ADMIRAL FLETCHER IS ORDERED TO SEIZE VERA CRUZ CUSTOM HOUSE TO CAPTURE HUERTA'S ARMS

Washington, April 21.—(Bulletin.) Admiral Fletcher has been ordered to seize the customs house at Vera Cruz to prevent a shipment of arms and ammunition going forward to Huerta.

Washington, April 21.—Bulletin. American Charge O'Shaughnessy at the direction of the State Department at Washington has advised the foreign ambassadors there to have citizens of their nations leave Mexico.

Washington, April 21.—Secretary Bryan has asked the foreign ambassadors to confer with him at 2:30 p. m. It was generally accepted that he would lay before them the United States plans in Mexico.

REPORTED THAT CUSTOM HOUSE HAS BEEN SIEZED

News Came that Port Captured Without Show of Resistance From the Huertista Troops.

SEIZURE OF WAR MUNITIONS THE PURPOSE

Orders Given Admiral Fletcher Leave Question of When and How Up to His Own Discretions

Washington, April 21.—(Bulletin). At 3:20 o'clock Secretary Daniels said he had "no word" of developments at Vera Cruz. Official circles without comment heard a report that marines had landed and taken possession of the customs house. It was said Admiral Fletcher's orders were to land no men until shipment of ammunition should be landed.

By Associated Press.

Washington, April 21.—Orders were sent to Rear Admiral Fletcher today to sieze the custom house at Vera Cruz in time to capture a large shipment of arms for Huerta about to be landed there from a German steamer on its way to Mexico City.

200 MACHINE GUNS IN SHIPMENT

The orders did not stipulate when Admiral Fletcher should take the port but simply left it to his discretion to prevent Huerta from getting several million rounds of ammunition and 200 machine guns.

Administration officials today confirmed the report that they were planning the seizure of shipments of arms consigned to Huerta, now on a German ship nearing Vera Cruz. Leaders were informed that this was one of the reasons for wanting prompt action in congress today.

The plan is to seize the ammunition after it lands at the custom house. Some officials say that the custom house will be seized anyway whether Congress delays action or not.

Secretary Bryan said just before entering the Cabinet meeting that there was a general exodus of Americans from Mexico City to Vera Cruz and that many Americans were getting aboard vessels there.

BELIEVED HUERTA PLAYING FOR TIME

Many officials declared that they believed Huerta had been playing for time merely to get the large shipment of arms which the German vessel is expected to land today. As there is no blockade the American forces cannot seize the ammunition and arms until they have been unloaded at the custom house.

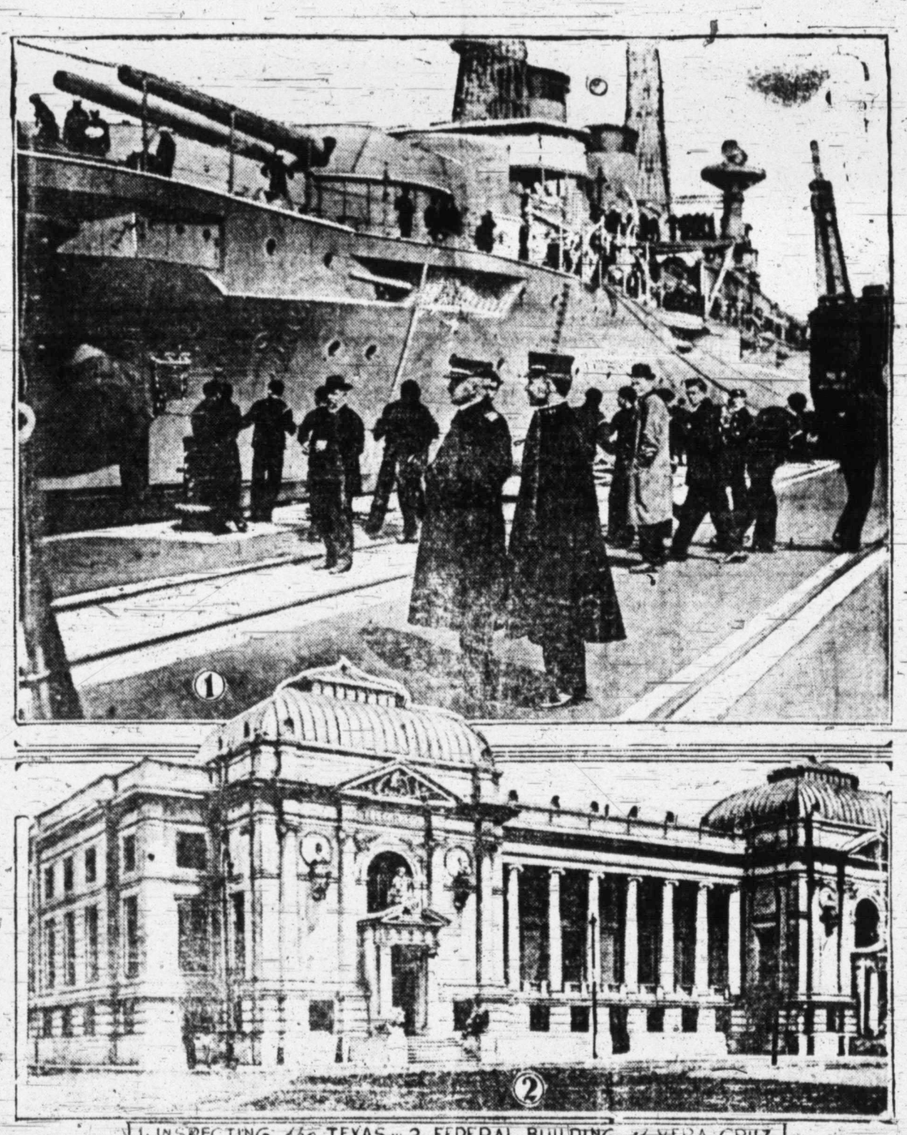

Administration officials pointed out that the President had ample authority for this action. Momentarily officials expected dispatches from Admiral Fletcher announcing that he had seized the custom house.

COMMISSIONERS MEET TOMORROW TO APPOINT J. P.

A called session of the commissioners' court will be held tomorrow to elect a justice of the peace to fill out the unexpired term of W. E. Brothers who died Sunday. It is expected that there will be a number of candidates and several aspirants for the position were circulating petitions among their friends this morning. The term of the departed justice does not expire until December.

The commissioners will also consider requests from parts of the county for appropriations for netting to be used in rabbit drives, but there is some doubt, it is said, as to whether the county's fund can be used for such a purpose. The matter will be taken up tomorrow.

AMENDMENT APPROVED BY PRESIDENT WILSON

Resolution As Agreed Upon By Senate Committee Is Satisfactory to the President

By Associated Press.

Washington, April 21.—It was made plain by Secretary Tumulty at the White House today that the president approves the resolution as amended by the Senate foreign relations committee indicating that the president did not wish to individualize Huerta.

President Wilson opposes making the resolution too broad for fear that it might be construed as a declaration of war.

The language of the amended resolution as adopted by the Senate committee is satisfactory to the president because it specificially disclaims any purpose of making war on Mexico.

The administration expects the House to concur in the amendment.

The resolution as agreed upon by the Senate foreign relations committee reads:

"In view of the facts presented by the President of the United States in his address delivered to the Congress in joint session, the 20th day of April, 1914, in regard to certain affronts and indignities committed against the United States in Mexico; be it

"Resolved, That the president is justified in the employment of the armed forces of the United States to enforce his demands for unequivocal amends for affronts and indignities committed against the United States; be it further

"Resolved, That the United States disclaims any hostility to the Mexican people or any purpose to make war upon them."

WEATHER FORECAST

Tonight increasing cloudiness, warmer: Wednesday unsettled.

REVENUE CUTTERS WILL BE USED FOR BLOCKADE

By Associated Press.

Washington, April 21.—Arrangements for the participation of the revenue cutters in a Mexican blockade were to be perfected by officials of treasury and war depatrments.

It was recalled that the ships of customs navy aided in maintaining an effective blockade of Cuban coast during the Spanish-American war. There are now 23 cutters available for immediate operations along the Mexico coast, 7 in the Pacific and 12 in the Atlantic.

Washington, April 21.—(Bulletin)—An unconfirmed report says that Fletcher has taken the Vera Cruz Custom House without resisance.

SENATE STILL DEBATING APPROVAL RESOLUTION

While Preparations For Seizure of Tampico Custom House Go On Congress Discusses Form of Resolution.

SENATOR WORKS WOULD ACCEPT APOLOGY

Lodge Urges Substitute Resolution Which Shively Thinks Would Be a Declaration of War.

By Associated Press.

Washington, April 21.—At noon the Cabinet was still in session and no word has been received from Admiral Fletcher who had been ordered to seize the custom house at Vera Cruz.

The order left to Admiral Fletcher's discretion when and how to act. As there is no blockade, the order was to seize the guns after they had been landed or seize the custom house and prevent them from being landed. The order conferred the broadest authority upon the admiral and was said to have authorized him to seize the town as well if necessary.

The order went forward early this morning after the President had been in conference with congress throughout the night mostly by telephone up to four o'clock this morning.

While the order to Admiral Fletcher was probably being carried out by Admiral Fletcher both Houses of Congress went to work on the resolutions approving President Wilson's course.

Senator Lodge opened the debate in the Senate.

"When the President lays an international difficulty before a joint session of congress he takes the last step before a declaration of war," he said. "The President might have acted without authority from Congress but I think he has done well to come to this body."

Senator Williams asked how long it took congress to pass the resolution declaring war with Spain. Senator Lafollette said it took from April 11 to April 19 to pass the resolution in 1898.

Senator Shivley declared that the substitute resolution offered by Senator Lodge could have no other result than precipitate war. He urged the adoption of the resolution as reported by the committee. He said the Lodge resolution was nothing short of a declaration of war.

Senator Works offered his resolution to accept Huerta's expression of regret as full satisfaction. Senator Works pleaded for peace. He insisted that he had not offered his resolution to criticise the course pursued by the president. He did not expect it to be passed, he said, but asserted that "we are going headlong into terrible conditions of war."

SEIZURE OF TAMPICO MAY NOT BE RESISTED

By Associated Press.

Washington, April 21.—There was a report late this afternoon that Admiral Fletcher would not be resisted by the Huertaistas when he seizes the custom house. The federals it was reported were retreating to a point twenty miles west of Vera Cruz. Officials refused to discuss the report.

RESOLUTION ADOPTED BY A VOTE OF 337 37

Democrats and Progressives Vote Almost Solidly In Support of President's Action

Washington, April 21.—By a vote of 337 to 37, Congress last night adopted a resolution justifying the action of the president.

The resolution was adopted following the adoption of a rule limiting debate to forty minutes from each side.

Representative Campbell of Kansas, Republican, opened the opposition to the rule, declaring its purpose was to take in order a resolution which is a declaration of war.

"We are asked to declare war against Victoriano Huerta. Why?" he asked. "Because American citizens have been ruthlessly murdered? No. Because American women have been outraged? No. But because a company of sailors were arrested by a subordinate. Is it enough to justify a declaration of war, War with its awful consequences against the helpless, distracted, poverty stricken people of Mexico? For the people of Mexico must share with Victoriano Huerta the results of war."

Campbell In Opposition.

"I am against this war," continued Mr. Campbell. "But if you force this war upon my country it will be my war, the war of my country, and I will support it.

"If you force this war on my country, I will stay here until the war is over—"

An outburst of laughter and applause from the Democratic side greeted this statement and for more than a minute Mr. Campbell was unable to continue. Representative Pou of North Carolina, Democrat, supported the rule, declaring: "The time has come to put an end to these outrages in Mexico."

Victor Murdock said:

"This resolution will do one thing that should be done. It will send around the world the word that our flag must be respected. I am tired of 'watchful waiting,' and I welcome the president's decision to end that policy."

A cheer from the Democrats greeted Mr. Murdock's speech.

Representative Lenroot, Republican favored the resolution, asserting that its passage was the "best means of preventing war in Mexico."

Representative Foster of Illinois, made a brief speech supporting the resolution and the rule.

Republican Leader Mann spoke vigorously against the president's policy.

"If the incidents which the president has related to us had occurred with England, Germany, France or any other great nation," he declared, "we would not have such a resolution pending here now. But we think that, because Mexico is weak we have the moral right to declare a war against her with high hopes of success. I would not declare war against Mexico for something for which I would not declare war against England or France."

Mr. Mann said the president was "issuing orders" to Congress.

"This is a declaration of war," he said. "This is a declaration that the United States is the helpful ally of the murderous crew in northern Mexico who are murdering men and outraging women."

He insisted that it was purely a case of personal resentment of the President of the United States because he did not like Huerta.

"I don't condone the methods by which Huerta secured the high position he now holds," continued the Republican leader, "nor do I believe in a declaration of war against him because President Wilson does not happen to like him.

"We owe more than a salute from Huerta to the American flag. We owe it to make the flag stand for right and justice and peace."

Underwood Closes Debate.

Representative Underwood closed the debate in support of the rule. As he took the floor the Democrats cheered. "This resolution," he said, "may mean war—it may mean peace. Let us hope that the ultimate result of the passage of this resolution will bring peace and good order in the republic of Mexico and the establishment of friendly relations between the two governments.

"But whether it means peace or war there are times when honor must be maintained at whatever cost. You are facing that condition today. No one can say our government has not treated Mexico with patience and consideration. We have let matters go further in Mexico than if we were in a controversy with one of the great nations of the world.

"War never comes from any one incident. For more than a year we have been facing a reign of disorder and turmoil in Mexico with great patience. We have endeavored to allow Mexico to work out a problem of peace and of government.

"We have hoped from day to day that a peaceful settlement might have been reached. But peace never comes to a coward. Peace never comes to a country that fails to protect its citizens or to enforce respect for its flag.

"Our flag has been dishonored in a foreign land. The president of the United States comes here today. He has not asked you to declare war but asks you to sustain him in requiring a decent respect for your flag and an honorable consideration for the rights of your government."

Mr. Underwood deprecated the position taken by Representative Mann and recalled how the Democrats in Congress supported the Spanish war resolution of the McKinley administration.

The rule was adopted by a viva voce vote with a rolling chorus of "ayes" overwhelming a few scattered "noes." Amid shouts of "vote, vote," a unanimous consent agreement was reached limiting debate to two hours and ten minutes. Fifty minutes was consumed by Representative Flood, ten by Representative Murdock and one hour and ten minutes by Republican Leader Mann. The agreement also provided that any member might offer amendment to the resolution.

DECISION TO OPPONENTS OF THE FEE SYSTEM.

The fee system was debated at Monday night's session of the Young Men's Forum, the opponents being victorious. The debate was largely impromptu, some of the scheduled participants being absent. Messrs. Crowell and Settle had the affirmative, Messrs. Hein and Hull the negative. There were several short talks by members present, the principal talk of the evening being by Dr. J. L. McKee, who gave some reminiscences of his circuit riding days.

On next Monday the subject for debate will be the advisability of a Y. M. C. A., in this city. Short talks by Messrs. Crowell, Settle and Hein and an address by H. A. Fairchild will be the other features of the program.

WOODMEN AND NEIGHBORS SPLENDIDLY ENTERTAINED

Wichita Falls Delegation Returned Early This Morning After Visit to Camp at Electra

The Modern Woodmen and Royal Neighbors of this place visited Electra Monday, the trip being made in a special car coupled on to the northbound Denver. The party was made up of the officers, degree teams and members of both societies. The Wichita State Band was also included in the party and furnished splendid music for the excursionists. The party was met at the station at Electra by a committee from the camps at that place.

A line of parade was quickly formed as follows: Wichita State Band, M. W. A. Foresters, Royal Neighbors and Modern Woodmen. The parade traversed the principal streets, finally reaching the Woodman hall where music and a drill by the Forester team on the street was enjoyed.

The Royal Neighbors held a meeting and class adoption in the afternoon, after which they were taken out to supper and treated to an auto ride through the oil fields. The Modern Woodmen held a meeting and class adoption at night, concluding their work at ten o'clock when all visitors were conducted to a banquet hall where an excellent banquet was served. B. M. Bullard, venerable consul of Wichita Falls camp, presided as toastmaster and short after-dinner talks were made by Ed Napier, F. S. Jones, E. H. Eddleman, E. P. Haney, District Deputy C. B. McConnell and others.

The party broke up just in time to allow the excursionists to board their special car in time to be picked up by Denver No. 8, which brought the party safely home, arriving here at 2:30. Upon arriving at the station the party was agreeably surprised to learn that the Wichita Falls Traction Company had sent a special car to meet the train, for which the tired excursionists were very grateful. The occasion was a most enjoyable one, and long to be remembered by those who attended.

I will not sing
A song of spring,
Though that's the customary thing
On days like these
When birds and bees
Go drifting down the balmy breeze

Dame Nature, she
Must plainly see
That she cannot unsettle me.
Her subtle charm
Can work no harm
To stern resolve and stalwart arm!

Her soft appeal
Perhaps I feel,
But to my duty I am leal.
Though it may irk,
I'll do my work
No one can say that I will shirk!

To yield were wrong;
I'll sing a song
Of steady toil by heroes strong,
Of spring, in fine,
This verse of mine
Shall not contain a single line!

LITTLE SISTERS DANCE A BRILLIANT AFFAIR

The "Little Sisters" were hostesses Monday night at the first of the season's affairs at the lake pavilion, a dance honoring the Old Maids. The abilities of the young ladies as individual entertainers had been so well established that it was but to be expected, when they combined their efforts, that an affair of unusual enjoyment would be the result, and yet the entertainment itself exceeded even these roseate expectations. About sixty couples gathered in the pavilion for the dance, which was opened with the grand march in which Miss Olive Edwards of New York City and Floyd Miller of this city led. A program of eighteen dances and several extras followed and it was long after midnight before the strains of "Home Sweet Home" were sounded by the Templeton orchestra. A big bowl of fragrant punch was stationed in one corner of the dance hall and during the intermission, an ice course was served. The hostesses in the opinion of their guests "did themselves proud" and the affair will go down as one of the most delightful of the season's festivities.

KING AND QUEEN OF ENGLAND VISIT FRANCE.

Paris, April 21. King George V and Queen Mary of England, accompanied by a numerous suite, arrived here at 4 o'clock this afternoon. They were met by President Raymond Poincare. For the next three days they will be the official guests of the French Republic. The British foreign minister, Sir Edward Grey, accompanied the King and though there is nothing unusual in the fact that the foreign secretary should accompany a monarch on a trip outside his country, it is generally believed here that advantage will be taken of the occasion to bring France and England to a better understanding. During just the past two years French diplomats have repeatedly asked themselves just what France might expect from England in case of a serious European war. Sir Edward Grey, it is believed, will supply an answer while here. Though retaining its old name of Entente Cordiale, it is rumored that what amounts practically to an alliance will be terminated by the representatives of the two powers here within the next three days.

