Launch Delayed

CAPE KENNEDY, Fla. (AP) — A faulty rocket guidance device has delayed for six days — until July 30 — the launching of a new versatile spacecraft able to stalk hurricanes day and night.

Named ATS 4 for the fourth in a series of applications technology satellites, the camera - carrying craft originally was to blast off Wednesday atop a powerful Atlas - Ventaur rocket.

The National Aeronautics and Space Administration said Monday, however, that a gyroscope package needed to steer the upper stage Centaur in flight failed during qualification tests, and additional time was needed to re - design the unit and conduct more testing.

The 864-pound spacecraft will be aimed for a stationary orbit 22,200 miles over the equator in the Eastern Pacific Ocean. From this lofty height, a new steerable camera can zero in on storms over the United States, South America and areas of the Pacific and tropical Atlantic where hurricanes are born.

Using a sensitive lens able to capture light from the moon and stars reflected off earth, ATS 4's camera will be the first ever launched that can track storms in both daylight and darkness.

Looking like a giant "daddy longlegs," ATS 4 also is to deploy four 123-foot-long booms in space to test a concept that earth's gravity can be used to stabilize an orbiting satellite and make it face this planet at all times.

Today In History

Today is Tuesday, July 23, the 250th day of 1968. There are 161 days left in the year.

Today's highlight in history:

On this date in 1945, French Marshal Henri Philippe Petain was put on trial as a traitor in Paris. He declared: "I sacrificed my prestige for the French people. If I treatied with the enemy, it was to save you."

On this date:

In 1829, William A. Burt of Mount Vernon, Mich., received a patent for a writing machine which may have been the world's first typewriter.

In 1870, a colony of Swedish immigrants settled in New Sweden, Maine.

In 1886, New York saloon owner Steve Brodie gained wide publicity by claiming he had jumped off the Brooklyn bridge.

In 1892, Henry Clay Frick of the Carnegie Steel Co. was shot and stabbed by an anarchist in his Pittsburgh office. Frick recovered from the wounds.

In 1914, Austria presented a series of harsh demands to Serbia after the assassination of the Archduke Francis Ferdinand at Sarajevo. The demands were rejected one day later.

In 1956, Dr. Milton Eisenhower was elected president of Johns Hopkins University in Baltimore.

Ten years ago — Britain's Queen Elizabeth named four women to peerages. They became the first women to sit in the House of Lords.

Five years ago — Cuba seized the U. S. Embassy in Havana in reprisal for United States' freezing of Cuban accounts in U. S. banks.

One year ago — Some 7,000 National Guardsmen were aiding police in Detroit after a night of racial violence. Also, Puerto Rican voters endorsed a continuation of the island's commonwealth status.

TALKS TO BE HELD IN CZECHOSLOVAKIA

Soviets Concede To Czech Demands

PRAGUE (AP) — The Soviet Union conceded to Czechoslovakia's leaders on the site for a meeting to discuss the former satellite's new liberal course and pulled the last of its troops out of Czechoslovakia Monday. But there were ominous reports that Moscow is demanding a strengthening of Czechoslovakia's frontier with West Germany—presumably by a Red Army force.

The Kremlin backed down from its demand for top-level talks on Soviet soil and agreed to send its Communist party politburo to Czechoslovakia for a conference with the Czechoslovak party presidium.

The date and place of the meeting were not announced, but there was speculation it might begin Wednesday or Thursday in Bratislava or Jo-sice.

Agreement on the talks was reached after the last of some 18,500 Russian troops were reported to have withdrawn through the Soviet-Slovak border town of Presov. The Soviet forces had remained in Czechoslovakia after Warsaw Pact maneuvers ended three weeks ago, raising a scare that Moscow might try to reverse the country's liberalization drive by armed force.

Despite the withdrawal, reliable sources in Warsaw said Soviet army combat equipment, including rocket launchers, has been sighted a few miles from Poland's southern border with Czechoslovakia. The sources estimated the equipment was backed up by several thousand men.

Informed sources in Prague said Soviet leaders had sent a new note to the Czechoslovak government contending that the Czechoslovak army is incapable of defending the country's western frontier with Germany and demanding a "solution to this situation."

West German Foreign Minister Willy Brandt told his Cabinet in May that Soviet Bloc nations were pressing for 10,000 to 12,000 more Czechoslovak Communist troops to be stationed permanently in Czechoslovakia.

Coincident with this report, West Germany, the United States and France were reported to have changed plans to hold maneuvers in September three miles from West Germany's border with Czechoslovakia.

7th AF Commander Killed Downed By Ground Fire

STARVING BIAFRANS AWAIT FOOD — Biafran tribal people sit in the market place at Enugu, Biafra awaiting the arrival of food supplies after fighting cut off most of the normal food supply. (AP Wirephoto)

SAIGON (AP) — Maj. Gen. Robert F. Worley, deputy commander of the U.S. 7th Air Force, was killed today when his RF4C photo reconnassance plane was shot down by enemy ground fire 65 miles northwest of Da Nang.

The 48-year-old Worley, who played a prominent role in directing the bombing in North and South Vietnam, was the third general killed in action in the war.

A U.S. 7th Air Force spokesman in Saigon said in a statement:

"He was piloting a photo reconnassance mission when the aircraft was hit by ground fire. The second pilot in the aircraft ejected safely and has been rescued.

"Gen. Worley became 7th Air Force vice commander in July, 1967, and was scheduled to become deputy chief of staff for operations, headquarters Pacific Air Forces Honolulu on Sept. 1."

The spokesman said that Worley was a command pilot qualified to fly the RF4C, a Phantom fighter-bomber changed for photo reconnaissance.

"He had previously flown similar aircraft on combat missions," the spokesman said. "It is not unusual for a general to participate in the flying activity of his command."

The spokesman said that Maj. Gen. Royal N. Baker, assistant chief of staff for plans for the U.S. military command in Saigon, will become deputy commander of the 7th Air Force effective immediately. Baker previously had been named to replace Worley about Aug. 9, when Worley was due to leave Vietnam.

Worley is survived by his widow, the former Bette Lorraine Fury, and five children. He listed his home town as Palm Desert, Calif.

Worley's death came as heavy ground fighting erupted in the northern provinces after a coordinate series of heavy shellings of key American and South Vietnamese military installations.

Troops of the U.S. American Division were in heavy contact with enemy forces 20 miles south of Da Nang, the headquarters for military operations in the five northern provinces. A U.S. spokesman said 60 of the enemy had been killed by late Tuesday afternoon in the fighting around Tam Ky, a provincial capital 20 miles south of Da Nang.

He said fighting was continuing and "enemy casualties are expected to rise."

There was no report of U.S. casualties.

Earlier, the Viet Cong and North Vietnamese hit allied posts in the northern provinces with their heaviest shelling in recent weeks. American casualties were reported light, and damage to aircraft and other facilities negligible to light. Initial reports said four South Vietnamese civilians and two soldiers were killed, and 17 government soldiers were wounded.

Both Parties Sweating Out Labor Woes

MIAMI BEACH, Fla. (AP) — Republicans joined Democrats today in sweating out labor disputes that seriously hampered preparations for both national party nominating conventions.

For the fourth day, pickets marched at the Miami Beach Convention Hall and installation of facilities for the GOP convention remained at a standstill. The GOP meeting is to open Aug. 5.

In Chicago, the Democrats have been faced for some time with the possibility that their Aug. 26 convention might have to be moved out of the city because of a prolonged strike of electrical workers.

Miami Beach was mentioned as the place to go if the move came, because the Democrats could use facilities already set up by the Republicans.

But at Miami Beach, too, the situation was becoming critical.

The International Brotherhood of Electrical Workers posted pickets Saturday, claiming the CBS television network was unfair because it wanted to use a nonunion worker to feed information into a new computerized device which flashes printed matter on TV screens.

Carpenters, steelworkers, air conditioning men and others honored the picket lines Monday, refusing to enter the Miami Beach convention hall to complete work for the convention. Only telephone installers crossed the picket lines.

100 Irate Bees Attack Tree Trimmer

CINCINNATI (AP) — Bees strung a professional tree trimmer Monday more than 100 times on his face and chest as he was trapped in his climbing ropes 35 feet above the ground. Huston Wilhoit, 45, finally escaped by shaking loose of the ropes, climbing down the tree and falling the last 10 feet.

