## The SDN Column

Professional comedians and professional commentators often reflect the general sentiment of the times and in approximately equal measure, and of late there has been a surge of activity in both fields on two particular subjects.

Comedians on television have been directing new barbs at the U. S. Post Office Department's Zip Code and the transportation of mail. The Zip Code has experienced tough sledding since its inception because for the most part the public has been unable to detect its promised benefits.

Of course no accurate analysis on the part of the layman is possible, because nobody knows how cross-country mail service would be at this time without Zip Code. Everybody knows that there have been times in the past when mail transportation was consistently faster.

Postmaster General Marvin Watson, who will go out of office Monday when the Johnson administration makes its exit in Washington, has come up with a proposal of changing post offices into what he calls "mail factories." Watson of course was not in office long enough to implement any new ideas, but it will be interesting to see the course his successor takes in an effort to solve one of the major domestic problems of the nation.

★ ★ ★

Meanwhile, commentators and columnists have been busy appraising the Johnson administration in general, and mostly their conclusions, if they may be called that, are far more congenial than LBJ had most of the time he has been in office.

In taking stock of the outgoing regime it apparently suddenly occurred to many of the experts that critics probably had been too personal in their attacks on the president, forgetting the nature and the dignity of the office, which most Americans still like to regard as the highest political position in the world.

If these analyses help restore some respect for the office they will be of benefit not only to President-Elect Richard M. Nixon, but to the entire nation. — WACIL McNAIR.

## Today In History

By THE ASSOCIATED PRESS

Today is Friday, Jan. 17, the 17th day of 1969. There are 348 days left in the year.

Today's highlight in history:

On this date in 1949 the trial of 11 top ranking Communists in the United States, charged with plotting the overthrow of the federal government, began in New York.

On this date:

In 1706, Benjamin Franklin, American statesman, inventor and philosopher, was born.

In 1917, the United States bought the Virgin Islands from Denmark.

In 1950, nine men, wearing Halloween masks, held up a Brink's armored car in Boston and escaped with $1 million in cash and $500,000 in checks, the largest cash robbery in the nation's history.

In 1955, the atomic submarine Nautilus began first sea tests in Long Island Sound.

In 1962, 10 prize winning contestants of the so-called rigged television quiz shows received suspended sentences in Special Sessions Court in New York after pleading guilty to perjury charges.

In 1963, President John F. Kennedy sent to Congress a proposed budget calling for the biggest spending program in history — $98.8 billion for the fiscal year ending June 30, 1964.

Ten years ago . . . . British and Egyptian negotiators in Cairo reached agreement on a pact to end financial differences arising from Egyptian seizure of the Suez Canal in 1956.

Five years ago . . . . France moved to recognize Communist China, despite efforts of the United States to dissuade her.

One year ago . . . . In his State of the Union message President Johnson proposed extending the war against crime and big city problems: a $186 billion budget and a tax increase were among the president's proposals.

# Czech Students Pledge More Self-Immolations

By FRANK CREPEAU

PRAGUE (AP) — The action of a student who set himself on fire to protest Soviet occupation of Czechoslovakia aroused Prague students today and there were reports that more self-immolations were planned.

Jan Palach, 21, a history and political economy student at Charles University, was reported by his doctor to have suffered "very serious burns but it cannot be excluded entirely that he will survive in view of the fact that he is a young, strong boy."

He poured gasoline over his body and set himself afire Thursday in Wenceslas Square and a witness said, "He started running, burning from head to toe."

Students said a group of students reportedly are willing to burn themselves in an order determined by drawing lots and that Palach carried a letter saying the next immolation would take place within 10 days and the immolations would continue until the Russians leave.

Several government leaders —including National Front Chairman Evzen Erban and Czech Premier Stanislav Razl —met hastily with student leaders at a session that lasted into the early morning hours. Students who attended said a list of student demands was prepared for the government.

They told leaders that students are observing a promise to avoid open conflict but that Palach's act was motivated by political protest.

The students told the politicians that to avoid a crisis the government must do nothing to denigrate Palach's act, for example by saying he was deranged.

The government representatives were expected to take the message back to the Communist party central committee, which convened again today.

The committee recessed Thursday night without completing a session that had been scheduled for one day. Eighteen speeches have been delivered, with 18 more on the agenda.

A trolley dispatcher who used his coat to smother flames on Palach's body told the youth newspaper Mlada Fronta the boy was running "burning from head to toe and shouting, 'Put your coat on me!'"

A cashier at a nearby food store told the newspaper the boy told her as he lay in the street: "I did it myself. In my briefcase is a letter."

Many students said that even if Palach acted on his own, the action is sure to stir up students who are in the forefront of protest against abandonment of some reforms and the loss of freedoms under Soviet occupation.

The trade union newspaper five young people want to follow his example" and added that his action was intended to "protest the occupation of Czechoslovakia by foreign armies."

On the eve of the cental committee meeting, 1,500 young students and workers met to draft a "Prague Manifesto" demanding withdrawal of Soviet troops that invaded in August and an end to press censorship, one of the government actions taken to accommodate the Russians.

Other evidence of student unrest appeared today in the Czech writers union magazine Listy, which said students at Brno in southern Moravia have suspended their studies for a month to work in factories and acquaint workers with student views.

The leadership has passed through a difficult period of trying to calm a political crisis caused by plans to make popular National Assembly President Josef Smrkovsky deputy chairman of the new Federal Assembly.

The presidium recommended Petr Colota for the chairmanship and Smrkovsky as his deputy after issuing assurances there would be no downgrading of Smrkovsky from a position of leadership. He is considered by many students and workers the most progressive of the leader.

# Slow, Tortuous Road Expected For Talks

By WILLIAM L. RYAN
AP Special Correspondent

PARIS (AP) — The Vietnam talks will begin anew Saturday under an agreement so vague and ambiguous as to becloud any participant's claim of victory. But new wrangling lies ahead, and few here expect progress toward peace to be anything but slow and tortuous.

The vagueness of the arrangements for the first enlarged meeting appeared to have been deliberate. The solution to an obstacle which held up this phase of the talks for more than two months centered about the arrangement of one large table and two small ones in the International Conference Center.

The French government has been asked to produce a big round table suitable for seating 16 delegates around it at one time, and two small rectangular tables, each 5½ feet long and three feet wide. The small tables will be placed at opposite sides of the big table, exactly 18 inches from its edges.

The South Vietnamese government can point to this table arrangement as actually providing the dividing line between two sides which it has demanded, and can even claim that the arrangement cuts the conference room in half.

North Vietnam and its ally, the Viet Cong's National Liberation Front, can point to the fact that their original round table idea has been accepted, and that thus they consider the conference four-sided.

What appears to have taken place in the long weeks of bargaining is a vindication of the slogan of W. Averell Harriman, the departing chief U.S. negotiator, who pictures himself a champion of "open covenants secretly arrived at."

"The arrangement is exactly as we wanted it to be," Harriman said. "We will always consider it a two-sided conference. The other side considers it a four-party conference. We did not give in and we did not expect them to give in. Meanwhile, we can go ahead and do business."

# Cease-Fire Eyed By US, S. Viets

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — U. S. Ambassador Ellsworth Bunker and Gen. Creighton W. Abrams, the U.S. military commander in Vietnam, conferred today with President Nguyen Van Thieu on U.S. troop withdrawals and a possible cease-fire in light of the break in the peace talks deadlock.

The meeting took place less than 24 hours after an announcement from Paris that the United States, North Vietnam, South Vietnam and the Viet Cong's National Liberation Front will begin four-way talks Saturday.

Earlier, the U.S. Air Force disclosed it is reviewing its contingency plans for a troop withdrawal or a cease-fire.

One source said the meeting was "pretty high level stuff," also attended by Vice President Nguyen Cao Ky and Foreign Minister Tran Chanh Thanh. The informant said the leaders discussed "a whole spectrum of things" for nearly two hours.

Topics included:

—Withdrawal of American troops, how many and how soon.