In spite of the stirring political campaign and the general elections next Sunday, the British King and Queen's stay will be marked by a brilliancy never surpassed on similar occasions here. Coming by way of Dover and Calais, the crossing being accompanished in less than an hour aboard the royal yacht, the party arrived by special train representatives of the French government meeting France's guests at Calais where the shore batteries boomed a salute. In Paris traffic was turned into other streets than those traversed by the King and Queen in their transit from station to their quarters at the French foreign office and a magnificent array of troops lined the two sides of the thoroughfares from beginning to end of the journey.

This is the first official visit paid to any country by King George and Queen Mary. It is also the first time that a British royal couple ever paid a state visit to the French Republic. It is estimated that at least $100,000 will be spent on the special features of the entertainments provided for the couple and the apartments at the foreign office, Quay d'Orsay, have been specially furnished and decorated for their Majesties.

It was at first decided that the King and Queen would stay at the magnificent British embassy in the Rue St. Honore where special suites exist for their exclusive use and which are closed at other times. But as scarcely a hundred yards separate the entrance of the embassy and that of the Elysee, President Poincare's official residence, the switch to the foreign office three quarters of a mile away was made, in order to give the numerous processions between the two points room to form and also to be seen.

Wichita Falls, Texas, April 21, 1914

The trouble we are having with Huerta is already causing some Texans to get busy by organizing volunteer military regiments. E. W. Edwards, 1417 Jackson street, Dallas, has issued a call for 1000 volunteers for what he is pleased to term his Texas maverick regiment and upon the perfection of the organization to offer its services to the United States for service in Mexico. In his call he prefers cowboys, ex-peace officers and men who have special qualifications for duty with a hard-worked regiment. Those making applications must be U. S. citizens between 21 and 35 years of age, unmarried, not under 5 feet 4 inches or over 6 feet 4 inches, and must weigh not less than 140 pounds nor over 200, white race, good habits and strong constitution. Here's a good chance for those who want to fight to do something besides talking. Get busy.

Wichita Falls is making great preparation for entertaining the Texas Press Association in annual session June 18-20. That town will also be hostess to the National Editorial Association May 2 as that body is swinging across the State on an excursion after its annual meeting which is to be held in Texas (at Houston) this week. Wichita Falls increased her population 230 per cent in ten years and is famed as one of the most progressive smaller cities in the United States. The editors of these papers are anticipating with pleasure their stay in Wichita Falls during the State Press meeting.—McKinney Courier-Gazette.

Wichita Falls, Electra and Burkburnett people are going to do all in their power to make the visit of the National editors a pleasant one. In June, when the State editors meet here it will be up to our people to entertain them as well or better than they have ever been entertained on any previous occasion—even better than at San Antonio or Corpus Christi, and if that is done Wichita Falls will have to put her first foot foremost, as the two cities above mentioned did every thing that could have been desired to make the editors enjoy their visit.

Col. R. T. Milner, former president of the A. & M. College, and also a prominent anti prohibitioist, has announced that he will support Col. Tom Ball for governor. Just what it is that is causing so many of the anti prohibition leading Democrats to flock to the support of Col. Ball while they have such a strong anti candidate in Mr. Ferguson, we are unable to quite figure out, unless it be that Col. Ball revised his views on prohibition to their liking. In his speech at Greenville today Col. Ball, as had been predicted, announced that he was opposed to three kinds of prohibition—statutory, nation-wide and the ten-mile law. He favors statewide prohibition, and in order to get that the legislature will have to order an election. This cannot be done unless the pros have a majority of two-thirds in the Senate and House of Representatives. The Democrats of the state who will vote to determine who of the various candidates for governor and other state and district offices shall be the nominees on July 25, will also vote to determine the matter of whether the question of statewide prohibition shall again be submitted to the people of the state in 1915. If a majority of the Democrats who vote in that primary decide in favor of submission, it will be the duty of the legislature to submit the question. That is the way the pros will view the matter. But the antis view it differently. They contend that members of the legislature should be governed—not by a majority of the entire state, but by a majority of their constituents. There are thirty-one senatorial districts in the state. Fourteen of these are controlled by the antis. In order to have statewide prohibition submitted again to a vote of the people, the pro advocates must elect two-thirds of the members of both branches of the legislature. They can and doubtless will succeed in doing this in the House of Representatives, but the antis can afford to lose two or three members of the Senate and yet have enough left to defeat submission. Apparently, a great number of the leading antis are expressing their preference for Ball as governor, rather than accept Ferguson, who is an anti-prohibitionist all the way through, and has said that if elected governor he would veto all legislation on the liquor question that might come before him whether it was in favor of the pros or antis. The way it looks now, while the question of prohibition is the leading question in this campaign, there is but about one chance in a thousand that the people of the state will get a chance to vote on statewide prohibition in 1915. Col. Ball has the inside track. The great bulk of the pro vote will go to him because he favors constiutional prohibition. He will get a good sprinkling of the anti vote because he opposes three kinds of prohibition, thus fixing it so that if the antis display as much energy in electing their candidates to the State Senate at the pending election as they have in past elections, the liquor interests, or those who have their money invested in bar fixtures, need be in no great hurry to dispose of them, it matters not whether Col. Ball or Mr. Ferguson is elected governor.

Perhaps Col. Ball does not favor the ten-mile law for fear that it would require some communities in the State to move their school houses out of the limit.

REFUGEES FROM CHIHUAHUA ARRIVE

AMERICANS SAY THEY WERE WARNED TO LEAVE BY AMERICAN CONSUL THERE

ALL MEXICANS ARE INVOLVED

Even Rebels Declare President's Course is an Affront to Honor of of Nation

By Associated Press.

El Paso, Texas, April 21.—Many Americans, eight Germans and nine French women and children arrived here today from Chihuahua.

The Americans confirmed the statement that they were warned to leave by the American consul. They said Mexicans in Chihuahua held the belief that the rebels would be unable to remain out of the complications between Huerta and the United States, and that the rebel leaders would be compelled to accept the view that the blockade of Tampico and Vera Cruz was a national matter affecting the honor of every Mexican regardless of his political affiliations.

The consul, they said, was endeavoring to get the Americans out without attracting undue attention and his efforts were being aided by General Carranza.

Most of the conference yesterday between General Villa and General Carfanza, they asserted, was devoted to consideration of the Tampico incident and its developments as affecting the rebels.

The gravest view was taken, according to reports, in the cafes, clubs and other gatherings. Mexican citizens in Chihuahua practically all of who male rebel sympathizers said openly that President Wilson's course was an affront to Mexican honor and that a common enemy must be met by a united country.

Meanwhile there was no definite announcement by the generals. The American said the report was that it was the purpose of the generals to hide the truth by silence and leave the impression that the campaign against Huerta would be continued regardless of a foreign enemy. This, they said, in view of the excited talks in the cafes and elsewhere, deceived no one.

FEDERALS ARE SEEKING PEACE WITH REBELS

Pennsy Suffragettes Open Campaign.

Harrisburg, Pa., April 21.—Suffragettes of Pennsylvania today began a four weeks campaign to force candidates for nomination to the State House of Representatives to come out into the open on the question of providing for a vote for the electors of the state on the matter of woman suffrage. Candidates of every political party will be informed that a refusal will be considered as opposition to woman suffrage, and that the women will fight all candidates who do not declare themselves.

THIRTEEN KILLED IN LUEDLOW FIGHT

MANY OTHERS WOUNDED IN CLASH BETWEEN MILITIA AND STRIKING MINERS

FIGHTING MAY BE RENEWED

Armed Strikers Gathering at Ludlow and Additional Militiamen are Arriving There

By Associated Press.

Trinidad, Colo., April 21.—Bulletin)—A telephone message from Ludlow say sthat three women and a number of children were smothered to death in the fire that swept the Ludlow tent colony last night during the battle between the strikers and militia. The statement is confirmed at military headquarters. The victims had taken refuge in a cave and were suffocated.

By Associated Press.

Trinidad, Colo., April 21.—Thirteen were believed dead and the number of wounded was not known when day dawned on the Ludlow battlefield where yesterday 100 militiamen and deputy sheriffs fought a battle with strikers.

Throughout the night bodies of strikers heavily armed moved from various camps in the direction of Ludlow and a renewal of the conflict was expected momentarily.

Eighty-seven additional militiamen ordered out last night arrived this morning.

An unidentified man riding a horse attached to a light buggy dashed from the camp waving a white flag just after the firing started. When ordered to halt he is said to have drawn a revolver and commenced firing and was killed by the militia.

Yesterday's battle centered around the trestle on the Colorado & Southern railway and several dead are said to be lying along the track. The firing continued throughout yesterday afternoon and intermittently throughout the night. The fighting raged over an area of possibly three square miles. Ludlow was isolated by the cuttin gof telegraph and telephone wires.

Last night the militia used machine guns in their attack on the tent colony.

Firing began early Monday in the hills above Cedar Hill, about a mile from Ludlow, and a mile and a half from the tent colony.

Lieutenant Linderfelt and his detachment of sixteen men went out to investigate and were cut off from the main body of militiamen, commanded by Lieut. Lawrence. Linderfelt finally took up a position south of the Colorado & Southern tracks on what is known as Watertank Hill. The strikers entrenched themselves along the track and the fighting raged around this point during the ear. part of the day.

Train Crew Refused.

A call was sent to Trinidad by the militia for reinforcements and fifty members of the newly organized Troop A were hurriedly called together and placed aboard a special train. When the train was ready to leave Trinidad, the train crew refused to serve. After nearly an hour's delay, Supt. J. H. Abrams of the Colorado & Southern took charge of the train with Master Mechanic Roach as engineer and Dispatcher Willis as fireman. A strong body of strikers was entrenched in the pump house a short distance north of the Ludlow station. This building was literally riddled with bullets from the Springfield rifles.

AMBASSADORS REFUSE TO DISCUSS CONFERENCE

By Associated Press.

Washington, April 21.—Count Von Bernstorff, the German ambassador, was the first to confer with Secretary Bryan. He told inquirers he could not discuss his visit and that he was without any information of the German ship carrying munitions of war to Huerta at Vera Cruz. Ambassador Jusser and Ambassador Spring Rice and Ambassador Riano were Mr. Bryan's next callers. Each emerged refusing to answer any questions.

OIL PRICES DROPS TO EIGHTY-FIVE CENTS

SECOND REDUCTION OF A DIME A BARRELL IS ANNOUNCED HERE TODAY

BOTTOM NOT YET REACHED

This is Belief of Local Oil Men Who are Expecting Still Further Reductions

Northwest Texas oil producers can get eighty-five cents for their oil today no more. Another drop in prices was announced late Monday, the second within ten days. On the first of this month oil was bringing $1.05 per barrel, today, after two declines of a dime each, it is worth only eighty-five cents. Gloom reigned among local oil men when the news got broad for many had been hopeful that there would be no further drop from ninety-five. The Magnolia, as previously, took the first step, being followed shortly by the Guffey and Texas companies.

The cut follows reductions in the Mid-continent field and in Indiana and Pennsylvania grades, due to overproduction. The production is freely made here that there will be still another drop before the bottom is reached. The situation is said to be due, not to the fact that the country is producing more oil than it needs, but to the fact that it is producing more than can be shipped and refined.

While the April 1 statement of stocks in the Electra field indicate no great amount of oil on hand, it follows that even if there is no overproduction at Electra, refineries will not pay more for the crude product there than they have to pay in the Mid-continent. In Oklahoma, the reductions have put a decided crimp in drilling, but in Northwest Texas there has been no noticeable falling off in new work.

Life With Depths.

Many a life that seems most exposed to the heat of the day has abundant refreshing for other lives. It is not always the outwardly sheltered soul that can offer to others the help of the deepest experiences. Close by a dusty mountain road, in a hot and swampy meadow, with no shade near it, is a little spring among the grasses. There is a stick in the ground beside it, with a cup thereon, and a sign "Cold Spring." You hardly believe in the sign until, tired traveler that you are, you set your lips to a cup of that water. It is the coldest spring in the region, bubbling up among the grasses of the hot meadow, not gushing from moss-grown rock on the mountainside. The little meadow-spring has depth and shelter known to itself. Is this not also the secret of the life of that friend whose refreshing presence has often meant so much to you?—Sunday School Times.

NO NECESSITY YET FOR ORDERS TO MOVE TROOPS

Secretary Bryan In Uninterrupted Communication With Charge O'Shaughnessy

By Associated Press.

Washington, April 21.—War department officials said there was nothing to indicate the necessity for immediate orders for the movement of troops.

No unusual conditions are reflected in reports from the border where there was a fear of anti-American demonstrations. All reports from border towns were forwarded to Brigadier General Bliss, commanding the border patrol. Secretary Bryan today conferred with Secretary Daniels but declined to comment on the proposal to seize a shipment of arms consigned to Huerta. Mr. Bryan said he was in uninterrupted correspondence with Charge O'Shaughnessy at Mexico City, but he did not indicate the nature of the exchanges. He said, however, that he had heard nothing of the rumor that Charge O'Shaughnessy would be presented with his passports.

Secretary Daniels said he would make no statement until after the meeting of the cabinet.

The flotilla of forty torpedo boats and torpedo boat destroyers sailed from Pensacola for Tampico last night.

Mrs. Tucker's BRAND Shortening

UNTIL this ideal shortening came on the market the trouble that most women experienced in cake making was not only to get the texture light, soft and palatable, but to make cake that would "keep." Lard and butter were at the bottom of the whole trouble. Cake made with lard is heavy, soggy and indigestible and quickly loses its freshness. Butter, except a few kinds that could not be used for cooking, owing to their prohibitive prices, was not free from taint. Mrs. Tucker's Shortening is the direct answer to the housewife's demand for a pure, wholesome, economical cooking fat.

HOUSTON MAN OPENS CAMPAIGN FOR GOVERNOR BEFORE GREAT CROWD TODAY

OUTLINES HIS PLATFORM

Predicts Texas Will be Voted Dry but is Against Statutory and National Prohibition

Greenville, Texas, April 21.—Before a gerat crowd here this afternoon, Thos. H. Ball opened his campaign for governor.

"I am a firm believer of state rights," said Mr. Ball, "but I do not assent to the views of many of my friends who believe that advocacy of national prohibition is equivalent to advocating the destruction of state rights. There is ample room for debate as to its wisdom and for objections to it as unnecessary or unwise reaching out of federal power, but national prohibition would never come except in the manner provided by the states when the union was formed. That method requires two-thirds of both houses of Congress to submit and three-fourths of all states to ratify any amendment to the constitution and this plan was assented to by the states when our government was established. It would, therefore, be no more subversive of state rights to adopt national prohibition in that way than it was to amend constitution so as to elect United States senators by direct vote of the people.

"My position on statutory prohibition is not a new one. At the great prohibition rally at the Dallas state fair, October 16, 1908, I declared my belief that statutory prohibition could not be had so long as our local option laws remained in the constitution and I have not changed my views since that time."

He declared that a five mile law or a ten mile law was open to the same objections as it would be, in effect, statutory prohibition.

The speaker then set forth a "legislative program." In event that the submission proposition does not carry in the democratic primary election in July, he will "regard it as an expression of the will of the people to postpone the question of statewide prohibition" and will proceed with regulatory laws to minimize the evils of the liquor traffic. In this connection he tentatively suggests a sealed package law. If submission carries and the legislature shall submit the amendment, he expects to then proceed expeditiously with other necessary business. If submission carries in the primary—

"And the legislature refuses to obey the will of the people I will try and make it so warm for the brewery and bar-room interests, by laws which will run the gauntlet of the courts, that even they will be asking to let the people vote.

"If submission carries in the July primaries," he says, "the legislature ought to be able within three days after it meets to pass a joint resolution and submit prohibition amendment in July, 1915. If submission fails no such election can be held and whether it carries or fails there need be no neglect of other great public questions.

"With submission disposed of, the legislature will be urged to put the state on a cash basis, provide for the needs of our institutions of learning, our elemosynary institutions, make provision for fire-proof buildings for the blind, take our insane from the county jails to proper asylums and enable all of the departments of state to carry on the states business.

"Then I am going to ask the legislature to stay with me in Austin all summer, if necessary, to work out laws and needed constitutional amendments, to satisfactorily solve our agricultural problem, with its related subjects of a land policy and rural credits, warehouse system, protection of farm products from damage, better marketing conditions, farm development associations and tax laws and in doing this I will invoke the aid of representatives of the farming, shipping, banking, warehouse interests, students of economics and all those whose advice and judgment will be helpful."

Other points in Mr. Ball's speech included:

An education within reach of every child in Texas.

Simplified civil and criminal code.

Honest capital to be welcomed and protected.

Labor guaranteed recognition of its just demands and protection in hazardous occupations.

State to be put on a cash basis.

Amend election laws to prevent corruption, and to prevent any one from voting who cannot name the candidate to be voted for and the office to be filled.

Taxation for worthy purposes, and honest, judicious expenditure of public money, with books kept so that the people may know where fair money has gone.

Constitutional tax limit of 50 cents on the $100 for school purposes to be removed, so that common and independent school districts may tax themselves as much as they see fit.

Favored compulsory education.

Separation of Texas University and A. & M. College, Texas is big and rich enough for both.

Put penitentiaries on self-sustaining basis.

Keen politics out of the penitentiary management.

Prevent appointments as rewards for political service.

Practical farmers to be placed in charge of actual crop-making on state farms.

Liberal commutation of convicts time.

Not less than five penitentiary directors, one to be general manager, selected without the governor's dictation.

Abolition of the fee system wherever possible, some small precincts being excepted.

Retention of the Robertson insurance law.

Favors initiative, referendum and recall, with proper restrictions to require a substantial percentage of the voters to initiate or recall.

Favors majority nominations.

Liquor men not to contribute to campaign funds.

For farmers he favored good dirt roads, the [illegible] system, governmental marketing department, rural credits, discouragement of farm land monopoly through various tax exemptions, through inheritance taxes, through wise sale of school and university lands, through loans from public school funds to home purchasers, through farm building and loan associations.

Legislature to remain in session all summer, if necessary, to work out necessary problems, even though legislators have to save up enough money to live indefinitely on $2 a day after the first sixty days.

Warning to the Farmers' Union not to permit its agents to attempt to shape the political course of its members.

"No corporation will be permitted to contribute one dollar to my campaign fund."

PORT ARTHUR MAN FINDS HEALTH IN WONDERFUL STOMACH REMEDY

Sufferer Is Restored and Makes Remarkable Gain in Weight on Few Doses

J. F. Stoneburner of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatment without apparent benefit. He tried physician after physician until he almost lost hope.

He took Mayr's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy ten-ty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine I am entirely well."

Mr. Stoneburner's experience is typical of that of the thousands who have taken Mayr's Wonderful Stomach Remedy. Thousands of letters from people who have appreciated its wonderful benefits come from all parts of the country.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel troubles. Many say that it has saved them from dangerous operations and many are sure it saved their lives.

