Harvest Proceeds at Slow Pace Because of Rains

urplus of Harvest Machines and Labor is Dwindling Fast

hortage of arvest Hands nd Trucks

he surplus of combines, trucks harvest hands which existed week in the Perryton area is more, reports J. C. Lopez, in rge of the local TEC labor of- which serves Ochiltree and scomb counties. A shortage exists in single harvest hands trucks.

Last week there were 300 idle mbines in the area, but a count ken Tuesday revealed that re were only 64 machines ailable at that time. Many mbines and crews have found rk as the harvest progressed this area, and others moved on rth where they had previous mmitments. The rains on Fri- y and Saturday nights sent ny crews on to other harvest eas.

A shortage of single harvest nds exists, stated Lopez, ough it is not serious as yet. ny workers have been sent by e Pampa and Amarillo TEC bor offices. The most drastic ortage is in experienced self-opelled combine operators.

Ochiltree and Lipscomb county heat growers who will need stom cutting done are request- d to make their needs known at

See No. 1 Page 8

ire Destroys 00 a. Wheat

Fire consumed 100 acres of arl McGarraugh's wheat last hursday afternoon on the Mc- arraugh land a few miles ortheast of Perryton. The fire lso spread into an adjoining ield and burned about 20 acres f Bill Trayler's wheat.

Two combines were working in he field, and chaff from the ront combine blew back on the xhaust of the trailing combine, ecame ignited and started the ield to blazing.

There was a moderate wind, nd the temperature was well ast the 100 mark, which aided n the spread of the blaze.

Harvest Trucks Come From Wide Territory

The Ochiltree harvest is drawing from a wide territory, judging from a count of truck license plates kept by elevator workers at the Perryton Equity. Pete Slough, elevator manager, reports that they have noted tags from Arkansas, North Dakota, Oregon, Illinois, Washington, Indiana, Montana, Nebraska, Mississippi, Colorado, Iowa, South Dakota, Missouri, Oklahoma, Kansas, New Mexico, Arizona, Wyoming, Alabama, California, Louisiana, Minnesota, Alberta and Saskatchewan, Canada. This covers 22 states and two provinces from Canada, which is quite a bit of territory in anybody's harvest.

Services Held For George Rupprecht, Sr.

George Rupprecht, Sr., a resident of Ochiltree county for 38 years, died Saturday afternoon at 4 p. m., at his home in Perryton, after a prolonged illness. He would have been 74 years of age next month.

He came to Ochiltree county in 1910 from East Dubuque, Iowa, and worked in old Ochiltree as a master butcher in the W. W. McLarty Mercantile store until 1919, when Ochiltree moved to Perryton.

In Perryton, he continued to work in the McLarty store until 1924, when he established a grocery store of his own, located in the building where the Perryton Cleaners are now. He operated this store until 1927.

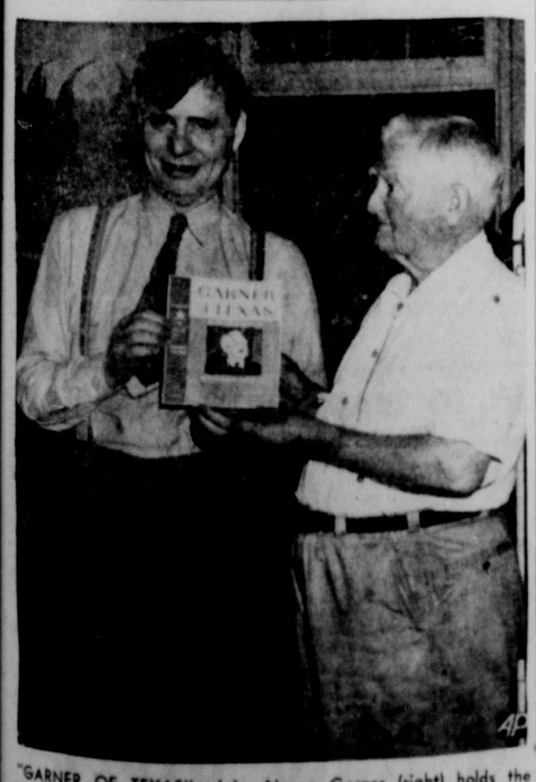

He was the first custodian of the Ochiltree county courthouse, and held that position until January 1, 1945, when failing health forced him to resign.

Mr. Rupprecht was a past master of the Ochiltree Lodge, and served as secretary of the Modern Woodmen of America until quite recently.

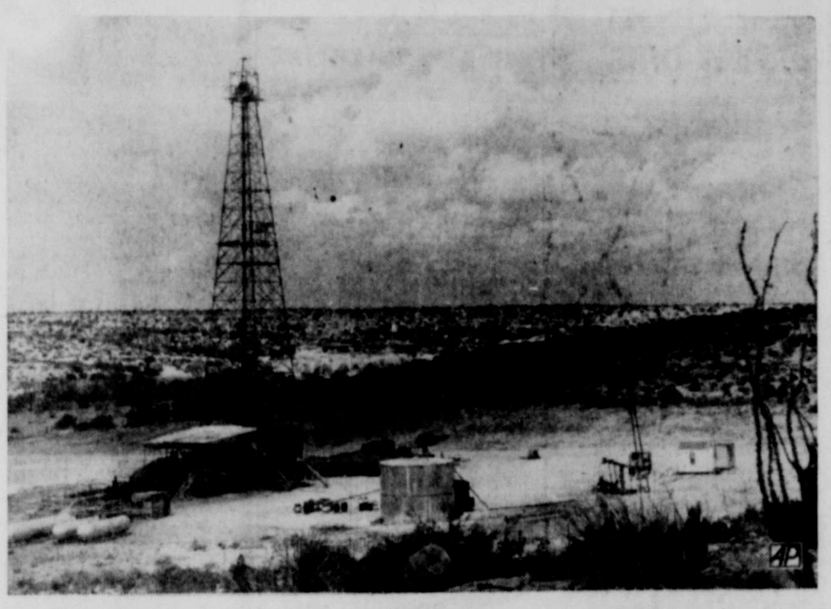

March, 1945.

He was confirmed in the Luth- On February 23, 1897, he was

"GARNER OF TEXAS"—John Nance Garner (right) holds the cover design of the new book written by Bascom N. Timmons (left), veteran Washington correspondent and long-time friend of Garner. The book, "Garner of Texas," is in the hands of the printers.

MODERNITY IN OIL AND RANCHING—A towering steel derrick, topped by the antenna of an FM radio, with the J. C. Mitchell ranch house in the background, complete with city conveniences, shows the modern living in the oil country. The Mitchell ranch is northwest of Sanderson in Terrell County. The small white house to the right houses the transmitter of the radio which provides communication with the oil company's district office.

Miller's Buying Guide for 1948 Has Ochiltree High in Production of Premium Milling Wheat

The Miller's Buying Guide for the 1948 wheat crop in Texas and Oklahoma has been released by the Texas-Oklahoma Wheat Improvement Assn., giving a map report of the organization's survey to determine where the good and poor milling wheat is raised.

This survey is made in the form of a shaded map, showing best quality areas in green and less desirable areas in red. The complete survey is being held confidential to the flour millers, terminal and country elevator grain buyers, and wheat producers in the two states at the request of K. E. Soder, director of the organization.

However, the survey shows only two Texas counties where the entire acreage is 91 per cent or better in good milling varieties of wheat. These counties are Ochiltree and Roberts counties. Ochiltree county has 95 per cent in good varieties, 4 per cent in less desirable varieties, and one per cent in undesirable varieties.

Monahans Man is New Manager Of Virtue Store

Carl Barrett, formerly manager of the W. W. Virtue store in Monahans, Texas, arrived in Perryton Tuesday as the new manager of the Perryton store, replacing Frank Goins, who resigned.

Barrett has been with the Virtue organization for seven years. He was with the Virtue store in Dodge City, Kansas, for five years and has been manager of the Monohans store for the past two years.

He is married and has four children, Carolyn Kay, age 8, Tommie, age 7, Mike, age 5, and Connie, six months. His family is now in Monohans but will join him as soon as housing accomodations can be secured.

Frank Goins, former manager, has left for Oklahoma City. His future plans are unannounced.

Last Thursday Was Hottest Day So Far

The hottest day of the year in Perryton came last Thursday, four days before summer officially arrived. The temperature on that day, according to the courthouse thermometer, was 104 degrees, and there was a fairly strong wind which sent blasts of the furnace-like air across the plains. Since then, because of the week-end rains, the temperature has been in the low 90's quite comfortable for this time of the year.

New City Well Nearly Ready

The new city water well which is expected to ease the water supply situation in Perryton will be ready for use in about a week, according to reports from city officials.

The well started pumping Tuesday morning and the pump was set at a depth of 330 feet, about 80 feet deeper than the other two wells. It will pump at a normal rate of 550 gallons per minute.

The water from this third well will be piped into the present underground reservoir, using the same filter plant that the other two wells use. It was drilled to provide water immediately at a minimum of expense, since it was not necessary to buy much additional pipe or other equipment to put it into operation.

Present plans are for the well to be turned into the reservoir sometime next week.

June 30 Deadline Delinquent Taxes

Ochiltree county taxpayers on the delinquent rolls are reminded that they may make a saving by paying their taxes before June 30, the end of the fiscal year for the tax collector's office.

Penalties will be increased to eight and one-half percent on July 1, and the delinquent taxpayer must also pay a $1 penalty.

Seventeen Candidates File for Political Offices In County

A check of county Democratic chairman Otis Burk's records reveals that Ochiltree county will have four contested races in the July 24 Democratic primary. The deadline for county and precinct candidates to file was Saturday, June 19.

The two "hottest" races will be for sheriff and county judge, with three candidates for each office.

The other two contested races are for commissioner of precinct 2, where Dick Reed and Harlan Hawk are opponents, and in precinct 4, where Sam Handley and George B. Jackson are opponents.

Mrs. Arthur Slavin, county treasurer; Mrs. Sue Ragan, county and district clerk; Clyde Devers, precinct 1 commissioner; Audie Conley, precinct 3 commissioner; Max Boyer, county attorney; Dewey Allen, Justice of the Peace, precinct 1; and Rupert Allen, county surveyor, are unopposed.

In the sheriff's race, the three candidates are Ray Phagan, present deputy sheriff, Rolland Shearer and Clyde Tarbox, city chief of police.

The three candidates for county judge are Dave Shanks, seeking re-election, W. H. Lance, present sheriff, and B. L. Rogers of Farnsworth.

District Offices

Jack Allen of Perryton is unopposed for re-election as district judge of the 84th Judicial District.

Bob Gallaway of Borger is unopposed in the district attorney's race since W. L. McConnell's withdrawal recently.

State Offices

Bill Craig of Miami, incumbent, has two opponents in the race for state representative, 124th district. These men are Paul "Tiny" Teague of Phillips and John White of Borger.

Grady Hazlewood of Amarillo is unopposed for re-election as state senator.

Eleven men have announced for U. S. Senator to succeed W. Lee O'Daniel, and the chances are that local voters have never heard of but three of them. These men are Coke Stevenson, former governor; Lyndon Johnson, present Congressman; George Peddy, Houston attorney; Roscoe H. Collier, Dallas; Ottie C. Myers, Dal-

Herald Editor Elected V-P Texas Press

Van W. Stewart, Herald editor, was elected vice president of the Texas Press association at the closing session of the annual convention in San Antonio Saturday night.

The Herald editor served as a member of the executive committee and was chairman of the resolutions committee during the past year.

Other officers elected were Bob Matherne of the Baytown Sun, president; Addison Buckner of the San Marcos Record, secretary-treasurer; Bard Smith, Weslaco News, William Rowland, Cleburne Times-Review and Richard Dwelle, Winkler County News, members of the executive committee.

One of the features of this 69th Annual Meeting was an address by Gavin Astor, assistant to the

Mother of Mrs. H. B. Urban Dies

Mrs. Clara A. Coppock, mother of Mrs. Harvey Urban of Perryton, died Saturday in a local hospital after a short illness. She was 83 years of age.

Mr. and Mrs. Coppock were among the earliest residents of Ochiltree county. They came here in 1888, and filed on land west of Perryton which later became the "Cap" Dennison place.

Mr. Coppock was one of the first county commissioners of Ochiltree county when it was organized in 1889.

Funeral services were held in

Swimming Classes To be Opened Monday Morning

Swimming classes at the city swimming pool will begin on Monday, June 28, announces Floyd Murry, manager of the pool.

Instructors will be Murry and Norma Flowers, both of whom are well experienced. Last year, there were 20 enrolled in the classes, and more are expected to enroll this year.

The classes will be held on Monday and Tuesday mornings of each week, from 10 a. m. to 12 noon, and will be held for four weeks.

See No. 7, Page 8

Locals to Play Borger Team Here Sunday

The Perryton baseball club, idle last week, will meet the strong U. S. Rubber Works team from Borger at the local ball park Sunday afternoon.

Last week's league game, scheduled at Sunray, was postponed at the request of the Sunray club, who reported that too much rain fell on the playing field to allow play.