—A truce, which could mean a total cease-fire, a partial cease-fire or a "cease-fire in place." The latter means all troops would simply stay where they are, without mounting any new operations or continuing any old ones.

—How to retaliate if the enemy should attack Saigon during the new negotiations. "In other words," said the source, "would this mean an automatic resumption of bombing North Vietnam?"

—The demilitarized zone.

## Kincheloe Service Set

Funeral service for Donnie Dwayne Kincheloe will be held at 2 p.m. Saturday at Avenue D Baptist Church.

Mr. Kincheloe, 32, died early Wednesday in Ripon, Calif. The body was flown here early today by Bolger Funeral Home, where the funeral arrangements were made.

The Rev. Jack Riley will officiate at the service and burial will be in Hillside Memorial Gardens. Members of the Veterans of Foreign Wars, Post 8231, will be pallbearers.

Mr. Kincheloe is survived by his wife, two daughters, a son, his parents, Mr. and Mrs. Jonie Kincheloe, two sisters and four brothers.

## Wilbur Cohen Named Dean At Michigan U

WASHINGTON (AP) — Secretary of Health Education and Welfare Wilbur J. Cohen announced today his appointment as dean of the School of Education at the University of Michigan.

Cohen said he will succeed Willard C. Olson, serving as dean-designate until Olson's retirement July 1.

The outgoing secretary, a former professor of welfare administration at Michigan, said the university has promised him a free hand to overhaul the School of Education and its techniques for social involvement.

# Three Cosmonauts In Safe Landing

By MICHAEL JOHNSON

MOSCOW (AP) — Three Soviet cosmonauts in the spaceship Soyuz 4 landed in the snow and howling winds about 1,500 miles southeast of Moscow today. The temperature at the landing site was 31 degrees below zero.

Soyuz 5 with cosmonaut Boris Volynov remained in orbit.

Tass news agency said the crew, two of whom had transferred to Soyuz 4 from Soyuz 5 after an orbital linkup Thursday, landed about 25 miles northwest of Karaganda in Kazakhstan.

It reported that villagers rushed through the snow with overcoats to protect the spacemen from the biting cold.

"How are you, feeling, dear boys?" one asked them.

"No words can express it. . . . Very glad. Extremely happy," a cosmonaut replied.

The cosmonauts climbed aboard a helicopter and were flown into the steel-making city of Karaganda where they will be put up in the Chaika Seagull Hotel temporarily, Tass reported.

Tass said a recovery helicopter had first spotted the descending spaceship and a crewman shouted over the radio to ground control: "I can see them."

The first ship to land was commanded by Vladimir Shatalov, who was launched into orbit Tuesday. Two days later he was joined in his cabin by Alexei Yeliseyev and Yevgeny Khrunov, who climbed aboard from Soyuz 5—achieving the world's first crew transfer in orbit.

Radio Moscow said Volynov reported from space after the landing of his comrades that he "feels excellent." There was no immediate report on his plans for a return to earth.

Soyuz 4 docked in orbit Thursday with Soyuz 5, and then separated after transfer of the two crewmen. The feat was reported here as a step toward creation of long-term space laboratories.

The radio broadcast said Soyuz 4 landed in the "predetermined region" at 1:53 a.m. EST, after a "smooth" parachute descent through the earth's atmosphere.

The three cosmonauts, in preparation for their landing, had strapped themselves into their seats. Then commander Shatalov made manual adjust-

# Ex-UT Student Held In Slaying

AUSTIN (AP)—Clyde Durbin Jr., a tall, camera-shy former University of Texas student, was charged today with being the Hill Country prowler who shot and bludgeoned John White, a student, to death Jan. 8.

Travis County Sheriff T. O. Lang said filing of charges in the death of coed Keitha Morris, 19, White's date on the peaceful wintertime picnic, would depend on a final determination of whether she was killed in Travis or nearby Burnet County.

Miss Morris' nude body was found in Inks Lake Jan. 9 about 50 miles northwest of White's death site just outside the Austin city limits.

Durbin, 21, a former Dallas resident who was described by friends as "just an average guy," was formally charged in White's death after more than 15 hours of questioning by officers.

Lang said Durbin signed a handwritten statement, almost seven pages long, at about 5:30 a.m. today.

Officers said the statement concerned both White and Miss Morris. The charge was not filed until about 2 a.m. today after Durbin pointed out a bundle of Miss Morris' clothes under a culvert north of Austin.

The murder complaint was presented to Justice of Peace Robert Kuhn in the unusual early morning arraignment. Durbin was placed in the Travis County jail after signing the statement.

"We are shocked beyond words," said Durbin's mother in Dallas. "We knew nothing until we heard it on the news. My husband has gone to Austin to see what he can do."

The father is president of Prestex, an alloy fabricating firm.

## Bos Rites Set This Afternoon

Funeral service for Peter Jacob Bos was set for 2 p.m. today at the Bell-Seale Chapel.

Mr. Bos died Wednesday morning at Cogdell Hospital.

Melvin Dearden, Branch President of the Church of Jesus Christ of Latter Day Saints, was to officiate at the rites here.

The body will be forwarded by Bell-Seale Funeral Home to Hyrum, Utah, for burial.

# Lift 'Provocative' Say Communists

By OTTO DOELLING
Associated Press Writer

HEIDELBERG, Germany (AP) — Giant Starlifter jets will land 5,000 combat-equipped U.S. troops in West Germany next week for maneuvers near the border of occupied Czechoslovakia. East bloc nations have dubbed the airlift "highly provocative."

U.S. officials say the military maneuver, called Reforger 1, has no connection with the Soviet-led invasion of Czechoslovakia last August. But it is the first massive U.S. demonstration of combined air and ground power in Europe since 1963 and the date of the exercise was moved up from later this year.

Six years ago propeller planes lifted the 15,000-man 2nd Armored Division from Texas to Europe in little over 63 hours. Reforger 1 is not aimed at speed however, but at precision.

The exercise involves 12,000 Army troops, most of them from the 24th Infantry Division, and 3,000 Air Force personnel. Most of the main body of troops will be flown to Nuernberg from Forbes Air Force Base, Kan., arriving Monday and Tuesday.

From there they will head to a test-firing and maneuver site at the Grafenwoeh training area, 25 miles from Soviet occupation troops guarding the Czechoslovak-West German border. The maneuvers will take place Jan. 29-Feb. 4.

The American troops returned from Germany to the United States last spring and summer under a dual-basing system drawn up by former Secretary of Defense Robert S. McNamara. Under this concept, 35,000 troops were withdrawn from Europe to save about $75 million a year in foreign exchange.

But these troops remain committed to the North Atlantic Treaty Organization defense system. Their heavy equipment is stored in Germany, they return regularly for training and they are to fly to Germany in the event of an emergency.

DEAR ABBY: For years several of us women in the neighborhood have had coffee together regularly. A newcomer has joined our group and she is our problem.

Abby, you know how women are. They talk about different things, and people, and so on. Well, nobody can say a word about anything without Mrs. Newcomer butting in with, "Were you there? Can you prove it? From where do you get your information?"

This puts a crimp in our coffee parties as no one wants to go on the witness stand and take an oath on a Bible that what she says is gospel.

We would like to drop Mrs. Newcomer from our group as she is not our kind. But how?

OLD TIMERS

**DEAR OLD TIMERS: I doubt if you will be troubled with Mrs. Newcomer much longer, for she will soon conclude that YOU are not HER kind. And frankly, if I had to choose between her company and yours I'd choose hers.**

DEAR ABBY: When my married daughter visits me I always give her the best sleeping accommodations in the house, but when I visit her for a few weeks she puts me on her davenport or any make - shift place.

This year she has written to say that if I come again this winter, she will put me in her unfinished, unheated attic room. There is no bath on that floor and I had a stroke two years ago which makes walking stairs difficult for me. Also I have weak kidneys and need to use the bathroom during the night.

