NUMBER 19.

HERE IN HICO

By E. V. M.

Hico lost one of her finer citizens this week with the passing of Barto Gamble, a man who was loved and respected by everyone he was associated with. He had perhaps more friends than the average person. His daily life made it possible for him to meet and know many people throughout this area who were valued among his friends. A true humanitarian, Barto would go out of his way to help anyone in need whether he was personally acquainted with them or not, and often it meant digging into his own pocket to aid those who were less fortunate than he. He didn't know the word of refusal when there was a need for assistance of any kind. Many people will not only fondly remember this fine servant to mankind, but will always treasure his memories.

Seen . . . on the side of a truck parked near the office one last week, a sign which read "Continuous Milling Since 1891." And on the other side "Continuous Milling Since 1891." At first glance the sign might seem to be correct, but look at the spelling of the first word! And look at the spelling of the second word in the second sign. Neither are spelled correctly! Anyone knows that you spell it "continuous." Oh, well, we're glad to know that newspaper people are the only ones who have trouble with their spelling. At least the painter didn't consistently misspell the word the same way.

CONGRATULATIONS . . . and encouragement are due members of the local football team after the creditable performance given last week's game.

A little encouragement on the part of townspeople will mean a lot to team members as the season progresses, and could mean the difference in having a good or bad season.

Any time you see one of the boys give him a pat on the back, tell him how much you appreciate his efforts. It helps.

Let me also say a word of encouragement to the coaches, who strive so hard to mold a team which will credit to our town and school. Most of all—attend every game.

CORRECTION—

"Teacher's Pet", starring Mark Gable and Doris Day, will be the Sunday and Monday feature at the Hico Theatre, rather than "The Law and the Lady", as is published in the theatre ad on page 6 of this issue.

The Sunday and Monday feature is a hilarious comedy and is filmed in Vista-Vision.

Standing Committees Named At First P-TA Meeting

At the first meeting of the year of Hico Parent-Teacher Association last Monday night at the high school auditorium, the president, Mrs. Bill Howard, spoke on "Education Is Life in the Making," the organization's theme for the year, and introduced committee heads for the new school year.

Mrs. Howard announced the standing committees as follows:

Publications, Mrs. Kyle Archie. Health, Mrs. Sarah Reeves. Publicity, Mrs. O. C. Cook. Social Service, Mrs. Robert Jackson. Ways and Means, Mrs. Jack Barnett. Safety, Mr. Clarence Watson. Goals, Mrs. Jim Jameson. Founder's Day, Mrs. M. I. Knudson.

Supt. O. C. Cook introduced the teachers and discussed the school program for the year. He stressed the importance of the cooperation of the school, parent, and students, and also emphasized the importance of attendance, both to the pupil and to the school.

Parent attendance awards went to the first and tenth grades.

Monday Rites Held for Barto B. Gamble, 70, Retired Mail Carrier

Funeral services were conducted Monday afternoon at 3 o'clock in Hico First Methodist Church for Barto B. Gamble, 70, with Rev. Fred Patterson of Fort Worth, Rev. L. H. Davis of Fort Worth, and Rev. D. L. Barnes of Hico officiating. Interment was made in Hico Cemetery, under the direction of Barrow-Rutledge Funeral Home.

Mr. Gamble passed away last Saturday evening at his home here. He was born in Hico and had lived here all of his life.

One of the largest crowds ever to assemble for a funeral in Hico gathered to pay their respects to their friend and neighbor, who had known and served them for so many years.

He had retired from his duties as rural mail carrier only one week prior to his death, after having served for more than 38 years.

Active in all affairs locally, Mr. Gamble was a lifetime member of the Methodist Church, where he had served as a member of the official board for several years.

Surviving are his wife, Mrs. Mattie E. Gamble of Hico; one daughter, Mrs. Vernon Swor of Houston; one son, William D. Gamble of Fort Worth; one sister, Mrs. Ethel Looney of Hico; and three grandchildren.

Graveside services were under the auspices of the Masonic Lodge of which Mr. Gamble had been a member for many years.

Active pallbearers were Morse Ross, J. P. Rodgers Jr., Marvin Marshall, Robert Jackson, Willard Leach, Bertie Barnett Jr., Louis Chaney, and C. D. Richbourg.

Refreshments were served in the school cafeteria at the conclusion of the program.

Farm Electrical Short Course Being Offered To Fairy Residents

Fourteen adult farmers of the Fairy community are presently enrolled in a Farm Electrical Short Course. The course is given through the Vocational Agriculture Dept. of the Fairy School, according to information submitted by Martin Schrank, vocational agriculture teacher there.

This short course is sponsored by the Texas Education Agency and given by Prof. Bob Jaska, a specialist in Farm Electricity from Texas A & M.

Prof. Jaska will give this course in 10 different areas of the state this year. Presently he has four nights of instruction each week in Jacksboro, Mineral Wells, Hico and Fairy, who are participants in the course.

