For an effort that started out as a big question mark, the Floyd and Surrounding Counties Fair turned out to be first rate.

There was a time, not long ago when despair took hold. The weather was cold, not enough interest was being shown and it appeared the Fair, which began 80 years ago and became a regular annual occasion 32 years ago, would be no more. But thankfully enough citizens rallied around, girded up their loins and went forth into battle. The result is being described by old timers as one of the best Fairs in recent memory.

The opening parade had something for nearly everyone. Led by the Floydada High School Band it featured a host of entries, including the always popular and delightful Shriners in their minicars, and the marching Pipers from Plainview with their bag pipes. Wrapping it all up was the sprightly Lockney High School Band. Events at the Fair also drew large and appreciative audiences. All in all it was a worthy effort. And it proved again what can be done when the community's leadership gets together and decides on a course of action.

We have just returned from Washington, where we spent three days striking blows for liberty and saving the Republic, only to find that our old friends Judith and Richard Morehead have published another book. Or rather, they have published a new edition of an earlier book about preparing and cooking wild game. Over most of the state Richard is known as a long time political reporter and former Chief of the Dallas Morning News' Austin Bureau. Out here he is known as the brother of Dorothy Hotchkiss in Floydada, and the brother of Lucian up in Plainview. Judy, in earlier days, taught school in Lockney, and ended her teaching career as head of the Science Department at McCallum High School in Austin. For the past many years they have had a hobby of collecting, testing, and perfecting both basic and exotic wild game dishes. Their earlier book has become a "must" for people who enjoy the bounty of Texas fields, and the new version is even better. If you've had problems making wild game taste like it ought to, or would like to make it taste even better, we heartily recommend The New Texas Wild Game Cook Book for your reading and eating pleasure. It is published by Eaking Press (P.O. Box 23066) in Austin, and the price is \$9.95.

We see by the papers that Americans now owe more debts to foreigners than foreigners owe to Americans. This upsets some economists and pleases other economists. Economists are somewhat like lawyers. They seldom see a situation in the same light. For a proper fee one can always find an economist who will take the other side. As far as I am concerned, I would rather owe a foreigner \$10 million than he owe me \$10 million. Considering the history of this country, we generally discount or forgive the debts foreigners owe us. Perhaps now they will return the favor. But don't count on it.

Annual Miss Mackenzie scheduled

The L.O.A. Junior Study Club of Silvertown will sponsor their twelfth annual Miss Mackenzie Queen Contest on Saturday, October 19, 1985. It will begin at 8:00 p.m. in the Silvertown High School Auditorium. This contest is being held to promote the Mackenzie Dam and Lake.

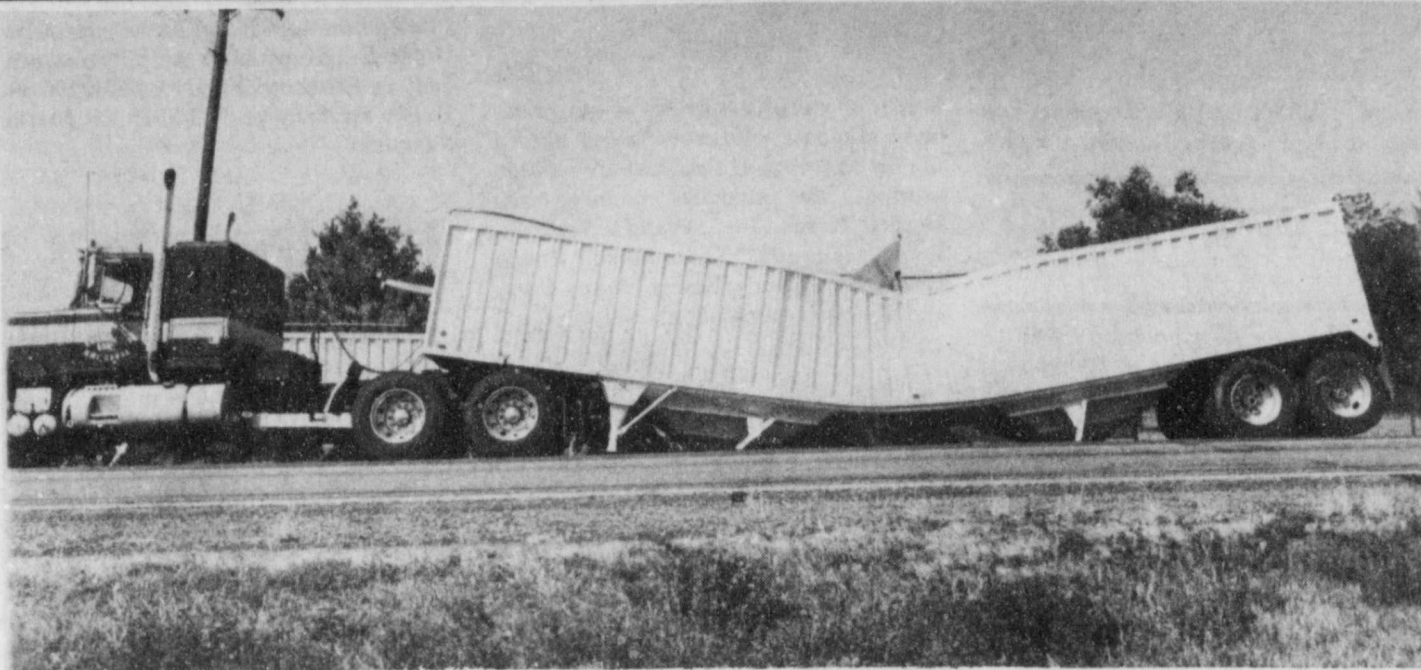

A Get-Acquainted Party will be held at 3:00 p.m. the day of the contest in the Pioneer Room at the First State Bank in Silvertown. Contestants will be interviewed by the judges at this time.

Rehearsal will be held Tuesday, October 15, at 6:00 p.m. in the Silvertown High School auditorium.

Deadline for entries is October 4, 1985.

Entry forms are available at the local newspaper office and may be picked up by either the sponsor or contestant. All businesses, clubs, and civic organizations are urged to sponsor a girl.

You may contact Mrs. Jealeta Baird at Silvertown High School, 823-2476 (day), or Mrs. Missy Forbes, 847-2577, Silvertown, Texas.

IT JUST BROKE—This truck hauling mlo "just broke", according to one of the workers helping to unload the disabled vehicle. The grain in the truck was being shifted to another so the process of getting the vehicle "off its belly" could begin

late Tuesday evening. No one was hurt in the mishap which occurred about a mile east of Floydada on the Matador highway.

Caprock offers ultra sound testing

Laboratory facilities at Caprock Hospital include the use of ultra sound testing, echo cardiograms, and the cardiac doppler. These examining techniques have been in use locally for several months and have proven very effective in providing health care to local patients.

