# The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 44

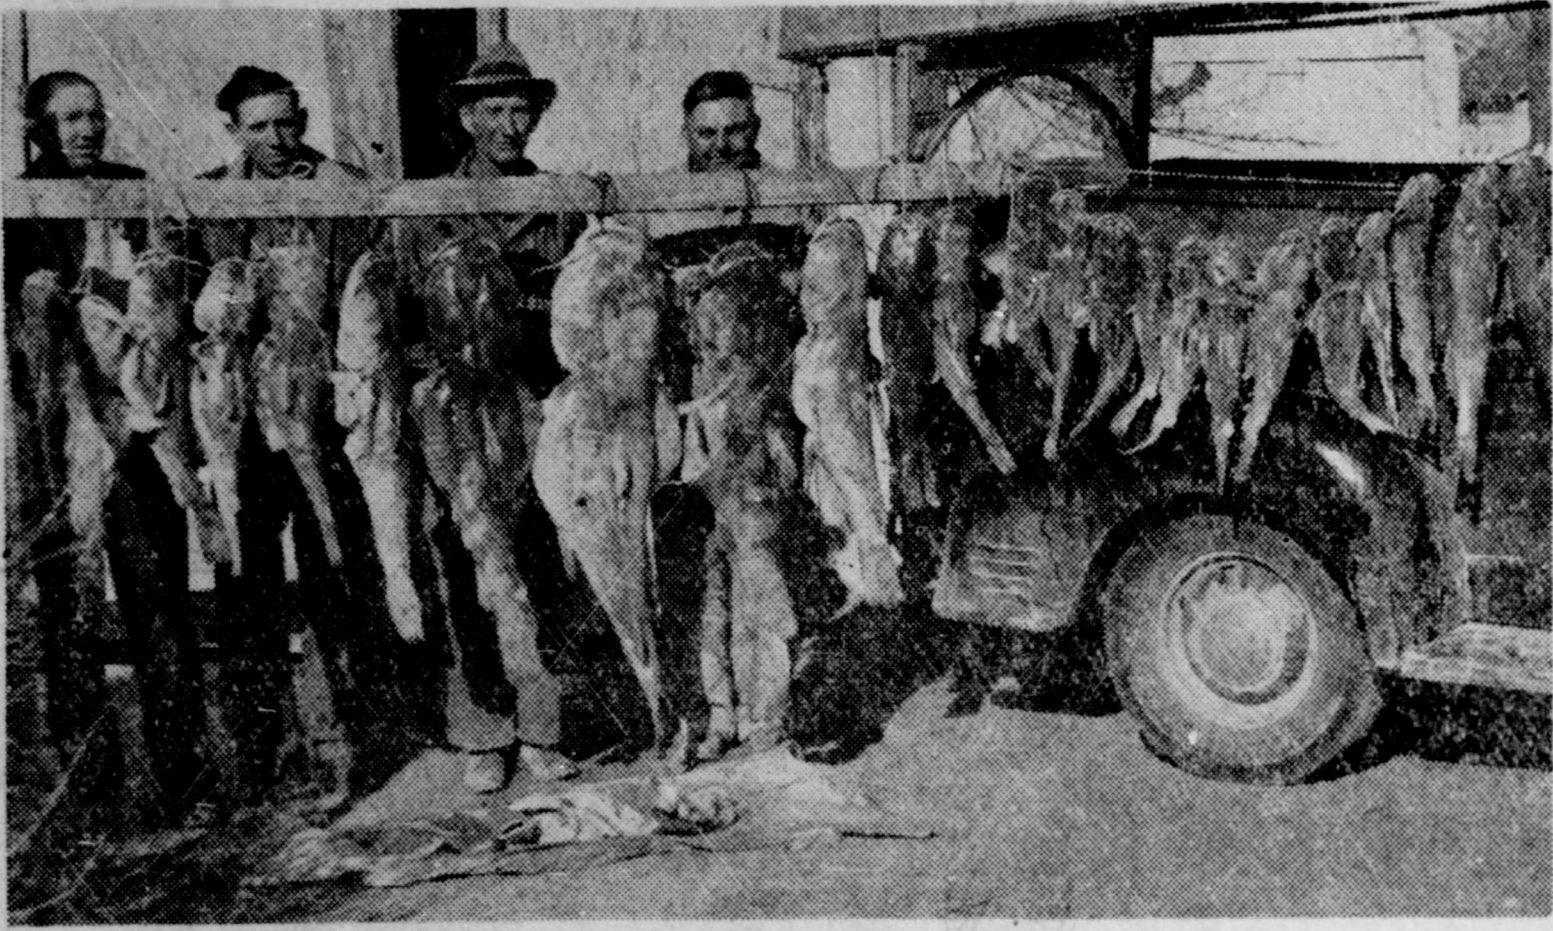

16 PAGES

BROWNFIELD, TERRY COUNTY, TEXAS, MARCH 18, 1949

2 SECTIONS

NUMBER 34

## TALES OF FISHES—ACCOMPANIED BY THE PROOF

Pictured above is hereby nominated four of our best fishermen. And if you think you are in position to dispute our nomination, bring on your proof and pictures.

Shown in the picture are all Brownfield business men. From left to right are: Sis Hamilton, Auto Parts Store, Red Black (yes he is a Black but red headed) a

### THESE FOUR FISHERMEN HAD PLENTY OF GOOD LUCK

mechanic, Bill Hilley and Barber Jasper Moore.

Their lucky fishing days took place on Cochran river, about 35 miles south of the border at Presidio, Texas. No, they didn't offer

us a bite of their fish. Make your own guess about the total poundage.

We might mention that Moore is a better fisherman than a hunter. His friends tell it that Jasper went hunting and brought back two birds. His friends intimated that he must have had poor luck. He replied: "Well I just took two boxes of shells."

# HERALD RECORD-MAKING CAMPAIGN ENDS APRIL 1

| Mrs. Marguerite Adams | 65,100,000 |

## COUNTY AGENT JACK CLEVELAND PUTS PLAN TO WORK FOR MORE IRRIGATION

### Club Show Is Being Primed For April 9th

The Junior Chamber of Commerce has announced that plans are about complete for the 4-H and FFA Boys Club fat stock show, which the Jaycees have sponsored for the past several years. This will be the 8th annual show, and will be held at the show barns at the County Park, April 9.

According to present arrangements there will be a class for the steers which the boys have fed out, and one for fat barrows. For the present, at least, the adult show, which included sows, with or without pigs, and boars, will be dispensed with. Very likely in the future this department will be revived when more barn and pen room is provided.

In the main, show to encourage Boys however, the show is held annually to encourage boys in breeding, raising and fattening livestock. The calves will be judged as choice, good and common, with the respective prizes placed at \$5, \$3 and \$1. However, there (See "Club Show", Page 8)

Jack Cleveland, our county agent, is announcing an irrigation school this week. The school will be held in the district courtroom, Friday, April 1st. It will begin at 9:30 a. m., and last as long in the afternoon as is considered necessary. All interested in irrigation and fertilizing are invited to attend.

Among the speakers will be Bob Thurman, of Lubbock, irrigation engineer for A. & M. college extension service. Also Joe Krizek, irrigation engineer for the local Soil Conservation Service. Among the things discussed will be the geology of the high plains, all types of irrigation systems and fertilizers.

Jack stated there was about 50 irrigation wells now in Terry county, and that they were really increasing now. More dry holes around Meadow than anywhere else so far. Few dry holes south of highway 380 east and west across the county. Several new wells in the Needmore community.

It will be remembered that Mr. Obar drilled in the first irrigation well in the county, a few miles east of Meadow.

## Khiva Temple To Hold Orthopedic Clinic

Plans have been completed for Khiva's second annual orthopedic diagnostic clinic, according to announcement by Mr. C. K. Kendrick Potentate's Aide for Brownfield from Khiva Temple.

The clinic will begin at 9 o'clock in the morning, Saturday, April 30, in Khiva Temple, Fifth and Fillmore, Amarillo, Texas, and continue through the day with orthopedic specialists conducting the examinations. Mr. Paul M. Clauser is clinic chairman, a position in which he served for the 1948 clinic. At that time 77 children were examined.

"Anyone interested in having their children attend the clinic is asked to contact me at once," Mr. Kendrick stated. "Children under 15 years of age are eligible for the clinic, regardless of race, creed, or color."

Applications forms must be filled out for eligible children. There is no charge for the application or the examinations. Lunch will be served at the Temple at noon for the children their parents or guardians, and all those assisting with the clinic," said Mr. Kendrick.

## Primm Named Mayor In Special Election

One thing can be said about the special election here Tuesday, to fill out the unexpired term of the late Tom May, the people really took an interest and turned out to vote. A total vote of 806 was cast, according to Jim Miller, election Judge.

The unofficial vote according to Miller was, C. C. Primm, 516, and Hiram Parks 290. Primm is a local druggist and Parks a theatre man. The regular city election will be held April 5th to elect aldermen.

## MEN WHO BUGLARIZED FARMERS IMPLEMENT NOW IN LUBBOCK JAIL

Two young men, ages 18 and 19 are now being held in the Lubbock jail in connection with the burglary at the Farmers Implement Co. here last week. The gun stolen on the same night from a service station in Madow, was found in their possession. The magazine of this same gun was found near the Farmers Implement Co. the morning after the robbery.

## Hundreds of Territor People Visit M. J. Craig Motor Company To Glimpse New Chryslers

The writer was among the hundreds that dropped into the M. J. Craig Motor Co. show room last Friday and Saturday to see the new 1949 Chrysler, which is also termed the Silver Anniversary Model. Of course a lot of the folks were perhaps like us, either interested or curious to see the beautiful. Then maybe some of the curious became the interested, and after seeing the new car became prospective future buyers.

M. J. Craig Jr. and Leon Proctor, one of their mechanics, took pleasure in showing us the car from front to rear bumper. We have talked with others that saw the car, and none were disappointed in the Silver Anniversary edition. The model on display was the Windsor, a 4-door job.

In the language of this old country boy, the model is swell-giant. It is smart, roomy and distinctive in its many new features. One of the most noticeable to us was that the panel board was

all in one circular piece just above where the steering shaft goes into the panel. The whole thing is right in front of you; your gas, battery, mileage, oil and all.

Another thing featured that was new to us, was a rubber roll in front of you over the panel, that might protect your head from a hard jolt and gashes in case of a collision. The motor is easy access to any part of it. The engineers didn't seem to want to hide anything about the motor for people to hunt.

While there, Leon took us for an inspection to their up-to-date workshop. Everything now that tests your ignition, alignment, lights or other parts of the car make one thing more of a bunch of nice electric refrigerators than just testing machines. But they do the work in half the time of human guess work, and it is accurate to an infinite degree.

The workshop is also well lighted and clean as a hound's tooth.

## CONDUCTING REVIVAL AT METHODIST CHURCH

REV. R. LUTHER KIRK  
Delivering Sermons

Two able churchmen who are conducting a ten-day series of messages in a Revival at the First Methodist Church of Brownfield,

REV. WILL M. CULWELL  
Conducting Singing

beginning yesterday and running through March 27. (Details of Revival's daily service time appear on another page of the Herald.)

## Candidates Look Forward To Huge 'Earned Awards'

By Ola Taintor  
Campaign Manager

With the Terry County Herald's Goodwill Subscription Campaign closing April 1 at 12 noon, candidates for the prizes are making a final appeal for votes.

After due consideration by the campaign department, it was decided to withhold further stand-

## NO FREE HERALD SUBSCRIPTIONS

With the exceptions set forth in last week's issue of the Herald, it is, and always has been our policy NOT to carry any free subscriptions on our mailing list. This is for the protection of the reader and for the Herald as well.

According to law, any person accepting newspapers or other periodicals through the mail has implied his responsibility for the paper or magazine, and if he has not already done so, CAN BE COMPELLED BY LAW to pay for it. This, of course, does not apply to papers or other matter marked or stamped "Sample Copy" or "Complimentary", and this can be done only twice a year and then only to the extent of ten per cent of paper's volume by weight.

With this fact in mind and also to insure the continued good will of its readers, the Herald carries no subscribers on its mailing list other than NET PAID.

ings after this week of the candidates because several are bunched so closely together.

The last publication would be so close to the closing hour of the campaign, it would be almost impossible to keep abreast of the changes.

It has been our aim throughout the period of the contest to give every active candidate an equal chance and every opportunity to be (See "Herald", Page 8)

## Cub Scouts To Meet March 22

The Cub Scout Packs of Brownfield will meet next Tuesday night, March 22 at the First Presbyterian Church at 8 o'clock. Awards will be given to the Cubs who have earned them during the past month. The Cubs will display the things they have made during the past few months.

Mr. Frank Atkinson, of Leveland, Scout Field Man for this area, will be present to assist in re-registering the Pack for the new year, which begins April 1.

All Cubs and parents are urged to be present for the re-registering of the pack. This is a very important meeting and it is hoped that all concerned will be present.

Signed,  
Rev. J. Preston Murphy.

## INVITATION EXTENDED FOR WELLMAN BAPTIST REVIVAL

The public is cordially invited to attend the Wellman Baptist Revival, that will be held from March 20 to 27. Rev. Aud Jones of the Fullerton Baptist Church will do the preaching.

Services will be held only at the evening hour during the week, but there will be Sunday morning services on March 20 and 27. The revival promises to offer benefit to all, a series of vital religious messages will be delivered. Ask your friends to accompany you.

## PRIMM THANKS VOTERS

I would like to thank the people of Brownfield for their support in the election for Mayor of the City of Brownfield.

I will do my best to fill the office in a manner that will work for the benefit of all.  
C. C. Primm.

# NEW TELEPHONE RATES ANNOUNCED

## Officer's Cars To Have Two-Way Radio

County Judge H. R. Winston informed a representative of the Herald this week that the county was equipping the cars of Sheriff Ocie Murry and his chief deputy Buel Powell with two way radio.

This will make it possible for them to quickly communicate with each other instantly, if separated. This progressive step is in the right direction.

Crime is always on the move, and seems to be a step ahead of the law at best. Give our enforcement men or equal or superior break with the criminal element.

## FOOTBALL FIELD UNDERGOING IMPROVEMENTS

The Cub football field is being leveled. The surface has been broken ten inches deep and the leveling process has begun.

Brownfield High School is also planning to construct a baseball field at the east end of Broadway on the school property. The diamond will be used by various men's and boy's teams.

## Third Simultaneous Revival Of Baptists In Ninth District

The third simultaneous revival of the Baptist Churches in the 9th district will begin March 20th and continue through March 27th. The first of these simultaneous revivals was held in 1947 with a hundred and one churches taking part. During the second in 1948 one hundred and nine churches were included. It is hoped that between 120 and 150 churches will join in revival plans this year.

The 9th district covers the entire south plains, with 21 counties, and 8 associations. Three churches in Brownfield will take part. They are the First Baptist, Calvary and Westside churches.

Rev. A. A. Brain will do the preaching at the First Baptist Church, of which he is pastor. Joe H. Rucker of the Southwestern Seminary in Fort Worth will direct the singing. The preaching at Calvary Baptist Church will be done by Rev. R. Neil Greer of Brownwood. Rev. Jack Pearce is pastor of this church. Mr. A. T. Boyd will lead the song services. Rev. W. T. Sparkman is pastor of the Westside Baptist Church, and Rev. Earl Adams of Seagraves will do the preaching there during revival. Mr. E. Otis Allen of Norton will be in charge of the singing.

The public is invited to attend the services at the various churches. Morning services will be held at 10:00 o'clock, and evening services at 8:00 p. m.

## Company Pictures Expenses Ledger Overriding Rates

Announcement of necessity for new telephone rates at Brownfield was made today by Mills Roberts, District Manager for the Southwestern Associated Telephone Company.

Greatly increased costs of furnishing telephone service made it necessary for the telephone company to place new rates into effect immediately. Roberts states that he plans to go before the City Council at an early date to explain the need for new telephone rates here.

"We are proud," Roberts said, "that in the past eleven years we have been able to provide more telephone service without increasing rates." Citing the rapid growth of telephone service at Brownfield, Roberts stated that there were 363 telephones in service on May 1, 1938, as contrasted with 1250 at the (See "New Telephone", Page 8)

## NEWS FROM THE SHERIFF'S OFFICE

A colored man and woman were convicted on mental illness. The Sheriff will leave Monday morning to take them to institutions at Terrell and Rusk.

A man near Wellman reported the theft of three very valuable grey-hounds used in catching coyotes on his farm.

## LOCAL TRACTOR MAN TAKES COLD CHECK

A local tractor dealer sold a farm tractor to a man last week and accepted a check for \$2500, on a Lubbock bank. He learned the next day the check was cold. Officers trailed the tractor to Floydada where the trail was lost.

## STRONG TEAM ADVANCING BAPTIST REVIVAL

JOE H. RUCKER  
Singer

REV. ALFRED A. BRIAN  
Pastor

We understand that three of the present school board will stand for re-election April 2, at the regular election of board members. They are A. M. Muldrow, Orb Stice and Gene Gunn, all prominent business men of the city.

Mr. Gunn is at present serving as president of the school board. Three are to be elected this year.

