Rain and Cold Here During Week

The people of this section of the county were forced to don their heavy coats and gloves this week when the first real northern of the season came rolling in last Monday afternoon to stay for a period of four days.

Temperatures dropped immediately with the first touch of the north wind reaching this section at a slow rain accompanied the longer-than-average winds. The wettest temperature was 27 degrees, according to Ray C. Bomar, director of the Federal Weather Bureau Station here.

The cold wave which started in the northern part of the United States left nine inches of snow in Denver, and coming on further north to leave 4 inches in Duluth and a few flakes in Silverton. This city only received a few scattered flakes which were very small and fell early Tuesday morning.

Precipitation accompanying the weather, amounted to .88 of an inch, Mr. Bomar reported.

As we go to press, indications are that there will be warm weather for a while since the sun is shining brightly and no clouds are prevalent.

Large Number Here To Attend Funeral For Mrs. Morton

A large number of out-of-town relatives and friends attended the funeral of Mrs. J. N. Morton here last week.

Relatives coming here for the funeral were: Mr. and Mrs. Dick Higgins of Dumas; A. W. Morton of San Angelo; Mrs. Marshall Perry of Sidney; Mrs. G. B. Staley of Comanche; Mrs. Lily Morton and Harold Morton of Abilene; Mr. and Mrs. Rudolph Morton of Rotan; Mr. and Mrs. Odell Walls of Hale Center; and Mrs. Eva Morton, Elwyn, Joan and Billy of Canyon.

Friends who attended were: Mrs. J. C. Freeman and Mrs. Elmer Morris of White Deer; Mrs. J. W. Smith and Jo of Plainview; Mr. and Mrs. Malcolm Daniels and J. E. Daniels of Floydada; Mrs. C. H. Uptergrove, Mrs. Harold Harris, Mrs. L. W. Walls and Mrs. James Layton of Hale Center.

South Plains Fat Stock Show to Be Held Soon

The South Plains junior fat stock show will be held March 24-26, 1947, in Lubbock, Texas, Chamber of Commerce officials of that city announced this week.

Two new classes have been added this year, the Spotted Poland China class in the swine division and the Cross-bred Lamb class in the sheep division. The latter classification has been defined as a mutton ram on fine wool ewe, lambd after September 15, 1946.

Another change has been made in the Group of Five Pigs. These pigs no longer need be of the same litter, but must be of the same breed.

Printed catalogs for the show will be mailed exhibitors early in January.

Entries will be accepted from the following counties: Curry, Roosevelt, and Lea in New Mexico; Farmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, King, Dickens, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Gaines, Dawson, Borden, and Scurry in Texas.

Soil fertility is the foundation of profitable farming.

New Amendment to Social Security Act Added Recently

Even though the veteran never had a social security account number card, and even though he never worked on a job covered by the Social Security Act, survivors of any World War II veteran who has died since his discharge may be eligible now for payments under the Social Security Act.

These payments are made possible by a recent amendment to the Social Security Act, according to information received from John R. Sanderson, manager of the Amarillo, Texas, Social Security Field Office. He pointed out, however, that the new amendment does not provide for payment to the survivors of men who died before discharge or release from active duty in the armed forces.

The new section of the Act provides for the payment of monthly benefits to qualified survivors of veterans who die within three years after their honorable discharge from service and whose dependents are not qualified to receive compensation or pension from the Veterans' Administration. National Service Life Insurance payments to survivors are not considered as compensation or pension from the Veterans' Administration.

The measure provides for monthly benefits retroactive to the date of the veterans' death if the survivors file their benefit claims with the nearest office of the Social Security Administration on or before midnight February 10, 1947. Claims filed after that date will be retroactive for no more than the usual 3-month period.

Under those provisions, a widow with one child would receive monthly benefits of not less than \$39 until the child reached age 18, while a widow with three children would receive \$63 a month or more. Lump-sum payments may be made to eligible dependents if the veteran had no children under 18.

As in the case of all other persons qualified for social security benefits, families of deceased veterans to whom this new section of the law applies should come to the nearest office of the Social Security Administration to file their claims as soon as possible.

Legion and VFW Dance "Goes Over" Big

Man Displays Second Crop of Pears Here Last Week

S. R. Turner, who lives on a farm near Silverton, was last weekend displaying a branch of pears which he says was the second crop for 1946.

According to Mr. Turner, he had a very good crop of early pears but immediately following the first harvest which came early due to dry weather, the rains came and the second crop of pears resulted.

The twig being displayed held four small pears, the largest of which was a little larger than a big marble.

SWING OF THE SOUTHWEST FARM MARKETS

Easy trends showed up on most farm products at southwest markets last week, reports USDA's Production and Marketing Administration. Oats and barley had about the only strength. Livestock prices started to level off followed by sharp cotton losses and steady declines on sorghums, poultry and eggs plus an easy undertone on most vegetables.

Cotton rallied late last week after markets closed Wednesday to allow the trade to recuperate from a loss of \$22.50 a bale during the first part of the week. Prices in general dropped about 4 to 5 cents per pound below the previous week's close but were about 7 cents above last year. Demand for cotton was slack because of the unsettled market. Farmers held nearly all current ginnings and took steps to put more cotton under government loan.

Oats and barley were up about 1 cent. See FARM MARKET—Page 8

To Have Another Dance Here Next Monday Night

Last Thursday night, in the Veterans Hall of Silverton, the local posts of the American Legion and the Veterans of Foreign Wars jointly sponsored their first dance, at which a crowd of some 350 people attended.