My daughter is kind and good in other respects, but I am terribly hurt by these sleeping arrangements and am thinking strongly of not visiting her this winter. What would you do?

HURT MOTHER

**DEAR MOTHER: I would stay home.**

DEAR ABBY: I have written to you several times before but have yet to see one of my letters in the paper so will be surprised if I see this one.

The letter signed "Rube's Wife" has prompted me to write now. I know what that lady means when she says she feels that her husband was cheated as far as affection from her is concerned, as I, myself would much rather go to bed with a good book than with my husband. How we ever happened to have three children I can't quite figure out.

It would not bother me one bit if my husband came home and told me he had found a nice woman about his own age who was able to give him more love and affection than I can. I would ask only, "Is she clean?" Then I would just go out and get another book, and say, like Rube's wife, "No one would have to know."

DEAR ABBY: This is for "STUMPED," who didn't know what to say when she was asked why her husband didn't go to church with his family. "STUMPED" said she wasn't happy to be married to a heathen.

Abby, one is not a heathen simply because he doesn't go to church. A person can go to church every day in the week and twice on Sundays, but if he doesn't have God in his heart and respect for his fellow man, all his going is for naught. I know such people, and I have more respect for stay-at-home believers than church-going hypocrites. Sign me . . . .

## Paintings Are Defaced

NEW YORK (AP) — Rembrandt's "Christ With a Pilgrim's Staff" and nine other paintings have been defaced at the Metropolitan Museum of Art in what a museum official said was a protest against a special exhibit on Harlem.

Small "H's — apparently standing for Harlem—were scratched into the varnish covering the paintings. The scratches can be removed.

The museum's vice president and curator, Theodore Rousseau Jr., said, "It was a horrible gesture, and obviously aimed at the show, 'Harlem on My Mind'."

Museum Director Thomas P. F. Hoving, his voice shaking with anger, said, "The intention of this example of poisonous vandalism is the most grave in the history of this institution."

The exhibit includes photo murals, slides and recordings. Protesters claim it presents a white man's view of Harlem. Pickets, mostly Negroes, marched in front of the museum Thursday night during a preview showing.

## Bullets Kill Employee At Lone Star

LONE STAR, Tex. (AP) — Bullets fom a high-powered rifle killed a non-striking employe of the Lone Star Steel Co. as he was driving to work Thursday evening.

The victim was A. S. Blackburn, 27. His home was on Rt. 6 outside Pittsburg, near here in East Texas.

Sheriff J. L. Morgan said he was convinced the slaying stemmed from a strike at the steel plant which began Oct. 15. It has continued to operate with supervisory and non-union employes.

The sheriff reported at least four shots were fired from a pursuing car at a pickup truck carrying Blackburn and a fellow worker, identified only by the last name of McFerrin, who was not injured.

"He was killed in the pickup but fell out after it stopped," Morgan said of Blackburn.

McFerrin was so shaken that he was given a sedative and officers did not obtain full details from him at once, the sheriff said.

Blackburn had been employed at the Lone Star Steel plant about a year and did not join in a strike by nearly 2,500 members of Local 4134 of the United Steelworkers.

Shots had been fired into his car twice before while it was parked at his home. One such incident occurred Oct. 25. and the other Jan. 2. The windshield was shattered both times.

ments in the craft's position and fired a re-entry blast from the ship's rocket.

"The ship then made a controlled descent through the atmosphere," the announcer said.

After the rocket was switched off, he added, Soyuz 4's crew capsule was separated from the working quarters, and the two sections plunged separately into the atmosphere.

Recovery crews, "friends and journalists were the first persons to greet the returning cosmonauts," he said.

Tass reported the cosmonauts had stowed all scientific intruments, films and cameras in the landing capsule, then it was separated from the ship's working quarters.

The storage insured safe return of data gathered during the mission. Tass gave no details on the fate of the empty working quarters, but they presumably were intended to burn up during re-entry.

Tass later reported first details of the new self-sufficient space suits worn by the two comonaut who made the tranfer Thursday.

The suits contain compartments in the legs that carry an oxygen supply system, heating elements and a ventilation system for pumping warm or cool air into the space suit. The temperature of the air is automatically controlled by a mechanism built into the suit.

The Tass description of the suit made it clear that the cosmonaut could move around in orbit without the oxygen hose connected to the ship's air supply. It did not say how long he could survive independently in space.

The Soyuz mission has been described as a step toward construction of an orbiting space platform. A Soviet engineer wrote in today's Pravda that Soviet space scientists consider it "much more sensible" for cosmonauts to operate from an orbiting platform instead of making an earth launch every time.

Orbiting stations would be of "great help" in training cosmonauts for flights to other planets that might take years, Pravda said.

Looking far into the future, the newspaper asserted it is possible that industrial production of such things as ball bearings could be carried out in space. The advantage would be that the ball bearings could be made with "ideally spherical form" because of the vacuum.

VERNON, Tex. (AP) — Law enforcement officials started a search in Wilbarger County today for a body after a hunting dog pulled a portion of a human leg into a farm yard Thursday.

## Release Fails To Please Garrison

NEW ORLEANS (AP) — Release of a panel of medical experts' report on the autopsy of President John F. Kennedy by Atty. Gen. Ramsey Clark means that "we're getting the same old sleight of hand," says James Alcock, chief assistant to Dist. Atty. Jim Garrison.

"This obviously doesn't satisfy our subpoena," Alcock said Thursday night.

Garrison's office will press for autopsy documents, including photographs and Xrays, at a sessions court hearing in Washington today, Alcock said.

Alcock will handle the courtroom prosecution in the trial of Clay Shaw, 55, a retired New Orleans businessman charged with conspiring to assassinate Kennedy. The trial is scheduled to start Tuesday.

The report released in Washington concluded that Kennedy was shot twice from behind. Garrison maintains that the President was also struck by a bullet from the front.

The report supported findings of the Warren Commission which concluded Kennedy was shot by Lee Harvey Oswald acting alone.

Alcock said of the panel review, "it seems that they just don't have any confidence in the state" and physicians here who might testify as expert witnesses on the autopsy material.

Mr. and Mr. Edith Ellison were charged in Justice of the Peace Jimmie Billingsley's Court here yesterday with theft over $50. He set bond of $1,000 on each of the accused, and they were released from county jail after posting it.

## Communists Arrested

JAKARTA (AP) — The Indonesian army said today "thousands" of Communists and suspected Communist have been arreted in south Sumatra in security operations following alleged discovery of a plot to assassinate President Suharo when he toued the region last summer.

## Charged In Jewel Theft

SAN ANTONIO (AP) — Cecil Yancey Evans was charged by FBI agents Thursday for allegedly transporting from San Antonio to Phoenix, Ariz., the $365,000 McFarlin diamond.

The Witte Memorial Museum reported the gem stolen last June 14.

U. S. District Attorney Ernest Morgan authorized the filing by J. Meyers Cole, special agent in charge of the San Antonio office of the FBI.

Evans, who was arrested in Galveston Jan. 6 along with another man, reportedly was in custody at Kingsville, Tex. Evans and J. B. Wright of Galveston were charged in the robbery of a Kingsville man—taking his rare coin collection valued at $300,000. Wright was not named in the charges surrounding the McFarlin daimond; believed sold for $6,000 near Phoenix.

Authorities said Evans made lengthy statements about the diamond and many burglaries and robberies across Texas.

## Vehicle Damaged By Vandals Here

Vandals pulled the chrome loose on the right front door of a 1963 Model Ford owned by Mrs. R. M. Casey while the vehicle was parked at the 3-D Motel Tuesday night.

Between 12 p.m. and 2 p.m. Wednesday, someone ripped three holes in the lining of the roof and ripped the lock off the trunk of a 1959 Model Ford of Robert Neil Martin, 209 Twenty-fourth Street, while the car was parked on a lot south of the football dressing room at Snyder High School.

City Police are investigating both acts of vandalism.

