Annual Prayer Program Set Here Thursday

Program for the World Day of Prayer service Thursday afternoon was announced Saturday by Mrs. Stewart Cooper, ecumenical chairman of the All Saints' Episcopal Church.

The program, beginning at 3 p.m., will be presented by women from various church denominations in the community.

Host church for the annual day of prayer will be the All Saints' Episcopal.

Mrs. Annie Mary Morgan, vice president of the Episcopal Auxiliary, will welcome the women. Curtis Baker, music director at Colorado High School, will present a vocal solo, "The Lord, My Father", by Bach. He will be accompanied by Mrs. Baker.

Taking part in the program will be Mrs. Ronald Servies, Mrs. Gerald Gordon, Mrs. M. L. Kirschbaum, Mrs. J. S. Craddock Sr., Mrs. Brady Warren and Mrs. Luther Brashears.

Miss Martha Earnest, Mrs. Viola Erwin, Mrs. W. R. Powell and Mrs. E. L. Dorn will also participate in the program.

Students of the D. W. Wallace High School will present special hymns. The group includes Frances Booker, Nannie Lee Lydia, La Vonne Allen, Mannie Jewel Taylor and Mary Bracy.

Theme of the service will be "One Flock, One Shepherd", based on John 10:16. Program was compiled and written by students in the Cook Training School for Indian Christian Leaders in Phoenix, Ariz., Mrs. Cooper said, and contains idioms of the Indian language.

The World Day of Prayer program is presented each year on the first Friday in Lent. It is sponsored by the Council of the United Church Women of the World.

The yearly program is now observed in 134 different countries.

Glover Urges Early Buying Of Auto Tags

Persons with out-of-state car titles are advised not to wait until the last minute to buy Texas car tags.

The advice came Saturday from Tom Glover, county tax assessor-collector.

Glover said several out-of-state car owners, transferred here by oil companies, etc. are "running into trouble and delay in obtaining Texas tags.

"They must make application for Texas tags before they can be obtained," Glover said, "and that requires a check of the motor number by a peace officer."

"The motor number must correspond with the number on the car title," the tax assessor said.

"Many out-of-state tags being used here now have already expired," he continued, "and Texas tags should be obtained now."

"In other words, any out-of-state car owner should check with the tax office now to avoid any unnecessary delay."

Final date for obtaining 1956 tags is March 31.

Glover reported Saturday that about 400 passenger car tags already had been sold.

There is a lag in sale of farm and commercial vehicle tags, Glover said.

PART OF 60-PROJECT PROGRAM

Youth Center Program Studied By Chamber Civic Committee

Chamber of Commerce civic committee went to work Saturday in an effort to provide an adequate youth center for the community.

The center is No. 1 on the list of 11 projects set up by the committee in its 1956 program of work.

And it is among more than 60 projects outlined during the last few days by seven Chamber of Commerce committees in organizational and planning sessions.

Other committees of the Chamber adopting work programs during the last week were agriculture, highway, oil development, merchants trade, education, legislative and public relations-publicity.

Scheduled for planning meetings during the next two days are the remaining four committees — housing 2 p.m. Monday; water conservation, 10 a.m. Tuesday; membership, 2 p.m. Tuesday, and industrial, Tuesday at 3 p.m.

Directing the committee meetings along with the chairman is Bill Quimby, Chamber manager.

The civic committee, chairmaned by John T. Merritt, outlined its work program Thursday night and then met Saturday afternoon with city, school and United Fund officials to discuss the possibility of a year-around youth center program.

Meeting with the civic committee Saturday afternoon were Mayor Trevor Crawofrd, City Manager Rollin Snethen, School Board President W. R. (Jinks) Powell, Supt. Ed Williams, District Attorney Eldon Mahon, who is president of Mitchell County United Fund; J. Ralph Lee, representative of United Fund; Rev. Bill Austin, chairman of Chamber's education committee; H. I. Berman, Chamber president, and Quimby.

The committee proposed a study to see if Shell Pipe Line office facilities on E. 10th St. could be acquired and converted into youth center and club building. The building formerly housed the pipe line's entire West

Student 'Government,' Career Parley Planned

Projects for students, legislation and coordination of civic club programs were announced Saturday by three new Chamber of Commerce committees.

The work agenda was planned in meetings Thursday, Friday and Saturday by educational, legislative and public relations committees.

Foremost among their projects during the ensuing year will be:

1. Establishment of an annual citywide student government day to demonstrate practical operation of city and county governments to high school students.

2. Establishment of an annual career conference with local business, professional men and women serving as counselors to students in selecting studies and training for careers.

3. Sponsorship of legislative and congressional forum in conjunction with a Chamber of Commerce luncheon.

4. Work toward establishment of monthly meeting of presidents and secretaries of civic and service clubs to coordinate their community programs.

The student government day and career conference is among

EXPLORERS SLATE FIRST CONFERENCE

Initial Explorer conference is scheduled as part of Lone Buffalo District 10-one meeting Thursday night.

A new film, "Philmont Expedition," will be shown in addition to a film on an expedition and float directed last year in Canada by Roy Dunlap, Snyder city manager and Explorer event director for the district.

Explorers participating in the conference will be divided into four groups —social, service, expedition and vocational.

FROM THREE-COUNTY DISTRICT

Scout Leaders to Meet Here in Committee, Round Table Sessions

Boy Scout adult leaders of Lone Buffalo District will meet here Thursday for their 10-one meeting.

The program, coordinating separate conferences of 10 separate groups into one meeting, will begin at 7:30 p.m. in Junior High.

Seven Lone Buffalo District operating committees will convene in planning and project meetings.

In addition, three roundtable workshops will be conducted for scout leaders, according to John T. Merritt, assistant district commissioner.

