Drive To Be Made To Raise Library Funds

One of the most worthwhile civic projects before the citizens of Lamesa is the drive for funds for the public library maintenance during the coming year. The fortunes of the Lamesa library have been varied. The struggle to keep it open have been carried on by a few faithful civic workers under very discouraging conditions most of the time, but the present prospects for its growth is brighter than at any time since its founding.

After so long a time, the government has allotted three girls as librarians under the NYA setup, the county is helping with the supervisor and the city is furnishing the location and the utility bills. However, there is considerable incidental expense that has to be cared for by voluntary contributions and there is need for many more volumes on the book shelves.

The goal that is sought in the approaching drive is 500 books to be donated and \$250 in cash. On Friday morning sixteen young ladies will begin a drive to tag every citizen in the city for their cooperation in this worthy cause.

Public spirit is contagious, and if 1,000 people in Dawson county catch it, the library will be placed in excellent health for many days to come. Get the spirit, get behind this valuable civic enterprise. Support this indispensable county institution.

There will be several benefit programs given in the near future for this project, and they will be both entertaining and educational. So plan to attend these also.

Lamesans Praise Boy Scout Circus

Having seen on last Tuesday night in the Texas Tech gymnasium a full cast rehearsal of the Boy Scout Circus to be shown in Lubbock, November 27 and 28, we want to recommend it to all as a real show that everyone will enjoy and will feel that he has had his money's worth in seeing. The Scouts are enthusiastic in putting the different events over, and there is friendly competition between the troops of the Area as to which can do its stuff the best. You will enjoy the clowns, the bicycling stunts, the animal acts, the excellent trapeze and acrobatic acts, the educational features, the singing and band music, the big pageant, the Indian dancing, the contests, the camp scenes—you will enjoy the boys themselves for what they are and what they are doing as Cubs and Scouts, in fact, the entire show. Encourage them, the boys and their leaders, and for an evening of genuine enjoyment, we urge your hearty cooperation and attendance at the Circus the 27th and 28th. Buy your tickets early and be sure of getting a seat.

Signed: W. K. Crawley, Mrs. A. E. Jacobs, A. G. Barnard, Russell Reising, C. E. Cameron, J. D. Dyer.

Had You Rather Write a Letter or Pick 3 Bales Cotton?

Had you rather write a letter than pick three bales of cotton? The winner in the contest being conducted by the Courier will receive \$30 in cash which is equivalent to the amount you could earn picking about three bales of cotton. And we believe you will agree that it would be a good deal less strenuous work.

You need not be highly educated, nor use high faluting phrases to win this contest. Just a good idea simply stated will probably be judged the winner and the writer will have a nice start on their Christmas shopping money.

Why not set down right now and write a letter of not more than fifty words beginning with "I like the Dawson County Courier because..." Mail or bring it to the office of the Courier before midnight, December 5th. There are 13 cash awards ranging from \$1 to \$30 which will be awarded December 5th, besides two weekly awards for the best letters submitted each week during the contest.

And don't forget, that the Courier bargain subscription rate is in effect during the contest. 25 cents will bring the Dawson County Courier to any address in Dawson or adjoining counties for one year. It's the greatest newspaper bargain in West Texas.

BEAUTY SHOP MOVES

The Vanity Beauty Shop announces that it has leased the balcony in the Dunlop Gift Shop where they have moved their equipment and are ready to serve their customers there. The Vanity was formerly located on the east side of the square in the Waffle building. Mrs. Raye Heath and Mrs. Jimmie Winborn are operators in this shop.

Death claimed B. I. Lawler, 33, well known Lamesa farmer, Wednesday afternoon at 5:15, where he had been taken following an explosion in Camp Texas Wednesday about 1:30 p. m.

According to statements made by Lawler to ambulance attendants he had started to light a cigarette when the explosion occurred. Burns covered practically his entire body.

Walls were blown out of the room which Lawler had occupied and the Lubbock fire department was called to extinguish the blaze resulting from the blast.

The body was brought to Lamesa Wednesday night by the Higginbotham Funeral Home ambulance and is at the funeral home awaiting burial. Funeral arrangements have not been completed at press time, but will be completed upon the arrival of a brother from Arizona.

Mr. Lawler was the son of Mr. and Mrs. J. E. Lawler of Lamesa, and has been a resident of Dawson county for many years. A brother, Leo Lawler, and a sister, Mrs. John Pruitt, also reside in Lamesa.

He had been visiting a sister, Mrs. O. B. Hankins in Lubbock and had left her home to return to Lamesa, she said when informed of his fatal injuries soon after the accident.

Arrest Suspect In Grandview Killing

Monday afternoon Sheriff Gus White of Lamesa and Sheriff Tom Abels of Lubbock county arrested Alford Roberts in a pool hall at Meadows, for questioning in connection with the murder of W. F. Peacock in his store at Grandview, Sunday night, Nov. 8. Roberts is a resident of East Texas but has been in this section during harvest for several years and is well acquainted around Grandview. He is reputed to depend on gambling to secure his living.

Officers have been working on this case pretty steady since the body of the murder man was discovered, and since robbery appeared to be the motive of the crime, and other circumstances surrounding the case lead the authorities to believe that the murderer must have known something of the aged man's habits, it is thought that the solution will be found close by.

Roberts is being held in the Dawson County jail while the investigation is being conducted.

WOMAN RECEIVES BROKEN LIMB IN CAR ACCIDENT

A tragic but unavoidable accident occurred on the north end of Dallas street Tuesday evening about dark, when Mrs. J. N. Schooler of O'Donnell was struck by a pickup driven by Buster Henderson when she stepped into the path of the oncoming vehicle.

Mrs. Schooler, accompanied by Mrs. Curtis of O'Donnell were returning to O'Donnell from Lamesa and had stopped their car, leaving the lights burning while Mrs. Schooler went in a store to make a purchase. Henderson approaching the car was blinded by the lights and did not see Mrs. Schooler as she came back to her car. He stopped and assisted in placing her in the car to be brought to the hospital where she was given emergency treatment and an examination. Besides severe cuts and bruises, the lady was found to have suffered a serious fracture of her left leg, and was decided to remove her to a Lubbock sanitarium for treatment, on Wednesday morning.

Government Ginning Report To Nov. 1st

Dawson county had ginned 24,187 bales of cotton prior to November 1, according to the government report compiled by R. S. Stanfield. This is compared to 5,887 bales ginned to November 1, 1935. That is 1439 bales more than four times as many as last year's ginning. An unofficial count last Thursday showed more than 28,000 bales had been ginned in the county.

GRAND JURY RECESSES

Ten true bills had been returned by the Dawson County Grand Jury when it recessed at noon Wednesday. The body has been deliberating since Monday morning. It will meet again on Monday, December 7th.

FAIRVIEW SCHOOL WILL REOPEN NOVEMBER 23RD

Announcement has been made by Principal K. D. Watson that the Fairview school will reopen on Monday, November 23. The school has been closed the past few weeks to allow students to help gather the crops in that community.

THIS WEEK'S WINNER

I like the Dawson County Courier because week after week it continues to lead in news, views and general merit. It's underlying friendliness and devotion to Lamesa's welfare makes it an indispensable tool of progress. Truly it is first in news and first in the hearts of Dawson County citizens.

