ROBBERS ESCAPE

Two Motel Employes Gunned

SAN ANTONIO (AP) — Bullets wounded two motel employes and a pair of robbers escaped in a hail of gunfire today after a predawn holdup at the downtown Holiday Inn.

John Boswell, 43, manager of the place, was shot in the chest. He was taken to a hospital in apparently serious condition.

Another shot wounded H. E. Powers, 28, a deputy constable working as a motel guard, in the left arm. Powers told police he believed he wounded one of the bandits.

Officers said the intruders obtained only $43.

Investigators pieced together this account:

The pistol-waving bandits forced night auditor Rick Turner, 20, to escort them to the second floor about 3:30 a.m. and demanded that Boswell hand over all available cash. Boswell was shot after he refused.

Powers came running at the sound of gunfire. After a warning shot failed to slow the departing bandits, Powers tried to head them off in his car.

Their vehicle rammed the Powers automobile and a bullet truck him in the left arm. Powers emptied his weapon as the two men sped away. He told of shooting out the rear window and said he hit the fleeing car at least three times.

Price Of Gold Drops In Paris

PARIS (AP) — The price of gold dropped in Paris today.

It sold for $48.58 an ounce, compared to $49.09 Monday after President Charles de Gaulle's resignation, and $48.41 the high before that, on March 10.

Bankers reported lively trading in a money market, unsettled by events in France.

The dollar, the British pound and the French franc opened stronger on the Zurich foreign exchange market, recovering from Monday's sharp decline.

May Challenge Regular Demos

WASHINGTON (AP) — An organization of Democrats which grew out of last year's McCarthy-Kennedy-McGovern anti-war campaign may beat the regular party to the punch by holding a national convention of its own later in 1969.

Sens. Eugene J. McCarthy, Edmund S. Muskie and Mike Mansfield all have supported the idea of a midterm Democratic National Convention in 1970 to adopt a party platform.

But leaders of the New Democratic Coalition are expected to decide next month whether to call a national convention this year. The NDC now claims 65,000 members in 32 state organizations formed since last October.

State Spending Bill

AUSTIN (AP) — Senate-House negotiators named to write a compromise state spending bill will not meet today, despite previously announced plans to do so, Speaker Gus Mutscher said.

"I just got through talking to the lieutenant governor, and he said the Senate is going to work this afternoon," Mutscher said.

Mutscher and Lt. Gov. Ben Barnes planned to get together again today to discuss the appropriations bill, including their desire to get a no-taxes one-year general spending bill.

25 Warrants Issued

HEMPSTEAD, Tex. (AP) — Twenty-five warrants have been issued for persons indicted on charges in connection with the March 29 disturbance at Prairie View A&M College.

Waller County authorities said Monday about 15 persons were named in the indictments. Those charged will not be identified until arrested, they said.

Politician Pays

AUSTIN (AP) — Santo Ruiz, a runoff candidate for the City Council in Saturday's election, was fined $50 Monday in Corporation Court after Judge Roy Martin found him guilty of simple assault.

Charges were filed Dec. 26 by Edmond Richter, an employe of Economy Furniture Co., who said Ruiz and another man beat him up after Richter crossed a union picket line at the furniture company. Workers at Economy have been on strike for five months.

Gun Haul By Police

Sgt. Dan Murphy of police tactical unit carries a box load of shotguns and rifles confiscated from Black Panther headquarters in San Francisco's Fillmore district Monday. A television cameraman was injured in disturbances that followed.

Negro Youths Battle Police In Two Cities

By The Associated Press

Negroes clashed with police in San Francisco and drove police and firemen from the scene of a fire in Cairo, Ill., with gun shots in outbursts of violence. Two fire bombings caused minor damage in a Negro district of Des Moines, Iowa.

The disturbance in San Francisco broke out after police raided a headquarters of the Black Panther party Monday night.

A television cameraman was beated by a group of Negro youths and hospitalized with broken facial bones. Passers-by were threatened, cars were smashed and passing police cars peppered with bottles and rocks until a fog rolled in and cooled tempers. Police arrested 16.

FREE HUEY

Police said the trouble started when a squad car passed by Black Panther headquarters and found a man exhorting a crowd over loudspeaker to attend a rally here Thursday morning to "Free Huey Newton."

Newton, a Panther serving a sentence for manslaughter in the death of an Oakland policeman, will have a bail hearing in federal court at that time. Several groups are sponsoring a rally to demand his release on bail.

When officers ordered the man at the loudspeaker to stop using profane language, a crowd of several hundred Negroes became abusive, police said. Police reinforcements arrived, and officers entered the headquarters.

TEAR GAS

"I was greeted with a rifle in the stomach," said Sgt. Ralph Schaumefl. "I yelled 'firearms' and fell back."

Police fired seven tear gas grenades into the building and one officer raised his .45 and let off four shots into the air over the crowd.

Officers cleared the building, seizing a box full of guns and records.

Firebombings and sporadic gunfire flared in Cairo in a third straight night of racial disturbance.

Cause of the outbreak of violence was not known. The city of 9,000 had been tense for more than a month since Negroes complained of harassment by a white vigilante group called the White Hats.

Fires broke out Monday night in two homes, a tavern and a grocery store located near Pyramid Courts, a predominantly Negro housing project which has been the scene of past disturbances.

FIREMEN REFUSE

Within two hours fires were reported in four more buildings and sporadic gunfire was heard from around Pyramid Courts.

Firemen answering an alarm at the Tri-County Health Center, near the project, were fired at and a bullet pierced the windshield of a fire truck.

Firemen refused to enter the area when a small building near the health center was ignited later.

Groggy Senators Okay Voter Registration Bid

AUSTIN (AP) — After a 13-hour filibuster, the Senate approved 21-5 today a constitutional amendment that would repeal annual voter registration.

Groggy senators stumbled into the chamber from their offices shortly after 6 a.m. to cast their votes.

The 21 affirmative votes made precisely the two-thirds majority of the 31-member Senate needed to send the measure to the House.

The resolution was sponsored by Sen. Mike McKool of Dallas. It would replace the annual voter registration with registration every four years.

SNELSON ABSENT

McKool moved "the previous question" at 4:10 a.m. while Sen. Henry Grover of Houston held the floor. That maneuver meant that when Grover sat down, no other opponent of the measure could continue the filibuster—a vote had to be taken.

Grover yielded the floor at 5:59 a.m.

Voting against the amendment were Sens. A. M. Aiken Jr. of Paris, H. J. Blanchard of Lubbock, Wayne Connally of Floresville, Grover and O. H. Harris of Dallas.

Absent were Sens. Tom Creighton of Mineral Wells, Grady Hazlewood of Canyon, William Moore of Bryan, David Ratliff of Stamford and W. E. Snelson of Midland.

The other 21 senators voted aye.

The Dallas senator's problem was to keep his votes within reach until Grover sat down. And there was always the threat that Grover would do this whenever he thought McKool might not be able to muster the vote.

At 5 a.m., while still standing at his desk as required by the rules, Grover strapped on a contraption for personal hygiene, something senators who plan to filibuster normally do before coming into the chamber.

NAPPING

Most of the senators were napping on couches in their offices. Only three or four men sat in the gallery. But Sen. Barbara Jordan of Houston was at her desk across the chamber from Grover.

The previous record for a filibuster this session was set last week when Sens. H. J. Blanchard of Lubbock and Wayne Connally of Floresville delayed a vote on the proposed state minimum wage bill for more than eight hours.

The voter registration talkathon was still a long way from the 1957 filibuster record of 36 hours and two minutes, set by former Sens. Henry Gonzalez of San Antonio and Abraham Kazen of Laredo.

The single senator filibuster record is 28 hours and 15 minutes by former Sen. Kilmer Corbin of Lubbock in 1955.

Creighton, grabbing an almost unnoticed dinner snack while he talked, held on for five hours and 20 minutes, sitting down at 10:20 p.m. Monday when Sen. Henry Grover of Houston took over.

IN GOOD VOICE

Creighton seemed in good voice at the end, but did a few quick knee bends to ease his tiring legs before relinquishing the floor to Grover, one of two Republicans in the senate.

"My whole purpose," Creighton said, "is to call the attention of the people of Texas to the fact that submitting this proposed constitutional amendment at an election would cost between $30,000 and $50,000, and annual voter registration was overwhelmingly approved in 1966."

Grover, who paces as he talks, had the plastic flooring removed from around his desk before beginning his turn.

The chamber was virtually empty for most of the nighttime filibuster. At one point Grover talked directly to Sen. Roy Harrington of Port Arthur, who was stretched back in his chair, glasses off, eyes closed and apparently asleep.

DRUG BILLS

Before the filibuster began, the Senate passed and sent to the House a bill which would provide penalties up to 10 years in prison for anyone trying to obtain any dangerous drug by a fraudulent telephone call or by forging a prescription.

Senators also voted to continue a committee studying faculty compensation in state-supported colleges and universities and to add two lay members to a nine-member legislative commission studying drug abuses.

They accepted House amendments in a bill which would limit to 10 per cent the interest rate a credit union could charge on real estate loans.

Senators refused by a 14-4 vote to debate a proposal by Sen. Jim Bates of Edinburg to make tenure mandatory for teachers after three or four years of working with a probationary contract.

The House passed and sent to the Senate bills which would:

—Prohibit misrepresentation of chances of winning promotional games and contests, such as grocery chains and service stations sponsor.

—Create a six-member mass transportation commission.

—Make it punishable by up to 10 years in prison for assaulting a policeman while he is performing his duties.

Odessa, Midland Residents At Odds

AUSTIN (AP) — Odessa and Midland residents were at odds Monday over how needs for an upper level educational institution in the Permian Basin should be met.

Sen. W. E. Snelson of Midland, sponsor of a bill to create Permian State College, said he introduced the measure on the recommendation of the college coordinating board. The three-year senior college would operate as an independent system.

A House bill to create the "University of Texas of the Permian Basin" was passed Thursday by the House. The bill has not been sent to a Senate committee yet.

Members of the "committee to elevate Odessa College" testified against the Snelson bill and said they favored the House version.

"If we're going to have an upper level college, it should be under the framework of the University of Texas System and not under an independent board," Warren Burnett of Odessa said.

Burnett said his committee had investigated the upper level college system in Florida and had found educators in that state dissatisfied.

"They had projected an enrollment of 10,000. Their present enrollment is less than 3,500," he said.

Appearing for the Senate bill was Dr. Bevington Reed, representing the coordinating board.

"An upper level college in the Midland-Odessa area is in keeping with our overall plan of expanding educational opportunities in this state," Reed said.

Reed said the senior college would serve Odessa Junior College and Howard County Junior College at Big Spring.

Reagan Legg of Midland also appeared in favor of the Snelson bill and said a "College closer to home would benefit students in the Permian Basin. Now they have to travel 225 miles round trip to go beyond the sophomore level."

The bill went to subcommittee.

Nixon's Task Force Action

WASHINGTON (AP) — Pentagon officers say quick achievement of two major objectives enabled President Nixon to order withdrawal of more than two-thirds of the 29-ship armada deployed off Korea only last week to protect U.S. reconnaissance flights.

One objective, military experts said, was resumption of Navy EC121 intelligence flights in the area without tempting North Korea with another easy, undefended target like the plane shot down April 15.

The other objective was to demonstrate to North Korean leaders that even though the United States is fighting a war in Vietnam it still can muster considerable military power elsewhere to defend American interests.

Whether military precautions or power politics was the bigger factor in Nixon's decision to rush a big fleet to Korea is a matter of speculation.

But the Pentagon's announcement Monday that 21 of the original 29 vessels in Task Force 71 had left the Korean area suggested the "show of force" aspect was uppermost in the President's mind.

'Dear John Syndrome'

DETROIT (AP) — A psychiatrist says the Vietnam war has produced more "dear John" letters than any previous conflict involving U.S. servicemen.

Dr. Emanuel Tanay, who has made a study of what he calls the "Dear John Syndrome," blames this on a lack of popular support for the U.S. military position.

Tanay said he based his conclusion on conferences with legal staff officers of the 1st Marine Division in Vietnam, many of whom served in World War II.

A "Dear John" letter is one in which a fiancee or wife tells a soldier she is finished with him, often because she has met another man.

Tanay said the separation imposed by war often leads to a feeling of anger and resentment on the part of the girl left behind.

"This same feeling," he said, "probably existed on the part of the wife in previous wars, but there were forces that held the anger back. Patriotism mitigated the situation."

Tanay said he first became interested in the Dear John situation during a visit to Vietnam earlier this year, when he testified at the court martial of a Marine accused of killing four Vietnamese men.

The Marine had just received a Dear John.

"There was more to the case than that, of course," said Tanay. "But it was an important element. The letter arrived the day the boy was released from the hospital after being very ill. Everything just piled up on him."

The psychiatrist said he had a stack of Dear Johns he collected while in Vietnam — many of them taped together after having been torn to bits, or smoothed out after they were crumpled into a ball and heaved at the nearest wastebasket.

"The letters are bitter," said Tanay. "The girls are usually in their early 20s. They haven't been married long enough to have acquired such hatred, but it's there.

"Some send photographs of themselves with other men in compromising positions. Some send tape recordings of intimate exchanges with another man.

"The effects of such things on the men who receive them are destructive. They feel helpless to cope with it because they are so far away."

Tanay is vice president and program chairman of the Michigan Inter-Professional Association on Marriage, Divorce and the Family.

Prophets Of Doom Predicted Quake

LOS ANGELES (AP) — For months the prophets of doom had been saying that a devastating earthquake in April would send half of California sliding into the Pacific.

And Monday, April 28, Southern California quaked.

The ground heaved enough to alarm people from the ocean's edge to Arizona.

Huge rocks tumbled down mountainsides. Light fixtures swayed.

SLOW ROLLER

San Diegans felt a fairly severe jolt for about 15 seconds. On the top, 24th floor of the U.S. National Bank building, chandeliers danced.

In San Bernardino, east of Los Angeles, it was a long, slow roller.

Tall buildings seemed to sway for several seconds in Los Angeles.

Part of the ceiling of the Southern California First National Bank of Borrego Springs fell, and the brick walls cracked. A plate glass window in a supermarket crashed, and in a liquor store 30 bottles were broken.

The epicenter, said the California Institute of Technology, was in the sparsely settled Borrego Desert region near the Salton Sea, 200 feet below sea level.

At the northern tip of the Salton Sea, Jack Gillespie was at work in a gasoline station when the tremor hit.

He ran to the front door and saw "giant rocks bounding down the Santa Rosa mountains." There were clouds of dust as the rocks bounced about "like marbles."

HUGE SCARE

The quake was "the worst I've felt since the 1952 shock in Tehachapi," said a Palm Springs policeman. That central California temblor cost more than a dozen lives.

The quake registered 5.7 on the Richter scale, a method of evaluating earthquakes. Quakes in that range, most causing little or no damage, are common in California. But this was April.

The big earthquake scare began several months ago when various seers began predicting that April would bring a tremor which would split California in two and precipitate the western half into the Pacific.

Scientists said the rumors were nonsense. But a book called "The Last Days of the Late Great State of California" became a best-seller, and Los Angeles Civil Defense Coordinator William Frank received hundreds of calls and letters asking what to do in case an earthquake hit.

College Disorders

By The Associated Press

About 30 students, some armed with guns and knives, held the administration building of predominantly Negro Voorhees College in South Carolina today but school officials said they would take no hasty action.

Between 150 and 200 young Negroes continued a peaceful sit-in at a Michigan State University cafeteria.

About 25 Negro students ended a sit-in at the administrative offices of St. Louis University, when officials met most of their demands.

Heatly Draws Caliche Heat

AUSTIN (AP) — The chairman of the House Appropriations Committee has received thousands of dollars from selling caliche rock to the state and to private contractors for road construction, highway builders say.

A contractor and state highway officials confirmed that Rep. W. S. Heatly of Paducah has sold caliche, a soft, limey rock, from land he owns in Cottle County for use on state roads.

L. C. Drake, the Texas Highway Department's district construction engineer at Childress, confirmed the transactions in response to a telephoned inquiry from The Associated Press, which was prompted by a tip.

Heatly could not be reached immediately for comment.

Those involved said there had been no pressure or unfair dealing.

Meanwhile, Lt. Gov. Ben Barnes and House Speaker Gus Mutscher issued statements Monday defending Heatly against newspaper reports that several of his relatives had been on the state payroll during his six-year continuous tenure as Appropriations Committee chairman.

Gov. Preston Smith issued a similar statement today to reporters after refusing Monday to give them copies of the handout, which he earlier sent to Heatly's hometown newspaper at Heatly's request.

"The citizens of the 80th District, which he serves, and of the entire State of Texas have never failed to get fair, honest and diligent representation from Bill Heatly," Smith said.

"Bill Heatly has served as chairman of the House Appropriations Committee longer than any man in Texas history. In such a position, a man is sure to make some enemies and create some controversy.

"But, at the same time, he also has proved time and time again that he is working for the best interests of all the people of Texas and not just a select few," Smith added.

Drake said the state has bought caliche from Heatly for use in farm-to-market road beds. The "standard price we pay to everybody" is 10 cents a ton and "I am sure that is what we paid for it," Drake said.

Heatly has sold the state caliche for at least two years—the length of time Drake has been on his present job, the engineer said.

G. G. Ricks, vice president of Jagoe-Public Construction Co. of Denton, said his firm paid Heatly 25 cents a ton for 30,000 to 35,000 tons of caliche for use in two current hot mix overlay surfacing projects. This comes to a total of more than $7,500.

The two projects are on Texas 283 in Foard County and on Texas 86 in Hall County, both in Heatly's district, Ricks said.

"Everything as far as I am concerned is on the up and up with Bill Heatly. He is a fair man to deal with," Ricks said.

Drake explained that the difference between prices paid by Ricks and the state is due to variations in the quality of caliche needed for roadbeds and for hot mix overlays.

Drake said Cooper & Woodruff Construction Co. of Amarillo has just completed a project using caliche from the pit on Heatly's land.

Contractors on state jobs buy their own materials, submitting them to the Highway Department for analysis to assure they meet state specifications.

Horoscope Forecast

TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: Today's full moon gives you a good chance to streamline all your practical affairs so that you can operate efficiently for a long time to come. Make sure that you listen to financial experts and follow their suggestions for a solid basis for your money matters.

ARIES (March 21 to April 19) Plan how you can make your property assets work more harmoniously with the rest of your business operations. Don't commit yourself to a new expense. Although it's something you want, forget about it for now. Improve your budget instead.

TAURUS (April 20 to May 20) If you listen to what a partner has to say, you find you can make improvements in your appearance, personality that will be very good for you. Out to the social. Learn to be more generous by being with those who are just that.

GEMINI (May 21 to June 21) If you go to some trusted confidante, you can get that private affair settled very nicely now. Let that person you like know that you are romantically inclined and honorably so. Be happy.

MOON CHILDREN (June 22 to July 21) Show others that you are very sociable and you find you can add many a new acquaintance to your present roster. Pursue that wish that is so important to you right now. Gain your aims easily.

LEO (July 22 to Aug. 21) If you delve right into that civic affair, you find that you improve your image with the public in general. More modern thinking is necessary to improve your career. Avoid those who are drawbacks to you.

VIRGO (Aug. 22 to Sept. 22) If you get new partners who operate differently than you, you find that you get ahead much faster in the future. Get in touch with one out of town who can be of assistance to you. Be active!

LIBRA (Sept. 23 to Oct. 22) A good day to think out how to become more financially secure, to confer with bankers or financiers. Follow your intuition in handling anything of a practical nature. Be happy and witty this evening.