All teams in the NPAA league will be idle for the next two weeks for a harvest holiday. Perryton is currently in a tie for third place, behind Dumas and Texhoma.

Little is known about the strength of the Borger team which will come here Sunday, but they are reported to have a collection of experienced ball players and have had a successful season thus far.

The game will start at 2:30 o'clock Sunday afternoon.

Elevators are Full of Grain; Estimate Harvest 35 Per Cent Completed in Ochiltree County

Harvest in the Perryton area is proceeding at a slow pace because of rain. Combines were back in the fields Tuesday and Wednesday after three days of forced idleness while soggy wheat fields dried out. Two heavy rains on Friday and Saturday nights brought nearly four inches of moisture, while more rain came early Tuesday morning to stop harvest again. The rainfall Friday night measured 1.97 of an inch and another 1.88 fell Saturday night in Perryton, making a total of 3.85 of an inch, not counting the moisture Thursday, which had not been measured as the Herald went to press.

This halting of harvest gave crowded elevators a chance to ship out some wheat, but not enough to make any big difference in the storage situation. A shortage of box cars has caused every elevator in the county to be full, except the mammoth Perryton Equity elevator. The Equity, however, expects to be full by Thursday, according to Aldon Bell, manager. The line of trucks waiting to unload at the Equity extended east past the city limits Wednesday night as they made their bid to put wheat in the elevator before it filled.

Some farmers in the Farnsworth,, Waka and Spearman areas are reported to be shipping wheat to terminal elevators in Amarillo by semi-trailer trucks.

The Santa Fe has shipped out around 500 cars since harvest began, according to R. L. Smoot, local Santa Fe agent. Since the elevator storage capacity in the county is 1,500,000 bushels, this means that well over 2,000,000 bushels of wheat has been marketed, in addition to that stored on farms.

Harvest is estimated to be about 35 per cent completed in Ochiltree county. The south part of the county is pretty well along, while the north part and Beaver county have hardly started.

Hail fell Friday night at Perryton but didn't extend very far out into the country. Some hail loss was reported northwest of town, where Gene Cudd, Warren Cudd and Dean McLarty lost some wheat. The hailstones, which covered the ground in Perryton, were fortunately of small size.

JUST HERE and THERE

Our congratulations and best wishes go to George William Hohmann who will graduate Sunday afternoon from the University of California at Los Angeles. George, an honor student of the Perryton High school, lost the use of his lower limbs in the European theatre during World War II.

Smith Ellis, 87 and one of Ochiltree county's first citizens, took his first plane ride last Sunday with his son, Carl Ellis. He was thrilled at this first experience in the air . . . but we are wondering just what his thoughts were as he got his first aerial glimpse of the broad expanse of fertile and productive farms and

Five Wrecks in Perryton Area Injure Three; $3,000 Damage

Five wrecks in the Perryton area during the past week injured three persons and did damage amounting to over $3,000, according to reports of state highway patrolmen and county officers.

A head-on collision Wednesday night between a 1947 Plymouth automobile and a pickup was the most serious wreck of the week. This one occurred when Virgil N. Morrison of Claude, traveling east on highway 117, passed a wheat truck and ran head-on into Homer Dick, driving the Plymouth, who was going west towards Farnsworth.

Both drivers and J. O. Mostrum, a passenger in the Plymouth, were injured and were taken to a Perryton hospital.

Investigating officers estimated the damage to the Plymouth to be around $1,200, and the damage to the pickup at $500.

Another wreck happened south of Perryton on highway 83 Thursday morning when a large house trailer being towed behind a truck driven by Albert J. Clark of Harpersville, Okla., came loose from the trailer hitch as the vehicles were going down a grade. The house trailer turned over, throwing furniture and

Relatives Attend Terhune Services

Several out-of-town relatives were in Perryton for the funeral services of Mrs. Sarah Terhune conducted at the Church of Christ Monday.

They included Mr. and Mrs. Fred Webb, Mr. and Mrs. Elfred Webb, Miss Aneita Faye Webb, Vernon; H. L. Terhune, Wichita Falls; Clifford Webb, Dallas; Mr. and Mrs. Edd Terhune and sons, Mr. and Mrs. T. R. Stewart, Winfield, Kans.; Mr. and Mrs. Glen Terhune and family, Abilene; Mrs. Mayo Varnell, Rogers, N. Mex.

J. C. Eubank, Vernon; Mr. and Mrs. Herbert Williams and Mrs. Jim Degraffenreid, Guymon, Oklahoma.

Mr. and Mrs. Harry Keeling and son, Dan, are planning to spend this weekend with her brother, John Bolin and Mrs. Bolin. Mr. and Mrs. Keeling plan to leave Sunday to return to their home at Hermosa Beach, Calif., but Dan will remain for a two weeks visit.

Mr. and Mrs. J. A. Anderson, Joy and Jan, returned last Friday from a vacation spent at Mt. Pleasant, Texas, where they visited relatives.

Mr. and Mrs. J. E. Mitchell, Pampa, left Tuesday to return to their home after visiting the past week in the home of their daughter, Mrs. Floyd Murry, Mr. Murry and children.

Mrs. Verna Roberts and Miss Dorothea Roberts left Saturday for Wichita, Kans., where they will spend about two weeks visiting their daughter and sister, Miss Rosemary Roberts and other friends and relatives.

CARD OF THANKS

We wish to express our sincere and heartfelt thanks for the many thoughtful and sympathetic deeds of kindness during the illness and passing of our mother. We are especially grateful to the Sanford Hospital staff who were so helpful during those trying days.

PERRYTON, TEXAS

Mrs. Cora Barnes Of Darrouzett Dies on June 16

Mrs. Cora Louise Barnes, long time resident of the North Panhandle, passed away at a Perryton hospital on June 16. She had been in failing health for about a year, being confined to the hospital for some time. Funeral services were held Friday in the school auditorium at Darrouzett, with Rev. C. T. Jackson, pastor of the Darrouzett Methodist church in charge.

Interment was in the Lipscomb cemetery.

Mrs. Cora Louise Strauss Barnes was born in Chicago, Ill., on July 14, 1869 and died at Perryton, Texas on June 16, 1948 at the age of 78 years, 11 months and two days. She came to Oklahoma in 1886 and on March 28 1888 was married to James R. Barnes, who preceded her in death Feb. 16, 1935.

To this union was born two sons, Fred R. Barnes, who preceded her in death May 2, 1923, and Thomas George Barnes, who died on Feb. 27, 1947.

Other survivors are one sister, Mrs. E. M. Dance of Lowell, Ark., one grandson, J. R. Barnes of Darrouzett, two great-grand daughters, Nancy Barnes and Joe Ann Vannatta.

Another Wreck at Waka Tuesday

Another wreck took place in the county Tuesday afternoon at Waka.

This one occurred when a 1941 Chevrolet automobile driven by Floyd R. Winnington, Pampa meat salesman, smashed into the side of a wheat truck driven by Edgar Lawley of Parkhill, Okla.

The wheat truck was turning off the highway at Waka to drive into the Waka Equity elevator when the automobile hit it. The car hit the truck on the right rear wheels.

The truck was slightly damaged, but heavy damage was sustained to the car.

Charges were filed against Lawley for failing to signal a turn and for not having proper signal lights. Charges were also filed against Winnington for unreasonable speed. State highway patrolmen investigated the accident and filed the charges.

CARD OF THANKS

May these few words express our deep gratitude for the cards, the flowers, the food, and all other kindnesses shown us during the extended illness and death of our mother.

The Terhune Family
26-1t-p

Mr. and Mrs. Wayne Lovett and Mrs. Bill McLanahan and children came in Saturday night from Lineville, Iowa. Mrs. McLanahan and the children had been visiting relatives there for several weeks; the Lovetts spent a few days visiting in Perryton before returning to Lineville.

Dr. J. A. Hill Will Be Given Dinner Honor

CANYON, Texas, June 22—Dr. J. A. Hill, who will retire Sept. 1 after serving West Texas State College as president for thirty years, will be honored at an education conference here July 4, 5 and 6.

Dr. Hill, who has been a member of the college faculty since the school opened its doors in 1910, will be guest at a testimonial dinner on the second night of the conference. William L. Kerr, president of the Texas State Teachers College Board of Regents, will preside.

Speakers will include V. A. Collins, Livingston, Texas, board member and past president; Dr. W. J. McConnell, president; North Texas State College, Denton; David M. Warren, Panhandle, vice-president of the University of Texas Board of Regents; Clyde W. Warwick, publisher of the Canyon News and a former state legislator; Grady Hazlewood, Amarillo, state Senator and a gradute of West Texas State; Floyd Studer, Amarillo director of the Panhandle-Plains historical society's museum; Dr. H. Morelock, president-emeritus of Sul Ross State College, Alpine; Dr. L. A. Shirley, dean of West Texas State College, and Dr. Hill.

Ochiltree Ranks 41st in Savings Bond Percentage

Ochiltree county now stands 41st among Texas counties in the sale of U. S. Savings bonds, according to the latest report from the Treasury Department.

The county has achieved 67 per cent of the quota allotted by the government. There have been $118,050.00 of E bonds sold and total bond sales of $140,790.00 in the county.

There are nine Panhandle counties whose percentage of bond sales is higher than Ochiltree, but only one of those, Hale county, has bought more bonds. The Ochiltree quota is higher, thus accounting for the difference in standings.

Thirteen Texas counties have achieved their quota, led by Reagan county, which has a percentage figure of 276.3 per cent.

Over 2,500 View New 1949 Ford On Opening Day

Public response to the unveiling of the 1949 Ford automobile was terrific in Perryton, reports Gene Akers, owner of the A & B Motor Co. A total of 2,500 persons viewed the new Ford on the public showing date last Friday.

The company had two new Fords as demonstrators and had one on display inside in the show room. The two demonstrators traveled 606 miles on Perryton streets, giving rides to the visitors.

Oldest visitor of the day was J. A. Jones, age 81, and the youngest was Carol LaMaster, age 3 months, daughter of Mr. and Mrs. Henry LaMaster.

Mr. and Mrs. C. W. Claybaugh Sr., who live near Houston, Tex., visited in the J. N. Conley home Sunday night. They were enroute to Brigham City, Utah, to visit their son, Mr. and Mrs. Chas. W. Claybaugh Jr. and family, and make the acquaintance of their new grandson, Van W. Claybaugh.

Rev. and Mrs. H. L. Thurston and Miss Norma Thurston, Brownfield, were guests Monday night in the home of Mr. and Mrs. W. E. McMillen.

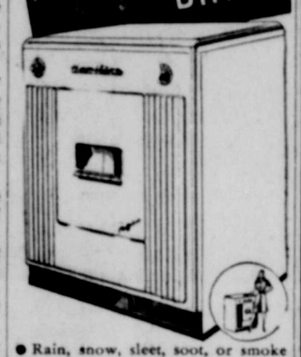

The Irvin Buchanans have returned to Perryton to make their home after several years residence at Arkansas City, Ark.; their furniture arrived last week and they are located at present in the apartment above Perryton Cleaners.

Mrs. D. L. White, Tulsa, Okla., who has been an Ochiltree county landowner for more than 25 years, is in Perryton for wheat harvest. Her grandson, Nelson Moon, Tulsa, accompanied her; he recently completed work on his master's degree at the University of Oklahoma, and will begin work on a doctorate at Columbia University, New York, at the opening of the next term.

THE SANDBLASTER—Herman Barron, golf pro, poins out a few things golfers should know about getting out of a sand trap. He says take a full swing, hit down into the sand about two or three inches in back of the ball, make a full follow through. Do this, and you're on the green.

Men Students At Tech Do Outside Work

LUBBOCK, June 22—More men students at Texas Technological College "are going to work" while attending school than have ever before held outside employment, a recent survey conducted by the dean of men's office reveals.

From the total enrollment in the Spring, 1948, of 4,210 men students, 954 are employed, or 22.66 per cent. The employed per centage has increased approximately 30 per cent over last year.

Those working are putting in a few more minutes average per day than previously, and are getting paid a few cents less than they received last year.

The average working hours per student per month in 1948 is 76 hours and 51 minutes, and in 1947 was 76 hours and 32 minutes.

Of the 89 graduate students enrolled, 57 of them have jobs, or 64.45 per cent.

Perryton Hospital

Jack Williamson and Mrs. Ethel Mounts are surgical patients.

Otis Reynolds and Darrell Ward are orthopedic patients.

Medical patients are J. T. McCarty, M. R. Coffee, Ida Belle Jones, T. H. Blair and Mrs. Harold Hedgpeth.

Army Finds German Friends Expensive

FRANKFURT (AP) — Loitering women are being arrested in this headquarters city of the American Occupation Army at the rate of 250 a week, the provost marshal's office reports. The office said about 40 percent of the women suffered from venereal disease.

German police are cooperating with military police in ridding the streets of prostitutes, but lack of hospital space prohibits adequate care for them, the report says. An increase was reported in the number of persons "rolled"—cases in which the victims spent a night with a newfound acquaintance and woke to find money, watch, clothing and friend missing. The office said Americans should be "more selective" in making acquaintances.

