## Cowboys Put Wildcats On The Run 21-8...

By Calvin Smith

SOME REAL ACTION AT WINK

The high-riding Cowboys galloped over 100 miles from home last week to bring home a prize sample of real Hallo ween treat. They brought back also their first road victory of the 1970 campaign. It was homecoming at Wink, but the Ex's were greeted by a gruesome attack that spoiled an otherwise eventful day.

The Wildcats displayed a sparkle that always appears on the homecoming night, but it frayed before the half-time buzzer sounded. Wink held the upper hand until a good drive by the Cowboys, along with a fine punt, set the Cats on their own 24 yard line. The rest of the first quarter was played on the Cat's end of the field. Wink came to life the second quarter by stepping off 3 quick first downs. Guerry Randall stopped the drive by rip-

ping the ball from the cat halfback on his trip around the end. From the looks of the hand-off, one of them would make a good quarterback. This needed spark, which the defense always comes up with, boosted the offense. Five plays later, Gary Livesay galloped 45 yards for paydirt. Super knat slipped on the extra point, leaving the score 6-0, with 4 minutes left in the half. Tony Chandler witnessed the hair raising tackle made by Randall earlier in the game and undoubtedly decided that was the best way to get results. On the second play from the line of scrimmage, he walloped a Cat or two and covered the ball on the Wink 37. Facing a fourth and inches situation, signal caller Toey Lowe dug out about an inch more than was needed, but that was

all that was needed. On the next play, Gary Livesay went right up the middle untouched for six points. He took the extra point in the same way, leaving the score 14-0, with :47 left.

After half-time festivities, the Cowboys continued to make Cat A Le Mode for trick-or-treat time. The Cowboys had to punt after three plays, but David Barnett made use of the situation by hot footing down the field in time to watch the ball trickle from the punt-returner's hands into his own. The Cowboys marched 28 yards in six plays. Livesay capped the drive by running 30 yards to attain 6 without being dumped. It worked and the Cowboys led 20 to 0. Super-knat toes the mark for his point and upped the tally 21-0. At this point, the Cow-

boys went to the air. Lowe and Beal got the call for launching privileges and both did an outstanding job. I would say the best aerial attack of the year as far as percentage of hits and the accuracy with which they were delivered. In the fourth quarter, the two high school bands pretty much summed up the overall picture. The Wildcats band struck with a tune called, "Dream, Dream, Dream" and the Cowboy band boomed back with a zippy melody known to many as "Mission Impossible." The cats did manage a touch down with 4:55 remaining. A pass play gave them two more points, making the score 21-8. The Cowboys weren't through yet as they worked down to the Wink 6 yard line. An interception with :20 remaining stopped the drive, and that's

the way it ended. The Cowboys get a chance to knock off one of the teams sharing the lead for the 5-A crown tomorrow night, the Cooper Pirates are undefeated in district play. They have Seagraves at their home field for their last game. Should the Cowboys knock them off, they would have more incentive to knock off Seagraves. This is only one in a thousand ways to look at the situation, but who really knows? Cooper and Seagraves have two more district games, each. Plains will wrap up their district race against Cooper, and then let nature take its course. Let's all be sure to be at Cowboy Stadium tomorrow night and yell for the Cowboys as they take to the seas and scuttle a few Pirate ships, to bring home a piece of the 5-A treasure.

### P.O. Patrons Reminded of Mail Deadlines

Plains Postmaster, Jack Hayes, has reminded local patrons of mailing deadlines that have been set for sending Christmas parcels to military service personnel. Surface mail to the armed Forces has a November 6th deadline for parcels and a November 12th deadline for mailing greeting cards. The U. S. Postal authorities have set November 20th as the latest mailing date for parcels to be sent overseas by Space Available Mail (SAM). This

means mail sent by common carrier to the APO address, then from there by air. Parcels Airline (PAL) Christmas mailing deadline is November 27th. Regular airmail parcels and greeting cards should go out not later than December 11 for Christmas delivery, Postmaster Hayes pointed out. Zip Codes should be placed on all mail, he said. Further information can be had at the Plains Post Office, for the poundage, etc.

### County Judge & County Commissioners Attend Meeting

County Judge Gene H. Bennett, County Commissioners, Johnnie Fitzgerald, Raymond Bookout, Vance W. Brown, and H. C. Cotton attended the County Judges and Commissioners meeting held in Galveston Thursday and Friday. Many of the new laws were discussed pertaining to the Commissioners' Courts of all Texas Counties and a review of many of the old laws.

By attending these meetings that are prepared especially for the County Judges and Commissioners, many problems are solved. Wednesday, E. L. Short, State Representative is having a meeting of the Judges and Commissioners of his district in Lamesa, beginning at 10 a. m. The meeting is especially for studying the duties of the Commissioners Court.

### New Xmas. Decorations for Plains

Through the efforts of the Plains Chamber of Commerce, the City of Plains will have a new and more exhilarating appearance this Christmas season. The Chamber of Commerce started their voting moving when they voted to contribute \$250.00 towards the purchase of new decorations several weeks ago. The Plains Lions Club gave impetus to the much needed improvement by agreeing to augment the purchase with a like amount.