The first two meetings have been on wiring, covering such things as voltage, amps, watts, size of wire to use, and how to wire. Electric motors will also be discussed in the last two meetings.

The course at Fairy will continue through September, each Wednesday night.

The adult farmers of Fairy are very fortunate to have Mr. Jaska give them this valuable training.

Members presently enrolled are Carl Ray Sellers, Leon Springer, Frank Hanes, Hershel Richardson, O. R. Willeford, Lee Miller, Raymond Jones, Arnold Gleason, O. C. King, Leslie New, A. W. Rachung, Frank Bonner, J. J. Jones Jr., W. E. Hill and Martin Schrank, vocational agriculture teacher of Fairy schools.

ATTEND STATE DEMOCRATIC CONVENTION AT SAN ANTONIO

Mr. and Mrs. Odis Petsick and Mr. and Mrs. D. E. Bulloch were in San Antonio Monday and Tuesday of this week, where they attended the State Democratic Convention. Mr. Petsick and Mr. Bulloch were delegates to the convention from Hamilton County.

Mrs. Vernon Swor of Houston has been visiting this week in the home of her mother, Mrs. Barto Gamble.

Funeral Services Held Saturday Morning For James Wende, 4

Funeral services for James Harvey Wende, four-year-old son of Mr. and Mrs. Harvey O. Wende of Fort Smith, Arkansas, were held Saturday morning at Barrow-Rutledge Funeral Chapel, with Father John Nagel of Mineral Wells officiating. Burial was in Hico Cemetery.

The child passed away Thursday morning in a Fort Smith hospital after a long illness. He was born at Bryan while his father was a student at Texas A & M. His mother is the former Frances Angell of Hico.

Besides his parents, he is survived by his grandparents, Mrs. Bryan Angell of Hico, and Mr. and Mrs. Oswald Wende of Chicago, Illinois; and two brothers, Hollis Wende and Harvey Wende Jr., of Fort Smith.

Pallbearers were O. C. Cook, Sandy Ogle, Buddy Randalls, and George Griffiths.

Band Parent Meeting Slated Monday Night At Band Room

The Hico Band Parents will meet on Monday night at 7:30, September 15, at the band hall.

Mr. Randolph strongly urges all interested prospective band parents to attend.

The new band director is doing a splendid job, and everyone should show their appreciation by attending this first meeting.

Local Clothing Factory to Open Branch at Gorman

Information was revealed last week that Mr. C. E. Coin, owner of the Double C Sportswear clothing factory which is now situated at Hico, is contemplating opening a branch factory in Gorman.

Mr. Coin met with a group of Gorman businessmen last Wednesday, and plans were made to move a part of the factory to that city.

Civic Club Hosts Football Team Members

Members of the Hico Civic Club were hosts to the 1958 Hico High football team, their managers, and coaches, at the regular weekly luncheon Wednesday noon.

Twenty-five members of the team, and two managers were present, along with the two coaches, and sixteen members of the Civic Club.

Head Coach Jack Barnett introduced each of the players and managers, with appropriate comments. Coach Ross Hall also said a few words, and expressed his appreciation to members for inviting the team as guests.

Club President Harold Walker called on a few of the team members to say a few words, and they also expressed their appreciation to members.

No formal business was conducted at the meeting. However, members are again reminded that the club is once more meeting weekly instead of twice monthly as they have during the summer.

Locals Seek Second Win Against Training School

Gatesville State Training School will furnish the opposition tonight, Friday, when the Hico Tigers take the field in quest of their second win of the current young season.

The visitors, who bring a team to town almost as heavy as the locals, could spell trouble for the Tigers.

Fans will remember that Gatesville fought the locals to a standstill last year, when the Tigers were playing under the two-team system of former coach Ray Taylor.

However, most of the Gatesville squad will be playing together for the first time, and the Tigers should prove to be superior when the final gun sounds.

TIGERS WIN OPENER.

Hico lifted the lid on the 1958 football season last Friday night with a resounding 26-8 victory over the Aledo Bearcats.

In winning, the locals unleashed a great display of power running by Buddy Ables and Tommy Johnson, and a passing attack such as Hico fans haven't seen in many years. The locals rolled for a total of 268 yards rushing, and accounted for another 102 yards via the aerial route on five completions out of nine attempts.

Quarterback Gary Duncan directed the Tigers for most of the game, and gave every indication that he "came to play." He called an almost flawless game, and mixed his plays with great efficiency.

Coaches Barnett and Hall turned loose a little pass-catching end in Pat Lackey, smallest man on the Hico starting team. Lackey snagged four passes for a total of 80 yards and one touchdown.

In the line, where weight is the prevailing factor this year, boys

such as Rosy Vinson, Robert Chandler, Royce Samford, Ronnie Hathcock, Ronnie Koonsman, and others proved that they are going to be hard to handle, anyone who pushes them around will have to be in far greater spirit than the local heavies.

The team in general appeared to be in better physical condition than their opponents, and most of the boys were still ready to play when the final gun sounded. The coaches have done an outstanding job in preparing their charges for the tough season ahead.

