REUNITED WITH VIENNESE BRIDE—Mrs. Dora Kratochka Brandt is embraced by her ex-GI husband, Harold W. J. Brandt, as she arrived in Chicago from Vienna, Austria. Brandt temporarily gave up his U. S. citizenship to hasten their marriage in Austria, last April. He retracted his renunciation when officials assured him the red tape would be cut to expedite the marriage. Three days after the wedding he left for the United States.

Plan To Help Worthy Youths Is Advocated

Education Official Assails Waste Of "Human Resources"

(By The United Press)

KANSAS CITY, Mo., Oct. 27—U. S. Education Commissioner Earl James McGrath proposed today that the federal government undertake a broad program of scholarships and loans to help deserving students through college.

In a speech prepared for delivery before the Association of Land-Grant Colleges and Universities, McGrath said such a program is necessary to prevent "waste of human resources."

"Inadequately educated, more than half of American youths having college abilities go through life functioning below the level of their full potential," he said. "This waste of human resources is found in all parts of the country."

Funds Are Urged

To correct this, McGrath proposed that Congress appropriate about $300,000,000 annually to be awarded to high school graduates "on the basis of objective measures of academic promise and ability."

These scholarships would range from $600 a year for undergraduate students to $1,000 for graduate students, with additional payments for dependents.

The funds would be distributed to the states on the basis of a formula which would take into account the number of persons of college age and the number of high school graduates in each state. The states in turn would parcel out these funds to deserving students.

Administrative costs of the program would be borne jointly by the states and the federal government.

Loans Are Favored

McGrath estimated that such a program of scholarships would enable some 400,000 undergraduates and 37,500 graduate and professional students to further their education.

To supplement this program, he urged a "program of federally-guaranteed loans to college and unversity students."

Under the loan program, students would be permitted to borrow up to the cost of their education from year to year. They would be required to repay the loans within 10 years after leaving school.

McGrath said the federal government should pay all the costs for this provision, but the loans

One German State Is Urged

Bonn Leaders Asked To Join Russian Zone

Peace Pact With Allies Argued As Reason For Move

(By The United Press)

BERLIN, Oct. 27 — Wilhelm Pieck, president of Communist East Germany, asked the West German federal republic today to negotiate with his government on establishment of a unified Germany.

Pieck suggested in an article in the Communist party newspaper Neues Deutschland that a unified Germany could gain a peace treaty with the Allies.

But first, he said, it would be necessary for the Bonn government "to abandon its present policy and join the common fighting front."

Opposition Reported

"Only in this way can German unity be achieved and a peace treaty obtained," Pieck said.

The Communist bid for a four-power peace treaty was made one day after the Russians apparently cancelled plans for a separate peace treaty with the East German state because of a growing revolt against Communism there.

Under a peace treaty, Russia would have to withdraw its occupation troops within one year, leaving the East German state in a precarious security position from the Kremlin viewpoint.

Voters opposed to the Communist regime cast one third of the ballots in an election early this year. Current reports assert the opposition is growing and that Communist police are making numerous arrests to quell it.

Separate Pact Unwanted

East German leaders hinted for two weeks about a proposed separate peace treaty. But they abruptly reversed their attitude yesterday.

East German Premier Otto Grotewohl held a press conference for 100 newsmen and told them the East German regime did not want a separate peace treaty with Russia.

"We are not interested in making a separate peace treaty," Grotewohl told the surprised newsmen.

"We are fighting for fulfillment of the Potsdam agreement, signed by the four occupation powers. We believe that this agreement would be the most favorable for Germany."

He said also his government would deal with the Berlin dispute "in the spirit of the Paris agree-

Eight Bandits Seize Guns At Jail's Arsenal

Guard Is Used As Shield; Manhunt Spreading Today

(By The Associated Press)

WILMINGTON, Del., Oct. 27—A widespread manhunt was on today for eight convicts who escaped from the New Castle county prison with guns and ammunition taken from the jail arsenal.

The eight—led by an 18-year-old life term prisoner—made a daring break through the prison's front gate last night after locking up guard Captain Harry Harrington and using another guard as a shield.

A burst of machine gun fire from a prison tower failed to stop them.

Five of the escapees were reported to have boarded a Pennsylvania railroad freight train bound for Reading, Pa. Two others forced J. L. Elliott, a stationary store clerk, to drive two blocks in his own car and then shoved him out before driving off.

Car Is Recovered

The car was recovered several hours later abandoned in Kennett Square, Pa.

State police established roadblocks throughout the Wilmington area and alerted authorities of adjoining states to be on the lookout for he men, described as "dangerous."

Harrington's version of the escape gave hese details:

Shortly before 7 p. m. (EST), the prisoners were taken back to their cell blocks from the exercise yard.

Danny Norris, 18-year-old life termer convicted of slaying Wilmington Detective Thomas Conaty on Christmas, 1947, asked Harrington for an aspirin. The convicts then jumped Harrington and Guard Harry Beck.

The two guards were marched to a cell and locked in. During the scuffle, Beck sustained slight head injuries when he was struck with a window sash weight.

Door Is Opened

Leaving his companions hidden behind a staircase, Norris went to the door leading to the main portion of the prison building. He asked Guard Charles Lynch to let him through to get some papers from the printing shop where Norris worked.

As Lynch opened the door, he was seized and marched past the office of Warden Elwood H. Wilson to the prison arsenal. There, the convicts used Lynche's keys to open the arsenal door and took a quantity of guns and ammunition.

He Can Be A Roaring Lion On Job And She'll Leap To Obey

Actress Signs Contract Proclaiming Husband Absolute Boss From 9 To 6, Sunday Excepted

(By The United Press)

HOLLYWOOD, Oct. 27—A movie director who drew the ticklish job of telling his wife how to act in her next picture made her sign a legal contract today proclaiming him absolute boss from 9 a. m. to 6 p. m.

GLORIA

What happens after that, says Nicholas Ray, is something strictly between him and the missus, blonde Gloria Grahame.

"I'll probably wind up taking orders—as usual," he sighed meekly.

But on the job he can be a roaring lion. Miss Grahame will leap to obey his slightest command. He's got that down in writing.

And if she doesn't like his orders she has to jump anyhow. There's a clause in there that forbids her to "nag, cajole, tease, or in any other feminine fashion, seek to distract or influence him."

This guarantee of no back-talk from the ball-and-chain for nine hours a day sounds like something many a husband would give up his one night out for.

And Miss Grahame admits she fought like heck. It smacked of "slave labor" to her, she said, and she wasn't having any.

But Producer Robert Lord is an old married man himself. Twenty-five years wed, he is. He insisted.

He also said he'd seen too many director-husbands try to tell their actress-wives how to emote. He said they usually wound up getting the scenery heaved at 'em.

"I told him I'd already made one picture with Nick," Miss Grahame said. "And we didn't have any trouble. Of course, that was before we got married."

Lord said how a man acts when he's a-courtin' and how he acts after he's caught were two different things and that was precisely why he wanted Miss Grahame's signature on that contract.

"So I signed it," she said. "But

THEY OWE CASH ON BENEFITS

Some Gls To Face Slash In Payments

(By The United Press)

WASHINGTON, Oct. 27 — The Veterans administration today told veterans who owe the government money on certain benefits that all or part will be deducted from next year's big insurance dividend.

Veterans affected will be those who were overpaid on subsistence allowances while taking educational courses under the GI bill. Also those who were overpaid on pensions, other VA benefits, and defaults on loans made good by the VA.

Many Owe Money

The VA estimates that some 600,000 veterans presently owe the agency about $70,000,000. The VA thought it would collect between $20,000,000 and $30,000,000 through deductions from the national service life insurance dividends.

The VA is scheduled to begin paying off $2,800,000,000 about Jan. 15 to 16,000,000 veterans. The "kitty" is being cut up because veterans paid too high premiums on their national service life insurance.

The bulk of the $70,000,000 owed the VA, the agency said, represents overpayments on subsistence allowances to GI's taking educational courses.

The VA said that a considerable number of veterans now are repaying this indebtedness by having deductions made from monthly checks they now receive from the VA.

The VA added that the veterans who owe it money are aware that their indebtedness is deductible from other VA payments to which they are entitled.

FUN FOR ALL PROMISED AT SCHOOL CELEBRATIONS

Hallowe'en Carnivals To Be Conducted In Local Schools

Excited school children are continuing plans for Hallowe'en carnivals which will serve the double purpose of providing entertainment for children and adults and of raising money which will be used for equipment and projects for benefit of the schools.

Five carnivals will be conducted Friday night and at each food will be served by women from Parent-Teacher associations of the schools. Sanders, Cottage, Walter S. Posey, Roscoe Wilson and P. F. Brown schools will conduct carnivals Friday night, continuing the series which opened last week. Overton school is to conduct its first annual carnival at 6:30 o'clock tonight and McWhorter school will open a fun night program at 7:30 o'clock tonight.

Plans For Friday

Plans for the Friday night carnival include:

Ho t dogs, cold drinks, ice cream and candy will be sold at Sanders school, beginning at 6:30 p. m. Hallowe'en features in rooms will include a boxing match, circus, fortune telling and witches stew, motion picture comedy, dart throwing, "Feed the Kitty," fishing pond, magician's act, music, and forty-two games for adults. At 9 p. m., a queen election will close and the little girl receiving the most votes will be crowned queen and her escort will be crowned king. Other candidates for queen will be princesses. Each or 15 rooms has had a candidate in the election. Children have cast penny votes.

At Cottage School

At Cottage school, the carnival will open at 6 p. m. and serving of food will open early. Events will include a children's talent show, fishing pond, grab bag, "ginger bread boy" game for small children, ghost town, fortune telling, country store, game room for adults and showing of movies, "Jack and the Bean Stalk" and an Abbott and Costello movie. In addition to food to be served

Britain's New Jet Transport Challenges Airlines In U. S.

(By The Associated Press)

NEW YORK, Oct. 27.—American-built planes now are doing three-fourths of the world's air passenger service. But the British are growing today. They say it's only a matter of time until these American planes are as obsolete as the dodo.

John Bull says his jet transports will be zooming over the world's airways at 600 miles an hour, crossing the Atlantic in six hours, and making the American propeller-type plane a money-losing proposition.

He boasts, moreover, that he'll be selling his planes to American airlines, because he already has a jet airliner flying, while American plane makers haven't even got one blue-printed yet.

The British Comet, idling along at a mere 450 miles an hour, this week flew to Africa and back to London. It could have gone faster. It burns kerosene, much cheaper than aviation gasoline.

Fuel Capacity Hit

But the Comet must carry huge quantities of fuel. And Ralph S. Damon, president of the American carrier, Trans World airline, says this fuel consumption must be brought down before British jets will be blowing American propeller jobs out of the air. He thinks it will take at least five years. And Boeing, an American plane maker, says it's ready to build a jet airliner in 18 months, if it gets a firm order for one—from Uncle Sam.

But U. S. plane makers say experimentation is too costly for them to shoulder alone and that Washington will have to subsidize the drafting, planning and testing. They contend that England subsidized its jets to the tune of about $100 million. But the British De Havilland company insists it built the Comet without a subsidy, at a cost of $4 million. Subsequent Comets should cost $2 million or less.

Airlines Interested

It took Boeing two years and $2 million to perfect the stratocruiser. The same day the Comet was averaging 450 miles an hour, a Pan

Hobbs Man Is Crash Victim

HOBBS, N. M., Oct. 27 (Special)—A 35-year-old Hobbs man lay in the wreckage of his crashed airplane for more than 24 hours and was picked up in a daring air rescue, only to die en route to a hospital.

He was Jake Faverman, operator of a Hobbs bar and nephew of Abe Bender of 2412 Twenty-sixth, Lubbock.

Burial In Lubbock

Rabbi Julius Kerman of Congregaetion Shaareth Israel in Lubbock was en route to Hobbs to conduct funeral services at Griffin Funeral home in Hobbs this afternoon. The body will be brought to Lubbock for another service in the synagogue and burial in Feldman Memorial cemetery in Lubbock.

Faverman had sold his light low-wing monoplane, a Globe-Swift 125-horsepower model to Ralph Sellers, a rancher of 55 miles north of Roswell.

Delivering Plane

He took off from Hobbs at 1:50 p. m. Tuesday to deliver the plane to Sellers. Wednesday he had not been heard from and 16 private planes of the New Mexico Civil Air Patrol took off to search for him.

Frank Hines of Hobbs, not a member of the CAP, spotted Faverman's plane from the air, 65 miles west of Hobbs and saw Faverman wave at him. He landed in rough, sandy terrain and loaded Faverman into his plane at 4:30 p. m. Wednesday.

"I'm sure glad to see you," Faverman told him.

Hines flew back to Hobbs but

Deanna Durbin And Husband Divorced

LOS ANGELES, Oct. 27 (AP) — Singing star Deanna Durbin today divorced her second husband, movie director Felix Jackson.

The couple was married in Las Vegas, Nev., June 13, 1945, and Miss Durbin, who was the 47-year-old Jackson's fourth wife, said they had been separated since Jan. 6, 1947.

The 26-year-old singer, who recently has grown slightly plupish, was married once before, but divorced in 1943 from Vaughn Paul, also a film executive.

Woman, 26, Dies Following Attack

CHICAGO, Oct. 27 (AP)—A 26-year-old mother was fatally stabbed last night after she had been attacked less than a half block from her home.

Mrs. Mary Lochirco, returning home from her factory job, collapsed in the arms of her stepfather after she had staggered to his grocery store. She died an hour later in a hospital.

She was cut severely on her throat, hands, face, tongue, arms and breasts. Police expressed belief she had been the victim of a purse snatcher.

Police said the knife slayer apparently attacked Mrs. Lochirco in front of a playground near her home. There was a large pool of blood at that spot and a zig-zag trail of blood led to the store of her stepfather, Frank Greco, 58, where she collapsed.

Plane Missing Near Amarillo

AMARILLO, Oct. 27 (AP) — A small private plane with Harold Leland Jones, II, of Amarillo, as pilot, was missing in this area today.

The 22-year-old college student was last heard from when he took off from municipal airport at 5:15 yesterday afternoon.

Airport employes said he had enough gasoline for only three hours flight in his Aeronca plane. He was alone and was expected to return to the field after a spin over the local area.

Weather Is Clear

The weather was clear and crisp.

A ground search near the veterans' hospital three miles west of Amarillo from 9 p. m. until 2 a. m. was futile. It followed a report that a plane had been heard in that area.

An air search was being organized today by J. F. Donohoe, chief of communications for the local Civil Aeronautics administration. Airlines also were alerted to be on the watch for the plane.

European Scientists Awarded Nobel Prize

STOCKHOLM, Oct. 27 (AP) — Two European scientists were awarded the 1949 Nobel prize for medicine tonight for their work with human and animal brains.

They are Dr. Walter Rudolph Hess, 68, of Zurich, Switzerland, an Dr. Antonio Caetano Deabreu Freire Egas Moniz, 75, of Lisbon, Portugal.

The prize amounts to 156,289 crowns (about $30,000), which will be divided equally between the two. They are not acquainted. The Nobel prizes—given for outstanding work in literature, chemistry, physics and medicine—were established under the will of Alfred Nobel, inventor of dynamite. Lord Boyd Orr of Scotland recently won the 1949 Nobel peace prize.

STORE BURGLARIZED

AMARILLO, Oct. 27 (AP)—Burglars stole $300 in cash and narcotics valued at $75 from the S. and M. drug store last night. The store was entered by cutting through the brick and tile wall of an adjacent building.

Zone Changes To Be Studied

Four new requests for zoning changes and three old requests are due to be considered when the City Planning commission convenes Thursday night, Nov. 3, K. N. Clapp, chairman, announced today.

Requests for zoning changes must be submitted by the 25th of the month preceding the regularly scheduled meeting to be considered, according to rules of the commission.

Apartment Zone Sought

New requests received by C. J. Griggs, ex-officia secrtary of the commission, are as follows:

Mr. and Mrs. J. D. Nelson, to change lot 1, block 2, College View addition from "A" single family residence to "C" apartment zone to allow construction of eight units of 700 square feet each. The property is at 2501 Thirty-first.

Mrs. Grace Davis, to change west 50 feet of east 100 feet of north one-half of tract 59, Arnett-Benson addition from "B" residential zone to "F" local retail business zone for installation of a beauty shop. The property is at 2709 Maple street.

Plan To Reduce Navy Manpower Revealed

WASHINGTON, Oct. 27 (AP) — Plans for a 56,200-man cut in the navy were disclosed today in the midst of a growing storm over reports that Admiral Louis E. Denfeld will be ousted as chief of naval operations.

Rep. Arends (R-Ill) said he had been informed that Denfeld will be asked to resign in the "next day or two" because of testimony he gave the House armed services committee on differences in the armed services.

The defense department budget inspector said that in line with a scheduled reduction in size of the operating fleet by next June 30, a corresponding decrease will be made in navy and marine personnel.

He said a cut of 56,000 men and officers of the navy and marine corps is planned. The current strength is about 516,000.

Burglaries In City Reported

Two burglaries, possibly a third, were under investigation here today, officials announced.

E. R. Mankins of 3102 Thirty-fourth informed the police that more than $100 worth of property had been taken from his residence by intruders who pulled a screen from a window and entered—not realizing that two doors to the house were unlocked.

Boxcar Ransacked

Taken were three watches, a pair of ear screws, a strand of pearls, a shotgun, a rifle, and sterling rings from France, investigators were told.

Cleve Cobb, special agent for the Santa Fe Railroad company, said three cases of canned deviled tongue and two cases of canned chili had been removed from a boxcar in the railway yards.

Police were investigating the possibility that someone had entered S & W garage, at 710 Thirteenth. The lock on a door had been pried off, but personnel employed there had not "found anything missing," police reports said.

There've Been Some Changes Made—Smiths Still Lead List

New Telephone Directories Now Being Passed Out In Lubbock Show Gains Over March Issue

Distribution of 21,250 new telephone directories began in Lubbock this morning, and as might be expected, the new books show an impressive gain over the last issues distributed in March.

Cecil H. Cale, manager of Southwestern Bell Telephone company here, said 38 persons are at work delivering the directories. Distribution is being made by the Directory Distributing Associates, Inc., of St. Louis, Mo.

The new books contain 17,270 separate listings as compared with only 15,087 listings in the last directory. The net gain in number of telephones in Lubbock during the first nine months of the year was 3,001.

"We expect to have the distribution of new books completed by Monday night," Cale said.

The 21,250 directories being passed out currently shows a sharp increase over the 19,500 issued last March.

That noble clan, the Smiths, once again took the honors for having the greatest number of listings in the directory—with 198 separate listings.

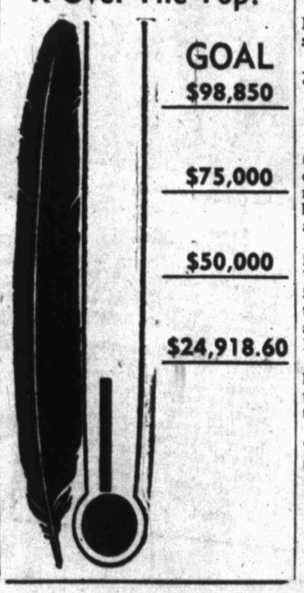

Trailing behind were the Joneses with 127 separate listings, the Browns with 101, and the Johnsons with 92.

The treasured position of first in the directory once again went to the American Automobile association, who carried its listing this way: "A American Auto Assn". Second place passed from the hands of the A-1 Repair shop on Slaton highway to the A Travel bureau at 820 Main.

MURRAY'S MEN TALKING FAST

CIO Plans To Toss Out Three Unions With Pro-Red Views

By HAROLD W. WARD
Associated Press Staff Writer

CLEVELAND, Oct. 27 — The CIO's confident right-wing majority planned today to expel at least three—or maybe all 12—unions whose leaders have shown pro-communist sympathy.

A resolutions committee under the united auto workers' head, Walter P. Reuther, was ready to fight it out on the floor of next week's convention if necessary.

It is determined to oust the three unions most critical of Philip Murray's leadership: the united electrical workers, with nearly 400,000 members, the farm equipment workers with about 50,000, and the mine, mill and smelter workers numbering around 100,000.

Pressure Growing

The plan of action decided upon by the powerful right-wing faction—but subject to plenty of pressure before it can be put into effect—calls for kicking out the three unions next Wednesday.

Charters of the three would be challenged on the floor. First resolutions will be offered Tuesday.

Should representatives of the nine other so-called left-wing unions come to the defense of the three most controversial unions, they will be tossed out too, according to the plan.

Murray is in New York City for a Democratic rally tonight, but will return tomorrow. Reuther, who has grabbed the leadership of the right-wing movement, is building support for his resolutions in the convention.

The nine other unions involved in the pre-convention talk are the American Communications association, international fishermen, public workers, office and professional workers, furniture workers, food, tobacco and agricultural workers, fur and leather workers, international longshoremen's and warehousemen's and marine cooks and stewards union.

Bridges Involved

A big question mark is what would happen to Harry Bridges of the longshoremen and Ben Gold of the fur and leather workers, if the rightist coup succeeds. Bridges long has spearheaded the left-wing criticism of Murray in the CIO, and Gold admits he is a member of the communist party.

The Reuther time table is not very specific about Bridges and Gold. The program is more detailed about other unions.

If successful, the united electrical workers' charter would be turned over to the right-wing bloc within that organization, headed by Fred Kelley of Lynn, Mass. and sparked by CIO secretary-treasurer James B. Carey.

The big fight will be joined when Reuther tries to pull that off.

The UE leadership consisting of president Albert J. Fitzgerald, secretary-treasurer Julius Emspak, and organization director James J. Matles, already is reported to be trying to make a compromise here.

Rumors Spread

As part of that contest, such stories as these are being spread around the Hollenden hotel lobby and other gathering places of delegates:

That Fitzgerald and his following checked into a remote hotel under assumed names. That the left-wing bloc has hired an auditorium for a rump convention. That even Reuther has been booked in a hotel under a friend's name.

That indicates how much talking the delegates are doing in advance of the convention, which opens next Monday.

The Reuther plan for dividing up the unwanted unions would throw the mine, mill and smelter workers to Murray's own steelworkers; the farm equipment workers to Reuther; the public workers to a new right-wing faction in that union, food and tobacco workers to the brewery workers; and so on.

The left leaders were reported to be determined to fight their removal from the CIO. They are said to be opposed to forming a third labor federation, because of the danger of organizational raids by the CIO, the AFL, and other independent unions.

Dial Phone System Is Planned At Tech

A private branch dial telephone system will be ready for use at Texas Technological college by the 1950 fall semester, M. L. Pennington, comptroller, has announced.

Installation of the new system, for which a contract was signed this week, will make it possible for persons in main campus buildings to dial dormitories without going through the operator, Pennington said.

The Tech operator will handle only incoming campus calls when the dial system is begun, since collegians and teachers may reach downtown numbers by dialing nine. An addition of five trunk lines to the 10 currently held by Tech will be reserved exclusively for outgoing calls.

Increased efficiency is expected to result from the telephone change. Several factors, including the assembling of new equipment and completion of wings to the administration building, are responsible for the delay of the project until next fall. Equipment and operating rooms for the new system will be housed in the building's east wing, now being constructed.

There will be 160 stations with 70 extensions under the new setup as outlined by Pennington. That number can be increased to as many as 200 stations with an unlimited number of extensions. The five additional trunk lines will all connect to the main campus, with all dormitories retaining their current number of lines.

A directory of staff members, listing the numbers of each, will be published by the college, according to the comptroller.

Plainview Man Hurt In Highway Mishap

No serious injuries resulted from a two-car collision about 7 p. m. Wednesday one mile southeast of Posey on the Slaton-Lubbock highway.

Scott Earl Wallace, 34, of Plainview, was taken to Mercy hospital in Slaton by Williams Funeral home ambulance, where he was treated for a gash across his left eye. He was later released.

Henry Weston Dial, 37, of Lubbock, driver of the other car, was uninjured.

The Texas Highway patrol reported that Wallace and Dial both were driving northwestward toward Lubbock at the time of the accident. Wallace's 1946 Ford sedan struck the rear of Dial's, the Chevrolet to overturn an roll into an adjoining cotton field.

Highway Patrolmen were continuing investigation of the accident last night.