A report from the purchasing committee of the Chamber of Commerce at their Wednesday morning meeting revealed that new decorations have been acquired. Johnnie Fitzgerald, chairman of the decorations committee reported that pole decorations will consist of a large lighted bow at the top, with gold, red, and green streamers. In addition to these will be a lighted decor extending across the main thoroughfare in the vicinity of the postoffice.

The Chamber also elected to hold a contest again this year for the best home Christmas decorations. Homes both within the city and rural areas are eligible for this contest. However, to be eligible, the owners must register with the Chamber of Commerce Office in Plains. Five prizes will be given: \$25.00 for 1st place; \$15.00 for 2nd place; \$10.00 for 3rd place; \$7.50 for 4th place; and \$5.00 for 5th place. Further information may be obtained by contacting the Plains Chamber of Commerce Office.

### Band Boosters Chili Supper

Eat your supper with us before you go to see the Plains Cowboys play the Cooper Pirates at the Plains School Cafeteria. Hot steaming Chili with all the trimmings, plus fruit cobb-

ler and coffee. Adult tickets - \$1.00 Children's - \$0.50 Also, our fruit cakes are here and ready for sale. Contact a member of the band boosters.

### How Yoakum County Voted on Competitive Officers

UNITED STATES SENATOR	TOTAL VOTES
Lloyd Bentsen	895
George Bush	807
U. S. REPRESENTATIVE-1ST CON. DIST.	
George Mahon	1281
GOVERNOR	
Preston Smith	1123
Paul Eggers	579
LIEUTENANT GOVERNOR	
Ben Barnes	1195
Byron Fullerton	470
ATTORNEY GENERAL	
Crawford C. Martin	1359
Edward M. Yurri	282
COMPTROLLER OF PUBLIC ACCOUNTS	
Robert S. Calvert	1305
S. L. Abbott	325
STATE TREASURER	
Jesse James	1314
Robert F. Koenecke	320
COMMISSIONER OF GENERAL LAND OFFICE	
Bob Armstrong	1289
Harry Trippett	322
COMMISSIONER OF AGRICULTURE	
John C. White	1237
Daniel C. Heath	387

All other offices, both State and County were unopposed in the General Election.

### 4-H Beef Calf Feeding Program

By Leo White

4-H Club Members have a larger number of calves on feed this year than in any previous year. Fifty-five animals are being fed by 32 boys and girls. The animals are almost 2/3rds of the way through the feeding period and some of them have reached a stage where they do not need to be any fatter. The next three months can be used to get the animals shaped up and well trained. Daily exercise along with plenty of grooming and handling will get the animals prepared for the show ring.

The November weigh day is going to be an important one for all beef calf feeders. The third Saturday of each month has been the regular time for beef calf weigh days. This month, the third Saturday falls on November 21st and it is an all-day weigh day. A grooming demonstration will be given in addition to practice grooming and practice showing.

Those who are in the 4-H calf feeding program this year are: Debbie Addison, Bill Anderson, Keith Beck, Steve Beck, Glenn Boomer, Tommy Guy Box, Mac Campbell, Penny Campbell, Donna Jo Cheatham, Dale Cleveland, Brad Crump, Paula Crump, Terry Crawford, Randy Crawford, Marvin Dearing, Melvin Dearing, Gwen Fitzgerald, Lynne Fitzgerald, Johnna Gail Fitzgerald, Brenda Hobbs, Diann Hobbs, Marvin Hobbs, Clay Lindsey, Matt Lindsey, Donna Long, Kathleen McGinty, Melinda Millsap, Melonie Millsap, Mylone Millsap, Jodie Sims, Russell Sherill and Kay Stephens.

Of the fifty-five calves on feed, fifty-two of them will be eligible for the county Show in February. There are always a few animals that do not get heavy enough for the show but 4-H adult leaders in the beef calf feeding program are expecting to get to the show with fifty head. The two vocational agriculture teachers in the county have indicated that they will likely have twelve calves in the show. This will bring the total to sixty-two head which will make it necessary to have four classes.

### Livestock Sales

### in Lovington

The second annual sale of the Southwest Angus Association will be held at the Lea County Livestock Auction barn, South of Lovington, New Mexico, November 12 beginning at 1:00 p. m. Auctioneer for the sale will be Larry Wooten.

The consignment will consist of 44 bulls and 11 females. Catalogues and other information may be secured from Jim Markham, Seminole, Texas; Otis Pruitt, Lovington, or Robert Henard, Associate County Extension agent, at the County Extension office in Lovington. Most of the cattle in the sale will be brought to the sale barn on Wednesday November 11th.

The 18th Annual One Stop Hereford Association Show and sale will be held in Lovington, New Mexico, on November 19th at the Lea County Fair Grounds, according to Robert Henard, Association County Extension Agent, with the New Mexico State University Extension Service. The Show will start at 9:00 a. m. and the sale at 12:30 p. m. Judge for the show will be Doyle Ponder Hamlin, Texas and auctioneer will be Walter Britten. The consignment consists of bred and open heifers and pens of bulls, and single lots of bulls. Most of the bulls will be service age bulls. Cattle are consigned from some of the leading herds in New Mexico and West Texas.

Catalogues and other information about the show and sale may be obtained by contacting Robert Henard at the County Extension Office in Lovington.