## Trial Set Here

James West was charged in county court yesterday with driving while intoxicated following his arrest by Sheriff's Authorities.

A non-jury trial has been set for Jan. 30. Bond was set at $500, and West was released after posting it.

## Flu Hits Russians

GENEVA (AP) — The Hong Kong flu is spreading quickly in the Soviet Union, U.N. World Health Organization reported today. It gave no figure.

# CAB Approves Hike In Fares

WASHINGTON (AP) — The Civil Aeronautics Board has tentatively agreed to a 3.8 per cent increase in domestic airline passenger fares.

The CAB said final approval of the increases, which probably would go into effect March 1, will be made after a "careful analysis of tariffs" to be filed by the airlines.

Six major airlines had applied for fare increases of five to seven per cent. A CAB spokesman said Thursday increases that large are "not warranted at this time."

The six were American, Braniff, Eastern, Northeast, Trans World and United.

The increase tentatively approved would have this effect on ticket-buyers:

—Each first-class fare for a trip of "any distance" would go up $3 one way.

—Certain first-class fares for East-West trips of 800 miles or more in specific markets where fares heretofore have been lower than industry norms would be increased by $1 to $7, depending on the distance.

—Coach fares for flights up to 500 miles would be increased by $2 one way. For flights of 500 to 1,800 miles they would be increased by $1 one way. They would not be increased for flights above 1,800 miles.

—The lines would be permitted to establish a seven-day minimum stay requirement and a seven-day minimum ticket pickup requirement for "Discover America" excursion fares.

The airlines, which had combined gross ticket sales of $5.1 billion in 1968, asked the higher fares "to cover increases in operating costs and profit declines."

## Woman Hurt In Mishap

Mrs. Jeanette Davis Jenkins, 46, a teacher at Texas Tech, received facial lacerations when her 1966 Model Datsun station wagon went out of control on U. S. 84 about nine miles north of Snyder at 7:10 a.m. today.

The Lubbock resident apparently went to sleep at the wheel, according to investigating highway patrolmen, who said the vehicle overturned four times in the median of the divided highway. She was taken to Cogdell Memorial Hospital by private automobile and released after receiving treatment. There was heavy damage to the small foreign vehicle.

Officers said Mrs. Jenkins was traveling towards Snyder when the mishap occurred.

## Cruise Ship Freed By Rescue Tugs

MIAMI (AP) — The British cruise ship Carmania, lightened by removal of her 471 passengers and part of the crew was finally hauled off a Bahamian sandbar today, five days after she ran hard aground.

With the aid of three roaring rescue tugs, the aging liner finally broke loose from the reef just off the island of San Salvador.

## Ready-Made Family Has 23 'Kids'

BOSTON (AP) — Talk about a ready-made family! Fred and Fran are starting out with 23 "kids."

Frederick J. O'Donnell, a widower, and Frances Brady, a widow, are assured of a big turnout for their marriage Feb. 2 at Blessed Sacrament Church in the Jamaica Plain section.

O'Donnell, an assistant city clerk, recently solved the housing shortage. He bought a three-family home and is converting it into a 16-room, one family residence.

O'Donnell, thin and bespectacled, has 13 children—seven sons and six daughters, ranging in age from 8 through 25. Mrs. Brady, plump and pretty, has 10 children, from 9 to 26.

"I know it sounds startling to most people, but when you have such a large family a few more doesn't present such a problem," O'Donnell said.

He added that Fran has three children married "and my three oldest girls will be sharing an apartment, so we will number only 19."

The children of each family joined in helping send wedding invitations. And, naturally, all are looking forward to the big day.

"The experience of raising a large family is unique," O'Donnell said. "It's really quite different from bringing up two or three.

"If two people in our situation fall in love, this experience creates a very special sort of bond."

How did the happy couple meet?

When Mrs. Brady took a job in the city clerk's department. And, naturally, they bumped into each other in the office where births and marriages are recorded.

"I was chatting with Fran and another widow on the staff," O'Donnell recalled Thursday. "When I went to get some refreshments, the other girl turned to Fran and said jokingly, 'He's a widower, but I hate to tell you. He has 13 children.'"

It's handy to "flour" cubes of meat in a brown paper bag. Just put the meat and the seasoned flour in the bag, twist the opening tight and shake the bag vigorously.

Some quotable quotes from women during the week:

"I didn't believe I was pregnant until I saw the baby."—Mrs. Helen Miller, who had been told 13 years ago that she was unable to have children.

"It doesn't affect me emotionally any more."—Corazon Amurao, who survived a mass murder of nurses in Chicago in 1967, upon her marriage in the Philippines.

"She is a great signora—polished, reserved and of excellent family."—Mrs. Paolo Bandini on the forthcoming marriage of her psychiatrist son, Roberto Dotti, to actress Audrey Hepburn.

SAGEBRUSH AND PITCHWOMEN. By Mary Reddick Waterman, Naylor, San Antonio. $5.95.

Some people go through life having adventures and never knowing it. To others, adventure is all around them.

This latter is the case of Mary Reddick Waterman who just written a book "Sagebrush and Pitchwomen."

She was a child in South Dakota, trying to ranch. From that she went to schoolteaching and a wide number of other pursuits.

Her wry humor reaches its highest peak when she tells of trying to homestead land, operate a resort hotel and sell home lighting units.

It must have been rather tough to see anything funny in some of her experiences at the time. But time heals a world of woes and sometimes puts a new light on an incident—The AP.

PIMA INDIAN LEGENDS. By Anna Moore Shaw, University of Arizona Press, Tucson. $2.50, paperback.

Anna Moore Shaw is a full-blood Pima and lived many years on the reservation or at nearby Phoenix, Ariz.

Among her many accomplishments is editing the monthly tribal newsletter. But long before she learned to write, she learned the Pima legends from her father.

She has collected these in a pleasant, interesting book that will please persons of all years.

The stories are highly imaginative and largely are about animals with human traits. Coyote, the sly, treacherous wraith, is the key figure in most of the stories as he is in most Southwestern Indian legends. He wins some and he loses some.

The reader may find something universal in the legends of creation and the flood. But the author, in effect, warms against this. She notes that the stories may have changed in the nearly five centuries since the Spanish introduced Christianity to the Southwest.—The AP.

SHERIFF THOMPSON'S DAY. By Jess G. Hayes, University of Arizona Press, Tucson. $4.95.

John Henry Thompson of Gila County, Ariz., was one of the old hands at the law game back in the days when hoofprints were more important than fingerprints.

Jess G. Hayes, who succumbed just as this newest book went to press, revived the wild days of Arizona Territory with the life story of Thompson. Besides being an author, Hayes was Gila County School superintendent for many years.

Thompson went to Arizona from Bell County, Tex., when he was 19 and not long thereafter was appointed sheriff. After that he was elected so many times he was considered the patriarch of Arizona territorial lawmen.

The book does not delve deeply into Thompson's life. It stays with the prime interest—story after story of the sheriff's cases and how he captured badmen, white and Indian, in often spectacular situations.

The book is well written, with a real-life plot on almost every page.—The AP.

## Italy Opens Fashion Show

ROME (AP) — Italy starts the ball rolling today for a two-week marathon of spring-summer fashion collections in which three other countries will be taking part.

From Rome, the showings switch on Jan. 24 to Madrid, where Spanish designers will show their paces. Last stop is Paris, where shows start Jan. 27 and run on into February.

Fashion writers and buyers who follow the presentations will by then have sat through the showing of well over 10,000 creations and millions of dollars will have changed hands.

But perhaps only a handful of really new ideas will emerge as the next fashion crazes.

The shows are for women's wear but the men are steadily elbowing their way into the picture.

Rome shows kick off with 10 menswear designers presenting ideas for what the fashion-conscious male should wear for spring and summer.