SCORPIO (Oct. 23 to Nov. 21) Get together with those persons who can extend favors, especially personal ones. Be out socially where you can have a delightful time as you like best. Meet some new and interesting personality.

SAGITTARIUS (Nov. 22 to Dec. 21) A constructive project for the morning; consider just what you are going to do in the future and how you can become more affluent. Listen to what personal advisor has to suggest. Then follow to the letter.

CAPRICORN (Dec. 22 to Jan. 20) Be more willing that others literally force you to accept invitations, since companionship is very good for you now. Put aside practical affairs for the time being. Concentrate on the personal.

AQUARIUS (Jan. 21 to Feb. 19) Try to set as many pigeons as you can to assist you in whatever your greatest interests are. Find some more efficient way of handling your regular duties. Be happy with one you really love.

PISCES (Feb. 20 to March 20) Be more broadminded and you can expand your present interests considerably. A new associate gives an idea that fits right into your present set-up ideally. Put it in operation quickly, efficiently.

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN
(© 1969, by The Chicago Tribune)

Both vulnerable. South deals.

NORTH
♠ Q 7 3
♡ J 6 4 3
◇ K 8 7 4 2
♣ A

WEST	EAST
♠ K 6 4	♠ A 10 9 8 2
♡ K	♡ Q 9 7
◇ J 9 6 3	◇ A Q 10 5
♣ 10 9 6 4 2	♣ 8 3

SOUTH
♠ J 9 5
♡ A 10 8 5 2
◇ Void
♣ K Q J 7 5

The bidding:

South	West	North	East
1 ♡	Pass	3 ♡	Pass
4 ♡	Pass	Pass	Pass

Opening lead: Four of ♣

South, the declarer at four hearts, was under the impression that he had received a favorable lead in today's hand. Due to a blind spot, however, he turned the opening to his own disadvantage.

West opened the four of clubs which was won in dummy by the ace. Thankful that the opponents had not opened a spade, South resolved to dispose of as many losers as possible without delay.

A heart was led to the ace, felling West's king, and then declarer proceeded to run the clubs. On the king and queen, he discarded North's three and seven of spades. East ruffed in on the third round with the nine of hearts and then cashed the queen.

East underled the ace of spades next and West put up the king to drop dummy's queen. East's play entailed little risk, for declarer's anxiety to obtain quick discards clearly indicated that spades was his weak suit. West shifted to the three of diamonds, dummy played the deuce and East put up the queen which South ruffed.

South was left with three losers—the seven of clubs and the jack and nine of spades. There were only two trumps in dummy however, and after declarer ruffed out his spades, he was obliged to concede a club at the end to West for the setting trick.

South was unduly concerned with the spade situation, for even had the defense chosen to open that suit originally—they will be limited to two tricks, the ace and king. Declarer's only other loser would be the queen of hearts, for after trumps are drawn—there is still a heart left in dummy to ruff out the seven of clubs.

Altho West's club opening did not give anything away, South was still in position to take 10 tricks with careful play. After the ace of hearts is played at trick two, it is suggested that declarer continue to draw trump. East's best defense is to play the queen and another heart. The king of clubs is cashed to discard a spade from dummy.

South now plays a spade to the queen. East is back in with the ace and returns the suit, since he has no other safe return. Declarer puts in the nine of spades which forces out the king and establishes the jack as a winner.

Observe that even if the nine of spades loses to the ten, there is still a trump left in dummy to cover declarer's third spade, and, if the clubs are divided 4-3 the rest of his hand becomes high.

Seeking French Presidency

Georges Pompidou, left, has announced his candidacy for the French presidency. He spent his six years as President Charles de Gaulle's premier following up the programs de Gaulle initiated. He carried out additional assignments with visits to Soviet Premier Alexei Kosygin in Moscow in 1967, top right, and to London to meet with Prime Minister Harold Wilson in 1966. Center right, Pompidou catches a de Gaulle remark in Paris last year.

Pompidou Enters Race To Succeed De Gaulle

PARIS (AP) — Georges Pompidou, who served Charles de Gaulle for six years as premier, today announced his candidacy for the presidency his former chief abandoned Monday.

Pompidou, 57, said he was offering his country "the will to maintain a continuity and a necessary stability, and the hope of preparing the future."

FAVORED

Pompidou's announcement had been expected and he already is a favorite. He announced in January that he planned to run in the next presidential election, but it was assumed then it would not be held until De Gaulle's term expired in 1972.

"Pompidou for President" clubs are springing up around the country, and the former premier has won the endorsement of Social Affairs Minister Maurice Schumann, the UJP, a young Gaullist group, and an organization of left-wing Gaullists.

Alain Poher, whose presidency of the senate made him interim president of the nation, said in a brief radio-television speech he hoped the elections would take place with "scrupulous respect for the law."

Meeting parliamentary correspondents before the address, he said he was sorry Gen. De Gaulle had resigned, but, "gentlemen, France must go on."

SOCIALISTS HOPE

Poher, who campaigned for the defeat of the reform bill on which De Gaulle staked his office, is being mentioned as a possible Centrist candidate to oppose Pompidou. However, the provisional president declined to discuss his plans.

The election must be held between May 18 and June 2, within 20 to 35 days after De Gaulle's resignation. Most speculation settled on June 1 as the date for the first round. Poher said a date probably would be set next week.

If no candidate receives a majority on the first vote, a runoff is held between the two first-round leaders.

Major parties and factions represented in the National Assembly were meeting to prepare for the election. The Socialist party's leadership was to meet this afternoon, and the Communists meet to decide what to do about Socialist disinterest in forming a leftist coalition.

Veteran Socialist leader Guy Mollet indicated he was more interested in a union with Centrist forces and said he would support Poher if the interim president gets into a runoff with Pompidou.

IN SECLUSION

De Gaulle remained in seclusion at his home in Colombey-les-Deux-Eglises, while abroad speculation about the effect of his resignation continued.

Officials and diplomats at the Brussels headquarters of the North Atlantic Treaty Organization foresaw only a slow change in French relations with the Atlantic alliance and expected no dramatic developments.

Troops Replace Guards At Ohio Penitentiary

COLUMBUS, Ohio (AP) — National Guard troops replaced striking guards at the massive gray-walled Ohio Penitentiary early today.

Similar situations were expected at some other state penal institutions.

Some of the 130-guards due to report at 6 a.m. honored picket lines posted outside the prison at midnight. The strikers said they want a $1,500 annual pay raise.

Lt. Col. James Abraham commanded 110 guardsmen who marched into the penitentiary. He said 330 members of the 1st Battalion, 166th Infantry, would rotate on eight hour shifts at the prison.

Lowell G. Ridenour, deputy warden, said about half of the overnight guard force of 80 men voluntarily remained on duty.

Ridenour said he did not know how many day guards reported to work.

Twelve highway patrolmen armed with shotguns also entered the prison.

Men on picket lines at the prison are members of the American Federation of State, County and Municipal Employes Union.

The prison, scene of a major fire and two riots last summer, now has 2,307 inmates.

Ridenour said some prison work would be curtailed "until we see how we stand." This would affect the machine shop, shoe factory and printing shop.

"We'll have recreation for the men if the weather permits," he added.

James W. Smith, president of Local 1148 at the penitentiary, said the guards voted to strike because the state has not met their demand for a $1,500 a year across-the-board pay increase.

Smith said that the prison guards, by voting to press their demands for a $1,500 raise, were rejecting provisions of an administration bill currently before the legislature that would raise salaries of 87 per cent of state employes by a maximum of $832 a year.

It has set Wednesday as the start of a "period of mourning," which could mean a strike by another 6,000 state workers who belong to the union.

Starting salaries for guards at the penitentiary is now $2.52 per hour.

VA Employes Receive Awards

At the Employe Recognition Ceremony today at the VA Hospital, 36 Dietetic Service employes were honored with individual certificates of commendation from Director Jack D. Powell, for maintaining high quality food service sanitation and smooth and efficient operation of the service in a dedicated and conscientious manner.

Receiving the award were: Mary L. Blackbird, Dorothy P. Hodges, Haskell C. Spivey, O. A. Davis, Felix Garcia Heriberto Rubio, Frank F. Fierro, James O. Whiddon, Domingo H. Garcia, Jackson O'Brien, Reymundo G. Martinez, Miguel G. Ramirez, Joe A. Hungerford, Manuel H. Olague, Billy N. Scott, Gilberto Cisneros, John W. Lackey, Pedro Rodriguez, Moses A. Saracho, Alberto G. Valencia, Clarence P. Yanez, Doroteo Alvair Jr., Faustino T. Aguilar, Alta T. Burchell, Corynne R. Cunningham, Abel Cruz, Thomas R. Holland, Alice Hooten, Annie R. Lloyd, Marion G. Mangum, Lenora J. Moore, Arnold E. Parmley, Betty G. Parsons, Deloris F. Teichman, Armando C. Cortez, Guadalupe V. Ornelas.

Frank Caldwell, chief of personnel division, presented length of service awards to eight employes having a total of 160 years Federal service. Receiving 25 year service pins were Dean H. Lagerstrom, chief of business services division, and Leroy Budke, medical administration service. Twenty year service pins were presented to Frances L. Gomez medical administration service; Frank Fierro and Billy N. Scott, dietetic service; Agnes M. Cardwell, R.N., nursing service; and Helen L. Hill, R.N., surgical service. Carl V. Lambert, nursing service received a 15 year pin.

Sixteen employes were recognized for suggestions improving patient and employe safety and well being, improved communications and operations and better utilization of supplies, services and equipment. Cash awards and certificates of appreciation went to Jo Ann Staulcup and Carol Harry medical administration service; L. M. Sullivan, Bennie Munoz, U.S. Beechly and Frances Averitt, business service division employes; Eddie Anderson, Crecencio Padilla, Jess Witcher and Robert Rister, all of engineering division; Haskell Spivey and Clarence P. Yanez, dietetic service, and Erma Dunne, building management. Receiving certificates of appreciation only were L. M. Sullivan, and Lyle Daugherty, business services division; John Staulcup, engineering division, and Lenora Moore, dietetic service.

Thurber Bills Big Reunion

THURBER — The annual reunion, billed as one of the most important held by the Thurber Historical Association, has been set for June 7-8, starting at 9 a.m. each day.

One important matter will be the adoption of a constitution and by-laws. Another is the presentation by Mr. and Mrs. Fritz Topperwein, consultants, of plans for a Thurber Museum. C. M. Bennett, representing the T&P Coal & Oil Co., will unveil a historical plaque at 2 p.m. June 7. Tickets for the Sunday luncheon must be ordered (at $1.50) by June 1 since the meal must be catered. They may be had from Mrs. Elmo Boggus, secretary, 725 Green Street, Stephenville 76401.

Carrying out the usual theme of "I Remember Thurber, — Do You?" there will be motion pictures of the fabulous coal-mining city which melted away to almost nothing. Reunion meetings will be in the old dry goods building.

Starting Brief Honeymoon

Cynthia Lynn Burt and Albert Stephen Fabian III have started their brief honeymoon life together. Cynthia, 19, is dying of cancer. She began rebuilding her shattered life after losing a leg to cancer last year, had planned to wed Steve Aug. 30. But the findings of her team of doctors called for a change of plans. They were married Saturday in Dallas, Tex. Her doctors say Cindy, as her friends call her, will be married to Steve no longer than four months.

Cindy Dying Of Cancer

DALLAS (AP)—Cynthia Lynn Burt and Albert Stephen Fabian III have started their brief honeymoon and life together.

Her doctors say Cindy, as her friends call her, will be married to Steve no longer than four months at most.

LIFE SHATTERED

Cindy is dying of cancer.

The brunette, 19, who began rebuilding her shattered life after losing a leg to cancer last year, had planned to wed Steve Aug. 30. But the findings of her team of doctors April 11 called for a change in plans. They married Saturday. Doctors say Cindy will be dead by Aug. 30.

"I believe there will be a miracle that will save me," Cindy said Saturday. "But if it's God's will that I die, I'm not afraid to go. I get my strength from praying and my religious convictions."

The surgeon who amputated Cindy's cancerous right leg last May said that routine X-ray pictures of her lungs this month showed numerous tumors.

"We got the parent tumor when we took the leg," he said. "But two cells got together later and spread the malignancy."

Cindy became ill in January, 1968, and was admitted to a Dallas hospital on April 26—exactly one year before her wedding. After her leg was amputated May 1, she said only her faith in God pulled her through those awful days.

LAST DANCE

Fitted with an artificial leg, she began to drive an automobile, and she took up dancing. She also got a job and went to work.

During a party for her last week, Cindy danced for probably the last time.

Cindy received the news of her grave condition from her boyfriend.

"I knew there was something wrong just by the way the doctors were acting," she said. "I begged Steve to tell me and he did. I said, 'Steve, if you want to get married, let's do it.' He said that was what he wanted."

Steve is a student at the University of Texas at Arlington. He will get a job this summer. And Cindy?

"I'll just be a housewife," she said.

Neighbors Prove They're Stubborn

SIDNEY, Ohio (AP) — Farmer Joe Mertz replaced his barn the first time it was destroyed, his neighbors did the second time.

A tornado ripped the barn down in the spring of 1965, a year after Mertz purchased his 140-acre dairy farm in western Ohio between Fort Loramie and Anna. Many other area farmers lost buildings and, like Mertz most of them replaced the structures.

Then, 11 days ago lightning struck Mertz' new barn. The resulting fire destroyed the barn and milking parlor, a $26,000-$25,000 loss.

Last Monday, his neighbors began arriving at Mertz' farm. They cleared away the debris and began raising a new barn. About 45 of them helped during the week and by Sunday afternoon it had a roof and only the inside construction remained.

"I went over to help because he was a neighbor," said Louis Zircher.

'Hidden Deaths' From Lead Poison

WASHINGTON (AP) — An outspoken Senate critic of the Vietnam war says the Pentagon is hiding the real number of U.S. battle deaths from the public by claiming many are accidental.

Sen. Stephen M. Young, D-Ohio, said many of the approximately 6,000 American deaths in Vietnam designated "accident or incident" should have been listed as battle fatalities.

Young, a member of the Armed Services Committee and an early critic of U.S. involvement in Vietnam, said concealing the true number of battle fatalities "is a clumsy effort to deceive the public about casualties in this most unpopular and undeclared war.

"The number of combat killed and wounded have become so great—only the world wars were more deadly in recent history—they are trying to hide it."

Young said he had found deaths often are termed "accidents" or "incidents" when they result from such things as the collision of helicopters during a firefight or when a truck driver loses control under fire and soldiers die in the wreck.

In World War II such fatalities were always termed combat deaths," he said.

"The Pentagon advised me it is official policy for the ranking officer in a combat zone, frequently a lieutenant or even a sergeant, to determine whether a GI died in combat or due to a so-called accident or incident."

The Pentagon's official total on Vietnam combat deaths showed that 33,641 Americans had been killed in action as of April 3, surpassing the 33,629 total for the Korean War.

Young said any deaths which occur near fighting should be classified as due to combat.

The Ohio senator said he was successful in having the death of a soldier from his state changed from the classification "incidental" to "killed in action."

Young said the Defense Department reported the soldier died from sun stroke during a firefight.

"He was a farm boy who had worked in the fields and his family just didn't believe sun stroke killed him," Young said.

"I checked into it and the Pentagon reported his face and body were reddened by the sun while he waited three hours to be evacuated by helicopter from combat.

"Finally they acknowledged he was waiting to be evacuated because he had three bullet holes in him. And they call that an incidental death! Well they changed it."

Firebombings Flare In Cairo

CAIRO, Ill. (AP)—A rash of firebombings and sporadic gunfire flared in this racially tense Southern Illinois city Monday night, then quickly subsided after police and firemen were chased by gunshots from a fire.

No one was reported injured and damage was light to all but one of eight buildings which police said were apparently the targets of firebombs. It marked the third straight night of firebombing here.

Cause of the outbreak was not known. The city of 9,000 has been tense for more than a month since Negroes complained of harassment by a white vigilantes.

The first four fires broke out in two homes, a tavern and a grocery store located near Pyramid Courts, a Negro housing project, the scene of pas disturbances.

Within two hours fires were reported in four more buildings and sporadic gunfire was heard from around Pyramid Courts.

Firemen answering an alarm at the Tri-County Health Center, near the project, were fired at. A bullet pierced the windshield of a fire truck.

Firemen refused to enter the area when a small building near the health center burned later. Police reinforcements were sent to the scene to protect the firemen when the health center itself again caught fire, causing heavy damage.

The police and firemen again abandoned the area when more shots were fired at them and the fire truck was struck again.

Throughout the night police said they could not see who was doing the shooting and did not fire back.

Police said no arrests had been made.

In Springfield, an Illinois House Committee is conducting hearings on the trouble.

Congressmen Call For Clearer Code

WASHINGTON (AP) — Congressmen probing the North Korean capture of the USS Pueblo say the code of conduct for captured American servicemen is really a code of confusion.

"Rather than stricter or looser the code should be clearer," said Rep. Otis G. Pike, D-N.Y., chairman of the House Armed Services Subcommittee investigating the capture of the Pueblo and its crewmen. "I certainly think the confusion Monday made that manifest."

Pike referred to a parade of Pentagon officials who tried to explain the regulations governing the surrender of the Pueblo to the North Koreans and subsequent false confessions by crew members.

Committee members zeroed in on what they termed inconsistencies in the code's enforcement, vagueness on information the enemy can be supplied, and absence of guidelines for surrender of a ship.

Vice Adm. Charles K. Duncan, chief of naval personnel, described the code as a "professional and inspirational" guide that needs no revision at this time.

However, Adm. Joseph B. McDevitt, the Navy's chief lawyer, said violators of the code technically can be prosecuted.

"But it is not the policy of the Navy to punish violation of the code," Duncan injected.

And both men agreed that sections of the code are extensions of the Uniform Code of Military Justice. Violators of the uniform code are subject to court-martial.

"On one hand they say the code is inspirational and professional," committee member G. William Whitehurst, R-Va., complained in an interview.

"But on the other hand they say if you violate some sections you can be wrapped up (prosecuted) either under a general order or the uniform code," he said. "You can't have it all three ways."

Another puzzler came from testimony by Brig. Gen. Leo A. Benade, a deputy assistant secretary of defense, who commented on a section that says a prisoner of war is "bound to give only name, rank, service number and date of birth."

TROOPS IN JUNGLES NORTH OF SAIGON

Bomber Campaign To Harass

SAIGON (AP) — The U.S. Command has launched another B52 bombing campaign to harass North Vietnamese troops in the jungle north of Saigon, military spokesmen reported today.

In a 24-hour period Monday and today, 36 Stratofortresses dropped more than 1,000 tons of explosives on North Vietnamese bases in the enemy's War Zones C and D. The strikes ranged from 71 miles northwest of Saigon to 55 miles northeast of the capital. Some were within 1½ miles of the Cambodian border.

200 RAIDS

Spokesmen said the bombing concentration in War Zone C is the heaviest of the war, with nearly 200 bombing raids flown along the Cambodian border in the past week.

The bulk of four North Vietnamese divisions is said to be concentrated in these two zones.

For the past four years, U.S. troops have battled enemy soldiers in the 2,000 uninhabited square miles of War Zone C, but all the fighting apparently has resolved nothing.

Two North Vietnamese divisions operating there have always been able to replace their losses from bases across the Cambodian border, using Zone C as a staging area for attacks into populated areas and allied bases to the southeast.

Sources said some captured documents mention another enemy offensive in the summer-autumn months, but intelligence officers have been unable to determine any firm trend. The aim of the stepped up B52 raids is to prevent the North Vietnamese troops from getting organized.

