## DEMOCRATS ARE TO FIGHT THE TAX BILL AS FAVORING WEALTH

CHARGE PENDING MEASURE WILL PLACE MOST OF BURDEN ON POOR CLASSES.

## POLITICS GOING TO PLAY A PART IN THE FUTURE

Expect Plan of War Debt Payment Will Be Chief Issue For a Number of Years.

By MARK BULLIVAN, National Political Correspondent of the New York Evening Post and the Wichita Daily Times. (Copyright, 1921, by New York Evening Post.)

WASHINGTON, Aug. 15.—From the beginning of next week until the time congress takes a recess will be a field day for the democrats in the lower house. The republican tax bill will probably be introduced next Monday and from then on the entire time of congress until it adjourns will be given to debating that measure.

The democrats will be very much "on the job." They regard this as their opportunity. They believe that the principal political issue in this country between the next parties for 10 to 20 years to come, stated in the broadest terms, will be how to pay the war debts. This broad subject includes, of course, not only taxation but also everything of a fiscal nature that the government does. The democrats recall that for more than 15 years after the civil war the principal political contest in the west and middle country was over the tariff and the silver issue. Indeed, if the free silver controversy be included, the period was 20 years.

The democrats count confidentially on a history of success in the future if they propose to take every advantage of the situation. The democrats propose to attempt to show that the republicans are paying the war debt by taxes, classes which include most of the consumers, and which do not include the very rich. The ramifications of this issue will include the republican attitude on the tariff and will also include an attack by the democrats on the federal reserve board's management of the banking affairs of the country.

This latter attack has, in fact, already begun. The federal reserve board has been pursuing a policy of deflation, which among other effects has the indirect result of tending to restore the dollar to somewhere near the purchasing power it had before the war. Such a policy, stated in the broadest sense favors those classes of the community whose property is in the shape of fixed assets and whose currency like the owners of liberty bonds, railroad bonds, life-insurance policies and the like.

The democrats will attempt to show that the republicans are doing an aggressive work. They have raised money and have come more near to paying off their debts than the republican national committee has.

The democrats are confident of the effort made last spring to unseat Chairman George White is over and apparently has left no scars. The fight was largely a contest for leadership and for some time in the national committee between friends of Governor Cox on the one hand and William J. McAdoo on the other. That this kind of personal contest for leadership does not help in the interest of the most serious democratic leaders and they are taking steps toward aggressive party management and organization, not the least of which is the selection of a candidate for the presidency but in the interest of the party as a whole.

## PASSENGER STEAMER IS REPORTED AGROUND BUT THOSE ON BOARD SAFE

SEATTLE, WASH., Aug. 15.—The passenger steamer Princess Ena, operated by the Canadian Pacific railway between British Columbia ports, is aground in Alert bay on the mainland, 70 miles north of Vancouver. B. C. Passengers and crew are reported to have been landed successfully and the vessel is in no immediate danger.

## REACH DEADLOCK IN NEGOTIATIONS OVER RELIEF FOR RUSSIA

WASHINGTON, Aug. 15.—A deadlock was reached today in the negotiations relative to American relief for Russia's famine sufferers between the American relief administration and Maxim Litvinoff, acting on behalf of the soviet relief committee. Action by Washington and Moscow will be necessary to decide the issue, it is declared.

## WILL ADHERE TO THE CONDITIONS LAID DOWN

WASHINGTON, Aug. 15.—Conditions laid down at Riga by the American relief administration for famine relief work in Russia will not be varied from the principle of American control of distribution in Russia, Secretary Hoover said today. Mr. Hoover did not, however, regard the situation at Riga as a deadlock.

## 'JELLY BEAN' CASES ARE DISMISSED BY JUDGE CITY COURT

COURT ROOM FILLED AN HOUR BEFORE BEGINNING OF DALLAS CASE.

## TWO ARE CHARGED WITH OBSTRUCTING SIDEWALK

Centre College Football Star and His Brother Defendants in City Court Case.

DALLAS, Aug. 15.—Gus King, Centre college football player, and his brother, Joe, were freed of charges of obstructing the sidewalk, resulting in a trial until next Monday.

The case, which was heard by Judge Felix D. Robertson in corporation court here shortly after noon today, involved charges of using abusive language and assault and battery against Gus King, and using abusive language against his brother, Joe, and using abusive language against a policeman near the courthouse on the east side of the city.

Joe King had become the crowd by the time the trial started that it again became necessary to hold the hearing in the city hall auditorium as in the trial last week of eight young men, including the King brothers, on a charge of disturbing the peace. It was estimated that more than 700 people witnessed the trial.

During argument on the charge of abusive language, a spirited tilt developed between Defense Attorney Mike Lively and Joe King, city prosecutor, as to whether a prisoner had the right to curse an officer while under arrest. It ended when Judge Robertson held that the law upholds a man in cursing an officer and dismissed the charge. However, Joe King, personally, he thought it cowardly for a man to abuse an officer who had arrested him.

## MORE THAN THREE HUNDRED UNABLE TO GAIN ADMITTANCE

DALLAS, Aug. 15.—More than 300 persons were refused admittance to Judge Felix D. Robertson's court room in corporation court here this morning when the case of Gus King, Centre college football star, and his brother, Joe, charged with violating an officer, obstructing the sidewalk and abusive language, was called for trial.

The court room was filled to capacity an hour before the trial began and scores of people were forced to leave upon the announcement of Chief of Police Elmo Strait that only those who could find seats would be allowed to remain.

The two young men, members of a prominent family here, were among eight arrested last Monday night on a downtown street corner following an attack on a policeman when he ordered them to move on and stop loafing around on the street.

The youths stated that they were not loafing on the street, but had just stepped over to the curb to speak to a friend in an automobile when the policeman came on and stop loafing around on the street.

Six of the young men, charged with disturbing the peace, were acquitted at their trial last week.

Much interest has attended the hearings, officials being compelled to hold the former trial in the city hall auditorium when it was found that the court room would not accommodate the many friends and relatives of the young men.

Upon taking his seat on the bench this morning, Judge Robertson announced that any boisterous display of sentiment such as was expressed at the trial last week in favor of the defendants would be met with dismissal of every spectator from the court room.

## POLAND PROTESTS PROSPECTIVE DELAY IN UPPER SILESIA

WARSAW, Aug. 15.—The Polish cabinet today decided to protest to the allied governments declaring the postponement of a settlement of the Upper Silesian problem will do Poland irreparable harm. The note will assert that the principle of American control of distribution in Russia, Secretary Hoover said today. Mr. Hoover did not, however, regard the situation at Riga as a deadlock.

WALTER LYMAN BROWN, European director of the administration, Litvinoff, it is understood, will stand firm in his refusal to sign some of the American conditions unless ordered to do so by the Moscow government.

## CONFIDENT OF MORE HARMONY BETWEEN CAPITAL AND LABOR

TORONTO, ONT., Aug. 15.—Belief that the movement of American capital toward a return to open shop conditions in the wage wars, expressed by Matthew Well, president of the Photo Engravers union, in an address opening the union annual convention here today.

He declared that the open shop movement, together with the campaign for reduction of wages, had "materially intensified the present industrial depression." He expressed confidence, however, that the near future would bring harmonious relations between employers and employees. Both factions, he said, were at present sincere in their desire to co-operate toward evolving working agreements that would be fair in the light of changed conditions.

Wage reductions, he said, could play but a small part in securing any understanding between the two parties as they involved the admission that remuneration of workers should fluctuate about the cost of living—a doctrine to which labor could not assent.

## ENGAND IS FACING THE CRUCIAL PERIOD IN IRISH SITUATION

LETTERS MADE PUBLIC INDICATE A VIRTUAL DEADLOCK EXISTS.

## FURTHER DEVELOPMENTS ARE ANXIOUSLY AWAITED

Not Considered That Door Has Been Closed to Further Negotiations.

