Hurricane Cindy Slams Coast

Winds Are Short-Lived

By The Associated Press

PORT ARTHUR (AP)—Hurricane Cindy slammed into the Texas coast at 8 a.m. today with winds of 80 miles an hour and then began disintegrating as it moved inland.

Cindy, third hurricane of the year and the only one that has reached the mainland, hurled high winds and tides at the Texas and Louisiana coast all night. The Hurricane sprang up quickly and unexpectedly Monday and diminished as rapidly today.

The ill-defined eye crossed the coast between Galveston and Port Arthur.

Less than an hour later, Civil Defense authorities in the Port Arthur - Beaumont - Orange area told refugees to go home.

The authorities said damage was minor, although considerable loss to the pecan crop appeared certain.

An estimated 13,000 persons—most of them in Cameron Parish, La., fled ahead of the storm, as a half million did ahead of Hurricane Carla two years ago this week. Carla killed 34 and did $500,000 damage.

The Cameron evacuation was spurred by memories of Hurricane Audrey in 1957 when more than 500 died in that low-lying section which was battered by monumental tides.

Civil Defense authorities in the Port Arthur-Beaumont-Orange triangle said at 8:45 a.m. that the only thing keeping residents from returning home was lack of inclination to fight winds and rains.

"There is no major damage or flooding of homes anywhere so far as we know," said Civil Defense authorities. State police said the same thing.

Deputy Sheriff Carl Reon said at Cameron, La., that Cindy failed to bring as much rain or as high tides as had been expected. He said water didn't get into main street this time—and two years ago, during Carla, the street was navigable by motor boat. But Reon said he did not want refugees to return to Cameron until Cindy had moved well inland.

In addition to the estimated 10,000 who fled Cameron Parish, Port Arthur sheltered 1,500 refugees, Beaumont 525 and Galveston 1,078, Civil Defense authorities said.

At least five boats were reported in trouble at one time or another in the Gulf of Mexico during the storm.

Weathermen predicted that rains as great as 10 inches would fall as a result of the hurricane.

Strong winds spread out 100 miles from the eye.

The Weather Bureau described the hurricane's eye as poorly defined with the entire hurricane disorganized.

The storm sprang up suddenly in the Gulf of Mexico yesterday and did not reach the power of a hurricane until late afternoon.

THE LIGHTS WENT OUT in a section of Snyder Monday night after this 1958 model station wagon driven by Arthur Lee Belvin, 42-year-old Colorado City Negro, struck a utility pole at Eleventh Street and the Lubbock Highway. The pole was broken in two places. Belvin was taken to Cogdell Hospital by Bolger Ambulance Service where he is being treated for a mangled left arm and broken left leg. The auto had struck a highway sign and a Mack truck before hitting the pole. Only minor damage was reported to the truck. The mishap occurred at 11:26 p.m. Monday, and was investigated by Snyder city police.

HELD BY CUBAN GOVERNMENT — Teodoro Picado Jr., son of the former Costa Rican president, and his wife, Susan, pictured following their wedding in 1951, are being held by the Cuban government after their plane was forced down in southeast Cuba by anti-aircraft fire. Mrs. Picado is the former Susan Moir of Glendale, Calif. The Cuban government, which announced that it is holding the couple and two Nicaraguans, said Picado is being questioned to determine whether he had any part in recent counterrevolutionary raids on Cuba. Aid Cuts Will Damage Trade Says Kennedy

WASHINGTON (AP)—President Kennedy told American businessmen today that "disastrous" cuts by the House in foreign aid funds would damage the country's export trade as well as its security.

In a speech prepared for 400 executives at the White House Conference on Export Expansion, Kennedy made a bid for industry support in the administration's push for restoration of the aid money in the Senate.

"I hope you will join me in seeking to reverse these disastrous cuts," he said.

Although the two-day export conference was called to enlist business cooperation in the governmentwide effort to eliminate the balance of payments deficit, Kennedy devoted a third of his address to what he called "our much abused foreign aid program."

The White House foreign aid request was $4.5 billion, but after successive slashes by the House Foreign Affairs Committee and the House itself, the authorization bill now calls for only $3.5 billion.

Explaining his contention that the cuts would impair private commerce, Kennedy said: "No foreign aid program, of course, can or should substitute for private initiative. It can assist in breaking the path; and that is an important reason for us all to give it support.

"These aid expenditures abroad are not, as is sometimes believed, the cause of our adverse balance of payments. More than 80 per cent of our current aid commitments are for expenditures in the United States; and next year offshore (foreign) expenditures by aid will be even lower.

"But aid can help our balance of payments by helping exports—and the recent cuts in this program by the House of Representatives, while saving at most only $20 million in American dollars on our balance of payments accounts, will have a severe impact upon our exports as well as our security."

Before the President spoke, Secratary of Labor W. Willard Wirtz urged the businessmen to expand their exports to help close the full-employment gap as well as the balance of payments gap.

Wirtz said every $1 billion of added exports creates 150,000 new jobs for American workers. Production for export sale, he said, engages 14 to 15 per cent of the payrolls in industries making light machinery, chemicals and metals.

"High wages, high productivity and high labor standards have marched hand in hand with increasing exports," Wirtz said. "The United States has built the world's greatest trading volume on such foundations."

Acknowledging that increased exports imply higher imports, with resulting loss of some jobs, Wirtz said the two-way expansion of foreign trade creates more jobs than it eliminates. The Trade Expansion Act provides federal aid for companies and workers damaged by import competition.

Labor should join industry in bringing home to workers their stake in expanding export volume, Wirtz said, adding:

"Perhaps, more directly, the unions in their day-to-day, as well as formal, exchanges with management can encourage a bolder approach—or sometimes even a first venture—by management into the export market as an outlet for the products of the plant or industry."

Ban Backers Increasing

WASHINGTON (AP) — The limited nuclear test ban treaty picked up another promised vote today — that of Sen. Fam Ervin, D-N.C.

Ervin, who had been uncommitted, told the Senate he had come to his decision in belief that rejection of the treaty "would irretrievably damage, if not absolutely destroy, any opportunity for the United States to furnish leadership to the free world during the foreseeable future."

Ervin's announcement raised to 78 the number of senators committed to or inclined to vote for ratification. There is strong opposition by 13 senators and 9 remain doubtful or undecided.

Ratification requires a two-thirds majority of those voting, or 67 if all 100 senators vote.

As to prospects for the vote, Democratic leader Mike Mansfield of Montana told newsmen he is hopeful it can be reached this week.

Mansfield, who saw reporters after the weekly meeting of congressional leaders with President Kennedy, said there would be voting this week on reservations and understandings even if the final vote on ratification has to go over until next week.

Ervin said his decision to support the treaty was the most difficult one he has had since he came to the Senate nine years ago.

He said he had misgivings, based on military considerations, about the treaty but felt ratification was "the less of the two undesirable choices available to us."

The treaty drew support from Sen. Stuart Symington and opposition from Sen. Strom Thurmond.

"Unless there can be some understanding among the growing number of nations that will have the weapon, a nuclear holocaust is only a question of time," declared Symington, a Missouri Democrat.

Symington, a former secretary of the Air Force, said in a prepared Senate speech the treaty banning all but underground testing "will not affect to any appreciable extent our capability to destroy the Soviet Union if a retaliatory strike is required."

On the other side of the debate—which shows indications of continuing into next week—Thurmond, a South Carolina Democrat, charged the treaty constitutes "major risks and jeopardies to the capability of the United States to deter a nuclear war in the future."

The Senate granted unanimous consent Monday to move from debate on the treaty itself to consideration of the resolution of ratification, to which a series of reservations, understandings and interpretations have been offered.

But so many senators remain to speak on the issue that the goal of a final vote by Friday still appeared doubtful.

Both Symington and Thurmond are members of the Senate Preparedness subcommittee which heard much military and scientific testimony critical of the treaty.

Symington lined up with the Joint Chiefs of Staff, who held that there are military risks and disadvantages to the treaty, but that with safeguards for U.S. security the treaty was acceptable.

But Thurmond said in his prepared address that the military chiefs merely "went along with the White House," and that this was different from supporting the treaty.

"The chiefs of staff may not have been threatened outright, and most probably were not," Thurmond said, "but the chiefs live in an environment which daily demonstrates the rule of rigid compliance with decisions from above."

Additions To Rights Bill

WASHINGTON (AP) — The House Civil Rights subcommittee added two more sections today to the civil rights bill it is working on. They relate to voting rights and school desegregation.

The action, subject to possible change later, puts into the bill four of the seven parts asked by President Kennedy.

Still to be acted on by the subcommittee are the key public accommodations section, a provision that would authorize the President to withhold aid funds for programs in which states practice segregation, and legislation dealing with job opportunity.

Chairman Emanuel Celler, D-N.Y., said the subcommittee would take up the sections dealing with withholding of federal funds and job opportunities next, saving the public accommodations section for last.

Negroes Plan March To Protest Bombing

By HOYT HARWELL

BIRMINGHAM, Ala. (AP)—Birmingham Negroes incensed over the bombing deaths of four of their children plan to march on Montgomery to lay directly before Gov. George C. Wallace their feeling that he is to blame for the slayings.

At their first gathering since the Sunday morning dynamite blast, an estimated 1,200 Negroes took a unanimous standing vote Monday night to endorse a march on the state house.

The vote came after three integration leaders called for nonviolence and accused Wallace of causing the racial tension that led to the dynamiting of the Sixteenth Street Baptist church. No date for the march was set.

An afternoon funeral service for Carol Robertson, 14, one of the four girls killed by the blast, was scheduled at St. John's African Methodist Episcopal church.

The Rev. Fred Shuttlesworth told the rally that mass services for the other three victims will be held Wednesday afternoon at the Sixth Avenue South Baptist church—where the rally was held. The three were Denise McNair, 11, and Addie Mae Collins and Cynthia Wesley, both 14.

Negro leaders here and around the nation called for use of more federal power in Birmingham, but a government source in Washington said there was no legal basis to put additional troops in the city now. There are 300 federalized National Guardsmen on alert here.

Sheriff Melvin Bailey said two white teen-agers were arrested on an open charge in the slaying of one of two Negro boys shot to death a few hours after the dynamite blast.

City police said the other youth was killed when they fired buckshot at fleeing Negroes after a rock-throwing incident.

In Washington, President Kennedy expressed "a deep sense of outrage and grief" over the bombing and called on all Americans to put aside prejudices and to unite in working for justice and peace."

"Words and actions" of Wallace and the segregation system caused the Sunday deaths, Dr Martin Luther King Jr. said at the rally.

He said Wallace "had allowed himself to defy the law of the land and to deal with Negro citizens in Alabama as if they didn't live in the state."

The governor declined comment on the proposed march on the state capitol and on King's accusation. He had said earlier he deplored the bombing and hoped the perpetrators would be caught.

They have not been caught. Neither have the persons who staged 21 other bombings in the past eight years.

FBI bomb experts continued to sift through evidence at the church for clues.

Another investigation is under way by a federal grand jury, ordered by U.S. Dist. Judge Clarence William Allgood to look into possible interference with federal court school integration orders.

The city's first week of public school integration preceded the church bombing and resulted in boycotts and demonstrations by some of the white students of the three schools entered by five Negroes. Some adults also were involved in the first demonstrations.

Malaysia Breaks Relations After Loud Demonstrations

KUALA LUMPUR Malaysia (AP)—Malaysia today broke diplomatic relations with Indonesia and the Philippines, the government announced.

Shortly before the announcement, screaming, rock-throwing Malay demonstrators stormed the Indonesian Embassy compound, setting fire to one building and smashing windows and furniture.

The riot was retaliation for a similar mob action Monday against the Malaysian Embassy in Jakarta and the Malayan Consulate in Medan, North Sumatra. Indonesia bitterly opposes the new Malaysian Federation of Malaya, Singapore, Sarawak and North Borneo.

More than 1,000 persons took part in the demonstration at Kuala Lumpur. About 200 surged into the embassy grounds.

No one was injured during the 35-minute demonstration.

Riot police, armed with clubs, rifles and tear gas, made little attempt to break up the melee with force. Many grinned broadly as they tried to shoo the demonstrators away.

An official government statement said Prime Minister Tunku Rahman took the action to break relations after a meeting of the Malaysian Cabinet.

The announcement said Thailand has been asked to handle Malaysia's affairs in Indonesia and the Philippines.

Rahman said in a statement his government took the action because Indonesia "has broken off diplomatic relations with Malaysia without any apparent reason. We have no choice but to do likewise and to recall our ambassador and the embassy staff and at the same time to close down our consulate in Medan."

He said the Philippines had asked that the status of the Philippine embassy in Kuala Lumpur be reduced to that of a consulate. The Prime Minister said this was unacceptable and therefore there was no choice for Malaysia but to recall its ambassador.

Address On Television

NEW YORK (AP) — President Kennedy's speech at the United Nations Friday will be carried live by all major television and radio networks.

The exact time of the address is indefinite, but it is expected to be between 11 a.m. and noon EST.

