(AP) and Wide World

Number 65

Saturday, August 29, Scrap Day

Approximately 2800 Cast Votes Saturday; Gaines Boyd, Hogg Win In County

Approximately 2800 Dawson County voters went to the polls Saturday and voted for the candidates of their choice, this number being 467 short of the voting strength at the first Primary election, when approximately 3267 cast votes.

In the county offices Mrs. Roxie Gaines, incumbent, won over her opponent, Joe Medlin.

In the race for constable, Elton Tim Boyd won over C. W. Holt, and in Commissioner Precinct No. 1, J. A. (Alvin) Hogg won over Oley Shofner.

In the state races the Texas Election Bureau gives the following as being elected: W. Lee O'Daniel won over James V. Allred for United States Senator.

John Lee Smith was elected as Lieutenant Governor; Jesse James as State Treasurer and Beuford Jester to fill out the vacancy on the Texas Railroad Commission.

On another page of this issue of the Courier will be found complete returns from this county.

Lamesa Man Gets Reward For Heroism

WASHINGTON, Aug. 21. (AP)—The navy reported Friday 17 officers and men who served on the U. S. S. Quail, a mine-sweeper in the Philippines, had been rewarded for heroism with decorations and promotions.

The crew, at the navy's order, scuttled the Quail, shortly before the Japanese reached its anchorage, and then escaped by a motor launch to Australia, making the 2,000-mile trip in a month.

The men were commanded by Lieut. Comdr. John H. Morrill, 39, Waverly, Va., who recently was awarded the Navy Cross for his service during the Japanese bombings of the Cavite Navy Yard.

Among those to receive advancement in rank for meritorious conduct:

John Samuel Stringer, 31, of Star Route No. 4, Lamesa, Texas, from machinist's mate first class to chief machinist's mate.

ERRONEOUS STATEMENT MADE BY SHERIFF BUCK BENNETT CORRECTED

In the Thursday edition of the Dawson County Courier an item appeared about two Dawson County youths having been sentenced by the Dawson County Court to a reformatory. Sheriff Bennett stated that the 2 boys had been in trouble before and were sentenced until the age of 21. I wish to state here that neither of the two boys have ever been in trouble before and I challenge Sheriff Bennett or anyone else to show any court record that shows that either of the boys was brought before the Dawson County Court or any other court on any charge before this.

This correction is made by the mother of the two boys.

Lamesa Students Receive Degrees At Texas Tech

A number of students from Lamesa received degrees at Texas Technological College, at Lubbock, last Friday evening.

Those receiving Bachelor of Science in Home Economics were Helen Louise Foster, Home Economics education; and Pharene Vinzant Martin, General Home Economics.

Division of Arts and Sciences, Bachelor of Arts, Willie Lou Ellie, History, and Elizabeth Smith, English.

Bachelor of Science in Education; Naomi Moore Holder, Elementary Education.

ODT. Regulations To Be Explained At Lubbock, Wed.

A full and detailed explanation of all Office of Defense Transportation regulations now in effect governing operation of all Motor Carriers will be given at an ODT Information Clinic to be held at the Hilton Hotel, in Lubbock, beginning at 10 o'clock a. m. Wednesday August 26.

S. J. Cole, Dallas Field Manager and Frank Lanotte, El Paso Field Manager for ODT, will be present and give the explanations and answer questions. Arrangements have been made to have Mr. Cole and Mr. Lanotte available during the afternoon for conferences with individuals who may have need for such sessions.

It is very probably that the proper observance on the ODT Regulations for conserving motor transportation equipment by all truck operators, whether common carriers, wholesale or retail merchants, livestock haulers and others, may mean the life or death of these and various other business operators. It is very necessary that everybody affected realize this and get full information on the rule.

The meeting has been arranged by the Lubbock Chamber of Commerce and all interested are asked to attend.

Cadet Escapes Sudden Death

EDINBURG — A narrow escape from what might have been a flaming death, was the experience late Monday night of Aviation Cadet Carlos W. Chapman of Moore Field. Cadet Chapman, a native of Lamesa, and a graduate of the University of Texas and of Class 42-H of Moore Field, had just taken his

W. Lee O'Daniel Wins Senate Race

W. Lee O'Daniel was assured on the basis of unofficial election returns Sunday of the Texas Democratic nomination for a full six-year term in the United States Senate.

But the 12,521 votes by which he was leading James V. Allred to roll up a fourth consecutive election in Texas, or the at least 14,000 majority which the Texas Election Bureau predicted he would gain, were short of the "smashing victory" he urged in his campaign to "give me the prestige to get done in Washington the things you want done."