Rites For Lubbock Pioneer Are Slated

Funeral services for Mrs. Aubry W. Jones, 64, a Lubbock county resident for the last 57 years, who died early Wednesday afternoon at the home of her daughter, Mrs. Emmett Burford of Lubbock route 1, will be held at 2:30 p.m. Friday in the Monroe Church of Christ.

Dr. M. Norvel Young will officiate and burial will be in the Pioneer cemetery at Estacado under direction of Sanders Funeral home.

Mrs. Jones was born in Fort Griffin, Texas, and was the daughter of Mr. and Mrs. W. E. Bledsoe.

She is survived by, besides Mrs. Burford, two children, Mrs. E. W. Woods, Pittsburg, Calif., and Mrs. Cecil Simms, Canyon; five brothers, Robert L. Bledsoe, of Petersburg, Carl of Aroya, Colo.; J. Frank, of Lorenzo; Henry, of Cheraw, Colo., and Ed, of Colorado Springs, Colo.; five grandchildren and two great-grandchildren.

Klan Is Linked With Mob Job

BIRMINGHAM, Ala., Oct. 27. (AP)—The Ku Klux Klan was linked directly with hooded mob activities by testimony of two klan members at the trial of Coleman A. (Brownie) Lollar, charged with flogging while masked.

Lollar, a former special deputy sheriff, is the first of 18 men to be tried on various charges after a wave of night riding violence in this area last May and June.

He is being tried for the June 10 raid on the home of Mrs. Hugh McDaniel, 42-year-old woman charged a hooded mob broke into her home, manhandled her and dragged her onto her lawn where she watched a cross burning. Mrs. McDanial identified Lollar as one of that group.

The two klan witnesses gave similar accounts of the events of the night of June 10.

Memory Is Bad

One of them, Pete Howton, still was on the stand when court adjourned yesterday. Howton testified he attended a meeting of the Adamsville, Ala., klan, after which "about 30 or so" hooded and robed men drove to the McDaniel home.

Howton's testimony followed that of Boyd Killingsworth, who also identified himself as a member of the Adamsville klan.

Killingsworth repeatedly was asked whether Lollar was one of the hooded group. He testified he "could not remember" whether Lollar attended the June 10 klan meeting, and did not know which of the members participated in the McDaniel raid.

Killingsworth said he remained on the Birmingham-Jasper highway to direct traffic, and had no knowledge of what happened inside the house. He was robed and hooded, he said, as were the others in the 10 to 15 automobiles participating.

Lollar faces four other charges of flogging while masked and one of first degree burglary, a charge involving breaking and entering an occupied dwelling at night.

A Year In Jail For Honking Motorists!

Common Man Reflects Plan For Ideal Dream Community

By HAL BOYLE
Associated Press Staff Writer

NEW YORK.—This is becoming a planned world.

But whether the world of tomorrow will be a fair or foul place to live in depends on who does the planning. Too often the designs may be drawn by engineers or statesmen who have lost touch with the common man.

Therefore I have gone out and found out what the people want. And, based on what they said, I drew up a blueprint of the ideal dream community of the future. I hereby offer it free to any politician who wants to use it for his master plan:

It is a place where people smoke but chimneys can't.

There are no loud noises. Anyone who honks a motor horn is fined $10,000 and given a year in jail.

There are two main sections of the community, separated by a 24-foot-high wall studded with broken glass and having only a single entrance—heavily guarded. Young married couples dwell on one side, and their in-laws on the other. The in-laws have to be back in their own section by nightfall.

Execs Have It Easy

Everyone wears old clothes except on weekly "dress up" nights. No female over ten years of age is allowed out in public wearing ballet slippers that make her walk like a duck.

All except executives work four hours a day, five days a week. Executives work as much or as little as they want to—as they do now.

There are two Sundays in each week, one for reading the Sunday newspaper, one for going to church.

Husbands have a night a week out with the boys, wives a night out with the girls, and both must go out together on "dress up" nights for an evening on the town. The penalty for being a bachelor: You have to act as baby sitter—and take a two-months course in diapering and bottle feeding so mother will know her infant is in trained hands.

The present weekly paycheck is issued every day at 5 p. m.

Three Charged With Robbery

LEVELLAND, Oct. 27, (Special) —Bonds of $10,000 each on charges of armed robbery were set here for three Oklahoma men captured in a gun-battle with law enforcement officers on a country road near the city Tuesday night.

The trio was charged in the court of Justice of the Peace A. F. O'Dell with the robbery of C. E. Padgett at his farm home about seven miles northwest of here. The men had taken gasoline from Padgett, he charged.

Officials identified the three men as Dewey Grove, his brother, Truman, and Gaston Hickman, all of Ada, Okla. Truman Grove, it was reported, is under indictment in Ada for highway robbery.

Fought Strange Battle

The trio was arrested by Hockley county Deputy Sheriff Earl Ford and Bonded Patrolman D. B. Boone after two guns in possession of the men had jammed during a strange battle by car headlights shortly before 10 p. m. Tuesday.

(Assistant District Attorney E. G. Pharr told newsmen in Lubbock late Wednesday his office had not been notified of the arrests.)

(Levelland newsmen said they had not heard of the incident until late Wednesday.)

Ford and Boone launched a search for the suspects after Padgett had called the sheriff's office and told the deputy of being threatened by the gunmen when he refused to give them gas for their old-model car which had stalled nearby.

Car Is Located

The officers, accompanied by Padgett's son and son-in-law, who were present at the time of the alleged robbery, came upon the fugitives' car about a mile from the farm, but continued down the road another 200 yards before turning around.

Then, Ford said, with their headlights shining on the other car, he and Boone fired several shots into the air and demanded that the men surrender.

Instead, Ford said, one of the Groves brothers, carrying a .38 calibre Colt pistol, advanced toward the patrol car, ignoring demands to halt. Groves then crawled into a cotton field and, although plainly visible to the officers who were firing over his head, refused to come out. It was believed later Groves had entered the field in an attempt to repair the jammed weapon.

Slipped Up On Suspect

Groves was captured when Ford managed to flank the suspect's position in the road by edging through a cotton field in the darkness while Boone shouted commands for him to surrender.

Groves, who has given a stock answer of "come and get it" to Boone's orders to drop his gun, finally laid the weapon in the road and was seized by Ford.

Following Groves' capture, the officers stationed themselves on either side of the suspects' car. The remaining two gunmen gave up without resistance when efforts to repair their .22 calibre Winchester rifle failed. The rifle was later found in a nearby field where one of the men had thrown it before surrendering. The two men had fired several shots at the officers as they closed in on Groves.

Several Shots Fired

Ford said he and Boone fired "about 15 shots" in the affray. "Several shots were fired from the rifle," he said.

Padgett told officers that the three men had appeared at his farm demanding gas, producing the pistol to back up their request. He stated they threatened to shoot his son and son-in-law, officers said.

Padgett drove to a cotton gin about three miles from his farm and notified the sheriff's department after the men left with the gas.

Truman Grove, Oklahoma authorities told Hockley County Sheriff Charlie Bullock, was to have been tried Monday in Ada on charges of robbery filed against him there.

Girl In Unheated Class Room Wants To Learn Something Before She Graduates

WASHINGTON, Oct. 27 (AP)—A New Mexico school girl is appealing to her senator for help in getting her classroom heated so she can "learn something" before she graduates.

The schoolhouse at Mora burned down a year ago, and since then her class has been meeting in an unheated room in an abandoned court house, she wrote Senator Chavez (D-NM).

The letter said:

"We have been dismissed several days this week on account of that we couldn't stand the cold . . . so now while I think about whether or not we will have school tomorrow, I thought you could help us since I heard what you have done for the hot lunches.

"I don't mind going home in the morning, but I will finish school this year and I wish I could learn something."

Chavez is in Europe, but his son and executive assistant, Dennis Chavez, jr., is taking up the matter with school officials at Mora. He is keeping the student's name out of it.

Whiteface Farmer Is Indicted For Murder

MORTON, Oct. 27 (Special) — Leo Nichols, 37-year-old Whiteface farmer, was indicted Wednesday by a 72nd district grand jury for murder in the gunshot death of his wife.

Judge Dan Blair ordered the defendant held in denial of bail.

Nichols, has been held in the Hockley county jail in Levelland on a charge of assault with intent to murder since the Oct. 14 shooting at his farm home. His wife died Oct. 22 of a bullet wound in her chest.

The grand jury also returned an indictment of assault with intent to murder against Jimmie Johnson, 38-year-old Waxahachie negro cotton puller in connection with the Monday night shooting of another negro. Bond of $2,000 was set for Johnson.

The victim, James Rocher, 30, was described in good condition at West Plains hospital here where he was taken with a bullet in his left lung.

Father Bewildered On Hearing Daughter, 15, Stabbed Mother

TOKYO, Oct. 27 (AP) — Ship's Engineer Walter Morrow heard for the first time today that his 15 year old daughter stabbed her mother to death in their San Lorenzo, Calif., home Oct. 19.

"Oh, God! No! No!" he sobbed when a reporter broke the news to him. He had just arrived from San Francisco on the liner President Wilson.

Morrow said his brother in law had sent him a cablegram aboard the ship saying only that Mrs. Morrow had died but giving no details.

He said his daughter, Celeste "must have been sentimentally out of her mind" to have plunged a 12 inch bread knife into her mother. (The girl told authorities her mother was drunk and they quarreled over her refusal to let Celeste have boy friends.)

Will Help Daughter

The father tentatively planned to return by plane from Manila the President Wilson's next stop. He said he would help Celeste "as much as I can once I get home."

"I just can't explain it," he said. "There was absolutely no bad feeling between the girl and her mother. When I left on this trip my wife was making all kinds of big plans for Celeste's birthday party on Dec. 3."

Celeste is being held in Oakland pending a superior court hearing next Monday. The court will determine her status—whether to place her on trial for Mrs. Morrow's death; or turn her over to state or county juvenile authorities.

Inez Ross Honored

A miscellaneous shower given Wednesday night in the Rocket room of Womble-Olds honored Miss Inez Ross, who is to marry Woodrow Gipson.

Hostesses were Mesdames E. L. Seitz, R. L. Bandy and Ross Kirk.

Thirty guests called.

A program featured piano selections by Mrs. Frances Chambers; a reading, "My Husband," by Mrs. Ross Kirk and a reading, "Essay on Man," by Miss Lucille Coltharp.

Mrs. Bandy presided at the tea table which was laid with a linen cloth and centered with an arrangement of pink dahlias. Mrs. Bandy presided at the silver service and Mrs. Seitz registered guests.

Hallowe'en Fun Slated

Witches, black cats and grinning jack-o-lanterns will feature decorations for week end parties planned by many organizations.

Sub-Deb Alumnae will attend a Halowe'en party Saturday night at 8 o'clock in the Hale Dance Studio, 2419 Seventh. Members, husbands and dates are invited. Dancing and bridge will be diversions.

Hostesses will be Mrs. Don Brooks and Miss Nelva Joyce Halbert.

Students of Lubbock Memorial School of Nursing will give a Halowe'en carnival Friday night at 8 o'clock at Larrymore's studio, 1910 Ave. R.

A pioneer party for the Junior High group of First Presbyterian church is on calendar for 7:30 o'clock tonight at Fellowship hall.

Auxiliary To BRT To Be Supper Hostess

A box supper to be given Friday, Nov. 4, at 7 p.m. at IOOF hall was planned by Auxiliary to Brotherhood of Railroad Trainmen Wednesday when the following members met at the hall:

Mesdames L. E. Berry, hostess, J. D. Mullins, W. D. Donald, N. M. Lowery, R. J. Clark, Ervin Grady, Paul Seay, T K. Martin, E. G. Wylie, H. F. Whitson, D. R. Patterson, Clark Zachary, Arno Boyd and L. D. Hogan.

The women voted to present a pot plant to the Sunday school class of exceptional children which meets at Asbury Methodist church.

Officers of the auxiliary will be elected Nov. 9 at a regular meeting.

TEXANS TRANSPLANTED—When the party of attractive Texans from Lubbock arrived in the Pump room of the Ambassador East hotel in Chicago enroute to New York for a two weeks whirl, they found a cocktail party awaiting them hosted by Herbert G. Dollahite, II, and James A. Hart, vice president and general manager of the Hotels Ambassador. Chartering a special car on a New York bound train, the women laughed, saying they were taking twice as many clothes and half as much money as they would need for the trip. The highlight of the itinerary will be a visit with Mary Martin, whom the young women know, and attendance at "South Pacific," which stars the Weatherford girl. Clockwise around the large table, beginning at lower left, are Leon Danielian, star of the Ballet Rousse, Mrs. O. L. Slaton, jr., Mrs. Wm. C. Couch, Mrs. Tom Murphey, Mrs. Alma McLarty of Chicago, chaperone; Charles Dufresne, Mrs. Jack Boren, Mrs. Paul Graham, Robert Lindgren, Mrs. Frank Hudgins, Mrs. Harris Underwood and Dollahite, assistant manager of the Boca Raton club, Boca Raton, Fla.

Good Neighbor Group Has Novel Breakfast

On answering their telephones at 6 o'clock this morning, members of the Arnett-Benson Good Neibhbor club were invited to a surprise "come as you are" breakfast in the home of Mrs. C. T. McLain, 2728 North Second.

Those answering the invitation were Mesdames T. H. Nall, A. W. Goodwin, Ed Branch, J. W. Hilton, W. N. Boyd, I. T. Weed, J. P. Legg and Burl Walker.

Lesson Postponed To Next Tuesday Night

Because of Hallowe'en festivities, Mrs. H. F. Godeke is postponing the lesson of a Parliamentary Law course from tonight until Tuesday night, according to an announcement made Wednesday afternoon.

The class will meet in room 201 of Carroll Thompson Junior High school Tuesday.

Wedding Plans Go Awry After Man's Sister Arrives For Visit And Stops Savings

DEAR MARY HAWORTH: I am 21 and engaged to marry a fine young man. We have been serious for nearly a year and want to be married in a few months, provided we have enough security in sight.

We are very congenial, have many common interests and until recently everything was fine, but now Ed's sister has come from a distance to stay with him indefinitely. They are very close and he is glad to have her here, and I like her immensely and wouldn't want to hurt her feelings for anything, but the situation has me worried.

She depends on Ed for practically everything, including his companionship, so she is always with us and we have no time to privately discuss our future plans, etc., as I feel we should. And as she isn't able to meet her expenses, Ed has been helping her (which she seems to expect), and consequently he is saving nothing for our future now.

GIRL IS OBLIGED TO WOO MAN NOW

I DISLIKE possessiveness and never have been that way, but perhaps I am slipping now. Maybe I want too much, but I do miss the confidential talks and precious moments alone we used to have. Ed used to come to see me four or five times a week, but I seldom see him now unless I go there to see and be with both of them. Should I continue this way? Do you think Ed will notice and correct the situation eventually?

I know he loves me as much as ever, and he always speaks of "we" and "us,"—and perhaps I don't understand family ties very well, for I have no brothers or sisters, and Ed has several. But with things as they are, I don't know what to expect or how to cope. I want to get along well with his people, as I hope to be one of them some day, but as matters stand, is there much chance of it? Please advise me. Signed—S. C.

DEAR S. C.: The picture you give of the sister's clinging demands on Ed, which he gladly meets, certainly indicates that you don't exaggerate when you say they are "very close." And since they are like that, she probably knew of his engagement before she blew in from a distance to stay indefinitely, because when family ties are strongly felt or fondly cherished relatives usually keep in touch by letter and hasten to communicate important developments.

So, starting with this reasonable inference and adding to it the drift of her behavior since she anchored here—a drift that has shunted you to the outsirts of Ed's daily routine—I should say there is evidence for thinking that she came on purpose to obstruct the marriage plans, by running interference until she could wean Ed off the notion entirely.

As to why she might do such a thing, maybe the family assigned her to the mission, either on the theory that Ed is too young to now his own mind, make a right choice, burden himself with a wife, etc., or that he still has obligations to "his own" if he has funds to spare. Or possibly Sis herself engineered the blockade you missed the emotional toughening commonly experienced by children in large families, who learn instinctively to stand up for themselves in contest with other children, and to fight one way or another for what they want; and in this respect you may lack understanding for coping with Ed's sister. But after all, he's a worthless prize if youd be obliged to wrest him from a grudging family; so, as a test of his merit, as him simply what's going on, what he foresees and what he intends. If he dodges the question, the answer is "don't count on him."—M. H.

Auto Industry Marks Another Milestone In Labor Relations

DETROIT, Oct. 27. (AP)—The automobile industry marked another milestone in its labor relations history today.

Ford's $100-a-month pension plan, first in the industry, was approved.

Applying to Ford's 115,000 production workers, the plan was accepted in a vote by the Ford rank and file membership of the CIO united auto workers.

Unofficially estimated to cost $30,000,000 a year, the plan will be paid for entirely by the company.

Follow Recommendation

It is the major part of a 10 cents an hour package and in general follows the recommendations of President Truman's fact-finding commission in the steel dispute.

For the time being at least its approval assured peace in the auto industry.

Pensions have been the UAW-CIO's No. 1 objective in its 1949 bargaining drive. A wage increase was sidestracked at Ford in favor of pensions.

Late last night the union announced "overwhelming" approval from the rank and file.

This was based to large degree on the vote at Ford's big Rouge plant. Previously, however, the vote in others of Ford's 50 factories was said to be running heavily in favor of acceptance.

No Wage Increase

Rouge's key vote was announced as 32,392 in favor as against 7,130 opposed.

The Ford plan provides that a worker who retires at age 65 after 30 years service will be paid $100 a month, inclusive of social security benefits.

Retirement at 65 is voluntary. At 68 it is compulsory.

Under the now approved new contract with the UAW, the company will contribute 8¾ cents an hour to the pension plan. The worker pays nothing into the plan.

The company will apply the remainder of the 10 cents package to health and welfare benefits, the so-called fringe terms of the contract.

There is no wage increase. The auto worker's average pay is about $1.65 an hour. The new Ford contract runs for two and a half years.

A minority left wing group within the UAW had opposed the plan as "inadequate."

President Walter Reuther and co-leaders of the UAW had strongly intimated that a strike was the only alternative if the plan were not approved.

Whether it would be the UAW's "model" for other auto companies remained to be determined.

The UAW, backed by a strike vote in Detroit, currently seeks it for Chrysler's 100,000 workers and plans to demand it of General Motors for another 225,000.

Chrysler and the union now are negotiating. The GM contract is not reopenable until next spring.

Bible To Be Printed For Haiti's Creoles

TABOR, Ia., Oct. 27. (INS)—The New Testament of the Bible is going to printed in the Creole language for natives of Haiti.

Fred Rosentrater, 63-year-old Tabor, Ia., resident and treasurer of the Hepzibah Faith Missionary association in Tabor for 29 years, announced today he will go to Haiti soon to print the first edition of the New Testament in the Creole language.

He said he would take three tons of paper and 25,000 pounds of type metal to the West Indian island for the project.

"Most of the people there never have had a Bible in their own language," Rosentrater said. "Creole is the national language of Haiti and only the city dwellers can read French."

Rosentrater spent three months in Haiti in 1943 and founded a church school there.

Soviet May Release Nazi Field Marshal

BADEN-BADEN, Germany, Oct. 27 (AP)—Field Marshal Friedrich Von Paulus, wartime German commander, will be released from a Russian prison camp within two months, his family said yesterday.

Mrs. Olga Von Kutzenbach, the marshal's widowed daughter, said a postcard mailed from a camp near Moscow, brought the news that Von Paulus would be home "by the end of December." The marshal wrote that many of his fellow prisoners also were leaving the camp.

Von Paulus, who surrendered the remnants of a Geramn army of 330,000 men at Stalingrad, included a written denial of rumors he was training a "free German army" of Red German prisoners who would ally themselves with Russia.

After his capture Von Paulus criticized Hitler in broadcasts from Russia, as a result of which his family was held in the Dachau concentration camp for six months, Mrs. Von Kutzenbach said.

"I'M BEING FRAMED," HE YELLS

Engel Curses And Screams In Court At Testimony Of Widow

CHICAGO, Oct. 27 (AP) — Sigmund (Sam) Engel, whose smooth talk landed him in jail on a half dozen charges of swindling women, cursed and screamed in criminal court yesterday.

"You're a bunch of crooks. G—d —it, I'm being framed," the 73 year old roving Romeo screamed to state prosecutors and police.

The jury hearing Engel's love swindle trial was leaving the courtroom as Engel blew up. Only a few minutes earlier Judge George M. Fisher had left the bench.

Engel's outburst followed testimony by Mrs. Annette Kubiak, a South Bend, Ind., widow, that Engel married her, took $5,000 from her and then disappeared.

Shouts At Officers

"You scoundrels are putting words in her mouth." Engel shouted at Lt. James Oakey of the state's attorney's police.

Edwin T. Breen, first assistant state's attorney, fanned Engel's resentment by asking him: "How do you like it, now that you're on the receiving end?"

Attorneys for the ordinarily dapper little man urged him to be quiet as they led him from the courtroom.

Still sputtering, Engel's parting shot at the prosecutors was "You're all a bunch of G—d—crooks."

Mrs. Kubiak, 39 year old blonde beautician, testified she married Engel in October, 1948, one week after she met him in South Bend. She said she knew him as Paul Moore, and he told her he was a wealthy attorney for Howard Hughes, film producer and industrialist.

Other Witnesses Due

About the wedding, Mrs. Kubiak said: "It was beautiful. Mr. Moore just cried. He was happy to find someone as wonderful as I am."

A day after the marriage, she testified, Engel disappeared—taking the $5,000 she had given to him after selling her home.

Her testimony was much like that told Tuesday by Mrs. Reseda Corrigan, also 39 and a widow. Engel is being tried on a charge of swindling Mrs. Corrigan of $8,700 after promising to marry her.

James Brown, assistant state's attorney who head the prosecution, said he will call as witnesses several other women he said Engel married and swindled.

Flower Show Concluded

Towns of District 1, Texas Garden clubs, Inc., which were represented at the flower show judging school held here Tuesday and Wednesday were Lubbock, Levelland, Morton, Littlefield, Anton, Sundown, Olton, Donna, Midland, Big Spring, Hereford, Amarillo, and Phillips. Other guests were from Roswell, N. M., and Dallas. Fifty-five persons took the examination at the close of the course which was taught by Mrs. John R. Salois and Mrs. Steve Barrett of Dallas. Sixty-four names were on the register.

Plans for the school were made by Mrs. J. A. Fortenberry, district flower show judging school chairmen. Credits received from the course may be used toward meeting requirements for a state or national judging certificate.

Mrs. Barrett, who spoke Wednesday, defined flower arranging as the art of organizing the elements used according to the principle of design to attain beauty, simplicity, expression and harmony. She urged a concentrated study of the color wheel in working out color harmony.

Flower arrangements brought by various persons were used to illustrate color harmony. The arrangements were scaled or judged by those taking the examination on the course.

The speaker said, also: "Color is important in flower arrangements because it catches the eye first."

Mrs. Salois spoke Tuesday on flower shows and on horticulture. The meetings were held at Lubbock Women's clubhouse, 2020 Broadway.

BIGGLESWADE, Eng., Oct. 27. (AP)—Admiral Sir Lionel Halsey, 77, chief of staff for the Prince of Wales' world travels just after World War one, died here yesterday.

Roy Bass Reports On Kiwanis Meet

Roy Bass, president elect of the Lubbock Kiwanis club, today gave fellow members a report on the recent Texas-Oklahoma Kiwanis convention at Tulsa.

Speaking at a luncheon meeting in Hotel Lubbock, the loquacious lawyer reiterated speeches he had heard at the convention while occasionally inserting his own opinions about the various orators and their topics.

He also kept his fellow members chuckling throughout his talk with funny but inoffensive jokes and humorous quips.

Bass pointed out that the Texas-Oklahoma district is now the third largest Kiwanis district in number of clubs and second largest in number of members. Present status of the district, according to Bass, is 180 clubs and 12,921 members.

He was introduced by fellow member and lawyer George W. McCleskey. He also showed members an achievement plaque awarded the club for its work in 1948 while under the leadership of Jack Davis.

Fred Sparks presided and Dr. M. Norvel Young gave the invocation.