The remarkable success of this remedy has caused many imitators, so be cautious. Be sure it's Mayr's. Probably it is known among your own neighbors. Ask them. Go to Fooshee & Lynch and ask about the wonderful results it has been accomplishing in cases they know or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist will tell you its wonderful effects. (Advt)

We Should Raise the Prices of Diamonds Rather Than Reduce Them

And if the diamond buyers of Wichita were wise they would take advantage of any opportunity to buy at a reduction. Every advice from the two great controlling syndicates in the diamond trade is that diamonds are due to make another strong advance shortly, and if it were not that we had contracted to raise a certain amount of money by May 1st, we would hold back our present stock.

As It Is We Have Reduced the Price Seven Per Ct.

NEW PUMP WORKING AT THE WATER PLANT

Second Pump Near Completion and Will Give 6,000,000 Gallons Capacity Daily

One of the big new pumps at the water and light plant is now in operation supplying water to Wichita Falls consumers and by tomorrow a second will probably be working. These two pumps have a combined capacity of six millions daily but for the present will be run at the rate of four million gallons.

A third pump of the same capacity is being installed as a fire pump for use when there is a blaze that requires extra pressure. The new pumps will not replace the old equipment altogether, part of it being kept in service as a reserve. The new machinery occupies an addition to the plant, recently completed.

SLUGGISH LIVERS ARE STARTED PLEASANTLY

No Need to Risk Disagreeable, Dangerous Calomel Now That Dodson's Takes Its Place

Plenty of people—thousands of them—have found that it is no longer necessary to risk being "all knocked out" by taking calomel when constipated or suffering from a sluggish liver.

Nowadays Dodson's Liver Tone takes the place of calomel.

What calomel does unpleasantly and often with danger, Dodson's Liver Tone does for you safely and pleasantly, with no pain and no gripe. It does not interfere in any way with your regular business, habits or diet.

Calomel is a poison, a form of mercury, a mineral. Dodson's Liver Tone is an all vegetable liquid.

Of course, this reliable remedy has its imitators. But Dodson's Liver Tone has been made to take the place of calomel right from the start. The label on the bottle always has said so, beginning with the first bottle sold. And it is widely known today how good Dodson's Liver Tone is as a remedy and know that Dodson never makes extravagant statements. He says that it livens the liver, overcomes constipation agreeably and makes you feel good, and if you are not satisfied completely with it your druggist will hand back the purchase price 50c to you with a smile.

Such statements could not be made without true merit to back them up and it is easy for you to prove them for yourself at no cost if not satisfied and convinced.

This Is Baby Week In Windy City

Chicago, April 20. "Save Chicago Babies." Countless husbands had this slogan hurled at them from moving picture screens today, read it on the billboards, delivery wagons and in the newspapers and tonight will see the same message flashed from an enormous electric sign at State and Madison street. This is baby week in Chicago. The infant Welfare Society, which conducts thirteen baby stations in the congested section where mothers are taught how to care for wee tots, is carrying on a vigorous campaign to raise more funds with which to equip more stations and is using every means to call the publics attention to its work. Lorado Taft, the famous sculptor, designed the big electric sign for the shopping district. It bears 1,500 incandescent lights surrounding the figure of a mother holding a baby in her arms. Several large milk companies cooperated in the campaign by attaching tags to every bottle of milk delivered, telling the purposes of the society. In the past three years Infant Welfare Society workers have cared for 36,000 Chicago babies. They hope to raise funds with which to equip at least six more stations, in addition to five new stations to be established by use of interest on a fund created by the sale of souvenir spoons during the Chicago fair.

MISS MARY BRYAN DIES FOLLOWING OPERATION

Young Woman Who Was Very Popular Here Dies In Ft. Worth—Burial at Decatur

The sad news was received here this morning of the death of Miss Mary Bryan, who until a few weeks ago was a resident of this city, at a hospital in Fort Worth, where she underwent an operation Saturday for appendicitis. She died at 4 o'clock this morning, the surgeon pronouncing her death due to the shock from the operation.

Miss Bryan was employed here as stenographer in the offices of Huff Darwise and Bullington, leaving the latter part of March to go to Dallas to be stenographer and secretary to T. C. Huff, member of the firm here who was recently appointed general counsel for the Katy lines of Texas.

Miss Bryan came to Wichita Falls in 1909 her first employment being with the law firm with which she remained until she left for Dallas. She was a young woman of unusual capacity and efficiency and her courtesy and cheerfulness made her popular with the clients of the firm and all others with whom she was thrown in to contact. In her position she was acquiring a knowledge of law and an experience in executive work that would have soon equipped her for a promising career in that profession.

Her only immediate surviving relative is her mother whose home is at Goody, Texas. Her father who was a Christian minister died when she was very young at Decatur, where his body is buried and where the body of Miss Bryan will be taken tomorrow morning. The funeral service will be held there and will be conducted by Rev. F. F. Walters of this city, pastor of her church.

News of her death was received in a telephone message to Orville Bullington, member of the firm of Huff, Bullington and Martin, who has taken charge of the arrangements for the funeral. As the report of her death spread telephone inquiries poured into the office of the law firm and many called in person to inquire as to the truth of the report hoping that it had been false.

Miss Bryan had known for some time that she had appendicitis but deferred an operation until last week.

ORT WORTH MINISTERS PASS UPON "TRAFFIC IN SOULS."

The management of the Wichita theatre and of the production itself will show in advance to a committee of ministers, if so desired, the film of "Traffic in Souls" which is to be shown here Thursday, Friday and Saturday nights. This has been done in a number of places among them Fort Worth, where the picture was shown last week. The Star-Telegram has the following account of the investigation of the picture there:

To the apparent chagrin and discomfort of Wilbur F. Crafts, president of the National Reform League, and of the most prominent Fort Worth ministers, Monday afternoon refused to set aside the ruling of the Fort Worth censor board permitting the "Traffic of Souls" pictures to be shown.

"I'd like to know what demand there was to bring us over here to pass on this," demanded Father Nolan of St. Patrick's Catholic church. Mayor Milam referred him to Secretary Brient of the Y. M. C. A., as a resolution had been adopted at the ratts meeting of the Y. M. C. A. urging that the films be barred.

Dr. John A. Rice, pastor of the First Methodist church, after an exhibition from the censor board of that the films show, announced in advance that he would vote against the films if scenes of immorality were shown whether the lesson drawn were good or not, on the general principal that showing of immorality is harmful. When Mayor Milam asked for the advice of the ministers after seeing the films, Dr. Rice gave assent to the production but added that he would like to qualify it with censorship of parts.

Crafts became very much excited as the reels were run before the committee. He charged that the operator was not showing all the scenes and Mayor Milam went to the booth to be assured that the film as brought here was being exhibited complete. As it became apparent, the ministers found nothing so shocking in the film Crafts reminded them that it showed scenes in a brothel.

Rev. C. A. Roth, rector of Trinity frankly admitted the effect of the films good, agreeing with the position taken by the censor board.

Mayor Milam had asked each of the ministers to give their vote on a slip of paper by a mere negative or assent at the end of the performance. At the end Father Nolan raised the point that action by them either way would be an advertisement for the production and that there was no call for them to be drawn into such a thing.

"Traffic in Souls" is based upon acts discovered by the Rockefeller committee for the suppression of vice in an investigation in New York, it is said. It shows the haunts and the means of operation of the white slave agents, false employment agencies and other methods used as lures.

MUNICIPAL CANDIDATES FILE EXPENSE REPORTS

It costs all the way from nothing to $65.10 to get elected to city office according to the expense accounts of the candidates, filed with Court Judge C. B. Eelder. A number of the candidates in the recent city election have filed their reports.

Horace Nutt, successful candidate for city attorney, spent the large sum $65.10; Mayor Britain was next with $62.50. Other expense reports were—J. B. Stokes, $31.50; Hart Robertson, $11.50; A. H. Humphris $22.50; J. B. Nail, $28.75; L. N. Jerman, $31; W. A. McCarty, $19.50; Edgar Rye, $4.

Printing and advertising are the principal items in nearly all the reports. Mayor Britain's report includes the item, "miscellaneous expenses, lunches, cigars, refreshments to various persons," $40. City Attorney Nutt spent $1.50 "for liquor refreshments, his report shows. None of the other candidates, so far as the reports show, "set 'em up" during the campaign.

LETTER FROM DAUGHTER OF GENERAL POLIGNAC

A number of Confederate veterans in Texas will be interested in knowing that a daughter of General C. J. Polignac, the famous Frenchman who was at the head of Polignac's Brigade in the war between the States, is soon to visit America and will present to the city of Richmond, Va., her father's sword.

One of the members of this brigade is W. C. Price of Hunt county, who is now here visiting his daughter, Mrs. Drew Young. Mr. Price was wounded in the battle of Mansfield, La., where the Confederate forces under General Polignac fought one of the notable battles of the war.

Mr. Price read with much interest a letter in the Dallas News recently from S. H. Fox and W. S. Corey of McKinney, members of Polignac's brigade in which was included a letter from Madame Armande De Polignac Chabannes of Brussels, Belgium, daughter of General Polignac. The letter is addressed to the aforementioned veterans and follows:

Brussels, March 19.—My Dear Soldiers: Your letter is fresh in my mind and heart and I am replying to it as it is an hour old to tell you how deeply your beautiful thoughts touched me.

When I read your dear, enthusiastic words I felt most grateful that you should thus cherish the memory of my dear beloved father.

How I hope I may see you when I come to America, and shake hands with you in the name of my father, your Gen. Polignac. May you still live long to remember him and bear my thoughts for you in your minds and hearts.

It Only Takes From $350 to $750 To Own Your Own Home Under Our Building Proposition in Southland Addition

To the first two buyers in each block in Southland Addition, who pay for the lot in cash, the Southland Addition will lend the amount of money needed to build your home and you can pay back the loan in monthly installments.

This is an unusual proposition to home builders and you will never get another chance like it after the required number of applications are filed. Every lot in Southland Addition on the market has sidewalks, sewerage, on or near high pressure water mains, car service, protective restrictions that will prevent abuses against damaging adjoining property, and ideal location. Lots range in price from $350 to $750, 50x150 feet. Now is the time to get your choice of location.

A tolerably good FORD AUTOMOBILE, as none of this make are good. It is good of its kind, broke to ride, single or double, is not safe for children as it kicks, and does not understand gee and haw, you have to guide it, rubber tired, you feed it with oil and gasoline, pulls better single. Twin City Fight Fans To Cheer Wolgast.

St. Paul, April 21.—Ten special trains carrying 2,500 fight fans will move out of the Twin Cities at six o'clock tonight for Hudson, Wis., where Johnny Tillman meets Ad Wolgast in a ten round go. While Tillman has shown promise in all of his recent bouts and has no more hesitancy about mixing things than Wolgast, it is believed he has been overmatched and the betting is slightly in favor of the Michigan battler.

A Complete Change of Program

For several years these bean complected grandstanders across the Rio Grande have been putting on a continuous performance of cheap military vaudeville. Shooting at each other with canary bird guns and reporting seven thousand killed and wounded. The other day the greaser got grouchy and refused to say "Good Morning" to the Red, White and Blue. Your Uncle Samuel got awful busy and if the Gringo don't get dreadfully polite awfully quick the Tamale makers are going to have to pay another installment on the Alamo.

All of which don't have much to do with the drug store merchandise that you want in a hurry. Our motorcycle was made where there were no speed limits. Whether you are in a hurry or not phone us, we will send it just as if you were in a hurry.

.....WHY WE WENT INTO THE COFEEE ROASTING BUSINESS.....

We have been playing the game for twenty-five years and always paid particular attention to coffee.

Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast bought our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except in the roaster where the different flavors can combine harmoniously.

Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.

In 1909 we built a small building at the rear of our store and rigged up the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and become too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.

If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.

VERA CRUZ IS CAPTURED
FOUR AMERICANS KILLED
TWENTY MARINES WOUNDED

REPORTED THAT CUSTOM HOUSE HAS BEEN SIEZED

News Came that Port Captured Without Show of Resistance From the Huertista Troops.

SEIZURE OF WAR MUNITIONS THE PURPOSE

Orders Given Admiral Fletcher Leave Question of When and How Up to His Own Discretions

Washington, April 21.—(Bulletin). At 3:20 o'clock Secretary Daniels said he had "no word" of developments at Vera Cruz. Official circles without comment heard a report that marines had landed and taken possession of the customs house. It was said Admiral Fletcher's orders were to land no men until shipment of ammunition should be landed.

By Associated Press.

Washington, April 21.—Orders were sent to Rear Admiral Fletcher today to sieze the custom house at Vera Cruz in time to capture a large shipment of arms for Huerta about to be landed there from a German steamer on its way to Mexico City.

200 MACHINE GUNS IN SHIPMENT

The orders did not stipulate when Admiral Fletcher should take the port but simply left it to his discretion to prevent Huerta from getting several million rounds of ammunition and 200 machine guns.

Administration officials today confirmed the report that they were planning the seizure of shipments of arms consigned to Huerta, now on a German ship nearing Vera Cruz. Leaders were informed that this was one of the reasons for wanting prompt action in congress today.

The plan is to seize the ammunition after it lands at the custom house. Some officials say that the custom house will be seized anyway whether Congress delays action or not.

Secretary Bryan said just before entering the Cabinet meeting that there was a general exodus of Americans from Mexico City to Vera Cruz and that many Americans were getting aboard vessels there.

BELIEVED HUERTA PLAYING FOR TIME

Many officials declared that they believed Huerta had been playing for time merely to get the large shipment of arms which the German vessel is expected to land today. As there is no blockade the American forces cannot seize the ammunition and arms until they have been unloaded at the custom house.

Administration officials pointed out that the President had ample authority for this action. Momentarily officials expected dispatches from Admiral Fletcher announcing that he had seized the custom house.

COMMISSIONERS MEET TOMORROW TO APPOINT J. P.

A called session of the commissioners' court will be held tomorrow to elect a justice of the peace to fill out the unexpired term of W. E. Brothers who died Sunday. It is expected that there will be a number of candidates and several aspirants for the position were circulating petitions among their friends this morning. The term of the departed justice does not expire until December.

The commissioners will also consider requests from parts of the county for appropriations for netting to be used in rabbit drives, but there is some doubt, it is said, as to whether the county's fund can be used for such a purpose. The matter will be taken up tomorrow.

BLOOD IS SPILLED WHEN U.S. TROOPS FORCE LANDING

Washington, April 21--Secretary Daniels made public the following official dispatch from Admiral Fletcher at Vera Cruz.

"Tuesday—In face of approaching norther landed marines and sailors and siezed customs house."

Mexican Forces didn't oppose landing, but opened fire with rifle and artillery after our seizure of customs house.

Transport Prairie shelled Mexicans out of their positions. Desultory firing from house tops and streets.

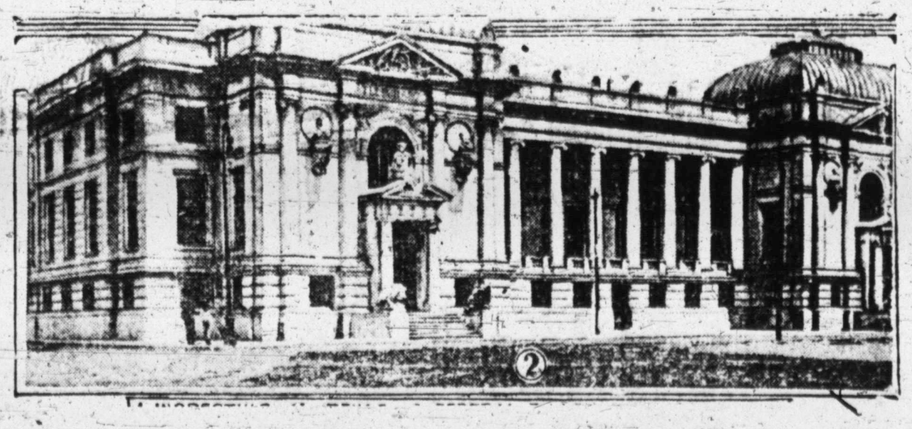

"We hold customs house and section of city in vicinity of wharves and consulate.

Casulties—Four dead, twenty wounded.

Admiral Fletcher today landed marines from American Warships. There was fighting and Consul Canada Called upon Gen. Maas and Antonio Villavenencio to assist Americans in restoring order.

Maas refused. No refuges were injured.

SENATE STILL DEBATING APPROVAL RESOLUTION

While Preparations For Seizure of Tampico Custom House Go On Congress Discusses Form of Resolution.

SENATOR WORKS WOULD ACCEPT APOLOGY

Lodge Urges Substitute Resolution Which Shively Thinks Would Be a Declaration of War.

By Associated Press.

Washington, April 21.—At noon the Cabinet was still in session and no word has been received from Admiral Fletcher who had been ordered to seize the custom house at Vera Cruz.

The order left to Admiral Fletcher's discretion when and how to act. As there is no blockade, the order was to seize the guns after they had been landed or seize the custom house and prevent them from being landed. The order conferred the broadest authority upon the admiral and was said to have authorized him to seize the town as well if necessary.

The order went forward early this morning after the President had been in conference with congress throughout the night mostly by telephone up to four o'clock this morning.

While the order to Admiral Fletcher was probably being carried out by Admiral Fletcher both Houses of Congress went to work on the resolutions approving President Wilson's course.

Senator Lodge opened the debate in the Senate.

"When the President lays an international difficulty before a joint session of congress he takes the last step before a declaration of war," he said. "The President might have acted without authority from Congress but I think he has done well to come to this body."

Senator Williams asked how long it took congress to pass the resolution declaring war with Spain. Senator Lafollette said it took from April 11 to April 19 to pass the resolution in 1898.

Senator Shivley declared that the substitute resolution offered by Senator Lodge could have no other result than precipitate war. He urged the adoption of the resolution as reported by the committee. He said the Lodge resolution was nothing short of a declaration of war.

Senator Works offered his resolution to accept Huerta's expression of regret as full satisfaction. Senator Works pleaded for peace. He insisted that he had not offered his resolution to criticise the course pursued by the president. He did not expect it to be passed, he said, but asserted that "we are going headlong into terrible conditions of war."

SEIZURE OF TAMPICO MAY NOT BE RESISTED

By Associated Press.

Washington, April 21.—There was a report late this afternoon that Admiral Fletcher would not be resisted by the Huertaistas when he seizes the custom house. The federals it was reported were retreating to a point twenty miles west of Vera Cruz. Officials refused to discuss the report.

RESOLUTION ADOPTED BY A VOTE OF 337 37

Democrats and Progressives Vote Almost Solidly In Support of President's Action

Washington, April 21.—By a vote of 337 to 37 Congress last night adopted a resolution justifying the action of the president."

The resolution was adopted following the adoption of a rule limiting debate to forty minutes from each side. Representative Campbell of Kansas, Republican, opened the opposition to the rule, declaring its purpose was to take in order a resolution which is a declaration of war.

