Laborites To Nationalize British Steel

LONDON, Sept. 14. (AP) — The Labor Government announced today it will take over the British steel industry about Jan. 1.

Winston Churchill, the conservative leader, promptly declared he would ask the House of Commons to adopt a virtual motion of censure. The motion will be debated next Tuesday. If passed, it might lead Prime Minister Atlee to resign and ask for a new national election.

UNEXPECTED

In view of its hairline majority in Commons—now only five votes—the Labor Government had been expected until recently to let the explosive steel issue lie dormant for at least a few months.

The bill placing the iron and steel industry under state ownership is effective Oct. 1. The government did not, however, have to set up the corporation to run it or to fix a date for the actual take-over at that time.

But this afternoon, George Strauss, the minister of supply, announced that officers of the corporation will be named Oct. 2.

Strauss, under whose department the industry will operate when nationalized, said it will be taken over on Jan. 1 "or as soon as practicable thereafter."

ROUGH CONTROVERSY

Churchill jumped up and said he will offer a motion "regretting that at this most critical period in our national safety and affairs abroad we should be by this act of the government plunged into the fiercest party controversy at home."

The debate and vote on Churchill's motion will keep the current emergency session of parliament—called to discuss defense matters in London an extra day. Members had expected to wind up on Monday.

Wildcat Will Test Scurry Ellenburger

An 8,000-foot Ellenburger wildcat has been staked by Amerada Petroleum Corp. in South Scurry County, two miles north of the shallow Sharon Ridge field and eight miles south of Snyder. The explorer is the No. 1 E. M. Houston, 2,100 feet from the south and east lines of section 4, block 1, J. P. Smith survey.

Drillsite is in the center 40 acres of a 100-acre tract which is the west half of the southeast quarter and the east 20 acres of the southwest quarter of the section.

PAY AT 7,260

The Amcan Oil Corp. No. 1-A Branon, one location south of the discovery of the south extension of the East Vealmoor field in Central-North Howard County, topped the lime reef pay at 7,260 feet, to give it a datum of minus 4,710 feet on that marker.

That makes it 30 feet high to the George Brown No. 1 Branon, the extension opener.

The Amcan No. 1-A Branan is making hole at 7,290 feet. Operators plan to penetrate to approximately 7,410 feet and then set casing. After that, they will drill about 50 feet deeper and complete from the lower section of the pay, leaving the top of the producing zone cased off for production at a later time.

The project is 667 feet from the north and 652 feet from the west lines of section 19, block 27, H&TC survey. It is about 20 miles north and east of Big Spring.

FROM WADDELL SAND

A flowing discovery from the Waddell sand of the Simpson has been assured at Amerada Petroleum Corp. No. 1 Carlinville National Bank, extreme Southwest Ector County wildcat.

This prospector, located 4,000 feet south of the nearest completed Ellenburger producer in the Yarborough & Allen field flowed 170.75 barrels of 42.2 gravity oil in seven hours.

There was no formation water. The oil had a shakeout of one-tenth of one per cent basic sediment. There was no recovery from the drill pipe after the test as all fluid left in it was reversed out.

The prospector is now making hole below 10,194 feet in sand and shale.

The seven hour flow came during a 10 ¼-hour drillstem test at 10,070-170 feet. An 1,100-foot water blanket was used.

Gas showed at the surface in two hours. The gas volume was not gauged or estimated. The water blanket started flowing oil in three and one-quarter hours and it was flowed to tanks for seven hours and made the 170.75-barrel oil flow. Size of the choke through which the oil was produced was not reported.

Top of the Waddell sand was picked at 10,082 feet, to give the project a datum of minus 7,245 feet on that marker.

That makes it 40 feet high to

(Continued on Page 3)

Plane Crashes Into Carrier

The camera caught this Seafire airplane just as is crashed to the deck of the British aircraft carrier Illustrious. Fragments of the craft can be seen flying around the deck, and flight deck hands jump from the gunpits and start for the plane. The incident occurred during the visit of the First Lord of the Admiralty, Viscount Hall, to week end fliers of the Royal Naval Volunteer Reserve who are spending their annual month of training aboard the carrier.

Taft Opposed to Bill Enabling Gen. Marshall to Join Cabinet

WASHINGTON, Sept. 14. (AP)—Sen. Taft (R-Ohio), GOP policy chief in the Senate, said today he is dubious about the appointment of Gen. George C. Marshall to be secretary of defense.

He said he will vote against legislation to open the way for Marshall to re-enter the cabinet, although he may not speak against it in the Senate.

Taft also said the far eastern section of the State Department, under the Truman administration, has always been friendly to the Chinese Communists, at least in its leanings."

He said he was dubious about the idea of making Marshall secretary of defense because "that would strengthen Secretary of State Acheson's hand "in relation to the Chinese Communists."

There still were no signs that the opposition, even with Taft as a recruit, was anywhere near strong enough to block the bill on the Marshall appointment.

There was a chance the Senate would pass today and the House tomorrow a bill saying that in this one case it is all right for a military man to take over a post reserved by law for a civilian.

Sen. Democratic Leader Lucas of Illinois, predicting easy passage, looked for a spot in the program to bring the bill up today.

SOME RUMBLINGS

Yet some rumblings of opposition rolled up. They were directed not against Marshall as an individual, nor against his qualifications, but against making an exception even for him.

Some lawmakers said, too, it is strange that among 150 million Americans there isn't somebody else with enough stature for the job, without drafting a man who already has served as soldier and statesman and earned the right to retire.

These complaints came mostly from Republicans. But there was no organized opposition. And it was obvious that what there was didn't pack enough punch to stop President Truman's new Marshall plan, either in the Senate or House.

IN AGREEMENT

For the most part, congressmen were in wide agreement this time with retiring Secretary of Defense Louis Johnson, who in resigning called Marshall "a man of such stature that the very act of naming him. . .will promote national and international unity."

Johnson quit Tuesday under the fire of many enemies who said he name of economy. He favored Marweakened national defense in the shall as his successor.

President Truman swiftly accepted both the resignation and the suggestion. The 69-year-old Marshall, who was army chief of staff in World War II and secretary of state afterward, agreed to serve his country once more.

MacArthur Orders Free Beer For Troops On Korean Front Lines

TOKYO, Sept. 14. (AP) — U. S. doughboys will get a free can of beer every day at the front in Korea.

Gen. MacArthur ordered it today.

Front line troops had been getting a can of beer about every three days.

They set up a howl Tuesday when Washington outlawed all free beer for men at the front.

Beer for combat troops under the new plan will be paid for out of post exchange profits instead of taxpayer's money.

To keep the record straight, Maj. Gen. William A. Beiderlinden, assistant chief of staff to Gen. MacArtur, said the free beer will be for combat men only.

Rear echelon troops may buy their own at the PX.

Caspian Sea Fish Not Biting The Red's Line

WASHINGTON, Sept. 14. (AP)—The Voice of America is twitting Russia these days because Caspian Sea sturgeon won't swallow the Communist line.

Foreign listeners to the State Department broadcasts are told that prize "Russian" caviar really comes from Persian sturgeon which swim in Iranian waters and warily steer clear of Soviet shores.

The "Voice's" version is that the Soviet Union is currently seeking renewal of a 25-year fishing agreement with Iran (Persia) because the Russians have failed to lure the big fish to the northern end of the Caspian.

Excess Profits Tax Proponents Show Strength in House Vote

WASHINGTN, Sept. 14. (AP) — Members demanding immediate action on a multi-billion-dollar excess tax on corporations won the first test of strength in the House today.

The test came on a vote of 225 to 106 to receive and act upon proposals dealing with a supertax on big profits.

Rep. Eberharter (D-Pa) was ready with a motion to instruct House conferees on the pending $4,508,000,000 general tax boosting measure to insert in that bill a $6 billion profits levy.

However, there were indications this motion might be ruled out of order, on the basis that rules of Congress prohibit a House-Senate conferen committee from writing new subject matter into a bill already passed by the two bodies.

Eberharter had another plan for use if necessary; A motion to put the house on record as saying that Congress will not adjourn until it acts on an excess profits tax.

The fight today was on sending the tax bill to a House-Senate conference committee to adjust the differences in the two versions passed by the House and Senate. The bill now contains no excess profits tax.

In the heated debate that preceded the House action Chairman Doughton (D-NC) of the Ways and Means Committee told the House that President Truman, the Treasury Department and the tax drafting committees of Congress want time to study a sound means of applying an excess profits tax. He said that he is for such a levy, but opposes haste.

Navy Hits Both Coasts With Guns And Planes

Funeral Today For Roby Youth Who Died Here

Eighteen-year-old Gerald Wayne Jarnagin of Roby was fatally injured here yesterday when he was hit by a powerline pole he was helping to unload from a gondola on the R. S. & P. Railway tracks at the Texas Electric Co. warehouse.

The accident occured yesterday morning at 11:15 when the youth placed hooks onto the pole and it was lifted by a winch cable. The pole was not balanced, and while it was being pulled off the car one end hit Jarnagin in the back and knocked him down, according to Ted Brown of Big Spring, who was operating the winch truck.

Jarnagin said the blow knocked the breath out of him, and he was taken to the Snyder Hospital for observation. He walked into the hospital with the aid of two fellow workers, and died about two hours after the accident occurred.

Jarnagin was employed with the Taylor Electric Co. of Big Spring, which was working under a high line construction contract with the Texas Electric Service Co. Fellow employees of the Taylor Co., said the former Roby High School football player had been working here only ten days.

The son of a Roby farmer, Jarnagin is survived by his parents, Mr. and Mrs. Melville Jarnagin; a brother, Jimmy Jarnagin; and two sisters, Mary Lou Jarnagin and Melba Jane Jarnagin.

Under the direction of the McCombs Funeral Home of Rotan, services will be held at 4 o'clock today in the Baptist Church of Roby. The Rev. R. L. Hewley, Oil Center, N. M., until recently pastor of the Roby church, will officiate and burial will be in Roby.

Andrew J. May Given Parole

WASHINGTON, Sept. 14. (AP — Former Rep. Andrew Jackson May (D-Ky), convicted of accepting a bribe and joining in a conspiracy in connection with World War II munitions contracts, has been granted a parole.

George G. Killinger, chairman of the federal parole board, told reporters the 75-year-old former lawmaker will be released Monday from the Ashland, Ky., Federal Correctional Institution.

Killinger said May's age and poor health, plus "an outstanding institutional record" were major factors in the board's decision to free him.

BACK TO LAW

May plans to return to law practice at his home in Prestonburg, Ky.

The board voted to grant the parole earlier in the week, but it was not announced until today in order to notify officials of the Ashland institution.

May, wartime chairman of the House Military Affairs Committee, received a sentence of from eight to 24 months.

He became eligible for parole Aug. 4 when he had served 8 months.

At that time the parole board turned down his application, but it remained on file subject to action at any time.

The munitions-making Garrson, Bros. — Henry and Murray — were convicted with May in July, 1947, after a long trial that was a Washington sensation. The Garssons were accused of paying May $53,000 to use his influence to get them war contracts. They received sentences identical to May's.

BEGINS TERM

May began serving his sentence last December after a series of unsuccessful appeals.

The Garssons also waged unsuccessful appeals and began serving their sentences at the Danbury, Conn., correctional institution a few days before May entered the Ashland institution.

Ministers May Agree Soon On German Policy

By JOHN HIGHTOWER
(Associated Press Staff)

NEW YORK, Sept. 14. — The big three foreign ministers drove toward basic decisions on western German political and security problems today, with apparently good prospects of agreement on these points:

1. The United States, Britain and France should take practical measures as rapidly as possible to end the state of war which still exists between them and the West German government.

2. Germany should be given a larger, more mobile and better equipped police force to meet the Communist challenge of internal subversion and sabotage.

3. West German security against outright Red aggression continues to be primarily a responsibility of the three occupation powers but at some future time provision must be made for the Germans to share this responsibility.

THIRD DAY

The British, French and American foreign ministers started their third day of conferences on rearming western Europe today. They went into session with the three high commissioners for Germany in a small room on the 21st floor of the Waldorf-Astoria Hotel, instead of the lager conference room in one of the towers.