## REVIVAL, NOT FESTIVAL

We have just finished delivering a lecture on the subject of revivals. We have informed him that it is not customary to have festivals during the pre-Easter period in any church, and the Methodists, while they will enjoy a feast of spiritual blessings during their revival, surely do not refer to it as a festival. We offer our apologies for this mistake in the heading of the article concerning the revival on the first society page.

# Fiesta Program Features Varied Acts

## Spanish Theme Is To Be Emphasized By Exotic Melodies

The Spanish Fiesta to be held at the Country club on the 24 and 25 of March is now in rehearsal. The program will offer a wide variety of acts. The much complimented barber shop quartette of last year will don sombrero and sing a number of Latin melodies. They promise to repeat their excellent performance of last year.

We have had an opportunity to see the costumes that will be worn by the rumba chorus, they are certainly clever and more important very pretty. The gay señoritas who will do the rumba number will be pretty too. Mrs. Tess Fulfer is working on another rumba number that is highly praised. Mrs. John Lucky will sing "Siboney", and will wear a Spanish costume that she wore at a performance in New York. These are the only a few of fine musical numbers that will be presented.

For comedy relief they have El Toro, the wild and ferocious bull, played by Lynn Nelson and Bill McKinney. Clovisita Kendrick, the renowned Matador will fight this vicious animal. He will be assisted by picadors, Frank Szydlowski, and Fred Balwin.

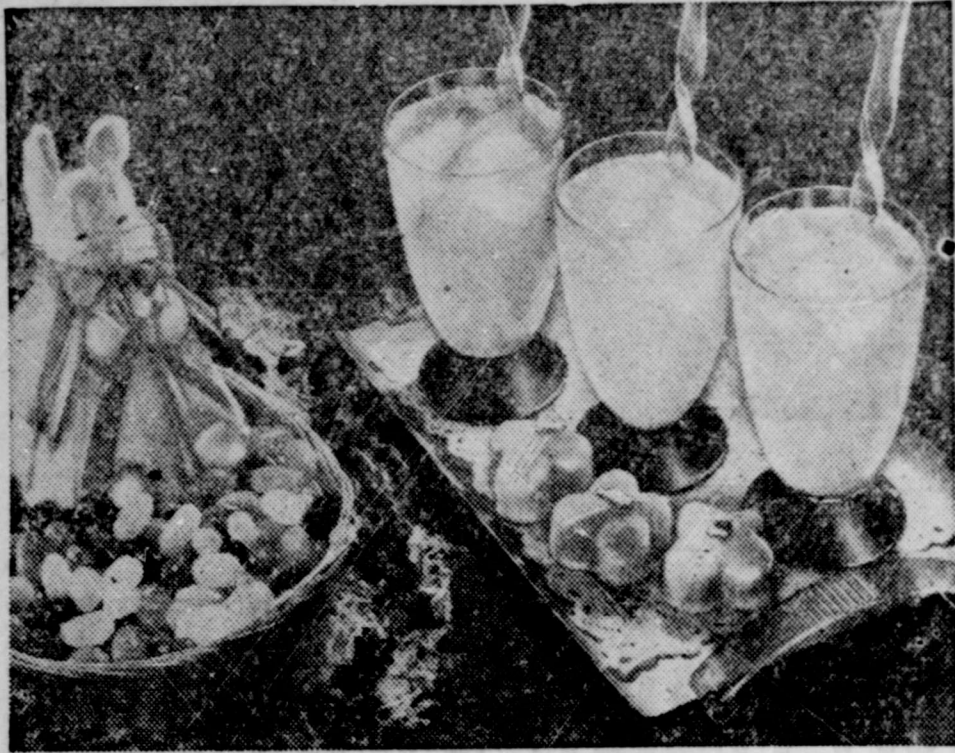

Tickets are now on sale and can be purchased from any member of the Women's Auxiliary of the Brownfield Country Club. Get your's soon.

Mr. and Mrs. Clarence Lackey attended the horse show in Odessa last Friday.

For Your Insurance Needs

Tarpley Insurance Agency

EASTER time is a time for social doings. School vacations make it possible for the young hostess to entertain her friends and, with spring in the air, it is a time for her to put her best foot forward and plan her parties in a ceremonious, though simple manner. A pretty, inexpensive table decoration that she has arranged herself gives a party effect, and she will enjoy the results of her own handiwork.

What to serve her guests will be a matter for her to plan, too. She will probably decide upon something like dainty fondant cakes and a good, refreshing drink. The younger set are particular about their drinks. Pale dry ginger ale is a popular one, and they like it plain or with a

### Strawberry Delight

1½ cups sieved fresh or quick-frozen strawberries

2 teaspoons lemon juice  
Pale dry ginger ale

Combine strawberries, orange juice and lemon juice. Divide among 4 tall glasses. Fill each glass with ice cold pale dry ginger ale. Stir gently to mix.

## Women Know What They Want

COLLEGE STATION, March 12 Women know what they want in cooking utensils.

For the third consecutive year, discussion groups held by women's clubs, parent-teacher association, home demonstration clubs and similar organizations have cast their votes for just about the same characteristics each year.

The project, sponsored by the American Home Economics Association under the title "The Consumer Speaks", counted the votes of nearly 10,000 homemakers.

Mrs. Bernice Clayton, extension home management specialist of Texas A. & M. College, reports on the features the women would like to have in their pots and pans. One of the most attractive assets would be a heat-resistant handle that can be grasped firmly without the bother of using a pot holder, she said.

Other desirable features include a flat bottom, straight sides, rounded edges, bottom without grooves, material that retains heat and heats evenly, heavy weight, good balance to prevent tipping, lips on each side for pouring, and durability.

"Homemakers would like to see removable handles that won't turn in the hand," Mrs. Clayton said, "and some sort of provision made for hanging the pan by the handle. And, too, they'd like to have tight fitting covers and heat resistant knobs on the lids."

The voters included both new groups and repeaters, according to Dr. Enid Sater, household equipment specialist of the Bureau of Human Nutrition and Home Economics, and member of the sponsoring AHEA committee.

### POOL HOME DEMONSTRATION CLUB

The Pool Home Demonstration Club met in the home of Mrs. Jack Brown March 8, with ten members and Miss Helen Dunlap present.

Mrs. Major Howard was appointed Marketing Chairman in the vacancy of Mrs. Will Cheatham.

The club's new record player was purchased March 3, and was used the first time in the community party Friday night. It was enjoyed by the 90 people present.

Miss Dunlap gave an interesting program on Cottage Cheese. The next meeting will be with Mrs. David Dunn as hostess March 22.

### TOKIO DEMONSTRATION CLUB

#### Delayed

The Tokio Home Demonstration Club met Wednesday March 2 at the home of Mrs. Wesley Sherrin.

Mrs. Sherrin told how to care for the feet and how to exercise them if you have fallen arches or bunions. Mrs. Sherrin was nominated Delegate to the District Meeting. "The Eyes of Texas" was chosen as the club song.

After the business meeting, games were played and cake and hot chocolate were served to eight members and one visitor, Mrs. J. C. Hewett. Mrs. L. H. Perkins is

Mrs. W. D. Winn came in Friday and sent the Herald to her daughter, Mrs. Katie Mae Graves, in Compton, California, for a year. Mrs. Graves, Mrs. Winn remarked, requested the Herald so as to get the Terry and Brownfield broader coverage of area news.

### ON AN OUTING

The American Cancer Society will conduct its annual drive against cancer during the month of April. The society's executive council has announced. Uniforms for the more than a million volunteer workers were designed by fashion authorities, Adrian and Lily Dache. The year-round uniform by Adrian is a tailored, one-piece dress of blue and white cotton revereed

### DAVID MOORE HONORED ON BIRTHDAY

Mrs. Jeb Moore, Jr. entertained her son David Thursday afternoon in the home of his great-grandmother, Mrs. M. B. Sawyer, in honor of his third birthday.

About forty children enjoyed the occasion from 4 until 5 o'clock. The table was centered with a circus birthday cake with three candles on it. Green and red ribbon sandwiches and chicken salad sandwiches, cut out as little rabbits were served with punch, mints and salted nuts.

Colored balloons decorated the house and were given to the children as favors with rabbit pulling carts filled with easter eggs.

Mr. and Mrs. Frank Ballard spent the week-end in Midland attending a meeting of the Associated Plumbing Contractors of Texas.

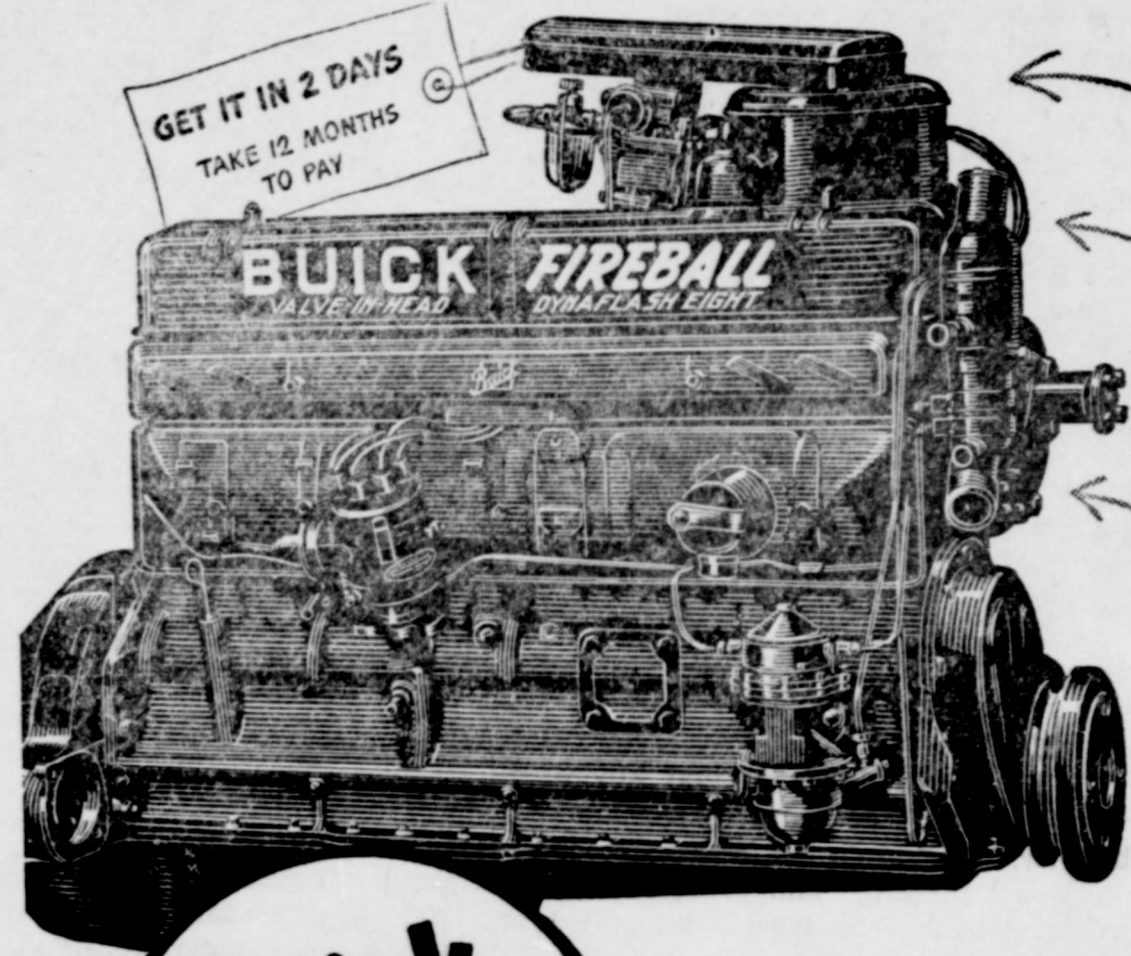

### SUB-DEBS MEET

Miss Jackie Allen was hostess for the weekly meeting of the Sub-Debs Tuesday afternoon.

Business was attended to, and plans were made for a hay ride and a dance. The date was set for April 1. The rushees for next year were discussed.

Refreshments of hot dogs, cokes and potato chips were served to Lois Stevens, Patsy Johnson, Norma Jo Boyd, Delma Murphy, Jackie Crump, Francis Price, Joan Machen, Carlyn Brady, Sue Stewart, Roxie Miller, Norma Rogers, Juanelle Webb, Freda Anthony, Doris Walls, La Moin Lindsey, Iva May Blair, Charlie Gaston and the hostess.

RAGS WANTED. Must be cotton and plant. No sox, overalls and other stiff rags wanted. We pay ten cents per pound for clean cotton rags.

a New Engine for your Buick

FLASHING, new-car power at amazing low cost—that's the good news for you in this all-new, factory-fresh FIREBALL engine.

Better news is—it's in stock right now, pre-tuned before it left the factory—ready to be installed in any model Buick from '37 on, in less than 48 hours.

But wait till you hear about the low cost! Even with installation charges varying from model to model, the expense is no more than a thorough engine overhaul with the usual replacement parts. And you can pay for it in small monthly instalments.

You can get new power now! Why wait—

## JOHNSON NEWS

Mr. and Mrs. B. Dunman of California were visitors in the B. F. Foshee home last Friday and Saturday.

Mr. and Mrs. F. T. Oliver of Hobbs, N. M., and Mr. and Mrs. Miles Giddie of Colorado, were guests in the A. T. Camper home over the week-end.

Mr. and Mrs. E. V. Gillintine left last Friday for an extended trip through South Texas.

Frankie and Nelda Parker are recovering from the mumps.

Mrs. Charlie Barrett's home was the scene of a pink and blue shower last Friday in honor of Mrs. W. E. Johnson, Jr. There were 13 present with the hostess. A number of gifts were sent.

Mr. and Mrs. Wood E. Johnson and Carol returned last Sunday from a trip to Abilene and Waco.

B. F. Foshee, Geo. Lasiter and Frank Tuttle went on a fishing trip to Azucar Lake, Old Mexico, last week-end.

Mrs. A. T. Camper underwent an operation at the Treadaway-Daniel hospital last week.

Mrs. Milam Tuttle, who underwent an operation in Temple last week, is reported as doing nicely.

Mr. and Mrs. Reeves Smith of Midland, visited in the home of his parents over the week-end.

Mr. and Mrs. Bill Stallings visited in Denver City last Sunday.

Mr. and Mrs. Alton Loe and the girls visited in Plains last Saturday.

Mr. C. F. Faught was honored with a birthday dinner in his home Sunday. Those attending besides the family were Mr. and Mrs. H. L. Faught and mother, Mr. and Mrs. T. O. Faught and family, Mr. and Mrs. R. E. Faught, all from the Forrester community.

Don't forget the revival meet-

## MEADOW NEWS

By Connie Huckabay

Mrs. W. P. Arnett is in Austin, Texas for an extended visit with her two daughters there.

The Lion's Club is giving a banquet in honor of Meadow High School's 1949 girl's basketball squad on March 19th at the school lunch room. The captains of the squad are Joyce Hinson and Alma Jean Belev.

The First Baptist Church purchased a new piano on March 6th. The piano bought was a Gulbransen baby grand. Through the courtesy of Rogers Music Company of Lubbock, the piano had been on display at the church for the last two weeks.

Mrs. John Myers is recovering from the flu after spending several days in the Brownfield Hospital.

Mr. John Roberts has spent several days in bed due to throat infections.

Students of Meadow High School were glad to receive, March 11th, the 1949 edition of "The Roundup" the school's annual. Everyone believes it is one of the school's best annuals. The editors are Donald Bingham and Weldon Mason. The annual was dedicated to Mr. Truett Babb, senior sponsor and Vocational Agriculture teacher.

Mr. and Mrs. Loyd Hunt and son spent the weekend of March

beginning at the Johnson Baptist Church next Sunday. Rev. J. W. Arnett of Big Spring is to deliver the messages.

Mr. and Mrs. R. B. Smith and Mr. and Mrs. Herman Wheatley had as their guests Sunday, Mr. and Mrs. Reeves Smith and Dorothy and Mr. Calvin Smith and his bride, all of Midland. Jack was married Friday at the home of the bride in Coahoma, Texas.

## Refuge To Needy Girls Opened Near Abilene

A big white house in the middle of an old oak grove opened its doors Sunday to girls who need help. This attractive building, with the appearance of a comfortable home will be a home to some 50 or 60 girls who seek a place of refuge.

Girlstown, as it will be called, is not an institution. It will be a home offering supervision, care, and individual attention to girls who cannot receive this needed environment in their own homes for varied reasons.

Buffalo Gap, a small hamlet 15 miles south of Abilene, is the site of Girlstown. Miss Amelia Anthony is its founder. The house is on a 4 acre tract in the heart of Buffalo Gap. It has 32 bedrooms, study and consultation rooms, a dining room that will seat around 50, and a huge living room attractively furnished with homey care to detail.

The founding of this refuge, the second of its kind in Texas is noteworthy. Much has been done in the establishment of homes of this kind for boys, but girls needing a place of this kind have been somewhat neglected.

The home plans no public donation campaign but any donations from people interested in the operation of this refuge will be gladly accepted. All donations will be used for its operation, and operating expense and accounts will be open to the public.