Pansy Lee Dunlap Is Wed In Home Vows

Mr. and Mrs. J. A. Dunlap of Rt. 6 are announcing the marriage of their daughter, Miss Pansy Lee Dunlap, to Robert Eugene Addington of Pampa, which took place Monday night at the Dunlap home. Elder P. J. Ausmus of the Primitive Baptist church performed a double ring ceremony.

The bride wore a dress of soldier blue satin with brown accessories. Her maid of honor was her twin sister, Mrs. Ray Smith of Tahoka.

Albert Boyer served as best man.

A reception was held after the ceremony for family members and close friends.

Mrs. Addington is a graduate of Tahoka High school and has been employed by Southwestern Bell Telephone company in Pampa. Mr. Addington, who served three years with the armed forces, is associated in business with his father. After a wedding trip to points in New Mexico, the couple will be at home in Pampa.

Father Of Lubbock Man Death Victim

Mark V. McCurry, police patrolman of 2416 Thirty-first, left at midnight for Glendale, Calif., after learning his father had died after a brief illness.

The parent, W. B. McCurry, about 78, was a retired farmer who was a native of the Girard area of Kent county.

Funeral services will be read Friday afternoon at Glendale.

The widow and several sons and daughters, some of them West Texas residents, survive, friends of the family said.

TEMPERATURE DROPS

LONDON, Oct. 27 (AP)—London's temperature dropped to 33 today —the coldest weather since early last spring.

Vets Given System To Find Dates For Dividend Payments

ST. LOUIS, Oct. 27 (AP) — The Veterans administration branch office said today holders of G. I. insurance policies can figure out when to expect payment of dividends from numbers in the upper left corner of acknowledgment cards.

The VA disclosed a system of payment in confirming a solution published in a service newspaper at Scott Air base.

The system is based on the acknowledgement card returned to each applicant for dividends. The upper left corner contains the applicant's number dividend into two groups of digits. The group at the right has the letter "A" followed by two digits.

The digits following the "A" give the week in 1950 in which the applicant's dividend check will be mailed. The digits run from A01 to A015. Numbers beyond that, the VA said, are cases requiring special handling.

Show Cause Orders Signed By Pardue

Four persons have been cited to appear in 99th district court at 10 a. m. Nov. 9 and show cause why they should not be adjudged in contempt of court in connection with alleged trafficking in alcoholic beverages.

They are T. G. Simms, Harold (Schoolboy) Long, M. J. Williams, and Jake Hill.

The orders, signed by Judge G. V. Pardue, were based on petitions filed by E. A. Gordon, chief deputy supervisor of the Texas Liquor Control board. They accused Simms of having transported alcoholic beverages July 22 and July 31, Long with transporting and illegal possession Aug. 6 and July 13, Williams with illegal possession July 24, and Hill with illegal possession July 24.

Methodist Church Banquet Is Tonight

Plans for the church building to be built at Thirty-third and Monroe by Forrest Heights Methodist church will be presented to the congregation at a banquet at 7:30 o'clock tonight in Fellowship hall at First Methodist church.

Rev. H. D. Seago, pastor of Seminole First Methodist church, will be principal speaker. Ralph Krebbs will be master of ceremonies.

Plans for a fund-raising campaign to finance construction will be presented, but no solicitation will be made at the dinner, said Rev. Burgin Watkins, pastor.

Solicitations For Decorations During Chrismas Started

Block captains met in the chamber of commerce this morning and immediately began solicitations for the fund to pay for downtown decorations during the holidays.

Approximately 24 blocks are included in the area proposed for decorations.

Co-chairmen O. W. Ribble and Ruel Martin said, however, that blocks will be excluded from the area unless the merchants contribute enough to pay for the decorations.

Free Rides Taken

The total cost will be about $3,500. The cost to merchants on decorated streets will average about 65 cents a front foot. The co-chairmen said that last year, approximately two-thirds of the merchants paid the whole cost. The remaining one-third got a "free ride."

Block captains were asked to complete their work by Monday. Of the 24 appointed, 18 attended the meeting.

Funeral Today For Crosbyton Woman

CROSBYTON, Oct. 27 (Special) —Services were to be conducted at 2 p. m. today in the First Baptist church here for Mrs. J. C. Freeman, 62, who died at 5 a. m. Wednesday in the Crosbyton hospital.

Rev. Carl Grissom, assisted by Rev. Lloyd Hamilton, was to officiate. Burial was to take place in Meadow cemetery under direction of the King Funeral home.

Mrs. Freeman came to Crosbyton 28 years ago from Graham.

Survivors are two daughters, Mrs. J. S. Wheeler of Gordon, Neb., and Miss Nell Freeman of Crosbyton; two sons, Joseph and Willis Freeman, both of Garfield, N. M.; a sister, Mrs. Sally Godfrey of Tahoka; two brothers, John and Bill Timmons, both of Tahoka, and five grandchildren.

Man Dies, One Hurt In Highway Mishap

SAN ANTONIO, Oct. 27. (AP)— One man was burned to death and another critically injured in a three-way truck crash six miles east of Seguin on the Luling highway this morning, Guadalupe county officers reported.

The dead man was identified by Constable Charles Grimm as Charles Walker Davis, 40, San Antonio.

His companion, identified as Marvin Haas, was reported in a critical condition at the Seguin hospital.

Robert Alexander Dejardo of Port Arthur and Ward Kilgore of Austin, who escaped injury, were listed as drivers of the other two trucks.

RUSSIAN DOMINATION RESISTED

Tito Pledges Fight Against Red Moves

(By The Associated Press)

BELGRADE, Oct. 27.—Marshal Tito last night promised to "fight enduringly" against Russian attempts to dominate Yugoslavia.

"We know," said Tito, "that in this struggle we are fighting for a great, just cause that will have tremendous historical significance for the future and that this is the true, correct relationship among the socialist states."

Charges Is Denied

Tito sounded this serious note after a day in which a Moscow newspaper accused him of lavishing diamonds on an "American spy," named as the Yugoslav-born Metropolitan opera soprano Inka Kung Milanov.

The singer, interviewed over the telephone, said the story in the Moscow Literary Gazette was "just silly."

Tito pledged continued opposition to the Kremlin's present policy in a speech to a visiting group of Italians who had fought alongside his partisans during the last war. He declared:

"We shall fight—and we shall fight enduringly—" to prevent Yugoslavia's subjugation by Russia.

Russia's leaders, said Tito, "are following a policy of unconditional subjugation of small socialist countries by a big socialist country."

This Tito termed a breach in the development of relations between socialist partners.

Socialism Is Reality

The Yugoslav leader conceded that "socialism in the Soviet Union will not fail" because of the Yugoslav fight against the Kremlin policy.

Socialism, Tito said, "is a reality in the Soviet Union—we know that. But we also know that today the leadership of the U. S. S. R. do not have the right point of view on the further development of socialism in other countries of the world."

Rudolph Warned That Goblins May Get Him

TEXARKANA, Oct. 27. (AP) — Rudolph is getting worried—he's afraid the goblins will get him.

Rudolph is the man who said the Community Chest had done so much for him he'd climb a derrick and not come down until the agency reached its campaign goal of $82,827.18.

He has spent the last nine days on a wooden derrick erected on State Line avenue. The fund is still shy a little over $12,000.

Rudolph said some kids told him today that if the townspeople don't get him down by Monday night they will.

"Monday night is Hallowe'en, you know," he said.

Town Official Wants Quiet Hallowe'en

PITTSBURGH, Kan., Oct. 27. (U.P.)—It's going to be a quiet Hallowe'en Monday night in Pittsburgh whether youngsters like it or not, city manager William S. Hansen said today.

He invoked an old city ordinance requiring everyone under 16 years of age to be off the streets by dark. If they're found roaming Monday night, they'll be prosecuted in juvenile court, Hansen promised.

Pre-hallowe'en vandalism brought on the order, which warned persons 16 and older that they will be charged with malicious mischief and destruction of property if they are caught in hallowe'en acts of vandalism.

Woman Hurt In Auto Wreck At Fort Worth

FORT WORTH, Oct. 27. (U.P.)—Mrs. Sybil Hollis, 27, of Waxahachie, was hospitalized today with serious injuries received when the family car crashed into the gate column at the Masonic home entrance here.

Jack T. Hollis, husband of the injured woman, said he swerved his car to avoid colliding with an approaching vehicle. He received minor injuries.

Mrs. Hollis suffered a broken right leg and arm, and severe head lacerations.

Daily Market Report

Stock Market

NEW 1949 HIGH HIT

NEW YORK, Oct. 27 (AP)—Heavy buying powered an advance to a new 1949 high in the stock market today.

Closing prices were at or near the best of the day.

Gains ranged from fractions to more than a point in one of the busiest sessions of the year.

A surge demand at the opening gave the market a start but almost immediately enough opposition developed to block a further rise. Prices seesawed for a couple of hours until soon after midday when fresh buying power appeared.

Some steel and railroad stocks, which had been balky early, joined the parade.

Turnover hit a rate of around 1,800,000 shares for the full day.

The rise got under way late yesterday, largely because of a revival of hopes for quick settlement of the steel and coal strikes. Hope persisted today despite a White House announcement that President Truman has set no deadline on mediation efforts to end the strikes.

Higher prices were paid for U. S. Steel, Bethlehem Steel, General Motors, Goodrich Tire, Montgomery Ward, Freeport Sulphur, American Telephone, United Gas Corp., Kennecott Copper, Allied Chemical (up 7 at one time), Du Pont, Westinghouse Electric, Southern Pacific, Texas Co., Twentieth Century-Fox, Loew's, and U. S. Gypsum.

Lower most of the time were Youngstown Sheet and Tube, Commonwealth Edison, and Pure Oil.

Cotton Market

NEW YORK REPORT

NEW YORK, Oct. 27 (AP)—Cotton futures were steady in active trading today on mill and commission house buying, although part of the gains were pared by profit taking and hedging. Distant deliveries were slightly under the previous close. With the balance of the market showing small gains. Expectations of a tight situation later in the season in free market supplies of good quality cotton stimulated buying.

Mills were also believed to be protecting raw cotton requirements. Their cotton stocks were reported still low in the face of an active demand for cotton goods. Dealers also felt that the premiums on good cotton will be boosted because the crop is running lower in grade compared with last season.

Some quarters estimated the next government cotton crop forecast will be around 15,000,000 bales or lower compared with the October official estimate of 15,446,000 bales.

The ECA issued additional cotton purchases credits to foreign countries.

Increased hedge selling and profit taking depressed cotton futures into the low ground for the day in late trading.

Futures closed 40 to 63 cents a bale lower than the previous close.

Grain Market

CHICAGO REPORT

CHICAGO, Oct. 27 (AP)—Grains ended ended lower on the board of trade today, soybeans recording the widest losses.

The market suffered a sharp sinking spell in active dealings around mid-way in the session. Soybeans losses extended to more than 4 cents, the November contract dropping to its lowest level since last July. The July contract made a new seasonal low.

A rally then started which lifted most grains well above the day's lows, although only the July wheat delivery was able to get back above the previous close. Some speculative buying appeared to be attracted by the sell-off, and there also was considerable short-covering.

Wheat closed ½-1⅛ lower, December $2.13¾-⅞, corn ⅝-1⅝ lower, December $1.17⅛-¼, oats were ¼-⅞ lower, December 73, rye was 2½-3½ lower, December $1.42-$1.43½, soybeans were 1 to 3 cents lower, November $2.23-$2.23¾, and lard was 17 to 20 cents a hundred pounds lower, November $10.27.

Large Crowd Views New Godiva Statue

COVENTRY, Eng., Oct. 27 (AP)—They've had to put a fence around Lady Godiva's statue. It's to keep the peeping toms away.

A statue showing the lady clad only in her tresses and sitting side saddle on a horse, was unveiled last Saturday by Mrs. Lewis Douglas, wife of the U. S. ambassador.

Almost at once crowds wanting a closer look began trampling over the surrounding turf. City officials put up a three foot high barricade yesterday to save the grass.

Godiva rode forth in the nude, legend says, some 900 years ago to shame her husband, the lord of the town, into giving tax relief to the people. The townspeople went indoors to let the lady pass unseen. But one man looked and was struck blind. His errant ways gave birth to the term peeping tom.

Police Guard Union Leader

DETROIT, Oct. 27. (AP)—Police, mindful of the attacks on the lives of Walter and Victor Reuther, guarded the home of a third CIO united auto workers leader today.

A guard was posted at the residence of Kenneth Bannon, national Ford director for the union, after a prowler was reported seen at his house last night.

Within the last 18 months attempts have been made on the lives of Walter Reuther, UAW president, and his brother Victor.

Both the Reuthers were shot at their homes by an assailant who fired a shotgun through a window. Victor was blinded in the right eye. Walter almost lost the use of his left arm.

The shootings have never been solved.

Boys Saw Man

Police, however, appeared inclined to deprecate last night's incident.

They took this view despite the fact that Bannon once was described in an unconfirmed report to police as "next on the list."

Bannon said his son, Kenneth, jr., 12, and a playmate, Ronald Dickson, 14, told him they saw a "tall, thin" man leave an automobile and look in at a window of the Bannon home.

The boys said that when they came up to him and asked his business, he left, saying he had the wrong address. The boys said he carried a brief case.

Bannon called police.

"I don't know why anyone should be gunning for me," Bannon said, "but I'm not taking any chances."

Police inspector Joseph Krug said any assailant would not have "given himself away in such a crude way."

U. S. Cases Of Polio Continue On Decline

WASHINGTON, Oct. 27. (AP)—The number of new infantile paralysis cases dropped last week for the ninth week in a row.

The Public Health service said that during the week which ended Oct. 22, 1,148 cases were reported, compared with 1,207 the week before, and 1,078 for the comparable week of 1948

There have been 37,087 cases reported so far this year. The total for the corresponding period last year fas 22,588.

Sylvio Blamed For Trumped Up Marriage

Louella Gets Straight Dope From Child Actress' Mother

By LOUELLA O. PARSONS
INS Motion Picture Editor

HOLLYWOOD, Oct. 27—Margaret O'Brien's mother, Mrs. Gladys O'Brien, who has heretofore refused to comment on any of the statements made by her bridegroom, Don Sylvio, came to see me today.

She said she was tired of having Margaret blamed for breaking up her marriage. She added that it was having a bad effect on the child star, who cannot even get an ice cream soda without people shaking a finger at her and saying, "shame on you, you broke up your mother's marriage."

Suicide Threatened

"The truth of the matter is," said Mrs. O'Brien, "that I was really talked into a marriage that I didn't want. I had met Mr. Sylvio at Bertolotti's restaurant in New York where he was playing and from the beginning he tried to marry me.

"I kept refusing, but he kept having pictures taken and giving stories out about our romance. Finally, the day of the marriage, he had photographers and the judge there from nine o'clock in the morning, waiting for me to make up my mind.

"I tried to tell him we should wait and that I didn't want to marry him. He threatened to kill himself, so at six o'clock that night I married him. Margaret said nothing about it, but she had heard the commotion and at the ceremony she cried." Mrs. O'Brien added:

Changed After Ceremony

"Mr. Sylvio changed immediately after the ceremony when he found that I wouldn't allow him to manage Margaret's affairs. He had planned to form a band and have her sing. Why, do you know that he was overheard on the telephone talking to his mother and saying that Margaret had never done anything to him but it was good publicity?

"He said he was going to form a 'spank Margaret O'Brien' fan club."

Mrs. O'Brien's actress-sister, Melisse O'Brien, who is a beauty, was with her and supported everything her sister said.

"The thing that worried us," said Margaret's aunt, 'is that it has such an effect on the child that she won't go any place or see anybody. She is really a very, very, sweet girl, and it is not fair."

Mrs. O'Brien, who was on her way to see her lawyer, Loyd Wright, said that all Sylvio ever wanted was her money. The divorce case will probably be tried very shortly when he comes from New York to contest it.

Loan Company Trial Pending

SAN ANTONIO, Oct. 27. (AP)—No trial date has been set in the government's charge that 84 firms and corporations conspired to set small loan rates.

The charge against the firms in 23 states, mostly in the south, southwest and west, was filed in U. S. district court yesterday. Asst. U. S. Attorney General Herbert A. Bergson filed the bill of particulars.

The government accused the firms and corporations of conspiring to fix interest rates and charges on small loans at an average of about 80 per cent.

Chains Involved

A federal grand jury here in 1944 returned indictments against 115 defendants. They were charged with conspiracy to violate the Sherman anti-trust act by agreeing to fix interest rates on small loans.

In August, 1948, the court granted a severance to each defendant and reduced the number to 84. At the same time it asked the government to file a bill of patriculars.

The file submitted by Bergson involves Jerome Rufus DeWitt King and John M. Ogden, who with others are co-owners of two large chains—the United Operative Company of Atlanta and the Triangle Security Trust of Nashville.

SMU Hopes For Win Boosted

Walker Slated To See Action

(By The Associated Press)

Doak Walker may play briefly for Southern Methodist university Saturday, but only on offense.

This was the word yesterday from Coach Matty Bell, who also revealed the top substitute for his all-America qearterback won't see action against Texas.

Bell said Frank Payne's broken finger will keep him on the bench. He worked a backfield yesterday that included John Champion and Rusty Russell, jr., in the quarterback position.

Walker Is Released

Walker, hospitalized with the flu for several days, was released yesterday.

With the "Doaker" in the lineup, even briefly, the Mustangs' chance of beating the Longhorns look brighter.

Despite its 20-7 victory over Kentucky and Texas' 15-17 loss to Rice, the Longhorns will probably be the favorite Saturday.

Texas Coach Blair Cherry had his team work on pass patterns yesterday, indicating the Longhorns will try the overhead route to beat SMU.

Most of the other members of the Southwest conference polished all phases of their attacks. They'll start tapering off for this week's games today.

Owl Players Hurt

Rice, the current favorite to cop the conference crown, has three players on the doubtful list for the Texas Tech game. Center Gerald Weatherby, Guard S. J. Roberts and Back Van Ballard are the ailing Owls.

Bo bWoodruff, Baylor's usually jolly coach, sang a mournfel tune yesterday.

"I don't see how we can possibly stop them," he said of Texas Christian university. "We don't have enough time to prepare for their singleand double wing formations."

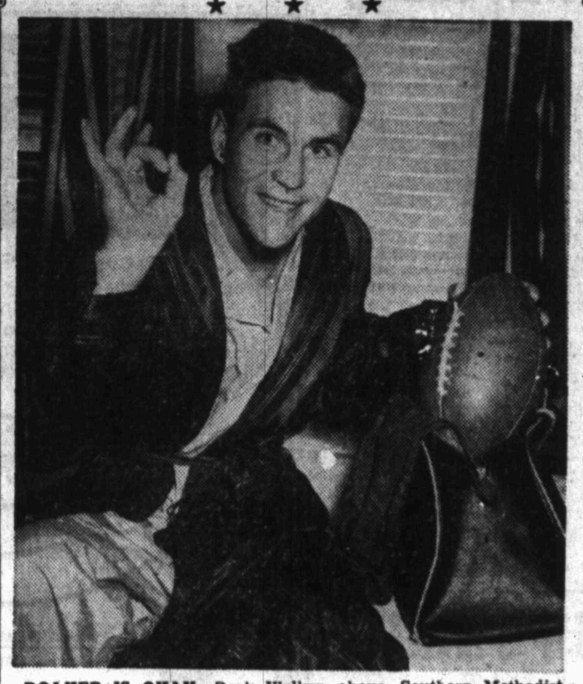

All of the Bears' opponents this season have used the "T" formation. Baylor has licked every one of them. The players will be in top physical shape for their first encounter this year against a team that does not use the "T".

Hold Last Scrimmage

Texas A. and M. held its last scrimmage session of the week yesterday. Two players who watched from the sidelines, safety man Charley McDonald and reserve Tackle Alex Stroble, will be okey for Saturday's tilt with Arkansas.

Arkansas went through a long, hard workout and Guard Theron Roberts suffered a rib injury. It was not known whether it would keep him out of the A. and M. game.

Texas Christian worked on defense yesterday. The Frogs had given Mississippi romped for 398 yards.

DOAKER IS OKAY—Doak Walker, above, Southern Methodist university's All-America back, gives the old "all is well" sign as he prepares to leave a Dallas hospital where he has been a patient for a week with the flu. The football he is packing was autographed by SMU players last week after they defeated Kentucky, 20-7, and presented it to Walker. (AP Wirephoto).

Dunbar Tangles With Vernon Here Tonight

Dunbar High school's Panthers will be playing before hometowners again tonight when they meet Vernon at 8 o'clock at Chapman field.

Coach Damon Hill's eleven has won all its home games this season, and Coach Hill said Wednesday that he "thinks we can win tonight."

Over the season the squad has a four and two won and loss record, defeating Hobbs, Amarillo, Midland and Odessa and losing to Wichita Falls and Abilene.

Ready to go are the four fleet-footed backs, quarterbacked by Fred Wright. At halfbacks are Lawrence Robinson and Otis Walker, and Eddie Bullock holds down the starting fullback position.

Price of admission to the contest has been set at 74 and 30 cents, and a large crowd is expected.

Tech Hopes For Upset Of Rice Owls

Red Raider Squad Scrimmage Marred By Player Injuries

Hopes for an upset victory over Rice Saturday at Houston still are very much in the minds of Texas Tech's football squad, but a pair of injuries yesterday afternoon slowed the Red Raiders down considerably.

Bobby Garner, a guard, and Red Phillips, a center and linebacker, both were knocked unconscious during a rugged scrimmage session. Garner received his injury early in the drill; Phillips got his late in the afternoon.

Garner was taken to the Raider locker rooms, but when he failed to come out of it, officials took him to West Texas hospital. He received emergency treatment and then was released as all right.

Phillips was taken to the dressing room, where he came to and said he was all right. Both players are expected to take part in drills today, but will see only limited service. And they are almost certain to be members of the 40-man squad that leaves here early tomorrow morning by plane for Houston.

Defense Looks Good

Yesterday's scrimmage was a stiff one, with the Raider defensive line looking good against Rice plays operated by the varsity. Time and time again Rice line plays were broken up and if the Techsans can function that well against Rice Saturday, the Owls might be in for a rough afternoon.

Against pass offense, such as Quarterback Tobin Rote will be throwing to End Froggy Williams and others, the Raiders didn't look as well. Several of the aerials clicked for long gains and one or two went for touchdowns.

Coach Dell Morgan repeatedly instructed the defensive team in errors it was making in an effort to tighten up the defense. He knows that Rice could, if it wanted, make things as miserable as Texas did Sept. 17. There is one big difference. The Raiders won't face the extreme heat and will be in better physical condition.

Much of the Raider attack will be left in the hands of a blocking forward wall and a backfield that is topped by Fullback Bud Conley. Conley has gained 390 yards on 90 carries this year to lead the team and also is the top scorer with four touchdowns.

Halfback Ike Stuver has 274 yards in 39 tries, Fullback Earl Jackson has 205 yards in 47 carries and Halfback Cal Steveson has 169 yards in 55 carries. Stuver and Steveson, along with End Jack Davis, have two touchdowns each and Halfback Tim Hatch has booted 13 of 16 conversion efforts.

Quarterback Ernest Hawkins has connected on 18 pass completions in 46 attempts for 320 yards and three touchdowns. Quarterback Milton Rathbone, out with a knee injury, has hit nine of 25 attempts for 84 yards and three tallies. Bill Lyman has connected on seven of 20 attempts for 63 yards.

Davis leads pass receivers with 104 yards on five catches, while Stuver has 103 yards on six completions and Hatch has 68 yards on six completions.

Stuver, leading Raider punter, has averaged 37.3 yards on 28 punts this year.

Bowling Results

Russell Hardin remained atop the standings in the Commercial Bowling league last night although losing two games to Hemphill-Wells in weekly play.

Second place Nelson Electric shutout Lubbock Tailoring, winning three straight, to gain on the leaders.

High for Nelson's was Ines Green, turning in a 156-464 series, and pacing the Tailors was Gail Tyson with 147-413.

No Name 8 stopped No Name 7, not allowing the losers to win a single game, as Gypsie Hansen rolled a brilliant 193-552 series. For the losing quintet Rozanne Trammel had 123-365.

