THURSDAY

THE SNYDER DAILY NEWS

VOL. 19, NO. 116 SNYDER, TEXAS (79549) THURSDAY, SEPTEMBER 12, 1968. TWELVE PAGES—PRICE 10c

The SDN Column

The report of the Governor's Committee on Public School Education in Texas as going to be the subject of many comments, discussions, arguments, etc., in the months ahead, particularly when the legislature meets next January. And it is in the legislature that ultimate results of the committee's work may bear their first fruit.

The committee's official report is quite detailed, but not nearly so lengthy as some documents of similar nature that have come out of Austin and Washington. It fills seventy some odd pages in a magazine sized book.

The committee used 128 school districts in the state, representing all geographic areas, as sample districts in its studies. Both the Snyder and Ira Independent School Districts are included among the sample districts.

Some of the liveliest discussion of the report undoubtedly will center upon money.

For example the committee expects the total cost of state supported public school programs to be $985 millions in 1969-70. By 1978-79 it is expected to exceed $2.1 billions. On the other side of the coin, personal income in the state in 1969-70 is expected to be $31.4 billions and by 1978-79 it is expected to soar to $54.1 billions.

★ ★ ★

Snyder Public Schools and the Scurry County Industrial Development Corp. may be "barking up the same tree" in one phase of their respective studies involving the future. The industrial development corporation has asked the school district to pledge some assistance in training personnel for manufacturing industries in the event such firms are interested in locating here.

At the same time, the school district has reiterated possible interest in establishing an area vocational school here. A survey taken some two years ago established Snyder as a suitable site for a vocational school according to the Texas Education Agency Standards.

A vocational school could be an important asset to any type of industrial expansion, and training of personnel for a specific type of industry might well fall within adult education programs in such an educational facility. —WACIL McNAIR.

Today In History

Today is Thursday, Sept. 12, the 256th day of 1968. There are 110 days left in the year.

Today's highlight in history:

On this date in 1814, American forces successfully defended Baltimore against the British in the war of 1812.

On this date:

In 1609, the English Navigator, Henry Hudson, in service of the Dutch, entered the river which was named after him.

In 1687, the Pilgrim colonist John Alden died in Duxbury, Mass.

In 1869, the National Prohibition party was organized in Chicago.

In 1943, dictator Benito Mussolini was kidnaped by German paratroopers from a hotel in Lake Bracciano, Italy.

In 1944, American troops reached German soil for the first time in World War II, pushing five miles across the border northwest of Trier.

In 1953, John F. Kennedy married Jacqueline Lee Bouvier in Newport, R.I.

Ten years ago — The U. S. Supreme Court unanimously rejected an appeal by the school board of Little Rock, Ark. for a delay in integration at Central High School.

Five years ago — U. N. Secretary - general U Thant denounced the regime of South Vietnamese President Ngo Dinh Diem and said the situation in South Vietnam was getting worse.

One year ago — The U. S. Senate refused to write into a new election code a requirement that senators, representatives and candidates for Congress disclose their assets, liabilities and sources of income.

CALM IN TAY NINH CITY

Enemy Forces In Retreat

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Two small skirmishes were reported on the fringes of Tay Ninh City today, and enemy troops ambushed a U.S. convoy farther out, but U.S. advisers said it appeared that enemy forces had pulled back for the moment.

The fighting was reported on the southwestern and southeastern edges of the city as 2,000 South Vietnamese paratroopers and marines swept through areas that Viet Cong and North Vietnamese infiltrators had occupied Wednesday.

South Vietnamese military headquarters in Saigon said: "The situation is now calm in Tay Ninh City. . . There is no major fighting."

Enemy troops opened up with small arms on a convoy from the U.S. 25th Infantry Division six miles to the south along route 22, the major highway leading from Tay Ninh to Saigon, 45 miles to the southeast.

The Americans returned the fire with machine guns atop armored personnel carriers. Fourteen enemy soldiers and one American were reported killed in the brief fight. Another five U.S. soldiers were wounded. Two trucks, an armored personnel carrier and a helicopter were slightly damaged, a U.S. spokesman said.

Meanwhile, the allied command in Saigon reported that U.S., South Vietnamese and enemy casualties all dropped sharply last week, reflecting a slowdown in ground action after two weeks of intensified fighting. American casualties were 15 killed and 1,400 wounded, about half the total reported the week before.

One U.S. adviser at Tay Ninh said the majority of the enemy force has withdrawn "but he may have withdrawn only a short way or into a different area. He can come right back."

South Vietnamese headquarters said 22 enemy soldiers had been killed in fighting at Tay Ninh since Wednesday. Government losses were put at 13 killed and 91 wounded.

Between 800 and 1,500 men were estimated to have invaded Tay Ninh and its suburbs before dawn Wednesday. "I think they missed their chance," said one U.S. adviser. "They really could have punched in Wednesday morning, but now we have the troops to stop them."

Elsewhere, heavy fighting flared up in the northernmost provinces, and enemy gunners shelled Pleiku, capital of the central highlands, and an allied airfield in the Mekong Delta.

President Reports On Son-In-Laws

By FRANCES LEWINE
Associated Press Writer

WASHINGTON (AP — President Johnson reports one of his son-in-laws in Vietnam has been temporarily grounded for flying too much and the other can judge when an enemy shell is close enough to disrupt a shower.

He told reporters at a White House state dinner Tuesday night of his latest letter and tape recorded reports from Airman Ic Patrick J. Nugent and Marine Capt. Charles S. Robb.

Nugent, husband of the President's younger daughter Luci, has been volunteering for more than his share of flights with planes of the munitions maintenance squadron to which he is assigned, Johnson said.

In fact, the President reported, the commanding officer has grounded Pat for awhile until some of the other men catch up with his air time.

Robb, husband of Johnson's older daughter Lynda, has completed his frontline tour of duty and has been transferred to the headquarters of his battalion of the 7th Marine Regiment in Da Nang.

Johnson said Robb told in a tape recording of taking a shower and hearing a shell whining overhead.

But Robb said he knew from the sound of it wouldn't come near enough to harm him, continued taking the shower "and didn't even hit the deck," the President said.

Robb reported the shell landed 75 yards away.

Johnson talked about his family—and took a twirl around a dance floor—as he and his wife and daughter entertained at a state dinner with 140 guests in honor of the visiting president Errol W. Barrow of Barbados, the smallest country in the Western Hemisphere.

Soviets Said Thinning Out

By GENE KRAMER
Associated Press Writer

PRAGUE (AP) — Most occupation troops appeared today to be withdrawing from Czechoslovakia's major cities to new positions in the countryside. Downtown Prague was generally clear of Russian tanks for the first time since the invasion three weeks ago.

The Soviets during the night evacuated the capital's last tank encampment, in a park between the main railroad station and St. Wenceslas Square.

Similar evacuations were reported from Bratislava, Kosice and Brno, the latter preparing for several thousand foreign visitors to its annual international trade fair starting Sunday.

A number of planes were heard taking off from Prague during the night. This could indicate a thinning out of the Soviet troops, but there was no immediate confirmation.

Soviet military police were on the roads outside the capital, directing traffic, stopping trains and holding railway crossing gates open for convoys, jeeps and tanks.

A heavy concentration of airborne and armored troops remained near Prague's international airport, where most scheduled flights resumed this week. Occasional armored cars were still seen in the city and some tanks were still inside the Soviet Embassy's grounds, but they were hidden from public view.

At the downtown tank park early today, the only evidences of the three-week occupation were the marks left by the tank treads and a smoky fire burning empty army supply cartons and discarded copies of Pravda, the Soviet Communist party newspaper.

The major part of the occupation force, estimated at 650,000 men at one time, was believed to be still in the country to back up political pressure being exerted on Czechoslovakia's liberal Communist leaders by Soviet Deputy Foreign Minister Vassily Kuznetsov.

Kuznetsov, who arrived last Friday, discussed "problems of mutual interest in the present context" Wednesday with National Assembly President Josef Smrkovsky, Prague Radio reported. The assembly is expected on Friday to pass into law the major Soviet demands for press controls and a ban on opposition political parties.

Under the agreement which President Ludvik Svoboda, Premier Oldrich Ceanik and Communist party chief Alexander Dubcek negotiated in Moscow after the invasion, occupation troops are to be withdrawn in stages as the Prague government re-establishes controls on anti-Communist elements.

FUND BOOSTERS — Included among those present at an inter-club meetings of Snyder civic groups yesterday to discuss plans for the annual United Fund campaign, were, from left to right, Front Row, Jack Gorman, president of the Lions Club; Lyle Deffebach, president of the United Fund; Bob Brummal, manager of Southwestern Public Service Company of Lubock; and, Top Row, Jay Rogers, president of the Rotary Club; Arel (Red) Faver, president of the Kiwanis Club; and, Dr. A. B. Lightfoot, campaign chairman for the United Fund.

Midland Policeman Indicted

MIDLAND, Tex. (AP — The grand jury indicted Midland policeman Michael Lee Moody, 24, today on charges he murdered Lori Margaret Gunn, 2.

The grand jury returned the murder with malice bill after hearing testimony Tuesday and Wednesday.

Moody remained in jail in lieu of $25,000 bond.

Dist. Atty. James Mashburn said he will seek the death penalty.

An autopsy showed the little girl died of suffocation and had been sexually molested. Officers found her partially nude body Aug. 31 after a 19-hour search. It was discovered in a closet of a house where the rookie officer was living.

The victim's parents, Mr. and Mrs. Harry Gunn, live next door.

Moody, a veteran of the war in Vietnam, was living with his stepfather at the time.

Sticker Pickers Reap Big Harvest

GREAT BEND, Kan. (AP) — There's a sticker picker contest going on at Jefferson Elementary School.

With the final stages approaching, some 200 pounds of cockle burrs, sand burrs, and other assorted "stickers" have been harvested.