Dancing began about 8:30 with the West Texas Playboys, a string band which plays daily over radio station KSEL at 3:15 p.m., rendering the music for the occasion. The dance ended at 12:30.

The Veterans Hall, formerly the old Ford building, had been completely repainted for the dance and was decorated with red, white and blue crepe paper.

Another Dance

At a called meeting of the American Legion and the VFW Tuesday night, it was voted that another dance be held next Monday night—Armistice night.

The same orchestra that played last Thursday night is to be used again Monday night, only two or three more musicians will probably be added to the orchestra in order to obtain more volume and insure the dancing public of better music. In all probability, there will be an extra sound system used Monday night also, in order that the music may be better heard.

According to the publicity committee for the dance, circulars and placards are being distributed in many surrounding towns as well as being advertised over radio station KGNC in Amarillo, KVOP in Plainview and KSEL in Lubbock.

Everyone who likes dancing is extended a cordial invitation to attend this dance, the money from which is to be used in the repair of the Veterans' Hall. There's plenty of room, fun and music for everyone.

Last week's crowd was very orderly and it is believed that all who attended enjoyed themselves immensely.

Admission prices are \$1.25 for men and the ladies are admitted free.

Poppies to be Sold locally Nov. 11

West Texas Farmers Need Cotton Pullers Reports C. Hohn

Cotton growers in almost every county in West Texas are crying for pullers to help in the cotton harvest.

State farm labor supervisor C. Hohn, of the Texas A. and M. college extension service, reports that Dawson county needs 1500 additional workers to harvest cotton. There is a demand for the same number in Scurry county, harvest is reaching its peak, and Jones county, as cotton begins to come in, is calling for 1000 laborers. Very few counties in West Texas have enough migrant help, and pullers are being paid from \$1.50 to \$2.50 at the gin.

Since the yield of cotton throughout West Texas is below standard, farmers are having a hard time holding the pullers on the job, says Hohn. Laborers "keep looking for greener fields and are losing valuable time," he adds. There are about 33,000 migrant laborers in the cotton pulling area now, and extension agents and farm labor assistants are working constantly on replacements as workers move to other areas. Bad weather has caused many pullers to leave West Texas and go to other sections where the housing situation is better.

A call for help from the Plains wheat country has come in also, says Hohn. Plains counties need tractor hands for plowing and seeding and year-around workers are being offered from \$2.50 to \$7.00 a day.

Monday, November 11, the local American Legion Auxiliary will sponsor the sale of Poppies in Silverton.

These Poppies, fashioned of red crepe paper, are made by disabled veterans in the many Veterans hospitals throughout our nation.

Many of our boys have given their lives in war that we may live. Several who did not die were seriously wounded and are now housed in some Veterans hospital. It is these men who are mainly responsible for these little red Poppies. We should wear one November 11th with pride and show the world we are proud of our veterans.

Every man, woman and child should be wearing his Poppy proudly on this November 11th—Armistice Day.

Under those provisions, a widow with one child would receive monthly benefits of not less than \$39 until the child reached age 18, while a widow with three children would receive \$63 a month or more. Lump-sum payments may be made to eligible dependents if the veteran had no children under 18.

As in the case of all other persons qualified for social security benefits, families of deceased veterans to whom this new section of the law applies should come to the nearest office of the Social Security Administration to file their claims as soon as possible.

Carnival at School Is Big Success

According to reports, a large crowd attended the Halloween Carnival last Friday night at the high school building.

A third grade pupil, Little Miss Mike Reid, daughter of Mr. and Mrs. Warner Reid, was crowned Carnival Queen.

Proceeds of over \$700.00 were taken in by the carnival. These proceeds are to be used for athletic equipment, including football, basketball, track and boxing equipment.

The faculty and student body express their thanks for this very successful carnival.

Reports indicate that some 750 people attended the carnival.

State Health Officer Advises Treatment For Influenza

Reports coming in from various sections of the State indicate that the number of influenza cases appears to be increasing with the advance of the fall season, and during the past week 930 cases were reported in Texas.

Commenting on this situation this week, Dr. George W. Cox, State health officer, said that most of these cases are mild and lend themselves to treatment readily.

It is essential to realize that influenza, no matter how mild the attack, calls for a period of convalescence, because serious complications can occur if this important fact is ignored," Dr. Cox said. "Influenza is not mass-controllable. However, those persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who continually abuse their health."

The State health officer declared that living by the laws of nature, getting plenty of sleep, daily exercise in the open, nourishing foods and good personal hygiene offers the best known bulwark against all respiratory diseases and added that avoiding habits of any and all kinds detrimental to maximum well being is wise.

Bur-r-p! Are you Turnip Hungry?

Frankly, the members of the News office family don't like turnips but nevertheless a poor little turnip wandered into the office Wednesday afternoon and no one knows where it came from.

This poor little orphan turnip, which has a pretty purple top and is the very image of abundant health, only weighs 3 1/4 pounds and measures seven inches in diameter.

If you like turnips we of the News office offer this little fellow for adoption. Better hurry if you want him though, because he might walk off in the same manner that he walked in.