Flo Christensen was high with 169-470 as Southwestern Public Service allowed No Name but one game, with Zelma Zimmerman pacing the losers with 174-473.

For Hemphill-Wells Artie Reid was high in the two game victory, posting 174-473, and Maxine Buckner had 180-468 for the losing Russell Hardin five.

REEVES KEGLERS WIN

Reeves Insurance and West Texas Gas ran up the only three-game victories last night in the Business Bowling league, the other two matches being splits.

N. G. Terry chipped in a 193-555 series to help the Gassers to a triple win over Dahlson's Furniture, and Tom Taylor had 182-459 for the losers.

In the Reeves victory, Ralph Mitchell and Pee Wee Bean had the best scores, with Mitchell taking high with 242-523. Hap Wright bowled high for the losing Sears team.

Mark Halsey won two games from Hub Laundry, dropping one, and Bert Moore was high for the Druggists with 224-531, eclipsing Doug Mitchner's 182-488 performance for the losers.

In the final match Stanolind won the first and third game from Household Supply. High kegler for Stanolind was G. L. Maciula with 169-485.

ZAHARIAS TO TEACH GOLF

CHICAGO, Oct. 27 (INS)—Mrs. Mildred (Babe Didrikson) Zaharias signed a contract with the Skycrest Country club in Chicago Wednesday to become the first internationally renowned woman golfer to accept a position as a teaching professional of the links. President Gene Dyer of the Skycrest club announced that the Fabulous woman athlete would take charge of the club Feb. 1.

Lamesans Get "Upset Fever"

LAMESA, Oct. 27 (Special)—A spirited Lamesa Golden Tornado football team is girding itself for an all-out battle Friday night against Lubbock's Westerners, and head Coach Bob Harrell said Wednesday that the team has more enthusiasm than at any time this year.

Somewhat crippled by illness and injuries, the Lamesa eleven is recovering from a 32-13 defeat suffered last week at the hands of the Pampa Harvesters, a loss which dropped the Tornadoes from the unbeaten ranks of the schoolboy football chase.

Lubbock, meanwhile, was having little difficulty in grinding Amarillo into the gridiron and scoring a 47-7, victory. The Lubbock squad will be intent on handing Lamesa its second straight defeat of the season.

Fans Have Upset Fever

More than one Tornado fan has "upset fever" this week, and Coach Harrell says his club played Pampa a much closer game than the score indicated, adding that Lamesa played one of their worst games but against their strongest opponent.

The Tornadoes have done their best work of the year in this week's workouts, Harrell reports, and says his lads have high hopes of knocking over the state's number one team.

Jamie Pearson, regular left tackle, is sick in bed with a virus infection and will not play. Replacing him will be Phil Johnson, a 14-year-old junior who has been improving rapidly.

Substitute Guards Don Holt and Donald Cotten have the flu, but Cotten may be able to play some.

Don Hackney, second string fullback, suffered a broken right hand in a rugged scrimmage session Tuesday, but will see some action. The rest of the squad is in fair shape.

Stresses Running Game

Lamesa has stressed pass defense and the polishing of its offense, especially the running game. The Tornadoes piled up lots of yardage in the air against Pampa, but couldn't go on the ground.

Sparking the offense against Lubbock will be passers Bobby Hawkins and Ronald Chapman, and running backs are Dick Echols, Larry Lattimore and Delbert Dickenson.

The Tornadoes, a good little team, will be meeting a good big team in the Westerners. Lubbock will outweigh the visitors approximately 15 pounds to the man.

Lamesa has scouted Lubbock thoroughly, and several hundred Tornado fans are expected to make the trip to Lubbock in the hope that the locals will surprise the highly-touted Westerners.

Four Women Tie For Honors In Tourney

Four golfers tied for putting honors Wednesday in the 78-hole flight of the Ladies Golf association's weekly play at Lubbock Country club.

Low in putts were Mesdames Horace Humphries, C. Campbell, George Soash and Kay Taylor. Sharing honors for low net were Mrs. T. L. Sampson and Mrs. Tobe Foster.

In the nine-hole flight Mrs. Jimmy Goldman had low putts, and Mrs. E. M. Hennersdorf shot low net.

Pioneers To Battle Littlefield Today

Lubbock's Pioneers are scheduled to travel to Littlefield today for a 4 p.m. encounter with the Littlefield B team.

The meeting between the two schools will be the second of the season, with the Pioneers winning a handy 31-12 victory in their first encounter.

Last week Levelland lowered the boom on the Pioneers, winning a 12-7 game and giving the local club its second loss of the year against three wins and one tie.

Heroic Efforts Of Ag Player Praised

COLLEGE STATION, Oct. 27 (AP)—Amid the shambles of a disastrous Texas A. and M. season there stands a football player.

Bob Smith is his name and he has waded through enemy lines as though playing for unbeaten, untied Notre Dame.

Every blast is painful but the 192-pound, sophomore fullback rolls on—driving, crashing, fighting for a team that tries but can't give him much help.

Some ligaments were pulled out of position in his shoulder near the neck before the opening game of the season with Villanova. He was in that one only four plays, carrying the ball once for six yards.

The next week he cracked through 31 times for 214 yards against Texas Tech. He had to keep his left hand clutched against his shoulder to avert further injury while carrying the ball.

Against Oklahoma the Aggies got 62 yards rushing, 48 by Smith. Against Louisiana State he had 56 yards—all A. and M. gained on the ground. Against Texas Christian he made 37 yards of the Aggies' total of 58. Against Baylor last week Smith gained 65 yards of the Aggies' 126.

He leads the Southwest conference in ball-carrying with 410 yards net on 86 tries—an average of 4.8 yards per effort. Thus he has accounted for more than 57 per cent of the Aggie yardage on the ground because the entire team has gained only 712.

Lubbock Holds Defense Drill

Wednesday's Westerner football workout was on the light side as head Coach Pat Pattison began the tapering off process for tomorrow night's 8 o'clock District 3-AA opener with the Lamesa Golden Tornadoes.

Defense against an air and ground game was stressed, with major emphasis being on pass defense. All season the Lubbock squad has been considered weak against aerials, but after last week's showing against Amarillo, it appears that lack of concentration against passes in practice had lots to do with poor showings against aerial warfare.

The Westerner coaches appear to be expecting a well-balanced attack from Lamesa Friday, and yesterday all three squads alternated both on offense and defense.

Defenses Good

Defensively the teams were showing heads up play, but many passes by Bobby Brown and Billy Pressley were hitting their marks. Even the best defensive specialists would have had trouble batting down these bullet-like heaves.

Following straight pass protection workouts, the whole team gathered together for dummy drills, with the offensive elevens running plays similar to those used by Lamesa.

A short tackling session and laps around the field ended the workout, one which afforded the players an opportunity to pick up many valuable pointers on defense.

Although most of the practice session was defensive work, time was spent also on running plays. More of this type drill is expected today.

Team In Top Shape

The whole Lubbock squad is in good mental shape in preparing for the district opener with the Tornadoes, and enthusiasm was high as the players went through their workout.

Only minor bruises are slowing up the boys, with the exception of right Halfback Charlie Williams, who missed practice today because of bad cold. Williams is expected to be ready by Friday night, however, Coach Pattison said at practice. End Billy Wright is still bothered by a charlie horse in his left leg, but it is rounding into shape rapidly.

The Tornadoes are expected to field a scrapping ball club for tilt Friday, and the spirit of the team is expected to be better than at any time this year. With only one defeat marring their record, the Lamesans can be expected to fight, and fight hard for a victory over the Westerners, now rated as the first team in the state.

The last meeting between the Tornadoes and Westerners took place in 1946, and that year Lubbock scored a thrilling fourth quarter victory over Lamesa, winning 7-6, in the last three minutes.

Loop Clashes Carded

Area Schedule Cut This Week

The South Plains schoolboy grid schedule is limited this week, but it makes up in quality what it lacks in quantity.

Only 20 games, about half a dozen below the usual number, are on the weekend docket. Of these, 17 are conference scraps.

Three of the 20 tilts have been advanced to tonight because of Friday night Hallowe'en festivities at several schools. These are Abernathy at Ralls, Petersburg at Cooper and Frenship at Whiteface. All others on the docket are to be played Friday night.

Lamesa Invades Lubbock

Topping the list of attractions is Lamesa's invasion of Lubbock. The visiting Tornadoes, beaten only once (by Pampa), will be definite underdogs against a Lubbock team rated by sports scribes as the state's No. 1 Class AA aggregation, but a wide-open offensive display is in the offing. It will be the first District 3-AA game of the year for both clubs.

No other Class AA contests involving area teams are scheduled, as both Plainview and Brownfield have open dates.

Floydada's Whirlwinds, setting the pace in District 3-A, get a real test when they take on Lockney's big Longhorns at Lockney. A loss in this one would drop the Whirlwinds into a tie with the Spur Bulldogs, who are idle this week. Crosbyton's Chiefs play hosts to the improving Matador Matadors, who last week held Floydada to a 12-12 scoring deadlock only to lose on first downs. Abernathy's Antelopes are at Ralls Thursday night, while Friday night Paducah goes to Tulia.

Littlefield In 4-A Clash

Littlefjeld, the 4-A North cofavorite, entertains Sundown in a conference clash. Levelland, currently in third place in 4-AN, travels to Post to square off against the high-scoring Antelopes.

In 4-A South, O'Donnell at Slaton is the only district game scheduled. Coach Clarence Tillery's spirited Slaton crew can climb into a first-place deadlock with Post by winning this game. Seagraves, another 4-AS member, takes on Coahoma at Coahoma.

The lone District 5-A contest involving a South Plains aggregation is Seminole at McCamey.

A full program is on tap in District 3-B, where Olton's front-running Mustangs play hosts to the dangerous Anton Bulldogs. Dimmitt, the second-place team, faces Friona at Friona, while defending champion Hale Center is at home against Whitharral. In other games, it will be Farwell at Amherst and Springlake at Spade.

Meadow, the top team in 4-B, gets a comparative "breather" when it invades Plains. Ropesville, scrapping to get back into title contention after last week's loss to New Deal, journeys to Idalou. As listed above, tonight's games find Petersburg at Cooper and Frenship at Whiteface.

GAME IS SET HERE SATURDAY

Tech Freshmen To Test Odessa Team

This ought to be one of the best weekends in football circles for Lubbock grid fans, with a top-notch high school game here Friday night and a major freshman game Saturday afternoon.

The Picadors of Texas Tech, rated one of the best football teams at the local institution in years, take on the Odessa Junior college eleven Saturday afternoon at 2:30 in Jones Stadium, Lubbock fans will have another opportunoty to see the junior Red Raiders in action.

Coach Red Coats of Odessa, a former Tech center and letter winner, has rounded up a good team at the junior college. He is in his first year there and the Odessans are slated to give the Raiders a stern test.

Tech's first year men rolled to an impressive 59-7 rout over the West Texas State college freshmen in their first game, then were rained out of a game last Saturday night at Roswell. They were scheduled to meet New Mexico Military Institute, but the game has been cancelled.

Top Frosh Squad

Coach Allie White has rounded up what has been termed the finest freshman squad in the history of Tech football teams and many of the first string players made all-state teams in Class AA and Class A circles last year. In addition, the Picadors have all-state players on the squad from Alabama, Georgia and West Virginia.

After providing competition for the varsity much of the time, and especially Monday of this week, the freshmen have been working by themselves. Coach White yesterday sent them through a long dummy scrimmage, with emphasis on blocking assignments and timing.

Madison, Seale Leaders

Directing the club Saturday afternoon will be a pair of outstanding quarterbacks, Carl Madison of Atmore, Ala., and Don Seale of Idalou. Both are good field generals and fine forward passers, while Seale also is a fine punter.

The ground game will employ half a dozen outstanding backs, including Waldo Young of Monahans, W. H. Barker of Colorado City, Ronnie Miller of Albany, Carrol Drye of McAllen, Chuck Reynolds of Atlanta, Ga., and Sandy Welton of Fairmont, W. Va.

The devastating pass attack, spearheaded by Ends Alton Linne of Monahans and Jim Thames of Alvarado, a six foot, four inch, 220-pounder, is aided by Reynolds and Young.

Texas Is Favored To Defeat Ponies

BY DR. E. E. LITKENHOUS

Murder, Inc., is set to operate again. Notre Dame, No. 1 in the Litkenhous Difference by Score System, gets a 27.0 margin over Navy when the traditional rivals meets this week.

In a Southwest Conference thriller that promises plenty of action, Texas is a slight choice over Southern Methodist, upset conqueror of Kentucky. The Longhorns, 12th in the nation, get a 4.1 nod over the Mustangs. Rice will extend its dominion over Southwest elevens by rocking Texas Tech by 32.9 power points.

In the Big Ten Michigan will stay on the comeback trail by measuring Illinois, the conference leader, by 9.8. Wisconsin will mend its record with a 24.9 victory over Indiana while Minnesota will rebound to take Purdue by 20.7 points. In another of the fully packed Western Conference card Ohio State is a 12.9 favorite over Northwestern. Michigan State has a 34.9 holiday over Temple.

Following is the week-end schedule of college football games with Litkenhous Difference by Score predictions. The figure after the name of each team is its power-point rating. The figure in the last column is the difference between the ratings and therefore the approximate probable difference between the scores they will make in the games. The names of the probable winners are set in boldface type.

Buffalo Lakes Are Stocked With Fish

What is probably the largest shipment of fish ever to be brought into the area at one time arrived from the state hatchery at Dundee Wednesday.

Approximately 60,000 fish were trucked in for restocking one of the Buffalo lakes drained last May when flood waters washed out the dam.

Ed Hahmbright, Lubbock insurance agent, who has been instrumental in getting fish for restocking such lakes in this area, commented that next spring, Buffalo lakes probably would be the "fishingest fishing hole" in West Texas.

J. D. Crane, an employee at the hatchery, drove the pickup truck with the special tank that brought the fish in.

Crane estimated that the shipment included 30,000 channel catfish, 20,000 big mouth bass, and 10,000 crappie. Some fish were quite large, but the average size was four inches.

Hambright said the fish would be ready for fishermen by next spring. "Next year, everybody can fish at that lake, because there will be plenty for all," he said.

The fish were brought up in a seven-compartment tank which had an oxygen pump attached for supplying the fish with air.

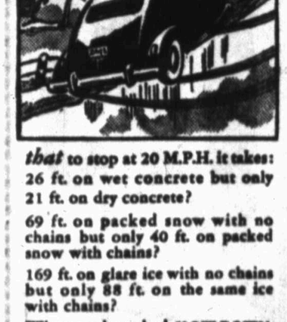

They were packed in tightly, but seemed to suffer no ill effects from the long trip. Hambright said the fish represented about 30 five-gallon cansful. Upon being dumped into the lake, they churned the water into a froth, then disappeared into the depths to grow to maturity.

Hambright confided that he was somewhat overwhelmed by the size of the shipment. He said the most they had ever received before was about 15,000.

CAGE FOUNDER DIES

BALDWIN, Kan., Oct. 27 (INS)—One of the founders of the National Association of Intercollegiate Basketball—Emil S. Liston—died Wednesday of a heart attack in his home in Baldwin. He was 59.

DO YOU KNOW—

that to stop at 20 M.P.H. it takes:
26 ft. on wet concrete but only 21 ft. on dry concrete?

69 ft. on packed snow with no chains but only 40 ft. on packed snow with chains?

169 ft. on glare ice with no chains but only 88 ft. on the same ice with chains?

When roads are bad, SLOW DOWN. If conditions require chains, put them on; if roads are wet, allow extra room to stop. Remember, you're one foot from trouble—*your* foot on the accelerator.

Top Teams Are Picked To Win

By ED FITE
United Press Sports Writer

Only a scattering of "big" games for this week's 49-game schoolboy football schedule in Classes AA and City conference, but the outcomes of the list as a whole will be one of the hardest of the season to try and forecast.

Most of the games apparently are against fairly-evenly matched teams and the final score could go either way without the results being classed as much of an upset.

Thirty-nine of the 49 games are conference affairs.

Lubbock Meets Lamesa

Among the new "headliners" on the card were these:

1—AA: Twice-beaten Amarillo against once-beaten Ysleta as both attempt a comeback in an interdistrict game.

3—AA: Lubbock, the state's No. 1 team, against once-beaten Lamesa in a title tilt.

5—AA: Twice-beaten, once-tied Abilene against once-beaten Sweetwater in a crucial district contest.

7—AA: Once-beaten Paris against twice-beaten Denison in what may be the district title-deciding game.

8—AA: Once-beaten Highland Park against once-beaten Denton to see which will contest Grand Prairie for the district crown.

9—AA: Undefeated, untied Henderson against once-upset Marshall in what looms as the decisive district game.

13—AA: Unbeaten, untied Corsicana against defending state champion Waco, twice-beaten but still tough.

San Antonio: Once-beaten Tech against oft-beaten, but improving Brackenridge in a game that will eliminate one as a contender.

Last week we picked 40 out of 49 games for an .816 average, giving us a season record of 265 right and 19 ties in 370 games—a .742 average.

Schedule Is Given

This week's schedule, by districts (our picks marked with "W"):

Class AA

1—Thursday: Elk City, Okla., at Borger (W). Friday: Ysleta at Amarillo (W).

2—Friday: Childress (W) at Vernon (X), Wichita Falls (W) at Quanah (X), Graham (W) at Electra (X).

3—Friday: Lamesa at Lubbock (W-X. Midland at Odessa (W-X).

4—Friday: El Paso Bowie vs. El Paso High (W-X). Saturday: Big Spring at El Paso Austin (W).

5—Friday: Abilene at Sweetwater (W-X3, San Angelo (W) at Brownwood (X).

6—Friday: Cisco at Mineral Wells (W-X), Stephenville at Breckenridge (W-X).

7—Friday: Sherman (W) at Greenville (X), Denison (W) at Paris (X).

8—Friday: Highland Park at Denton (W-X), Sulphur Springs at McKinney (W-X).

Henderson At Marshall

Between the Lines
by Joe Kelly

Arch Lamb, former Texas Tech cheer leader and an ardent football fans, reports one of the best wisecracks we've heard in along time. Seems Arch was sitting in the stands at the Arizona-Tech game last Saturday and a 10-year girl was sitting behind him. Things weren't going very well for the Red Raiders, who were making a lot of mistakes and not making any touchdowns. Each time after a play, of course, the Raiders would go back into their huddle. Finally the little girl could not stand it no longer. Turning to her father, she said: "Daddy, why do those men go back like that each time and talk things over? Each time they come out and just do the same thing all over again!"

● ● ●

Our little daughter, who goes to all the games, is an ardent Tech rooter. She sits in the West stands and when the Techsans cheer, she cheers along with them. She is, incidentally, not quite six years old, but has learned the cheers remarkably well (parental pride). Last Saturday, as we were getting the missus to hurry up so we wouldn't be late, the daughter asked us: "Daddy, will the hey-ho boys and girls be there today?" Slightly mystified by the hey-ho business, we asked her to explain what they were. "You know," she declared impatiently, "Hey Hey! Ho Ho! Come on Tech, Let's Go!" We give up.

● ● ●

Hugh Fullerton, jr., who writes a daily Associated Press column, comes up with this gem. Seems in a recent boxing bout at New Britain, Conn., the other night a plug ugly named Danny Carabella let Aron Joshua have it with a left hook. Aron's artificial locks flew right off his head and he lost the fight trying to adjust his wig with his gloved hands. Said Fullerton: "Naturally fans said it was the most hair-raising scrap of the season."

What will come as good news to most persons living close to the West Texas-New Mexico League is the proposed new baseball park in Amarillo. Considered one of the poorest playing fields in the circuit this year, Buck Fausett and Bob Seeds intend to correct the situation. They have petitioned the city to change the zoning in one section of town so that they can erect a brand new baseball park. If the city approves, Buck and Bob intend to build a modern new park capable of holding 7,500 fans. That is almost twice what Rosenthal Field can accommodate and would be the most modern and best park in the league, presumably. The Amarillo Gold Sox owners intend to spare no expense in providing the Gold Sox team with a fine place to play and the fans with the utmost in convenience.

● ● ●

But the word is out that some of the neighbors to the proposed ball park's location aren't happy about same. A railroad man in particular says that he fought a similar effort to re-zone the area and that he will fight any other attempt along that line. He adds that he's a ball fan, but that he doesn't want the park located near his residence. Of course a new park could be built on the site of the present one, but it would be an expensive proposition, more expensive than the building of a completely new park. For Amarillo fans and for visiting ball clubs, we hope that the owners of the Gold Sox are able to go ahead with their building plans. Certainly, with four consecutive years of 100,000 paid admissions or more they are in a good position to spend the money. And a new park would last a long time.

We visited one of Coach Pat Pattison's secret workouts this week and came away impressed. Pat knows that he will have his hands full beating Lamasa's Golden Tornadoes (not Hurricanes, as we called them once). He also knows that the Westerners could have a sharp letdown after winning one of the games on the schedule that they vowed that they'd win, a game that meant nothing in conference circles, but a lot personally. So we were impressed with the workout, because there was no sign of swellheadedness and because the boys were so eager to have their mistakes corrected. The Westerner squad seems unusually levelheaded this year. Bobby Brown is as eager to praise Sleepy Nelson as Billy Wright is to praise Wayne Stroud. It's team spirit that counts, not individual success. That's one of the big reasons the Westerners are doing so well.

● ● ●

We'd be telling a bold faced lie if we said that we didn't expect the Westerners to have trouble with Lamesa this week. We expect them to have a real ball game. We don't look for them to lose, but it wouldn't be classed as a miracle if they did, even though it would be the upset of the season. Lamesa has a good team, soundly coached and well trained. Their record is proof of their ability and if you think comparative scores mean anything, forget it. In other words, Lubbock 33, Pampa 20; Pampa 32, Lamesa 13, doesn't mean a thing in this game. Lamesa would rather beat Lubbock than eat and they'll go all out to get the job done. But the spirit in the Westerner camp this week is such that exudes confidence without its being overconfidence.

You may have wondered how the Heisman Memorial Trophy came to receive its name. In 1935, the Downtown Athletic Club of New York City, Inc., decided to award a trophy to the outstanding college football player in the United States. In 1936, John W. Heisman, then director of athletics for the DAC, passed away and the trophy was renamed in his honor. Who was John Heisman? He was a respected coach for 36 years from 1892 through 1927 at eight colleges. He was the inventor of the spin play and direct snap from center to back and was considered by many as the originator of the forward pass. One of his teams, Georgia Tech of 1916, ran up what is football's second largest score when it beat Cumberland university 222-0. In 1917 the same team played football's first doubleheader, meeting Furman and Wake Forest all in one day. He was twice president of the American Football Coaches associateion, first president and originator of the Touchdown club and a truly great figure in the football world.

● ● ●

Heisman was an 1891 graduate of Pennsylvania. He coached at Oberlin, Akron, Auburn, Georgia Tech, Pennsylvania, Washington and Jefferson and Rice. You might, also, be interested in the past winners of the trophy. They have been, in consecutive years, Jay Berwanger of Chicago in 1935, the original winner, Larry Kelley (Yale), Clint Frank (Yale), Davey O'Brien (TCU), Nile Kinnick (Iowa), Tom Harmon (Michigan), Bruce Smith (Minnesota), Frank Sinkwich (Georgia), Angelo Bertelli (Notre Dame), Leslie Horvath (Ohio State), Felix Blanchard (Army), Glenn Davis (Army), John Lujack (Notre Dame), and Doak Walker (SMU).

A TYPOGRAPHICAL ERROR

WACO, Oct. 27 (AP)—A publicity story on Baylor university football was found to have a typographical error. The name of Hank Dickerson of Dallas was carried as "Kickerson". But Don Oliver, sports publicity director, said that was all right after all. Dickerson is the team's placekicker—he has converted 16 out of 17 attempts this season.

Small catches of millet often were sold for fantastic prices in the Roman Empire.

Parks Defeats Getz In Bout

Sled Allen's wrestling fans are beginning to wonder if Al Getz, the durable Dutchman, is losing his grip.

He still is putting on a good show and entertaining the paying customers, but he hasn't been impressive in his last two showings here. In fact, last night he was beaten soundly by Herb Parks, who had challenged Getz because he thought the Dutchman wasn't as good as he used to be.

