NUMBER 34

Rodeo Parade at 1 p. m. Today Opens Celebration

Southwest's Biggest Amateur Rodeo Starting Today

Cowhands Contest Big Show

Steeple and Steer Riding, and Wild Cow Riding Contests

Southwest's biggest amateur rodeo will get under way at 1 p. m. today when the "go" is given by the hundreds of real cowboys and cowgirls assembled in the arena for their big contest of

\$500 in cash prizes will be the winners in this two day event when the last cowboy hits the arena and the last calf is roped. The rodeo will be on what now gives promise of being the biggest and most of all Perryton's famous rodeos.

Thursday and Friday rodeos will be held at the fairgrounds and who have not contested in the annual rodeo since January. Any show in which the contestants toward points in a small rodeo association is managed by the managers of the rodeo as a professional

attractions at the rodeo will be Jack Elzey, educated horse and "Little Jug" Reynolds and his trick eynolds is a three year old world's smallest cowboy, appeared as a special attraction in 20 rodeos this summer.

show are as follows: Steer Riding: Purses \$20, \$20, \$20, \$10, \$5, each. Entrance fee \$3 for both days. Steer Riding: Purses \$24, \$5, \$4, \$3, each day. Entrance fee \$1.00 for both days. Wild Cow Riding: (Best) See No. 2, Back Page

Infant Is Dead Tuesday

Howard, infant son of Mr. H. M. Hawk passed away morning. He was born night in the hospital. He was loved by his parents and two Roma Paul and Barbara. Funeral services were held Tuesday afternoon, 3:30 o'clock, at the cemetery with Rev. W. E. officiating.

Red Giant of the Airways

Idea as to the size of the plant Douglas B-19 bomber may be obtained by comparing with the size of the men guarding the new 25-ton ship. An aircraft worker is overhauling one of the engines, preparing for test flight.

School Board Open Session, Aug. 26

The Perryton School Board will meet in its regular monthly session next Tuesday night, August 26, at the high school building. The Board will review the proposed budget for the ensuing school year. The public is invited to sit in at this meeting. The law requires such an open session be held at the adoption of said budget for the following school year.

Army Sound Truck Here August 21

An added attraction during the first day, Thursday, of Perryton's 22nd Birthday Celebration will be a U. S. Army Recruiting Service detachment in charge of a sound truck with complete equipment.

This equipment, manned by experienced personnel, is at the disposal of the celebration committee during the day and in the evening two or more technicolor films will be shown.

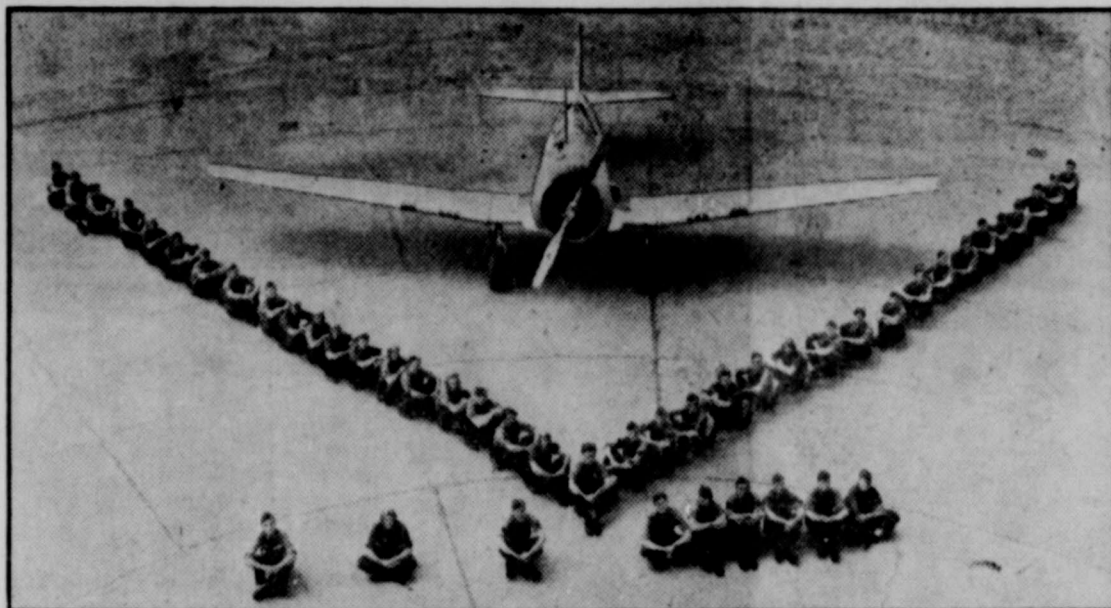

Mullins Holds Revival Meet in New Mexico

J. E. Mullins, minister of the Perryton Church of Christ, returned Wednesday afternoon from Hope, New Mexico, where he had been holding a two weeks revival meeting for the Hope Church of Christ. Mrs. Mullins, Jean, J. E. Jr., Don and Jerry, who had been visiting Mrs. Mullins' father in Hope, returned home with him.

This morning, Bro. Mullins, Mrs. Mullins and Jerry left for Olney in response to a message telling of the death of their friend, Marv Smith. Mullins will conduct the funeral services this afternoon. Before returning home, Bro. Mullins will hold a two weeks revival at Thornberry.

Mrs. Joseph E. Thurston and son, Hammond came in Tuesday from Indiana for a two weeks visit with her parents, Mr. and Mrs. C. D. Rowles.

Flying Cadets Form Familiar 'V for Victory'

Etched against the white concrete apron at the Southeast Air Corps Training Center, flying cadets form the familiar "V for Victory." In foreground, cadets form the "dot-dot-dot-dash . . . —" which is "V" in Morse code. Flying cadets will soon be commissioned at the rate of 30,000 a year.

Dixie Dice and Her Defense Darlings to Appear on August 22

Dixie Dice and Her Defense Darlings, one of the most colorful dancing troupes in the southwest, will be a featured attraction at the Perryton Birthday Celebration on the evening of August 22.

Trained for the most intricate dance steps, the best harmony and noted for colorful costumes, the Darlings will present for the first time publicly, their Flag Revue, as patriotic as today's principal speakers.

Miss Dice told chairman Lance that the Darlings had just completed rehearsals on their routines to be used this Fall at Camp Bowie for the Army Revue and many of these dances will be pre-ved in Perryton.

The Revue will be staged in front of the grandstand on the night of August 22 only, Lance said. The first number will start promptly at 8:15 o'clock and will continue forty-first number will start promptly at ball game between Dumas and Perryton nines.

"We believe we have secured an attraction in the Dixie Dice Darlings that will please all lovers of stage revues," Mr. Lance said "and at least it will be a new attraction."

See No. 4, Back Page

Wolf Creek Sporting Club Names Heads

Sammons, Amend, Mason are Named Committee Heads

Wolf Creek Sporting Club is the name given the group of sportsmen that were guests of Carl Ellis recently for a fish dinner and saw the first such organization of its kind founded in Ochiltree county that promises to become one of the major organizations of the area.

Directors of the group, that organized at the dinner, met the following night and promptly named three important committees. They were the Boat and Boating Committee with John Sammons, chairman and Harry Nail and Roy Orrill, committee members; the Wildlife Committee with Scott Amend, chairman and Carl Ellis and Sam Handley members; and the Membership Committee with Steiner Mason, chairman and T. V. Elzey and Garland Redfern, members.

"It will be the duties of each committee to function separately," secretary Dean McCutcheon said, "yet See No. 5, Back Page"

Two Selectees Are Called Sept. 26

Ochiltree County will furnish two trainees for induction September 26, according to announcement by the local board of the Selective Service. The names of the two trainees for the September call have not been released by the board.

These trainees are Ochiltree county's quota for the Army's 23rd and 24th calls on Texas' 351 local boards for 2,571 trainees.

Salvaging Grain At Burned Wheat Growers Elevator

Twenty-four hour crews consisting of from twenty to twenty-five men have been kept busy the past week rushing work on the clearing away of damaged grain at the Perryton Wheat Growers elevator which was destroyed by fire a week ago.

The work is being supervised by Charles Burlison of a Fort Worth salvage company. The selling of the grain is in charge of Benton King of the Reagan-Thompson Insurance Co., Amarillo, and M. O. Andrews of the Andrews & Shanks Insurance Co., Fort Worth.

It is estimated that from one-half to two-thirds of the grain has been removed. A larger part of the grain has been shipped through the Perryton Equity Exchange and some is being sold to truckers and feeders.

There has been no definite date set as to when the place can be reopened. Grain must all be cleared away, adjustments made by insurance companies and the Commodity Credit Corporation.

W. R. Zenor, manager, states that he believes the sheet iron on the outside of the building will be about all that can be salvaged from the main building, that the fire burned down into the frame work to the extent that it is weakened and will have to be torn down. The tanks on either side of the main building did not receive much damage apparently other than the tops.

The fire continues to break out as the air gets into the bins.

Celebration Games Dumas and Perryton

The semi-professional championship baseball title of the Panhandle is the prize for which the Perryton Greys and the Dumas Shamrock Oilers will battle in games on Thursday and Friday nights during Perryton's 22nd anniversary celebration. The two clubs will go into the two-game championship series with a record of only one defeat each for the 1941 season.

