World Weighs Hint of Peace In Red's Talk

UNITED NATIONS, N.Y., June 25. (AP) — United Nations radio transmitters today beamed to Communist China and North Korea an urgent appeal by UN. Secretary General Tryve Lie for Korean cease - fire negotiations based on a Russian proposal for a 38th parallel truce.

Top-ranking UN officials acted swiftly after Soviet delegate Jacob A. Malik proposed discussion among the "belligerents" for a cease-fire, armistice and "mutual withdrawal" from the parallel dividing North and South Korea. But diplomats at the UN and Western Foreign Ministries displayed wariness.

Malik's proposal came on the eve of the Korean War's first anniversary. Lie quickly issued a statement urging immediate negotiations for a cease-fire to be followed by United Nations discussion of the political issues involved.

DIRECT APPROACH

The president of the UN assembly, Nasrollah Entezam of Iran, planned to ask Malik at once to expand on his proposal — the only UN delegate to indicate so far a direct approach to the Soriet representative. Entezam is head of the UN good offices committe which has been trying without succes since February to get an answer from Red China.

Peoping Radio broadcast Malik's peace proposal in the Korean language this morning without comment. The broadcast was monitored by a South Korean News Agency.

Malik's proposal, the first from the Communist sode which did not impose truce conditions favorable to the Chinese Communists, made headlines throughout the world.

HOPE HELD OUT

Western leaders said they honed the proposal was genuine. Moscow's two official newspapers printed the Malik text without comment, but thus emphasized it's Kremlin origin.

In Washington, the United States planned talks with its UN allies to discuss a common front. It indicated that unless Red China approved the Malik proposal, the move doesn't count for much.

In Hong Kong, Far East observers who watch the China scene from the island said they felt certain Malik could speak for Peiping in suggesting a cease-fire. Some Chinese there expresed belief the Soviet delegate was making prpaganda, but the majority said it loked like the beginning of efforts by peiping to pull it self out of the Korean morass.

NATIONALIST WARNING

The Chinese Nationalist premier, Chen Cheng, on Formosa warned in a war anniversary statement against compromise in Korea or indirect recognition of what he called the enemy's ill-gotten gains. India announced she would support any cease-fire move.

While the United States waited word from President Truman for new clues to the West's attitude, the United States State Department gave evidence of open skepticism about the sincerity of Malik's proposal, made in a "price of peace" broadcast from the United Nations Saturday.

Lie, who has been calling for some settlement since United Nations forces staved off the last Chinese offensive and stabilized their front near the parallel early in June, acted as soon as he studied the Malik text.

MALIK RECORDS KOREAN PROPOSALS

Jacob Malik, Soviet deputy foreign minister, is overshadowed by a huge portrait of Josef Stalin in New York as he makes a recording, broadcast later of proposal for a cease-fire in Korea. Recording was 13th in "Prices of Peace" series by United Nations delegates. Malik proposed a conference between both sides in the Korean War to arrange a cease-fire and an armistice providing that both sides withdraw from the 38th Parallel.

Truman Repeats Terms For Settlement in Korea

Red Air and Ground Resistance Grows

By OLEN CLEMENTS

TOKYO, June 25. (AP)—The world talked of peace, but the Korean War roared into its second year today.

Chinese and North Korean Reds were more aggressive all along the 100-mile battlefront.

Communist jets streaked out of their Manchurian sanctuary on another typical hit-and-run attack.

Allied warships continued to pour a hail of steel into East Coast ports in North Korea.

NO DAMPER

The cease-fire and armistice proposal by Russia's Jacob Malik had put no damper on the fighting.

Red ground forces showed more fight than usual. But by late afternoon there was still no sign of their expected anniversary offensive.

Allied officers, noting an ominous enemy buildup in the West, had predicted a limited Communist counterattack to celebrate the war' first birthday.

Thirty Rednosed MIG-15 jets darted back and forth across the Yalu River boundary of Manchuria Monday, jockeying for position to attack fifth United States Air Force F-86 Sabre jets.

REDS SCURRY BACK

One of the Russian-made planes was shot down in flames. The Reds broke off the 10-minute battle and scurried back to safety in Manchuria.

It was the eighth day in the last nine that jet battles have swirled high over North Korea. The Reds have lost 13 planes destroyed and 29 damaged.

The Allies have lost 11 planes in that period.

Allied and Communist infantry clashed in a fierce bayonet battle on the Western Front Monday.

Northwest of Yonchon U.N. patrols tried to drive the Reds off an important hill. The dug-in Reds refused to budge under blistering artillery and air attack.

REDS HOLD ON

The Doughboys then smashed through Red artillery, mortar, rifle and machinegun fire and fought the Communists hand-to-hand. Late in the afternoon the Reds still held most of the hill.

Northeast of Kumhwa on the central front, U.N. troops failed in repeated efforts to recapture a key mountain height. But they had the mountain surrounded and the Red supply line cut.

Doughboys captured the hill Sunday. The Reds, bitterly defending the approaches to Kumsong, their newest defense bastion, counterattacked four hours later. The Allies withdrew, but called down artillery and air strikes.

Red Chinese Endorse Malik Peace Feelers

SAN FRANCISCO, June 25 (AP)—The People's Daily, official Chinese Communist Party organ in Peiping, declared today "the Chinese people fully endorse" the Soviet suggestion for "the peaceful settlement of the Korean question."

The statement was contained in a long, belligerant editorial broadcast by the Peiping radio and heard in San Francisco by the Associated Press.

The editorial repeated all the familiar Red accusations of American aggression, charged that the Americans had suffered a decisive defeat but "still have not learned their lesson.

It asserted that the Chinese Communist regime as far back as last Aug. 20 had urged peace in Korea, and listed numerous occasions on which the Reds had sought a settlement. It neglected to say that the terms demanded on all those occasions included seating Red China in the United Nations, title to Formosa and withdrawal of U.N. forces from Korea.

Today's broadcast then declared: "On June 23, Soviet delegate to the United Nations, Jacob Malik, in a broadcast speech, once again put forward proposals for the peace ful settlement of the Korean question.

"The Chinese people fully endorse his proposal.

"This is another test for America, to see whether she accepts the lessons of the past and whether she is willing to settle the Korean question peacefuly."

Agression's End, Peace Are U. S. Aim

By ERNEST B. VACCARO

TULLAHOMA, Tenn., June 25. (AP) —President Truman said today the United States is ready to join in a "real settlement" of the Korean War "which fully ends the aggression and restores peace and security."

While Mr. Truman did not so label it, that was obviously his reply to the proposal by Jacob A. Malik, Russian delegate to the United Nations, for a cease-fire and withdrawal of troops from the area of the 38th Parallel.

Mr. Truman, on this first anniversary of the Communist attack on South Korea, said the Reds suffered one million casualties and have been thrown back "behind the line they started from."

The President, in a major foreign policy speech, blistered Republican critics for "spreading fear and slander and lies" and trying to "destroy" Dean Acheson, whom he called "one of the greatest secretaries of state in our history."

GUARDED LANGUAGE

In guarded language, which did not mention Malik or his proposal specifically, the President told a crowd gathered to dedicate a new $157.5 million Air Force testing center:

"We are ready to join in a peace settlement in Korea now as we have always been. But it must be a real settlement which fully ends the aggression and restores peace and security to the area and to the gallant Korean people.

"In Korea and in the rest of the world we must be ready to take any steps which truly advance us toward world peace. But we must avoid like the plague rash actions which would take unnecessary risks of world war or weak actions which reward aggression."

BRISTLING TALK

The President flew here from Washington to the Arnold Air Force Engineering Development Center, to be devoted to the development of jet propulsion and supersonic flight power.

His talk fairly bristled with denunciations of Republican supporters of Gen. Douglas MacArthur's Korean policy and critics of Acheson, Secretary of Defense Marshall, Gen. Omar Bardley and the Joint Chiefs of Staff.

Without naming MacArthur, Mr. Truman said of those who would "take a chance" that the Soviet Union won't fight in the Far East:

"They want us to play Russian roulette with the foreign policy of the United States — and with all the chambers of the pistols loaded."

He continued:

"Unfortunately, it isn't only the Kremlin that has been trying to separate us from our Allies.

"SINCERE, MISGUIDED"

"There are some people in this country, too, who have been trying to get us to 'go it alone'. There are people here who have been sowing distrust of our Allies and magnifying our differences with them.

"Some of these people are sincere but misguided. Others are deliberately putting politics ahead of their country."

Some of the people advocating this policy he continued, "aren't engaging in honest debate."

"They are trying to set the people against the government by spreading fear and slander and lies," the President continued. "They have attacked the integrity of the Joint Chiefs of Staff."

At one point he said:

ACHESON PRAISED

"They have deliberately tried to destroy Dean Acheson — one of the greatest Secretaries of State in our history."

Reporters thought he had reference to recent criticism by Senator Taft (ROhio) among others when he added:

"They have malliciously attacked General Bradley, (chairman of the Joint Chiefs of Staff), who is one of the greatest soldiers this country ever produced."

There was no doubt he had Senator McCarthy (R-Wis) in mind when he said:

"They have tried to besmirch the loyalty of General Marshall, who directed our strategy in winning the greatest war in history."

CHIANG KAI-SHEK

The President had a reply for those who have accused the administration of abandoning Nationalist Leader Chiang Kai-Shek to the Chinese Communists.

"We put billions of dollars worth of arms and supplies into China to aid the Chinese Nationalist government," he said. "We gave them more help than we gave Greece or Italy or Berlin. The government of Greece took our aid and fought for freedom. But many of the generals of Nationalist China took our aid and surrendered.

"We can investigate the situation in China from now until doomsday, but the facts will always remain the same: China was taken over by the Communists because of the failure of the Nationalist government to mobilize the strength of China to maintain its freedom.

"After all, our aid can be effective only when people help themselves."

Car Accidents Injure Two In Snyder Area

Two persons were injured, one critically, in traffic mishaps over the week end, according to E. W. Green and Bill Zimmerman, highwaypatrol men, who investigated way patrol men, who investigated

Frank D. White, 25, Oklahoma City, is in a critical condition at the Snyder Hospital suffering from head injuries. According to the officers, White, driving a 1938 Plymouth, crashed into an abutment on a bridge about 1.7 miles east on the Sweetwater highway about 4:15 o'clock yesterday morning. Apparently he was thrown from the vehicle and landed under the brodge. He was taken to the hospital in a Bolger-Barnes ambulance. White was reported in a semiconscious condition this morning.

In the other mishap about 7:30 o'clock Saturday night at the bridge over the Double Mountain Fork of Snyder in Garza County, Bobby L. Fore 22, of Snyder, was seriously injured when his 1949 Mercury struck an abutment of the bridge the officers said.

Fore, who is an installer for the Southwestern Bell Telephone Co., was en route to Snyder when the accident occurred. Witnsss told the officers that Fore, after the crash, fell about 10 feet and landed beneath the bridge.

He sustained a fractured knee, arm, and concussion, and was taken to the West Texas Hospital at Labbock for emergency treatment. Telephone employes here said his condition was reported as improved today.

