"It's a lonely town" can surely be said of both Earth and Springlake, following the departure of our super-duper Wolverine team for Plainview Saturday night where they will tangle with the Petersburg Buffaloes for the Bi-District title.

Hardly anyone is expected to remain at home as this is the first time in the history of Earth or Springlake that a football holiday has been proclaimed. However, on this occasion, Mayors, Marshall Kelley and Floyd Crawford have jointly proclaimed Saturday as "Beat Petersburg Day" and most of the stores in both Earth and Springlake will close at 7 P.M. in order that businessmen and their employees alike may attend the big game.

Wolverine fans are expected to turn out almost 100% to boost the fine Wolverine team to victory over Petersburg.

Since the hunting season has officially opened and is in full swing, I feel it is quite in order to mention the hunting exposition the Harold Britton family had recently. This experience is somewhat unique in its entirety, and is very rare except in families who have young boys, who are fond of strange animals, such as bugs, beetles, lizards, horned toads, and snakes for pets. (You know the type of normal, red blooded American boy, who can go out in the yard for a few minutes and come in with a box full of beetles, worms, butterflies, grasshoppers, etc.)

Seems Brian, the youngest of the Britton family, and the only boy, found a pretty little snake, about 8 inches long, which he immediately took a yen for, captured it, and provided adequate housing and untold comforts as a No. 1 companion to have share his bedroom in a nice box of dirt and grass. The snake provided interesting hours of play for the youngster. Then, one day, while he was hauling it with his tractor and trailer, in the front room, and while mama Louanne was away at the Britton's station, working on the books, the little snake, being sleepy, for it was long past his time to hibernate, so, when Brian left his tractor for a trip to the kitchen and the cookie jar, the snake skedaddled about that time Brian let out a howl. The Britton girls tried frantically to find the pet, without success. A call to mama produced an added attempt to find the pet inside and around the cushions of the divan and chairs. This did not produce the snake.

When Louanne returned home, they began a hunt that would have turned up that needle in a haystack. Everything was removed from closets, every nook and cranny in the house was investigated, but to no avail. The poor tired family trudged into the night hours in their search. Finally from sheer exhaustion, they lay down with visions of the snake crawling forth in the spring, from its winter months of hibernation, fully grown. There was light sleep for mama that night.

However, in the morning, when everyone was off to school, and the house was at last quiet, there was the little snake, stretched out on the floor, near a window, where he had crawled to bask in the warm sunlight.

Speaking of hunting expositions, our "great white hunter" (Polly Junior) came dragging home about noon Monday, looking worn and tattered from a Safari, deep into the wilderness of Pala Duro Canyon.

Her adventure began Friday when she drove up near Happy, to the Parker Ranch, to renew an old friendship, dating back to the happy fifth grade days in Ada, Oklahoma. She had of course, seen Pat Ralls, (Mrs. Jerry Parker) on several occasions since then, as her family, the Sid Ralls, had moved from Ada to Lubbock about five months before the Middleton clan invaded Texas in 1954. However, the two girls hadn't been together since '59 and Polly had never met Pat's children and husband.

Arriving at the Parkers, Polly found they had planned an exciting weekend, including a deer hunt. This was a first for Polly, who had never been on a deer hunting trip in her life. However, on this great expedition she gained herself a nickname, around the Middleton homestead she is referred

Wolverines Battle Petersburg at Plainview Saturday for Bi-District

By: Don Watkins

Springlake's mighty Wolverines take on the Buffaloes of Petersburg Saturday night in the first bi-district football game for Springlake in over a decade. Not since the era of Coley Huffman and Roy Simmons has such an impressive aggregation of Wolverines taken the field to do battle with a worthy foe.

In a game to be played in Bull Dog Stadium in Plainview, at 8:00 p.m., fans are sure to be treated to all that the game of football holds dear, since each team has lost only one game, each to a powerful club.

Petersburg will be out to retain the coveted state championship won at the expense of George West last year. The Wolverines should be out to avenge the pushing around the Buffaloes gave them during a pre-season scrimmage. And, a Springlake Victory would be a first "bi-district" win in the history of the school.

It all adds up to a rock 'n' sock 'em bang up football festival of hard hitting charges and high flying leather spheres. Two common opponents have been met. Petersburg defeated Kress 35 to 7 and Idaho turned the tables on the Buffaloes seven to six. Springlake fared slightly better, defeating Kress 35 to 0 and upsetting Idaho 22 to 19.

Competing scores, however, can be dangerous. It is better to look at the rosters and experience, although this too, can be hazardous. Our local supporters know of Gregory, Dawson, Patterson, Sanders, Mitchell, Triana, and the rest. We are certainly not slighting them. Indeed, we are praising them. They have done a magnificent job this year, as they did last year. But, a look at the Buffaloes of Petersburg is undoubtedly of interest to the local fans. The list and their experience follows:

Petersburg Defensive Starters

#74- Mack Lane- 230 lbs. Defensive specialist- slowest man on defense. Hits hard, real hard to block, has good initial movements but is lazy, but a good tackler.

#75- Jerry Harris 187 lbs. Moves quick, tackles hard, good competitor.

#72 Mike Shelton 173 lbs. Fair speed, hits quickly, pursues well, tough competitor, hard man to block.

#80 Lupe Canales 175 lbs. Freshman with little experience, will hit you quick and hard, fair tackler.

#83 Allan Underwood 170 lbs. Good tackler, good speed, will try hard to get a shot at ball carrier.

#66 Duane Green 169 lbs. Moves well, tackles hard, is in on almost all tackles, has good pursuit, has good speed.

#27 Fud Robertson 170 lbs. Loves to play defense, moves well, tackles hard, has real good pursuit.

#22 Kenneth Senter 151 lbs. Average man on pass defense, hits hard, good speed, and has quick movements.

#30 Jim Fox 154 lbs. Average man on pass defense, moves good, has good speed and tackles hard.

#11 Mike Lloyd 153 lbs. Good pass defender, has good speed, fastest man in secondary has good desire, and receives all deep punts.

#19 Jesse Canales 135 lbs. Fair pass defender, good speed, hits hard.

All secondary men play zone defense, the forward line will hit you quick.

Petersburg Offensive Starters L. E. #83 Alan Underwood 170 lbs. Fair blocker, moves quickly, fair speed, average pass receiver.

L. T. #73 Sidney Alford 158 lbs. Fair blocker, good speed, moves well.

WOLVERINE SENIOR CO-CAPTAINS and Coach Mahan are jubilant after winning the District 3-A trophy and title. Shown in the above picture, left to right are: Danny Byers, Coach Jodie Mahan, Thomas Gregory, and John Patterson.

L. G. #60 David Scarborough 150 lbs. Will hit you hard, good blocker, moves well.
C. #51 Joe Bob Mayo 150 lbs. Poorest blocker out team but will stay after you. Fair speed. Lots of desire.
R. G. #66 Duane Greene 160 lbs. Moves very quickly with real good speed. Lots of desire. He will hit you hard, good blocker.

R. T. #72 Mike Shelton 173 lbs. Good blocker, good speed, will block you hard, likes to hit people, moves well.

R. E. #81 Jack Scarborough 170 lbs. Fair speed, average blocker, moves well, good receiver, injured knee early in game but will be ready Friday.

Q. B. #11 Mike Lloyd 152 lbs. Good ball handler, excellent runner, punter, and passer; better than average speed real hard to tackle, and a smart QB. The team leader, dangerous on outside belly series, will keep the ball and likes to run with the ball. When pressure is applied to him he will give up a pass and try to run with it.

F. B. #27 Fud Robertson 170 lbs. Good speed, moves well, and a good blocker.

170 lbs. Hits hard, runs low, good speed, fakes well, and a good all around competitor.
H. B. #19 Jesse Canales 135 lbs. Good speed, can pass ball accurate and hard if he is called upon to do so, good movements.

H. B. #30 Jim Fox 154 lbs. Good blocker, good speed, has desire, and will hit hard. Carried the ball very few times.

After seeing the roster of the Buffaloes, our man has a basis on which to make a choice. Our choice of course is the mighty Wolverines. But, regardless of the outcome, it is sure to be remembered as one of the finest years for football in Springlake in a long, long time.

Carroll McDonald enjoyed quail-hunting last weekend.

Mrs. Nora Ruby returned recently from a visit with her daughters in Denison and Breckinridge. Her two grandchildren, Mel Don and Monna Dee Truelock, from Lake Texoma returned home with her.

Local Man Receives Cuts And Lacerations

Deputy Sheriff, Tom Finley reported several arrests, drunks, and disturbances of the peace during the last week.

On Sunday afternoon at approximately 3:00 p.m., near the home of Carnell Fry (at the rear of the Piggly-Wiggly's), Henry Ruiz, 17, of Earth, and Albert Romeriz, of Sunnyside were arrested, when they attempted cutting and stabbing Fry.

The trouble began Saturday night when David Duran, 17, of Earth was drunk and causing a disturbance in the yard of Carnell Fry. Fry ask him to leave, which he did. The following day, Duran, Ruiz, and Romeriz returned to the home of Fry, and began making trouble. When Deputy Sheriff Finley and City Marshall Hazlett were summoned to the home, the three boys had left the Fry residence. Following a two hours search, the law officials finally located one at his home, and the other, in town.