J. E. Liles, Welch, Texas.

OTHER WINNERS

I like the Dawson County Courier because its the best little paper in the state for the least money. It gives news from Lamesa and surrounding country and by advertising furnishes valuable information from which we are benefited when otherwise we would remain in ignorance about important matters.

Mrs. Maggie Gist, Start Route 1, Lamesa, Texas.

I like the Dawson County Courier because it brings me all the news of my friends over the county. I like the ads as I can look over the bargains and make out my list at home and can quickly do my shopping at a great saving. It brings joy and sorrow and hope, and to me is like having all of Dawson County in my home.

Walter Allen, Motor Route 6, Lamesa, Texas.

Two Killed When Car Overturns Near Loop

Ralph Ritter of Loop was instantly killed Saturday evening at 6:30 when a car in which he was riding with three other boys, turned over one-half mile south of Loop. Ples Williams, driver of the car was brought to a Lamesa hospital in a Higginbotham ambulance, where he succumbed to fatal injuries received in the wreck, passing away at 2:30 Sunday morning.

Huge Lee and L. D. Ritter, both of Ralph, were slightly injured, one of them being brought to the hospital but released Monday morning.

The three Ritter boys and Williams were going into Loop Saturday evening in a 1931 Chevrolet which had been stripped down and used to pull a trailer. Williams, who was driving, lost control of the car and it overturned, and the fatal injuries resulted.

Funeral services for Ralph Ritter were held in Loop Monday afternoon with the Methodist pastor in charge of the services. He was the 15 year old son of Mr. and Mrs. J. S. Ritter of the Loop community. Surviving besides his parents, are six brothers, W. G. and C. C. Ritter of Carthage, Texas; R. R. H. J., Hugh Lee and L. D. Ritter of Loop; two sisters, Mrs. B. D. Koonce and Mrs. A. E. Carlton of Loop.

The body of Ples Williams, 26, was shipped to his former home, Carthage, Texas, Monday night by the Higginbotham Funeral Home. Williams had been living in Loop only about a month. He is survived by his father, Willis Williams of Carthage, and three sisters and one brother, all of Carthage.

Elementary Schools To Present Operetta

The Music Department of the Lamesa Elementary School will present "Dawn Boy", an Indian operetta, at the high school auditorium Tuesday evening, November 24, at seven-thirty o'clock.

This is a colorful operetta in which almost one hundred boys and girls will participate. Life, habits, and customs of Indians will be portrayed in music, song, dialogue and dance. Costumes and make-up, prepared by the children themselves in Art classes, will represent Indians very appropriately.

A small admission charge of ten and twenty-five cents will be made to defray the expense of the books and for other uses in the music department.

Annual Red Cross Drive Will Begin November 21

County-Wide Drive to Be Made This Year

The Dawson County Chapter of the American Red Cross begins its annual roll call, Saturday, November 21. The campaign will continue until Saturday November 28th.

A. G. Bearden has been appointed Roll Call Chairman and will direct the Dawson County Campaign. It is the plan of the local chapter officials to give every person in Dawson county an opportunity to subscribe to the Red Cross this year. Previously the campaign has not extended to the rural communities, but this year it is felt that many people throughout the county will be glad to join the red cross and subscribe to its funds.

The people of our county have this year much to be thankful for. Perhaps no other part of the country has received greater blessings this year than ours, and certainly we can show our gratitude in our Thanksgiving Season in no better way than subscribing to the Red Cross.

The American Red Cross is the most

Tornadoes To Meet Roby Here Friday

Notice has been given the Tornadoes that they are in for a real football game Friday afternoon, November 20 at 3:30 P. M. when they meet the Roby High School Lions on McCollum field.

The Lions have defeated the Rotan Yellowhammers by a margin of two points and the Yellowhammers clawed the Tornadoes 6 to 0 in their first defeat of the current season. In their only previous encounter the Roby team chalked up a victory over the Tornadoes.

Roby's showings against Snyder, Rotan, Roscoe and Lorraine, is such that the Lions are regarded as one of the strongest teams in District No. 5-B. Their specialties are a combination of running and passing attack. The Lions have a reputation for excellent kicking and otherwise give the fans a versatile style of football.

The game is expected to be hard-fought from the beginning to the end and to offer the Golden Tornadoes an opportunity to gain experience for the next season. The younger players will get some classy opposition from the Lions.

Lamesa Schools to Get Thanksgiving Holiday

The Lamesa Public Schools will observe the holiday for Thanksgiving and the Friday following by dismissing classes. Many teachers wish to attend the State wide educational meeting of the State Teachers Association at Ft. Worth and all the Boy Scouts in the Lamesa schools are to participate in the Scout circus to be held in Lubbock on Friday. Schools will dismiss on Wednesday afternoon, November 25, at 3:30 to assemble again Monday morning, November 30th.

S. P. COLLINS FIRST TO SUBSCRIBE IN LIBRARY DRIVE

The Lions Club luncheon had as one of its visitors and speakers at the regular meeting Wednesday noon at the Plaza Hotel, Mrs. R. R. Townsend, who has been appointed as Library Supervisor for the recent WPA project. Following Mrs. Townsend's solicitation of the continued support by the club of this worthy civic project, Lion S. P. Collins contributed a new 6 volume set of books written by Sax Rohmer. These books will be enjoyed equally by both young and old and will supply a long felt need for wholesome entertainment.

Santa Claus To Visit In Lamesa, December 4th

LOCAL CLUBWOMAN HONORED

MRS. W. P. AVRIETT

Newly elected First Vice President of The Texas Federation of Women's Clubs.

Seventh District Is Again Honored

Seventh District, Texas Federation of Women's Clubs has again gone on record as having an outstanding report at the state convention held in San Antonio, November the 9th to the 13.

Not only was this district awarded many prizes for the best report on music, art, Bible programs, essays and new clubs organized but it was honored by the fact that Mrs. W. P. Avriett former president of the Seventh District was elected State first vice-president of Texas Federation of Women's Clubs.

Mrs. Avriett has done a constructive piece of work in our section of the state and has brought Lamesa before the eyes of many co-workers. She has won for herself the esteem of the entire district and is an outstanding member of the state organization. And now that she has received one of the highest honors that can be conferred upon her as a Texas club woman we congratulate her.

Interesting Program At Luncheon Club

A good attendance was recorded at the regular meeting of the luncheon Club at the Williams Hotel Tuesday and they were rewarded with an interesting program presented under the direction of Dr. Lawson, program chair man for the day.

Following the luncheon, during which the members and guests were favored with musical selections by Mrs. Carl Rountree, and Misses Edna Merrick and Gladys Alsbrook, a trombone duet was rendered by Dr. Lawson and Mr. Conway King. Mrs. Pratt, head of the expression department of the local high school gave a reading, "Negro Heaven" which drew prolonged applause.

Coach F. T. McCollum of the Lamesa High School made a short talk on the subject of Sportsmanship. Being a good loser, or a gracious winner and playing the game fair, he said, were the important lessons to be learned through school athletics, as they were the traits which made good citizens of the students after they had finished school and entered the business world.