LONDON, Aug. 15.—England today faced a crucial period in the negotiations looking to the establishment of peace in Ireland. The action of the British government yesterday in making public letters exchanged between Prime Minister Lloyd George and Eamon de Valera, Irish republican leader, showed people that a virtual deadlock existed, and that further negotiations would be left open for further parleys. It was apparent that the situation was one of considerable tension, and it would wait until the reports from Dublin which might indicate what the Irish republicans would do to counter the unexpected move of the government in giving the correspondence to the press were anxiously awaited. It appeared the next step should be made in that city, as Mr. Lloyd George himself said in the course of the correspondence, and it seemed that Mr. de Valera and his colleagues must meet the situation thus created.

Whether they would issue a statement today, or would wait until the opening of the Irish republican parliament tomorrow, was uncertain. The government of the precipitate action of the British government in making public the correspondence and the demand of the Irish republicans had not been disclosed, but it would appear that the prime minister sought to bring the matter before the country on the eve of the meeting of Dail Eireann.

Government terms were, in brief, Dominion status for Ireland, with complete autonomy in financial matters, but without tariff or trade restrictions, and the British navy would maintain defense forces and police, but her territorial forces would be withdrawn.

Ireland would maintain her own postal system, but would grant England air defense and communication facilities. Ireland would have control of her own educational and industrial affairs, but the British navy would maintain its hold on the seas around the island. A share of the United Kingdom's debt would be assumed by Ireland, the exact amount to be fixed by arbitration.

Mr. de Valera, in reply, demanded full independence for Ireland and suggested a treaty of association with the British Commonwealth group. Treaties regarding trade and limitation of armaments were urged by the Irish republican chief, together with a declaration of the British government and other communications. The latter problem would be left to the Irish themselves for solution. Mr. de Valera declared that the employment of force was not contemplated.

Attitudes of Ulster government has been made plain in a letter to Mr. Lloyd George from Sir James Craig, the Ulster premier. Sir James expressed the loyalty of his government to the empire and reiterated his faith in the confederation with Mr. Lloyd George and the Sinn Fein as to some means of settling the Irish controversy, but declared he would not support any plan which he described as a move to "force the government to repudiate the Irish act" and to "press for wider powers."

Sir James said he would not interfere in the dispute between the British government and the Irish republicans, but would stand ready to co-operate on equal terms with southern Ireland in carrying out any agreement they reached.

Most of the London newspapers in their comment on developments in the north are in effect, the commission said, "but for 1921, judging by the figures for the first four or five months, it promises to equal or exceed that prior to the war."

## SUGGEST A REDUCTION IN RATE ON LIVESTOCK IN WESTERN TERRITORY

WASHINGTON, Aug. 15.—Freight rates on livestock in western and mountain Pacific territory were found by the Interstate Commerce commission today to be not unjust and unreasonable, but suggested that the rates be reduced voluntarily to 80 per cent of the present rates, the reduction not to be less than 25 cents a 100 pounds. Rates as suggested may be published to become effective on not less than five days' notice, the commission said.

Emergency reductions granted last week are in effect, the commission said, and there is nothing to show that they materially increased traffic or that present rates have appreciably reduced the movement of livestock, which has been some reduction in movement since 1918 and 1919 when the movement was greatest," the commission said.

"There has been some reduction in movement since 1918 and 1919 when the movement was greatest," the commission said, "but for 1921, judging by the figures for the first four or five months, it promises to equal or exceed that prior to the war."

## REPUBLIC OF BARANYA HAS BEEN PROCLAIMED

By Associated Press. BELGRADE, Aug. 15.—Magyar and Jugo-Slav elements in southwestern Hungary held a meeting at Budapest yesterday. A hundred miles southwest of Budapest, last night, and it is reported here that the republic of Baranya (the name of the province of which Pecs is the capital) has been proclaimed with the presidency offered to Count Karolti.

## ALEXANDER HOWAT CALLED BEFORE THE EXECUTIVE BOARD

PITTSBURG, KANS., Aug. 15.—Alexander Howat, president of the Kansas miners union, has been called before the international executive board of the United Mine Workers of America, meeting at Indianapolis. The order for his appearance came from President John L. Lewis and interrupted the speaking campaign against Howat in making in Kansas.

It is understood Howat was called in connection with the investigation of the strike at the Dean Coal and Mining company's plant which has kept the plant idle for four months. A committee of the international organization made an investigation and differences between Howat and Lewis at that time, several weeks ago, absorbed attention in mining circles.

The committee of the international board reported to Lewis that the Dean strike was unlawful, but the summons of Howat before the board is the first official action taken by the international organization in connection with the Dean strike since the investigation.

## SAYS BUSINESS AND FINANCIAL AFFAIRS IN BAD CONDITION

WASHINGTON, Aug. 15.—Business and financial conditions in states served by the tenth federal reserve bank, Kansas City, are deplorable, due to high cost of production and distribution of agricultural products and prevailing low prices, A. E. Ramsey, chairman of the federal reserve bank at Kansas City, told the interstate commerce commission today in hearings on freight rates on grain products and hay.

The complaint against present rates was made by the Kansas state railroad commission, joined in by 20 other states and various grain producers associations.

Producers are unable to sell their products above the cost of production and distribution. Mr. Ramsey said. Assets of the banks in that section are more nearly frozen, he added, than at any time in his experience with little prospect of improvement until another crop is produced and farmers able to realize a profit.

Interest burdens of farmers in the territory have increased approximately 11 per cent, the witness said.

## LEAD NECESSARY FOR A REDUCTION IN GRAIN RATES

WASHINGTON, Aug. 15.—Rate experts, statisticians and economists are on hand today to testify in the five-day hearing before the interstate commerce commission as to the necessity for reductions in freight rates on grain products and hay in the western states.

The hearing is the first of a series of public hearings, held by the interstate commerce commission, to determine the necessity for reductions in freight rates on grain products and hay in the western states.

## PUEBLO IS TAKING FLOOD PRECAUTIONS

Score of Men Ready to Give Warning To Residents Along Fountain River.

PUEBLO, COLO., Aug. 15.—Scores of men were stationed along the banks of the Fountain river here today, prepared to warn residents of the river bottom region in the Groce section to leave their homes if the river, swollen by heavy rains in the north, goes higher.

Railroad officials notified the police department shortly after midnight that the river had risen suddenly and all police officers were ordered to duty along the river banks.

The Fountain has not overflowed here, but in the stockyards district, just below Pueblo, the high water of the Fountain and Arkansas rivers has flooded the lowlands and caused some damage to crops.

At 1:30 o'clock this morning Santa Fe railroad officials announced their bridge over the Fountain river east of here had been washed out and that all of their wires between Pueblo and the east were down.

## HOUSE REFUSES TO CONCUR IN THE SENATE CHANGES IN TRUCK BILL; CONFERENCE COMMITTEE NAMED

AUSTIN, August 15.—The free conference committee on the educational appropriation bill has agreed to make a report, stated Representative Satterwhite of Carson today, one of the house conferees. A majority of the house conferees have agreed to accept the proposition made by the senate conferees. Curtis and Westbrook will oppose the report.

The proposal of the senate conferees is for 20 per cent cut in all salaries above \$2400 and no cut in salaries below that amount.

AUSTIN, Aug. 15.—Speaker Thomas announced this morning the appointment of the following representatives as the house free conference committee on the truck tax amendment bill: Johnson of Wichita, H. P. Havens and Sims. The house refused to concur in the senate amendments.

The senate bill raising the salary allowances of the highway commission was passed this morning by the house. Under the bill the commission can now receive \$10 per day for a maximum of 150 days. The original bill carried \$15 for 100 days, but an amendment by Representative Marshall made the change.

Representative Merriman introduced a resolution in the house proposing that the house condemn the action of employing married women in the capital whose husbands either work for the state or private concerns and requesting the department heads to submit a report to that effect to the house. The resolution was adopted.

A resolution by Sweet of Tarrant that the "house take action to operate the steam rellies" was tabled. It is understood that the bill is under consideration and differences between Howat and Lewis at that time, several weeks ago, absorbed attention in mining circles.

## U. S. SOLDIER HELD IN MATAMOROS FOR WHOOPING 'EM UP

BROWNSVILLE, TEXAS, Aug. 15.—Mexican authorities are detaining Private Morgan, Fourth United States cavalry, who last night started rioting by shaking in his horse armor the international bridge and after evading both American and Mexican customs and immigration guards, began a wild ride through the city streets with several Mexican officers in pursuit.