Both Fore and White were alone when the accidents occurred.

Flowing Oil From Scurry Ellenburger

R. Olsen Oil Co. of Oklahoma City has completed the No. 1 J. W. Templeton as a flowing discovery from the Ellenburger in East-Central Scurry County.

The well was finaled for a daily potential of 219 barrels of 42.2 gravity oil.

On the first hour of a full 24-hour potential test, the oiler flowed 50 barrels of oil through a one-inch choke. In the second hour of the test, made on a one-half inch choke, the well made 27.5 barrels of oil. In the next three hours the well made 7.5 barrels per hour hrough a one-quarter inch choke.

The last 18 hours of the potential, the discovery flowed at the rate of five barrels per hour through a quarter-inch choke.

Gas-oil ratio was 462-1. Pressure on casing was 350 pounds and on tubing 140 pounds.

It was completed natural from open hole at 7,390-7,435 feet. The top of the Ellenburger and of the pay was at 7,397 feet on an elevation of 2,295 feet.

The No. 1 Templeton is 4,000 feet northwest of the discovery well of the Hermleigh-Ellenburger field. R. W. Baxter and associates No. 1 Feldman. That well produced a small amount of oil for several months and was abandoned when it became depleted.

Location of the No. 1 Templeton is 60 feet from south and west lines of section 52-3-H&TC, and 10 miles east of Snyder.

NO. 1 MILLER

Stanolind Oil & Gas Co. No. 1 Miler, North-Central Borden County wildcat, has been completed as a pumping discovery from the Spraberry.

Operator reported a 24-hour potential of 121 barrels of oil and 3.7 barrels of water from perforations at 5,265-5,290 and 5,210-5,330 feet. Hole is at plugged back total depth of 5,335 feet. Perforations had been washed with Hydrafrac.

Location is 660 feet from south and west lines of section 3-30-t5n-T&P.

WOLFCAMP

Humble Oil & Refining Co. No. 1 Jeff Justice, Southeast Garza County exploration, developed free oil in a test in the Wolfcamp lime of the Permian at 4,658-4,740 feet.

The tool was open one hour and 10 minutes. No fluid came to the top while the tester was open. Recovery was 210 feet of oil and gas cut drilling mud and 900 feet of free oil. There were no signs of water.

The prospector has deepened to 4,865 feet and is still in lower Permian lime. Operator is preparing to take another drillstem test.

Locaion is 660 feet from north and west lines of section 18-6-H&GN. The project is three moles south of Justiceburg.

This wildcat is one location south of the opener of the Tobe-Strawn field. That well is a small pumper from the Strawn section of the Pennsylvanian.

The Humble No. 1 Justice was started to go to 7,500 feet to try for production in the Strawn. It probably will continue to that objective.

No free oil was developed in the Wolfcamp in the Tobe Foster and of the Tobe-Srawn field.

others No. 1 Justice, discovery well

Fire Plugs Are Moved To Facilitate Paving

Three fire plugs on Twenty-eighth Street were moved back yesterday so the paving program could corinue W. J. Ramsey, city superintendent, said.

The plugs were at the intersections of Twenty-eighth Street and Avnues J, K, and L, he said.

Water was turned off in Southeast Snyder during the installation, but the water department found after installing one fire plug that it was cracked. It had to be removed and another put in its place, Ramsey said.

City Broke—So County Will Pay All Costs of Health Unit

The county commissioners court this morning voted unanimously to pay the city's portion of the cost of operation of the city-county health unit in order to continue the unit here during the fiscal year begining July 1.

The court was requested by R. B. Sears, city councilman, to authorize county expenditures to meet all the city-county financial obligations for the unit in view of the city being without funds.

The city and county have each been paying $435 a month for operation of the unit, but the county will now pay $870 a month, which will total 60 per cent of the unit's operations cost. The remaining 40 per cent, $6,660 for the year, will be paid by the state.

The motion was made and seconded by Cullen Toombs, precinct No. 2, and Walter Grant, precinct No. 1. Toombs, in making the motion, said he hoped the unit would do more work for the city and county in the coming year than it had done in the past.

Doyle Parmer, precinct No. 4, at first voted opposition to the motion but later changed his vote in favor of the motion when Ted Haney, precinct N. 3, decided in its favor. Parmer stated that he did not want to see the unit discontinued although "it seems to me that we haven't gotten much good out of it."

Edgar Taylor, county judge, read a portion of the unit's official report, in which 79 inspections of eating and drinking establishments were reported made last month. This was compared with a total of only 94 for the previous year.

PERSONNEL

Inspections are made by the unit's sanitarian. James Craven, Jr., who has only been with the unit a short time. Craven replaced L. T. Barnard who resigned early this year. Dr. James H. Kreimeyer, of Abilene, has been acting director of the unit since the resignation of Dr. Fred Dinkler, now in the army.

Before discussing the matter in an official capacity and before voting on the question, the court discussed it with Craven, Miss Leah Davis, public health nurse for the unit, and Mrs. Wraymond Sims, of the unit's board of directors. Each outlined many of the unit's duties in protecting the city and county from communicable diseases and in assisting the public in health and sanitation problems.

20 Texans Die Violent Deaths Over Week End

By the Associated Press

Twenty persons died violent deaths in Texas during the week end.

There were eight traffic victims. Two were shot, and one man was stabbed to death. A cave-in killed one. A train hit another, and a child died after eating pills she found in a bottle.

Veteran auto race driver Joe Rodgers, 52, of Tampa, Fla., was killed when he cracked up at Arlington Downs, Texas, Sunday

Johnny Collins 28, pilot of a crop dusting plane burned to death Sunday at Royse City after his plane struck a power line and caught fire.

A light plane crashed and burned the same day near Holliday, killing the pilot, S. R. Glidwell, 27, of Wichita Falls. Glidwell was sparying mesquite with plant poison.

Other victims included:

National Guard truck driver Dorman Max Hill 17, of Weatherford. He was killed about 20 miles south of Weatherford Sunday when a truck went end-over-end.

Gumrnindo Gonzales, 88, of O'Donnell, killed when a truck overturned Saturday near Big Spring.

George W. Weed, 25, of Putnam, Callahan County. He was wounded by shotgun charges in a fight Friday night and died Sunday.

Midland To Drill More Water Wells, Voluntary Ban Works in Odessa

MIDLAND, June 25. —Midland's city council has ordered the immediate drilling of additional water wells as a "stop-gap" measure to meet the current water emergncy.

At the same time, the council is undertaking a longrange program to find possible new ground water supplies and has agreed to make further tests in areas recommended by the West Texas Geological Society. Council members voted to withhold orders to ration water until the situation becomes more pressing.

While the Colorado River Municipal Water District was discussed as another source of water supply, it was agreed to take no action in that direction until the results of ground water tests are definite.

Meanwhile, Odessa's water situation seems to be improving. Casey Fannin, city manager, said Odessa residents seemed to be cooperating with conservation practices asked by the city council, and that water pressure was improving.

Red Proposal Causes Truman To Alter Talk

TULLAHOMA, Tenn., June 25. (AP) —President Truman's offer to join in a "real settlement" of the Korean War apparently represented a revision of his prepared foreign policy speech here.

That was indicated by (1) the sequence of events in New York and Washington and (2) the physical make-up of mimeographed copies of the speech.

The White House had told newsmen the speech would be ready for distribution late Saturday. But after Jacob A. Malik, the Russian United Nations delegate, made his truce proposal that afternoon, the White House said copies would not be available until Sunday.

Copies distributed to newsmen then had been stapled twice. The first six pages of the seven-page speech were stapled together once. Then a second staple held them, a seventh page, which contained the President's words about peace in Korea.

There was no indication of how much, if any, of the seventh page

Korea Policy Weak: Shivers

DALLAS, June 25. (AP) — Gov. Allan Shivers today called on delegates to the state convention of Veterans of Foreign Wars to "demand a more firm and definite course" in fighting the war in Korea.

"We should take positive action, either to end it or win it," the governor said.

"We are swinging from pillar to post, neither trying to end it or win it."

Democracy can not afford a further loss of confidence in its designated leaders."

Shivers was honored in a downtown Dallas parade today.

The VFW convention preliminaries began last Friday. It will end Wednesday. More than 15,500 delegates are registerd.

Th state VFW commander, J.T. Rutherford of Odessa, loosed a verbal blast against world government schemes he charged would hand global domination to Russia.

State Department Seeks Proof Russia's Peace Offer Genuine

By JOHN M. HIGHTOWER

WASHINGTON, June 25. (AP) —The United States looked to Moscow and Peiping today for proof that Jacob Malik's call for a 38th-Parallel truce was a real peace bid and not just another Soviet propaganda play.

Pending definite evidence, State Department and other administration officials appeared extremely wary of the proposition which the Kremlin's envoy to the United Nations put forth in a speech Saturday.

This country, however, declared its readiness to play its full share in ending the fighting if the proposal is sincere. And in order to nail down that point it seemed probable that U. S. Ambassador Alan Kirk at Moscow would be instructed shortly to ask the Kremlin what cease-fire conditions and other considerations were involved in Malik's suggestion.

SOUNDING SHAPES UP

Britain and France may participate in making such a sounding.

In the meantime, it was understood by authorities that such intermediary governments as India and Sweden which have formal relations with Red China — and better contacts than the British there —would lose no time in asking Peiping whether it shared Malik's expressed convictions that a truce is now possible.

A positive answer coupled with an indication of acceptable conditions would undoubtedly mean that the Communist high command had given up its objective of throwing UN troops out of Krea and was ready — as the United States has repeatedly said it is ready — to negotiate peace.

GENERAL PROPOSITION

The Malik proposition, general in nature, came at the tail end of his public speech, the first part of which blasted the Unied States and reiterated Red claims on Formosa and China's U.N. membership. But those two points were not coupled with the truce bid.

By its nature, the spech raised critical issues for the U.N. alliance fighting the Reds in Korea. Among those none was more important than the desire to exploit Malik's maneuver for all it is worth as a real peace proposal, yet to avoid being drawn into a diplomatic, propaganda or military trap.

American offıcials were inclined to take the Malik statement with more than ordinary seriousnes because they have believed fr some probably the Russians, would like ot bring an end to the Communist military reverses in Korea.

Maximum of 94 Degrees

The temperature in Snyder stayed below the 100-degree mark yesterday for the first time in several days. The official maximum was 94 degrees, six degrees lower than Saturday's high of 100 degrees.

The minimum before dawn today was 73 degrees, with 76 degrees recorded at 7:30 this morning.

Tankers Clog Abadan Port As British Refuse Oil Receipts

TEHRAN, Iran, June 25. (AP)—The British Embassy announced today the Iranian National Oil Company accused British oilmen here of sabotage in refusing to authorize signing of receipts for oil pumped aboard tankers. It said Ambassador Sir Frances Shepherd protested the accusation to the Iranian Foreign Ministry.

