The Front Line Is In Your Back Yard -- Uncle Sam Needs Scrap Metal!

The Lynn County News

"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 38 | Tahoka, Lynn County, Texas, Fri day, June 12, 1942. | Number 44.

Second Scrap Metal Drive Gets Results

Farmers Are Still Bringing In Junk

The campaign being waged for the collection of all scrap iron in Lynn County is proving fairly successful, but it is believed that there is much scrap iron out on the farms, in junk yards, and other places yet that should be brought in to one of the concentration points.

In Tahoka, it is being received at the Tahoka Co-operative Gin and the Farmers Co-operative Gin. Wilson and O'Donnell are other concentration points.

Up to Thursday morning a total of 74,170 pounds had been brought in to the two gins named above in Tahoka. No report had been received by County Judge Chester Connolly from Wilson. James Applewhite reported Wednesday that the drive was just beginning at O'Donnell.

The 35 tons of scrap iron collected so far will be very useful in whipping the Germans and the Japs but it will take a lot more iron than that from each of the counties in the various states of the Union to really get the job done.

A few years ago we were selling our scrap iron to the Japs. Now, let's furnish every scrap we have left to our own Government to help whip the Japs.

Bible School Is Declared Success

By Melvin Ratheal

That the Vacation Bible School is a big success is the opinion of all connected with it. Everywhere the people are praising the workers who so faithfully carried out the plans for the Bible School. There cannot be enough praise given for the workers who gave of their time and talents to make the school a success. Everyone filled his place, and everyone did his part and let the others alone, therefore, the entire school was well attended, everyone enjoyed every part, and all worked very smoothly. The average attendance for the school was 157 plus, the enrollment reache 204 and there were several who came only one day. There were 45 workers and 16 of them attended every day. There were several others who missed only one or two days.

The boys and girls were splendid. There were no problem children, all worked together in such a splendid way that every worker seemed to think that her class or group was best. The boys and girls were kept busy throughout the whole school learning more about things they had studied, and studying new things. We feel that we have the finest boys and girls that can be found, and also the smartest group.

We wish to thank Mr. B. T. Smith for the use of his electric saw and sander. The boys used it for the entire two weeks and it was of inestimable good for the boys. Also, we are proud of the fact that the Intermediate girls finished several articles for the Red Cross.

We wish to thank the following who gave refreshments to the boys and girls: Tahoka Drug, Smith Grocery, Collier Drug, Piggly-Wiggly, and Garland Pennington who made a personal donation.

The Commencement Exercises for the Vacation Bible School were well attended in spite of the rainy weather, and everyone enjoyed immensely the program given by the boys and girls.

We feel that this was such a fine school that we are already beginning to make plans for the school next year. And we hope that all the workers, boys, and girls will come next year, and bring someone with them.

Mrs. Harlan Cook underwent an appendicitis operation in Lubbock General Hospital Wednesday morning.

Home Canning Sugar Available

Consumers desiring sugar for canning purposes are not eligible for sugar for this purpose until fruit is on hand, according to a late ruling handed down to the local rationing board, according to W. O. Thomas, chairman of the board.

The board asks that those desiring sugar for canning not make application for sugar until they need it.

Farm Checking Will Start Soon

The checking of performance on the individual farms will begin in the near future, reports Derrell C. Henry, County Administrative Officer, Lynn County A. C. A. A performance school for the selection of Performance Reporters will be held Monday, June 15. All persons interested in being employed as a reporter should attend this school since they must pass a required examination before they can be employed, Henry said.

It is our hope that the checking of performance will begin around June 20, if weather conditions will permit farmers to have their crops up by that time in such a manner that they can be identified.

A few points which farmers who desire to comply with the provisions of the 1942 Agricultural Conservation Program should keep in mind are: (1) 20% of your 1941 cropland must be devoted to Soil Conserving Acreage or Land Use (Government Land); (2) You do not have a general (feed) allotment in 1942; (3) Cotton seeded in excess of the allotment can be destroyed within ten days after compliance is checked; and (4) refer to your copy of the Texas Handbook for further information.

Anyone interested in becoming a performance reporter is invited to contact the county office for further information concerning the requirements of a reporter, Henry stated.

Tahoka Clinic Is Being Expanded

Dr. Emil Prohl is having an addition to the Tahoka Clinic built. It will consist of two bed rooms and an operating room. Dimensions of the addition are approximately 25 by 30 feet. It is being built of hollow tile and will have the same beautiful finish as the original structure.

Dr. Prohl and Dr. K. R. Durham, Dentist, had the original structure built last summer and fall, moving their offices into it on November 18.

This addition will provide Dr. Prohl with much-needed additional space, enabling the Clinic to accommodate many more patients in the course of a year. It is expected that the building will be further expanded from time to time as the demands may require.

Hogan's Daughter Dies In Robstown

Friends here have received news of the recent death of Mrs. Eugene Hooper, well known here, which occurred at a hospital in Robstown, with burial at Alice.

Mrs. Hooper was the adughter of Mrs. G. E. Hogan, who lived here a number of years. Her father, the late G. E. Hogan, was in business here.

Besides her husband and mother, Mrr. Hooper left surviving her three grown children, a sister, and a brother.

Edwin Holloway, son of Mr. and Mrs. E. W. Holloway of Redwine, was a surgery patient in the Tahoka Clinic Tuesday, when his tonsils and adenoids were removed.

Summer Park Program Starts

The play program for the children to be conducted in the City Park through the summer months by the P. T. A. and other civic organizations was begun Monday.

The women in charge have found it necessary to make some changes in the original plans, however, particularly with respect to the hours and the days on which the play of the children in the park will be directed by these organizations.

Directed activities will be had only on Mondays, Wednsdays, and Fridays of each week, and only between the hours of 5:00 and 7:00 p. m., according to Mrs. Frank George, one of the leaders in the enterprise. Parents who permit their children to play in the park should see that these hours are observed, so that the children may have proper oversight and protection.

Mrs. George makes an appeal to mothers to volunteer their services. More helpers are greatly needed, she says. Any who can serve on any one of the days named in any week, should report to Mrs. George.

On next Monday, June 15, Mrs. Emil Prohl and Mrs. Douglas Finley will be in charge; on Wednesday, June 17, Mrs. W. T. Bovell and Mrs. Fred Hegi; on Friday, June 19, Mrs. Winston Wharton and Mrs. Woodrow Walker.

Volunteers for the following weeks are solicited.

W. W. Price Is Judge Candidate

Judge W. W. Price of Brownfield makes his announcement this week as a candidate for district judge of the 106th judicial district, which comprises Garza, Lynn, Terry, Yoakum, Gaines, and Dawson Counties.

The Judge has made two strong but unsuccessful races for this position heretofore, once with the able and popular Judge McGuire as his opponent and once against the present incumbent. He has served as county judge of his home county as well as county attorney. He has also served many times as special judge, and he has therefore had considerable judicial experience.

Judge Price is highy esteemed in his own county, never having been defeated in that county in any race for office which he has made. He is recognized by his neighbors as a thoroughy fair-minded and trustworthy gentleman, and if elected District Judge there is no doubt but that he would carry his sense of fairness with him into every trial.

But the Judge speaks for himself on another page of this paper, and most of the voters will probably have the opportunity of meeting him in person before the campaign closes.

Claude Donaldson Out Of Hospital

The many friends of Claude Donaldson will be delighted to learn that when his condition took a turn for the better it improved so rapidly that he was able to be brought home from the Plains Hospital, where he was a patient, on Wednesday of this week, and that he is continuing to improve in his home here.

Mr. Donaldson was in a critical condition for several days and three blood transfusions were given him before there was any appreciable improvement. It is now expected that he will be able to be back at his place of business soon.

VISIT IN FORT WORTH

Mrs. W. D. Smith Jr. and her parents, Mr. and Mrs. Sam Reid, and Mrs. T. J. Bovell visited relatives in and near Fort Worth last week end. Mrs. Smith visited her husband who is employed at the bomber plant. They also visited Mr. and Mrs. E. S. Evans, formerly of Tahoka, E. S. is likewise employed at the bomber plant.

