## \$220,000 FOR POST OFFICE HERE BUDGET OF FOUR BILLIONS PRESENTED CONGRESS

### DEMANDS FOR MONEY KEEP SOLONS BUSY

**COOLIDGE'S CUSTOMARY ECONOMY WARNING IS HEARD TODAY**  
(By Associated Press)  
WASHINGTON, Dec. 5.—Congress had graphically called to its attention today that the United States is almost a four billion dollar country.  
In its first business meeting of the session it received from President Coolidge the annual budget calling for expenditures of \$3,780,719,647 during the next fiscal year, and before the membership could open their eyes the treasury and postoffice departments put in joint claims for \$1,116,675,289 as their share.  
Coincidentally, Secretary Mellon handed in his annual report which pictures business at the end of the last fiscal year as only 3 per cent below that of the previous twelve months, despite a drag in November and December of 1927.  
The congressional air was murky with figures as the house and senate got down to business, but the voice of President Coolidge for government economy made itself evident to those who would appropriate government funds. The president warned that "it is clear that we cannot assume any great additional expenditures without jeopardizing the present favorable outlook."  
**Sidetrack Bills.**  
The size of the national requirements did not keep the senate and house busy very long, however. The budget secretary Mellon's report and the treasury-postoffice bill were laid aside for later and more detailed considerations while some other things were brought out.  
The senate foreign relations committee decided to defer for the moment any action of the Kellogg treaty calling on the nations to renounce war. Secretary Kellogg will be asked to give his views.

### Government Takes Step To Plug Up Gigantic Liquor Leak From Canada

#### Farming--Not Flaming Youth Gets Spotlight

(By Associated Press)  
CHICAGO, Dec. 5.—Youth, not flaming--but farming--were a broad, goodnatured, oldfashioned crowd. It had had its hour; and such an hour!  
A slip of a lad, only 12 years old, had come up from State Center, Iowa, to the International Livestock exposition to win the grand championship (the most important event of the entire exposition) with his pet yearling Hereford steer, "Dick." Gray haired stockmen still were gasping over this demonstration of what farming youth can do when two other youngsters from the wide open spaces picked the prizes in the prizes in the "healthiest boy and girl" competition.  
South Dakota appeared to be the healthiest place for girls, for it was from Brown county in that state that the blonde, clear skinned Thelma Svarstad came to win the gold medal that goes with the title "Healthiest girl in the United States." She had a remarkable score of 99.  
William Tobias of Birch Run, Saginaw county, Michigan, had a rating of 97.4 to top the field on the masculine side. Tobias is 15 years old, an eighth grader in the Birch Run school. Thelma said she was "seventeen and a half" and a freshman at Aberdeen North State Teachers college. Both said the copybook maxim of "early to bed and early to rise" was a factor in making them healthy.  
Miss Svarstad weighs 122 pounds and is five feet three and one-half inches tall. Milk is a principal item on her daily menu. She breakfasts on fruit, milk and toast, eats a heavy meal in the middle of the day including meat and potatoes, vegetables and salads, and has a somewhat lighter meal in the evening.  
Tobias said he had no special diet. He plays on the school athletic teams, favoring baseball and basketball. He likes boxing, too, and admires Jack Dempsey.

#### TWO HUNDRED WILL BE INDICTED AS RESULT OF INVESTIGATION

WASHINGTON, Dec. 5 (AP).—Treasury officials announced today that the investigation into liquor smuggling from Canada was expected to result in the indictment of 200 bootleggers, smugglers and Canadian distillers and brewers.

#### SEEK TO LOCATE U. S. BOOTLEGGERS

BUFFALO, N. Y., Dec. 5 (AP).—Federal authorities today were endeavoring to locate several American bootleggers indicted by the federal grand jury here in connection with the government's move to stop the flow of liquor from Canada into the United States.  
Although thirty Canadians, many of them prominent in the liquor export business, were among those indicted for conspiracy to smuggle liquor into the United States, the indictments, it was stated today in federal circles, mean little or nothing unless the men named set foot on United States soil.

#### CANADA POWERLESS TO CURB TRAFFIC

TORONTO, Ont., Dec. 5 (AP).—A dispatch from Ottawa to the Toronto Telegram today quoted unnamed officials of the National Revenue Department as saying "so long as duty is paid when the merchandise comes out of bonds we cannot stop the export of liquor to the United States or anywhere else."

### CAMPAIGN OF RED CROSS TO BE TOMORROW

#### NEARLY ONE HUNDRED WORKERS TO WAGE DRIVE IN CITY

Between seventy-five and one hundred workers will meet at the city hall at 9 o'clock tomorrow morning before launching the annual campaign of the Red Cross in which it is hoped this year to secure \$6,000.  
Under the direction of G. P. Kuykendall, general chairman of this year's drive, thirteen captains and their individual teams of six persons will begin a thorough canvass of the entire city. The business district has been divided into districts and each will be given to a team to work.  
Every citizen of Lubbock is expected to donate to this cause and every cent of the amount collected will be used for local charities. Although the dates of the drive have been extended until Christmas, leaders of the work hope to attain the \$6,000 goal Thursday and Friday of this week.  
The teams will work from 9 until 12 each day, meeting at the city hall both times to receive final instructions.  
Hubert L. Allen, chairman of the Lubbock chapter, and George Benson, chairman of the drive last year, are assisting Mr. Kuykendall in launching the campaign this year. One of the thirteen teams has been selected to work among the students and faculty of Tech.

### LUMAN TRIAL IS NEARING CLIMAX

#### TESTIMONY IS FINISHED IN LAMESA MURDER CASE WEDNESDAY

LAMESA, Dec. 5.—The murder trial of Will "Dutch" Luman of Garza county for the fatal shooting of Marvin Breeding at Post last year neared its finish today with the completion of testimony at noon. Arguments will start in the afternoon and there is a possibility that the case will reach the jury tonight.  
Mrs. Luman, wife of the defendant was recalled to the stand by the state this morning for further questioning. The defense yesterday brought out the statement that an insult to Mrs. Luman precipitated the shooting.  
The state also questioned Mrs. Sam Coleman, hotel operator at Post; O. B. Cardwell, Miss Ethel Post and others who were in the Post theater when the shooting took place. Mrs. Ham Holdman, wife of a Post restaurant owner, said that Mr. Breeding was carried to her home after he was shot and that Mrs. Luman asked to see him after the shooting.  
There was a large crowd at today's session of the trial.

#### SHIRT STUD HEIR

Because he objected to his father's second marriage 11 years ago, Allan A. Ryan, author of the unsuccessful corner of Stuts Motor stock in 1923, has been left with nothing but a pair of pearl shirt studs by his late father, Thomas Fortune Ryan, whose estate is estimated at \$250,000.

### FUNDS VOTED FOR LUBBOCK BY CONGRESS

#### BILL PROVIDES LATER ADDITION OF COURT FOR BUILDING

Appropriation for the new proposed Lubbock post office building, excepting the space to be used for the newly established district Federal court here, today was set at \$220,000 by an appropriations bill submitted to Congress by the house committee, according to advices received by the Journal early this afternoon from Congressman Marvin Jones in Washington.  
The bill also contained provisions that the building should be constructed in such a manner to accommodate the later addition of facilities to house the federal court.  
Congressman Jones' telegram follows:  
"House committee today reported bill raising appropriation of Lubbock post office building, except for courts, \$220,000, with provisions that building shall be so constructed that accommodations for courts may be added later."  
Associated Press dispatches from Washington state that this bill was a part of a lump appropriation of more than \$23,000,000 for work on public buildings which passed today. The dispatch continued: "The bill out the budget recommendation for an increase in the cost at Lubbock, Texas, to \$335,000 placing the figure instead at \$220,000, providing the building should be constructed in such a manner that facilities for the federal courts might be added later."  
Postmaster John L. Vaughn said this afternoon that he had had no notification of the new appropriation. It was his opinion that the previous appropriation was \$190,000 for the combined post office and federal court building. H. G.

### RECORD GOAL FOR POSTAL INCOME SEEN

#### NOVEMBER RECEIPTS AT LOCAL POSTOFFICE SHOWED BOOST

Lubbock postal receipts for the month of November experienced an increase of almost \$1,000 over the total of that same month of last year, it was revealed this morning with the compilation of the receipts by Postmaster John T. Vaughan. Receipts last month aggregated \$9,292.51 as compared to November, 1927, of \$8,313.16.  
Postal receipts this year up until December 1 totalled \$88,305.31, less than \$12,000 below the year's goal of \$100,000. For the first eleven months of last year, with a total of more than \$1,000 in postal receipts, was the heaviest in the history of Lubbock, and it is indicated that this mark will be surpassed this year.  
Total receipts during 1927 reached \$90,932, about \$2,000 more than the present total for eleven months. "The month of December is a hard one to guess," Mr. Vaughan said, "but I feel sure that the receipts will at least reach \$100,000."  
(Turn to Page 16, Column 5, Please)

### ADAMS TRIAL TO BARE BETS ON ELECTION

#### DALLAS MURDER CASE GOES SLOWLY; EIGHT OF JURORS NAMED

(By Associated Press)  
DALLAS, Dec. 5.—Indications that the murder trial of V. Ray Adams, Bartlett farmer and accused slayer of Orville L. Matthews, Dallas bank employe, would bare election bets totaling surprising sums on the Connally-Mayfield senatorial race stood out in bold relief today as counsel questioned veniremen in selecting a jury.  
The dispute between the Bartlett man and Matthews arose over a \$1,000 wager between Adams and Ben C. Richards, purported leader of the Klan in Dallas county and a strong supporter of Senator Earle B. Mayfield. From the quizzing of veniremen regarding their acquaintance around Bartlett and friendship with acknowledged Dallas county political leaders, it seemed certain today that much of the testimony would center around this issue.  
The mystery of what became of the \$2,000 said to have been put up by Adams and Richards promised.  
(Turn to Page 4, Column 3, Please)

### TEMPERATURE IS LOW HERE

#### MARK OF 21 DEGREES TOUCHED IN EARLY MORNING HOURS

Driving the thermometer to the low mark of twenty-one degrees, the scheduled "norther" arrived in this section last night, sweeping the South Plains with the most chilling weather of the year.  
Although the temperature dropped to the twenty degree mark earlier this week, the strong north wind early this morning made the weather appear colder than the previous spell.  
With the dying down of the wind this morning the temperature became steadily warmer throughout the day, with a cool stillness prevailing.  
The coldest period of the day was reached from between 6 and 6:30 o'clock this morning, according to the official thermometer at the State Experiment Farm east of Lubbock.  
(Turn to Page 16, Column 6, Please)

### TECH STOCK TEAM RETURNS TO CITY

#### EIGHTEEN ARE CAUGHT IN POLICE DRAGNET AT CLEVELAND

The Texas Tech stock judging team, which last week placed eighth in the International stock judging contest at Chicago, returned to Lubbock on the noon train today.  
The team included: B. C. Carmichael, R. C. Tom, J. A. Jackson, John Burroughs, Vaughn Corley, and Ray C. Mowery, coach.  
This was the first time that Tech was ever represented in an international contest. The team left here last Wednesday, competing in Chicago Saturday. Tech ranked ahead of Texas A. and M. college, Missouri and other old institutions in the contests. Twenty-three colleges and universities were represented.

### ROUND-UP OF GUNMEN MADE

#### TANKER IS ABANDONED WHILE ABLAZE IN MEDITERRANEAN

(By Associated Press)  
CLEVELAND, O., Dec. 5.—Eighteen alleged gunmen and racketeers from Chicago, Buffalo and New York were seized in a raid on a downtown hotel today, led by acting Chief of Detectives Potts.  
All available detective reserves were sent to the hotel when Detective Lieutenant Kurt Gloeckner reported there "was a whole mob" of known gunmen in the place and asked for assistance.  
The police were unaware of any motive for the gathering, but believed it must be a meeting such as preceded the killing of Frankie (Yale) Uayle, bootlegger, in New York, or that it might have some bearing on racketeering in the dry cleaning industry here.  
Detectives scattered upon entering the hotel and went to rooms of the alleged gunmen on the seventh, eighth, ninth and twelfth floors. Guns were found on nearly all of the gangsters.  
The police were unaware of any motive for the gathering, but believed it must be a meeting such as preceded the killing of Frankie (Yale) Uayle, bootlegger, in New York, or that it might have some bearing on racketeering in the dry cleaning industry here.  
Detectives scattered upon entering the hotel and went to rooms of the alleged gunmen on the seventh, eighth, ninth and twelfth floors. Guns were found on nearly all of the gangsters.

### SHIP BURNS; CREW SAVED

#### TANKER IS ABANDONED WHILE ABLAZE IN MEDITERRANEAN

(By Associated Press)  
LONDON, Dec. 5.—The German steamship *Garda* today reported rescuing the crew of the British tanker *British Courage*, which was afire in the Eastern Mediterranean.  
The *British Courage*, a tanker, is owned by the British Tankers Company, Ltd., of London. She was built this year at Glasgow, Scotland, and is 6,487 tons gross register, 440 feet long and is equipped with tanks for carrying petroleum in bulk.  
Lloyds dispatches from Alexandria, Egypt, telling of the rescue said that the British seamen were picked up from life boats. Previously the *British Courage* had sent out a wireless message stating she was afire and the ship would be abandoned shortly.  
State's attorneys have contended that Reed's love for Plager's young wife, with whom he had eloped motivated the bombing. Plager was killed by an explosion as he stepped on the starter of his car. The explosion, the indictment charged, was caused by a dynamite bomb which Reed was accused of planting.  
Mrs. Plager, who with Reed was held after Plager's death, has become the state's star witness.

### TROLLEY AND ENGINE CRASH

#### SIXTEEN INJURED WHEN SWITCH LOCOMOTIVE HITS STREET CAR

HOUSTON, Dec. 5 (AP).—Sixteen persons were injured, five seriously, when a Missouri Pacific switch engine struck a street car here today. Most of the injured were Mexicans or negroes.  
More than 30 other occupants of the street car escaped serious injury. The car was demolished. The switch engine was backing around a blind curve.  
Most seriously injured were Jacob Levic, 60, broken right leg and internal injuries; Eula Johnson, negro woman, broken left leg; Mary Butler, negro woman, broken right leg; Hanna Bass, broken right leg and internal injuries, and Martin Lopez, 5, internal injuries.  
A man who said he saw the accident asserted the car stopped before going upon the track, and then resumed its course.

### MONTH COLDER THAN AVERAGE

#### TEMPERATURE RANGE OF 77 TO 23 DEGREES FOR NOVEMBER

Last month was colder, wetter and less windy than the average month of November, according to the regular monthly weather report as issued today by Don L. Jones, superintendent of the Texas agricultural experiment station east of the city.  
Temperature for the month ranged from 77 degrees to 23 which is nine degrees below freezing. A mean temperature was recorded of 47.23, 1.57 degrees colder than the average November.  
The total wind run of the month was 3,863 miles as compared to the average run for this month of 4,000 miles.  
(Turn to Page 16, Column 5, Please)

### FEAR WIDESPREAD EPIDEMIC OF FLU

#### GIRL ATTACKED MAN WITH SHOE, CHARGE

WASHINGTON, Dec. 5 (AP).—With 8,213 cases of influenza reported in California, and 15,000 in the country as a whole the United States Public Health Service today warned physicians and health officers to be especially vigilant to forestall another widespread epidemic.  
Dr. R. C. Williams, cautioned against mingling with crowds and advised sleeping in open air, and the usual necessary precautions to prevent coming in contact with the disease.  
HAVANA, Dec. 5 (AP).—Ordered to appear in court Saturday, Miss Frances Porter, of Atlanta, was said by members of the crew to be under a physician's care aboard the yacht *Malvern* today. Conway T. Whitehead, wealthy Atlanta sportsman, has preferred charges of assault against her. A representative of the Havana police court presented warrants aboard the yacht, which is owned by Whitehead, ordering Miss Porter to court. She is alleged to have assaulted Whitehead with a shoe.  
FRELAND IN BROWNWOOD  
Coach E. Y. Freiland left Monday for Brownwood where yesterday he attended his parents golden wedding anniversary. He will go from Brownwood to Dallas to meet the other Tech officials at the meeting Saturday.