"We are asked to declare war against Victoriano Huerta. Why?" he asked. "Because American citizens have been ruthlessly murdered? No. Because American women have been outraged? No. But because a company of sailors were arrested by a subordinate. Is it enough to justify a declaration of war. War with its awful consequences against the helpless, distracted, poverty stricken people of Mexico? For the people of Mexico must share with Victoriano Huerta the results of war."

Campbell In Opposition.

"I am against this war," continued Mr. Campbell. "But if you force this war upon my country it will be my war, the war of my country, and I will support it.

"If you force this war on my country, I will stay here until the war is over—"

An outburst of laughter and applause from the Democratic side greeted this statement and for more than a minute Mr. Campbell was unable to continue. Representative Pou of North Carolina, Democrat, supported the rule, declaring: "The time has come to put an end to these outrages in Mexico."

Victor Murdock said:

"This resolution will do one thing that should be done. It will send around the world the word that our flag must be respected. I am tired of 'watchful waiting,' and I welcome the president's decision to end that policy."

A cheer from the Democrats greeted Mr. Murdock's speech.

Representative Lenroot, Republican favored the resolution, asserting that its passage was the "best means of preventing war in Mexico."

Representative Foster of Illinois made a brief speech supporting the resolution and the rule.

Republican Leader Mann spoke vigorously against the president's policy.

"If the incidents which the president has related to us had occurred with England, Germany, France or any other great nation," he declared, "we would not have such a resolution pending here now. But we think that because Mexico is weak we have the moral right to declare a war against her with high hopes of success. I would not declare war against Mexico for something for which I would not declare war against England or France."

Mr. Mann said the president was "issuing orders" to Congress.

"This is a declaration of war," he said. "This is a declaration that the United States is the helpful ally of the murderous crew in northern Mexico who are murdering men and outraging women."

He insisted that it was purely a case of personal resentment of the President of the United States because he did not like Huerta.

"I don't condone the methods by which Huerta secured the high position he now holds," continued the Republican leader, "nor do I believe in a declaration of war against him because President Wilson does not happen to like him.

We owe more than a salute from Huerta to the American flag. We owe it to make the flag stand for right and justice and peace."

Underwood Closes Debate.

Representative Underwood closed the debate in support of the rule. As he took the floor the Democrats cheered. "This resolution," he said, "may mean war—it may mean peace. Let us hope that the ultimate result of the passage of this resolution will bring peace and good order in the republic of Mexico and the establishment of friendly relations between the two governments.

"But whether it means peace or war there are times when honor must be maintained at whatever cost. You are facing that condition today. No one can say our government has not treated Mexico with patience and consideration. We have let matters go further in Mexico than if we were in a controversy with one of the great nations of the world.

"War never comes from any one incident. For more than a year we have been facing a reign of disorder and turmoil in Mexico with great patience. We have endeavored to allow Mexico to work out a problem of peace and of government.

"We have hoped from day to day that a peaceful settlement might have been reached. But peace never comes to a coward. Peace never comes to a country that fails to protect its citizens or to enforce respect for its flag.

"Our flag has been dishonored in a foreign land. The president of the United States comes here today. He has not asked you to declare war but asks you to sustain him in requiring a decent respect for your flag and an honorable consideration for the rights of your government."

Mr. Underwood deprecated the position taken by Representative Mann and recalled how the Democrats in Congress supported the Spanish war resolution of the McKinley administration.

The rule was adopted by a viva voce vote with a rolling chorus of "ayes" overwhelming a few scattered "noes." Amid shouts of "vote, vote," a unanimous consent agreement was reached limiting debate to two hours and ten minutes. Fifty minutes was consumed by Representative Flood, ten by Representative Murdock and one hour and ten minutes by Republican Leader Mann. The agreement also provided that any member might offer amendment to the resolution.

DECISION TO OPPONENTS OF THE FEE SYSTEM.

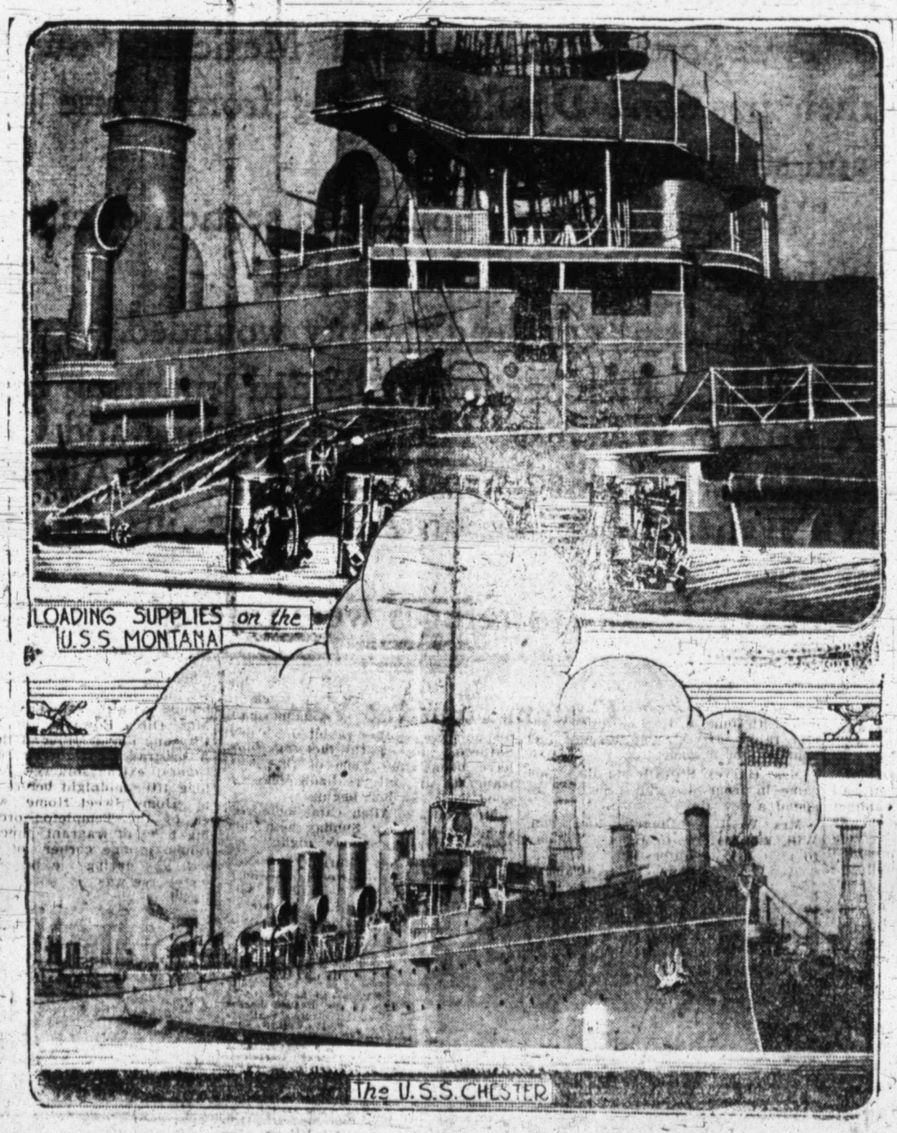

The fee system was debated at Monday night's session of the Young Men's Forum, the opponents being victorious. The debate was largely impromptu, some of the scheduled participants being absent. Messrs. Crowell and Settle had the affirmative, Messrs. Hein and Hull the negative. There were several short talks by members present, the principal talk of the evening being by Dr. J. L. McKee, who gave some reminiscences of his circuit riding days.

On next Monday, the subject for debate will be the advisability of a Y. M. C. A., in this city. Short talks by Messrs. Crowell, Settle and Hein and an address by H. A. Fairchild will be the other features of the program.

WOODMEN AND NEIGHBORS SPLENDIDLY ENTERTAINED

Wichita Falls Delegation Returned Early This Morning After Visit to Camp at Electra

The Modern Woodmen and Royal Neighbors of this place visited Electra Monday, the trip being made in a special car coupled on to the northbound Denver. The party was made up of the officers, degree teams and members of both societies. The Wichita State Band was also included in the party and furnished splendid music for the excursionists. The party was met at the station at Electra by a committee from the camps at that place.

A line of parade was quickly formed as follows: Wichita State Band, M. W. A. Foresters, Royal Neighbors and Modern Woodmen. The parade traversed the principal streets, finally reaching the Woodman hall where music and a drill by the Forester team on the street was enjoyed.

ing and class adoption in the afternoon, after which they were taken out to supper and treated to an auto ride through the oil fields. The Modern Woodmen held a meeting and class adoption at night, concluding their work at ten o'clock when all visitors were conducted to a banquet hall where an excellent banquet was served. B. M. Bullard, venerable consul of Wichita Falls camp, presided as toastmaster and short after-dinner talks were made by Ed Napier, F. S. Jones, E. H. Eddleman, E. P. Haney, District Deputy C. B. McConnell and others.

The party broke up just in time to allow the excursionists to board their special car in time to be picked up by Denver No. 8, which brought the party safely home, arriving here at 2:30. Upon arriving at the station the party was agreeably surprised to learn that the Wichita Falls Traction Company had sent a special car to meet the train, for which the tired excursionists were very grateful. The occasion was a most enjoyable one, and long to be remembered by those who attended.

Will.

I will not sing
A song of spring,
Though that's the customary thing
On days like these
When birds and bees
Go drifting down the balmy breeze.

Dame Nature, she
Must plainly see
That she cannot unsettle me.
Her subtle charm
Can work no harm
To stern resolve and stalwart arm!

Her soft appeal
Perhaps I feel,
But to my duty I am leal,
Though it may irk,
I'll do my work—
No one can say that I will shirk!

To yield were wrong;
I'll sing a song
Of steady toil by heroes strong.
Of spring, in fine,
This verse of mine
Shall not contain a single line!

LITTLE SISTERS DANCE A BRILLIANT AFFAIR

The "Little Sisters" were hostesses Monday night at the first of the season's affairs at the lake pavilion, a dance honoring the Old Maids. The abilities of the young ladies as individual entertainers had been so well established that it was but to be expected, when they combined their efforts, that an affair of unusual enjoyment would be the result, and yet the entertainment itself exceeded even these roseate expectations. About sixty couples gathered in the pavilion for the dance, which was opened with the grand march in which Miss Olive Edwards, of New York City and Floyd Miller of this city led. A program of eighteen dances and several extras followed and it was long after midnight before the strains of "Home Sweet Home" were sounded by the Templeton orchestra. A big bowl of fragrant punch was stationed in one corner of the dance hall and during the intermission, an ice course was served. The hostesses in the opinion of their guests "did themselves proud" and the affair will go down as one of the most delightful of the season's festivities.

To be honest with you I would rather have a particular customer that none who wasn't very particular and I'll tell you why. I'm catering to particular people. My meat is bought, handled and cut so as to suit people who know and appreciate genuine meat quality and service.

I don't buy every kind of meat that comes along; in fact, most of the quarters of beef that I buy demand a premium and yet my prices aren't any higher than you'll pay for meat not so good.

Knowing how to buy, how to cut and how to sell enables me to make a profit where other dealers would have to charge more than I do.

Make use of my meat service, ask me questions, get acquainted with the meat problem from the various angles, especially from the butcher's side of the question and you'll find it easier to buy good meat and yet not increase your meat bills to any appreciable extent.

KING AND QUEEN OF ENGLAND VISIT FRANCE.

Paris, April 21.—King George V and Queen Mary of England, accompanied by a numerous suite, arrived here at 4 o'clock this afternoon. They were met by President Raymond Poincare. For the next three days they will be the official guests of the French Republic. The British foreign minister, Sir Edward Grey, accompanied the King and though there is nothing unusual in the fact that the foreign secretary should accompany a monarch on a trip outside his country, it is generally believed here that advantage will be taken of the occasion to bring France and England to a better understanding. During just the past two years French diplomats have repeatedly asked themselves just what France might expect from England in case of a serious European war, Sir Edward Grey, it is believed, will supply an answer while here. Though retaining its old name of Entente Cordiale, it is rumored that what amounts, practically to an alliance will be terminated by the representatives of the two powers here within the next three days.

In spite of the stirring political campaign and the general elections next Sunday, the British King and Queen's stay will be marked by a brilliancy never surpassed on similar occasions here. Coming by way of Dover and Calais, the crossing being accompanished in less than an hour aboard the royal yacht, the party arrived by special train representatives of the French government meeting France's guests at Calais where the shore batteries boomed a salute. In Paris traffic was turned into other streets than those traversed by the King and Queen in their transit from station to their quarters at the French foreign office and a magnificent array of troops lined the two sides of the thoroughfares from beginning to end of the journey.

This is the first official visit paid to any country by King George and Queen Mary. It is also the first time that a British royal couple ever paid a state visit to the French Republic. It is estimated that at least $100,000 will be spent on the special features of the entertainments provided for the couple and the apartments at the foreign office, Quay d'Orsay, have been specially furnished and decorated for their Majesties.

It was at first decided that the King and Queen would stay at the magnificent British embassy in the Rue St. Honore where special suites exist for their exclusive use and which are closed at other times. But as scarcely a hundred yards separate the entrance of the embassy and that of the Elysee, President Poincare's official residence, the switch to the foreign office three quarters of a mile away was made, in order to give the numerous processions between the two points room to form and also to be seen.

Suffrage Ball Tonight.

Washington, April 21.—Society today was getting all doiled up for the suffrage ball tonight. This event, engineered by the leading suffragettes, bids fair to be one of the leading events of the capital's social season. Exhibition dancing by prominent professionals is slated as one of the innovations.

A Better Food Than Meat

You may not know that good syrup has more nourishment in it than meat. It *has*—and it costs a great deal *less*. The new tariff reduces the cost of Velva considerably and it's cheaper than ever before.

VELVA

is the most economical food that you can buy, and it has the advantage of being the most delicious, too—just great on waffles, biscuits and batter cakes. In red or green cans at your grocer's.

Wichita Falls, Texas, April 21, 1914

The trouble we are having with Huerta is already causing some Texans to get busy by organizing volunteer military regiments. E. W. Edwards, 1417 Jackson street, Dallas, has issued a call for 1000 volunteers for what he is pleased to term his Texas maverick regiment and upon the perfection of the organization to offer its services to the United States for service in Mexico. In his call he prefers cowboys, ex-peace officers and men who have special qualifications for duty with a hard-worked regiment. Those making applications must be U. S. citizens between 21 and 35 years of age, unmarried, not under 5 feet 4 inches or over 6 feet 4 inches, and must weigh not less than 140 pounds nor over 200, white race, good habits and strong constitution. Here's a good chance for those who want to fight to do something besides talking. Get busy.

Wichita Falls is making great preparation for entertaining the Texas Press Association in annual session June 18-20. That town will also be hostess to the National Editorial Association, May 2, as that body is swinging across the State on an excursion after its annual meeting which is to be held in Texas (at Houston) this week. Wichita Falls increased her population 230 per cent in ten years and is famed as one of the most progressive smaller cities in the United States. The editors of these papers are anticipating with pleasure their stay in Wichita Falls during the State Press meeting.—McKinney Courier-Gazette.

Wichita Falls, Electra and Burkburnett people are going to do all in their power to make the visit of the National editors a pleasant one. In June, when the State editors meet here it will be up to our people to entertain them as well or better than they have ever been entertained on any previous occasion—even better than at San Antonio or Corpus Christi, and if that is done Wichita Falls will have to put her first foot foremost, as the two cities above mentioned did every thing that could have been desired to make the editors enjoy their visit.

Col. R. T. Milner, former president of the A. & M. College, and also a prominent anti prohibitioist, has announced that he will support Col. Tom Ball for governor. Just what it is that is causing so many of the anti prohibition leading Democrats to flock to the support of Col. Ball while they have such a strong anti candidate in Mr. Ferguson, we are unable to quite figure out, unless it be that Col. Ball revised his views on prohibition to their liking. In his speech at Greenville today Col. Ball, as had been predicted, announced that he was opposed to three kinds of prohibition—statutory, nation-wide and the ten-mile law. He favors statewide prohibition and in order to get that the legislature will have to order an election. This cannot be done unless the pros have a majority of two-thirds in the Senate and House of Representatives. The Democrats of the state who will vote to determine who of the various candidates for governor and other state and district offices shall be the nominees on July 25, will also vote to determine the matter of whether the question of statewide prohibition shall again be submitted to the people of the state in 1915. If a majority of the Democrats who vote in that primary decide in favor of submission, it will be the duty of the legislature to submit the question. That is the way the pros will view the matter. But the antis view it differently. They contend that members of the legislature should be governed—not by a majority of the entire state, but by a majority of their constituents. There are thirty-one senatorial districts in the state. Fourteen of these are controlled by the antis. In order to have statewide prohibition submitted again to a vote of the people, the pro advocates must elect two-thirds of the members of both branches of the legislature. They can and doubtless will succeed in doing this in the House of Representatives, but the antis can afford to lose two or three members of the Senate and yet have enough left to defeat submission. Apparently, a great number of the leading antis are expressing their preference for Ball as governor, rather than accept Ferguson, who is an anti-prohibitionist all the way through, and has said that if elected governor he would veto all legislation on the liquor question that might come before him whether it was in favor of the pros or antis. The way it looks now, while the question of prohibition is the leading question in this campaign, there is but about one chance in a thousand that the people of the state will get a chance to vote on statewide prohibition in 1915. Col. Ball has the inside track. The great bulk of the pro vote will go to him because he favors constiutional prohibition. He will get a good sprinkling of the anti vote because he opposes three kinds of prohibition, thus fixing it so that if the antis display as much energy in electing their candidates to the State Senate at the pending election as they have in past elections, the liquor interests, or those who have their money invested in bar fixtures, need be in no great hurry to dispose of them, it matters not whether Col. Ball or Mr. Ferguson is elected governor.

Perhaps Col. Ball does not favor the ten-mile law for fear that it would require some communities in the State to move their school houses out of the limit.

REFUGEES FROM CHIHUAHUA ARRIVE

AMERICANS SAY THEY WERE WARNED TO LEAVE BY AMERICAN CONSUL THERE

ALL MEXICANS ARE INVOLVED

Even Rebels Declare President's Course is an Affront to Honor of of Nation

By Associated Press.

El Paso, Texas, April 21.—Many Americans, eight Germans and nine French women and children arrived here today from Chihuahua.

The Americans confirmed the statement that they were warned to leave by the American consul. They said Mexicans in Chihuahua held the belief that the rebels would be unable to remain out of the complications between Huerta and the United States, and that the rebel leaders would be compelled to accept the view that the blockade of Tampico and Vera Cruz was a national matter affecting the honor of every Mexican regardless of his political affiliations.

The consul, they said, was endeavoring to get the Americans out without attracting undue attention and his efforts were being aided by General Carranza.

Most of the conference yesterday between General Villa and General Carranza, they asserted, was devoted to consideration of the Tampico incident and its developments as affecting the rebels.

The gravest view was taken, according to reports, in the cafes, clubs and other gatherings. Mexican citizens in Chihuahua practically all of who male rebel sympathizers said openly that President Wilson's course was an affront to Mexican honor and that a common enemy must be met by a united country.

