Jew, Catholic, Protestant To Improve Marriage What Is Happiness? Wise Young Dinosaur

Calvin Coolidge, Governor Smith and the distinguised philanthropist, Julius Rosenwald, are selected to dispose of an $8,000,000 charity fund left by Conrad Hubert.

The man who left the money wanted it distributed "by one Jew, one Protestant and one Catholic."

No better choice could have been made than Coolidge, Smith and Rosenwald.

But why Jew, Protestant, Catholic?

Why not three good, average Americans, regardless of their religious brand?

There is too much emphasizing of "Jew, Protestant, Catholic," too much dividing of p olitical offices among them.

That wasn't the idea of the men that established this country.

Great Britain proposes to bar from marriage the "mentally unfit." That might improve the human race, if you could identify the mentally unfit with certainty.

Some unfit will be exempt from matrimonial ostracism because they possess fortunes or important titles or names.

Others mentally unfit will escape because they are only dull, belonging to the negative class that Dante put into one o. hell's disagreeable compartments.

The Rev. C. Everett Wagner, Meth list Episcopal, will start a "happiness clinic" with philosophers engaged to lecture on happiness, how to start, how to reach it. The clinic will pay especial attention to marriage, health, work, and human nature.

In starting a "happiness clinic" it is important to remember Voltaire's advice to define the meaning of words.

What is happiness?

Sheridan calls it "an exotic of celestrial birth."

Socrates said, "Happiness is unrepented pleasure."

Schopenhauer called happiness "absence of pain"—a dull definition.

Rousseau's definition, "A good bank account, a good cook and a good digestion," is also rather a dull.

Schiller thought he had found "earthly happiness" because he had "lived and loved."

There are two kinds of happiness. The lesser consists in finding the work for which you are fit and doing it.

The greater, reserved for a few, is working for others.

Samuel Insull, Jr., following in his father's industrial dinosaur tracks, as president of the Midland United Co. of Chicago, tells the American Gas association that to boom the gas industry and increase sales they must cut prices, and use "persuasive advertising and proper salesmanship."

If young Mr. Insull follows out those ideas he will be a big industrial dinosaur some day.

Mr. Lamont "the" Mr. Lamont, says business is good and will continue good. Gerard Swope president of General Electric, says "Amen!" and means it. Orders received by his company for the three months ending September 30 were $116,688,014, against $90,328,666 in the same period last year. That increase of 29 per cent has prevailed throughout the entire year.

Viscount Aquilar, physician to Alfonso of Spain, tells Chicago that the King "is in beautiful health because he has never been a man of regular habits."

He means the King Alfonso does not confine himself to any particular diet, which is intelligent. Man was made to cultivate the whole earth, and is healthiest when he uses in moderation the greatest number of earth's products, from the North to the South pole.

Charles Fourier said if a man could read his own palate he would find it to be a correct map of the earth properly cultivated.

Madame Curie, who helped the discovery of radium, comes here to accept for the new Radium Institute at Warsaw, one gram of radium, costing $50,000, paid for by American women.

You could put in a small valise radium worth more than all the wealth of Rockefeller, Ford, Secretary Mellon and George F. Baker combined, if such a radium quantity existed.

Our sun, with its source of terrific energy only guessed at by science, may contain millions of tons of radium.

We can't get at that. But we might give more poor children the benefit of the sun's light, which is accessible and costs nothing.

Dr. Frederick Tilney, professor of neurology at Columbia university, warns you that a headache is a serious thing. There are sixteen different kinds of headaches, all requiring particular care and understanding.

Headaches often come from anxiety, and you should be cautious about taking medicine to kill a headache.

It may kill the headache, while the forces that cause the headache continue working to kill you.

Epworth League Meet at Roscoe This Week-End

Large Number of Young People Expected to Attend

The second district Epworth League meeting of the Sweetwater District for the League year 1929-30 will open at the Roscoe Methodist Church Saturday evening. The Roscoe Leaguers and Mr. Roberts of Big Spring, the district secretary are leaving nothing undone that might contribute to the success of the meeting.

Mr. J. H. Agee of Abilene, the conference field secretary will be on hand, and will, as usual, be a source of much enthusiasm.

The Roscoe Leaguers will take care of all visiting Leaguers in their homes Saturday night, and will serve lunch in the basement of the church at noon Sunday. Part of a letter received from Mr. Frank L. Williams, president of the Roscoe League reads as follows:

"We are especially anxious to make this meeting a success, and very helpful to all the young people who attend. Be sure and come and see that you have a large delegation of your Epworth League present. Do not miss the entertainment Saturday evening.

"The Roscoe League has plans for entertaining all who attend, including homes for those who desire to stay over Saturday night. We want you to feel that you are welcome."

The Snyder League expects to have about twenty delegates over for the two-day meeting.

Following is a complete program of the meeting:

Saturday Evening

5:30 Registration.
7:15 General Get Together.
7:30 Welcome, Frank L. Williams, Roscoe.
7:33 Response, C. W. Watson, Sweetwater.
7:38 Special music, Velma and Thelma Ater, Roscoe.
7:40 "A Horrible Example," by the Roscoe League.
7:50 The District Secretary's Period.
8:00 Social.

Sunday Morning

9:45 Sunday School, special class for Leaguers.
10:45 Vocal solo, David Miller, Roscoe.
10:50 Talk, Mr. J. H. Agee, Conference Field Secretary, Abilene.
10:55 Talk, Mr. W. T. Roberts, District Secretary, Big Spring.
11:00 Regular preaching service.
11:10 Boys Glee Club, Roscoe High School.
11:15 Sermon, "Christ of Life," Rev. M. B. Norwood, Roscoe.
12:10 Lunch in church basement.

Sunday Afternoon

2:00 Committee meetings.
2:30 Devotional services, arranged by Big Spring.
Subject: "Am I Ready to Win My Chum?"
Leader, Miss Mary Burns, Big Spring.
Song.
Prayer.
Scripture, 1st Timothy 4-6-12, Lila McCurry, Colorado.
Choral Club, Roscoe High School.
"Leaguer's Prayer Life", Lexton Alston, Sweetwater.
Piano Solo, Aubrey Davis, Big Spring.
"Has Our Prayer Life Caused Us To Be Deeply Interested in Our Chum?"
Reading Miss Ruth Yoder, Snyder.
"Personal Results from Those of Us Who Are Christians," Clarence Walton, Snyder.
Vocal Solo, Sweetwater League.
Song.
3:15 Business Meeting.
4:00 League Benediction.

TIGERS WHIP ROSCOE PLOWBOYS

FORMER SNYDER BOY FOUND UNCONSCIOUS

James G. Morrow, former Snyder boy and a son of Mr. and Mrs. W. M. Morrow, who is a student in the West Point Preparatory school at Fort Sill, Okla., was found unconscious on Highway No. 30 north of Stamford Monday morning.

According to G. G. Flournoy, Stamford chief of police, the youth was not slugged as was first believed. The young man had been on a furlough at Abilene where he resided following residence with his parents here and where he was graduated from Snyder High in 1924. His father, W. M. Morrow, was in the drug business and later in the insurance business here.

Bill Easterwood To Be Snyder's Guest Sunday

Internationally Known Aviation Booster and Business Man Will Attend Legion Meeting

Colonel William E. Easterwood, Jr., of Dallas, will address the American Legion during its formation meeting Sunday afternoon. The Colonel will be accompanied here by Mrs. Easterwood.

Col. Easterwood, a native-born Texan only recently returned from foreign shores where in addition to completing arrangements for a $25,000 flight prize from Rome to New York and Dallas, he was presented to many of the crowned heads of Europe, mixed with a lengthy interview with Mussolini. The Col. is perhaps better known for the sale of Orbit Gums.

Mr. Easterwood was born at Wills Point, receiving his high school education there, later working in the cotton fields until the age of 18 when he went on the road selling Van Camp Pork & Beans traveling the length and breadth of the land for 20 years.

Entering business seven years ago as a manufacturer of "Orbit" chewing gum, by his good methods, and his fair dealings with the public, Mr. Easterwood has now the largest gum business in the southwest, operating his business from the city of Dallas, and employing some 40 people. From his gum business he has made several million dollars during the past seven years.

One of the chief prides of Mr. Easterwood is that he lives in Texas and wherever he goes, he sees to it personally that Texas is well advertised; that the wonderful opportunities of this state are broadcast to the people of other states and also to the world at large.

Mr. Easterwood, while succeeding in the business world to the extent of millions, has not closed his pocket book to the needs of worthy institutions and suffering humanity, but to the contrary has contributed liberally; in fact during the past seven years, he has given over one hundred thousand dollars to widows, orphans, churches, charity and suffering humanity.

At this time he is organizing a trust fund of which he is a large donator, for the purpose of taking care of children of widows who are compelled to work for a living.

Mr. Easterwood, like many other of our wide-awake business men, can forsee the great future of aviation as a mode of transportation and it is said that he has taken more interest in national aviation than any man in the United States outside of Col. Lindbergh. At the present time he has offered as a premium $25,000 for any aviator who can make the non-stop flight from Dallas, New York to Rome. Last year he spent six months in Europe studying commercial aviation, during which time he flew all over Europe learning first-hand the intricate problems confronting aviation in order that he might give this information to his government.

When he went to Europe he landed from boat at Cannes, France, flew to Rome, then to Naples, then to Venice, thence to Vienna, to Berlin, to Calone, to Paris, to London and Plymouth. In every country in Europe he met and talked with personally the leading dignitaries there. In Germany he met the Crown Prince; also met and talked with Mussolini at Rome the only living dictator in the world, who said of Mr. Easterwood that: "Mr. Easterwood was the greatest patriot in the world and would be still greater if he made through his efforts aviation first in his country."

He is a director of the Dallas Trust & Savings Bank, Dallas Title and Guaranty Company, United States Bond & Mortagage Company, Great National Life Insurance Company, Southern Apparatus Fire Company, and is National Aeronautic Committeeman of American Legion, National Vice-Commandant U. S. Marine Corps League; and Vice-President American Legion Department of Texas.

The Senior Editor of The Times-Signal wants to extend the most natural welcome possible to Col. Easterwood and his wife, with the admonition that whether or not, you belong to the American Legion, that all are welcome to hear this distinguished visitor bring a new thought for the personal edification of local and country residents.

TIGERS WHIP ROSCOE PLOWBOYS

ATTEND STATE PRESS MEET AT DALLAS

Editor Eddie Warren of Post, with Editor Smith of the Times-Signal were guests of the State Fair at Dallas, last week-end, where they were shown every courtesy by the Fair Board and distinct courtesies from Col. and Mrs. W. E. Easterwood, Jr. Everybody and his "dutch-uncle" seemed to be at the fair grounds where in addition to being served a real banquet at the Hagenback-Wallace tent, the circus was attended in the afternoon in a body and "The Red Robe" at the auditorium at night.

TIGERS WHIP ROSCOE PLOWBOYS

"The Two Flying Colonels"

Col. Lindbergh at left.—Col. Easterwood Jr., at right

The above picture was taken when Lindbergh was last in Dallas. Col. Easterwood Jr., who is National Aeronautic Chairman of The American Legion will be in Snyder, Sunday, at the organization of the Post here. He will deliver an address either at the Chamber of Commerce or the District Court Room, sometime during the afternoon. Towns all over West Texas will want to hear this internationally known speaker who is the donor of "The Texas $25,000 Prize for a Rome, New York and Dallas flight."

Ira Schools Open Monday; Prospects Fine

Ira and Sharon Schools now Consolidated With New Man In Charge

The Ira school started off Monday morning, the 21st, with a bang. Some two hundred children were present for enrollment and many patrons were on hand to start the year off right. Superintendent Elmer Taylor, formerly of Arlington Public Schools, started the program with a snappy talk. He had at one time attended school at Ira when there was only a one room school there. He saw the school grow to a three teacher school and since he left the community some years ago it has grown to the present system in which seven teachers work. One has only to see Mr. Taylor in action to realize that the Ira school system has an able and efficient man at its head and that the school will continue to grow under his supervision.

Supt. A. A. Bullock was introduced by Mr. Taylor. His was a short talk to the patrons congratulating them on the accomplishments of the past and urging them to boost the school and be sure that they are right before criticising. This is the first year under the new system known as the Ira Consolidated Schools, Sharon having consolidated with Ira during the sumer. The two new trucks were in evidence and Mr. Bullock urged that the patrons give the bus system time to prove its worth before any adverse criticism is offered. He also admonished the children to take advantage of the new school year and to resolve to get the benefit of every moment of school from the start of the first hour to the closing hour.

Mr. J. C. Smyth of the Snyder News was introduced. His short talk was enjoyed by all those present. His main thought was the necessity of coming to school prepared to take advantage of its opportunities.

Supt. Taylor then introduced Supt. C. Wedgeworth of the Snyder Public Schools who was profuse in his congratulations and his praise to the citizenship of the Consolidated District. "You have here," said Mr. Wedgeworth, "a school second to none for its size from a standpoint of equipment and teaching force." Mr. Wedgeworth was at the opening of the school at Ira just a year ago and remarked that he saw evidences of improvement since last he visited there. He then spoke to the children telling them of the importance of living in such a way that their lives would count for most in the service to humanity. This thought was illustrated with a beautifully told story that was of much interest to the student body.

Mr. Ed Crowder of the old Sharon District, now on the board of trustees of the consolidated district spoke briefly of the hopes and plans of the institution. Mr. Crowder has been an ardent supporter of better schools and is very highly appreciated in the community. J. A. Thompson, T. F. Brice, president of the board and Tom Hailey were introduced as members of the present board. Others of the board were unable to attend the opening.

SPECIAL MEETING

Special meeting of Modern Woodmen of America, Tuesday night, Oct. 29th. at the I. O. O. F. Hall, all Modern Woodmen are urged to be present.—Gay McClaun, clerk.

TIGERS WHIP ROSCOE PLOWBOYS

Motorcade Will Spend Night in Snyder Nov. 5th

State Heads To Spend the Night In Snyder, November 5th.

According to advice from Austin, a group of motorcaders representing the Kiwanis, Rotary, American Legion, Lions and state park board organizations will start a trip through West Texas November 4.

The party will lunch at Mason on that day and spend the night in Brownwood. On the day following they will lunch in Abilene and spend the night in Snyder. Lubbock will enteratin them at noon on the 6th of November, and Amarillo that night. The Palo Duro canyon, justly celebrated natural wonder, will be inspected before the party turns southward.

The main purpose is to stimulate interest in state parks. The folks from the state capital will travel over good roads and see much wonderful scenery. They will enjoy the beautiful Indian summer weather of the West and partake of the West's famous hospitality.

No need to tell West Texas that these evangels of good will should be received with open arms. West Texans will see that they receive the best of treatment.