After the program, the president of the club, called on Mrs. R. R. Townsend to announce the coming drive for the Lamesa library funds. Mrs. Townsend very briefly told of the needs of the library and the service it was performing in the county. She then asked Mrs. W. M. Wallace to tell of the book review which will be given in Lamesa soon by Dr. Smallwood on the new book "Gone With the Wind."

Program for next week's meeting will be under the direction of Rev Murray.

No Football Game As Yet For Nov. 26

A football game for the Golden Tornadoes for Thanksgiving has not yet been arranged. The intentions of the District Committee are that the second place winner of the two halves of District four shall meet on this date to determine the relative standings of teams in district championship play. If this plan is carried out Crosbyton will be Lamesa High's opposition. The District Committee will meet Saturday at 10:00 A. M. at Lubbock and it is expected that announcements can be made after the meeting.

Gala Program Being Planned by Merchants

December 4th has been designated by the merchants of Lamesa, as the official day for opening the Christmas shopping season, and they will have their first big showing of their tremendous Christmas stocks. A gala program is being planned for the day, with a pre-season appearance of Santa Claus, who will bring with him barrels of candy and nuts to be distributed among the children. The merchants will have a big unveiling of their show windows and prizes will be offered to the merchants who have their windows the most attractively decorated. The band will give a concert of Christmas music, and a parade of beautiful Christmas floats sponsored by the automobile dealers will be an attractive feature of the program. Other features of the program will be announced next week.

At no other time in the history of Lamesa have the merchants provided a more elaborate or attractive Christmas stock than this year. They have made every effort in the purchase of these stocks to be able to meet the needs of the people of our county, and it certainly will not be necessary for anyone to go to some other town to do his Christmas shopping, for the merchandise he wants can be found right here in his home town.

Bargain Rate Enters Home Stretch

Well, folks, it won't be long now. In fact, it is the last down and only two weeks to go in our bargain subscription offer. These weeks will get away from us in a hurry and by that time the Christmas rush will have begun and so, you had better not take a chance on putting off any longer renewing your subscription to the Dawson County Courier for only 25c a year if you live in Dawson county or an adjoining county.

Those of our subscribers who have not taken advantage of the special rate before December 5th, will have to pay the regular price or their name will be taken off the mailing list as soon as their subscription has expired. There will be no exceptions—the postal authorities require that subscriptions be paid for in advance. And besides we feel that in fairness to our many subscribers who gladly pay their subscriptions, we should not send the paper to those who refuse to pay.

The majority of our readers who were in arrears, have already renewed since the campaign began but a few remain who have no doubt forgotten it or put it off from time to time. And there are many in the trade territory who have not received the paper, but who realize that it is the best newspaper bargain to be found in Texas and mean to subscribe before the special offer expires. To those, we say, don't wait! Subscribe today!

The honor roll for the past week includes:

Bale of Cotton Falls On Prominent Citizen

E. E. Barron was the victim of a painful though fortunately not fatal accident Wednesday afternoon about 2:00 when a bale of cotton fell from the platform at a local gin and caught him beneath it. He was taken to a local hospital where an x-ray examination showed that he had received no broken bones nor internal injuries.

Announcing THE FORD V-8 FOR 1937

The Quality Car in the Low-price Field

V-8
65 HORSEPOWER
Maximum Performance with Good Economy
Bore, 3.062 in. Stroke, 3.75 in. Displacement, 221 cu. in.

Two Engine Sizes - One Wheelbase
AND A NEW LOW PRICE

V-8
60 HORSEPOWER
Good Performance with Maximum Economy
Bore, 2.8 in. Stroke, 3.2 in. Displacement, 136 cu. in.

The New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—lower operating costs—and a lower price.

When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved carburetion enables it to deliver its thrilling performance with unusually low gasoline consumption.

The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your needs.

AUTHORIZED FORD FINANCE PLANS

\$25 a month, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

FEATURES

APPEARANCE—A newly designed car. Headlamps recessed in fender aprons. Modern lid-type hood hinged at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield opens in all closed cars.

COMFORT AND QUIET—A big, roomy car. Extra space is in the body, not taken up by the engine under the hood. Comfort of the Center-Poise Ride further increased by smoother action of the long-tapering springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

SAFETY

BRAKES—New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel from pedal to wheel." Self-energizing—car momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

BODY—Not an ounce of wood used for structural strength. Frame structure all steel, sheathed with steel panels—top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

Colonial Party At Legion Hall

After having studied in social science the colonial life in America, the seventh grade class gave a colonial party as a final act of completing this unit of work.

The party was held at the Legion hall Friday evening at 7:30, with most of the guests wearing costumes.

A contest was held to judge the most attractive costume for both boys and girls. The winners were chosen by applause. Edwina Jackson wore the winning costume for girls and Norman Hoback for the boys.

For amusement colonial games were played. Various groups did the Virginia reel and the Minuet. Impersonations were given by different groups on the Courtship of Miles Standish. There was a corn husking contest between Kent Morgan and Ronald Tolbert. Next there was a singing of colonial songs accompanied by Mrs. A. G. Barnard.

Refreshments of pound cake, hot chocolate, pop corn balls and raisins were served by Mesdames Branon, Stone, and Norman to about 85 guests.

We wish to add that this lovely affair was made possible by the splendid cooperation of the parents and the social science teacher, Mrs. Stuart, and the pupils of the seventh grade.

James Davis Marries Douglas, Ariz. Girl

The marriage of James Davis, son of Mr. and Mrs. W. P. Davis of Lamesa and Miss Helen Miller, charming daughter of Mr. and Mrs. J. C. Miller of Douglas, Arizona, took place in Lordsburg, N. M., Saturday night, October 24.

The bride was lovely in a green tailored suit with brown trim, and her accessories were of brown.

Those attending the wedding were Mr. and Mrs. J. C. Miller, parents of the bride, and Mr. and Mrs. Hayden Hasty.

Both of these young people come from the more popular group of this city and their friends are numbered by their acquaintances. Mr. Davis is well known as a young business man of

this section, and Miss Miller, before tendering her resignation Saturday was employed by Levy Bros. Dry Goods Co.

The couple left immediately following the ceremony, for a trip to Lamesa and Dallas, Texas, where they will visit the groom's parents and the Texas Centennial.—Douglas, Arizona, Record.

Mrs. J. L. Stimson Honor Guest at Party

Mesdames Guy Simpson, Tom Burnside, Gilbert Watson and J. E. Garland entertained with a party Wednesday night at the home of Mrs. Simpson honoring Mrs. J. L. Stimson of Lubbock with a bridal shower.

During the social hour refreshments of individual mince pie with cheese and hot coffee were served to about twenty guests. The honoree received many pretty and useful gifts for which she thanked her many friends in her usual charming manner.

Wednesday '42' Club With Mrs. Simpson

The members of the Wednesday 42 Club were entertained last Thursday afternoon by Mrs. Ross Simpson. The entertaining rooms were beautifully decorated in autumn colors. A salad course with mince pie and whipped cream with hot coffee were served to Mesdames A. M. Bennett, M. E. Boren, C. Baldwin, Russell Clark, Walter Jones, Dixie Kilgore, Jap Randle, R. E. Simpson, E. V. Wilkes, A. H. Smith, E. R. Tinsley and Gus White.