Anne Maxon is the technician who supervises the exams and operates the specialized equipment. Says Maxon, "We can use the ultra sound to determine the stage of development an unborn child is at or to identify certain types of abnormalities in the abdomen or pelvic area."

Ultra sound is a useful tool in the diagnosis of gall bladder, liver, kidney, and pancreatic disorders as well as pelvic problems. Test results must be interpreted by a qualified radiologist before a course of treatment can be prescribed.

The most widely known use of the device at this time is for pre-natal examinations of unborn babies. Ultra sound provides a sonar image which allows a fetus to be examined (and photographed in some instances), yet remain safely undisturbed inside the mother's womb.

"We can measure the circumference of the head and the length of the long bone in the thigh of the baby in the womb. These measurements allow us to determine, as closely as possible, the exact age of the unborn child and it's anatomical development," states Maxon. "This information is sometimes vital during a problem plagued pregnancy."

Other tests which can be performed at Caprock Hospital include echo cardio-

grams and cardiac doppler testing. Used in conjunction with routine blood and laboratory tests, the echo cardiogram is used to determine the functions and condition of the patient's heart. The results obtained from the test must be interpreted by a cardiologist before treatment is decided upon.

The more intricate doppler exam monitors the arterial or venous blood flow to and from the brain and the extremities. This particular test allows the cardiologist interpreting the results to determine if a blockage (occlusion) exists in the patient's veins or arteries.

Officer Harold Snell joins Floydada Police Dept.

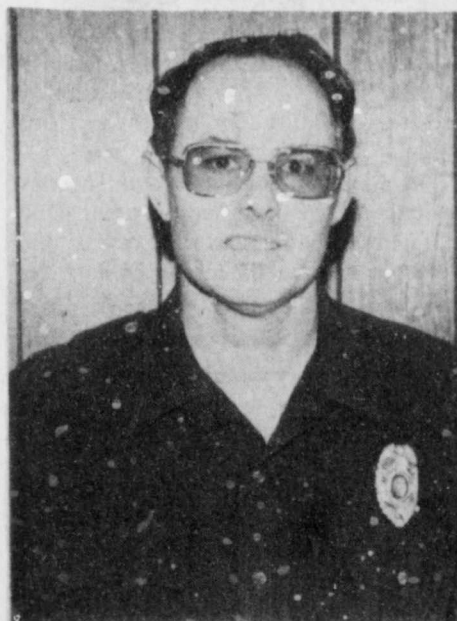

A new police officer, Harold Snell, has been hired to take the place of Roy Muniz who left this week to take a position in Harlingen.

Snell, who is 48, comes here from the Brownfield Police Department, where he worked for 15 years. He has been employed in the law enforcement field for a total of 17 years.

"I'm coming back home," said Snell. "I was born here in Floydada. My mom, Elizabeth Armstrong still lives here. I left in '62 to go work for the Brownfield P.D. My wife will be coming here after she has sold our house in Brownfield, and we hope to buy a home here in Floydada."

Snell married his wife, Vivian in 1962. She is now an x-ray technician in

Brownfield, and also a reserve officer. They have a son, Mark, who is 23 and currently living in Brownfield, and an 18 year old daughter, Donna, who is a student at WTSU in Canyon.

Area towns receive checks

State Comptroller Bob Bullock forwarded rebate checks totaling \$57.3 million for local sales tax to the 1,005 cities now levying the one-percent city tax. Among these cities, Floydada received a check for \$6,663.35, bringing the year to date total to \$76,599.71, an increase of 13.02% over 1984 at this time. Lockney received \$3,332.58 to give that city a total of \$33,737.70 showing an increase of 10.48% over last year.

Plainview toted up a check for \$78,327.35, making their total for the year \$828,537.53, up 7.39% over 1984 at this time. Lubbock has received \$9,913,829.49 with the September check for \$1,004,261.54. This shows an increase of 6.00% for Lubbock.

September checks represent taxes collected on sales made in July and reported to the comptroller's office by August 20.

Floyd County also received the annually disbursed state Lateral Road Funds from State Treasurer Ann Richards. Of the \$7.3 million forwarded to 254 Texas counties, \$30,251.60 made it's way to this county.

The money will be divided equally between the four road and bridge precincts which serve the county, according to County Judge Choise Smith. The money will then be used to maintain and repair county roads.

Three sentenced

The 110 District Court Wednesday handed down probated sentences to Jose Luis Quilantan, Raymond Joe Perez and Alvin Ray Cooper.

Cooper, 18, was indicted by a Floyd County grand jury on September 5 for burglary and criminal mischief. He pled guilty to the burglary charges and the criminal mischief charges were dropped. Cooper was given a nine year probated sentence.

Quilantan, 29, who was indicted by the same Grand Jury, pled guilty to burglary of a building owned by Bob Simpson and was given a seven year sentence, probated for seven years. He was also ordered to make restitution.

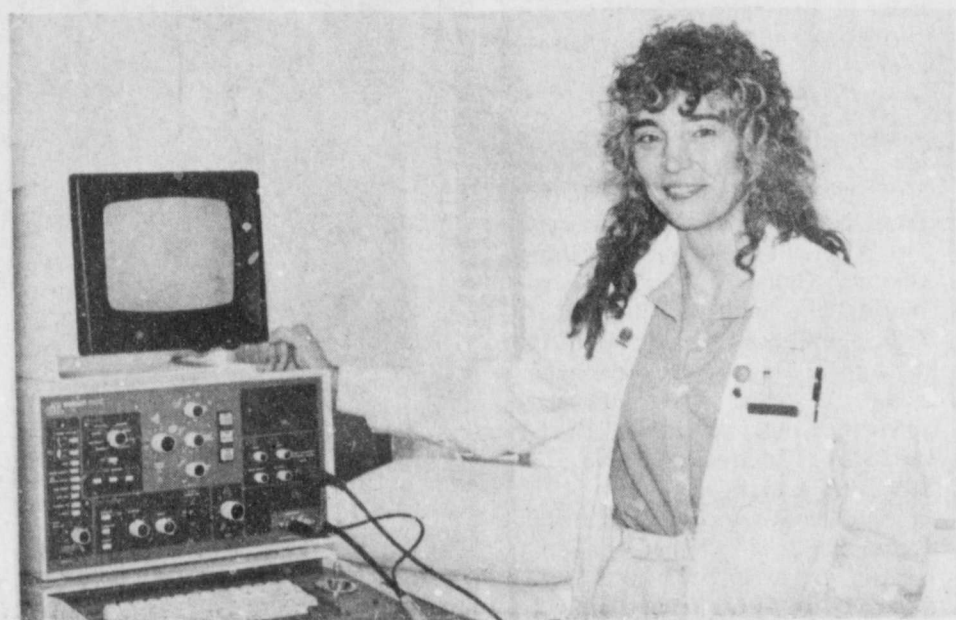

Raymond Joe Perez, also 29, pled guilty to a charge of indecency with a child and received a 10 year sentence, probated for 10 years.