It will be carried live by television and radio networks of the National Broadcasting Co., Columbia Broadcasting System and American Broadcasting Co. and the Mutual radio network.

Jury Resumes Cuba Probe

NEW YORK (AP) — As a federal grand jury in Brooklyn resumes its probe today of a trip by 59 American students to Cuba, the committee that sponsored the journey disclosed that Cuba has come up with a second, similar invitation.

The Student Committee for Travel to Cuba announced it will try to send 200 Americans to the Caribbean island next January.

Philip A. Luce, committee spokesman, said the invitation for American students to see Fidel Castro's regime in operation came from the Cuban Federation of University Students.

Luce said "we assume" the invitation provided for the Cuban Federation to pay all expenses, as it did for the 59 Americans who defied a State Department ban and went to Cuba for an eight-week stay this summer.

One of the 59 drowned in Cuba. When the majority of them returned to this country, their passports were invalidated.

Two Missing Ships Hunted

PORT ARTHUR (AP)—Aircraft and Coast Guard vessels searched the turbulent waters of the Gulf of Mexico today for two missing ships.

One was the 126-foot tug Myra White, reported to be carrying a crew of eight. The other vessel had not been identified.

Ensign Robert Sloncen at the Coast Guard station at Sabine Pass said the two ships had been out of contact for four hours.

"They reported they were still out there and were making no headway," Sloncen said. "We are trying to locate the vessels with ships and aircraft."

Police Station In Chicago Picketed

CHICAGO (AP) — Six Negroes picketed a West Side police station today to urge integration of squad cars.

"Black and white in every car," their sign read.

Police said the pickets represented an organization known as Friends of Benjamin Lewis, Inc. Lewis was a Negro member of the Chicago City Council who was mysteriously slain in his office the day after his re-election in February.

Chicago has 10,800 policemen of whom about 25 per cent are Negroes.

Johnson's Personality Makes Many New Friends For U. S.

By RONALD THOMSON

COPENHAGEN, Denmark (AP)—The bluff hearty personality of Lyndon Johnson has made thousands of new friends for the United States in Scandinavia.

His goodwill trip left the peoples of four sophisticated nations in something of a pleasant daze. With an easy smile the vice president barnstormed through Sweden, Finland, Norway and Denmark and was greeted by extraordinary popular enthusiasm.

Thousands turned out to receive one of the Johnson handshakes and perhaps to grab a ballpoint pen, a pencil or a signed card admitting them to the vice president's gallery in the U.S. Senate.

"No previous visitor has met with such an enthusiastic response from the general public as has this one," said the Finnish newspaper Ilta-Salomat.

Within two years the Finns have been visited by Premier Nikita Khrushchev and President Leonid Brezybnev of Russia, but there never was a reception on the same scale.

In talks with President Urho Kekkonen, Johnson stressed that the United States fully respected Finland's neutrality but pointed out that it was dependent to a great extent on the determination of the West to resist aggression.

This argument, plus the great outpouring of pro-American sentiment by the crowds who cheered the vice president everywhere he went, seemed to impress the Finnish statesman.

The tour—first ever made by a U.S. president or vice president to Scandinavia while in office—produced moments of warmth, moments of excitement and, inevitably, moments of misunderstanding.

Johnson seemed to offend some people when he made a speech after laying a wreath at the war memorial in Rovaniemi, administrative capital of Lapland.

By tradition, no distinguished visitor is supposed to make a speech there, but merely to lay his wreath in silence. The newspaper Hufvudstadsbladet, in the only printed reference made in Helsinki to the incident, called the vice president "well meaning but tactless."

Aides said Johnson was upset over the misunderstanding. Throughout the next day of his program he appeared subdued and depressed.

Finland and Sweden are unaligned in the cold war while Norway and Denmark are members of the North Atlantic Treaty Alliance.

In all four countries, however, the vice president emphasized that a relaxation of East-West tensions can come only if the Western World maintains a firm and resolute defense.

WEATHER

SNYDER TEMPERATURES: High Monday 85 degrees; low [illegible] degrees; reading at 7 a.m. [illegible] degrees.

North Central Texas: Cloudy in east to partly cloudy in west today and Wednesday. Occasional rain in extreme east [illegible] Wednesday morning. Low tonight 68 to 76. High Wednesday 75 to 85.

Northeast Texas: Cloudy with occasional rain today and tonight. Rain locally heavy in east. Cloudy with rain ending Wednesday. Low tonight 68 to 74. High Wednesday 74 to 82.

Northwest Texas: Partly cloudy today and Wednesday. Low tonight 57 to 70. High Wednesday in 80s.

Coast: Hurricane warnings for squalls with winds to 75 knots and tides 5 to 8 feet above normal for Galveston eastward diminishing today and tonight. Gale warnings with winds to 45 knots and tides 3 to 5 feet above normal Galveston to Freeport, diminishing by tonight. Small craft warnings are displayed south of Freeport for northerly winds 10 to 20 knots and tides 1 to 2 feet above normal with moderate to heavy swells diminishing tonight. Variable winds 8 to 10 knots most all coast by Wednesday morning.

South Central Texas: Cloudy with occasional rain in extreme east today, otherwise partly cloudy today and Wednesday. Low tonight 70 to 75. High Wednesday 85 to 95.

Southeast Texas: Heavy rains up to 2 to 6 inches with winds 45 to 75 knots diminishing today and early tonight. Wednesday cloudy to partly cloudy with scattered showers and a little warmer. Low tonight 70 to 78. High Wednesday in 80s.

Southwest Texas: Partly cloudy today and Wednesday. Low tonight 66 to 74. High Wednesday 85 to 95.

THIS LITTLE PIG—Mrs. Lyndon B. Johnson holds a suckling pig during a visit to an experimental farm at Trolleminde, near Copenhagen, Denmark. She is accompanying her husband, Vice President Johnson, on an official tour of Scandinavian countries. (AP Wirephoto)

Power Commission Is Criticized

By MAX B. SKELTON

NEW ORLEANS (AP)—A member of the Federal Power Commission said today the commission at times has exceeded its authority to regulate interstate sales of natural gas.

Harold Woodward said he believes the commission is embarked to a sound course of regulation in general but he objects to any reach for powers beyond those clearly set by statutes.

"I know of no statute which confers power on a regulatory agency to write its own legislation when it feels the existing laws are inadequate," said the former hearing examiner for the Illinois Commerce Commission.

Illness prevented Woodward from presenting the speech he prepared for delivery before the Independent Natural Gas Association of America but his remarks were read by another member of the commission, L. J. O'Connor Jr.

Woodward said he is in full agreement with FPC efforts to develop an area formula for controlling wellhead prices of gas sold in interstate commerce but objects to recent rulings involving intrastate sales and lease purchases by pipeline companies.

Both Woodward and O'Connor objected when the commission ruled recently gas sold in the state in which it is produced is subject to FPC jurisdiction if it is transported within that state by an interstate pipeline.

"While it has been more recently breached than observed, there is still a statute which excludes such sales from the FPC jurisdiction," Woodward said.

"That the natural gas act does not embrace intrastate commerce is clear from the act itself and from judicial interpretations. Thus, I am seriously troubled by a decision such as this which stretches the law to fit a particular circumstance and fails to give effect to court decisions holding to the contrary."

Five Vessels In Trouble

GALVESTON (AP)—The Coast Guard said today five boats were reported lost or in trouble in the Gulf of Mexico off Galveston near the point where Hurricane Cindy moved inland.

The largest storm victim is the Myra White, a 156-foot converted Coast Guard cutter towing an LST, a naval transport. The Coast Guard said the ship is 40 miles south of Port Arthur, drifting with engine trouble.

The fishing vessel Dorcas was reported with engine trouble in the Intracoastal Waterway near High Island.

The Velda M, a 62-foot fishing vessel, was reported last off Galveston, but did not report trouble.

Of three other vessels earlier reported in trouble, one was en route to Galveston under its own power and reported out of danger. It is the Bellatrix, earlier reported disabled with engine trouble.

The 80-foot trawler, Belle of Texas was located four miles south of the Galveston jetties, anchored and awaiting a Coast Guard cutter.

The Joe F has still not been located, but is not reported in serious trouble.

Noted Developer Dies In Ohio

COLUMBUS, Ohio (AP)—Don M. Casto Sr., 65, nationally known shopping center developer, died of a heart attack in his Columbus home today.

He was the developer of what is believed to be the nation's first shopping center here in 1921, and at his death he headed the nation's largest chain of regional-type centers.

A native of Cleveland, he spent his early youth in Quincy, Ill., moving to Columbus with his family when he was 13.

Sen. Tower Thinks Goldwater Can Win

DALLAS (AP)—Sen. John Tower, R-Tex., says he believes Sen. Barry Goldwater, Ariz., can win the Republican presidential nomination, if he wants it.

Tower cautioned Dallas Republicans Monday that "we have many good men who would make good presidents." He said the Republican party must stand unified after the convention.

"This country can't stand another four years of this (Kennedy) administration," Tower said.

Tower said Goldwater is an odds-on favorite in New Hampshire and could also carry California's primary 2-1 if it were held now.

Slant Well Cases Are Transferred

DALLAS (AP)—Two slant well cases have been transferred to Dallas from Henderson on a plea of privilege by the First National Bank of Dallas.

Humble Oil & Refining Co. is plaintiff in both cases. The first suit, against W. O. Davis Jr. of Longview and 21 co-defendants, asks in excess of $300,000 damages.

The second is against Burk Royalty Co. of Wichita Falls and nine co-defendants. An excess of $78,000 is asked.

Each of the petitions claims slanted wells were drilled under the plaintiff's leases.

The Dallas bank, named a defendant in each of the suits, asked that they be moved here to the 134th District Court of Judge Charles Long Jr.

Increase In Funds Voted

WASHINGTON (AP)—The Senate Appropriations Committee approved today a $289 million increase over funds previously voted by the House to equip and operate the nation's fighting forces during the current fiscal year.

This pushed the total of the annual defense money bill to $47,371,407,000. This is some $1.6 billion below President Kennedy's budget estimates and $978 million under last year's total.

Sen. Richard B. Russell, D-Ga., who will manage the appropriation bill later in the Senate, said he expects the increases to be approved by the Senate "because of the mounting defense needs which will result from the test ban treaty."

A Turkish translation of the Koran was in the works for almost four decades before its publication in 1961.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I know what THINNER AND MADDER is going through. I lost 45 pounds in the last six months and I feel better and look younger and prettier for it. Everyone I know tells me how great I look — except one person. She insists that I don't look like myself, and that she preferred the old fat me! Incidentally, her husband is one of those who complimented me. Well, this woman who preferred the old fat me recently got contact lenses, so when I saw her, I told her she didn't look like herself and that I preferred the "old bespectacled her!" She got the message and now she isn't speaking to me any more. I don't feel that I've lost a friend — I just showed her up for the jealous cat she was.

THIN AND HAPPY

DEAR THIN AND HAPPY: If you wanted the last laugh, you got it, but people who fight fire with fire eventually make ashes of themselves.

* * *

DEAR ABBY: I am almost 16 years old and have been wanting a private telephone in my bedroom ever since I was 12. My mother keeps using the excuse that she doesn't have the money. Well, my boy friend told me that he would put the telephone in my room as a gift, and that he would also pay my telephone bill every month. Now my mother says that I still can't have it, but she won't give me a reason. Do you think that's fair? What can I do about it?

WANTS A PHONE

DEAR WANTS: There is more than a telephone involved here. Tell your boy friend you appreciate his generosity, but you aren't allowed to accept such costly gifts.

* * *

DEAR ABBY: What is the right thing to do in this situation? We had planned for over a month to put supper together at a friend's house on a certain evening. That evening arrives, you are ready to go — the food you are taking is ready, and the friends expect you in half an hour. Then your husband's mother and father walk in unexpectedly with an aunt and uncle. They stay and stay. Finally you sneak away from them for a minute and phone your friend and say, "We can't come and I'll tell you why later; goodbye."

The next day I phoned my friend and explained why we couldn't come. She said that was no excuse and she was PEEVED like I've never known her to be. Did she have a right to be peeved?

STUCK

DEAR STUCK: YES! You should have greeted your unexpected callers with the regret that they had not telephoned first as you were on your way out to a planned get-together, then taken your food (the hostess was in doubt counting on it) and departed!

* * *

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Big Ds In Top Spots This Week

DALLAS (AP) — Port Arthur, Dumas, Denver City and Albany claimed the No. 1 spots in the four divisions of Texas schoolboy football in the first Dallas News poll of the year.

Port Arthur shoved to the top of Class AAAA and San Angelo, the pre-season favorite, tumbled to fifth on the basis of its open game loss to Borger. Corpus Christi Miller was second, San Antonio Brackenridge third and Borger fourth.

Dumas, defending Class AAA champion, was an easy choice for No. 1 of that class by sports writers over the state participating in the poll. Graham was second and Jacksonville third.

Denver City, which has polished off two Class AAA teams in a row, was picked No. 1 in Class AA, with Sinton No. 2 and Stamford No. 3.