The Bulwark of W. Lee O'Daniel's strength, as four years ago when he turned from selling flour to win a smashing first primary victory for the governorship, was in rural areas.

In those counties with the big and medium sized cities Allred found strength Saturday night to send him into an early lead, but when reports from rural boxes began trickling in O'Daniel took over.

Rain Falling In Lamesa Today

Up to this writing an estimated inch of rain has been received in Lamesa, which has been one of the dry spots in Dawson County for several months. No reports have been received from other parts of the county, but it is thought that the rainfall has been general.

The east side of Dawson County has been dry and it is hoped that today's moisture will reach this district.

According to reports, the crops are developing nicely although some leafworm damage has been reported. The supply of poison has been increased by local merchants and the danger from this direction somewhat eliminated.

The Canadian army's peacetime strength was only 4,500 men.

Aviation Courses To Be Taught In High School Here

That the United States Army and Navy Forces may concentrate more of their attention upon the development of more specialized knowledges and skills so necessary to competency in military aviation, secondary schools of the United States are asked to offer courses in elementary phases of aviation.

The schools can contribute to the training of air force personnel in two important regards:

1—The high schools can give basic training through the regularly offered subjects. Especially important are training in Mathematics, Physics and Physical Fitness.

2—The high schools can offer SPECIALIZED COURSES dealing more directly with particular phases of aviation. These include Aircraft Structures and Identification, Aerodynamics, Power Plants, Communications, Meteorology, Avigation and Instruments.

The study of English and American History are not to be neglected because of the need for a definite understanding of our language and the personal need for an adequate vocabulary by each man coupled with an appreciation of how our nation has been developed and the national ideals as reflected in its history.

Messrs. Jas. H. Bardwell and Lee Alexander, science teachers in the Lamesa High School, have been pupils in a teacher training school at The University of Texas for the past two months readying themselves under the government program to teach Preflight Aeronautics classes beginning this Fall. The courses will be open to those pupils whose training and grades to date warrant their admission into such classes. These courses have been recognized for credit toward graduation.

Dove Season Opens In Several Counties Sept. 1

Anyone who fishes with artificial lure in this State in any fresh water is required to have an artificial lure license, regardless of whether the water happens to be public or private, this includes tanks, reports, F. O. Lytton, State Game Warden for this district.

The counties of Terry, Gaines and Yoakum are closed on quail. The dove season in the north zone opens in the following counties, Yoakum, Terry, Lynn, and Garza on September 1, and closes on October 31. The counties of Borden, Howard, Dawson, Martin, Gaines, and Andrews, opens September 15, and closes November 15. Mr. Lytton said: The bag limit is 10 per day, possession limit 10 per person.

According to Mr. Lytton the He warns to be sure and have your gun plugged. The entire State of Texas is closed on Prairie Chicken.

BUY WAR BONDS — STAMPS

\$100.00 In Prizes To Be Awarded

This is scrap metal week in Dawson County, and every citizen of the county is asked to turn in all kinds of scrap metals and scrap rubber by Saturday, August 29, as this has been designated as Scrap Rally Day by Governor Coke Stevenson for the State of Texas.

A county-wide meeting was held last Friday in the District Court room and final plans made for the Scrap Rally Day here next Saturday. C. M. Burton, county scrap chairman presided at the meeting and Carl Rountree was the main speaker.

Mr. Rountree spoke on the importance and necessity of every one doing their part toward winning the war. He stressed that the soldiers alone cannot win the war unless given the necessary fighting tools. In order that the soldiers may be well equipped everyone will have to do their part in this scrap drive.

At the present time some steel mills in the United States are cold and idle, because they don't have the scrap iron to keep them going. We have enough junk now scattered about this vast country of ours to keep steel furnaces going for at least two and a half years, but so long as it remains in our back yard, the flow of manufacturing war weapons for our men in the fighting forces will be slowed.

Bits of iron pipes, old stoves, old plows, yard implements not in use have become precious metal. Any kind of scrap rubber is also wanted.

Did you know that a set of skid chains would make twenty 37 mm aircraft shells?

One old flatiron makes 2 steel helmets or 30 hand grenades.

One old wood or coal stove makes ten 4 inch shells, ten stoves a scout car.

One old tractor, under 30 H. P. 10 37 mm tank guns.

One horse cultivator makes 2 60 mm mortars.