Emergency blood drive set

United Blood Services of Lubbock will be conducting an emergency blood drive in Floydada on Friday, September 20. Blood donations may be made in the lobby of Caprock Hospital from 3:00 p.m. until 6:00 p.m. There will be four or five machines operating, so no one should have to wait long to make a donation. If you need to be sure your

donation is promptly taken, call 983-2875 for an appointment.

Nell McClung, hospital employee, wishes to remind everyone that there is a severe shortage of all types of blood in the South Plains area. "Your donations could mean the difference between life and death for an injured or ill person," she said.

Football Contest winners named

Teresa Gentry won the first prize in the Floydada Football Contest this week. She picked four incorrect winners for the games listed, with a tie breaker score of 12 and Clarendon winning. The second place winner also missed four answers, but Don Warren chose Floydada to win with a tie breaker score of 23.

Third place goes to Mike Anderson

who missed 5, with a tie breaker score of 14. Honorable mentions go to three other entrants who missed five. Tiffany Gentry guessed the tie breaker score at 16, Paige Cannon guessed it at 26, and Gene Lowrance tried 30.

The winners may pick up their checks at the Hesperian office on Friday, September 20.

LITTLE MISS FLOYD COUNTY—Pepper Hinkle, nine year old daughter of Mr. and Mrs. Bill Hinkle of Floydada, received top honors in the 7 to 9 year old division of the Little Miss Floyd County contest held Saturday, September 14 in conjunction with the 1985 Floyd and Surrounding Counties Fair. Mary Lindsay Poole was selected first runner-up and Lacy Gollightly was chosen second runner-up.

Students tour ambulance

Residents of the area around R.C. Andrews Elementary School may have been a bit startled to see an ambulance and hear the siren several times last Tuesday. The explanation is simple. Caprock Emergency Medical Services was giving students a tour of the ambulance and a sample ride in the vehicle.

"We felt that it would be beneficial for the kids to become familiar with the ambulance, the equipment, and how it feels to ride in it," said Mary Lee Padgett, coordinator of Caprock EMS. "We will be doing this on Tuesdays and

Thursdays until all the kids have had a chance to learn about the equipment and services we provide."

Among the items demonstrated to students were stretchers, splint boards, bandages, oxygen administration equipment, suction equipment, bag valve masks, the heart monitor, back boards, cervical collars, the trauma case, blood pressure cuffs, the hospital radio, and the lights and sirens. The EMS personnel hope that the tours will alleviate part of the fear should one of these students ever need to be transported in an ambulance for medical reasons.

Girl Scout sign-up begins

The girl scouts of Floydada are trying to get their troops organized for this school year. This is the first time that the girl scouts will have five age levels for the girls. The age levels are: Daisy, kindergarten thru age 5; Brownie, first thru third grade, ages 6-8; Junior, 4th through 6th grades, ages 9-12; Cadette, 7th thru 9th grade, ages 12-15; and Senior, 10th thru 12th grades, ages 15-18.

The scouts will be meeting once a week all through the year. Any girl who would be interested in the program can contact Elizabeth Sims at 983-2256 or Debra Graham at 983-5515 or Maria Vasquez.

The girl scouts were kept busy through the summer in many ways. They had a track and field meet in May in Floydada. This was sponsored by Troop 450 with the help of Joe Paty.

In June the girls attended the girl scout day camp at Plainview. Here the girls worked on different badges of their choice. In July, they attended one week of camp at Camp Rio Blanco, earned by selling cookies earlier in the year.

There are lots of new activities for this year. Some of the activities the cadette and seniors can attend include "Pioneer Days" at Camp Haynes; "High-Tech Communications" at Texas Tech University; and a heritage trip to Austin and San Antonio.

THIS WEEK

SCOUTING SIGN UP

For all boys interested in joining the scouting program, there will be a sign-up night Thursday, September 19 at 7:00 at Duncan Cafeteria.

Second grade boys are invited to join the tiger club program and 3rd and 4th graders are eligible for cub scouts.

by Mrs. J.E. Green

Nearly 12, noon, September 16, 1985. This is the second solid gray day. Sunday was gray too.

We are thankful for the shower we got one night last week.

Mrs. Brewer is home again after a few days in the hospital.

The Thomas Warrens oldest granddaughter of Muleshoe had surgery recently but is about ready to go home. The rest of that group Mrs. Fred Battey, Mrs. Ola Warren and the Thomas Warrens are doing very well.

Mrs. Roe Jones is home, as well as usual. The Mayfields are at home. Mrs. Leo Frizzell is home and O.K. I can't get Lockney.

Tuesday; It is still cloudy, and cold. Several don't answer. (Some are probably out of town.)

One night last week Clyde and wife arrived on their way home from their trip to Cincinnati. They got homesick for Peralta, New Mexico, so they went home the next morning.

The Victor Greens of Plainview came Saturday afternoon. The Travis Lightfoots are home.

JV shutout Clarendon 54-0

The Floydada Junior Varsity football team met Clarendon's JV in Floydada on September 12. The resulting game proved to be a wipeout for Clarendon with a final score of 54-0.

Scoring began with Ty Stovall making a four yard run for a touchdown and Pat Hazlett making the two point conversion on a pass from Stovall. Julio Flores completed a 25 yard touchdown run for the second score and Ray Morales made the extra points on a run, making the score 16-0.

Manuel Suarez made two points on a safety by tackling the Clarendon punter in the end zone. Julio Flores scored a touchdown on a 33 yard run and Ray Morales got the 2 point conversion on a run to make the score 26 to 0. Shannon Vinson next crossed the line on a 45

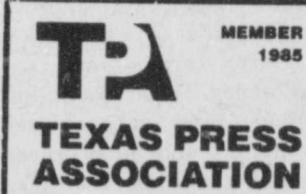

yard run and Ray Morales again made a 2 point conversion run to bring the total to 34-0.

Chad Pernell scored next on a four yard pass from Stovall, but the extra point attempt did not succeed. Domingo Robledo scored on a 20 yard run and Sylvester Mendoza added two points on a run to make the conversion. Robledo scored again to make the final total 54-0, a decisive Floydada win.

Joe Perales and Rupert Jimenez each recovered a Clarendon fumble and three passes were intercepted by Floydada players, Abel Arrellano, Sylvester Mendoza and Chad Pernell.

Coach Vickers complemented the entire offensive line and named Ray Morales as the outstanding offensive player this week. He also praised the defensive line for an outstanding job in allowing only two Clarendon first downs the entire game.