A special feature before the game each night will be the appearance of "Little Brown Jug" Reynolds, three-year old cowboy, with his educated pony.

Before the game Friday evening, the Dixie Dice Defense Darlings will present their revue in front of the grandstand at 8:15 o'clock. This is the first appearance of the Defense Darlings in Perryton. They will stage the revue that is being prepared for the big show at Camp Bowie this fall.

Donald Schuster, Newton B. Dodson and William Martin of Raymondville, returned Sunday from a weeks vacation in New Mexico and Colorado. They reported many exciting incidents and lots of fun.

Many Store Feed In Trench Silos

With a fair to good row crop in sight farmers in Ochiltree county are turning to trench silos as a means of practical and economical storage of feed. Some forty trench silos have been dug in the past four or five years and judging from inquiries being received by the county agent the number of silos will be considerably increased this year.

Among those who have dug new silos or expect to do so are A. E. Devers, Charles Brown, N. B. Hutchinson, J. T. Lovett and Fred Butler. The Soil Conservation Service is cooperating by digging the silos at actual cost. G. M. Cooper filled a silo with bundles of barley cut in the dough stage. This demonstration is being watched with a good deal of interest.

A cynosure is a center of attraction, anything to which attention is strongly turned. The root meaning in Greek is dog's tail, and the word was originally applied to the constellation of Ursa Minor, to which the eyes of mariners and travelers were often directed because it contained the North Star.

The death rate from child-bearing among mothers in the United States is now four out of a thousand. This is a higher rate than in most European countries, but lower than it was several years ago in this country.

High Winds and .57 Inch Rain Wednesday

Breaking a dry period of several weeks, the Perryton area was drenched with .57 of an inch of moisture which fell early Wednesday evening. The rain was accompanied by a high wind which did considerable damage to trees and shrubbery. All rural and toll telephone lines out of Perryton are out of commission this morning and the Southwest Associated Telephone Co. has a crew of 15 men working to restore service. The moisture came at a time when it was needed badly.

Perryton Anniversary Celebration Parade Steps Off Promptly at 10:30 Friday Morning

The old saying that "Everybody likes a parade" is certainly true and the thousands of people who will line the Main street of Perryton Friday morning are not going to be disappointed when the Pife and Drum Corps depicting the "Spirit of 1776" lead the colorful procession of flags, patriotic floats, bands, cowboys and cowgirls. The parade steps off at 10:30 a. m.

Following the Pife and Drum players will be massed American Legion flags assembled from the various Legion Posts of the Panhandle. Then comes the fast stepping prize winning Perryton Ranger Band. Next in line will be floats and more floats, bands and more

USO Pledges Must Be Paid In At Once

T. V. Elzey, chairman of the Ochiltree County USO Committee, is calling on all people who have pledged cash or wheat to pay in their pledges at once so that the books can be closed and the final tabulation and list of actual donors published. If you have pledged wheat or cash and haven't delivered the wheat or made arrangements for some elevator to handle same, USO officials ask that you attend to same this week. If you haven't made a donation to this fund to provide entertainment and recreational facilities for the boys in the army and navy, you can make your pledge at the Herald office, W. B. Lancaster Realty Co., city hall or at L. L. Lance & Son real estate office.

Public Library Welcomes Visitors

The Perryton Public Library in the City Hall is open afternoons from 12 to 5. Mrs. Bess P. Winter, the librarian, would be very glad to have our birthday celebration visitors from out of town, as well as our local residents, drop in for a bit of quiet and rest from the festivities. We are proud of our library, which has only been open a year, and the progress it has made in that time. Come in and sit down at our reading table for a breathing spell. Everybody is welcome.

Annual Meet September 6

September 6 has been set as the date for the annual meeting of members of the Ochiltree National Farm Loan Association. President C. E. Forbes announced following a meeting of the association directors in the farm loan office at Perryton. The annual get-together this year is expected to be a large and important conference of land owners of this territory. The meeting will be held at the Ellis Theatre, starting at 10:30 a. m. Details will be announced later.

Committees in charge are planning to make this year's meeting one of the best in the history of the association which began making Federal Land Bank loans in Ochiltree and Lipscomb counties in 1918. F. B. Sumpter, Secretary-Treasurer, heads the program committee. The following members of board of directors will serve as the attendance committee: C. E. Forbes, Calvin Flowers and Audie Conley.

Dance Two Nights At Lake Fryer

John Coburn, concessionaire at Lake Fryer, announces that each night of Perryton's anniversary celebration there will be a dance held at the recreation hall.

Pinky Powell and his modern dance orchestra has been engaged to furnish music for both nights. Popular admission will be charged at the dances, Coburn states.

Perryton Offers Two Days of Fun and Entertainment For 22nd Anniversary Celebration

Promptly at one o'clock this afternoon the Perryton Ranger band will lead the parade of riders and contestants garbed and bedecked in the gayest of colorful western attire down Perryton's Main street to officially open Perryton's 22nd anniversary party. From then until late Friday night this city will be crowded with thousands of visitors from far and near who have come to join with us in this big two-day birthday party. Then comes a fast program with something doing all the time.

Fire Department Has Third Call in Week

The Perryton Volunteer Fire Department answered its third call in one week last Saturday morning when a gasoline stove in the home of Leonard Copeland, in the north part of the city caught fire and caused considerable damage before the blaze was extinguished.

The first started when it was attempted to light the stove. Walls of the room and the floor were burned, but flames were prevented from spreading to the rest of the house. Mr. Copeland, who had just recently been discharged from the hospital, suffered severe burns on his right arm and one leg, and was taken to a local hospital where he was treated for second degree burns.

Crop Loans Being Made

Loan applications are being received in the County ACA office at this time by Earl Waide, Crop Insurance supervisor. Only a very limited time remains in which to file the applications for the reason that August 30 has been set as the deadline for accepting the applications. Several farmers are collecting indemnities for full 100% losses for 1941.

One farmer when filing proof of loss was asked to state the cause of the 100% and gave the following: first, planting in a dry seed bed gave a poor stand; second, grasshoppers cleaned off the edges; third, wire worms worked on the seed and young plants in the fall and winter; fourth, cut worms in the early spring cut out great patches of wheat; fifth, wet weather and rust caused the heads to blight and fall down; sixth, hail took a heavy toll; seventh, finally weeds took the crop and prevented cutting.

According to this man fire was the only thing that did not happen to his wheat crop which was covered by all risk crop insurance.

Adams Opens New Place

Ralph Adams makes announcement this week of the opening of Ralph's Snack Shop, a new restaurant located in the Allen building. Mr. Adams is not new to the restaurant business in Perryton having operated Ralph's Lunch here for three years, selling out about a year ago.

Mr. Adams states that a complete line of short orders, sandwiches and pastries will be served. He invites all his old friends as well as new ones to enjoy the foods that he has to offer.

The southwest's biggest amateur rodeo will be held at Fairgrounds Park on both Thursday and Friday starting at two o'clock each afternoon. Added attractions at the rodeo are Jack Elzey and his educated horse and "Little Brown Jug" Reynolds, three year old cowboy.

Dances will be held each evening starting at nine o'clock at Donley Hall, Perryton Equipment Co., Broadhurst Skating Rink and Lake Fryer.

One of the biggest features of the two-day program will be the big parade at 10:30 o'clock Friday morning.

Baseball games will be staged at Fairgrounds Park each night between the Perryton Greys and the Shamrock Oilers from Dumas. "Little Brown Jug" Reynolds will appear before the grandstand before each game. An extra added attraction on Friday evening will be the dancing and singing revue by the Dixie Dice Defense Darlings of Amarillo. Evening attraction at the park start at 8:15.

Many Hoppers In County; Should Be Poisoned Quickly

The second generation of the migratory grasshopper is now hatching out in enormous numbers in different parts of the County according to reports by farmers to the County Agent. Prospects are that much damage to early sown wheat will result unless steps are taken to poison the pests. Poisoning may be accomplished much more effectively if the hoppers are poisoned before they grow wings. Much damage may be expected to feed crops also if the insects are allowed to develop to maturity and scatter over the fields. The poison mixing plant is now closed but the material may be secured at any time by applying to the County Agent's office. Ample supplies of bran, sawdust and arsenite is in storage in the County for the poisoning campaign according to County Agent E. W. Thomas.

Market Correction

The market quotations appearing on the farm page are those of last week and should have the following corrections: hogs—\$10.45; heavy hens and springs—15¢; leg-horn hens and springs—13¢; cream 33¢ and eggs—24¢.

Paul Revere — 1941 Style

Here's the modern version of Paul Revere's message, as enacted by 5-year-old Billy Holdsworth of Yeadon, Pa., at recent baby parade in Wildwood, N. J.

INTERNATIONAL SUNDAY SCHOOL LESSON

The International Uniform Sunday School Lesson for Aug. 24

Sunday School Lesson

War Repeats Early Sacrifice

Text: Hebrews 9:11-22

THE early Christian writers had the task of explaining the new Christian faith in relation to the religion in which many of the disciples had been brought up. In the thought of Paul and other Christian writers, there was no breach between Judaism and Christianity. They thought of their Christian experience as a fulfillment of the faith and practice to which they had been accustomed.