Wilhoit had been removing a limb from a tree. He was reported in fair condition today.

Mrs. Hayley Dies; Rites Pending

Mrs. Bernice Dorothy Hayley, 62, of 1912 Avenue R., died at 9:30 this morning in Cogdell Memorial Hospital. Funeral services are pending at Bolger Funeral Home.

Mrs. Hayley, who managed the Green Stamp Store in Snyder, was born June 25, 1906, in Ft. Worth.

Survivors include one daughter, Mrs. Ruth Rose of Odessa; two sons, Dr. Joe Dorsey of Ft. Bragg, N. C. and Gale Dorsey of Snyder; three sisters, Mrs. Loma de Baun of Lakewood, Calif., and Mrs. Flora Largent of Long Beach, Calif.; and two brothers, M. J. McGregor of Keller, Texas, and C. B. McGregor of Brownwood.

Holdup Unrehearsed

HOLLYWOOD (AP) — The unrehearsed holdup at the 20th Century-Fox Studio business office wasn't an act and the bandit got away with $10,197 Monday.

Aircraft Losses Show Sharp Drop

By BOB HORTON
AP Military Writer

WASHINGTON (AP) — U.S. aircraft losses over North Vietnam have dropped dramatically since President Johnson limited bombing raids to the country's narrow Southern Panhandle.

An Associated Press check of daily military communiques shows 30 U.S. planes listed as shot down over North Vietnam since the President's bombing restrictions went into effect March 31.

By contrast, the United States lost 133 planes during the same time period last year when raids were conducted against most of North Vietnam.

The sharp cut in losses is even more dramatic when it is noted that missions against the North have increased substantially since last year.

U.S. pilots are now flying at the rate of 130 missions per day over the North, compared with 103 per day in 1967 and 65 in 1966.

The following breakdown shows monthly mission totals for 1968 since the bombing curb began, with 1967 mission totals in parenthesis:

April 3,412 (2,925), May 3,593 (3,237), June 3,792 (3,607) and July (first three weeks) 2,723 (3,819).

In addition to the savings in manpower, the lower incidence in lost planes has resulted in a financial benefit.

Adams Rites In Rotan

Funeral services for Thomas Adams, Rotan, were scheduled for 2 p.m. today at the First Baptist Church in Rotan. He was pronounced dead upon arrival at Cogdell Memorial Hospital late Sunday after apparently suffering a heart attack.

Adams was the father of Charles W. Adams, Herman R. Adams, and Mrs. Roy Neves of Snyder.

Other survivors include his wife; three more sons, Thomas C. of Odessa and Troy H. and Gerald N., both of Kermit; five more daughters, Mrs. R. E. Johnson of Abilene, Mrs. James McAlpine and Mrs. Boyce Lay, both of Odessa, Mrs. John D. Hopper of Brownwood and Mrs. Darwyn Metcalf of Tulia; one sister, Mrs. John Duncan of Hillsboro; one half - brother, Bud Snearly of Dumont; 24 grandchildren and four great-grandchildren.

Bids Accepted By School Board

The Snyder School Board of Trustees, meeting in special session Monday afternoon, accepted bids for a new all-weather track and a new surface for the tennis courts at the high school as well as lights for the courts.

The board accepted the apparent low bid of $39,725 for a reslite track and the surface for the tennis courts. The bid was submitted by Vibral Whirl Co. of Panhandle. Other bids received were from Abco Enterprise of Amarillo ($52,225), Counts of Midland ($55,375) and W. D. Caldwell of Big Spring ($49,736).

A bid of $4,969 for lighting for the tennis courts was accepted from Southern Electric Co.

In other action, the board approved repairs on curbing and the street drainage on the east side of the high school. The estimated cost of the project is $1,368. The City will perform the work and be re-imbursed by the School District.

A consolidated application to participate in special school subjects under a federal program also was approved. The application will be sent to Austin. It was pointed out that the subjects already are being taught in the System. The new application, at the request of the state, simply lumps all special subjects except the Head-start Program under one program.

Board members present included Ted Crenwelge, Harold Lacik, Dan Cotton and Kenneth Wilson. Also present were Pat Falls, Doug Flynn, Herb Reed, Skipper Joyce and Frank Taylor.

Solons Endorse Post Office Plea

WASHINGTON (AP) — Three Democratic senators have endorsed the Post Office Department's plea for an exemption from manpower cutbacks it says could lead to four-day residential deliveries and the shutdown of 12,000 branches.

"It is a fact of life that when the post office closes, the town dies," Chairman A. S. (Mike) Monroney of the Senate Post Office Committee said Monday.

"Asinine," was what Ralph Yarborough of Texas labeled the cutbacks, mandated in the recently passed 10% per cent income surtax bill.

Monroney, Yarborough and Wyoming's Gale McGee endorsed the department's request for an exemption as presented to the committee Monday by Postmaster Gen. W. Marvin Watson.

Watson said the cutbacks, affecting all departments and agencies of the government, would be disastrous for the Post Office.

Although he gave no specific date, he said the cutbacks could lead to reducing residential deliveries to four days a week.

He indicated, however, that some already announced reductions in service may not be carried out if Congress shows some encouragement it may exempt the post office.

Reduction of the number of federal workers was demanded by Congress in return for passage of President Johnson's income tax surcharge.

Watson, calling for quick congressional action, noted one service cutback is scheduled to begin this weekend—elimination of most Saturday window service at first and second-class post offices.

He said elimination of Saturday mail delivery to homes is to be achieved by November. This would include parcel post deliveries, he said.

PILOTS AWAIT FREEDOM — Three captured U.S. pilots, wearing dark prisoners' uniforms, stand side-by-side as they hear a North Vietnamese official in Hanoi announce they are to be freed. The three are, from left, Major Fred Thompson, Major James Frederick Low, and Captain Joe Victor Carpenter. (AP Wirephoto)

By ABIGAIL VAN BUREN

DEAR ABBY: I am a woman of 39 years and I weigh 237 pounds. I have weighed this much since I was a teenager, and for the record, I have never had a date. And I mean not one single date! My doctor just told me that I had to lose 100 pounds as my health is in danger.

My problem is this. I recently met a man and we were attracted to each other immediately. He weighs 302 pounds. He says he loves me and he doesn't think I need to lose any weight. So what do you advise?

MAYEBELLE

DEAR MAYEBELLE: I advise you to get this man to a doctor, and together you two should go on a diet. "Getting" a man won't help you much if you can't live to enjoy him—and he can't live to enjoy you. All vanity aside, fat smothers good health.

• • •

DEAR ABBY: This may seem like a petty thing to complain about, but it is really getting me down:

My mother - in - law has the cute little habit of saying, "My son's house, and my son's children, and my son's this and my son's that." Everything is Billy's. Nothing is ever mine.

Yesterday I heard her tell a friend about "Billy's wedding," so I politely corrected her and said, "I beg your pardon, Mother, dear, but MY father paid for the wedding," then she laughed and said, "Yes, but Billy has been paying ever since."

Abby, I am so tired of hearing references to Billy alone as tho he had no wife, I am ready to explode. What can I do?

MARIE

DEAR MARIE: Keep telling yourself that nothing your mother-in-law says will get you down. And repeat it often, or the ulcer you develop will be all yours — not Billy's.

• • •

DEAR ABBY: I am getting married soon, for the second time, and my fiance insists I wear a white wedding gown and veil, just like a real bride. I have tried to tell him I can't do that, but he says I can if I want to, and nobody can stop me.

The first time I wore a skirt and sweater and was married by somebody at the county court house. The whole thing took 5 minutes and I didn't feel like a bride at all. I was divorced a year later.

Is my fiance right, Abby? Has anyone in my circumstances ever had a white wedding?

I would really love it, but I haven't the nerve. Should I?

BRIDE

DEAR BRIDE: If you want to "go by the book," white weddings are reserved for the first time. However, your fiance is right — nobody can stop you. You may come in for a lot of criticism, but if you would really "love" it and your fiance is all for it, suit yourselves.

• • •

CONFIDENTIAL TO "NOT MUCH FOR LOOKS" IN NEW LONDON, CONN.: Keep trying. The plainest man that can convince a woman that he is really in love with her, has done more to make her in love with him than the handsomest man who can produce no such conviction.