On the specific proposal that German military units should be formed as part of a unified western defense force, some diplomats believe no firm decision may be made for the time being.

French Foreign Minister Robert Schuman, for whom this issue presents tough political problems back home, is understood to have raised objections about action now, in advance of the actual formation of European defense forces under the North Atlantic treaty.

EXTENDED

This was originally supposed to be the last day of the three-power talks. But so many problems, including all those of the Middle East and Far East, have had to be pushed back in the interest of European defense and German political and security issues that it now seems likely the three will meet again next week end.

Their meetings will give way tomorrow to two days of sessions of the 12-nation North Atlantic Treaty Council.

Poland Protests U. S. Action On The Batory

WASHINGTON, Sept 14. (AP) — The Polish Government says it may have to "take appropriate measures" against what it calls discrimination against the liner Batory by United States officials.

In a protest delivered yesterday, Polish Ambassador Jozef Winiewicz said the ship's crew is not permitted ashore and that immigration officials have used "chicanery" in questioning crew members.

Korea News In Brief

By The Associated Press

Korean fronts: U. S. First Cavalry Division storms and takes three dominating hill positions north of Taegu. South Korean troops mop up trapped Red battalion, wade creek in thrust to close allied lines gap in northeast front. British troops on Naktong River and Americans in south mop up pockets behind allied lines.

Sea and air war: British and American cruisers and destroyers shell Red-held ports and carrier based planes plaster military installations in sustained two-day attack along west coast to soften up Reds for UN offensive. U. S. battleship appears on east coast off Pohang. Allied planes have destroyed enemy supply lines, Far East Air Forces Command announces.

Bridges Calls Korea Prelude To War No. 3

BOSTON, Sept. 14. (AP — Sen. Styles Bridges, ranking Republican member of the Senate Armed Services Committee, today called the Korean fighting "the prelude to World War III."

Urging all-out mobilization and 100 per cent economic controls at home, the New Hampshire senator proposed marshaling anti-Communist forces everywhere in the world, including:

1. Training and arming as many West German divisions as possible, as well as Japanese divisions under Gen. MacArthur's supervision.

2. Inviting Spain to join the Atlantic Pact to give us bases in that country.

3. Using Chiang Kai-Check's Chinese Nationalist troops in Korea.

Bridges, one of the top GOP policy makers, told a Boston Chamber of Commerce luncheon he favored restoration of a bi-partisan foreign policy—but only after a "complete housecleaning" of the present State Department.

Striking out at the Truman administration, he aserted:

"Our predicament is the result of many errors. It is the result of many appeasements. It is the result, in many instances, I fear, of outright treason."

He said he doubted Russia was he said he doubted Rusia was ready to "launch a grand assault on North America," but warned "it is the height of stupidity to assume such an attack is impossible."

Mrs. Anna Frohmiller, above, former Arizona state auditor, appears to have won the Democratic nomination for governor in Arizona.

Refinish Road East of City

Refinishing work was completed this morning on U. S. Highway No. 84 from Snyder to Fisher County, which has just been "seal-coated" in a surface conditioning operation to protect it from winter freezes.

The coating is applied to highways which are worn to the extent that water might otherwise easily seep beneath the pavement and freeze during the winter, causing the paving to crack, chip out, and shift.

The refinishing was done by applying a new surface to the road. For this work a thin coat of heavy asphalt was applied to the pavement, and crushed rock mined near Uvalde, Tex., for this specific type of work was rolled into the asphalt, according to highway officials.

The project is usually done on badly worn roads late each summer so that the roads will be in strong condition by the time of the first hard freeze. This particular project was similar to one completed on the Colorado City road, State Highway No. 161, a few weeks ago. No other roads in the county will be refinished at this time.

Trace Of Moisture In Showers Wednesday

Sunshine and generally clear skies prevailed over the Scurry County vicinity yesterday but were broken in the late afternoon when a slight shower occurred; bringing only a trace of moisture.

Rainfall has not been enough to measure since slight showers Tuesday night amounted to .15 of an inch, according to Mrs. D. P. Strayhorn, official weather observer.

Total rainfall for the month stands now at 3.46 inches, making the total for the year to date 19.03 inches.

British Soldiers in Korea

Two British privates are shown filling their canteens from a water bag in their camp area on the Naktong River front in Korea. The British soldier in the background is by-passing the canteen and drinking from his helmet.

North Koreans Say Landing Try Repulsed

Taegu Corner Is Only Area Where Pressure Still Being Applied

By LEIF ERICKSON
(By The Associated Press)

TOKYO, Friday, Sept. 15. — Heavy attacks by allied warships and carrier planes on Korea's west coast — an apparent prelude to the promised big push — prompted the Reds last night to claim four U. S. landing craft and three destroyers were sunk.

The U. S. Navy in Washington said it had no report of any landing-type vessels being involved in the heaviest surface bombardment of the war by British and American ships in the vicinity of Inchon, west coast port for the Red-held capital city of Seoul.

The Navy said the Reds did inflict "superficial damage" on three U. S. destroyers during the Inchon bombardment yesterday.

RED CLAIMS

With ground action relatively scanty and American commanders predicting futire offensive operations against the North Koreans, allied sources in Tokyo said it sounded as if the Reds were trying to manufacture a "victory" by implying that a landing effort had been repulsed.

Far East naval headquarters said earlier that Task Force 77 wrought damage along a 210-mile western strip, the main blows being at Inchon.

The attacks against troops, gun emplacements and airstrips were disclosed by the Navy Thursday.

Allied ground forces either held firm or gained on the beachhead perimeter 150 miles to the southeast.

Particularly active was the northern front — from the northwest corner before Taegu to points north of the Taegu-Kyongju Highway eastward. The U. S. First Cavalry Division seized three heights north of Taegu. Comparatively small-scale fighting flared on the southern front.

NAVY IN LIGHT

But the Navy was in the spotlight.

On the east coast, an American battleship cruised up and down the Sea of Japan off Pohang port. One of its three escorting destroyers whipped into the Red-held harbor and exchanged fire with shore batteries.

The battlewagon didn't fire a shot.

Attention was focused on the west coast by the two-day naval assault, however. Islands flanking Inchon have been seized by South Korean commandos — both for harassing the Reds' seaborne supply and to prepare for a possible offensive.

A Pyongyang broadcast of the North Korean war communique had this to say about the allied naval action

"On Sept. 13, the people's army, navy and coastal patrol units subjected United States naval craft invading the waters in the neighborhood of Inchon to gunfire and sank three small destroyers and four landing craft and damaged three other landing craft."

Islands facing Inchon have bee seized by South Korean Marines in commando raids. This served the double purpose of throwing a wrench in the Reds' seaborne supply lines to the battlefront—and preparing a possible avenue for an offensive.

TWO DAYS

The U. S. Navy said American and British cruisers and destroyers lasted two whole days at Inchon, port for Seoul, which is 22 miles inland.

Carrier planes went after airstrips, troops and gun emplacements there and along a 210-mile western coastal strip.

The strikes were disclosed as allied ground forces, more than 150 miles to the southeast, either held or punched out gains on the beachhead perimeter.

On the northern battlefront more than 150 miles to the southeast of the naval air strike, the Korean Republican Capitol Division pushed on against Reds dug in north and northwest of Kyongju.

The Weather

EAST TEXAS: Partly cloudy with a few thundershowers in extreme north portion this afternoon and tonight and in north and west central portions Friday. No important temperature changes. Moderate southeasterly winds on the coast.

WEST TEXAS: Partly cloudy with a few thundershowers in Panhandle, South Plains and Upper Pecos Valley eastward this afternoon, tonight and Friday. No important temperature changes.

WCTU Charge Army, Brewers Are In Tie-Up

— DENVER, Sept. 14. (AP) — There will be no beer for American fighting men in Korea if the Women's Christian Temperance Union has its way.

Mrs. D. Leigh Colvin, head of the WCTU — which opened its 76th annual convention here today — said last night:

"Most Americans see no reason for alcoholic beverages being given our soldiers. There are a great many reasons why any and all drinking in the military services should be outlawed."

ASKS ACTION

She called for congressional action to "protect drafted youngsters against alcoholism."

Combat soldiers in Korea have been offered a can of free beer daily, paid for by the government from public funds. Recently there were protests from the folks back home and now, although the beer distribution continues, it will be paid for from such sources as post exchange profits.

Mrs. Colvin said the question of mixing beer and fighting will rank high on the convention's agenda.

STATEMENTS

She made these specific statements:

1. Congress will be urged to outlaw sale of alcohol to men in uniform anywhere.

2. It's already illegal to sell beer on military reservations under a law passed in 1901; but the law has been "circumvented," ignored "since the start of World War II."

3. The Army and the United States Brewers' Foundation has formed "a brazen tie-up" to get brew to the fighting men.

4. Drinking in the services during the last war caused "an unprecedented number of alcoholics and drunkards among veterans."

Trap Is Closed on Reds

A United Nations task force led by Brig. Gen. Gar Davidson, former West Point football star and coach, rammed shut a trap on 3,000 Red Koreans in the Kongju area (A), lifting a major threat to the Pohang airport. East of Yongchon (B), the South Koreans advanced several miles. There was very little action in the Taegu area (C), but U. S. 25th Division repulsed two efforts by the Koreans to storm dominating heights in Masan (D) area.

Defense Plants Get Priority For Laborers

By STERLING F. GREEN
(Associated Press Staff)

WASHINGTON, Sept. 14. — A national manpower program began shaping up today as war plants were given top priority in hiring at the 1,800 federal-state employment office.

The Labor Department, in a special labor market survey and in an address by its director of employment security reported.

1. Expansion of the labor force can take care of President Truman's doubled goals — a $30 billion annual rate of defense spending and 3 million men under arms.

2. But, if call for full mobilization were to bring 12,500,000 men again under arms, strictly civilian industry would have to give up one-fourth of its labor supply. It would lose 6,600,000 workers.

The director of employment security, Robert C. Goodwin, in a speech prepared for a group of industrialists at Wayne University, Detroit, said that manpower "may again become a major problem."

HUGE BOOST

He estimated that the country's total labor force — at home and in uniform—can be examined to meet the needs of the next nine months and could be boosted by 5,600,000 in a war emergency. But he said the ultimate ceiling on war production.

The 5,600,000 figure does not include an estimated 2 million or 3 million who might be drawn from the ranks of the unemployed, because they are already counted in the labor force. The labor department said the 5,600,000 represents women, youths, retired workers and others who can be lured into jobs.

KEY POINTS

During the present partial mobilization, Goodwin said the Labor Department and the co-operating state employment offices have undertaken a manpower program with these key points:

1. Expanding the labor force by publicizing defense job opportunities, working out recruitment drives, analyzing future labor needs, and steering new plants into areas where unused labor supplies exist.

2. Giving defense plants a priority claim on job-seekers. This means the local offices will not refer a qualified applicant first to a civilian factory, no matter how serious its need, if he is needed in a plant working on war orders.

3. "Advising" the military and selective service on deferment policies which would cause the least possible "industrial disruption" during draft calls and the summoning of reservists."

Success in meeting the manpower problem, Goodwin said, must be based "on an understanding that in time of national emergency factory workers can be as indispensable as the man in uniform."

Further Delays For Stranded Students

PARIS, Sept. 14. (AP) — Engine trouble over the Atlantic has further delayed the homeward trip of part of some 180 odd American students and teachers stranded after a summer vacation in Europe.

The Student Travel Service, which arranged the tours, said a Flying Tiger airliner set out from New York to fly 50 of the students and teachers home, but had to turn back because of engine trouble. The airline later informed the service the plane would arrive in Paris tomorrow and would take off tomorrow night.

Bruce Cabot Plans To Marry A Portuguese

HOUSTON, Sept. 14. (AP) — Screen Actor Bruce Cabot is due here Saturday and Sunday will marry Francesca de Scaffa, Portuguese beauty, at Oilman Lenoir Josey's ranch near Cypress, Tex.

Josey said he had invited Cabot to be married at his ranch, but didn't know any details of the wedding.

Cabot said in Hollywood he met Miss De Scaffa at a party in the film city several months ago. This will be his third marriage and Miss De Scaffa's first.