### NO DECISION YET ON INELIGIBILITY

#### QUANAH, TEX., DEC. 5.—AT 2:30 O'CLOCK THIS AFTERNOON NO DECISION HAD BEEN REACHED BY THE DISTRICT ONE INTERSCHOLASTIC LEAGUE EXECUTIVE COMMITTEE RELATIVE TO THE INELIGIBILITY HEARING ASKED BY LUBBOCK AND AMARILLO HIGH SCHOOL REPRESENTATIVES FROM LUBBOCK AND AMARILLO MET WITH THE COMMITTEE.

### SEVENTEEN HORSES DIE IN STABLE FIRE

COLLINSVILLE, Ill., Dec. 5 (AP).—Seventeen race horses, including "Irish Pal", the popular favorite at the Fairmount Jockey during 1927 and a scratched entry in last May's Kentucky Derby were killed today when fire destroyed the Barn "Q-1" one of the eighteen barns on the track. The loss was estimated at \$82,500.

## FASHION CONCENTRATES ON KNITTED FROCKS FOR ONLOOKERS

### Bridge Dinner Is Given For Members Of I-Deal Club In Frank Jones Home

A bridge dinner was given last evening by Mrs. and Mr. Frank Jones and Mrs. Hub Jones for the I-Deal club in the home of the former hosts, 2315 13th Street and six tables were in play. A three-course turkey dinner was served, after which bridge was played with Mr. and Mrs. Earl Spores scoring high among guests and Mr. and Mrs. J. B. Crisler mak-

### Rev. and Mrs. H. L. Munger and Family Welcomed to First Methodist Church

Rev. and Mrs. H. L. Munger and family were welcomed to the First Methodist church last evening when the Women's Missionary Society entertained with a reception in the church parlors. A program was given during the evening and refreshments of spiced tea, wafers and nuts were dispensed. Christmas decorations were featured with poinsettias, evergreens and red tapers. A bouquet of red carnations centered the tea table which had a lace cover over red and a silver service. Mrs. C. E. Maedgen and Mrs. G. C. Wolffarth, Mrs. E. W. Camp and Mrs. H. T. Kimbro poured tea. As the guests arrived they were met by Mrs. W. C. Rylander and

### Living and Loving

WHAT A TANGLED WEBB WE WEAVE WHEN WE PRACTICE TO DECEIVE.

"Oh, what a tangle we weave when first we practice to deceive." And the worst of it is, although we weave it easily, we seldom can untangle it, and it catches many innocent victims in its meshes. One of these victims of deceit writes me as follows:

"Dear Mrs. Lee: I am asking your advice on a matter of great importance. I married nearly nine years ago, after a year and a half's acquaintance. My husband told me his first wife was dead, and there were three children. The youngest at the time I married was 15. When we were married two years the next son came to live with us, and stayed nearly a year. Then two years later the daughter came on a visit. The children treated me very nice. My husband passed away nearly three months ago, very suddenly, and I just received a letter from the first wife's sister telling me that her sister is still living and I am not his wife. This sister has known all along of our marriage and never said anything until my husband died. The three children never told me that their mother was living. Now I do not know what to do. We were paying for a home and I helped in every way I could and the youngest son want half of the money when I dispose of the equity. He has always lived with us and I have taken care of him. The small insurance I collected will be all I have, and out of that I paid all funeral expenses and all debts, so I have no income at all. I must go to work at something. The son does not know I received the letter I speak of, and I do not know if I should tell him now or wait until I sell the place. Will look anxiously for an answer.

"MRS. W." I am writing you a personal letter, Mrs. W. to give you some advice I could not very well print in the column. I think you should consult a reliable lawyer at once, and not tell anyone anything about the matter until you hear what he says. If things are as this woman says, how can she explain her silence for nine years? It looks like a scheme

### Fortnightly Club Is Entertained

Misses Mary Meador and Mabry Edens entertained with bridge last evening in their home, 1821 Main Street, for the Fortnightly Bridge club and high score in the games was made by Miss Tyler Lee Knight. Miss Mildred Street scored second high. The club planned a Christmas party to be given on the evening of December 12. A fruit salad course was served by the hostesses, assisted by Mr. W. H. Meador. Four tables were in play. Tallies and other appointments were in the Christmas motif.

### Mrs. O'Sullivan Is Club Hostess

Daleth Delphian club members met yesterday afternoon with Mrs. Ed O'Sullivan, 1416 Main street, for a regular program and to plan a Christmas luncheon for December 13 in the home of Mrs. Mary E. Parke. Mrs. C. L. Fowler led the program and was assisted by Meadames R. I. Tubbs, D. D. Cross, R. G. Shelton, Joe Baldrige, F. V. Brown, Claude Burrus, Mary E. Parke, Harry Meyers and Alex McDonald. The next regular meeting will be with Mrs. Freiland W. Groce at 2209 15th street. Mrs. O'Sullivan served refreshments.

### A. A. U. W. Circle In Meeting Tuesday

H. C. Penier of the Technological college faculty led the discussion last evening when the A. A. U. W. International Relations circle met with Mrs. Mary W. Doak in her home. This circle is studying the League of Nations during the year and matter preliminary to the formation of the League were discussed last evening.

### Store Employees Are Served Banquet

Covers were laid for seventy people last evening at the Barrier Brothers store when the losing sales team in a contest served a turkey banquet for the winning sales team and other members of the store forces and their families. Christmas decorations were used for the table. Miss Gladys Odum was captain of the winning team with M. B. Dresser, Jr. as captain of the losing team. Other winners were Miss Edna Puryear, Mrs. George Morris, J. J. Chauncey, Mrs. J. J. Smiler, Mrs. James Murphy, Walter Smith, Mrs. J. R. Dickerson, Mrs. Hattie Stoker, Mrs. James E. Riddle, Homer Fieldis, Frank Cole, Mrs. Katherine Mills, H. B. Stratton and E. H. Robertson.

### Benefit Ball To Be Given Monday

The local U. D. C. chapter is having an annual Christmas Benefit ball on next Monday evening at the Up-Town Dance Palace, it was announced this morning.

### Mrs. A. D. Brown Has Bridge Parties

The second of two bridge parties for the week is being given this afternoon by Mrs. A. D. Brown in her home, 2304 14th street. Her first party was given yesterday and high score in the games was made by Mrs. J. B. Jackson with Mrs. F. R. Friend scoring low. Others playing were Meadames Fred Strohfer, DeWitt Sears, Tom H. Carter, W. B. Atkins, J. B. Jackson, Homer Grant, Robert Strickland, E. L. Dohoney, Edgar Lewis, T. W. Thomas, F. R. Friend and W. O. Stevens. A frozen fruit salad course was served.

### O. E. S. Xmas Party Is On December 18

Arrangements were made to send a Christmas box to the Eastern Star home in Arlington and December 18 was set as a date for a Christmas party last evening when the local O. E. S. chapter met in the Masonic Hall. Committees were appointed to look after these activities.

### Commission Seeks To Control Arms

GENEVA, Switzerland, Dec. 5 (AP)—A commission seeking to reach an agreement concerning the control of the manufacture of arms and material of war opened in Geneva today under the presidency of Count Von Bernstorff of Germany. The delegates did not take up any general discussion of the difficult question of the commission, today's activities being confined to the appointment of a committee to meet privately in an effort to attain an accord on a draft convention.

### Philadelphia Quiz Of Liquor Moves On

PHILADELPHIA, Dec. 5 (AP)—The of all persons arrested by federal finger printing and photographing prohibition agents and the questioning by police of all persons arrested for drunkenness as to the source of their supply of liquor were new weapons called into use by the authorities today in their war against bootlegging. Samuel O. Wynne, federal prohibition administrator, said he had decided upon the finger printing and photographing because of the many consistent violators of the prohibition law. The new system, the administrator said, would serve to identify persons who frequently violate the prohibition law as well as other offenders.

### Gotham Fans View 6-Day Bike Races

NEW YORK, Dec. 5 (AP)—The evening sprints, with plenty of spectacular jams, materially affected the standings in the 45th international six-day bicycle race at Madison Square Garden. At 10 o'clock last night the 48th hour of the grind, the veteran combination of France's Georgetti and Freddie Spencer had displaced McNamara and Van Nek from the lead. At that hour, Spencer and Georgetti had covered 808 miles and 9 laps and were a lap ahead of their nearest rivals, the teams of Debaets and Deckman and Walkhour and Deuburg. McNamara and Van Nek were three laps behind the leaders at that time.

### Bond Issue Wins

BROWNWOOD, Dec. 5.—Early election returns here today indicated that a proposed water bond issue of \$2,500,000 would carry by a large majority.

### The farmers are yelling they want farm relief—

Some help with their burdens, some aid in their grief; But it's a relief when you're in such a pickle To know you can get Little Toms for a nickel.

## FURTHER USE OF WATERWAY IS ADVOCATED

### COORDINATION OF THE VARIOUS FORMS OF CARRYING URGED

WASHINGTON, Dec. 5 (AP)—Opening session of the National Rivers and Harbors Congress was held by Secretary Davis of the war department, today that nation's needs require coordinated use of every form of transportation and that the waterways should be used to their fullest possibilities.

"The water-borne commerce in 1927 was over 500,000,000 tons," he said. "The increase has been steady with resulting benefits to the country in reducing its freight bill. On domestic commerce alone the savings have been estimated at \$500,000,000 annually. We see great developments in our waterway program. Railroads are reaching a high state of efficiency. We have thousands of miles of improved highways. We are developing air transportation. "But these transport agencies operating alone will soon become inadequate to handle economically our commerce. We must plan, not for next year alone, but for the next decade, the next half century. Our improved harbors provide adequate facilities for a much larger foreign and coastwise trade than at present. Hundreds of miles of improved inland waterways have been added to the network and other promising waterways are being completed."

Separation of the camps of engineers of the army from its important peace-time duties of developing and improving the country's rivers and harbors was opposed by Mr. Davis. Such separation he opposed not only as a direct blow against military preparedness but because of the possible introduction of "spook-barrel and log-rolling methods."

### Boys Hitch Hike 1300 Miles, 9 Days

Hitch-hiking 1300 miles in nine days is the achievement claimed by two sixteen-year-old boys who arrived here yesterday from Bowdon, Georgia. Leonard Holland and Olin Johnson, the latter a nephew of M. M. Brown, 2224 16th street, of this city, are the youths who made the trip. One started out with \$8, the other with \$38, which proved almost ample with which to reach here. At

# HOOVER GETS PERU SALUTE

## SEAPORT OF CALLAO IN WARM GREETING FOR PRESIDENT-ELECT

CALLAO, Peru, Dec. 5 (AP)—The seaport of Callao gave President-elect Hoover a picturesque welcome today when the U. S. S. Maryland came into port bearing Mr. Hoover on his good-will tour to Latin America.

The Callao waterfront was lavishly decorated and all ships both of the Peruvian Navy and merchantmen were beflagged and decorated in honor of the occasion. The piers and wharves along the waterfront were jammed with thousands of spectators as the Maryland anchored at 7:15 a. m.

Then the Maryland's launches began carrying members of the Hoover party ashore. Mr. Hoover himself planned to land with his immediate official party about nine o'clock.

Nine seaplanes of the Peruvian Navy soared over the harbor as President-elect Hoover started for the shore. Three Peruvian submarines, a half dozen destroyers and cruisers and other smaller craft lined the route across the harbor from the Maryland to the pier.

Pennants were flying and salutes roaring as Mr. Hoover in the Maryland's launches with the Peruvian government's official welcoming party passed through the lane of ships.

## McCracken Attends Aeronautics Meet

CHICAGO, Dec. 5 (AP)—William P. McCracken, assistant secretary of commerce for aeronautics, was here today to iron out differences between manufacturers in the aeronautical industry and government departments regulating their activities.

The all-day conference was designed to permit an amicable discussion of the problems involved in the approval of aircraft designs by the government, inspection of factories engaged in the production of airplanes, and rules governing the government's licensing of approved types.

Prominent airplane manufacturers have felt that the industry should impose upon itself certain regulations concerning the building of safe aircraft, and has sought department of commerce co-operation in this project. Regulations laid down by the department of commerce have been worked out in cooperation with the industry's wishes, and is to permit a thorough discussion of the problems involved in revamping the government's code that today's session was called.

# MAKE MACHINERY Boys Fashion Own Trailers In Canyon Class

CANTON, Dec. 5.—Thirteen boys of a shop work class in the West Texas State Teachers college high school are making trailers to use on the farms where they live.

Since they have almost no money available for purchasing materials the trailers have been made of discarded materials or junk. Two trailers have been made by using the rear axle assemblies of old Fords and a third by using the rear axle assembly. The bodies are built of salvaged lumber, and the boys paint them themselves.

A Randall county farmer sent word to the class that he would furnish the materials for two trailers if the boys would build him one. The offer was accepted. The farmer was getting rid of material that was worthless to him and the boys were getting a chance to make something they wanted.

This class is under the direction of T. M. Moore of the vocational agriculture department.

# DEMO CHIEFS PLAN CONFAB

## ACTIVITIES OF PARTY FOR ENSUING YEARS TO BE MAPPED

NEW YORK, Dec. 5.—A conference of leaders of the democratic party will be called shortly after the Christmas holidays, by National Chairman John J. Raskob, for a discussion of organization plans for evolving a program for the next four years.

Governor Smith, leaders of the house and senate, and national committeemen probably will be invited to attend.

Whether or not he will retain the chairmanship of the party Mr. Raskob indicated will depend on the attitude of the party leaders.

There has been criticism by certain southern leaders of Mr. Raskob's continued chairmanship, notably from Governor Dan Moody of Texas who blamed the chairman for the break in the Solid South in the last election.

Mr. Raskob indicated that if he should be retained as chairman he would carry on a militant campaign during the next four years.

## Fight High Heels

MARLBORO, Mass.—Chief Brown of the fire department wants high heels forbidden to high school girls because of the danger of catching in fire escapes. He asked the school board, the board referred it to the faculty, and the faculty passed the buck to the parents.

The French are taking a lot of interest in us since the election, says a dispatch from Paris. Well, if they won't give it, it's some consolation to have them take it.

# Pumpkin Pie

Because Fall and Winter bring us pumpkin pies we can almost forgive them for their bluster and chill.

The flavor of pumpkin is so delicious that when made into a pie it fully deserves a tender, flaky crust which only a delicate shortening like Crisco can make.

Try the recipe below. See if you don't agree that it's the best ever.

- Pastry*
- 1 1/4 cups pastry flour
  - 1/4 cup Crisco
  - 1/2 teaspoon salt
  - Cold water
- Filling*
- 3 eggs beaten light
  - 1 1/4 cups sweet pumpkin (not strained)
  - 1 1/4 cups milk
  - 1 cup sugar
  - 1 teaspoon cinnamon
  - 1 teaspoon ginger
  - 1/2 teaspoon salt
- Sift flour and salt. Cut Crisco in with two knives until the size of small peas. Add water (4 to 6 tablespoons) to make a paste which clears the bowl. Cover deep pie plate and pinch with fingers to make fancy edge.
- Mix together sugar, spices and salt. Mix thoroughly with pumpkin. Add eggs, mix well. Last add milk.
- Put in filling and bake in very hot oven (450° F.) until pie crust begins to brown, about 15 minutes. Reduce heat to moderate (350° F.) and bake until filling has set, about 30 minutes longer.

