Auto Wreck Sunday Results in Damage to Car.

Just before noon Sunday, two Fords ran together in front of the James Beddingfield residence and considerable damage was done to one of the cars.

George Smith was going up the street towards the school house and a traveling man from Lampasas was going north on the intersecting street. Neither saw the other until they were almost together. The traveling man stated that he saw it was too late to stop and thought by speeding up he could pass ahead of the other car. The car driven by Smith hit the rear right wheel of the other car with enough force to turn it over. The traveling man was caught under the car but was only slightly bruised, when the car was lifted off by some boys passing along the street.

Each driver stated that it was only an accident and that neither was driving over fifteen miles an hour. This statement was confirmed by several persons who saw the cars run together.

We understand that the drivers were arrested for reckless driving and the traveling man, rather than remain over to fight his case, paid the fine. His car top and wind shield were broken up, but aside from this only little damage was done and he left town shortly after a few repairs were made.

Another Land Mark Gone.

The contractors started early Monday morning tearing down the Methodist church which has stood in Leaky for the past 35 years as a place of worship for all the people of Frio Canyon.

It is to give place to a more modern structure and is to be built on the Crenshaw addition, one of the prettiest building sites in Leaky.

For 35 years the doors of the church have stood open to all people who wished to come together and worship. It was the first church built in the canyon and carries out the old saying that when a town is laid off there you will find the Methodist circuit rider.—Leaky Leader.

Mr. and Mrs. Fred Knetsch, Mrs. Chris Schraub and children have returned from a week's visit to San Antonio.

Delegates Attend Grand Chapter in Dallas this Week.

The members of the Junction Chapter of the Order of the Eastern Star who are attending the Grand Chapter in Dallas are Mrs. Coke R. Stevenson, Worthy Matron; Mrs. Oren C. Reid, Assistant District Deputy Grand Matron; Miss Lillian Kendrick, Secretary; Miss Merle Holland, Mrs. Hal Holland and Mrs. Gardner Franks of Rock Springs.

Mesdames Stevenson and Reid are delegates from the Junction Chapter, Mrs. Holland from the Roosevelt Chapter and Mrs. Franks from the Rock Springs Chapter.

The party left Sunday and will probably return Saturday of this week.

Junction Has Two Games With Brady.

The Junction High School foot ball and basket ball teams, and several members of the Vocational Education classes went to Brady Tuesday of this week to play matched games with the Brady High School and incidentally to take in the McCullough County Fair that is being held at Brady this week.

A number of local people accompanied the High School players and report two fine games and an excellent trip.

The foot ball score was 0 to 0 while the girls came out victorious with a score of 25 to 5.

First Frost of Season Came Monday Night.

Following light rains over the country Sunday night and cool, cloudy weather for several days, the first effects of frost was noticeable at Junction Tuesday morning. The thermometer registered 32 degrees F. and tender plants in the lowlands were killed. However, the freeze was not severe enough to kill the leaves on cotton and pecans.

Nice Purse Made up For Foot Ball Boys.

A subscription was made up among the business houses and others interested last week to purchase knee and elbow pads for the High School foot ball team. Over \$75.00 was subscribed and paid in, attesting the interest shown in the success of the boys athletics.

The list is too-long to print.

Improvements Continue in Junction Business Property.

Construction began last week on the addition to the Allen Produce Building, and work is being rushed to completion to be ready for the fall business. This addition is an extension of the building to the east about twenty feet to run the entire length of the present grocery store building and will practically double the floor space of the firm's building. Other improvements in the way of additional coops, and pens for poultry, and more warehouse space is being made. Mr. Allen has also leased the east side of the iron store house just west of the Hodges Hotel and will use this for storing feed, pecans, etc. He states that he will shortly increase the size of his grocery stock and will have ample facilities for handling all kinds of produce, poultry, pecans, etc., that he expects to buy this fall.

Schreiner-Hodges Company are completing the concrete flooring of the Garage building preparatory to turning the building and equipment over to the new manager next week.

Dr. Rogers has a new man in charge of his farm in the south end of town and is making considerable changes in his property. Lumber arrived this week for weather boarding and otherwise placing the residence in firstclass repair.

S. L. Hoggett has just completed some improvements at his residence in the north part of town. The sleeping porch has been repaired and other changes, adding to the looks and convenience of the house, have been made.

The old mill that has stood at the rear of the Schreiner-Hodges Co. store for over sixteen years is being torn down. The mill has not been in use in two years. At the time of the election two years ago, and while the garage was being moved to its present location, a strong whirlwind struck the mill and garage, blowing the garage down and tearing the wheel off the mill. It has never been repaired.