SEASON'S FIRST COTTON—Pablo Rivera, Starr County, Texas, farmer seated on the season's first bale of cotton, sold it in Houston, Texas for $2,456.20 at an auction on the floor of the Houston cotton exchange. Anderson Clayton Co., world's largest cotton firm, bought the bale. H. L. Gossman, (left) is secretary of the cotton exchange. W. G. Davis, McAllen ginner, stands at right.

Navy Makes Money

HONOLULU (AP)—The Navy's Pacific island trading posts made a half million dollars in its first five months—enough to pay back what the company borrowed to go into business Jan. 1. Officials of the corporation, the Island Trading Co., credit the record high price of copra. They deal with the Trust Territory of the Pacific, an area of 2,000,000 square miles including the Marshalls, Carolines and Marianas. "Actually, the Island Trading Co. is a non-profit organization for rehabilitating island economy," explains its treasurer Comdr. Kenneth White. "But to operate successfully, we have had to put the company on a sound financial basis. About half of the $500,000 made by the company can be considered a Navy subsidy in free shipping, salaries for Navy men operating the business and assistance in financing."

Mr. and Mrs. Gene Cudd and Genette had as their dinner guests Sunday Mr. and Mrs. J. E. Cudd, Coke and Betty, Mr. and Mrs. Vernon Witt, Charles, Rebecca and Leslie, Warren Cudd, Claude Sheets of Spearman, Ralph Boyce, Leslie Boyce and Frank Weeds of Utopia, Texas.

Swiss Storks Near Extinction

ZURICH, Switzerland (AP) —The stork is likely to become nonexistent in Switzerland, the "Ornithological Observer" warns. The periodical says there were only eight nests in Switzerland last season, and only five broods resulted, with 20 young. One of the babies was killed when it came in contact with a high-voltage electric line. At Schlattingen, where a pair of storks raised five young, other storks attacked the family. One of the aggressors was killed in the fight.

Mr. and Mrs. Cecil Witt had as their guests last week her mother and father, Mr. and Mrs. John Christopher and her brother Mr. and Mrs. Marvin Christopher all of Neohso, Mo.

Only about 342,000,000 acres of this country's 1,905,000,000 acres aer really good cultivatable land.

Mr. and Mrs. T. O. Pugh and Delos had as dinner guests on Father's Day Mr. and Mrs. John Clifford Daniel and Mr. and Mrs. A. V. Goff.

Spraying Program Completed; To Be Repeated this Summer

Over 5,000 gallons of concentrated DDT solution has been spread by city employees in the form of spray to kill flies, mosquitoes and other insects during the second annual city spraying program.

The sprayer covered every alley and vacant lot in Perryton, along with the edges of the city lake south of town, a fertile breeding ground for mosquitoes.

Although this spraying program has done a world of good, mayor Rufus Boierjack stated that the results were not quite as good as expected, since many residences and businesses have failed to cooperate in cleaning up their premises.

Uncovered garbage cans, high weeds and scattered rubbish were noted in areas over the city. To make the spraying program a success by killing the flies and mosquitoes, the cooperation of every citizen is necessary and that means cleaning up around each home and business house.

The sprayer has covered the alleys, but did not touch the flies and breeding places on individual lots. If premises are cleaned and breeding places destroyed, the insects will be driven out where the city sprayer can reach them.

It is planned to spray the city again in a few weeks. The two heavy rains which fell just after the spraying was completed did much to wash the DDT away and reduce its effectiveness.

Mr. and Mrs. Mark Hall spent the weekend visiting his parents at Hollis, Okla. Mr. and Mrs. Hall returned with their son to spend a week in Perryton.

Mrs. Ethel Rendelman of Little Rock, Ark., and her niece, Caroline Wilson, are in Perryton looking after harvest interests.

VA Deadlines Are Announced by Service Officer

The deadline for eligible war veterans to file applications for free automobiles in June 30, 1948, says Tom Davis, county service office. Veterans who have amputations or otherwise lost the use of their limbs are qualified for the automobiles.

Other important dates for veterans are:

July 31, 1948: Final date for reinstating lapsed insurance without a physical examination. Reinstatement can be made thru the service officer.

July 31, 1948: Last day a beneficiary who received National Service life insurance payments before September 30, 1944 can change option of settlement from Option 1 to Option 2.

August 31, 1948: Final day to apply for terminal leave pay.

December 27, 1948: Final date that survivors of deceased veterans may claim refund of any overpayment of income tax by the deceased for the taxable year of his death and any prior year.

Colonel and Mrs. George Henry were guests the past week in the home of her parents, Mr. and Mrs. Carvey Farnsworth. The Henrys have recently been stationed with the Air Corps in Panama, but are being transferred to Montgomery, Ala. They are now on a vacation trip to California, Oregon and Washington.

Mrs. Horace Smith returned home Sunday from Corsicana, Tex., where she went Thursday to get her son, Freddie, who had spent the past three weeks with his grandparents, Mr. and Mrs. G. R. Arnett. Mr. Smith met his wife and son in Amarillo Sunday and brought them home.

CARD OF THANKS

Methodist Church At Darrouzett Has Bible School

The Darrouzett Methodist church has recently completed a very successful Vacation Church School under the leadership of Mrs. Frank Peterson, who was superintendent of the school.

Morning sessions included Bible study, recreation, devotional services and handiwork. The school began Monday, June 7 and closed with a picnic on the Peterson farm on Thursday, June 17.

Assisting Mrs. Peterson in carrying on the school were Mrs. Burton, Mrs. Myrtle Altmiller, Miss Mavis Altmiller, Mrs. Gene Phillips, Mrs. Watte, Mrs. Albert Faussett, Mrs. Wheatley and Mrs. Long.

Rev. C. T. Jackson, pastor of the church, reported that the total enrollment of the school was 38.

Services Held Monday for Mrs. Terhune

Funeral services were held in the local Church of Christ on Monday afternoon for Mrs. Sarah Adeline Terhune, who died on Sunday, June 20, at the home of her daughter, Mrs. Fred Webb, in Vernon, Texas.

Mrs. Terhune, who had been in ill health and confined to her bed for the past five years, was 88 years of age at the time of her death.

Lee E. Rawlings, minister of the Church of Christ, conducted the funeral services.

She and her husband, the late J. A. Terhune, came to Perryton in 1924. They were married in 1876 and were blessed with 10 children, seven of whom survive. Mr. Terhune died on October 11, 1937.

Mr. and Mrs. Terhune were very active workers in the Church of Christ, and Mrs. Terhune continued her church work until her health would no longer permit it.

Survivors include four daughters, Mrs. Fred Webb, Vernon, Mrs. T. R. Stewart, Winfield, Kansas, Mrs. S. K. Hill and Mrs. Myrtle Alma Johnson, both of Perryton; three sons, H. L. Terhune, Wichita Falls, Texas, Edd Terhune, Winfield, Kansas, Glen Terhune, Abilene, Texas; 25 grandchildren and 17 great grandchildren, together with a host of friends.

Miss Trixie Musgrave, Norfolk, Va., came in today (Thursday) to spend the summer months visiting her sister, Mrs. E. W. Thomas and Mr. Thomas.

Miss Wilson is Complimented

Miss Caroyn Wilson, Little Rock, Ark., was honored at a lawn party on Monday evening; Mrs. Giltner LaMaster was hostess for the courtesy at her home.

Enjoying the informal evening were Mr. and Mrs. Harold Hudson, Mr. and Mrs. Jack M. Allen, Mr. and Mrs. G. K. Rupprecht, Misses Margaret Elaine Hearn, Billie King, Mary Ann Cudd, Don Ellis, Gale Rogers, Phil and Ken LaMaster and the honoree.

Mr. and Mrs. Bill Zirkle and family, Erick, Okla., are in Perryton for harvest.

Fidelis Matrons Have Lawn Party

On June 10, the Fidelis Matrons Class of the Baptist Sunday school entertained their husbands with a lawn social in the home of Mr. and Mrs. Brigham Young.

Present for the enjoyable evening were Mr. and Mrs. Stanly Key, Mr. and Mrs. J. H. Key, Mr. and Mrs. Ray Thomas, Mr. and Mrs. Luther Wade, Mrs. Carl Blackmore, Rev and Mrs. O. C. Curtis, Mr. and Mrs. Ray Wright, Mr. and Mrs. D. R. Gaither, Mr. and Mrs. G. M. Parker, Mr. and Mrs. Emery Castle, Mrs. T. O. Pugh, Lynn Curtis and Mr. and Mrs. Young.

Mrs. Allen is Favored at Tea On Wednesday

A tea to introduce her daughter-in-law, Mrs. Jack M. Allen, was given by Mrs. Jack R. Allen at her home last Wednesday afternoon. The young Mrs. Allen, the former Miss Rita Howell of Sonora, Texas, and Mr. Allen are making their home in Perryton during the summer months.

The hostess, the honoree, her mother, Mrs. J. F. Howell of Sonora, and Mrs. G. K. Rupprecht were in the receiving line.

Marquisette over pink taffeta covered the tea table which held a centerpiece of white lilies with pink tapers rising from it.

A decorated cake was placed at one end, and the crystal punch bowl was at the opposite end.

Members of the house party were Mesdames W. B. LaMaster, H. C. Brillhart, A. C. Witt, H. C. Sanford, C. B. Rogers, D. D. Shanks, W. C. Herndon, Harlan Hawk, Irvin Molesworth, Harold Hudson, Archie Correll, Misses Joyce Lance, Angie Tevis and Carolyn Conley.

Friday Club in Acker Home

Mrs. Max Boyer played high when Mrs. G. W. Acker entertained members of Friday club at her home last week.

Other club members present were Mesdames W. L. McConnell, H. C. Brillhart, Harlan Hawk, Glen McGibbon, LaRue Norris, Vance Apple and W. C. Herndon.

Mrs. Pearson Speaker for Club

Lone Tree home demonstration club members met in the home of Mrs. Robert Barlow on Wednesday afternoon, June 9.

Mrs. D. B. Pearson Jr. was guest speaker; her topic was Mental Hygiene. Another feature of the program was the musical numbers given by Icey Mae French and Lilly Pshigoda.

The demonstration on jelly making was given by Mrs. Virdie P. Wheeler, agent. She stressed the accurate measurements of sugar and juice, and the preparation of jelly in small quantities.

Ice cream and cake were served to Mesdames T. M. Osborne, C. O. Peterson, J. A. Depew, Hamilton Murphy, Jack Osborne, Charles Selby, Glenn Tarbox, Amos Morris and Wheeler; visitors, Mrs. C. J. Carrick and Alma Lou and Norma Mills, Neosho, Mo., Mrs. Oscar Blank, Mrs. Pearson, Lilly and Ruthie Pshigoda, Icey Mae French, Mary Anita, Charlene and Carolyn Selby, Gayle and Charles Peterson.

Annual Reunion Of Karber Family Held Sunday

The annual reunion of the Julius Karber family was held Sunday, June 13, at the park in Liberal, Kans. Threatening rain prevented the group from holding a morning service, but 101 gathered for dinner and an afternoon program.

Those present were Mr. and Mrs. H. H. Karber, Mr. and Mrs. J. P. Karber, Mr. and Mrs. Edwin Neufeld and family, Mrs. Lena Neufeld, Mr. and Mrs. Leon Neufeld, Mr. and Mrs. Allen Hagen, Mr. and Mrs. Harvey Karber and Iona, Mr. and Mrs. Art Weins and family, Mr. and Mrs. Milton Stuffer, Wilbert and Leo Siebert, Mr. and Mrs. Herb Unruh and family, Mr. and Mrs. Ernest Unruh and family.

Mr. and Mrs. Roy Karber and family, Mr. and Mrs. Rudy Loewen and family, Mr. and Mrs. Will Karber and son, Mr. and Mrs. Julius Neufeld and family, Mr. and Mrs. Alvin Neufeld, Mr. and Mrs. John Neufeld and daughter Mr. and Mrs. Vernon Cooper and daughter, Mr. and Mrs. Pete Wiebe and family, Mrs. Eva Degarmo, Mr. and Mrs. Joe Karber and daughter, Mr. and Mrs. L. C. Karber and sons, Mr. and Mrs. Chas. Kennell and daughters and Jim and Robert Karber.

Guests Honored Thursday Morning

Miss Velma Branson and Mrs. Lorena Nicola, Alva, Okla., who were guests the past week in the home of Mr. and Mrs. R. H. Holland, were complimented at an informal coffee last Thursday morning in the Holland home.

Guests for the courtesy included Mesdames W. L. Herndon, L. L. Lance, Paul Bowen, T. O. Pugh Floyd Murry, Raymond Powell and G. S. Burk.

Huntoon Club Meets June 16 In Hummer Home

Huntoon home demonstration club members were entertained Wednesday, June 16, in the home of Mrs. M. S. Hummer. Mrs. Virdie P. Wheeler gave the demonstration, "Food Preservation, Using Sugar."