Loading of tankers has been halted in Abadan, the oil refinery port, for three days because the Iranians have been demanding receipts stating the oil being pumped aboard was the property of the Iranian National Oil Company, set up to take over AIOC properties under the nationalization law.

A dozen tankers jammed the Abadan port because Iranians stopped their sailing with gasoline and oil cargoes from the world's large refinery there. The ships blong to the AIOC.

The company's British manager, A.E.C. Drake, warned that millions of gallons backing up into the plant's limited oil storage facilities might force a shutdown of the installation which supplies the lion's share of oil for Europe's defense effort.

Despite its legal action, Iran has not yet taken over actual operation of AIOC's facilities. Shutdown of a refinery, handling inflammable products, is an extremely complicated task requiring highly trained personnel to avoid a disaster.

One tanker, the Dolabella, managed to slip out Sunday despite an Iranian threat of "naval action" and got safely away over the sandbar at the mouth of the Tigris and Euphrates. Iranian soldiers prevented another, the British Empress, from weighing anchor.

The port usually clears five or six tankers a day.

The ships are held by an Iranian demand that the captains sign receipts saying they owe the "Iranian National Oil Company" for the cargo taken aboard. The captains have refused

'Should Have Bombed China' Is Last Testimony At Inquiry

WASHINGTON, June 25. (AP) — Maj. Gen. Emmett (Rosie) O'Donnel declared today "we made a mistake" by not bombing supply bases in Manchuria last fall when the Chinese Reds came into the Korean War.

But O'Donnell quesioned whether it would be wise to make such attacks now because, he said, he is not sure the Air Force could do it and 'still retain the Sunday punch for Russia."

O'Donnel, former bombing commander in the Far East, was testifying at the Senate inquiry into the dismissal of Gen. Douglas MacArthur and Far Eastern policy.

MacArthur was fired for publicly advocating bombing of Manchurian bases and other direct blows a Red China.

HEAVY AIR OPPOSITION

O'Donnell said that at present in Korea "we are in a position where we are meeting heavy air opposition."

Gen. Hoyt Vandenberg, Air Force Chief of Staff who was an earlier witness, contended the United States should not risk heavy losses of strategic bombers and their crews from attacks on Manchuria. He said this country has a "shoe string" air force by comparison with its responsibilities.

O'Donnell told the senators he wanted to burn five North Korean cities and destroy 18 major strategic targes by air attack when the Korean War broke out but was not allowed to do it.

OVERRIDING DECISION

He said he thinks "an overriding political or diplomaic decision" prevented use of his plan even after the population of the North Korean cities had been warned what was coming.

"I am the bomber comander out there and I got the word from General Sratemeyer who said 'No, not at this time,'" O'Donnell testified.

Lt. Gen. George E. Stratemeyer was theater air commander and O'Donnell's superior.

O'Donnell was the 13th and scheduled final witness at the Senate hearings on the dismissal of Gen. MacArthur and Far Eastern policy. He now has an air comand on the West Coast.

O'Donnel also said he believes his bombers should have been allowed to operate against Rashin, a North Korean supply point 17 miles from the Korean frontier with Rusian Siberia.

The question of restrictions on bombing Rashin (Najin on some maps) was discussed at length when members of the United States Chiefs of Staff were winesses earlier in the hearings.

STATE PROTESTS

The State Department protested vigorously against this bombing, because of the nearness of the Russian border. Secretary of State Acheson told the committee the risk of involving Russia was too great to take for the advantage of destroying the supply center.

O'Donnell told the committee that Rashin "was the focal point through which most of th supplies coming from Russia had to go down the East Coast to the support of the North Korean troops."

WEATHER

WEST TEXAS: Partly cloudy tonight and Tuesday with scattered thundershowers. Not much change in temperature.

EAST TEXAS: Partly cloudy tonight and Tuesday with scattered thundershowers. Not much change in temperature.

AIR COOLING ASKED FOR CLEARER THOUGHT

A petition of 14 petit juror asking the commissioners court to air condition the courthouse was presented to the county judge, Edgar Taylor, last week and will be presented to the court in its next regular meeting Monday.

The judge said he found the request on his desk and would ask the commissioners to consider it in their next meeting. The petition follows:

"Commissioners Court, Scurry County:

"We the undersigned petit juror and taxpayers and property owners of Scurry County, Texas, hereby request that the courthouse be air conditioned so that we might be able to think clearly instead of burning up as we have been the past days that we have been jurors."

It was signed by Ray Helms, M. C. Boyd, John C. Medford, Gray O. Webb, Earl Abercrombie, A. E. Sumruld, Clyde Godwin, Tom DeShazo, R. C. Day, Jr., W. S. Salmon, Marvin Smith, Marshall Boyd, Ernest Wiggins, and J. C. Ezell.

Government Official Says We Are Getting Korea Dividends

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON, June 25. (AP) — The United States has about 1,841,000 more men under arms than it had a year ago when the communist invasion of South Korea signaled sudden war. It also has added hundreds of ships and thousands of planes to its operating naval and air fleets.

Actually, the nation has come along so rapidly toward its limited military mobilization goal that cutbacks have been made in recent draft calls and plans are afoot to release 100,000 Army reservists.

Does this mean the United States considers the danger of new incidents elsewhere or of a kind would war have diminished?

TENSION STILL GREAT

A high goverment official whose responsibilities include shaping military policies to the estimates of world situations, present and future, was asked by a reporter if the seeming moderation of the armed force buildup effort indicated the tensions which followed the outbreak of the Korean War had lessened.

"On the contrary, they probably are greater," answered the official, who may not be named.

He outlined some of the reasons:

Added to the persisting, long-present possiblity that the Soviet Union may elect to start World War III by attack in Europe there are or have developed other potentially dangerous situations — in Iran, for example.

The Korean War itself, even if it doesn't expand into a global conflict, can impose new demands.

DANGER UNDIMINISHED

In explaining why he doesn't think the new Defense Department policies should be considered indicative of a diminishd danger, the government official said:

"We are now getting a dividend on the investments we made eight months, 10 months, a year ago."

He was referring to the start of mobilization — the draft, the calling up of reservists, demothballing of warships, a stepped-up aircraft and other weapon production. The immediate goal then was to muster available, trained manpower to meet urgent needs.

On June 25, 1950, the total armed forces personnel was about 1,500,000. The present strength is approximately 3,341,000. Of these, air force 737,000, navy and 204,000 marines. The objective of the limited mobilization is a force of 3,472,000 men.

AIR FORCE GROWS

The air force had 48 groups of bomber, fighters, troop carrier and other types a year ago. Now it has 87. It aims at 95 by a year from now. It had about 412,000 men a year ago, now has approximately 850,000.

Even if a truce brings a cessation of hostilities in Korea, it is unlikely the size of the projected American armed force would be changed. Its size and pattern has been planned with view to continuing danger of new conflicts and of sudden attack by Russia.

'Conspiracy' Is Told In Prelate Trial

Editors Note: The Associated Press correspondent covering the trail of Archbishop Josezef Groesz and his co-defendants is a Hungarian. His dispatches are not censored but he is subject to the laws of his country.

By ENDE MARTON

BUDAPEST, Hungary, June 23. (AP) — Two dozen prosecution witnesses in the conspiracy trial of Archbishop Josezef Groesz, all under arrest but one, showed perfect cooperation with the government today by testifying for five and half hours.

The 23 under arrest admitted eagerly their own subversve activities as minor players in the conspiracy attributed to the Archbishop and eight co-defendants.

Their testimony was remarkably similar to those of the defendants. All nine have admitted that they plotted to overthrow the Communist-led government and participated in other illegal actions.

The witnesses testified the conspiracy aimed at the overthrow of the government by force with foreign, American and Yugoslav help. The goal was to "restore the Kingdom of the Hapsburgs, and the prewar capitalist system of industry and agriculture."

The principal defendant is the archbishop, who succeeded Cardinal Mindsenty as head of the Roman Catholic Church in Hungary when the cardinal was sentenced to life imporisonment on treason charges in February, 1949.

(The U. S. States Department declares the trial is a "persecution" in the familiar Communists pattern. A statement issued in Washington said the proceedings were a continuation of Communist effcrts to supppres all human rights and liberties in Hungary, to crush all elemens who will not become subservient to the regime and to destroy the religious influence of the churches.")

Suit for Construction Of Deed Being Heard

A civil law suit for construction of a deed in which Claude H. Miller and wife are the plaintiffs and Carleton D. Speed, Jr., and others are the defendants, is being tried before Judge Ben F. Thorpe in 132nd disrict court today.

The litigation involves certain oil land in Scurry County, and the original petition was filed early in 1950.

H. J. Brice of Snyder and A. W. Walker of Dallas represents the Millers, while attorneys for Speed and others are Powell, Wirtz, and Ranhut of Austin, and Carl M. Anderson.

Wilson Warns Against Drop In Defenses

NEW YORK, June 25. (AP) — Defense Mobilization Director Charles E. Wilson said today that America can not afford to relax its defense effort even if the Korean War ends Tuesday.

Wilson spoke before the National Industrial Advertisers Association on the first anniversary of the outbreak of the Korean conflict.

"The ending of controls over our economy at the present time would produce chaos and disaster,' he said.

Reasons for extending the Defense Production Act which expires Saturday — "are even more urgent today than they were when the law was first passed," he said.

"It is senseless for the Chinese to fight on, but fight on they do,' he said. "Meantime, in Iran, Malaya, Indo-China and other parts of the world, danger points exist that could set the whole world aflame."

In the eyes of the Kremlin, he said, Korea is but a skirmish in the battle for world conquest, and 'if the Korean War should end Tuesday, we could not afford for an instant to relax our vigilance or weaken our plans."

Skull Uncovered When Excavation Work Done In Northeast Scurry

How would you like to be digging away in the good earth and suddenly have a skull roll down on you?

Just that happened last week to a man digging gravel with a power shovel on the C. O. Helms farm in the extreme northeast corner of Scurry County.

A machine operator for the Jimmy Lyles Construction Co. scooped out a shovel of dirt, looked down to grab the next load, and saw a skull tumbling down the embankment.

Work in the pit came suddenly to a halt, and Sheriff Lloyd Merritt was called to the scene.

Merritt said that evidently the skeleton found in the pit was that of an old Indian buried here many years ago.

The skull and shin bones are to be sent to laboratories in an attempt to determine the age and length of time it was buried. It must have been in the ground many years, Merritt said, because all the other bones had almost completely decomposed.

The teeth showed much wear indicating that the person was old when buried, and the fact that no dental work had been done indicated that it was probably an Indian, Merritt added.

Missionaries From Mexico Will Speak At Calvary Baptist Church

The Rev. and Mrs. J. D. Underhill, missionaries to Mexico, will be guest speakers at the Calvary Baptist Church Wednesday night, the Rev. T. Gerald Cates, pastor, announced yesterday.

Mr. and Mrs. Underhill will show slide projection pictures relative to their work near Monterrey, Mexico. They will also address classes of the daily vacation Bible school Thursday morning.

The vacation Bible school, which has maintained an average daily attendence of 95 for the past week will continue throughout this week.

