest Days

The mercury scurried up to 105 degrees in Snyder yesterday to equal the heat record for the year set on May 29. The minimum was a warm 74 degrees early today with 75 degrees recorded at 7:30 this morning Mrs. D. P. Strayhorn official weather observer said.

Miss Snyder Contest Open Until July 13

July 13 is the last date on which entries can be accepted for the Miss Snyder contest Dick Roberts Junior Chamber of Commerce contest committee chairman has announced.

The contest is open to unmarried girls between 18 and 27 years of age who are residents of Scurry County. The winner will be given an expense - paid trip to New Braunfels to compete in the Miss Texas contest with Miss Texas eligible to compete for the Miss America title in Atlantic Cty N.J.

The Odessa Junior Chamber of Commerce has also invited prospective Miss Snyder contestants to enter a Miss West Texas contest to be held in Odessa on July 4. Details of that contest may be secured from Roberts or from Myron Fenton president of the Snyder chapter.

Britain To Screen Shipments To China Through Hong Kong

LONDON, June 19. (AP) — Britian announced today she is taking steps to block all shipments of strategic goods to Red China through the Crown Colony of Hong Kong.

Sir Hartley Shawcross, president of the board of trade, said all exports from the United Kingdom to Hong Kong and China will go under licensing control next Tuesday. No licenses will be granted for "goods which in the present circumstances could be of strategic and military importance.

Shawcross made the announcement in the House of Commons. Britian previously banned the export of rubber to Communist China.

The embargo will apply to shipments of strategic materials from "all British dependent territories" Shawcross said.

He added that the "economic existence of Hong Kong depends on its maintaining trade with other countries" and "we hope the arrangements we have now established will permit that trade to go on while ensuring that there will be no re-exports to China of goods which may have any military or strategic significance."

Other countries can export such goods to Hong Kong "in the confident knowledge that the goods are required for use in the colony or for export to permissible destinations" he said.

Post Mortem Ordered After Embassy Deaths

HAVANA, June 19. (AP)—Cuban authorities today ordered an autopsy which they hope will shed some light on the strange case of a United States Marine sergeant and a Cuban night watchman found dead in the American embassy Monday.

Sgt. Robert J. Sheldon, 22, of Parishville, N. Y., an embassy guard, and the watchman, Augustin Fernandez, 67, were found in the embassy's visa section early Monday. Each had been shot once in the head.

Iranian Oil Dispute Nears Crisis Peak

TEHRAN IRAN JUNE 19 (AP)—Premier Mohammed Mossadegh appealed to United States Ambassador Henry F. Grady today to cooperate in Iran's nationalization of oil.

The ailing premier called Grady to his bedside for a talk a few hours before what may be the peak of the oil crisis in this sensitive spot at Russia's side door.

London report said the British owned Anglo-Iranian oil Company will come forward tonight with an offer of 10 million pounds ($28 million) in answer to Iran's cash demands. This is short of Iran's demand for 75 per cent of the oil profits since March, plus a deposit of the remaining 25 per cent to meet the company's possible compensation claims.

AIOC negotiators meet with government officials at 8 o'clock tonight. The deadline Iran set for satisfaction of her demands.

But at Abadan Mossadegh's right hand man, Hossein Maki declared Britian must meet Iran's full demands or 'we will shut off the valves" to AIOCs customers and "take over" AIOC Wednesday.

Local Storms Forecast For Western Texas

(By The Associated Press)

Violent rain and hail fell in a narrow swath near Lubbock Monday night, and more local thundershowers were predicted over the state for today.

The Weather Bureau said the thundershowers may "wash out" during the day because of temperature changes but will form again in late evening and night.

Wichita Falls had a rain shower this morning, but Southwest Texas and the South Plains around Childress were clear. Elsewhere skies were partly cloudy to cloudy.

A diffused cool front stirred up the weather around Lubbock. The city itself had wind gusts up to 60 miles per hour. Rain and hail fell in a line from 10 miles northwest of Lubbock to Floydada, 60 miles to the northwest.

Two-inch hailstones were reported at Reese Air Force Base, 10 miles west of Lubbock.

Rainfall in the 24-hour period ending at 6:30 this morning included .55 at Tyler, .10 at Wichita Falls, .06 at Fort Worth, .04 at Dalhart and .03 at Mineral Wells.

Maximum temperatures Monday ranged from 112 at Presidio to 85 at Tyler. Overnight minimums ranged from 80 at Galveston to 65 at Lubbock and Dalhart.

Local thundershowers were forecast for tonight in the North and Central portions of East Texas and in the Panhandle, South Plains and Southwest Texas.

Shallowater Man Being Tried on Charge Of Starting Pasture Fire

All testimony was heard this morning in the county court case of Dudley E. Powell 40 of Shallowater Tex. being tried on a grand jury indictment of setting fire to pasture grass.

He is being represented by W. J. Martin Lubbock attorney. Bob Davie district attorney is representing the state in prosecution.

Witnesses for the state were A. W. Scrivner Dermott who testified his pastures were burned Feb. 28; Sid Reeder Borden County sheriff who testified he arrested the defendant after finding matches near the scene of the fire; and Tom Deffebach insurance agent who read an oil well inspection report alleged to have been made by the defendant concerning a well near the scene of the fires that day.

Two character witnesses testifed for the defendant who did not take the stand. They were W. C. Smith and R. B. Sport both of Shallowater. No other witnesses testified in behalf of the defendant.

Arguments of the attorneys were to be presented this aftrnoon.

GRANDFATHER IS FATHER AGAIN

Charles Smith, 63-year - old Snyder grandfather, 400 Twenty-fifth Street, was passing out cigars in pairs today after his young wife gave birth to twin boys.

"Oh, no, it cant be possible," was the 33-year-old mother's first comment when she learned she had twins.

The Smiths have been married about one year.

He has two married daughters by an earlier marriage, and now has three grandchildren.

In addition to his own brood, he and his young wife have an adopted five-year-old Chinese son, Donald Smith.

Smith's oldest daughter, Mrs. Lola Shreve of Odessa, has two children, and his other daughter, Mrs. Jack Feary, of Tulsa, has one child.

End of Ship Strike Sighted On West Coast

NEW YORK, June 18. (AP) — American shippers and CIO seamen braced themselves today for a prolonged maritime tieup that has left scores of vessels idle in Atlantic and Gulf Coast ports.

But on the West Coast there was hope for a settlement today between shipowners and striking radiomen.

Federal Mediator Omar Hoskins said in San Francisco Monday night that he was "optimist" after union and company officials recessed overnight. An official of the CIO American Radio Association (ARA) said an agreement might come today.

In New York federal mediators were unsuccessful in new attempts to bring shippers together with delegates from three CIO unions.

The government conciliators planned to meet again this morning with company represenatives, and possibly in the afternoon with union officials.

Both sides refuse to budge from their original positions Monday as Cyrus S. Ching, chief of the Federal Mediation and Conciliation Service, arrived here from Washington to step into the conflict.

The unions led by the 60,000-member National Maritime Union, waited for the shipowners to make a move.

NMU President Joseph Curran said "negotiations can be opened up again. We are still willing to negotiate provided the operators will put something on the table."

As the stoppage took effect after the week end, about 80 ships were tied up Monday in East and Gulf Coast ports besides 25 in the Port of New York alone, the NMU said.

Politics Block Oil Progress

PITTSBURGH June 19 (AP) — A director of Gulf Oil Corporation says socialistic tendencies in numerous oil producing countries are retarding development of the world's petroleum resources.

Dr. Joseph E. Pogue who also is oil consultant to the Chase National Bank in New York City, spoke Monday night at the opening session of a week-long production engineering conferenced sponsored by Gulf.

Dr. Pogue said prejudice against foreign capital and exploitation has been a prime factor in barring free enterprise from effectively operating in many largely undeveloped oil regions.

A Texas oil engineer told the production engineering conference that use of emulsified oil is the most significant advance in drilling fluids in recent years.

Price Specialist Due

A price specialist from the Fort Worth-District Office of Price Stabilization will be in the Chamber of Commerce offices all day tomorrow to help anyone who has questions or needs help with government price regulations, Harold Bennett, chamber manager, said.

Admiral Tells Senate Inquiry Limited War Strategy Sound

WASHINGTON, June 19. (AP) — Vice Adm. Oscar C. Badger said today he thinks bombing of Red China's supply lines should be confined to Korea "for the time being."

Testifying at the Senate's MacArthur inquiry, Badger said he does not think it would be wise now to adopt the step urged by Gen. Douglas MacArthur and bomb bases and supply routes in Chinese Manchuria.

Badger said the United Nations should "continue to effect heavy losses in Korea of Chinese military manpower and of their essential equipment in the hope that the Peiping government may be forced to change its attitude of demand to one of acceptable negotiation."

TRUMAN ENDORSED

In effect, this was an endorsement of the administration's "limited war" strategy for Korea, at least so far as bombing is concerned.

Badger said he is opposed to a naval blockade of China by the United States alone, but believes with Adm. Forrest Sherman, Chief of Naval Operations, that the United Nations should institute such a blockade.

MacArthur was dismissed from his commands on April 11 for publicly advocating the bombing of Manchurian bases, use of Chinese Nationalist troops from Formosa, and a naval blockade of the China Coast. MacArthur said the United States should "go it alone" on all three if U.N. partners failed to join in the action.

CHINA REVOLT

Badger also expressed belief that Communist reverses in Korea are strengthening the chance that South China may revolt aainst its Red masters.

He read to the investigaing committees a report he had made to the War College here last March 14.