A Typical Texas Farmer.

Peter Radford, in delivering one of his lectures, told the following amusing story:

"The average Texas farmer is awakened by a Connecticut clock, buttons his Chicago suspenders to his Detroit overalls, puts on a pair of shoes made in Cleveland, washes in a Pittsburg basin, uses Cincinnati soap, dries on a cotton towel made in New Hampshire, sits down to a Grand Rapids table, eats breakfast food from Battle Creek, biscuits made from Minnesota flour, Kansas City bacon and Indiana grits, fried in Omaha lard, on a St. Louis stove; buys Irish potatoes grown in Michigan and canned fruit put up in California, seasoned with Rhode Island spices, fills his pipe with Kentucky tobacco, puts on his hat made in Philadelphia, harnesses his Missouri mule, fed on Iowa corn, with New York harness, and plows his farm, which is covered with a Massachusetts mortgage, with an Indiana plow. At night he crawls under a New Jersey blanket and is kept awake by a dog, peculiarly a Texas product, and wonders why he is so poor."

Imogene Burt.

On Sunday, October the 15th, a baby girl weighing 8 3-4 pounds was born to Dr. and Mrs. J. F. Burt, and will be called Imogene, an old family name in the Burt family. Mrs. Burt and the baby are doing nicely.

Local Radio Station Is Now Fully Equipped.

The local radio set belonging to the Junction Amusement Co., is now complete and in operation and many people are going out to hear the fine programs that are regularly being received from the different broadcasting stations over the country.

Mr. Denman, the manager, has arranged to get evening programs during the week as well as sermons by noted preachers on Sundays, besides the regular Saturday night programs that are given in connection with the picture show.

Tickets have been printed good for a month's admission to the programs, which are on sale by Mr. Denman at the Junction State Bank. The tickets are on sale at a very nominal price and those interested should get one of these, and be able to attend any or all programs at a very low rate.

Last Saturday night was the last program that will be given from the Fort Worth station on Saturday nights, but programs will be received here from other stations on Saturday nights.

Son of J. A. Wallace Was Operated on.

On Monday of this week, Dennis Wallace was operated on in San Antonio for appendicitis. He was accompanied to the city by his physician, Dr. Stone, and his father. Dr. Stone returned Tuesday and reported the operation very successful and that the young man was doing nicely that morning when he left for Junction.

A phone message to Mr. W. P. Riley Wednesday stated he had every prospect for rapid recovery.

School Notes.

This is part of the honor roll that was not in last report: Sixth Grade—Elsie St. Clair, Flossie Boone, Melba Burt. Seventh Grade—William Daniels.

The foot ball team and basket ball team had their pictures taken last week.

Mrs. Ragsdale in Dallas Baptist Sanitarium.

Mrs. J. F. Ragsdale returned from San Antonio last week where she had undergone an operation, which is thought will greatly benefit her. Shortly after returning from San Antonio she left for Dallas, accompanied by Mrs. Hugh Wilson, where she will receive treatment at the Baptist Sanitarium.

Mrs. Willson returned Monday and reported that Mrs. Ragsdale was doing nicely. She went to Dallas primarily to have the radiation treatment administered.

The Kerrville Mail Line Reduces Passenger Fare.

A. G. Ayala, manager of the Sunset Limited Passenger and Mail line from Junction to Kerrville, announces a reduction in rates, effective this week. Herebefore the rate has been \$5.00 each way, and has been reduced to \$4.00 each way.

The Junction-Kerrville Mail line is making every effort to render the very best passenger and express service possible, and with the improving condition of the highway, the service will get even better. Schedule, rates, etc., are shown in their ad. running in this paper.

FACES.

The face you wear was nature's gift; and it may be perhaps, that people who before you drift may have more handsome maps. But let this not disturb your rest, don't dope your face with drugs; for nature knows just what is best when distributing the maps.

My forehead I thought too fierce; inspired by foolish hope, I sent away and got a tierce of Johnson's Beauty Dope.

I spread the mixture on my brow and on my cheeks and chin; "I'll be fairly dazzling now," I said, and then I rubbed it in.

I spread the ointment on my ears and put some on my nose, and dreamed of going down the years as lovely as a rose. But all my dreams were doomed to smash; they died upon a day; the Beauty Dope brought out a rash that will not go away.