Two wash day hints the homemaker would find useful are to dissolve a half cup of soap flakes in one cup water in a quart jar. Apply this mixture to soiled collars and cuffs with a stiff bristled brush before laundering. It saves much wear and tear on garments. Dampen a sponge and place in a small bowl. When ironing use this sponge to brush wrinkles if the garment has become dry since sprinkling.

Club members will entertain their families with a lawn supper on the evening of July 21 at the home of Mrs. M. L. Kershman.

Refreshments were served to Mesdames Roy Doerrie, George Graves and son, D. D. Hummer, Jas. McAnally and son, Edward Schroeder, Corwin Trosper, Corwin Padgett, Mrs. Wheeler and Verla Hummer.

Mrs. Jack Dodson returned home Tuesday after spending the past three weeks making the acquaintance of her new grandson, Richard Hubert Bishop, son of Mr. and Mrs. Hubert Bishop, Amarillo.

VAN GOGH . . . The young lady wearing the sleek summer dress pictured above is holding the painting which inspired it—van Gogh's "La Mousme." The packable jersey fabric is printed in a distinctive brush-stroke stripe, and the dress is simply styled with a surplice bodice, graceful skirt and peplum.

Local People at Hot Springs, N. M.

Mrs. Ed Claybrook, Herald correspondent from the Boyd, Okla., community, who is convalescing at Hot Springs, N. Mex., following several months illness writes the following notes of local people and others she has met while at Hot Springs:

"Just to let home folks know how things are going down here in New Mexico. It is really warm here.

Mrs. Earl Overton and daughters left here by bus Sunday evening, June 13, to return to their home near Beaver. They had been visiting her parents, Mr. and Mrs. A. S. Foster and taking the mineral baths. On the way a horse ran in front of the bus, causing a wreck. Fortunately, they escaped with only minor injuries. The driver was badly hurt.

Bill Tedder and nephew, Melvin Tedder, arrived in Hot Springs Monday for an indefinite stay. Will spend much time fishing.

Mrs. Gus Bryan and daughter, Mrs. Joy, daughter-in-law, Mrs. Raymond McCurdy and her daughter, Anita, all of Perryton and Mrs. Hugh McFarland, Beaver, left for home Wednesday morning after a three weeks stay in Hot Springs and taking the mineral baths.

Ed Claybrook left for Beaver county Friday evening, June 11.

Had the pleasure of meeting Mr. and Mrs. F. B. Howland, who are former Beaver citizens.

E. P. Fuller came from Gray, June 3 and is taking the baths and treatments for rheumatism, and grows better daily.

We have new friends here from Oklahoma. Mr. and Mrs. Readnour and little daughter are here from Woodward. Mr. Readnour is a barber and with the fire department at home. He tells us some great stories about their storm last year as well as his fish stories. He goes fishing most everyday.

Here's hoping I may be home in two weeks and see some of my friends there.

Five or six families here enjoy our home papers."

Mr. and Mrs. L. H. Kaup have moved to the farm for the harvest season.

Guild Enjoys Outdoor Affair

An outdoor supper and yard party was enjoyed by members of the Wesleyan Service Guild of the Methodist Church Monday evening, June 21, at the Leroy Hartman home with Mrs. Hartman and Miss Georgia Hurlhey as cohostesses.

Following the delightful feed, with Mr. Hartman serving as back yard chef, a short business session was held. It was decided to send the quarterly missionary fund to Seward, Alaska, to a tuberculosis hospital, and Miss Mary Elizabeth Turner was welcomed as a new member.

Others present were Mesdames Rufus Bolerjack, Freeman Garrett, Howard Holt, C. W. King, Herman Meadows, A. P. McCelvey, J. H. Sharp, Sue Ragan, Lloyd Morgan, Pearl Teeter, Misses Moina Caldwell, Edith Eggleston, Anna Tevis, and the hostesses.

The July 12 meeting will be held with Mrs. Sue Ragan and Miss Phyllis Foreman, hostesses.

Mrs. Boisdorf Has Hi-Bid Club

Hi-Bid bridge club members were guests of Mrs. H. J. Boisdorf at their regular session Friday afternoon. Club prize went to Mrs. John Bolin and guest prize to Mrs. Aldon Bell.

Others seated for the games were Mesdames C. E. Woods, W. L. Herndon, L. T. Tucker, A. V. Goff, Cecil Dodd and A. B. Hankins.

Father's Day Dinner

Mrs. B. A. Johnson entertained with a Father's Day dinner Sunday at her home, 309 South Birch.

Plates were laid for Mr. and Mrs. B. A. Johnson Jr., Booker; Tom Johnson, Portales, N. M.; Bradford Huddleston and son, Junior and Mrs. Johnson.

E. W. Witt left last week to spend some time visiting relatives and friends in Neosho, Mo.

Pink and Blue Shower Wednes.

Mrs. G. D. Scott, Miss Lois Neill, Mrs. C. E. Miller and Mrs. J. R. Kulow were hostesses for a pink and blue shower last Wednesday afternoon at the Turpin Methodist church to compliment Mrs. Lewis Whittet.

Following a short program, Mrs. Scott and Mrs. Miller directed games. Miss Lois Neill was at the guest register.

Little Karen Sue Davis presented the first gift to the honoree, and Linda Lea Mitchell and Carolyn Scott pulled a stroller laden with gifts to her chair, which was draped with blue and white and pink bows on either side.

A stork centered the long gift table decorated with crepe paper streamers.

Refreshments of cake and punch were served to the following guests: Mesdames Lewis Whittet and Freddie, F. B. Whittet, W. H. Williams, R. C. Pyle, Vern Davis and Karen Sue, John Davis, Anna Mae Duff, Prycie Myers, Ernestine Myers, Dale Peters and three children, Johnnie Davis and son, all of Boyd; S. V. Antrim, Roy Stickler Sr., Lewis Duerson, Morris Atkinson, Merrel Kuykendall, Ralph Freeman, W. E. Cooksey, Linda Lee Mitchell, Sublett, Kans.

Mrs. Whittet received many lovely gifts.

Party on First Birthday June 19

A party on Saturday afternoon, June 19, from three to four o'clock at the Bud Fuller home, 1206 South Colgate, marked the first birthday anniversary of their son, Douglas Craig.

After Mrs. Fuller assisted the honoree with the gift inspection, kodak and motion pictures were taken of the group. The refreshment plate served held ice cream and birthday cake; balloons were favors.

Those present for the festivities were Vickie Lea Lawrence, Jerrylee, Joyce Ann, Danny Roy and Boyce Gene Overton, Judy Lea George, Linda Sue Schollenbarger, Sandra Kay Gifley, Linda Dawn Schuster, Mary Wills, Johnna Sue Greer, Mrs. Gene Lawrence, Mrs. Francis Overton, Mrs. Kenneth George, Mrs. Joe Schollenbarger Jr., Mrs. Chellis Gidley, Mrs. Bob Schuster, Mrs. Johnny Greer, Mrs. Roy Enfield, Miss Dorothy Fuller and Miss Laquita Overton.

Those who sent gifts but were unable to attend were Pamela Phelps and Shermalee Fulton.

Picnic for Alva Visitors Friday

Mrs. T. O. Pugh was hostess for a back yard party and picnic supper last Friday evening at the Pugh home on South Amherst. Guests of honor for the occasion were Miss Velma Branson and Mrs. Lorena Nicola, Alva, Okla. who visited in Perryton last week.

Enjoying the informal affair were Mesdames Dorothy Crisp, R. H. Holland, O. A. Schuster, Bob Holland, R. R. Ward, Carl Blackmore, Raymond Powell, Jack Anderson, Pearl Wade, Mae Belle Lawrence, Geo. M. Parker, A. V. Goff, Misses Janice Schuster and Barbara Jo Burns, the honorees and the hostess.

RAIN-OR-SHINE HATS . . . A boon to the girl who doesn't like to carry an umbrella are these new highly styled plastic hats for summer wear, designed by Eve Tartar. Gay, cool and crisp, they keep their freshness through rainstorms, dust and city soot. They can be cleaned by wiping with a damp cloth and, says Miss Tartar, you can even sit on them and they'll spring back into shape. The hat worn by the model is inspired by the classic riding hat, done in sheer plastic and trimmed with black-eyed susans. In one arm she holds a daisy-trimmed white cloche, in the other a huge beret. All are safe to wear in any weather.

Incubator Given By HD Council Now in Use

The incubator purchased recently by the Ochiltree County Home Demonstration council has been delivered and is being used by the county physician. Buying the incubator was the county wide project of home demonstration women during the past year.

At the regular council session last Saturday afternoon, representatives were urged to learn how much they would display. This information should be available for the August 14 meeting. The August council meeting will be held a week early, so that it will not conflict with Perryton's birthday celebration.

The float committee for the celebration has been selected, and their meeting date will be announced later. Women on this committee and the clubs they represent are Mrs. Irvin Molesworth, Waka; Mrs. O. J. Crain, Black; Mrs. M. J. Wolfrum, Lone Tree; Mrs. Edward Schroeder, Huntoon; Mrs. Nathan Newman, Missouri Avenue; Mrs. Errol Flathers, Notla; Mrs. Robert Thurman, Ochiltree; Mrs. Carl Phillip, Taz; Mrs. Sam Judice, McMillen; Mrs. Lester Schwalk, Modern Priscillas.

Delegates were also named to the State convention. They are Mrs. Harold Kershaw, Missouri Avenue; Mrs. Amos Morris, Lone Tree; Mrs. Omar Traux, Waka. Alternates are Mrs. Jack Dodson, Ochiltree; Mrs. H. E. Potts, Taz; Mrs. Robert Barlow, Lone Tree.

Mrs. Virdie P. Wheeler, agent, announced varieties of plum and cherry trees which do well and bear profusely in this area. The Saba and Opata are the best choice for plum trees, and the Montmorrenci is the cherry best suited to this climate.

Representing six of the clubs of the county at Saturday's meeting were Mesdames Warren Gum, T. M. Osborne, Amos Morris, O. C. Rogers, Lonnie McGarraugh, Harry Reimer, Grover Crum, Robert Barlow, Oscar Blank and Virdie Wheeler.

Birthday Dinner For Clifford Gyger

Mrs. Clifford Gyger entertained at dinner last Thursday evening to compliment her husband on his birthday anniversary.

Plates were laid for Mr. and Mrs. Wayne Gyger and son, Mr. and Mrs. E. B. Gyger and the Clifford Gygers.

Marieta Murry Three Years Old

Marieta Murry was the honoree for the children's party which her mother gave on Tuesday, June 22. Marieta was three years old, and after her friends had presented her their gifts and enjoyed hours at play refreshments of cake and ice cream were served.

Those present were Bobbie Wright, Scott Sanford, Arden and Allen Bealmer, John Erickson, Jimmy Stumph, Bill Blackmore, Johnnie Davis, Faye Allison, Leola Phillips, Gil Mize, Kara Bess Apple and Donna Murry.

Adults who helped supervise activities were Marieta's grandmother, Mrs. J. E. Mitchell, Pampa, Mesdames Roy K. Sanford, T. O. Pugh, J. D. Davis, Gilbert Mize and Miss Zona Donley.

Fish Fry Tuesday

Mr. and Mrs. Sibley Jines entertained with a fish fry last Tuesday night at their home.

The guests included Mr. and Mrs. L. M. Oles and Mr. and Mrs. John Fowlston, Amarillo; Mr. and Mrs. Sidney Jines, Miss Polly Holmes, Mr. and Mrs. Jines and Doris Jines.

Texas 4H Girl Has Chance to Get in Movies

A chance for a Texas 4-H club girl to get in the movies is being offered. "The Green Promise" is soon to be filmed and the story is built around a farm family's struggle for success. The cast includes a 12 year old 4-H club girl.

The producers of Green Promise have announced a nation-wide talent search for a 4-H girl to fill the part on the screen, and four girls will be selected for screen tests. These four girls and their chaperons will receive an all-expense paid trip to Hollywood some time this summer.

To be eligible a Texas girl must be under 13 years old July 1, 1948, have been a 4-H girl for two years or more, and be active in 4H work now. Entry blanks and full details have been sent to county home demonstration agents. Selection will be made on the basis of photographs.

Green Promise is sponsored by Glenn McCarthy, Houston business man, with Robert Paige and Monty Collins as co-producers.

Dale Lee came in Monday night from Waco, where he has been a student at Baylor University, to spend the summer months at home.

Pressure Sauce Pans May Be Used in Canning

If pressure sauce pans meet certain requirements and if correct processing times are used, the pressure sauce pan can become a valuable addition to canning equipment. That's according to word received from the USDA's Bureau of Human Nutrition, by Virdie P. Wheeler.

In purchasing a pressure sauce pan for the purpose of doing small jobs of home canning be sure that the sauce pan is tall enough to hold pint jars on a rack and that the gauge allows for pressure to be controlled accurately at 10 pounds.

The experimental report recommends that the processing time be twenty minutes longer than the time recommended for a pressure canner, because the pressure sauce pan heats more quickly and cools more quickly than the pressure canner. As a result the heat necessary for safe sterilization must be obtained during the processing time.