Mistakes were limited, considering the fact that this was the first game of the season. However, Hico appeared to be a little anxious, and the minor infractions cost them 40 yards in penalties (all five-yarders) and possibly one touchdown.

Spirit and desire was another factor which contributed greatly to the team's opening success.

Defense was a predominate factor during the game, with one boy, Royce Samford leading the way with 19 tackles.

One of the outstanding performances turned in by any one local last Friday was the play of Ronnie Koonsman. Koonsman, who had only started practicing Wednesday before the game, substituted for the injured James Jordan at the center post, and turned in a commendable performance. Jordan was injured on the game-opening kick-off, and Koonsman performed on both offense and defense for the remainder of the night. So well did he perform that not a single miscue was chalked up against his position. He also turned in a fine defensive performance.

Jordan was lost to the team for several weeks due to the injury.

So completely did the Tigers

J. D. Partain Operates New Dressing Plant

Big business operations seem a necessary thing to the poultrymen these days.

J. D. Partain of Route 4, Hico, went into the production of broilers about three years ago and has recently opened a plant for dressing these broilers for market.

In addition to the new dressing plant, he has two large poultry houses which have a total capacity for housing 6,000 chicks. He usually operates at full capacity the year around.

Electricity from the Erath County Electric Cooperative helps make this operation easier. It provides plenty of water through an electric pump and automatic watering devices within the poultry houses.

Electricity operates automatic feeders and they are controlled by a time switch. Also on the time switch are lights in the poultry houses, which encourage more consumption of food and water during the fall and winter months when daylight hours are shorter, and thus steps up production.

In the broiler dressing plant, electricity is used for a booster pump to increase water pressure, and again in operation of a picking machine. In the plant is a refrigerator for chilling the dressed broilers and providing proper storage prior to marketing.

About 700 to 1,000 broilers are dressed at the plant each week and sold to local markets in the area.

Mr. and Mrs. Partain and family are living on the "home place", where Mr. Partain was reared. Mrs. Partain works at Howard Drug in Hico during the day. In their home they have an electric range, refrigerator, home freezer, and several other appliances that make homemaking tasks easier.

They also operate an air-conditioner and television and other such things that provide comfort and recreation. In addition to Mr. and Mrs. Partain, the family includes three children at home and a married daughter.

BRAZOS VALLEY FARMERS, harvesting near-record crops this year, are looking ahead to an even better year in 1953. Here Harry H. Moore, prize-winning farmer of Navasota, is supervising clearing of 250 acres of scrub timber to make new cotton land in the Brazos bottoms. The Brazos River Authority is cooperating with the U.S. Bureau of Reclamation and the U.S. Soil Conservation Service in developing more such new irrigation possibilities along the Brazos.

"Carmen" on Ice at State Fair

19-year-old Shirley Linde stars as the fiery temptress in the Ice Capades' version of Bizet's opera "Carmen," choreographed by Jose Greco and with entre-act narration by Milton Cross, most famous of Metropolitan narrators. The all-new Ice Capades also presents Puccini's "Madame Butterfly," four other big productions and 20 acts at the State Fair of Texas October 4-19. Ice Capades tickets include admission to the fair grounds and mail orders are now being accepted through Box 7772, Dallas.

FAIRY

By MRS. EUNICE DANIEL

A pall of sadness fell over our community early Sunday when we received that our former mail carrier, Mr. Barto Gamble had passed away. Mr. Gamble had been carrier on route by our home for the twenty years last January. His retirement, only a week prior to his death, had left many of us with sad hearts.

Our last words with him were the box of Mrs. Britt Little, where we had caught him on his turn off the lower route to give us a package we had prepared for him. He seemed so jolly and as we look in the back of his car we see the other packages he had piled along his route and jokingly remarked that he was taking more than he had brought. We told him that giving him in retirement wasn't like giving him up in death and we were going to look forward to seeing him

worried about it and wouldn't proceed on his route until we told him we would take care of it. I came home and called Mrs. Scott Blackley and each of us carried some food down and made arrangements for them to get some groceries.

While at the funeral Monday we had a lady, Mrs. Claude Arnold tell us of how good he was to the Arnold family when her father-in-law was ill, back before the time of refrigeration, when he would bring out ice every other day. These are only a few of his many acts of kindness, and will always be a pleasant memory to those whom he has helped along life's way.

We noted some forty or more patrons and former patrons of the route in attendance and feel sure there were many more, since we do not personally know many of them. Long may the memories of his good deeds dwell in our hearts and be the means of others following in his footsteps. A loving friend from our midst has gone.

We'll miss his smiling face, We'll miss his presence all along About this lovely place. The kind words that he hath spoken, Shall ever be in our memory a token. He's gone where all the true and blest go when this life is over, And some sweet day he'll awake from rest, And we'll meet to part no more. But since the Master wrought the piercing blow, And his life quickly ebbed away, Yet if we ask in faith, He will bestow Just what we need to strengthen us. But Oh! The aching void within our hearts Will say "We'll miss him so."

