VOLUME 3 | WICHITA FALLS, TEXAS, FRIDAY, OCTOBER 29, 1909 | NUMBER 145

MACK NOT PULLING FOR JUDGE HARMON

DEMOCRATIC CHAIRMAN DENIES THAT HIS SUPPORT IS PLEDGED TO OHIOAN.

DOES NOT WANT BRYAN

Thinks Both Harmon and Marshall Have Strong Pulling Power With the People.

By Associated Press.

Washington, Oct. 29.—In an interview with Norman Mack, chairman of the Democratic National Committe, he today expressed the opinion that Bryan will not be the next Democratic candidate for the presidency. Mack stated that while Bryan was still popular with the ranks of the party, there was a great deal of sentiment against his leading the Democracy in another campaign.

At the same time, Chairman Mack denied that he was responsible for the publication of the fact that Judson Harmon of Ohio would be his choice for the next president. The last issue of the National Monthly, Mack's magazine contained an article indicating that the Ohioan would receive the suport of the party organization.

Football Player Hurt.

Texas News Service Special.

Waxahachie, Tex., Oct. 29.—Warren Herring, a Trinity University student suffered a fractured collar bone in a practice football game here this morning. This is the first serious accident of the season.

FIRST HUNTING PERMITS TAKEN OUT YESTERDAY

The first hunting licenses to be issued in Wichita county under the new law, were taken out yesterday by T. T. Felder and J. S. Flack, who paid five dollars each for the privilege of hunting anywhere in Texas that they may choose. A license is not necessary for hunting in one's own county, but those who wish to hunt in other than their home counties must provide themselves with these licenses.

The dove and quail season opens on Monday and many hunters will probably be out on that date. Duck hunting has been poor of late on account of the moderate weather. Local dealers have supplied themselves with all the necessary utensils and a busy season is expected.

PREACHES FAREWELL SERMON.

Rev. J. P. Boone Says Good-Bye to Fort Worth Congregation.

Rev. J. P. Boone, pastor of the Kentucky Avenue Baptist Church, preached his farewell sermon to the congregation at an affecting service held on Wednesday night.

At the conclusion of the sermon the entire congregation advanced to the front of the church and grasped the hands of the pastor and his wife.

Dr. Boone's farewell sermon was based on the topic: "Stand Fast in the Lord." He expressed appreciation for the affection and assitance given him by the members of the congregation during his pastorate and bespoke for his successor the same sympathy and co-operation. He urged the church to go forward in its plans for the future without a halt.

At the conclusion of the service a pulpit committee with J. A. Mugg as chairman, was named to arrange at once for a successor to Dr. Boone, who goes to Wichita Falls Nov. 1st.—Fort Worth Star-Telegram.

GREEK NAVAL OFFICERS REBEL—SITUATION ACUTE

By Associated Press.

Athens, Greece, Oct 29.—A revolt has taken place in the navy and the situation is acute. A band of naval officers today seized the arsenal on the Island of Salamis and are now entrenched there. The rebels reported number is three thousand. The leader of the officers, Tibaldos, has been proclaimed a traitor and ordered arrested.

The entertainment committee have secured the best reading talent for their Hallowe'en party tomorrow night and the public is cordially invited.

WANTS PARDON FOR DAVIS.

American Said to Have Been Unjustly Imprisoned in Mexico.

By Associated Press.

El Paso, Tex., Oct. 29.—Advices were received here today that E. D. Strange, representing the American colony of the state of Chiapas, Mexico, has appealed to the governor at Luxtla Guetirres, the capitol of Chipas, for a pardon for Stanley Davis, of Pilot Point, Texas, who is imprisoned for murder. Davis killed a Mexican thief he found in his room and his American friends declare that justice was denied in his speedy conviction.

TWENTY DIE IN MINE.

Explosion in Wales Proves Fatal to a Large Number.

By Associated Press.

London, Oct. 29.—A score of miners were killed by an explosion in the Rhyminey Iron Company's colliery at Glamorganshire, Wales, today. Manager Bowen, and two companions of the rescuing party, were overcome by after-damp and perished.

LOCAL GINNING REPORT LESS THAN LAST YEAR

Up to this morning 986 bales of cotton have been ginned at the Farmers Union gin, and 827 at the Wigham gin.

The Farmers Union gin expects to gin about 1200 bales before closing down for the season, and the Wigham gin are counting on running their total up to 1000 bales for the season.

If they are correct in their estimates it indicates that the total receipts at the two gins will fall short more than 1000 bales of what it was last year.

Some of the cotton buyers, however, contend that more cotton will be produced in this particular section of country this year than was produced last year.

JUDGE HASSELL RESIGNS.

County Judge of Grayson County Will Practice Profession.

Texas News Service Special.

Sherman, Tex., Oct. 29.—Judge Jeff W. Hassell, county judge of Grayson county, today announced his resignation from office to form a law partnership with Hamp P. Abney of this city. The county commissioners will likely appoint his successor at a special meeting tomorrow.

New White fish, Mackerel and Cod fish at King's. Phone 261. 137-tf

WICHITA AND HENRIETTA SECOND TEAMS TO PLAY

The second teams of Wichita Falls and Henrietta wall play tomororw afternoon and two strong elevens will line up for the contest. A football field has been laid out in the baseball park and after today practically all the games will be played there. The Henrietta eleven defeated the Wichita team two weeks ago at Henrietta, by a score of 12 to 10, and the local boys expect to get revenge tomorrow afternoon.

The town team and the first high school team play this afternoon at 4:30 on the high school grounds and, judging from the previous close game, today's will be very interesting.

SERIOUS COLLISION.

Thirty-Five Immigrants Injured in an Indiana Wreck.

By Associated Press.

Fort Wayne, Ind., Oct. 29.—In a collision between a west bound immigrant train and an east bound freight train at Tocsin, on the Chicago and Erie Railroad this morning, thirty-five immigrants, men, women and children, were injured, some perhaps fatally. The air brakes on the freight failed to work and the train telescoped one coach, and ditched the others.

BURGLARY AT BRIDGEPORT.

Dry Goods Store Loses to Extent of Eight Hundred Dollars.

Texas News Service Special.

Bridgeport, Tex., Oct. 29.—Burglars entered the Jones Dry Goods Store during the night and carried away silks, clothing, shoes and other articles, valued at eight hundred dollars. It is supposed three men performed the burglary, because of the large quantity taken. The officers have no clew.