TIGERS WHIP ROSCOE PLOWBOYS

LEST WE FORGET

The organization of an American Legion Post for Scurry County next Sunday brings to mind that it is well for all of us to review our lives occassionally and to recall how that God answered our prayers of long ago. It brings happiness, to sit down once in awhile, and count our blessings. If we are greatful for our blessings, our blessings will multiply.

We recall how disturbed this nation was when we entered The World War. Folks who had never been known to pray, did not hesitate to pray aloud, when their boy left for the front. And I have wondered if they spent as much time on their knees, thanking God for bringing him safely back, as they did asking Him to bring him back. Do we spend as much time thanking God, as we do petitioning Him?

We remember how we cheered our soldier boys, as they left home. I do not notice that we applaud them much for what they did, 'Over There.' They fought a good fight, won the contest, and returned to us some sick and others crippled for life. Many of them died for you and I. We can do nothing more for those who have died, but we can show our appreciation to those who still live. Let's applaud them in every manner possible; if one be sick and thereby not so handsome as he was when he "went across," remember that he gave his "good looks" for you. The more maimed an ex-soldier boy is, the greater should be our respect for him. The more they suffered for us, the more we should appreciate them.

Hats off to the heroes of the late war. Stop and think how he fought and suffered for us—lest we forget!

One thousand citizens should join heartily in the organization meeting that will be held next Sunday afternoon at 3 o'clock, at the Chamber of Commerce Offices. Nearby towns are to cooperation in getting the Post on its feet and started.

TIGERS WHIP ROSCOE PLOWBOYS

Legion Post to Be Organized in Snyder Sunday

Local Committee Preparing For Large Crowds in Ceremony

According to the local American Legion "ram-rod" committee for the organization of a post for Snyder and Scurry County, preparations are going ahead for a big meeting here Sunday afternoon that will be held at the District Court Room. The committee composed of O. M. Lattimore, Lee Stinson, Capt. John E. Sentell, A. C. Preuitt and Wm. LeMond, is hearing from many West Texas posts that are anxious to join in the organization here.

Invitations have been extended through the daily press for all West Texas American Legion posts to have as many ex-service men present as possible. Earl V. Erp, Sweetwater, district committeeman for the Legion, and Joe Y. Fraser of Colorado City, adjutant of the post there, have promised to be present with members from their organizations. While a district meeting is being held at Cisco Saturday and Sunday, posts in all this section have promised to send representatives and join with Snyder and Scurry County in celebrating the re-organization of the local ex-service men.

Col. W. E. Easterwood Jr., vice-commander Department of Texas, will be present and will address the meeting in the afternoon. In all probability Col. Easterwood will fly here in his Travelair plane.

While no campaign has been waged as yet for the post commander of the local organization, Harrie Winston has been suggested by a majority of town and county ex-service men to head the local post. He would be a wise and fine selection and a man who would bring great prestige to the local body.

TIGERS WHIP ROSCOE PLOWBOYS

Roscoe-Snyder Crucial Battle Is Tomorrow

Snyder Tigers Will Enter Roscoe Game In Bad Shape

"Moving Day" for the Snyder Tiger boosters comes tomorrow when the most crucial game in the Tiger history will come, with the annual battle between the Plowboys and our home-town team, on the Roscoe field.

Roscoe have won two conference battles, one with Loraine 24 to 6; with Colorado, 15 to 0. Snyder Tigers likewise have won two conference tilts, one with Loraine 37 to 0, the other with Rotan 20 to 0. The absolute hinge in the District standing revolves on the outcome of tomorrow's game.

The Tigers handicapped through injuries have been working behind cldsed gates all week with Coach "Red" Moore giving them new formations, new plays and tricks that will make them look like another new team. Word from Roscoe state "that they are doing likewise."

The Big Spring Steers game last Saturday played havoc, however, with seven regulars on the Tiger squad who have been unable to work out this week owing to their injuries. This places the Snyder team decidedly in the limelight to enter the Roscoe game as the "under dog." Roscoe with an old team that have been playing together for several years, with the Tigers a majority of whom are green men insofar as football play is concerned, places the locals in a position that they must fight as they never did before in their lives to overcome the tremendous advantages that lies with the Nolan county team who stand between Snyder and the ultimate championship, although Coloradio may turn a victory there, Armistice Day against the Tigers.

The Pep Squad and band will accompany the team to Roscoe.

TIGERS WHIP ROSCOE PLOWBOYS

LIONS CLUB HOLDS INTERESTING MEET

A fine bunch of Lions met yesterday noon and enjoyed a thoroughly good program with special addresses being given by W. O. Logan, J. E. Blakey, John E. Sentell, Munger Y. Lewis and Warren Dodson. Comments on individual speeches are impossible owing to the crowded condition of our columns as well as the fear of being shot were we to publish what some of the boys said, especially Warren Dodson, Pat Bullock and Munger Y. Lewis. Abe Rogers as master of ceremonies for the program itself deftly (?) evaded all brickbats.

The annual Ladies' Night Banquet will be held on a date to be selected by Pat Bullock, Abe Rogers and Warren Dodson, who will likewise supervise the arrangements for the banquet itself and which will insure a real feast of good things.

The entire club will attend the Roscoe-Snyder game at Roscoe tomorrow.

A committee called on Lion J. W. Patterson, who is improving so fast that he will be able to leave the hospital Saturday.

TIGERS LOSE HARD FOUGHT GAME TO BIG SPRING 19 TO 7

Class A Steers Bewilder Tigers in First Few Minutes and Make Score. Locals Stop Onrush and Show Power in Last Quarter Saturday

Playing their best game of the season and profiting by experience gained by playing some disastrous games with the best Class A teams of the district, the Big Spring Steers succeeded in winning over the Snyder Tigers 19 to 7 at the Howard County city last Saturday. The Steers' bewildering smashing attack in the opening of the game, coupled with two costly fumbles, contributed to the decisiveness of the score although the game was hard fought all the way through.

The Steers' first count came early in the first quarter. They elected to receive, and after one exchange of punts caried the ball from their own 30 yard line to the Snyder goal and a succession of first downs. Bell, Rogers, and Kidwell were the principals in this opening rush.

Clark received the Steer kick-off and returned the ball 25 yards. He then lost four yards on an attempt around right end and then fumbled. Bugg recovered for the Steers on the 25 yard line. Rogers and Bell made first down, and Bell made 6 more, with the ball on Snyder's 5 yard line as the quarter ended.

Stubborn Defense

On the opening play of the remaining yard for another first down was made. The ball was then on the Snyder 4 yard line, first down, goal to go. It was here the powerful Snyder line and secondary worked like a machine well oiled to stop the stampede of the onrushing Steers. Bell lost a yard at center, and Kidwell made two, Kidwell lost his two yards, and a pass was incomplete, the ball going over on the Snyder 5-yard line. Heustis kicked out of danger, and after ed out of immediate danger, after four trials the ball went back to Snyder on her own 36 yard line. Being unable to make gains, Heustis kicked to the Steer 45 yard line, continuing the kicking duel, Rogers kicked out of bounds on Snyder's 18 yard line. Heustis lost 5 yards before he could pass the ball, and on the next playa bad pass from center came near going over Heustis' head on Snyder's goal line, but he made 18 yards around right end and later kicked out of danger. The half ended just as McClinton received a punt on his own 10 yard line.

Third Quarter

Heustis kicked to the Steers who on the first play tried that old hidden end pass stunt but failed. Only four yards were made on three downs, and the Steer fullback punted 40 yards to McClinton who made a five yard return. Martin made 9 yards on a fake and then clipped off two more for a first down. A pass, Heustis to Martin, was incomplete, and Heustis made 26 yards around right end on a delusive play. McClinton ripped off five yards through left tackle, Martin added 3 more and Erwin made it first down on the Steers 10 yard marker. Here a fumble lost the ball to Big Spring on the 15 yard line, and Rogers kicked to McClinton who returned 15 yards. Martin recovered Erwin's fumble, and then a fake play went bad, the Steers recovered the fumble. Three passes netted 52 yards took the ball to the 15 yard line, and a buck added 8 more for a first down on Snyder's 6-yard line. Here the Tigers fought hard and held the Steers for downs, and Heustis kicked. The quarter ended with the ball in the Steers' possesion on the Tiger 20 yard line.

Steers Score Again

As the fourth quarter opened, a pass, Bell to Edwards, made the second touchdown. It looked as though the pass would be grounded, but, Edwards juggled the ball and fell over the goal line.

Martin returned Smith's kick-off 12 yards, but Kidwell intercepted a Tiger pass. A Steer pass Rogers to Bell, made 25 yards, placing the ball on Snyder's 29 yard line. A pass was incomplete, a spin play made 4 yards, and Moore ripped off 16 yards around right end. Glover went in for Big Spring, but talked and was penalized 15 yards. artin then intercepted a pass and returned 10 yards. A pass, Huestis to McClinton, went too far. Bell intercepted another pass on the 48 yard line. Bell then made 20 yards on a pretty broken field run, but McClinton, safety, got him on the 30 yard line. Glover made 10 yards for the first down. Bell added 5 more. and Kidwell went to the 5 yard line and then made the touchdown. Bell failed to drop kick extra point. Score, Big Spring 19, Snyder 0.

Tigers Score

With only a short while left to play, Snyder received the kick and opened up a desperate offensive. A Pass, Huestis to Erwin, made 14 yards, and another, Heustis to McClinton added 13. Then Heustis shot a straight one to Andy Jones who ran the remaining 15 yards untouched for the Tiger's score. Erwin's left foot sent the ball sailing squarely between the uprights for the extra point.

The Tigers didn't have time to continue their push, and the game ended with the ball in midfield.

Big Spring 16 first downs to Snyder's 5.

Score by quarters:

Big Spring	6	0	0	13	19
Snyder	0	0	0	7	7

The Lineup:

Big Spring	Position	Snyder
Edwards	LE	Huestis
Fisherman	LT	J. T. Trice (c)
Bugg	LG	Jenkins
Hargrove	C	Dan Trice
Orr	RG	Isaacs
Smith	RT	Drinkard
Phillips	RE	Jones
Bell	QB	Ferguson
Moore	RH	Erwin
Kidwell	LH	Clark
Rogers	FB	Martin

Officials: Nickalus (Tech) referee; McCollum (Baylor) umpire; Irvin (Simmons) head linesman.

Scoring touchdowns: Rogers, Edwards and Kidwell for Big Spring Jones for Snyder; point after touchdown, Bell (dropkick), Big Spring; Erwin, (kick from placement).

Plains Gin Men Indicted; Anti-Trust Law Used

Four Tahoka Ginners Were Arrested Saturday and Now Out on Bond

Four ginners of Tahoka, Lynn County have been arrested and are on bond on indictments charging violation of the state anti-trust law, it was learned from a Lubbock dispatch, Saturday.

The indictments followed an investigation made at Tahoka into allegations that ginners combined to control prices paid for cotton. Assistant Attorney General Calloway Colhoun and Judge Lawrence of Austin have been in charge of the investigation.

Local activities of investigators, it was learned, are part of a state wide investigation into the alleged combination of ginners. Lynn county farmers were said to be receiving from two hundred to three hundred fifty points under New York market quotations, with a loss of from five to fifteen dollars per bale.

FRIEND EDDIE SAYS IT WILL BE TERRIBLE

Editor "Eddie" Warren of the Post Dispatch, through a mutually good friend, has sent a warning to the Times-Signal that he was grinding out a terrible bit of editorial copy this week in answer to this newspaper's asking Coach Harry Taylor of Post High to enter his team in the Southwestern Conference instead of playing such small class B teams like Slaton, Lamesa, Ralls and those schools and letting Snyder alone. Editer "Eddie" said he had placed an asbestos blanket on his typewriter, was using iron fingers to hit the keys and he was "rarin-out" with some terrible maledictions on our head, but knowing the good nature of Mr. Warren, and his kindly feeling toward Snyder in everything but football, we shall await his newspaper this week with bated breath and curious anxiety.

. . . . and we wonder, too, as we write this, if Abraham Moses, county attorney of Garza, is cooperating with "Eddie" in these terrible maledictions, for, like Mr. Warren, when Abraham Moses starts in on a typewriter, he, too, can throw a wicked platen and plenty of paper.

Jew, Catholic, Protestant To Improve Marriage What Is Happiness? Wise Young Dinosaur

Calvin Coolidge, Governor Smith and the distinguised philanthropist, Julius Rosenwald, are selected to dispose of an $8,000,000 charity fund left by Conrad Hubert.

The man who left the money wanted it distributed "by one Jew, one Protestant and one Catholic."

No better choice could have been made than Coolidge, Smith and Rosenwald.

But why Jew, Protestant, Catholic?

Why not three good, average Americans, regardless of their religious brand?

There is too much emphasizing of "Jew, Protestant, Catholic," too much dividing of p olitical offices among them.

That wasn't the idea of the men that established this country.

Great Britain proposes to bar from marriage the "mentally unfit." That might improve the human race, if you could identify the mentally unfit with certainty.

Some unfit will be exempt from matrimonial ostracism because they possess fortunes or important titles or names.

Others mentally unfit will escape because they are only dull, belonging to the negative class that Dante put into one o. hell's disagreeable compartments.

The Rev. C. Everett Wagner, Meth list Episcopal, will start a "happiness clinic" with philosophers engaged to lecture on happiness, how to start, how to reach it. The clinic will pay especial attention to marriage, health, work, and human nature.

In starting a "happiness clinic" it is important to remember Voltaire's advice to define the meaning of words.

What is happiness?

Sheridan calls it "an exotic of celestrial birth."

Socrates said, "Happiness is unrepented pleasure."

Schopenhauer called happiness "absence of pain"—a dull definition.

Rousseau's definition, "A good bank account, a good cook, and a good digestion," is also rather a dull.

Schiller thought he had found "earthly happiness" because he had "lived and loved."

There are two kinds of happiness. The lesser consists in finding the work for which you are fit and doing it.

The greater, reserved for a few, is working for others.

Samuel Insull, Jr., following in his father's industrial dinosaur tracks, as president of the Midland United Co. of Chicago, tells the American Gas association that to boom the gas industry and increase sales they must cut prices, and use "persuasive advertising and proper salesmanship."

If young Mr. Insull follows out those ideas he will be a big industrial dinosaur some day.

Mr. Lamont "the" Mr. Lamont, says business is good and will continue good. Gerard Swope president of General Electric, says "Amen!" and means it. Orders received by his company for the three months ending September 30 were $116,688,014, against $90,326,666 in the same period last year. That increase of 29 per cent has prevailed throughout the entire year.

Viscount Aquilar, physician to Alfonso of Spain, tells Chicago that the King "is in beautiful health because he has never been a man of regular habits."