Mr. and Mrs. R. C. Green of Turkey, Mr. and Mrs. J. D. Strickland and daughters, Jean and Earline, of Plainview, Mr. and Mrs. W. C. Smehee, Doyle Pool and son, Doyle, Jr., of Turkey were guests of Mr. and Mrs. Hugh Nance and son, Loyd Wayne, Sunday.

PERSONAL ITEMS OF LOCAL INTEREST

Congratulations to:

Mr. and Mrs. Durward Brown on birth of an 8 pound 11 ounce son, John Lewis, November 2 in the Tulia hospital.

Mr. and Mrs. Ernest Dickerson on birth of a 5 1/2 pound son, Dennis Wrey, November 4 in an Amarillo hospital.

Mr. and Mrs. W. A. Simmons on birth of a 5 pound 14 ounce son, Michael Ray, November 4 in Plainview.

Mr. and Mrs. C. D. "Dickie" George on birth of a 7 pound son, Donald Joe, at 11:22 November 3 in the Tulia hospital.

Mr. and Mrs. Mickey Pitts on birth of a 7 pound daughter, Lela Carroll, October 26 in the Plainview hospital.

Bill Hardcastle and Jack Curby of Meridian were here Tuesday visiting with Mr. and Mrs. Tom Bomar.

Mr. and Mrs. Bob Dickerson went to Amarillo Wednesday to see their new grandson, Dennis Wrey Dickerson.

Miss Claynell Fowler of Spur spent the weekend with Mr. and Mrs. Clay Fowler.

Mr. and Mrs. Carver Monroe and children were Sunday guests of Mr. and Mrs. Charles Simpson at Lockney.

Mrs. Dave Mayfield is visiting with her daughter, Mrs. J. D. Finch, at Tulia this week.

Mr. and Mrs. Billy Mac Biffle of Amarillo spent the weekend with Mr. and Mrs. Mike Mason. They left Tuesday for Ft. Collins, Colorado, where Mr. Biffle will enter the Colorado A. and M. college.

Mr. and Mrs. Roy Mac Walker were hosts Sunday to Mr. and Mrs. Arthur Arnold and family, Mr. and Mrs. Earl Himmer and son of Merced, Calif. and Clifford Arnold of Plainview.

Mr. and Mrs. C. H. Hall of Melrose, New Mexico, Rev. and Mrs. Porter Arnold of San Jon, New Mexico and Mr. and Mrs. Earl Himmer of Merced, Calif. visited with the Arthur and Douglas Arnolds last week.

Among those from Silverton who attended the Silverton-Esteline football game in Esteline Friday afternoon were: Mr. and Mrs. Parker Rampley, Mr. and Mrs. Mike Mason, Mr. and Mrs. L. K. Gilkeyson, Mr. and Mrs. James Patton, Mr. and Mrs. Arthur Arnold, Mr. and Mrs. True Burson, Mrs. Henry Price and Mrs. Charles Cowart.

Grady Martin and Gene Dickenson, both recently discharged from the service and now attending S. M. U., were home over the weekend.

Mrs. Berton Hughes and son, Robert, returned from Memphis Sunday after visiting with relatives for the past several days.

Mrs. Nash Blassingame of Brice was a Silverton visitor Saturday.

Garner Guest took his mother, Mrs. J. R. Guest, to Dallas this weekend to spend several days with her daughter, Miss Ona Dell Guest. John Earl Simpson accompanied them as far as Wichita Falls where he visited with relatives.

Mr. and Mrs. H. P. Ledbetter, Jr., and children of Amarillo spent the weekend with Mr. and Mrs. Paul Ledbetter and family. Mr. and Mrs. Bud McMinn and Mr. and Mrs. Ervin McJimsey were also Sunday visitors in the Ledbetter home.

Mr. and Mrs. Roy Burrows of Hart were visiting friends in Silverton Sunday.

Rev. H. W. Barnett and Eddie Cox left Wednesday to attend the Methodist Annual Conference at Pampa.

Rev. and Mrs. Orville Richardson and daughter of Gainesville spent the weekend with Mr. and Mrs. C. C. Garrison.

Mr. and Mrs. Jess Brannan and Mrs. Richard Hill were business visitors in Quitaque Tuesday.

Mrs. Jack Coffee of Amarillo is here visiting her mother, Mrs. W. T. Davis, and sister, Mrs. Vern Beardin.

You Take The Rap . . .

Do you take electric power service for granted? Do you feel that when you push a button or turn a switch you will at once be given all the juice you want for any purpose?

That confidence, of course, is justified practically everywhere in this country. No industry has done more than the power utilities in bettering service and at the same time cheapening it. But there are some areas where power service is very much a hit-and-miss affair. One of these areas lies along the Oregon Coast where, some years ago, a People's Utility District (PUD) put out of business the private power company long operated as a typically excellent, state-regulated utility. The result was a disgraceful deterioration in service.

Here, for instance, is a "plea" this PUD recently sent to its customers with their bills: "We ask your indulgence and assistance . . . For the next 60 days power outages will become more frequent if any of us fail to observe and put into practice the following:

1. Use the minimum amount of electricity between the hours of 4 to 6 p.m.
2. Disconnect your water heater during the hours of 4 to 8 p.m.
3. In case of power outages, please turn off all lights and electrical appliances . . . If the outage occurs in the evening, leave only one light on so that you will know that the power has been restored."

