Perryton Area All-Out Scrap Drive Armistice Day

Registration of Tires and Gasoline Rationing Soon

Signup for Gasoline on Nov. 12-13-14

School Officials Conduct Registration Same as for Sugar

Registration for mileage rationing in Ochiltree county will be conducted Nov. 12-13-14, L. L. Lance, chairman of the Ochiltree War Price and Rationing Board, announced today, and actual rationing of gasoline will begin Nov. 22.

Members of the special panel of the local board to handle gasoline rationing are W. C. Herndon, chairman; W. W. Blackburn and J. W. Richardson. They were named by County Judge Dave Shanks and the board.

Application forms for gasoline rationing are now available at the rationing office in the courthouse or they can be obtained from Garland Redfern, J. W. Putman or J. A. Russell, local tire inspectors. These forms must be obtained and filled out by the motorist listing the serial number of each tire.

Then on one of the registration days the motorist should present this application form at the schoolhouse nearest his residence to be issued a basic "A" ration book for gasoline. Any motorist who is away from home in another county should register wherever he is on one of those three days—November 12, 13, and 14. At the time of application the registration card of the vehicle must be presented.

School officials have been requested by the County War Price and Rationing Board to cooperate in the registration as was done in the sugar rationing registration last May. Schools will be dismissed during the registration.

Those who feel they are entitled to a supplement ration provided by the "B" or "C" books should obtain another application form for this at the time of registration where the "A" book is issued. Every passenger car owner must sell to the Government before November 12, all tires over five for each vehicle. That means that the car owner is allowed one tire for each running wheel and one spare for the car. The registrar cannot issue him a mileage rationing book for that car if he own tires in excess of that number.

For that reason excess tires must be turned in before November 12 to a local railway express agency which will tag the tire and the seller will receive a check from the

Christian Church Revival, Nov. 4-15

Rev. J. L. Nickerson will conduct an evangelistic meeting at the Christian Church, beginning Thursday, November 4, and continuing through November 15. The public is invited. Watch for a schedule of this meeting.

Rev. Nickerson, a graduate of the college at Fulton, Mo., is an experienced evangelist and has been preaching 25 years. His family consists of his wife and two sons. One son is a lieutenant in the air corps at Bakersfield, Calif. The other is in college at Fayette, Mo.

Sunday Night Brought First Killing Frost

The first frost of any consequence for the Perryton area was Sunday night, Oct. 25. This was a few days later than usual for this section. The lateness of the first killing frost was of much benefit to late feed crops allowing feed to reach fuller maturity.

Texas to Enforce 35 Mile Limit

Drastic Penalties to Violators, Says Patrolman Sam Fort

The 35 mile an hour speed limit is now in full effect in Texas on all state, federal and county highways, so announces State Highway Patrolman Sam Fort, who is stationed in Perryton. Fort received his orders for strict enforcement last week from Col. Homer Garrison, chief of the state highway police.

The 35 mile an hour speed limit applies to automobiles, trucks, buses and all types of motor vehicles. None are exempt.

Violation of the 35-mile limit, Fort warned, could bring not only state, but also federal prosecution, since the President has proclaimed that same limit for the nation.

If convicted, a person can be barred from getting any more tires for his car or truck for the duration, regardless of whether he is eligible for rubber now or will be sometime in the future.

He can also be barred from getting gasoline when gas rationing is applied next month.

Travel Picture To Be Shown Friday Night

A free picture show and travel lecture is offered the public by the Perryton Sorosis Club. Mr. and Mrs. Ed Hardin, Amarillo, who have visited almost every nation on the globe, will present an interesting colored picture of scenes in Africa, also some scenes of Honolulu. These pictures will be shown at the High School auditorium, Friday night, October 30, at 8 o'clock.

Among the scenes shown in the African picture are the wild animals in Kruger National Park, Zanzibar, Victoria Falls in Rhodesia, and scenes in the city of Johannesburg, which has been called the most modern city in the world, African gold mines, molding of gold bricks, the native mine workers in their compounds and at their native dances, also Mombasa village life up and down the Nile and at Cairo, Egypt.

The Hardins have visited Honolulu three times, and have many interesting scenes of that city.

These pictures are to be shown especially for Perryton school children and faculty, stated officers of the Sorosis Club, but the public is cordially invited to attend. There will be no admission charge.

Ochiltree County Will More Than Double Oct. Bond Quota

Ochiltree county has no war industries but it does have a citizenship of one hundred per cent Americans who are backing the war effort in every way. With over two hundred Ochiltree county boys serving in the armed forces, the home folks are ever forging forward on the home front.

Ochiltree county has gone over the top and exceeded it's quota in everything pertaining to the war effort. Scrap drives exceed expectations. Red Cross subscriptions double more than assigned quotas. USO subscriptions over quota by hundreds of dollars. Patriotic women swamp markets with scrap gals.

But one of the brightest spots on the Ochiltree county home front is our outstanding record of buying War Bonds and Stamps. At the close of the bond books for the nine months of 1942 ending Sept. 30, Carl Ellis, county War Bond chairman, reported total sales of $345,767, almost $40,000 over the assigned quota for the entire year of $306,300.

Now comes October with practically double the quota for the month sold to Wednesday noon. The quota for the entire month is $26,200. Sales to noon Wednesday were $50,950. By Saturday night, the total will be well over $52,200, double the assigned quota. This brings the 1942 sales to $396,717.

If November and December hold up to the October and September sales, total county purchases for 1942 will hit the half million mark.

Sign Up Pledge for Armistice Day Scrap Drive

(Fill out the following pledge. Mail or bring to H. I. Hudson, Post Commander of The American Legion, or give to any of the special scrap scouts or wardens for this all-out scrap collection.)

I will have ..... pounds of scrap metal for the Armistice Day Drive.

I will donate ..... pounds of scrap metal to China Relief, USO, Red Cross or to the following organization: .....

(Circle the organization to which you will donate your scrap or write in name of some other organization.)

I will sell ..... pounds of scrap metal, and authorize deduction of hauling charge at rate of one cent per 100 lbs. per mile and desire that the charge for hauling be donated to the following organization .....

My scrap metal consists of old tractor ..... ; old combine ..... ; old plow ..... ; miscellaneous scrap ..... ; State whether tractor, combine or plow can be loaded, towed or will have to be dismantled: .....

This scrap is located ..... from Perryton.

I will furnish ..... truck; ..... pick-up; ..... tractor to be used in scrap collection on Armistice Day.

I will furnish ..... men for work in the scrap collection on Armistice Day.

Sign Name on Above Line

Drive to Raise $540 for China Relief Fund Launched by Chairman C. Wedgeworth

Ochiltree county's drive to raise $540 for the China Relief was launched at two meetings yesterday by County Chairman C. Wedgeworth. Serving with Mr. Wedgeworth on the China Relief committee are Van W. Stewart and Irvin R. Buchanan. The county's quota was originally set at $600 but the county was given credit for $60 raised by the Baptist church at the Easter Day service.

Chairman Wedgeworth met Wednesday afternoon with the ministers of all the churches of Perryton. Every minister pledged the cooperation of his church. Some made definite pledges at the meeting, others waited until conferring with their membership.

A meeting was held last night at the Hotel Perryton of heads of various organizations in Perryton. Over $300 was pledged at this meeting.

Every organization in the county is solicited to do some part in raising the $540 budget. Pledges from schools, churches and organizations can be paid to Van W. Stewart, treasurer, at the Herald office. Individual subscriptions will also be accepted at the Herald office.

The Victory Club of the Perryton High School has placed "China Relief" jars in Perryton business houses. Put your contributions, be it cash or check in one of these jars.

Chairman Wedgeworth named Mrs. Max W. Boyer to contact Home Demonstration Clubs for do-

Truck Owners Certificates Of Necessity

Estimate that Only About One-third of Trucks Approved

Ochiltree county farmers and operators of commercial vehicles opened a blitz last Thursday that completely overwhelmed the Farm Transportation Committee and employees of the county AAA force with applications for certificates of war necessity.

The plan was to complete all applications in the period, Oct. 22-24, but the three days proved insufficient. On Wednesday evening, County Agent E. W. Thomas estimated that applications were completed on only about one-third of the trucks and commercial cars in the county. It takes more than one hour for each application if the applicant has all the required information. The Farm Transportation Committee will assist with applicaitons until all are completed.

Under the office of Defense Transportation's wide-sweeping conservation program, all rubber tired vehicles, including farm trucks, used to haul produce from-the-

High School Students Head City and County Governments on Halloween

High School students will take over the city and county governments during Halloween and be responsibble for the enforcement of the law. Officers, being elected by the students today, will assume their duties Saturday morning, Oct. 31, at 8 o'clock and continue in office until Sunday morning at the same hour.

Last year, high school students were elected as city officials and performed their duties so efficiently tha it was decided to extend the responsibilities by selecting students to the county offices.

On Friday afternoon at four o'clock, Mayor W. H. Lance will give the oath of office to the newly elected city officials, and Judge Shanks will administer the oath to the students named as county officers.

Every citizen should cooperate and assist in protecting property. Parents can help by asking their children to make this a quiet Halloween and not to damage or molest property.

Perryton Imp. Rebuild Repair Department

Roy Stinson, manager of the Perryton Implement Co., John Deere farm equipment dealers, announces this week that their repair department is in readiness to again serve the farmers of this area. Their shop and equipment and some farm machinery have been replaced since the disastrous fire of Sept. 24.

As the Perryton Implement Co. maintain one of the best repair shops in the north Panhandle and is depended upon to repair many tractors that cannot be replaced with new ones due to war conditions, farmers of this area can again expect the same high quality workmanship that this company is noted for. Through great effort all equipment has been replaced. Due to the fact that farm machinery must be kept running, priorities en-

County Court Monday, Nov. 2

The November term of the County Court of Ochiltree County will convene Monday morning, November 2, with Judge Dave Shanks on the bench. Other officers of the court are: Irvin R. Buchanan, clerk; J. S. Talley, sheriff; Oscar Flowers, attorney.

Judge Shanks reports that few cases appear on the docket for the term. No jury has been summoned.

Coffee Goes On Rationing List Nov. 28

One Pound for Each Person Over Age 14 In 5-Week Period

WASHINGTON, OCT. 26 Coffee will be rationed starting at midnight Nov. 28, at a rate of one pound every five weeks for each person over 15 years old, the office of price administration announced today.

On the basis of 35 to 40 cups to the pound, the ration means slightly more than a cup a day per person.

Retail sales will be halted at midnight, Nov. 21, Price Administrator Leon Henderson said, for a week-long freeze during which grocers will stock their shelves for the start of rationing.

The first rationed coffee will be purchased on the last stamp in the sugar ration book, stamp No. 28. Subsequent rations will be issued by the working backwards through the sugar book, using stamps No. 28 to No. 19, in sequence.

The war production board ordered OPA to take control of consumer distribution to assure an equal supply for all. Henderson said, and attributed the emergency action maily to "excessive buying by consumers." Reports of hoarding, overbuying and runs on dealers' supplies have been reaching Washington from many cities for three weeks. "There is no reason for anyone

First Aid Class Completes Work

A class of thirteen completed the 15-hour instructors class in First Aid held last week at the local Red Cross room by Mr. Elmo Low, field representative out of the St. Louis office of the American Red Cross.

Enrolled in the class were Porrest Davidson, W. J. Cassna, Jr. and Gus Koehn, all of Darouzett; Alzo Hibbs, Mitchell Moderick, Clifford Beck, Elmer Rupprecht, Rev. S. R. McClung, E. W. Thomas, O. C. Watson, Hugh E. Shotwell, Leroy Hartman and Mrs. Velma Truett.

Instructions in both Standard and Advanced First Aid will be given here just as soon as classes of twenty can be arranged. If you are interested in either class notify Leroy Hartman, first aid chairman.

Election is Next Tuesday November 3

Five Constitutional Amendments Appear On the Ballot

Tuesday, November 3, is general election. With county and district Democratic nominees having no opposition, a light vote is anticipated in Ochiltree County. However, five constitutional amendments will be decided by the vote, November 3. It is the duty of every voter to go to the polls and exercise his privilege as a United States citizen.