• • •

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

FOR ABBY'S BOOKLET, "HOW TO HAVE A LOVELY WEDDING," SEND $1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL., 90069.

Sentences Are Levied

Bobby Garcia entered two guilty pleas in County Court yesterday.

He was handed a 90 - day jail term plus court costs for illegal possession of intoxicating liquor. The offense occurred July 19. The other sentence provides for a $200 fine plus a 20 - day jail term for keeping a bawdy house. The offense occurred July 18. Arrest was made by Sheriff's Authorities.

Garcia also received a $200 fine plus a 90-day jail term and court costs for an offense of illegal sale of intoxicating beverages that occurred Jan. 6. Another charge of aggravated assault on a female Sept. 23, 1967 brought him a 90 day term plus court costs. He had pleaded guilty on the latter two charges earlier and sentence was made final yesterday.

In other action, a charge of aggravated assault against Raymundo Medrano was transferred from District Court to County Court. The offense allegedly occurred July 5, and he will be sentenced later.

Bond of $750 was set on Wilene Hilley after she entered a plea of innocence to a charge of illegal sale of intoxicating liquor. The offense allegedly occurred July 19. Sheriff's Authorities also apprehended Medrano and Hilley.

The first Peace Corps Volunteers were a group that went to Ghana in 1961.

Astronaut Undergoes Surgery

SAN ANTONIO (AP) — Astronaut Michael Collins, veteran spacewalk expert of Gemini 10, undergoes surgery today for a back ailment that already has cost him his spot on the Apollo moon-landing program.

Collins was to be taken to surgery at 8 a.m. today at Wilford Halls Air Force Hospital in San Antonio for removal of an arthritic spur on his spine just before the base of the neck.

Collins, 37, an Air Force lieutenant colonel, was admitted to the hospital Sunday evening.

He was to be the command module pilot on the third manned Apollo mission, scheduled for next year.

Dr. Charles Berry, director of medical research and operations at the Houston Manned Spacecraft Center, said Collins is definitely off the Apollo roster.

His flight status will be determined later. Space officials refused to speculate on whether Collins' ailment removed him from all future spaceflight rosters.

Berry said the growth was discovered after Collins reported altered sensations in his left leg.

Berry said Collins' problems had increased in the past few weeks. X-rays confirmed the presence of the spinal growth. Berry said bone spurs on the spine are fairly common type of thing and theorized that the growth probably came from an old injury.

Collins was in the third group of astronauts, selected in 1963. He flew as pilot with command pilot John Young on the Gemini 10 mission in 1966 and did two stints outside the spacecraft in the three-day flight.

Collins and his wife, the former Patricia Finnegan of Boston, Mass., have three children.

Haskell Firefighters Keep Good Man

HASKELL, Tex. (AP) — When the Haskell Volunteer Fire Department gets a good man, it keeps him.

George Neely recently was re-elected secretary-treasurer for the 20th consecutive yar.

And Fire Chief Tom Watson and Assistant Fire Chief Chester Hodgin were both re-elected for the ninth time.

LIVER TRANSPLANT — Julie Cherie Rodriguez, 2, Pueblo, Colo., has lived one year since she received a transplanted liver, the longest anyone has lived following the delicate surgery. (AP Wirephoto)

City Firemen Answer Two Calls

City Firemen answered two calls yesterday not previously reported.

They went to the Morris Light residence, 2300 Thirty-seventh Street, when a fire occurred in an air conditioner pump motor.

There was considerable damage to a house owned by Curtis Ray Green in a fire that occurred at 2:30 p.m. on Miller Street.

Youth Is Apprehended

City Police apprehended a 12-year-old boy who is suspected of burglarizing the Roosevelt Asberry residence, 3701 Muriel Drive, Monday. They said he made a statement in connection with the theft of 12 Kennedy half dollars from the house. The case was cleared by Patrol Sergeant Ruben Gonzales. The boy told police he forced entry into the house after going to Vacation Bible School with his sisters. He is to report to the Juvenile Officer.

An inch of rain falling evenly on one acre of ground is equivalent to about 27,154 gallons of water, according to hydrologists of the U.S. Geological Survey.

Court Ruling Aids School

AUSTIN (AP) — A "vacant land" decision by the Texas Supreme Court last week will be worth more than $1 million a year to the state school fund, says Atty. Gen. Crawford Martin.

The court ruled that 305 acres in the Athey Oil Field near Fort Stockton were not included in previous surveys and therefore were ungranted state land.

While there are no oil wells on the tract, there are wells on either side of it producing $50,000 worth of gas and oil each month, Martin said Monday.

"Under spacing regulations for the field, it should be possible to drill at least two wells on the land, so its value to the school fund should be in excess of $1 million," Martin said.

C. M. Frost, who discovered the unpatented parcel of land, was plaintiff in the suit. Martin's office joined in the suit on behalf of the state school fund. Defendant was Socony Mobil Oil Co. and others.

Fund For Bullrider

A fund has been started for Leonard (Lynn) Heath of Snyder who is in critical condition in Hendrick Memorial Hospital in Abilene. He was seriously injured by a bull while participating in the rodeo Saturday night.

Heath was taken to Cogdell Memorial hospital, then was transferred to Hendrick, where he is in the intensive care unit.

Donations to the fund may be made at West Texas State Bank, Snyder National Bank, Sallie's Dining Room, and the D. T. Pierce residence at 2812 Avenue W.

HOSPITAL NOTES

Chaplain: Rev. Allen Forbis

ADMISSIONS: Carolyn Stacey, 3757 Highland Dr.; Stephen Botts, 1805 Dorsey; Thelma Withers, 2607 Ave. I; Joel Woodall, 2104 Fortieth; Brenda Ware, Girard; Fallie Horton, 2706 Ave. I.

DISMISSALS: Myrtle Davis, Myrtle Winburn, Bernice Smith, Elijah Green, Mallie Strawn.

Snyderite Receives Recruit Training

Carliss Buck O'Neal, son of Mr. and Mrs. C. B. O'Neal of 805 Twenty - fourth Street, is receiving recruit training in San Diego after having enlisted in the U. S. Navy recently.

O'Neal will undergo nine weeks of training in seamanship, firefighting, rifle marksmanship, leadership and general shipboard duties. Following recruit training he will return home for 14 days of leave before reporting to his next duty station.

O'Neal attended Snyder High School prior to enlisting in the navy.

BIRTHS

Mr. and Mrs. James Stacey, 3757 Highland Dr., are the parents of an 8 lb. 11 oz. baby boy born at 6:05 p.m. July 22.

Mr. and Mrs. Pete White and Mr. and Mrs. Artie Taylor of Dunn visited Mr. and Mrs. Grady White in Abilene Sunday.

Mr. and Mrs. Tommy Jones and Regina of Lubbock visited Mr. and Mrs. Pete White Sunday night.

Unusual Program Slated For Tonight

The music and drama department of the girls summer recreation program will present a Chinese version of "Rip Van Winkle," tonight at 7:30 at the West Elementary School. The public is invited to attend.

There will be no admission charge.

Peach Kuchen

1 cup sifted cake flour
1 teaspoon double - acting baking powder
¼ teaspoon salt
¼ pound (1 stick) butter
½ cup sugar
1 teaspoon grated lemon rind
2 large eggs
1 can (1 pound, 13 ounces) sliced peaches (well drained and dried on paper toweling)
Topping (see below)

Butter inside surface of square cake pan (8 by 8 by 2 inches). On wax paper sift together flour, baking powder and salt. In medium mixing bowl cream butter, sugar and lemon rind. Thoroughly beat in eggs, one at a time. Add about ¼ of flour mixture at a time, beating well after each addition. Turn one-half the batter into prepared cake pan; cover with peaches; spoon over remaining batter, carefully spreading with small spatula; Sprinkle with topping. Bake in preheated 350 degree oven until cake tester inserted in center comes out free of batter — 45 to 50 minutes. Cut in squares in pan; remove with wide spatula; serve warm or reheat. Makes 9 servings.

Topping: Mix together ¼ cup sugar, ½ teaspoon cinnamon and ¼ cup finely chopped pecans or walnuts.