### Senior Citizen's Day In Plains

November the 9th has been designated as Senior Citizens' Day in Plains, Texas. The Tsa Mo Ga Study Club has planned a salad supper in their honor. Following the Supper, an Exhibit of Works of Art by the Senior Citizens and Club members will be presented.

All senior Citizens are invited to be present at the Tsa Mo Ga Building at 7:00 p. m. on Monday, November 9th when the Methodist Church Bell will ring the Dinner hour in acknowledging Senior Citizens' Day.

### Interest on Debt:

### A Growing Federal Cost

The Federal government has to pay interest on its debts just as any individual who borrows money. But the government unlike private borrowers, seem content to carry this debt --- and to add to it --- as long as it can pay the interest costs.

Last year, interest on the national debt cost taxpayers \$19,256,821,000.00 one of the biggest single items in the budget, the Chamber of Commerce of the United States Points out.

This interest is the equivalent of the combined incomes of 2,231,000 average American families.

If the government were not obligated to pay this cost, it could reduce the average family federal income tax \$294. With the money spent on interest, the government could have:

- Bought \$20,000 homes for 963,000 families, enough to house the combined population of Detroit and Houston.
- Paid weekly wages of more than \$122 to over three million unemployed workers for the entire year.
- More than doubled funds

spent for the War on Poverty, Office of Education, Narcotics Bureau, Air pollution control, public assistance and housing, and urban renewal and environmental control.

The \$19.2 billion is more than it cost to run our Federal Government for the first 117 years of our history. And the \$3.5 billion increase last year is more than the total Federal Budget for any single year until 1918.

This burgeoning cost is not only money which could be put to better use; its continuing growth feeds the flames of inflation that burn away the value of our dollar.

This spiraling climb will stop only when the public demands it, the National Chamber feels; When the voters show it's not smart politics to spend and spend, without paying for it as we go.

Taxpayers should insist their lawmakers put an end to this growing spending and increasing debt, and start using fiscal common sense when they vote on future spending proposals.

### H. D. Council Meets

The Yoakum County H.D. Council met Monday at 1:30 p. m. in the club room in the old courthouse for a regular meeting. Mrs. Robert Chambliss, president, presided, Mrs. Roy Perkins, Secretary, ready the minutes and called the roll.

All 4 H.D. Clubs reported. Officers were elected as follows: Mrs. Robert Chambliss Chairman; Mrs. John Dale Curtis, vice chairman; Mrs. Tom Box, reporter; Mrs. Bill Anderson, Parliamentarian. Plans were completed for a foreign food luncheon that is to be cooked by a student from Lebanon, Thursday, November 5th. He is a student in South Plains College. Other special guests will be Mr. & Mrs. Masso of Brownfield, who are also from Lebanon, and Mr. & Mrs. Jack Rallsback of Levelland.

Plans were also made for the annual Christmas Party December 1st at 1:30 p. m. in the home of Mrs. Rowe Stephens. All the club members are invited.

Mrs. Roy Perkins and Mrs. Robert Chambliss gave their delegate reports to the state meeting in Galveston.

The meeting adjourned at 3:15 p. m.

### Yoakum County Local Unit

Mr. Leon Douglas, a representative of the Texas State Teachers Association, is scheduled to speak to the Yoakum County Local Unit of the Texas State Teachers Association on November 9, 1970, at 7:30 p. m. in the Plains High School Auditorium. Mr. Douglas's subject will be "Proposed Legislative Program of the Texas State Teachers Association."

Leon Douglas attended West Texas State College where he received his bachelor's degree and master's degree in education. Before joining the staff of the Texas State Teachers Association, Mr. Douglas served as a classroom teacher in junior and senior high school, assistant high school principal and as a high school principal. He has held virtually all offices in local association work along with being active on the district level. He is well acquainted with organizational

duties and activities involved in professional association work. He holds membership in the following educational organizations: Texas Association of Secondary School Principals, Texas Association of School Administrators, National Education Association, National Education Field Service Association and the Texas State Teachers Association.

In addition to professional activities, he is also active in church and civic affairs.

He and his wife have one daughter and one son.

Miss Sue Parker of Plains is Vice President of the Yoakum County Local Unit.

### Lea County Quarterhorse Ass'n.

The annual meeting of the Lea County Quarterhorse Association will be held at the Western Grill in Lovington, 6:30 p. m., November 6th, according to Robert Henard, associate county extension agent, with the New Mexico State University Extension Service.

The organization annually sponsors a horse show and in 1969 in cooperation with the Lea County Extension Service and Eastern New Mexico Appaloosa Horse Club sponsored a horse clinic.

Anyone interested in becoming a member of the organization and promoting quarter horses is invited to attend the

meeting and assist in planning activities for 1971.

More information about the organization or its activities may be obtained from Shelby Gilmore, President of the Association, Lovington; Mrs. Marvin Sullins, Secretary of the Association, Hobbs; or Robert Henard at the County Extension Office in Lovington.

## Editorials

The 1970 General Election is over and the returns do not appear to have created any great furor among the citizens of Plains. No one seems to be particularly perturbed at the outcome or at least are not expressing it if they are. The Attitude at this time would appear to be one of general satisfaction or about what was expected.

Voter interest was very nearly equivalent to that of the primary election in the county though there were no county contests in this election.