Any community organization such as the church, Parent-Teachers Associations, Home Demonstration clubs or the FFA are eligible to enter the Scrap Drive Contest and can win the big cash prizes for turning in the most scrap metals and scrap rubber by Saturday, August 29. First prize is \$65 and the second prize is \$35.

Here are the rules that must be followed in the contest:

1. Any organization in any community is eligible to enter the contest.
2. The organization must present weight tickets bearing dates between August 22 and August 29, inclusive.
3. The organization in filing claims must present weight tickets from the purchaser.
4. All scrap to be entered must be delivered to Elmo Smith's yard, Lamesa, Texas.
5. No school is eligible.
6. The first prize for the organization bringing in the most scrap is \$65.00. The second prize is \$35.00.
7. No formal entry is necessary.

Mr. and Mrs. John Earles of O'Donnell spent Sunday here visiting with Mr. and Mrs. Ray Williams.

"CUSTOMER MAN" IN WAR-BOND DRIVE

SEATTLE (AP) — Joe Gluck, 59-year-old merchandise broker, has turned his back in his own business for the duration to devote all

his time to selling war bonds without salary or commission. He feels it's a privilege.

He has sold more than \$300,000 worth of bonds and has a \$500,000 goal set for Oct. 1. He buys bonds

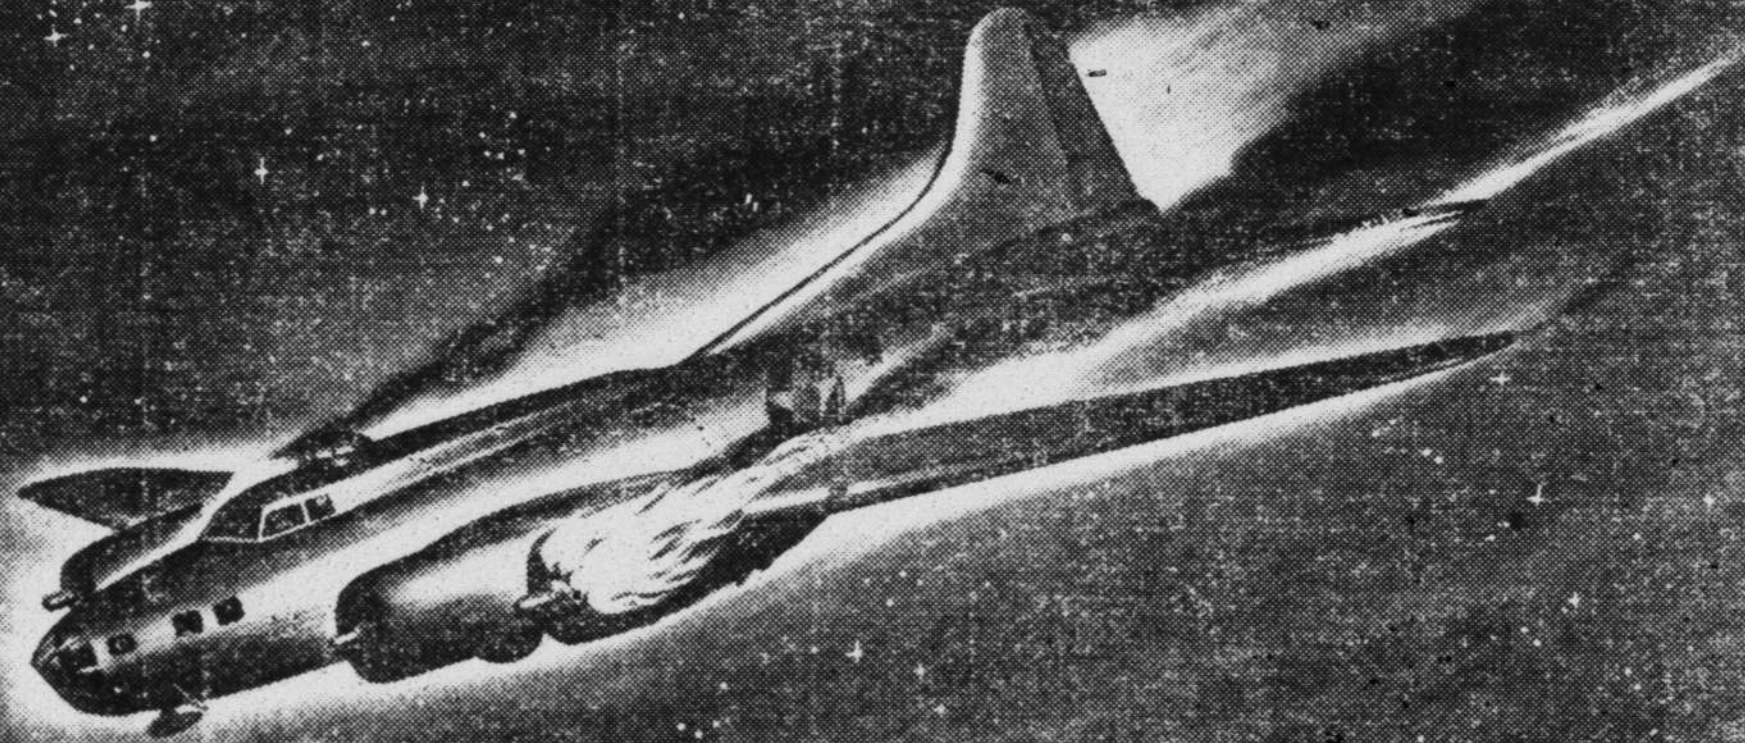

with his own funds and resells them to a regular list of "customers" whose purchases total more than \$21,000 weekly. Gluck himself has pledged to put \$6,000 annually into war bonds.

"I arrange their purchases so that they have to do is to make out a check," Gluck explained. "The bonds are bought for them in advance and delivered to their offices or fronts doors—they never have

any excuse for putting it off."

Even boys and girls are mobilized in Britain. Seven out of every 10 between the ages of 14 and 17 are doing war work.

"The Mission Had Been Accomplished"

"A running fight between the bomber and the 18 Japanese pursuit planes continued for 75 miles . . . continued until the remaining pursuit ships exhausted their ammunition and turned back. With two engines gone and the plane practically out of control, the American bomber returned to its base after dark and made an emergency landing. THE MISSION HAD BEEN ACCOMPLISHED."

—President Roosevelt, in his Fireside Chat, April 28, 1942

THERE, in the words of President Roosevelt, is one of the war's most stirring episodes—a demonstration of how, with one man killed, another man's hand shot off, and a third man injured, our American boys stuck to the fight, bombed their objective, and brought their plane home.

Undoubtedly you felt a thrill when you heard it over the air, and maybe you'll have another thrill reading it again.