Bigger Demands Being Made On Texas Crude

AUSTIN, Sept. 14. (AP) — Bigger demands are being made on Texas oil fields to supply October crude oil needs.

The Railroad Commission yesterday said it has received notices of increases in both October nominations of major purchasers and forecast of October demand by the U. S. Bureau of Mines.

Purchasers asked a flow of 2,628,571 barrels daily, 10,135 barrels more than they asked for September.

Forecast of the bureau of mines plaeed demand at 2,330,000 barrels daily, 70,000 barreds higher than the September forecast.

Statewide heaing is set for Tuesday, Sept. 19, when the commission will hear further evidence on which to base Texas' October allowables.

The commission also reported the big East Texas pool's bottom hole pressure dropped 3.87 pounds per square inch from Aug. 1 to Sept. 1. The later reading was 1,024.56 pounds.

The secretary of state, John Ben Shepperd has announced from Austin this week the awarding of a charter of incorporation to the National Construction Co. of Snyder, a construction firm with a capitol stock of $5,000. The incorporators are G. B. Ridley, J. K. Ridley and Margaret Ridley.

The National Geographic Society says the average non-Christian Korea believes in a mixture of spirit worship, Buddhism and Confucianism.

Auto Workers Push Wages To New Highs

DETROIT, Sept. 14. (AP) — The pattern of cost-of-living wage boosts still is making headway in the automobile industry.

New developments last night saw the five-year contract signed Labor Day by the Ford Motor Co. and the CIO United Auto Workers virtually assured approval and a new agreement worked out by the UAW and Bendix Corp.

The Ford pact—embodying an eight-cent hourly pay boost and a cost-of-living escalator clause—won the approval of the big UAW local 600 by a vote of about 3-2, the union announced.

CLOSER

That ratio, UAW spokesmen admitted, was "a lot closer than we expected." They had predicted "overwhelming" ratification.

But they said the count of 18,578 votes in favor of the contract and 12,224 against it undoubtedly would be enough to assure approval when all the rank-and-file votes are in.

Local 600, representing 65,000 production workers at Ford's big Rouge plant here, has more members than the rest of the Ford locals combined. The company employs about 110,000 production workers.

Earlier the contract had been rejected by three good-sized locals—Highland Park Local 400, Lincoln Local 900, both in Detroit, and the Buffalo, N. Y., unit—all by fairly close margins.

There have been votes for ratification from locals in Waterford and Canton, O., and Dundee and Edgewater, N. J.

GOOD BOOST

The contract boosted pay of Ford workers to an average of about $1.75 an hour and skilled workers got an extra five cents hourly. However, a good segment of the UAW membership apparently objected to its five-year duration with no provision for reopening.

The new Bendix agreement will give a wage boost—its amount still unannounced—to 13,000 UAW employes in Detroit, South Bend, Ind., Teterboro, N. J., Elmery, N. Y., and North Hollywood, Calif.

It ends a six-day walk-out 1,500 employes of Zenith Carburator Division here and sends back to work 6,000 employes of the Bendix South Bend factory who struck yesterday. All the strikers were seeking wage increases.

Wildcat Will

(Continued from Page 1)

the top of the Simpson in the nearest Ellenburger producers in the Yarborough & Allen field, 4,000 feet to the north.

Location is 2,625 feet from east and 3,270 feet from south lines of section 18, block 46, G&M survey. It is seven miles southwest of Judkins.

It is projected to 11,800 feet to explore the Ellenburger.

None of the Ellenburger producers in the Yarborough & Allen field have developed any commercial production from the Simpson, although some of those developments have had some slight shows in that formation.

FLOWING DISCOVERY

Humble Oil & Refining Co. No. 1 Madkiff, Southeast Midland County discovery from the top of the Spraberry sand flowed at the rate of 206.4 barrels of oil per day, plus 26.4 barrels of water during 20 hours of testing.

The production was from open hole between 7,281 feet and the total depths at 7,247 feet. That zone had been treated with hydrafrac prior to the 20-hour test. During that period the well produced an average of 8.6 barrels of oil per hour, plus 1.1 barrels of water.

Exact source of the water has not been determined.

The No. 1 Midkiff is preparing to core ahead from total depth of 7,347 feet.

Location is 660 feet from north and west lines of section 46, block 38, T&P survey, T-4-S. It is approximately 25 miles southeast of the city of Midland.

TERRY COUNTY

Amerada Petroleum Corp. No. 2 Willard, one location west of the same concern's No. 1 Willard, discovery for flowing production from the Wolfcamp lime in Central-South Terry County, has found production in that same formation.

That project, located 660 feet from north and west lines of section 6, block C-37, psl survey, is about 14 ½ miles south of Brownfield, and about the same distance north and east of Seagraves.

It flowed oil for one and one-half hours ffrom the zone at 8,457-8,520 feet. The flow came during a four hour drillstem test.

Gas showed at the surface in eight minutes and continued in a good blow for the remainder of the investigation.

Oil started flowing out at the top in two and one-half hours. During the first hour of flowing the section made 19.29 barrels of oil. In the last 30 minutes it flowed 4.67 barrels of oil. Shakeout was one-tenth of one per cent basic sediment. There was no formation water.

Gas-oil ratio was 474-1. Gravity of the oil was 41.9. Recovery when the tester was pulled was 4,987 feet of oil and 619 feet of oil and gas cut drilling mud.

Operator then cored to 8,550 feet. The core was being pulled at last report. An electric lot survey was probably will be drilled deeper.

REEVES TEST

Gulf Oil Corp. No. 1-CS TXL, Central-East Reeves County wildcat, 13 miles southeast of Sargent, and 330 feet from north and west lines of section 1, block 51, T&P survey, T-6 and is drillstem test from 5,145 feet to 5,222 feet in a Delaware lime formation.

The tool was open two hours. There was a good, steady blow of air at the surface throughout the period.

Recovery was 270 feet of gas-cut mud, cut with black sulphur water. There was no gas to the surface.

The project is now drilling ahead below 5,222 feet in lime.

TOM GREEN PUMPER

V. J. Meyer No. 1 John Foster Rust, Strawn discovery six miles east of the Susan Peak field in Tom Green County, has been potentialed for 10.1 barrels of 30-gravity oil daily through perforations from 3,965-3,983 feet after being acidized with 500 gallons.

It was completed as a pumper.

The No. 1 Foster is 660 feet from north and west lines of section 201, district 11, SP survey.

14 BARRELS

A small Ellenburger discovery in Northwest Martin County has been completed by the Texas Co.

It is the No. 1- State located 660 feet from north and 1,980 feet from east lines of section 17, block 7, University survey and 11 miles north of the Mabee pool.

Producing through perforations from 13,275 to 13,300 feet, it potentialed for 14 barrels of 48-gravity oil and 308 barrels of water.

The pay horizon was acidized with 7,000 gallons of acid.

SAN ANGELO TEST

Humble Oil & Refining Co. has spotted a wildcat location in Southwest and south lines of the lease 1 Myrtle Lewis.

This venture will drill to 7,500 feet to test the Ellenburger. It is 15 miles southwest of San Angelo. Rotary tools will be used and operations will begin by Sept. 20.

It is located 2,300 feet from south and 660 feet from east lines of section 834, Joseph Gabel survey.

WELL COMPLETED

Donnell Drilling Co. potentialed its No. 1 J. J. Victor, producer at the extreme north edge of the Wheat field in Southwest Loving County, for 205.30 barrels of 38.7-gravity oil and no water daily on an 11-hour completion test through a one-half inch choke.

That new well is 330 feet from west and sout hlines of the lease of section 4, block 2, W&NW survey.

Pay was topped at 4,307 feet in Delaware sand of the Permian. Total depth of the No. 1 Victor is 4,317 feet. That gives it ten feet of pay.

Gas-oil ratio on the test was 1,610-1. Casing pressure was 550 pounds and pressure on the tubing was 200 pounds.

The new producer is three miles northwest of Mentone.

TRY TO EXTEND

An attempt to extend the north limits of the Wheat field of Southwest Loving County will be made by Donnell Drilling Co. at its No. 1 Ira J. Bell.

Located 467 feet from southwest and southeast lines of section 5, block 2, W&NW survey, the No. 1 Bell will be drilled to 4,400 feet with cable tools.

Production in the Wheat field is from the Permian at 4,160-4,390 feet.

Drillsite of the No. 1 Bell will be three miles northwest of Mentone. Operations are to commence in the immediate future.

VEALMOOR OUTPOST

A southwest outpost to the East Vealmoor field of Central-North Howard County has been scheduled for immediate drilling by Skelly Oil Co.

The attempt to extend the field limits will be the No. 2 Frances Gunn, one-half mile southwest step out to George Brown of Houston No. 1 Branon, recently completed producer in the East Vealmoor field.

Exact location of the No. 2 Gunn will be 467 feet from east and 1,667 feet from north lines of section 20, block 27, H&TC survey.

This venture will be drilled to 7,600 feet with rotary equipment.

Drillsite is slated to be sever miles west of Vincent.

The No. 1 Branon was completed for 1,212 barrels of 45-gravity oil and no water daily through a ¾-inch choke from open hole at 7,300-7,386 feet.

NO SHOW FOUND

Tobe Foster (formerly R. L. York and Standard-Fryer) No. 1 Justice heirs, Southeast Garza County wildcat, took a drillstem test at 7,614-82 feet in lower Pennsylvanian lime and found no shows of oil or gas.

Recovery on the one-hour and 45 minute test was 260 feet of drilling fluid cut with a small amount of water.

It is now preparing to drill deeper.

The project was originally started under a permit from the Railroad Commission of Texas to drill to 7,500 feet to explore through the Pennsylvanian.

Foster has now made a deal to continue it to around 8,000 feet to test into the Mississippian.

This project found considerable free oil in the Strawn lime between 7,416 feet and 7,492 feet. The section at 7,460-92 feet also had some salt water.

Location is 660 feet from south and west lines of section 19, block 6, H&GN survey.

Korea has more than 100 useable off-shore anchorages.

Both Flemish and French are official Belgian languages.

Harold Bennett Is Principal Speaker At Rotary Meeting

Many in Snyder want things done immediately, but they want someone else to do it; they don't want to spend their time for the betterment of the community," Harold Bennett, Chamber of Commerce manager, told Rotarians today in their weekly luncheon.

Bennett said co-operation among the residents of the community is the only way to get things done, and that Snyder will have what other cities have in time, after necessary long-range planning.

Explaining findings of the Hoover Commission, Bennett said excess spending can ruin any government, and that the waste of the billions of dollars in the United States every year is the fault of the individual.

Nine guests were introduced to the members. They were Fred Wemberly, J. D. Holbrook, and Dale Shiner of Sweetwater; T. O. Pearson and D. L. Holley of Abilene; Max Schumann and A. E. O'Neil of Midland; J. C. Hammer, San Angelo; and Bill Henderson, agricultue teacher in Snyder High School.

F.B.I. Cracks Down On Florida Lottery Ring With Twelve Arrests

MIAMI, Fla., Sept. 14. (AP) — A dozen men were under arrest today in what the FBI described as an attempted $2 million international lottery ring.

They were picked up in a series of quick raids throughout the country following a tip from the Royal Canadian Mounted Police.

Edmund Mason, special agent in charge of the Miami FBI office, said the tip came when the mounties picked up a taxi driver carrying lottery tickets across the Canadian-American border.

TRACE TICKETS

The FBI office at Buffalo, N. Y., traced the tickets to Miami, Mason said, and agents here traced them to the Franklin Press, a commercial printing concern.

FBI Director J. Edgar Hoover, who announced the arrests in Washington, said the men would be charged with conspiracy to violate the federal law against interstate transportation of lottery tickets. The maximum penalty is a $10,000 fine and five years in imprisonment.

Hoover said agents throughout the United States and authorities in Jamaica and Canada had worked on the case for six weeks.

CONTACT MAN

Mason identified world agent and contact man for the ring as Carl L. Bess, Sr., of Stuart, Fla. Bess paid the Franklin Press $18,000 to print $2 million worth of tickets on the Christmas handicap to be run at Kingston, Jamaica, on Dec. 26, 1950, Mason said.