Loses On Disqualification

Alex Kasaboski might have won his semi-final match last night if he hadn't let his own roughness get away with him. He had The Grey Mask in trouble, but lost both falls on disqualification.

Charley Carr and Salvador Flores, wrestling in the 20-minute preliminary, put on a good show for the fans in going to a draw.

Getz showed that he had stamina by going 22 minutes before winning the first fall from Parks with a rolling leg split. Before that, the two wrestlers had been pretty tame, content to try few holds and say with them.

But the final two heats were more in the rollicking style associated with Getz. He roughed Parks up, slammed blows to the head and neck, rubbed his eyes on the ropes and generally made things as unpleasant as possible.

Parks, durable himself, took all Getz had to offer and dished out his own share of punishment. It gradually wore the Dutchman Parks applied a reverse toehold and Parks aplied a reverse toehold and arm stomp to win the second fall.

Then the Canadian from the far north came back to stand off Getz' rough tactics and grab the final fall. Getz apparently had Parks in trouble when he applied an arm lock cradle roll. But Parks suddenly braced his feet and caught Getz on his back, while the referee intoned the fatal three-count. It took seven minutes.

In the SMI-final, Kasaboski was treating the Grey Mask roughly and appeared well on his way to winning when he was disqualified. The Russian tossed the Mask over the top ropes in the first fall and the referee awarded the Mask that fall after 38 minutes of furious wrestling.

The second fall didn't take so long. With less than seven minutes remaining for two more falls, Kasaboski came out intent on ending it quickly. He grabbed the Mask, caught his head in a lock and began to rus his eyes.

Longshoremen Walkout Seen

GALVESTON, Oct. 27 (AP)—Ten thousand longshoremen from Lake Charles to Brownsville are scheduled to strike at 12:01 a. m. next Tuesday.

Frank Yeager, a union official, last night said the strike vote was taken at a union meeting which followed breakdown of negotiations with the Houston and Galveston Maritime association.

Yeager is Gulf Coast president of the South Atlantic and Gulf Coast district of the International Longshoremen's association.

The longshoremen had asked a 22 cent hourly pay raise and increased vacation, pension and welfare concessions, Yeager said. Present pay is $1.78 an hour plus differentials on certain cargoes up to $2 an hour.

Negotiations Ended

John R. Dunn, spokesman for the Maritime association, refused to comment on Yeager's announcement.

J. G. Tompkins, vice president of the gulf division of Lykes Bros. Steamship Co., said the negotiations ended at 5 p. m. He expressed surprise at Yeager's strike vote announcement and said he knew nothing about it from the union.

He said the maritime association had offered to renew the old contract which expired Aug. 21.

ment providing a mondus vivendi."

This was immediately viewed in western quarters as a prelude to an eastern offer to resume four-power discussions on Berlin.

These discussions were broken off by the Western Allies last Sept. 28 when the Soviets refused to fulfil commitments they made to end the city's bloody railway strike in June.

Grotewohl said discussions would begin today on granting former Nazi party members full privileges in the eastern state provided they had not been convicted of major war crimes.

From the western capital of Bonn, meanwhile, came reports that the West German state soon will ask the Western Allies to end their state of war with Germany.

West German officials quoted West German Chancellor Konrad Adenauer as saying he would ask the three-power Allied high commission to consider this question next week.

Burglaries

Norris, a member of Moore's Bonded patrol, corporation court officials said.

He approached Norris and suggested he could deliver a case of eggs if the patrolman wanted any. Norris said he could use the eggs. Jones left and came back in a brief time with a sack of potatoes instead. The patrolman arrested him. The charge said the potatoes came from a nearby produce company.

Jones pleaded guilty of theft under $5. He told the arresting patrolman, "I tried to sell to the wrong man."

The sheriff's department held for Hobbs, N. M., officials a 21-year-old man suspected of theft from the person there. He was arrested by Herschel Cunningham of the police.

Help On Girlstown Project Is Sought

In order to speed construction of the large residence being built at Girlstown near Whiteface, additional carpenters, plasterers and laborers are needed, it was announced today.

Persons who will help either on a volunteer basis or for pay were asked to telephone C. J. Lightholder of the Building Trades council of Lubbock. Present workers are receiving pay five days weekly and are donating two days' work weekly, but in order to rush construction Miss Amelia Anthony, director, is prepared to pay workers, it was stated.

The residence will have 32 bedrooms, making it possible for Girlstown to increase its residents to 64. Ten girls now live there.

Nov. 13 has been set as the goal for completion of construction.

Prison Break

(Continued From Page One)

marched in single file prison fashion toward the gate house with Lynch at the head of the line, a pistol in his back.

One of the convicts pressed the button controlling the electrically-operated gate and the parade moved out into the open.

Men Are Spotted

Tower guard Raymond Pritchard spotted the men but withheld fire until the convicts shoved Lynch aside and ran. Then he fired a burst of bullets but apparently none struck the fleeing man.

Elliott said one of the men came to his house, only two blocks from the prison, and said his companion was injured.

"I went out with him," Elliott said, "and a man was lying on the sidewalk. The other fellow helped him to his feet and helped him into the back of my car. But they both acted so nervous I got suspicions. I suggested we better call an ambulance."

"Then the other man pulled a pistol and shoved me into the car," Elliott said. "My wife saw it from the window and screamed. They didn't say anything until we got about a block away, then the one at the wheel slammed on his brakes and they told me to get out."

Convicts Are Listed

The escaped convicts in addition to Norris were identified as:

John H. Miner, 25, Florida, serving a life term for murder; Joseph Langford, 25, Bellefonte, Del., 10 years for robbery; Willie Edwards, 28, Satsuma, Ala., one year for obtaining money under false pretenses and three years for prison break; Jesse W. Palmer, 18, Georgia, 12 years for robbery; Victor Bryson, 29, Minquadale, Del., robbery; Edward Ernst, 25, Wilmington, four years for robbery, and Edward J. Hardy, 23, Wilmington, six months for breaking and entering. Palmer and Miner are negroes.

Langford and Bryson escaped from the prison last June but were recaptured a short time later, police said.

A-1 Cleaners also squeezed in ahead of the repair shop this time.

John Zournas, veteran Lubbock restaurant operator, lost his place as the last name in the new telephone book to Morris I. Zukav, manager of Zale's jewelers. As yet, apparently, no one in Lubbock has changed his name to Zyzzu to get the last place in the book.

For telephone users who want to talk to the other side of the world, the new book contains some typical week-day rates for a three-minute call.

Calls to Argentina, Australia, Denmark, Italy, the United Kingdom and the U. S. S. R. now run $12 for the three minutes, the book says.

To Colombia, Hawaii, and Venezuela, that rate is only $9, and to Puerto Rico, Virgin Islands and Bermuda, $7.50. Reduced rates apply in some cases on Sunday.

For those frequently-placed long distance calls, the directory contains a cardboard folder, attractively illustrated, with space for listing long distance numbers by name and town. The folder also contains instructions for placing long distance calls and definitions of persons-to-person and station-to-station calls.

Some unusual classifications found in the yellow pages:

Aluminum fabricators, alcohol (of the rubbing variety), art galleries, artists, barbecue, calcium chloride, caskets, decalcomania transfers, detective agencies, driverless autos, embroidery, heat exchangers, hides, mailing service, mausoleums, oysters, pottery, punch boards, rabbitries, sawdust, solvents, telephone message bureaus, time service, wake-up service and wrestling promoters.

Painter Survives Wild Ride On Blade Of Mammoth Fan In Generating Plant

BURBANK, Cal., Oct. 27 (U.P.)—Painter Michael Sychta, 41, spun around in the 12-foot blades of a giant fan whirling at almost 120 miles an hour and lived to tell about it today.

He was painting the fan in a city steam generating plant yesterday when the switch was turned on by a worker who didn't know Sychta was on the fan.

The blade struck him behind the knees and swept him up, as he grabbed at a railing and missed.

"It carried me around the circumference of the fan twice," Sychta said. "Then the blade broke, and I fell.

"I guess I'm the luckiest man in the world."

Sychta dropped 15 feet to the floor of the fan well, and was treated for cuts on his chest, back, arm and side.

Dr. D. M. Wiggins, president of Texas Technological college, has been absent from his duties since Monday because of a cold which has kept him in bed. Officials at the college did not know when he could return to work.

Leo Dean Townsend, 21, of 508 Forty-fourth, was arrested here Wednesday for Hobbs, N. M., authorities on a warrant charging robbery from the person. The suspect, who has waived extradition ,was taken into custody at fourth and Ave. H at midmorning by City Patrolman H. A. Cunningham who recognized him as the man described on police radio broadcasts. New Mexico officials indicated they would send officers to accept custody of the suspect.

Area agents of a State Farm Insurance company Wednesday heard the company's executive vice president, Morris Fuller of Bloomington, Ill., speak at a meeting in the Hilton hotel. Frank Campbell and J. C. Underwood, local agents, were present.

Services were to be conducted at 3 p. m. today at Temple for J. H. Gunn, 75, brother of C. W. Gunn of 1621 Twenty-third, who died there Tuesday.

The Sam C. Arnett school Hallowe'en carnival will commence at 6:30 p. m. Friday when the cafeteria doors are opened. Individual room exhibits will open at 7 p. m. The school is located in the Clayton-Carter addition on the Plainview highway.

"What P-TA means to the Parent" was the subject of Mrs. J. E. Hartley at a recent meeting of the Sam C. Arnett school P-TA.

More than 800 persons attended the art exhibit at O. L. Slaton Junior High school Wednesday night. The exhibit will be shown at the Arnett & Wolffarth Elementary school Friday afternoon and the Chris Harwell and O. L. Slaton schools Friday night, it has been announced. The latter school's glee club will sing.

Mrs. Charlotte Carter, an employe of KSEL, today spoke to the Lubbock Advertising club at a luncheon meeting in the Hilton hotel. Dale Buckner presided. Frank Grant was a new member. Guests were Raymond Poindexter and Leo Knight.

Seven women arrested by city police in several downtown hotels Wednesday night on charges of vagrancy by prostitution were released after posting bonds of $200 each following pleas of not guilty, police records showed.

A judgment of 99th District Judge G. V. Pardue was on file this morning, ordering that Drew Warren recover $3,471.60, as well as interest and costs, against Charlie M. Cravy and W. W. Smith. A jury had answered special issues favorable to Warren late Tuesday in Warren's suit on note action against Cravy and Smith, both of whom live in Morton. Warren who was represented by Vickers and Vickers, lives in Lubbock.

Bond of $1,000 was set this morning by D. W. Robertson, justice of peace, in binding Henry Drake, about 50, over to grand jury investigation of a forgery charge. Robertson also set peace bond of $250 conditioning that John Gschwend, described as about 50, keep the peace toward B. B. Gillean. Gillean had filed an affidavit charging that Gschwend had threatened to do him serious bodily injury.

Some smoke damage resulted when a small fire broke out about 7 a. m. at Newsom Paint and Supply Co. store at 1652 Broadway, city firemen said.

Judgment fining David "Pete" Moncrief $225 and county court costs was on file today. It was signed after County Judge Walter Davies had accepted a plea of guilty in a liquor law violation complaint dated April 1, 1949, officials said.

Soprano Will Sing New Strauss Pieces

PORTLAND, Ore., Oct. 27 (U.P.)—Soprano Kirsten Flagstad says she will present four new pieces written by the late Richard Strauss for the first time during a London appearance in May, 1950.

She said Strauss wrote the songs in 1948. He wrote her he admired the way she sang some of his more difficult songs and for that reason wanted her to be the first to sing the new songs.

Miss Flagstad was to leave this morning for Los Angeles, where she will appear with the San Francisco Opera company.

Age Limit Of 19 To Be Studied By TIL

AUSTIN, Oct. 27. (AP)—A 19-year age limit will be considered when the Texas Interscholastic league legislative advisory council holds its annual meeting here Nov. 6 and 7.

At this time the league has an 18-year limit but with inauguration of the eight-semester rule there has been agitation for raising the age limit.

Other matters to be considered concern eligibility of boys accepting invitations to try out for college teams before completing their high school eligibility, a limitation on the number of basketball games any school may play in a season, application of the league eligibility rules to the so-called "B" squads or second teams, whether to increase membership dues for the league schools and what the league shall do about athletic participation on out-of-state trips.

Man Lies Helpless As Friend Hurtles To Death On Rocks

KETCHIKAN, Alaska, Oct. 27. (U.P.)—An Alaskan hunter, forced to spend the night on a narrow ledge, 150-feet above pounding waves after he slipped and fell from the cliff, today described how he watched in frozen horror as a friend hurtled past him to his death on rocks below.

Cecil Simpson, Metlakatla, Alaska, was rescued by the Coast Guard cutter White Holly. The vessel's block and tackle had to be used to lift him from his craggy perch.

Sompson told rescuers he watched horrified as his companion, Lawrence Frish, also of Metlakatla, fell from the top of the 300-foot cliff shortly afterwards.

Wind Hinders Rescue

A southeast gale with winds of 45 miles an hour buffeted Simpson, and several times rescuers at the top thought Simpson had lost his grip and plummeted to the foot.

The men, members of a hunting party, were first missed when they failed to return to their seiner, the Mary Eleanor, Tuesday night. Other members of the party searched for the pair, finally locating Simpson stranded on the ledge.

U. S. Rubber Boosts Tire And Tube Costs

NEW YORK, Oct. 27 (AP)—U. S Rubber Co. today boosted prices of its passenger car, truck, farm and industrial tires and tubes 3½ per cent. An exception was the company's extra quality Royal Master tire, which remained unchanged.

The advances follow similar action by Goodyear Tire and Rubber Co. and Firestone Tire & Rubber Co.

Mystery Epidemic Is Studied In Alaska

DUTCH HARBOR, Alaska, Oct. 27 (U.P.) — A mysterious epidemic which so far has claimed the lives of three small children here was under investigation today by the Alaskan board of health.

Two naval pharmacists mates have been unable to diagnose the malady. The resident physician, Dr. Hazel Blair, left on her annual inspection tour of Eskimo villages in the Aleutian chain two days ago.

Dr. Grace E. Field, assistant health commissioner temporarily in charge here, said the disease might be whooping cough but she was not certain.

AUTHORITY NOT WRITTEN INTO LAW STILL DEBATED

Strikes May Lead To Showdown On Whether President Has Inherent Power Over Disputes

By MARVIN L. ARROWSMITH
Associated Press Staff Writer

WASHINGTON, Oct. 27.—The steel and coal strikes, if they last long enough, could lead to a showdown on the issue of whether the President has "inherent powers"—apart from any law—to handle major labor disputes.

That issue, full of political implications, was argued bitterly in Congress earlier this year when foes of the Taft-Hartley law were trying futilely to get it repealed.

Now the issue is underscored again by the possibility that President Truman may intervene in an effort to get the steel and coal workers back on the job. A White House conference of the disputants might be one early way of intervention.

A more drastic course open to the President would be to declare a national emergency and thus start a procedure that could lead, in one or both of the disputes, to Taft-Hartley injunctions ordering the strikers to resume work for at least 80 days.

Mr. Truman, however, is pledged to repeal of the Taft-Hartley act, and foes of the law feel he would be reluctant to resort to it in the present situation.

It was against that background of political pledges and labor's hatred for the law that the administration proposed last January to put on the books a new measure which did not provide for injunctions. (The bill got nowhere.)

When Taft-Hartley backers contended the non-injunction administration plan would leave the country defenseless against national emergency strikes, such as coal and steel disputes that ran on to the point of crisis, the "inherent powers" argument came into the picture.

HST Agreed With Clark

Tom Clark, then attorney general and now a Supreme Court Justice, wrote the Senate labor committee that "the inherent power of the President to deal with emergencies that affect the health, safety and welfare of the entire nation is exceedingly great." In effect, he expressed the opinion that the government could get an injunction even though there were no specific provision for it in the law.

Mr. Truman agreed with his attorney general. He said he had ample power to deal with critical strikes without specific authority in the law.

The Clark letter and Mr. Truman's statement touched off a round of angry debate at the Senate committee hearings and later on the Senate floor.

Senator Pepper (D-Fla) summed up the arguments of the believers in the "inherent powers" doctrine in saying:

"The President of the United States has power, the limit of which no man knows. . . . I believe that the President, having defended that national interest in the past, is able to do so in the future.

"I do not know just how he will do it in each case. I dare say he does not know either. It would depend on the facts and the circumstances in each case."

Arguing against the doctrine, Senator Morse (R-Ore) said it represented "one of the most dangerous divergences from the constitution of the United States that has ever been expressed on the floor of the Senate."

Morse accused the administration of trying "to work both sides of the political street" by opposing the injunction and at the same time implying the government could obtain a court order without specific authority.

Senator Taft (R-Ohio) said that to admit the existence of inherent presidential powers would be to deny "the whole basis on which the government of the United States is established."

Shelving of the administration's repeal bill left the whole issue hanging in the air.

Now the big question is: will Mr. Truman attempt to demonstrate, in the coal and steel disputes, that he does have "inherent powers" which can achieve labor-management peace without resort to the Taft-Hartley law he wants to scuttle?

Two Die In Blast As Tank Truck Explodes

HOUSTON, Oct. 27 (AP) — Petroleum fumes in a tank truck were blamed for the explosion that killed two men and critically injured another.

Killed instantly in the blast yesterday afternoon were Eugene Wisofski and Arnold M. Smith, mechanics for the York Transport company, Square Battle, an odd-jobs employe at the company's repair shop, was badly burned.

Attorney To Speak On Amendments

William H. Evans, Lubbock attorney, will speak on constitutional amendments to be voted on by the Texas electorate Nov. 8, as a feature of the bi-monthly luncheon program of Lubbock County Bar association Saturday noon in Hilton hotel.

The bar, which numbers more than 100 members, has decided to invite guests to the program, inasmuch as knowledge of what the amendments would provide is of especial importance to every voter.

Others May Invite Guests

In addition, attorneys of bar associations embracing other South Plains cities, such as Brownfield, Lamesa, Crosbyton, Ralls, Levelland, Morton, Littlefield, Tahoka and the like, likewise are invited to attend and bring a guest.

Those who will attend are asked, however, to notify Warlick Carr, secretary-treasurer of the bar association here, of their plans, together with the number of guests they will bring. They should do so before Friday night.

That, it was explained by Rayford L. Ball, chairman of the permanent program committee, and George W. McCleskey, bar president, would allow officials time to make definite arrangements with the hotel's kitchen.

There will be a round-table discussion of the amendments after Evans' address.

John Garfield Plans Version Of Ibsen's Play "Peer Gynt"

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Oct. 27.—John Garfield, back at work after a serious injury, is making plans for an americanized "Peer Gynt" on the stage.

"Paul Green is writing a new version of the Ibsen play," he reports. "I may do it on the stage next year. If it works out, I'd like to make a picture of it."

Garfield returned to "The Big Fall" this week after a three-week absence. He was hospitalized after straining a muscle on his heart in a tennis game. His doctor said the actor may resume normal activities, but no tennis for a year.

After 10 days in the hospital, Garfield grew impatient. "Hand me my clothes," he told the nurse. "I'm getting out of here."

"Now, Mr. Garfield," was the answer, "you may get away with that stuff in the movies, but it's not very convincing in a hospital."

Crawford Wants Comedy

Joan Crawford has stopped work on her schoolmarm yarn until she finishes "The Victim." She still hopes to make it. Her plans for a musical are up in the air, but she would like to try a comedy, as a change from her steady dramatic diet. She'd also like to do another co-starrer with Clark Gable, as what actress wouldn't?

June Allyson had two straight days of love scenes with husband Dick Powell in "The Reformer and the Redhead." Said she: "We just pick up where we left off at home."

Reunion time in Hollywood: Betty Hutton and Keenan Wynn are working in "Annie Get Your Gun," their first job together since "Two For The Show" in New York 10 years ago. Margaret Sullivan and Wendell Corey are reunited in "No Sad Songs." They did "Voice of the Turtle" together in London.

Tech Music Head Is Named To Board Post

Dr. G. L. Hemmle, head of the music department at Texas Technological college, has been appointed to the board of directors of the Texas Association of Music Schools, it was announced Wednesday.

The TAMS is the accrediting organization for all colleges within the state which offer music degrees. Duties of the board of directors include setting up the curriculum standards and investigating member schools as well as those colleges applying for membership.

Dr. Hemmle joined the Tech staff as head of the music department this fall. He was formerly on the staff at Texas Western university.

Modern Celebrations Less Destructive

Ancient Legends Concerning Hallowe'en Night Recalled

By HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, Oct. 27.—The Hallowe'en "haunting season" is upon us.

It doesn't mean much any more, thanks to the cops. To save thte trouble of chasing down the small, ornery ones, police now provide a treat for a trick. The festivities, usually held in the town hall, keep down the mischief.

In our day, we put on the spookiest get-up we could find in the attic, and went galloping across the countryside. Our object was destruction. We upset small buildings, carted off the neighbor's plow and wheel-barrow, and maybe even managed to put his cow into the school house.

Contests Are Sponsored

Now, some towns around the country, in cooperation with the police and city councils, sponsor contests for the best soap-decorated store window. One bold city in Maryland this year even announced a window-smashing contest but called it off at the last minute on advice of counsel.

Washington, according to records in the library of Congress, once was a city of things spooky. The legends are many. One was that in the old Supreme court chamber, where the Senate met last session while the capitol roof was being repaired, the marble busts of chief justices nodded slyly when anybody entered on Hallowe'en, or any other nightfall.

According to the oldest watchman, this is not so.

The record shows that Hallowe'en dates back centuries before the Christian era.

Origin Is Faced

Among the Celts, an ancient people who lived in Britain, there was an important religious order known as druids. It counted among its card-carriers physicians, wonder workers, and priests. To celebrate the end of summer, they offered up sacrifices to the pagan gods in celebration of what was known as "samhain," which meant the end of another season.

The word "Hallowe'en" is supposed to date back many hundreds of years and is shortened from "all hallow'seve," or the eve of "All Saints' day."

In England there was a custom of kindling bonfires on hilltops on the last night of October—"to ward off the evil spirits."

Down across the years, Hallowe'en traditionally became the spookiest night of the year when witches, hobgoblins, ghosts, and every kind of gnome, spirit, or mischievous imp was on prowl.

Old Invitation Revealed

A British publishing house late in the 1800's came up with a printed form letter of invitation to Hallowe'en parties. It said, in part:

"Dear spook:

"You are hereby notified to attend a ghost convention on the 31st of October . . . come at 8 o'clock and park your troubles at the door. . . . the password is 'fun.' Full ghostly regalia of sheet and pillow case will be given each ghost on arrival."

In America, some of the early spook legends included those of Pennsylvania. There it was believed that if one went out the front door backward, picked up some grass and wrapped it in paper and put same under a pillow, he or she would dream of certainty in the future.

One unknown American poet went this far: "Turn your boots toward the street; leave your garters on your feet; put your stockings on your head; you'll dream of the one you're going to wed."

"You Look Like A Bride," Hubby Says

Grandmother Released After 26 Long Years Spent In Jail

DETROIT, Oct. 27. (AP)—A brand new future awaited 66-year-old Mrs. Maude Cushing Storick today.

Pardoned after 26 years in prison, the dark-haired grandmother appeared content to resume housekeeping or "rest for a while."

Mrs. Storick, convicted of murder in her first husband's poison death, was pardoned by Gov. G. Mennen Williams Tuesday. She had been sentenced to a life term.

As she left the Detroit house of correction yesterday Mrs. Storick was embraced by the second husband who waited for her al lthose years.

"You look just like a bride," he said.

The husband, Emory, A Coloma, Wash., resort man, had helped Mrs. Storick in her long battle. The two had married a month after the first husband's death.

Mrs. Storick always maintained her innocence. She blamed her jury conviction in part on "small town prejudice" because she remarried so soon after her first husband's death.

Mrs. Storick said that in her new freedom she intends also to spend as much time as possible with her three sons and her grandchildren.

Ceremony Is Slated Nov. 5

Lubbock Air Force base has been officially renamed Reese Air Force base by the Department of the Air Force, according to a telegram received by The Avalanche-Journal last night from Sen. Lyndon B. Johnson of Texas.