But your thrills won't win the war!

It takes planes—thousands of them—and tanks—thousands of them—and shells—millions of them—and bullets—billions of them! It needs ships and guns and jeeps . . .

It takes *money*.

It takes the money of *all* of us—the girls at their typewriters, the men at their machines—the clerks, the farmers, the messengers, the bookkeepers and the salesmen.

It needs a surging, patriotic Nation of people who love their country enough to buy a share of America by investing 10% of their wages every payday—a dime from every dollar—in War Bonds.

It needs—and it's getting it!—the cooperation of Labor and Management to put the Payroll Savings Plan over the top.

Your money in War Bonds—10% of your salary every payday—not only will help pay the bill to create the most powerful *blasting* force ever put together—but you'll do yourself and your family a favor, too.

Because every time your savings amount to \$18.75, you'll get a War Bond—worth \$25 in ten years.

You don't *give* your money—you *invest* it, both for Victory, and for your own personal security.

That's *your* mission—will *you* accomplish it?

EVERYBODY— EVERY PAYDAY 10% IN WAR BONDS

Class 1-B Will Be Abolished

WASHINGTON, Aug. 19. (AP)—The Selective Service system today abolished its "limited service" class 1-B, the group with minor physical defects, and ordered all but the totally unfit reclassified as available for military service.

Nearing exhaustion of the pool of A-1 registrants, those free of any known physical handicaps and not deferred from active duty for any other reason, the Army recently called for induction of men from the 1-B class.

This decision, resulting in filling local draft quotas with 1-A and 1-B registrants, has made the latter classification meaningless for all practical purposes of the Selective Service system, and its members will either be placed in 4-F, if totally unfit for service, or shifted to 1-A.

To Begin Sept. 1

The order is effective tomorrow, said an announcement by Selective Service headquarters, but the reclassifying of men in this group will begin Sept. 1, to be completed by new year's day. Not more than one-fourth of the 1-B registrants in any local board area are to be shifted to class 1-A in any single month.

When members of this group are reclassified, they will be sent to induction centers as local boards fill their quotas, and the Army will decide after their induction whether to assign them to full or limited duties.

In the reclassification process, the men will be reexamined by the local draft board physicians to determine whether there are any physical deficiencies which would prevent them from performing any military service. If such defects are discovered, the registrants will be placed in class 4-F.