Voting boxes will be open in all precincts. Judges and their assistants have been named in the 12 precincts in the county. They are: Precinct 1, R. H. Daley, G. I. Horne; Precinct 2, D. D. Hummer, B. L. Hurter; Precinct 3, John Pletcher, R. H. Francis; Precinct 4, W. H.

District Governor Of Lions Club

The Perryton Lions Club was honored Monday noon by the presence of District Governor Murray H. Fly. Mr. Fly is making a tour of his entire district, Perryton being the forty-sixth club that he has met with out of the sixty-seven that compose his entire district.

Mr. Fly's home is in Odessa, Texas, where he is superintendent of schools.

Following the luncheon Mr. Fly made an address which was enjoyed by the club. He went from Perryton to Spearman where he met with their club in the evening.

American Legion Asks Every Patriotic Citizen to Join in Observance National Holiday

Definite plans for a patriotic observance of Armistice Day, Wednesday, Nov. 11, by making it an all-out scrap collection day for the Perryton area, were made at a dinner at Ray's cafe last night. Present were Van W. Stewart, C. Wedgeworth, R. B. Orrill, American Legion committee; H. I. Hudson, Post Commander of the Legion; Mrs. Van W. Stwerat, representing Mrs. Sibley Jines, president of the American Legion Auxiliary; Cecil Dodd, James F. Bray, W. M. Boston and F. B. Sumpter, representing the Ochiltree County Scrap Committee.

Perryton business houses will close for the day and owners and employees will join in the all day scrap collection. The Legion believes that it will be much more patriotic to devote Armistice Day to an all-out scrap collection than by sponsoring a celebration as in past years.

Attention is called to the sign-up pledge on the front page of this newspaper. Clip this piedge, fill it out and mail or bring it to H. I. Hudson at once, or you can deliver it to one of the scrap wardens or scrap scouts.

All metal collected on Armistice Day will be delivered to the junk yard as brought in. Each load will be appraised and sold separately and checks made for each load.

Commander Hudson and his headquarters staff will meet on the evening of Monday, Nov. 9, at the American Legion Hall with scrap wardens and scouts, transportation wardens and scrap depot wardens to arrange truck schedules, routes and other details. All pledges and location of available scrap should be in the hands of the staffs by that date.

Copies of the pledge will be printed and delivered to all school children and the various wardens, scouts and workers.

Headquarters for the drive will be at the American Legion Hall. Through the courtesy of the Southwestern Associated Telephone Co., a telephone will be installed at the hall for the day.

Program for Day

The activities of Armistice Day will begin at 6 a. m. when the bomb salute will "get 'em up". The Legion and Auxiliary will serve free coffee and doughnuts to everybody at the Legion Hall, beginning at 7 a. m.

Chief Warden H. I. Hudson and

JUST HERE and THERE

What is going to be the effect of the government's policy of withholding and issuing untruthful information as to the conduct of this war? It is our guess that the American people are fast getting to the point where they doubt the truthfulness of any news release by the government.

We were led to believe that the air raid over Japan was accomplished with the loss of one plane and that interned in Siberia. Now it appears that several planes were lost and that at least eight United States airmen are prisoners of the Japs.

There was great secrecy concerning the President's recent swing around the nation where he inspected war plants and training centers. Just how secret was the trip except for the fact that news of same was not distributed through regular news channels?

The President was at the Kaiser shipyards in Portland, Ore. Sept. 24. On Sept. 26, this writer received an air mail letter from a friend in Portland telling about the President's visit. Now we are sure that none of our enemies knew the President had left Washington until after the news broke after his return.

Some of the government's censorship looks like child's play to us. In other words, our enemies are not going to find out a single thing about our war effort unless they read it in the newspapers or hear it over the radio. That's what some of the smart boys (?) in Washington think.

Any person with an ounce of brains should know that a country like the United States, made up of peoples of every race, is bound to have thousands and thousands who are for our enemies. We are certain that very few moves of military importance are made without the knowledge of these enemies within our borders and they do not get this information from regular news sources.

Delegates Attend Grand Chapter

Mrs. N. P. Dear, associate matron of the local Eastern Star chapter, and Mrs. W. A. Cone, associate conductress, left Sunday for Houston to attend the annual session of Grand Chapter which convenes in Houston this week.

Victory Fund Bond Sales Are $42,500

W. B. LaMaster, chairman of the Ochiltree County Victory Fund Committee, anounced today that his committee had sold $42,500 worth of United States Treasury Bonds in Ochiltree county since the plan was put in operation a few months ago.

This offering of two per cent treasury bonds is not to be confused with the War Savings Bond campaign. This type of bond does not bear as high an interest rate as the War Savings Bond. They are offered in denominations of $100 to $100,000. All funds are to be used directly for the financing of the war effort.

A Newer Gospel?

One of the dramas from ancient Greece opens with the query "What is Newer?" This character in the play was not satisfied anymore with what was new, but it had to be newer. Very likely every one who has read this play had to smile at this revelation of man's inborn curiosity and frenzy for things that are different and new, yes newer.

Every parent who has reached three score and ten could tell stories how he or she has found youth often of the opinion that ideas and methods more than ten years old are fit only for the trash burner. But the revolution brought about in our living by the introduction of modern conveniences has actually changed little. We breathe the same air, drink the same water, sorrow over the same disappointments, are lifted by the same joys, and sin the same sins as Moses and the prophets knew.

As soon as someone can change the human heart, then and then only will the world be new. And we have come to the conclusion that on judgment day people will be the same as in the days of Noah. They will still have a sinful heart, and they will still require the same Power of God (the Gospel) to dispel the influences of evil. Not by inaugurating something new, not by startling and sensational novelties, not by turning to speculation and the uncertainties of fallible human opinion, will the human heart find rest. But only by remaining with the old Word of God, the only absolute Truth the world knows: the love of God for fallen mankind revealed in the suffering and death of Christ on the cross for the forgiveness of all sin.

Receive this Gospel, press it to your heart in faith, and nothing will disturb you or make you afraid of things in time and eternity.

Our Defenders Speak!

The Herald asks that men and women from this community serving in the armed forces write letters to this department for publication. Letters to relatives that would be of interest to the public will be published under this heading.

(The following letter was received by Mrs. Bradley Anderson from her son, who is with the Seabees.)

October 5, 1942

Dear Mom:

How are you by now? Hope you are well and not worried. I'm fine. We crossed o. k. as you probably know by now. Didn't have a bit of trouble. I got seasick for about two days but wound up by being a pretty good sailor. The ocean was rough at times and at times it was as smooth as glass, with not a single ripple in it. We were 24 days crossing and land sure did look good to me. Several of the boys have found brothers and other relatives here. I guess it's a small world after all. Hope I can see some of the boys from home.

On the way over we saw seals, just outside the States, porpoise, dolphin, sharks and millions of flying fish. Send me a bird cage and I'll try to catch a couple. They sure are pretty. They flip out of the water and sail some times for 100 yards.

The water out in the ocean is almost purple. Around the reefs here it is a very pretty shade of green. We saw several islands before we got here but didn't stop at any of them. I went ashore last Saturday but there isn't anything very much over there. The natives can't understand us and we just picked up what we wanted and held out some money and they would take what they wanted. I think they are really gyping us but we can't prove it. It is just getting spring down here. I saw some Royal Palms. They are tall and straight like a pine with a bunch of leaves at the top. The Island pictures you see in the movies are similar to these. We are just beginning to get started to work and I feel that we will soon be doing lots of work. I hope we do work, and hard, because the busier I am the faster time passes.

The news we get here is encouraging. We get news from all over the world by short wave. We even get football and baseball scores and news from Hollywood. We are supposed to get mail from home this week. I sure hope so. I would like to hear from you and Kay and the rest. You never did send me a snapshot of you. Send me one in your next letter. They say our mail will reach home in 10 or 15 days and I hope it does. I have written you one letter before this and will write every week in hopes the mail does get through regularly. You can write every week or two. And even if I get several letters at a time, it will still be news and good reading.

Are you still going to church? We have services every Sunday. There is one of the most beautiful cathedrals here I ever saw.

How are all the folks getting along? I sure would like to see you all. I imagine Tim will be grown by the time I get back. A year makes a lot of difference in a boy his size. Tell all the kids to write me once in awhile. If you can, get that new air mail stationery. It is much lighter and we get lots of air mail service. If I forget to tell Kay, tell her to send me a hunting knife. She can get one for around $3 or $4. I want one with either 5 or 6 inch blade. They are very useful and I forgot to get one before I left.

I'll close for now and write again soon. Don't worry because we aren't in danger, have plenty to eat, sleep comfortable, and are't over worked. Just be good and take care of yourself and I'll see you before you know it. Give my love to the folks. Answer when you can.

Lots of love,
Jim

Three Perryton Boys on U. S. S. Mississippi

Dewitt Gibson, step-son of Sheldon Wilson, in writing the Herald editor, states that Perryton is well represented on the U. S. S. Mississippi. Dewitt is with the U. S. Marines and stationed on the Mississippi.

The two other boys are Harold Witt and Floyd Hull who are in the U. S. Navy.

Dewitt writes as follows:

Dear Mr. Stewart:

No doubt this letter will come as a bit of surprise to you, but I want to take this opportunity to thank you for the paper that I have been receiving. Maybe you don't fully realize how much it helps to get a little news from home.

Here is one for the books. There are three of us from Perryton on board ship, namely Harold Witt, Floyd Hull and yours truly. Thanking you again for the paper, I remain,

Yours truly,
Pvt. L. D. Gibson,
Marine Det. 8th Div.,
U. S. S. Miss., c/o FPO
San Francisco, Calif.

(The following letter was written to R. L. Henline, Boyd, Okla., by his son, Wilbur, who is in the U. S. Navy.)

Oct. 11, 1942

Dear Dad:

Time has passed quite rapidly since I have been in the Navy. During this time I have learned many things that will be of great value throughout life.

The Navy is an interesting and fine branch of the service. As with other branches, the Navy is constantly looking after the welfare of its men. We have the best medical care possible, good food and everything that goes to make for a healthy group of men. It is easy to see now, how simple it would be to have a stronger and healthier nation, by observing a few requirements of military life. Of course you realize what we write is limited.

During our Indoctrination period at Notre Dame most of our time was spent developing our physical condition. Here we concentrate mostly on class work. The courses are difficult and our time is limited. To those who thought college was difficult, realize now it was a snap, compared to this.

Besides our class work we each stand watch at regular intervals. Here we learn to be alert and forehanded because the responsibility is great. It has been a pleasure to live with and know some of the men here. We have them from all over. Some are brilliant and there is always a "wit" in the crowd.

The first thing we learned was to obey orders. How to give and receive them and carry them out efficiently. Our social life of course is limited. When liberty is declared everyone evacuates the place. When the navy comes to town, Chicago is a great sight. Chicago has practically thrown its doors open to all service men. We ride the buses and street cars free. We go to shows, ball games, etc., at reduced rates. We certainly appreciate all the advantages that Chicago provides.

The football game between Texas and Northwestern aroused much interest. The grandstand was practically filled by the Army and Navy. The Texans had to take a lot of ribbing, but we have a good answer if the Southwest doesn't win its share of the games this year—all of the good players have joined the Armed Forces.

There is no doubt the men who received the Ochiltree County Herald appreciated the kindness and support of the home folks.

We graduate November 14—34 days left, we count them every day. Where we go from here we do not know.

From our room we can see out over Lake Michigan. On a clear day it is a beautiful sight. It is either smoky or foggy and our visibility is limited. The greatest resemblance between here and the Panhandle is the wind.

Time to close. A bull session is under way. Chief topic is a review of the results of yesterday's scores.