The telegram stated that the base was renamed in honor of First Lt. Augustus F. Reese, jr., of Shallowater, killed in action May 14, 1943, at Cagliaria, Sardinia, while flying a volunteer mission to destroy an enemy supply train.

Rededication Rites Planned

Tentative plans for a formal acceptance and rededication of the newly named base are set for Nov. 5, according to a statement released late last night by the Public Information office at the Air Force base west of Lubbock.

Several dignitaries and high ranking officers are expected to attend the ceremonies, which will include a parade, presentation of a medal to a local man, and the awarding of several decorations posthumously.

More definite plans probably will be released sometime today, the statement said.

Three Names Submitted

Reese's name was selected from three forwarded to the Department of the Air Force by a special committee of Lubbock civic leaders, headed by Neil Wright, jr. The committee selected the three names for presentation from 38 suggested by local citizens.

Wright said Reese's name had been suggested by a number of people. Committee members, besides Wright, were Clifford Hunter, Rodrick McDougall, Edwin Delavan, and Douglas Adams. George A. Bond of the chamber of commerce, was secretary to the committee.

Mr. and Mrs. A. F. Reese, sr., of Shallowater, were "very happy" when notified of the honor that had been bestowed upon their son. They will be guests of honor at the rededication services.

Reburial services for Reese, who was 26 at the time of death, were held March 28 in the Fort Sam Houston National cemetery in San Antonio. The Rev. J. H. Bryant, pastor of the First Baptist church of Lorenzo, officiated. His parents and a sister, Mrs. Bruce Shepherd of Post, attended the services.

Reese joined the Army in January, 1941, and was assigned to the 133rd Division at Camp Bowie in Brownwood. In November, he was transferred to the Air Corps, and went first to Rankin field in California. He received his wings at Stockton field, Calif., in May, 1942.

He served for a while as a P-38 test pilot at Patterson field in

Beef On Hoof Now Near Record Level

BY WILLIAM FERRIS
Associated Press Staff Writer

CHICAGO, Oct. 27—Beef on the hoof is selling today at near record prices in the union stock yards.

But don't let that worry you. You aren't going to find that beef in your butcher shop with a near-record price tag. In fact, you aren't going to find it there.

The top 1949 price for cattle, paid yesterday, was $41.50 a hundred pounds for prime steers. That will cut out to prime meat. It's the kind which is sold directly to "name" restaurants, clubs and hotels. It doesn't get into the butcher shop.

Always A Demand

"People who will buy those steaks won't care much whether the price is $3.00 or $5.00," one livestock commission man said. "There's always a steady demand for beef from those restaurants, regardless of price."

Percy Clark, a cattle feeder of Ogden, Iowa, sent in the top price load, which consisted of 17 head of Aberdeen-Angus steers. Clark is often represented at the International Livestock show, and local traders thought these steers had been culled out from loads he planned to send to the show.

Buyer of the top load was Wilson and company, meat packers. The head of the beef department said last night that the meat from the load had not as yet been sold.

"It isn't the type of meat which will go through regular retail channels to the corner store, though," he added.

Prices Skyrocketing

In the past two weeks prices for prime cattle have skyrocketed. The price is now only 10 cents a hundred pounds under the all-time peak made in September of last year. If that peak is to be scaled, livestock men think it will have to be done before the livestock show starts Nov. 26.

After the show, the present extreme scarcity of prime beef will have lessened. Except possibly for the grand champion, the winners of the ribbons at the show will go to the slaughter house just like their less exclusive brothers.

Average grades of cattle haven't moved up with prime steers, and one result is that the price spread between the top and bottom on the steer scale is today the widest on record. There are far more cattle grading average than the few, scattered head grading prime.

Comparison Of Prices

Two weeks ago the top price for prime cattle was $36.25—or $5.25 less than yesterday. But medium grades two weeks ago sold in a range of $19.50 to $27.50 compared with $19.00 to $25.00 yesterday. Average good grades were $28.00 to $33.00 two weeks ago against $27.00 to $32.50 yesterday.

However, choice grades have felt some of the upward price pull. Where two weeks ago they sold from $33.50 to $35.25, yesterday they brought $33.00 to $40.00.

Chief cause for the soaring price of prime steers, livestock men said, is an acute scarcity.

All through the summer, short-fed steers were marketted in good volume because prices permitted a nice profit. Thus, there weren't

THE QUESTION

When a boy can't afford to take a girl out, do you think it is all right for her to help pay the expenses?

(All answering this question are senior students at Lubbock High school.)

THE ANSWERS

MARGARET HELEN BROWN, Route 5: "Yes, I think so. If she wanted to go out with the boy bad enough, I think she should. Sometimes the best date you could have might not be able to take you out. I think this should be done only on special occasions, however."

WILLYS McCORMICK, 808 Avenue M: "I wouldn't ask a girl out in the first place if I didn't have enough money. It might possibly be all right, however, if you knew each other real well, and had been going together for quite a while."

DOUGLAS ROSS, Route 2: "If the boy has been going with the girl for a long time, and she thinks it is all right, then it would be o.k. If the girl wanted to go out with him bad enough, then there would be nothing wrong with it."

MAN IS KILLED

WICHITA FALLS, Oct. 27. (AP)—H. F. Utzman, about 30, was killed yesterday when an 8x10 inch piece of timber fell about 70 feet from an oil well drilling rig and struck him.

BOB BROWN, 1906 Twenty-second: "If you have been going with the girl long enough and she agrees, I think it would be all right. I don't think it should be dope all the time; just on special occasions."

ANNE ALEXANDER, 3610 Thirtieth: "I think if you know the boy well enough and have gone with him several times before, it's rights. I think that most girls will agree with this."

BETTY JOYCE BROWN, 2215 Twentieth: "I think it's all right for the girl to share expenses if the boy will let her. I think most girls would be willing to. I think that you should have gone with him quite a while first."

Unidentified Man Is Shot Fleeing Police

BROWNSVILLE, Oct. 27 (AP)—Police today tried to establish the identity of a man killed as he fled from the scene of what they described as an attempted safe-cracking.

Acting Polic Chief Gus Krausse said the man was surprised by officers as he was opening the safe of the Wall Motor Co. shortly after midnight Wednesday. Krausse said the man jumped out the back window of the building and fled. The officer said he was shot when he ignored commands to halt.

Carnivals Are Set For Area

Fun nights are planned in at least three South Plains towns tonight and Friday night. Hallowe'en carnivals will be conducted at Lamesa tonight and at Shallowater and Frenship schools Friday night.

LAMESA WILL NAME A CARNIVAL QUEEN

LAMESA, Oct. 27 (Special)—The annual Hallowe'en carnival sponsored by the Lamesa P-TA will be staged tonight at 7 o'clock at McCollum field.

Over 1,900 school children, from 55 home rooms in the first through the eighth grades, paraded through the business section Wednesday afternoon for an hour to advertise the event. The parade was led by the Junior High school band, directed by Miss Jamie Trainer.

The carnival, featuring 35 booths ranging from foods to sideshows, doll racks and balloon stands, will be highlighted by the crowning of the carnival queen.

Eight school girls are in the queen race, and the voting will close at 8:30 tonight. The race will raise a total of about $1,300 for the P-TA, according to Principal G. L. Trice, and the P-TA has already allocated the money for the purchase of 50 top-quality football uniforms for elementary teams.

P-TA officials are Mrs. J. H. Baldwin, president; Mrs. Robert Koger, vice president; Mrs. Bowen Cox, treasurer; Mrs. Ella T. Alverson, secretary.

SHALLOWATER EVENT SET FOR FRIDAY

SHALLOWATER, Oct. 27 (Special)—The annual Hallowe'en carnival at Shallowater schools will be held Friday night at 7 p. m. in the high school gymnasium, it has been announced.

A Hallowe'en Queen contest is now in progress at the school, with the winners in high school and grade school to be crowned at the carnival. Glenda Morgan and Lamont Stokes, first graders, will be crown bearers.

Queen candidates and their escorts include: First grade, Kara Jo Anderson and Wendel Williams; second grade, Jane Anderson and Adrian Brown; third grade, Twila Haught and Rex Farris; fourth grade, Jeannie New-

COLORFUL CEREMONY HELD HERE

New Navy Training Center Is Commissioned For Lubbock

The role of the Naval Reserve in providing individual "vocational training" against the possibility of future emergency was outlined by Capt. L. E. Coley, USN, Eighth Naval district director of the Naval Reserve, at a colorful commissioning ceremony Wednesday afternoon.

The commissioning was conducted in front of the Naval Reserve Training center at Eighth and College avenue, built, as Capt. Coley pointed out, at a cost of approximately $400,000.

One hundred members of Lubbock's Naval Reserve unit and another 100 spectators watched the ceremony. Civic leaders were guests of honor and sat on the speakers' platform.

The formal ceremony was brief. It was followed by a personnel inspection of the men in uniform, conducted by Capt. Coley, Lt. Comdr. John E. Vickers, commanding officer of the Naval Reserve unit, and Mayor W. H. Rodgers.

Rodgers spoke briefly, commenting that in Lubbock, at least, the Air Force and Navy had achieved unity. He referred to the band from Lubbock Air Force base, which provided music for the occasion.

Dr. E. N. Jones, vice-president of Texas Technological college, praised the Naval Reserve unit and expressed pleasure that it was located on the college campus.

G. C. Dowell, a Lieutenant commander of the Naval Reserve, served as master of ceremonies for the occasion. He introduced

SOUTH PLAINS OIL ACTIVITIES

Third Attempt Set On Borden Wildcat

A wildcat in northwest Borden county is scheduled for its third attempt to develop petroleum production.

Thomas W. Doswell of Dallas has filed an application with the Railroad Commission of Texas requesting a permit to deepening his No. 1 Cantrell from its present bottom of 8,754 feet to 10,100 feet starting immediately.

The venture is four miles north and three quarters of a mile east of the discovery well and lone producer in the Borden field, and 12 miles northwest of Gail.

It is 660 feet from north and west lines of the east half of the northeast quarter of section 22, block 32, T-6-N, EL&RR survey.

Rotary tools will be used to drill the project to explore into the Ellenburger.

It was originally drilled to a total depth of 5,024 feet by Doswell in 1945 and plugged as a failure.

Carraway Drilling Company then entered the hole and drilled it out to its present depth of 8,754 feet where it was abandoned in April, 1949.

APPLICATION FILED ON SCURRY WELL

R. W. Sutton of Dallas, has filed an application with the Railroad Commission of Texas requesting a permit to drill a 7,500-foot rotary wildcat in central Scurry county, four miles northeast of Snyder.

The project, No. 1 M. H. Thornburg, will be located 1,996.3 feet from south lines and 2,618.1 feet from east lines of section 77, block 3, H&GN survey.

It will be four and three-quarter miles southeast of L. M. Lockhart of Corpus Christi No. 1 B. M. McHaney, which is now trying to develop production from the Canyon reef one mile south of the nearest producers on the southeast side of the North Snyder field.

It has been reported in some circles that Rancho Oil Company of Dallas was planning to drill a wildcat at this location.

DEEPER DRILLING ON NO. 1 LEWIS PLANNED

S. B. Roberts, and associates No. 1 Lewis, central-west Scurry county wildcat, between the Kelley and the Diamond M fields and 467 feet from south and west lines of the southeast quarter of section 246, block 97, H&TC survey was reported by unofficial sources to have reached 6,702 feet in shale and to be drilling deeper.

At that point it was still in shale according to the best available information. The project is being drilled "tight." Elevation is 2,438 feet.

Disc Jockey Hits International Jackpot As Voice Of America Pumps Out Popular Music

NEW YORK, Oct. 27. (AP)—The "Voice of America" got a jukebox accent six months ago—and they're eating it up in the far away places!

Sometimes the "voice is Bing Crosby. Sometimes it's Frank Sinatra. And sometimes its Heart Belongs to Daddy.

Because baby, even if it's a cold war outside, you gotta tell 'em how things are in Glocca-Morra.

Which proves that what's good for east St. Louis will work in Surinam—and there are lots of old cowhands along the Rio Danube.

No Commercials

Anyway, the big State department international broadcasting service has been pumping out American popular music as an experiment, and it looks like disc jockey Martin Block has hit the international jackpot.

At least his fan mail would drive a stamp collector nuts.

The "voice" backed into the popular field in a big way six months ago, and block volunteered his services. A weekly half-hour program was beamed to Europe, the Far West, and Latin America. It's called International Make Believe ballroom.

Block runs his program in strict disc jockey style, with lots of gags and chatter about musicians. But no commercials — this is Uncle Sam's sustaining program.

I Am Mail Jumps

Before long Block was getting more fan mail than any other "voice" program—and some of the writers were real gone guys and gals.

There was the girl in Assam who wanted "Buttons and Bows" and the young German who asked for the "Two O'Clock Jump."

A Catholic priest from Panama wrote that Bing's voice seems up to par, and Madeline from Martinique wants someone to write music for her lyrics.

The "voice" doesn't report any letters from behind the iron curtain—where the Russians have been holding some airwaves jam sessions of their own.

But Block isn't worried. It'll take more than jamming to comb that man right out of their hair.

Hangover Can Be Postponed, But Hair Of The Dog That Bites Never Cures

OMAHA, Oct. 27 (AP)—Got a hangover? Well, don't try to cure it by more drinking.

"For the hair of the dog that bites never cures," says Dr. John Joseph Shea of Memphis, Tenn.

He prescribes instead the essence of patience and tincture of time."

Dr. Shea, who is president of the American Laryngological Rhinological and Otological society, put it this way in an address today before the Omaha Midwest Clinical society:

"When a headache is the result of a hangover, the amelioration of the pain by more drinking will only postponed the hangover, for the hair of the dog that bites never cures."

Some drinkers are not concerned with the hangover problem, Dr. Shea explained.

"One has it," he continued, "another escapes, even though they have shared equally in intemperance, because people differ in their powers of oxidation. Some of us are allergic to wheat, and others are easily knocked out by barleycorn."

Party For Personnel Of LAFB Is Planned

Final plans for a "get acquainted party for Lubbock Army Air Force base personnel on Friday, Nov. 4, were made Wednesday night at a meeting of Lubbock Post 2466 of the Veterans of Foreign Wars.

The party, to be held in the VFW clubhouse at Thirty-fourth street and Ave. N, also will have members of the Lubbock National guard unit as guests. The 7:30 p.m. party will begin with a short entertainment program, followed by a Dutch lunch and soft drinks.

William Earl Creel, VFW commander, said more than 500 members and guests attended the meeting last night. With 33 new members added to the roster, the membership now totals 1,662.

Joe Meador, post member, entertained with a comic speech.

Plans for the annual Armistice day breakfast also were completed. The breakfast will be held at 7 a.m. on Nov. 11, in the VFW building, with all veterans invited.

Four VFW buglers, riding in trucks, will tour Lubbock between 5:30 and 6:30 a.m. on Armistic day, sounding reveille to wake up the town.

Tech Students Will Complete Pledgeship

Approximately 100 men students at Texas Technological college will complete pledgeship to social fraternities in a convocation to be held from 4:45 to 6:15 p.m. today in Aggie auditorium, Dean of Men James G. Allen announced Wednesday.

Names of those who will be initiated into one or the other of the fraternities will be released later.

English Workshop Conference Slated

Registration will open at 1 p. m. Friday at Senior High school auditorium for an English Workshop conference of District IV of the Texas State Teachers association.

Friday afternoon and night sessions and a Saturday morning session are to be held and problems of reading will be emphasized in all sessions. Kline Nall of the Texas Tech faculty will be chairman of the Friday afternoon session and will present the theme, "Problems of Reading Comprehension." Dr. W. B. Gates of the college faculty, president of the Texas Conference of College Teachers of English, will welcome visitors. Leaders of discussion topics Friday afternoon will be Mrs. J. L. Teal of Lubbock city schools; Mrs. Mary W. Blomshield, Big Spring Junior High school; Dr. Everett A. Gillis, Texas Tech; Thomas B. Livingston, Texas Tech, and Dr. J. Davis Armistead, Lubbock optometrist.

Funeral For Rancher Set In New Mexico

T. N. Miller, 77, of near Lovington, N. M., died at 12:30 p. m. Wednesday in Lubbock Memorial hospital. He was admitted to the hospital late Tuesday afternoon.

Miller, a rancher, had lived near Lovington since 1906.

The body was taken overland for burial in Lovington by the Rix Funeral home.

He is survived by his wife; two daughters, Mrs. Roy McAdams and Mrs. M. J. McClish; and a son, E. N. Miller, all of Lovington.

SUSPECT IS JUVENILE DELINQUENT

Council Will Decide On Case Of Girl Charged In Murder

SAN SABA, Oct. 27 (AP)—The state youth development council has to decide what to do with Sandra Peterson.

The 17-year-old girl, charged with the hitchhike murder of a Brady man, yesterday was declared a juvenile delinquent.

She was returned to custody of the McCulloch county sheriff to be held in jail until the council decides what to do with her. So was a young companion who has been held as a material witness in the case.

Can Be Tried Later

Judge Jack Miller ordered Sandra placed in custody of the council "for an indeterminate period, not to exceed Dec. 11, 1952."

The girl will be 18 Dec. 11 of this year. Under Texas law, she can be tried for murder after that date.

She is charged with the murder of Lewis Patterson of Brady. But she was brought into juvenile court yesterday on a charge of aggravated assault against a man who gave her and Loretta Fae Mozingo, 15, of Austin a ride from Lampasas to San Saba on Aug. 24. She said the man propositioned her and her friend. He denied it.

Patterson's body was found in a roadside ditch Aug. 25. He had given the two girls a lift from the edge of Brady.

Other Girl Delinquent

Judge Miller said the youth development council told him in a telephone conversation from Austin it wanted Sandra held in McCulloch county until it decides whether to commit her to the state school for girls at Gainesville.

Loretta Fae was not tried in the aggravated assault case. Judge Miller said he learned she previously had been found a juvenile delinquent in Travis county (Austin) and was free on parole to her father.

He said Judge J. Harris Gardner of Travis ounty had indicated he would revoke the parole, thus returning Loretta Fae to custody of the youth development council.

Minford McCoy of Merkel testified he gave Sandra and her companion a lift from Lampasas and was going as far as Lometa.

But, he said, that when they reached Lometa the girls forced him at gun point to drive on to San Saba. There the girls got out.

Hunt, Brown Teams Will Tangle Today

One finalist in the city's elementary school "flag football" program was to be determined this afternoon at George R. Bean field when Coach Frank Latta's P. F. Brown team opposed the George M. Hunt crew of Coach D. C. Heath for the north half championship.

The south half titlist will be determined Monday at 3:30 p.m. when Howard Price's George Wolffarth aggregation goes against William Lowrance's Sanders squad at K. Carter field.

The victors in the Brown-Hunt and Wolffarth-Sanders games will meet the night of Nov. 4 at Chapman field for the city elementary school championship.

Arrangements for the playoff games were announced Wednesday by Marlin Hayhurst, coordinator of the elementary school physical education program.

Texas Cities Urging Civil Service Repeal

GALVESTON, Oct. 27. (AP)—The Texas League of Municipalities wants the legislature to repeal the firemen's and policemen's civil service and minimum wage laws.

Thcse act take away local self government of Texas cities and towns, a resolution passed yesterday declared.

The league ended its annual convention by electing Mayor George D. Barber of Mineral Wells as president and picking San Antonio as the 1950 convention city.

It also passed a resolution asking that acts of the legislature affecting city governments be evaluated first by the league's legislative or executive commitees.

Charles H. Oehler, Galveston commissioner of streets and public property, was named vice-president of the league. New trustees are Mayor Gene Klien, Amarillo; Mayor A. P. Brown, Odessa; Mayor Edgar Dean, Fort Worth; Councilman Charles H. Winerich, Houston; City Manager C. O. Summers, Longview; Mayor Dale Washburn, Donna, and retiring president, H. P. Kucera, Dallas city attorney.

COTTON DESTROYED

TEXARKANA, Oct. 27. (AP)—Fire which started in a Cotton Belt railroad boxcar yesterday destroyed 100 bales of cotton valued at $15,000. The blaze broke out six miles east of Naples.

Norway's Reds Expel High Party Members

OSLO, Oct. 27 (AP)—Norway's Communist party has expelled a former party secretary and other "Titoist" (anti-Soviet) members who one leader claimed were responsible for the party's defeat in the parliamentary elections two weeks ago.

The Communist newspaper Friheten today revealed the expulsion of former party Secretary Peder Furubotn, Vice-Chairman Roald Halvorsen and others. They were accused of favoring Yugoslav Premier Marshal Tito's policies of building up independent national Communist parties resisting direction from Hoscow.

The labor newspaper Arbeider-Bladet said Communist leader J. Strand-Johansen, a former member of parliament, had blamed Furubotn and his followers for the Communist loss of all 11 of the parliamentary [illegible] held before the Oct. 10 elections.

REDS BEATING BRAINS AGAIN

Met Soprano Branded As Spy For U. S. And Tito Favorite

MOSCOW, Oct. 27 (INS)—Zinka Vilanov, dark-haired dramatic soprano of the Metropolitan Opera Co., was described by the Moscow Literary Gazette today as an "American spy" on whom Marshal Tito lavishes "expensive diamonds."

The publication charged Tito "often is seen in the company" of the buxom, attractive 41-year-old singer, who was said to have at least two automobiles at her disposal in Belgrade.

(According to her friends in New York and Belgrade dispatches Mme. Milanov has been married three times.

(Jack Adams, her concert manager in New York, ridiculed the spy charge as "absolutely ridiculous."

Will Return To U. S.

(He said she left the United States two years ago to return to Yugoslavia where she was born but she had advised him recently of her intentions to return to New York soon to resume her successful career with the Metropolitan Opera company.

(The gazette's report on Tito and the soprano, one of the most bitter attacks on the Yugoslav leader to come out of Russia, was broadcast by Moscow radio. Tito was referred to as a "traitor, bandit, coward, scoundrel, greedy ape, hangman and insolent dwarf."

(Tito was accused of "depositing money in a Swiss bank" in anticipation of his "downfall" in the fight against the Moscow-led cominform.)

The gazette article, carrying a Belgrade dateline, was published under the byline of V. Stojanovic.

Not Seen Together

It referred to Mme. Milanov as Zinka Kunc, her maiden name, and said she "married a Trotskyist general named Ilic in New York and came to Yugoslavia in this manner."

(According to friends in New York, Mme. Milanov's marriage to Ilic in 1947 came ten years after a divorce from Predrag Milanov, Zagreb actor.

(Belgrade dispatches said she also married a Yugoslav lawyer, Rana Dimitrievitch, in Moscow.

(The Belgrade dispatches also said Mme.Milanov and Tito never are seen together. The soprano was said to use street cars more than she did automobiles to get around. The dispatches said Yugoslavs regarded the gazette story as "unadulterated abuse" of Tito).

Wild Orgies Charged

The gazette said the singer was "covered with diamonds presented by Tito and she competes with him in squandering."

It described the singer as the pace-setter of women's fashions in Belgrade, and accustomed to selecting automobile colors to match colors of her clothes.

"When she puts on a blue dress, she arrives at the theater in a blue Dodge.

"When she dressed in wine red, she travels in a Buick of the same color.

"She is the legislator of fashions for the wives of ministers and generals."

The gazette article, in its attack on Tito, continued:

"Against the background of horrible poverty and hunger reigning in the country, the wild orgies at Tito's palace are blasphemy."

Mme. Milanov was born in Tito's home town of Zagreb and was decorated with the order of state of Yugoslavia for her singing career. She made her debut with the Met as Leonora in Il Trovatore in 1937.

CHURCHILL LAUNCHES ATTACK

Conservatives Seek New Vote To Settle Dispute In Britain

BY THOMAS C. WATSON
INS Staff Correspondent

LONDON, Oct. 27 — Winston Churchill accused the Labor government last night of "gross misgovernment" while "lavishly" spending more than $16,000,000,000 annually and demanded new elections to save Britain's life.

The wartime prime minister told his constituents in a speech at Wanstead, Essex, that Laborite policy in the four-and-a-half years since the Socialites came to power is directly responsible for the country's present economic troubles.