The J.V. will face Dimmitt on Thursday, September 19, at 6:30 p.m. at Western Field.

Clarendon edges 'Winds

By Bill Gray

The "black cat", crossing the path of the Floydada Whirlwinds on Friday 13, came in the form of the Clarendon Broncos as the 'Winds dropped their second game of the young season to the visitors in non-district action.

About the only good luck Floydada could conjure was winning the coin toss and electing to receive. An omen for the remainder of the evening occurred on the Whirlwinds' first play from scrimmage as they fumbled and Clarendon recovered. However, an offside penalty against the Broncos enabled Floydada to retain possession. Moments later, lightning again struck, with the 'Winds fumbling, resulting in the ball going over to Clarendon in Floydada territory.

Setting up shop on the Floydada 45-yd. line, Clarendon ran their first play in for a TD, only to see it called back on a penalty. At this point, neither team could seem to shake the mistakes and miscues that early season games produce. Suddenly, the Broncos must have pulled a rabbit's foot out and broke the jinx. On their third play, Clarendon QB Leland Howell spotted Daniel Ford open in the Floydada secondary and lofted a 33-yd. pass to the fleet

halfback, Ford, eluding several would-be tacklers, raced untouched into the end zone. Randy Crump's PAT made the score Clarendon 7, Floydada 0, with the game only two minutes, thirty-two seconds old.

For the remaining forty-five minutes of the game, neither team could really muster an effective offense, and the first quarter score held up until the final horn sounded. For the second straight week, the Floydada defense played with good intensity, giving up the lone touchdown on a long pass. Interior line play improved considerably, with a more fierce pass rush exhibited than had been the case in the Crosbyton game. Hector Flores and Clay Lowrance, picking up the slack for an injured Leif Younger, combined for 77 rushing yards. However, the 'Winds' passing attack was off all evening, as they completed no passes in twelve attempts.

Once again, good defensive play, led by Noel Soliz, Brad Rainer, Jeff Matsler, Leif Younger, and Shannon Barbee, kept the opponents contained. However, turnovers and penalties continued to plague Whirlwind offensive efforts. Three times, Floydada drove into scoring territory, only to see the threats fall short.

According to Head Coach, Joe Paty, "The attitude of the kids remains very high. They are working very hard. All they need is a break here, a break there! They need to score some points — this

would be a big confidence builder." He went on to say, "Getting them up for the Lockney game this week will not be a problem. The 'Winds last victory was over Lockney in the '83 season, and the team would surely like to end the losing streak with a win over the Longhorns." Lockney also comes into Friday's game on their home field with an 0-1 start this season. With the County Championship on the line and both teams hungry for their initial 1985 victory, Friday's game promises to be a real battle.

Freshmen tie Ralls 18-18

Floydada's freshman football team has a win and tie to their credit as they meet Lockney this week on the gridiron. The team played Ralls to a tie in the season opener on September 5. The final score was 18-18. Floydada's first scoring play was the result of a pass from Chad Quisenberry to Dale Cooper. The extra point attempt was no good. The second touchdown was made by Abel Sanchez, who was on the receiving end of another Quisenberry pass. Again, the extra point attempt failed. Freddie Tony scored the final touchdown for Floydada from about five yards out, but the try for the extra point failed for the third time.

In the second game of the season, played in Floydada on September 12, Floydada freshmen stopped the Plainview Bulldog freshmen cold, winning 16

to 0. Floydada freshman Abel Sanchez lead off the scoring with the first touchdown, followed by a successful pass from Chad Quisenberry to Dale Cooper for two extra points. The score was 8-0 at halftime.

The second touchdown came during the 3rd quarter on an 85 yard run by Freddie Tony. Abel Sanchez succeeded in making the extra point attempt, making the score 16-0.

Outstanding players for the offense according to Coach Mike Cocanougher, were Chad Quisenberry, Dale Cooper, Freddie Tony, Jim Bob Hambright, and Shane Orman. Defensive standouts included Leonard King, Wade Brooks, Danny Caballero, Freddie Tony, and Amando Morales.

The freshmen meet Lockney tonight at 5:00 p.m. in Floydada at Western Field.

Breezers upset Clarendon 20-0

The Floydada eighth grade football team opened the 1985 season with a 20-0 win over the Clarendon eighth grade. Playing in Clarendon, both teams got off to a slow start with no score during the first quarter.

The Floydada Breezers were able to put some points on the board in the second quarter on a right end run by Frank Suarez. The two point conversion failed, making the score 6-0 at halftime.

Suarez again scored in the third quarter on an excellent 10 yard run. The score was 12-0 after another two point conversion attempt failed. On their next possession, Clarendon fumbled the ball on their 25 yard line and the Breezer's recovered it. Two plays later, Harvey Soliz took the pitch from Grant Stovall and hit Shay Hearon for a 20 yard touchdown pass. Hearon ran a sweep around the left end to make the two point conversion and the Breezers

lead 20-0 at the end of the third quarter. Outstanding defensive playing kept the Clarendon Broncos from scoring in the fourth quarter, giving Floydada the victory.

"I was very pleased with the way the team played on their first game of the season," stated Coach Tim James. "The entire team did a good job on both offense and defense."

Outstanding defensive players were Zach Nutt, Ray Garcia, Randall Sims, Frank Suarez and Joe Cisneros. Offensive standouts were Frank Suarez, Grant Stovall, Joe Cisneros and Russell Griffin.

Seventh grade Breezers defeat Clarendon 20-8

Floydada's seventh grade football team, the Breezers, traveled to Clarendon for their season opener on September 12. The Breezers played an excellent game, bringing home a 20-8 win over the Clarendon Broncos.

Lupe Vargas scored the first touchdown on a 30 yard run. Jo De La Fuente scored twice and Nufu Morales added a two point conversion to make the score 20-0.

Clarendon scored during the last

seconds of the fourth quarter to make the final score 20-8.

The novice Breezers generated a fine team spirit and played with poise and sportsmanship in their first outing.

Coach Tim James stated, "We wish to thank the parents and interested citizens who made the trip to Clarendon to support the team. We are also very grateful for their assistance when our bus developed problems on the trip."

Study Clubs begin season with joint business meeting

The 1956 Study Club held a called business meeting September 6, in the home of club president Sherry Hale. New yearbooks were presented to members. The order of business concerned the third annual Tater Bake planned for October 4, preceding the Muleshoe game. The Tater Bake will take place in the Junior High cafeteria between 5-7:00 p.m. with plans for a successful feast. This money making project will provide funds for the many services and community support given by the 1956 Study Club.

