ZEPPELIN OFF ON TRIP TO AMERICA

EXTENSION OF AIR LINES ADVOCATED BY LEGION

MITCHELL IDEA OF AIR BUREAU GETS SUPPORT

WHOLE POWER OF BODY
THROWN BEHIND AIR
PROGRESS IN U. S.

(By Associated Press)
SAN ANTONIO, Oct. 11.—Recommendations that the American Legion push the extension of air lines by this country into Central and South America were approved by the national convention of that organization here today when the convention unanimously accepted the report of its aeronautics committee. An anticipated fight over the air policies advocated by Col. William Mitchell failed to materialize when the report recommended that a committee of legion files be sent to Washington to confer with congress relative to the establishment of a separate bureau of aeronautics under a single department of national defense. This in effect was what Mitchell advocated in his famous criticisms of defense and air policies which brought him a court martial. The report adopted today urges the "pressure be brought to bear for greater appropriations for the following specific purposes":

HOOPER OWNS MINES, CHARGE

DEMOCRATIC SPEAKER
SAYS NOMINEE HAS
FOREIGN HOLDING

(By Associated Press)
WASHINGTON, Oct. 11.—Charge that Herbert Hoover "is credited with owning oil and mining properties in Colombia and Mexico has been vigorously made, accompanied by a sweeping denial. The allegation was sponsored by Henry Clay Harnsbrough, once a republican senator from North Dakota, now a supporter of Governor Alfred E. Smith. With it he coupled a demand that Hoover withdraw from the presidential campaign and permit the selection of a republican candidate "who cannot be influenced in handling our foreign relations."

Weather Map Is Crazy-Quilt

CHICAGO, Oct. 11 (P)—January and June temperatures made a crazy-quilt of the weather map yesterday. There was snow and cold in Montana and Nevada, and summer torridity and hot dust storms in Minnesota and Nebraska. Thermometer readings in Montana showed the temperature at the freezing point, while Lincoln, Neb., recorded 91 degrees and Minneapolis 90. Contrasting predictions of heat, cold and storms were made for today in the middle west. "Decidedly cooler" was the warning for territory which yesterday wintered under a 60-degree sun. In Chicago where the reading reached 82 yesterday, predictions of continued warm for today carried the addition of "much cooler" Friday.

SPEECH BRINGS BOMB THREAT

LOS ANGELES, Oct. 11 (P)—A threatened bombing of the ranch home of the parents of Mrs. Mabel Walker Willebrandt, assistant United States attorney general, caused police to throw a special guard about the premises at Temple, Calif., today. The warning of vengeance was received by the couple, Mr. and Mrs. D. W. Walker, in a letter attacking Mrs. Willebrandt for speeches she made in the east relating to prohibition and the democratic party. Police also were informed that Kathleen Norris, noted woman novelist, would be "molested" if she attempted to speak here in behalf of Herbert Hoover, republican presidential nominee. Mrs. Norris addressed an audience at Fresno, Calif., last night after she had received three telephone calls and a letter, police were informed, warning her not to appear. She planned to deliver an address here today.

PLANE CRASHES WHILE TAKING OFF FOR ROME

LEVINE'S 'COLUMBIA'
WRECKED; PILOTS
ESCAPE UNHURT

(By Associated Press)
ROOSEVELT FIELD, N. Y., Oct. 11.—The trans-Atlantic plane Columbia crashed on the Westbury golf course today, a few minutes after taking the air on its projected flight to Rome. Both Roger G. Williams, the pilot, and Pietro Bonelli, the navigator, escaped without any injury. One wheel of the plane and at least one wing strut were broken and the ship suffered general strains. It tipped up on one wing point but did not turn over. The Columbia took off at 11:35 a. m., with great difficulty because of the excessive weight of its fuel load. It did get in the air, however, but was unable to gain altitude. It struggled low over the gully between Roosevelt and Curtis Fields where Rene Fonck's plane crashed and burned two years ago, and then began to settle steadily to earth. Facing a possible upset with resulting fire, Bonelli kicked the dump valve to lighten the ship but it had just been repaired for a leak and would not work. Williams made a forced landing on the golf links adjoining Curtis Field, close beside a sand trap and hemmed in by bunkers. The plane lunged and rolled on the soft turf and then burst into flames. The Columbia ground looped on the broken wheel and tipped crazily but came to a stop without overturning. Williams and Bonelli climbed out of the cockpit unharmed but sadly disappointed. A cursory inspection of the plane left little hope of another take-off today.

Grand Jury Will Reconvene Today

The grand jury of the 90th district court will convene at 9 o'clock tomorrow following a recess since yesterday afternoon. No indictments have been returned by the jury since it convened Monday, although several scores of witnesses have been heard. Vaughn E. Wilson, county attorney-elect, is leading the investigative work for the body in the absence of District Attorney Durwood Bradley.

Shamrock Farmer Missing Two Days

SHAMROCK, Oct. 11 (P)—Last seen when he brought a load of cotton to Shamrock on Tuesday, D. Johnson, 31, farmer, was still missing today. County officers said they feared foul play. Johnson had more than \$120 with him just before he disappeared. His father, R. Johnson of Guthrie, Okla., has offered a \$25 reward for the location of his son.

SHORTAGE OF LABOR CHECKS PICKING HERE

BETWEEN 300 AND 350
BALES RECEIVED AT
LOCAL COMPRESSES

Hindered by drastic shortage of cotton pickers in Lubbock county and the South Plains, the steady trend of cotton from the fields to the gins has slackened to a speed considerably slower than that of a year ago. Reports show that much cotton is open and ready to be picked but must remain in the field until additional pickers can be secured. Between 300 and 350 bales have been received by the Lubbock and the West Texas compresses here this year. This is a substantial decrease in comparison to the number at the corresponding date of last year. Compress officials report that the staple of the cotton is slightly better this year, although there is little change in the grade.

LOCKNEY LAD LOSES PLUCKY FIGHT FOR LIFE

SCOUTS VIGIL PROVES
FUTILE WITH DEATH
OF FOOTBALL STAR

One member of the Lockney High School football team will not respond to the quarterback's signals when the squad next takes the field of battle. That member, Reno Livingston, eighteen years of age, was injured in practice Tuesday and died in a local sanitarium at midnight last night. Fighting valiantly, hopelessly in a desperate battle for life, the youth's breathing was prolonged for more than seven hours by means of artificial respiration. With his father and mother, other relatives, and loved ones at his bedside, the young gridiron star, made a heroic, yet losing fight as his life ebbed away. Six Boy Scouts worked in silent relays applying artificial respiration in the hope that the injured young man would resume breathing. Victim of an accidental collision with another player, young Livingston's untimely death came as a tragic climax when it seemed that recovery was possible. Pressure on the brain causing paralysis of the respiratory organs resulted in death, physicians who watched unceasingly over the youth yesterday and last night stated. At the time of the injury it was thought not serious and the young man continued playing in the practice game. Funeral services will be held at 2:30 o'clock tomorrow afternoon at the First Baptist church of Lockney. The Rev. C. J. McCarty, pastor of the 18th Street Baptist church here and former pastor for the family will officiate. A large number of Lockney's citizens waited at the hospital last night watching bulletins of the youth's condition. Lubbock Scouts who applied artificial respiration were: Roscoe Clark, G. W. Post Jr., Ovid Brock, A. C. Sanders, Sam Henry and Carol McCasland.

Peace Move Made In Gotham Strike

NEW YORK, Oct. 11 (P)—George M. Harrison, president of the International Brotherhood of Railway and Steamship Clerks, arrived today from Cincinnati to attempt to settle the strike of American Railway Express employees, which has tied up incoming and outgoing express traffic in Greater New York, including hundreds of cars of fruit, vegetables, fish and other perishables. Harrison immediately went into a conference with Robert Morgan, vice-president of the Brotherhood, and Col. M. J. Reagan and George A. Cook of Washington, members of the board of mediation. From all outward appearances, the strike continued effective. Big express terminals were idle. Only aerial express was operating to capacity.