He was captured while trying to reverse the automobile and taken to the Mexican commandant at Matamoros immediately telegraphed the war department at Mexico City for instructions as to procedure in the case.

The soldier was held for several hours and to have fired several shots in response to a fusillade directed at him by Mexican customs guards after he failed to obey their commands to halt. No further details were given.

# YOUTHFUL "KLAN" INVADES HOME IN SEARCH OF VICTIM

### MOB OF BOYS STORM TENTH STREET HOME IN EFFORT TO "GET" SOMEBODY.

### SOUGHT VENGEANCE FOR WHIPPING EARLIER IN DAY

### Police Make 13 Arrests After House is Entered—Intended Victim is Not Injured.

The first radical outbreak of a "Ku Klux Klan" to take place in Wichita Falls was reported to the police early Sunday night when a motley mob of juveniles, forty or fifty in number and ranging in age from 10 to 16 years, stormed a Tenth street residence with the avowed intention of wreaking vengeance of a youth accused of whipping a smaller boy.

Prompt reaction by the police, who responded to a rift call, rescued the beleaguered fortress only after it had suffered material damage. The intended victims of the "mob" escaped with nothing more than a bad fright, thereby saving the city from the ignominy of mob law holding sway within its confines.

According to stories told the police, a lad in his early teens made free use of a belt at a local swimming pool Sunday afternoon, applying the leather to the hide of a smaller boy who had incurred his displeasure. What caused the ruckus could not be learned, but it was inconceivable so for a subsequent event was concerned. The youngster had been wronged, he thirsted for revenge—and came very nearly getting it.

How he managed to enlist the services of the self-constituted Klan will remain a mystery, but the fact remains that he did gather quite a crowd of sympathizers about him and that before they were dispersed by the police they had trampled mud throughout the home and broken a few small pieces of furniture.

Officers May and Blasingame responded to the call about 11:30 p. m., all that they could catch, of the offenders. They were turned over to Juvenile Officer Yates Monday morning.

# ECONOMIC SITUATION IN EUROPE UNDERGOES BUT LITTLE CHANGE

WASHINGTON, Aug. 15.—Economic conditions throughout Central and Southern Europe underwent but little change during the past month, according to cables summaries from abroad made public by the bureau of foreign and domestic commerce.

The financial situation in Austria was reported as steadily growing worse, with exports and imports both decreasing. Normal yields are expected however, from the crop this year.

Belgian exports and imports have increased greatly during the past six months, according to a report from Brussels, but while imports from the United States advanced about ten per cent, exports to this country decreased 25 per cent, the commercial agent said.

Little improvement in economic conditions in Germany is evident, according to Howard W. Adams at Berlin. Unemployment is decreasing, he said, but a crisis in the shipbuilding industry seems imminent. The potato and fodder crops were seriously damaged by drought, he added, but grain has been little affected.

The unfavorable financial status of Italy was noted in the report from Rome, receipts of the government during the past fiscal year, though 49 per cent better than the previous year, being given as 10,200,000,000 lire below expense.

Throughout Spain, conditions in general were said to be satisfactory. Indications are that the wheat crop will be normal and though unemployment is growing, industrial unrest is decreasing, the agent at Madrid said. Many German, Belgian and English branch houses and agencies have been opened in Spain during the past month, he declared, but very little activity in the establishment of such branches of American business interests has been reported.

# GOOD SHOWER FALLS HERE SUNDAY NIGHT VISITS WIDE SECTION

The long-looked-for rainfall Sunday night was welcomed by the entire city and reports are that from a half to three-quarters inch of rainfall was recorded.

The storm was more or less local and no damage of any nature was reported in and near the city. Although an electrical storm of small proportions accompanied the rain, no damage done whatsoever. Denver officials stated that the storm was local and only small showers were reported both ways on the line.

The Katy dispatcher stated that rain was reported all the way to Forgan, Okla., but that Wichita Falls received the greatest amount.

# POINT BREEZE OIL FIRE HAS BEEN EXTINGUISHED

PHILADELPHIA, Aug. 15.—The fire at Point Breeze oil works of the Atlantic Refining company, which five persons were killed and nearly a score injured, was finally extinguished early today. The loss is estimated at \$1,000,000.

Officials of the fire department expressed the belief the fire was caused by the backfiring of a motorcycle ridden by a workman over a gully where gasoline fumes from leaking pipes hung densely.

# INCH AND A HALF RAIN WITHIN THIRTY MINUTES

DENISON, TEXAS, Aug. 15.—A heavy rain fell almost a cloudburst visited Denison and vicinity Sunday evening. Creeks were swollen as a result of the downpour, but no damage was reported. An inch and a half fell within 30 minutes, the city pumping station reported.

Texas Woman Finds Relief from Troubles That Made Her Miserable for Years

"I'm not surprised that people praise Tanlac, for it does exactly what they say it will do," said Mrs. Emma Kinzbach, 3411 Lyons avenue, Houston, Texas.

"Words can hardly describe how miserable I was for four years, as I just suffered all the time from stomach troubles. I lived on the very lightest foods, but still nothing agreed with me and I was uncomfortable for hours after every meal. I had rheumatism in my shoulders and neck constantly, and as so nervous I got little sleep at night and was worried and restless all day long. Both my husband and myself were very much alarmed over my condition, which seemed to get worse instead of better, no matter how much I tried to get relief.

"I never will forget the night my husband brought home a bottle of Tanlac, for that was the beginning of the end of my troubles. It benefited me in every way. I now eat meats, vegetables and anything else I want without the slightest suffering afterwards. I have a splendid appetite, and everything tastes so good and I feel so fine all the time that I'm enjoying life as I haven't in many a year.

"I can tell from the way my clothes fit that I'm gaining in weight right along, and I feel so strong and full of life and energy that my housework is just like play to me now. It's just beyond words for me to express my thanks for the relief Tanlac brought me. I just know it's the best medicine ever made and I hope everybody in Houston who suffers as I did will take it."

Tanlac is sold in Wichita Falls by Miller Drug store, in Electric by Tarleton Drug store, in Burkhardt by West End Drug Co., and by all leading druggists.—adv.

# ANNUAL REUNION OF VETERANS TO BE AT HOLLIDAY THIS WEEK

Confederate veterans will hold their annual reunion Wednesday, Thursday and Friday of this week on Holliday creek, two miles south of Holliday, and those in charge estimate that the attendance for the three days will reach over 1,000.

Judge George Alexander, who has been in charge of the arrangements for the affair, has secured the services of the Shrine band which will render a concert each afternoon and will play for the dances each evening. A large platform has been erected for the band and for the dances.

On Thursday afternoon, local talent will put on a real for sure rodeo and many riders have already made application to enter.

The committee in charge has not announced the names of the speakers for the occasion but it was stated that several prominent citizens of the state will be in attendance to address the soldiers and their friends.

A restaurant will be on the grounds during the three days and will be in a position to serve all who attend.

Bill Hudson, who has been with the Gulf Production company, left Sunday for Galveston where he will spend a few weeks before going to Columbia, Mo., where he will attend school.

# FIND BODY OF MAN LOST ON THE DESERT SOUTH OF PRESCOTT

PRESCOTT, ARIZ., Aug. 15.—The body of August Kaufman, automobile tourist from Pasadena, Cal., missing since last Wednesday, was found on the desert fifty miles west of Congress Junction, forty miles south of here, by Mojave county officers. The man had perished from thirst and exposure, the officers said.

Kaufman, according to officers upon their return here, left his wife and three children in their automobile Wednesday in search of water when he discovered their supply had run low.

Friday night when he had not returned his family still waited in the automobile and Lillian, a three year old daughter, died of exposure.

Kaufman wandered through the desert for about seventy two hours and covered approximately 60 miles in a zig-zag course before he finally collapsed, according to officers. The body was found near Signal, near the Yuma county line.

In his search, Kaufman had passed within fifty yards of an artificial reservoir of water for sheep and cattle, the officers said.

Doctor and Mrs. O. W. Wilson left Sunday for a ten days' stay in Colorado Springs and Denver.