Womens Study Club Meets Nov. 13th

The program for the Womens Study Club November 13, was a review of Charles McGans "Sparken Broke" given by Professor Smallwood of Texas Tech.

The Study Club will sponsor a book review to raise funds for the Lamesa public library. The much talked of book, "Gone With the Winds", is the one chosen for this. The sales of this book and

the attendance at the review has surpassed anything that has been written for several years. Dr. Smallwood will give a review on this book, December 11 at 7:30 in the district court room of the Dawson county court house.

The books being read in this years study club program are to be found in Mrs. Jack Phinizy's public library. Thirty members were present with Mrs. Eugene Yates, president, presiding.

Swastika Club With Mrs. Frank Pritchett

The members of the Swastika club met with Mrs. Frank Pritchett on South Houston street Wednesday afternoon.

The hostess served a sandwich course during the social hour to Mesdames Jap Baldwin, Olen York, Connally Baldwin, Thelbert York, Durwin Echols, Nelson Norris, Nelson Williams, Guy Wilmon and Buster Davis.

Delphian Club In Regular Meeting

Having as their subject "Other Confederate Literature" the Lamesa Delphian club met Tuesday night at the club house. Miss Dorothy Gore was leader at the evening. Roll call was answered by each member naming an unpublished happening in civil war days. Mrs. M. R. Hall gave a reading and comment on "Surrey of Eagles Nest". The program closed with two readings by Mrs. Lawrence West, "Gone on Forward" and "The Shade of the Trees."

In the business meeting four new members were voted into the club.

Mrs. Earnest Barrett Honors Daughters

Mrs. Earnest Barrett entertained a group of friends of her twin daughters, Earnestine and Geradine when they celebrated their third birthday Tuesday evening. The afternoon was spent playing games. A refreshment plate of ice cream and cake with dolls as favors was served to about fifteen little guests. The little honorees received many pretty gifts.

Mrs. J. L. Stimson Honored Monday

One of the outstanding social events of the season occurred last Monday afternoon from four until six at the lovely new home of Mrs. N. H. Price when Mrs. J. L. Sybert, Mrs. N. H. Price and Mrs. Gordon B. McGuire entertained with a tea honoring Mrs. J. L. Stimson of Lubbock, the former Miss Jimmie Lee Lester.

Those in the receiving line were Mesdames J. L. Sybert, Gilbert Watson, Gordon B. McGuire Jr., J. H. Clark, the honoree Mrs. Stimson and little Miss Ann McGuire.

The tea table was covered with a beautiful lace cloth centered with gold chrysanthemums. Mrs. Guy Simpson presided at the tea table assisted by Mrs. J. E. Garland and Mrs. Tom Burnside.

Mrs. Bessie Panchard delighted the guests with a song "I Love You Truly" followed by Ann McGuire who read "Applesauce". Mrs. Matt McCall gave a piano solo. Mrs. N. H. Price in her charming manner gave two vocal solos. Mrs. A. C. Burnard rendered several vocal and piano solos and Mrs. Gilbert Watson read selections from "Red Heels", by Lexia Dean Robinson. The program was closed with a Highland fling tap dance by Anna McGuire. The honoree was beautifully dressed in blue velvet with gold accessories.

Mrs. Bogan Caldwell Honored Last Friday

Mrs. Mike Key, Mrs. Bill Creighton, Mrs. Jimmie Cotten, Mrs. Wright Boyd and Miss Thelma Riddle were hostesses to a group of friends last Friday night at the home of Mrs. Jack Phinizy honoring Mrs. Bogan Caldwell who left Sunday for Alpine to make her home. The evening as spent playing bridge

with Mrs. Fayne Wilkes receiving the prize for high score and Mrs. Cecil Bryant and Mrs. Fayne Wilkes receiving the little slam awards.

After the games the honoree was presented with many pretty and useful gifts. The hostesses served delicious refreshments to about twenty-five guests.

Mrs. Fayne Wilkes Hostess to Club

Mrs. Fayne Wilkes was hostess Wednesday afternoon to the members of the Wednesday Bridge club, at the home of Mrs. Tom Burnside.

Refreshments featuring the Thanksgiving motif were served to Mesdames J. E. Garland, Elzie Burleson, Frank Ogle, Gordon B. McGuire Jr., Gilbert Watson, Jimmie Little, Bill Creighton, and Cecil Bryant.

1931 Needle Club Meets with Mrs. Steele

Mrs. L. C. Steele was hostess to the members of the 1931 Needle Club last Friday afternoon. The afternoon was spent sewing and visiting. A delicious salad course was served to Mesdames O. H. Morris, Marvin Morris, T. A. Harris, A. S. Alsobrook, Sam Bockman, H. B. Glover, and Cleve Austin. The club will meet next Friday evening with Mrs. O. H. Morris.

Wednesday 42 Club With Mrs. Tinsley

Members of the Wednesday 42 Club met with Mrs. E. R. Tinsley this week for their regular weekly meeting.

During the social hour refreshments of pumpkin pie with whipped cream and coffee were served to Mesdames: Walter Jones, E. V. Wilkes, A. M. Bennett, M. E. Boren, C. Standardization
Miss Pauline Bulsterbaum has been checking the various requirements for standardization of the Woody school. It is her opinion that the school can meet the requirements and that the school can be standardized. The greatest need at the present time is for the buildings to be repaired and repainted.

Box Supper

Special committees are working on plans for the box supper to be given November the 20th. Mr. Rivers is trying to get a turkey to be auctioned off. A pretty girl will be nominated. Margaret Ruth Williams is sending a box for a bachelor. Ex-students are invited to attend this affair. Boxes have been promised to go from the sublime to the ridiculous, from order to disorder.

KLONDIKE HOME DEMONSTRATION CLUB

Recreation is fundamentally social. If we play together we will work together, said Miss Phenix to the Klondike home demonstration club members in their meeting on November 10.

Miss Phenix went on to tell us that we must play to get rest from our family cares and worry. All work and no play makes Jack a dully boy is an old saying. So it is with the housewife. We are very dull if we never play. Recreation is a wholesome outlet for our energy, it is a wonderful mother who can play and grow up with her family. An interesting game that the club women played was called ships. Several other games were played. After refreshments were served we adjourned to meet November 24 with Mrs. Leo Sprawls—Reporter.

HANCOCK HOME DEMONSTRATION CLUB

The Hancock home demonstration club met in its regular meeting in the club room Thursday, November the 12th with sixteen members and one visitor present.

New officers were elected and all unfinished business attended to.

Miss Phenix was with us and gave a very good talk on entertainment in the home. Home games should be educational and care should be taken to choose games that exercise children and grown ups too. Friday, November the 27th at 2:30 o'clock, is our regular achievement day and is to be held at Mrs. Heads place one and one half miles east of the school house. All members are urged to be present and all visitors will be heartily welcomed. —Reporter.