SPRING OFFENSIVE

The Communist command's spring offensive, now in its 10th week, has tapered off sharply to about a dozen rocket and mortar attacks each night and only scattered ground assaults. Many of these occur in the 3rd Military Corps area, the most critical in South Vietnam because it includes the seat of government, Saigon.

Chief aim of these attacks is to inflict American casualties and undermine the influence of the Saigon government.

U.S. analysts feel the enemy is trying to make his presence felt in the 3rd Corps without any large commitment at present. The Communist command has placed one regiment from each of its four divisions in forward combat areas while holding the two other regiments from each division to the rear.

The U.S. Command announced that enemy gunners shot down three more American helicopters and an F4 Phantom fighter-bomber Monday, killing two Americans and wounding five.

Two of the helicopters were gunships helping to break up an ambush 55 miles north of Saigon in which two other Americans were killed, 11 were wounded and several trucks in a 25-vehicle American convoy were shot up. U.S. headquarters said the bodies of 11 North Vietnamese soldiers were found after a two-hour fight.

SHOT DOWN

The third helicopter was shot down in the Central Highlands 43 miles northwest of Ban Me Thuot, while the Phantom went down near the Laotian border just to the north of the A Shau Valley.

Seventeen U.S. helicopters have been reported shot down and destroyed during the past week. Several others have been lost in collisions and in enemy rocket, mortar and ground attacks, but the U.S. Command will not say how many.

Latest available U.S. figures put total American helicopter losses in the Vietnam war at 2,572.

Firefighters Walk Out In Pay Dispute

DES MOINES, Iowa (AP) — Twelve fire chiefs protected Des Moines early today after the city's 330 firefighters walked out in a pay dispute at 11 p.m. Monday.

Gov. Robert Ray ordered 40 National Guardsmen to standby duty in an armory in the city to assist on any fire calls at the request of Mayor Thomas Urban.

Police, city officials and citizens are doubly nervous over the firemen's strike because of the series of firebombings which have taken place in the Iowa's Capital city since the local Black Panthers' headquarters was ripped apart by an explosion early Sunday.

Mayor Urban warned the striking firemen they were subject to discharge from the department or even imprisonment for their "illegal" strike.

He said the city would not negotiate with the strikers under coercion or in the face of their "illegal action."

The firemen seek a 15 per cent pay hike. An arbiter recently deemed 5 per cent fair, and that raise was offered to the firemen Monday night at a city council meeting.

Shortly after that the firemen walked out.

Des Moines firemen currently earn from $509 to $583 per month.

NTSU Record

DENTON, Tex. (AP) — Despite the draft taking its toll on master's degree programs with predominantly male enrollment, the number of graduate students at North Texas State University has reached a record high, almost 20 per cent of the total university population.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Running Nude Nets Lecture

SALEM, Mass. (AP) — Three girls and a male companion got a stern lecture from Judge Philip J. Durkin for their alleged staging of a nude romp in a field at the staid Myopia Hunt Club.

The four were also assessed $20 costs each and had their cases continued without finding to Oct. 11 after pleading no contest Monday to charges of lewd and lascivious behavior.

They were identified as Kevin G. Rafferty, Barbara Dunn and Ann Pedersen, all of Cambridge, and Leslie Edmonds of West Newton, all in their early 20s.

Harvard officials said Rafferty is a junior at the university, Miss Dunn a graduate student, and Miss Pedersen a sophomore at Harvard's sister institution, Radcliffe College.

Officers said the girls were running naked through the fields and Rafferty was filming the event which allegedly took place March 23. Rafferty told the court Monday that he and the girls were working on a filming project for a show at Harvard.

Sheriff Seeking Funds For 'Nose'

MIAMI (AP) — The Dade County Sheriff's Department narcotics section is seeking $400 in appropriations to feed and provide medical attention for a Labrador retriever to sniff out illegal marijuana caches and smoking rooms.

Sgt. Allan Richards said the department has been offered a free dog—the retrievers allegedly have a nose 40 times sharper than a human's—but the upkeep will be expensive.

Brazil Extends

RIO DE JANEIRO (AP) — Brazil extended its territorial waters limit from 6 to 12 nautical miles Monday.

Award Winners

Winners in the "Flower Power" show presented Saturday by the Rosebud Garden Club at the YMCA included Mrs. Joe Smoot, left, sweepstakes award and award of merit in peonies; Mrs. Joe Myers, tri-color award; Mrs. J. Gordon Bristow, award of merit for irises; and Mrs. Odell Womack, sweepstakes award and award of distinction in the artistic division.

Garden Show Strong In 'Flower Power'

"Flower Power" was the theme of a standard flower show presented by the Rosebud Garden Club Saturday at the YMCA. The show was open to the public and included arrangements in artistic design, horticulture classes and an education exhibit. The show was open to non-members. Mrs. Joe Myers is club president, and Mrs. Odell Womack was flower show chairman.

Mrs. Joe Smoot was winner of the sweepstakes award in the horticulture division and an award of merit in peonies. Mrs. J. Gordon Bristow won an award of merit for irises, and Mrs. Charles Sweeney was given an award of merit for roses and also received educational award. Mrs. Womack won the Sweepstakes award and the Award of Distinction in the artistic division. Mrs. Joe Myers won the tri-color, and Mrs. Clyde Thomas Jr. won a special award, both in the artistic division.

Winners in the artistic division were:

CLASS I. 1. Mrs. Joe Myers; 3. Mrs. Jack Cook; honorable mention, Mrs. Joe Smoot.

CLASS II. 1. Mrs. Myers, (tri-color); 3. Mrs. Sweeney; honorable mention, Mrs. Smoot.

CLASS III. 1. Mrs. Womack; 3. Mrs. Thomas; honorable mention, Mrs. Womack.

CLASS IV. 1. Mrs. Womack; 2. Mrs. P. W. Malone; 3. Mrs. Bruce Frazier.

Class V. 1. Mrs. Womack (award of distinction); 2. Mrs. Myers.

CLASS VI. 1. Mrs. Womack.

Class VII. 1. Mrs. Womack; 2. Mrs. Myers; 3. Mrs. Thomas.

CLASS VIII. 1. Mrs. Womack; 2. Mrs. Sweeney.

CLASS IX. 1. Mrs. Thomas (Special Award); 2. Mrs. Womack.

CLASS X. 1. Mrs. Womack.

CLASS XI. 1. Mrs. Womack.

CLASS XII. 1. Mrs. Jack Cook; 2. Mrs. J. W. Trantham.

HORTICULTURE

Blue ribbon winners in horticulture were Mrs. Frazier, Mrs. Sweeney, Mrs. Smoot, roses; Mrs. Bristow, Mrs. Sweeney, Mrs. Thomas, Mrs. Smoot, Mrs. J. D. Leonard and Mrs. John Knox, iris; Mrs. Smoot, alyssums; Mrs. Womack, Mrs. Smoot, sweet Williams; Mrs. Smoot, snapdragons; Mrs. Womack, petunias; Mrs. J. D. Leonard and Mrs. Frazier, carnations; Mrs. Smoot, painted daisy; Mrs. J. M. Morgan, amaryllis; Mrs. Garner McAdams, climatis; Mrs. Smoot, flowering branches; Mrs. G. B. Morrison and Mrs. Womack, potted plants; and Mrs. Smoot, peonies.

Other ribbon winners were Mrs. J. D. Jenkins and Mrs. Kay Williams. Judges for the show were Mrs. Paul Karcher, Midland; Mrs. Charnell Jobe, and Mrs. Bruce Moore, both of Lamesa; and Mrs. Knox, Mrs. Guy Cook and Mrs. D. O. Gray, all of Big Spring.

Past Noble Grands Gain New Member

Mrs. Earl Wilson, president of the Past Noble Grand Club of Big Spring Rebekah Lodge No. 284, welcomed Mrs. A. G. Hall as a new member at Monday's meeting in the Wilson home, 3304 Roberts Drive. Plans were made to study the Rebekah Assembly by-laws. Games provided entertainment.

A LOVELIER YOU

Teens Crave Sheer Look In Cosmetics

By MARY SUE MILLER

Listen and you shall hear how the teen crowd is uptight about flashy cosmetics. Excepting eye makeup and false eyelashes, that is!

Even in these days when the cosmetic password is "sheer," girls look around for nail polish that you can see through and shine through. Anything that looks as though it doesn't belong to a girl's fingertips is out. And rightly so. Laden with unnatural paint, young hands appear juvenile. Like little sister playing dress-up in mother's cothes.

Yet, it doesn't do for pretty girls in pretty getups to go around with grubby little-brother hands. Many a hand would be improved by some sophisticated grooming — daily brushscrubs, oceans of lotion and weekly manicures.

And here's where water clear nail enamels could work wonders to protect the nails from grime and injury, and to prolong the finish of manicures. Why, that way you'd always have nice hands.

But, you ask, what are water clears? Well, think of looking through pale-tinted cellophanes. The effect is that liquid, lucid and clear. It's your own thing — a born-beautiful nail with healthy color and natural sheen. And, by the way, the feel is incredibly weightless. No-iron-maiden nails!

There's sheer lipstick to match or blend. But of course! And here is an old adage that you can apply to most beauty problems: Seek and ye shall find.

LOVELIER HANDS

Do you have a hand problem? Send today for "Lovelier Hands," a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the hands with poised grace. To obtain your copy, write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Methodists Set Dinner Wednesday

The "Family of the Year" at First United Methodist Church will be honored at a covered dish dinner and family night which will begin at 6:15 p.m. Wednesday at the church. The representative family has been chosen from nominations submitted by individuals and groups of the church.

Families are asked to bring dishes of salads, meats, desserts and vegetables. The church will supply bread and drinks.

Entertainment will be furnished by the Wesleyan Singers of Texas Wesleyan College, with the program to begin at 7:30 p.m. The 37-voice choir is conducted by Stephen Simons, director of choral activities and instructor of voice. The group is a touring a cappella choir whose members gain their affiliation by auditions open to the student body. The singers make an annual tour and have appeared on television and radio.

Simons holds degrees from the University of Northern Iowa and Colorado State College and has completed a year's residency toward the doctorate at Indiana University. In addition to his work at the college, he is director of music at Westcliff Methodist Church in Fort Worth.

Award Displayed At PTA Meeting

The District 16 Parent Teacher Association membership award, presented to the Forsan Elementary PTA during the recent spring conference, was displayed at Monday's meeting of the unit at the Elbow School.

Mrs. Dale Hartin showed a safety film, "A Safety Belt for Susie." Mrs. Darrel Highley, president, announced a welcoming committee headed by Mrs. Holquin, chairman, will serve refreshments to parents on pre-registration day, May 9, from 9 to 11:30 a.m.

Mrs. Lee Yarbrough reported on the spring conference, and Mrs. Hartin's class won the room count. Track trophies were presented by Bill Cregar, principal.

The next meeting will be at 3 p.m. on May 19.

Janine Whirley Feted At Shower

A bridal shower honoring Miss Janine Whirley, bride-elect of Phillip Bartlett, was held Friday evening in the home of Mrs. Pat Shields, Coahoma. Cohostesses were Mrs. Junior Dorn, Mrs. Fred Null, Mrs. O. H. Denning and Mrs. E. L. Reeves. They presented Miss Whirley with a bedspread.

The honoree, who was attired in a yellow and turquoise striped dress, was presented a corsage of yellow roses, as were her mother, Mrs. Joe Whirley, and the prospective bridegroom's mother, Mrs. L. K. Bartlett of Sand Springs.

Guests were served refreshments from a table covered with a white cutwork cloth and appointed with crystal and silver. The centerpiece was of yellow and white daisies.

Guests attended from Midland and Sand Springs.

The couple plans to be married May 31 in the Church of the Nazarene in Big Spring.

Last Musicale Presented Sunday

The last in a series of spring musicales was held Sunday afternoon by piano pupils of Mrs. Jim Baum in her home at 608 W. 16th.

Appearing on the program were LeAnn Brazel, Tana Thomas, Paula Buckner, Cindy Williams, Kay Williams, Cynthia Smith and Joan Crawford.

Mrs. Don Williams and Mrs. D. A. Brazel presided at the refreshment table.

610 SCURRY

Jane Cave Conducts Program At Baylor

STANTON — Jane Cave, daughter of Mr. and Mrs. O. B. Cave of Stanton, served as chairman of Woman's Day held last Thursday at Baylor University in Waco. She is the granddaughter of Mr. and Mrs. W. F. Taylor, Big Spring.

JANE CAVE

She introduced Mrs. Walt Rostow, speaker for the occasion and cited her as an example of how women can have many-faceted personalities and careers. In fact, the theme of the special day stressed the multilateral dimensions of modern woman's personality.

Miss Cave, a member of the Laurel Society, emphasized that coeds were engaged in becoming the kind of women they want to be, and this did not necessarily mean a combination of careers, but fulfillment of all the personality.

Active in numerous student affairs, Miss Cave is a member of the Alpha Omega social club, the Alphi Chi scholastic fraternity, the Kappa Delta Pi educational fraternity, and has been on the dean's list ever since she entered Baylor with the exception of two times. She is a senior and now is doing practice teaching at Richfield High School in Waco. She is committed to a teaching career.

Exemplar Chapter Hears Talk On Flower Making

Mrs. Horace Rankin spoke on "Fun With Flowers" at Monday's meeting of Xi Mu Exemplar Chapter, Beta Sigma Phi, in the home of Mrs. Harry McMillan, 2619 Central. Mrs. Jack Blizzard was cohostess.

The speaker described types of permanent floral arrangements and explained how to use them in home decor. She cited household items that would be useful in an arrangement, as well as materials native to this locality. Some of these include weeds, wild flowers, cacti, rock and wood.

Mrs. Roy Granbury presided, announcing final plans for the BSP City Council banquet to be held at 7:30 tonight in the Officers Open Mess at Webb Air Force Base.

The exemplar ritual was held for Mrs. Daniel Johnson and Mrs. Jerry Snodgrass, both of whom were presented yellow roses.

Mrs. Severn Yetman Initiated Monday

Mrs. Severn Yetman was initiated as a member of the Eagles Auxiliary during Monday's meeting at Hotel Settles. Mrs. Grace Grandstaff presided, announcing the auxiliary needs one more new member before the end of June. Plans were made to serve chips and dips, Sunday evenings at the club. Mrs. Curtis Arnold worded prayer.

Mrs. James Suggs Returns For Visit

Mrs. James A. (Margie) Suggs and children, Michael and Michelle, of League City are visiting Mrs. Suggs' parents, Mr. and Mrs. C. B. Bell, 302 W. 9th, and her husband's parents, Mr. and Mrs. C. E. Suggs, 419 Hillside. The family will remain here about three weeks.

FREE PORTRAIT!

Your Child in Living Color

SORRY — NO GROUPS

Parents: We have arranged to have a leading child photographer at our store on the dates shown below.

Any age, any number of children accompanied by a parent will be photographed **FREE** *in Living Color.*

ONE complimentary color portrait will be given to each family as a gift from our store.

DON'T MISS THIS OPPORTUNITY

to get a living color portrait you will treasure always. Several poses are taken and low cost additional portraits are available for those who wish them.

This is our way of saying 'Come in to see us.' If you are one of our many regular customers, this is a 'Thank You' for your patronage. Incidentally we believe these color portraits to be something really special. These are beautifully posed portraits — not snapshots, so dress the children colorfully.

Arthritis Drive Sets $2,700 Goal

A goal of $2,700 has been set by the West Texas Chapter of the Arthritis Foundation for its 1969 campaign which begins May 19.

Mrs. Bill Johnson, victory march chairman, said that in addition to raising money to aid the 3,000 arthritis sufferers in this area, the campaign would seek to expand public knowledge about arthritis and its symptoms.

MRS. BILL JOHNSON

"Too many people think of arthritis as a disease of the elderly, which is not true. In its most crippling form, it strikes most frequently between the ages of 18 and 40. It is a major health hazard, in fact the nation's number one crippling disease", she said. "Not nearly enough is being done about it. It is imperative that we continue to step up our programs to aid the country's 17 million arthritis sufferers."

The chairman said that neighborhood volunteers will pass out flyers during the door-to-door campaign listing the major warning signs and symptoms of arthritis:

1. Persistent pain and stiffness upon arising
2. Pain or tenderness in at least one joint
3. Swelling in at least one joint
4. Recurrence of these symptoms
5. Pain and stiffness in lower back, knees and other joints
6. Tingling sensations in fingertips, hands and feet
7. Unexplained weight loss, fever, weakness or fatigue.

She urged those experiencing symptoms to see a qualified physician.

"No case of arthritis is hopeless if caught early and properly treated".

Mrs. Bill Johnson was born and attended school in Baird. She married Bill P. Johnson, a local insurance agent, in June, 1951. They moved to Big Spring in 1956, when he became associated with Reeder Agency. They have two children, Denise 12, and Clark, almost 3. Mrs. Johnson is a member of the 1955 Hyperion Club, Kiwani-Queens, and First Baptist Church, where she teaches a Sunday School Class of 15-year-old girls.

Lt. Clevenger Top T-38 IP

1st Lt. James Clevenger has been named the T-38 instructor pilot of the month in the 3560th Pilot Training Squadron at Webb AFB.

Lt. Clevenger, a member of B-flight in the squadron, volunteers to fly additional student sorties to further improve his instructional abilities. Besides flying duties, Lt. Clevenger serves as flight standardization officer and flight computer officer.

Lt. Col. James Malone, 3560th PTS commander, said of Lt. Clevenger: "His professional approach to all duties, his exemplary military bearing and his friendly personality are an inspiration to all his associates."

Lt. Clevenger and his wife, the former Janiel Brislaw, are from Pullman, Wash., where he was graduated from Washington State University in 1966 with a BS degree in sociology. He earned his Air Force commission through the ROTC and underwent pilot training at Williams AFB, Ariz.

Even Toads Are Being Stolen

Thieves Monday were seeking a variety of booty, including horned toads.

Mrs. Doyle Campbell, 1711 Young, told police that someone was stealing horned toads from her yard. The miscreants were gone when officers arrived.

Wayne Bonner, 2504 Larry Drive, reported a bicycle stolen.

Yeggs took $65 from a cigarette machine in the Student Union Building at Howard County Junior College, after entering through an unlocked window.

Two women were arrested at the Safeway store on Gregg for shoplifting. Police said they took some needles, thread, two packages of candy, and 12 cans of orange juice.

Two Picked For Quarter's Award

S.Sgt. Benjamin Jones and Airman 1.C. Ronald Witt have been selected for quarterly awards in the 2050th Communications Squadron at Webb AFB.

Sgt. Jones is assigned to the military affiliated radio system (MARS) section at the base. In order to keep the MARS program an efficient and effective one, he enrolled in the Air Force records management course.

Sgt. Jones often operates the MARS station during his off-duty time, enabling people to communicate with friends and relatives overseas. He also provides public address support for base functions and community civic affairs.

Airman Witt works in Webb's radar approach control unit. He was graduated from the University of Texas with an electrical engineering degree and has completed the air traffic control operator course at Keesler AFB, Miss.

Course Advisors Meet Tonight

Newly appointed members of the advisory board of the mid-management program at Howard County Junior College will hold their first meeting at 7:30 o'clock tonight in the science building at the college according to Bill Harris, acting chairman.

The agenda will cover recruiting and selection of students, publicity, selection of training stations, and curriculum, plus activities and projects for the Mid-Management Club.

The mid-management program will use the advisory board to assure its curriculum will be relevant and takes into account the requirements of the occupations in the areas where the students will be employed.