Crisco's sweet flavor will delight you!

For Christmas Shoppers

## STORY BOOKS

During the remainder of the week all our popular story books will be reduced and sold at an unusual low astonishing price.

These books are written by the well known, popular authors, who have many thousands of daily readers in all parts of this great country. Indeed this is a real opportunity to select real Christmas gifts.

CHILDRENS BLACK BOARDS selling at special price all this week.

Oh, and do not overlook the many other interesting Christmas gifts for everybody.

# SNYDER PURCHASE WHITE WAY LIGHTS

SNYDER, Dec. 5.—The city council last night endorsed the purchase of 66 ten foot ornamental light standards for a white way system all around the public square and one block each way off the square. A very satisfactory arrangement has been made with the Texas Electric Service company for the installation of the standards and the rate quoted is in line with that given other cities in this territory for white way systems. Every business house in town signed the petition with but few exceptions.

The new improvement is destined to give Snyder one of the most beautiful public squares in West Texas, as the present arrangement cannot be compared with any other county seat town along the Dal-Paso cavern highway. The County Federation of Women's clubs have taken it upon themselves every year to beautify the court house lawn and with the commissioners court have set out new shade trees and made of the square a place of beauty that interests the many tourists who are coming this way either over the Dal-Paso cavern

# BRITISH KING IS UNCHANGED

## NOTHING SPECIFIC IN REGARD TO STRAIN ON SOVEREIGN

LONDON, Dec. 5 (AP)—Lord Dawson of Penn returned to Buckingham Palace shortly after 2 p. m. today to join his colleague, Sir Stanley Hewett, in a consultation concerning the king's condition.

Lord Dawson remained about an hour. The Queen and Princess Mary, soon after the doctor's visit, went out for their usual afternoon motor ride.

LONDON, Dec. 5 (AP)—An anxious public learned today when a medical bulletin of King George's physicians was issued that his Majesty was suffering from renewed activity of the infection in his chest. Previously an improvement in this condition had been reported, but today's bulletin states that this was what had caused the disturbing rise in his temperature noted yesterday.

There was a measure of relief to the popular mind, however, in the announcement that there were reasons for hoping that this recrudescence was being moderated and also that the night had been a fairly comfortable one for the king.

There was nothing specific in the morning bulletin regarding the king's temperature. Nor was anything said as to how his heart was reacting to the long strain of illness which, it had been strongly reiterated recently, was the vital point upon which the king's chances of recovery rested.

The bulletin was signed by Sir Stanley Hewett and Lord Dawson of Penn, read:

"The king has passed a fair night. There are reasons to hope that the recrudescence of the infection which caused the last rise of temperature is being moderated."

LONDON, Dec. 5 (AP)—Letters patent under the great seal, in connection with yesterday's appointment of six counsellors of state, have been sealed and today Queen Mary, the Duke of York and Premier Baldwin, members of the commission, signed various documents which had accumulated during King George's illness.

# Appeal Courts

AMARILLO, Dec. 5.—The following proceedings were in the court of civil appeals for the seventh district at Amarillo today.

Motions granted: Ferguson Seed Farms, Inc. vs. W. M. Toliver et al to strike appellants' briefs and dismiss appeal.

Reversed and remanded: First National Bank of Littlefield vs. Lee Cooper, et al from Cochran. Appeal dismissed: Ferguson Seed Farms, Inc. vs. W. M. Toliver, et al, from Hale.

Submitted: R. J. Murray vs. Lulu Morris, from Lubbock; C. W. Williams vs. A. P. Moore, from Terry; Community Natural Gas Co. vs. Northern Texas Utilities Co., from Wilbarger; Morrison vs. Smith, et al vs. Lora A. Chipley, et al from Terry; W. A. Johnson, et al vs. Mrs. O. C. McMahan, from Dickens; R. E. Rinsinger vs. First State Bank of Abernathy, from Hale.

# Escaped Convict Caught After Scrap

PHILADELPHIA, Miss., Dec. 5 (AP)—The mysterious departure of a detachment of national guardsmen who left Jackson early today was cleared up a few hours later by their capture of Virgil Dunn who had been standing off the sheriff's forces in Neshoba county. Dunn, an escaped convict, was shot three times and was said to be seriously wounded.

The Mississippi guardsmen had departed from Jackson under sealed orders in command of Adjutant General J. M. Hairston and Governor Hullo had declined to say where he had ordered them. Dunn, who had been hiding, escaped to a nearby woods when the soldiers arrived but was followed up and taken after a fight.

# POSTOFFICE

(Continued from Page 1)

Richey, federal district engineer, who was in Lubbock several months ago in connection with the selection of the federal building site, told Mr. Vaughn that the appropriation stood at \$180,000, of which only \$50,000 was available at that time. He said that the proposed building would be 85 by 130 feet and would be three stories high, accommodating both the post office and federal court.

# THE TRAIL OF SMUGGLED GEMS

## \$50,000,000 Worth of Diamonds Travel Over Illegal Path Each Year, Sleuths Say

BY ALEXANDER C. HERMAN  
Staff Writer for Central Press and The Journal

NEW YORK, Dec. 5.—Diamond smuggling makes bootlegging and other surreptitious practices look like small-ry pickings. For it is reliably estimated, the value of gems brought into this country by crooked means annually amounts to \$50,000,000.

Add to this the lesser smugglings of returning tourists, who think it is good fun to beat the government, and the sum becomes staggering.

Since the government duty on cut diamonds is 20 per cent, the annual loss to the country's treasury exceeds \$10,000,000!

Smuggling Ring Active  
Most of the smuggling is done by a ring—said to consist of twelve ship's stewards, the customs officials believe they have tapped the inner circle. But they do not expect clean-up, until the members abroad are apprehended.

On account of extradition laws, this may prove an impossible task. So the investigations, which have been going on for years, will continue being carried on by American government operatives—whose jobs are among the most intriguing in all secret service, and yet the most discouraging.

When one found is tapped, another springs wide open elsewhere. For not all smugglers operate in rings.

Wanted Lone Game  
One of the most astute worked a lone game—aided by his wife. He had been under suspicion for years. Yet each time that he returned, and was searched, nothing was found.

The man would make several trips abroad each year—always traveling on the same ship in the same cabin. Finally one smart customs man began watching the suspect, not when he was an incoming passenger, but outgoing. He noticed that the man's wife always went down to his cabin just before the last call ashore was made.

One day the operative stopped the woman, searched her, and found the solution. The smuggler would secret his gems in a secret compartment in his cabin. He wouldn't touch the jewels when he landed. But as he sailed back, he would hand the packet to his wife, who would then sneak off in the bustle of the final good-byes.

Another lone wolf smuggler was caught when it was noticed that his shoes were a bit longer than his size warranted. Search revealed an ingenious arrangement which concealed a little box, built in a false front of the shoe.

Hollowed heels used to be a vague but the authorities soon got help. Occasionally a smuggler brings in one or two gems only would swallow them.

Ship's Officer Arrested  
But the best organization exposed to date is that of the group arrested on the Cunard pier. On a tip-off from abroad, a young army of agents went down the bay to meet the incoming Berengaria. They began the search as the boat left quarantine, two hours before reaching the New York pier. No cabin was spared—not even that of the captain.

As a result of intensive search, they found a packet of diamonds, valued at \$50,000, secreted in the cabin of William Ballyn, the chief steward. The arrest of John J. McIntyre, patrolman stationed on the pier, soon followed. And then came the taking into custody of Morris Landau, jeweler, and his daughter, Frances.

It is charged that some one—said to be another member of the Landau family—would get the diamonds in Belgium, take them into England where there is no duty, pass them to the steward, who would hand them over to the pier cop at the end of the trip. The jeweler or his daughter would then call for the gems at the policeman's house.

According to the arresting officers the cop received \$300 a package for each delivery—of which he would give \$100 to the steward.

Delivery Guaranteed  
These rates are below those usual-

ONE DAY THE OPERATIVE STOPPED THE WOMAN, SEARCHED HER, AND FOUND THE SOLUTION.

THE STEWARD WOULD HAND THE DIAMONDS OVER TO THE PIER COP AT THE END OF THE TRIP.

ly charged by the international ring for the gang in Paris ask 8 per cent of the value of the diamonds, and offer, in turn, guarantee of delivery.

If demanded, the European ring leader will post a check for the full amount of the shipment, payable at the importer's bank in the United States—just to show his faith and certainty of delivery!

With the 8 per cent cut for the ring, the dishonest jeweler is still 12 per cent ahead of his competitor who pays full duty!

Even from the professional smuggler less each year through tricksters, the government faces considerably of incoming passengers who "get away" with petty thievery. But to stop this, the government would need an army of inspectors—almost one for every passenger.

# RED CROSS CONGRESS

(Continued from Page 1)

A meeting of team captains, who will conduct the campaign, was held in the Chamber of Commerce rooms Tuesday afternoon. These captains are: L. C. Ellis, W. H. Rodgers, J. T. Trigg, J. D. Carnett, N. L. Peters, B. C. Dickinson, Claude Burrus, H. C. Baggett, Homer D. Grant, J. B. Rhodes, R. J. Murray, O. W. Ribble and Thomas C. White.

Although this drive locally is in connection with a national drive of the Red Cross organization, all of the money given to the men's teams will be used by the local chapter.

# ADAMS TRIAL

(Continued from Page 1)

also to furnish one of the highlights of the trial.

Moving slowly in preliminary details, attorneys had accomplished little today in the selection of the jury. From 20 men questioned, only one was found suitable to sit as a member of the jury.

The juror who brought the total number to eight, was J. P. Galley, Grand Prairie gin builder. Galley was found acceptable to both the prosecution and defense after a query from a defense attorney asking if the juror had any opinion as to whether Adams was right or wrong in attempting to collect the bet, had aroused a storm of protests from the state.

Early in the day the special venire of 200 men summoned for service in the case was exhausted and 75 others, members of a regular panel, were ushered into the court room. Their number had dwindled perceptibly at the noon recess. Being that another group must be obtained in order to fill out the jury, District Judge C. A. Phippen ordered four deputy sheriffs to bring 100 additional men into court tomorrow for possible service in the case.

# 'King Of Gamblers' Held For Ransom

LOUISVILLE, Ky., Dec. 5 (AP)—Ed Alvey, 60, widely known race horse man and known as "King of Gamblers" has been kidnapped, apparently by racketeers, who have issued a demand for \$50,000 ransom.

# COTTON HALF PICKED, VIEW

## NEED FOR PICKERS IS BELIEVED MET BY FARMERS HERE

The 1928 cotton yield of Lubbock county is more than half picked at the present time, according to the opinion of county Agent D. F. Eaton and N. H. Payne, Lubbock county farm bureau official.

Both of these agricultural authorities this morning expressed views to the effect that the total cotton this year would be from between 35,000 and 40,000. This was Mr. Eaton's original estimate several weeks ago, and he said today that every indication pointed that this estimate would prove accurate.

Mr. Eaton reports that considerable cotton is still in the field and that few farmers of the county are through picking. The need of pickers has been adequately taken care of, he said.

With continued dry and still weather the gins of the county will be run at full capacity for some time, it was said.

# U. S. SENATOR RESIGNS POST

## POOR HEALTH IS CITED AS CAUSE BY SOLON FROM DELAWARE

(By Associated Press)  
WILMINGTON, Del., Dec. 5.—U. S. Senator T. Coleman Dupont of Delaware has resigned his seat in the senate because of his health.

The resignation was made known today by Governor Robinson who said he had received a copy of the letter of resignation which the senator had sent to Vice President Dawes.

Senator Dupont is recuperating from a long illness at his country place near Cambridge, Md.

Mr. Dupont, a republican, became a senator in 1921 when appointed by Governor William D. Denney to succeed Josiah Wolfelt, democrat, resigned. Senator Dupont was a candidate for election in 1922 but was defeated by Thomas F. Bayard, democrat. He was again a candidate in 1924 and was elected.

Gov. Robinson had not indicated whom he will appoint to fill the vacancy but it is said the republican organization of Delaware has indicated to him that his preference is for Daniel O. Hastings, judge of the municipal court in Wilmington.

# Light Knocks Out Roberts, At Chicago

CHICAGO, Dec. 5 (AP)—Bill Light, St. Paul welterweight, score a technical knockout over John Roberts, Huntington, W. Va., in thirteenth round of their scheduled ten round bout here tonight.

The fight was a one-sided affair Light winning every round. Light weighed 146 pounds, Roberts 148.

# Delay Execution Set For Holidays

BATON ROUGE, La., Dec. 5 (AP)—Governor Huey P. Long today granted a reprieve until January 3 for Mrs. Ada Bonner Le Bouef and Dr. Thomas E. Dreher sentenced to hang for the murder of the woman's husband. The hangings had been set for December 21, but in response to pleas against hangings during the Christmas season, the governor agreed to a postponement.

# Bill For Repairs To Ships Passed

WASHINGTON, Dec. 5 (AP)—Moving swiftly and with little debate, the house today passed the Brittle bill to authorize \$14,800,000 for alterations and repairs to the battleships Pennsylvania and Arizona. It now goes to the senate.

# Guine THE TAILOR

## Our Hosiery Repair Dept.

# Beautiful Permanent Waves

NOW that the Christmas social season is near you will want a new "permanent." It is a good thing for your hair to have one now, for winter with its dampness makes your hair soft and responsive, and it will become "more beautiful" (Santa's Item) through the months that ensue.

# Lubbock Beauty Parlor

1115 Ave. K. Phone 322

# Song Program Is Rotary Feature

Mrs. Violet Grayum McKnight, Rotary Sweetheart of the twenty-first district, led a song program at the regular weekly luncheon of the Lubbock Rotary Club at the Hotel Lubbock at noon today.

Mrs. McKnight sang two solos, and was assisted in several other numbers by an array of local talent, including Bill Jackson, Spencer Wells, J. A. Raley, H. L. Allen, T. B. Dugan, M. C. Overton.

Nell H. Wright was in charge of the program.

# Before-Christmas Mail Rush Starts

The usual pre-Christmas heavy mailing, consisting mostly of mail orders, is in full swing at the present time. Postmaster John L. Vaughan said this morning.

He reported that the postoffice did not expect to catch up and be ahead from now until Christmas. The first holiday mailing is expected to begin soon.

The large amount of post card advertising is the cause of the present congestion, Mr. Vaughan said. "It takes about twice as much time to handle post cards as it does letters."

# Delay Execution Set For Holidays

BATON ROUGE, La., Dec. 5 (AP)—Governor Huey P. Long today granted a reprieve until January 3 for Mrs. Ada Bonner Le Bouef and Dr. Thomas E. Dreher sentenced to hang for the murder of the woman's husband. The hangings had been set for December 21, but in response to pleas against hangings during the Christmas season, the governor agreed to a postponement.

# WHEN A NEWSPAPER TRAVELS THE "LONG ROAD" TO SUCCESS IT SHORTENS THE WAY FOR THE ADVERTISER

WHEN a newspaper that has been established upon sound principles—has the courage and patience to let passage of years prove its merit. When it stands the test of worth, of service, of dependability, year after year.

When it is a credit to the community and section in which it is published—a newspaper that represents in spirit and character the people it serves, and one of which the citizens are proud. Building carefully and substantially, winning confidence over the long road.

Then that newspaper shortens the way to sales for the advertisers using its columns.

# MATADORS HAVE PRACTICE BASKETBALL GAMES NEXT WEEK

## TECH FAVORED FOR NEW MEMBER IF CONFERENCE EXPANDED

### SOPHOMORES BACKBONE OF PAYNE TEAM

#### WAYLAND COLLEGE AND SPUR QUINT APPEAR ON SCHEDULE

Tech players swing into action next week with two practice games on the program, Coach Victor Payne announced this morning. Wayland Jackrabbits come here Wednesday night for the opening contest of the season and on the following night the Spur Athletic club quintet, composed of college and high school stars will meet the Matador five. The games will start at 7:30 in the Tech gymnasium.