Marriage License

Miss Lucy Drumheller and Allen J. Owens.

PRESIDENT TAFT IS AT NATCHEZ TODAY

WATERWAYS AGAIN FORM PRINCIPAL THEME IN ADDRESSES WHILE IN THAT CITY.

RACE DOWN MISSISSIPPI

Flotilla Steamers Have Warm Contest For Places of Honor in Line.

By Associated Press.

Natchez, Miss., Oct. 29.—President Taft and his party, aboard the steamer Oleander, arrived here at 9:40 o'clock this morning, two hours and forty minutes behind schedule time.

A large gathering greeted the chief executive on his arrival. After disembarking he was met by Mayor Benbrook and the reception committee and the mayor made a brief welcome address. He said:

"Mr. President, we, the mayor and board of aldermen of the city of Natchez, representing our entire community, and a committee of gentlemtn representing the Chamber of Commerce, are here for the purpose of extending to you and to those who accompany you, a most cordial greeting. We greet you, Mr. President, not only as the chief magistrate of our nation, but as our friend, and it gives me great pleasure to inform you, sir, that a most royal welcome awaits you from a community of as loyal and law-abiding people as live within your domain. We hope that your journey into Dixieland will prove of great pleasure to you, as we know it will to your southern conutrymen, and our prayers will follow you that you may return to your home and family in perfect health and safety."

The president made a happy response, after which he and the other notables were given an auto ride. He later made another brief address on the bluff, being introduced by State Senator Engle, who dwelt briefly on waterways and kindred topics.

In an exciting race yesterday the steamer Wells pushed ahead of the Alton, and won the second place in the flotilla line. For a while the race was suggestive of old days on the Mississippi.

POLICE JUROR INDICTED

Charged With Violating Prohibition Law—Can't Be Found.

Texas News Service Special.

Shreveport, La., Oct. 29.—A state court indictment was returned this morning against E. E. Harkey, a police juror of Caddo Parish, on a charge of violating the prohibition law. He cannot be found and the officers believe he has gone to Mexico. He was active in the anti-prohibitionists movement to return the saloons to Shreveport.

See W. F. Jourdan for any and all kinds of city, farm and ranch property. 145-tf

GOOD PROSPECTS FOR LAWTON ROAD

ANNOUNCEMENT COMES FROM OKLAHOMA CITY THAT IT POSITIVELY WILL BE BUILT.

POOLE AND JONES HERE

Spent Earlier Part of Week Here Giving Out Statements of Their Plans.

The visit to this city last Wednesday of L. T. Poole and C. G. Jones, railroad promoters of Oklahoma City, has resulted in the revival of the proposition to build from Lawton to this city and it is announced from Oklahoma City that the road positively will be built. This road has been long in contemplation and Mr. Jones has had it in mind for several years. Following is the announcement given out yesterday at Oklahoma City:

"A short line of railway is to be constructed from a point near Lawton to Wichita Falls, Texas, which, when completed, will open up to the wholesale and retail business men of Oklahoma City a virgin territory from which to draw trade.

"The line will be sixty miles in length, and is to be known as the Lawton, Wichita Falls and Northwestern railroad, of which L. T. Poole of this city is the vice-president, and C. G. Joness, also of Oklahoma City, is the promoter.

"These men returned to the city yesterday morning from Wichita Falls. They made the trip from Lawton to Wichita Falls in an automobile, and in discussing the territory which is contiguous to the survey of the proposed line that was made several months ago, both agree that it is the most fertile land that a crow ever flew over. The proposed line goes through that section that was formerly known as the 'Big Pasture,' which was a year or two ago cut up into farms and sold to actual settlers.

"This territory will be drawn 100 miles closer to Oklahoma City by the building of the newly proposed line, and the merchandise that is supplied to the merchants in the territory which is to be invaded will be delivered within forty-eight hours after it is loaded on the cars in Oklahoma City, which will be practically three days ahead of any schedule now in force. It will place Oklahoma City wholesalers in a position where they can command the trade of the entire section, covering an area of something like seventy-five square miles, because of the improved facilities for deliveries that will result from the building of the road.

"C. G. Jones is the man who built the Oklahoma City Belt line, the Frisco from Tulsa to Oklahoma City, and he has never been connected with a railroad project that failed. Mr. Jones says he is confident the new road will be built at an early date, but was not willing to designate any particular time for its completion. He thinks it the best policy to get to work on the line and let results speak for themselves. It is figured that the road can be constructed for $17,000 per mile, not including the equipment.

ATTEMPTED SUICIDE.

Young Man Tries to End His Life With Chloroform.

A yonug man by the name of Park Miller, on Ira Tollison's farm, four miles down the Wichita River, attempted to end his life by taking choloroform yesterday afternoon, but his life was saved by the timely arrival of Dr. L. C. Tyron, who reached him within twenty minutes after he had taken the drug.

After the boy had been revived, he persisted in trying to carry out his intentions, and to prevent this he was brought to town and placed in jail, where he is still confined. Domestic troubles are said to be the cause of the young man's action.

COTTON SACKS MAY BE MANUFACTURED HERE

W. C. Cannon of Wichita Falls, is the patentee of a new kind of cotton sack, and plans are under way for a plant to manufacture them in this city.

The sack is an elongated one, with a patent device for carrying and is quite a new idea for cotton pickers. Two concerns, one at Waco and the other at St. Louis, are trying to secure Mr. Cannon's rights to the patent, but if possible, a local company will be formed to manufacture the sacks in this city.

Several are interested in the matter locally, and it is probable that some action will be taken. The Chamber of Commerce has the matter in hand.

MARTIN RE-ELECTED.

El Paso Newspaper Man a Leader in Dry Farming Circles.

Texas News Service Special.

Billings, Mont., Oct. 29.—G. A. Martin of El Paso, persident of the Dry Farming Congress, was re-elected this morning as a member of the active commission of the international dry farming congress. Martin is the news editor of the El Paso Herald.

WILL PROBABLY SIGN FIGHT CONTRACT TODAY

By Associated Press.

New York, Oct. 29.—Unless some unexpected hitch occurs, Jeffries, and Johnson will affix signatures today to articles calling for a battle for the premier title of the fistic arena some time next April, before the club offering the largest purse.