Bess, formerly of Chicago, was arrested at Stuart where he owns the Stuart Hotel arcade and a hardware store. He waived preliminary hearing and was ordered held for a federal grand jury in $10,000 bond.

California is the only one of the United States raising almonds in significant commercial quantities.

An estimated 400 rural people are killed and 80 to 1,000 injured each year, by lightning.

Stock Market

NEW YORK, Sept. 14. (AP) — The stock market clung to a four-year peak today in the face of heavy profit taking sales.

Thousands of shares of stock were thrown on the market at the opening but there were plenty of buyers on hand and prices showed only minor variation.

In most cases, although by a slim margin, higher prices were paid.

COTTON

NEW YORK, Sept. 14. (AP) — Noon cotton prices were 40 cents to $1 a bale higher than the previous close. Oct. 40.62; Dec 40.60 and March 40.63.

Livestock Market

FORT WORTH, Sept. 14. (AP) — Cattle 1,100; calves 1,000; steady; good fed steers and yearlings 28.00-29.00; common and medium kinds 21.00-27.50; beef cows 19.75-21.75; canners and cutters 14.00-19.75; bulls 18.00-24.00; good and choice slaughter calves 25.50-29.00; common and medium calves 19.50-25.00; culls 17.00-19.50; medium and good stocker steer yearlings 24.00-28.00; medium to good stocker steer calves 24.00-31.00.

Hogs 600; mostly 25 cents lower; sows and pigs unchanged; good and choice 180-270 lb. butchers 21.00-25; good and choice 150-185 lb. hogs 20.25-22.75; sows 18.00-21.00; feeder pigs 20.00 down.

Sheep 300; slaughter trade poorly tested, odd head medium and good slaughter lambs 2700-50; cull slaughter ewes 12.00-13.00; feeder lambs 25.00-26.50.

Miss Williams Is Wed to Billy Gray In Lovington Ceremony

Mr. and Mrs. Phil Williams, Terry County ranchers, announce the marriage Saturday, September 9, in Lovington, N. M., of their daughter, the former Miss Dorothea Williams, to Billy Gray, son of Mrs. R. L. Gray, 3300 Avenue U, and the late R. L. Gray, prominent Borden County rancher.

The couple was attended by Mrs. Alfred Bearden, Mrs. Gray's aunt, and Bobby Gray, the bridegroom's brother.

Following the ceremony they left for a trip through the South.

Mrs. Gray was graduated from the Plains Tex., high school and attended Draughon's Business College in Lubbock. Mr. Gray attended Snyder High School, Texas Military College, and Texas Technological College.

Mr. and Mrs. Gray will live in Borden County, where Mr. Gray and his brother, Borden Gray, are in the ranching business.

U. S. commercial production of filberts is largely limited to Oregon and Washington.

Dallas Man Shoots Rapids In Big Bend

ALPINE, Sept. 13.—Monte Warner, Dallas, a former San Angelo oil operator, said today that he and a boat crew of two ran the rapids of Santa Helena Canyon in the Big Bend National Park upstream.

It was the first time that the venture had been attempted, he said.

Warner and Omar Cooper, a Chicago engineer, returned here last night from the park. They have been making motion pictures of their tour through the 2,000-foot-deep canyon. Peter Koch acted as skipper of their boat.

The three were to have gone into Mariscal and Boquillas today. Warner and Cooper will go Friday into Langtry and vicinity for further photographing.

Pioneer Conference Has Games Scheduled

(By The Associated Press)

Three teams in the newly organized Pioneer Athletic Conference will begin the football season this week end. All will play non-conference foes.

The Arlington State College Blue Steers, a former San Angelo College team, will open their season against Howard Payne College at Brownwood Friday night.

Saturday the San Angelo College Rams will open their new Foster Field against Texas Western College at El Paso.

Under their new coach Max Wiggins, former University of Texas star, will tackle tough Del Mar of Corpus Christi. San Angelo has nine lettermen including Fritz Loeffler, all-conference back of last season, and such outstanding high school recruits as Ronald White of Wichita Falls and several Austin high school stars of last season.

The Tarleton State Plowboys, with eleven lettermen including Marvin Brown, one of the better backs in Texas junior college circles, will open their season with Cisco Junior College at Stephenville Saturday. The other member of the conference, Schreiner Institute, will open its schedule September 22 against Texas Southmost College at Kerrville.

District Meeting For Chiropractors Is Set

Several Snyder chiropractors will go to Abilene Sunday for a District 11 meeting of the Texas Chiropractors Association.

In a program at the Wooten Hotel, the doctors will discuss legislative and other problems of the organization and their Oct. 12-14 state-wide convention.

Covering most of West Texas, District No. 4 holds a meeting every other month.

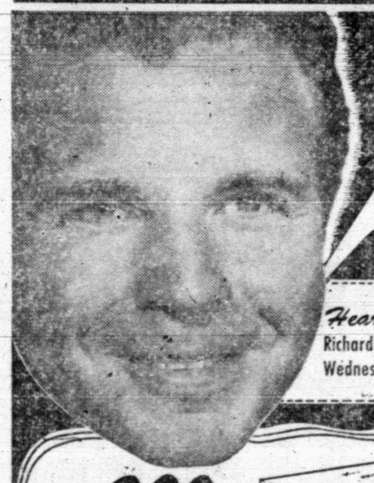

Mr. and Mrs. W. J. Ely, 3109 Avenue U, left yesterday morning for Memphis, where Mr. Ely will attend the National Cotton Council. Mr. Ely is a member of the national board. They Elys plan to be in Memphis until Saturday, when they will go to Hot Springs, Ark. They will be back in Snyder sometime next week.

Pennant At Stake As New York Goes To Detroit Home Field

By RALPH RODEN
(Associated Press Staff)

Two World Series veterans, Hal Newhouser and Vic Raschi, went to the mound today as the Detroit Tigers and New York Yankees opening a three-game series in Detroit with the lead in the American League pennant fight at stake.

Newhouser, 29-year-old southpaw bellwether of the Tiger staff for years, was given the assignment to protect the Tigers' half-game lead over the defending world champions.

Manager Casey Stengel of the Yankees, figuring to get the jump in the vital series, nominated his righthand ace, winner of 19 games.

Boston, the third member in the tight tretch run, sought to prosper at the expense of the seventh-place St. Louis Browns.

The Red Sox opened a three-game series in St. Louis but discovered instead of pushovers, a team that is pushing back. The Browns have won seven straight, including four over the Cleveland Indians.

Here's the pennant picture:

TEAM	W	L	Pct.	GB
Detroit	87	49	.640	18
New York	87	50	.635	½ 17
Boston	86	51	.628	1½ 17

Newhouser, who has won 14 games, has beaten the Yanks only once and lost three times.

ROUGH AT HOME

Raschi, who will be gunning for his sixth straight victory, has split four decisions with the Detroiters. The Tigers have treated the Yanks roughly so far in Briggs Stadium, winning six out of eight games.

The pitching plans for the final two game of the series probably will see Tiger-killer Tommy Byrne and young Ed Ford work for the Yanks against Art Houtteman and Dizzy Trout in that order.

Detroit and New York turned up with victories yesterday. The Tigers stopped the Washington Senators, 6-1, while the Yanks beat the Cleveland Indians, 10-3. The Red Sox were not scheduled.

Fred Hutchinson, with help in the eighth from Ted Gray, won his 16th victory for the Tigers.

Three Cleveland errors along with some lusty hitting by Yogi Berra allowed the Yanks to breeze to victory in Cleveland. Berra rapped out his 22nd homer and two singles, drove in two runs and scored four.

Ed Lopat received credit for his 17th victory. Lopat tired and Ford hurled the final two innings without allowing a hit. Bob Lemon, 20-game winner, opened for Cleveland suffered his 11th defeat.

Luke Easter of the Indians poled a 462-foot home run in the sixth for his 25th.

STREAK ENDS

The Browns edged the Philadelphia Athletics, 5-4, on Ken Woods' ninth inning homer in the night American League game.

The big news in the National League was the end of New York Giant righthander Sal Maglie's consecutive scoreless inning streak at 45. The streak began when the Giants beat the Pittsburgh Pirates, 3-1, in a game called after seven innings because of rain. The scheduled second game also was rained out.

Rookie Outfielder Gus Bell ruined the Maglie spell with a home run in the seventh inning. The ball hit the screen bordering the right field foul pole, 257 feet from home plate.

Maglie now has won 11 straight and has a 16-3 record for the season.

The Boston Braves remained a half game ahead of the fourth place Giants by downing the Chicago Cubs, 5-2, in a night game. Warren Spahn stopped the Cubs on four hits to gain his 19th victory.

Scheduled games between Cincinnati and Brooklyn and St. Louis and Philadelphia were rained out.

Colleges Move On Each Other This Week End

Nineteen of Texas' 30 senior colleges hit the gridiron trail this week end. Fourteen games involving schools from this state are scheduled, the headliner being North Texas State's battle with mighty Kentucky at Lexington, Ky., Saturday night.

Independent Daniel Baker is the first to play a game. The Hillbillies clash with New Mexico Military Institute at Roswell, N. M., Friday night.

Saturday finds Texas Western meeting Cincinnati and McMurry playing Tulsa in top intersectional games in addition to North Texas State's try at Kentucky, the Southeastern Conference power.

There are three conference games on tap — the earliest any ever have been played.

Sul Ross and Sam Houston State meet in a Lone Star Conference ground-gainer of 1949, is likely to get the nod at left halfback and Don Carpenter, a shifty sophomore, looks good on the right side of the T. Contention comes from returning lettermen Jim Mott and Johnny Curtis, Squadman Frank Shannon and Sophomores Bobby Brooks and Jackie Day.

King-sized Steve Dowden is one of the starting holdovers at tackle. Ken Casner and Walter Still both got in enough time last year to earn letters and are fighting it out for the spot opposite Dowden.

struggle. West Texas State takes on Arizona State of Flagstaff and [illegible] co A&M in Border Conference tilts.

The Saturday night schedule:

Texas Western at Cincinnati.
Sul Ross vs Sam Houston State at Huntsville.
Abilene Christian vs Eastern New Mexico at Abilene.
Howard Payne vs Trinity at San Antonio.
McMurry at Tulsa.
East Texas Baptist vs Stephen F. Austin at Nacogdoches.
Arizona State of Flagstaff vs West Texas State at Amarillo.
North Texas State vs Kentucky at Lexington, Ky.
East Texas State vs University of Corpus Christi at Corpus Christi.
Hardin-Simmons vs New Mexico A&M at Las Cruces, N. M.
Midwestern vs Southwestern Tech (Oklahoma) at Wichita Falls.
Lamar vs Southeastern State (Oklahoma) at Beaumont.

Big Spring Has Three To Nothing Edge On Roswell In Longhorn

(By The Associated Press)

Big Spring moved in for the kill today in the Longhorn League play-off.

The Brones hold a three-games-to-none bulge over Roswell and can close out the series with a victory tonight at Big Spring.

Meanwhile Odessa leads Vernon two games to one. Vernon won its first victory of the play-off last night 11-2.

Big Spring walloped Roswell 10-4 last night, coming from behind with a five-run splurge in the third inning. Pat Stasey hit two home runs to drive in five tallies.

Cotton Russell pitched a two-hitter as Vernon downed Odessa. Al Monchak got the Odessa hits, driving in one run with a double. Russell walked seven batters and hit four, this leading to the runs scored off him.

Vernon blasted 14 hits.

The clubs play at Vernon again tonight.

Harlingen Moves Into Rio Grande Lead By Beating Corpus 10-5

HARLINGEN, Sept. 14. (AP)—Harlingen took the lead in the Rio Grande Valley League champion ships play-off last night by beating Corpus Christi 10-5 in the opening game.

Jake McGlain and Stu Williams were the big guns in the winning Capitol attack. McClain slugged his fifty-fifth home run of the season and Williams tripled with the bases loaded.

The clubs play here again tonight then rest tomorrow, resuming the series at Corpus Christi Saturday where they will be for three games.

Cor. Christi	000 201 002	5 10 2
Harlingen	304 000 12x	10 9 2

Sims, Cadenhead, Byrd and Hansen; Priest and Harshaney.

The giant cactus blossom is the official flower of Arizona.