A. M. Muldrow of Brownfield, and his father-in-law, R. C. Kennedy, of Pauls Valley, Okla., left last week to go through the Mayo Clinic in Rochester, Minn. They will also attend to business in Wisconsin.

Mr. and Mrs. Bill Gore of Lovington, N. M., visited relatives here Monday. Mr. and Mrs. Milton Hughes entertained with a dinner to honor them Monday evening.

Mrs. E. A. Graham and daughter, Twilla left Wednesday morning to meet Mrs. Graham's daughter, Mrs. Bill Amo, Mr. Amo and children of Little Rock, Ark. in Okla. City, Okla. and visit over the weekend.

5th in the home of Mr. and Mrs. Truitt Sides of Olton, Texas. While they were there, they attended the boxing matches held there.

The Meadow Study Club met March 10th at the Baptist Church with Mrs. Mike Howell and Mrs. Robert Beasley as hostesses. The program was on gardening. The refreshments were served in forms which were symbols of St. Patrick's Day. There were eighteen members present.

The Excelsior chapter of the FHA of Meadow, Texas met March 14th at the school cafeteria where the Home Economics girls presented a style show. Each girl modeled some garment which she had made during the year. Each girl was permitted to bring her mother and a guest. Miss Billie Hunt gave a report on style trends. Refreshments were served to the group.

Miss Wanda Jean Hicks, a student in Texas Tech. was ill with the flu last week.

Mrs. Fommie Ashborn was on the sick list Sunday.

Mr. and Mrs. Homer Barron and family visited in the home of Mrs. Barron's family on Sunday.

Mrs. D. W. Runnels is in the Brownfield hospital after having undergone an operation. She is doing well and will be home this week.

## IRIDESCENT

A pretty miss wears a sun dress designed in one of the season's brand new fabrics, iridescent denim. Glazed gold threads shoot through the dark fabric, the National Cotton Council says. The cotton play dress was created by Stephanie Koret.

No, No, Congress!  
Jerk that Rug—You'll Pull a Rouser

## LOCAL WOMEN'S FATHER PASSES

Mrs. Dennis Lilly and Mrs. Paul Farrar received word Monday evening that their father, J. L. Tucker, 73, passed away at his home in Ovalo, Texas. Mr. and Mrs. Lilly and family and Mr. and Mrs. Farrar and family left Monday night to attend the funeral services, which were held Tuesday afternoon at 3:30 o'clock in Ovalo.

Mrs. Monk Parker had a minor nose operation in the Lubbock Memorial Hospital last Friday.

Roy Crosby of Kermit visited in the home of Dr. and Mrs. E. C. Davis Sunday. They called Mrs. Crosby and daughter, Barbara, in Bakersfield, California, who will return to Texas to make their home when school is out.

## Methodist Parsonage One Of The Best

Rev. Herschel L. Thurston, Methodist pastor was a visitor at our sanctum sanctorum one day last week, to discuss their revival meeting coming up soon. One of the Herald staff remarked that the new parsonage was very beautiful on the outside, and they had heard it was really nicely furnished on the inside. Also that sometime when there was a chance they would like to see the interior.

Rev. Thurston let it be known right off that there were not set day for visitors—just any of them, and that there didn't have to be some church function going on for visitors to call. That all people who wished, might call, may do so any time, regardless of whether they belong to the Methodist church or not.

We have understood that the building and furnishing cost around \$25,000, and is one of the best in the district. The parsonage is not located beside the Main street property near the church, as formally, but at 302 E. Tate street.

## Two Local Boys Make Tech Honor Roll

The News Service department of Texas Technological college notified us this week that two of the Brownfield boys made the honor roll for the fall term of the college.

They were Robert E. Self, son of Mr. and Mrs. Edgar Self, and Harold Stice, son of Mr. and Mrs. B. Stice.

Mrs. Bill Lane of Midland visited in the home of Mrs. Money Price and Mrs. Buddy Tarbutton and other friends here last week-end.

Cecil O'Neal

The opponents of the present school bond issue are endorsing the above named candidates for Trustees at the election to be held on Saturday April 2nd 1949. It these men are elected the School Board will be well scattered over entire district. Three in the rural area and four in town.

We need more room, and better facilities in our schools, these needs can and should be met, without burdening our tax payers too much.

### You're Invited

We want to extend everyone an invitation to visit our showroom and see this New 1949 Plymouth. Whether you are interested in a New Plymouth just now, or not, you will admire this beautiful model. Be our guest today—See Plymouth's great achievement in the production of a fine car in the lower price field.

## THE NEW 1949

# Plymouth

## Features Beauty, Performance, Safety and Comfort

Brilliant new styling is combined with outstanding riding comfort, increased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles.

Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road stability, but less front and rear overhang for easier parking and loading. While the silhouette has been lowered and the width decreased, there is more head and leg room and seats are wider. Typical of Plymouth's many refinements is the ignition-starter combination, with which a turn of the key starts the engine.

The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which empha-

size the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace.

The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 118-inch wheelbase, one inch longer than last year's. Special deluxe models are: four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban.

The 97-horsepower engine has im-

proved performance and efficiency with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster throttle response.

Body styling which produces greater passenger room without excessive bulk also increases visibility. V-type windshields have 37 percent more area and provide excellent vision without distortion. Windshield wipers clear 61.5 percent greater area and the rear window is 35.4 percent larger.

**MEXICO HONORS TEXAS PUBLISHER** — William Prescott Allen (center) publisher of the Laredo, Texas Times, receives medal in Mexico City, March 8, for his work in cementing closer relations between United States and Mexi-

can newspapermen. The medal, the fourth he has received in Mexico, was presented to Allen by the Mexican division of the United American Journalists. Left to right: General Othron Lobato, chief of the Mexico City police; Allen and Efrain

Hidalgo, president of the Mexican division of the Journalists Institute. Mrs. Allen, who was in Milwaukee, Wisconsin, heard Hidalgo's words by phone as he decorated her husband. (AP Photo.)

**ALL TUCKERED OUT** — A stock show is tough going on the hogs and the boy who nurses them. That's what Max Hagler, Hamlin, Texas, found out

at the recent Jones County Livestock Show at Anson, Texas. The weather was warm, the hogs went to sleep and Max was just plain tired after cur-

rying his pen of hogs all morning before the judging, so he just took a nap too. His left hand still holds the culling brush. (AP Wirephoto)

### MRS. WEIR HOSTESS TO WOMEN'S SERVICE GUILD

The Women's Service Guild of the Presbyterian Church met March 14 at 2 o'clock in the home of Mrs. Frank Weir.

Mrs. Ken Sadler, vice-president, presided in the absence of Mrs. A. H. Pierce, president. The Guild decided to follow the "Sacrificial Meal Plan," whereby each member of the church eats light bread and soup, and donates the money saved to the relief of people overseas.

Mrs. R. E. Klonfanda gave the devotional, "Fear and Anxiety," from Hebrews 13:6. Mrs. W. B. Brown led the lesson discussion "Israelite, the Great Army," from the book of Numbers.

A salad plate and coffee was served to Mesdames L. L. Bechtel, W. B. Brown, James King, John King, R. E. Klonfanda, A. M. Muldrow, K. B. Sadler, J. M. Teague, Jr., Charles Kersh, and Weir.

### OFFICERS ELECTED FOR GOMEZ PTA

At a meeting Friday evening in the Gomez School, officers for the new year were elected. Mrs. M. Chessir was elected president; Jet Green Sec. and treasurer; and Mrs. Alton Webb, reporter.

Mrs. J. E. Gilham and her girl scouts of Brownfield gave a short program. B. J. Fallen, principal of the Brownfield High School gave a talk and played a few numbers on his violin. First grade pupils of Mrs. J. W. Stone presented a playlet.

The meeting was well attended.

### JOAN AND GLENDA BLEVINS HOSTESS

Members of the Phi Beta Creasus Club met Tuesday afternoon with Joan and Glenda Blevins as hostesses. Plan were made to send games, magazines and books to the girls reform school in Gainsville.

Refreshments were served to Dixie Brown, Mary Chisholm, Nancy Weir Patsy Hill, Wanda Stafford, Sandra Bailey, Barbara Stice, Patsy Black, Annie Nicholson, Nan White, Nelda Brown, Janelle Thompson, Lynn Sturgess Ann Snetiker, and Peggy Black by the two hostesses.

### MRS. DORTHY PADEN HONORED WITH SHOWER

A pink and blue shower was given for Mrs. Dorothy Paden at the meeting of the Gomez Home Demonstration Club held March 10 with Mrs. Jack Mason as hostess and Mrs. Paden as co-hostess.

Miss Helen Dunlap, county home demonstration agent, gave a program on making processed cheese. Those present were Mesdames T. P. Oliver, Simons, Ralph Butcher, Preston Daniels, Walter Paden, Sr., Glenn Paden, Lilly Jester, Miss Mozelle Butcher, Miss Dunlap and the two hostesses.

The next club meeting will be March 24 in the home of Mrs. Lowell Stephens.

Mrs. Zeb Moore, Jr. and her mother, Mrs. Clyde Lewis attended the Dunlap Style show in Lubbock Wednesday. They were met in Lubbock by Mrs. E. H. McKinney of Littlefield.

### To Fight for Champ's Crown

Ezzard Charles, left above, and Jersey Joe Walcott, right, will fight a 15-round match in Chicago next June for the heavyweight crown vacated by Joe Louis. The Brown Bomber himself, now turned promoter, will sponsor the world championship bout.

### Show New Plymouth At Dealers' March 18

The new lines of Plymouth automobiles, with outstanding mechanical improvements and up-to-the-minute styling, make their appearance in dealer showrooms here and throughout the United States Friday, M. J. Craig and Sammy Teague of this city, announced today.

Completely redesigned and streamlined, the new Plymouth contains a 90-horsepower engine which is smoother, livelier, and more economical. Other changes make notable contributions to beauty, safety, and passenger comfort.

Wheelbase has been increased for a better ride and more road stability but at the same time the over-all length has been reduced for ease of handling. Although lower end narrower, the new bodies provide greater interior room for passengers. The car's appearance reflects a complete change from last year's models. The Plymouths may be seen at Brownfield Motor Co., and M. J. Craig Motor Co.

Designers have achieved a "common sense" streamlining in which ease of handling, safety and comfort have received strong consideration. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal masses so costly to repair or replace.

Increased visibility is provided in the windshield which is 37 percent larger and the rear window which is 35.4 percent larger. Windshield wipers clear 61.5 percent greater area.

Sedan seats are wider and deeper, both in front and rear. The width of both cushions has been increased (5" in front, 6" in rear—front seat width 56", rear seat width 57") with panels and arm rests so located as to take maximum advantage of the interior space. Rear seat room in the Club Coupe has been increased to the equivalent of the Sedan. There is more head and leg room in the Sedan rear seat.

### DOGS TO BE SLAUGHTERED

The Herald has been requested to announce that, beginning Monday, March 21, all dogs found at large within the city of Brownfield will be killed by city authorities. All dog owners are warned to keep their pets confined or run the risk of having them killed. No termination date has been set for this order.

The presence of large numbers of "stray" dogs and numerous complaints from flower lovers was the reason given for the issuance of this ruling.

The Rex Laundry announced this week that they had just received a new dryer and extractor at their place, at Tate and 7th streets. They will now dry your wash, if you like, or do both the washing and drying of your clothes. Heretofore they were not equipped to do your drying.

### MRS. WEST IS MEADOW HOSTESS

The Meadow Home Demonstration Club met with Mrs. West Tuesday afternoon, March 15.

Mrs. Doak, the council delegate, reported. The finance committee gave a report on ways and means of using "Talent Money."

Members were urged to save Gold Medal Coupons. These will be used toward purchasing silver for use in the HDA office. Refreshments were served to six members, one being a new member, Mrs. D. D. Qualls.

### SOUTHWEST TERRY GAINS DEEP PROJECT

An Ellenburger wildcat has been scheduled for southwestern Terry County by the Hiawatha Oil and Gas Company.

It will be drilled on the J. W. Robbins et al fee in the southeast quarter of section 56, block D-14, C&M survey, 15 miles southwest of Brownfield. A depth ranging from 11,000 to 12,000 feet is believed necessary by operator to explore the Ellenburger.

The project is located on a 6,000-acre block formerly held by Seaboard Oil Company which turned it to Hiawatha, retaining over override.

### MEADOW 4-H GIRLS MEET

March 10 in the grade school The Meadow 4-H club girls met building.

Miss Dunlap gave a demonstration on how to grow chickens. She showed us a chicken feeder and a water fountain.

We had a visitor, Mrs. Roy E. Moore. She gave a nice talk. Rumez Patton and Naomi Jones led the girls in a song.

Miss Dunlap discussed plans about how to pick two girls to go to District Camp this summer. Reporter, Rumez Patton.

**RAGS WANTED.** Must be cotton and pliant. No sox, overalls and other stiff rags wanted. We pay ten cents per pound for clean cotton rags.

Mr. and Mrs. Dick Fallis spent the week-end in Amarillo visiting Mr. and Mrs. J. B. Patterson.

### CHAMBER GIVING CAVERNS ROUTE EXTENSIVE PUBLICITY

The Chamber of Commerce, according to Virgil Crawford, the new president, this week went into its second year of advertising for tourists to use the Carlsbad Cavern Route through Brownfield. The program is undertaken by an association of which the local organization is an active paying member. Billboard and pamphlet advertising is used to a great extent in Oklahoma. Samples of the brochures are at the Chamber of Commerce office for giving to tourist callers or other interested persons.

Another advertising method for Brownfield is the recent order for windshield stickers. Three thousand stickers will be received soon which are on an outlined form of the state of Texas, having a star on the front and BROWNFIELD, "Queen City of the South Plains". These will be made available to members for distribution to their customers and tourists.

Major part of the Cavern Route advertising consists of 17x43" billboards near Oklahoma City and Tulsa with several smaller signs showing directions. Twelve well located spots advertise the free distribution to tourists for the 50c guide books.

As we sit down to write this, we are feeling a little Irish, and recalling with what enthusiasm the boys and girls from Old Kilmarney are celebrating this day in some of our northern cities. We are sure that a great many Texans are "wearers of the green" but it seems that St. Patrick's day is a pretty minor date on their calendars.

We extend birthday wishes to Mrs. E. C. Davis and Mrs. Jack Shirley, who were a couple of St. Patrick's Day babies.

We are going to keep plugging the Spanish Fiesta to be held at the country club on Mar. 24 and 25, because we are convinced that it will offer an evening of most enjoyable entertainment. We have looked in at a couple of the numbers rehearsing and they surely promise to be good.

Tonight (Friday) the Teen-Age Canteen meeting will be held at the Legion Hall. Parents, your children want this recreational facility, and only you can obtain it for them. The canteen will not succeed without the full cooperation of all the parents. It is more important that the parents attend this first meeting than the teenagers themselves. Don't forget, 7:30, at the Legion Hall, tonight.

### DELPHIAN BENEFIT BRIDGE HUGE SUCCESS

The Delphian Benefit Bridge, held at the country club on Friday, March 11, was quite successful. Some 22 tables were made up for bridge and forty-two. Coffee, angel food cake, topped with whipped cream and fruit were served.

Mrs. C. C. Primm, Mrs. James Finley, and Mrs. Royal Klonfanda entertained the guests with a style show featuring the latest in spring hats. The hats modeled were created from varied and various household items, such as kitchen utensils, wash cloths, salad bowls, Christmas tree ornaments, pot holders, and silverware. The skit was very cleverly done, and the hats remarkable in their originality.

Mrs. Jack Shirley won first prize, a Universal coffee maker. Mrs. Truitt Flache won second prize, an electric clock, and Mrs. L. A. Marcott won third prize, a food warmer. Other prizes were given for bingo.

Mrs. R. R. Swanke acted as mistress of ceremonies.

### DESSIE OLIVER OF WELLMAN 4-H RECOGNIZED

In a recent meeting of the Wellman 4-H Club, Miss Dessie Oliver a outstanding girl in 4-H work, who has never been recognized in any way, will go to Lamesa April 24 to a program sponsored by the Farmers Stockman.

Miss Helen Dunlap explained about a contest of the reporters, that the council is sponsoring. Patsy Ann Moore is the reporter of the Wellman 4-H. "The kind of chickens to buy and the care and proper feeding" was the topic of the meeting.

At the next meeting, the delegate will be chosen to go to the District Camp July 12, 13 and 14, which will be in Lubbock.

### "ANN JORDON" REVIEWED FOR CIRCLE

Mrs. D. L. Patton reviewed the book, "Ann Jordan," to members of the Lottie Moon circle Monday afternoon, when they met in the home of Mrs. I. M. Bailey. Those attending were Mesdames E. C. Davis, Sexton, Patterson, Claude Henderson, Walter Hord, Patton, and Bailey.

Mr. and Mrs. Jack Bailey and Mr. and Mrs. Harold Crites spent the week-end in Ruidoso.

### COMMUNITY PARTY ATTENDED BY YOUNG AND OLD

A community party sponsoring the Wellman Home Demonstration Club was held in the Wellman school gym Friday night, March 11th.

Approximately 200 Attended from tiny tots to the age of eight years old attended.