And old friends view my face with grief; their smiles I've long endured. "You're looking looking like a side of beef that wasn't rightly cured," my skin has an unwholesome shine, and scaly is my crown;

my nose is slightly out of line, my mouth is upside down. Could I but have the useful face I had on that bright day, before I vainly tried to chase its fleeciness away!

I would not touch it up with grease or paint in pink or white, but let it be and live in peace and have sweet dreams at night—

1,200,000 POUNDS OF MOHAIR
BRINGS OVER \$800,000.00.

The Charles Schreiner Wool & Mohair Commission Company Tuesday announced the sale of their entire accumulation of mohair as follows:

September 15th, they sold 200,000 pounds at 60 cents; October 10th, 200,000 pounds at 70 3/8 cents; October 11th, 400,000 pounds at 70 1/8 cents; and October 14th, 400,000 pounds at 67 1/2 cents, or a total of 1,200,000 pounds, bringing in over \$800,000.00.

The market was very strong at the beginning of the season, but after the sale on the 10th, began to weaken and is declining rapidly.

Mohair offered last week in the sealed bid sale at Kerrville, Texas, brought the highest prices obtained in that State this season, reports received here stating that as high as 70 cents was paid. The entire quantity offered of approximately 200,000 pounds of hair was sold, one Boston house taking 200,000 pounds, it was stated. Practically all of this was bought on order and will probably never see the Boston market, unless it passes through to some mill. Thus, the local situation is not changed greatly, as far as available stocks in the hands of dealers are concerned. There is still a good demand for the hair, and scarcely any for less desirable grades. The principal difficulty lies in finding suitable lots—Kerrville Mountain San.

NEW LEGION HEAD LINE
TO SPEAK HERE TOMORROW.

Alvin M. Owsley of Benson, newly elected national commander of the American Legion, is expected to arrive in San Antonio at 7 o'clock tonight from New Orleans and will address members of Alamo Post at the regular luncheon Monday noon. From here Mr. Owsley will go to Dallas and then to his home in Detroit for a few days before leaving for New York where he will meet with the international veterans.

Mr. Owsley wired his acceptance of the invitation of Alamo Post on Armistice Day, it was announced yesterday by Ralph Danke, post adjutant.

One of the largest Armistice Day celebrations ever held in Texas is planned according to Mr. Danke, and many prominent men of the State will also be asked to come to San Antonio for the occasion. Details plans have not been completed beyond those for the band parade.

Commander Owsley will be the second Texas to have command of the National organization of the Legion. Henry D. Lindbergh of Dallas having been the first Texas to hold that office. Mr. Owsley was elected at the American Legion convention at New Orleans Friday, having been nominated by Wayne H. Davis of San Antonio. He is 21 years of age, a native of this State, and a distinguished veteran of the World War, besides being considered one of the ablest speakers in the South San Antonio Division.

NEW SCHOOL BUILDING NOW
OCCUPIED BY HIGH SCHOOL.

On Monday of this week the students of local high school entered the recently completed new High School building, all necessary changes, such as moving desks, furniture, etc., having been completed on Friday afternoon and Saturday before, that the new building might be ready for the first of the week. The primary and grammar grades now have the commodious old building to themselves.

It is noted the high school is now under an entirely different system since transfer to the new building. Instead of having regular and noon periods, classes are carried right on throughout the day from nine o'clock in the morning to three o'clock in the afternoon, with a four minute intermission between periods and thirty minutes at noon. This arrangement seems to be quite satisfactory, and pupils as well as instructors state they prefer it to the old system, as the same amount of time is devoted to classes and they are enabled to get out of school each day from thirty minutes to an hour earlier—Mason County News.

TO ERECT A MONUMENT.

The campaign to raise \$30,000 to erect a monument to the old trail drivers, the men who went up the trail with cattle in the early days, has been started and will be pushed from now until January 1. The monument is to be placed in Brackenridge Park, San Antonio, on the old trail. This is a worthy movement, for the early cowmen had a big part in the making of Texas history.

They were the forefathers of the greatest and most glorious civilization on earth, and their deeds should be perpetuated by erecting a great monument to them.

The Old Trail Drivers' Association, of which George W. Saunders of San Antonio, is president, is behind the undertaking, and donations of from five dollars and up are solicited from all patriotic Texans to go to the monument fund. The committee is composed of W. W. Collier and J. M. Doble of San Antonio, and J. A. Miller of Bandera. Send remittances to W. W. Collier, treasurer, City National Bank, San Antonio, Texas.—Bandera News Era.