"Canning Vegetables in a Pressure Canner," a booklet, is available at the local home demonstration agent's office.

B&PW Plans Picnic Supper

The July 1 meeting of the Business and Professional Women's club will be a potluck picnic supper at the CC park west of Perryton.

Members voted to hold this type meeting at the regular dinner and business session of the group held last Thursday evening at Hotel Perryton.

Mrs. Frances Ferguson, president, presided for the business meeting; approximately 20 members were in attendance.

WICS Meet on Thursday Evening

Mrs. Alton Boxwell was hostess for the meeting of the WICS of the Christian Church last Thursday evening. Following the covered dish supper, a missionary program was presented with Mrs. Neal Thompson in charge.

Mrs. Jim Anderson, president, was in the chair for the business session.

Present were Mesdames A. E. Pittman, Nell Mounts, C. L. Schell, Phil Daley, Jim Dodson, S. P. Whippo, Thompson, Anderson and Boxwell.

The pulp of the fruit of the colocynth plant or bitter apple is a powerful laxative.

For Congress, 18th District
EUGENE WORLEY

For State Railroad Commissioner:
ERNEST O. THOMPSON

The effects of the Gulf Stream can be traced from the Gulf of Mexico to the ice-free harbor of Murmansk.

Druggists believe that the vine of Sodom in the Bible is the colocynth plant, sometimes called bitter apple.

Phillips Man is Candidate for State Office

PAUL "TINY" TEAGUE

Paul "Tiny" Teague of Phillips has authorized the Herald to announce his candidacy for the office of state representative, 124th District, subject to the action of the voters in the July Democratic primary.

Teague is an employee of the Phillips Petroleum Co. at Phillips and is well known throughout the Panhandle. He is a former student of West Texas State College and is presently working and saving toward reentering school and resuming the study of law at Texas University.

In announcing for the office of state representative, Teague stated that it is his desire to give the people of this district and of the State of Texas fair and vigorous representation.

He believes the great State of Texas should rate second to none in such things as education, public health, assistance to the aged and needy, farm-to-market roads, and the general welfare of the people. He deplores the condition of our rural schools and the neglect of the teachers and the teaching profession in general and says it is time the politicians stopped sidestepping the issue and pass legislation of real and lasting benefit to the educational system.

Teague declares that past campaign promises of state politicians have been welched in regard to old age assistance and farm-to-market roads and that all these things can be corrected by fair and impartial legislation and tax laws. He definitely favors an equitable and just tax on natural resources and believes such a tax will not result in injury to business or industry.

He stated that at the end of the session of last legislature there was no money left in the treasury, because the legislature did not pass a natural resource tax bill. There was support of the bill, but the big interests of the state defeated it. By reason thereof the schools and teachers have had to borrow money to pay the teachers' salaries. In addition, the state ad valorem tax has been increased 35 cents on the hundred dollars over what it was last year. Teague said he advocated a sufficient amount of money in the treasury to prevent this deplorable condition.

Teague said that in the field of all legislative matter, he felt competent to represent the people of this district and would do so with a Christian conscience and the welfare of all the people at heart.

Audean Gray is Attending Health Service Workshop

Miss Audean Gray, college nurse at Panhandle A. & M. College, Goodwell, is attending a work shop in health education at Albuquerque, N. M. The workshop is sponsored jointly by the U. S. Office of Education, the American Cancer Society and the University of New Mexico.

Participants in this workshop, which is being held from June 13-26, are leading educators and health leaders from the four-state area of Arizona, New Mexico, Oklahoma and Texas. The purpose of the workshop is to study the health needs of secondary school students and the preparation necessary in training teachers to meet these needs.

RESOLUTIONS OF RESPECT
In Memory of Brother George Rupprecht, who died June 19, 1948

To the W. M., Wardens and Members of Ochiltree Lodge No. 910, A. F. and A. M.

Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received his reward, the white stone with the new name written thereon.

And Whereas, the all-wise and Merciful Master of the universe has called from labor to refreshments our beloved and respected brother, and he having been a true and faithful member of our beloved Order, therefore be it

RESOLVED, That Ochiltree Lodge No. 910, A. F. & A. M. of Perryton, Texas, in testimony of their loss, be draped in mourning for thirty days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, that a copy of these resolutions be published, and that a copy of the resolutions be sent to the family.

Henry Richardson, Harry Brummett, J. H. Brashears
Committee. 26-1t-c

Miss Kathleen Lee, who is taking nurses training at St. Anthony's Hospital, Oklahoma City, spent the weekend visiting her parents, Mr. and Mrs. Jimmie Lee.

Mr. and Mrs. J. C. Daniel and daughter, Pat, San Diego, Calif., visited last week in the home of his sister, Mrs. Otis Shearer and Mr. Shearer. Mr. Daniel formerly resided in the Balko community, and before returning home the group visited relatives in Oklahoma and Missouri.

Man Saved from Injury at Church Construction Job

Quick thinking on the part of Tommy Jennings, employee of the Ramsey Steel Erection Co. of Borger, prevented serious injury to Frank LaSalle, age 45, in a near-accident at the Methodist church Wednesday morning.

The two men were working on the steel roof girders, high above the ground, when LaSalle seemed to lose his grip on the steel beam. Jennings, who was close by, grabbed LaSalle and held him by the arms until workmen below could secure the stricken man with a rope and lower him to safety.

When LaSalle was brought to the ground, it was discovered that he had suffered some sort of stroke which paralyzed his left side. He had made no outcry, and had not Jennings been quite observant, LaSalle could well have fallen to the concrete below.

A Boxwell ambulance took LaSalle to a local hospital.

At 56, with a Stinson, I'm covering 6 times my former territory!

Bert Noble, manufacturer, Oakland, California

"With a Stinson, I travel 60,000 miles a year in 11 states—and still keep up with all my paper work in the office," says Mr. Noble. "Naturally, my business is growing!"

"My Stinson paid for itself in a few months, on routine business trips of 50 to 1,000 miles—and it adds plenty to my leisure time. Starting at noon, I can fly several hundred miles to see a customer and work out a new contract with him—and then get back home in time for supper!"

Want to apply this money-making idea in your own business? Let us check the facts with you.

See America's No. 1 Utility Plane!

New Stinson for '48 carries four people and baggage, or pilot and 640 cargo-lbs. Spin resistant. Safe. Easy to fly. Cruises at 130 m.p.h., at 5,000 ft., with range of 554 miles. Quick take-offs and slow landings, for short-field operations anywhere. See America's best-selling, 4-place plane. Let us give you a demonstration flight.

FREE FLIGHT TRAINING

We offer free flight instruction—up to the point where you fly the airplane alone (solo flight)—to a limited number of qualified business and professional men. Government-approved instructors. *No obligation. Inquire now!*

No. 1 Continued from Front Page

the local office. The harvest crews are forced to move on if they do not have work lined up in advance.

Lopez stated that the local office has placed 559 single hands, 68 combines and 75 trucks during the past week, and he estimated that at least double this number had found work on their own.

Cutting, trucking and labor requests have been filled from points as far away as Hardesty, Logan, Okla., and Canadian.

E. L. McElhanon arrived this week to assist Lopez in the operation of the local office. Lee Little, secretary-manager of the Ochiltree Chamber of Commerce office, has also assisted in the registration and placement of harvest workers.

Prevailing prices being paid for harvest labor seems to be $3 per acre for cutting, up to 15 bushels, and 10 cents per bushel over 15; combine men are drawing $10 per day to $20 per day, including room and board; tractor drivers and other single hands are drawing from $8 per day up, including room and board.

No. 2 Continued from Front Page

married to Mary Alice Wurster, who preceded him in death in eran church at the age of 12.

To this union was born seven children, two of whom, Clarence and Paul, died during the flu epidemic of 1918. The surviving children are one daughter, Mrs. Lucille Frommelt of Perryton, and four sons, G. A. and Eldon of Perryton, Ralph and Elmer of Follett.

Other survivors are three sisters, Mrs. J. M. Blasingame and Mrs. W. W. McLarty of Perryton and Mrs. J. J. Stelzmiller of Dubuque, Iowa.

Funeral services were conducted at the First Baptist church Tuesday afternoon, with Rev. Herschel Thurston of Brownfield, Texas, in charge, assisted by Rev. Jim H. Sharp of Perryton and Rev. E. B. Thompson of Follett.

Active pallbearers were Dave Shanks, Dr. J. W. Chase, Claude Allen, Clifford Beck, Horace Lackey and Reese Nowlin.

Honorary pallbearers were J. N. Conley, J. A. Jones, J. S. Talley, J. W. Richardson, W. E. McMillen, D. D. Taliaferro, C. W. Callaway, R. T. Shindler and S. R. George.

Interment was in the Ochiltree cemetery.

No. 3 Continued from Front Page

The Spearman and Gruver territory is listed as 99 per cent acceptable, which is tops for Texas. However, the west part of Hansford county is listed somewhat less, dropping down to 88 per cent of good varieties of wheat.

Bidding for wheat in these areas is expected to boost prices several cents above other territories where undesirable varieties prevail, according to Soder.

The poorest milling wheat in Texas is found around Conlen, Startford and Texhoma. The survey states that buyers in these areas will find little competition most sales being to mills and terminal elevators who have large export contracts with the government. Millers are not interested in this wheat for domestic use. Most of this undesirable acreage is in Chiekfan and Red Chief wheat.

Marked improvement in varieties over large areas was evidenced by Red Chief volunteer appearing in fields of Comanche and Pawnee, and by Early Blackhull showing up in fields planted to the Triumph and Wichita varieties. The 1948 map shows a very evident overall improvement over the 1947 map.

The results this year again proved Triumph to be the earliest and highest yielding of the early varieties and to have excellent test weight. Comanche and Pawnee fields are consistently proving to be top yielders among the later varieties in Oklahoma.

In Texas Panhandle counties, Comanche and Westar look like they'll soon lead again in yields this year as they did last. Also more farmers attended field test plot meetings this summer than ever before, indicating they were studying all the new varieties closely in order to pick the best one for their farm.

Reservations of certified seed are running ahead of last year and plans are being made to import desirable wheat seed from other states, stated Soder.

ranches of his own beloved Panhandle. We just know that his mind traveled back over the years when he came to this country . . . a country then of virgin sod . . . no trees, no farms or fields, even no fences. That was in the days when the only transportation was the faithful horse. He probably recalled the advent of the motor car, then the railroad and now the flying machine and then searching into the future as they set foot on the ground after the flight, he asked Carl just what changes the next 60 years would make in transportation. Who can tell or even predict?

We were in San Antonio last week attending the annual convention of the Texas Press Association, an organization composed of daily and weekly newspapers in the state.

Heard lots of talk about the race for United States Senator. Most Texas publishers think that Coke Stevenson will be high man in the first primary . . . but also found that most of them were not going to vote for him. Lyndon Johnson is too "New Dealish" for most of the newspaper crowd. It appears that George Peddy is making the greatest gains in the senatorial race.

For the information of war veterans, George Peddy is the only one of the three with a real record of war service. He served in both wars with distinction. Lyndon Johnson has a rather synthetic war record like a number of other Congressmen. Coke Stevenson has no war record . . . we've never heard why he was not in World War I.

Our guess is that Stevenson is a cinch to go into the run-off. If Johnson goes into the second primary, Stevenson will be our next senator . . . but if Peddy gets into the run-off, then we predict it will be a real battle for the successorship to Pappy O'Daniel's seat.

And we want to say right here that we hope that we never have to go down in the state again during the summer. My, but it was hot in San Antonio. It was a wonderful convention . . . record attendance, real headliner speeches with no entertainment by San Antonio . . . but the Bandera dude ranch section with their entertainment made up for the lack of it on the part of the big convention city.

The Ochiltree County Herald was honored by having its editor elected as vice-president of the TPA. We feel very humble and grateful for being thus honored by our fellow publishers of Texas.

No. 9 Continued from Front Page

groceries along the highway for about 100 yards. The trailer was considered nearly a complete loss.

A Coca-Cola truck and a combine met on the bridge between Booker and Perryton and both vehicles found that there wasn't enough room for the two at the same time. The Coca-Cola truck driven by Jim Wright of Perryton, was damaged to the extent of about $200 while $150 worth of damage was done to the combine, driven by O. R. Tramer. This accident happened Friday morning.

Sunday morning at about 9 o'clock Donald E. Morter of Mazel, Texas, driving a 1947 Chevrolet truck, stopped on highway 117 about two miles west of Booker to investigate a panel truck which had overturned. Morter pulled his truck across the highway and the truck was hit by a 1949 Chevrolet sedan being driven by Orville Lee Spencer of Portales, N. M.

Light damage was sustained by the truck, and about $100 worth of damage was done to the front end of the automobile.

Charges were filed against Morter for failing to signal a turn and charges were filed against Spencer for following too closely behind the truck. State highway patrolmen who investigated the accident filed these charges.