Status May Be Changed

While physical deficiencies were the only basis for assigning men to class 1-B in the original classification, the local boards were warned that their status may have changed since that time, and possible deferment for dependency, family relationship or occupation should be considered in each case.

The change also will have a limited effect on some conscientious objectors. Those previously classified 1-B-O, fit for limited service in non-combatant units, or 4-E-L, fit for limited service in civilian work camps, now will be classified 1-A-O if fit for non-combatant service, or 4-E if fit for induction into work camps. If physically disqualified for either type of service they will be classified 4-F.

WAAC Quota For Next Two Months Released Recently

Lieut. Colonel Marvin B. Durrette, District Recruiting and Induction Officer for the West Texas District announces shipping quotas for the next two months for the Woman's Army Auxiliary Corps require considerable numbers of clerks, chauffeurs, telephone switchboard operators, stenographers, typists, cooks, and general duty auxiliaries.

Specialists who can qualify for these occupational classifications, and who are otherwise qualified for enrollment in the WAAC, have an excellent chance to be called to active duty immediately.

Women interested in this new organization may obtain information at any of the following Army Recruiting Stations: Amarillo, Lubbock, Big Spring, Sweetwater, Plainview, Odessa, Pampa and El Paso.

'DADDY YOU'VE BEEN A MOTHER TO ME'

DURANT, Okla. (AP)—At the Jewell Rickerson game preserve there is a male pheasant which insists on setting on a nest of eggs, and a bantam rooster which passes his time mothering two baby quail.

Trench Mouth Data Given By Dr. Geo. W. Cox

Dr. Geo. W. Cox, State Health Officer, has released some interesting information concerning Vincent's angina which was commonly called "trench mouth" during World War 1.

Dr. Cox states that Vincent's angina is a specific infection producing inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

"Because of the readiness with which this disease is transmitted it has been occasionally found in epidemic form among school children and other groups," Dr. Cox states. "Vincent's angina assumed epidemic proportions in the front line trenches in 1914-1918 and it was during this period that the disease became generally known as trench mouth."

Although trench mouth is now worldwide in distribution, reasonable application of preventive measures which are merely those in line with approved personal health practices will be found a sufficient defense against this infection.

According to the State Officer the most common causes of Vincent's angina are neglected mouths, broken teeth fillings, and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are careful regarding oral hygiene can acquire this disease by using infected drinking cups and eating utensils and other personal articles; also by kissing healthy gums and mucous membranes have a much superior resistance to the infection than does an unclean mouth.

Draft Of 1-B's And 3-A's Due Soon

BOSTON, Aug. 18. (AP)—A spokesman for Brig. Gen. Lewis B. Hershey's national selective service board told the Army and Navy legion of valor reunion Tuesday a general draft of married men under 46 years of age with dependents will come "in the not far distant future."

In an address before the fifty-second annual reunion, Ted Luther, public relations director for the board, said that the Nation's reservoir of 1-A men "was practically exhausted," and that it now would be necessary to obtain soldiers from 1-B and 3-A classes.

"The selective service board is most anxious to avoid breaking up homes and families," he said, "but because of the few men in 1-B classification and the smaller number that can be obtained from among those reaching 20 years of age each month it will be necessary to take those with dependents."

The number of dependents each man had "might influence" the order in which he would be called, Luther added.

NOW MAYBE HELL HANG HIS HAT ELSEWHERE

MEMPHIS, Tenn. (AP) C. F. Welting awakened in the wee, dark hours to see, clearly outlined in his room, the shadow of a man's hat. Shouting a challenge, he grabbed for a firearm. There was no answer. Yep, he ruined it. Best hat he had, too.

Texas Cotton Loan Plan Announced

Texas cotton farmers will receive loans at 85 per cent of parity on this year's cotton crops.

Rates on 15-16 inch middling cotton, net weight, vary from 16.61 cents in the El Paso Valley to 16.82 in East Texas and back to 16.77 in the Central Texas area, P. C. Colgin, state AAA commodity loan specialist, has announced.

Loan rates throughout the state will vary, he explained, because of location and freight rates.

As in previous years, premiums and discounts for grade and staple in the 1942 program will be calculated in relation to the loan rate on 15-16 inch middling cotton.

The average loan rate on 7-8 inch middling cotton, gross weight, is 16.02 cents per pound, while the net weight loan rate is 70 points higher to compensate for the lesser number of pounds on which the loan is extended. Loan rates for middling 15-16 cotton is 20 points above the basic loan rate for 7-8 inch middling cotton, the average price being 16.92 cents, net weight.