Albany was selected for No. 1 in Class A, with New London second. A newcomer to the ratings, Pearland, got third place.

The 10 top teams by classes:

Class AAAA: 1. Port Arthur; 2. Corpus Christi Miller; 3. San Antonio Brackenridge; 4. Borger; 5. San Angelo; 6. Spring Branch; 7. Corpus Christi Ray; 8. Galena Park; 9. Houston Austin; 10. Midland.

Class AAA: 1. Dumas; 2. Graham; 3. Jacksonville; 4. Orange; 5. Bay City; 6. Hurst Bell; 7. Brownwood; 8. McKinney; 9. Pharr-San Juan-Alamo; 10. San Benito.

Class AA: 1. Denver City; 2. Sinton; 3. Stamford; 4. Rockdale; 5. Katy; 6. Pine Tree; 7. Missouri City Dulles; 8. Sweeny; 9. Plano; 10. Atlanta.

Class A: 1. Albany; 2. New London; 3. Pearland; 4. Ingleside; 5. Seagraves; 6. White Oak; 7. Petersburg; 8. Waco Midway and Munday (tied); 10. Hull-Daisetta.

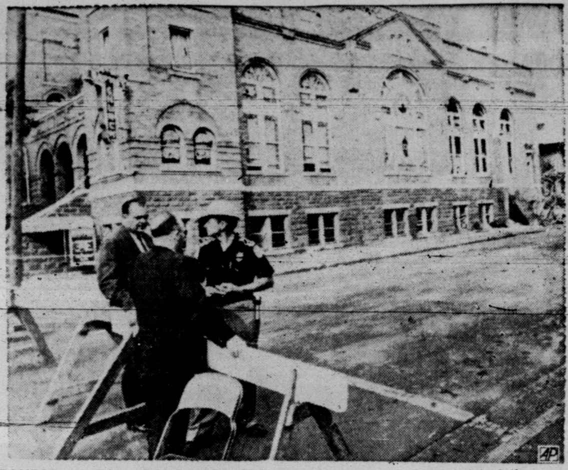
Ft. Worth Pair Slain

FORT WORTH (AP)—A couple was found slain today in an East Side apartment and officers said it looked like murder and suicide.

They were Mr. and Mrs. W. G. Wittie, in their late 50s. He was a retired railroad employe.

Mrs. Wittie had been beaten about the head with a hammer. Wittie had been strangled with a light cord wrapped tightly around his neck.

Officers found two scribbled notes on a table. One indicated Mrs. Wittie had been ill and said, "I can't stand to see her go on like this. . . May God forgive me." It was addressed to the couple's children and was signed "Dad."



BOMBED CHURCH AREA SEALED OFF—A state trooper and two plainclothesmen stand guard at a road block at the 16th Street Baptist Church in Birmingham, Ala., after the area was sealed off to all but officers and the FBI who are investigating the bombing which killed four Negro children. The blast went off inside the basement door at far right. (AP Wirephoto)

Cartrite Named Assn. Moderator

COLORADO CITY — The Rev. Alan Cartrite, pastor of Green Hill Baptist Church in Snyder, was named moderator of the Mitchell-Scurry Baptist Association for the 1963-64 associational year here Monday.

The annual convention of the association was held at First Baptist Church in Colorado City.

Other officers of the association for the coming year include the Rev. E. V. Brooks, pastor of Oak Street Baptist Church in Colorado City, vice moderator; Dr. A. B. Lightfoot, pastor of First Baptist Church in Snyder, program chairman; the Rev. Neal Rogers, pastor of Calvary Baptist Church in Colorado City, clerk; W. C. Fargason, Hermleigh, treasurer; R. Virgil Mott, music and education director at First Baptist Church in Snyder, Sunday School; Glen Sehested, Snyder, Training Union; the Rev. Alex Campbell, pastor Dunn Baptist Church, young people's leader.

Also, S. W. Williams, Dunn, music director; Olsen Sweatt, Colorado City, Brotherhood chairman; Mrs. Roy Burgess, Snyder, WMU; Dr. Jimmie Nelson, pastor of Colonial Hill Baptist Church in Snyder, evangelism chairman; the Rev. Jim Turner, pastor of First Baptist Church in Loraine, stewardship chairman; the Rev. D. W. Copeland, pastor of Knapp Baptist Church, church achievement; the Rev. J. H. Skiles, pastor of Midway Baptist Church, retirement; Marvin Has[illegible] Sr., Baptist Standard; the Rev. Bernie Finch, pastor of central Baptist Church in Hermleigh, Christian Life.

Resolutions adopted call for efforts to protect freedom of worship, support of a greater missionary effort through the Southern Baptist cooperative program, emphasis on the use of the right to vote, and a definite stand against "the ever increasing evil of complacency, lethargy, etc."

Other resolutions expresses appreciation to the First Baptist Church in Colorado City for its hospitality during the annual meeting, and pledged efforts for better attendance at associational activities.

The Amazon River's 3,900 miles —draining from the Andean highlands of Bolivia, Peru, Ecuador and Colombia, and extending to the Atlantic Ocean — are exceeded only by the Nile's 4,145-mile length.

GUEST COFFEE—"Get With It", was the advice given by Mrs. Joe Graham in a talk to the Twilight Garden Club Saturday morning at the Martha Ann Woman's Club. Mrs. Graham was guest speaker for the guest coffee with 15 members and five guests. Mrs. Graham said that now is the time to prepare for lots of beauty next spring. "Get your beds and gardens ready now for bulbs and flowering shrubs. Plant seed for columbine and other early flowering annuals," she said. She gave a list of bulbs, shrubs and trees that are adapted to this area. The hostesses for the first meeting of the new year are pictured above with the guest speaker. From left, Mrs. Graham is being served coffee by Mrs. Jack McGlaun while Mrs. T. E. McCollum served other tidbits.

WOMEN

DUNN NEWS

BY ELWANDA STEWART

Mr. and Mrs. John Bond and son of Ira visited Mr. and Mrs. Grady White and Joyce Friday night.

Mrs. Clifton Woodall and children of Salina, Kansas and Mrs. Howard May and son of Midland were recent guests of Mr. and Mrs. Arvin Townsend and Jimmy.

Mr. M. Mullins of Los Angeles, Calif. spent Monday night visiting Mr. John Brown. Mr. Mullins is a former Dunn resident.

Mr. and Mrs. Marcus Johnston spent Thursday and Friday in Abilene attending the West Texas Fair.

A number of students have left for college. Pat Murphy and Judy Richardson will attend Texas Tech. Pat will be a senior and Judy will be a freshman. Jerry Cotton and Johnny Richardson will attend Stephen F. Austin at Nacogdoches. Jerry will be a senior and Johnny will be a junior. Jimmy Laster will be a freshman at Hardin Simmons. Carol Motes will be a freshman at Texas Tech. Charlene Johnston will be a junior at North Texas University and Carol Stewart will be a senior at Sul Ross, Alpine.

Mr. Grady White and Mark Holmes visited in Post and Lubbock Thursday. They visited Mr. and Mrs. Pete White in Lubbock.

Forrest Wemken has returned home from Cogdell Hospital.

Mrs. L. T. Nail and Mrs. Graham Smith visited Mr. and Mrs. Richard Smith and son in Odessa the past week. Mrs. Smith and Richey came home with them for several days. Also visiting Mr. and Mrs. L. T. Nail and Jimmy were Mrs. Mickey Taggart and Matt of Rotan.

Mrs. Eunice Goodlett accompanied Ruth Thomas of Snyder to Big Spring Monday. Ruth will be a freshman at Howard County Junior College.

Mrs. W. A. Johnston accompanied Mr. and Mrs. Bill Hunter to Denton Valley Thursday. They attended funeral services for Mrs. Johnston's great niece and her little daughter. The two were killed in an auto accident in Colorado.

Mrs. H. L. Fargason accompanied her daughter-in-law, Mrs. Marvin Fargason to Lubbock Monday. Richey Fargason, son of Mr. and Mrs. Marvin Fargason received medical treatment in Lubbock.

FESTIVE MAIN LOBBY—Congratulatory floral tributes added to the modern decor of the main lobby of Snyder Savings and Loan Association's new building during open house Sunday. In the background are tellers' booths and beyond the wall at rear are passageways leading to the walk-up and drive-in windows. Hundreds of persons toured the new building during the formal opening event Sunday.

Britishers Cheer News Of 4th Child

By COLIN FROST

LONDON (AP) — Britons cheered today the news that Queen Elizabeth II is expecting her fourth child. Some saw the royal household charting a trend toward a return to the Victorian ideal of large families.

Banner headlines relayed Buckingham Palace's announcement Monday that the 37-year-old monarch is expecting next year. Such news usually is made public six months in advance, placing the expected time of birth in late March.

Royal aides said the queen will be attended by Sir John Peel. Peel, surgeon gynacologist to the royal household, delivered the queen's other children, Prince Charles, 14, Princess Anne, 13, and Prince Andrew, 3.

A maternity ward will be set up soon in Buckingham Palace, aides said.

Elizabeth is on a vacation at Balmoral, the royal estate in Scotland, until October. She canceled her public engagements.

"The queen is very well and everything is proceeding normally," reported Sir George Middleton, the physician caring for her at Balmoral.

The news that Queen Elizabeth and Prince Philip will be parents of four children is expected to have a personal meaning for many young British couples who look to royalty to set a pattern for family life.

The queen's great-great-grandmother, Queen Victoria, had nine children, a common average for British families during her reign from 1837 to 1901.

The fourth royal infant, if a boy, will be the third in line to the throne, after Prince Charles and Prince Andrew. If a girl, she will be fourth, after the two princes and Princess Anne.

Peel will be assisted by four or five physicians in the delivery, the royal aides said.

The royal physician, now on a lecture tour in South Africa, also will attend the queen's cousin, Princess Alexandria, who is expecting her first baby soon after Christmas.

Meanwhile, medical sources at Zarauz, Spain, reported that Queen Fabiola of Belgium suffered a miscarriage Saturday night in her third month of pregnancy. This followed a cautious communique from the palace in Brussels saying recent reports that the queen was pregnant were unfounded. She and her husband, King Baudoin, have been on a vacation at Zarauz.

Vinson Legislation Would Restrict Use Of Servicemen

By WALTER R. MEARS

WASHINGTON (AP) — Rep. Carl Vinson, powerful chairman of the House Armed Services Committee, accused Secretary of Defense Robert S. McNamara today of seeking to make servicemen into political agents in the fight against racial discrimination.

Vinson, a Georgia Democrat, announced he has introduced legislation that would make it a court-martial offense for military men to use the powers McNamara gave them July 26 in a move to combat any discrimination against servicemen.

"My bill does not deal with segregation or integration," Vinson said. "My bill keeps the military where it belongs—in the business of defending the nation."

He said the Pentagon plan would shift the traditional roles of the military and civilian authorities in "one of the most serious challenges to our form of government to occur in this century."

Vinson, who usually operates with little fanfare, issued a five-page statement attacking the McNamara order and the sweeping recommendations of a presidential committee on equal opportunity in the armed forces.

In advance of Vinson's statement, it was learned that the Air Force had barred participation by its men and equipment in any public event where racial discrimination is practiced.

Vinson said, "Let the Congress, the courts, the states and the people worry about social reform. Let the armed services concentrate on defending the nation."

McNamara on July 26 authorized base commanders — with prior approval of their service secretaries—to declare off-limits areas where "relentless discrimination persists against Negro servicemen and their families."

In addition, he told the services to issue instructions and regulations "in connection with the leadership responsibility for equal opportunity on and off base."

He also ordered each service to set up a system to monitor progress toward equal opportunity on and off base.

A committee headed by Washington attorney Gerhard A. Gesell had recommended the Pentagon go far beyond those steps, and close military bases near communities where racial discrimination persists.

Vinson said his bill would make it a court-martial offense "to seek to direct or control in any way the manner in which a member of the armed services lives off military bases."

One of the oldest centers of Sanskrit learning is Bhatpara, a city in India.

U.N. Ceremonies Seen Via Satellite TV

UNITED NATIONS, N.Y. (AP) —Through use of the U.S. communications satellites Relay and Syncom the opening ceremony of the U.N. General Assembly today will be broadcast live for radio and television use in North America, Europe and Africa.

Disney Associate Dies

BURBANK, Calif. (AP)—Oliver Wallace, 76, who composed "Hindustan" and was a musical director at Walt Disney Studio for 27 years, died Sunday at a Burbank hospital after a brief illness. He wrote more than 100 musical scores for Walt Disney pictures.

Bella Gets Greeting

ALGIERS (AP) — Ahmed Ben Bella has received a message from President Kennedy congratulating him on his election as president of Algiers Sunday.

The message, released today, said: "I wish you, as well as your government, all possible success in the service of your people during this decisive period in Algerian history."

Dies In Cemetery

TERNI, Italy (AP) — Calliope Lucidi, 85, went to the cemetery Monday to place flowers on a grave. As she neared the tombstone she stumbled, fell into a freshly dug grave and died.