Directing the committee meetings will be W. W. Park of Snyder, Lone Buffalo District chairman. Individual committee sessions, though, will be conducted by the following:

W. A. Vestal, camping and activities; Roy Lashaway, advancement; Dr. Thomas Hartley, health and safety; T. D. Wiman Jr., leadership; Lyle Deffebach, public relations; Nolan von Roeder, organization and extension; H. Lyman Wren, finance.

Reports of previous activities will be given at the committee meeting and activities will be projected for the next month.

Roundtable discussions will be under the overall supervision of W. A. Smallwood of Snyder, district commissioner.

Royce Burrows, assistant district commissioner, will conduct the cub leaders roundtable for all cub leaders, including cubmasters, assistant cubmasters and den mothers. Committeemen and parents of Cubs are invited to participate in the conference, according to Merritt.

Roundtable for Boy Scout leaders will be conducted by W. W. Greif, assistant district commissioner. The session will be for all scoutmasters, assistant scoutmaster, committeemen and "friends of scouting."

Roy Dunlap, Explorer activity director for the district, will head the Explorer roundtable for all Explorer leaders and Explorers.

The 10-one meeting is a new program of the Boy Scouts to conserve time by scheduling 10 meetings for adult leaders at one time.

In addition to conserving time, the 10-one allows scouters to pool transportation, permits husband and wife to attend their meetings at same time and develops friendship and understanding between the various groups, according to Merritt.

Mrs. Brown Succumbs In Odessa

Mrs. R. H. Brown, 74, former Westbrook resident, died Friday night at the home of a daughter in Odessa following a short illness.

Funeral services will be held Sunday, 4 p.m. in the First Baptist Church of Westbrook.

Officiating will be Rev. Levi Price of First Baptist Church, Monahans, and Rev. A. B. Lightfoot of Crescent Park Baptist Church, Odessa.

Mrs. Brown had been residing with relatives in Monahans and Odessa since the death of Mr. Brown in 1949.

Born in Tenn., Aug. 16, 1881, Mrs. Brown moved to Mitchell County in 1919.

She was married to Mr. Brown in Paris, Tex., July, 1908.

She was a member of the Crescent Park Baptist Church of Odessa.

Survivors include two sons, Ed Clifton of Big Lake and Joe Brachen of Andrews; a daughter, Mrs. Frank Dixon of Odessa; three brothers, John Widner of Stanton, Charlie Widner of Odessa and Robert Widner of Hollis, Okla.; eight grandchildren and four great grandchildren.

Mrs. Herman Parsons of Colorado City is one of the grandchildren.

Burial will be in the Westbrook Cemetery under direction of Kiker and Son Funeral Home.

DIXON FIELD PROJECT STAKED

Sharon Ridge-1700 Leads Local Fields With Four Completions

Five new well completions added to Mitchell County oil production during the week.

Four were in Sharon Ridge-1700 Field and one was finaled in the Westbrook Field.

During the same seven-day period new drilling sites — one each — were staked in the county's Dixon Field and Westbrook Field.

Project for Dixon (Strawn) Field pay will be Zapata Drilling Company and Chamber-Kennedy No. 1 V. T. McCabe, 17 miles southeast of Colorado City.

It will drill to 6,500 feet with rotary at a site 660 feet from north and west lines, southeast quarter, Section 3, Block 1-A, H&TC Survey.

The Westbrook Field test will be Blue Danube Oil Company No. 2-A E. T. Strain, a 3,300-foot cable tool project nine miles north of Westbrook. Site will be 1,650 feet from north and 330 feet from west lines, Section 1, Block 28, T-1-N, T&P Survey.

Large Drilling Company finaled two of the Sharon Ridge-1700 producers — its No. 2-A and No. 2-B Jackson. The other Sharon Ridge oilers were H. J. Scibienski No. 2 Mills and Revilo Royalty Company No. 1-D Kimes.

No. 2-A Jackson has a daily potential of 42.28 barrels of 29 gravity oil with 10 per cent water from perforations between 1,710 and 1,720 feet, 1,680 and 1,690 feet over total depth of 1,766 feet. Location is 1,650 feet from south and 2,310 feet from west lines, Section 82, Block 97, H&TC Survey.

No. 2-B Jackson, located 1,650 feet from south and 990 feet from west lines, Section 82, has daily potential of 45.87 barrels of 28.5 gravity oil plus 20 per cent water. Pay is from perforations between 1,700 and 1,726 feet.

With a daily potential of 31.75 barrels of oil is No. 2 Mills, located 330 feet from north and west lines, Section 30, Block 8, T&P Survey. Perforations are between 1,610 and 1,630 feet over total depth of 1,740 feet.

No. 1-D Kimes has daily potential of 30 barrels of 29 graeity oil with pay topped at 1,683 feet over total depth of 1,780 feet. Site is 330 feet from north and west lines, Section 82, Block 97, H&TC Survey.

Lone Westbrook Field oiler completed during the week was Col-Tex Refining No. 26-E Morrison, 330 feet from south and 2,282 feet from west lines, Section 21, Block 28, T&P Survey.

Daily potential of 88.35 barrels of 24.4 gravity oil was registered from perforations between 2,904 and 3,036 feet over total depth of 3,103 feet.

Wheel Chair Sought for Injured Girl

Margie Lamb, 16-year-old daughter of Mrs. C. B. Lamb, 1314 Pine St., is in need of a wheel chair.

The cute dark-eyed teen-ager was injured in an auto accident last year in Colorado. Last Sunday she fell, re-injuring herself.

And her mother made a plea Saturday to anyone who might have a wheel car not in use.

"We would like to rent or lease a wheel chair until Margie is able to walk again," Mrs. Lamb said.

Margie was in St. Mary's Hospital in Grand Junction, Colo. for several weeks following the auto accident.

She has been walking on crutches until her accident Sunday when she slipped on the icy ground.

Officials of the Veterans of Foreign Wars have been unsuccessful in attempts to locate a wheel chair.

"We would appreciate one very much," Mrs. Lamb said.

Church Honors Three Youth Groups Sunday

Three youth groups will be honored Sunday at morning services of First Baptist Church.