Terracing and Contouring
Since the crops are getting pretty well gathered those who are interested turn their thoughts toward terracing or contouring the farm for water conservation as well as to try and keep down wind erosion damage during that period when the land is not in use. There are a number of farmers who have tried both contouring and terracing, some like the work that is the result and some do not. As long as we have two people there will naturally be some questions that they will not agree on. For those who are interested in terracing or contouring the land and would like to learn how to do the job, the agent will conduct a number of terracing and contouring demonstrations in the communities that want the work and will be glad to show those who are interested in learning how to do the job as well as regulate the terracing level in such a manner that after one has attended one of the demonstrations he can run his own lines. These demonstrations will be given only to groups of not less than five men, on account of the limited time that can be used in the demonstrations. Those who are interested in getting demonstrations should get in touch with the agent or leave word at the office for the date they want a demonstration in their community.

Killing and Curing Meats
Sausage time is practically here now according to one of the farmers who came by the office the other day and asked for some help on killing and curing the hogs that he has on hand. This work is of great importance to those who have their own hogs to kill for their year's meat supply. Meat can be cured and put away as nicely as most anyone would want for future use and too that piece of bacon or side meat that was killed last year and allowed to hang up all the year or was put down in the meat box became too strong or perhaps had some skippers in it due to the way it was not taken care of. This can be prevented by proper curing and storing the meat away. The agent has had some eight years experience in killing and curing hogs. This work will be carried on similar to the terracing or other work in that groups of five or more can get the services of the agent in helping to properly cut up the meat and cure it out so that it will not become strong during the fall and summer. Those who are interested in properly taking care of the farm meat supply and getting a demonstration on killing and curing should get in touch with the agents office for dates as to the time he can arrange for the demonstrations.

FEDERAL ENGINEER CHECKING ACREAGE

C. H. Moseley one of the Federal engineers employed to check on compliance measurements in Texas counties was in Lamesa this week. Measurements on several farms were checked Wednesday and Thursday and further checks will be made. The location kind and use made of the various crops are also checked. This work is being done in counties all over the state.

Boy Scout Circus at Lubbock, Nov. 27-28

All Scouts, cubs, and their leaders from all parts of the South Plains Council are busy making final preparations for the Big Boy Scout Circus to be held November 27 and 28 at Texas Technological College in Lubbock. Approximately 1600 boys and their leaders have been preparing for weeks on their various stunts to be given in the circus.

Seventeen big events are on the schedule of the program which promises to be by far the biggest thing that has ever been held for youth in West Texas. Some of the outstanding events that are being developed are: a big Indian Dog Dance ceremony put on by Troop No. 22 of Lamesa under the direction of Joe Spikes, Scoutmaster; a first aid act with troops from scattered sections of the Council participating; a bicycle act with scouts from Troops No. 25 and 26 of Littlefield demonstrating feats, figures, and special stunt riding under their director, Mr. A. B. Sanders; a brief closing ceremony will be put on by Troop No. 23 of Lamesa under their leader Mr. Leslie Pratt. One of the high lights of the circus will be the impressive opening pageant to be put on by Troop No. 28 of Slaton directed by Rev. C. G. Sewell, their scoutmaster. The climaxing event will be comprised of the camping and pioneering stunts which will pack the floor of the gym with such things as bicycle camp, cowboys camp, pup tent camp, lean to, rustic bridges, 15 foot signal towers, 40 foot rope bridge, beehive shelters, Indian Tepees, campfire circle, etc. These events will be under the direction of Gene Stobaugh and George Hamilton. A special cubbing event for the younger boys ages 9, 10, and 11 will also be staged. They will dress as Indians and make Indian tepees.

Special arrangements have been made for free housing for all out of town scouts, cubs and leaders for Friday night, November 27, and their breakfast Saturday morning, November 28, in the Lubbock homes. During Saturday a special entertainment will be provided for all out of town Scouts and leaders.

General admission tickets are now on sale by our local scouts and cubs for 25c each. If bought at the gate they will sell for 35c. Local scouts receive a commission on all tickets they sell. Early reports indicate a crowd and all persons who possibly can are urged to get their tickets in advance from your local scouts.

BOX SUPPER AT BARTLETT

Officials of the Bartlett School announced this week that they will sponsor a box supper Friday night November 20th. Proceeds from the sale will go to buy play ground equipment for the school. The public is cordially invited.

PIERCE'S TOGGERY ANNOUNCES SALE

The commercial printing department of the Dawson County Courier has been busy this week printing a double page advertisement announcing a Drastic Price Reduction event to be opened at Pierce's Toggery Friday morning. This campaign is under the direction of B. E. Gentry of Lubbock and will last for two weeks. Many bargains are quoted in the advertisements which have been mailed out to the buyers of the trade territory.

OYSTER SUPPER

The members of the Methodist Missionary Society are sponsoring an oyster supper to be held Friday evening from 6 to 9 in the basement of the church.

Oysters will be served any style with all the trimmings. Pie and coffee will be available for those who do not care for oysters.

B. T. U. TO PRESENT PLAY AT CHURCH SUNDAY NIGHT

"Farmer Brown's Conversion" is the title of the play to be presented at the regular preaching hour by the B. T. U. Department at the First Baptist Church, Sunday night, November 29th. The characters in the play are: Mr. Brown, Dr. V. L. Lawson; Mrs. Brown, Mrs. Ray Morris; Paul Brown, Carson Pierce; Ruth Earnest; Mrs. Carson Pierce; Matilda, Mrs. C. I. Darling; Esther Charity, Miss Ina Bennett; Deacon Do-Good, A. J. McDaniel; Pearl Price, Miss Virginia Lindsey.

Preceding the play and starting at 6:45, November 29th, a special radio program will be presented in the church auditorium for the entire church membership. The program theme will be: The B. T. U. Building a Church. Each union will participate on the program.

FUNERAL HELD SATURDAY FOR O'DONNELL RESIDENT

Mrs. Beulah Mae Yarbough of O'Donnell died in a local hospital Friday November 13, at 7:30. She had been ill for about a week from an infection on her face.

She was born October 6, 1893 at Fairy Texas, but had been a resident of O'Donnell for a number of years. She was a member of the Church of Christ and funeral services were conducted at that place by Rev. Drennan at 4 p. m. Sunday with interment in the O'Donnell cemetery.

Besides her husband she is survived by eight children, the youngest being four months old; a brother, and her mother of Cleburne. Other relatives attending the funeral were Mrs. Joe Blair and Miss Millie Crow of Tulsa, Mr. and Mrs. Olin Blair and family of Lubbock, Mr. and Mrs. C. R. Crow of Lamesa and Mr. and Mrs. Harry White of Lamesa.—Reported.

MRS. ALLEN ATTENDS FUNERAL OF NEPHEW

Mrs. Guthrie Allen returned Sunday from Winters where she was called to attend the funeral of a nephew, Frank White, who was killed in an automobile accident last Tuesday night near San Angelo. Funeral services were held Armistice Day with the Roy Scroggins Post of the American Legion, of which he was a member, in charge of burial rites.

OVER 18,000 BALES GINNED BY LAMESA GINS TO DATE

Reports from the six cotton gins in Lamesa Thursday night, Nov. 19 gave the total number of bales of this years cotton crop ginned in the city as 18,211.