## LATEST STYLE BY LENORE

There seems to be no end to the number of attractive things that can be done to the cape wrap. Here it is shown cut on lines that taper slightly toward the bottom, with a yoke that fits smoothly over the shoulders, not so new in silhouette, but graceful, slenderizing and distinguished, particularly as emphasized by the straight up and down bands of squirrel fur, and the trig, shapely collar. The material is marvella cloth, in a soft new shade of blue known in the trade as phantom blue. Note how well the size of the wing trimmed satin hat blends in with the highstanding fur around the neck, a point to consider when fitting a hat into the fall costume.

PATTERN No. 222. A pattern for the above model (No. 222), can be obtained in sizes 34, 36 or 38 by sending to Lenore, 8 West Fortieth street, New York City, your name, address and 50 cents in postage stamps. Be sure to keep this newspaper clipping in a safe place as a working pattern when the pattern reaches you, which will be within two weeks' time.—The Editor.

# JUBILEE'S PARDNER

by Judd Mortimer Lewis  
Illustrations by Edwina

Youniss told me before we went to Sunday school yesterday morning that her stummick was getting tuffer, because the green apples and grapes she eat Saturday did not hurt her at all. She said that she could hear them grumbling at each other and telling each other to get over on their own side before she went to sleep, but they didn't get mad about anything and start a fight like they did the other time. I think she is funny to talk to a boy like that.

Hattie and Maggie, the mut which got fascinated on her leg so it wouldn't show if she wore a lo necker dress when she grows up, did not come to Sunday school. If women wear short dresses and roll their own like my uncle says, I guess a whole lot of fascinations will show after all. We went out to the river fishing right after Sunday school so that I would not have to mind Annabel Lee. I got my pole by sneaking through the manure hole of the barn. We did not catch any fish or get any bites but we stuck our poles in the bank and went fishing. My back is peeling and I want to see a piece of skin off of it almost as big as my hand. I am not going to let any one peel it any more till next week, and then maybe I can get it all off in one piece; and when I am a sirl, I will send a warning to my ant written in blood on human skin, and I bet that will make her be sorry for some of the things she has done to me.

The minister and his wife and Erick came over from church last night and my mother and ant and the minister and his wife sang Gospel hims half the night. I did not dasst to pull Jubilee up till they stopped, because their singing breaks his heart and makes him holler. I went to bed early because Erick was waking past me and fell over one of my feet and grabbed the scarf off of the mantle and pulled everything down. I get blamed for everything.

## PRIVATE SHOWING OF "OVER THE HILL" IS GREATLY ENJOYED

About two score Wichitans were guests Sunday night of Manager Douglas of the Strand theater at a private showing of one of the year's premier film productions, "Over the Hill," which will appear at the Strand in September for an extended showing. If the production meets the same favor with the public as it did with those who saw it Sunday night, its marked success is readily understood. It is based on the famous poem, "Over the Hill to the Poorhouse," and carries the message of that poem, which is a challenge to sons and daughters everywhere. In spite of the fact that it could be materially shortened without impairing either its message or its artistry, the production is one that grips the watcher's interest at the start and holds it intensely throughout the 12 reels that are required to complete the story.

When it is presented here in September, special orchestration will be provided, and one purpose of Sunday night's showing was to give the orchestra a chance to familiarize itself with the score. The opportunity to

## SOUTH TEXAS HAS AMPLE SUPPLY OF COTTON PICKERS

CORPUS CH. 1ST. TEXAS, Aug. 15.—South Texas now has an ample supply of cotton pickers to handle this season's crops, without having to im-

port foreign labor, according to Roy Miller, secretary of the Rural Land Owners' association. With the beginning of the cotton season Mr. Miller inserted advertisements in the larger daily newspapers of the state and several thousand applications were received from over 2,000 men.

The cotton crop in south Texas this year will be slightly less than last year, according to Mr. Miller. Cotton acreage in many instances was reduced, but there is also considerable new ground under cultivation this year. Very little damage has been done by boll weevils and in many places cotton will make a bale to

acre, he said.

# Texts of Communications On Irish Peace Proposals

## DE VALERA'S COMMUNICATION TO PREMIER LLOYD GEORGE

LONDON, Aug. 15.—On August 10, Eamon de Valera addressed the following communication to Mr. Lloyd George:

"Sir: On the occasion of our last interview I gave it as my judgment that the Dail Eireann could not, and the Irish people would not, accept the proposals of your government set forth in draft July 20. Having consulted my colleagues and with them given these proposals most earnest consideration, I now confirm that judgment.

"The outline given in the draft is self-contradictory and the principle of the pact not at all unambiguous. The extent that it implies recognition of Ireland's separate nationhood and her right to self-determination we appreciate and accept.

"But in the stipulations and express conditions concerning vital matters, the principle is strangely set aside and a claim advanced upon your government to an interference in our affairs and to a control which we can not admit.

"Ireland's right to choose for herself the path she shall take to realize her own destiny must be accepted as indefeasible. It is a right that has been maintained through centuries of oppression at the cost of untold sacrifices and untold suffering. We can not propose to abdicate it, nor can Great Britain or any other foreign state or group of states claim to interfere with its exercise in order to serve their own special interests."

"Declaring that it is Ireland's desire to be free from imperialistic entanglements which will prove destructive of Irish ideals and be fruitful only of ruinous wars and crushing taxation. Mr. de Valera says: 'Like the small states of Europe, the Irish people are prepared to hazard their independence on the basis of a right, confident that as they will threaten no nation or people they would, in turn, be free from aggression themselves.'

"Asserting that this is the policy that Irishmen have declared for in plebiscite after plebiscite, Mr. de Valera continues: 'As well myself and colleagues, our deep conviction is that true friendship with England which military coercion has frustrated for centuries, can be obtained most readily now through amicable but absolute separation. The fear which we believe groundless, that Irish territory may be used as the basis for attacks upon England's liberties can be met by reasonable guarantees not inconsistent with Irish sovereignty.'

"Mr. de Valera declares that a dominion status for Ireland is illusory. He says the freedom the British dominions enjoy is less the result of legal enactments or treaties than of the immense distance which separates them from Great Britain and makes interference by Great Britain impracticable.

"The most explicit guarantee, including the dominion's acknowledged right to secede," Mr. de Valera continues, "could be necessary to secure for Ireland an equal status of freedom. There is no suggestion, however, in the proposals made of any such guarantee."

"In fact, the natural position is reversed. Our geographical situation with respect to Great Britain is made the basis of denial and restrictions upon our freedom of movement and trade. The small island must give military safeguards and guarantees to the larger and offer itself to be reduced to a position of helpless dependency.

"Obviously, we are unable to urge acceptance of such proposals upon our people. A certain treaty of free association with the British commonwealth, which would give us a partial league of nations, would have been ready to recommend, and as a government to negotiate and take responsibility for, had we an assurance that the entry of the nation as a whole into such an association would secure for it the alliance of the present disarming minority only, of which our sentiment alone, this step could be contemplated.

"Treaties dealing with proposals for free trade and mutual limitation of armaments, we are ready at any time to negotiate. Also mutual agreements concerning air, railway and other communications, and generally for the amicable settlement of disputes, essential to both nations. But all such treaties and agreements we would request submitted for ratification, first to the national legislature and afterwards to the Irish people, in a manner showing that their decision was a free decision and without any element of military compulsion.

"Mr. de Valera offers to leave the question of Ireland's share of the national debt to arbitrators, one each to be appointed by Ireland and Great Britain and the third chosen by agreement, or nominated, say, by the president of the United States."

"He declares that the question between the political minority and the great majority of the Irish people must be left for the Irish people themselves to settle.

"We cannot admit the right of the British government to mutilate our country, either in its own interest or at the call of other sections of our population," the letter continues.

"We do not contemplate the employment of force, if your government stands aside or affects common reconciliation. We agree with you that no common action can be secured by force. Our regret is that this wise and true principle which you generally prescribe to us for the settlement of our local problems, it seems unwilling to apply consistently to the fundamental problem of the relations between our island and yours."

"The principle we rely on in one case we are ready to apply to the other; but should this principle not yield, immediate settlement we are willing that this question, too, should be submitted to external arbitration. Thus, we are ready to meet you in all that is reasonable and just. The responsibility for initiating and effecting an honorable peace rests primarily not with our government, but with yours. We have no conditions to impose, no claims to advance but the one that we be freed from aggression.