Boy Scout Troop 22 and Cub Scout Pack 22 will attend the church service in a body. Both units are sponsored by the church.

Members of the Boy Scout troop will serve as ushers and assist in taking the offering.

Recognition of the scouts and cubs is in conjunction with National Boy Scout Week, according to Rev. J. F. Selcraig, pastor.

Third group to be recognized will be the Jane Robertson Young Women's Auxiliary. In observance of YWA Focus Week, the auxiliary members will attend the service together.

Rev. Roy O. Young of San Francisco, Cal., associational missionary for Southern Baptist Convention in San Francisco Bay area, will speak at the First Baptist's Sunday night service in the absence of the pastor. He will report on his missionary work and show color slides.

AT NOLAN COUNTY LINE

Support Gains for Road to Oil Area

Support is mounting here for opening of a road in southeast Mitchell County to link State Highway 208 (to Robert Lee) with new oil development in southwestern Nolan County.

The road was proposed by Chamber of Commerce highway committees to provide access for Sun Oil Company, Humble Oil & Refining and other operators and oil well servicing firms to new fields just east of Mitchell County line.

Chamber of Commerce directors this week adopted a resolution asking Commissioners Court to under take the project — which will require about three miles of road in this county.

Previously, the local Lions Club voted to back the project.

Both Sun and Humble have completed new producers in areas just east of Mitchell County line in southwest Nolan. Development of the Lena Lucia Field, where both firms have producers, has been rapid in recent weeks.

Gus Chesney, chairman of the Chamber's highway committee, has contacted commissioners in regard to the road and commissioners are studying the proposed project.

Chesney pointed out that oil company crews working out of Silver now travel a long route north of the proposed road and gain access to the Nolan County development by toll route through ranches.

Proposed route in southeastern Mitchell County would provide direct access to the oil area for the Silver crews.

Opening of the road also would provide direct access to the area for Halliburton, Dowell and other oil well servicings firms located in Colorado City, according to Chesney.

Route proposed by the Chamber committee is along a section line bordering the McCabe Ranch, the chairman said.

Chamber directors, who voted unanimously for the county to under take the road project, pointed out that the service road will not require bridges or paving.

However, the resolution requested that if the road is constructed that commissioners consider acquiring right of way adequate for later development of the road.

Wilson Funeral Set Sunday At Westbrook

Funeral services for A. D. Wilson of Westbrook will be held Sunday, 2 p.m. in Westbrook's First Baptist Church.

Wilson, 45, died Friday morning in Odessa following a long illness. He had been living there since June of last year.

He formerly operated a farm near Westbrook and worked for the pipe line division of Col-Tex Refining Co.

Wilson was born Jan. 1, 1911, at Peacock. He married Mary Moon in Westbrook Jan. 1, 1944.

Officiating at the services will be Rev. Clinton Eastman, pastor of the Westbrook First Baptist Church of which Wilson was a member. Assisting will be Rev. David Crow, pastor at Cotton Center, and Rev. Les McCarra of Westbrook.

Burial will be in the Colorado City Cemetery under direction of Kiker and Son Funeral Home.

Survivors include his mother, Mrs. Leona Wilson of Westbrook; his wife, Mrs. Mary Wilson; two children, Gary and Kay Wilson; three brothers, Clyde Wilson of Lubbock, Arthur Wilson of Westbrook and Harris Wilson of Goldsmith; two sisters, Mrs. Opal Powell of Sweetwater and Mrs. Clola Whitesides of Farmington, N. M.

Snow, Rain Provide .20-Inch of Moisture

Approximately .20 inch of moisture was gained this week by snow and rain.

The 1.5 inches of snow Thursday night produced .17 in moisture. Wednesday .03 of moisture fell here.

Low temperature for the week was 21 degrees Friday morning.

Grand Jury to Resume Investigation Monday

Mitchell County grand jury will resume sessions here Monday at the Courthouse.

The jury adjourned Thursday after three days of investigations.

Among the cases before the jury are those involving Don Earl Dossey, 19, and Joe Johnson, 19, both charged with raping an 18-year-old Colorado City mother last December.

Support lined up Saturday for Highway 80 freeway planning at Colorado City in face of an opposition petition.

Proponents for continued State Highway Department planning and routing studies circulated copies of a petition that will be presented Monday to Commissioners Court and City Council.

A petition opposing city and county endorsement of the freeway project in vicinity of Colorado City has been in circulation for several days, especially among business firms on the Highway 80 route througr town.

* * *

Drafting a resolution in favor of the freeway plan was the Chamber of Commerce highway committee. The resolution, which also will be presented to City Council and Commissioners Court, was adopted on vote of 4 to 1.

Signing the committee resolution were Gus Chesney, committee chairman; Pat Bullock, N. H. White Jr. and M. N. Caddell. Voting "no" and not affixing his signature was Hollis Webb, fifth member of the committee.

It was White, laboratory chief at Col-Tex Refinery, who began circulation of the proponent petition Friday.

* * *

The petition favoring continued freeway planning in the Colorado City vicinity urges councilmen and commissioners to cooperate with the State Highway Department in the freeway program for the welfare of the entire city and county.

It is similar in parts to the committee resolution, which states:

"Whereas, the Texas Highway Commission has cooperated with Mitchell County in building good arterial highways, and is in the process of building a system of farm to market roads in the county which will greatly benefit all segments of business in the county; and

"Whereas, a lack of cooperation on our part at this time might indicate to the Commission that we are no longer in favor of the continued progress of road building in the county; and

"Whereas, it is the purpose of the Chamber of Commerce Highway Committee to cooperate with the State Highway Commission at all times and to promote good highways and farm to market roads in the county;

"Now therefore be it resolved: That the Highway Committee of the Colorado City Chamber of Commerce go on record as favoring the inclusion of a bypass around Colorado City in the program of work to be set up by the highway commission for the next two years as requested by our district highway engineer."