Best regards to every one.
Wilbur

FARM AND RANCH NEWS

Farm Income One-third More in 1942

The total cash farm income from marketings in 1942 will be approximately 15 billion dollars for all farmers in the United States, writes A. W. Jacob, extension economist in farm marketing of the Oklahoma A. & M. College. This is about one-third greater than the income in 1941, and nearly double the prewar (1935-1939) average. The peak during World War I was 14.6 billion dollars. The increase in income in 1942 over 1941 is a result of a rise in prices of about 25 per cent, and 12 per cent in increased sales.

The income for persons on farms this year will be about $368 while the income of persons not on farms will be $981. The total income of nonfarm population this year will approximate 102 billion dollars compared with 84 billion dollars last year.

In the expenses for production prices for wages, feeds or rent are considerably higher than in former years, while taxes, interest and depreciation have decreased during the past year. The total production expense of farm operators in 1942 is estimated at 8.7 billion dollars, an increase of 15 per cent over 1941.

Although the financial side of the farm picture looks favorable for the past year, many farmers are disturbed as to production plans in 1943. It is important that farm production be held up at every point so that ample food will be available for the armed and civilian population. With favorable production seasons in 1943 the cash income of farmers should be somewhat larger than in 1942.

Hog Production Goal Raised

COLLEGE STATION—The 1943 Food for Freedom program got underway last week when the nation's hog farmers were asked to increase spring farrowings by at least 10 per cent over this year's record crop.

Although state production goals have not been received by the Texas USDA War Board, B. F. Vance, chairman, said that Texas hog farmers would be asked to fall in line with the national increase.

He explained also that hog farmers were requested to market their hogs 10 pounds heavier than they are this year.

The national increase will result in an estimated 1943 slaughter of pork amounting to 13.4 billion pounds dressed weight, compared with slightly more than 11 billion pounds of slaughter this year.

Ever-increasing demands for meat products to the fighting forces Lend-Lease purchases and civilian needs were cited as reasons for the increased production.

Hog producers were urged to plan their 1943 farrowings so that their marketings would avoid the normal marketing peaks, thereby relieving transportation and processing congestion. Particular emphasis was placed upon their earlier-than-usual farrowings, which might result in heavier marketings during the normal late-summer bare spots.

Answering the nation's call for more pigs early in 1942, Vance pointed out that Texas hog farmers saved 1,620,000 head of pigs from spring farrowing, the largest crop on record.

Other Food fo Freedom goals probably will be announced in December, the War Board chairman said.

Farmers Asked to Save New Lumber

COLLEGE STATION — Use of substitutes and local materials where practical will help ease the tight lumber supply situation, B. F. Vance, chairman, Texas USDA War Board, has announced.

Although county USDA war boards are approving only essential construction, the total amount of lumber requested for agricultural construction and farm dwellings runs into an alarming figure, he pointed out.

Greater utilization of salvaged lumber and other building materials will conserve new lumber for war requirements and relieve transportation which is clogged almost to capacity at the present time. Further savings can be achieved by substituting types of construction which require little if any lumber.

Examples of construction requiring no lumber and which are practical in some parts of the state include rammed earth or adobe construction, pole or log construction, and temporary constructions, such as straw sheds.

Alternate materials such as structural insulation boards and wall boards of fiber, gypsum or cement asbestos, often can be substituted for lumber, while composition shingles and roofing materials often may be substituted for lumber siding, Vance said.

Other substitutes for lumber include tile, brick, rubble, concrete or masonry constructions, especially for ground floors, walls and partitions in certain types of farm buildings.

"Some constructions will be more expensive and require skilled labor, but they usually are more durable," Vance said in pointing out the necessity of saving new lumber.

Machinery Rationing Amendments are Announced

COLLEGE STATION — Certain types of new farm machinery, plus attachments, having a retail value of $25 or less are exempt from the farm machinery rationing program and may be purchased without certification.

Previous to the new amendment on Group B machinery, certificates from farmers to dealers were necessary before purchase could be made, according to B. F. Vance, chairman, Texas USDA War Board.

Also included under the new amendment are all hand operated and one and two horse drawn farm machinery and equipment, such as plows and combination cotton planters, he said.

Set in operation several weeks ago, the aim of farm machinery rationing is to route limited farm machinery into channels where maximum contribution will be made to agricultural wartime production.

Divided into three groups, Group A machinery, which includes scarce items, require certificates from county rationing committees before purchases may be made. Group B machinery, which includes items less scarce, may be purchased upon certification from the farmer to the dealer that the equipment is needed for current production.

Other less essential items fall into Group C and may be purchased without certification, Vance explained.

EYES AT WORK NEED BETTER LIGHT

In the production line or on the home front, you're working harder these busy wartime days and your eyes are working harder, too. They need all the help that better light can give them.

Time and again it has been proved in war plants that better light increases production, reduces errors, improves morale and lessens fatigue. And in the home, better light makes reading and sewing easier, speeds housework, saves needless waste of energy due to eye-strain.

Does the lighting in *your* home give your eyes the help they need for safe, easy seeing? We'll gladly measure it and show you how it can be improved at small cost. Ask for a free home lighting check-up today!

SEE OUR STOCK OF I. E. S. LAMPS
Especially Designed for Safe Seeing

I. E. S. Better Sight Lamps are equipped with a white glass diffusing bowl that provides an abundance of both direct and indirect light without glare. Ask for a free trial in your home. See what a difference good light makes.

Another drive for metal scrap following so close upon the heels of the first one may perplex a good many people.

If you have any doubt about the need for renewing the scrap campaign just remember one thing: THE WAR IS STILL GOING ON.

As long as the war continues, more and more scrap will be needed for the very simple reason that more shells, more bombs, more tanks, more cannon, more guns and more of every kind of war equipment will be needed.

Ordnance plants cannot operate efficiently without scrap any more than flour mills can turn out the best grades of flour without different kinds of wheat.

It's just like cattle and hog feeding. A big crib of corn doesn't satisfy a farmer who has cattle and hogs under feed all the time. He knows that he must have more corn when his supply is exhausted. And he doesn't wait until the crib is empty. He makes arrangements for more corn long before that happens.

That is exactly what our government is doing about metal scrap. The war production board is trying to keep the scrap piled high all the time so the supply moving to the mills will be abundant and unceasing.

It is important that as much as possible be collected NOW before the roads get bad, the railroads become congested and a lot of old metal scattered about the farms is covered up with snow. Doubtless every effort will be made to collect scrap all winter but the handicaps will be greater later on.

Remember that no metal article is too big or too small to swell the total. It needn't be iron or steel. Practically all metal is needed. And don't forget rubber. If you run across any old rubber missed during the rubber drive, see that it is turned in.

The need is urgent. Reports from all over the country indicate that LESS THAN TWO WEEKS SUPPLY OF SCRAP is on hand in many manufacturing areas. Some steel mills have had to curtail production and more will have to do so if the supply of scrap is not maintained and increased.

The only thing that will save the situation is for all of us to do our best and keep on doing it.

Red Cross Field Man Visits Here

F. Leo Durkee, general field representative for the American Red Cross was in Perryton, Tuesday and Wednesday, paying an official visit to the Chapter. He met with various committee chairmen and talked over the work and future plans, paying particular attention to the Junior Roll Call which will be promoted in November.

March 1943 has been designated by President Roosevelt as Red Cross month and during that period the Annual Roll Call and War Fund Campaign will be perfected. In the meantime, help your Chapter with the production program. Beside the making of the kit bags, a number of other articles are cut ready for the sewers and a large supply of yarn for both foreign relief and men in our armed service is on hand.

Since the last announcement, $48 has been added to the Kit Bag fund bringing the total to $1,062.00. Donors are Mr. and Mrs. W. M. Shrader, $10; J. W. Rogers, $5; Mrs. Zora C. Stone, $5; Christene Swink, $5; Mr. and Mrs. Fred Huston, $5; Mr. and Mrs. Milton Sweigart, $5; K. August Schade, $2; M. A. Cook, $2; Mr. and Mrs. H. D. Malone, $2; Worley Adair, $2; Mr. and Mrs. A. W. Henry, $2; Mr. and Mrs. E. I. Klein, $2; Mrs. John E. Johnson, $1.

The Red Cross invites you to enlist in its services for the duration of the war.

Members Request Return of Fisher

The Board of Stewards of the Methodist Church met Sunday night at the close of the regular service and voted to ask the Bishop and his cabinet to return Rev. William E. Fisher as pastor for another year. Pastoral appointments will be made at the Annual Conference which meets in Sweetwater, November 11.

Rev. Fisher is closing his second year as pastor of the Perryton Church. During his residence here, he has been active in civic and community affairs, in addition to his many church duties. Under his leadership the church debt has been paid, and the building fund now has five $1,000 War Bonds.

Santa Fe Supports National Scrap Drive

The Santa Fe Railway deserves credit for its efforts to support the national newspaper scrap iron and steel campaign with its current and timely advertisement urging all to get this needed scrap into proper hands "before the snow flies."

The Railway has been keenly alive to the nation's need for this metal since Pearl Harbor. In fact, since the Harbor horror the Santa Fe has collected 210,716,000 pounds of the now precious metal for conversion into essential war materials. That is a huge heap for any scrap but it is the kind that will beat the Jap and our other foes. It was collected from right-of-way, roundhouses, shops, offices and all company properties.

With its own job well in hand the Santa Fe now turns to aiding the nationwide newspaper campaign to dig up every bit of scrap possible to help our Nation and our fighting men.

As a member of the newspaper fraternity of the United States, sponsoring this patrioitc campaign, we welcome the Santa Fe's help in spurring collection of vital metals, and with the Santa Fe, urge-all—to get in the scrap "before the snow flies."

Shindler Drug To Have 1c Sale

People of Perryton and this area are again being favored with a one-cent sale at the Shindler Drug Co. R. T. Shindler, owner and manager of the store, announces that this sale will start Wednesday, November 4, lasting until Saturday night.

It is an opportunity to make real savings during the four day event as two items may be purchased for the price of one, plus one cent.

Methodists Hear Reports and Elect Officers

The Fourth Quarterly Conference of the Perryton Methodist Church met Sunday afternoon, October 25, with District Superintendent J. B. McReynolds presiding and Lester Baunmann as secretary of the Conference. Reports of the pastor and church officials showed an advance along all lines during the year.

An encouraging net gain had been made in membership. All financial obligations for general, district and local budgets will be met in full.

Officers elected to the Board of Stewards were: W. C. Bryan, C. B. Rogers, C. A. Zirkle, G. M. Cooper, Howard Holt, Clarence Neufeld, E. W. Thomas, Rufus Bolerjack, Lester Baumann, W. H. Lance, Vernon Witt, Aldon Bell, D. D. Shanks, Lawrence Ellzey and Gus Birdwell.

Members elected to the Board of Trustees for three year term were C. E. Forbes and Howard Holt. Other officers elected were: C. B. Rogers, District Steward; Clarence Neufeld, Reserve District Steward and recording Steward; T. V. Ellzey, lay member of Annual Conference; Mrs. Louis Jaquot and Miss Marie Pinckley Church Board of Missions and Church Extension; Mrs. E. W. Thomas, Miss Elizabeth Huffhines and Mrs. Aldon Bell, Church Board of Education.

The three divisional superitendents of the Church school elected are: C. B. Rogers, adult; Miss Myrtle Lois Pearson, youth; Mrs. Glen Ragan, children. W. C. Bryan was elected at the preceding quarterly conference as general superintendent.

The report to the annual conference will show the Church debt liquidated and five $1,000 Government War Bonds in the Building Fund which will be used for completion of church building when material is available. As additional money is received in this fund, it will be invested in War Bonds.

Kem-Tone

The Modern Miracle Wall Finish For Painting

● Walls ● Ceilings ● Wallpaper

Not Ordinary Water Paint

NO FUSS

Just thin **Kem-Tone** with water and apply. No turpentine, paint thinners, primers, or sealers necessary.

NO MUSS

One coat covers most surfaces including wallpaper, painted walls, wallboard, brick and cement. It applies with ease.