The churches free bus service is offered in connection with the school as well as for church services on Sundays Mr. Cates said. Parents requesting transportation for their children attending the school may telephone Mr. Cates at 1907-J.

"Psychological Warfare" Unit Is Instituted By Americans

By DAVID LAWRENCE

WASHINGTON—A profound evolution, if not change, in American policy is represented by President Truman's appointment of what is called a "psychological strategy board." It will attempt to influence the peoples — rather than the governments — of other countries.

Although composed of representatives of the Department of State, the Department of Defense and the Joint Chiefs of Staff, the new agency reports directly to the President. This means that at last an independent institution free from the handicaps of the State Department's formal diplomacy can operate freely in the field of what used to be called "psychological warfare."

It is to be noted that the head of the Central Intelligence Agency is to be a member of the board and that members from other government departments may be added as the work progresses.

Gordon Gray, who used to be secretary of the Army., has been chosen to head it upa nd the outline thus far makes it appear that the objective is to combine some of the services that were performed by Office of Strategic Services during the last war and some of the duties of the Office of War Information.

Broadly speaking, the purpose is to utilize the principle of infiltration which has been availed of by the Russians inside western countries, but without stooping to the methods and practices of the Communists.

The United States has too long neglected this field of operation. It has been delayed due to the tenacity with which Secretary of State Acheson has opposed any such broad activity unless it could be controled entirely by his department. He honestly believed it might lead to compplications for the State Department. But the famous Formosa document, which was admittedly an effort to abandon truth in order to accomplish what was believed at the time to be a desirable objective, shows how such tactics can boomerang against the State Department.

The new board probably will not operate any information service. The "Voice of America' probably will go on functioning as it is but with directives of policy from the psychological board that may affect its programs.

Basicaly, the new board, however, cannot succeed merely because interdepartmental machinery has been set up to direct it. Something vital is lacking. It is the failure of the basic policy of the government itself to furnish the sinews of a good strategy.

It will be useless for the strategy board to try to make effective use of policies which are transparently insincere or inconsistent.

No board of strategy can do anything if the President and secretary of state pursue policies that are faulty. For the State Department to favor the Nationalist Government of China one day will not belittle it the next day wil not enenable the new psychological board to win friends for United States in Asia. There has to be a firmness and a straightforwardness about national and international policy which wil enable a strategy board to feel it is on firm ground when it undertakes a campaign to persuade the peoples of their countries as to basic truths.

Whether any psychological board can succed in the absence of a competent leadership in international affairs is problematical. The Department of State today does not have the confidence of a United American people. The President has wrecked bipartisan co-operation. If bipartisan handling of foreign policy could be restored, if the American people could be reunited behind a leadership in world policy that they feel they can trust, then a psychological board could do an effective job inside other countries. The trouble will not be with the board but with the ingredients of strategy made available to it by the higher-ups in government itself.

Nippon Treaty Seen by Sept.

By JOHN RANDOLPH

TOKYO, June 25. (AP) — John Allison, United States States Department policy expert, said today a Japanese peace treaty may be signed by Sept. 1 and that it will allow Japan to re-arm if she sees fit.

He said a first draft has been completed and . . .

"Every one of the most interested Pacific nations has either put something into it or taken something out."

"It is a joint effort and I am happy to say that there is a large measure of agreement."

He said the draft will be sent out again in a week or two for the interested nations.

From these comments, he said, will be prepared the semi-final draft that probably will become the treaty.

All the nations still legally at war with Japan will be invited for the signing. Presumably Soviet Russia will be invited.

Allison said it was the spirit of the United Nations for Japan to defend herself from aggression.

He said that while the Japanese constitution prohibits an army or navy, "There will be nothing in the treaty against it — of that I am sure.'

Legion Meeting Will See Merchant Marine Film

A technicolor sound film, "America Sails the Seas" will be shown under the sponsorship of the National Security Commission at the meeting of the American Legion Post at the clubhouse at 8 o'clock tonight, George Killam, Jr., post adjutant, said.

The film, which is of 30-minute duration, will show the Merchant Marine in operation, he said.

The 1951 membership of the post is 392.

REPORT END OF PURGE ORDER

TAIPEH, Formosa, June 25. (AP)—A Taipeh newspaper said today Moscow has ordered Red China to complete its purge program by the end of the year.

China News attributed the report to unidentified sources in close contract with the Communist mainland. There was no way to confirm the report.

Cities Service Sends O. R. Littell to New Position in Odessa

O. R. Littell, assistant production foreman with Cities Service Production Co. here, is being transferred to Odessa with his firm, D. S. Bodie, superintendent, said.

Littell has been in Snyder with the company for the last 18 months. J. D. Richmond will replace Littell as assistant prpduction foreman here Bodie said.

Dewey Scores 'Apathy Of American Public'

NEW YORK, June 25. (AP) —Gov. Thomas E. Dewey said today that Americans must "act on the assumption that we are in daily danger of having our lives, our communities and our whole industry knocked out" by an atomic attack.

"If we don't ac on that asumption," Dewey said, "Then we're inviting an attack. But if we're ready, we can stop it.'

Dewey made his remarks in a Columbia Broadcasting System radio interview with Bill Leonard.

Public apathy, Dewey said, is the greatest problem now facing Civil Defense Authorities. He warned that "if Russia knows the free nations will not resist, she'll pick them off one by one."

BUSINESS STILL BOOMING

Remodeling and additions to farm and city homes here have kept Burton-Lingo Lumber Co.'s business almost up to boom proportions despite the slowdown in commercial and residental construction, G. R. Rhodes, manager, said. One of Snyder's oldest lumber companies, Burton-Lingo was established in West Texas 65 years ago.

Texan With Czech Wife Makes Record Marks In Washington

A Texas congressional staff worker has graduated from the Georgetown University Foreign Service School at the top of his class — with the highest grades made in the school during the past four years.

He is James Flannery, an aide to Rep. Olin E. Teague of College Station.

It was his scholastic ability that brought the 31-year-old Texan to the attention of local newspapers, but they found his family equally interesting. His wife, Herta, is Czechosovakian. They have two children, Jim, Jr., three and Heidi, nine months.

"I first met Merta when we occupied Konisberg, Czechoslovakia, in August 1945," recalls Flannery "I was a captain with the 79th Division and she sometimes cleaned the office."

"I got my discharge in Germany, took a job with UNRA there and came back to visit her. I arrived in Konisberg on Saturday and found that the Czechs had ordered all the young unmarried girls to work camps in the Russian zone and they had to report Monday."

"Herta wore an extra uniform I had with me, put her hair up in braids underneath a helmet, and we drove across the border in my jeep Sunday night The guards didn't even give us a second look."

"We got married in the fall of 1946, when she was 17, and came to the United States early the next year."

Mrs. Flannery has had trouble getting her citizenship, but they hope it won't be long now until everything is settled. When she entered the United States, they found the McCarran Act prohibited her from becoming a citizen, because she had once belonged to a totalitarian-sponsored organization.

When the Nazis annexed her part of Czechoslovakia in 1938 she was forced at the age of ten to join a pro-Hitler Youth movement. The McCarran Act was amended early this year to exclude from its provisions those who joined such groups before they were 16.

Flannery, who was decorated four times, was in Teague's battalion. The congressman, then his colonel, and also cited for bravery in action, kept in touch with Flannery. The latter had gone with his wife to San Antonio to study at St. Mary's University. When Teague became head of the House special committee in G I. education, he asked Flannery to work part time on his staff while going to the local foreign service school.

On June 29, Flannery reports back to active duty. He's a major in the Army reserve.

Martin Wildcat Tops Ellenburger at 12,717 And Will Core Deeper

Pan American Production Co., Forest Oil Corp. and Houston Oil Co. of Texas N. 1 F. D. Breedlove, Northwest Martin County wildcat, 13 miles northwest of Tarzan entered the Ellenburger at 12,717 feet. Elevation is 2,895 feet. That gives it a datum of minus 9,822 feet on that marker.

The Ellenburger top was found in a core cut from 12,712760 feet. Recovery was 46½ feet of Simpson sand and shale and Ellenburger dolomite.

This prospector topped the Simpson at 12,676 feet. That formation had no shows of oil, gas or water. There were no indications of petroleum in the Ellenburger zone between 12,717 feet and 12,760 feet

Operators are to core deeper.

The exploration, located 660 feet from south and 4,620 feet from east lines of league 258, Briscoe County School Lands flowed at the rate of approximately 45 barrels of oil per hour naturally from the Devonian section at 12,070-147 feet.

If the Ellenburger fails to produce the project will plug back and complete from the Devonian pay. Should the Ellenburger making oil and gas in commercial quantities operators might elect to attempt a dual completion.

Mr. and Mrs. John W. Leftwich of Abilene spent the week end visiting Mr. Leftwich's mother, Mrs. John W. Leftwich, 2411 Thirty-second Street. They will leave soon for a vacation in Baltimore.

Gas Consumers Throughout U.S. Affected By Texas State Tax

AUSTIN, June 23. (AP) — Housewives 2,000 miles away will help fatten Texas' state treasury every time they turn on their gas stoves next fall.

Each time they use pipelined natural gas from Texas they will contribute indirectly a little tax to the Lone Star State.

The 52nd Texas Legislature adjourned this month after a bitter fight over the imposition of a "gathering" tax on natural gas.

Proponents of the levy, led by a blinded war veteran, Rep. Jim Sewell, won the battle. They said it was time for people draining gas from Texas' reservoirs to repay the state for the loss of this replaceable natural resource.

The new tax, effective Sept. 1, is forty-five one-hundredths of one cent per 1,000 cubic feet on gas gathered by pipelines.

Doesn't sound like much, does it?

But that tax of slightly less than half a penny, will net the state $14 million the first 12 months it's in effect. About 58 per cent will be paid by Texans, the rest by out-of-staters. The state comptroller made the estimate of revenue, and he probably was conservative.

RATES MAY RISE

He based his calculation on March production figures. At least, two new lines will join the 25 now carrying gas to 50 milion people in two-thirds of the 48 states within a year. Eight of the present exporters are planning expansion.

This added flow of gas will mean added revenue for the state.

The new tax may mean higher gas bills for the consumer.

Tennessee Gas Transmission company asked the Federal Power Commission this week for permission to increase wholesale natural gas rates 20 per cent on Juiy 16 It is the largest increase proposed by a natural gas company.

Such a rise would affect customers in Louisiana, Mississippi, Tennessee, Kentucky, West Virginia, Ohio, Pennsylvania, and New York. Tennessee Gas serves about 20 distributing companies and a number of industries.

ARGUE LEGALITY

Arguments about the legality of the pipeline tax have centered around the question of whether it imposes an "undue burden on interstate commerce" since it does tax gas moving out-of-state.

How much gas does Texas produce and how much of it goes to other states? Both figures are continually climbing, but last year Texas produced 4,024,184 trillion cubic feet. Exporters took 1,341,190 trillion.