Although lacking in veteran material, Coach Payne is working with a host of sophomore basketballers who are showing considerable promise in early practice. Conflicts with various entertainments in the college gymnasium has reduced the practice sessions to a minimum, and as a result, the squad has been unable to round into playing form as the usual rate.

The Matador game mentor will leave Friday morning for Dallas where basketball games will be arranged with members of the Southwest, Texas and T. I. A. A. conferences. Track engagements will also be scheduled by Coach Payne.

An admission of 50 cents will be charged for the practice games next week, Coach Payne said.

Gentlemen of The Jury

Some interesting points about the methods pursued in recruiting college football players have been brought out in a controversy down south resulting from the charge made that Red Cagle, star Army back, was a tramp athlete before he went to West Point. The statement that Cagle was a tramp athlete and refused to enter Texas A. & M. after he had been secured, was credited to the Ashburn, former commandant of A. & M. and now vice president and general manager of the Houston Chamber of Commerce.

In reply to the charges, T. R. Mobley, athletic director at Southern Louisiana Institute, where Cagle played before he went to the Army, wrote the following letter:

"Colonel Ashburn is wrong when he says that Southwestern Louisiana Institute is a small school in Louisiana. It is a standard four-year college, is a member of the Southern Association of Colleges and has an enrollment of 828 students. It has been a standard four-year college since 1921, the year before Cagle entered. And as for Cagle boasting that he was 'just about the best football player in this part of the country,' this to me who really knows this fine boy—is a joke, indeed. I think I know Cagle as well as anyone and I never have heard anyone make such a statement before. Please ask Colonel Ashburn to read what the sport writers all over the country say about the modest Cagle and how hard it is to get him to talk about his playing."

"Bull" Went Hunting  
"These are the facts regarding Cagle going to Texas A. & M.: 'Bull' Johnson was coaching South Park College in Lafayette, when we played them in Lafayette. After the game he stated that Cagle was the finest football player he ever had seen and immediately began talking to him about going to Texas A. & M. Cagle was in his junior year and already had played three years of varsity football, as we did not have the freshman rule at that time. The following summer, while Cagle was here in school, 'Bull' Johnson came to Lafayette and stayed here two days. He never came out to see me or to visit our campus. I do not know what inducements he offered Cagle and

### BOUND FOR THE COAST AND STANFORD

Ramblin' Wreck of Georgia Tech Will Tackle Touted Team of Coast In Annual Classic at Pasadena Rose Bowl

The Ramblin' Wreck of Georgia Tech which southern railroad football are glad was the outfit chosen to represent the east in the annual mid-winter game in the Rose Bowl at Pasadena, Cal. Above are some of the stars who have kept the Golden Tornado's record clear of defeats. They are Captain Peter Pund, center; Stumpy Thomason, Warner Mizell and Fether Lumpkin, backs; Frank Speer, tackle, and Raleigh Drennon, guard.

#### Post-Season Tilt Declined By Tech

Negotiations which have been under way during the past few days by the Childress all-stars to schedule a pre-season game with the Tech Matadors have come to naught, a members of the Tech coaching staff announced this morning. Coach Evesland was in communication with a Childress official early in the week and failed to reach an agreement with the all-star representative.

#### Horween Regime At Harvard In Doubt

CHICAGO, Dec. 5 (AP)—Whether Arnold Horween will continue as head football coach at Harvard will be determined after the first of the year, when the former Crimson player returns from his honeymoon. Horween was married Thanksgiving

#### But Didn't Bar Fed

"Cagle stayed there only one week and returned to Lafayette. When I talked to him about this he said he never had any idea of going to Texas A. & M. but that Mr. Johnson insisted he go over there and see the school and that he might change his mind. He told me they offered him a job that would pay all of his expenses if he stayed. I don't know what the offered Welch but he stayed and is there yet."

"Another angle is that these boys were asked to go there during the summer and register before July 1 in order to beat the matriculation rule which the conference had passed that year."

"Cagle finished here and secured an appointment to West Point from this district and what he has done is well known. He is one of the finest boys we ever had here and is modest in every way. He had a job in his junior and senior years here and this paid him \$20 a month."

"So I ask that you investigate this story further and if you find the facts to be as I have stated, please correct the report which gives the impression that Cagle was a tramp athlete and was trying to hold up Texas A. & M. for a large sum of money to play football."

### WESTERNERS START GRIND AGAIN TODAY

#### POSSIBILITY OF TEAM'S CONTINUING IN RACE REVIVES TRAINING

Superintendent M. H. Duncan and Coach Henry Frnka left early this morning for Quanaah where at 11 o'clock this morning Lubbock's protest concerning the eligibility of Bob Walker, Amarillo halfback, was to be heard by the district committee, headed by C. E. Davis.

Should the Sandies be thrown out of the running in the Interscholastic League race, the Westerners will meet Abilene, District Two champions, in the bi-district match at an early date. The game between Abilene and Amarillo was scheduled for this Saturday on the Simmons gridiron in Abilene.

The protest filed by Superintendent Duncan is based on the fact that Walker participated in a game with the Sherman Bear-Kittens against the Presbyterian School of Denison during the season of 1924. Lubbock officials have been furnished with a sworn affidavit to this effect.

In a telephone conversation with the Avalanche-Journal, Superintendent W. A. McIntosh of Amarillo stated that every measure had been taken to reach the truth of the matter and that Sherman officials said that Walker was eligible. McIntosh, Coach Dutch Smith and Wesley Lizzard, Amarillo News-Globe sports editor, represented Amarillo in the meeting at Quanaah.

**Team in Training**  
In view of the possibility of their meeting Abilene in the bi-district encounter, the Lubbock high school Westerners have continued their training during the week under the Frnka. In case the decision favors Lubbock, the local gridder will be directed by Coach Morgan and his intensive work tomorrow to prepare for the powerful attack of the Bear-Kittens.

Although apparently confident that the protest would be upheld, Coach Frnka said last night that there would be no sour grapes if Amarillo was allowed to continue in the race for the state high school title.

"If the Sandies play Abilene Saturday, I'll be there on the sidelines rooting for Amarillo until the last whistle blows," the Lubbock mentor said.

Day. A new contract was offered Horween after the Yale game and he is said to be seriously considering signing.

### ALL-WESTERN TEAM NAMED BY CRITICS

#### FIGHT RESULTS

(By Associated Press)

CLEVELAND—K. O. Christner, Akron, O., knocked out Knute Hansen, Denmark, (8); Billy Wallace, Cleveland, outpointed Johnny Farr, Cleveland (10).

CHICAGO—Billy Light, St. Paul, stopped Johnny Roberts, Huntington, W. Va., (9); Dick Hoppe, Los Angeles, outpointed Cuddy De Marco, Pittsburgh (10).

INDIANAPOLIS—Henry Lenard, Chicago, outpointed Charley Goodman, Brooklyn (10).

LOS ANGELES—Kid Francis, Italy, outpointed Charlie Pinto, Buffalo, N. Y., (6).

DES MOINES, Ia.—Harold Matthews, Lincoln, Neb., knocked out F. Perfecto, Manila, P. I., (7); Kenneth Hunt, Des Moines, stopped Sandy McDowell, Omaha (7).

VALLEJO, Calif.—Johnny Norman, San Francisco, outpointed Frankie Murray, Philadelphia.

#### DRAFT PROPOSALS PROMISE TO LOSE

TORONTO, Ont., Dec. 5 (AP)—Every indication pointed to defeat today of proposed amendments to the laws governing the draft or selections of baseball players for promotion from the minors to the majors.

Delegates to the annual convention of the National Association of Professional Baseball Leagues had Sunday speeches on the subject in mind, but regarding the rout of partisans of unrestricted selection as assured presidents and managers of scores of minor league clubs turned to talk of trades.

One major league club reached out for a minor league prospect when Billy Evans, business manager of the Cleveland club, closed with Kansas City for the purchase of Jim Zinn, a pitcher who had a trial with the Pittsburgh Pirates in 1922 but since then has been able to win more than 20 games each season.

#### Oklahoma Halfback Is Chosen Captain

NORMAN, Okla., Dec. 5 (AP)—Frank Crider, 22 year old, of Durant, who for two years has played half back on the University of Oklahoma football team, tonight was elected captain of the 1929 Sooner team.

### SCHOOL HERE PLAYED WITH LOOP'S RULES

#### OUTSIDE CHANCE GIVEN TECH TO LAND BERTH IN MAJOR CIRCUIT

The members of the Tech athletic council meet with the officials of the Southwest conference in Dallas this Saturday, the Matador representative will be vying with other strong schools, who are vying for admission into the major athletic conference of the state and southwest, Simmons university and Centenary college of Shreveport, La., are the other institutions who will be represented in the meeting.

After abiding by the rules of the conference during the past football season, Tech is making her second bid for a berth among the conference group. Tech is given an outside edge on the other candidates, in case an addition is made to the conference this season.

"I don't believe the Southwest conference will take in any new members at the meeting Saturday," Coach Payne said this morning.

Coaches Freeland and Payne will likely have a busy day Saturday arranging football, basketball, baseball and track events with various members of the Southwest, Texas and T. I. A. A. conferences who will be represented in Dallas.

#### New York Yankees May Buy Asheville

ASHEVILLE, N. C., Dec. 5 (AP)—Owners of the New York American League baseball club were reported today negotiating for the purchase of the Asheville club of the South Atlantic League. Guarantee that Asheville must have a professional baseball club for at least 10 years and that Ray Kennedy be retained as manager in 1929 are said to be among provisions of the reported negotiations.

#### Wallace Whips Farr In Grudge Ring Bout

CLEVELAND, Dec. 5 (AP)—Billy Wallace and Johnny Farr, both of Cleveland, former stablemates, carried their personal feud into the ring in the semi-final of the annual Christmas fund boxing show tonight and Wallace won a decisive victory after ten furious rounds. Wallace weighed 133; Farr 130 1-2.

Wallace jabbed the Italian light-weight all over the ring. News-permen at the ringside gave Wallace all but one of the ten rounds.

#### Mehlhorn Captures Hawaiian Tourney

HONOLULU, T. H., Dec. 5 (AP)—"Wild Bill" Mehlhorn of New York City won the first annual Hawaiian open golf championship and a \$5,000 purse today from Fred Morrison of Alhambra, Calif.

The pair tied in the regular 72-hole tournament with low cards of 291 each. At the end of the first nine today, they were even but Mehlhorn got a birdie three on the

# TARIFF WORK PLAN MAPPED IN THE HOUSE

### NO OPPOSITION SHOWN FROM DEMOCRATS ON REVISION SCHEME

(By Associated Press) WASHINGTON, Dec. 5.—The action of republican members of the house ways and means committee in voting to begin hearings January 7 on a tariff revision bill was approved unanimously today by the full committee. Chairman Hawley announced that no opposition developed from democratic members, some of whom was invited to yesterday's session.

The committee then, with democrats present, adopted a resolution declaring the hearings would be held for the purpose of obtaining information necessary for the effective readjustment of the duties on imports wherever it shall be found necessary that such duties should be readjusted.

Beginning the Monday after New Year's, the committee will take up in the order in which it appears in the present tariff schedule of the law and all industries will be notified in advance as to the particular date when their duties will be considered.

Under the plan agricultural products would be considered Jan. 24 to 26.

Hearings are expected to be completed by February 25 and the writing of a new bill would be begun immediately after adjournment of the short session. It is the opinion of the committee members that they will be able to have a bill ready by May 1, in the event of a special session of congress should be called.

In order to carry out this program the committee instructed Chairman Hawley to ask the house for authority to sit after adjournment of the present congress on March 4.

## Man Arrested For Slaying In 1926

QUINCY, Ill., Dec. 2 (AP)—Alfred Kennedy charged with the murder of William Burke, in Peoria in 1926, was arrested in East Hannibal today by police and Pike county sheriffs. When found he had a bullet wound in his right thigh. He is suspected of the robbery of a hotel in Jefferson City, Mo., and a holdup here in which \$500 and \$1,500 diamond ring were taken from Ed Spickler, a lunch counter owner.

Papers in his possession show he has been in California, Mexico, and Texas in the last year.

## 113-Year-Old Dies

RITCHFIELD SPRINGS, N. Y., Dec. 5 (AP)—Mrs. Delina Filkins, 113, died here today. She was born in the town of Stark, Herkimer county, New York, May 4, 1815.

# WITH AL 'WAY DOWN IN MISSISSIPPI

After a round of golf, Governor Al Smith of New York takes the wheel of the good ship Fairy Queen for a fishing trip off Biloxi, Miss., where he is spending a vacation. Standing behind Smith is James J. Riordan and next to him is John J. Raskob. Behind Raskob is John F. Gilchrist. All are members of Smith's party.

## IN WEST TEXAS

### News Tidbits From Many Places

## Midland Plans Fete

MIDLAND, Dec. 5.—Personal visits by a representative of the Midland Chamber of Commerce are being made this week to Odessa, Stanton, Big Spring, Wink, Pyote, Kermit, Monahans, Wickett, Crane City, Rankin, Iranan and various oil camps in the Midland oil field area inviting citizens of these towns to help Midland enjoy the much dressed up city and programs to be enjoyed from Dec. 6 to Dec. 25. Several thousand dollars are being spent to decorate the city, the Chamber of Commerce alone having spent \$1,000 for 150 Christmas trees, several hundred colored lights and other decorations.

## Raid At Electra

ELECTRA, Dec. 5.—Approximately \$25 worth of cigars and \$7 in cash were taken by a burglar who opened the front door of a Clarence Saunders store here Monday night. The store is left lighted all night and owners of a cafeteria in the same block saw a man at the cash register and spread the alarm.

## Capture Bear

CISCO, Dec. 5.—The capture of a young bear alive was an occurrence that thrilled three Cisco boys, Burchell Johnston, William Less and Ray Johnston, while they were playing in the hills west of town. The boys noticed that the young bear showed no signs of viciousness or fear, so they decided to capture him alive. They procured a forked stick and, placing it over his neck, they proceeded to hogle him. They then placed a pole between his manacled legs and carried him to a neighboring farm house, where they borrowed a wheelbarrow and carried him to their home in Cisco.

## Stanford Airport

STAMFORD, Dec. 5.—At a deer supper held Monday night by the American Legion Post here plans were made to assist in every possible way the airport project now under way in Stamford. Construction of the airport began some time ago. When completed it will provide a landing field on the Oklahoma City air route.

# BRAKES THAT HELD SOLONS ARE LOOSED

### CONGRESS STARTS WITH CONSIDERATION OF MAJOR PROJECTS

(By Associated Press) WASHINGTON, Dec. 5.—Brakes which were jammed on the nation's legislative machinery six months ago so congress could attend the republican convention in Kansas City were loosed today as both senate and house swung into action on the actual work of the short three months' session.

The task at hand was the picking up of legislation where it had been dropped to enable a presidential campaign to get under way and the senate found itself again embroiled in the Boulder Canyon dam fight which last winter caused sleepless nights and days of talk. This bill was the order of business under an agreement reached in closing days in June.

At the house side of the capitol where the big job in every short session is the rushing through of the annual batch of supply bills, the naval committee had the right of way to take up measures of concern to the naval establishment. All of these, however, were of minor importance as this committee got its major task completed last winter in having the 15-cruiser construction bill passed and sent to the senate where it is awaiting action.

To Receive Budget Talk But before the naval committee got under way the house arranged to receive the annual budget message from President Coolidge—last formality of the opening session. The contents of the budget recommendations for weeks have been known to members of the appropriations committee and official presentation of the document was the signal for the introduction of the first of the supply measures—that providing funds

## Lockney C. C. Meet

LOCKNEY, Dec. 5.—The annual banquet of the Lockney Chamber of Commerce will be held Thursday evening.