SNAPSHROT OF MRS. PANKHURST, ENGLISH SUFFRAGIST, ON HER ARRIVAL IN AMERICA.

The accompanying illustration is reproduced from a snapshot taken on the arrival in America of Mrs. Emmeline G. Pankhurst, the militant English suffragette. Mrs. Pankhurst was accompanied by a goodly retinue of women advocates of the cause of equal suffrage, most of whom bore medals as proud proof of the fact that they had been locked up for advocating votes for women. The leader—she truly is the leader of the suffrage forces in England—began her fight for the cause on this side of the water before she was fairly on American soil. She announced that she would lecture in Boston, New York, Chicago and any other American city where the suffragists wished to hear her and that she would launch a crusade in this country that would not die until every woman was the legal equal of every man at the polls. Those numbered in this group are (No. 1) Mrs. Mary Keegan, (No.2) Mrs. Pankhurst, (No. 3) Mrs. Harriet Stanton Blatch and (No. 4) Mrs. E. C. Flower, Mrs. Pankhurst's chief aid in England.

RECORDS SMASHED IN LOCAL MARKET

ONE HUNDRED AND TWENTY-EIGHT BALES YESTERDAY BRING ABOUT $10,000.

HIGHEST PRICE IS PAID

Entire Lot Went at 14.27½ Cents Per Pound—Bought By Hale and Simmons.

One hundred and twenty-eight bales of cotton, at an average of over seventy-five dollars per bale, is the new record which was established in the local cotton market yesterday. The Times' article on yesterday afternoon covered only a part of the day's sales, there being nearly fifty more bales.

The cotton was purchased by the local cotton firm of Hale and Simpson and the total price paid was nearly ten thousand dollars. When the price received for the cotton seed from these one hundred and twenty-eight bales is added to this sum, the total is quite a tidy one.

The cotton was bought at the rate of 14.27½ cents per pound, and established the high record for price, as well as for quantity. Ten thousand dollars turned loose in one day for cotton in one day is a sum not to be considered lightly.

DISASTROUS FOREST FIRE.

Believed to Have Been Started By Angry Sheep Herders.

By Associated Press.

El Paso, Tex., Oct. 29.—Forest fires are raging in the Huachuca Forest Reservation and troops are ordered out to fight the flames. Much valuable timber has been destroyed. It is believed the fire was started by sheep herders for revenge for having their flocks driven from the government ranges.

JONES DENIES REPORT.

Says That Santa Fe Has Not Purchased Southern.

By Associated Press.

Abilene, Tex., Oct. 29.—Morgan Jones of Fort Worth, who is here today, denies the report that the G. C. & S. F. Railroad has purchased his Abilene & Southern road. It has been rumored that the Santa Fe had purchased the line connecting the Texas and Pacific at Abilene with the Santa Fe at Ballinger.

STAND PIPE BURSTS.

Water Pipe at Belton Put Out of Commission Today.

Texas News Service Special.

Belton, Tex., Oct. 29.—The city stand pipe burst this morning, a section thirty feet high falling to the ground. This practically closes the waterworks. The damage to the pipe is four thousand dollars. Nearby dwellings were flooded by the water held in reserve but no one was injured.

WILKES NOW AFLOAT.

Grounded Torpedo Boat Is With Rest Of Flotilla at Natchez.

By Associated Press.

Natchez, Oct. 29.—The Torpedo boat Wilkes which ran agorund below Vicksburg, floated last night and is now in the local harbor coaling, with the remainder of the flotilla.

Card of Thanks.

Words fail to have meaning when we try to express our thanks and appreciation for the many kindnesses shown us during our sad bereavement. May God bless every one who administered in any way.

MRS. J. O. McDOWELL,
and FAMILY.

OVER A THOUSAND ACRES ARE SOLD NEAR CHARLIE

E. L. Persons, an attorney of Chickasha, Oklahoma, was in Wichita Falls yesterday and closed a deal for the sale of two tracts of land near Charlie, consisting of 570 acres belonging to Charles Dowlen and 560 acres belonging to Ed Foster. The purchase price was thirty-two thousand dollars for the two tracts; over $28.00 per acre.

Mr. Persons made the purchase for himself and brother and sister and either he or his brohter will make his home of then ewly acquired farm. Mr. Persons was a resident of Wichita Falls during 1908.

LOW DEATH RATE IN AMERICA TODAY

HAS DECREASED STEADILY YEAR BY YEAR AND IS NOW LEAST ON RECORD.

FIFTEEN TO THOUSAND

Fewer Men Dying Than Formerly, But Female Rate Is On the Increase.

Washington, D. C., Oct. 29.—The civilized world has indeed arrived at an area of low mortality. This conclusion is stated in Census Bureau Bulletin No. 104, on mortality statistics for 1908, prepared by Dr. Cressy L. Wilbur, cheif statistican for vital statistics under Director Durand, who has transmitted it to Secretary Nagel of the Department of Commerce and Labor.

The death rate of the registration states in 1908 was 15.3 per 1000 of population, which was slightly lower than that for the entire registration area, 15.4 per 1000, and it is the lowest on record. Dr. Wilbur says it is probably the lowest death rate in the United States.

The death rate of the rural portions of these states was still lower, being only 14 per 100, while that of the urban population was 16.5 per 100; the latter including all cities having a population of 8000 or more inhabitants in 1900, and being, as usual, somewhat greater than the rural rate years ago.

Low Death Rate in England.

The death rate of England and Wales for 1908 was only 14.7 per 1000 of population, and of London for the same year, 15.8 per 1000. For each year since 1893 the death rate of England and Wales has been less than 16 per 1000, with the exception of the year 1904, when it was 16.2 per 1000. No rate as low has been recorded for any previous years of registration.

The registration area embraces the registration states and separate registration cities in non-registration states accepted by the census bureau as having approximately complete registrations of deaths based upon the requirement of compulsory burial permits. For the year 1908, the registration states were: California, Colorado, Connecticut, Indiana, Maine, Maryland, Massachusetts, Michigan, New Hampshire,, New Jersey, New York, Pennsylvania, Rhode Island, South Dakota, Vermont, Washington and Wisconsin.

Covers One-Half Population.

