## Talco - Bogata Equalization Board Meeting

The Talco-Bogata Board of Equalization held its first organizational meeting at Rivercrest High School Monday night, June 15.

Jack Franklin served as chairman of the Board and Jimmy Haynes as secretary. Jim Pirtle is also a member of the Board.

It is the duties of the Board to equalize taxes assessed, make necessary corrections and adjustments to the roll, approve the lists submitted by the assessor and then approve the roll. However, it is not the duty of the Board to assess property, set tax rates, or establish percent of assessment. Assessment is the responsibility of the tax assessor while it is the function of the Board to equalize tax values. The Board cannot add property omitted from the roll. And by the same token the Board lacks the power to place property on the unrendered roll. The procedure for the meetings are as follows:

- (1) The assessor submits all assessment lists to the Board.
- (2) The Board inspects the lists and equalizes values.
- (3) The lists are then returned to the assessor who thereupon makes up the general tax roll.
- (4) The assessor transmits the completed rolls to the Board.
- (5) The Board meets again to approve the rolls if found to be correct.

Any taxpayer may appeal to the Board when he is aggrieved by reason of his assessment or value. Therefore the assessor should mail notices of increase in sufficient time for the taxpayer to come to the tax office and discuss his assessment prior to the Board meeting. It is not required to have a personal appeal but if the taxpayer so desires he may call at the tax office to discuss values. Only those taxpayers who actually appear at the office of the assessor to protect their assessments should be sent Board notices. He then can appear before the Board itself.

Mrs. Margie Elsworth and children, Don and Donna of Houston, have returned home after spending a few days with her parents. Mr. and Mrs. Manuel Blalock.

The children of Mrs. Zela Neugent have returned to their homes after visiting here. They were Mr. and Mrs. Jack Blackwood and family of Durant, Ok., Mr. and Mrs. Bill Boyd and family of Hobbs, N. M. and Mr. and Mrs. Robert Mills and baby of Faulkton, S. D. The group spent several days camping and fishing at Lake Tawakoni. The Mills also visited his sister, Mrs. Ed Hale and family.

## County Taxes To Be Raised

The Titus County Commissioners Court has authorized the raising of county taxes by 33 1/3 per cent.

The tax-increase will bring \$47,000 additional revenue to the county.

Property will now be taxed on a 20% rather than a 15% value. For example, if a farm or house is a homestead of a value of \$10,000, the property owner would pay a county tax on 15% of the value, or a tax of \$14.25. With the tax raised to 20%, the county tax will be \$19, a one-third increase.

Notices from the county clerk will be sent out in the near future concerning property value and setting a date for persons to appear before the equalization board.

Persons having questions about the evaluation of their property should confer with the county tax office.

A press release issued by the county stated that the taxes must be raised in order to avoid dropping any of the services that the county now performs.

The release said, "We have checked with other counties of the state and find only a very few that are taxing under 20% of their value. We, the Commissioners' Court know that any tax raise will hurt some of our citizens and we would appreciate anyone discussing this matter with us as a court. We are aware that most of you citizens want a better county to live in."

## Area VI F. H. A. Leadership Conf.

The annual Area VI F. H. A. Leadership Conference was held at Gaddis Courts in Mt. Pleasant June 8-9. The purpose of the conference was to train officers and advisors and to make plans for the Area VI meeting to be held in Commerce on March 20. The theme chosen for the coming year is "FHA's — Pacesetters of the 70's."

Participants from the Rivercrest F. H. A. Chapter were Dianne Ward, Area VI Secretary; Liz Stubblefield, First Vice-President of the local chapter; and their advisor, Mrs. Anita Stubblefield.

Nan Brewer, Area President, Chapel Hill, presided over the conference. The Monday morning session included greetings to the group from Mr. and Mrs. Troy Brewer, area parents; a devotion; helps for officer responsibilities by the State F. H. A. President, Pam Price, Pantis; and the distribution and explanation of officers' notebooks by Miss Joe Marie Phillips, Chief Consultant Homemaking Education, Austin.

At the noon luncheon, a birthday party was held to celebrate F. H. A.'s 25th year. Area VI officers, attired in their red and white uniforms, each lighted a candle on the birthday cake and made a wish for the coming year.

The afternoon session included the executive council meeting and committee meetings. Dianne Ward served as chairman of the Business and Arrangements Committee.

A hamburger supper, swimming party, and entertainment was held Monday evening.

During the concluding session on Tuesday morning, committee reports were given and plans for attending the National F. H. A. meeting to be held at the New York Hilton Hotel July 13-16, were discussed. All Area officers will attend the meeting.

Austin. — Pressure from the courts may move the Legislature to massive election law reforms next year.

At least two major Texas cases which could have far-reaching consequences for the state election processes and political system are pending in three-judge federal courts.

In one, Corpus Christi, San Antonio and San Marcos plaintiffs challenge the constitutionality of the annual voter registration requirement and the January 31 registration deadline. The ask reopening of registration after the June runoff primaries to allow voters until October to qualify for the November general election. More than 30 states already have a general election sign-up extension, and no state requires as early a close-off of registrations as Texas.

A second case tests validity of the candidates' filing fee system. An El Paso candidate for county commissioner and a Tarrant County candidate for county judge won places on the May primary ballot through court action when they pleaded they could not afford to pay the stiff filing fee.

A third case attacks the constitutionality of the statute denying aid to illiterate voters in marking ballots. Secretary of State Martin Dies Jr. acknowledges a great many changes are needed in the state election code. He is compiling a list of needs with an eye on court decisions and plans to contact legislators about them soon.

Dies indicates he is inclined to favor the recommendation that May-June primary dates be shoved back until August and September (as some 14 states now provide).

He also tentatively likes the idea of making voter registrations good for four years. And the state, believes Dies, "is going to have to reach the conclusion candidates cannot continue to completely finance primaries."

LEGISLATIVE DECORUM EYED — A House committee studying ways to improve the legislatures decorum and public image indicated it wants curbs on the familiar practice of lawmakers' voting for absentees on an electronic machine.

Committee members couldn't bring themselves to condemn "proxy" voting for members absent from the floor for a few minutes to take telephone calls from constituents. But they frowned on votes cast for legislators who are truants from the capitol.

Committee, headed by Rep. John E. (Ned) Blain of El Paso, discussed a variety of proposals to make the House of Representatives look and act better.

Among other major suggestions: a glassed-in spectators' gallery, desk-to-desk floor telephone communications and overhead projectors to display hasty floor amendments to legislation.

DRUG MEMO SIGNED — High-ranking state officials signed a "memorandum of understanding" with the U. S. Department of Justice Bureau of Narcotics and Dangerous Drugs.

Memorandum formalizes the present working agreement and outlines areas of responsibility for state agencies and the federal bureau in which mutual efforts and cooperation will be necessary

# HOW TO

# KEEP YOUR COOL AND SAVE MONEY

Your electric air conditioning equipment will operate more efficiently and provide cool comfort more economically this summer if you follow these suggestions:

1. Have your equipment checked by a qualified serviceman. It may need adjustment, lubrication or additional refrigerant to operate at top efficiency.
2. Keep filters clean. Clogged filters cause the unit to work harder and use more electricity. Clean or replace them as necessary.
3. Keep your thermostat setting at the 76 to 78 degree comfort level. Each degree lower increases the consumption of electricity.
4. Keep out direct sunlight by closing blinds and drapes.
5. Insulation is important, particularly in the ceiling. Weatherstripping around doors and windows also will help keep hot air out, cool air in.
6. Turn off your air conditioning when you expect to be away for an extended period of time. You can quickly lower the temperature when you return.