This said the area of Manchuria Inner Mongolia, Sinkiang "and possibly, North China," is "generally deemed to be securely under Communist control and definitely subservient to Moscow."

CHANCE IN SOUTH

But in the areas of China to the south, it said, there is still "a chance of revolutionary repercussion against Communist tyranny and imperialism."

Badger said he had seen nothing since March to make him change his views.

Ban On More Rollbacks And Car Credit Lift Voted By House Panel

VICTIMS OF PORCH COLLAPSE

Bill Barring All Rollbacks Being Drawn

WASHINGTON JUNE 19 (AP) — The Senate Banking Committee voted today for a ban on further price rollbacks — including beef — below average price levels between Jan. 24 and Feb. 24, 1951.

The committee, completing a revision of the economic controls bill, also amended the measure to provide more liberal installment credit terms for the purchase of automobiles only. It then scheduled a vote for 8:30 Thursday morning to approve the bill in its present form.

The committee voted to retain the present requirement for a one-third down payment on automobiles, but agreed to extend from 15 to 18 months the time during which the remainder could be paid It refused to make the same change applicable to other installment purchases.

In its new form, the measure would extend price, wage and rent control provisions until next March 1, and other features of the statute until June 30, 1952. Contract authority would be extended until June 30, 1953.

Senator Maybank (D-SC) the committe chairman said he thought the committee would approve the drasticaly revised measure and 'enact a real price freeze."

The price control amendment would retain the existing beef price roll back but — unless Price Director Michael V. DiSalle acts between now and the time the measure becomes law — it would forestall two scheduled companion rollbacks in August and October.

Maybank said the January-February control period would permit an additional two per cent rollback if DiSalle wanted to order it in place of the sharper cuts he had scheduled.

The House Agriculture Committee meantime instructed Chairman Cooley (D-NC) to introduce a bill prohibiting all rollbacks of prices or wages.

NoDecisionReached In Bairrington Case

The six-man county court jury yesterday afternoon failed to reach a decision after deliberation of an hour and 45 minutes in the case of Chester Bairrington, police chief, charged with driving while intoxicated.

The jury notified Edgar Taylor, presiding judge, that it was "hopelessly deadlocked two to four," but other details of their voting were not disclosed.

NEW TRIAL

The case will probably be tried in about two months, Judge Taylor said. Whether or not the case will be tried on the same indictment was not decided.

Unlike the majority of county court charges, this indictment was returned by the grand jury. A motion by George Thomas, Big Spring attorney for the defense, to squash the indictment on grounds that one of the grand jurors was not qualified for service was overruled by Judge Taylor. After the trial, the judge said he may reconsider the motion.

Only three witness yesterday morning testified for the state.

Several character witnesses in the afternoon session testified that Bairrington's reputation was good as a law - abiding citizen and that they believed in his veracity. They were A. M. McPherson, corporation court judge; Perry Harris, pharmacist; Harold Denson, service station operator; Nolan Watson; banker; and E. W. Green and Bill Zimmerman, highway patrolmen.

Jack Fillyaw, city policeman testified Bairrington came to his house shortly before the offense was alleged to have occurred and was sober at the time.

Marvin Brister, bookkeeper for Gordon's Drive-in, said the chief came to his place of business about 2 o'clock that morning and asked if he could eat a steak, but Brister added he told the chief the cafe had closed for the night. He said the chief then left for the Sixty-Six Cafe, inviting Brister to join him there as soon as possible for coffee. He said Bairrington was not drinking.

Brister said that when he arrived at the cafe, the chief was preparing to leave.

In the closing argument, Keith Merrick, county attorney, told the jury he thought the case was "not very strong" for the state.

18,000 Expected At Baptist Convention

SAN FRANCISCO June 19 (AP)— An estimated 18,000 Southern Baptists are expected by tonight for the first national convention their church has ever held in the West.

Several thousand delegates, representing some seven million church members, already are here for pre-convention meetings.

Some 6,000 members of the Southern Baptist Women's Missionary Union opened a conference Monday.

Sen. Robert S. Kerr (D-Okla) will address more than 2,500 Baptist ministers today.

The convention will close Sunday night with a giant evangelistic rally.

Well Produces Near the City

One of the closest oil wells to the Snyder city limits has just been completed for 165.6 barrels of 41.7 gravity oil as the Jake L. Hamon No. 1 Jim Boothe Kelley-Snyder field.

The new well is about three-quarters of a mile from the city limits. The nearest well to the limits is one on the Joe York farm and is about 1200 feet from the northwest corner of the city line.

The 24 hour flow at the No. 1 Boothe was natural through a one-quarter inch choke. With packer set in casing tubing pressure was 300 pounds. Gas - oil ratio was 699-1. No water was made on the test.

Top of the pay was at 6,742 feet with total depth 6,830 feet. Five and one-half inch casing is set at 6,927 feet.

No. 1 Boothe was drilled in section 197 blo c k3H&uGsNyr.ev tion 179 block 3 H&GN survey.

Draft Extension Lowering Age Signed by President Truman

WASHINGTON, June 19. (AP) — President Truman today signed the new draft law.

The measure lowers the draft age extends the Selective Service system four years and lays the foundation for Universal Military Training.

Mr. Truman signed the bill in a White House ceremony this morning.

The new law keeps the draft in operation until July 1, 1955, and permits the induction of 18½ year-olds for military service if local draft boards exhaust their supply of older eligible men. It makes no change in the present maximum draft age of 25.

The present law, which would have expired on July 9 prohibited the induction of anyone under 19.

The period of service under the new law is 24 months instead of the 21 under the expiring law.

Although the minimum induction age under the new law is 18½ years men still must register when they become 18.

The new law makes draft-age aliens liable to service if they desire permanent residence; reduces mental and physical standards for acceptance for service; puts a new top of five million men on the overall size of the armed forces; and permits the induction of eligible men whose sole dependents are their wives.

It provides for apointment of a five-man commission to recommend to Congress a system of universal military trainin for 18-year-olds.

The commission, which is to include three civilians, has four months in which to complete its study and report.

The training system would not become effective until Congress approved it and established a code of conduct and a schedule of disability and death benefits for trainees.

Urge Citizens Study Ethics In Government

By G. MILTON KELLY

WASHINGTON, June 19 (AP) — Comptroller General Lindsay C. Warren today told Senators there has been "an undoubted weakening of moral standards" in government and out of it. So far as the government is concerned, he said Congress itself must shoulder part of the blame.

Warren, Uncle Sam's boss accountant, is an agent of Congress rather than of the President.

The Comptroller General gave his views as a leadoff witness in hearings of government moral standards before a Senate Labor Subcommittee. He endorsed a proposal to set up a commission of distinguished citizens to draft methods of showing up the moral level of the government, including the ethics of Congress.

In a prepared statement, Warren said the vast majority of government employees — especially career government workers — are honest, capable and conscientious. But he said there are some exceptions.

Warren told the subcommittee, headed by Senator Douglas (D-Ill), that during World War II "shockingly low moral standards" were exhibited by those concerned with war contracts, both in government and business.

Saying the government is now in another period of huge defense spending Warren said:

"We cannot afford, with the present size of our national debt, another spree of waste, profligacy and utter disregard for the public interest."

Nor can the people afford to "excuse unconscionable conduct" he said, by those who plead that they stayed "within the letter of the law."

There was a time, Warren said, when he thought the government needed no written code of ethics, but that is ture no longer.

Chemist Under McCarthy Fire Resigns 'For Past Mistakes'

WASHINGTON, Junne 19. (AP)—Dr. Stephen Brunauer, suspended chief research chemist in the Navy's Weapons Development Section, has resigned in the face of a Senators charge that he was "one of the figures in the atomic spy ring."

After the Navy announced his resignation Monday, Brunaur said, "past mistakes of 25 years ago cost him his job although "I have been a strong anti-Communist for 10 years." He said he resigned to avoid being "a source of embarrassment" to the Navy.

Second No-hit Game of Season Won by DeMolays Over Bankers

James Westbrook pitched the season's second no-hit softball game to give the DeMolays a 9-1 victory over West Texas State Bank, and Clark Wise pitched a three-hitter for a 15-4 Town & Country win over Pan American.

The game between Pan American and Town & Country played first last night, went only five innings and was completed in 53 minutes of play.

SPRAINED ANKLE

Only 21 batters faced Wise, who still hobbles on a badly sprained ankle which he suffered in an automobile accident about a week ago.

Wise hit a home run to continue his heavy batting average and bolster his win over the ill-fated Pan Am boys who now have lost seven games and won only three for the season.

West Texas State Bank's only run came on an error. Billy Holman hit a line-drive grounder which went between the legs of DeMolay third baseman Arlan Stokes and rolled on to the left field fence for a home run on an error.

No homers were hit by the DeMolays' but their statistics showed they had nine runs from 11 hits, committed two errors, and had six men left on base in the game. West Texas State Bank, playing without three of their main-stringers had one run on an error, no hits, made three errors, and had two men left on base.

In the first game Town & Country made 15 from 17 hits, made five errors, and had four men left on base. Pan American made four runs from three hits, had six errors, and three men left on base.

NO WALKS

In pitching his no hitter, Wise gave up only one free base. He pitched a ball which hit Shotts of Pan Am to give him free ride to first. He gave up no walks.

McLemore, losing Pan Am pitcher, struck out two men but gave up three home runs in the game.

Rodgers hit a homer in the first inning for Town & Country with two men on base. Sutherland hit a homer in the fifth with one on and Wise hit a homer in the fifth with no one on.

Bob Hargrove pitched for the Bankers and gave up 17 hits.

Juneteenth games tonight are scheduled between Halliburton and the VFW and Sun Oil and Hermleigh.