As previous reports show that the outside gins in Dawson county have ginned slightly more than the town gins, it appears that the total for the county to date is around 37,000.

Lamesa Boy to Sing In College Opera

John Burkhart, baritone of Lamesa is in the cast of "H. M. S. Plover" Gilbert and Sullivan opera which will be produced by the A. Capella chorus of Abilene Christian College this fall and presented at Abilene, Dallas, and Hamlin, Texas, and broadcast on two radio stations.

Burkhart is singing the role of a sailor in the Plover. The English light opera will be presented under the direction of Leonard Burford, at Abilene Christian College on November 24, at the Texas Centennial at Dallas on November 25, and at Hamlin, Texas on December 9. It will be broadcast from the Gulf Studios at the Centennial Exposition, and over station KRBC, Abilene after November 29.

The entire A. Capella chorus at A. C. C. is in the cast. Leonard Burford, director of the chorus, and Miss Margaret Ehresmann, speech arts instructor at A. C. C. will direct the production.

The principal roles include Josephine captains' daughter, Mrs. Walter Adams of Abilene, soprano; Sir Joseph Porter, Omar Bixler, Kansas City, baritone; Captain Concoran, Irvin Driskill, San Antonio, tenor; Ralph Backstraw, Paul Edwards, Nashville, Tennessee, tenor; Dick Deadeye, John Burkhart, Lamesa, baritone; Little Buttercup, Edith Foutz, Abilene, contralto; Hebe, Margaret Ann Williams, Abilene, soprano; Boaswain, Jimmy Winns, Fairview, Oklahoma, bass; Boaswains mate, Marlin Carruth, Tipton, Oklahoma, bass.

CCC CAMP NEWS

Capt J. R. Dryden, Commanding

Recent Visitors in Lamesa Camp Company 3811, CCC, Lamesa, Texas, had as Armistice Day guests a group of District and City Notables. Among those present for dinner from District Headquarters were: Captain Adair, Sub District Commander, Lubbock District, CCC; Lt. McKee, District Quartermaster; Mr. W. L. Cowan, Region-termaster; Lt. Craddock, District Budget Director of the Soil Conservation Service of Amarillo; and Major F. A. Vestal, Superintendent of the local Soil Conservation Service project. The local notables present were: Col. Louis B. Reed, Mr. J. D. Dyer, president of the Lamesa Luncheon Club; Mr. Guy Weekes, representing the local Lions Club; Judge Philip Yonge, president of the local chamber of commerce; Mr. A. G. Bearden, secretary of the local chamber of commerce; and Mayor W. L. Marr. The Company and its officers feel highly honored by having these notables as visiting guests.

Dr. Loveless and Mrs. Loveless; Mr. and Mrs. F. T. McCollum and son were recent dinner guests at the Lamesa C CC Camp. Dr. Loveless is owner and director of the Loveless hospital and Mr. McCollum is the efficient and popular coach and principal of the Lamesa high school.

Camp Improvements for Company 3811

The grounds and buildings of Company 3811, CCC, Lamesa, have been undergoing a number of beneficial improvements recently. The most noticeable one has been the change in the landscaping of the grounds of the camp. Captain Dryden and Dr. Robinson have directed a complete change in the lawns and the rock arrangements confining the walks about the camp. New walks have been laid, old ones have been eliminated, and other old ones have been changed to conform more nearly with landscaping and safety ideals.

Not quite so noticeable as casual observers but of equal importance in the improvement program is the new coat of paint and interior decorations now being applied in some of the camp buildings. Many of the CCC boys have been on the job with buckets and brushes.

Other improvements include the completion of the root cellar which has been under construction for some time. The office of the educational adviser has been moved and rearranged to make room for new classes and to provide greater convenience. The camp baseball ground is being plowed and worked, looking forward to a new season.

RATS ARE ECONOMIC AND HEALTH PROBLEM

Austin, November 16.—That rats not only destroy property, but carry disease germs, is a well known fact. Prompt and effective measures by the United States Public Health Service for killing and rat proofing buildings have saved this country from serious epidemics, such as occurred in the Old World in past generations.

"It has been estimated that in the United States, rats and mice each year destroy crops and other property valued at over \$200,000,000," Dr. John W. Brown, State Health Officer, said, "and even this large amount of money seems small compared to the human misery and loss of life which these small pests may cause."

"If rats are in your home or business house, kill them as soon as possible. Because rats increase so rapidly it is useless to expect more than temporary relief from campaigns of eradication restricted to killing only. To be of lasting benefit the work of building rats out of their shelters and away from their food supply must go along with that of trapping, poisoning, and other means of eradication."

"Rats eat every known food, both animal and vegetable. The removal of garbage, rubbish, trash, and similar material is of importance in rat control as it affords shelter as well as food."

"In recent years the use of 'red squill' as an effective rat poison has placed in our hands a most effective weapon. In case human beings or domestic animals should eat the bait containing 'red squill' they would vomit and rid themselves of the poison, but it seems that rats cannot vomit and they die of a progressive paralysis which kills in from one to four days, thereby giving them time to take to the open, as they commonly will."

"A thorough and systematic campaign to rid your neighborhood and community of rats will not only save money but will preserve your health and that of your family."

1936-37 FALL FASHIONS

The second year home economics class of the Lamesa high school is presenting a style review November 24 at the Majestic Theatre between the first and second shows.

These girls have been planning and sewing in fall silks and wools. They have been doing good work and the garments look nice. The construction of these garments has been under the supervision of Miss Eleanor Ragle, home economics teacher of the clothing department.

If you are interested in the work these girls are doing come to see the show and the style review will be no added expense. In other words both shows for the price of one.

Mr. Bryan Bryant of Midland spent Sunday here with friends.

Mr. and Mrs. J. H. Pierce and J. C. Duff spent Sunday in Lubbock.

EXHAUST-HALITOSIS

... that smell means Wasted Miles and Money

DEAR DISTRESSED DAMSEL:

Perhaps you wonder why the poor motorist is using such a "rich" mixture. Lady, the reason is that the tank contains ordinary low test gasoline.

That's why the driver had so much trouble in starting, and why it is taking so long for his motor to warm-up. With all his yanking on the choke, the engine is still missing and sputtering.

He isn't enjoying it a bit more than you are... and in addition, it is costing him real money because with the choke out he is using up gasoline 5 to 15 times faster than normal! Besides, he is thus diluting the oil in the crankcase, which is one of the chief causes of winter damage to motors.

... How can he correct the trouble?

Easily. All he has to do is use Phillips 66 Poly Gas and use less choke. It is made by

the WORLD'S LARGEST PRODUCER of natural high test gasoline. This explains its extra high test and the pleasant fact that it costs nothing extra.

It starts cold motors with split-second speed. Warms them up fast. Delivers maximum power with minimum fuel. And obviously, it increases mileage per gallon by decreasing the need for wasteful choking.

Every gallon of this sensational winter gasoline is 100% custom-tailored to your weather. Every gallon is enriched with extra energy units by the patented POLYmerization process. Our Testing Laboratory, after studying thousands of samples of all available motor fuels, assures you that the effective volatility of Phillips 66 Poly Gas is unsurpassed even by gasolines selling at a higher price.