Our deepest sympathy is extended to the bereaved wife and family and other relatives at this time of such deep sorrow. May God bless and comfort them along life's way in the absence of their loved one.

Mrs. Coy Parks received a message last week that her brother, Wilmer (Kidde) Chumney, had been critically injured when a bulldozer he was driving overturned. Mr. Chumney lives in Hamilton, but was employed by Mr. Ed Craig. When he saw the tractor was going to turn over he jumped which probably saved his life. However he did not clear the path of the tractor and was caught near the hip on his left leg, crushing the limb at the thigh joint near the hip. We have learned no further particulars other than he was rushed to Hamilton where he was sent to the Gatesville hospital. They in turn sent him to Hillcrest Hospital in Waco. He underwent surgery Monday. His room number is 309.

Mrs. Fannie Michael of Hayward, Calif., has been visiting since last Thursday in the home of her sister and brothers, Mrs. Byrd Slater and Emmitt Anderson and other relatives. She and Mrs. Slater motored to Abilene Monday to meet her husband, who came by plane, and will make the return trip by car with her. They expected to return home Tuesday.

Some thirty or forty relatives and friends of Mrs. Michael met at the Byrd Slater home last Sunday where all enjoyed a watermelon slicing.

We have overlooked making mention the past few weeks that Mrs. Boyd Lowry and baby were in a Waco hospital, where the baby has undergone major surgery to correct a non-functioning passage of the intestines. The baby has been under the care of a specialist and we understand the operation was successful and the baby is recovering nicely. Our best wishes to the parents and baby. Mr. Lowry, who is a faculty member at Liberty Hill, is a former teacher in the Fairy school. Mrs. Lowry is the former Joyce Fields, daughter of Mr. and Mrs. Maurice Fields.

Mr. and Mrs. Lester Timmerman have moved to the old Clair Brunson residence, where they will make their home while a new residence is under construction at their place. Dewey Massingill purchased their dwelling and had it moved to his farm near the Timmerman place.

While at the Hico Clinic last Thursday where we had carried our friend, Mrs. Britt Little for her regular check up, we were talking with a Mrs. Miller from Cleburne, who told us she had been coming to the Hico Hospital for eleven years. We knew our hospital reached out in all directions but was surprised to learn it reached out that far. When we see the vast number waiting and hospitalized there, we wonder many times how we got along before it was erected.

Mrs. Fannie Michael and sister, Mrs. Slater, stopped at our home a short while Monday. Mrs. Michael, who is a subscriber to the Hico paper, expressed her appreciation for our write-ups from Fairy and also Bro. Dawson's articles which she stated were her first to read. She also expressed her appreciation of the care of the Fairy Cemetery where most of her relatives are buried. But we told her, like we tell many others, we don't deserve all the praise as without the financial aid our good people have turned in from time to time, it would be impossible to

keep in such condition. While here Mrs. Slater handed us \$5 for the cemetery in behalf of the Slater and Anderson lots for which we surely thank her. Mrs. Michael said she would mail us a check when she arrived home. She has been very nice to make donations all along. And while in Hico last Thursday Mrs. Watt Ross handed us \$1.00 for the cemetery, and D. E. Allison of Dublin gave us \$1.00 recently for work at his parent's lot, and Rob Hutton also handed us \$5 last week. They also are very thoughtful donors. Thanks to all.

Mr. and Mrs. R. L. Parks and daughters of Fort Worth, Mr. and Mrs. Deibert Pack of Stephenville, Mr. and Mrs. J. T. Leonard and baby of Fairy, and Kenneth Driver and his girl friend, Miss Patsy Simpson, both of Texas City, visited Sunday in the home of Mrs. M. E. Parks and Audie. Kenneth and Patsy also visited in the home of his grandparents, Mr. and Mrs. Frank Driver.

The writer attended singing at Evergreen Sunday afternoon and visited with friends at the Willeford home after singing hours. Glad to report Walter Porterfield, who suffered a stroke recently, improving nicely and now able to walk with the aid of a cane.

Mr. and Mrs. T. R. Parks are doing a redecorating job, inside and out, at their residence in Fairy, the former Bob Parks residence. A new roof is also being added.

We understand they plan to move to it when completed. Our school closed Monday at noon to enable faculty members and pupils to attend funeral services for Barto Gamble at Hico. Jimmy Mitchell of Fort Worth was here last week dove hunting and visiting his former classmate, Carl Ray Sellers and family. He formerly resided near Fairy and stated he now is employed as a mail carrier.

FOR BETTER GRADES . . . MORE LIGHT ON THE SUBJECT

Homework is finished faster and more accurately when there is plenty of light for easy seeing. For best light from a table lamp, use a 150-watt bulb. The lamp should be tall enough to spread light evenly over the work area and should be equipped with a diffusing bowl to soften the light and prevent glare. If the lamp has no diffusing bowl, use a 150-watt white indirect lamp, which has its own built-in diffusor. Better light means a better student!