Steve Wolf, an instructor at the school, said the children passed up their recess periods to harvest stickers.

Churches To Hold Meet

HOUSTON (AP)— The general board of the National Council of Churches opens a two day meeting today with some 160 representatives of 33 Protestant, Anglican and Orthodox denominations expected to participate.

Policy decisions on such matters as civil disorders, student rebellions and abolition of the death penalty will be made during the sessions which will comprise the board's third and final policy meeting this year.

Accused Hijacker Bank Job Suspect

MONTREAL (AP) — A Texas Negro accused of trying to hijack a Canadian airliner to fly him to Cuba appears in court today. U.S. authorities were checking to determine if he is wanted for a Texas bank robbery.

Police said the Texan surrendered Wednesday after holding two crewmen of an Air Canada Viscount at gunpoint for more than three hours.

He said he was Charles Lavern Beasley, 22, of Dallas.

The Dallas FBI office said the man told Canadian authorities he was born April 2, 1946, in Rosser, Tex. The FBI said a federal warrant charges a man of the same name, age and birth place with the robbery of $14,000 from the Farmers and Merchants State Bank of Ladonia, Tex., Aug. 19.

Authorities said Beasley, a 6-foot Negro, boarded the four-engine turboprop in Saint John N.B., and drew a revolver soon after it took off for Toronto. He said the U.S. Central Intelligence Agency was after him because he was a member of the Black Power movement.

"We're flying to Cuba," he said.

"I told him, "Yes sir," said the pilot, Capt. Ronald Hollett. "He had a wild look on his face at first, then he calmed down."

Hollett convinced the man the plane would have to land in Montreal to refuel. At Montreal, the 17 other passengers and two stewardesses were allowed to leave but Beasley remained aboard with his gun on Hollett and First Officer Robert Bromley.

After the refueling, Beasley appeared to change his mind about going to Cuba and spoke for about 20 minutes over the plane's radio with Raoul Carriere, a Mounted Police official.

Carriere told the man the Justice Department in Ottawa had promised to grant him asylum. Eventually Beasley agreed to turn over his gun to the pilot. Carriere and a police sergeant walked unarmed to the plane and took Beasley in custody.

The hijacking, the first in Air Canada's 31-year history, caused so little commotion aboard the plane that many passengers were unaware anything unusual was happening. Hollett announced over the intercom that the plane was making an unscheduled landing at Montrea, 1 "because we have a special passenger to take somewhere else."

United Fund Cited As American Way

"It is an important fight — against poverty, disease and despair."

Thus Bob Brummal, manager of Southwestern Public Service Co. of Lubbock, summed up the annual United Fund drive. He spoke at a joint meeting of Snyder Service Clubs at noon Wednesday in the Fellowship Hall of the First Methodist Church.

The joint meeting was held for the purpose of familiarizing local service club personnel with plans for the annual drive prior to the kickoff breakfast for advance gifts Sept. 23. Another breakfast for education and business personnel will be held Sept. 26, followed by the beginning of the general campaign Sept. 30.

Brummal reminded Lions, Rotarians, Kiwanians and Jaycees that the United Fund, is an outgrowth of private industry and private initiative.

"Under socialism," he said, 'everyone would be told how much to give and there would be no local control over where the money is spent."

Continuing, he declared the "need always will be greater than our ability to give. . . but we can be happy in the pursuits of our goals."

Lyle Deffebach, president of the United Fund, told local civic workers that the United Fund "is a good cause." He said campaign workers are seeking 100 per cent of the goal of $38,805.60 this year. He pointed out that Sweetwater and Lamesa reached their goals last year.

Train Is Wrecked

DENISON, Tex. (AP) — A southbound Missouri-Kansas-Texas freight train was wrecked at the Red River today, blocking the main line and bridge with 15 derailed cars. A concrete switching building was demolished. No one was reported injured.

US-SOVIET TENSSION INCREASES

US Expects Trouble In Berlin

By FRED HOFFMAN
AP Military Writer

WASHINGTON (AP) — Top U.S. officials say they lack any firm evidence that the Soviet Union intends to start trouble over Berlin, but they are on alert for such a move because of U.S.-Russian tension.

Attention was focused on Berlin when President Johnson in a speech Tuesday warned the Soviet union that "the use of force and the threat of force will not be tolerated in areas . . . like Berlin."

The officials described Johnson's statement as a precautionary action. "There is no hard indication of any Soviet move to put the squeeze on West Berlin," one official said.

"But it's a constant apprehension any time anything happens to sour relations between the United States and the Russians.

"It's a very easy place for them to cause us trouble. It is something they can turn on and off."

There has been speculation in certain Pentagon quarters that the Russians might choose this time to apply new pressure on the United States, Britain and France to weaken their hold in West Berlin.

This speculation grows out of worsening U.S.-Russian relations resulting from the Soviet Union's occupation of Czechslovakia and an attendant Warsaw Pact military building in Eastern Europe.

The Western allies maintain only a small military presence in Berlin which is separated from West Germany by 100 miles of Communist-controlled land. The U.S. force numbers only about 3,500 men.

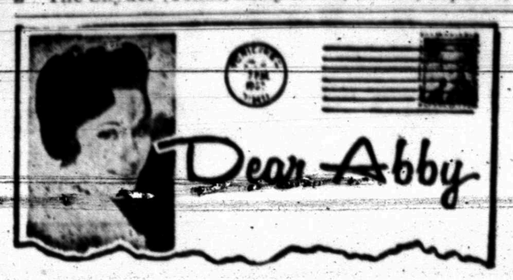

The Russians and East Germans have put the heat on West Berlin several times over the past few years, with the most serious threat occurring in 1961. At that time, President John F. Kennedy mobilized 148,000 U.S. military reservists and reinforced American units in Germany with 40,000 additional troops. That crisis lasted about a year.

Dead Man's Son First On Scene

TEMPLETON, Mass. (AP) — Police Sgt. John W. Dooley was among the first to arrive Wednesday at the scene of a fatal accident, and did not learn until later that the man killed was his father.

The father, John M. Dooley, 76, was pronounced dead on arrival at a Gardner Hospital.

The elder Dooley died in a two-car collision on Route 68 at Main Street.

By ABIGAIL VAN BUREN

DEAR ABBY: My mother died 2 years ago, and my father got married again last May. He married a very nice woman and I like her a whole lot, but Abby, I just can't call her "Mamma." I have tried, but when I do it makes me feel so bad I have to go away somewhere and cry alone. I loved my own mother so much, no one will ever be able to take her place. I have three younger brothers, and when I hear them call Daddy's new wife Mamma," it hurts me so bad inside.

I don't have anything against this lady, but I just can't call her "Mamma." What should I do?

SAD 12-YEAR-OLD

DEAR TWELVE: Your Daddy's new wife doesn't expect you to love her as you did your own mother, nor does she want you to "hurt inside." So don't make comparisons, and don't feel guilty if you can't call her "Mamma." This woman has come into your home to make your Daddy happy and to help him raise his children. She must be a wonderful woman. Give her a chance.

• • •

DEAR ABBY: After a long, unhappy marriage which ended in divorce, I married a widower. He is a very successful small town merchant who is very much admired in his community and church. We are very happy, but here is my problem:

I find that my husband pockets a part of each days cash sales to avoid paying so much income tax.

How serious an offense is this, and what can happen to him if he is caught? I dare not ask anyone but you. Please answer in the paper and tell me what to do. I love him.

WORRIED

DEAR WORRIED: This is a VERY serious offense, and if caught, he can be fined and sent to prison. So if you love this crook, tell him to keep his duke out of the cash register.

DEAR ABBY: My husband's sister, Marcella, and I have been very close for years, so naturally, when Marcella became engaged, I expected her to ask me to be a bridesmaid at her wedding. You can imagine how hurt I was when she passed me by and asked her fiance's two sisters who both live out-of-state. I wouldn't have minded so much but she had never met either one of them.

As it turned out, one of the girls cannot make the wedding, so now Marcella has asked ME to be a bridesmaid. I have been so hurt by this that I don't know what to do. Can you advise me?

SECOND CHOICE

DEAR SECOND: If it would give you pleasure to be Marcella's bridesmaid, accept. You would gain nothing by turning her down just to show your "hurt."

• • •

CONFIDENTIAL TO "BORED AND BLUE" IN PHOENIX: The best cure I know for boredom and the blues is to turn one's attention to those who have "real" troubles. Get interested in hospital volunteer work, or crippled children, or mental health, or the disadvantaged. Just listening to someone else's problems can be the best medicine in the world for both of you.

• • •

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

Fourth Death From Sleeping Sickness

SALEM, N.J. (AP) — An 81-year-old man has become the fourth person to die of encephalitis—the so-called 'sleeping sickness"—in New Jersey this year.

The State Health Department reported Wednesday that Amos H. Baker of Hancock's ridge died of the disease Monday in Salem County Memorial Hospital.

In 1959, an encephalitis epidemic swept throught the state leaving 22 persons and 60 animals dead. So far this year, scores of horses have been stricken and more than 45 have died.

Mosquito commissions throughout New Jersey are continuing an intensive campaign to eradicate the insects that carry encephalitis.

Prison Term Is Assessed

Pedro Garcia of Rotan was handed a 5-month prison term and a $50 fine by County Judge Sterling Taylor following a jury trial here yesterday afternoon.

The jury determined that Garcia was guilty of driving while intoxicated, although he had pleaded innocent to the charge. The offense occurred April 11.

Authorities here indicated Garcia would be returned to Corpus Christi where he was under a 5-year probation for a felony offense. They said the probation probably will be revoked.

'Gone Fishing' Note Attached To Payment

COLLEGE STATION, Tex. (AP) — "Gone fishing" was the note attached to a student's loan repayment received at Texas A&M's student aid office.

Arthur C. Stites of Lometa apologized for the lateness of the payment.