Representative From Health Department Visits City-County Unit

J. A. Stephens, representative of the veneral disease division of the state health department, was in Snyder for a short while this morning visiting the city-county health unit.

Stephens, who travels 23 counties in western and southwestern sections of Texas, was here on a routine visit. He was to leave for other counties some time about noon.

The National Geographic Society says that if all the ice on Greenland were to melt at once the oceans would overflow.

Despite Losses Baylor Still Major Threat In Conference

WACO, Sept. 13. (AP) — Stamp a big question mark on the Baylor Bears of 1950 and wait until they giving them a permanent cellar have played some games before dwelling in the Southwest Conference.

True, 23 of last season's Bruins graduated and the squad of 67 is for the most part, inexperienced. But, down to the last man, they have team spirit and drive unexcelled anywhere.

Breaking down the personnel new coach George Sauer has to work with, there are 29 sophomores, 16 returners from the 1949 B team, three junior college transfers and 19 lettermen.

Only four of the lettermen were first-stringers on the two platoons that ground out an 8-2 record in 1949. The vacancies in both the forward and backfield were declared "wide open" by Sauer in the spring and he hung the same sign out when for-keeps practice began.

Three or four good prospects are bidding for each spot.

The forward wall could develop into Baylor's biggest surprise of the campaign. "Iron-Mike" Michalske, the line coach, thinks the primary will improve steadily after the season starts.

Shaggin' Stan Williams, Baylor's greatest end since Jack Russell, leads a coterie of flankmen. Williams is a definite candidate for All-America in his junior year. The Bears could easily have another all-conference end in Hal Riley. Riley had a good sophomore year but sat out 1949 because of a broken leg.

The punters also are adequate. Larry Isbell and Marshall Alford both are fine left-footed kickers and there are at least half a dozen othrodox foot-swingers. Hank Dickerson will be the place-kicking specialist.

Center and quarterback remain the biggest problems. However, there is a tinge of optimism there. Coach Sauer predicted "One of those quarterbacks is going to do some fine passing before the year is over." Hayden Fry, a three-letterman; Squadmen Isbell, Bob Reid and Alford are joined by Sophomores Claud Kincannon and Frank Davidson as the signal-calling candidates.

Gale Galloway, 6-4 and 195 pounds, lettered as an end last season. He was shifted to center to help out where four mainstays pivots graduated.

Fullback is well taken care of by team captain Frank Boydstun. A pair of very promising sophomores, Richard Parma and Ken Scarbor ough, fortify fullback.

Veteran Jim Jeffrey, the No. 2

LaMotta Has Nothing To Worry About Now But Ray Robinson

DETROIT, Sept. 14. (AP) — Sugar Ray Robinson is next for middleweight champion Jake LaMotta after his dramatic 15th round knockout of challenger Laurent Dauthuille with only 13 seconds to go.

But for a savage closing rally that snatched victory from defeat last night, the well-tamed Bronx Bull would be worrying about all the working press, Jake barely saved his title. It was a heart-breaking defeat for the game Frenchman who just missed avenging the late Marcel Cerdan. After it was over the 11 to 5 underdog sat in the dressing room with tears streaming from his eyes.

There will be long debates why the Frenchman didn't play it safe in the final round. All he had to do was stab at LaMotta's nearly-closed left eye and stay away. He would have won back for France the championship that LaMotta wrested from an injured Cerdan in the same city 15 months ago.

Jake now will fight Sugar Ray or risk a National Boxing Association ban.

LaMotta weighed 159½, Dauthuille 160.

Scrimmages, Silence Prevails In Southwest

Scrimmage for the players and not too much comment from the coaches seems to be the pattern in Southwest Conference football camps.

Most of the seven coaches yesterday had squads drilling hard, working on fundamental phases of the game. And the coaches weren't saying much — one way or the other.

Coach Jess Neely at Rice admitted he was pleased with the way Teddy Riggs is filling in for injured Sonny Wyatt in the Owls' backfield. Wyatt has a bad shoulder.

Coach Blair Cherry of Texas shifted some of his backs to double duty roles. He had Fullback Lew Levine working some at right halfback and Red Mays was dividing time between the two positions.

Texas A&M drilled on its passing and so did Southern Methodist University. Baylor stressed pass defense, along with working on its own aerial game.

Shakeup In Defense Department Expected After Johnson Leaves

By ELTON C. FAY
(Associated Press Staff)

WASHINGTON, Sept. 14. — Some of Secretary of Defense Louis Johnson's official Pentagon family are expected to depart soon as an aftermath of the cabinet officer's resignation.

Washington protocol calls for appointed officials of a department to offer their resignations whenever the department chief is replaced.

There was speculation that Asst. Defense Secy. Paul H. Griffith, long a Johnson associate, would be among the first to step out in what may develop into a general shift in the Pentagon secretariat.

SIX APPOINTEES

All six members of that group are presidential appointees, with Senate approval.

The customary procedure is for these officials to proffer their resignations to the incoming secretary who may or may not forward them to the White House. If he wants an official to stay on, he holds up the resignation letter and asks the man to remain.

In addition to Griffith, these are the other two assistant defense secretaries and the three service secretaries:

Wilfred J. McNeil, assistant secretary in charge of fiscal and budgetary matters; Marx Leva, assistant secretary for legislative and legal matters and the chief liaison officer with Congress.

Army Secretary Frank Pace; Navy Secretary Francis P. Matthews; Air Force Secretary Thomas Finletter.

TWO VETERANS

McNeil and Leva, veterans of the original unified military establishment setup, served as assistants for the late James Forrestal. There were guesses that Gen. George C. Marshall, chosen by President Truman as the new defense chief, might ask them to continue. Neither has indicated whether he would prefer to remain if asked.

There was also speculation as to whether Secretary Matthews would desire to continue or take this occasion to resign. Matthews, appointed to the Navy job after a quarrel between Johnson and John L. Sullivan resulted in the latter's resignation last year, recently was the center of a flurry over high policy.

In a public address, Matthews posed the question of preventive war to stop Russian aggression. For that he drew a formal State Department announcement — with White House approval—that his speech did not reflect American foreign policy. However, after a talk between Matthews and the President, Mr. Truman let it be known he considered the incident closed.

MOST RECENT

Army Secretary Pace, the most recent comer to the Pentagon family, reportedly was brought in from his former job as federal budget director at Johnson's request.

Air Secretary Finletter, who took over last April, appeared to have been primarily a choice of President Truman. Finletter succeeded W. Stuart Symington, whom Mr. Truman moved up to the chairmanship of the National Security Resources Board. There had been evidence of friction between Symington and Johnson during the former's tenure as air secretary.

Engineer May Face Punitive Action Of ICC

PITTSURGH, Sept. 14. (AP)—The Interstate Commerce Commission today weighed the possibility of punitive action against a 68-year-old engineer who testified he ran his passenger express through a stop signal just before striking the troop train last Monday near Coshocton, Ohio.

GUESSES AT SPEED

Eller also "guessed" his express train was running at about 50 miles per hour at the time of the crash in which 33 members of Pennsylvania's recently-federalized 28th Division were killed.

More than 50 other soldiers on the troop train were hurt but no one on the passenger express was injured.

B. W. Johnson, a road foreman of engines, testified the recorded tape taken from Eller's smashed diesel indicated the train was running about 70 miles an hour shortly before the mishap and about 50 miles an hour "immediately before the crash."

JOINT HEARING

The inquiry was conducted jointly by the ICC, the railroad, the Ohio Public Utility Commission and the Army.

ICC Commissioner W. J. Patterson declared

"When we get the record a report will be written and made public. If it turns out any law was violated that is administered by the commission, then we will take punitive action."

Col. George W. Haley, representing the Department of Army Operations of Railroads, said he also will submit a report.

Body Of Soldier Removed

An unidentified soldier helps a rescuer remove the body of another Pennsylvania National Guardsman kiled when the Pennsylvania Railroad "Spirit of St. Louis" crashed into the rear of a troop train near West Lafeyette, Ohio. Thirty-two persons were killed in the wreck.

Full Military Honors Accorded Victims Of Ohio Train Wreck

WILKES-BARRE, Pa., Sept. 14. (AP)—Full military honors today awaited the 33 National Guardsmen killed in a troop train wreck shortly after they left for active duty with the Army.

The thirty-three, all members of the 109th Field Artillery Battalion of the federalized 28th Division, met death when their stalled troop train was struck by the Pennsylvania Railroad's "Spirit of St. Louis," at Coshocton, Ohio, in the early fog-shrouded hours of Monday morning.

TRAIN DUE

A train bearing the bodies of the victims and their military escorts is due to arrive at 12:20 o'clock today in this mourning city of 85,000 in eastern Pennsylvania's anthracite region.

The seven-car train made a 37-minute stopover at Pittsburgh this morning. A 200-man army contingent presented arms as the train pulled into the station and two huge floral wreaths were placed aboard, one from the 28th Division Society and the other bearing the inscription "Pittsburgh's tribute." No civilians were permitted on the platform.

Army Chaplain Norman E. Kelly read the prayers for the dead of the Catholic, Protestant and Jewish faiths.

A dining car was added to the three baggage cars containing the caskets, two Pullman cars for the military escort, a coach and private car for J. R. Appleton, a Pennsylvania Railroad vice president.

Then the train moved slowly out of the station as an Army bugler [illegible]

SHORT TRIP

The flag-draped caskets will be loaded on 33 weapons carriers for the half-mile journey from the Wilkes-Barre Station to the Kingston Armory where relatives may claim the bodies.

Maj. Gen. Frank A. Weber, Pennsylvania adjutant general, said 28 of the families have requested full military burial for their soldier dead. The other five are expected to make the same request, he said.

A 33-gun salute, one for each of the victims, will be fired as the train pulls into the station.

At the front of the procession, accompanied by 1,000 National Guardsmen with fixed bayonets, will ride Lt. Col. Frank Townend, commander of the 109th.

MORE VEHICLES

Then will come six armored half-tracks from the 104th Armored Cavalry Regiment of Harrisburg and Central Pennsylvania. Following the weapon carriers with the caskets will be six more half-tracks.

Families of the soldiers will assemble at the armory to claim the bodies for separate funerals. No funerals are scheduled for today but many will be held tomorrow and Saturday. A mass community memorial service will be held later.

The U. S. Defense Department telephone exchange in Washington handles 225,000 inside and 90,000 outside calls per day.

Dallas Man Charged In Violation Of Federal Lottery Ticket Law

WACO, Sept. 14. (AP) — Wilbur Arthur Brian, 41, of Dallas last night was released on $2,500 bond after he was arrested by the FBI and charged with conspiracy to violate the federal law against inter-state shipments of lottery tickets.

Brian was arrested at Marlin as the FBI investigated what it called a $2 million international lottery ticket ring.

He was arraigned before U. S. Commissioner J. W. Cocke, Jr., and released on bond for appearance in Miami, Fla., where the charge was filed.

Earlier yesterday, FBI Director J. Edgar Hoover said in Washington that a number of persons had been arrested in the investigation.

Hoover said an estimated $2 million in sweepstakes tickets based on the running Dec. 26 of the Christmas two-year-old stakes race at Knutsford Park, Kinston, Jamaica, B. W. I., had been printed by a Florida printing concern.

He said the tickets had been shipped to Texas, New York, California, Ohio, Pennsylvania, and Maryland and to Canada.

H. O. Hawkins, special agent in charge of the Dallas FBI office, said last night Brian was accused of receiving in Dallas — by air-freight from Miami — a 510-pound shipment of tickets with a face value of $300,000.

Hawkins said FBI agents seized the tickets in a Dallas home and found 20,000 books of them. He said they arrived by air freight in Dallas Sept. 1.

Brian was arrested in a Marlin hotel by San Antonio FBI agents. Hawkins said agents found Brian had gone to Marlin on a business trip.

"I understand he brought in an oil well down there," Hawkins said.

Mrs. Exa Wilbanks and Mrs. Addie V. Payne from Colorado City were here last night for the meeting of the Business and Professional Women's Club.

Typhon was the ancient Greek god of wind storms.

Fine Paid on County Court Driving Charge

A fine of $123.50, including court cost, was paid in county court yesterday by Roy Waggoner, 40, who pleaded guilty to a charge of driving while intoxicated.