Lewis Parker, little son of N. S. Parker, underwent tonsillectomy at the Tahoka Clinic Tuesday morning.

Rains Benefit Crops

Boy Scouts Are Attending Camp

Tahoka Boy Scouts attending the annual encampment at the South Plains area camp, near Post, this week include: Roy Anglin, Wayland Hughes, Charles Dollin, Carl Griffing Jr., and H. B. McCord, Jr.

D. F. Reddell, a former scout, is at the camp with them as sponsor.

Several other boys expected to spend a part of this week at the camp.

The camp is at the old Currycomb ranch headquarters southwest of Post in a picturesque and historic setting at the foot of the Caprock. The property was donated to the Boy Scouts of this area by the heirs of the late C. W. Post. Many improvements have been added by the Boy Scouts and interested citizens.

MRS. WEATHERS HOME

Mrs. R. P. Weathers, who has been seriously ill in a Levelland hospital for several week, was brought home Sunday, and is now on the road to recovery. She expects to return to the hospital this week end for a check-up.

Jimmie Allred Is Tahoka Visitor

Former Governor James V. Allred was the guest speaker at the Rotary luncheon here Thursday, with Rotarians and their wives and a few guests as his auditors. Eighty-eight persons registered as present, and this did not include a number of women who served the meal.

Since Rotary is a non-political organization, the former governor made no reference to his candidacy for the United States Senate nor to any other candidate for office. He devoted his time chiefly to a discussion of the job that we have on hand at this time, the job of winning the war, and the responsibilities that we as a nation will have after the war shall have been won.

In the first World War, he observed, we fought "to make the world safe for democracy," but after we had won the war we took out We thought we could live to ourselves. We refused to take Woodrow Wilson's advice, and took no measures to preserve the peace of the world. We devoted ourselves to the task of making money, forgetting that "Ill fares the land, to hastening ills a prey, where wealth accumulates and men decay." But our isolation policy didn't work.

We entered into an agreement with

(Continued on page seven)

Expert Will Speak On Marketing Problems

Miss Myrtle Murray, home industry specialist of A. & M. college, will be in Tahoka Monday for a talk at 2:00 p. m. in the district court room on Marketing Problems, and she will give particular attention to egg marketing.

County Agent Don Turner and Home Agent Maurine McNatt are asking that all men and women in the county interested be present at this meeting.

Mr. and Mrs. G. M. Stewart went to Abilene Sunday and joined Mrs. Stewart's father and other relatives attending the graduation exercises of the Hendrick Memorial Hospital, in which Mrs. Stewart's niece, Miss Martha Jane Dobbins, received her degree in nursing.

Little Misses Camma Lou and Jewell Marie Walker of Conway, in the Panandle, are here this week visiting their grandparents, Mr. and Mrs. A. A. Walker.

Mrs. Elbert Rogers and children left last week for San Diego, California, to join Mr. Rogers, who had been out there a few weeks already.

Old Settlers Will Not Hold Reunion

At a meeting of the board of directors and other officials of the Lynn County Old Settlers organization it was decided not to hold the reunion this year, postponing it for the 'duration," according to Tom Hale, the president.

This action was taken in view of the fact that most people are trying to conserve their tires on account of the tire rationing program that has been inaugurated.

Post Stampede Is Next Week

POST, June 11—This city will go "all out" in offering the greatest entertainment in this section of the State, Thursday and Friday, June 18-19, when the second annual Stampede and Rodeo will be unreeled in one of the finest rodeo plants in the West. There will be no shortage or rationing of entertainment as directors of the Stampede Association have planned this year's show to be even bigger than last year's.

Approximately $1,500.00 will be given in cash prizes in the five major events of the show, calf roping, wild cow milking, steer, and bronc riding, and cowgirls sponsor's contest. Besides the daily cash prizes, a $100 and $50 war bond will be presented high point man in calf roping and cow milking. A $100 war bond, $25 war bond, $10 and $5 in war stamps will be presented the four high winners in the cowgirls sponsor's contest. Besides the five major events, many special attractions have been planned. To provide color, the Stampede will present "The Allied Nations March." Twenty-six allied flags will be presented and identified during this feature.

There will be two, 3-hour performances each day, at 2:30 and 8:45 p. m. Street parades will be staged each afternoon at 1 p. m. Old-fashioned dances will be held each night.

New Car Stamps Now Available

Federal car stamp stickers are now available for the year beginning on July 1st, according to W. E. Smith, Tahoka postmaster.

All car owners are urged to get their stamps early at the post office and avoid the last minute rush. The stamps for the year will cost $5.00, Smith says.

NEXT SUNDAY IS FLAG DAY

Next Sunday is National Flag day, and A. M. Cade, commander of the Marion G. Bradley post of the American Legion, reports that the Post is asking the business men and other citizens of Tahoka to display the flag on that day. Let the Stars and Stripes be afloat next Sunday.

T-Bar Cow Has Freakish Calf

Ben Moore of O'Donnell sends us the following bit of interesting news.

F. M. Page, farm owner out southwest of the T-Bar school, reports that he has a freak calf which at the age of one week measured 16 inches tall and 24 inches long. Its parents are a cross between Jersey and Durham.

Being too small to receive nourishment in the regular manner, the calf is being fed via a pan and is doing quite well.

And there is no telling what a giant animal that calf may grow into. In this land of democracy and opportunity, it may some day come to be president of the whole T-Bar herd.

Mrs. R. W. Fenton Jr. is reported doing well after undergoing major surgery in West Texas Hospital on Tuesday morning.

Hail Damages Several Areas

A hail storm swept across the east portion of Lynn County Wednesday afternoon, utterly wiping out crops in a strip two and a half to three miles wide and extending north and south possibly twelve or fifteen miles. Grassland and Central Church communities lay in the path of the storm and as it came from the north, it is possible that the damaged strip extended most of the distance across the county from north to south.

Another area lying west and southwest of Slaton and covering a part of the Wilson area is also said to have been hit hard by hail.

Considerable acreage in the southwest portion of Lynn County was destroyed or damaged by hail on Friday of last week, it has been reported.

For the first time in the memory of old settlers here, more rain fell in Tahoka last Saturday than was reported from any other locality in the county. The light shower which fell Friday night together with the heavy rains that visited the town during the day Saturday registered a total precipitation of 1.83 inches of water, by government rain gauge. No other portion of the county received anything like that amount of rainfall. On Sunday afternoon a light drizzle fell, running the total up to 1.88 inches.

The heavy rain extended only a

(Continued on Back Page)

Connolly Writes From Australia

Mrs. L. F. Craft received a letter Monday from James K. Connolly, better known here as Keith Connolly, who is now a gunner in a U. S. bomber now operating against the Japs out of Australia. The letter is dated May 19 and postmarked "American Base Forces, May 23."

Keith is the son of Mr. and Mrs. James "Skinner" Connolly of this city and is a graduate of the Tahoka High School. The letter follows:

"Dear Aunt Lucy: Don't think that I have forgotten you just because I haven't written you sooner. I have received two letters from you so far, which I appreciated very much.

"Australia is a wonderful place. It reminds me of West Texas. I have circled the continent and have been to all the major cities. The towns are similar to ours except they are from five to ten years behind the times. It was a bit difficult to understand the people at first but now I talk like one myself.

"The Australians are very friendly, especially the girls. To go with a 'Yank' is the height of their ambition.

"I am a gunner in a bomber now. It is something I've always wanted to do. Sometimes it isn't so pleasant but it is a comforting feeling to know that you are in the best plane in the world.

"Does Jack Turner ever write? (Jack is from Slaton). I haven't seen him since I joined the Air Corps. I hope he is all right.

"I wired Mother a Mother's Day greeting. Did she get it?

"I have work to do, so I must close for now, hoping to get a long letter from you.