The crowd was divided in groups with a sponsor for each group, with well planned games for all ages. The adults enjoyed games of "42".

After six hundred dixie cups filled with ice cream had been passed out. The crowd left saying "When do we have another party like this?"

Mrs. Clyde Heafner—Reporter

### JACQUELINE THOMPSON BRIDE ELECT HONORED

Miss Jacqueline Thompson, bride elect of Nathan Chesshir, was honored with a surprise breakfast and personal shower Sunday morning in the home of Mrs. T. A. Wartes. Hostesses were Miss Bennie Wartes, Mesdames Lloyd Turner, Harold Simms, and Woodrow Widdow.

Waffles and coffee were served to the following: Mesdames H. B. Thompson, B. L. Thompson, Bob Lyle, Mon Telford, Herbert Chesshir, Pat McCord, Frank Corbell, Dale Wood, Charles Auburg, and Misses Alma Ruth Kennedy Shirley Miller, Carolyn Harris and Louise Brown.

The serving table was centered with red and white sweet peas on a red cloth and green pottery was used in carrying out his brides chosen color scheme of red, white and green.

We are glad to see Chas. Moore back on the streets again after a seige of undulant fever. The disease left one arm partially paralyzed, but he has hopes that it will get OK. Chas. is a local contractor.

One typewriter manufacturer is said to have come out with a machine that automatically spaces both ends of the line even. With that, we prefer our old Remington, even if we do catch ourself an inch over the paper margin on the right hand, sometimes.

The American farmer is the only person on earth that will not stop offering more when he catches up with supplies. Other businesses are afraid they'll have something left over.

Gordon May and Bill Linder of Iran visited friends here last week end.

### THERE ARE NO DUES NOR FEES IN ALCOHOLICS ANONYMOUS

We offer our experience and help only to those with a sincere desire to stop drinking the only obligation being of passing the word along to other sick persons.

ALCOHOLICS ANONYMOUS  
Box 108 Brownfield, Texas 181fc

### BOLD GALLILEAN REVIEWED FOR MAIDS AND MATRONS

The Maids and Matrons Study Club met Tuesday afternoon in the home of Mrs. J. M. Teague, Jr.

Mrs. M. G. Tarpley, president presided at the business meeting and reminded the members of the Seventh District, Texas Federation of Women's Clubs, which is to be held in Lubbock April 4, 5, and 6. Mrs. Money Price, the incoming president and Mrs. M. G. Tarpley, the out-going president will be delegates for the club.

Mrs. Teague reviewed the book

### "Bold Gallilean" by Leggett Blyth.

Apple up-side down cake and coffee were served to Mesdames W. M. Adams, W. B. Brown, Leo Holmes, Forrest McCracken, W. O. Sreen, A. M. Muldrow, Mary Nelson, O. L. Peterman, J. L. Randall, C. R. Smith, Tarpley, Mon Tedford, L. M. Wingerd, and guest, Mrs. Royal Klonfanda, Mrs. Lee Fulton, and Miss Betty Holmes.

Mrs. Tarpley who is a board member of the Seventh District, TFWC, will attend a dinner at the Lubbock Hotel April 4.

## Drillers Use Mud With An Education

Although we are in close proximity to thousands of oil wells here, most of Terry county is essentially a stock and agricultural section. Therefore as we stated in this paper some time ago, we find a lot of oil field terms Greek to us. This despite the fact that many oil field workers make Brownfield their home.

Take driller's mud, which they refer to as "mud with an education." This mud has to be just the right sort of earth mixed with water. Drillers clay is found in some sections of this and other nearby counties, especially in east Terry. According to Stanolind Oil and Gas Co., it has many uses.

Some of the main ones is to seal up places in wells that are likely to cave. The mud down the drill stem of the rotary rig, and into the drill, keeping it cool. It also seals off rock formations that contain unwanted fluids.

The Stanolind Co. send men to Tulsa to study mud and its purpose in drilling, then back to the oil fields where they get first hand practice in its use.

And we always thought it was just used to soften the formation and make it easy to drill.

## Barely Freezing Here Tuesday Night

Well, well, well. Maybe we have passed a cold period without serious results. For years here the writer kept the US Weather thermometers, and we noted that if the weather was damp, and the ground had good moisture, the temperature had to go to about 25 to kill vegetation.

Mr. Hafer manager of the West Texas Gas Co., informed us Wednesday morning that Tuesday morning, and not Wed., as the Weathermen predicted, was the colder morning. In fact the Weatherman kinder blowed up on the whole thing as they were having temperatures drop to 20-26 on the south plains. Here are the figures Mr. Hafer gave us:

Sunday night 33, Monday night 31, and Tuesday night 39. But as a parting shot, Mr. Hafer reminded us that it thundered in February, so a freeze in April, doggone it.

## PLANS GO FORWARD FOR STOCK SHOW APRIL 9

The Jaycees have almost completed plans for their eight annual stock show to be held here April 9. There will be two classes in the show this year, one for fat steers, and one for fat barrows. An adult breeder swine show which has in past years been held in connection with the show will not be held this year.

Judging on boys calves will be based on choice, good and common, with respective prizes of \$5.00, \$3.00 and \$1.00.

No grand champion award will be made as it is the motto of the show that "Every exhibitor is a winner and every winner a future commercial breeder."

The fat barrow division will be divided into two classes: animals over 140 pounds and animals under that weight. Prizes ranging from first to seventh will be \$5.00, \$4.00, \$3.00, \$2.50, \$2.00, \$1.50, and \$1.00.

Ray C. Mowery of the agriculture department at Texas Tech will act as judge. A sale of calves and pigs will follow the judging with Kenneth Bozeman of Lubbock as auctioneer.

Entries will be limited to 4-H club and Future Farmers of America boys in Terry county. Union, Wellman and Brownfield 4-H boys are expected to participate.

**RAGS WANTED.** Must be cotton and plant. No sox, overalls and other stiff rags wanted. We pay ten cents per pound for clean cotton rags.

## Git Goin', Myrtle

Myrtle, the slow-moving sea turtle, doesn't hustle quite fast enough to suit these funsters on the beach at Sosua, Dominican Republic, West Indies. The children are residents of a Jewish displaced persons settlement at Sosua.

## U.N. Scouts Help Refugees

The United Nations Scout Association, sponsors of a drive for clothes, toys and food supplies from members of the U.N. staff and delegates, collected approximately two tons of supplies at a ceremony held at Parkway Village, Jamaica, New York (above). The clothing was turned over by the Scouts to the American Friends Committee for distribution to needy persons, especially Palestine refugees.

## Scout Troop 5 Has Guest Speaker

Troop 5 of the Girls Scouts at their regular meeting Tuesday, March 15 at the Little House were entertained by a guest speaker. Mrs. Jack Griggs introduced Mrs. Jack Ruark formerly of Germany, who has been living in this country some 18 months. She and her husband, Mr. Ruark, were married in Germany and she later joined him here. Mr. Ruark is a farmer and long time resident of Terry county.

The girls questioned Mrs. Ruark on the customs of her native country. She sang three German songs and told each girl what her name would be pronounced in German. Cookies and hot chocolate made from a German recipe made by Mrs. Griggs and Mrs. Ruark were served. Mrs. Dorman Dumas is leader of the troop.

**FISH FRY IN PARKER HOME**  
Tuesday evening, Mr. and Mrs. Monk Parker entertained a few friends in their home with a fish fry, with games of bridge and forty-two following.

Those attending were Messrs. and Mmes. Johnny Portwood, Johnny Criswell, Val Garner, Grady Goodpasture, and Leonard Cheshire.

## GUEST OFFICER ATTENDS DENVER CITY FRIENDSHIP NIGHT

Mrs. Inez Lucas was guest officer of the Denver City Eastern Star Chapter Friendship Night Tuesday evening. Attending the meeting with Mrs. Lucas were her daughters, Armita, Mrs. Florence Parker and Mrs. Hazel Portwood.

## LUBBOCK BANK SNATCHER ARRESTED AT RAILS

William Moore, about 38, from Garrett, Ky., scooped up \$250 in \$5 bills just inside the cashier's cage at a Lubbock bank, Monday, and beat a hasty retreat. The lady cashier had left the window to check on his supposed account at the bank. One customer grabbed him by the belt as he left, but broke; another tripped him, but Moore kept going.

A bank employee chased him for some distance, but lost the trail. It just so happened that a Floydada man saw him trying to cash a check in a cafe. Later the news of the theft spread, and the Floydada man on his way home saw the guy at Ralls, and informed Crosby county officers, who arrested him.

He is now in the Lubbock jail, as he could not make bond of \$5 grand. It is reported that he had just served a jail sentence at Littlefield before blowing into Lubbock.

Goodbye Lubbock; hello Huntsville.

## BROWNFIELD TRACK TEAM HAS FIRST MEET

The Brownfield track team had their first invitational meet last Friday, with Meadow, Ropes, and Brownfield participating. Meadow came forth with an exceptionally good team. Their man Means captured the four first places.

Events included were the 100 yard dash, field events, shot puts, one-fourth relay, 220 yard dash and pole vault. Clyde Chambliss, Johnny Winston, Jervis Roach, Hallett and Means of Meadow, and John Thompson, Clancy Martin, and Bagwell of Ropes took honors in these various events.

### JESSE G. RANDAL PTA IN REGULAR MEETING

The Jessie G. Randal Parents Teachers Association held its regular meeting March 10. Officers with Mrs. Leonard Chessier as Parker, treasurer.

Mrs. George O'Neal and Mrs. Teague were appointed as play ground committee to arrange for building a concrete slab, 10 by 20 feet for children to play Jacks without blocking doors or walks, and basketball court with necessary equipment. The cost of the equipment will be bought out of the Jessie G. Randal PTA funds. Mr. Jenkins, custodian of the Jessie G. Randal School, who has always been so cooperative in all PTA projects has consented to do the work.

Mrs. Bruce Zorns was program chairman. Mrs. Walter Breedlove presented the following children in a musical program: Letrice Teague, Joan Tarpley, Ann Patterson, Mary Kay Livingston, Nancy Booton, Don Simmonds, Tommy Harris, Rusty Brooks Dr. William J. Spreen of the First Christian Church was special speaker and spoke on "The Value of Mothers Children, to be Good Citizens."

Mrs. Walkers room continues to lead in attendances of parents. Mrs. V. L. Patterson, president, presided and reminded the parents of the importance of voting in the county election April 2.

Mrs. Wayland Parker and Mrs. J. C. Criswell served cokes to the number present.

## NOTICE TO OUR MANY NEW SUBSCRIBERS

In view of the fact that new subscriptions are coming in so fast that the mailing department is swamped, we will have to ask the new subscribers to bear with us until this rush is over. As soon as possible it is our aim to get some one to devote full time if necessary to keeping the mailing list straight. Your dating will be shown from the time your paper starts and not when you subscribed.

And if old subscribers think we have forgotten to show their new dating, that may come two or three weeks from now, after this contest is over. But they will get their credits. After a few weeks, if you find you do not have correct dating, drop in, as we have the lists and will go over them with you and make any corrections necessary.

## IT WAS A GIRL BUT WORTH THE CIGARS

Glen Paden was in Monday passing the cigars. He said his wife had just presented him with a new daughter over at the hospital. Glen is a local concrete man. His other children are boys. Yes, he knew that cigars were usually passed if a boy baby. But his dad's girls were all boys—all nine of them. So, a girl is highly appreciated among the Padens.

## Scene of Peace Talks

An Israeli police officer stands guard at a road block near the battle-scarred Ras El Nakura police post on the Lebanese border where armistice negotiations between Israel and Lebanon were carried on. This post was the scene of savage battles between Arab and Israeli troops.

## PAULETTE PICKS COTTON

Vivacious Paulette Goddard keeps cool in California sunshine in a two-piece summer outfit. The skirt is chintz, while the top is made of cotton chambray. The Paramount star wears a Mexican peasant's straw hat to complete the ensemble.

## AD SOLICITOR KNOCKED OUT WITH RHEUMATISM

Sorry folks that Miss Gertrude Jones had to be confined to her room this week under treatment of her physician for a case of rheumatism that at first she thought was merely a crick in her neck. So, we just had to call in extra help and do the job the best we could.

Mrs. Buel (Joan) Price is pinch hitting for Miss Jones, and we must say is doing fine. Mrs. Walter Hord was called in to take Joan's place as society reporter.

We hope to have a new man on the job beginning Monday.

Mr. and Mrs. O. E. Livingston of Hobbs, N. M. spent Sunday with Mr. and Mrs. W. E. Patton of Meadow.

## YESTERDAY WAS ST. PATRICK'S DAY

Irish being an easy going race, except when their "Irish" is raised, whether wearers of the Green or Orange, are generally speaking, good scouts. And did you ever hear of many people who wore an Irish name who were accused of being disloyal to their country? Or, for that matter, family, friends and neighbors.

And there is a very small percent of our nativity here in the south, especially, whose forefathers have been over as much as 100 years, who do not have some Irish blood in their veins. It may be as little as one-eighth—but it is there.

And everyone likes the Irish, from New York to San Francisco, and from St. Paul to New Orleans. All think of that race, come St. Patrick's Day.

## QUARTET GETS TOGETHER AFTER 21 YEARS

In a recent issue of "The Optimist," student publication of the Abilene Christian College, there was a picture that attracted our attention. During the lecture week at ACC, it so happened that a quartet that sang together 21 years ago was all there, and of course rendered a few selections during the week.

Among them was Caskey Livingston, of this city, who is with the Stanolind Pipeline Co. The other three were Millard Humphrey, Wichita Falls insurance man; Burton Coffman, minister of the Central Church of Christ, Houston, and Cullen E. Willis, Abilene office supply man.

Mr. Livingston often leads the congregational singing here at the Crescent Hill Church.

## ROYAL SERVICE PROGRAM FEATURED AT GOMEZ WMS

The Women's Missionary Society of the Gomez Baptist Church met with Mrs. R. A. Whitley Monday afternoon for Royal Service Program.

Following the program, Mrs. Cliff McKee was honored with a pink and blue shower. Those attending were Mesdames T. L. Burns, M. C. Wade, Bill Swain, A. B. Buckhanan, Wes Key, Tylor Martin, G. Smyrt, R. Wiggins, A. Fox, J. C. Wooley, Pat Harkins, Dorsey, and Mitchell and Miss Irene Key, the honoree and the hostess. Refreshments of cookies and cokes were served.

# **WHY HAVE**

## **Taxes And Evaluations BEEN RAISED?**

### **QUESTION:**

Why have taxes and evaluations been raised?

### **ANSWER:**

Your taxes and evaluations have been raised mainly for three reasons.

#### **First:**

It was necessary to raise taxes in order to receive more revenue to operate our schools.

#### **Second:**

It was necessary to raise valuations in order to secure a low rate of interest on the proposed \$750,000 Bond Issue.

#### **Third:**

It was necessary to re-evaluate property in order to equalize evaluations placed on taxable school property.

### **QUESTION:**

Why do our schools need more revenue?

### **ANSWER:**

It costs \$52,500 MORE to maintain our schools this year than last; this above all state aid received.

### **QUESTION:**

Why was this increase necessary?

### **ANSWER:**

1. Ten additional teachers (State Requirement).
2. Increase in all teachers' salaries (State Requirement).
3. Increase in cost of operation and upkeep of school facilities.

### **QUESTION:**

How does the new proposed \$750,000 bond issue effect your school taxes?

### **ANSWER:**

If your school taxes were \$50.00—\$5.50 of this is to be used for the building of the new school.  
Examples:

If you own an average one-fourth section of land, improved and in cultivation your taxes would be:

| EVALUATION        | Rate          | Tax            | New Bond      | Tax<br>WITHOUT NEW BOND |
|-------------------|---------------|----------------|---------------|-------------------------|
| <b>\$4,120.00</b> | <b>\$1.30</b> | <b>\$53.56</b> | <b>\$5.89</b> | <b>\$47.67</b>          |

If you own an average two bed room house in the city of Brownfield your tax would be:

| EVALUATION      | Rate        | Tax          | New Bond    | Tax<br>WITHOUT NEW BOND |
|-----------------|-------------|--------------|-------------|-------------------------|
| <b>3,750.00</b> | <b>1.30</b> | <b>48.75</b> | <b>5.36</b> | <b>43.39</b>            |

THIS AD PAID FOR BY A GROUP OF FARMERS

## CITATION BY PUBLICATION

### STATE OF TEXAS COUNTY OF TERRY THE CITY OF BROWNFIELD

Notice is hereby given that an election will be held in the City Hall of the City of Brownfield, Texas on the First Tuesday of April A. D. 1949, the same being the 5th day of said month, for the purpose of electing Three (3) Aldermen to serve a term of two full years.

Said election shall be held in conformity with the laws of the State of Texas applicable to election for City officials for Cities operating under the general laws of the State of Texas.

Anyone desiring to have his name printed on the official ballot of said election shall file his application therewith with the Mayor of said City of Brownfield or with the City Secretary of the City of Brownfield at least 30 full days before the date of said election.

None except qualified voters residing within the corporate limits of said City of Brownfield, Texas shall be allowed to vote at said election.