Head Of Dime Store Chain Dies Sunday

DALLAS, June 25 (AP) — E. B. (Jack) Mott, who started to work for a 10 cent store when he was a boy of 12 and rose to head a variety store chain, died Sunday.

He was 44, president and general manager of the 24 Mott Variety Stores in Texas and New Mexico.

Funeral services will be held here at 11 o'clock Tuesday morning in the Cox Memorial Chapel at Highland Park Methodist Church.

Mott was a native of Lufkin. When he was 12 he got his first job as a part-time employe for Perry's in Lufkin. He worked before and after school hours.

When he was 16 he left school to take a full-time job with Perry's in charge of warehouse operations. By 1940, he had risen to a vice presidency and was merchandising manager of the firm.

In 1940 Mott came to Dallas and with associates opened the first Mott store.

Later that year he opened three stores in Fort Worth. The chain now has eight Dallas stores and 24 over Texas and New Mexico

1st Sponsored Color TV Show

NEW YORK, June 25 (AP) — The curtain goes up today on the world's first sponsored color television program.

Five Columbia Broadcasting System stations — in New York, Boston, Philadelphia, Washington, and Baltimore — will put the one-hour show on the air, starting at 3:30 this afternoon.

Those who have the proper color receiving equipment and are within range of the network's TV outlets will see Arthur Godfrey, Faye Emerson, Ed Sullivan, Garry Moore, and a host of other CBS favorites.

An hour earlier — in nearby Passaic, N.J. — a new Radio Corporation of America (RCA) color tube will be demonstrated at a special showing arranged by Allen B. Dumot Laboratories, Inc.

Allen B. Dumont, president of firm, telegraphed Wayne Coy, chairman of the Federal Communications Commission, over the week-end, urging him to "postpone" the CBS color premiere until he had seen the new RCA tube in operation.

Coy already had been booked as a guest speaker for the CBS inaugural today.

The FCC ruled in favor of the CBS color after lengthly hearings and demonstrations and against the protests of RCA which maintained the CBS color system was not compatible. Then RCA resorted to the courts, but finaly the United States Supreme Court held it could go ahead with color transmision.

Sixteen sponsors are paying $5,000 for the privilege of getting in on color television's first commercial program.

REVERTS TO CHILDHOOD

FLORA, Ill., June 23. (AP) — R. S. Jones wanted to be the "baby" at his birthday party so he sent invitations only to men and women past 80 years old.

Ages of the score of guests at his party this week totaled 11,571 years. The oldest was 98. Jones was the youngest — 80.

Mock Bombing Attack On U. S. Reveals Much

COLORADO SPRINGS, Colo., June 25. (AP) — The United States and Canada tried out their growing air defense network this week-end. They found it still wanting.

Mock enemy bombers drilled their way through clouds and valleys past radar and civilian spotters. Despite jet interceptor flights and simulated anti-aircraft fire, they ranged over every vital target area involved.

But Air Defense Command officials were happy with the prime object of the exercise: to test and train thousands of civilian volunteers in observation posts and filter report centers.

The Western Commander Maj. Gen. Hugo P. Rush, called them invaluable. At the same time, he said both more volunters and more training are needed.

Their need was demonstrated to the Eastern Commander, Maj. Gen. Frederic H. Smith, Jr., by the bad weather which forced simulated attackers to fly in at low levels, often out of the range of radar.

The Air Defense Center here at ENT Air Base said it would release an evaluation later. But Smith pointed up these other lessons:

A heavy mock attack from the Atlantic "emphasized a requirement for assistance of navy radar and fighters."

The penetrations showed the need for anti-aircraft guns for close in defense at important centers.

Smith said the ADC doesn't claim radar and fighters would halt every attacking aircraft before it reaches its target. Rather, the defense network is designed to minimize any attack on this nation.

The exercise was the largest of its kind since World War II and be first joint maneuver of the Canadian, Eastern, Central and Western Commands in more than two years. It started Friday, with only the military taking part Saturday civilians went on duty for 36 hours.

No Evidence Found Of Maltreatment Charge

CORSICANA, June 25. (AP)— A report by ex-students of the Corsicana State Home says they have found no evidence that children at the home were mistreated.

The executive council of the ex-students association inspected the home for orphans Sunday.

James Hudman of Dallas, association treasurer, said: "we found in our investigation and in previous meetings no evidence to support the charges made."

Statements that the 350 children at the home were maltreated by Superintendnt M. E. Dumas and his administration have come from a group of former teachers and employes.

This group asked Gov. Allan Shivers for an investigation. One is being conducted by the State Board of Hospitals and Special Schools.

Mr. and Mrs. Edgar Taylor, 2807 Avenue X, had as guests over the week end Mrs. Taylor's sister and husband, Mr. and Mrs. Orvile Moore and children, of Kermit, Tex., and Mrs. Taylor's brother and wife, Mr. and Mrs. Oscar Miller and children, of Pyote, Tex. They attended a family reunion Sunday at the Fred Miller ranch.

PHARMACIST HERE

Stewart Harris, above, son of Perry D. Harris owner of Harris Pharmacy, is a new registered pharmacists in his fathers store. His addition to the staff gives the store a registered pharmacists on duty at all times. He is licensed to practice pharmacy in both Texas and Oklahoma. (Joe Dave Scott Photograph).

Remodeling Keeps Lumber Sales Almost Even With Boom Peak

Although much of the commercial, industrial, and residential building in Snyder has slowed down since the peak of the boom, lumber sales at one of Snyder's oldest lumber yards have remained about up to the boom level because of remodeling and additions to farm and city homes here, G. R. Rhodes, manager of Burton-Lingo Lumber Co., said today.

Many persons are making long-awaited additions to their home, and others are adding garages, fences, and doing general remodeling work, Rhodes said.

Burton-Lingo Co., established in West Texas about 65 years ago, is one of the area's leading suppliers of building materials, carpenters, hardwares, and farm supplies.

Believe-it-or-not, there is still a big demand for windmills. The old fashioned method of letting the wind pump water for farm homes and livestock is still one of the most used methods, Rhodes said.

In addition to windmills, pumps, sucker rods, and towers, the company has many other suplies in their farm department. Wire, pipe, staples, and paints especially adapted to farm use are stocked, Rhodes said.

Lowe Brothers Paints are the firm's specialty because they are better suited to long wear and good appearance in this climate, Rhodes said. The paint, made in part of the nation which has a climate almost identical to ours, outlasts other paints used here in most all instances, has a better appearance after years of wear, and gives the building more protection, he said.

If you are considering erecting a building of any type, Burton-Lingo will gladly help you with material's estimates, plans, and cost figures. They can also recommend leading carpenters and painters to do the work for you.

Schleicher Failure

Stanolind Oil & Gas Company has plugged and abandoned its No. 1 R. J. Hill, wildcat five miles southwest of the Eldorado-Canyon sand field in Southwest-Centreal Schleicher County.

Total depth was 8,206 feet in dry Ellenburger lime.

The prospector was 660 feet from north and east lines of section 135, block A, HE&WT survey.

Legion and Sun Oil Winners In Saturday Game

Th American Legion downed Pasotex in a close game Saturday night, and Sun Oil ran off with a wild 22-2 score over the National Guard.

Jack Fellers pitched the Legion to a one-run victory in a seven-innng game to win 12-11 over Pasotex.

Eddie Hight was the losing pitcher in that thriller.

There was little competition for Sun Oil in their game. V. E. Dieke held the National Guard to four hits from which two runs were made.

Jimmy Treat was the losing pitcher for the guardsmen.

Home runs in the first game were all made by Pasotex batters. Ed Allen and Preston Noakes were the long hitters. No other homers were hit.

The American Legion made 12 runs from eight hits, had three errors and seven men left on base. Pasotex had 1 runs from 10 hits, had eight errors, and six men left on base.

Sun Oil made 22 runs from 12 hits, made two errors, and had six men left on base. The National Guard had two runs from four hits, made eight errors and had one man left on base.

Games tonight are to be between American Legion and Sunray, and Sun Oil and West Texas State Bank.

The Bankers lead the city league with six wins and two loses for a .750 average for the season. Sun Oil now has five wins and four losses for .555 and are in fourth place in the city league.

Sunray still leads the industrial league with seven wins and two loses or .777, and American Legion has six wins and four losses for .600 for fifth place in the industrial league.

Collegiate Golf Match Starts

COLUMBUS, O., June 25. (AP) Nearly 200 of the nation's best collegiate golf players teed off today in quest of the National Collegiate Golf Association championship.

Jaming the 7,100-yard long course at Ohio State University were linksmen from 5 colleges and universities. They shoot 18 holes today, and another 18 Tuesday. The low 64 qualify for match play starting Wednesday.

Talk in the tournament revolved about North Texas State College. The Texans, gunning for their third straight team title, boast a lad named Billy Maxwell who is Southern Intercollegiate champ.

The 18-hole round Tuesday will determine the team championship, in addition to slicing the field to 64 members.

Match play will continue through Saturday.

In best ball matches Sunday on the Ohio State courts, North Texas State College demonstrated a bit of its power. Joe Conrad, of the "wide-open-spaces" men, teamed with Bo Falkenberg of Oklahoma for a best ball 66 to defeat Sam Koscis of Detroit and Dan Laslin of Purdue who fired a 68.

The North Texans' No. 1 man, Maxwell and Bob Pastore of Southern California shot a 68 to tie Bib McCall of Colgate and Tom Nelporte of Ohio State.

Southwest Small Bore Champ To San Francisco

WACO, June 25 (AP) — George Whittington of Amarillo beat R. E. McMains of Dallas Sunday for the southwestern regional small bore rifle championship.

The victory won Whitington a trip to the national small bore championships in San Francisco. He went into Sunday's second of the two-day regional meet trailing McMains by one point.

A SOLDIER LEAVES HIS MARK

His rifle, helmet and ammunition belt mark the spot on a bare Korean field where an American soldier was killed in battle. United States battle casualties for a year of war in the Far East have been announced at 73,604.

Amateurs Keep Pros On Toes In Women's Golf Tournaments

PHILADELPHIA, June 25. (AP) — Patty Berg has a little advice for her fellow lady golf professionals—don't get too cocky, gidls, or the amateurs will cut you down to size.

It took all Patty's profesional cunning Saturday to turn back the Women's Western Open championship bid of Amateur Pat O'Sullivan. The 23-year-old from Orange, Conn., came within an eyelash of upsetting Miss Berg.

"The current crop of amateurs is very good," said Miss Berg. 'There isn't much to choose between the average woman amateur and pro. The pro has a little more experience and plays more."

Grains Sell Heavily As Peace Talk Flies

CHICAGO, June 25. (AP) — Heavy selling swept into the grain pits on the board of trade today following the proposal of Jacob Malik, Russian delegate to the United Nations, for discussions leading to a cease-fire in Korea.

Wheat fell as much as six cents, corn 6¼ cents, oats 6⅝ cents, rye 7 cents, and soybeans 6 cents.

BOATLOAD OF 'ROTATIONS'

SAN FRANCISCO, June 25. (AP)—The largest contingent of Korean war veterans returning to the United States on rotation — 3,377 — arrives today on the Transport Gen. John Pope.