"Tell Curly (Herman Reid) to write, and also send some copies of the Lynn County News. As ever, James K. Connolly.

"P. S. Tell Woodrow to send me a sack of Duke's."

MRS. KENNOTH REID JOINS HUSBAND IN OGDEN, UTAH

Mrs. Kennoth Reid and little daughter left several days ago to join Mrs. Reid's husband in Ogden, Utah, where he is employed as a radio technician in the Signal Corps. Kennoth has been there several months.

Hall Robinson's Nephew Tells Of Thrills In Air

If you were an aviator, how do you imagine you would feel if the engine of your plane should go dead 10,000 feet in the air and seventeen miles out at sea?

Well, that is the experience that Franklin Mast of Lubbock had a few weeks ago. Franklin, about 23, is the son of Mrs. L. S. Mast and a nephew of Hall Robinson of Tahoka.

Mr. and Mrs. Robinson recently got the facts from Mrs. Mast as related to her by her son, and later they read the story of the thrilling event in Collier's magazine.

Youthful Franklin Mast learned aviation long before the war broke out, though he was scarcely more than a school boy. He enlisted in the Air Corps of the Army and was in Puerto Rico when the Japs started things. He was sent almost immediately to the Canal Zone, Panama, where he has been on duty since.

It was several weeks ago when he was flying a pursuit plane and had reached a height of 10,000 feet out over the sea, presumably the Caribbean, seventeen miles from land, when suddenly and unexpectedly his motor ceased to function and his plane began to drop.

A cool head is needed in such an emergency as that, and Lieut. Franklin Mast seems to have had one. He so handled his plane as to cause it to glide toward the land as rapidly as possible, but it went down, at a terrific speed. He donned his parachute but didn't get a chance to use it. The plane did not reach the land but it did reach shallow water near the shore. The plane, parachute and lieutenant hit in only thirty feet of water. How the pilot escaped death is little less than a miracle; but his only injuries were a cut on the shoulder and a knot on the head.

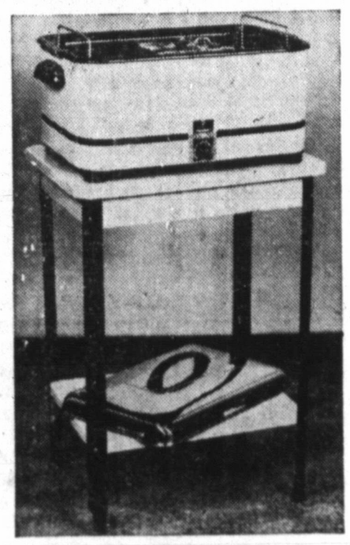

He swam to shore.

And for his courage, poise, and skill, he was given a bonus, a raise in pay of ten per cent, and promotion to first lieutenant.

BILLIE HILL WRITES THE HOME FOLKS

The News force has received a letter from Billie Hill, son of the editor, now in the U. S. Navy, which was written "somewhere at sea" on May 3. As it was postmarked May 5 and was received here on June 9, Billie must have been a long distance from home when the letter was written. He was doubtless somewhere in the Pacific. We quote from the letter as follows:

"Well, I have another chance to write home and I thought I would drop you a few lines. x x x I am all right and gaining weight all the time, I think. Anyway I feel much better than I have since I had pneumonia. I am also beginning to look like some of those Mexicans we see during the fall of the year. x x x I have hopes of getting at least ten days leave when we get back to New York so I can come home for a visit.

"I can't tell you where we are, but it has cost people plenty of dough to make a trip like this one, and it is almost like a pleasure trip.

"Hope everyone is O. K. and I hope you are getting along all right with the paper and not having to work too hard.

"Well, I will close now, and don't worry about me, as I am probably as safe here as I would be on some highway at home, but we will give the enemy a darn good scrap any time they want to try us out—and we will be back after it's all over regardless of where we go and meet them. Your son, Billy.

"P. S. Tell everyone 'Hello.' "

PRIVATE ROBERT POTTS WRITES FROM FORT LEWIS

Mrs. Vin Potts received a letter Monday from her son, Pfc. Robert Potts, who is stationed at Fort Lewis near Tacoma, Washington, enclosing his picture and a five-dollar bill as a birthday present.

Young Potts volunteered for service in the army in July, 1941. He was first stationed at an army fort in California, then sent to one in Wyoming, and later to Fort Lewis. Is expecing to be promoted to the rank of corporal soon.

Mr. and Mrs. Woodrow Walker and baby left Sunday for Corpus Christi to visit his brother, Clint Walker, who is in training at the Naval Air Training field near that city.

"CAPTAIN MIDNIGHT," No. 11

JOHN HAMBLENS ARE IN NEW ORLEANS, LA.

In a letter to the News, John Hamblen, who resigned a few weeks ago as band director and teacher in Tahoka High School, states that he and his family are now located in New Orleans, Louisiana, where he has a civil service job as chemist in the Bureau of Chemistry and Soils, United States Department of Agriculture. He seems to be greatly pleased with his new job.

He says, in part:

"I have a swell place to work. The place I'm in is a big new building with air conditioning. etc. . . . It's quite a different country down here—water everywhere, with lakes, canals, and the river. We really like it. And I haven't had a trace of asthma. It's a far cry from the Plains."

He says they certainly miss the Tahoka folks, though, especially the kids. and expresses his appreciation for the co-operation and support of the folks during their two years of residence in Tahoka. He also says he can't do without the Lynn County News any longer.

Their address is 5855 Catina St., New Orleans.

ATKINSONS ATTEND FAMILY REUNION

Mr. and Mrs. J. J. Atkinson and Mrs. Atkinson's mother, Mrs. A. S. Coughran, went to Welch in Dawson County and spent last Friday and Saturday in the home of their daughter, Mrs. Birt King.

They were met there by their other daughters and families in a reunion. Those present were: Mr. and Mrs. Henry Beights and three children, and their daughter and husband, Mr. and Mrs. Willard Groom, all of Loraine; Mr. and Mrs. Jesse Barnes and two children of Post; Mr. and Mrs. Shorty Brown and children of Seagraves; Mr. and Mrs. H. P. French of Tokio and their son, Corp. H. P. rFench Jr. of Fort Bliss, El Paso; Mr. and Mrs. Nolen Jayroe and daughter and Mr. and Mrs. Tay King and daughter, all of Welch; and Mr. and Mrs. Birt King, Jiggs and Grady of the home.

All had a really enjoyable time, and Mother Coughran stood the trip fine, Mrs. Atkinson reported.

FORMER COACH MARRIED

(O'Donnell Press)

Miss Claudine Etter of Kirkland and Ray De Busk, former H. S. coach here were married in Abilene June 5th at 8:30 p. m. by the Dean of the Abilene Christian College.

Ray was recently transferred from Missouri to Houston, where he will be stationed, and Mrs. De Busk will attend school there.

Mrs. De Busk has taught in Childress several years. She is the daughter of Mr. and Mrs. Claud Etter of Kirkland.

Announcement has been made of the birth of a son to Mr. and Mrs. Travis Inman of Snyder, weighing 8 pounds and 13 ounces, who has been named Joseph Philman. Mr. Inman is a son of W. P. Inman and was reared here.

Mr. and Mrs. Jim Kinder and Mrs. Maggie Lewis of Bryson were visitors in the home of Mr. and Mrs. Howard Henderson during the week-end. Mrs. Kinder and Mrs. Lewis are Mr. Henderson's sisters.

Marjorie Howard of Hollis, Okla., spent the week here with her cousin, Patricia Hill. Marjorie will leave this yeek end for Spokane, Washington, to spend the summer.

Staff Sergeant Joe F. Raindl of Fort Sam Houston spent the week end here with his parents, Mr. and Mrs. Frank Raindl of the Dixie community.

Mrs. J. O. King reports that her son, Corp. Woodrow W. King, of Kelly Field, San Antonio, was recently promoted to the rank of sergeant.