"We reciprocate with a sincerity to be measured only by the terrible sufferings our people have undergone, the desire you express for a mutual and lasting friendship. The sole cause of the ancient feud between our peoples, as history proves, the attacks of the English rulers upon Irish liberties. These attacks can cease forthwith if your government has the will. The road to peace and understanding lies open."

## fore to make our position absolutely clear.

"Nothing is to be gained by prolonging the theoretical discussion of the national status which you may be willing to accept, as compared with that of the great self-governing dominions of the British commonwealth, but we must direct your attention to one point on which you lay some emphasis, and on which no British government can compromise, namely, the claim that we should acknowledge the right of Ireland to secede from her allegiance to the king.

"No such right can ever be acknowledged, by us. The geographical proximity of Ireland to the British Isles is a fundamental fact. The history of the two islands for many a century, however, it is read, sufficient proof that their destinies are indissolubly linked.

"Ireland has sent members to the British parliament for more than a hundred years. Many of her people during all that time have enlisted freely and served gallantly in the forces of the crown. Great numbers in all the Irish provinces are profoundly attached to the throne.

"These facts permit of one answer, and one only, to the claim that Great Britain should negotiate with Ireland as a separate and equal power.

"When you, as the chosen representatives of Irish national ideals, come to speak with me, I made one condition only of which our proposal plainly stated the effect—that Ireland should recognize the force of geographical and historical facts.

"It is those facts which govern the problems of the British-Irish relations. If they did not exist there would be no problems to discuss. I pass therefore these facts. We set them out clearly."

"Our proposals present to the Irish people an opportunity such as never dawned before. We made them, in a sincere desire to achieve peace, but beyond that, cannot go. We trust you will be able to accept them in principle. I shall discuss their application in detail whenever your acceptance in principle is communicated to me."

**TEXT OF THE ULSTER REPLY TO BRITISH PROPOSAL BELFAST, IRELAND, AUG. 15.**—The text of the Ulster cabinet's observations on the British government's proposal for peace in Ireland signed by Sir James Craig, the Ulster premier, was made public here last night. The statement says that the acceptance by the Ulster leaders of the original invitation of the British government

to meet in conference in London still holds good and that they will be available at any time their assistance is again desired. The statement reads: "My dear prime minister: Your proposals for an Irish settlement now have been exhaustively examined by my cabinet and myself. We realize the preamble is especially addressed to Dr. De Valera and his followers and observe it implies that difficulties have long existed throughout the empire and in Africa attributed to persons of Irish extraction.

"In fairness to the Ulster people I must point out that they have always aimed at retention of their citizenship in the United Kingdom and the empire of which they are proud to form a part and there are not to be found in any quarter of the world more loyal citizens than those of Ulster descent. They hold fast to cherished traditions and deeply resent any infringement of their rights and privileges which belong equally to them and to other citizens within the empire."

"The text again recalls the sacrifices made in agreeing to self-government and in consenting to the establishment of a parliament in northern Ireland. "Against our wish but in the interest of peace," the statement continues, "we accepted this as the final settlement of the long outstanding difficulty with which Great Britain has been confronted. We are busily engaged in ratifying our part of this

solemn bargain while the Irishmen outside of the northern area who in the past have struggled for home rule have chosen to repudiate the government of Ireland and the empire. Great Britain for wider powers. To join in such pressure is repugnant to the people of northern Ireland.

"In the further interest of peace we therefore respectfully decline. We are determined not to interfere with the terms of settlement between us but to safeguard the ties that bind us to Great Britain and the empire. To insure that we are not prejudiced by any terms entered into between them and Mr. De Valera and to maintain the just equality exhibited throughout the government of Ireland act.

"Our acceptance of your original invitation to meet in conference in London holds good and if at any time our assistance again is desired, we are available, but I feel bound to acquaint you that no meeting is possible between Dr. De Valera and myself until he recognizes that northern Ireland will not submit to his majority authority than that of his majesty the king and the parliament of the United Kingdom, and admits the sanctity of the existing powers and privileges of the parliament and government in northern Ireland.

"In conclusion let me assure you that peace is as earnestly desired by the government and myself as by you and yours and although we have

## Sweet Dreams Answers Call to Canary Islands

It is to be deduced that your own is the home referred to, and it is earnestly requested that you give Sweet Dreams a trial. Sweet Dreams is offered as the very best mosquito remedy to be had.

and application will keep mosquitoes off all night long.

Other than the fact that a shipment of Sweet Dreams was recently made to the Canary Islands, the matter is of little interest.

Upon second thought, however, it does seem as though a remedy worthy of being shipped this great distance is certainly worthy of consideration at home.

# When You Need Milk

If you need milk for the children to drink, or for the baby's feeding, for cereals or puddings, for coffee or tea—in fact, for any purpose, drinking or cooking—you want an unfailing supply of pure, fresh milk.

You can have just such milk if you use Klim Powdered Milk. It is pure, fresh milk of high quality—powdered.

Nothing is taken away but water. Nothing is added. When you want pure, fresh milk you simply add the water. Then Klim becomes liquid milk again. It tastes, looks, and smells like milk. For it is milk.

Klim needs no ice to keep it. While it is in powder form it is not affected by heat and cold; and it remains fresh for a long period. It is always on hand when more milk is needed, when unexpected guests arrive—or for any emergency.

Physicians, food experts, and scientists all endorse Klim unreservedly for every milk use.

Tex McDonald's Drive Breaks Up Hard Fought Battle in Last Round

By PAUL W. LARKIN. Squire Salin's league leaders, led by some inspired playing on the part of Abe Bowman and Tex McDonald, snatched the final game of their home stay at Athletic Park out of the fire yesterday and made it four out of five of the "crucial series." The final count was 2 to 1 and as the score indicates it was by far the best game of the series. It was the kind of contest that is played in baseball stories when two rival colleges meet for the final game of the season, and the two Spudders mentioned played the parts usually given to the Merrivell brothers, or the corresponding heroes.

The hero, of course, might have waited to make his great play until about the twenty-fifth inning, or thereabout, but Tex is an impetuous athlete, and he won the game for the local club in the ninth. There was no lack of thrills, however, in the way it was done. Until that tumultuous session Jack Harper, for Dallas, and Abe Bowman for Wichita Falls, had been going along neck and neck in as pretty a pitchers' battle as could be desired. In the second the visitors had picked up a run when Bowman became unsteady and served Palmer four wide ones, then grooved one for Chick Mattick who he crashed off the left field fence, scoring Eddie who had reached second on Robertson's sacrifice. That was all until the last half of the ninth.

In this round the Spudders' board of strategy held an impromptu meeting and Bob Becher, who is showing the rig of the Texas leaguers how to hit, went in to hit for Bowman. Bob inveigled Harper into tossing up four wide ones and this marked the beginning of the end. After another short meeting of the board it was decided to let "Smiley" Blachoff hit vice McKelwee. All that was required of "Smiley" was that he put Bob on second, but he did more than that. He dumped a perfect slow roller down in the general direction of first base and reached the bag in safety while Harper was debating with himself whether or not he should field the ball. The buck was then passed to Buddy Tanner to push the men along and he did this by hitting by dropping a perfect bunt in front of Galloway which put Bob on third and "Blach" on second.

By this time the 3,500 fans were in a frenzy. With the tying and winning runs on the sacks it was up to Tex to deliver. Tex was straight as a line, and he pitched with the regularity of a clock and yesterday was no exception. The first ball served him was fully a foot outside and the fans leaned in as he backed and watch Harper throw three more in the same spot. They had it all figured out that Harper was going to pass him and take a chance on getting a hit. Harper must have figured that Tex was looking for the same thing and that he would catch him as he stepped for he shot the ball straight at him, giving Blach and "Smiley" ample time to rally. It was a fitting climax to a great game and a long home stay, and a more thoroughly happy crowd of fans never left the ball yard.