The District of Columbia and 74 registration cities in non-registration states, together with the registration states mentioned, made up the aggregate registration area for 1908, whose total estimated population for the year was 45,028,767, or over one-half (51.8 per cent) of the total estimated population of the continential United States, which was 86,874,990. The addition of Ohio for the year 1909 has still further increased the percentage of the population reporting to 52.2 per cent, and other areas may be included for the calendar year 1910, for which direct comparisons of the mortality statistics can be made with the population enumerated by the thirteenth census.

The total number of deaths returned for the year 1908, from the aggregate registration area was 691,574. For the preceding year the number of deaths was 687,034, or only 4,540 less than the 1908 returns, although the registration area for 1908 was increased by Washington and Wisconsin. The year 1908 was one of remarkably low mortality throughout the United States so far as can be determined from the available registration records and was marked by a general absence of severe epidemics and of unusual mortality from other causes.

Increase in Women's Deaths.

Females contributed a slightly larger proportion of the deaths in 1908 than they did in 1907, but the actual number of deaths of males registered for 1908 was less than for 1907. The

percentage of males was 54.3 and of females 46.7. The figures for age periods show a somewhat increased per cent of deaths of infants under 1 year for 1908, but the ratios for each of the individual years from 1 to 4 are identical for 1907 and 1908. A close agreement appears in the subsequent five-year periods, although there was a slightly more favorable showing for 1908 for the age periods from 15 to 49 years.

Nearly one-fifth of all the deaths that occurred were those of infants under 1 year of age and over one-fourth are of children less than 5 years of age.

For both 1907 and 1908 93.3 per cent of all deaths were those of white persons, which proves the unequal division of the registration area in this respect. Maryland is the only registration state with a considerable proportion (23.6 per cent) of colored population.

Nearly one-fourth of all deaths registered were those of persons born out side of the United States. The states having the largest proportion of native-born Americans of native stock are, Dr. Wilbur states, the ones in which it is the most difficult to pass effective registration laws. Therefore the actual mortality of Americans of native parentage is not fully represented in the registration area, although over two-thirds of the deaths registered were of native-born with native parents.

January Deadly Month.

It appears that the month of maximum mortality in 1908 was January, with 67,763 deaths, and that of minimum mortality was June, with 49,701 deaths.

The death rates of the individual registration states vary for the year 1908 from 18.4 for California to 10.1 for South Dakota. Dr. Wilbur points out that the total variation is less than that of the great towns of England, and that the range of mortality is not excessive.

SPITTING NUISANCE.

Hawking and Spitting is Caused By Catarrh Germs.

If the local authorities want to stop the disgusting habit of spitting mucous on the sidewalks, they had better instruct the people as to the best method of killing the catarrh germs and curing catarrh.

You can easily tell by reading the symptoms below whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucous, difficulty in breathing, loss of vital force.

Mater-Walker Drug Company have a sensible remedy (money back if it fails) for catarrh, called Hyomei, which is vaporized air so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life and cures catarrh.

The price, including large rubber inhaler, is only $1.00 and money back if it dosen't cure. Extra bottles, 50 cents. "I had tried almost every catarrh cure on the market without benefit. Have been using Hyomei for one week and feel like a new man already."—Wm. V. Goode, Newark, Ohio, June 21, 1909.

Mr. R. B. Morris, formerly owner of the Auditorium and of the Folly, now has the management of the Empire. Wichita Falls, Texas, Oct. 29th, 1909.

WEATHER FORECAST.

For Wichita Falls and vicinity—Tonight and Saturday, generally fair.

Large commodious churches, with able men to fill the pulpits are about as good an advertisement as any thriving growing town can boast. Wichita Falls has the able men to fill the pulpits and also has one fine church building completed and in use, and two under construction that will cost considerable more than the one already completed. In another year the prospects are very flattering that at least two more handsome churches will take the places of the present frame structures. No better investment can be made than money put into church buildings, and in this connection it might be well to state that it is not right for any congregation to compromise its religious belief and practice to secure money by which to make these church improvements. Of all the thousands of money that has been subscribed towards church building funds in Wichita Falls, there is but one case on record where a subscription to a new church has been withdrawn solely because the pastor was not pursuing the course the subscriber thought he should along certain lines of a moral nature. But that pastor and that church can better afford to do without the money that man proposed to donate rather than accept it and pursue a different course than the pastor has taken on the matter. Doubtless the fellow thought, when he withdrew his subscription, that work on the building would cease but nothing like that has yet occurred, and if the Times is not mistaken in the man (the pastor) and his ability to overcome difficulties of this nature, on one need have fears but that the beautiful church building will be dedicated on the time set for that very pleasing occurrence.

One hundred and twenty-eight bales of cotton in one morning at fourteen and a quarter cents a pound! Come to Wichita.

No use getting sore if you find two or three panels of your front fence missing Sunday morning. You were young once yourself.

It is all right for Mr. Fowler of New Jersey to slap Aldrich on the wrist, but he ought not to be brutal about it.

Now that another oil company has been fined, collect the money and let the attorneys grab.

IS WOMAN A SERVANT?

"In the main, the position of woman is curiously like that of the servant in the house," says Inez Haynes Gilmore in Success Magazine. "A servant with good wages and a generous allowance of afternoons and evenings 'out,' a servant carefully nursed when she is ill and attended by the master's own physician, a servant who is sure always of generous tips, when there is extra work, and of a carefully sinecured old age. Like a servant, however, it is to her interest to spy on the master, to discover his weaknesses and to play upon them. In some respects it is a pleasant position, although it is always an uncertain one, for, from her birth to her death, her welfare depends not on herself, but on a man; her father or brother or guardian first, her husband second, her son last. Luck always controls her destiny. Though the wheel of chance may set her in a pleasant place today, there is always the dread on her of a week's notice, the possibility of the crowded vista of the employment agency tomorrow.

Her duties ranging over a limited area of human endeavor, made for a cheap versatility rather than, as in the case of the men, for the development of special gifts. Her working hours and her wages are arbitrarily fixed by men. Her habits are settled by men. Her intellectual convictions are doled out to her by men. She has never, until this generation, been permitted to cultivate he rmind. As her chief control of man is through her sense, she thinks almost entirely with her emotions."—Austin Statesman.