WORK ON EDWARDS COUNTY HIGHWAY
WAY PROGRESSING NICELY.

The work on the new highway leading south from town for a distance of ten miles is still coming along.

Asburn Brothers and their main force of road workers now have the crushed rock surfacing on from town for a distance of about four miles.

Macdonald, the engineer, says they have found some excellent gravel down on the J. W. Anderson ranch that is convenient to the new road and will use gravel surfacing down at the lower end instead of crushed rock, and a force of men are now working down at that end of the road, Edwards County Leader.

VETERAN RELATES ACCURATELY
THE CAPTURE OF JEFF DAVIS.

There is only one man left of the Civil War veterans who is able to tell the story at first hand of the capture in 1865 of Jefferson Davis, president of the Confederacy, and that man is Corp. W. H. Crittenden, of Troop E, Fourth Michigan Cavalry, in whom Davis surrendered after a pursuit from Richmond to Georgia.

While histories contain much of the Civil War, no history is able to tell the story at first hand of the capture in 1865 of Jefferson Davis, president of the Confederacy, and that man is Corp. W. H. federate troops and opened fire. The outbreak was not quelled until four Wisconsin men were severely hurt and three Michigan boys were wounded.

"While I know there are others who claim to have taken Davis, I am sure that I was the one who called on him to halt, and he did so, turning and facing me. At that time only Corp. Munger claimed to have called out to the Confederate Chief to stop. I am also certain that Davis proved when taken, and that he tried to escape in a woman's garb, and divested himself of it, and was not removed from it at the point of a saber as some historians claim."—Comanche Enterprise.

The Tire with the Wider and Thicker Tread

Worth Remembering Isn't It?—

Altho a cord tire now costs you little more than a fabric, you're buying 50 per cent more miles in the cord—and you should get all you pay for.

But remember the cords put extra miles only into the tire's carcass and you only get these extra miles when the rubber tread wears longer, too.

A longer wearing tread—a wider and thicker tread—that's what is giving you all the extra miles out of your Gates Super-Tread Cords.

General Election November 7th.

Although election excitement has in a measure assumed a more quiet aspect, it is not amiss to remind those who have dismissed election cares from their mind, that the election is not over. Those who have been reading the daily papers have been constantly reminded that in the senatorial election at least, there is still a battle royal going on. Mayfield's adding machine went wrong, and Rev. Atticus Webb got zealous and forgot to turn in a part of the expense account he collected. Peddy lost his suit in the Federal Court at New Orleans and we don't know, and we don't think anyone else knows, just the status of the two senatorial candidates at the present time.

Any way, every one ought to shine up their political inclinations and get ready for the November election. Right here in our own Congressional District there is both a Republican and a Democratic candidate. The primaries are over but the important part of the election is still to come. Don't neglect to vote November 7th.

The official ballot will be published next week.

Junction Defeats Mason.

In a hotly contested foot ball game played on the Mason field last Wednesday, the local High School team took the Masonites to a "good cleaning" with a score of 10 to 0. A big truck full of boosters, and many cars from Junction carried local people to help the boys carry off the honors on the field.

Our good friend of the Mason News, in a lengthy article, recounted numerous reasons why their boys did not win. It seems to us it could have all been summed up in a very short sentence, viz: The Mason boys were just out-classed. Personally, we do not know much about the rules of the game, and we don't know how it feels to be knocked out in a game, as we were never in that condition; but we feel pretty sure that the Junction team had complied with all the rules of the Inter-Scholastic League, and if they played a fair game as was admitted, there should be no kick coming and no excuses offered for losing.

In every game, someone has to lose, and it's a mark of good sportsmanship to take defeat cheerfully, and then go to work to overcome the weakness.

O. B. Fleming left Wednesday for Marlin where he will take the mineral water bath treatment for some three weeks.

Advancement.

Young man, had you ever thought that your employer will take more of a personal interest in you if he finds that you are saving a part of your salary in a systematic way?

There is no better way to save than with a bank account, which is added to each month.

If you are in business for yourself, the same advantages apply. To get ahead in the world you must save. Money on hand when an opportunity comes, is a great advantage.

Start an account with us and build it up gradually.

We can help you in many ways.

**HINTS TO POULTRY RAISERS
FOR FALL CARE OF FLOCK.**

These hints are given by Myrtle Murray, Poultry Specialist, Extension Service, of the A. & M. College of Texas, and should be worthy of your consideration.