Jake Roberts, district engineer in Abilene, has asked city and county officials to decide by next week whether they will ask the state to continue planning and route studies for the freeway around Colorado City.

The early decision is needed, he said, because district recommendations for a two-year interstate highway program must be in Austin before March 1.

ATTENDANCE CONTEST

Cotton Chopping Faces Kiwanians

Cotton chopping is ahead for two thirds of the Kiwanians in town.

The chore will be their penalty for not keeping the best attendance at club meetings.

It is all part of a contest designed to stimulate attendance at Kiwanis luncheon program and aid the organization's cotton project.

Kiwanis members have been divided into three teams by Postmaster Sims Palmer, attendance chairman. Two teams with the lowest attendance record during the four-month period from February through May will chop and hoe cotton.

The cotton will be grown on irrigated land south of the city by the Kiwanis agriculture committee headed by Perry Bowles. Income from the crop will go into the organization's treasury for its various projects.

Team with the best attendance record won't have to chop cotton. But each member of the two losing teams will be required to work not more than four hours or pay not over $1.50, depending upon the amount of cotton chopping needed.

A member who misses two or more meetings during the contest period must hoe an extra two hours or pay into the labor fund.

Contest captains are R. B. Baker, team one; Sam Thompson, team two, and James E. Payne, team three.

Kiwanis women's night dinner and program has been reset for Tuesday, Feb. 21, at Civic House, according to Winston Gann, Kiwanis president.

The quarterly women's night program was originally set for this week, but was postponed to avoid conflict with other meetings.

LONE STAR FARMER

Soil Bank Viewed As Not a Cure-All

By JOHN WHITE,
Agriculture Commissioner.

Recent proposals concerning the national farm program have given added weight to the old declaration — "there is nothing new under the sun".

The idea of a "soil bank" is a sound one. Certainly, any program which is directed towards maintaining and preserving that vital six-inch average of cover that feeds and clothes our nation is worthwhile. We have had it before.

The Soil Conservation Service will recognize the soil bank plan as an old friend with a new name. The program was almost strangled by cut-backs in appropriations and adverse policies some three years ago. Now it is being revived with a few minor changes.

The soil bank plan was one phase of President Eisenhower's recent congressional message which received the most nation-wide publicity. It was advanced as a forward step in curtailing over-production and reducing surpluses. There are two sides to the argument.

Opponents of this theory point out that this same program, under the title of soil conservation a few years ago, did not have the effect with which it is now attributed. Its primary purpose was to enrich the soil so that it could produce MORE when the land went back into production which it eventually does.

The crop lost during the "laying out" of the land was more than compensated for during succeeding years of production. Can this lead us to more surpluses in future years?

Proponents of the "soil bank — less surplus" theory say it will take marginal land out of production. To a certain extent, it will. But at the same time, a great number of entire farms can be classified as marginal.

These farms are not going to be abandoned entirely under this plan. Only a certain percentage of the land will be retired on a temporary basis to re-vitalize the soil.

Never-the-less, this soil bank or soil conservation program — call it what you will — can provide many long range benefits. But harm also can come from it when the plan is advocated as a cure-all for the problems which plague agriculture today. It should not be used as the focal point to draw attention away from the pressing needs of our farm people in Texas and the nation.

The soil bank is not the complete answer to our farm dilemma. But it is a well-remembered friend of all our farmers who mourned its death under the name of soil conservation three years ago.

DROUTH HAMPERS GOOD MANAGEMENT

Income Decline of Texas Farmers Points Out Off-Balance With Costs in Equipment

State Capitol NEWS

Cash income of Texas farmers fell four per cent in 1955 from the 1954 level, from $1.89 billion to $1.82 billion, the University of Texas Bureau of Business Research reports.

"While national and state economies were bursting at the budgets in a mountain wave of prosperty during 1955, many farmers grimly chalked off the year as a losing one," the Bureau's monthly publication, Texas Business Review, points out.

"Despite strong demand for agriculture products, prices sagged.

"Yet, factory-made farm implements and machinery continued to increase in cost," the 1955 review notes.

An estimated 24 million acres of principal crops were harvested in the state in 1955, compared with 25.8 million acres in 1954 and an average of 26.5 million acres for the years 1944-53.

Twelve of the 19 major farm commodities showed losses in the 1954-55 cash income comparison. Down were milk and milk products, one per cent; poultry, two per cent; vegetables, five per cent; calves, seven per cent; rice, seven per cent; cotton, 10 per cent; hogs, 14 per cent; oats, 22 per cent; wool, 23 per cent; cottonseed, 28 per cent; wheat, 36 per cent, and flaxseed, 61 per cent. Increases were registered by corn, one per cent; sheep and lambs, two per cent; eggs, four per cent; sorghums, five per cent; cattle, 20 per cent; mohair, 44 per cent, and peanuts, 129 per cent.

* * *

Drouth, in combination with lower prices for livestock and livestock products in 1955, cut profits and made good pasture management difficult in many Texas areas.

But, E. M. Trew, extension pasture specialist, in a year-end report said sound forage programs continued to be much more important from the profit standpoint in 1955 than in years of high prices and normal rainfall.

He said extension workers continued to emphasize the need for getting maximum livestock production from pastures. But for the state as a whole, forage produced was 24 per cent below actual needs.

On the brighter side of the picture, county agents reported that educational programs which they conducted within the counties added an estimated $35,651,228 to the value of pastures.

Farmers and ranchmen stored 12 per cent more hay and bundle feed and 37.6 per cent more silage than in 1954, and the same reserves were 44 and 31 per cent respectively above those stored in 1953.

Trew said the county educational programs on pasture improvement involved the holding by county agents of 1,009 indoor meetings with more than 31,000 persons attending; 340 pasture tours attended by 16,600; the writing of 1,800 news stories and supervising 5,058 demonstrations involving a proximately 800,000 acres.