The greatest interest was shown in the governors' race and the senate race where a total vote count showed 1702 votes cast in each. And though the senate vote was nearly evenly divided, Yoakum County expressed its satisfaction with its Governor with a two to one vote in his favor.

Surprisingly the tax reform amendment drew the greatest interest in the amendment vote where a total of 1663 votes were cast with a 2 to 1 vote of opposition. The vote was most evenly divided on amendment #5 with 742 for and 746 against. The only amendments carrying in Yoakum County were Nos. 1 and 6.

Quail hunters of this area are again favored with a lengthy season and a lucrative bag limit. The season will start November 14th and continues until February 15th with a bag limit of 15 birds per day. This should suffice for the most ardent hunters. For those who hunt for food and eat their kill, the season will be more than ample for even one quail a day soon becomes a bore. All sportsmen should be able in this length of time to get in a few days hunting. Quail are reported to be plentiful in this area this year.

The American people can be terribly shocked but not for long. The attack on the presidential cavalcade soon became just another incident with no apparent effect on California voters. And what about Massachusetts voting Edward Kennedy in again as senator? Can Americans really be shocked?

## Friendly Chats With Faye McConnell

Give a man a fish and he will eat for a day; teach him to fish and he will eat for a lifetime.

Wednesday morning while listening to the election returns, one news commentator made the statement that there were more women voting in the elections than men. This certainly shows the men that if you want something done, place it in the hands of the women. Peculiar, but as I wrote that sentence, I heard the voice of a man say: "Sure, place it in the hands of women if you want to see a good fight by scratching and hair pulling," and my answer is "at least it shows women can do things even if they do pull hair, and that they can do things in a Democratic way just the same as men can." If there is one thing that makes my grey hair turn red is to hear men criticizing their wives. I personally know a few men who can't give their wives one nice compliment.

One day many years ago, I was eating lunch at a cafe where a number of men were lined up on stools and each man telling things their wives did, and I can still hear Mr. E. P. Stanford's reply which was: "Well, I have always said my wife was worth a million dollars if for no other reason than to blame things off on, but that is not the only reason. She may have some faults but my faults are just as great as hers."

I have always loved that man since that day, and even though Mr. & Mrs. Stanford have been dead for a number of years, his words are just as distinct in my memories as they were that day.

The Nation's Business reports, "Campus turmoil has cut deeply into businessmen's enthusiasm for further contributions to colleges." It quotes a number of more or less typical reasons for terminating contributions to colleges and universities. They range from "I will not contribute to irresponsible college administrators or teachers" to "they can burn down all the million-dollar facilities they desire. I just won't pay to rebuild them."

Another man said that he believed that support should be given only to those colleges that teach students "to be better Americans and useful citizens."

These are harsh views coming as they do from business leaders and citizens on whom the U.S. educational system must depend for support, but on the other hand, it may result in the raising of educational standards for the millions of young and serious Americans on whose shoulders will fall the responsibility of becoming tomorrow's leaders.

The difference between gossip is whether you hear it or tell it.

## SUDIE THOMPSON CHDA★ SAYS....

FAKE FUR

Wild, warm fake fur is the target for gib sewing ventures this winter, announces Kay Elmore, Extension clothing specialist at Texas A&M University. To hit the bull's eye in style when sewing fake fur, follow these tips.

Choose a design with few styling details. Eased seams are difficult to handle. Since fake fur is a pile fabric with a nap, check the pattern envelope under "with nap" for yardage requirements. If not listed, add 3/8th to 3/4th yard for cutting pattern pieces one way.

When cutting the fur fabric, eliminate seams wherever possible. For example, if there is a front opening, cut the facing and front center together. Lay pattern pieces on the wrong side of the fabric and have the nap running downward. Cut one layer at a time in deep pile cutting only the backing to avoid cutting the pile. Mark the fur fabric with chalk or tailor's tacks.

Baste seams of the fake fur garment to prevent shifting and stitch in the direction of the pile whenever possible. Long pile yarns may get caught in the seams but can be released by pulling them gently with a pin or needle. If stitching on the pile side of the fabric, keep the pile flat by stitching through transparent cellophane tape.

Buttonholes are difficult to handle on fake fur garments, so another type closure is usually preferred.

Check the label on the end of the fake fur bolt for information about ironing. Some fur fabrics cannot be pressed with heat or steam; finger pressing may then be used. If a velvet ironing board is not available, try a turkish towel or self-fabric placed face up on board with pile side of garment on top. Press lightly with steam iron in direction of the nap. Remaining fur fabric pieces may be used as trim detail on other garments.

## Texas Oil Production

Dallas----Texas Oil Fields have produced more than 32 million barrels of oil during the past 80 years of recorded production, according to the latest compilation of the Texas Mid-Continent Oil and Gas Association.

Last year's production of 1,151,775,000 barrels produced an income of \$3.6 billion for Texas which was distributed widely as 198 of the state's 254 counties produce oil.

Yoakum County, which has had recorded production since 1936, has had a total crude oil output of 547,045,198 barrels up to the beginning of 1970. Yoakum County production in 1969 was 32,811,472 barrels at the rate of 89,894 barrels a day.