Miss Wilneta Briggs, of Kansas City, is here visiting Mr. and Mrs. D. W. Gaignat and Myrna Dean. Miss Briggs is Mr. Gaignat's niece.

ENSIGN SYLVESTER REESE WEDS FORT WORTH GIRL

The family and friends of Sylvester Reese here have received announcement of his marriage on Wednesday, June 3, to Miss Jimmie Fay Compton, daughter of Mrs. Ferdinand Compton of Fort Worth, and the couple are "at home" to their friends in Norfolk, Virginia, where Sylvester is an ensign in the Navy.

Sylvester is the son of Mr. and Mrs. J. L. Reese of this city and was brought up partly in the News office, where he learned the printers' trade and Linotype operating. Following his graduation in the Tahoka High School and one year of full time in the News office he entered the Texas Tech, where he worked in the Tech printing plant while pursuing his studies and where he received both the B. A. and the M. A. degrees.

Then he went to the Robstown Record as advertising solicitor a year and a half ago and recently enlisted in the Navy and was sent to Norfolk.

Mrs. Reese is not known here, but she also was a student in Texas Tech while Sylvester was there.

The News joins scores of other friends here in best wishes to Sylvester and his bride.

PARENTS RECEIVE RECORD FROM SON IN CAMP

Mr. and Mrs. E. J. Sproles of Wilson had a big surprise Monday when the mail carrier brought them a record from their son J. T., who is at Camp Fort Lewis, Washington.

Although they had to drive fifteen miles to hear it played, they were thrilled to hear his voice again, they declared.

They are expecting him home on a furlough soon. He will have been in the army a year on the fifteenth of this month.

Mr. and Mrs. E. L. Smelser and children returned the first of the week from Mt. Pleasant where they had visited Mr. and Mrs. H. O. Dickson, where Mr. Dickson is now stationed in the employ of the Stanolind Oil Company. Mrs. Dickson is Mr. Smelser's daughter.

HACKBERRY H. D. CLUB MAKES A REPORT

The Women's Home Demonstration Club met at the Hackberry Club House Thursday, June 4.

Present were the President, Mrs. Herman Dabbs, Secretary Mrs. W. P. Lester, and Mmes. L. E. Bartlett, B. Spence, Howton Haire, Clyde Haire, Ed Denton, C. A. Bloxon, Ben Bloxon, Peyton Crawford, Buford Jones, H. Taylor and three children, and Miss Maurine McNatt.

We had a good lesson on Chickens, had a demonstration on coops, and a talk on fresh eggs.

The Club decided to start a Red Cross Unit at the Club House, to meet each Thursday, and at Gordon each Wednesday.—Reporter.

WYNNE COLLIER, Druggist

Mrs. Fred House and son Clint left last week for Killeen, Bell county, to join Mr. House and daughter, Miss Helen House. Clint will work with his father on the Army's big mechanized training camp. The daughter is a clerk in the Killeen postoffice. They expect to return to Tahoka in about six weeks.

Thousands of Chicks Saved From Death

That's what happens when chicks are protected from bowel troubles, thousands are saved. Checking germ growth in the drinking water and medicating the digestive tract are a big help in preventing bowel trouble, and that's just what Dr. Salsbury's Phen-O-Sal does; it's double duty. Start your chicks on Phen-O-Sal.

Many are asking what kind of world this world is going to be after this war is over. In our opinion, it is going to be a democratic world—at least much more democratic than it has ever been before. Germany and Japan are going to be done with autocrats and dictators. The people of those and other totalitarian nations are going to see that the rule of the dictators has been disastrous to them and they are going to assert their own rights. We are going to expect Germany to become a great and real republic. And in time even the people of Japan will see that their mikado is not a real god but is a mere little make-believe god. Empires will be things of the past. Colonial possessions will be taboo; but it is possible that some of the weaker nations will still be compelled to look to some of the stronger nations such as the United States and Great Britain for security against the designs of any "bully" nation that may arise. In fact for a few years and possibly for many years the United States and other great democratic nations are going to have the responsibility of policing the world. And even in the democratic nations, such as our own, there will be greater equality of opportunity and more exact justice secured to the people. A much better world is going to emerge from this war.

At Midway, the little yellow men of the Land of the Rising Sun were compelled to wheel about and turn their faces toward the Setting Sun.

HARLEY HENDERSON
PHONE 18

That was a great victory that the U. S. Navy and air forces gained over the Japanese Navy in the mid-Pacific during the past week. Coming close on the heels of the Coral Sea victory a few weeks ago, we are wondering if the Japs are not beginning to suspect that they might have made a great mistake on that bright Sunday morning of December 7 1941. However, we should not conclude from these victories that the war against the Japs is already won. Before this reaches the reader, it may be that the Japs will have made another attempt to capture U. S. territory. It may be that they will have made another assault upon Dutch Harbor though we doubt it. But whether they make another attempt to take any more of our territorp or not we must dislodge them from their many air and naval bases on the islands of the Central and Southern Pacific, we must thrust them back away from the vicinity of Australia, we must drive them back out of the Dutch East Indies, we must wrest the Philippines out of their possession. Possibly the best way to accomplish all this is to finish destroying their navy; and this, in the course of time, we must do. We believe that we will do it.

We think that the disposition to criticise Congress because it stops to debate questions and consequently often delays action on highly important measures pending, is entirely wrong. When Congress ceases to be a deliberative body it will cease to be a useful or necessary branch of our government. Congress is the instrument through which our democracy must function. It is the machinery provided by our Constitution with which the people may translate their will into law. Individual members of Congress may from time to time deserve much criticism, and Congress as a whole may be remiss in its duties at times, but usually it represents the sentiment and the will of the people, and when we promiscuously and indiscriminately attack Congress as a body, we are attacking democracy itself as a form of government. The President, perchance, at some time or other might become a dictator; but Congress, never.

Jerry Sadler and that fellow Jim Kilday tried to pull a great stunt when they attemptel to transfer the office of railroad commissioner from Jerry to Jimmy without giving the people a chance to have a say in the matter. But the shrewd man who sits in the governor's chair threw a monkey wrench into their machinery. He refused to acscept the resignation of Jerry until the Democratic Executive Committee could have a chance to act and he thus exposed the chicanery that Jerry and Jimmy were trying to pull. The Committee met Monday and extended the time for filing as candidates for the position until Thursday midnight thus making it certain that Jim Kilday would not have the privilege of running a solo race. The chances are now that he will run a slow race.

Congress is showing some appreciation of the services of the boys that carry the guns and man the ships in the face of enemy fire. It has voted to raise their pay scale to a minimum of fifty dollars per month. This seems only reasonable in view of the high wages the Government is paying to laborers in war industries and in civil life. Let's give Congress a hand.

IN FEDERAL COURT

John Slover and E. R. Brown have been attending Federal court in Lubbock the past two weeks. They are on the petit jury panel.

Political Announcements

R. O. MILES.

For Commissioner, Prec't. 4:
LEON JENNINGS (re-election)
C. H. (Claude) REAGAN

For Justice of the Peace, Prec't. 1:
P. D. SERVER

Since the prohibition of the sale of intoxicating liquors in this country for the duration does not seem to be even remotely probable, we think the House Ways and Means committee made a wise decision Monday when it proposed that the tax on whiskey and other distilled spirits be increased from $4.00 to $6.00 per gallon. If a man has money to throw away in the purchase of liquor that can do him no good and may do him and others great harm, then we think that he can afford to dig down into his pocket a little deeper every time he buys a drink to help his government win the war. While we are taxing the poor, let's also tax the spendthrifts.

WANTS LAW AGAINST HOPPERS RUNNING AT LARGE

J. H. Kuykendall of Edith was in the News office Monday complaining that some of his neighbors' grasshoppers were depredating upon his premises without his consent, express or implied.

He says that he has poisoned his own hoppers twice, sending the most of them prematurely to their graves, but that as fast as he kills out his own, his neighbors' hoppers swarm across his line and proceed to feed on his cotton. He wants a law passed to stop trespassing by these beasties. In other words he thinks that every fellow should be required to keep his own grasshoppers at home.