Notes will bear interest at the rate of 3 per cent per annum and will mature July 31, 1943, but will be callable on demand. Loans will be available until May 31, 1943.

Pull loan rates will be available to AAA co-operators while nonco-operators may receive loans at 60 per cent of the full rate on that part of their cotton subject to penalty. Colgin said.

'STICKING TO HIS GUNS' WINS BRITISHER D. S. O.

CAIRO (AP)—Perhaps the most outstanding story of heroism behind recent awards is that of Second Lieut. Richard Yyne Jepson-Turner, 1st Battalion Rifle Brigade, who received the Distinguished Service Order.

Jepson-Turner commanded two 6-pounder guns during an attack on the evening of June 14. When all the crew of one of his guns became casualties Jepson-Turner loaded and fired the gun single-handed until his right arm was shot off. He then continued to direct fire of the remaining gun until it was put out of action.

During the engagement his command scored direct hits on at least six enemy tanks.

SEPARATED AT HOME, REUNITED ABOARD

HANCOCK, Md. (AP)—Frances and Mary Catherine Faith, sisters who were nurses in two different Baltimore hospitals, bade each other farewell when their units were called into military service.

Several weeks later, by accident, they met in California. Then the uniteds separated again.

Their parents, Mr. and Mrs. Eugene Faith, just received cablegrams that they both have arrived at their overseas destinations — and are stationed near each other.

The Metropolitan Museum of Art in New York, contains 325,811 square feet of exhibition floor space.

Miss Ann Woodward Takes Vows With Staff Sgt, Jack Glendon Southard Friday

Miss Ann Woodward, daughter of Mr. and Mrs. A. C. Woodward, became the bride of Staff Sgt. Jack Glendon Southard, son of Mrs. C. A. Southard of Los Angeles California, Friday evening at Lovington New Mexico.

The Bride wore a Navy Blue Suit with White Accessories. Mrs. Southard is a graduate of the Lamesa High School, finishing with the class of 1939 and attended the University of Southern California for two years. She was elected Queen of the First Rodeo held in Lamesa and also served as a sponsor in Rodeos at Stamford, Coleman, Midland, Lubbock and Lamesa.

Sgt. Southard, who was a student of the Lamesa Glider School, has completed his course here and has been transferred to Amarillo where Mrs. Southard will join him.

Attending the Wedding were Miss Marjorie Rogers and Sgt. Buddy Gynne.

ENLISTED MEN HONORED WITH DANCE SATURDAY

Saturday night the Enlisted Men of the Lamesa Glider School were entertained with an Informal Dance at the Lamesa Country Club. Mesdames A. C. Woodward, Frank Jones, Tom Wood, J. R. Leuenberger, Jim Stanfield, and Laura Horton were hostesses for the occasion.

Dancing was enjoyed throughout the evening by the One Hundred Guests who attended.

MISS ANNE HURT HOSTESS TO SUNDAY SCHOOL CLASS

Miss Anne Hurt entertained for members of her Sunday School Class with a Chicken Barbecue Thursday evening at her home.

During the evening a short business meeting was held after which various games were enjoyed.

Those attending were Mary Frances Barnard, Frances McCollum, Doris Ragsdale, Glenna Faye Bailey, La Vrae Esmond and Mrs. Owen C. Taylor the Teacher.

MRS. ROSS GIBSON HOSTESS TO CLUB THURSDAY

Mrs. Ross Gibson entertained Thursday afternoon at her home for members and guests of the Thursday 42 Club.

The rooms were attractively decorated with bowls of Gladiolus. During the afternoon games of 42 were enjoyed after which a delicious salad plate was served.

Those attending were Mesdames E. R. Tinsley, A. E. Jacobs, Walter Jones, A. H. Smith, Ray Williams, Bill White, Lee Billingsley, M. E. Boren, Walter Barfoot, Irvin Wright, Dee Hull, Ross Boardman and the hostess, Mrs. Gibson.

Mr. and Mrs. J. W. Hoover and son of Canton Ohio are visiting here with their son Jack Hoover, who is an instructor with the Lamesa Glider School.

Mr. and Mrs. Fillmore Epley of Stanton spent Saturday in Lamesa shopping and visiting with friends.

Miss Mary Cantrell and Miss Claudie Covey of Gail spent Saturday here attending to business.

Miss Ruby Lewis of Seminole spent the week end here visiting with relatives.

Mr. and Mrs. Henry Eldson of Slaton spent the week end here visiting with Mr. Wiley Temple.