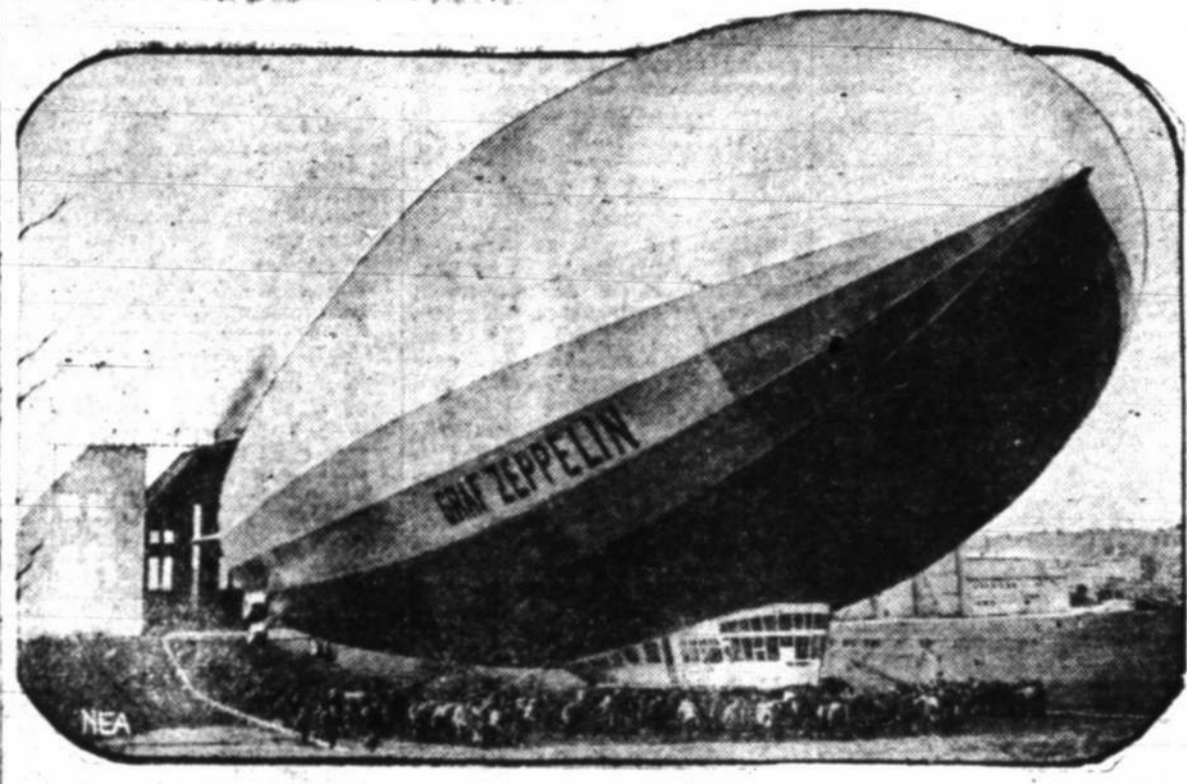

Photos Made From Seven Miles In Air

DAYTON, Ohio, Oct. 11 (P)—Photographs were successfully made from the highest altitude at which pictures have ever been taken, during a three-hour flight yesterday of Captain St. Clair Street and Captain A. W. Stevens, Wright Field officials announced today. The flight also is believed to mark the highest altitude ever attained by two men. It was said, the barograph carried by the fliers showed 40,200 feet, but has been sent to the Bureau of Standards at Washington for calibration. It is expected calibration will show an altitude in the neighborhood of 38,000 feet and near to the preceding record.

Pendulum Swinging For Law And Order

KANSAS CITY, Oct. 11 (P)—The decade following the World War is likely to go down in history as the era of lawlessness. Arthur V. Linstead, secretary of the Illinois Association for Criminal Justice, told the American Prison Congress here today, but the pendulum now is beginning to swing in the other direction. Crime in America, he said, has reached the point of saturation and the people are turning upon the criminal classes and their allies in politics and public office. Sporadic efforts of citizens and official bodies in a few states are gradually crystallizing into a nation-wide movement for law and order.

'GRAF ZEPPELIN,' ENROUTE TO U. S., WITH SOME OF CREW

The skipper and two pilots who are sailing the giant Graf Zeppelin from Germany to the United States are pictured above in front of the navigating cabin as the dirigible lay in her hangar at Friedrichshafen, Germany. Left to right are: Captain Flemming, Dr. Hugo Eckener, designer and commander of the ship; Captain Lehmann. Below are the two women who will make the first trans-Atlantic flight; Lady Drummond-Hay (left) and Dr. Opitz-Karlsruhe, medical officer.

Million People Learn Of Lubbock By Fair Exhibit

Unique and entirely different from the usual agricultural "scorecard" displays, the Lubbock County Exhibit at the Dallas State fair has captured the spotlight of attention at the exposition this week. Breaking away from the old standard exhibit, which for years has graced fairs, this year's exhibit is attracting more attention than any other on display at the fair. Bill McKinley, who with Garnet Reeves, publicity manager of the Lubbock Chamber of Commerce, has been in charge of the exhibit at Dallas, returned this morning with the report that an unprecedented interest in Lubbock and the South Plains has been created by the exhibit. Though the Lubbock exhibit

BIG DIRIGIBLE SEEN LEAVING FRENCH COAST ON LONG JAUNT OVER OCEAN TO UNITED STATES

(By Associated Press)
PARIS, Oct. 11.—The Graf Zeppelin quit the territory of France and headed out over the Mediterranean at 3:30 p. m. The sea coast wireless station at Saintes Marie Delamar sent a radio farewell to the big dirigible. The airship probably will be signalled next over Barcelona or the Balearic Islands.

Dr. Hugo Eckener, according to messages which reached Paris from points along the route, followed the valley of the River Rhone to the Mediterranean coast. He kept so closely to the winding river that it was thought that bad visibility prevented him from sighting other landmarks and thus reducing his mileage. The commander's wisdom in picking the southern route was emphasized by weather reports from the Atlantic coast of France. Tempests were raging at L'Orient and other points on the shores of Brittany and Vendee, compelling all fishing boats to run for shelter. More than 50 of these vessels took refuge in the lee of Belle Isle. Conditions were much calmer over the Mediterranean.

Dirigible Is Air Giant

(By Associated Press)
It is the greatest aircraft in the world—14 feet longer than the Los Angeles, pride of the American navy. If it stood on end, it would reach within 22 feet of the 792 foot Woolworth tower in New York. It is driven by five reversible engines with 350 horsepower each. Its fuel is "blue gas." It cost about \$1,000,000 and is owned by the German people, the money being raised largely through popular subscription. Its maximum speed is more than 80 miles an hour. It left Friedrichshafen, Germany, at 2 o'clock New York time today, and should reach its destination, Lakehurst, N. J., Sunday morning. It carries 20 passengers and a crew of 40. It carries the first woman passenger in a trans-Atlantic flight in a dirigible, Lady Grace Drummond Hay, English society woman.

Zeppelin Log

8 a. m. German time (2 a. m. eastern standard time) the Graf Zeppelin left Friedrichshafen. 8:10 a. m. (2:10 a. m. E. S. T.) passed over the city of Constance. 9:30 a. m. (E. S. T.) passed over Basle, Switzerland. 4 a. m. (E. S. T.) passed over Franco-German frontier. 7:25 a. m. (E. S. T.) passed over Lyons, France, bound in a southerly direction. 9:30 a. m. (E. S. T.) passed over Montelimar, France, en route to Mediterranean by way of Marseilles. 10:30 a. m. (E. S. T.) passed over the French coast into the Mediterranean at Saintes Marie Delamar.

Miller Given 25 Years At Memphis

MEMPHIS, Oct. 11 (P)—A 25 year prison sentence today faced Clyde Miller, found guilty here on a charge of murder in connection with the death of Bruce Collier last Christmas Eve. The state contended during the trial that Collier, found dead in the wreckage of an automobile which had been struck by a train on a grade crossing near the Newlin depot, had died from a blow on the head received in an altercation in a restaurant, and that his body was placed in the car and left on the track some hours before the crash. Defense attorneys gave notice of an appeal.

HICKMAN MUST DIE ALONE

KANSAS CITY, Oct. 11 (P)—None of the members of the family of William Edward Hickman here will be present at his execution in San Quentin Prison, Oct. 19, for the murder of Marion Parker. Col. Charles Edwards, family adviser and warden, today

Expect To Reach America Sunday

Bound for the United States from Germany on the first commercial trans-Atlantic voyage, the giant dirigible Graf Zeppelin was sailing steadily over France today. She was expected to reach the United States by Sunday morning. The huge ship carried 20 passengers and a crew of 40. Three American passengers were aboard. They were: Lt. Commander Charles N. Rosendahl, commander of the American dirigible Los Angeles; Robert Reiner of Weehawken, N. J., and Frederick Giffithin, an American resident of Switzerland. The ship left Friedrichshafen at 8 a. m. (2 a. m. eastern standard time) and five hours later was reported near Lyons, her speed averaging about 50 miles an hour. She was still a good 300 miles from the

WINTRY WAVE HEADS SOUTH

'COLDER' IS FORECAST
FOR CITY TONIGHT;
WEST SHIVERING
A forecast of "colder" for Lubbock and the Panhandle tonight and tomorrow indicated that the cold wave which last night gripped Canada and the Rocky Mountain states was headed for the Panhandle. Cold weather, provided the freezing point is not reached, will benefit rather than harm maturing cotton. The average date of first freeze in Lubbock is November 2.

Snow Blankets Northwest Area

DENVER, Oct. 11 (P)—The entire Rocky Mountain region today was in the grip of an unseasonable visit of winter which had spread snow over Montana and threatened to lay down a white blanket over parts of Wyoming, Colorado, Utah and Northern New Mexico. Rain or snow and much colder with strong northerly winds was the forecast for the area which caught the tail end of the storm-sweeping in from Alberta and Saskatchewan provinces. Sub-freezing temperatures were predicted for Montana, where the mercury dropped to 32 degrees yesterday.