### Flounder With Spaghetti Sauce

2 pounds filet of flounder
3 bay leaves, broken in half
1 can (15 ounces) meatless spaghetti sauce with mushrooms
¼ pound sliced mozzarella cheese

Layer fish in a buttered 2-quart oblong glass baking dish (11-¾ by 7-½ by 1-¾ inches) or similar utensil. Sprinkle with bay leaves. Pour spaghetti sauce over fish. Bake in a preheated 375-degree oven for 20 minutes. Arrange mozzarella slices on top of fish; bake 5 minutes longer or until cheese is melted slightly. Makes 6 servings.

### King Of Fabrics

For centuries, velvet, "The King of all fabrics," was available only to royalty. Commoners were forbidden to wear it even if they could afford it. Today, it is just as fabulous, with scientific finishes, such as crease-resistance, adding the practical to the magnificent. Brilliant designers create versatile velvets in all-occasion all-season fashions for every individual.

### Precious Cashmere

Once called "the wool of emperors," cashmere was originally restricted exclusively to royal raiment. While cashmere today has a more democratic fashion application, it still remains its regal prestige as one of the rare and previous gifts of nature.

# Security For The Elderly Growing Problem In US

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — One of the most persistent concerns of Lyndon Johnson has been his insistence on bigger and broader Social Security. Twice he has enlarged the program. Now he wants to do so again.

In addition he has added medicare and seeks to broaden that too. In all, 24 million Americans now receive benefits from Social Security. Seventy eight million workers are covered by the program, and 20 million elderly are eligible for medicare.

Federal Social Security still is attacked. Some individuals, for example, consider it mismanaged, a bad investment, even a cause of inflation. But even these opponents recognize the need for financial security for the elderly.

A great change has developed in America, and one of its clearest consequences has been that families today are often less able to care for their elderly members.

America has become essentially urban rather than rural. On the farm it was not umcommon for three generations to live together and, in fact, continue working together. In the city it is more difficult to do so.

City homes generally are much smaller than farm homes, a matter of economic necessity in most instances. There is little room for parents and grandparents, especially in city apartments.

Another factor is mobility. America today is a mobile society. Young, active workers often accept six or eight transfers before settling down permanently. Parents can hardly travel along with them.

As these trends developed, so did another: longevity. There are more elderly persons than ever before. And since many families are less able to take care of them, financial independence becomes a necessity.

Lyndon Johnson's success in broadening the Social Security program, therefore, results not solely from numbers covered—which often are votes as well—but from the pressure of social changes that are transforming the nation.

This much is recognized also in the rapid development of private pension plans, generally financed from payroll deductions, which pay close to $5 billion a year to 4 million retired employes, and whose assets now total $114 billion.

As some parties view the retirement situation there is an inevitable battle developing between federal and private plans. As Social Security expands, they feel, private plans may be squeezed out of existence.

Others feel the two can live side by side. They note that government expenditures for Social Security are a much larger percentage of the gross national product in other countries.

In the United States the percentage is between 6 and 7, compared with figures in recent yeas of 10 to 16 per cent in countries such as Norway, Sweden, Germany, Britain and The Netherlands.

## Junior Editors Quiz on AUTOS

QUESTION: *What were the first American cars like?*

* * *

ANSWER: Our artist has lined up a group of older cars in a sequence which will give you an over-all idea of American automobile development. The first gasoline-powered cars were originated in Europe in the 1860's. The first successful American gasoline car was the Duryea of 1893. It had wagon-type wheels and lights and was a true "horseless carriage." The breakthrough of American carmaking came in 1909, when Henry Ford's Model T, produced by mass production methods, began rolling off the assembly line in great numbers. This remarkably low-priced but efficient car is said to have "put America on wheels." The Chevrolet of 1913 looks more modern, with its curved rear fenders. The Pontiac, in 1926, shows the closed-in sedan body with glass windows, but cars were still high and boxy looking. The Mercury of 1939 shows a decided streamlined trend, away from the box-like look. The Kaiser used the longer, lower look around 1947. With the Edsel of 1958, cars were still lower and wider, but had larger windows.

# Chief's Own Version Of Dog Catcher

By FRANK MURRAY
Associated Press Writer

DAVIE, Fla. (AP) — Big city police departments use a wrecker to tow traffic-blocking autos off the streets at $15 each and, in this South Florida ranching town, a horse catcher leads off stray steeds at the same price.

Davie, with narrow streets, some of them gravel, appears rustic, unlike Fort Lauderdale; its highly developed neighbor to the west. Davie is surrounded by pastures and livestock abounds.

Ranchers are upset about Police Chief Richard Nickel's version of the town dog catcher.

At a City Council meeting called to hear the gripes, rancher Carl Griffin—who paid $34 in bail and feed for two of his wandering ponies—was spokesman for 13 ranchers.

"I realizd something has to be done to keep these animals off the highway," Griffin said. "But the man who picks up the horses should be a city employe, not a free-lancer profiting from the fees."

He said an ambitious horse catcher on the fee system might start cutting fences.

"How did you set the price at $15, anyway?" Griffin asked Nickel.

"They charge $15 to tow in a wrecked auto from off the highway," the chief said.

"Yeah, but those guys have $10,000 invested in the wrecking trucks. Your man uses a rope," was the reply.

The current horse catcher, Reserve Policeman Les Tucker, also rounds up cattle who break out of their pens, also at $15 a head. He keeps strays in his own corral until their owners show up.

Mayor Betty Roberts, operator of a plant nursery told the councilmen stray cows can be bothersome.

"One day there were 150 head of cattle in my nursery. They'd eaten my plants and did $3,000 worth of damage," the mayor said.

Nickel said part of the problem was caused by children and weekend cowboys, city dwellers who keep their horses in untended pastures.

Councilmen postponed until Jan. 21 a decision on whether to abolish the horse catcher job.

## Loan Made For New Lufkin Housing

LUFKIN, Tex. (AP) — New apartment housing for 94 families will be built in Lufkin under a $1,024,200 mortgage loan announced by New York Life Insurance Co.

The loan was made under the $1 billion pledge of life insurance companies for urban investments.

Expected to be completed by the end of 1969, the 47 one-story duplex apartment buildings will contain 16 one-bedroom apartments, 40 two-bedroom apartments, 34 three-bedroom units and 4 units with four bedrooms.

West Africans believe all food must be cooked.

## Indian Scientist To Teach At SMU

DALLAS (AP) — Dr. Anant M. Kshirsagar, senior scientific officer of the Indian Ministry of Defense, has resigned to become a teacher in the Southern Methodist University Department of statistics.

He has a Ph. D. degree from Manchester University in England and has been on the faculty of the University of Bombay.

Kshirsagar also will be involved in SMU's research center.

## Gray Nips Blue, Red Tops White

Lamar Gray edged Travis Blue 28-27 and Lamar Red sheded Travis White 34-30 in two thrilling 7th grade basketball contests held in the Travis gym yesterday.

The Gray trailed 6-11 at halftime and 17-18 after three quarters, but rallied in the last stanza to claim the victory. Sam Byrom sparked the Gray attack with eight points. Hubert Crayton dunked in the same number of points to lead the Blue.

Lamar Red held a three point lead after one period, but the White closed the margin to one point at halftime and tied it up, 25-25 in the third period. With the pressure on, the Red outscored the White 9-5 in the final period to clinch the verdict.

Jeff Richardson paced the Red with 10 points while Robert Braziel led White scorers with nine points.

GRAY (28) — Jones 1-0-2; Patchell 1-4-6; Boren 2-2-6; Byrom 4-0-8; Hargrove 2-0-4; McCarver 1-0-2; totals 11-6-28.

BLUE (27) Ramirez 1-2-4; Archie 1-1-3; Clayton 1-0-2; Hartsfield 2-0-4; Diaz 1-0-2; Crayton 4-0-8; Welsh 2-0-4; totals 12-3-37.

* * *

RED (34) — Price 4-0-8; Norred 2-2-6; Richardson 3-4-10; Underwood 1-0-2; Talbott 3-0-6; Cornett 0-1-1; Simpson 0-1-1; totals 13-8-34.