The rest of the story of the game is a story of pitchers. Harper, one of the best sport ballers in the league, saved his best until the ninth, when he was in the opening position. He pitched with the regularity of a clock and yesterday was no exception. The first ball served him was fully a foot outside and the fans leaned in as he backed and watch Harper throw three more in the same spot. They had it all figured out that Harper was going to pass him and take a chance on getting a hit. Harper must have figured that Tex was looking for the same thing and that he would catch him as he stepped for he shot the ball straight at him, giving Blach and "Smiley" ample time to rally. It was a fitting climax to a great game and a long home stay, and a more thoroughly happy crowd of fans never left the ball yard.

On the other hand, Abe Bowman was twirling the game of his life. Like his rival, he pitched with the regularity of a clock and yesterday was no exception. The first ball served him was fully a foot outside and the fans leaned in as he backed and watch Harper throw three more in the same spot. They had it all figured out that Harper was going to pass him and take a chance on getting a hit. Harper must have figured that Tex was looking for the same thing and that he would catch him as he stepped for he shot the ball straight at him, giving Blach and "Smiley" ample time to rally. It was a fitting climax to a great game and a long home stay, and a more thoroughly happy crowd of fans never left the ball yard.

The winners of both teams were soft for the opposing leaguers. The one run scored by the visitors in the second session looked as big as a house until Bob Becher drew his pass in the ninth and started a series of errors. But Abe Bowman, who had been leading in the game and served himself together before any serious damage was done. On the other hand, Harper was up at the plate and there he got going when the Spudders would have been put out after that one got started. The score:

BESCHER UNABLE TO LEAVE WITH SPUDDERS

Bob Hurts Leg Again in Last Marine Game—Team May Be Back Home Friday.

BOB BESCHLER

Bob Beschler, the man who has probably done more than any other individual to put the Spudders at the top of the heap, was unable to leave with the club last night owing to his injured leg which has been bothering him for the past couple of weeks.

He was rushed into yesterday's fracas with the Marines in the final chapter to put the Spudders over the hump, and as usual started a rally which proved the undoing of the opposition. That it was a costly victory. While rounding third on Tanner's sacrifice the ball fell to hold him and once again he was injured. He held medical attention last night and though he was feeling much better today, he will be under a doctor's care for some time.

To say that the situation will be kept in mind is putting it mildly. To have the most dangerous man on the path in the club, as well as the league's leading hitter out of the lineup with the club fighting on the road to hold a four and a half game lead is enough to make any manager turn gray. Galloway has been burning the wax the past few days in an effort to land an outfielder to take Bob's place, but he had received no favorable replies up to the time of departure last night. He will undoubtedly fill the gap until a new fielder arrives or until Bob is able to return.

"Smiley" is a slugger who deals misery to every hurler he faces, but he's not an outfielder nor is he in Beschler's class when it comes to running the bases. He'll give a good account of himself while he is there, but he cannot be expected to fill Bob's shoes. It's a tough break, but no worse than some of the other clubs have sustained and the boys will plow through some way.

There's a possibility of the Beantown and Houston series being transferred to Wichita Falls according to a statement given out by the Skipper last night. Neither one of these clubs are drawing well on their home lots and a shift would prove beneficial to both, as well as to the Spudders. If the transfer is made, the boys will be back home Friday for eight days. The schedule for four games with Houston in Houston from August 19 to 22, and four with the Exporters in Beantown from August 23 to 26. A definite decision will be reached within the next few days.

GREY LAG WHO, BY HIS LATE PERFORMANCE SEEMS TO HEAD THE LIST OF 3 YEAR COLTS

Year—Won 21 24 Unp Amt. 1920—4 5 2 2 \$17,292 1921—9 0 1 0 69,095

As a 2-year-old he won the Galloway stakes, the Ranocas handicap, the Empire City stakes, the Knickerbocker handicap, the Mack stakes and two overnight races, the Ranocas handicap and two overnight races, finished third in the Futurity and second to Traver in the Kentucky Jockey club stakes at Louisville.

As a 3-year-old he has won the most important stakes of the season, the Daxer stakes, the Empire City stakes, the Knickerbocker handicap, the Mack stakes and two overnight races, the Ranocas handicap and two overnight races, finished third in the Futurity and second to Traver in the Kentucky Jockey club stakes at Louisville.

Zach Wheat hit a home run for the Dodgers in the fourth inning. Score by innings: R H E. Dodgers 110 000 2-10-0. Brooklyn 000 100 0-2-10-0.

Giants 8, Phillies 2. NEW YORK, Aug. 14.—The Giants won an easy victory from the Philadelphia tail-enders Sunday 8 to 2. Phil Douglas led the Phillies shut out until two were out in the ninth when Konetsky hit a home run with Lebrun's sacrifice.

Red Sox 2, Senators 0. WASHINGTON, Aug. 14.—Sam Jones held the Senators to four hits Sunday and Boston won by a score of 2 to 0. Erickson kept the Boston hits scattered save in two innings. Brilliant fielding by McInnis featured.

White Sox 2, Indians 1. CLEVELAND, Aug. 14.—It was Red Fisher's day Sunday and the sore-shouldered hurler of the Chicago White Sox had the Indians eating out of his hand, beating them 4 to 1. Incidentally, he ousted them from the lead in the pennant race. The idle Yanks replaced them.

Browns 7, Tigers 5. ST. LOUIS, Aug. 14.—The Browns made it four straight over Detroit Sunday by a 7 to 1 score, the six runs in the fourth holding them in good stead when the Tigers counted five times in the ninth. Slater ran his hits to nine in succession, getting four out of four today with the five he made Saturday. Shocker was most effective for eight innings, but weakened miserably in the ninth.

Brooklyn 2, Dodgers 2. BROOKLYN, Aug. 14.—With the rain the biggest feature of the Dodgers were defeated by Boston in an exciting game on a muddy field Sunday 2 to 2.

PANTHERS 6, GASSERS 5. SHREVEPORT, Aug. 14.—Art Phillips homer over the left wall in the ninth with two out and pinch hitter Bratcher on the bag. Panthers won the game out of the fire for the Panthers and the visitors took the fourth game of the series, 6 to 5. Phil Smith was banished from the park in the fifth.

BUFFS 4, SAND CRABS 3. GALVESTON, Aug. 14.—One wild inning by Fincher in the third in which Houston scored three times and a lot of cover-up coaching on third during a rainstorm rally in the eighth combined to give the Buffs the fourth game of the series with Galveston 4 to 3.

BEARS 3-6, EXPORTERS 4-1. SAN ANTONIO, Aug. 14.—San Antonio and Beantown decided a Sunday double bill here today, the Exporters winning the first game 4 to 3 and losing the second 6 to 1. Brooks' home run with the bases full in the first inning of the second game was the undoing of Lou Kraft, who essayed to do the iron man stunt.

SPORT SHOTS

By Paul W. Larkin. If the Spudders are "bushers," what would you term the Marines?

Wasn't that some finish? The boys scored four runs in the ninth one day and poked out the Gassers, but we did not get the kick out of that rally that we did yesterday.

It sure was a tough one for Jack Harper to lose, but he lost it himself. He made the same mistake that "Blach" Fincher did in the only game that the Spudders lost. He never should have pitched to McDonald. The winning run scored last night and a pass to McDonald would never have hurt him. Clark is a dangerous hitter as Tex, but there was a possible chance for a double play with a man on first. Spudders, buck up, again.

We were glad that the game was won in the ninth, but it was a pity. Had the boys merely tied the score and won out in the tenth the regulars would have received credit for winning. I guess you can call that a "bush" when a great work would have been "bush." Never there is only one way to judge a bush, and that is by the work it has done.

It was a confident bunch of Spudders that boarded the train for Dallas last night. And well they might be. Had the boys merely tied the score and won out in the tenth the regulars would have received credit for winning. I guess you can call that a "bush" when a great work would have been "bush." Never there is only one way to judge a bush, and that is by the work it has done.

Walter had last night before leaving. He is afraid the loss is looking for him. If he is, he will try to find his way to go out and win today's game," he said. Let the future take care of itself. All will be well, says of the boys already spending the series money. They are working too hard about what the other clubs are doing. They can't seem to realize that they are in a game yet. All he can do is to talk to them. I was a little to one of them yet. All I am pulling for is today's game.