Guests have been invited from Wichita Falls, Amarillo, Fort Worth and the neighboring cities. Instead of having a principal speaker it is the plan to call for short talks from the many notables invited.

# STATION TO TEST FEDERAL RADIO ACT

WASHINGTON, Dec. 5 (AP)—The case of radio station WGY of Schenectady, N. Y., now before the District of Columbia court of appeals, in which the station has appealed from the allocation given it by the Radio Commission, today gave promise of resulting in a test of the validity of the Radio Act.

After instructing counsel for the commission and the station to agree on the "facts before the court" within twenty days and granting station attorneys ten days to reply to the commission's motions to dismiss the appeal, Justice Van Orsdel

## Pampa Man Is New Member Of Society

CANYON, Dec. 5.—C. A. Tignor of Pampa is the most recent life member of the Panhandle-Plains Historical Society.

Others who have become members within the past few months are H. T. Burton, Clarendon; D. O. Beene, Wheeler; Senator Claude Hudspeth, El Paso; Mr. and Mrs. W. G. Baxter, Dimmitt; J. W. Stevens, Plainview; J. Ed Crawford, Tulla; J. D. Speer, Pollett; U. N. Oliver, Amarillo; George Ely, Denver, Colorado, and Marlon Carretson of New York city.

The society is undertaking a campaign to raise \$50,000 with which to erect a museum in which to house the largest collection of historical materials to be found in Texas. The president, T. D. Hobart of Pampa, H. E. Hoover of Canadian, L. Gough and T. F. Turner of Amarillo, J. A. Hill, J. Everts Haley and Mrs. T. V. Reeves of Canyon are in charge of the campaign.

# Twelve Of Steamer Crew Are Rescued

ST. PIERRE, Miquelon, Dec. 5 (AP)—Twelve members of the crew of the French steamer Beneff which reported last night she was striking ninety miles south of here were taken from the ship by the steamer Watuka today. Radio advices here indicated the ship was in no immediate danger and four members of the crew, including the captain, would remain on board awaiting the arrival of a tug from St. Pierre.

# Sack Contest

## Rules of the Contest

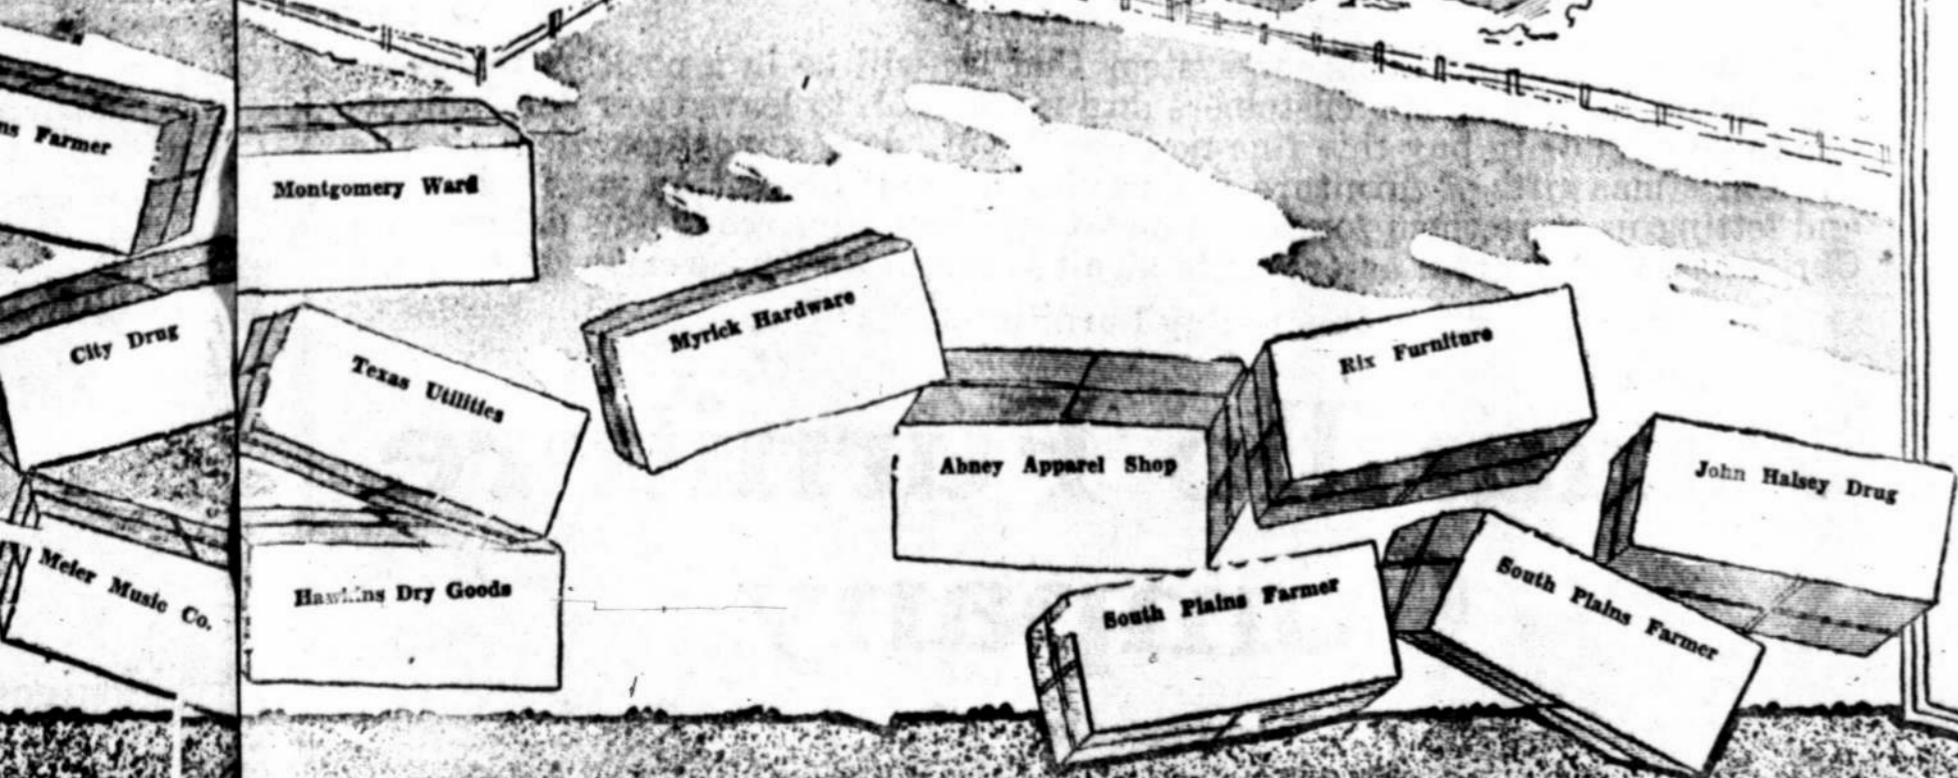

Santa Claus' Sack holds \$2,300 in Cash Prizes for those who present the most attractive exhibits of the five pages comprising the "Santa's Sack Contest."

Local Prizes as above outlined. National prizes offered amount to \$2,000.00.

The requirements are simple. Anyone may enter—man, woman or child. All that has to be done is to write plainly and neatly the name of the "Santa's Sack Item" on each package appearing on these pages. They will be found in the advertisements appearing in this paper under the name of each firm whose name appears on the packages seen falling from Santa's sleigh. So turn to the advertisements and you will find in each some item followed by the word "This Is The Item for Santa's Sack," "Santa Claus Special," "Santa's Item" or some similar wording indicating clearly the item to which each firm refers. It is not possible to make a mistake.

The prizes will be awarded for the best appearing set of pages sent in. Color them if you wish. But they must be original pages that appear in this paper—no special drawings will be eligible. Do not send them separately, but wait until you have completed the last one on December 16th., and send them all in to us. All entries mailed into this office must bear first-class postage.

See that your entry has your name upon it, and be sure that it is delivered to the Editor, Santa's Sack Contest, care this paper by December 18th., as that is the day we will close the contest, so that prizes may be awarded before Christmas.

### SUBWAY WORK WILL START BY FIRST OF YEAR

#### CONTRACT OF LUBBOCK AND RAILROAD TO BE COMPLETED SOON

With virtually all of the difficulties between the city of Lubbock and the Santa Fe Railway ironed out, construction of the two subways under the Santa Fe tracks on Broadway and Avenue H, authorized last September by a bond election, should begin by January 1, it was announced late yesterday by Mayor Harley D. Woods.

This advice was given out by Mr. Woods following the receipt of word from officials of the railway. Detailed plans for the underpasses were received yesterday by city officials, and it is expected that the specifications from the division superintendents office at Slaton will be received sometime this week. The city's part of the construction of these two subways was authorized in a \$350,000 bond issue which passed by an overwhelming majority last September.

Construction on the Broadway underpass will be the first undertaken, the traffic over that route being diverted by way of Avenue H. Upon completion of the first subway, construction of the second will be started, with the Avenue H traffic going across the tracks on Broadway.

According to Mayor Woods, information has been received here from the Amarillo offices of the Santa Fe that the contract to be entered into by the railway and the city of Lubbock will be brought here this week by an attorney of the company.

This contract is an outgrowth of a discussion by city and railway officials at a meeting of the two bodies about five weeks ago. At that time provisions of the proposed contract were gone into in the hope of reaching a mutual agreement, and it is now thought that all differences have been settled.

#### An Unpleasant Subject

All of the functions of life are unpleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have reason, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 55 cents per bottle from LUBBOCK DRUG CO.

### EUROPEAN BEAUTIES INVADE U. S. SEARCHING FAME

American beauties are being challenged by this crew of fair ramaels just arrived from Europe. They have come from Germany, England, France, Russia, Spain, Austria and Poland to seek their fortunes in the United States.

### STATE ASTIR ON ROAD PLAN

#### MUCH AGITATION OVER \$350,000,000 ISSUE IS NOTED OVER STATE

The entire state is considerably agitated over the R. S. Sterling plan of voting \$350,000,000 bond issue for building a state-wide system of paved highways. George A. Fields, district highway engineer of Division No. 5 with headquarters at Lubbock, said yesterday upon his return from the quarterly meeting of the district engineers of the highway department at Austin.

"It is evident that the next legislature will spend much time considering this plan," he continued. Mr. Fields also reports much interest in all parts of the state of the bond elections and issues in the South Plains. He said that Lubbock was fortunate in having such a large number of state and federal highways in the county, and expressed hope that the proposed \$1,000,000 bond issue would carry.

Mr. Fields is the engineer of this district which includes twenty-one South Plains counties. This is one of the largest of seventeen districts in the state, the one of twenty-six counties with its headquarters at Amarillo being the largest.

### AIR REGULATION

#### Barnstormer Pilot Training Courses Draw Criticism

CHICAGO, Dec. 5 (AP).—The "Barnstormer's" flying school school was scored today as a menace to aviation by the aeronautical Chamber of Commerce and steps were taken to establish a code for the guidance of "accredited" schools.

Twenty flying school operators, here for the International Aeronautical Exposition, agreed that too many youths who want to fly have been misled by the over-optimistic claims of incompetent schools.

They formed a permanent committee on flying schools to work out a code upon which schools might, after March 1, be "accredited" by the Aeronautical Chamber of Commerce, and adopted resolutions to effect immediate tightening up of requirements for all aviation schools.

It was recommended that the Department of Commerce change its present regulations governing requirements for a limited commercial pilot's license, so that the flying student will obtain more instruction in the air under a competent pilot.

### THREE WHO BROKE FROM PEN FOUND

HUNTSVILLE, Tex., Dec. 5 (AP).—Three men who figured in a sensational escape from the state penitentiary here on September 19 were returned to their cells yesterday. One was captured three days ago at South Bend, Indiana, the other two at St. Louis on the same day.

The escape of Styne Weathered, J. C. Parker and J. G. Gillespie was one of the most ingenious in the history of the prison. While working in the tower of the man prison building they overpowered their guard, gagged him, took his clothes, and with one playing the role of guard, marched out through the prison gates and to freedom. Gillespie, serving 35 years as a convict, was captured in South Bend, Ind., and charged with the murder of Weathered, serving four years for burglary from Johnson county, and Parker, two years for forgery from Johnson and Hill counties, stayed together and were arrested in St. Louis.

#### Grid Player Better

VERNON, Dec. 5.—Clyde Sharp, Vernon high school football player, who was injured seriously in a game at Amarillo Nov. 11, is improving satisfactorily. It was announced at a local hospital Friday Sharp, whose condition is still considered precarious, has been given four blood transfusions, and he has undergone two operations.

### FARM RELIEF PRIED APART FROM TARIFF

#### LEADERS AT VARIANCE ON FEASIBILITY OF SPECIAL SESSION

(By Associated Press) WASHINGTON, Dec. 5.—Farm relief and tariff revision, regarded by many on Capitol Hill as legislative twins, have been separated for the time being and their reunion is a matter for speculation. The two were pried apart with the decision of the house ways and means committee to postpone the writing of a new tariff bill until after congress adjourns, so, if farm relief comes this winter, it must travel alone.

Whether a bill to aid the farmer will be passed is a question over which republican leaders are at odds but Chairman McNary of the senate agriculture committee, has put the problem in a position to be acted upon by the introduction of a farm relief measure. This bill broadly resembled the twice vetoed McNary-Haugen measure, but it

lacks the equalization fee provision so distasteful to President Coolidge. However, some members of the farm group say the problem should be left for the incoming Hoover regime. They point to the president-elect's promise of an extra session for farm relief if the question is not settled at the present session. Senator Borah, republican, Idaho, has indicated he believes farm relief should wait until Hoover takes office. So has Senator Brookhart, republican, Iowa. Both also said they believed revision of the tariff was needed to get the farmer out of the furrow of depression. Representative Tilson of Connecticut, republican leader in the house, and Senator Smoot, republican, Utah, have spoken in favor of an extra session to consider pressing problems. In speeches during the campaign Smoot said he thought the road to agricultural uplift lay through tariff revision.

Senator McNary's bill, believed to conform closely to President Coolidge's idea of what a farm relief measure should be, revolves around a farm board, consisting of six members appointed by the president, and the secretary of agriculture. A fund of \$300,000,000 for financing purposes would be given the board and stabilization corporations would be formed to aid in the disposal of surplus crops.

Try a want ad for what you want. Just phone 13 or 14.

### NOBILITY OPEN

#### Chicago Girls Are Adopted By Marchioness

CHICAGO, Dec. 5 (AP).—The door of English nobility has opened for two little Chicago girls, Marjorie and Isabelle Meuser, whose adoption by the Marchioness Huntly of Orton Hall, Peterborough, England, will make them heirs to an estate of several millions.

Until yesterday Marjorie and Isabelle, who are eight and ten years old, led the lives of thousands of other Chicago girls—minus wealth and social position. Their father, Floyd C. Meuser, an advertising salesman had died in February. For ten months they had lived with their stepmother, Mrs. Louise Meuser.

Today they left for the glamour of English society life because their great aunt, the Marchioness, expressed a desire to adopt them. In her youth she had been a Chicagoan, and the girls had heard their father tell

of his aunt who had married a Marquis. Arthur Campbell, Jr., a son of the Marchioness by her first marriage, came to Chicago to arrange adoption proceedings. Probate Judge Henry Horner signed the necessary papers yesterday after the girls' stepmother had agreed to surrender them.

MERKEL, Dec. 5.—Legislation looking to more and better highways, especially in West Texas, and conservation of flood waters, will be the key notes of addresses to be made at the regional convention of the West Texas Chamber of Commerce to be held in this city Thursday.