An accident which happened Sunday morning at the intersection of S. W. 4th Ave. and S. Colgate street caused heavy damage to two automobiles. This wreck occurred when a 1946 Plymouth driven by Jimmy Nelson, who was going west on 4th Ave. crashed into a 1948 Buick driven by Ira Pearson of Spearman, who was traveling north on Colgate.

The Plymouth struck the Buick near the right front wheel, causing heavy damage to the front ends of both automobiles. Damage to the Buick was estimated at $200 and estimated damage to the Plymouth was $400.

Hergert May Be Postmaster

Irvin Hergert may be the new postmaster at Perryton, providing his nomination is confirmed by the Senate. He was nominated for the position by President Truman last Friday.

Hergert stated Wednesday that he has received no official word concerning his appointment.

He ranked first in the competitive examination held for the postmaster position, and had his score further improved by a veteran's preference on the Civil Service test. There were five applicants for the position, of whom three passed the examination.

The postmastership has been filled by Arvle Hale, Civil Service employee, since the fall of 1946, when M. R. Coffee resigned because of ill health.

Mr. and Mrs. Harold Johnson and daughters, Detroit Lakes, Minn., are visiting in the home of his brother, Mr. and Mrs. Floyd Johnson and family.

Dr. and Mrs. G. L. Keng[illegible] in Chicago, Ill., this week [illegible] tend sessions of the Na[illegible] Medical Association conv[illegible] being held there.

Bickford Stars In Dual Role as Cop and Gangster

"Gangs of New York" is the story of the adventures of a detective who closely resembles an infamous mobster. He poses as the gangster while the latter is locked up in jail in order to obtain the evidence necessary to convict the entire gang.

The thrilling moments of suspense in the picture are maintained by the miraculous escapes the detective makes once the gangsters begin to suspect his real identity.

All turns out well, however. Charles Bickford, Ann Dvorak and Allan Baxter are the stars of the picture.

It comes to the Pertex on Sun.-Mon., June 27-28.

Mr. and Mrs. Charley Pyle and children, Bay City, were in Perryton the past week renewing old acquaintances. Mr. Pyle was pharmacist at Sanford Drug for several years.

ANDERSON Shoe Shop

CANDIDATE FOR FAME—Co-stars Fred MacMurray and Valli are congratulated by Lee Cobb in a climatic scene in "The Miracle of the Bells," poignant drama of heartache and hope. The story is about a press agent and his love for the daughter of a Pennsylvania coal miner.

Press Agent's Story Told in Poignant 'Miracle of the Bells'

A startling press agent stunt motivates the appealing drama in "The Miracle of the Bells," starring Fred MacMurray, Valli and Frank Sinatra. The picture comes to the Ellis on Sun.-Tues., June 27-29.

The film version of Russell Janney's widely-read best-seller tells how a Hollywood publicity man, fulfilling an actress' last wish, takes her body back to her dingy home town for burial, and while there, thinks up an idea to win her the recognition she deserves.

With the cooperation of the local priest, he puts his plan into effect, but an unexpected development makes the plan succeed beyond his wildest dreams.

LYNDON JOHNSON—is making his campaign for U. S. Senator, to fill the vacancy of W. Lee O'Daniel. Johnson, at present a member of the House of Representatives, ran O'Daniel a very close race for the Senate six years ago.

MacMurray plays the press agent and Sinatra the priest, with Valli, the new Italian "discovery," as the ill-fated heroine.

Mr. and Mrs. Roy Manes and children of Borger visited Sunday with Mr. and Mrs. Harry Lewis.

New Robin Hood Is Carrying on in Best Tradition

This time it's Jon Hall who plays Robin Hood in a tale of lusty adventure, crackling with romance, hand-to-hand combat, and all the other Robin Hood feats of skill and daring. The picture is "The Prince of Thieves" which comes to the Ellis on Fri.-Sat., June 18-19.

The screenplay of "The Prince of Thieves," based on an Alexandre Dumas novel, highlights the same type of flashing swordplay and swashbuckling derring-do found in the author's "The Three Musketeers," plus that famous French touch in the romantic scenes.

Much Scenery in Adventure Film

Like most films with Alaskan backgrounds, sleigh teams and malamutes delight the eyes of movie-goers who appreciate scenic beauty of the Far North, and "Girl from God's Country' is no exception. The picture plays at the Pertex on Tues.-Thurs., June 29-July 1.

Laid in the frozen wastes of Alaska, it is the story of a young doctor who has buried himself far away from civilization. That he is keeping a secret to himself is obvious to his pretty nurse from Seattle. Despite his surliness, she sticks with him, because of his innate urge to help the natives—and because she is in love with him.

Then, when a U. S. Marshal appears on the scene to arrest the doctor for a murder committed five years previously, the doctor's loyal nurse and his servants join together to outwit the law. What they do entails an endless trek across the snow-covered land—providing a new and different kind of surprise ending for patrons.

Mr. and Mrs. Gene Lawrence and Vickie Lea, Mr. and Mrs. Joe Schollenbarger, Donnie and Linda, Mr. and Mrs. Paul Corbin, Fred Corbin and Mr. and Mrs. Ernest Tindle of Stinnett, Texas, were in Beaver, Okla., Sunday to spend Father's Day with Mr. and Mrs. I. M. Corbin.

Mr. and Mrs. Roy Enfield and Buell Holmes visited relatives in Lefors Sunday.

Mrs. Ralph Headlee and daughter Kay were in Amarillo Saturday.

'April Showers' Proves Topnotch Musical Comedy

A musical romance with a new flourish, laid in the nostalgic 1912 period against flamboyant San Francisco accents "April Showers," musical comedy with Ann Sothern and Jack Carson.

Robert Alda, who played Geo. Gershwin in "Rhapsody in Blue" and S. Z. Sakall, well-known comedian, head the feature cast.

The story is a somewhat time-worn one about a vaudeville family who have their ups and downs, and the father gets crowded out by a vaudeville villian.

A series of excellent songs, and some lavish sets make this light entertainment with the sure-fire cast of characters.

The picture comes to the Ellis on Wed.-Thurs., June 30-July 1.

Booth Carries on In Salvation Army

LONDON (AP) — Following in the family tradition, Cadet Stuart Booth, great grandson of William Booth who founded and was the first general of the Salvation Army, has been commissioned in the organization. He is a son of Lt. Col. Sycliffe Booth, territorial commander for France and the grandson of General Bramwell Booth, the army's second general.

DEVOTIONAL READING: Psalms 119: 1-4

From Malachi To Christ

Lesson for June 27, 1948

THE inter-biblical period, covering approximately four centuries, is one of the great silences of history save as the prophecies of God offer flickering light upon the winding paths in western Asia, northern Africa and southern Europe. A remnant of Jews resided in Jerusalem, whilst many others were dispersed about the face of the earth. The Old Testament was translated into Greek—the version used in the time of Christ. The Talmud and the 14 books of the Apocrypha were written. The synagogue arose. The schools of Hillel and Shammai were founded and flourished. The sects of the Pharisees and Sadducees originated. Buddha, Confucius and Zoroaster were beginning to influence life in the Far East, while in the Near East Zeno and Epicurus dominated philosophical thought. The Caesars ruled the Mediterranean world.

Dr. Newton

To understand something of this period from Malachi to Christ, we are asked to read the Scripture passages listed above.

• • •

BEFORE JESUS CAME

"BEHOLD, I will send my messenger, and he shall prepare the way before me: and the Lord, whom ye seek, shall suddenly come in his temple, even the messenger of the covenant, whom ye delight in: behold he shall come, saith the Lord of hosts."

Did they fully understand the significance of these great words of Malachi? Hardly may we expect that they did, but they got their basis of hope, about which we studied last Sunday. Imagine the faces of the little children in the long ago as they heard of the coming Messenger!

• • •

THE COMING CHRIST

LOOK carefully at the above Scriptures and see how both the Old and New Testaments center upon Christ. These great phrases are suggested:

The promised Christ, the expected Christ, the heralding Christ, the presented Christ, the enlightening Christ, the judging Christ, the merciful Christ, the redeeming Christ, the restoring Christ, the guiding Christ.

Space does not permit the citations, but a study of the passages will reveal each of these gifts and blessings in the coming Christ.

• • •

BETWEEN THE TESTAMENTS

DIMLY only do we envision that period of four centuries, but we have sufficient light to trace the steps by which the faithful amongst the Jews were cleansing themselves of idolatry as the fires of God purged away the dross of paganism and secularism. One will find rich reward in the reading of the Apocrypha and Josephus. Also, one will find in the opening chapters of the New Testament light which falls back upon those dark ages.

There were synagogue schools, taught, in many instances by very able men, such as Hillel. There was a groping toward the light. Men were hungry for the fulfilment of prophecy. It was the darkness just before the dawn.

• • •

THE LIGHT BREAKS

"BLESSED be the Lord God of Israel; for he hath visited and redeemed his people," Luke 1:68. Thus does the golden text for Sunday's lesson flash upon the waiting heart of expectant humanity the Good News.

The fulness of God's time had come. Jesus was born. Peace had come to men of good will. James Montgomery puts the Good News in these lovely lines:

Angels, from the realms of glory,
Wing your flight o'er all the earth,
Ye, who sang creation's story,
Now proclaim Messiah's birth:
Come and worship, come and worship,
Worship Christ, the new-born King.

• • •

Preacher's Task

No religious doctrine has any redemptive power until it is translated into the terms of a specific situation or an actual problem. It becomes the task of the Christian preacher in this generation to do the translating. The question, "What would Jesus do?" is always with him.

Rev. and Mrs. Luther Kirk and Mr. and Mrs. T. V. Ellzey are in El Paso, Texas, this week attending the jurisdictional conference of the Methodist church convening from June 23-27.

Christian Science

Corner S. W. 7th Ave. and S. Colgate

Sunday Services, 11 a. m.
The public is cordially invited "Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 27.

The Golden Text is: "O house of Jacob, come ye, and let us walk in the light of the Lord" (Isaiah 2:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined" (Isaiah 9:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Is it error which is restoring an essential element of Christianity,—namely, apostolic, divine healing? No: it is the Science of Christianity which is restoring it, and is the light shining in darkness, which the darkness comprehends not" (page 347).

Mr. and Mrs. Carl Cade returned home last week from a trip to Houston and Freeport, Tex.; while in Houston they attended the marriage of their niece.

Mr. and Mrs. H. C. Williams, Guymon, Okla., were in Perryton Monday to attend funeral services for Mrs. Sarah A. Terhune.

NOTICE FOR PAVING BIDS

Sealed bids will be received at the City Clerk's office in the City of Perryton, Texas for the paving of the alley of Block No. 15, Original Town of Perryton, Ochiltree County, Texas, consisting of 6 inch concrete of the following mixture: 2 parts sand, 3 parts gravel, 1 part cement, reinforced with 1/8"x6" mesh wire, 10 feet each way from the center of alley. All bids to be received on or before July 5, 1948. The City of Perryton reserves the right to reject any or all bids.

City of Perryton,
R. A. Bolerjack, Mayor.

How to keep a Champ in Trim!

YES sir, there's a championship caliber all through that Buick of yours.

It's caliber that calls for mighty little "conditioning"—if the attention it gets adds up to really knowing and understanding *care*.

For instance, these Fireball cylinders will keep on packing all the wallop they should, if you let us compression-check them in the Buick way. Steering will stay easy and light, tire wear will stay at the minimum, if you keep your wheels lined up on our special tracking gauges.

And when wear does take its inescapable toll, we have the parts—Buick-engineered for their job—that restore factory-new standards of performance.

Even our tools are specially designed to do a typical Buick job—and for the personal, interested, specialized attention that tops off genuine Buick care, you simply can't beat the Buick specialists in our shop.

Yes, give your champ real Buick care—Buick know-how, Buick parts, Buick interest in keeping your car at its peak. Costs no more than ordinary attentions—but what a whale of a difference it makes!

Skilled service men—Buick to their finger tips—know how to bring out all the Fireball zip and go.

Lubricare — Matched-to-mileage maintenance for Buicks

★ Lubricare is specified for your Buick by the engineers who built the car—with the right kind and the right amount of lubricants carefully chosen for just one reason: they are best for your Buick.

★ Lubricare is matched to the mileage your Buick has traveled—including a thorough inspection, a report of anything needing attention and a record of the service for future reference.

★ Lubricare adds thoughtful care to complete lubrication. For protection and smooth performance, your Buick deserves Lubricare regularly.

★ SEE YOUR BUICK DEALER EVERY 1000 MILES FOR LUBRICARE

Veteran Forum

Q. When is National Service Life Insurance considered lapsed?

A. It is lapsed when a veteran fails to make a payment of premium within 31 days from date it was due.

Q. If I do not receive National Service Life Insurance premium notices or receipts promptly, should I continue to send my premiums?

A. Yes. You also should clearly identify your payments by giving your insurance policy number, but if that is not available, you should give your rank, organization and your service serial number.

Q. If I filed a change of address with the VA hospital, or regional office where my claims folder is on file, will the same change be made on my insurance records?