Deep in this former faith and practice had been the emphasis upon blood sacrifice. In common with almost all religions, the conception of blood sacrifice and blood covenant played an essential part.

Then came the sacrifice of Christ upon the cross, and the Christian teaching relating this sacrifice to the Jewish ritual and practice. This in the Christian thought marked a new covenant. The salvation of men was no longer to be won, or their sins purged, by the shedding of the blood of goats and bulls and the sprinkling of the ashes of a heifer. Salvation was rather through the sacrifice of Christ.

THIS is a lesson of mystery which it is not easy either to understand or to explain. Perhaps we are unwise to attempt too exact an explanation, and we might do better to turn to practical illustrations.

We see surely in our world today how the innocent suffer for the guilty, and how inevitable it is that some men should suffer and die for their country, their homes, and the laws and institutions that they value are to be preserved.

A GREAT theologian has said, "What Christ is on the cross, God eternally is." We ought to interpret all conception of blood sacrifice in religion in terms of that statement.

The idea of Christianity and the New Testament is that for our salvation no sacrifice is needed but that of a sincere and contrite heart. God is not to be appeased. He is Himself through the atonement, inviting us to receive His grace and accept of His love made through love.

Miss Arlean Pattison and Miss Helene Orr came in Thursday from Ames, Iowa. Miss Orr will spend a few weeks with her parents, Mr. and Mrs. Chas. Orr and friends here before returning to her home in Ames, Iowa. Miss Orr was accompanied by her brother, Wayne Orr, who went on to Floydada for a few weeks visit in the home of a brother, Bill Pattison. Miss Orr, who taught the past year in Ames college, will go to Pullman, Washington to teach this year.

Mr. and Mrs. Joe Montgomery and daughters, Miss Roberta and Mrs. Nora Zeppa and Mr. Zeppa of Liberal were Sunday guests of Mr. and Mrs. A. C. Nies.

"Laziness, though seldom fatal in the world, is always fatal in religion."

Christian Science

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 24.
The Golden Text is: "Who hath known the mind of the Lord, that he may instruct him?" (1 Corinthians 2:16).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All thy works shall praise thee, O Lord; and thy saints shall bless thee. They shall speak of the glory of thy kingdom, and talk of thy power; To make known to the sons of men his mighty acts, and the glorious majesty of his kingdom" (Psalms 145:10-12).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is Mind, and God is infinite; hence all is Mind. On this statement rests the Science of being, and the Principle of this Science is divine, demonstrating harmony and immortality" (page 492).

Come thou with us and we will do thee good.

Strictly Fresh

CONSUMERS bought 45 per cent more coal in June this year than in the same month last year. They expect either a shortage of fuel or a shortage of warm days.

President Roosevelt's curtailment of installment plan buying has its brighter side. Now we won't hear so many "dollar down—dollar when you catch me" jokes.

An airplane factory has hired little men as mechanics, because brawny ones couldn't squeeze inside flying-boat wings. They really mean it when they sing "Little Man, You've Had a Busy Day."

A Japanese barber in Africa invested his entire savings of more than \$23,000 in giraffes, and imported them to Japan, with the understanding that he'd re-sell them to U. S. zoos. Then came the freeze order, preventing exportation from Japan. Pure case of a fellow sticking his neck out.

Mr. and Mrs. H. M. Clevenger and Miss Carol Ruthrauff, Hutchinson, Kans., visited Saturday and Sunday in the Frank Teague home. Mrs. Teague, Mrs. Clevenger and Carol are sisters. Carol Lee and Polly Clevenger have been visiting several weeks with their aunt, Polly returned home but Carol Lee remained for another week.

Mr. and Mrs. Max Boyer, Mr. and Mrs. Kenneth Fuelscher and Mr. and Mrs. Fred West were Sunday evening guests of Mr. and Mrs. LaRue Norris.

'Defense Swing' Is New Dance

To the music of "Yankee Doodle" in swing time, the newest dance introduced to the nation is the "Defense Swing." Thumbs up is an important gesture.

• Balko

Mrs. Nicholson from Eugene, Ore., has been visiting with her son Forest Robinson of the Bethany community.

Forrest Jackson was bitten by a rattlesnake last week. He was taken to the Beaver hospital for treatment, and is doing nicely at this writing. The snake bit his dog too. Most everyone around Balko have threshed their oats and barley. Mr. Morehead's machine is doing the work.

Mr. and Mrs. Harry Cayler and Donna, Mrs. Ruth Osterburh and Jean had supper and spent the evening Tuesday with Harry's parents, Mr. and Mrs. J. W. Cayler. Harry and family left for San Antonio Saturday where Harry had accepted a position.

The W. M. S. met at the church Thursday afternoon. Mrs. N. C. Naylor, Mrs. J. O. Renfrow, Mrs. A. M. Blackweider and Mrs. J. W. Cayler were present. The lesson in Royal Service was discussed. The election of officers was postponed.

Our pastor Rev. S. H. Whittaker gave the church folks quite a surprise Friday evening when he brought Miss Sprague of the M. View community home as his wife. We welcome her to our church and community. Congratulations.

A business meeting of the church was held Friday night. Those present were Rev. and Mrs. Whittaker and Maynard, Mr. and Mrs. N. G. Nelson, Mr. and Mrs. J. O. Renfrow, A. M. Blackweider, Mrs. Charlie Zimmermann, Mr. and Mrs. J. W. Cayler. Teachers and the substitute teachers were elected.

Mrs. Elmer Unruh was canning corn Thursday.
Mrs. Buri Teague arrived home Sunday. She has been in Alabama the past three weeks with her parents, Mr. and Mrs. Fred Dowers.

Rev. Caywood, former pastor at Balko church, Mrs. Caywood, Mr. and Mrs. Nevel and daughter of Woodward, were in the service Sunday morning. Dinner was served in the basement at noon. A song service was enjoyed after dinner until Rev. Evans pastor of Beaver and Forgan arrived and preached a very fine sermon. Rev. Caywood and Nevel remained for the night service.

Mildred Reiswig and Velma Nicholson were in Beaver for Sunday service at the Baptist church. J. W. Cayler and Bill Cayler brought their heifers home from summer pasture to the Cayler farm the first of the week.

• Lake View Tattler

Miss Lula Deck of Greenville, South Carolina is visiting in the W. M. Deck home. She and Mr. Deck are motoring to Wimberly, Texas this week to visit their mother, Mrs. M. W. Deck.

Sam Nitchake bought several fine looking Hampshire guinea pigs last week and is going in the hog business as a side line to his wheat farming. Leona Enmick spent several days in Oklahoma City last week visiting friends and some of her music pupils of that city. Leona taught music here in that city two years before coming here and had approximately two hundred and forty pupils, teaching them several different instruments, voice and dramatics.
Dan Nitchake and daughter Bertha were transacting business in Perryton the first of the week.
Mrs. Sam Nitchake and daughter, Mayme were callers in the S. J. Powell home the first of this week.
Mrs. Dennis Reed and daughter Margaret visited with Mrs. John Sims the early part of the week.

August 30 Closing Date On Crop Loans

Wheat Insurance For 1942 Crops Explained Here

COLLEGE STATION.—Instead of asking for the cash equivalent, approximately 70 per cent of insured Texas wheat farmers are using their certificates of indemnity as collateral for government loans, according to P. C. Colgin, state loan supervisor of the AAA.

In taking the loan, farmers are not only receiving better prices, but by retaining possession of the wheat they will be able to take advantage of the market in case prices advance, Colgin explained.

Certificates of indemnity or the cash equivalent are paid farmers at the time the total or partial loss of the insured wheat is determined.

To date, 3,340 claims have been paid on 217,175 acres with an insured production of 1,063,947 bushels. A total of 11,040 farms and 4,943,435 bushels were insured for the 1941 crop.

All-risk insurance policies for 1942 have already been made on 1,500 wheat farms representing 1,200 operators and owners and covering production of 84,000 acres. Applications will be taken until August 30 or until the time wheat is seeded, whichever date is earlier. Hazards covered by wheat insurance include losses by hail, wind, rain, fire, insects, drought, winterkill, rust, floods, and crop failure, the AAA official said.

Provisions of the 1942 loan program specify that in order for owners and operators to insure wheat on one farm, they must insure all wheat crops in which they have an interest. Regardless of the number of farms insured, only one application is necessary.

When a grower applies for insurance this year, Colgin pointed out, he will sign a commodity note which authorizes the Federal Crop Insurance Corporation to deduct the amount of the premium from indemnities which might be paid, or from wheat loans, or AAA payments, whichever is made first. The notes, which will mature about the time indemnities are usually paid, are made in the cash equivalent of the premium.

If a producer elects to pay his note before maturity, it may be paid either in the cash equivalent of wheat based on market prices the day the premium is paid, or in bushels of wheat. If the premium is paid by the producer after maturity, he will be required to pay in the cash equivalent based on the market price of wheat on the date the premium was due.