W. J. Faires, retired farmer, thinks that he is some potato raiser. He brought to the News office a few days ago a few of the specimen spuds he had just dug from his garden on his premises in south Tahoka. It must be admitted that these were fine tubers. And W. J. grew them all by himself, believe it or not.

TO THE CITIZENS OF THE 106th JUDICIAL DISTRICT OF TEXAS

Since January 1, I have been solicted by citizens of the district to enter the race for District Judge. Remembering the pangs of a former campaign I have hestitated to make this race. A worthy vote throughout the District in this former race has been however, a continuous source of consolation to me. Then too, I have hestitated to enter this race on account of the war. Our young men are all in it. My only son entered the Nation's army as a private at $21 per month, and has been stationed in the war zone for the past 20 months. I say this because I know that the war is the one thing of supreme concern to fathers and mothers with sons in the armed forces.

No matter how deeply news from the Front affects us we have to carry on at home. Our boys would never forgive us if we quit and did not try to overcome our failures and seek to live by achievements worthy of us as a parent.

From this angle, I have been cheered to attempt to do a thing I have heretofore failed — to be placed in the position of your District Judge, elected by the Sovereign Voters, rulers of this great democracy. Our sons are now fighting to protect the high ideal, that we, as a sovereign people, may control our own destiny and live as we have lived through the ages in our own free way of life.

Four years ago I made the race for District Judge, speaking in every school house in the district. I said then, that a District Judge should be a man trained in the law, a man of decision, a man with patience, a man that had control of himself, a man with due regards for every man, a man of firmness coupled with human sympathy, a man that believed in staying in the middle of the road, plowing deep to determine the rights between men, without fear or favor, a man who would respect the rights of the humblest practitioneer of the law, as well as the most noted barrister, a man that would see that the voice of the down and out be heard in the temple of Justice.

I feel that I have reached the age in life, where I am able to act with precision, based on experience gained the hard way. I feel that I know the highest values for a human life, the things that elevate and the things that destroy. I have schooled myself to think that a defeat was just something to overcome, a stepping stone, instead of a barrier. In this spirit I took the rap in the race I made four years ago

Most of you know me. I have lived in Terry County since December, 1900. I have served Terry County as County Attorney and as County Judge. I have never been defeated in my own county for any position I have sought. I hope I may be elevated in your opinion above petty politics, as a candidate from this county, that I may be considered as a man seeking a position in the district as a citizen of the district. I have been in the active practice of law for 20 years, licensed to practice in the State and Federal courts.

Due to the shortness of time, tire shortage, and possible gas rationing, I can not hope to make an extensive campaign. I trust this announcement will be consiered by you, as a personal request for your support. If you elect me as your District Judge, I shall do my best to fill the position according to your high ideals of the man and the place.

Respectfully yours,
W. W. Price.

Herbs In Victory Gardens

With imports restricted by wartime conditions, most Texans may profitably include a few herbs in their victory gardens.

Many herbs are well adapted to this section of Texas. Among the herbs and spices which might be grown with garden care are basil, dill, mint, sage, parsley, catnip, fennel, chives, majoram, mustard.

Using herbs in cooking is an art which is practiced too little. They give stimulating flavors to drinks and distinctive flavors to warmed-over dishes.

Use herbs sparingly. Blend them judiciously. Don't use herbs in every dish.

Parsley, fennel, thyme, marjoram, and savory are good with poultry, veal, venison. and fish; while lamb or mutton may have mint sauce or mint jelly. A dish of mint or tarragon will make fruit salads more delightful. Chives, mint, parsley, pepper grass, watercress, and sorrel will give other salads new and unknown tangs. Poppy and caraway seeds add interest to breads, rolls, and pickles. Woodruff, mint, lemon verbena, balm, and anise are good in beverages.

Blitz The Boarders

Don't allow a few culls to sabotage your production program. Hens not laying should be sold because fat hens are bringing a good price on the market and, non-layers consume approximately 4 lbs. mash and 3 lbs. grain per month.

One should remember that feed cost per dozen increases or decreases in direct relation to production. If there are enough non-layers in the flock to bring the production average down to 40% and the feed cost remains the same then it costs 15.8 cents to produce a dozen eggs. Sell the non-layers and use the money to make those changes in the poultry house you have been planning. Next month you should start using the floor-line ventilation in the houses.

To cull hens: Make a small catching coop out of wire. The hens will go into a wire coop where they will shy away from a wooden one. Do the job in the late afternoon if possible; this enables you to handle them after they have finished laying for the day. Handle them carefully to avoid undue excitement and possible injury. Do the job yourself. You can be better satisfied because no one knows your flock as well as you. If you need help get bulletin B-105, "Culling Hens," from your County Extension office.

AREA SUPERVISOR GIVES PENSION INFORMATION

The News has received for publication the following communication from the Area Supervisor of the State Department of Public Welfare, Lubbock office, which doubtless will be of much interest to many of our readers. The communication follows.

In answer to the question, "Why doesn't every aged persos draw $30 per month Old Age Assistance?" Mr. W. R. Dorsey, Department of Public Welfare, points out the practical problem of financing such a program and the fact that Texas would lose federal grants-in-aid by which it is now paying one-half of the expense if such a law were passed.

The 1940 census reveals that Texas has 345.120 aged persons over 65 he declared. If each of these were paid $30 per month, without any allowance for administrative costs, it would require $10,353,600 each month, or $124,243.200 per year. The 47th legislature appropriated money to supply one-half the amount needed each month to pay grants to aged persons meeting the law's qualifications, specifying that no more than $1.750.000 should be used in any one month. With federal matching funds this makes possible a maximum expenditure of $3.500,000 for Old Age Assistance. Last month $3,374,649 were distributed to 172,234 recipients and the rolls continue to grow despite losses due to death and ineligibity.

A fundamental requirement of the federal government is that all grants shall vary according to the individual needs of an applicant. Therefore, if $30 per month were paid to all aged persons, federal aid would be lost, Mr. Dorsey stated.

Texas is now making monthly cash public assistance payments to three groups of needy people. These are men and women over 65, blind people, and dependent children who have lost the care or support of one or both parents. Mr. Dorsey stated that the amount of the cash payment which each needy person receives is decided by the local welfare office after a careful and thoughtful study of each person's situation. Three general facts considered by the local office in making this decision are: the resources which the needy person has at his disposal, how much he needs to live on, and the statutory maximums which can be granted.

There are now 156 aged persons receiving Old Age Assistance in LYNN COUNTY, an increase of 14 over the previous month. Grants average $19.23 in this county and total $3,000.

W. R. Dorsey,
Area Supervisor,

ODDS and ENDS - - -

by Eee Eye, the Elder

Somebody ought to write a history of the Indians and their operations in Texas. Many detached stories about them have been written but if anybody has set about the task of writing a detailed and connected story about them we have never seen it. We will admit, however that our knowledge of Indian bibliography is very limited.

✣

Recently we heard an aged man recite some incidents relative to the Battle of Plum Creek that were very interesting, to say the least. But he could not remember the name of the Indian chief who led that fight, and we don't think we ever knew what it was.

It was back in 1840 that the Comanches made a raid down the Guadalupe River valley murdering many people, stealing their property. Cuero, Victoria, and Linnville at the mouth of the Guadalupe sustained the heaviest losses. Having wrought havoc to the country and brought consternation to the people, they came back up the Guadalupe but left the river valley somewhere in the vicinity of Gonzales and struck out north or northeastward.

In the meantime, the Whites had organized their forces and gave pursuit, under the leadership of General Felix Huston, Col. Edward Burleson, and others. They overtook the Indians at Plum Creek, a few miles north of the town of Lockhart, and there the battle occurred. The Indians suffered a terrible defeat, many of their number being killed, and that was the last time the Comanches gave any serious trouble in that part of Texas.