"I'm working on a salmon boat out of Ketchikan, Alaska, this summer," he wrote. "We don't get paid until we catch some fish."

Apparently, the senior sociology major was getting some bites.

Negro Leaves School Board

HOUSTON (AP)—Asberry B. Butler, the only Negro member of the Houston School Board, has resigned effective Dec. 31.

Butler submitted his resignation to the board of the nation's sixth largest school district Wednesday. His only reason for the resignation was that he "was tired."

Butler, a lawyer, was elected to the board in November, 1964. He was indicted in 1965 on charges of felony theft, involving insurance claims and subornation of perjury. He was tried and convicted on both charges. The convictions are under appeal.

His term in office normally would have expired Dec. 31 but a bill passed by the state legislature changed the terms of school board members and Butler's was extended one year.

Butler presented the notice of his resignation at an informal meeting of the board which took no immediate action.

The Aswan High Dam being built by the United Arab Republic will provide water for two million now - barren acres and will increase cultivated lands by a third.

Bishop Newly Consecrated

SAN ANTONIO (AP) — The Rt. Rev. Harold C. Gosnell, newly consecrated bishop of the Episcopal Diocese of West Texas, will begin visitation with the stewardship conference in Brownsville Saturday.

The bespectacled, 59-year-old bishop was consecrated Wednesday in services before an audience of more than 3,000 in the big banquet hall of San Antonio Convention Center.

Leading the consecration ceremonies, which date back to the days of Christ's Apostles, was the Rt. Rev. John E. Hines, presiding bishop of the Episcopal Church.

The Rt. Rev. J. Milton Richardson, bishop of the Diocese of Texas, delivered the sermon. Leading an ecumenical air to the service were clergymen from many of the world's major religions who participated in the processional.

Bishop Gosnell was named last May to head the 60-county diocese, succeeding Bishop Everett H. Jones, who retires Jan. 1.

Copper can be drawn into such a thin wire that a four-inch square bar produces a thread 20 million times the length of the ingot.

Casualties Off Sharply

SAIGON (AP) — American, South Vietnamese and enemy casualties all dropped sharply last week, back to the level that prevailed during the prolonged lull in ground fighting in July and early August. The weekly casualty reports by the allied commands indicated that the war might be tapering off slightly again after two weeks of intensified combat.

The U.S. Command said 195 Americans were killed in action and 1,400 were wounded, with 681 of the latter hospitalized. These figures were about half those for the previous week.

The U.S. Command reported 1,664 of the enemy were killed last week, less than half the enemy losses reported for the previous week.

South Vietnamese casualties were 325 killed, 1,081 wounded and 60 missing, also a marked drop.

The week's figures brought total American casualties reported for the war to 27,704 killed, 91,263 wounded and hospitalized and 81,926 wounded and treated in the field.

The total enemy dead reported since Jan. 1, 1961, is 392,585, the U.S. Command said.

Servicemen's Union Brass Arrested

KILLEEN, Tex. (AP) — The president and two other leaders of the American Servicemen's Union were to face vagrancy charges today in the corporation court of Judge John Odom.

Andrew Dean Stapp, 24, the president, and William Smith, 22, and Richard Wheaton, 23, were arrested in this Central Texas city Thursday night and freed on bond of $200 apiece Wednesday.

Stapp has said the union wants to give assistance to 42 Negro soldiers at Ft. Hood who face court martials for refusing to go to Chicago for possible riot control duty on the eve of the Democratic National Convention.

Ft. Hood is near Killeen.

Stapp, of Philadelphia, tried to interview some of the 42 GIs Saturday but was escorted off the base by military police. He said that action was an attempt to "bust up the union."

A Ft. Hood spokesman said Wednesday that one of the 42—Pfc. Oscar Taylor of New York City—was scheduled to go on trial Sept. 18. Trial dates for the other 41 have not been set.

About 60 Negro soldiers staged an early morning demonstration Aug. 24 when word circulated around the base that some Ft. Hood personnel might be sent to Chicago in the event of disturbances there. As it turned out, several thousand were.

The 60 protested that they did not wish to use force against other Negroes.

Stapp said he organized the union to give an organized outlet for anti-Vietnam war sentiment and to give Army enlisted men more of a say in their military lives.

Smith is from Jersey City and Wheaton is from Buffalo, N.Y. The three were arrested Tuesday night as they left their Killeen motel, Police Chief Don Cannon said.

Almost one million meteoroids — most no larger than grain of sand — fall into the earth's atmosphere during each 24 - hour period.

Py-Lo 4-H Club Elects Officers

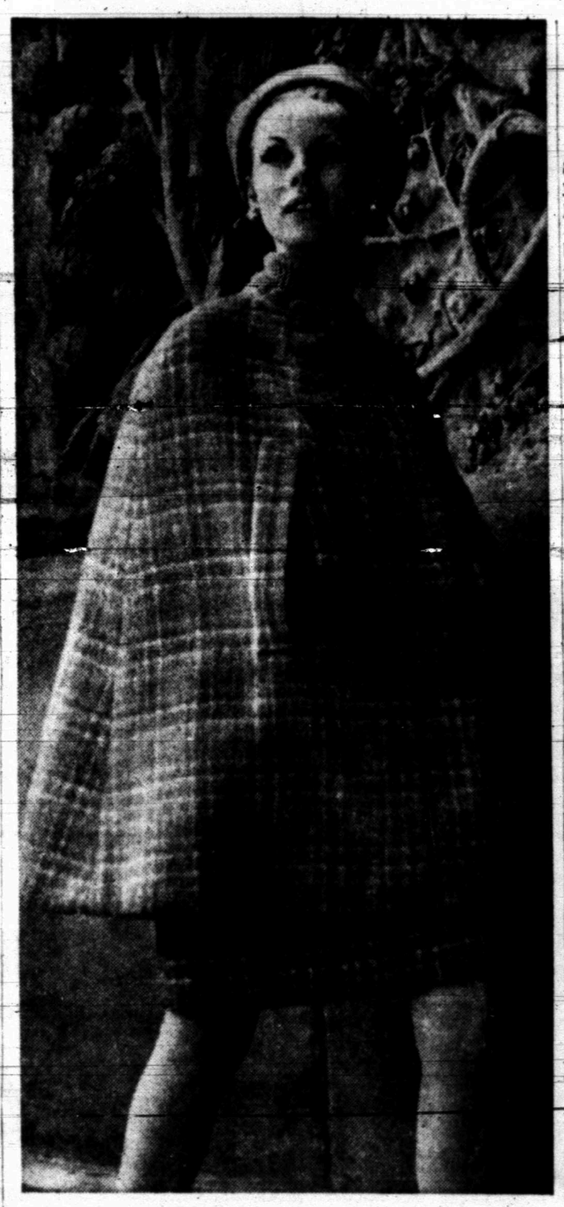

The Py-lo 4-H Club met recently with the president calling the session to order. The motto, pledge and prayer was said in unison. The secretary read the minutes and roll call was made with only one member absent. Patti Melton was welcomed as a new member.

Wilma Stirl had an exhibit and Judy Bollinger gave a county - wide report. Points were given to those who entered exhibits and record books.

Election of officers was held as follows: Wilma Stirl, president; Rita Melton, vice president; Shirley Stirl, secretary - treasurer; and Judy Bollinger, reporter.

Refreshments of chickenburgers and tea were served to Judy Bollinger, Sylvia and Gloria Martinez, Rita, Cynthia, Jeanne, Caroline, Susan and Patti Melton, Wilma and Shirley Stirl, and the leader, Mrs. Walter Stirl.

Mrs. Stirl gave a safety demonstration on how to drive nails safely.

CAPE-ON-THE-WHRIL — The free-wheeling motion of the cape is at its graceful best in this costume in a brushed mohair and wool plaid. The three-quarter length cape whirls above a matching dirndl skirt and is zip-closed for coziest warmth. The deep-textured fabric, has that marvelous weightlessness and halo-like radiance that are the characteristics of the lively mohair fiber.

Gardener's Corner

By EARL ARONSON
AP Newsfeatures

Are the birds disturbing your garden or pecking the fruit of your favorite tree or berry patch? There is a lightweight, strong, durable netting that may be easily thrown over the area you want protected. It is just as easily removed and stored for reuse. It may put scarecrows out of business.

The plastic shield, made with square or rectangular holes to let sun, light, air and rain through, will not rot or mildew or be harmed by agricultural sprays.

We haven't weighed the screen but a sheet 12 feet by 24 feet probably would not weigh more than a couple of pounds. It is available also in 6 x 8 and 12 x 12 sizes.

A visitor offered an easy simple way to care for our evergreens that make the landscape so much more attractive through all seasons of the year.

Ron Brodtke told us about Nutro Azalea - Evergreen Food plus Systemic Insect Control (Borden Chemical). The product will feed azaleas and evergreens and simultaneously control sucking insects for four to six weeks. It contains 14 plant foods, including helpful iron.

Ron assured that it would control aphids, leafhoppers, whiteflies, spider mites, thrips and lacebugs — and the insecticide cannot wash or blow away. The formula is reported safe for azaleas, evergreens, camellias, gardenias, rhododendron, holly and magnolia. It is high in organics, and works through the root system to feed and protect the plant.

The visitor also assured that it would not harm beneficial insects, birds or pets.

The food - insecticide should be worked into the top one inch of topsoil, but don't cultivate too deeply since many azaleas and evergreens have shallow root systems. Don't let it contact the plant, and water thoroughly after application.

Azaleas may be treated twice a year, before and after blooming. Evergreens, camellias, rhododendrons, gardenias, laurels, holly, magnolia and other broadleaf evergreens may be fed evenly under the spread of the foliage from April through August as needed.

Copper is the oldest metal known to man.