J. D. Miller is hereby appointed presiding officer of said election and he shall select such judges and clerks as may be necessary to assist him in said election.

This notice is given in accordance to an ordinance passed by the City Council of the City of Brownfield, Texas and in accordance with the general laws of the State of Texas applicable to city elections.

Signed and sealed at Brownfield, Texas this 23rd day of February A. D. 1949.

J. H. Aschenbeck  
 City Secretary, City of Brownfield, Brownfield, Texas. 34c

**STATE OF TEXAS:**  
 To: Nell L. Baker  
**GREETING:**

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18 day of April, A. D. 1949, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 5 day of March, 1949. The file number of said suit being No. 3585.

The names of the parties in said suit are:

Jack Baker as Plaintiff, and Nell L. Baker as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for Divorce, on grounds of cruelty.

Issued this the 5 day of March 1949. Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 5 day of March A. D., 1949.

Eldora A. White  
 District Court, Terry County, Tex. 3c

John Guther says that an artist in Texas is as rare as an icicle in Sahara. But, he says, when it comes to pretty girls, Texas has more Miss Americas to the square yard than the rest of the country has to the square mile.

present, and that the scope of service had increased 270 per cent with no increase in rates. However, the pyramiding effect of higher costs of operation — higher wages, taxes, equipment and supplies make new rates necessary despite every possible economy that could be used.

Roberts said that while revenues had increased, expenses had increased much faster. He further stated that the company lost \$5,681.22 on its 1948 operation in Brownfield and that had the proposed rates been in effect throughout that period, the company would have earned less than one percent on its 1948 operations here.

"The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, but are asking only for rates that will provide enough earnings so that we can continue to expand and improve service," it was stated.

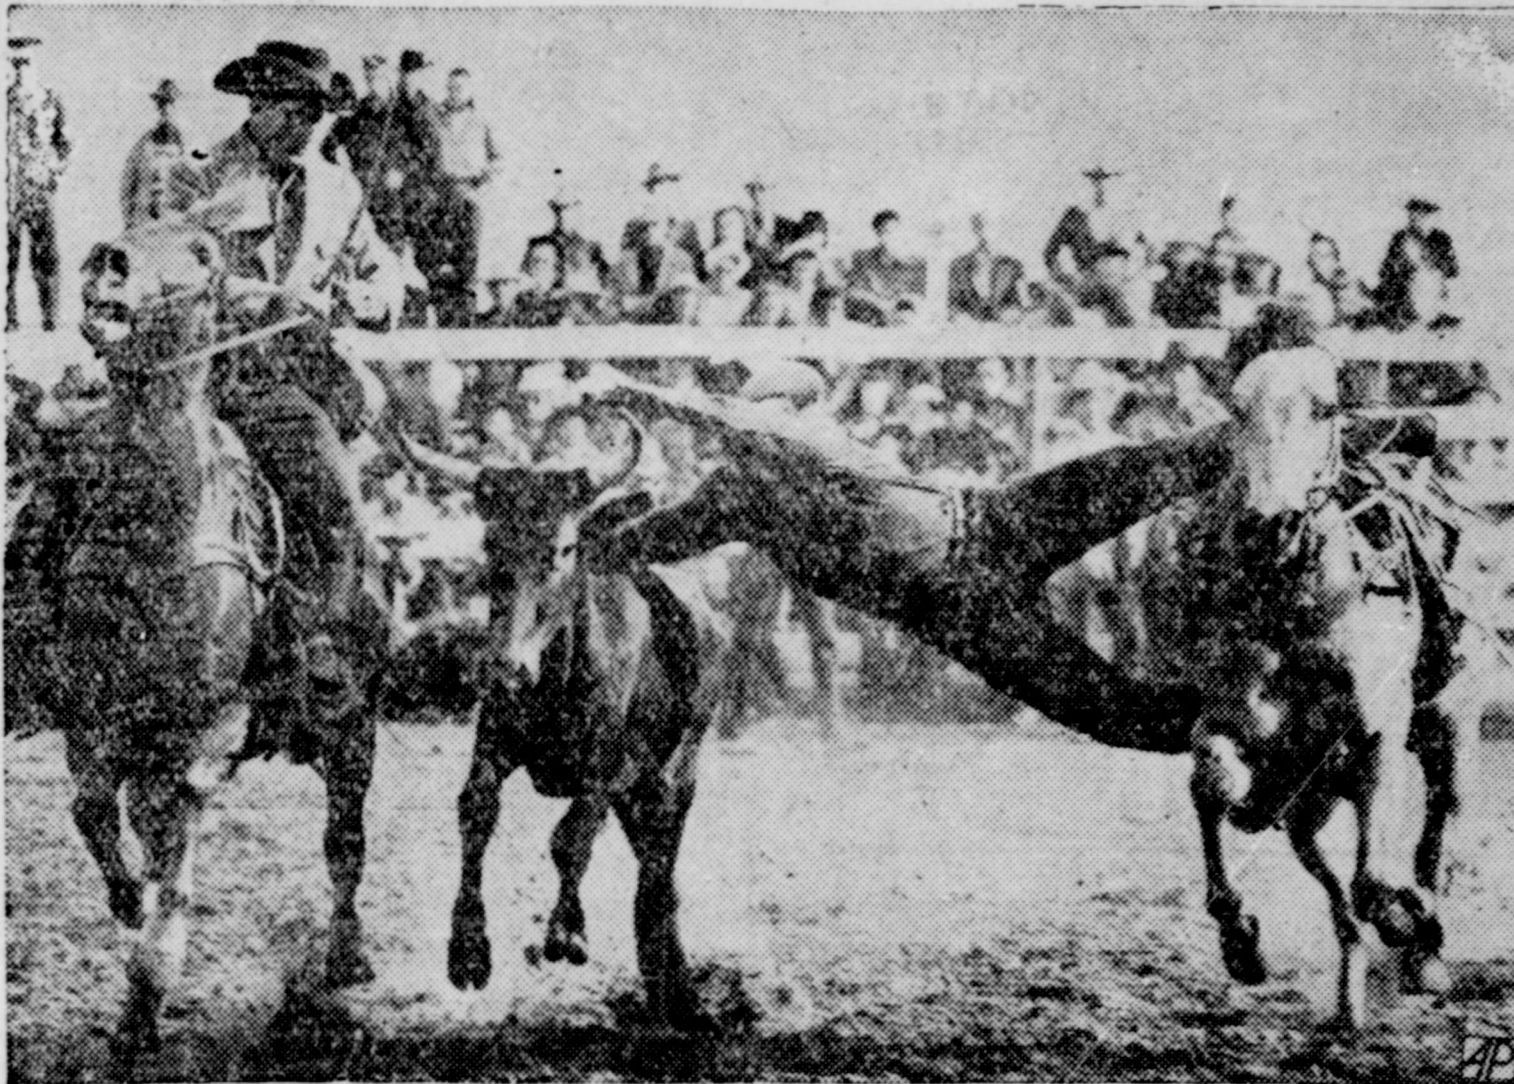

For most residence users is less than one cent per day. For a few residence users the increase will be 1 and two thirds cents, 2 1/2 cents and 3 and one third cents per day. For business one - party users the increase in from 6 and two thirds cents to 8 and one third cents per day. For two-party business users the increase is from slightly over 4 cents to slightly under 6 cents per day.

thecatch with the stretch but later lost his steer. Todd Whatley of Hugo, Okla., his hazer, watches intently. (AP Wirephoto.)

## Herald Record —

### (FROM PAGE 1)

in line to obtain one of these grand prizes, so generously offered by the publisher. By withholding further publication of votes we feel we are only fair in trying to protect those who have worked most diligently toward those prizes and making this a contest true to its name by giving every candidate an equal chance.

The campaign closes on Friday April 1, at 12 noon sharp and under no circumstances will any subscription count on votes after that hour. As soon as possible after the closing hour four judges, consisting of county business men will check the records, count the votes and announce the winners.

All candidates will be requested to make a report Monday, Wednesday and Friday of next week to be considered active and eligible for any of the given awards. All prizes and commissions will be paid to all candidates upon the return to this office of materials used and furnished by The Terry County Herald during this campaign.

In what order these prizes will be awarded is naturally going to depend on the work done by the various candidates during this most important week of the campaign,

together with the support of the various subscribers as well.

Let it not be said that it was the subscription you withheld from one of the candidates that kept them from obtaining first place but let it be said it WAS the subscriptions you bought that enabled your favorite candidate to win that grand prize of a new Ford.

Let everyone get behind his or her favorite candidate now. If it is impossible for your favorite candidate to contact you before Friday April 1, leave your subscription at The Terry County Herald office and she or he will receive the same credit for subscription.

Rev. R. B. Huckabay, pastor of the first Baptist church, Meadow, spoke to 23 men of the Lakeview Baptist church Monday night. "This Business of Saving Souls" was the subject of the message.

Rev. J. Preston Murphy is attending a conference for the directors of the Presbyterian summer camps. Mrs. Murphy will accompany him and visit her parents in Fort Worth.

Mrs. Grace Wood and Mrs. John Lucky attended the Lubbock Symphony Orchestra Concert in Lubbock Tuesday evening.

## Registered Bull To Be Auctioned By Tatum N. M. Legion

The American Legion Post of Tatum, N. M. are working to build a Legion Hall in Tatum. Edwin Holt of that city donated a registered bull that was valued at \$500 and 2696 tickets were sold. Mr. Holt is the son of Mrs. C. F. Holt of Brownfield.

Dr. T. L. Treadaway was awarded the bull in Tatum Saturday in Tatum, and donated it back to the Tatum Legionairs to auction off Saturday afternoon. All proceeds will go to the building fund.

will be no grand champion declared this year. The theme of this as well as all past shows was "Every Exhibitor a Winner." The thought will be carried out this year. It is hoped to make each exhibitor a future breeder of livestock.

In the fat barrow show, there will be two classes and seven prizes. In the classes, barrows weighing over 140 pounds, and under that amount. The prizes will be \$5, \$4, \$3, \$2.50, \$2 \$1.50 and \$1.

Judging will be done by Ray C. Mowery of the agriculture faculty at Texas Tech. A sale of calves and pigs will follow the judging, with Kenneth Bozeman of Lubbock as auctioneer.

Entires will be limited to 4-H club and Future Farmers of America boys in Terry County. Expected to participate are 4-H clubs at Union, Wellman, Brownfield, and Meadow, and FFA chapters at Brownfield, Meadow, and Wellman. Approximately 50 boys are expected to participate.

This he says is especially true of Dallas and Austin, he allows. Has Mr. John Gunther ever visited Brownfield? Evidently not.

Most people had rather deal with a pleasant moron than a surly genius.

 SATURDAY, MARCH 19th.

## Responsibility....

Figuratively, in the palms of your hands....

—you hold the Welfare of your family and business—the destiny of a generation—

Few men, realizing the importance of accepting the responsibilities of caring for their families, have any intention of shirking the duty—but all too often the plans that should be made immediately are postponed until tomorrow. Sometimes that tomorrow runs into the years that are too late. If a young man could live "one day" in the gray-haired age of the late tomorrows, there would be few families not provided for by careful planning—and careful saving. Think about it.

Mr. Head-of-the-House, the responsibilities you hold in the palms of your hand are too often pushed aside because some little something stands in the way. Do you delay carrying out plans because "tomorrow" you will have a better job, or a better business institution—do you think it isn't necessary to save now, because you will be "in the money soon" and will put up all of it at one time. Many aged people tell of that same story—a sad one—more action is the requirement—the winning way.

"YOU CAN DODGE RESPONSIBILITIES—BUT YOU CAN'T DODGE THE CONSEQUENCES!"

VOLUME 44

BROWNFIELD, TERRY COUNTY, TEXAS, MARCH 18, 1949

NUMBER 34

### Miss Naoma Lee Thompson Weds Robert Lyle in Clovis

Miss Naoma Lee Thompson, daughter of Mrs. H. B. Thompson of 821 East Cardwell, and Robert L. Lyle, son of Mr. and Mrs. Henry Lyle of 909 Mississippi St., Amarillo, were wed in Clovis, New Mex. on Monday, March 7th. Miss Sandra Valle of Amarillo, and Ed Hogan of Amarillo, acted as attendants, and were also married with the bride and groom acting as their attendants. Both couples were married by Dr. J. C. English in his home in Clovis.

The two brides were roommates also the grooms were roommates at West Texas State College of Canyon. Mrs. Lyle lived in the Cousins Hall dormitory and was a speech major. She has been a student at West Texas State since her graduation from Brownfield High School in 1947.

The groom is a graduate from Amarillo High School. He is a business major at West Texas State and lived in Buffalo Courts, the athletic dormitory. He is a member of both freshman and varsity football teams.

The couple will live in Amarillo until Mr. Lyle's education has been completed.

### MRS. LLOYD HAHN HONORED WITH PINK AND BLUE TEA

Mrs. Bill Williams was hostess at a pink and blue tea honoring Mrs. Lloyd Hahn on Thursday, March 10, at her home on the Levelland Road. Some thirty guests called between the hours of 2 and 5 p. m.

Spiced tea and cookies were served from a refreshment table decorated in pink and blue motif and center with an arrangement of sweet peas. Mrs. Preston Hester and Mrs. Lloyd Hunt assisted.

### BROWNFIELD GIRL GUEST AT MILITARY BALL

Miss Deenie Ballard, student of Hockaday School in Dallas, daughter of Mrs. Rebecca Ballard of Brownfield, attended the John Tarleton Military Ball in Stephenville as the guest of Charles Osburn, Saturday evening.

### Catholics Establish Church Here

A Catholic church is being established in Brownfield, under the sponsorship of St. Elizabeth's Church in Lubbock. A barracks building was moved this week to the church site one-half mile north of town on the Levelland highway.

The barracks will be remodeled and equipped in the immediate future for services. Mass will be said every Sunday, with Spanish language services on alternate Sundays for the benefit of the Mexican people.

This church will be in the Lubbock parish and St. Elizabeth's church will provide priests for this congregation.

### FHA Girls Attend Area II Meeting

Brownfield High School was represented by 18 members of the F. H. A. at the Area II meeting at Whiteface. A school bus served as their means of transportation.

They were entertained from 9:30 in the morning until 3:30 that afternoon. The program for the morning consisted of a welcome response, group singing, a panel discussion, and special entertainment. The speaker was the state F. H. A. Advisor. The morning session ended when the Whiteface band had played a number of selections. The afternoon session provided for special entertainment a piano, solo, the president's message, and the installation of new officers. Wilson High School was given an award for being the most represented school.

The high light of the Area II meeting occurred when The house of delegates met. Every school had one voting delegate. Brownfield was represented at this important meeting by Christine Butcher who served as the speaking delegates in the other sessions also.

Attend your church Sunday.

### 4-H CLUB AWARDS ARE STRESSING FARM WOODLOT MANAGEMENT

Farm young people everywhere are taking increased interest in forest management. These two youths are receiving a lesson in the use of the increment borer, an instrument used to determine growth rate of trees. Professional forester, right, instructs.

For the second straight year local farm boys and girls have a chance to compete for state and national awards in a 4-H club forestry project. Three hundred dollar college scholarships plus all-expense paid trips to the 1949 4-H Club Congress in Chicago will go to four national winners in the forestry contest.

Four-H Club members interested in forestry are eligible to compete. In addition to the four top awards, to be distributed on a regional basis, each of the state winners will receive a gold medal.

The 4-H forestry project emphasizes youth's stake in the woodlands of this state. Former owned woodlands today constitute a major portion of the Nation's commercial forest area. They represent also a steady source of wealth to their owners that in many cases is virtually untapped.

American Forest Products Industries, a national, non-profit association of wood-dependent industries, is sponsor of the 4-H forestry awards. Last year 18 states participated in the national forestry competition. College scholarships went to club members representing Idaho, Georgia, New York and Wisconsin.

"Opportunities for farmers, who manage their woodlands for continuing forest crops, are greater today than ever before," Charles A. Gillett, managing director of American Forest Products Industries, declared in announcing his organization's sponsorship of the 1949 award. "The importance of good forest management practices on the Nation's farms cannot be over emphasized."

Detailed information about the 4-H forestry project may be obtained from the county extension agent.

### Miss Mildred Bartley Marries Wilburn Wenzel at Parsonage

Miss Mildred Bartley, daughter of Mr. and Mrs. C. E. Bartley, was married to Wilburn Wenzel, son of Mr. and Mrs. A. D. Wenzel, on March 2, at the Methodist Parsonage. Rev. Herschel Thurston officiated.

The bride wore an aqua blue dress with brown accessories and

a corsage of deep pink carnations. The bride's sister, Miss Bernice Bartley, who acted as maid of honor, wore a navy dress with black accessories. Leo Wenzel, brother of the groom, was best man.

Other guests at the services were Mrs. Leo Wenzel and Miss Lola Sue Ramsey of Tahoka. Following the ceremony the couple went on a wedding trip to New Mexico. They are now at home at the Wenzel farm north of Brownfield.

### Methodist To Have Pre-Easter Festival

Rev. R. Luther Kirk, District Superintendent of the Perryton district, will preach twice daily at the First Methodist church beginning March 17th at 7:30 p. m., and running through March 27th. Rev. Kirk recently served as Pastor at Slaton and organized St. John's Methodist church in Lubbock. He is a sincere and fearless preacher of the Gospel and loves men for Christ's sake.