Thirty-four counties in the state produced more than 25,000 barrels of oil. Top producers were Andrews with 203,859 barrels a day, Ector with 184,601 barrels daily and Scurry with 133,035 barrels daily.

Gregg County, the only county to produce more than two billion barrels of oil, remained the all-time champ with a cumulative production of 2,195,668,052 followed by Ector with 1,585,815,280, and Rusk with 1,437,128,523.

## Tax Man Sam Sez

You don't ordinarily think of the good tax folks as being marriage counselors. However, thousands of divorced parents end up with an Internal Revenue employee in the middle of their continuing marital difficulties. The problem of who can claim the children of divorced parents continues in spite of Congressional action to settle the cases, help from the courts on trying to get parents to agree who will claim the children as income tax dependents, and IRS efforts to educate the general public. The Internal Revenue Service employees will probably have to continue hoping that the divorced parents may work out the dependency problem without getting them in the middle.

## OBITUARIES

### Services Today For Joe Gordy

DENVER CITY (Special) Services for Joe Gordy Sr., 73, of Denver City, were conducted at 2 p. m., November 4, at Trinity Baptist Church, with the Rev. C. J. McQuillen, pastor, officiating.

Burial was in Denver City, Memorial Park, directed by Singleton Funeral Home.

A resident here since 1953, Gordy died about 9:30 a. m. Monday in a local hospital following an extended illness. He was a retired maintenance worker for Yoakum County and was owner and operator of Gordy Grocery Store here.

Survivors include his wife, Vada; four sons, R. C. of Seabrook, Joe, who is stationed with the U.S. Air Force at Guam, Duard of Venezuela and James of Odessa; six daughters, Mrs. Joannah Smith of Lubbock, Mrs. Juanita Sparkman of Amarillo, Mrs. Evelyn Wilson of Houston, Mrs. Dorothy Address of Denver City, Mrs. Maxine Barton of Andrews and Mrs. Yvonne Chance of Hobbs, N.M.; a brother, Quannah of Bryan; two sisters, Mrs. Rissie Belknap of Weatherford and Mrs. Dicy Smith of Truth Or Consequences, N.M.; 31 grandchildren and six great-grandchildren.

### Rites Held For Area Residents Sister

Mrs. Lena B. Munger, 77 of San Diego, California, passed away Tuesday, October 27th in the hospital there following a heart attack. Her home was at 6754 Fulton St. San Diego.

Mrs. Munger was born Jan. 4th, 1893 in Arkansas. Her husband, Bill Munger, preceded her in death 29 years ago. They lived many years in the Plainview area before moving to California.

Services were held at the Calvary Southern Baptist Church in San Diego. Rev. Eugene A. Slone officiated and burial was in El Camino Memorial Park with Clairmont Mortuary in charge.

Survivors include three daughters, Mrs. Almedia Tucker, Odessa, Mrs. Muel Poloski, San Diego; Mrs. Louise Smith, Dallas, two sons, William B. Munger, Atlanta, Georgia and Steve Munger, Dallas; three sisters, Mrs. Ruth Babb, Beaver, Okla. Mrs. Tom (Lexa) Sims, Bronco, a half sister, Mrs. Dorothy Baskin, Wichita, Kansas; two brothers, Ed Brewster of Sylmar, California, Henry Brewster, Sarcoxie, Missouri; two half-brothers, Audrey Brewster, Bakersfield, California, and Virgil Brewster, Lanton, California, 12 grandchildren and 1 great grandchild. She had a sister-in-law, Mary Bell, and other relatives in the Lubbock area.

Mrs. Sims attended the funeral and all of the brothers and sisters were there but the sister in Kansas.

## COTTON TALKS

Cotton producer income in 1971, 1972 and 1973, as well as the ability of producers to adequately supply the markets for cotton in the U.S. and abroad, is now largely up to the Secretary of Agriculture.

This was the conclusion reached in Dallas October 28 when the Executive officers of the Texas Association of Cotton Producer Organizations met to discuss cotton industry prospects under the cotton program pending in the Senate. There is little doubt that the program will pass and be signed into law by the President.

TACPO has arranged a meeting with USDA officials on November 5 at which the statewide cotton producer group expects to assist the Secretary in forming "Rules and regulations with regard to the new program which will work to the maximum advantage of producers and the industry for both the long and short terms" according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, and TACPO Secretary-Treasurer.

The TACPO group singled out seven issues on which it is felt the Secretary will be required to make critical decisions under the new three year law. "It appears the Secretary has such broad authority on these points that he can either make or break the program. And in so doing, he may either make or break U. S. producers of cotton, wheat and feed grains," Johnson said.

Pointing out that direct price support payment rates under the law will almost certainly be lower than in 1970, Johnson says it is the Secretary's responsibility to administer the program so as to afford producers the maximum opportunity to make up lost income through increased efficiency and improved marketing conditions. Major topics for initial discussion between TACPO and USDA are:

1. The level of non-recourse loans on cotton, together with regulations governing operation of the new variable maturity concept and resale policies of Commodity Credit Corporation. Johnson notes that the loan level for cotton should be no lower than is absolutely necessary to keep cotton competitive, and that data now

being developed appears to "build a pretty good case" for not dropping the loan below the 20.25 cents in effects this year.