These demonstrations included permanent and temporary pastures, fertilization and rotation grazing.

In addition, county agents established another 2,536 new permanent pasture demonstrations on 111,687 acres. Trew said the drouth years have made Texas livestock producers appreciate more than ever the importance of forage reserves for use when green grazing is not available.

Texas deer herds apparently have endured the recent severe winter without major losses, according to the director of wildlife restoration for the Game and Fish Commission.

* * *

Although information is incomplete, he said no reports had been received of major casualties from the cold although some die-off had been noted in the principal deer ranges in the Hill Country.

The director said biologist Jim Teer reports from that area that carcasses of several deer, presumably victims of a combination of cold, wet weather and malnutrition, had eaten mainly dried mesquite leaves, dried post oak leaves and dried grass, with very little green food.

"It is usually characteristic of deer lost during the winter die-off that they succumb with a full stomach," he explained, "but their stomach contents simply did not comprise the right food. Malnutrition is the usual primary cause of death in these instances."

The director said deer herds, mainly in the Hill Country, still are suffering from the cumulative effects of prolonged food shortage. "One good food production season in four simply has not been enough especially in the areas where overpopulation has been accompanied with droughty ranges," he added.

Field men have been studying carcasses of deer apparently lost because of a combination of weather and malnutrition and are constantly on the alert for any evidence of any new mortality factors. Three carcasses were taken to Texas A & M College this week for exhaustive post mortems.

The unlicensed driver was pointed up today as a traffic hazard on Texas highways in a statement by Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

In quoting a survey made during the first six months of 1955 by the Texas Highway Patrol, Garrison said the unlicensed Texas driver is two and a half times as likely to be involved in an accident as a licensed driver.

He also said the survey of rural highways showed that when involved in an accident the unlicensed driver's mishap is half again as apt to prove fatal as that of the licensed driver.

In explanation Garrison said, "The irresponsibility of the driver in not obtaining a license is a reflection of the character of that driver and his driving habits."

Costin Attends Ford Tractor Meet in Dallas

Warren C. Costin of Costin Bros., Ford tractor and implement dealer here, has returned from a one-day management meeting conducted in Dallas by top officials of Tractor and implement Division, Ford Motor Company.

The meeting was in the new Statler-Hilton Hotel.

Costin said the Ford officials, led by Irving A. Duffy, Ford vice president and general manager of the Division, and Merritt D. Hill, assistant general manager, brought dealers up to date on 1956 merchandising and product developments.

The tractor and implement dealers discussed sales and service plans for the expanding line of Ford farm products, and saw several of the new implements that will be on sale in this area in the near future, Costin said.

He said Duffy told the group that Ford increased its tractor production by 29 per cent in 1955, and that more than one out of every five wheel-type tractors built in the United States last year was a Ford.

Ford expects increased sales during 1956, which will be the first full year that Ford has had 11 models of tractors, as well as an expanded line of farm implements, Costin said.

"The place to go for the brands you know"

A COMPLETE GIFT DEPARTMENT

They Torqued it up for the BEST TAKE-OFF YET

FIRST THING you need in a car, of course, is power to spark performance.

And you get that in a 1956 Buick in plenty – from big 322-cubic-inch V8 engines that hit new highs in horsepower and compression.

But the power under the hood must be carried to the rear driving wheels in the form of *twisting force* on the drive shaft.

That's torque – the end-product of your transmission.

And the higher the torque build-up – the greater the "torque multiplication" in starting and accelerating–the better the getaway and response.

So if you want to feel take-off that leaves your breath behind you, come try a '56 Buick with Variable Pitch Dynaflow.*

For in this airplane-principled transmission, Buick engineers raised the ceiling on torque to give you the best getaway yet.

They did it with something they call "double regeneration"– a new way to make flowing oil add to its own velocity.

And when you use the full torque of a Buick beauty like the one pictured above, you're using the highest torque multiplication to be had in any standard-production American automobile today.

Come see for yourself what that means in new thrills and new safety.

You'll find brilliant new getaway response in the first inch of pedal travel–plus greater gas mileage to boot.

You'll find an electrifying new safety-surge of full-power acceleration when you floor the pedal and switch the pitch.

And you'll find this spectacular performance blended into the smoothest-traveling, the sweetest-riding, the highest-powered and the easiest-handling Buicks yet built. Drop in on us this week–today, if you can–and judge things firsthand.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century–optional at modest extra cost on the Special.

Play Festival Set For Friday Evening

An English play is included in the one-act play festival to be presented next Friday evening by juniors of Loraine High School.

The play, "Such A Nice Girl", was written by Evelyn Moran. Setting is the kitchen of a cottage on a little island off the English coast.

The drama has a surprise ending, according to Willie Spurgin, director.

Cast includes Kennie Sue Butler as Mrs. Trevor; Maxie Sheppard as science instructor visiting Mrs. Trevor; Annette Lee as Mrs. Morton; Marger Lou Thompson as Mrs. Morton's tomboyish daughter and Byron Bruce as the burglar.

Other one-act plays to be presented in the festival are "Who Gets the Car Tonight?" and "The Hidden Heart".

Student directors are Connie Liles and Billy Ray.

Admission for the plays, beginning at 7:30 o'clock in the Loraine High School auditorium, is 50 cents for adults and 25 cents for students.

Methodist Circle Plans Family Party

Plans for a party were begun Monday afternoon by members of the Mary-Martha Circle of the First Methodist Church in the home of Mrs. Bill Cooper.

A committee, headed by Mrs. Virgie Hendley, was appointed to make arrangements for the social. Named to the committee were Mrs. W. R. Huskie and Mrs. Cooper.

The party will be for circle members and their families.

Mrs. John Russell was elected vice chairman of the circle. She fills a vacancy created recently by the resignation of Mrs. Porter Richardson.

Afternoon program was presented by Mrs. Charles Godwin. She reported on various discussions at a recent workshop in Plainview for Women's Society of Christian Service. Topic of program was "World Understanding".