Knapp News

By MRS. VERNON TODD

Mr. and Mrs. Lewis Dent and family held a family reunion Sept. 8, honoring their son, Marine Pvt. L. T. Dent. Pvt. Dent is home on furlough after completing basic training at Camp Pendleton, San Diego, Calif. After his leave he will go to Camp Dalmar, Calif. It was his 20th birthday.

Those attending were Mrs. Charlie Clark, Debie, Gail, Shane and Tonie of Big Spring; Mr. and Mrs. Bobby Jones, Gary, Wayne and Susan of Lamesa; Mr. and Mrs. Bud Moore and Clint of Big Spring; Mr. and Mrs. George Moore of Big Spring; Mr. and Mrs. Vic Huse and Wesley of Ackerly; Miss Carol England of Snyder, the hosts and honoree.

The Murphy Home Demonstration Club gave a breakfast Monday morning at Knapp community center for 34 employees of the R. E. Smith Oil Co. Hostesses were Mmes. C. T. Wilkes, Del Murry, George Murry, W. O. Tipping, Edd Murphy, J. E. Sorrells, Mickey Sterling, Bill Grandon, A. J. Ray and Jack Drake.

Mr. and Mrs. A. R. Barrett have returned to Arizona after visiting several days with his sister, Mrs. Ben Weathers.

Mrs. W. C. Fulton of Blooming Grove, Tex. is spending this week with her daughter, Mr. and Mrs. W. O. Tipping and granddaughter, Mr. and Mrs. Mickey Sterling and family.

Mr. and Mrs. Winfred Tucker and children of Meadow and Mr. and Mrs. J. M. Sterling and children of Vincent visited Sunday with the ladies' parents, Mr. and Mrs. J. E. Sorrells.

Mr. and Mrs. Olen Horn visited recently in San Angelo with Mrs. Emma Robison.

Mrs. Kurt Ohlendorf of Lockhart is visiting this week with her mother, Mrs. Ella Richter.

Mrs. Gladys Bowles is visiting this week at Houston with her daughter, Mr. and Mrs. Leon Sharp and Scott.

Mr. and Mrs. Wayne Key, Monti and Kristi visited Sunday with Mr. and Mrs. Tommy LaRoux of Snyder.

Mrs. Lillie Murphy of Ira and Mrs. Tommy Sterling of Snyder visited Saturday with Mrs. Frieda Murphy.

Mrs. Ben Weathers and Mrs. Wayne Crow attended the hootenanny at Snyder Friday evening.

Mr. and Mrs. N. C. Neyman, Norman and Kevin of Eunice, N.M. spent the weekend with Mr. and Mrs. W. O. Tipping and Mr. and Mrs. Mickey Sterling and family.

Mr. and Mrs. Mickey Sterling, Melisa, Robbi and Zane, Mr. and Mrs. Howard Sterling and Leigh Anne and Mrs. Ford Spikes, Shann and Bob were dinner guests Sunday of Mr. and Mrs. T. J. Sterling of Snyder.

James and David Barnett were Lamesa visitors Sunday. David visited with Ricky Faulkenberry.

Mr. and Mrs. Vernon Todd, Verna and Janice of Murphy and Randy Adcock of Big Spring were weekend guests at Lubbock with Mr. and Mrs. Lloyd Ramsey, Todd, Scott and Gregg. They also enjoyed an outing at Buffalo Lake.

The Nibble Not Tops Club met at Knapp community center Monday afternoon for their regular meeting. The group ended a six-weeks weight loosing contest by auctioning off gifts of the members who had gained. The money went to the club treasury.

The group started a new contest called the "flower and weed patch," with the ones loosing in the flower patch and those gaining in the weed patch. Each member brought a book of stamps, which at the end of the contest will go to the members remaining in the flower patch. Those attending were Mmes. Dessie McMichael, Kathy Key, Joan Sterling, Rose Sanchez, Verline Cauley, Virginia Drake and Dorothy Grandon.

WITH HUMPHREY IN HOUSTON

Barnes Sees Uphill Fight In Texas

By LEE JONES

AUSTIN (AP) — Speaker Ben Barnes says he told Vice President Hubert Humphrey in Houston Wednesday the Democratic ticket faces an uphill fight in Texas and must come down hard for law enforcement to win.

Barnes campaigned with Humphrey in Houston, then came to the Capitol for a news conference that marked the beginning of his own race for lieutenant governor.

It was that race, he said, that prompted him to turn down Humphrey's request that he serve as his statewide campaign manager.

Most political pros feel Barnes has an easy contest against Doug Decluitt, a political unknown who is Republican nominee for lieutenant governor.

Barnes also said he told Humphrey, in answer to a question from the Democratic presidential candidate, that he felt there was no significance to Gov. John Connally's absence when Humphrey appeared in Houston.

A spokesman for Connally said he was unable to be in Houston because of pressing personal business elsewhere. That same business, the spokesman said caused Connally to cancel a speaking engagement before some New York investment bankers on behalf of Texas Park bonds. Barnes agreed to fill the New York commitment for Connally.

Barnes said he told Humphrey one of the big imponderables in Texas is the strength of former Alabama Gov. George Wallace.

"The Wallace strength is hard to predict," he said.

Humphrey expressed concern over his campaign and said he wanted Texas' 24 electoral votes.

"I told him it would be a hard race in Texas. . .If we don't have a strong campaign projecting a party that will enforce the law, we could lose to Nixon or Wallace. . .And we also have got to talk about equal opportunity for all Americans. . .We must stress we are the party of responsibility," Barnes said.

Asked about a possible Wallace impact on statewide candidates, Barnes said he was "very hopeful that after that voter votes for Wallace he'll look over to the Democratic column and see the name Ben Barnes and vote for me."

Barnes also said he conferred Tuesday with Lt. Gov. Preston Smith, the Democratic gubernatorial nominee.

At Smith's request, Barnes said, he will address the Democratic state convention—the so-called "governor's convention"—Sept. 17. Smith also asked him for platform suggestions, he said, but Barnes declared he offered none.

"He is trying to be cooperative with me and I am trying to be cooperative with him. I don't perceive any differences over control of the state Democratic Executive Committee. It's always been the governor's committee," Barnes said.

On another matter, Barnes said he hopes the report of the governor's public school study committee, released Saturday, will form the blueprint for the next session of the legislature to write the most progressive record of progress for the public schools of this state. I think it will be the number one area of attention and focus during the session."

Cahoon On Eggers Staff

AUSTIN (AP)— State Rep. Frank Cahoon of Midland will serve as state finance chairman of the general election campaign for Paul Eggers, Republican candidate for governor.

"I'm very grateful to have this outstanding Republican leader accept this leadership position in my campaign," Eggers said Wednesday in making the announcement.

Cahoon earlier this year served as chairman of the "Elect Eggers Committee," a statewide group concentrating on the primary election campaign.

He was first elected to the legislature in 1964, and was re-elected by a 2-1 margin in 1966. He is not a candidate for re-election.

FPC Ruling To Benefit Consumer

WASHINGTON (AP) — Consumers of natural gas distributed by Texas Eastern Transmission Corp. stand to benefit from a decision announced Wednesday by a Federal Power Commissioner examiner.

Examiner Arthur H. Fribourg recommended that four gas producers refund $31,449,000 to Texas Eastern. He further recommended that Houston-headquartered Texas Eastern pass the refunds along to its customers.

The decision would conclude a case that began in 1959, when Texas Eastern bought an estimated 900 billion cubic feet of natural gas reserves in Rayne Field, Acadia Parish, La., from four Texas sellers: Continental Oil Co., Houston; Sun Oil Co., Beaumont; M. H. Marr, Dallas, and General Crude Oil Co., Houston.

The purchase price was $134,395,700. Texas Eastern paid $12.4 million in cash. The remainder was to be paid in 16 annual installments, ending in 1975.

Last Jan. 23, Fribourg issued a decision that granted a certificate to Texas Eastern and modified how the firm was to pay the sellers. Wednesday's decision concluded the refund phase of the case.

The examiner ordered that Texas Eastern be refunded $21,854,000 in principal plus $9,595,000 in accrued interest, making a total of $31,449,000.

In response to the sellers' objections to the payment of refunds, the examiner said the use of a determination of 20 cents per thousand cubic feet in-line price for the future necessarily implied its use as a just and reasonable price for the past.

"Past payments have materially exceeded that price to the sellers, as the record amply shows," the examiner said, and conclued that "the sellers are not entitled to retain this excess."

He also labeled as unsound the sellers' contention that no refunds should be ordered unless it could be shown that the sellers have received payments in excess of what they may ultimately be entitled to receive.

The examiner said it will be necessary for Texas Eastern, so far as the principal amount of refunds is concerned, to reverse book entries showing installment payments to the sellers.

"It is not," he said, "intended to change the price the sellers are to receive ... Texas Eastern is still liable for a total of $134,395,700, if enough gas is there."

He directed that refunds be placed in escrow pending distribution, and that Texas Eastern submit a list of all customers to whom it had sold natural gas from July 1959 to the end of 1967, and the amounts.

The examiner's decision will become final in 40 days unless exceptions are filed or the commission initiates a review.

TRAVIS TWIRLERS — Lending support to the Travis teams this fall will be, from left to right, Shauna Browning, 14, daughter of Mr. and Mrs. P. H. Browning, 317 Thirty-sixth Street; Marilyn Schwartz, 14, daughter of Mr. and Mrs. C. R. Schwartz, 2812 Avenue G (drum major); Shelby Jones, 13, daughter of Mr. and Mrs. J. R. Jones, 3608 Hill; and, Debbie Rushing, 14, daughter of Mr. and Mrs. Avon Rushing, 308 Thirty-sixth Street.

World Parliament Charter Delayed

WOLFACH, Germany, (AP) — Delegates to the World Constitutional Convention decided Wednesday to postpone voting on a new international charter until at least 1970.

"We will not be voting on a constitution," announced Philip Isely of Denver, Colo., secretary general of the convention's World Peoples Parliament.