The two, Ruiz and Romeriz, were charged with "assault with intent to murder," and were placed in the County Jail in Littlefield. Duran was charged by the City Corporate Court for trespassing.

Fry received several cuts and lacerations that required stitches about the head. He was taken to the Earth Family Clinic, where he was released later that day.

Earth Auto Parts Has New Manager

Bernie Tyler of Brownfield, assumed his new position as manager of Earth Auto Parts Monday morning.

Tyler, his wife Edith, and children, Arnold, 17, and Linda, 16, plan to reside in Earth as soon as housing is available. Also his mother, Mrs. Troy Wright, plans to accompany the family here.

From 1954 to 1959, he was a Missionary in Cuba in an under-nominational capacity. He remarked, "Earth looks like a nice little town. I have always lived in larger towns, but I believe I will like it here."

Coming from Brownfield, where he was a part's man with the Bowman Olds-Cadillac-Pontiac Company, he has had years of experience in parts.

Earth welcomes him; also Gary Kelley, who has replaced Roy Sawyer, as part's man.

SATURDAY IS BEAT PETERSBURG DAY

"Beat Petersburg Day," Saturday, November 21, was proclaimed by Earth Mayor, M. E. Kelley, and Springlake Mayor, Floyd Crawford, when the majority of the stores are expected to close at 7:00 p.m., and proceed to Plainview, where the Springlake Wolverines will challenge the Petersburg Buffaloes in the Bi-District game at 8:00 p.m.

Enthusiasm is running high, as both towns, in admiration of their Springlake High School team, plan to support the boys with their presence at the game. Very few people will be in town Saturday night, it will be Plainview or else!!!

This is the first time that such a day has been proclaimed in Earth. A pep rally at High School will trigger the excitement Friday.

Saturday afternoon, at the school, preceding the 5 p.m. time of departure of the Wolverines for Plainview, a giant pep rally will be staged by the Women's Athletic Club.

All Earth and Springlake Boosters are asked to wear a touch of green (either a corsage or apparel) to portray our predominating school color.

Springlake School Band Rated First In Marching

The Springlake High School Band competed Saturday in Clovis, at Clovis High School, with twenty bands, two others of which were in our class, Sudan and Farwell. Springlake won sweepstakes and a first place trophy. This was a preparatory marching contest to compete in the University School League, toward sweepstakes, Tuesday November 24, in Lubbock, at 1:16 p.m., following the Crosbyton band.

The community is exceedingly proud of the Springlake Wolverine Band, under the direction of Dean Foshee, in the participation of community affairs and outside activities.

Tuesday in Lubbock the Springlake High School Band will be competing for a first-place in marching. If they place first, then in April they will compete in playing, sight-reading, and performance.

Will \$50 Be Acceptable?

Approximately fifty people met in the County Court Room in Littlefield Tuesday night to discuss the city-county rural fire problem.

Littlefield Judge Davis, opened the meeting. Mayor Armstead, Littlefield, concerning the controversy, said that the city was "going in the hole" on the calls of rural fires which they answered.

Springlake Superintendent, Bill Mann, Bob Armstrong, and James Busby, Springlake School Board representatives, explained that if the Commissioners agreed to the Littlefield proposition of \$125.00 per rural call, that evaluation of county property would have to be raised, and at the present time, it is as high as it can go, without the school district's losing part of its State Aid.

Bill Mann presented actual facts and figures on how this would effect Springlake School district's finances.

The Commissioner's Court continued, with their version; they could not pay the above mentioned cost without raising the evaluation of County property. They could not transfer money from one fund to another to comply with Littlefield's proposal to increase rates.

Judge Davis said he felt sure that Littlefield could not pay over \$50.00. After much discussion, the figure of \$50 was agreed upon by the Commissioners.

Mayor Armstead told them that one member of the Littlefield City Council was absent.

When the complete council is present at the next meeting, they will decide if they can agree to pay the \$50 per rural call on all rural fires.

Attending the meeting were: Eldon Parish, City Council; Earth: James Wages, Fire Chief, Earth; Wendell Clayton, City Council, Earth; Dudley Chesney, City Council, Earth; Clifford Hopping, City Council, Springlake; James Winders, City Council, Springlake; Ross Middleton, Editor of Earth News-Sun, Earth; Henry Lewis, City Commissioner, Earth; and West, Editor of the Littlefield Press; Bill Mann, Superintendent Springlake Schools, Earth; James Busby, and Bob Armstrong, Springlake School Board, Earth and Springlake.

Representatives from all the county towns were present.

Springlake Wolverine Bands Give Outstanding Performance

The Springlake School bands, under the excellent supervision of Dean Foshee, deserve praise for their many achievements.

Friday night was one of those outstanding evenings.

Preceding the Springlake-Farwell game, the 36 sixth-grade band students displayed their rather newly acquired talents, when they entertained spectators in their first marching experience.

During the half-time activities, the 33 piece band seventh graders participated, and performed beautifully.

Pleasant Valley Social Club Enjoys Anniversary Dinner

Tuesday night, November 10, the Pleasant Valley Social Club celebrated its fifteenth anniversary with a dinner at Paul's Restaurant. A menu of traditional turkey, dressing and all the trimmings was served to members and guests. A lovely artificial arrangement of marigolds and greenery with the letters 15 in gold centered the table. Betty Jackson was voted the most outstanding member of the year and was presented a lovely gift. After dinner, the group went to the Muleshoe State Bank Community Room for games. Prizes were won by Hattie Bickel, Alma Turner, and Jean Allison. Betty Jackson was hostess. Those attending were: charter members, Hattie Bickel, Jean Allison and Katie Roubinek; guests, Glynnah Buhman, Vera Engelking and Mrs. McKinstry; and 14 members.

Visiting in the home of Mr. and Mrs. M. W. Messer last week end were Mr. and Mrs. Tom Messer and children, Mr. and Mrs. Bud Lea, of Midland, and Tod Herring of Earth. They also attended the Springlake-Farwell game Friday night.

Springlake Girls In College Club

Janet Cooper, daughter of H. M. Cooper, Springlake, and Judy Perkins, daughter of Mr. and Mrs. Carl Perkins, also of Springlake, were recently initiated into Metah Moe, a women's social club at Lubbock Christian College, Lubbock, Texas. Organized in 1957, when the junior college was in its first year of operation, the club participated in intercampus sports events, competes for the highest cumulative grade average of the 11 social clubs at LCC, and holds special events such as banquets and picnics. Miss Cooper, a May 1963 graduate of Springlake High School, participated in pep club, paper staff, student council, and FHA while in high school. Miss Perkins, a May 1964 graduate of Springlake, participated in pep club, basketball, and volleyball while in high school. Miss Cooper and Miss Perkins are freshmen at LCC.

Town and Country Study Club Meets in Hinson Home

The Town and Country Study Club had a program on "Our American Heritage", the American Indian, November 12, to help us understand the Indians of today and yesterday. The club met in the lovely home of Mrs. J. L. Hinson. The entertaining room was decorated with several beautiful arrangements of white and yellow chrysanthemums. The devotion was the 8th Psalm, brought by Carra Morgan. A vocal solo, "Indian Love

Call" by Mrs. Jimmy Craft, accompanied by Mrs. George Laing, "Indians of Texas" by Mrs. Roy Neal and "The American Indian, Yesterday and Today" by Mrs. C. W. Terry. A pretty lace cloth-covered table and a large gorgeous arrangement of yellow chrysanthemums furnished a lovely serving table from which Mrs. Anglin poured coffee and Mrs. Marshall Kelley served delicious tuna salad, date-nut bread sandwiches, dainty crackers, nuts,

olives, mints and hot apple cider to Mrs. George Laing, Jimmy Craft and Mrs. Stewart, guests; and the following members: Mrs. Jane Beavers, C. W. Terry, Roy Neal, John Laing, Marshall Kelley, Ray Kelley, L. Z. Anglin, B. T. Hamilton, Lena Hite, Carra Morgan, C. T. Richardson, B. Campbell, Wayne Rutherford, and hostess Mrs. J. L. Hinson.

Mr. and Mrs. Claude Davis and sons returned Saturday to their home in Lovington, after having visited in the home of Mr. and Mrs. R. S. Cole.

Mr. and Mrs. Larry Messer of Lubbock, and Mr. and Mrs. Neal Landrum, and Mr. and Mrs. Waymond Messer of Littlefield, were guests in the home of Mr. and Mrs. M. W. Messer Friday.