Meanwhile there was no definite announcement by the generals. The American said the report was that it was the purpose of the generals to hide the truth by silence and leave the impression that the campaign against Huerta would be continued regardless of a foreign enemy. This they said, in view of the excited talks in the cafes and elsewhere, deceived no one.

FEDERRLS ARE SEEKING PEACE WITH REBELS

Laredo, Texas, Apri 121.—It was authoritatively reported this morning that two federal officers from the Nuevo Laredo garrison bearing a flag of truce went down the river yesterday to a party of rebel officers. This action is a significant, it is believed here.

Pennsy Suffragettes Open Campaign.

Harrisburg, Pa., April 21.—Suffragettes of Pennsylvania today began a four weeks campaign to force candidates for nomination to the State House of Representatives to come out into the open on the question of providing for a vote for the electors of the state on the matter of woman suffrage. Candidates of every political party will be informed that a refusal will be considered as opposition to woman suffrage, and that the women will fight all candidates who do not declare themselves.

THIRTEEN KILLED IN LUEDLOW FIGHT

MANY OTHERS WOUNDED IN CLASH BETWEEN MILITIA AND STRIKING MINERS

FIGHTING MAY BE RENEWED

Armed Strikers Gathering at Ludlow and Additional Militiamen are Arriving There

By Associated Press.

Trinidad, Colo., April 21.—Bulletin)—A telephone message from Ludlow say sthat three women and a number of children were smothered to death in the fire that swept the Ludlow tent colony last night during the battle between the strikers and militia. The statement is confirmed at military headquarters. The victims had taken refuge in a cave and were suffocated.

By Associated Press.

Trinidad, Colo., April 21.—Thirteen were believed dead and the number of wounded was not known when day dawned on the Ludlow battlefield where yesterday 100 militiamen and deputy sheriffs fought a battle with strikers.

Throughout the night bodies of strikers heavily armed moved from various camps in the direction of Ludlow and a renewal of the conflict was expected momentarily.

Eighty-seven additional militiamen ordered out last night arrived this morning.

An unidentified man riding a horse attached to a light buggy dashed from the camp waving a white flag just after the firing started. When ordered to halt he is said to have drawn a revolver and commenced firing and was killed by the militia.

Yesterday's battle centered around the trestle on the Colorado & Southern railway and several dead are said to be lying along the track. The firing continued throughout yesterday afternoon and intermittently throughout the night. The fighting raged over an area of possibly three square miles. Ludlow was isolated by the cuttin gof telegraph and telephone wires.

Last night the militia used machine guns in their attack on the tent colony.

Firing began early Monday in the hills above Cedar Hill, about a mile from Ludlow, and a mile and a half from the tent colony.

Lieutenant Linderfelt and his detachment of sixteen men went out to investigate and were cut off from the main body of militiamen, commanded by Lieut. Lawrence. Linderfelt finally took up a position south of the Colorado & Southern tracks on what is known as Watertank Hill. The strikers entrenched themselves along the track and the fighting ragd around this point during the ea: part of the day.

Train Crew Refused.

A call was sent to Trinidad by the militia for reinforcements and fifty members of the newly organized Troop A were hurriedly called together and placed aboard a special train. When the train was ready to leave Trinidad, the train crew refused to serve. After nearly an hour's delay, Supt. J. H. Abrams of the Colorado & Southern took charge of the train with Master Mechanic Roach as engineer and Dispatcher Willis as fireman. A strong body of strikers was entrenched in the pump house a short distance north of the Ludlow station. This building was literally riddled with bullets from the Springfield rifles.

AMBASSADORS REFUSE TO DISCUSS CONFERENCE

By Associated Press.

Washington, April 21.—Count Von Bernstorff, the German ambassador, was the first to confer with Secretary Bryan. He told inquirers he could not discuss his visit and that he was without any information of the German ship carrying munitions of war to Huerta at Vera Cruz. Ambassador Jusser and Ambassador Spring Rice and Ambassador Riano were Mr. Bryan's next callers. Each emerged refusing to answer any questions.

OIL PRICES DROPS TO EIGHTY-FIVE CENTS

SECOND REDUCTION OF A DIME A BARRELL IS ANNOUNCED HERE TODAY

BOTTOM NOT YET REACHED

This is Belief of Local Oil Men Who are Expecting Still Further Reductions

Northwest Texas oil producers can get eighty-five cents for their oil today no more. Another drop in prices was announced late Monday, the second within ten days. On the first of this month oil was bringing $1.05 per barrel, today, after two declines of a dime each, it is worth only eighty-five cents. Gloom reigned among local oil men when the news got broad for many had been hopeful that there would be no further drop from ninety-five. The Magnolia, as previously, took the first step, being followed shortly by the Guffey and Texas companies.

The cut follows reductions in the Mid-continent field and in Indiana and Pennsylvania grades, due to overproduction. The production is freely made here that there will be still another drop before the bottom is reached. The situation is said to be due, not to the fact that the country is producing more oil than it needs, but to the fact that it is producing more than can be shipped and refined.

While the April 1 statement of stocks in the Electra field indicate no great amount of oil on hand, it follows that even if there is no overproduction at Electra, refineries will not pay more for the crude product there than they have to pay in the Mid-continent. In Oklahoma, the reductions have put a decided crimp in drilling, but in Northwest Texas there has been no noticeable falling off in new work.

Life With Depth.

Many a life that seems most exposed to the heat of the day has abundant refreshing for other lives. It is not always the outwardly sheltered soul that can offer to others the help of the deepest experiences. Close by a dusty mountain road, in a hot and swampy meadow, with no shade near it, is a little spring among the grasses. There is a stick in the ground beside it, with a cup thereon, and a sign "Cold Spring." You hardly believe in the sign until, tired traveler that you are, you set your lips to a cup of that water. It is the coldest spring in the region, bubbling up among the grasses of the hot meadow, not gushing from moss-grown rock on the mountainside. The little meadow-spring has depth and shelter known to itself. Is this not also the secret of the life of that friend whose refreshing presence has often meant so much to you?—Sunday School Times.

NO NECESSITY YET FOR ORDERS TO MOVE TROOPS

Secretary Bryan In Uninterrupted Communication With Charge O'Shaughnessy

By Associated Press.

Washington, April 21.—War department officials said there was nothing to indicate the necessity for immediate orders for the movement of troops.

No unusual conditions are reflected in reports from the border where there was a fear of anti-American demonstrations. All reports from border towns were forwarded to Brigadier-General Bliss, commanding the border patrol. Secretary Bryan today conferred with Secretary Daniels but declined to comment on the proposal to seize a shipment of arms consigned to Huerta. Mr. Bryan said he was in uninterrupted correspondence with Charge O'Shaughnessy at Mexico City, but he did not indicate the nature of the exchanges. He said, however, that he had heard nothing of the rumor that Charge O'Shaughnessy would be presented with his passports.

Secretary Daniels said he would make no statement until after the meeting of the cabinet.

The flotilla of forty torpedo boats and torpedo boat destroyers sailed from Pensacola for Tampico last night.

Mrs. Tucker's BRAND **Shortening**

UNTIL this ideal shortening came on the market the trouble that most women experienced in cake making was not only to get the texture light, soft and palatable, but to make cake that would "keep." Lard and butter were at the bottom of the whole trouble. Cake made with lard is heavy, soggy and indigestible and quickly loses its freshness. Butter, except a few kinds that could not be used for cooking, owing to their prohibitive prices, was not free from taint. Mrs. Tucker's Shortening is the direct answer to the housewife's demand for a pure, wholesome, economical cooking fat.

10,000 HEAR BALL AT GREENVILLE

HOUSTON MAN OPENS CAMPAIGN FOR GOVERNOR BEFORE GREAT CROWD TODAY

OUTLINES HIS PLATFORM

Predicts Texas Will be Voted Dry but is Against Statutory and National Prohibition

Greenville, Texas, April 21.—Before a gerat crowd here this afternoon, Thos. H. Ball opened his campaign for governor.

"I am a firm believer of state rights," said Mr. Ball, "but I do not assent to the views of many of my friends who believe that advocacy of national prohibition is equivalent to advocating the destruction of state rights. There is ample room for debate as to its wisdom and for objections to it as unnecessary or unwise reaching out of federal power, but national prohibition would never come except in the manner provided by the states when the union was formed. That method requires two-thirds of both houses of Congress to submit and three-fourths of all states to ratify any amendment to the constitution and this plan was assented to by the states when our government was established. It would, therefore, be no more subversive of state rights to adopt national prohibition in that way than it was to amend constitution so as to elect United States senators by direct vote of the people.

"My position on statutory prohibition is not a new one. At the great prohibition rally at the Dallas state fair, October 16, 1908, I declared my belief that statutory prohibition could not be had so long as our local option laws remained in the constitution and I have not changed my views since that time."

He declared that a five mile law or a ten mile law was open to the same objections as it would be, in effect, statutory prohibition.

The speaker then set forth a "legislative program." In event that the submission proposition does not carry in the democratic primary election in July, he will "regard it as an expression of the will of the people to postpone the question of statewide prohibition" and will proceed with regulatory laws to minimize the evils of the liquor traffic. In this connection he tentatively suggests a sealed package law. If submission carries and the legislature shall submit the amendment, he expects to then proceed expeditiously with other necessary business. If submission carries in the primary—

"And the legislature refuses to obey the will of the people I will try and make it so warm for the brewery and bar-room interests, by laws which will run the gauntlet of the courts, that even they will be asking to let the people vote.

"If submission carries in the July primaries," he says, "the legislature ought to be able within three days after it meets to pass a joint resolution and submit prohibition amendment in July, 1915. If submission fails no such election can be held, and whether it carries or fails there need be no neglect of other great public questions.

"With submission disposed of, the legislature will be urged to put the state on a cash basis, provide for the needs of our institutions of learning, our elemosynary institutions, make provision for fire-proof buildings for the blind, take our insane from the county jails to proper asylums and enable all of the departments of state to carry on the states business.

"Then I am going to ask the legislature to stay with me in Austin all summer, if necessary, to work out laws and needed constitutional amendments, to satisfactorily solve our agricultural problem, with its related subjects of a land policy and rural credits, warehouse system, protection of farm products from damage, better marketing conditions, farm development associations and tax laws and in doing this I will invoke the aid of representatives of the farming, shipping, banking, warehouse interests, students of economics and all those whose advice and judgment will be helpful."

Other points in Mr. Ball's speech included:

An education within reach of every child in Texas.

Simplified civil and criminal code.

Honest capital to be welcomed and protected.

Labor guaranteed recognition of its just demands and protection in hazardous occupations.

State to be put on a cash basis.

Amend election laws to prevent corruption, and to prevent any one from voting who cannot name the candidate to be voted for and the office to be filled.

Taxation for worthy purposes, and honest, judicious expenditure of public money, with books kept so that the people may know where fair money has gone.

Constitutional tax limit of 50 cents on the $100 for school purposes to be removed, so that common and independent school districts may tax themselves as much as they see fit.

Favored compulsory education.

Separation of Texas University and A. & M. College. Texas is big and rich enough for both.

Put penitentiaries on self-sustaining basis.

Keep politics out of the penitentiary management.

Prevent appointments as rewards for political service.

Practical farmers to be placed in charge of actual crop-making on state farms.

Liberal commutation of convicts' time.

Not less than five penitentiary directors, one to be general manager, selected without the governor's dictation.

Abolition of the fee system wherever possible, some small precincts being excepted.

Retention of the Robertson insurance law.

Favors initiative, referendum and recall, with proper restrictions to require a substantial percentage of the voters to initiate or recall.

Favors ma[illegible] nominations.

Liquor men not to contribute to campaign funds.

For farmers he favored good dirt roads, the [illegible] system, governmental marketing department, rural credits, disocuragement of farm land monopoly through various tax exemptions, through inheritance taxes, through wise sale of school and university lands, through loans from public school funds to home purchasers, through farm building and loan associations.

Legislature to remain in session all summer, if necessary, to work out necessary problems, even though legislators have to save up enough money to live indefinitely on $2 a day after the first sixty days.

Warning to the Farmers' Union not to permit its agents to attempt to shape the political course of its members.

"No corporation will be permitted to contribute one dollar to my campaign fund."

PORT ARTHUR MAN FINDS HEALTH IN WONDERFUL STOMACH REMEDY

Sufferer Is Restored and Makes Remarkable Gain in Weight on Few Doses

J. F. Stoneburner of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatment without apparent benefit. He tried physician after physician until he almost lost hope.

He took Mayr's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine I am entirely well."

Mr. Stoneburner's experience is typical of that of the thousands who have taken Mayr's Wonderful Stomach Remedy. Thousands of letters from people who have appreciated its wonderful benefits come from all parts of the country.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel troubles. Many say that it has saved them from dangerous operations and many are sure it saved their lives.

The remarkable success of this remedy has caused many imitators, so be cautious. Be sure it's Mayr's. Probably it is known among your own neighbors. Ask them. Go to Fooshee & Lynch and ask about the wonderful results it has been accomplishing in cases they know—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist will tell you its wonderful effects. (Advt)

We Should Raise the Prices of Diamonds Rather Than Reduce Them

And if the diamond buyers of Wichita were wise they would take advantage of any opportunity to buy at a reduction. Every advice from the two great controlling syndicates in the diamond trade is that diamonds are due to make another strong advance shortly, and if it were not that we had contracted to raise a certain amount of money by May 1st, we would hold back our present stock.

As It Is We Have Reduced the Price Seven Per Ct.

On every stone in the house, which embraces the finest line of gems ever shown in Wichita Falls. Out of this fine stock there are a number of unredeemed stones, which did not cost us more than two-thirds of their real value, and these, tomorrow, we shall offer at

In making this extraordinary offer, we only stipulate that you tell us where you will take the stone to be valued, so that we may be assured that the person knows a diamond's value, and will give us a fair deal, according to his best knowledge.

NEW PUMP WORKING AT THE WATER PLANT

Second Pump Near Completion and Will Give 6,000,000 Gallons Capacity Daily

One of the big new pumps at the water and light plant is now in operation supplying water to Wichita Falls consumers and by tomorrow a second will probably be working. These two pumps have a combined capacity of six millions daily but for the present will be run at the rate of four million gallons.

A third pump of the same capacity is being installed as a fire pump for use when there is a blaze that requires extra pressure. The new pumps will not replace the old equipment altogether, part of it being kept in service as a reserve. The new machinery occupies an addition to the plant, recently completed.

SLUGGISH LIVERS ARE STARTED PLEASANTLY

No Need to Risk Disagreeable, Dangerous Calomel Now That Dodson's Takes Its Place

Plenty of people—thousands of them—have found that it is no longer necessary to risk being "all knocked out" by taking calomel when constipated or suffering from a sluggish liver.

Nowadays Dodson's Liver Tone takes the place of calomel.

What calomel does unpleasantly and often with danger, Dodson's Liver Tone does for you safely and pleasantly, with no pain and no gripe. It does not interfere in any way with your regular business, habits or diet.

Calomel is a poison, a form of mercury, a mineral. Dodson's Liver Tone is an all vegetable liquid.

Of course, this reliable remedy has its imitators. But Dodson's Liver Tone has been made to take the place of calomel right from the start. The label on the bottle always has said so, beginning with the first bottle sold. And it is widely known today how good Dodson's Liver Tone is as a remedy and how that Doctor never makes extravagant statements. He says that it livens the liver, overcomes constipation agreeably and makes you feel good, and if your druggist will hand back the purchase price, 50c to you will be a smile.

Such statements could not be made without true merit to back them up and it is easy for you to prove them for yourself at no cost if not satisfied and convinced.

This is Baby Week In Windy City

Chicago, April 20.—"Save Chicago Babies." Countless husbands had this slogan hurled at them from moving picture screens today, read it on the billboards, delivery wagons and in the newspapers and tonight will see the same message flashed from an enormous electric sign at State and Madison street. This is baby week in Chicago. The Infant Welfare Society, which conducts thirteen baby stations in the congested section where mothers are taught how to care for wee tots, is carrying on a vigorous campaign to raise more funds with which to equip more stations and using every means to call the public's attention to its work. Lorado Taft, the famous sculptor, designed the big electric sign for the shopping district. It bears 1,500 incandescent lights surrounding the figure of a mother holding a baby in her arms. Several large milk companies co-operated in the campaign by attaching tags to every bottle of milk delivered, telling the purposes of the society. In the past three years Infant Welfare Society workers have cared for 36,000 Chicago babies. They hope to raise funds with which to equip at least six more stations, in addition to five new stations to be established by use of interest on a fund created by the sale of souvenir spoons during the Chicago fair.

MISS MARY BRYAN DIES FOLLOWING OPERATION

Young Woman Who Was Very Popular Here Dies In Ft. Worth—Burial at Decatur

The sad news was received here this morning of the death of Miss Mary Bryan, who until a few weeks ago was a resident of this city, at a hospital in Fort Worth, where she underwent an operation Saturday for appendicitis. She died at 4 o'clock this morning, the surgeon pronouncing her death due to the shock from the operation.

Miss Bryan was employed here as stenographer in the offices of Huff, Darwise and Bullington, leaving the latter part of March to go to Dallas to be stenographer and secretary to W. C. Huff, member of the firm here who was recently appointed general counsel for the Katy lines of Texas.

Miss Bryan came to Wichita Falls in 1909 her first employment being with the law firm with which she remained until she left for Dallas. She was a young woman of unusual capacity and efficiency and her courtesy and cheerfulness made her popular with the clients of the firm and all others with whom she was thrown in to contact. In her position she was acquiring a knowledge of law and an experience in executive work that would have soon equipped her for a promising career in that profession.

Her only immediate surviving relative is her mother whose home is at Goody, Texas. Her father who was a Christian minister died when she was very young at Decatur, where his body is buried and where the body of Miss Bryan will be taken tomorrow morning. The funeral service will be held there and will be conducted by Rev. F. F. Walters of this city, pastor of her church.

News of her death was received in a telephone message to Orville Bullington, member of the firm of Huff Bullington and Martin, who has taken charge of the arrangements for the funeral. As the report of her death spread telephone inquiries poured into the office of the law firm and many called in person to inquire as to the truth of the report hoping that it had been false.

Miss Bryan had known for some time that she had appendicitis but deferred an operation until last week.

FORT WORTH MINISTERS PASS UPON "TRAFFIC IN SOULS."

The management of the Wichita theatre and of the production itself will show in advance to a committee of ministers, if so desired, the film of "Traffic in Souls" which is to be shown here Thursday, Friday and Saturday nights. This has been done in a number of places among them Fort Worth, where the picture was shown last week. The Star-Telegram in the following account of the investigation of the picture there:

To the apparent chagrin and dismay of Wilbur F. Crafts, president the National Reform League, all the most prominent Fort Worth ministers Monday afternoon refused to set aside the ruling of the Fort Worth censor board permitting the "Traffic of Souls" pictures to be shown.