2. A definition of "person" as the word applies to the \$55,000 per person payment limitation, we well as the adjustment of acreage set-aside requirements for farmers affected by the limit.

3. Set-aside requirements, including the number of acres to be laid out, the uses that will be permitted of those acres and which acres in skip-row patterns can be counted as set-aside for which crops. On this point, there are strong arguments under cotton's current supply situation for a very minimal set-aside requirement and for permission to plant cotton on set-aside acreage.

4. Guidelines for use by county ASCS committees in determining whether or not cotton acreage will be permitted to move out of the county under sale and lease provisions.

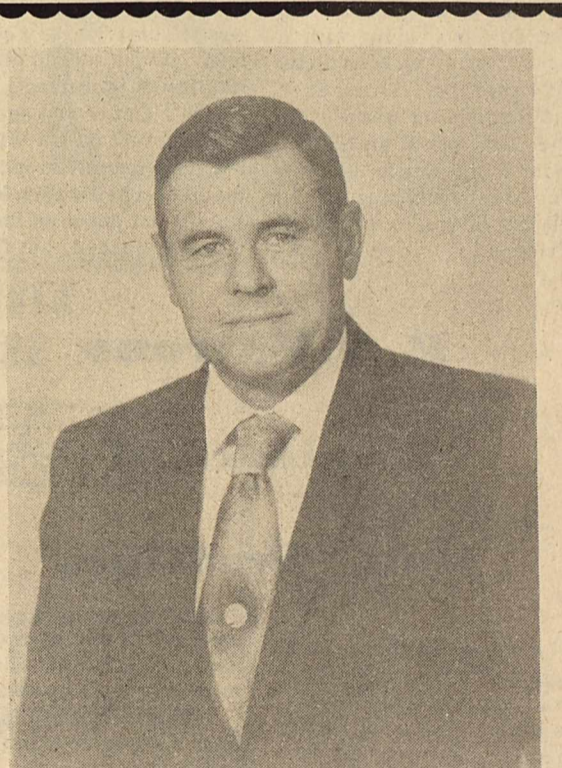

5. Methods which will be in adjusting actual yields for adverse weather conditions and other factors in the establishment of yields for payment purposes.

6. The possible need for revision of the present system of spot market price quotations in view of the added significance of these quotations under the new program.

7. Regulations pertaining to the assurance of and the "how and when" of funding for the newly provided market development fund of \$10 million per year. The law says that this amount will be provided by CCC from funds saved by reason of individual payment limitations.

The idea for this latter provision originated with PGC on the Plains and was vigorously supported by the six member organizations of TACPO throughout some 18 months of legislative deliveries.

Johnson concluded by saying "There are many new features in the upcoming program with which no one has any past experience. And we are hopeful that producer groups, the industry and USDA officials can work closely together in making the program as beneficial as possible to cotton producers and to agriculture in general."

E. L. SHORT

Although I had no opponent, I sincerely thank you for your vote last Tuesday.

I am very devoted to the duties and work of the office as your State Representative and encourage you to share with me your thoughts concerning good government.

PLAINS REVIEW

"... though your sins be as scarlet they shall be as white as snow..."  
Isaiah 1:18

In this moment, we are Christ-consciousness. In this moment, we are aligned with cosmic law, and all the power of the Godhead is flowing through us to "forgive us our debts as we forgive our debtors." Let us hold steadfastly to this Christhood. "Go and sin no more." It makes no difference how scarlet our sins were a moment ago, if, in this moment we realize the Christ - Christ as omnipotence, Christ as our individual being, Christ as the only power unto our experience. Then we are children of God, then are we aligned with the cosmic power, and all the forces of the world unite to uphold us, support us sustain us, and maintain us.

"Neither do I condemn thee but go and sin no more." This is our moment of repentance. "Turn ye and live." This is our moment of accepting Christ; this is the moment in which we acknowledge that no longer will we indulge in resentment or revenge, or retaliation. In this moment we stand in our own Christhood, and it will work through our body to raise it up, to resurrect it, to redeem it, to spiritualize it, so that even this body becomes the temple of the living God and not just as carnal or a mortal body. This carnal body is translated into its spiritual reality - but only in a moment of Christhood.

Yesterday - that is gone. Our old days - they are gone. Our animosities, jealousies, bickering, retaliations, judgment of others and gossiping - what about them? Under ordinary circumstances, they represent only human ignorance; but what happens when these are indulged in by those who have acknowledged the Christ? Then it becomes spiritual wickedness in high places. If a person has accepted the Christ - has put on the robe and has adopted Christhood - and then goes back to the indulgence of these human errors, from Him a double penalty is exacted because he understands the law and knowingly has violated it. He, then, is sinning consciously and not ignorantly. The only final word is, "Go and sin no more."

Miss Gail Carr of Girard, Texas spent the weekend with Toni Perkins, Mr. & Mrs. Roy Perkins and Brenda.

Royce and Betty Trout & Tom Sims took Mrs. Tom Sims to Amarillo, Wednesday to meet her brother and wife and two sisters to go to San Diego, California to an older sister's funeral there Saturday. The sister was Mrs. Lena B. Munger. The group returned home Sunday night.

Melinda Millsap has been ill since Friday and is still on the sick list.