WHITE (30) — Emerson 1-0-2; Miller 1-0-2; Braziel 4-1-9; Gonzales 3-1-7; Robinson 2-1-5; Watts 1-1-3; Harless 1-0-2; totals 13-4-30.

## Rauch Takes Bill Post

OAKLAND (AP) — Coach John Rauch and the Oakland Raiders announced late Thursday night that he has accepted the head coaching position with the Buffalo Bills. Both teams are in the American Football League.

Rauch is going from a team which he coached into the Super Bowl a year ago and to the AFL's Western Division championship in 1968 to the AFL's losingest 1968 member.

At Buffalo, he can expect to have O.J. Simpson, Southern California's Heisman Trophy winning, yard-eating back. Buffalo has the No. 1 draft draw.

Rauch was coach of the year 1967 with the Raiders and his quarterback Daryle Lamonica was AFL Player of the Year.

Rauch, 41, has been with the Raiders six years, three as assistant and three as head coach.

The announcement of his switch to Buffalo was made by telephone to some sports writers who were given his home telephone number.

But assistant coach Louis Engleberg, who will go to Buffalo with Rauch, read a statement in which Rauch said, "I have resigned as head coach of the Oakland Raiders to pursue another opportunity in professional football."

He thanked Davis and his players for "whatever success the Raiders have had under my tenure."

His final sentence said, "I have accepted a similar position with the Buffalo Bills."

Of the eight teams that beat Navy in football during 1968, Army scored the least points in its 21-14 victory over the middies.

# Sweetwater, Snyder Seek 1st 3-AAA Win

An improving, potentially strong Sweetwater basketball team hosts Snyder's Tigers in a District 3-AAA program tonight in Mustang gym. Both teams will be trying to bring their league mark to 1-1.

Coach Ned Underwood said Jerry January, Benny Ward and Jim Patrick will start in the front court while Lee McNair and Jodi Williamson will handle the back court duties. All of these lads are lettermen except McNair, a junior, who had "B" team experience last year.

The program begins at 6:15 p.m. with a "B" tussle between both schools. Coach Jerry McLeod of the Kittens also revamped his starting alignment. It will include Glenn Rambin, Ronald Ward, Bid Cooper, Tony Breedlove and Jeff Stewart.

Underwood is not concealing the fact that the Ponies are giving him cause for concern.

"They've got as many lettermen as we do, they're quick, shoot well from the outside and have one of the top rebounders in the district in Aubrey McCain," he declared.

Moreover, the Mustangs also will have the home court advantage. Sweetwater runs the 1-3-1 zone defense and the Ponies like to drive in whenever they see an opening in the opposition defenses.

Coach Jesse Walker can call on Harold Williams, Perry Thompson, Ken Monroe, Jim Teston and David Redwine for help. Williams is one of the better marksmen in the league.

The Tigers know something about shooting, too. The team has averaged 46 per cent on shots from the field compared with only 38 per cent by their opponents, including several foes in Class AAAA. The Bengals are hitting free throws at a 67 per cent clip while opponents have dropped in 61 per cent.

Two of the Tigers have over 200 points for the campaign. Benny Ward, the leader, is just under 300 with 297 total. Wesley Bishop has connected for 209, and Jim Patrick has 190.

The Tigers probably have the best reserves in the district. Bishop and Bill Hood, who draw starting assignments as often as not; both will be available tonight as will reserves Bruce Almond, Randy Rushing, Dennis Wolfe and Dennis Carlton.

Tickets can be secured at the door at the rate of $1 for adults and 50 cents for students.

## Oak Rally Stops Miami

BY THE ASSOCIATED PRESS

The Oakland Oaks had to rally from a 24 point deficit, but finally kept their 14 game American Basketball Association victory string intact.

Henry Logan broke through for a layup with two seconds remaining for the basket that broke a tie and gave the Oaks a 131-129 victory over Miami on the West Coast Thursday night.

The Floridians led 41-20 at the quarter, 68-57 at the half and 100-92 at the end of the third period. Don Freeman of Miami led all scorers with 39 points, while Warren Armstrong had 35 for Oakland.

In other action Houston beat Minnesota 128-121 in double overtime, New Orleans handed Denver its worst defeat since joining the ABA, 136-106, and the New York Nets continued their losing ways by bowing to Indiana 96-94.

Willie Somerset's two free throws and a basket by Leary Lentz moved Houston ahead of Minnesota for good in the second overtime. The Pipers ripped a 15-point Houston lead in the fourth quarter to send the game into extra periods.

In their one-sided Victory over Denver, New Orleans made three quick baskets to open the game and was never in trouble. Jimmy Jones was high for the Buccaneers with 25 points. Larry Jones led Denver with 19.

A basket at the buzzer Indiana's by Steve Chubin sealed the Nets' fate as they suffered their fourth loss in a row. Freddie Lewis topped the Pacers with 26 points. Walt Simon led the Net scoring with 24.

In the NBA, Atlanta beat Phoenix 112-107, San Francisco topped Chicago 112-99, and Cincinnati whipped San Diego 120-109.

## Hudson Happy About Injunction Denial

GREENSBORO, N.C. (AP) — Lou Hudson says "I'm relieved" that a federal judge denied an injunction to prevent him from playing for the Atlanta Hawks of the National Basketball Association.

"I've been playing with the same guys for three years and adjusting to them on and off the court," Hudson said Thursday after the ruling by Judge Edwin Stanley.

"I have tried not to let the case bother me," Hudson said, "and I don't think it will affect my play. But I am just glad it is over and it turned out right."

The injunction was sought by the Miami Floridians of the American Basketball Association.

Hudson has been playing with the Hawks this season, averaging 22 points per game.

He had signed contracts with both the ABA's Minnesota Muskies and the Hawks in 1967.

# Harlem Stars, Jaycees Vie In Coliseum

Boid Buie's Harlem Stars could be in for a surprise tonight. They meet the ambitious Snyder Jaycees in a basketball tilt at 7:30 p.m. in the Scurry County Coliseum.

It'll be worth the price of admission ($1.50 for adults and 75 cents for children) to see this game, declared Mickey Nunley, president of the Jaycees. He said the Jaycees were going to surprise many people.

"We're definitely going to show up for the game," he said.

He and Big Red (Dean) Floyd, coach of the Jaycees, have been devising special strategy to be used against the Stars.

"We feel that we can get to them with our 3-3 offense," said Mickey. "And, of course," he added, "there's always the possibility that Bob (Sticky Fingers) Harlin can make headway in his pre-game meeting with the officials.

"We may even use two basketballs, if it becomes necessary — it will be difficult for the Stars to defend against these tactics."

Floyd, assessing his team, said, "We're the only basketball team in the country with more width than height. Floyd asked several local teachers to join his team. He expressed confidence that such stars as "Rapid Ray" Courtney and "Bouncing Bob" Womack would help his starting lineup by complementing the ability of "Leaping Lester" Francis, "Pooch, the Mad, Hatter," and "Jumping Jimmy" McFarland.

Seriously, the Jaycees say they will go all out to win this tilt. Several of the team members were starters in high school. Such standouts as John (Hack) Cline and Herb (triple dribble) Reed will be available for duty along with a host of other local stars.

"We may even use the old man," Nunley pointed out. Pressed on who this star is, Nunley would only say, "His inititals are John Bollinger."

Nunley also pointed out the Jaycees' record is as good as the Harlem Stars.

"Neither team has been defeated," he declared. Under further questioning, however, Mickey admitted the Harlem Stars will have a slight edge.

"It's true," he said, "they'll have a slight edge in height, shooting ability, ball handling and defense, but we hope to beat them where it counts — on the scoreboard."

He refused to say who will keep score tonight.

Whatever the outcome, fans can expect the Harlem Stars to provide plenty of thrills with their "hidden ball" trick and other fantastic maneuvers.

Proceeds from the contest will go to the crippled childrens camp at Gonzales.