The board members are Richard Atkins, Charles Beil, Hubert Clark, Tom Eastland, Bill Harris, Bob Hickson, A. J. Prager, Jerry Sherrill, and Joe Vinson.

WEATHER

NORTHWEST TEXAS: Increasing cloudiness and warmer tonight, low 47 to 57. Partly cloudy Wednesday. Widely scattered thundershowers in Panhandle Wednesday afternoon, and a little warmer in Southeast. High 74 to 84.

SOUTHWEST TEXAS: Increasing cloudiness tonight and Wednesday with a few scattered thundershowers Wednesday afternoon. Warmer tonight, low 52 to 64. High Wednesday 80 to 92.

WEST OF THE PECOS: Increasing cloudiness tonight and Wednesday with a few scattered thundershowers Wednesday afternoon. Warmer tonight, low 50 to 64. High Wednesday 80 to 95.

Ready For May Day In Moscow

Portraits of members of the Politburo, which governs the Soviet Communist Party, hang in their usual place of honor on the side of Lenin Library in Moscow in preparation for the annual May Day celebration. Soviet Communist Party leader Leonid Brezhnev's portrait is at right with the others following from right to left in Russian alphabetical order.

HONEY, LOOK, 'KEY LARGO'

TUCSON, Ariz. (AP) — A Tucson merchant bought a new car.

That night he took his wife for her initial drive.

As they passed a drive-in theater, the wife saw a movie she'd like to see.

Let's go," said hubby. Then he recalled he hadn't brought any money.

His wife didn't have enough for two tickets.

"You drive," the husband said. "I'll hop in the trunk."

That's how they drove in.

The wife went around to open the trunk, and found hubby had both trunk keys.

They left and went to the dealer. Closed.

The wife went to a phone booth to check on locksmiths. No dime. No money.

They drove around town in their beautiful new car, with hubby becoming slightly frantic.

Finally they went to a service station.

Nothing to it, said the attendant.

He took a crowbar, pried and jimmied and heaved, and eventually the trunk opened.

The repair bill for the trunk was $316.

And they didn't get to see the movie.

Trees Replaced Downtown Today

Two trees in the downtown area have been replaced, one had died and the other was a traffic victim.

Roy Anderson, assistant city manager, said replacements were in place today in the Main and Second Street intersection, and he was mulling over some method of warding off future motorists. A steel pipe had been suggested, and Anderson was also considering a monolithic stone, which would serve as protection as well as decorative.

Enrollment Steady

Enrollment was fairly steady in Big Spring schools last week. There was a net loss of six pupils, all at the secondary level and most of it in senior high school. Elementary enrollment of 3,870 was up by one. Secondary enrollment dropped seven, five of it from senior high, to make 3,173. Special education was unchanged at 165, making a total of 7,208, or 83 less than the same time a year ago.

Home Health Agency Here Given Approval

The Big Spring Home Health Agency has been approved by the Social Security Administration, Bureau of Health Insurance, to provide Home Health Services to beneficiaries under the Health Insurance Benefits Program.

Erven Fisher, district manager for Social Security, in announcing the approval, noted that eligible beneficiaries may receive services under medicare provided their physician plans with the agency for the part time nursing and-or therapy services he wishes the patient to have.

Home health benefits under Part A, the Hospital Insurance part of medicare, are available after a stay of three or more days in a hospital if the doctor sets up the home health plan within 14 days after discharge from the hospital. In this instance the full cost of up to 100 visits within a period of a year will be paid by medicare.

Under Part B, the voluntary medical insurance part of medicare, eligible patients can receive home health benefits if planned by their doctor, but only 80 per cent of the cost is paid by medicare and the Part B $50 annual deductible applies. Payment will not be made for more than 100 visits in a calendar year under Part B, but this can be in addition to the 100 visits available under Part A, if a hospitalization was involved.

Payment for home health services under medicare are made directly to the agency and all claims for benefits must be filed by the home health agency.

Anyone who would like additional information about Home Health Services under Medicare can obtain it by calling 267-5226 or by visiting the Social Security Office, located on the second floor of the Federal Building, 501 Main.

Correct Time

Due to an error it was incorrectly announced Monday that the Flying Tumbleweed Toastmasters Club would meet at the Texas Electric Service Co. building at 8 p.m. today. The correct time for the meeting is 7 p.m. and members are asked to be on hand at that hour.

DAILY DRILLING

HOWARD

Amerada Petroleum Corp. No. 1 Anderson is drilling at 9,332 feet in lime and shale.

Amerada No. 1 Eason is drilling at 6,980 feet in lime and shale.

DAWSON

Ard Drilling Co. No. 1 Middleton is drilling at 9,300 feet in shaley lime.

Southwest Production Co. drilled the No. 1 Mullins to a total depth of 8,590 feet, 1,980 feet from the north and east lines, 30-33-T5N-T&P survey, 16 miles east of Lamesa, and plugged and abandoned.

King Resources No. 3 Hood swabbed 306 barrels of water in 24 hours.

Hamon No. 1 Herrington is drilling at 11,410 feet in lime and shale. A drillstem test was taken from 11,160-11,300 feet. Tool was open 1:45 with a weak blow showing on a ¼ to 1-inch choke. Decreasing bubbles came in 1 hour, and bubbles remained through the test period. They recovered 300 feet of drill mud with no show of oil. Flow pressure was 184-296, and 30-minute final shutin pressure was 296.

First Baptist Men Meet Tonight

The men of the First Baptist Church will meet at 7 o'clock tonight for a supper and program. Sam Robertson, president of the Big Spring Baptist Association, will show slides and present a program of the men's mission project in Mexico.

Minor Mishaps

Two minor car mishaps were on the police blotter this morning.

Charlie Lee Merritt, 1011 N. Gregg, and Doug Edward Bailey, 209 N. Nolan, collided at Northeast Sixth at Goliad. At Third and Scurry, Dwight Leo Tucker, 1104 Johnson, and Doris Mason Randle, 803 Cherry, ran together.

Fire Damage

A fire blazing up out of the cooking unit caused heavy damage to the interior of the Wagon Wheel Drive-In Restaurant, 2006 Gregg, late Monday.

Firemen also answered three false alarms during the day.

NYC Jobs Break

NEW YORK (AP) — A city official says "a major breakthrough" is near in placing Negroes and Puerto Ricans in jobs in New York's predominantly white construction industry.

Under a prototype project to begin in June at a Brooklyn housing project, one Negro or Puerto Rican on-the-job trainee will be employed for each four journeymen used, said Cyril D. Tyson, commissioner of manpower and career development. He said he hoped the program would be expanded citywide.

Brush Control Is Explained

A statewide effort is being made to control brush and return more profits to the rancher, according to Howard County Agent Paul Gross.

Speaking this morning at the monthly Howard County Agricultural Workers Association breakfast, Gross said the Brush Control and Range Improvement Association has been organized and is seeking funds to promote research in brush control.

Efforts to organize on a county basis and to seek funds will begin this week with the Howard County Livestock Committee. Jack Buchanan is chairman of the committee, and other members include Gross, Dr. Paul Koshi and Charles Wilson.

Gross said the association is asking that landowners contribute one cent per acre for five years, and the State Legislature will be asked to match those funds. Funds will be welcome from any other source, he said, and will be used for research only. No salaries will be paid to association officials, he said.

"The association is looking for ways to create more productive land, and to improve it more economically," he said.

Industrial Arts Students Bring Home Fair Awards

Students in the Big Spring High School Industrial Arts Department (woodwork and drafting) brought home two division plaques and scores of ribbons from the West Texas Industrial Arts Fair held Saturday in Odessa.

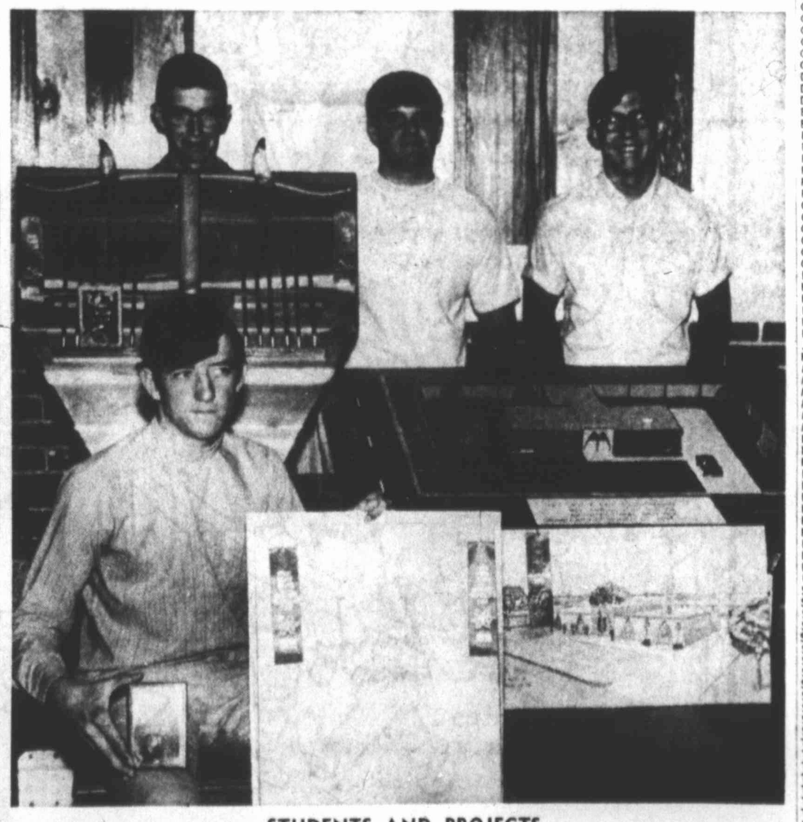

The division plaques were won by Rodney Fuqua in woodworking and George Goodwin in drafting. Fuqua's project is a crossbow rack, and Goodwin drew a swivel mount.

Many of the projects entered in Odessa will be competing at the regional industrial arts fair Saturday in Abilene. Winners there can enter the state-wide fair in Austin May 9-10.

First place winners and their classifications were Windol Lunsford, woodworking knowledge test; Rodney Fuqua, recreation I; Armando Cortez, recreation II; George Goodwin, mechanical drawing; John Gary, architectural models; Douglas Beams, presentation drawing; Greg Grice, mechanical drawing, and Bobby Thompson, student participation.

Second place awards were given to John Gary, house plans; Arthur Huse, mechanical drawing; Gordon Browning, house plans; Ronnie Broadrick, mechanical drawing; and David Sullivan, mechanical drawing.

Third place awards went to Danny Heckler, woodwork; Carl Johansen, woodworking test; Terry Atwell, Woodworking test; Mike Brumley, technical writing; Tracy Guess, technical speaking; John Gary, house plans; Bobby Thompson, house plans; and Fillmore Guinn, student participation.

STUDENTS AND PROJECTS

Rodney Fuqua, John Gary and Douglas Beams, left to right, with George Goodwin, seated.

County 4-Hers To Enter District 2 Contests

Fifty-three Howard County 4-H Club boys and girls will compete with 4-Hers from 19 other South Plains counties for top honors in the District 2 Texas Agricultural Extension Service elimination contests Saturday in Lubbock on the Texas Tech campus.

First and second place senior winners will be eligible to participate in the state contests scheduled during 4-H Roundup June 3-4 at Texas A&M University.

Howard County eliminations were held Monday night at Howard County Junior College auditorium with almost 60 boys and girls competing for the trip to the district contest.

Local entries in senior district eliminations are Kelly Gaskins and Phyllis Wynn, public speaking; Johnny Peugh and Larry Don Shaw, field crops; Annette Couch and Debra Buchanan, vegetable preparation and use; David Adkins and Molly Adkins, cooperative demonstration; Joan Crawford, money management; Brenda Jackson and Sandra Bridge, horse demonstration; Bill Parmentor, farm and ranch demonstration; Janett Nichols and Carla Hunt, vegetable production and marketing; and Terry Davis, Randy Davis, Maxwell Barr, Danny Lockhart and Daryle Coates, livestock judging.

Junior division contestants at district eliminations will be Tricia Jackson and Sherry Jackson, natural resources; Connie Hughes and Mary Kay Hunt, electric demonstration; Martin Nichols and Leola Jones, dairy production; Joey Shaw and Robyn Daniel, Civil Defense.

Also, Steve Foster and Kayla Gaskins, public speaking; Patsy Lynne Furlong, food and nutrition educational activity; Anita Jones and Keith Nichols, vegetable production and marketing; Ann Nichols vegetable production and marketing; Ann Nichols and Patty Peugh, safety; Monty Davis, Roger Coates, Jim Bob Coates, Junior Jackson and Robert O'Daniel, livestock judging.

Also, Gregg Gross and David Crawford, poultry marketing demonstration; Cindy Shaw, clothing educational activity; and Cheryl Bohanon, Dale Mitchell, Monea Honea, Sheryl Hulm, Paul Dodson, Gloria Webb, Pat Fryer, Terri Beistle and Katie Bohanon, share the fun demonstration.

Contests will begin at 9:30 a.m. and winners will be recognized at an awards program in the Student Union Ballroom at 2 p.m. Woody Anderson, of Mitchell County will preside at the awards program. Brenda Jackson, Howard County, will lead the pledge, and Kelley Gaskins, Howard County, will introduce the guests.

Martha Couch and Linda Crawford, two county 4-H Club girls, have already earned the right to participate in the 4-H Roundup, and will compete in the State 4-H Food Show.

Less Paid Unemployed

State and federal unemployment insurance payments totaling almost $11.3 million went into the Texas economy during the first quarter of 1969, Texas Employment Commission has indicated.

The total was $11,289,868, exactly $363,962 less than was paid to claimants in the corresponding quarter of 1968.

Payments totaling $18,751 were paid to claimants living in the Big Spring area, said Leon M. Kinney, manager of the local office.

The biggest part of the total paid — $7,687,212 — came from the unemployment trust fund, maintained by unemployment insurance taxes paid by more than 86,000 covered Texas employers. The next largest part, an estimated $2,436,400, was paid by other states through TEC to their claimants residing in Texas. Other states reciprocate in this arrangement, and Texas claimants in other states received $583,016 during the last quarter.

The TEC administers the federal program for ex-federal employes and ex-servicemen, as an agent of the federal government. TEC paid $475,844 to ex-federal employes during the quarter and $5,851 of this went to claimants in the Big Spring area. The commission also paid $690,412 in unemployment insurance to ex-servicemen, of which $1,690 was paid in the Big Spring area.

Guitar Class Set At YMCA

A class in intermediate guitar will be offered at the YMCA beginning May 13 for nine weeks. Classes will meet on Tuesdays at 7 p.m.

Prerequisite for registration will be completion of a beginner class or some basic knowledge of guitar playing. David Bentley will be the instructor for the Y series. For additional information phone 267-8234.

Big Spring Employment Matches People To Jobs

Let Big Spring Employment Agency match your job needs with employes qualified to fill the needs.

Every employer has the right to demand the best qualified person who can be hired, considering the availability of applicants, the requirements of the job and the salary to be offered.

With this creed in mind, the Big Spring Employment Agency has been helping many Big Spring citizens since it opened its doors in 1961. Every employer at one time or another, has had to make a decision regarding his personnel needs. The owner of a business or the personnel manager is faced with many decisions — what type of person is needed, what skills they must possess and how much they should be paid.

The easiest way to assure the selection of the best personnel available is to interview and hire through the Big Spring Employment Agency. The services of the Big Spring Employment Agency are free to the employer, and their services actually save the employer time, money and headaches. By using the agency's technical services, the owner or manager is free to solve other problems confronting the business.

To assure Big Spring employers the best job applicants available, many hours of hard work go on behind the scenes at the Big Spring Employment Agency, from the time an employer calls in a job opening until it is successfully filled. Job applicants are pre-screened so that employers will not have to waste time interviewing applicants who are not qualified for their particular job openings.

When a business hires through the agency, it is a confidential service. Fewer people are rejected because the employers see fewer applicants; every business is reminded that rejected applicants do not help its public relations. Also, an employer will find that when he hires through a private employment agency there is less job turnover for him.

Applicants who have made an investment in a professional service to locate a job rarely quit in haste. Also, better employes result many times as highly qualified job applicants prefer to use the services of a private employment agency to protect their own identity.

In the field of office skills, the Big Spring Employment Agency carries on its own extensive testing program. For example, if an employer wants to hire a secretary, he will only receive applicants for interview who have been tested in shorthand, typing, office machines and other office skills. Also the applicants are exposed to personnel tests for adults in business and office situations. The employer may successfully refer to these tests as a selection instrument in hiring applicants and also as an indication of future possibilities.

The Big Spring Employment is affiliated with the National Personnel Associates, Inc., an international recruiting organization of more than 120 throughout the northern hemisphere. Many technical personnel working in Big Spring jobs were located in other cities through the Big Spring Employment Agency working with the NPA.

Home Real Estate

Home Real Estate personnel, Jeff Brown, Mrs. Lee Hans and Mrs. Marie Price, left to right, are never out of practice when it comes to putting up SOLD signs. Brown, a realtor, knows that if a house is properly presented it will move in the Big Spring market in a very short time. He has the know-how to present a house to buyers and how to price a home so that it will sell so that the seller gets the best profit from the transaction. When you put your house up for sale, call Home Real Estate, at 263-4663 in the Permian Building and get it sold quickly.

Haston Meets All Kinds Of Electric Needs

Haston Electric, 109 Goliad owned by Gene Haston, has been a part of the Big Spring business scene for many years, and the employes are experts on what is needed for installing electrical fixtures and outlets to handle power demands properly.

Haston is equipped to handle commercial and residential electrical work, either new or remodelling.

With just one call to 267-5103, Haston will make a quick and thorough service call to repair your wiring or handle any electrical problem.

Let Haston discuss with you the future needs of electrical wiring when you are planning your next building or home. He will point out that you can save time, trouble and money if you plan future expansion into a building while it is being built, instead of waiting to add wiring and outlets later.

Haston can help you plan remodelling of your present wiring so that it can safely handle all of the electrical appliances which are common in the home today, but not in common use 10 years ago.

Vending Machine Measure Advances

AUSTIN (AP) — The House State Affairs Committee has approved a bill to take vending machine firms out of the tavern business.

The committee approved several other bills, and heard testimony on others Monday night, including a resolution by Rep. Russell Cummings of Houston, petitioning Congress to eliminate Supreme Court jurisdiction in pornography cases.

Before the hearing, Cummings showed an hour-long film with excerpts from pornographic films and books. Anyone in the Capitol could see the film.

The vending machine bill would prohibit ownership by vending firms in taverns. Violation would be a felony punishable by 2 to 5 years in prison and-or a fine of $10,000.

Many have argued that vending machine interests easily gain control of taverns.

Vending firms still could make loans to taverns, but they would be regulated by the state consumer credit commissioner.

The bill now goes to the House floor.

The committee approved a bill permitting counties of 20,000 or more population to deduct contributions from employes paychecks for credit unions and employes associations. A checkoff for labor unions was knocked out of the bill, with only Rep. Arthur Vance of Pasadena, objecting.

Rep. Dick Cory of Victoria fought against the stripped down bill. "It infringes the dignity of man," he said.

Rep. Bill Clayton of Springlake, another opponent, suggested it was a garnishment bill.

On a voice vote that sounded heavy for the noes, Rep. Rayford Price of Palestine, chairman of the committee, said the ayes had it.

Price began picking up hand signals from those who asked to be shown voting no. He stopped after naming about four. Several other hands still were up. He told those who wanted to vote no to come down and give their names to the clerk. Nine did. Fifteen were present.