"This is the time of year when all fowls are shed and new ones grown. Therefore, the farm poultry flock should be properly and regularly fed with food rich in feather forming material. Milk in any form, beef scraps, cottonseed meal, codfish 19 eggs now is a 100 per cent. bone meal, millet, sunflower seed, Spanish peanuts, and peas are all good, although some should be fed in limited quantities. It is not advisable to practice the so-called "forced moulting" of hens, because it tends to reduce vitality.

Dispose of all individual chickens older than three years, unless they are exceptionally promising. Sell all those showing some weakness or signs of disease while passing through the moult. Sell all scrubs, mixed or mongrel stock.

Four weeks trap nesting now will mean an intelligent selecting of hens for breeding pens. A hen that lays 19 eggs now is a 100 per cent. producer, and if properly mated, you can expect a wonderful improvement in the offspring.

Thoroughly clean up the poultry house and range. The range should be prepared, for the coming wet weather by doing some drainage work. Texas farmers can better afford to yard their lawns and gardens than their chickens. Poultry properly fed will do but little, if any harm to the farm crops. Allow them free range and an opportunity to kill the injurious bugs and insects. Fowls require protection during severe weather as well as any other kind of live stock and will not do well unless protected from strong, cold winds and rains. The poultry house should be cleaned and disinfected regularly. Every particle of undesirable dirt should be removed. The house should be carefully repaired, especially on the west and north sides. In other words, the house or coop should be in such condition that you would not hesitate to spend a night in it even in the most severe weather. The old litter should be removed and renewed with fresh and clean material. If an earth floor is used, several inches should be taken off the top and replaced with new earth slightly moistened and packed. Red clay is good for this. The fixtures should be replaced and cleaned. Often a few hours, a few nails and a hammer will do wonders in this respect.

Make some provision for green food by growing anything that will grow and remain green at this time of the year in your section of the state. Rape is a good crop for this. If it is impossible to plant a small lot in green food, provide pans or plane sprouters. If hens are to produce winter eggs, they must be provided with green food.

Remember that lice, mites, blue bugs, and chickens will not do well together. See a previous circular from this office for best methods for killing these insects. Each insect or egg killed now means several million less insects next spring.

This is an excellent time to purchase new or standard-bred stock. Poultry breeders at this season are often over-crowded and will sell at a low price. If possible, buy from Texas poultry breeders. There is as good stock in Texas as in any other State."

A BOY'S ESSAY ON GIRLS.

"The girl is the sister of the boy, and has long hair, wears dresses and powders and are stuck on actor men. The first girl we called Christmas Eve. Most every family has a girl, and some of the unlucky ones have two or three. We have a girl in our family and she is my sister. She has a heart as big as my father, Henry Brown, says he hopes she'll fool him into marryin' her. Girls can grow older and get young. My sister has been twenty-three for four years and some days we see her twins. Fat girls want to be thin and thin girls vice versa. There are three kinds of girls: brunet girls, blonde girls and girls that have money. Girls are afraid of mice and bats, which makes it fine to get those little posies down their backs. If I couldn't be a boy or a bull dog and had to be a girl I'd be in hard luck, and so would you. Ex."

**NOTES ON THE KANSAS CITY
MARKET BY LOCAL MAN.**

October.—Favorable conditions of the market due entirely to feeder demand caused by unusual profits last feeding season and an enormous corn crop this year.

Choice well bred cattle in demand; trash and even average stuff draggy. Good argument for registered and purebred bulls.

Herefords get highest prices; Shorthorns next; black cattle not popular. A difference of two cents per pound even among Herefords. Corn belt feeders say there are some Herefords and lots of white-face cattle.

Cow market is bad; good fat dehorned Hereford cows netting only \$25.00.

Patterson & Rieck sold ten cars of choice dehorned Herefords in this market this date, at very satisfactory figures: 188 two-year-old steers, weighing upwards of 700 pounds; and two cars of three weighing 930 pounds.

The Cardwell two-year-old steers averaged \$43.49, net; the yearling steers bringing only \$20.86, net, paying a penalty for wearing horns.

The Willoughby Herefords, two-year-old steers from San Angelo, equally as good as the Cardwell steers, brought three-quarters of a cent less, or about \$15.86 per head; horns the reason. \$10.50 per head was taken off one shipment of good heavy Hereford steers for the same reason.

Expenses Menard to Kansas City, freight, feed, commissions, etc., \$19.00 per car.

**EIGHT REASONS FOR LOCAL
NEWSPAPER ADVERTISING**

Newspaper reading is a universal habit; newspaper advertising, therefore, reaches regularly virtually all who buy.