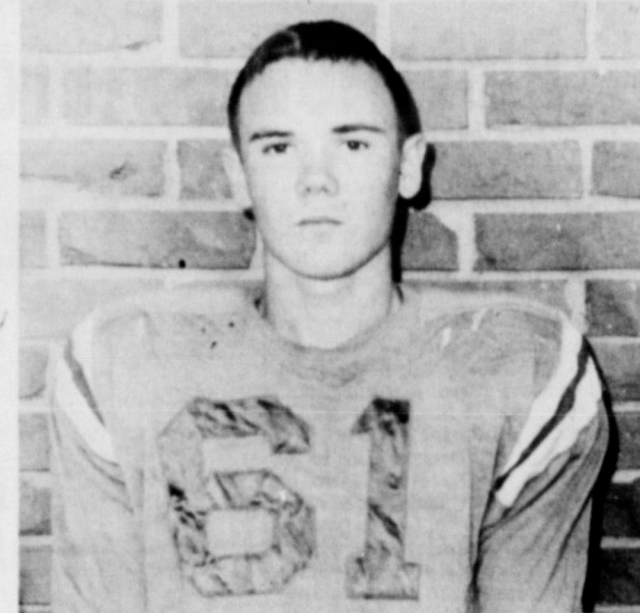

Taylor Home Scene Of Psi Nu Meeting

The Psi Nu Chapter of Beta Sigma Phi held its regular meeting Tuesday night in Sue Taylor's home. The members will have a bake sale on Wednesday, November 25 in Piggly Wiggly's. Funds for the audiometer for Springlake High School have been secured and the order was placed. It will arrive in about two weeks. The presentation will then be made. The gift for the evening was won by Linda Laing and opened by Betty Cody. It was a lovely apron and doilies.

Brownies and coffee were served by the hostess, Bobbie Simmons; to: Tommie Bills; Joanie Branscum, Kay Branscum, Betty Cody, Jacqueline Green, Sue Taylor, Connie Jones, Linda Laing, Glenda Ott, Robbie Parish, Sooky Sanderson, Bobbie Simmons, and Belva Taylor, Sponsor. Roy Sawyer Honored With Coffee Thursday

A Come and Go Coffee in honor of Roy Sawyer was held Thursday afternoon at the City Cafe.

Sawyer has been the postal delivery man from Plainview to Earth, and has been employed at Earth Auto Parts.

Many local friends of Sawyer's attended, and presented him with a money tree, and other gifts, as a token of friendship. Taking Sawyer's place at Earth Auto Parts is Burley Tyler, from Brownfield, who with his family, will live in Earth.

R. A.'s Meet At Baptist Parsonage

The R. A.'s met Monday evening with ten members present at their regular meeting. The boys had a party and hamburger fry in the back yard of the parsonage. Later games were played, and contests were held.

The R. A.'s organization is for boys of ages 9 through 14.

WMS Enjoy 'African Safari'

The Women's Missionary Society, of the First Baptist Church of Earth and Springlake churches enjoyed an African Safari Tuesday at the Earth Baptist Church.

Mrs. Pete O'Hair presented "Frontiers of Advance" during the morning.

An African luncheon was served, the menu of which consisted of peanut-butter soup, Jallif Rice, peanut loaf, banana sweets, banana-nut bread, peanut butter balls, some American dishes, coffee and tea.

The dining room featured the African theme. Springlake women decorated the tables, which portrayed jungle scenes, and a African woman standing beside a campfire.

Frances Watson presented a book review, "Mukoma of the Lion Country," African slides, which were sent home by Will J. Roberts, a missionary who is in Africa at the present time, were shown. His parents, Mr. and Mrs. Leonard Roberts were formerly of Earth.

A very educational and interesting day was enjoyed by the following women who attended: Mrs. Dora Bell Angeley, Viola Baldwin, LaJuana O'Hair, Ruth Shaeffer, Lillian Hamilton, Kathleen Cole, Lena Taylor, Betty Wuerflein, Lillie Wuerflein, Jane Kelley, Helen Kelley, and Eula Kelley. Frances Watson, Dorothy Washington, Kate Stewart, Edna McClure, and Billie Waldon. Several children were present, also.

Young Homemakers Meet Recently

The Young Homemakers met Monday November 9 in the homemaking department. Mrs. Carolyn Stephens, vice president, presided over the meeting.

The program was presented by Mrs. Rawleigh Mason of the Merle Norman Studio. Complex care and the importance of facials was emphasized.

Refreshments of punch and cookies were served by hostesses Gay Pellham and Carolyn Stephens to members: Joanie Branscum, Ann Collins, Judith Jones, Deloris Gover, Carol Pounds, and advisor, Marie Slover.

Four Generations Present For Jones' 25th Anniversary

Recently, four generations posed for a picture in the home of Mr. and Mrs. W. O. "Buzzy" Jones, at the Silver Anniversary Open House, given in their honor by Mrs. Dean Jones.

Mrs. J. F. Vaughn, of Carlsbad, New Mexico, great grandmother, Mrs. W. O. Jones, grand mother, Dean Jones, father, and Tamara Dawn Jones, two and one-half year old daughter of Mr. and Mrs. Dean Jones were present for the occasion.

Mr. and Mrs. Jones have lived in the community for approximately twenty-six years. They, and Mr. and Mrs. Dean Jones,

have been very active in civic community and church affairs. Karen Jones is a Springlake High School Sophomore, and Earth and the surrounding area are proud of these lovely families.

Weekend guests of Mr. and Mrs. C. L. Hamilton were Mr. and Mrs. Bo Bryant and family of Muleshoe, and Johnnie Kelley, of Earth.

Mr. and Mrs. Ted Herring recently returned from a vacation in Grand Canyon, Arizona, where they visited Ted's father J. D. Herring.

Mrs. Mildred Knight returned home Friday from the Medical Arts Hospital in Littlefield.

NOTICE

The Rebekahs and Oddfellows are having their annual Thanksgiving dinner tonight at the Community Hall, at 7 p. m. All members of the Rebekahs, Odd Fellows and families are invited to attend.

Springlake Schools will be dismissed Wednesday, November 25, at 2:30 p. m. to give teachers, pupils, and parents time to make out-of-town trips.

Masonic Lodge is having a pheasant and quail supper November 19, at 6:30 p. m. Wives and Masonic affiliated guests are invited.

There will be a pep rally held at the Springlake High School Saturday afternoon preceding the time of departure (5:00 p. m.) for the Springlake-Petersburg game in Plainview. Everyone wear something green if possible.

We Need Your Hide!

"If you bag one - bag it!" deer hunters are reminded by Mrs. T. C. Campbell, Abilene. "At least bag the hide," she pleads, "as we're begging every scrap of buckskin for patients in our state hospitals and special schools."

The Volunteer Services Council, headed by Mrs. Campbell, once again will have donated hides tanned and distribute the leather among the 28,000 patients in Texas mental hospitals, tuberculosis hospitals, and schools for the mentally retarded. It is used in rehabilitation projects.

"Throw a handful of table salt on the hide, let it drain, 'bag it' in heavy paper and send it to Austin Taxidermist Studio, 2708 South Lamar, Austin, and we'll do the rest," explains Mrs. Campbell.

"Mark the shipping tag 'charity', and most motor freight lines will haul hides without charge. If hunters request, locker plant operators will send in hides," adds the council leader. "The 28,000 Texans in the hospitals and schools join me in saying, 'we hope it's in the bag' for every sportsman," said Mrs. Campbell.

Davis Infant Honored With Shower Friday

A shower in honor of the infant son of Mr. and Mrs. Claude Davis of Lovington, N.M., was held in the home of Mrs. Doland Fennell, Friday, in Springlake.

Friends of Mrs. Davis (formerly Frances Cole) enjoyed a day of visiting, a noon luncheon, and bridge. Baby gifts were opened. Guests present for the occasion were: Mrs. LaRue Walker, Lubbock, Mrs. Bud Cooper, Plainview, Mrs. Janice Stephens, Earth, Mrs. Pat Goforth, Hereford, Mrs. Bo Bryant, Muleshoe, and the hostess, Mrs. Fennell.

Springlake Takes District Championship 33-26

by Eldon Trotter

Friday the 13th proved to be one of the luckiest days of the year for the Springlake Wolverines, who had to come from behind to defeat the stubborn Steers from Farwell, and on the other hand you could not call it luck. It was just sheer hard fought, football.

Football has become one of the most unpredictable sports in the country today. For instance, a team may be behind and get a few minor breaks that just seem to charge it up again, until the opposing team never has a chance to overcome the pressure put on them.

Friday night was no different, Farwell had one play that worked for them and they used it to a great advantage. That is just good football, when you find a soft spot, keep hitting it. But,

then it happened, you could just feel a different mood come over the Springlake squad early in the second quarter, following the Farwell Steer's third touchdown of the game which had given them a nice 20-0 lead over the Wolverines.

The change was so evident, that even the expression on the faces of each Wolverine was different, more noticeable on Thomas Gregory, and John Patterson, perhaps it was because these two lads were playing what they thought, was their last game of football for the green and gold of Springlake.

As they made ready to receive the kickoff, you could tell something was going to happen. (We, of course knew they were a better ball club than the score indicated.) From that moment

on, Springlake started to play football, and they gave them heck. Heaven help us though if we allow Petersburg that kind of a lead Saturday night.

To get on with the most exciting game of the year, Farwell won the flip of the coin and elected to receive. Jerry Don Sanders booted the ball deep to the goal line, and the ball was returned to the 9 yard line, and Farwell took over first and ten to go, Farwell, started with Jerry Field, the burly Senior fullback, hitting up the middle of the line, and getting good yardage for his effort. On six of seven offensive efforts the 91 yards was covered by Jerry Field with the last try good for five yards and Farwell's first touchdown. The kick for extra point failed and Farwell had a

6-0 lead.