Valley Mills Is Site Of Next Bosque County Farm Bureau Meeting

Valley Mills High School will be the place for the regular meeting of the general membership of Bosque County Farm Bureau. The covered dish supper is planned for 7:30 p.m. in the cafeteria on Sept. 16. The Committee on Policy Development will call for an informal discussion on any county, state or national issue that the members will find urgent to consider for policies that are important to farmers and ranchers in this area and to agriculture as a whole. No action will be taken during this informal discussion period. However, the committee will gather material for county policies, and state and national recommendations. The annual convention of Bosque County Farm Bureau in October will determine county Farm Bureau policies, and recommendations to state and national part of the organization.

B. C. Rogstad Sr., chairman, S. A. Hanson, and O. C. Knudson, committeemen on Policy Development, urges members to attend and participate in this informal discussion because it is through counsel from all members that Farm Bureau can best serve its members.

R. G. Griffin, director of the Valley Mills area, is in charge of arrangements and he and President W. B. Oswald extend to all members and friends a cordial invitation to attend this meeting.

RESOLUTION OF RESPECT

To the Memory of Barto B. Gamble: From Hico Lodge No. 477, A. F. & A. M.

WHEREAS: Through the mysterious dispensation of the Supreme Grand Master and Ruler of the Supreme Grand Lodge above, our beloved Brother Barto B. Gamble, has been called from the "labors" of this life, and has entered into a higher and nobler station, reserved for the True and Faithful member. The thread of a good life has been broken and his spirit has taken its flight to that Eternal Home, not made with human hands, where God reigns forever. The strong bonds of Friendship and Fraternal Love which closely links one to another has been weakened by his passing, and his Brother Craftsmen are left to mourn his untimely fate.

AND WHEREAS: His life was a source of good and splendid achievements, and the influence of his loveable character and noble deeds, and will continue on down through the years, reflected in the lives of those who knew and loved him.

THEREFORE, be it resolved that we offer our deepest heartfelt sympathy to Mrs. Mattie Gamble, his wife, Mrs. Vernon Swor, his daughter, and Mr. William D. Gamble, his son, and to all other relatives who mourn the loss of their loved one.

RESOLVED: Secondly, that a copy of these resolutions be sent to the Hico News Review for publication, the original be sent to the family, and a copy spread on the minutes of our Lodge.

Fraternally submitted,

YOUR HOMETOWN NEWSPAPER IS A REAL CONVENIENCE!

A wonderful way for a busy young mother to save countless hours is by shopping the ads in her hometown newspaper. By knowing, before she goes to town, which products she wants and where to buy them, she can do an efficient job of marketing. While the housewife spends her time becoming an expert nurse, laundress, cook, playmate, and bookkeeper, the local newspaper is bringing her the shopping news. It tells her about the latest products and services that will help her accomplish her work most efficiently. It tells her where to find the best prices offered on items she needs. It saves her many long hours of "shopping around".

MISS ADA GAYLE CARLSON BECOMES BRIDE OF MR. WYLD IN RECENT CEREMONY AT GAP

Miss Ada Gayle Carlson, daughter of Mr. and Mrs. Carl A. Carlson of Iredell Route 1, and Mr. Barry Keith Wyld, son of Mr. and Mrs. H. G. Siemantel of Dallas, were married at 6 o'clock on Saturday evening, August 23, at the St. Olaf Lutheran Church in Cranfills Gap.

Rev. Iver Haugen officiated at the double ring ceremony. The church was decorated with potted pink dahlias, arranged to advantage near the center aisle and on the choir railing.

Miss Levada Bryn of Cranfills Gap, organist, presented a medley of pre-nuptial selections and the traditional wedding marches. She also accompanied Mrs. Melvin Saunders of Meridian, soloist, who sang "Because" prior to the ceremony, and the "Wedding Prayer" after the vows were taken. Miss Bryn and Mrs. Saunders had corsages of pink carnations.

Entering the church on the arm of the groom, the bride was attired in a sleeveless street-length sheath dress of acetate taffeta fashioned with a bateau front neckline which dipped low in the back and ended with a small bow. Her bouffant overskirt of white net featured a scalloped bottom with a bow at the center back waistline. Her fingertip scalloped veil of nylon tulle fell from a jeweled tiara. She wore white, short gloves and carried a cascade bouquet of white carnations.

Serving as maid of honor was Miss Shirley Hastings of Dallas, formerly of Gap, and acting as bridesmaids were Miss Nellie Hastings of Dallas and Miss Jo Ann Grimland of Waco. They wore dresses identical to that of the bride except that theirs were of spring green taffeta with darker green net overskirts. They had short white gloves and white headpieces and carried colonial bouquets of pink carnations.

C. T. Cruthirds Jr. of Seagoville was best man, and Hubert Johnson and Ross Baldwin of Hico were groomsmen. Ushers were Otto Knudson Jr. and Jesse Wayne Wiese of Meridian. Gentlemen in the wedding party had white carnation boutonnieres.