McElwee did not go south with the club, but returned last night to Walter to look after his own athletes. Mac's return to the club is a great help with some local club, as game here with some competition. We, as well as the fans, thank Mac. Most heartily for his work in the first inning yesterday. He is a real star. Presented a lot of unnecessary trouble.

When we wrote that paragraph about Jack Miller's wonderful hitting streak yesterday we had a hunch that the Leaguers would be spoiled. It would have been a pity if it had been. The same thing happened about a week ago when we called Bob Beschler a slugger. He pitched with the regularity of a clock and yesterday was no exception. The first ball served him was fully a foot outside and the fans leaned in as he backed and watch Harper throw three more in the same spot. They had it all figured out that Harper was going to pass him and take a chance on getting a hit. Harper must have figured that Tex was looking for the same thing and that he would catch him as he stepped for he shot the ball straight at him, giving Blach and "Smiley" ample time to rally. It was a fitting climax to a great game and a long home stay, and a more thoroughly happy crowd of fans never left the ball yard.

Will Walters never cease? In these days of "bush" throwing all the National League pitchers who want to be on the mound at the start of yesterday's game were in there at the finish. Just think, eight hurlers went the full route.

George Slater is out after the record that is held jointly by Tex McDonald and Trip Speaker. The St. Louis star has made nine consecutive hits to date.

CHARGES VIOLATION OF RULE IN FAILING TO REGISTER WELLS

VERNON, TEXAS, Aug. 15.—Almost without exception Wilbarger county oil well owners and operators have been violating a regulation in failing to register with the railroad commission certain acts so required by law. This declaration was made here last week-end by W. E. Arnold, deputy supervisor of the oil and gas department of the railroad commission, state of Texas. Mr. Arnold, whose headquarters are at El Paso, is in Vernon for the purpose of investigating local wells and to enforce certain laws. Filing of necessary permits is the point that has been generally overlooked by local operators. This is in regard to an intention to drill, to deepen a well, to plug or to abandon, or upon completion of the well to file a log. This latter is necessary regardless of whether or not the hole is a production. Few of these regulations have been observed locally, Mr. Arnold stated. A penalty not to exceed \$5,000 is provided for violation of these provisions. Local operators who are liable as operators under any of the cases mentioned. Action this time however will consist in warning operators of the provisions. Mr. Arnold expressed the desire to cooperate to the fullest extent with all local operators of drillers. He believes the wildest operator is entitled to every consideration and stated that he is prepared to come here at any time upon the request of local oil men. Mr. Arnold stated that the purpose of his visit to Vernon is to investigate the jurisdiction of county wells Saturday. His jurisdiction extends to any well, and he is privileged to examine operations, papers and all details at any time. He stated that he believes that there is a rich structure in the county. He intimated that it is only a question of time and correct maintenance of drilling operations until more oil is discovered.

ASK HABEAS CORPUS FOR THE SURRENDER OF AMBROSE SMALL

DES MOINES, IOWA, Aug. 15.—A writ of habeas corpus was asked in district court this afternoon by Chief of Police Saunders against John J. Brophy and Frank Harty, private detectives, for the surrender of a man they say is Ambrose J. Small, Toronto theater owner, who has been missing since December, 1919. Judge Ueberback later said that he had granted the writ, returnable at 9 o'clock Tuesday morning. GIVE LITTLE CREDENCE TO NEWS FROM DES MOINES. TORONTO, Aug. 15.—The Toronto police and relatives of Ambrose Small, missing Toronto theater owner, this afternoon still professed to be without official advice of discovery in Des Moines of a man of mystery believed to be Mr. Small. They also professed to give little credence to dispatches telling of the discovery.

PREMIER BRIAND TO ATTEND CONFERENCE ON DISARMAMENT

WASHINGTON, Aug. 15.—Premier Briand of France, has assured the United States government that he will personally attend the disarmament conference in Washington beginning November 11. Announcement of the premier's intention was contained in a message to the state department today from Ambassador Herlick saying he had been informed by the foreign office that France had accepted the invitation to attend the conference and that the premier had assured him that he would 'gladly' attend.

POTATO FLOUR CONTAINED LARGE PER CENT ARSENIC

LAREDO, TEXAS, Aug. 15.—Analysis by a San Antonio chemist of a sample of potato flour which was made into bread here yesterday and caused the death of a woman and three children according to police, shows that it contained 96 per cent arsenic. It was reported in a telegram received from San Antonio by authorities here today. Local dealers handling the product insist that the package containing one pound of potato flour was mixed with five pounds of wheat flour, according to directions received. In the making of the bread evidence is said to show the portion thought to have been poison flour was composed almost wholly of arsenic and when mixed with the bread contained one-sixth arsenic. Authorities still are investigating the origin of the poison.

CONDITION OF KING PETER REPORTED TO BE SERIOUS

MIAMI (OKLA.) STATE BANK FAILS TO OPEN ITS DOORS

MIAMI, OKLA., Aug. 15.—The Miami state bank, with a capital stock of \$50,000, did not open for business today. A notice on the door stated that it was in the hands of the state bank examiner, Walter J. Lindsey, a brief statement that plans are under way for reopening the bank without loss to any one except stockholders.

REOPEN THE QUESTION OF ST. LOUIS WHO FOUNDED ST. LOUIS

ST. LOUIS, Aug. 15.—The offer of the newly formed St. Louis Historical society to erect a group monument here to commemorate the founding of the city Feb. 15, 1764, with the suggestion that the central figure by Rene Auguste Chouteau, surrounded by a group of pioneers, including La Roche, has reopened the question as to who was the actual founder of this city. The question has not been discussed in any quarter for more than a generation. Chouteau heretofore had been regarded by many historians as La Roche's lieutenant. The story goes that he had decided from another point down the Mississippi river to establish a trading post here, which later was named St. Louis, sent the 14-year-old Chouteau as the head of a party to carry out his plans. As his first activity the society had the inscription on Chouteau's tomb, showing the date of his birth as 1749. This change was made to coincide with the records of the Missouri Historical society, which shows that if the date was correct, Chouteau's mother was only 7 years old at the time of his birth.

ERNEST SCHUR GROWS FIRST WILBARGER COUNTY COTTON

VERNON, TEXAS, Aug. 15.—Ernest Schur, living six and one-half miles northeast of town, has won the honor of producing the first bale of cotton in Wilbarger county. Mr. Schur baled 2 1/2 pounds and the seed cotton weighed 148 pounds. It was brought to town August 12 and ginned the next day. Thirteen cents a pound was paid for the product. The cotton was of Acala and Mebane variety mixed and was mostly of long staple. Mr. Schur's first bale this summer is six weeks ahead of his first crop last year. He expects to have more to gin this week and states that his neighbors will be ready as well. Cotton is in reasonably good shape in view of the fact that the county has been suffering from a drought, but a good rain would aid materially in improving the crop. The cotton ginned Saturday was planted April 2. Mr. Schur has lived in Wilbarger 16 years.

NATIONAL GUARDS TO PROTECT A NEGRO THREATENED BY MOB

ANNISTON, ALA., Aug. 15.—Companies A and B, and two machine gun sections of the fourth Alabama infantry left Camp McClellan today for Birmingham to accompany the 24th Alabama negro to Centerville, Ala., where he will be arraigned on a charge of murder in connection with the death of a farmer's daughter, who was slain near Randolph last Tuesday. The girl, 14 years old, was said to have been attacked and choked to death. Feeling ran high, followed the slaying and nearly 100 negroes were detained, but all were released after Thomas is alleged to have made a statement to the sheriff.

# NO MYSTERY ABOUT BANK OF RED RIVER, JUDGE TELLS CLUB

## A. H. CARRIGAN IS PRINCIPAL SPEAKER AT MEETING OF KIWANIANS MONDAY.

### SAYS TEN YEAR OLD BOY COULD LOCATE BOUNDARY

#### Nobody Would Have Bothered About It, Were It Not For Oil, Says Speaker.

"Had it not been for the fact that oil was found along the river bank there never would have been any controversy over the location of the south bank of the Red river, and right now any ten year old boy who has ever seen the stream could point out precisely the location of that bank."