Insurance coverage may be either 50 or 75 per cent of the normal yield on the farm, but the 75 per cent coverage is proving popular with Texas wheat farmers, Colgin said.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing his land and seeding his 1941 grain crops.

Borrowers who obtain loans for the production of grain crops are required to give as security a first lien on the crop financed.

Ahoy, Matey

Buccaneering was great sport for Rosamond Blackwell, Long Beach, Calif., at the recent Fiesta de la Playa celebration at Belmont Shore.

Emergency Crop Loans Available to Farmers

Emergency Crop loans for the production of winter wheat and other small grains are now available to farmers in Perryton, Ochiltree County, and applications for these loans are now being received at the Courthouse by John L. Jones, field supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing his land and seeding his 1941 grain crops.

Borrowers who obtain loans for the production of grain crops are required to give as security a first lien on the crop financed.

HOME DEMONSTRATION CLUB NEWS

McMillen Club Meets With Mrs. Gossett

The next regular meeting of the McMillen home demonstration club will be in the home of Mrs. Hollis Gossett on Thursday, September 11, at three o'clock. Visitors are always welcome.

● McMillen Club

"Does your living room have sufficient light for the needs of your family?" asked Miss Elizabeth Huffines, home demonstration agent, at the meeting of the McMillen Club in the home of Mrs. Fred Tarbox, Thursday, August 17. Study the room before redecorating; place your reading lamp where it will suit the needs of your family best, and select the right shade of paper for the room to bring out the best lighting results, were other points brought out at the meeting.

Those present were Mrs. Harvey Urban, Mrs. B. E. Plummer, Mrs. Willis Hardy, Mrs. James Hardy, Mrs. B. L. Barnes, the hostess, and visitors Misses Ruth Ann Urban and Mavis Hardy.

● Perryton Club

"Making the most of what you have for lighting equipment is an important point to remember when providing light for the home," was the comment of Miss Elizabeth Huffines, county home demonstration agent, when the Perryton Home Demonstration Club met in the home of Mrs. Dora Keim on Wednesday, August 13.

By placing a milky white globe over a clear bulb one may secure about one-fourth more light from the same wattage as when using only the frosted bulb. Light colored wall paper will also reflect more light than darker paper, thereby giving your room more candle feet of light for wattage used. The indirect lighting system is best and should be so placed as to eliminate glare.

The club voted to each can donate two cans of food to Boys Ranch at Amarillo.

It was also decided that the club would enter a complete cleaning unit for the home in the educational exhibit during the County exhibit.

Those present for the afternoon besides the hostess and demonstrators were Mesdames M. F. Helbeck, B. B. Lee, W. L. Philyaw, Lake Patton, Garland, Redfern, Ike Sharpe, W. S. Thomas, W. L. Wagon, Delta Davis and Clarence Zirkle.

The use of wools by the army and the increased demand for civilian use are important factors in boosting the present price of wool clips to a higher mark than at any time since the early months of 1929.

Coffee can be made on a picnic by carrying it in a cloth bag and simply dropping the bag into a container of boiling water when desired.

Mr. and Mrs. H. E. Shottwell visited over the week-end with her parents, Mr. and Mrs. K. A. Britt, Canyon, and with relatives in Amarillo.

THDA Theme Is Selected

COLLEGE STATION. — "Nutrition in Defense" has been chosen as the theme for the annual meeting of the Texas Home Demonstration Association to be held in Beaumont, September 3-5, the president, Mrs. A. J. Brown of Nederland, has informed Helen H. Swift, Extension Service sociologist who works with rural women's organizations.

Members of the Association will discuss plans for making their Good Neighbor program reach the largest number of people "so that they will be eager to produce and eat food that will make 'strong Americans for a strong America.'" Mrs. Brown and others in the Texas delegation, who conferred this spring with Secretary of Agriculture Claude R. Wickard will report to the Association on their talk with the Secretary regarding the place of home demonstration club women in the national nutrition program.

Biennial election of the Association officers is scheduled for the September meeting. Miss Swift says. Candidates for the various offices, who were endorsed by their districts in the spring, included Mrs. W. G. Kennedy of Bailey County and Mrs. J. M. Hamilton of Taylor County for president; Mrs. C. A. Caffee of Floyd County and Mrs. Leon Sullivan of Ellis County for vice president-at-large; Mrs. E. N. Rice of Hamilton County and Mrs. J. Y. Welch of Bask County for secretary; and Mrs. Curtis Roach of Ochiltree County for treasurer.

In addition to the business sessions, the convention program will include a get-acquainted reception, a banquet, and trips to points of interest in and around Beaumont. One special feature planned by the Jefferson County hostesses is a fish fry on the Gulf.

Summer Management Of Growing Turkeys

COLLEGE STATION. — Moisture contributes largely to diseases among turkeys, especially coccidiosis, paratyphoid infection and blackhead. Sanitation, particularly dryness, says George P. McCarthy, poultry husbandman of the Texas A. and M. College Extension Service is the only effective preventive.

Excessive rainfall has been hard on young turkeys and indications are that adult losses are considerably above average. But if poulters can have dry roosting quarters and are confined to pens during rainy periods to prevent them running through the wet grass, a lot of the losses can be controlled. Some turkey producers report they are finding that sulphur has given very good control of coccidiosis.

Blackhead easily is identified in post mortem examinations by the spotted condition of the liver and the heavily congested areas in the ceca, McCarthy says. "This disease is best controlled by keeping young turkeys away from ground which has been used for poultry. The cecal worms in chickens are the carriers of the blackhead organism, and it is transmitted to turkeys in this manner by running on contaminated ground."

McCarthy suggests that it is a good practice to treat turkeys for intestinal parasites several times during the growing season, perhaps worming them first at about 12 weeks of age and at least twice more during the growing period. He prescribes a regular pullet size capsule or a worm powder in the mash.

If any of the turkeys are ailing, under no conditions give them a worm capsule as it might kill some of the weaker ones. In such cases he recommends a flock treatment. "Indications are that turkeys are going to be in the money this fall, so make every effort to raise all you have," McCarthy adds.

Lake Fryer—A Dream Come True!

By KATHLEEN CAYLER

Ochiltree county citizens have at last had one dream come true.

Formerly listed as the geographic center of the Dust Bowl, many citizens of the county had hoped for some sort of an oasis, a good picnic ground, a place where tired families could relax and enjoy some of the beauties mother nature intended for the north plains.

Then came the department of agriculture to the rescue of barren plains and wind eroded fields of the Panhandle. The Soil Conservation Service was born, the department of Bureau of Agriculture Economics had started a survey to determine where water could be stored in this almost desert country.

Before this, however, there was born the Panhandle Water Conservation Authority, a group of men mostly county officials of the 18th congressional district with one member from New Mexico but all seeking lakes for the Panhandle. These men were pioneers of the Plains. They had seen water raging down creek beds and canyon streams in years gone by and they knew that some day in the not so distant future these streams would again fill with precious water. They secured state aid and permission from the legislature to form such a body to strictly lobby and work with governmental agencies toward fulfilling their dream.

Today those dreams have materialized.
Leaving Perryton on U. S. highway 83 to the south, then following an all-weather road that is a scenic drive, one reaches the Wolf Creek Project, affectionately known as Lake Fryer in memory of a great sportsman who lived on this project site a decade ago.

Here is a veritable Eden for everyone to enjoy without cost. Here is a lake, always filled, fed by springs and crystal clear. A lake boasting many fish and prepared for restocking this fall with game species of bass and channel cats.

Here are thousands of trees affording the best picnic ground of any of the five other government lakes. It is that dream come true.

Perpetuating the natural gifts of the site even the recreational building, where dances of yesterday and those of today's vintage, are mingled by dance lovers, is constructed of native stone as is the bath house and the foundation of the Ranger and concessionaire's dwelling. Even the power house is of native stone and these buildings are a silent monument to what Panhandle pioneers sought and won.

Where cowboys once rode over quick sand beds of Wolf Creek or perhaps caused their horses to swim swollen streams in search of doggies those waddies today step into fast speedboats and ride the waves of Lake Fryer with their best girl friend.

Perhaps they are mindful of those cattle round-ups when swimming in a perfect pool supplied by nature and many feel strange when entering the modern and well-equipped bath house, remembering a mesquite bush held their clothes years ago when Wolf Creek had enough water for a swim.

Perrytonites are grateful to the Water Conservation members, the Soil Conservation Authority and those hardy pioneers who refused to quit because of sand storms and when the north plains gathered at Lake Fryer Saturday and Sunday for the second annual celebration, not a person present but what felt down deep in their heart their gratitude for the Oasis of Ochiltree county.

So, a prescription to you tired business men: try this recreational diet built by your own uncle Sam and see if tomorrow morning doesn't find a smile on your face and a grateful heart that you live among people who insisted we receive the heritage of our birth.

Multiplying Defense Effort

The Office of Production Management announcement that six corporations holding defense supply contracts with the War and Navy Departments have contracted for 31.3 per cent of the total dollar volume of such contracts may perhaps raise in the minds of some folks that old and tattered specter of the 60 families who are mistakenly supposed to "own" America. At first glance it might appear to be meat for the hungry critics of our industrial system.