J. B. Thorp of Long Beach, California has returned home after a few days visit with his parents, Mr. and Mrs. W. D. Thorp. His sister, Mrs. G. Medford returned with him for a months visit.

Mr. and Mrs. J. C. Patterson of Seminole were business visitors in Lamesa Friday.

PERSONALS

Mr. and Mrs. P. L. Payne of Lubbock spent the week end here visiting in the home of Mr. and Mrs. J. M. Barrett.

Mrs. J. D. Payton and son, Jack of Fort Worth, and Mr. and Mrs. Henry Robertson of Sweetwater spent the week end here visiting in the home of Mr. and Mrs. Jim Waltrip.

Mr. and Mrs. Frank Ogle of Pecos spent Sunday visiting with friends.

Swanson Hurt spent Sunday in Midland attending to business.

Miss Elizabeth Duff, returned Friday after a 10 day visit in Holbert, Oklahoma, with relatives and friends.

Mr. and Mrs. Quinton Collins spent the week end at Merkel visiting with relatives.

Miss Juana Jean Cox, who has been attending the Summer Term at the University of Texas, Austin is visiting here with her mother, Mrs. Bryan Cox. Miss Cox will return to Austin in September where she will enter the University for the fall Semester.

Mr. and Mrs. B. A. Rogers and daughter returned Saturday, after spending several days vacationing in New Mexico.

Mr. and Mrs. Sam Clark of Seminole spent Friday here visiting with friends and attending to business.

Cpl. William R. Hunt of Florida and Bob Hunt, of San Diego, California are visiting here this week with their parents, Mr. and Mrs. W. R. Hunt.

Miss Lillian Mitchell and Miss Lois McCoy are visiting with friends and relatives in Dallas this week.

Mr. and Mrs. J. R. Farley spent Sunday in Lubbock and Ralls visiting with relatives and friends.

Mr. and Mrs. Ray Barrett and children of San Angelo spent the week end here visiting with his parents, Mr. and Mrs. J. M. Barrett.

Mr. and Mrs. Mike Barrett and daughter of Brownfield spent the week end here visiting with his parents, Mr. and Mrs. J. M. Barrett.

'H. M. S. PINAFORE' OUT OF ACTION

LONDON (AP) — "H. M. S. Pinafore" has been lost by enemy action! The D'Oly Carte Opera Company had to drop this famous musical from its repertoire here because the wardrobe was destroyed by bombs.

LITTLE HERBIE WUZ ROBBED!
PUEBLO, Colo. (AP) — Elderly women, at an afternoon tea party were discussing the draft. "My son-in-law had to register," said one. "He's 41, you know." "I know his age as well as you do," snapped another lady. "It was just 40 years ago his mother put false blonde curls on him and he won the baby contest out at the fair grounds from my Herbie."

BATHTUBS IN DEMAND

CAPE GIRARDEAU, Mo. (AP) — Dr. R. G. Boutin decided to sell his bathtub and 37 people answered his advertisement. The reason: bathtubs make good bomb shelters.

El Salvador ranks fourth in world production of coffee.

Swat The Fly And Prevent Diseases

Homemakers are unwilling hosts to an enemy—the common fly. It's a disease carrier and a pest. Swat it! Says Bernice Claytor, specialist in home improvement of the Texas A. and M. College Extension Service. Flies spread typhoid fever, dysentery and other wasting diseases which cause thousands of deaths yearly. They breed in refuse.

Get rid of them by destroying breeding places, keeping the yards clean and having a sanitary toilet. Screen windows, doors and chimney openings. Trap them before they get into the house (a fly trap is easy to make) and crack down on 'em when they get in. Use fly sprays and get every member of the family to help destroy them. Keep at the job.

Mrs. Claytor suggests checking screens often. Make sure that frames fit doors and window tightly, and patch holes and repair ripped places. Paint galvanized screens once yearly with than paint or screen paint, and also paint frames to preserve them. Finally, put a strong spring on screen doors so they'll close quickly.

Screens probably will have to last out the war she suggests and, accordingly, should be well cared for as they guard the family's health. It's a good idea to put on hooks or latches and protect the lower

Herd Of Buffalo Seen Near Crowell

CROWELL, Texas, Aug. 17—Train crew and passengers on the Santa Fe Railway Slaton division near here rubbed their eyes and virtually exclaimed in chorus: "Page Mr. Ripley!"

For this year 1942 and in broad daylight they discovered a herd of buffalo stampeding along the right-of-way, three miles east of this community.