The committee also approved bills that would:

—Create Bayport College as a state-supported school near Houston in Harris County. It would offer junior, senior and master's level courses and draw its students from six nearby junior colleges. Rep. Jack Ogg of Houston, who wants the school under the University of Houston instead of its own board, promised to fight the bill on the House floor.

—Create a branch of Texas A&I at Laredo.

—Transfer the Institute of Texan Cultures to the University of Texas.

—Prohibit crankcase emissions from automobiles and provide for year-around inspections.

—Forbid barber or beauty shops to refuse service.

Planning Panel Meets Wednesday

Agencies of the Community Planning Board will meet Wednesday at 4:30 p.m. in the County Courtroom, according to John Currie, board chairman.

At the meeting, members of the county commissioners court will discuss the activities of the county and future plans. The series of meetings are being held so that future plans of the area can be co-ordinated.

The board membership consists of the members of the various governmental boards and agencies functioning within Howard County.

Ordaz Recovering

MEXICO CITY (AP) — President Gustavo Diaz Ordaz was dismissed Monday from the Central Military Hospital where he had been recuperating from surgery performed April 15 on a loosening retina in his right eye.

Doctors said that although his progress was satisfactory, it will be two more months before he is fully recovered.

Mrs. King To Help Hospital Strikers

CHARLESTON, S.C. (AP) — The widow of Martin Luther King Jr. was due in Charleston today to support demonstrations that have led to the arrest of more than 500 Negroes seeking union representation for striking hospital workers.

Mrs. Coretta King planned to address a rally tonight at a Negro church.

It was also thought she might visit the Rev. Ralph David Abernathy, who has been in the county jail since Friday. He succeeded her assassinated husband as president of the Southern Christian Leadership Conference.

The demonstrations are in behalf of more than 400 Negro nonprofessional workers striking for higher pay and recognition of the Hospital and Nursing Home Employes Union, AFL-CIO, as their bargaining agent.

A walkout began March 20 at the state-supported Medical College Hospital and spread a week later to the Charleston County Hospital. The strikers are cooks, nurses aides, orderlies and licensed practical nurses.

The strikers seek a wage increase of an unspecified amount above the present scale of $1.30 to $2.05 an hour.

Medical College Hospital says it is operating at normal capacity with replacement workers, volunteers, and nonstrikers. The county hospital says it is operating at half normal capacity, with admissions limited to about 60 per cent.

Monday afternoon, 128 persons were arrested, including 99 teenagers, when an attempt was made to march down a downtown street. Except for repeat offenders, the juveniles arrested in the demonstrations have been released in custody of their parents.

The Rev. Mr. Abernathy and about 360 other persons, including four Roman Catholic priests, have been jailed since Friday as the result of forbidden marches and violations of a court order limiting pickets to 10 at each hospital. About 180 had been arrested before stepped-up demonstrations were launched last week.

Rescues Student From Driftwood

EMPORIA, Kan. (AP) — An Emporia State College student was rescued from the flooding Cottonwood River Monday after he was spotted from an airplane as he clung to driftwood near here.

Douglas Hime, 22, of Augusta, and another student, Robert Boyer, 23, of Overland Park were dumped into the river when their canoe hit submerged brush while they were practicing for a canoe race.

Boyer reached shore and called help. The plane went up and by radio guided the boat to Hime's location. He was in the water two hours.

Combat Veterans Due Citizenship

HONOLULU (AP) — Twenty-four U.S. Army soldiers, straight from combat in South Vietnam, are here studying this week to prepare themselves for U.S. citizenship.

The soldiers, natives of 16 countries, were flown here Friday from Saigon. They had been in combat north of Saigon with the 1st Infnatry Division.

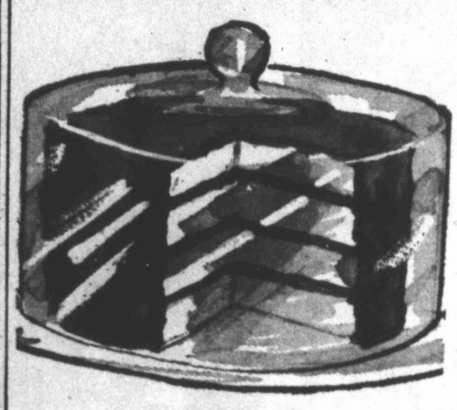

The combat veterans will be sworn in as American citizens on Thursday, Law Day, at a special ceremony at Ft. Derussy near Waikiki Beach.

The men are participants in the Army's first special citizenship flight under a new law which allows preferential processing of non-citizens who want to become U.S. citizens and have served in the U.S. Army in the Vietnam combat zone.

Romp And Stomp

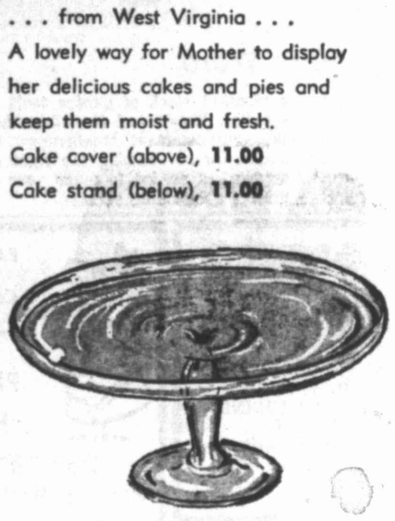

PORTLAND, Maine (AP) — The 10th annual New England Square Dance Festival, a two-day romp, attracted 6,000 persons, some from as far away as Ohio and Florida.

BIG SPRING DAILY HERALD

SECTION B — BIG SPRING, TEXAS, TUESDAY, APRIL 29, 1969 — SECTION B

FOR PROTESTERS WHO THROW AWAY CARDS

Backs Immediate Induction

WASHINGTON (AP) — Selective Service chief Gen. Lewis B. Hershey says antiwar protesters who throw away their draft cards will continue to lose their deferments and be reclassified for immediate induction until the courts order the procedure stopped.

Putting such protesters first in line for the draft "has nothing to do with punishment," the blunt, 75-year-old Hershey said in an interview. "I get riled up when they talk to me about serving your country being punishment."

ILLEGAL DRAFT?

Hershey spoke after the Supreme Court Monday agreed to hear arguments next fall by two antiwar protesters who charge their reclassification was unconstitutional.

One of the protesters, 22-year-old David Earl Gutknecht of Gaylord, Minn., is appealing a four-year prison sentence for refusing induction after he was reclassified for leaving his draft card on federal building steps during an antiwar demonstration in Minneapolis.

The other, 21-year-old Timothy J. Breen of Westport, Conn., sued against being drafted after he was reclassified for giving his draft card to a Boston clergyman to protest the war.

Both gave up their draft cards within weeks of Hershey's October, 1967, memorandum authorizing draft board to take away draft deferements for such "illegal activities" and declare the violators delinquents, which ends their name to the top of the draft list.

TEST OF POWER

American Civil Liberty Union attorneys for the two protesters say 537 students were stripped of deferments and put on 1-A delinquent status in 1968.

Legal Director Melvin L. Wulf said in New York the ACLU hopes the Gutknecht case "will be the central test of the power of Gen. Hershey to reclassify men as punishment for protesting the war in Vietnam."

Hershey's general counsel, Col. David D. Omer, said he welcomes the Supreme Court decision to hear the two cases and is confident the court will uphold the reclassification policy.

Failure of a potential draftee to carry his draft card is a specific violation of the Military Selective Service Act. The issue before the court is whether a man can lose his deferment and be reclassified to high draft status for the violation.

'PRIVILEGE'

Hershey's position is that draft deferments for college or any other reason are a "privilege" and they are granted only when it is in the national interest.

"Breaking a law is never in the national interest," he said, "and if they (young men) break a law, it's not in the national interest to defer them."

Violation of the draft card possession law also makes them liable for top-of-the-list delinquent status rather than simple reclassification to 1-A, he contends.

But Hershey, admitting he is a military man and not a lawyer, was not as optimistic as his general counsel that the Supreme Court will settle the issue.

"All they've said is that they're going to take it (hear the cases)," he said.

"And what looks black and white to me can look grey to them," he said.

Shriners To Join Friday Ceremony

Fifty Big Spring Shriners and their wives are expected to join the weekend festivities at the Suez Temple Shrine Spring Ceremonial Friday in Sweetwater.

They will be joined by Shriners from San Angelo, Midland, Abilene, Brownwood, Snyder and about 20 other area towns, according to Jay Morgan, chairman of the local arrangements.

Highlight of the ceremonial will be a parade through the downtown area of Sweetwater with the Suez Motor Patrol of Big Spring as the featured unit. The Big Spring Shrine Association will sponsor a ring candidate, who will be competing for honors as the best initiate at the ceremonial.

Student Wins Second Place

Mark Unger, a member of the Metal Trades VICA of Big Spring High School, placed second in the state technical information competition at the Texas meeting of the VICA last week.

He also placed fourth in the state as outstanding student of the metal trades classes of Texas.

Six students made the trip to the state meeting. These included the District 1 reporter Guy Burrow, and District 1 reporter-elect, Eddie Nanny Leon Taylor, club advisor, said the local delegation made an excellent showing.

Eagle Transport Acquired By Mitre Industries

DALLAS — Mitre Industries, Inc. has acquired Eagle Transport Co. of Big Spring and Houston for an undisclosed amount of stock and cash, D. G. Ritter, Mitre president, has announced.

Mitre Industries, with headquarters in Dallas, designs and makes tools, dies, jigs and fixtures. It also fabricates metal drawn and stamped parts and components. It formally was called Polley Brothers and Verson, Inc.

Eagle Transport was acquired from Richard Johnson, who will remain with the firm as president of the Mitre wholly-owned subsidiary. Eagle is engaged primarily in hauling petroleum and chemical products and by-products. It has terminals in Abilene and Mt. Pleasant, as well as in Big Spring and Houston.

Mitre Industries has about 700 shareholders and its common stock is sold over the counter.

DEATH THREAT RUMORS

Sirhan Will Be Held In 'No Man's Land'

SACRAMENTO, Calif. (AP) — A California prison official says there have been rumors that an attempt would be made on the life of Sirhan Bishara Sirhan, assassin of Robert F. Kennedy, if he goes to San Quentin prison.

"They were nothing you could put your fingers on or could validate," Lawrence Wilson, state deputy corrections director, said Monday. "Just the institutional rumors that there could be some reprisals taken."

Meanwhile, a bill to allow the California Corrections Department to send Sirhan to the medical facility at Vacaville died in the state legislature's criminal procedure committee Monday for lack of votes.

Sirhan was convicted of first degree murder and condemned to death by the jury Wednesday. May 21 has been set as a hearing date for possible motions and formal sentencing by the judge.

Among those attending the committee hearing Monday was Lynn Compton, chief deputy district attorney for Los Angeles County and one of Sirhan's prosecutors.

Wilson said Sirhan would be held in a "no man's land" at San Quentin with empty cells on both sides. His area will be separated by a screen from the rest of the sixth floor death row.

Officials said Sirhan still could be housed at Vacaville, built in 1955, if doctors should find he needs special medical or psychiatric care not available at San Quentin, a state prison since the 1850s. The gas chamber is at San Quentin.

Puzzle of Monday, April 28, Solved

Israeli Jets Rip Gun Posts

TIBERIAS, Israel (AP) — Israeli jets bombed and strafed gun posts inside Jordan today as ground forces exchanged mortar and artillery fire across the cease-fire line.

An army spokesman said two jets were sent to silence Arab gun positions after an Israeli army vehicle came under bazooka fire as it patrolled the frontier near the settlement of Maoz Haim. But more Arab mortar fire was reported and the army said five soldiers were wounded.

A Jordanian military spokesman in Aamman said the Israeli howitzers opened up on Jordanian military positions near Tel El Arbain and Zamalieh villages. At the same time, four Israeli jets machine-gunned and rocketed an agricultural area near Tel El Sukkar village and Quattaf Ford for an hour, the spokesman reported.

He said there were no Arab casualties but crops in the locality were damaged.

Maoz Haim is 15 miles south of the Sea of Galilee.

Shortly before the planes were called in, another Israeli border patrol came under bazooka and mortar fire near Tirat Zvi, five miles south of Maoz Haim in the Beisan Valley. The army said the Arab fire was returned.

Along the Suez Canal front, the army said two Israeli soldiers were wounded by an antipersonnel mine north of El Qantara just before midnight Monday.

Mrs. Sharp Seeks To Locate Mother

Mrs. Brenda Sharp, 614 East Elm, Dublin (76446), is attempting to locate her mother. Her mother's maiden name was Verna Sue Cottongame, and possibly married a Mr. Smith. The last touch Mrs. Sharp had with her mother showed a Big Spring address. She would be grateful if anyone could give her any information on her mother.

Specialists Continue To Check Moon Rocket

CAPE KENNEDY, Fla. (AP) — Specialists today continued to inspect the Apollo 10 moon rocket to determine whether any damage occurred when a repair crew mistake spilled thousands of gallons of fuel from the rocket's first stage tanks.

Hours of examination since the Sunday accident had uncovered no leaks or other damage. But the National Aeronautics and Space Administration said it would not be able to clear the Saturn 5 rocket until completing an extensive probe sometime today.

If serious damage were discovered, there could be a delay in the scheduled May 18 launching of the three Apollo 10 astronauts toward an orbit around the moon.

The week-long countdown rehearsal was to have started Monday. But it was delayed by the spillage which occurred when a crew went to the pad to repair a leak in a nitrogen pressurization system on a launch support tower.

The nitrogen is used to pressurize the first stage fuel tanks of the 36-story-tal Saturn 5.

A NASA spokesman said the repair crew by mistake turned off the pressure. This opened valves in the first stage. Thousands of gallons of high-grade kerosene poured through the valves and over the launch pad area before the valves could be shut.

ARE THE INSIDE LINES CURVED?

No. They only look that way. The lines are perfectly square. Check it yourself with a ruler. Illusions are like that. They prove that things aren't always what they seem to be.

Take Muzak, for example. It sounds like music. But it's not, actually. It's an unobtrusive, scientifically-conditioned musical environment that people didn't consciously listen to, but subconsciously react to in a positive way.

What Muzak does is motivate people and increase their efficiency. That by itself has to make Muzak one of the most effective management tools yet devised to step-up employe productivity. On the assembly line. In offices. In stores. Practically anywhere where people can work more efficiently.

We have all the proof you'll ever need to convince you how effective Muzak really is. We'd love to show you. Just call or write us.

MUZAK
specialists in the psychological and physiological applications of music

PIONEER MUSIC SERVICE

A Devotional For The Day

Upon the first day of the week let every one of you lay by him in store, as God hath prospered him. (I Corinthians 16:2)

PRAYER: Giver of all gifts, help us to count our blessings and give Thee the honor and the praise, remembering "all that we have is Thine alone, a trust, O Lord from Thee." Amen.

(From the 'Upper Room')

Russian Uneasiness

The Russians are understandably concerned over the fact that a U.S. Navy task force is making a U.S. lake out of the Sea of Japan in support of intelligence-gathering operations. The force, consisting of three aircraft carriers, the battleship New Jersey, and supporting vessels have been deployed to provide combat cover for electronic surveillance craft such as the EC121 shot down by North Korean fighters.

The Russians are aware that the missions of such reconnaissance craft are not confined to gaining electronic intelligence from North Korea. While U.S. sources maintain silence on the subject, it can be assumed that the planes are also gathering important information on Russian and Chinese operations at points where their borders run on the borders of North Korea.

The planes, for instance, can analyze radio and other electronic communications traffic in the area. This can provide a reasonably intelligent estimate of the size of Russian and Chinese forces in the area and the state of their readiness. Experts in the art can determine whether a division, corps, army, or army group is involved just by the amount of communications traffic it engenders — discounting, of course, dummy traffic that may be used to confuse listeners.

Also, neither the Chinese nor the Russians can be happy over the prospect of regular recording and analysis of radar signals installations within their countries.

Whether or not Russia has any real influence on North Korea is an unanswered question. The Koreans must depend to a great extent on Russian planes and armaments. But the North Koreans have also acquired a reputation for belligerent independence and above all of unpredictability — as witness the Pueblo and the EC121 incidents.

While uneasiness of the Russians may be understandable, perhaps they will be stimulated to counsel restraint on the part of the North Koreans. This would be the quickest way to cool the situation.

Advisable Improvement

Anything that can be added to state law that will improve freedom of information on the public's business transacted by state and local governmental agencies should have popular support. Knowledge of what is going on within government is the best possible insurance that the public interest is being served and protected.

The Texas Legislature, after years-long delay, in 1967 passed a desirable law. It required all governmental bodies in the state to make their meetings open to the public and press, with some exceptions such as meetings to discuss personnel matters and acquisition of real estate.

There is now pending in the House a Senate-passed amendment to that 1967 law which would require governmental bodies to give three days public notice of regular meetings and notice soon as possible of "emergency meetings." As some public bodies have been circumventing the 1967 anti-secrecy law through unpublicized meetings, that amendment is an advisable improvement.

So would be the other provision of the amendment which would limit public bodies meeting secretly on exempted subjects to discussion of those subjects only and require them to open a meeting that takes up any unexempted matter. Obviously this, as are most freedom-of-information laws, would be difficult to enforce against devious and stubborn pro-secrecy officials, but the state policy should be clear and the penalties involved should at least give pause.

Though it has not been taken up this session, there is another freedom-of-information law — applicable in federal affairs and in many states which the Texas Legislature should approve in time. This is a law to make official records, with a minimum of fully justified exceptions, always open to the press and public, with practical means for enforcing their availability.

That government is best which operates most openly, and secrecy in public affairs is always cause for suspicion of wrongdoing. We would like to see Texas become a leader among the states in freedom-of-information law; that would be a genuine reason for state pride.

Holmes Alexander

Time For A Moment Of Truth

WASHINGTON — There was this extremist from North Carolina who came to see me and told me things he'd write if he were a columnist.

"Some admiral, general or ranking Pentagon civilian ought to commit suicide over the USS Pueblo or the Constellation EC-121. There was something noble, dramatic and final about the way Japanese officials were expected to take their lives when they failed badly in a national mission. Our military men failed in not getting President Johnson to make the Pueblo defensible against probable attack. The same failure under President Nixon is more flagrant still, since we had the Pueblo precedent to go on."

Extremism in defense of liberty, eh?

"UNTIL MID-OCTOBER last year, my State was going to give a big vote for Wallace. But then we saw the polls that showed a vote for Wallace would be a vote to elect Hubert Humphrey. We considered the alternatives, Nixon or Humphrey, so we switched to Nixon. But we had hopes that Nixon would stand up to the Communists."

Southern-swing voters are already disappointed with President Nixon, then?

"IT'S LIKE THIS. My old daddy raised us four boys mighty good. He would stand us up and say, 'Don't ever tell me a lie. Whatever you've done, no matter how bad, isn't as bad as lying. Lying just makes it worse."

Extremism in the honoring of truth is no vice. But was my visitor saying that President Nixon wasn't speaking truthfully to the American people?

"WELL, MR. NIXON said that the North Korean attack on the Constellation was unprovoked. He said it came without warning. He said the plane was at least 50 miles out in international airspace. None of this was altogether true. It would provoke any nation to have its military communications tapped. The capture of the Pueblo was a very loud warning against the EC-121. What difference does it make that the plane was 50 miles off the shoreline if its listening instruments were intruding into the heartland of North Korea?"

We had no reason to be pietistic, then. We shouldn't strike hypocritical poses. As your daddy said, lying just makes it worse. Is that your meaning?