Rev. Will M. Culwell, the song leader of the Northwest Texas Methodist Conference will lead the singing and direct the children's choir. Mr. Culwell sang for the Methodist Revival here last year.

Rev. Cecil Tune of Meadow and Mr. Newell Reed of Brownfield will play two pianos for the evening services. These men have some special talent and are enthusiastic in their musical interpretation.

Morning services at 10 o'clock; evening services at 7:30 o'clock. See you in church Sunday.

### QUEEN SUGAR

Joyce Oubre, 20, of New Iberia, La., named "Queen Sugar VII" for next fall's Louisiana Sugar Cane Festival, is shown in Washington where she is sweetening up government officials toward the event. The small bags hold lump sugar which Queen Joyce uses in her work.

### Terry Teachers Meet at Union

The Terry County branch of the West Texas State Teachers Association met at Union School on Thursday evening, March 3.

The Homemaking department, under the leadership of Mrs. Helen Gray, Homemaking teacher of the Union High School, served a delicious dinner carrying out at St. Patrick theme.

Mr. S. P. Cowan, superintendent of Brownfield schools, gave a resume of his trip to the National Education Convention, held in St. Louis the week of February 18.

A short business meeting was held with the County Superintendent, Mr. Lee Fulton, president, presiding. Officers elected for the year 1949-50 were: Mr. Lester Buford, vocational agriculture teacher, Brownfield, president; Mr. Truett Bobb, vocational agriculture teacher, Meadow, vice president; Miss Willie Mae Hines, vocational homemaking teacher, Wellman, secretary-treasurer.

Five delegates elected to represent this group at the West Texas State Teachers' meeting, district 4, Lubbock, Texas on March 17 and 18. They are: Mr. Ira Brackett, Wellman; Mrs. Helen Gray Union; Mr. Byron Rucker, Brownfield; Mrs. Grace Wood, Brownfield; and Mr. Loyd Hunt, Meadow.

Mr. and Mrs. Walter Hord spent Saturday in Lubbock.

### Blossom Time

Casual sprays of snowballs blossom on this toque featured in a recent Paris millinery show. Diamond snowballs clipped to the pale blue felt crown add a touch of glitter.

### TEAGUES ENTERTAIN WITH BRIDGE

The Monday Night Bridge Club met with Mr. and Mrs. Sam Teague as hostess Monday evening.

Mrs. J. T. Bowman won high score for the women and George O'Neil scored high for the men. Mrs. Clyde Truly and Tom Harris won in bingo.

Refreshments were served to Messrs. and Mesdames Bowman, Truly, O'Neil, George Germany, Harris and the hosts.

### County Council Meeting Here 12th Urged Floyd Attendance

The Terry County Home Demonstration Council held its regular meeting in the Presbyterian Church March 12 at 2:30 P. M.

Following the state song, "Song of Peace," Mrs. E. V. Riley, recreation committee chairman, led the group in a game "Penny wise." "Beautiful Texas" was selected as the county song. Mrs. Roy E. Moore, 4-H sponsor, stated she had attended the Meadow 4-H girls club and they were really doing good work.

The council voted to buy an 80-yard bolt of down satin material, which will be for sale. All clubs stated they were making plans to use the \$5 issued by the council. There will be a prize given to the club turning in the most money, also to the individual making the most.

Mrs. W. F. Jones was appointed to keep record of news items printed in the papers, as gifts will be given to all reporters that are 100 per cent.

Mrs. Thurman Salsbury read an extension budget report from Washington, D. C.

T. H. D. A. chairman, Lillian Doak, stated the registration for the district meeting held a Floydada in the High School auditorium April 16, will begin at 9 o'clock, and the program will begin at 10 o'clock. Lunch will be served in the High School cafeteria. All club members are urged

to attend this meeting. Visitors are always welcome.

Delegates elected to attend the meeting, were: Lillian Doak, Meadow; Mrs. Roy E. Moore, Wellman; Mrs. Ralph Spain, Needmore. The alternates: Mrs. Wesley Sherrin, Tokio; Mrs. J. D. Howard, Pool; Mrs. Alton Webb, Gomez. The council voted to ask for the district meeting to be held in Brownfield in 1950.

All club members are to send one dozen eggs to the April council meeting to be sold by the finance committee. A number of announcements were made by Miss Helen Dunlap.

The meeting was attended by 28 council members. All the ten clubs of the county having representatives present. The next council meeting will be in the Presbyterian Church, April 9, at 2 o'clock, to practice singing songs. Lillian Doak, Reporter.

### Foster Baptist Revival To Start Sunday

The Foster Baptist Meeting will start Sunday March 20 and last through Sunday March 27.

Reverend Burnam of Spur will do the preaching both morning and evening. Everyone is welcome to come and bring someone with you.

Attend your church Sunday.

If Winter Comes, Can

# SPRING

Be Far Behind?

(AND WINTER DID COME!!!!)

So now it's Spring (Monday officially), and time again to enjoy our fine fountain "eats and drinks."

Bring a friend and enjoy a delicious malt, a cream-soda, a grand dish of ice cream topped with rich tasty fruit, or in fact any of the famous fountain drinks that you hear the kiddies talking about.

### TO THE LADIES

Visit our fountain with friends,—there is real enjoyment for "tables of fours" to get together for a few minutes of friendly visiting from work or household duties. Courteous service is a "PRIMM BRAND" of appreciation.

### NOTICE TO STOCK OWNERS

Farmers and ranchers should see us for all kinds of stock remedies. Keep milk-cows healthy, or see that farm animals are in good condition at all times. We feature the famous brand of Cutter remedies known and used throughout the U. S. A.

# Primm Drug

## WHAT IT MEANS

## THE MYSTERY OF BREAD PRICES

By Clarke Beach

WASHINGTON —The price of a loaf of bread is a mystery that is baffling the best of 'em.

The Senate Banking and Currency Committee decided to look into the matter when the price of wheat fell 30 percent in 1948—and the price of bread, instead of falling, rose slightly. Flour prices dropped 15 per cent in the year.

So far the committee hasn't gotten around to making its investigation. But the Agriculture Department made a study of the matter

and found that the thing holding up the bread price is the "marketing margin." This margin is determined by costs and profits of millers, bakers and retailers whatever is added to the price of wheat or flour between the buying of the raw materials and sale of the finished product.

What the department would like to know more about is:

Just what are the items in the marketing margins which are holding bread prices high? Large expenditures for wages, transportation, shortage, packaging, advertising, new plant investment or just high profits?

The department is considering making a new study to go into the inner mystery of the Great Bread Price Mystery. Meanwhile, in nearly every store in the nation the average price of bread is 14.5 cents—the all-time peak, reached in February 1948.

In a few localities minor drops brought the average down to 14.4 cents last December. But the experts don't think this small decrease promises much. The Agriculture Department predicts that the price of a loaf will remain at approximately the peak price at least until July.

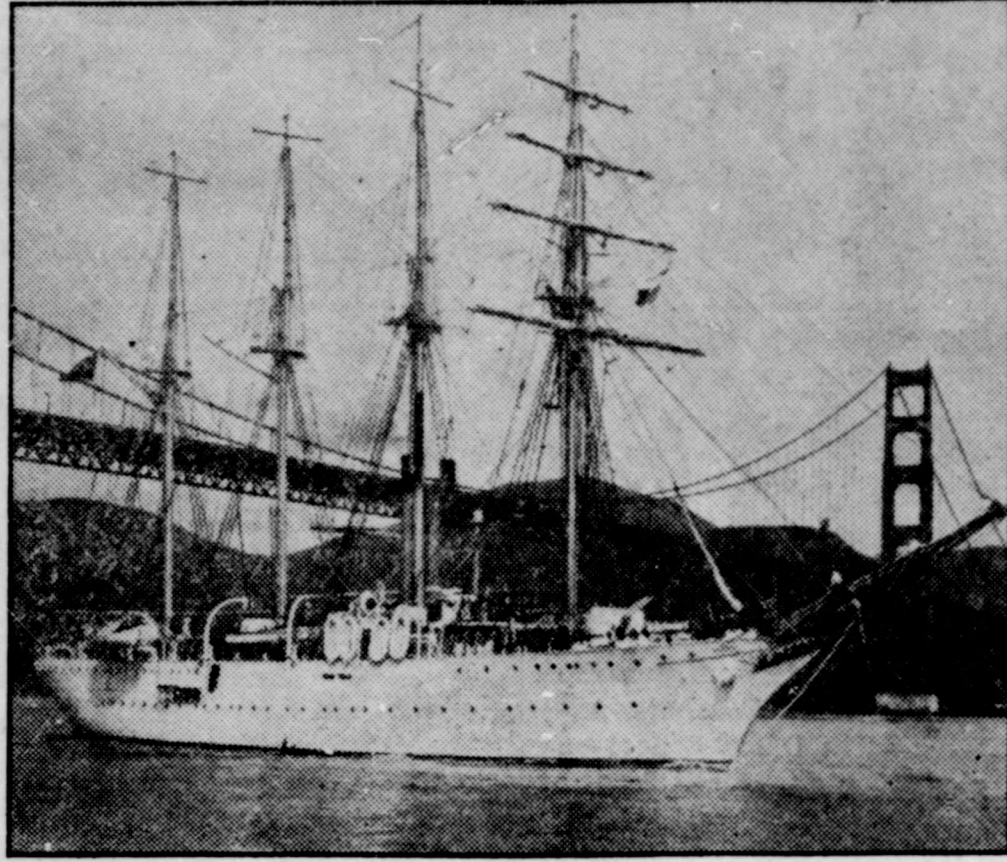

W. Edward Blackmore, agricultural economist who made the bread price study, said marketing costs will not decline until the over-all price level declines until wages and all other cost items start a downward adjustment.

There isn't much competition today in the milling and baking industries. They expanded their plants very little during the war. But the bread-eating population kept increasing all the time. There is now very little of the surplus producing capacity which impels industries to reduce their prices in order to sell more goods.

The millers and bakers, meanwhile, have been squeezed by high wages and other costs, which accounts for some of the price rise. And on paper it looks as though they have been earning steadily fatter profits since 1940.

The farmer, meanwhile, is having a tougher time than the city folk.

## One of the Last

The training ship "Almirante Saldanha da Gama," of the Brazilian navy, sails into San Francisco Bay on a training cruise with 59 midshipmen aboard. The four-masted steam-sail ship is one of the few sail-training vessels left among the world's navies.

## Look---No Pontoons

Like a "painted ship upon a painted ocean," this scene near Iatan, Mo., is more picturesque than convenient for the owner of the plane. He made a landing on a muddy wheat field, was frozen in, and now must wait for flood waters of the Missouri River to abate before being able to take off again.

The price of his wheat went up all through the war and reached an all-time peak of \$2.81 a bushel in January, 1948. Then it began to drop. Now wheat sells for \$1.94 a bushel. But when the farmer goes to the store to buy back his wheat in the form of bread, he has to pay the all-time peak price, just like city people.

At present prices he is getting about three cents out of each 14.5 cent loaf of bread. The other items

that make up the price of bread are .8 cents for the miller, 9.7 cents for the baker and retailer, and one cent for all other costs—salt, soda, spices, storage charges and so fourth.

Farm prices always dance up and down as market conditions play the tune, and today the market is flush with wheat from good crop years. But food processor's marketing costs move forward or backward very slowly under the stimu-

## Farmhouse Plans Are Available

COLLEGE STATION—Thirteen up-to-date farmhouse plans, every one designed to give farm families comfortable and efficient surroundings, are pictured and described in a new U. S. Department of Agriculture bulletin, "Farmhouse Plans for the Northeastern States." W. S. Allen extension agriculture engineer-buildings of Texas A. & M. College, says that county home demonstration agents now have the bulletin in their offices.

These 13 houses are adapted to most Texas conditions. Since a farmhouse is combined home and work center, the designers have seen to it that each house has outstanding features that farm families want and need. Included are: rooms planned for family work and living; space for eating in the kitchen; a place near the back door for the men to wash up and hang work clothes; indoor traffic routes that do not cross busy work areas; adequate storage space for food and fuel; and ample closet space.

Every house, adds Allen is designed for running water and each plan provides for at least one bathroom.

Early season dusting is a good investment to insure early fruiting in cotton growing areas where aphids, thrips, fleahoppers or boll weevils alone, or all of them, cause damage every year.

## Tech College Awarded Pantex Plant

LUBBOCK, March 12 — A contract approved by the War Assets Administration transferring Pantex ordnance plant near Amarillo to Texas Technological college will be considered at the April meeting of the college board of directors.

Release of Pantex to Texas Tech under the national security clause and as a public benefit is sought by the college to enlarge the opportunity for agricultural and engineering research particularly. The security clause provides the government may reclaim the plant at any time during the next 20 years in the event of a national emergency. As a public benefit, Texas Tech is awarded entire property, valued at \$8,500,000 including the building and improvements, at no cost. The government retains sub-surface mineral rights.

Pres. D. M. Wiggins said he is pleased at the action of the WAA. Announcements concerning intended action by the college will be forthcoming after the board session.

Texas Tech is conducting jointly with Texas A. & M. a wheat poisoning project on 8,000 acres of the plant which has been leased by the college.

## Texas Shipments Of Livestock

AUSTIN, March 12—Livestock shipments in Texas totaled 3,967 carloads in January 1949, falling 16 per cent from December and 11 per cent from a year earlier, the University of Texas Bureau of Business Research reported.

All types of livestock shared in the decline from the previous month. Sheep shipments dropped 46 per cent; calves, 34 per cent; hogs 20 per cent; and cattle, 4 per cent.

With the exception of a slight increase in cattle shipments, all types of livestock were under their year-earlier levels. Movement of sheep lagged 31 per cent; hogs, 28 per cent; and calves, 21 per cent.

## Quits Mate, 70

After five years of married life with Harry Ford, 70, Mrs. Eleanor Ford, 20, was awarded a divorce in Chicago on grounds of cruelty. She testified that Ford struck her during a quarrel resulting from his jealousy. The two were married in 1944 when she was 15 and he 65.

## WHY

## NEW TELEPHONE RATES

## Are Necessary at BROWNFIELD

NO BUSINESS CAN long survive and charge less for its products and service than it costs to furnish them.

GREATLY INCREASED COSTS of furnishing telephone service make it necessary for the telephone company to place new rates into effect at Brownfield.

We are proud that in these past years we have been able to expand and improve our service without increasing rates. But the pyramiding effect of increased costs of operation—higher wages, taxes, materials and equipment make new rates necessary despite the use of every possible economy consistent with sound business management.

## Expenses Are Greater Than Income

During and since the war, the demand for telephone service has been tremendous. While revenues have increased, the cost of furnishing service have increased much faster. We lost \$5,681.22 on our 1948 operations at Brownfield. Had the new rates been in effect during the year 1948, we would have earned less than one percent on our investment.

The cost of almost everything that goes to make good telephone service—and almost everything is needed—has increased sharply since 1940.

For illustration:

Payroll (wages), our biggest expense is away up. Seven (7) general wage increases have been granted employees since 1940. Telephone poles cost 110 percent more than in 1940—cable is up 119 percent—and manufactured items as much as 139 percent.

## New Rates Are Reasonable

The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, only reasonable rates that will provide enough earnings to place the system on a sound financial basis, and which will enable us to expand and improve service.

## Adequate Earnings Are Essential

To carry out its expansion and improvement program, the company must spend many thousands of dollars for new plant and equipment. This money must come from the savings of people who want to invest in something that will bring them a reasonable, regular return. A sound financial business with reasonable earnings is essential to attract new money necessary to expand and improve telephone service.

The new schedule of rates for Brownfield is given below. Federal taxes which apply are not included.

## NEW RATES

| <u>Class Of Service</u>  | <u>RATE PER MONTH</u> |            |
|--------------------------|-----------------------|------------|
| BUSINESS:                |                       |            |
| Individual Line Service  |                       | \$6.50     |
| Two Party Line Service   |                       | 4.75       |
| Extension Service        |                       | 1.50       |
| RESIDENCE:               |                       |            |
| Individual Line Service  |                       | 3.25       |
| Two Party Line Service   |                       | 2.75       |
| Four Party Line Service  |                       | 2.25       |
| Extension Service        |                       | .75        |
| RURAL:                   |                       |            |
| Company-Owned Lines      |                       |            |
| Business                 |                       | 3.75       |
| Residence                |                       | 2.75       |
| Subscriber-Owned Lines   |                       |            |
|                          | Business*             | Residence* |
| One on the line          | \$6.00                | \$2.75     |
| Two on the line          | 4.25                  | 2.25       |
| Three on the line        | 3.50                  | 2.00       |
| Four or more on the line | 3.00                  | 1.75       |

\*Customer Furnishes Instrument

For most residence users the increase is less than one cent per day. For a few residence users the increase will be 1 and 2-thirds cents, 2 1/2 cents and 3 and one-third cents per day. For business one-party users the increase is from 6 and two-thirds cents to 8 and one-third cents per day. For two-party business users the increase is from slightly over 4 cents to slightly under 6 cents per day.