He means the King Alfonso does not confine himself to any particular diet, which is intelligent. Man was made to cultivate the whole earth, and is healthiest when he uses in moderation the greatest number of earth's products, from the North to the South pole.

Charles Fourier said if a man could read his own palate he would find it to be a correct map of the earth properly cultivated.

Madame Curie, who helped the discovery of radium, comes here to accept for the new Radium Institute at Warsaw, one gram of radium, costing $50,000, paid for by American women.

You could put in a small vailse radium worth more than all the wealth of Rockefeller, Ford, Secretary Mellon and George F. Baker combined, if such a radium quantity existed.

Our sun, with its source of terrific energy only guessed at by science, may contain millions of tons of radium.

We can't get at that. But we might give more poor children the benefit of the sun's light, which is accessible and costs nothing.

Dr. Frederick Tilney, professor of neurology at Columbia university, warns you that a headache is a serious thing. There are sixteen different kinds of headaches, all requiring particular care and understanding.

Headaches often come from anxiety, and you should be cautious about taking medicine to kill a headache.

It may kill the headache, while the forces that cause the headache continue working to kill you.

Epworth League Meet at Roscoe This Week-End

Large Number of Young People Expected to Attend

The second district Epworth League meeting of the Sweetwater District for the League year 1929-30 will open at the Roscoe Methodist Church Saturday evening. The Roscoe Leaguers and Mr. Roberts of Big Spring, the district secretary are leaving nothing undone that might contribute to the success of the meeting.

Mr. J. H. Agee of Abilene, the conference field secretary will be on hand, and will, as usual, be a source of much enthusiasm.

The Roscoe Leaguers will take care of all visiting Leaguers in their homes Saturday night, and will serve lunch in the basement of the church at noon Sunday. Part of a letter received from Mr. Frank L. Williams, president of the Roscoe League reads as follows:

"We are especially anxious to make this meeting a success, and very helpful to all the young people who attend. Be sure and come and see that you have a large delegation of your Epworth League present. Do not miss the entertainment Saturday evening.

"The Roscoe League has plans for entertaining all who attend, including homes for those who desire to stay over Saturday night. We want you to feel that you are welcome."

The Snyder League expects to have about twenty delegates over for the two-day meeting.

Following is a complete program of the meeting:

Saturday Evening

5:30 Registration.
7:15 General Get Together.
7:30 Welcome, Frank L. Williams, Roscoe.
7:33 Response, C. W. Watson, Sweetwater.
7:38 Special music, Velma and Thelma Ater, Roscoe.
7:40 "A Horrible Example," by the Roscoe League.
7:50 The District Secretary's Period.
8:00 Social.

Sunday Morning

9:45 Sunday School, special class for Leaguers.
10:45 Vocal solo, David Miller, Roscoe.
10:50 Talk, Mr. J. H. Agee, Conference Field Secretary, Abilene.
10:55 Talk, Mr. W. T. Roberts, District Secretary, Big Spring.
11:00 Regular preaching service.
11:10 Boys Glee Club, Roscoe High School.
11:15 Sermon, "Christ of Life," Rev. M. B. Norwood, Roscoe.
12:10 Lunch in church basement.

Sunday Afternoon

2:00 Committee meetings.
2:30 Devotional services, arranged by Big Spring.
Subject: "Am I Ready to Win My Chum?"
Leader, Miss Mary Burns, Big Spring.
Song.
Prayer.
Scripture, 1st Timothy 4-4-12, Lila McCurry, Colorado.
Choral Club, Roscoe High School.
"Leaguer's Prayer Life", Lexton Alston, Sweetwater.
Piano Solo, Aubrey Davis, Big Spring.
"Has Our Prayer Life Caused Us To Be Deeply Interested in Our Chum?"
Reading Miss Ruth Yoder, Snyder.
"Personal Results from Those of Us Who Are Christians," Clarence Walton, Snyder.
Vocal Solo, Sweetwater League.
Song.
3:15 Business Meeting.
4:00 League Benediction.

TIGERS WHIP ROSCOE PLOWBOYS

FORMER SNYDER BOY FOUND UNCONSCIOUS

James G. Morrow, former Snyder boy and a son of Mr. and Mrs. W. M. Morrow, who is a student in the West Point Preparatory school at Fort Sill, Okla., was found unconscious on Highway No. 30 north of Stamford Monday morning.

According to G. G. Flournoy, Stamford chief of police, the youth was not slugged as was first believed. The young man had been on a furlough at Abilene where he resided following residence with his parents here and where he was graduated from Snyder High in 1924. His father, W. M. Morrow, was in the drug business and later in the insurance business here.

Bill Easterwood To Be Snyder's Guest Sunday

Internationally Known Aviation Booster and Business Man Will Attend Legion Meeting

Colonel William E. Easterwood, Jr., of Dallas, will address the American Legion during its formation meeting Sunday afternoon. The Colonel will be accompanied here by Mrs. Easterwood.

Col. Easterwood, a native-born Texan only recently returned from foreign shores where in addition to completing arrangements for a $25,000 flight prize from Rome to New York and Dallas, he was presented to many of the crowned heads of Europe, mixed with a lengthy interview with Mussolini. The Col. is perhaps better known for the sale of Orbit Gums.

Mr. Easterwood was born at Wills Point, receiving his high school education there, later working in the cotton fields until the age of 18 when he went on the road selling Van Camp Pork & Beans traveling the length and breadth of the land for 20 years.

Entering business seven years ago as a manufacturer of "Orbit" chewing gum, by his good methods, and his fair dealings with the public, Mr. Easterwood has now the largest gum business in the southwest, operating his business from the city of Dallas, and employing some 40 people. From his gum business he has made several million dollars during the past seven years.

One of the chief prides of Mr. Easterwood is that he lives in Texas and wherever he goes, he sees to it personally that Texas is well advertised; that the wonderful opportunities of this state are broadcast to the people of other states and also to the world at large.

Mr. Easterwood, while succeeding in the business world to the extent of millions, has not closed his pocket book to the needs of worthy institutions and suffering humanity, but to the contrary has contributed liberally; in fact during the past seven years, he has given over one hundred thousand dollars to widows, orphans, churches, charity and suffering humanity.

At this time he is organizing a trust fund of which he is a large donator, for the purpose of taking care of children of widows who are compelled to work for a living.

Mr. Easterwood, like many other of our wide-awake business men, can forsee the great future of aviation as a mode of transportation and it is said that he has taken more interest in national aviation than any man in the United States outside of Col. Lindbergh. At the present time he has offered as a premium $25,000 for any aviator who can make the non-stop flight from Dallas, New York to Rome. Last year he spent six months in Europe studying commercial aviation, during which time he flew all over Europe learning first-hand the intricate problems confronting aviation in order that he might give this information to his government.

When he went to Europe he landed from boat at Cannes, France, flew to Rome, then to Naples, then to Venice, thence to Vienna, to Berlin, to Calone, to Paris, to London and Plymouth. In every country in Europe he met and talked with personally the leading dignitaries there. In Germany he met the Crown Prince; also met and talked with Mussolini at Rome the only living dictator in the world, who said of Mr. Easterwood that: "Mr. Easterwood was the greatest patriot in the world and would be still greater if he made through his efforts aviation first in his country."

He is a director of the Dallas Trust & Savings Bank, Dallas Title and Guaranty Company, United States Bond & Mortagage Company, Great National Life Insurance Company, Southern Apparatus Fire Company, and is National Aeronautic Committeeman of American Legion, National Vice-Commandant U. S. Marine Corps League; and Vice-President American Legion Department of Texas.

The Senior Editor of The Times-Signal wants to extend the most natural welcome possible to Col. Easterwood and his wife, with the admonition that whether or not, you belong to the American Legion, that all are welcome to hear this distinguished visitor bring a new thought for the personal edification of local and country residents.

TIGERS WHIP ROSCOE PLOWBOYS

ATTEND STATE PRESS MEET AT DALLAS

Editor Eddie Warren of Post, with Editor Smith of the Times-Signal were guests of the State Fair at Dallas, last week-end, where they were shown every courtesy by the Fair Board and distinct courtesies from Col. and Mrs. W. E. Easterwood, Jr. Everybody and his "dutch-uncle" seemed to be at the fair grounds where in addition to being served a real banquet at the Hagenback-Wallace tent, the circus was attended in the afternoon in a body and "The Red Robe" at the auditorium at night.

TIGERS WHIP ROSCOE PLOWBOYS

"The Two Flying Colonels"

Col. Lindbergh at left.—Col. Easterwood Jr., at right

The above picture was taken when Lindbergh was last in Dallas. Col. Easterwood Jr., who is National Aeronautic Chairman of The American Legion will be in Snyder, Sunday, at the organization of the Post here. He will deliver an address either at the Chamber of Commerce or the District Court, Room, sometime during the afternoon. Towns all over West Texas will want to hear this internationally known speaker who is the donor of "The Texas $25,000 Prize for a Rome, New York and Dallas flight."

Ira Schools Open Monday; Prospects Fine

Ira and Sharon Schools now Consolidated With New Man In Charge

The Ira school started off Monday morning, the 21st, with a bang. Some two hundred children were present for enrollment and many patrons were on hand to start the year off right. Superintendent Elmer Taylor, formerly of Arlington Public Schools, started the program with a snappy talk. He had at one time attended school at Ira when there was only a one room school there. He saw the school grow to a three teacher school and since he left the community some years ago it has grown to the present system in which seven teachers work. One has only to see Mr. Taylor in action to realize that the Ira school system has an able and efficient man at its head and that the school will continue to grow under his supervision.

Supt. A. A. Bullock was introduced by Mr. Taylor. His was a short talk to the patrons congratulating them on the accomplishments of the past and urging them to boost the school and be sure that they are right before criticising. This is the first year under the new system known as the Ira Consolidated Schools, Sharon having consolidated with Ira during the sumer. The two new trucks were in evidence and Mr. Bullock urged that the patrons give the bus system time to prove its worth before any adverse criticism is offered. He also admonished the children to take advantage of the new school year and to resolve to get the benefit of every moment of school from the start of the first hour to the closing hour.

Mr. J. C. Smyth of the Snyder News was introduced. His short talk was enjoyed by all those present. His main thought was the necessity of coming to school prepared to take advantage of its opportunities.

Supt. Taylor then introduced Supt. C. Wedgeworth of the Snyder Public Schools who was profuse in his congratulations and his praise to the citizenship of the Consolidated District. "You have here," said Mr. Wedgeworth, "a school second to none for its size from a standpoint of equipment and teaching force." Mr. Wedgeworth was at the opening of the school at Ira just a year ago and remarked that he saw evidences of improvement since last he visited there. He then spoke to the children telling them of the importance of living in such a way that their lives would count for most in the service to humanity. This thought was illustrated with a beautifully told story that was of much interest to the student body.

Mr. Ed Crowder of the old Sharon District, now on the board of trustees of the consolidated district spoke briefly of the hopes and plans of the institution. Mr. Crowder has been an ardent supporter of better schools and is very highly appreciated in the community. J. A. Thompson, T. F. Brice, president of the board and Tom Hailey were introduced as members of the present board. Others of the board were unable to attend the opening.

Special meeting of Modern Woodmen of America, Tuesday night, Oct. 29th, at the I. O. O. F. Hall, all Modern Woodmen are urged to be present.—Gay McGlaun, clerk.

TIGERS WHIP ROSCOE PLOWBOYS

Motorcade Will Spend Night in Snyder Nov. 5th

State Heads To Spend the Night In Snyder, November 5th.

According to advice from Austin, a group of motorcaders representing the Kiwanis, Rotary, American Legion, Lions and state park board organizations will start a trip through West Texas November 4.

The party will lunch at Mason on that day and spend the night in Brownwood. On the day following they will lunch in Abilene and spend the night in Snyder. Lubbock will enteratin them at, noon on the 6th of November, and Amarillo that night. The Palo Duro canyon, justly celebrated natural wonder, will be inspected before the party turns southward.

The main purpose is to stimulate interest in state parks. The folks from the state capital will travel over good roads and see much wonderful scenery. They will enjoy the beautiful Indian summer weather of the West and partake of the West's famous hospitality.

No need to tell West Texas that these evangels of good will should be received with open arms. West Texans will see that they receive the best of treatment.

TIGERS WHIP ROSCOE PLOWBOYS

LEST WE FORGET

The organization of an American Legion Post for Scurry Counry next Sunday brings to mind that it is well for all of us to review our lives occassionally and to recall how that God answered our prayers of long ago. It brings happiness, to sit down once in awhile, and count our blessings. If we are greatful for our blessings, our blessings will multiply.

We recall how disturbed this nation was when we entered The World War. Folks who had never been known to pray, did not hesitate to pray aloud, when their boy left for the front. And I have wondered if they spent as much time on their knees, thanking God for bringing him safely back, as they did asking Him to bring him back. Do we spend as much time thanking God, as we do petitioning Him?

We remember how we cheered our soldier boys, as they left home. I do not notice that we applaud them much for what they did, 'Over There.' They fought a good fight, won the contest, and returned to us some sick and others crippled for life. Many of them died for you and I. We can do nothing more for those who have died, but we can show our appreciation to those who still live. Let's applaud them in every manner possible; if one be sick and thereby not so handsome as he was when he "went across," remember that he gave his "good looks" for you. The more maimed an ex-soldier boy is, the greater should be our respect for him. The more they suffered for us, the more we should appreciate them.

Hats off to the heroes of the late war. Stop and think how he fought and suffered for us—lest we forget!

One thousand citizens should join heartily in the organization meeting that will be held next Sunday afternoon at 3 o'clock, at the Chamber of Commerce Offices. Nearby towns are to cooperation in getting the Post on its feet and started.

TIGERS WHIP ROSCOE PLOWBOYS

Legion Post to Be Organized in Snyder Sunday

Local Committee Preparing For Large Crowds in Ceremony

According to the local American Legion "ram-rod" committee for the organization of a post for Snyder and Scurry County, preparations are going ahead for a big meeting here Sunday afternoon that will be held at the District Court Room. The committee composed of O. M. Lattimore, Lee Stinson, Capt. John E. Sentell, A. C. Preuitt and Wm. LeMond, is hearing from many West Texas posts that are anxious to join in the organization here.

Invitations have been extended through the daily press for all West Texas American Legion posts to have as many ex-service men present as possible. Earl V. Erp, Sweetwater, district committeeman for the Legion, and Joe Y. Fraser of Colorado City, adjutant of the post there, have promised to be present with members from their organizations. While a district meeting is being held at Cisco Saturday and Sunday, posts in all this section have promised to send representatives and join with Snyder and Scurry County in celebrating the re-organization of the local ex-service men.

Col. W. E. Easterwood Jr., vice-commander Department of Texas, will be present and will address the meeting in the afternoon. In all probability Col. Easterwood will fly here in his Travelair plane.