Harvesting Is Halted By Cold

SASKATOON, Sask., Oct. 11 (P)—A snow storm swept across Alberta and Saskatchewan today, halting the late fall harvesting and playing havoc with communication systems. The snow was not heavy but was driven by a strong north and northeast wind which blew down telephone and telegraph poles and wires. Most of the threshing has been completed but there are several isolated points where the grain still remains in the field. The storm has caused an indefinite suspension of

Mrs. G. E. McCelvey Hostess At Affair

Mrs. G. E. McCelvey was gracious hostess yesterday afternoon to twenty of her friends with a luncheon at her home, 2207 17th street, and a matinee party at the Palace Theatre. The group saw the afternoon presentation of "Naughty Marietta."

Mrs. Leo Edwards Is Club Hostess

Mrs. Leo Edwards was gracious hostess yesterday afternoon to members of the 1928 Bridge club at her home, 2317 14th street. Shaded lights, trays on which refreshments were served and other appointments were in old rose, Bavarian cream, cake, sandwiches and punch were served. Cakes were in the shape of bridge symbols.

Linen Shower Given For Mrs. Stiles

Mrs. J. H. Stiles, bride, was presented with a shower of lovely linens yesterday afternoon when Mrs. Vaughn B. Wilson and Miss Frances Wilson entertained with a 3 o'clock bridge party at the Wilson home, 2604 22nd street. Mrs. Stiles was until recently Miss Marguerite Bennett.

Loyal Sisters Club Meets Wednesday

Loyal Sisters Needle club members were guests of Mrs. Fred Owens yesterday afternoon at her home in Morningside addition. The afternoon was spent with needle work, after which pumpkin pie was served with iced tea.

John Jarrotts Hosts To Bridge Club

Mr. and Mrs. John Jarrott were hosts to the I-Cent club last evening at their home 2611 21st street, entertaining with games of bridge. Club members attending were Messrs. and Mesdames J. B. Orlander, R. C. Smith, Hub Jones, Frank Jones, Elmer Conley, D. K. Bonduant, Guyette, Mrs. and Mrs. B. F. Condray, Miss Janice Roberts of Henderson, Mrs. C. D. Saffir, Mrs. Joe Hillson, Mr. and Mrs. Glen Hess.

Pre-School Circle of AAUW Meeting

The pre-school circle of A. A. U. W. is meeting tomorrow afternoon at 4 o'clock with Mrs. S. B. Haynes. Women who are not members of the American Association of University Women may join this circle and any who are interested are urged to attend this meeting. Mrs. Haynes said.

PTA Council Elects Officer Wednesday

Mrs. W. E. Price was elected vice-president of the City P. T. A. council yesterday afternoon in a called session at the High school building. Mrs. J. N. Michie, who was formerly vice-president, is now the presiding officer, following the resignation of Mrs. H. A. Davidson, who was elected president last spring. The next meeting of this group is to be on the first Tuesday in November.

Try-Outs For Play To Be Conducted

Try-outs are to be conducted this evening at 8:30 o'clock at the chamber of commerce for parts in "Captain Applejack," the second Little Theatre play to be presented this evening. Any one is eligible to try out for places. It was announced in trying a large attendance.

Ribbons And Ruffles Are Best Gee-Gaws For Blonde, Butterfly Type Of Beauty

Carol Bergman, a "Fragonarde blonde"

EDITOR'S NOTE: This is the fifth of a series of articles written for the Journal and NEA Service by Alfred Cheney Johnston, one of the foremost artists among American photographers. Each day he discusses a type of feminine beauty, explains how it best can be enhanced by make-up and outfit, tells which color schemes and styles of gowns he considers most effective.

By ALFRED CHENEY JOHNSTON
Written for NEA Service
The little blonde, butterfly type of girl is reminiscent of the ladies Fragonarde loved to paint. The ruffles and ribbons of a bygone age became her so well, and yet she is as dainty and lovely her simple frock of today as in the days when she graced the ballet of Louis the XVI.

Carol Bergman, the prima ballerina of "Rosalie," is just such a type of blonde. Her hair is of the natural, but one attribute to the Nordic race, not a golden blonde, but a silver blonde, but that glorious shade between. Her eyes are blue—a gray blue, and her lashes long and darker than her hair. Her nose is small and straight, and her little mouth parts into a gracious smile more often than not, and shows a row of small pearl-like teeth.

Her skin is soft and creamy in coloring. It is a skin not as white as the Gainsborough blonde—not as peach-like in tone as the Greek goddess. With her very light hair, call for a light ruffled powder and medium shade of raspberry rouge. This dainty type of blonde may use a little more rouge than the willowy blonde. For her charm depends upon activity rather than repose. Her lip rouge should be applied very judiciously. No matter what shade of lip rouge a girl uses if she applies it without working it in deftly with her finger tips to eliminate the hard outlines, it destroys the beauty of her mouth instead of accentuating it.

Miss Bergman wears her blonde hair in a Dutch cut, softly waved and combed backward to partially reveal the ear. Girls of this type who have long hair may simulate this effect and catch the long ends in a coil effect, carefully pinned at the nape of the neck, to retain a youthful contour.

White flesh and blue are prettiest for evening wear on this Fragonarde blonde. Street shades are blues, soft greens, beige, black and white and softer browns. While it is a natural assumption that the may wear ruffles and ribbons, because she is little she must be careful not to load herself with too much ornamentation. It destroys the illusion of her daintiness.

Mr. and Mrs. S. B. Haynes have returned from a visit with relatives in Woodville and Horseine and in other Texas cities.

Y.M.C.A. Secretary Has Many Hearers

Approximately three hundred patrons and teachers of the Lubbock city schools heard Dad Elliott, national Y. M. C. A. secretary, speak on modern youth at the high school auditorium Wednesday afternoon when a meeting of all parent teacher associations in the city was conducted there.

The speaker praised the one who is individual rather than the one who conforms to customs. He said that the prevalence of dishonesty can be traced to home conditions in most cases. Mr. Elliott drew upon his experiences in talking with 21,000 men, he said. M. H. Dunan, superintendent of city schools, introduced the speaker.

Halloween Motif Is Favored At Party

Halloween decorations were used at a birthday party given by Mrs. Ouisin Gregg for her 8-year-old daughter, Mary Irene. A witch told the children's fortunes, the guests fished for pop corn balls and were later served peach ice cream and angel food cake.

Club Woman Will Talk Here Monday

Mrs. Cecil Sherman, prominent club woman of Sherman, will speak at the home of her daughter, Mrs. J. W. Lynch, 1910 Avenue K, Wednesday evening. A white cake, bearing 79 candles, centered the dining room table, from which ice cream and cake were dispensed and flowers decked the home. Those who attended were Messrs. and Mesdames N. W. McClure, N. E. Bates, Lester Lynch and Roy Lynch, Amarie Lynch, Sterling Lynch, Wanda Lee Lynch, Yvonne and Yvette Lynch, Georgia Lee Boles, Mrs. Chastie Ferris and Mr. and Mrs. J. W. Lynch.

Miss Mary Gresham Introduced At Tea

Mrs. W. E. Spencer introduced Miss Mary Gresham yesterday afternoon in a 3 o'clock musicale at her home, 2223 17th street. Miss Gresham played delightful musical selections for the guests, who were served light refreshments. Miss Gresham has recently moved to Lubbock and opened a class in piano. She played 30 numbers and scores yesterday. Among the selections were Chopin's "Impromptu" and an "Etude," Debussy's "Arabesque," "Lento" by Scott, "Rhapsody" by Liszt and "The Music Box."

Mrs. Sherwood Plays At Club Party

Mrs. A. C. Sherwood of Fort Worth played piano selections throughout the afternoon yesterday when Mesdames R. Martin and F. Young entertained members of the 1916 Needle club in the Martin home. Mrs. Sherwood formerly lived in Lubbock.

Engineering Tea To Be On Saturday

Invitations are out for a tea from 8 until 10 o'clock Saturday evening in the home of Dean and Mrs. William J. Miller, 2323 18th street. Members of the Technological college, engineering faculty are entertaining honoring new members of the department and their wives. The honor guests will be Messrs. and Mesdames F. A. Kleinsmidt, S. J. Boller, W. F. Holwig, Ernest Nelson, M. E. Beard and W. E. Long.

Nifty Night Society Meets Saturday

The Nifty Night club meets at 8 o'clock Saturday evening with Mr. and Mrs. E. B. Adcock, 2601 19th Street.

Two Parties Are Being Given In Allen Stewart Home; Forty-Two Played

The second of two parties being given by Mrs. Allen T. Stewart and Mrs. R. S. Williams is in progress this afternoon at the Stewart home, 1801 16th street, and forty-two is being played.

TEL Class Meets On Wednesday

The First Baptist T. E. L. class met in business and program session at the church Wednesday evening with Mesdames Erle Studeman, Kelly, J. F. McDonald and C. L. Fowler as hostesses.

Club Members Are To Entertain

There is to be a party this evening in the J. S. Hemphill home, 3008 Broadway, given by members of the Sans Souci club.