Mrs. Carlson, mother of the bride, and Mrs. Siemantel, mother of the groom, had corsages of pink carnations.

Following the wedding, a reception for the bridal couple and the members of their wedding party was held in the church parlor. Mrs. Jerry Witte of Grand Prairie presided at the bridal guest book during the reception period.

Laid with a cloth of white lace over white linen, the bridal refreshment table was centered with the bouquets of the bride and her

HOME SEWING CAN CUT CLOTHING COSTS

If you plan the family fall and winter wardrobe, decide what to buy and what to buy ready-made. If you can have more and better clothes if you make them yourself, provided you sew well, you will have the time. You can also save dollars if you are skilled enough to make your own alterations of ready-made, remodel garments and do a good job of mending.

A convenient sewing area will ease your efficiency and pleasure in sewing. Suggest you include these features in planning and organizing your sewing center:

Cutting surface or table of proper height.

Convenient pressing area—inclined ironing board, sleeve board, steam iron or electric iron pressing cloth.

Sewing machine (placed so it comes over left shoulder.)

Sufficient light, both natural and artificial.

Easily cleaned floor—waste net near machine.

Adequate storage for patterns, presses, pressing equipment, and goods within reach.

Electrical outlets properly placed for sewing machine and iron.

Facilities are such a working area already exists in your home. Planning and re-organizing will make it more convenient and

useable. A separate room is ideal if sewing is a major activity.

FOOD BRIEFS

1. For a "hot dog" that's different try grilled frankfurters on onion-buttered rye bread. Spread bread generously with butter, sprinkle with instant minced onion, then top with hot frankfurters split lengthwise. The sweet crispness and gentle flavor of this moisture-free onion are delightful.

2. Eggs gain new flavor interest when they are combined with olives. Scrambled eggs and fluffy omelets are extraordinarily delicious when ripe olives, cut into large pieces, are added.

NATIONAL CITIZENSHIP DAY IS SEPTEMBER 17

September 17 is National Citizenship Day. Isn't it a good thing to take a few special minutes and reflect on our own status as a good citizen? How do we accept our responsibility of being a good citizen? What do we do with our privilege of citizenship? Did you know that many important decisions in history have been carried by just one vote. Have you been an informed, responsible voter during the past year?

Let us not lose sight ever of our great responsibility as individuals to keep the good that we have in our country and to help to eliminate the undesirable. These things can be done only by each person doing his part as a Good Citizen.

"Less To Pay All The Way"

History of Humble Football Broadcasts Revealed

This year Humble Oil & Refining Co. will celebrate its 25th year as sponsor of football broadcasts featuring teams of the Southwest Conference. And to celebrate this Silver Anniversary, Humble will bring football fans one of the most comprehensive schedules of radio and television coverage the Company has undertaken to date.

Some 70 games will be beamed out over 130 Texas and New Mexico radio stations. Four Southwest Conference contests will be televised, and viewers will also be able to see a 45-minute videotaped version of the week's top games each Sunday afternoon on the new "Game of the Week" TV program.

That schedule contrasts sharply with the program in 1934 when three Rice Institute games were broadcast as a public service.

It began this way. Rice had a good football team that season and was scheduled to play Texas in the old Rice Stadium. Interest was high and the limited seats were soon sold out, so broadcast rights were granted in order that more people might follow the game.

This first broadcast proved so successful that a second one was promptly planned. Humble sent a crew to Fayetteville this time to broadcast the Rice-Arkansas game. Everything ran smoothly until the kick-off. Then the telegraphers in the press box began to send their game reports to newspapers. The clatter of telegraph keys and electrical interference from the telegraphic instruments set up a

garbling noise on the broadcast lines. Complaints flooded the Humble switchboards. Quickly a phone call informed the broadcast crew of the trouble. The broadcast went off the air for 15 minutes while the crew picked up all the equipment and moved across the field where the broadcast continued from seats in the stands.

It was in 1935 that the Southwest Conference adopted a uniform broadcasting policy. The Conference was unusually strong that year and both SMU and TCU were undefeated until they met at Fort Worth. The winner, SMU, went to the Rose Bowl, the only Southwest Conference team ever to appear there.

It was also in 1935 that Kern Tips joined Humble's announcing staff. Tips' first broadcast was the Rice-St. Mary's game and his success was instantaneous.

By 1938 standards, the first few broadcasts were somewhat primitive. A good many early games were broadcast from the press box proper (engineers had learned to suppress the disturbance of telegraphic instruments); booths, at best, offered few conveniences and no modern luxuries such as air-conditioning and sound proofing.

By the end of 1935 techniques had been refined, football was at fever heat, and surveys showed that the broadcasts were the most popular radio programs on the Texas air.

Coverage gradually increased and broadcast crews started following Southwest Conference teams to both coasts, to the Middle West, to the deep South, to wherever a Conference team traveled.