A salad supper and style show shared with the 1950 Study Club opened the year for the first regular meeting on September 10. A festive atmosphere was felt as both clubs and guests

gathered in the Lighthouse Electric party room for an array of salads and desserts. As the meal concluded, Helen Chapman, owner of The Village Shop in Plainview, presented an assortment of fall fashions and matching jewelry. Fashions were modeled by 1956 club members, Darlynn Hambricht, Jenni Smith, Jan Thompson, Sherry Hale and daughter, Laura, and Leora Younger and daughter, Tian. The evening ended with potted plants given as door prizes.

Officers for the 1985-86 year are: President, Sherry Hale; Vice-President, Gay Hale; Secretary, Penny Giesecke; Treasurer, Cyndi Williams; Reporter/Historian, Rozanne Bishop; Custodian, Judy Dunlap; Parliamentarian, Sharon Vickers; and Federation Counselor, Jan Thompson.

Area Baptist women hold weekly September sessions

The Baptist women of Calvary Baptist Church have been blessed with good meetings and high attendance for September. On Monday, the second, was Bible study.

SHERI TURNBOW

Teacher profiled

Sheri Collins Turnbow has come to the Floydada school system after teaching for three years in the South Plains School District. She will be teaching third grade at A.B. Duncan Elementary this year.

A local girl, Turnbow graduated from Floydada High School and attended Texas Tech. She earned her degree in elementary education.

Turnbow and her husband Roy, live in Floydada and he farms with her father near the city. The couple have one child, a five year old daughter, Shonda.

"Shonda started school this year and that was the main reason for applying for a position in the Floydada schools," said Turnbow. "It is so much more convenient to be in town with her in school and my hours will closely match hers."

Grace Sunday School meets

Grace Sunday School class of First Baptist Church, Floydada, met September 10 with Mrs. Carrie Cline as hostess and Mrs. Cleo Goins, co-hostess.

President of the class, Mrs. Mary Wilson, presided. Mrs. Flora Fawver gave the devotional from the 63rd chapter of Psalms. During the social hour each member told where they had visited and things they had done this summer.

Several members of the class were absent due to illness or were out of town.

Refreshments were served to Mrs. Mable Redwine, teacher of the class, and Ethel Warren, Cecil Whitehead, May Garrett, Mary Wilson, Vada Meredith, Flora Fawver, Cleo Goins, Carrie Cline, and Beulah Denison.

Homebuilders meet Sept. 10th

The Homebuilders Extension Club met September 10 for their first fall meeting in the council room of the agriculture building.

The roll call was answered by naming a slogan that a leading company uses. For recreation, Blanche Williams led the group in a "Match Game."

Mary True, the Extension agent, gave the program "How Do Advertisements Affect You?" She stated that a lot of ads are misleading and urged each one to read them carefully. She also had each member select an advertisement from a magazine and tell why it appealed to them.

The next meeting will be September 24 in the home of Gladys Widener.

Members present were Lela Mae Burns, Eunice Hong, Helen Huffman, Muri Mayfield, Ruth Reeves, Lillian Smith, Elvira Stewart, Ruth Trapp, Gladys Widener, Blanche Williams and Mary True, Extension agent.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature to either enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Deaver and Stennett exchange wedding vows

Marriage vows uniting Cathy Leah Deaver and Michael Rene Stennett were said at 7 p.m. September 7, 1985 in the Quaker Ave. Church of Christ of Lubbock. Officiating the double ring ceremony, were Portis Ribble, minister and Father Roland Buxkemper of Lubbock.

The couple stood before a large brass

candelabra latticed archway with greenery and white doves. Brass candelabras were on each side of the archway, containing pink and burgundy silk roses. Pews were decorated with greenery, pink candles and white doves.

Musical selections for the ceremony were presented by Shelly Price of

Lubbock. Gary and Debbie Stennett of Plainview, brother and sister-in-law of the groom, sang "The Lord's Prayer," "Ice Castles" and "The Rose."

Parents of the couple are Mr. and Mrs. Elton Deaver of Lubbock, and Mr. and Mrs. Jimmy Stennett of Lockney.

Given in marriage by her father, the bride wore an old fashioned dress of white organza over satin trimmed in chantilly lace. The train was rows of ruffles of white lace and organza featuring tiny long sleeves of lace with pearl trim. She wore a strand of pearls, a gift from the groom. Venise lace extended to the back, where covered buttons extended from the neckline to below the basque waist. She wore a white lace hat and veil. Her cascade bouquet was of silk pink and burgundy roses.

The traditional garter was something blue and a penny was worn in her shoe.

Kim Deaver, sister of the bride was the maid of honor. Serving as bridesmaids were Tracy Deaver, sister of the bride, Amy Taylor of Lubbock and Peggy Miller of Dallas. The bridal attendants wore floor length gowns of burgundy taffeta with burgundy lace over skirt. Wrist corsages of burgundy and pink carnations and baby breath. They carried burgundy parasols. These dresses were made by the brides mother.

Wytocha Stephenson of Lubbock attended as flower girl, Tucker Stennett, nephew of the groom was ring bearer. Lighting candles was Danny Deaver, brother of the bride. Ushers were Danny Deaver and Kenneth King

of Lubbock.

The groom wore a black tuxedo with tails, black bow tie and black cummerbund.

Kevin Stennett, brother of the groom of Amarillo, served as best man. Doug Stennett, brother of the groom; Hector Araujo and Chess Carthel, all of Lubbock, were groomsmen. Male attendants wore black tuxedos with burgundy bow ties and burgundy rosebud boutonniers.

Following the ceremony, a reception was held in the church fellowship hall.

The bride's table was covered with white lace. Pink punch and a three tiered cake, decorated with pink and burgundy rosebuds, were served. The groom's table featured pink candles, white doves and greenery. It was draped with a white tablecloth over burgundy. Served from the groom's table was a chocolate cake covered with pink rosebuds. A silver punch bowl, nuts and mints completed the setting.

Serving at the reception were Michelle Edwards, Louisa Ortera, Tracy Nicholson, Pauline King and Diana Buford.

Following a honeymoon trip to Cloudcroft and Ruidoso, the couple will be at home in Lubbock.

The bride is a graduate of New Deal, attended Texas Tech and South Plains School of Nursing. She is employed at Methodist Hospital.

The groom graduated from Lockney High School and attended Texas Tech.

A rehearsal supper was hosted by the groom's parents at Ember's Steak House in Lubbock.

MRS. KIRBY WILLIAM POWELL

Granddaughter of Marlers receives honors from NSEC

The National Secondary Education Council announced that Tracey Frysinger has been named an Academic All-American. The NSEC has established the Academic All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Academic All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instruc-

tor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the NSEC. These are awards few students can ever hope to attain.

Tracey, who attends Caprock High School of Amarillo, was nominated for this National Award by Ms. Billie Hunt, school counselor. Tracey will appear in the Academic All-American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Academic All-American Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the National Secondary Education Council.