While no campaign has been waged as yet for the post commander of the local organization, Harrie Winston has been suggested by a majority of town and county ex-service men to head the local post. He would be a wise and fine selection and a man who would bring great prestige to the local body.

TIGERS WHIP ROSCOE PLOWBOYS

Roscoe-Snyder Crucial Battle Is Tomorrow

Snyder Tigers Will Enter Roscoe Game In Bad Shape

"Moving Day" for the Snyder Tiger boosters comes tomorrow when the most crucial game in the Tiger history will come, with the annual battle between the Plowboys and our home-town team, on the Roscoe field.

Roscoe have won two conference battles, one with Loraine 24 to 6; with Colorado, 15 to 0. Snyder Tigers likewise have won two conference tilts, one with Loraine 37 to 0, the other with Rotan 20 to 0. The absolute hinge in the District standing revolves on the outcome of tomorrow's game.

The Tigers handicapped through injuries have been working behind closed gates all week with Coach "Red" Moore giving them new formations, new plays and tricks that will make them look like another new team. Word from Roscoe state "that they are doing likewise."

The Big Spring Steers game last Saturday played havoc, however, with seven regulars on the Tiger squad who have been unable to work out this week owing to their injuries. This places the Snyder team decidedly in the limelight to enter the Roscoe game as the "under dog." Roscoe with an old team that have been playing together for several years, with the Tigers a majority of whom are green men insofar as football play is concerned, places the locals in a position that they must fight as they never did before in their lives to overcome the tremendous advantages that lies with the Nolan county team who stand between Snyder and the ultimate championship, although Colorado may turn a victory there, Armistice Day against the Tigers.

The Pep Squad and band will accompany the team to Roscoe.

TIGERS WHIP ROSCOE PLOWBOYS

LIONS CLUB HOLDS INTERESTING MEET

A fine bunch of Lions met yesterday noon and enjoyed a thoroughly good program with special addresses being given by W. O. Logan, J. E. Blakey, John E. Sentell, Munger Y. Lewis and Warren Dodson. Comments on individual speeches are impossible owing to the crowded condition of our columns as well as the fear of being shot were we to publish what some of the boys said, especially Warren Dodson, Pat Bullock and Munger Y. Lewis. Abe Rogers as master of ceremonies for the program itself deftly (?) evaded all brickbats.

The annual Ladies' Night Banquet will be held on a date to be selected by Pat Bullock, Abe Rogers and Warren Dodson, who will likewise supervise the arrangements for the banquet itself and which will insure a real feast of good things.

The entire club will attend the Roscoe-Snyder game at Roscoe tomorrow.

A committee called on Lion J. W. Patterson, who is improving so fast that he will be able to leave the hospital Saturday.

TIGERS LOSE HARD FOUGHT GAME TO BIG SPRING 19 TO 7

Class A Steers Bewilder Tigers in First Few Minutes and Make Score. Locals Stop Onrush and Show Power in Last Quarter Saturday

Playing their best game of the season and profiting by experience gained by playing some disastrous games with the best Class A teams of the district, the Big Spring Steers succeeded in winning over the Snyder Tigers 19 to 7 at the Howard County city last Saturday. The Steers' bewildering smashing attack in the opening of the game, coupled with two costly fumbles, contributed to the decisiveness of the score although the game was hard fought all the way through.

The Steers' first count came early in the first quarter. They elected to receive, and after one exchange of punts caried the ball from their own 30 yard line to the Snyder goal and a succession of first downs. Bell, Rogers, and Kidwell were the principals in this opening rush.

Clark received the Steer kick-off and returned the ball 25 yards. He then lost four yards on an attempt around right end and then fumbled. Bugg recovered for the Steers on the 25 yard line. Rogers and Bell made first down, and Bell made 6 more, with the ball on Snyder's 5 yard line as the quarter ended.

Stubborn Defense

On the opening play of the remaining yard for another first down was made. The ball was then on the Snyder 4 yard line, first down, goal to go. It was here the powerful Snyder line and secondary worked like a machine well oiled to stop the stampede of the onrushing Steers. Bell lost a yard at center, and Kidwell made two, Kidwell lost his two yards, and a pass was incomplete, the ball going over on the Snyder 5-yard line. Huestis kicked out of danger, and after ed out of immediate danger, after four trials the ball went back to Snyder on her own 36 yard line. Being unable to make gains, Heustis kicked to the Steer 45 yard line, continuing the kicking duel, Rogers kicked out of bounds on Snyder's 18 yard line. Heustis lost 5 yards before he could pass the ball, and on the next playa bad pass from center came near going over Heustis' head on Snyder's goal line, but he made 18 yards around right end and later kicked out of danger. The half ended just as McClinton received a punt on his own 10 yard line.

Third Quarter

Heustis kicked to the Steers who on the first play tried that old hidden end pass stunt but failed. Only four yards were made on three downs, and the Steer fullback punted 40 yards to McClinton who made a five yard return. Martin made 9 yards on a fake and then clipped off two more for a first down. A pass, Heustis to Martin, was incomplete, and Heustis made 26 yards around right end on a delusive play. McClinton ripped off five yards through left tackle, Martin added 3 more and Erwin made it first down on the Steers 10 yard marker. Here a fumble lost the ball to Big Spring on the 15 yard line, and Rogers kicked to McClinton who returned 15 yards. Martin recovered Erwin's fumble, and then a fake play went bad, the Steers recovered the fumble. Three passes netted 52 yards took the ball to the 15 yard line, and a buck added 8 more for a first down on Snyder's 6-yard line. Here the Tigers fought hard and held the Steers for downs, and Heustis kicked. The quarter ended with the ball in the Steers' possesion on the Tiger 20 yard line.

Steers Score Again

As the fourth quarter opened, a pass, Bell to Edwards, made the second touchdown. It looked as though the pass would be grounded, but, Edwards juggled the ball and fell over the goal line.

Martin returned Smith's kick-off 12 yards, but Kidwell intercepted a Tiger pass. A Steer pass Rogers to Bell, made 25 yards, placing the ball on Snyder's 29 yard line. A pass was incomplete, a spin play made 4 yards, and Moore ripped off 16 yards around right end. Glover went in for Big Spring, but talked and was penalized 15 yards. artin then intercepted a pass and returned 10 yards. A pass, Huestis to McClinton, went too far. Bell intercepted another pass on the 48 yard line. Bell then made 20 yards on a pretty broken field run, but McClinton, safety, got him on the 30 yard line. Glover made 10 yards for the first down. Bell added 5 more, and Kidwell went to the 5 yard line and then made the touchdown. Bell failed to drop kick extra point. Score, Big Spring 19, Snyder 0.

Tigers Score

With only a short while left to play, Snyder received the kick and opened up a desperate offensive. A Pass, Huestis to Erwin, made 14 yards, and another, Heustis to McClinton added 13. Then Heustis shot a straight one to Andy Jones who ran the remaining 15 yards untouched for the Tiger's score. Erwin's left foot sent the ball sailing squarely between the uprights for the extra point.

The Tigers didn't have time to continue their push, and the game ended with the ball in midfield.

Big Spring 16 first downs to Snyder's 5.

Score by quarters:

Big Spring	6	0	0	13	—19
Snyder	0	0	0	7	— 7

The Lineup:

Big Spring	Position	Snyder
Edwards	LE	Huestis
Fisherman	LT	J. T. Trice (c)
Bugg	LG	Jenkins
Hargrove	C	Dan Trice
Orr	RG	Isaacs
Smith	RT	Drinkard
Phillips	RE	Jones
Bell	QB	Ferguson
Moore	RH	Erwin
Kidwell	LH	Clark
Rogers	FB	Martin

Officials: Nickalus (Tech) referee; McCollum (Baylor) umpire; Irvin (Simmons) head linesman.

Scoring touchdowns: Rogers, Edwards and Kidwell for Big Spring Jones for Snyder; point after touchdown, Bell (dropkick), Big Spring; Erwin, (kick from placement).

Plains Gin Men Indicted; Anti-Trust Law Used

Four Tahoka Ginners Were Arrested Saturday and Now Out on Bond

Four ginners of Tahoka, Lynn County have been arrested and are on bond on indictments charging violation of the state anti-trust law, it was learned from a Lubbock dispatch, Saturday.

The indictments followed an investigation made at Tahoka into allegations that ginners combined to control prices paid for cotton. Assistant Attorney General Calloway Colhoun and Judge Lawrence of Austin have been in charge of the investigation.

Local activities of investigators, it was learned, are part of a state wide investigation into the alleged combination of ginners. Lynn county farmers were said to be receiving from two hundred to three hundred fifty points under New York market quotations, with a loss of from five to fifteen dollars per bale.

FRIEND EDDIE SAYS IT WILL BE TERRIBLE

Editor "Eddie" Warren of the Post Dispatch, through a mutually good friend, has sent a warning to the Times-Signal that he was grinding out a terrible bit of editorial copy this week in answer to this newspaper's asking Coach Harry Taylor of Post High to enter his team in the Southwestern Conference instead of playing such small class B teams like Slaton, Lamesa, Ralls and those schools and letting Snyder alone. Editer "Eddie" said he had placed an asbestos blanket on his typewriter, was using iron fingers to hit the keys and he was "rarin-out" with some terrible maledictions on our head, but knowing the good nature of Mr. Warren, and his kindly feeling toward Snyder in everything but football, we shall await his newspaper this week with bated breath and curious anxiety.

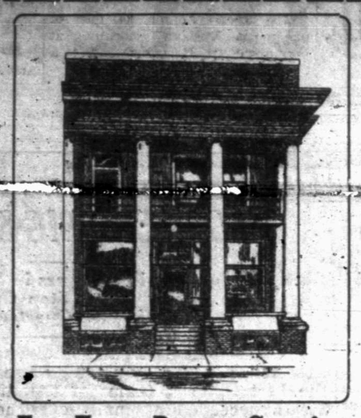

. . . . and we wonder, too, as we write this, if Abraham Moses, county attorney of Garza, is cooperating with "Eddie" in these terrible maledictions, for, like Mr. Warren, when Abraham Moses starts in on a typewriter, he, too, can throw a wicked platen and plenty of paper.

STARGAS

INTRODUCING STARGAS

Which brings all of the convenience of gas to the suburban and rural home

Long have thousands waited for this announcement! Long have they wanted the convenience of gas! Gas for cooking . . . gas for lighting . . . gas for heating water . . . and, more recently, gas for refrigeration! Lone Star Gas Company . . . already serving a million people through its pipe lines . . . has developed STARGAS as an additional service to the public . . . to serve those not reached economically through pipe lines.

Now . . . with STARGAS . . . anyone may enjoy the convenience of gas. STARGAS is

Real Compressed Natural Gas Delivered Anywhere

STARGAS, containing the elements of highest heating value, is extracted from pure natural gas and STARGAS means more than a fuel . . . it means a service! Cylinders are delivered in sets of two, and when one cylinder is exhausted, it is only necessary to turn a valve and begin using from the other, while the company replaces the empty cylinder. STARGAS is convenient, safe, reliable. STARGAS service is a public utility service.

Of course, there are questions, dozens of them, that space will not permit us to take up here, . . . but you have only to call upon us to have them answered immediately. Find out *now* what STARGAS will do for YOU. See actual STARGAS demonstration at . . .

Stargas Equipment Is Sold on Convenient Terms, if Desired

PLUCK
versus
LUCK

Some people are forever waiting for a stroke of luck to come their way and make them rich.

It's PLUCK not LUCK that makes for success.

Wealth comes to those who work and prepare—to those who are financially ready to open the door when opportunity knocks—**not by wishing.**

By the way——has that ACCOUNT been started, and are you building it so that it will take care of all emergencies and opportunities?

The start is very important.

Better Make it
TODAY!

LOCALS

Mrs. Pete Bridgeman and her nephew, Lewis Bennett left Sunday for Alpenna Pass, Ark., where they will visit with Mrs. Bridgeman's, mother, Mrs. J. W. Webb.

Word from the bedside of Mrs. C. Wedgeworth at Marlin yesterday was to the effect that she is improving and hopes to be back in Snyder soon.

Supt. C. Wedgeworth, Homer Springfield, J. C. Smyth and O. D. Carter attended the Tiger-Steer football game at Big Spring Saturday afternoon.

Mr. and Mrs. Fred Ebling of Dermott and Mr. and Mrs. O. D. Carter of Snyder spent Sunday in Hermleigh as guests of Mr. and Mrs. C. E. Ross and daughter, Ethel Gertrude.

Word was received by relatives and friends here of the announcement of a baby girl born to Mr. and Mrs. Roy Stokes at Fort Worth Sunday. Mrs. Stokes will be remembered as Miss Dimple Gross.

Mr. and Mrs. Norman Autry returned home Sunday from Amarillo where they visited G. L. Autry, who underwent an operation in that city. He is reported to be getting along nicely.

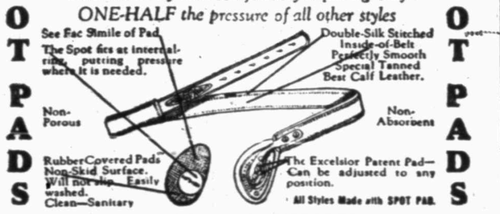

Mr. and Mrs. Earl Grantham and two children with Misses Edith and Vera Nell Grantham spent last week-end with their parents, Mr. and Mrs. R. C. Grantham at Lubbock.

J. W. Patterson, who underwent an operation for appendicitis at the Emergency Hospital last Wednesday, is getting along fine and will be able to leave the hospital the latter part of the week.

Mr. and Mrs. J. A. Farmer returned home last Thursday from Dallas where they visited their daughter, Mrs. R. A. Whitaker. They were accompanied home by Mrs. Sallie Johnson of Alvarado, who will be the guest of Mrs. Farmer and Mrs. S. T. Elza.

Grinds any Feed at Low Cost

A W-W Feed Grinder grinds and mixes everything from the ground up, with lightning speed—separately or together. Turns fodder, alfalfa, maize heads, snapped or ear corn, oats, bundle feeds, etc., into valuable mixed, balanced feed that goes a third further. *And the W-W does every grinding job at low cost!*

W-W HAMMER-TYPE **FEED GRINDER**

By grinding and mixing all your feed crops, from the ground up, you utilize that 35 per cent of the feed usually wasted in stalks and stems. Your livestock eat it all when ground the W-W way—and it is all better for them.

In fifteen years of actual service on thousands of farms the W-W has proved to be the world's outstanding feed grinder. No burrs, gears or knives to work loose or give trouble. *Powerful RIGID hammers do the work.*

Come In

and let us show you more about this outstanding grinder. See how it is built for years of service—with Timken Tapered Bearings, Alemite Lubrication and Rockwood Pulleys. Self-feeder can be furnished.—Blower or Elevator equipment. Nine different sizes.