Instead the 100 delegates from 30 countries will study reports from various commissions until the next world constitutional convention in two years. No site was named.

The convention was split between delegates who wanted to draft a "minimal" constitution designed to win quick approval of national governments and those who proposed a "maximal" charter detailing the functions and responsibilities of a world parliament.

"We just decided it would be more appropriate to go over what has been done during this convention and then meet again to devote more time to the constitution the next time," said Arthur Brackman of New York City, the press spokesman.

Proposals discussed by the convention included a tricameral world legislature and a world police force to replace all national armies.

The convention put off action on a recommendation to form an "emergency world government" to prevent war. Under a plan presented by Guy Meyer of Newburgh, N.Y., a former Unitarian minister, a council with 100 members would select the world government in times of emergency.

This emergency world government would consist of nine persons "addressed individually and personally to every human being." Meyer said it would allow the existing national governments to keep their sovereignty "except for critical human issues."

CRMWD To Open Bids On Pump Station

Directors of the Colorado River Municipal Water District will meet at 10 a.m. Sept. 26 in Big Spring to receive bids on the main pump station for the lake at Robert Lee.

In addition, the district will be receiving proposals for valves, transformers and pumps which it will make available to the contractor.

Also at the meeting, recommendations will be received for awarding a contract for construction of five additional oil well mounds, these to be raised on the Strake Oil and the A. G. Hill leases in the Robert Lee basin. These bids were to be opened Thursday afternoon.

The board will receive from the rate committee a proposal to be submitted to the City of San Angelo for making water available at the Robert Lee dam. The rate committee met in Big Spring Tuesday for initial discussions and will be back in session Sept. 19.

A tentative budget for the 1969 fiscal year, which coincides with the calendar year, will be up for consideration. In this connection, the personnel committee also had a session Tuesday.

Burks Rites Here Friday

Funeral service will be held here Friday for R. Frank Burks, former resident, who died at 2 p.m. Wednesday in Lafayette, La.

He was a resident of Cotton Valley, La., where he was born on March 22, 1908.

The funeral service will be held at 3 p.m. Friday at the First Baptist Church. The Rev. Miller Robinson, pastor of Colonial Hill Baptist Church, will officiate. He will be assisted by Dr. A. B. Lightfoot, First Baptist pastor.

Mr. Burks was the son-in-law of Mrs. Jodie Bynum of Snyder.

Surviving are two sons, Clint and Kirk Burks, both of Houston; three sisters, Mrs. Mamie Johnson of Cotton Valley, Mrs. Sadie Teer of Delhi, La., and Mrs. Geneva Oliver of Louisiana; three brothers, John Burks of Cotton Valley, Edgar Burks of New Orleans and Lester Burks of Delhi; and three grandchildren.

Will DeShazo Dies At Lipan

W. E. (Will) DeShazo died at his home in Lipan on Wednesday morning of an apparent heart attack.

Born at Aquilla in 1890, he was 78 years old at the time of his death.

Mr. DeShazo is survived by his wife, Annie, of the home; two sons, R. M. of Marfa and J. B. of Lipan; two daughters, Mrs. Mildred Goby of Euless and Mrs. Garland Royalty of Cutama, Calif.; three brothers, Tom and John DeShazo of Snyder and Lee DeShazo of Alma, Ark.; four sisters, Mrs. Ethyl O'Neil of Lamesa, Mrs. Rose Adams of Arlington, Mrs. Mamie Ratliff of Stamford and Mrs. Herriet Watson of California; 14 grandchildren and seven great - grandchildren.

Funeral service and burial will be Friday afternoon at Lipan.

Jaycees Housing Donations Listed

More contributions to the Snyder Jaycees Hermleigh Housing project have been acknowledged by the organization. The contributions go into a fund to take care of expenses involved in purchasing four surplus FHA houses and moving them to Hermleigh to replace dwellings destroyed in a tornado last May 24.

Contributions are still being accepted at both Snyder banks. The Jaycees obligated their club for some $7,000 in the project.

New Jersey To Try Fast Electric Cars

TRENTON, N.J. (AP) — New Jersey commuters will try out several of the fastest electric commuter cars in the country next month.

The first 2 of 35 of the cars were accepted Wednesday and completed a successful initial run that State Transportation Commissioner David J. Goldberg said gave "evidence that a breakthrough in commuter travel can be made."

Representatives of various commuter organizations praised the modern cars for their comfort and performance, which included reaching a peak speed of 100 miles per hour between New Brunswick and Princeton Junction.

Candidates Clash Over N-Treaty

BY THE ASSOCIATED PRESS

Presidential candidates Richard M. Nixon and Hubert H. Humphrey clashed head-on today over prompt Senate ratification of the multination treaty against spread of nuclear weapons.

Nixon, the Republican candidate, endorsed the treaty in a statement Wednesday but said Senate ratification should be delayed until Soviet intentions in Czechoslovakia and other European nations can be reassessed.

Humphrey, the Democratic nominee, said today the very fact that tensions have increased among the superpowers shows a need for ratifying the treaty and building other East-West bridges.

"For if nations shall finally be unable to build bridges between each other in year 23 of the nuclear age," Humphrey said in prepared remarks in Wilmington, Del., "I cannot hold much hope for the future either of ourselves or of the human family."

Nixon said in Charlotte, N.C., he favors the nuclear nonproliferation treaty although he has reservations about some of its provisions and "I hope that it can be universally adopted."

"The posture and intentions of the Soviet Union toward Czechoslovakia and other nations of central and western Europe can be reassessed at a later time to see whether circumstances will then justify our proceeding with ratification."

Nixon's statement on the treaty signed but not yet ratified in Washington, Moscow and London was distributed to newsmen as the candidate addressed Charlotte Piedmont College students on lawlessness.

"It's time for new men and new policies who will stop the rise in crime and also establish respect for law all over this country," he said. "I pledge that kind of leadership."

Humphrey aides said before Nixon's nuclear treaty statement was publicized that the vice president felt he had two good issues in the treaty and the controversial nomination of Abe Fortas as chief justice and was trying to smoke Nixon out on them.

Humphrey, who has called in the past for debates with Nixon, said in New Orleans Wednesday he is willing to debate third party candidate George C. Wallace as well.

Both Wallace and Humphrey addressed the American Legion convention in New Orleans. Wallace—denouncing rioters and looters as "trash" and calling for military victory with conventional weapons in Vietnam if peace talks fail—got the better reception.

Wallace also announced his American Independent party will not hold a nominating convention because, he said, it takes "the armed forces of the country to hold one."

Republican vice presidential candidate Spiro T. Agnew said in Washington he is not going to turn his campaign into "a big Communist hunt" but expressed "surprise that there isn't more concern among the public" about what he called the growing Communist party strength in America.

Agnew said he has no fear of Communist infiltration in the government at the moment but said there is considerable Communist influence in violence-oriented protest movements.

Sen. Edmund S. Muskie, the Democratic vice presidential candidate, tore up a speech on the Republicans' economic record and told a University of Notre Dame audience in South Bend, Ind., the nation is threatened with "instability and disorder" unless Americans learn to live together.

In other political developments:

—Sen. Herman E. Talmadge easily won renomination in a Georgia Democratic primary Wednesday. But his opponent, Maynard Jackson, a youthful Negro, gained a sizeable vote in his first political effort.

—A Senate-passed bill that would clear the way for a Humphrey-Nixon debate by suspending an equal-time provision passed the House Commerce Committee by two votes and its final House fate remains uncertain.

—Sen. Eugene J. McCarthy, unsuccessful Democratic presidential contender, said he will not announce the candidate he favors or the campaign role he will play for at least three weeks.

Four million foreign tourists visit Rome each year.

Probes By Government Said Harmful

CHICAGO (AP) — The chairman of Ling-Temco-Vought, Inc., says unwarranted government investigations into conglomerates has financially hurt hundreds of thousands of investors.

"I have been cautioned by my colleagues and advisers that I am taking a substantial personal risk as well as exposing the company I work for in taking a public stand on this matter," James J. Ling, head of the diversified conglomerate LTV, said Wednesday.

He spoke at the start of a two-day conference of life insurance executives.

"Recently the Federal Trade Commission announced that wholesale investigations into the conglomerates have commenced, and alluded to unspecified 'implications,' whatever that means," Ling said.

Ling agreed to government investigation of all mergers and acquisitions but said that a lack of governmental discretion has harmed many innocent companies. He said this has triggered an economic chain reaction which has "affected the market value of scores and scores of companies and consequently hundreds of thousands of investors."

In reference to investigations made by the late Sen. Joseph McCarthy, R-Wis., in the 1950s, Ling said: "This selective agency-sponsored brand of business McCarthyism or witch-hunting is based on selective suspicion and is absolutely unwarranted."

Glen McDaniel, executive committee chairman of Litton Industries, Inc., said in another address that investigations by the Federal Trade Commission are salutary but he fears they will be only directed against the newer conglomerates.

Those conglomerates which made their acquisitions years ago, he said, probably will be left alone and it is against them and their entrenched positions that the new conglomerates compete.

Canada's Polar Bear Express, which runs 186 miles north from Cochrane, Ontario, stops anywhere for anyone who flags it down. The train's engineers have orders to pick up stranded persons who otherwise could easily perish without food in this rugged region.

ENDORSES HUMPHREY — Sen. Edward Kennedy hit the campaign trail for the first time since the assassination of his brother Robert Kennedy, and said he believes Vice President Hubert Humphrey and Ed Muskie are best equipped to handle the problems faeing the nation. (AP Wirephoto)

Texans Die In Vietnam

WASHINGTON (AP) — Twenty-five servicemen killed in action in the Vietnam war were identified Wednesday in a Defense Department casualty list. They included three Texans:

ARMY

Spec.4 Willie L. Toney, son of Mrs. Ellen Toney, 3806 Lovingood Drive, Dallas.