With 2:29 still left in the first quarter, Farwell scooted 50 yards in just five plays for the Steer's sending Mr. Fields up the middle on almost every play. The big pay off came when Johnny Atkinson went over from the 19 yard line for the Steer second touchdown. This time Child's kick was good and Farwell went out in front 13-0.

Just four minutes later, Fields rang up another Farwell touchdown, plowing over from the four yard line, after marching some 59 yards to pay dirt. Child's kick was perfect and Springlake was behind 20 points. This was where the certain mood came over the Wolverines, and they started playing football. On the kickoff, Patterson took the ball

and returned it to the 18 yard line where, Springlake took over, first and ten.

Messer mixed his plays well, first sending Jerry Don Sanders up the middle, Gregory off right tackle, Bennett off left tackle, and finally with perfect blocking up front, Floyd Bennett went over from the four yard line for Springlake's first touchdown. Thomas Gregory ran the conversion, and the Wolverines settled for a halftime score of 20-8.

After the halftime ceremony, everyone was settling down to see just what had taken place in the dressing room.

Springlake received the kickoff and proceeded to march down the field and with 8:41 left in the third quarter, Thomas Gregory scored on a 3 yard run, off right guard, Thomas found a spot he liked very much and proceeded to hit it again for the extra 2 points. This touchdown put Springlake back in the ball game, trailing 20-16.

Farwell really ran into trouble, and could not find space to run and was forced to kick. Springlake moved back down the field but ran into trouble on the 36 yard line, doubtless Jerry Don Sanders did not let this bother him in the least, sending the ball clear out of the playing field on a beautiful 46 yard field goal. This really made things tight, with Farwell still in the lead 20-19.

With the fourth quarter just getting under way, Thomas Gregory, playing heads up football, intercepted a pass on the Farwell 40 yard line and politely bulldozed his way around, through and over everyone that got in his way to go over for a Wolverine touchdown, and a bright shiny gold helmet for the game against Petersburg. As you know, Thomas earned the only green helmet of the squad for his interception and return for a touchdown in the Hale Center game. His second interception and touchdown return, against Farwell, earned him the highly regarded Gold Helmet. Floyd Bennett hit the left side of the line for the conversion and the Wolverines went out in front for the first time of the night 27-20.

Farwell really ran into trouble with Pete Glasscock and Floyd Henderson setting the quarterback back some 18 yards on three attempted passes and they were forced to kick.

Springlake took over on their own 38 yard line, and on the first play, Thomas Gregory hit off right guard and scampered some forty yards before being brought down on the Farwell 22 yard line. Three plays later Floyd Bennett went flying in from the 2 yard line for another touchdown. A pass interference ruling against Farwell gave the Wolverines another try for the extra point on the one and half yard line and on a keeper play, Doug Messer followed his interference up the middle for the extra points. This really put the Wolverines out in front 33-20.

Late in the fourth period, Farwell tackle, Charles Dannheim, blocked a Jerry Don Sanders punt, picked the ball up on rebound and went scampering in for Farwell's final touchdown. A pass for the extra point was knocked down and final score read 33-26.

Doug Messer, the sophomore quarterback, really played heads up football in running out the clock with the keeper plays up the middle to eat up the remaining time on the score board and giving the Wolverines a hard fought 33-26 district championship over the Farwell Steers.

Defensively, standouts would be hard to select, but Gregory

had 13 tackles and 6 assists; Patterson, 13 tackles and 3 assists. If you will notice that old lucky 13 is still in there pitching. Glasscock, 7 tackles and 2 assists, just to mention three defensive standouts for Springlake. One couldn't give any certain member of the team all the glory, for it was truly a team effort all the way.

On offense, Thomas Gregory carried the ball 12 times for 110 yards, scoring twice, intercepting two passes, and caught two passes for 42 yards. So again we could say Thomas Gregory really carried a big portion of the offensive lead that kept the Wolverines in contention throughout the entire game.

Wouldn't it be nice if the Mayors of Springlake and Earth could proclaim Saturday as "Beat Petersburg Night," and all business places could close at 6 p.m., so we could have a 100% attendance at the ball game in Plainview, to back our boys all the way.

We have one of the best bunch of boys to be found anywhere, and if they will make up their minds to play the entire game like they played the third quarter against Farwell, Petersburg won't have a chance.

Let's all support the Wolverines on to Victory.

Tips For Freezing Game Meat

Although freezing game meat is a simple process, foods and nutrition specialists for the Texas Agricultural Extension Service offer a few pointers that should be followed to produce a good-quality product.

1. Start with a good-quality animal that has been properly cared for and dressed.
2. Age big game one week or longer at 40 degrees F. to improve tenderness and flavor.
3. Cut the carcass the same as for beef. Boneless cuts save freezer space, although it is not advisable to bone steaks, chops and short ribs.
4. Store the size package required for a meal. Thawing and then refreezing lowers meat quality.
5. Divide steaks or chops with two pieces of freezer paper if more than one is to be frozen in a package. This permits meat to thaw uniformly and pieces are easier to separate.
6. Use only moisture-vapor-proof freezer paper for wrapping meat for freezing.
7. Label all packages as to the name of animal or cut of

8. Freeze wild game immediately after packaging, keeping the meat at 0 degrees F. or lower until it is used. Quality meat that is correctly wrapped will keep frozen at this temperature from six months to a year, except heart and liver which should be used within six months.
9. Do not freeze more than four pounds of meat per cubic foot of freezer space within a 24-hour period. If there is more meat than adequate freezer space, take the remainder to a commercial concern.
10. Thaw meat before cooking to retain the greatest amount of moisture content. At room temperature meat usually thaws in about two hours per pound. If thawing is done in the refrigerator, allow about five hours per pound.
11. Finally, and foremost, do not refreeze thawed game.

Seventh Grade Speech Class Presents Play To Junior High

The seventh grade speech class of the Springlake Junior High School, under the supervision of Mrs. Janice Baldwin, presented three plays in the Junior High auditorium Tuesday morning.

Thirty speech students participated in the plays. The first play, "He Ain't Done Right by Little Nell" was a burlesque on melodrama of the 1900's. The

second production, "Waiting For the Train" portrayed the antics of a crazy family waiting for a train. The third play, "The Gym Ghosts" delighted the audience with its mystery.

Students of Junior High School and the Colored School, and parents of the actors enjoyed the activities and the accomplishments of the pupils of the speech class.

Christmas Mailing Should Begin Soon

The Christmas "rush" brings a very old quote to mind: "Neither snow, nor rain, nor heat, nor gloom of night stays these couriers from the swift completion of their appointed rounds." This was said by the Greek historian, Herodotus in the Fifth Century B.C., but it still is true of the postal service.

However, Postmaster Miller recently added a thought. "While it is true that bad weather doesn't stop the mails, it certainly can slow them down."

He mentioned that planes can't get off the ground, switches on railroad tracks can freeze up. Trucks must move more slowly and cautiously over highways. And, in many places, mailmen might wish for the warmth of an igloo. Even the impish Mr. Zip can't assure next-day delivery under these conditions.

"Why?" you may ask, "does the postmaster bring this up?" Simply to let people know there is a factor that we just can't control, the weather," Postmaster Miller said. "It is

important that people mailing Christmas cards and gifts make every effort to shop early and mail early to assure on-time delivery. This is especially true during the Christmas rush when an ever increasing avalanche of mail moves through the postal system."

The Post Office Department has several new tools to use in this year's mail service. The most important is the Zip code and transportation-distribution system that came into being with the Zoning Improvement Plan.

Postmaster Miller is urging everyone to use the five digit numbers because in most cases the code cuts down the number of times a piece of mail must be handled. This saves time, labor, and money.

He suggests that even if you don't know the code for the addresses of the people to whom you'll be sending cards and gifts, you should use the code on your return address. And you should record the codes from the return addresses of those who are

writing to you.

Moving the Christmas mail is a hard, tiring job and the local workers who work so diligently during this period deserve all the cooperation they can get.

The postmaster said that shopping early, mailing early and

using Zip Codes will really put Zip into your Christmas mailings, and give your mailman a hand too.

Dear Polly,

We've enjoyed so much your wonderful paper. Your "nosin" rates tops! To us it is still a visit from "home." The years have gone but the people there were wonderful to us, so still they are dear to our hearts. Just "you all" keep on keeping on. From your articles I can see how tired you must be but since your work has rated "tops" so long it is indeed rewarding. I

am sure.

Will enclose a snap of our new grandson. They aren't "Texan's" now but guess we should still own them. Our son is a teacher in high school in Hobbs, N.M. and preaches (in Texas) near Pecos each Sunday.

Have noted that you have a busy year (or rest of the school term now) ahead of you. Best wishes that all may go well.

If you get a chance you could slip off to South Texas as it is a winter haven for many. The winters are so wonderful. Guess they are the reward for not melting away during the hot summer!

Best wishes to all of you and may your work continue to be

rewarding.