Compared with increases in price you must pay for other things—food, clothing, automobiles and almost every other item in the family budget—the increase in telephone rates is moderate.

#### NEW AND RE-NEWING SUBSCRIBERS

Due to the enormous growth of the Terry County Herald's Subscriber list, and the strain it throws upon the mailing department, some people may be getting two papers since the GOOD WILL CAMPAIGN has been going on.

Let us explain and assure you on several points that you may want to know. To get every one on the list as quickly as possible, a separate list has been made, but rest assured if you may get two papers for a week or so, you will still be given a FULL YEAR'S CREDIT, if renewal, and your subscription had not expired. Those extra papers are OUR LOSS, not YOURS.

To NEW SUBSCRIBERS: It is possible that some new subscribers may miss their paper the first week, and we assure you the great rush is the cause of it—but understand, too, that your pay time does not start until your paper starts. Every person will get A FULL YEAR for each year paid.

In two more weeks the campaign will be closed. Then if there is anything the matter about your Terry County Herald, let us know at once. We guarantee you full time you pay for.

Up in Kansas they have something new under the sun, to them at least—legal liquor. And they are just like a bunch of kids finding out all about their toys Christmas morning. Some one up there sent a lot of clippings from various Kansas papers, that were a bit interesting to a Texan. The Salinas paper had an interview with a number of its citizens to get their views on the matter. The WCTU and ministers, of course saw vile disasters, especially along the highways. On the other hand, the more conservative thought the bottles would come out of hiding, and one lady ventured that instead of the bootleggers getting all the profits, the state would get some needed revenue in helping to pay old age pensions just like other states. If you ask us, the answers sounded just about like they would in Texas, either in a "dry"

## THE AMERICAN WAY

Lefty Swings a Wicked Pick

we have heard no complaints about unfriendliness of Brownfield business men. They advertise our city as "the friendly town." Let's do our best to live up to the pledge.

A lot of people in the north, especially Republicans are coming to believe that two-third vote to change rules in the United States Senate should remain, and that a filibuster to protect those rules is justifiable. In the first place, the majority is not always right. Most of us believe that the big majority of the people in Jerusalem back some 1912 years ago, who cried out for the death of Jesus, were wrong. But the majority ruled in that instance, as well as many times since, to later find they were mistaken. Sometimes the majority is right. Just at the present time, the southern people find they are the minority to be protected. Those who would help the Negro should be reminded that the Negro is a minority race, and some time in the future might find themselves needing protection from the majority. President Truman wants to do away with the two-thirds rule. In fact, he would make every southerner mad in order to carry out his ideas, by ramming something down their throats that is both detestable and harmful to both races in the South.

It matters not with him that many southerners, such as Senators Connally, Johnson and others, despite their better judgement, supported him last fall, just for party regularity. But being a politician rather than a statesman, Mr. Truman would appease the Negro leaders in the north, as well as the northern wing of the Democratic party. But with the help of northern Republican Senators, the test to break up the filibuster fizzle. Now Truman, McGrath and other administration leaders are reported to be willing to compromise on the civil rights laws. Just what their ideas of a media of compromise is to be, has not been learned. But at the present the Southern Democratic and Republican coalition seem to hold the whip hand, and may have a great deal to say about what basis a compromise will be. Then too, Mr. Truman may be getting a bit un-

## Don't Let "Gums" Become 'Repulsive'

Are your "GUMS" unsightly? Do they itch? Do they burn?—Druggists return money if first bottle of "LETO'S" fails to satisfy.

## Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION**  
for Coughs, Chest Colds, Bronchitis

easy about a lot of his other pet legislation that might have to pass muster before this coalition. We'll see what we see.

It seems that in some towns and cities that the business men feel that they are making a great sacrifice when they are supporting their Chamber of Commerce. Some regard it as that much sweet charity, and it almost takes their eyeteeth when it comes to paying dues. Is there any wonder that many towns have a real hard time keeping a manager? Can't we see that such men soon get disgusted with our gripes, and wish to move along to a more appreciative town that finds their services will be worth more to them than the manager has been getting? Let us state right here that in Brownfield we do not have so much trouble in getting the dues paid. Our Jonah seems to be getting the members to attend when there is a general meeting of the organization. Then it comes down to that old one, "let Georgia do it." A chamber of commerce is not a one horse affair. It is not just the affair of the officers and directors, nor the secretary-manager. It is the business of every mother's son and daughter of us to get behind the organization and push. It is the business of the entire community.

## BOYCE HOUSE Gives You Texas

Then man on the street is a bit distrustful of college professors as being on the impractical side. And the man on the street isn't far wrong. For example,

The dean of an Oklahoma university is writing a book about words and expressions used by the people of the Southwest according to the papers, and in explaining the expression, "squirrel whiskey," he says maybe it's called that because it makes people act nutty. Anybody ought to figure out a simpler and more logical explanation than that one. (If the dean was joking, that was "unscholarly" and such antics are likely to put him in bad standing with the professional Ph. D.'s.)

Squirrel whiskey makes the imbibor frisky, like a squirrel. If the dean would go down and mingle with the boys in the barbershop, he would hear the story about the Swede who said he wanted to buy some liquor. "Do you want some squirrel whiskey?" he was asked. Ole replied, "No give me some to frog whiskey. I don't want to climb; I just want to yump around a liddle."

There is no charge to the dean or steering him right about this. But I still think he ought to stick to some subject like the amount of starch that Sir Walter Raleigh used in those ruffed collars.

(Ed.'s note: — Whassamatta, Boyce th' prof steal an idea you had for another book?). Dallas folks like to josh Fort Worth citizens about the stockyards and they tell the story of two men on a train. One said, "We are approaching Fort Worth" and

## Texans In Washington

By TEX EASLEY

WASHINGTON, March 12 (AP) Rep. Olin E. Teague of Bryan got a brief but concentrated look into naval operations when he witnessed the recent mock in the Caribbean Sea.

An unscheduled thriller was the explosion of a deep bomb close to the submarine in which he was an observer far below the surface. Hailing from an inland central Texas district, with a background of army service in World War II, the six-times wounded combat veteran was invited by Chairman Vinson (D-Ga.) of the House Armed Services Committee to view the Caribbean maneuvers.

"As a member of Congress who must pass on legislation affecting every arm of service," he said, "I believe it a duty to know something of the working of all branches of our fighting forces."

"The Congress wants to provide adequate national defense, but I share the opinion of many members who are carefully checking large requests to see that we get a dollar's worth of defense for 1950 is over 14 billion dollars, the largest single item in the money bills to finance our government."

Teague flew from here to Key West, Fla. where a full day was devoted to intensive briefing on the latest methods of offensive and defensive sea warfare. Then they headed out to sea aboard one of the latest German-type Snorkel submarines.

"It's as long as a football field," said Teague.

"It is equipped to stay under the surface for days at a time."

At one stage in the war games a destroyer was hard on the chase of the submarine on which he was aboard. They were many fathoms down they heard the distant whoomph of an exploding depth charge.

"Then there were more, which I knew were closer than had been figured on," continued Teague.

"Everyone was getting a little jittery, when one went off so close the whole submarine shuddered. Some lights went out and dishes broke."

"We were sweating there a few minutes. We got an unnecessary scare once when a youngster operating one of the detector devices called out over the public address system that a destroyer was passing directly over us. It turned out to be a mistake."

Teague said he was distressed to encounter considerable evidence of hostile feeling among branches of the armed forces, notwithstanding the moves toward unification.

At the request of Rep. Lindley Beckworth of Gladewater the Agriculture Department plans to send a scientist to the rice growing Tyler area in May or June to study disease of the plant. Dr. D. L. Gill, pathologist at Spring Hill, Ala. now working on an azalea disease, will make the study.

## The Low Down From Hickory Grove

Teaching grandma and grandpa how to play and romp, and teaching the small-fry the scientific approach to "go-sheep-go," is now Big Business. Yep. We just had a convention in our town of the recreation folks from far and wide and pardner, it woke me up. Talk about what is or is not big business, it is not steel, or the railroads or the banks—it is Recreation. Folks poured in by the hundreds—from 130 public recreation budget for just our own county here, is 46,000 bucks—and there are around 3000 other counties in the U. S. A., with "play" budget. Not chicken feed.

And with all this recreation expense, look at delinquency—and delinquency is the very thing that a program was to solve.

But for a horse-sense remedy for delinquency, Police Chief Guy Church of Baker, Oregon has it. His town gave him a new law where the parents of a convicted delinquent goes to jail to serve the off-shot's sentence. Easy does it, says the Chief—only 2 reported delinquent complaints since he got his new law.

Prancing mamas and papas—baby sitters—hired community play watchers—no wonder our youth sometimes is brash or gets out of hand. That town again, it is Baker, Oregon.

Yours with the low-down,

JOE SERRA

The forerunner of the Stars and Stripes was the Grand Union Flag. To represent the unity of the 13 Colonies and their hope that reconciliation with Britain still was possible, this banner had on it the British jack and 13 red and white stripes.

The umbrella bird of South America is so named because a large crest, resembling an umbrella, falls forward so far it almost conceals the bird's bill.

## WOMEN WORK TOWARD LIQUOR REPEAL IN TEXAS

By Martha Cole  
Associated Press Staff  
AUSTIN, March 12 (AP)—A new call for the women of Texas to raise against liquor is coming from the state capital.

"Statewide prohibition is coming and it's coming rapidly," Mrs. Claude De Van Watts, state president of the Women's Christian Temperance Union, declared confidently.

Mrs. Watts sat in the library of her Austin home and pointed to the clutter of papers spilling over a table and stacked in boxes in the corners.

"We are in the midst of the greatest petition since repeal. We've sent these petitions by the thousands to every community in Texas asking the women to combat liquor bills before the legislature and to work toward strengthening the laws we have."

"We have had the greatest responses we've ever had. The petitions, with signatures, are pouring back in and will present them to the legislature."

"Abolition of the liquor traffic is coming. I don't know when and I don't know how."

Mrs. Watts said the WCTU had hoped to get seven points through the legislature this session.

"So far we've had only two introduced—making it unlawful to have any liquor container with a broken seal in a car and to deliver liquor within 300 feet from the boundary lines of school, church or eleemosynary institution."

"We hope to get another bill this session prohibiting the sale of liquor in or near filling stations."

The WCTU currently is fighting a bill introduced this session permitting sale of liquor by the drink.

### MOTORS NEED

## Protection, too!

Anti-freeze will protect the radiator... but what about the motor?  
See your Veedol dealer!... get a fresh crankcase full of winter-grade Veedol Motor Oil. It flows fast at all operating temperatures... gives quick easy cold-weather starting... keeps your motor clean, smoother-running and better protected. There's new magic in Veedol... magic that minimizes oxidation... checks formation of harmful, corrosive acids... assures more power, more gas-miles and more winter driving pleasure from your car.

### Teletypewriter, Airborne

Cpl. William A. Allen of Corpus Christi, Tex., sets to work on a new portable teletypewriter after jumping from a C-32 plane with it (and a parachute). The airborne machine, developed especially for use by Army Signal Corps paratroopers, was tested in demonstrations like this at Fort Bragg, N. C.

### 4-H's Enroll In National Frozen Food Program

Believe it or not—Texas boys outnumbered girls 8 to 5 in winning county honors in the 1948 National 4-H Frozen Foods awards program. But the girls will have another chance to get in the lead this year because the Lone Star State will again offer the program according to announcement of the National Committee on Boys and Girls Club Work. Number of sectional awards and amount of scholarships have been increased.

As an incentive for superior records of achievement, International Harvester provides gold-filled medals of honor for county winners and \$50 U. S. Saving Bonds for state champions. Sectional awards of all-expense trips to the 1949 National 4-H Club Congress have been increased from four to six, while the four national Fowler McCormick scholarships have been raised from \$200 to \$300 each.

The 4-H frozen foods program conducted under the direction of the Cooperative Extension Service, is designed to further stimulate interest in farm-home economy. With the help of County Extension agents and local 4-H club leaders, members learn the use of freezing equipment and how frozen foods can add variety to the home-raised food supply. They also develop skill in preparing, packaging and freezing meats, poultry, eggs, fish, fruits, vegetables, baked goods and other dishes.

### Manufacture Of Texas Dairy Products

AUSTIN, March 12—Texas dairy manufacturing in January 1949 rose 7 per cent over January 1948 figures to 34,381,000 lbs. of milk equivalent, the University of Texas Bureau of Business Research reported.

Creamery butter production gained 26 per cent from January 1948 while the manufacture of ice cream and American cheese dropped 20 and 13 per cent, respectively.

Declines from the previous month in the manufacture of ice cream and other dairy products counterbalanced an 11 per cent climb in creamery butter and a 13 per cent jump in American cheese output. The over-all decrease from December was 2 per cent.

The Bureau's seasonally adjusted index of dairy manufactured products slipped 2 per cent from December to 65 per cent of the prewar (1935-39) base period.

### Where's My Mom?

While her mother goes through customs, little Irma Rukseniene, 3, one of 467 displaced persons arriving in New York aboard the SS Marine Jumper, gets a hand-out from Red Cross canteen worker Mrs. Ely Worthman. Irma and her mother are from Kaunas, Lithuania, and will live with relatives in Naugatuck, Conn.

### More Windbreaks In Texas

COLLEGE STATION, March 12 A windbreak to protect the flowers and shrubs about the home-steads is needed in every county in the state.

That's the advice from Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College, who explains that the destructive mechanical action of the wind often mars the beauty of shrubs by spoiling their shapes and destroying the blooms.

Besides this, tender plants are hindered in growth or may be killed by the wind. Unless there's a natural windbreak to protect the farm home-stead, planting one is the logical first step in landscaping a home says Miss Hatfield. It will pay special dividends by breaking the force of the wind and modifying the temperature.

There is a combination of trees and shrubs that are well adapted for use in windbreaks, says Miss Hatfield. Among those which have been successfully planted for this purpose are desert willow, tamarix or salt cedars, native pine, western willow pine, red cedar and Arizona cypress. The landscape gardening specialist points out that the plants native to the locality are good ones to use for windbreaks.

In areas free of root rot, the Chinese elm is a strong favorite because of its rapid growth. All plantings should include several varieties of trees, because it's not a good idea to depend on just one variety.

Where root rot is found black walnut, cedar, elm, red cedar and, Chinese pistacia are often grown for windbreaks because of their resistance to this disease, says Miss Hatfield.

### BIBLE COMMENT FOR MARCH 20

### Jesus, the Teacher, Combined Guidance With Experience

JESUS was a great Teacher, though He conducted no school in the ordinary sense of that word. A famous adage described the ideal college as a log with Mark Hopkins, eminent college president, at one end and a student at the other. That conception would be very inadequate in our day of great scientific laboratories and observatories, equipped with extensive equipment. But it stressed necessary quality of all true education, no matter on what a scale, or how complicated it becomes. That is the fact that knowledge must become personalized.

The school of Jesus had that basic quality. It was mostly a school in the out-of-doors, a school of companionship and personal contacts, a school in which the teacher taught by constant example and in which He encouraged every success in emulating that example. It was a school, too, in which the Teacher had infinite patience, as every true teacher must have.

But it was a school of strict discipline and high standards as well. Poor pupils, even in a good school, may be content just to pass or "get by," but Jesus had called His disciples for higher purposes. They needed training. The late Dr. A. B. Bruce, an eminent Scottish churchman, wrote a book on what he called "The Training of the Twelve."

What was the teaching and training that the Twelve received from Jesus? I have said that it was teaching and training by example. Jesus said, first of all, "Follow me." He said "Go," only when He had shown the way.

The school of Jesus was like some of the schools of today in which knowledge and guidance are combined with experience and practice. Jesus sent the disciples in His school out into the villages, two by two, to practice what they had learned, and to proclaim what they had heard.

A good school is judged by its results and its product. What a school, then, was that of Jesus, in which humble men became Apostles and spiritual world conquerors!

### Economic Highlights

Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual National and International Problem Inseparable from Local Welfare.

Just how strong is the Russian economy by comparison with that of the United States? Just how successful have the Communist leaders been in restoring their basic industry after the strains and ravages of a long war?

These are questions of the highest importance. Russia's capacity to fight again, regardless of how her armies and air force may be, will be largely determined by her industrial potential—military power burns out swiftly unless there is an unbroken stream of supplies to feed it.

U. S. News & World Report dealt with the Soviet Union's economic situation in a recent article whose first paragraph said: "Russia is continuing to lead from weakness, not from strength, in her challenge to nations of the West. This fact is shown by the condition of Russian industry and agriculture at this time."

The magazine backed that up with a series of revealing statistics. First of all, Russia's postwar industrial comeback has been relatively slow. The output of her factories is still 6 percent below the 1940 level. US production, by contrast, is now 54 per cent above Britain is also exceeding the prewar figure, though by a much smaller percentage.

When a direct industry-by-industry comparison is made with this country, Russia's inferiority is striking. She now produces 10 per cent as much oil as we do, 18.5 per cent as much electric power, 23 per cent as much steel, and 31 per cent as much coal—all basic products which have a direct bearing on her entire economy. She produces only 3.2 per cent as many trucks and cars, though she is now making strenuous efforts to build up her motor industry. To take examples of vital consumer goods, she produces 39 per cent as many leather shoes and 35 per cent as many cotton and woolen articles. The advantage in our favor is even more evident when it is remembered that Russia has a considerably larger population.