The Council selects Academic All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Tracey is the daughter of Mr. and Mrs. Larry Frysinger. The grandparents are Mr. and Mrs. Orville Marler of Floydada and Mr. and Mrs. Ace Frysinger of Tipton, Oklahoma.

The Carthels have two great-grandchildren, Brandon and Angela Prather. The former Estelle Byars and Carthel were married September 21, 1935 in the Lockney Baptist Parsonage.

Friends and relatives are invited to attend.

Your friendship is a precious gift none other is desired.

MR. AND MRS. AARON CARTHEL

dipped to a low V-back, accented with a large satin royal blue bow. Short bouffant sleeves were of the English lace. She carried a long stem silk rose.

Will Evans of Denton served as best man, attired in the traditional black and white tuxedo identical of the groom.

Ushers included brother-in-law of the bride, Randy Fleming of Lubbock and cousin of the groom, Bryan Collins of San Antonio.

Music was provided by pianist, Dell Gray of Floydada playing selections of "The Sweetest Thing" and the traditional wedding march accompanying Lee Battey of Floydada as she sang "Nobody Loves Me Like You Do" and the "Wedding Song."

Registering guests was cousin of the bride, Melissa Quisenberry of Plainview.

Highlighting the couple at the altar was a brass arched candelabra with English ivy, blue silk flowers, and blue satin bows. The pews for the mothers were marked with blue satin bows.

A reception for Mr. and Mrs. Powell was held in the fellowship hall of the church. The bride's table was graced by a white tablecloth. The table featured a three tiered cake with blue tipped roses. The cake was crowned with a groom and bride ornament circled in white roses. The table also consisted of mixed nuts, blue mints, and punch. Servers were sister of the bride, Debbie Fleming of Lubbock and cousin of the bride, Jana Finley of Lubbock.

The groom's table was covered with a white tablecloth. Coffee and chocolate cake were served by sister of the groom, Jana Powell of Levelland. Rebecca Quisenberry, cousin of the bride, handed out rice bags during the reception.

Following the honeymoon trip, the couple will make their home in Levelland.

Cochran and Powell nuptial promises recited

Tammy Deneice Cochran and Kirby William Powell exchanged wedding vows at 7:00 p.m. Saturday at the First Christian Church in Levelland with the Rev. Weldon Lee Stephenson officiating.

Parents of the couple are Mrs. Pat Conklin of Pampa and Mr. and Mrs. Bill Powell of Levelland.

At the double-ring ceremony, the bride was escorted by her uncle, Jerry Finley of Levelland, wearing an elegant gown of Qiana and patterned sheer organza. The high Victorian neck was of lavish schiffli embroidery adorned with seed pearls. A deep full ruffle of chantilly lace dropped from the sheer yoke, just meeting the waist encircled with schiffli embroidery. The full Victorian sleeves were of patterned sheer organza, enhanced by venise lace. The full elegant skirt was of rich Qiana, edged in English lace, and flowed into a

cathedral length train in the back. The bridal veil of illusion was richly edged in silk venise lace and was accented with re-embroidered motifs of matching venise lace and embellished with tiny seed pearls, and fell to a cathedral length for a stunning effect. The cascading bridal bouquet was an array of all shades of blue silk flowers with French lace nestled throughout. For something old the bride carried in her bouquet her great-grandmother's wedding band. Something new was her wedding attire, for something borrowed were pearl earrings from the groom's mother. Something blue was the traditional garter. In her satin pumps was a penny of their year of birth.

Attending the bride as matron of honor was Tammy Vickers of Lubbock wearing an impressive tea length gown of royal blue taffeta, with a full overlay of scalloped English lace. The dropped waist featured a high front neck that

Crop insurance deadline will expire September 30

Texas farmers have until the last day of September to buy crop insurance for small grains.

"Crop insurance is basically a risk management strategy in which a farmer pays a premium to protect against large, unpredictable yield losses," says Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, The Texas A&M System.

"Crop insurance can assure a farmer of a minimal cash flow in case of a major crop loss so that he will have a chance to farm the next year," adds the economist.

Producers who insured their small grain crops last year will have their contracts renewed automatically unless they cancel them, Lovell points out. However, any changes in the level of coverage or price election must be made by September 30.

This year multiple peril crop insurance (mpci) for 1985-86, wheat, oats, and barley will be available only under the Actual Production History (APH) program, Lovell explains. Under APH, yield guarantees are based on actual

production records of the insured or grower rather than on county average yields as was the case under the area coverage plan. This means that a farmer must provide evidence of previous years' production and acreages. The premium cost per acre also may be higher than with the area coverage plan.

Selecting crop insurance requires choosing a price election and a yield guarantee of either 50, 65 or 75 percent of past production history, explains the economist. Price elections are \$1.30, \$1.50, or \$1.80 a bushel for barley; 80 cents, \$1 or \$1.25 a bushel for oats; and \$2, \$2.80 or \$3.30 a bushel for wheat. The combination of yield guarantee and price election determines the level of insurance coverage and cost of the premium.

Lovell reminds farmers that the premium costs for (mpci) reflects the federal subsidy of the premium.

Interested producers can obtain additional information by contacting a local firm that offers multiple peril crop insurance.

Texas Vegetable Assn. to meet September 24-26

The High Plains will play host September 24-26 to the largest, most comprehensive meeting and exhibition for vegetable growers ever held in Texas. The Texas Vegetable Association has joined forces with the Texas Vegetable Association to present their annual meeting and educational conference at the Holiday Inn Civic Center, said Roland E. Roberts, vegetable specialist with the Texas Agricultural Extension Service.

Participants will learn about the latest developments in vegetable growing technology, Roberts said. This information will be presented by 25 highly qualified speakers from research, ex-

tension, industry and commercial production.

In addition, Roberts said, area growers will conduct an extensive tour of the South Plains vegetable industry. This will include visits to research and Extension work in progress in Lubbock and surrounding counties, and a look at state-of-the-art storage and handling facilities in this area.

Roberts said Lubbock was selected for the conference site to make it more convenient and less expensive for growers on the High and Rolling Plains to take part. Vegetable growers, research scientists, Extension specialists and agribusiness people from across Texas and the Southwest will attend.

ASC Committee cites need

"We need sound farm policy that helps Texas farmers, but also has fiscal restraint," according to Harold Thomas, Chairman of the State Agricultural Stabilization and Conservation Committee. Thomas reiterated the Reagan Administration's farm bill goal at the close of the committee meeting.

New legislation is needed to replace the four-year law which expires at the end of this month.

Thomas's comments on behalf of the State ASC Committee closely followed the resumption of the farm bill debate by the Congress in Washington, and the committee's 'conference' with Secretary of Agriculture John Block. "We just met with Secretary Block by telephone, and as his representatives on Federal farm policy here in the State the committee wanted to pass on some of what was discussed," Thomas said.