A. No. Change of address for purpose of compensation or pension is not a change of address for insurance purposes. VA Form 889, "Change of Address,' should be executed by the insured to notify the Insurance Service in the appropriate Branch Office.

Q. When may a veteran decide whether he will pursue training under the Servicemen's Readjustment Act (GI Bill) or under the Vocational Rehabilitation Act?

A. After eligibility has been established under both laws.

WORLD'S LARGEST MESQUITE TREE—This old tree in Coryell County near Gatesville is believed to be the largest mesquite tree in the world. It is 60 feet high and has a circumference of 10 feet, 9½ inches four and a half feet from the ground. Its limb spread is 65 feet. A pioneer of the community said it was a good size tree back in 1883 when he first saw it. It is listed by the American Forrestry Association as one of the world's most unusual trees.

Levelland Rodeo On July 2, 3, 4

LEVELLAND—Plans are rapidly getting underway for the biggest annual rodeo ever held here, which is set for July 2, 3, and 4, said Bert Eads, president of the Levelland Rodeo Association, sponsors of the event.

Night performances are scheduled for July 2 and 3, and matinees for July 3 and 4.

The Lions Club is sponsoring two booster trips, with the Levelland High School band furnishing the music, one of which will be Wednesday and the other June 29.

The Lions Club is also decorating the entire business district with red, white and blue flags and other emblems.

Junior Chamber of Commerce will conduct a parade at 10:00 o'clock Saturday morning, July 3.

The City Federated Women's clubs are selling tickets and advertising for the daily programs, with one-fourth of the net proceeds going to the women for a club and youth center building.

Ice closes major Great Lakes traffic about four months a year.

Babson Discusses Getting a Job

ROGER W. BABSON, Editor-in-Chief

BABSON PARK, Mass, June 18—At this time of year thousands of young people leave school to look for jobs. Many are through with school. They want work by which they can make a living. Others are looking for summer jobs. They want to use their vacations profitably. Some of you young people have written asking for job-hunting tips.

Know Why You Want a Certain Job

Too many young people when asked what they can do, reply, "Anything." This is a sure way of NOT getting a job. Well, here is some good advice from me: Collect a few facts about a company before you go for an interview. Know something of its product. Know why you want to work for this particular company. Be able to give enthusiastic reasons for wanting the job and to state definitely your own qualifications.

Tell the employment manager what work experiences you have had. Convey to him the kind of person you are. Give him the impression that you would be a good producer for his company because of your interests, abilities, experience and personality. Don't tell him you need a job. Talk of his troubles, not yours.

Start at the Bottom and Learn

The Babson Institute has contacts with hundreds of employers across the country. I have made a trip through the midwest where I talked with employment managers, sales managers, presidents, and directors of corporations. They report that, more than anything else, young people are in to much of a hurry. Remember you are worthless to an employer until you learn something about a company and its problems.

My father used to say, "It takes two years to make a two-year old heifer." He was right. You can't sell until you know your product. There is no place like the stockroom to learn this fundamental. If you really want to go places on a job, be willing to start at the bottom and do your job well. Don't be afraid of getting your hands dirty.

One middle western employer is currently telling a story about a wealthy young socialite. This young man could have stepped into a lucrative family business. Instead he went to another manufacturer and said, "I am absolutely worthless to you but there is nothing I want more than to learn your business. The only way I can learn is to go into the shop and roll up my sleeves and go to work. I want that opportunity to start at the bottom and get a good background." The employer was so impressed with this young man's sincerity and foresight that he hired him on the spot.

Business Wants Producers

One thing employers will find out about you is whether or not you are a good producer. This will be determined by school records, parttime work experiences, confidential recommendations, and so forth. You would be surprised how easy it is for an experienced interviewer to size up a fellow who wants a job "goldbricking." Time and again, I have heard businessmen say, "The young person who hasn't learned how to produce isn't worth a plugged nickel to me."

America is what she is today because of the blood and sweat of our forefathers. Only your willingness and ability to produce to capacity will keep her great. Hence, such traits as responsibility, persistence, courage and enthusiasm, will go a long way to help you act and get things done. Adaptability and flexibility, the power to think and reason clearly, are also traits much sought by employers.

Importance of Character

But above everything, the most important qualification is character. It seems to me that without question there is nothing more important in an employee than a strong character. The man of character is the man who gives an honest day's production, and then some, for his day's wages. He is the man who gets ahead. There will always be opportunity for well-trained, serious-minded, young people of character.

Marriage Licenses

June 14: Charles Lee Smith and Montie Jean Swingley, both of Beaver.

June 17: M. V. McPherson and Letha Southard, both of Liberal; Irvin Lee Williams and Vera Belle Wing, both of Perryton.

June 19: John Cree and Hazel Wright, both of Perryton.

June 20: Ernest L. Roberts and Barbara Klungman, both of Perryton.

Mrs. John Crouch, Diamond, Mo., left Tuesday to return to her home after visiting several weeks with her step-daughter Mrs. Mark Boehning and Mr. Boehning.

● West of Gray

Sharon Blair celebrated her tenth birthday Sunday, June 13, with several of her friends.

Those visiting at the Dave Springmeyer home Sunday were Mr. and Mrs. Preston Miller and family and Elmer Cagle and Charles.

Mr. and Mrs. Preston Miller visited Wednesday with Mr. and Mrs. Bill Newingham, Mr. and Mrs. Junior Dunihoo, Waka, Mr. and Mrs. Kenneth Coats, Amarillo, L. J. Miller and Amos Miller, Mo.

Amos Miller and L. J. Miller, Lamar, Mo., visited Thursday at the Dave Springmeyer home.

Mr. and Mrs. Jim Allen, Pueblo, Colo., visited in the Cecil Watson home Thursday. Judy Ann returned home with them.

Mr. and Mrs. Guy Boswell, Guy Jr. and Clifford, were at Memphis Saturday and Sunday visiting friends and relatives.

Clifford Miller was a week end guest of Gene Boswell.

Weekend rains stopped the harvest for a few days.

Mrs. Elsie Jung, Kit Carson, Colo., was an overnight guest Saturday in the home of Mr. and Mrs. W. E. McMillen. Mrs. Jung is a sister to Mrs. H. B. Urban of the McMillen community; she was here because of the serious illness and death of her mother Mrs. Clara Coppock.

Herman Hargrove returned home last week from Oklahoma City, where he recently underwent surgery. He is convalescing satisfactorily at his home in Farnsworth.

NO TRESPASSING!

No trespassing, fishing, hunting or picnicking allowed on our places in vicinity of Wolf and Gilhula creeks. Violators will be arrested and prosecuted.

Fertilizer Makes Difference on Wheat Fields in Hale County

COLLEGE STATION, June 22—Wheat with fertilizer and wheat without fertilizer showed quite a difference on Hale county farms, reports County Agent Manuel W. Ayers.

Mr. F. B. (Buck) Hunt, who lives 10 miles northwest of Plainview, has several plots for demonstration purposes, and is finding out quite a bit about how good fertilizer really is.

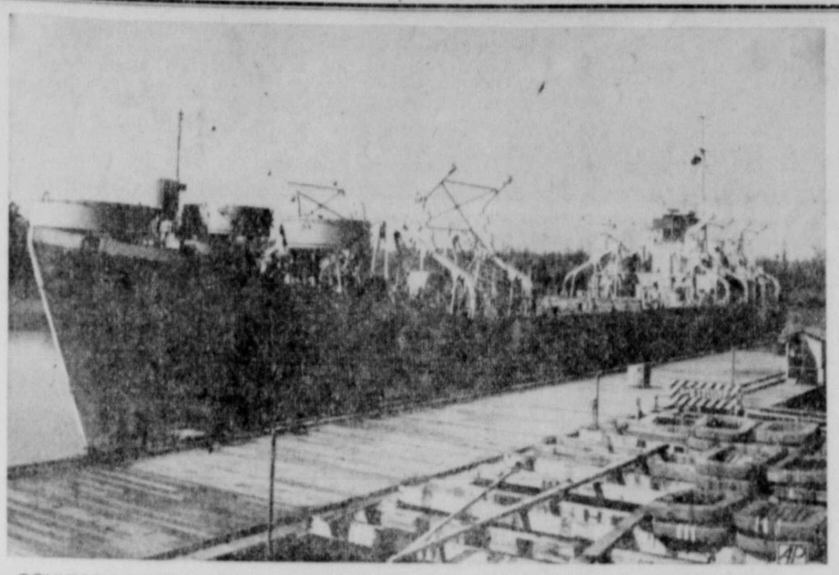

On his 350 acres, Hunt has tried several different farm management practices where he uses different amounts of fertilizer on his plots. On one wheat plot Hunt applied 200 pounds of ammonium nitrate last fall before sowing. Another section is in summer fallow wheat land, and some has been planted to wheat only year after year. One plot under each of these conditions was left as a check plot.

The fertilized wheat on summer fallow looks as if it is doing the best of all, says Hunt. He estimates about 45 bushels to the acre. The unfertilized on summer fallow is estimated at around 30 bushels. On one plot of wheat following milo where no fertilizer has been added, only 7 bushels per acre is expected.

With an investment of a little short of $7 per acre for the fertilizer and an expected 15 bushels increase in acreage because he applied the fertilizer, Hunt is looking forward to $30 more per acre at the current market quotations.

Hunt realizes that commercial fertilizer is not the whole answer to keeping the soil at its highest producing level. In order to maintain his soil fertility, he will have to develop a crop rotation system using winter legumes and other cover crops that add humus to the soil.

Hunt is not the only one. Quite a few farmers in Hale county are having similar experiences with fertilizers on irrigated crops this year, reports Ayers, and just as many are working out a legume rotation system to keep their soils up to a high level of production.

CONVERTED LST'S HUNT OIL—LST's (Landing Ship Tank), such as the one above, a type of ship that landed American armor on many war-time beachheads, are now being converted by several large oil companies for use in hunting oil in the Gulf of Mexico. Much of the machinery aboard is still as secret as that used during the war. For work, the ships are held by four anchors, two off the bow and two astern. The ship moves as the wind changes, always keeping the nose into the wind and waves. During hurricane seas, the converted LST's will be ready on short notice to run for safety in port.

Mrs. Arthur F. Turner, Melvindale, Mich., is visiting friends and relatives in Perryton. She is the former Miss Robbie Jo Edge, daughter of Mr. and Mrs. L. L. Edge.

SANG FOR PRESIDENT TRUMAN—Miss Marijane Maricle, soprano from Wichita Falls, Austin and Corpus Christi, sang three solos in Washington recently before an audience that included President Truman. A singer in Sigmund Romberg's touring show Miss Maricle said singing for Mr. Truman "puts butterflies in my stomach."

Misses Wilma and Juanita Pletcher, daughters of Mr. and Mrs. B. R. Pletcher, who have been teaching summer Bible School for the past two weeks in Pueblo, Colo., returned home on Saturday. Mrs. Pletcher and Louise Wolfrum drove to Pueblo for them on Friday.

Mrs. Foster Mueller and daughter, Amarillo, were weekend guests of her parents, Dr. and Mrs. E. R. Jarvis.

Mr. and Mrs. Raymond Overbey were in Childress for the week-end visiting his parents, Mr. and Mrs. H. R. Overbey.

Italian Power Boosted

ROME (AP) — New equipment and extensive repairs to the war-shattered power plants will soon bring Italy's electricity production near its highest pre-war peak. The National Association of Electricity Distributing Industries reported that in the first quarter of 1948, production of electric power reached 4,405 million kilowatt hours. In last year's corresponding period, production was 3,536 million KWH.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: DENVER H. SAULS
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 oclock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of August, A. D., 1948, at or before 10 o'clock a. m., before the Honorable District Court of Ochiltree County, at the Courthouse in Perryton, Texas.

Said plaintiff's petition was filed on the 21 day of January, 1948. The file number of said suit being No. 993.

The names of the parties in said suit are: Voncile Sauls, as Plaintiff, and Denver H. Sauls, as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce, alleging as grounds therefor the cruel treatment of defendant toward plaintiff, and further asking that certain property be adjudged to be the separate property of the plaintiff.

If this Citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Issued this the 16th day of June A. D., 1948.

Given under my hand and seal of said Court, at office in Perryton, Texas, this the 16th day of June A. D., 1948.

((SEAL))

Sue Ragan, Clerk, District Court Ochiltree County, Texas.

Japanese Churchmen Going to England

LONDON (AP)—Three Japanese bishops will be among the 323 delegates to the Lambeth conference of Anglican bishops—the first since 1930—when it convenes in July. They are the first Japanese churchmen to be granted exit permits since the war. British occupation troops have contributed towards the cost of their journey.

The bishops are Yashiro, Yanagihara and Makita. They were invited by the Archbishop of Canterbury who will be their sponsor. Chinese, Maori, Singalese and African bishops also will attend the conference.

Mrs. J. C. Russell of San Antonio is in Perryton for a few weeks looking after harvest interests and visiting with relatives.