Friday Needle Club Meets Tomorrow

The Friday Needle club is meeting at 3 o'clock Friday with Mrs. A. H. Travis, 2122 14th street.

Club Woman Will Talk Here Monday

Mrs. Cecil Sherman, prominent club woman of Sherman, will speak at the home of her daughter, Mrs. J. W. Lynch, 1910 Avenue K, Wednesday evening. A white cake, bearing 79 candles, centered the dining room table, from which ice cream and cake were dispensed and flowers decked the home.

Mrs. Adele Hess, 79, Is Complimented

Mrs. Adele Hess, 79, of Mineral Wells was given a birthday party at the home of her daughter, Mrs. J. W. Lynch, 1910 Avenue K, Wednesday evening. A white cake, bearing 79 candles, centered the dining room table, from which ice cream and cake were dispensed and flowers decked the home.

County Federation Meets This Month

The next County Federation meeting is to be on October 27 at the First Baptist church here and Lubbock city clubs will furnish the noon meal and program, according to a decision reached this morning when a local committee met to make plans.

TRAFFIC MEET IS SCHEDULED

COMMITTEE TO SESSION IN DALLAS ON NEXT SATURDAY
In connection with an attack against the differential freight rates in Texas, the general committee will meet in Dallas next Saturday morning. This committee was formed for the purpose of filing and handling cases before the Interstate Commerce Commission and the Railroad Commission of Texas.

Red Cross Clinic Treats 72 At Fair

Mrs. Sam Arnett, head of the department of nursing activities of the Red Cross here, this morning issued a statement of appreciation to the local hospitals for the co-operation in putting over the Red Cross clinic at the Panhandle-South Plains fair last week.

Lamesa Hotel Will Continue Business

LAMESA, Oct. 11 (Special)—According to J. E. Burrows, secretary of the Westland hotel, part of this property, will not close as thought but will continue to operate as heretofore until probation in November. Mr. Burrows states that the hotel trade in Lamesa is good and perhaps better than in the past at this time with the already crowded hotel condition in Lamesa the community would suffer if the Westland closed.

Three Suits For Damage Are Filed

Three suits for damages were filed in the two district courts here yesterday and another was transferred here from McLennan county this morning. None of the petitions entailed more than \$1,000.

THEATER PATRONS EXPRESS PRAISE TO MUSICAL SHOW

Theater goers of Lubbock this morning were loudly chanting praises to the cast of "Naughty Marietta" Victor Herbert's comic opera which was presented at the Palace theater last night.

FAIR EXHIBITS

will not be allowed to compete in the county agricultural exhibit contests because it does not comply with the score card requirements, it will picture graphically to probably a million persons what this section has to offer.

BUSINESS MEET HELD BY SYNOD

SELECTION OF SESSION SITE FOR NEXT YEAR EXPECTED TODAY

A deluge of business matters and two stirring sermons marked this morning's session of the seventy-third convention of the Synod of Texas of the Presbyterian church, which convened here Tuesday night. The synod will end at noon tomorrow.

Fair Heads Praise Exhibit

The head of the agricultural department of the state fair predicted a trend of county exhibits in the future to the type shown by Lubbock. One of the officials of the fair association said that the Lubbock exhibit was the best in the entire exposition with the exception of the exhibit of the Texas Power and Light company in the Industrial building which was installed at a cost of \$17,500.

Embezzlement To Face Bank Cashier

SHERMAN, Oct. 11 (AP)—L. H. Scherer, cashier of the First National bank of Denton, will be tried at Paris on a charge of embezzlement, Judge W. L. Estes of the federal court for the Eastern Texas district, ordered.

Start Minus Confusion

Ascended Immediately

Within two minutes after it was free of the hangar the hawkers were detached and two hundred stalwart workmen who had been hanging to the lower gunwale left go. The Graf Zeppelin immediately ascended almost perpendicularly to an elevation of about 150 feet. The nose was pointed upward and the airship rose higher as it circled low over Friedrichshafen.

LEGION MEET

(Continued from Page 1) fields and equipment and for better marking of towns.

Land, Couldn't Come

The following telegram from Judge Keneaw Mountain Landis, commissioner of baseball, who was scheduled to speak today, was read to the convention: "Dear Commander Spafford: I have gotten everything out of the way but an old Army Doc, and he says that because of the possible effects of the flu I can not go to the convention."

"Married Life" Not Worth While

CRITICS PUZZLE OVER DOPE ON ST. EDWARDS-MATADOR SCRAP

WESTERNERS FACE HARD BATTLE AT SLATON TOMORROW

GAME APPEARS TOSS-UP WITH BOTH STRONG

TECH HAS DEFENSIVE EDGE, SAINTS HAVE FLASHY OFFENSE

By ALLEN CARNY (Avalanche-Journal Sports Editor)

Perhaps no game in the past has been so complicated as the coming battle between the Matadors and the St. Edwards Saints here Saturday. In fact, the comparative scores are so conflicting that even the most experienced doomsayers hesitate before they hazard a guess concerning the outcome of the fray.

The Texas Longhorns had a rather easy time defeating the Saints two Saturdays ago, but last Saturday the Matadors held the powerful Texas eleven to 12 points. If the doomsayers could stop here, their opinion would be ended on such a basis, the Tech team would be the favorite.

Owl Defeat Complicating

The unexpected performance of the Saints against the Owl Club last Saturday has complicated matters. The Saints were expected to lose, but they won. This has caused a change in the opinion of the doomsayers. The comparative scores of the two weeks leaves Texas with a slight edge over the Saints.

If the Owl were off from the St. Edwards game, the Matadors will have a slight edge over the Cardinals. On the other hand, reports from the Dallas city indicate that the Saints are favored to win in spite of the unfavorable weather.

Only one thing is certain as we emerge from the maze of complicated statistics. That is that the game will be a thriller from start to finish.

Period New Plays

The Matadors are putting in full time this week perfecting the formations that they learned from the Saints last Saturday. The Longhorns are also perfecting their formations. The game is expected to be a hard fought one. Dr. Barlow is also expected to have a very active part in the game.

The Saints are putting in extra time this week perfecting their formations. The game is expected to be a hard fought one. Dr. Barlow is also expected to have a very active part in the game.

PRIZES LISTED

High School Players Get Awards

The following prizes were awarded members of the Lubbock high school gridsters for their performance in the first conference game of the season here last Saturday with Quanah.

The entire squad was given passes to the Palace and Lyric theatres. W. D. Lawson, fullback, led the field with three valuable prizes. He was judged the most aggressive player of the game, the outstanding backfield star and scored the first touchdown to take the prizes offered by the First National bank, McWhorter-Roberts and Earhart Rubber company.

Whacker Barton made the first tackle of the game and was named the most aggressive linebacker, receiving the prizes given by the City Drug Store and the Bumpass Steam Laundry. By catching the only kickoff the Westerners received, Elmer Calhoun gets the season pass to the Up-Town Dance Palace and the prize offered by Barry Brothers. Joe Bailey Powers recovered the first fumble of the game to earn the prize offered by the Family Service Laundry. Moody Smith gets the prize offered by the Sheppard-Smith Drug Co. for passing the first completed pass.

Orders for these prizes will be given out from the Avalanche-Journal offices.

WELCH'S TRICK KNEE MAY SPELL FINISH TO TEXAS FLASH ON GRIDIRON THIS YEAR

FORMER SHERMAN HIGH YOUTH HANDICAPPED BY INJURY

By BOB MATHERNE
NEA Service Sports Writer

It was a bum leg that gave Ralph (Pest) Welch, Purdue sophomore, a chance to achieve national football fame in 1927 and, strange to say, it is another bum leg although quite a different one that may prevent the same young man from adding further fame this fall.

Just a few days before the Purdue-Harvard game last fall, "Colon" Wilcox, Purdue captain and star halfback, chipped a bone in his ankle. The Boilermakers had hopes of trimming the Crimson up to the time of Wilcox's injury, but those hopes sank. Welch, an unknown, was to take Wilcox's place and that didn't mean much.

But Welch rose to the occasion and it took only his first thrust for a gain of 15 yards through the Harvard defense to convince Purdue supporters that he could take care of the job satisfactorily. And to make a long story short, he did. He proved the big noise in that 19-0 victory, scoring two touchdowns himself and heaving a pass for 40 yards for the third marker, and overnight became nationally known.

He was no Flash. He continued to play regularly and starred in practically every game. And he showed such improvement in every phase of the game a good halfback should be proud in that he was marked as one of the boys who would be after all-America honors in 1928.

Now his own knee is on the bum. Regardless of what has been said about that leg injury already, it seems that Welch has a knee which may behave properly the entire season—or it may click wrongly in an early game and force him to the sidelines.

This right knee upon which a lot of Purdue hopes for success are raised was injured during spring practice. After being in a cast for six weeks, Welch thought it would be okay but he strained it again during the summer and back in the past it went into football practice started in September.

It seems in good shape now and Welch is going along hoping for the best and trying not to think of what might happen if that leg went on the blink.

Welch, a fast, strapping youngster of 190 pounds, would rather play football than eat and he says he is going to be in there all the year. To do so, think the leg will worry him and he isn't going to take any risky chances.