Government Stand Defended

His new attack on laborites came after Chancellor of the Exchequer Sir Stafford Cripps defended the government's economy proposals in the House of Commons and warned that cooperation by industry is needed to avoid widespread unemployment and reduce living standards.

Churchill said the Laborites have spent 16,000,000,000 pounds sterling since coming into power. This is 64 billion dollars at the old exchange rate which was reduced last month, and $48,000,000,000 at the new $2.80 rate.

Churchill pointed out the amount is "as much as was spent in the twenty years between World Wars I and II."

Britain's wartime leader attacked the Labor government's "promises that utopia is around the corner and that it is easy to escape the hard facts of life."

New Parliament Asked

Churchill declared the conservatives are ready for an election but could offer "no smooth, easy path" because Britain "now is fighting for its life, almost as in the war."

Churchill charged that the Laborites had spread two "gross, palpable falsehoods."

He said one was the pre-election claim that Britain "is a backward, miserable country to live in," and the other was the claim that "they are the originators of social reform."

Churchill said the wartime coalition government had prepared the social reforms which the Laborites carried out under the label of "nationalization."

He said this laborite program was "a proven failure."

Warning Is Issued

Churchill warned many untruths would be spread during the coming election campaign. He added:

"The Russian Communist taught the world a very ugly fact—if you tell a lie often enough, big enough and keep at it—it comes to be accepted."

The best guesses of political observers until now has been that elections will not be held until next March.

Cripps told Commons the living standard would take a "tragic" drop unless British industries "pull their own weight" in the economic recovery program.

The Chancellor of the Exchequer opened a two-day debate on the government's moves to trim expenditures by 280,000,000 pounds or $784,000,000. The Conservative opposition has offered a "no confidence" amendment to a government appeal for approval which will be voted on tomorrow.

The powerful, eight-million-member British Trades Union Congress announced its support of the government economies and urged its leaders to exercise the "utmost restraint" in pressing wage claims.

Conservative Leader Anthony Eden condemned Cripp's commons statements as "pious exhortations," an "unrealistic approach" to the country's problems and "a severe indictment of his own administration and the government's policy."

Eden claimed the government proposals, outlined by Prime Minister Attlee Monday amplified by Cripps today contain "no plan and no order."

Lone Bandit Takes $5,000 From Bank

BOYNTON BEACH, Fla., Oct. 27 (INS)—A lone bandit, shabbily dressed and brandishing a .38 caliber pistol, held up the Bank of Boynton Beach Wednesday and escaped with an estimated $5,000.

Two employes of the bank said the robber locked them in a vault and made his get-away in a truck with a red-painted cab.

The Palm Beach county sheriff's office was told that the employes escaped from the vault by using a screw driver.

Florida highway patrolmen along the lower Florida east coast were alerted to watch for the truck and the man, who was described as blond, and about six feet tall. He was said to be dressed in khaki pants, a white shirt and a tan cap.

The bank employes said he had a leather glove on his right hand and a peper sack on his left.

Hobbs Pastor Will Face Court Action

HOBBS, N. M., Oct. 27 (INS)—A Hobbs pastor accused of being "a dictator" will be required to show cause in district court why he should not surrender the keys to the church.

He is J. W. Hudson, pastor of the Pleasant Green Baptist church. The petition was filed in district court at Lovington today by nine members of the congregation. They claim he refused to call a church conference at their request.

Marrying Talk About Six Weeks Premature

Cleveland Indians Chief To Wed Former New York Model

CHICAGO, Oct. 27 (AP) — Bill Veeck, president of the Cleveland Indians baseball club says he will marry a former Pittsburgh and New York model as soon as his divorce from his present wife becomes final.

Veeck, 36, and the father of three children, said last night that "any talk of marrying now is certainly premature," and then added:

"I'm not denying the intention, although it's a little early to talk of it. If the girl is willing, I'll only be too happy to marry her."

Depends On, Divorce

The girl is Mary Frances Ackerman, 27, former dramatic school student at the Carnegie Institute of Technology in Pittsburgh. Veeck met her in Cleveland where she was handling public relations for the Ice-capades last year.

"It all depends upon how soon my divorce goes through," Veeck said. "However, we hope to be married within the next six weeks, probably in Chicago."

In Toronto, Canada, Miss Ackerman told interviewers:

"Since people learned that Bill and I were getting married, they've all been asking 'can you talk baseball intelligently?'"

Separated Six Years Ago

"I just had to know about baseball because my dad and two brothers were always talking it and unless I could talk in terms of base hits and fielding percentages, they'd take the conversational ball away from me, and that would never do, would it?"

Veeck was married in 1935 in Evanston, Ill., to the former Eleanore Raymond, a horsewoman who before her marriage had been with the Ringling brothers circus.

They were separated six years ago. Mrs. Veeck filed a divorce suit this year charging desertion. Their children are Bill, jr., 12, Peter, 7 and Cissy, 6.

Gandhi Slayers Face Hanging On Nov. 15

NEW DELHI, India, Oct. 27 (AP) The home ministry announced today that N. V. Godse and Narayan Apte will be hanged Nov. 15 for the assassination of Mahatma Gandhi in January, 1948.

Godse, who shot Gandhi, and Apte were convicted of the assassination conspiracy and sentenced to death last February by a special court in Delhi's red fort.

A home ministry spokesman said Delhi Session Judge S. S. Dulat had signed the warrants for the execution. The warrants are being sent to Ambala jail where the hanging will take place unless clemency is granted.

Five other convicted conspirators were sentenced to life imprisonment. One defendant was acquitted.

TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcentrate DOES take off fat.

It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcentrate, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty.

Here is proof

Here is what Mrs. H. P. Bishop, Route 2, Stamford, Texas, wrote us:

"I am very glad to endorse Barcentrate, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way.

"I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to reduce, but wasn't losing much weight until I heard of Barcentrate. I began taking it and could soon tell the difference in the way I felt and the weight I was losing. I weighed 200 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I can truthfully recommend it to others, since it did so much for me."

At all druggists

If you are overweight and want to take off ugly fat, just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

STRATEGY CALLS FOR TEAMWORK

Competing Services No Good For Taxpayer, Johnson Says

NEW YORK, Oct. 27 (AP)—Secretary of Defense Louis Johnson said last night that America cannot afford the luxury of a defense setup composed of competing services with duplicating roles.

"Honorable roles and missions are assigned to each of the three services," he said. "Each gets the part it is best qualified to do in the opinion of the joint chiefs of staff."

And he added:

"This does not necessarily mean that each is directed to do what he would best like to do. Nor do the plans now allow for the luxury of competing and duplicating roles to be paid for out of the pockets of the American taxpayer, whose tax burden is already approaching the rock bottom limit."

German Treaty Urged

Johnson used his place on the New York Herald-Tribune's forum on "the interdependence of world problems" to comment indirectly on the defense squabble highlighted by navy resentment of its place under unification.

He insisted that American military strategy calls for teamwork among all the services with the object of stopping any possible enemy onslaught and then carrying the war abroad.

Among other speakers were Gen. Lucius Clay, former American military governor of Germahy; Mme. V. L. Pandit, Indian ambassador and sister of Prime Minister Nehru of India, and Barbara Ward, foreign editor of the conservative London weekly, "The Economist."

General Clay called for an early peace treaty with western Germany.

"The policy which we are now following is sound," he said, "provided we follow it consistently and insist and urge that others do likewise.

India Not Indifferent

"There is no other way in which a democratic government can develop in Germany."

Clay said he believes the German people will not be deceived by Soviet promises of sovereignty in the eastern zone.

Mme. Pandit discussed India's new place in world affairs, and explained her country's philosophy of peace.

"Our foreign policy is based upon detachment, but not indifference," she said. "We have no traditional enemies, and we certainly have no prejudices."

Miss Ward, speaking on America's economic position in the world, said a continued rise in American income—with investment of cash surpluses overseas—could be the means of solving the world's dollar-shortages in years to come.

She pointed to the doubling of Amrican income during the war, and said that in the next 10 years this country might be able to expand its total national income from 200 to 300 billions.

Big Spring Man Gets $43,680 In Damages

FORT WORTH, Oct. 27. (AP)—L. M. Parker of Big Spring has been awarded $43,680 in a damage suit against the Texas and Pacific railway company.

Parker had requested $90,0000 for injuries received in an accident July 13, 1946, at Big Spring, where he was employed as a switchman. His right leg was amputated below the knee.

A U. S. district court jury awarded Parker the damages yesterday.

Ticket Sale Pushed For Student Play

Tickets for tonight's production of "Twelfth Night", presented by the Texas Technological college speech department, have been almost sold out, Miss Cecilia Thompson, director, announced Wednesday.

A few tickets are left for Friday night's final production of the play, she said.

Near capacity audiences have crammed the small speech building auditorium for all of the three performances given so far this week. The Shakespearean comedy is the first by that writer to have been produced by Tech students for at least 20 years, according to the director.

Tickets for the Friday play may be obtained through the speech department. The production runs approximately 90 minutes and all proceeds go to cover costs of the presentation. Costumes and stage effects were made by students.

Huge Bell Will Be Placed In Church

The 600-pound bell to be placed in the belfry of the new church building of Redeemer Ev. Lutheran church at Twenty-second and Ave. W did not arrive in time for the dedication service Sunday and will be hung Sunday morning, Rev. Karl Keller, pastor, said Wednesday.

The bell will be rung at sunset on Saturdays, in keeping with Lutheran custom, as a reminder that the following day will be the Sabbath. It will be rung at 10 a. m. and 11 a. m. on Sundays.

Representing the Trinity, it will be tolled once at the beginning, the middle and the close of the Lord's Prayer, when that prayer is presented during a regular service.

UN Studying Proposal To Ban Help For Greek Rebel Forces

By A. I. GOLDBERG
Associated Press Staff Writer

LAKE SUCCESS, Oct. 27.—A four-power proposal to bring peace to Greece by cutting off aid to Greek rebels was thrust before the United Nations today.

If the plan is carried out, it might also have the effect of forestalling any possible attacks on anti-Kremlin Yugoslavia from Soviet satellites Albania, Bulgaria, and Romania.

A resolution presented to the U. N. political committee by the United States, Britain, Australia, and China, called on all countries to keep arms or other war material from getting to Albania or Bulgaria until it has been determined they have quit aiding the Greek guerrillas.

There were widely published reports last week that the Greek guerrillas—their cause lost—were being moved from Greece to countries surrounding Yugoslavia, as part of Soviet saber-rattling against defiant Premier Marshal Tito.

Bolting Report Due

Outright condemnation of Albania, Bulgaria and Romania is asked in the resolution because of the past aid given by the three Soviet satellites—which are not members of the U. N.—to the Greek guerrillas. Yugoslavia is believed to have stopped aiding the guerrillas whose leaders sided with the Russian-led Cominform.

The political committee was supposed to take up a report of a special U. N. Balkans commission at the beginning of the week.

For three days it wrangled over Soviet and satellite charges that Greece was engaged on a new wave of terrorism and political executions and it took the committee until late last night to decide it had no right to interfere in Greece on that score.

It still had to vote today on Ecuador's proposal asking Assembly President Carlos P. Romulo to negotiate with the Greek government for a suspension of execution of sentences against political prisoners, so long as a special Balkans conciliation commission, which Romulo heads, continues in existence.

The resolution's plea for re-establishment of diplomatic relations with Greece by the Balkan countries is expected to be followed by an announcement that Yugoslavia will send an ambassador back to Athens.

The resolution asks for repatriation of people displaced by the Greek civil war. Another resolution condemns the use of Greek children in guerrillas ranks and asks those countries that have children taken from Greece to list them with the International Red Cross and return them.

Greek child colonies have been set up in Czechoslovakia and Hungary, among other countries.

Highway Project For Terry County Okayed

A $25,000 state highway construction project in Terry county was authorized Wednesday by the State Highway commission, according to an Associated Press dispatch from Austin.

The project, approximately 4.2 miles in length, was described as extending from U. S. Highway 62 market road 403 near Brownfield north to State Highway 51.

The Terry county project was one of 11 highway projects authorized by the commission, with the total cost estimated at $389,700.

Lubbock Man Hurt In Fall From Pole

Johnnie J. Warlick, 23-year-old city electrical department employe, was taken to West Texas hospital for observation about 3:30 p. m. Wednesday after he had been knocked from a light pole at the Lubbock Country club by contact with a live wire.

Hospital attendants today said Warlick's condition was "very good." His left leg was injured when he struck the ground, it was reported.

Witnesses said the injured man's fall was broken by a guy-wire near the base of the pole. Warlick resides at 508 Forty-second.

That Girl on Broadway says when a man becomes good and drunk on power he usually never sobers up until he's dead.

★ ★ ★

Job had patience, all right, but he never had to 'rassle with a recalcitrant zipper that had gotten off the track.

★ ★ ★

A good many people—including most of those whose business it is to try to keep up with political trends—believe President Truman already is running for President in 1952.

Although Mr. Truman hasn't yet said he'd like to remain in the White House, his words and actions connected with politics indicate that he might just as well say so and get it over.

His defense of radicalism and his support of radicals in high places give a case in point. As all and sundry know, the Democratic party as it is known today needs to keep the hard core of left-wingers in the big cities on its side to remain in power. Certainly Mr. Truman is doing all he can to appease the pinks.

★ ★ ★

It is not surprising that Mr. Truman would like to have a second term all his own. As a human being with the average human being's share of ambition, Mr. Truman would be a peculiar guy, indeed, if he didn't want to stay in the White House as long as possible. Furthermore, he isn't a rich man; he has no business interests of his own. His only economic future outside politics would be to accept a job with some large firm as a director, advisor or executive—which firm, of course, would be more interested in the use of the name of a former President than in any work he might do in return for his salary.

On top of all this, party pressure on Mr. Truman to continue already is great and may be expected to grow as time rocks along.

After all, he has proven himself a winner and there's nothing the boys in the political backrooms like better than a winner. Furthermore, in the party ranks there are today no lusty young political giants who loom anywhere near as strong as the President, himself, from a vote-getting standpoint.

★ ★ ★

IF the President keeps his health, and barring a major economic sag, he is an odds-on bet to come out of the next Democratic National convention as the nominee of his party.

From time to time, he will make statements about "not being interested," about "not having given thought to the matter." He'll talk about how terrific a drain the job is on any man and how he'd like so much to spend his latter days quietly, far removed from the pressure of Washington.

But that sort of guff and stuff is handed out by all men in all high public office. It is as sounding brass and tinkling cymbals.

Unless all signs fail, it will be Truman and some young, leftish New Dealer for the Democrats in '52.

IN just about a year from now, Texas Tech will "put the big pot in the little'un."

Plans are being laid for a 25th anniversary party that will be a humdinger, a whooper-dooper, a laHapalooza. Dean James G. Allen has been appointed generalissimo and already has begun work on the project.

Tech, as oldtimers remember, first opened its doors to stoogents in the Fall of 1925—and had a few more than 1,000 kids out there to set an all-time record for a new school's student body.

Every effort will be made in next year's celebration to have a program which, like the school's opening day, will be remembered through the years.

BEST indications that there's no war in sight is the fact that Clyde Beatty's circus, which played here last week, will shove off for China and other points come November 22.

Dave Murphy, who handles press for the Beatty show, says everything's set for the circus to play dates in Manila, Hong Kong, Hawaii and, in all probabilities, Guam, where a great number of American servicemen are still stationed.

The whole show won't make the overseas trip, which will be by special boat. Beatty and his cats will go. So will Dorothy Herbert, the crack equestrienne; some of the clowns, the aerial act, jugglers, tumblers, etc. Either four or six elephants will be carried, too.

If the U. S. State department felt that the Communist threat in China—or, for that matter, even in Europe—was pressing, permission would not have been given the circus to make the trip.

So maybe we'll be safe in relaxing over war possibilities, at least until after the first of the year!

The reporter chatted with the old guy for awhile, then asked the one big question which he hoped would "make" his story.

"Tell me," asked the reporter, "if you had your life to live over again, what would you do differently?"

The old gent thought a minute, then answered:

"Wal, if I had it all to do over again, I believe I'd part my hair in the middle!"

BY DREW PEARSON: LIFE INSURANCE FIRMS AVOID INCOME TAXES DUE TO LOOPHOLE

U.S. Will Attempt To Win Over Neutral Nehru

WASHINGTON — Congressman Franklin D. Roosevelt, jr., has an 8-year-old son named Christopher who may turn out to be another chip off the old block. Recently Congressman Roosevelt called his son on the telephone in New York and asked him if he would like to come to Washington. Christopher said he would under certain conditions.

PEARSON

"If I come to washington will I be able to see the President?" asked Christopher.

"I think so," replied Congressman Roosevelt.

"Well," continued Christopher, "will he let us sleep in our own beds in the White House?"

Roosevelt roared.

When Christopher arrived in Washington, his father drove him around the capital, then tried to park to go inside a government building. Only a tiny space was available, so Roosevelt asked a policeman if he could park in a restricted area. The policeman, noting FDR, jr's congressional license plate said okay. As Roosevelt and his son got out of the car, Christopher turned on the traditional Roosevelt grin, looked up to the policeman and said:

"Officer, meet my congressman."

Insurance Lobby

Congressman Walter A. Lynch, New York Democrat, and a conscientious member of the ways and means committee will head a subcommittee to investigate an important loophole in the tax laws whereby life insurance companies do not pay income taxes.

The life insurance companies—with admitted assets of over 50 billions and investments in practically every kind of business—paid not a dime in income taxes to the federal government for 1947 and 1948. And they will pay none for 1949.

Despite months of negotiations with tax experts in the treasury department, spokesmen for the insurance companies have refused to agree to a recommendation for even a token "stopgap" tax payment of $45,000,000 a year for 1948 and 1949—even though going "scot free" for 1947.

At present the $1,500,000,000 annual net investment income of life insurance companies is not taxed—either as to the company or as to the policyholders. The job of the Lynch committee is to decide what taxes should be collected, and then to prepare legislation to close the loophole in the present law. The committee has to do all this in the face of a lobby considerably more powerful than the real estate, oil, or public utility lobbies.

It will be interesting to see how Congressman Lynch makes out in his lonely battle against the giants.

SOME people were disappointed when Prime Minister Nehru of India issued his statement that India would take no sides in the cold war. In view of India's strategic position between the east and the west, his words fell with the unwelcome reverberation of a rock on a polished ballroom floor.

Nehru's neutrality, however, was not news to State department officials who invited him to this country and who knew that, as between the Russians and the British, Nehru had spent most of his life fearing the British. To change this suspicion of the western world was specifically why they invited him.

Nehru spent 13 years in a British jail, considers Russians more Asiatic than European, governs a people who are not much more than one rice bowl ahead of starvation. Instinctively, Indians think of Russia as having a higher standard of living than theirs and are less fearful of the Soviet than of their old rulers, the British.

U. S. diplomats don't expect to change this point of view overnight, realize that Nehru couldn't possibly announce, while here, that he will lead an anti-Soviet bloc in the middle of Asia.

But after he returns to India, they hope that gradually he can line up his country on the side of the United States.

NOTE—Nehru and Secretary of Defense Johnson became great friends while Johnson served as special ambassador to India. That is why Nehru is spending a week with Johnson at White Sulphur Springs, W. Va.

"Whistle-Stop" Campaign

The details haven't been worked out, but President Truman is planning at least one trip to whip up popular support for the planks of his fair deal legislative platform which Congress has not yet passed.

He confided this to Representatives Frank Karsten of Missouri and Mel Price of Illinoise when Karsten reminded him that the toughest battles—increased taxes, civil rights, aid to education—were to be found in the January session.

"You ought to go out again this fall as you did during last year's campaign and lay these issues squarely before the people," suggested the Missouri congressman. "There's still much to be done and we'll need all the popular support we can muster to enact this pending legislation."

"I persuade easily," replied the President. "In fact, I've already planned one trip to Minnesota early next month. I'm going by train and may make some stops on the way, though that's still undecided."

WHITE HOUSE and strikes—all sorts of pressure has been brought on President Truman to intervene in the steel and coal strikes, including appeals from such powerful Democratic leaders as Mayor David Lawrence of Pittsburgh, Jack Arvey of Chicago, and Chairman Boyle of the Democratic national committee. They wanted him at least to issue a statement asking the steel companies to accept the findings of his own fact-finding board . . . Congressman Ray Madden of Indiana, one of those who appealed, told Truman that idle steelworkers in Gary, Ind., will be forced into breadlines unless the coal and steel strikes are settled soon. Many small business firms will have to close their doors if the strikes last much longer, Madden reported.

President's friend—the President isn't saying much about it, but he is a little peeved at his old Senate friend, Mon Wallgren. Truman wanted Wallgren to accept a recess appointment as head of the National Security Resources board and go through another Senate fight for confirmation next year. Tired of being buffeted by his ex-colleagues, Wallgren declined, preferred appointment to the Federal Power commission instead.

We doubt that the day will ever come when there will be work for all and all for work.

America's Two-Ring Circus

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

"LIVE as well as you look" admonishes one of those decorating magazines that each month makes Mama yearn to throw out everything in the house and start out again from scratch.

That, I'm convinced, is a tougher problem for the average woman than the people who think up such slogans ever realize.

MILLETT

Oh, it's simple enough in families where money doesn't have to be budgeted. But such families are so few and far between we'll just skip them.

For Mr. and Mrs. Average America to live as well as they look poses a real mathematical problem.

Through a good many years of their lives it's too often a question of whether Papa needs a new suit worse than the old chair in the living room needs a new slipcover.

Or whether Mama should buy a really knock-out coat or make last year's do because the refrigerator is starting to act up.

Fortunately Papa usually doesn't worry too much about striking a comfortable balance between how the family lives and how it looks.

• • •

INVOLVES TRICKY PROBLEMS

BUT it's a real problem to Mama. It's not enough for her to have good enough clothes to take her wherever she's invited. There comes the day when she herself wants to entertain, and then Mama knows her house will be up for inspection.

Or if she has put the house first, she's never very happy going out in shabby clothes.

So she tries hard to keep things in balance—sometimes putting the house first and sometimes putting the personal needs of the family ahead of the bouse—but never seeming to keep them even.

So if anybody really wants to help Mrs. America live as well as she looks—and vice versa—they'll have to get down to the how of it.

It's too tough a problem for most women to cope with successfully.

"Try And Stop Me"

A NEWS magazine correspondent (they get around) accompanied a pompous and over-dressed British dignitary to a Burmese cocktail party in Rangoon. "The Burmese girls have a funny custom," the reporter started to explain, but the British stuffed-shirt cut him short with. "I am conversant with the customs of this country, my dear fellow."

They arrived at the party, and some ravishing Burmese maidens, carrying bowls of water, murmured a query to the English in their native tongle. The Englishman nodded politely, whereupon every one of the maidens hauled off and deluged him with the water from head to foot. The reporter—when he could stop laughing—sputtered, "That's the custom I was trying to tell you about!"

A Western inventor has constructed a foolproof airplane. (P. S.—It won't fly.)

BY ROBERT C. RUARK

Hearing On National Defense Fails To Settle Big Issues

NEW YORK, Oct. 27.—If you have followed the squawks from the generals and admirals and defense secretaries, in the unification hearings down in Washington, you might just possibly have the impression that the situation is unchanged. They have hollered at each other, and pointed fingers and shaken fists, but who won what is still unclear.

RUARK

It's my impression that little has been proven by the recent hearings; not much argument settled, and little save loud malice resultant. I know that the admirals all yelled that the B-36 was somewhat frailer than a Piper Cub as a vehicle for tomorrow's war. I know that air Secretary Stuart Symington angrily replied that the B-36 was, too, a good airplane and better than them old carriers and battleships.

We have heard the navy claim that their fighters can shoot down B-36's on the best day of the B-36's life. We have heard that the guided missile is just around the corner, and that all airplanes will be obsolete when the thinking weapon is perfected. We have heard Gen. Omar Bradley blow his top and yell things about "fancy dans" in the navy. But all we have heard is noise—accusation, counter-charge, boasts and heated denials.

"Small Boy" Argument

You are reminded, a little, of two small boys arguing over which owns the best scooter. First kid says his scooter can go faster and the second kid says it ain't so and then the first kid says it is so, so, and the second kid says you're a liar and the first kid says you're another and the second kid says my brother can whip your brother and the first kid says naw he can't either and then the second kid says well my papa can lick your papa and the first kid says he cannot lick my papa neither.