## LUNN LEADS OPEN FIELD AT NAPA

NAPA, Calif., (AP) — The second day of action in the $135,000 Kaiser International Open Golf Tournament was launched at Silverado Country Club Today with expectations that the $27,000 first prize was still very much up for grabs. And many were trying to grab it.

Out of 156 golfers in the first rounds of action Thursday, no less than 64 scored under par and 82 of the total field had par or better.

Leading going into today's action with a 65, seven under par, was 23-year-old Bob Lunn of Sacramento, Calif., who seemingly could do no wrong Thursday. He attributed his good showing to his work on the greens, but then he really didn't have much problem otherwise. Playing on the North course, he had 34 for the first nine and 31 for the second.

Jacky Cupit was close on his heels with a 66, with U.S. Open champion Lee Trevino, Miller Barber and Dave Hill ending the first day of play with 68.

Twelve of the players had 69 —John McMullin, Arnold Palmer, Johnny Stevens, Orville Moody, Jack Montgomery, Bob McCallister, Gene Littler, Tony Jacklin, George Knudson, Dow Finsterwald, Bruce Devlin and Harold Henning.

Two of the disappointed participants were Kermit Zarley and Charles Sifford. Zarley is defending his 1968 title after taking the $25,000 top prize in the Kaiser tournament first time around. Sifford, after winning $20,000 first prize in the Los Angeles Open last weekend, had been hoping to get a strong start toward the $27,000 first prize in this tourney. Both are well back in the pack.

NAPA, Calif. (AP) — Leading scores in the first round of the $135,000 Kaiser International Open Golf Tournament:

| | |
|---|---|
| Bobby Lunn | 34-31—65 |
| Jacky Cupit | 32-34—66 |
| Lee Trevino | 33-35—68 |
| Miller Barber | 32-36—68 |
| Dave Hill | 33-35—68 |
| John McMullin | 35-34—69 |
| Arnold Palmer | 34-35—69 |
| Johnny Stevens | 33-36—69 |
| Orville Moody | 35-34—69 |
| Jack Montgomery | 33-36—69 |
| Bob McCallister | 36-33—69 |
| Gene Littler | 33-36—69 |
| Tony Jacklin | 36-33—69 |
| George Knudson | 36-33—69 |
| Dow Finsterwald | 34-35—69 |
| Bruce Devlin | 34-35—69 |
| Harold Henning | 36-33—69 |

## Stars Will Shine In LA

LOS ANGELES (AP) — An international cast of track and field performers, including Australia's Ron Clarke and America's world record breaking long jumper, Bob Beamon, go on display in the Los Angeles Invitational indoor track meet tonight.

Clarke, who admits with a smile that this is "another farewell" appearance here, is entered in the 2-mile. His chief opposition is expected to come from another veteran distance runner, George Young of Casa Grande, Ariz.

Beamon, whose 29-2½ long jump outdoors in the 1968 Olympic Games astonished the world, is slated to engage an old rival, Ralph Boston, who holds the meet and Sports Arena record, site of tonight's show, at 26-5.

Another Australian star, Ralph Doubell, gold medal winner in the Olympic 800, who is entered in the 1,000-yard run.

Wade Bell from the Oregon Track Club is expected to offer the biggest test to Doubell. Bell was rated a leading contender for top honors at Mexico City's Olympics but became ill and didn't make the first heat.

World record holder Bob Seagren is the favorite in the pole vault. Other American stars entered decathlon champion Bill Toomey, entered in a relay event; sprinter Charlie Greene, hurdler Willie Davenport and shotputter George Woods.

## 'Poke Plans Are Cleared

IRVING, Tex., (AP) — The way is now clear—thanks to a favorable 5,366 to 2,439 vote—for the City of Irving to begin issuing revenue bonds so the Dallas Cowboys of the National Football League will have a new $20 million stadium.

Thursday's vote — unlike last April's referendum on the matter which also passed—clears the way for construction.

Howard W. Currens agreed to drop a suit against the proposed Texas Stadium in return for a new vote. Currens had charged cutbacks in facilities were planned, such as few chair-back seats and no synthetic grass.

Cowboy owner Clint Murchison Jr. said there would be no compromise on quality and space. A 65,000-seat stadium is now planned with a sliding roof.

Dallas is currently suing the 72,000 seat Cotton Bowl.

No construction timetable for Texas Stadium has been announced.

Murchison has said he hopes the new stadium will be completed in time for the Super Bowl game in early 1971. Murchison would like to have the game between the NLF and AFL champions moved to the stadium following its construction.

# Long Shot Nag Comes Through

By BEN FUNK
Associated Press Writer

MIAMI, Fla. (AP) — Hialeah, the "Track Beautiful," launched the rich middle section of South Florida's thoroughbred horse racing season today, taking over after a record-setting splurge at Tropical Park.

The first million-dollar-a-day meeting in Tropical's history ended Thursday as Mr. Brogann, a 25-1 long shot, raced through a jam-packed field of 17 horses to win the $70,000 Tropical Park Handicap.

During a 52-day season, including 12 days run for charity, Tropical hosted 469,220 bettors who put $52,916,102 through the pari-mutuel windows.

For the regular 40 days, attendance was 359,737 and betting was $42,669,865.

Mr. Brogann, grabbing the lead on the first turn and holding it all the way under jockey Charles Baltazar, won a purse of $45,500 for his owner, Mrs. J.L. Greer, and paid $57.60, $18.40 and $13.

Out The Window, ridden by Henry Moreno, came in second, 3½ lengths behind and paid $10 and $9.

Tropic King II, making his North American debut under his regular rider William Carrian, returned $11.80 to show.

Hialeah opened with the 39th running of the $25,000 added Royal Poyciana, a six-furlong feature for older horses.

Highest weights of 124 pounds were assigned to More Cents and Pappa Steve. Bold Ruler carried 123 pounds, Royal Exchange 120, and American Native 115.

The 40-day Hialeah program concludes March 4 with the $100,000 Flamingo Stakes.

The $25,000 added Jasmine, a six-furling test for 3-year-old fillies is the Saturday feature.

The top race on the national card is the $50,000 San Fernando Stakes at Santa Anita. The 1¼ miles feature is the last major race for 4-year-olds before the $100,000 added Charles H. Strub Stakes two weeks away.

Nodouble, one of the nation's better 3-year-olds in 1968, will make his debut in the San Fernando and is a possible favorite.

The other major races are $22,000 E. Palmer Heagerty Stakes at seven furlongs at Bowie, and the $12,500 Black Gold Handicap over six furlongs at New Orleans' Fair Grounds.

## Tigers Rip Loyola 74-54

By THE ASSOCIATED PRESS

Hard-luck Memphis State flashed well-balanced scoring Thursday and looked like it could become a factor in Missouri Valley Conference basketball at near mid-season.

The Tigers, after dropping four straight games, finally clicked and defeated Loyola of New Orleans, 74-54.

Memphis's victory at home in the non-conference game disentangled the team from a run of close contests and set the Tigers up for their Saturday afternoon return to Valley play in a televised game at Tulsa.

Memphis is 0-5 in the conference entering the game, including four defeats by a total of five points. Tulsa, which is leading the pack and fast gaining the favorite's role, is 5-0.

While Tulsa attempts to expand its Valley lead Saturday, second place Drake will sit on its 4-1 record with an open date.

Also idle will be third place Louisville, which is 4-2, and fourth place North Texas State, 3-2.

Wichita State will face Chicago Loyola at home in a non-league game Saturday night, while Cincinnati also goes outside the conference in a host role to Northern Michigan.

## Net Team Begins Slate At Cooper

The Snyder High School tennis team begins its season Saturday at Abilene Cooper in a dual match.

Coach Ken McAllister said the schedule includes six tournaments in addition to the District 3-AAA tourney here April 11-12. Region I-AAA tournament is set for April 19 in Odessa, and the State Tournament will be held May 1-3 in Austin. Bill Boles is coach of the younger competitors.