Stretch Pressure Is Now On 'Other Foot'

ST. LOUIS, Mo. (AP)—The Los Angeles Dodgers hoped today they had finally shoved the "choke" charge down the throats of their most caustic critics.

"They've been accusing us of choking. Now we'll see what happens. The shoe is on the other foot."

These words were uttered by Don Drysdale, Los Angeles' right-handed ace, following the Dodgers' vital 3-1 triumph over St. Louis Monday night that widened their first-place lead to two terribly big games over the Cardinals.

"Lou Burdette, (St. Louis veteran pitcher) was giving us the business all through the game," added the 6-foot-6 Drysdale. "He was clutching his throat while sitting in the dugout. All that did was to make our guys more determined."

Burdette's obvious reference to choking apparently did not affect southpaw Johnny Podres who hurled a masterful three-hitter through eight innings before tiring and giving way to Ron Perranoski. The peerless bullpen specialist mopped up in the ninth. It was his 64th relief appearance and 18th save.

The Dodgers got to St. Louis starter Ernie Broglio and southpaw reliever Bobby Shantz for eight hits including three by Willie Davis and two by Maury Wills. The two stole four bases and scored two of the three Dodger runs.

The pressure now undoubtedly is on the Cardinals who face the added hurdle tonight of beating Sandy Koufax, the best in the business.

Even if they do and follow it up with another victory in Wednesday night's finale, the Dodgers still would leave St. Louis in first place by **percentage** points.

Furthermore, the league leaders will have the advantage of playing all their nine remaining games at home, three against the last-place New York Mets, three against eighth-place Pittsburgh and three against fifth-place Philadelphia.

The Cards will play the Cincinnati Reds five games and the Chicago Cubs two, four of these on the road.

Curt Simmons, the rejuvenated veteran, will oppose Koufax, who owns a 23-5 record that includes three straight triumphs against the Cardinals. Simmons, six years older than Koufax, 27, is pitching the best ball of his career. He has won 15 games, the last three by shutouts.

The Cards and Dodgers were in a 1-1 duel until the Dodgers broke it up in the ninth. Willie Davis singled Ron Fairly home with what proved to be the winning run. Fairly had opened the ninth with a double off loser Shantz. Two innings earlier Stan Musial sent the sellout crowd of 32,000 into near hysterics with a game-tying homer on top of the right field roof.

It was only the second loss in the last 21 games for the Cards who trailed the Dodgers by seven games just two weeks ago. It also ended a 10-game winning streak.

SPORTS

Tech Not Taking Opener Lightly

By The Associated Press

There isn't much chance that Texas Tech, which won only one game last year, will be overconfident when it meets Washington State at Lubbock Saturday night in the season opener.

But, Coach J. T. King isn't taking any chances. He has told his Techs how ferocious the Cougars are on offense — "one of the most wide-open offenses in college football" — and he says the Washington State quarterback is really something.

This guy, Dave Mathieson by name, is about as good as Don Trull of Baylor, quoted King Monday as he started getting his team ready for the West Coast invasion. Trull was the leading college passer last season.

There wasn't much activity throughout the Southwest Conference, with only the teams that do not open the season this week doing much contact work.

Texas, which plays the first game — meeting Tulane at New Orleans Friday night — had a workout no more strenuous than a marble game. Even at that, one player turned up with an injury. He was Jim Hudson, the safety man, who developed a sore knee from the last scrimmage.

Coach Hank Foldberg of Texas A&M got real serious about the game Saturday night at Baton Rouge with Louisiana State. He locked the gates and said the Aggies would practice in privacy this week.

Arkansas Coach Frank Broyles wasn't very pleased with the Monday workout but did find that there were no new injuries to worry about. He named guard Gary Howard, tackle Dave Adams and halfback Tommy Moore as captains for Saturday night's game with Oklahoma State at Little Rock.

Danny Thomas' stay at quarterback at Southern Methodist lasted only one week. Coach Hayden Fry looked over Saturday's scrimmage and sent Don Campbell back to the No. 1 spot.

Eddie Machen Well On Way To Comeback

By BOB MYERS
Associated Press Sports Writer

SANTA MONICA, Calif. (AP)—Heavyweight Eddie Machen, whose bright boxing career seemed at an end a year ago from a mental and financial breakdown, was well launched on his comeback today with visions of fighting Cassius Clay and eventually heavyweight champion Sonny Liston.

A surprisingly aggressive Machen, who said he intends to continue to carry the fight to his opponets, knocked out trial horse Ollie Wilson of Miami, Fla., in 2:19 of the sixth round of their scheduled 10-rounder Monday night.

Machen, despite his long layoff, was fairly sharp and weighed a trim 196. Wilson scaled 206.

The 31-year-old Machen, who now lives in Beverly Hills and has a money backer in well-to-do Walter Minskoff, said he was nervous before this fight.

"I think I was more tense than in any fight in my life because of all the trouble and everything," Machen explained.

His next fight probably will be with Alonzo Johnson of Pittsburgh around Oct. 12. Wilson was a late substitute for Johnson, who bowed out because of a flu attack.

Johnson was at ringside.

Machen said he would like to fight Clay as soon as possible and then try Liston again. Machen is the only fighter to last 12 rounds with Liston. They boxed in 1960 in Seattle.

Machen, from the outset, was the aggressor, but Wilson stood toe-to-toe with him in an exciting fifth round. Wilson was knocked partly off balance and took a mandatory eight. In the sixth Machen finally hammered him down in a neutral corner and he took the 10 count on one knee from referee Jimmy Wilson.

Hunting In Management Areas Set

AUSTIN (AP) — The Parks and Wildlife Commission set public hunting seasons for six wildlife management areas Monday and called a Sept. 30 hearing on a request to dredge mudshell from Galveston and Trinity Bays.

The commission also added black-billed and fulvous tree ducks to this year's closed season list of migratory game birds.

Seeking the dredging permit are four companies credited by the commission with producing 90 per cent of the state's mudshell—Parker Brothers & Co., Inc., W.D. Haden Co., Horton & Horton, and Bay Dredging & Towing Co.

They said there is an "acutely critical" shortage of mudshell, used in making cement.

The hunting seasons, by areas:

Matador: Quail, Oct. 5-6, Nov. 2-3, Nov. 30-Dec. 1, Dec. 28-29 and Jan. 27-28.

Gene Howe: Quail, Dec. 7, Dec. 21 and Jan. 4; deer and turkey, Nov. 16-25.

Black Gap: Quail, Nov. 16-21, (three two-day hunts); deer and javelina, Nov. 30-Dec. 13 (seven two-day hunts).

Sierra Diablo: Deer, Nov. 30-Dec. 7 (four two-day hunts).

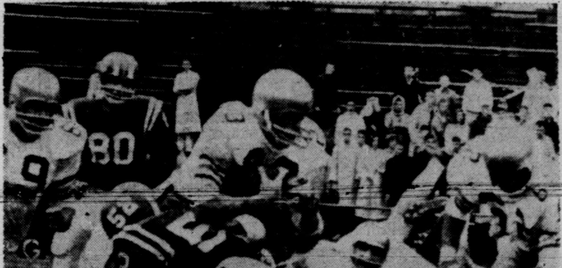
Wengling: Deer, Nov. 16-19, 23-26, Nov. 30-Dec. 3 and Dec. 7-10 (10 520-day hunts); squirrel, Oct. 7-11, 14-18 (10 one-day hunts).

Kerr: Deer, Nov. 16-27 and Dec. 1-7 (nine two-day hunts).

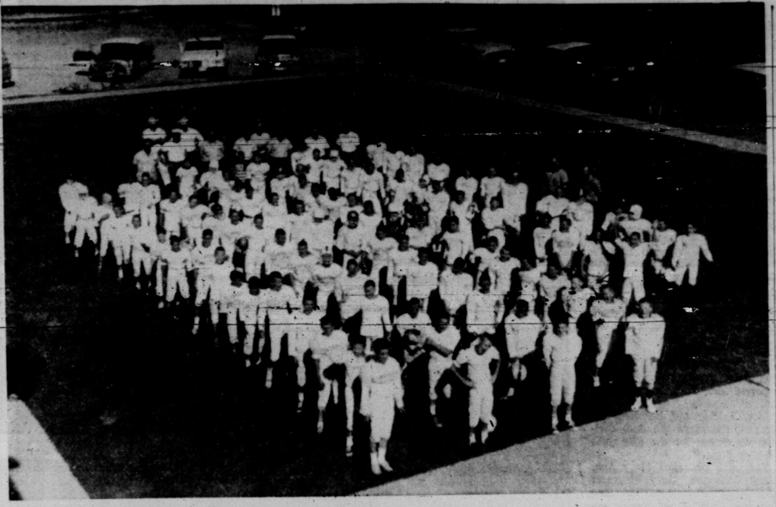
Angelina (Moore area division): Deer, Nov. 30-Dec. 9 (five two-day hunts); squirrel, Nov. 7-11.

Angelina (Cherokee area division): Deer, Dec. 13-22 (five two-day hunts); squirrel, Oct. -13 (five one-day hunts).

Angelina (Devil's Pocket division): Squirrel, Nov. 7-11 (five one-day hunts).



TOUGH GOING FOR GEORGIA TECH—Georgia Tech halfback Gerry Bussell (23) goes off right tackle for a three-yard gain in a game with the University of Florida at Atlanta as big-time collegiate football got underway across the nation. Bussell was brought down by Florida Center Roger Pettee (52). (AP Wirephoto)



PEE WEES PREPARE FOR ACTION—These Pee Wee footballers are divided into four squads which will compete in the annual Boys Club program. The four squads have been working out for a week and the first league action is scheduled for Tuesday, Sept. 24, on the Central Elementary gridiron. Over 100 yungsters are involved in the program.

Don Burroughs Is Ousted For Week

PHILADELPHIA (AP)—A sorry Don Burroughs, the Philadelphia Eagles' defensive back, will not be present at Sunday's National Football League game here against the St. Louis Cardinals because of a disciplinary order from NFL Commissioner Pete Rozelle.

Rozelle not only barred Burroughs from the game as the result of the player's strenuous protests Sunday against a decision in the Eagles-Pittsburgh Steelers' 21-21 tie game, he told Burroughs to keep away from Franklin Field.

The one-game suspension is without pay.

The action, Rozelle said, is because Burroughs "ran after a game official (field judge Dan Tehan) who was going to his dressing quarters on the opposite side of the field from the Eagles' locker room. Burrough's grabbed or shoved the official. In the confusion a second official (referee Bill Downes) was struck across the face, apparently inadvertently by Burroughs before the player ran to his dressing room."

Burroughs apologized to the officials.

"I was wrong—I did not mean to go as far as I did in expressing my feelings at the officials' call," he said.

He had said earlier he was expecting a fine for the vehemence of his objections to the ruling by Tehan on a forward pass from the Steeler's Ed Brown to Preston Carpenter in the last minute of the game.

Carpenter was tackled by Jimmy Carr and dropped the ball, and Burroughs fell on it. Tehan called it a completed pass and said the fumble and recovery did not count as he had whistled the ball dead.

"Now I feel I have let down my teammates and the club and the fans who pay to see us play and give our best to win," Burroughs added. "I'm sincerely sorry and I want to apologize publicly for the incident."

The Eagles' management could remember no other penalty as severe. Ed Hogan, the publicist, said the worst he could remember in his 22 years with the team were fines.

"That way the men who are being penalized suffer alone," Hogan commented. "Burrough's suspension hurts the whole team."

Quarterback Club Session Set Tonight

Football players and their fathers are scheduled to be on hand for tonight's meeting of the Snyder Quarterback Club.

The session is set for 7:30 p.m. in the high school cafeteria.

Quarterback Club directors announced last week that a "team" contest in attendance would be staged tonight. All football squads in the school system, 7th grade through high school, have been invited to attend tonight's session. In addition, the players on the various squads have been urged to bring their fathers to the meet, and the team with the most fathers present will receive a "surprise" award.

The judging for the prize will be on a percentage basis, since the squads vary in numbers.

During tonight's session, Quarterback Club members also will hear a review of last week's games and a scouting report on Levelland, this week's Tiger opponent. The Levelland team will be here Friday night in the home opener for the Tigers.

Tulsa Takes Playoff Lead

SAN ANTONIO (AP) — Two-hit pitching by Chuck Taylor and batting thunder supplied by Ed Spiezio, Bee Lindsey and Chris Krug had Tulsa one-up on San Antonio today in the final Texas League playoff.

The Oilers opened the series with a 3-1 victory Monday night as Taylor pitched no-hit ball for 7 2-3 innings. Brock Davis' home run and a single by Jim Pendleton represented the total offense of the Bullets.

Taylor fanned 13. Marv Dutt pitched well but couldn't get batting support.

Spiezio doubled [illegible] run, Lindsey doubled in the second and Krug clouted a homer in the ninth off relief pitcher Randy Cardinal.

They play here again tonight.