They boost to 12,273 the number of veterans brought to San Francisco under the rotation plan.

Wall Street Peace Reaction

NEW YORK, June 25. (AP)—Prices fell in the stock market today in the first Wall Street reaction to the Russian proposal for peace in Korea.

Prices were down from a few cents to around $3 a share.

The reaction of the market today was the same as in four or five sessions last spring when stocks fell on the circulation of Korean peace rumors.

Down included Baltimore & Ohio, off $1.25 at $17; Standard Oil (NJ), off $2 at $60.50; Goodrich Rubber, off $2.25 at $51; Boeing, off $3 at $39.50; and American Smelting, off $2.12 at $75.50.

Failure in Tom Green

Union Oil Co. of California No. 1 1 Wiley Green, East Central Tom Green County wildcat, has been plugged as a failure on total depth of 5,710 feet in detrital.

The only drillstem test made in the project was from 5,087 to 5,115 feet. Tool was open one hour. Recovery was 910 feet of mud, 1,320 feet of slightly gascut mud and 2,430 feet of salty sulphur water. Location was 330 feet from north and west lines of section 128, block 11, SP survey and three miles southwest of Wall.

Corpus Christi Having Trouble

(By The Associated Press)

It may not be a breeze for Corpus Christi after all. The League leading Aces took a body blow Sunday and it may be the Gulf Coast race is tightening up.

Second-place Harlingen put the whammy on the Aces with a couple of defeats. The loses trimmed the lead to four and a half games.

The Caps came from behind with three runs in the final inning of the first game for a 4-3 victory, then pushed across a run in the last inning of the second game to win, 2-1.

Galveston climbed closer to third place by downing Brownsville twice. The Whitecaps blasted the Charros for an 11-8 wni in the first of the double-header, then took the afterpiece, 8-3.

Lake Charles and Laredo tangled in two close gameswiththeLaker s in two close games with the Lakers takng the opener 3-2 and the Apaches the second, 5-3.

Port Arthur at Texas City was rained out.

Driver Killed At Arlington

ARLINGTON, June 25 (AP)—Auto Race Driver Joe Rogers of Tampa, Fla., drifted wide on the second turn at Arlington Downs Sundry, crashed over a rail, and was killed.

Rogers was driving the first lap of the opening elimination heat. As several thousand fans watched, his car hit a post, jumped the track's outside rail and overturned several times.

The 52-year-old Rogers was noted for his adaptation of 450 hosepower airplane engines to dirt track racing cars. He had five such cars, called "Rogers Rangers." One of them he drove himself. He operated a garage in Tampa.

Stranahan Is Set For Open British Meet

By CHARLES CHAMBERLAIN

SOUTH BEND, Ind., June 25. (AP) Frank Stranahan, hitting his best golf stride in months to win his third Western Amateur Crown Sunday, believes he may be ready to take his first British Open championship.

The 28-year-old Toledo star will leave for Britain by plane Tuesday. He has an exhibition match scheduled there later in the week withpro Henry Cotton add then will begin practoces in North Ireland for the big met.

Although Frank has captured the British Amatuer title twice in 1948 and 1950, the British Open, like the United States amateur has eluded him. Fred Daley beat him out of the 1947 open by one stroke, 293-294.

Stranahan feels he may be set this time. He gained considerable confidence Sunday by trimming 19-year-old Jim Blair of Jefferson City, Mo., 7 and 6, to become the fourth player ever to win more than two Western Amateur trophies. Frank had taken the title previously in 1946 and 1949.

Frank booked a 68, four-under-par for the osggy, wind-lashed South Bend Country Club course, to top Blair, 5-up, after the morning round.

He fired a five-under 32 on the front matinee side for an 8-up margin at 27 holes.

When the match ended on the 30th, after Blair had won two successive holes for hos only show of the day, Stranahan was 10 under par.

Argentine In With Big Pros

TOLEDO, O., June 25. (AP)—South African Bobby Locke is in England, but another Robert from south of the equator is taking his place as a bugaboo to America's top-flight golf professionals.

He's Robert Devicenzo, 28-year-old champion of Argentine, now headed for Pittsburgh Pa., and the PGA championship with another $2,000 in his pocket.

He picked up the wad Sunday as he and Henry Ransom, the 40-year-old sharpshooter from St. Andrews, Ill., whipped 14 other stars in the $15,000 Invernes Best-Ball matches. Just before the National Open Devicenzo won the Palm Beach Round Robin.

Devicenzo and Ransom piled up a plus 9 score, winning five of seven matches, in the 126-hole test. Defending Champions Sam Snead, and Jim Ferrier, wound up second with plus six and $2,400.

Lloyd Mangrum and Cary Middlecoff, the former National Open kings, wound up in a third place tie with Fred Haas and Ed Oliver.

SPORTS MIRROR

(By The Associated Press)

Today a year ago — the Detroit Tigers remained in first place in the American League by three games as they split a doubleheader with the New York Yankees.

Five years ago — Nick Strincevich hurled the Pittsburgh Pirates to a 3-0 victory over the New York Giants.

Ten years ago — Washington University won the Poughkeepsie rowing regatta.

Twenty years ago — Billy Petrolle knocked out Justo Suarez in the ninth round of their bout at Madison Square Garden.

Artesia Stops League Leaders

(By The Associated Press)

The San Angelo Colts are finding the going rougher in the Longhorn League lately.

Although their lead is big —eight games — the Colts have been having trouble. Sunday was a good example.

Seventh-place Artesia upset the League leaders with a 4-1 victory. Melvin Miller stopped the Colts with three hits.

Vernon had trouble Sunday with Midland. The Dusters are a half game out of fourth. A 7-2 licking by Midland didn't help any.

Roswell also took abeating — and what a beating! The Odessa Oilers outlasted the Rockets 20-16 ina scorer's nightmare. Roswell banged out 41 base hits with Odessa collecting 22.

Big Spring whammed Sweetwater, 11-2 in the other game.

Miss Louse Taylor, 2701 Avenue V, is in Corpus Christi visiting a friend.

Mr. and Mrs. Simon Best spent part of last week on a trip to East Texas. In Fort Worth Mr. and Mrs. Best vsited Mr. and Mrs. Coy Watkins and Mr. and Mrs. George Doolin, all formerly of Snyder. Mr. Best reports that far too much rain is falling in East Texas to please the farmers there.

Italian Star Complains That She Can't Eat Good Reviews

By GEORGE PALMER

ROME, June 25. (AP) — Lea Padovani, second highest-paid movie actress in Italy last year, can't furnish her new home till she finds a steady job.

The dark-eyed, 27-year-old brunette, whom many critics describe as one of Europe's finest actresses, has bought a $25,000 apartment in one of Rome' fashionable neighborhoods, but there's hardly any furniture in it.

"That will have to wait till I find some work to do," says Miss Padovani. "I've read a stack of scripts and they've all been awful. If I can't do something good, I'll have to do something bad. It's been months now that I've been out of work."

The fiery little star, a smaller, younger and prettier edition of the No. 1 Italian film actress, Ana Magnani, finds unemployment a strain on her patience. She made four movies in 1950, then the doldrums set in.

DIDN'T PHONE

She came close to what might have been the biggest break of her career last summer when the American playwright, Tennessee Williams, was in Italy in search of an actress to star in his new play, "The Rose Tattoo."

Williams actually wrote the play for Ana Magnani and came to Rome in hopes of convincing her to take the role. But Magnani had too many movie commitments and turned it down.

Williams explained that he had only one other actress in mind for the role. "Her name is Padovani," the playwright said. "People tell me she's pretty good." Williams was given Miss Padovani's telephone number — but he never called her. If he had, Miss Padovani said, she certainly would have taken the job.

Lea Padovani, 5 feet, 3 inches and 110 pounds, was born in the tiny village of Montalto di Castro, some 80 miles north of Rome in the wild Maremma region.

TWO-HOUSE TOWN

"There were only two houses in the village, mine and one other," the actress says. "The only reason I was born there was that my father used to go there to hunt wild boar."

As a teen-ager, Miss Padovani was a champion athlete. She won titles in both fencing and swimming.

At 19 she turned to acting and studied at the Royal Dramatic Academy in Rome for two years. Then she had a fight with the director because he wouldn't let her break the academy's rule against taking jobs during the summer holidays.

"I was broke. I needed work. I had to eat. So I told him where to go and took a job in a musical revue."

FIRST MOVIE ROLE

In 1945, she got her first movie role, in a comedy. But she had a fight with the male lead and quit the picture.

She made two more movies, then went on the stage to star in Italian productions of "The Terrible Parents," "Blithe Spirit," "Arms and the Man," "Gaslight" and "Present Laughter." She got good reviews and an offer from Orson Welles to play Desdemona in his movie of "Othello."

"Desdemona would have been my best role and it was the big tragedy of my life that I had to give it up," Miss Padovani says. "I had a fight with Orson. Just something personal."

Next stop, England, where she starred in the British movie version of "Christ in Concrete" (American title: "Salt to the Devil.")

A London critic wrote, "She is all wife, all woman, all excitement, all suffering."

CRITICS APPLAUD

A Los Angeles critic: "A wonderful human quality which draws the audience."

Miss Padovani flipped the clippings into her desk. "Makes nice reading, doesn't it?" she said. "But I wonder what a girl has to do to find a job?"

Letter from Soldier Announces His Death To Wife In States

NEWARK, June 23. (AP) — An official telegram has dashed a young woman's hope that she received by mistake a letter from her GI husband in Korea to be sent only "in case my time should come."

Dorothy Long, 22, received the letter Wednesday from her husband, Pfc. Jacob Long.

"I've asked one of the boys to mail this for me in case my time should come," the letter started.

Dorothy received no previous word that anything might have happened to her husband. She started hoping it was all a mistake. Her husband's name wasn't on any casualty lists .Washington sent no notice.

The telegram came Friday. Long was killed June 7.

Long, who had been in Korea six months with the 8th Cavalry never got to see his three-month-old son.

Shell Oil Hearing

AUSTIN, June 25. (AP) — The Railroad Comission has set public hearing for Aug. 2 on the application of the Shell Oil Co., for adoption of field rules for the Sandusky (Mulder Sand) Field, Grayson County.

PAYS DEBT AFTER DEATH

WEATHERFORD, June 25. (AP) — One dark day in 1932 Henry J. Bradfish, Sr., of Weatherford called in his creditors.

His Bradfish Grain Company had failed, he explained. Would the creditors accept settlement of accounts on the basis of one-third the amounts owed

Businesses were going bankrupt on all sides in those depression days. Bradfish's offer was better than most. The creditors accepted.

Last April 8, Bradfish died.

This week his son, Henry J. Bradfish, Jr., began mailing letters to the firm's 1932 creditors. The elder Bradfish had provided in his will that they now be paid in full with three per cent interests.