Welch, providing his leg doesn't worry him, should be one of the outstanding backs of the year. He does everything well. He flips passes beautifully, he runs with plenty of power, and he kicks nicely. He should do most of the ball carrying for Purdue this year. Of course he will be a marked man, but good men have been marked before and gained yardage and Welch is a good man.

Led Four Prep Teams

The Purdue ace is a native of Texas having entered Purdue after a sensational athletic career in prep school. The captain of all four summer sports, basketball, baseball, basketball and a Sherman, Texas high school.

Personally, he is a man's man. He doesn't go for the "social" life. He likes to pal around with men. He likes to entertain the crowd, and likes to "kid" his friends. On the basketball field, however, he is all business.

You can bet that Welch will be a real pest to Purdue opponents this year. As Coach Spears of the Big Ten this year.

Tornadoes To Meet Brownfield Eleven

LAMESA, Oct. 11 (Special)—The Brownfield football squad will play the Lamesa Tornadoes here Friday afternoon. According to reports the Brownfield squad will give the locals stiff competition for the game. The Tornadoes defeated the hard fighting Wilson team here last Friday by a score of three to nothing. The game here Friday is an interscholastic tilt and will count in the percentages for district championship.

TIGERS ALWAYS GIVE LUBBOCK STIFF CONTEST

COACHES BELIEVE TILT WILL BE GOOD TEST FOR LOCAL TEAM

When the high school Westerners leave here tomorrow for their third class B engagement, the Gold and Black crew will be up against a team which has never lost a football game on its home field. The Slaton Tigers have always been their own against Lubbock high school teams and reports from the Tiger camp indicate that the 1928 team is equally as formidable as the Tiger elevens of the past.

Although the Westerners trounced the Quanah Indians by a large score, the high school coaches are far from pleased with the showing their charges have made up to date. The teamplay as a whole has been disappointing. The gridsters have showed a lack of knowledge of the plays on hand and have fumbled the oval with alarming frequency.

Win or lose, the Slaton tilt will serve as a needed tuning up affair for the hard class A games facing the locals. The Tigers are primed for the Westerner invasion and are expected to give the Franka-Morgan protiges a stiff battle.

The squad has been drilled incessantly this week on their offensive play and has showed a marked improvement over last week's form. Their backs are hitting harder and the interference is far superior to the brand of blocking that has been exhibited by the men heretofore.

CRITICS STUDY BEST PLAYER

HOYT AND MANUSH ARE AMERICAN FAVORITES; RUTH INELIGIBLE

(By Associated Press)

NEW YORK, Oct. 11—Injuries are out in the cases of the most valuable players in the American and National leagues and verdicts soon will be returned.

A writer in each city represented in the two major leagues has mailed a rating of the most valuable players as he sees them to league headquarters and the one named as the head man will get \$1,000 and have his name placed on the honor roll.

Many suggestions have been made of players in the two leagues worthy of the honor but three in each league seem to be leading in advance calculations. Waite Hoyt's pitching was a big factor in the winning of the Yankees' third successive pennant, and while pitchers are in the minority in the official hall of fame, one in each league has been honored. Walter Johnson in the American and Dazy Vance in the National. Babe Ruth and Lou Gehrig are ineligible since they have won it and the American league rules do not permit entrance. Another favored candidate is Harry Manush of the St. Louis Browns.

In the National, Freddy Lindstrom of the Giants, Jim Bottomley of the Cardinals and Hughie Critz of the Reds, all infielders, have figured in pre-choice discussion.

GEORGIA-YALE TILT FEATURES EAST PROGRAM

DOPE TURNS IN FAVOR OF SOUTHERN TEAM AS DATE NEARS

By HUGH S. FULLERTON, Jr.
Associated Press Sports Writer

NEW YORK, Oct. 11.—Chances for a second successive triumph of the Georgia Bulldog over the Yale Bulldogs team to be increasing. A year ago Georgia defeated Yale of a possible championship honor with a 14-0 defeat. Next Saturday their meeting may bring about the same result.

The Bulldogs probably will go into the Georgia game suffering from an acute shortage of first string players. Their team will be made up of reserves or if the regulars get in, of men who have not had enough hard work to prepare them for a big game.

While the attention of the eastern fans is directed at the mid-season atmosphere of the game as the Yale-Georgia and Pitt-West Virginia encounters, most of the leading eastern colleges will be going along the smooth road of early season games with little to fear from Saturday opponents. Princeton meets Virginia which took a severe drubbing from South Carolina last week.

Army Gets Rest

Army gets a rest after its terrific struggle with Southern Methodist in a game with Providence college. Dartmouth encounters Albany, a small college that sometimes causes a lot of trouble. Cornell will entertain as to its lineup has a weak opponent in Hampden-Sydney.

Other games that seem more likely to produce big scores than upset are the Penna-Vanna-Syracuse, Schuylkill-Western, Colgate-Virginia Poly, Carnegie Tech-Thiel and W. and J. Duquesne encounters.

The Navy football men are not quite sure that they lost to Boston college last week. Moving pictures of the game, viewed for the first time yesterday show Castree, Navy back going over the goal line in the third period before being thrown back but Referee Crowell did not see it that way and his decision stands.

YANKEES BECOME HOME TOWN TEAM AS NEW YORK FANS PAY ADULATION TO BASEBALL CHAMPIONS OF WORLD

(By Associated Press)

NEW YORK, Oct. 11.—Babe Ruth and the world's champion Yankees are home again, bringing with them their unequalled string of records made in their second successive world's series triumph and the adulation of thousands of baseball fans, young and old.

After a journey from St. Louis that was a long series of hero worshipping crowds trying to catch a glimpse of the champions and the champion of champions—the Babe—the athletes arrived in New York at 9 o'clock last night to be met with a demonstration that outshone all the rest. A crowd of about 2,000 cheering fans was on hand when the special train reached the Grand Central terminal and the players had to fight their way through the mob to the Hotel Biltmore where Governor Smith was waiting to add his greetings.

Ruth's barnstorming tour, in which his home run partner, Lou Gehrig, will take part, starts tomorrow in Brooklyn and will take them as far west as Omaha.

Other members of the team to go back to their winter occupations within a short time. Bob Meusel and John Grabowski left the team before it reached New York, Meusel going from St. Louis to California and Grabowski dropping off the train at Schenectady where he works during the winter.

Herb Pennock, George Pipgras and Earl Combs are leading the back to the soil movement in Pennsylvania, Minnesota and Kentucky, while Benny Bengough departs in a few days to join a group of other big leaguers on a hunting trip in Canada. Miller Huggins and Henry Johnson expect to start for the south for a winter of golf and Waite Hoyt goes only as far as Brooklyn where he will await the results of the examination he took recently to become a qualified mortician in New York.

MONTREAL—Al Foreman, Chicago, knocked out George Chabot, Montreal, (4).

JUNIOR HIGH PLAYS TODAY

MEET SLATON JUNIORS IN BATTLE SLATED FOR 4 O'CLOCK

A football game of particular interest to Lubbock fans will be a battle between the Slaton Juniors and the Lubbock Juniors at 4 o'clock today. The game will be played at the Slaton high school and is expected to be a hard fought one. The Slaton Juniors are expected to have a very active part in the game.

The game is expected to be a hard fought one. The Slaton Juniors are expected to have a very active part in the game.

among GRID LEADERS

BY NEA Service

HANOVER, N. H., Oct. 11.—Arnold Horween of Harvard says that Richard "Blinker" Black, Dartmouth captain and fullback, holds the key to Dartmouth's gridiron success this fall. That is, on his physical ability to play the game he can play does a great deal of Dartmouth's strength depend.

Dartmouth officials assure you Black's knee, injured in the Allegheny game last fall, was operated on in February, and seems in perfect condition. Therefore, you can look for Black to perform sensationally this fall—and Dartmouth to be strong!

Black attended the same prep school and played on the same prep team with Hibbs of Southern California, Schutte of Wisconsin and Bell of Ohio State, all great football players, and he ranks in ability with them. He weighs 175 pounds, but makes use of every L. Jess Hawley pound in every charge. He is 23 years old and is a senior.

Jess Hawley, whose team at Dartmouth in 1925 was one of the outstanding elevens of the country, is coaching Dartmouth again although he came near giving up the job this fall to devote his time to business. He was a star athlete at Dartmouth in his undergraduate days.

He became head coach in 1923, and his teams since then have been powerful each year, with the exception of 1926 when poor material hampered his work. The Hanover team lost only one game last fall, to Yale, and should not lose many, if any, games this fall.

Hawley has developed the forward pass down to a science and developed in Oberlander to Sage or Tully.

CAGERS CALLED BY TECH COACH

FIRST SESSION WILL BE STAGED AT GYM ON THURSDAY NIGHT

Coach Victor Payne will meet the candidates for the 1928-29 Matador basketball team in the college gymnasium at 7:30 tonight to make arrangements for the beginning of the practice season.

Basketball aspirants who are not having football will start training within the next few days with two or three practice sessions per week.