Anyone should know what would happen if a private utility descended to this level of power service. The customers would go to the state public service commission, and the utility would get its facilities in order—or else! But things are very different when politics is in the saddle. Then the public is helpless—and consumers and taxpayers take the rap. Socialism comes high whether it be local or national.

Too Optimistic . . .

Americans are an optimistic lot. Most of us apparently figure that misfortune may come to the other fellow, but not to us. That, at any rate, is one way of accounting for our incredible laxity in regard to that great destroyer, fire.

We pride ourselves on being humanitarians—and we permit fires that destroy more than 10,000 lives every year in the most horrible manner possible. One of our principal current problems is the shortage of building materials—and so we carelessly allow some \$600,000,000 worth of virtually irreplaceable property to go up in smoke in a twelvemonth. We talk about our clean, modern homes—and we litter them with the debris that is the starting point of a large proportion of dwelling fires.

Here is inexcusable prodigality. Rich as we may be, we can't afford that waste—and, financial values to one side, all the dollars on earth can't replace a single life. It is literally true that fire is more destructive than war—and fire is an enemy with whom we can sign no peace treaty, but we can lick him.

Every American must know the simple precautions that will prevent most fires—proper upkeep of heating and electrical equipment, care with smoking materials, periodic inspection of homes and other buildings to clear them of inflammable debris. We all know what we should do and it is up to us to proceed accordingly.

COFFEE GRINDER IS BACK—ITS ELECTRIC—Oldtime hand-cranked coffee grinders have been replaced by the new streamlined all-electric unit and advantages of home-ground coffee are again a reality. Coy Corporation engineers have developed the new simple device shown right above. Just a flick of the switch, and it transforms whole coffee beans into freshly ground coffee. Now milady of the coffee connoisseurs can better her coffee pleasure by blending to her taste and grinding fresh each time. The new unit operates either on AC or DC current. Through a simple adjustment any grind flows smoothly into a measuring glass graduated from one to eight cups.

A QUEEN AND A "RAKE"—When Queen For a Day recently selected Rena Guglielmo of San Francisco, California, as Farm Day Queen, Emcee Jack Bailey, complete with overalls and bandana, appropriately

presented her with a tractor, farm implements, and an old-fashioned gas lantern. But Queen Rena, who started her career as a farmerette in Oleggio, Italy, insisted upon trading her royal crown for an honest-to-goodness straw hat.

The small son of Mr. and Mrs. Bud Perkins is ill in the Plainview hospital.

Floy Gilmore of Turkey was a visitor in the home of Mr. and Mrs. Ben Bingham Friday.

NOTICE

I will be in Silverton each Tuesday and Friday nights.

Located in the Silverton hotel.

Your Home

By Frances Alsworth

Weren't you thrilled to hear about America's record breaking wheat crop? I know I certainly was—and my first thought was that now we housewives will once more be able to bake with the fine, white flour we've all been accustomed to using. The minute I heard the news I began planning to bake all the real delicacies that experience has shown are truly delicious when baked with normal extraction flour. One of my favorite "company" recipes is for Parker House Rolls. You might like to try it:

PARKER HOUSE ROLLS
1 package compressed or granular yeast
1 cup lukewarm water
1 cup milk
6 tablespoons sugar
1 1/2 teaspoons salt
6 tablespoons shortening
1 egg
1 cup sifted enriched flour (about)
2 tablespoons melted butter or margarine
Soften yeast in lukewarm water. Add milk and add sugar, salt and shortening. When lukewarm, add 1 cup flour and beat thoroughly. Add beaten egg, yeast and beat well. Add enough flour to make soft dough. Turn out on board and knead until smooth and elastic. Place in greased bowl, cover and let rise in warm place until doubled in bulk. Punch down. Roll out 1/4 inch thick, brush with melted butter or margarine. Cut with 3 inch biscuit cutter. Fold each round in half and seal edges. Place rolls 1 inch apart on greased baking sheet. Brush with melted butter or margarine and let rise until doubled in bulk. Bake in moderately hot oven (425 degrees F) 15 to 20 minutes. Yield: 3 1/2 dozen rolls.
Serve these rolls at your next "company" dinner or luncheon. I'm sure your guests—as mine always have—will beg you to give them such a copy of your recipe!

SUPERVISORS FOR CAP ROCK DISTRICT—Earl I. Cantwell, Chairman, Louie Kitchens, Obra Watson, Pierce White and Bray Cook.

W. E. Morrison, of the Gasoline Soil Conservation Group, included as a part of coordinated Soil and Water conservation program on his farm the closing of the ends of existing terraces in order to hold all rainfall. Mr. Morrison stated, in discussing his Farm Plan with technicians of Soil Conservation Service, that the limiting factor in crop production in that area was lack of rainfall and that by holding water, that he has been losing with open terraces, he expects to increase crop yields. Other conservation measures Mr. Morrison is using are: the strip cropping of small grains, sorghum and cotton, contour planting and leaving all possible crop residue on or near the surface of the soil.

W. B. May, of the San Jacinto Conservation Group, has recently purchased a disc type terracer which can be used on his present farm tractor. Mr. May says the terracer will be used to increase the body, width and height of his present system of terraces in order to keep them in an effective condition and to construct additional terraces on his farm.

Grady Wimberly, of the Gregg Conservation Group, reports that Hairy Vetch seeded the first of September is making rapid growth and is furnishing excellent grazing for livestock.