But what are the facts? When the need for our gigantic defense effort first appeared the government naturally turned to big corporations, because they were the ones who could handle big jobs most quickly. They had the plant facilities, the managerial skill, the trained labor for the work. They got the contracts because they had the required experience.

But even though they have the prime orders, by no means do they do all the work. They handle government business just as they handle their own—what they can't do themselves, they let out to others. And, investigation reveals, they are letting out more and more as the urgency of the situation increases.

Few people realize the great amount of sub-contracting that is being done today. For that reason, a recent check made by the Army-Navy Munitions Board has considerable interest. According to it, 4,750 direct contractors are using 28,000 sub-contractors and sub-sub-contractors—an average of nearly six plants at work on some operation of each order.

A case in point is furnished by a leading manufacturer of airplane motors. From a 69 million dollar contract which it received, this company has sub-let 30 million dollars of work, or approximately 43 per cent of the total. All told, it is using exactly 100 different sub-contractors on the job.

Another company with a 17 million dollar machine gun contract has sublet 11 million dollars of it, or 64 per cent of its work.

A manufacturer of aviation and nautical instruments is already buying 350,000 man-hours a month from sub-contractors and within a year expects to increase that figure.

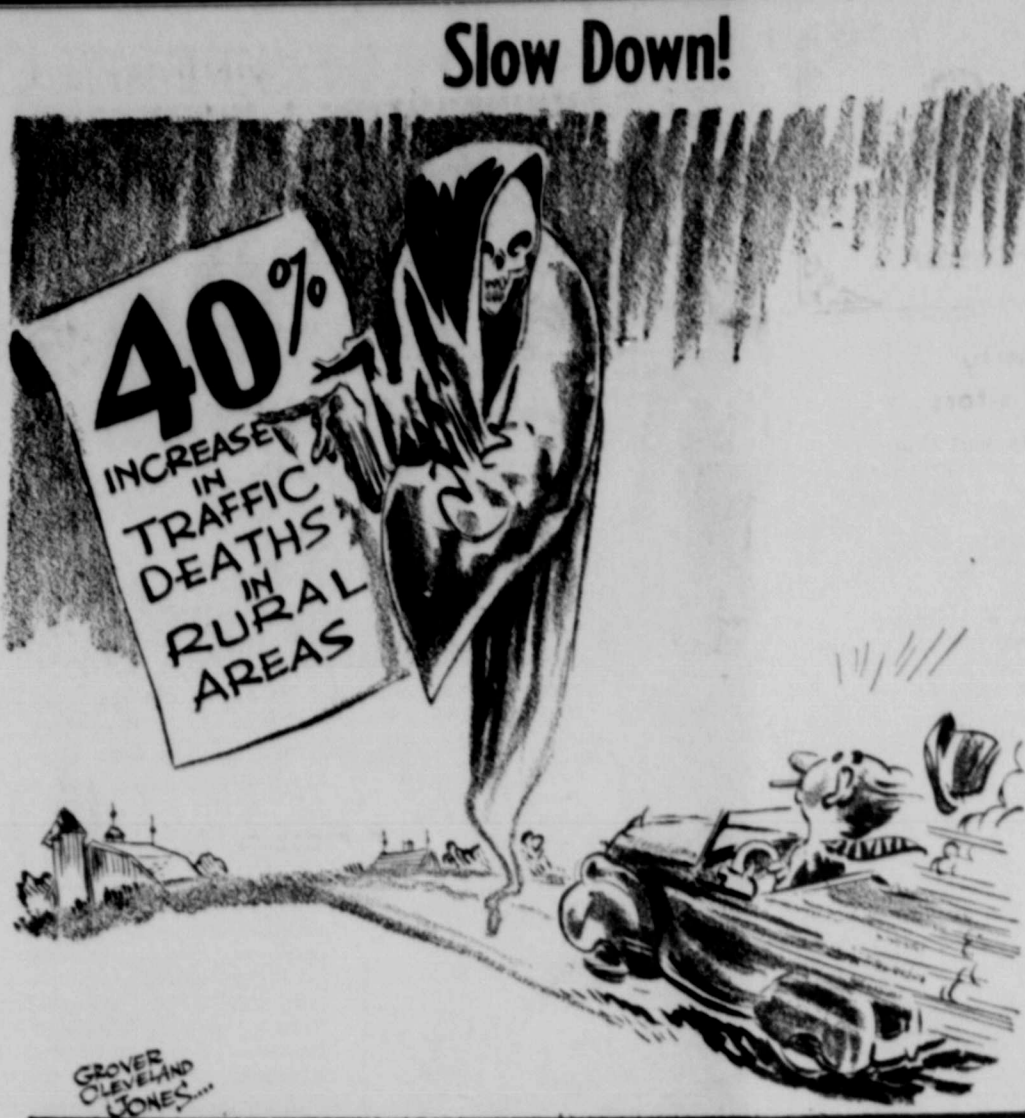

Cases like these are typical of the way in which defense effort—and defense spending—are being spread out among companies large and small all over the country. Industry today is sub-contracting to the greatest extent possible for maximum efficiency. In that lies the secret of our rapidly expanding armaments production.

Dispelling the Fog

By CHARLES MICHELSON
Director of Publicity, Democratic National Committee

Just what would be the status of the world today and what would be the situation in America if the isolationist group, who at this writing are still holding up the continuation of service by the selectees in the army beyond the period set in the statute, had had their way? It is no coincidence that the same people six years ago fought the appropriations bill that was to start the rebuilding of the navy. That was the opening of the effort to get the two-ocean navy, in the construction of which we are now belatedly engaged.

What we heard then was very much in line with what we hear now from the anti-administration group in their opposition to prevent what the President and the Army Chief of Staff say means the disintegration of our military force. The only new arguments they make is that continuing of the service of the selectees, National Guard and Reservists would be violating a promise to the drafted men. They entirely ignore the provision of the law which specifically provided that, in the event of Congress deciding that an emergency existed, the men should remain in active service.

They insist that the pending legislation would tend to bring us into the war.

They made the same argument when it was first suggested that the navy should be enlarged. It is the same philosophy which Senator Nye voiced in 1935 when a bill to give the War Department more funds was before the Senate. "We find ourselves," said the North Dakota Senator, "engaged in mapping a larger program in preparation for war than civilization ever before knew in peace time."

Put Defense Nine Months Behind. By 1939, there was no longer a question of the menace involved in the Hitler program, and so there was before the Senate an amendment providing 6,000 new airplanes for the U. S. Army, and again the isolationists fought the measure and accused those who were advocating this modest start toward preparedness of being warmongers.

For ten months they held up the repeal of the Arms Embargo Act which forbade this country selling war materials to any nation at war. By that time, it was obvious that Great Britain was in dire peril and would probably be overwhelmed unless we let her buy the things she needed for the defense of democracy. The President had to call a special session to get Congress to put through the legislation which it only did after more weeks of debate. In other words, the establishment of American factories to provide England with the means of damming the Nazi flood was held up for nine months.

We are only now reaching the point of adequate production which, if it had not been for the delay, would have been at its peak long ago.

It was the same thing when at

Bradbury Produce

H. C. JOHNSON, Manager

last America felt called upon to call its young men into military training. In view of the grisly consequences to our country if England went down before the conqueror.

"Exact peace time conscription," declared Senator Wheeler, during the debate, "and no longer will this be a free land, no longer will the citizen be able to say that he disagrees with a governmental proclamation or edict. Hushed whispers will replace free speech, secret meetings in dark places will supplant free assemblage, labor and industry, men and women, will be shackled by the chains they have themselves forged."

It is nearly a year since the enrollment of the selectees was authorized, and the Senators are still going on the air and lambasting the administration whenever they feel like it. They gather an audience wherever they wish and hire as big a hall as they can fill. So much for the hushed whispers and "secret meetings" to which the people would be driven; while labor and industry are having their rows with distressing frequency, instead of being "shackled."

What We Escaped

This year came the lend-lease bill, with the usual opposition and the contention that the government was trying to rob America in order to arm the anti-Nazi belligerents. It was not because of any love for England, or even because of sympathy for England, that this bill was put through. It was done with the single purpose of protecting and defending ourselves, for we knew that the longer England could hold back the Nazi forces, the more time we had to get ready when and if it came our turn to meet the monster.

We have Hitler's own words for his intentions, for he has said: "It will be a simple matter for me to produce unrest and revolts in the United States so that these gentry will have their hands full with their own affairs. We shall soon have storm troops in America."

Now suppose that the isolationists had prevailed. Germany would by this time have taken Suez, and probably made a Nazi lake out of the Mediterranean with the British fleet imprisoned therein. It was the supply of American bombers that enabled England to head off this catastrophe.

The Bismarck would still be afloat, sinking helpless ships in the Atlantic—for it was an American-built plane in which the British observers found the great German battleship after she had sunk the Hood and so made it possible for the British Navy to destroy the Bismarck.

Hitler would now be occupying Iceland, with a direct threat on Canada and our own Atlantic Coast ports. Japan would doubtless have overcome her hesitancy and be more seriously threatening us in the Pacific.