Lamb County Cotton Survey Given

The weekly Lamb County survey of the county's 40 gins by the local office of the Texas Employment Commission revealed a total of 15,881 bales had been ginned as of last Friday morning.

This figure compares with 8,023 bales reported ginned on November 15, 1963. The count was 28,732 bales on the same date in 1962; 44,875 bales in 1961; 72,809 bales in 1960; and 106,541 bales in 1959.

Lamb County farmers, awaiting the arrival of the year's first killing frost before going all-out on the 1964 harvest, top last year's pace in ginnings for this date, but remain far behind

other previous years.

Frost continues to evade the area, and with the damp cold weather, it seems very evident in the near future. A local note: There was a considerable amount of hail in the area between Earth and Muleshoe, Dimmitt, and Oton which may result in lowering the grades on local cotton. We received an inch or more of rain.

Rual Munoz, who has been employed at the Farm Chemical Co. of Earth, is reporting to San Diego for service in the Navy.

Sunday guests in the home of Mr. and Mrs. Forrest Simmons were Mr. and Mrs. Glendale Simmons of Whitharral; and Mr. and Mrs. Floyd Bills.

Dr. and Mrs. C. T. Richardson visited last weekend in the home of their daughter and family, Mr. and Mrs. Curlee and family of Lubbock.

SPRINGLAKE JUNIOR HIGH SCHOOL STUDENTS who had the privilege of becoming members of the National Junior Honor Society, Friday, in a very impressive program are seen with their school principal, Cecil Slover, following the meeting.

Junior Honor Society Has Induction Program

Fifteen students of the seventh and eighth grade classes had the privilege of becoming members of the National Junior Honor Society, Friday, November 13. Neal Armstrong welcomed all the people who attended. Next, the invocation was given by Mr. Bunner. Jody Angeley and Terry Crisp led the singing of America, and Jimmy Alair, accompanied by the students, said the Pledge of Allegiance to the American Flag. Eddie Jones gave the pledge of Allegiance to the Texas Flag. Jennifer Angeley introduced the speaker, Rev. Albert Lindley of the Earth Methodist Church, who gave an informative speech on "Character."

Some of the Honor Society gave special speeches on the purpose of the National Junior Honor Society, its requirements, and some of the things it has done. Those speaking were the following: Neal Armstrong, who introduced the speakers, Ricky Byers, who told what the Honor Society does and has done; Mary Cantu, who spoke on education; Marsha Dawson, who spoke on scholarship; Gary Haberer spoke on service; Debrah Curtis on leadership; Susan Ruby on citizenship and Naomi Carr on character.

Then, the new members were brought onto the stage. They said the Pledge, which was led by Ricky Byers. Then, they received their membership cards, and signed their names in the membership book. Those inducted were Steve Jackson, Lynn Hanson, Delbert Rudd, Mike Wages, Jan Blackburn, Jan Hedges, Steve Busby, Steve Sanders on, De Anne Brock, Kathy Lee, Aurilio Rivas, Mike Gray, John Alair, Sharla Haberer and Billy Street.

We would like to congratulate these fifteen students on their outstanding rankings.

League Of Women Voters Meet in Sudan

The home of Mrs. R.D. Nix in Sudan was the place of the meeting last Thursday morning at 9:30 a. m. Mrs. Marshal Kelley, chairman called the meeting to order. Bylaws for the League were adopted.

Mrs. Ken White of Clovis, N.M., was the speaker. In a very dramatic and impressive manner, she discussed our democratic principles. Attending from Earth were: Mrs. H.H. Hamilton, Mrs. Ray Kelley, Mrs. Ed Dawson, Mrs. Marshal Kelley, and Mrs. Lena Hite.

Mrs. John Garrett spent Monday in Lubbock.

Dr. and Mrs. C. Thomas Richardson are spending the weekend in Abilene with friends.

District Governor Visiting Springlake Lions Club Today

TUT TAWWATER

Tut Tawwater, Plainview, Lions District Governor of District 2T-2 will make his official visit to the Springlake Lions Club on Thursday, November 19 according to club president, Ed Dawson.

The visit is more or less an annual inspection trip to the club by the district official who reports his findings to the Lions International headquarters in Chicago.

Tawwater was elected at the Lions district convention in Snyder in May of this year and will serve until July 1 of 1965. He overlooks 60 Lions clubs in West Texas communities in a geographical area roughly the same as the 19th Congressional District. The Plainview radio man had served on the district cabinet four times prior to his election to it's highest office. He has served as District Cabinet secretary, twice as Deputy Governor and as Membership Chairman. He was convention chairman of the 1958 Plainview convention. Tawwater has been active in his community, having been selected as Plainview's "Citizen of the Year" in 1958, is a past president of the Chamber of Commerce, the United Fund, the Toastmasters club and the President's Roundtable. He was campaign chairman for the United Fund in 1958. He is also active in Boy Scout work, holder of the Silver Beaver award and a past district chairman. He served as an area governor in the Toastmasters organization and was a state speech contest winner in this organization in 1953. He is a Methodist and has taught a bible class in his church for the past 8 years. He and his wife are the parents of two boys.

Tuberculin Testing Program To Begin Soon in School

The Earth and Springlake Lions Clubs have jointly purchased the Heaf Multiple Puncture Tuberculin Testing "Sterneedle Gun" from the Pantry Corporation, Englewood, New Jersey for the use of the Springlake School.

Dorothy Wood, with the assistance of Dr. Charles Bauman and two of his staff, will perform the testing of all students and faculty of the schools.

This is the first time that our schools have had the equipment for mass tuberculin testing.

The tests will be given in the near future, and permanent records will be kept on all students and faculty each year.

Parents, when you receive the permits which the school will send to you, please sign, and return them to the school, then a date will be set for the testing.

The "Sterneedle" gun is an improved multiple puncture apparatus for rapid and painless intradermal tuberculin testing. A sterile, disposable stainless

steel "Sterneedle" cartridge is used with the "Sterneedle" gun for each test. This avoids the possibility of cross infection. This unique, separate needle-cartridge eliminates the hazardous uncertain flame sterilization required by other models.

Based on the Heaf principle of multiple puncture, six needles contained within the "Sterneedle" cartridge painlessly puncture the skin through a previously applied film of concentrated tuberculin P. P. D. The intradermal penetration of approximately 1 mm forms a 1/4 circle of six small punctures. Variations in depth due to the operator are minimized. The needles retract immediately when pressure is released on the gun handle. No special skill is required. Uniform, intradermal tests can be performed rapidly and painlessly by nurse or physician. Psychologically, the test is acceptable to children since a needle is not visible. The squirming child is no longer

a problem. Depending on the operator, up to 400 tests or more can be done per hour. In mass testing programs a larger number of "Sterneedle" guns will accelerate this rate considerably.

The skin reaction, read 3-7 days later, requires no measurement and is quickly and easily interpreted with a high measure of agreement between independent observers. These reactions are also well defined on dark skins.

Although the "Sterneedle" cartridge is preferably used for the performance of one test, it can be used again following re-sterilization. Investigators have reported 50-100 tests per cartridge. Absence of puncture marks indicate need for a new cartridge.

Substantial savings result from use of the Sterneedle Tuberculin Test.

1. The speed of performing and reading this simple test saves time of nurses and physicians - No solutions or dilutions of tablets necessary - No waste.

2. Costly chest X-Rays are limited to tuberculin positives only. Saves time and money and reduces hazard of radiation for nonreactors.

Consumer Ed Reports New Leather Fabric

Many easy care qualities mark the all-cotton simulated leather fabric on the market.

An Italian textile technician "made a mistake" and created the new fabric. It was discovered when a silicone finish was applied to the napped surface of a cotton fabric, says Lynn Parks, Extension consumer education specialist in textiles and clothing.

The fabric has the luxury look and feel of real leather, but is water-repellant, comfortable, supple at temperatures from -40 degrees to 340 degrees Fahrenheit; crease-resistant, and is dry cleanable or machine washable.

It can be pressed safely on the treated or untreated side of the fabric at a woolen or steam-setting.

A report from the National Institute of Dry Cleaning indicates a minimum shrinkage, or less than 3 percent, and some bleeding of the fabric. There was more bleeding in laundering than in dry cleaning.

Imported from Italy, Belgium, Spain and West Germany, the fabric is trademarked under the names of Aerpel, Cardoba, Haledora, Leatha-cotta, Leathakin and Wampelt.

The "Sterneedle" gun provides a painless, uniform, intradermal test which is economical, fast and accurate. A separate, sterile "Sterneedle" cartridge for each test eliminates danger of cross infection.

A special solution of concentrated tuberculin PPD is used with the "Sterneedle" gun. It is supplied for use in one ml. vials containing a solution of 2 mg. tuberculin PPD (equivalent to 100,000 units of old tuberculin) in 50% glycerin and preserved with 0.5% phenol. Approximately 100 tests per vial are possible with ordinary, auto-claved toothpick applicators. A flamed 2 mm. platinum loop may provide up to 200 tests. Used with this concentrated PPD the multiple puncture tuberculin test picks up practically all reactors to 5 TU Mantoux (intermediate strength). "Comparative studies with the Mantoux in a variety of groups showed the Heaf multiple puncture test to be highly specific, with a sensitivity level between that of intermediate and full strength tuberculin tests."