Wichita Falls Times: In spite of everything that is being said to the contrary, Wichita Falls is growing as fast today as ever in her history. There are more carpenters, more painters, paper hangers, plumbers, brick masons and tin workers finding employment here today than ever beofre, and if things were at a standtsill, as claimed by some, such conditions would not exist. There has been no decline in the price of city and county property. On the contrary every piece of property which has changed hands during the last few weeks has netted the owner a handsome profit on his investment.

Dallas News: Who said or hinted, intimated or implied a standstill at Wichita Falls? Nobody. The Times is only setting up a man of straw to fell for advertising purposes. It is laying a text upon which to found a boost. It is arguing with itself, creating a diversion on one side in order to make a noise on the other. Oh, we are on to you, old Sly.

The enforced absence of the bookmakers has made horse racing a farce at the Dallas Fair this year. But the Fair, happily, was built on more substantial foundations.

The assassin of Prince Ito was a newspaper man. It is to be hoped the city editor is satisfied with the way he covered his assignment.

President Taft is doubtless beginning to realize that these "swings around the circle" aren't all they are cracked up to be.

No man ever realizes how much less he knows than he thought he did until his little girl asks him to help with her algebra lesson.

That Roosevelt story has been branded a fake, but a man can afford to do a little faking at a dollar a word

Why is it necessary for the night trains to make such an unearthly noise as they go through town? Not every city will allow it, and our Council might do well to consider the matter. Nervous people are distured and sick people are disturbed to an extent that seems wholly uncalled for.—Seymour Banner.

You will have to get accustomed to things, and by the time Seymour gets another road or so, the noise will not be noticed. It used to be that way in Wichita, before Wichita become a railroad center, and every boy in town could tell you the number of the particular engine coming into the city by the sound of the whistle. Not only that, but they learned the signals, and could tell you how many tons of coal the engineer had signalled the men in charge of the coal chutes to unload on his tender. From the number of signals given by some of those engineers in the middle of the night the fellow who was trying to go to sleep, concluded from the number of signals given that a regiar man-of-war was steaming into town to coal up. But we in Wichita have become accustomed to the new order of things, and the only disturbance which is likely to sause annoyance and unrest is for the locomotives to cease their constant puffing, pulling and whistling.

A prominent contractor is authority for the statement that Wichita Falls has in the neighborhood of forty miles of cement walks, and the same gentleman has several weeks' work of this kind ahead. At the beginning of the cement walk building business, the city council promised that it would put down cement street crossings wherever cement walks were constructed and joined together, and, doubtless, the city has done its very best to keep the promise good, but has failed in some instances, probably from the fact that tax-payers and property owners' inclination to build walks was greater than the city's financial ability to put down the street crossings. But there need be no discouragement on this account; the street crossings will come in time. That cement walks more than pay for the expense of putting them down in the way of enhanced values in property, has been demonstrated beyond the question of a doubt.

Harris county leads the state in the penitentiaries, having 215 convicts. What a shock this news will be to some of Wichita county's neighbors.

Wilbur Wright says we will never live to see aeroplanes flying across the Atlantic. Even then, we will manage to worry along somehow.

Over two million sacks of Texas rice have been harvested this year. That would make about one hundred million rice-puddings.

President Taft says he will retire at the end of his four years. He certainly will if Texas has anything to say about it.

An Amarillo couple went on their honeymoon twenty-seven years after they were married. But then, that's Amarillo.

The Dallas News owes Brownwood an apology. Yesterday's issue gave James B. Wells as being from that city.

The man who predicted fifteen cent cotton in eigh weeks the other day seems to have been about seven weeks off.

King George of Greece is displaying almost human intelligence. He wants his country to become a republic.

The House of Kuppenheimer
Chicago

Quality Clothes and Our Guarantee

"GUARANTEE" is a fine, strong word often misused. When we use it here we mean everything the word means, and that means your protection. When we sell you a suit or overcoat from **The House of Kuppenheimer** we not only do all in our power to aid you in selecting a garment that will be 100 per cent right in every point of style, of wear, fit and tailoring—we do more:

We take all the risk of your dissatisfaction on ourselves—we leave ourselves no loopholes—we give our word with no string attached. We say every Kuppenheimer garment you buy from us must prove right in every vital point—in every single detail. And we are here to make good that guarantee—in any way you like. Back of our guarantee stands another—it's our strength—our surety—the maker's guarantee that their garments must satisfy you who wear them. That's our faith—it's well-founded faith—for it's based on quality. We illustrate two good models, the Derby and Warwick. There's plenty of style and snap to them combined with gentlemanly good taste.

"Nature's Gift from the Sunny South"

Lard Is An Animal Product
Cottolene Is a Vegetable Product

Many people believe with Moses, the great law-giver, that the source of lard is unclean. The source of *Cottolene* is absolutely clean and wholesome, and the product is as healthful as olive oil.

Cottolene comes from the cotton fields of the Sunny South; it is a product of Nature, refined by our exclusive process. The ancestry of lard is not so clean or inviting. Lard never has been, never can be, anything more or less than unwholesome hog fat.

Cottolene makes food that any stomach can digest, while lard is the cause of nine-tenths of all indigestion.

Cottolene is the best frying and shortening medium made to-day. Wherever exhibited in competition with any and all other cooking fats, it has always been granted Highest Awards.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

Made only by THE N. K. FAIRBANK COMPANY

New 4 Crown Raisins Now Ready

The new raisins are here and they are of very fancy quality, indeed.

The 4 crown stock which are the very best grade, are especially fine this year, being fat, meaty and clean as you please.

The grape crops of all kinds were exceptionally fine this summer and the raisin grapes were no exception.

The price of this fancy fruit is no higher, though, so that you are really getting more value for your money than ever.

BROOKS' POSITION.

Is for Submission, But Will Oppose Prohibition.

Texas News Service Special.

Austin, Tex., Oct. 29.—Judge M. M. Brooks, of the court of criminal appeals, urges the submission of the proposed constitutional amendment as a part of practical local self-government and opposes state-wide prohibition. In a letter made public today, addressed to Representative C. C. Highsmith of Houston, he says statutory prohibition is unconstitutional and that he would be forced to veto that character of statute which would contravene the provisions of the constitution relating to local option. He termed the democratic state primary the supreme politieral court of the state, and declares that no local representative has a right to disregard the primary demands. He points to the constitutional absurdity in that two thirds of the voters are required to elect two thirds of the representatives and that two thirds of the members of the legislature are necessary for submitting an amendment, consequently it takes two thirds of the voters to submit, yet a majority of the same people could adopt the amendment.