How can you possibly lose by trying a tankful of Phillips 66 Poly Gas!

Phill-up with Phillips for Instant Starting

METHODIST NOTES

WELCH CIRCUIT

We are back for another year and we are glad to be back. Hope the people are satisfied. If not we ask that they make the best of it possible.

Looks like we should do better work for another year. We know the people and they know us. Last year was to some extent an experience and preparation. Now we have the experience and a year's preparation to begin with.

Welch is made a mission station and we are to select the best places around it and do mission work. We are already seeing a great opportunity, too much for the preacher alone. We solicit the help of every member. Let us strive to make every member a missionary.

Then we have the big problem of building a church. Let each member with all our friends be enthusiastic. The best way to attract attention of others around us is to build an attractive church and let it be known that it is for the entire mission compass. Let us show that Welch has a big mission spirit. If you have not gotten in on the crop plan enter now. Gather up a bale of cotton and bring it in and have it ginned free and place the proceeds to the Welch Methodist building fund.

Next Sunday at the 11:00 o'clock hour Rev. W. M. Pearce will preach for us. Come and hear him. Then the pastor will preach Sunday night. You should be interested in hearing your new pastor.

Rev. J. G. Walker, P. C.

Mr. and Mrs. D. O. Blackmon and daughter, Mr. and Mrs. Edd Gordon and Messrs. Ross Gibson, Owen Taylor, Cleve Austin, Lex Brock and Glenn Esmond attended a district rural letter carriers convention in Ackery Saturday night.

E. V. Wilkes and Mrs. Ethel Edgin spent the week end in El Paso with Payne Wilkes.

Mr. and Mrs. A. S. Alsbrook and daughter, Gladys, and Miss Neiva Joy Bockman, spent Sunday in Seminole with relatives.

ACKERLY

Hazel Ward, corres.

Sunday school attendance was better last Sunday. Let's keep it up.

Rev. Waldrop filled his regular appointment at the Baptist church Sunday morning and Sunday evening.

Mr. and Mrs. Jobe and daughter, Ruth of Roscoe visited in the J. W. Coleman home over the week-end.

Mr. and Mrs. Edd Creswell went to Lubbock Sunday where Mrs. Creswell had medical treatment at a hospital. They returned to their home Sunday.

Anna Mae Stewart and Mozelle Smith spent the week-end in Big Spring visiting relatives and friends. The following were Sunday guests

of Doris Creswell, Pansy Jane Erwin and Hazel and Geraldine Ward.

Mr. and Mrs. Red Shortis and daughters visited her parents, Tis Trice of Sparenberg, Sunday.

Several from here attended the rally at Big Spring Tuesday.

Hazel and Geraldine Ward were Lamesa visitors Saturday.

R. B. Barrett of Anson visited in Ackery Sunday.

Mrs. Lonnie Chiles and Mr. and Mrs. Carlos Chiles spent the week-end visiting in San Saba. On their return trip they were struck by a hit and run driver.

Mrs. Middleton returned home last week after spending several days with her mother in Waco. She attended the convention in Mineral Wells enroute to Waco.

Mr. and Mrs. Travis Tarter of Bennington, Oklahoma, are visiting her grandparents, Mr. and Mrs. J. H. Britton.

Mr. and Mrs. A. J. Watts of Big Spring spent Sunday with her parents, Mr. and Mrs. J. Archer.

On Wednesday night of last week the faculty entertained the board of trustees and their wives with a banquet.

Mr. and Mrs. Barkley Bowlin of Amarillo visited Mr. and Mrs. S. Y. Bowlin.

The Dawson County Rural Mail Carriers held a meeting at the Methodist church Saturday night. Mr. J. L. Rudesal, Ackery postmaster, made the welcome address. Response was given by Elmer Boalter, assistant post

master of Big Spring. An address by Mr. Cleve Austin, assistant postmaster of Lamesa and one by E. E. Smith, vice president of Texas Rural Letter Carriers Association of Colorado, Texas, were given. After the business and social hour, refreshments were served.

Mr. Morrow is erecting a new building. It will be used for a filling station and living quarters.

Mr. and Mrs. Leonard Stewart and daughter Nadine spent Sunday with his parents, Mr. and Mrs. John Stewart.

Mr. and Mrs. Wayne Smith and children were guests, Sunday in the home of Mr. and Mrs. J. Archer.

**EMPLOYERS WILL GET
SECURITY ACT BLANKS**

Form SS-4, Employer's Application for Identification Number of the Social Security Act were mailed to all employers of the city this week, according to Owen C. Taylor, Postmaster. The form must be filled in by the employer and returned to the postmaster on or before Saturday, November 21. Postage is not necessary and the forms may be handed to the carriers, dropped in a mail box with or without an envelope.

Following this will come Form SS-5 which will be sent to all employers to be given one each to all employees. The information as to the number of employees will be secured from the first form. The second form must be filled out by the employee and returned to the Postmaster not later than December 5th. Names of employees not returning Form SS-5 must be given to the Social Security Board at Washington by the Postmaster. No postage will be required in returning either form.

"It will be appreciated if employers

not receiving the first form will report it to us as it is necessary that all employers regardless of whether they employ additional help or not fill out the form," Postmaster Taylor explained. "However only those employing one or more persons will be expected to participate in the Social Security Act."

KLONDIKE PERSONALITIES

This is a story of Mr. J. F. Bulsterbaum's life prepared by the sixth and seventh grades of the Klondike school. It is hoped to prepare a series of sketches of personalities of people in our community.

Yours truly,
Velma Harris, Secretary.
Sixth and Seventh Grades.

"I love to farm," said Mr. F. J. Bulsterbaum to the sixth and seventh grades at Klondike school Thursday afternoon. He had come from farm work to tell about the interesting things he had done and seen.

As Mr. Bulsterbaum talked, we were deeply conscious of his artistic nature even before he told us that his father was a musician and artist, and

that he had a brother who was a successful artist in New York City. Mr. Bulsterbaum was a printer, apprenticed in Germany, and worked at this trade in this country for several years. We were made to feel that it was the artistic nature of Mr. Bulsterbaum that led him to become a farmer. He fully appreciates as few can, the beauty that is in growing things.

Mr. Bulsterbaum was born at Elberfeld, Germany, a beautiful little city on the Rhine river near Cologne. He seemed to be reliving colorful gatherings in his native land as he told us of evenings when the young people danced and sang and the older people smoked their pipes and talked politics. In that country, he said, the people did not live on the farms but they lived in villages and went out to the fields to work.

When we asked him to tell us about the Rhine, he said, "Oh, I love to talk about the Rhine," and from the way he said it we knew that he was seeing the beautiful river with its historical towers. Mr. Bulsterbaum knew and appreciated this history for his face lighted up with interest as he told many interesting legends. Among these was the story of the Loreley, the beautiful woman who sat on the rocks combing her long beautiful hair, thus enticing the boatmen so that they did not see the breakers and their boats were wrecked.

When we asked him if he had seen the Mouse Tower where the Bishop of Bingen was devoured by the rats, he said yes, and told us the story that Henry Wadsworth Longfellow mentioned in "The Children's Hour."