NO BOTHER

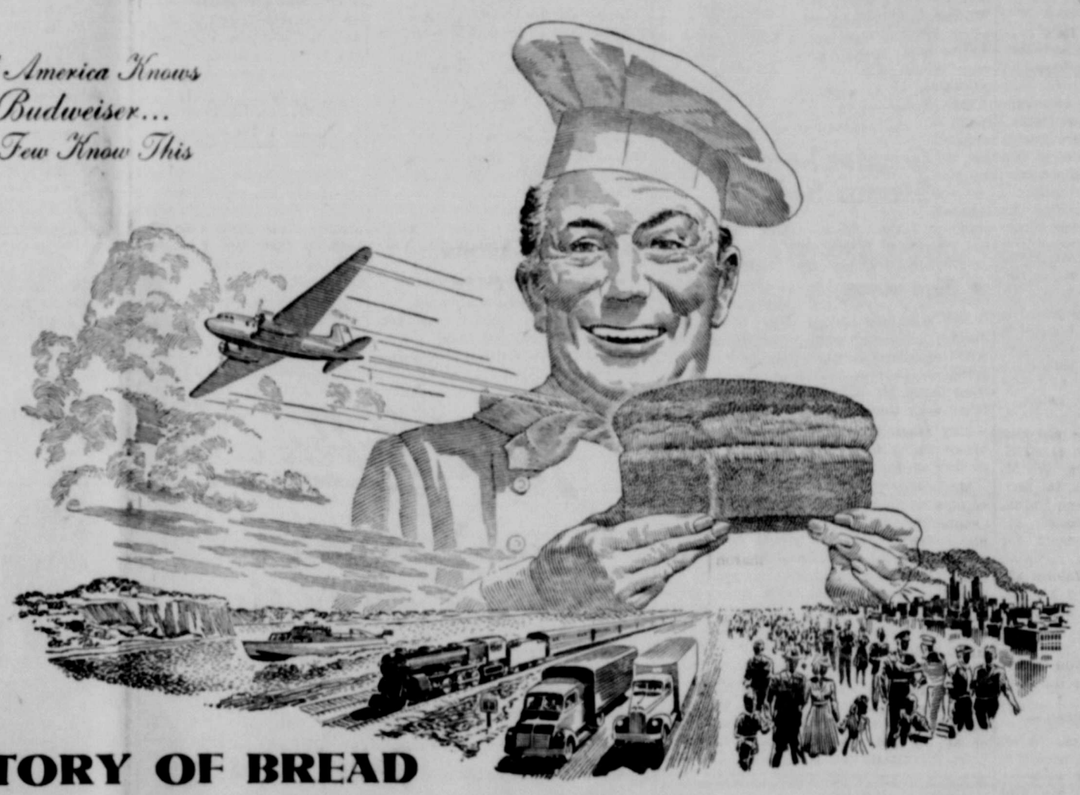

Dries in one hour. Rooms may be used same day. No objectionable paint odor.

$2.98 per gallon

Each gallon makes 1½ gallons of Kem-Tone Finish

Plainview Hardware Co.

All America Knows Budweiser... but Few Know This

THE STORY OF BREAD

may well be called The Story of Civilization

Bread, the most venerable of prepared foods, has helped man, and man in turn has bettered the quality of his staff of life.

YEAST is the life of bread . . . and the story of yeast is the story of scientific research, uniform quality, mammoth production, modern refrigeration . . . and daily delivery to bakers in every city, town and village throughout the land . . . even by boat, by sled and by plane when other transportation is interrupted by floods and blizzards.

Anheuser-Busch is one of America's biggest sources of baker's yeast.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentology and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

VITAMINS, B COMPLEX—For manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.

VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

CORN SYRUP—many millions of pounds annually for America's candy industry.

SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.

STARCH—for food, textile, paper and other industries—millions of pounds annually.

VITAMINS FOR LIVESTOCK—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

REFRIGERATING EQUIPMENT—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

Second Scrap Drive On Armistice Day

On November 11, the American Legion will sponsor a county wide scrap metal drive. Naturally, they are depending on the student body playing an important part in the campaign.

C. Wedgeworth announced Monday, that the cash which will come from the scrap metal which is brought to high school on Nov. 11 and dumped would be applied on the 1942-3 annual, "The Ranger." Therefore, the senior class urges everyone to back this drive all the way.

El Juego

A business men's physical education club is being organized by the coaches. George Philbrick and Tom Slack will probably meet some week night in the gym and play volley ball or basketball.

Don Eudy suffered a nose injury in junior football practice, Tuesday, Oct. 20.

The grade school sports consists of playground ball and football. In such games the teachers, assigned to play ground duty, encourage all students to take part in these games.

The seventh and eighth grade boys have playground ball on Wednesday and Thursday during activity period. During the other three days the ninth grade boys march with the senior high boys. On Tuesday all Junior High boys will have lectures on Physical Education.

On every Tuesday all the girls in Junior high school go to the gym, where they practice folk dances. On Wednesday and Thursday they receive lectures.

The girls in senior high school are having marching drills every Tuesday in the senior high study hall and soon hope to be able to march outside with the boys.

Aeronautics Class Has Flying Experience

The Aeronautics Department, under the direction of Doyle Thompson, traveled to the Perryton Airport, Monday morning October 26 to fly. This was the first time up for many of the students. Some twenty students availed themselves of the opportunity to actual experience of flying.

Howard Holt and Kenneth Crisp were the pilots. Aeronautics is a newly organized course to familiarize interested students with the fundamentals of aviation. Perryton High is one of few schools in the state that offers such a modern and timely course.

Lions Club Governor Is Chapel Speaker

The elementary school children were delightfully entertained in a special assembly last Monday by the well known speaker, Murray H. Fly, Supt. of Schools at Odessa. Mr. Fly entertained the children for about thirty minutes with stories that were interesting and humorous to grade school pupils.

Mr. Fly is the Lions District Governor of this area. He came to Perryton last Monday as the honored speaker of the Lions weekly meeting where he spoke on "Democracy Beyond the Skyline," a talk that was enjoyed by all.

Rangers Lose To White Deer

The Perryton Rangers, meeting their second conference foe of the season, were defeated 13-0 here by the White Deer Bucks, Friday night, October 23. Although the Rangers fought hard every minute of the game they were unable to defeat the strong and experienced Bucks.

The set up for the Buck's first touchdown came late in the first quarter when the latter recovered a Ranger fumble on Perryton's 40 yard line. With a series of three first downs the Bucks carried the ball to the 10 yard line. White Deer ran over for pay dirt on the second play of the new quarter. They added the extra point by a run around right end.

The hard fighting Rangers were able to hold their ground until late in the game. The Bucks scored again when they recovered a Ranger fumble on the latter's 16 yard line, and Urbanczyp quarter back for White Deer completed a pass to Morris for the touchdown. The try for the extra point failed leaving the score 13-0. The game ended without either team threatening.

Urbanczyp was the outstanding offensive man for White Deer.

The officials were Elmer Gunn, Nubbin Byron, and Loftin.

The starting line-up was:

Rangers	Pos.	Bucks
Allen	LE	Hester
Eudy	LT	West
Daniel	LG	Hardvk
Bray	C	Lassiter
Bishop	RG	Roberts
Schollenbarger	RT	Lopez
Pearson	RE	Hester
Rupprecht	QB	Urbanczuk
Turner	LH	Milton
Parvin	RH	Morris
French	FB	Nichlson

Summary:

	P	W
First downs	3	11
Yards gained	65	148
Punts	5	7
Punt yardage	186	194
Passes attempted	8	10
Passes completed	0	2
Passes intercepted	1	2
Yards gained passing	0	27
Penalties	4	2
Distance penalized	30	10
Penetrations	0	1

Grades Lead in Stamp Sales

Listen! Grade school leads in the sale of bonds and stamps for the second consecutive week.

Everyone is proud of the elementary school and that the children from six to ten years of age, are able to know their duties and obligations, in this crisis.

Why should this be? No one seems to know unless it is because the older students seem to think there is a bigger job for them later on. There is no bigger job than buying war bonds and stamps. This keeps the whole war program going. As for that bigger job let us hope that the war will be over by that time. Let's see junior and senior high get together and do as much as the grade school.

The sales last week were: grade school, $160.35; junior high, $89.30; and senior high, $47.50. The total for the past four weeks was $1,005.-75.

There are not nearly so many complaints about the weather as there would be if the government regulated it.

Meet the Teachers

By Beth McDonald

Have you met her yet? No? Then you're missing a great deal and here's your chance to catch up.

Miss Elizabeth Jameson is small, neat, and blond with blue eyes, a soft voice, and an altogether pleasing personality. She is director of the Junior High Music Department and of the A Cappella choir.

Miss Jameson's home town is our next door neighbor, Amarillo, where she formerly instructed in the Amarillo Conservatory of Music. She has also taught in NTSTC Denton. Her college work was done in Cottey College, Missouri, the American Conservatory of Music, Chicago, and in Texas colleges, SMU, and NTSTC. She holds a degree of Master of Music.

Miss Jameson has few set preferences, but likes Chopin as a composer, is interested in dramatics, and reads as a hobby. Unlike most of us, she has no favorite movie, book, actor, or actress, food, magazine, or sport. Being a native of the Panhandle, she likes Perryton very much. Her's is a key position on the faculty, and the Perryton Public School is fortunate to have such a artist, particularly in this time when teachers are so few.

SHADE OF THE HAT

Elmo Lowe of the Red Cross was in Perryton this week showing the school some educational pictures.

Dwight Trosper with a carload of friends left Friday to visit friends and relatives in Oklahoma City. They returned Sunday.

John Foglesong and Donald Ellis have been seen snooping around the campus taking pictures for the annual. You had better comb your hair and look pretty.

P. H. S. is sure buzzing with activity since the annual sale has been launched.

Leroy Gross and David Stollings returned to school Wednesday after a trip to Oklahoma City.

Lester Barnes luckily escaped serious injuries in a car accident near Amarillo last week.

It seems John Foglesong and Jack Igou have been studying too hard lately. They are wearing glasses.

The Aeronautics class was presented with a group of pictures by the Coca Cola Co.

Roland Hurter has been out of school for a few days due to illness.

Miss Myrtle Lois Pearson spent the week-end in Wichita Falls visiting friends.

The achievements that adorn human progress are not the rewards of those who did not plan.

Perfect Girl and Boy Requirements

If a girl had the pleasing personality of Pauline Cotner, Margarite Orrill's sense of humor, Lorraine Littau's I. Q., Ruby Thrasher's smile, the figure of Laverne Crowe, Betty Pugh's eyes, the cute nose that belongs to Norma Lawrence, Gloria Goettche's lovely hands, Pat Arnold's curly locks, the smooth complexion of Ann Herndon, and if she could dress like Eulene Wade, was as popular as Kakie Allen, be as friendly as Mildred Forbes, have Mrs. Veale's speaking and acting ability, Miss Jameson's musical talent, and be as good a sport as Mary Ellen Moss. A girl with these traits would be nothing less than perfect.

If you would take the physique of Coach Slack, and attach to it the following traits, you would have a perfect young man: Bill Allen's personality, John Foglesong's sense of humor, the smile of Tommie Lee Bishop, Wilbur Cotner's brilliant intelligence, G. K. Rupprecht's popularity, J. J. Keims eyes with Johnnie Daniel's hair (before it was cut), Charley Brillhart's complexion, the pearly white teeth of Donald Schuster, Danny Ellis's nose, dress him like Bob Turner, give him the speaking ability of Edwin Pletcher, make him as friendly as Jack Parker, with Mr. Haye's musical ability, and the sportsmanship of Blackie Daniel.

Ray Veales Leave for Houston, November 8

The friendly, smiling face and the helpfulness of Mrs. Ray Veale will be keenly missed. Mr. and Mrs. Veale plan to leave for their new home in Houston, Sunday, Nov. 8. Mr. Veale has been connected with the Shindler Drug Store in Perryton and is leaving on acceptance of a similar position in Houston.