With the return of a number of veterans of the court, the outlook for a winning basketball team is unusually bright this year. Two basketball stars from last year's team are members of the football team and will not start basketball practice until the grid season is over.

NEW YORK—Kid Chocolate, Cuba, outplayed Edna O'Dowd, Columbus, O. (18).

AGGIES FACE TOUGH SCRAP

GENTLEMEN MADE FINE SHOWING IN LAST YEAR'S SEASON

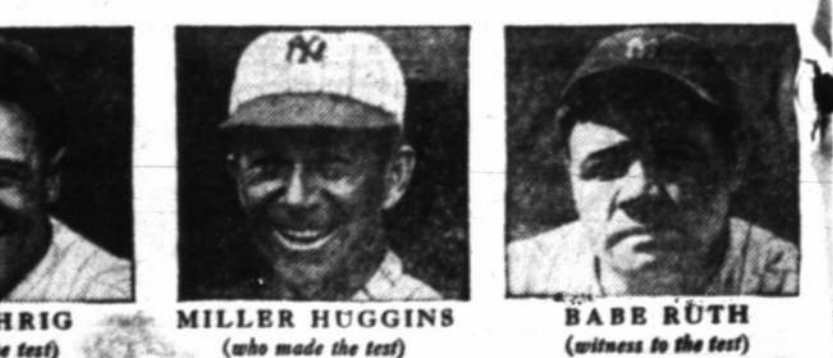

COLLEGE STATION, Oct. 11 (Special)—One of the largest crowds ever to see a non-conference game on Kyle field is expected to be on hand Saturday when Coach Dana Bunn's Texas Aggies, Southwest conference champion last fall, meet the Centenary Gentlemen, gridsters of Coach Homer Norton, who led the S. I. A. A. last season with a record marked by neither defeat nor a tie in what will probably be one of the most colorful games of the year.

Word has been received from the Louisiana college that two special trains arriving at noon Saturday, will bring Centenary fans to College Station for the game. In addition to the large number who will come by train several hundred will make the trip by automobile, it was said.

Thought For Today

And every man that striveth for the mastery will temperate in all things.—I Cor. 9:25

Great men should drink with harness on their throats.—Shakespeare

Natural Religion

Ed Howe, the well-loved Kansas editor, remarks in his autobiography that he believes he has a "natural religion."

Probably a good many of us are in Mr. Howe's class. Living in a world in which the requirements of bread and butter compel us to devote most of our time to the job of making a living, we fall out of touch with spiritual values.

These chance cave-droppings are important. It would be a mistake to assume that a man can worship only when he has donned his best suit of clothes composed his mind and seated himself in a pew.

When you walk down a city sidewalk, surrounded by a crowd that jostle you, you are in reality moving through a thousand separate human dramas, each one of which would move you to your heart if you could see it clearly.

People are infinitely sadder and better than we usually think. There is a divinity in human nature that shines forth on our sneers and doubts whenever we get a glimpse of it.

"Naughty Marietta," the first road attraction of the year for Lubbock, has come and gone. It was fairly well patronized but did not draw the crowds that it should—something for which Lubbock should be extremely sorry.

Manager C. C. Lindsey of the Lindsey Theatre Enterprises is doing something for the city when he books attractions of the type and class of "Naughty Marietta." Clean, entertaining, full of good music and features, "Naughty Marietta" is by far the best attraction of its kind that Lubbock has ever seen.

Sermons

Why do people go to sleep in churches? The problem probably is as old as Christianity itself. It is as old as Christianity itself. It is as old as Christianity itself.

Leopold and Loeb will be eligible for parole in six years. Isn't there some way to shorten that period? kept alert and responsive while in church. Otherwise some of the pastor's gems of wisdom are apt to go unheard.

THE PLAINSMAN

That Girl on Broadway says women who have nothing to wear and wear it are always in the height of fashion.

In fourteen hundred ninety-two A Dago, from Italy. Was roaming through the streets of Spain and sleeping in the alley.

Well, well, well. Tomorrow is Columbus Day and some folks who don't know any more about it than you and I.

It's good to note at this particular time, however, that the banks and stock exchanges are closing in honor of Mr. Columbus.

But the point in this particular dissertation is that no matter who climbs to glory in the opinion of the people, there are always a few experts who give a liberal portion of their time in trying to prove that the credit should go to somebody else.

Now the afore-mentioned Mr. Columbus is no special friend of the Plainsman. It makes little difference to this writer who it was that first landed on this hemisphere from the Old World to the eastward.

It is getting serious—this organized effort which we have to take everybody's credit away and give it to someone else.

All efforts of H. L. Mencken, Sinclair Lewis, Rupert Hughes and the balance of the self-appointed "intellectuals" not to the contrary, the Plainsman is continuing to believe that Washington, Lincoln and Wilson were great and noble characters.

So tomorrow give a silent cheer for Columbus, who for weeks and weeks and months and months he has been a credit to anybody else and according to the histories a darn sight more.

That Man on Avenue Q says regardless of public opinion the well-dressed man will never be as conspicuous as the half-dressed woman.

"Naughty Marietta," the first road attraction of the year for Lubbock, has come and gone. It was fairly well patronized but did not draw the crowds that it should—something for which Lubbock should be extremely sorry.

Manager C. C. Lindsey of the Lindsey Theatre Enterprises is doing something for the city when he books attractions of the type and class of "Naughty Marietta." Clean, entertaining, full of good music and features, "Naughty Marietta" is by far the best attraction of its kind that Lubbock has ever seen.

Why do people go to sleep in churches? The problem probably is as old as Christianity itself. It is as old as Christianity itself.

Leopold and Loeb will be eligible for parole in six years. Isn't there some way to shorten that period? kept alert and responsive while in church. Otherwise some of the pastor's gems of wisdom are apt to go unheard.

Department Of Commerce Offers Aid To Retailers Beset By Competition Of Chain Store Rivals, Dutcher Finds

Letters To The Editor

BY RODNEY DUTCHER, NEA Service Writer

WASHINGTON, Oct. 11.—The Department of Commerce is trying to throw out a life line to a million or more small retailers who are more or less menaced by expansion of the chain store system.

Dr. Julius Klein, director of Foreign and Domestic Commerce, in fact, these character are the most important factors in maintaining American business.

The independent merchant, according to Klein, will hold his place in proportion to his efficiency and frequently to the community. The same goes in effect for the middle man.

The vast majority of independent business men with native ability with a willingness to work to utilize new methods, and to take advantage of new conditions, and with a reasonable amount of new capital, have as great opportunities for success today as ever before.

Curtailment of unnecessary costs is the answer to some of the small merchant's gravest problems.

There are, one learns, more than 750,000 retailers each with sales less than \$25,000 a year, and almost 150,000 manufacturers with yearly production below \$100,000.

Specific instances are cited by Klein in a pamphlet to show present wasteful practices of wholesalers.

Similar instances are cited for the retailers. Some retail items cost three times as much to sell as others, resulting in a net loss on every sale.

Local business men know that present business conditions in Lubbock are better than they have been for a long time.

The map indicates only fair conditions over the greater part of the state of Texas while some of the larger cities are shown in the "quiet" section.

Local business men know that present business conditions in Lubbock are better than they have been for a long time.

Local business men know that present business conditions in Lubbock are better than they have been for a long time.

In New York

NEW YORK, Oct. 11.—It's easy to stumble across little dramas of the "laugh clown laugh" variety if you keep your eyes and your ears open on Broadway.

Take, for instance, a certain actor in a play called "So This Is Love."

Very well; about a month ago his actor's wife died of cancer.

After the shows now you'll see him sitting in one of the actor's seats, looking in his handkerchiefs or receiving the cherishing consolation of his friends.

A few months ago the dog died. And the other day, in Baltimore, "Dixie" Taylor ended his life.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

And the other day, in Baltimore, "Dixie" Taylor ended his life. Some said that with his dog set through the train no longer could he be burdened to his friends.

ROAD TOOLS TO BE PURCHASED

BOARD OF CONTROL TO PURCHASE BIG LOT OF EQUIPMENT

AUSTIN, Oct. 11 (AP)—By two to one vote, the state board of control decided yesterday to instruct Roy I. Tennant, purchasing agent member, to buy for the state highway department about \$185,700 worth of equipment, as requested in a letter Tuesday from the department, but eliminating the names of firms to be dealt with, trade name of machinery, and prices, leaving these to Tennant's discretion on a low bid and quality basis.

Commenting on the recent attorney general's ruling that the control board has the final word in buying state supplies, Chairman R. B. Walthall, who voted with Tennant on his (Walthall's) motion, said "I believe it is our duty and should be our pleasure to follow always the ruling of the attorney general in so far as the law governing this department is concerned."

Dr. H. H. Harrington, third member of the board, lost a motion to buy the requested equipment with only the elimination of the firm names.

SUPREME COURT ASKED TO RULE LEGALITY OF DISTRICTS

(By Associated Press)

AUSTIN, Oct. 11.—The question of validity of water control and improvement districts, organized under act of the 39th legislature, was taken under review by the state supreme court today.