✣

It was as we drove northward from Lockhart a few weeks ago in company with Mr. Hop Halsey, the grandfather of State Representative Hop Halsey of Lubbock, that he told us the story of Plum Creek Battle.

"Right along down there somewhere," he said as we approached Plum Creek "is where the Battle of Plum Creek was fought. One of the old chiefs who was captured in the fight was dressed in a long dress coat and a 'bee-gum' silk hat, which he had evidently taken from some white man the Indians had murdered on their raid. The funny thing about it was that the old Chief had the coat on backwards." It was a long-tailed, broadcloth Prince Albert, which was quite stylish in the early days of Texas.

✣

We don't know where Mr. Halsey got that information about the Comanche chief but he certainly had his facts down correct about the battle itself and the events that led up to it, as we have read since.

And it has occurred to us that many of the old-timers in Texas could hand down to future generations many a thrilling story and many a mere human-interest story concerning early experiences with the Indians in Texas if somebody would take the trouble to write them down, or gather into a single volume as a matter of historical record.

✣

Some folks waste a lot of sympathy at times on the Indians on the grounds that the Whites robbed them of their lands and drove them from the country. The Whites, no doubt, did frequently mistreat the Indians and give them cause for complaint, but many of the Indian tribes, notably the Comanches, were both cruel and treacherous. Racially, they must have been a-kin to the Japs.

But as to their cruelty, they would look like pikers in comparison to Hitler and his hordes. Just think of the cruelty and injustice involved in the cold-blooded murder of 234 Czechs, perfectly innocent men, solely on the grounds that some member of their race assassinated Hitler's chief hangman!

For pure-dee barbarity and savagery, Hitler and his henchmen surpass anything that has happened since the days of Nero.

But Hitler is going to be called to an accounting some of these days, if he lives through the collapse of his own forces that is sure to come somewhere down the lane of the future.

ATKISSONS GO TO ARIZONA FOR MEETING

Mr. and Mrs. Garnie Atkisson and daughter left early Monday morning for Superior, Arizona. The Church of Christ in Tahoka is sending Mr. Atkisson, the local minister, to hold a two weeks' meeting for the group of Christians at Superior. Unless other arrangements are made, the Atkissons will return in time for Mr. Atkisson to fill his place here the fourth Sunday in this month. There will be some one to take his place during his absence.

James W. Adams of Henderson, Tenn., will hold the summer meeting for the Church of Christ here, beginning on Friday night before the fourth Sunday in August and closing on the night of the fifth Sunday.

Fred Grider returned to the Scottish Rite Hospital near Dallas the first of the week for further treatment of his leg.

AIM TO GET THE BEST OUT OF YOUR COOKING

Follow These Rules:

Roast meat at low temperature in your Gas oven and reduce shrinkage.

Remember that the flexible Gas flame can be regulated to any degree of heat you need, eliminating scorching and overcooking of food.

Use any remaining vegetable liquids in soups, gravies, sauces, or cold in tomato juice.

Plan one casserole dish a week to use left-overs.

Cook vegetables by the "waterless" method for which your Gas range is especially suited. The flexible Gas flame will give you the exact degree of heat you need.

Bring vegetables to boiling point quickly over full Gas flame, then turn flame low and cook gently.

Keep utensils covered and do not use soda in vegetables.

Do not pre-heat your Gas oven or broiler too long. Remember, Gas is fast.

Plan complete oven and broiler meals, to make full use of Gas.

Avoid using small pans on large or giant top burners.

West Texas Gas Company

PARTICIPANT IN NAVAL BATTLE HAS RELATIVES HERE

Mr. Hop Halsey Sr. of Lubbock spent two or three days here this week visiting his daughter. Mrs. Millie Halsey Hill.

Mr. Halsey was much interested in the stories appearing in the daily papers relating to Ensign Geo. H. Gay Jr. of Houston who took part in the great naval battle at Midway Island in the Pacific last week, for Ensign Gay is the grandson of Mr. Halsey's brother.

Gay's plane was shot down after it had hurtled a torpedo at a Japanese aircraft carrier, and his gunner and radioman were killed. For 24 hours he floated in the midst of the sea battle and had opportunity to see a line of burning Japanese ships as they passed by.

Back in Pearl Harbor, he related an amazing eye-witness account of the battle, as revealed later by Commander-in-Chief Chester W. Nimitz.

It was a cousin of Gay's, Capt. H. G. Thorne of San Antonio, another grandson of Mr. Halsey's brother, who made a daring escape from Bataan Peninsula on the day that it was surrendered to the Japs. Amid countless dangers, he and ten others made their way first to Java and later to Australia, where Capt. Thorne is still in the aviation service.

Mrs. Hill and the editor had the pleasure of visiting Capt. Thorne's parents in San Antonio a couple of years ago.

Wyatt Has Two Sons In Service

J. R. Wyatt, who moved into Tahoka recently from the farm five miles west of New Home, reports that he has two sons in Uncle Sam's armed forces.

Melef T. Wyatt, 28, is in the Air Corps of the Army and is stationed at Duncan Field, San Antonio. He enlisted in March of this year.

Claude V. Wyatt, 24, is in the Artillery at Fort Riley, Kansas. He enlisted in January.

Both of the sons are unmarried. He and Mrs. Wyatt moved into town after they enlisted in the Army.

SCIENCE BUILDING UNDER CONSTRUCTION AT CANYON

CANYON, June 11 — Placing of cream-colored stone on the foundation is giving West Texas State College folk a better idea of the ultimate appearance of the new $170.-000 science building.

Virtually all materials for the two-story structure are on the ground. The building will be occupied at the end of this year by the departments of agriculture, chemistry, physics, and biology.

Miss Erma Davis, nurse at the Tahoka Clinic, and Miss Elizabeth Link are in Mineral Wells this week visiting Mrs. Gladys Davis, health nurse there and former health nurse for Lynn County.

Mr. and Mrs. Conway Clingan and Mr. and Mrs. Don Turner spent the week end at Artesia, New Mexico, visiting Mrs. Clingan's parents.

Congratulations . . .

To Mr. and Mrs. Grady Burckhartt, Tahoka, Rt. 1, on the birth of a son weighing 7 pounds and 3 ounces at 9:45 o'clock Monday night in St. Mary's Hospital, Lubbock.

To Mr. and Mrs. O. D. Orr, who reside a few miles southeast of Tahoka, upon the birth of a little son weighing 8 pounds and 1 ounce, born in the Tahoka Clinic last Saturday, June 6. The little fellow bears the name of James Michael.

ALL-DAY SINGING AT LAKEVIEW ANNOUNCED

The News has been requested to announce that there will be an all-day singing at Lakeview on the third Sunday of this month June 21. Every body is cordially invited, including especially all good singers throughout this entire section of the South Plains.

Remember the time, the third Sunday in this month, and be there with your lunch.

Bill Ellis, formerly of Tahoka, was a brief visitor here Wednesday en route to Sundown, where he will be stationed for a month or six weeks. He is employed by an oil company at Wink.

Mrs. W. H. Kahl, Mrs. J. T. Greene, and Mrs. Horace Lindly left Tuesday morning for Pampa, where they expected to remain a couple of weeks for some kind of treatments.

BAPTIST CHURCH

By Melvin Ratheal

Brother Dale, pastor of the First Baptist Church, has been doing his regular duties this week and will preach Sunday morning at the 11:00 o'clock preaching service.

We have been having splendid attendance recently and hope that everyone will come Sunday and bring someone that we might have one of the largest crowds ever attending preaching. In this time when everything else has failed, people should come to the realization that God has not failed, and that He will NEVER fail. The Church is the strongest institution on earth, and man can help more by being in the services of God than any place he can be. We appreciate people who come to the House of the Lord, and always appreciate visitors as well as members. We expect the members every Sunday morning, and every Sunday night, and also expect visitors at every service, for few pass that we do not have visitors present. Won't you come and worship with us Sunday? We will be glad to see you.