When the Humble sign moved in, to the South Plains and the Panhandle of Texas, permission was secured to broadcast the games of Texas Technological College in Lubbock and when Humble entered El Paso and New Mexico, arrangements were made to sponsor broadcasts of games played by Texas Western University and the University of New Mexico.

Television moved into Texas in 1948 and that fall Humble sponsored the first live telecast of a football game in the state, the TCU-Texas game over WBAP-TV in Fort Worth. The following year, Humble sponsored what is believed to have been the world's first network telecast of a football game, the SMU-Notre Dame game. The

IT WON'T BE LONG before Southwest Conference football broadcasts will fill the air in Texas for the 25th year. Here two of Humble's top announcers, Kern Tips (left) and Alec Chessier, are being brought up to date on formations and plays by the University of Texas Head Coach, Darrell Royal.

Cages are four feet long, four feet wide and two feet high. They are built above ground at a height to suit the height of the operator. This is to make feeding and egg gathering as easy as possible. Each cage will carry sixteen birds and in some instances 20 to the cage will be run.

Roofing on the houses is homasote material. This material has been put on these houses in a new manner that does away with leaking at the joints that some have experienced.

During the winter, the north sides of the houses will be closed with feed sacks or some other like material. Houses are of the poll type construction and the colony cage house is considered the cheapest laying house design, per bird, that is being built.

I'm sure Gene will be glad to show you these houses if you will drop by some time. The poultry farm is located on the Farm road that runs behind the airport. Gene, like all good poultrymen, would like for you to let him take you around his place rather than go alone.

Ever thought about making some changes in your farming? Then why not drop by the ASC office and find out what the annual rental payments would amount to under the Conservation Reserve of the Soil Bank for 1959.

The conservation reserve is a voluntary program. Every farmer makes his own decision on participating. The first thing to do is to visit the ASC office. Take along information about the acreage and yield of crops on your farm for the

COUNTY AGENT REPORTS

By E. R. LAWRENCE

For quite some time we have been hearing and reading about colony cage laying houses. We have not had a house of this type in the county until this summer.

H. E. Cornelius, better known as Gene, has completed one of these houses and has three others under construction. Gene is in partnership with Pierson-Craddock in the egg production operation. The completed house has approximately 1,200 laying hens in it now. When the other three houses are completed Gene will have approximately 5,000 layers. The houses are 170 feet long and 21 feet wide. There is a 4 1/2 foot overhang of the roof on each side of the house. Houses run east and west and the entire north and south sides are open. Down the center of the house is a four foot alley and cages are on each side of the alley. Feed is put out in troughs that are located on the alley side of the cages just above the egg-catching tray or trough. On the

Tigers Bop Aledo 26-8 ---

(Continued From Page 1)

dominate play, Aledo was allowed to run only four plays in the third quarter, and 12 in the entire second half. Hico rolled to the grand total of 18 first downs compared to their opponent's 7, and outgained the Bearcats in total yardage 370 to 115. Aledo had to punt twice, and Hico chalked up a big zero in this department, never needing to employ the play throughout the course of the game.

The local coaches substituted generously in the final period, and almost every boy on the squad saw some action.

Leading ground gainer for the Tigers was Buddy Ables, the fine little halfback, who picked up an even 100 yards on 14 carries. Tommy Johnson was next in line with 80 yards on 11 attempts, followed by Duncan with 45 yards, and Neil Ellis with 27. Pat Lackey contributed 80 yards on four completed passes, and Doyle Crews was on the end of the other completion good for 22 yards.

Scoring for the locals was evenly divided, with Johnson marking the first six-pointer on a four-yard blast in the second period. Ables notched the second counter, scooting ten yards, also in the second period. Johnson also made local history by carrying over for the first two-point conversion ever scored on the local field by an eleven-man football team. In the third period Duncan found the end zone on a keeper play good for two yards, and later in the fourth period, found Pat Lackey on a pass play which covered 32 yards for the final Tiger counter.

The first quarter of the game was played on even terms, with neither team seriously threatening. Aledo started the game like they were going to literally run the Tigers out of the stadium, but soon found that the locals wouldn't run very easily. Most of the visitor's yardage was made in the first period.

The beginning of the second period found Hico on Aledo's 47 yard line. Duncan completed his first pass of the evening, hitting Lackey with a throw good for 13 yards to the 34. Johnson picked up 3 to the 30, followed by a seven-yarder by Ables and a first down on the Bearcat 24. Johnson and Ables then teamed for seven yards to the 17, a penalty set the locals back to the 22, from where Duncan again hit Lackey with a 16-yard aerial to the Bearcat six. Duncan got two yards on a keeper, from where Johnson plowed over for

the first TD. Try for point was unsuccessful and Hico led 6-0.

The Tigers muffed their second TD attempt when two penalties set them reeling. Duncan made one great last effort for a first down on Aledo's seven, but fell shy by four yards and Aledo took over on their own eleven. On the very first play, Hico recovered an Aledo fumble, and they were in business again at the 10 yard line. It took the locals only one play to go the distance, with Buddy Ables carrying 10 yards for the score. Johnson hit the line for the conversion and two points, bringing the score to 14-0 ending the first half.