"Our major objectives are the same as when the legislative process began earlier this year," Thomas said. "Three objectives are central to the Administration philosophy."

"First, we must become more competitive in world markets. Reducing price and income support levels is essential, so that we send a clear signal to our competitors that we are serious about regaining lost export markets. We must no longer hold the price umbrella for the world," Thomas said.

"Second we are committed to a policy of compassion for farmers. That means we want to spend enough money to carry our producers through a transition period as we work toward a re-

duction in farmer dependence on government."

"And, third, we recognize the need to reduce the Federal deficit. So, we believe the new farm bill should adhere to the Congress' spending limitation. That will mean less and less annual Federal outlays for farm programs."

He also itemized some things being proposed as part of the new farm bill that the State Committee agreed were unacceptable.

"Mandatory controls are unacceptable. Most farmers want less government control, not more," Thomas said.

"Marketing loans with unlimited budget exposure are not acceptable. The cost could be tremendous with a program that would allow farmers to take out loans at one price and pay them off at the market price."

"We oppose freezing target prices. This would encourage more agricultural production than we need, because of the guaranteed price."

"We also oppose the proposed dairy diversion program. We've already tried that, and it doesn't work. The cost to government would be high. The cost to consumers would be high. And, it would get the government deeper into the dairy business with inequities in the dairy industry as a result."

"And, finally," Thomas said, "We oppose a simple extension of the present farm legislation. Why keep programs that price farmers out of world markets at a tremendous cost to taxpayers?"

FAIR ENTRIES—Jimmy Marley is pictured beside the display at the Floyd County Fair which was made up of seven wood working projects from the Floydada General Construction Trades Class. Marley's project, a stereo cabinet, won a 4th place award. Others competing included: F.L. Williams, 1st, victorian washstand; Dale Beaty, 2nd, wishing well; Tim Ruff, 3rd, stereo cabinet; Eliseo Ovalle, 5th, bookshelves; Junior Morales, 6th, knick-knack shelf; and Lupe Rios, 7th, fiddler's stool. Dale Smith is the class instructor.

Focus on Entomology

By James F. Leser

Cotton is rapidly maturing with lots of heat units (HU) but a lack of moisture. Rain won't help fields with 50% open bolls but will help others that need more moisture to take advantage of these HU to make mature fiber. I would estimate our real yield potential as slightly above average to average. It would have been much better with a timely July or August rain. Real yield potential is that which takes out all those skips we seem to count as production acreage—thereby reducing our per acre yield average.

Insect and mite problems are over for much of the cotton, especially where cotton is wilted, has shed squares and small bolls, and remaining bolls are hard. Only those fields with regrowth due to a late rain or irrigation and/or with a young fruit set need to be scouted now. Bollworm activity is fairly low with "beneficials", especially lacewing larvae, controlling most infestations. These lacewing larvae are so fat, I sometimes momentarily mistake them for bollworms.

Spider mite activity is highly variable but most fields are either uninfested, have had mites controlled by predators or are too far along toward maturity for mites to matter. A few (very few) fields will be sprayed this year for spider mites and probably needed this application. We don't really know where our increased mite problems are coming from. There is much speculation, including implicating pyrethroids, but no hard facts.

Aphid numbers are generally very low and unimportant now. Be watchful for any late aphid buildup which could result in honeydew or lint in open bolls. There are some such cases to the south

of us but none reported for our area. Grade can be affected and sticky fibers are not appreciated by spinners.

Boll weevil activity has increased below the Caprock. Cotton is cutting out and bolls are opening and adult weevils are scurrying around looking for squares to feed upon and deposit eggs. The Diapause Boll Weevil Control Program is slated to start sometime around September 23rd.

A few headworm control decisions are still being made in sorghum. Some "headworm facts" might be helpful. First, over 75% of the total feeding in sorghum heads is done by the last two larval stages, that is, the larger worms. One corn earworm larva will damage an average of 166 kernels (about 6% damage). Two corn earworm larvae will damage an average of 274 kernels (about 10% damage). By estimating your yield potential and crop value, you can use the above information to help make a sound treatment decision.

If you have late sorghum which is blooming now, you definitely need to watch it for midge. One Bailey County field checked a few days ago averaged over 20 midge per head. The treatment level is when midge average one per head and 25 to 30% of the heads have begun to flower.

CEDAR HILL NEWS

By Grace Lemons

There were showers all around us this week but most of Cedar Hill stayed dry. The Jim Connors received a 1/2 inch of moisture Friday.

Several attended the Floyd County Fair during the week-end. Jessica Gill, little one year old daughter of Lori and Mark Gilly, modeled for City Connection of Lockney. Charla and Mandi Yeary entered the Little Miss contest.

Cephus and Imogene Fortenberry and Phyllis Harris and children visited Eldon Ray Love in Wolfthorpe. He was home from the hospital after suffering a beating and was run over with his own car recently. He is reported to be much improved.

Cephus and Imogene Fortenberry entertained as dinner guests in their home Sunday the Rev. and Mrs. R.L. Owens of Plainview, Edna Gilly, Tom and Gladys Fortenberry and little Patrick Vick.

Norma Welch and her mother, Mrs. Peat Kelley returned home Tuesday evening after attending the Littlefield reunion in Soda Springs in Parker County near Weatherford. The reunion was held Sunday in the community tabernacle. They also visited Pfaf Gilbert in the nursing home in Mineral Wells. He has been ill for sometime.

They visited Mr. and Mrs. Floyd Wiggington and Mrs. Leona Wood in Jacksboro. They visited Mrs. Willie D. Strain in Weatherford and Mr. and Mrs. Harold Gilbert and family in Santo before returning home.

Goldie Cybert, who is a patient in room 253 at Methodist Hospital, in Lubbock, is reported to be improving after falling and breaking her hip. We trust that she will continue to do so and will be able to go home soon.

Mr. and Mrs. Cephus Fortenberry went to Amarillo Tuesday to be with

their grandson, Wesley Durham who underwent surgery on his arm after breaking it while playing ball. He was able to leave St. Anthony's Hospital Thursday.

Grace Lemons visited Eula Mae Wilson Tuesday. She is improving after undergoing ear surgery. She underwent a four hour tedious ear surgery in Lubbock, where they replaced bone and a new ear drum. The procedure was successful. Her sister, Pauline Van-Hoosier of Kingsland is with her during her recovery.

Floyd Starkey was able to be in a room and is improving after suffering a light heart attack. We trust that he will continue to improve and gain his strength rapidly. He is a patient at Caprock Hospital in Floydada.

It is reported that Es Yeary is gaining strength and improving after suffering a stroke recently.

Happy Birthday to Carl F. Lemons who celebrates his birthday on the 5th of September.