Correspondent In Prague To To Be Tried

LONDON, June 19. —Reports from Prague today said the Czech Foreign Ministry has informed the United States Embassy that Associated Press Correspondent William Oatis will be placed on trial within a few days.

Oatis, 37, was arrested April 23 on chares of hostile activities toward the Czechoslovak government.

The Prague report said Vilem told United States Ambassador Ellis O. Briggs of Otis' forthcoming trial when Briggs called at the foreign ministry last Friday

Oatis' arrest did not become known until April 26, nearly 72 hours after his diappearance from his office and lodgings in Prague. He was last seen while preparing to keep an appointment. Three Czech agents seized him as he was putting his car in his garage.

A native of Marion, Ind., Oatis had gone to Prague last June as chief of the Associated Press Bureau there.

Shortly before his arrest he had informed the United States embassy he was being shadowed.

At the time his arrest was announced Frank Starzel, general manager of the Associated Press, said the AP knew no basis for the charges against him.

Oatis had been writing for the Associated Press since 1937, except for four years when he was in the United States Army during World war II.

The Czech announcement of April 26 said the charges against him included activites hostile to the state gathering and disseminating information considered secret by Czechoslovakia and spreading malicious information regarding the Czech state through illegal news channels. The announcement said he had misused Czech citizens in his activities.

Gov. Warren Is Prodded By Crime Probers

BALTIMORE, June 19 (AP) — Senate crime probefs today were sternly awaiting a reply from Florida's Governor Fuller Warren — they want to know if he's going to come to their sessions in Miami this week.

Late Monday night Senator Herbert R. O'Conor, chief of the Senate sleuths, sent a telegram to the Florida governor informing him that his presence at the hearings Thursday and Friday is "most necessary."

An official source close to the committee, who wouldn't allow himself to be quoted, said the telegram was "an unprecedented action."

He said the message was in effect "a demand."

Governor Warren was believed to be "somewhere in the Ormond Beach area," and was not immediately available for comment.

In its first report to the Senate, the Crime committee criticized big contributions to Governor Warren's election campaign William H. Johnston, of Jacksonville, Fla., owner of dog-race tracks.

In the past governors of states invaded by crime probers have been "invited" to attend if they care to do so.

Jones Set Fast Pace And Everybody Tries To Keep Up

By HAL BOYLE

NEW YORK, (AP) — Once upon a time a man named Smith, a man named Brown and a man named Johnson came to call on one of their neighbors — a fellow named Jones.

They found him clad in a silk dressing gown and lying on a $750 sofa in his luxurious living room. Jones was idly flicking cigar ashes on the sofa as he talked over the phone to his bookie:

"Put $25 for me on Silver Hoof in the sixth."

He put down the phone, held out a box of 50-cent stogies and said:

"Have a couple, boys. What's your problem?"

"You are" chorused Smith, Brown and Johnson.

"How come?" said Jones, surprised.

Smith, Brown and Johnson explained. They said his family was living too high for such a modest neighborhood. They said it was keeping them broke to try to keep up with the Joneses.

"Oh, that's just an old saying boys," said Jones, tolerantly. "It doesn't mean a thing."

"It does around my house,' said Smith. "Whatever your wife gets, my wife wants.'

"Keeping up with the Joneses has made me a prisoner of the installment plan," moaned Brown.

"Why did you have to show off by buying a 46-inch screen television set?" demanded Johnson.

Jones looked complacent.

"It is a matter of pride with the Joneses everywhere to live life to the hilt," he said. "Family pride. What do you expect me to do about it anyway, boys."

"Change your name," said Smith.

"Never," said Jones.

"Have your wife take in washing," pleaded Smith.

"We all have to try to keep up with the Joneses," grumbled Johnson. "What do you Joneses try to keep up with?"

"Right now I'm trying to keep up with my bills," confessed Jones. "If I had some ready cash, Id sell my place here and move away."

"You would" said Smith, Brown and Johnson.

"We'll give you $500 each as a present if you will just move away."

After a little dickering, Jones got them to raise the ante to $1,000 each, arguing it was a good long-term investment. Smith, Brown and Johnson borrowed the money and paid Jones. He moved out.

There ensued a month of peace in the neighborhood. Then Smith got this greeting from Mrs. Smith as he returned from work:

"The new people moved into the old Jones place today. They've got a full-time maid."

"You ought to see the wonderful new car parked in front of the old Jones house," Mrs. Brown told Brown.

Johnson's young son was late to dinner.

"Why can't I have a new chromium-plated bike, dad?" he griped. "The new kid that moved into where the Joneses lived has got one."

The next Sunday Smith, Brown and Johnson knocked on the door of the departed Jones — and got fresh paint on their hands.

A maid let them in and called into the living room, "Some neighbors to see you, sir."

They entered and found the new master of the house lolling on a rich-looking sofa and talking into the phone.

"Lay $50 for me on Golden Nose in the fifth race tomorrow," he said. He held out a box of dollar cigars.

"It's a pleasure — a pleasure," he said cordially. "My name is Jones. Did you know my cousin? He used to live here. His name was Jones, too. Anything I can do for you, boys?"

Moral: Change your own name to Jones.

Youth Linked With Princess Margaret Will Marry Another

LONDON, June 19. (AP) —One of Princess Margaret's most devoted escorts is getting married to somebody else.

He is the Marquess Blansford — John George Vanderbilt Henry Spencer-Churchill. His friends call him "Sonny" for short.

His engagement to Miss Susan Hornby 21 close friend of Princess Margaret was announced today.

The Marquess, 25, is the heir of the Duke of Marlborough. A six-footer, he is captain in the Life Guards, the King's personal bodyguard. He has often been seen in the company of Princess Margaret and some linked their names romantically.

Miss Hornby is the daughter of Michael C. Hornby, director of W. H. Smith, Britain's largest chain of booksellers.

Mr. and Mrs. Jack Morgan, 3109 Avenue V, have recently had as guests Mr. and Mrs. Leroy Whittaker and son of Victoria, Tex.

Everyone Says They Do Not Want To Run For President

By JACK BELL

WASHINGTON, June 19, (AP) — Look at the record and you'd think nobody — well, almost noboby—wants to be president for the four years beginning in January, 1953.

Republican nominating conventions are only a little more than a year away, coyness among prospective candidates has reached something of record breaking proportions.

One man, President Truman, says he knows what he's going to do. But he hasn't said what that is.

If you ask William M. Boyle, Jr., the Democratic National Committee chairman, he puts on his most inscrutable smile. Boyle has been practicing it for years and it never worked better.

Doyle doesn't have to worry. His plan of campaign is the same whether Mr. Truman chooses or does not choose to run. He is simply going out to gather up for Mr. Truman all of the convention delegates he can corral.

If the President runs, fine and dandy. If he does not Mr. Truman asks the delegates to support the man of his choice. Simple. Even Jonathan Daniels Raleigh, said after a White House visit Monday he thinks — but doesn't know — that Mr. Truman is going to run again. He didn't get that from the president, Daniels hastened to say, but added:

"The more his foreign policy—which he considers vital to resist Russian aggression and preserve Democracy — is attacked the more he will fight back."

Small wonder, then, that such Democrats as Senators Kefauver, Douglas, Lyndon Johnson of Texas, Rep. Franklin D. Roosevelt, Jr., Justice William O. Douglas, Chief Justice Fred Vinson, Gov. G. Mennen Williams of Michigan, and others are as coy as school girls.

Look Magazine says in its current issue it polled 41 Democratic Senators and found only five who named Mr. Truman as their first choice to make next year's race. It said 15 favored Gen. Dwight D. Eisenhower.

The Republicans have no such barrier but the nearest they have to an advowed candidate is Senator Robert A. Taft of Ohio. Taft says he expects to decde sometime before Sept. 1 whether to run.

President Harold E. Stassen of the University of Pennsylvania, who has tried before says he will wait until next January to decide what to do.

Gov. Thomas E. Dewey of New York, the two-time Presidential nominee of the party, says he's out of it and is plugging Eisenhower.

Gov. Earl Warren of California obviously is going to make an active bid for the nomination — but he isn't saying so publicly.

Gen. Douglas MacArthur says "emphatically no" he's not a candidate.

Gov. Alfred E. Driscoll of New Jersey might like to be but isn't admitting it publicly.

The most talked about man in both parties is Eisenhower. But its months since anybody got him mad enough even to deny he wants to be President.

And so it goes. You'd almost think nobody wanted the job.

Navy and Air Forcee Open to Men Who Have Pre-Induction Exams

Selective service registrants who have already taken pre-induction physical examinations or notices may now enlist in the Army or Air Force, Sgt. Raymond Warner, recruiting office in Sweetwater, has announced.

Enlistment will enable the man to select his field of service, Sergeant Wagner said. This period of preferential enlistment will be open only until July 15.

The naval recruitng service has announced that men who have received pre-induction physicals but have not received orders to report many enlist in the Navy from now until July 15. Men who have already been ordered to report for Army induction under selective service are not acceptable for enlistment.

THE ADVENTURES OF PATSY

Senate Inquiry Testimony Is Seen as Goad To Soviet Union

By DORTHY THOMPSON

In the investigation—or inquest—in Washington, the administration has emerged in a more favorable light than its bitterly partisan critics. That, we think, is the chief political result of the hearings.

We wish they had never occurred, and that many things that have been said had never been uttered.

The greatest risk to the future of mankind is that the Soviet Union, or the United States, will undertake a preventive war out of the conviction that a settlement is impossible and a showdown inevitable.