The Associational Brotherhood Meeting will meet at Wilson tonight (Friday) and the local Brotherhood will meet Tuesday night. We are very anxious for our men to attend these meetings.

The program for the week:
Sunday—10:00 a. m. Sunday School.
11:00 a. m. Morning Worship.
7:00 p. m. Junior Choir Rehearsal.
8:00 p. m. Training Union.
9:00 p. m. Evening Worhip.
Monday—1:00 p. m. Boys leave for camp.
4:00 p. m. W. M. U. Special Program at the Church.
4:00 p. m. Sunbeams.
Wenesday—1:00 p. m. Girls leave for camp.
8:30 p. m. Teachers and Officers Meeting.
8:30 p. m. Prayer Meeting.
8:30 p. m. Community Singing.

John William Ivey of Pecos is here visiting Mr. and Mrs. Conway Clingan. The little fellow is Mrs. Clingan's nephew. Mrs. Clingan and John William will spend this week end in Abilene.

Mrs. Dick Lee, Mrs. Bill Anderson and little daughter, Brookie Lee Anderson, of Lovington, New Mexico, spent Tuesday afternoon and night here visiting Mrs. R. C. Forrester and Miss O'Bera. Mrs. Lee is Miss O'Bera's aunt.

W. M. U. ROYAL SERVICE PROGRAM

With Mrs. George A. Dale as the Program Leader, all Circles of the Baptist W. M. U. enjoyed the monthly mission program from Royal Service, Monday afternoon, at the church.

Following the Devotional brought by Mrs. H. M. Snowden, the following participated in a program on the subject: "Whatsoever Things Are of Good Report;" Melvin Ratheal, and Mmes. Jim Burleson, Melvin Ratheal, and K. R. Durham. These discussions stressed the various Christian graces as prayer, giving and serving, as illustrated in the Bible story of Ruth and Naomi.

In a business session presided over by Mrs. Coy Fielder, the members voted to omit circle meetings next Monday afternoon and meet in one group in the home of Mrs. W. M. Harris for a Ministerial Relief program. All women of the church and other interested persons are asked to attend this meeting which begins at four o'clock.

Another matter of business is the hospital box which is to be packed Monday afternoon. Each grown person and each child of the church and Sunday School is invited to bring or send bath towels wash cloths, pillow cases or sheets, or contribute cash to purchase same in order that Tahoka First Baptist Church may make a worthy offering to our hospital at Abilene.

Attending the meeting besides those named above were Mmes. J. L. Reese, Garland Pennington, Lida Kelso, W. M. Harris, J. K. Woosley, Clay Hughes and V. A. Botkin.

CENTRAL BAPTIST CHURCH NEWS

Several boys and girls are planning to go to Ceta Glenn Camp near Canyon next week. This will be a worthwhile outing for recreation and inspiration.

We are looking forward to a good Vacation Bible School June 22 to July 3 for all children of our community from 6 to 16 years of age. Be sure to see that your children have the opportunity this school affords. There will be no individual expense.

Our Sunday School begins at 10 o'clock now, so let us try to be in our places on time.

W. L. Knight accompanied Mr. and Mrs. F. T. Carson of Washington, D. C., to San Angelo last Saturday where they visited K. F. (Buddy) Knight and family, and brought the Carsons back to Big Spring early Monday morning, where they caught a bus for the east. Mrs. Carson is Mr. Knight's daughter and K. F. is his son. He reports his daughter-in-law, Mrs. K. F. Knight, who was in exceedingly bad health for several years, has regained her health.

Mrs. Jim Bob McAtee and daughter, Janie Lee, and Johnnie Sue Hamilton of Henrietta, Okla., are here for a months' visit with Mrs. McAtee's mother, Mrs. J. H. Cobb, and other relatives.

Miss Christine Wenzel of the Lyntegar office, who has been seriously ill for some time, is still in a critical condition, it is said. She is a patient in the Mercy Hospital in Slaton.

Richard Crooks, the tenor, enlisted in an aero squadron in the first World War.

Jo Lehman, student in the University of Texas the past two years arrived home Friday night to spend the summer with his parents, Mr. and Mrs. A. L. Lehman, and family.

Ray Grider, private first class, of the U. S. Cavalry, Fort Bliss, arrived Monday morning for a short visit with relatives.

CUSTOMER: Both these cars appeal to me, but . . .

SALESMAN: You won't find a better second-hand car anywhere than either of these. Wonderful buys!

CUSTOMER: If I only knew how the engines had been treated . . . what oil the ex-owners used.

SALESMAN: This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!

CUSTOMER: Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—lubricant that doesn't all drain down at every chance, but stays on the job.

SALESMAN: Well, that'd sell me the red one.

CUSTOMER: Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you whenever these services are needed. I'm here to help you get the maximum service and life from your car at the least possible cost and trouble to you.

DIPTHERIA IMMUNIZATION GIVEN TO 68 PERSONS

Free immunization against diphtheria was administered to 68 persons by Dr. Prohl and Dr. Sinclair during the day last Wednesday. This was, in fact, the preliminary "shot," as was that administered to 180 persons the week before.

Those getting their first "shots" on June 3rd will receive the second and final treatment on July 8; those receiving their preliminary treatment on June 10. will receive their final treatment on July 15 as the second treatment is to be given four weeks after the first.

All parents in the city and throughout the county are urged to bring their children in next Wednesday as that likely will be the last time to give the first treatment.

MRS. SKILES THOMAS VISITS HERE LAST WEEK

Mrs. Skiles Thomas came up from Houston Saturday and spent until Tuesday visiting her husband's parents, Mr. and Mrs. C. A. Thomas, and other relatives.

While here Mrs. Thomas was the honoree at a coffee given in the home of her cousin, Mrs. Lenore M. Tunnell, Monday morning.

other great powers to limit the building of battleships and other instruments of war. We, the United States and Great Britain kept the agreement and sunk a lot of our ships. The other nations secretly junked the agreement and went to building ships and other powerful war machines with all their might.

We must not make this mistake again, he declared. Heretofore Great Britain has controlled the seas. She can't do it any more. The job will be up to us. We must not permit the world to be whirled into the holocaust of war every twenty-five years. We must keep the nations disarmed that have been making war, in accordance with the Atlantic agreement, he declared.

He decried the fact that too often we had listened to Hitler's propaganda. He cited a number of instances of that kind. Soon after the attack was made on Pearl Harbor, he recalled, it was whispered around that not all the truth about the disaster wrought there had been given out at Washington. The truth was, these propagandists whispered, that almost our entire Pacific Fleet had been destroyed. We should get out of the Pacific, was the conclusion that the propagandists sought to spread.

We should get out of the Far East, was another piece of propaganda they spread. Allred forcefully refuted these arguments. Suppose we should get out of the East and surrender the control of the Pacific to our enemies, what would happen? he asked. Already they have cut us off from our supply of rubber. The Government is considering now the rationing of coffee and tea and cocoa. Shall we permit ourselves to be cut off permanently? We have always maintained the right to go into all the Seven Seas and to trade where we please. Shall we surrender that right by getting out of the Far East?

He also decried the fact that too many of us have listened to Hitler's propaganda and been led often to criticize our allies. He had nothing but praise for the English. He said that they were caught just as unprepared as we were. They tried to keep the peace. They didn't want war. They left Dunkirk almost totally unarmed. They were bombed and and bombed and bombed; their schools and churches and public buildings were destroyed. their women and children. many of them, were killed; and yet through it all they kept up their production; and we see the results of their work in the Rhine and the Ruhr Valleys today.

He believed that there are still good Christian people in Russia also, and even in Germany. He praised the Russians for bravely holding the lines until England and America could get ready.

He pleaded with his hearers not to listen to this foreign propaganda, not to criticize our allies, but to cooperate fully with our allies and follow the leadership of our own Commander-in-Chief, Roosevelt, to the end that we may speedily win this war.

It was a strong presentation of the case, and it is regrettable that people all over Lynn County did not have the chance to hear it.