Sooners Are Counting On Jim Grisham

NORMAN, Okla. (AP)—If Oklahoma earns a high national football ranking this season, the Sooners likely will owe a large measure of their success to a young mechanical engineer named Jim Grisham.

A fullback who came to Oklahoma "because they have a good engineering school," Grisham was All-Conference in the Big Eight as a sophomore and figures to be even better as a junior.

Grisham, a 20-year old, 200-pounder, from Olney, Tex., entered OU with a reputation as a demon linebacker and won the starting fullback job as a sophomore chiefly because of his linebacking ability.

But sometime during that sophomore season he picked up a good working knowledge about toting the football as Missouri, Nebraska and Oklahoma State would attest. Those three foes were Oklahoma's last of the regular season and Grisham alone outrushed **all three**.

"But we have a great line," he points out. "Nobody has a better one. It makes a back look good to run behind linemen like that."

In the Orange Bowl game, Grisham performed well enough in a losing cause to draw praise from Alabama's Bear Bryant, a coach not prone to utter compliments. After Bama's 17-0 win Bryant said, "Grisham was one of the hardest runners we've ever met. He sure knocks people over." Grisham gained 107 yards against the Tide, more than most teams managed last year.

Football Mothers Set Chili Supper

Tickets went on sale today for the chili supper which will be served by the football mothers on Sept. 27, the night of the Snyder-Big Spring football game.

Serving will be from 5:30 to 7:30 before the game. All tickets will be priced at 75 cents.

The supper will be held at the high school cafeteria.

Tickets may be purchased from any of the football mothers or at the Chamber of Commerce office, or at the door.

Quints In 4th Day; Still Going Strong

By DAN PERKES

ABERDEEN, S.D. (AP) — The Fischer quintuplets went into their fourth day at 3 a.m. today breathing easily and with reported good color.

Dr. James Berbos, who delivered the four girls and a boy between 1 and 3 a.m. Saturday, had termed the first 72 hours crucial. He left St. Luke's Hospital shortly before midnight, apparently satisfied his charges were doing well.

He cautioned that the premature quints born to Mary Ann Fischer, 30, still could have hurdles, saying, "There's no magic number for any danger period. It just depends on their day-to-day condition."

The quints took their first formula Monday—about a teaspoon of artificial milk every two hours—and were reported to be assimilating it well.

The babies also got their full names and an array of gifts informally assessed at more than $35,000.

Their mother had her first meeting with newsmen since the births, and told three photographers Monday night, "I feel fine."

The photographers, permitted in her room only 10 minutes to shoot still pictures, television tape and movie film on a pool basis, reported Mrs. Fischer very cheerful.

Mrs. Fsicher and her husband, Andrew, 38, made the final decision on names for the four girls Monday night.

They will be called Mary Ann, Mary Catherine, Mary Margaret and Mary Magdalene. The lone boy had been named James Andrew earlier.

Mary Ann is named after her mother; Mary Catherine is named for Sister Mary Stephen, the St. Luke's Hospital administrator who was Catherine Davis before she became a nun; Mary Margaret is named for Margaret Dorman, chief nurse in pediatrics at St. Luke's; and Mary Magdalene is named for her paternal grandmother.

Sister Mary Stephen said the Fishcers disregarded her suggestion in naming one of the girls. "I suggested Mary Jane in honor of St. Jane Francis Dechantel," the hospital administrator said, "but the Fischers told me they were picking Catherine in my honor. I'm very proud."

The quints were deluged with gifts, ranging from diaper service to college scholarships.

The offers included a four-year scholarship for James Andrew to St. Joseph's College in Philadelphia, scholarships to all five at Northern State College here, and scholarships for all four girls to two girls' schools, Presentation Junior College here and Mount Mary College at Yankton, S.D. The latter two are operated by orders of Catholic nuns.

Mr. and Mrs. N. F. Hall and Donna spent the weekend in Happy visiting J. D. Hall and family and R. L. Hall and family.

Mr. and Mrs. Dan Hall of Cisco spent the weekend visiting Mr. and Mrs. Jess Brown.

Anniston Library Is Desegregated

ANNISTON, Ala. (AP) — The Anniston public library has been desegregated by two Negro ministers, one of whom was beaten by a mob of white persons in an earlier integration attempt.

Three city officials Monday accompanied the clergymen, the Revs. G. E. Smitherman and W. B. McClain.

The Rev. Mr. McClain and the Rev. Quintus Reynolds were attacked Sunday when they tried to enter the previously white library. Police said about 100 white persons were in the crowd. At least one of the attackers struck the men with a length of chain, police said.

Arrests Are Ordered

FORT LAMY, Chad (AP)—President Francois Tambalbaye of Chad ordered the arrest Monday night of three opposition political leaders in the wake of demonstrations which were reported to have caused 1 death and 15 injuries.

A night time curfew was enforced in Fort Lamy and the army was put on alert. Soldiers and policemen patroled the African section of town. The guard was reinforced around Tombalbaye's palace.

The Chad republic, formerly a part of the French empire, lies in the heart of northern Africa. Chad became fully independent Aug. 11, 1960, when the French community was broken up.

To use some of their surplus coffee, Brazilians have experimented with coffee-bean cattle feed and tasty lipstick made from the red berries.

FISCHER QUINTUPLETS—The quintuplets born to Mrs. Andrew Fischer in Aberdeen, S. D., are shown in these exculsive pictures made at the hospital. Of the four girls and one boy, only the boy, lower left, has been fully named — James Andrew Fischer. Others are baby "E", upper left, baby "C", upper right; baby "A", center left, and baby "B", center right. (AP Wirephoto Copyright 1963)

Purcell Hopes For New Wheat Program

CROWELL, Tex. (AP) — Rep. Graham Purcell, D-Tex., hopes Congress can pass new wheat legislation before the 1964 crop.

Purcell, chairman of the wheat subcommittee of the House Agriculture Committee, spoke to the Foard County Farmers Union Monday.

He said the attitude of congressmen from city areas now makes the effort to pass farm programs more difficult.

Another block, he said, is the May 21 referendum defeat of a proposed certificate plan for wheat.

Stocks Due New Peak

NEW YORK (AP)—The stock market churned toward another record peak late this afternoon with prices moving irregularly higher. Trading was active.

Volume for the day was estimated at 4.9 million shares compared with 4.74 million Monday.

Gains of fractions to a point or better outnumbered losers.

Chrysler paced motors to a rally, rising more than 2 and overtaking Studebaker, the volume leader of the past few sessions. Studebaker was active but unchanged. Ford, General Motors and American Motors added fractions.

The averages were bolstered by gains of around a point by Du Pont, Jersey Standard and General Electric.

IBM added 4, Xerox 3 and Control Data more than a point.

Heavily traded and ahead around a point were Bulova; Tidewater Oil, Socony-Mobil and Korvette.

Steels remained mixed. Tobaccos staged an uneven recovery. Rails were a mixture of small gains and losses.

Polaroid and U.S. Smelting were down about a point each.

Prices on the American Stock Exchange were mixed.

Corporate bond prices were lower. U.S. government issues were mostly unchanged.

Tornadoes Forecast

KANSAS CITY (AP)—A tornado forecast for parts of Southeast and East Central Texas and portions of Southern and Central Louisiana was issued today by the Weather Bureau.

It said a few severe thunderstorms with damaging wind and a few tornadoes are expected from 1 p.m. to 7 p.m. CST today in the area 60 miles either side of a line from 60 miles north-northeast of College Station, Tex., to Lafayette, La.

The Texas area is bounded by a line from Port Arthur to College Station to Palestine, Tyler and Carthage.

Around The World With AP News

By The Associated Press

TEHRAN, Iran (AP)—Women voted today for the first time in Iran's history as the country elected 230 members of Parliament.

The election had been delayed two years. The shah dissolved Parliament in 1961 and nullified results of the election that year. He held that the election was rigged.

He also directed sweeping electoral reforms, including the extension of the franchise to women.

TOKYO (AP)—A new border train incident involving Communist China and the Soviet Unions has been disclosed by Peking.

The reported friction occurred Sept. 9 at tha Soviet border station of Naushki, site of a two-day sitdown strike by 92 Chinese two weeks ago.

In a formal note, Red China said Monday one of its trains bound from Moscow to Peking was suddenly ordered to speed up and pass the Naushki station, while the Chinese crew "was placed under the surveillance of large numbers of Soviet frontier troops and customs personnel."

UNITED NATIONS, N.Y. (AP)—Selected members of the 176-man security force at United Nations headquarters have completed a year's training in Japanese stick fighting—yowato The U.N. believes the technique will help to cope with the kind of melees that break out when pro and anti-Castro forces collide around headquarters.

Thin, 30-inch batons for use in stick fighting were issued to the men.

TAIPEI, Formosa (AP)—Government sources estimated today that typhoon Gloria caused $10 million to $15 million in damage in northern Formosa.

The storm struck the north end of the Chinese Nationalist island last Wednesday, killing at least 202 persons. The Air Force has begun helicopter drops of supplies to stricken villages.

Says Survey Is Favored

WACO (AP)—State Sen. Murray Watson said today that a poll of his three counties shows a big majority favor more study of Texas' higher education problems before spending any more money.

Watson said less than 10 per cent of those responding to his poll favor a special legislative session to provide more funds for education. Watson did not say how many questionnaires were distributed to voters in McLennan, Milam and Bell counties nor how many replied.

He said 84 per cent of those answering the poll favor a delay in any legislative action until after the governor's special committee on education beyond the high school reports. The deadline for the report is Aug. 31, 1964.

Business Outlook Not Always Bright

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Americans are confronted again today with evidence that the course of industry and trade isn't perpetually and inevitably upward. Their tendency usually is to exaggerate the meaning of any such bobble just as it is to build hopes too high on any upward gains.

Industrial production dipped in August from July. Employment didn't advance as much as it usually does after the July slack period.

The big spurt in industrial output in the last seven months after a long spell of inaction had led many to forecast the same big gains over the rest of the year.

It will be easy to read too much into the August dip, just as it was to read too much into the previous seven months' figures. There are explanations for the dip that erase some of its significance, and for the previous rise which take away some of its glamor.

Those viewing the current economic upturn as aging and therefore ready for a downturn may take the August figures as a text for sermons on caution.

Most industrialists probably have already seasoned their views of continuing prosperity with a good helping of caution. If they haven't, the warning of the August figures that the lines of their charts can't always point upward may arouse a little caution, never such a bad thing as some hold.

The Federal Reserve Board reports its seasonally adjusted index of industrial production in August was 125.6 per cent of the 1957-59 average. In July it had been a record 126.5 per cent.

Actually, the production of both nondurable goods and business equipment advanced. The dip came in durable goods, mining and utilities.

In mining and durable goods the decline was caused mainly by a wider than usual shutdown in auto production for model changeovers and by a drop in steel activity which followed the announcement of a new labor contract.

Car production already is on the rise and is expected to go still higher, with the new models now making their bid for public approval.

Steel output also is increasing and new orders are coming in at a rate that guarantees at least moderate gains in the weeks ahead.

September and October are likely to tell a lot more about the health of, and the length of, the current upturn in the business cycle than did August.

Oil Workers Ride Out Big Storm

HOUSTON (AP)—Men of some major oil companies rode out stormy seas and gale-force winds today on offshore rigs in the Gulf of Mexico.

Some companies removed crewmen as the storm approached.

Continental Oil Co. said 25 men stayed on one platform, 35 miles offshore from Cameron, La., and 11 on a platform 25 miles offshore. The spokesman said a boat was standing by to take them to shore if they desired.

The rigs, with air-conditioned quarters for crewmen and other employes, are designed to withstand 50 foot seas and 125 miles an hour wind, the spokesman said.

Humble Oil said 400 of their offshore workers were taken from 14 rigs to Grand Isle, La., "until the hurricane is over."

The Conoco spokesman said winds reached a force of 65 miles per hour and the seas were 20 to 25 feet high at the platform 35 miles out.

Officials of Shell Oil Co. said it had one rig 40 miles southeast of Galveston with 15 or 20 men aboard. The spokesman said they had talked to the men today and they were all right.

Kerr-McGee Oil Co. said it had five rigs with about 30 men each who had elected to work through the storm.

'New Look' Green Wave Still Lags

By BEN THOMAS

NEW ORLEANS (AP) — Texas brings its fifth-ranked Longhorns to New Orleans this week to battle "New Look" Green Wave, who are expected to continue their losing ways.

But the underdog Green Wave, favored to be pounded into the turf by at least four touchdowns, has had a mental rebirth this season.

There's a small sign posted on one of the bulletin boards in the Tulane dressing room. It reads simply: "Wanted: Football players, tackles, guards, back... with pride and a little guts."

The players put it up themselves.

It's unique because it tells the story of a loser, which refuses to be a loser, which Tulane was last year when it lost all ten of its games.

It tells the story of a square-jawed, stubborn Irishman—Tulane Coach Tommy O'Boyle — and his faith in a handful of football players with a moderate degree of talent, but lots of pride.