Four other persons were charged with misdemeanors but have not yet been apprehended. Three of these were charges of swindling with worthless checks, and one was a charge of aggravated assault.

Woman Is Strangled By Vacuum Cleaner

SCARBOROUGH, Eng., Sept. 14. (AP)—Mrs. Elsie Morgan was strangled by her own vacuum cleaner.

While she was carrying the machine, her smock was drawn into the vacuum. She was suffocated by the neck band.

"It was a million to one accident," a policeman said.

Nurse Tells How Hadacol Was So Helpful To Her

She Suffered Deficiencies of Vitamins B1, B2, Iron and Niacin

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., says being a nurse really lets her know when folks are sick. That is why when she tried all sorts of remedies and didn't get relief, she knew she was in bad shape. That was, of course, before she heard about HADACOL and before she found out she had a deficiency of Vitamins B1, B2, Niacin, and Iron.

Here is Mrs. Adele's own statement "I have been a nurse for over 14 years. I had to stop working and went to the hospital. I was suffering all kinds of dizzy spells, weaknesses and growing weaker. I had pains in my chest, and I could hardly eat. My food never seemed to agree with me. I was terribly run down and growing worse. I had tried all kinds of remedies. Don't think I was plenty scared — 'cause I know being a nurse, when folks are really in bad shape . . . I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I don't have dizzy spells any more—I am full of energy. The only thing about HADACOL is that I didn't find out about it sooner. Now I am going back to work at last thanks to wonderful HADACOL."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symtomatic relief. HADACOL now makes it possible to actually relieve the cause of neuritis pains, nervous disorders, and a general run-down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron, and Niacin but also helpful amounts of important Calcium, Phosphorus and Manganese—elements so vital to help maintian good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're suffering fiendish torture and agony from neuritis aches and pains, nervous disorders, insomnia, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore? This great HADACOL is inexpensive, too — costs only a small amount a day. Trial size, only $1.25. Large family or hospital size, $3.50.

Look Out For Credit Control
Do you realize?
What credit control means to you in buying a new car? It means you will have to pay a larger down payment, and a larger monthly payment, which all adds up to a shorter time to pay for that new car.

KSNY Becomes Full Member In Radio Network

Radio station KSNY in Snyder will become a fully associated station with the Liberty Broadcasting system Oct. 2.

On the same day the Liberty network will start a nation wide hook-up similar to the other major broadcasting companies.

Until now Liberty has been basically a baseball newwork for the 34 states without major league baseball teams. The change over in October will give them affilates in 48 states, Hawaii, and Alaska.

Studios for the new system will be in New York, Chicago, Los Angeles and San Francisco. They already have studios in Dallas.

The 300 stations already signed with Liberty makes them the third largest network in the nation.

As before the company will emphasize sports. A new angle to radio will be the day-time mystery program. They will continue morning serials and should give the soap opera a new wrinkle.

Doak Walker has been signed to make weekly football prediction for this season. The first will be Friday.

To Drill Six Scurry Wells

In the Kelley-Snyder field of Scurry County, six new locations have been reported for immediate drilling. All the projects will be drilled to an estimated 7,000-foot depth.

Sunray Oil Corp. No. 3 A. E. Dennis will be 660 feet from west and 1,980 feet from north lines of section 237, block 97, H&TC survey.

Sunray spotted No. 7 P. W. Cloud six miles north of Snyder and 467 feet from north and 1,213 feet from east lines of section 159, block 3 H&GN survey.

General Crude Oil Co. has staked No. 4 Minnie L. Stewart 660 feet from south and 467 feet from east lines of the section 211, block 97, H&TC survey.

The Texas Co. No. 2 Mae Lemons, and others is a new location to be 664 feet from east and 668 feet from south lines of north half of section 204, block 97, H&TC survey and seven miles west of Snyder.

Skelly Oil Co. has made locations for two projects to be about seven miles northwest of Snyder.

Skelly No. 9 W. H. Pairish will be located 467 feet from north and 1,239.8 feet from east lines of south half of section 385, block 97, H&TC survey. Skelly No. 14 Heal is to be 467 feet from east and 1,937 feet from north lines of section 380, block 97, H&TC survey.

Baptist Group Takes Name Of Permian Basin

MIDLAND, Sept. 14. (AP) — A new Baptist association formed here yesterday may be named the Permian Basin Assn.

Baptists of Midland and Ector Counties effected a friendly division from the Big Spring Baptist Assn. at its 43rd annual session. Officials said the split was made in interest of efficiency and to reduce the geographic area.

The Big Spring association retains Howard, Glasscock and Martin Counties.

Rev. Vernon Yearby, pastor of Midland's First Baptist Church, gave indicaton of the name for the new association. Temporary moderator for the new group is Rev. Arthur Delbach of Odessa. Rev. T. Harrell of Big Spring is new moderator of the Big Spring district.

Chambers' Membership Group To Meet Monday

Meeting with the board of directors of the Chamber of Commerce Monday night, the membership committee will discuss general membership and dues for the organization, and will set a beginning date for a membership drive.

Headed by Bruce L. Greer, assisted by Dr. Robert H. Hargrove, Jr., members of the membership committee are Eugene C. Harper, Robert R. Patterson, Frank D. Stephenson, A. C. Kincaid, K. L. Fouch, and Hollis H. Fields.

The luffa, or loofah, is sometimes called the dishcloth gourd because its fiber takes up water like a sponge.

Hermleigh H-D Club Meets Here With Mrs. A. B. Casstevens

Mrs. A. B. Casstevens entertained the Hermleigh Home Demonstration Club in her home, 1700 Runnels street, last week.

Mrs. W. T. De Hay presided, the club opening the program with the song, "The Eyes of Texas Are Upon You." Roll call was answered by giving a serving hint.

Mrs. Frank Nachlinger reported on the county-wide picnic recently at the elementary school building. The club voted to give a prize to the club member who has the best attendance record from now until Christmas.

Each member was asked to bring a child's garment to the next regular club meeting.

Mrs. Willard Drumm, of North Hollywood, Calif., was a guest. Mrs. Drumm is a former Scurry County resident.

Refreshments were served to Mrs. De Hay, Mrs. Nachlinger, Mrs. Drumm, Mrs. L. H. Terrell, Mrs. T. E. Shelburne, Mrs. C. L. Banks, Mrs. Cecil Adams, Mrs. Raymond May, Miss Minnie Lee Williams, Mrs. Ivy Sturdivant, and the hostess.

Mrs. De Hay will entertain the group Sept. 26 in the home of Mrs. Sturdivant.

NEWS FROM UNION

By MRS. J. B. ADAMS
UNION NEWS

The Rev. and Mrs. Jack O'Neal had as visitors Sunday her sister Mrs. Alvin Smith and family from Lubbock.

Mr. and Mrs. Ray Lunsford visited over the week end with her sister, Mrs. Herman Milton of Oklahoma City. Her mother, Mrs. Welch, returned with them.

Visiting over the week end in the home of Mr. and Mrs. C. S. Mulkey were Mr. and Mrs. A. A. Demaster.

Mr. and Mrs. Robert Langford was honored Tuesday with a bridal shower in the home of Mrs. J. E. Woodson.

Mr. and Mrs. J. B. Adams left Wednesday for a trip to Georgia. They were accompanied by Joe B. Adams, Jr., of Lamesa.

Jury Dismissed In Justice Court Case

A justice court case in which a jury had been summoned was dismissed this morning on recommendation of Jack Kennedy, county attorney's assistant, on grounds that the charge was not statutory.

The case, the state vs. Ira Lee Brannon, charged with failure to yield right-of-way at the time of an accident near Knapp last week, will probably be refiled, Kennedy said.

The accident occurred on a one-way bridge near Knapp when an automobile driven by Brannon and a truck driven by Harley Russell Holland collided head-on. Holland paid a justice court fine of $14, including $13 court cost, shortly after the collision when he pleaded guilty to a charge of operating a truck without a commercial operator's license.

Of 116 ship building and repair yards in the U. S., 68 are located on inland waterways, rivers or canals.

THE SNYDER DAILY NEWS

VOL. 1—NO 109 SNYDER, TEXAS, THURSDAY, SEPTEMBER 14, 1950 SECTION 2

NEWS FROM IRA

By MRS. MABEL WEBB

Miss Eula Pearl Taylor, who has been working in Snyder, returned home and Tuesday began work for Mrs. J. A. Williams in the cafe.

Mr. and Mrs. Grady White of Dunn spent Sunday with her brother, J. L. Byars, and Mrs. Byars.

Mrs. J. W. Taylor of Abilene spent part of this week here.

Sunday visitors of Mr. and Mrs. Amil Kruse were Mr. and Mrs. Robert Love and Mrs. H. S. Moore of Haskell. Mrs. Moore remained for an extended visit.

Thursday afternoon visitors of Mr. and Mrs. Essie Taylor were Mrs. Pearl Taylor, Mrs. Ramon Hedges, and Mrs. Ross Riley and daughters of Snyder.

Mr. and Mrs. D. J. Way spent Sunday with Mr. and Mrs. Junior King of Snyder.

Mr. and Mrs. J. J. Eades and daughter spent Sunday with Mr. and Mrs. Cecil Eades of Snyder.

Mr. and Mrs. Hubert Carnes returned Sunday from a vacation to points in Colorado.

Mr. and Mrs. N. A. Billingsley, Jr. of Shyder attended Sunday School here Sunday and were guests of her parents, Mr. and Mrs. A. B. Cary.

Sara Kruse, who is working in Snyder, spent the week end with her mother, Mrs. Marie Kruse.

Mr. and Mrs. Wesley Carlile of De Leon, Tex., spent Friday night with his brother, E. E. Carlile, and Mrs. Carlile.

Mr. and Mrs. Robert Erwin of Midland spent the week end with her parents, Mr. and Mrs. Amil Kruse.

Mrs. Lee Grant of Andrews, Tex., returned home Monday after a week's visit with her son, Garnett Kelley and family.

Mr. and Mrs. H. L. Richmon of San Saba, Tex., spent the week end with their daughter, Mrs. J. W. Lewis.

Mrs. Wanda Cohie of Snyder visited her parents, Mr. and Mrs. Garnett Kelley, part of this week.

Our school opened Monday morning with mostly new teachers. Mrs. Lane Roddy is dietician with Mrs. A. P. Brooks, Mrs. Grady Suiter, and Mrs. Webb as cooks.

Melba and Jo Eubank of Snyder spent the week end with their grandparents and father.

Mr. and Mrs. John Webb and Mr. and Mrs. Lloyd Webb attended a family reunion in Comanche Sunday going from there to fish in Possum Kingdom Dam and other places.

PERSONALS

Mr. and Mrs. Elmer Muehlebach of the Lion Oil camp west of Snyder have returned from a two weeks' vacation trip to Canton, Ohio. Both Mr. and Mrs. Muehlebach are employed by the oil company, Mrs. Muehlebach working in the offices, repracing her during her absence was Mrs. Charles Egner, 1010 Twenty-eighth Street.

Mrs. Ernest Taylor, 2701 Avenue V, has returned from a visit in Lubbock, where she was in the home of Mrs. Glenn Howard and Mrs. Della Hawkinson.

Mr. and Mrs. Sam Craig, 1112 Sixteenth Street, had as visitors overnight yesterday Mrs. Craig's brother and family, Mr. and Mrs. Robert Tucker from Ashdown, Ark. The Tuckers were en route to Artesia, N. M., their new home.

Miss Connie McMullan and Ran McMullan left for another year at Texas Technological College in Lubbock. They are the son and daughter of Mrs. Gladys McMullan, 2510 Avenue R. Miss McMullan is in her junior year at the college, Mr. McMullan is a senior.

Mr. and Mrs. Thurmon Craig and children from Sweetwater spent the past week end with Mr. Craig's parents, Mr. and Mrs. Sam Craig, 1112 Sixteenth Street. The younger Mr. Craig is with the Higgenbotham-Bartlett Co. in Sweetwater.

Mrs. Ophelia Blackard and Mrs. Harold Brown went to Abilene on business Monday.