### Feel Good

Don't allow to start from poor elimination (constipation or semi-constipation). Intestinal poisons sap vitality, undermine health and make life miserable. Usual laxatives are not an ordinary laxative. See how it will aid in restoring your appetite and rid you of that heavy, lumpy, peevish feeling. Mild, acts purely osmotic—25c.

# OIL LEADERS ARE ALARMED

## NEW AREA DISCOVERED, PROMISING GREATER OUTPUT STIRS

(By Associated Press)  
**KANSAS CITY, Dec. 5 (AP).—**The southwestern oil industry, already burdened with over-production, today viewed with trepidation the flow of crude from three wells in as many adjoining states, two of which are gushers heralding the opening of new and perhaps extensive producing fields. Two wells were in the backyard of Metropolitan cities while the third was the deepest oil well ever drilled in Texas.

The largest strike was the Marland Production Company's wildcat well that came in yesterday on the Willard Goodrich farm, 9 miles north of Wichita, Kansas. The gusher, rated at 7,500 barrels a day, was shut in after running wild for 12 hours with a loss of about 5,000 barrels of crude oil which formed a lake nearby. Oil men described it as the largest Kansas producer in the last decade.

Oil likewise gushed in Oklahoma City's backyard yesterday when the first large well in the immediate vicinity of the capital came in for an estimated flow up to 2,500 barrels daily. It was drilled in by the Inland Territory Illuminating Oil and Foster Petroleum companies at 6,402 feet.

The third well was a small producer of amazingly high gravity test in the center of the Big Lake field, West Texas discovery pool, near Santa Rita, Texas. It flowed 20 barrels of 81.6 gravity oil an hour from 8,525 feet yesterday.

Because of the high gravity a separate outlet for the crude will be provided. The well cost the Texas company about \$135,000.

## One Killed And Two Hurt In Triple Mix

**HOUSTON, Dec. 5 (AP).—**Joseph H. Charbonnet, 48, of Houston, former New Orleans furniture dealer, was killed and W. S. Rase and J. L. Julian of Houston were seriously injured when three automobiles collided at a street intersection here today. Each man occupied a different automobile. Julian suffered a probable fractured skull and Rase was thought to have received internal injuries.

## S. B. HAYNES OPENS OWN OFFICE HERE

S. B. Haynes, architect, who recently sold his interest in the firm of Peters, Haynes & Strange, to the other members of that firm, has opened offices in the Myrick building under his own name.

Mr. Haynes has been in Lubbock for more than six years, and has witnessed this city's most remarkable period of development from a building standpoint. He has associated with him in the present firm W. R. Griffin, who has charge of supervision of construction, and Paul E. Jones, in charge of drafting and designs, both of whom were associated with the former firm. Mr. Griffin is a graduate of Texas A. & M. College, and has resided in this city for more than three years. Mr. Jones came here from Tulsa, Okla., about seven months ago, and is a graduate of the University of Illinois, and licensed to practice architecture in that state.

## Favorable Grain Standards Given

**KANSAS CITY, Dec. 5 (AP).—**Farmers and grain dealers of the Southwest were granted more favorable grain grading standards at a meeting of the standing committee of the Department of Agriculture, dealing with the problem of grain grading here today.

The action of nineteen Southwest farm and grain organizations recently in "placing discolored wheat that has no evidence of mold in the class of sound wheat, the external appearance of the berry to be taken as conclusive evidence in interpreting the standards as to damaged wheat," was approved by the committee.

## Bodies Recovered From Plane Debris

**RIO JANEIRO, Dec. 5 (AP).—**The harbor of Rio Janeiro today had yielded up the bodies of 13 persons who, flying to greet the Brazilian aviator Alberto Santos-Dumont, plunged to their deaths when their plane went into a tailspin. One of the mechanics died in a hospital after he had been picked up by a launch. A diver who was attempting to recover bodies, died when his airplanes fouled.

Five leaders of the democratic party were killed in the accident, which dealt the party a serious blow.

**THEN SHE DON'T**  
 "How do you get so much money from your husband?"  
 "Quite easily. I just say that I will go back to mother and he gives me my fare."—Passing Show.

## PAIR ESCAPE AIR LANDING

### CISCO MEN RUSH FROM BLAZING PLANE AND CATCH MAIL CRAFT

(By Associated Press)  
**AUSTIN, Dec. 5.—**Escaping two forced landings and a burned airplane four miles northwest of Austin, two oil men, Harry Scott and Bill Brown, both of Cisco, flying from San Antonio en route to Ft. Worth, abandoned the wreckage in time to catch the northbound air mail plane that hopped off from here late today, and continued their trip to Fort Worth.

Expert manipulation of the ship saved the two men's lives. It was said by aviators here who received a meagre account of the wreck as the two men rushed to the airport barely in time to catch the air mail plane.

A forced landing was made in a field. After servicing their plane, the men attempted to continue the trip, and had gotten the plane well off the ground when the motor again cut out. The second forced landing was made from such low altitude that the pilot purposely headed the plane into a fence,

## Obregon's Widow Is Threatened, Charge

**MEXICO CITY, Dec. 5 (AP).—**Dispatches from Mazatlan today said that Gumerhindo Berlanga, had been arrested by military authorities in Sonora, charged with threatening the widow of General Alvaro Obregon. The man was said to have told the widow that he would kill her if she did not use her good offices with President Portes Gil to save Jose De Leon Toral, from execution for the murder. Documents claimed to be seditious were found upon the prisoner who will be sent to Mexico City for investigation.

## Police Break Into Chicago Gaming Den

**CHICAGO, Dec. 5 (AP).—**Sledge hammers of police broke down the steel doors of Lawrence Mangano's Minerva club last night, and 49 men were arrested on gambling charges.

A court injunction had barred police from raiding the resort, but a search warrant was obtained when a patron complained he had lost \$1,500 there.

Several weeks ago Captain Luke Garrick's home was bombed after he had led a raid on the Minerva club.

## Mexico Wide Open For U. S. Capital

**MEXICO CITY, Dec. 5 (AP).—**President Portes Gil has informed a group of Americans headed by Dr. A. D. Lloyd, geologist of Fort Worth, Texas, that the doors of Mexico under his administration will be open to American investment. He said that Mexico welcomed foreign capital when invested in accordance with Mexican laws, and would give capitalist staff guarantees.

Thought For Today Let none seek henceforth need- less cause to approve the faith they own, when earnestly they seek proof, conclude they then begin to fail.—Milton.

Taking Genius Apart Franz Schubert, the Viennese musical genius whose centennial is being celebrated now, was "a self-satisfied, humdrum, individual, a harmless little schoolmaster, conscious of his own deficient ethics and moral qualities and of the inferior value of his soul."

This unusual statement comes from Dr. Robert Lach, professor of musical history at Vienna University.

Dr. Lach adds that Schubert regarded his inferiority, and that suffering which the realization brought him eventually made his music more lofty.

Genius is always hard to understand. Shelley was erratic as a school boy. Wagner carried on scandalously with his friend's wife. Poe was a crackpot and a footpad. Whitman was a sponger and a loafer.

In other words, the genius often does things which would cause the ordinary man to be set down as a plain scoundrel. It is a bit incomprehensible, so the rest of us, if we are curious, keep trying to dissect the genius' mind and personality, to see if we can find the reason for his great ability.

Dr. Lach, evidently, thinks he knows all there is to know about Schubert and he is not impressed. Schubert was "conscious of his own deficient ethics and moral qualities and of the inferior value of his soul," his inferiority complex tormented him, and eventually drove him to write some passable music.

All sounds very clear when a modern professor explains it. The whole world is reduced to a set of crossed wires in an unhappy brain. There are no mysteries, no high places, no inspirations. Everything is made clear by an "inferiority complex" or something equally glib and handy.

The only trouble is that genius has a way of answering back that cannot be refuted. A Viennese professor can talk as prettily as his pleases about "deficient moral qualities." Schubert's M. Major Symphony remains to this day that prating look ridiculous for eternity. That music is an argument that defies refutation. It not only reveals the greatness of Schubert's soul; it proclaims that the entire race, capable of rising to such heights, is something more than an accident, something higher than an enlightened "id."

Our men of genius are wandering stars. We cannot understand them, we cannot dissect them. They are our greatest reason for hope. The psychologists can talk of mechanism and complex until they are blue in the face; there remain, eternally, Wagner's "Tristan," Whitman's "Leaves of Grass," Schubert's "C Major," Shrivels "Adonais," to prove, once and for all, that our birth is, after all, but a sleep and a forgetting. These things were produced from a wisdom that is beyond the wisdom of the schools. They prove to us, beyond denial, that we are immortal spirits.

This Prosperity Virgil Jordan, chief economist of the National Industrial Conference Board, tells a New York audience that our present prosperity is "rather a state of mind than a fact susceptible of demonstration."

The word, prosperity, has had less real and definite meaning this year than in any year since the war, according to Jordan. It is for the most part, he says, "an illusion created by extraordinary financial conditions."

These are not exactly pleasant words. There will be plenty of people to disagree with them. Doubtless we shall be able to assay them more

THE PLAINSMAN

Say:

Since you have been kind enough to indulge our feeble efforts to substitute for the Plainsman, while he is away, looking after matters of more or less importance than this column, I will fill the space another time, hoping that he will be within reach of us by mail at least by next issue. \*

There is on thing certain, things have been happening rather in rapid succession since he left, and he will be away behind the times about what is going on unless he has been getting a copy of the Journal while he is away. There is the bona fide issue. They were defeated, and then another election threatened all in the space of a few days. Building permits have been soaring too, and water and gas bills going on just the same. \*

After all this just the way Lubbock has been going ahead for the past twenty years. Step by step it has been pressing forward, and when the people happen to find her slipping a little, they get in behind the wheel, and give her a shove that puts life and action into her for some time to come. \*

It seems though that it takes constant stepping on the gas to get along as we think we should. There is Dr. Hoover for instance, down in Austin, having it out with the board of control, about more teachers in the Texas Technological college. Just think of it. More than 1800 students enrolled in the college to date this term, and not enough teachers to take care of them. The legislature will have to supply about thirty additional instructors, and Dr. Horn is after them in his usual determined effort, and no doubt the legislature will supply the teachers, for they surely all realize in the Texas Technological college one of the really important institutions of learning in the state. \*

Of course, very few of us could hardly realize that within less than four years time that this school would have nearly two thousand students, but we all believe it would have more than 500 in ten years as some of the newspapers in other parts of the state told us when it was located here. However that is just the spirit of West Texas, and in the Tech college, and we are going to go forward, and rapidly too, and there is a probability of this being the main state educational institution within the next ten years. \*

The Man on Avenue Q who went quail hunting says that quails are plentiful until you get out to look for them, and then they are just not there. \*

We heard one of the men who deal in installment plans the other day say that it was not so bad to sell on the installment plan provided those who buy will pay according to the plan. \*

And that brings another proposition that the Retail Merchants association is trying to make effective, and that is for everybody to say up their newspapers and start all over on the first of January again. That would be a great thing for the people who have several thousand dollars on their books, and we believe it would be one of the greatest things that could happen in Lubbock. A dollar a day will pay a terrible lot of accounts within the next thirty days. Try paying a dollar a day on what you owe, and have the pleasure of seeing the old account melt away, and give you a clean, white page for new year. \*

And that reminds us again that you are going to need a poll tax receipt again next year, and without it you might just as well be in Halifax so far as being a citizen fully equipped for doing your whole duty. \*

We promised you that we would not undertake poetry, but there has been several fellows kidding us about it we are going to step out for a try now. We will make for you reads like this: \*

When things go wrong as they sometimes will, When the road you're treading seems to all up hill, When the funds are low and the debts are high, And you want to smile, but you have to sigh, When care is pressing you down a bit, Rest, if you must—but don't you quit. \*

wisely when the present astounding stock market boom has run its course. Its climax may reveal to us whether conditions are fundamentally sound or otherwise. \*

Christmas Cards The Christmas card has grown greatly in popularity in recent years. Nearly all of us send them, get them, or both. Yet we don't think of the making of them as a big industry. \*

It is, however. A writer in the current North American Review reveals that the American public pays \$55,000,000 a year for its Christmas cards. There are 40 factories engaged in the trade, employing some 5,000 workers. Designs are guarded as jealously as possible. \*

Oh yes—there's one more point to it. The practice of sending Christmas cards instead of gifts, this magazine writer has found, originated in Scotland. \*

News Note: "Hoover Enjoys Deep Sea Fishing On Latin Tour"

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Cabinet Line-up For Administration May Be Definitely Fixed By Time Hoover Comes Back

BY RODNEY DUTCHER, NEA Service Writer WASHINGTON, Dec. 4.—History is being made this year in national politics and in more ways than one.

For the first time on record, a president's cabinet is being chosen miles away from Washington, on foreign seas and in foreign countries. Mr. Hoover took this big problem with him when he departed on his good-will tour on the battleship Maryland and is expected to announce his selections when he returns to the United States, continued old Thursday.

OKLAHOMA: Tonight and Thursday generally fair; colder tonight with temperature 24 to 28 in south, and 18 to 24 in north portion.

LOUISIANA: Tonight and Thursday generally fair in the interior, mostly cloudy on the coast; colder tonight with temperature below freezing in north, and freezing nearby to the coast; continued cold Thursday.

WEST TEXAS: Tonight and Thursday generally fair, becoming unsettled in extreme west portion; colder in south portion tonight, with freezing in southeast portion.

EAST TEXAS: Tonight and Thursday generally fair in the interior, mostly cloudy on the coast; colder tonight with temperature below freezing in north, and freezing nearby to the coast; continued cold Thursday.

With Secretary of State Kellogg due to retire and Senator Borah no longer being considered for the post it seems almost certain that Hoover will choose Henry D. Fletcher for this important position that deals with foreign affairs. A return in the diplomatic service has been stimulated. Not only has this aroused interest in dairying, but it has made a dairy minded farm product mindful of the value of good dairy cows.

The Hale County Dairy association, an organization of producers, has been frequently pointed out as a model. From a small beginning the annual output has become so large that there are relatively few creameries that can handle all of the cream. Growing larger than their market that was readily available the farmers have decided to build a creamery and operate it. A site has been bought and organization well under way to perfection.—Dawson County Journal.

It has been a slow process of development, but the time is coming, and in fact it has already developed that there is a large amount of money turned into the South Plains county annually from the sale of dairy products. The Dawson County Journal is correct in its statement that the cream checks are keeping the finances of the farmers in a better balance than anything else.

When the farmers are able to keep their running expenses paid up with cream checks, and do not have to keep the crops mortgaged a year ahead, there is going to be greater prosperity among the farmers. It will make no difference whether there is a farm relief bill passed or not. The main thing in this respect, to our notion, is that our farmers will be able to keep in position to hold their crops till they can get a reasonable price for them and not rush them on the market at a sacrifice price, realize but little from them. The cream industry will remedy this to a very great extent, and with the establishment of milk plants, and creameries throughout the western portion of the state, this will be made possible.

Good roads will help in this matter as well, and the farmers should turn their attention to matters of this kind as well. Many things work together for the development of a country, and we are of the opinion that the cream industry is just one of the very important things that will bring about the other.

Colonel W. J. Donovan of Buffalo, N. Y., World War hero and present assistant attorney general, is believed to be Hoover's choice for secretary of commerce and one of the world's greatest experts on trade relations, and Julius Barnes, Chicago, seem in the lead for the commerce post, with the edge apparently favoring Klein. Hoover, during his tenure there, leaned heavily on Klein on questions of foreign trade, opening many new outlets for American-made goods.