The advantages of the Sterneedle gun process are:

1. Four times faster than Mantoux. Averages up to 400 tests per hour. Saves time and money.

2. Highly specific; detects reactors through the complete intermediate strength tuberculin range.

3. Accurate interpretation, without measurement. Averages 250 readings per hour.

4. No dressing required.

5. Disposable multi-needle cartridge eliminates danger of cross infection. (May be sterilized for reuse, if desired.)

6. Each test is uniform-puncture of 1 mm. depth and needle withdrawal is automatic. No special skill is required.

7. Low cost, approximately 3¢ per test.

8. Painless. Ideal for testing children.

9. Eliminates hazardous flame sterilization.

10. Concentrated Tuberculin P.P.D. "Connaught" is immediately available from stock. Ready for instant use. No dilutions required.

11. More reliable than the Patch Test-at half the cost.

The Earth and Springlake Lions Clubs purchased the Heaf Tuberculin Testing equipment at a cost of \$197.50 for the use of the Springlake Schools.

Nosin... With Polly

Cont. from page 1

as "The great white hunter." They all got acquainted Friday night and Saturday at 5 a. m., found Pat and Jerry Parker, accompanied by Polly Jr. and a couple of their friends from Canyon in a pickup, headed down into the remote, impossible, untraveled wilds of Palo Duro Canyon, which is part of the Parker Ranch, and inhabited by several deer who rarely are molested by human beings, as few people find their way down the cattle trails that serve as a road for those who care to take the risk.

Polly was awed by all the excitement when Pat, who has become quite a marksman, killed a deer. This was just the MOSTEST. So they decided to go again the following day.

Sunday 10 a. m. found the Parkers and Polly Jr. again back on the trail, this time in a jeep, packed to the hilt with weiners, Cokes, bologna, etc. to insure stomach comfort throughout the big days hunt.

All was fun until the rain started pouring down, and down, and down went the jeep into a big hole, as they attempted to see if it was amphibious enough to swim the swollen streams to carry them out of the canyon, and there they set in the middle of the stream with water rising inside the jeep.

Jerry, being a gentleman unacquainted only by Sir Walter Raleigh, who in a rainy predicament long ago once flung his cloak across a puddle of water so his lady love could proceed across without wetting her toes, waded forth across the cold swollen stream in search of a log to aid the two gals (great hunters) to reach shore without having to wade the stream. Polly, having grown up in the News office, where even on the rare occasions when it did rain in West Texas, the water never seemed to rise more than 2 inches deep in the office floor was totally unfamiliar with logs and swift streams of water. So, of course, slid right off the log, into the water. Pat, following close behind somehow managed to keep upright atop the log, as she observed Polly, not only was void of web feet, but cold as a mackerel following her plunge.

Ashore again, the threesome put up a plastic lean-to and built a fire to dry out, and to roast weiners while they patiently waited for the water to run down, in hopes of getting the jeep out of the creek. Finally, in sheer desperation, they began walking the many miles back up and down the slick mountains to get a truck to pull the jeep from the creek.

The story goes that the threesome, though dead tired from walking back for the truck, were determined not to ruin the jeep, so they carried rocks, boards, and everything they could find to build solid footing for the truck in order to keep it from getting stuck while trying to remove the jeep from its watery position.

However, as it was getting dark, the heavens opened up and let down a rain that would drown any ordinary olympic swimmer, and they found they must forget the jeep, for now they had another worry, they were trapped in the canyon!

However 3 hours later, about 11 p. m. Sunday night, after

Sgt. Gegenheimer Re-Enlists in AF

Technical Sergeant Malcolm M. Gegenheimer, son of Mrs. William G. Gegenheimer of 87 Metairie Courts, Metairie, La., has re-enlisted at Howard AFB, Canal Zone for another four-

slipping, sliding, and skidding around on every cliff in the canyon, they emerged forth from deep in the wilds, to the rim of the canyon. Their arrival on top, somewhat resembled the happiness the Pilgrims felt as they landed on the Plymouth Rock. Though they were wet to the bone, hair dripping, muddy as hogs, and tired to death, they were happy to be out, alive and on top of the Canyon.

The Parkers and their lovely children had given the "Great White Hunter" one of the most exciting weekends of her life, one she is not likely to forget for several years to come. Re-creating old friendships she found, was not just fun... It was indeed a ball.

Scout News

The Boy Scout Court of Honor was postponed until next Tuesday, November 24, because of six-week tests. The Cub Scout Pack meeting will be held at the same time.

The Boy Scout regular meeting, Tuesday night, was postponed due to inclement weather and tests. Also other Girl Scout Brownie and Cub meetings were

year tour of service in the U.S. Air Force.

Sergeant Gegenheimer, who will complete the 20 years necessary for his retirement with this enlistment, is an aircraft instrument maintenance technician in a USAF Southern Command unit at Howard. His squadron supports the USAF mission of administering special training and Air Force Military Assistance Programs to Latin American countries.

The sergeant, whose wife, Naomi, is the daughter of Mrs. Jessie Cantrell of Ft. 4, Muleshoe, Texas, served in the Aleutian Islands during World War II.

postponed.

CUB SCOUT NEWS

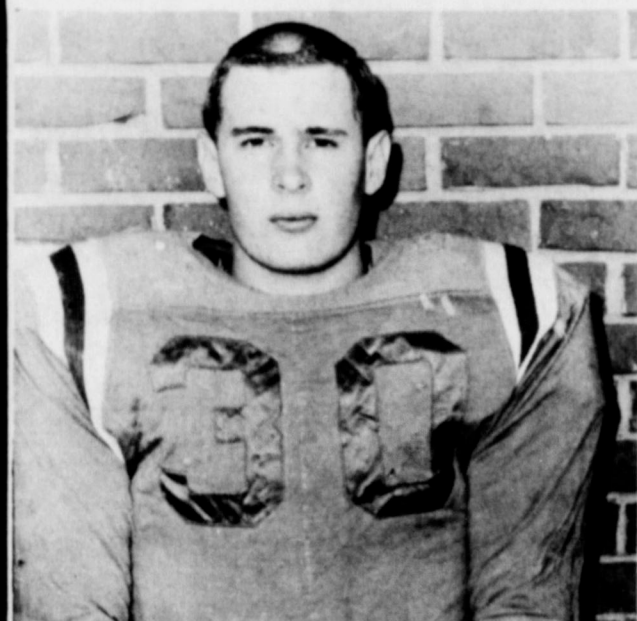

Den 6 met Wednesday afternoon in the Scout Hut. Following the opening flag ceremony, led by Joe Acevedo, the boys enjoyed refreshments of Kool Aid and candy bars. A game of skill, in relay, was next on the program, followed by a project involving imagination when the Cubs were each given a "genius sack" filled with spoons, skewers, pipe cleaners, etc. to construct anything they wished.

A few songs were sung, after which the Living Circle was formed to adjourn the meeting. Six members, the den mothers, and one guest, Scott Alexander, were present.

A den mother's meeting was held at the home of Mrs. Harold Britton, on the morning of November 11, to plan this month's pack meeting. Present for the meeting were Mrs. Hugh Alexander, Mrs. Jimmy Lackey, Mrs. Norman Hinchliffe, Mrs. Hershel Wilson and the hostess.

Traveling Library Acquires New Books

New books have been arriving at a steady rate from the Texas State Library in Austin for the High Plains Library Bookmobile.

If any of you young readers are wanting to make some marionettes for the Yule Tide season that is fast approaching, come to see us the next time we are in your community and see the new book "Marionettes, Easy to Make, Easy to Use," by Edith Ackery.

"Keen Teens, 101 Ways To Make Money" by Stookie Allen, tells industrious teen-agers how one boy went into business making trout flies; how another boy figured out a way to extract gold from sea water, and how many other teeners are corraling the cash!

For the nurses-to-be "Trudy Wells, R. N. Pediatric Nurse" will provide an insight of how rewarding the nursing profession can be.

Now for the adults who like a good "who done it," Gwendolyn Butler's "The Murdering Kind"

should provide thrills a plenty. In this same caliber is "The Misty Curtain" by Lucy Cores.

Take a select handful of cats, dogs, roosters, snakes, and kids, kids, kids, Mix well, adding one a delightful sense of the incongruous, and you have the stuff that laughs are made of. Peg Boland's "Don't Panic Mother" gives one a look at causes of panic for every mother, but which she sees for what they are -- tempests in teapots and very funny ones at that.

Among the new shipment of books just received is a book which we have recently had several requests for -- "The Spy Who Came In From The Cold."

Several of our other new titles are "Accent on April" by Betty Cavanna; "The Dog Who Came To Stay" by Hal Borland; "Wuthering Heights" by Emily Bronte and "The Red Badge of Courage" by Stephen Crane.

Changes In SS Act Effect Ministers

Congress recently made changes in the Social Security Act which vitally affect ministers of the gospel according to John G. Hutton, District Manager of the Social Security Office at Lubbock, Texas. The changes make it possible for many clergymen, whose time for electing social security coverage had expired, another opportunity to obtain coverage. The time during which coverage may be elected is relatively brief, Mr. Hutton explained. For most clergymen

involved, the deadline date is April 15, 1965.