Newspaper advertising is the life-blood of local trade because it touches all consumer sources in every community. It gives the national advertiser the same opportunity for complete consumer appeal in any locality.

Newspaper advertising cuts selling costs because it entails no waste in locality of circulation. Manufacturers use it to cover markets where it is profitable to do business. Newspaper advertising insures quick, thorough and economical dealer distribution and dealer response will, because retailers are willing to sell products advertised direct to their own customers.

Newspaper advertising enables manufacturers to tell where their product may be bought.

Newspaper advertising can be started or stopped overnight, can be prepared between issues to meet sudden developments and to obtain immediate results.

Newspaper advertising enables manufacturers to check advertising results and costs in every market which they enter.

Newspaper advertising costs less than any other kind.

New York, Oct. 16.—Transmission of power by radio from Niagara to New York is a possibility of the future, in the opinion of Dr. E. F. W. Alexanderson, engineer in chief of the Radio Corporation. CLUB AND SOCIETY NOTES.

(Edited by Mrs. A. W. Loeffler)

Five Hundred Club.

Friday morning, October 20, Mrs. James Paterson and daughter, Mrs. H. W. Rieck, delightfully entertained the Five Hundred Club, and a number of guests at their charming ranch home.

The guests were escorted into the large living room which was attractively decorated in bright cosmo of Halloween color and where tempting sandwiches, cookies and hot coffee were served by Mrs. Paterson.

Mrs. Rieck distributed dainty Halloween tallies, and the interesting game of five hundred began. After seven games, the scores were taken by the president, Mrs. O. D. Nance. Mrs. Frank Baker made high score and was rewarded with a hand made corsage; Mrs. Prentice, who made high score among the guests, received two lovely gingham handkerchiefs; Mrs. Bundy was consoled with a dainty telephone call book.

A two course luncheon of fried chicken, potatoes, peas in patty shells, Irish potatoes, plum jelly, fruit salad in orange cups, celery stuffed with cheese and nuts, bread and butter, Apricot whip, cake and coffee, were served.

Counting little black cats marked the places for: Mesdames Frank Baker, S. S. Bundy, Alex Hamer, Conrad Holekamp, E. Holekamp, Douglas Motley, Jim Moore, John Martin, Doug Nance, W. P. Riley, Hy. Taylor, C. Wolf, Felix Watson, J. T. Hughes, James Prentice, Miss Doris Holekamp, Mrs. Paterson and Mr. and Mrs. Rieck.

Whitting-Prentice.

On October the 21st, at St. Peter's Rectory, Kerrville, Texas, Mr. G. A. Whitting of San Antonio, and Miss M. L. (Blossom) Prentice, of Junction were united in the holy bonds of matrimony by the Rev. Mr. MacDougal. Only a few close friends and relative of the bride and the groom were present.

Miss Prentice is one of Kimble County's most charming and cultured young ladies, the daughter of Mr. and Mrs. James Prentice. Mr. Whitting is a business man of the Alamo City.

The bride has hosts of friends here whose best wishes for a long, happy and prosperous life will go with them when they go to make their home at 243 Madison St., San Antonio.

"Laf-a-Lot" Entertained.

Miss Lela Taylor very delightfully entertained the "Laf-a-Lot" club at her home on October 24, 1922. The popular game of "500" was played, and

Miss Blix Hankins having high score, was presented with a hand-made card table cover, while Miss Doris Holekamp was consoled with a dainty little powder puff vanity.

A business meeting was held and new officers were elected, they being, President, Miss Blix Hankins; Secretary-Treasurer, Miss Gladys Van Clief; and Reporter, Miss Dorothy Mudge.

Last, but by no means least, came the dainty refreshments, which consisted of fruit salad, sandwiches, wafers, and tea. We were reminded of the Halloween season, by the tallies, napkins and "witch" nut boxes.

New Club Organized.

Friday evening, the ladies of the High School faculty had a merry time when they organized the "I'm Agin It" Club. Misses Gladys Leslie and Lois Floyd were the hostesses and delightfully entertained with a slumber party. A delicious plate dinner was served to, Misses Bessie Quisenberry, Lottie Heyman, Mattie Wright, Nan Swayze, Elsie Mathis and Fern Bohannon.

Music Class Picnicked.

Miss Cecil Martin entertained her music class and a number of friends with a picnic Friday evening at Schreiner's Park. Sandwiches, salads, condiments and