From the American viewpoint this danger appears to emanate entirely from the U.S.S.R. But in Russian eyes, the situation must appear otherwise.

When, for instance, the distinguished Lieut. Gen. Albert C. Wedemeyer advocates that the United States maintain a ring of air bases around the Russian heartland, from which the Soviets' industrial potential can be hit by airpower, and recommends that an economic blockade should immediately be instituted against any area of the world that the Soviets are trying to control—"I would deny raw rubber, and I would deny any oil"—he is furnishing the politburo with a considerable justification for that very preventive war which it should be the objective of all sane men to discourage, and advocating an actual act of war on our own part. For an economic blockade is, in international law, an act of war, and it cannot effectively be carried out without police actions involving the use or threat of force.

No nation with the power to prevent it is likely to sit still and permit itself to be ringed by hostile air bases which can constantly threaten its industrial centers.

Were Soviet military advisers openly advocating to the politburo that the Pittsburgh - Detroit industrial heartland be ringed with bases, from which American industrial potential can be hit by airpower, no American, I think, would regard as an act of aggression any means taken to prevent the realization of that threat, including the previous seizure of such bases.

And, if the Soviets openly proposed—and were able—to institute an economic blockade against parts of the Atlantic world whose very life depends upon the importation of raw materials, the United States would, I am sure, feel itself justified in regarding such actions as war, and in taking measures to hold sources of such essential raw material outside the reaches of the proposed blockade.

We know that in making this argument we appear as the devil's disciple, but we repeat that the avoidance of a major war requires more than formidable military strength: it requires the ability to gauge how far an opponent will allow himself to be goaded.

From the psychological point of view, the effect abroad of these hearings is to present the United States, in many minds, as a menace tto peace fully equal to the U.S.S.R.—thus lending support to the chief Soviet propaganda, and bolstering the politburo's hold on the Russian people; to disaffect large sections of public opinion among our allies, for whom the possibility of a general war is not something academic; and to make the prospect of a republican administration in 1952 tantamount to the coming into power of a war party in the United States.

And if the Republicans have, through the inquisitory tactics of their most bitter partisans, increased their election chances with the American people we shall be surprised.

That the United States and the West in general has offered an epochal defeat in China is unquestionable. But it has not been shown even by the testimony of General MacArthur that the administration's policy is responsible for the course of the Chinese National revolution, or that ar other policy would have produced a different result.

Political victors are not won on such dubious post-mortems.

HOSPITAL FULL

ATLANTA, June 19. (AP)—People had a hard time here Monday.

Alonzo Caldwell, 23, riding atop a truck load of crates, was swept from his perch by a low underpass.

Hospitals treated one person for a monkey bite, another for a dog bite, and a third for a spider bite.

One child fell from a tree, another from a bicycle and a third miscalculated a dive into a swimming pool.

But it remained for Charlotte Mitchell, 13, to send herself to a hospital by hitting herself on the head.

Charlotte bopped herself with a tennis racquet as she made a determined swing at a ball.

None were hurt seriously.

Ending Bonus Rule Good For The Sport

BY FRANK ECK
Associated Press Staff

NEW YORK — The baseball moguls who helped discard the bonus rule were right. It was a big break for the fans and the players

The rule had been in effect since 1947 and only a few athletes who became rich overnight were able to overcome it.

The rule, until repealed last December, stated that any free agent who received more than $6,000 for signing a baseball contract would be known as a "bonus player." That was all right. But the "b" designation meant that such a player could not be farmed out for experience. It meant that he'd have to stay in the majors. Most of the "b" men were bench men, playing in only one-sided games.

On major league rosters during the winter there were 37 "bonus players" of record. That's not counting those who "got rich under the table" and weren't listed as bonus men. And it doesn't include Paul Calvert, Hank Wyse, Bud Byerly, Dale Long and Milo Candini who are bonus men for various reasons.

Right now only 11 of those 37 "bonus players" are in the majors. Twenty - one have been optioned out and five are in the armed services.

The only "bonus player" who has become a star is Robin Roberts, whom the Phillies signed for $25,000 off the Michigan State campus. He is about the best young right hander in the National League. Curt Simmons also made good for the Phillies but he has been in the Army since last September.

Most fabulous of the "b" players is Paul Pettit, the 18-year-old (now 19) pitcher whom a Hollywood agent "sold" to the Pittsburgh Pirates for $100,000. Pettit, a Los Angeles left[illegible], won two games for New Orleans, in 1950. This Spring he pitched less than three innings for the Pirates and is now getting an education with Indianapolis in the American Association.

The Pettit deal, incidentally, gave Cardinal owner Fred Saigh his first chance to openly oppose Commissioner Chandler, who is serving out his term against the owners' wishes. Saigh kicked but Chandler approved the deal. Odd part about it is that Saigh never was interested in Pettit for the Cards.

Another bitter disappointment thus far, is Frank House, a big Bessemer, Ala., catcher whom the Detroit Tigers signed for $75,000. House is catching with Toledo, but not regularly. Recently he made three passed balls in one inning.

The Cincinnati Reds have four bonus boys tied up. Most expensive of the quartet is Gerry Blackburn, on option to Columbia, S.C. The young southpaw received $35,000 for signing.

The Dodgers have $46,000 invested in "b" players—Billy Loes, Wayne Belardi and Bill Sharman. But the Boston Braves have $75,000 in one young man, Johnny Antonelli, lefty hurler now in the Army.

The Yankees already have lost a reported $50,000 on one bonus. They signed Frank Quinn out of Yale but Washington drafted him and he's now a sore arm case.

The Yankees have a potentially great outfielder in Jackie Jensen, ex-University of California football star. Oakland signed him for a $25,000-a-year three - season contract. Despite a poor season in the Pacific Coast League the Yankees bought Jensen and Billy Martin from Oakland for $70,000. Jensen was booed in Oakland but now he draws cheers whenever he fills in for Joe DiMaggio.

The Chicago White Sox have an interest in three "b" boys. Top cash man is Gus Keriazakos, who left Colgate University in 1949 to sign for $55,000. He's back pitching with Memphis where he won 11 last year. He's 19 and from Montclair, N.J.

The following bonus players are in the majors:

National League

Bill Serena, Cubs
Lloyd Merriman, Reds
Bob Miller, Phillies
Robin Roberts, Phillies
Bob Friend, Pirates

American League

Chuck Stobbs, Red Sox
a-Paul Hinrichs, Red Sox
Bob Avila, Indians
Luke Easter, Indians
b-Jack Jensen, Yankees
c-Lou Sleater, Browns
a-Originally signed by Yankees for a reported $40,000. b-Bonus from Oakland. c-Bonus from Giants.

The following list includes players owned by major league clubs and shows where they have been optioned, if not in the armed forces:

National League

John Antonelli, Braves, Army
Wayne Belardi, Dodgers, Mobile
Billy Loes, Dodgers, Army
Bill Sharman, Dodgers, Fort Worth
Harry Chiti, Cubs, Springfield, Mass.
Andy Varga, Cubs, Des Moines
Ed Bailey, Reds, Ogden, Utah
Gerry Blackburn, Reds, Columbia S.C.
Bob Hazle, Reds, Columbia, S.C.
Rudy Minarcin, Reds, Buffalo
a-Frank Fanovich, Giants, Minneapolis
b-Rudy Rufer, Giants, Minneapolis
Stan Hollmig, Phillies, Baltimore
John Mayo, Phillies, Baltimore
Bill MacDonald, Pirates, Army
Paul Pettit, Pirates, Indianapolis
Tom Keating, Cardinals, Boston
a-Received bonus from Reds.
b-Received bonus from Phillies.

American League

Frank Hamlen, White Sox, Memphis
Gus Keriazakos, White Sox, Memphis
Joe Kirrene, White Sox, Coast Guard
Frank House, Tigers, Toledo
Lou Berberet, Yankees, Army
Jim Brideweiser, Yankees, San Francisco
Jack Bruner, Browns, Toronto
a-Frank Quinn, Senators, Chattanooga
a-Received reported $50,000 from Yankees.

Abilene Lead To 6½ Games

(By The Associated Press)

The Abilene Blue Sox seem to have hit upon the right formula for holding on to the lead in the West Texas-New Mexico League.

Their particular delight is in beating the second place outfit.

Monday night they blasted second place Alubquerque, 15-8, to increase their lead to 6½ games.

Pampa edged closer to a first division berth with two wins over Clovis but are still 2½ game out as third place Lubbock and fourth place Lamesa each won.

Pampa beat Clovis, 5-1 and 10-3. Lubbock scored twice in the last of the eighth to beat Borger, 3-1, and Lamesa went 10 innings to down Amarillo, 13-12.

Albuquerque sent unbeaten Jesse Priest to the mound in an attempt to cut into the Abilene lead but he didn't last the first inning. Jim Melton chalked up his 10th win of the season.

Glen Selbo singled with two away in the 10th inning to score Yogi Marti and give Lamesa a win in a wild game.

Ray Faust bested Earl Butler in a tight game that brought Lubbock a tight game that brought Lubbock Dial hurled Pampa to its pair of wins over Clovis.

WHEN TO RETIRE

SAN ANTONIO, June 19. (AP) — The editor of Modern Pharmacy, George Bender, says it is possible that humans may one day expect to live to be 125 years old.

But, he said Monday, the lining isn't all silver in this happy thought.

When he wanted to know should a fellow who's going to live that long retire?

BY JOHN M. HENDRIX

YJ was the brand used by C. W. B. Collyns of Tom Green County. The brand was started in 1895 and used on the left hip and was discontinued in 1927.