Texas Coach Darrell Royal told the New Orleans Quarterback Club by long distance telephone Monday it "will take a good team" to beat the Longhorns this year.

"We won't have a great scoring punch and we'll have to work for our yardage," continued Royal, whose team was rated No. 5 in the nation in the pre-season Associated Press collegiate poll.

If Tulane makes any dents in the Texas line, it's likely to be a Texan who does it.

Johnson Tells JFK Of Tours

WASHINGTON (AP) — Vice President Lyndon B. Johnson reported to President Kennedy today on what he called the very successful tour of northern Europe from which he returned only hours earlier.

Johnson flew back after midnight from the trip through Sweden, Finland, Norway and Denmark with a stopover in Iceland on the way home. The plane carrying him, his wife, Lady Bird, and their daughter, Lynda Bird, landed at Andrews Air Force Base, Md.

Less than eight hours later the vice president was welcomed home at the weekly breakfast session of congressional Democratic leaders with Kennedy.

He said he was greatly encouraged by what he reported as recognition in the host nations of this country's objectives.

Johnson remained behind after the congressional leaders left to give Kennedy an account of his journey.

Mrs. Nhu Won't See Any U. S. Officials

BELGRADE, Yugoslavia (AP) — South Viet Nam's first lady, Mrs. Ngo Dinh Nhu, said today she will visit the United States next month, but doesn't plan to see President Kennedy or any other officials.

As to how long she'll stay, Mrs. Nhu told newsmen "it depends on my whim."

Mrs. Nhu, sister-in-law of President Ngo Dinh Diem, has been leading her country's delegation to the interparliamentary union here. Much of her time has been spent explaining her government's position in the war against Communist Viet Cong guerrillas and its relations with the Buddhists.

A majority of the 20 team members of the 1963 American Mt. Everest Expedition developed their skills in Mt. Rainier and Grand Teton National Parks.

Radio Liberty Accomplishes Minor Miracles In 10 Years

BY INEZ ROBB

The U. S. and the U. S. S. R. have more things in common than the hydrogen bomb and Castro, and one of the most persistent is the moonshiner. The product on each side of the Iron Curtain may differ — our lands tend to turn out corn squeezin's and the Russians, vodka — but the purpose and the alcoholic proof is the same.

Most of the Cuban sugar the Soviets now buy to keep the Cuban economy afloat is finding its way into moonshine to keep afloat such Russians as find the price of legal vodka prohibitive.

For this nugget of news I am indebted to Radio Liberty, the excellent American organization whose round-the-clock broadcasts carry news and views of the West into Soviet homes in both European and Asiatic Russia.

For 10 years Radio Liberty, whose financial support is strictly private and not governmental, has been beaming into the U. S. S. R. news that the Russian public would otherwise never hear. For instance, the Russian public learned from Radio Liberty that the Soviets had swapped U-2 pilot Francis Gary Powers for convicted Russian spy, Col. Rudolf Abel.

More importantly, if the Soviets should break the test - ban treaty (providing it is approved by the Senate) by resuming nuclear testing in the atmosphere, Radio Liberty would immediately take to the air to tell the Russian people of this infamy.

"If the Russians thus broke the test ban, we would be in the air 24 hours a day, telling the Soviet citizens in 18 languages and dialects that their government has violated the treaty," says Howland Sargent, president of radio stations dedicated to informing the Russian of the true state of world affairs.

"In the case of renewed testing we would broadcast, for instance, that the Stockholm Observatory estimates the Soviet bomb to have been of approximately 27 megatons and has issued a bulletin warning parents that if it rains and the wind pattern is such-and-such all children should wear protective clothing."

Sargent, who is a former Assistant Secretary of State for Public Affairs and former chairman of the Intelligence Evaluation Board for the Joint Chiefs of Staff, says that news, news features and news analysis broadcast by Radio Liberty are all designed to "bring the outside world, about which the Russian is very curious, to him."

Three powerful stations — one in Germany, one in Spain and one in Formosa — carry the outside world into the Soviets where Izvestia estimates that 150,000,000 citizens daily tune in on radio.

"Radio Liberty can't estimate how many hear its broadcasts," says Sargent, "but our educated guess is that if Liberty made an important news announcement, two-thirds of Europe U. S. S. R. would know about it within a few hours. Not that many poeple would be glued to Radio Liberty, of course, but the news would be passed on by word of mouth."

The Radio Liberty staff includes more than 200 former Soviet citizens who have escaped to the West. They are not only capable of broadcasting in the many languages and dialects used in the U. S. S. R. but of evaluating news events within the Soviets.

These former Russian citizens not only tune in on Soviet broadcasts but pore over Russian publications of all kinds. From such intensive study of Soviet sources stems the information, out of Moscow, that Cuban sugar is being pre-empted by moonshiners for do-it-yourself vodka.

For its tenth anniversary observation, Radio Liberty has passed a minor miracle in the United States, too. It has gotten the consent of the nation's three living ex - Presidents, Herbert Hoover, Harry Truman and Dwight Eisenhower, to act as honorary chairmen of the big event.

Nurses Time Surveyed

LOS ANGELES (AP)—How do nurses spend their working hours?

A six-month survey of 30 Southern California hospitals breaks it down this way:

Walking, 11 per cent; communications, 18 per cent; clerical duties, 26 per cent; enforced waiting, 2 per cent; personal matters, 5 per cent.

The remaining 38 per cent? It goes to the patients.

Okinawa's name for World War II was "typhoon of steel." The former Japanese island, is a major United States base only 400 miles from China.

Junior Editors Quiz on

THE GRAND CANYON

A MASTERPIECE CARVED BY A RIVER
THE SCULPTOR AT WORK

QUESTION: How could the Colorado River have formed the Grand Canyon?

ANSWER: No one has ever put into writing or pictures the appeal of Arizona's Grand Canyon; ordinary words like thrilling, wonderful, beautiful, can't convey the feeling of awe a person has when he sees it. It seems impossible to believe that this mighty gash was cut by a single river, which can be seen far below, glittering like a silver snake. The visitor asks himself, how could the river have dug so deep down into the earth?

The answer is that the river didn't gouge down, although it did cut through the rocks. Geologists tell us that the river remained in place, and the land slowly, over ages of time, moved up. The great width of the canyon (often 10 miles across) came from erosion due to rain, wind, temperature and chemical changes. The softer materials tumbled down and gradually were carried away. The exposed rocks are in many shades of buff, orange, green, red and pink, to which the blue of the atmosphere gives an indescribable richness and beauty. Spaniards, led by Coronado in 1540, were the first white men to look down over the canyon's rim.

* * *

FOR YOU TO DO: You will probably be able to find a color picture of the Grand Canyon in a travel book or encyclopedia. With this as a guide, color our artist's picture. Try for the sense of distance, using much blue toward the horizon.

9-17

(Judy Brick of Youngstown, Ohio, wins the daily grand prize of a 20-volume set of World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper and you may win a set too.)

Irwin Shaw Feels Candid, Not Angry

By HAL BOYLE

NEW YORK (AP) — "I've been called an angry, middle-aged man," said Irwin Shaw, lighting up a four-bit cigar.

"But I don't feel angry. I just feel candid."

At 50, Shaw has made his first real change of profession since he started banging away at the typewriter when he was 13. He became a producer in self-defense after a long one-man war against Hollywood moguls who tampered with his screenplays. His first production is "In the French Style," which he wrote himself.

"I also produced it myself to be sure that the mice didn't nibble away at the script," he said.

"Film people get very careless of a script if the author isn't around, or if he has no authority. Everybody can be a writer once he has a script already written that he can change."

The chunky, grizzly haired author, who now is in Switzerland, said he felt like a stranger in the big city where he first won fame in the 1930s.

"I don't like cities any more," he said. "They wear me down. The city is a vast centrifuge whirling faster than the speed of sound. Everything is supersonic.

"But I remember those days—the 1930s— with a great fondness. They were years of ferment and political hopefulness.

"Everybody was insecure —so everybody felt secure. There wasn't so much money around, so nobody cared too much about it. They didn't worry about their old age as they do now. And they seemed more generous then."

It was in 1936 that Shaw wrote his first hit play, "Bury the Dead."

In a single week during that period, he also turned out two tales for the New-Yorker magazine that gained him a reputation as a master of the short story.

He has written several more plays, a number of novels — notably "The Young Lions"—and 15 or 20 film scripts, most of which he doesn't care to remember.

At present he has a travel book and another collection of short stories of the fire.

Shaw is a man of tremendous gusto, and to him the meaning of life boils down to one — adventure.

Commission Advised On Gas Flares

AUSTIN (AP) — The Texas Railroad Commimssion has taken under advisement testimony about flaring of casinghead gas in the Ft. Trinidad Oil Field.

A geologist for Pure Oil Co. told the commission Monday that preparations are being made to stop all flaring in the field.

The commission called the hearing to give Ft. Trinidad operators opportunity to show why their wells should not be shut in or have their allowables reduced because of casinghead gas waste by flaring.

Paul Cameron of Houston, the geologist with Pure Oil Co., said an initial injection program began Saturday for all gas in upper Glen Rose section east of the Trinity River. He said gas in similar strata on the west side of the river will be injected beginning next month.

Testimony at commission hearings indicated that 280 million to 300 million cubic feet of gas was flared in October, 1962.

African Strife Is Expected To Cloud General Assembly

By TOM HOGE

UNITED NATIONS, N.Y. (AP) —The thaw in Soviet-Western relations heartened delegates of 111 member states convening to open the 18th General Assembly today but trouble brewed over white rule in Africa.

Diplomats were expected to press demands during the 3-month session to follow up the limited nuclear test-ban treaty with further steps in easing East-West tensions.

Many kept an ear cocked for rumblings over racial strife in Africa.

The 32 African delegations have made plain they will concentrate their fire on the racial and colonial policies of South Africa and Portugal with demands for an economic boycott and renewed attempts to oust both nations from the world forum.

Britain also will be the target for Asian-African charges that it is supporting a white government in Rhodesia at the expense of the mainly black population.

The South Viet Nam government's struggle with the nation's Buddhists also is expected to touch off fireworks.

The United States said it will support a demand by 14 Asian-African nations for General Assembly debate on their charges that President Ngo Dinh Diem has suppressed Buddhist rights in South Viet Nam.

Normally the question would be aired first in the social committee which deals with human rights, but the Asian-Africans want a direct full-dress assembly debate.

Main attraction of the opening week will be the appearance of President Kennedy who is scheduled to deliver the U.S. policy speech Friday.

It will be Kennedy's first appearance before the assembly since 1961. A diplomatic luncheon has been arranged for him and Canadian Prime Minister Lester B. Pearson by Secretary-General U Thant. Kennedy is not expected to confer privately with Soviet Foreign Minister Andrei A. Gromyko or any other diplomats during his brief stay in New York.

Gromyko, head of the Soviet U.N. delegation, is expected to give his government's policy statement Thursday.

Paralleling the session will be talks opening next week between Gromyko, and Secretary of State Dean Rusk and British Foreign Secretary Lord Home.

Gromyko has demanded that the world work toward a German peace treaty guaranteeing independence for West Berlin. He has also called for withdrawal of foreign troops from South Viet Nam and South Korea. The assembly faces a provisional agenda of 81 items with word that the Africans will add two more calling for equal distribution of seats on the Security Council and enlargement of the General Committee.

VICTIM REMOVED FROM CHURCH—Firemen and ambulance attendants remove the covered body of one of the four Negro girls killed in the bombing of the 16th Street Baptist Church in Birmingham, Ala., during services. A number of other worshipers were injured. (AP Wirephoto)

People In The News

By The Associated Press

SAN DIEGO, Calif. (AP) — Archie Moore, retired pugilist, describes himself as "a man of few words, who shows his concern for his fellow-men by his deeds."

But the wisecracking, onetime light-heavyweight boxing champion has had quite a few words for almost everybody in San Diego in the past few days. He's running for the City Council.

The campaign is Moore's second. He lost 35,944 to 42,917 when he ran for the California State Assembly in 1960.

NEW YORK (AP) — Eric A. Johnston, late president of the Motion Picture Institute of America, will be honored by an annual award bearing his name.

The Associated Motion Picture Advertisers decided to develop into an annual accolade the special award instituted this year to honor Johnston for his "major contribution to international goodwill through his efforts on behalf of the motion picture industry."

HOLLYWOOD (AP) — Actresses Judy Garland, June Allyson and Carolyn Jones announced they are forming the Birmingham Children's Fund of Beverly Hills.

The aim is to collect money for the hospital bills and burial expenses of victims of Sunday's church bombing in Birmingham, Ala.

HOLLYWOOD (AP) — Movie actor Victor Buono, 24, is being discharged today from Westside Hospital, where he was taken Sunday for treatment of bronchial pneumonia.

Mexican Holiday Costly

MEXICO CITY (AP) — Mexicans celebrated one of their bloodiest national holidays in years, with 24 deaths, more than 200 injured and scores of traffic accidents.