Mr. and Mrs. John Broaddus, 2900 Avenue F, have returned home after spending some time in Dallas, where Dr. Harry Ward is recuperating after surgery in the Parkland Hospital. Also returning from Dr. Ward's bedside are Mr. and Mrs. Ollie Stimson. The Stimson's are Mrs. Ward's parents. Dr. Ward is reported to be improving.

Mrs. A. C. Preuitt, 3104 Avenue U, entertained an out-of-town guest in her home Tuesday night. Mrs. J. M. Stewart from Tahoka came to attend the Rubinoff concert with Mrs. Preuitt. She will remain in Snyder for a few days.

Mr. and Mrs. F. G. Hoeffer, 1910 Thirtieth Street, are the parents of twin boys, born Tuesday at the Root Hospital, Colorado City. The twins weighed five pounds, 11½ ounces and five pounds, 12½ ounces. They are the first children of Mr. and Mrs. Hoeffer, who have lived in Snyder slightly more than a year. Mr. Hoeffer is employed with the Pan-American Production Co. Mrs. Hoeffer was a teacher in the elementary school here last term. Mother and sons are expected home Saturday morning.

Mr. and Mrs. Warren Riley of the Clairemont route are parents of a daughter born Tuesday night at the Snyder Hospital.

Gene Schkade, son of O. E. Schkade, 2906 Avenue V, left for Texas Tech Monday. He will enroll as a freshman this year, studying agriculture. His father, Mr. Schkade, is an independent oil operator in this area.

Small Phylis and Diana Sue Sealy are visitors in the home of their grandparents, Mr. and Mrs. N. J. Sealy, 3101 Avenue V, this week. They are also spendnig time with their other grandparents, Mr. and Mrs. J. W. Tate, 2704 Avenue Y. Phylis and Diana are the daughters of Mr. and Ms. Don L. Sealy of Anson, Tex.

Bob D. Sealy, 3101 Avenue V, left Tuesday for Albuquerque, N. M., where he will take the physical examination before going into the navy. With him was Jack Hill, also seeking a place in the navy.

J. L. Sorrels received word yesterday that his son, aged three, has been stricken with polio in Plainview, Tex., where he is living with Mrs. Sorels. Mr. Sorels, a crew member of Brooks and Turner Oil Well Servicing Company, Lamesa Highway, left immediately for Plainview.

Mr. and Mrs. Charles Signar, 607 Twenty-ninth Street, are parents of a daughter born Tuesday night at the Snyder Hospital.

A son was born Tuesday night in the Snyder Hospital to Mr. and Mrs. William Wilson, 3109 Avenue M.

North Koreans Won't Let Red Cross Visit War Prisoner Camps

TOKYO, Sept. 14. (AP) — A U. S. Army public information officer said today North Korea won't let the International Red Cross visit prisoner-of-war camps to observe the treatment of prisoners.

The North Koreans have notified the United Nations they will abide by the 1949 Geneva convention calling for humane treatment of POW's.

Frederick Berl of Geneva, delegate of the Red Cross, has observed United Nations treatment of prisoners and pronounced it excellent.

Jolson Arrives To Entertain Troops On Eastern Fronts

TOKYO, Sept. 14. (AP) — Al Jolson arrived by plane today at his own expense "to sing some songs" for GIs in Japan and Korea.

Jolson, a USO entertainer in World War II, was the first name actor to come here for appearances before American troops.

He brought along his own accompanist, Song Writer Harry Akst.

Tomorrow Jolson will visit wounded GIs in U. S. Army hospitals in Tokyo and Yokohama. He will leave Saturday for air bases and other installations in South Japan. From there he will go to Korea for performances near the battle zones.

Automatic Insurance Plan Advanced For All Men In Service

WASHINGTON, Sept. 14. (AP) — Monday's train wreck which killed 33 National Guardsmen in Ohio had another aftermath in Congress today.

Rep. Flood (D-Pa) prepared a bill to provide $10,000 of life insurance automatically for 60 days to anyone inducted into the armed services, including guardsmen called to federal service. The 60 days would give them time to take out their own GI insurance.

Engineer Testifies on Wreck

William Eller, foreground, engineer of the Pennsylvania Railroad passenger train "Spirit of St. Louis" which Monday smashed into a troop train near Coshocton, Ohio, gives his version of the crackup before a board of inquiry meeting in Pittsburgh. In the back row, left to right, are O. B. Murray, chief inspector of the Ohio PUC: W. J. Patterson, ICC commissioner; and E. J. Hoy, ICC examiner.

Ham Stolen By Man Not What He Expected

CHICAGO, Sept. 14. (AP) — A window was smashed in Novak's meat market at 1200 North Wells St. last night and glass fell on an attractive display of hams.

A block away policemen in a squad car heard the crash of breaking glass and raced to the scene. They quickly caught up with Lester Brown, 23, rushing down the street with three ham-like bundles in his arms.

Policemen said the hams were works of art—oil paintings on a papier mache covering with a stuffing of sawdust. They held Brown on an open charge.

Birthday Party Given For Anthony Tibbetts

A gayly decorated pink and white birthday cake was served at luncheon time to fifteen small friends of Master Anthony Tibbetts on his fourth birthday this week. Anthony is the son of Mr. and Mrs. L. A. Tibbetts, Peach Street, Von Roeder addition.

Assisting Mrs. Tibbetts at the lunch party were Mrs. W. W. Arnold and Mrs. Bill Atwood.

Anthony's guests were Joan Miller, Freddie Miller, Sandra Nance, W. B. Nance, Bill Roach, Martha Gayle Roach, Billy Tim Atwood, Janis Atwood, Nina McIver, Charles McIver, Stevie Bickerstaff, Tom Arnold, and Cherry Arnold.

Recipes

FAMILY DINNER

Celery and Carrot Sticks
Seasoned Hamburgers* Parsley New Potatoes
Fresh Succotash Bread and Butter
Tapioca Fruit Pudding Beverage
(Recipe For Starred Dish Follows)

SEASONED HAMBURGERS:
Ingredients 1 pound hamburger, 2 tablespoons chili sauce, ¾ teaspoon salt, ¼ teaspoon onion salt, ¾ teaspoon prepared horseradish mustard, freshly-ground pepper to taste.
Method: Put hamburger at one side of mixing bowl; at other side put chili sauce, salt, onion salt, mustard and pepper and mix these seasonings together well. Now mix seasonings with hamburger using fingertips. Shape into 4 patties. Cook quickly in a few teaspoons of fat in skillet, browning on each side; it may be necessary to add more fat while cooking depending on how much fat hamburger meat contains. Serve immediately.

EAT IN THE SUN SALE ... Now at YOUR GROCER'S!

Wild Car Kills Woman

ANGLETON, Sept. 14. (AP) — An unoccupied automobile rolled down an incline yesterday and crushed to death Mrs. Frieda Tofte, 54, mother of two sons.

Snyder Youths Kill Snake With 20 Rattles

Twenty rattles were counted on a large rattlesnake killed last week end by Jack Longbotham and Rex Milhollan, students of Texas A. & M. College.

The boys were returning from a rodeo in Big Spring on the new Snyder-Big Spring highway when they spotted the snake next to the pavement near the Mitchell County line.

"At first I thought it was a fence post," Longbotham said as he told the size of the snake. He estimated the rattler to be over six feet long and almost three inches in diameter.

The boys ran over the snake with their car to kill it and proceeded to Snyder with the 20 rattles.

Petroleum Ration Not Likely Official Says

ATLANTIC CITY, N. J., Sept. 14. (AP) — There will be no need to ration petroleum products in the near future, the president of the National Petoleum Assn. said yesterday.

"There is plenty of all kinds of oil for everybody," said W. S. Zehrung of Oil City, Pa., in an interview.

Former Director Of District Is Guest At B. & P. W. Club

Mrs. Addie V. Payne, Colorado City, the former director of district No. 7, Business and Professional Women's Club, met with the Snyder club last night at Town and Country Funiture store to dicuss club projects.

Membership cards were issued and the new charter was seen for the first time.

Plans were made for the installation of officers, which will be held at Country Club at 8 o'clock the night of Sept. 27. All presidents of civic clubs and city officials and their wives will be invited to the installation dinner.

Fourteen members of the club signed up to attend the district conference of Business and Professional Women, which will meet Oct. 7 and 8 in San Angelo. State officials of the club will be present at this annual meeting.

The pohutukawa tree, a native of New Zealand, thrives on rocky, salt-sprayed seashore cliffs.

Dermott Women Are Hostesses at Party

Mrs. A. P. Smith and Mrs. Jimmie Smith of Dermott, gave a surprise dinner party Sunday for Mrs. Elmer Bradshaw of Sweetwater.

A number of friends and relatives met at Sweetwater Park for the birthday party.

Present were Mr. and Mrs. A. P. Smith, Mr. and Mrs. Jimmie Smith, Leon Glen, Mosen Glen, Mrs. J. E. Smith and son, Butch Smith, Mr. and Mrs. Elmer Bradshaw, Mrs. Jim Clanton, and R. L. Lightfoot of Sweetwater.

Big Three Open Session

Representatives of France, the United States and the United Kingdom sit together at the Waldorf-Astoria Hotel, New York, prior to the opening of their defense conference. Left to right are Robert Schuman, French foreign minister; Dean Acheson, U. S. secretary of state; and Ernest Bevin, British foreign secretary.

All Aid To Be Sent Through Single Agency

WASHINGTON, Sept. 14. (AP)—A plan to channel all foreign aid—both military and economic—through a single government agency reportedly is being drawn up for President Truman's consideration.

Informed officials said today the plan is part of a report now being prepared by Gordon Gray, former Army secretary and new president of the University of North Carolina.

Gray and a staff of government and private financial experts have been studying world economic conditions for the past six months at the request of President Truman.

SEEK UNITY

Tentative conclusions being put into final form, officials said, call for unified administration of all foreign aid programs which involve grants by the American Government. These grants total billions of dollars annually.

First step in the unification proposal, it is reported, would be the merger of the Economic Co-operation Administration (ECA), which is directing economic aid to 16 Western European countries plus Korea and China, with the military assistance program now funneling American billions to nearly a score of nations.

These two principal programs presumably would be joined to the "Point Four" program to encourage underdeveloped areas, and the Latin American health and sanitation programs.

TIGHTER CHECK

Part of the reasoning behind Gray's current thinking, officials say, is that a tighter check is needed on the money the United States is now distributing to overseas allies.

Other powers suggested for the proposed new agency, it was learned, is that it have a major voice in determining the policies of the Export-Import Bank, and direct the activities of the American representative of the multi-billion dollar World Bank. The Export-Import Bank is this government's principal agency for making foreign loans.

Two Negroes Held In Marijuana Charge

VICTORIA, Sept. 14. (AP) — Two Negroes—one from Detroit and another from Houston—have been charged by officers investigating a marijuana smuggling operation reaching from Detroit to the Mexican border.

Charged with smuggling and possessing marijuana were Jesse Steward (Pistol) Ward, 48, Detroit and James Finucane, 46, Houston.

The Mediterranean area produces most of the world's almonds and filberts.

Meteor Alarming To Most; Not Astronomers

SAN FRANCISCO, Sept. 14. (AP)—A midnight meteor, visible 150 miles, alarmed residents throughout California's central valley—but drew a laconic "nothing spectacular" remark from astronomers.

Four commercial airline pilots each called the bright flash "the most terrific" they ever saw. Motorists, state highway patrolmen and other witnesses agreed.

One pilot reported the meteor streaked to earth near Mono Lake, in the Sierra south of Yosemite National Park.

But Astronomer Olin Eggen at Lick Observatory, Mount Hamilton, said the meteor presumably burned itself out in the heavens—as do most meteors.

Chinese Red General Dies Of Korean Wound

TAIPEI, Formosa, Sept. 14. (AP)—Nationalist China's defense ministry today said a top level Chinese Communist general was fatally wounded during a U. S. air raid while visiting the North Korean front lines.

The ministry said intelligence reported that Gen. Hsiao Ching-Kuan, a trusted supporter of Red Chairman Mao Tze-Tung, was injured in the raid and was taken to Peiping, where he died.