Hico received the second half kick-off, and immediately drove 71 yards for the touchdown which relieved all doubt on the final outcome of the game. Duncan carried the final two yards for the TD. The drive, which was made mostly on short gainers, took most of the third period to climax, and Aledo was allowed to run only four plays in the entire period.

The fourth period started with Hico on their own 47. Duncan started the fireworks with a 19 yard pass play to Lackey. Johnson made three yards to the 32, from where Duncan again hit Lackey with a true pass good for 32 yards and Hico's final TD. Lackey gathered in the ball at the 12, and outran a defender to the goal.

With a generous supply of Tiger substitutes in the lineup, Aledo caught fire and marched with the ensuing kick-off 41 yards for their only tally of the night. Brewster carried the last ten yards for the score, and then added the conversion. Hico threatened once more in the game but time ran out with the locals on the Bearcat 27 yard line.

Thus Hico won their season opener for the first time in a number of years, and will be looking forward to other opponents as the season progresses.

FOUR MEN REPORT FOR INDUCTION

The following men reported for induction September 4, according to information submitted by Texas Local Board No. 23 at Gatesville: R. W. Lee of Hico; Clois Carroll Chafin, Temple; Robert Lee Williams, Evans; and Mingo E. Ortega, Gatesville.

Eight men were ordered to report for physical examinations on September 8.

Game Warden Reports

By SWEDE JOHNSON
State Game Warden
Hamilton & Bosque Counties

I am sure sorry I missed my column last week but the first of September found me deep in the act of checking more hunters on the opening day of dove season than at any other time. In fact it looked like we had more hunters than we had birds for a while.

I checked 79 hunters and they had killed 221 birds which wasn't too high of a kill. Of course some of these hunters were checked early in the afternoon and by sunset could have killed their limit and I would have no way of knowing if they did or not.

The kill figured about 27 birds per man which wasn't much. I do know that I didn't find one man

out of line. Every one I checked had the gun plugged and had their licenses on hand and conducted themselves in a sportsman-like manner.

We still have enough dove in the county for a man to get a good hunt but they are harder to find. But when you do there will be found large numbers generally around the maize fields and any fallow field with a lot of dove weed (croton) or sunflowers.

Fishing is beginning to pick up just a little with reports of the black bass hitting minnows and the crappie doing the same. The channel cat and yellow cat aren't doing much to help the fisherman but as the weather gets cooler they should go to hitting a little better.

I now have the exempt identification cards for hunters and fishermen over 65 years of age. This card is not required by law, but is being issued free as a legal proof of age for those persons who might be questioned by us wardens.

The cards will not have to be renewed.

The card will be issued on proof of age. One should be able to prove his age by several suggested documents or receipts acceptable to the state, which include birth certificates, drivers licenses, poll tax receipts, military identification cards, old insurance policies, and Biblical records.

Cards are available from your local game wardens or at offices of the Game and Fish Commission.

Remember now that hunting season is starting be on guard at all times to prevent any accidents from happening.

Until next week, good luck to all.

SWEDE.

Scouts Enjoy Recent Camping Trip at Belton

Boy Scout Troop 99 of Hico went to Belton Lake on a camping trip August 14-16. They left Thursday morning and returned Saturday morning.

Fishing and swimming were the highlights of the trip. They camped out in Temple Park.

Those who made the trip were Don Jernigan, Milburn Knudson Jr., Lloyd Hyles, Jim Hamrick, Lynn Wade Malone, Jerry Casey, Charles Yell, Dan Reeves, Scoutmaster Clarence Watson, Jack Malone, and Jess Smith.

Any boy who wishes to join the Scouts are requested to contact Clarence Watson.

BOB AND PAT DUNNING'S DREAM CAR COMES TRUE IN PLYMOUTH'S END-OF-MODEL CLEARANCE SALE

Canny young local couple takes advantage of year's lowest prices

Bob and Pat Dunning had put off buying a car. Budget. Wanted to see what would happen.

Last week as Bob, a commercial artist, was driving to work he noted a sign in a Plymouth dealership reading, "End-of-Model Clearance Sale. Lowest Prices of the Year." . . . "Just," as he says, "for the fun of it," he stopped his car and went in. Chatted with a Plymouth salesman. Couldn't believe his ears.

Bob and Pat own their new Plymouth

now—made the best deal of their lives.

You can, too, if you hurry. This End-of-Model Clearance Sale will be on at your Plymouth dealer's until the last 1958 is sold. All models included, and all at the year's lowest prices. All come equipped with Plymouth's luxurious Torsion-Aire Ride at no extra cost. All feature sleek Silver Dart Styling, Total-Contact Brakes, thrilling sports-car "feel," other Plymouth exclusives. Engine options even include the breath-taking Golden Commando V-8.

Better stop in at your Plymouth dealer's today. If you've been waiting to "see what happens" . . . it's happening right now!