Mr. & Mrs. Royce Trout and Rhonda, Mrs. Roy Perkins and Brenda, Mrs. Dunk Brian and Mr. & Mrs. Dick Carothers, Cindy and Carol all attended Parents Day at South Plains College in Levelland Saturday.

Mrs. Tom Box and Tommy Guy, Mrs. Lee Roy Box, Lebeth and Kimberly were in Lubbock Saturday.

Dale Cleveland is recovering from leg surgery from falling on a metal panel and tearing his leg.

### Veterans Administration

Jack Coker, Director of the Veterans Administration Regional Office in Waco, today reported a gain of almost 90 percent in the number of veterans who took police, fireman and other "protective service" training under the GI Bill during the past fiscal year.

The increase, from \$14,000 to 26,000 covered veterans who studied courses relating to positions such as sheriff and fish and game wardens, as well as policeman and firemen.

He cited the following totals for fiscal 1970: Firemen - 3,300, policemen 11,500, sheriffs 600, and 3,800 college-

level. There were 7,000 below college level trainees in related programs.

Coker urged veterans interested in police and fireman positions to apply at their local fire and police departments.

He pointed out, however, that personnel who have already qualified as policemen and firemen are not eligible.

Coker advised police and fire departments interested in setting up on-the-job training programs to ask their nearest VA office for a model training program circular--DVB Circular 21-68-14 for police departments, and DVB Circular 21-68-22 for fire departments.

### Agricultural Briefs

DEVELOPMENTS IN PEACH BREEDING-- New low chilling

DEVELOPMENTS IN PEACH BREEDING--New low chilling requirements of peach varieties now being released by peach breeders should make peach production possible deep in

South Texas and other southern areas of the country, says Dr. Hollis H. Bowen, a Texas A&M University horticulturist. New varieties will be released during the next five years which will equal the outstanding temperate region varieties, he predicts.

A&M TO HOST HORSE SHORT COURSE-- The 9th annual horse Short Course will be held Nov. 20-21 at Texas A&M University.

B. F. Yeates, Extension horse specialist, says the program is designed to help both the experienced and novice horseman. Registration will begin at College Station's Ramada Inn at 1 p.m., November 20th with the first scheduled session set for 7 p.m. Local county agricultural agents can supply detailed information on

program plans and registration. Yeates said.

1970 YEARBOOK OF AGRICULTURE-- "Contours of Change" is the title of the recently released 1970 Yearbook of agriculture. It is a book which every American should find both interesting and full of information they can appreciate. Copies are available from the Superintendent of Documents, Government Printing Office, Washington, D. C. 20402, for \$3.50 per copy. Each member of Congress also has a limited number of copies for free distribution.

### Texas Medical News

TEXAS MEDICAL NEWS

YOU ARE INVITED TO ENTER THE ANSON JONES AWARD COMPETITION FOR EXCELLENCE IN COMMUNICATING HEALTH INFORMATION TO THE PUBLIC

Presented annually by the Texas Medical Association, the award recognizes the communicating of information by the news media of Texas that contributes to a better public understanding of medicine and health.

There are eight separate categories of competition, with an award of \$100 and an attractive plaque presented to each winner.

Entries should be submitted to your local county medical society for forwarding to this office by December 10, 1970.

### THOUGHT FOR THE WEEK

I feel my immortality o'ersweep all pains, all tears, all time, all fears, and like the eternal thunder of the deep, peal to my ears this truth: "Thou livest forever."  
Lord Byron

### "Holiday Fling"

A unique bazaar featuring the sale of holiday decorations, along with an unusual auction, will continue the gala opening and festive dedication week at the Museum of Texas Tech University.

Scheduled for November 18 and 19, the "Holiday Fling," sponsored by the members of the Women's Council of West Texas Museum Association, will feature gift and decorative items for holidays throughout the year, according to Mrs. Glenn Barnett, chairman of the projects committee.

All members of the Women Council are participating in the "Holiday Fling" by contributing their talents. The women have been laboring daily in a basement workroom of The Museum, making tablecloths, door hangings, and decorative items for sale at the bazaar.

Attractive puppets and angels are among the gift items and decorative Christmas balls for the tree or other holiday uses are also being made.

Spring holiday tablecloths sprinkled with daisies, as well as Valentine cloths are some other items for the holiday mood throughout the year.

Mrs. Don Thompson and Mrs. G. C. Gardner have organized a pick-up service to pick up items to be used in the auction which is under the guidance of Mrs. D. Burns.

A "Cook's Corner" has been planned, with recipes for "Goodies" taken from the "Mini-Cooks" Cooking Book" and other favorites being made up into holiday foods for sale, according to Mrs. J. J. Willingham who is in charge of the "Cook's Corner."

The "Holiday Fling" will be open to the public, and proceeds will benefit the new Museum, Mrs. Barnett said.

### Veterans Land Board Sale

# HAWKINS FOOD STORE

CHIP BENNETT reaches long for the football and in parallel has reached long for what he has achieved.

Through the years, ACC has been successful in attaining, and training potential All-American and Pro-athletes. The Optimist would like to salute an athlete presently in the Profield: Chip Bennett, son of Judge & Mrs. Gene H. Bennett of Denver City, Texas. Chip is a former ACC football standout at middle linebacker and is now playing ball with the professional Cincinnati Bengals. He has been playing every game and the Bengals are proud of having him. They believe he will be a tremendous help to them.