"YES. LOUD AND CLEAR. And I'm saying that President Johnson had better reason for do-nothing than President Nixon had. The North Koreans were holding 83 crew members as prisoners. Johnson's first responsibility was to get them back alive. President Nixon had 31 dead bodies in the water. He couldn't save them; he could only avenge them. To that one wounded sailor who died under Johnson, there were the 31 killed in action under President Nixon after the warning had been given."

But the President has now sent a task force to the Sea of Japan. He has kept his cool. He has allowed his Secretary of State to say, "The weak can be rash; the powerful must be more restrained."

TO THE VISITOR this statement by Secretary Rogers sounded like another not-quite-truthful message to the American people. How "weak" is North Korea next to Red China the strongest military force in Asia and bolstered by both the Communist giants? When's the last time a major nation like ours felt impelled to be so everlastingly "restrained" as to lose the name of action?"

Billy Graham

Will you please give me a list of references to the coming of Christ? H.K.

There are more than 300 references in the New Testament to the second coming of Christ. It was a subject close to the heart of the Savior, and He spoke of it many times. A few of His references are as follows:

"The Son of Man shall come in the glory of his Father, with his angels." Matt. 16:27.

"As the lightning comes out of the east and is seen even to the west, so shall the coming of the Son of Man be." Matt. 24:27.

"They shall see the Son of Man coming in a cloud with power and great glory." Luke 21:27.

"Whosoever shall be ashamed of me . . . of him shall the Son of Man be ashamed when he comes in the glory of his Father with his angels." Mark 8:38.

"I will come again and receive you unto myself." John 14:2.

Read the entire 24th chapter of Matthew, which is Jesus' discourse on the end of the world.

GREAT OPPORTUNITY FOR THE WRONG MAN

John Cunniff

Changes In American Life

NEW YORK (AP) — Since business and finance are physical and mental exercises that people deem rewarding and productive, they generally mirror society. That mirror today reflects some interesting changes in American life.

Do you remember when steel stocks were in the portfolio of every responsible trust and institution? Steel was building a nation, and if you believed in the nation you believed in steel.

NOW LOOK at the situation. In the holding of the 40 largest mutual funds, steel stocks in 1968 added up to only $383 million, about $168 million less than in 1958. As a percentage of portfolios, it dropped to 1.2 from 7.

The figures, from the Investment Company Institute, show that steel is the only industry among 26 categories where both the percentage and the dollar amount were reduced by the largest funds in the past 10 years.

Steel still is a big industry of large companies. But no longer is it without competition from other products, for technology has produced prestressed concrete and plastics and other metals. Life has changed.

The explosion of technology has produced businesses that don't always need steel. Americans are flying rather than riding trains, and aircraft use aluminum and titanium and plastics.

REMEMBER WHEN there existed in the United States a tradition that said a corporation must stick to it last—do only the things in which it was experienced.

That tradition is being erased, one of the reasons being that companies that stuck to their last, like the old ice companies, saw the world go by and ended up last. Now the word is "diversify."

With technology and manners and laws changing American life faster than ever before, diversification is sometimes a company's only protection against a future full of the unknown.

Railroads now argue that they should be permitted to operate companies involving all modes of transportation because, they claim, the car and the highway and the jet have changed the game.

INSURANCE COMPANIES want to sell mutual funds because, they have discovered, an inflationary psychology exists and that means Americans no longer are completely happy with a fixed return.

Tobacco companies, under fire as a health hazard and finding it increasingly difficult to present their product favorably, are turning to the production of human and pet foods, among other things.

Steel companies, realizing that stockholders today demand a maximum return on their investments, are turning from steel to more profitable areas, such as real estate.

The industry most popular with the funds appears to be oil, a big reason being that until a better electric or steam driver vehicle is invented, all mobile Americans must use petroleum products.

The second most popular investment of the mutual funds is in office equipment stocks, the big reason being that between 40,000 and 50,000 electronic computers are now doing America's work.

THE INCREASE in such investments has been startling. In 1958, before computers and office copiers were popular, the 40 biggest funds had $268 million invested in office equipment stocks. Now the total is $3 billion.

Although financial institutions, including banks and insurance companies still are popular, the percentage of fund assets committed to them has dropped from 10.5 in 1958 to 8.3 in 1968.

Textiles have won great popularity, one of the reasons being the development of artificial fibers. And retail securities, reflecting the growing financial power of the consumer, now account for 4 per cent of portfolios compared with only 2.2 per cent in 1958.

Hal Boyle

Forbidden Fruit Jam

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Although 50 per cent of eligible high school students take driving courses now compared to 25 per cent some 10 years ago, the rate of traffic deaths in that decade increased from 24 to 28 per 100,000 people.

THE BARNACLE may hold one key to reducing unsightly tooth cavities in the future. Dentists hope that if they can duplicate the powerful cement these tiny creatures secrete to fix themselves to vessels it will enable them to cut down the size of fillings, which now have to be drilled so that they lock mechanically.

Parents still can't choose the sex of their children ahead of time, but they now can find out six months before birth whether a child will be a boy or a girl. A test devised by a University of Southern California obstetrics professor enables sex to be determined this far in advance. It entails the taking of fluid samples from the fetal envelope.

YOU THINK your wife buys too many clothes? Queen Elizabeth I of England, who was as homely as two barn doors, kept 1,000 dresses in her wardrobe. But probably like every other dame she complained, "I don't have a thing I can wear."

Quotable Notables: "Relations between the sexes are so complicated that the only way you can tell if members of the set are going together is if they are married. Then, almost certainly, they are not."—Cleveland Amory.

Presidential cook: Thomas Jefferson, a genius in many fields, also knew his way around a kitchen. He wrote this advice to fishermen on how to tell when a fish is done: "If the bone sticks to the flesh, or the flesh to the bone, it is not done. By the same rule, if quite loose and the flesh drops off the bone, it is overdone. But if a knife parts the flesh from the bone easily, the fish is done."

WORTH remembering: "Forbidden fruit is responsible for many a bad jam."

Thanks to increasing buffalo herds, bison steaks again are appearing on some restaurant menus.

It was Mark Twain who observed, "Truth is the most valuable thing we have. Let us economize it."

To Your Good Health

What 'Prostatic Hypertrophy' Means

By G. C. THOSTESON, M.D.

Dear Dr. Thosteson: Diagnosis indicates that I have prostatic hypertrophy. However, I have not been able to gather a definite idea as to its real nature. If possible, give me the real meaning of it in common language. — A.Y.A.

In plain language, it means enlargement of your prostate gland.

The gland, unusual in that it is a combination of both glandular and muscle tissue, is at the bottom of the urinary bladder. The urethra, or outlet from the bladder, passes through the center of the gland, which is more or less doughnut-shaped.

For reasons not known, the prostate may enlarge after the age of 50 or 60. It is reported that 40 per cent of men have this enlargement to some extent. About half of this number will have enough enlargement to cause symptoms.

Usual symptoms are increased frequency of urination, a sense of incomplete emptying of the bladder, frequent urination at night, and diminished force of the urinary stream.

The doctor, of course, has further diagnostic methods. If the enlargement of the gland is on the side toward the rectum, this can be felt in the course of rectal examination.

If the enlargement is on the opposite side, the doctor may not be able to feel the enlargement, but when it is suspected from the patient's symptoms, examination is by a cystoscope. Or, as you may have supposed, the gland may enlarge in all directions.

Usually the hypertrophy, or enlargement, is benign — that is, it is made up of fibrous and other tissues which are not malignant. But in some cases cancer is present. While this type of cancer can be controlled with gratifying success, it should be treated as soon as discovered. Discrete hard nodules are one suspicious sign.

Massage is often used in cases of hypertrophy, and may give temporary relief from symptoms. It is not a "cure," however, and surgery (done in various forms) is the primary curative treatment. Depending on the case, varying amounts of the gland may be removed. Sometimes at the time of surgery cancer is found deep in the gland, although not yet progressed far enough to have given any sign that could be detected otherwise.

• • •

Much heart trouble is preventable. Write to Dr. Thosteson in care of The Herald for your copy of his booklet, "How To Take Care of Your Heart," enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Around The Rim

Wildflowers In Full Bloom

A friend called the other day. He had a grandchild, he told me, who had been assigned by his teacher to collect 100 specimens of roadside wildflowers. Where, asked my friend, would be a good place for him to take the youngster to make his collection?

I told him that I doubted if the kid would be able to garner as many as 100 varieties. However, there are many different kinds of flowers now in bloom and it doesn't matter too much where you drive to find them.

THERE ARE vivid displays of lovely wild flowers on vacant lots here in town, if you look for them. Roads on the edge of the city are lined with yellow, red, blue and white blossoms. A dozen species of flowers combine to provide many color patterns.

I made a long ride Sunday to check up on the blossoms. While I do not believe that the cover this year is quite as brilliant as it was last spring, there are breathtaking sights for anyone who wants to look.

STRANGE TO RELATE, the strip of highway just east of Lomax which last year was a veritable flower garden hasn't repeated this spring. Toward Big Spring, however, on the same road, there are many spectacular patches of flowers.

If you want to see other lovely flowers go west of IS 20. I suggest you take the service road so you can drive as slowly as you like. That's the only way to see the blossoms.

THERE ARE vast fields of assorted wild flowers adjacent to FM 700 on the east edge of the city. In fact, every road you may travel will be gorgeously colored.

This year's greenery, too, is particularly brilliant and pastures which normally are gray and brown are now covered with luxuriantly green grass and weeds. Mesquites are gorgeous in their lacy foliage in its own distinctive shade of light-yellowish green.

The contrast of the brilliant green of the mesquite with the darker coloring of the juniper and other trees is quite eye-catching.

I AM NO botanist. The number of wild flowers I can identify are few compared with the many kinds that are now in bloom. One variety which is particularly beautiful and abundant this year is the Tahoka daisy — a lovely roadside ornament which should certainly have been included in the highway department's recent attractive color brochure on roadside blossoms.

I am sure if you want to go south you'll find bluebonnets. There were a lot of them in bloom about this season last year between Robert Lee and San Angelo.

BUT IF YOU just want to revel in white daisies, blue Tahoka blossoms, gorgeous buttercups, along with a wide assortment of other colorful posies, take a drive out in the country now.

Don't wait too long. These little flowers are of short life and will soon be gone.

Right now appears to be about the peak of their season.

—SAM BLACKBURN

College Administrators' Problems

COLUMBIA, Mo. — Some 200 regents and trustees responsible for governing universities and colleges with a majority of the nation's students are meeting here to consider how to contain the campus revolt and at the same time insure the freedom of the academic community. It is a bit like trying to square the circle.

THESE MEN and women representing their respective institutions at the annual conference of the Association of Governing Boards are acutely aware of the gathering storm. They know that profound changes must come in higher education to meet student and faculty demands. Yet they know, too, that legislatures — not to mention taxpayers — that must appropriate funds for the great state universities are in revolt against the excesses they see reflected in the headlines.

A threatening equation is written large on the blackboard: disruption, violence, and destruction of property equal more political intervention in the academic community. Fire that professor for talking radical stuff, the legislature says. And if you can't keep those students under control you're going to find your funds cut off.

ONE QUESTION put to the conference is whether the governing boards should try to establish a national standard for coping with students, the minority of extremists, who destroy and disrupt by force and violence. Should they be punished under the laws of the land as would an ordinary violator? Or does the sanctity of the academic community make them immune from the punishment meted out to the law-breaker on the outside?

THERE ARE no easy answers. One problem is to determine what authority is to pass on the accused within the academic community. That gets down to the student demand for shared as against imposed authority. A student facing suspension or expulsion for going beyond peaceable demonstration and protest, as defined in a code of conduct, would have a hearing before a board made up of representatives of students, faculty and administration.

But expulsion under the draft as presently operating would make the individual liable to be called for service in a war which is one of the chief sources of student protest. This is a sensitive nerve troubling authority at every level.

TWO SIGNIFICANT and little understood facts emerge in the discussion here. One is the way in which many institutions have kept ahead of student demands and have thereby headed off the kind of uprising engineered by a small minority intended to draw in the moderates against repressive authority. Yale under the administration of Kingman Brewster is an outstanding example.

Even less well known is how comparatively few institutions have had incidents that made sensational headlines. Not more than perhaps 40 colleges and universities out of a total of more than 2,000 have had blowups that got onto national television.

THE UNDERLYING discontent and frustration on the part of both students and faculty are deeper than the surface manifestations. It is a discontent with the narrow terms and the machinelike quality of higher education in America. President Howard R. Bowen of the University of Iowa expressed this with remarkable candor in a recent speech:

"THE UNIVERSITY has unwittingly become a handmaiden of the established order and finds its main purpose in training professionals to serve it and in carrying on research and service to support and perpetuate it . . . The university's involvement with the established order robs it of its role and its contribution as disinterested critic of society and thereby reduces its capacity for liberal education."

That is what a lot of students have been saying with varying degrees of fury. And it is this accusation and how to respond to it that the troubled representatives of authority are trying to sort out.

Art Buchwald

We Gotta Wait For The Cameras

WASHINGTON — There is some question as to what role the communications media are playing in student unrest. Most of us like to think we're just reporting the events on college campuses, but there is a gnawing suspicion that our role may be one of participant rather than observer. Have you ever wondered what might happen if the press and TV didn't show up at a student demonstration?

Twenty-five students are standing on the steps of the law building.

"OK, guys, we're taking the building. Is everybody ready for the attack?"

"WE BETTER hold off; the TV cameras haven't arrived yet."

"Who was supposed to alert the TV stations?"

"I did alert them. I said we were going to lock ourselves in at noon. They said they were covering the flower show at the Coliseum and they didn't have any cameras available."

"That's a hell of a note. It's just like the bourgeois, racist, capitalistic TV media to ignore the revolution. What do we do now?"

"Let's take the building anyway."

"WHAT GOOD will it do? There are no press photographers or newspapermen here either."

"Where are they?"

"I called up the papers and told them what we were going to do and they said they were too busy to cover another student takeover of a building. They said it wasn't news any more."

"DID YOU TELL them we were going to tar and feather the dean of the law school?"

"Yeah, and they said to send them a press release on it."

"Where's the reporter from the school newspaper?"

"The school newspaper said they didn't have any student to spare for our demonstration, but they'd get a fill-in later from one of us."

"Somebody's got to come. What about the radio stations?"

"No dice. They said we could call in on their telephone talk show if we wanted to, but they're not sending anyone over."

"THERE'S GOT to be some law that the press has to cover a student riot."

"If I had known nobody was going to be here, I wouldn't have missed my lunch hour."

"I want to read my speech telling why we are taking over the law building."

"Who cares? You wrote it for the press. As long as they're not showing up, spare us."

"I say we should take over the law building anyway."

"WHAT GOOD will it do? Nobody will know we did it."

"Let's make new demands to the administration."

"Such as?"

"It's the administration's responsibility to see that our student demonstrations are covered by the press and TV media, and if they don't provide adequate coverage the university has three hours to live."

"Let's hurry. I promised my parents I'd be on the Cronkite Show tonight."

(Copyright, 1969, The Washington Post Co.)

Williams Is Getting His Message Across

By The Associated Press

Whatever Ted Williams has been saying to his hitters, they have been repeating loudly over and over again the past five games, but how do you explain how Washington's relief pitchers have been sounding off?

Williams, one of baseball's greatest sluggers, had hoped to impart some of his knowledge to the Senators' hitters and apparently has succeeded as they have spoken up by hammering 39 runs for five consecutive victories.

But Manager Williams must have some pretty good ideas, too, on how to get batters out because his bullpen has not allowed a run in the last 35 2-3 innings he has called on it.

WIN NO. 5

The lessons worked well again Monday night as the Senators rolled up No. 5 by pasting Detroit 6-1 with Hank Allen driving in three runs and Dick Bosman posting four scoreless innings in relief of winner Camilo Pascual.

While the Senators were sounding off again, the Boston Red Sox finally were silenced when Fritz Peterson of the New York Yankees stopped them on three hits for a 1-0 victory, the first time in 11 games the Sox haven't hit a homer.

Minnesota blanked Kansas City 4-0 as Jim Perry scattered seven hits in the only afternoon game in a schedule curtailed by rain. Baltimore's game at Cleveland and the California contest at Seattle were washed out at night.

The Senators, who had managed only 25 runs in 12 games before their victory streak, jumped on Earl Wilson for two runs in the first inning on Allen's run-scoring hit and a throwing error by Al Kaline. They waited until the eighth to break loose again when Allen singled in two more runs and hits by Ken McMullen and Paul Casanova brought home two more.

Meanwhile, Pascual had held the Tigers to Dick McAuliffe's lead-off homer in the first before leaving after five innings in the 43 degree weather. That's when Bosman took over and blanked Detroit the final four innings, giving him 8 2-3 shutout innings in the bullpen spree.

STREAK GOING

Dennis Higgins has nine scoreless innings of the streak that began April 19, Casey Cox 8 2-3, Dave Baldwin 4 1-3, Bob Humphreys and Jim Miles two each and Joe Coleman one.

Twenty-three of those resounding 35 2-3 innings have come in the last five games, which have, lo and behold, lifted Washington's once shy violets of the American League over the .500 mark and ahead of the mighty Tigers into fourth place in the East Division, only 3½ games behind leading Baltimore.

The Red Sox had broken records with 26 homers in 10 consecutive games and 27 in 11 before running into Peterson, 3-2, who pitched the first complete game victory and the first shutout against them all season.

The run he needed came in the sixth with one out when Bobby Murcer lined the third hit off rookie Ray Jarvis, 1-1, making his first major league start, and Roy White doubled him home. The victory boosted the Yankees into second place, ahead of Boston and 2½ lengths back of the Orioles.

LYNN SANDERS (L), JOHN EDWARDS

Two Cage Standouts Toil With Howard County JC

Two of Texas' outstanding high school basketball players the past season, John Edwards of Joshua and Lynn Sanders of Plainview, have been engaging in basketball tryouts at Howard County Junior College here.

Coach Buddy Travis said both would fit snugly into Jayhawk plans for the 1969-70 season, if they could be prevailed upon to sign.

Edwards, son of Mr. and Mrs. W. B. Edwards, is 6-4 and weighs 190 pounds. He played forward, averaged 12 points per game and 15 rebounds; his team beat Clifton, 62-43, for bi-district title in class 1-A.

He lettered in basketball all four years in high school, also ran track (half mile in 2:04); and named most valuable cage player in his district. He thinks he will be a math major.

Sanders, son of Mr. and Mrs. Walter L. Sanders, 6-6, averaged 10 points and 10 rebounds. He weighs 215 pounds. His team finished third in district 4-AAAA. He has played about five years, three in junior high and sub-varsity, then lettered two years in varsity. He wants to study data processing.

Hoefers Headed For McMurry

ABILENE — Twins Barry and Larry Hoefer of Abilene Cooper High School have signed letters of intent with McMurry College here.

Their father, Floren Hoefer, played football for McMurry during the 1940's.

Larry was an all-district end in District 3-AAAA the past season.

DONALD JAY

Jay Leaving Lamesa High

ORANGE — Donald Jay of Lamesa has been named head football coach at West Orange, a Class AAA school. West Orange officials made the announcement the past weekend.

Jay, who is current president of the Texas High School Coaches Association, has been head coach at Lamesa since 1964. He coached at Kingsville prior to coming to Lamesa.

While at Lamesa, Jay's teams won 29, lost 22 and tied two.

West Orange athletic director Adolph Hryhorchuk made the announcement of the hiring of Jay. West Orange is a member of district 9-AAA.

Other schools in the conference are Bridge City, Cleveland, Jasper, Liberty, Livingston, Port Arthur, Austin, and Silsbee.