Mrs. Veale has been teaching music in the Perryton Public School for the past two years and she is a decided favorite, not only of the music students, but of all P. H. S., and her absence will never cause her to be forgotten.

New Books Junior High Library

When? October 22. Where? Junior High Library. What? Fiction books. How many? 100. The girls and boys of Junior High are extremely fortunate to have these new volumes added to their card catalogue.

Senior High, don't worry your bid has been put in for at least one hundred new books. There are several old copies you haven't cracked this year.

Thanks a lot, Miss Helen Fitch, for the splendid improvements being made in the library. The new books will help a lot in filling students' leisure time and reading list requirements too.

Patriotism On Halloween

By Jack Parker

Today, more than any other time, the American people must be more saving. Our government urges that every bit of scrap material should be saved.

Perryton, following the custom that was set last year, will permit members of the student body to be in charge of the city and county government during Halloween. The students of high school will elect the following city officers; mayor, chief of police, and the police force that is needed. These officers will be in charge of Perryton, Saturday, October 31.

This year we must have an entirely different Halloween program. Unfortunately, last year one of our citizens was seriously hurt and remained in the hospital for several days. This incident was only one of the many happenings that occurred in this part of the country last year.

We all realize that it would be practically impossible to replace any property that might be damaged. We as students, must think and plan our leisure time more today than any other generation in the history of our country.

Mayor Lance, Judge Shanks, and Superintendent Wedgeworth asked the youth in this community to prepare a well organized campaign to protect the property owners this Halloween.

Let's all back this campaign and show the citizens of Ochiltree County that we, the young folks, are true and loyal Americans.

EL TORO

Eulene Wade is the Senior girl who has the graduated boy friend. Nice going, Eulene, but remember! It gets awful lonesome and embarrassing having to go stag to school parties.

"Where are we going in such a hurry?" asked Gloria Goettsche of Robert Holland. "I'm trying to drive away from that darned spotlight," answered Robert. "Why Holly," said Gloria, "That's only the moon."

Quite a mixup occured last week when some unknown individual called up several members of Senior High and invited them to Kakie Allen's for a private dance. Much to the embarrassment of Kakie and the visitors, she knew nothing of the arranged dance and was at the time busily engaged in the strenuous process of scrubbing her blond tresses.

John Plummer, tall, blond and ? ? ? playboy of Perryton high school had a date with that charming debutante, Anna Evans, if she caught a ride to town. She didn't get to Perryton.

"Stranger Than Fiction," is the name for the latest romance between Peggy Thomas and Jack Parker. They made their presence and feelings quite obvious by appearing in assembly at least 15 minutes late. To be continued.

You have all heard the story of the "Three Little Sisters" who loved a soldier, a sailor, and a marine. Mary Frances Calhoun is one high school girl who wishes she was triplets. She's trying to do her part to keep up the morale.

Listed high among new school romances is the affair between "Jitterbug" Kenneth LaMaster and "Martha Raye" Jackson. This will probably break Johnny Daniel's heart.

Sue Hargraves and Ann Herndon are two more girls who are dating these graduate boys. They were seen with Doc Patton and Bob Lynch last Thursday night at the show. Do you girls know the theme of the show? It seemed that last week Ann Herndon let Bob Lynch slip through her fingers, but now it looks like she has regained her old technique.

Betty Jean Pugh and A. J. Eudy seemed to have patched things up the last few days and have forgotten some of their old memories.

The newest and perhaps the most surprising school romance is the one between Peggy Thomas and Wilbur Cotner. They both say, there is nothing to it but everyone has eyes. They pay a lot of attention to each other and they have traded senior rings. Peggy sure gets around.

It seems that Joy Lance and Tony Carpenter have found a liking for each other. Joy entertained Tony with a ride in a truck, to the country, Monday morning. Probably continued.

Demolays Get New Officers

The Order of Demolay's is now being reorganized after more than half of the pledged members left for college, the armed forces, or for jobs out of town. Because of so few enrolled, the order has been slow in getting started. In a previous meeting the following officers were elected: Donald Ellis, Master Councillor; Bob Zenor, Senior Councilor; Jack Parker, Junior C... and G. K. Rupprecht, Scribe-Treasurer.

If there are any boys between the ages of 15 and 21 who wish to enter the Demolay's please see one of the above officers for information.

Regular meeting will be held first Monday in each month at the Masonic Hall beginning promptly at 8:00 p. m.

That Extra Something!

...You can spot it every time

IT TAKES "know how" to do a job right. The makers of Coca-Cola have specialized in knowing how to produce refreshment.

Coca-Cola is a quality drink carefully made . . . with years of experience behind it. A finished art in its making, unknown to others, gives Coca-Cola an unmatched taste-appeal with an unmistakable after-sense of refreshment. A blend of special essences adds to the goodness of Coca-Cola an extra something that everybody welcomes.

More than just thirst-quenching, ice-cold Coca-Cola is the drink that goes into refreshing energy. Its refreshment pleasantly lingers, reminding you that contentment comes when you connect with a Coke.

• • •

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

When the whistle blows for lunch, workers make a bee-line for the red cooler that holds ice-cold Coca-Cola. Coke is the perfect partner of good things to eat.

Coca-Cola 5¢

We're Back in the

MACHINERY REPAIR BUSINESS

With Our Sleeves Rolled Up Ready to Serve You!

Due to the fact that our shop was recently destroyed by fire our repair department has been closed down. We now have our building replaced and new equipment installed—Bring in your Tractor NOW!

Complete Overhaul Job on your

JOHN DEERE TRACTOR $27.50

DURING THE NEXT FEW MONTHS, BEGINNING NOW, we will completely overhaul your John Deere Tractor for the flat rate of $27.50 labor.

WE BELIEVE THAT IT WILL PAY YOU TO LET US DO THIS JOB NOW FOR THE FOLLOWING REASONS.

WE GIVE YOU A BIG JOB FOR THE MONEY: This flat rate job means that we completely overhaul and check your tractor from one end to the other, nothing is overlooked, we check the magneto, carburetor, reface and reseat the valves, check transmission, differential, motor and bearings, in fact every part of your Tractor.

WE HAVE THE EQUIPMENT IN OUR SHOP TO DO THE JOB RIGHT. Our equipment is new, and no expense has been spared in buying equipment to do the job right.

THE MEN WHO WILL DO YOUR WORK ARE FACTORY TRAINED MECHANICS: They work on John Deere Tractors every working day of the year, and we feel that they are much better qualified to give you a good job than any other mechanic, no matter how good who work on a John Deere Tractor occasionally.

WE WILL NOT RUN UP A BIG REPAIR BILL WITHOUT CONSULTING YOU: When we get your Tractor torn down we urge that you come in so that you can see just what kind of condition it is in. If it does need any major parts we will not go ahead and put them in until you have given your O. K. to the job.

WE USE ONLY GENUINE JOHN DEERE TRACTOR PARTS: We could save a few dollars on (will fit parts) but we know from experience that it pays to use **GENUINE JOHN DEERE PARTS,** that fit and wear like the original.

OUR TRACTOR PARTS ARE NO HIGHER THAN THEY WERE A YEAR AGO.

WE HAVE A COMPLETE STOCK OF REPAIRS: We take great pride in the fact that you don't have to wait here until we can order in for you some particular Tractor repairs. We have the most complete line of Tractor parts of any dealer within 100 miles of Perryton. We are going to do our best to keep this full line, but we don't know what the future will bring.

AFTER CONSIDERING THESE FACTS—We are certain that you will agree that this is the **TIME AND THE PERRYTON IMPLEMENT CO.** is the place to get your John Deere Tractor overhauled.

DON'T WAIT — BOOK YOUR TRACTOR WITH US NOW as we already have many tractors in line. Join the thrifty John Deere Tractor owners who let us get their tractors every fall when the work is done and check them over, thus assuring them of twelve months of trouble free operation.

SPECIAL NOTICE

Five weeks ago today our repair shop together with our equipment was destroyed by fire. We have had considerable difficulty obtaining building material and equipment to replace what we lost. However we are now proud to announce to the Farmers of this Trade territory that we are again open for business and that our shop is not only as modern and well equipped as it was before the fire, but it is better than before.

Due to war conditions we are going to experience more difficulty in obtaining and keeping an adequate stock of repair parts than we have ever experienced before. For this reason it behooves all farmers to repair their farm machinery now, especially their tractors. Our tractor factory is working with the war effort in putting the main part of their facilities into the production of war materials. Consequently it is up to our concern and every other such place to rebuild and keep running for the duration the farm machinery that is so necessary for the raising of foods and farm products.

No expense has been spared in placing the best possible equipment in our shop to keep farm machinery going. During the winter months while machinery is idle we urge the cooperation of the farmers of this area in bringing their equipment in and let us repair it and having it in readiness for the coming season.

We wish to call to your attention that we have taken every precaution to see that we do not have another fire. However if an accident should happen while your tractor or other equipment is in our place of business WE CARRY INSURANCE AND YOUR EQUIPMENT IS PROTECTED.

We wish to say that we are deeply grateful for the business and cooperation that you farmers have given us in the past, and that we are going to do our very best to give you the best service possible in the future.

Very truly yours,

ROY STINSON

Perryton Implement Co.

"John Deere Equipment is the Standard of the World"

Missionary Writes Perryton Relatives Of 70 Day Trip from Korea to U. S.

Miss Mary L. Dodson, Austin, a Presbyterian missionary for 19 years, located in Korea, writes her aunt, Mrs. F. Dodson Sr., of Perryton, about her trip back to the United States. The first letter was written by Miss Dodson to the family on August 6, when she was enroute to New York. The second letter written September 10 by Miss Dodson was to her church at Nashville, Tenn.

The Gripsholm, the refugee ship bringing Miss Dodson into New York, had 1960 persons aboard, including the crew. Of this number 683 were missionaries from the far east forced to return home because of the war. Her two letters, giving interesting details of their departure and of their 70-day trip, are as follows:

In the South Atlantic
August 6, 1942

Dear Family:

I heard from all of you in South Africa and was so glad to hear. The last letters I had were in February and they were written in October. Had fourteen in Lourenco Marques (in East Africa), but I cannot put very much in an airmail one in answer. We tried to send a cable at Christmas to let you know we were safe but we were not allowed any communications even with the people in Korea, and after the 8th of December when Mr. Talmage was taken to jail, Mrs. Talmage, Florence and I were interned in our own house, but we could go anywhere on our compound and we had plenty of food and fuel. We were allowed to send Mr. Talmage his food to the prison and he was not mistreated, so we feel that we have not had a hard time.

We left Kwangju on the first day of June—were taken by guards to Kobe and interned there for two weeks, then taken to Yokohama and put aboard the Asama Maru. We waited for a week before the ship sailed—pending some negotiations with the American government—and sailed on June 25th. On board the ship we were well treated and fed well, tho the food was not as fresh and tasty as it is on this boat. These people are excellent cooks and we are getting fed up. Many people needed it, for some who had been in concentration camps in Hong Kong were really hungry and food is very scarce in the Orient because it has to go to the soldiers. We marvelled at the way they were able to feed us on the Japanese boat for we had so much more sugar than we thought they had. The common people can not get it—only a very small amount each month. I heard today there are 10,000 Jews concentrated in Shanghai on starvation diet. Please ask the churches at home to pray for them—that the Lord may touch their hearts and bring them unto him at this time. We have missionaries on board from Manchuria, Korea, all parts of China, Japan, Thailand, and Indo China. I have not learned the number yet, but there are more denominations than I knew existed, and we are having some fine Bible study and prayer meetings, We are praying for revival to come on this boat. There are very many earnest Christians on board. There were 99 of us came out of Korea together—that is, 76 missionaries and 23 British. The British had to wait in Kobe for another boat. There are a few Irish priests—Free Irish—who could not come because their country is neutral.

I think it is marvelous that a little country like Switzerland could be used to do for us all that she is doing. We were allowed to bring out some Japanese money which we had in the bank to the amount of $250. If we get anything for it when we get to New York, that is yet to be seen. But we were allowed to borrow from the United States government on this boat to the amount of $50.00 so we will have some when we get to New York. I may need some while there, as I want to stay there a few days since this is the first time, and I will probably buy a few clothes but I think Dr. Fulton will have some there for us. If I need any, will let some of you know.