Philadelphia Probe

PHILADELPHIA, Sept. 14. (AP) — The U. S. Department of Justice today opened what it described as a full-scale investigation of rackets in Philadelphia and nine eastern Pennsylvania counties.

Consumer May Get Away With Higher Prices

By DOUGLAS B. CORNELL
(Associated Press Staff)

WASHINGTON, Sept. 14 — The first cautious steps to rearm America indicated today it may be months before consumers are hit anywhere but in the pocketbook.

Curbs on installment buying go into effect next Monday. Higher income taxes probably will start taking a bigger bite out of pay checks Oct. 1. There were signs the wartime lack of some goods would not be duplicated, at least not soon.

In the steel industry, which supplies material for cars, refrigerators, construction, television, etc., the initial government move was toward easing the pinch of President Truman's projected $30 billion-a-year arms program.

The government asked the industry to figure out just how much it can expand production capacity, which has just passed the 100 million-ton-a-year mark and is at the highest point in history. Industry promised a prompt answer.

Officers of 21 steel companies, big and little, met at the Commerce Department yesterday with Secretary Sawyer and William H. Harrison. On leave from the presidency of International Telephone and Telegraph Co., Harrison had just been sworn in as boss of the new National Production Authority (NPA). The President set up NPA in the Commerce Department to help boost the output of guns, planes and tanks.

Greenland is almost entirely covered with ice up to a mile and a half thick.

Typhoon Kills Seven

TOKYO, Sept. 14. (AP) — Seven persons were killed yesterday by a typhoon which struck the islands of Kyushu and Shikoku. Six others were injured.

DAVIS & HUMPHRIES — OWNERS & OPERATORS

Locations Are Spotted For Oil Tests in Twenty-seven Counties

Twenty-seven West Texas counties shared locations during the last week in August for 104 tests for oil, including 16 wildcats.

The preceding week listed 96 tests, including 19 wildcats. This is a weekly average of 101.6. Totals for the first 35 weeks in 1950 became 3,023 in proven areas and 534 for wildcats, a grand total of 3,577.

Crockett, Terry, and Upton Counties added two wildcats each, Crene Glasscock, Hockley, Irion, Kimble, Kent, King, Lynn, Runnels, and Schleicher, one each.

Scurry County led in field starters for the 48th consecutive week with 22, Kent and Runnels added eight each, Andrews seven, Ector six, Borden and Midland five each, Howard four, Garza, Hockley and Fecos three each, Crane, Crockett Gaines, and Tom Green two each, Cochran, Coke, Irion, Upton, Ward and Winkler one each.

Mrs. E. M. Deakins Remains in Hospital After a Car Accident

Friends have received work this week from Mrs. E. M. Deakins, who is still in the Rutherford Hospital, [illegible] following a car accident a month ago.

Mrs. Deakin's condition is reportedly somewhat improved. She suffered a broken hip, a brain concussion, and a broken rib. She will be allowed to leave Rutherford Hospital within the next ten days, it is believed.

Mrs. Deakins will probably be transferred to a hospital in Quanah, Tex., where she and Mr. Deakins operate the Crawford Hotel. Deakins, who suffered minor injuries in the accident, is completely recovered.

Mr. and Mrs. Deakins were residents of Snyder for 25 years. They owned the Manhattan Hotel.

Presidential Valet Dies in Jersey City

JERSEY CITY, N. J. Sept. 14. (AP) — Bash Cruso, who served as attending valet and assistant steward to Presidents McKinley, Theodore Roosevelt, and Taft, died last night at 79.

Cruso, a Negro and native of Washington, ran a stove business here. He held patents on several gas heaters. Death was caused by a heart attack.

Battle Commissions To 103 Fighting Men

TOKYO, Sept. 14. (AP) — Gen. MacArthur's headquarters announced today that on-the-spot battlefield commissions have been granted 103 U. S. soldiers in Korea.

All were for meritorious service and leadership in action.

Malaya has increased in population by nearly a third in the past 16 years.

Eskimo men sometimes wager and lost their wives in feverish domino games — and the wives sometimes get in the game to win themselve back for their husbands.

"Have I been fair on every call?

"Have I been giving people enough time to answer the telephone?

"I used to figure there was no one at home if I didn't get an answer after two or three rings. But yesterday I missed reaching mother. She was working in her garden when she heard the telephone ring, and told me later there was no one on the line when she answered.

"Now I wonder how many other times I've hung up too soon... how many other calls I've lost. Guess it does pay to wait a little longer."

Right, Mrs. Housewife. The best plan is to let the telephone you're calling ring *one minute* before giving up. That gives your friends time to answer.

Quadruplets Born in London

Student nurse Janet Baigent looks in on quadruplet girls born at Westminster hospital in London. The mother is Mrs. Elizabeth Coles, a 27-year-old London housewife. Hospital officals said she was "quite comfortable." The babies weighed between three and four pounds each and were placed in special oxygen incubators which had been rushed to the hospital.

Total Mobilization Now Poses Different Problem Than 1940

By Clark Beach
(Associated Press Staff)

WASHINGTON, Sept. 14. — The President's plan to raise the armed forces strength to three million men means that some critical decisions will have to be made soon in Congress and the White House.

And if war should come and all-out mobilization were necessary, both the armed forces and industry would face a much more complex problem than they did in 1940.

MUST INCREASE

The immeidate problem is adding about 1,500,000 men to the armed forces. The pool of men who are registered under the present draft law will not provide this added force. Congress would have to change the law to enable war veterans to be drafted. The President would have to change the selective service regulations to permit the drafting of men with dependents and men now deferred for occupational reasons. The armed forces would have to lower their physical standards for inductees.

Here's the picture:

The June 1948 draft law required all men from 18 through 25 years of age to register. By last August, 10,943,546 men had registered. But under present laws and regulations not more than 818,601 of them are likely to be inducted.

You get this figure by adding 8,108 men who have been examined and found acceptable; 14,578 men who have already been inducted; 155,821 who have enlisted; and 640,094 who have been classified 1-A but as of July 31 had not yet been examined.

Maj. Gen. Lewis B. Hershey, director of Selective Service, says the armed forces' physical requirements are too high. In World War II, 36 per cent of the men examined were rejected for physical reasons, compared to the present 60 per cent.

The biggest categories of unavailable men are the 2,673,320 war veterans, the 1,817,199 men who are 26 years of age and older (only men 25 and younger can be inducted), and the 784,554 men with dependents.

FEW UNEMPLOYED

Economic conditions are not different now from what they were in 1940. Industrial production is at a new peacetime high. Civilain employment is higher than it has ever been before. Some 62,367,000 persons are at work. Unemployment is down to 2,500,000.

Economists doubt you could count on getting more than 1,500,000 men from the present pool of the unemployed. In 1940 there were 8,000,000 unemployed. This was decreased to less than 1,000,000 when unemployment hit its wartime low in 1944.

Heavy withdrawals of manpower from civilian industry would mean greatly decreasing civilian production at a time when income is rising and demand for goods is increasing. It would cause inflation or necessitate drastic economic controls.

The most feasible course is to increase the labor force—the persons at work or seeking work. But this will be a lot harder to do than in 1940, according to a study just released by the Labor Department Bureau of Employment Security.

The Bureau estimates the labor force can't be increased now by more than 5,600,000 persons. Yet between 1940 and 1945 the labor force was boosted to 11,100,000.

You increase the labor force by getting people to work who have retired or never worked before—chiefly the aged, the handicapped or women.

Women comprise the chief source for new workers. But they won't be able to flock into the labor market as they did in World War II. For one thing, so many babies were born just after the war that mothers will have to stay home with young children.

Another thing is that so many women are already at work. Now 32 per cent of women are woking.

China Nationalists Worried Over Naming Of George Marshall

TAIPEI, Formosa, Sept. 14. (AP) — There was some concern in Taipei today over what effect Gen. George C. Marshall's appointment as U. S. defense secretary would have on American policy toward Nationalist China.

While there was no official comment, Nationalist sources indicated they thought the former secretary of state was not too well disposed toward them.

Marshall was special presidential envoy to China in 1946-47 with the rank of ambassador before his appointment as secretary of state.

Press Club Deplores Censorship Action

NEW YORK, Sept. 14. (AP) — The Overseas Press Club says it "deplores the condition in the Far East whereby correspondents are required to censor their own dispatches under the broadest and vaguest guidance."

In a resolution passed by its board of governors Tuesday night and made public yesterday, the club urged "full security control of news material by the armed forces in any active combat theatre."

Louis Lochner, club president, wired the text to Gen. Douglas MacArthur, United Nations Gen. Secy. Trygve Lie and Secretary of Defense Louis Johnson.

The first American native to visit England is believed to have been an Indian taken there by Sir Richard Greenville from Roanoke Island, N. C., in 1585.

Weather Unchanged Over Most Of Nation

CHICAGO, Sept. 14. (AP) — The weather pattern for most of the country remained unchanged today, with the northern half getting more cool and wet weather.

Temperatures remained around normal or above over the southern part of the nation, with warm weather in the Gulf Coast states and the far Southwest.

There was snow today in Yellowstone Park and rain mixed with snow in parts of Montana. Readings in some parts of the cool belt were in the 30's.

There was rain or drizzle over Michigan, New York and the southern New England states. Thundershowers were reported in Oklahoma and parts of adjoining states. Elsewhere fair weather was reported.

The mercury yesterday hit a high of 105 at Presidio, Tex.

Aircraft Executive Said Wife-Beater

LOS ANGELES, Sept. 14. (AP) — Donald W. Douglas, Jr., 32, aircraft executive, is accused of wife beating in affidavits filed by Mrs. Douglas in answer to his suit for custody of their two children.

He sued last week for custody, charging his wife, Molly, with "continued drunkenness." Yesterday she asked that he be restrained from molesting her and the children, and demanded an increase in support payments.

More bituminous coal and lignite is carried on the Monongahela river than on any other U. S. inland waterway.

Highlights In Marshall's Life

WASHINGTON, Sept. 13. (AP) — Here are the highlights in the career of Gen. George C. Marshall, called out of retirement by President Truman to be secretary of defense:

Born in Uniontown, Pa., Dec. 31, 1880, he attended Virginia Military Institute, graduating in 1901.

He saw service in the Philippines and in the First World War was chief of staff of the 8th Army Corps and chief of operations of the First Army. From 1919 to 1924 he was aide to Gen. John J. Pershing.

After various field commands he became chief of the war plans division of the general staff in 1938.

He was Army Chief of Staff from 1939 through the Second World War.

Then came a special mission to China for the President in late 1945. He was secretary of state from January, 1947 to January, 1949, when he resigned.

Friendship Week Push Cattle Theft Case

MEXICO CITY, Sept. 14. (AP) Mexico City's municipal government is sending an official representative and its official orchestra to the "friendship week" celebration in San Antonio.

Monterrey-Torreon Gas Pipeline Will Soon Be Started

MEXICO CITY, Sept. 14. (AP) — Within 10 days work is to start on the new Monterrey-Torreon gas pipeline, Mexico's government oil industry has announced.

The pipeline will extend natural gas supplies to the cotton growing center of Torreon.

New Orleans Man Dies Aboard Flying Plane

EL PASO, Sept. 14. (AP) — A 54 year-old New Orleans man, Simon Klein, died on an American Airlines plane en route here late yesterday.

Passengers on the flight said attendants administered oxygen to Klein during the flight and that he seemed in good spirits. About 30 minutes before the plane's arrival, Klein slumped in his seat. He was pronounced dead on arrival at the airport.

Civil Service Setting Up Defense Hiring

LOS ANGELES, Sept. 14. (AP) — Emergency plans for hiring by defense agencies in event of war have already been made, James M. Mitchell of the U. S. Civil Service Commission.

He told the National Federation of Federal Employes yesterday that the commission has authorized "emergency - indefinite" appointments "in place of the 'war-service' type which necessitated the suspension of almost the entire body of civil service rules" in the last war.

New Citrus Code Said Aiding The Industry

HOUSTON, Sept. 14. (AP) — Gov. Fuller Warren of Florida credits a new citrus code and frozen concentrates as helping his state's citrus industry.

He told the Texas Citrus and Vegetable Growers Assn. yesterday that the code regulates shipment of inferior fruit.