The schedule:

Jan. 18 — At Abilene Cooper.
Jan. 25 — Levelland.
Feb. 1 — Sweetwater and Big Spring here.
Feb. 8 — At Brownfield.
Feb. 11 — At Big Spring.
Feb. 15 — Dunbar.
Feb. 22 — At Lubbock Estacado.
Feb. 28-March 1 — At San Angelo Tournament.
March 4 — At Sweetwater.
March 7, 8 — At Odessa Tournament.
March 14, 15 — Snyder Invitational.
March 22 — Levelland.
March 28, 29 — At Brownwood Tournament.
April 4, 5 — At Abilene Easter Tournament.
April 11, 12 — District 3-AAA Tournament here.
April 19 — Region I-AAA Tournament at Odessa.
May 1, 3 — State Meet at Austin.

## Join Bears

WACO, Tex., (AP) — The rebuilding Baylor Bears reached into the junior college ranks Thursday for two football players.

Baylor said Kilgore Junior College players guard Jimmy Sartain and linebacker Ray Penn, both all-conference performers, will attend the Waco school in the fall.

Arden Jensen sophomore field goal kicker set an Army season mark with 11 in 1968. Two of them were 46-yarders.

Michigan State's Allen Brenner completed his football career in 1968 with 73 passes caught for 1,232 yards.

# Santa Clara Wins Fifteenth Straight

By HERSCHEL NISSENSON
Associated Press Sports Writer

Five of the nation's leading college basketball scorers were in action Thursday night but the quintet the Santa Clara Broncos put on the court had much better results.

Niagara's Calvin Murphy, Creighton's Bob Portman, Charley Powell of New Orleans Loyola and Furman's Dick Esleeck couldn't lead their teams to victory, but the unbeaten and third-ranked Broncos kept bucking along, whipping the University of California at Santa Barbara 80-69 for their 15th straight.

Dennis Awtery, Santa Clara's 6-foot-9 center, poured in 30 points and the Ogden brothers, Bud and Ralph, had 18 apiece as the Broncos ran their West Coast athletic Conference record to 4-0.

The only other team in The Associated Press' Top Twenty to see action was 20th-ranked Colorado State U., which crushed the Air Force 83-65.

Lloyd Kerr hit seven consecutive points late in the first half to put the Rams ahead and they poured it on after the intermission for their 10th win in 12 games. Cliff Shegogg took scoring honors with 21 points and Kerr added 14.

Niagara's Murphy, the country's second leading scorer, exploded for 47 points but the Purple Eagles fell to once-beaten Columbia 107-84. The outburst raised Murphy's season average to 35.9 but Pete Maravich of Louisiana State leads with 45.5.

Despite the 47 points, it was Murphy's second poorest shooting night of the season. The flashy 5-10 junior made only 13 of 40 floor shots but added 21 of 22 free throws as Bruce Metz, Elliott Wolfe and Heyward Dotson took turns guarding him. Jim McMillian, Roger Walaszek and Dotson had 29, 26 and 20 points respectively for Columbia.

Utah State's Marv Roberts, the No. 7 scorer, connected for 27 points as the Aggies downed Denver 102-87.

Arizona held Portman to 17 points as the Wildcats won their seventh consecutive game, beating Creighton 72-63. The nation's eighth leading scorer saw his average drop from 27.5 to 26.5.

Powell had the poorest night of the five individuals, managing only seven points in Loyola's 74-54 loss to Memphis State. Furman's Esleeck was held to 15 as the Paladins bowed to Clemson 91-70.

In other major games, Utah shaded New Mexico 77-76, Brigham Young downed Wyoming 89-78, San Jose State walloped San Francisco 71-58 and Tulane topped Miami of Florida 90-79.

## Special Course For Mexican Americans

SAN ANTONIO (AP) — St. Mary's University is offering a course designed as the first here toward a four year degree-certification program for secondary bilingual, bicultural teachers.

Emphasis is on the student who comes from a Mexican-American cultural and social background.

Officials said that at the time the course was offered for the spring semester of 1969, there was no other full-scale secondary teacher training program of this type in San Antonio.

## Situation Changes At Trinity University

SAN ANTONIO (AP)—Trinity University, a Presbyterian school of some 2,500 students, had difficulty raising $25,000 when it was founded at Tehuacana, Tex., in 1869.

Today the university, which moved here in 1942, boasts assets of $60 million.

"Jesus saith unto him, I am the way, the truth, and the life." St. John 14:6.

Christ sets before us a perfect way:
To pursue it, we follow with feet of clay.
His aim of perfection is the highest we know.
We grope toward it only; our steps are slow,
But love is the light that brightens the road,
Lending pleasure to climbing whatever the load!

# Proposes Joint Coastal Study

COLLEGE STATION, Tex. (AP) — A bill authorizing a joint state-Texas A&M University coastal study will be presented to the 61st legislature Feb. 1, William H. Stoll of the governor's office said Thursday.

Stoll, representing the office's division of planning coordination revealed the proposed legislation at Texas A&M's two-day conference on Texas Marine Resources and the Sea Grant Program.

The bill will request funds be appropriated to the Inter-Agency Natural Resources Council, which Governor John Connally created following the 60th legislature to coordinate the natural resources development of Texas.

The council's coastal study committee, Stoll noted, requested Texas A&M prepare a research proposal detailing the univeristy's capability to cooperate with the state government in undertaking a comprehensive coastal planning study.

A&M's proposal has been submitted to the council, he added, and contains both recommendations and cost estimates for an initial study design phase to be completed by Aug. 31, 1969.

"This is to be followed by the main, multi-disciplined estuarine study covering a four-year period which is to be launched Sept. 1, 1969," Stoll continued. "If the necessary authorization and appropriation have been given for such a planning effort by the 61st legislature."

Stoll said the cooperative estuarine study between the state and Texas A&M is "an effort to unlock the rich resources of the bays and estuaries of the Texas gulf coast.

"Its aim," he continued, "is the state management and development of the public beaches and submerged lands of the coast of Texas in an imaginative approach and endeavor that is the first of its kind in the United States on such a comprehensive scale."

Texas A&M is one of six U.S. universities selected for major institutional support from the National Science Foundation's new sea grant program. Under the program, key universities will play a major role in developing the nation's marine resources.

Last June A&M was awarded a $465,000 grant for first-year operations in a projected five-year program to develop marine resources along the Gulf of Mexico. A&M's oceanography department and various other divisions of the university have been active in oceanographic and marine programs several years.

The proposed state-Texas A&M coastal study would tie in with the university's programs conducted under the sea grant program.

# Louisiana Allowable Unchanged

BATON ROUGE, La. (AP)— The Louisiana Department of Conservation announced Thursday that the state oil production allowable for February would remain at the present level 40 per cent of that of March 1953.

Conservation Commissioner J. M. "Pete" Menefee had delayed setting the production allowable for more than a week.

Nominations by crude oil purchasers last week were cut back some 126,000 barrels daily from the January figure.

Officials cited the uncertainity of refinery operations in the state as one reason for the decision to keep the allowable at the same figure rather than increase it as had originally been expected.

Three refineries in Louisiana are being picketed by striking union members although the facilities are continuing to operate.

Another factor, officials said, is the shipping industry strike.

A considerable proportion of the state's crude oil is moved by ships and barge and even more oil products are sent to market in ocean-going vessels.

Polished agates have designs resembling flowers.

## These Countenances

Upon the shoulders of these mighty men fell responsibility when America needed guidance. Character is the trademark on each face. Of course, they were humble, profound men and their words the golden threads which hold our Democratic system of government together. True Godliness, firm statesmanship and real Americanism is written over their badges. They were firm, steady leaders of the greatest country on earth . . . America. These stalwarts provided leadership all Americans honor and claim heirship to. These three symbols of faith, vision, and forbearance made our country great . . . they are Washington, Lincoln, and Lee. Then Americans, be proud. Attend church and worship God. Thank Him for these Countenances and for every blessing we have in Free America.