We were told that we could bring out what baggage we could carry in our hands and Florence and I did that, but we found that many others were told they could bring five pieces of baggage. However, I won't grieve over the loss of things. Some people in China lost everything. We do not know much about ours, but we think the property was confiscated. However, it was not looted so far as we know. I gave away most of the things I had which would be of use to Koreans. A woman doctor, a good friend of ours, decided to adopt our little baby and we were so happy and thankful for that. She is a widow with one son about grown and he wanted her to take the baby. It was all a very happy arrangement. We had several days in Lourenco Marques and did some sight seeing there. We are due in Rio next Monday and we hope to do a little there but I think we are only to be there 24 hours.

Including the crew, there are 1960 people on board. Our table boy said tonight that it took 800 chickens for our supper. We had such good ice cream for dessert. They say it was made in Rio and they got it on the way to Lourenco Marques. We have it about three times a week and it is the best we have had since we left America.

Your letters sounded as though life is going on as usual. I suppose I will go to Pittsburgh from New York. There is a Flora Dodson on board—a Baptist missionary from South China. Her people are from Kentucky. I think she is probably kin to us. They billeted us according to alphabet, so I am rooming with Flora Dodson, Mary Donaldson and Ellen Drummond. Florence has sent her brother in New York a letter asking him to make reservations for us either at the Prince George Hotel or at the Biblical Seminary in New York, but if you send me any mail there, send it to 156 Fifth Ave. c/o Northern Presbyterian Board.

Love to all,
Mary

P. S. 683 missionaries on this boat.

1364 Navahoe Drive,
Pittsburgh (16), Penn.
September 10, 1942.

Dear Friends:

My last letter to you was written in November of 1941. It was sent back to me from Pusan, Korea, after having passed the censor, with the statement, "There is now no transportation for this letter to get to America." I kept it along with about a dozen others in my desk until the first of June, 1942, hoping that I might even bring them along and mail them in New York, or wherever our landing port would be. We did not know at that time anything about where it would be, for we were on a mystery ship.

Some day I want to send you a letter telling you about the faithfulness of God, and the goodness of the Koreans to us in Kwangju, but this letter is especially to tell you about our coming out.

"Many, O Lord, my God, are thy wonderful works which Thou hast done, and Thy thoughts which are to us-ward; they cannot be reckoned up in order unto Thee: if I would declare and speak of them, they are more than can be numbered." (Psalms 40:5).

Truly these words express my thoughts as I try in a very inadequate way to declare unto you the wonderful workings of Jehovah, on a trip which seems in many ways comparable to the coming out of the children of Israel from Egypt. Everything was arranged for us: time, trains, boats, the amount of baggage we could bring, but we learned our steps along the way.

On the fourth day of April we were told to be ready to come out of the country by the 15th of that month. We were told, that we were to be exchanged but we did not know much about it, nor how much to believe. We had no communication with other missionaries, so we did not know whether they were coming out or not. We also did not know whether Mr. Talmage, who was then in jail, could come out with us or not. In fact they told us that probably he would not. That was truly a hard day for Mrs. Talmage and she said she would also stay. The Lord was with us greatly that day, and helped us in every decision. We soon realized that they would not permit Mrs. Talmage to stay, neither would they allow us to stay with her, so we believed the Lord was sending us out. The policeman asked us to write a note to the officials asking them to send us out. We refused to write it that way, but we did say that if the government sent us out we would obey the government. At this time we had had no communication from the Swiss government. The letters were probably then at the police office, for we received them later, away overdue. Mrs. Talmage's faith and courage during this time was wonderful. God's grace is always sufficient.

We were still completely in the dark about world affairs, or the status of other missionaries in Korea, but on April 9 they brouht Mr. Talmage home to be ready to come out on the 15th. We were told we could bring out what baggage we could carry in our hands, so we had to get our clothes down to the limit. We learned later that the people in Manchuria were told that they could bring five pieces of baggage, and in Japan still more. On the 14th they came out and told us that the boat had been delayed a month, for us to wait that long. It was really the first day of June when we left Kwangju.

We had plenty of food right up to the last, much we had on hand and much was brought to us by God's own ravens. "We thank God upon every remembrance of them." Up until almost the last we still had opportunities of telling the Gospel and doing personal work with those who came to us. The time seemed more precious than ever before so we felt like redeeming the time.

On the morning of June 1, we cooked our own breakfast, washed up and put away everything, packed away the beds, much of the bedding we gave away before daylight, locked the doors, turned over the keys to our guardian angel (the detective, a Korean who had been the one to help us all the way along in dealing with the officials) and left our home for parts unknown.

In the meantime we had seen the list and knew that we were not coming out alone. There were three Catholic priests from Kwangju, who left there with us. We were taken by guards, one Korean, and one Japanese, both in civilian clothes, (no swords) to the main railroad, where we met other Americans and British. Altogether there were 99 of us when we reached Pusan. The only white people left were some free Irish priests, whose passports were neutral, and a few people who had married natives. We crossed the straits between Korea and Japan in the daytime with the curtains drawn over the portholes so that we could "see nothing, hear nothing, tell nothing." Mr. Oda, the secretary for Foreign Affairs in Seoul, chaperoned us to Kobe and looked after us well, but it was a sad trip for him because his sixteen year old daughter died of T. B. in a hospital there on June 16, the day we left there.

We were interned in Kobe for two weeks in the Immigration Institute and fed as guests of the government by the Mikado restaurant. We thought they did wonderfully well considering the scarcity of food in the Orient.

On the night of the 16th we sat up on the train from Kobe to Tokyo, but the next morning they took us all to a nice hotel there where they gave us a wonderful breakfast. By this time our number had increased greatly because we had gathered up the people from Kobe, the consular force, etc. That breakfast looked wonderful to us—linen tablecloths, silver, coffee with cream and sugar, plenty of food for everybody, and nice courteous service.

We were then taken to Yokohama, and got on the boat about noon. That boat looked luxurious to us. I don't think I have ever been on a nicer boat, some of you from Korea will know it, the "Asama Maru." We were supposed to sail that afternoon, but there appeared on the bulletin board this announcement: "By order of the government this boat will not sail today; watch this board for further announcements." No further announcements ever came. They took us outside the harbor, and out of sight of land, but there we sat for seven days waiting some kind of negotiations between the two governments. We did not know whether we would sail or not, but everybody seemed happy and somehow we had perfect peace.

About 1:30 on the morning of the 25th, we were awakened by much noise and shouting. To those who had gone on deck to see what it was all about the officer shouted: "To your cabins now." The anchor was pulled up, and we were off, we thought to Hong Kong, but we did not know until later.

"I will take you from among the nations, and gather you from all countries, and will bring you into your own land."

And so we stopped at Hong Kong, so far out that we could see nothing of the city, and took on 300 people from Stanley Camp, where they were interned. They had many touching stories to tell us, and there have been many earnest prayers offered for the British who must be hungry for awhile longer.

From there to Saigon, where we went up a beautiful river, and took on people from Thialand and Indo China, saw some of the natives, and could buy coconuts, the most delicious grapefruit, and bananas—a luxury for us, and the natives made money. We made stop at Singapore to get water, but we could see nothing, as we were too far out. From there we came down through the straits between Java and Sumatra. The land was close enough on both sides to be seen well and it was a beautiful sight.

Up till now we had been in the "New Order for East Asia" so we had to keep Tokyo time and so the clocks could not be changed. We had to get up very early to eat breakfast at 8 o'clock, until we could get to a place where we could change.

Perhaps you know that the Italian boat "Conte Verde" was used to bring the people out of China, so from Singapore we came along together. Both ships were electrically lighted by four white crosses, so that no one could be mistaken as to who we were. This was at night time and we were often reminded of the "pillar of fire" by night.

After we came out into the Indian Ocean, and also around the cape, we had some high waves, but never dangerous, and never a storm except a very little squall just before we got to New York. This seemed marvelous on a trip of seventy days.

We passed through two summers, two tropical seasons, and one winter a part of which was spent at Lourenco Marques, East Africa, a lovely little winter resort. Here we saw the "Gripsholm" for the first time, and from there on we were in a different world. On the day the exchange was made the cabins and the dining rooms were not ready for us, so they spread a picnic lunch for us out on the decks, and I am sure everyone agreed that it looked better than any food we had even seen. I heard one man say, "Is there any such food as that in the world yet?" Think of preparing a picnic lunch for over 1,500 people, but they could do it; and they did it well.

Two weeks from there to Rio! I think that must be the most beautiful city in the world. We were there 36 hours and had time to see some of it. It is a city set in among high mountains, lakes, beaches, with beautiful vegetation and a most wonderful harbor. Most of the houses were of Spanish architecture, with beautiful yards. We left there at 4 o'clock in the afternoon and were sailing out of the harbor for two hours. As we looked back at the sun setting in between high mountain peaks, and spreading a blaze of glory over the city, it was a never-to-be forgotten sight.

From there on the excitement was about getting to New York, though it was two weeks before we docked on August 25; and three days before some got off the boat then. As we came in sight of the Statue of Liberty at 9 o'clock in the morning, on a beautiful bright day, it seemed as if everything had been arranged for us to have the best sight-see possible. That night there was a full moon that rose over the tall spires of the city and gave us a good view; then the following night, while we were still on the boat, there was a complete eclipse of the moon.

I got off the boat at 7 o'clock on the evening of the 27th, tho many did not get off until the next day. No news was allowed us on the boat.

That was a time that cannot be erased from memory; to see friends; to see families some of them after to get our own letters grams; and to realize we free soil again. This great experience!

Before closing I want few words about the prayings and Bible study on the boat. While we were ed in Kobe we started meeting, and continued "Asama." The people on the "Conte Verde," and we united on the There were 40 different ations, nearly 700 Protesionaries. Not all of those those prayer meetings, those who attended there a unity of spirit, and Lord, that it was a great for all.

We are thankful to the ernment of Switzerland so much for us; to the people, who served us day, and seemed to show resentment toward us; to ish people and the "Gripsholm," clean, nice, and to our own governsentatives; to the hosts relatives, and church were praying for us, but to our heavenly Father us out by His own and we lacked nothing brought us to our desired

Most sincerely,
Mary L.

Uncle Sam Needs Your

SCRAP

Before the Snow Flies

We've all heard a lot lately about the need for scrap metal.

Probably you've already done something about it.

But every one of us has got to do more. *Much* more. AND DO IT QUICK!

Here's Why

This war is swallowing steel like a quicksand.

We need scrap metal to make steel . . . steel for *more* tanks . . . *more* planes . . . *more* ships . . . *more* guns . . . and *more* shells.

It's our job to supply our boys and allies with all these things they *must* have to smash the Axis on land, at sea, and in the air.

Scrap Is Precious

Steel for tanks, planes, ships, etc., is made by melting old scrap metal with pig iron—about half and half.

The pig iron is made from iron ore that comes from mines.

But that precious scrap—THAT'S got to come from us folks here on the Home Front.

What Is Scrap?

Scrap is ANY old thing, made out of iron or steel, that we don't absolutely need.

It is anything from a hairpin to a busted steam boiler . . . from a paper weight to a cracked rail.

It is old machinery, pipe, tools, flat-irons, auto parts, screws, nuts, bolts, bathtubs, lawnmowers, stoves, tanks, metal barrels, iron fences—and what have you.

Where Is It?

This old scrap is everywhere. It is in cellars, attics, closets, alleys, auto graveyards, fields, garages, barns, and factories.

We've all got SOME, be it little or much.

A typical town family is said to have about 70 pounds lying about; a farm family, nearly 750 pounds.

In ten months after Pearl Harbor the Santa Fe scraped together 210,716,000 pounds of scrap. A pound here, a ton there. That's how it mounts up.