Following the meeting Mrs. Cooper served coffee and cookies to Mrs. Godwin, Mrs. W. W. Westervelt, Mrs. Huskie, Mrs. Hendley and Mrs. Russell.

Mrs. R. J. Hoback is to be hostess for next month's circle meeting.

Baptists Attend Annual Meeting

Representatives of the Oak Street Baptist Church and the First Baptist Church Tuesday attended an annual meeting of District 8 pastors and laymen in Odessa.

Attending from the Oak Street church were Rev. Bill Austin, C. A. Lamb and Floyd Wallace, president of the district brotherhood. Rev. J. F. Selcraig and Benton Cain represented the First Baptist Church.

MRS. LEWIS H. BERRY, . . . nee Martha DeLaney.

Former Resident Weds In Odessa Ceremony

A group of Mitchell County residents recently attended the wedding of Miss Martha DeLaney of Odessa and Lewis H. Berry of Gatesville.

The bride is the daughter of Mrs. Lucy E. DeLaney of Odessa. She is the granddaughter of Mrs. J. P. Mohler of 622 Pine St. and Mr. and Mrs. Green DeLaney of 751 East 7th St.

Berry is the son of Mr. and Mrs. Buel Berry of Gatesville.

The couple repeated marriage vows in a formal afternoon ceremony Jan. 29 in the First Baptist Church in Odessa. Rev. John S. Rasco, pastor, read the double ring rites.

Prelude music and traditional marches were presented by Mrs. Joe H. Hodges, organist. She also accompanied Miss Jo Ann Harris of Bellville, soloist.

The bride was given in marriage by her brother, Charles N. DeLaney of College Station. Her gown was of traditional bridal satin with inserts of alencon lace on the skirt, which extended into a cathedral length train. Sheer nylon tulle inserts at the neckline and on the fitted bodice were edged with tiny irridescent sequins.

Mrs. Charles N. DeLaney of College Station was matron of honor. Bridesmaids were Misses Joan Doran, Noresta Clanton, Doris Berry of Waco and Brenda Neithercutt of San Marcos.

They wore mint green formals fashioned with full skirts of waltz length and completed by matching stoles and headdresses.

Best man was Harvey White of Gatesville. Jim Ed Berry, Joe Dean, Edward Barnard and Jim Turk Brown of Gatesville were groomsmen.

Following their honeymoon trip to Rudoso, N. M., the couple are now living in Arlington where the groom is attending Arlington College.

Among out-of-town guests were Mrs. J. P. Mohler, Mr. and Mrs. W. E. Sekard, Mrs. Jack Long, Mr. and Mrs. Paris Yarbrough, Miss Ronelle Smith and Mrs. Arnel Smith of Colorado City.

Miss Hammond Elected CHS Club Reporter

New reporter of the Commercial Club of Colorado High School is Betty Sue Hammond.

Miss Hammond was elected Tuesday evening at a regular monthly business meeting and supper in the home economic department of CHS.

Plans were also made for a group to attend the state meeting of Future Business Leaders of America in Denton Feb. 24-25. Attending will be Patty Humphreys, president; Tommie Ruth Owens, Carolyn Geer and Joan Warner.

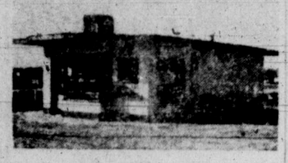

They will be entered in various contests at the convention. Miss Humphreys will enter a contest for spelling; Miss Geer, public speaking, and Miss Warner, word definitions.

Miss Owens will enter the contest for Miss FBLA of Texas. Contestants in that contest will be judged by a brief speech on "Why I Am in a Commercial Club", their appearance and poise.

Guest speaker for the evening was Miss Wanda Lewallen, secretary for Thompson and Moore, attorneys. She spoke of various responsibilities of today's secretary.

Approximately 16 members attended the monthly affair.

Menu for the dinner included fried chicken, salad, iced tea and cookies.

Zetagathians Have Mental Health Study

Members of the Zetagathian Study Club made a study of "Mental Health" during a meeting Feb. 2 in the home of Mrs. Curtis Latimer.

Mrs. Sam L. Majors Jr. was program leader for the afternoon.

References for Mrs. W. S. Rhode's talk on mental health were taken from the book, "The Neuroses", by Dr. Walter C. Alvarez.

She spoke mainly about what a patient can do to help himself.

Mrs. Rhode quoted Sir William Osler as advising persons to live each day in a day-tight compartment, worrying little about the dangers of tomorrow and wasting few regrets on the mistakes and sorrows of the past — never thinking of those mistakes except perhaps to vow to never fall into that particular trap again.

"Because worry is the greatest cause of nervous illness, fatigue and unhappiness," Mrs. Rhode continued, "every person who is born with a tendency to it should make a big effort to fight the habit."

Mrs. Johnny Moore spoke on the cycles in femininity. In tracing the development of femininity, various stages through which the person progress were described.

Those stages were pre-genital, phallic, latency, pre-pubic, pubic phases and evolution into the mature woman.

During the business session Mrs. Ray Noble presented a report of the January meeting of the Mitchell County Federation of Women's Clubs.

Guests for the afternoon were Mrs. Charlie Thompson and Mrs. Joe Gunning, an honorary member.

Members attending were Mrs. Robert Aycock, Mrs. J. S. Craddock Jr., Mrs. Trevor Crawford, Mrs. Jack Ellzey, Mrs. Roy Fox, Mrs. Truitt Hamrick.

Mrs. Eldon Mahon, Mrs. Majors, Mrs. Moore, Mrs. Noble, Mrs. Henry Pyle, Mrs. Rhode, Mrs. Bob Robinson, Mrs. Charles Root, Mrs. George Witten, Mrs. John Chinn, Mrs. O. B. Trulock and Mrs. Latimer.