The owner, Charlie Collyns, well known livestock commission man, now makes his home in Fort Worth. He lived in the San Angelo country for twenty-five or thirty years as a ranchman. A number of his relatives are engaged in the cattle business at the present time in Sterling County.

Louise Suggs Burns Course

By RALPH BERNSTEIN

PHILADELPHIA, June 19. (AP) — Louise Suggs proved she's not much good at prognosticating but maybe the medalist winner of the 22nd annual Western Open Golf championship doesn't know her own strength.

Little Miss Suggs used her Carrollton, Ga., southern drawl to predict not many of the best women golfers in America would break women's par 75 over the 6,770-yard Whitemarsh Valley Country Club course. She was sure none would even come close to the course record of 66.

So what hapened?

The freckle faced shotmaker from below the Mason-Dixon Line fired a sensational seven-under-par 68 Monday, the second best round in western history, and only two strokes off the course record.

Miss Suggs faced Mary Agnes Wall of Menominee, Mich., in the first of 16 championship bracket matches. Two of the day's best matches pitted Mrs. George (Babe) Zaharias against Peggy Kirk of Findlay, Ohio, and Patsy Berg against Grace Lenczyk, former National Amateur champion.

All of the former champions entered qualified. In addition to four-time winner Mrs. Zaharias, and three time queens Miss Berg and Miss Suggs, a 71 placed Helen Dettweiler of Indio, Calif., in the running, and an 80 qualified extitlist Betty Jameson of San Antonio.

Betsy Rawls, Austin, Tex., fired a 36-36—72.

Other prominent qualifiers included the Bauer sisters, Alice (77) and Marlene (79) of Midland.

Laredo In Gulf Coast Cellar

(By The Associated Press)

The Laredo Apaches have hit rock bottom in the Gulf Coast League. The boys from the border city have fallen into the Class B league cellar with a losing streak that reached nine games Monday night.

The Apaches started off with eight straight victories to threaten to run away with the pennant chase. They hit a slump, skidded into second place, recovered for a time to make a fight of it, but now they are 18 games behind the leader.

Harlingen handed them their ninth straight loss, an 8-3 whipping that kept the Capitols in second place 6½ games back of the flying Corpus Christi Aces.

Corpus Christi held its wide margin with a 9-2 win over Port Arthur. Tom Pullig bested Eddie Lee in a battle of old timers.

Brownsville rallied for four runs in the ninth inning to beat Texas City, 8-5 and hang on to third place in the pennant chase. Galveston took a 10-3 decision from Lake Charles to strengthen its fourth place hold.

Odessa Streak Broken At 15

(By The Associated Press)

The Odessa Oilers, the club nobody wants, saw a 15-game winning streak go by the boards Monday night. The Oilers threatened to break the 19-game streak set by San Angelo earlier in the season, but not any more.

With Odessa fans trying to subscribe $30,000 in three days to keep the club, Sweetwater had to spoil the fun. The swatters blasted the Oilers for 18 hits and a 19-8 victory.

The Odessa loss didn't hurt in the fight for third place in the standings. Roswell lost to Big Spring, 11-7, to leave the two games behind second place Vernon.

Vernon gained on the third place clubs with a 7-4 win over Midland. League leading San Angelo whammed Artesia, 20-4, to maintain its comfortable lead.

Sweetwater blasted four Odessa pitchers in snapping the streak. Jess Torres rode to an easy victory behind the heavy hitting.

Artesia committed nine errors to help San Angelo build up its big run output.

Home runs featured the other two games. Roswell got two homers in the ninth but they were not enough. Four circuiters were posted in the Vernon-Midland game, including one by Al Richardson, the winning pitcher.

Rodeo Association Completes Show Plans

Final plans for the rodeo July 18-21 were made at a meeting of the Scurry County Rodeo Association at a meeting last week.

An apeal was made for those persons in Snyder who have horse lots at their homes that could be used to stable mounts of the visiting cowgirl sponsors to leave their names and address with the Chamber of Commerce office.

Parade arrangements for the first afternoon of the rodeo have been turned over to the Chamber of Commerce and the Jaycees.

Peace Prayers Sunday

CORPUS CHRISTI, June 19. (AP)—Prayers for peace will be said Sunday, the eve of the first anniversary of the Korean war.

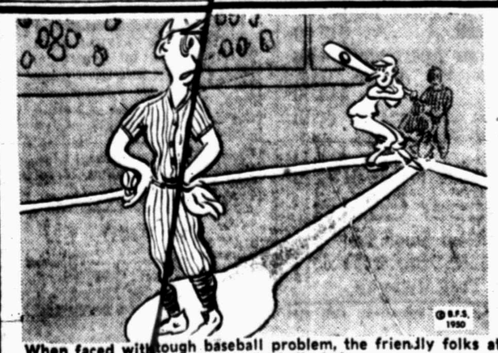

L. W. Harrell, state commander of Disabled American Veterans, initiated the program. He said 38 chapters throughout Texas will arrange for the demonstration.

Reserve Training On

CAMP POLK, La., June 19. (AP)—The 90th Infantry Division, composed mostly of organized Texas reservists, opened two-week summer training here Monday.

It joined the 49th Armored Division, another Texas outfit.

Brig. Gen. Arthur Watson, 90th Commander, is from Austin.

When faced with a tough baseball problem, the friendly folks at Wimberly's will gladly help.

THE PROM?
...OH, I'D LOVE TO GO
A "big moment" in a young life . . . a telephone call "out of this world" in value . . .
Whether or not you go along with the teen-ager's standards of value, one fact remains. Every telephone call, important or ordinary, is a real bargain.
For the average cost of each local call, including tax, is about 2½¢.
In this day of vanishing bargains—what else gives so much for so little?
EVERY HELLO IS A GOOD BUY
A REAL BARGAIN. More of your friends and neighbors have telephones than ever before. You can call more people, more people can call you.

LEGAL NOTICE

NOTICE OF ELECTION FOR ADDITIONAL COUNTY AD VALOREM TAXES
THE STATE OF TEXAS
COUNTY OF BORDEN

TO THE QUALIFIED PROPERTY TAX-PAYING VOTERS OF BORDEN COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held throughout BORDEN COUNTY, TEXAS on the 30th day of June, 1951, for the purpose of determining whether the Commissioners' Court of said County shall be authorized to levy, assess and collect additional county ad valorem taxes, the proceeds thereof to be used for the construction and maintenance of farm-to-market and lateral roads, or for flood control, either or both, as the Commissioners' Court may determine, as provided by Section 1a of Article 8 of the Texas Constitution, and Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended, in conformance to an order passed by the Commissioners' Court on the 11th day of June, 1951, and which order is in words and figures as follows:

ORDER FOR ELECTION FOR ADDITIONAL COUNTY AD VALOREM TAXES
THE STATE OF TEXAS
COUNTY OF BORDEN

ON THIS the 11th day of June, 1951, the Commissioners' Court of Borden County, Texas, convened in regular session at the regular meeting place thereof in the Courthouse at Gail, Texas, the following members of said Court, to-wit:

C. S. HARRIS, COUNTY JUDGE, Presiding; and
HUBERT WALKER, COMMISSIONER, Precinct No. 1;
H. N. ZANT, COMMISSIONER, Precinct No. 2;
BORDEN GRAY, COMMISSIONER, Precinct No. 3;
T. M. HUGHES, COMMISSIONER, Precinct No. 4;

being present and participating, when among other proceedings had by said Court were the following:

Commissioner Zant introduced the following order and moved its adoption by the Court:

WHEREAS, by an amendment to the Constitution of the State of Texas adopted at an election on November 3, 1948, being Section 1a of Article 8 of said Constitution, it was among other things provided that from and after January 1, 1951, no State ad valorem tax shall be levied upon any property within the State of Texas for general revenue purposes, and that from and after said date the several counties of said State shall be authorized to levy ad-valorem taxes upon all taxable property within their respective boundaries for county purposes, except the first THREE THOUSAND DOLLARS ($3,000) valuation of residential homesteads, not to exceed THIRTY CENTS (30c) on each ONE HUNDRED DOLLARS ($100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenues derived therefrom shall be used for the construction and maintenance of farm-to-market roads or for flood control; and

WHEREAS, by Chapter 484, Acts of the Fifty-first Legislature at its Regular Session in 1949, being Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended, the said Legislature made definite and certain the manner and means by which the Commissioners' Courts of the various counties of this State should be enabled to place into operation the authority granted by the aforesaid constitutional provision; and

WHEREAS, it has been found and determined that Borden County and no political subdivision or defined area therein has heretofore been granted any tax donations by the State of Texas out of or from any state ad valorem tax; and

WHEREAS, upon due consideration and investigation this Court has affirmatively found and determined that it will be to the best interest and general welfare of the county to call an election pursuant to the provisions of the aforesaid Article 7048a for the purpose of determining whether the Commissioners' Court shall be authorized to levy, assess and collect additional county ad valorem taxes, the proceeds thereof to be used for the construction and maintenance of farm-to-market and lateral roads or for flood control, either or both, as the Commissioners' Court may determine;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF BORDEN COUNTY, TEXAS:

That a special election be held throughout said County on the 30th day of June, 1951, at which election the following proposition shall be submitted to the qualified property taxpaying voters who own taxable property in said County and who have duly rendered the same for taxation for their action thereupon:

"SHALL the Commissioners' Court of Borden County, Texas, be authorized to annually levy, assess and collect ad valorem taxes upon all taxable property within said County, except the first THREE THOUSAND DOLLARS ($3,000 valuation of residential homesteads, not to exceed THIRTY CENTS (30c) on each ONE HUNDRED DOLLARS ($100) valuation of taxable property in said county, until the amount of said maximum tax shall be changed as authorized by law), which tax shall be in addition to all other ad valorem taxes heretofore authorized by the Constitution of the State of Texas, provided the revenues therefrom shall be used for the construction and maintenance of farm-to-market and lateral roads, or for flood control, either or both, as the Commissioners' Court may determine, all in accordance with the provisions of Section 1a of Article 8 of the Texas Constitution and Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended?"