The court granted an application for writ of error in the suit of I. C. Sutton and others against the San Saba water control and improvement district, which lower courts have held void in rulings that the manner of organization is offensive to the due process clauses of the state and federal constitutions, in failing to give adequate hearing to owners of property proposed to be included in the districts.

Right to bring mandamus proceedings against Attorney General Claude Pollock to force him to approve \$6,500,000 in district bonds also was granted the Tarrant county water control and improvement district, which intervened in the San Saba case. The Tarrant county water district contended that even if the law is void, a district organized under prior laws still can be legally converted into a water control district.

The San Saba case affects either directly or indirectly several other districts, probably 10 or 12, as well as the Tarrant district.

It is expected to be several weeks before the supreme court rules finally in the case.

RITCHIE RAPS INTOLERANCE

OPENS DEMO CAMPAIGN IN ILLINOIS WITH CHICAGO SPEECH

(By Associated Press)

CHICAGO, Oct. 11.—Striking hard at what he termed "religious intolerance," Governor Albert C. Ritchie of Maryland fired the first of the big democratic guns in Illinois last night.

Governor Ritchie devoted three-fourths of his address to religion. Prohibition was the only other issue he discussed.

"We hear a lot in this campaign about the church getting into politics, and about 'political bishops' and 'political parsons'," he declared.

CIRCUS COMING TOMORROW

Miss Jessie Ward, clever girl gymnast, is one of the most important women performers with the Hagenbeck-Wallace Circus, which comes to Lubbock for afternoon and night shows tomorrow. While Mrs. Congo, who is also with the big show takes her motherly duties very seriously.

Miss Ward is the little girl that ascends into the top of the tent and turns from 180 to 200 complete revolutions in the air, in addition to performing starting and dangerous feats on the Roman rings. She has been a gymnast for the past 10 years and is a product of the Edward Ward school of aerialists at Bloomington, Ill. She is without an equal in her chosen and very limited field.

The Hagenbeck-Wallace Circus is brimful of novelties and new features this season. One of the most outstanding presentations will be "The Geisha" a spectacle of Old Japan, which is exceeding beautiful and gorgeous to the extreme.

"I feel so profoundly that the leadership of the pupil belongs to a different realm from that of politics that I make bold to comment." "It is quite permissible, of course, that you should vote against Governor Smith because you do not agree with his political views or even because you do not like his brown derby, but to vote against him just because he is a Catholic is religious intolerance. It is the negation of liberty. It is a crime against political freedom and a crime against yourself."

LAMESA IS READY FOR VARDEMAN TO STAGE INSTITUTE

LAMESA, Oct. 11 (Special)—Lamesa is ready for Ben R. Vardeman, of Chicago, who will conduct a week's Commercial and Industrial Institute here the last week in October. The program as outlined is as follows: October 29th, cooperative church meeting at 3 o'clock Sunday afternoon, "Building the City Four-Square"; Monday noon, "Team Work in Meeting Today's Problems"; Monday evening, "The Master Salesman"; Tuesday noon, "Hiring, Firing, Inspiring"; Tuesday evening, "Romance in Merchandise"; Wednesday noon, "Taking Resistance Out of Selling"; Thursday evening, "Handling Various Types of Customers"; Friday noon, "Some Practical Plans for Extending Lamesa's Influence"; Friday evening, "Increasing Business Through the Use of Suggestion"; Three departments of the chamber of Commerce will have charge

Crosby Ranchman Gets More Cattle

CROSBYTON, Oct. 11 (Special)—Frank Corn of this place has received his third shipment of cattle consisting of 750 steers, from Holiday, Texas. Mr. Corn paid \$55 per head for these steers and has placed them on his Circle S ranch near here for pasture. This shipment makes a total of \$2,300 head which he has purchased from E. A. Brothers of Henrietta.

Corn recently shipped several thousand head of fat cattle to the corn belt of Illinois for further feeding before putting them on the market. He still has several thousand head on the pasture here and in adjoining counties.

J. B. Massengill Is Reported Improved

Condition of J. B. Massengill, of Littlefield, who is in a local hospital suffering from an infected leg as a result of an automobile accident near Amberst Sunday, was reported slightly improved this morning.

The fragments in the injured man's leg are badly torn. He was brought to the Lubbock Sanitarium here yesterday.

"I am so happy that the last pimple is gone—"

WITHOUT this handicap, there returns the very natural confidence, joy and cherished pride of possessing a clear skin.

Men and women both justly covet admiration, and you can expect such satisfaction only if you are happy in a clear, unblemished skin.

The sure way to reach this state is through the blood.

Red blood cells are Nature's elements for building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear.

Thousands have regained

—with—
BETTY BALFOUR

Adapted by Wheeler Dryden from the famous stage play "A Little Bit of Flirt" by Walter W. Pitts. British International Pictures, Ltd. Directed by Rex Rabbitt. Released by Wheeler Dryden.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croceote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croceote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croceote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the croceote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble, and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

worked for half an hour and saved \$35.00

An old table—a dollar's worth of Devco Lacquer.

And presto! In half an hour you have a living room table you would have paid at least \$35 for!

You'll like Devco Lacquer because it's easier to put on—because it dries hard in half an hour—and because it comes in more beautiful colors than any other lacquer made.

Come in and let us give you a free color card.

Ladies' Slippers of Distinction That Embody Entirely New Style Ideas

Here is an array of fresh footwear that will delight you—a showing that we are proud to present for it includes the materials and shapes that are so much talked about when correct dressers discuss footwear fashions. More than this, we are prepared to fit the narrowest feet for the sizing includes widths from AAA to D.

Black and Brown Velvet Pumps

A new material for footwear—velvet to match the vogue in dresses.

Brown Velvet pump in high dress heel with Brown Crepe satin vamp—very new—very necessary for a brown costume... **\$8.50**

Black Velvet—entirely of this rich material—with Black Satin and silver kid bow—very effective. Priced **\$8.50**

Brown Kid

All Brown kid pump with brown kid bow, trimmed in tan silk kid—topas beads worked into the effect—just a match for this popular shade in materials. Priced **\$10.00**

(Exactly as illustrated)

Blue Kid Combination

Blue kid strap style with saddle of Blue Suede—an especially smart new idea that features the vogue of blue—made with low heel. Priced **\$10.00**

(Exactly as illustrated)

All blue kid long vamp tie—a style that has so much smartness and real beauty that you cannot resist it—in low heel style. Priced **\$11.00**

Matrix Straps And Ties

Brown kid cut in the effect with brown cluster trimmings—in the famous Matrix construction—a fine dressy style that does not sacrifice comfort in the designing. Priced **\$12.50**

(Exactly as illustrated)

The same style as above in black kid with black suede trimmings for those who would complete a black costume—in a long vamp style and with low heel is priced **\$11.00**

Plain Black Satin one strap—think of it a real dress slipper in all details but with the added degree of comfort that the Matrix construction guarantees. With dress heel and in width as narrow as AAA. Priced **\$11.00**

Brown Tie

An Echo Creation—especially smart and worth while from both the viewpoint of style and fit. A brown kid with brown lizard trimming and a high dress heel—a slipper for the most exclusive gown. Priced **\$14.50**

(Exactly as illustrated)

Blue Kid Tie

All Blue Kid cut out tie effect—a fine sport or street style that is made with low box heel—a short vamp style that is flattering to the foot—a very clever adaptation of the vogue of blue and priced **\$8.50**

(Exactly as illustrated)

EMPHIRE FITTING IS A REQUIREMENT OF EVERY TRANSACTION.

CHILDREN'S SHOES HERE ARE BUILT FOR STYLE AND SERVICE.

Hood Saved From Wheelbarrow Trip

SAN ANTONIO, Oct. 11 (AP)—By a margin of forty-eight Texas Legislators, Walton D. Hood, of San Antonio, commander of the American Legion, does not have to push the national commander across this city in a wheelbarrow during the convention now being held here. Hood said in Paris last year that his state did not attain a total Legion membership of 30,000 by October 8 he would assume that arduous task. In his report today he gave the number of Texas members as 30,048.

CLOW GASTEAM

There is no finer heat for Texas than Clow Gasteam Radiators. Steam heat—gas fuel—quick—silent—efficient—economical. THE GASTEAM HEATING COMPANY. Amarillo Branch, D. D. Lacy, Manager, 225 Amarillo Building, Amarillo, Texas.

HOOVER PLEASSED WITH OUTLOOK IN PRESENT CAMPAIGN

By JAMES L. WEST (Associated Press Staff Writer) WASHINGTON, Oct. 11 (AP)—While Herbert Hoover engages in no political prophecies he has informed his friends he is satisfied not only with the general outlook over the country, but also with the manner in which the major strategy of his own campaign is working out. This strategy has been to confine his addresses to a discussion of the issues and his own philosophy of government and to keep clear of personalities and controversies. Not once since the campaign opened has Hoover mentioned in an address or public statement the name of the democratic opponent and only upon very rare occasions has he referred to the democratic party or the opposition. Hoover now plans to make only four speeches before election day and his friends assert that his plans will not be changed. His next two platform efforts will be on eastern ground where the fight between the two parties wages the hottest; his third will be in the middle west, where each side has concentrated in its effort to win votes, while the last will be from the quiet of his study in his California home.