Visit in New Mexico

Mr. and Mrs. Leslie Hamilton and a daughter, Miss Edna Maye Hamilton of New York City, returned Wednesday from Artesia, N. M., where they visited in the home of Mr. and Mrs. Charles Hicks, son-in-law and daughter of the Hamiltons.

Trio Ties for Cub of the Week Honors

Theme for the weekly meeting of Cub Scouts in Den 2, Pack 8 Tuesday afternoon was "Onward for God and My Country".

Cubs read a story of "The Converted Infidel", which was written in 1900.

Travis Cawthron, Robert Martin and Phil Ball tied for 'cub of the week' honors.

Mrs. Cawthron served refreshments of punch, chocolate cake and pop corn balls to Robert Davis, Winston Smith, Ricky Rogers, Ronnie Rothwell, Robert Martin, Travis Cawthron, Phil Ball, Charles Rothwell, den chief; Mrs. J. A. Martin, den mother and Don Thomas, a guest.

Den 2 will attend the First Christian Church Sunday with other dens of Pack 8 in observation of National Boy Scout Week.

HD Members Discuss Nail, Hand Care

A discussion on the care of he hands and finger nails Wednesday afternoon highlighted a meeting of the Spade-Conaway Home Demonstration Club in the home of Mrs. Joe Boyd.

Mrs. Jack Boyd, hostess for he afternoon, led the discussion.

Refreshments of olives, sandwiches, cookies, coffee and cake were served.

Members attending were Mrs. Loyd Smith, Mrs. Wright Hock, Mrs. Herman Salley, Mrs. Kenneth Wilson, Mrs. Merl Wilson, Mrs. J. C. Northcutt, Mrs. A. B. Owens, Mrs. Wendell Scott, Mrs. Buddy Witten, Mrs. Jerry Read, Mrs. Eugene Bradberry, Mrs. Ross Hargrove, Mrs. Joe Boyd and Mrs. Jack Boyd.

Next meeting of the group will be a joint session with the Plainview H. D. Club in the Lone Wolf Electric Co-Operative building.

Jaycee-ettes Appoint New Committee

A nominating committee for the Colorado City Jaycee-ettes was appointed Wednesday during a regular business meeting and luncheon in Civic House.

The group, which will nominate new officers for 1956-57, includes Mrs. Paul Hunter, Mrs. Martin Weaver, Mrs. Johnny Grubbs and Mrs. Ben Sparks.

Further plans for the annual Jaycee-ette style show were discussed. Tickets will go on sale Feb. 22. Mrs. Goodwin Simpson reported on a recent tri-regional meeting in Midland.

Club members voted to assist in circulating the county library petition.

Jaycee-ettes attending were Mrs. Sparks, Mrs. Doug Keith, Mrs. M. L. Melton, Mrs. Frank Deregibus, Mrs. Robert Kirschbaum, Mrs. Max Caddell, Mrs. Delton Marcum, Mrs. Simpson, Mrs. R. H. (Bob) Ratliff, Mrs. Kelly Fregia and Mrs. Hunter.

PLANNED—

Continued from Pg. 1

five major projects that will be initiated by the educational committee, chairmaned by Rev. Bill Austin.

The educational committee also will compile an educational and religious resources survey to be supplied prospective citizens, businesses and industries.

Cooperation with school officials and PTA groups in carrying out worthwhile programs and sponsorship of a Chamber luncheon in September with all local teachers as honored guests are other projects of the committee.

Legislative committee, chairmaned by Pat Bullock, plans the legislative and congressional forum here next November prior to election date.

Other legislative committee projects will be to keep in close contact with proposed legislation affecting Colorado City area, keep legislators of this area informed of needs and views on pending legislation, keep city and county citizens informed as to legislation affecting this area, subscribe to national and state legislative services for legislative information that would be available to the public, and work closely with other committees of the Chamber for legislation recommended by those committees.

The public relations and publicity committee, chairmaned by G. D. Foster, will seek to inaugurate the monthly meetings for club officials.

His committee also plans to establish a program of information on Colorado City programs and accomplishments; seek representation of the Chamber at all meetings of City Council, Commissioners Court, school board, farm and club meetings so that the Chamber can be better informed of local activities; provide speakers for various clubs so those groups can be better informed on the Chamber's program, and establish a monthly newsletter to the Chamber membership.

COMMITTEE—

Continued from Pg. 1

Texas Area headquarters, which moved last year to Midland.

Shell personnel now using the E. 10th building includes only the Colorado City division staff.

Other projects outlined by the civic committee are:

(1) Encourage and assist the city and other groups in improvement of city parks. (2) Promote annual or semi-annual cleanup campaigns. (3) Work with other committees of Chamber for adequate airstrip to serve the city. (4) Assist city when possible for paving, curbing, sanitary sewer projects and other improvements. (5) Work on all projects, regardless of where they originate, to make Colorado City a better place to live. (6) Study parking areas to determinte where parellel parking may replace dangerous diagonal parking, and where there may be parking meter problems. (7) Study advisability of seeking extension of city limits for health and welfare of community as whole. (8) Continue cooperation with Garden Club in its fine program of work. (9) Continue efforts toward beautification of cemetery. (10) Study feasability of circular control ordinance.

Nine projects were outlined by the agriculture committee chairmaned by Curtis Latimer.

Two of the agricultural items are in support of programs already proposed. One of those indorses plans "for county-wide fairs and the other is to continue work for establishments of a caged layer program in Mitchell County.

The committee also will recommend that the Chamber's legislative committee present to the West Texas Chamber of Commerce proposal for legislation that will require all eggs sold in Texas to be graded by U. S. Department of Agriculture standards.

Other projects of the agriculture committee are: (1) Be active in making recommendations to legislative committee in regard to legislation affecting farmers and ranchers in area. (2) Cooperate with all agencies concerned with agriculture problems in making agricultural information available to all citizens in the area.