Joe Woodruff, a Cooperator of the Gasoline Conservation Group, seeded a small acreage to alfalfa on bottom land on his farm. The seeding was made the first of September and will be used for supplementary hog pasture according to Mr. Woodruff.

Weekly SURPLUS NEWS WAA

Copies of a pocket size, informative booklet titled "Veterans—Your Guide To Surplus Property" is now being distributed by the Fort Worth WAA office. Copies have been distributed to all contact offices of the Veterans' administration, county service offices and service officers of all veteran organizations. Individual copies may be had by writing War Assets Administration, T & P Building, Ft. Worth.

The Fort Worth WAA office has thousands of watch-type compasses available to all qualified purchasers. Small dealers may buy as few as 100; large retailers and wholesalers a minimum of 1000. Prices to small dealers are \$1.15; to large retailers \$1.09 and to wholesalers, 86 cents.

Texas, with its many flying services and veterans enrolled in flying training courses under the G. I. Bill, has been one of the largest buyers of surplus aircraft sold by War Assets Administration. A total of 16,755 planes have been sold by WAA since V-J Day. Veterans have bought more than half of the four principal types of transport planes which have been put into service on non-scheduled lines since the end of the war.

If you thought WAA sold only "Large" items of surplus, such as tractors, locomotives and barracks, take a look at some of the "Small" items purchased recently from Fort Worth WAA. R. B. Dawson of Tulsa bought a putty knife; Jess McGuire of Amarillo went home with two pitchforks; William A. Crow of Brownwood found a paper cutter he wanted, and Winfred Atwood of Fort Worth bought a water tank. While the smaller items cannot always

be purchased singly, they are available at site sales as parts of merchandising lots. WAA has thousands of such lots remaining to be sold at site sales.

If you should happen to want it, Fort Worth WAA regional office will sell you a million bottles of ethyl hexanedioil, dimethyl pthalate and indalone. That's "Bug Repellent" to you, son. The price is 2c per bottle for priority claimants and wholesalers, and 3c to small retailers, who may buy a minimum of 50,000 bottles.

Want to buy an island and escape from it all?

The army is withdrawing its troops from Angel Island which it has garrisoned almost continuously for the past 183 years, and is turning it over to War Assets Administration for disposal.

No valuation has yet been placed on the 640-acre island, largest in San Francisco Bay, but plans are now being made by the WAA office in San Francisco for appraisal and classification of the property.

Priority claimants, hardware dealers, department stores, jewelry stores, hotels and restaurants will be interested in the news from WAA that through the Seattle office unused government surplus silverware of distinctive style and appearance is being offered for sale until November 15. All made by nationally known manufacturers, the silverware is

THE VETERAN'S FRIEND

Q. Does the amount of money I make on the job affect the amount of subsistence I receive while attending school under Public Law 346?

A. Yes. While taking a full time course in school, you are entitled to subsistence of \$65 per month if without a dependent or dependents and \$90 per month if you have a dependent or dependents but if you also are employed, the rate of such allowance plus compensation received, shall not exceed \$175 per month if you are without a dependent or dependents or \$200 per month if with dependent or dependents.

Q. I sold my home on which I had a G. I. loan with a VA guarantee of \$1500. Can I get another guaranteed loan to purchase a larger home for myself?

A. Yes, but since you've used up \$1500 of your \$4000 guarantee entitlement, your entitlement on any future real estate loan cannot exceed \$2500.

Q. Does a discharge "under conditions other than dishonorable" mean any kind of discharge except a dishonorable discharge?

A. Yes. An honorable discharge or discharge under honorable conditions qualifies a veteran for benefits under the Servicemen's Readjustment Act (G. I. Bill); a dishonorable discharge disqualifies him, but a discharge that is neither honorable or dishonorable may qualify or disqualify him, depending upon the determination of the "conditions" under which he receives it. Veterans Administration determines all such cases.

Q. What is the National Service Life Insurance Fund?

A. National Service Life Insurance is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited and covered into a separate trust fund in the United States Treasury designated as the NSLI fund. The government derives no profit from its administration and acts in the capacity of trustee of the fund for the sole benefit of the policyholders and their beneficiaries.

Old-Fashioned Tacky Party Held in Barn Loft Halloween Night

A number of friends gathered at the home of Mr. and Mrs. D. H. Yancy Thursday evening and enjoyed a tacky party in the barn loft.

A number of old fashioned games and "42" were played. A prize was given for the tackiest couple. This was won by Mrs. K. N. Tiffin and Herman Ely. Those present were Mr. and Mrs. Bailey Hill and children, Mr. and Mrs. K. N. Tiffin and son, Mr. and Mrs. J. R. Lusk and children, Mr. and Mrs. Richard Hill and the host and hostess.

Pink and Blue Shower In Strickland Home Honors Mrs. Rampley

Mrs. O. C. Rampley was named honoree at a Pink and Blue shower given Saturday afternoon in the home of Mrs. C. M. Strickland. Mesdames Eual Newman, Orna Cornette, Hugh Nance and Roy Mac Walker were co-hostesses.

Guests were greeted by Mrs. Newman and Mrs. Parker Rampley presided at the register.

After viewing the display of gifts, the guests were shown to the dining room by Mrs. Nance. A refreshment plate of sandwiches, individual cakes and coffee was served by Mesdames Cornette and Strickland.

Office Supplies at the News.

Approximately 350,000 women who served in World War II may receive benefits available to all veterans, Veterans Administration said.