The said election shall be held under the provisions of Chapter 484, Acts of the Fifty-first Legislature at its Regular Session in 1949, being Article 7048a, Vernon's Annotated Texas Civil Statutes of 1925, as amended.

All persons who are qualified property taxpaying voters of Borden County who own taxable property therein and who have duly rendered the same for taxation shall be entitled to vote at said election.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with house bill number R-387, passed by the Fifty-first Legislature in 1949 and that printed on such ballots shall appear the following:

"FOR THE TAX NOT EXCEEDING THIRTY CENTS (30c) ON EACH $100 VALUATION"
"AGAINST THE TAX NOT EXCEEDING THIRTY CENTS (30c) ON EACH $100.00 VALUATION"

EACH VOTER shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote on the proposition.

None but those who are qualified property taxpaying voters in said County and who have duly rendered their property for taxation shall be entitled to vote at said election.

THE POLLING PLACES and presiding officers of said election shall be respectively as follows:

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS
THE STATE OF TEXAS
COUNTY OF BORDEN

TO THE RESIDENT QUALIFIED ELECTORS OF BORDEN COUNTY, TEXAS, WHO OWNS TAXABLE PROPERTY, IN SAID COUNTY, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 30th day of June, 1951, within Borden County, Texas, to determine whether or not bonds shall be issued by said County in the following amount and for the following purpose, to-wit:

$420,000 bonds for the purchase or construction of bridges and improvement and maintenance of public roads in said County;

and whether or not ad valorem taxes shall be annually levied on all taxable property in said County, for the purpose of paying the interest on the aforesaid bonds, and to provide a sinking fund for the redemption thereof at maturity, in obedience to an ORDER FOR BOND ELECTION passed by the Commissioners' Court of Borden County, Texas, on the 11th day of June, 1951, and which said order is in words and figures, constituting a part of this Notice, as follows, to-wit:

ORDER FOR BOND ELECTION
THE STATE OF TEXAS
COUNTY OF BORDEN

ON THIS, the 11th day of June, 1951, the Commissioners' Court of Borden County, Texas, convened in special session at the regular meeting place thereof in the Courthouse at Gail, Texas, the following members being present and in attendance, to-wit:

C. S. HARRIS, COUNTY JUDGE, presiding; and
HUBERT WALKER, COMMISSIONER, Precinct No. 1;
H. N. ZANT, COMMISSIONER, Precinct No. 2;
BORDEN GRAY, COMMISSIONER, Precinct No. 3;
T. M. HUGHES, COMMISSIONED, Precinct No. 4;

when, among other proceedings had by said Court were the following:

WHEREAS, the Commissioners' Court of Borden County, Texas, deems it advisable to submit to the resident qualified property taxpaying voters of said County, who own taxable property in said County, and who have duly rendered the same for taxation, the following proposition for the issuance of bonds, to-wit: $420,000 bonds for the purchase or construction of bridges and improvement and maintenance of public roads in said County; therefore

BE IT ORDERED BY THE COMMISSIONERS' COURT OF BORDEN COUNTY, TEXAS:

That an election be held in said County on the 30th day of June, 1951 which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this order, at which election there shall be submitted to the qualified electors who own taxable property in said County, and who have duly rendered the same for taxation, for their action thereupon, the following proposition for the issuance of bonds, to-wit:

"SHALL the Commissioners' Court of Borden County, Texas be authorized to issue the bonds of said County in the total principal sum of FOUR HUNDRED AND TWENTY THOUSAND DOLLARS ($420,000) to mature serially at such time as may be deemed most expedient by the Commissioners' Court of said County, not later than sixteen (16) years from the date thereof, bearing interest at a rate not to exceed THREE PER CENTUM (3 per cent) per annum, and to levy ad valorem taxes sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the principal thereof at maturity, for the purchase or construction of bridges and improvement and maintenance of public roads in said County, pursuant to authority conferred by the Constitution and laws of the State of Texas, particularly Section 9 of Article 8 of the Constitution and Chapters 1 and 2, Title 22, Vernon's Annotated Civil Statutes of Texas, 1936, as amended?"

THAT THE SAID ELECTION shall be held under the provisions of the Constitution and laws of the State of Texas, particularly Chapter 1, Title 22, Revised Civil Statutes of 1925 and all persons who are legally qualified voters of said Borden County, Texas, and who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with House Bill Number 337, passed by the Fifty-first Legislature in 1949, and that printed on such ballots shall appear the following:

Hot-Pack Treatment of Spasms Is One of Polio Controversies

WASHINGTON, June 19. (AP)—A little five-letter word has inspired thousands of words in a old controversy between Kenny and non-Kenny doctors in the field of polio treatment.

It's the word "spasm." Among individuals on both sides of the controversy over the findings of the Australian nurse, Sister Elizabeth Kenny, there are a variety of definitions of the term, but in general both sides appear to agree that it means a "tightening" of a muscle. They are much disagreed, however, as to the importance of a spasm in polio.

PRIMARY SYMPTOM

The Kenney people contend that "spasm" is the primary symptom of polio and requires hot packs and early manipulation of the muscles.

The opposing view is that while spasm can occur in a muscle, it can not of itself produce deformities. These doctors say that spasm can disappear spontaneously, without the use of hot packs.

Doctors of the non-Kenny school say that neither the Kenny treatment nor any other can prevent paralysis if it is going to occur.

AGREEMENT POINT

Both sides agree that if there is actual destruction of the nerve cells in the spinal cord or brain the muscle tissue linked with those cells will become paralyzed —that is, lose their function.

But they are disagreed on this score:

Strict Kenny disciples contend that even if nerve cells in the spinal cord or brain involved in a polio attack should recover, the restored nerve pathways to a muscle hopelessly affected by spasm would still be of no avail.

NON-KENNY VIEW

Non-conformers to the Kenny view hold that everything depends upon the central nervous system, the spinal cord and brain. If cells are totally destroyed, they say there will never be any function in the muscle tissue they serve but if the cells are only damaged, and later recover, muscle tissue which has temporarily lost function will start working again.

Kenny adherents contend that there is actually less real paralysis in connection with polio than is generally believed.

They maintain that whereas a certain muscle may appear to be paralyzed because it shows no function, the trouble may actually lie in a nearby muscle in spasm.

They hold that since the muscle in spasm is shortened abnormally, and is painful if stretched, Mother Nature may automatically shut off power to a nearby muscle so as to avoid painful stretching of the spastic muscle.

PSEUDO PARALYSIS

Opponents of this view say that while there is admittedly such a thing as "pseudo" or apparent paralysis, it has no relation to spasm.

Doctors of the non-Kenny school contend that when deformities occur, they result from a strong healthy muscle "over-pulling" on a weakened, paralyzed one.

The Kenny people contend that deformities can result, at least in part, from incompletely-treated "spasm."

Japanese Said Not Ready For Peace Treaty

TOKYO, June 19. (AP)—The supreme adviser of Japan's 70 million Buddhists spoke up today against an early peace treaty.

Takanao Yoshida said in an interview such a treaty, propelling an immature Japan into the society of free nations, might spur Russia into action.

He said Russia might be expected to evoke the Sino-Soviet pact of mutual aid specifically aimed at Japan.

Yoshida, just back from a six months tour of the United States, was the first Japanese leader to publicly oppose early conclusion of a peace treaty.

"Political independence is meaningless without economic independence," he said.

"Japan is politically immature, militarily unprepared and economically unable to become independent."

Yoshida is adviser to the powerful Japan Buddist Association (of Priests) and president of the Japan Buddhist Worshippers Association.

Says Atom Is Key To Power

ST. LIOUS, June 18. (AP) — Dr. Arthur H. Compton, one of the scientists who helped develop the atomic bomb, says atomic strength will determine the winner of the next world war and that America will remain on top in this field.

"Masses of foot soldiers are rapidly becoming obsolescent for military attack," the Washington University chancellor told the Kiwanis International convention Monday night.

America may be hurt in an atomic war, Dr. Compton said, "But we know that we are prepared to inflict much more severe damage on the enemy."

He said America's preparation of tactical atomic weapons for use in the battle field is an important factor in reducing the threat of masses of foot soldiers, and added:

"It is this fact that gives us confidence in case of a full offensive by the huge armies of China and Russia. The prime factor that must determine the outcome of such a war is now not millions of men but atomic strength, and in such strength we believe we can maintain predominance."

Reservists Out By December

WASHINGTON, June 19 (AP)—This army hopes to release by December about 100,000 enlisted reservists called to active service since the start of fighting in Korea.

Announcing this Monday, Secretary Pace said the program will start in July, rather than in September as originally planned, with release of a small number of reservists.

Pace said the release program affects men who were volunteers and inactive reserves when recalled to duty, but not members of the organized reserve, National Guard or regular Army volunteers.

The Army said that while no hard and fast formula will be followed, preference for release will be given to (1) World War II veterans and (2) men with other prior service.

Train Deaths Held Suicide

ALBION, Mich., June 18. (AP)—Death came to Mrs. Barbara Esslinger, 31, and her eight-year-old son, Ronald, apparently as the mother willed it.

Holding tight to her screaming son, Mrs. Esslinger stood in front of a New York Central train bearing down upon them Monday. Both were killed.