MARINE CORPS

Pfc. Lionel A. Ryan, son of Mr. and Mrs. Jesus T. Ryan, 701 W. Fay St., Edinburg

Changed from missing to dead—hostile:

ARMY

Spec.5 Wolf-Dieter Dietz, husband of Mrs. Bobby F. Dietz, 410 East Ave. South, Belton.

ARMY

Pfc. Robert D. Cryder, husband of Mrs. Darlene Cryder, 3434 Hidalgo St., Dallas.

HOSPITAL NOTES

Chaplain: Fr. Valladares

ADMISSIONS: Jimmy McFarland, Arah Rt.; Rejino Goozman, 1507 Ave. E; Emma Ruiz, City; Howard Sterling, Rt. 1, Lane Johnston, 2107 Twenty-seventh; Willie Smith, 4504 Denison, Earl Abercrombie, 2811 Thirty-eighth.

DISMISSALS: Laverne Miller, Yolanda Velasquez, Kathy Hammit, Verna Faver, Maudie Blakeley, Mamie Lewis, Lola Oliver, Pennie Collier, Ellis Burgess.

In the matter of Dorothy Darlene Taggart a minor, disabilities removed

Lloyd H. Merritt VS. Provident American Insurance Co., dismissed with prejudice.

The Deathwatch beetle lives in furniture and the sound made by the beetle striking its head against a hard surface is believed by superstitious people to foretell a death in the family.

"OF DIAMONDS AND DIPLOMATS"

Book Details Kennedys' Life

By JEAN SPRAIN WILSON
A Newsfeatures Writer

NEW YORK (AP) — 'Nothing was without controversy. The kitchen could not even make a peanut butter sandwich without making someone upset."

Letitia Baldrige, former social secretary to Mrs. John F. Kennedy, made this observation about her White House job in a happy autiobiography, "Of Diamonds and Diplomats," to be published by Houghton Mifflin Sept. 16.

Books relating to Mrs. Kennedy are not without controversy. Yet Miss Baldrige, now a housewife, mother and director of her own Chicago public relations firm, is confident the former First Lady will have no objection to this one.

"She knows I would not be indiscreet," said Miss Baldrige. 'Everything was already in the papers, but I told what lay behind."

"What lay behind," as she recollects sounds like a rollicking situation comedy with Lucille Ball and the Marx brothers. Some snippets, recounted by Miss Baldrige:

In her first (and last) news conference in Washington the Miami-born, Omaha-bred, Farmmington - and-Vassar-educated former secretary to Clare Boothe Luce too fliply described her new boss as "a woman who has everything, including the President of the United States;"

—Deprecatingly referred to club women as "those vast hordes of females;

—Unwittingly jarred the traditionalists by giving the impression that Mrs. Kennedy would hang modern art in the White House;

—Haplessly did nothing to dispel a notion among the press that a feud existed between Mrs. Dwight Eisenhower and the new First Lady.

Soothed by the president's father Ambassador Joseph Kennedy, consoled by her own father, a veteran Republican congressman, and encouraged by Mrs. Kennedy, Miss Baldrige says she and her distaff staff nevertheless:

Angered the Women's Christian Temperance Union by setting up a bar at the first White House party, not realizing they were breaking a dry tradition and on Sunday at that.

Insulted a Catholic priest by mistakenly sending a form letter congratulating him on the birth of a son.

Gave to Mexican orphanages, along with Mrs. Kennedy's flowers, a museum quality 18kt. gold container worth several thousand dollars, but got it back.

Nevertheless, the 337-page autobiography, of which 146 pages are about her job at 1600 Pennsylvania Avenue, contains some colorful close-ups of the handsome Kennedy family in the White House.

There was the President's problem with classical music. To keep him from applauding at the wrong time, Miss Baldrige said she worked out a door opening system to signify the end of a number.

There was, she writes, Mrs. Kennedy's duel in chic with the Iranian Empress Farah who had brought all her royal jewels to a White House visit. The First Lady won the game by dressing with classic simplicity, jewel-less except for a few sparklers on her ears and in her hair.

Dr. Baum To Serve Smith?

AUSTIN (AP) — Sources close to Lt. Gov. Preston Smith say he has chosen Dr. Elmer C. Baum, a local osteopath, to be the next state Democratic chairman.

Baum, 55, is a longtime friend of Smith and was his Austin campaign manager in each of his statewide races, starting in 1962.

A Smith spokesman said, however, Smith had made no statement on his choice for Democratic chairman, a post now held by Austin lawyer Will Davis.

Baum refused to comment on the matter.

As the party's gubernatorial nominee, Smith has the traditional privilege of having his choice for state chairman endorsed by the party's Sept. 17 state convention.

A native of Nebraska, Baum graduated from the Kansas City College of Osteopathy and surgery. He is a member of the state Board of Health.

who'd want a new dress if it were just like your old one?

How much fun would be left in fashion if all style were standardized? This system would cut down on shopping time. But it would also cut down on your individuality.

In turn, standardization would cut down on advertising, there'd be a cutback in production. And if we worked hard to do so, we might wreck the economy.

Wouldn't we be better off to leave things the way they are? Today's advertising is already policed by the world's smartest detective . . . the American consumer.

Yankees Extend String To 6

By DICK COUCH
Associated Press Sports Writer

Fritz Peterson is throwing his support behind the New York Yankees' catch-up campaign . . . and Chicago's Tom McCraw has thumbed a ride on the bandwagon.

Peterson hurled the streaking Yankees past Chicago 7-2 Wednesday night for his fifth consecutive victory after the White Sox committed four errors—including a pair by defensive replacement McCraw—in a seven-run sixth inning collapse.

The victory extended the Yanks' winning string to six games in a sustained late season drive that has carried them from seventh place in the American League to within reach of the third spot.

Elsewhere, Willie Horton's 34th and 35th homers led first place Detroit to an 8-2 romp over California; Baltimore swept a doubleheader from Washington 6-1 and 4-1 in 10 innings; Oakland edged Boston 3-2 in 12 innings and Cleveland nipped Minnesota 1-0 in 12.

In the National League, St. Louis shaded Los Angeles 5-4; Atlanta beat San Francisco 3-1; the New York Mets squeezed by the Chicago Cubs 1-0; Cincinnati took a pair from Houston 5-1 and 11-6 and Philadelphia split with Pittsburgh, winning the first game 8-6 in 12 innings and bowing 6-4 in the second.

Peterson, who has won eight of his last 11 decisions for an 11-9 season record, held the White Sox to an unearned run until the ninth, when rookie Bill Melton cracked his first major league homer. That was only the second earned marker off the New York southpaw in his last five starts.

Chicago's Joe Horlen was clinging to a 1-0 lead when McCraw took over for first baseman Pete Ward in the sixth . . . and fumbled Mickey Mantle's leadoff bouncer to trigger the wild rally. Roy White doubled, Joe Pepitone stroked an RBI single and White also scored when right fielder Buddy Bradford bobbled the ball.

McCraw's wild throw to second on Tom Tresh's grounder and an intentional walk filled the bases before Peterson sent Pepitone home with a squeeze bunt to Horlen, who threw the ball into right field, allowing Tresh to score. Horace Clarke followed with a two-run single and eventually scored the seventh run . . . on a wild pitch by Wilbur Wood.

Horton's first homer of the game touched off a five-run burst in the second inning that carried southpaw John Hiller to an easy victory.

Bill Freehan also homered and Dick McAuliffe and Don Wert drove in two runs apiece for the Tigers, whose pennant clinching magic number was reduced to eight. They lead second place Baltimore by eight lengths with 15 games remaining.

Hiller, 8-5, gave up 10 hits on the way to his 18th victory and Brooks Robinson and Boog Powell each delivered two runs as the Orioles took their opener. Dave Johnson won the nightcap with a three-run homer off reliever Dave Baldwin in the 10th.

The A's pushed over the winning run against Jim Lonborg, who went the distance for Boston, when pinch runner Allen Lewis zipped to third on the front end of a double steal and scored on Bert Campaneris' sacrifice fly.

Mike Hershberger led off the 12th with a single and gave way to Lewis, who moved to second on a sacrifice bunt before Jim Gosger was walked intentionally, setting up the double steal.

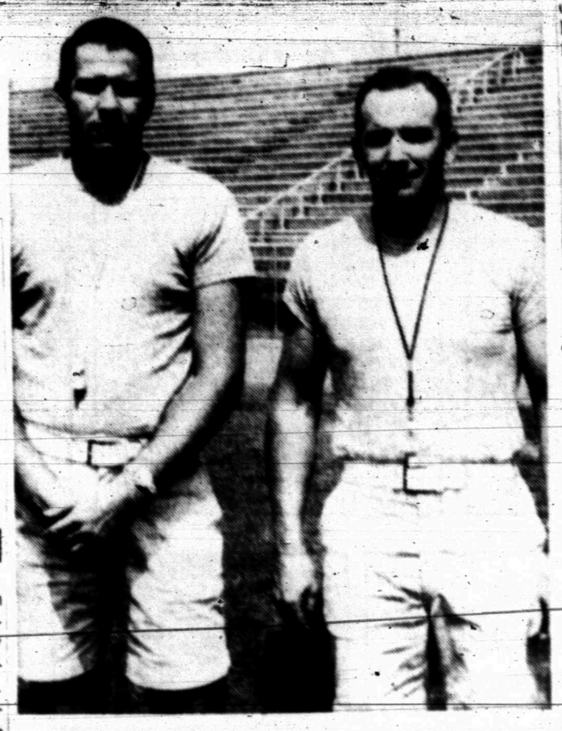

Carl Yastrzemski went 4-for-5 for the Red Sox, boosting his league leading batting average to an even .300.