To Greenville CC

WICHITA FALLS (AP) — Monte DeBusk has resigned as manager of the community affairs department of the Wichita Falls Chamber of Commerce to become manager of the Greenville, Tex., chamber.

Russian Cream

1 envelope unflavored gelatin
½ cup cold water
2 containers (each ½ pint) heavy cream
1½ cups sugar
1½ cups commercial sour cream
Fresh raspberries

In a 2 or 2½ quart saucepan sprinkle the gelatin over the cold water; allow to soften for 5 or 10 minutes. Add the heavy cream, then the sugar. With a rubber spatula stir over low heat until gelatin and sugar are dissolved; scrape granules from side of saucepan as you stir. Cool, stirring often. Add sour cream; beat gently to blend so there are no blobs of sour cream. Turn into nine ½-cup metal molds. Chill until set. Unmold and serve with the fresh raspberries — unsweetened because the Russian Cream is sweet. Makes 9 servings. This dessert calls for a minimum amount of gelatin so mold it individually and it will turn out well.

Pastor To California

PARIS, Tex. (AP) — The Rev. Ken Tierce, pastor of Seventh Street Baptist Church in Paris for three and one-half years, has resigned to become pastor of the Calvary Southern Baptist Church at Corona, Calif.

Public Notice

Bids will be received until 10:00 a.m. August 1, 1968 on a 1966 model Chevrolet 36 passenger school bus. Mail bids to W. S. Bruner or W. S. Talley, Fluvanna, Texas. The bus may be seen at the Fluvanna School. The schools reserves the right to accept any or all bids.

WOMEN'S CALENDAR

TUESDAY

B&PW Club meets at Union community center, 7 p.m. with Ella Boothe, hostess.

Toperettes meet at Stanfield cafeteria, 7 p.m. Visitors welcome.

THURSDAY

ABWA meets at 7 p.m. at home of Vondell King, 3000 Thirty-seventh Street for salad supper.

FRIDAY

Friday duplicate bridge at Country Club, 9:30 a.m. Open.

SUNDAY

Duplicate bridge at Country Club, 1:30 p.m. Open.

Green Grapes With Roquefort Spread

8 ounces Roquefort cheese
8 ounces cream cheese
3 tablespoons brandy
Seedless green grapes

While Roquefort is refrigerator - cold and firm, remove wrapping and scrape off any outer covering; allow to stand at room temperature, along with cream cheese, until soft. Into an electric blender turn the brandy; add the Roquefort; blend until combined. Blend in the cream cheese in several additions; use a rubber spatula to stir down (with blender off) as necessary. (Makes 2 cups.) Turn into serving dish set in a larger bowl of crushed ice (to keep spread firm). Serve with clusters of green grapes. Guests will need small plates and knives for topping grapes with cheese spread.

Steelworkers Boss Anxious To Keep Boiling Point Low

By DOUG BAILEY
Associated Press Writer

PITTSBURGH, Pa. (AP) — The United Steelworkers used to be known as a tough-talking, strike-happy union.

In the 13 years between 1946 and 1959, the steelworkers walked out of the mills six times, for periods ranging from 12 hours to four months.

Now it has been almost 10 years since there was a general strike in the steel industry. The union's new president, I. W. Abel, is doing all he can to keep the boiling point of the current contract negotiations low.

The secrecy surrounding the bargaining is the most strict in memory. Even high union officials below the rank of the top five-man committee complain they don't know what's being proposed for the crucial wage-benefits package.

Abel has talked to reporters only three times since industry-wide bargaining began June 3. In the past union and management held news conferences and described each other's positions in less than complimentary terms.

This time Abel has used the most cautious language when he has been in public. Leading questions that give him a chance to knock the industry are sidetracked. A reporter who heard Abel tell a closed meeting, "If strike we must, strike we will"—the closest thing to militancy so far—was later upbraided by the union for publishing it.

Although there is no doubt that Abel will lead his 450,000 men out of the mills if he doesn't get what he wants by Aug. 1, there is also no doubt that he doesn't want to.

It was Abel who backed a proposal for arbitration to avoid the boom-bust pattern of steel production that jars the industry in every contract year. The idea was killed by the rank and file.

At the only meeting of the 600 local union presidents in basic steel, Abel took a great deal of time to explain the problems of imported steel. He pointed out that last year's imports, 11.5 million tons, were greater than the combined output of two of the nation's laggest companies, Republic and Armco.

Translated another way, industry and union spokesmen say last year's foreign steel meant 58,000 fewer jobs for American steelworkers.

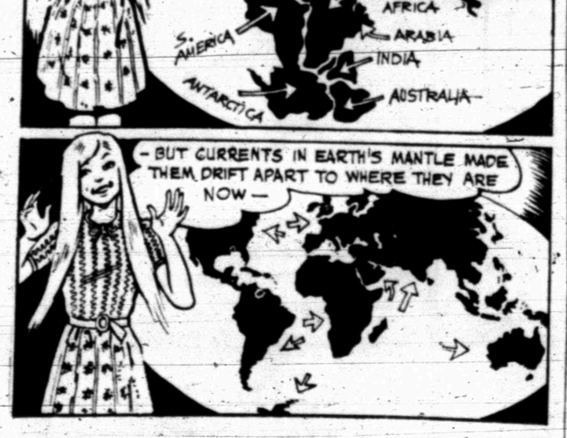

Foreign steelmakers now have an annual excess capacity of 55 million tons—more than half the needs of the American economy. A strike will mean that imported steel will grab new footholds with long-term contracts and cost thousands of jobs. . . and union members.

In addition, when the contract expires next week, American steel consumers will have 36 million tons of steel in their stockpiles, almost four months' supply in normal times.

And a steel strike does not shut down domestic production. The union itself acknowledges that companies with 20 per cent of the nation's steel producing capacity would continue to operate because of separate contracts. A recent study by a Cleveland economist said that, in the four longest steel strikes, the industry continued to cast at 40 per cent of the normal rate.

Those are good reasons to speak softly.

Junior Editors Quiz on CONTINENTS

QUESTION: *Have the continents ever moved?*

* * *

ANSWER: The outer crust of our planet is about 30 miles thick. This includes the granite layer which is the foundation of the continents. Under this, the mantle, about 1800 miles thick, is thought to be made of heavy, hot rock in a plastic or flowing state. About 50 years ago, scientists began to wonder if the continental masses might not have moved or slipped over this mantle layer at one time. In 1963, certain evidence suggested such a possibility. But it was not until 1968 that most scientists began to accept this theory, called continental drift. It is thought that material from the mantle may have welled up through a volcanic ridge going down the middle of the Atlantic. Perhaps, say the geologists, there was once a supercontinent (top picture) which cracked up into pieces. These pieces then were pushed apart by the mantle currents, coming to rest in the familiar relationship in which we see them in the picture below. Don't worry that you'll find America butting into Africa some day, for these earth movements are extremely slow.

(Karen Ryan of Youngstown, O., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper is selected for a prize.)

Jumping To Conclusions With Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Eight out of 10 wives under 40 no longer are able to mend holes in their husband's sox. They simply don't know the art.

Few things make a middle-aged man more aware of the breadth of the generation gap than the realization that probably four out of five of today's youngsters have never ridden in a buggy or seen a blacksmith at work.

Show me a business executive who boasts he regularly puts in a 15-to 16-hour work day and I'll show you a fellow who won't stand up too well in a lie detector test.

One of the nice things about history is that some people seem to have been born at exactly the right time for their genius to flower. Charles Dickens, for example, was quite at home in the leisurely 19th century. If he were alive today, however, he might have to earn his living writing wisecracks for the Chinese fortune cookie industry.

An ideal host is one who doesn't insist on inflicting his home movies on you until he has at least passed the martini pitcher around three times.

Husbands jest at their wives for wasting their time watching televised soap operas, but actually these sudsy epics can have a real educational value. A woman becomes so familiar with the fictional ordeals of her heroes and heroines that when an emergency occurs in her own family life she knows just what steps to take to cope with it. There are few disasters in real life that don't happen over and over again in soap operas.

It sure has been a long time, hasn't it, since you last saw a fireman wearing red suspenders?

No woman ever goes truly content to her grave unless at least once in her career she has found out what it is like to be kissed by a man with a beard.