In short, we would be up against the gun right now had the isolationists prevailed and so deprived us of the borrowed time which has enabled us to get ready, with the British fleet still the dominant Atlantic naval force and with Hitler locked in a deadly struggle on the Russian Front.

Penner Family Hold Reunion on Sunday, August 17

The Penner family reunion was held Sunday, August 17, at the Bethel Mennonite Church, west of Balco with a basket dinner to which all did ample justice. Seven sisters and two brothers of the family are living and they were all together for the first time since the death of their parents several years ago.

Beside the big feed, the day was enjoyed visiting, taking pictures, and in the afternoon a program of music and readings were given. The family record was read, which traced the Penners back a century. Numbers as they were given: Song group; scripture and prayer, C. D. Penner; reading, Edna Mae Bartel; music, P. J. Loyd and Art Penner; John Ollenberger and Neal Unruh; song, the F. C. Penners; family record, H. H. Karber and P. J. Penner; music, Neal Unruh; song by the young men led by Leroy Penner; quartet, Lula Mae, Edwin, Art and Sam Neufeld; readings, Wilma Kiewer and Eileen Unruh.

The sisters and brothers are Mrs. H. H. Karber, Mrs. E. B. Bartel, Mrs. C. D. Penner, Mrs. Menno Bartel, Mrs. A. F. Wahl, Mrs. G. A. Kiewer, Mrs. P. E. Gertz, P. F. Penner and P. C. Penner.

After the program, ice cream and cake were served. Those together for the day, numbering 114, were Mr. and Mrs. P. C. Penner and family, Coalings, Calif.; Mrs. Ray Anderson and children, Merced, Calif.; Mr. and Mrs. C. D. Penner, and Mrs. Ed Thiessen, Inman, Kans.; Mr. and Mrs. Art Wiens and family, Liberal, Kans.; Mr. and Mrs. Milton Stauffer and boys of Deer Creek, Okla.; Mr. and Mrs. P. E. Gertz, Mr. and Mrs. G. A. Kiewer and sons, Mr. and Mrs. John Warkentine and Joyce, Mr. and Mrs. Neal Unruh and Patris, Miss Evelyn Bartel, Mr. and Mrs. Harry Nickel and family, all of Fairview, Okla.; Mr. and Mrs. Oliver Carter, Perryton.

Mr. and Mrs. H. H. Karber, Mr. and Mrs. J. P. Karber, Mr. and Mrs. E. B. Bartel, P. J. Penner and LeRoy, Mr. and Mrs. Menno Bartel, Mr. and Mrs. A. F. Wahl, Mr. and Mrs. P. F. Penner, Mr. and Mrs. E. J. Neufeld, Mr. and Mrs. Art Neufeld, Mr. and Mrs. Ruben Penner, Mr. and Mrs. Harvey Karber, Mr. and Mrs. Ed Kiewer, Mr. and Mrs. Ernest Unruh, Mr. and Mrs. Clyde Pugh, Mr. and Mrs. Sam Neufeld, Mr. and Mrs. John Ollenberger, Mr. and Mrs. Loyd Penner, Mr. and Mrs. A. B. Penner and their families all of Beaver county.

After the program, the hostesses served iced watermelons to those mentioned and Mrs. W. L. Werneburg, Mrs. Herman Morgan, Mrs. J. H. Stephenson, Mrs. Holly Palmer, Mrs. Shirley Horan, Mrs. G. H. Hutchens, Mrs. S. R. McClung, Mrs. Val McLanahan, Mrs. Walter Blacksten, Mrs. S. D. Key, Mrs. Paul Bowen, and Mrs. Robert Lawrence.

Washington's Beautiful Landmark

On the banks of the Tidal Basin, the beautiful Jefferson Memorial is the newest landmark of the nation's capital. Formal dedication awaits completion of the interior.

Football Officials to Adopt New Rule Infraction Signs

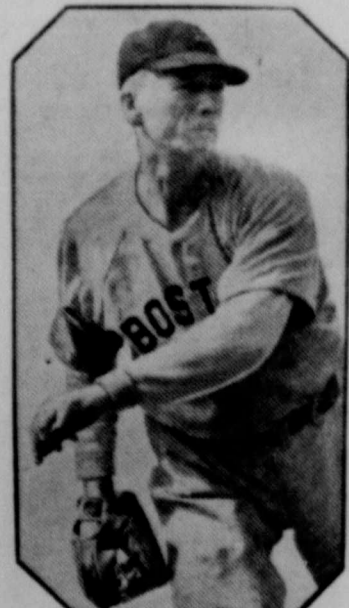

BY ART BRONSON

DOWN the sports trail: Football officials will use four new signals for notifying the press box and spectators of rule infractions this fall. . . (1) Intentional grounding of a forward pass (both hands over his right shoulder) . . . (2) Unsportsmanlike conduct (both arms out straight from the sides of his body with the palms facing down) . . . (3) Illegal touching of kicked or free ball (tapping both shoulders with hands, the upper arm being parallel to the ground while making the signal) . . . (4) Illegal formation (revolving hands in front of chest).

EARL MARTINEAU, assistant football coach at Michigan, thinks pro football gives a boy a false sense of values because of the big money he picks up for three months work. . . College football, of course, is strictly an ennobling proposition, makes a boy strive for dear old Siwash and the stadium bondholders. . . U. S. Army pilots are learning skeet shooting. . . Helps them in gunnery by teaching them how to "lead" a target. . . Bill Gargan may get the lead in the movie on Lou Gehrig's life. . . Branch Rickey is making a lot of noise about staging a world series game at night if his St. Louis Cardinals win the pennant.

WHEN Lefty Grove recently copped his 300th victory, he was the twelfth major leaguer to enter this coveted circle. . . The others are Denton "Cy" Young (510), Walter Johnson (413), Christy Mathewson (373), Grover Alexander (373), Charles Nichols (360), Tim Lincecum (343),

John Clarkson (327), Eddie Plank (323), Mike Welch (309), Charley Radbourne (308), and Tony Mullane (302). . . Tom Stidham, Marquette's new football coach, says he was only kidding about using a four-man line this fall. . . Ad lib department: Jimmy Wilson, Chicago Cub coach: "I must be an awful guy. Both my coaches Charley

Lefty Grove . . . Pitching ace. Grimm and Dizzy Dean, quit me this year. . . Pancho Segura, a 19-year-old Inca Indian, has been wowing the boys in the eastern tennis tournaments. . . Almost 15,000 people witnessed a recent night basketball game at Manhattan Beach in New York. . . A golf club that costs \$3.50 this year will cost more than \$5 next season.

Farewell Party For the Caylers

Mr. and Mrs. Harry Cayler and Donna left Saturday to make their home in San Antonio where Mr. Cayler will become associated with Kilian's, one of the Alamo city's largest cafe operators.

For the past five years Mr. Cayler has been divisional accountant for the Community Public Service Company, with Perryton his headquarters, and shortly after accepting this position in 1937 he was elected secretary manager of the Perryton Chamber of Commerce. One of objectives during his term with the chamber was to create a better Fair Ground Park and it was much through his efforts that the campaign for lights and grandstand was successful.

Mr. Cayler first came to Perryton in 1932 from LeMars, Iowa, and with his brother, Bill Cayler purchased the Perryton Cleaners.

Soon thereafter he was engaged to liquidate a Plainview bank and during that work met J. P. Weyman, a co-worker. Weyman is now owner of Kilian's and it was through the Plainview acquaintance that Mr. Cayler was chosen for his new position.

Following the Plainview liquidation work Mr. Cayler was chosen by banking officials to liquidate another bank at Lockney and it was following this work that he returned to Perryton.

During his Perryton visits Mr. Cayler met Kathleen Kelly and on December 26, 1935, they were married. They have one daughter, Donna Marie, age 5.

Mr. Cayler is a member of the Masonic lodge, The American Legion, the Elks, Modern Woodmen and formerly was associated with the Lions Club.

Mrs. Cayler is a graduate of the Perryton High School and will be remembered as one of the Drum Majors of the Ranger Band. She attended West Texas State College and was a sorority member of Beta Sigma Phi. She is the daughter of Mr. and Mrs. A. J. Kelly of this city.

"It is with regret we leave Perryton for new grounds," Harry told the Herald "but we feel our friends understand our desire for self advancement. The shortage of time prevents personal goodbyes but we shall never forget our Perryton friends and affiliations."

Employees of the Community Public Service Company gave the Caylers a surprise farewell party Wednesday evening at the home of Mr. and Mrs. C. E. Whippo with guests from the division offices of the company. Those present other than the hosts included W. E. Bratton and Miss Pearl Tetter, Pollett, Mr. and Mrs. Claude Carmichael, Mr. and Mrs. H. Hale, and Mr. and Mrs. Ray Carmichael, Higgins; Mr. and Mrs. A. L. Schnell and Mrs. Mildred Chamberlain, Spearman; Mr. and Mrs. Tom Waugh, Mr. and Mrs. John Osterbuhr, Floyd James, Mr. and Mrs. Lavern Schnell, Mr. and Mrs. L. S. Sigler, Mr. and Mrs. Max Boyer, Miss Alta Paye Laubhan and the guests of honor.