Old Regular Meet

The intermediate Girl Scout troop held its regular meeting November 6.

Members present were Lanelle Copeland, Mary Tom Bomar, Frances Norris, Lawanda Garvin and Mona Brock.

Meaning of Poppy Sales.

The girls made boxes to be used about the Poppy sale here Monday. Members present were Lanelle Copeland, Mary Tom Bomar, Frances Norris, Lawanda Garvin and Mona Brock.

LuAnn Phelps Weds M. J. O'Neal, Jr. In Church Ceremony

All Saints Episcopal church was the setting for a beautiful wedding at 3 p.m. Sunday when Miss LuAnn Phelps, daughter of Mr. and Mrs. Dawson Phelps of Tupelo, Miss., and Milburn Jackson O'Neal, Jr., son of Mr. and Mrs. Milburn Jackson O'Neal of Silverton, Texas, were married in an impressive ceremony with the rector, the Rev. William Mann, officiating in the presence of a large assemblage of friends and relatives.

The bridal motif of white and green predominated in the pretty decorations. Floor baskets of specimen chrysanthemums, combined with southern smilax and ferns, were used with tall cathedral candelabra holding lighted tapers.

Preceding the ceremony, a program of nuptial music was given with Gene Desilets, organist, and Mrs. William Rigsby, soloist. Mr. Desilets played "Because" (Jocelyn) by Goddard, "Salute d'Armour" by Elgar, "To Spring" by Grieg, "Ave Maria" by Schubert, and "Prayer" from Hantzel and Gretel. Mrs. Rigsby sang "Panis Angelicus" by Franck, and "O, Perfect Love" by Barnby. The much loved Mendelssohn and Lohengrin wedding marches were used for the processional and the recessional.

The bride, who was given in marriage by her father, wore a modish gold gabled suit with brown accessories and carried a prayer book on which rested brown orchids.

Miss Winnifred Murphy of Jackson was the bride's only attendant. She wore black velvet with fuchsia hat and carried gold carnations.

C. Paul Phelps of Pouchacoula, La., served as best man and the ushers were Jesse Jennings and Kelvin Mitchell of Jackson.

Mrs. Phelps was gowned in black crepe with black accessories. Her hat was feather trimmed. She wore a corsage of gardenias. Miss Josephine O'Neal, sister of the bridegroom, wore a black suit with black accessories.

Following the wedding the couple left for a wedding trip to Lookout Mountain, Tenn., after which they will be at home in Houston, Texas, where Mr. O'Neal is employed as a research chemist for the Shell Oil Co.

Pre-Nuptial Shower Honors Miss Tennison Last Thursday

Miss Frances Tennison, bride-elect of Clyde Mercer, was honored with a miscellaneous shower last Thursday afternoon from 3 to 6 o'clock in the home of Mrs. G. A. Elrod. Mesdames A. P. Dickerson, H. C. Hutsell, Lee D. Bomar, A. H. Jackson, Grady Wimberly, and G. R. Dowdy were co-hostesses. The hostesses were in formal attire.

Mrs. Elrod greeted the guests and presented them to the honoree; her mother, Mrs. Bill Tennison; and Mrs. H. C. Mercer, mother of the groom-to-be.

The reception rooms were candlelighted and arrangements of dahlias, house plants and white chrysanthemums were used for decorations.

Mrs. Hutsell presided in the gift room. After viewing the large display of gifts, the guests were shown to the register, where Mrs. Freda May Denson of Dallas, sister of the honoree, presided.

The guests then assembled in the dining room where the table was laid with a Brazilian lace cloth and centered with white chrysanthemums in a blue pottery bowl flanked with white tapers in pottery holders which matched the bowl. A refreshment plate of angel cubes topped with blue rosettes, parched pecans and coffee was served. Plate favors were white and blue wedding bells bearing the inscription, "Frances and Clyde, November 17."

Miss Jemmilla Turner sang a solo, "An Hour Never Passes", accompanied by Miss Mary Dell Johnson. Miss Joy Belle Deavenport gave a musical reading, "A Heap O' Living." She was accompanied by Miss La Rue Gilkeyson. Miss Johnson rendered soft music during the afternoon.

Forty-five guests registered and 67 persons, who were unable to attend, sent gifts.

The athletic program in Veterans Administration hospitals is designed to hasten the return of veteran-patients to normal life.

Sausage Is Popular At Any Time of Year

The tangy flavor of pork sausage makes it popular at any season, but this satisfying meat fits particularly well into autumn meals. It may be served at breakfast, lunch or dinner. It may be combined with the season's vegetables, to make them more flavorful and appealing. And don't forget—sausage is a natural to go with those luscious fall apples!

Here are two combination dishes in which pork sausage plays the lead role. They're "different", and decidedly tasty. What's more, they're both oven dishes, so may be used as the center of an oven meal.

Deep-Dish Sausage Pie

1½ pounds pork sausage
2 cups diced potatoes
1 cup diced turnips
1 cup diced carrots
1 cup cooked peas
1½ cups gravy
Biscuit dough

Make pork sausage into small patties. Brown slowly in frying-pan. Make about 1½ cups thin gravy, using some of sausage drippings. Place diced vegetables in a greased baking dish, with sausages on top. Cover with gravy. Cook in moderate oven (350 degrees F.) until vegetables are tender, about 1 hour. Fifteen minutes before serving, add cooked or canned peas, and cover with biscuit dough. Increase oven temperature to 450 degrees F. and continue baking until crust is

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago
Released by Western Newspaper Union

LESSON FOR NOVEMBER 10

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

PAUL FOUNDS THE CHURCH AT PHILIPPI

LESSON TEXT—Acts 16:11-15; Philippians 2:5-11.