When you get more than one post card from friends suring their stay at a vacation resort, you can be sure they're having a rainy time.

You can generally win money by betting that the first girl to take off her shoes at a cocktail party will be one of the last to leave.

One of the things that puzzles me is what hatcheck girls live on during the summer months. They don't earn enough in tips to keep a peacock from anemia.

If that racehorse Damascus can earn a million dollars, why don't the rest of us get paid more for running around in circles?

If you're planning on going to heaven later, it might be a good idea now to start visiting your church more often than you see your dentist.

Asks Board For A Cut In Salary

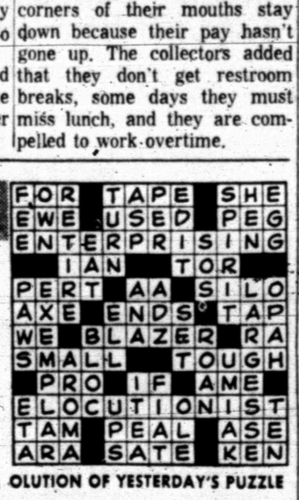

HEATHSVILLE, Va. (AP) — Mrs. Emeline A. Hall, clerk of the Northumberland County Board of Supervisors, asked the board Monday to cut her pay by $600 a year—from $1,800 to $1,200.

She didn't say why, and wouldn't say when asked. The board speedily approved her request.

Toll Takers See No Reason To Smile

ORLANDO, Fla. (AP) — Florida turnpike toll collectors, replying to criticism from Gov. Claude Kirk that they don't smile enough, said Monday the corners of their mouths stay down because their pay hasn't gone up. The collectors added that they don't get restroom breaks, some days they must miss lunch, and they are compelled to work overtime.

Tatum Keeps Sun Kings Out Front

BY THE ASSOCIATED PRESS

El Paso limped out of Little Rock today thanking left fielder Jarcis Tatum for keeping the Sun Kings' five-game series with Arkansas from being a total loss.

Arkansas, the eastern division leader in the Texas League, won the series 3-2 but Tatum was responsible for both Sun King victories, poling long home runs each occasion.

Tatum whacked a two-run homer Monday night to give the San Kings, western division leaders, a 2-0 victory over the Travelers in the second game of a twin bill. The Travelers won the opener 5-1.

Memphis clobbered Albuquerque 6-2, and Dallas-Fort Worth dunked Amarillo 5-1 in other games. San Antonio at Shreveport was rained out.

Tatum homered in the first game of the opener to account for El Paso's only run but a three-run splurge by Arkansas in the bottom of the first put the Travelers in command for good.

Tatum's homer in the second game broke up a scoreless pitching duel between Arkansas' Jerry Reuss and El Paso's Rudy May.

Reuss, the loser, yielded only one other hit, a single by Bill Bethea in the third inning. May got the victory, yielding four hits, but had to have help from reliever Steve Kealy in the last inning.

Memphis was able to dispose of Albuquerque with a five-hit, five-run fireworks display in the seventh inning. The hits included singles by Richard Folkers. Roy Foster, Stu Cann, and Tony Canano and a triple by Joe Campbell.

Dallas-Fort Worth got in its licks in the third, scoring three times on a single by Jim Monin and a sacrifice fly by Paul Doyle. The Spurs took a 1-0 lead in the second inning and never trailed.

'Strategy' Pays Off As Cards Win Again

By DICK COUCH
Associated Press Sports Writer

It's the bottom of the ninth inning and you're two runs down. But you've got two and nobody out and the league's MVP —your clean-up hitter— coming up. So you pinch hit for him. Right?

Right, agreed struggling slugger Orlando Cepeda after pinch hitter Lou Brock's ground single keyed a three - run rally that swept the Cardinals past Philadelphia 5 - 4 in a nationally televised game Monday night.

"It was the right move," said Cepeda, the National League's 1967 MVP, of Manager Red Schoendienst's switch to Brock, which helped the Cardinals open their league lead to 11½ games. "I'm not hitting and Lou is the faster man. You put in the fast man to stay out of the double play.

"And he's the manager."

While the Cardinals were scrambling to their 16th victory in 20 games, the New York Mets trimmed Atlanta 5-2, Houston topped Los Angeles 4-0 and the Chicago Cubs swamped San Francisco 7-2 in other NF action.

Phils southpaw Woody Fryman, backed by Don Lock's three - run homer and Roberto Pena's bases-empty blast, took a 4-2 lead into the ninth at St. Louis. But John Boozer replaced Fryman after Julian Javier's leadoff single and Curt Flood beat out a bunt against the reliever.

Brock, the Cards' hottest hitter in recent weeks, had been given a rest by Schoendienst. But he got the call to bat for Cepeda, who was hitting .264 after going 1-for-3 against Fryman.

The slim speedster bounced a single through the right side, scoring Javier, sending Floodto third and hasing his batting average to .290. Flood scored the tying run and Brock trotted to third on Mike Shannon's one-hop ground-rule double into the right-center field stands and Tim McCarver hit Grant Jackson's first pitch to right for the game-winning sacrifice fly.

Triples by Ron Swoboda and Bud Harrelson and doubles by Ed Kranepool, Jerry Buchek and Art Shamsky triggered the Met's attack at Atlanta while Don Cardwell, 4 - 9, subdued the Braves on five hits.

Kranepool and Buchek slammed two-base hits around Swoboda's sixth-inning triple as the Mets broke a 2-2 deadlock.

Dave Giusti scattered seven hits at Los Angeles as the Astros handed the Dodgers their 18th setback in 21 games this month. Dick Simpson singled and scored the first run in the fifth inning and doubled home another in the sixth. Tom Halle had three of the Dodgers' hits.

The Cubs broke a 2-2 tie in the eighth inning at San Francisco on a two-run pinch double by Willie Smith, then shot beyond reach with a three-run burst in the ninth. Glenn Beckert stroked a single and double, extending his season-high batting streak to 27 games, and Joe Niekro boosted his pitching mark to 9 - 6 with relief help from Phil Regan.

VICTORY TAKEN AWAY — Marilynn Smith, foreground, is consoled by Carol Mann after she was charged with a two-stroke penalty for slow play which cost her first place in the Buckeye Savings Ladies PGA tournament in Cincinnati, Ohio. The penalty made Carol Mann the winner. (AP Wirephoto)

WINS PGA — Julius Boros, winner of the PGA national championship in San Antonio, Texas, reaches to tip his hat after finishing with a winning one-over-par 281. (AP Wirephoto)

Buffs Shade Rebels In 8th Frame, 7-2

The Buffs and Rebels tangled in Towle Park last night to make up a tie ball game in the Junior Teenage League. And, if the Rebs had it all to do over again, they'd probably be willing to settle for the tie since the Buffs pinned a 7-2 setback on them.

The game was closer than the scores indicates with the Buffs pushing across five runs in the extra eighth inning to decide the issue, after each team had scored once in the 1st and 4th frames.

A throwing error let in the first Buff tally in the 1st. Then in their half of the frame, the Rebs countered on singles by Bobby Burleson and Jesse Speer, an error and a walk. The Buffs went ahead again in the 4th on back-to-back singles by David Thompson and William Patterson combined with an error. The Rebs tied it up again on a walk and some smooth base running.

That's the way things rocked along until the 8th frame when the Buffs tallied five runs on an error, three successive doubles by Stewart Sims, Jim Province and David Thompson, another error and a single by Jerry Hardin.

The Rebs threatened in the 5th and 6th frames, but some sharp defensive work by the Buff quashed both threats. With one away in the 5th, Bobby Burleson walked and tried to make it to third on a single by Louis Loyd but was thrown out. The same thing happened to Speer in the 6th after he singled and tried to advance on a single by James Hood.

Stewart Sims was the winning pitcher. Speer went the distance for the Rebs. The Buffs got to him for four of their eight hits in the last inning.

Almond Fires No Hitter

Mickey Almond pitched a no-hitter for the Snyder Clippers in their 5-0 victory over the Snyder Jets at the Senior Teenage League diamond here last Thursday.

Mickey faced only 21 batters fanning eight. Randy Levens paced the Clipper attack with two hits — a triple and a double. Edward Brandon also came through with a double. Singles were contributed by Billy Weaver, Almond and Steve Holder.