"I'd like to know what demand there was to haul us over here to discuss on this," demanded Father Nolan of St. Patrick's Catholic church. Mayor Milam referred him to Secretary Brient of the Y. M. C. A., as a resolution had been adopted at the Crafts meeting of the Y. M. C. A. Monday, asking that the films be banned.

Rev. John A. Rice, pastor of the First Methodist church, after an examination from the censor's card of what the films show, announced in advance that he would vote against the films if scenes of immorality were shown whether the lesson drawn were good or not, on the "general principal that showing of immorality is harmful. When Mayor Milam asked for the advice of the ministers, after seeing the films, Dr. Rice gave assent to the production, but added that he would like to qualify it with a censorship of parts.

Crafts became very much excited as the reels were run before the committee. He charged that the operator was not showing all the scenes and Mayor Milam went to the booth to be assured that the film as brought here was being exhibited complete. As it became apparent, the minister found nothing so shocking in the film Crafts reminded them that it showed scenes in a brothel.

Rev. C. A. Roth, rector of Trinity frankly admitted the effect of the films good, agreeing with the position taken by the censor board.

Mayor Milam had asked each of the ministers to give their vote on a slip of paper by a mere negative or assent at the end of the performance. At the end Father Nolan raised the point that action by them either way would be an advertisement for the production and that there was no real reason for them to be drawn into such a thing.

"Traffic in Souls" is based upon facts discovered by the Rockefeller committee for the suppression of vice in an investigation in New York, it is said. It shows the haunts and the systems of operation of the white slave agents, fake employment agencies and other methods used as lures.

Miss Josie C. Jones, daughter of Mrs. C. M. Jones, 1511 Fourteenth street, died at 7:30 p. m., Monday after a critical illness of only five days resulting from anaemia. Miss Jones was born August 1, 1890 and was the daughter of C. M. Jones who died following a fall from a passenger train here several years ago. Her's was the third death in the family in the past several years another sister dying a few years ago.

MUNICIPAL CANDIDATES FILE EXPENSE REPORTS

It costs all the way from nothing to $65.10 to get elected to city office according to the expense accounts of the candidates, filed with County Judge C. B. Felder. A number of the candidates in the recent city election have filed their reports.

Horace Nutt, successful candidate for city attorney, spent the largest sum $65.10; Mayor Britain was next with $62.50. Other expense reports were: J. D. Stokes, $31.50; Thrr Robertson, $11.50; A. H. Humphris $22.50; J. B. Nail, $28.75; L. N. Jernigan, $31; W. A. McCarty, $19.50 Edgar Rye, $4.

Printing and advertising are the principal items in nearly all the reports. Mayor Britain's report includes the item, "miscellaneous expenses inches, cigars, refreshments to various persons," $40. City Attorney Nutt spent $1.50 for liquid refreshments, his report shows. None of the other candidates, so far as the reports show, "set 'em up" during the campaign.

LETTER FROM DAUGHTER OF GENERAL POLIGNAC

A number of Confederate veterans in Texas will be interested in knowing that a daughter of General C. J. Polignac, the famous Frenchman who was at the head of Polignac's Brigade in the war between the States, is soon to visit America and will present to the city of Richmond, Va., her father's sword.

One of the members of this brigade is W. C. Price of Hunt county, who is now here visiting his daughter, Mrs. Drew Young. Mr. Price was wounded in the battle of Mansfield, La., where the Confederate forces under General Polignac fought one of the notable battles of the war.

Mr. Price read with much interest a letter in the Dallas News recently from S. H. Fox and W. S. Coffey of McKinney, members of Polignac's brigade in which was included a letter from Madame Armande De Polignac Chabannes of Brussels, Belgium, daughter of General Polignac. The letter is addressed to the aforementioned veterans and follows:

Brussels, March 19.—My Dear Soldiers: Your letter is fresh in my mind and heart and I am replying to it are it is an hour old to tell you how deeply your beautiful thoughts touched me.

When I read your dear, enthusiastic words I felt most grateful that you should thus cherish the memory of my dear beloved father.

How I hope I may see you when I come to America, and shake hands with you in memory of my father, your Gen. Polignac. May you still live long to remember him and bear my thoughts for you in your minds and hearts.

It Only Takes From $350 to $750 To Own Your Own Home Under Our Building Proposition in Southland Addition

To the first two buyers in each block in Southland Addition, who pay for the lot in cash, the Southland Addition will lend the amount of money needed to build your home and you can pay back the loan in monthly installments.

This is an unusual proposition to home builders and you will never get another chance like it after the required number of applications are filed. Every lot in Southland Addition on the market has sidewalks, sewerage, on or near high pressure water mains, car service, protective restrictions that will prevent abuses against damaging adjoining property, and ideal location. Lots range in price from $350 to $750, 50x150 feet. Now is the time to get your choice of location.

Twin City Fight Fans To Cheer Wolgast.

St. Paul, April 21.—Ten special trains carrying 2,500 fight fans will move out of the Twin Cities at six o'clock tonight for Hudson, Wis., where Johnny Tillman meets Ad Wolgast in a ten round go. While Tillman has shown promise in all of his recent bouts and has no more hesitancy about mixing things than Wolgast, it is believed he has been overmatched and the betting is slightly in favor of the Michigan battler.

A Complete Change of Program

For several years these bean complected grandstanders across the Rio Grande have been putting on a continuous performance of cheap military vaudeville. Shooting at each other with canary bird guns and reporting steen thousand killed and wounded. The other day the greaser got grouchy and refused to say "Good Morning" to the Red, White and Blue. Your Uncle Samuel got awful busy and if the Gringo don't get dreadfully polite awfully quick the Tamale makers are going to have to pay another installment on the Alamo.

All of which don't have much to do with the drug store merchandise that you want in a hurry. Our motorcycle was made where there were no speed limits. Whether you are in a hurry or not phone us, we will send it just as if you were in a hurry.

.....WHY WE WENT INTO THE COFEEE ROASTING BUSINESS.....

We have been playing the game for twenty-five years and always paid particular attention to coffee.

Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast bought our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except in the roaster where the different flavors can combine harmoniously.

Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.

In 1909 we built a small building at the rear of our store and rigged up the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and become too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.

If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.

VERA CRUZ IS CAPTURED FOUR AMERICANS KILLED

TWENTY MARINES WOUNDED

REPORTED THAT CUSTOM HOUSE HAS BEEN SIEZED

News Came that Port Captured Without Show of Resistance From the Huertista Troops.

SEIZURE OF WAR MUNITIONS THE PURPOSE

Orders Given Admiral Fletcher Leave Question of When and How Up to His Own Discretions

Washington, April 21.—(Bulletin). At 3:20 o'clock Secretary Daniels said he had "no word" of developments at Vera Cruz. Official circles without comment heard a report that marines had landed and taken possession of the customs house. It was said Admiral Fletcher's orders were to land no men until shipment of ammunition should be landed.

By Associated Press.

Washington, April 21.—Orders were sent to Rear Admiral Fletcher today to sieze the custom house at Vera Cruz in time to capture a large shipment of arms for Huerta about to be landed there from a German steamer on its way to Mexico City.

200 MACHINE GUNS IN SHIPMENT

The orders did not stipulate when Admiral Fletcher should take the port but simply left it to his discretion to prevent Huerta from getting several million rounds of ammunition and 200 machine guns.

Administration officials today confirmed the report that they were planning the seizure of shipments of arms consigned to Huerta, now on a German ship nearing Vera Cruz. Leaders were informed that this was one of the reasons for wanting prompt action in congress today.

The plan is to seize the ammunition after it lands at the custom house. Some officials say that the custom house will be seized anyway whether Congress delays action or not.

Secretary Bryan said just before entering the Cabinet meeting that there was a general exodus of Americans from Mexico City to Vera Cruz and that many Americans were getting aboard vessels there.

BELIEVED HUERTA PLAYING FOR TIME

Many officials declared that they believed Huerta had been playing for time merely to get the large shipment of arms which the German vessel is expected to land today. As there is no blockade the American forces cannot seize the ammunition and arms until they have been unloaded at the custom house.

Administration officials pointed out that the President had ample authority for this action. Momentarily officials expected dispatches from Admiral Fletcher announcing that he had seized the custom house.

COMMISSIONERS MEET TOMORROW TO APPOINT J. P.

A called session of the commissioners' court will be held tomorrow to elect a justice of the peace to fill out the unexpired term of W. E. Brothers who died Sunday. It is expected that there will be a number of candidates and several aspirants for the position were circulating petitions among their friends this morning. The term of the departed justice does not expire until December.

The commissioners will also consider requests from parts of the county for appropriations for netting to be used in rabbit drives, but there is some doubt, it is said, as to whether the county's fund can be used for such a purpose. The matter will be taken up tomorrow.

BLOOD IS SPILLED WHEN U.S. TROOPS FORCE LANDING

Washington, April 21--Secretary Daniels made public the following official dispatch from Admiral Fletcher at Vera Cruz.

"Tuesday—In face of approaching norther landed marines and sailors and siezed customs house."

Mexican Forces didn't oppose landing, but opened fire with rifle and artillery after our seizure of customs house.

Transport Prairie shelled Mexicans out of their positions. Desultory firing from house tops and streets.

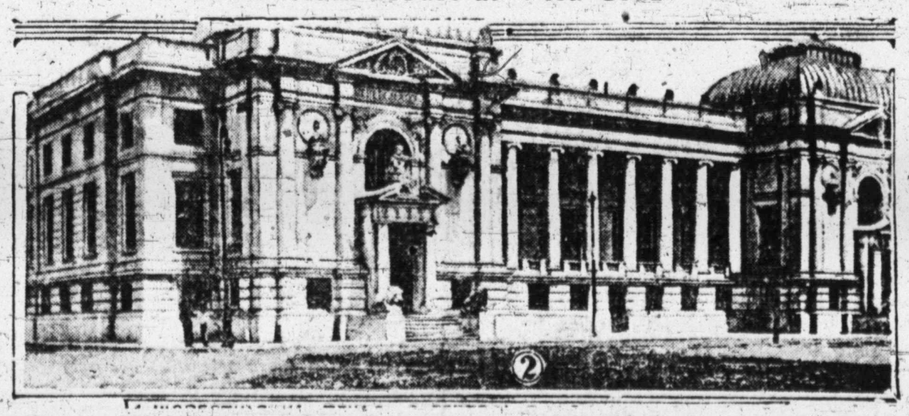

"We hold customs house and section of city in vicinity of wharves and consulate.

Casulties—Four dead, twenty wounded.

Admiral Fletcher today landed marines from American Warships. There was fighting and Consul Canada Called upon Gen. Maas and Antonio Villavenencio to assist Americans in restoring order.

Maas refused. No refuges were injured.

SENATE STILL DEBATING APPROVAL RESOLUTION

While Preparations For Seizure of Tampico Custom House Go On Congress Discusses Form of Resolution.

SENATOR WORKS WOULD ACCEPT APOLOGY

Lodge Urges Substitute Resolution Which Shively Thinks Would Be a Declaration of War.

By Associated Press.

Washington, April 21.—At noon the Cabinet was still in session and no word has been received from Admiral Fletcher who had been ordered to seize the custom house at Vera Cruz.

The order left to Admiral Fletcher's discretion when and how to act. As there is no blockade, the order was to seize the guns after they had been landed or seize the custom house and prevent them from being landed. The order conferred the broadest authority upon the admiral and was said to have authorized him to seize the town as well if necessary.

The order went forward early this morning after the President had been in conference with congress throughout the night mostly by telephone up to four o'clock this morning.

While the order to Admiral Fletcher was probably being carried out by Admiral Fletcher both Houses of Congress went to work on the resolutions approving President Wilson's course.

Senator Lodge opened the debate in the Senate.

"When the President lays an international difficulty before a joint session of congress he takes the last step before a declaration of war," he said. "The President might have acted without authority from Congress but I think he has done well to come to this body."

Senator Williams asked how long it took congress to pass the resolution declaring war with Spain. Senator Lafollette said it took from April 11 to April 19 to pass the resolution in 1898.

Senator Shivley declared that the substitute resolution offered by Senator Lodge could have no other result than precipitate war. He urged the adoption of the resolution as reported by the committee. He said the Lodge resolution was nothing short of a declaration of war.

Senator Works offered his resolution to accept Huerta's expression of regret as full satisfaction. Senator Works pleaded for peace. He insisted that he had not offered his resolution to criticise the course pursued by the president. He did not expect it to be passed, he said, but asserted that "we are going headlong into terrible conditions of war."

SEIZURE OF TAMPICO MAY NOT BE RESISTED

By Associated Press.

Washington, April 21.—There was a report late this afternoon that Admiral Fletcher would not be resisted by the Huertaistas when he seizes the custom house. The federals it was reported were retreating to a point twenty miles west of Vera Cruz. Officials refused to discuss the report.

RESOLUTION ADOPTED BY A VOTE OF 337 37

Democrats and Progressives Vote Almost Solidly In Support of President's Action

Washington, April 21.—By a vote of 337 to 37, Congress last night adopted a resolution "justifying the action of the president."

The resolution was adopted following the adoption of a rule limiting debate to forty minutes from each side.

Representative Campbell of Kansas, Republican, opened the opposition to the rule, declaring its purpose was to take in order a resolution which is a declaration of war.

"We are asked to declare war against Victoriano Huerta. Why?" he asked. "Because American citizens have been ruthlessly murdered? No. Because American women have been outraged? No. But because a company of sailors were arrested by a subordinate. Is it enough to justify a declaration of war, War with its awful consequences against the helpless, distracted, poverty stricken people of Mexico? For the people of Mexico must share with Victoriano Huerta the results of war."

Campbell In Opposition.

"I am against this war," continued Mr. Campbell. "But if you force this war upon my country it will be my war, the war of my country, and I will support it.

"If you force this war on my country, I will stay here until the war is over—"

An outburst of laughter and applause from the Democratic side greeted this statement and for more than a minute Mr. Campbell was unable to continue. Representative Pou of North Carolina, Democrat, supported the rule, declaring: "The time has come to put an end to these outrages in Mexico."

Victor Murdock said:

"This resolution will do one thing that should be done. It will send around the world the word that our flag must be respected. I am tired of 'watchful waiting,' and I welcome the president's decision to end that policy."

A cheer from the Democrats greeted Mr. Murdock's speech.

Representative Lenroot, Republican favored the resolution, asserting that its passage was the "best means of preventing war in Mexico."

Representative Foster of Illinois, made a brief speech supporting the resolution and the rule.

Republican Leader Mann spoke vigorously against the president's policy.

"If the incidents which the president has related to us had occurred with England, Germany, France, or any other great nation," he declared, "we would not have such a resolution pending here now. But we think that because Mexico is weak we have the moral right to declare a war against her with high hopes of success. I would not declare war against Mexico for something for which I would not declare war against England or France."

Mr. Mann said the president was "issuing orders" to Congress.

"This is a declaration of war," he said. "This is a declaration that the United States is the helpful ally of the murderous crew in northern Mexico who are murdering men and outraging women."

He insisted that it was purely a case of personal resentment of the President of the United States because he did not like Huerta.

"I don't condone the methods by which Huerta secured the high position he now holds," continued the Republican leader, "nor do I believe in a declaration of war against him because President Wilson does not happen to like him.

We owe more than a salute from Huerta to the American flag. We owe it to make the flag stand for right and justice and peace."

Underwood Closes Debate.

Representative Underwood closed the debate in support of the rule. As he took the floor the Democrats cheered. "This resolution," he said, "may mean war—it may mean peace. Let us hope that the ultimate result of the passage of this resolution will bring peace and good order in the republic of Mexico and the establishment of friendly relations between the two governments.

"But whether it means peace or war there are times when honor must be maintained at whatever cost. You are facing that condition today. No one can say our government has not treated Mexico with patience and consideration. We have let matters go further in Mexico than if we were in a controversy with one of the great nations of the world.

"War never comes from any one incident. For more than a year we have been facing a reign of disorder and turmoil in Mexico with great patience. We have endeavored to allow Mexico to work out a problem of peace and of government.

"We have hoped from day to day that a peaceful settlement might have been reached. But peace never comes to a coward. Peace never comes to a country that fails to protect its citizens or to enforce respect for its flag.

"Our flag has been dishonored in a foreign land. The president of the United States comes here today. He has not asked you to declare war but asks you to sustain him in requiring a decent respect for your flag and an honorable consideration for the rights of your government."

Mr. Underwood deprecated the position taken by Representative Mann and recalled how the Democrats in Congress supported the Spanish war resolution of the McKinley administration.

The rule was adopted by a viva voce vote with a rolling chorus of "ayes" overwhelming a few scattered "noes." Amid shouts of "vote, vote," a unanimous consent agreement was reached limiting debate to two hours and ten minutes. Fifty minutes was consumed by Representative Flood, ten by Representative Murdock and one hour and ten minutes by Republican Leader Mann. The agreement also provided that any member might offer amendment to the resolution.

DECISION TO OPPONENTS OF THE FEE SYSTEM.

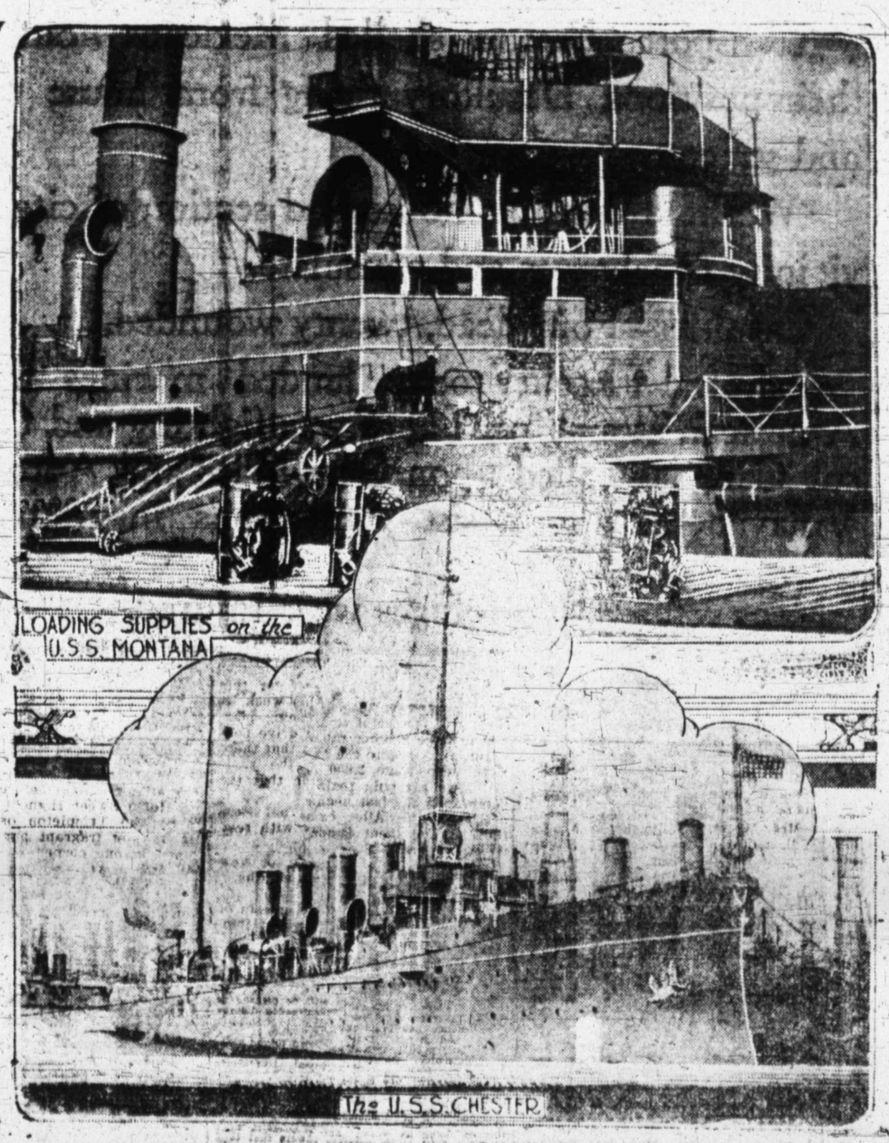

The fee system was debated at Monday night's session of the Young Men's Forum, the opponents being victorious. The debate was largely impromptu, some of the scheduled participants being absent. Messrs. Crowell and Settle had the affirmative, Messrs. Hein and Hull the negative. There were several short talks by members present, the principal talk of the evening being by Dr. J. L. McKee, who gave some reminiscences of his circuit riding days.