AMUSEMENTS

"GRAUSTARK."

Geo. Barr McCutcheon's "Graustark," which comes to the Wichita Theatre tonight has caused much discussion as to the meaning of its peculiar title. This is the simplest thing in the world to define, as it bears directly on the story. The locals of the mythical principality of Graustark is presumably South of German, and the author, in selecting a name, naturally took it from that language. The principal scenes are centered in and about a fortress, castle and monastry, situated on a great gray rock in the city of Edelweiss. Mr. McCutcheon named his book after this impragnable field.

Gray in the German language is "Grau," while anything that is great and strong is "stark." Hence the author's befitting title, "Graustark."

In the play this gigantic rock is faithfully reproduced. It is in the first act, and readily conveys to those present Mr. McCutcheon's idea in giving his book such a euphoneous title. The dramatization was made by Geo. D. Baker, and follows the book closely. Not one beautiful line has been lost, no dramatic situation overlooked, nor has any of the fascinating story been marred.

As a scenic production 'Graustark'

MAURICE E. BRIERRE, JR.

As 'Grenfall Lorry' in 'Graustark'

is in a class by itself. Several of the effetcs are new to the stage, and were invented for the occasion by Jas. W. Castle under whose personal stage direction the play is presented.

The company is composed of artists seldom seen away from New York theatres, and is headed by Miss Isabel MacGregor, Maurice E. Brierre, Jr., and J. H. Lewis.

The Kansas City Star says:

"The Grand Theatre, according to Manager A. Judah, with last night's performance of "Graustark," closed one of the most remarkable weeks in its history. It was the end of the second week of the season and, in matter of attendance, every record for a dramatic performance was broken. The only two performances of the week that were not sold out were the Sunday matinee and Monday night. At the Thursday matinee and the matinee yesterday, Manager Juday estimates that more than five hundred persons were turned away each afternoon. On both occasions the top gallery was opened to women and quickly sold out.

"It is an almost universal rule that even the best attractions do not do a big business at the opening of the season, when the weather is unfavorable, and at a period when the people have not yet gotten the "habit."

"THE GREAT DIVIDE."

After two years of eager expectancy the local lovers of good drama are at last to see what the leading dramtic critics of America have so widely heralded as "the long awaited great American play". Contracts have have been sigend, sealed and delivered, whereby the management of the Wichita Theatre may definitely announce "The Great Divide" on next Wednesday, November 3rd.

The attraction is under the direction of Henry Miller, the distinguished stcor-manager, who has been presenting William Vaughn Moody's phenominally successful drama of American life for over 500 nights at the Princess and Daly's theatres, New York, to such unprecedented business that a road tour was out of the question heretofore. A superb compnay is now touring, and the entire production, with complete scenic equipment, will be given here precisely as presented for two seasons in the metropils.

A Home Production.

Next week the Chesney Bros. will present their own big company to the people of Wichita Falls, in their own new canvas theatre. The Chesney Bros. are citizens of Wichita Falls and they should be accorded big patronage. The boys have secured the services of Mr. E. E. Pollock as director and leading man, and his experience in the past has been a varied and complete one. Mr. Pollock has played in over five hundred different bills and as a character actor has no superior in the dramatic profesion.

Miss Grace Richmond has been secured from the Woodward Stock Co. in Kansas City, where she has been the leading lady for the last two seasons. The company of acting people will be augmented by the following, all clever people of note; Misses Norene Pollock, Gussie Andrews, Annie Chesney, Messrs Jack Champion, Hal. H. Andrews, C. S. Major. A. Williamson, Fred L. Griffith, Henry D. Chesney, and Chas Chesney. The music will be a feature of the whole show. Miss Bessie Burnell and her famous Ladies Orchestra of eight pieces, all soloists, and with vaudeville between acts, there will be something doing of interest every minute during the performances.

The Chesney Bros. are giving a written guarantee with every ticket that the Chesney Bros. Big Show will be the best, most complete and up to date, and withal the most pleasing, ever seen in the city. The play chosen as the opening bill will be the dramatization of Bertha M. Clay's most famous novel, "Thorns and Orange Blossoms."

Mr. and Mrs. Pollock are not strangers to Wichita theatre goers, Mr. Pollock being the director of Dr. H. D. Rucker's Co. while he showed in this city, and Mrs. Pollock was the "heavy" woman with the same company, and whose wardrobe was so favorably commented upon.

Let Us Give You a Pointer

RIGHT NOW is the time to build that new house that you've been figuring on. We are overstocked on just the material you'll need, so are in position to quote you very favorable prices.

As a matter of fact, we have large stocks and a good assortment of lumber, sash, doors, mouldings, and building materials of all kinds. And while "quality" is our long suit, still we will not allow ourselves to be undersold. If our price is not always lower than you can get elsewhere, it is at least as low. Anyway, it will pay you to get our figures.

MOORE & RICHOLT, Lumber and Building Material

A home bank; a substantial bank and a big bank is

The First National Bank

Wichita Falls, Texas

¶ It aims to be abreast of the times and still be conservative.

Benjamin Clothes
Alfred Benjamin & Co. Makers New York

You'd be surprised if we'd tell you the number of men in this city who come to us, quite worried because of the fear that they can not obtain a suit of exceptional attractiveness, and one not having that flippant "air" which characterizes so many makes of clothes. We quiet their fears in a moment and do it very easily, too. In our long experience we have found that freakishness is not style, nor are the clamorous patterns. Acting upon our real knowledge of a gentleman's needs we are always prepared to exhibit rare styles and fascinating patterns; BUT NOT boisterous clothes. The Seabright Sack, made by Alfred Benjamin & Co., in New York, is a remarkable style, which is so "up-to-the-minute" that it fairly sparkles. The fabrics are soft and rich; the tailoring is of the kind which only expert workers can give. It is a clean, good, *"Made in New York"* style which men of taste desire.

COLLIER & HENDRICKS

New Real Estate and General Insurance Firm

We have moved to Wichita Falls and opened a Real Estate and General Insurance Office in Suite 6, Moore-Bateman Bldg., and are prepared to do a General Insurance, Bonding and Real Estate Business. We represent some of the strongest, old line Insurance Companies in the United States. We are district agents for the Sam Houston Life Insurance Company, a strong, clean, Texas Company. Each policy is guaranteed by the State. We are General Agents for the American National Health and Accident Company, another strong Texas institution.