We will also demonstrate the W-W on your own farm with your own feed and your own power.

Millions of Miles of Constant Testing

to maintain the *outstanding quality and dependability* of The Chevrolet Six

In spite of the fact that a million Chevrolet Sixes have already been placed in the hands of owners, and have proved their performance and stamina by billions of miles of service over every type of highway the nation affords—

—the Chevrolet Motor Company *continues* to take new Chevrolet Sixes from the assembly line at the factory and subject them to pitiless testing on the roads of the General Motors Proving Ground!

This passion for proof—this consistent refusal to accept any tests as final—is one of the fundamental reasons for the overwhelming popularity of Chevrolet cars. For in no other way is it possible to make the Chevrolet Six so sound in design and materials—so dependable in performance—and so economical to operate!

If you are considering the purchase of an automobile, come in and see the new Chevrolet. You will find that it is more than a Six in the price range of the four. *In every way it is a finer car than you ever thought possible in the low-price field!*

29-395—30

A fifth wheel speedometer accurately measures speed and mileage on all Chevrolet test runs at the Proving Ground.

A SIX IN THE PRICE RANGE OF THE FOUR

Who would think of a stove as a beauty preserver!

But *just examine this new labor-saving range*

BETTER THAN ANY BEAUTY LOTION for the busy home maker is something which will prevent her tired look by lightening her work. And this is what we offer you in our beautiful new oil range, with its 27 time and labor-saving features.

A new design, built to save steps . . sparkling finish of porcelain enamel, which will keep its beauty for a lifetime . . new burner arrangement which enables you to cook more dishes at a time . . all-grate top which gives room to keep them warm . . a built-in "live heat" oven which speeds up baking.

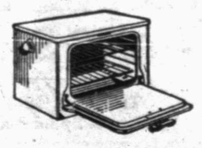

Swift, Clean Heat

Five Superfex burners, one a "Big Giant," furnish cooking heat without smoke, soot or odor . . as swift and clean as gas. The cleanliness of this stove, and its closed-in back which protects kitchen walls, make it a "beauty preserver" for your kitchen, as well as a labor-saver for yourself.

This beautiful range comes in all white or with a trim of gay color . . . with long Perfection or short Puritan chimneys. A similar model burns gasoline.

Other new Perfections, without built-in ovens, can also be had in the three different styles. Prices, $18 to $164. Your dealer will doubtless offer you easy terms.

PERFECTION STOVE COMPANY
825 Trunk Avenue · Dallas, Texas

Seven time and labor-saving features on the oven alone! It is built-in . . . air-insulated . . . enamel lined. Has accurate heat indicator . . . five rack positions . . . counter-balanced drop door. Bakes with "live heat", which means speedier baking and better flavored foods.

Breeder-Feeder Idea Boosted at Dallas Meeting

Harrie Winston and County Agent Logan Among County Boosters At Meet In Dallas

Scurry County was well represented at the Breeder-Feeder meeting at Dallas last week with Harrie Winston and County Agent Logan being on the job, and enjoying the many new developments that were brought to the large number who were present.

The association was formed recently at Midland when Frank P. Holland, publisher of Farm and Ranch was elected President; W. B. Mitchell, Marfa, Vice-Pres.; and G. W. Barnes, Beef Cattle Specialist, A. & M. College as Secretary, with a Board of Directors composed of Cattle Breeders and Feeders from various points in the state.

According to Mr. Winston, the purpose of the organization is to begin at once, a constructive program to promote Live Stock Feeding on Texas Farms. At the Dallas meeting, many phases of the work were brought up with the unanimous decision that feeding on farms was one of the state's greatest present agricultural resources that is not being developed.

In a statement, Tuesday, Mr. Winston said; "Texas raises cattle and feed and ships them both to other states to be fed and then buys meat from the feeding states. By such method, we are failing to get the profit of agriculture that we should and at the same time neglecting the up-keep of the fertility of our farms. If our agricultural program could be arranged to include cattle feeding it would afford a market for all the rough feed raised and a better market for our grains. By putting the fertilizer back on the farms to build up their fertility we are gaining and in addition providing a home market for a lot of our Texas calves."

Continuing, Mr. Winston said; "If feeders from the northern states can come to Texas and buy our cattle and feed and pay their expenses from Texas to their feeding grounds and use them in their agricultural program profitably, WHY CANNOT Texas farmers take Texas cattle and Texas feeds and feed them on Texas farms with the same benefits?

"Facts brought out at the Dallas meeting,", said Mr. Winston, "to show that where cotton is planted continuously, that the land will soon lose its fertility and will not produce cotton profitably. In some sections of Texas where cotton farming has been done over a period of 40 or more years, the situation has become alarming. Lands that once produced heavy yields now barely produce any cotton at all. These sections have been among the leaders to change their farming methods from dire necessity from cotton to feeds to rebuild their soils. The change will open up an outlet for feeder cattle as a means of selling their feeds and inasmuch as Texas farmers are not very familiar with cattle feeding, the purpose of the Breeder-Feeder movement is to help in every way possible to make such a program more profitable. Any Scurry County farmer interested in securing the best possible information on this movement, I would recommend to write Frank P. Holland, Farm and Ranch, Dallas, for the latest details of where reference may be made to answer your every question."

Concluding, Mr. Winston said, 'In view of the fact that in sections of Texas that have been farmed longer than our county lands and who have been confronted with the serious problem of reduced production (due to their one-crop system) it would be wise for our residents to give some thought to our agricultural program and profit by the experiences of others. If we are to maintain our maximum agricultural production we must keep up the fertility of the farms and this can be done best by raising more feed and feeding live stock as a means of marketing by feeding cattle. All of the rough feed can be sold and grain sold to better advantage. By feeding on the farm, the fertilizer remains there that is in turn returned to the land to help up and maintain the fertility."

THE PUBLIC SHOULD KNOW

The Clarendon Schools had a financial report in last week's issue of the Clarendon News, as the law provides. It would be nice if every County Commissioners Court, City Council and School Board in Texas would publish such statements at good intervals as the law directs, in order that the people might know just what is being done with their money. No man would pay for the upkeep of a private home without knowing just how his business was being run, and people are eminently entitled to know how their tax money is being spent each year.—McLean News.

THE TOWN DOCTOR
"DOCTOR OF TOWNS" SAYS

SOME TOWNS WON'T TAKE TELLING

Not long ago the executive head of a town's leading civic organization and the owner and publisher of the largest newspaper had called to their attention that fact that among other such things grass was growing in the sidewalks and curbs of their business district. They laughed and said, "Well, I guess that won't keep any business out of town."

In the same month the officials of another city were reminded that they had no parks or playgrounds for youngsters or grown-ups, and they replied, "Oh, that mean anything; we have plenty of other things, and a place to play won't keep any factories from coming here."

About the same time another community was warned that lack of interest in their community, shown by so many citizens, might prove costly. They said, "Ha! ha! What has that to do with it as long as we have a Chamber of Commerce with plenty of money and pull?"

Now I am told that city No. 1 was crossed off a list of seven towns selected as "possible" for a factory with a fifty thousand dollar monthly payroll, due to conditions reported as "run down, seedy and unattractive appearance of the community in general."

A large industrial concern, in the final analysis of two accepted towns, chose the other in preference to town No. 2 because the report on my desk shows said town had no recreational facilities for employees to whom five million dollars would be paid annually.

In this afternoon's mail there is evidence that because a survey of town No. 3 showed the population 72 per cent negative civically, the town was refused a donation of $250,000 which it had asked of a large foundation.

As long as citizens of a community refuse to profit by the experience of others—as long as they won't be told or appreciate the telling, just that long will those towns stay as they are, failing to get new business and allowing the business they have to go elsewhere.

"He didn't know the gun was loaded," "He didn't stop, look and listen," are famous epitaphs. Now, as far as many towns are concerned, you can add, "We never thought about that."

STICKS IN MUD AFTER DRIVING FIVE HUNDRED MILES

Principal Hicks, whomade a 1,000 mile trip for his family last weekend, ended a five hundred mile drive by sticking in the mud within two blocks of his residence here Sunday night. When he turned off of the pavement at the C. Karnes residence the 'wearied Dodge' rested itself in the Hermleigh mud.

We are glad to have Mrs. Hicks and the children to make their home here.—Hermleigh Herald.

SPLENDID ADVICE FROM HEALTH BOARD

To the "teen age" girl the fad for a boyish figure is fraught with very real danger, according to Lewis E. Bracy, Executive Secretary of the Texas Public Health Association.

"Perhaps mothers and aunts on the uncertain side of forty need to count calories and carefully eschew large quantities of pastry and potatoes." said Mr. Bracy, "although even for them the advice of physicians should be sought before 'reducing' is undertaken.

The ages between 20-24 show the highest tuberculosis death rate of all ages. Physicians are unanimous in blaming lack of rest scanty clothing and dieting fads for this condition. They say the young girl is not likely to break down from tuberculosis in her twenties if in her 'teens' she got enough sleep—is not overworked under unhealthy conditions and has a diet of good plain wholesome food, including a warm nourishing breakfast. She need not fear that any loss of beauty will result from a few pounds added, for her clear skin shining eyes, glossy hair and abundant 'pep' will make her popular and successful."

The Texas Public Health Association is engaged in a year 'roun campaign for the promotion of better health among Texas children. On the staff of the Association are a public nurse and a child health education director whose services are available to schools and communities upon request. Also on the staff are a Mexican and a Negro health worker especially trained for health work among their own races. All of the work done by the Texas Health Association, which includes not only child health and racial health work, but also general health education toward the prevention and cure of tuberculosis, is financed through the sale of Tuberculosis Christmas Seals. These seals will be sold in every county in Texas from Thanksgiving Day until Christmas.

FIRST CHURCH OF CHRIST

Bible School 9:45.

Sermon: "Eight Sins Against The Holy Ghost," 10:45.

Lord's Supper, 11:40.

Christian Endeavor, 6:15.

Sermon: "The Two-Edged Sword," 7:30.

Ladies meeting, regular Mondays at 2:30.

Church night program and special training, choir rehearsal 7.

A special feature of the morning service will be a vocal solo by Mrs. Hugh Boren.

Another special feature is that the pastor hopes to be prepared to present to every one present a monogrammed personal souvenir. These will be presented at each preaching service to those present as they pass out.

The minister becomes more and more of the conviction daily that the present aloofness from the church both by churchmen and non-churchmen is positive proof of the deep-seated honesty and integrity of men and women who seek a positive Christianity and therefore are in rebellion against a negative, or mushy Christianity as for the large part is revealed in much of our modern day teaching and application of the gospel message to real life. Therefore, he seeks to meet the problem face to face with a positive gospel positively declared, but with love to all. In this he is confident of the greatest possible assurance of eternal salvation to all who obey the covenant in its strictest sense. In this he charges no other ministers and no other churches more than his own. We all have been cowards to present the truth as it has been found, lest we trample on the toes of some who may not have lived it. If we all feared God like we fear men, we might have less of bread and butter in our larders, but more stars in our crown. For these reasons the studies given under the above titles will go to the very heart of Christian living, but without condemnation, except the Scriptures condemn us. The endeavor shall be, however, to make these hours veritable love feasts.

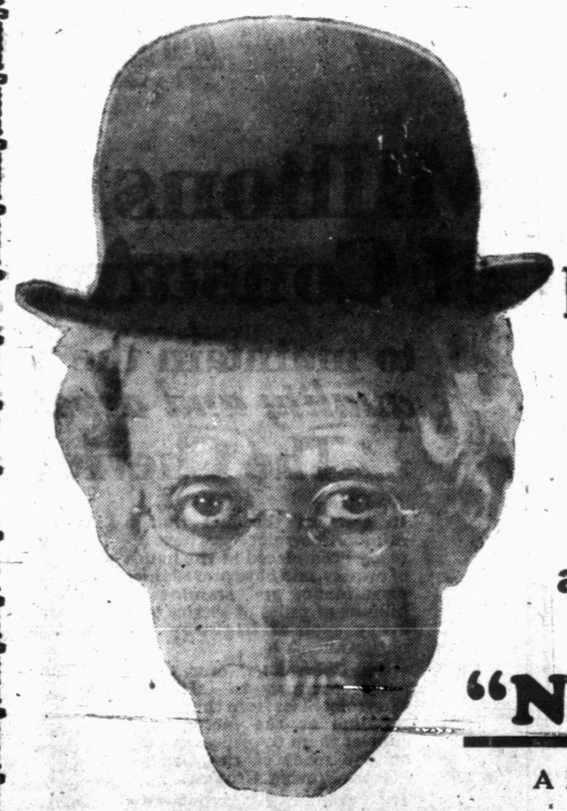

Let us be like the prophet of old, who, when looking down through the centuries to the time of the time of the coming of our Lord, could say: "I was glad when they said unto me, Let us go into the house of the Lord."

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Church Services

There were preaching services at only one church in Fluvanna last Sunday. Rev. Robert Williamson filled his pulpit at the usual hours and brought enthusiastic messages. He has only one more Sunday for this place during the present ecclesiastical year. At that time he will submit his report for the year. Every member should hear it.

According to the usual schedule there will be services at the Presbyterian church next Sunday morning and evening. All members should be present.

It is expected that there will also be regular services at both the First Baptist and the Fluvanna Baptist churches at the usual hours next Sunday.

Business Affairs

J. I. Boren and W. B. Hood shipped one and two cars, respectively, to the Fort Worth market last Monday, the shippers accompanying the cattle.

We understand that the Hood brothers sold some 500 head of sheep to W. C. Miller last week.

Drilling in the oil test well near Fluvanna is progressing nicely. We understand that the bit is pounding away in gray lime at a depth of about 2400 feet at this writing.

Marvelous Things

Another marvelous radio fete was "pulled off" last Monday evening when the extensive nation-wide hook-up enabled the people all over this country to hear the program at Dearborn, Mich., honoring the 50th anniversary of Thomas A. Edison's invention of the incandescent lamp. At the same time the magnificent building housing the equipment etc. used by Mr. Edison fifty years ago (and given by Henry Ford) was dedicated. On this occasion several notables such as Mr. Ford, Owen D. Young, Mr. Edison and President Hoover delivered addresses which were plainly heard in Fluvanna. One of the marvelous things in this connection was a brief address by Albert Einstein from his own home in Berlin, Germany, which was also heard here in our own home. What next?

Visits and Trips

R. A. and Mrs. Jones, formerly of this community but recently of Gaines County, are coming back to Fluvanna this week. We understand that they will reside on the J. A. J. Jones farm north of town. This, no doubt, will be a good move; anyway, we welcome their return. Bos Stavely went Monday in his truck to assist the family in moving.