On next Monday the subject for debate will be the advisability of a Y. M. C. A. in this city. Short talks by Messrs. Crowell, Settle and Hein and an address by H. A. Parr, [illegible] will be the other features of the program.

WOODMEN AND NEIGHBORS SPLENDIDLY ENTERTAINED

Wichita Falls Delegation Returned Early This Morning After Visit to Camp at Electra

The Modern Woodmen and Royal Neighbors of this place visited Electra Monday, the trip being made in a special car coupled on to the northbound Denver. The party was made up of the officers, degree teams and members of both societies. The Wichita State Band was also included in the party and furnished splendid music for the excursionists. The party was met at the station at Electra by a committee from the camps at that place.

A line of parade was quickly formed as follows: Wichita State Band, M. W. A. Foresters, Royal Neighbors and Modern Woodmen. The parade traversed the principal streets, finally reaching the Woodman hall where music and a drill by the Forester team on the street was enjoyed.

ing and class adoption in the afternoon, after which they were taken out to supper and treated to an auto ride through the oil fields. The Modern Woodmen held a meeting and class adoption at night, concluding their work at ten o'clock when all visitors were conducted to a banquet hall where an excellent banquet was served. B. M. Bullard, venerable consul of Wichita Falls camp, presided as toastmaster and short after-dinner talks were made by Ed Napier, F. S. Jones, E. H. Eddleman, E. P. Haney, District Deputy C. B. McConnell and others.

The party broke up just in time to allow the excursionists to board their special car in time to be picked up by Denver No. 8, which brought the party safely home, arriving here at 2:30. Upon arriving at the station the party was agreeably surprised to learn that the Wichita Falls Traction Company had sent a special car to meet the train, for which the tired excursionists were very grateful. The occasion was a most enjoyable one, and long to be remembered by those who attended.

I will not sing
A song of spring,
Though that's the customary thing
On days like these
When birds and bees
Go drifting down the balmy breeze.

Dame Nature, she
Must plainly see
That she cannot unsettle me.
Her subtle charm
Can work no harm
To stern resolve and stalwart arm!

Her soft appeal
Perhaps I feel,
But to my duty I am leal,
Though it may irk,
I'll do my work—
No one can say that I will shirk!

To yield were wrong;
I'll sing a song
Of steady toil by heroes strong,
Of spring, in fine,
This verse of mine
Shall not contain a single line!

LITTLE SISTERS DANCE A BRILLIANT AFFAIR

The "Little Sisters" were hostesses Monday night at the first of the season's affairs at the lake pavilion, a dance honoring the Old Maids. The abilities of the young ladies as individual entertainers had been so well established that it was but to be expected, when they combined their efforts, that an affair of unusual enjoyment would be the result, and yet the entertainment itself exceeded even these roseate expectations. About sixty couples gathered in the pavilion for the dance, which was opened with the grand march in which Miss Olive Edwards of New York City and Floyd Miller of this city led. A program of eighteen dances and several extras followed and it was long after midnight before the strains of "Home Sweet Home" were sounded by the Templeton orchestra. A big bowl of fragrant punch was stationed in one corner of the dance hall and during the intermission, an ice course was served. The hostesses in the opinion of their guests "did themselves proud" and the affair will go down as one of the most delightful of the season's festivities.

You Can't be Any More Meat Particular Than I Am

To be honest with you I would rather have a particular customer that none who wasn't very particular and I'll tell you why. I'm catering to particular people. My meat is bought, handled and cut so as to suit people who know and appreciate genuine meat quality and service.

I don't buy every kind of meat that comes along; in fact, most of the quarters of beef that I buy demand a premium and yet my prices aren't any higher than you'll pay for meat not so good.

Knowing how to buy, how to cut and how to sell enables me to make a profit where other dealers would have to charge more than I do.

Make use of my meat service, ask me questions, get acquainted with the meat problem from the various angles, especially from the butcher's side of the question and you'll find it easier to buy good meat and yet not increase your meat bills to any appreciable extent.

KING AND QUEEN OF ENGLAND VISIT FRANCE.

Paris, April 21.—King George V and Queen Mary of England, accompanied by a numerous suite, arrived here at 4 o'clock this afternoon. They were met by President Raymond Poincare. For the next three days they will be the official guests of the French Republic. The British foreign minister, Sir Edward Grey, accompanied the King and though there is nothing unusual in the fact that the foreign secretary should accompany a monarch on a trip outside his country, it is generally believed here that advantage will be taken of the occasion to bring France and England to a better understanding. During just the past two years French diplomats have repeatedly asked themselves just what France might expect from England in case of a serious European war. Sir Edward Grey, it is believed, will supply an answer while here. Though retaining its old name of Entente Cordiale, it is rumored that what amounts practically to an alliance will be terminated by the representatives of the two powers here within the next three days.

In spite of the stirring political campaign and the general elections next Sunday, the British King and Queen's stay will be marked by a brilliancy never surpassed on similar occasions here. Coming by way of Dover and Calais, the crossing being accompanied in less than an hour aboard the royal yacht, the party arrived by special train representatives of the French government meeting France's guests at Calais where the shore batteries boomed a salute. In Paris traffic was turned into other streets than those traversed by the King and Queen in their transit from station to their quarters at the French foreign office and a magnificent array of troops lined the two sides of the thoroughfares from beginning to end of the journey.

This is the first official visit paid to any country by King George and Queen Mary. It is also the first time that a British royal couple ever paid a state visit to the French Republic. It is estimated that at least $100,000 will be spent on the special features of the entertainments provided for the couple and the apartments at the foreign office, Quay d'Orsay, have been specially furnished and decorated for their Majesties.

It was at first decided that the King and Queen would stay at the magnificent British embassy in the Rue St. Honore where special suites exist for their exclusive use and which are closed at other times. But as scarcely a hundred yards separate the entrance of the embassy and that of the Elysee, President Poincare's official residence, the switch to the foreign office three quarters of a mile away was made, in order to give the numerous processions between the two points room to form and also to be seen.

Suffrage Ball Tonight.

Washington, April 21.—Society today was getting all dolled up for the suffrage ball tonight. This event, engineered by the leading suffragettes, bids fair to be one of the leading events of the capital's social season. Exhibition dancing by prominent professionals is slated as one of the innovations.

Wichita Falls, Texas, April 21, 1914

The trouble we are having with Huerta is already causing some Texans to get busy by organizing volunteer military regiments. E. W. Edwards, 1417 Jackson street, Dallas, has issued a call for 1000 volunteers for what he is pleased to term his Texas maverick regiment and upon the perfection of the organization to offer its services to the United States for service in Mexico. In his call he prefers cowboys, ex-peace officers and men who have special qualifications for duty with a hard-worked regiment. Those making applications must be U. S. citizens between 21 and 35 years of age, unmarried, not under 5 feet 4 inches or over 6 feet 4 inches, and must weigh not less than 140 pounds nor over 200, white race, good habits and strong constitution. Here's a good chance for those who want to fight to do something besides talking. Get busy.

Wichita Falls is making great preparation for entertaining the Texas Press Association in annual session June 18-20. That town will also be hostess to the National Editorial Association, May 2, as that body is swinging across the State on an excursion after its annual meeting which is to be held in Texas (at Houston) this week. Wichita Falls increased her population 230 per cent in ten years and is famed as one of the most progressive smaller cities in the United States. The editors of these papers are anticipating with pleasure their stay in Wichita Falls during the State Press meeting.—McKinney Courier-Gazette.

Wichita Falls, Electra and Burkburnett people are going to do all in their power to make the visit of the National editors a pleasant one. In June, when the State editors meet here it will be up to our people to entertain them as well or better than they have ever been entertained on any previous occasion—even better than at San Antonio or Corpus Christi, and if that is done Wichita Falls will have to put her first foot foremost, as the two cities above mentioned did every thing that could have been desired to make the editors enjoy their visit.

Col. R. T. Milner, former president of the A. & M. College, and also a prominent anti prohibitioist, has announced that he will support Col. Tom Ball for governor. Just what it is that is causing so many of the anti prohibition leading Democrats to flock to the support of Col. Ball while they have such a strong anti candidate in Mr. Ferguson, we are unable to quite figure out, unless it be that Col. Ball revised his views on prohibition to their liking. In his speech at Greenville today Col. Ball, as had been predicted, announced that he was opposed to three kinds of prohibition—statutory, nation-wide and the ten-mile law. He favors statewide prohibition and in order to get that the legislature will have to order an election. This cannot be done unless the pros have a majority of two-thirds in the Senate and House of Representatives. The Democrats of the state who will vote to determine who of the various candidates for governor and other state and district offices shall be the nominees on July 25, will also vote to determine the matter of whether the question of statewide prohibition shall again be submitted to the people of the state in 1915. If a majority of the Democrats who vote in that primary decide in favor of submission, it will be the duty of the legislature to submit the question. That is the way the pros will view the matter. But the antis view it differently. They contend that members of the legislature should be governed—not by a majority of the entire state, but by a majority of their constituents. There are thirty-one senatorial districts in the state. Fourteen of these are controlled by the antis. In order to have statewide prohibition submitted again to a vote of the people, the pro advocates must elect two-thirds of the members of both branches of the legislature. They can and doubtless will succeed in doing this in the House of Representatives, but the antis can afford to lose two or three members of the Senate and yet have enough left to defeat submission. Apparently, a great number of the leading antis are expressing their preference for Ball as governor, rather than accept Ferguson, who is an anti-prohibitionist all the way through, and has said that if elected governor he would veto all legislation on the liquor question that might come before him whether it was in favor of the pros or antis. The way it looks now, while the question of prohibition is the leading question in this campaign, there is but about one chance in a thousand that the people of the state will get a chance to vote on statewide prohibition in 1915. Col. Ball has the inside track. The great bulk of the pro vote will go to him because he favors constiutional prohibition. He will get a good sprinkling of the anti vote because he opposes three kinds of prohibition, thus fixing it so that if the antis display as much energy in electing their candidates to the State Senate at the pending election as they have in past elections, the liquor interests, or those who have their money invested in bar fixtures, need be in no great hurry to dispose of them, it matters not whether Col. Ball or Mr. Ferguson is elected governor.

Perhaps Col. Ball does not favor the ten-mile law for fear that it would require some communities in the State to move their school houses out of the limit.

REFUGEES FROM CHIHUAHUA ARRIVE

AMERICANS SAY THEY WERE WARNED TO LEAVE BY AMERICAN CONSUL THERE

ALL MEXICANS ARE INVOLVED

Even Rebels Declare President's Course is an Affront to Honor of of Nation

By Associated Press.

El Paso, Texas, April 21.—Many Americans, eight Germans and nine French women and children arrived here today from Chihuahua.

The Americans confirmed the statement that they were warned to leave by the American consul. They said Mexicans in Chihuahua held the belief that the rebels would be unable to remain out of the complications between Huerta and the United States, and that the rebel leaders would be compelled to accept the view that the blockade of Tampico and Vera Cruz was a national matter affecting the honor of every Mexican regardless of his political affiliations.

The consul, they said, was endeavoring to get the Americans out without attracting undue attention and his efforts were being aided by General Carranza.

Most of the conference yesterday between General Villa and General Carranza, they asserted, was devoted to consideration of the Tampico incident and its developments as affecting the rebels.

The gravest view was taken, according to reports, in the cafes, clubs and other gatherings. Mexican citizens in Chihuahua practically all of who male rebel sympathizers said openly that President Wilson's course was an affront to Mexican honor and that a common enemy must be met by a united country.

Meanwhile there was no definite announcement by the generals. The American said the report was that it was the purpose of the generals to hide the truth by silence and leave the impression that the campaign against Huerta would be continued regardless of a foreign enemy. This they said, in view of the excited talks in the cafes and elsewhere, deceived no one.

THIRTEEN KILLED IN LUEDLOW FIGHT

MANY OTHERS WOUNDED IN CLASH BETWEEN MILITIA AND STRIKING MINERS

FIGHTING MAY BE RENEWED

Armed Strikers Gathering at Ludlow and Additional Militiamen are Arriving There

By Associated Press.

Trinidad, Colo., April 21.—Bulletin)—A telephone message from Ludlow say sthat three women and a number of children were smothered to death in the fire that swept the Ludlow tent colony last night during the battle between the strikers and militia. The statement is confirmed at military headquarters. The victims had taken refuge in a cave and were suffocated.

By Associated Press.

Trinidad, Colo., April 21.—Thirteen were believed dead and the number of wounded was not known when day dawned on the Ludlow battlefield where yesterday 100 militiamen and leputy sheriffs fought a battle with strikers.

Throughout the night bodies of strikers heavily armed moved from various camps in the direction of Ludlow and a renewal of the conflict was expected momentarily.

Eighty-seven additional militiamen ordered out last night arrived this morning.

An unidentified man riding a horse attached to a light buggy dashed from the camp waving a white flag just after the firing started. When ordered to halt he is said to have drawn a revolver and commenced firing and was killed by the militia.

Yesterday's battle centered around the trestle on the Colorado & Southern railway and several dead are said to be lying along the track. The firing continued throughout yesterday afternoon and intermittently throughout the night. The fighting raged over an area of possibly three square miles. Ludlow was isolated by the cuttin gof telegraph and telephone wires.

Last night the militia used machine guns in their attack on the tent colony.

Firing began early Monday in the hills above Cedar Hill, about a mile from Ludlow, and a mile and a half from the tent colony.

Lieutenant Linderfelt and his detachment of sixteen men went out to investigate and were cut off from the main body of militiamen, commanded by Lieut. Lawrence. Linderfelt finally took up a position south of the Colorado & Southern tracks on what is known as Watertank Hill. The strikers entrenched themselves along the track and the fighting ragd around this point during the ea part of the day.

Train Crew Refused.

A call was sent to Trinidad by the militia for reinforcements and fifty members of the newly organized Troop A were hurriedly called together and placed aboard a special train. When the train was ready to leave Trinidad, the train crew refused to serve. After nearly an hour's delay, Supt. J. H. Abrams of the Colorado & Southern took charge of the train with Master Mechanic Roach as engineer and Dispatcher Willis as fireman. A strong body of strikers was entrenched in the pump house a short distance north of the Ludlow station. This building was literally riddled with bullets from the Springfield rifles.

AMBASSADORS REFUSE TO DISCUSS CONFERENCE

By Associated Press.

Washington, April 21.—Count Von Bernstorff, the German ambassador, was the first to confer with Secretary Bryan. He told inquirers he could not discuss his visit and that he was without any information of the German ship carrying munitions of war to Huerta at Vera Cruz. Ambassador Jusser and Ambassador Spring Rice and Ambassador Riano were Mr. Bryan's next callers. Each emerged refusing to answer any questions.

OIL PRICES DROPS TO EIGHTY-FIVE CENTS

SECOND REDUCTION OF A DIME A BARRELL IS ANNOUNCED HERE TODAY

BOTTOM NOT YET REACHED

This is Belief of Local Oil Men Who are Expecting Still Further Reductions

Northwest Texas oil producers can get eighty-five cents for their oil today no more. Another drop in prices was announced late Monday, the second within ten days. On the first of this month oil was bringing $1.05 per barrel, today, after two declines of a dime each, it is worth only eighty-five cents. Gloom reigned among local oil men when the news got broad for many had been hopeful that there would be no further drop from ninety-five. The Magnolia, as previously, took the first step, being followed shortly by the Guffey and Texas companies.

The cut follows reductions in the Mid-continent field and in Indiana and Pennsylvania grades, due to overproduction. The production is freely made here that there will be still another drop before the bottom is reached. The situation is said to be due, not to the fact that the country is producing more oil than it needs, but to the fact that it is producing more than can be shipped and refined.

While the April 1 statement of stocks in the Electra field indicate no great amount of oil on hand, it follows that even if there is no overproduction at Electra, refineries will not pay more for the crude product there than they have to pay in the Mid-continent. In Oklahoma, the reductions have put a decided crimp in drilling, but in Northwest Texas there has been no noticeable falling off in new work.

Life With Depth.

Many a life that seems most exposed to the heat of the day has abundant refreshing for other lives. It is not always the outwardly sheltered soul that can offer to others the help of the deepest experiences. Close by a dusty mountain road, in a hot and swampy meadow, with no shade near it, is a little spring among the grasses. There is a stick in the ground beside it, with a cup thereon, and a sign "Cold Spring." You hardly believe it the sign until, tired traveler that you are, you set your lips to a cup of that water. It is the coldest spring in the region, bubbling up among the grasses of the hot meadow, not gushing from moss-grown rock on the mountainside. The little meadow-spring has depth and shelter known to itself. Is this not also the secret of the life of that friend whose refreshing presence has often meant so much to you?—Sunday

NO NECESSITY YET FOR ORDERS TO MOVE TROOPS

Secretary Bryan In Uninterrupted Communication With Charge O'Shaughnessy

By Associated Press.

Washington, April 21.—War department officials said there was nothing to indicate the necessity for immediate orders for the movement of troops.

No unusual conditions are reflected in reports from the border where there was a fear of anti-American demonstrations. All reports from border towns were forwarded to Brigadier General Bliss, commanding the border patrol. Secretary Bryan today conferred with Secretary Daniels but declined to comment on the proposal to seize a shipment of arms consigned to Huerta. Mr. Bryan said he was in uninterrupted correspondence with Charge O'Shaughnessy at Mexico City, but he did not indicate the nature of the exchanges. He said, however, that he had heard nothing of the rumor that Charge O'Shaughnessy would be presented with his passports.