Any minister, who failed to apply for social security coverage before the time for election expired, should contact the Social Security District Office Lubbock, Texas, if he is now interested in being covered by the program. Contact should be made in person, by mail, or by telephone. Those living outside Lubbock should consult their postmaster to get the date the Social Security representative will be in their town.

Mrs. Stella Sutton was pleasantly surprised Friday when her sister, Mrs. E.B. Sutton of Waco visited her.

Mr. and Mrs. Larry Price and family visited in the home of the Lacy Greens in Tucuman last weekend.

Letter To The Editor

Cal Farley's Boys Ranch, Amarillo, Texas

Dear Mrs. Middleton:

Monday, November 30, is the day we have been waiting many years for -- the date set aside for the dedication of our new gymnasium. At that time, we would like to have you, or a member of your staff share this occasion with all of our boys.

The famed Phillips 66's and the Pioneers of Wayland College

of Plainview are coming to the Ranch at no cost, and I know you will enjoy seeing these two fine basketball teams in action. We will reserve a seat for you.

Next to the dining hall, the new gym means more to our kids than any other building. The first permanent building we had was the old gym, and we had about 45 boys in 1941 compared with the 325 we have now. Consequently, the facilities were outgrown years ago.

Now, all our boys can participate in some sports activity at the same time, and they are sure proud of their new gym. The building is 210X130, has 4 basketball courts, locker rooms, showers, and an apartment for one of our staff families.

If possible, try to arrive on the afternoon of November 30, tour the Ranch, and have supper with all the boys at 6 P.M., before the ceremony at 7 P.M. Your being with our kids for this occasion will make it an even more momentous one for them. With all good wishes to you, I am,

Sincerely Yours,
Cal Farley

THE LOOK OF ELECTRIC COOKING

EXCITING OFFER

Your Recommended Reddy Kilowatt Dealer has a free electric sweeper for every Public Service Company residential customer who buys an electric range now. Better see him about it!

Electric cooks always seem to have that look of a good cook — self-confident, sure, creative... unquestionably it's because they have confidence in their electric ranges. They know that electricity is the utmost in accuracy so when they set a dial or turn a switch they KNOW the results will be good — every time... no guesswork but still plenty of room for cooking creativity. Or, to put it another way, women just plain like electric cooking!

Rare Specimens of Vegetables Grown Here

Claude Ellis was born in a log cabin in Montague County, Texas in 1879.

In the spring when he was four years old, he and his family went to Oregon in a covered wagon. They traveled four months; many springs were not bridged, so it was a long journey. When they reached the Cascade Mountains and the Colorado River, they could go no farther without help. They "loaded" their possessions on a flat boat, and went around the mountains, and onto Portland.

They lived in Oregon fifteen years, between Salem and Portland. Then the family boarded the train for Montague County, Texas.

In his younger days, Ellis taught school in Texas and Oklahoma for thirteen years. He had, as then called, "first grade" certificates to teach in Texas and Oklahoma. He remarked that he was never in a college, until he had completed his teaching experience in 1924.

He is a retired preacher of the gospel, having officiated for forty-five years.

In 1924 and 1925, he lived in Lubbock County and bought land near Earth (before the town was named) from the Halsell's. His son, Norman, now farms some of his land, northwest of Earth.

In 1929 he thought he would retire in California, where he could "see things grow," but he depression came, and he began work again. He bought eighteen acres of unimproved land where he had a fruit orchard, walnut trees, etc. The Ellis family had

a good home and a well. They lived there until 1943 when they sold their property.

From 1949 to 1956 they lived in Ukiah, California, where they built and operated a motel. In 1956, they again lived in Modesta, until 1960 when they returned to Lubbock County, their former home.

Mr. and Mrs. Ellis have been blessed with eleven children, twenty four great grandchildren, and one great, great grandchild. Quoting Ellis, "If my wife had loved children, we might have had a fair size family."

In April, 1964 Mr. and Mrs. Ellis moved to their home north of Earth, where Ellis enjoys growing vegetables for his family's use. He has grown fantastic climbing okra, several of which have been 20" long, and his cluster of six sweet potatoes on one vine is just as amazing. His wife, Golda Faye, teaches young children here in the Church of Christ Sunday School.

Looking at this man who seems so young for his age, one wonders what his secret is. He remarked, "I stay happy, don't get sour; I mix and mingle, what I say is in fun, but I mean it."

What a happy, healthy life he has had. He was never in the hospital in his life until last year. Such a remarkable person, who has been so richly blessed with a sense of humor and a zest for living. We are proud to welcome him and his wife to Earth. Claude Ellis is exceedingly proud of the rare species of vegetables which he has grown

Sunnyside Grocery Loses \$1300 in Robbery

The Sunnyside Grocery Store was broken into and robbed of approximately \$400.00 cash, and \$900.00 worth of jewelry, cigarettes, clothes and a rifle, Sunday morning about 4:00 a.m. Dimmitt Sheriff Jack Cartwright reported that Tex Conner, owner of the Sunnyside Grocery Store called him, when he discovered the break-in Sunday morning.

The front glass window was broken out for the robbers to gain entrance into the store. Sheriff Cartwright said that this was the first county break-in lately.

Investigations are being made, but at press time Wednesday, nothing definite has been reported concerning the suspects. Rain following the robbery prevented tracing footprints.

Price This Week's Winner

Larry Price was named first place winner in the Piggly Wiggly sponsored football contest, receiving a \$7.50 certificate in merchandise.

Second-place winner was Bill Freeman, who won a \$5 certificate; third place was Mrs. Gerald Inglis, who won a \$2.50 certificate.

Larry Price had a perfect score with the exception of the tie-breaker, Springlake 28-Farwell 13.

Bill Freeman missed the Baylor-Kentucky game, and the tie-breaker, Springlake 35, Farwell 14.

Mrs. Inglis missed the Baylor-Kentucky game, and the tie-breaker, Springlake 21, Farwell 14.

Bill Cooper, Piggly Wiggly manager, announced the dead line for entering the contest as Wednesday at 5 p.m. each week.

President Jefferson had Congress authorize the first survey of the coasts and harbors of the U.S. in 1807.

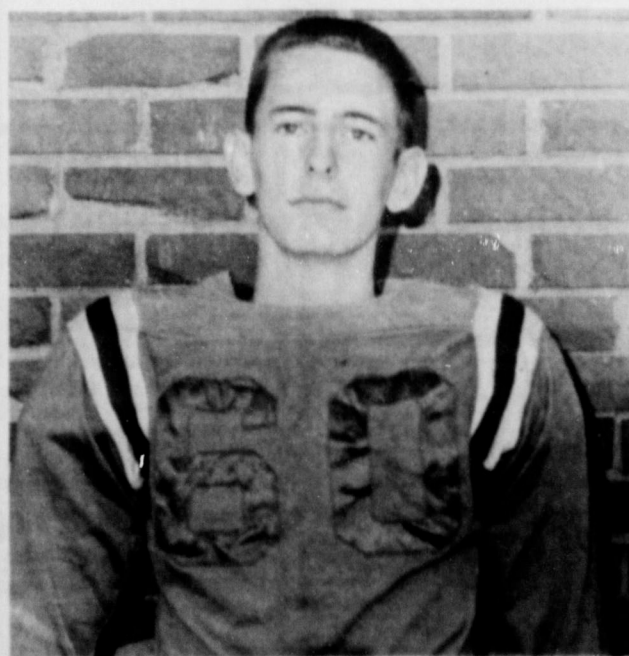

Small nails were cut from sheet iron in the early 19th century.

First transatlantic cable of 1858 used iron wire to conduct the electrical impulses across the ocean.

Ferdinand Hassler, a Swiss engineer, made the first coast and harbor survey for the U.S. in 1816.

in Earth. This is really a hobby, growing vegetables for his own use. His most recent products are those of fantastic climbing okra, several of which he proudly displays in the picture, and clusters of sweet potatoes, growing from one root. The rich soil is wonderful. Even though Ellis has lived in California, having raised fruit, vegetables, etc. there, nothing has fascinated him as much as the mysterious enormous items produced here.

Lazbuddy News...

By: Mrs. C. A. Watson

The Lazbuddy Independent School District is planning a building program that will include a new lunch room and cafeteria, a new homemaker department, three classrooms, a new science laboratory and other related facilities. The new building will be between the high school and elementary school building. This will be connected to the oldest school building on the campus known as "old red" the brick building that many grandparents and parents of children attending the school now attended classes in Lazbuddy school. A meeting held Monday to discuss the proposed building program was held in the school cafeteria. The bond election will be held at a later date.

Kim McDonald was honored with a birthday party Thursday in the home of her parents, Mr. and Mrs. J. McDonald. Present for the occasion were: Ann Blackstone, Donnie, Connie and Dannie McDonald, Michelle Schumann, Lee Ann Farley,

Legay Vandiver, Karan Mimms, Pam and Kim McDonald, Marlene McDonald, Mary Schuman, and Kim's mother, Mrs. McDonald. After gifts were opened the children played games and enjoyed refreshments of ice cream and birthday cake.