Coroner R. D. Scott, pronouncing the deaths "suicide and homicide," said Mrs. Esslinger had been despondent since her divorce two weeks ago from Raymond Esslinger.

U. S. Secretary of Agriculture Brannan says the average U. S. farmer gets about 69 cents an hour for his labor plus five per cent interest on his investment with no allowance for payment of the farmer for managing his farm.

Yugoslav Asks U.S. Arms Aid

WASHINGTON, June 19, (AP) — Col. Gen. Koca Popovic, chief of staff of the Yugoslav Army, says he is hopeful his country will be able to obtain arms from the United States.

Following a call on Secretary of State Acheson Monday, Popovic told newsmen his three-week mission to find more weapons for his army was "satisfactory." He indicated he hopes for arms on a grant basis.

United States officials have indicated this country is ready to give Marshal Tito's Communist but anti-Russian regime substantial quonities of armes if Yugoslavia asks for them. Tito would have to agree to use them only for defense and not to transfer or sell them without United States consent.

Would Have New Agency Fix Culture Standards

WASHINGTON, June 19. (AP) — Rep. Gathings (D-Ark) proposed today that as a means of combatting juvenile delinquency a federal commission be set up to fix standards for literature and radio and television programs.

Gathings told a reporter he is considering legislation to authorize such a group. He said it probably should not exercise censorship, but rather should establish broad standards.

Group Starts To Work On Code Of Ethics For Congressmen

By JAMES MARLOW

WASHINGTON, June 19. (AP)—A hardy little band of Senators armed with good intentions, set out today to explore a strange and shadowy land called "ethics in government."

Its a land where, behind the scenes, there are booby traps like cocktail parties; some of the natives shouldn't but do accept favors for favors granted; threats are made; and the law can be bent without breaking.

This unusual journey began in the head of Senator Fulbright, Arkansas Democrat, some months ago when he was digging into the doings of the RFC, the Reconstruction Finance Corporation.

On March 27 he got up on the Senate floor.

CODE OF ETHICS

He suggested Congress create a commission of prominent citizens to study and make recommendations — a code of ethics — for improvement in the morals standards of Members of Congress, those who work in government departments, and people doing business with Congress or the departments.

Congress received with something less than cheers the Fulbright suggestion that a commission of outsiders could prescribe a moral code for Congress

But the idea landed in the lap of the Senate's Labor Committee which then told a subcommittee — headed by Senator Douglas, Illinois Democrat — to look into the suggestion. Today Douglas' little group started to work.

LONG WAY OFF

For about 15 days it will listen to the views of 20 or 25 prominent men on whether they think there's truly a need for such a commission and code of conduct. Then it will be up to the subcommittee to decide whether it thinks the idea is good.

But even if the sub-committee approves the commission can't be set up unless the full labor committee and then both houses of Congress approve. So creation of the commission, if it ever is created, is still quite a distance away. In the end Congress may say "uh, huh," and forget the whole thing.

New Angle In Breaking Jail Used; It Fails

MONTEREY, Va., June 19. (AP)—Frank Ottey has a record of jail breaking. This time he tried a new angle — a very simple one.

He called from the jail window to a five-year-old boy, tossed the lad a couple of coins and told him to buy a hacksaw blade at a nearby store. This the boy did, returning it to Ottey.

The only trouble was the youngster told his father, who told the jailor, who retrieved the hacksaw.

Premature, 8-ounce Girl Is Still Alive

MIAMI, Fla. June 19. (AP) —An eight-ounce girl born four months prematureiy was still alive today in an incubator at Jackson Memorial Hospital.

Mrs. Ruby Ivey gave birth to the infant unexpectedly in the office of Dr. Alfred Nadler Monday. The infant measured just nine and one-quarter inches from top of head to toes.

Tarzan Adam

Grape-Leaf Ensemble Winning Attire In Male Beauty Parade

Hilarity reigned and humor was king at a party graced by some of the city's most comely queens at the Altrurian Daughters fund raising party at the Country Club Monday night.

J. D. Scott, 3600 Avenue U, was voted winner in the all male bathing revue.

Scott paraded his charm in an original costume, in fact the most original, because it was a copy of the costume worn by Adam after the apple incident. Scott wore an array of grape leaves and vines.

Among other charmers in the revue was Marcel Josephson in a brief two-piece mimick of what might be seen on the French Riviera. He had profusely added rouge and lip stick in an effort to be judged queen, but was only the top runner - up when the 10-cent voters were all cast by women on the reviewing stand.

Bert Dennis who came as Tarzan, wore leopard skin trunks and a detachable sarong.

Another original costume worn by R. E. Patterson consisted of conventional swimming trunks with a dash of color added to his chest to form the face of a laughing lady who winked and taunted as he flexed his muscles.

Novis Rodgers, Wilbur Ellis, N. R. Clements, and B. L. McKinley were other contestants in the male beauty parade.

More than $40 were collected in votes, and other money to be collected from husbands of Altrurian Daughters club members who didn't participate will go to help pay the club, the group made plans for Center.

In a business meeting which followed the covered dish supper in the club, the club made plans for a float in the Rodeo parade and to sponsor a participant in the Miss Snyder Pageant which will preced the rodeo.

Mrs. Lon Tyndall of Lake Charles, La., was a guest of Mr. and Mrs. Sam Woods at the party. She is their sister-in-law.

Uncle Sam Will Try to Decide How Many Skillets You Need

By SAM DAWSON

NEW YORK, June 19 (AP) — The government is fixing to decide how many automobiles, refrigerand stew pans you can, or should, buy — and in a very practical way.Uncle Sam hopes you'll be satisfied.

He's going to dole out all the steel, copper and aluminum to all the nation's users. That will relieve metals producers of one of their biggest headaches — and probably brag on a whopper of one in Washington. Because the government is likely to find that everyone and his brother has a different idea of what is his fair share — and will be very vocal about it.

The controlled materials plan (CMP) starts in two weeks with military goods production, and by the end of the year is expected to take in all users of metal, down the lowliests. CMP proposes to see that manufacturers of military material get all the metal they need, that companies who make goods supporting the defense efforts get metals enugh to keep them operating, and that companies who make less essential consumer goods get what's left.

Steel, copper and aluminum have been in tight supply for months. Manufacturers have scurried around trying to get enough to keep production lines going at top speed while the sellers' market lasted. Producers have tried to allocate their output among customers, only to be bitterly accused in many instances of playing favorites.

Military demands for steel expected to hit their peak this coming winter at around 10 million tons a year. Steelmen estimate that defense-supporting industries will want around 40 million tons. That should have at least 50 million tons for the purely consumer goods industries, such as automobiles and home appliances.

That's a great deal more than was available in the last war, after essential military requirements were met.

Wildcat in King County Is Abandoned

Lawson Drilling Co. is preparing to plug and abandon its No. 1 Starr Pope Northwest King County wildcat failure.

The project was drilled to a total depth of 6,350 feet in the Mississippian with out finding signs for possible commercial production.

One drillstem test was made in the Cisco and two were made in the Strawn lime. All three made only water.

After drilling to tatal depth, hole was plugged back to 3,650 feet and tests were made in the Cisco. No shows for production were developed.

The Strawn had some slight slight shows of gas.

Location is 660 feet from north and west lines of the southwest quarter of section 199 I&GN survey and nine miles northwest of Guthrie.

The average American uses about 350 pounds of paper a year, northern Europeans about 116 pounds and Asiatics about two and four tenths pounds.

Majors Find Deep Pay In Old Boom Area

TENNESSEE COLONY, June 19. (AP) — This crossroads hamlet in East Texas is enjoying an oil boom because of the perseverance of major oil firms.

For a 10-year period begining in 1934, a half dozen oil well drilling rigs were set up in the surrounding hills.

They all tested the Woodbine sand, a shallow formation regarded as the most dependable oil-bearing sand in East Texas. The small companies found salt water, or nothing.

The new boom is the result of deeper explorations, beginning with Continental Oil Company's 10,500-foot well a quarter mile southeast of Tennessee Colony in 1949.

Landowners in the area, having witnessed a lot of wildcat failures in their day, refused to get excited about the deep test.

But as fall neared an end, Continental began probing into structures previously untouched at Tennessee Colony. The results touched off a first class modern-day oil boom. A good grade oil was found in the Rodessa formation, the Pettit lime yielded a promising up in a section cut from the Travcore and some oil and gas showed is Peak zone.

Continental pulled back to the Rodessa and completed the well there in two sections of the zone. Since then, the Pettit has been found productive in other sections of the field and is one of the leading oil-bearing formations there. Operators still have hopes of finding oil in commercial quantities in the Travis Peak.

Since October 1949, a total of 17 producers — 26 if you count dual completions as the Railroad Commission does — have been brought in at Tennessee Colony. Nine others are being drilled, and two rigs are being set up. here has been one dry hole.

The 98-year old town has an oil boom and its because petroleumseekrs didn't give up on the deep structures.

The Opelika Field in Henderson County can tell a similar story; so can others. The trend in East Texas is toward deeper wells and it's paying off.

All-Stars To Meet Aug. 3

BEAUMONT, June 19 — The personnel of the 1951 North-South all-star football squads, which will meet at San Antonio Aug. 3 as a feature of the Texas Coaching School, can boast of both stars and oddities.

The North has Ed Zernet Highland Park (Dallas) voted outstandingg schoolboy football player in the state by the Texas Sports Writers Association.

Rick Spinks the Kermit star back, was the only Class A player in the state to receive unanimous all-state nomination. His teamates Don Kay Brown also was an all-stater and will be snapping the ball to Spinks in the all-star contest.