Secretary Daniels said he would make no statement until after the meeting of the cabinet.

The flotilla of forty torpedo boats and torpedo boat destroyers sailed from Pensacola for Tampico last night.

Mrs. Tucker's BRAND Shortening

UNTIL this ideal shortening came on the market the trouble that most women experienced in cake making was not only to get the texture light, soft and palatable, but to make cake that would "keep." Lard and butter were at the bottom of the whole trouble. Cake made with lard is heavy, soggy and indigestible and quickly loses its freshness. Butter, except a few kinds that could not be used for cooking, owing to their prohibitive prices, was not free from taint. Mrs. Tucker's Shortening is the direct answer to the housewife's demand for a pure, wholesome, economical cooking fat.

HOUSTON MAN OPENS CAMPAIGN FOR GOVERNOR BEFORE GREAT CROWD TODAY

OUTLINES HIS PLATFORM

Predicts Texas Will be Voted Dry but is Against Statutory and National Prohibition

Greenville, Texas, April 21.—Before a gerat crowd here this afternoon, Thos. H. Ball opened his campaign for governor.

"I am a firm believer of state fights," said Mr. Ball, "but I do not assent to the views of many of my friends who believe that advocacy of national prohibition is equivalent to advocating the destruction of state rights. There is ample room for debate as to its wisdom and for objections to it as unnecessary or unwise reaching out of federal power, but national prohibition would never come except in the manner provided by the states when the union was formed. That method requires two-thirds of both houses of Congress to submit and three-fourths of all states to ratify any amendment to the constitution and this plan was assented to by the states when our government was established. It would, therefore, be no more subversive of state rights to adopt national prohibition in that way than it was to amend constitution so as to elect United States senators by direct vote of the people.

"My position on statutory prohibition is not a new one. At the great prohibition rally at the Dallas state fair, October 16, 1908, I declared my belief that statutory prohibition could not be had so long as our local option laws remained in the constitution and I have not changed my views since that time."

He declared that a five mile law or a ten mile law was open to the same objections as it would be, in effect, statutory prohibition.

The speaker then set forth a "legislative program." In event that the submission proposition does not carry in the democratic primary election in July, he will "regard it as an expression of the will of the people to postpone the question of statewide prohibition" and will proceed with regulatory laws to minimize the evils of the liquor traffic. In this connection he tentatively suggests a sealed package law. If submission carries and the legislature shall submit the amendment, he expects to then proceed expeditiously with other necessary business. If submission carries in the primary—

"And the legislature refuses to obey the will of the people I will try and make it so warm for the brewery and bar-room interests, by laws which will run the gauntlet of the courts, that even they will be asking to let the people vote.

"If submission carries in the July primaries," he says, "the legislature ought to be able within three days after it meets to pass a joint resolution and submit prohibition amendment in July, 1915. If submission fails no such election can be held, and whether it carries or fails there need be no neglect of other great public questions.

"With submission disposed of, the legislature will be urged to put the state on a cash basis, provide for the needs of our institutions of learning, our elemosynary institutions, make provision for fire-proof buildings for the blind, take our insane from the county jails to proper asylums and enable all of the departments of state to carry on the states business.

"Then I am going to ask the legislature to stay with me in Austin all summer, if necessary, to work out laws and needed constitutional amendments, to satisfactorily solve our agricultural problem, with its related subjects of a land policy and rural credits, warehouse system, protection of farm products from damage, better marketing conditions, farm development associations and tax laws and in doing this I will invoke the aid of representatives of the farming, shipping, banking, warehouse interests, students of economics and all those whose advice and judgment will be helpful."

Other points in Mr. Ball's speech included:

An education within reach of every child in Texas.

Simplified civil and criminal code.

Honest capital to be welcomed and protected.

Labor guaranteed recognition of its just demands and protection in hazardous occupations.

State to be put on a cash basis.

Amend election laws to prevent corruption, and to prevent any one from voting who cannot name the candidate to be voted for and the office to be filled.

Taxation for worthy purposes, and honest, judicious expenditure of public money, with books kept so that the people may know where fair money has gone.

Constitutional tax limit of 50 cents on the $100 for school purposes to be removed, so that common and independent school districts may tax themselves as much as they see fit.

Favored compulsory education.

Separation of Texas University and A. & M. College, Texas is big and rich enough for both.

Put penitentiaries on self-sustaining basis.

Keep politics out of the penitentiary management.

Prevent appointments as rewards for political service.

Practical farmers to be placed in charge of actual crop-making on state farms.

Liberal commutation of convicts' time.

Not less than five penitentiary directors, one to be general manager, selected without the governor's dictation.

Abolition of the fee system wherever possible, some small precincts being excepted.

Retention of the Robertson insurance law.

Favors initiative, referendum and recall, with proper restrictions to require a substantial percentage of the voters to initiate or recall.

Favors majority nominations.

Liquor men not to contribute to campaign funds.

For farmers he favored good dirt roads, the warehouse system, governmental [illegible] department, rural credits, disocuragement of farm land monopoly through various tax exemptions, through inheritance taxes, through wise sale of school and university lands, through loans from public school funds to home purchasers, through farm building and loan associations.

Legislature to remain in session all summer, if necessary, to work out necessary problems, even though legislators have to save up enough money to live indefinitely on $2 a day after the first sixty days.

Warning to the Farmers' Union not to permit its agents to attempt to shape the political course of its members.

"No corporation will be permitted to contribute one dollar to my campaign fund."

J. F. Stoneburner of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatment without apparent benefit. He tried physician after physician until he almost lost hope.

He took Mayr's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine I am entirely well."

Mr. Stoneburner's experience is typical of that of the thousands who have taken Mayr's Wonderful Stomach Remedy. Thousands of letters from people who have appreciated its wonderful benefits come from all parts of the country.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel troubles. Many say that it has saved them from dangerous operations and many are sure it saved their lives.

The remarkable success of this remedy has caused many imitators, so be cautious. Be sure it's Mayr's. Probably it is known among your own neighbors. Ask them. Go to Fooshee & Lynch and ask about the wonderful results it has been accomplishing in cases they know or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist will tell you its wonderful effects. (Advt)

We Should Raise the Prices of Diamonds Rather Than Reduce Them

And if the diamond buyers of Wichita were wise they would take advantage of any opportunity to buy at a reduction. Every advice from the two great controlling syndicates in the diamond trade is that diamonds are due to make another strong advance shortly, and if it were not that we had contracted to raise a certain amount of money by May 1st, we would hold back our present stock.

As It Is We Have Reduced the Price Seven Per Ct.

On every stone in the house, which embraces the finest line of gems ever shown in Wichita Falls. Out of this fine stock there are a number of unredeemed stones, which did not cost us more than two-thirds of their real value, and these, tomorrow, we shall offer at

NEW PUMP WORKING AT THE WATER PLANT

Second Pump Near Completion and Will Give 6,000,000 Gallons Capacity Daily

One of the big new pumps at the water and light plant is now in operation supplying water to Wichita Falls consumers and by tomorrow a second will probably be working. These two pumps have a combined capacity of six millions daily but for the present will be run at the rate of four million gallons.

A third pump of the same capacity is being installed as a fire pump for use when there is a blaze that requires extra pressure. The new pump will not replace the old equipment altogether, part of it being kept in service as a reserve. The new machinery occupies an addition to the plant, recently completed.

SLUGGISH LIVERS ARE STARTED PLEASANTLY

No Need to Risk Disagreeable, Dangerous Calomel Now That Dodson's Takes Its Place.

Plenty of people—thousands of them—have found that it is no longer necessary to risk being "all knocked out" by taking calomel when constipated or suffering from a sluggish liver.

Nowadays Dodson's Liver Tone takes the place of calomel.

What calomel does unpleasantly and often with danger, Dodson's Liver Tone does for you safely and pleasantly, with no pain and no gripe. It does not interfere in any way with your regular business, habits or diet.

Calomel is a poison, a form of mercury, a mineral. Dodson's Liver Tone is an all vegetable liquid.

Of course, this reliable remedy has its imitators. But Dodson's Liver Tone has been made to take the place of calomel right from the start. The label on the bottle always has said so, beginning with the first bottle sold. And it is widely known today how good Dodson's Liver Tone is as a remedy and know that Dodson never makes extravagant statements. He says that it livens the liver, overcomes constipation agreeably and makes you feel good, and if you are not satisfied completely with it your druggist will hand back the purchase price 50c to you with a smile.

Such statements could not be made without true merit to back them up and it is easy for you to prove them for yourself at no cost if not satisfied and convinced.

This Is Baby Week In Windy City

Chicago, April 20.—"Save Chicago's Babies." Countless husbands had this slogan hurled at them from moving picture screens today, read it on the billboards, delivery wagons and in the newspapers and tonight, will see the same message flashed from an enormous electric sign at State and Madison street. This is baby week in Chicago. The Infant Welfare Society, which conducts thirteen baby stations in the congested section where mothers are taught how to care for wee tots, is carrying on a vigorous campaign to raise more funds with which to equip more stations and using every means to call the public's attention to its work. Lorado Taft, the famous sculptor, designed the big electric sign for the shopping district. It bears 1,500 incandescent lights surrounding the figure of a mother holding a baby in her arms. Several large milk companies co-operated in the campaign by attaching tags to every bottle of milk delivered, telling the purposes of the society. In the past three years Infant Welfare Society workers have cared for 36,000 Chicago babies. They hope to raise funds with which to equip at least six more stations, in addition to five new stations to be established by use of interest on a fund created by the sale of souvenir spoons during the Chicago fair.

MISS MARY BRYAN DIES FOLLOWING OPERATION

Young Woman Who Was Very Popular Here Dies In Ft. Worth—Burial at Decatur

The sad news was received here this morning of the death of Miss Mary Bryan, who until a few weeks ago was a resident of this city, at a hospital in Fort Worth, where she underwent an operation Saturday for appendicitis. She died at 4 o'clock this morning, the surgeon pronouncing her death due to the shock from the operation.

Miss Bryan was employed here as stenographer in the offices of Huff, Darwise and Bullington, leaving the latter part of March to go to Dallas to be stenographer and secretary to C. C. Huff, member of the firm here who was recently appointed general counsel for the Katy lines of Texas.

Miss Bryan came to Wichita Falls in 1909 her first employment being with the law firm with which she remained until she left for Dallas. She was a young woman of unusual capacity and efficiency and her courtesy and cheerfulness made her popular with the clients of the firm and all others with whom she was thrown into contact. In her position she was acquiring a knowledge of law and an experience in executive work that would have soon equipped her for a promising career in that profession.

Her only immediate surviving relative is her mother whose home is at Moody, Texas. Her father who was a Christian minister died when she was very young at Decatur, where his body is buried and where the body of Miss Bryan will be taken tomorrow morning. The funeral service will be held there and will be conducted by Rev. F. F. Walters of this city, pastor of her church.

News of her death was received in a telephone message to Orville Bullington, member of the firm of Huff, Bullington and Martin, who has taken charge of the arrangements for the funeral. As the report of her death spread telephone inquiries poured into the office of the law firm and many called in person to inquire as to the truth of the report hoping that it had been false.

Miss Bryan had known for some time that she had appendicitis but deferred an operation until last week.

FORT WORTH MINISTERS PASS UPON "TRAFFIC IN SOULS."

The management of the Wichita theatre and of the production itself will show in advance to a committee of ministers, if so desired, the film of "Traffic in Souls" which is to be shown here Thursday, Friday and Saturday nights. This has been done in a number of places among them Fort Worth, where the picture was shown last week. The Star-Telegram in the following account of the investigation of the picture there:

To the apparent chagrin and discomfort of Wilbur F. Crafts, president of the National Reform League, all of the most prominent Fort Worth ministers Monday afternoon refused to set aside the ruling of the Fort Worth censor board permitting the "Traffic of Souls" pictures to be shown.

"I'd like to know what demand there was to haul us over here," said on this, demanded Father Nolan of St. Patrick's Catholic church. Mayor Milam referred him to Secretary Brient of the Y. M. C. A., as a resolution had been adopted at the Crafts meeting of the Y. M. C. A. Sunday, asking that the films be banned.

Rev. John A. Rice, pastor of the First Methodist church, after an examination from the censor board of what the films show, announced in advance that he would vote against the films if scenes of immorality were shown whether the lesson drawn were good or not, on the general principal that showing of immorality is harmful. When Mayor Milam asked for the advice of the ministers, after seeing the films, Dr. Rice gave assent to the production, but added that he would like to qualify it with censorship of parts.

Crafts became very much excited as the reels were run before the committee. He charged that the operator was not showing all the scenes and Mayor Milam went to the booth to be assured that the film as brought here was being exhibited complete. As it became apparent, the ministers found nothing so shocking in the film Crafts reminded them that it showed scenes in a brothel.

Rev. C. A. Roth, rector of Trinity, frankly admitted the effect of the films good, agreeing with the position taken by the censor board.

Mayor Milam had asked each of the ministers to give their vote on a slip of paper by a mere negative or assent at the end of the performance. At the end Father Nolan raised the point that action by them either way would be an advertisement for the production and that there was no call for them to be drawn into such a thing.

"Traffic in Souls" is based upon facts discovered by the Rockefeller committee for the suppression of vice in an investigation in New York, it is said. It shows the haunts and the means of operation of the white slave agents, fake employment agencies and other methods used as lures.

MUNICIPAL CANDIDATES FILE EXPENSE REPORTS

It costs all the way from nothing to $65.10 to get elected to city office according to the expense accounts of the candidates, filed with County Judge C. B. Felder. A number of the candidates in the recent city election have filed their reports.

Horace Nutt, successful candidate for city attorney, spent the largest sum $65.10; Mayor Britain was next with $62.50. Other expense reports were: J. B. Stokes, $31.50; Harry Robertson, $11.50; A. H. Humphris $22.50; J. B. Nail, $28.75; L. N. Jernigan, $31; W. A. McCarty, $19.50; Edgar Rye, $4.

Printing and advertising are the principal items in nearly all the reports. Mayor Britain's report includes the item, "miscellaneous expenses, inches, cigars, refreshments to various persons," $40. City Attorney Nutt spent $1.50 for liquid refreshments, his report shows. None of the other candidates, so far as the reports show, "set 'em up" during the campaign.

LETTER FROM DAUGHTER OF GENERAL POLIGNAC

A number of Confederate veterans in Texas will be interested in knowing that a daughter of General C. J. Polignac, the famous Frenchman who was at the head of Polignac's Brigade in the war between the States, is soon to visit America and will present to the city of Richmond, Va., her father's sword.

One of the members of this brigade is W. C. Price of Hunt county, who is now here visiting his daughter, Mrs. Drew Young. Mr. Price was wounded in the battle of Mansfield, La., where the Confederate forces under General Polignac fought one of the notable battles of the war.

Mr. Price read with much interest a letter in the Dallas News recently from S. H. Fox and W. S. Coffey of McKinney, members of Polignac's brigade in which was included a letter from Madame Armande De Polignac Chabannes of Brussels, Belgium, daughter of General Polignac. The letter is addressed to the aforementioned veterans and follows:

Brussels, March 19.—My Dear, Soldiers: Your letter is fresh in my mind and heart, and I am replying to it ere it is an hour old to tell you how deeply your beautiful thoughts touched me.

When I read your dear, enthusiastic words I felt most grateful that you should thus cherish the memory of my dear beloved father.

How I hope I may see you when I come to America, and shake hands with you in the name of my father, your Gen. Polignac. May you still live long to remember him and bear my thoughts for you in your minds and hearts.

It Only Takes From $350 to $750 To Own Your Own Home Under Our Building Proposition in Southland Addition

To the first two buyers in each block in Southland Addition, who pay for the lot in cash, the Southland Addition will lend the amount of money needed to build your home and you can pay back the loan in monthly installments.

This is an unusual proposition to home builders and you will never get another chance like it after the required number of applications are filed. Every lot in Southland Addition on the market has sidewalks, sewerage, on or near high pressure water mains, car service, protective restrictions that will prevent abuses against damaging adjoining property, and ideal location. Lots range in price from $350 to $750, 50x150 feet. Now is the time to get your choice of location.

Twin City Fight Fans To Cheer Wolgast.

St. Paul, April 21.—Ten special trains carrying 2,500 fight fans will move out of the Twin Cities at six o'clock tonight for Hudson, Wis., where Johnny Tillman meets Ad Wolgast in a ten round go. While Tillman has shown promise in all of his recent bouts and has no more hesitancy about mixing things than Wolgast, it is believed he has been overmatched and the betting is slightly in favor of the Michigan battler.

A Complete Change of Program

For several years these bean complected grandstanders across the Rio Grande have been putting on a continuous performance of cheap military vaudeville. Shooting at each other with canary bird guns and reporting steen thousand killed and wounded. The other day the greaser got grouchy and refused to say "Good Morning" to the Red, White and Blue. Your Uncle Samuel got awful busy and if the Gringo don't get dreadfully polite awfully quick the Tamale makers are going to have to pay another installment on the Alamo.

All of which don't have much to do with the drug store merchandise that you want in a hurry. Our motorcycle was made where there were no speed limits. Whether you are in a hurry or not phone us, we will send it just as if you were in a hurry.

FRANCE IS THE HOME OF THE BEST PERFUMERS

America makes many fine perfumes, but for milady who craves the acme of perfection in the odor of flowers, her perfumes must come from Paris. Many ladies have heretofore sent to New York to secure these perfumes, a wholly unnecessary proceeding now, for we have stocked our cases with the very best lines that France produces. The Mary Garden, the Hubegants, the Azurea, Floramye, Le Tre Fle, Djer Kiss, La Rose Jacqueminot and L Origan de Coty in all the perfumes, toilet waters and powders. We also carry all of the best American makes, including the Vantine, Palmers, Hudnuts, Willis H. Lowe, Melba, Colgates and the Soul Kiss.

We will be glad to send any of these to your home for selection

.....WHY WE WENT INTO THE COFEEE ROASTING BUSINESS.....

We have been playing the game for twenty-five years and always paid particular attention to coffee.

Always had a great deal of trouble in getting blends to suit us and for years before we commenced to roast bought our different coffees roasted separately and blended them ourselves and always enjoyed a splendid coffee business but coffees don't blend perfectly except in the roaster where the different flavors can combine harmoniously.

Years ago we bought a hand power roaster and experimented on a small scale but our business soon outgrew this and we had to go back to the Roaster.

In 1909 we built a small building at the rear of our store and rigged up the hand roaster with a motor and commenced to roast our coffee but did not let the public know we were doing so as we wished an unbiased verdict. Inside of ninety days our business had quadrupled and become too big to handle with our little plant so we ordered our coffees roasted again and went East to purchase a plant large enough to handle our increasing business. We bought the very best and up-to-date machinery obtainable and came back unafraid to ADVERTISE THE FACT THAT WE ROAST OUR OWN COFFEES, and since that time our business has increased faster than we dreamed. So we know we are right.

If you are using our FRESH ROASTED COFFEES there's nothing to say. If not, would be pleased to show you the difference.