The senior loop closes out its regular season schedule tonight with tilts on tap here and in Colorado City.

Pentathlon Tryouts Set For Aug. 14-21

SAN ANTONIO (AP — Some 40 athletes will compete Aug. 14-21 for the four spots on the United States modern pentathlon team that will represent this country in the October Olympic games in Mexico Cty.

The modern pentathlon includes a cross-country horsemanship test, fencing, shooting, a 300-meter swim and 4,000 meter cross-country run.

SPORTS

'Bug' Sends Starr Home

By BOB GREEN
Associated Press Sports Writer

Minnesota Viking fullback Bill Brown is back in camp after a brief absence and Green Bay quarterback Bart Starr is back home—and the Packers hope that will be a brief stay, too.

Starr, who quarterbacked the Packers to the National Football League title and the world championship, worked out briefly at Green Bay Tuesday, then was sent home, apparently suffering form a case of influenza.

There was no indication how long Starr might be out.

Brown, who walked out of the Vikings' training camp at Mankato, Minn., Saturday in an apparent contract dispute, returned to camp, went through two workouts and said he wants to be prepared to play for the Vikings.

General Manager Jim Finks is due in camp today and was expected to talk contract terms with Brown, the team's leading ground gainer.

There were a couple of other notable contract disputes, and one notable agreement.

The agreement involved scrambling Fran Tarkenton and the New York Giants. Quarterback Tarkenton signed a one-year contract estimated at about $60,000.

"I don't care for the security of a long-term contract," Tarkenton said. "They really don't mean a lot. If not, I shouldn't be."

The disputes involved safety Jerry Richardson and the Atlanta Falcons, and defensive tackle Frank Parker and the Pittsburgh Steelers.

Richardson quit the Falcons when his demand for a guarantee that he play at least three games was turned down by Coach Norb Hecker. Richardson, a four-year-man, needs to appear in at least three games to be eligible for the NFL pension plan.

Jr. Nines To Vie Here

The Junior Teenage League closed out its season last night with the champion Buffs to host the District 1 tournament in Towle Park Wednesday through Saturday, July 31 through Aug. 3.

The Buffs will tangle with Colorado City at 7 p.m. Wednesday, July 31, in the opener. Other teams in the tournament include Sweetwater, Kermit and the winner of the McCamey - Rankin tilt.

Sr. Playoff Set Aug. 1

The Snyder Clippers will compete in the District Senior Teenage League Baseball Tournament at Brownwood Aug. 1-2-3. They will play their first game at 6:30 p.m. Thursday, Aug. 1 with Ranger providing the opposition. If they win, then they play a second tilt on the same night, beginning at 9:30 p.m. It is a 3-day double elimination tournament. The state tournament will be held the following weekend in San Angelo.

The Clippers close out the regular season tonight at Colorado City with the Reds providing the opposition. The Snyder Jets also end their slate tonight at home against the Colorado City Blacks.

Wednesday, both local teams will compete in an invitational tourney at Post. The Clippers play at 6:30 p.m. with the Jets to see action at 8:30 p.m.

Swim Team Looks Good At Lubbock

The Scurry County Boy's Club swimming team gave a good account of itself at the Meet in Lubbock last Saturday, although the competition was fierce.

David Tyrone swam a 26.6 in the 50 meter free style to take the only first place for Snyder. He went on to place fifth in both the 100 freestyle and 100 meter backstroke events.

Snyder had only 12 swimmers compared with 30 and 40 members for the other teams. Snyder placed third in the 200 meter medley and freestyle relays. The medley group included David Tyrone, John Dulaney, Dwaine Riggs and Danny Martin. Tommy Gardner appeared in the freestyle distance race.

The Boy's Club team had one first, two thirds, three fifths, one sixth, five sevenths, five eighths, three ninths, one 10th, one 12th, one 13th, one 14th, two 15ths, three 16ths, one 17th and one 18th.

Bob Kissire, coach and club director, said the team did well considering the lack of depth. There were 16 to 36 participants in each event. One boy who placed first in his heat only managed to place 16th in the finals of the 50 meter freestyle and backstroke events.

The swimming team will go to Pharr July 28-29-30 to compete against teams from Arkansas, Louisiana, Oklahoma and Texas. Winners in each individual event will be sent to Knoxville, Tenn. with all expenses paid to compete in the National Junior Olympics.

Pirates In League Play

The Snyder Pirates, a local mens softball team, will compete in the second half of regular league play in Sweetwater, playing their second tilt at 8:15 p.m. tonight with the Sweetwater Air Base Hawks providing the opposition.

The Pirates rapped a Sweetwater team 9-7 last Thursday night with Robert Prescott, manager, pitching a 3-hitter. He also hit a grand slam homer. Paul Graves knocked one over the fence for Snyder.

All league games will be held on the softball field in Sweetwater.

Lonborg Gets First Victory

By HERSCHEL NISSENSON
Associated Press Sports Writer

Dick Williams had to pinch himself to make sure he was awake but the Boston Red Sox hope it was the start of another Impossible Dream.

The occasion was the first victory of the season Monday night for right-hander Jim Lonborg, who pitched Boston to their 100-to-1 shot American League pennant a year ago by winning 22 games and the Cy Young Award.

Lonborg missed almost two months of the season following surgery on a knee he injured while skiing last winter. He had lost three times this season but hurled six strong innings allowing only one hit in Boston's 7-6 triumph over the New York Yankees.

Elsewhere, Cleveland climbed into second place with a 7-3 victory over Baltimore, California outlasted Minnesota 6-5 and Oakland trimmed the Chicago White Sox 4-0. Detroit and Washington were not scheduled.

"This is what we've been waiting for," exulted Manager Williams after Lonborg's encouraging performance pulled the fourth-place Red Sox to within nine games of front-running Detroit. "If there are no side effects, and we don't expect any, he is in the rotation now. He'll make his next start Friday in Washington."

It was only the third start for Lonborg, who had worked only 12 innings while compiling an 0-3 record. He was wild, walking eight and hitting a batter, but allowed only a first-inning single by Roy White. Three walks brought White home for the only run off Lonborg.

Boston piled up a 7-1 lead before the Yankees rallied with two in the eighth and three in the ninth.

Cleveland jumped on Baltimore rookie Mike Adamson for four runs in the first three innings and walloped the Orioles. It was the first appearance of the season for Adamson, called up because three Baltimore hurlers are on reserve duty.

The Indians, who trail Detroit by five games, got a run in the first on Duke Sims' RBI single. A triple by Dave Nelson highlighted the two-run second. Lou Johnson belted a two-run homer in the fifth after the Orioles had pulled to within 4-3.

Rokie Andy Messersmith won his first big league game in relief and Aurelio Rodrigue and Orlando McFarlane combined to drive in five runs in California's squeaker over Minnesota.

The Angels built up a 6-1 lead after three innings but Bobby Locke and Tom Burgmeier had to put down threats in the final two innings as the Twins rallied.

Jim "Catfish" Hunter stopped the White Sox on six hits and got home run support from Dave Duncan and Reggie Jackson in Oakland's triumph. It was the second shutout for Hunter, whose other one was the perfect game he fired against Minnesota on May 8.

Hoyt Wilhelm, Chicago's 45-year-old knuckleballer, made the 906th appearance of his career, tying the record of Cy Young, which had stood since 1911. However, Jackson slugged Wilhelm's second pitch for his 17th homer. Dave Duncan hit a two-run homer in the second.

A crowd of 30,818 attended the sixth of nine American League games the White Sox will play in Milwaukee this season.

Clean and Dri Acts Fast!
TO REMOVE OIL, GREASE AND MOISTURE FROM GARAGE FLOORS, DRIVEWAYS AND KITCHEN FLOORS.
Clean and Dri is superior to all other oil absorbants because you can leave it on the floor all day or in minutes after it is applied it can be swept up. It leaves a clean and dry floor. Clean and Dri actually is so thirsty it pulls oil and moisture out of old, oil soaked concrete. After repeated applications it will bleach the concrete to a sparkling new look.