Conductor John Davenport reported the amazing situation to Superintendent H. R. McKee, and an order immediately put out to other train crews to be on the alert. In the meantime section men were notified and they engaged in a "last roundup" after discovering that the small herd, one of the last of its kind in a semiwild state, had escaped from the ranch of Dr. J. M. Hill.

Supt. McKee declared that the last record he recalls of buffalo blocking the right-of-way occurred 25 years ago when a wild herd halted traffic near Onava, New Mexico

part of a screen door with a guard. Use two hooks at the bottom to keep window screens securely in place.

The United States automotive industry is comprised of 986 plants in 31 states.

Father Of Local Men Dies In Snyder, Aug. 19

A Rhoades, 74 year old retired Scurry County merchant, and father of Oliver and Buster Rhoades of Lamesa, succumbed Wednesday morning, August 19, at a Snyder hospital following a two-year illness due to dropsy.

Born November 11, 1867, in Jackboro, Rhoades moved with his wife to Scurry County in November 1897, where he taught school for many years.

The early day school instructor went into the merchantile business in Ira in 1900, and conducted a general country store for a number of years. He kept books at several Snyder gins before retiring from active professional work in 1920.

Funeral services were held on last Thursday afternoon at 2:30 at the Snyder Methodist Church. Rev. I. A. Smith, pastor, assisted by Rev. M. W. Clark and Rev. J. W. McGaha, Canyon Baptist minister officiated.

Survivors are the the widows, three sons, Oliver and Buster Rhoades, Lamesa; Doc Rhoades of Long Beach, California; a daughter, Mrs. Walker A. Brents, of Fort Worth.

Miss Jessie Norris, Miss Evelyn Barron and Miss Myrtle Henderson spent the week end at Ruidoso, New Mexico, visiting with friends.

Miss Betty Guy Simpson of Carlsbad, New Mexico, and Miss Virginia Bogart of El Paso, spent the week end here visiting with Mr. and Mrs. Guy Simpson.

A. C. Moore Passed Away At Lubbock Saturday

Adrian Clyde Moore, aged 60 years, passed away in a Lubbock hospital on Saturday afternoon, August 22.

Funeral services were held Monday afternoon at 2 o'clock at the Higginbotham Chapel, with O. H. Tabor, Church of Christ minister officiating. Interment was made in the Lamesa Cemetery.

Mr. Moore was born on September 7, 1881. He had been a member of the Church of Christ for the past 30 years. He had operated a grocery store here for a number of years.

Survivors are his wife, children, Ellen Clyde, Troy Lee, Orvie Dwight, Sherry Dee, Ora Blanch and Delma Dwayne Moore; brothers, Earnest Moore, Alhures, California; Orren Moore, Pyron; Horace Moore, Roby; sisters, Mrs. Pearl Henry, Roby; Mrs. Blanche Berryhill, and Mrs. Jewel Wells, Gladewater, and Mrs. Ruth Davis, Lamesa.

W. J. Napper Dies Saturday

W. J. Napper, aged 61 years passed away at Pecos on Saturday, August 22. Funeral services were held in Lamesa on Monday morning, August 24, at the Bryan Street Baptist Church at 10:30 a. m., with Rev. W. L. Lee officiating. Burial was made in the Lamesa Cemetery.

Mr. Napper had made his home in Lamesa and Dawson County for

a number of years and had only recently gone to Pecos where he had employment. He was a member of the Missionary Baptist Church, having joined at the age of 25 years.

Survivors are his wife, and, the following children, Mrs. O. H. Preston, Mrs. Jim Martin, Juanita Napper, Billie Napper, all of Lamesa; Mrs. E. Etheredge, Leroy and Curtis Napper, of Pecos; Mrs. Cecil Mason, Mason Napper, Mrs. Carl Smith, Wallace Napper, all of Big Spring; W. J. Napper, Jr., of Beaumont, 12 grandchildren; four brothers, and one sister.

Volunteer Officer Exam Now Open

Lt. Col. Marvin B. Durette, District Recruiting and Induction Officer, Hq. West Texas Rctg. District, Lubbock, states that the War Department has announced an increased quota in the number of Volunteer Officer Candidate applicants who may be inducted for the purpose of competing for selection for an Officer Candidate School, the increase being for the Antiaircraft Coast Artillery Corps. Interested Class III-A Selective Service registrants, deferred for dependency reasons only, between the ages of 18 and 45, may apply for the qualification examination through their Local Boards. Successful applicants who are detailed to attend Officer Candidate School and who satisfactorily complete the course of instruc-