Scrap Means Steel...Steel Means Victory
Sell It or Give It...But Get It In

Steel is the only language those bandits in Tokyo and Berlin understand. Let's give them plenty of talk . . . *in their language.*

Every county, city, and town is having a scrap drive. Watch your local newspapers on how to get in it. Sell what you have, or give it away—*but get it in!* And now's the time, before snow flies!

Your scrap can save American lives and help shorten this war. Every pound *you* turn in helps.

Santa Fe

SANTA FE SYSTEM LINES

CODE
For Loyal Americans

"As a Loyal American, I hereby resolve,

That our honored dead of Pearl Harbor 'Shall not have died in vain.'

That I shall work and save and sacrifice to help my country in this hour of need.

That I shall measure every hour by the lives of American boys whom I am helping to save.

That I shall buy War Bonds and Stamps out of my current income to the very limit of my ability.

That I shall save systematically to pay off all my taxes as the payments are due.

That I shall not hoard either money or materials.

That I shall conserve all resources and materials essential to winning the war.

That I shall think and act in a truly American way—sanely, calmly, intelligently.

On my honor I shall do all these and more uniting with all my fellow Americans to carry our nation thru to victory."

We heartily endorse this code which was adopted by the Board of Directors of the Financial Advertisers Association.

Youth Organization Give PTA Program For October Meet

The Perryton Parent Teacher Association met Monday evening, Oct. 26, in the high school auditorium. Mrs. C. B. Rogers, president, called the meeting to order.

Rev. S. R. McClung, Baptist pastor, gave the devotional from the first chapter of Luke, starting with the 46 verse. It had to do with "Home" and "Children" and tied in with the topic of the evening. Mrs. Chas. Kent quoted from the monthly letter of Mrs. Jack Little, state president, in which she stressed the necessity of keeping up the membership as never before as it is important that the organization stand behind the youth of the land.

It was voted to sponsor the showing of moving pictures at the school building as a wartime activity. The revenue to be used to carry on the work of the year and to give aid to war relief such as and including the China relief drive. Miss Elizabeth Jamison led the audience in the singing of "Remember Pearl Harbor," "Marines Hymn" and "God Bless America." Miss Madeline Colbert gave as a piano solo "Lento" by Cyril Scott.

Mrs. F. B. Sumpter in charge of the Youth Symposium announced the groups appearing on the program and introduced the leaders of each. Church Youth was represented by Miss Belle Marie Wright with the youth of the Baptist Church taking part by answering questions on the Bible; giving Bible verses; and exemplifying accuracy and speed in finding scriptures.

The 4-H club, directed by Miss Elizabeth Huffhines, county demonstrator, and E. W. Thomas, county agent, gave a playlet written by Mrs. Fred Huston on "How to Help Win the War." A timely display of flowers, vegetables, canned fruits, meats and farm products showed how it actually could be done.

Girl Scouts, under Mrs. C. L. Craig with Mrs. Faye Reeves and Miss Marie Pinckley as leaders of Troops One and Two, gathered around a campfire, all in uniform. They gave the pledge of allegiance to the flag; the pledge to the girl scout flag; the ten scout rules and sang a scout song.

The Boy Scouts were not able to give their skit. Leroy Hartman, local scout commissioner, explained the growth of scout work. He said many scouts were now with the armed forces. Both, J. W. Chase Jr., a member of the U. S. Coast Guard, and A. B. Pease, stationed at the U. S. Naval Training Station, San Diego, are now registered in Troop 45. Dick Nies and Lee Tucker were active scouts during their youth here.

The Victory club, a new organization for school, has twenty members with Bob Bray as president. Jack Parker, the vice president, told of the clubs work in developing school leadership. One of the principal activities of the club is the sponsoring of the sale of war stamps and bonds. Tom Slack and Miss Marie Pearson are the sponsors.

The work of the Homemaking club was told by Ilena Mae Wilson. Their motto is "Eat it up—Wear it out-Make it do—Or do without."

The Future Farmers is under the direction of C. H. Williams, who briefly explained the workings of the organization and said their present aim was to produce more beef, more pork, more eggs, and more milk. Wendell Atchinson gave figures to show how the F. F.'s in the county were increasing production.

Mrs. F. B. Sumpter, mother advisor of the Rainbow Assembly, said the purpose of this assembly was a spiritual and character builder thru social contact. Mary Kathryn Allen gave the Rainbow Creed adopted by the founder, Mark A. Sexton. The members formed a rainbow at the back of the stage and then all sang "Keep the Home Fires Burning."

The sixth and the twelfth grades tied for room attendance prize.

Study club will meet November 9 with Mrs. W. J. Miller at the Gray Booster Station.

Texas Leads Nation In Red Cross Nurses

WASHINGTON, D. C.—Is Texas the most war-minded state in the country?

The American Red Cross Nursing Service believes that it might be, because it is the only state to have exceeded its quota of nurses enrolled in the Red Cross First Reserve, chief source of the Army and Navy Nurse Corps. It has enrolled 152 per cent of its quota.

"Texas has made an extraordinary record in enrolling nurses for the armed forces," commented Miss Mary Beard, Director, Red Cross Nursing Service. "A Texas nurse for every Texas man in service, seems to be the motto in that state. One reason Texans are so war-minded may be the presence in the Lone Star state of so many camps and air fields. In any case, we are receiving enthusiastic support from hospitals, nurse examining boards, local Red Cross Nursing committees and the Texas Nursing Association."

Miss Beard said that Delaware has made the second best record with 96 per cent of its quota and Georgia is third with 72 per cent.

Enrollment in the Red Cross First Reserve for September totalled 2,118 the largest monthly record in history. It capped the previous high of February, 1942, by 43. Of the September total, 1,414 were referred to the Army Nurse Corps and 383 to the Navy Nurse Corps for early assignment. The remainder are in other key government jobs or have been deferred temporarily.

To further stimulate enrollment in the two Nurse Corps and to fill the requirements for the coming year of 36,000 more qualified nurses, full-time enrollment secretaries have been appointed by the Red Cross Nursing Service in 41 key cities. Mrs. Thelma Munn is acting as recruitment specialist in the Middle West with offices in St. Louis.

Perryton Girl is Dormitory Counselor

DENTON, Oct. 27—In campus-wide elections at Texas State College for Women last week, students chose their dormitory leaders for the semester. House presidents and secretaries and floor counselors were chosen in the nine regular dormitories and the eleven cooperative homes.

Leaders are chosen on a basis of scholastic standing and citizenship record. Their duty is to lead the dormitory in defense activities, recreational programs, and College Government work, and to maintain college standards in dormitory life.

Miss Glenna Rae Williams of Perryton, a senior majoring in health and physical education, has been elected a couselor in the senior dormitory, Stoddard Hall. She is the daughter of Mr. and Mrs. Alton H. Williams.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: The unknown heirs of Amanda Drake, deceased, Lutie Drake, Elijah Coleman Drake, alias, E. C. Drake, Hugh Drake, Ual L. Drake, Rogers Drake, Lester J. Drake, Samuel Jackson Drake, The unknown heirs of Ulysses Drake, deceased, The unknown heirs of Lester M. Drake, deceased, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 16th day of November, A. D., 1942, at or before 10 o'clock a. m., before the Honorable District Court of Ochiltree County, at the Courthouse in Perryton, Texas.

Said plaintiff's petition was filed on the 2nd day of October, 1942.

The file number of said suit being No. 695.

The names of the parties in said suit are: Perryton Wheat Growers Inc., a corporation, as Plaintiff, and The unknown heirs of Amanda Drake, deceased, Lutie Drake, Elijah Coleman Drake, alias E. C. Drake, Hugh Drake, Ual L. Drake, Rogers Drake, Lester J. Drake, Samuel Jackson Drake, the unknown heirs of Ulysses Drake, deceased, the unknown heirs of Lester M. Drake, deceased, are Defendants.

The nature of the said suit being substantially as follows, to wit:

Statutory suit of "Trespass to Try Title" to the following described land, to wit, Being all of Lots Five (5), Six (6) and the West One-half (W½) of Lot Seven (7) all situated in Block B, and on Sec. No. 1100 in Block 43, H. & T. C. R. R. Company, in the City of Perryton, Ochiltree County, Texas. The plaintiff alleges he is the owner in fee-simple of the aforesaid property, and specially pleads the Ten year Statute of Limitations as additional ground of recovery of said property, and prays for title and possession of said property and the cloud cast on his fee-simple title be removed and it quieted in its title, costs of court, relief general and special.

Issued this the 2nd day of October, 1942.

Given under my hand and seal of said Court, at office in Perryton, Texas, this the 2nd day of October A. D., 1942.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock, a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of November, A. D., 1942, at or before 10 o'clock, a. m., before the Honorable District Court of Ochiltree County, at the Courthouse in Perryton, Texas.

Said plaintiff's petition was filed on the 15 day of October, 1942.

The file number of said suit being No. 699.

The names of the parties in said suit are: Grover C. Butler, who is also known as Grover Cleveland Butler and who is also known as Grover Butler as Plaintiff, and J. F. Marion, William Green Butler, William G. Butler, W. G. Butler, Finley Felix Butler, Finly Felix Butler, Finly F. Butler, Leon Butler, Lee Butler, Fred Butler, Addie Butler, Addie Sudan Livingston, Addie Susan Livingston, Ida Butler, Ida Kelly, Ida Manda Kelley, Bettie Butler, Betty Forbes, Mary Bettie Forbes, Mary Betty Forbes and Bettie Butler Forbes, if living, and if they or any of them be dead, then their respective heirs, unknown heirs, executors, administrators, devisees, trustees, assigns and legal representatives, and Kansas City Life Insurance Company, The Perryton Agricultural Loan Company and The Farmers & Stockmens State Bank, Perryton, Texas, if existing, and if they or any of them be dissolved, then their respective unknown successors, trustees, assigns and legal representatives as defendant.

The nature of said suit being substantially as follows, to-wit: suit of trespass to try title, alleging that plaintiff, on July 1, 1942, was the owner, in fee simple, of the following described premises situated in Ochiltree County, Texas, and described as all of the West one-half (W½) of Section Forty, (40), Block four (4) G. H. & H. Ry. Co. Original Grantee, and on such day they were in possession, and afterwards on July 2, 1942, defendants unlawfully entered upon and dispossessed them of such premises, to the damage of plaintiff in the sum of $8,000.00 Further supplementing his suit of trespass to try title, plaintiff pleads the five, ten and twenty-five year statute of limitation as ground for recovery in his behalf and in bar of any right of defendants, alleging that he has held and had the peaceable, continuous and adverse possession of the land above described for twenty-five years prior to the filing of this action under claim of right in good faith and under deeds and other instruments of title, conveying the same to him and those whose title he holds, all of which are of record in Ochiltree County, Texas showing title vested in them from and under the sovereignty of the State of Texas. Plaintiff also asks that the cloud cast upon his fee simple title by the adverse claims of the defendants and each of them, be removed; for cost of court, and relief in law or in equity to which he may show himself entitled.

Issued this the 15th day of October, 1942.

Irvin R. Buchanan,
Clerk District Court.

Given under my hand and seal of said Court, at office in Perryton, Texas, this the 15th day of October A. D., 1942.

The plaintiff's petition was filed on the 30th day of September, 1942. The file number of said suit being No. 694. The names of the parties in said suit are, Alta Schnell, Plaintiff, and Lavern Schnell, defendant. The nature of said suit being substantially as follows, to-wit:

Suit for judgment of divorce by plaintiff against defendant, reference here being made to Plaintiff's Original Petition on file in said cause, and in which plaintiff alleges that she and defendant were married on December 14, 1940, and separated on June 3, 1942; that defendant, shortly prior to their separation, commenced a course of cruel treatment toward plaintiff, which continued until the date of said separation; that defendant was guilty of excesses, cruel treatment and outrages toward her of such a nature as to render their further living together insupportable; that said marriage relations still exist. Plaintiff prays for judgment dissolving said marriage relations, and for restoration of her maiden name, and for such other relief that she may be entitled to.

Issued this 14th day of October, 1942.