At the close of the party when fellow employees were saying goodbye a Sunbeam Coffee Master was presented the Caylers with the good wishes of the division employees.

Fred Kuhn Paid \$25 Club Salary

At the weekly election for a president of the Community Service Club held in the American Legion Hall Saturday afternoon, Fred Kuhn was elected to receive a \$25 salary. The first ballot was for \$75 and A. W. Henry's name was drawn. He had not paid the weekly dues of ten cents and therefore was not eligible to be president.

For next Saturday's election, the salary will be \$75 and if the person whose name is drawn cannot qualify a second election for \$25 will be held. All proceeds of this club, which is sponsored by the American Legion, are used for charity purposes.

Mr. and Mrs. Odie Price and Melvin visited in Arnett, Okla., with his parents, Mr. and Mrs. W. G. Price. His niece, Carmen Keith of Seminole, who spent the past week with her cousin in Higgins, accompanied them back to Perryton and plans on staying in the home of her aunt, Mrs. Van W. Stewart, and attending the Perryton school again this winter.

Japan Continues to Expand

Latest move in Japan's expansion has been the occupation of French Indo-China. Now the land of the rising sun is threatening tiny Thailand and a crisis with the Dutch East Indies is near. Map shows Japan's expansion moves since 1875.

That Reminds Me— Traffic Deaths Rise Alarming

BY RALPH HERBERT

TRAFFIC casualty statistics are always brutal. The figures for traffic deaths in the first six months of 1941, as compiled by the National Safety Council and reported in the August issue of Public Safety, are particularly discouraging.

A total of 16,810 persons lost their lives in traffic accidents in the first six months of this year. Unless the trend is checked, the 1941 death toll will pass the 40,000 mark for an all-time high. Last year's total was 34,500.

ONLY nine states had fewer deaths than last year. They were North Dakota, Wyoming, Idaho, New Hampshire, Minnesota, Oregon, Rhode Island, Louisiana, and Nebraska.

While travel went up 12 per cent, deaths increased 17 per cent. The South Atlantic, South Central, and Pacific regions show by far the largest increase in traffic deaths.

The greatest increase was reported in rural regions, where deaths shot up 22 per cent. Rural traffic deaths increased by 40 per cent or more in Kansas, Massachusetts, Mississippi, Missouri, Nebraska, Rhode Island, South Dakota, Tennessee and Virginia.

LARGER cities have been showing a much more favorable trend toward reducing traffic deaths than communities under 10,000. In 12 states, towns under 10,000 had the worst trend.

There's real tragedy in the report that current increases in traffic deaths have hit most heavily in the 0 to 4 year age group, where deaths have increased 33 per cent.

Every community, every civic organization, every mayor and every police chief should act now to halt the menace of sudden death. Traffic fatalities are a major problem in the small community, even more than in the big city.

Aviation Field Is Promising Future

Young men with 60 hours of college work, age 20 to 26, inclusive, unmarried and with no dependents, now have the opportunity of training as aviation cadets. The new War Department Program of 30,000 pilots a year offers to qualified young men the finest instruction in the world in the operation of aircraft.

Aviation is in its infancy and regardless whether one stays in the service or returns to civil life, there will always be a growing need for trained pilots. During their training period, young men, as aviation cadets, receive \$75.00 a month, board and room, clothing, medical attention and a \$10,000 life insurance policy with the premiums paid.

Graduating after seven and a half months of training, they are commissioned, 2nd Lieutenants, Air Corps Reserve, with the opportunity of three years active duty with the United States Army Air Corps. Pay while on active duty ranges from \$205.00 to \$245.00 a month. Upon completion of active duty they will receive a cash bonus of \$500 a year for each year of such duty.

Should the young man not have the required 60 hours of college work he will be given the opportunity of passing a mental test covering the subjects he should know.

All eligible young men who think that they might be eligible for Aviation Cadet are asked to write or call at the U. S. Army Recruiting Station, Lubbock, Texas. It is expected that an Aviation Cadet Board will be in Lubbock on or about the 23rd of August to save any applications the expense of going to Fort Bliss or Fort Sill for their examination. All applications must be completed before arrival of the board. Birth certificate, transcript of college credits, and three letters of recommendations must accompany application. "Let's Go U. S. A. Keep 'Em Flying."

Mr. and Mrs. T. R. Murray, Gerald and Opal left Friday for a two week vacation in the Colorado and New Mexico mountains.

JUST A MINUTE

By PAT FYLNN

AMARILLO, Aug. 22—Back home again and there just ain't no place like Amarillo. Remember a few weeks ago when everyone was giving bricks and money to the Canyon Museum? Notice how easy it is to raise a Defense-seeking Fund? Then notice how much fuss can be raised over the tax valuation and Board of Equalization. Notice how much indignation flared up when City Manager Smith was asked to resign so Commissioners Harget and Epperson could have the satisfaction of employing their own political followers—That sort of excitement going on is what makes Amarillo interesting.

Now we know practically less about the George H. Ehrenberg tax survey than any one so feel qualified to write about them, too. If Amarillo is seeking a bond issue, and we have been told one would be necessary to broaden our water system, then the survey based on the 60 per cent of 100 per cent valuation is a new stunt to increase our borrowing power. On the other hand we are prone to agree with many others in it wasn't necessary to leave the city to gain a capable survey engineer. But after all what goes on in the City Hall until next election day is strictly Epperson-Harget business. The fact the Joe Jenkins finally decided to register his protests in voting "No" once in a while has gained him additional friends throughout Amarillo.

So we are going to have penny-grabber parking meters. Wonder why bids weren't asked for these racket machines before the new administration so eagerly let a trial contract to one concern. Again we are glad Mayor Jenkins registered his "No" to this highhanded practice. You know, folks, there is going to be a run on baby's penny bank every time Ma and Pa start to town once these high-jacking slot machines start working and pity the poor copper on the corner as he is going to be asked for change more times than he can remember. Why not issue him a money changer, Chief, so he can render a valuable aid to the tax payers and parking payers? Then Amarillo can again secure national spotlight publicity in pointing to their "Coin Chasing Cops."

Lubbock must enjoy the way Amarillo turns down Housing offers of the government to allow them an additional half-million dollars in new homes and we sincerely hope Amarillo's big shots will not listen to a selfish few this time but do all in their power to get anything the government offers. We hope no stone will be left unturned to get the Canadian River Dam. We also hope Amarillo gets busy to secure even the mooring mast for the Heliport plant before that dies from lack of interest.

We believe something will be accomplished now that Col. Simpson and the capable men named for his defense committee have been supplied with funds with which to

U. S. Civil Service Exams Announced

The United States Civil Service Commission has announced examinations for filling accountant positions, with salaries ranging from \$2,600 to \$5,600 a year. Appropriate responsible and successful experience in accounting or auditing is required. Study in accountancy or certificate as certified public accountant will be accepted for part of the experience requirement. Experience as routine accounting or audit clerk will not be considered qualifying. Applicants will not have to take a written test, but will be rated on their qualifications as shown in their applications, subject to corroboration. The closing date for receipt of applications is September 18, 1941.

The Commission also announced an examination for Junior Inspector, Wage and Hour Division, Department of Labor, at a salary of \$2,600 a year. The examination will be held only in certain regions of the Wage and Hour Division. Appropriate experience is necessary. Provision is made for the substitution of certain prescribed college study or for study in a school of law or accountancy for part of the experience. The closing date for receipt of applications is September 18, 1941.

The Commission has also announced the closing of receipt of applications for two announcements. They are:

Superintendent of Construction, various grades, \$3,200 to \$5,600 a year. Applications must be filed not later than August 25, 1941.

Under Card-Punch Operator, \$1,260 a year. Applications must be filed not later than September 2, 1941. Applications will still be accepted for Alphabetic Card-Punch Operator.

Applications for these examinations must be filed with the Washington Office of the Commission not later than the closing dates.

work. We believe Congressman Eugene Worley will appreciate the sincerity of purpose these men will take to Washington with them and we believe they will secure these defense contracts. At least Washington and the administration will again learn of Amarillo and our desires that they consider us for improvements instead of probably laying pipe lines to take our helium to some other city.

Today, up in Perryton, thousands will celebrate that city's twentieth birthday. This program of parades, rodeo, ball games, Dixie Dice Revue and dances will bring to a close a summer season filled with celebrations throughout the Panhandle. The Range Riders of Amarillo will make their official debut in the rodeo arena and aviators of the area will fly over the city in a fitting climax to friendly relations of Panhandle citizens. It is a colorful prelude to the Tri-State Fair that promises to be the most colorful one in the history of Amarillo. Crops were good this year, fall prospects are fine and people are looking forward to a gala week of fun that Rap Pinkney, Mason King and their fellow Fair workers have planned.

Wonder what has happened to the Junior Senator from Texas up in Washington? Here three days have passed without his presenting a bill to congress for consideration. Perhaps Wilbert O'Daniel has learned that those gentlemen are serious over the nation's future and has decided to sit down and listen a bit before passing another biscuit.

WPA Director Meredith Compliments Perryton
Dignitaries and celebrities are writing Perryton officials and friends expressed the good time they had at Lake Fryer's celebration.