Mr. and Mrs. J. E. Williams visited in Poolsville, Texas over the weekend with the Jack Duvalle family.

Mr. and Mrs. J. McDonald went to Albuquerque the first of the week to take their daughter Kim for treatment of asthma.

Mr. and Mrs. Jerry Temple from Clovis visited Sunday with the Wayne Clark family.

Attending the state Farmers Union Convention in Austin last week from Lazbuddy were Mr. and Mrs. Wyle Bullock, Debbie, and Ronnie, Edith Greaf, Mr. and Mrs. Sam Bradley and Howard Carpenter. Debbie Bullock gave her 15 minute original poem in memory of J. F. K. by request of members of the state convention.

Lazbuddy FFA boys won third

place in both the Junior and Senior division in Farm Skill at the FFA leadership contest in Muleshoe Saturday. Senior boys winning were: Terry Parham, Danny Miller and Curby Burch. In the Junior division was Ronald Mayfield, Eddie Carthel, and Dale Blackstone.

Mrs. Ralph Cox accompanied her mother, Mrs. James Wilson of Friona to Oklahoma over the weekend where they visited her sister, Mrs. Claud Irvin.

Eugene Houston from Junior College in Amarillo visited his parents Mr. and Mrs. Raymond Houston.

Area H. D. Club organizations are meeting at the Oklahoma Lane Community Building Tuesday of this week for a United Nation Luncheon, four countries are to be represented.

Kathlene Thurman, daughter of Mr. and Mrs. Pat H. Thurman, Matador Circle, Austin, and Dean Watkins, son of Mr. and Mrs. Claud Watkins, Lazbuddy will exchange wedding vows Friday November 20 at 6:30 p. m. in the First Christian Church in Lubbock. G. S. Armstrong Has "Green Thumb"

G. S. Armstrong never ceases to amaze his friends with his "green thumb."

His latest surprise was raised by him in his small vegetable "patch." Enormous purple top turnips, approximately eight inches in diameter and broad leaf mustard, fifteen inches long are proof of his ability in producing rare specimens.

Armstrong revealed a few of

his secrets. "Just put the seeds in the ground, and don't forget them; work the ground good, and water it often. Don't say you can't raise a garden. This is the best country any where for growing things."

This is a hobby of Armstrongs and he has been highly rewarded many times for his efforts in the unusual surprises which he receives.

Fraternity. Watkins graduated from Lazbuddy High school in 1959 and was valedictorian of his class.

Hunters Asked To Polish Up On Safety Rules

Careful nimrods are polishing their safety rules as well as their "guts" in anticipation of deer season which opens November 14.

And unless a few simple regulations are observed, this year's deer season may spell disaster for a number of Texas hunters, says Wallace Klusmann, Extension wildlife conservation specialist, Texas A&M University. It's the "over-anxious" hunter who endangers the lives of fellow hunters and causes needless damage to wildlife.

Two-thirds of all hunting accidents are caused by humans in the line of fire, humans mistaken for animals and hunters not using the safety catch on their guns, points out Klusmann.

Among the rules of good hunting sportsmanship are using the proper caliber gun for the game, hunting only in season and bagging no more than the limit permits.

Thoughtful hunters are careful with fire, asserts the

specialist. They never throw away a lighted cigarette or leave a burning campfire, since either can start a destructive grass or forest fire.

It is important to respect the rights of others and to obtain permission before going onto another's property. Treat all property as if it were your own and don't litter the countryside.

Handle every gun as if it were loaded, never carry a loaded weapon in an automobile and be sure the action and barrel are clear of any restriction, advises Klusmann. Carry the gun so you have control of the muzzle direction even if you should stumble, never pull the trigger until the target is sure and never point a gun at anything you don't intend to shoot.

Lastly, gun powder and alcohol don't mix, Klusmann urges hunters not to drink one for the road or for the woods, either.

Follow these safety rules for an enjoyable hunting season and have a "bag full" of fun, says the specialist.

Sunday guests in the home of Mr. and Mrs. Billy H. Hodge, were Mr. and Mrs. Bill Gable and family, of Pleasant Valley, and Mr. and Mrs. Preston Sampler of Olton. Karen Locker of Muleshoe was also present.

Law Says Don't Shoot Large White Long-Legged Birds

The Bureau of Sport Fisheries and Wildlife has asked hunters in the Central Flyway states to be on the lookout for the rare whooping cranes whose migration from the far north to their winter home on the Aransas National Wildlife Refuge on the Texas Gulf Coast is now in full swing.

At last count, nine of the huge white birds had arrived safely at Aransas, according to Refuge Manager Bob Shields. On October 31, two adults and one young bird were observed on the Kirwin National Wildlife Refuge in Kansas. On November 1, these same three birds had moved on south to the Quivira Refuge, also in Kansas.

On November 3, this traveling trio were resting on the Salt Plains National Wildlife Refuge near Jet, Oklahoma, where one lone whooper had been seen on October 6.

The repeated sightings of the rare whoopers on refuges operated by the Department of the Interior wildlife agency again points up the importance of the National Wildlife Refuge system to the cranes in their fight for survival. Thirty-two adults went north last spring. They nest only on the Wood Buffalo National Park, Canada's largest park, and winter on the Aransas Refuge near the village of Austwell, Texas. An additional four birds, two young and two

adults, were seen last week on the headwaters of McConaughy Reservoir in western Nebraska, and are presumed to be enroute to Aransas at the present time.

The cranes are the largest white birds in America, having a wingspread of over seven feet. Hunters are cautioned to leave all large, white, long-legged birds strictly alone, as any bird that would fit this description is protected by both state and federal law.

Weather Lowers Quality of Cotton

The rain and extremely heavy dews the past week lowered the quality of the cotton classed at the three South Plains Classing Offices of the U. S. Department of Agriculture, according to W. K. Palmer, in charge of the Lubbock office.

The harvest was continuing to gain momentum until interrupted by the mid-week rains. Samples received at the three USDA Classing Offices at Lubbock, Brownfield and Lamesa declined sharply on Friday and Saturday. Sample receipts at the three offices were averaging 15,000 daily early in the week.

The three USDA Classing Offices at Lubbock, Brownfield and Lamesa classed 57,600 samples during the week ending Saturday, November 7th. This brought the season's total for the three offices to 164,800. At this date last year the three offices had classed 236,000 samples.

During the past week, approximately 60 per cent of the cotton classed at the Lubbock Classing Office were in the

White grades with 30 per cent of all cotton classed being Middling or better. This was a sharp decline in the percentage of the higher grades from the previous week when 51 per cent of the cotton classed was Middling or better. During the past week, approximately 40 per cent of the cotton classed was in the Light Spotted and Spotted category with Middling Light Spotted making up 27 per cent of the total.

Average staple length declined slightly again the past week. The average length was 30.3 thirty-seconds of an inch compared to 30.4 thirty-seconds of an inch one week earlier. During the past week 40 per cent of all cotton classed at the Lub-

bock Office was 31/32 and longer. The previous week 45 per cent was 31/32 and longer.

Micronaire readings continued to decline slightly but were still very good. Eighty-eight per cent of all cotton "miked" in the Lubbock Office was in the desirable category of 3.5 and better.

The USDA's Agricultural Marketing Service reported continued increased trading in new crop cotton. Prices for White grades ranged from CCC loan levels to 55 points over the loan. Light Spotted grades were still in greatest demand and were bringing from 20 to 130 points over CCC loan rates.

Prices quoted in the Lubbock market for the most predominant qualities were 28.75 for Middling 15/16, 29.35 for Mid-

Six Rural Accidents Reported In Lamb County During October

There were six rural traffic accidents in Lamb County during the month of October according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

From these crashes three people were injured and an economic loss due to property damage amounted to \$4,735.00.

Summarizing rural traffic accidents from January through October of 1964, the picture shows 103 wrecks, eight dead, 43 persons injured and \$92,870 in property damage.

We are heading into the winter months! Our vehicles need winterizing. But in the words of the Patrol Supervisor, "Don't winterize your car alone--winterize your driving too."

Get the jump on bad weather by having your vehicle safety inspected by an authorized garage to assure its good performance in the months ahead. Then check to see that anti-freeze, snow tires or tire chains

and ice scrapers are handy, for "Today's inspection is tomorrow's protection."

We cannot regulate the weather but we can regulate our driving. The Sergeant suggests in snow and ice to 1. SLOW DOWN and leave more SPACE between cars. 2. KEEP WINDSHIELDS clear--turn on LIGHTS to help others. 3. EXTRA SLOW on turns, intersections, crest of hills. 4. When BRAKING, pump to avoid locking wheels in skid. If skidding, turn wheel in direction of skid, don't slam on brakes, slow down easily.

Mrs. Ed Bell and Michelle visited in the home of Mrs. Fern West and in the home of Mr. and Mrs. Gale Ballard, last weekend. They returned Sunday.

Mrs. Fern West recently returned to Hobbs, New Mexico, after visiting in the homes of Mr. and Mrs. R. L. Drake and Mr. and Mrs. Ed Bell.