Given under my hand and seal of said Court at office in Perryton, Texas, this 14th day of October, 1942.

Irvin R. Buchanan,
Clerk, District Court,
Ochiltree County, Tex.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To, Bessie Opal Finley Herlacher, Lorene Burton Herlacher and the heirs, unknown heirs, executors, administrators, devisees, trustees, assigns and legal representatives of R. F. Herlacher, deceased GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of November, A. D., 1942, at or before 10 o'clock a. m., before the Honorable District Court of Ochiltree County, at the Court House in Perryton, Texas.

Said plaintiff's amended petition was filed on the 17 day of October, 1942.

The file number of said suit being No. 644.

The names of the parties in said suit are: E. D. Herlacher and J. A. Shahan, Opal Herlacher, Bessie Opal Finley Herlacher, the heirs, unknown heirs, executors, administrators, devisees, trustees, assigns and legal representatives of R. F. Herlacher, deceased, L. A. McClure and Lorene Burton Herlacher as Defendants.

The nature of said suit being substantially as follws, to-wit: Suit of trespass to try title, alleging that plaintiff, on May 5, 1941 was the owner, in fee simple, of the following described premises situated in the county of Ochiltree, Texas, and described as all of the Southeast Quarter (SE¼) of Section No. 100, in Block Thirteen (13) T. & N. O. RR. Co. Survey, Ochiltree County, Texas consisting of 160 acres of land more or less, and on such day he was in possession, and afterwards on July 5, 1941, defendants unlawfully entered upon and dispossessed him of such premises, to the damage of plaintiff in the sum of $2,000.00. Further supplementing his suit of trespass to try title, plaintiff pleads the ten and twenty-five year statute of limitation as ground for recovery in his behalf and in bar of any right of defendants, alleging that he has held and had the peaceable, continuous and adverse possession of the land above described for twenty-five years prior to the filing of this action under claim of right in good faith and under deeds and other instruments of title, conveying the same to him and those whose title he holds, all of which are of record in Ochiltree County, Texas showing title vested in him from and under the sovereignty of the State of Texas. Plaintiff also asks that the cloud cast upon his fee simple title by the adverse claims of the defendants and each of them, be removed; for cost of court, and relief in law or in equity to which he shows himself entitled.

Issued this the 17th day of Oct., 1942.

Irvin R. Buchanan

Given under my hand and seal of said Court, at office in Perryton, Texas, this the 17th day of October A. D., 1942.

THE well-dressed woman will wear overalls—willingly—to care for her country's cars. And on her civilian duties she doesn't go faster than 35—same as all other patriots. 35 gets you there without undue wear. But there's another battlefront against wear at exactly 00 miles per hour!

When your car's stock-still, with the engine starting cold, what's faster—your Winter oil or rampant Friction? You can have hopes—or you can have your engine OIL-PLATED by the quick simple change to Conoco Nth motor oil. Enriched by an added synthetic, this patented Conoco Nth oil seems to "magnetize" OIL-PLATING to inner engine surfaces as closely as durable plating on bumpers.

Where does any good plating go during all-day parking or overnight? It doesn't go. It stays. And neither does OIL-PLATING all go draining down to the crankcase at every chance. Long hours after you stop—long minutes before any oil from below could climb all the way up—the OIL-PLATING that's stayed up can be easing cold starts. This faithful OIL-PLATING is still there at 35, of course, aiding the high-duty liquid film of Nth oil to keep wear that much farther away.

Not much chance now of changing to a new car. Smart strategy is changing to an OIL-PLATED engine. Get Conoco Nth oil for Winter at Your Mileage Merchant's Conoco station. Continental Oil Company

P.T.A. Offers Twenty Shows

The Parents Teacher Association is sponsoring the showing of twenty motion pictures and programs. Each Monday night for 20 weeks, a program of pictures will be offered. These shows are sponsored by the P. T. A. to raise funds for war time activities, including China Relief and other victory drives, stated Mrs. C. B. Rogers, president.

Season tickets will be offered this week end. Single admission will be 25 cents. Season tickets are only $1.00. The first show is Monday, November 2, 8 p. m., school auditorium.

These pictures depict inter-American activities and are of outstanding educational value. Each picture will portray some phase of civilian and defense life of various allied countries, including Australia, Argentina, Quatamala, Columbia, Ecuador, Venuzuela, Brazil, Canada, Yucatan. These pictures are furnished by the Texas Educational Department.

All pictures will be shown to the school children. Adults will be given an opportunity to see them. Name of the picture and time of showing will be announced through the school.

No. 9 Continued from Front Page

When Texas voters go to the polls Tuesday, Nov. 3, their ballot on five constitutional amendments will lift the general election above the familiar routine rubber-stamping of democratic nominees. Take a little time out and go to the polls. It is your patriotic duty to vote. Furthermore, it is your duty to cast an intelligent ballot.

The first amendment on the ballot provides that the legislature shall not appropriate money until the Comptroller certifies that there will be money available in the treasury to pay the appropriations.

The second amendment seeks to pay for a building erected at John Tarlton Agricultural College. This amendment authorizes the Legislature to pay for a building constructed at John Tarleton Agricultural College. Several years ago a governor issued a deficiency warrant for a building at this college. The contractor erected the building, but it was found the governor did not have the power to issue such a deficiency. The state owes somebody for this building. Whether right or wrong in the policy of erecting the building, the state should pay its debts.

Other amendments, as they will appear on the ballot are as follows: Be sure and vote

For (or against):

"The amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or current jurisdiction with the county court in civil, criminal or probate matters."

For (or against):

"The constitutional amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in state institutions of higher education." The nation will see a growing demand for military training and this may be secured only as military men are assigned to the colleges. The cast is not going to be great as compared with the future benefits.

For (or against):

"The amendment to the constitauthorizing the investment of not more than two million dollars ($2,000,000) of the permanent school fund in bonds of the State of Texas to be issued for the construction of a state office building or buildings and providing for the repayment of the said sum of money to the permanent school fund." The State is now paying out $126,000 annually for rents in Austin. Naturally, this would be no time to start a two million dollar building, but if the authority is given now the state can do its building at the proper time—any time within five years, according to the amendment.

abled them to buy the most modern tools available.

The Perryton Implement Co. urges farmers to repair farm machinery during the months equipment is idle. As has been their policy in the past, they are making a flat rate on the labor for overhaul jobs on tractors, plus the parts that are necessary to put the tractor up in the very best of condition.

Along with the repair department they have a wash rack and paint room where after tractors have been rebuilt they can be thoroughly cleaned and painted, making them as near new as possible.

No. 7 Continued from Front Page

his headquarters staff will assign routes and assignments commencing at 7:30 a. m. Where scrap has to be dismantled workers will be informed so that they can carry tools for doing same.

All scrap will be weighed over the scales at the Perryton Equity Exchange and delivered to Russell's Wrecking Yard. Men will be present to handle details at each of these stations.

Pot Luck Supper at Legion Hall, 7 p. m. for everybody. Mrs. J. C. May, chief warden. The chief warden will name her assistant wardens.

Program at Legion Hall, 8 p. m., the public invited. C. Wedgeworth, chief warden.

Supper and Program

The day will close with a Pot Pot Luck supper and short program at the Legion Hall. Everyone, regardless of whether or not Legion affiliated, is invited to bring your "pot luck" food and join in the supper. You are asked to come as you are, this is no dress up affair. A short program after the supper will be arranged by Superintendent C. Wedgeworth.

Staff for the Drive

Staff and details for this greatest of all scrap collections are as follows:

Flag Detail, street flags, courthouse and schoolhouse; L. H. Robertson, chief warden; P. E. Gidley, Geo. Rupprecht and Hardy F. Hulsey, assistant wardens.

Bombing Staff for 6 a. m. salute: Sibley Jines, chief warden; H. C. Graham, J. W. Wooworth, E. B. Gyger and Horace Lackey, assistant wardens.

Coffee and Doughnuts Detail, start serving at Legion Hall at 7 a. m., free to all workers: E. W. Thomas and Mrs. Van W. Stewart, chief wardens; Mrs. F. L. Garrett, Mrs. J. H. Nail, J. H. Nail and F. L. Garrett, assistant wardens.

Headquarters Staff at Legion Hall to route and direct all collections of scrap: H. I. Hudson, chief warden; Cecil Dodd and James F. Bray, assistant wardens.

Scrap Depot Staff: C. B. Rogers, chief warden; Dean McCutcheon, A. P. Spicer, W. E. Castle and J. H. Woodward assistant wardens.

Weighing Station Staff at Perryton Equity: Aldon Bell, chief warden; Jack Atchinson, O. R. Truax and W. R. Zenor, assistant wardens.

Transportation Staff: R. B. Orrill and W. M. Boston, chief wardens; assistant wardens to be named by the chiefs.

Special Solicitation Staff: F. B. Sumpter, chief warden; Irvin R. Buchanan, Dave Shanks, E. R. George, Carl Ellis, C. E. Woods, F. L. Hamilton, A. C. Emberson, W. M. Deck, W. H. Lance, Miss Elizabeth Huffhines, Audie Conley and E. W. Thomas.

government, or if he chooses, the government will pay him in war stamps or war bonds for his excess tire or tires.

Commercial vehicles, trucks and farm trucks must obtain a Certificate of War Necessity from the Office of Defense Transportation before they are registered for mileage rationing with the local War Price and Rationing Board. The ODT mailed these forms to all owners of commercial vehicles that were registered last December 31st. Persons who have not received these application forms should write immediately to the nearest ODT Field Office. In Texas these offices are located in Dallas, San Antonio, Houston, Lubbock and Austin. As soon as this form is received it should be mailed back to the ODT in time for the applicant to receive a Certificate of War Necessity by November 15, when it will become mandatory that every commercial vehicle and truck carry one of these certificates at all times.

farm or supplies to-the-farm must be covered by the certificates after November 15. The certificates will determine the miles that may be operated and the loads that must be carried.

Operators subject to the order who do not have the certificates will not be able to obtain gasoline, tires or parts.

Ordinary farm trailers are exempt from the order and do not require certificates to remain in operation.

Purpose of the certificate plan is to conserve rubber and automotive equipment, as well as to insure swift effective and economical movement of war goods, including farm produce.

The Farm Transportation committee is composed of Audie Conley, chairman; Aldon Bell (farm supplies), O. A. Schuster (wheat), L. T. Tucker (trucking), and Roy Linn (live stock). Alternates in order to the above are T. O. Patton, L. H. Lance, Keith McLain and Pood Herndon. The main job of this committee at the present time is to assist with the completion of applications, but their major responsibility will be to develop the farm transportation conservation program.

Mr. Conley states that truck owners who have not received application forms can obtain same at the AAA offices in the courthouse.

—FOR VICTORY! BUY BONDS—

No. 6 Continued from Front Page

to run to the corner grocer, put the squeeze on him and try to force him to help a hoarder," Henderson declared. "There is absolutely no excuse for hoarding coffee at this time."

Eligibility will be determined by the age shown on war ration book No. 1—the sugar book. If the age shown when the book was issued in May was 15 or older, the holder is entitled to coffee rations; if 14 or younger the book is not valid for coffee purchases. Use of the book for sugar will continue as in the past.

In the light of "normal" United States per capita consumption, the new yearly ration rate of 10.4 pounds for each of the country's 93,000,000 adults "certainly is not a dratic reduction," Henderson asserted. It compares, however, with 16 pounds per capita in 1941. The all-time high consumption year.

Full details of beverage rationing, including the method of distribution to hotels, restaurants and other commercial users, will be given out in the next few days, OPA said.

Behind the whole problem is the shortage of shipping; there is ample coffee in Brazil, biggest U. S. source of imports, and at least normal supplies are in this country. However, even in normal times only a two-or-three-months' supply is held in this country. Added to the shipping uncertainty is the steeply-mounting military demand and bigger civilian purchasing power.

However, WPB officials believed the country could have got along fairly well under informal rationing by grocers—"one pound to a customer"—had not the buying surge by householders developed.