Scurry Gains One Wildcat And 12 Field Locations in Week

Twenty-three West Texas Counties shared locations during the week June 10 to June 16 for 115 tests for oil, including 14 wildcats. The preceding week listed 142 tests for oil, including 22 wildcats, in 29 counties.

Totals for the first 24 weeks in 1951 became 2,680 in proven areas and 45 for wildcats, a grand total of 3,135. This is a weekly average of 130.6 down from 131.3 through the 23rd week.

District 8 gained 79 field tests and nine wildcats; District 7-C added 22 projects and five wildcats.

Midland County was first in wildcat locations with four. Runnels added three, McCulloch two, Glasscock, Kent Martin, Pecos, and Scurry Counties one each.

Also first in field starters, Midland County added 15 tests, Scurry 12, Cochran 10, Ector eight, Andrews and Upton seven each, Pecos and Runnels six each, Glasscock and Kent five each, Coke four, Gaines and Terry three each, Crockett and Tom Green two each, Crosby, Dawson, Garza, Howard, Reeves, and Schleicher one each.

Boyle Challenges GOP To Abandon McCarthy

WASHINGTON June 23 — The chairman of the Democratic National Committee wants Republicans to stand up and be counted for or against "McCarthyism."

William M. Boyle challenged Republican leaders today in his weekly letter to Democratic party workers. He quoted from an editorial in the Washington Post denouncing Senator McCarthy (R-Wis) for McCarthy's recent senate attack on Secretary of Defense Marshall. The Post demanded that GOP leaders "Disavow McCarthyism — or be convicted of endorsing it."

"Millions of voters," Boyle wrote, "are entitled to know whether the Republican Party disavows McCarthyism or endorses it."

Bobby Malone Wins Rivercrest Invitation

FORT WORTH, June 25. (AP) Bobby Malone of Fort Worth won the 26th annual Rivercrest Invitation golf tournament, 2 and 1, Sunday from defending champion Bud McKinney of Dallas.

Julian Arnold of Corsicana took the championship consolation, 4 and 3, from Henry Richards of Jacksboro.

Sharp Rise In Meat Prices Since Start Of Korean War

By LAWRENCE N. ELDRED

CHICAGO, June 23. —A year of limited war has thrust livestock prices $3.00 to $10.00 a hundred pounds higher. This was in spite of much larger meat production during the 12 months since the Korean War began.

And the summer season of short supplies is still ahead.

Last summer hogs jumped to their highest prices in almost two years, at $25.50 a hundred pounds on the Chicago market late in August. A year ago they were no higher than $20.50 compared with $23.50 nowadays, or a head start of $3.00.

Government figures show a big jump in pork supplies, however. Federally inspected slaughter — accounting for about two-thirds of the total U. S. livestock marketed hogs in the 12 months before war broke out in Korea. In the year since then slaughter has been just under 58 million head.

This year's big spring pig crop won't start to market much before Sept. 1, but a farm survey indicates it will be up about six per cent.

The cattle trade is about $6.00 a hundred pounds higher than a year ago although production ran 20 per cent above the 12 months preceding the start of war. In that peroid, there were just under 10 million cattle marketed under federal inspection whereas in this first yar of hostilities production has been a little above 12.3 million.

When war broke out steers were selling downward from $31.50. Currently they are topping at $38.50. Good and choice grades are running from about $32.00 to $36.00 now. A year ago comparable grades were around $25.00 to $30.00.

In the past 12 months approximately 5.2 million calves showed up in market centers, where 4 million appeared the 12 months before. Vealers now are selling up to $40.00 a hundred pounds compared with $30.00 a year ago.

Sheep and lambs had but slight change in production. In the $30 months up to now those slaughtered numbered around 10.6 million and in the preceding 12 months just under 10.3 million.

But prices on them have developed much higher. Best lambs are about $34.50 now, down from $42.50 in March but compared with $28.50 a year ago.

War Anniversary Finds Leaders Worried Over Reds Next Act

WASHINGTON, June 23. (AP) — The war in Korea is a year old Monday and American leaders are concerned over where United States troops may have to be deployed next to counter some Moscow thrust.

Iran and Yugoslavia are danger spots causing special concern today — the one because its oil crisis could lead to Russian involvement and the other because it is openly arming against the Soviet threat.

Grave trouble could start in a number of other places, notably Germany.

The risk of more general war between East and West is probably greater now than at any time since the Korean conflict began.

Responsible officials say they belive this heightened danger is a relatively short range matter. They say that if the world can survive what Secretary of State Acheson has called the period of maximum peril without a big war then the chances for peace will be greatly improved.

There are several reasons for the present danger, in the opinion of top authorities here.

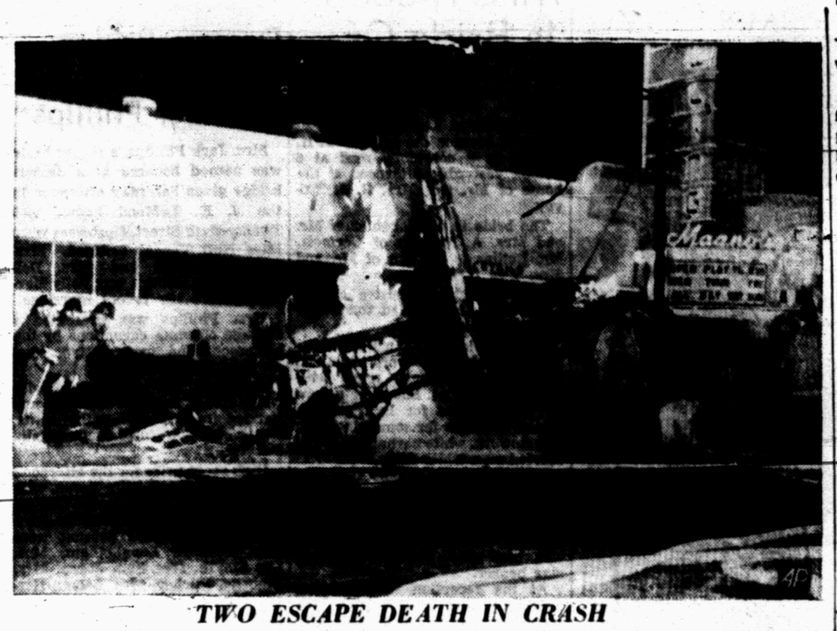
Basic to all of them is the fact that while the Western Nations have declared their intention to rearm and have been spurred by the Korean War to act with greater speed, they still are far from ready for a showdown with Russia.

The general military weakness in the West will not be overcome for possibly two years: Not until Gen. Dwight D. Eisenhower has organized the Atlantic Pact Army in Europe.

The United States is presumed to have a great edge in atomic weapons. The accepted official belief here is that "The Bomb" stands like a defense wall against the aggressive aims of hte Kremlin. How long this will be true is a question.

Russia's own A-bomb arsenal is asumed to be expanding.

These changes in military strength, which have been accelerated by the Korean war, form one of the elements of danger. If the Politburo should decide war is necesary, the asumption is that it would want to strike when it had an effective supply of atomic weapons and before the western powers could adequately defend western Europe.



TWO ESCAPE DEATH IN CRASH

The pilot and passenger of this two-place light plane escaped injury when the craft crashed on a busy street in North Hollywood, Calif., and burst into flames. Pilot Alvin Whitehouse told police the crash resulted when he tried to switch fuel tanks inflight. He managed to avoid high tension wires and traffic on the street.

Damage To East Texas Forests By Beetles Is Under Control

By TEX EASLEY

WASHINGTON, (AP) — Devastation of large tracts of East Texas pine by a large bettle is described in a new report by Agriculture Department entolmologists.

In the spring of 1950 small outbreaks of the Southern Pine Beetle, known scientifically as "dendroctonus frontais," appeared near the Louisiana line. Soon the infestation had spread over portions of Hardin, Liberty and Polk counties. Surveys showed three separate areas totaling 180,000 acres were spotted with killed trees.

Private land owners, the Texas Forest Service and the U. S. Bureau of Entomology and Plant Quarantine joined in a drive which is helping check the spread of the insect and leading to the salvage of large amounts of timber.

TREMENDOUS LOSSES

By November 100 milion board feet of timber was estimated to be dead or dying on the stump. An estimated 20 milion board feet which otherwise probably would have been wasted was sawed up into timber by Jan. 1.

From an overhead view an area of trees killed by the beetle is easily identified by the red tinge of the tree tops—caused by the needles turning that color. Individual trees infected with the insect can be spotted by the presence of white pitch tubes on the bark surface, and by the red boring dust in the crotches of branches and on the bark.

If the insect has killed the tree and departed, it can be left standing. If the insect is still present, the entomology breau says, the tree should be felled. It can be sawed up into lumber and sprayed with an insecticide and the bark slab burned.

If the owner finds it impossible to have the tree sawed immediately he spray it after being felled and it can be left there as long as three months without damage.

A spray found effective in the Texas drive is composed of 0.25 per cent gamma isomer of benzene hexachloride in No. 2 fuel or diesel oil. One gallon of spray for 100 square feet of bark surface is recommended.

The beetle attacks trees two inches in diameter and larger, and will kill them in four to six weeks.

Another report recently received from Texas by the Agriculture Department tells of a serious spread in pink boll worm infestation of cotton fields.

R. W. White of San Antonio, acting chief of the pink bollworm division of the Bureau of Entomology and Plant Quarantine, sent in an account of the infestation.

"It is already apparent," he remarked, "that we are faced with a heavy and general infestation of the pink bollworm in the early fields, and considering the unusually large amount of very late cotton, the posbilities of a heavy buildup of pink bollworm population late in the season is very obvious."

The pink bollworm, which came into Texas originally from Mexico, is considered one o fthe most destructive of all insects which attacks the staple. Many southern congressmen are joining with Texas legislator in efforts to keep it from spreading. So far the infestation is limited primarily to southern and south central parts of Texas.

Raleigh Selby Beats Naylor In San Antonio

SAN ANTONIO, June 25. (AP) Raleigh Selby of Kilgore played cool, deliberate golf Sunday to beat Roger Naylor of San Antonio, 7 and 6, for the San Antonio Invitational championship.

Naylor had reached the finals by upsetting medalist Roy Brannen and stopping Al Winston of Laredo mut Sunday his game was shaky. Selby closed the match by spotting his second shot on the par four 12th hole four inches from the cup and taking an easy birdie.

Tyler Gets Its Second Shutout

(By The Associated Press)

The Tyler East Texans are coming to life in the Big State League.

The Texans blanked the Wichita Falls Spudders, 5-0. Sunday for their second shutout of the season.

Waco, now in fourth place by a game, was stopped by Gainesville in a game that was stopped by rain. The rains came in the ninth inning with Gainesville leading 6-2 through the eighth. A second game was rained out.

Sherman-Denison and Austin divided a twin-bill. The Pioneers took the first game, 10-5 after a wild contest. The second was a thriller with Bud Lively besting Austin's Stumpy Jones, 3-0.

Texarkana and Temple showed fans how not to play baseball. The Bears took the first game 16-4 and the Eagles the second 24-1. The two tilts were dragged out almost 5½ hours with a total of 50 hits being collected by the two clubs.