Building a Better Nation and a Better World On a Platform of PREPAREDNESS PEACE PROGRESS

Subject to the Democratic Primaries July 24

(Political adv. paid for by Friends of Lyndon Johnson)

HOW G. O. P. PROSPECTS STAND ON MAJOR ISSUES

(AP Newsfeatures)

UNIVERSAL MILITARY TRAINING AND DRAFT

DEWEY — Has favored UMT and a limited selective service.

STASSEN — Proposes "a manpower program in which young men would register with congress deciding how many should be called each year."

TAFT—Opposes UMT but says temporary selective service may be necessary.

WARREN—For UMT "because it is a democratic process which calls upon rich and poor alike to serve equally in country's defense."

VANDENBERG—Has taken no position on this question. (His office says he's been too busy guiding Republican participation in a bi-partisan foreign policy to become involved in domestic issues.)

MARTIN—Has opposed UMT but will follow Republican party line on limited draft.

MacARTHUR — Has taken no position on various issues.

FOREIGN POLICY

DEWEY—Has urged a "United States of Europe as a strong third power devoted to the cause of peace." For firm policy toward Russia.

STASSEN—Would abolish veto power in United Nations. Favors U. S. military alliance with countries of western Europe.

TAFT—Has urged United Nations charter be rewritten with legal teeth in it. Wants United Nations too lay down rules of international conduct to be administered by impartial tribunal, with or without Russia.

WARREN — Says United Nations "should be put to test of dealing with aggression."

VANDENBERG—Leader of Republican participation in bi-partisan foreign policy . . . pushed bill to finance European Recovery Program through Senate . . . favors "strong stand for peace which includes justice and honor."

MARTIN — Has said "America must help Europe and the Orient but not as a world WPA unlimited."

TAFT-HARTLEY LABOR ACT

DEWEY—"It's a good law. But I'm sure it has some faults. My party will be more ready to repair those defects than the Democrats have been with their labor legislation.

STASSEN—Would amend law to allow union publications to support political candidates ease restrictions on union shops, and require union officials to sign non-communist affidavits only if they are accused of Communism.

TAFT—Says "the country and labor union members themselves are finding that the law is working because it is based on justice and equality while protecting every basic right which labor leaders have fought for."

WARREN — Says "the law should be continually re-examined with no hesitation in amending it to correct deficiencies demonstrated by experience."

VANDENBERG—No comment on it . . . voted for passage of law, also voted to over-ride Truman veto.

MARTIN—Was a leading supporter of bill in house.

INFLATION

DEWEY — Has favored tax reduction, less government spending, and public debt reduction as check on inflation.

STASSEN—Has advocated limiting consumer credit, a check on extreme speculation, and legislation "to ban excessive inventories that result in unbridled hoarding and profiteering." Oppose price and rationing controls.

TAFT—Favored tax reduction and cut in non-defense spending. Against government price and rationing controls.

WARREN — Says "if voluntary measures prove ineffectual to check inflation, we must resort to legal measures—export and credit controls, or price, wage, and use controls."

VANDENBERG—Has taken no position on inflation but voted for tax reduction.

MARTIN—Outspoken advocate of Republican tax-cutting measure. Has said "We can bring down prices by stepping up production and cutting government spending." Opposed price controls, saying "competition is better regulator than government bureaus."

PALESTINE PARTITION

DEWEY—Favors it.

STASSEN—For partition. Has urged United Nations police force, with American troops participating.

TAFT—Favors it.

WARREN—Has taken no position on Palestine but has expressed hope that United Nations would bring about a just decision.

VANDENBERG—Has taken no position but said President Truman's recognition of Jewish state was a logical move."

MARTIN — Has favored partition.

COMMUNIST PARTY IN U. S.

DEWEY — Opposes outlawing party because it would drive Reds underground.

STASSEN — Favors outlawing Communist party.

TAFT — Opposes outlawing party.

VANDENBERG—Has taken no position but has said "we shall not surrender to Communist conspiracies in the United States."

MARTIN—Has taken no position.

Reds Make Magnet

MOSCOW (AP)—The USSR has manufactured for the first time a huge electric magnet used in lifting steel rails after rolling. "Evening Moscow" says the imported ones were found not to be strong enough. A magnet capable of lifting twelve tons of hot rail has been tried out and is successful.

Thieves Run, Car Doesn't

BELLEVILLE, Ill. (AP)—H. D. Hewey of Belleville told police that somebody ran off with his old car. Hewey was somewhat amazed because the car itself was not in running condition.

From where I sit ... by Joe Marsh

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on at a game of darts, and later they played "Indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.

Joe Marsh

School of Journalism Soon to Be Established at University

AUSTIN, Texas, June 29—Soon it will be the University of Texas School of Journalism. Approval was given by University of Texas Board of Regents in their June meeting for conversion of the journalism department to a school, with a director at its head.

A 10-point development program designed to improve the department was adopted with the following points included:

Addition of seven faculty positions to develop more graduate work and research in journalism, reduce the size of classes, and extend laboratory teaching; more practice work through use of additional laboratories, including those in graphic arts and news photography.

Appointment of an editorial director for student publications; and appropriation of funds for purchase of special equipment such as that used for visual education and mass communication, and that commonly used in the production of newspapers and magazines.

Improvement of academic standards, a new journalism building, administrative assistance in obtaining graduate scholarships and fellowships in journalism, and funds for financing annual meetings of Texas newspapermen at the University and for attendance of faculty members at state and regional meetings of newspapermen.

The development program was recommended by a special faculty committee, the University administration, and the journalism committee of the Board, headed by David M. Warren, Panhandle publisher.

Lose your temper? Advertise for it in the Herald!

Superstition Ends Demolition

PRAGUE (AP)—One wall stands in the middle of a razed area in Chomutov, 60 miles west of Prague—a monument to superstition. The town council planned to demolish a group of buildings many of them erected in the 16th and 17th centuries.

Most of the workmen were Slovaks and gypsies, both loaded down with centuries of superstition. When they came to the mysterious wall, a stone fell from the top and broke a workman's leg. Another workman uncovered a stone on which was carved the relief of a woman's face. A moment later another stone, with a carving of a dog's head on it, was found.

Then a rumor swept through the labor gang that a tube containing an ancient letter had been found which recorded that on this spot a nun had been buried alive with her pet dog. Anyone who disturbed the spot of the grave would be punished by death—so the rumor ran, and work stopped.

In vain, foremen pointed out that back in the Middle Ages buildiers put their signature stones into walls and that these mysterious carvings were just that. No one could produce the rumored letter. The town councillors were still looking for workmen to finish the demolition.

If we don't have it, we can get it for you. Stewart Printing Co.

CAMERA NEWS

HERE'S HOW Harold S. Shields of Columbus, Ohio, won the $1,500 prize in 1947 Newspaper National Snapshot Awards.

By IRVING DESFOR
(AP) Newsfeatures Photo Art Director

Now is the time for all good amateur photographers to get contest conscious, if they haven't done so already. Many newspapers feature the photo contest in their weekend editions and offer various prizes. The weekly winners then have a further chance to compete in national awards where the prize money is almost large enough to be mistaken for a radio quiz show.

It wont hurt to repeat a few of the basic rules in submitting prints so that your efforts may receive the kindest attention from the swamped editors.

First and foremost, you must have a picture, a good picture. Be a severe judge and make sure your photo is interesting to others (not relatives), tells a worthwhile story or is good to look at. Simplicity in composition is the keynote. Converge on the point of interest and eliminate all nonessentials.

We'll skip the volumes that could be written at this point and assume that you do have a picture that fits in one of these four classes: (1.) babies and children (2.) teen agers and adults; (3.) scenes and still life, and (4.) animal life.

The most acceptable entrant to all editors is an 8 by 10 inch glossy print. Negatives should not be submitted, but must be available later on should your photo prove to be a winner.

Don't send stained, spotted or cracked prints. Don't dig up old pictures. Do write in ink, on the back of photo, all the information an editor might want to know—your name and address are most important. Typewriting and pencil markings on the back are likely to show through and mar the glossy surface. Captions attached to the print may get separated from it.

With your lens on a subject, and an eye on a contest, be sure you get the name and address of any person that appears in your photo. You'll need their written consent before you are eligible for any national awards if you have a winner.

Having come this far, it would be a shame not to mail it properly. That means a good, cardboard backing for the print and sufficient postage to ensure first class delivery.

Here's hoping we see you in the roto sections!

Sanford Hospital

Visiting Hours
2:00 p. m. until 4:00 p. m.
7:00 p. m. until 9:00 p. m.

Mr. and Mrs. Ralph Pattison announce the arrival of a son, Sunday, June 20.

HOUSTON CANDIDATE Holmes A. May of Houston has announced as candidate for governor of Texas. He is one of a field of five in the race so far.

"Cat" Invention Claimed for Reds

MOSCOW (AP)— Izvestia" says that the first caterpillar tractor was built in 1888 by a Russian. Continuing Soviet press reports on original Russian discoveries and inventions, the paper says Feodor Abramovich Blinov, a self-taught mechanic, built in 1888 the first machine with caterpillar treads and later added to it a steam engine.

Blinov acquired experience, explained "izvestia," working as a mechanic on a Volga River tug. He was responsible for many improvements in river tugs and other original inventions. He was the son of a serf and ran away to work on the river boats. "Izvestia" criticized the "Large Soviet Encyclopedia" for an article stating the caterpillar tractor was invented by the American Holt in 1912 and demanded revision of this "mistake."

POINTS FOR OLYMPICS—First college in theUnited States to participate in crew racing, Harvard hopes to furnish the eight that will represent the U. S. in the Olympic show. The Crimson crew is shown in a workout on the Charles river.

Veterans' NEWS

Student veterans entitled to increased monetary benefits because they have more than one dependent are reminded by VA of two important deadline dates to be observed if they are to receive increased allowances retroactive to April 1.

One deadline affects veterans taking full-time educational courses. The other affects veterans taking part-time courses. The other affects veterans taking part-time courses, combination school-job training courses or entitled to increased benefits due to new subsistence-earned income ceilings.

Veterans in full-time educational courses who are entitled to $120 monthly subsistence because they have more than one dependent must submit evidence of additional dependency before July 1 in order to have the higher payments retroactive to April 1.

Veterans with more than one dependent and taking part-time school training, combination courses or who are affected by the increased income ceiling must submit proof of additional dependency by Sept. 1. In most cases, veterans in this group may submit this evidence on a form which they will receive from VA.

Veterans who lose subsistence, compensation or pension checks should notify immediately the appropriate Veterans Administration Regional Office.

VA said a veteran losing such a check should write a letter giving his full name and address, his claim number and the date and amount of the check. He should also state what the check was for and the circumstances surrounding its loss.

On being notified of check's loss, VA determines if it may have been found returned to the U. S. Treasury so, the check will be re to the veteran. If not, VA w quest the Treasury to stop ment and take necessary to reimburse the veteran.

A veteran who finds his after reporting its loss shou tify VA and hold the check til he has been advised by Treasury that action to stop ment has been withdrawn.

Mr. and Mrs. M. J. Wol and family visited relatives Borger Sunday.

Johnson Gets Warmed Up in Senate Race

LYNDON B. JOHNSON

Politics in the Panhandle, like the weather, are warming up.

And Lyndon Johnson, candidate for the U. S. Senate, is warming up, too. The 39-year-old Congressman, who has spent 11 years in Washington, is touring the state now in a heliocopter. His current whirlwind speaking trip lists 40 separate engagements in eight days.

He is running on a platform of Preparedness, Peace and Progress. Under Preparedness, Johnson says he is for a strong industrial system and free enterprise; the world's best Air Force and a strong Army; constant advancement in science.

For Peace, Johnson advocates a stronger United Nations; free international trade channels; more utilization of atomic energy and support of the Marshall Plan.

As to Progress, he is for a fair deal for ranchers and farmers; fair price supports, farm roads and rural electrification; soil conservation and flood control; increasing teachers' salaries; a fair stand on labor problems; raising old age assistance benefits; cutting inflation and opposing socialized medicine.

Wick Willies Get Blow-outs In Stove Pipe

(AP) Newsfeatures

WASHINGTON—So you know a wick willy who had a blow-out in his stove pipe?

If you know a jet plane pilot, the chances are you know one whose engine quit while in flight. That is what the question is about, using some of the language developing in the Air Force.

The "airplane driver" of World War II is now a "fire-can jockey," "flame flyer,' "wick willy," "pipe pilot."

The crate he manages is a "blow torch," "flame thrower," "squirt," "blast furnace," or "stove pipe.' And the engine "blows out" instead of "conking out."

The inspector now "trims the wick," "tends the burner," "checks the pipe," and if he finds the engine doing okay, it's at a steady boil" or "coking." He starts it by "building a fire" or "sparking up."

And the "grease monkey" is now a "je monkey" or "kerosene tender."

Mr. and Mrs. Harold Hudson visited Sunday evening with his parents, Mr. and Mrs. H. I. Hudson in Dumas.

CHAIRMAN—R. E. Bridges of Houston has been named chairman of the Division of Production of the Southwestern District of the American Petroleum Institute.