Truett Smith, president-elect of the Rotary Club, introduced the speaker.

Frank P: Hill, the present president of the Club, recognized a number of distinguished guests. Included among these were Sam Richardson of Lamesa, C. W. Ratliff editor of the Lubbock Avalanche, Arch Underwood of Lubbock. Mrs. Ola Belle Singleton Lamb who was Gov. Allred's secretary while he was in the governor's office, and Mrs. Marjorie Wells Kemp, a former sweetheart of the club, who served as pianist for the day and played a special number. Mr. Underwood also responded to a call for a brief speech.

In the early hours of the afternoon, Governor Allred made a political speech to a small crowd on the court house lawn before leaving for his appointment at Brownfield.

JOHNNY McKAUGHAN, MR. McKAUGHAN IN HOSPITAL

Mrs. J. S. McKaughan reports that her son Johnny. who has been ill in recent weeks, and her husband, J. S. McKaughan, are both undergoing treatment in the State Sanitorium near San Angelo, and when she left there a few days ago both were getting along fine.

Johnny, popular Tahoka High School student, was in a Lubbock sanitarium for many weeks, suffering from a complication of ailments, including pneumonia. As soon as his condition improved, he was taken to the Sanitorium, where it was found he had spots on his lungs. He is reported by physicians to be responding to the treatment.

Mr. McKaughan was likewise examined and found found to have symptoms of tuberculosis also and was placed under treatment.

Mrs. McKaughan says they are both feeling and looking fine.

Dr. McKnight, head of the Sanitorium, is an old friend of the McKaughans.

LIEUT. MINOR HERE.

Lieut. James Minor and wife arrived here Sunday from Fort Blanding, Fla., where he is stationed with the 36th Division. Mrs. Minor will remain with her parents, Mr. and Mrs. Marshall Mason, at Post, since the gasoline rationing in Florida, prevented him from visiting his wife often at their quarters near the camp. He also left his car here. Lieut. Minor was reared here, the son of Mr. and Mrs. John Minor, graduating from the local schools with honors, from Howard Payne College with honors, and was doing post graduate work in the University of Texas when called into the service as a member of the National Guard.

Miss Myrtle Murray, home industry specialist of A. & M. college, will be in Tahoka Monday for a talk at 2:00 p. m. in the district court room on Marketing Problems.

Peach Cheese Salad
Broadcast June 11

1 package lemon-flavored gelatin
1 cup boiling water
2½ cups grated American cheese or ½ lb. sliced, packaged variety
¼ cup Pet Milk
½ cup bottled mayonnaise or salad dressing
3 tablespoons vinegar
½ teaspoon salt
No. 2 can sliced peaches

Dissolve gelatin in boiling water. Let stand while preparing the following mixture: Mix together cheese and milk. Cook over boiling water until cheese melts and mixture is smooth, stirring constantly. Remove from heat and stir in the gelatin mixture gradually. Let stand. Put mayonnaise in bowl. Add vinegar and salt and mix thoroughly. Stir into gelatin mixture. Chill until mixture begins to thicken. Meanwhile, drain peaches well. Save juice to use in beverages or sauces. Rub with salad oil a mold holding about 4 cups. Arrange ½ cup peaches in bottom of mold. Cut remaining peaches into small pieces. Fold cut peaches into chilled gelatin mixture. Put into prepared mold. Chill until firm. Unmold and serve on lettuce or other salad greens, if desired. Serves 6.

Rains . . .

(Continued From Page 1)

few miles out of Tahoka in every direction, though some other localities in the county received as much as one inch to possibly one and a half inches during the three-day period. In some sections of the county not more than a quarter inch fell, but in the major portion of the county the fall amounted probably to as much as half of an inch and more.

There was no hail accompanying the rain and no damaging winds. As a consequence, the young crops look very promising just now except in those localities visited by hail on Wednesday of this week. Most of the cotton is up and looks thrifty. In some localities more rain would be welcomed at any time, but the major portion of the county needs no rain just now.

Grasshoppers may have done considerable damage in some fields but the damage is not apparent to one driving along the public roads and highways. The fight which the farmers have made against them under the direction of county agent Don Turner seems to have been highly successful, though some farmers are still putting out the poison.

Most of the feed crops are up but the plants, for the most part, are small yet.

Four Brothers Are In Service

Miss Florence King this week received a letter from her brother, Jack King, who is now in the U. S. Navy. The letter was written on May 17. Just where Jack is, is not known. The letter is very brief. Here it is—most of it:

"Hello, everybody; how is every one?

"If I write a letter every other month, is that O. K.? I haven't got a letter from you all in over a month.

"There is not much to say about myself. I am as fit as a fiddle. Still taking on weight. x x x Kelly had better try to go to college.—Love, so long, Jack King."

Miss Florence has two other brothers already in the service. "Boots" is in training at the Lubbock Flying Field, and Bill is at Sheppard Field, Wichita Falls. These two entered the air corps about the same time some three months ago.

A fourth brother, Lee, is expected to finish a flying course which he is taking by the end of this week, and he is then scheduled to go into the service as a Flying Instructor. Lee learned to fly ten or fifteen years ago before he was out of his teens and for a year or two he owned a plane of his own.

When Lee enters the service the King family undoubtedly will be more strongly represented in Uncle Sam's armed forces than any other family in Lynn County, and possibly in all West Texas.

Mrs. Bonnis Brower came in Wednesday night from California, where Bonnis is employed, to visit her parents, Mr. and Mrs. James Connolly.

Lewis E. Williams, linotype operator for the Lynn County News, plans to visit relatives and friends in Midland and Odessa over the week end.

By Order of Our Uncle Sam!

We MUST have your co-operation in complying with this new law . . . in order to keep America's finances in good condition so that we may whip the Axis . . . !

PAY YOUR BILLS PROMPTLY!

THIS LAW NOW IN EFFECT

Government Regulation W

COVERING CONSUMER CREDIT AFFECTS

CHARGE ACCOUNTS

If you have been in the habit of paying your bills on a thirty-day basis, and if you continue on that basis, Regulation "W" will not affect your charge accounts at all.

The Federal Reserve Bank has ordered restrictions placed on all charge accounts. Under this new ruling, with which all stores doing credit business must comply, no further credit can be extended on an account that has a past due balance of forty days.

It is also necessary to list all past due accounts; therefore, it is to the advantage of everyone to pay their accounts on due date in order to avoid default. Those who are not able at this time to liquidate their accounts in accordance with the new law are requested to consult the credit manager of the stores where they owe accounts to make the necessary provisions required under the new law. All credit managers in Tahoka stand ready to assist their customers. Regulation "W" became effective May 6. All charge purchases on the books at that time, and all charge purchases made since that date come under its rules. If there is any question concerning your charge account at any retail store, please do not hesitate to get in touch with the credit manager. He will gladly explain any detail you would like clarified.

The merchants of Tahoka desire that the same pleasant relationships, which have always existed between stores and their charge patrons, be continued. It is their feeling that these regulations passed by the government will not materially change the essential convenience and service offered through a charge account. We know that the charge patrons will join with the stores of Tahoka in full co-operation with the government.

STATEMENT DATES

To meet the conditions of this government ruling, the statement month must coincide with the calendar month. Future statements will include all charge purchases from the first day through the last day of the month.

INSTALLMENT ACCOUNTS

With a few exceptions, Regulation "W" requires a down payment of one-third of the purchase price. Payments may be extended up to twelve months, but no monthly payment can be less than $5.00.

BUDGET, SPECIAL AND COUPON BOOK ACCOUNTS

The regulations require a down payment of one-third of the purchase price. The payments of the balance to be arranged in the credit departments, but no monthly payment can be less than $5.00.

● Not withstanding any other provision of this regulation, appropriate seasonal adjustments may be made in connection with the contractual time of payment of any extension of credit to farmers and stock raisers.

THIS IS THE LAW! SELLERS WHO VIOLATE REGULATION "W" ARE SUBJECT TO A $5,000.00 FINE . . !