Among primitive peoples in almost all parts of the world shell money once was a popular medium of exchange.

Brannan May Have To Go To Farmer Alone Again In 1952

By OVID A. MARTIN

WASHINGTON, June 25, (AP) — Can Charlie Brannan do it again?

Truman administration leaders are asking this question about the Secretary of Agriculture as they discuss plans for the 1952 Presidential campaign.

A virtual farm-to-farm campaign by the energetic Bannan was given major credit for pulling enough farm votes in 1948 to give President Truman his surprising victory over Thomas E. Dewey.

Brannan sold many farm voters on the Democratic Party with little help from other party leaders.

The Democraic Party moves toward the coming elections with farm organization relations at the lowest level in many years.

Differences have developed where both President Truman and Secretary Brannan contend that farm organization officials no longer voice the views of the farmer.

WEDGE EFFORT

There is an obvious effort on the part of the administration to drive wedges between farmers, on the one hand, and their organization leaders on the other. And the latter resent it.

Unless the situation changes before election time, Brannan may have to carry the burden again of getting farm votes.

What's back of this deterioration of relations?

Much of it stems from Secretary Brannan's tendency, after the 1948 election, to go his own way in formulating farm policies. Brannan pretty well abandoned a practice of taking the farm leaders into confidence before making recommendation and decision.

The controversial Brannan Farm Plan is a prime example of this. The Secretary of Agriculture kept this plan a secret until he unfolded it before congressional committees. He did not seek advice of any of the farm leaders.

The Brannan Plan drew opposition from virtually all farm organizations except the Farmers' Union. The farm leaders argue that it would provide consumers with cut-rate food prices, paid for by subsidies to farmers. The leaders contend farmers don't want subsides.

The farm organization leaders have been instrumental in blocking the Brannan Plan in Congress — a fact distasteful to both Truman and Banpan.

Differenees have been widened by the administration's price control policies. Most of the farm leaders oppose price controls.

The government's rollback on prices of beef cattle has served to dramatize the rift beween the Democratic administration and agricultural spokesmen. Perhaps no action affecting farmers has drawn as much bitter debate.

EVENTS OF WEEK

MONDAY

Nancy Caton class family supper, barbecue, at Von Roeder orchard, 6:30 p.m., Roby Highway.

TUESDAY

Cher Amies Bridge Club, 2 p.m., the Village with Mrs. Terry Holcomb and Mrs. W. W. Carey.

SATURDAY

Saturday Night Bridge Club dinner, 7:30 p.m., at Country Club, with Mrs. Fritz R. Smith as hostess.

UN Diplomats Miss Income Tax And Fines For Double Parking

By STANLEY JOHNSON
Associated Press Staff

UNITED NATIONS, N.Y. — There are 503 persons here who are immune to American law and taxes.

They are the diplomats and their wives representing 59 member countries at the UN, who enjoy diplomatic immunity. This comes from agreements among governments to grant certain privileges to each other's diplomats.

United States representatives aboard have the same rights granted here to foreign diplomats.

Among other things, UN delegates and their families pay no American taxes — not even the New York City sales tax. They can't be arrested. They travel without visas and can bring anything they like into the country without customs peeking.

The latest State Department list show that 30 or the 503 come from the Soviet Union and its satellites — 36 from Russia, eight from Czechoslovakia and six from Poland.

Nationalist China claims immunity for 41 including the chief of its delegation, Dr. T. F. Tsiang, who faces a trial for bigamy if his immunity is ever withdrawn by UN recognition of the Communist Chinese regime.

Britain has 34 persons enjoying diplomatic immunity and France 32. Paraguay has the fewest — just two persons.

The United States delegation, which handles the problems of the diplomats with American authorities, says it has few difficulties except fixing traffic tickets.

Russia, an American spokesman said, is one of the few countries that has never asked for help in that line. Jacob A. Malik and his subordinates just pay up.

The situation got so complicated that about 18 months ago the New York Police Department issued an order forbidding officers to issue summons for cars tagged "UN" followed by a number under 300.

Instead the cop, when he sees one of these cars double parked at a hydrant or speeding files a formal report with the department.

If the chief inspector thinks the case warrants it, he forwards the report to the Unied States delegation which takes the matter up with the offender's government on a diplomatic level.

To import liquor from home, the diplomat notifies the United States delegation how much, and what kind, he wants. The delegation notifies the State Department in Washington which tells the Treasury Department which then orders customs to let it out of the bonded warehouse without payment of duty.

SHIRTWAIST SIMPLICITY

Comfort is the aim of this sleeveless shirtwaist dress—soft tuck and yoke detail adds an easy blouse to its bodice. Choice of sleeve length, a collared or collarless neckline.

No. 2373 is cut in sizes 12, 14, 16, 18, 20, 36, 38, 40 42, 44, 46 and 48. Size 18, 4 1-4 yards 35-in. with 2 yds. ric rac.

Send 30 cents for PATTERN with Name, Address, Style Number, and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

Miss Maddox Is Bride Of J. H. Rollins

Miss Sandra Lujean Maddox of Dermott became the bride of J. H. Rollins in a ceremony read at 8 o'clock yesterday afternoon at the home of Mr. and Mrs. R. J. Trevey.

The bride is the daughter of Mr. and Mrs. A. Maddox of Dermott. Mr. Rollins is the son of Mr. and Mrs. Ellis C. Rollins.

Boyd Panning, minister of the Church of Christ, read the single ring ceremony.

Mr. Maddox gave his daughter in marriage. She wore a street length frock of navy crepe with white accessories. She wore a penny in her shoe for luck, with a strand of pearls for something new. Her flowers, white carnations, were carried on a white Bible.

Miss Lynn Rollins of Colorado City was the bride's only attendant. She wore a dress of yellow organdy with a corsage of blue carnations. M. C. Goswick of Snyder was best man. Joe Maddox was ring bearer.

At the reception following the ceremony, the bride's table was spread with a cut-work cloth. The centerpiece was of red carnations. The three-tiered cake was served by Mrs. L. A. Rollins. Miss Helen Ashart presided at the guest register.

The couple will make their home here, where Mr. Rollins is engaged in stock farming.

Dessert Bridge Given in Honor Of Mrs. Phillips

Mrs. Jack Phillips, a recent bride was named honoree at a dessert bridge given Saturday afternoon in the J. E. LeMond home, 1100 Twenty-sixth Street. Hostesses were Miss Nell Verna LeMond, Mrs. Weldon Kincaid and Mrs. Dell Smith. Mrs. Phillips was Polly Harpole before her recent marriage.

Mrs. Phillips was presented a corsage of white carnations by the hostesses. She wore a trousseau frock of printed tie silk.

Bridge tables were coverd with white cloths, with the bridal theme carried out in the tally cards. Centerpieces were of crepe myrtle and fern.

High score prize for the afternoon was won by Mrs. Billy Boren, with bingo prize to Mrs. Armor McFarland and traveling prize to Mrs. W. Popnoe. Others present were Mrs. Bernard Longbotham, Mrs. Lee Smyth, Mrs. Sam Joyce, Mrs. Maurice Pilcher, Mrs. Leland Herod, Mrs. Roy Stokes, Miss Katherine Northcutt, Miss Thelma Leslie and Mrs. Violet Bradberry of Abilene.

All prizes were presented the honoree by the winners, and a gift of silver was presented her by the hostesses.

Reunion of Family Of L. E. Haynes

Several members of the Haynes family met here yesterday in the home of Mr. and Mrs. L. E. Haynes for their first reunion in many years.

Attending were Mr. Haynes' mother, Mrs. Emily Haynes of Cisco; his sister, Mrs. Jewel Jene of Wilmington, Calif., and her daughter, Sanoma Jene; and his brothers, W. F. Haynes of Fort Worth and his son, Billy Haynes, H. A. Haynes and family of Hobbs, N. M., and J. T. Haynes and family of Lubbock.

The brothers returned to their homes yesterday, and Mrs. Jene plans to return to California Wednesday.

THE STARS

By BOB THOMAS

HOLLYWOOD, June 25. (AP) — Here's something else the American occupation has brought to Japan: More kissing on the screen.

This report comes from Shirley Yamaguchi, one of Japan's top movie star. She came here some months ago on a highly-publicized mission to learn how to make kissing films. It seems that there was no kissing in Japanese films prior to the occupation.

"But the GI's taught us how" she declared. "Now we are putting kisses into our movies. It has not been easy for us, because we traditionally do not show our emotions.

"That is why foreigners think that our films are dull. The actors do very little but talk. You see, even when a Japanese is very angry or very sad, he never shows it. And he would never think of kissing in public."

Despite the American inluence kissing is still not done in public, she said. But there has been more of it in the films, particularly since her research on the subject in Hollywood. "Can you think of a better reason for a trip," she grinned, ducking behind a fan she waggled in her hand.

She added that the technical aspects of camera angles on kiss scenes had the Japanese baffled, but they have overcome the problems. The Japanese public seems to approve the addition of kissing sequences, she said.

Miss Yamaguchi is here to appear in "East is East,' in which she plays a Japanese girl who marries a GI. The soldier, played by Don Taylor, brings her to his California home and intolerance runs rampant. She is to have some kissing scenes with Taylor in this one.

"So far all I've had is a peck, as I believe you call it," she reported. "Later I'll get — what do you call it? — a smooch. You have so many names for kissing in America that I can't keep them straight." She darted behind the fan again.

Mr. and Mrs. T. S. McClanahan, of Slaton, Tex., visited in the home of relatives, Mr. and Mrs. J. S. Teague, 3724 Rose Circle, over the week end.

PERSONALS

Jack Mathison, 2006 Twenty-seventh Street, visited friends in Dallas over the week-end.

Mrs. R. Mathison, 2006 Twenty-seventh Street, had as a guest over the week end her daughter, Miss Johnnie Mathison, who is working in Lubbock.

Mr. and Mrs. W. P. King, 3008 Avenue U, took Mrs. King's mother, Mrs. N. B.Moore, 811 Twenty-fourth Street, to visit her brother in Fort Worth last week end, and Mr. and Mrs. King attended a reunion in East Texas.

Mr. and Mrs. L. N. Periman, 3011 Avenue U, returned home Friday from visiting their daughter, Mrs. Grady Pierce, of Clovis, N. M., for a week.

Miss Vera Periman, 3011 Avenue V, left Saturday morning for her vacation in Siminole,Tex., Clovis, N. M., and Lawton, Okla., where she will visit friends.

Gene Carter, 128 Twentieth Place recently returned from his vacation in Oklahoma and Missouri, while Mrs. Carter is in Cushing Okla., where she is recovering from an operation.

Mrs. Wayland Holt, 1901 Avenue O, had as a guest over the week end Miss Ruby Bruton, formerly of Snyder, who is now secretary for Dr. William Marshall, president of Wayland College, Plainview, Tex.

Mrs. Jack Kennedy's mother, Mrs. Dora Perkinson, of Oklahoma City, is spending the week here.