James W. Good, one of Hoover's campaign managers, seems to be in line for postmaster-general, the post controls many of the political plums with which campaign dems

have been paid in the past. Ray Lyman Wilbur of Stanford University, a brother of Navy Secretary Curtis D. Wilbur, is being mentioned strongly as the latter's successor, Secretary of Agriculture Jardine is definitely out of the running. His health is broken and he wants a rest. Several men have been mentioned as possible successors but none of these so far brought to light appear very likely. There is rumor that Hoover will choose a mid-western farm leader whose name has not thus far been mentioned in connection with the job. As for the War Department and the Interior Department—well, one man's guess is as good as another's.

In New York By Gilbert Swan

NEW YORK, Dec. 5.—A sinister note attaches to the prevalence of bodyguards in Manhattan.

A few years back a bodyguard was a joke—something connected with the eccentricities of Harry Thaw, for instance. But the vengeful hand of the racket has brought about the employment of scores of protectors. The bodyguards are recruited for the most part, from the prize fight or the gang world.

Time was when little differences of opinion were settled by an invitation to "come out in the street." Fists flew and blows fell. A fair fight was staged. But the gang methods brought a startling and thoroughly un-American outburst of cowardly attacks from the dark.

Which reminds me that I have often wondered why those "hundred per cent Americans" who were so active a few years back, haven't done something about this new breed.

At any rate, any number of men now go about with a "shadow." While some of those who need protection are themselves engaged in racketeering, scores of others are business men whose particular trades have been invaded by "racket" methods.

Thus, for many months, an unrecurrent war raged in the New York fur belt. In the mid-Twenties, within half a block of the most men traveled in pairs—over a man, a police sign. In broad daylight, police could be seen strolled over a small area, looking for trouble. Some of the most powerful gang-men were employed by opposing sides in the war. They seldom appeared in person, working through gangmen, sent forth to do a little black-jacking or shooting.

Other trades have seen similar wars. Hence, the gradual growth of the bodyguard—a strange sight indeed in a supposed metropolitan and civilized community.

Lower Fourth avenue is the second-hand book store belt of New York. Here cluster little shops made to order for the bookworm. Books lie in dusty piles about the floors; they overflow the 25 cent and 50 cent shelves; they are stuffed away untidily in corners; they may be mined out like gold. And there seems to be no end to them—hence the market of their appeal to the browser who finds stirring adventure in pawing through the dusty treasures.

In Lower Fourth avenue it's possible to see sights that bear the flavor of unreality. Bent little men, looking like the people of a Thackeray or Dickens novel, come ambling in and out of the city carrying a few volumes under their arms, and stop to hicker and bargain for the few pennies they will receive. On winter days, shabbily dressed men, with finely chiseled features, come out of the cold to browse in dark corners. They do not buy, but they lovingly finger leaves of their favorites.

Young book reviewers, trying to live in New York on a meager income, arrive bearing suitcases and bags filled with novels late from the press—for which they will receive as much as 75 cents or \$1 per copy. This exchange alone makes it possible for them to exist. They stand and talk with each other over the books they are writing or hope to write—they argue over the nearest literary voice or the oldest literary problem. They leave, with dream dust glistening in their eyes, to return to coffee houses or back rooms. From such ranks are recruited scores of our younger writers.

When first I met Louis Bromfield, for instance, he was plugging away at a publicity job with a publishing house. It was not a particularly well paid job—but it afforded him time to write "The Green Bay Tree" which, to this day, seems to me to be the best of his books. And I have known a dozen others with similar stories for the Gilbert Swan.

One of the first relief problems President Hoover can take up is that of the Stock Exchange clerks these 7,000,000-share days.

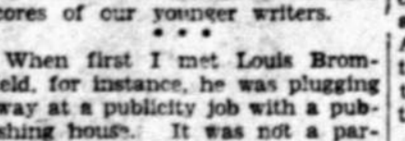

Headline over a Hollywood couple, just married, says "Life Contract This Time." Whoever said the newspapers aren't optimistic?

Dispatches say Mexico is becoming quieter. Back to normalcy. (Copyright, 1928, NEA Service, Inc.)

THE LOST ART Motorist: Want a lift? Hiker: No thanks, I'm walking for exercise. Motorist: Exercise! What's that?—Life.

have been paid in the past. Ray Lyman Wilbur of Stanford University, a brother of Navy Secretary Curtis D. Wilbur, is being mentioned strongly as the latter's successor, Secretary of Agriculture Jardine is definitely out of the running. His health is broken and he wants a rest. Several men have been mentioned as possible successors but none of these so far brought to light appear very likely. There is rumor that Hoover will choose a mid-western farm leader whose name has not thus far been mentioned in connection with the job. As for the War Department and the Interior Department—well, one man's guess is as good as another's.

Many a man thinks he's a big gun until he gets fired.

Diet and Health By Lulu Hunt Peters M.D. Author of "Diet and Health" and "Diet for Children"

DECREASED ACTIVITIES LESSEN THE FOOD NEEDS OF THE AGED Protein Needs for the Old

"Is one slice of bacon, on bread, enough meat for a woman of 74, who also takes a pint of milk and one full ounce of cheese daily?" MRS. C.

The need for food in general for those in declining years is greatly lessened on account of the lessening of the physical activities, and the protein needs are decreased proportionately. For the active adult, it is believed that from 200 to 350 calories of protein daily are necessary for the repair of tissues and the growth of new blood cells. The amount depends upon the framework of the individual, a person of large build needing more than the small person. (Contrary to usual opinion, the protein needs do not depend upon the physical activities—these are taken care of by the energy foods, the fats, starches and sugars.)

In round numbers, there are about 10 to 15 calories of protein in a thin slice of bacon, 65 in a pint of milk, and about 25 in one ounce of cheese. This totals about 105 for your day, Mrs. C. With the protein in your other foods, you are probably getting around 125 calories. I imagine that is about right for you, unless you have a very large frame.

It isn't only the amount of protein we have to think of, but the quality, too. Some proteins are lacking in some of the necessary building elements, and so are known as incomplete proteins. However, your cheese and milk give a complete protein, and one of the very highest grade.

Sorry I wasn't able to answer your question before on account of the very large number of letters I get. It usually takes around two or three months for an answer to appear if

it is one I can write on. I congratulate you on keeping up your interest in vital matters, Mrs. C. It shows you are not getting old mentally. We have an article on Balanced Diet, which you may have.

"Will you please give me the address of the County Medical society, as I would like to write to them about my case?"

The County Medical society is composed of physicians who are graduates of high-grade medical colleges, have taken their state medical examinations, and are in good standing in their profession. This automatically makes them members of the American Medical Association. The society is not a clinic, J., although, of course, many of the physicians do attend or have charge of clinics.

You have evidently been misled by my statement that if you do not know the physicians in your locality to write or telephone the County Medical society and get a list.

Mrs. C.—There are several things that may cause an incontinence of urine, possibly an inflammation at the opening, too concentrated and acid urine, stones or tumors in the bladder, nerve disease, etc. You should go and have a complete examination, including an examination of your bladder, and tests of the urine.

Until you can go to a physician, drink liberally of water and have your diet consist largely of fruits and vegetables, to render the urine non-acid.

Editor's Note: Dr. Peters can not diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the column. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and 2 cents in coin for each article, to cover cost of printing and handling. For the pamphlet on reducing and gaining 10 cents in coin, with fully self-addressed, stamped envelope, must be enclosed. Address Dr. Peters in care of this paper.

Tonorrow: Unwise Diet and Some Results.

The World And All

NICARAGUA What is needed in the Nicaragua matter is some plain speaking on the part of the United States government and its many official and unofficial spokesmen.

The long and the short of it is that the United States is going to build an all-American canal across Nicaragua, and is not going to permit any other nation to build or control any canal from the Atlantic to the Pacific. No matter what must be done in the matter of controlling the affairs of Central American or Caribbean states in order to bring about the desired result, this country is going to provide for its own safety and continued existence by controlling any and all canals that may be built to connect these two oceans.

In carrying out this policy, the little republics down there will be benefited. The United States government will guarantee to the Central American peoples more peace and prosperity than they have ever experienced heretofore, and will not do anything to the detriment of their interests, if these Central American peoples will simply and frankly recognize the right of the United States to build and control the canals.

Cyrus French Wicker, who has been in the diplomatic and naval intelligence service of the United States in Nicaragua and throughout Central America, has an article in the November Century Magazine, entitled "The Canal is the Answer." It is an informative article, and is a decided step toward the frank and full speaking out that I have been advocating in this

whole Central American policy of the United States. Mr. Wicker is now retired from the government service, and is a professor of the University of Miami, Florida. So he can talk freely.

The former agent of the United States government points out the economic and military necessity for the construction and control of the Nicaraguan canal by the American government. The Panama canal, as most readers know, is now operating at about 70 per cent of its capacity. We ought to be about the building of the second canal while that thirty per cent slack is being taken up.

The Nicaragua canal will run New York and San Francisco 750 miles closer, by water, than they are now. That means three days steaming, which might win a war or save the cost of the canal in time and fuel.

There are some political difficulties in the way. Costa Rica claims that Nicaragua had no right to cede to the United States the canal route, which includes a river that belongs to Costa Rica as much as to Nicaragua. Well, the United States can't afford to permit such circumstances to interfere with the early construction of the canal. The first duty of this nation is to insure its own continued existence.

RIVER BREAKS DIKE BRUSSELS, Belgium, Dec. 5.—Five thousand inhabitants of Moezeke, near Termonde, ran for their lives yesterday when the Scheidt river broke through a gap in the dike and covered the lowlands within a few minutes.

# SWINDLE OF MILLIONS IS DISCOVERED

## \$20,000,000 LOSS FOR THE INVESTORS LOOMS IN FRENCH CASE

(By Associated Press)  
PARIS, Dec. 5.—A gigantic swindle, resulting in losses to "investors" of perhaps \$20,000,000, echoed in the Chamber of Deputies today.

The affair got into the Chamber of Deputies when M. Chastenet, socialist member from Isere, interpolated Premier Poincare as to "what measures he intended to take to prevent similar occurrences in the future."

M. Poincare said sterner supervision was being created for the control of such projects.

Thousands of men and women, most of them from the poorer classes, stood mournfully and at times menacingly outside the offices of financial companies organized in all the large cities and cause as much sensation here as the Panama Canal scandals.

Expert accountants who have been examining the books of Mme. Marthe Hanau, 42, and her divorced husband, but present business partner, Lazare Bloch, estimated that the crash had caused losses of from \$10,000,000 to \$20,000,000.

Madame Hanau and M. Bloch were arrested today and taken before an examining magistrate. It was news of this development which brought the crowds to the newspaper office.

### Legal Tangle Halts Dumas-Woods Trial

AUSTIN, Dec. 5.—Alleged failure of the court of original jurisdiction to arraign one of the defendants has blocked the scheduled trial here of J. H. Dumas and Carl F. "Red" Woods for the slaying of two men in an asserted bank robbery in Rankin, Upton county, last spring.

When Woods alleged he had never been arraigned and was not even under arrest at the time the case was transferred to Travis county, Judge James R. Hamilton ruled that his court lacked jurisdiction and sent the case back to Upton county.

### U. D. C. Session Is Under Way At Waco

WACO, Dec. 5.—Routine business marked opening sessions of the United Daughters of the Confederacy at the Texas convention here today.

With Mrs. Forrest H. Farley president in charge, reports were made by the program, rules and regulations and transportation committees.

### President Sends His Nominations

WASHINGTON, Dec. 4.—President Coolidge forwarded to the senate today a long list of nominations for officers appointed during the congressional recess, including that of J. Reuben Clark, jr., of Utah to be under-secretary of state.

### Ancient Art Found

POMPEII—A marble statue of Apollo, a bronze vase and other ancient objects of art have been discovered in excavations on the site of the ancient city of Pompeii.

# THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinymites, at break of day, still traveled in their funny sleigh. The sun peeked over a hilltop, and found Scouty wide awake. The other Tinymites were sleeping sound, despite the bumping over the ground. Then Scouty thought, "I'll wake them if I can."

"Hey! Hey!" he cried. "It's time to rise. Come on there, open up your eyes. I've driven for an hour or so. I'd like to rest a while. Our deer's as frisky as can be. At time he's most too much for me."

"Then Scouty said, 'Who'd like to eat?' In this small box I have a treat. He held the small box in his hand. 'What's in it?' Carry cried. 'Some crackers,' came the quick reply. 'A sight that's pleasing to my eye.' The box was opened and several hands were soon inside.

"Twas Clown's turn to drive bit, and so he jumped and said, 'I'll sit up forward in our little boat, a driver brave and bold.' The deer along, first fast, then slow and soon they reached some ice an snow. 'We must be 'way up north said one. 'It's getting very cold.' Once in the snowdrifts, Mister Deer seemed all pepped up and full of cheer. He jumped and dashed quite frantically, and then began to race. 'Say, hold him tighter,'

Over a Billion Deadly Germs in a Single Drop of Water  
Germs are so small that there are as many as one billion, seven hundred million of them in a drop of water. And just a few of these tiny germs, if they get into your blood through a cut in your skin, may make you so sick you will be in bed for weeks—may cause the loss of a limb through blood poisoning—may even infect you with that most dreadful of fatal diseases, lockjaw.

Just because you can see no dirt a cut does not mean that it is clean. You cannot see germs. The only sane thing to do, is to thoroughly wash every cut, no matter how small, with Liquid Boraxozone to kill the germs, and then dust it with Boraxozone Powder, to hasten the healing. Liquid Boraxozone costs 30 cents, 60 cents, \$1.25 and \$1.50; Boraxozone Powder, 30 cents and 60 cents, and can be had at Lubbock Drug Company

### Give Them Balloons

THAT friend of yours who loves his auto as he does his eldest daughter—you're trying to think of a snappy gift suggestion for him? Well—L. WELL! Buy him a "Goodrich Balloon" (Santa's Item) Tire at our well-equipped Store.

Bright thought, eh what! Either as a prestige-conferring spare, or to replace that feeble bit of rubber on the left hind wheel a Goodrich Balloon is just what the doctor ordered.

### Plainview Pastor Invited For Talk

PLAINVIEW, Dec. 5.—Leslie G. Smith, pastor of the First Christian church of Plainview, has been invited to address the Evangelistic Conference of the Christian churches of Texas at the First Christian church at Fort Worth on January 10th. Smith is noted for having originated the One-Day Revival plan, and will address the organization on that subject. The Christian Board of Education is preparing to publish a book written by Smith on the subject. He is a former assistant pastor of the host church for this meeting, The First Christian Church of Fort Worth.

### "Rocket Car" Fails

BERLIN—A new "rocket car" designed for speed got up to 20 miles an hour before one side of the machine was blown off.

### In the Distant Past

"What do you think of Brown's wife?"  
"She is as pretty as a fairy tale."  
"Ah, you mean 'once upon a time.'—Passing Show.

### Gambling Lid Off

GENEVA—The gambling lid is off again in Switzerland's tourist resorts. The people have voted favorably on a referendum to restore gambling tables abolished several years ago.

### Remove Injured From Quake Area

SANTIAGO, Chile, Dec. 5.—Persons injured by the earthquake which centered at Talca and Conception were being evacuated from the devastated region today and sent to Santiago.

### Austrians Choose Same President

VIENNA, Dec. 4.—All political parties reached an agreement today that Dr. Michael Hainisch should again be elected president. The veteran statesman will be unanimously elected for a third term tomorrow and the constitution will be amended so as to authorize a third term in his case alone, all his successors being limited to the present constitutional maximum of two terms.

### Chichesters Pills

Chichesters Pills are the most reliable and most effective of all the pills for the relief of constipation. They are made of natural vegetable matter and are entirely free from any harmful or poisonous ingredients. They are sold by druggists everywhere.

## Come To TOYLAND

Boys and Girls—A Thrilling Place Where You Will Find Your Favorite Toys

### A Deposit Holds Anything Till Christmas

There is no need to wait until the last pay day before Christmas to buy that certain gift you have in mind.

