DISPLAYING TWO splints being used in the EMT course now underway in Knox City two nights a week are, kneeling at left, Sue Marion, and standing, Cornelia Tolleson and Roland Marion. The splint at left, the Thomas Half-Ring, has to have the supporting strips put on by hand after the ambulance arrives, while the Hare Traction supports are already attached in the proper position, saving minutes in readying a patient in addition to lessening pressure in case of broken bones.

EMT Course Now Underway Here

The Emergency Medical Technician course which began in Knox City last month is well underway with 21 persons enrolled.

Nine, including Bobby Hutchinson, Jeanie Carden, Reba Redder, Thelma Maston, Curley Awalt, Melvin Cypert, Mickey Jackson, Roland Marion, and Craig Williams are re-certifying.

Others who are enrolled are Corine and Wayne McKinney, Sandy Christensen, Billy Bob Reynolds, Sue Marion, Cornelia Tolleson, Ila Gross, Gayle Boyett, Debbie, Bishop, Jill Hayes, Jackie Young, and Delores Wilde.

The class instructor is Gamble McCarty, EMT and firefighter of Vernon.

The group meets on Tuesday and Thursday nights at the Community Center in Knox City for three hours of instruction each night.

Beginning on January 12, the class will conclude April 10.

The Knox City students are planning a bake sale in the near future to raise funds to purchase a Hare Traction Splint, which sells for $189.00. The older red Ambulance has no splint of any kind while the new ambulance has the Thomas Half-Ring Splint, shown in the accompanying photo.

Communities are very fortunate in having persons care enough to take the course, pay for it themselves, and then volunteer time to help with the ambulance service. If there are those readers who would like to donate toward the purchase of the new splint, they should contact Roland Marion or any of the other students.

Houndettes Win Two District Contests

By Coach Steve McIlhaney

Last week, the Houndettes won two district basketball games by defeating Rule 43-27 and Lueders-Avoca 59-21. This raised our district record to 9-0 and our season record to 15-8. Also, the Houndettes have won eleven in a row and 15 of the last 16 games.

Against Rule, the Houndettes played consistent basketball the whole game scoring ten or more points in each quarter while holding Rule below ten in each of theirs. Rule is the second place team in district at this time with a 7-2 record.

In the Lueders-Avoca game, the Houndettes were held to a 6-6 tie. But in the second quarter, the Houndettes scored 26 points while holding Lueders-Avoca to seven. The second half was also like the second quarter with the Houndettes outscoring Lueders 27-8.

We now have three games left in the district Round Robin before the district tournament which will be held February 19 and 20.

Hospital Pursuing Remodeling Plans

Tom Haden, administrator of the Knox County Hospital, was recently contacted regarding the hospital's plans for remodeling and new construction.

Harden stated the Board of Directors had authorized him to pursue plans for the needed improvements and to solicit incremental costs for the work. The administrator met with architects last Tuesday, January 27, to discuss plans for the hospital. According to Haden, there are remodeling requirements which are necessary to prevent punitive action by the State regarding the operation of the hospital. The Life Safety Code of the State of Texas specifies certain minimum requirements which must be met to insure the safety of hospital occupants. Additionally, there are needs which would result in energy savings while simultaneously providing more comfort for the patients. The architects have been asked to present their plans for bringing the existing structure into compliance with the Life Safety Code and to include as a separate cost the expense involved in providing a central heating and cooling system.Haden indicated these adjustments were needed as a minimum to enable Knox County Hospital to continue serving the residents in the years ahead.

The architects were also asked to include in their final cost estimate the expense involved in adding a new wing to the structure to house the emergency room, surgery, labor and delivery, and radiology. This addition would provide a central area for related services and would provide the patient with the proper environment for these special services. The current structure does not allow for the proper precautionary measures to be incorporated as is done in modern facilities. Haden stated the addition of a new wing would greatly enchance the hospital and should result in helping to maintain and attract the necessary medical talent to serve the people of Knox County.

Haden continued by stating he felt the survival of the hospital was dependent on its ability to comply with the State Code while at the same time providing the medical staff with a safe environment within which to serve their patients. Simply bringing the structure up to State minimum requirements without providing the physicians with the accommodations they need would not bring about the desired results. Haden concluded by saying that we are extremely fortunate to have a hospital in the county, and it would be a pity to have either the government close the facility or to have our fine physicians lured to other hospitals because of our inability to provide them with an acceptable facility.

Haden Receives Pilot License

Knox County Hospital administrator Tom Haden was in Brownwood Tuesday of last week for his FAA check ride prior to receiving his private pilot's license.

Haden began his flight training here in October 1980 with Ken Sickels as instructor.

He and his wife, Laura Lynn, recently purchased a red and white Cessna from Mr. Sickels. Haden said he felt that with the necessary trips he had to make on hospital business, he could save time and money by providing this alternative to commercial transporation.

Comptroller Rep To Visit Munday

Comptroller Bob Bullock will have a representative in Munday on Tuesday, February 17, to answer any questions or assist persons with state taxes.

He will be at City Hall at 1:30 p.m. on the above date.

MEMBERS OF THE Benjamin FFA Chapter recently heard an energy evaluation on the Benjamin Schools. From left are John Kinnibrugh, FFA president; Don Haynes, energy efficiency consultant for WTU: Ray Hartt, space conditioning engineer for WTU; and Mark Oxford, FFA vice-president. These WTU officials presented the energy evaluation assisted by John and Mark. (Benjamin FFA Photo)

O'Brien Girls Continue BB Games

By Dale Wainscott

Munday's and O'Brien's Junior High girls met in competition last week. O'Brien's seventh grade girls defeated Munday's seventh grade girls 31-8, for the third time this year. The eighth grade girls defeated Munday's girls earlier but didn't do as well this time out.