MEMORY SELECTION—I can do all things through Christ which strengtheneth me.—Philippians 4:13.

Missionary zeal keeps a Christian in action for God. After a time at the church in Antioch, the urge to preach the gospel sent Paul out on his second missionary journey. This time his partner was Silas, because he and Barnabas had separated over taking Mark along, since he had turned back in the midst of the first missionary journey. Timothy took his place (Acts 16:1-5).

Our lesson is of unusual importance because it tells us how the gospel first came to Europe, from whence it later came to America. Paul's efforts to continue his ministry in Asia were hindered by the Holy Spirit (Acts 16:6, 7). It was then that he was given a heaven-sent vision of a man in Macedonia crying for help. At once the party set out to obey the leading of the Holy Spirit (Acts 16:9, 10).

I. Paul's Ministry to the Philippians (Acts 16:11-15).

Philippi was an important city, a Roman colony and outpost. Apparently the Jews who had come there to live had not felt any strong desire for religious fellowship, for they had built no syna-

Any Time By Appointment

gogue. Certain godly women met on the Sabbath by the riverside for prayer. Here was Paul's opportunity and he took it.

The story of the conversion of Lydia has many elements of special interest. It presents the turning point in the progress of the gospel, which by the grace and leading of God brought it northward to Europe rather than southward into Africa or eastward through Asia. Many of us have heard because of the way Paul was led, and one wonders if Europe and America might not otherwise have been the "dark continents" rather than Africa and India. We are what we are by the grace of God. He sent us the gospel through Paul that day at Philippi.

Then we note that the first convert was a woman. She was not the last woman to give an attentive ear and a believing heart to the gospel message. The church through all its history has been blessed by the readiness of women to bear and heed the gospel.

We like to note that Lydia set a pattern of hospitality and service which her sisters in the church have maintained (see v. 15). She "constrained" the visiting preachers to enjoy the comforts of her home, and thus put forward the work of Christ (see III John 5-8).

It is encouraging to observe how perfectly the leading of the Holy Spirit worked out in the experience of Paul and his brethren. The Lord sent his prepared messenger to the place where there was a prepared heart waiting to receive the Word.

We may confidently go on the errands of our God, knowing that when he leads he goes before and prepares the way. That does not mean that there will be no trials and difficulties. Paul had plenty of them (see II Cor. 11:23-33). But it does mean that we may go with the assurance of blessed results, in his name, and with the grace to bear whatever comes along the way for his glory.

The second Scripture portion of our lesson is not related to the first except that it gives a portion of the letter which Paul, by the inspiration of the Holy Spirit, wrote to the church which he had helped to establish at Philippi about 12 years later.

II. Paul's Message to the Philippians (Phil. 2:5-11).

Although after Lydia's conversion Paul met opposition and suffered imprisonment (Acts 16:16-40), that was only the beginning of a blessed ministry there.

The church at Philippi though poor and persecuted was loyal and warmhearted. They sent a generous gift to Paul, who was in prison in Rome. He wrote to thank them, and his letter became a real hymn of joy and assurance. It discusses Christian experience, its principle, pattern, purpose and power.

Chapter 2 presents the mind of Christ as the pattern of true Christian living. Nothing is to be done for vain glory (v. 3), but in the spirit of Christ, who unwillingly gave up his glory with the Father that he might become our Saviour. It has well been said that if he had not done so, we should have been amazed at his glory, but we should never have been saved.

He who might have "grasped" (v. 6, R. V.) his equality with God, laid it aside that as a man he might die for the salvation of lost mankind (v. 8).

Little wonder that God has given him such a high and exalted position (vv. 9-11). One day every tongue shall confess that he is Lord. Hasten the day!

Mr. and Mrs. Freeman Wood of Tulsa were guests of Mr. and Mrs. Freeman Tate and other relatives here Saturday and Sunday.

Miss Loyd Catherine Barnett, who is attending Texas Tech, spent the weekend with her father, Rev. H. W. Barnett.

Mr. and Mrs. Bill Messimer attended the funeral of their uncle, John Tanner, at Strawn Monday.

Mr. and Mrs. Douglas Arnold are in Clovis, New Mexico, with his mother, Mrs. A. C. Arnold, who is ill.

This week is the anniversary of the Great Chicago Fire of 1871. Probably you don't have Mrs. O'Leary's cow in the garage but are you sure you don't have any fire hazards in the house? Have you had your heating apparatus cleaned and checked recently? Are your electrical appliances in good repair? Do you always keep cigarette trays handy? The Texas Safety association says good housekeeping is one of the first steps in fire prevention.

**WANTED! The best talent in town
to teach Sunday School classes**

During the 18 years between 1926-1944, Church membership in this country has increased 32.8%. During the same years, our population has grown 17.9%. Every Sunday School in America's 253,762 Churches now needs volunteer teachers, to take over regular classes and form new groups who are anxious to learn from the Scriptures the simple, basic truths that will make for better living and better lives.