Authorities estimated more than 300,000 thronged Mexico City's main square to cheer President Adolfo Lopez Mateos in the traditional "grito" ceremony.

More than a million more lined the 15-odd miles of city streets through which a 25,000-men military parade marched for three hours Monday.

Bascom Giles To Reappear In Courts

By ERNEST STROMBERGER

AUSTIN (AP) — Bascom Giles, now a Minnesota rancher, may be called into court again in connection with the 1955 veterans' land scandals, which occurr4d while he was Texas land commissioner.

The district court clerk here issued an order Monday notifying Giles that he has become a party to the last state civil penalty suit growing out of the land scandals.

Giles, 63, has not been in court over the land scandals since 1955, when he pleaded guilty to bribe and theft charges. He served a six-year sentence in 1956-58.

The citation was requested by counsel for B. R. Sheffield of Brady. The lawyer, John Cofer of Austin, has filed a cross action in the suit seeking to force Giles to contribute to any judgment the state might win.

The state seeks a $200,000 judgment against Sheffield and L. V. Ruffin of Shreveport, La., for a 1955 transaction with the veterans land board involving three tracts of Dimmit County land.

Giles originally was named with Sheffield and Ruffin in the suit, but was dismissed as a co-defendant in that and another suit when he paid $80,000 in damages.

Dist. Judge Herman Jones set the case for trial Oct. 14.

Giles, who originated the multimillion dollar land program for World War II veterans, resigned in 1955 after 17 years as land commissioner.

Sheffield, 58, is under a six-year sentence in Hill County on forgery charges but is free on bond pending an appeal to the U. S. Supreme Court.

Postmen Pose Problem

MOBILE, Ala. (AP)—The Mobile post office ran into a problem when it added two women to its staff of city mail carriers Monday. Supt. John Dickens said the problem was the question of clothes for the ladies.

"We haven't decided on uniforms for them," he said. "For the time being we are just requiring them to wear hats. The government gives $100 a year clothing allowance, but how this will suit a feminine wardrobe, I just don't know."

Dickens said Katherine Warren, a mother of two, and Vivian McDonald, a grandmother of seven, would receive no special privileges.

"We hire our carriers because they can do the job," he said. The women completed all requirements of a carrier, including handling a 2½-ton mail truck.

African Sees Dangers

PRETORIA, South Africa (AP) —South Africa's Foreign Minister Eric Louw said Monday continuation of ideological wars is a more immediate threat to world peace than nuclear weapons.

Louw made the comment in announcing South Africa's intention to sign the limited nuclear test-ban treaty "when it becomes operative."

LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY — Reforma Avenue is a bustling thoroughfare these days, what with the normal lines of traffic weaving in and out and the tourist agencies going hot and heavy.

The latest addition to the travel industry is the U. S. Tourists Service appropriately located by the statue of Mr. Christopher Columbus.

Apparently Washington got to looking at figures and decided it would be good business to import tourists for a change instead of exporting them and their cash.

Gay colored posters in the U. S. Tourist Service offices now announce "See Philadelphia, Cradle of U. S. Liberty." View the marvels of Niagara Falls (from the U. S. side, please). And how about an excursion to New York, Chicago or San Francisco?

So sitting at a portable shoe shine stand on Reforma today getting my footware dusted, I happened to glance at the headlines. And it appears the human race and forces of nature are still up to the same things.

Hurricanes brewing, earthquakes quaking, the East and West have reached a joyful accord but are suspicious of each other. Moderate amount of fraud and attacks on the ivy-clad traditions of Olde Englande by gay ladies and gentlemen who forgot their manners.

This is an excellent inspiration for traveling. A push for the tourist business.

Mexicans peer glumly at the headlines over breakfast and say, "This is awful. Let's run up to Yellowstone Park and watch Old Faithful."

Americans glance at page one and exclaim, "Time for a vacation. Pack up and let's see what is doing in Mexico."

At least that is the way I figure it. The travel industry here is picking up around 100,000 extra clients per year. In 1962 there were over a million visitors, the Government Tourist Department reports.

Bah! There are a million in town right now. The biggest "off" season Mexico has ever had.

When the afternoon showers blow in, everybody on Reforma rushes for a door just like the New York subways. Tourist ladies look at the torrents of water and ask excitedly, "Will it keep raining like this the rest of the day?"

No ma'am. And a gentleman exclaims, "Hey look —it's hailing."

The hail stones bounce and rattle on parked cars. Fifteen minutes later it is over. And tourism continues its stroll along Reforma keeping a sharp eye open for another cloud.

Hotels drop their prices for the summer crowd. Winter is for the richniks who can afford to flee the cold. Summer travelers are the ones who work for a living.

The inn keepers say, "Let's lower the tariff for the working staff. We can make it up with the country club set this winter."

Not too many years ago when your car overheated on a highway or the motor blew up at night, you curled up on the seat and slept by the side of the road.

Today the Government Tourist Department has fleets of jeeps with mechanics patrolling the highways. The stranded tourist does not stay stranded long.

And the National Tourism Council recently displayed an elegant set of plans for building Mexican hacienda type motels along the highways. Ex - president Miguel Aleman, boss of the Tourism Council, has started the wheels moving on these projects. Mr. Aleman is a gentleman who gets things done.

And next year, a lot of the 1.2 million travelers who come down will probably stay in some of these modern, old - fashioned posadas. Ancient Mexico with up-to-date shops and swimming pool inns all the way down.

TOP TV TONIGHT

By BUD EVANS

8:30 NBC "The Dick Powell Theatre". Jackie Cooper, Susan Oliver and Dewey Martin star in "Thunder in a Forgotten Town", the drama of a prisoner of war who returns to his hometown only to encounter suspicion and tragedy. Special guest stars appearing in cameo roles are Milton Berle as a card dealer, Joey Bishop as a waiter, Edie Adams as a vacationing model. Pat O'Brien as a hotel clerk, David Jansssen as the major, Jackie Coogan as a shopkeeper and Gary Crosby as a politician's muscleman.

OTHER HIGHLIGHTS

6:30 CBS "Marshal Dillon". An Indian boy is badly beaten and a rancher complains of cattle rusters as an angry Matt Dillon sets out to determine if the two incidents are connected and who is responsible.

6:30 NBC "Laramie" Jess Harper fights against odds to rescue Slim Sherman whom outlaws had left badly wounded. When the outlaws refuse to reveal Slim's whereabouts unless released, Jess takes matters into his own hands to get the information. COLOR.

7:00 CBS "Playhouse". An ex-G. I., looking for a place in which to settle down after his army service, takes a job in a roadside diner, becomes involved with a hijacking ring and is charged with homicide when a state trooper is found dead. James Dean stars in "The Unlighted Road".

7:30 NBC "Empire". Jim Redigo, Tal Garret and Paul Marino attend an annual stockmen's conference and become romantically involved with three women. Diane Brewster, Anne Helm and Jean Willes are seen in the rebroadcast of "The Convention". COLOR.

9:00 CBS "Keefe Brasselle". Singer Margarita Piazza and Lionel Hampton and his orchestra will be tonight's guest stars.

9:00 NBC "Chet Huntley" presents a special program on New York City's Mobilization for Youth, a demonstration project to help underprivileged residents of a slum area cope with the enormous problems of their environment.

Looking Back

10 Years Ago
From The Snyder Daily News
Sept. 17, 1953

AUSTIN (AP) — Producing days in the important Kelly - Snyder Oil Field of West Texas were sharply slashed by the Railroad Commission today.

It cut the number of producing days in the 30-day September period to 15 (and) continued that the commission has repeatedly called attention of operators in the field to the imminence of waste. . . No physical waste is no longer imminent "but is actually occurring" the commission said.

Cpl. Carl Peterson, Scurry County's only known ex-prisoner of the Korean War arrived at his home in Hermleigh Tuesday night at midnight. It was his first time at home in more than three years.

5 Years Ago
From The Snyder Daily News
Sept. 17, 1958

About 450 persons attended the annual Chamber of Commerce businessman-teacher banquet here last night.

The Rev. Sterling Price, pastor of the University Baptist Church of Abilene, was introduced by the Rev. G. M. Cole, pastor of the First Baptist Church here. . . Hicks Allen, master of ceremonies, introduced those at the head table, members of the school board and members of the chamber board.

DETROIT (AP) — The United Auto Workers Union struck the Ford Motor Co. today.

Associated Press Staff Writer

LOS ANGELES (AP) — Sen. Barry Goldwater told a partisan crowd at Dodger Stadium that factionalism in the Republican party would be "a form of political suicide."

The Arizona Republican, a leading presidential prospect, also took a slam at the Kennedy administration in Monday night's speech.

"There seem to be many in the Republican party," Goldwater said, "who have decided how we can lose (the 1964 presidential election). They keep wanting to read people out of the party. We hear them say nothing as to leading people into the party.

The senator said such an approach would lead to a "return to systems of splintered factions and warring classes in the United States."

The senator said that the 1964 presidential race may become "the most vicious campaign of opposition since the war between the states."

He called the Kennedy administration "rocking chair leadership."

"A frontier full of ox-cart philosophies isn't enough," he said.

Goldwater, whose Aug. 8 appearance in Los Angeles was canceled after a dispute among local Republicans over sponsorship, devoted most of his speech to the need for party unity.

Dozer Buries Booze

HAMPTON, N.H. (AP)—Police went to the town dump Monday to dispose of a number of cases.

Hundreds of cans of beer and bottles of intoxicants were crunched under a bulldozer as police watched.

The stuff was confiscated from young people who rioted at Hampton Beach over the Labor Day weekend.

China Has Photo-Wire

KARACHI, Pakistan (AP)—A direct photo-telegraph link between Karachi and Peking was inaugurated Monday.

Pakistan's minister of communications, Khan A. Sabur, in a message exchange with his counterpart in Red China, Chu Hsuen Fan, said: "This addition to the existing means of communications between Pakistan and China will strengthen our ties of friendship and business relations."

CHIEF CHAPLAIN BRIEFED — Chaplain (Maj. Gen.) Charles E. Brown, Jr., left, chief of Army Chaplains, is briefed on training activities of enlisted chaplains assistants in the 25th Infantry Division b, Scholfield Barracks, Hawaii, by Spec. 6th Class Clifton M. Robbins, 208 Thirty-fourth Street, Snyder, during Gen. Brown's visit to the 25th Division recently. Spec. Robbins is chief clerk of the 25th Division's Chaplains Section.

School House Is Haven For Many

By CHARLES GREEN

PORT ARTHUR (AP) — The Lamberth family huddled in a school room, praying. Two teenage girls in another room said they were having fun.

They were among 530 persons, mostly of Port Arthur, who sought refuge from Hurricane Cindy in Edison Junior High School here.

The prevailing mood was one of calm. The big blow hadn't hit yet. Refugees were bedded down on the floor in groups in classrooms, using blankets furnished by the Red Cross.

Mrs. L. A. Lamberth looked up from her rosary and said, "We came here just to be safe." With her were her husband, both their mothers, their child and her husband's brother.

"I just thought I'd come on up so I wouldn't have to get up in the middle of the night like I did with Audrey," said Louis G. Davalos, 45, painter for the Port Arthur School District.

He referred to Hurricane Audrey, which swept the area in 1957.

"I'm not too worried for myself," Davalos said, "but you can't ever tell what might happen, especially with kids." There were 12 in his group, including his brother, C. G. Davalos, and his family.

Johnny Pefuano, 24, kidded around with Frances Gonzales, 15, and Lucy Malbert, 15, both pupils in Edison Junior High. "We haven't been worried at all," Lucy said. "We've been too busy talking. We're having fun—especially because we won't have to go to school today."

Mrs. Walter Sumner, a civil defense worker, said there were 1,500 refugees in 10 shelters in Port Arthur and another 525 in Beaumont shelters.

Civil defense officials urged families who live in low areas in Fannett, Hamshire, Groves and Port Acres to move to schools and other sheltered areas in these towns. Some were doing so.

Except for Coast Guard station personnel, all the 1,200 residents evacuated Sabine and Sabine Pass on the Louisiana border.

About 15,000 people live at Groves but there was no estimate of how many might be in danger there or at Port Acres. Hurricane Carla sent water rushing into both places two years ago.

A seven-foot levee, one foot higher than in 1961, protects Port Acres. Groves has little or no protection. A tide of 3 to 5 feet would roll right in, County Judge Chester Young said.

The ghost of Anne Boleyn is said to roam the Tower of London with her severed head tucked under her arm.

HOSPITAL NOTES

COGDELL HOSPITAL

ADMISSIONS: Peggy Doyle, Rt. 3; Jearldene Anderson, Q & Thirtieth; Jean Gibson, Ft. Worth; Floydell Johnson, Midland; Odessa Bishop, Arah Rt.; John D. Curtis, 3401 Avenue A; Benjamin Seagrove, Ave. X; Betty Ellard, 3101 Avenue U; Ida Dorsey, Post Rd. Rt.; Sherry Doty, 2603 Avenue A; Cora Hartley, 2703 Twenty-fifth; Arthur Belvin, Colo. City.

