On The BEAM

By J. W. King, Sr.

Now that the new year is here let's all get on with the program of improving our town. Let's make our town as attractive to visitors and our own citizens as we possibly can. An attractive town will be a prosperous town.

Lorraine's FFA and 4-H Project Show will be held on Thursday of this week. Let's all go to the show barn on that day and see what the youth of our community is accomplishing under the able direction of Raymond Holt and Buddy Logsdon. Your presence at the show will encourage our youth to do their best.

Speaking of the youth of our community there is another project in which a great many are interested and that is the baseball program during the summer. We need to begin now to plan the program and secure leaders who will work with the boys. It isn't too early to get started on the project for there is always work to be done on the playing field as well as bleachers, etc. We need to pipe water to the field so that it can be beautified.

Bill Erwin Announces For Re-Election

In authorizing The News to announce his plans to seek re-election to the office of District Clerk, Bill H. Erwin stated, "In seeking the re-election for the office of District Clerk, I promise to make every effort to perform the duties of the office to the best interest of the people who have made it possible for me to hold the office."

"I appreciate your past help and ask your support in the Democratic Primary on May 7."

Heston Redwine Improving

Heston Redwine is reported to be doing even better than doctors had hoped for after injuring his hand and arm in a gin accident on Jan. 1.

Mr. Redwine was treated by Colorado City doctors before being sent to Fort Worth for treatment. Doctors are hopeful now of saving three fingers, which at first was thought would have to be amputated.

His son and daughter-in-law Mr. and Mrs. Don Redwine were in Fort Worth last weekend visiting Mr. and Mrs. Redwine.

Yards at the two Lorraine gins are overflowing with unginned cotton and gins operating, one of them day and night.

The Co-Op Gin has two 12-hour crews and the Guitard Gin is operating 15 hours a day.

Tuesday afternoon, a total of 7,718 bales had been ginned by both gins. The Co-Op reported they had 565 bales on the yard and by night expected to tag up approximately 150 to 200 more.

The Guitard Gin had 175 or more bales on their yard.

We understand other gins of the county, Colorado City, Buford, China Grove and Westbrook, are ginning 24 hours a day and have hundreds of bales on their yards.

To say Mitchell County is in the process of harvesting a bumper crop is putting it mildly.

Everyone, even the oldtimers, say its the best they have seen. Many farmers report bale to the acre on dry land.

He was a member of the Maryneal Church of Christ. Surviving are his wife, two daughters, Mrs. Elvin Brown and Mrs. Farris Hammond of Big Spring; two sons, Hunter and Claud Jr. of Colorado City; a sister, Mrs. Charlie Jernigan of Colorado City; two brothers, Cary of Colorado City and Raymond of Coahoma; eight grandchildren and nine great-grandchildren.

TAX MAN SAM SEZ:

Throughout the year we have preached our sermon on records. The day of judgment is here. It is time to get out those records and put them in shape to file that tax return. Now is the time to look over your records instead of midnight on April 15. You may find that a lot of your receipts are missing. You may have to do some checking or get new copies of receipts before you file. The fellow who checks his records in January saves. The fellow who waits until April 15 doesn't have time to save.

PRESENTING MY "TRUSTY TRACTOR"

IT'S MORE THAN JUST LUCK

Some of Harvey's friends call him "lucky". He hasn't lost a minute of time due to equipment breakdowns.

We think it's more than luck, though.

Harvey's smart. He learned a long time ago that regular preventive maintenance on all of his equipment saves both time and money in the long run.

Maybe operating without any "down time" is a little bit lucky. But Harvey knows that if something does go wrong, we can get him back in the fields in jiffy time because we stock genuine parts and employ qualified servicemen.

You figure it out. Is Harvey lucky... or just plain smart?

Atheneum Club Sees Mosaic Film

The World of Mosaic, a film and commentary, was the theme of the Atheneum Study Club program in the home of Mrs. B. H. Johnson on Jan. 4.

Mrs. T. J. Riden and Mrs. Glen Coon were co-chairmen of arrangements.

Mrs. Johnson ran the projector that showed the pictures and commentary was given by Ernest Ross. The pictures consisted of designs in colored stones or glass in small pieces fitted together and held in place by cement. The art began as early as 250 B. C., to portray historical events. As the art progressed through the centuries, it developed on an increased scale to decorate walls, ceilings, even floors of buildings, especially to portray religious events in churches by which the artist sought to glorify God by beautifying His house.

There has been a revival of interest in modern times, and the demand for mosaic is steadily increasing. American artists and studios have achieved distinction, and some of the finest designs ever produced are to be found in American buildings.

Mrs. Hester presided at the business session. Salute to the U. S. and Texas flags were given. Mrs. Riden gave a report of the County Federation meeting and spoke of the new library building now being built in Colorado City.

Refreshments were served by the hostess to ten members. Next meeting will be in the home of Mrs. Riden.

Mrs. Johnson Reviews Book at WSCS

Mrs. Bruce Johnson reviewed the book, "Babylon by Choice," when the Women's Society of Christian Service met Monday afternoon at the church for the second afternoon meeting for the winter months, after meeting on Wednesday morning during the summer months.

The meeting opened with group singing, "Jesus Calls Us." Mrs. Harold Martin brought a short devotional, reading the call of the disciples from Mark 1. She also related some interesting facts about Andrew, who he might be considered an obscure Disciple, was never the less a soul winner. Prayer was led by Mrs. Marshall Bruce.

Mrs. J. G. Bruce, study leader, presented Mrs. Johnson's book, "Babylon by Choice," is new environment for mission by Dr. Martin E. Marty from Friendship Press. She first gave a background history of Babylon, starting back in 3100 B.C.

This Babylon is described in the Bible as a city of Jewish captivity, and we can learn much about it from a study of the last 27 chapters of Isaiah, the prophets Jeremiah, Ezekiel and the book of Daniel.

Mrs. Johnson's discussion of this provocative text book was in three parts. In the first, the author had compared the world to a city. The new Christian mission is urban. One and two-

thirds centuries ago, it would have included the city, today it is the city, more or less.

The second part brought out the fact that the basic reality of urban life is its secularity, or worldliness. The Christian mission is both beautiful and ugly. The third division, the city is complex, stated that politics and commerce define the modern cities; religion ordinarily does not.

The pastor, lay leader and all Christian workers need to relate their vision to the great mass of bewildered and neglected people.

Present were Mmes. J. G. Bruce, Percy Bond, Frank Crowover, Marshall Bruce, J. B. Mahon, Claude Neeley, K. L. Taylor, Roy Wells, C. H. Martin, Jene Greer, Josephine Marshall, Bruce Johnson and Miss Isla Bruce.

Visiting Mr. and Mrs. A. A. Turnbow Sunday was a daughter and family. Mr. and Mrs. James Price and son of Odessa.

Mr. and Mrs. A. A. Turnbow spent last week in Abilene visiting their son and family. Mr. and Mrs. Raymond Turnbow and kept their children while their little two-year-old was in the hospital.

Mrs. Wanda McDowell and Todd of Midland visited her parents, Mr. and Mrs. Marlin Moore, Sunday.

Come in and take on a tiger!

The only way we could make a Catalina look even better would be to show you its price tag.

Because stretching back for nearly 18 feet behind that dashing front end is everything that would make pricing a Catalina the next logical step: A 389-cu. in. V-8. Wide-Track wheels. Nylon carpets. A package of safety features including seat belts front and rear. And one of the roomiest trunks in the field. Come in, take on and price out a tiger at your Pontiac dealers—a good place to buy used cars, too.