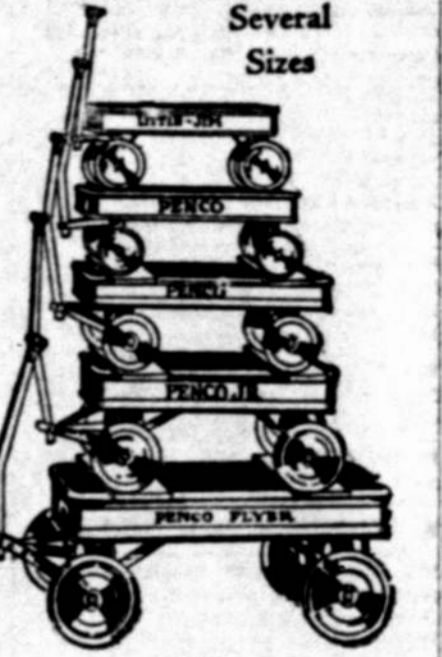

Pay a small deposit and we will hold anything you wish until Christmas. And if you like you may pay a little more next week and the week after. By Christmas the gift will be paid for and with very little trouble.

In addition you will have the advantage of choosing from a large selection which you might not have if you wait until Christmas Eve.

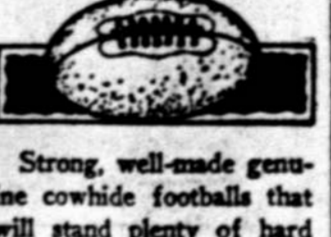

### "Little Jim" Wagons

Are Sturdy Playmates  
All steel wagons are the favorites among boys because they stand plenty of wear and tear. A variety of sizes is priced from

98c to \$4.98  
Bright Red  
The box is bright red and the wheels on some. On others the wheels and undergear are black. One of these wagons will find a ready welcome.

### Footballs Of Genuine Cowhide

Strong, well-made genuine cowhide footballs that will stand plenty of hard play—pure gum bladder, leather lace and lacing needle and our price only

89c TO \$2.98

### "Mary Lu" Doll Carriages

Good looking fiber reed carriages for doll children! They are sturdy made and come in a selection of sizes and styles.

\$2.29 and up

### A Fire Truck With a Water Tower

A handsome, well-constructed fire truck—almost lifelike. It has a brass water pump and will throw a stream over 20 feet.

\$12.75

### Packard Sport Car

Good looking—up-to-date sport car of heavy steel—electric welded and securely closed—rubber tires—26 1/4 inches long, 7 1/4 inches wide and 7 1/4 inches high. Finished in red and gold.

\$1.98

### Tool Chests Are More Than Playthings

The boy who receives a tool chest for Christmas will be happy and busy the year round. We are showing them in a variety of sizes—reasonably priced from

89c TO \$12.75

### "Little Jim" Play Cars

Especially healthful toys for 1 to 4 year olds because they give them plenty of exercise. Hardwood seats finished in red enamel, rubber-tired disc wheels, 16 inches long at 98c and 19 inches at \$1.98.

98c and \$1.98

# Give Beauty For the Home

FURNITURE . . . the gift enduring . . . the most appreciated of all remembrances is that which brings beauty and charm to the home. Let your Christmas gifts this year be chosen with that thoughtfulness that makes them worth the giving. Among the many items that we have selected for our Christmas displays you'll find the gift that someone will be delighted to receive. Choose early . . . choose wisely . . . give furniture.

# Fine Blankets

### And Comforts As A Christmas Suggestion

What could be more appropriate than nice items of Blankets or Comforts as a Gift for many on your list? Such Gifts have the added advantage that they give years of service to those who receive them, a thing well worth considering in choosing any gift.

### Oregon City Blankets

Made from Virgin Wool—a finish and weight that is peculiar to this maker—a Blanket that is designated to give almost a life time period of service. In pretty solid colors as well as in attractive plaid combinations—as well as Indian patterns in robes. Priced \$9.85 to \$24.85

### Kenwood Fine Blankets

Another well known fine Blanket—one that every woman would appreciate. Also shown in both solid and plaid patterns—a super fine Blanket the discriminating woman appreciates. Matched sets of Blanket and Homespun Throws can be had at prices from— \$10.85 to \$22.45

### Moderate Priced Blankets

Wool and part wool Blankets in the more moderate price ranges can also be chosen as gifts. Especially pretty patterns are to be found in Rose, Blue, Gold and Green at prices of from \$3.45 to \$9.85

### Wool And Down Filled Comforts

Wouldn't you like a fine silk covered wool or down Comfort? Every woman would. Some of the most luxurious covering we have ever shown is to be found in these Comforts—a host of pastel shadings—a wealth of pretty designing. Nothing could be more appropriate for many you would remember. Prices are from \$10.85 to as fine as \$39.85

# MORE SCHOOL ROOM NEEDED WERE, STATED

## SCHOOL BOARD HEARS DUNCAN VIEWS FOR EXPANSION HERE

A future building program for the Lubbock public school system and means of relieving the present congestion resulting from the lack of room were discussed last night at a meeting of the Lubbock school board in the office of Dr. P. Hutchinson, president of the board.

All of the seven members of the board attended last night's session including Dr. Hutchinson, president; C. E. Maedgen, secretary; A. B. Jackson, business manager and collector; W. B. Adkins, S. C. Wilson, R. F. Bayless, Neil H. Wright, and superintendent of the city schools, M. H. Duncan.

Although no definite action was taken, views were expressed to the effect that an additional building program for the local schools was necessary. It is probable that no definite step toward this project will be taken until spring.

The auditor's report, compiled by the H. V. Robertson company, accountants of Amarillo, was read at the meeting last night. The report showed the financial status of the schools to be in excellent condition. "The excess reserve appears to be a very satisfactory amount," the report read. Mr. Jackson was commended in the report for his efficiency as business manager and collector of the school board.

The Lubbock high school athletic committee's protest of the eligibility of Bob Walker, Amarillo high school football player, was discussed by the board members. A number of routine matters were taken up and disposed of by the board.

## Six Cars Licensed In County To Date

One other 1929 license plate—the sixth so far—was issued from the office of Tax Collector I. F. Holland this morning. The car registration was made by W. R. Ray, of this city.

Automobiles registered in 1928 may now be licensed for the following year. New Cars and old ones not registered this year can not be registered until the first of the year.

Six 1928 car licenses were purchased here yesterday afternoon and this morning. The licenses were granted to Pope Long, Abernathy; C. H. Gow, Hot Springs; W. B. Powell, W. J. Nabors, W. L. Buckman, and the Transcontinental Oil company, all of Lubbock.

## Two Permits For \$4000 Total Here

Building permits continued on the upward trend in Lubbock this morning with the issuance of two permits from the city engineer's office for a total of \$4,000.

The year's total was boosted to the new high peak of \$3,102,169 for 655 permits. This month's total stands at \$14,000 for the five permits granted.

One of this morning's permits was to S. E. Come for \$500 to move a house, and the other for \$3,500 to L. N. Johnson for the construction of a residence for W. B. Atkins at 1922 29th street.

Dispatches say Mexico is becoming quieter. Back to abnormalcy.

## DAILY MARKETS

### Cotton Markets

**NEW ORLEANS FUTURES**  
NEW ORLEANS, Dec. 5 (AP)—Cotton opened steady. Jan. 19.70; March 19.82; May 19.77; July 19.62 bid; Oct. 19.15 asked; Dec. 19.58.

**NEW YORK FUTURES**  
NEW YORK, Dec. 5 (AP)—Cotton opened steady. Dec. 20.43; Jan. 20.35; March 20.44; May 20.32; July 20.05.

**LIVERPOOL SPOTS**  
LIVERPOOL, Dec. 5 (AP)—Cotton spot better demand; higher; American strict good middling 11.57; good middling 11.17; strict middling 10.97; middling 10.77; strict low middling 10.47; low middling 10.22; strict good ordinary 10.02; good ordinary 9.72. Sales 7,000 bales, 5,300 American; receipts 12,000, American 4,200.

Futures closed quiet and steady; Dec. 10.46; Jan. 10.47; March 10.50; May 10.53; July 10.49; Oct. 10.23.

**NEW YORK TRADING**  
NEW YORK, Dec. 5 (AP)—The cotton market opened steady at an advance of 5 to 10 points in response to relatively steady cables, but soon eased under renewed liquidation coupled with scattered southern local selling. January's advance of 5 to 6 points in response to higher Liverpool cables than due. Demand became more aggressive after the start under the stimulus of cold weather.

January sold up to 19.74, March 19.86 and May 19.79, or 8 to 10 points above yesterday's close. The market encountered further liquidation and a little selling on the weekly weather summary's stating that considerable cotton remains unpecked in the more northerly portions of the belt. By the end of the first hour, January traded off to 19.64, March 19.75 and May to 19.68, or 10 to 11 points down from the top.

Prices eased off under liquidation in advance of the government's crop report. Liquidation carried January off to 19.62 an inactive position generally 12 to 13 points down from the highs and 3 to 4 points under yesterday's close.

Sheep 4,000; steady; lambs, good and choice 92 lbs down 12.50@13.50; ewes, medium to choice 150 lbs down, 5.25@7.10.

### Stocks And Money

**WALL STREET PRICES**  
NEW YORK, Dec. 5 (AP)—Bullish tendencies again predominated at the opening of today's stock market. Adams express jumped 18 points on the first sale on the announcement of the proposed formation of a new securities company

by the three leading express companies. Radio opened with a block of 25,000 shares at 413, up 5 1-2 and a new high record. Greene Cananea opened 3 points higher and National Biscuit, Anacosta, Allied Chemical, Lambert and Associated Dry Goods advanced a point or more. Union Pacific dropped 3 points and Kennecott Copper and Warner Bros. pictures 1 each.

Violent fluctuations in a sprinkling of high prices specialties featured early trading. Adams Express was whirled upward 35 points to a new high at 425. Radio extended its gain to 71-2 points by touching a new top at 415 and National Tea soared 11 points to a new high at 384. Allis Chalmers and American Linsed preferred, each advanced 2 points to new high records.

The general price movement showed market irregularity before the end of the first hour. International Nickel and Warner Bros. Pictures were each hammered down 3 points and General Motors, John Manville, Kelvinox and some of the other recent favorites dipped a point or more. On the other hand, Foundation Co. was quickly bid up 31-2 points, Eisenour 23-4, and Hudson, Coty, Air Reduction, Fox Films, U. S. Industrial Alcohol, Mississippi Pacific preferred, Reading and a dozen others advanced a point a point or more.

Foreign exchanges opened steady with cables unchanged at \$4.85 1-32.

### Grain Market

**CHICAGO PRICES**  
CHICAGO, Dec. 5 (AP)—Cold weather and clear skies gave an early setback to corn prices today. Such conditions were deemed likely to facilitate movement of the corn crop, and sellers of futures deliveries became more numerous.

Opening unchanged to 7-8c lower, corn later showed declines all around. Oats, however, displayed strength, wheat was easy, starting 1-4c off to 1-8c up, and afterward undergoing a general sag. Provisions inclined downward.

### Produce Prices

**BUTTER AND EGGS**  
CHICAGO, Dec. 5 (AP)—Butter higher; creamery extras 51 1-2; standards 49; extra firsts 49 1-2; 50; firsts 46@47 1-2; seconds 43 @45.  
**POULTRY PRICES**  
CHICAGO, Dec. 5 (AP)—Poultry steady; fowls 19@21-2; springs 21-2@21 1-2; roasters 20; turkeys 25@30; ducks 17@24; geese 22.

### MONTH COLD

(Continued from Page 1)  
4.771. The month contained 16 clear days, five partly cloudy, and nine cloudy.

November's precipitation was .74, about one-fifth of an inch more than the normal of .55 inches. The moisture from the first of this year up until December 1 is .81 heavier than the normal precipitation for that period. Rainfall so far this year totals 19.46 as compared to the normal moisture for that date of 18.85.

The month's summary further shows that a mean relative humidity of 76.3 per cent was reached, with the maximum at 91 per cent and the minimum at 59.5 per cent.

### LIQUOR ROW

(Continued from Page 1)  
other Canadian distillers but employees of railway and telegraph companies and several banks.

Eleven members of the customs border patrol at Detroit who were arrested last week on charges of accepting bribes to permit liquor to pass into the United States from Canada are said to have confessed and to have given the inside details of the smugglers organization.

### SMUGGLING FROM CANADA IS PROBLEM

WASHINGTON, Dec. 5 (AP)—Liquor smuggling over the Canadian border, in the opinion of Prohibition Commissioner Doran, had become the most serious problem in dry law enforcement today. To correct it he suggests a revision of the Canadian liquor treaty to prevent Canada from clearing liquor cargoes to this country.

Dr. Doran made this statement before a house appropriation subcommittee at hearings, made public today, on the treasury supply bill. The commissioner said that notwithstanding the fact that the coast guard has operated to break up nearby run-rows, there is still a large movement of liquor into the United States from European ports, the French island of St. Pierre, and from some Central American and Mexican ports. The largest quantity, however, he said, is from Canada.

Dr. Doran said distilling of illicit liquor had been reduced. "That indicates a progress in enforcement," said Doran, "that we think is quite favorable."  
**Need Cooperation.**  
The breaking down of illicit distilling from large to small plants, the commissioner said, had increased the need of cooperation in enforcement from local officials. As for New York, Doran said cooperation was given only to the extent that state troopers up-state make cases and turn them over to already overcrowded federal courts, and through a great many minor cases turned in by New York City police which have to be taken care of on "bargain days" in United States courts and disposed of on pleas of guilty with fines of \$10 or \$15.

NEW LOW PRICES MADE POSSIBLE BY BARRIERS "NEW CASH POLICY"

Philadelphia situation, where Doran said there had been "not only a lack of active cooperation, but a very bad situation in the police department."

**Chicago Looking Better**  
Chicago, Doran testified, was "brightening up a little bit," as far as federal enforcement is concerned, but he said "a great deal could be done there yet."

Asked by Representative Bacon, Republican, New York, the reason for the recent restaurant raids in New York City, Dr. Doran said the cause was that they were "violating the law openly and brazenly, and it was becoming a matter of very great public comment."

The commissioner said he was getting more help from the present administration in Detroit than from the previous one; that in St. Louis there was not much activity on the part of city and county authorities to close up speakeasies.

Dr. Doran said he believes that while the new law requiring dry officers and agents to stand civil service examination will work out satisfactorily in the end, such a merit system "per se does not purchase honesty" and some hired under it have had to be discharged.

### WEATHER

(Continued from Page 1)

Most of the blizzard headed in this direction yesterday afternoon spent its fury to the north of here, playing out partly before reaching Lubbock and surrounding territory.

Tomorrow's prediction indicated fair weather with continued cold.

### COLD WAVE BROKEN IN MID-WEST

DENVER, Dec. 5 (AP)—The cold wave which has centered over the Rocky Mountain region for the past two days and which plunged Montana into arctic weather, with the temperature in one section of the state reaching 46 degrees below zero, apparently was broken today.

Chinook, Montana, which had reported an unofficial temperature of 46 below yesterday and Earle, with an official recording of 32 degrees under the zero mark, today welcomed relatively mild temperatures of around zero.

Montana, New Mexico, Nebraska, Kansas, Idaho and Utah were promised warmer weather.

### NORTHWEST TEXAS SHIVERS TODAY

WICHITA FALLS, Tex., Dec. 5 (AP)—Wichita Falls and Northwest Texas were in the grip of the coldest weather of the season today after its mercury had taken a decided drop during the preceding 15 hours. Minimum temperature was 27 degrees.

Skies were clear in the Panhandle. Texline reported a temperature of 20 degrees, and Amarillo and Childress 30 degrees.

The Egyptians had the prohibition problem 3000 years ago, but it must have been pretty hard to hit a pedestrian with one of those stone wheeled wagons.