Jack Hernandez 12th inning error and singles by Max Alvis and pinch hitter Lou Johnson broke up a scoreless duel at Minnesota. Sam McDowell and relievers Vicente Romo and Horacio Pina combined to blank the Twins on six hits.

KITTEN COACHES — From left, Jerry McLeod and Roy Carter will guide the Junior Varsity Kittens again this season. The Snyder High School team inaugurates its season Saturday morning with a 10 o'clock clash against Big Spring in Tiger Stadium.

JUNIOR VARSITY — The Snyder High School Junior Varsity football team is ready for another season. There are several spirited boys on the team, including, from left to right, Front Row, Mike Mize, Ricky Freeman, Billy Guynes, Gary Harless, James Norred, Steve Camp and Leo Jackson; Second Row, Bill Lockhart, Randy Beard, Larry Wall, Bobby Thompson, Ron Thomas, Jerry Beard, Melvin Edwards and Neal Starnes; Third Row, Harvey Pinkerton, Danny Baker, Gary Shields, Bid Cooper, Bill Branson, Johnny Mata, Top Row, Coach Jerry McLeod, Billy Kay, Bill Wilson, Norman Davis, Bruce Ellard and Scott Morgan; and, Travis Angel, Glenn January, Steve Dillaha, Joe Hale, David McCommas, and Coach Roy Carter.

Cooperation At Football Games Asked

School administrators again are seeking cooperation of parents in preventing unnecessary movement of students and confusion at local football games.

Each family is urged to maintain responsibility for its youngsters.

Constant movement in and out of the stadium is distracting to fans, it was reminded. Also, it is a potential hazard to the children.

Also parents have been reminded of the hazards if children climb girders under the stands, or participate in impromptu games in the area while the regular football games are in progress.

"It is the firm belief of the school that football games are a wholesome, family - type spectator sport, but it is also the school's position that the family should assume the responsibility for the actions of its own children," school administrators said.

Seating arrangements will be the same as last year for home games. The SHS band will be in Sec. 7 of the west stands, with that area being railed off for that purpose. High school student seating is in Sec. 8 and the portion of Sec. 7 not required by the band. Secs. 9-10-11 are reserved seat sections, while Sec. 12 has been set aside for junior high students. The bleachers south of the main stadium will be used by elementary students that are not seated with parents or relatives in the main stand.

Tom Stands Up For Dapper Don

DALLAS, Tex. (AP) — Coach Tom Landry vigorously defended Dallas quarterback Don Meredith Wednesday from the boo birds who bombarded the veteran signal caller with cat calls after he had four passes intercepted last week against Baltimore.

Landry said "Meredith played an excellent game. If I thought he would play that well in the next 14 games, I'd be very happy."

He said Meredith was exceptionally sharp and was victimized by busted assignments, fumbles and dropped passes. Dallas lost the exhibition game 16-10.

On another subject, Landry said the National Football League opener with Detroit Sunday in the Cotton Bowl would be a "real tough football game."

"There's nothing more important than winning the first league game," said Landry. "It would be difficult blow to recover from if we lost it."

Landry said free safety Mel Renfro was slated to see action. The speedy touchdown saver was injured in the opening preseason game against the Chicago Bears and missed the next five with a leg injury.

"He's been running well and doesn't seem to be hurt—we're very encouraged," Landry said.

Running back Danny Reeves, a demon with the halfback pass, was listed as a probably starter although he is still limping with a bruised foot.

"Craig Baynham and Les Shy will more than likely see action in the game," said Landry. They are backup men for Reeves.

Landry said Detroit "has the same quality defense as Green Bay, Baltimore and Los ngeles. They are a coming team. They have quickness and determination."

He said the Detroit attack was explosive with Mel Farr at running back and rookie Earl McCullouch at end.

L'Horns Accept Challenge, Cadet Varsity Is Explosive

BY THE ASSOCIATED PRESS

A prediction at Texas and an explosion at Texas A&M highlighted Southwest Conference football camp activity Wednesday.

The prognostication was by Chris Gilbert, star tailback for the Longhorns, who says he has been hearing all summer about how the University of Houston is going to beat Texas Sept. 21.

"I've gotten some clippings in the mail telling about what they're going to do to us," Gilbert said. "I'd compare them to 1967 national champion Southern California. They have speed, size, quickness, just like USC did—but they're not going to beat us."

The Longhorns continued to point Wednesday for their opener against Houston, viewing films of the latest scrimmage. Sophomore Bill Atessis of Houston was graded an excellent 94 per cent as defensive end.

At College Station, Texas A&M's first units blasted the rest of the squad 64-0 in a controlled scrimmage.

Aggie coach Gene Stallings said, "I thought we looked better than we did the last time we scrimmaged. Maybe we won't have any more full speed work for the first teams. We can't afford any injuries this close to our opening game."

A&M quarterback Edd Hargett ran for two touchdowns and passed for two more. He hit Bob Long and Barney Harris on scoring passes of 1 and 9 yards.

Southern Methodist quarterback Chuck Hixson connected on 10 of 16 passes for 196 yards and three touchdowns in a controlled scrimmage. Touchdown tosses of 11 and 14 yards went to Ken Fleming. Randy Beck grabbed a 45-yarder.

At Baylor, coach John Bridgers applauded the progress his team has been making.

"The thing that has pleased me most," Bridgers said, "is the enthusiastic hitting and hustle taking place in practice. . . These men want to win and are determined to show people they can be winners."

Astros Twice Beaten By Cincinnati Reds

CINCINNATI (AP) — The Houston Asros—victims of strong pitching and a barrage of basehits—fell victim twice to the Cincinnati Reds Wednesday night in National League play, 5-1 and 11-5.

Gary Nolan breezed to victory in the first game and Lee May gave him all the firepower he needed by driving across three runs with a seventh inning double.

The Reds erupted for six runs in the eighth inning to take the nightcap. Doubles by Vada Pinson and Johnny Bench were the big blows.

No games are scheduled today in the NL and the Astros, after the double drubbing, can use the rest.

It's That Time Of Year Again

A full slate of football battles are on tap during the opening week of the season with most local and area elevens scheduled for action.

The big game, of course, will be in Tiger Stadium Friday night when Lubbock Dunbar, defending champion in District 3-AAA, arrives for a 7:30 p.m. clash with the Snyder High varsity.

The Tiger "B" team inaugurates its season Saturday morning on the same field with a 10 o'clock tussle with Big Srping. Two other tilts are on tap Saturday with Travis 8th colliding with Sweetwater at 5 p.m., followed by a tussle between Travis 9th and Colorado City at 7:30 p.m. Both of these games also will be unreeled in Tiger Stadium. The Travis Blue Devil band will perform between the Junior games.

Also on Saturday, Lamar 9th grade journeys to Lamesa for a 6 p.m. test.

On the area scene Hobbs and Ira both will be at home Friday night with their Six-Man crews. Hobbs will host Lueders while Ira entertains Mertzon. Gail's eight - man unit will be at Unioon (near Brownfield) while Hermleigh tangles with Loraine there in an eleven-man battle.

Elsewhere in District 3-AAA, Sweetwater's hopeful Ponies host Lamesa, Brownfield invades Lubbock Estacado, Levelland visits Colorado City and Lake View travels to Slaton for other Friday night affrays.

It Ain't No Joke, Son!

DALLAS (AP) — Texas A&M is the pick of writers touring Southwest Conference football training camps to repeat again for the championship in 1968.

The biggest surprise in the censensus was the choice of Texas Tech for second.

The survey has been correct only once in seven previous consensus selections.

Aggies Have A Gunner, But Need Armor On The Fortress

By DENNE H. REEMAN

COLLEGE STATION, Tex. (AP) — The Texas Aggies have the "gunner" and the "destroyer" to repeat as Southwest Conference football champions this fall, but the problem that haunts Coach Gene Stallings is the lack of depth.

"It bothers you when you only have 34 or 35 football players," says stallings. "I thought our first units put out more effort than anyone during the spring, but I was disappointed with the second and third units."

Stallings has the premium quarterback in the Southwest Conference this fall in senior Edd Hargett, the big play Mr. Ice of the Aggie attack. But there is not really any capable backup help available for Hargett, who operated last season on two bad knees.

The rifle-armed Hargett needs but 14 touchdown passes to tie a SWC career mark of 38 set by immortal flinger Sammy Baugh of Texas Christian.

"If we get our quarterback hurt we will be in big trouble," said Stallings.

Every solid team must have a leader on defense, preferably at linebacker. The Aggies have such a player—All-American Bill Hobbs, who ran an intercepted pass back 100 yards against Texas Christian last year.

He's the heart of the defense. So, Stallings can count on quality leadership from both the offense and the defense, which intercepted 27 passes and revovered 12 fumbles in taking A&M to a 20-16 Cotton Bowl championship over Alabama New Year's Day.

But lack of depth and an inexperienced offensive line have him worried.

"There is no way we can have a great offensive line," he says.

Rugged fullback Wendell Housley returns to team with Hargett along with tailback Larry Stegent. Hargett has excellent targets in Bob Long, Barney Harris, Tommy Maxwell and Jimmy Adams, all of whom can play wing back or split end, and strong end Tom Buckman.

Center Jack Kovar and weak tackle Carl Cough, both juniors, return as the only other two starters in the offensive line. The other spots are up for grabs with Jim Parker ahead at strong guard, Rusty Stallings at weak guard, and Mike Fields at strong tackle.

The defensive unit is practically set with sophomore Mike DeNiro moving into the only spot vacated from last year's starting defensive team when end Grady Allen graduated.

Jim Piper joins DeNiro at the other end. Rolf Krueger and Harvey Aschenbeck are the tackles, Lynn Odom the middle guard, Ivan Jones the rover, Hobbs and Buster Adami the linebackers, and Ross Brupbacher and Curley Hallman the halfbacks. Maxwell will double at safety.