Mr. Bulsterbaum won a trip up the Rhine that was offered by his townsmen as a reward for his interest in art and legend. On this trip sixteen school boys and sixteen school girls were accompanied by two teachers. They visited the beautiful art museums, castles, and other places of interest along the Rhine. "I love the Rhine and love to think and talk about it," said Mr. Bulsterbaum, "but for variety and grandeur the Hudson river and Catskill country of America is not equalled anywhere else in the world."

We felt that, after so much experience in other parts of the world, we should like to know what Mr. Bulsterbaum thought of our own part of the country. To our questions, he answered that he loved it, and that the rolling plains and cotton fields were beautiful in their own peculiar way and that he had rather live here than anywhere else.

CENTRAL HOME DEMONSTRATION CLUB

The Central home demonstration club met in regular session November 4th at the Baptist Sunday school room with seven members and one visitor and Miss Phenix present.

The meeting was opened with a song and a prayer by the president, Mrs. J. H. Adkins, roll call by Mrs. Gowen. After the business session Miss Phenix had charge of the meeting and brought a very interesting talk on books and

recreation for the home.

Miss Phenix says all work and no play isn't good for one, and personally I agree with her. The meeting was adjourned to meet November 18 at 3:00 P. M. in the home of Mrs. L. A. Sasser.—Reporter.

OLD AGE ASSISTANCE APPLICANTS NOW ON ROLLS NEED NOT FILE AGAIN UNDER NEW TEXAS LAW

Austin, Nov. 16.—Orville S. Carpenter, acting director of the Texas Old Age Assistance Commission, today said that neither applicants nor recipients now on the rolls would have to file new applications under the new pension statute.

"The original application will be sufficient for everyone who has previously filled out one of these forms," Carpenter stated.

He added that the commission had received a number of "second" applications which were unnecessary and could not be considered.

OLD AGE ASSISTANCE CHECKS READY TO BE MAILED

Austin, Nov. 17.—Nearly 88,000 November checks will be released by the Texas Old Age Assistance Commission as soon as the federal grant arrives from Washington, Acting Director Orville S. Carpenter said today.

Already written are 86,237 warrants totaling \$1,342,993 which will be placed in the mails as soon as the State Treasurer notifies Carpenter that the \$800,000 federal check has been received. "We are now writing 1,500 more warrants in addition to the 86,237," the Director said. "These are for aged needy individuals eligible under the new law who have not received their grants."

The Allis-Chalmers Tractor

The Model "WC" is the ideal farm power unit. It has the power to handle any full 2-plow farm job, yet it is light enough to go anywhere horses can be worked. It is adapted to every field operation from plowing to harvesting, and is equally efficient in operating belt and power takeoff driven machinery.

that is causing much comment in fashion circles. The gown fits seductively smooth, flaring but slightly from below the neckline to the floor. Around the hemline are bands of thick old fashioned fluting that remind you of the pictures in Godey's Lady Book. The long sleeved jacket is shortish, has a curved bolero outline, and around that curving outline and the cuffs of the sleeves is a repetition of the same crinkled glory of fluted crepe.

More swanky, sleekly fashioned and just as new is the satin and velvet dinner dress that is unquestionably a dinner outfit without equal.

The flared skirt and bodice top are of dull black satin, starkly simple. The fitted jacket is of black velvet, cut with all the tailored slimness of a man's dinner jacket. The long tuxedo collar is of satin. The jacket buttons primly at the waistline. The peplum is curved slightly with just a suggestion of fullness at the back.

ALL RECORDS FOR RECEPTION OF NEW CAR BROKEN

New York, Nov. 10.—All records for the reception accorded the announcement of new car models have been eclipsed by the popular response to the New Chevrolet for 1937, according to reports received here today by W. E. Holler, vice president and general sales manager of the Chevrolet Motor Co.

Twelve million persons have visited Chevrolet dealers' show rooms where the new cars were announced last Saturday and Sunday, reports from Chevrolet's nine regions and 47 zones revealed. 125,000 new car buyers have placed orders with dealers for immediate delivery. According to Mr. Holler, both of these figures are nearly double those recorded during the same period last year.

The regional and zone reports have necessitated increased production schedules at the company's 10 assembly plants, and the current production of 5,000 cars a day will be increased as rapidly as possible.

Mr. Holler announced that 65,000 new cars had been shipped to dealers as of November 7 to assure the filling of customers' orders. Additional shipments will be made in accordance with increased production schedules to meet the unprecedented demand for new cars, he said.

Mr. Holler credited Chevrolet's 25-year record of manufacturing, and the splendid reputation for service, economy, and efficiency of the 1936 cars in owners' hands for the success of the 1937 announcement.

He also gave credit to the expenditure of \$26,000,000 by the company for retooling and re-equipping manufacturing and assembly plants in preparation for the 1937 cars.

"The public knows that when Chevrolet invests \$26,000,000 in a new model it has quality features thoroughly tested and proved and with Chevrolet's old reliability," Mr. Holler declared.

Mrs. Andy Guy Watkins of Seminole was a Lamesa shopper Thursday.

Mr. and Mrs. Lex Brock visited Mr. Brock's sister in Post last week.

John Edmison is spending the week in Austin with relatives.

Cecil Speck made a business trip to Coahoma and Big Spring Tuesday.

SOIL CONSERVATION PROJECTS MANAGED BY YOUTH ADMINIS.

Austin, Nov. 17.—Soil conservation projects managed by National Youth Administration workers are in operation in 26 counties of Texas, and have been approved for 23 additional counties, Lyndon B. Johnson, state director, announced this week. By mid-November the NYA plans to have projects approved in 64 Texas counties.

These projects are developed in cooperation with the Agricultural Extension Service of Texas A. & M. College. Through County Agents, the Extension Service has provided technical supervision for surveying soil conservation terraces, diversion channels, gully reverts, check dams, and other appurtenances of soil conservation work.

The youths employed by the NYA on soil erosion projects work only one-fourth time and are paid at the prevailing wage rates for their community. Each field party is composed of the surveyor-supervisor and five or six youths employed by the NYA. A different group of youths works each week, so that a full time soil conservation project may employ 20 to 25 youths.

The projects now operating in 26 counties employ 104 youths. The additional projects, involving more intensive work in 23 other counties, will employ 414 more youths.

These youths employed by the National Youth Administration are working on two other types of soil conservation projects. The Texas Highway Department is sponsor for soil erosion prevention work on rights of way in 50 counties, and the United States Soil Conservation Service is sponsor for another project for construction of terraces. These two types of projects have employed approximately 700 youths on soil conservation work.

LET'S TALK ABOUT CLOTHES

Denton, Nov. 16.—Your newest dinner clothes should be dramatic. There are long slinky gowns teamed with the movable jacket that is so much a part of the ensemble that the outfit is called a jacket combine. The jacket and dress are so intimately related that they appear one piece.

Without the jacket the gown is especially adaptable for very formal occasions. It is usually cut low in front and back, with a bodice top that fits as smoothly as skin. The skirt flares a little, but fits supersmoothly at the waist and hipline.

The shops have new arrivals that will cause much ado among the sleuthing shoppers out for new things. Girls at Texas State College for Women (CIA) found a snow white dull crepe