EMPLOYMENT E

HELP WANTED MALE E-1

WE NEED two ambitious young men (25 to 35) to relocate in the North Texas area and train as managers in America's largest fast food service. The work is demanding and the hours are long. If you are looking for a "Cinderella" type job—please do not apply. However, if you have a burning desire to get ahead and you are willing to work, we have an unusual opportunity to offer you.
Mr Sam Talkington will interview applicants all day Wednesday and Thursday, July 24 and 25 at the Holiday Inn in Big Spring, Texas. Please check at the desk anytime for appointment.

HELP WANTED FEMALE E-2

NEED EXPERIENCED beauty operator. Apply Art Style Beauty Salon, Ave. S & 35th St. Call 573-6221 or 573-5748 after 7:00 p.m.

EXTRA INCOME

Is waiting for you as a Fullerette, servicing established Fuller Brush customers. $2 and up average hourly earnings. Full or part-time. Protected customers route. No experience necessary.

F. Clark, president of the Chamber of Commerce; Pat Huggins, district representative for Firestone; Mayor Bobby McCormick; Karl Mawhorter, manager of the Chamber of Commerce, and, City Manager L. A. (George) Patterson.

Interest Rate Up On Home Loans

By JOSEPH R. COYNE
Associated Press Writer

WASHINGTON (AP) — Interest rates on conventional home loans rose sharply during June, climbing to almost 7 per cent for the first time in history.

The Federal Home Loan Bank Board said today the average interest rate on conventional loans for new houses jumped to 6.88 per cent during June while the rate on existing houses went to 6.97 per cent.

The board blamed both the tight credit conditions in the economy and recent increases in the ceilings fixed by states on maxinum interest charges.

June marked the fifth straight monthly rise in the conventional rate for new houses. The rate on existing houses has risen every month for the last year.

In the 18 major metropolitan areas included in the Board's survey, the rates on new homes ranged from 6.18 per cent in New York City to 7.42 per cent in Dallas.

Rates were above 7 per cent for new houses in 10 of the 18 areas.

The National Association of Home Builders, which made its own survey several weeks ago, said there are signs of interest rates leveling off at their June records.

The federal survey does not include interest rates on home loans insured by the Federal Housing Administration or guaranteed by the Veterans Administration which are now fixed by regulation at 6.75 per cent.

The June levels compared with an average 6.69 per cent rate during May for new houses and a 6.81 per cent rate on existing houses.

With initial fees and charges figured in, the board said the average rate on new houses during June was 7.03 per cent for new houses and 7.12 per cent on existing houses.

Collects Fire Data

WICHITA FALLS, Tex. (AP) — Jack W. Moss of Wichita Falls grew up with fire on the brain.

His interest was first aroused when he listened to his father, W. J. Moss, discuss his activities as assistant chief of the McKinney, Tex., Volunteer Fire Department.

Moss and his two sons, Bill, 15, and Ronnie, 13, have constructed many models of fire-fighting equipment that dates as far back as 1850. Also, he has collected fire marks which indicate which buildings are insured against fire by a particular firm.

While traveling as a representative of a manufacturing firm here, Moss has photographed practically every model of fire engine manufactured. During a visit to England, he made a study of British fire fighting equipment.

Recently, Moss put a portion of his collection on exhibit at the Wichita Falls Museum and Art Center.

Soil Conservationist Moves To Temple

KNOX CITY, Tex. (AP) — Arnold Davis, manager of the Soil Conservation Service's James E. "Bud" Smith Plant Materials Center here, has been transferred to the Soil Conservation Service office at Temple.

He is plant materials specialist at Temple. Howard Carleton will be in charge of the center at Knox City.

Central Tire Opens In New Location

Central Tire Service had its official grand opening in its spacious new building at 1510 Twenty - fifth Street yesterday afternoon with Mayor Bobby McCormick and Chamber of Commerce President H. F. Clark participating in ribbon - cutting ceremonies.

Also present for the occasion were Stanley Noah, the owner, and his son, Morris, who is a salesman for the firm. Others present were L. A. (George) Patterson, city manager; Pat Huggins, district representative for Firestone; and, Karl Mawhorter, manager of the Chamber of Commerce.

Visitors at the event enjoyed coffee and doughnuts and heard about a big tire sale now in progress at Central Tire.

The huge building, constructed by Wadleigh Construction Co., has about 8,500 square feet of floor space. "We've got all kinds of tires for all kinds of vehicles," said Noah, the owner.

His son, Morris, started work at Central Tire at the age of 11, trimming recaps and painting them. He worked every summer, mounting tires and fixing flats in the service department. After college and three years in Germany in the service, he worked on a wholesale route within a 50 mile radius of Snyder for two years. Presently, Morris is a salesman in the new store.

Abilene To Host Agents

The annual meeting of the Texas County Agricultural Agents Association is scheduled for Aug. 4-6 in Abilene. Some 350 county agents from over the state are expected.

The "Distinguished Service Award," the highest honor given by the National County Agricultural Agents Association, will be presented to the following county agricultural agents: Henry F. New, Guadalupe County; Paul D. Herschler, Hopkins County; Neal Tibbets, Cooke County; John B. Talcott, Webb County; Mitchell H. Brown, Jr., Limestone County; Billy E. Roach, Scurry County; and Ivan C. Millican, Andrews County.

Six of the state's outstanding agricultural leaders wil be honored as "Men of the Year in Texas Agriculture." Included in this group is J. B. Cooper of Roscoe.

Rites Today For Ex-Snyder Teacher

Funeral services for Miss Sue McKeown, 86, are to be held at 5 p.m. today in the Kinney Funeral Home Chapel in Stamford. She died Monday in the Stamford Memorial Hospital following an illness of four days.

Miss McKeown was a retired school teacher, having taught at Snyder and Avoca.

Survivors include one nephew, Jack Garner.

TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — I just air - conditioned my house on my doctor's recommendation. Can I deduct this as a medical expense next year?

A — A part of the cost of the air - conditioning may be considered a medical expense if your doctor recommended it for the treatment of a specific condition or illness. You should obtain a statement from your doctor to this effect and keep it with your tax records.

If the air - conditioning has been recommended by your doctor, then you should calculate what its installation has added to the value of your house. The cost of the air-conditioning in excess of this increase may then be added to your other medical expenses.

Q — I was interviewed by a company that offered me a job. Must I include as income the money they gave me as reimbursement for my travel expenses to and from the interview?

A — No, generally, this does not have to be declared as income unless the money received exceeded your actual expenses in making the trip. In that case, the excess should be reported as income when you file your 1968 return.

Q — We gave away a lot of furniture, books and clothing when we moved this spring. Is there any deduction we can take on those items?

A — If you give such items to a charitable organiation, then you are allowed to deduct their fair market value at the time of the gift. Obtain a statement from the organization describing the item so that you will have a record of the donation for tax purposes.

Q — I just bought a truck for my dry cleaning business. Do I have to pay the highway use tax?

A — Whether a truck is taxable depends on its type and weight. Details are contained in Publication No. 349, "Federal Use Tax on Trucks, Truck - Tractors and Buses." Send a post card to your district office for a free copy.

Q — My daughter has a partial scholarship for college. Will she have to count this as income for tax purposes and will it affect our dependency exemption for her?

A — Income from scholarships is generally not taxable, and does not have to be included by parents in determining a student's total support. So unless your daughter's scholarship has some special feature it should not affect the tax situation of either of you.

Q — I had to pay a penalty on my mortgage when I sold my house because it was paid off early. Is there any deduction for that?

A — The penalty for paying off a mortgage before the due date is considered an interest charge and should be included with your other interest payments. It is not a selling cost on your old house.

Q — I just paid the balance on my 1967 taxes and now you've sent me another bill for the same amount. What should I do?

A — Return the bill to the service center indicating when and where you made the payment. This will stop the issuance of any further bills on your account while an effort is made to locate your payment. Within 30 days you should be notified by the service center that your payment either has been credited to your account or that we are unable to locate it. If the payment cannot be located you will be advised what to do next.

Q — I support my mother. Can I claim two exemptions for her since she just turned 65?

A — No. You are only entitled to one exemption for your mother when she qualifies as your dependent. Her age does not give you an extra exemption. The extra exemption for age may be taken only on a taxpayer's own return when he or his wife is 65 or over.

Should Be A Law On Drunk Swimmers

CHICAGO (AP) — Coroner Andrew J. Toman said Monday that many people who drown in Lake Michigan apparently were intoxicated when they entered the water.