You don't have to be a college graduate to do this work. You need no diploma from a Bible School, citation, or war decoration. Lessons and teaching aids are ready for you to use. Pastors, Rabbis, and Priests are ready to counsel with you. Visit the Churches in your neighborhood. Select any one that you like, then offer your services as a Sunday School teacher. Your rewards will be many.

"The American Church and Sunday School are the
greatest centers of good in all the world"

**The First Baptist Church
The Methodist Church**

Building Ahead For Your Future!

Your future is bright... electrically. Electric refrigerators, ranges, fans, washing machines, mixers, irons and toasters all are coming back on the market.

And there are newer appliances, home quick freezers, dish washing machines, home laundry units, winning the approval of millions.

Low cost, reliable electric power is necessary for the proper operation of these appliances which will help you to better living—electrically.

A pioneer in building ahead for the future, your Public Service Company is making sure that your future will be bright... electrically... by a 12 million dollar expansion program which will bring the advantages of electrical living to more and more people.

A PIONEER IN
BUILDING AHEAD
FOR THE FUTURE

FARM MARKET—
(Continued from Page 1)

two or three cents a bushel last Friday compared to the previous week's quotations, wheat held steady, but corn and sorghums started down grade. Sorghums dropped about 40 cents a hundred from the previous week's close. Rice markets were active with

supplies scarce and all prices at OPA ceilings. Peanuts gained ground too with the end of price control on peanut oil. Southwest egg and poultry markets reported weaker prices and dull demand for most offerings last week. Trade was barely normal for this season of the year. Turkeys held steady.

Lambs were up 50 cents to a dollar at most southwest markets except San Antonio where prices were lower at \$16.75 to \$18 for good and choice grades. Most good and choice lambs brought \$20 per hundred at Ft. Worth; \$21 to \$21.50 at Wichita; \$21 to \$22 at Oklahoma City and \$22 to \$22.25 at Denver. Ewes were generally stronger too.

Last week saw hog receipts fall about 5000 head below the previous week's arrivals at principal southwest markets. Prices were steady to stronger at Ft. Worth and San Antonio but were off about a dollar a hundred at other terminals. Friday's quotations for top butchers stood at \$23.25 to \$23.35, Wichita; \$23.50, Oklahoma City; \$24, Denver and San Antonio and \$25, Ft. Worth.

Less cattle arrived at southwest markets last week compared to the week before, and prices began to decline. Common and medium steers and yearlings brought \$12 to \$15 per hundred at Houston; \$12.50 to \$16, San Antonio; and \$12 to \$18, Ft. Worth. Oklahoma City quoted common and medium steers \$13 to \$16 while Wichita quoted medium and good steers at \$17 to \$20. Denver moved medium and good shortfaced steers around \$20.

Prices and demand for southwest fruits and vegetables reflected the industrial unrest and unsettled markets for other commodities. Sweet potatoes continued to bring steady prices at shipping points and consuming centers. Louisiana quoted U. S. No. 1 Porto Ricans \$2.60 to \$2.75 per bushel crate. However, potatoes and onions remained dull and weak at both ends of the market. Chicago reported slightly weaker prices for Texas peppers and grapefruit, but stronger for New Mexico carrots.

WANT ADS

FOR SALE OR TRADE—Used 7 ft. Superflex refrigerator. See Carroll Garrison. 42-tfc

FOR SALE—122 ft. galvanized pipe, 25c per foot; 130 ft. large plunge rod at 15c per foot. Long cylinder, \$6.50. 29 ft. 1 1/2" black pipe. See J. E. Daniel, 416 W. Kentucky, Floydada, Texas, or see Austin Bailey at Conoco Service Station. 43-2tp

Annual Election of Committeemen to Be Held in County Soon

Farmers in Briscoe county will receive notices within the next few days about annual elections of community and county farmer-committee, Mr. R. M. Haverty, chairman of the County Agricultural Committee said today.

Each of the county's six farming communities will elect three committeemen and two alternates, as well as a delegate to the county convention where a three-man county committee will be elected.

Mr. Haverty said that approximately 800 farmers are eligible to vote in the elections this year. Eligible farmers are those who are participating in the 1946 Agricultural Conservation Program, or who have a contract

with the Federal Crop Insurance Corporation. This includes owners, operators, tenants, and sharecroppers on farms where the conservation program is being carried out. Because of the community property laws in Texas, the wife may vote if the husband is eligible whether he be landlord, tenant or sharecropper.

In announcing the election, Mr. Haverty urged that all farmers who are entitled go to the polling places in the community and vote. Since the committeemen are responsible for developing, adapting, and administering national farm programs to meet local problems and needs, it is important that the men elected really represent the choice of the

majority of the Farmers in community.

Here are three "light" rules for safer nighttime driving. One—see that all lights are working and in proper adjustment that you can stop within distance your headlights show. Three, lower the beam of other drivers you meet. They are as courteous or not as owl and the pussycat can be better at night—but you can so slow down!

Idaho is derived from an old word meaning "gem of the mountains."

New Flower Shop

IN QUITAQUE

We have opened a new flower shop in Quitaque where we have installed a large refrigerated case to keep flowers crisp and lovely.

We are prepared to handle flowers for any occasion, whatever its nature.

We appreciate the patronage we have received through our shop in Silverton, which we are still operating, but believe that our new shop will be able to better serve our patrons who live in Quitaque and the vicinity of Quitaque. Those desiring flowers may conveniently visit our shop in person at either location for their selections.