With these statements Judge A. H. Carrigan closed an address on "Where Is the South Bank of the Red River?" delivered before the Kiwanis club at its weekly luncheon in the Kemp hotel Monday noon. The speaker traced the controversy from the beginning, going back to the time of the Louisiana purchase when Livingston and Jefferson acquired the vast Louisiana territory from Napoleon, and outlining the steps by which boundaries were settled regarding the new land.

The question started in 1819, he said, "when a treaty was entered into between the United States and Spain whereby the dividing lines between the newly acquired territory of this country and that land still held by Spain should be settled. By the terms of the purchase the Americans concluded that they had gained all of what is now Texas, but Spain, at that time, laid claim to a large portion of land west of the Mississippi river, and the treaty, agreed upon in 1819 and ratified in 1821, settled the boundary dispute of the two countries."

"This treaty decreed that the west bank of the Sabine river, the south bank of the Arkansas river, and the Red river of the south should be the dividing lines between the United States territory, and although the Sabine and Arkansas banks were distinguished as such marks were established in regard to the Red river. "Thus it came about that the controversy was possible, in that the old treaty had never definitely settled the question."

After thus explaining the manner by which the dispute was possible, the speaker cited cases which should have settled the question as to the location of the south bank.

"Courts have ruled time and again," he declared, "that the edge of the water during its average flow determines the bank of a stream, and in my opinion the supreme court of the United States will so rule when it finally passes on the case. Furthermore, a ten year old boy could determine where such a point was."

Judge Carrigan heavily scored the reports of government geologists who had surveyed the stream and reported that the south bank should be established as the Texas bluff, which in some instances were two miles from the real bank of the river. He pointed out that only this section in Texas which was productive of oil was being surveyed, and that other river banks had no such financial opportunities had been the object of such controversy. He made his statement replete with discoveries having been made for the whole trouble and that the propaganda schemes started by those who following the now universal practice of grabbing all you can get, wanted the property of the state to be divided up among themselves. He was heartily enjoyed by the Kiwanians who responded with rounds of applause at the end.

Amusement for the day was provided by Prof. Frank Frederick, who rendered a brilliant musical selection and responded to an extemporaneous playing some rag-time with "The Ragtime King."

Announcements regarding the district convention to be held in San Antonio next month were made by Julius Bobo, following which the Kiwanians were informed that their president, Dr. H. M. Hoover, had gone to Oklahoma to get married.

Dave Paul acted as chairman of the day and stressed the fact that next Monday was to be wives and sweethearts day, at which time each Kiwanian was entitled to bring either a storm and strife, his particular lady friend or, in the event neither of these were available, his stenographer.

# LIONS CLUB BEING ORGANIZED HERE BY FIELD DIRECTOR

Organization of a Lions club in this city is now in progress, under the leadership of R. L. McKinney of Dallas, field director. A number of Wichitans have been enrolled and it is probable that preliminary steps for permanent organization will be taken soon.

The Lions organization is international in scope, being somewhat similar to the Rotary and Kiwanis clubs. Lions clubs exist in more than 200 of the principal cities of the United States, and are active civic and social factors wherever found.

# MANY APPEALS TO COUNTY FOR HELP ARE MADE BY NEEDY

Conditions among the poorer class in this city and county are pitiful and deplorable, according to a statement made by Judge J. P. Jones of the county court Monday.

Judge Jones stated that existing conditions were brought forcibly to his mind by happenings during the day. He stated that seven women, some with babies in their arms, appealed to him for help during the day.

The judge told that without a doubt the people were of the opinion that the commissioners court was in session and made it a point to visit him at that time. The court, however, did not convene Monday in lieu of the special session held Saturday afternoon when the regular weekly bills were allowed.

In each of the seven cases, Judge Jones stated that the women asked for assistance so that they could purchase groceries and necessities of life. Without a doubt some of the cases will be given attention by the court at the next week. In the meantime an investigation will be made.

# "CLEANUP SQUAD" IS HEARING CLAIMS OF FORMER SOLDIERS

A number of local ex-service men responded Monday morning to the invitation of the federal "cleanup" squad which will be here until Tuesday noon to adjust matters pertaining to insurance, compensation, vocational training and other matters arising from the war.

Owing to the fact that no notice of the meeting was received until last Thursday, too late to give the publicity required, very few ex-service men from outside of this county attended the conference Monday morning. It was thought that others might report Monday afternoon and Tuesday.

In the "squad" are Dr. W. O. Stepperson of Dallas, medical examiner; R. E. Wardell, vocational educational agent; William O. Doonan, examiner for compensation and insurance claims; Tom Neal, Red Cross representative; R. E. Laue, publicity agent.

# DRUNK YOUTHS GIVE OFFICERS HARD RUN BEFORE CHASE ENDS

Fines aggregating \$70 were imposed on four youths arrested on charges of being drunk and disturbing the peace Sunday night when they were arraigned before Police Judge Ogie Monday morning.

The quartette was taken into custody by Detective Dave May after a spirited chase of six or eight blocks through the residence section of the city, a chase which came very close to having a tragic ending when the small car in which the pursued were riding shuddered within six inches of the edge of a 15-foot drop at Bluff and Seventh streets.

Two of the boys were dead drunk, while the other two, one of whom was driving, were slightly under the influence of liquor. They had stopped to fix a flat tire in front of a Harrison street residence and had motored through the city in that operation roused the residents of the section to action.

The boys were summoned and after a search for the car had been made, the police were advised that the car had been driven to the city, located it on Tenth street.

The chase followed and terminated at Sixth and Bluff when the car was stopped after a careening flight down the steep hill between Sixth and Seventh.

The two accused of being drunk were fined \$20 each and remanded to jail until the fines were paid, while the other two drew \$10 each. City Attorney Mann recommended \$10 fines for each of the four and an additional penalty of a jail sentence until they told where the whiskey was obtained.

# ORDERS RELEASE OF ARCHER COUNTY MAN, WHO IS HELD SANE

August Mahler, who was transferred to the Wichita county jail from Archer City several days ago, was released from jail by Judge Ed Napier of the 75th district court following a hearing on a writ of habeas corpus.

Mahler was placed under detention by the sheriff of Archer county upon complaint and information that the man was of unsound mind.

A corps of witnesses, friends, neighbors and acquaintances took the stand and testified that they had never heard the man utter a word or never saw him do an act that would lead them to believe that the man was of unsound mind.

# OKLAHOMA HEARINGS IN BOUNDARY CASE NOW IN PROGRESS

Taking of testimony in the Red river boundary case was scheduled to begin Monday afternoon at Hollis, Okla., when Special Master in Chancery R. G. Tyler opened the first of the series of "county seat" hearings at that point.

Similar hearings are scheduled this week at Altus, Frederick and Walters, and are expected to develop much important information on the boundary controversy.

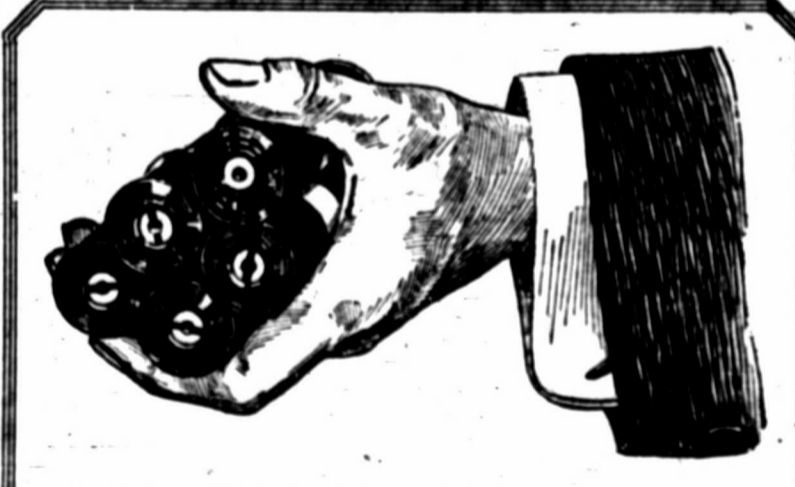

Judge A. H. Carrigan, who is most actively interested, among local attorneys, in the boundary case, will go to Altus Tuesday and also expects to attend the Frederick and Walters hearings.