In nearly all of the adult drowning cases in the lake, Toman said, there was a high percentage of alcohol in the blood of the victims.

"Perhaps there should be a law against drunken swimming as well as drunken driving," Toman said.

A BARGAIN ON A CAR

LES FRANCIS CHEVROLET

Their future, yours and ours

Their future holds great promise. It is also threatened by problems . . . problems which challenge all of us and must be solved if today's children are to have the opportunity to grow up in a world where they can realize their hopes and ambitions.

The problems are of concern to us all. And we at Texas Electric Service Company recognize that we have responsibilities beyond our day-to-day obligation of providing good electric service.

We recognize that we – as a company and as individuals – must be part of the community effort to provide an atmosphere in which each man can work with dignity and decently house and educate his children. This must be an atmosphere which also encourages law and order, a high standard of morality and good will among all races and creeds.

The people of our company through the years have enjoyed the satisfaction of work with youth organizations, in various educational efforts, in their churches and in assisting with programs and projects in civic organizations and community development groups.

As a company, we want to be part of the community effort to solve local and area problems as they arise, or are anticipated, and to help develop the local economy. We expect to carry out our company's citizenship responsibility to help build for the future of this area . . . and its young people.

This is our home, too.

TAKEN TO ALGERIA

Israeli Jet Hijacked

By HAL MCCLURE
Associated Press Writer

TEL AVIV (AP) — An Israeli jetliner with 48 persons on board was hijacked over the Mediterranean today and forced to land in Arab Algeria. Israel immediately asked U.N. Secretary U Thant to help obtain the plane's release.

An El Al Airlines spokesman said the pilot radioed an hour after taking off from Rome that an armed passenger had forced the pilot to divert from the scheduled route to Tel Aviv.

Among the 38 passengers was a Brooklyn woman, Mrs. Rena Tsuriel, 27.

The Israel Embassy in Rome said there were no important Israelis aboard. It said eight of the passengers were Israelis and the others of various nationalities.

The Italian Embassy in Algiers said it was told the nine Italian passengers would be free to leave Algeria. They included seven Roman Catholic priests on a pilgrimage to the Holy Land.

One source said two armed Palestine refugees broke into the captain's compartment and took over the plane.

A spokesman in the Defense Ministry said the possibilty of Arab saboteurs being responsible for the incident was not ruled out.

The Boeing 707 was the first Israel airliner ever hijacked and was the first time an Israeli commercial plane was forced to land in an Arab country.

The last serious international incident involving an El Al plane took place 15 years ago when Bulgarian gunners shot one down.

Newsmen at the Algiers airport could see no sign of the plane, but it was possible it was hidden in a hangar or at a military field.

Algerian officials refused to discuss the incident.

Algeria declared a state of war with Israel during last year's six-day war, and this has never been officially ended. Diplomatic relations between the two countries are nonexistent, and no nation is charged with representing Israeli interests in Algeria.

Clarendon Murder Charge Filed

CLARENDON, Tex. (AP) — Murder with malice charges have been filed against Clyde Gilbreath, 60, a Clarendon building contractor, in connection with the fatal shooting of Dist. Atty. John R. Gillham.

Gillham was shot five times with a 30-30 rifle Monday afternoon as he emerged from his office near the Donley County courthouse.

Clarendon Police Chief Gary Gerdes said Gillham, who was representing Gilbreath's wife in a divorce case, was shot twice in the back, twice in the front and a fifth time as he fell to the ground.

Gillham, in his late 50s, was district attorney for the 100th Judicial District.

About 10 persons, including the assallant's 17-year-old son, witnessed the shooting. The youth grabbed his father and held him until Sheriff Bill Corne arrived.

Gilbreath was ordered held without bond by Dist. Judge Charles Reynolds.

Win Settlement In Party Line Case

LOS ANGELES (AP) — Claiming a neighbor didn't relinquish the party line when he tried to make an emergency phone call, a suburban Granada Hills man and wife have been awarded $1,500 in a Superior Court suit.

Robert F. Steffan and his wife said they attempted to call the fire department on Aug. 6, 1965, but that someone in the household of John G. Crawford, a mail carrier, didn't get off the line.

The Steffans filed a $37,200 suit but agreed Monday to a settlement. Steffan said the fire caused extensive damage to his garage.

Coffee Break Silent Affair With Talk In Sign Language

By DON REEDER
Associated Press jwriter

KANSAS CITY (AP) — The coffee breaks are unusually quiet affairs in one of the local offices of the Army Corps of Engineers.

That's because many of the 17 employes are clustered in a corner talking in sign language.

Johnny M. Miller is a deaf mute and has to talk with his hands, but the others are learning so they can communicate with Miller.

"It just sort of happened," said Derald Sarratt, unit supervisor.

"Actually, sign language isn't as difficult as I thought it would be. We're still slow at it, of course, but we're learning."

Miller, a husky 25-year-old graduate of the Missouri School for the Deaf at Fulton, came to the engineering office this spring. He's a cartographic draftsman and etches maps on film for reproduction, a process called scribing.

At first others in the office communicated with Miller by writing notes.

"Then one day I noticed he had a book that looked interesting, and I asked him about it," said Linda Farr, a petite 20-year-old coworker.

"I got tired of writing notes, and anyway my writing isn't the easiest thing to read. So he showed me this card with the alphabet in sign language. I finally got the nerve to try it, and pretty soon the others were doing it, too."

The others say Linda is the best in the office at sign language—besides Miller—but she claims she's still clumsy.

From simple alphabetical signs, the government employes are progressing to hand symbols which translate into words or phrases.

By now most of the office force can ask Miller simple questions and give brief replies to his queries. Carl Moore and Willie Godfrey at nearby desks even try an occasional joke in sign language.

"It's unbelievable that the whole unit is making such an effort," Miller wrote in reply to a question. "Usually you'll find maybe one or two interested—but not everyone."

Liz Taylor Recuperating

LONDON (AP) — Surrounded by roses and champagne, Elizabeth Taylor perked up in the hospital today and though in some postoperative pain already was thinking about a new film.

"Yes, indeed," said her agent, Bernard Hunter. "She will definitely be making a new film later this year."

The 36-year-old star was reported recovering rapidly from a partial hysterectomy two days ago made necessary by fibrous growth. Her press secretary said there was "no suspicion of cancer."

A spokesman said Miss Taylor spent a comfortable night and her condition is satisfactory.

"She is feeling miserable but that's only to be expected under the circumstances," said Richard Hanley, her private secretary.

The operation Sunday ended Miss Taylor's ability to have children.

Now 36, she is the mother of two sons and a daughter and also has an adopted daughter. Her fifth husband, Richard Burton, has two daughters by a previous marriage, but he and Miss Taylor have had no children together.

SHS Student Studies At Kansas U.

LAWRENCE, Kan. — Jamie Marie Stehley, daughter of Mr. and Mrs. James M. Stehley, 2304 Forty - first Street, is among the 102 high school students in the science and mathematics division of the Midwestern Music and Art Camp at the University of Kansas June 16 through July 28. She is specializing in chemistry and combinatorial topology.

Most participants will be high school seniors in the fall. They were selected from more than 500 applicants on the basis of grades and standardized test scores. Partial financing of the program is by a grant from the National Science Foundation.

The first week was given to lectures and laboratory sessions for each of nine courses of study offered. In the second week each science and math camper chose two fields for intensive study during the remainder of the camp. Campers spend four hours daily, five days a week in class. They are housed in air conditioned dormitories.

Courses offered in the science and mathematics division are microbiology, physics, physiology, chemistry, elementary number theory, combinatorial topology, radiation biophysics, botany and sociology. Instruction at the camp is not designed to duplicate material covered in high school and college freshman courses, but is structured to stimulate students interested in science and math, according to Dr. Richard Middaugh, K. U. chemistry professor and division director.

The Music and Art Camp, now in its 31st season, has more than 2,800 high school students from all 50 states in its 10 divisions. The other divisions are music, art, ballet, journalism, speech and debate, Latin, German, French and Spanish.

Mini Sense Of Humor

GREAT FALLS, Mont. (AP) — A man in a Great Falls cafe saw a woman enter wearing a miniskirt.

"What happened to the rest of it?" he asked. The woman hit him on the head with her purse.