"I didn't go out looking for the job," said Jay. "West Orange came and sought me out. One factor was the size of the school.

"Plus, I think it's a real good coaching job."

Yankees Kayo Cats, 6-2

The Yankees got off on the right foot in National Little League play here Monday evening, trouncing the Wildcats, 6-2, behind the effective elbowing of David Guinn.

Guinn hurled the first five innings and combined with Bob Bradshaw to limit the Felines to a single hit. That came off the bat of center fielder Willie Neal.

Guinn collected one of his team's six hits. Rick Crittenden, Dennis Simmons, Bradshaw, Virgil Spargo and Gage Mims had the other blows for the Yanks.

The game was extremely close until the final inning, when the Yanks struck for four runs.

Hawks Claim 2nd In Row

The Hawks ran their American Little League record to 2-0 by turning back the Colts, 3-0, here Monday night. The loss was the first for the Colts in two starts.

Pat Carroll, on the mound for the Hawks, set the Colts down with one hit. He fanned nine and issued only one walk.

C. Burrow had the only hit for the losers. T. Weaver crashed out two of the Hawks' three safeties.

RING RESULTS

Monday Night

LONDON — Walter McGowan, 119½, Scotland, stopped Michel Houdeau, 125½, France, 4.

TOKYO — Kuniaki Shibata, 128, Japan, knocked out Kid Barrios, 128½, Philippines, 1.

STOCKTON, Calif. — Antonio Hernandez, 128, Hermosillo, Mexico, knocked out Rogelio Tulonaharik, 128, Manila, 1; Rudy Villegonza, 122, Manilao, knocked out Ken Nagamini, 122, Honolulu, 9.

Ted Abernathy Saves Victory For Chicago

By The Associated Press

Devilish old Leo Durocher figures Ted Abernathy's underhanded tricks are too good to be true.

"It's seldom you get out of jams like that," the Chicago skipper said Monday night after Abernathy, the ancient submariner of the Cubs' bullpen, escaped a bases-loaded, none-out bind in the 10th inning, saving a 2-1 victory over Philadelphia.

The 36-year-old relief specialist made Ron Santo's go-ahead single in the top of the 10th stand up by getting two Philadelphia pinch hitters to tap into force plays at the plate, then retiring a third on a roller to third baseman Santo.

"That was some kind of pitching," said Durocher, who admitted he'd expected the game would get away from Abernathy. "Three ground balls—that's what you have to have."

BLOOPER HELPFUL

While Abernathy's underhand sinkerball was submerging the Phillies, a ball boy's ninth-inning blooper helped lift the Los Angeles Dodgers past San Diego 4-3.

With one out and one on in the the left field corner to retrieve foul balls, touched a fair ball off the bat of pinch hitter Wes Parker. Parker was awarded a triple, tying the game, and pinch hitter Ken Boyer followed with a game-winning infield single.

Hank Aaron's 513th career homer paced Atlanta to a 12-1 romp over hapless Houston; St. Louis trimmed Pittsburgh 6-2 behind left-hander Steve Carlton and San Francisco edged Cincinnati 4-3 in other NL games. The New York Mets and Montreal Expos were idle.

Abernathy, a 36-year-old journeyman whose 84 appearances for the Cubs four years ago stands as a National League mark, rescued Ken Holtzman with one out and one on in the ninth, getting Rich Allen to ground into a double play.

Aaron moved past ex-teammate Ed Mathews into sixth place on the all-time homer list with a three-run wallop in the third inning. He delivered another run with a double in the four-run fourth.

GOLF ASSOCIATION PLANNING SELECTIVE DRIVE TOURNEY

The Big Spring Golf Association is planning a Selective Drive Low Ball tournament for the Muny course next Sunday, beginning at 1 p.m. A shotgun start will be used.

Deadline for entry will be 7 p.m. Saturday. Entry fee will be $2 per player.

In such a meet, each member of a four-man team hits a tee shot. The best of the drives is used to mark the starting point of each member of the team. On succeeding shots, each member then is required to play his own ball.

In the last BSGA tournament held at the Muny course, the largest field in years, totaling 76 players, took part.

* * * *

BSGA members are being urged to post scores in the Muny scoreboard so that up-to-date handicaps can be determined.

Rog Staubach Says He's Stronger Now

DALLAS, Tex. (AP) — Maybe 27 isn't the ideal age to start out as a National Football League rookie. But Roger Staubach says he's stronger than he was at the Naval Academy when he was running defensive backs crazy.

Staubach signed an option contract with the Dallas Cowboys in 1965 shortly after graduation. He served in Vietnam and currently is at the Naval Air Station in Pensacola, Fla. He gets his release from the Navy in July.

The rifle-armed former Heisman Trophy winner is spending two weeks of leave at the Cowboys "quarterback camp" with veterans Don Meredith and Craig Morton.

"I honestly feel in better shape right now than I did when I was in college," said Staubach after the day of drills.

"I feel I'm throwing stronger. I'm a little older and a little wiser. But mentally I have a lot of catching up to do."

Staubach worked out with Dallas last summer and head coach Tom Landry noted at the time, "He has NFL ability."

Los Angeles Rams coach George Allen held even a stronger opinion after seeing Staubach in a scrimmage: "He reminds me of Fran Tarkenton (New York Giants quarterback) except Staubach, I believe, has a stronger throwing arm."

Gil Brandt, Cowboys personnel director, said recently, "I've never seen anybody bullet the ball on the sideline pattern like that guy."

Staubach isn't fazed by the praise.

"I'm just thankful for a chance to compete," he said. "Dallas has fine quarterbacking. My big problem is just making the football team."

There seems little doubt Staubach will make the team. The Cowboys are expected to trade their third quarterback—Jerry Rhome.

MISSED GAME

The 200-pound, 6-foot, 3-inch Staubach said he missed football while in the service.

"I did have a chance to play in about 20 service football games and we had a 7-2 record last year at Pensacola against small college teams," he said. "It helped me in that I could still get the feeling of game pressures.

"I don't feel I've been away too long to regain my touch. Of course, I know it will be tough in the NFL."

Staubach was given a playbook to study while in the service — the only one the Cowboys have allowed outside the immediate family.

He said "I've memorized a lot of the terminology but I still have a lot to learn."

Staubach said he didn't think he would have any trouble learning to be a drop-back passer although he had to do a good deal of scrambling and rolling out in college.

"I feel I can learn to set up and throw the ball both long and short," he aaid.

The crew-cut Staubach impressed the Dallas veterans in the first throwing drill.

Once Meredith jerked his hands away from a Staubach pass and said, "There's no way I'm going to put my hands in front of that thing."

Staubach is back—this time as a pro.

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue:

BOB FELLER, former pitching great, when asked if he would like a chance to return to the game as a manager:

"No, I never have considered it. Nobody has ever really asked me—I had some coaching offers—but if they did, I'd just politely tell them no. I like what I'm doing Now. I'm doing a lot of things, making enough money, and I don't have to answer to somebody who knows little about baseball but has a couple of bucks in the game. Ted Williams should do all right, though, if he doesn't go along with any kind of crazy commitments about having to win, because he can't do it with the club he's got now. If he keeps his cool, picks up his paychecks on the first and 15th every month and laughs all the way to the bank he's all right. The kind of pressure placed on managers has never appealed to me. I would not mind the responsibility that goes with managing a team, but there are just too many reasons a manager can be fired that just don't have any thing to do with his ability. They may make Williams mad, but they won't pressure him . . . Baseball's decision to lower the mound will help the hitters. But I think the hitting would have improved anyway. I think the cycle has just about run through. The hitters would have gotten back to concentrating and they would have improved. We'll never know now for sure. Everyone will say the changes did it."

* * * *

BILL RUSSELL, coach of the Boston Celtics:

"Do I like golf better than basketball? Basketball is my job. There's a difference. On a golf course, I enjoy myself. On the basketball court, that's business . . . What makes me so tough in the playoffs? I don't know. It can't be the money. I wouldn't play the regular season for the amount of money in the playoffs. (The winners split $93,000). It's so much less than what you make during the regular season.' '

* * * *

The late BABE RUTH, while wearing a Boston baseball uniform 50 years ago:

"Under no circumstances will I consent to being traded from the Red Sox. All my interests are in Boston and that's where I want to stay."

* * * *

DICK STUART, recently added to the California Angel lineup after having played in Japan:

"When I'm in the infield, our double-play combination is Tinkers to Ever to Take a Chance."

* * * *

WES UNSELD, basketball star for the Baltimore Bullets:

"The toughest center for me to play in the NBA is Zelmo Beaty of the Atlanta Hawks. Most centers come down the floor and set up in the same spot every time. You can count on it. But Beaty is all over the place. And if Beaty pulls up for the jumper, forget it. He's about the best shooting big man I've ever seen."

* * * *

RED AUERBACH, general manager of the Boston Celtics:

"The most important part of coaching is motivation. Ball clubs which are flat mentally don't win. Another thing: If you get too much height on a team, you sacrifice speed. Balance is a much better target to shoot for."

* * * *

AL DAVIS, general manager of the Oakland Raiders, discussing a rumor that the team would trade its quarterback, Daryle Lamonica, to Buffalo after the Bisons had lured away three Oakland coaches:

"They may know much about our offense, but they'll never get our executor."

IN GAME TODAY

Steers Can Sew Up Third Place

Big Spring could insure itself at least a third place finish in District 3-AAAA baseball standings by beating Midland High in Midland this afternoon.

In working toward that end, coach Oakey Hagood plans to send Lefty James Newman to the mound. Newman has hurled two no-hitters and a one-hitter in conference play to date.

Game time is 4 p.m.

This is the final road game of the season for Big Spring. The Steers come home Saturday and play Permian, Midland Lee and Abilene High in that order, winding up activity a week from Saturday.

Last time out, Big Spring had to charge from behind to edge Dub Headrick's Midland team, 2-1.

Big Spring is now 9-3 in the conference race and 13-6-1 overall. Midland is 7-6 against conference opponents and 10-7 over-all.

The Steers have outscored conference opponents only 11 runs in their 12 starts, or an average of less than one a game. They've won five games this season by one run.

Midland defeated Ector in its last start, 10-2, while Big Spring was disposing of San Angelo, 3-2. Earlier last week, Midland lost to Abilene, 6-1, while Big Spring blanked Odessa High, 2-0.

In addition to Newman, Hagood likely will start Joe Martinez behind the plate, Bill Jones at first base, Danny Parchman at second, Jimmy Wilson at third, Felix Martinez at shortstop and Roger Dixon, Andy Gamboa and Rocky Wooley in the outfield.

Other conference games today send Odessa High against Ector, San Angelo against Abilene High and Cooper against Permian. Pace-setting Lee will be idle until Saturday, when it will be at home to San Angelo.

Battle Pitches Cards To Win

The Cardinals made the most of nine hits to subdue the Braves, 10-6, in National Little League play here Friday evening.

The game opened the season for both teams.

Roger Battle, the winning pitcher, yielded nine hits but scattered them effectively. Lovelace had two hits for the winners.

Three Golfers Claim Awards

Three Big Spring golfers captured awards in the Lake Sweetwater Invitational Golf tournament at Sweetwater the past weekend.

Ted Gross wound up first in the second flight with a 36-hole medal score of 82-77—159. He beat out his nearest competitor, Dave Burson, by four strokes.

In the fourth flight, Jackie Touchstone of Big Spring crowded into the awards picture by tying for third place with a 90-83—173. He deadlocked Lynn Ellis for the position. Winner of the flight, with a 168, was David Lundgren.

Farris Hammond, Big Spring, was second in the sixth flight with a 96-87—183.

He finished two shots back of Bill Darnell and five ahead of Ronnie Aldridge.

Bernard Rains, Big Spring, just missed the prize money in the first flight when he tied for fourth place with a 159, five shots off the winning pace of Jim Kasch.

Other Big Spring entries and their scores included:

First flight — Adam Ramos, 80-no card; third flight — Bill Patton, 86-84—170 (tied for fifth); fourth flight — Bob Rogers, 88-87—175 (tied for sixth).

Scott Adams, Abilene, emerged as champion of the meet with a 72-70—142.

Soup Man Gains Sloan Fellowship

PARIS, Tex. (AP) — Philip B. Fletcher, manager-production for the Paris plant of Campbell Soup Co., has been awarded a one-year Sloan Fellowship at the School of Industrial Management, Massachusetts Institute of Technology.

The course meets requirements for a Master of Science degree in industrial management. Fletcher joined Campbell's in 1958 as a supervisor in the shipping department.

Minuteman Test Scheduled By AF

LOS ANGELES (AP) — The Air Force plans to fire its first overland operational test of a Minuteman intercontinental missile, crossing more than a third of the nation, the Los Angeles Times says.

The three-stage rocket would be fired from one of two North Dakota silo bases hurling a dummy warhead 7,000 miles to a target zone in the central Pacific, the newspaper said in its Tuesday editions. No date was made public.

The payload would travel at supersonic speed, said the Times, over parts of North Dakota, Montana, Idaho and along the Washington-Oregon border. The Air Force refused to discuss details but verified the project, the Times said.

Zale's Reports Sales Increase

DALLAS — Net sales for Zale Corporation increased 19.6 per cent during the fiscal year ended March 31. President Ben A. Lipshy told this to the Dallas Association of Financial Analysts today.

Shearn Rovinsky, treasurer of Zale, reported that sales for fiscal year 1969 came to $280.1 million, which compares with $234.2 million the previous year. Of the $45.9 million increase, $36.4 million was through internal growth and the remainder was achieved by companies acquired during the year.

Audited earnings figures will not be available until about mid-May, Rovinsky noted. He further pointed out that net earnings of $15.2 million for the first nine months were higher than the $14.2 million recorded for the complete year of fiscal 1968.

Trust-Busters File Suit Against ITT

WASHINGTON (AP) — Nixon administration trust-busters have made their second move in two weeks to short circuit the trend toward conglomerate mergers by filing suit against the giant International Telephone and Telegraph Co.

ITT was challenged Monday in Chicago's U.S. District Court on acquisition three days earlier of Canteen Corp., a national food and vending company with 1967 revenue of $322 million.

The Justice Department complaint charged the acquisition might trigger other mergers, a tendency government antitrust chief Richard W. McLaren says he means to stop.

12th LARGEST

ITT, the country's 12th largest business, thus joined Ling-Temco-Voight Inc., the 14th largest as a defendant in separate government lawsuits to slow the rate of economic concentration.

Justice filed suit two weeks ago to stop LTV's purchase of Jones & Laughlin Steel Corp.

In addition to futher entering economic power in a company whose 1967 sales were $3.6 billion, the government suit charged, the ITT-Canteen merger would strengthen IT's power to favor its customers with purchases, a practice called reciprocity.

In New York, a spokesman for ITT denied that allegation: "Under each of the companies' own policies of long standing, neither company has in fact engaged in reciprocity. We are confident, therefore, that the courts will rule that this suit is baseless in fact and law."

More than a year ago, on Jan. 1, 1968, ITT canceled plans to merge with American Broadcasting Co. because of long delays caused by Justice Department claims that ITT international interests might influence ABC news operations.

109,000 EMPLOYES

The new suit said ITT has 109,000 employes in its plants while Canteen is one of the top companies providing dining services in industrial plants, suggesting the two could increase the benefits if Canteen supplied vending and food services to ITT factories.

ITT acquisitions in 1968 alone included Continental Baking Co., the nation's largest; Sheraton Corp., one of the two largest hotel chains; Levitt & Sons Inc., a major homebuilding firm; Avis Inc., No. 2 in car rentals; and Rayonier, a leading producer of chemical cellulose.

ITT appears to be the kind of corporate supergiant that Asst. Atty. Gen. McLaren referred to last month when he announced plans to move against conglomerates. "It is not our business who owns these corporations. But it is our business as to what kind of concentration of power comes out of a merger."

Girl Drowns After Sniffing Cleaner

MIAMI (AP) — A 14-year-old girl ran screaming into a canal and drowned Monday after sniffing a spot remover, police said.

The victim was Janice S. Waden.

Detective Sgt. Charles T. Clark said James M. Epperson, 18, reported the girl was sitting in his car sniffing the spot remover. Epperson was fishing in the canal, Sgt. Clark said, when the Waden girl ran screaming into the canal, came up, swam to the middle and sank.

Police said Epperson told them he dove into the water and found the body but was unable to revive the girl.

Clark said the spot remover, when inhaled deeply and repeatedly, could create severe hallucinogenic effects.

Big Black Bear No Easy Mark

BINGHAMTON, N.Y. (AP) — A big black bear at the Ross Park zoo climbed atop the bear house in his cage, then over and down the bars he went. He traveled 200 yards to a tree, which he promptly climbed. And there he remained—30 feet in the air—while 200 workers tried for an hour to get him down.

B. W. Gilbert, the Broom County dog warden, finally coaxed the bear from his perch after hitting him with a gun-fired dart carrying a tranquilizer.

Webb Section Wins Award

The redistribution and marketing section (R&M) at Webb AFB has been named as the Air Training Command's choice for the Air Force "watch dog" award.

The Webb section will compete with other major command nominees for the annual award given in recognition of excellence in redistribution and marketing of surplus and scrap materials.

Col. W. C. McGlothlin Jr., Webb wing commander, presented the letter of commendation from Lt. Gen. Sam Maddux, ATC commander, to Cletus Piper, R&M officer at Webb.

ATC materiel officials had said that Webb was chosen because of the immaculate condition of warehousing and outside storage areas, effective use of storage facilities, and outstanding management and performance by employes.

Tinker Plans Scout Meeting

TINKER AFB, Okla. — A five-day Explorer Air Encampment is scheduled to be conducted at Tinker AFB, Okla., June 1-5.

The encampment is an Air Force sponsored event for all registered Explorers and advisors from the Last Frontier Council and Region Nine. It is being hosted by Tinker AFB and Base Explorer Post 67.

Reservations from each post in Region Nine must be made by May 10, at the latest, and should be sent, along with $10, to Explorer TAFB Encampment, Last Frontier Council, P.O. Box 75339, Oklahoma City, Oklahoma 73107.

Smokey Citation

COLLEGE STATION, Tex. (AP) — Weldon Kirby, editor of the weekly Grapeland Messenger, received a Smokey Bear Citation recently for outstanding contributions to forest fire prevention in Texas.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER EIGHT ON THE BALLOT (HJR50)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 50b-1 to read as follows:

"Section 50b-1. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Two Hundred Million Dollars ($200,000,000) in addition to those heretofore authorized to be issued pursuant to Section 50b of the Constitution. The bonds authorized herein shall be executed in such form, upon such terms and be in such denomination as may be prescribed by law and shall bear interest, and be issued in such installments as shall be prescribed by the Board provided that the maximum net effective interest rate to be borne by such bonds may be fixed by law.

"(b) The moneys received from the sale of such bonds shall be deposited to the credit of the Texas Opportunity Plan Fund created by Section 50b of the Constitution and shall otherwise be handled as provided in Section 50b of the Constitution and the laws enacted pursuant thereto.

"(c) The said bonds shall be general obligations of the state and shall be payable in the same manner and from the same sources as bonds heretofore authorized pursuant to Section 50b.

"(d) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

"(e) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The Constitutional amendment authorizing the Legislature to provide for additional loans to students at institutions of higher education under the Texas Opportunity Plan."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER SIX ON THE BALLOT (HJR7)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 64 to read as follows:

"Section 64. All other provisions of the Constitution notwithstanding, bonds issued pursuant to constitutional authority shall bear such rates of interest as shall be prescribed by the issuing agency, subject to limitations as may be imposed by the legislature."