We also represent the Republic Guarantee and Surity Company, one of the strongest bonding Companies in America, and are in a position to make you a bond on short notice.

We will handle all kinds of farm and city property here and in all parts of Texas.

We are anxious to meet you and will take pleasure in showing you anything in our line.

Texas Counties Testify to the Value of Prohibition.

Lamar County—Lamar county has lately gone dry again by a largely increased majority and the antis seem to have given up all hope. The last year of saloons our taxable values were $12,899,764.00. In 1908 they were $23,704,940.00.

Our tax rate has fallen from 87 cents to 48 cents. There were 767 fewer chattel mortgages filed in 1908 than in 1905, the last year of saloons. The number of prisoners in the county jail has gone from 85 to 15 for June of these two years. In the city of Paris convictions for drunkenness decreased from 420 in 1905 to 82 in 1908. Our bank deposits increased from $2,148,956.00 to $3,144,721.00.

Many public improvements have been made and prohibition has in no wise hurt business. Residences to the value of $100,000 were in course of construction in June 1909. Scarcely a desirable business house has been vacant in our city. Paris is not dead nor dying, and the increase in our prohibition majority indicates that we are satisfied.

J. WASH BAIRD,
Paris, Texas.

Gregg County—Our county went dry February 28th, 1903 by a majority of 317. Drunkenness has been largely reduced. Our grand jury finds fewer indictments. Our tax rate has been largely reduced. Morals of the community are better. Our bank deposits have increased. Business is better. We are satisfied.

J. N. BERGIN,
145-1tc Longview, Texas.

WICHITA FALLS, TEXAS

FLORAL HEIGHTS

Wake Up and Buy Some Lots In Floral Heights

Can't you see that delay means a loss to you. Don't you know that lots in Floral heights will soon be higher? Why not? They are certainly the cheapest and best located lots in and about Wichita Falls. They have the highest elevation, the purest atmosphere, the most picturesque view. They have the city water, graded streets, five cent car fare and, in fact, will soon have every modern convenience out to the bend of the car line. Wide concrete sidewalks are now being put down and several nice residences are under construction.

This is the only way the town can grow and the only way we will have street car service for several years. The Floral Heights addition is not a real estate man's proposition, but is an addition backed by over fifty of the leading citizens of Wichita County, who have the interest of Wichita Falls at heart and who are determined to make Floral Heights the swellest residence section of the city. Floral Heights is spending more money to boost Wichita Falls than all the concerns in the city put together, with the exception of the Chamber of Commerce.

Any agent in the city will be glad to give you prices and assist you in selecting your lots. Make your purchase today before the good lots are all sold. Cars leave the corner of 8th St. and Indiana Avenue every ten minutes for Floral Heights. Lots are sold on terms of one-third cash, balance in one and two years, 8 per cent interest.

If you have friends and acquaintances who would like to know more about Wichita Falls, call at our office, 617 8th Street, for nice literature to mail them.

The Floral Heights Realty Co.

A Gold Mine to All

The following is an analysis of water taken from a well on my farm two miles southwest of town, on the road to Lake Wichita; was made by G. S. Fraps, Ph. D., State Chemist, at the Agricultural and Mechanical College of Texas, on Oct. 13th, 1909.

This sample of water has the following composition, expressed in grains, per U. S. Gallon:

Carbonate of Lime	7.58
Sulphate of Lime	23.33
Calcium Chloride	15.68
Magnesium Chloride	32.19
Sodium Chloride	135.41

This water is classed as a muriated saline water. These waters stimulate the secretion of the stomach, increase digestion and favor a more complete absorption of the food. This water should have a laxative action, taken in small doses, and a purgative action taken in larger doses, on account of the magnesium which it contains.

Yours truly,
G. S. FRAPS.

This water will be delivered to any part of the city at 10c per gallon.

MAKES HAIR GROW.

Mater-Walker Drug Company Has an Invigorator That Makes Hair Grow in Abundance or Money Back.

If your hair is thinning out gradually it won't be long before the bald spot appears.

The time to take care of the hair is when you have hair to take care of.

For thin falling hair the best remedy known to mankind is Parisian Sage. It is compounded on scientific principles and furnishes the hair root a nourishment that acts quickly and promptly and causes the hair to grow.

But remember this: It kills the dandruff germ, the pest that appropriates all the natural nourishment that should go to the hair root.

Parisian Sage is sold by Mater-Walker Drug Company under a positive guarantee to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

It gives to women's hair a lustre and radiance that is most fascinating and causes it to grow abundantly.

Parisian sage is now sold in every first-class town in America. A large generous bottle costs 50 cents and the girl with Auburn hair is on every bottle.

Public Sale.

On Thursday, October 28th, I will have a sale on my farm 1½ miles north west of Wichita Falls. All my farm implements, consisting of every farm implement and every kind of a tool needed on a farm, from a fine gang plow to a garden wheel hoe; also work mules, work horses brood mares, and a lot of young mules and colts, and the best Jersey cow in the country; also household and kitchen furniture; a lot of barbed wire, etc.

Terms:—$10 and under, cash; over $10, six months with good note bearing 8 per cent interest.

Sale begins at 8:30.

126-18t R. H. SUTER.

We have made special arrangements with the publishers of the book "Graustark" whereby we can sell this popular book for $1.00 which retails the world over for $1.50.

MISS BLECH, MRS. TAFT'S SECRETARY, WHO IS REPORTED ENGAGED.

Washington's official society has heard that Mrs. Taft is about to lose her social secretary, Miss Alice M. Blech. It is reported that the tactful and talented young woman who looks after the social engagements of the first lady of the land is soon to become a bride. The lucky man, gossip says, is Richard Wainwright, son of Rear Admiral Wainwright. The couple have been almost constantly together since last winter, when Miss Blech received her appointment at the hands of Mrs. Taft. Miss Blech has mastered seven languages. Probably the one thing which attracted Mrs. Taft to her was the fact that she was told that the young woman was a thorough pianist, having won much applause in the local music circles.

IS SUING WORLD.

Judge Gaynor Attacks Paper That is Supporting Him.

New York, Oct. 29.—Events far from the ordinary are characterizing the hottest municipal campaign New York has seen for many years.