(3) Indorse and support youth agricultural programs. (4) Encourage every Chamber member to invite farmer guests to Chamber luncheon April 12 sponsored by the agriculture committee. (5) Encourage closer cooperation between Soil Conservation Service and other agricultural agencies. (6) Recommend U. S. Geological Survey of underground waters of Mitchell Couty in 1956 at expense of U. S. and county governments.

Eight projects are listed in the work program of the merchants trade committee, chairmaned by Max Berman.

One of the foremost avenues of work by the trade body will be to encourage closer cooperation with other communities in this area by means of goodwill trips, special dinners and attendance at special programs in those communities.

The committee also agreed to work toward strengthening and enforcement of local peddler and solicitation ordinances.

Also on the work agenda are: (1) Continue Dollar Day promotion, striving for increased participation by merchants and special section in Colorado City Record for distribution throughout trade territory prior to Dollar Day. (2) Continue as clearing house for merchants, decisions for store closing hours and holidays. (3) Establish new trade promotion projects with goal of stimulating business in Colorado City.

(4) Continue promotion of Christmas business with continuation of Christmas parade and Yuletide lighting contests. (5) Work toward closer cooperation with other civic organizations in their promotions as a means of establishing maximum goodwill between merchants and citizens of the city. (6) Cooperate closely with Colorado City Record, Radio Station KVMC and other area news outlets in promotion all merchants trade committee projects.

IN BAPTIST CHURCH

Boy Scouts Have Court of Honor

Boy Scouts in Troop 22 Wednesday evening received Scout badges in a court of honor in the sanctuary of the First Baptist Church.

The candle light ceremony took place prior to the mid week worship service.

Presiding in the court of honor was Pat Shields, scoutmaster.

Receiving awards were Mack Coker, life badge; Don Thomas, second class and first class; Charles Rothwell, second class; Bob Grant, second class; Bobby Joe Phillipp, life.

Girvin Harkins, gold award; Melvyn Berman, gold award, and Michael Dorn, apprentice award.

Merit badges were received by Bob Grant, James Payne, Charles Rothwell, Mack Coker, Girvin Harkins, Melvyn Berman, Jimmy Browner, Don Thomas and Bobby Joe Phillipp.

Other activities of the troop during National Boy Scout Week include taking part in the worship service Sunday at the First Baptist Church and decorating the window of Smith and Gunn Barber Shop.

Civic Service Emphasized To Garden Club

Guest speaker for the Colorado City Garden Club Wednesday afternoon in the Lone Wolf Electric Co-Operative building was Joe Bell.

In speaking of community pride and civic improvement, Bell emphasized that an individual should use his or her talents in improving our city.

"It is our Christian duty to use our talents as God has given to us," he said.

The speaker was introduced by Mrs. Royce Mahon, program leader, who spoke briefly about the most suitable trees for the local climate.

She suggested that mimosa, cottonwood and non-bearing mulberry trees are most suited for local use. Mrs. Mahon said that in most instances flowers and shrubbery hold more moisture when not exposed in a direct ray of sunshine for more than two hours each day.

Hostesses for the afternoon meeting were Mrs. L. J. Taylor and Mrs. Roy Davis Coles.

Wolves Play Mentors In Cage Tilt Tuesday

It will be teacher against the student in a special benefit basketball game here Tuesday 8 p.m.

Colorado High cage team will play the school coaches in the season finale for the Wolves.

Proceeds from the game will go toward honoring the basketbal lteam at a later date.

Admission prices will be 25c for students, 50c for adults.

A preliminary game, at 6:30 p.m. will pit the Colorado High girls basketball team against the D. W. Wallace School girls.

On the starting lineup for the coaches quintet will probably be Floyd Sampson at center, Ronald Servies and Bob Reily at forwards with Ocie Lambeth and Don Powers handling the guard positions.

This will be one time that the students may be too tough for the teachers to handle.

Starting for the Wolves will be a potent five composed of Billy Simmons, District 4-AA's leading scorer, at center; Jimmy Hock and Jimmy Richadson at forwards; Bobby Williams and Frank Mackey at guards.

The girls' game will feature two fine ball clubs. Colorado High girls, currently tied for the district crown, will be led by a high scoring trio of forwards in Kay Stewart, Juanell Bynum and Jane Merritt.

OVER ANSON, HAMLIN

C-City Closes Cage Season With Wins

Two overwhelming victories closed the basketball season for Colorado High this week.

Wolves romped over Anson High 68-37 Thursday night at Anson and whipped Hamlin 59-42 Friday night at Hamlin.

It enabled the Wolves to finish District 4-AA play in second place with a 6-2 mark behind champion Stamford with a 7-1 record.

It was Anson that knocked the Wolves out of the district race early in the season and the Wolves gained a mild form of revenge with the slaughter Thursday night on the Anson court.

Billy Simmons, leading scorer in District play, regained his point-making form by whipping in 24 points for the Wolves.

Following Simmons for the Wolves were Jimmy Hock and Don Black with 10 points each; Jimmy Richardson, Frank Mackey and Bobby Williams with seven points each.

Gary Bailey led Anson with 10 points.

In the B-game at Anson, the little Wolves lost their first contest in the last six starts, 41-37.

Marion Flippen was tops for the local B-squad, dropping in 24 points.

Simmons again led the Wolves Friday night at Hamlin, slipping in 23 points in the 59-42 victory.

Hock followed Simmons in scoring for the Wolves with 12 points.

Other scorers were Mackey, 6; Richardson, 8; Black, 7; Jimmy Johnson, 1 and Richard Compton, 2.

Ken Hewitt with 17 was tops for Hamlin.

C-City also won the B-team and girls games.

Marion Flippen with 23 points led the B-squad to a 52-37 win over Hamlin B.

Juanell Bynum scored 20 as the C-City girls won 42-22.

This marked the final cage game for the Wolves in District 4-AA. Next year will compete in Class AAA.

Simmons finished the district schedule as scoring leader, racking up 173 points in eight games for a 21.6 average.