A. A. Meredith, district manager of the Works Progress Administration, who was one of the principal speakers at Sunday's Lake re-dedication, a member of the race judge committee and also a judge in the bathing revue, wrote Mayor W. H. Lance as follows:

"My dear Mayor: Perryton and Ochiltree county made a wonderful showing at your Lake Fryer celebration yesterday (Sunday). I want to congratulate you, Van and others who worked with Pat in getting this celebration across in such fine fashion. However, since it is generally known that Perryton always does a jam-up job of celebrating, I presume most of us should have expected a good turnout at the lake. Even so, I believe you exceeded your own expectations in the large crowd gathered there for the fun yesterday.

"I believe we should all feel conscious stricken to an extent for not giving each of those beautiful girls a cup. They were all so beautiful each of them certainly deserved a prize.

"You have a wonderful lake and I anticipate the fishing at Lake Fryer will be the best in the Panhandle within a short time. I couldn't find you just before leaving to tell you how much I appreciated the courtesies you fine people extended to us at the celebration yesterday; therefore, I am taking this means of thanking you and all others sincerely for the wonderful hospitality.

"With kindest regards, I beg to remain
Yours very truly,
A. A. Meredith
District Manager"

Senator Grady Hazelwood, Representative Dick Craig and B. W. McGinnis were profuse in their praise of the reception Perryton people had accorded them at the lake Sunday and asked their appreciation be extended to all those who attended the celebration.

'Bundles From Britain' Are Deadly Cargo

Striking with increasing fury, Britain's bombers release death from the skies. This picture was taken during operations in Syria, with Vichy positions as the targets.

Elks Rodeo At Woodward

WOODWARD, Okla., Aug. 21—(Special)—School bells will be ringing next month in every town, but in Woodward the cowboys will play a tune to the Woodward Elks rodeo September 5, 6 and 7.

Schools in Woodward will not open until the Monday following the rodeo, so the echo of the school bells will give way to the gong of the wild bells on the wild Brahma steers used for the big rodeo.

Hai Cooper, general manager of the rodeo, said he had been assured that the greatest array of professional cowboy talent in the history of Oklahoma would be present to compete for the high cash prizes of the Elks rodeo. Cooper, a ranchman himself, is personally acquainted with all of the stars of the big shows, and he is seeing to it personally that all of them compete in Woodward.

Cooper announced that drastic price reductions had been made on the shows of Friday and Saturday, September 5 and 6, with one low admission admitting a person to a seat in the vast Crystal Beach stadium.

Another spectacle of the opening two days will be the long frontier parade under the direction of O. L. Bane, a Woodward cattleman. Bane now is taking entries from nearby towns and from persons who desire to ride horses in the parade.

Woodward is appropriately decorated for the big show. Streets are lined with a rail fence from one end to the other, and stores have decorated their windows for the occasion.

J. W. Bennett left Wednesday for Claremore, Okla., where he will spend three weeks taking the baths.

Miss Helen Mannen and Mrs. Harold Ballard were Amarillo visitors Friday. On their return they visited with Mr. and Mrs. Garland Cartwright, Borger, and were guests for supper.

Postmaster M. R. Coffee, Sheriff J. S. Talley and A. S. Brillhart left Saturday for Hot Springs, New Mexico, to spend a few weeks taking the baths.

Miss Rosemary Boston had as her guest Tuesday and Wednesday Miss Doris Garbet, College Station. The girls were roommates at TCW.

THE AMERICAN FAMILY . . . By George

"But, Mr. Solomon, haven't you got a sweater that will fit me like that one fits him?"

No. 4 Continued from Front Page

Miss Dice is nationally known for her ability as an instructor of dancing and entertainment and has produced many hit attractions in the Panhandle the past few years. No show is complete until the smallest act has been keyed by her as being "better than professional" and must meet her approval in timing, tempo and routine.

The wardrobe department of the Darlings is complete to the most minute detail with ample changes for each number.

So rapidly does Miss Dice present her numbers without any delay between acts that the spectator is amazed at the rapid fire changes of girls, gags and gorgeous settings. Miss Dice usually crowds an hour's entertainment into half that time and her agreement of 45 minutes revue in Perryton will allow the audience to see her entire repertoire of dazzling dances.

Members of the cast that will appear in the Perryton presentation

include Jane Dice, Tabby Sue Walker, Nora Jean Lamb, Frankie Lou Koehn, Lou Ella Hendrix, Janie Edwards, Milda Paye McSwain, Rosemary Edwards and Eileen Smith.

The girls will appear in the grand parade Friday morning. Miss Dice said, dressed in keeping with the patriotic theme of the procession.

No. 2 Continued from Front Page

average time for the two days. No daily money. Purse \$30, divided \$15, \$10, \$5. No entrance fee.

Cowboys Wild Brahma Steer Riding: Purse \$130, divided \$30, \$20, \$10, \$5, each day. Entrance fee \$5 for both days.

Mr. and Mrs. Arthur Maxwell and children, Norma and Wayne of Buffalo, Okla., were visitors Saturday night and Sunday with Mrs. B. A. Ohnson and family.

Miss Winona Allen was a guest at the Hollis Gossett ranch from Sunday until Tuesday.

Red Cross Need Workers

Room Is Open, Materials Ready

Attention women! Here's your opportunity to do your bit for country and National Defense and in your spare time.

The Ochiltree County Red Cross needs workers to prepare warm clothing for war relief that may see some little shaver in the war-torn countries enjoy a bitter winter a bit more comfortably with your aid.

Picture if you can your own children being torn from your home and rushed to an unnamed distant section of the nation to escape bombs of the enemy. Naturally, as mothers, you would worry yourself heartick wondering how those babies fared. You couldn't sacrifice enough personal pleasure and money to insure comfort for those babies.

That is the situation of English children and their Allies today. Only those mothers are working in factories and at jobs their husbands left behind to meet the armed forces of an invader. Those mothers do not have the materials nor the time to care for their babies. They are depending on you as one mother to another; as one woman to another to come to the rescue in a time of dire need. They want your knitting and sewing experience donated to the world's humanitarian call for assistance. They need you.

In down-town Perryton is a sewing room opened two afternoons each week, Tuesday and Wednesday, situated in the back of the First National Bank Bldg. Here volunteer workers are busy making the fifth quota for this Chapter which consists of 87 sweaters; 15 crocheted shawls; 48 bed shirts; 40 layettes; 80 girls cotton dresses; 40 boys shirts (made of lighter weight cotton material); 15 convalescent robes; 20 hospital pajamas; and 40 toddler packs. The toddler packs, a new item, are for children from the age of 9 months to two years and contain 20 pieces each; 3 knitted articles, a sweater, a beanie and a pair of mittens; 2 pair of rompers; 1 snow suit; 2 undershirts; 2 sleeping garments; and 10 diapers.

Not much to save the lives possibly of several innocent war babies is it? Yet this is Perryton's contribution quota.

Why not skip that bridge game next Tuesday or Wednesday afternoon and take the foursome down to the sewing room and work a bit for Democracy? Why not check with Mrs. J. P. Cox, production chairman of the Red Cross, about what is most needed. She can make arrangements to work at any hour that suits you.

Call her now and find out how YOU can aid the Red Cross.

work toward the betterment of the club as a whole. Each committee is an integral part of the club.

Sammons has urged that all people owning boats, motors or who are interested in boating in any form to contact him that names may be included in this major division of the club. Those wishing to purchase boats will find that by organizing in the club they can secure much better prices and deals.

Scott Amend's committee is one that requires much work yet will produce gratifying results. They plan to contact landowners relative to make game preserves where recommended by wardens and biological experts. Where agreeable and advisable game stocks will be placed on the land under wildlife supervision and it is hoped in this manner that wildlife will be greatly increased in number on the north plains. Amend said. He also asks the landowners to become members of the Sporting Club as "such membership will prove valuable to landowners and sportsmen alike in all question pertinent to hunting and fishing of the future."

When the club decided to organize, the first official business was to go on record voicing appreciation to the government for starting restocking program of fish at Lake Fryer.

Fish for the lake, consisting of 1,000 bass, 2,500 channel cats and 2,500 copper-nosed bream, are expected to arrive here this weekend.

The membership committee, Mr. Mason declared, is to see that every sportsman and sportswoman of the community has an opportunity to voice their convictions and be an active member in conserving game, seeking better hunting and fishing conditions and having an active part in such a program.

"It will be impossible for our committee to contract every sportsman and woman in the community," Mr. Mason said "but our club is open to all lovers of outdoors and we invite you to join us in preserving game and creating better sporting conditions for the future."

Membership to the Wolf Creek Sporting Club is \$1 per year. This money is to pay for stationery, stamps, membership cards and other minor expense in the operation of such a club. It is a non-profit organization and no official is paid a salary.

Mr. and Mrs. Bert Burkhardt, Atlanta, Mo., and their daughter, Mr. and Mrs. Ray Shoumaker, Mo., returned Monday to their homes after a weeks visit with Bert's brother, Sam Burkhardt and family.

Mrs. A. S. Brillhart and daughter, Mrs. Bruce Johnson and Ota Sue left Saturday for a trip in Colorado.