In its summing up, News observes: "Russia, today, is not in the same league with the United States. American production, however, is geared to consumers while Russia is concentrating everything

### CRIME GOES TO COURT

MEMPHIS, Tenn. (AP)—Judge William J. Bacon thought he had disposed of all his criminal cases for the day. But when he returned to his office from the courtroom he found he was wrong. Somebody had stolen his overcoat.

Mr. and Mrs. Fred Smith spent past weekend fishing at Lake Nesworthy near San Angelo. They were accompanied by Roy Collins of Lubbock, and Mr. and Mrs. Wendell Smith of Plainview. They visited in the home of Mrs. Fred Smith's sister, Mr. Bob McKinley at San Angelo.

Claud Hester one of those progressive farmers from Brownfield's northside territory, was attending to business in the city Friday. While here he checked up on his subscription to the Herald—got it coming for some long time.

on expanding industry. A slowdown in U. S. industrial expansion may enable Russia to narrow the gap." So, while our industrial advantages over Russia is enormous at present, we are not in a position to believe it can safely be maintained without continued development on our part.

There is some speculation to the effect that Stalin's periodic "peace overtures" may be designed to conciliate public sentiment in the Western world, while Russia strives to bring her industrial output nearer to desired levels.

The NEW  
**54**  
COTTON PLANTING SEED  
NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- **EARLY MATURITY**  
Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
- **HIGH YIELD**  
In this same test, "54" was third among all varieties in yield per acre.
- **BETTER STAPLE**  
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- **TESTED FOR DRY LAND**  
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"  
Sold through your ginster, your seed dealer, all branches of the Western Cottonseed Co., and at Lockview Farm, Plainview, Texas.

## Farm Cash Income Falls From 1948

AUSTIN, March 12—Texas farm cash income totaled \$60,406,000 in January 1949, falling 36 per cent from December and 30 per cent from a year earlier, the University of Texas Bureau of Business Research reported.

Cattle was the greatest source of income in January 1949, bringing Texas farmers \$14,667,000. Income from milk products totaled 10,464,000, and sales of fruits and vegetables amounted to \$5,784,000. Gains over December 1948 were turned in by two crop-reporting districts. Farm income in the Lower Rio Grande Valley stepped up 39 per cent, and it was up 9 per cent in the Northern High Plains District. On the other hand, monthly declines ranging from 25 per cent in the Southern Texas Prairies to 60 per cent in the Southern High Plains were turned in by other districts.

Farm income was below January 1948 levels in all crop-reporting districts. Declines varied from 13 per cent in the Southern Texas Prairies to 65 per cent in the Southern High Plains. The highest dollar income for January was recorded by farmers in the Northern High Plains, \$8,848,000. For second place, Black and Grand Prairies' income from sales of farm products reached \$8,118,000; and Southern High Plains turned in \$6,574,000. After adjustment for seasonal variation, the Bureau's index of farm cash income fell to 211 per cent of the prewar (1935-39) base period from 337 in December and 310 in January 1948.

Paul Revere the silversmith and patriot died in 1818.

## Honored for Safety

General Motors is the first industrial organization in the United States to win for the fifth time the National Safety Council's highest award—the award of merit for distinguished service to safety. GM employees won the honor for having the outstanding safety record in industry and for reducing the number of accidents in GM plants in 1948 by 25 per cent over 1947. Harlow H. Curtice, executive vice-president of General Motors (left) receives the award from Ned H. Dearborn, president of the National Safety Council.

### Pecan Research Plant To Be Continued

Texas pecan growers have a stake in the pending Agriculture Department appropriation bill. The bureau of entomology now operates a pecan research station at Brownwood, but has ordered it closed as an economy measure. Reps. Clark Fisher of San Angelo and Homer Thornberry of Austin and Omar Burleson of Anson went before a House Agriculture subcommittee studying the bill and urged that money be earmarked for continuing the Texas laboratory. The city of Brownwood furnishes space to the government, and research into ways of combating and preventing pecan diseases is valuable to growers far out of proportion to the mere \$8,000 yearly it costs to operate the station, said Fisher.

The Texas plentiful foods list for March includes eggs, cheese, dry beans, onions, cabbage, potatoes, carrots, evaporated milk, butter, prunes and raisins.

Boys 4-H Club enrollment for Texas reaches an all-time high in 1948 with 42,763 boys enrolled in the program. By way of comparison, only 24,900 were enrolled in 1938.

If a child annoys, quiet him by brushing his hair, says one psychologist. Why not the other side of the brush to the other end of the child?

## Lubbock To Entertain Teachers

LUBBOCK, March 12—Approximately 2,500 teachers and administrators of public schools in Texas Districts IV of the West Texas Teachers association have pre-registered for attendance at the annual spring conference March 17 and 18 in Lubbock.

Dr. Doyle D. Jackson, professor of education at Texas Technological college and president of the 1949 conference, said the theme of the meeting, "Education as a Joint Enterprise", will be presented in a number of section meetings and general sessions. Opportunity for study of individuals school problems will be possible in group meetings.

Other conference officers are: W. A. Miller, Odessa, vice president; D. A. Edwards, Crosbyton, treasurer; Mrs. W. O. Low, Big Spring, secretary; I. T. Graves, Floydada, membership chairman; and Floyd Honey, Lubbock, retiring president.

## Tennessean Didn't Savvy The Angola

Hailing from a big goat raising well as pecan producing section of West Texas, Fisher tells this joke on himself:

Early this season he introduced a bill authorizing issuance of a postal stamp commemorating the 100th anniversary of the Angola goat industry in the United States. (It all started when the Sultan of Turkey sent over several of the goats as a gift in appreciation for the work of an American scientist seeking to improve Turkish cotton.)

Time was passing and Fisher wanted action on his stamp bill, so he went to see Rep. Tom Murray of Tennessee, head of the committee to which it had been referred. He started off by telling Murray that it would be mighty helpful to him in his district if he would get through a special stamp bill he had introduced.

Murray got the idea, but replied a little too soon. Without waiting for Fisher to identify the particular measure in question, he blurted out:

"You know we just can't pass all the stamp bills. We've got 60 or 10 of them pending in our committee. Why one congressman even introduced a bill to memorialize a goat!"

Two pounds of lead arsenate and three pounds of hydrated lime in 100 gallons of water is recommended for a spray to kill the curculio. Plum and peach trees should be sprayed at the first petal fall.

## Heads Defense

With the resignation of James V. Forrestal becoming effective March 31, the job of secretary of defense has been given to Louis A. Johnson, above. Johnson was assistant secretary of war from 1937 to 1940, and contributed heavily to President Truman's successful 1948 campaign.

### Attention: Burt Hackney, Homer Nelson

AUSTIN March 12 Attention, Folklore Collectors: Bring out your anecdotes, old recipes and songs; the Library of Congress wants them.

The Library, which is collecting typical folklore from each of the 48 states, has asked the University of Texas radio center, Radio House to record Texas folklore for permanent preservation in the Library.

Radio House staff members have already taken equipment into the homes of well-known folklore collectors and made recordings, but they want more material and ask interested persons to write Radio House University of Texas, Austin.

In making a White or Cream Sauce be sure to blend the fat and flour together well before adding the liquid.

## G I QUESTIONS AND ANSWERS

Q Last year I got a GI loan on which Veterans Administration made a 4 percent payment. I would like to know if I have to report the payment made by VA as income in my income tax report?

A No. While this VA payment is not taxable as income of the veteran, the amount of interest thereby paid may be listed by him as a deduction for tax purposes.

Q What is the deadline for starting a course of institutional on-farm training under the Vocational Rehabilitation Act (Public Law 16)?

A You may apply for institutional on-farm training under Public 16 at any time after your

Spring planting season is just around the corner and farm machinery will be on the move again. Check it over carefully and get it in good shape before the work starts. Look for defects in hitches, seats, clutches, wheels, brakes, fuel lines, steering and unguarded gears or shafts.

discharge or separation from the armed services, but in time to complete your training by July 25, 1956.

Q What benefits are available to veterans of World War II living in U. S. territories?

A Ordinarily, all VA benefits available to World War II veterans, their dependents and beneficiaries in the continental United States Foreign Service.

States are also available to them in the U. S. possessions and territories.

Q Can you tell me how Veterans Administration operates in foreign countries?

A The VA administers benefits available to veterans, their dependents and beneficiaries in foreign areas through the United States Foreign Service.

## Old He Gets A Good Farm Meal

We had heard rumors that Mrs. A. C. Oliver knew her stuff about the kitchen, and that A. C. himself, was a good provider of the wherewithal to prepare a nourishing meal. So, the Old He and wife made no excuses, in fact we may have seemed a bit anxious when invited out there last Sunday for the noon meal.

The report was just about half true. Our expectations were just about half shy. Before the call came for dinner, the aroma from toward the kitchen was sublime, and our appetite was in prime order. There was 'taters, beans, peas, salads, baked chicken and dressing, and to this individual, best of all a heaping dish of good old home cured ham and a bowl of red streaked gravy. There was a perculator of some of the best Java you ever popped your lips over. And such cornbread! We did justice to the meal.

Following the meal, smokes were in order, and a visit to see the spotted poland china sow and her family of eight pigs. Then there was the cow, a good one, and one saddled horse. The Oliver farm is tractorized. A 350 pound shoat was in fine order, and is supposed to go into the locker this week as fresh pork and more cured ham. Let's see, its hams should be ready by about May 1. We'll hint for an invitation about that time.

By the way, we found out a lot more about that chiseling out there. We had noticed the farms torn up considerably going out. Mr. Oliver, like most of us old timers calls the operation subsoiling. He chiseled the middle of the last years rows before bedding, and said if he had time he was going to chisel the middle between this years beds. He said this made the land hold all the moisture that fell right where it falls.

Our cousin and Mr. and Mrs. Oliver's son-in-law Phillip Rogers, was a bit ill and were not at the farm homestead, so we drove by, and found he was up and he and wife were engaged in a fast domino game with her brother, J. D. and wife. Both Rogers kids were feeling find, as well as Faybelle.

## A Short Stop By The Forest Hill Farm

After leaving the Olivers Sunday afternoon, we decided to stop for a short call on Dr. and Mrs. John R. Turner at the Forest Hill Farm. Yep, that's what it is to be called. It is on a hill, if a sharp rise on the plains can be designated as a hill. Then there is a forest of oaks out there, like those at the Magnolia Camp here on the Lubbock road. Only the Turner grover is much larger in area, and the trees are larger.

As they just got moved in from North Carolina recently where he was County Health officer last year, they have not had time to get everything in apple pie order, but give them time. Farmer Turner has a section of land out there, and he's getting livestock and poultry, including guineas on the place. We were invited out some time to spend the night and hear the rooster crow and the guineas potter-rack.

By the way, they picked up some real antique furniture while back there. They have a real mahogany rocking chair they found in a second hand store. It has genuine leather upholstery, and a high hand carved back. The figures are British lions, and it is believed to have been carved while the USA was a colony, as after we became a nation, the people were not allowed to make anything suggesting English thoughts.

The doctor was pottering around the poultry house when we arrived, giving the appearance of a real country Esquire.

## Why Smaller Towns Are Getting Dial Telephones

While over from Hobbs, N. M., yast week, Mills Roberts, district manager of the Southwestern Associated Telephone Co., called on the Herald. Mr. Roberts at one time lived here, before the district offices were moved to Hobbs, and of course we had quite a conversation.

One thing we wanted the low down on was why towns like Ropes

## COTTON MAID WEARS GLAMOROUS COTTON COLLECTION

1949 Maid of Cotton Sue Howell wears a striking cotton velvet dress from her fabulous cotton fashion collection. This frock is designed by Cecil Chapman in fabric by Juillard.

Here is the official National Cotton Council portrait of the 1949 Maid of Cotton, brown-eyed Sue Howell of Bakersfield, Calif. The pretty Maid is now in the midst of her glamorous international tour as the cotton industry's fashion and goodwill ambassador. As King Cotton's official representative, she will visit more than 35 major cities in the United States, England, and France. On her tour the Maid wears a beautiful collection of cotton costumes created especially for her by 30 of the nation's top designers.

Miss Sue Howell, 1949 Maid of Cotton, is pretty as a picture in a smart terrace dress designed in Everfast printed cotton by Frances Sider for summer dining and dancing.

and Meadow, for instance, had dial system telephones, while Brownfield, Tahoka and Levelland still had the "central switchboard system." It is just a matter of economy, says Mills. It would not pay to have the exchanges at Ropes and Meadow manned or rather "gilded." Too expensive, so Ropes and Meadow subscribers are cut into the Brownfield exchange switch board.

We also mention about the general headquarters being recently moved from Lubbock to Dallas. Mr. Roberts stated that was a move made too soon, as a lot of them had to return to Lubbock, the building they were to occupy not being finished in Dallas, and want be for some time.

He stated that part of the general offices would remain in Lubbock. Just part of the business being moved to Big D.

## Measles, Chickenpox Should Be Watched

AUSTIN.—Measles and chickenpox have been widespread throughout the State during the past few weeks, and in the week ending March 5th, measles reached a total number of cases, 3909, that was the second highest in history. Chickenpox was almost twice the seven year median, and Dr. Geo. W. Cox, State Health Officer has stated that there is an unusual number of adults suffering from this so called 'childhood' disease.

"Both these diseases are extremely contagious," Dr. Cox said, "and the strictest isolation and sanitation precautions are necessary to halt their spread. Dishes, toys, towels, or anything that has been around the patient can carry the germs to other members of the household, and all such articles should be thoroughly disinfected before being handled by others susceptible to these disease."

The State Health Officers recommended that a physician be called immediately when a child shows beginning symptoms of chickenpox or measles, and that his advice be followed implicitly until complete recovery. Dangerous complications often accompany or follow measles, and a child may have his entire future health endangered unless he receives competent care during his illness.

"It is not advisable to treat these childhood diseases too lightly," Dr. Cox said. "They are sometimes responsible for nothing more than a few days discomfort, but we cannot count on that. They should be taken seriously, and receive a competent doctor's supervision and attention."

## Want A Job At Carlsbad Caverns?

A job at the Cavern will pay from \$2799 to \$3024 per year, according to US Dept. Interior, National Park Service. There will be

## EYE-CATCHER

Demure Dorothy Malone, rising Warner Bros. movie star, looks feminine and fresh in her cotton sun dress. The vivid striped cotton frock and the radiant young actress make an eye-catching combination.

Mrs. Allen Winningham is in Temple, Texas where she underwent a major operation Monday, and later reports indicate she is doing nicely.

no written tests in the examination according to our information. Your possibility of a job will be based on experience and education.

But your application must be in by March 21. Better contact the Secretary of the Board of US Civil Service Examiners at the Brownfield Postoffice. They will be glad to give you all the information you need to know.

## STRICKLINLY SPEAKING

It is reported to us that an Oklahoma professor says the worm in an apple has a higher vitamin content than the apple. Well, the Phd. can have his worm; we will take the apple.

The reason given why American scientists and inventors rate so high is environment. They feel free to devote themselves to their tasks; to be rewarded when the job is complete.

We are sometimes glad we are not pretty. We're afraid we'd worry too much about what each year would take away from us.

Up no'th somewhere the past few days, a bunch of religionists have popped up who refuse to pay income tax, as part of it goes to re-arming our country for possible war. Wonder if they have ever read anything in the New Testament about rendering to Caesar that which is his, and unto God that which is His. Then in another place we are admonished to obey and pray for our rulers. Our rulers say we must be pre-

pared.

Over in socialist England, if you sell an onion which is less than 1 3-4 inches in diameter, you are liable to a fine and imprisonment. They have a number of other laws just as foolish.

Let's strive to keep our nation free of such tomfoolery. Foresight, is cheaper than hindsight.

When "free enterprise" is mentioned, the so-called liberals think only of Wall Street. But divide and just leave "enterprise," and it appears to be OK. All businesses, large or small, operate as an enterprise.

It is said that the girl who laughs loudest at your funny stories is most likely to smack you in the face if you get fresh with her.

There are many ideas and definitions of education. The unlettered are not always ignorant. As a boy we remember that a farmer lived near us who could step around a piece of ground and before the mathematician could get out his paper and pencil, that farmer would have the piece of land accurately reduced to acres.

There's a raft of folks who have attended school very little, but

study something other than meanness or foolishness, and appear to be fairly well educated.

Speaking of education, some one with a flare for figures has handed us this one. The higher the education a girl possesses, the less her chance for marriage. Broken down it adds up like this: The girl with four years of schooling has the best chance to marry; eight years a little worse; to finish high school not so good, and the college girl comes up as a poor fourth.

Reason: The higher the education, the harder the girl is to please. She becomes too choicy.

When housecleaning, work in as comfortable a position as possible. Sit whenever you can, and rest a few minutes in between jobs. Short rest periods keep the worker in better condition and results of housework are likely to be more uniformly good.

Get better commercial printing at the Herald.