The individual scoring went as such, for the eighth grade girls Stella Eddington led with 10, Feby Ledesma with 2, and Stephaine Rhodes had 1. For the seventh grade girls, Tammy Rogers led with 16, Paula Chambers with 6, Elosie Agraz with 6, Becky Underwood had 1 and Melissa Lerma had 2.

Both units did a fine job. Their last two games are against Crowell at Crowell and Haskell at O'Brien.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"How good God is to Israel - to those whose hearts are pure. But as for me, I came so close to the edge of the cliff! My feet were slipping and I was almost gone."(Ps. 73:1-2)

In this psalm of Asaph, the director of music in the house of the Lord, whom David appointed,tried to keep his heart pure, but was involved in working with all kind of people. He found himself envious of the prosperity and riches of the wicked. They seemed to fare better than he. Their pride sparkled like jeweled necklaces, their clothen fine. They hated God, were sinful and did wicked things continually. They lived a life of ease and their riches seemed to multiply. It was hard for Asaph to understand, but then he realized he had taken his eyes off his Lord. He was looking at the world and the ungodly; for a moment he was envious of what seemed unfair. But then he felt himself slipping. He went to the Lord's house to meditate. He saw the future of the wicked. What a slippery path they are on- suddenly God will send them sliding over the edge of the cliff and down to their destruction -- an instant end to all of their happiness, an eternity of terror. Their present life is only a dream! They will awaken to the truth as one awakens from a dream of things that never really were.

How easy it is to slip away from the truth and get our eyes off of Christ. Remember Jesus said, "Watch and pray daily." Keep your hearts pure.

FROM NEW YORK

Mrs. Richard Brunell of Wellsville, New York, is here for a two week visit with her daughter and her family, Mr. and Mrs. Daniel Greene and Jefferey and is getting acquainted with her newest grandson, Patrick Christopher.

Letters To The Editor

As appears in an article elsewhere in the *News* this week, it is now public knowledge that I have submitted my resignation to the City as Police Chief. Leaving Knox City is not something I want to do. Another opportunity has presented itself, and I feel that it is too good of an opportunity to turn down.

My 13 months here in Knox City have been interesting. There have been a lot of hard times for the Police Department but with the help and support of a great number of people, those hard times have been overcome. A lot of changes have presented themselves, changes to the police work itself that have resulted in some very favorable changes to the City itself. Each change was greeted with initial opposition, but have proven themselves over the passage of time. Traffic Enforcement was undertaken and has proven very successful in the reduction of violations and accidents. Active Patrol on a regular basis was started, the results have been a sharp reduction in reported crimes and burglaries. Public Relations work was started and I feel that the results are evident to all, the Police Department has become an accepted part of the community.

Most important of all the changes is the implementation of the Police Reserve Officer program. I owe a great deal to both Steve Pepper and Shelton Boyd. They both have been a tremendous help to me since they started last year. They have provided many valuable man-hours to the City, all volunteered on their time. My thanks to the two of them, no Officer anywhere could ever keep any finer company.

Many different organizations and people have been very helpful during the past year, the Highway Patrol, the Sheriff's Office and the Munday Police Department have responded many times on so many different occasions with badly needed help or information. My thanks to all of them. A person who is instrumental in the Police program here is City Judge Walter Rauch. His support and co-operation have been without measure. I hope that all the citizens of Knox City appreciate his services.

There are many rumors currently going around about the reasons for my leaving Knox City. I have heard most of them and the only way that I know of to dispel them is to say right here and now exactly why I am leaving my job here. I have been offered a position on the Stamford Police Department that includes greater pay and most of all, a lot more time off. That time off will enable me to have another type of employment outside of policework. I have also been offered a part time position with Stamford Radio Station KDWT. There is no truth to the rumors going around town that I am mad at the City of Knox City or that I have had some sort of dispute with the City Council. The City here is very good to its employees. The benefits far exceed what most other cities offer. The Council and the Mayor have been supportive of Police activities here. They have done the best that they could with resourses on hand. It is my hope that they will continue to support my successor in the same manner. City Manager Faye Railsback and Secretary Ann Darr have helped tremendously with the workload. It has all been greatly appreciated.Before leaving Knox City, I'd like to say a special THANK YOU to everyone at the *KNOX COUNTY NEWS*. You have all been to bat for me on many different occasions and your constant support is something that I will miss greatly in the future. Good luck with your paper in future years.

To my friends, and especially those who will be glad to see me leave Knox City, come see me in Stamford!!

Dear Buddy and Billye Bess,

Just a note to let you know Wesley got to come home last Saturday after 40 days in the hospital. His lung surgery was a success. He is still very weak and has a long way to go yet but is improving daily. Just want to say "Thanks" to everyone in Knox City for their concern. We both appreciate the telephone calls, cards, and prayers. It's friends like we have in Knox City that have helped make this ordeal more bearable.

As ever,
"Mame" Garrison

P.S. Enclosed you will find a check for our subscription. We enioy your paper very much.

(Editor's note: Thanks, and we are glad to hear that Wesley is steadily improving. We agree with you that Knox City has the best people and the best friends that one can have.)

EVERY CHILD SHOULD HAVE GOOD TEETH

It is a mistaken notion that "Baby" teeth do not need care just because the body replaces them with "permanent" teeth. Imperfect "Baby" teeth often cause many later-life dental problems.

Every child should be taken to a dentist at about two and a half years to three years of age. By then all the "Baby" teeth will be in. The dentist will check for minute signs of decay, or any malformations which can cause later troubles. Dental patients under four years old have an average of three teeth that need fillings. If dental-aids are needed, whether it be a child's toothbrush or a good tasting effective tooth paste, we have a complete stock.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?