DISMISSALS: Mrs. James West and baby boy; Lois Engler; Delwin Thornhill, Jr.; Mrs. Floyd Payne and baby boy; Delta Kenney; Newt Bonner; Mamie Sue Lewis; Phylis Welsh; Willie Leeson; Linda Wilson; Jean Gibson.

BIRTHS

Mr. and Mrs. Robert Lee Anderson, Avenue Q and Thirtieth Street, are the parents of a 6 lb. 2 oz. baby girl born at 8:20 a.m. Sept. 16 at Cogdell Hospital.

Mr. and Mrs. Weldon Halford, 209 Thirty-third Street, are the parents of a 7 lb. 1½ oz. baby girl born at 7:45 a.m. Sept. 16 at Cogdell Hospital.

SUITED FOR THE MOON — The National Aeronautics and Space Administration has released this picture of an Apollo space suit mockup — a suit designed for short stays on the moon's surface. The portable life support system, on the floor, is carried on the back of the astronaut and will enable him to be out of a spacecraft for four hours. (AP Wirephoto)

Economy Judged By Retail Sales

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Retail sales will command the center of the stage the rest of this month and the first half of October.

How much consumers buy, and especially what they buy, will give a strong clue to the strength of the current economic upturn.

Unexpectedly high personal spending helped moderate the last recession. Revival of purchases of durable goods, particularly big ticket ones, such as household appliances, give the present upturn a new lease on life when it seemed to be faltering a year ago.

Sales have withstood the summer lull. If they show vigor with the coming of fall, merchants and dealers can count on new dollar records the rest of the year.

Manufacturers can then plan production schedules with a more helpful eye on the chances of the longest and strongest since World War II.

Auto and appliance sales have been unusually strong for several months. At the moment car sales may be turning weak, while the makers are bringing out the new models. How these catch on should be apparent next month.

Appliance sales have close ties with home building. Construction of housing units, especially apartments, has been strong this year. Furnishing them has given a boost to appliance, furniture and similar sales.

If this continues through the fall, the industries will be content to take the usual winter season of slack construction and skimpier furnishings sales in stride.

But there is also a large replacement market for appliances and furnishings. This too has been seeing a modest boom.

Consumers have been willing to spend, and to take on monthly payments, for new appliances or for more of them. They apparently have been confident present good times were here to stay for a time.

Economists will watch this market closely. When consumers start to retrench one of their first targets is in such big ticket items.

Daily Crude Flow Steady

TULSA (AP) — U. S. oil production was about steady last week, the Oil and Gas Journal said today.

The trade magazine said production of 7,478,777 barrels a day was up 1,217 from the previous week.

Figures by states: Arkansas 75,875, Colorado 101,200, Louisiana 1,428,900, New Mexico 303,200, Oklahoma 535,300 and Texas 2,611,000.

Cub Pack 31 Set Meeting Tonight

Cub Scout Pack No. 31 has scheduled a meeting for tonight at the Northeast Elementary School.

The meeting will begin at 7:30 p.m.

All boys interested in the cub program have been invited to attend with their parents.

AT GOP GOVERNORS' MEET—New York Gov. Nelson Rockefeller is shown talking at a conference of fellow Republican governors being held in Denver, Colo. (AP Wirephoto)

Halleck Says Budget Cut Is Needed

WASHINGTON (AP) — House Republican leader Charles A. Halleck said today that budget-cutting action, not a speech, is what President Kennedy needs to get his tax reduction program through Congress this year.

While Halleck promised to "listen with some interest" to Kennedy's nationwide television and radio address on taxes Wednesday, he said his own view is unchanged.

If Kennedy sends Congress "a significant schedule for voluntary reductions in his original spending requests, Congress will pass a tax reduction bill this year—it is that simple," Halleck said.

House Democratic leaders, meanwhile, said they have the votes to pass the $11 billion tax cut bill in that chamber next week.

The administration's worries center in the Senate.

The chances for final action on the measure this year are seriously threatened by a prospective filibuster on civil rights and the opposition of Sen. Harry F. Byrd, D-Va. Byrd, Finance Committee, chairman, wants a reduction in spending to go along with any cut in taxes.

Land Deeded Shriners

GALVESTON (AP)— Land has been deeded to the Shriners for a $3 million children's burn center which they will build here.

The University of Texas Medical Branch will operate the 30-bed center, open to children 14 and younger. Construction is expected to begin early next year.

Bright Side Of Wheat Sale

WASHINGTON (AP)—U.S. officials see some grains of sunshine in Canada's sale of $500 million worth of wheat to the Soviet Union.

They believe the deal—the biggest commercial wheat transaction in history—will brighten prospects for larger U.S. wheat sales abroad and dramatize Communist farm failures.

Under the agreement announced in Ottawa Monday, Canada will sell Russia 228 million bushels of wheat over the next 10½ months.

Part of the deal involves shipment of $33 million of the wheat directly to Cuba.

Sen. Kenneth Keating, R-N.Y., termed this "a shocking breach" of Western Hemisphere efforts to isolate the Castro regime and called for a strong U.S. protest.

Kennedy administration sources indicated, however, that Washington would not lodge a complaint. They said Canada had informed the United States of the agreement shortly before it was signed.

The United States raised questions about the Cuba shipments but Canada said Russia had made them a necessary condition to the transaction.

U.S. diplomats were not protesting because Washington's own embargo does not forbid selling food or medicines to Cuba.

Traditionally Russia has been an exporter of wheat and Premier Khrushchev even boasted that the Soviet Union's agriculture would overtake that of the United States by 1963.

The explanation from the Kremlin for the big order of wheat was that bad weather had hurt this year's crop.

Mrs. JFK To Visit Greece

WASHINGTON (AP) — Mrs. John F. Kennedy will make a private visit to Greece for two weeks in October, the White House announced today.

Mrs. Kennedy's press secretary, Pamela Turnure, said Mrs. Kennedy will leave Washington Oct. 2 to join her sister and brother-in-law, Prince and Princess Stanislas Radziwill, who have rented a house near Athens.

The First Lady will travel by a commercial airline, Miss Turnure said.

Mrs. Kennedy, who is recuperating after the birth and death of her third child, is now at Newport, R.I., with her two children, Caroline and John Jr.

She had spent the summer on Cape Cod in Massachusetts. On Aug. 7 she gave birth prematurely to a son who lived less than two days.

Mrs. Kennedy was described informally as feeling very well, but it was felt a change of scenery would be good for her.

"Old at 40, 50, 60?"
Man, Get Wise! Pep Up

Thousands are peppy at 70! So, if you feel weak, low in energy, "old" at 40, 50 or 60, quit blaming it on age. If you want to feel younger, try Ostrex Tonic Tablets at once. Also for debility due just to rundown body's lack of iron, the "below-par" feelings you may call "being old". Puts pep in both sexes. Try Ostrex-feel peppy, years younger. 8-day "get-acquainted" size costs little. All druggists.

Lull In Soviet Problems Gives JFK Slight Repose

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — About the only consolation for president Kennedy in these troubled days at home and abroad is that Soviet Premier Khrushchev has climbed down off his back for a while.

Khrushchev's time is taken up with Red China, while Kennedy tries to cope with racial troubles in this country, with getting Senate approval of a limited nuclear test-ban treaty, and with restoring sense and order in South Viet Nam.

The Soviets have treated the United States almost amiably, compared with the past, ever since this country and Britain signed the test ban agreement with the Soviet Union in Moscow Aug. 5.

They have even been restrained about American racial disorders, although that's a subject made to measure for Communist propaganda. There can be any number of guesses about the reasons.

The Russians don't want to give Senate opponents of the treaty extra ammunition before the Senate approves or the Russians want a new era of better relations with this country because of their disaster with the Chinese.

The completely skeptical probably see in this Russian amiability and the test ban agreement itself a cynical scheme to hypnotize the West into lowering its guard by giving it a false sense of peace and security.

But without any of those reasons there is another explanation for the Soviets' recently muted tones toward the West: the Soviet Union has its hands full with its former Chinese ally.

Since Aug. 5 the Soviet and Chinese attacks on each other—the Chinese denounced the test ban—have become as hysterical as Soviet-Chinese attacks on the West used to be.

This Russian-Chinese split, which would be plenty excuse for the Soviet Union to switch its major attention from West to East, is perhaps the greatest break for the Western world since the war.

The two giant Communist allies, working together, had the resources for endless mischief and perhaps unimagined gains in every corner and continent on earth.

As rivals they may well cancel out their ambition to communize the world although it seems certain Red China will never stop, short of military defeat, trying to take over at least all of Asia.

Nevertheless, improved Russian-Western relations have their own dangers for the Western allies; the possibility that, feeling the Soviet menace has slackened, they will lose their sense of interdependence and also split up.

French President Charles de Gaulle, consciously or not, may be reflecting exactly such a state of mind in his several acts of contrary and painful individualism since the beginning of this year.

When the danger from the Soviet Union seemed greater than it does now, De Gaulle was far less intransigent and unpredictable. He began irritating this country sorely only after the United States forced Khrushchev to back down on his Cuba missiles.

After that crisis subsided State Department people here began developing a kind of diplomatic euphoria with predictions that winds of change were sweeping the world although at that time last fall there wasn't a breeze blowing.

They couldn't and didn't foresee that by January De Gaulle would have messed up the Common Market by refusing to let Britain in or that by August there would be a test-ban agreement, signed with the Soviet Union.

For their part the Russians, at this moment, can hardly know where they are or where they are going with the Red Chinese whose menace to the Soviet Union will increase, and not diminish, as their power and weaponry increase.

Defoliation Discussion Is Scheduled

A meeting on Cotton Defoliation has been scheduled by the Agriculture Extension Service for 2 p.m. Thursday, Sept. 19, 1963 in Big Spring. The meeting will be held at the community room of the First Federal Savings and Loan Association building in Big Spring.

Due to the demand on the speakers on this program it has been necessary to schedule area meetings of this type in hope that producers in a reasonable traveling distance will have opportunity to participate in a meeting of this type.

Fred Elliott, Extension Cotton Specialist, Beverly Reeves, Cotton Ginning Specialist, both from College Station and Bill Gunter, Area Agronomist and John Seibert, Area Agriculture Economist from the Extension Service will conduct the meeting. Time and method of application, defoliants and dessicants, and harvesting will be discussed.

Producers planning to dessicate this year's crop would profit from attendance at this meeting.

Galveston Feels Storm

By ED STAATS

GALVESTON (AP) — A few shattered plate glass windows appeared today to be the heaviest damage in Galveston from hurricane Cindy.

The highest winds reported here were 74 m.p.h.

Streets in various sections were flooded during the night. By early morning many had drained and again filled when heavy showers came at 10 a.m.

A check with police, hospitals, the Red Cross and Civil Defense failed to turn up any report of [illegible] injured.

A 33-foot pleasure cruiser sank at the Galveston Yacht Basin, swamped by the heavy rain.

Another boat, the 40-foot cabin cruiser Cheri, was damaged when the 102-foot sailboat Puritan broke from her moorings during the night and crashed into the smaller vessel.

The 7:30 a.m. tide was at 3.4 feet above mean sea level and falling slowly, the Weather Bureau said. The highest tide was 4.6 feet above mean sea level at 4:30 a.m.

Rain since midnight Sunday in Galveston measured 3.1 inches with almost one inch of this falling between 2 and 3 a.m. today when the strongest part of the hurricane passed Galveston.

7 Missing After Fire

RIGGINS, Idaho (AP) — Seven patients were reported missing today in a fire that destroyed the Paradise Pines rest home near this tiny western Idaho community. Thirty others were evacuated safely.

Sheriff's Deputy Frank Heath said some bodies were sighted in the charred wreckage, but the number of dead was not determined.

The fire, believed to have started in a wood-burning stove near the center of the sprawling, one-story wooden structure, burned the rest home to the ground.

Thirty patients were taken by ambulance to a hospital at McCall, 30 miles to the south, and 14 remained there for treatment.

HOW TO MAKE LIGHT WORK IN THE KITCHEN

Properly planned lighting in the kitchen makes meal preparation easier, more pleasant and more efficient. It helps eliminate little annoyances like misread recipes . . . dishes (or vegetables) that have to be washed twice. For a well-lighted kitchen you need two kinds of lighting:

GENERAL LIGHTING

. . . to provide a pleasant level of over-all room illumination without glare or shadowy areas. As a suggestion for the average rectangular kitchen, a 12-inch enclosed ceiling fixture with a 150-watt bulb, or a shielded fluorescent fixture with two 40-watt tubes usually will provide adequate light.

LOCAL LIGHTING

. . . to eliminate working in your own shadow at the sink, range or work counters. Use over the sink either incandescent or fluorescent lamps, shielded behind a facing board or recessed into the ceiling. A shielded fluorescent wall bracket is recommended over the range. Shielded fluorescent tubes under the cabinets will provide ample light on counter tops.

A Texas Electric lighting specialist will be glad to make specific recommendations for better light in your kitchen and elsewhere in your home.