He has recently, however, had an operation on his knee, which will keep him out of seven to nine weeks of action. Doctors are fully confident that he will recover 100%.

## El Paso Natural Gas United Air Force Provisions For Veterans

Houston, October 26--El Paso Natural Gas Company has contracted to purchase an additional 500 million cubic feet per day of liquefied natural gas (LNG) over a 25 year period from Sonatrach, the Algerian national oil and gas firm, it was announced today by Howard Boyd, El Paso Chairman, and Sid Ahmed Ghazali, president of Sonatrach.

The agreement, signed over the weekend in Algiers by the two companies, raised the total volumes of Algerian LNG to be purchased by El Paso to 1.5 billion cubic feet per day.

Applications were filed with the Federal Power Commission recently for authority to import the initial one billion cubic feet daily into the Eastern seaboard. Deliveries are expected to commence in late 1974. Three hundred million cubic feet per day of this LNG will be purchased from El Paso by the Columbia Gas System, Inc., and final details of purchase agreements for the balance of the billion cubic feet daily are now being completed with other parties, Mr. Boyd said.

The new contract for 500 million cubic feet of LNG daily calls for deliveries to be made to El Paso at the Algerian ports of Arzew and/or Skikda.

Sonatrach is a state-owned company charged with responsibility for all Algerian oil and gas activities, including exploration, production, transportation, refining, distribution and marketing. It also has responsibility for the integration of such activities into the national economy, including involvement in the fertilizer and petrochemical industries.

El Paso Natural Gas Company is a diversified natural gas transmission firm which serves customers in 11 western states through a 22,000 mile pipeline network. In addition, it has interests in the fields of petrochemicals, plastics, synthetic fibers, textiles, agricultural chemicals, insurance, wire fabrication, oil and gas production, mining and the utilization of nuclear explosives for industrial purposes.

Dallas, Texas---October 13, 1970--HIGH SCHOOL SENIORS Within the next few months you will be giving very serious thought to the future, and in particular the first step--a college education. For many of you, finances may be a factor in your selection of schools. Perhaps the United States Air Force ROTC program can assist you. The Air Force offers a four year scholarship program for selected freshmen. The scholarship provides full tuition, laboratory and associated fees, an allowance for books, plus a cash allowance of \$50.00 a month.

If the college of your choice has the four-year AFROTC program, you may want to consider applying for the scholarship. The training you will receive while in AFROTC cannot be matched. It will help you develop your leadership potential; create a disciplined personality; and generally prepare you for entrance into the Air Force Officer Profession upon completion of your college work. The deadline for applying for a scholarship beginning in school year 1971-72 is November 14, 1970. For further details, see your high school counselor. If he doesn't have the detailed information concerning the program ask him to write or you write to Air Force ROTC, Officer of Information, Maxwell Air Force Base, Alabama. Ask for the bulletin on the Air Force ROTC Scholarship Program. You may also contact the Professor of Aerospace Studies at the following schools in Texas for information: Texas A&M University, Baylor University, Southern Methodist University, Texas Tech University, University of Texas at Austin, East Texas State University, North Texas State University, Southwest Texas State University, and Texas Christian University.

A major piece of legislation designated to assist millions of veterans to get homes of their own was signed into law October 23, by President Nixon, according to Jack Coker, V. A. Regional Office Director.

One provision wipes out an ending date for GI loan benefits for all veterans who served after January 31, 1955, and also restores these benefits indefinitely to 8.9 million Korean Conflict and World War II servicemen, who did not use them earlier.

Another provision offers a veteran for the first time a program of loans for mobile home purchases--up to \$10,000 for a mobile home alone; up to \$17,500 if he gets a lot to place it on.

A third authorizes VA to make direct loans in any part of the country to certain seriously disabled veterans who are entitled to specially constructed housing.

Coker also called attention to provisions of the new law which: \*Eliminates a VA funding fee of .5 percent on guaranteed and direct home loans to veterans who served after January 31, 1955.

\* Authorizes VA to guarantee loans to refinancing existing mortgage loans or other liens on homes owned and occupied by veterans, and allows borrowers to pay lenders any required discounts. The guaranty maybe for 80 percent of the loan, or \$12,500, whichever is less.

\* Authorizes VA to guarantee 60 percent, or up to \$12,500 of loans for veterans to purchase family units in condominium projects insured by the Federal Housing Agency.

\* Eliminates January 31, 1975 as the terminal date for VA's direct loan program.

**MOTEL INDUSTRY NEEDS YOU!**  
START AN EXCITING CAREER AS A MOTEL MANAGER  
Americans are on the go! More than 86% of all travelers now go by car, according to an AAA survey. In a few short years the motel industry has changed from a handful of primitive tourist cabins to a nationwide network of beautiful motels. New highway building programs will further stimulate this growth. To handle this tremendous tourist trade, the motel industry is looking for new personnel with an earnest desire to make a career in this field and the attitude needed to enjoy serving the public. Men! Women! Couples! Age No Barrier! Do It Now! Start training at home for an interesting job in modern America. Training will not interfere with present job. Free placement assistance. Act today for a secure tomorrow. Write Director.