Little Patrick Vick of Lubbock spent the week-end with Tom and Gladys Fortenberry. The Fortenberrys took him back to Lubbock Monday where he is attending kindergarten.

Joy Penrod and her mother, Lena Belle Randolph had supper with Clara Mize last Tuesday evening before returning to their home in Lubbock. They attended graveside services in Lockney for Fred Randolph.

Rosa Lackey is at home in Floydada after being confined in the Lockney Nursing Home when she sustained a broken hip some time ago. We rejoice over her improvement and congratulate her in her new home.

Martha Taylor visited Mr. and Mrs. Carl F. Lemons a while Sunday afternoon.

Our greatest glory is not in never falling, but in rising every time we fall.

PROCLAMATION

CONSTITUTION WEEK—Ozema Norris, Emily Johnston and Ona Ruth Neff, members of the DAR, were present at the signing of a proclamation honoring Constitution Week by Mayor Parnell Powell.

The Constitution of the United States of America was drafted on September 17, 1787, ratified on June 21, 1788, and went into effect on March 4, 1789. The United States will celebrate the 200th anniversary of the drafting of this historic document in 1987. In view of that fact, Mayor Parnell Powell and the Daughters of the American Revolution participated in the signing of this proclamation.

TO WHOM IT MAY CONCERN:

WHEREAS, September 17, 1985, marks the one hundred ninety-eighth anniversary of the drafting of the Constitution of the United States of America by the Constitutional Convention; and

WHEREAS, To accord official recognition to this memorable anniversary, and to the patriotic exercise that will form a noteworthy feature of the occasion, seems fitting and proper; and

WHEREAS, Public Law No. 915 guarantees the issuing of a proclamation each year by the President of the United States of America designating September 17 through September 23 as Constitution Week,

NOW, THEREFORE, I, Parnell Powell, by virtue of the authority vested in me as Mayor of the City of Floydada in the State of Texas, do hereby proclaim the week of September 17 through 23 as Constitution Week, in the City of Floydada, and urge all our citizens to pay special attention during that week to our Federal Constitution and the advantage of American Citizenship.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the City to be affixed at 3:30 p.m. this 13th day of the year of our Lord one thousand nine hundred and eighty five and the Independence of the United States of America, the two hundred and ninth.

/s/ Parnell Powell
Mayor

Public Notice

Southwestern Bell Telephone Company, in accordance with an order of the Public Utility Commission of Texas, hereby gives notice that on August 20, 1985, the Company filed tariffs which propose revisions to the Joint User Tariffs and implementation of Shared Tenant Services Tariffs.

If the tariffs are approved by the Public Utility Commission, the Company will grandfather existing customers to the Joint User Tariffs and totally withdraw the Joint User Tariffs one year after the date of approval of the proposed tariff revisions, with one exception. Even after the one year period, existing single-line customers subscribing to Joint User Tariffs may continue their service under certain conditions.

Also, if the tariffs are approved, the provision of shared tenant services will require partitioned switching equipment.

No new rates are being proposed in the aforementioned tariffs. As a result of the partitioning of switching equipment, some existing customers may require additional PBX trunks. If so, the Company's revenues may increase. The Company is unable, at this time, to estimate the additional revenues, if any, which would result therefrom.

The Commission received these tariffs as Docket 6450 and a prehearing conference will be held at 10:00 A.M., Monday, September 23, 1985, at the Commission's offices at 7800 Shoal Creek Boulevard, in Austin, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. Motions to intervene should be filed with the Commission on or before 4:00 P.M., Friday, September 20, 1985. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

Aviso Público

De conformidad con una orden de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia el registro de nuevas tarifas, las cuales proponen ciertas modificaciones de las Tarifas para Usuarios Mancomunados (Joint User Tariffs) y la implementación de Tarifas para Servicios Compartidos por Inquilinos (Shared Tenant Services Tariffs).

De aprobar la Comisión tales tarifas, la Compañía mantendrá vigentes los acuerdos con usuarios actuales en lo que respecta a Tarifas para Usuarios Mancomunados, pero discontinuará tales tarifas a partir del primer aniversario de la fecha en que se aprueben las nuevas tarifas. Sin embargo, existe una excepción; aún después de tal aniversario, los clientes con líneas sencillas que actualmente cuentan con el servicio para Usuarios Mancomunados podrán seguir con tal servicio sujeto a ciertas condiciones.

De aprobarse las nuevas tarifas, las disposiciones correspondientes a los Servicios Compartidos por Inquilinos requerirán el uso de conmutadores separados.

Las citadas tarifas no proponen nuevas cuotas. Sin embargo, es posible que debido a la separación de equipos de conmutación, algunos clientes actuales requerirán nuevos troncales PBX. De ser así, los ingresos de la Compañía podrían aumentar. En la actualidad, la Compañía no puede determinar el monto de ingresos adicionales que resultarían de tales tarifas.

La Comisión ha registrado este asunto bajo el Docket 6450. Se llevará a cabo una audiencia preliminar para discutir todo asunto relacionado con el Servicio Compartido por Inquilinos el lunes 23 de septiembre de 1985, a las 10:00 de la mañana, en las oficinas de la Comisión, 7800 Shoal Creek Boulevard, en Austin, Texas.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención deberán presentarse ante la Comisión antes del viernes 20 de septiembre de 1985 a las 4:00 de la tarde. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission, Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

CARD OF THANKS

We would like to thank the nurses, hospital staff and doctors of Caprock Hospital for the kindness and care given to me during my stay in the hospital. Also want to thank everyone for the phone calls, visits and prayers while in the hospital. Your thoughtfulness and caring is very much appreciated.

Thanks Again,
Wayne and Hettie Bennett

We want to thank our friends, neighbors and relatives for all the prayers, visits, and food and flower contributions. Also the many memorials made to the hospital and churches in memory of our loved one. In our time of sorrow your thoughtfulness has been a great comfort to the family. May God bless each of you.

Clara, Ila and Lillie Harris
Ila, Mickey and family

Thank you for every kindness shown to our family during the loss of our loved one.

The cards, telephone calls, flowers, and plants, memorial gifts, food, and visits meant so much to us.

A special thank you to Rev. Earl Blair, Dr. Hong and the staff at Caprock Hospital and the staff at the Floydada Nursing Home.

C.G. Cobb
Jack, Carolyn, Angela and Colin Cobb
Donald, Jane, Mike and Judi Bean

For every card, phone call, and visit, that we have received during Ray's illness, we are sincerely grateful. So many friends and neighbors have been so kind that we have felt overwhelmed, humbled, appreciative, and most of all love. The gifts of flowers and food also helped us so very much to realize how fortunate we are to live in Floydada where the people are so thoughtful. We also appreciate your prayers and concern as Ray continues his recuperation. Thank you from the bottom of our hearts.

Sincerely,
Ray and Shirley Morton