Prof. Cleo Tarter and wife, Misses Collins, Eley, Vera Stavely and Vernay Boynton all made the trip to the Carlsbad Cavern during the last week-end. They report a delightful trip and marvelous scenery in the cavern.

E. A. Boles and Mr. Cole are at this writing exploring the plains country.

Pat and Mrs. Weems made a trip to Eastland County last week where they visited a son, Cyrus James, whose small child is seriously ill.

W. B. Noel made a trip to Winters last week.

Dr. and Mrs. Jones, accompanied by Pat Jones and family, went to Dallas for the week-end to visit relatives and the fair. The Doctor jokingly declared before leaving that he did not expect to see the fair.

W. H. Jones and family spent the week-end in Dallas visiting relatives and taking in the fair.

The stork visited the home of Guy Turner last Thursday about noon, bringing the fifth son to that home. All seem to be doing well.

W. R. and Mrs. Craft and daughter, Agnes, of Southland visited Mrs. John Stavely here last Sunday.

Mr. and Mrs. McPherson of Snyder visited the T. A. Faver family near Fluvanna last Sunday afternoon.

Last Monday evening T. A. and Mrs. Faver and children came to the home of V. P., bringing nine jars—one of each kind of fruits and vegetables put up this season by the industrious and frugal hands of that good housewife. They certainly look fine. Many thanks. Now, Mr. Editor, I guess you will want to come to see us.

Strange Things

Perhaps Fluvanna has a goodly number of bright and adventurous young men, but just now V. P. refers to only three of them. These are men sound in mind and body, brilliant and of wide experience. They are, as it were, "Three wise men from the east." They are trained; some of them—eagle-like—have soared through the ethereal regions, and all, perhaps, have hunted wild beasts in the jungles, but, with all this—like the young man in Mark 10:21—"Yet one thing thou lackest,"—just ONE thing, and that one thing, in this case, must be supplied at any cost—cost of money, time, effort and example. Some of them had never seen a coyote. Just one thing was needful—a coyote; hence, with a smiting conscience but with high hopes of further achievements, they repaired—on Sunday morning—to the wild breaks in quest of the coveted trophy—a coyote. And, like the case of the darkey and the bear, although it was Sunday, "They took the gun along." RESULTS: Well to be brief—a tollsome day, a desecrated Sabbath, Sunday schools crippled, conscience sore, no game. "Whatsoever a man soweth . . ."

Now, at the last minute we have learned that the Fluvanna band has just purchased and paid for a splendid new drum. That's fine. Now watch us drum up the town.

JAS. H. TATE.

SADLER SHOWS WILL COME TO SNYDER THREE DAYS NEXT WEEK

Billie Sadler

The ever-popular Harley Sadler shows will arrive in Snyder for a three day engagement, commencing next Thursday, Oct. 31, with some remarkable new features that will please the army of friends that the show has always had in Snyder and Scurry county.

Billie Sadler, as sweet as ever and one of the real actresses of the stage will be here in person, with a big Jazz Band and Orchestra. The opening play will be "New Brooms," with new scenery, and many other new offerings never shown here before.

Mr. Sadler is dividing a week's program between Post and Snyder which was made necessary owing to the insistence of the show's friends. Mr. Sadler's will be the first road show to come here this year and that packed house will greet his every performance goes without saying as one of the greatest welcomes ever accorded a traveling show will be given the Sadler folks on their arrival here.

PROGRAM SCURRY COUNTY TEACHERS INSTITUTE

The following program will be given at the Scurry County Teachers Institute when they meet in Snyder on November 1 and 2 and will be held at the Snyder High School Auditorium.

Friday, November 1.

9:00-9:30 opening exercises, Snyder High School.

9:30-9:45 Devotional, Bro. W. M. Speck.

9:45-10:15 Welcome Address, Supt. C. Wedgeworth, Supt. of Snyder Public Schools.

Response, Supt. Elmer Taylor, Ira Public Schools.

10:15-11:15 Address, Dean A. H. Gordon, Dean Texas Technological College, Lubbock.

Noon Recess.

1:00-1:30 Registation.

1:30-2:15 Round table discussion with Rural and small town teachers, led by A. A. Bullock.

2:15-3:3 Round table discussion on the problem of tardies and absentees, led by E. E. Kerr, Hermleigh Public Schools.

Saturday November 2

9:00-9:30 Opening exercises, by Fluvanna Public Schools.

9:30-9:45 Devotional, Rev. W. P. Ferguson.

9:45-10:00 Address, Dean R. P. Jarrett, Dean of W. T. S. T. C., Canyon.

Noon Recess.

1:00-1:30 Address, Why We Should Become Membes of the T. S. T. A., Supt. C. Wedgeworth.

Organization.

Adjournment.

NO EXPENSE SPARED IN DRESSING FOLLIES

Costumes costing many thousands of dollars were used in the production of the William Fox Movietone Follies of 1929, big musical revue for the speaking screen which comes to the Palace Theatre Oct. 30 and 31.

Many of the costumes were designed and executed in the wardrobe shops of the William Fox Coast Studios, Hollywood, while others were made by Fanchon and Marco's costume shop. Sophie Wachner and Alice V. O'Neill furnished many designs.

DERMOTT NEWS

Quite a number of the farmers have sowed wheat in this community. Several of the people of our community have out several bales of cotton.

We are indeed proud of the rain that fell last Saturday night which will be a great benefit to the farmers.

Harve Browning shipped one car of fat calves to Fort Worth Wednesday.

A. N. Edmonson has bought and sold several head of fat cattle the past week at Lubbock.

John Cargile, who is employed on the state highway south of Snyder, was a visitor in Dermott Sunday.

Mr. and Mrs. Reeves and family of Trinidad, Colo., visited her sister, Mrs. Charlie Johnson, the past week-end.

Cobb Browning and family of near Spur spent the past week-end with Mr. and Mrs. Bob Browning.

Mrs. Sallie Scrivner accompanied her mother, Grandma Welch, to Mills County and will spend a week with relatives.

Mr. and Mrs. J. E. Mallon and daughter, Lucile, and cousin of San Angelo visited in the Gene Sanders home Tuesday.

Mr. and Mrs. Moreman and little daughter of Lamesa spent a while Friday afternoon with their friend, Mary Hulsey.

Mr. and Mrs. Harve Browning visited relatives near Rotan, Saturday and Sunday.

Bro. Williamson of Fluvanna preached Sunday evening to a good crowd. Brother Bratton preached Sunday morning.

Eleven cars of fat cattle were shipped to Seagraves Sunday.

Mrs. Jessie Richardson and Wadie of Oklahoma spent last week visiting Mrs. A. N. Edmonson.

Charlie Browning and family of Spur spent last week-end visiting relatives here.

Oscar Sullenger and children of Loretta spent Sunday in the A. N. Edmonson home.

E. S. Simmons returned Sunday from Arkansas where he has spent the summer. He reports a good time and plenty of squirrels to eat.

M. J. H.

LARGE ATTENDANCE AT TAYLOR FUNERAL

Large crowds paid their last respects to Zack Taylor, 72, who passed to his reward last Thursday morning, both at the residence and at the Church of Christ where services were held Friday with Bro. W. M. Speck officiating. Near relatives of the deceased who was counted as an old Scurry county pioneer were included in the announcement of the death in last week's Times-Signal.

Honorary pall-bearers as announced by Mortician R. H. Odom included: J. C. Dorward, Joe Stinson, H. J. Brice, O. P. Thrane, Joe Strayhorn, W. H. Cauble, W. M. Scott, Sam Hamlett, J. D. Robinson, Ira Sturdivant, Melvin Blackard, A. D. Erwin, Com Ezell, Joe Lane, R. N. Miller and Judge Fritz R. Smith.

Flower Ladies were: Mrs. W. B. Winston, Mrs. W. R. Johnson, Mrs. H. J. Brice, Mrs. A. J. Towle, all of Snyder; and the Misses Mollie and Lora Blunt of Roby.

The Active Pall-Bearers were: Will Clements, J. C. Maxwell, Andy Trevey, Joe Caton, Joe Monroe and H. G. Towle.

ATTENDING CNVENTION

Mr. and Mrs. O. P. Thrane and Sec'y J. W. Scott are official Snyder representatives at the West Texas Chamber of Commerce meeting at El Paso this week. Mr. Thrane is a vice-president of the organization as well as being on several special committees who will report their findings at the business sessions.

THE BABY LIONS

The Baby Lions English Club met October 11, 1929. The house was called to order by the president, the secretary was out so we didn't have the minutes. Our new officers were elected as follows:

Lewis Wilsford, president; Violet Rucker, vice-president; Netha Lynn Rogers, secretary; Willie Ray Patterson, ass't. secr'y.-treasurer; La Frances Hamilton, critic; Bill Smith, reporter and Mrs. Claunch, sponsor.

The new president took charge in the home-room and we then went to the auditorium for the program, where the pres. turned the meet-over to the program committee. The program was as follows: Class Song by room; reading, Maxine; Piano Solo, Irene Spears; Country School Day, by girls whose names ended in "ine" or "ene".

The Club adjourned to meet next Friday, Oct. 28, 1929.

McMILLAN-WEAVER NUPTIAL

Mr. Roger McMullan and Miss Ada Marie Weaver were quietly married at the home of the bride last Friday morning at 10:00 a. m. The Rev. Parks read the ceremony, the families of both the contracting parties and Jim Holmes of Roscoe, the bride's uncle, being present.

Mrs. McMullan is the charming and accomplished daughter of Mr. and Mrs. T. J. Weaver, Mgr. of the Pyron Ranch east of town. Her many friends and acquaintances join in wishing her much happiness in her new relations.

Mr. McMullan is the son of Mr. and Mrs. McMullan of Pyron. He is well known here, and is highly esteemed in home town.

They left immediately for San Antonio where they will spend a few days, which they will be at home at Chapman Ranch, Texas.—Hermleigh Herald.

Borden Wildcats Drilling Ahead In High Lime

Amon G. Carter Said to Be Interested in New Drilling Block

Reports from Borden County last week stated that two of three wildcats were drilling ahead in lime at depths varying from 2,125 feet to 3,300 feet. The only new rumored development in Borden County is that Amon G. Carter of Fort Worth is on a deal to drill the Texas Company's Burns block consisting of 16 sections in block 33, township 5 north, just north of the Howard County line, but in Borden County.

Moncrief et al's No. 1 Munger in the center of the southwest quarter of section 14, block 31, is drilling below 2,125 feet in red sand and is reported carrying a hole full of water encountered between 1,510 and 1,520 feet.

Teas & Wheeler's No. 1 Long, 1,320 feet north and east of section 27, block 30, T. & P. Ry. Co. survey, is drilling below 3,300 feet in water with more than 2,000 feet of water in the hole which cannot be bailed down. The well was carrying approximately 2-3 bailer of water per hour before reaching the increase at 3,238-50 feet.

Louisiana Oil and Refining Company's No. 1 Miller, 1,320 feet from the west line and 150 feet from the south line of section 355, block 97, H. & T. C. Ry. Co. survey, is reported at 2,510 feet. Lime was topped in the well at 2,300 feet giving the test one of the highest datums on lime of any well drilled in the county. The datum is approximately plus 214 feet, according to calculations reported in this city.

MORE COUNTIES JOIN ASSOCIATION

The next meeting of the West Texas County Judges and Commissioners' association, organized last week at Lubbock, will be held in Plainview on December 18. At the coming session the organization will be perfected and additional counties probably will be represented.

Fourteen counties were represented at the meeting Wednesday which include Lubbock, Armstrong, Scurry, Shackleford, Terry, Dawson, Hale Floyd, Gaines, Lynn, Swisher, Lamb Crosby and Castro.

Compare features

to learn how much more Oakland gives for its price

Oakland has made it easy for you to compare features. In fact, Oakland has made the comparisons itself, tabulating the results in chart form so that you can see at a glance what you get in the Oakland All-American Six as well as what you get in twenty other cars of medium price.

Before you buy any car within $300 of Oakland's price, be sure to come in and see the complete results of these comparisons. And when you have seen them, we will clinch the proof of Oakland superiority with a demonstration—convincing you beyond any question that this is *America's finest medium-priced automobile.*

Prices, $1145 to $1375, f. o. b. Pontiac, Mich., plus delivery charges. Spring covers and Lovejoy Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Proof that Oakland is **America's finest medium-priced automobile**

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher-priced than Oakland!

WHEELBASE

Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

BRAKES

Only Oakland and one other car in its field use the fine type of brakes which Oakland employs. And no car in the field equals Oakland's 290 square inches of brake band area. Oakland's separate emergency brake operates on the transmission. Seven cars in the field have no separate emergency brakes, although three of them exceed Oakland in price.

SOCIETY

P. T. A's. MEET

The Parent-Teachers Association met Tuesday evening at the high school auditorium with about fifty members present.

After the business meeting the following program was given:

The History of the Organization of the P. T. A., Mrs. Hugh Taylor.

Brief Review of the Work the P. T. A. has Accomplished in Snyder, Mrs. H. J. Brice.

The Ten Commandments of the Parents, Mrs. Charlie Glenn.

The Parent-Teachers Creed, was given by Mrs. Bill Miller.

During the social hour an old fashioned candy pulling was enjoyed.

The next meeting will be held at the high school the third Thursday in November.

E. J. RICHARDSON GIVEN BIRTHDAY PARTY

Mrs. E. J. Richardson complimented her son, E. J., on his eighth birthday Saturday afternoon with a party at their home in West Snyder.

Various games were played during the afternoon hours after which delicious refreshments were served. Halloween favors were given to the following guests: Donald Darby, Billy Caskey, Roy Reid, Billy King, Donald Ray Scott, Billie Joe Stinson, Carlos Hugh Yoder, Eddie Richardson, Janice Burt, Wynona Keller, Alice Caskey, Vivian Chenault, Virginia Preuitt, Katherine King, Mary Voncel Curnutte and Louise Joyce.

MRS. J. C. STINSON ENTERTAIN IN HONOR OF HER HUSBAND

Mrs. J. C. Stinson entertained with a dinner party last Thursday evening at 7:30 at her pretty home in honor of Mr. Stinson's birthday anniversary.

The delicious meal was served in three courses after which the games of forty-two and bridge were played in the living room which represented a miniature golf course, each table being complete with sand boxes and putting green.

The guests presented Mr. and Mrs. Stinson with a silver basket.