Punter Steve O'Neal, who averaged 42.1 yards on 81 punts, returns as does place-kicker Charlie Riggs who kicked 8 of 10 field goal attempts and 15 of 18 extra points.

The Aggies carry the nation's longest major college win streak—seven—into its opening game.

A&M travels to Baton Rouge, La., Sept. 21 to battle Sugar Bowl champion Louisiana State. This should provide a test of whether the Aggies have retained last year's magic touch.

Hargett looks at the season this way:

"We'll have to be 25 per cent or more better than we were last year if we want to win again."

Idea Of Guaranteed Income Being Reviewed Regularly

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Although the guaranteed income may not be a critical issue in the presidential campaign, its proponents and opponents again will make sure that it gets an airing. They seldom miss an opportunity.

About the only conclusion reached so far is that so long as the war in Vietnam continues there will be no such thing for all Americans as a basic minimum wage, an assured income no matter what job a person holds or even if that person works at all.

Still, the idea surfaces regularly and is supported by a wide range of individuals who share almost no other beliefs in common. The issue begins to sound like one whose time is approaching.

It is obvious that the existence of desperate poverty and comfortable wealth side by side in a nation that seeks equal opportunity for all is one of the basic causes of race and class antagonisms. A guaranteed income could be one answer.

Most popularly suggested is a system using the existing federal income tax structure. The graduations of tax payments now generally decrease until zero is reached. Zero is when a person of low income owes no tax.

Under the guaranteed wage, however, those of extremely low income, or none at all, not only would pay no taxes but would receive payments to bring them closer to zero, or the minimum needed for basic necessities. Incentives to earn would be built into the system. This is the negative income tax.

Here are some of the arguments likely to be heard in coming weeks. First, as the result of the flip of a coin, are those against.

— It is immoral. You must work to earn your living. Income is not a right.

— It would perpetuate the handout system. It would weaken incentives to save and invest and thus become a terrible drag on the economy.

— It would reduce the number of people willing to fill service jobs, to shine shoes, wash cars, mow lawns, act as porters or take "the smelly jobs," as one economist put it.

— It would be inflationary. You just can't pass out all that money—it might be as much as $25 billion a year—without creating a situation where you have too many dollars chasing too few goods. Prices are bound to soar.

—There is no assurance that the individual will not use the money at the racetrack or in a dice game or on marijuana or whisky while leaving a youngster starving.

— It is undignified and will reduce a person's self-esteem and desire to climb out of poverty.

Those in favor of a guaranteed annual income argue:

— What greater indignity is there than being unable to live as a member of society, to become so depressed that physically and psychologically the climb from poverty is impossible?

—It would reduce the cost of welfare by substituting for hundreds of state and local programs. It would reduce red tape and bring order to chaotic and often duplicate services.

— A guaranteed annual wage would reduce the stigma of welfare.

—It would give individuals more choice in the use of funds. Rather than receiving food stamps and handouts they would be encouraged to learn the use of money in a competitive society.

— Economically speaking, the poor represent a great untapped market.

— It would reduce discrimination in the use of welfare funds.

— Present antipoverty programs fail to include many people living in poverty. And many of those covered never progress above their lowly status.

Junior Editors Quiz on SOUND WAVES

QUESTION: *Why shouldn't sound waves go back and forth from the moon?*

* * * * *

ANSWER: We know light travels through space. And since we know both light and sound travel by waves, we wonder why sound shouldn't travel through space, too. But sound and light waves are very different. Light waves are electrical by nature, and electric impulses can move without the help of atmosphere or air. Earth's atmosphere of air extends only about 100 miles up. Beyond this, to the moon, 100,000 miles away, is an area mostly without air, a vacuum. Light rays can move through this, as proved by the fact that we see the light of the moon. But sound could not possibly go through such a vacuum. For sound to travel, it must vibrate the actual air near its point of origin and send this vibration along through other areas filled with air. That is what is wrong with our drawing. No listening station for moon sounds will ever be built, because sounds couldn't cross the vacuum to the moon or be sent back. Someday, strange costumes like the one we show may be designed, but they won't be worn by workers connected with moon-sound stations.

9-12

(Joseph McCann of West New York, N.J., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Time Has Come To Think Sink

By JOY STILLEY

NEW YORK (AP) — If practice really makes perfect, I ought to be about the world's best dishwasher by now.

While I don't claim to be international champion of the soapsuds set, I do feel I could win dishpan-hands-down in the 100-plate dash. And I'm certainly in top form for the china cup races.

My method of cleansing the cutlery may leave something to be desired, but the quantity of my endeavors makes up for what my technique lacks in quality.

I am not of the school which believes in cleaning up as you go along. Some hostesses I know are so devoted to this modus operandi that I have to defend my cup from their overenthusiastic efforts to get it washed and put away before I have even finished my coffee.

While I admire this scientific type of housekeeping, it is definitely not my style. I am a member of the cult that washes dishes only when the sink is full —or the cabinet empty.

According to authorities on the subject of after-meal cleanup, the accepted way to do it is to wash the glasses first, the silver next, the dishes third and, finally, the pots and pans.

I don't subscribe to that theory. I just fill the sink with a bubbling cauldron of soapsuds, toss everything in at once and let the china chips fall where they may.

While all the equipment is soaking together in democratic style, I'm free to loaf for awhile longer, happy in the thought that the dirty dishes are at least out of sight, if not out of mind.

But despite all these delaying tactics, the moment arrives when I have to think sink. The experts who advise that it's more sanitary to let the dishes air-dry than to use a towel found a willing disciple in me. Mine stay in the drainer until they go back on the table.

I have been reading with great interest predictions of life in the future. According to these forecasts, dishes will be molded as needed right at the table. And they will be just as easily disposed of.

I try to keep this utopian vision in mind as I strive to increase my speed and stamina to attain championship form in the swish-the-dish sweepstakes.

Underworld Figure To Be Sentenced

HOUSTON (AP) — Carlos Marcello, New Orleans rackets figure convicted on an assault charge, was to be sentenced in federal court today.

Marcello, 58, was convicted here Aug. 8 on a charge of assaulting FBI Agent Patrick J. Collins Jr., 39, Sept. 30, 1966 at the New Orleans International Airport.

U. S. Dist. Judge John V. Singleton could rule today on the latest defense move for a new trial. Marcello's attorneys contend that testimony about "la cosa nostra" during the trial prejudiced the jury.

The conviction is being appealed and Marcello will remain free on bond.

NOTICE TO BIDDERS

Sealed proposals addressed to O. H. Ivie, General Manager, Colorado River Municipal Water District, P. O. Box 869, Big Spring, Texas 79720, for the construction of the Diversion Pump Station on the Colorado River will be received at the District Office, 1318 East Fourth Street, Big Spring, Texas until: 10:00 A.M. Thursday, September 26, 1968 and immediately thereafter will be publicly opened and read aloud. Any bid received after closing time will be returned unopened.

Concurrent with the receipt of bids for Station construction, proposals, addressed as indicated above, will be received for the furnishing of certain items of plant equipment. A listing of the items of equipment is given in the Instructions to Bidders and information pertaining to the purchase of the equipment is given in the Special Conditions.

Contract Documents, including plans and specifications, are on file and may be examined without charge in the District Office, Big Spring, Texas and the offices of Freese, Nichols and Endress, Consulting Engineers, 508 Throckmorton Street, Fort Worth, Texas, 76102 Contract Documents, including plans and specifications, may be procured from Freese, Nichols and Endress at the above address at $10.00 per set, which will not be refunded.

Proposal forms, including specifications, for items of equipment on which separate proposals will be received by the Owner may be obtained without charge at the offices of Freese, Nichols and Endress, as above indicated.

Bid security and performance and payment bonds shall be as set forth in the Instructions to Bidders.

There shall be paid on this project not less than the generally prevailing wages which have been determined by the Owner and which are contained in the schedule that is a part of the Contract Documents.

The Owner reserves the right to reject any or all bids, to waive formalities, and in case of ambiguity or lack of clearness in stating proposal prices, to adopt such interpretations as may be most advantageous to the Owner. No bid may be withdrawn until the expiration of thirty (30) days from the date bids are opened.

Will Chinese Celebrate With N-Blast?

By SPENCER DAVIS
Associated Press Writer

WASHINGTON (AP) — Communist China apparently is setting the stage for a major celebration on its 19th anniversary Oct. 1. U.S. experts do not rule out a nuclear test shot to capture world attention.

Red Chinese scientists at testing grounds in Sinkiang province of western China have all the materials and the sophistication needed to conduct such a test from the ground or from a jet bomber, officials say.

This could happen at any time without elaborate and detectable advance preparations, they add.

American experts say they think the Chinese Communist nuclear program has been slowed by the Cultural Revolution.

The trouble seems to be of political origin in Peking, rather than as the result of any specific disorders in Sinkiang, the province bordering the Soviet Union.

There have been about half a dozen confirmed Chinese nuclear blasts, with the last believed to be a hydrogen-type explosion in the early summer of 1967.

Peking Radio announced Friday that revolutionay committees have been set up in Sinkiang and Tibet—the last two of the 29 major administrative units in China to be brought under such control.

For the past six months, according to information reaching Washington, Communist China has been edging toward more organized control under the military pattern and away from the earlier chaos of the cultural revolution.

This pattern showed up again in Sinkiang and Tibet with the complete domination of the military over the local government organization.

Although a successful nuclear blast would be an attention-getter, American military analysts are more interested in when Red China will test its first intercontinental ballistic missile.

Pentagon sources say the Chinese are about a year behind schedule and that the lag also may be traceable to the Cultural Revolution.

The delay in testing long-range missiles has been of special interest in view of plans by the United States to construct the $5-billion Sentinel Antimissile defense system.

Secretary of Defense Clark M. Clifford, citing the Soviet invasion of Czechoslovakia, has ordered work to go ahead on the Sentinel in the belief the United States must hold a position of strength in any negotiations.