The New York World is the chief newspaper support of Judge Gaynor, Democratic candidate for Mayor, and its evening paper has been printing a series of articles on the issue by Arthur Brisbane as one means of giving its readers the other side of the issue in the campaign. Mr. Brisbane is editor of one of Hearst's newspapers and Mr. Hearst is also candidate for Mayor. Today's World has this story on a news page:

Charles H. Hyde, attorney for William J. Gaynor, Democratic candidate for Mayor, served yesterday on the Press Publishing Co., publishers of the New York World, a summons and complaint in an action in which plaintiff demands $100,000 damages for alleged libel.

The complaint is based on an article written by Arthur Brisbane in the Evening World, in which the writer describes the proceedings involving the appointment by Judge Morschaser of Poughkeepsie of Rudolph Block as an Acqueduct commissioner. Block was then under contract as an editor to William Randolph Hearst.

The World's view of the legal action taken by Judge Gaynor is shown in the following editorial printed in the same edition as the news announcement.

Judge Gaynor's Independence.

Judge Gaynor's libel suit against the World for the publication in its evening edition of one of Mr. Brisbane's entertaining articles in behalf of Mr. Hearst, is to be accepted as further proof of the Democratic candidate's militant independence.

If Judge Gaynor, in the midst of the campaign, brings suit against the World, which is his chief newspaper supporter, we have high hopes that as Mayor he would be equally courageous in starting litigation in the public interest. He is the kind of a man who would bring all the tax-dodgers to time, collect the franchise taxes that the corporations have evaded for years, and compel the traction companies to fulfill their contract obligations. That is what we want him to do.

New York needs a Mayor who is not afraid to start lawsuits against anything or anybody, and who will not be swerved by personal considerations of any kind.

The congratulatory tone in an editorial referring to a man who has broght suit against the paper is entirely new to New York newspapers.

"Spend Wichita Falls money in Wichita Falls."

"Money spent away from home helps to build another city instead of your own."

"Why not help build your home city with home money?"

A fresh supply of Ramer's Chocolates at Millers' drug store. 145-2t

ASK ATTORNEY GENERAL FOR ELECTION OPINION

Chairman W. J. Bullock of the prohibition committee this morning addressed a letter to Attorney General Davidson at Austin, asking his opinion as to when the prohibition election for this county can be called.

It is believed that the commissioners court can meet at the expiration of the two years since the last election and issue the election order then.

The earliest date that the court could meet, under this rule, would be December 1st, and the earliest date thereafter that the election could be called would be December 16th.

If the attorney general agrees with this construction of the law, there is little doubt that the election will be called in December, probably about the 18th of the month.

POSTED.

SHORT ITEMS OF INTEREST

The "Graustark" Company arrived this afternoon for its performance at the Wichita tonight.

One of the dominant features of the Hallowe'en entertainment tomorrow night will be in the musical program, "The Witch's Dance," by Mesdames Langford and Sherrod—don't miss it.

The fire department was called to the Farmers' Union Gin at 8 o'clock this morning, where a small blaze was put out without the assistance of the fire boys. The fire was a small one and did little damage.

The Epworth League of the M. E. Church entertained last night at Mrs. A. E. Anderson's and a very enjoyable evening was spent by those attending. Hallowe'en stunts were the feature of the entertainment.

J. M. Bland today sold to Mrs. Minnie Adickes eight lots in block 14 of the Jalonick addition for $2,220. The deal was made through Moore and Stone. Mr. Bland acquired this property early last spring, the investment netting him $400.

Following is the lineup of the second high school team in its game with Henrietta tomorrow: Bullock, right end; Somerville, right tackle; Hammond, right guard; Esley, center; Hannah, left guard; Poore, left tackle; Ingram, left end; Wilson, quarterback; Mathis, right half-back; Fore, full-back; Jones left half-back, and Rolling, substitute. The team averages 130 pounds, five less than the visitors' average. The game will be called at 4 o'clock and an admission fee of 25 cents will be charged. Ladies free.

Mrs. Ed Arion Dead.

A telegram to Mr. T. T. Carr, of this city, announces the death of his daughter, Mrs. Ed Arion, which occurred at Amarillo this morning at 9:30 o'clock. Mrs. Arion formerly lived in this city and has many friends here who will deeply regret to learn of her death. Her sister, Mrs. Lillian Zadix and brother, Jesse Carr, left this evening for Amarillo to attend the funeral which will take place in that city tomorrow.

Fresh Fall Styles

Daily new arrivals are shown in every line. The winter season is approaching its busiest period. Purchasers in increasing number are frequenting every section. The great assortments could not be better equipped for every demand. Many unusual strong values are striking points in every department. :: :: ::

While this store always proposes to give its patrons the best values in woman's wear obtainable anywhere, the price from the buyers point of view should not, and is not always the first consideration. The important features are these—to the garment individual, is it graceful and of a character suitable to one's particular style; if lacking only in some slight degree it will never impart satisfaction and contentment in the knowledge of being well gowned. For this reason we have devoted much time and thought to the matter of perfect tailoring and exclusive style ideas which will readily be recognized by woman who look through our magnificent assortment of suits and coats and try them on. Daily arrivals by express keep this ready-to-wear stock up to the highest standard of perfection.

Hart, Schaffner & Marx clothes every captivating feature which fashion has decreed correct is embodied in Hart, Shaffner & Marx clothes. They demonstrate a degree of distinction and correctness demanded by the smart dressers. Judicious buyers know Hart, Shaffner & Marx qualities and recognize their intrinsic worth.

We are the only distributers of Hart, Schaffner & Marx clothes in Wichita Falls. Suits from $10 to $40; Overcoats from $12.50 to $30.

Something Out of the Ordinary

We have some genuine Cuthbert Red Raspberries preserved in No. 2 Sanitary Tins by Bishop & Co., of Los Angeles, California. We have been trying for years to get a Cuthbert Raspberry Preserve that retained the subtile, delicate aroma of the fresh berry. We have found it at last. When a can is cut the delicate aroma fills the room and one can almost imagine himself in a Raspberry patch.

We also have a pitted Queen Anna Cherry in heavy Syrup, packed by the same people in the same style package. We carry the entire Bishop line, but these two specials are something outside of the ordinary, and we wish you to give them a trial.