The guest list included Messrs. F. M. Harris, H. M. Blackard, Fred Grayum of Lubbock, I. A. Griffin, James P. Stinson and W. M. Ledbetter of Abilene, H. G. Towle, W. T. Raybon, Lee Stinson, Watt Scott, J. P. Strayhorn, Roy Strayhorn, Rob Strayhorn of Roan, A. C. Preuitt, W. W. Hamilton, W. M. Scott, J. D. Scott, Joe Caton, T. L. Davis, O. P. Thrane, Pete Brady, O. Randolph, P. L. Fuller, J. G. Hicks, Dick Randals, W. R. Johnson, Sam Hamlett, Forest Sears, E. J. Anderson, C. Wedgeworth, Hugh Boren, Tom Boren, A. E. Wiese, Com Ezell, Austin Erwin, George Northcutt, R. H. Curnutte, E. A. Hagan, Ivan Dodson, Wayne Boren, W. B. Lee, Fritz R. Smith.

THURSDAY MORNING PARTY

Mesdames P. C. Chenault, E. J. Richardson and W. P. King were joint hostesses at a most delightful forty-two party at the home of Mrs. Chenault last Thursday morning. Lovely autumn flowers lent beauty and charm to the attractive home of Mrs. Chenault.

Following a series of forty-two games a delicious refreshment course was served to Mesdames Joe Caton, Joe Strayhorn, H. G. Towle, J. P. Morgan, O. P. Thrane, G. A. Hagan, Watt Scott, Dixie Smith, W. G. Williams, Allen Warren, E. C. Neeley, Nelson Dunn, W. C. Shull, Fritz R. Smith, Hugh Boren, W. H. Cauble, R. J. Randals, W. E. Doak, E. M. Deakins, W. T. Raybon, J. E. Sentell, J. W. Ely, L. G. Ely, A. J. Cody, R. S. Sullivan, W. W. Smith, L. E. Trigg, E. F. McCarty, Mrs. Adams of Lubbock and Miss Nell Cotton.

Afternoon

The same hostesses entertained a different group of friends at Mrs. Chenault's home Thursday afternoon.

After a series of games a dainty refreshment course was served to Mesdames Lee Stinson, Roy Strayhern, Roland Bell, J. J. Taylor, H. M. Blackard, W. C. Miller, B. M. West, W. P. Smith, W. W. Hamilton, A. C. Preuitt, Tom Boren, T. A. Kennard, Guy Stoker, George Northcutt, J. C. Dorward, Charles Harless, E. E. Wallace, Abe Rogers, J. P. Avary, E. F. Sears, Howard McDonald, W. M. Scott, W. J. Ely, Jim Reynolds, R. H. Odom, Ollie Bruton, Charles Noble, A. G. Eiland, J. M. Harris, C. F. Sentell, Earl Fish, J. M. Newton, W. S. Cox, W. R. Patton and Miss Sula Scoggins.

ALPHA STUDY CLUB MEETS WITH MRS. IVAN DODSON

Members of the Alpha Study Club were entertained by Mrs. Ivan Dodson Tuesday afternoon at her home.

Miss Hattie Herm was leader of the lesson for the afternoon, with Mesdames J. G. Hicks, C. F. Sentell and Homer Snyder taking part on the program.

At tea time a most delicious refreshment course was served to Mesdames Wayne Boren, Wade Winston, Homer Snyder, Wayne Williams, J. G. Hicks, Wraymond Sims, Clyde Boren, Tom Gates, Melvin Blackard, Ixon Joyce, Chas. Noble, W. C. Miller, C. F. Sentell, J. E. Sentell, Forest Sears and Misses Hattie Herm and Neoma Strayhorn, members, and Mrs. Harold Enfield of Hollywood, Calif., and Mrs. R. H. Curnutte Jr., guests.

SELF-CULTURE MEETS WITH MRS. P. C. CHENAULT

The Mothers Self Culture Club met Tuesday afternoon with Mrs. P. C. Chenault as hostess at her home. Mrs. B. M. West presided over the business meeting after which Mrs. J. J. Taylor conducted the lesson for the afternoon on the "Early English Drama." The ladies taking part on the program were Mesdames L. E. Trigg, B. M. West, E. J. Richardson and W. H. Cauble. Frances Chenault favored the guests with a piano selection.

Refreshments were passed to Mesdames J. W. Ely, L. E. Trigg, E. J. Richardson, B. M. West, W. G. Williams, E. F. McCarty, J. A. Woodfin, E. F. Sears, W. H. Cauble, J. P. Avary and O. S. Williamson.

MRS. FANNIE GEE GIVEN SURPRISE PARTY

Mrs. Fannie Gee was given a delightfully planned surprise birthday party at her home Friday afternoon by a group of friends.

The honoree was presented with some pretty gifts and a delightful social hour was spent.

Refreshments were served to Dr. and Mrs. Sed A. Harris, Mr. and Mrs. D. N. Price and Mesdames Jim Baze, Frank Darby and son, J. Longbotham, J. W. Warren Allen Warren, Mother Darby and Mary E. Banks.

MISS HENRY ENTERTAINS WITH BRIDGE PARTY

Mrs. E. M. Deakins and Mrs. T. L. Lollar were named honorees at a bridge party given by Miss Mildred Henry Monday afternoon at the Manhattan Hotel.

After a series of bridge games had been played refreshments were served in two courses to Mesdames E. M. Deakins, T. L. Lollar, J. J. Taylor, O. O. Harris, Henry Rosenberg, W. D. Beggs, L. O. Smith, L. E. Trigg, G. B. Clark Jr., George Oldham, Ray Ferrell of Pecos, W. L. Harrison of Stamford and W. T. Raybon.

MMES. WIESE AND GRIFFIN ENTERTAIN

Mesdames A. E. Wiese and I. A. Griffin entertained with a forty-two party last evening at the home of Mrs. Wiese. Hallowe'en emblems were used to make the occasion festive and to lend color to table appointments.

A most delicious refreshment course was passed to fifty guests.

SATURDAY CEREMONIES UNITE TWO WIDELY KNOWN WEST TEXAS FAMILIES

Miss Helen Regan, youngest daughter of Mr. and Mrs. B. Regan, prominent for years in the social, religious and commercial development of Big Spring, became the bride of Tracy T. Smith Saturday afternoon in one of the prettiest wedding ceremonies in the community's history, at the home of the parents of the bride. Throngs of friends attended a reception following the ceremony.

Beautiful Altar

An altar was improvised at the south end of the drawing room in the Regan home, the deep green of the Southern Smilax entwined with darting sprays of queen's wreath. Before this altar was erected a pulpit from which the officiating pastor, Rev. Dow H. Heard, pastor of the First Baptist church, read an original wedding ceremony, written by him especially for the occasion. Cut flowers of rose orchids and blue were set in floor baskets and handsome low bowls.

The reception room was made into a festive scene with large baskets of tea roses which accentuated the draperies and the embellishments of that room.

Queen's wreath, October daisies and plumbago centered the table in the dining room and were mirrored in a handsome tray and flanked by four tall rose orchid tapes in silver candlebra. The silver service and silver appointments of the table added the gilt touch. The table was laid with an imported all-lace ecru banquet cloth.

In Dining Room

A blanket of southern smilax and roses was set near the buffet and added the suitable festive touch to the dining room. Floor baskets of roses were set at interesting intervals.

Music for the processional was played by W. R. Dawes, the wedding party entering to the strains of the Wedding March from "Lohengrin" (Wagner). Mrs. Bruce Frazier sang softly Cadman's "At Dawning."

Miss Mattie Louise Merrick, bridesmaid, entered first from the east entrance escorted by A. D. Dodson who entered from the west entrance. Miss Merrick wore a gown of deep pink transparent velvet with lace trim, fashioned with uneven hemline. She wore silver slippers and carried an arm bouquet of pink rosebuds, tied with fluffy rose orchid tulle.

Miss Barber

Miss Kathryn Barber, escorted by James Little, entered next. She wore a gown of brilliant blue transparent velvet of uneven hemline. She also wore silver accessories and carried an arm bouquet of pink rosebuds.

Rev. Heard entered alone and was followed by Miss Nell Brown, maid, bridegroom and his best man, Maurices Brooks, of Abilene. Miss Brown was attired in an Alice blue crepe satin model and silver slippers.

Last in the procession entered the bride on the arm of her father. The bride was especially attractive in a gown of rose orchid lace with uneven hem and worn with the transparent lace jacket. She wore silver slippers and carried a bouquet of white sweetheart roses. Attendants wore the gifts of the bride, imported bead necklaces set with crystals.

Miss Lucille Regan, sister of the bride, wore a green crepe evening gown and Mrs. Regan, mother of the bride, a black lace model with Mrs. Parsons, sister of the bride, wore a cerise crepe afternoon dress.

Wedding gifts were displayed that friends of the bride and bridegroom might view hem.

Reception

Guests were received at the door by Mesdames C. W. Cunningham, C. P. Rogers, Steve Ford, Robert T. Piner and Miss Lucille Reagan. Mrs. J. C. Douglass presided over the guests register in the reception room.

Mrs. B. Reagan, Mrs. Fritz R. Smith and Miss Elizabeth Smith received guests at the entrance of the drawing room. Mrs. Fred Poffenbach of Sweetwater, Mrs. Shine Philips and Mrs. F. F. Gray stood at the entrance of the dining room to direct guests to the tea table.

Guess Served

Guests were served by Mrs. Homer McNew, Mrs. J. D. Biles, Mrs. Ira Thurman, Mrs. R. V. Middleton, Mrs. Edmund Notestine and Mrs. Larson Lloyd. Mrs. Seth Parker, Sweetwater, bid the guests farewell.

Mr. and Mrs. Smith left immediately following the wedding for a brief wedding trip.

Mr. and Mrs. Smith are members of families long prominent in West Texas. Mrs. Smith was born and reared in Big Spring and was educated in Big Spring high school and Baylor University. Mr. Smith is the son of Judge and Mrs. Fritz R. Smith of Snyder. The younger Mr. Smith is a practicing attorney here and is corporation counsel of the city. He was educated in Texas Christian University, Simmons University and Cumberland, Tennessee, Law School.—Big Spring Herald.

Building operations on the new Burton-Lingo Lumber Co.'s plant have started on the lot opposite the R. S. & P. depot. The Snyder Hardware and Implement Co. will later occupy the entire lumber yard where it is now located in addition to the main store on the north side of the square.

"The Follies of 1929" are the evening's attraction at the High School Auditorium tonight. The proceeds go toward new equipment for the stage andother needed auditorium improvements.

The famous Frigidaire "Cold Control"

and all for less money

Year after year Frigidaire has announced improvement after improvement. And yet despite this constant improvement prices have been lowered again and again. Today you can buy better Frigidaires than ever before at the lowest prices in history.

How can Frigidaire afford to offer such surpassing value at such low price?

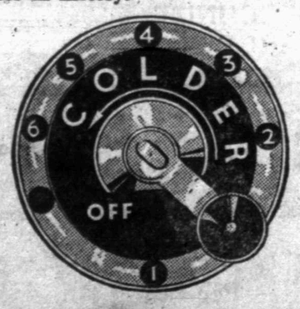

Because Frigidaire enjoys a world-wide public preference—a preference that has caused more Frigidaires to be bought than all other electric refrigerators combined.

Because Frigidaire has in its factories the largest porcelain enameling plant in the world.

Because Frigidaire benefits by the co-operative buying power of General Motors.

Because Frigidaire and General Motors engineers have made Frigidaire simple and dependable.

See for yourself Frigidaire's value. Come in today.

SICK AT HIS STOMACH

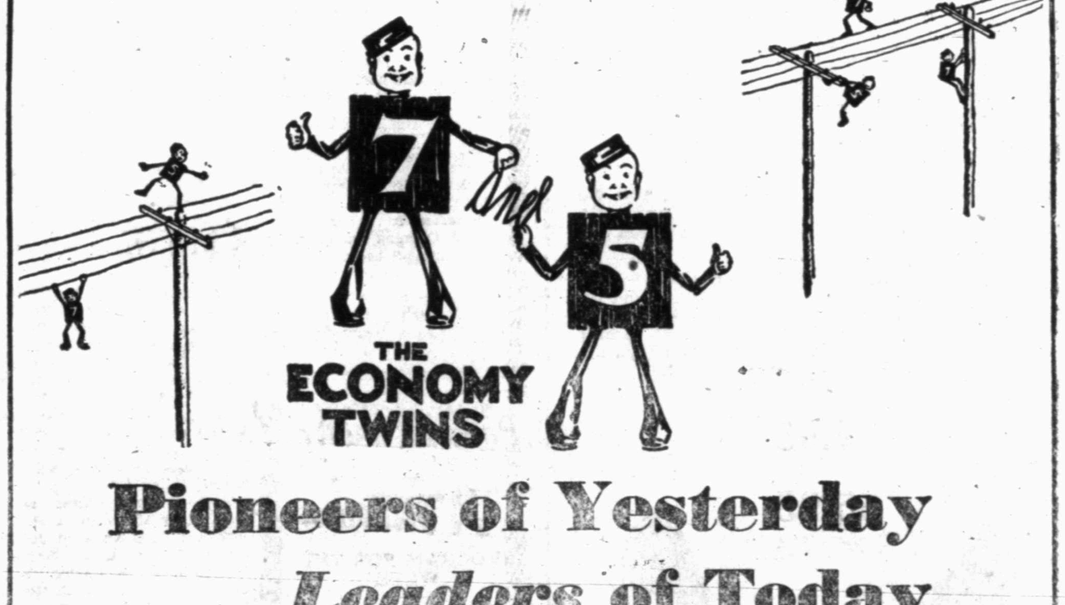

"I WAS suffering from stomach trouble, in 1917," says Mr. C. K. Nelson, a railroad engineer living in Pulaski, Va. "I had a tightness in my chest, a shortness of breath. There seemed to be a heavy weight in the pit of my stomach, and quite a bit of nausea, yet I couldn't vomit. I tried different remedies, yet suffered on just the same. When in West Virginia on a work train, I was in such a condition that I just gave up and came home. I could not stand to work, in my condition. Some one told me about Black-Draught. I started taking it in small doses after meals. It helped me, and I went back to work."

EX-163

Thedford's Black-Draught for CONSTIPATION INDIGESTION BILIOUSNESS

WOMEN who need a tonic should use CARDUI. It has helped over 50 years.

Pioneers of Yesterday *Leaders* of Today

PIONEERING in Texas fifteen years ago was just plain hard work, stimulated with courage and guided by vision.

Leadership today is the same thing.

The Texas Electric Service Company through its predecessors and under its present management pioneered transmission line electric power service in this section of Texas fifteen years ago. By so doing it pioneered the development of the smaller communities. It laid the basic foundation upon which many communities have and are developing.

Transmission line electric power service is necessary to sound community development. It is the most dependable and economical form of electric service for the home and business as well as for industrial use.

The Texas Electric Service Company owes a definite responsibility to its customers to make possible the widest and most economical use of its product.