The unique is the North's squad state Class AA champion Wichita Falls. During the regular season last fall, Fields played a definite second fiddle to the great Ed Beach, at tailback. But the all star committee felt that it needed Fields' ability to handle the ball and spin in the single wing offense more than it neded Beach's other abilities.

Although Fields made neither first nor second all-state and Beach was on the first team, Fields reeceived the invitation.

The South is proud of its all-America Back Frank Eidom of Port Arthur. Its roster also lists Ed Hennig, Jr., son of the high school coach at Tyler, and Bobby Page of Leveerett's Chapel (Waco) Page was on a Class B team so no all-state is named in that classification, he comes to the game without portfolio. That he is the quarterback, punter and passer is not too unusual but that he plays tackle defensively in addition to his offensive chores puts him in a class by himself.

Houston Wins Tough Battle

By WILBUR MARTIN
Associated Press Staff

The fireballin' southpaw from Vinegar Bend, Ala., Wilmer Mizell, throw'd himself another masterful ball game Monday night, spacing seven hits to Fort Worth in 11 innings.

Wilmer's battery mate. Les Fusselman, backed his terrific pitching with a game-winning home run that gave Houston a 3-2 edge and kept the Buffs a game and one-half back of leading Dallas Eagles.

Dallas nudged San Antonio, 2-1, Shreveport beat Tulsa by the same score and Beaumont nosed out Oklahoma City, 5-4.

Mizell's string of scoreless innings was broken at 28 when Fort Worth counted two unearned runs in the fourth. The big rookie, darling of the St. Louis Cardinals' spring training camp, made the error that led to this trouble.

Dallas loaded the bases in the ninth inning and Jim Fridley came through with a long fly that sent Clyde Perry scampering home and gave Walt Lanfronconi his 10th victory of the season.

Southpaw Bill Henry stopped Tulsa on four hits, and fanned eight, including two pinch hitters, as Shreveport jumped to a one-run lead on Nebb Wilson's second inning home run.

Beaumont rang up three runs in the fifth inning on a walk, Jack Maupin's double and singles by Jerry Snyder and Art Mazmanian to beat Oklahoma City.

White Sox's Big Test Starts In Series With N.Y. Yankees

By JOE REICHLER
Associated Press Staff

Baseball's big question — how good are the White Sox? — may get its answer in the next 72 hours.

Opening with a double header today, Chicago "Rags - to - Richards" club takes on the defending champion Yankees in an important four-game series in New York.

Both clubs rested Monday as only six teams saw action. Cleveland moved a step closer to the American league leaders, outslugging the Red Sox in Boston 9-7. Bob Feller, although hit hard staggered to his 10th victory against one defeat.

GIANTS NIP CARDS

The New York Giants nipped the St. Louis Cards, 5-4, in 12 innings and the Chicago Cubs shaded tthe Boston Braves 5-4. The Giants trail the league-leading Brooklyn Dodgers by 5½ games.

The Yankes must sweep the four games to displace the Sox at the top of the league as Chicago leads by 3½ games. The Chicagoans apeared in good shape following their two wins in Philadelphia Sunday after the Athletics had captured the first three games of the series.

White Sox Skipper Paul Richards reached into his pitching grab bag and came up with another surprise starter in young Marvin Rotblatt. The little rookie from Memphis was to hurl one of today's games. Joe Dobson, curley-haired veteran obtained from the Boston Red Sox last winter, was to pitch the other.

RASCHI AND OVERMIRE

Casey Stengel of the Yankees announced he would counter with Vic Raschi, his ace, and Stubby Overmire, recently obtained from the St. Louis Browns.

Feller was supported by a 14-hit attack yesterday and needed all of those safeties, too.

Sam Chapman was the big Indian sticker. He got four hits including a home run. Al Rosen and Ray Boone also homered.

A double by Bruce Edwards followed by Bob Borkowski's single in the last half of the ninth broke up a 4-4 tie and gave the Cubs their 5-4 over Boston.

Monte Irvin's single off the left field wall scored Hank Thompson in the 12th inning with the run that won for the Giants over the Cards.

Hungarian Prelate Faces Red Charges

By ENDRE MARTON

BUDAPEST, Hungary, June 19. (AP) — Archbishop Josef Groz, 64, highest ranking Roman Catholic prelate in Hungary since the imprisonment of Joszef Cardinal Mindszenty, goes on trial Friday on charges of plotting against the Communist government, black market curreney dealings, helping persons to flee this country and other offenses.

This was announced in the Budapest press today, in a government indictment against the archbishop and eight others. The indictment said all "confessed."

Among the others is Dr. Elajos Pongracz, a Nungarian employee of the United States Information Service in Budapest.

Pongracz, 42, was arrested a month ago. The appearance of his name among those of the defendants makes it clear that the "legation of an imperialist power" mentioned in the indictment many times is the American legation here.

The other defendants are three high ranking monks of a religious order dissolved last summer, a prewar member of parliament, a lawyer, a former section chief in the Hungarian cabinet and a member of Hungary's former upper house of parliament.

Employment To New High for Month of May

WASHINGTON, June 19, (AP) —U.S employment last month reached a new postwar low for May, the government reported Monday.

The Bureau of Labor Statistics said that despite cutbacks in the auto and other durable goods industries employment continued at an all-time high for the season.

Employment off farms was given as 46.1 million.

Howard County Failure Abandoned at 10,569

J. C. Barnes has plugged and abandoned his No. 1 Albaugh-Hamlin, deep wildcat failure in Northwest Howard County.

The prospector drilled to a total depth of 10,633 feet in the Ellenburger. No shows of oil were found in that horizon. It was drillstem tested at 10,569-617 feet.

Recovery was 270 feet of slightly gas cut drilling mud. There were no signs of water and no water was encountered in continuing the hole to the total depth.

Top of the Ellenburger was at 10,555 feet. Elevation was 2,67 feet.

The Pennsylvanian zone at 9,130 - 9,230 feet had some shows of oil and gas, but it also made water.

Location was 60 feet from south and 1,980 feet from west lines of section 16, block 33, T-2-N, T&P survey. That made it 14 miles northwest of Big Spring and two miles northwest of Stanolind Oil & Gas Co. No. 1 Burton, a discovery from the Pennsylvanian lime which was completed several months ago.

Slight Show Found In Andrews County Test

Kerr - McGee Oil Industries, Inc., No. 1-B-11-23 university, Central - South Andrews County wildcat, continues to find slight shows of oil, gas and water in the Wichita - Albany section of the lower Permian.

The latest test was at 7,485-7,535 feet. The tool was open two hours and 35 minutes.

Recovery was 260 feet of oil and gas cut drilling mud, 90 feet of salty, oil cut mud and 30 feet of muddy, salty water. There was 2,700 feet of free gas in the drill pipe.

The prospector depned to 7,595 feet and is now taking a drillstem test with the packer at 7,573 feet.

The exploration had some shows of oil and gas in a test at 7,466-7,510 feet, in the upper part of the Wichita - Albany.

It had small signs of oil and gas in the Fullerton section of the Clear Fork between 6,400 feet and 6,821 feet.

The San Andres zone at 4,335-4,15 feet also logged interesting signs of a possible small production. The wildcat is contracted to 11,000 feet to explore the Ellenburger.

Location is 14 miles southwest of Andrews and 2,007 feet from north and 2,033.4 feet from west lines of section 23, block 11, University survey.

Two Diamond M-Clear Fork Completions

Lion Oil Co. has reported completion of two Diamond M-Clear Fork field locations.

Lion No. 51 account 3 C. T. McLaughlin made 37.11 barrels of 29.6 gravity oil on the pump. Recovery was 42 per cent water. The well had been conditioned with 10,000 gallons of acid. Gas - oil ratio was 227-1. Production is from open hole at 317-73309 feet.

The well is in section 201 block 97 H&TC survey.

Lion No. 8 Clarence drilled in section 189 block 97 H&TC survey pumped 24 hours to make a potential of 68.31 barrels of 29.8 gravity oil with no water. The well had been treated with 20,000 gallons of acid. Gas - oil ratio was 171-1. Casing is perforated at 3148-3176 and 3200-3238 feet.

Injured Driver Is In Fair Condition

W. E. York who was injured Sunday night in an accident on the Lamesa highway is reported to be in fair condition at Snyder Hospital today.

York is a driver for Dowell Inc. He was believed to have suffered internal injuries when his truck overturned.

No. 1-40 Dean Will Be Completed in Sprayberry

James H. Snowden and Associates are running pipe to try for completion at their No. 1-40 Carrie S. Dean, one - location southeast offset to their No. 1-32 Carrie S. Dean, recently completed pumping discovery from the Spraberry in Northeast - Central Dawson County.

The project is now at total depth of 7,279 feet. Five and one-half-inch casing will be cemented at approximately 7,528 feet. After cement cures it will be drilled out and open hole will be shot with nitro glycerin.

A drillstem test from 7,267 to 7,279 feet, with tool open three hours, developed 2,910 feet of free oil on recovery. After the test tool had been open 30 minutes gas surfaced.

No fluid came to the top during the three hours the tool was open. Open flowing bottom - hole pressure was 425 pounds.

Shutin pressure after 30 minutes was 2,650 pounds.

Location is 660 feet from north and west lines of section 40, block 1, J. Poitevant survey.

Party Held by Junior Chamber, Jayceettes

About 20 couples attended the party given last night for Junior Chamber of Commerce members and guests by the Jayceettes.

A special guest at the meeting was Mrs. Bill Beck of Odessa, state president of the Jayceettes.

Following the buffet supper the group played charades 20 questions and cards.