Sec. 2. The foregoing constitutional amendment shall be submitted to vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to remove the constitutional interest rate limitations, subject to limits imposed by the Legislature, for bonds issued pursuant to constitutional authority."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT (HJR9)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) In addition to Texas Water Development Bonds heretofore authorized to be issued by Sections 49-c and 49-d of Article III of the Constitution, the Texas Water Development Board is hereby authorized to issue $3,500,000,000 in aggregate principal amount of bonds. No part of such additional bonds shall be issued prior to approval thereof by the vote of two-thirds of the elected members of both houses of the Legislature.

"(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund.

"(c) The bonds herein authorized and all bonds authorized by such Sections 49-c and 49-d of Article III shall bear such interest and mature as the Texas Water Development Board shall prescribe subject to the limitations as may be imposed by the Legislature.

"(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by and subject to the limitations in said Sections 49-c and 49-d and in addition thereto for the purposes of developing water resources and facilities for the State of Texas, both within the State and without the State of Texas. Provided, however, that financial assistance may be made pursuant to the provisions of such Sections 49-c and 49-d subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

"(e) Under such provisions as the Legislature may prescribe, the Texas Water Development Board may receive grants and, in addition, execute contracts with the United States or any of its agencies, other states of the United States, foreign governments and others, for the acquisition and development of such water resources and facilities for the State of Texas. Such contracts when executed may be secured by the general credit of the state, and if so secured shall constitute general obligations of the State of Texas in the same manner and with the same effect as Texas Water Development Bonds. If facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment. The aggregate principal amount of Texas Water Development Bonds authorized herein and in said Sections 49-c and 49-d shall be reduced by the aggregate of principal payments committed under such contracts constituting general obligations of the state. The provisions hereof shall not be construed to limit the authority of the Texas Water Development Board to execute contracts or issue revenue bonds when such contracts or bonds are not secured by the general credit of the state.

"(f) Texas Water Development Bonds and such contracts secured by the general credit of the state shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"(g) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on Tuesday, August 5, 1969, at which election all ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment broadening the powers of the Texas Water Development Board and the purposes of the Texas Water Development Fund; eliminating the interest limitations on Texas Water Development Bonds; raising the authorized amount of Texas Water Development Bonds by $3,500,000,000; extending the maturity schedule on Texas Water Development Bonds; eliminating the procedures for curtailment and the curtailment date of financial assistance to be provided by the Texas Water Development Board."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT (SJR31)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 24. The Lieutenant Governor and the Speaker of the House of Representatives shall each receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature, not to exceed one-half the annual salary of the Governor. Each other member of the Legislature shall receive from the Public Treasury an annual salary to be fixed by the Legislature, not to exceed the annual salary paid to a district judge from state funds. Members of the Legislature shall also receive a per diem of not exceeding Twelve Dollars ($12) per day during each Regular and Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the Lieutenant Governor and the Speaker of the House of Representatives shall receive a salary fixed by the Legislature, not to exceed one-half the salary of the Governor; providing that the Legislature shall fix the salary of the other members, not to exceed that received by a district judge from state funds; and removing the 120-day limitation on per diem for regular sessions."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER NINE ON THE BALLOT (HJR8)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5, Article III, Constitution of the State of Texas, as amended, be amended to read as follows:

"Section 5. The Legislature shall meet in regular session each year at such time as may be provided by law and at other times as convened by the Governor. When convened in odd-numbered years in regular session, the Legislature shall devote the first thirty days to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of such session the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided, however, either House may otherwise determine its order of business during this session by an affirmative vote of four-fifths of its membership.

"Regular sessions in even-numbered years, commencing in 1972, shall not exceed sixty days and shall be limited to legislation on the subjects of providing funds for the support of functions and activities of the state government and emergency matters submitted by the Governor in messages to the Legislature. At each regular session, commencing in 1971, appropriations shall be made for the support of functions and activities of the state government for the next fiscal year."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide for annual legislative sessions."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT (HJR3)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 42, 46, and 48 of Article III, Sections 3a and 7 of Article VII, Section 12 of Article VIII, Section 3 of Article IX, Sections 1, 3, 4, 5, 6, 7, 8, and 9 of Article X, Section 10 of Article XI, Sections 3, 4, 5, and 7 of Article XII, Sections 1, 2, 3, 4, 5, 6, and 7 of Article XIII, Sections 2, 3, 4, 5, 6, 7, and 8 of Article XIV, Sections 3, 4, 7, 13, 29, 32, 34, 35, 36, 38, 42, 45, 46, 54, 55, 57, 58, and 60 of Article XVI, Constitution of the State of Texas, be repealed, it being specifically understood that the repeal of these sections shall not in any way make any substantive change in our present constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to repeal the obsolete, superfluous and unnecessary sections of the Constitution."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER SEVEN ON THE BALLOT (HJR4)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-d, Article III, Constitution of the State of Texas, be amended to read as follows:

"Section 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of officers, employees, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units with authority to make an arrest, of the state or of any city, county, district, or other political subdivision who, because of the hazardous nature of their duties, suffer death in the course of the performance of those official duties. Should the Legislature enact any enabling laws in anticipation of this amendment, no such law shall be void by reason of its anticipatory nature."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment authorizing the Legislature to provide for payment of assistance to surviving spouses and minor children of governmental officers, employees, and agents, including members of organized volunteer fire departments and certain organized police reserve units, who have hazardous duties and are killed in the performance of those duties."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER FIVE ON THE BALLOT (SJR8)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so as to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

"(1) Needy aged persons who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

"(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

"(3) Needy blind persons;

"(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars ($80,000,000) during any fiscal year.

"Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars ($3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars ($2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars ($23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition:

"The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy disabled, and the needy dependent children and their caretakers; establishing Eighty Million Dollars ($80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER FOUR ON THE BALLOT (SJR6)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 2. All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; all real and personal property owned by a nonprofit water supply corporation which is reasonably necessary for, and is used in, operation of the corporation in the acquisition, storage, transportation and sale of water as authorized as its sole legal purpose; actual places or (of) religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a state or national organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property above mentioned shall be null and void."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in August, 1969, at which election all ballots shall have printed on them the following:

"FOR the Constitutional amendment to exempt nonprofit water supply corporations from taxation."; and

"AGAINST the Constitutional amendment to exempt nonprofit water supply corporations from taxation."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election, and this amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Permanent, New Employees Being Hired By Lone Star Steel Company

Lone Star, Texas

To fill vacancies created by a walkout, Lone Star Steel Company is hiring new, permanent employees.

Beginning Tuesday, April 29, 1969, prospective employes may apply at the Holiday Inn, Downtown East in Big Spring, Texas. Ask for the Lone Star Steel representatives between the hours of 8 a.m. and 7 p.m. Tuesday and Wednesday.

Openings exist for both skilled and unskilled labor.

More than 400 different job descriptions cover the jobs to be filled. Following is a partial list of those jobs:

- Heavy Duty Equipment Operator
- Boiler Fireman
- Machinist
- Mobile Equipment Mechanic
- Electrician
- Brick Mason
- Chemist Technician
- General Production Machine Operator
- Water Plant Operator
- Power & Switchboard Operator
- General Production Laborer
- Millwright
- Combination Maintenance
- Welders

Pay rates range from a low of $2.465 per hour (laborer), to a high of $4.22 per hour. Premium pay is paid for overtime, Sundays, and holidays. In addition, liberal pension, vacation, hospitalization, medical, and insurance benefits are provided by the Company.

Lone Star Steel is a completely integrated steel mill engaged principally in the manufacture of cast iron and steel pipe.

This plant is located 25 miles north of Longview, Texas, in Morris County near beautiful Lake 'O' of the Pines. Modern schools, churches and hospitals are found throughout the area.

The company has a normal work force in excess of 3,500. It has maintained a high level of operation since its founding in 1948 with relatively few layoffs.

Enjoy suburban living at its best (water sports, hunting, fishing) while working for a stable, progressive company where the future is unlimited for any employee with ambition and ability.

COME TO LONE STAR—where the opportunities are!
Employment office at the plant site in Lone Star,
Texas, open 8 a.m. to 7 p.m., 7 days a week.

HOUSEHOLD GOODS L-4

FOR EASY, quick carpet cleaning rent Electric Shampooer only $1.00 per day with purchase of Blue Lustre. Big Sprina Hardware.

It's the things we leave out of a Volkswagen that make it work so well.

We leave out the radiator. So the engine will never boil over or freeze and leave you stranded somewhere. (Don't worry. It's air-cooled.)

We leave out the water hoses and water pump, too. Still fewer parts to break down and leave you stranded.

We leave out the drive shaft. You know: the long bulky thing that transfers power from the engine up front to the drive wheels in back. (Always losing a little power along the way.)

Instead, we put the engine in back, right over the drive wheels. Where it'll put its power right to work moving the car.

As soon as we can think of something else to leave out, we'll leave it out. Just as soon as we can decide on the best place not to put it.

BOB BROCK FORD
500 W. 4th 267-7424

The second-hand VW.
It makes a great first car.

It's a car that won't give you anything new to worry about.

We make sure of that. We give it the VW 16-point safety and performance test.

It has to pass. So we can give it our 100% guarantee that we'll repair or replace all major mechanical parts* for 30 days or 1000 miles, whichever comes first.

Isn't that what a new car-owner needs? A bug that won't drive you nuts.

*engine, transmission, rear axle, front axle assemblies, brake system, electrical system.

RMN Revising Model Cities

WASHINGTON (AP) — The Nixon administration is revising the controversial model cities program with the hope of eliminating confusion over who is in charge at the local level—the citizen or City Hall.

Secretary of Housing and Urban Development George Romney indicated at a news conference Monday that this was a principal aim of seven revisions to the program that Lyndon Johnson reportedly believed as he left office was the best instrument in the war on poverty.

LOCAL OPTION

"Final authority for the city must be the local officials," Romney said.

"If the citizens do not think the officials are wise, they can get rid of them" presumably through the electoral process, Romney said.

Created by Congress in 1966, model cities has cost the taxpayer $23 million in three years with not one program for the 150 cities involved yet out of the planning stage.

The model cities' concept is an integrated approach to solving the problems of the urban poor with across the board improvements in housing, schools and recreation.

Critics argue the program is vague and that spending could get out of hand. Some opponents also forecast the program will turn into a "domestic Pentagon," gobbling up huge expenditure without noticeable result.

Throughout Romney's news conference it was a little unclear just how the revisions would approach this major spending criticism.

SEVEN POINTS

Implicit in all seven points was the intention of greater efficiency.

But Romney was asked specifically if he foresaw "massive spending" once the Vietnam war was over.

"I expect to see a whole reordering of priorities," Romney said.

The revisions came after a White House meeting last week with the mayors of 10 of the nation's key cities. But one revision contained a pledge of greater efforts to involve the states in model cities.

Romney said this wouldn't mean more state control. He said the states would have no more control except over federal money that would go to them directly anyway.

The revisions did move toward fulfilling two of President Nixon's campaign themes—the block grant approach and increased participation of the private sector.

Romney said those model cities plans that showed the most private participation would be given priority by the federal government.

Romney said the President was fully behind the new approaches.

Mild Spring Time Again

By The Associated Press

All of Texas enjoyed mild spring weather again today.

A few showers fell near the Lower Texas Coast, mostly around Brownsville and McAllen southward into Mexico, and it was partly cloudy over the south central part of the state. Skies were generally clear elsewhere.

Forecasts call for high clouds to spread toward the north and to thicken over South Texas with a few showers falling near the Rio Grande. There also are predictions for occasional showers in South Central Texas by Wednesday.

Top temperatures Monday afternoon ran as high as 91 degrees at Presidio in the Big Bend country. Wichita Falls was the coolest reporting station with a high of 68.

Readings at dawn today ranged from 45 at Wichita Falls up to 66 at Brownsville.

LBJ Daughters Make Comeback

WASHINGTON (AP) — Among the invited guests at a masked ball Tricia Nixon is giving at the White House May 10: Luci Johnson Nugent and her husband, Airman Patrick J. Nugent, and Lynda Johnson Robb, and her husband, Marine Maj. Charles S. Robb.

In addition to the two daughters of the former president, Miss Nixon has invited sons and daughters of Washington diplomats and congressmen in the 20 to 30 age bracket.

(AP WIREPHOTO)

Train Stopper

Walter Brisebois, 34, who parked his car on the Canadian National Railway tracks to give the trains a taste of their own medicine, has been arrested on a charge of "intimidating," a rarely used misdemeanor charge. A defense fund, which has attracted small donations from sympathizers in Windsor as well as Detroit, is up to $50.

Ole Miss Keeps Flooding Along

The flooding Mississippi River began receding Monday in the Quad City industrial complex of Illinois and Iowa where extensive preflood preparations held back the bulk of the swirling waters.

Residents of downriver communities waited as the crest rolled south at three miles an hour, spreading from just north of Burlington to south of Keokuk in Iowa.

Sightseers were posing a major problem for Civil Defense workers and National Guardsmen patrolling Iowa's riverfront in the Quad City area.

A Guardsman at Davenport, Iowa, said sightseers had to be kept from "tying up traffic and falling off the dikes."

The river crested during the weekend in the Quad Cities area at more than five feet above flood stage. The Quad Cities include Davenport and Bettendorf in Iowa and Rock Island, Moline and East Moline in Illinois.

Dear Abby

Wrong Way To Help Friend

DEAR ABBY: A dear friend of mine is a very attractive, young divorcee with two small children. Lately she's been spending her weekends out of town with her boss, who is married.

Here's the problem: She has been leaving her children at her mother's on weekends, and telling her mother that she's spending the weekend with my husband and me.

I realize this is wrong. My husband says he has covered up for her for the last time, and if I don't tell her she can no longer use us as a cover-up, HE will tell her.

I can't tell her, Abby. It would be like the pot calling the kettle "black" because before I got married I was no better than she is. What should I do? A PAL

DEAR PAL: Your friend, "the kettle" could be brewing up an explosive mixture of evidence which could result in losing custody of her children, and bring much unhappiness to the family of her married boyfriend. You're not a "pot" anymore, so tell her, without sitting in judgment, that you'll no longer be a party to this game.

* * *

DEAR ABBY: My girl is absolutely perfect, except for one thing. She doesn't know how to dress.

This may not seem like such a big thing to you, but it's important to me. She's not sloppy or anything like that, but some of the outfits she comes up with are awful. It's not that she can't afford to dress better either, as she has a good-paying job and spends a lot for her clothes. I don't want to hurt her feelings, but how can I let her know that some of her outfits really turn me off?

NO NAME, PLEASE

DEAR NO NAME: If you can get one of her better-dressed girl friends to tip her off, fine. Otherwise in the most diplomatic words you can muster, you tell her. Girls want to please their boyfriends in the manner of dress. And if you can't be that honest with her, you're not operating on the same wave length.

* * *

DEAR ABBY: Tell "LAWYER'S WIFE" she has a lot to learn about common law marriages.

My parents had such a marriage for 18 years. Then my father died and Mother was told that since she was not his "legal" wife, she would receive no widow's pension, although Dad had served 30 years in the Navy. They did give us the enormous sum of $18 a month for each of us kids. And that was in 1950. There were two of us (ages 10 and 12) and you can bet that my poor mother had a hard time of it.

If Lawyer's Wife thinks we should have taken our case to court, that's a laugh. Who wants to advertise such a situation? Sign me.

"FOR MARRIAGE, ALSO"

* * *

DEAR ABBY: Your column is even funnier than you think it is to some of us over here in Da Nang. A "worried mother" in Oakland, Maine, set what she considered a "reasonable" curfew for her 18-year-old son. Nine o'clock on weekdays, and midnight on weekends.

Somebody ought to tell that lady that a lot of us fighting men are exactly the same age as her son. Including—

"FONEBONE THE NIGHT OWL"

* * *

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069, and enclose a stamped, self-addressed envelope.

Dangerous Drugs Bill Gets Go Sign

AUSTIN (AP)—A House committee has approved a dangerous drugs bill to replace one killed in the courts, but it refused to make the first conviction for possession of LSD a felony.

A rewrite of state obscenity laws also received approval Monday by the House Criminal Jurisprudence Committee. The committee heard testimony on bills dealing with credit cards, increasing penalties for the use of firearms in certain crimes and instructions to juries in penalty hearings.

LIKE BEER

Under the drug bill, first conviction for possession of LSD would be a misdemeanor, subject to a fine up to $3,000 and/or jail term from 30 days to two years. Second offense would be a felony and carry a 2-10 year prison term.

Rep. Bill Archer, Houston Republican, sought to amend the bill to make the first offense a felony, as it is for marijuana.

Rep. Tom Uher, Bay City, chairman of the subcommittee that worked on the bill, said, "You've got to remember a lot of these are college kids who are good citizens. They are like those of our generation who were caught with a bottle of beer."

Uher indicated he thought the penalty for marijuana and LSD possession should be the same, but that marijuana possession, first offense, should be lowered from a felony to misdemeanor.

Rep. Felix McDonald of Edinburg, chairman of the committee, told Archer he could not accept an oral argument to make LSD possession a felony.

Archer left to get paper. The committee prepared to act on the bill. Rep. Will Lee, Houston, asked if there was any way the members could learn of subcommittee reports in time to offer written amendments. McDonald said no. Archer did not have time to write an amendment.

The vote was 10-2 for the bill, which now goes to the House floor.

The Court of Criminal Appeals threw out the 1967 Dangerous Drugs Act because the captain failed to give notice to legislator of substantial changes in penalties in the body of the bill.

The committee heard testimony on a bill that would make fraudulent use of a credit card subject to a $1,000 fine or seven years in prison. Committee members sniped at a provision presuming that a man has received notice that his credit card has been revoked four days after the company mailed the notice.

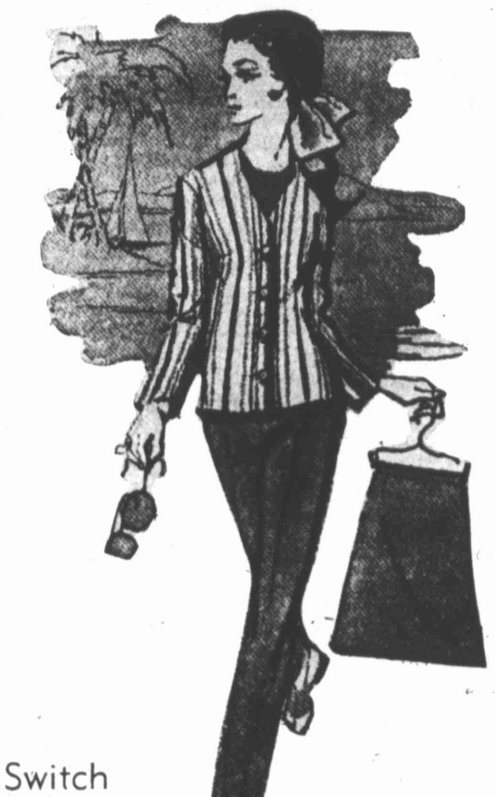

A man could go on vacation, use the card every day and be committing a crime every time he did, said Rep. Jim Nugent, Kerrville. The bill was referred to a subcommittee, as were the firearms bills and a bill that would require a judge to instruct a jury in a penalty hearing that it could consider how soon a man could get out of prison on parole.

Mamie Sails For Europe Holiday

PHOENIXVILLE, Pa. (AP) — Recently widowed Mrs. Mamie Eisenhower will sail from New York May 13 for a European trip.

Her son, Col. John Eisenhower, who will become U.S. ambassador to Belgium on May 12, said: "She has no specific travel plans but will stay with me for some time in Brussels."