In line with this company's policy of studiously regulating its business, voluntarily, for the greatest convenience, economy and satisfaction of its customers, its management has been working for more than a year and a half on a change in its domestic rate which is now in effect. This rate opens up to everyone the fullest use of electricity at surprisingly low cost—lower than ever before in the history of electric service in this community. In future advertisements we shall try to make clear to you just how you can most effectively use electricity in your home.

"Your Electric Servant"

Cotton Farmers Urged to Hold For 25c Price

Marketing Association Asks Co-Operation of Every Cotton Farmer.

According to the Farmers Marketing Asspciation, Dallas, which has sent out, a plea for the cooperation of every southern newspaper, the government, commissioners of agriculture, statisticians and cotton speculators all say, and the farmers know, this cotton crop is far short of last year's production.

All Texas knows the Texas cotton crop is at least 1,000,000 bales short of last year; that the supply will fall short of the demand at least 1,000,000 bales. We now know the rains the early part of September were too light and too late to be of benefit. Then why lengthen this message with reports and statistics to show cotton is selling too low?

All have expected an advance in price, but no action has been taken to cause it. The Association would have acted in August if its membership had been large enough to justify it. The farmers and everybody else realize we have produced 25 cent cotton this year. The bankers and business men know the farmers are entitled to at least 25 cents for it.

There is far more cotton being held individually now than ever before. There is four times as much cotton being held individually as is necessary to advance the price to 25 cents if it was held in an organized way and for that price. As many as possibly can should decide on one price for their cotton and salt it down at that price. We suggest 25 cents. If those holding, and those who will hold, will announce their cotton is 25 cent cotton, the price will start advancing as soon as it is known, and will go to 25 cents. But individual holding will not do it. Neither will marketing slow. The spinners are not going to rush to get what cotton they need or bid the price up until they believe the price is going to advance. The farmers can convince them of this if they will. This action will control the price of any crop, but it is very easy with a short crop like the present one.

The farmers who are holding their cotton, and those who will hold when they see hopes for a better price, can convince both speculators and spinners that they have produced 25 cent cotton, and it will take that to get it, if they will. This is all that need be done. Drop a note to us at once, saying "I will have about _____ bales of 25 cent cotton and it will take that to get it." Let the Chamber of Commerce or someone in each town see all who have cotton or will have and will price it at 25 cents and list them and send the list to us at once. See others every day and send in their names until every one has been seen. This is, in effect, organizing the farmers to have a say in the price of cotton without membership fee. This plea covers the South.

If the Chambers of Commerce and business men will do theirs in sufficient volume to justify success, our Association will direct the campaign to a finish. We believe the business men of Dallas have enough interest in the welfare of the farmers to do their part in financing the campaign. The southern people have the opportunity to add about $40 a bale to their cotton at no cost. The Association is composed of men who caused cotton to sell for 30, 35 and 40 cents for the crop of 1917-18-19, when these crops were billed for 12 or 15 cents. They know what they are doing. Act at once if you have 25 cent cotton and want that for it. It is yours for the asking. If speedy and general action is taken, the price will advance no matter what the next government report it. The farmers will never sell their cotton for what it is worth unless they ask that for it. Do not sell cotton on "call." The buyer hedges it at once, which depresses the price, then dumps it to the spinner and satisfies his demands.

The Federal Reserve and city banks will discount notes secured by cotton tickets for member and correspondent banks. There is no excuse for losing $40 or $50 a bale on this cotton. Every bank should encouage action. Action is all that is needed. In other words, a total sum of $600,000,000 to $700,000,000 would be added to the year's income of the cotton raisers.

Stop the sale of cotton today, and mark it up to 25 cents, and list it. Your name will not be used, but your action will speak money into your pockets. We will not put on the campaign for 25 cents cotton unless enough report they want it to justify the effort. So if the people want 25 cent cotton, let them shoot. It means a lot of work and expense for us without one cent of pay or profit to us. But it is what we stand for and what is needed, and we are willing to do our part. We would ask that it be listed with someone else if we knew of any who were sufficiently interested and knew how and what to do.

It is criminal to sit still and see the farmers hijacked out of their money when it can be prevented. We especially appeal to large producers in every locality to take the lead, but the small ones should not wait on them.

V. A. CLASS LEADS IN CAMPAIGN FOR SOIL CONSERVATION

The continued prosperity of your business and our business depends in no small degree on the perpetuation of the farm on a comfortable and paying basis. For we know that when agriculture fails, business suffers.

With this thought in mind, the vocational agriculture boys in high school under the supervision of the teacher of vocational agriculture are planning and have started a program of soil conservation in Scurry County. It is truly constructive work and merits the heartiest cooperation of every one in the county.

Last Tuesday within a few hours the representatives from the V. A. classes solicited from the business men of Snyder $24.75 to buy posters and stickers to bring to the minds of every man, woman and child in the county the idea of soil conservation.

These posters and stickers will be put in business houses and on cars all over the county when they arrive from the printers, which will be a short time. The posters and stickers will be sent to the surrounding towns and communities in all the county.

Anyone to travel over the county can readily see that the great need in the county is to conserve the soil and the moisture which can be done if it is brought before the people properly. We can only do as we know to do and are taught to do. No county or state or nation rises above its thinking, so let's get to thinking in terms of saving our soil and stop the washes, gullies and hold what moisture we get, and in a short time we will see the effects of the efforts we put forth.

The following business are responsible for our having the money to buy stickers and posters for this campaign. The firm and the amount given follow:

Those giving $2.50: Stinson Drug Co., First State Bank & Trust Co., Snyder National Bank.

Giving $2:00: Caton-Dodson Dry Goods Co.

Giving $1.50: Warren Bros.

Giving $1.00: Howard Dry Goods Co., Stinson No. 2., J. C. Penney Co., Hugh Taylor & Co., John Keller, Elza & Wenninger, Snyder News, Farmers Exchange.

Giving 75c: Davis-Harpole Co.

Giving 50c: Candy Kitchen, Snyder Insurance Agency, Nelson Dunn, Helpy-Selfy, Moffett & Noble, F. T. Walker, Star Market & Grocery, Arthur Townsend, Piggly Wiggly.

We as a class and club wish to express to these men our thanks in this enterprise and feel that a great good will be accomplished by this soil conservation campaign which we wish to push without hesitation on our part. We are for the town and for Scurry County citizenship in general.

V. A. SPONSOR.

GANNAWAY CLUB MAKES FINE RECORD

Gannaway Women's Home Demonstration Club, though organized less than five months ago, made a commendable showing at the recent Scurry County Fair. Gannaway Club ranked second in complete exhibit, and the various Gannaway entries wore home thirteen ribbons sa follows:

Cotton pillow cases, Mrs. M. R. Snowder, first; towel, Mrs. E. R. Jones, first; dresser scarf, Mrs. Lon Hamil, first; record book, Mrs. J W. Wade, secretary, first; linen pillow cases, Mrs. E. R. Jones, second; boy's suit, Mrs. H. C. Champbell, second; child's dress, ages 7 to 9, Mrs. J. W. Wade, second; child's dress, ages 2 to 5, Mrs. E. R. Jones, third; sheer dress, Mrs. D. E. Watson, third; two quarts watermelon rind products, Mrs. D. E. Watson, first; two quarts relish, Mrs. D. E. Watson, first; jelly, 3 glasses different kinds, Mrs. N. B. Wallace, second; two quarts canned vegetables, Mrs. H. C. Campbell, third.

It was decided that the cash prize awarded Gannaway booth should be added to the club funds. The booth was sponsored by the Gannaway Women's Club.

Texas has an annual mineral production in excess of $500,000,000. Its mineral, farm, ranch and lumber production is around $2,000,000,000 a year.

TIGERS WHIP ROSCOE PLOWBOYS

CAR LICENSE FEE FOR 1930 IS REDUCED

The tax collectors of the state of Texas are writing wonderful news for more than 1,000,000 Texas car owners.

Cuts are being made in automobile license fees averaging 50 per cent of this year's fees. Registrations for 1930 will begin within 60 days, according to Sheriff and Tax Collector Brownfield.

The reduction in fees was made as an offset to the increase from two to four cents in the gasoline tax rate. It will cut down the state-wide registration on passenger cars from about $20,000,000 a year to under $10,000,000. This estimate is based on the large proportion of light than heavy cars being in use.

The new fees are based wholly on weight where the old ones were based on weight and horsepower.

The cars this year will wear very nobby license plates in 1930. They have blue numbers on a bright yellow background. Besides the numbers, there appear on each plate the word "Texas" and the numeral "30."

It is said the yellow background will make the numbers the most legible of any series of plates so far used in Texas.

Truck plates will have yellow numbers on a blue background.

ARTICLE XXXIX

How About Unions For Egg Producers?

Co-operative Marketing Which Has Proven Very Successful in Many Other Businesses Has Many Advantages to offer Poultrymen.

Editor's Note—This is another story in a series of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

Mark Twain once said of the weather, that everybody talks about it but nobody does anything about it. Much the same thing might be said about co-operative marketing among poultry raisers. To be sure, there are some co-operative organizations now working successfully in several sections of the country, notably in California and some of the central western states. The "Co-ops" of Canada, too, offer a notable example of what can be accomplished. Taking the whole situation by and large, however, it is almost literally true that much has been said about co-operative marketing, but little done about it.

To be sure it is no simple problem to get a thing of this kind started. That very fact, however, is a most excellent reason why something should be started at once. Today, egg producers are in much the same position as were the workers of a few generations back. Without organization of any kind they are at the mercy of those to whom they must sell. John Jones with, ten or twelve dozen eggs to sell each week must take them to the nearest market and accept the price offered or tote them home again. A well organized association shipping carloads of eggs each week suffers no such disadvantage.

With sufficiently large quantities to really mean something, the association is in a position to seek out the most favorable markets, and can regulate shipments into those markets in such a way that a higher average level of prices can be maintained than would otherwise be possible. Collective bargaining, the factor that has made possible the present high wage levels for workers, is also brought to the poultryman through co-operative marketing.

Other advantages po less important though not so often considered, are the possibilities of standardizing and improving production methods, standardizing and improving the grade of the product and stabilizing production. It is a well established fact that in some sections of the country only white eggs find a ready sale at top prices, while in other sections brown eggs are the favorites. Let us suppose that a number of poultrymen whose natural market is a brown egg territory are producing only white eggs. They know they are not getting as good prices as they should, but they do not know why and have no way of finding out as they operate independently. As a member of an effective association, they would be given the necessary information or, if their total volume was large enough, their seperate lots could be pooled into larger units and shipped economically into some territory where they would find ready sale.

I cannot too strongly emphasize however, the need for organization in the poultry business. Labor is organized, and look where wages are today. The fruit growers of California organized and boosted their profits millions of dollars annually. The walnut growers got together and sell carloads where they once sold bushels, and at higher profit, too. The poultrymen of Canada formed an association and realized twelve cents a dozen more for their eggs than they had ever been able to get before.

Here are just a few examples of what co-operative marketing has done and is doing for those engaged in it. The poultrymen of this country must come to it also, sooner or later, if they are ever to realize the full profit that is rightly theirs. This is an age of big business done in a big way and we who live in this age must fall in line or watch the procession go marching on to a success in which we cannot share. If you are not big enough to get into the procession single-handed, you can combine your resources with others like yourself and all march together for the common good.

I do not mean to imply that co-operative marketing is a King-Cure-All for every ill the poultry business is afflicted with; neither do I wish to give the impression that a simple club of poultrymen is enough. A co-operative association must be a well managed, commercial institution. It must be big enough to be truly representative of the territory in which it operates. It must be operated on the principle laid down by the Three Musketeers of Dumas' famous story. "All for one and one for all." The poultrymen must understand the management's problems, and the management must understand those of the poultryman. There must be harmony and concerted action in every part, or the whole thing will collapse of its own weight.

The thing to do is to study such organizations as are already successfully operating and adapt to your own local needs the principles and practices they have found successful. Shape a course that you know you can depend on to get you some place and then stick to it, but make your plans flexible enough to allow for really necessary changes in the future.

FINANCIAL REPORT OF COUNTY FAIR SHOWS LOSS OF $582.54

The financial report for the recent Scurry County Fair shows a loss of $582.54, with several bills yet to be paid. According to Harvey Shuler, Secy-Treasurer receipts together with the above loss that must be made up by the banks and merchants, the totals amounted to $2,909.63, while total disbursements were the same amount.

Premiums amounting to $1,035.00 made up the bulk of the disbursements, all of which have been mailed out to the winners.

Total gate receipts for the three days amounted to $1,219.50, which in view of the fact this year's Fair was the first to charge admission, made a fine total. Tickets sold direct to merchants amounted to $397.95, advertising in the catalog, $239.00, while concessions and booths brought $337.75 which with a balance left over from last year totaled $2,327.09.

TIGERS WHIP ROSCOE PLOWBOYS

BURIED HERE TUESDAY

Mrs. L. D. Sturgeon who died in a Lubbock hospital Monday, was brought here Tuesday where funeral services were held at the Church of Christ with Bro. W. M. Speck officiating. Mrs. Sturgeon had resided with her family, east of Snyder.

GOODYEAR

Nearly Twice the Size of the Famous Graf-Zeppelin

As pictured on the center pages of The Saturday Evening Post of October 19th, in a huge airship factory and dock now being erected, Goodyear will build for the U. S. Navy the two largest airships ever seen—each is to be nearly TWICE the size of the Graf-Zeppelin.

Highway or Sky - Goodyear Leads

STEADILY Goodyear manufacture keeps on the advance. This is as brilliantly true in a Goodyear Tire as in the great Goodyear Airships.

In both tread and carcass—the two main parts of a tire—Goodyear Tires are definitely superior. We will demonstrate and prove it! It is the reason why more people—MILLIONS MORE PEOPLE!— prefer Goodyear Tires.

All types—all sizes—all prices. It costs no more to buy—and less to ride on Goodyear Tires. Call and see us!

Examples of Our Low Prices:

GRUEN WATCHES
For pleasure or business... make your choice a Gruen
To a Gruen Guild Watch the task of keeping correct time is serious—always . . . Depend upon your Gruen when trains must be met, appointments kept, or there's only "six minutes to go" . . . Not only because of their accuracy, but for distinctive design as well, our Gruens are meeting with wide favor—among both men and women.

MAYTAG
Washed Clothes
are cleaner and last longer

THOUSANDS of women who never thought of doing a washing at home before, are now letting the Maytag do the washing. It keeps the clothes at home where you know conditions are clean and sanitary . . . it makes the clothes last longer because it washes by water action alone.

This modern washday servant washes the grimiest clothes clean without hand-rubbing which breaks the fabric. There is only one Maytag . . . the washer with cast-aluminum tub, gyrafoam washing action and Roller Water Remover.

Your Next Washing Free
Phone for a trial Maytag washing in your own home. If it doesn't sell itself, don't keep it. Deferred payments you'll never miss.