Romance Creeps In Legion Activities

SAN ANTONIO, Oct. 11 (AP)—Romance was not to be denied last night in the round of dinners, entertainments and revelry that marked activities of delegates to the convention of the American Legion. Unwilling to continue longer their single existence, Jack Morris, of Chicago, Chemist National of the 40 and 8 in Illinois, was married to Miss Peggy Cole, Chicago short story writer. Colonel William Mitchell, former head of the air service; General John J. Pershing and L. Seale, French attaché at Washington, witnessed the ceremony, which was

Divorce Sought By Frances Goodrich

NEW YORK, Oct. 11 (AP)—Frances Goodrich, actress, has started divorce proceedings against Henry Willem Van Loon, the writer, naming as correspondent his second wife, Helen Criswell, with whom she charges he is living in Holland. Miss Goodrich obtained a supreme court order permitting service of papers in the action by publication and by mailing a copy to Van Loon at Walcheren, Veere, Holland. She asks temporary alimony and counsel fees. Van Loon and Miss Goodrich were married last October at Elisabeth, N. J., and maintained separate establishments here for some time thereafter. They explained this was due to professional reasons only and not a form of companionate marriage. Reports that the author and his second wife were reunited and were living in the Dutch fishing village were received by Miss Goodrich some time ago. She called her husband asking about them.

Prizes Awarded To Groups In Legion

SAN ANTONIO, Oct. 11 (AP)—More than fifty different awards were given to state departments, posts and individuals at the American Legion convention here today. Forty-one state departments whose membership has grown during the year received honor plates. The greatest increase was shown by Texas where the membership is 100,38 of last year. Michigan was the last of the states to squeeze under the hundred per cent or better mark with a percentage of 100.34. Twenty-five posts received awards for increasing their membership to 400 per cent of last year's figure. Texas' big increase in membership also won her the Hanford MacNider cup. Texas also won the John G. Emery trophy for the biggest membership over her average for the last four years. The trophy was followed by a dinner given by Col. Mitchell. The romance, Morris said, began some time ago in Chicago.

SMITH VISITS SOLID SOUTH

By D. HAROLD OLIVER (Associated Press Staff Writer) GOVERNOR SMITH'S TRIP ENROUTE TO NORTH CAROLINA, Oct. 11 (AP)—His second campaign tour under way, Governor Smith today entered the ancient bulwarks of southern democracy to show the citizenry there the almost unprecedented sight of a democratic candidate in the thick the thick of a presidential fight. Three days and two nights of riding the rails faced the democratic nominee before reaching Louisville, Ky., where he will make the first of three formal campaign addresses on his 6,000 mile western trip, and feeling fit as a fiddle, the New York executive was primed for the journey. His route today lay across Virginia and North Carolina, with the first stop of any length scheduled for Richmond. He had planned to detrain there for a motor procession to the state capitol with Governor Byrd. Wearing his third campaign brown derby, having given away two on his 6,000 mile western trip, and feeling fit as a fiddle, the New York executive was primed for the journey. His route today lay across Virginia and North Carolina, with the first stop of any length scheduled for Richmond. He had planned to detrain there for a motor procession to the state capitol with Governor Byrd.

Chinese Celebrate Empire Overthrow

SHANGHAI, China, Oct. 11 (AP)—Nationalist China is in the midst of a three day celebration of the 17th anniversary of the overthrow of the empire. Observances began yesterday, were at their height to-

HOOVER LACKS COURAGE SAYS CARTER GLASS

SENATOR SAYS NOMINEE LACKS BRAVERY OF CONVICTIONS

(By Associated Press) WASHINGTON, Oct. 11 (AP)—Senator Carter Glass of Virginia in a radio address here last night said that he believed Herbert Hoover, republican nominee, was a gentleman, an honest man, but added "I cannot believe he is a brave man." "It is because I think he has honest convictions," Senator Glass declared, "that I know he has not the courage of them; because no honest man with the courage of his convictions could have touched elbows with the treasonable crowds in Washington and silently acquiesced in the frightful maladministration with which they literally shocked the world." The Virginia senator sharply criticized the republican nominee for the statement that "the record of these seven and a half years constitute a period of rare courage in leadership and constructive action." Glass asserted that credit for the feeding of the starving women and children of Europe should go to Woodrow Wilson. "It is even questionable if Mr. Hoover could have been nominated without the support of the patronage auctioneers in the South, who buy delegates, black and white, just as they sell federal offices to the highest bidders. How utterly detestable it is in these circumstances to have self-assertive moralists in Virginia and other states berate Smith as a Tammany candidate."

Davis To Feature Talks Over Radio

NEW YORK, Oct. 11 (AP)—Political speakers on the radio tonight include: Democratic: John W. Davis, democratic candidate for president in 1934, at 8 p. m., over WJZ and a network of 32 stations. John J. Fitzgerald, former representative, at 10 p. m., over WSOH. Republican: Andrew W. Mellon, secretary of the treasury, from Washington at 9 p. m., over WEAF and a network of 39 stations. Miss Sarah Schuyler Butler, at 8 p. m., over WPSH. Time given is eastern standard.

Oil Production Slightly Raised

NEW YORK, Oct. 11 (AP)—The world's oil production in 1934 will show an increase of only 29,525,000 barrels, or about 2.3 per cent over 1933, Valentin R. Garrias said today, in making public his annual survey of world petroleum production.

MAE MURRAY MAY BE ARRAIGNED ON PERJURY CHARGES

LOS ANGELES, Oct. 11 (AP)—A grand jury investigation of the testimony of Mae Murray, screen and vaudeville actress, in her recent suit in which she obtained a \$32,000 judgment against Jack Donovan, Hollywood architect, has been ordered by the district attorney's office. The announcement last night said the investigation would begin Monday to determine if Miss Murray had committed perjury. Miss Murray's suit against Donovan was the outgrowth of the sale of a house by the architect to the actress. In the suit, Miss Murray charged Donovan had told her the house was furnished with rare antique but that in reality she found they were cheap imitations. Donovan said yesterday that Miss Murray had testified falsely in saying she did not sign certain inventories which later were introduced by the architect's attorneys to oppose her claims.

Robinson Promises Prosperity To All

EN ROUTE WITH SENATOR ROBINSON TO RENO, Nev., Oct. 11 (AP)—Promised prosperity for everybody under a democratic administration was the message brought by Senator Joseph T. Robinson as he came into Nevada today on his Western campaign tour. It was the same thought as emphasized in San Francisco last night where he included mining—a leading industry in Nevada—among the industrial divisions he contended are suffering under republican policies. The trip of the democratic vice-presidential nominee into Nevada was a brief digression from the West Coast, all of whose three states are to hear the senator before he heads back East through Utah, Wyoming, Nebraska, the Dakotas, Iowa, Minnesota and Illinois. After his speech at Reno tonight he will go to Seattle and Portland. A search is being made here for Gilbert Bryant, 13, of Walters, Okla. The youth has been missing from his home for some time and has been traced as far as Matador. The Boy Scout headquarters here have been advised of the youth's description and asked to watch for him. He is described as having brown hair, prominent teeth, and as being about five feet tall, and weighing about 95 or 100 pounds.

Search Opens For Missing Submarine

GAME WARDEN WARNS EARLY HUNTERS HERE

HEAVY FINES WILL BE APPLIED TO THOSE BREAKING LAWS

M. W. Dickinson, deputy game warden of this district, issued a warning this morning to all sportsmen in this section concerning the unlawful hunting of quail and other game out of season. Mr. Dickinson pointed out that the game is unusually tame at this time of year and hunters who are caught violating the game laws will be heavily fined. "I appreciate the co-operation I have received from the citizens of this section in protecting the wild game and hope that the hunters will continue to help me preserve the supply," the game official said. "By so doing they will be protecting the farmers as well as the hunters who are planning on a big season. We are working now to bring some 1,500 or 2,000 Bob Whites to this section. The majority of these will be left in Lubbock county and must be protected until the season opens. Antelopes are also getting unusually tame," Mr. Dickinson said. "In fact one may easily approach

There are two famous Moores, chirped Patrick McComm. "And one o' thim's Dinty and Dinty's one's Tom. 'Of Dinty's the King o' Cornbeef, sin' ye, folks!" "And Tom Moore, be-gosh, is King o' the Smokes!" TOM MOORE CIGARS

Wacoan Gets Prize For Banner Cotton

DALLAS, Oct. 11 (AP)—First prize of \$500 for the best single stalk of cotton shown at the State Fair of Texas was won by P. E. Woodward of Waco in the Sears-Roebuck Agricultural Foundation and the National Fertilizer Association contest. It was announced today. W. C. Avery, Abilene, won 20th prize.

Just think what a wonderful cheer leader Mabel Walker Wilbrandt would have made!

We Do Something for Our Customers Besides Sell Them TIRES

If you should happen to get into difficulty anywhere within a radius of three miles of our shop, don't hesitate to call on us.