This continues indefinitely, with the arguflers safely barricaded behind their own picket fances, until finally the mamas take their charges by the ear and hustle them off to supper. The question of who owns the fastest scooter is not settled, and whose brother can lick whose brother is not proved and the matter of fistic superiority of fathers is not determined.

• • •

I SUPPOSE the role of mothers was scheduled to be played by Messrs. Carl Vinson and Louis (Defense) Johnson, the heavy gunners, but some sort of private peace appears to have been promoted by that pair, and the big blood-letting is not to come off. So we are right back where we started.

In this great nation, capable of producing atom bombs, bubblegum, television and other marvels of the peace there must be some method of determining who is right, and of setting up a future schedule of some coherence and cohesion. One learned friend of mine suggests that armistice might be achieved if the navy were allowed to absorb the air force, but this appears to be an unlikely possibility.

• • •

Facts Still Wanted

The original intent of these hearings was of deadly seriousness to the country—to smoke out inequities, to clear the air of resentments, and to chart a course, finally, which might allow us to spend more time perfecting a war machine than is currently spent by the warring services in back-stabbing each other.

If any of this has been achieved it is not readily detectable. All we have had is fishwivery, which is interesting enough, but of small importance as anything but a commentary on the selfish deafness of both sides to any cry for the common good.

Is the B-36 any good, or ain't it? Do we need a carrier navy or don't we? Are we putting too much faith in bombing or ain't we?

I would like to know which scooter is best and fastest, and I don't care a hoot about whose father can lick whose father.

NOT DIRTY ENOUGH

CAMP HILL, Pa. (U.P.) — Two Jersey City sellers of top soil were urged by a justice of the peace to supply dirtier dirt. Customers of Joseph M. Ingentio and Michael J. Morley complained that the "high grade" earth they bought from the two men was no more than plain garden variety soil. The men were fined $25 apiece.

A DESERVED "CURTAIN CALL"

Among those who did a splendid job on the local home front during the war were the Lubbock Service Organization and its "Hub-Ettes," composed of young ladies of the City who were hostesses to the military personnel in and routed through this City.

The decision to reactivate the LSO and the Hub-Ettes as the nucleus for the arrangement of a recreation program for the personnel of Lubbock Air Force base is an excellen one. There's a hospitality job to be done in behalf of the Base personnel and we can't think of anyone better qualified than those who have undertaken to do it.

The program naturally still is very tentative, although several appealing events—dances, a barbecue and a hayride—already have been scheduled. But we believe we can give the LAFB people the assurance that they can look forward with pleasurable anticipation to their associations with the LSO and its glamour group, the Hub-Ettes.

Third Attempt Set On Borden Wildcat; New Tests Planned

(Continued From Page One)

county prospectors, two miles north of the town of Snyder, and 660 feet from north and west lines of the northwest quarter of section 157, block 3, H&GN survey, was bottomed at 7,528 feet in a Pennsylvania lime, and was running an electric log survey.

This venture was low on the Canyon reef and it had only a thin section of that formation. It has not reported having logged on possibilities of petroleum production.

It is two miles south and three-quarters of a mile east of the closest completed oil well on the southwest side of the North Snyder field.

PRODUCTION TEST PLANNED AT WELL.

C. L. Norsworthy, jr., and associates No. 1 Feldman, east-central Scurry county deep wildcat, ten miles east of Snyder, is slated to perforcate casing between 7,308 feet and 7,340 feet before the end of the week so a production test can be made on that interval.

That section developed several hundred feet of free oil on a drillstem test before the casing was set at 7,340 feet.

This possible Ellenburger discovery had swabbed small amounts of free oil from the open hole between 7,340 feet and the total depth at 7,357 feet.

The development was allowed to stay shutin for 60 hours at the first of the week while the rotary drilling rig was being moved out and a cable tool unit was moved in to use in the testing.

When the well was opened up after the 60-hour shutin it started flowing and in 14 hours produced 186 barrels of oil. There was a shakeout of two per cent sediment and drilling water. No formation was developed.

At last report operators were allowing the well to continue to flow at intervals from open hole at 7,340-57 feet.

It is understood that this activity was to be continued for a short time and the flow was then to be killed so the 7,308-40-foot section could be perforated and tested.

Location is 660 feet from north and east lines of section 63, block 3, H&TC survey.

NO. 1 O. C. ROSSON IS NEW PRODUCER

Lone Star Production Company has completed its No. 1 O. C. Rosson as a producer from the Canyon lime reef on the northwest side of the Kelley field of central Scurry county for a daily production of 409.75 barrels of oil.

Gravity of the new oil is approximately 43 degrees. Gas-oil ratio was 796-1. It also made 16 per cent water.

The flow was natural from open hole between the 5½-inch oil string set at 6,838 feet and the total depth at 6,865 feet.

Flowing tubing pressure was 324 pounds and the flowing casing pressure was 610 pounds.

The new well is 660 feet from west and north lines of the lease in section 209, block 97, H&TC survey.

1,481 POTENTIAL FOR SCURRY WELL

Standard Oil Company of Texas has completed its No. 9-3 Brown in the north Snyder field of north-central Scurry county for a calculated 24-hour potential of 1,481 barrels of 43-gravity oil from the Canyon reef.

The flow was natural through a one-half inch tubing choke. There was no formation water reported. Gas-oil ratio was 892-1.

Flowing tubing pressure was 1,200 pounds and the flowing casing pressure was 850 pounds.

Completion was from open hole between the 7-inch oil string cemented at 6,530 feet and the total depth at 6,870 feet.

The new well is 467 feet from south and 600 feet from west lines of the lease in section 449, block 97, H&TC survey.

LOCATION STAKED ON NO. 3 MUSGROVE

J. J. Nolan has staked location and is to start drilling soon at his No. 3 Musgrove, located on the southeast side of the North Snyder field in north-central Scurry county, five miles north of Snyder.

No. 3 Musgrove will be 467 feet north and west lines of the southwest quarter of section 21, block 1, J. P. Smith survey.

Contracted depth is to 7,000 feet to test the Canyon reef lime.

DUAL COMPLETION IS REPORTED MADE

Dual Completion has been made by The Pure Oil Company at its No. 31-SE A Cowden in the Dollarhide field of extreme southwest Andrews county. It was completed from the Silurian and from the Ellenburger.

It flowed natural through a 18/64th inch tubing choke from perforations in the casing between 8,348 feet and 8,704 feet to rate a daily potential of 214 barrels of 44.1-gravity oil and no water. Gas-oil ratio was 550.1.

Flowing casing pressure was 150 pounds.

From the Ellenburger completion was from open hole between 9,888 feet and the total depth at 10,098 feet.

It flowed natural through a 14/64th inch tubing choke for 13 hours to arte a 24-hour potential of 265 barrels of 45.3-gravity oil, with a gas-oil ratio of 448-1.

Flowing tubing pressure was 475 pounds. There was no formation water.

The new producer is 660 feet from east and 604 feet from south lines of the lease in section 17, block A-52, psl survey.

Pure also completed its No. 29-E-A Cowden, 1,983 feet from north and east lines of the lease in section 17, block A-52, psl survey, for a calculated 24-hour potential of 296 barrels of oil from the Ellenburger.

It was completed from open hole between the top of the pay at 10,050 feet and the total depth at 10,100 feet. That zone was treated with 1,500 gallons of acid.

Flowing tubing pressure was 490 pounds and there was a packer on the tubing. The flow was through a 14/64th inch tubing choke.

Gravity of the new oil was 44.4 degrees. Gas-oil ratio was 484-1.

TERRY COUNTY TEST TO BE ABANDONED

Anderson-Prichard Oil Corporation No. 1 Carl Golden, stepout from production from the San Andres-Permian in the Adair field of central-south Terry county is being plugged and abandoned at total depth of 5,005 feet.

A drillstem test was run for one hour at 4,920-5,005 feet. Recovery was 360 feet of drilling mud and 2,250 feet of salty, sulphur water. There were no shows of oil and gas.

Location as 1,650 feet from east and 30 feet from south lines of section 7, block C-37, psl survey. It was 13 miles south of Brownfield.

Malaya now has Wolf Cub packs, started by two Gurkha officers for Gurkha children in Seremban and Kuala Lumpur.

man and Bob Pettiet; fifth grade, Sara Boone and Steve Lee; sixth grade, Norma Evans and Jay Stanton; seventh grade, Nancy Coats and Charles Luck; and eighth grade, Mary Ann Holly and Frank Clark.

In the high school race, candidates and their escorts are: Freshman, Imogene Walker and Roy Scooter; sophomore, Marlene Evans and Roy Herron; junior, Francell Williams and J. D. Young; and senior, Alice Russell and Newman Lusk.

MASQUERADE PARADE WILL BE FEATURE

WOLFFORTH, Oct. 27 (Special)—Frenship school's annual Hallowe'en carnival will be held here Friday night, with a busy night scheduled for the students and their parents.

A coronation of three queens to reign over the carnival will climax the festivities which are scheduled to begin at 7 p.m.

Concessions and booths will be in the high school building and the cafeteria. This year's carnival will offer fortune telling, a country store, a shooting gallery, a cake walk, basketball shooting, chunking at teachers, movies, a traveling race, a food booth, and a fish pond.

Masquerade Parade Planned

Those in costume will participate in a masquerade parade in the high school gymnasium, after which cash awards of $2.50 each will be given to those judged to have the prettiest, the ugliest, and the most original costumes.

According to school Supt. E. A. Deering, the parade probably will begin about 9:30 p.m., after which the coronation of the three queens will be held.

The identity of the queens will not be revealed until they are presented at the ceremony. Two will be chosen from the elementary school, and one from the high school.

Candidates Are Listed

Elementary school candidates, listed with their escorts, are: Judy Faye Jackson with Robert McMullen, and Sharon Ann Kiser with Phillip Steyerman from the first grade; Karen Williamson with Michael Hilburn, and Gail Beason and Irvin Wilson from the second grade; Tommye Richardson with David Swinford, and Patricia Patterson with Billy Baker from the third grade.

Zonetta Fain with Donnie Gillit from the fourth grade; Sylvia Burroughs with George Celler from the fifth grade; Cornelia Rogers with Sidney Dalton from the sixth grade; Janelle Williams with Freddy* Jerden from the seventh grade; and Nancy Cade with Billy John Haws from the eighth grade.

One queen will be chosen from the first five grades, and another from the sixth through eighth grades.

The high school queen will be one of the following, listed with their escorts: Ruth Williams with Wayne Ramsey from the senior class; Janelle Goodpasture with Lon Ed Cox from the junior class; Peggy Denton with George Hughes from the sophomore class; and Mona Dell Goodpasture with Don Davis from the freshman class.

Delmer Green, a senior, will be narrator at the coronation. Edward Steyerman, a freshman, will be herald. Ringbearers will be Jimmy Flournoy, Bobby Alexander, and Victor Matula. Flower girls will be Norma Fain, Gwendolyn Crump, and Trina Pat Gibson.

Bradford Bullard will direct special music for the occassion, with the grade school girls chorus singing. Mrs. Lorena Holden will be accompanist for various musical numbers.

Arrangements for the carnival have been under the direction of the school's 12-member student council, headed by Earl Ray Swinford, in cooperation with Principals J. Weldon Bennett and Mack Steger, and members of the faculty.

The public is cordially invited to attend.

Naval Center

(Continued From Page One)

Comdr. F. J. Sabathier, of Eighth Naval district headquarters at New Orleans, who read orders activating the reserve unit.

Vickers read his orders as commanding officer of the unit and accepted them.

An impressive presentation of national and unit colors was accompanied by the playing of "The Star Spangled Banner" by the Air Force base band.

Capt. Coley then read orders activating the training center itself, and Lieut. John E. Ruzic read his orders designating him officer-in-charge of the training center.

Inspection Tour Made

Following the personnel inspection, the members and guests made an inspection tour of the training center.

Guests on the speakers' platform were Dr. Jones, Mayor Rodgers, Capt. Robert T. Canon, USNR, Comdr. A. H. Ashton, USN, of Eighth Naval district headquarters, Col. George H. Blaze, executive officer, and Col. H. D. Wallace, wing commander, both of Lubbock Air Force base; Comdr. R. D. Hutchins, director of the Naval Air Reserve at New Orleans, George Dale, president of American Business club, Col. James E. Becker, chaplain at Lubbock Air Force base, Chas. A. Guy, editor of The Avalanche-Journal.

Lt. Col. Ross Ayers, commanding officer of the 131st field artillery of the National Guard, W. T. Gaston, business manager of Texas Technological college; Robert W. Sisson, manager of the Veterans Administration regional office; Homer D. Grant, president, and A. B. Davis, manager of Lubbock Chamber of Commerce; Russell (Curly) Wilkinson, president of Lubbock Junior Chamber of commerce.

Other Guests Listed

H. G. Urguette, president of Knights of Columbus, Dr. Fred W. Sparks, president of Kiwanis club, R. W. Matthews, superintendent of schools, G. C. Victory, president of Rotary club; Mrs. W. E. Klein, president of the Navy Mothers club; and M. B. Hilburn, jr., president of the Exchange club.

In a talk sparked with humor, Capt. Coley pointed out that the question existed as to why the Navy establishes training centers so far from large bodies of water. He explained that through job analysis the Navy has made each Reservist a specialist in his field, and through the Reserve program, attempts to give each member the type of training that would enable them to serve their country best in time of war or emergency.

Payroll Boosts City

Emphasizing the importance of the Naval Reserve Training center to Lubbock, he pointed out that the unit brings an annual payroll of $40,000 to the city.

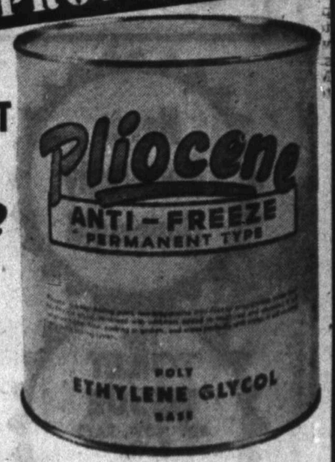

In passing, he remarked that salt water was not as far away as generally thought, since it often gives oil drillers trouble in this area. Referring to Mayor Rodgers' allusion to Navy-Air Force unity, he pointed out that he had found unfailing cooperation on "his level" with the Air Force.

The formal ceremony Wednesday afternoon was followed by a dinner at the Hilton hotel Wednesday night honoring Capt. Coley, Comdr. Ashton, Comdr. Sabathier and Comdr. Hutchins. Hosts were officers of the Lubbock Naval Reserve unit.

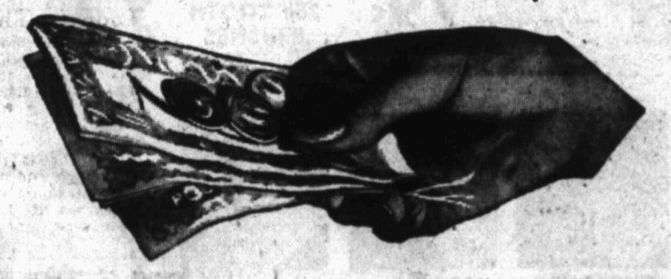

Those in attendance included Lt. Comdr. Vickers, Lt. William Wayne Kitts, executive officer, and the following officers of the unit: Lt. Comdr. Alfred P. Couch, Lt. Comdr. Clayton P. Jones, Lts. John Ragland, William C. Clark, Luther Edwards, Lts. (jg) Noel Johnson, Johnathan Lindsey, Byron Bennett, Robert L. Mason and Jack Riggs; and Ensigns Frank A. Smith and Don G. Smith.

Gayle's swallowed a bobby pin!

When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone—and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was—*less than 2c each!*

Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then checked it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!"

To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today... and to keep it growing in value every year. Southwestern Bell Telephone Co.

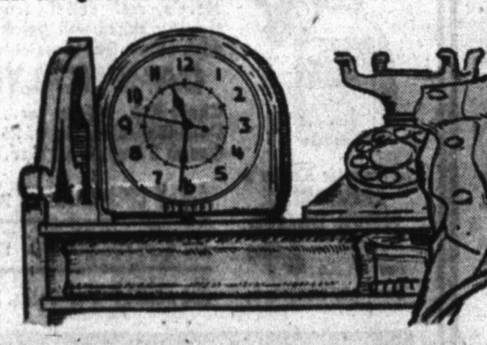

What else gives so much for so little?

Mrs. George Chenoweth

St. Louis 11, Missouri

Called Gayle's doctor. She's swallowed a bobby pin. But he isn't home!

Got our family doctor. Gayle's not choking, so no real danger!

Gayle's doctor called. We can relax, bring her in for X-ray in the morning.

Made an appointment early next morning for an X-ray.

Home from X-ray. Called my husband, George. Gayle's fine!

The phone rang the rest of the day—the family and friends calling to ask about Gayle. Made me feel good. Everyone's so nice!

NATION'S CAPITAL HAS PROBLEM

Street Car Be-Bop Claimed Driving The Passengers Nuts

By FRANCIS J. KELLY
Associated Press Staff Writer

WASHINGTON, Oct. 27—Does a street car company have a right to turn its vehicles into rolling juke boxes?

Does a mellow waltz or a bit of bebop soothe and relax the harried traveler?

Or does it bring out the beast in him?

The public utilities commission of the District of Columbia aims to get some answers to these and kindred questions today at a public hearing on the capital Transit company's recent trial installation of short wave radio receivers on some of its street cars and buses.

Passengers Captives

The straphangers' consoles have been in operation several months on some routes. An FM station broadcasts a selected program to them—weather reports, news summaries, a snatch of a tune.

Also commercials.

The radio station pays the transit company for the privilege of serenading its passengers. The passengers form a select if captive audience for the program sponsors.

Public reception of the new attraction has been sharply divided.

Fine and dandy, say the music lovers. Off to work they go with a hi-nonny-nonny and a plug for liver medicine ringing in their ears.

Readers, dreamers, philosophers and other people on the ragged edge of being driven nuts by modern civilization call it a dark plot against sanity.

Pros Strike Back

They said so in the letters-to-the-editor columns of Washington newspapers, intensely and repeatedly.

The pro-music bloc struck back with an obligato and a couple of fugues. Some tone-deaf fuddy-duddies are trying to set rapid transit back to the horse-car days, they fumed.

The public utility commission decided the matter warranted a hearing. That was after a man wrote the regulatory body that he sure was glad to be back in New York and away from the "din and clatter" of Washington street cars.

The antis have formed an organization called the Transit Riders' association. One of the charter members, Miss Eunice Graham, summed up her ideas of the radio programs:

"They tell you the weather when you've left your the umbrella at home; they tell you the time when you're already late for work, and they tell you the news, and it's all bad."

One woman at the organizational meeting believes in direct action.

She said she'd found where the master switch on the cars is located and just reaches down and turns off the multiple speakers.

"Done it two dozen times and nobody seems to object," she reported.

Television receivers located between transmitting stations of the same network operating on the same channel will be subject to little, if any, interference of one station with the other where frequency difference is eliminated by a new method known as television carrier synchronization.

Spray Gun Knocks Out Office Force

SACRAMENTO, Calif., Oct. 27 (INS) — If a fly can laugh the ones in the state adjutant general's office in Sacramento must be knocking themselves out today.

The office purchased a spray gun loaded with bug killer and Master Sgt. Nickolas Palermo went about spraying the stuff to kill the flies.

The flies kept flying but the office personnel keeled over.

The spray gun had been loaded with tear gas.

Bradley Warns National Guard

MONTGOMERY, Ala., Oct. 27. (AP)—National guardsmen were set to wind up their 71st conference here today after hearing a warning from Gen. Omar N. Bradley that war could strike suddenly.

Bradley told delegates to the conference yesterday that "miscalculation or unfortunate incident" could lead to war without warning and that "the guard should be ready to move divisions to combat areas upon short notice in event of mobilization."

The chairman of the joint chiefs of staff said he did not think war is inevitable. He pointed out, however, that the United States probably won't have the time to mobilize that it had in past conflicts.

Issues Avoided

"It's up to you, you members of the national geard," he said, "to prepare yourselves to be ready for action much more quickly than you have ever had to before."

Gen. Bradley, who was feature speaker at yesterday's meeting, declined to plunge into the scrap over federalization of the guard but repeated what he felt it would be impracticable at present.

He also avoided discussing the recent air force-navy squabble, but told a news conference that "the quicker all services begin to function as a unified team, the better off everyone will be."

The conference loosed another blast at federalization. It adopted a resolution strongly opposing the removal of national guard control from the states.

Senator Hill (D-Ala) joined Gen. Bradley in an appeal to end interservice bickerings.

Club Is Entertained By High Band Group

A quartet of saxophonists from the Lubbock High school band entertained at the weekly meeting of the Lubbock 20-30 club Wednesday night in Hotel Lubbock.

The club made plans to distribute 20-30 road signs on major highways leading into Lubbock. Two such signs are to be put out each Sunday for the next three Sundays.

Eighteen members and four guests attended the meeting. Guests included Pablo Britner of El Paso and Bob Parks, Ed Lankford and John Crow, all of Lubbock. Members of the saxophone quartet were Don Wortham, Richard McCullom, Milton Herring, and John Austin.

The goard of directors of the local 20-30 club will have a meeting at noon today at Chicken Village, it was announced.

Joe College Where You Find Him On Texas Tech Campus

Imagine the confusion if Joe College's mother came to Texas Technological college only to learn that her son is living in women's dorm number one.

A little sensational? Maybe so, but Mama might not be any more enlightened when she learns that women's dorm Number One is really Doak hall and that men live there now.

So, Mama picks up the telephone directory. Maybe that'll help. Here's Men's dorm Number Three East West Broadway. What? Oh, boy's dorm Number Three is really East hall and it's located on West Broadway. That clears up matters a lot.

Now let's see, daughter Mary lives in women's dorm Number Four. But that's not listed. Oh, someone says, women's dorm Number Four is really the other half of women's dorm Number Three. You can call there by asking for women's dorm Three West.

Oh, yes, wanta call Drane hall, too. That's not listed either. Maybe I oughta try this—"Dietician girls dorm Number One Tech college." Now, what kind of talk is that? Huh? Oh, yeah, Drane hall is really girl's dorm number Two. Girls don't live there though. Half of it's reserved for couples now.

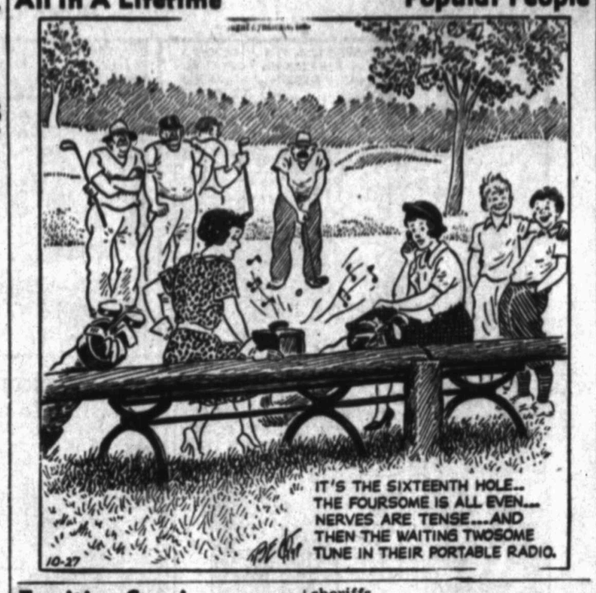

And, if I want to call someone in West hall, should I dial for boy's dorm Number One west hall or boy's dorm Number Four West West Broadway?

Might as well wait for the new city phone directories. Maybe they'll clear matters up—Maybe.

Why is the present phone book so confusing? Well, all the dormitories on the Tech campus have two names—numbers and words. Feel any better?

Fugitive Servicemen Caught Near Jasper

JASPER, Tex., Oct. 27 (AP)—Two fugitive soldiers were held in jail after they were caught in a wooded area by Texas rangers, highway patrolmen and six county sheriffs.

Sheriff R. C. Pace of Jasper said the men were wanted for theft of a pickup truck in Houston, three burglary counts here, and four burglary counts in Polk county.

He said they were armed with two guns when captured yesterday afternoon.
